# 'We Will Defeat Enemy' In Egypt Says British General

## Wasp Delivered Planes To Malta

By ROGER D. GREENE  
Associated Press War Editor

Dispatches from Cairo late today acknowledged that Field Marshal Erwin Rommel's Axis invasion armies had advanced within 70 miles of the Nile delta, and official London quarters hinted that the Suez canal might be rendered unusable if the British were forced to yield it to the enemy.

As the eight-day-old battle of Egypt surged to a climax, the British reported that thousands of soldiers and hundreds of cannon were ready to meet the main onslaught of Rommel's armies.

Several lines of defense still remained before Alexandria, the British said.

German field headquarters asserted that Axis troops were now attacking "the last British fortifications" at El Alamein, only 65 miles west of Alexandria naval base.

The British acknowledged that Axis spearheads had raced beyond El Daba, 35 miles west of El Alamein, and indicated that the hour of a decisive battle was approaching.

In an order of the day, Gen. Sir Claude Auchinleck, the British commander-in-chief in the Middle East, declared: "The battle is not over yet and will not be over until we have defeated the enemy, and defeat him we will."

London quarters intimated that the Suez canal would be rendered useless if the Axis threat became acute.

Closely linked with the defense of Egypt, Britain's fortified Mediterranean island citadel of Malta was declared by the American navy today to have received strong reinforcements of planes through American help.

Malta, the most-bombarded spot in the world, is strategically important as a base for attacks on Axis supply lines to North Africa and Egypt.

A navy communiqué said the 14,000-ton U. S. aircraft carrier Wasp, venturing dangerously into the Mid-Mediterranean battle area, recently delivered aerial reinforcements to Britain's bomb-battered island of Malta, it was disclosed officially today.

The Wasp made several ferry trips without damage to itself or escort vessels to the British stronghold flanking Axis supply lines to Africa. The date of the trips was not given in the navy's formal announcement, but authorities said it was "a few weeks ago."

## 500,000 Lose Jobs As CCC Ends Career

WASHINGTON, July 1 (AP)—Nearly 500,000 people lost their jobs or their government aid today by the scrapping or curtailment of three depression-born federal agencies that have cost more than \$17,000,000,000.

Congress abolished the civilian conservation corps yesterday by denying it funds for the fiscal year beginning today. The start of a new government business calendar also saw the works progress administration cut to skeleton form and heavy reductions in the national youth administration program.

In the background of the transition there was a change of eras—men hunting jobs to jobs hunting men.

The life of the CCC ended at midnight, and a demobilization of some 60,000 enrollees and 15,000 civilian employes of the corps began this morning. The WPA, its appropriation whittled by two-thirds last year, was trimming its rolls down from 700,000 to 400,000.

The NYA, with funds also cut by two-thirds, commenced dropping 60,000 persons from its out-of-school training program, to reduce the number in this activity from 130,000 to 70,000.

The rising economic boom of defense and war production already has witnessed the scrapping of public works administration, which during the depression loaned and granted more than \$6,000,000,000 to create jobs.

In its eight and a half years, the CCC spent nearly \$3,000,000,000 putting 3,000,000 youths and war veterans through conservation, school, and health programs. In 1935 the corps had an enrollment of 520,000 in some 4,000 camps, and spent \$480,000,000. Responding to improved employment conditions, the corps dwindled in the fiscal year ended yesterday to 60,000 enrollees in about 400 camps.

Seventeen of the camps were located in Texas, 9 in Oklahoma, 11 in New Mexico, 8 in Arkansas, and 13 in Louisiana.

## Rubber Drive Nets 240,277 Pounds

Gray county's scrap rubber campaign has netted a total of 240,277 pounds, according to reports from wholesale gas and oil agents to the Pampa Chamber of Commerce late yesterday.

Wholesale agents and officials of the scrap rubber campaign committee will meet at 10 a. m. tomorrow in the BCD office to select the winners of the three \$25 War Bonds offered by the Monarch Construction company, Daniger Oil & Refineries, Inc., and one being offered by the wholesale agents themselves, to the individual, to the non-profit organization, and to the service station collecting the most scrap rubber, from June 22 through June 30.

The group will likewise discuss plans for continuing the campaign through July 10 as has been requested by President Roosevelt.

Yesterday Jack Hanna, chairman of the Pampa Civilian Defense Council, wired Governor Coke R. Stevenson and Lewis C. Huff, assistant executive of the Texas Salvage committee in Dallas, as follows:

"Gray county scrap rubber campaign has collected 240,277 pounds. Campaign being continued through July 10. Defense bonds offered prizes and other inducements to put campaign over. Every organization has cooperated 100 per cent."

## House Debates British Defeats In North Africa

LONDON, July 1 (AP)—Britain's war production minister and his predecessor denied today that lack of guns, tanks and planes were responsible for British military defeats in North Africa as Winston Churchill's critics launched their "no confidence" attack on his direction of the war.

Oliver Lyttleton, minister of production, told the house of commons that manufacture of six-pounder guns and of tanks and the supplying of American-made dive-bombers to British forces in the field was progressing steadily and added:

"Shortly we are going to surpass the equipment of the enemy in several important weapons."

In the house of lords, Lord Beaverbrook, former production minister, said he did not think there was any shortage of equipment in Libya and he had never heard it suggested that there was any shortage of aircraft.

He spoke in reply to charges by Churchill's critics that production was not providing British forces with adequate equipment to meet Axis attacks and that the prime minister made the "greatest possible mistake" when he attached the defense ministry to his office.

Sir John Wardlaw-Milne, Churchill's fellow-Conservative, led the opposition in commons by moving a "no confidence" vote.

Wardlaw-Milne, seconded by Admiral of the Fleet Sir Roger Keyes, charged that Churchill's statement that British forces in Libya were strong enough to meet the Axis was "untrue and inaccurate."

Sir Roger asserted that the admiralty had failed "inexcusably" to provide adequate equipment.

## Original O'Daniel Man Comes Out For Allred And Coke

(By The Associated Press)  
E. B. Germany, chairman of the state Democratic executive committee and one of the original "W. Lee O'Daniel men" in Texas politics, announced today that he would actively support Gov. Coke Stevenson in his race for re-election.

Germany yesterday came out for James V. Allred, opposing O'Daniel in the senatorial race. O'Daniel and Hal H. Collins of Mineral Wells—the latter opposing Stevenson—are utilizing the same platforms and vehicles in their statewide tour to drum up votes.

"I am going to do what I can in Allred's campaign, but I expect that the major part of my time will be taken up in Stevenson's campaign," said the party leader.

## Only Bonds, Stamps Sold At Noon Period

Customers in Pampa stores couldn't buy one penny's worth of merchandise from 12 o'clock until 12:15 p. m. today because that 15-minute period was set aside for the sale of war bonds and stamps.

Retail stores in other cities of the nation also joined in the 15-minute campaign to boost the sale of bonds and stamps.

No orders on sales made during the period will be available until the committee in charge can contact store owners and make collections.

## W. Lee Using 8 Vehicles, Says Allred

(By The Associated Press)  
Senator W. Lee O'Daniel today campaigns in Sweetwater, Colorado, and Big Spring; Dan Moody, senatorial candidate, is in Amarillo and Vernon; James V. Allred, another senatorial aspirant, visits Yoakum and Corpus Christi.

Allred, in a speech at Columbus last night, lamented "the spectacle of wartime Senator W. Lee O'Daniel touring the state with two vaudeville shows under the pretext of saving rubber and gasoline, but using a cavalcade of two sound trucks, five automobiles and a station wagon."

(Governatorial Candidate Hal Collins is traveling with O'Daniel.)

Allred displayed what he said were pictures of the O'Daniel 'sound trucks, automobiles and hillbilly performers getting into a station wagon.

"How can we win a war or write a peace with that kind of leadership?" Allred asked. "Our nation's leaders have asked every American to prepare for an all-out war effort. Washington has asked every American to conserve every bit of rubber to help win the war. I am making my campaign in one car. I leave it to the voters to decide which candidate is cooperating in our war effort."

State Democratic Committee Chairman E. B. Germany announced he would support Allred. He declared he had telegraphed Allred his support "after careful consideration."

O'Daniel spoke at San Angelo and said "the Communist labor racketeers have taken from some American people their right to work. Restriction of labor is a plan of the Communist party."

O'Daniel added "labor racketeers x x x stood with clubs at gates of factories to beat on the head workers who wanted to go in. They stopped our poor farmers on the highway and poured out their milk. Moody, in a radio address at Wichita Falls, said O'Daniel is claiming credit for causing labor unions to pledge no strikes during the emergency."

"Texas has never heard anything like it from a United States senator," Moody declared. "O'Daniel has never received more than four votes on any proposal in the senate, yet he claims to have frightened union leaders."

## Half Of Autoists Buy \$5 Stamps

Approximately 4,500 Pampa autoists had bought the \$5 federal use tax stamp for their automobiles up until noon today, it was estimated by O. K. Gaynor, assistant postmaster.

Early in 1942 when the use tax stamp law first went into effect, the Pampa postoffice sold between 6,500 and 7,000 of the stamp which at that time cost only \$2.09 for a fractional year.

The assistant postmaster said the rush for the stamps yesterday, deadline to avoid penalty, was heavy.

The federal law requiring that stamps be affixed to the windshield of your automobile today, July 1, provides a \$25 fine, 30 days in jail, or both.

The stamps are on sale at all post-offices.

Mr. Gaynor estimated that there are between 9,000 and 10,000 automobiles in Gray county.

## High Voltage Wire Injures Pampan

A. W. Moore, 645 Reid street, suffered burns and body bruises when he came in contact with a high voltage wire yesterday afternoon while moving a large tank. He was employed by John Kiser, trucking contractor.

Moore was on top of the tank and his shoulders came in contact with the wire. He was whipped against the tank causing the body bruises. He suffered burns across his shoulders. His condition is reported favorable in a local hospital where he was taken in a Duenkel-Carmichael Funeral home ambulance.

## Congratulations—

Mr. and Mrs. James B. Rose, 427 South Banks street, are the parents of a 10-pound daughter, born Sunday morning. She has been named Dorothy Nell.

HOME AT LAST—Mrs. Ruth Knowles, sister of the late Gen. William Mitchell, has coffee and doughnuts after landing from the S. S. Drottningholm in New York. She had been in a Nazi concentration camp after her capture while serving with the Yugoslav Comitadj, guerrilla organization.

## Thompson Says Oil Situation 'Auspicious'

AUSTIN, July 1 (AP)—The vast Texas segment of the oil industry during the last half of the year under conditions described by Chairman Ernest O. Thompson of the state railroad commission as auspicious.

Political and economic forces and military necessity, Thompson declared in an interview, will combine to bring Texas' 99,960 wells their just share of increased demand.

The chairman of the state's oil regulatory agency asserted that crude demand will be allocated to the states "more and more fairly in proportion to reserves."

Texas with 55 per cent of the nation's underground oil, and lately producing about 38 per cent of demand, will increase its production as that of other states slumps, he predicted.

Factors which he foresaw leading to greater flow in the nation's top oil state included:

Harmony of thought between the office of petroleum coordinator and the railroad commission as to need for supplying oil for the war effort.

Increased eastward and northward movement of crude and its products by rail; further cracking of the shipping bottleneck of pipeline and barge usage; strengthened coastal patrolling and perhaps even the use of convoys for more efficient tanker usage.

Lessened possibility for government subsidization of the industry, evinced in a recent 2 1/2-cents boost in the price of gasoline in the East, normally the market for most of Texas' output.

Production allocation on the basis of reserves, he said, would be no more than fair to Texas because of its long standing conservation program.

States which have not conserved crude to the extent of Texas—he mentioned Oklahoma and Illinois—cannot expect continuing big production on the basis of ratio to reserves, Thompson asserted.

## Registration Shows County Has Many Youths In Service

Gray county registered 402 youths in the 18, 19, and 20-year-old group yesterday, or half the number estimated by the federal draft board for a county of this size, which means that Gray county has sent approximately 400 of its youths to the armed forces, all volunteers.

Gray county's volunteer record is believed to be one of the best in the nation, county Clerk Charlie Thut said today. He estimated last week that registration in the county would be 400 and he missed it by only two.

Of the Gray county registrants, 332 registered in Pampa, 48 in McLean, and 22 in LeFlore.

Some of those who registered here live in other cities and their names will be transferred to their home boards. On the other hand, many Gray county youths registered in other cities and their names will be sent to Pampa.

Only 20-year-olds are subject to draft call. The other two age groups will not be given numbers.

Thirty-five Gray county men left this afternoon for the Lubbock induction center. From there they will go to Fort Bliss.

## I SAW . . .

The first person to report on the 15-minute bond sale at noon today, he was Malcolm Denson of Fur Food and he reported that he sold more than \$200 in bonds and stamps. . . . Bob Miller of Murfee's sold \$2,200 in bonds during the period.

I wish to thank my many friends and customers for the splendid patronage I have enjoyed at my salon, corner Francis and Russell. I will endeavor to continue the same high quality service at the Motor Inn, where I am now located. Paul V. Clifford at Motor Inn, Ph. 1010—Adv.

## Rent Control Instituted In Plains Areas

DALLAS, July 1 (AP)—The Office of Price Administration instituted rent control in 14 areas of this region today.

Those areas are: El Paso, Abilene, Brownwood, San Antonio, Texarkana and Beaumont-Port Arthur, Tex.; Lawton, Okla.; Alexandria-Leesville and Minden, La.; Junction City-Manhattan, Parsons and Wichita, Kas.; and Joplin-Neosho, Rolla-Wayneville and St. Louis, Mo.

Reports on rent situations in 54 other areas are being received, Max L. McCullough, region OPA administrator asserted. Control action in some of these areas can be expected by August 1, with probability that all areas will have rent offices by Sept. 1.

Until a rent office is opened in each area, there can be no federal control, McCullough said. The following areas were designated:

Texas—Amarillo, Austin, Bastrop, Bonham, Corpus Christi, Fort Worth-Dallas, Gainesville, Houston-Galveston, Killean-Temple, lower Rio Grande valley, Lubbock, Marfa, Marshall, Matagorda Bay, Midland-Odessa, Mineral Wells, Paris, San Angelo, Sherman-Denison, Victoria, Waco, Wichita Falls, Borger, Dumas-Sunray, Eagle Pass, Greenville, and Pecos.

Oklahoma—Choteau, Enid, Muskogee, Oklahoma City, Tulsa and Chickasha.

## Friday Deadline For USO Funds

Jack Hanna, chairman of the county USO drive, today requested all persons who are in charge of collections to turn in the funds to USO headquarters in the county judge's office by Friday night.

Saturday, July 4, is the deadline for the entire nation for collecting funds for the USO. All county contributions must turn in collections by July 4.

Mr. Hanna urged persons who have the responsibility of collecting from certain groups "to do everything possible to raise every dime we can." He pointed out that there is a possibility that Texas may not go over the top by Saturday night.

The state USO chairman has urged that quotas be not only reached but exceeded.

It is believed that if all Gray county people who are in charge of collections, and if all persons who have not given, will do so, the county quota of \$4,800 will be reached.

## Late News

MOSCOW, July 1 (AP)—A German attempt to launch a new offensive near Gzhatsk, advance point 100 miles west of Moscow, has been frustrated by powerful Russian counter-attacks, the army newspaper Red Star reported today. The seventh German infantry lost more than 2,500 men in this battle, the paper said, and the Russians held their original positions when it was ended.

## I HEARD . . .

Farmers declaring that the .05 of an inch of rain which fell this morning, added to what had already fallen, will keep them out of wheat fields for another day. Wheat is dead ripe and ready to cut and every day it stands in the field is hurting it.

Write in Walter Rogers for District Attorney—Adv.

## Texas Gets Two More Military Installations

WASHINGTON, July 1 (AP)—The war department today announced formally these construction authorizations and contract awards:

Authorization for construction of two military installations in Texas costing about \$2,000,000 each, construction under Galveston district corps of engineers.

Authorization for construction of a military installation in Texas costing about \$2,000,000 under supervision of Denison district office engineer corps.

Award of contract to Lee Moor and Thompson W. Harison, El Paso, Texas, for construction in connection with air force training school at Deming, N. M., costing more than \$3,000,000, construction under supervision of Albuquerque, N. M., office of corps of engineers.

Authorization for construction of two military installations in Oklahoma costing about \$2,000,000 each, construction under supervision of Tulsa office of engineers.

Announcement of some of the authorizations and contract awards previously had been made by members of congress.

## Murray Asks Pay Boost For Steel

WASHINGTON, July 1 (AP)—Phillip Murray, opening the United Steel Workers' plea for a \$1 a day wage increase and union security, in "Little Steel," told the War Labor board today the union's case "is one of correcting a past abuse" and inequities must be wiped out before stabilization can be achieved.

### 10 Of Texas' 21 Congressmen Have Opponents In First Primary

AUSTIN, July 1. (AP)—Ten of Texas' 21 members of the lower house of congress, including five of the seven veteran congressmen with more than 10 years service, must hurdle opposition in the first Democratic primary.

Of the members of the delegation with five terms or more of congressional service, only Wright of Texas and Martin Dies of Orange are not troubled with election worries.

The others—Speaker Sam Rayburn of Bonham and Representatives Joseph Mansfield of Columbus, Hutton W. Summers of Dallas, Fritz Lanham of Fort Worth, Luther A. Johnson of Corsicana—have one or more opponents.

Though attracting comparatively little statewide interest, congressional contests will determine the state's ranking in congress during the next two years.

The Texas delegation, cumulatively representing 278 years of congressional service, still stands first in seniority and in key committee chairmanships in the house, though the delegation is fifth in size.

Speaker Rayburn, a veteran of 29 years continuous service, is opposed by Rev. George T. Balch, a Baptist evangelist of Commerce. Challenging Rep. Summers, who entered the house at the same time as Rayburn, is Harry Hines, former member of the state highway commission.

Against Rep. Mansfield, chairman of the rivers and harbors committee with a record of 25 years service, is listed James A. Clements, a former automobile dealer. Johnson, a member of congress since 1923 and ranking member of the foreign affairs committee, has Publisher W. E. Reid of Italy as an opponent, while Fort Worth's Fritz Lanham, who presides over the public buildings and grounds committee, has two opponents—B. Y. Cummings, attorney, and Dr. F. E. Harrison.

Congressmen who have no opposition are Patman, Dies, Nat Patton of Crockett, Lyndon B. Johnson of Johnson City, W. R. Poage, Waco; Ed Gossett, Wichita Falls; Richard M. Kieberg, Corpus Christi; Milton H. West, Brownsville; Sam H. Russell, Stephenville; George H. Mahon, Colorado City; and Paul J. Kilday.

Lyndon Johnson is a lieutenant commander in the navy and is now on duty in the Pacific. The name of Rep. Eugene Worley of Shamrock, also a navy lieutenant commander, was placed on the ballot as a candidate for his second term by petition by his friends. His opponent is Lynn Miller, Pampa pharmacist.

Ernest C. Goens of Tyler and Edwin Lacy of Longview are contending with Rep. Lindley Beckworth of Gilmer, who is running for his third term. Beckworth is 29 years old and the youngest member of the delegation.

### Girl's Chances Of Getting Married Greatly Lessened

DALLAS, July 1. (AP)—A girl's chances of getting married have been greatly lessened by the war, says Dr. H. L. Pritchett, head of Southern Methodist university's sociology department.

He estimated that there are now 800,000 to 850,000 unmarried women between 40 and 45 in the United States, left without husbands because of the last war.

The present conflict will leave an even greater number of single women, the sociologist predicted, because of the nature of casualties, which include a greater percentage of fatalities than heretofore.

The length of the war, too, will have its effect on marriages. Men returning from the last war married girls who had been in high school when the soldiers left home.

The age divergence in marriages then was 4½ years, compared to an average divergence of about two years.

The sociologist, addressing the North Texas Youth assembly at S. M. U., said the family unit is changing from a totalitarian one in which the father was dictator to a democratic one in which companionship, understanding and cooperation are the controlling factors.

Strife within the family today are caused mainly by the fact that present-day parents were reared in a different world—one that preceded the era of bright lights, speed, modern transportation and late hours.

The change to which the father has trouble in adjusting himself, results in conflicts over such things as dates and use of the family car.

### 47,280,000 Bushels Of Wheat Forecast

AUSTIN, July 1. (AP)—The U. S. Department of Agriculture today reported an indicated production of winter wheat in Texas of 47,280,000 bushels as of June 15.

Rains soon after June 1 offset the deterioration that was beginning as a result of surface dryness in Texas, the department said, boosting the indicated production nearly 3,900,000 bushels from June 1 to June 15.

The indicated winter wheat production for the state compares with production of 29,991,000 bushels in 1940 and 27,186,000 in 1941.

### Biloxi 'Breather'

JACKSON, Miss., July 1. (AP)—Coach Harry Mehre of Mississippi and Coach Allyn McKeen of Mississippi State scheduled "breather" football games this fall with Essler field at Biloxi, Miss.

Now they've learned that the army's football lineup probably will include fullback Bob Westfall of Michigan and Izzy Weinstock of Pittsburgh.

### Political Calendar

The Pampa News has been authorized to present the names of the following citizens as candidates for office, subject to the action of the Democratic voters, at their primary election Saturday, July 25, 1942.

U. S. Representative 18th Congressional District LYNN MILLER REP. GENE WORLEY

For Chief Justice: J. ROSS BELL For State Representative, 123rd District: ENNIS FAVORS

For District Judge: H. B. HILL W. R. EWING

For District Attorney: WALTER ROGERS A. STURGEON For County Judge: SHERMAN WHITE

For County Attorney: JOE GORDON C. E. GARY For Sheriff: CAL ROSE JESS HATCHER CLARENCE LOVELESS JEFF GUTHRIE DAN CAMBERN G. H. KYLE ROY MCMURRAY F. S. BROWN

### Mainly About Pampa And Her Neighbor Towns

**BORGER**—Scouter Wayne Le-Crone reports that Borger Boy Scouts collected more than 1,000 pounds of scrap rubber in Borger and soon will have reports ready on amounts collected in Phillips, Sanford, Fritch and other sections of Hutchinson county.

Union Barber Shops will be closed Saturday, July 4, but will remain open Friday until 9 p. m., Friday, for your convenience.—Adv.

**PHILLIPS**—J. O. Ward, U. S. O. chairman, today urged attendance at the June Phillips U. S. O. dance in the Phillips community hall Friday night. Hutchinson county's quota is \$4,000 and up to this morning it was about \$1,000 short. Women of Borger, Phillips, and other communities also are giving chair bridge parties this week to aid the fund.

Attend McClellan Boat Club dance Recreation Hall, Saturday night, July 4th. Music by Prairie Ramblers. Admission 50c per person, plus tax.—Adv.

**BORGER**—Betty Carlton, daughter of Mr. and Mrs. C. A. Carlton, is recovering from an appendectomy in Plains hospital.

Mr. and Mrs. Noel Reynolds and children of Springer, New Mexico, have been visiting in Pampa. Mr. and Mrs. Reynolds and son returned home Sunday and their daughter, Skipper, remained here with relatives.

**SPEARMAN**—Ira Pearson has been named manager of the old Spearman Grain Growers elevator, which has been leased here by the Ferrington Grain Growers.

Mr. and Mrs. Bob Miller have as their guest this week Jackie Hansen of Stamford. Jackie is a niece of Mrs. Miller.

**McLEAN**—McLean will hold its annual rodeo on Friday, July 3. Contestants will be local cowboys and the proceeds will go to the Red Cross and the American Legion post.

The Brazell of Cleburne, formerly of Pampa, left this morning after visiting with friends here.

**CANADIAN**—Mr. and Mrs. George Lemmons have moved to Shamrock where they will make their home.

Mrs. Jimmie Davis and daughter, Jimmie Lee, of LeFors, were Pampa visitors Tuesday.

Mrs. Clarence Kennedy and children have returned from Lubbock.

### Here's A Letter To Your Soldier

Dear  
Well, all and all considered there's not much going on here except the rent, and it created a little excitement here last week. Some said the rent was going up and some said it wasn't. Anyway, it isn't supposed to, Pampa having been placed in a rent control area. Rent is a burning issue over in Amarillo where there is a serious housing shortage and where evictions and refusal to pay rent are reported frequently. Amarillo is crying for a rent control czar.

Since the last letter, Pampa has been concerned mainly with the bond drive, the rubber drive, the USO drive, the weather, the draft, but is falling behind on the sale of victory stamps and bonds. It looks as if Gray county will go over the top on its USO quota by July 4, but you will be interested in knowing that many people who should have didn't give to the USO. Wage earners, workers and salaried people gave till it hurt; they gave all they could afford, and the bulk of the quota was given by them.

One man who could buy half the town wouldn't give a dime, saying the boys didn't need entertainment, and that the new \$50 a month salary was enough for them. There are very, very few people like this ungrateful citizen.

Last week a visitor to Pampa was Earl Hunt, 18-year-old survivor of the Lexington. Earl is a veteran of five battles in the Pacific. Earl is a brother of A. M. Hunt, Jr., 1101 Charles St. His parents live at Goldthwaite, Tex. During the week, Capt. R. M. Bellamy reported to the Will Rogers army air force bombardment base for duty at the base hospital. Dr. M. C. Overton, a lieutenant commander in the navy is stationed at San Diego. Letters were received last week from Kimble Neal and Thomas Dewey both of whom are in the navy. Word has been received that Sgt. Mickey Ledrick has landed safely in a foreign port, presumably Ireland.

Grover Seitz, manager of the Clovis Pioneers, was suspended from organized baseball for 90 days. Eleven from the Pampa section joined the navy; L. V. McDonald, Melvin Lee Roberts and Thomas William Kitebush of Pampa; Carl Theoford Moran, Skellytown; Albert Sidney Graves, and Elmer James Harrah, White Deer; Francis H. Slagle and Josh Lee Davidson, Panhandle; Noel Nelson Porterfield, LeFors.

Pampa's Fourth celebration was partially canceled because the veterans were unable to get fireworks or materials to build floats. They will sponsor a dance the night of July 3. Six men in the June 29 draft call who were deferred were Ray Milton Hubbard, Robert James Woodward, James William Bradley, Edwin Gale Phy, Robert Edgar Crouch, James Byrd Smith. Deferment was made on account of their marriage.

The Rev. C. Gordon Bayless preached his final sermon in First Baptist church Sunday. He was guest of honor at a dinner in the church Sunday noon. Dr. Bayless resigned to resume evangelist work. Roger Townsend who received his wings at Victorville, Calif., last week, was back in Pampa spending a few days with his parents, Mr. and Mrs. J. B. Townsend. Sgt. Jim Bob Johnson of the U. S. marines who has been in three years also visited here. His folks now live in Amarillo. Jim Bob was on the ship on which FDR and Churchill signed the Atlantic charter. He will be stationed for a while at Quantico, Va. He has been a sea-going marine for three years. Mr. and Mrs. C. B. Burnett became the parents of twins, a boy and a girl. Week-end downpours halted cutting of wheat. Some fields before the rainy spell were averaging 45 bushels to the acre. Rain has delayed wheat cutting for nearly a week now. Lake Marvin, Lake McClellan, McLean, Clarendon are planning Fourth celebrations. A victory rodeo will be held at McLean.

As it must to all men, death came to Jessie David Goddard, 56, father of Cody Goddard in the navy, who was injured at Pearl Harbor, and Arvo Goddard of the army. Both enlisted.

Selectees who left Sunday: Julian Calvin Pannell, Jr., Clovis; Clyde H. Maness, Los Angeles; John S. Doughty, Hanford, Calif.; Leon Claude Mounis, Warren Derwood Roberts, Ed Ellis Graves, Raymond Alton Jordan, James William Bryant. The largest group of selectees left July 1. The list follows: Floyd Franklin Smith, Jr., Jack Lee Mauldin, Drake Marvin Mon-

kres, Jennings Harvel Flathers, Gene Nelson Daugherty, Ladd Marvin Gibson, Joseph Patrick O'Mara, Joseph Franklin Lindley, James Hubert Day, Roy Albert Thompson, Henry Kolb, Henry Oliver Routsen, L. V. Davis, Victor Spencer Back, Johnny Warren Nelson Huffine, Andy Sidney Largin.

Henry Edgar Rossen, James Edward Van Houten, Rex Duncan Ellison, Ray Dawson, Jr., Ernest Harold Coffin, James Raymond Bonner, Morris Edwin Graham, Charles Hoyt Rice, Harold D. Tarr, James Melvin Harris, Benny Frank Parker, Roy Maddoux, Marvin Johnston, Johnathan Darrell Coker, Cecil Simpson, Roy William Ferguson, Donald Lee Rochelle, Clem Earl Bussk, Merwin Rooker Williams, transferred from Salinas, Cal., Clyde Cooper.

Enlistees from Gray county follow:

Clinton Maurine Evans, enlisted in army; George Perry Van Huss, enlisted in navy; Oba Earnest Myatt, enlisted in navy; Norman Joseph Grossman, enlisted in navy; Oshel Claude Goad, enlisted in navy; Lonnie William Ables, enlisted in army; Hilton Claude Crane, enlisted in navy; Merlin Keith Griffith, enlisted in army; Beryl Truitt Hamilton, enlisted in army; George Berlin Hoover, enlisted in army; J. V. Wall, enlisted in army; Charles Delbert Hickman, enlisted in marines; Henry D. Siler, enlisted in army; Emmett Earl Edwards, enlisted in navy; Robert Dale Smith, enlisted in army; Herbert Aloysius Vaeth, enlisted in army air corps; William Wall, enlisted in army; Marvin Cartmell Overton, Jr., enlisted in navy; Alva Clinton Cox, Jr., enlisted in army air corps.

John Ivan Howard, enlisted in navy; Louie Clayburn Vaughan, enlisted in army; L. V. McDonald, enlisted in navy; Claude Frank Lard, enlisted in army; Paul Furlong, enlisted in army; Ralph Warren Beamer, enlisted in navy; Lester Lovell, enlisted in navy; Kenneth Lanning Kyle, enlisted in navy; Mike Gavin, enlisted in army; John Luther Fry, enlisted in army; Eldon Baze Huffaker, enlisted in navy; Roy Christian McNett, enlisted in naval reserve; Everett Earl McNut, enlisted in navy; James Charles Saxon, enlisted in army; Richard Arch Kennedy, enlisted in army air corps; Leland William Malloy, enlisted in navy; Roy Earl Showers, Jr., enlisted in army air corps; John Harrison Duncan, enlisted in army engineer corps; Howard Edward Anders, enlisted in navy; Charles Hulet Hall, enlisted in navy; Vincent William Flaherty, enlisted in navy; Jack Perching Elliott, enlisted in navy; Alva Termin, enlisted in army; Gordon Wayne Giddins, enlisted in army; John Johnson Organ, enlisted in marines; William Powell Rogers, enlisted in navy; George Audrey Watson, enlisted in marines; Willard Little Roy, enlisted in army air corps; Robert Paton Bowerman, enlisted in navy; Clyde Elmer Aldridge, enlisted in marines; Alfred Wilson Pollard, enlisted in army; McDonald Austin, enlisted in army.

Signed

### Japs Preparing For Eventual Attack On Russia

(By The Associated Press)  
Japan was reported massing troops and planes on the Manchukuo border opposite Russian Siberia today and London military quarters declared there was "very little doubt" that the Japanese were making preparations for an eventual attack on Russia.

Tying in with this report, the Domei (Japanese) news agency announced that Japanese troops had launched a general offensive on the far northwest China front in Suiyuan province—presumably aimed at the destruction of Chinese armies which might embarrass a Japanese thrust into Outer Mongolia.

Outer Mongolia, adjoining both Siberia and the Japanese "puppet state" of Manchukuo, is under Russia's protection.

A London spokesman said there had been a general movement of Japanese forces northward and that the Japanese were evidently preparing to attack Russia "at their chosen moment."

"I don't wish to imply that their preparations are complete or that their attack is imminent," the spokesman added.

Chinese reports had repeatedly asserted that Japan was concentrating upward of 500,000 troops in Manchukuo for a thrust into Siberia.

Neutral observers, however, believe Japan would delay attacking Russia until Adolf Hitler's summer offensive had gained a decisive victory over the Red armies. There

### Fire Damages Odd Fellows Building

Fire which broke out in the Odd-fellows hall on West Brown street about 5 o'clock this morning was confined to the rear of the building. Damage has not been estimated by Fire Chief Ben White who said he believed the fire started in the men's rest room.

The fire was discovered by an employe of the Baush-Ross Tool company who called the fire department. When the first truck arrived, flames were shooting from the rear of the building. Firemen strung 1,100 feet of hose and soon had the blaze under control.

The fire damaged the rest room, the hall, a small office, and the stage. The piano, two large tables, a typewriter, and other items of furniture were scorched and the entire building was damaged by smoke.

Outer Mongolia, adjoining both Siberia and the Japanese "puppet state" of Manchukuo, is under Russia's protection.

A London spokesman said there had been a general movement of Japanese forces northward and that the Japanese were evidently preparing to attack Russia "at their chosen moment."

"I don't wish to imply that their preparations are complete or that their attack is imminent," the spokesman added.

Chinese reports had repeatedly asserted that Japan was concentrating upward of 500,000 troops in Manchukuo for a thrust into Siberia.

Neutral observers, however, believe Japan would delay attacking Russia until Adolf Hitler's summer offensive had gained a decisive victory over the Red armies. There

There were indications that this offensive now was fast developing.

# A LETTER TO UNCLE SAM

Dear Unc,

The priorities around this house are simply terrific. What a time I had getting at the typewriter to make up this letter of thanks.

You see, it's this way. Every Sunday, and after dinner weekdays, Dad used to take Mother and me for a ride. And did we dread it!

Mom said Dad used to drive like a maniac . . . no regard for my tender feelings and stomach. He'd honk and fight his way through traffic, missing fenders by an eyelash, at a speed that made my heart bump my tonsils.

Now, boyhood what a relief! . . . Dad heard a Phillips news broadcast say that Uncle Sam wants every motorist to Care for his car—For his country. Then he saw a Phillips ad which said that any Phillips Service Station man would be glad to show him how to do it. Well, to make a long story not too long, the Phillips man

whispered the magic words to him: **DRIVE UNDER 40.**

You'd never think anything so simple could change my whole life. But it did. Dad now drives like a human being. He has found out that he not only saves rubber, but also gas and oil . . . and saves his nerves, too. Mom swears that Dad is a different man ever since he started getting gas, oil, and car-care at the Phillips Service Station . . . you know, the ones that have the big Orange and Black 66 Shield.

I guess lots and lots of other folks are going there, too, because I sure hear plenty of talk about Phillips 66 Gasoline and Phillips 66 Motor Oil.

I even hear that you're using some of it yourself.

Respectfully,  
Your Grateful Nephew

Phill-up with Phillips for Greater Mileage

### MacArthur's Men Raid Salamaua

ALLIED HEADQUARTERS, Australia, July 1 (AP)—Commando-type troops of Gen. Douglas MacArthur's forces knifed through the swampy jungles of New Guinea Sunday night in a swift, hit-and-run attack on the Japanese garrison at Salamaua in which the enemy suffered loss of 80 men, Allied headquarters announced today.

The daring force—the communiqué didn't say of whom it was composed—withdraw from the engagement with a quantity of captured booty. Only two of the attacking soldiers were wounded.

Salamaua was captured by the Japanese early in March and they have been attempting ineffectually ever since to use it as a base for widening their occupation of New Guinea. On two occasions they attempted to advance toward the Allied base at Port Moresby, about 150 miles to the south, but each time turned back. A forbidding chain of mountains lies between Salamaua and Port Moresby.

Allied bombers have attacked Salamaua almost constantly in recent weeks, but Sunday night's raid was the first assault against the base by land. Presumably one of its main tasks was to test the strength of the enemy foothold.

The troops apparently approached the stronghold by water, although the communiqué did not say. That the raid was a complete surprise and caused considerable confusion was indicated by the Japanese counter measures. The communiqué said the Japanese retaliated by bombing the two native villages of Mubo and Komateung "without damage."

### Helmets at Last

Air raid wardens are finally beginning to get their helmets. Wagon Ann Serino wears one of the first 28,000 to arrive in New York.

### Allies Attack New Britain And New Guinea Bases

SOMEWHERE IN AUSTRALIA, July 1 (AP)—Japanese bases in New Britain and New Guinea were attacked by strong forces of Allied bombers before dawn Tuesday in the largest raid in several days. It was disclosed tonight by airmen who participated in the attack.

Despite thick clouds the Allied planes bombed Rabaul, on New Britain, where large fires were started among installations in the wharf area, they said.

One bomber was reported to have made several runs over its target despite heavy anti-aircraft fire, leaving a blaze which was visible for 20 miles through the overhanging haze.

At about the same time, the pilots said, other bombers attacked Lukana airport, near Rabaul, dropping demolition bombs on runways and buildings.

Heavy clouds prevented observation of the results. The runways at Lae, New Guinea, were also attacked but a ground haze and a dim moon made the effects unobservable, the bomber pilots reported.

### Greek Viscount Dies In Houston

HOUSTON, July 1. (AP)—Basil Pericles—Panias, publisher of The Texas World, a weekly newspaper, died here today. He was 55.

Scion of a titled Greek family, he was a viscount.

Panias came to Houston 25 years ago. His 12 years as publisher of The Texas World had been filled with tempestuous political activity and crusades against loan sharks and quack doctors.

Funeral services will be held at 4:30 p. m. tomorrow.

Panias' father was the Viscount Pericles Basil, whose family records reached back to the second crusade. He came to America as a titled emigrant in 1906, an engaged in business in New York, Chicago and in St. Louis before coming to Houston.

He is survived by Mrs. Panias, two daughters and a son.

### Jack Carmichael Wins Scholarship In Agriculture

SPECIAL TO THE NEWS  
MIAMI, July 1—Jack Carmichael, a graduate of the Miami High school this year, is the third graduate in vocational agriculture work to win a Sears, Roebuck \$100 scholarship from this school.

Two years ago Elmer McLaughlin won it, and last year it was won by Keith Kivlahan.

It is based upon scholastic ability, personality and need. This money is to be used for freshman entrance into the vocational agricultural department of Texas Tech.

Jack is a son of Mr. and Mrs. C. Carmichael, and was reared in Miami. He has been active in F. P. A. and hand work, and also in dramatic club work.

This scholarship is given to 20 students from over the Panhandle each year, and this year there were about 100 applicants.

### Jack Carmichael Wins Scholarship In Agriculture

SPECIAL TO THE NEWS  
MIAMI, July 1—Jack Carmichael, a graduate of the Miami High school this year, is the third graduate in vocational agriculture work to win a Sears, Roebuck \$100 scholarship from this school.

Two years ago Elmer McLaughlin won it, and last year it was won by Keith Kivlahan.

It is based upon scholastic ability, personality and need. This money is to be used for freshman entrance into the vocational agricultural department of Texas Tech.

Jack is a son of Mr. and Mrs. C. Carmichael, and was reared in Miami. He has been active in F. P. A. and hand work, and also in dramatic club work.

## WHAT! My Son...No Shangri-La?

Surely there is a Shangri-La, a mythical and a real one.

The mythical Shangri-La is somewhere in Tibet beyond the blue of the "Lost Horizon". The real Shangri-La is . . . according to FDR . . . right in the heart of America.

Just look to the assembly line with its skilled workers who contribute so much to the confidence of the men who fly the planes and fire the guns . . . to the men in ships, whether on the seas, in the air, to the cream of America's youth and their instructors who train them to be the finest of fighting men. Look to these and you'll see the real Shangri-La. Keep it real—Keep it alive. Play harder to work harder for quicker Victory. Take time out for frequent week-end vacations. Stretch them to weeks if you can. Select the city nearest you that is fortunate enough to have an Affiliated National Hotel.

## Phillips Seeks To Buy Pipe Line

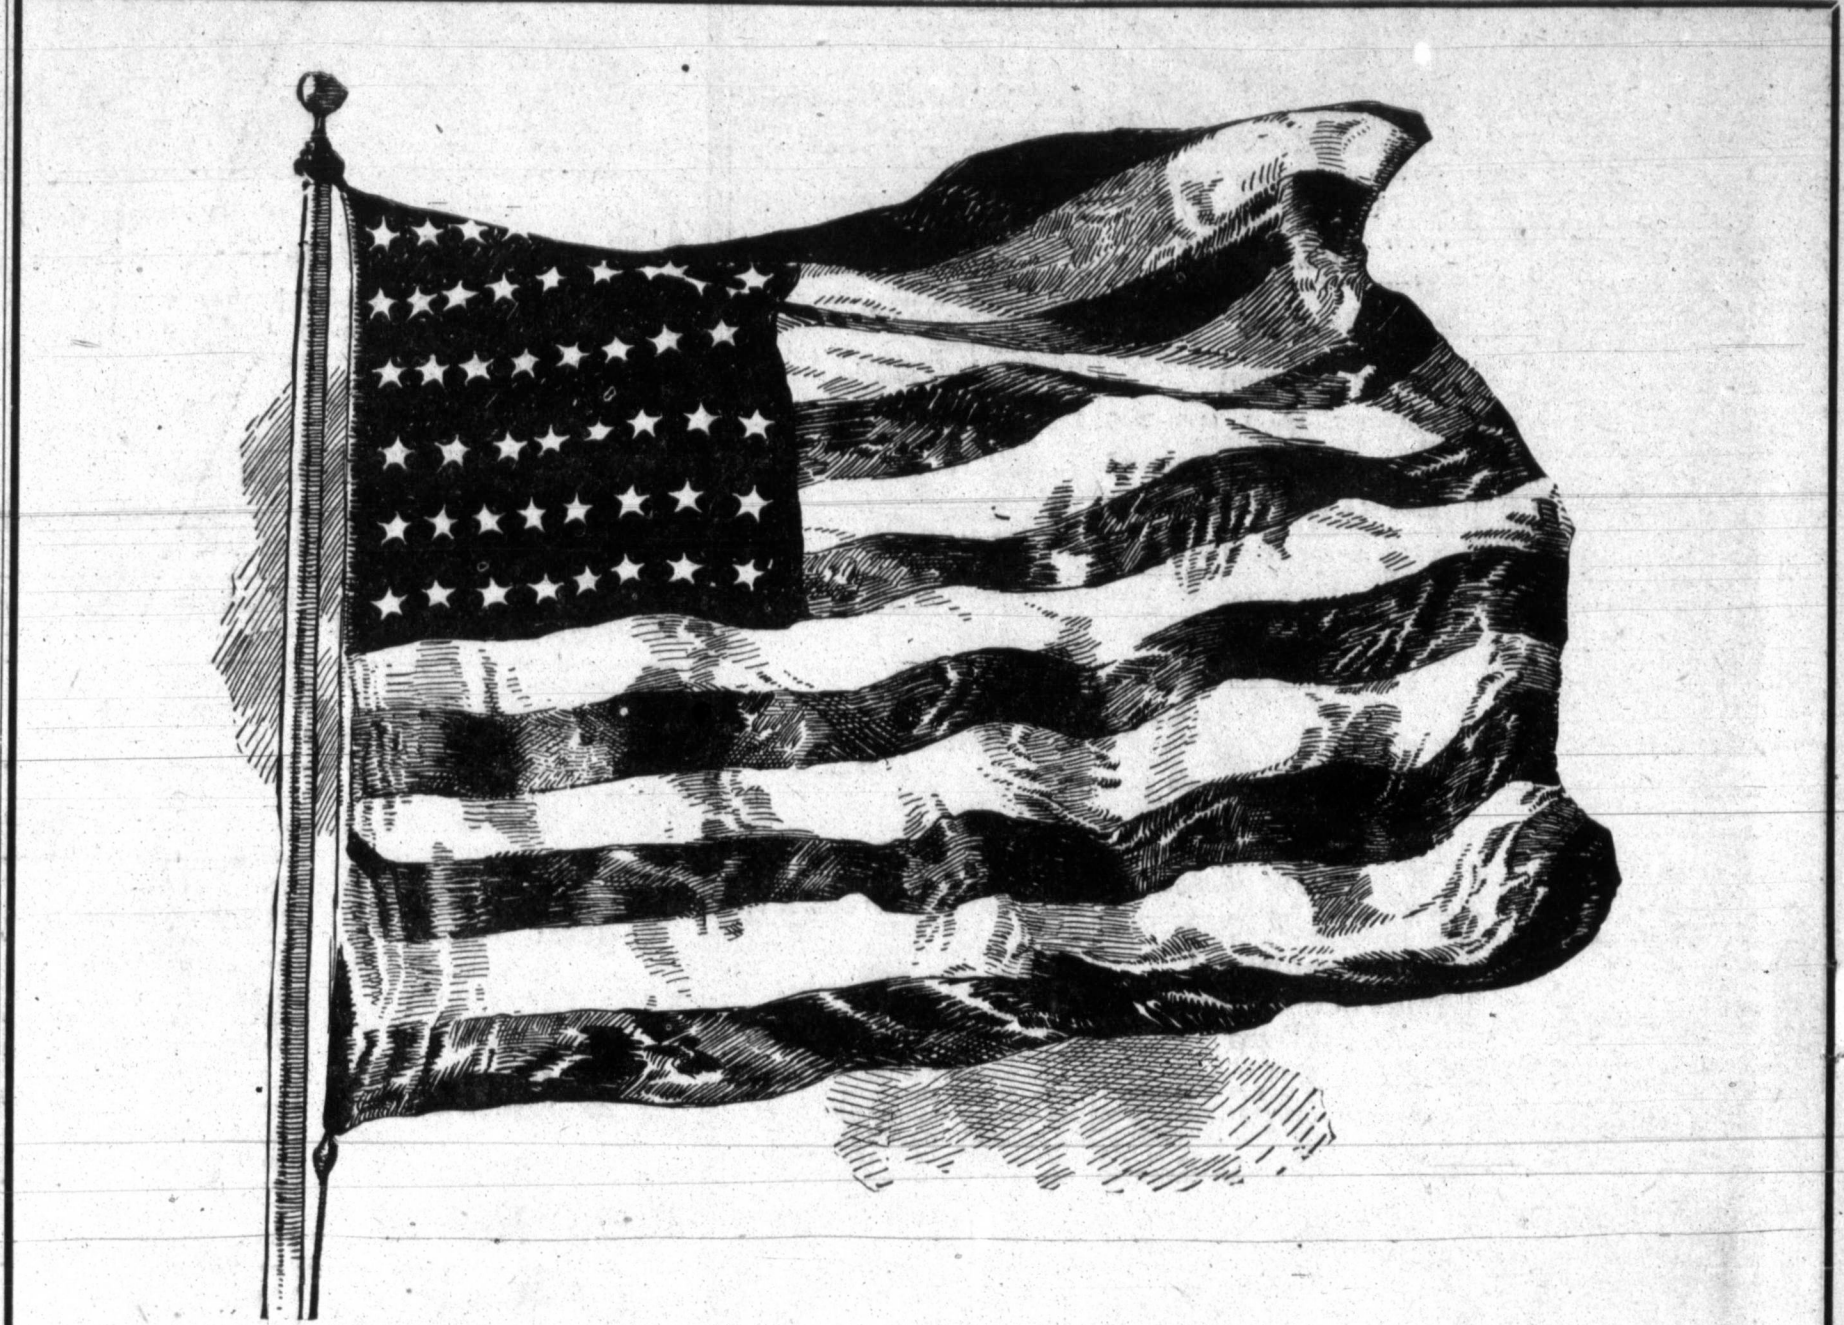

NEW YORK, July 1 (AP)—Phillips Petroleum Co. and the Missouri-Kansas Pipe Line Co. were today negotiating a \$10,000,000 deal with the Columbia Gas & Electric Corp. involving the purchase of Columbia's entire interest in Panhandle Eastern Pipe Line Co.

## Men In Service May Vote In Absentee

Members of the armed forces desiring to vote in the primary must write to the county clerk requesting an absentee ballot. It must be returned by July 20, deadline for absentee voting.

## Man Being Returned On Morals Charge

Sheriff's officers went to Canadian today to return a man wanted on a morals charge. The offense is said to have occurred about 9 o'clock last night in South Pampa.

# Old Glory CAN Wave Over Bataan Next July 4th!!! IF —

## YOU Buy YOUR Share Of War Bonds!

No... Old Glory won't be proudly waving over Bataan, Corregidor, and Wake Island next Saturday—American Independence Day. Instead there'll be a filthy rag depicting the "rising sun."

Our boys did their best to maintain American Independence in these places. They failed because of the lack of guns, planes, supplies and equipment.

Wake-up... Gray County and Pampa, don't let our boys down this month. We fell below our War Bond and Stamp quota in May, again in June... DON'T LET IT HAPPEN IN JULY! We can't let ourselves and our fighting men down again. So—Buy War Bonds and Stamps every payday in July — — — Won't you?

# CLOVIS TO BE HERE TONIGHT

## Hubbers Even Series With 5-4 Victory

The Clovis Pioneers, with Grover Seitz missing from the lineup because of a suspension handed him by Judge Bramham, czar of minor league baseball, will be in Pampa tonight for the first of two games with the Pampa Oilers. Game time will be 8:30 o'clock at Road Runner park.

Last night the Lubbock Hubbers evened their series with the Oilers, winning a 5 to 4 game when Lefty Bergerson outlasted Lefty Eddie Rossi. It was Rossi's eleventh straight loss this season to give him undisputed title of the toughest pitcher of the league. Most of Rossi's losses have been close ones. Either the veteran Lefty George Miltstead or Ernie Myers, signed by the Oilers when Albuquerque folded, will be on the hill tonight. Myers has a record of six wins against seven losses with Albuquerque, which is a mighty good record with a losing team.

Manager of the Pioneers during Seitz' suspension is Lou Frierson. Former Oiler first baseman, Seitz will be in the grandstand watching his boys and maybe flashing a few signals—which is perfectly legal if he isn't caught.

As is becoming a habit, the Oilers spotted their opponents two runs last night. Usually it's more. The two runs came after two were out when Castillo doubled and Altengrub singled. They added another in the sixth on a couple of errors, and then won the game in the seventh on a walk and three singles, by Altengrub, Tucker and McDonald. All the runs came off Rossi who was removed for a pinch-hitter in the last half of the eighth. Miltstead relieved, too late, and easily retired the Hubbers in the ninth.

The Oilers got one run back in their half of the first on a walk to Cunningham, error by the shortstop, and Brown's single. Three runs crossed the plate in the second. Timmons singled and Rossi duplicated, after Surratt had fled out. Bailey then doubled, Timmons scoring. After Cunningham had made an out, Isaacs tripled, Rossi and Bailey scoring. Rattiff ended the Oilers' rally out. It also ended the Oilers' scoring. Lefty Bergerson hurling four-hit ball the rest of the way.

Ray Surratt in right field for the Oilers sprained an ankle in the first inning but stuck until the ninth and he made no less than seven put outs. Andy Mohrlock, who relieved Surratt, added two more. Two of Surratt's put outs were one-handed beauties.

Cunningham, Brown and Timmons paced the Oilers attack with two singles each.

Walker Buckel, Oiler third baseman, received word today from his draft board in San Diego instructing him to report to the Pampa draft board for medical examination Friday morning at 9 o'clock. Number on the San Diego waiting list is not known so it is impossible to determine whether Buckel will be called immediately or later. It is hoped that it will be later because Buckel is the best fielding third baseman in the league.

## 5-Hit Jobs By Smith And Lee Unable To Win Games

By JUDSON BAILEY  
Associated Press Sports Writer

There were only two five-hit ball games pitched in the major leagues yesterday and neither of them was good enough to win.

If you were given a blindfold test and asked to name one of the pitchers who had the misfortune to lose such a well-pitched game it's almost certain you would name Lefty Edgar Smith of the Chicago White Sox or the first guess.

You would be right, of course. Everything happens to Cotton-Top and last night it was Lou Boudreau. The Sox manager of the Indians personally collected four of the five hits made off Smith and one was Boudreau's first homer of the year.

That explains in a nutshell how Smith acquired his 12th setback of the season opposite two triumphs, although he has pitched consistently spectacular ball all year. Jim Bagby, working on one day's rest, kept the Sox to seven safeties in gaining his ninth victory, but needed the aid of Chubby Dean.

The other losing five-hitter also was pitched by a Chicagoan in a night game—the Cubs got Bill Lee getting turned back at Cincinnati 4-1 by the Reds as Ray Starr, the 36-year-old rookie, obtained his 11th victory against three defeats.

Lee was in frequent trouble because of walks, but Starr, hurling a six-hit rebuttal, would have had a shut-out except for a double steal.

The game was played for armynavy relief and, along with an exhibition by Reds-Cubs stars against the Great Lakes naval team, drew \$36,000 from approximately 30,000 fans.

Mort Cooper of the St. Louis Cardinals matched Starr's 11-3 won and lost record by beating the Pittsburgh Pirates 4-2, but saw his streak of consecutive scoreless innings snapped at 32 and lost whatever chance he had of getting his fourth shut-out when Elbie Fletcher homered in the first inning.

The Boston Braves stopped the Brooklyn Dodgers 4-3 for the first time in 15 games over a period stretching back into the 1941 season. Hugh Casey, the relief specialist, started on the mound for Brooklyn and was removed for a pinch-hitter with the score tied at 3-all in the third. Rookie Les Webber gave up the winning run in the fifth.

The New York Yankees saw their American league lead shrivel to 4½ games as they divided a doubleheader at Philadelphia while the Boston Red Sox swept a pair of games from the Washington Senators.

The Yankees dropped their first tussle 8-5 for their third straight loss and 10th in 15 games. It was the first defeat of the year for Hank Borowy and the first win for Lefty Herman Besse, of the A's. The champs almost booted the second, but rallied for three runs in the ninth to win 4-3, relief pitcher John Lindell knocking in the deciding run with a single. The Red Sox made 26 hits in thumping the Senators 9-8 and 5-2.

## Pythians And Phillips Split Doubleheader As Jewelers Win

The Knights of Pythias and Phillips split a doubleheader and the Diamond Shop beat McCart's in Pampa Softball league games last night. Phillips took the first game from the Knights 11 to 5 but dropped the second game 7 to 6. The Diamond Shop downed McCart's 12 to 5.

Home runs galore marked the game between the jewelers and the grocers. Weathered parked two and Mangel and Stephens hit one each for the Jewelers while Lamb and Walsh each hit four-ply wallop for the grocers.

McNeely started on the hill for the jewelers but was relieved by Grover Heiskell. The pair gave up only five hits. Mangel was behind the plate. Keel, on the hill for the grocers, was nipped for 15 hits. Qualls was behind the plate.

Stansell hurled both games for the Knights of Pythias, with Altman behind the plate. Phillips jumped on Stansell for four runs in the opening inning of the first game and then finished their scoring in the sixth and seventh. The Knights scored in the fifth and seventh. Laycock hurled nine-hit ball for the Phillips crew with Dugan behind the plate. Stansell gave up 11 hits, two of them home runs, by Laman and Looney.

Stansell hurled one-hit ball until the seventh inning of the second game when darkness started closing in and his teammates lost track of the ball. Phillips scored five of their runs in that inning, one a homer by Younger. The only other hit off Stansell was a homer by Forbes in the third.

Looney took the mound for Phillips and gave up nine hits. Dugan was behind the plate.

Tonight's schedule calls for Mack and Paul to meet the Knights of Pythias and Ideal Food to play the Jaycees, both games at Magnolia park because of wet grounds at Recreation park. First game will be at 6:30 o'clock sharp.

MISSING FROM THE CLOVIS LINEUP here tonight will be Lefty Grover Seitz, their manager. The popular manager will be in the grandstand watching his Pioneers play for Lou Frierson. Seitz will be missing from organized baseball for 90 days by order of Judge Bramham, minor league baseball czar.

Seitz was suspended for allegedly tearing the chest protector off Umpire Red Norman and throwing his mask at his feet. Norman, a substitute umpire, had been dealing Seitz misery for two nights, according to Clovis players. The payoff came when a Clovis player stepped from the batter's box objecting to a called strike. Seitz started from the dugout to protest but Umpire Norman ignored him and ordered the Lubbock pitcher to start chugging, even though the Clovis batter was not in the batter's box. Two strikes whizzed over the plate retiring the side although Seitz had asked for time-out.

Before Seitz could reach the umpire to protest the action, Norman told Seitz that he had five seconds to get out and play ball. The umpire counted one, two, three, four, five with machine-gun rapidity and chased Seitz out of the game. As the umpire started to walk away, Seitz grabbed his chest protector to halt him and the strap broke. The umpire then shoved his mask at Seitz who immediately took it and threw it to the ground at the umpire's feet. Norman called the cops, but Seitz voluntarily left the field.

Both Seitz and Norman tell about the same story only Norman says Seitz ripped his chest protector off and threw the mask at his feet.

Seitz has made application to have some of the suspension lifted and most of the other managers in the league are supporting his petition.

## Rookie Marshall Faces Jinx In All-Star Game

By GAYLE TALBOT  
NEW YORK, July 1 (AP)—Young Willard Marshall probably has not been judged off to his first all-star game of his career. He will be hanging over his innocent head when he takes the field in the annual all star game next Monday at Detroit.

The history of all-star games reveals this to have been a painful distinction for bygone rookies so honored.

The two classic examples of what can happen to a first year youngster when the spotlight suddenly envelops him in the big game are Joe DiMaggio and Pete Reiser. Each of them has since proved himself a great player, but if Pete and Joe had been judged off to their first all-star performances they would have been headed back to the minor leagues the next morning.

DiMaggio, sensation of the early '36 season, flopped miserably in the game at Boston that year. Placed third in the American league's batting order to take full advantage of his amazing punch, Joe went hitless in five attempts and left seven base runners stranded. Also, Joe made the game's only error. His side lost 4-3.

Reiser, now leading the National league in hitting, had his run-in with the all-star jinx only a year ago in Detroit. Not only did the Brooklyn star go hitless in four tries, striking out twice, but he did everything in the outfield except step on his own throwing hand. He made two errors.

The instances at least give an idea of the unusual strain under which Marshall—playing only his third year of organized ball—will be laboring when he is tossed into the arena with the game's greatest figures.

## Missions And Tulsa Win Tuesday Games

(By The Associated Press)

San Antonio blanked Shreveport 6 to 0 and Tulsa downed Fort Worth 2 to 1 in the only Texas league games last night.

The Dallas at Oklahoma City and Beaumont at Houston games were postponed.

The Missions' win came largely by virtue of a triple by Jim Lucas with the bases loaded in the seventh. Up to then it had been a mound duel between Doyle Lade and John Whitehead.

The Oilers scored two runs in the first inning, with the assistance of a Fort Worth error—and that was enough for a victory.

Yanks So Bad They Can't Catch Train

PHILADELPHIA, July 1 (AP)—It has come to this: The New York Yankees, who have squandered three-fourths of an 11-game lead recently, are so bad right now they can't even catch a train. Joe Gordon and Ralph (Red) Rolfe, infielders, went to the wrong station in Chicago Sunday and didn't rejoin their mates until just before game time here yesterday.

to provide the Mediterranean fleet with necessary air strength, and said that failure to provide proper weapons had sent the war machine "tumbling from one disaster to the next."

Lieutenant Arthur Greenwood told commons that the fall of Tobruk was "as profound a shock" as the people have had since Dunkerque.

Simultaneously, in the house of lords, Lord Addison said that failure to provide dive-bombers was a "disgrace," and he urged that Gen. Sir Archibald P. Wavell be brought home from his Indian command to assume Churchill's post as defense minister.

Earlier Wardlaw-Milne had suggested that the Duke of Gloucester be made commander-in-chief of the British armed forces. This drew derisive shouts from Churchill's supporters of "that put the lid on it."

Wardlaw-Milne's attack followed the forecast lines—that too much responsibility was centered in Churchill's own hands, as prime minister and defense minister, that coordination among Britain's land, sea, and air arms was lacking, and that British production was slow in providing the most modern equipment.

Lytleton said that American dive-bombers have already been to one front and that others would be delivered soon from American factories.

He said Gen. Sir Claude Auchinleck still has "a substantial number" of American 28-ton General Grant tanks and that others "are arriving on the battlefield."

Clement Davis, opposition Liberal, moved that the house proceed "at once to the impeachment of persons responsible" for lack of weapons and equipment for British forces in the field, as outlined by Lytleton, but he was declared out of order.

Disapproval over the war leadership flared in the house after the sudden collapse of Tobruk on the heels of confident reports from the North African front that the Axis eastward drive was faltering.

Although some backing has been rallied behind the government's critics, British parliamentary observers have predicted that the prime minister would be supported overwhelmingly and that a movement to split the premiership and defense ministry, both of which Churchill holds, also would fail.

Churchill himself will wind up the debate tomorrow and his supporters count on his oratory to disarm the opposition.

**The Youngest Winston Churchill**

A chip off the old grandpa is Winston Churchill II. This exclusive picture shows the prime minister's 20-month-old grandson in a typical Churchillian swagger in London. His father, Capt. Randolph Churchill, is a commando; his mother is a member of the Women's Volunteer Services.

**EGYPT**

(Continued from Page One)

Germans had already knocked out 350 Nazi tanks in the three-day-old offensive.

"In one sector alone during the day, we killed over 2,000 German officers and men," a Soviet communiqué said.

In the critical Egyptian battle theater, latest reports said the British had not yet committed their main forces to the supreme effort of halting the Axis invasion, but it was apparent that a decisive test must come soon.

At the same time, conjecture arose as to the fate of nine demilitarized French warships at Alexandria in the event the base should have to be abandoned.

Still seaworthy, the French men of war include the 22,189-ton battleship Lorraine, four cruisers, three destroyers, and a submarine.

With the Axis sweep already having advanced 200 miles inside Egypt from the Libyan frontier, front-line dispatches said Gen. Sir Claude J. E. Auchinleck was rushing fresh troops, new guns, and supplies into the forward zone for a showdown battle.

British informants in Cairo said the "zero hour" for the critical struggle was near, and declared that thus far the British withdrawal was in keeping with General Auchinleck's plan to sacrifice

**Mask Beauty to Do Duty**

There is little to distinguish the Colonel's Lady from Judy O'Grady when, as members of British anti-aircraft batteries, both don masks for gas attack drills.

ground-in exchange for time needed to reorganize the mauled imperial 8th army.

A London spokesman said Alexandria was a "well-defended base but that if it fell, the British Mediterranean fleet still would be able to operate from Port Said, at the northern entrance to the Suez canal; from Haifa, Palestine, or even Beirut, Lebanon.

Official circles indicated that Suez, vital link between the Mediterranean and the Red sea, might

be destroyed if the Axis invaders reached the Red sea.

Conquered many times in its history dating back thousands of years before Christ, Egypt was clearly in extreme jeopardy as Field Marshal Erwin Rommel's mechanized armies raced on toward the Nile.

Italian headquarters said German and Italian tank columns had passed El Daba, 100 miles west of Alexandria; British dispatches conceded this.

The Axis vanguards were described as probably small and some distance in front of General Rommel's main armies. Nevertheless, they had knifed half way into the corridor between the Mediterranean coast and the Gattara depression which affords the British their narrowest line for defense of Alexandria.

British headquarters reported tersely that "a number of enemy tanks were knocked out" in an armored battle yesterday, but said fighting on a large scale did not develop.

Cairo dispatches said the best natural position for a British stand now appeared to be in the region of El Alamein, 35 miles east of El Daba and only 65 miles from Alexandria.

On the British home front, Prime Minister Churchill faced a test of faith in his war leadership as Sir John Wardlaw-Milne, a member of his own party, moved a vote of "no confidence" in the government.

Churchill himself will wind up the

debate tomorrow, and observers expected his oratory to disarm the opposition.

Critics assailed Churchill for centering too much responsibility in his own hands, as prime minister and defense minister, and asserted that coordination was lacking among Britain's land, sea, and air arms.

### Kit Kat Klub Names Sponsors For Presentation

Sponsors for the formal presentation dance to be given Thursday night at 9 o'clock at the Country club by the Kit Kat Klub have been announced. They are Mr. and Mrs. C. P. Buckler, Mr. and Mrs. J. W. Garman, Mr. and Mrs. J. L. Sperry, Mrs. Chester Thompson, and Mrs. Raymond W. Harrah. Pledges to be presented are Colleen Chisholm, Betty Jo Holt, Jean Beagle, Mary Bellamy, Anna Barnett, and Shirley Stone. Music for the dance will be played by Pinky Powell's orchestra. The event, which was formerly announced for Friday night, has been changed to Thursday. At a meeting of the club Tuesday night in the home of Miss Kathryn Homer, plans were completed for the dance. The decoration committee will meet tonight at 7 o'clock at the Country Club to decorate the ballroom. Refreshments of lemonade and cookies were served to Misses Jean Chisholm, Mary Gurley, Kathryn Homer, Bobbie Lou Posey, Janice Wheatley, Colleen Chisholm, Mary Bellamy, Norma Jean Beagle, Anna Barnett, Betty Jo Holt, and Shirley Stone. The club will meet with Miss Betty Jo Holt next Tuesday night at 7 o'clock. **BUY VICTORY STAMPS**—The first commercial air line in China was established in 1929, operating between Shanghai and Nanking. **BUY VICTORY STAMPS**—In 1790, congress ruled that every soldier should have a specified amount of brandy, rum, or whisky daily. **BUY VICTORY STAMPS**—Read the Classified Ads!

### Luncheon Given To Fete Mrs. Frank Johnson And Son

Mrs. H. H. Keyser entertained at a buffet luncheon Monday honoring Mrs. Frank Johnson of Amarillo, formerly of Pampa, and her son, Jim Bob Johnson, of the U. S. S. Augusta, who was at home on a short furlough. The table and buffet were decorated with delphiniums, roses, and nasturtiums. Those attending were Misses Frank Johnson, Ella Brake, R. W. Tucker, H. C. Wilkie, T. L. Anderson, Ellen Chapman, T. B. Solomon, E. Stidham, and Miss Lois Barrett, Carl Johnson, and Adeleine Johnson. **BUY VICTORY BONDS**

### Layette Shower Given To Honor Mrs. D. N. Walker

Honoring Mrs. D. N. Walker, a layette shower was given at the home of Mrs. Ruby Culppepper recently. Games were played by the group and prizes were presented to the honoree. Assisting the hostess were Mary Frances Kiefer, Novelle Shannon, Virginia Archer, and Helen Landgraf. Refreshments of pink and blue sandwiches and punch were served to Mrs. Corine Mason, Vi Willis, Helen Landgraf, Virginia Archer, Novelle Shannon, Miss Mary Griffiths, Priscilla Davis, Rhonda Norma Jo Kenner, Mary Jane Griffin, Sylvia Gray, Hachel Hallman, Ozella Dunn, Ben Clark, Mary Frances Kiefer, and the hostess. Gifts were sent by Mrs. Kate Sullivan, Opal Robeson, Ida Hollar, Mrs. Dodson, Lorine Busby, Lora Payne, Miss Tommy Close, Beatrice Hicks, Dorothy Barrett, Adline Hollar, Sibyl Patterson, and Mr. and Mrs. Olen Walker. **BUY VICTORY BONDS**

**DECORATING IDEA**  
Most families are going to spend more of their leisure hours at home than they have, so making the play room attractive and amusing is quite in order. Fun, too, because if you're a bit handy, you can do much of the work yourself and let your ingenuity run riot. Gifts were sent by Mrs. Kate Sullivan, Opal Robeson, Ida Hollar, Mrs. Dodson, Lorine Busby, Lora Payne, Miss Tommy Close, Beatrice Hicks, Dorothy Barrett, Adline Hollar, Sibyl Patterson, and Mr. and Mrs. Olen Walker. **BUY VICTORY BONDS**

### Prizes Presented By H. D. Council To Communities

At a recent meeting of the Gray County Home Demonstration Council, Mrs. Ernest McKnight presented prizes to the three communities who had the largest number of families present at the home demonstration clubs' "Consumer picnic" on June 9. A water set was the first prize, awarded to Bluebonnet, who had nine families, including 34 persons, present. Hopkins and Colteco were second and third, respectively, each winning a vase. "Mrs. America Buys With Care" and foods grown at home will be the subject of a display made by the various clubs, and placed in a local window soon. This display will have tips on consumer buying and some of the varieties of home-grown products. A training school for food demonstrators was held after the Council meeting with training school help on the canning and drying demonstrations to be held at the various clubs during July. **BUY VICTORY BONDS**

### Officers Elected By Newly Formed Merten H. D. Club

Merten Home Demonstration club was organized Tuesday afternoon in the home of Mrs. T. L. Sirmom. Officers elected for the club are: Mrs. T. L. Sirmom, president; Mrs. H. H. Threatt, vice-president; Mrs. B. W. Bettis, secretary and treasurer; Mrs. E. B. Davis, assistant; Mrs. H. H. Threatt, education and expansion; Mrs. Frank Bally, assistant; Mrs. D. A. Caldwell, reporter; Mrs. C. B. Haney, assistant; Mrs. J. H. Fish, council representative; Mrs. John Brandon, alternate; Mrs. Sam Cabelery; Mrs. A. Swafford; finance; Mrs. Emmett Osborne, Mrs. E. E. Etheridge, recreation. Other members are Mrs. Elmer Prescott, Mrs. C. O. Bridges, Mrs. H. B. Knapp, Mrs. J. L. Burba, Mrs. H. M. Hassell, and Mrs. Joe Ford. Mrs. Julia Kelley, county home demonstration agent, spoke on new ways of canning and drying both fruits and vegetables. She will demonstrate both at a later meeting. The club will meet with Mrs. B. W. Bettis at 2:30 o'clock July 9. Refreshments were served by the hostess. **BUY VICTORY BONDS**

### The Social Calendar

### Rebekah Lodge To Meet In Home Of Mrs. Clay Thursday

Because of the fire which damaged the I.O.O.F. hall this morning, the weekly meeting of Rebekah lodge will be held in the home of Mrs. Jess Clay, Thursday evening at 8 o'clock. All members are asked to be present tomorrow night. **BUY VICTORY STAMPS**—The hexagonal cells of bees and wasps are not planned that way but are cylinders under pressure.

**Cool, Wide Sleeves**  
A becoming yoke and the cool, wide sleeves are the outstanding attractions of this smart, soft dress designed for larger women. Below the yoke with its pleasing, open neckline are the soft gathers which give ample fullness to the bodice. The skirt, in panels, may be smoothly fitted to minimize hip heaviness. All together, it is an ideal frock for summer's pretty flowered cottons. Pattern No. 8209 is in sizes 38 to 52. Size 38 requires 4 1/4 yards 39-inch material, 1 yard ric-rac to trim yoke. For this attractive pattern, send 15c in coin, your name, address, pattern number, and size to The Pampa News, Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill. Patterns for every sewing need are to be found in our summer Fashion Book. Lingerie, aprons, youngsters' styles—dresses of many, many designs. Send for your copy today. Pattern, 15c; Pattern Book, 15c; One Pattern and Pattern Book, ordered together, 25c. Enclose 1 cent postage for each pattern.

**LADIES' HATS REDUCED!**  
One big lot of hats priced to clear... felts and straws in navy, black and pastels. Buy yourself a new bonnet for the Fourth... and at big savings, too. Values to 5.00 Values to 6.50 **1.88 2.88**

**QUEEN QUALITY SHOES**  
AT CLEARANCE PRICES  
One Lot Reg. \$6.95 Shoes in Country Cream, Beige, Black and Tan.  
**CHOICE 385**  
Jones - Roberts

### Fresh Tomatoes Provide Seven Needed Nutrients

"The tomato, once a horticultural Cinderella, is now regarded as one of the most desirable of vegetables. Fresh tomatoes are the victory food special for July, August, and September. Tomatoes rank high, nutritionally speaking, because they furnish the body seven essential food values. These nutrients for which tomatoes are especially valued are three of the minerals—calcium, phosphorus, and iron—and four of the vitamins—A, B, C, and G." Mrs. Julia E. Kelley, Gray county home demonstration agent for the A. S. M. college extension service, stated. The following tomato recipes were prepared for Panhandle homemakers. **Green Tomato Pie**  
Peel and slice 4 or 5 large, green tomatoes. Place in casserole and sprinkle with minced parsley, one small chopped onion, 1 small diced cucumber, 1 tablespoon butter, 1 teaspoon sugar, and salt and pepper to taste. Spread 2 cups well-seasoned hot mashed potatoes over the tomatoes for upper crust. Sprinkle with 3 tablespoons grated cheese. Bake in moderate oven (375 degrees) until nicely brown. **Cottage Cheese and Tomato Salad**  
On individual salad plates arrange crisp lettuce. In the center make a mound of cottage cheese, which has been mixed with cream, salt, and pepper; place tomato in slices or quarters around the edge and serve with salad dressing. **Fried Tomatoes**  
The tomatoes may be just to the white stage before ripening or have partly turned red. Remove the hard portion at the stem end. Cut into slices 1/4 inch or less in thickness. Season with salt and pepper if desired. Roll each slice in flour or corn meal and fry in enough hot fat to cover the bottom of a skillet. When brown on one side turn and let brown on the other. **BUY VICTORY BONDS**—Nevada is the least thickly populated state in the Union, with one person to the square mile.

**Is your child a NOSE PICKER?**  
It may be more than just a nasty habit! It may be a sign of worms. See, tiny crawling roundworms inside your child! Other warning signs are: "finicky" appetite, crankiness, itching in certain parts. These bowel worms can cause real trouble! **JAYNE'S** is America's leading professional worm medicine; scientifically tested and used by millions for over a century. It expels stubborn worms, yet acts very gently. If no worms are there, **JAYNE'S** works as a mild laxative. Be sure you get **JAYNE'S VERMIFUGE!**

### Mrs. Huff Honored At Farewell Lunch By Sunday School

A covered dish luncheon was given Monday at 1 o'clock in the home of Mrs. H. M. Cone by officers and teachers of the low junior department of First Baptist church honoring Mrs. Bob Huff, who has been a teacher in this department for more than two years. Mr. and Mrs. Huff are moving to Houston to make their home. Following the luncheon, gifts were presented to Mrs. Huff. Present were Misses D. A. Caldwell, W. E. James, Clifford Williams, Harvey Downs, Tommie Stone, C. L. McKinney, H. M. Cone, and the honoree. A gift was sent by Mrs. Bob Allford. **BUY VICTORY BONDS**—Eagles cannot carry off objects weighing more than 10 or 15 pounds scientists have shown by tests. **BUY VICTORY BONDS**—Porcupines cannot throw their quills.

**SLACK SUITS for PLAY**  
Get set for the Fourth with one of these "go everywhere" slack suits in gaberdines, crash, hana and straitlaced cloth... matching or contrasting jackets. A host of brilliant new colors and pastels. **6.50 to 14.95**  
**Dunkable Denim SLACK SUITS**  
Sturdy, smart denims. You'll want for work and play—casual and easy, they'll take lots of wear... require little care. **4.95**

**SEE - WORTHY SWIM SUITS**  
Gay, young swim suits that look wonderful wet or dry! Styles to flatter every figure... dressmaker and mallot suits. Misses and women's sizes. **2.95 to 8.95**  
**PLAY SUITS**  
Double-duty stars! Play suits with matching shirts in seersucker, prints... and washable silks. You'll be comfortable in them all summer long. **3.95 to 10.95**

**FOR YOUR CONVENIENCE**  
we will remain open until 9 p. m. Friday evening  
**CLOSED THE 4th.**  
**FOR A PERFECT 4th OF JULY**  
**PLAY... MAKE TIME for PLAY!**  
Of course you're pitching in—working hard these days—everybody is! All the more reason why you should make time for play—find time to relax—so that you'll feel better—look better—stay healthy! So now that leisure hours are fewer—add to the enjoyment of every second of them in cool comfortable clothes. Find them here—

**COOL SLACK SUITS**  
Relax indoors or out over the Fourth! You'll like the freedom of action in these slack suits! They're free cut, made of lightweight rayons to give the coolest comfort you've ever experienced. **5.95 to 10.95**

**SPORT SHIRTS**  
1.65 to 2.95  
**MEN'S SPORT SANDALS**  
3.95 and 4.95

**Tropical Worsted Summer Suits**  
The finest lightweight summer suit we sell. The fabric is cool, thin, porous. You can choose from assorted tropical worsteds, hand-tailored, distinctive in fit. These look like the finest business suit but feel pounds lighter and cooler. **28.50**

**SUMMER STRAWS**  
1.95 to 5.00  
**SWIM SHORTS**  
1.95 to 4.00  
**MESH SHIRTS**  
2.00  
**TENNIS SHORTS**  
2.50  
**Murfee's**

PLEDGE OF ALLEGIANCE—I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all.

Hitler On The Spot

We have pointed out that the United Nations' current military setbacks are no more than inevitable incidents in the process of beating an enemy who, not long ago, was supposed to be invincible. Here are some further thoughts which are not wishful thinking. By keeping them firmly in mind, we can maintain a sane perspective.

The United States is the greatest industrial nation in the world. The resources of the United States, in materials and plant, infinitely surpass anything to which the Axis has access.

We could have lost a few months ago. We should, in all logic, have lost in the autumn of 1939 and the spring of 1940. Then the United States was asleep.

When Hitler did not win in 1940 or 1941, he gave us an opportunity to retrieve ourselves. Up to late last year, all we possessed was potential power, unusable against Hitler. It was like a safe fence, a long way off, with a mad bull chasing us through a pasture.

Then the bull permitted himself to be diverted. Hitler stopped to polish off Russia, and caught a tartar. We kept racing toward the fence—toward building the armies and armaments which would make us, and not Hitler, invincible.

Now we know we can make the fence. We're not out of danger. We may yet stumble and fall. But if we do, we can blame only ourselves. In 1940, General Marshall told us frankly we should have to spend 100 billion dollars to put our military might on a parity with Hitler's.

We're pouring out war materiel at the rate of four billion dollars' worth a month, while Hitler fiddles in front of Moscow and doesn't stop.

We won't beat Hitler this year. He can't beat us after this year. Therefore he is putting everything he has into a knockout attempt. He is hurting us. But while he grows weak, we grow strong.

Age Of Glass War-bred shortages of many metals have given a great impetus to the nation's oldest industry—glass-making. Yankee ingenuity is finding many new uses for the product which are astounding to those of us who think of glass as only a transparent, brittle material that has to be handled with care.

Glass is replacing steel, tin, aluminum, synthetic plastics, cork, asbestos, silk, rubber, nickel, copper, to mention only a few strategic materials. It is being used to reinforce concrete, to cover the wings of training planes, for paratroops (the details are a military secret), for ballistics prisons, for plumbing pipes.

Out of the expedients forced by war necessity, we may expect many permanent changes in post-war fashion and usage.

More Sugar Apparently there is some hope that one of our shortages, that of sugar, may be relieved somewhat within the foreseeable future. Shipments from Hawaii are up and bumper crops of beets and domestic cane are in prospect. It may be some time before the effects are felt in rationing. Something might even occur to knock out the experts' calculations.

Meanwhile no false inferences should be drawn from the prospective change. There was a shortage of sugar. There still is. If that scarcity is relieved, it will be because so many ships return from the Far East, after delivering war supplies, with empty holds in which they can bring us sugar.

Today's War Analysis By DeWitt MacKenzie

Nazi Field Marshal Rommel has thrust his armored columns closer to the heart of Egypt, and the Allied position continues extremely grave. That grim fact isn't without some slight solace for the defense, however. The German leader's already dangerously extended communications have been still further lengthened and there are signs that his troops are becoming fatigued from the fierce drive which has carried them to within 200 miles of Britain's key naval and air base at Alexandria.

Meanwhile General Sir Claude Auchinleck, canny Scots commander of the British forces in the Middle East, has been fighting a retraining action to give him time to reorganize his battered army and receive further reinforcements. The main battle hasn't yet been joined, but it

can't be far in the offing. When it comes much will depend on the British power of counter-attack. If the war has seemed far away and unreal to some of us, this great crisis should bring it very close, for upon a sweeping success in the battle for Egypt Hitler might build a victory which would bridge the Atlantic and threaten the security of our very homes. We see a manifestation of the vital importance of the situation in the British house of commons where critics of the government today are demanding that Prime Minister Churchill give an accounting of his stewardship.

All of us know, of course, that the Nazi leader's chances of winning the war depend on his breaking through to fresh supplies this year. We know, too, that the only feasible sources are the Caucasus and the Middle East, with their rich oil deposits and other resources. Moreover it's clear that Hitler's offensives in the Ukraine and in Egypt are correlated, and that if both of them are successful they will form a vast pair of pincers which will grip Britain's interests in the eastern Mediterranean. What may not be so apparent, however, is how a Nazi victory in Egypt alone might

have ramifications which would give the rest of the Middle East into the clutching hands of the German all highest. If Alexandria should fall it might be the fatal blow to John Bull's control of the eastern Mediterranean. It's true, as London points out, that he might retire with his warships to Port Said, Egypt, or to Haifa, Palestine. But those ports aren't properly equipped to mother a fleet.

Moreover, capture of Alexandria would render Port Said and Cairo vulnerable, and if these two places fell into Hitler's hands, he would be master of Egypt. With the British navy and air force unable to protect the Mediterranean routes, the Axis could pour troops and equipment into Egypt and smash directly at the Middle East through Palestine. You can carry this unhappy hypothetical situation on until the Axis has over-run the Middle East and is striking at the Russian left flank up through the Caucasus, while driving against the Soviet line in the Ukraine. Meantime the Japs would swarm the Indian ocean and make juncture with Hitler. Indian nationalists would then have a chance

Common Ground

By E. G. ROILES

I speak the pass-word principle. I give the sign of democracy. By God I will accept nothing which all cannot have their counterpart of on the same terms.

AROUSING THE PUBLIC ON WINNING THE WAR

In a couple of previous issues, I have quoted briefly from de Seversky's book, "Victory Through Air Power". His book attempts to arouse the public as to what will happen, unless we devote more of our energies on aviation and less on navies and regular land army equipment.

It seems that everything that Billy Mitchell predicted and everything that Seversky has predicted in this book, has come to pass. So we should pay attention to the man whose judgment in the past has proved to be correct. I quote further from Seversky:

Producing Present Planes Not the Answer Here is what Seversky says about our planes: "If the production program of 385,000 planes announced by the President in his great address of January 6 is carried out in full, we shall be no nearer genuine air power—since those planes will not reflect a unified aerial strategy to be used by a unified air command. They will still be merely weapons of the Army and the Navy. Far from being a 'third' aviation service, a separate Air Force would be the first and only agency to provide us with genuine air power."

He points out we have not learned from this experience at Pearl Harbor, by making the following statement: "A month after Pearl Harbor we had new proof that the lesson had not penetrated the orthodox military mind. In asking Congress for additional tens of billions of dollars, a ranking naval officer declared that among other things, the investment would help America 'gain command of the sea by destruction of the enemy's seagoing forces.' The assertion amounted to a public confession of arrested strategic thinking. Yet it was accepted without protest by our legislators, press, and public opinion.

"To get some inkling of the emptiness of that threadbare naval promise, we need only assume that we actually succeed in annihilating 'the enemy's seagoing forces.' Then let us inquire whether that miracle would, in fact, give us 'command of the sea.'"

Glenn Martin's Opinion Here is a statement quoted from the February 1942 house organ of the Glenn L. Martin airplane company, Baltimore, Maryland. Martin says his firm "can build a 250,000-lb. flying ship able to carry 80 tons of bombs or cargo to Europe at a speed of more than 300 mph at any time that there is a demand for it. The preliminary designs have already been worked out."

Here we have one of our greatest airplane builders saying they can build these flying ships when there is a demand. But our leaders are spending billions and billions on surface ships and are not demanding these airplanes which the producers say can be furnished when there is a demand.

If there is no demand for these planes now, our national leaders are stone blind. Major Seversky quotes Viscount Trenchard, Marshal of the Royal Air Force, as saying: "The strength of the Germans, he wrote, derives from the fact that they have ruthlessly discarded outworn naval and military traditions, have allotted to air power its proper share in their plans, and have remodeled their naval and military technique to suit the conditions of their air age."

Self-preservation and a desire to be of service to your fellow-American and armed forces should lead every person to read this book and not simply a review of it. He then can be a party to helping bring about public opinion that will be directed in a manner to help bring this war to a successful conclusion with the least possible amount of loss of life and property.

He closes his book by saying, "They (air-minded leaders) alone can implement their hopes with the sureness and precision of engineers. Convinced that they are witnessing the last naval battles in human history, they are not 'let down' by naval impotence or naval reverses. Knowing that the loss of this or that area of land or ocean is a temporary episode, with the real decision still to be fought out in the skies, they cannot be discouraged by defeats which in former times would have spoiled final doom.

"From whatever angle we examine our position, therefore, preparation without further delay for all-out and direct aerial attacks on the enemy's primary bases is not only preferable, but, in my view, our main hope. Our task is to hold the enemy on land and sea with minimal forces, to conserve our resources—and to channel our main energies and economic wealth for massing in the air for a decisive all-out offensive. . . . Must we remain content to turn the crank of mass production and spew out vast amounts of backward equipment in imitation of the enemy's weapons? Can we not find among ourselves men with the courage to launch an advanced, modern strategy—and to assume full responsibility for their mental daring? Shall we remain helpless in the hands of military leadership which fears to tackle anything that has not been haloed by precedent? Such an attitude, unfortunately, leaves the initiative forever in the hands of the adversary."

WORK AT LAST! I've just met Charles Drake at Warners and found him rejoicing in a small role in "Now Voyager." He appears as a rejected boyfriend of Bette Davis. In a year and a half at the studio it's the first role worth mentioning for this personable young man with Broadway experience.

He first came to Movietown in 1938 and couldn't even get inside a studio. Went back to New York, won a Gateway to Hollywood contest and was returned to the celluloid city by plane. This time he got interviews and encouragement, plus a thumb-twiddling contract at RKO and a bit in a picture ironically titled "Career."

His name was Charles Rupert. He made another trip to New York, worked a while, and returned to Hollywood as Charles Drake. Mr. Drake walked into Warners and signed a contract, and was lured to thinking they would give him something to do. Now he's joining the merchant marine; he knows there'll be action.

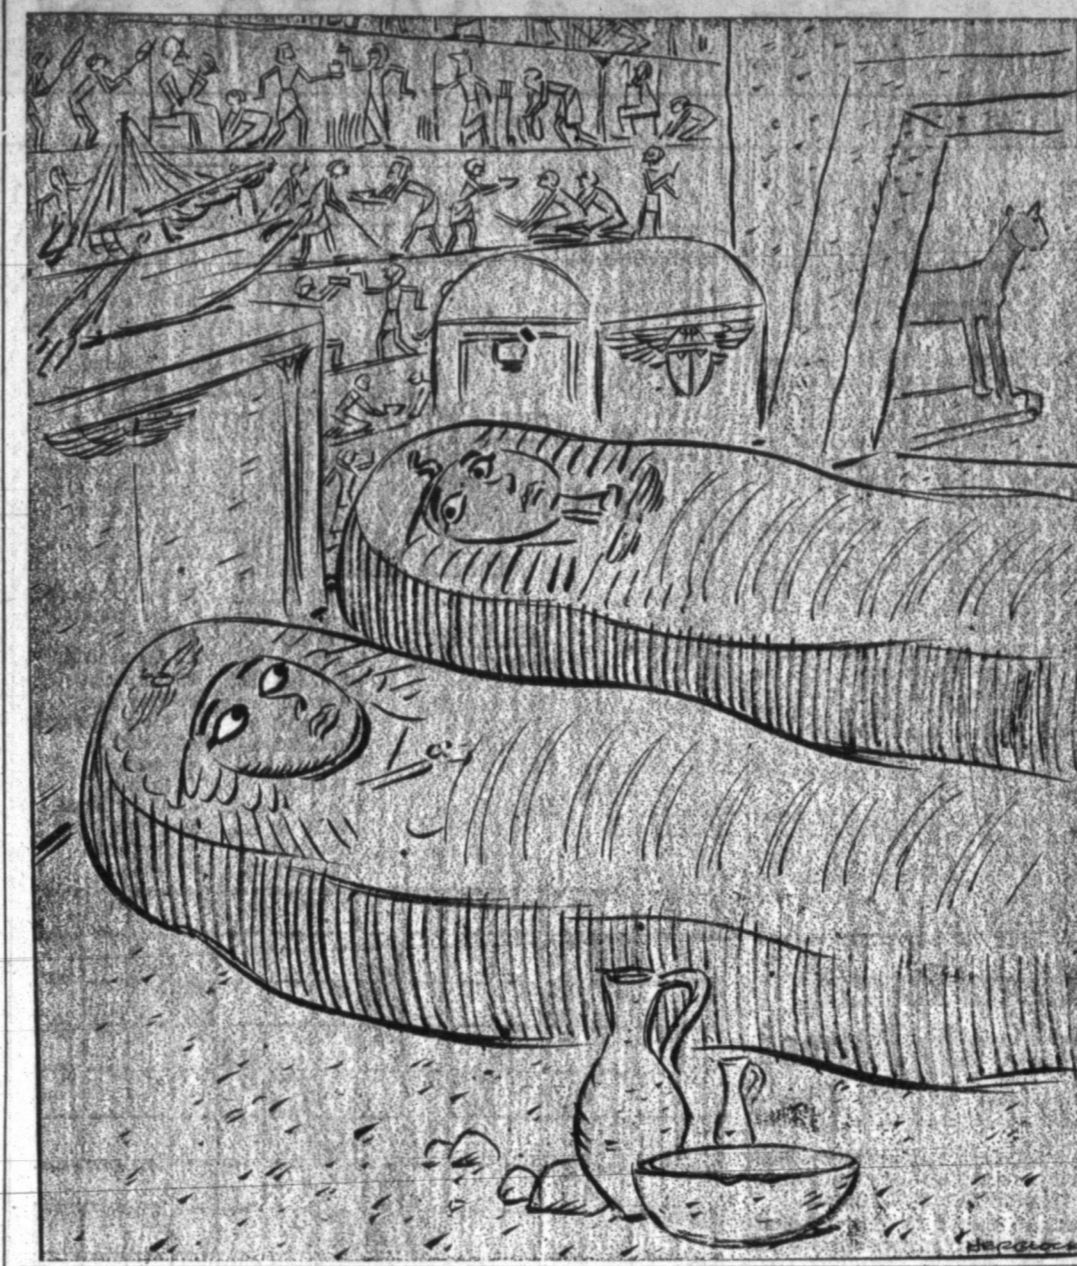

THEY'LL BE SURPRISED By sheer necessity, the studios doubtless will have to put untold actors into important roles, and it's equally certain that some of them will be unable to accept. Congressman Gene Worley's appointment, it has been learned. Next in line is John Boyce of Amarillo, and if he is unable to make the grade, Eugene (Red) Spurling of Canadian is the next alternate.

I'd like to put in another good word for the La Ross Budos, the boys who did so much toward helping Bill Fraser, D. H. Coffee, Malcolm Denson, and others put on the Army Day parade. . . . It's been the personal observation of a number of people that in the hectic year of 1942 when everybody seems to do as he pleases, whether old or young, those Budos stick to sobriety and shun the night spots where high school students don't belong anyway. . . . The boys have established a code and they try to live up to it.

Negro Troops Protested AUSTIN, July 1. (AP)—Residents of Eagle Pass, border town in Maverick county, have protested war department plans to station Negro troops in or near their city. Governor Coke R. Stevenson, disclosing the protest, said residents informed him their opposition was not based on racial prejudice but on the fact the city had no public facilities for Negroes.

Turbines The Trouble Reasons for this apparent slowness are several. Tankers are complicated tanks running the length of the ship, one row amidships with a row of wing tanks at both sides. Each row of tanks is in turn divided into eight separate tanks and all must be absolutely leak-proof. The Bethlehem yards have a patented, fluted-and-welded-tanker bulkhead

"YOU HEAR ANYTHING?"

Around Hollywood

By PAUL HARRISON

HOLLYWOOD, July 1.—"Bill my boy," said the studio executive to the handsome young contractor, "your option is up again and it calls for a raise to \$300 a week. We'd like to keep you, but we don't feel justified in paying more than that. Two and a half C's you're getting now. If you'll waive the raise you'll be doing me a big favor."

The actor thought a minute and said, "Okay, Mr. Glisp, but I want a favor, too: I've been here a couple of years, Mr. Glisp, or at least I've been on the payroll two years. I've stuck close to home in case the studio should ever want me—which it hasn't—and I've tried not to bother you too much by asking for parts in pictures. But now I'm going to ask for something, Mr. Glisp. I want a screen test."

That's a true story. In fact, with variations, it has happened scores of times. And it suggests that movie companies richly deserve what they're getting—an acute shortage of leading men.

WARNERS AT LAST! I've just met Charles Drake at Warners and found him rejoicing in a small role in "Now Voyager." He appears as a rejected boyfriend of Bette Davis. In a year and a half at the studio it's the first role worth mentioning for this personable young man with Broadway experience.

Does grasshopper poison do any good? Everybody says so. The man at the county barns where they give it away says that it really gets rid of grasshoppers, but it didn't get rid of mine. Once I had the finest pole beans in town. Now I have only poles. I spread the poison temptingly in the furrows and at the ends of the rows. I even put bean leaves on it and in it to entice the hoppers but do you think for a minute they would touch it? Well, why should they? Who wouldn't rather eat nice bean leaves than poison? Oh, yes, if you know of anything that will keep grasshoppers from eating black-eyed peas let me be next on the list. . . . But bean's suggest prairie poison because all the furrows are full now. . . .

Trotter Adams of Panhandle, joined the naval reserve before he was appointed to West Point. He was unable to accept. Congressman Gene Worley's appointment, it has been learned. Next in line is John Boyce of Amarillo, and if he is unable to make the grade, Eugene (Red) Spurling of Canadian is the next alternate.

I'd like to put in another good word for the La Ross Budos, the boys who did so much toward helping Bill Fraser, D. H. Coffee, Malcolm Denson, and others put on the Army Day parade. . . . People You Know

By Archer Fullingim

Jim Bob Johnson who was a gentle-eyed lad when he joined the U. S. Marines three years ago came back to Pampa this week, and there was steel in his eye, and iron in his jaw, and he did not smile as readily as he used to. He frankly admitted his nerves weren't any too stable. . . . Just name some place, and Jim Bob has been there. He's not talking; he's not saying anything about what he has been doing. You don't have to ask Jim whether or not he's been in any battles. He has that look on his face, and you know that he has before he says a word. Jim Bob is so close-mouthed that all he will tell you is that he's been nearly every place. . . . You will remember that Jim Bob was on the ship on which Roosevelt and Churchill signed the Atlantic charter. He has taken part in many historic encounters since then. . . . Jim Bob believes that the war will last until 1948. . . . He is a sergeant in the marines. . . . Remember several years ago when Jim Bob won a prize of \$1,500 in a slogan contest? . . . He had a brother, Jack, in the navy, stationed at Pearl Harbor. Both boys were graduated from Pampa High School. Their parents now live in Amarillo.

Does grasshopper poison do any good? Everybody says so. The man at the county barns where they give it away says that it really gets rid of grasshoppers, but it didn't get rid of mine. Once I had the finest pole beans in town. Now I have only poles. I spread the poison temptingly in the furrows and at the ends of the rows. I even put bean leaves on it and in it to entice the hoppers but do you think for a minute they would touch it? Well, why should they? Who wouldn't rather eat nice bean leaves than poison? Oh, yes, if you know of anything that will keep grasshoppers from eating black-eyed peas let me be next on the list. . . . But bean's suggest prairie poison because all the furrows are full now. . . .

Trotter Adams of Panhandle, joined the naval reserve before he was appointed to West Point. He was unable to accept. Congressman Gene Worley's appointment, it has been learned. Next in line is John Boyce of Amarillo, and if he is unable to make the grade, Eugene (Red) Spurling of Canadian is the next alternate.

I'd like to put in another good word for the La Ross Budos, the boys who did so much toward helping Bill Fraser, D. H. Coffee, Malcolm Denson, and others put on the Army Day parade. . . . It's been the personal observation of a number of people that in the hectic year of 1942 when everybody seems to do as he pleases, whether old or young, those Budos stick to sobriety and shun the night spots where high school students don't belong anyway. . . . The boys have established a code and they try to live up to it.

Negro Troops Protested AUSTIN, July 1. (AP)—Residents of Eagle Pass, border town in Maverick county, have protested war department plans to station Negro troops in or near their city. Governor Coke R. Stevenson, disclosing the protest, said residents informed him their opposition was not based on racial prejudice but on the fact the city had no public facilities for Negroes.

Behind The News In Washington

By PETER EDSON

The question arises as to whether the U. S. tanker construction program is big enough. The way things were seven months ago, before submarines concentrated on picking off tankers, the United States stood to have the largest tanker fleet in the world. Great Britain had a pre-war fleet of some 430 tankers, as against 360 for the U. S. Then the U. S. Maritime commission program plus private tanker construction indicated an increase of the tanker fleet by 213 ships in two years—three a week—to bring the total to 673 vessels. . . . Just how many tankers have been sunk is restricted information. Privately kept logs of publicly announced tanker sinkings indicate a minimum of 23 up to mid-February and a minimum of 32 up to early June, when specific information on the type of vessel torpedoed was withheld. And the unofficial grand total of more than 300 vessels sunk since Dec. 7 gives no information as to what percentage were tankers. . . . Tanker losses, of course, reduced when these vessels were withdrawn from coastwise trips, where their characteristic silhouette made them easy targets for subs. But the dependence of the war on tanker-borne petroleum products and the serious tanker losses focus attention on this tanker program and emphasize the issue of whether it needs to be and whether it can be expanded.

UP THE ANTE Of the 313 new tankers under construction or under contract, 48 originally were contracted for by private shipping and petroleum interests, 28 were the smaller so-called "coastal" type, and the remainder were the standard Maritime commission large type of fast tanker. The original Maritime commission program called for 181 of these vessels, but in March the program was increased by a contract for 56 more to be built by the Kaiser interests at their yards near Portland, Ore. The other principal tanker construction will be carried on at Bethlehem's Sparrows point, Md., yards, Alabama Drydock at Mobile, Ala., and Sun Shipyards, Philadelphia. . . . The Maritime commission standard design tankers are 500-foot long, 60 feet of beam and 39 feet in depth. They gross about \$2 million each, and are big enough to carry on one trip sufficient gasoline to run 100,000 autos for a month. These ships are the first standardized tankers ever planned, but the program has barely started since most of the way on which tankers will be built have been tied up with custom-built tankers for private business. . . . Unfortunately, a tanker can't be ground out like a Liberty ship in the new record times of 46 to 88 days. Under the usual schedule of custom building each tanker to its own exclusive specifications, these ships were often six and eight months on the ways. At the Sun Shipyards, where 92 of the Maritime commission standard tankers are to be built, this time has been cut to some five months from keel laying to commissioning, and the drive is on to get down to four months. That will be record-making shipbuilding history, but still slow by comparison.

WASHINGTON MIBS Furniture dealers will hold only one buyers' market instead of four, to save transportation. . . . Latest chisel on iron and steel maximum price regulations has been to force 39,999 pound, or less than 40,000 carload orders, which command higher prices. . . . Arms will purchase 30 million pounds of imported canned corned beef, thereby saving tin. . . . The 3,000 U. S. canneries are preparing to pack 15 per cent more fruits and vegetables than in 1941. . . . Department of Agriculture chemists have produced laboratory samples of a rubber substitute made from soybean and corn oils, having one-third as much stretch and one-sixth as much more strength as natural rubber. . . . Victory Food Special for July 16-25 is chicken, broilers and fryers being abundant as a result of this year's 16 per cent hatch increase. . . .

SERIAL STORY

SPECIAL INVESTIGATOR

BY BLANCHE ROBERTS

COPYRIGHT, 1942, NEA SERVICE, INC.

THE STORY: Judith Kingsley and Tom Burke, employees of an airplane factory, are on route to the west coast. When foreign agents kidnap Tom from an airplane, Judith leaves the plane with the new bomber plane which Tom had slipped to her. Pursued by the agents, she finds Tom in a cabin, leaves him fighting with his captors, thumps two spies and, after many narrow escapes, eludes the pursuers and reaches San Francisco.

WHERE IS TOM?

CHAPTER VII

IT was after 1 o'clock in the afternoon when Judith opened her tired and swollen eyes. She hadn't intended to sleep so long, but once asleep she could not waken. Every bone and muscle in her exhausted body ached. It took all her strength and willpower to get out of bed.

She walked to the window and looked down on the crowded street. For no apparent reason her heart quickened its beat and intuition told her the car parked across from the hotel belonged to the spy ring. A man walked slowly up and down the street, occasionally glancing at the hotel entrance.

"They have found out in some way that I am here." A gleam of light came into her eyes as she turned from the window to the telephone.

"Please send me a maid," she told the man at the desk. And while she waited, she mused: "I've come this far on my own and I can go the rest of the way. I'll deliver these plans in person and nothing is going to stop me."

To the maid she said, "Could I rent a uniform from you?" "Oh, yes, miss," the girl replied eagerly at the sight of the bill in Judith's hand. "I'll get it for you now."

Judith left the hotel by the servants' entrance without being accosted and found a cab. An hour later she entered the manager's office at the west coast factory.

He looked up, startled at seeing a smiling, redheaded maid standing there. He cleared his throat while Judith enjoyed his embarrassment.

"I don't blame you for being amazed, Mr. Mathews. I'm Judith Kingsley of the eastern office. I have the plans Mr. Burke was bringing to you. Sorry they are late in arriving."

Mathews got hastily to his feet and came around the desk to take her hands. There was deep admiration in his eyes.

"You got through!" he exclaimed, overjoyed. "When we heard Tom Burke was missing we had just about given up hopes of the plans. Mr. Watson has been

frantic about you. You'd better call the home office right away. Here," he pushed her in a chair. "I'll have the call put through for you."

"But what happened to Tom Burke?" Judith asked fearfully. Mathews shook his head slowly.

"We don't know. The plane was located yesterday and brought in. The passengers told us what happened before and after your disappearance, but they were all hazy about the looks of the men."

"The last time I saw Tom," said Judith, her voice low and her eyes misty, "he was fighting with his captor. He ordered me to leave. I had the plans. He dropped them in my seat when they were taking him off the liner. The spies had him in a shack near where the plane was brought down."

"The FBI men found the shack. It was empty, of course."

"Of course," she repeated. "They would have Tom with them. So he must be all right," she said, more for her own benefit than for the manager's.

When the long distance call came through, Judith gave Watson a brief resume of her experiences.

"I didn't know I was letting you in for all that," Watson told her contritely. "I want you to stay out there in California for a week. Three weeks' vacation—and a raise, too."

She hung up, and lifted sad, speculative eyes to Mathews. But immediately another idea flashed through her mind with adventure. "I can help find Tom Burke and the spy ring. I'm sure of it."

"How?" "She shrugged her slim shoulders. "Just leave it to me. Those spies have been on my trail constantly. Just because I have delivered the plans doesn't mean they will let me go free. I rather imagine they'd like to get hold of me if for no other reason than to put me out of the picture."

Mathews sat silent and concerned. Judith walked to a window and looked out.

"I wouldn't be surprised if someone was waiting for me right now."

"We wouldn't think of letting you take such a chance," Mathews exploded. "I'm going to send you back east in a private plane from the field here."

Judith shook her head. "Tom's life may be at stake," she said crisply, then added smilingly, "Besides, I've just been promised three weeks' vacation."

"Let's hear your plan, Miss Kingsley."

"Those men won't let Tom go—

not while he knows things they can use, or while he knows their hideouts. If I can help the Federal men catch the spies and rescue Tom, I think it is my duty—a duty I want to perform."

She put a hand on Mathews' arm.

"The only way to find Burke quickly is for them to take me. You can have someone trail me, can't you?"

He nodded, but there was a deep frown between his eyes.

"There is no guarantee that they won't kill you before you can be rescued. We just can't take that risk."

"I insist, Mr. Mathews," she told him firmly. "I'll do it anyway, you know," she added defiantly. "Tom Burke would do the same for me and not even ask permission."

"Any man who had ever laid eyes on that red head of yours would fight for you, Miss Kingsley."

She blushed, but continued her argument.

"You see, I know three of the men in the ring—the ones on the plane. If they aren't caught, I'd live in terror all my life. They would know I could identify them and they would want me out of the way. And as long as they are at large, our country is in real danger."

Mathews threw up his hands. "All right," he laughed. "I never could win an argument with a pretty woman. I'll get in touch with the government men right now."

She grinned, elated over her quick victory. As soon as he put through his call, she said: "I'd like some money. My boss said nothing was too good for me."

"That's right, young lady. We will take down the serial numbers just to be on the safe side. They might take it away from you."

"And I'd like a new outfit to wear. This maid's uniform doesn't do me justice." She laughed. "I want to at least look my best if I am to be captured by the enemy. I might be able to flirt my way out. Can you order something sent here, right away?"

"Here"—he handed her the telephone—"get anything you want. I'll send my secretary to help you."

Just before 5 o'clock she was ready to leave the plane factory. She said goodby to the manager, a bright smile on her face, and walked out, head up. She knew there was a man watching her, ready to take up the trail if anything happened to her. She felt secure and unafraid as she stepped into a waiting taxi.

Seamen In Lifeboat

Vowed Not To Be 'Rescued' By Ship

AN EAST COAST PORT, July 1 (AP)—Six American seamen, sole survivors of the crew of 38 of a medium-sized United States merchant vessel sunk in the Atlantic more than 500 miles from land, vowed not to be "rescued" if it meant the risk of being torpedoed again before they reached shore.

"We felt perfectly safe in our lifeboat, even though there were sharks all around us," two of the men said on their arrival here today. They were Robert Gates, second engineer, of (8509 Grape St.) Los Angeles; and James Burns, ordinary seaman, of Rochester, N. Y. Arriving sailing for six days they were sighted by a modern merchantman, with a navy gun crew, homeward bound, and decided to go aboard. Three days later they reached a West Indian island, from which they were flown to the mainland.

"We would have told them to go their way, though, if it had been the ship sank," Gates declared. Both Gates and Burns said that they would be ready to go back to sea again after visiting their homes.

Their ship was hit by two torpedoes almost simultaneously just before 9 p. m. June 1, and sank within a minute.

The four others who made their way to the lifeboat, found floating after the ship sank, were Redford Palmore, an oiler from Texas; a wiper named Barrus from New Jersey; "Bob" Robertson, a messman from New Jersey and an elderly Creek refugee taken on a small boat at a middle eastern port of call. Captain Hans Mathiesen, of Portland, Ore., went down with his ship.

Black Trusts Neither Whites Nor Negroes

WASHINGTON, July 1 (AP)—An Arkansas negro who once successfully protested against his indictment by an all-white grand jury, appealed to the supreme court to complain that the subsequently he was indicted by an all-negro grand jury, which he contended was equally unfair.

C. C. Haraway, the negro, was charged with grand larceny in connection with the alleged appropriation for his personal use of food supplies pupils of the Howard county (Arkansas) training school, of which he was principal.

An all-white grand jury indicted him. He was tried and sentenced to five years in prison. The state supreme court set aside the conviction because of exclusion of members of his race from the grand jury.

Then a special all-negro grand jury indicted him. At the trial he was sentenced to two years in prison and without discrimination to have selected an all-negro grand jury.

His lawyers, however, contended that "an all-negro grand jury had been selected as a subterfuge to evade Haraway's constitutional rights and to the grand jury selected from the entire district without discrimination."

"It was highly improbable, if not impossible," they said, "by chance and without discrimination to have selected an all-negro grand jury."

United States production of natural gas in 1940 amounted to 2,500,000,000 cubic feet.

The proven U. S. crude oil reserves (underground amount) to 19,024,515,000 barrels.

Contracts For Army Construction Let

DALLAS, July 1 (AP)—Award of contracts aggregating approximately seven million dollars for army construction in the Southwest was announced today by Colonel Stanley L. Scott, southwestern division engineer.

Contracts under the supervision of the U. S. district engineer at Denison included: D. R. Younger, San Antonio, buildings at an air force training school at Altus, Okla., less than \$500,000.

D. R. Younger, San Antonio, buildings at an air force training school at Frederick, Okla., less than \$500,000.

Austin Road company, Dallas, for grading and paving at an airport in Wichita county, Tex., over \$100,000.

Wood & Elliott, Sherman, Tex., for the construction of additional hospital facilities at an airport in Wichita county, Tex., over \$100,000.

### Agriculture Begins Year Minus Funds

By DONALD A. YOUNG  
WASHINGTON, July 1. (AP)—An unprecedented congressional stalemate brought to a technical halt today the far-flung activities of the agriculture department but the thousands of workers planned nevertheless to return to their desks in anticipation of a belated settlement.

Failure of senate and house to agree on appropriations for the fiscal year starting last midnight left the department without operating funds and officials decided to make no new commitments.

Congressional leaders hoped to be able to agree today on a resolution which would authorize Secretary Wickard to continue activities on a makeshift basis until senate-house conferees could agree on provisions of his \$800,000,000 supply bill.

The conferees reached a 4-4 deadlock several weeks ago over an administration request for authority

to dispose of wheat at below-parity prices.

It is reported, meanwhile, that the agriculture department and the office of price administration were considering using unexpended Commodity Credit corporation funds as a stopgap to prevent a tight situation which might cause vegetables and dried fruits to break through price ceilings fixed by OPA Administrator Leon Henderson.

Henderson was said to have suggested to congressional leaders that general legislation should be enacted to provide for subsidies either to agriculture or business which were "squeezed" between rising wholesale and frozen retail prices.

But in view of the temper of congress, informed sources said that such legislation would have little chance. Therefore, these persons said, Henderson and Secretary Wickard would have to resort to some other expedient.

The house passed and sent to the senate yesterday a \$1,808,669,615 omnibus appropriation bill which contained \$75,000,000 for the OPA. Henderson originally sought \$210,000,000, but the budget bureau reduced that request to \$121,000,000 and the house appropriations committee cut it to \$75,000,000.

### Occupation Of Axis To Show Who Is Master, Advocated

LOS ANGELES, July 1. (AP)—At war's end, "the first thing will be to occupy Germany, Japan and Italy and see that these nations really know who is master."

The speaker was Dr. Henry A. Atkinson, secretary for the Carnegie-endowed World Alliance For International Friendship Through The Churches. He came from New York to address a Win The War To Win The Peace Institute this weekend.

"The soldiers who had fought (World War I) became themselves the victims of the victory they had won," Dr. Atkinson told interviewers. "This time we can and must avoid that colossal blunder."

After the United Nations have shown the Axis who is master, the churchman said, they must "begin to feed the people with law and order, with foodstuffs made available. Then the larger task of reconstruction can be undertaken.

"As the enemy nations become stabilized and conditions are such that the people can choose for themselves, they should be given the opportunity to join the United Nations group."

### War Financed For 2 1/2 Years, Says Senator

WASHINGTON, July 1. (AP)—Cash balance for the war, \$160,000,000,000.

Senator Byrd (D-Va.) gave that estimate today of the amount of money already appropriated but unspent for military purposes.

He declared the army, navy and other agencies had congressional authority to draw on the treasury for sufficient cash to carry on the war effort at high speed for about 2 1/2 years.

A \$42,820,000,000 army supply bill awaited President Roosevelt's signature after its approval by congress yesterday in a session that saw the old fiscal year end with no final agreement reached on a disputed \$680,395,000 farm outlay or a house-approving \$1,808,669,600 supplemental defense measure.

Byrd told reporters treasury reports indicated the new army bill would swell unexpended balances to a point where more than \$5,000,000,000 monthly could be poured into the military effort for 2 1/2 years if congress did not make a single additional appropriation.

"There has been an unexpended balance in the treasury for military purposes ever since July, 1940, when the amount was \$7,000,000,000," Byrd declared. "If we do not have sufficient equipment of all kinds, it certainly cannot be charged to congressional unwillingness to provide the money."

Committee clerks estimated total appropriations in the last six months at \$13,852,000,000, but said they had no way of ascertaining the small percentage of that amount which would pay for routine government activities outside the war effort.

Byrd said he was confident that a reduction of approximately \$1,300,000,000 had been effected in non-defense spending, or about the amount recommended earlier in the year by the special committee on non-essential expenditures which he heads.

### Japs Complete Possession Of Kiangsi Railway

TOKYO (from Japanese broadcasts), July 1. (AP)—Japanese forces in China effected complete occupation of the Chekiang-Kiangsi railway today as vanguard units driving toward each other from the east and west met at Hengfeng, Domei reported.

"The fall of Hengfeng, climaxing a campaign in the Chekiang and Kiangsi provinces which is little more than a month old, was announced at 10:40 a. m. by Japanese army authorities on the spot," the news agency.

Japanese columns driving eastwardly on Hengfeng from Iyang smashed Chungking's forces entrenched on a height to the west of Hengfeng, Domei said, at the same time that another Japanese force, striking west from near Shanghai, reached the town.

(The campaign for full control of the Chekiang-Kiangsi railway is one phase of a Japanese program aimed at seizure of a safe overland route from Shanghai to Singapore, 2,400 miles by air, and elimination of potential bases for Allied aerial attacks upon Japan.)

Domei announced yesterday that three Chungking armies—the 26th,

### Japs Concentrating On Russian Border

LONDON, July 1. (AP)—A military commentator asserted today Japanese air and land forces were concentrating on the border of Manchukuo and "there seems very little doubt they are making their own military preparations so they may, at their chosen moment, attack Russia."

"There had been a general drift of Japanese forces northward, the commentator said, but he added that "I don't wish to imply that their preparations are complete or that their attack is imminent."

He said that the bombing of Tokyo by United States airmen April 18 had "a very great moral effect, very much greater than the actual physical damage."

### Air Power Can Beat Germany, Says Billy Mitchell's Sister

JERSEY CITY, July 1. (AP)—Ruth Mitchell, sister of the late Brigadier General Billy Mitchell who was an early advocate of the use of air power, declared upon her return from Nazi-dominated Europe today that the way to beat Germany was by bombing from airplanes.

The slim, blond-haired woman, who joined the Yugoslav Chetnik guerrilla army in April, 1941, and later spent almost a year in 12 different concentration camps following her arrest by the German Gestapo, was the first of 949 passengers to disembark from the diplomatic exchange liner Drottningholm.

"Bombing by planes is the way to beat Germany," she told interviewers. "They can't take it."

She said the Chetniks still were fighting "magnificently" in the mountains of Yugoslavia and "are keeping five divisions of Germans engaged."

The passengers included more than 500 American nationals exchanged for Axis citizens. Also aboard were 42 Canadian and Latin-American national, and a group of minor United States diplomatic officials.

### Texan Led Raid On Wake Island

HEADQUARTERS, Hawaiian Air Force, July 1. (AP)—Col. Roger M. Ramey of Denton, Texas, was commended last night for leading the successful raid on Jap-held Wake Island June 27.

The commendation came from Maj. Gen. Willis H. Hale, commanding the U. S. army air forces in the mid-Pacific.

It was the first announcement that the Texan had led the long-range mission which leveled ground defenses on Wake.

Also praised for their part in the raid were the officers who participated in the raid under Colonel Ramey.

Wake is 2,000 nautical miles west of Pearl Harbor and 1,000 miles southwest of Midway Island.

### South Carolina Pays No Attention To Mr. Rubinoff

COLUMBIA, S. C., July 1. (AP)—Paine is where you find it—as Dave Rubinoff, the celebrated violinist, can attest.

He walked into the office of The Columbia State, wandered uncertainly into the sports department where he stood unrecognized.

"We were in an argument on a baseball technically," recounts Sports Editor Jake Penland, "and someone said: 'Tell that guy to take a seat somewhere and wait till we finish!'"

**Keep Our Wings Above The Enemy!**

**By Buying War Bonds & Stamps**

America's air corps has the will and the heart to fight. But they can't fly over the enemy unless you give them planes! Uncle Sam needs 60,000 planes this year. These have to be paid for, and the money must come from you! Put every dollar you can spare into War Bonds... even if it means going without other things. Show the world that America can give up anything... but Freedom!

Everybody . . . Every Pay Day . . . 10% in War Bonds!
