

# Escaped Convict Shot and Killed Near Pampa

## McWilliams, Smith to School Board Posts

### ONLY 384 PAMPANS CAST VOTES

Trouncing their opposition more than three to one, J. C. McWilliams and Frank D. Smith sailed into office as trustees for the Pampa Independent District Board with 305 and 301 votes respectively.

The opposition slate of candidates, E. L. Burch and J. C. Largent, voted 96 and 86 votes respectively.

Billy B. Davis received one write-in vote.

Voting was extremely light all through the day as only 384 votes were cast and two of those were absentee ballots cast early last week in the office of the school business manager.

A light snow and low temperature greeted voters as they drove or walked to the single polling place in the Junior High School lobby, Francis and Russell.

Originally five men took the field, but shortly before deadline for filing, Paul E. Chambers, whose name appeared on the same petition with Burch, dropped out of the race, resulting in a renewed petition being circulated in Burch's behalf.

Burch and Largent were supported by a group of citizens and businessmen from Wards 3 and 4, while McWilliams and Smith were backed by another group of businessmen and citizens from the city at large.

The campaign was waged on the quiet side, going no further than personal contact and coffee-cup electioneering.

**WHITE DEER**—(Special)—Three written votes were cast in yesterday's school board election in the White Deer-Skellytown Independent School District, but they had no effect on the results.

J. R. Meaker and W. H. Price, with 109 and 105 votes, respectively, won decisively.

Two written votes were cast for M. E. West, and one for E. E. Crawford.

**LEFORS**—(Special)—Five candidates were on the ballot yesterday for three vacant posts on the board of the Lefors Independent School District.

J. V. Guthrie, with 219 votes, was top man in yesterday's election, followed by E. D. Vaughn, with 212, and Ed Brock, with 169.

The two who lost out were E. D. Ross, with 86 votes, and Marion Brown, with 59.

**WHEELER**—Wheeler's election yesterday to pick board members for the Wheeler Independent School District was another in which there

**TWO HIGH SCHOOL BOYS ARE INJURED IN AUTO ACCIDENT**

The condition of Joe Glaxner and Jimmy Crouch, Pampa High School seniors, injured in an automobile accident near Lake McClellan Friday afternoon, was reported by their physicians yesterday as "satisfactory."

Glaxner received a slight fractured skull in collision with a car driven by Mark Buzzard on the dirt road leading to the lake off Highway 70, about a quarter mile southwest of the lake's recreation hall.

Crouch is suffering from multiple face lacerations.

While the condition of both boys is not considered especially serious, the full extent of their injuries will not be known for two or three days, their physicians reported.

There were three boys in each car. Glaxner was reported driving a 1940 Buick convertible with Harold "Mickey" McCray and Jimmy Cline. Buzzard, in a Ford coupe, had Crouch and R. F. McDonald as his passengers. McCray, the only other one injured, was at Worley Hospital, where the injured were taken by a Duenkel-Carmichael ambulance. McCray was released the same day.

VOL. 47—NO. 242 (42 PAGES) PAMPA, TEXAS, SUNDAY, APRIL 3, 1949

## McLean Will Vote on City Hall Issue

McLEAN—A \$50,000 bond issue to provide a new city hall and municipal building will be voted on by the residents of McLean on April 19, according to an election order issued by the City Council last week.

This combination city hall and municipal building will be built on the one-half acre site owned by a civic auditorium but also as a gymnasium by the McLean public schools.

The bonds will carry four percent interest and will mature over 30 years. The Central Insurance Company of Dallas was the successful bidder for handling the issue.

The bond issue, if approved by the voters, will be subject to the approval of the state attorney general.

Officers of the election will be: J. R. Meaker, presiding judge; T. N. Holloway, judge; and Mrs. W. C. Shull and Mrs. S. A. Cousins, clerks.

All qualified voters who own taxable property, and who have rendered it for taxation, are eligible to vote in the election.

## Canadian Wins Play Contest

CANADIAN—(Special)—Canadian High School took first place in the one-day play contest Friday night as one of the events in a regional interscholastic League literary events meeting in Canadian.

With yesterday's results incomplete, the Canadian girls debating team of Wanda Hoover and Louise Mackintosh, first place in the debating contest over Darrouzett. Teams from Booker and Elliott were also entered.

The play which won first place for Canadian was entitled, "The Sister's Mackintosh," enacted by Myrtle White, Louise Zybchak, and Dickie Hutton. Miss White was also named the star girl actor of the contest.

Darrouzett won second place over players from Booker and Wheeler.

## 9,108 Tags Sold Here

As the last stragglers 1949 license tag buyers walked from the Courthouse Friday night and early Saturday morning, clerks in the tax-assessor-collector's office tallied up a total of 9,108 tags of every classification issued to Gray County motor vehicle owners.

Heading the list was 6,953 passenger car tags. Commercial trucks followed with a count of 1,265. Other classifications were farm trucks, 507; trailers, 315; truck-tractors, 47; house trailers, 23; motorcycles, 47.

From Saturday on owners will be assessed a 20 percent penalty for failing to renew their tags by the deadline set for Friday.

The penalty does not affect original registration on new cars or new residents transferring from another state to Texas, tax officials said.

## Masonic Degrees To Be Conferred

**PERRYTON**—The Khiva Temple's Degree Team will confer the Third Degree on candidates at Ochiltree Lodge No. 910, A. F. & A. M. at 7:30 p. m. Wednesday.

All Master Masons of surrounding lodges are invited to attend, F. L. Gerard, secretary, said.

**THE WEATHER**  
W. E. WEAVER, BUREAU  
WEST TEXAS: Considerable cloudiness Sunday and Monday. Scattered showers Tuesday and occasional light rain in the Panhandle Sunday. Slightly warmer Sunday afternoon.

## BLAST WRECKS BOWLING ALLEY

LEFORS—(Special)—An explosion of undetermined origin about 8:15 last night blew out the front glass of the bowling alley here and ripped up about one-third of the flooring near the front, and a small fire ensued.

The explosion, which did damage estimated at \$3,000, did not injure anyone, although about 20 persons were in the alley at the time. The volunteer firefighters extinguished the blaze.

Royce Crutcher was examined at Worley Hospital, Pampa, after he had fainted. He was not injured, though he was thrown 20 feet.

The alley is owned by John Oldham, but is operated by Robert Williams.

Part of the flooring was blown into the ceiling. A woman across the street from the alley said that when the lights were turned on for the evening she saw a flash and then the report. Gas is used in the building, and pipes run overhead, it was reported. There was insurance on the establishment.

## Pact Powers Toss Charge Back at Reds

WASHINGTON—(AP)—All 12 Atlantic Pact powers, speaking for the first time with a single voice, coldly accused Russia yesterday of misinterpreting the "nature and intent" of their projected non-Communist alliance.

A formal statement issued here on the authority of the 12 foreign ministers virtually charged Russia with deliberately distorting the purposes of the treaty. Moscow, in a note Thursday, called it an aggressive move against the Soviet Union.

Yesterday's statement was a complete and sweeping rejection of the Soviet note. "The pact," it said, "is not directed against any nation or group of nations but only against armed aggression."

The statement was approved at the first meeting of the foreign ministers. They will gather again Monday to sign the historic document. Against it the Soviet Union has waged a campaign of denunciation for months.

In their meeting, the foreign ministers of Belgium, Canada, Denmark, France, Iceland, Italy, Luxembourg, the Netherlands, Norway, Portugal, the United Kingdom and the U. S. secretary of state also took two other actions. An official communique reported them as follows:

1. They "formally approved" the text of the 20-year treaty. It would pledge the United States and each of the other powers to join in resisting an attack against any of the 12 nations.

2. They decided that an Atlantic council provided for in the treaty should be "composed of foreign ministers or other representatives of governments." They agreed it should meet as soon as the treaty goes into effect and should then set up a defense committee.

## 'You Haven't Lived Until...'

**Say Girl Scout Leaders**

"You haven't lived until you have gone through the commando-training necessary to become a qualified Girl Scout leader," 18 Pampa Scouts declared unanimously.

During the past week, the women went on their overnight trip to Camp Sullivan, which is the final step in becoming a leader, eligible to accompany Scouts on overnight trips.

The women, now known as the "Girls of the Buttercup Brigade," were bubbling over with enthusiasm when they left Pampa. They thought they would be real Girl Scouts for a day.

During the afternoon, Mrs. K. E. Thornton, executive, instructed the women in laying and following trails, using compasses, singing Girl Scout and square dance songs, handling knives and hatchets, judging and measuring heights and distances, finding their directions using the sun and the stars and identifying the prop-

er woods needed for broiling, baking, boiling and "pit" cooking fires.

## Right-of-Way Easements Are Approved

The first four right-of-way easements from property owners along N. Hobart, where Highway 96 is to be widened and paved, to be presented to the County Commissioners' Court Friday afternoon, were approved and paid by the Court.

The four easements totaled \$75 in property damages to secure the rights-of-way.

Payments were awarded to: C. A. Pollock, \$100; W. H. Vanderburg, \$200; A. D. Fish, \$200; and Lee E. Moore, \$175.

Because of an oversight when the commissioners approved a mileage fee rate from six to eight cents several weeks ago, an amendment to the order had to be passed including "all county officers" so that constables as well as the Sheriff's Department could be legally paid the eight cents. The amendment to the order passed unanimously.

The purchase of \$5,000 in U. S. Government bonds, Series "G", out of money from the permanent school fund was authorized by the Court.

Current bills were approved during the morning hours.

## Driving Is Taught 65

Sixty-five High School students during the past week have started on the local advisory board, "Driver Education and Driver Training."

The course, instituted for the first time at Pampa High School this year, is divided into two sections. The students have been receiving classroom instruction. The course was set up primarily for second-year students, although some Juniors and Seniors are taking the course.

Some of the students already have drivers licenses and it is hoped that after the completion of the course all students will qualify for licenses.

During the second phase of the course, the students will receive actual behind-the-wheel instruction. A four-door Deluxe 1949 Chevrolet, furnished through the courtesy of the American Automobile Association, Chevrolet Motor Company and Frank Culbertson, is being used for the course.

## 300 Students to Take Part in Band Clinic Here

About 300 students will participate in the annual band clinic to be held at Pampa High School Wednesday and Thursday, April 8 and 9.

Dr. F. L. McDonald, above, governor of the Texas-Oklahoma District of Kiwanis, will appear Tuesday at Borger for a combined meeting of the Kiwanis Clubs in the northern section of Division 6, which includes Boise City, Guyton, Borger, Sanford, Stinnett, Wheeler and Pampa.

Dr. McDonald has been director of journalism and public relations at the Texas State College for Women since 1938.

The Music Committee of the Pampa Kiwanis Club will have charge of the music at the banquet. Walter Eilers, chairman of the committee has arranged for Mrs. Irma Morris, Bunny Shultz and Frank F. Fata, accompanist, of Charlotte, Allston, Jo DeWilde and Dorothy Meers to appear on the program. Ken Benter, pianist, will accompany the entertainers.

Dr. McDonald served five years in the Army during World War II and held the rank of colonel. A member of General Walter Krueger's Sixth Army Staff, he spent 34 months in the Southwest Pacific Theater.

## Engineers to Meet Monday

The Texas Society of Professional Engineers will meet in Amarillo at 7:30 p. m. Monday in the Blackstone Hotel Coffee Shop to see two color films taken along the route of the 26-inch gas line from Texas to California.

Thurman Whittle of the Amarillo Oil Co. will be in charge of the program. The two films, "Westward Flow" and "Flares Go Out," were taken along the route of the 26-inch gas line from the Permian Basin in West Texas to Southern California.

A discussion session will follow the pictures. All members and guests are invited.

## Fugitive Since 1945 Killed While Fleeing Across Field

PANHANDLE—(AP)—A Texas Highway Patrolman shot and killed James Jack Hudspeth, escaped Texas convict, near here yesterday afternoon.

Hudspeth was shot as he ran across a field five miles north of here. Officers said he had attempted to shield himself with a woman identified as his wife.

The convict was fleeing after being spotted in Borger, about 30 miles north of Panhandle.

At the inquest, Highway Patrolman Joe Cantrell, stationed in Amarillo, said he fired the shot that killed Hudspeth. The convict has been a fugitive since 1945.

Prison records show Hudspeth, serving five years for burglary in Anderson County, escaped from the Texas Prison System on Oct. 17, 1945. He was 27 and a native of Brock, Okla.

Hudspeth, the record shows, has been a fugitive since his escape, except for a brief period in September of 1947. Early in that month he was arrested at Eufaula, Okla. and placed in the county jail. He escaped from there Sept. 8, 1947.

Panhandle officers were alerted for Hudspeth about a week ago when it was believed he had been seen in Amarillo, Texas. About 4 p. m. yesterday officers in Borger spotted Hudspeth and a woman, later identified as Mrs. Geraldine Hudspeth, his wife, in a late model coupe.

They gave chase. Within minutes more than 50 Highway Patrolmen, Rangers and sheriff's officers converged on the scene.

Patrolmen Cantrell and Jack Crowner were cruising north of Panhandle. The fleeing couple passed them going south.

They turned around and gave chase. Hudspeth, Cantrell said at the inquest, turned off the paved highway onto a muddy road five miles north of here.

When the coupe attempted a turn it skidded into a ditch, Cantrell related. "The man and the woman ran across a field," the officer said.

Cantrell, driving the state car, braked and rammed the vehicle into a fence post for a sudden stop.

"We both shouted orders for them to halt," Cantrell said. "They failed to obey. I fired one shot into the ground. The woman fell to the ground."

"Then she got up and they ran on. The man kept looking back over his shoulder and tugging at his belt band."

Cantrell shot once with a .30 calibre rifle equipped with a telescopic sight.

"She fell with him," Cantrell said. "When we approached she

cried, 'don't shoot him again.' The inquest was held before Justice of the Peace Frank Dove of Panhandle.

Officers said the alert for Hudspeth's arrest warned he was armed and dangerous.

The inquest did not report whether Hudspeth was carrying a gun.

Hudspeth and his wife, whom he married 3 1/2 years ago under the name of Fred Newman, had been living at Arkansas City, Kans., apparently under the name of William Wright. Papers in the stolen car bore the name William Wright.

Sheriff Clarence Williams told the news at 9:30 last night that the news was stolen from an individual in Joplin, Mo.

Tom Hudspeth, father of the convict, last night called from Ardmore, Okla., to say he and another son would take the body Tuesday. Funeral services will be held at Ardmore tomorrow.

Geraldine, 24, wife of the dead man, is being held in the Carson County Jail. Sheriff Williams said he did not know whether she would be charged with anything. See FUGITIVE, Page 3

RENT DIRECTOR SETS UP EVICTION REGULATIONS

WASHINGTON—(AP)—The federal rent administrator yesterday set up new nationwide eviction regulations. At the same time he removed the price ceilings from 36,500 dwelling units in four states, including Texas.

The first in a series of actions slated by Housing Expediter T. G. Woods under the new "home rule" rent control act which runs through June 30, 1950.

Woods acted swiftly on the eviction matter because such controls were not given him in the old law which placed this power in the hands of local authorities.

The new rules, which take force by the end of the month, set out the steps landlords must take to qualify for the quarter action, and the safeguards to protect tenants against unwarranted evictions.

In ordering the controls removed from 20 areas in Texas, Alabama, Indiana, and New Jersey, Woods made it clear he would slap the ceilings back on if rents should rise there unduly. He told the local advisory boards to stay on the job, ready to enforce new ceilings "should the need arise."

Woods said more than 80 other areas would be taken off the controls list within a week. The action was contemplated when the rent bill was before Congress. Under the old law, Woods did not have power to recontrol an area once ceilings were removed.

The eviction regulations provide two different methods of handling such cases: one is by court action and the other is certificate plan requiring approval by a rent officer.

Under the first method the landlord must give written notice to the tenant and the area rent officer, stating the reasons for eviction and the date the renter is required to move out.

The federal rent chief gave this list of grounds for eviction and the time granted a tenant to vacate after receiving notice from the landlord:

1. Non-payment of rent — not less than three days.

2. Violation of "substantial obligation of tenancy," such as conducting a business in part of the premises contrary to the rental contract — not less than 10 days.

3. Nuisance or illegal or immoral use — not less than 10 days.

4. Refusing access to landlord to inspect premises or to show it to a prospective buyer — one month's notice.

5. If tenant sublets the dwelling unit and lease expires or is otherwise terminated — not less than two months.

6. If a state or political subdivision acquires the housing accommodations to make a public improvement, but wishes to rent temporarily pending construction of new project, the notice period is not less than two months.

7. If tenant occupies part of a p. n. y. housing development customarily limited to employees, but no longer works for the company, the notice period is not less than two months.

When the landlord starts court action on any of the above grounds, he must give written notice to the tenant.

See RENT CONTROL, Page 3

## Man Convicted on Murder Charge Is Burned to Death

CHANCEY G. PUCKETT, 27, formerly of Pampa, free on a murder conviction appeal bond, burned to death at dawn yesterday in a sidewalk collision with a gasoline truck on the Vernon-Wichita Falls Highway.

Puckett was convicted of murder without malice and sentenced to five years for the shooting of Merwyn Brownell, Baltimore, Md., in a Wichita Falls tourist camp Nov. 6, 1948. Following his conviction attorneys filed an appeal and Puckett was released on \$500 bond.

An Associated Press dispatch from Wichita Falls reported Puckett was driving west on the highway at 6 a. m. Saturday when his car ran into a mangled gasoline truck, driven by L. G. Taylor, 28, Vernon, sidewalked. Both the car and truck cab caught fire, trapping Puckett in his car. Taylor, who got out of his burning cab with minor injuries, said he attempted to rescue Puckett from the burning car but was unable to get to him.

The Electric Fire Department was called by passing motorists and firemen discovered the body after extinguishing the flames.

Taylor, who said his truck was empty and that he was driving to Vernon for a load of gasoline, was taken to an El Paso Hospital for treatment of his injuries.

According to the AP the accident occurred about one mile east of Harold on the Vernon-Wichita Falls Highway.

Puckett's identification was made from a partially burned

bankbook found on the body. He was married to Cleeta Ann Benton, daughter of W. D. Benton, Gray County rancher and now farming near Pampa. Puckett resided in and around Vernon, Wichita Falls. Their names were not given by the Associated Press report.

## Zuspan Rites Set Monday

Funeral services for T-6 James C. Zuspan, who was born Aug. 26, 1920, at Valley View, Tex., died at Leige, Belgium, on Sept. 10, 1944, as a result of wounds received in combat. He was a member of the 23rd Combat Engineer Battalion.

Since 1930, Zuspan had been living in Miami, where he attended school and played football on the Miami High School team. He entered the Army from here in June, 1939, and was stationed at El Paso until he was sent overseas in November, 1943.

He is survived by his wife, the former Doris Myatt of McLean, whom he married on April 13, 1947, and by a son, Jerry Charles, both of Amarillo, by his mother, Mrs. W. E. Melton of Pampa; and by a grandmother, Mrs. W. J. Edwards of Miami.

## Pioneer Wheeler Rancher Succumbs

SHAMEOCK—Funeral services for Lee Davis, 68, pioneer Wheeler County rancher, were held at 2 p. m. Saturday at the First Baptist Church, Texas, Okla. Burial was in Shamrock Cemetery.

Davis established the Davis Ranch east of Shamrock, Okla., in 1882. He had been ill about three weeks before his death Thursday afternoon.

He is survived by three daughters, Mrs. Minnie Stegall of Hamball, Mo.; Mrs. Virginia Grob of Houston, and Mrs. Jess Lee of McMurtry of Erick, Okla.; by one son, Lawrence E. Davis of Shamrock; and by three sisters, Mrs. Portia Vergess of Erick, and Mrs. Hallie Neely and Mrs. Sue Chilton, both of Shamrock.

## Eleven Boys Signed Up For July Derby Races

Eleven entries have been received for the local running of the All-American Soap Box Derby which has been set for July 24.

Paul Brown, in charge of registration at Culbertson Chevrolet Co., a cosponsor of the event, said yesterday the following boys between the ages of 11 and 15 have officially signed, with their parents for the race:

Jean Martindale, 624 S. Cuyler; Earl Winegard, Route 4, B 111 Baumgardner, 417 N. Ward; Billy Don Conklin, 600 E. Browning; Gary Frasher, 616 N. West; Marvin Esor, 1608 Mary Ellen; Don Fuller, 813 E. Francis; Jim Deaton, Witcox Lease; Jarvis Johnson, 1112 Terrace; Calvin Mayo, Route 1, and Bobby Graham, 1164 Terrace.

Boys in all surrounding towns are eligible for the event, winners of which will receive local prizes. The "city champion"—that is, the boy who wins the entire contest whether he be from Pampa or not—will represent Pampa as final winner of that race will get a four-year college scholarship to the school of his choice, given by Chevrolet Division of General Motors, national sponsor of the Derby.

The race is sponsored locally by Chevrolet, The Pampa Daily News, and the Lions Club of Pampa. The local winner will be escorted in an expense-paid trip to the finals by a representative of The News.

During this week a 26-minute moving picture entitled "Pat" turned for Sportmanship" will be shown locally and in surrounding towns for boys who are eligible to compete. Cabot Companies is furnishing a projector whenever needed to show the film.

## Refugees Coming to New Homes in Texas

WASHINGTON—(AP)—A ship carrying 877 refugees who plan to make their new homes here in Southern, Central and Western states will dock in New Orleans Monday.

The refugees' destinations by states include: Louisiana, 312; Arkansas, 15; Texas, 8; Oklahoma, 5.

## NEW LAW STARTS

BUENOS AIRES—(AP)—Argentina's new law requiring non-citizens to register with immigration authorities and police went into effect Friday.

Heisey Crystal for that shower gift, from Lewis Hardware, adv.

## Pioneer Wheeler Rancher Succumbs

Upon completion of training as a special airborne rescue team, nurses and girl medical orderlies of the Women's Royal Air Force "graduated" by taking an 800-foot parachute jump in Upper Heyford, England. Wearing jump helmets and harnessed in their chutes, four of the air-ladies sit, left, in the plane that takes them aloft for their "down-to-earth" exercise. At right, they hit the silk over the ground where they will "rescue" wounded soldiers.

RENT CONTROL

(Continued From Page 1) notice to the area rent office stating the title of the case, the court in which it is filed, the name and address of the tenant and the ground for eviction.

Under the rules for the second method of handling evictions, the landlord must petition the area rent office for a certificate, which if approved, will permit him then to take whatever steps are necessary under local law to obtain possession of his property.

These are the acceptable grounds and waiting periods: 1. If the landlord is also the owner and wants to occupy the dwelling himself or let his "immediate family" use it, he must show that such action is taken in "good faith". The tenant is allowed three months to vacate, after which time the landlord may take such steps as are permitted under local law.

If the housing accommodations change ownership after April 1 and the new owner, or his immediate family, wishes to occupy the place, he must show proof that (a) he has a valid purchase contract (b) the right to immediate possession and (c) that he has made the necessary down payment. Three months is allowed the tenant to vacate. However, if the sale contract does not give the right to immediate possession, the certificate will not be issued until after the title has been transferred. In these cases, the renter is given three months to vacate.

2. Alterations or remodeling of the landlord must show proof that such changes cannot be made with the tenant in occupancy. In these cases, the renter is given three months to vacate. 3. If the property owner is a tax-exempt organization, such as a religious, educational or charitable group, and wishes to use the accommodations to house its staff, the tenant is given three months in which to vacate.

Drunk Gets Kick From Wooden Leg

KITTANNING, Pa. — John Myers was just back what a kick he was getting from his wooden leg.

Myers, of nearby Clarion, became merrier by the minute after he was jailed for drunk embezzlement charge. A mystified cop finally spotted the top of a half-empty bottle of wine protruding from Myers' artificial leg.

Objet d'Art

Actress Christine Ayers is the theater's candidate for the title of "Miss National Five Arts" in the \$100,000 New York contest to name the best popular song, play, movie synopsis, short story and radio script.

SCOUTERS

(Continued From Page 1) and fireplace. After the women felt as if they "knew it all," they discovered it was way beyond their regular bedtime. So they hit the sack. However, it was not long until eight of the women decided they should have more square dance instruction and were up and rearing to dance. The eight women responsible for the loss of even more shut-eye were: Misses W. E. Moore, Bill Luedbecke, H. E. McDonald, C. V. Herring, J. S. Melrose, Dean Ericson, H. M. Phillips and Bea Burgess.

Laundress Held for Scalding Deadbeat

WASHINGTON — 65 — Paul your laundry bill recently? Willie May Thomas, 36-year-old laundress, is being held for grand jury action under \$1,000 bond on a charge she scalded David M. Hawkins with boiling water because he owed her money.

ELECTIONS

(Continued From Page 1) was no contest and little interest shown. Only 39 votes were cast to elect Lucius Frank and Leo Gaines, the only candidates for the two vacant posts.

Frank was a candidate for re-election, but Gaines is the new man on the board, taking the place of Joe Tilley, who declined to run again.

McLEAN A last-minute candidate who filed on the closing day Thursday brought to eight the total candidates for three places on the board of the McLean Independent School District.

The last name was that of Emory Crockett, who came out second-best in the voting. Boyd Reeves was high man with 114 votes; Wheeler Carter, with 112, was second; and John C. Haynes, with 104, was third to fill the three posts vacant.

The other candidates and the votes cast were: John Dwyer, 93; Clyde H. Andrews, 92; E. L. Price, 54; Crockett, 49; and W. S. Lentz, 21.

Haynes and Reeves were candidates for re-election. Ruel Smith left the third spot vacant when he declined to run, which puts Carter in as the new man.

SHAMROCK (Special) — A cold drizzly rain was blamed yesterday for the small turnout in the Shamrock Independent School District election. And the fact that the candidates had no opposition was also partly responsible for no more than 58 votes being cast.

Albert Ryan and Louis W. Hill who had been previously appointed to fill vacancies on the board, were elected without opposition.

PANHANDLE (Special) — The Gulf Oil camp was expected to be the deciding factor in the Panhandle Independent School District election yesterday, but the camp votes merely confirmed the results.

There were four candidates for three places on the school board, and W. A. Miller was the one who lost out.

Ernest Roselius was top man with 187 votes in Panhandle and 11 in the camp. C. H. Bell was next with 156 and 8; and J. C. McCollough was third with 128 and 14. The three had totals of 198, 164, and 142 votes, respectively. Miller's total was 112, 99 from Panhandle and 13 from the camp.

Eleven written votes were cast.

FUGITIVE

(Continued From Page 1) She sought to shield her husband and she was reportedly with him at the time he stole the car in Missouri. Sheriff Williams said he had been informed by the man's father and Hudspeeth's wife that the family had tried to get him to give up, but that he had often said: "I'd rather die than give up."

Justice of the Peace Frank P. Dove had to be called from Groom to perform the inquest.

Reid was a candidate for re-election; Webb is a new man taking over the post vacated when Dale Nix declined to run.

C. W. Allen, who had no opposition, was elected county board trustee-at-large from Precinct One.

Veteran Employees of Texas Company Will Be Honored

W. I. Gilbert, program chairman, said yesterday a service award dinner to honor 35 employees of The Texas Company and The Texas Pipe Line Company will be held at the Herring Hotel, Amarillo, on April 6.

Employees with 25 years or more of service will be honored guests. Awards will be presented to six employees by L. F. Shiplet, for the Producing Department; S. W. Johnson, for the Refining Department; and V. H. Mahan, for The Texas Pipe Line Company.

Employees of the Amarillo and Pampa areas who will receive awards (gold watches) for completing 30 years of service are: H. E. Crocker, S. W. Johnson,

Measles Cases Worst Of Any Year So Far

AUSTIN — 28 — The State Health Department reported that Texas has been hit harder by measles this year than any other year.

"The 34,909 cases of measles recorded to date this year exceeds the number for any previous year at this time," the report said.

More than one-fifth of the total population of England and Wales lives in Greater London.

and John H. Bates. To receive emblems for 25 years of service will be G. W. Allen, J. H. McMahon, and Robert T. Jinks. A reception will be held at the hotel at 6 p. m., and the dinner will follow immediately, it was said. A program of entertainment will be staged in connection with the dinner.

# ZALE'S SILVER ANNIVERSARY

**Deafened People May Now Hear Clearly**

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 6, 1450 West 19th St., Chicago 5, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get remarkable a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today. adv

**Ambassadress**

Will receive two promotions in 6 months or less. Merchandising is direct to consumer by appointment; not canvassing. Selling experience not necessary. Apply promptly at 2:30 p. m. Sunday, April 3, Parker Courts No. 3 at 2029 Alcock.

**Mrs. George Nordin, Burlingame, Calif.,** will arrive by plane Monday for an extended visit with Mrs. Gene Tucker.

**For Sale by Owner—Three room** modern house (furniture optional). Will take '37, '38 or '39 model car on trade. Inquire 117 East Tuke.

**Mrs. P. G. Turner** returned Friday afternoon from Waco where she attended the Rebekah assembly. She also visited her daughter, Mrs. Jack Roark, and family of Quannah.

**Duenkel - Carmichael** Cadillac emergency ambulance. Ph. 400.

**Mrs. J. Ray Martin, 708 N. Frost,** is at Duncan, Okla., visiting her sister, Mrs. C. H. Smith, who is ill.

**Mr. and Mrs. W. Ralph McKinney** became the parents of a son, Charles Lee, born Thursday at a local hospital. The maternal grandparents are Mr. and Mrs. J. Z. Weaver, Houston, and the paternal grandmother is Mrs. C. L. McKinney, Pampa.

**'Family Night'** will be held in the Barrack Building of the Salvation Army, on E. Albert, on Monday night, beginning at 7, it was announced. A sing-song will be conducted by Maj. Carl Cone, of Dallas. Refreshments will be served.

**Charles Keith Gruffy,** electrician's mate second class USN and son of Mr. and Mrs. Earl A. Gruffy of Pampa, is now serving aboard the landing ship USS 514, with the Atlantic Fleet, according to information from Ninth Naval District headquarters, Great Lakes, Ill., where he received recruit training.

**Rotary Slates Negro Minstrel**

SHAMROCK — (Special) — A Negro minstrel, "Darktown Jubilee," will be presented by the Shamrock Rotarians at Clark Auditorium on Friday night, April 15, under the direction of Edward M. Burkhalter.

Norman Patrick, president of the Rotary Club, is business manager of the minstrel. S. L. Stine is directing the chorus and Miss Doris Hedges is in charge of the specialties.

STALIN HOSTS ALBANIANS

MOSCOW — (AP) — Prime Minister Stalin gave a dinner at the Kremlin Friday night for Col. Gen. Enver Hoxha, Premier of Albania, and other members of an Albanian delegation. The Albanians are here for economic conferences.

**Lela School to Have Minstrel**

SHAMROCK — (Special) — A Negro minstrel, "Whar's Dar Groom," will be presented at the Lela School Building at 8 o'clock Tuesday night.

The play is sponsored by the Lela Parent-Teacher Association, and members of that organization are taking the character roles.

The 25-minute minstrel will be followed by a 20-minute Negro skit. Between-act music will be furnished by the Thompson Brothers String Band.

**Aviation Breakfast Set at Clarendon**

CLARENDON — The annual Aviation Breakfast, sponsored by the Donley County Aviation Club, will be held at the Clarendon Municipal Airport next Sunday morning, April 10.

Last year, by official count, there were 106 airplanes parked on the field at one time.

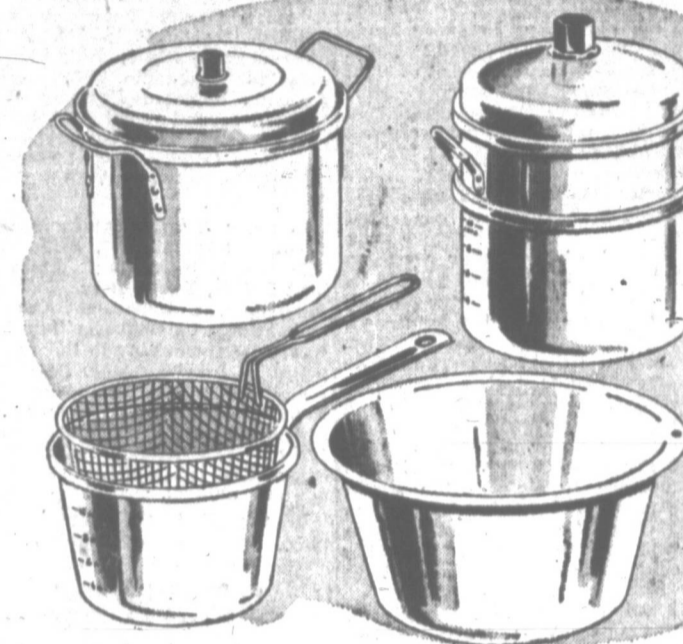

Musical entertainment is planned and George Young, announcer of Radio station KAM, Amarillo, will act as master of ceremonies and will broadcast the activities from 7:30 to 8:15 a. m.

**Legion Changes Day of Meeting**

WHEELER — The regular monthly business meeting of the West-Pasadena Post, American Legion, will be held tomorrow night, instead of Thursday night, Jack Garrison, commander, announced. The change is being made because the post is sponsoring a public dance in the Legion Hall on Thursday night.

# Joe Kuhel Likes Looks of His Revamped Ball Club

By JOE REICHLER  
AP Newsfeatures  
TAMPA, Fla. — Joe Kuhel, prominent manager of the Washington Senators, thinks his seventh pickers of last year are a cinch to finish higher this year for four reasons:

- 1 — his pitching staff is stronger.
- 2 — the outfield is improved.
- 3 — the infield is better.
- 4 — the club has added power.

Here is the way the 42-year-old pilot sizes up the Senators' picture:

"The trades we made with Cleveland and St. Louis have definitely helped us. We got Eddie Yost for first base in exchange for Mickey Vernon. Robby not only is the better hitter, but he's a cinch to drive in more runs and hit more home runs than Vernon did for us. He'll hold his own with Mickey in the field."

**Washington Senators**  
Hitting—Poor.  
Infield—Fair.  
Outfield—Fair.  
Pitching—Fair.  
Catching—Fair.  
Finish—Seventh.

"Joe Haynes, one of the two pitchers we got for Early Wynn won more games than Wynn did last year. Ed Klieaman, the other pitcher, is one of the best relief pitchers in baseball.

"Sam Dente, whom we got in exchange for Johnny Sullivan and Tom Ferrick, figures to be an improvement at short over Sullivan and Mark Christman. We've been after him since 1946. He is young, aggressive, a good double play man and will get his share of basehits.

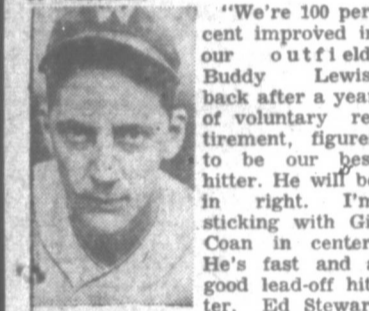

"We're 100 percent improved in our outfield. Buddy Lewis, back after a year of voluntary retirement, figures to be our best hitter. He will be in right. I'm sticking with Gil Coan in center. He's fast and a good lead-off hitter. Ed Stewart will move to left.

Just compare this outfield with last year's. We opened with Leon Culbertson, Tom Merride and Earl Wooten. All are gone now."

Kuhel plans to go along with Rae Scarborough, Walter Masterson, Mickey Haefner, Sid Hudson and Haynes as his starting five. Klieaman, free agent Paul Calvert and Southpaw Forrest Thompson will be his relief brigade. Dick Weik, a fast freshman righthander from Chattanooga, has made a fine impression on Kuhel.

The regular infield will consist of Robinson at first, holdovers Al Koser and Eddie Yost at second and third, respectively, and Dente at short. Al Evans, Jake Early and young Al Okrie will do the catching.

John Simmons, a graduate from Montreal; Clyde Vollmer, Syracuse product, and holdover Sherry Robertson, will back up the regular outfield trio and serve as pinch hitters.

Joe Kuhel

**BETTER BOWLING**  
By BILLY SIXTY  
HARD SIDE: You seldom see star bowlers miss their spares on the left side of the alley — the Nos. 2, 4, 8 or 7. They could probably make these spares blindfolded, because left-handed spares blend themselves easily with the natural stride to the foul line.

A slight shift to the right and a little turn of the feet and body is enough of a change in stance or starting position for shooting the center-alley No. 5 and the corner-alley No. 7.

Spares wouldn't be much of a problem if they were all on the left side. But of course, they aren't. And the most troublesome of the right hand spares are the Nos. 3, 6, 9 and 10. The stance shifts only to approximately the center of the alley to make the No. 3, and the angle fits in easily with the stride in almost a straight line.

As you can see in the illustration, when the stance moves to the left of alley-center for the 6-9-10 pins, with an angle stride and slide, that footwork and swing must be smoothly coordinated. The ball hooks away from, or to the left of the No. 10 with a

# GREENS GOSSIP

By Hogan O'Snead

The question asked most at the Pampa Country Club this week is: "Who hit and killed that rabbit on No. 8 fairway?" Someone has been shooting rabbits instead of birds. O'Snead has narrowed the accused down to a couple of the local cow-puncher pool artists, "Sharpshooter" Sam Sloan and "Oneshot" Dallas Bowser. "What about it boys, which of you is the guilty party?" DeLea Vicars isn't saying a word about the whole affair.

To all those who were interested in playing the Greenbelt Golf Tournament at the Pampa Country Club this spring, O'Snead has gotten some dope on that from John Austin, club pro, who had this to say. The by-laws of the Greenbelt Association states that members of clubs will receive the tournament in alphabetical order, beginning with Altus, Oklahoma, and stopping with Shamrock, Texas, before starting over again.

Any club who fails to take the tournament when their time comes shall be dropped to the bottom of the list. Childress was supposed to have the tourney this year, but they don't have their course ready. Electra is next in line, so the Greenbelt will be played there this year on May 19, 20, 21 and 22.

Memphis is in line for the tourney next year, but they can't handle it, so that throws Pampa in line for the big event in the spring of 1950. Mr. Jack Parr, president of the Greenbelt Association, met with the Tournament Committee of the local club, composed of Gene Fathness, chairman, Joe Key, Clyde Oswalt, Charlie Duenkel, Marvin Harris, Ralph McKinney and DeLea Vicars. This committee voted to stay in the association another year, because all of them were voting for the rest of the Pampa Pampa in this round-robin affair. Please make arrangements for the first event of the Panhandle Men's Golf Association, which will be held on Sunday, April 24, at the Ross Rogers Club in Amarillo. Please make arrangements to play golf out of town on this date. You do not have to be a par player in order to play in these events. The man who shoots 100 on the round may help pick up some points for Pampa in this round-robin affair. So don't stay home because you may shoot 100. O'Snead will be looking for all of you.

Rules of the week:  
A ball is lost and out of play if not found within five minutes of search by the players.  
When is a ball unplayable?  
A ball is unplayable when the player chooses to declare it so. See you next Sunday.  
HOGAN

**SPORTS ROUND-UP**  
By HUGH FULLERTON, JR.  
SYRACUSE, N. Y. — (AP) — Syracuse University, which adopted an unusual pitch rounder method of firing a football coach, has just about completed the task of selecting a new one. . . . Syracuse, you remember, set up a fact-finding committee and called in almost everybody but the FBI before reaching the decision that Ribs Baysinger was guilty of not winning enough games. . . . Surprisingly, more than 50 other guys applied for the job, but the list now has been whittled down to three or four. . . . Unofficial word is that Andy Gustafson, one of Red Blaik's former Army assistants, is due for an interview and he can have the job if he wants it. . . .

**WARREN'S WARM UP**  
By Warren Hassel—News Sports Editor  
QUESTION: What is a "bandolier?"  
ANSWER: A bandolier is a pocketed belt used for carrying cartridges and shells while hunting or target shooting.

**COONHOUND RACES**  
Scheduled for Sportsmen's Show  
AUSTIN — Thousands of Texans will see their first coonhound races at Brownwood in April when the champion coonhounds of Texas are selected at the Texas Sportsmen's Competition.

Coonhunting is an old Texas sport, but relatively few Texans have ever seen and heard the hounds baying hot on the trail of a coon.

Entries for the coonhound races and for all other events in the meet will be acceptable up to the opening day of the Competition, Conrad Path, general chairman, has announced. Early plans were to set a deadline for filing entries with Path, but delays in getting entry forms and the Competition rules in the hands of member clubs made it necessary to set aside the deadline. Entries still are being accepted by mail, at 906 Lamar Blvd., Austin. All participants must be members of clubs affiliated with the Texas Wildlife Federation.

The coonhound races will be but one part of the Texas Sportsmen's Competition, the first statewide meet of its kind in the United States. Other events scheduled include plug and fly casting (for men, women and children), skeet and trap shooting, pistol and rifle marksmanship, and a bench show for pointers, setters, foxhounds and coonhounds. The competition will be held on the old Camp Bowie grounds near Brownwood April 7-10.

Six coonhound races are scheduled for the last two days of the Competition, Saturday and Sunday. On Saturday, there will be

# WARREN'S WARM UP

By Warren Hassel—News Sports Editor

QUESTION: What is a "bandolier?"

ANSWER: A bandolier is a pocketed belt used for carrying cartridges and shells while hunting or target shooting.

**SOFTBALL:** Although the ground doesn't look much like softball weather, now is the time to get organized. An attempt was made Thursday night, but as usual very few turned out for the meeting. Another will be held tomorrow night at 7:30 in the court.

Very little was accomplished at the meeting due to the fact that so few were present, and there was doubt as to whether or not the league even had a place to play ball. It was mentioned that the Lion's Club field was already taken for the coming season.

Discussion was made about the past troubles of the league and ideas given as to how to straighten them out. A temporary president of the league was elected, Mr. Otto Mangold, who has had considerable experience organizing and running softball leagues. He warned all teams who want to enter the league to have a representative at the meeting tomorrow night, or they wouldn't be able to enter this year, as things will start rolling after that meeting.

Only three teams were represented who definitely said they wanted to enter the league. Several others thought they would, but could not state definitely at that time.

It was suggested, and pretty well agreed upon, that each team should be charged a small entry fee. That amount would be used to hire competent umpires to handle the games. The umpires would be empowered with a authority to banish players from the games, with any disputes to go to a selected board that will head the league.

An argument seemed to be centering around whether or not games should be played in Phillips and Skellytown, if these two teams get in the league. It is the writer's opinion that they are entitled to home games if they enter the league. A schedule can be arranged to bring each team to their home field an equal number of times so they can play in front of a hometown crowd once in a while.

The only way that league is going to be run, and run properly, is by having paid umpires. They have to take too much abuse by a few hotheads, and by the excited fans, to do the job for nothing. An entry fee seems the logical way of paying for their work.

Let's get all players and managers and sponsors out for the meeting tomorrow night. Get organized now. Already it is late.

QUESTION: What is a "bandolier?"

ANSWER: A bandolier is a pocketed belt used for carrying cartridges and shells while hunting or target shooting.

**SOFTBALL:** Although the ground doesn't look much like softball weather, now is the time to get organized. An attempt was made Thursday night, but as usual very few turned out for the meeting. Another will be held tomorrow night at 7:30 in the court.

Very little was accomplished at the meeting due to the fact that so few were present, and there was doubt as to whether or not the league even had a place to play ball. It was mentioned that the Lion's Club field was already taken for the coming season.

Discussion was made about the past troubles of the league and ideas given as to how to straighten them out. A temporary president of the league was elected, Mr. Otto Mangold, who has had considerable experience organizing and running softball leagues. He warned all teams who want to enter the league to have a representative at the meeting tomorrow night, or they wouldn't be able to enter this year, as things will start rolling after that meeting.

Only three teams were represented who definitely said they wanted to enter the league. Several others thought they would, but could not state definitely at that time.

It was suggested, and pretty well agreed upon, that each team should be charged a small entry fee. That amount would be used to hire competent umpires to handle the games. The umpires would be empowered with a authority to banish players from the games, with any disputes to go to a selected board that will head the league.

An argument seemed to be centering around whether or not games should be played in Phillips and Skellytown, if these two teams get in the league. It is the writer's opinion that they are entitled to home games if they enter the league. A schedule can be arranged to bring each team to their home field an equal number of times so they can play in front of a hometown crowd once in a while.

The only way that league is going to be run, and run properly, is by having paid umpires. They have to take too much abuse by a few hotheads, and by the excited fans, to do the job for nothing. An entry fee seems the logical way of paying for their work.

Let's get all players and managers and sponsors out for the meeting tomorrow night. Get organized now. Already it is late.

# WARREN'S WARM UP

Corn cobs, ground and sieved to a fineness comparable to corn meal, can be used instead of corn meal in making abrasive soaps.

Canadian Valley Production Credit Association

LOANS FOR FARMERS AND CATTLEMEN EXCLUSIVELY

Our representative will be at the Schneider Hotel, Pampa, each Wednesday, 10 a. m. to 4:30 p. m.

THE DRILLER'S LOG

Pampa is losing the land office department of the Texas Company. This is a move that had been anticipated for some length of time since that company is one of the few if not the last to maintain land office in Pampa...

Sinclair-Prairie is putting down another well on the Charles Lipps Ranch, called the Lipps No. 2. It is 860 feet from south and west lines of the northeast quarter of Section 157, Block C, G & M Survey.

Other deep test and wildcat reports: The Helms-Farmer, Collingsworth County, reports a total depth of 2954 feet; in Dallam County the Shamrock-Freeman No. 1 is drilling at around 1940; Dead Smith County, the Honolulu-Ponder is drilling at 5,800; the Gulf-Collard in Hansford County is drilling at around 6,080 feet; the Gulf-Gamersfelder in Hansford County and the Gulf-Harbaugh, Gulf-Stumps, and Gulf-Wamble in Ochiltree County, are all moving in; the Phillips-Kathryn in Sherman County is testing at a depth of between 5,425 and 5,400 feet.

The safety record of Shell Oil Company's Pampa production operations during 1948 earned the company's Tulsa Area the Texas Safety Association's annual safety award for Petroleum Production, Group 1, according to W. A. Alexander, Tulsa Area manager for Shell.

A Certificate of Recognition was presented to the company at a banquet in Houston recently, coincident with the tenth Annual Texas Safety Conference.

Competition for the awards, of which Shell received 11 out of the 49 given to the petroleum industry, was divided into different groups. Companies with fewer than 25 employees and 40,000 man-hours competed for honorable mention. Those with 25 or more, but less than 100, and more than 40,000 man-hours competed in Group 1. Those with 100 to 500 employees and 160,000 or more man-hours were in Group 2, and those with more than 500 employees and 800,000 man-hours were in Group 3.

"The Ellenburger Group of Central Texas," a new University of Texas Bureau of Economic Geology publication, is now available for distribution. Dr. John T. Lonsdale, bureau director, announced.

The publication, by P. E. Cloud, Jr., and V. E. Barnes, is a report on a geological investigation made cooperatively by the University Bureau of Economic Geology and the United States Geological Survey.

Dr. Lonsdale terms it "an exhaustive and comprehensive treatment of the Ellenburger Group in Central Texas with consideration also of correlation with the rocks of other regions, including the Ozark region, Arbuckle and Wichita Mountains in Oklahoma, Marathon basin, Fort R. A. Diablo region, Hueco Mountains, Franklin Mountains and others."

In addition to the general and regional studies of the Central Texas area as a whole, nine measured sections are described in detail with measured sections a and m p. s. Strata immediately above and below the Ellenburger are also considered in the report. Included also are descriptions of the economic resources of the Ellenburger strata.

The book, University of Texas Publication 4621, consists of 473 pages with eight text figures, 17 maps and sections, — two of the maps being in color, — and 28 lithographed plates. It is available in cloth or paper binding at \$6 and \$5 respectively. Inquiries concerning the publication should be addressed to the University of Texas Bureau of Economic Geology, University Station, Box B, Austin 12, Texas.

Oil News

Twelve Intent to Drill Notices Filed With Rail Commission

Twelve notices of intent to drill were filed at the local Oil and Gas office of the State Railroad Commission during the past week, officials reported yesterday.

Of particular interest in the new filings were two locations filed by the Gulf Oil Corporation in Hansford County on the C. Gamersfelder lease, and the other in Ochiltree County on the R. E. Wamble lease. Both are deep test filings.

Hutchinson County reported five new locations, Moore County three, Hansford County two, and Carson and Ochiltree Counties one each.

INTENTION TO DRILL: Carson County - Canadian River Gas Company, Sanford Estate No. A. 2, AB & M Survey 1940' from W and 2013' from S lines Sec. 5, Blk. 3. 5 miles SE of Fritch. Hansford County - Gulf Oil Corporation, C. Gamersfelder No. 1, Schoen Lands Survey 660' from W and 2432' from N lines Sec. 5, Blk. 4. 3 miles E of Morse. United Producing Company, Lola K. Jackson No. 3, WCR Survey, 2740' from S and E lines Sec. 52, Blk. 1. 6 miles S of Hitchland.

Hutchinson County - Skelly Oil Company, W. E. Herring "A" No. 22, Eucubia Almaguie Survey, 4966' from N and 4182' from W lines of Survey 6 miles W of Stinnett. Gray County - P. R. G. Corporation, E. Herring No. 3, J. S. Adams Survey, 1650' from N and 330' from E lines of Adams Survey, 9 miles NW of Stinnett. Hermann Brothers, Hardin No. 6, TCR Survey, 330' from N and 990' from W lines Sec. 16, Blk. M-25.

Hutchinson County - J. M. Huber Corporation, Riley "F" No. 8, AB & M Survey, 330' from N and E lines Sec. 22, Blk. M-16. 8 miles NW of Pringle. J. M. Huber Corporation, Riley Company well is drilling at 3,700 feet.

The safety record of Shell Oil Company's Pampa production operations during 1948 earned the company's Tulsa Area the Texas Safety Association's annual safety award for Petroleum Production, Group 1, according to W. A. Alexander, Tulsa Area manager for Shell.

Man, Wife Reap Harvest On Forgeries

FORT WORTH — (AP) — A 30-year-old Huntington, W. Va., man told detectives here that he and his wife reaped an illegal harvest of \$50,000 in the past year from a series of burglaries, swindles and check forgeries in seven states. The couple were arrested in Dallas Wednesday night. They were returned here when they admitted burglarizing three Fort

Worth business establishments to Denton last week. He and his wife had planned to return to Fort Worth, he said, to "hit it hard."

The early Roman calendar had no January. The year began with March and had only 10 months.

Marshall Plan Has Its First Birthday

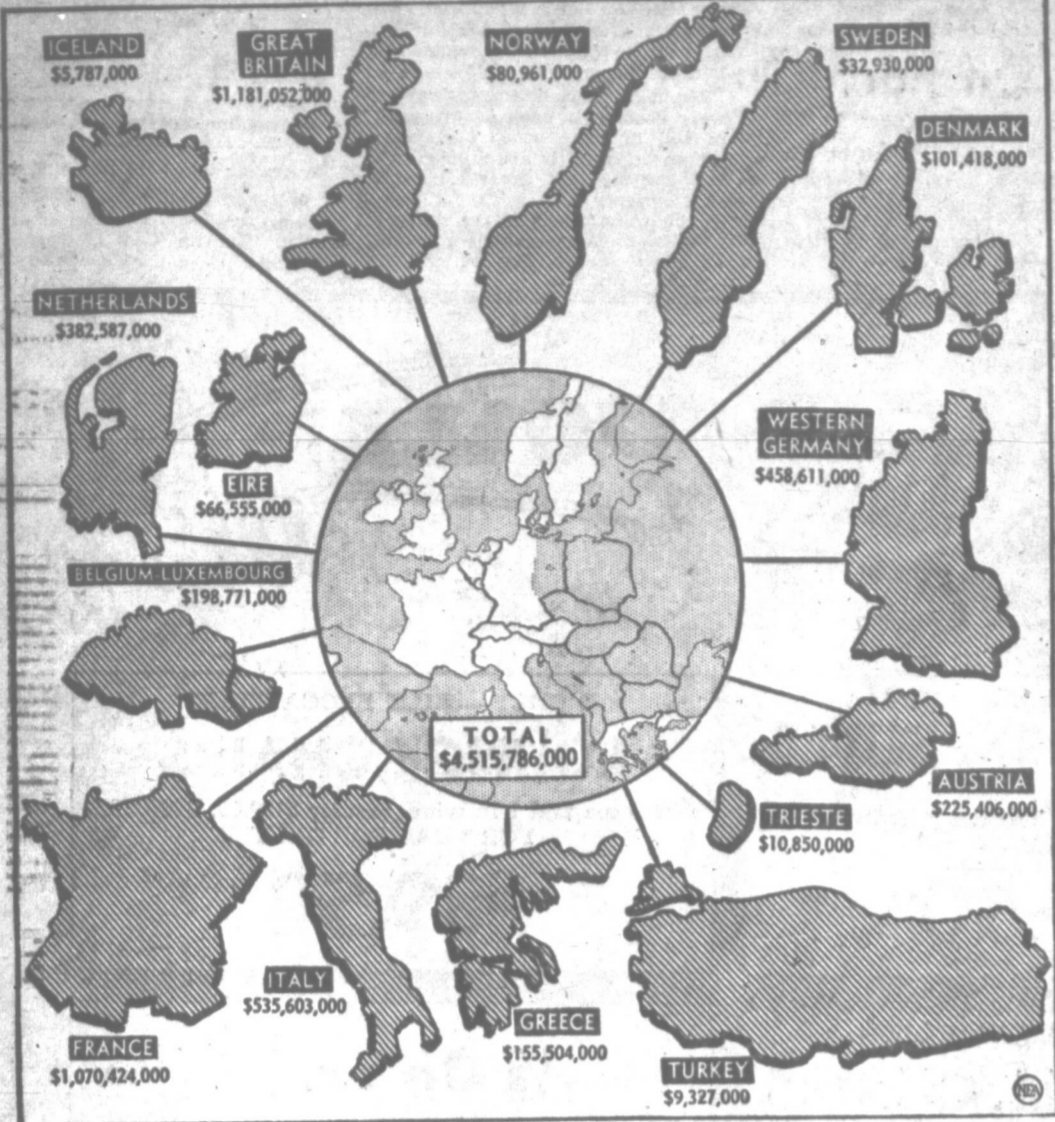

Diagram above shows the 14 European nations, plus Western Germany and Trieste, participating in the European Recovery Program and how much each has drawn in dollar-credits since the program went into effect one year ago. Two eligible countries, Switzerland and Portugal, have not yet asked for direct help. Figures, from latest ECA statistics available, are cumulative through March 16.

Senator Says Democracy Best Method to Good Government

By JAMES MARLOW  
 WASHINGTON — (AP) — In the midst of a Senate debate a question arose about a book, "Lessons of The Last Decade," written 20 years ago by Paul H. Douglas, now Democratic senator from Illinois.  
 Douglas, serving his first year in the Senate, got up and read some of the book himself.  
 Douglas, 57, and a well-known economist, believes that a good society is best reached by peaceful means and that communism, achieved by conspiracy and violence, ends in tyranny and degeneracy of government.  
 Some of what he said is given here:  
 "Even if the Communists were to seize power, their work of government would inevitably be poisoned by the methods used in attaining it."  
 "The Communists would, therefore, need constantly to be on their guard against an armed uprising led by those who had enjoyed greater economic and social privileges under the former regime."  
 "They would, moreover, suspect such revolts even when not planned and the inevitable result would be the permeation of society by a state system of espionage and the ruthless use of terror as a means of intimidation."  
 "Such an atmosphere of suspicion and suppression would go far to vitiate the very spirit of cooperative fellowship which the Communists hope to engender by running the industries and government of a country for the benefit of the common man."  
 "The truth of the matter is that, wherever men are removed from the bracing necessity of submitting their acts and policies to the approval of the great mass

Israel May Be 59th U.N. Member

LAKE SUCCESS — (AP) — Most diplomats here predict Israel will become the 59th United Nations member in the early days of the General Assembly session opening Tuesday.  
 Little opposition is expected outside the delegations of the six Arab countries and perhaps the British. A spokesman indicated Britain still was not satisfied that Israel should be admitted now.  
 It was not known whether Britain would abstain or vote no. The Security Council voted recently to recommend her admission. Nine of the council's 11 nations voted for Israel. Egypt voted against and Britain abstained.  
 The application needs a two-thirds majority of all nations present and voting in the Assembly.  
 Honesty Last on Test, Says Student  
 ABILENE — Just before reid-term exams began at Hardin-Simmons University, someone wrote this slogan on the blackboards — "Honesty is best, even on the test."  
 Evidently some student didn't agree. Some of the slogans were changed to read: "Honesty is last, especially on the test."  
 WAA to Sell 600 Surplus Buildings  
 DALLAS — (AP) — Some 600 surplus government buildings will be offered for sale beginning April 12 by the War Assets Administration, Col. Earl E. Wallace, regional director, announced.  
 Buildings offered for sale include school and administration buildings, barracks and other types of buildings at Selman Field, Baton Rouge, La.  
 Texas oil producers have been concerned over the effect of the

Academy to Continue Annual Oscar Awards

HOLLYWOOD — (AP) — Chin up, Oscar. The Academy of Motion Picture Arts and Sciences says your annual show will still go on.  
 The Academy governors, beset by withdrawal of support from five major motion picture producers, said they will carry on somehow next year.  
 Robert Peter was the first mayor of Georgetown, D. C.

Swoose Swoops to Landing at Museum

CHICAGO — (AP) — The Swoose, famous war-scarred B-17 Flying Fortress which saw action from Pearl Harbor to V-J Day, swooped to its last landing Thursday.  
 With her original crew of five aboard it was flown here to take its place in the Smithsonian Institution's National Air Museum.  
 Cigarettes make a good polish for silver.

Boyle Offers Solution for 'Mrs. Heart's' Last Year

By HAL BOYLE  
 NEW YORK — (AP) — To "Mrs. Heart," General Delivery, Oklahoma City:  
 The newspapers say you are a middle-aged widow, dying of a tiker trouble. And you have asked for advice on how to spend the last year of your life — and the \$10,000 you have.  
 Don't worry. You'll get plenty of advice. And most of the letters will end up with a request for some of your \$10,000.  
 I've got an idea for you, too. You say you want a plan or a purpose. You say everything you think of seems "stilly" or "useless" — and you are lonely, and the doctor's death sentence — "prognosis, unfavorable" — has left you with "a reckless kind of feeling."  
 Well, Mrs. Heart, why don't you do something that many might regard as stilly, reckless and perhaps useless? Death is a voyage of discovery. Why don't you make the last months of your life a voyage of discovery, too?  
 You've provided for your daughter from the modest fortune you built as a business woman after your husband died in the first World War. That leaves you with no family responsibility. For the first time in your life you are footloose and fancy free.  
 Since you are going soon on a long journey alone not of your choosing, why don't you go on

the outdoor cafe and watch the sweep of light and shadow across Naples Bay. There are people who have spent their whole lives watching the play of light and shadow on Naples Bay — and never felt restless. The Emperor Tiberius gave up the court of Rome for that tremendous view.  
 Visit the Holy Land, and see the old ache and new hope there in that flowering desert of ancient awe. You say travel by plane doesn't make you ill any more? Then ride a camel around the pyramids outside Cairo and know the strange sensation of being seasick on dry land.  
 There's India, old as the eldest god, fresh as revolution. The shriveled, sightless beggars crawling on the sidewalks of Calcutta will make you appreciate your own thrifty foresight.  
 And then China, where civil war, poverty, wealth — and a sense of humor — have existed as long as men have put seeds into the earth. And Japan, where defeat wears an endless grin. And the Philippines, where the brown race won by grant the liberty it is seeking to win on other islands by the gun.  
 End up, Mrs. Heart, by going around America, broad enough for all the virtues — and the vices — of the rest of the world. But you'll know by then where it is fine, where it fails.  
 You'll have eaten strange food and seen strange ways. You'll have made your journey to Mecca, for Mecca today is the world village groping for peace and order. Your \$10,000 will be gone, your year will be up — but death won't seem so new or strange.

Sore Spot in Israeli-Trans-Jordan Peace Talks

Commandos of the British Royal Marines man a mortar outpost in the desert area near the Palestine border town of Aqaba, in Trans-Jordan. If the recently doubled British forces take over Arab Legion positions along the Negev front, Israel will consider the act a breach of the truce, according to Jewish spokesmen. Such action would stymie present armistice talks between the two states on Rhodes.

Hoover Group Fails to Make Specific Comments on SPA

WASHINGTON — (AP) — The Hoover Commission on Reorganization of the Government failed to make any specific recommendation to Congress on the future of the Southwestern Power Administration.

The commission said that its individual members "have different points of view as to organizational and administrative recommendations on the government's electric power and irrigation enterprises."

A task force (subcommittee) report on Southwestern power, released simultaneously, also made no specific recommendations but said:

"It has been asserted by private public utilities interests that each of 25,000 kilowatt capacity, at a cost of \$79,591,845.

No final allocations of costs of the projects had been made up to June 30, 1947 as to power, flood control and other uses, the task force said. It added:

"In the absence of an allocation of costs, we have had to assume that all costs will be repaid from power revenues.

"On this basis we find... that revenues fall far short of meet-

U.S. Girds to Fight Worst 'Hopper' Invasion in Years

By ROBERT E. GEIGER

WASHINGTON — (AP) — The Agriculture Department says one of the greatest grasshopper outbreaks in recent years is threatened in 26 Western and Midwestern states this summer.

But already the department's "Task Force Zero-Zero" is getting set with two new poisons — an old C-47 transport plane, six smaller planes and some old Army "weapon carrier" trucks — to nip the voracious insects in their nursery grounds.

The task force is a group of bug experts of the department's bureau of entomology and plant quarantine, headed by W. L. Popham, chief of insect control. It will attempt to annihilate the "hoppers" in their 1,500,000 acre "nursery" in Montana and Wyoming before heavy damage occurs.

Last year 60,000 cattle had to be moved from this area because grasshoppers ate all of the pasture grass.

If Task Force Zero-Zero fails to kill the "hoppers" in the nursery area this year they and their children will eat their way eastward several hundred miles then bed down for the winter and resume their advance next year. Such an invasion would damage the crops of Iowa and

other Midwestern states. Grasshopper hordes cause millions of dollars worth of damage. In the U. S. serious plagues have occurred about every 10 years. This will be the first time that a mass-scale air attack has been made on a grasshopper breeding ground.

The two new poisons—chlor-

dane and toxaphene—can be spread easily by plane, mixed with bran. Until a couple of years ago, when chlordane and toxaphene became available, it would have been impossible to kill all of the hoppers in the breeding area.

The old poisons were so bulky it would have taken 350 trucks and 700 men working for 50 days to spread the poison "baits." Even then all of the area couldn't be covered because some of it is too rugged to reach by truck.

Now department experts believe they can cover the entire nursery grounds within the 45-day hatching period in June and July with their planes and trucks.

The small planes and the weapon carriers will cover ground the two-motored transport planes miss.

Government entomologists located the present nursery grounds in Montana and Wyoming by counting grasshoppers last fall and eggs this winter. The eggs are laid in the ground.

From 20 to 35 live grasshoppers were counted in each square yard of soil in some areas last year. When the count is about 10 grasshoppers the bug experts consider a nursery area a danger spot. In the worst areas of the nursery from 30 to 80 grasshoppers covered every square foot of soil.

Farmers in Western and Midwestern states are being warned they may expect a grasshopper outbreak this summer, even if all the "hoppers" in the nursery are killed. Experts say this is the year for widespread outbreaks if the "hopper" cycle follows its usual course. Although other nesting grounds aren't so large as those in Montana and Wyoming, heavy outbreaks are expected in Colorado, Kansas and Texas.

The cravat takes its name and part of its origin from victorious Croatian soldiers who visited Paris in the 17th Century wearing bright-colored neck kerchiefs.

ing the annual amortization requirements and in 1947 were less than one-half of one percent of the total investment (income available \$347,407; total investment \$82,927,368).

Five members of the commission recommended that the government consider in each case of a power project whether an advantageous contract may be entered into with private utility companies for sale of the energy at the plants before government power lines are authorized.

McGee Signs Contract

CHICAGO — (AP) — Coy McGee, 160-pound Notre Dame halfback from Longview, Tex., has signed a 1949 contract with the Chicago Hornets of the All-America Football Conference.

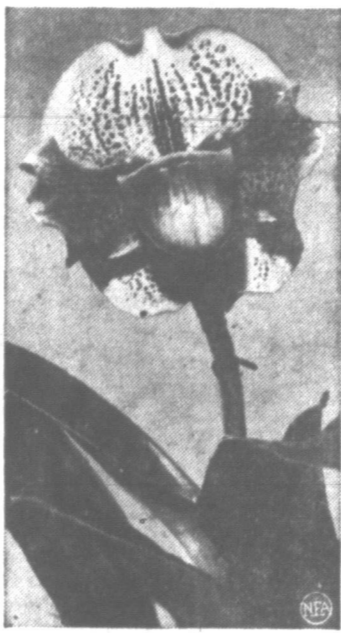

BABY TORNADO HITS

UNIONTOWN, Pa. — (AP) — A baby tornado that injured three persons as it swept across the Uniontown Country Club and six farms left damage unofficially estimated at from \$150,000 to \$200,000.

CREAMED EGGS

Creamed eggs are delicious served on split ham biscuits for a Sunday night supper dish. To make the biscuits use the standard baking powder recipe calling for two cups flour and add about half a cup of finely chopped cooked ham to the dry ingredients before the liquid is added.

Orchid of Orchids

This speckled lady slipper orchid, named the Clementine Churchill after Mrs. Winston Churchill, is on display at New York's 33rd International Flower Show. Grown from seed and raised by L. Sherman Adams, of Wellesley, Mass., it is valued from \$150 to \$200.

RHEUMATISM YIELDS TO SPECIALIZED SYSTEM OF TREATMENT

Excelsior Springs, Mo., April 2—So successful has a specialized system proven for treating rheumatism and arthritis, combined with the world famous mineral waters and baths. This system of treatment, which has proven successful for over thirty years, is fully described in a book that tells how it may be possible for you to find freedom from rheumatism.

Write today for this instructive book—"RHEUMATISM." You incur no obligation, and it may be the means of saving you years of untold misery. Address your letter to The Ball Clinic, Dept. 2348, Excelsior Springs, Missouri—but be sure to write today. adv.

# If Russia Is Right on Pact, Signers Are Wholly Wrong

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

If Russia is right in protesting the North Atlantic Pact as an offensive instrument, then we—the people—of the signatory countries are being bamboozled by our government.

We are assured that the alliance is purely defensive. It is designed to act as a deterrent to any nation which might have aggressive ideas. In that sense it is an instrument of peace.

A lot of us believe that. Unity and preparedness among peace-loving nations is the only "peace pact" worth the paper it is written on. Might doesn't necessarily make right, but it wields

an impressive authority.

Whiston Churchill said in his Boston speech Thursday night that Western Europe would have been communized and London would have been bombed before this but for the deterrent of the atomic bomb in American control. That's an assumption which of course might be hard to prove. However, if Russia did have aggressive designs it's highly probable that the atom bomb would restrain her. It would restrain any nation in its right mind.

This power-packed peace alliance doesn't alter the unhappy picture of a Europe divided against itself. It only means that the Western Allies are pooling their resources

# Auto Industry Output Is High

DETROIT — (AP) — The auto industry's March output will total 518,997 vehicles, highest March production since 1929, Automotive News estimated.

Twenty years ago March production exceeded 540,000 vehicles. The trade paper said this month's output will include 403,999 cars and 114,998 trucks. It added that 1949 production through March 31 will total 1,060,726 cars and 334,294 trucks.

This week's assemblies were estimated at 86,743 cars and 25,239 trucks. Last year's United States output included 91,942 cars and 24,867 trucks.

# Hester Murder Trial To Start April 25

FORT WORTH — (AP) — The murder trial of Arthur Clayton Hester, 19, is to start April 25 in the Johnson County Court House at Cleburne, Tex.

Hester is charged with murder with malice aforethought in the bludgeoning slaying of his benefactor, Dr. John Lord, Texas Christian University dean.

and getting organized defensively for contingencies. It means that they are establishing a defensive front-line running from Northern Norway down through Central Germany to Southern Italy. That's a line which aggression must not cross. Meantime the "cold" war will go on.

Observers in Washington understand that rejection of the Russian protest against the alliance is a foregone conclusion. The only question is what the form of rejection will be.

Naturally Moscow suspects a rejection of this protest which presumably was made largely for propaganda and bookkeeping purposes. She also must expect a firm reply to the effect that the allies mean business and are standing pat.

# Canadian Lion Meet Impromptu

The Canadian Lions Club staged an impromptu program at its meeting Friday when Paul Beisenherz of Pampa, Boy Scout executive, and scheduled speaker, was prevented by bad weather from attending.

When Boss Lion Harvey Parker learned that snow was keeping Beisenherz in Pampa, he called on Sheriff Clyde Risley for a two-minute dissertation on "Why I Prefer Being Sheriff Rather Than Dale Nix and Russell Carver" were called on to debate the merits of living in a small town compared with the advantages of life in a big city.

It was reliably reported yesterday that some of the Canadian Lions are still roaring over some of the statements made.

It was reliably reported yesterday that some of the Canadian Lions are still roaring over some of the statements made.

# Nationalist Peace Delegates Leave

NANKING — (AP) — Nationalist peace delegates, prepared for long negotiations on three of the Communists' eight conditions for peace, left for Peiping today.

Delegation Chairman Chang Chih-Chung said the Communist demand for punishment of so-called war criminals, army economic reforms, have been coalition government would require much negotiation.

The other five conditions, covering restoration of civil liberties and economic reform, have been a part of the government's program all along, he said. He added that the government unfortunately had not gotten around to implementing them.

Likely the world will get little information about the peace talks once they start. The Communists have barred foreign and Chinese newsmen.

# Mother Sterilized After Beating Son

LOS ANGELES — (AP) — Mrs. Georgette Brucks, 21-year-old mother, has been sterilized to escape prison for the beating death of an infant son.

The surgery was performed when her fourth child was born, her attorney, Walter N. Anderson, disclosed. He quoted doctors as saying that sterilization was necessary, anyhow.

Mrs. Brucks was placed on six-year probation on condition she submit to sterilization after she pleaded guilty to manslaughter in the death of Howard, her seven-month-old son.

BREWERY WORKERS STRIKE  
NEW YORK — (AP) — A strike of 7,000 workers at 14 breweries in the metropolitan area began early today, a union spokesman said.

likes hunting better than fishing; then W. L. Job, a noted nimrod, was called on for a rebuttal to explain the merits of fishing over hunting. Visitors at the meeting were Joe Hill of Midland, Noble Trueblood of Canadian, and Lion Ed Lau of Borger, who is in charge of constructing the new Scout dining hall at the Scout Boy camp near Lake Marvin.

# Plymouth has done it!

Millions have already seen the great New Plymouth. They know now how new car beauty can help make a better new car. Here's an automobile with a contour modern as this minute. And this distinctive styling is for sound engineering reasons. For Plymouth has done it—designed new car beauty for a purpose . . . to bring you—feature for feature, dollar for dollar—the most car value your money can buy!

- THERE'S a handsome, newly designed instrument panel. The purpose is convenience. Everything is in clear view—where you want it. There's no starter button. You turn the ignition key and the engine starts!
- THERE'S new interior comfort. Chair-height seats are wider, deeper from front to back. Diagonally mounted rear shock absorbers resist sidesway. The famous Air Pillow Ride is now smoother than ever!
- THERE'S more glass area. The purpose is safety. Larger windshield and rear window combine with the design of the car to give a clear view of the road in all directions. Frame and body are more rigid.
- ITS flowing streamlines are beautiful. The purpose is practical. Because of less overhang, the New Plymouth is easy to drive, easy to park, easy to put in the garage. Fenders are separate and detachable, easy to repair.
- THERE'S a new, more powerful engine. The purpose is performance. You save on oil, get longer engine life with new oil control piston rings and new chrome compression ring. This is the greatest of all great Plymouths!

PLYMOUTH Division of CHRYSLER CORPORATION, Detroit 21, Michigan

# beauty for a purpose!

Now there's more difference than ever in low-priced cars—and the great New Plymouth makes the difference! See the great New Plymouth at your Plymouth dealer's NOW!

# Giant Mountain Pageant Tells Easter Story in Holy City of the Wichitas

**EASTER PAGEANT**—In a pageant scene from "The Lawton Story," Mary Magdalene washes the feet of Jesus, who sits at the table of Simon the Pharisee. The Pharisee rebukes Jesus, who replies: "Thou gavest me no water for my feet, but she hath washed my feet with tears and dried them with the hairs of her head . . . her sins are forgiven, for she loved much."

By DAYTON BLAIR  
LAWTON, Okla. —(AP)—Easter morning, weather permitting, some 350,000 persons will gather in the Wichita Mountains near here to watch a portrayal of the life of Christ.

It will be the 23rd annual Wichita Mountain Easter Sunrise Pageant, an event that started in 1926 with a cast of five persons and 200 witnesses. This year there will be 3,000 Oklahomans and Texans participating.

This year, too, the pageant will have the distinction of having had its story retold in a motion picture, "The Lawton Story," which was premiered here Friday, April 1. Top seats at the premiere sold for \$1,000 with proceeds going to the pageant treasury.

The late Rev. Anthony Mark Wallock, pastor of the Lawton Congregational Church, established the pageant and watched it grow each year. This will be the first time Wallock won't be on hand to direct the event — he died the day after Christmas.

Rev. Wallock was born in Schldberg, Austria, in 1890, only 250 miles from the site of the Oberammergau Passion Play. With his family he came to the United States in 1892 and settled in Lawton in 1918.

The frail minister — doctors had said he would not live past 30 — had become an institution in Southwestern Oklahoma before his death at the age of 57. Lawton citizens, grateful for the production of the pageant, built him a home overlooking the area which has become known as "The Holy City of the Wichitas."

The minister never took a part in the portrayal.

"I'm not good enough," he told his friends.

But nearly every other family in Lawton did, including, often as not, persons who did not attend church regularly. The results of reaching beyond church

## Senators Do Good Job of 'Buttering'

By JAMES MAKLOW  
WASHINGTON — (AP) — For butter patties-on-the-back, see the United States Senate.

For in anger or sarcasm, the senators still butter one another up with a tender introduction.

"Will the very distinguished senator yield?" says one, although he may not think there's anything very distinguished about the man he's asked to yield.

And the yielder may wish the other one would stop interrupting, but he says "It is a pleasure to yield to the most able senator."

Once in a while Senator Tom Connally, Texas Democrat, gets a little irritated and shows it with a sarcasm he lays on with a heavy hand.

Connally is chairman of the Senate's Foreign Relations Committee which soon will begin hearings on the Atlantic Pact. He's for it.

But Senator Donnell, Missouri Republican, has doubts about it, and this week took a lot of Senate time to say so although the pact wasn't up for debate.

He asked Connally on the Senate floor if he could take part in the hearings, although Donnell is not on the committee.

"We," said Connally, "are always glad to hear eminent senators give their eminent views on eminent questions."

After listening to the 96 of them year after year, you begin

## Father Has His Son Arrested as Lesson

TORONTO—(AP)—George Robb had his son, Kenneth, 24, arrested on a charge of stealing the family car. He said he thought the young man needed a lesson.

"Sorry, son," the father said when a court sentenced Kenneth to three months in jail.

The adjutant, a land bird of the stork family, is named for its measured walk — which is a caricature of a self-important military man.

## Slain U. N. Mediator Leaves \$300,000

STOCKHOLM — (AP) — The late Count Folke Bernadotte, who was murdered in Palestine last September while serving as United Nations mediator, left an estate of 1,069,000 Swedish crowns (nearly \$300,000).

His widow is American-born Estelle Manville Bernadotte.

## KOREA SENTENCES THREE

LONDON — (AP) — Tass reported that a North Korean Peoples Court has sentenced three men from South Korea to be shot as spies and terrorists.

## BUCHAREST—(AP)—Romania

begin seizing all drug stores, chemists' dispensing shops and some types of perfume shops in a program to nationalize the entire retail drug trade.

Neither Snow, Nor Rain, Nor Heat . . . Halts Airlift

In spite of Berlin's heaviest snowfall of the year, the airlift continues its operations uninterrupted. Here, a "flying boxcar" has just unloaded a cargo of tires at Tempelhof Airfield for the blockaded city. (Photo by NEA-Acme staff correspondent Joe Schuppe.)

Bartender Would Rather Wear Khaki Than Red Suit

By HAL BOYLE

NEW YORK—(AP)—The vaudeville act ended, and the face of a war veteran flashed on the television screen in a small sidewalk bar.

It was the first time they had seen his face as he talked. The cruel television lights wiped out any wrinkles in the plump face, but Winston Churchill showed his 74 years.

"Even in this darkening hour I have faith," said Churchill. As the old hero blew a triple bugle call—a hope for peace, a warning against Russian aims, a stand-ready for action—they talked of him, these men at the bar.

"Life is a test and this world a place of trial," said this blunt-spoken English statesman since Shakespearean times.)

"He is the one guy in the world who is trying to get me back in a khaki suit," complained a curly-haired veteran of the Pacific war, younger than his mustache. "I love him for what he did in war time. But the world has passed him by."

(From the screen came the sound of applause. Churchill had scored.)

"What'd he say?" mumbled a drunk. "What're they clapping for? I missed it."

"Of all these unities the one most precious to me," said Churchill, "is the fraternal association between the British Commonwealth of Nations and the United States."

"He's begging," broke in a second-generation Irishman. "Who sold the Irish down the river in 1916? If he was wrong then, is he right now? Does he mean it or is he just talking?"

"Unless we stand secure," Churchill ended. "Let us then move forward together in discharge of our duty, fearing God and nothing else." More applause.)

The young Irishman behind the bar, a combat veteran of Pearl Harbor and the Pacific island jungles, moved toward the tele-

vision set.

"I shouldn't have turned this program on," he said. "Where there's smoke there's fire—and there's smoke at this bar. But I'm a Churchill fan, and I wanted to hear him."

"I believe in this hands across the sea stuff," he said. "And I'd rather wear a khaki suit again than a red suit. Russia breeds on guys afraid to fight for what they believe."

far it has been the major studios. However, the Academy says it will carry on and find some way of financing the awards.

But if no other support comes forth, the Academy will have to slice its expenses to the bone or die. It seems doubtful that the long and rich tradition of the awards will be ended. Perhaps a cheaper and more accurate means can be found to reward movie bests.

The idea of a select committee of 10 or 15 top craftsmen has been suggested instead of the present Academy members.

The Academy will probably sur-

vey, in some form at least. After 21 years of being shot at, Oscar is a tough guy to kill.

Then, to his consternation, the big game against Princeton and Harvard. "I just took them into the dressing room between halves," Hickman explains, and sobbed: "Boys, you've got to lose this one for old Herman. . . and they did."

The keeping quality of Long Island cauliflower was improved by spraying the crop with hormones, or growth-regulating substances, two weeks before harvest.

The studio's new production boss, Dore Schary, predicted big things for MGM and defended Hollywood.

SLUMP BUMPER

The studio's promise of 67 big pictures during '49 and early 1950 was a tremendous shot in the arm to its salesmen and the whole industry. MGM's enthusiasm, I think, should jar the whole town out of its current slump. But let's get back to Skelton and Durante:

Talking about California's unusual winter, Red said: "It was terrible. The snow ruined all my marijuana plants." He told about

MGM Anniversary Party Had About Everything

By ERSKINE JOHNSON

HOLLYWOOD—(NEA)—Master of Ceremonies George Murphy said it was the greatest array of talent ever gathered under one roof.

It was, too—every MGM star from Gable to Lassie was there. It took a four-tier dais nearly 50 yards long to seat all 58 of them (in alphabetical order, of course, to avoid ruffled tempers) on the studio's biggest sound stage.

There were Garson and Pidgeon, Sinatra and Hepburn (the only gal in slacks), Tracy and Morgan, Durante and Beery, Astaire and Kelly, Bob Young and Jennifer Jones, Grayson and Garland, Lionel and Ethel Barrymore—the Who's Who of MGM.

They joined 150 members of

FOR HERMAN AND YALE

One suggestion freely offered to the guy who takes the Syracuse job is that he take a few lessons from Yale's Herman Hickman, the most popular losing coach in America, who'll be there next week to keynote the letterman's banquet. . . Hickman claims he set his quota for his first season as Yale coach at four victories, just so the alumni wouldn't become too optimistic.

Then, to his consternation, the big game against Princeton and Harvard. "I just took them into the dressing room between halves," Hickman explains, and sobbed: "Boys, you've got to lose this one for old Herman. . . and they did."

The keeping quality of Long Island cauliflower was improved by spraying the crop with hormones, or growth-regulating substances, two weeks before harvest.

The studio's new production boss, Dore Schary, predicted big things for MGM and defended Hollywood.

SLUMP BUMPER

The studio's promise of 67 big pictures during '49 and early 1950 was a tremendous shot in the arm to its salesmen and the whole industry. MGM's enthusiasm, I think, should jar the whole town out of its current slump. But let's get back to Skelton and Durante:

Talking about California's unusual winter, Red said: "It was terrible. The snow ruined all my marijuana plants." He told about

going in a night club and "everybody was so drunk I could hardly see 'em." He did a murderous impersonation of the way the studio's top brass got out of their chairs to take bows and told sales head W. F. Rodgers that he enjoyed "every hour" of his speech. He also congratulated the studio

Dance News, Sunday, April 3, 1949

PAGE 11

chef on the stuffed squab. "The last time we had a luncheon here," he said, "we ate the last of Nelson Eddy's 'Shortnin' Bread.'" Durante tore a piano apart between such comments as: "I haven't made a picture in over a year. L. B. Mayer gets married and forgets me. Maybe I should give back his fraternity pin."

Detecting one somber-faced sales executive in the crowd, he cracked: "Don't look so unhappy. This isn't Universal."

# You Pay Your Money, Take Your Choice With Predictions

Business prognosticators are pretty evenly divided between pessimism and optimism, gloom and sunshine, in their predictions of what may or may not occur in the field of economics in the near future.

One group says that this month of April is the month to watch. During the coming thirty days, the trend of business can go either way — up or down. Dun & Bradstreet says that the approach of Easter has added a fillip to retail buying; and government economists look forward to the last half of 1949 with gloom.

## Easter Aids Business

NEW YORK — (AP) — Dun & Bradstreet in a trade review said retail shoppers were encouraged by approaching Easter and more favorable weather and stepped up their buying during the week ended Wednesday.

The total of retail sales, however, lagged behind the comparable period a year ago when Easter fell on March 28.

Retail volume for the week ended Wednesday was estimated at 2 to 6 percent under a year ago.

The survey, by two government agencies, pointed to business' decision to cut back outlays in the last half of 1949 by 14 percent under last year. The theory is that prospects for profits would be poorer.

First-half 1949 factory and equipment buying, however, will run five percent above the same period of 1948's record high — at least partly because of a lot of plant construction that couldn't be halted on short notice.

While businessmen's expectations have correctly given advance signals on economic storms in the past, government economists said they'll bear discounting this time for such reasons as these:

1. Government spending — state and local, as well as federal — will increase sharply. It will more than offset the indicated 900 million dollar drop in business spending for 1949 as a whole.

2. Businessmen probably will spend more on plant expansion in last-half 1949 than they admitted in the survey. Past experience shows they're conservative and cagey on future spending, prone to underestimate.

Business spending is one of the four big props under prosperity. In turning down this time, it's following two of the others, consumer (retail) spending on American goods.

That, say the government economists, leaves just one of the big four items in national income and national product on the upswing: government spending.

## This Month Critical

NEW YORK — (AP) — This is the month to watch. All the business seers have been saying so.

If the usual April pickup in industry and trade develops in lusty fashion, business is making its comeback. If the traditional spring quickening doesn't occur at all, or only feebly, the much-discussed business recession will be with us for awhile.

Or so the seers have been saying. The month to watch this month: April.

Whether auto sales burgeon, both in the dealer's show room and on the used-car lots, car orders have been disappointing in recent weeks. And whether the allied products do, too, — gasoline, and batteries and tires, and the weekend resort business.

Whether retail trade revives — remembering, of course, that Easter is a movable feast, and since it comes late this year, trade statistics will not be strictly comparable with last year when Easter came early. Department store sales charts should soon show how much the recent downturn is reversed.

Whether the recent price cuts will pull people back into the stores. Whether inventories continue to dwindle, or start climbing once more — that is, you will want to see just where goods are backing up along the line between producer and user and just where they are moving.

Whether employment gains, with the return of seasonal agricultural workers to the fields, and the return to the factories and mills of workers who hope to be called back should spring trade revive demand for their products. This will show in unemployment charts and in the industrial production index.

Whether Wall Street gets busy trading stocks, now that easier margin rules require buyers to put up only half the price in their own money.

## Gloom Predicted

WASHINGTON — (AP) — A survey of business spending plans posted some fairly gloomy signs for the last half of 1949. However, government economists said that this index — which has forecast economic busts in the past — is risking its reputation for accuracy.

The collective bet of American businessmen on the future was posted in their plans for spending on new factories and equipment. Clearly, they figure that things are going to be sliding down through the final months of the year.

## SPEECH SUMMARIZED

NEW YORK — (AP) — The State Department's "Voice of America" today broadcast to all points of the globe a summary of Winston Churchill's speech at Boston last night.

# Day Dreaming May Not Prove Best After All

AUSTIN — The student who spends his school time day dreaming may have a rude awakening one of these days when he applies for a job, says a University of Texas educational administration professor.  
Dr. Fred C. Ayer, specialist in child accounting, says educators have taken increased interest in the child's personality, attitudes, and behavior as well as his academic progress in recent years, and most schools are keeping extensive records of his total school activity.

Provisions are being made to pass those complete records from elementary schools to high schools and right on up the line so the prospective employer can review the entire school life of the applicant.  
More than 4000 persons died from cancer in Minnesota during 1948.

Important thing is to strengthen the company's cash position.  
He believes this has been done. At last year's end K-F reported working capital of \$42,915,052. At the end of 1947 it was \$26,545,420.

When the price cuts were announced a K-F statement said the company now is "in the best supply position in its history with respect to finished parts and basic materials."  
With the recent price cut its lowest priced model is the Kaiser Special carrying a factory delivered tag of \$1,995.  
Yet to come is a model designed to compete in the Ford-Plymouth-Chevrolet price field. Its design has been frozen but no date has yet been fixed for its assembly line production.

### SMU Prexy Says 'Joyride' Imposition on Public

DALLAS — (AP) — Dr. Umphrey Lee, president of Southern Methodist University, believes "a four-year joyride" through college is an imposition on the public pocketbook.

Dr. Lee said nobody has an inherent right to college-for-fun "at the public's expense." It would be foolish, he told the Dallas Technical Club, "to spend indiscriminately, even in a good cause, and the amount may become prohibitive even in a rich country."

He suggested three things for the public to keep in mind when considering government aid to education. They are: 1. "Institutions of higher learning should be supported only according to real needs. Universities and higher technical institutions should be provided for, but only for those who can and will use such funds."

2. "Junior colleges will supply the need of a large number of people and should be high in standards and open to all."

3. "Privately supported colleges and universities should be encouraged as a matter of public policy."

Dr. Lee told the club the report of the Hoover commission offers a startling prospect of higher costs for education in the next few years.

Southern Methodist, with more than 6,000 students, is one of the faster growing schools in the Southwest.

The saguaro cactus can blossom and fruit for three years in a row without rain.

### Colorado Well Test Shows Oil

DURANGO, Colo. — (AP) — A drill stem test of the second well in the Dove Creek discovery field showed about 15 to 20 feet of "highly oil cut mud" below 6,025 feet in the Paradox formation. Col. D. Harold Byrd of Byrd-Frost, Inc., announced here.

The well is the Western Natural Gas and Byrd-Frost, White No. 1, located about a mile and a half from the No. 1 Driscoll, brought in as a producer last November.

The announcement by Byrd was the first in two weeks on progress in the second well drilled to test the field. Byrd said it will not be determined until additional tests are made whether the company has another producer.

Drillers set casing Thursday and will acidize the first of next week below 6,110 feet, Byrd said. He said three possible producing structures had been found in the well and each would be tested separately.

The drill stem test completed early Thursday was shut in for 10 minutes to build pressure, and produced immediate blow when it was opened, Byrd said.

Most heavily endowed colleges in the United States are Harvard, Yale, Columbia, Chicago, and Texas.

### Up for Review

The Supreme Court agreed to review the perjury conviction of Harold Christoffel, above, former CIO official accused of lying when he told a House committee in March, 1947, he never had been a Communist. He is under a two-to-six-year sentence and has been free on bond during appeals.

### Reds Need Not Fear Pact If—

WASHINGTON — (AP) — Chairman Connally (D-Tex.) of the Senate Foreign Relations Committee said that if Russia does not intend to attack any other nation "she need have no fear of harm" from the North Atlantic Security Treaty.

Commenting on Russian protests against the signing of the agreement, scheduled here Monday, the Texas senator compared it with the treaties the Soviets have signed with their satellite nations.

"Russia did not consult with the United States regarding its so-called treaties with the satellite nations," he said in a statement.

"Russia imposed her will upon these nations. We were not consulted about Czechoslovakia. It was brought within the scope of the Soviet Union without either its own consent or the consent of nations who sponsor the North Atlantic Pact."

"High Russian officials frankly acknowledged that it is their design to impose upon the civilized world their plan of government and economy."

"The Atlantic Pact is merely an agreement among the intended victims of armed attack to resist and defend their freedom and independence."

### Former Movie Idol Working as Clerk

LOS ANGELES — (AP) — Twenty years ago Nils Asther was one of the movies' top romantic idols drawing a \$5,000 weekly salary check.

Today, he is working for \$1 an hour as a delivery clerk in the election branch of the city clerk's office — and happy about it.

This was disclosed this week as the Swedish-born actor, now 48 and broke, delivered election equipment to polling places for use in Los Angeles' April 5 mayoral elections.

### FIRE SWEEPS HOTEL

BOSTON — (AP) — A score of persons were rescued over aerial ladders when fire swept sections of the Hotel Windmere Apartments in the back bay early today. One woman, overcome by smoke, required hospital treatment.

### Price Cut on Texas Steel

DALLAS — (AP) — The Lone Star Steel Company has announced reduced prices on pig iron.

The price of standard basic iron was lower from \$50 to \$46 per gross ton. Number 2 foundry, low phosphorus southern grade, was reduced from \$50.50 to \$46.50 per gross ton.

Lone Star also posted export rates of \$50.50 for standard basic iron and \$41 for its Number 2 foundry, low phosphorus southern grade delivered shipside at Gulf ports.

The company has a plant in East Texas. E. B. Germany, president, said large quantities of Lone Star pig iron will soon begin moving to Great Britain. He said his company has been granted an export license on 40,000 tons of basic iron. The British order will be filed in April, May and June.

### Clark Says Wire Taps to Be Kept

WASHINGTON — (AP) — Attorney General Clark made it known that the Justice Department is not going to abandon the use of wiretapping in cases involving national security or a matter of life and death.

He acknowledged, however, that he will not press for one controversial provision in the administration's bill to tighten anti-espionage laws. That provision would permit use in courts of information obtained from wiretapping by the FBI and military intelligence.

The two positions were disclosed as an aftermath to a flurry created by a letter sent to Chairman McCarran (D-Nev.) of the Senate Judiciary Committee. It was signed by representatives of the Americans for Democratic Action and the American Civil Liberties Union.

The two organizations voiced strong approval of McCarran's action in removing the wire-tapping section from the administration bill.

### General Replaces General as Speaker

FORT WORTH — (AP) — Major General Raymond S. McLarkin, Army information chief, will replace Lt. Gen. Robert L. Eichelberger as Army Day speaker in Fort Worth Wednesday.

General Eichelberger was forced by illness to cancel plans to be in Fort Worth.

### De Gaullists Gain

GOVERNMENT COALITION

699 seats  
Lost 167

Henri Queuille

RALLY OF THE FRENCH PEOPLE

389 seats  
Gained 258

Gen. Charles De Gaulle

COMMUNISTS

37 seats  
Lost 147

Maurice Thorez

Diagram above shows the results of the French elections to choose county councils, closest thing in France to American-type state legislatures. Henri Queuille's middle-of-the-road coalition government beat other parties by a big margin. However, the De Gaullist party emerged the strongest single party, winning nearly three times as many seats held in old councils. Thorez's Communists finished a poor third, losing four-fifths of their seats.

# EDINBURG MAN REAPS FORTUNE SELLING TEXAS CACTUS, SCORNE BY TEXANS, TO THE WORLD

**RAISING CACTUS IS HIS BUSINESS**—Charles M. Fitzpatrick of Edinburg, Texas, has made a fortune selling Texas cactus to the world. He peddles four million a year. Here he inspects one of the nine million plants at his Edinburg home.

By WILLIAM C. BARNARD  
EDINBURG — (AP) Charles M. Fitzpatrick has reaped a fortune selling Texas cactus, scorned by Texans, to the world. He even peddles it to Arizona, a state with enough cactus to puncture every living thing on earth.

A 44-year-old ex-Georgian, former traveling salesman, Fitzpatrick wholesales and retails four million plants a year. On a dull day, he ships 5,000. Nine million spiny plants thrive in luxury on 11 acres at the rear of his 23-Grand Valley, six miles north of Edinburg. He'll soon have 20 more cactus-covered acres.

Cactus is the scourge of Southwestern and Western ranges. It steals water, keeps grass from growing. But Fitzpatrick, a hefty, long-faced six-footer, sells a million plants a year to a concern in Phoenix, Ariz. Another million go to a firm in Grand Rapids, Mich.

New Yorkers fairly cry for cactus. The Brazilian and Siamese governments are regular customers and the U. S. Department of Agriculture recently bought 1,000 assorted plants for the botanical gardens in Washington, D. C.

Orders flow in from Newfoundland, Australia, Africa, Portugal, Japan, China, Peru and they flood in from England. One Englishman purchased \$1,000 worth of cactus seed. It took the stubborn influence of a member of Parliament to get the money out of the country.

But Fitzpatrick's biggest market is the United States—except Texas. "I don't even try to sell to Texans," he said. "They hate cactus. Most Texans have fallen off a horse into the prickly pear variety."

Twenty-five Latin-American employes handle the cactus. Fitzpatrick has 1,500 varieties (there are more than 3,000), including rare plants from South America and Africa, but most of the cactus is transplanted from neighboring Starr County where it grows abundantly.

The Starr County cactus includes the popular peyote, a small, spineless plant which contains an intoxicating drug.

"Indians used to eat peyote and get drunk," said Fitzpatrick. "It affected their eyesight—they'd see in technicolor. Now scientists are experimenting with peyote as a possible remedy for eye troubles. I get orders regularly from hospitals and medical schools and even shipped some recently to the U. S. Army in Mannheim, Germany."

The cactus capitalist snips a big percentage of his products in cardboard boxes manufactured during the war for shipping articles to veterans overseas. He bought 170,000 of these boxes after Japan surrendered. He also purchased a couple of acres of war-surplus camouflage netting.

**Miss Israel 5709**

The Open Bible, Broadcast, sponsored by Evangelist and Mrs. E. B. Joseph, P. O. Box 806, of Pampa, Texas, can be heard daily, Monday through Saturday, on Radio Station K Tripple D, Dumas, Texas, at 9:30 a. m. The Ke. are 800. Tell your friends to be listening in each day.

Meet "Miss Israel 5709." She's Evelyn Schreiber, 20, of New York, who is studying painting in Paris. The number, 5709, is the present year in the Jewish calendar. Evelyn was picked in Paris and will leave soon for Tel Aviv, where she will star in a movie.

## Churchill Maintains Repute As Master of Spoken Word

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

Winston Churchill always can be depended on in his speech-making and writings to live up to his reputation of being one of the all-time masters of the English language.

The old maestro's address at the convocation of the Massachusetts Institute of Technology in Boston Thursday night provided liberal flashes of the Churchillian genius, both in phrase and in content. It struck me as being an effort worthy of his record.

An outstanding quality of Churchill's addresses is that they don't need explanation, and this column has no intention of embarking on elucidation. But there ran through it a strong spiritual thread which impressed me greatly, perhaps because I don't recall encountering such emphasis in previous Churchill speeches.

This is a sample: "Here I speak not only to those who enjoy the blessings and consolation of revealed religion but also to those who face the mysteries of human destiny alone. The flame of Christian ethics is still our highest guide. To guard and cherish it is our first interest, both spiritually and materially. The fulfillment of spiritual duty in our daily life is vital to our survival. Only by bringing it into perfect application can we hope to solve for ourselves the problems of this world."

I mention this because it reveals a side of Churchill with which most folks are not familiar. This blunt speaking, battle-scarred political warrior, who believes Scotch whisky was made to drink, is said by those who know him well to have deep religious convictions. He makes frequent references to the power of God, and his spiritual beliefs are said to have given him the strength to carry his tremendous burden during those awful days when England was fighting for her very life against the Hitlerian attack.

**SPY RING CRACKED**  
BELGRADE, Yugoslavia — (AP)—Tanjug, official Yugoslav news agency, reported today that Bulgaria has arrested about 100 persons—some in high government positions—in a crackdown on a spy ring.

## Round Two Coming Up

Barbara Jean Floyd, Miss New Orleans of 1948, freshens up her "war paint" in New Orleans, La., after declaring she would "really fix" her husband, George Cautchen, if they met again. When they met in a hotel lobby a few days before, she bit, kicked and scratched Cautchen, an airline pilot, and he spanked her. Stranded in South America, she married him, she said, just so she could get back home. Now she wants to annul the marriage.

Only female mosquitoes bite. The 17-year locust spends 17 years as a baby, but only four weeks as an adult.

**Frances Denney FASHION DUO**  
Princess-size Lipstick Over-Tone Cake Make-up

You'll enjoy the texture of Miss Denney's Lipstick that gives your lips a feeling of being "dressed up" all day long. Choose a true-red, a blue-red, or a mystic purple-red.

FRANCES DENNEY celebrated Over-Tone is different... it is positively good for the skin—does not dry the skin. Select a golden-tinted rachel or a subtle rose... each will give glorious color to your complexion.

Solid colors that are not dye pre-shrunk for permanent size. All elastic boxer type waist. Cotton twill that washes easily. Green, yellow, blue and red.

# Amarillo Play Director Speaks at Tea

THERE MUST be a design in things, for think what it would have been like if this were Easter ... we would be slogging our way to church ... about the only comfort one can make about weather like this of the past three days is it's mighty good for wheat, and for little kids to slip out the back door and be wading in the ditches before you know it.

RUSHED into the First National Bank, to find all of the ladies wearing small pink carnations ... one said that Johnny Phelps Phelps brought them in for all: they were out of his hot-house ... they gave an air of festivity to the exchange.

STOLEN from here and there: charity begins at home but should not end there ... he who findeth fault meeth to buy ... nearly every man is a firm believer in heredity until his son makes a fool of himself ... a great many prominent family trees were started by grafting ... the most efficient water power in the world is a woman's tears ... and, to the small boy, home is merely a filling station.

SPOTLIGHT: Pampa went to the Wayne King show! I sat downstairs about middleway, and couldn't see anyone ... However, I noticed Jerry Adams, Mrs. Eben Warner, Dr. Williams, Dr. Wildgrs, Dr. Falkenstein, the Jim Nations, Ray Kuhns, the Tom Roses, the R. A. Bakers, the Frank Smiths, the Henry Ellises, the Homer Doctors, the Parsons and Mrs. G. H. Kyle, Lil Kelley and Lucy Sanders, Dee Patterson, the Herman Fosters, the Haskell Maguire ... Believe me, I would have looked further, but I heard the man in back ask the lady beside him if I would ever stop looking around ... the back of my neck must have turned red, for I heard a faint, satisfied sigh.

THE FISHING crowd (or one of them) had a get-together and dinner last night ... it's always pleasant for me to meet Mrs. Pinky Powell ... busy folks are Mr. and Mrs. W. B. Mitchell, adding three rooms to their home ... Lewis Sprinkle just back from Louisiana, where he has been on Cabot business ... Neva Bergam is a visitor of Jesse Swygart, district superintendent of Shell Oil Co., who is convalescing in the hospital ... the Dr. Zachrys are seen around town in their new Roadmaster ... the Burd Wildes are leaving for Garden City, Colo., to make their home ... new managers of the Country Club are Mr. and Mrs. Al Bonham ... saw them Friday shopping for new furniture ... welcome to Pampa ... Lois Maguire was rushing around Friday on her birthday, unaware of a nice surprise that awaited her in the evening ... The Carl Benefiels are weekend guests of the Frank Calversons ... one of the nicest teas of the spring will be given this afternoon when Pampa's First Lady (Mrs. James E. Massa) will be honored by the Beta Sigma Phi Sorority at the City Club Rooms ... various club presidents and friends of the Massas will attend ... Mrs. John Bradley's room presented a play on Texas during the past week ... lots of parents and friends visited the room and enjoyed the little actors ... an "added attraction" was a special dance number given by Judith Baer.

PANORAMA: One of Pampa's busiest mothers is Maxine Evans ... just returning from a restful weekend visiting Ray's mother and aunt, Maxine contracted "spring fever" and decides to "re-do" her house ... that's quite a job with a live-wire 18-month-old toddling around the place ... Dr. and Mrs. Charles Ashby and Mrs. Wilder of the country spent a few days at a ranch at Enid, Okla. ... ideal children for an ideal mother are the two girls belonging to Bob and Vera Lee Andis ... I'm envious of Mrs. Roger McConnell who possesses all of that beautiful Miesen china which was received from her son in Germany ... among the rare collection are Miesen figurines and an ornate clock that was once exhibited in the French Exposition ... they would certainly be a drawing card for an antique shop, but she says they are not for sale! She does have some beautiful cups and saucers in the shop, though ... we are sorry to see The Texas Company land office staff moved to Amarillo ... it isn't going to seem right in the old C-W Building without Judge Grant, Dalton Cobb and others ... understand the company's employees and wives, sweethearts, et al., had a wonderful time at a party given at the CC during the past week.

NOW IS THE TIME when we begin to think about baseball, which, of course, includes the Oilers, and my husband is one of the biggest fans ... the time when we begin to ride out and see the rolling green carpets that one day will be waving fields of leaning wheat ... and then will come the harvest, yielding up—from Nature's cornucopia—golden grain which becomes the material staff of life.

BUT I'm getting ahead of myself, because ... That month is here again ... The one that's always teasing! We don our trilly summer things, And our sure 'nuff—end up freazin'!

That's me: PEG O' PAMPA.

## Paula Franklin, Fred Frost Engagement is Announced

Miss Paula Faye Franklin

Mr. and Mrs. E. N. Franklin, west of Pampa, are announcing the engagement and approaching marriage of their daughter, Paula Faye, to Fred L. Frost, son of Mr. and Mrs. Harry J. Frost, south of Pampa. The wedding date is to be announced later.

## Mrs. Bowers Is Shower Honoree

Mrs. Jack Bowers was honored with a surprise miscellaneous ritual shower Wednesday in the home of Mrs. Dale Strickland, 303 Alcock. Mrs. Bowers, who the former Iona Fuller, was married in February. Mrs. Strickland, Mrs. C. Lockart and Mrs. Bowers received as guests. Mrs. Rex Barton presided at the register and Mrs. Ernest Fuller served the punch and cake. Attending the shower were: Inez, J. McDaniel, M. S. Mc-

Daniel George Walters, Della McComigal, Jean Tomberlin, Amarillo, Inez Carter, E. G. Candler, Ray Gates, Letha Northup, Rose-Mary Timbley, W. L. Gilles, Lena Hood, Zelma Kirbie, Eddie Moore, Vera Tubbs, Austin Owens, Euna Lee Moore, W. H. Walters and Misses Patay and Peggy Ward.

QUICK FROSTING To make a quick frosting for a plan white cake melt three tablespoons of butter or margarine and mix well with a half cup of brown sugar and a cup of moist shredded coconut; spread mixture on an eight or nine-inch cake and level carefully until coconut is lightly browned.

## Miss Mary E. Tubbs Weds Capt. H. Sam Leffel

Mr. and Mrs. Sam Leffel

Mrs. Ern Nora Tubbs, 311 S. Ballard, is announcing the marriage of her daughter, Miss Mary E. Tubbs, to Captain H. Sam Leffel, Tazewell, Va. Vows were read Feb. 11 by Chaplain C. E. Pietrich at Mather Field Air Force Base Chapel. At present they are making their home at 1813 N. Street, Sacramento, Calif.

## Bobbie Bennett, Carl Moore Wed

Mrs. Carl W. Moore

Miss Bobbie Bennett, daughter of Mrs. M. D. Corey, 811 E. Locust, became the bride of Carl W. Moore, son of Mrs. Hadda Moore, 1129 Duncan, Monday, March 21, at 2:30 p. m. The Rev. H. H. Tyler, First Christian Church pastor, read the double-ring ceremony at his home. Mrs. Moore is a Senior at Pampa High School and has been in music activities throughout high school. Moore is attending Chillicothe Business College at Chillicothe, Mo. He was in the U. S. Air Corps for three years. The Moores will make their home in Chillicothe in June.

## Two Films Shown For Lefors Club

LEFORS (Special) — Two films, "Time Is Life" and "The Traitor Within," by the American Cancer Society were shown to the members and guests of the Lefors Art and Civic Club in the school auditorium. The films were shown by Rex Reeves and L. B. Penick. Following the showing of films members went to the home of Mrs. E. H. Barron for the regular business meeting, at which time it was announced that the spring banquet will be April 30. The WSCS of the Methodist Church will serve. Mrs. Bob Brown presided at the meeting. Mrs. Barron served pineapple cake and coffee to those mentioned and to Mesdames: Howard Archer, Earl Atkinson, John Brewer, Marion Brown, Ray Boyd, Ray Carruth, Eldon Carter, Bud Cumberledge, Ray Jordan, Clyde Rodecape, Bill Smith, L. F. Spence, Maurice Upham, Bill Watson, Bill O'burn, Jack Nichols, Scott Hall and a guest, Mrs. Don Martin.

## ESA President Feled

Four members of the Alpha Omicron Chapter of Epsilon Sigma Alpha entertained Mrs. Charles Kathay of Lubbock, president of the Epsilon Sigma Alpha chapter, there. She was presented with a corsage at the dinner held in the Schneider Hotel.

## Woman's PAGE

Pampa News, Sunday, April 3, 1949 PAGE 17

## Dr. Emily T. Hicks Is Guest Speaker At Epsilon Sigma Alpha Meeting

Dr. Emily T. Hicks was the guest speaker at the Epsilon Sigma Alpha meeting Thursday. Her subject was "You Yourself." She discussed the topic from four points—mental, physical, emotional, and spiritual maturity. Speaking to the members as individuals, she mentioned specific ways to overcome fear and to face realities, and quoted from the recent best-selling non-fiction book, "Peace of Mind," by the late Joshua Liebman. Climaxing her talk, she raised the question of how much freedom of religion there is when most children are brought up to accept the religion of their parents without having the opportunity to decide for themselves what church they wish to attend.

## Baptist Martha Class Elects Officers; Honors Mrs. Bob Sidwell at Coffee

The Martha Class of the First Baptist Church met Friday morning in the home of Mrs. Elmer E. Wilson, 1610 Coffee, to honor Mrs. Bob Sidwell with an Easter Coffee and to hold a business meeting with election of officers. Mrs. Don Pumphrey's group, Mesdames A. C. Crawford, D. W. Sasser, I. M. Virden, R. Virgil Mott and C. D. Arrington were co-hostesses. Mrs. W. S. Marsh, class ministries officer, presented Mrs. Sidwell with a pink baby carnation corsage, and the class presented her with a gift. The Easter devotional was given by Mrs. S. E. Waters. Mrs. W. A. Greene had charge of the business meeting at which the following officers were elected: Mrs. Webster Johnson, president; Mrs. H. H. Thraatt, vice president; Mrs. M. L. Epps, class ministries; Mrs. J. L. Shaw, stewardship; and Mrs. Mark Vantine, secretary. They are to take office Sunday. The red radiance rose was selected as class flower and members plan to grow them to help decorate the church. Red and white are the new class colors, and the new class motto is "The Master hath come and calleth for thee."

## Toastmasters Install Officers

WP. Toastmasters 1-24 lite Dr. Louis Tompkins of Wichita Falls, district governor for Toastmasters International, installed new officers of the Pampa Toastmasters Club at the semi-annual installation banquet and Ladies' Night, Friday, in the Palm Room of Hooley Hall. Bumpy Shultz sang two numbers, and the program was climaxed by a speech contest. Contestants were Quentin Williams, Ray Salmon, and Hugh Peoples, all of whom had won preliminary contests in the local club. Williams was declared winner by three out-of-town judges. New members inducted were Jack Nichols and Walter Eller. Officers who were installed for the next six months were: Waldon E. Moore, president; Kenneth Walters, vice president; Carl Jaynes, secretary-treasurer; D. R. T. J. Wright, sergeant-at-arms. Ralph Thomas holds the position of deputy governor. Out-of-town visitors included Dr. and Mrs. Tompkins and daughter of Wichita Falls, and a delegation from Borger. Local visitors included wives of the members, and Mr. and Mrs. Hueyn Laycock, and the Rev. and Mrs. Douglas Carver. The local Toastmasters Club meets each Tuesday for a dinner meeting at the Courthouse Cafe, at 6:30 p. m., however, the meeting for Tuesday, April 5, has been postponed so that members may attend the installation banquet of the Amarillo club that night.

## Social Held

The Marthas Sunday School Class of the First Baptist Church met Friday night in the City Service Club House for its monthly social. Husbands were invited to attend and refreshments were served to Mr. and Mrs. E. L. Anderson, L. H. Anderson, Philip Barnett, Clyde Martin, Rupert Orr, Orvil Batson, Troop, Brady Davis, Ernest Edwards, C. E. McMinn, Alva Phillips, R. L. Edmondson, W. W. Estes, Hugh

## Varietas Delegate

Mrs. Ralph Thomas will be the Varietas Club delegate at the spring convention of the Federated Clubs in Lubbock. Mrs. E. J. Haslam, Mrs. C. L. McKinney, Mrs. F. E. Imel and Mrs. J. G. Doggett of the Varietas Club are also attending the convention. Ellis, Cliff Asmus, Floyd Yeager, E. M. Keller, Mr. D. Thompson, Hill, Mrs. H. T. Thornhill, Mrs. H. M. Stokes, Mrs. Mabel Teague, and Mrs. M. K. Gurley.

GUEST SPEAKER at the Parent Education Club tea is pictured with members of the club. Left to right: Mrs. Dudley Steele, president; Mrs. L. G. Langston, program chairman; Mrs. Oma Link Rowley, director of the Amarillo Little Theater; and Mrs. Raymond Harrah, who introduced Mrs. Rowley. (Photo by Pearl M. Hewlett)

## Little Theater Director Reviews Broadway Play

By PEARL M. HEWLETT Woman's Page Editor

Mrs. Oma Link Rowley, director of the Amarillo Little Theater, was the guest speaker at the Parent Education Club tea given in the City Club Rooms, City Hall, Tuesday afternoon.

Mrs. Rowley reviewed a hit play of the 1947 Broadway season, "The Heiress," adapted for the stage by Ruth and Augustus Goetz from Henry James' story, "Washington Square." The "Heiress," a two-act play of mid-19th Century Manhattan, is now on tour. Beginning with a careful description of the stage setting, Mrs. Rowley traced the plot of the play which centers on Broadway by Britain's Wendy Hiller. Catherine, an awkward, plain-looking girl, falls in love with an attractive fortune hunter, but her cold-hearted father (Basil Rathbone in the New York show), thoroughly aware of the suitor's motives and utterly unconcerned with his daughter's feelings, forbids the match on pain of disheritance.

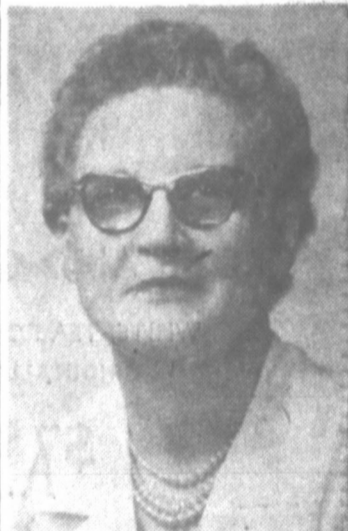

Straightway Catherine's fiancé jilts her. Later, after her father has died and Catherine is a rich old maid, the suitor comes to propose once more. Catherine once more accepts him. But she has grown rancorous and hard, and having raised all his hopes, dramatically jilts him in turn. Mrs. Rowley mentioned briefly several current Broadway plays and told of her meeting with Winston O'Keefe formerly of Panhandle, who is head of New Stages, Incorporated, in New York City. Stating that about 80 percent of the Broadway actors and actresses are now unemployed, Mrs. Rowley commented that part of the reason for that situation was the growth of the Little Theater movement and the decentralization of the New York theater activity.

The latest play being presented by the Amarillo Little Theater is "Years Ago," written by Ruth Gordon and her husband. It has an all-star cast and will be given April 26, 27, and 28 in the Municipal Auditorium in Amarillo. Mrs. Raymond Harrah introduced Mrs. Rowley. Mrs. L. G. Langston, vice president and president-elect, presided at the punch bowl and served as program chairman. Presiding at the guest register was Mrs. Dudley Steele, president. On the Tea Committee

Members present were Mesdames: Ray Kuhns, Bob Gordon, Gene Fathere, Frank Kelley, Ed Weiss, Jr., John Ketter, Bob Curry, Joe Tooley, E. E. Shelhamer, and J. R. Holloway.

## Athenaeum Club Studies 'Our World'

The Athenaeum Club is one of the outstanding clubs of Shamrock. It was organized and federated in 1923. Mrs. J. M. Tindall is president of the group. The course of study this year is: "Our World Today" and the programs have been unusually good, dealing with people and places, hobbies, short stories and Bible characters. The club is active in civic affairs and has helped with the Shamrock Public Library. It is also the mother club of the Times Study Club, which was organized 10 years ago. Officers are: Mrs. J. M. Tindall, president; Mrs. William F. Holmes, vice president; Mrs. J. W. Gooch, recording secretary; Mrs. Louis Hill, corresponding secretary and treasurer; Mrs. W. S. Pendleton, parliamentarian. Other members: Mesdames Temple Atkins, E. K. Caperton, J. B. Clark, Frank Dubose, J. H. Caperton, B. F. Holmes, B. F. Kerah, E. L. Koger, H. F. Mundy, O. T. Nicholson and Hubert Tindall. It's one more example of the hat which carries a lot of style weight but adds very little to the burden on your head.

Mrs. J. M. Tindall

## Light-headed Easter Forecast

## Airy Hats Lead Parade

Most hats are free from burdensome trimming. One designer—Sally Victor—goes on record as dividing the burden between the head and the neck. She comes up with a ribbon-trimmed pill box with a scalloped brim—inside of new cobwebby sheer tulle. But hats made of traditional straws and silks look airy and feel light, too. A Victor hat of cocoa brim lace straw (lower right) is featherlight because trimming is limited to loops and streamers of brown velvet ribbon. Red and white polka dotted silk makes a John Frederic hat (lower left) which puts no more weight on the head than a scarf. Drapery, released from this heart-shaped turban and caught up in the back by a pearl barrette, gives this hat the look of a scarf worn with superlative chic. A simple beige pillan, trimmed only with brimmed fringe of contrasting red straw, is another John-Frederic hat (upper right).

## By EPSIE KINARD

NEA fashion editor NEW YORK (NEA) — The Easter bonnet which weighs an ounce is an extreme example of the light-headed look and feel of this spring's hats. This ounce-light hat — a Hattie Carnegie design (upper left) with silk flowers tucked into the folds of its skyscraping brim — is

### Dorcas Class Has Business Meeting

The Dorcas Sunday School class of the First Baptist Church met Tuesday afternoon in the home of Mrs. A. French, 1113 W. Thut.

Mrs. A. J. Gilliland in the absence of the president, Mrs. J. P. Wehring, each officer gave her monthly report. Also, it was decided to send \$10 to Buckner Orphan Home at Dallas as an Easter present.

Mrs. French served refreshments at the close of the meeting to 19 members.

BUDGET CHARGE LAY-AWAY

### Sore Feet Cause Of Absenteeism

NEW YORK — Employees with sore feet cost their bosses \$100 million last year in absenteeism and operating inefficiency, according to "Business Week."

The magazine says it has been estimated that 16 percent of all industrial workers lose as much as a day's work per month because their feet hurt.

In addition, aching feet result in slower work and less efficiency in plants. In stores, they mean irritable clerks, greater breakage of merchandise, mistakes—even lost sales and angered customers.

Sound travels through water at the rate of 4700 feet per second; through air at 1090 feet per second.

COMPLETE BEAUTY SERVICE

### Mrs. Engle Is Shower Honoree

Mrs. Frank Engle recently was honored with a pink and blue shower given in the home of Mrs. Carl Deckman, 338 Perry.

Mrs. Deckman, Mrs. Huelyn Monkes and Mrs. W. B. Cox were hostesses. Mrs. R. L. Gillpin of Dallas, formerly of Pampa, sent the honoree a corsage of pink and white sweet peas, sprinkled with tiny blue flowers. The hostess group presented Mrs. Kit Autry, Mrs. Engle's mother, with a white carnation corsage.

The honor guest's chair was decorated in pink. A stork holding a baby in its bill and pastel umbrellas provided the decor in the living room. Gifts were presented in a hamper covered with white net over blue decorated with a sprinkling of pink ribbon bows.

A refreshment plate was served to 37 guests. Marshmallow baby buggies were plate favors.

### Fire Auxiliary Holds Election

The Fireman's Auxiliary held an election of officers at its meeting Thursday in the Recreation Room of the Fire Station.

Elected to office were: Mrs. Homer Doggett, president; Mrs. Charles Winborne, vice president; Mrs. E. N. Pierce, secretary-treasurer; Mrs. Ernest Winborne, reporter; Mrs. Lester Mason, social chairman; Mrs. Robert Burns, assistant reporter; and Mrs. Alber Fuller, cheer chairman.

Others attending the meeting were: Mmes. Al Ferguson, Emmett Hunt, Lewis Gallimore, Elmer Darnell, Otto Doggett, Roy Prescott, L. H. Hillburn and one guest, Mrs. R. V. Renner.

Next meeting will be held at 7:30 p. m., April 14, in the home of Mrs. Hunt, 508 N. Russell.

An alligator's jaws are powerful, but once they are shut, a man can hold them closed easily with his bare hands.

### GS Troop 15 Has Overnight Friday

Girl Scout Troop 15, led by Mrs. M. S. McDaniel and Mrs. W. L. Hill, had an "overnight" at the Scout House Friday evening.

The girls took nosebag lunches and participated in singing and folk dancing.

Scouts attending were: Ruth Lynne Abernathy, Jerry Lee Archer, Glenda Jean Dudley, Carol Jane Foster, Charlotte Hogast, Sandra Jean Hollis, Nancy Joyce Jameson, Patricia Ann Lindsay, Marilyn Beth McDaniel, Janice McWright, Marietta Mitchell, Carol Joyce Paxson, Nelda Smart, Janice Teague, Betty Jo Tooley and Margie Lou Weir.

Saturday morning, the girls were served rolls and hot chocolate before they dispersed for the day.

### Tokyo Newspaper Believes Advisor Has Wrong Slant

TOKYO — (AP) — The newspaper Mainichi said it didn't believe General MacArthur's financial adviser had the right slant on Japan when he reportedly said people here seemed better dressed than in England.

The occupation official, Joseph Dodge, was said to have remarked that in London he had seen cabinet ministers and bankers with patched pants and worn coats, but he had seen few such clothes in Japan.

"Perhaps the Japanese whom Mr. Dodge has met so far have been dressed smartly, but of course that is not true of the thousands of others," Mainichi said. "The Japanese living standard is considerably lower than what their clothes appear to show."

### AP Price Index Lowest Since 1946

NEW YORK — (AP) — The Associated Press index of 35 important wholesale commodity prices this week reached the lowest level since November, 1946.

The weekend figure of 102.28 compared with 104.06 a week ago and 104.86 a year ago. The index base year 1926 equals 100.

# DOCTOR SEES NO REAL RISE IN HEART DISEASE

NEW YORK, N. Y. — There has been no real rise in heart disease among Americans beyond what could be expected from the increased proportion of older persons in the population, according to Dr. Louis I. Dublin, second vice president and statistician of the Metropolitan Life Insurance Company. The great concern evidenced today regarding the trend of the disease is unwarranted, he believes, and due to a general misunderstanding of the significance of the mortality figures.

Dr. Dublin states that the increasing proportion of deaths from heart disease reflects mainly the large increase in the number of older persons and the reduction in mortality from acute infections among them.

"When due allowance is made for the various factors affecting the statistics," Dr. Dublin says, "it is found that there has been an actual decrease in the death rates from heart disease at every age. The number of premature deaths from heart disease is being constantly reduced, and the average age at death from the

disease is steadily increasing. The general public has been particularly confused with regard to facts about sudden deaths from heart disease, now usually ascribed to coronary thrombosis. This condition, which is so common a diagnosis in heart disease today, was first accurately described barely a generation ago, and only in comparatively recent years has it begun to be reported extensively by physicians.

"The large recorded increase, therefore, in the number and proportion of deceased persons whose deaths are ascribed to this condition is not a true reflection of the actual situation. There is no valid evidence that mortality from this condition has actually increased. Moreover, there is little satisfactory proof that it tends to strike most heavily at persons in certain occupations. There is no sound basis, for instance, for the widespread impression that it is an occupational disease of executives.

Dr. Dublin points out that the situation in heart disease is best

judged from the records of the longevity and working capacity of persons with heart disease. Results of studies of this nature made by this company and others are distinctly encouraging. They show that the great majority of the persons attacked by heart disease—even of those who experience an attack of coronary thrombosis, survive the attack and most live for many years. About half the patients recovering from an attack of coronary thrombosis were found to live five years or more, and about a third of them for 10 years or more. A considerable proportion were even able to resume normal or near-normal activities. The picture is even better for many other forms of heart dis-

ease. Recent advances in the fields of surgery and drug therapy have meant additional saving of lives of heart patients.

"We will be less likely to misinterpret the facts on heart disease," Dr. Dublin notes, "if we keep sight of the fact that the human body is not made to last forever and that the greater the chances of living to old age, the greater the chances are that death will occur from heart disease—Actually the great majority of deaths from heart disease today occur after age 65.

"Optimism regarding the outlook for persons with heart disease is now justified more ever before. Even in the state of our knowledge, more can be done to con-

preventable causes of heart disease, to postpone the onset of those types common even in middle and later life, to curb premature death, and to make the lives of heart patients longer, happier, and more productive. Main reliance for further improvement lies in medical research. For this reason the programs of the American Heart Association and of the Medical Research Fund supported by the life insurance companies, both of which put major emphasis on research, merit the approval of the American people."

Commonest element in the bodies of living organisms is hydrogen, according to the Encyclopaedia Britannica.

## Medical Men Believe Virus Causes Cancer

LONDON — (AP) — The British Medical Journal says "the biggest advance in cancer research for many years" may result from new experiments indicating definitely that a virus causes cancer.

The journal, official organ of the British Medical Association, reported the experiments. They were carried out by Dr. W. E. Gye, director of the Imperial Cancer Research Fund, and three colleagues.

## Tech Slates Varsity Show

LUBBOCK — April 4, 5 and 6 are the dates for the annual Varsity Show presentation at

Dr. Gye described how he and his fellow researchers transmitted tumors in mice by means of dried tissues.

The tissues of a chemically fostered tumor from a mouse was subjected to a temperature of 110.3 degrees below zero Fahrenheit for five to eight weeks before drying.

The only thing that could have lived through that treatment would have been an ultra-microscopic microbe known technically as a virus, they said.

Texas Technological College at the Lubbock High School Auditorium.

The show this year is "Melodrama in Melody," a three-part musical. It was written by Miss Ruth Cook, a senior home economics student from Orchard. Bill Parsley, a freshman from Lubbock, has been chosen for director. The lead roles are played by Joe Mesador of Matador; Bill Wright of Midland, and Gordon Hilton and Dave Fawcett of Lubbock.

### 'Invasion' Is Planned for Hemphill Co.

CANADIAN — (Special) — Hemphill County is to have a chemical warfare planning session on April 16. The "enemies" will be weeds and insects.

Walter Grist, county agent of Hemphill County, stated that a full day's program has been planned for Canadian's first weed control demonstration and clinic, to be held at Hemphill County Airport one mile southwest of town.

Firms from several states will exhibit and demonstrate spraying equipment of all kinds. Tom McCurdy, manager of the local airport, and Edward Franklin of Amarillo, will demonstrate aerial spraying as well as review results of such spraying they have done in killing sage brush and shinnery in this area.

The demonstration and clinic is sponsored by the Canadian Chamber of Commerce through its Agriculture Committee, composed of Grist, Bob Ward, Jack Yorkley, Raymond Newell, Virginia Ingwersen, and Tom Hill.

Farmers and ranchers of Hemphill county and adjoining areas have been invited to attend. Lunch will be served at noon by members of the Tri-C Home

### SOB Charge Is Hurlled at Taylor

BIRMINGHAM, Ala. — (AP) — A witness testified that U. S. Senator Glen H. Taylor (D-Idaho) called Birmingham police officers "SOB" when he was arrested here for disorderly conduct. A city attorney asked if Taylor used the initials "SOB."

"No, he used the long form," T. V. Weaver, the witness, replied. Senator Taylor is appealing a police court conviction and a fine of \$50 imposed last May 4. The charge of disorderly conduct was made when the senator attempted to enter a meeting of the Southern Negro Youth Congress through a door reserved for Negroes.

The senator, a candidate for vice president on the Henry Wallace ticket last November, based his appeal on the ground segregation laws violate the U. S. Constitution.

### No More Sunday Beer in Prospect

AUSTIN — (AP) — No more beer on Sundays if a House bill gets passed this session.

Rep. Milton Wilkinson of Patron has ready for introduction a bill prohibiting the sale of beer on Sunday and on any day before 7 a.m.

Demonstration Club, under direction of Miss Sybil Gidden, county home demonstration agent.

Representatives from the agricultural experiment stations at Spur, Tex., and Woodward, Okla., and county agents from Roberts, Wheeler, Gray, Lipscomb, and Ochiltree Counties and neighboring counties in Oklahoma are expected to attend.

### It Was Founded Upon a Rock

Once used to save German lives, this former air raid shelter in Dusseldorf is now being used to save German souls. It has become a Catholic church. Guiding force behind the unique church is Dr. Karl Klimhammer (inset), who gained the name of "Ruhr Priest" for his good work in the Ruhr coal area. He supervised engineers who blasted through the six-foot thick, reinforced concrete walls with explosives and burned out the steel with acetylene torches to make windows.

### Scouters to Take Course

A basic Scout leaders training course will be taught Saturday and Sunday at Lake McClellan, Paul Beisenherz, executive of the Adobe Walls Area Council, said yesterday.

Starting at 2 p.m. Saturday, the course will continue through Saturday night and until 4 p.m. Sunday. It will be open to all Scoutmasters, assistant Scoutmasters, troop committeemen and district Scouters of Adobe Walls Area Council.

Subjects to be covered include patrol organization, out-door skills, camping and hiking. A Boy Scout training film, "The Patrol Method," will be shown at the Saturday night session.

Most of the sessions of the training course will be instructed out-of-doors by Tom Cochran, field executive of Berger, and Beisenherz.

The Scouters will prepare their own breakfasts Sunday morning, although Saturday's supper and Sunday's lunch will be prepared and served indoors.

"Men planning to take the course should bring sleeping gear and food utensils," Beisenherz said. "All food will be furnished."

### Leaves From a Correspondent's Life Note Book

By HAL BOYLE

NEW YORK — (AP) — Nobody in the boxing game today can lay a glove on battling Jack Golomb, age 56, weight 125.

But many a ring champion in the last 38 years — from flyweight to heavyweight — has crumbled and gone down from the crashing impact of Golomb's own flying gloves.

A few: Jess Willard, Jack Dempsey, Barney Ross, Max Baer, Henry Armstrong, Gene Tunney, Primo Carnera, and — yes, even Joe Louis.

This would give Golomb the mightiest record in ring history except for the fact that in none of these memorable fights was Jack's own fists in his gloves.

He merely made the gloves and sold them. Long ago the little Latvian immigrant decided that, for him at least, there was more money in putting boxing gloves on other people's fists than on his own.

Golomb reached this decision as a 90-pound kid after fighting four times as an amateur.

"I had a fifty-fifty record," he said. "I win two, lose two."

But today he claims 95 percent of all modern champions have trained or fought with his gloves. And he built up a million dollar-a-year sports equipment business from a \$5 investment. He got the \$5 from his father in 1910.

A few: Jess Willard, Jack Dempsey, Barney Ross, Max Baer, Henry Armstrong, Gene Tunney, Primo Carnera, and — yes, even Joe Louis.

The boy did. He haunted gyms, gave his early gloves away to get promising boxers to use them. "They were tough and rugged in those days," he said. "They weren't soft like many fighters today. A boxer was proud of a cauliflower ear — it was the badge of his profession. The glove was little more than a piece of leather, over his knuckles. The training bag was a sailor's duffel bag filled with sawdust."

Jack says fighters now are particular about their gloves. "Carnera's had to be a special job because of the size of his hands," he recalled. "Tunney had a brittle hand. We had to build him a special training glove with a rubber sponge across the knuckles. Joe Louis has a longer

### New Insurance And Real Estate Agency Formed

H. T. Hampton and M. G. Elkins have formed a real estate and insurance partnership to be known as the "Top o' Texas Realty and Insurance Agency," Hampton announced yesterday.

The new firm, which will have its headquarters in the Duncan Building, will handle real estate, real estate insurance, including hail, fire, tornado, etc., and GI and FHA and auto loans.

### Fine Levied on Charge of DWI

A fine of \$50 and costs was levied last week by Judge Bruce Parker in County Court against V. W. Folley for driving while intoxicated.

Folley had been arrested Tuesday night by City Police after he had hit the parked car of C. A. Pollock, 421 N. Purviance. Folley was released on his own recognizance by County Attorney John Studer until the judge's return from Austin.

Six-months suspension of operator's privileges went along with the sentence.

### First Bonus Check Will Go to Child

BATON ROUGE, La. — (AP) — Five-year-old Rebecca Johns, whose father was killed while flying for the Navy in 1945, is scheduled to receive the first \$1000 check under Louisiana's bonus law.

The bonus division announced the check will be presented by Gov. Earl K. Long at brief ceremonies here Monday.

The child's father, Lieut. (jg) Barron Johns, Jr., of Shreveport, died in an airplane crash Feb. 18, 1945, in the Asiatic-Pacific Theater, the division said. The little girl now lives in Baton Rouge with her mother.

Louisiana's bonus law provides payments of from \$100 to \$250 to World War II veterans and payments of \$1000 to dependents of veterans who died during the war.

thumb on his right hand than on his left, so each glove had to be different."

Jack Dempsey is his own hero and in his opinion the best heavyweight of all time.

"Dempsey used to harden his hands before every fight by soaking them in slaughterhouse brine," he said. "He used to wash his face in it, even, to toughen himself against cuts."

"A fighter today would want cologne in the brine."

# Fair Enough - Pegler

In May, 1947, Anna Roosevelt Boettiger and her husband, John Boettiger, brought forth a new daily paper in Phoenix, Arizona, and began a new career together as publishers and politicians. They were heirs to an uncertain share of the prestige and honor, such as they be, of the late F. D. Roosevelt. At that time, Mr. Boettiger might run for governor or United States senator. Or Anna might have a sensational moment in the history of the leatherly old veterans of Arizona politics. This was carping.

Their paper was called the Arizona Times. It succeeded a small weekly advertising sheet which Anna and John had bought for \$25,000. Not all of the purchase price was their own money. It had lost about \$400,000 in a boom town and a sellers' market. Roosevelt's daughter and her husband gave a lively imitation of Elliott Roosevelt's financing and ran through a fortune of sucker money borrowed or propped from Barney Baruch, Marshall Field, one Walter Winchell, and others who have been the master-chump, Charles G. Ward of St. Paul and - or Minneapolis, and others. The rate of settlement was one cent on the dollar.

Baruch went for only \$20,000 but he rates priority in the mention because he is Baruch. Why he should have given Anna anything he was not particularly interested in Boettiger you will have to guess. A kick if you have nothing better to do, and he will either tell you confidentially and tie you up, or give you one of those circular bromides about patience and perseverance or the like. Still he is a guess. A kick if you have nothing better to do, and he will either tell you confidentially and tie you up, or give you one of those circular bromides about patience and perseverance or the like. Still he is a guess. A kick if you have nothing better to do, and he will either tell you confidentially and tie you up, or give you one of those circular bromides about patience and perseverance or the like. Still he is a guess.

On top of this, President Truman is plunking right now five billion dollars to extend the operations of the Great Dole, also known as the European Recovery Program. He mumbles to himself in language comparable to that used in print by him a few days ago when anyone says tax revenue machinery should not be geared to collect an additional four billion dollars over that collected this year on 1948 income taxes.

This is a slight picture of what government is costing you and your children, and their children, and so on and on.

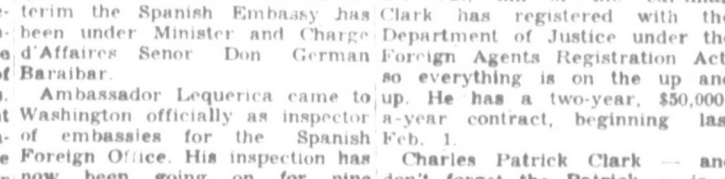

## Tax Collections Increase Over 1948

DALLAS (AP) — Income tax collections for the North Texas District climbed nearly \$24 million dollars during the first three months of this year as compared with the same period last year. Total income tax collections for January, February and March this year were \$208,005,868.93, the Dallas District Internal Revenue Office announced yesterday.

## Sugar cane was introduced into America in 1562, in the island of San Domingo.

## MOPSY Gladys Park

WHAT DO YOU MEAN I SHOULD FIX MY FLOOR? IT'S COLLAPSED!

## Washington . . . . . by Peter Edson

WASHINGTON (NEA) — The Spanish Embassy in Washington is now conducting an all-out social and propaganda drive to build up good will for the government of Caudillo (Dictator) Generalissimo Francisco Franco. Hermenegildo Teodilo Franco, a New York public relations firm has been hired and special counsel has been retained in Washington for the embassy office of cultural relations. The assignment of both is to influence the right people towards greater friendship for Franco Spain.

Spain may even want in on the Marshall Plan, though the Madrid government has not admitted this as yet. The Spaniards are not asking for full membership in the United Nations at this time, because they know they can't get it. Russia will veto.

## Common Ground

By R. C. HOLLES  
A Better Chance for All  
With a Free Gold Market  
(Concluded) VII

I am continuing today quoting from "Arguments for a Free Gold Market" by Joseph Stagg Lawrence, vice-president of the Empire Trust Company, New York. Underlining Bond Market Support

"The trouble with this procedure is that it undermines the ability of the Federal Reserve Banks to support the government bond market. During the period of rising commodity prices, which seems to have come to an end for the time being, the Federal Reserve Banks tried to make money scarce by raising the interest rate.

"Long term bond prices traded on a yield basis immediately reflected their price changes in the money market. As the result of a firmer money policy, the prices of long term government bonds weakened.

"The government succeeded in having its cake and eating it with this expedient. The Federal Reserve Bank was instructed to buy all government bonds necessary to make the pegged prices effective. During the calendar year 1948 the Reserve Bank bought \$1.5 billion of government bonds to support the market.

"Here again the purchase of these bonds by the central bank released credit to the commercial banks of an equal amount which might prove inflationary at the very moment that the government was trying to apply the brakes on credit.

"This may seem complicated to the layman but it means that the degree to which this support of government bonds by the Federal Reserve Bank is equal amount of short term paper. To the extent that this short term paper is used in compensating for the inflationary potential of purchased gold, to that extent precisely does the ability of the Federal Reserve Bank to support the government long term market suffer.

"In other words the present method of exclusive gold purchase by a Treasury, which does not allow the market to absorb the gold, is a government bond market to a desirable - a moot question - his responsibility can be carried with a greater margin of safety if the Treasury were to purchase gold. During the past year such purchases amounted to approximately \$1.5 billion.

"A free gold market would serve public policy better than the central bank and Treasury policy, in another way. During the ten year period ending in December 1948 the total of coins and paper money in circulation was approximately four-fold. In that same period large denomination currency, i. e. \$50 and over, increased five-fold. Large denomination currency is the most liquid form of money and heur year amounted to \$8,897 million. This is more than twice the total amount of all currency outstanding at the end of 1929 - approximately \$4.5 billion.

"It is obvious that much of this hoarding on the part of individuals who may confuse liquidity with security, is simply hoarding of money. When more than \$700 million of large dollar notes and more than 3,000 million of hundred dollar bills are hoarded, it is a fact that we may be sure that they are not being used in the settlement of business transactions. It is a striking index of fear.

## America's Shame

BASED ON FBI REPORT

AGGRAVATED ASSAULT AND RAPE - MORE THAN 10 VICTIMS EVERY HOUR  
EVERY HOUR OF 1948 THERE WERE 43 BURGALARIES AND MORE THAN 100 MISCELLANEOUS LARCENIES  
DURING 1948 THERE WERE 19 SERIOUS CRIME

## National Whirligig

news behind the news

By RAY TUCKER  
WASHINGTON — Senate Majority Leader Scott W. Lucas has become so fed up with White House handling of legislative matters and presidential recalcitrancy on several key measures he has threatened to resign his post, as Vice President Barkley once did during a similar clash with Franklin D. Roosevelt.

Two considerations may keep him from carrying out his threat at this time. He is a loyal and enthusiastic party member, and he does not want to embarrass the head man.

Even though important, there are signs that Mr. Truman, largely because of protests from Mr. Barkley and Speaker Rayburn may not ask the Democrats on Capitol Hill to do the impossible on social and economic proposals.

CAUTION — The tall, handsome Illinoisan's friends caution. In their opinion, Leader Lucas should hold on until Mr. Truman renounces the attacks he has delivered against the Democratic-controlled Congress for failing to enact his ultra-liberal program. A resignation under such circumstances, they believe, would be more timely and effective.

The Democratic caucus would then register its faith in Mr. Lucas by reelecting him unopposed, as it did when Mr. Barkley tried to quit. Such an expression of confidence, the Lucas bloc feels, would disillusion Mr. Truman about that "mandate" he thinks he received from the American people last November.

COMPLICATED — Top members of Congress and the State Department are keeping their fingers crossed with respect to the contract which American oil interests, headed by Edward W. Pauley, have signed with the government of Mexico.

It marks the first and only interest which American petroleum companies have shown in Mexican exploration and drilling since the nationalization of oil interests were expropriated just ten years ago.

## TOP O' TEXAS NEWS

• Lefors • McLean

LEFORS — (Special) — Mrs. Charles Earhart and daughter, Amelia, visited in Tahomungo, Okla., last week.

Mrs. P. F. Blankenburg visited a few days in Goodnight last week.

Mr. and Mrs. Frank Dixon of Oak Ridge, La., and grandson, Billy Foster Johnson of Rayville, La., visited in the Ray Boyd home last week. Penny, daughter of the Boyds, accompanied her grandparents back to Louisiana.

The WBCS of the Methodist Church met in the home of Mrs. R. H. Campbell for a business meeting on Tuesday. Mrs. B. C. Johnson gave a short talk on "Status of Women." The afternoon was spent in sewing for theazaar to be held on the afternoon of April 8, and all day Saturday, April 9. Others attending were Mesdames N. C. Jordan, Dan Johnson, Madge Page, W. C. Breining, L. R. Spence, B. D. Vaughn, E. J. Pafford and W. R. Combs.

Mrs. N. S. Daniel, formerly a resident here, visited friends on Wednesday night.

Mr. and Mrs. J. N. Smith visited in Wellington last Sunday.

## 100-Mile Line To Supply 'Inch'

SHREVEPORT, La. — (AP) — Texas Eastern Corporation is ready to lay more than 100 miles of pipeline in Texas to supply the Little Inch Line, the firm's president has announced.

The announcement by R. H. Hargrave followed approval by the Federal Power Commission for the company to lay more pipe.

## FUNNY BUSINESS

"We find it more practical than a picture—the new cook isn't so good on some things!"

## POP Goes the QUEEN

By Bob Wade and Bill Miller

THE horses in their stalls were restless. They tossed their heads and reared and neighed when the men approached. Sin huddled on a pile of hay by the doorway while Trim and her husband first pacified and then saddled three mounts. John Henry had a good deal of trouble subduing his steed, but the wizened FBI man proved surprisingly adept at the job and finished two saddlings while John Henry struggled with one.

"How about it, Sin? What's the first move?"

## Pampan Will Direct Work Of Young Oddfellow Clubs

ROY KRETZMEIER

Roy Kretzmeier, Pampan who has been a member of the Independent Order of Oddfellows for 22 years, has been named advisory officer of the State Board of Control for Young Oddfellow Clubs of Texas. The appointment was made by C. M. McLaughlin, grand master of Oddfellows of Texas, at Waco. Appointed to assist Kretzmeier are I. L. Hood, Fort Worth, secretary; Mike Pevelo, Beaumont; Ed Hughey, Greenville; and Don Cook, McCarney.

A past deputy district grand master and past grand of the local lodge, Kretzmeier has been active in guiding the Young Oddfellows Club here. The youth club is described as "an alert understudy of the senior fraternal organization, having a membership of 65 Juniors and 15 Seniors" here. Boys from 12 to 21 are eligible for the club, chapters of which are being organized all over the U. S. and Canada, it was said.

LeRoy Kretzmeier is chief ruler of the local club; Bob Brummett is deputy ruler; Chester Nicholson is the local advisory officer; and Vernon Hall is the degree team captain.

Of Kretzmeier's appointment, a spokesman said, "We are proud to have a member capable of handling this very important state office."

## Woman Tells Of Her Trip To S. America

**CANADIAN (Special)**—Nineteen members of the Pioneer Club met in the home of Mrs. Tom Hext Monday. Their president, Mrs. R. H. Stone, opened the meeting with a timely scripture reading, and a paper on "The Cowboy Missionary," Ralph Hall, an acquaintance of some of the members.

Mrs. F. D. Teas entertained the group with a detailed report of her trip to Guatemala and Cuba. She made the trip on the "Quirigua," one of the ships of the United Fruit Co., from New Orleans. She described the auto trip through Havana, and her visit to a cathedral built in 1700; the capitol building completed in 1929 at enormous cost, with its solid mahogany furniture, 2 1-2-ton bronze doors, and its ceilings finished in 22-carat gold.

She said the trip through these tropical lands was especially enjoyable at a time when the rigors of winter are the rule in the Panhandle, and that a trip through Guatemala with its mountain scenery — often called the Switzerland of the tropics — is a never to be forgotten experience for a plainman.

The Pioneers meet on the fourth Monday, and usually recount some experiences of the early days as well as keeping in tune with the present. A few of the members now reside in Higgins and Pampa.

Rock forts, used by people of the Far North many centuries ago, have been found on Kodiak Island, Alaska.

## Churchill Changes Tune About Reds

By JAMES MARLOW  
WASHINGTON (AP)—Winston Churchill, who only three years ago thought Russia didn't want war, has changed his tune.

In a speech at Fulton, Mo., in 1946 he said: "I do not believe Soviet Russia desires war."  
Thursday night at a speech in Boston he said: "It is certain that Europe would have been communized and London under bombardment some time ago but for the deterrent of the atomic bomb in the hands of the United States."

Three years ago he said war with Russia is not "inevitable." Thursday night he said war with Russia is not "inevitable."  
"Why does he say that now if, in the same speech, he says Russia would have attacked already if it were not for our atomic bomb?"

You have to peel the delicate skin off Churchill's oratory to find the answer. A gre are two main but grisly reasons.

1. If the Western powers are militarily strong Russia will be discouraged from attacking.  
2. And the death of Joe Stalin may someday split the Russian Communists or leave them without real leadership.

Except for these things, Churchill's speech Thursday was milder than the one he made at Fulton three years ago.

In the Fulton talk he called Russia a menace. And he urged the Western nations to form a united front against their big Communist neighbor.  
That speech started a lot of people. It came right after the war, at a time when there was still hope of getting along with Russia.

Slowly, as relations with Russia grew worse, the things Churchill called for three years ago have come to pass.

For in those three years this country, to solidify the West and keep allies, has set up the Marshall Plan and now is entering the Atlantic Pact.

The spirit of the whole West toward Russia in three years has grown as hard as Winston Churchill's feelings in 1946.

## McMurry Plans Summer Session

ABILENE — June 13 has been set as the opening date for the first summer session at McMurry College, Dean W. B. McDaniel, director of the summer sessions, has announced. The six week's term, during which a student may earn six hours of credit, closes on July 22. A second term, carrying an equivalent amount of credit, will run from July 28 to Sept. 2.

The courses offered, the dean pointed out, will be dependent largely upon demand, and prospective summer school students are asked to write or talk to him regarding their program. In general, all courses required for the regular session will be offered during the two summer terms, he said.

More than half the members of Syracuse's wrestling varsity got their start in high school competition at Mepham High School, Bellmore, L.I.

## Divorce is Refused by Local Judge

With a sharp reprimand to both husband and wife, District Judge Lewis M. Goodrich Friday in 31st District Court denied a divorce to "both parties" after hearing more than three hours of testimony in the divorce suit of Gladys Sirmans versus Olen Sirmans.

Testimony in the case revolved mostly around fitness of either mother or father for custody of four minor children. Both parties accused the other of unfaithfulness, but neither had actual eyewitness proof from disinterested witnesses, except their own statements, denials, counter-charges, and counter-denials.

In denying the divorce Judge Goodrich told Attorney H. M. Hood, Berger, representing the father and County Judge Bruce Patzner, representing the mother, that the children would remain where they are now — with the mother and her aged aunt and uncle.

The Court then told both parties they were "acting silly," building up charges from the fragments of your imagination" and said: "It's up to you to solve this problem — if you have any sense

## Pyorrhea is Curable If Found in Time

AUSTIN — Contrary to the popular belief that pyorrhea is always incurable, this is only true in the most advanced cases, according to Dr. Geo. W. Cox, state health officer. His advice to persons who even suspect the presence of pyorrhea is to seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment. Since the symptoms are often so vague that the patient is unaware of having pyorrhea," Dr. Cox said, "regular visits to the family dentist are extremely important in the control of this disease."

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

Egyptians tamed cats about 3000 B. C. to protect their stores of grain from rodents, according to the Encyclopedia Britannica.

10—Number of Jobless Falls During March WASHINGTON—(AP)—The number of unemployed dropped 54,000 in March after rising during each of the four previous months, the Census Bureau reported. Simultaneously, the number of employed increased 478,000 in March. This checked a two-month decline in the number of people holding jobs.

11—These apparently favorable developments were explained by the bureau in these words: "A seasonal expansion in employment in agriculture and some other industries apparently counterbalanced the effect of further layoffs in other sectors of the economy."

12—Shortly before the bureau issued the report, Secretary of Commerce Sawyer gave the figures to President Truman and the Cabinet at a White House meeting. Sawyer told reporters later it looks to him as if the upward in unemployment has been "stopped."

12—Female Help (cont.) WANTED experienced cashier, Apply at LeVines. 13—Male & Female Help Wanted Help Wanted, Waitress and Bus Boy - - - full and part time. Neat, alert, courteous. Interview Monday 10 a.m. to 11 a.m. and 3 p.m. to 8 p.m. Pampa Country Club.
