Moose on Loose Finds City Pretty

A strange sight, even in the Alaskan city of Anchorage, is a moose wandering around on city streets. This venturesome animal caused much commotion in Anchorage, and townspeople tried to get him out of town with snowballs and lighted flares. But he liked it and wouldn't budge. Later, police shot him, claiming he lunged at children. (Photo by NEA-Agnes photographer Dick Chase.)

Two Still-Life Charcoal Paintings and an Original Action Painting Displayed at the Library

Bunch was graduated from Pampa High School, January, 1944, and then entered the armed services. While serving overseas in Belgium, he studied painting from an eminent artist. He was stationed at Chester Academy at Philadelphia, Pa., and while there he continued his study.

Tooker's display includes a five-foot by 34-inch oil painting, depicting two small cowgirls on their favorite horses. The setting for his painting was taken from the Panhandle Plains. Tooker is the originator of the cartoon, "Willie Survive" appearing in the Cabot Companies magazine, "The Flame." He also specializes in portrait painting. The art exhibit will remain at the library the rest of the week.

Judge Advises Aid for South

UNIVERSITY, Miss. (AP) — The South should seek the North's aid in destroying the four "devils" which warp their relations, believes the chief justice of the U. S. 8th Circuit Court of Appeals. Judge J. C. Hutcheson of Houston, Tex., thinks such an effort should replace reprimand on the South's part. He expressed his views in an address before the third annual Southern Law Review conference at the University of Mississippi. "The South, instead of reprimand against its attackers," he said, "should struggle for sympathy and understanding in the joint effort to destroy the devils of bigotry, intolerance, prejudice and passion."

Taylor Heeds Slav Press Movie Maxim Aims Charge Of Fascism

HOLLYWOOD — (AP) — When in doubt, make a Western. This old movie maxim, based on the sure-fire box-office of horse operas, is being heeded by Robert Taylor and James Stewart. Taylor's next film after "Battleground" is slated to be "Devil's Doorway," which is one of MGM's first Westerns since the actor's "Billy the Kid." Bing Crosby can't seem to escape the charge of being a Communist. Stewart tells me he is thinking about getting back in the saddle again in "Blood Brothers" at Warners. His last trip out West was "Destiny Rides Again." Stewart just finished "Operation Malaya" at MGM. The picture has the amazing record of being finished in 28 days on a 40-day schedule. Ad Outlines Plan For County Road

In a full-page ad in today's issue of The News, Harry A. Nelson of Miami has outlined the arguments maintained by one group working on the proposed Laketon-Miami county road. Nelson represents those who advocate laying the proposed road along the section line — the "straight road" plan—as opposed to what they call the advocates of the "crooked road" plan. The Miami-Laketon road squabble between the group and the County Commissioners' Court started almost a year ago as a direct result of the court's plan to pave the road as it now lies, and has lain for almost a half-century. Nelson and his group want the road changed so that it will run along the section line while the Court plans to pave the road as it is. In the meantime numerous hearings have been held with both the Court and Nelson's group remaining deadlocked.

Couple Denied Child Custody

FORT WORTH — (AP) — An Arlington couple, denied custody of their five-year-old grandson, gave him up Saturday only after a court battle and a probation worker wrestled the child from the paternal grandfather's arms. Judge Frank Culver in the 17th District Court here ruled that Mrs. Senna Patricia Mills, a British war bride, is entitled to custody of the child, Francis Michael Mills.

But the grandparents, Mr. and Mrs. R. W. Heerlein, who reside in an Arlington trailer camp, greeted the decision with outcries and protests. Heerlein clutched British born "Mike" in his arms and refused to give him to the boy's mother until the county officials intervened. The child's father, George W. Mills, was killed while in the war in Italy.

Club Complimented For Initiative

CANADIAN — (Special) — "We are made for struggle, and find satisfaction only in what we achieve through effort," Rev. Marvin Boyd of Abilene, said at the luncheon meeting of the Canadian Lions Club Friday. He deplored as "fuzzy thinking" the do-nothing attitude of those who subscribe to what he called the pendulum or cycle theory — the thought that everything is governed by cycles of abundance and depression, and that one's effort can make no difference. He complimented the group for organizing a second service club in Canadian, (the Lions were charter-

After Weeks, Congress Clears Way for Labor Law

WASHINGTON—(AP)—After many weeks of getting ready, Congress is yet ready to begin the big debate on what the law should be. These past weeks have been

taken up by hearings in the House and Senate Labor Committees. Day after day and night after night labor leaders, labor experts and business men have trooped before the committees to say their say. President Truman's administration is pledged to wipe out the Taft-Hartley Act (or most of it) which the 80th Congress, controlled by Republicans, passed in 1947 to replace the old Wagner Labor Act, passed by the Democrats in 1935. Mr. Truman's advisers presented Congress with a bill that would wipe out Taft-Hartley and restore the Wagner Act with some "improvements." The job of the labor committees,

as in the case of any Congressional committee, is— To hear both sides of the argument on a bill, decide what it thinks is right or wrong, re-write the bill if necessary, and then send it to the full House and Senate for a vote the kind of bill it thinks should be voted into law. So the witnesses paraded before the labor committees to give their opinions. Since Democrats have a majority in Congress, Democrats on both the House and Senate Labor Committee had a controlling voice in what would be done. And—when the hearings were over and all the witnesses had finished their arguments, the Demo-

cratic majority on both committees approved, unchanged, the bill which had the blessing of Mr. Truman's advisers. The Senate Committee did that a couple of weeks ago, the House committee on Thursday. So it's their bill which now lies before both houses of Congress, waiting to be voted into law. Plenty of congressmen, particularly the Republicans, don't think the present bill goes far enough, that it's too one-sided, in favor of unions.

U. S. Said Nearing End Of Reserves

WASHINGTON (AP) — The Commerce Department said the United States, steadily shifting from coal to oil for fuel, probably will have to import about 195,000 barrels of oil a day by 1956 to meet increasing demand.

U. S. supplies of oil will be too small by then, a department report said, to meet a domestic demand stimulated by the large-scale production of autos and trucks, (2) railroad shifting from coal to diesel oil engines, and (3) increased use of fuel oil for home and office heating.

Only a "drastic change in the price relationship between oil and coal" could apparently halt the "substantial rate" of increase in the use of oil, the report said. It gave no indication that such a change is expected.

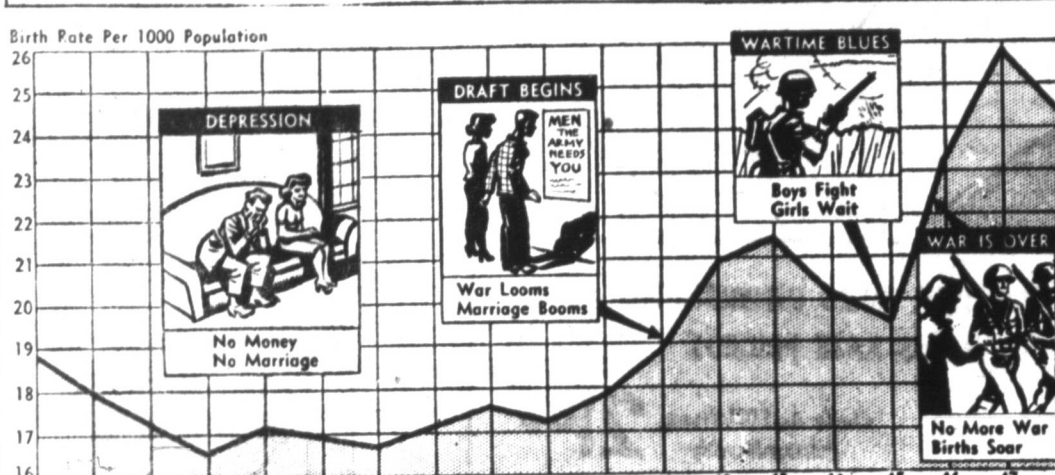

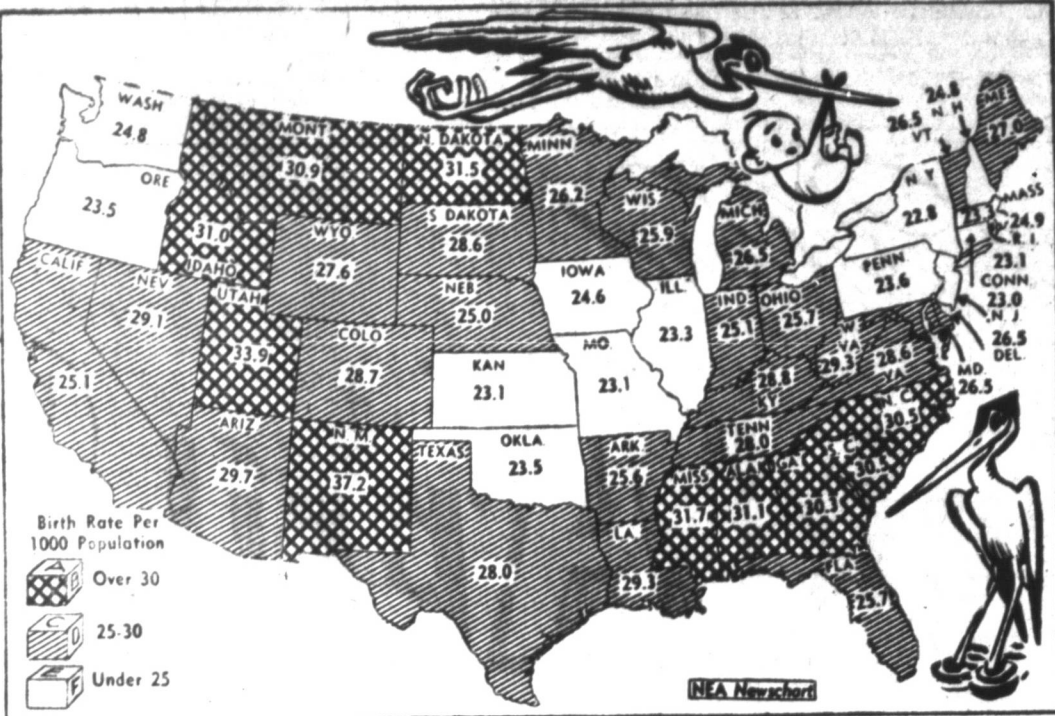

To meet the expected gap between U. S. production and use after 1956, the U. S. will have to rely upon "imports from such surplus producing areas as the Caribbean and the Middle East," the report said.

"The increase in imports will necessarily mean use of more tankers," it added. "In view of the very large reserves of oil discovered in the Middle East, it seems likely that the United States will require increasing quantities of petroleum products from that source."

This comment shed some light on why the government recently resumed licensing shipments of steel pipe to the Middle East for use in transporting oil to the sea from inland wells.

Shipments of pipe for a big Middle Eastern oil line had been held up after congressional protests that it would cut the supply of oil pipeline for this country. It also was contended that use of the Middle Eastern line probably would be lost in event of a war with Russia.

Baby Boom Keeps Booming Along

With 3,559,000 babies born in 1948, the United States had its second-biggest baby year in history. Only 1947, when 3,699,940 live births were registered, topped last year. Lower chart shows how the birth rate has risen from its depression-low to the high marks of '47 and '48.

White Deer Girl Delegate To Convention

RELTON — Representing the Mary Hardin-Baylor College chapter of the Future Teachers of America at the second annual statewide convention held this year in Abilene were Miss Nancy Evans of White Deer and Miss Helen Marie Kretz of Temple, president of the local chapter.

Miss Evans, daughter of Mr. and Mrs. F. E. Evans of White Deer, represented Mary Hardin-Baylor at the coronation of "Miss Future Teacher of Texas" Saturday night at the banquet at McMurry College. Chosen by popular vote of the local chapter, Miss Evans was placed with the ten other candidates for the honor of state sweetheart.

The convention was sponsored by the FTA chapters of Hardin-Simmons University, Abilene Christian College, and McMurry College. Besides Mrs. E. the other colleges and universities which are considered charter members of the year-old state organization are Abilene Christian College, Amarillo College, Hardin-Simmons, Howard Payne, McMurry, Texas Tech, North Texas State Teachers, Sul Ross State Teachers, Houston University, and Edinburg Junior College.

The 1950 convention will be held at North Texas State Teachers College in Denton with Hogan Lofland, Jr., of McMurry College as president. Bill Trenton from Texas Tech served the 1948-49 term as the first state president of the organization.

This publicity. It is no secret, however, that it costs a lot more to operate the average three-year-old vehicle than a new one. This is true even with the present high retail car prices. Servicing and replacement have soared in cost, too.

Nationalist Visits Chiang

NANKING (AP)—Gen. Chang Chih-chung, head of the national government peace delegation to talk peace with the Communists reportedly departed for Fenghsu today to consult with retired President Chiang Kai-shek.

A member of Chang's family disclosed the chairman of the government peace delegation had slipped quietly out of town. Less than 24 hours earlier he publicly announced members of the delegation would not visit Chiang before their departure for Peiping, the Red capital.

Efforts to conceal any visit to Chiang evidently stemmed from fear that the Communists would criticize delegates for even contacting Chiang. The Communists consider Chiang their number one enemy.

The government peace mission will leave in two groups on Thursday and Friday. The peace delegates themselves will leave Nanking on Friday.

Marx's Dream Come True?

Without going into every body blow the punks threw at the poor folks who went into the ring against them, we've traced a few of the main rounds between the Stalin-Marx gang and the anonymous little guys who got tired of freedom.

We've tried to start with the basic consideration of Marxism. From each according to his ability, to each according to his need. And we've tried to show how Yussel the Muscle came down from Georgia...

Joe, the bloody boy with the pipe, ditched Marx as soon as he could bring it off without getting himself knocked off by the gang.

Communism begins with the big common. The professional Communist is high on the scale. He accepts for the browned Negro.

It works this way: Let's get a nice fat country like the USA just as far into debt as possible. Let's help them with all those wonderful do-goodisms that drain the wealth created by capital.

And then let's go all-out for more Government. Big Government. Super Government. Government used to being done. Let 'em learn respect for the masters.

Washington.....by Peter Edson

WASHINGTON — (NCA) — Sen. Styles Bridges of New Hampshire recently made a long speech in which he criticized the actions of some of the members of the government gives away free. Like "How to Make a Cat Trap."

At the Army's request, Doctors Ewing and Fox of the Bureau of Entomology were assigned to pull together all this scattered information about fleas and put it in printed form. The result was the little publication Senator Bridges was laughing at, "Fleas of North America."

A Better Chance for All With Free Gold Market (Continued)

I am continuing today quoting from "Arguments for a Free Gold Market" by Joseph Stagg Lawrence, vice-president of the Empire Trust Company, New York.

There is also no blinking the fact that a great deal of economic water has gone over the dam since gold was fixed at \$35 an ounce in January, 1934. At that time hogs were worth \$5 a hundred, corn 40 cents a bushel, cotton 12 cents a pound and timber \$25 a thousand.

Under the circumstances no one can know what a proper basis for a return to the gold standard should be. There is a sound practical way to find out. Repeal the silly penalties on the possession of gold.

There is persuasive precedent for this action. England abandoned the gold standard in August, 1914. It returned to gold on April 28, 1925, and was again forced off the standard on Sept. 21, 1931.

During the fight in the Senate over the confirmation of Wallgren, Beck stated his prestige gain to lambaste Senator Harry P. Cain, the Republican, who blocked Wallgren's confirmation on the valid ground that he lacked the education and stature for the job.

Antarctica, which averages 8,000 feet above sea level is higher above the sea than any other continent.

Had England heeded the clear verdict of her free market in gold, she would have returned to some lower parity with the dollar possibly \$4.25 instead of the prewar level. Her failure to do so left the Bank of England struggling to protect her gold reserves and induced chronic unemployment in her export industries.

On an average day, 3000 requests for specific information will come into Department of Agriculture. Two days last week the inquiries were 7000 a day. Interestingly enough, a lot of these requests came from congressmen, asking for free pamphlets for their constituents.

In the fiscal year ending June 30, 1948, the Department of Agriculture sent out over 13,000,000 pieces of mail on behalf of congressmen. Counting 435 representatives and 96 senators, that's an average of over 24,000 leaflets, pamphlets and lists of publications available. Each congressman is limited by law to 10,000 Farmers' Bulletins and Leaflets per year. But there's no limit on the number of lists sent "for sighting!"

Whiskey Jar Causes Reversible Error

AUSTIN — (P) — Because of an opened quart fruit jar of whiskey, the Court of Criminal Appeals reversed a case Friday.

Smith's attorney objected, saying it prejudiced the jury. But Smith was convicted and fined \$100. The Appeals Court upheld the objection to the open fruit jar and sent the case back for a new trial.

Otherwise, Russia will have the same advantage over our allies that Germany enjoyed after Hitler's rise to power. The victors of World War II retained the weapons of that conflict. When the Reich started to rearm under Hitler in the early thirties they pioneered with new weapons of every kind because they started from scratch.

EXCEPTIONAL — "I have seen statements by Southern spokesmen, and particularly in Southern newspapers," says O. T. Macon, Ga., "that the anti-civil rights filibuster was conducted on an unusually high plane. Is that correct?"

Yes, as one who has observed and covered filibusters for twenty-five years, I can say that this demonstration was of an exceptional parliamentary quality. With few exceptions — Republican Senators Cain of Washington and Bridges of New Hampshire — the senators debated such relevant matters as the origin and history of the rules, possible effects of the proposed revision and precedents. There was no extraneous reading of the Bible, of Aesop's Fables or the Bartender's Guide.

DISGRACE — "Please write a word in your column on behalf of World War I widows whose husbands have died of non-service-connected disabilities. Because these widows earn \$1,000 a year or more, they cannot receive a pension. I could go into detail about living expenses, food, clothing and doctors' bills. But because I earn a few hundred more than the \$1,000 limitation, I am not entitled to this pension."

idea back in the cellar before that crazy Jordan girl leaped in and scared it out of me.

"How could anybody? I don't know. But we're pretty sure this Jones person killed Anglin last night, aren't we?"

"Yes, Sin filtered. And it must have been Jones who killed Gaylor in our cottage."

"I suppose, Gaylor would have no way of knowing we'd give the combination to Barselou. So I guess he went on looking for it."

"Well, why not?" demanded John Henry. "It's got to be somebody."

"But not Mr. Trim. He's such a nice little fellow. And just this morning he saved me from those two—"

"By gosh, it could all be part of an act," John Henry's voice took on a hard shell of excitement. "I think we've got something here, Sin. Who was it he popped up right after Anglin stumbled into our cottage?"

"Well, he did know pretty much what went on with Barselou, remember?"

"And, Johnny, if Mr. Trim thought we had the combination, of course he'd want to rescue me from Vernon and Gaylor."

"That's him all right. Now don't be scared, Sin. Just do what I say and we'll be okay. Come on, now—show me what a brave girl you are."

news behind the news

Once a week this veteran Washington newspaper correspondent devotes his column to answering readers' questions of general interest on national and international policies and personalities.

By RAY TUCKER

WASHINGTON — "I have heard," writes R. M. of Williamsport, Pa., "that the two-week coal strike will be broken in more strategic bargaining position when he opens negotiations for a new contract in a few weeks."

But the burden of this surplus on the market also threatened a break in prices. Large industrial consumers of bituminous were cancelling orders and demanding better terms. Storage capacity was getting so short that space for the excess was becoming a problem. So, the same reduction that profited John L., or so he hopes, was a gain for the producers.

OBSELETE — "Advance reports of the administration's plan to implement the North Atlantic Pact," notes A. L. of Sacramento, "say that it will cost us no money. We are to arm European nations with surplus material of all kinds: surplus planes, tanks, artillery and other weapons are four or five years old, will they not be obsolete if actual war with Russia breaks out?"

FOLLY — If we are to insure that European members of the alliance are equipped with tanks, communications equipment, artillery, etc., we will have to ship them stuff now in the experimental stage or about to go into production. And that will cost money now or in the future, in view of the fact that the life of the pact is twenty years.

POP Goes the QUEEN

By Bob Wade and Bill Miller

THE STORY: After their release from a gambling ranch, the princesses had held them prisoners, John Henry and Sin. Just in time to be rescued by newspaper extra announcing the death of the princesses.

"THIS is about the right spot," John Henry said. The Tomahawk neon sign flashed in back of them up the highway. "I said about a hundred yards past the drive-in."

"Why couldn't we have waited for Mr. Trim back there?" Sin complained through the last mouthful of her hamburger.

"Are you sure it's safe here?" Sin asked anxiously, trying to watch all the dark clumps of shadow at once.

"I'll be with you." Finally Sin sensed herself behind on a large flat rock behind the bushes. "I hope he hurries."

"I think he will. He sounded pretty excited when I talked to him. He cleared off the earth painstakingly and sat down."

Rice Shipments Being Readied For Indonesia

WASHINGTON — (P) — The Economic Cooperation Administration has agreed to finance purchase of \$1,733,000 worth of rice, rice flour and meal.

It is to be delivered to The Netherlands Indonesia during the first quarter of this year. The agency said, however, the transaction does not mean a resumption of ECA aid to the Dutch Far Eastern territory.

Marshall Plan assistance to Indonesia was suspended last December because of the so-called "civil disorders" between Dutch armed forces and the Republic of Indonesia.

The ECA said purchase of the rice had been contracted for before ECA aid was cut off. The new authorization replaces a previous authorization for \$2,250,000 for wheat flour which subsequently was cancelled.

Rio de Janeiro, Brazil, was named for a river which does not exist. Spanish discoverers mistook the wide bay for the mouth of a river, which they called River of January, because they came upon it January 1.

guess eventually. He's coming out to kill us!"

"FOR once this week-end, we've ahead of the game, Sin. Look. You wait at the edge of the road. Try to drive up. Nothing'll happen to you because he'll wait us both. As soon as he's out of the car, I'll jump him. I'll be in the bushes—"

Mrs. James Massa Wins 1948 'Woman of the Year' Contest

MRS. MASSA, as she is seen daily at the Soft Water Service, 314 S. Starkweather, working with her husband, Jimmy Moore.

A SAKE beverage set is being displayed by Mrs. Massa who has been a collector of demitasse cups for many years. She has cups from foreign countries as well as the U. S. Many are souvenirs from places she has visited.

Mrs. James B. Massa, Woman of the Year

A CHINESE TEMPLE gong which has made an exotic setting for a potted plant is the object of Mrs. Massa's inspection. The brass candelabra are also from China.

MRS. MASSA is shown presenting the 1948 Home Decoration trophy to Mrs. Ted McGuire. Mrs. Massa was chairman of the Home Decoration Committee of the Flight of Santa Claus program.

Honor Given for Her Civic Work

Mrs. James B. Massa, who was chosen as the 1948 Woman of the Year by a secret committee composed of 10 local business men, will receive her certificate of recognition at 4 p. m. Sunday at a tea in the City Club Room.

The local Upsilon Chapter of Beta Sigma Phi sponsors the contest annually in Pampa, and the certificate of recognition is issued by the international Beta Sigma Phi organization which stresses recognition of outstanding women, no matter what the field of endeavor. Choice is based on accomplish-time working with it.

ment in cultural or civic work, homemaking, business or other outstanding community activity.

Last year, Mrs. Massa was elected to the Goodfellow Club which was sponsored at Christmas-time in connection with the "Flight of Santa Claus" festivities. Mrs. Massa also was chairman of the Committee on Home Decorations and spent many tireless hours talking to various groups of citizens and giving ideas and specifications for entry in the contest.

Mrs. Massa has been chairman of the American Citizenship and Education Committee of the Twentieth Century Club for several years and as such has done much work with Carver School in the building of its school library. The Twentieth Century Club, joined by many other clubs, started out when Carver had no library and built it to its present one of over 800 volumes. Mrs. Massa devoted several days to cataloguing these volumes when

they were first to go to the library and still spends some time working with it.

Mrs. Massa is a past director of Beta Sigma Phi, but gave it up about two years ago as she had to do with various other activities after going to work as bookkeeper at the Soft Water Supply Service.

Until 10 years ago, Mrs. Massa was head of the Home Economics Department at Pampa High School, which perhaps explains her interest in gardening, sewing and collecting party suggestions and menus from magazines.

Her main collection hobby is after dinner coffee cups. As a souvenir, she gets a demitasse from each place visited and many are brought to her by friends.

In addition to all her known activities, people who know Mrs. Massa best say she does many additional things which remain unrecognized, simply because she genuinely enjoys doing them.

Mrs. Lieb Langston

The Parent Education Club was organized in 1940 under the sponsorship of the American Association of University Women of this city.

Among the outstanding activities of the club in the past were the lectures presented by Dr. Gary Cleveland Myers of Chicago, noted parent counselor and writer of several children's books. In 1942, the club sponsored these lectures in conjunction with other clubs of the city and the lectures were free to the public.

"The Challenge of Parenthood" is the course of study chosen for the club year 1948-49. All of the programs except that of the Guest Day tea apply directly or indirectly to the importance of rearing better children for a better world.

This past season, projects of the club included: a donation to the drive for infantile paralysis, a collection of toys to be donated to a local nursery, and sponsoring a float jointly with the Varietas Club for the Flight of Santa Claus Parade.

Among the interesting programs held by the club during the past months were a forum from the high school on the subject, "What's Wrong with Parents and What's Right With Parents" and Miss Genevieve Adams' speech on the club theme, "The Challenge of Parenthood." Mrs. Oma Link Rowley of Amarillo spoke at the Guest Day tea today and Dr. George H. Snell will speak on dental hygiene, April 19. On May 3, the club will be entertained by a group of local music students. In addition to the guest artists mentioned, each club member presents a program. Each member also serves as nursery hostess for children of club members one time during the year.

Present officers of the club are: Mrs. N. Dudley Steele, president; Mrs. L. G. Langston, vice president; Mrs. E. E. Shelhamer, secretary; Mrs. John Hines, treasurer; Mrs. Ed Weiss, Jr., parliamentarian; Mrs. Albert Reynolds, reporter; and Mrs. Joe Tooley, delegate to the council of Clubs. The incoming officers are: Mrs. Langston, president; Mrs. J. R. Holloway, vice president; Mrs. Tooley, secretary; Mrs. Shelhamer, treasurer; Mrs. Steele, parliamentarian; and Mrs. Gene Fatheree, reporter.

Members of the club are: Mmes. E. L. Biggerstaff, Robert W. Curry, Ray Evans, Fatheree, Joe Gordon, R. F. Gordon, Hines, Holloway, Frank Kelley, Joe Key, Julian Key, John Ketter, Ray Kuhn, Langston, Farris C. Oden, Reynolds, Shelhamer, Steele, Tooley and Weiss. Associate members are: Mrs. L. N. Atchison and Mrs. Charles Cook. The only charter member remaining in the club is Mrs. Tooley.

The Parent Education has the distinction of being the only child study club in Pampa. The ideals of this club might be summed up in the quotation by Dr. Rudolph Driekus, "Your children may never be angels but you can always be a better parent than you have been."

A tuna or salmon loaf is delicious served with mashed potatoes, green peas, and a tossed green salad. Rub the salad bowl with a cut clove of garlic before putting in the greens and French dressing and you'll have a well flavored salad to go with the fish loaf.

Century Club Aims Improvement

Richard Campbell and A. R. Sawyer.

Feb. 13, 1928, the club gave a silver tea for the purpose of starting a library in Pampa. A house-to-house canvass was then made for contributions of books or money. A room was furnished by the Methodist Church for this purpose and club members made an effort to keep it open afternoon and evening.

In 1928 the club sponsored the Girl Scout Movement, in 1929 it organized the Twentieth Century Forum and in 1931, it organized the Twentieth Century Culture Club. In 1938, members began singing Christmas carols for shut-ins. The club was instrumental in getting the ordinance forbidding the sale and use of fireworks within the city limits. Three subscriptions to Readers' Digest are sent to South American students and \$5 toward a scholarship is given each year.

Three Good Citizenship awards are presented to outstanding students of Carver School each year and in 1945, the club presented more than 200 books to the school.

Thousands of hours were given in Home Service and in production for the Red Cross during the war years and clothing has been sent to 20 different families in Europe.

Present officers include: Mrs. J. W. Garman, president; Mrs. Guilford Branson, vice president and president-elect; Mrs. George Scott, secretary; Mrs. Raymond Harrah, treasurer; Mrs. Lloyd (See TWENTIETH, Page 27)

treasurer; Mrs. Arthur Swanson, Junior Twentieth Century Club, parliamentarian; and Mrs. H. H. Isbell, Civic Culture Club, reporter.

The principal business of the newly organized Council of Clubs in this opening year was the furnishing of the Club Room which a committee of women in 1929 has gotten the City Commission to designate as a special room for club women in the City Hall then under construction.

Since 1933, the Council of Clubs has taken part in and has been a part of many events contributing to the civic welfare and cultural development of Pampa. Some of these include: urging kind in America. It is non-political and non-sectarian.

Some of the goals achieved by

the local chapter include improvement in speaking, improvement in the practice of thinking straight and getting a better understanding of life. The member is better equipped to adjust to the present day and has become a better citizen of her community.

20th Century Forum Has a Varied Program

Twentieth Century Forum Study Club has a varied program, with the object of mutual improvement of its members in literature, art, science and the vital interests of the day.

Its motto, "We must sail, not drift or lie at anchor" exemplifies its aims. The Twentieth Century Forum Club was organized in 1929 by the Twentieth Century Study Club as the Junior Twentieth Century Club. In 1934, this junior group became a senior federated club and selected its present name.

During the past 20 years, Twentieth Century Forum has sponsored many community projects. From 1933-35, a clinic for underprivileged children was their civic contribution. They established an office in the White Deer Land building and with a nurse and various physicians donating their services, children were given vaccinations, tonsillectomies and other medical treatment they needed.

Through the subsequent years, buying cafeteria tickets for school lunches, packing overseas boxes, chaperoning the Teen Canteen and assisting at Carver School, have been a few of the projects in which members of the club have been interested.

This year, the club sent a box of clothing to a family in Denmark and has corresponded with the family. The principal project of the current year was co-ordinated with the guidance program of the Pampa Public School System so the student needing help might continue school and become better adjusted socially.

20th Century Culture Club Aids Art Funds

The Twentieth Century Culture Club was organized in 1931 with the stated objective: "development of the members individually and as a club group in the appreciation and enjoyment of any subject of interest and importance in past and present."

The organization was sponsored by the Twentieth Century Club. It has been a member of the State and General Federation since its beginning and has furnished several members to the District Executive Board and has sent delegates to all District and many State Federation meetings.

It has contributed to the Fine Arts Fund, the Penny Art Fund, the Musical Penny Fund and to the headquarters building at Austin. It joined in the organization of the Pampa Council of Clubs and has since assisted with every project sponsored by the council.

The club has helped with a library at Carver School, sustained for one year a weekly story hour for children, paid for lunches and school supplies for at least one underprivileged child, donated books and children's chairs to the City Library and remembered families at Thanksgiving and Christmas. Civic Culture Club Studies Art, Music

Mrs. John Brandon

The Civic Culture Club began its life in 1921 as the Wayside Club, organized by a group of country women primarily for home demonstration work.

When, in 1925, it became federated and took on a study course, the name was changed to Civic Culture Club and took up the objective of mutual improvement of its members, encouragement of the habit of reading and study and promotion of social intercourse.

Among courses of study in the past have been: "World Progress," "Bird's Eye View of Latin America," "Art, Music, Literature," and "History and Travel." The course of study this year includes 14 study lessons on "Cities of the United States." Civic projects have included beautification of the city, dona-

tion of books and clippings to the library, organization of Girl Scout troops, buying school lunches, organization of Junior Civic Club, assisting with Council of Clubs projects and donating to worthy organizations such as Red Cross, Cancer Drive, tuberculosis campaign, Girl and Boy Scout drives, and others.

The club has had Boy's Ranch as its project the last two years. They have sent clothing, books, tea towels, games and money to the ranch.

A luncheon at the Terrace Grill, guest tea, Christmas party and picnic are included on the social side of the club's program. On Jan. 18, club members had a special party for Mrs. L. J. McCarty, member who was to move to Phoenix, Ariz. The party was held in the home of Mrs. J. B. Townsend.

Mrs. W. C. Wilson was elected president for the 1948-49 year, but for business and personal reasons resigned in January. Mrs. John Brandon, vice president of the club, then took over the presidency for the remainder of the year and was elected by the nominating committee to the presidency for 1949-50.

GOD... Or The Greatest Fraud That Ever Lived

Almost everyone will agree that Jesus Christ was a great man.

Most people will admit that Jesus was a person of the highest morals... that He was an inspired spiritual leader... that neither before His time, nor since, has anyone performed the miraculous works which He performed.

Yet millions of people refuse to believe that He is the eternal Son of God.

The Catholic Church maintains that Jesus is the Son of God. He is either that — or the greatest fraud that ever lived.

For Christ Himself... under cross-examination by the high priest Caiaphas... was asked: "I adjure thee, by the living God, that thou tell us whether thou art the Christ, the Son of God." And Jesus replied: "Thou hast said it" (Matthew XXVI: 63,64).

"O, sure," some may say, "Christ claimed to be the eternal Son of God. But His claim doesn't prove that He really is."

A man who only claims to be the Son of God, however, could not walk upon the waters and quiet the waves as Jesus did. He could not cleanse the lepers... give sight to the blind... bring the dead back to life. Nor could a man who only claimed to be divine return from the dead as Jesus and no other has ever done.

Scattered through the books of the Old Testament from Genesis to Machabees are numerous prophecies of the coming of the Savior — written as long as 1,000 years before

Jesus came upon the earth.

These prophecies describe the family from which the Savior would come... the circumstances of His birth... His life of preaching and His miracles... and finally, His passion and death in atonement for the sins of mankind. All of these predictions apply to only one person in all the annals of human history — and that one is Jesus Christ.

For more than 1900 years, the Catholic Church has taught without change or compromise... as it does today... that Christ is the eternal Son of God who became man — that only through Him can men find their way into the eternal grace of the Father. Upon this truth rests not only the foundation of the Church but the hope of mankind.

"He who is not with Me," Jesus said, "is against Me." Being "with" Jesus is not merely a matter of acknowledging His greatness. It is an obligation to know Christ and His teaching... to believe and follow Him... to pattern our lives to His example and precept.

If you want to know Jesus better... to have a fuller and clearer understanding of His teaching and His plan for our lives... you will find the answer in Christ's Own words as told in the Four Gospels of the New Testament. We shall be happy to send you a copy of the Four Gospels arranged in a continuous narrative for easy reading... upon your request and without cost or obligation. Write today for Gospels No. 8-KC.

LUNCHEON DISH

Leftover egg yolks may be added to whole eggs and used for scrambling. The scrambled eggs may then be served with a vegetable cream sauce for a delicious luncheon dish; make the sauce by adding a mixture of leftover cooked vegetables to a medium white sauce.

Using uneven pressure in cutting out biscuits, sometimes results in irregular shapes; do not twist the cutter, either, if you want perfect rounds.

A "prettiest yards contest" and an essay contest for high school students were included in the club's early projects. Since 1930, the civic activities of the club have been in support of the Council of Clubs' activities. Local Business and Professional Women's Club Takes Part in Many Civic Activities

The Pampa Business and Professional Women's Club was organized in 1929 at a meeting in the homes of Mrs. W. C. Mitchell. Thirty-six charter members chose Mrs. Grace Higgins Pool as the first president.

In 1931, Mrs. Pool went to Geneva, Switzerland, to the first convention of International Business and Professional Women's Clubs.

In 1919, ten years before the organization of the Pampa chapter, President Woodrow Wilson requested the organization of the Business and Professional Women's Clubs since he found a need during World War I to utilize business women. Men could be organized and were available for the call to duty, but no records existed by which capable women could be called upon for the detail work which was to be done.

Through the 20 years, the local chapter has grown and accomplished many civic tasks. Accomplishments for 1948 include assisting the Chamber of Commerce in distributing petitions pertaining to the Highland General Hospital. Members of the club served as registrars for the tuberculosis tests given by the state and they assisted in registering men for the draft in September. The club bought swings for the Salvation Army play grounds and sponsored a speech and salesmanship course to better qualify people for their work. The club also sponsored a safety campaign to promote better driving. Thirty-five women were awarded a prize for observing all traffic rules during a two-week period. Fifty safety books were presented to each ward school.

The theme "Use Your Vote in '48" was stressed and a benefit silver tea for the Dr. Minnie L. Maffett Fellowship Fund was given. On the social side, various parties and dinners have been given through the year.

Present officers of the club are: Miss Inez French, president; Mrs. Tommie Stone, recording secretary; Mrs. Norma Fulps, corresponding secretary; Mrs. Elsie Gee, treasurer; Mrs. Vera Lard, parliamentarian; Mrs. Vena Riley, finance committee; Mrs. Margaret Dial, health and safety; Mrs. Sigourney Waters, international relations; Mrs. Opal Wright, legislation; Mrs. Mildred Lafferty, membership; Miss Leona Parker, program coordination; Mrs. Lillian McNutt, public affairs; Mrs. Mildred Hill, publicity; Mrs. Ross Cornelius, news service; Miss Maurine Jones, radio; and Mrs. A. B. Whitten, social.

Lefors, Art Civic Club Federated

Mrs. Bob Brown is president of the Lefors Art and Civic Club, the only federated club in town. Her term expires in May, and Mrs. Bill Smith will begin the new term by working on the yearbook and with the finance committees this summer.

The purpose of the club is to further educational projects and to help in civic work. This past year the club aided widows and orphans in Lefors, packed 900 sacks of candy for Christmas, was instrumental in getting the square cleaned off for softball games and for a place for the children to play, and has donated as a group to various charitable drives.

The club is now planning to show a cancer film at the school March 31 that will be open to the public.

Last April the club celebrated its 10th anniversary with a banquet for the 20 charter members and their husbands. Another banquet is in the planning stage.

Meetings are held every other Thursday in homes of the members. There are 20 members and attendance will average 10 at each meeting in spite of the fact that some have to drive 13 miles to attend.

Officers are: vice president, Mrs. John Brewer; secretary, Mrs. Mary Reynolds; treasurer, Mrs. Earl Atkinson; parliamentarian, Mrs. Clyde Rodecape; reporter, Mrs. L. R. Spence.

Other members are the Mesdames Maurice Upham, Howard Archer, Bill Smith, Ray Carruth, Scott Hall, Ray Jordan, Ray Boyd, Bud Cumberland, Bill Watson, Eldon Carter, R. H. Barron, Marion Brown, Jack Nichols, and Bill Osburn.

Varietas Club Here Since '27

Mrs. Ralph Thomas

The Varietas Study Club was organized in 1927 as "The Child Study Club," with Mrs. C. T. Hunkapillar, now of Beaverton, Ore., as the first president. The club was federated soon after organization and has remained in the federation for the 22 years.

The club was organized and sponsored the first five years by the Twentieth Century Self-Culture Association. The association planned and outlined the new club's course of study. Object of the club then was to instruct its members in child psychology, literature, arts, science and current events with stress on child psychology.

After the five-year course of study was completed, the club decided not to disband, but to continue as a study club and work out its own program. In the next five years various courses were studied which did not bear directly on child welfare.

Since the course of study no longer directly pertained to child psychology, the club changed its name to "Varietas" in September, 1940. During the war years, interest centered on volunteer services. The course of study followed the trend of wartimes, then peace and post-war planning.

The course of study this year has been "International Understanding," with the program theme "Bless the House, Let Thy Peace Lie Over All." Customs, education, religion and homelife of the peoples of the world have been studied so club members might have a better understanding of them.

The club project this year has been helping the youth of the city. In this direction, the club has given donations to the Girl and Boy Scout drives, added a selected group of children's books to the Carver School Library and placed two frame sandboxes in Lion's Club Park.

Meetings are held the second and fourth Tuesdays of each month in the homes of members. Officers are: Mrs. J. G. Doggett, president; Mrs. J. C. Vollmert, vice president; Mrs. Ralph Thomas, secretary; Mrs. J. C. McWilliams, treasurer; Mrs. Loyce Caldwell, parliamentarian; Mrs. C. W. Andrews, library chairman; Mrs. F. E. Imel, Council of Clubs representative.

The club has a full membership of 24. Besides those mentioned are: Mmes. H. H. Butler, J. G. Cargile, H. F. Dosier, S. C. Evans, H. T. Hampton, Lee Harrah, E. J. Haslam, Dow King, J. E. Kirchman, R. W. Lane, Horace McBee, C. L. McKinney, W. H. Moseley, Luther Pierson, Felix Stalls, Sherman White and Frank Wilson.

Members who will take office in the fall for the 1949-50 term are: Mrs. Thomas, president; Mrs. McKinney, vice president; Mrs. King, secretary; Mrs. Cargile, treasurer; Mrs. Butler, parliamentarian; and Mrs. Dosier, library chairman.

USEFUL OIL

Oil from trees, called "tall oil," is recovered from pine logs used in making paper. This oil is widely used in making cutting, boring and grinding oils, as well as in the manufacture of paints, varnishes, linoleum, soaps, and other products.

WCTU BUILDING—Shown above is the WCTU Building at Canadian, reportedly the only one in Texas.

WCTU Very Active

The Canadian Women's Christian Temperance Union is one of the most active organizations in the city.

It was organized Nov. 26, 1902, by a former state president, Nannie Webb Curtis — with the following officers: Mrs. J. F. Johnson, president; Mrs. J. T. Jackson, recording secretary; Mrs. Ed Corson, corresponding secretary; Mrs. Mary Moody Young, treasurer; Mrs. Ada Dawson, supt. of mother's meeting; Mrs. Ella Shaw, flower mission; Mrs. Sam Isaacs, STI; Mrs. I. N. White, press reporter, and 20 members. The membership soon was increased to 150.

From the first, local option was the goal, and was achieved Dec. 30, 1903 — thirteen months after organization. In two years the "wets" called another election, and it was again a victory for the "drys," and a third election had the same results.

Enthusiasm of the women for their cause remained high, and

they began to look for a home of their own for their WCTU. Finally a site was secured at Fifth and Main, and a splendid building was erected at a cost of \$10,000, in 1911. In this building all meetings of the WCTU are held, and in the early 1920's two large rooms in the building were designated for use as a public library. The library project was conducted, voluntarily, by members until 1939 when another organization offered to take charge, but in 1942 they faded out and since then the city and county have paid a librarian.

The WCTU has paid all other expenses with the help of an annual bazaar. The bazaar was not held on account of the flu epidemic during World War I, when the building was used as a hospital where 80 patients were treated.

Among their many activities, the WCTU women took care of a little French girl for a year,

and made 300 comfort bags for World War I, and 50 for World War II. Much Red Cross work has been accomplished, and the group has long been active in seeing that Memorial Day is properly observed in Canadian. They also were active in the organization of the Cemetery Association.

Meetings are scheduled every week, but every fourth Wednesday is the social day — and usually well attended with good program of music and talks followed by refreshments.

WCTU, of course, sponsors it, but the entire town donates to it and patronizes it. In 1948 the affair netted \$1,226.81.

The Canadian WCTU has a record of having more non-resident members than any union in the State of Texas because women who move away rarely let their membership lapse.

Present officers are, Mrs. John H. Jones, president, Mrs. Carl Cansler, secretary, and Mrs. John Isaacs, flower mission supt., Mrs. W. C. Isaacs, 95-year-old member, still takes active part, and writes a column for the local papers on WCTU activities. It was information furnished by her that made this short history of the Canadian WCTU possible.

The Gray County Home Demonstration Council was organized in 1924 to develop leadership and to forward and extend home demonstration work among both women and girls.

Composed of representatives from the county home demonstration clubs, the council serves as an Advisory Committee. Also it is to be a means of communication between the clubs and the agent.

Gray County home demonstration work was started in 1916. In 1926 the work was discontinued, but was re-established in 1930.

The present council has 23 members representing a membership of 135 from the six home demonstration clubs.

One of the largest and most successful projects achieved during the past year was the first annual Top o' Texas Fair, which was jointly sponsored by the council, County Commissioners and Hereford Breeders Association. In previous years the Gray County club women have held annual exhibits, but never before to such a large extent. The second annual Top o' Texas Fair already has been planned to be held in September. Each club member has been urged to contribute three articles for exhibit.

The 1949 program for Gray County club women will include a Recreation Festival in May, held in the City Park. Open meetings will include a mental health program under the direction of the Education and Expansion Committee. Also a study of the United Nations will be made at the festival.

A committee of three women has been appointed to assist the 4-H Club sponsors. They are Mrs. Emmett Osborne, Mrs. J. C. Steward and Mrs. Ernest Edwards. The women will assist in the clothing revue for 4-H Girls and assist in planning summer camps.

The Texas Home Demonstration Association district meeting will be held April 13 at Canyon. Mrs. W. E. Melton of Gray County is president of District 1.

Merten Club Dissolved, Reorganized

The Merten Home Demonstration Club was organized about 18 years ago, but dissolved during the depression years and was not revived until 1942.

The reorganization came about when several women of the community who were attending Red Cross nutrition classes in an effort to learn correct meals for their families under food rationing and war prices decided it would help the entire community solve this problem to have a local home demonstration club with its directed study of nutrition, gardening and canning.

Soon the emphasis swung from food to include all phases of sewing, home improvement, home nursing, home recreation and self improvement.

Minimum goals for the year are: to do at least two things to further 4-H Club work, study county budget and extension of social security to farm families, adopt a French family and to assist demonstrators. After these goals have been met, the club hopes to meet five more goals.

The club has studied the problems of the United Nations and has attempted to do its bit for world peace and promote understanding of the American Way of life abroad. Members plan to continue this phase of study and add to it a more comprehensive study of the United States legislative problems.

In short, the club is trying to develop the art of homemaking, neighborliness and good citizenship. It meets the first and third Tuesdays of the month in the homes of members.

Officers are: Mrs. C. L. Cudney, president; Mrs. A. M. Nash, vice president; Mrs. V. Smith, council delegate; Mrs. John Brandon, alternate; Mrs. C. A. Jones, secretary; Mrs. J. B. Mitchell, treasurer; Mrs. H. H. Threatt, reporter; Mrs. T. G. Groves, recreation chairman; Mrs. D. A. Rife, education; Mrs. Frank Bailey, community service; Mrs. V. S. Day, parliamentarian; Mrs. J. C. Steward, 4-H sponsor; Mrs. D. A. Caldwell, yard demonstrator; and Mrs. S. E. Waters, living room demonstrator.

Other members are: Mmes. Clyde Edmundson, E. E. Seitz, H. G. Sharp, C. E. Coop and A. Swafford.

Club Sponsors Annual Barbecue

Twenty-four women now comprise the Wayside Home Demonstration Club. Meeting the second and fourth Friday of each month, the club members learn something new at each meeting.

A French family has been adopted by the club. Once a month the club members send a ten-pound package to the family. Also, the club donates cash and its services to Boy's Ranch. An annual affair for the club is to sponsor a barbecue for the community.

Mrs. Harold Osborne serves as president, Mrs. J. S. Fuqua, vice president and program chairman; Mrs. R. E. Montgomery, secretary-treasurer, living room demonstrator and assistant council representative; Mrs. Lowell Osborne, council representative and assistant club leader; Mrs. Doyle Osborne, reporter; Mrs. W. A. Greene, assistant reporter; and Mrs. Gus Greene, parliamentarian.

Others are: Mrs. Ed Barnes, kitchen decorator, chairman of education and expansion; Mrs. Clint Caylor, Exhibit Committee chairman; Mrs. Jim Chase, club leader and Aid to France Committee chairman; Mrs. Ernest Edwards, yard demonstrator and 4-H sponsor; Mrs. Robert Reddell, recreational chairman and Mrs. J. Pampa Branch of AAUW Is Sponsor of Clare Tree Major Plays for Students

The Pampa branch of the American Association of University Women was organized in 1928, though the national organization was founded in Boston in 1881 by Marion Talbot, one of the founders of the University of Chicago and its first American dean of women.

Purposes of the organization are: to unite women graduates of high-ranking institutions for practical education work; to work for the raising of standards in women's higher education and to uphold the idea of the value of a college education in every community.

The association is a member of the International Federation of University Women, made up of women graduates of 33 different nations.

Through its million dollar endowment fund, the AAUW is able to give international study grants that provide gifted women of many nations with opportunities for higher study, making a link between women of many countries.

The Pampa branch of AAUW meets the third Tuesday of each month at 7:30 p. m. in the City Club Rooms. Activities during the past year include entering a float in the Santa Day parade, sponsoring two Clare Tree Major stage plays for the younger students of the city, holding a public art exhibit displaying work of Pampa art students, making a survey of the number of school children working part-time in Pampa, entertaining guests and other club presidents at the annual Christmas tea, and entertaining Pampa and Lefors graduating high school Senior girls and their mothers at a tea in May.

for supper and discussion of problems of current interest.

The Venado Blanco (Spanish for White Deer) Club was organized on Oct. 21, 1937, as a junior study club affiliated with the Texas Federation of Women's Clubs. It was sponsored by the Centennial Study Club of White Deer, which had been organized by the Eleanor Roosevelt Study Club of Skellytown. Both of these have disbanded.

Its first projects were a story hour for pre-school children and a Christmas lighting contest.

In 1938, the club began work on its major project, that of developing a city park, and also of awarding a citizenship plaque to the Junior or Senior chosen by the High School faculty as the best citizen in those classes, the basis being "participation in extra-curricular activities, cooperation with teachers and administrators, reliability, honesty, and high personal standards."

The following year, the park was completed and the club continued to maintain it until three years ago, when that responsibility was assumed by the newly organized Lions Club. That year, also, the sponsoring of a Santa

Thursday Fine Arts Club Has Many Accomplishments

The Thursday Fine Arts Club, organized in 1928, meets in the homes of the members on the evenings of the first and third Thursdays. It was also federated in 1928 with a miscellaneous course of study. The personnel of the club varies from year to year since the group is made up of teachers and business women largely. Teachers who go on to other schools are replaced by new teachers so each year there is usually some change in the membership.

The outstanding accomplishment of the Fine Arts Club is that they sponsor a local program in connection with National Music Week. They open music week with some outstanding guest artist giving a vesper program at Clark Auditorium. Sometimes the program is given by two or more widely known artists. Then there is the Home Night Program which is unusual for a town the size of Shamrock. About a dozen homes are open to the public on the same evening. Talent which is made up of vocalists, piano students, speech pupils, players of stringed instruments, accordions, dance students and any artist who happens to be available, make up the evening program. Each home has a member of the Fine Arts Club present to serve as hostess. Other members drive cars from home to home. At an appointed hour, a program begins in each home, with different talent, then they are transported to the next home by one of the drivers until each separate group has appeared in every home open on Home Night. As one group goes another arrives and our citizens look forward each year to this program.

Pampa Girl Scouts Are Increasing by the Day

Pampa's 460 Girl Scouts are a small fraction of more than a million Girl Scouts in the U. S. today. Girl Scouting is for girls between the ages of seven and eighteen years of age.

More than a million girls in one organization after a 37-year existence shows how the movement has grown from its feeble start in England just before the turn of the century.

Juliette Low, founder of the Girl Scout movement in the United States, announced its beginning way back in March, 1912. A telephone call to Nina Pape marks the historic beginning when Mrs. Low of Savannah, Ga., returned from a visit to England and decided the U. S. should have such an organization as was spreading in popularity there. Her telephone call was quickly followed by a meeting with a group of girls from Miss Pape's school at Savannah. For four years Mrs. Low financed Girl Scouting and traveled all over the country.

By the end of 1915, there were 5,000 Girl Scouts in the country and the number has been greatly increasing since.
