Senate-House Conferees on Rent Legislation Deadlocked

WASHINGTON (AP)—Senate-House conferees on rent legislation deadlocked last night over what to do about rent increases. The conferees, trying to iron out differences between the House and Senate bills, broke up after more than seven hours of trying to reach an agreement.

The present rent law expires next Thursday, March 31. Senator Sparkman (D-Ala.) told a news conference the House conferees rejected a compromise proposal advanced by the group. He said the two sides were only one word apart, but could not get over that obstacle.

Sparkman said the joint committee will meet again Monday morning.

"We are deadlocked now all right," the senator said, "but I am optimistic about an agreement Monday."

The House members of the conferees plan to meet before the joint session, and Rep. Spence (D-Ky.) told reporters he expects the House delegates can reach an agreement among themselves.

The bill passed by the Senate provides for some rent increases up to 10 percent, in two five percent steps.

Sparkman said the Senate group agreed to drop that provision and

Pampans Non-Committal on Two 'Home Rule' Rent Control Bills

Officially Pampa was non-committal on the two "home rule" rent control bills passed separately last week by the House and Senate.

Many had comments on it, but none would venture so far as to "stick out his neck" by being quoted outright. To some the action by the Washington lawmakers was a surprise while others wondered how many "strings could be pulled" if rent control were left up to the state or city governments.

(The bill passed by the House would place rent control on the shoulders of the governors who would have to approve municipal governments' requests for jurisdiction. The bill passed by the Senate would leave the matter up to the city governments without approval of the governors.)

Several renters, who also refused to be quoted, said that if their rents were raised five or ten percent they would have to quit their jobs here and move somewhere else.

Mayor C. A. Huff Friday said he would want more time to think both phases through thoroughly before he would comment on the good or evil merits of both proposed laws.

One prominent realtor said, sometime ago, that in some instances he was only breaking even on his rentals because the tenants consistently ate up any return in plumbing bills, repairs to window sashes and screen doors.

The biggest fear came from those who are already paying \$50 to \$75 a month for the so-called "efficiency apartments."

On the other hand renters and professional men saw a slight cracking of centralized government since either of the acts signified a more step toward the return of free enterprise.

However, most people around town are looking beyond the present surface of both bills in an attempt to see what either or both will result in—higher rents here, or the encouragement of building competition of rent properties that will eventually force down the price of rents.

LEVEE BREAK—United States engineers are working to close this 229-foot crevasse at Port Allen, La., where water is pouring in from the Mississippi River levee. A spectator takes a picture of the break, which is about four miles north of Baton Rouge, capital of Louisiana, and across the river from that city. (NEA Telephoto)

French Will Vote Again Tomorrow

PARIS (AP)—One of Western Europe's great political compromises gets a fresh test today in the second round of a French election.

The voting is for 785 local political posts.

The compromise is the middle-of-the-road French government which is a coalition of four parties.

The test comes from the assault on this government by the Communists on the left, and the followers of Gen. Charles de Gaulle on the right. Both want to upset the government, but for different reasons.

Dry Weather Hits Italian Recovery

ROME (AP)—Dry weather has struck a staggering blow to Italy's postwar industrial recovery.

The worst shortage of hydro-electric power in the nation's history threatens a temporary shutdown of major industry, a European Recovery Program (ERP) official said Saturday.

He said industrial output has fallen 15 percent since the start of the year.

April 6 to Be Army Day

According to a proclamation by Mayor C. A. Huff, April 6 has been designated as Army Day in Pampa, and all citizens are urged to be mindful of the fact that our Army can accomplish its mission, both at home and abroad, only with the constant awareness and generous support of our people.

Two celebratory dances will be held the evening of April 6. An old-fashioned dance with string music will be held at the American Legion-VFW Hall at the corner of Foster and Russell, and a modern dance with Ken Bennett's orchestra at the Terrace Grill.

All business houses are requested to display their American flags on Army Day, and all veterans are urged to wear all or at least part of their uniforms, M-Sgt. Davis A. Brown, Army recruiter, said.

To add a more solemn note to the celebration the mayor's proclamation closes: "Army Day is also dedicated to those heroic soldiers who gave their lives to establish a peaceful America that must remain strong if it is to preserve its heritage."

To add a more solemn note to the celebration the mayor's proclamation closes: "Army Day is also dedicated to those heroic soldiers who gave their lives to establish a peaceful America that must remain strong if it is to preserve its heritage."

Woman Injured In Turnover

One woman was slightly injured late Friday night when the car in which she was riding turned over on Highway 60 about six miles west of Pampa.

J. H. Thomas, Abernathy, Texas, driver of the car, told The News yesterday he skidded across the wet muddy road and rolled over when his 1941 Buick jumped a culvert.

Mrs. Thomas was treated at a local hospital for minor injuries and released. Thomas said his car was towed to the Chevrolet Garage for repairs.

HOUSTON MAN SANE

NEW ORLEANS (AP)—Don Louis Laurent, 37, of Houston, Texas, was ruled sane and released under \$1,500 bond. He is charged with aggravated battery in the April 20, 1947 stabbing of the Rev. James Courtney at the altar of the Church of the Immaculate Conception.

TERRITORY TRANSFERS PLANNED

WASHINGTON (AP)—The State Department, it was learned Saturday, is quietly arranging a three-power meeting on Western Germany to be held here in about 10 days.

The meeting will try to settle among the United States, Britain and France critical issues delaying final unification and further economic development of Western Germany.

Yesterday the Western Powers announced minor transfers of territory from Germany to its Western neighbors.

The announcement said that 52 square miles of German land, with a population of 13,500, will be switched to The Netherlands, Belgium, Luxembourg, the Saar and France to improve communications and administration. The frontier will be pushed back inside Germany at 31 points.

The major problems arise from efforts to unify and establish a government for all three zones of Western Germany and promote its economic development and aid European recovery.

Issues which may be taken up by Secretary of State Acheson, British Foreign Minister Ernest Bevin and French Foreign Minister Robert Schuman here include the following:

1. Drafting an occupation statute. It will fix the relationship between the occupation powers and the proposed German government.
2. Division of powers between the proposed Central German government.

POPULAR AMARILLO TEACHER, STUDENTS AMONG SIX DEAD RESULT HEAD-ON CRASH

AMARILLO (AP)—The death yesterday of Earl James Bolton, 30, of Plainview, brought to six the number of persons fatally injured Friday night in the two-car crash on the Canyon-Amarillo Highway that took five lives almost instantly.

Others who died in the crash were: Miss Dorinda Bond, Journeaux teacher at Amarillo; Mrs. Bond; Bob Lacy, high school senior and former editor of "The Sandstorm," Amarillo High School paper; Carolyn Kelley, high school senior and former editor of the paper; and Audie Chandler, 32, of Plainview.

Chandler and Bolton were together in a Ford car, presumably on their way from Borger to their home in Plainview while Mrs. Bond, her mother, and the two students were returning to Amarillo from Canyon where they had been checking over this week's issue of the school paper.

The two cars were believed to have crashed head-on on the three-lane highway during a brisk rain. However, State Highway Patrolmen investigating the crash, said there was very little fog at the time of the crash.

A Bowtell Brothers ambulance took Miss Kelly to St. Anthony's Hospital where she died of internal injuries and head fractures. Bolton was taken to Nebitt Hospital, Canyon, in a Griggs-Whelan ambulance where he died yesterday. Mrs. Bond had gone to Nebitt Hospital earlier Friday where she had been taking medical treatment and was enroute home with her daughter when the accident occurred.

Miss Bond was well-known in Panhandle school circles for several years and was rated as "popular" among Amarillo High School students.

As a direct result of the fatal

crash, another two car crash-upset—three men and a woman including two Amarillo newsmen were injured in the second collision here: Jack Rogers, 15, Amarillo Times staff reporter, and Ed Brown, 24, newscaster for Radio Station KPDA. Both were taken to hospital for treatment.

Injured in the second collision were: Jack Rogers, 15, Amarillo Times staff reporter, and Ed Brown, 24, newscaster for Radio Station KPDA. Both were taken to hospital for treatment.

The woman in the second crash was reported in critical condition at Northwest Texas Hospital with a broken leg, loss of blood and severe shock. She is Mrs. Lee, leased from Northwest Texas (See CRASH, Page 8)

Knife, Fork Organization Is Completed

Organization of a Top of Texas Knife and Fork Club was completed Friday afternoon with election of officers.

This club is one of an international organization of supper clubs whose principal purpose is to provide a forum for outstanding authorities in cultural, scientific, and political fields.

By-laws were adopted at an organizational meeting Thursday night in the High School Auditorium and a board of 10 directors was appointed. The directors then met Friday night at the D. Smith, Arthur M. Teed, Ed Weiss, Jr., and Frank W. Wilson.

Organization of the club was begun several weeks ago under the direction of W. E. Lence of Osborne, Frank D. Smith, Arthur M. Teed, Ed Weiss, Jr., and Frank W. Wilson.

The club's first meeting was held in the High School Cafeteria, a suggested limit of 200 couples was placed. The membership is now closed at 220 couples, or 440 members.

The Top of Texas club plans to hold its first dinner meeting at the Community Building, beginning about the middle of April. This club will not be conducted as formally as some others, officers pointed out, and formal dress at the meetings will be optional.

Boy Admits To Murder

MILWAUKEE (AP)—A 19-year-old bridegroom admitted Saturday he murdered 16-year-old Patricia Birmingham while planning to elope with her older sister.

Milton Babich dictated his statement to District Attorney William McCauley.

The former student's admission came as a climax to a chain of events started by a fantastic coincidence. Pretty Pat's trussed and weighted body was dragged from the Milwaukee River last Sunday by firemen hunting for a suicide. She had disappeared Feb. 10.

Babich told the district attorney he killed Pat because the younger girl knew that Kathleen, her 17-year-old sister and Babich's fiancée, was pregnant and threatened to tell her parents.

The break came after Babich faced 45 hours of frequent quizzing by police. He had been held in custody on a charge of contributing to the delinquency of Kathleen in urging her to elope with him two days before Pat's body was found.

Volunteer Workers Needed In Local Cancer Drive

J. Ray Martin, Gray County chairman of the annual educational and membership campaign for the American Cancer Society, has issued an appeal for the cooperation of all county residents in the annual drive, which starts Friday.

B. D. Robison will serve as treasurer of the drive. Mrs. E. McKernan and Mrs. W. R. Campbell will head the residential campaign and Frank Yenny will lead the industrial division phase of the cancer drive.

Volunteer workers have been urged to contact Martin or any of the above chairmen. Martin is serving as chairman of the drive for the third consecutive year.

The splendid cooperation of my co-workers and committee members during the past resulted in our receiving \$2,136.09 of the \$2,181 goal for the 1948 drive," Martin said.

Under the leadership of Martin, volunteer workers will undertake an intensive campaign to inform the public that many cancers may be cured if caught in time. They will solicit memberships in the society as they participate in the statewide effort to raise \$450,000 for the cancer control program.

"People must be informed about this disease," Martin said yesterday. "The present death rate—about one of every eight people in Texas—from cancer can be sharply cut if everyone will learn about cancer and will put into use what he learns."

Education of the public, a year-round activity of the Texas group, is a vital necessity in curing

Skellytown Show Big Hit

SKELLYTOWN—Pete Welborn stole the show at Friday night's Dark Town Minstrel with his antics as "end man" to Interlocutor Wayne Johnson.

The show played to a standing-room-only crowd of at least 400, and D. V. Biggers, principal of the Skellytown school, said several had to be turned away. The show was presented in the school's auditorium-gymnasium.

Proceeds of the minstrel went to the sponsoring Parent-Teacher Association, members of which formed the chorus and presented specialty numbers.

City Candidates Are Unopposed

WHITE DEER (Special)—Three candidates, two for reelection, are running unopposed for the three posts on the Board of Aldermen in the city election to be held April 1.

Seeking reelection are: Dalton Ford and Eugene Richardson, running for the expiring term of the three posts on the Board.

The terms of Mayor E. R. Weeks, Alderman Alvin Williams and E. E. Foote do not expire this year.

For Printing see Rusty Ward, Texas Printing Co. 313 N. Ballard, adv.

Legion Home to Be Dedicated

SHAMROCK—W. C. McCraw, state commander, will dedicate the new home of the Shamrock American Legion post at a noon-time memorial ceremony today.

The dedication will follow a mass initiation for all candidates from all posts in the district as part of a two-day convention of the Legion's 18th District.

The convention's first event was a mass parade through downtown Shamrock yesterday afternoon.

AA Will Hold Meeting Today

SHAMROCK (Special)—Alcoholics Anonymous, Panhandle District, will hold a convention at the Community Building, beginning at 2 p. m. today.

Around 300 persons from the Panhandle and from Oklahoma have indicated they will be present to hear nationally known speakers.

Referendum On Wheat Controls Set

WASHINGTON (AP)—The government is getting set for a probable nationwide farmer referendum within the next 120 days on the question of putting wheat under production controls.

Such controls, if approved, would apply to the 1950 crop. They probably would require a cut of as much as 25 percent in wheat acreage.

It now appears that this year's prospective big crop will create a surplus requiring Secretary of Agriculture Brannan to put to growers the question of whether they favor rigid marketing quotas to bring supplies back into line with market demands.

Approval by at least two-thirds of those voting would be necessary. Marketing quotas have been used for wheat in only one year—1942—since crop control laws were first passed in the early thirties. They have been applied frequently, however, to cotton and tobacco.

Brannan is expected to wait until late in June before deciding whether to call the referendum. But aides are going ahead with plans to be ready should he decide that way.

His decision will be determined largely by weather. An adverse turn in present favorable conditions at home could reduce this year's crop prospects and make controls unnecessary.

Or, a spread of early spring drought in conditions in a few areas of Southern Europe could reduce wheat prospects there and boost the U. S. export outlook to a point where controls would be inadvisable.

However, the odds at this time favor a decision for a referendum.

Controls would be in the form of planting allotments and marketing quotas for individual wheat growers. Those exceeding their allotments and quotas would be subject to heavy penalties in the form of marketing assessments and loss of government price support. (See CONTROLS, Page 8)

Methodist Building Drive Quota of \$200,000 in Sight

Officials of the First Methodist Church could see \$208,384 today in their building fund drive of the past few weeks.

Workers Friday night at a "victory dinner" reported \$194,384 collected and pledged on paper, and an estimate, reportedly conservative, of money yet to come from promises and cards still out was placed at \$240,000. The drive had been for \$200,000—to be used in renovation of the present property and the addition of a large classroom and recreation center.

Memorial gifts amount to \$67,100; special gifts, to \$43,170; and general, to \$84,114.

Of the drive Frank M. Culbertson, chairman, had this to say: "This is proof to me that people are willing to put money in their belief in the religious side of life. That's what it means to me." He said one man had told him that if all the people were given back their money, the community would still have gained something in the people's becoming better acquainted, and with the expression of friendship that has been shown. He had high praise for all the people around 140 who did the actual "footwork" of contacting donors.

The church pastor, the Rev. Clyde Smith, said: "If I attribute the success of the campaign to the able leadership by the Wells Organization (Larry Eddy, Oklahoma City) and the church officials, and to

marvelous cooperation of hundreds of people. As a result of this victory, the church is on the highest spiritual level of any church I have ever known. We are grateful to our members and friends for the support they have given."

Ex-Editor Will Speak

CANADIAN—Gerhart H. Segar, former German newspaper editor, will be the fourth and last speaker on the Rotary Institute of World Affairs series in Canadian tomorrow night.

Segar, former member of the German Reichstag, will address Canadian High School students at a special assembly in the afternoon, and will speak again in the High School Auditorium at 7:30 p. m.

The theme of his talk tomorrow night will be "The United States of Europe"; a subject whose problems he is thoroughly familiar with.

Born in Leipzig, Germany, in 1896, he attended schools there, and after World War I he graduated from the Leipzig University School of Journalism. He is a veteran of the German army, cavalry, and air force of the first World War.

He worked as a newsmen in various cities and was foreign correspondent in Paris, Geneva, Warsaw, Prague, and Vienna.

From 1930 to 1933 he was a member of the Committee on Foreign Affairs of the Reichstag until the Nazis came into power.

He fled Germany and became an American citizen in 1942. During the late war he worked with the Office of Strategic Services and was a witness at the Nuremberg war crimes trials in 1945.

France Thanks Ochiltree County

PERRYTON—A large watercolor depicting port scenes at Cherbourg, France, has been sent to the citizens of Ochiltree County in appreciation for donations of wheat to Friendship Trains of the past two years.

The painting, which hangs in the Equity Grain Co. office, came on the "Merit" Train from France. The train, which consisted of one car for each of the 18 states and the District of Columbia, carried thousands of small gifts from a grateful French citizenry.

In 1947 five cars of wheat were shipped from Perryton and three cars in 1948 for overseas relief.

TROOPS NEAR MANDALAY

RANGOON, Burma (AP)—The government reported today that troops advancing in an attempt to retake Mandalay from the Karen rebels were within four miles of the temple-studded city.

Bob McPherson

Bob McPherson Will Get Eagle Badge at Ceremony

One of the largest Courts of Honor in the history of the Adobe Walls Area Council will take place at 7:30 p. m. tomorrow at the District Court Room, Court-house when Bob McPherson and John Young will receive their Eagle and Eagle Bronze Palm awards, respectively.

There will be 143 awards made at the Court of Honor. Bob McPherson, son of Mr. and Mrs. A. E. McPherson, member of Troop 22, will be presented the highest award in the Boy Scouts of America, the Eagle Bronze Palm award by Rev. Carver. He will also receive his automobile merit badge to give him a total of 26 merit badges. He was awarded his Eagle badge at the May 20, 1948, Court of Honor.

Joe Gordon will serve as chairman of the Court of Honor. Second Class awards will be made by Sam Begert, First Class, Huey Lyn Laycock; Star, Ray E. Vance; Life, M. M. Ammerman; and merit badges, Dr. H. L. Wilder.

Thirty-one boys will receive a total of 96 merit badges. Scouts to be awarded Second (See McPHERSON, Page 8)

COBBLERS' FESTIVAL
 Monday was humorously canonized as "St. Monday," the festival of cobblers. Cobblers were supposed not to know on which day Americans are credited with inventing ice tea.

Student Campaign For Club Presidency

WASHINGTON — (AP) — I. H. Fredericks, a law student who is national committeeman of the District of Columbia Young Democrats, announced he is a candidate for the presidency of the Young Democratic Clubs of America.

Fredericks is a native of Ponca City, Okla.

Roy G. Baker of Sherman, Tex., now president of the national organization, has resigned. The National Committee will meet here April 2 to elect his successor.

In Burma, tea is often pickled and eaten as a vegetable.

First Day Count Shows Increase Of Income Tax

WASHINGTON — (AP) — Income tax collectors had counted up \$748,557,272 in receipts the first day after the March 15 deadline for returns, a treasury report showed.

This was well above the \$625,779,200 tallied the day after the income tax deadline last year.

But whether it reflected heavier cash payments on late returns this year or merely faster counting could not be determined at this stage. Finishing the tally on near-deadline returns usually takes at least two weeks.

Are You a Partner?

Like Topsy, many existing partnerships "just grew" and are doing business in an informal way. No one has even considered what might happen if one of the partners died. No provision has been made to allow one partner to withdraw or to protect a silent partner in case of business reverses. Often the result of a partnership which "just grew" is disappointment, confusion and expense. If you are contemplating the formation of a partnership, discuss the details with your lawyer and have him prepare proper articles of partnership agreement. If you are in a partnership which "just grew" have your lawyer analyze the situation and prepare the proper papers to avoid the impending pitfalls.

Colorado Has New Producer

PUEBLO, Colo. — A new oil well has come in as a producer in southwestern Colorado's Dove Creek Field, it was reported yesterday.
 The well, known as the Jesse White No. 1, began flowing Thursday, from near the 6,000-foot level.
 The well is named for Dr. Jesse White, Pueblo physician and one of a group of local persons who hold overriding priorities on the lease. It is located one-fourth mile from the Anna Driscoll No. 1, the original well brought in about four months ago northwest of Cortez.
 The new producer was drilled by the McConnell Drilling Co. of Dallas.
 Oil men believe that with its production the Dove Creek Field has been established and that many wells will be started this year.
 The Anna Driscoll now is producing 200 barrels of oil a day and its substantial flow of gas is under contract to the government's atomic plant at Minticello, Utah. A pipeline will be in use by August, it is reported.
 An enraged elephant will fell a man with his trunk, gore him with his tusks, trample on him, then fling the body 75 feet or more away.

Lynn to Speak at White Deer Club

WHITE DEER — (Special) — J. E. Lynn of radio station KGNC, Amarillo, will be the guest speaker at the White Deer Lions Club Ladies Night program next Tuesday in the High School Cafeteria.
 The High School girls' quartet will sing.

CRASH

(Continued from Page 1)
Morris, 66, of Gainesville, Lee Morris, 66, her husband, was also listed as critical in St. Anthony's Hospital, suffering from brain concussion and shock. Mr. and Mrs. B. L. Hunter of Canyon Road and their 18-month-old son, Roy Lee were not admitted to the hospital. The Morrises are the parents of Mrs. Hunter.
 Hunter was turning into his driveway on Canyon road when the car bearing the newsmen came along. The crash followed.

CONTROLS

(Continued from Page 1)
 port aid.
 Both the Agriculture Adjustment Act of 1938 and the Aiken longrange farm law which goes into effect next Jan. 1 authorize controls. There is a conflict between the two, however, as to the final date for proclaiming quotas and holding a referendum.
 However, at the department's request, Senator Aiken (R-Vt.) has introduced a bill to amend his law to make its provisions relating to quotas and referendum to the 1950 crop.

MCPHERSON

(Continued from Page 1)
 Class badges are: G. W. Yeargan, James Frichard, Troop 16; Berry Oates, Leroy Ellis, J. O. McWilliams, Derrell Coffman, Alton Cooper, Bill Nolan, John Pitts, 80; Ivan Peacock, Jean Martindale, 4; Richard C. O'Connell, Tommy Lockhart, David Whalley, James Redd, Jerry Ray Boston, Howard Youngblood, 22; Dick Seawright and Billy Rice, 18.
 Thirteen scouts will be presented with First Class badges. They include: Derrell B. O'Connell, Jimmy Martindale, Troop 4; Benny Cartwright, James Shelton, 22; Leroy Ellis, Jon Oden, John Pitts, Barry Oates, J. C. McWilliams, Jimmy Calhoun, Joe Key, Marvin Overton, 80; and James Seawright, 18.
 Evans will award Star badges to the following: Carrol B. O'Connell, Troop 4; Ronald Slin, Jack Weathered, 80; Billie Studebaker, Leonard Flippin, Ed Landford and Homer Sherer, 22; John Schoolfield, Jr., Herman Van Sickle and Ronald Owens, 14.
 Don Spencer, Troop 20, Edward Prince, Troop 20 and Lenny Carlton, Troop 80 will receive Life awards.

TERRITORY

(Continued from Page 1)
 ment and state governments — the United States and Britain have favored a stronger central administration than France which considered a loosely federalized combination of states one way of keeping Germany under control.
 2. The Berlin crisis — so far all efforts to reach an agreement with the Russians for lifting their Berlin blockade have failed. Diplomatic authorities believe, however, that the foreign ministers must seek other possibilities for ending the crisis.
 The Western leaders may also tackle the problem of what they should do if and when the Russians lift the blockade and propose a settlement for all Germany including withdrawal of occupation forces. The Western governments are dead set against withdrawal.
 4. Reparations — an Economic Cooperation Administration Committee several months ago recommended a reduction in the number of plants marked for reparations removal from Germany.
 5. Prohibited and restricted industries — the United States favors narrowing the number of industries in which German activity was either prohibited or restricted.

SENATE

(Continued from Page 1)
 to expire Thursday, the House had voted to extend controls for 15 months, through June 30, 1950. The Conference Committee which was named to adjust differences accepted that term rather than the Senate provision, which called for a 12-month extension, with tenants protected from rent increases and additional three months if they wished.
 On the matter of allowing increases, the two houses took sharply diverging approaches, and that remained the principal point of dispute in the Saturday conference.
 The House said that, as far as possible, the government should fix its ceilings, the word as used in the bill, "a reasonable return on a reasonable value" of their property.
 The Senate bill would permit two increases, each of not more than 2 percent of the June 30, 1947, level, provided the new rent was not more than 15 percent greater than the 1947 base. The latter provision would protect tenants who had signed 15 percent "voluntary" increases last year.
 Men and apes are the only creatures whose eyes can be focused on varying distances.

Brisk Voting Is Predicted At Panhandle

PANHANDLE — Brisk voting in Panhandle's April 5 city election was forecast yesterday by reliable sources even though no absentee votes had been cast so far.
 A spirited campaign is also being waged by two old political opponents in the majority battle, Ralph Randal and F. F. Ferrell, Panhandle druggist. The scramble for votes in the chief executive's race is to fill the remaining one year of former Mayor D. M. Smith's term, who resigned recently to go into business in Amarillo.
 Ferrell and Randal met once before at the polls for the same office in 1946 when the latter tallied 150 votes to the druggist's 119.
 Five candidates entered the field for the three vacancies on the city council, the one created by the resignation of Councilman M. C. Davis who resigned to take over the city managerial job several months ago.
 Incumbent Councilmen Howard Lane and H. B. Skilton, seeking reelection, are faced by Howard Amik, Floyd Hubbard and Dick Orr.
 Voting was predicted yesterday by the same source to be the heaviest in some time.

TORNADOES

(Continued from Page 1)
 of casualties were reported at Hazen, northeast of Little Rock. At least nine persons were hurt at Newport, in North Arkansas, and Sheridan, south of England, Ark., also was reported hit.
 Six persons had been killed and 34 injured by tornadoes in Mississippi and Louisiana Thursday night and Friday.
 On Friday tornadoic winds had hit Desdemona, Alvord, Seymour, Dallas and Benjamin in Texas. Windstorms, hail, and rain blew into many other Texas towns and cities that same day.
 The weather stabilized in Texas. Fairing skies were expected in West Texas, partly cloudy in East Texas, with cooling temperatures.
 The Weather Bureau said the low-pressure system that spawned the twisters moved north Saturday, pulling its center in Northeastern Oklahoma, and its southeastern quadrant — into Northern Arkansas and Southern Missouri. By midnight the center was expected to move into Indiana.
 Damage to Springtown, a village of 80, was estimated at \$500,000. At least \$150,000 damage was done by the storm near Eastland, Tex. Springtown is about 20 miles north of Fort Worth and about 75 miles northeast of Eastland.
 Fifteen homes and two stores were wrecked at Springtown and electric and telephone service was knocked out.

LATEST

(Continued from Page 1)
 which on Jan. 1 equalled or exceeded prewar production, already had slumped seven to ten percent.
 Rigid new electricity rationing may cut production to less than half of normal, he added.

PRINCE GRADUATES

TOKYO — Crown Prince Akihito was graduated from junior high school Saturday. The emperor and empress looked on as the 15-year-old prince received a small diploma at the Peers' School.
 Tea, says the National Geographic Society, is the world's third most popular drink, ranking behind water and milk.

New Cub Pack Formed at Church

A new Cub Scout pack for the Santa Fe District of the Adobe Walls Area Council was organized last night at the First Baptist Church.
 Perry O. Gajt was chosen to serve as Cubmaster and S. O. Dunham, chairman. Troop committee members volunteering their services for the new pack are Homer Anderson, H. A. Hanks, W. R. McLeod, R. C. Beal, C. E. Dehl and L. W. McClothin.
 A number for the pack has not yet been assigned, but the pack will begin activities in the near future.

License Needed for Powered Baby Buggy

SHEFFIELD, Eng. — David Eldred's wife got tired of pushing her daughter's baby carriage. So David put a motor on it.
 Then came the police. They said the powered buggy, which traveled three miles an hour, had to be classified as a self-propelled vehicle. Therefore, said they, Eldred would have to get license plates, lights and brakes. And Mrs. Eldred would have to get a driver's license.
 Mrs. Eldred is pushing the carriage again.

U. S. and Russia Blamed for War

NEW YORK — (AP) — Russia and the United States both were blamed for the cold war yesterday by speakers at the battle-scarred Cultural and Scientific Congress for World Peace.
 The Soviets were attacked sharply at a counter-rally of American scientists, educators and writers held at the same time.
 Two Canadians attending sessions of the conference, which has been labeled pro-Communist by the State Department — a charge denied by its sponsors — were seized at a banquet and sent back to Canada. A third was permitted to remain.

Texans Can Still Fish In Don Martin Lake

MEXICO CITY — (AP) — Texans still can fish at Don Martin and Salinillas Lakes, the Mexican Department of Fisheries announced yesterday.
 The lakes are favorite spots for many Texas anglers. Recently the Sabins National Fishing Sports Club's concession was cancelled at the lakes.
 However, the Department of Fisheries said that the club had obtained an injunction against cancellation of the concession. This in effect, means fishing can continue.
 was permitted to remain.

Conclave to Draw 1,500

SHAMROCK — (Special) — About 1,500 persons are expected to attend an 18th District American Legion convention to be held here April 9-10, according to Charley Gibson, Amarillo, district commander.

Twenty-eight counties are to send delegates, it was said. Scene of the activity will be the new Legion Home just being finished. The home is described as the largest and finest in the state. It will be dedicated on the second day of the conclave.

Weed Control to Be Discussed

PANHANDLE — Two meetings will be held in Carson County this week to discuss weeds and weed control.

The first meeting will be held at 7:30 p.m. tomorrow in the vocational agriculture room at Panhandle High School. The school auditorium is available if the room should prove too small.

At the same hour Wednesday a similar meeting will be held in the Groom High School with a motion picture showing the details of plant growth and effects of 2, 4-D plant spray. Both meetings will be under the direction of Dr. Meadows, plant chemist.

Stunt Night Is To Be Tuesday

SHAMROCK — (Special) — A Stunt Night program will be presented by the Senior Class Tuesday at 8 p.m.

Each class of the Shamrock schools from the Second through the Eleventh Grades, will present a stunt at the event, to be held at Clark Auditorium. Cash prizes will be offered for the best stunts.

She Failed to Beat the Record of the Robert E. Lee

Racing upstream against strong Mississippi River currents, the diesel-powered Harry Truman failed to beat the record of the famed Robert E. Lee. The Lee ended its historic race along a 1051-mile course in three days, 18 hours and 14 minutes in 1870. The Truman, pushing one barge laden with 1100 tons of cargo, failed to match that speed by one hour and 16 minutes, although the distance from New Orleans to St. Louis is now considerably shorter due to changes in the river channel. Here, the modern barge is shown 80 miles north of Memphis, Tenn.

Three New Bills Signed by Jester

AUSTIN — (AP) — Gov. Beauford H. Jester yesterday signed the following bills:
By Senator Neville Colson — appropriating funds to pay certain judgments obtained against the

state by the Graham Paper Company and the Continental Gin Company.
By Senator Rogers Kelley — relating to the fixing of salaries of the district or county attorney of Wilacy and Cameron counties.
By Senator Fred Harris — appropriating funds to pay a judgment against the state obtained by Christine Mayes Wallace and husband.

Before the days of night flying, airmail was carried by plane during the day, and transferred to trains at night.

Russia Expected to Annex Spitzbergen, Far North Post

By SIGRID ARNE
AP Foreign Affairs Analyst

Just what Moscow will do in answer to the North Atlantic Pact is the subject of a good deal of warm watching.

Soviet propagandists already are denouncing the pact as a "war pact" and a "new holy alliance" threatening the safety of the Soviet Union and its satellites.

But diplomatic gossip here wonders whether that will be enough for the Kremlin masters.

One of Europe's most seasoned diplomats thinks not. He is an exile, living in Washington now, and can't be identified because his family is still living behind the iron curtain.

He told this reporter that he expects Russia to take some action to bring Spitzbergen under the Red flag.

Why the worry about Spitzbergen? Where is it? Who runs it? Spitzbergen is the largest in a group of islands that lie halfway between Norway's most northerly tip and the North Pole. They are under Norwegian rule.

Under the World War I agreement it could not be fortified and its development was open to anyone who wanted to take the gamble.

Its harbors are ice-locked except during the short northern summer of the midnight sun.

But Spitzbergen has two things that are important in a world where two great blocs of nation are at odds. It has weather stations which, under the World War I agreement, give their findings freely to anyone who needs them.

Much more importantly, it is within fairly easy bomber range of important European cities.

From Spitzbergen it is roughly 1,200 miles to Leningrad, and something like 1,600 miles to Moscow. Those distances could be important, if the North Atlantic powers held the Spitzbergen air bases and wanted to remind

the Kremlin that they would frown on any further Russian aggression.

Russian planes, based there, would be within equally easy striking distance of that famous deep-water home of the British fleet, Scapa Flow, an island-locked harbor just north of Scotland.

Further, planes from Spitzbergen could swing down over some of the major European cities.

For that reason any proposal regarding Spitzbergen coming out of the Kremlin is expected to bring about a quick closing of the ranks among the Western partners.

Local Jaycees Plan to Attend Convention

ABILENE — Nearly two thousand delegates from 125 local Junior Chambers of Commerce in Texas will attend the 22nd annual convention of the state organization at Cabot this year, according to present registration.

Melvin B. Evans of Wichita Falls, state president, said.

Those from the Pampa club who have registered so far are

President Floyd Watson, Joe K. Fischer, and Elmer Francis.

Highlight of the convention, March 31 through April 2, will be the keynote address at Friday's luncheon by Governor Sidney McMath of Arkansas.

Educated in his native state, the Governor worked his way through school, studied law, joined the Army and came out with the Silver Star and Legion of Merit for his campaign at Guadalcanal and Bougainville, where he received a battlefield promotion to lieutenant colonel.

A few months out of the Army, McMath became prosecuting attorney for two years and left that office for the Governor's mansion at the beginning of this year.

Other speakers include Congressman Ed Gossett of Wichita Falls.

Red Cross Goes Over the Top

SHAMROCK — (Special) — The Red Cross Chapter fund drive for \$1,325 was announced Wednesday as having gone over the top — with \$1,339.12 collected.

Chairman G. L. Harrison said that, although the goal had been reached, those who still wish to contribute may do so by sending him a check, addressed to 20 Trees Court, or to Perry Bear at Hunter's Department Store.

The combined seating capacity of New York City's theaters is more than 860,000.

Poles Give Americans Brush-Off

By LARRY ALLEN
AP Foreign Affairs Analyst

WARSAW — (AP) — The social "freeze" is on in Poland. Both Americans and Britishers are getting the brush-off from the Poles.

Poles not only are not coming to parties, cocktail affairs and other social events organized by members of the American and British colonies. Many times they don't even trouble to answer "RSVP" invitations.

The answer to anything the government doesn't want to talk about is: "We don't know anything about it. We never heard of it." That is the reply of the government's official spokesman to any inquiries about the social "cold war."

Those of the American Embassy who like to entertain complain that it is not a question of setting a date and inviting Polish friends. If the American host hopes to attract a Polish guest the procedure is to telephone the Pole and ask him to set the date.

The government's official spokesman says, however, that no Pole is required to get official clearance to attend any Anglo-American affair.

Nevertheless, the brush-off goes on.

Colonel Nelson Dingley, the new American military attaché, invited Polish military officials to a cocktail party to meet new members of his staff. Not a single Pole showed up.

Dingley now has been waiting months to meet Marshal Michal Zymierski, minister of national defense. Commander Gerard Bogart of Scarsdale, N. Y., U. S. naval attaché, has been waiting since last August for an official meeting.

American Ambassador Waldemar J. Galtman invited representatives of the entire Polish press to a "get-together" cocktail party at his home. A half-dozen came of the 60 or more invited.

The social "freeze" is not confined to the Poles. Sadly lacking are contacts with the personnel of the Russian and other embassies of the "peoples' democracies. Necessary official business is conducted in a suspicious, chilly atmosphere.

The social "cold war" obviously is an outgrowth of the strained international situation. No one doubts for a moment that all this would be changed if Generalissimo Stalin were to announce that permanent peace is here and relations with the United States were just dandy.

BILL BY WORLEY
WASHINGTON — (AP) — A bill which would repeal the authority of the secretary of agriculture to permit importation of cattle and other livestock from countries where the foot and mouth disease existed was introduced by Rep. Worley (D-Tex.).

'Lovebirds' Bill and Cue

This handsome couple, relaxing at pocket billiards, consists of two members of the cast of Harvard University's Hasty Pudding Club production, taking a break after rehearsal. Underneath the vegetable tables is Henry Gardner, left, of Gardiner, Me., while the military gent is Robert Myhrum of Chicago. The show, "Tomorrow Is Manana," opens in Cambridge, Mass., March 10.

Roundup Club Fights at Stinnett Tuesday; Lockney Here Saturday

The Roundup Boys' Club boxing team will meet Stinnett at Stinnett next Tuesday night. It is the first of an active month of boxing laid out for the team. Next Saturday, the 29th, they will meet a strong Lockney team here. On April 12, Stinnett fights here, and the 18th the team goes to Lockney. In addition, a home and home match with Wichita Falls is being made, with the dates probably being during the week of April 4.

The fight with Lockney should bring out all of the Pampa team, as they have boys of all weights. It has been difficult to match Leon Kelley and Francis Hunt with most teams because of the fine ability of the two boys. In addition, Lockney might bring a boy along who will fight Eugene Cooper, ex-Golden Glove state champion, who has offered to fight with the Rounduppers when he can be matched.

66 to 1 Shot Wins Grand National 'Chase'

AINTREE, England — (AP) — An unsung 9-year-old gelding named Russian Hero jumped like a stag Saturday to capture the 103rd Grand National Steeplechase in a runaway finish.

His trainer didn't figure the horse had a chance — even debated with his owner about starting. The owner, William Fearnaill Williamson, reasoned otherwise. Months ago bookmakers thought so little of Russian Hero that Williamson was able to get 300 to 1 on a \$40 bet.

Russian Hero, which went off at 66 to 1, snatched the lead on the next to last fence and scampered home eight lengths in front of Richmond, a 22 to 1 shot. His \$37,868 purse joined the \$12,000 Williamson tapped from his bookie.

Cage Coaches Prepare Mass Rule Changes

SEATTLE — (AP) — The nation's hoop coaches rolled up their sleeves Saturday morning and dived headlong into the last two minutes of basketball.

A dozen or more suggestions on how the rules should be changed to lessen the fouling in the game's last 120 seconds have been made to the National Association of Basketball Coaches.

With Paul Hinkle of Butler leading the discussion as rules chairman, the coaches went down the line for standardization of the game in all departments.

There was even a suggestion that nets should all be yellow in color but this was turned over to the research committee.

The coaches elected John Dunn of Springfield College, Mass., president of the NABC, and others elected included Jack Gregg, University of Texas, second vice president.

Games will be played each week on Thursday nights and Sunday afternoons.

Harvester Golfers Fall Again to Sandies

The Pampa Harvester golf team found the going tough in Amarillo Friday afternoon, playing through hail, rain, wind and cold. But still they did better against the Sandies than they did last week at home. They lost 24-3, but that 3 points represents a 300 percent increase in their scoring.

The only Pampa scoring came in the individual competition. There Ronnie Samples won 2 of a possible 3 points from Bill Colvin and Jack Cox took 1 of 3 from Ronald Aspreen. In the 3-ball play the Harvesters lost all 12 points.

Other boys who played for the Harvesters were John Friauf, Dick Oden, Mickey McCray and Rich Miller.

Public Is Invited to Attend the Opening Drill Starting at Noon

Green's Gossip

by Hogan O'Snead

This writer, along with all of the other divot diggers out at the Pampa Country Club, wants to thank the following men for the fine work they have done on the lake and bridges on No. 7 and No. 14 at the club: F. E. Hoffmann, H. H. Heiskell, C. F. McGinnis, Bill Speed, Orville Heiskell, Grover Heiskell and Ralph McKinney. These boys procured pipe and welding equipment for the bridges and did all of the work. The first time you masnie artists view the new footbridge on No. 14 you will say to all of the men named, "fel-lows, you have done a swell job."

Aaron Sturgeon played with a group of sharps last Thursday. Walt Fade, Cletus Mitchell and Max Harlinson. These boys did everything except break his arm, said Sturgeon.

Joe Houck, the popular Huber professional and George Aulbach, Amarillo Country Club professional, played the local links last week and praised the Pampa layout very highly. Incidentally they both had very good rounds of golf, with Houck making the

shot of the day by knocking one into the cup for a birdie 3 from 25 yards out on No. 16. Those boys make the game look awfully easy, but take it from O'Snead this game of golf is a challenge of the individual. It surely has me whipped.

John Austin, Pampa pro, tells me that George Aulbach has offered to bring one of his top amateurs over here and play an exhibition match for the Pampa golfers within the next two or three weeks. After the match he will show a golfing movie and give a lecture on the game. If you would like to have him do this, tell Johnny about it. George, by the way, gave Johnny a lesson around the Amarillo Country Club course Friday afternoon.

Some of the lady golfers were crying loud and long last Wednesday. Reason: 16 and 17 strokes on some holes. Practice will cure that—keep swinging, girls.

Spring is definitely here. Frank Mitcham started his warmup rounds this past week. That's a sure sign. A few words about Frank. Several years ago he was one of the best and toughest competitors in this part of the country. He has a very good short game and is an excellent putter. O'Snead says to the rest of you players—don't take this fellow too lightly. He's poison!

Rule of the week: Know your own ball, else the hole you will lose. 'Tis a penance in match play we hear. And in medal they say,

Sandow Saves Family Honor On Sportatorium Mat Card

The Pampa wrestling fans saw a great match Friday night, and also saw a very fine wrestler and man uphold a family honor after being put in a tough spot by fate.

Billy Sandow, that fine 190-pounder from Toledo, Ohio, was slated to wrestle with the team of Glen Detton and Pierre LaBelle. But when Olan Boynton, who was to wrestle on the other team, received a broken foot this week, Dory Detton had to substitute for him. Rather than fight against his own brother, Dory put Sandow on the other team with Alex Kasaboski and John Carlin. A couple of rough and dirty fighters.

Sandow, who has always been one of the finest wrestlers in the local arena, comes from a long strain of reputedly fine matmen, and he didn't much care for the idea of working with these two villains. He showed his disgust by refusing to fight his type of fight, preferring to fight his usual clean battle, although it meant that he had to whip both of his partners to do so. And he did just that, much to the delight of the fine crowd present. He gave John Carlin a going over inside the ring and in their corner, and he gave it to Alex inside the ropes.

The first fall of the tag match went to the Kasaboski team, with Alex pinning Glen Detton in the corner, with the aid of John Carlin, who was close enough to help hold Glen down without the referee, Homer Anderson, seeing him.

The second fall went to the Detton team with LaBelle forcing Carlin to give up after 15 minutes, after a series of knee stomps.

The third fall was when Sandow turned on his partners. His reason was given as their failure to tag him when he was being given the works by the other team. But the real reason behind it was his disgust with their type of wrestling. The final fall went to the Detton team with Dory pinning Kasaboski after 11 minutes. He rendered Alex nearly unconscious with a series of hard Sonnenberg tackles prior to pinning him.

In the preliminary event Kasaboski defeated LaBelle in two of the three falls. The first fall went to Alex after 13 minutes with an arm stomp. Pierre pinned Kasaboski in 9 minutes of the second fall after a series of body-kicks.

The third fall went to Alex after 8 minutes, when he got up after some body-kicks to apply a single crab.

So sacred is the cow among Hindus that to mention its dissection for food would defile the tongue, they believe.

DANCE

With **Johnnie Lee Wills** And His Boys at the **SOUTHERN CLUB**

You Know Ride Now Where the Crowd Will Be

Sat. Nite, Apr. 9th

Johnnie Lee Wills

If you want a table for THIS DANCE, come out in person, sign up and pay for it—the exact size of you and your party. We do not take table requests over the phone nor hold tables.

Hurry—come out—get your table early—NOW!

Is truly one of the most, if not the most versatile band, or musical organization of the nation! The instrumentation of the band, and the musical ability of its personnel makes it so!

The band's library consists of a large number, and variety of numbers, old time and modern, especially arranged for its instrumentation! Consisting of Brass, Saxes, Trumpets, Cornets, Steel and Electric Guitars, Piano, Clarinets, Flutes, Bass Fiddle, Drums, Fiddlers and Singers. Vocalists, Three, Yes Sir Three!

The featured vocalist is LEON HUFF, long considered the outstanding Vocalist of the Southwest! Johnnie Lee Wills fronts his band with his violin, and is an outstanding violinist of fame in his own name, not withstanding the fact that he is the brother of Bob Wills of both radio and musician fame!

The band plays to a schedule of selected and reputable nite clubs, breaking all attendance records, in practically all instances. Johnnie Lee Wills was born in Hall County, West Texas, and is Texas' and the Southwest outstanding band leader!

To appear with his boys Saturday nite April 9th.

Education

Building the Citizens of Tomorrow
BOYS' CLUBS OF AMERICA

From March 28 to April 3 the nation will honor its boys with a National Boys' Club Week. Not a fund-raising campaign, the week will focus the eyes of the nation on the more than 375,000 boys from eight to 20 years of age who enjoy the opportunities of Boys' Clubs across the country. Through such clubs, a boy's natural excess energy and love of sports are combined with education to build the citizens of tomorrow.

WARREN'S WARM UP

QUESTION: Gerry Cote of Canada won what famous American distance race for the fourth time last year?

BOYS' CLUB WEEK: This week, March 28-April 3, has been set aside as National Boys' Club Week in honor of the boys' clubs all over the nation. Our own city has a newly organized club, the Roundup Club, which has been doing a fine job since its inception. In addition to renting a building, they have purchased much equipment for boys to work with, all through money raised at boxing matches.

Yesterday, the first donation to the club was made by a gentleman from Amarillo, Mr. Jim Sherrill, who sent his personal check for \$30 to help out the club. Mr. Dory Detton, Amarillo wrestler and promoter, who was here for Friday night's bouts, said that he would send a wrestling instructor over once a week to give the boys instructions in amateur wrestling, weight lifting and tumbling. In addition, he offered to see that our club receives some of the donations which he gives to the boys' clubs of Amarillo. His donations last year totalled well over \$12,000.

A boys' club is based upon the idea that:

- Every boy in any community should have opportunity for free time activity, and the companionship of boys in a good environment under good leadership, in any of his free time.
- Every boy needs guidance in the choice of his free time activities, in behavior, and in his attitudes toward others, family and church relationships, girls, education, employment and government.
- Every boy should have a medical examination at least once a year, and remediable defects should be corrected.
- Every boy should have opportunity for physical training, athletics, and the development of physical fitness.
- Every boy should have opportunity to learn and practice wholesome health habits.
- Every boy should have opportunity for education on a personal interest basis, to develop vocational skills, and to discover vocational aptitudes.
- Every boy should have opportunity to develop interest and skills in hobbies and cultural activities which enrich life.
- Every boy should have opportunity to experience outdoor life away from cities.

Those are the basic reasons for a boys' club in any community. These are the principles behind the Roundup Club for Boys.

It is the responsibility of everyone to see that boys are given these opportunities. And it is through the Roundup Club in this city that boys will be given these opportunities for the proper kind of entertainment and activities.

No fees are charged the boys to become members of the club. It is open to all boys, regardless of age. At present the club is open every evening from 7-9. It is hoped that it will soon be possible to keep the club open at all hours in which there is no school.

In order to raise more funds for the club to operate, several more boxing matches have been scheduled. The club will fight at home, the Sportatorium, this coming Saturday night, April 2, with Lockney as the visiting team. On the 12th they will meet Stinnett here. A match with Wichita Falls is in the making, the date to be announced later.

The club wishes to thank all who have aided it so far, and hopes for your continued support.

NOTE: Just had a telephone call from Grover Austin, Jr., telling me that Mr. Pitt Powell and Johnny Munn, a couple of Amarillo golfers, are coming over some day this week to play Grover and Warmup a little match. Hope the weather gets good so I can sharpen up my game before they get over here.

ANSWER: Gerry Cote captured the Boston Marathon for the fourth time last year. The 34-year-old policeman also won in 1940, 1943 and 1944.

Shotton Now Can Call Dodgers Own

By JOE REICHLER
AP Newsfeatures
VERO BEACH, Fla. — This is Burt Shotton's third season at the helm of the Brooklyn Dodgers, but oddly enough, this is the first time he has directed a Dodger squad in spring training. Therefore, it's the first time Brooklyn will either sink or swim on the judgment that Barney will make down here.

Barney came in on a rain-check just after the 1947 season had begun, and he came back on a return check in the middle of the '48 season. The '47 Dodgers won the flag. The '48 Dodgers finished third, after leading the pack part of the way. Neither actually was his team, however. This one is.

Before Shotton left Brooklyn last October, he staked out a claim to the pennant and stated that only two men were absolutely certain of their jobs. Captain Pee Wee Reese and Jackie Robinson.

Today, Shotton still believes the Dodgers will win, but except for adding the names of Gil Hodges at first, and Roy Campanella and Bruce Edwards behind the plate, he still hasn't made up his mind as to his other regulars.

He has two interesting projects going on. One is at third, and with a little spark, Spierer. The pitching is fairly solid, with a staff headed by righthanders Rex Barney and Ralph Branca and southpaws Joe Hatten and Preacher Roe.

"I've got eight men battling for the third base job," says Barney. "I don't care who wins it, because any one of them is capable of giving a good performance there. Billy Cox is a changed man from last year. His disposition is marvelous. He can hit, field and run. All he needed was a little spark. Spierer Jorgensen completely recovered from his arm lameness. He should be as good as he was in '47 when he was our regular third baseman."

Shotton has eight outfielders. He hopes to find three men who can play every day against all types of pitching.

"Last year, I had to do a lot of juggling, using certain type hitters against certain type pitchers," he explains. "I didn't like to do that, but I couldn't help myself. My outfielders just weren't good enough to play every day."

Barney is dreaming of using one solid trio. Thus far he has had Carl Furillo in right field, Duke Snider in center and Gene Hermanski in left. He has become convinced that Furillo is better off in right than he was in center last year. The same for former rightfielder Hermanski in left. He plans to go with Snider in center.

"If per clicks, we're in," he says. "If all boys has the makings of a great player. He has lots of power, can run like a deer, throws with a rifle arm and can go out and get them. All he needs is confidence and a little more experience."

The other outfield candidates who have made a fine impression on Shotton are Cal Abrams, up from Mobile and Tommy Brown, the reconverted infielder. Marv Rackley, George Shuba and Dick Whitman are the others.

"Our crying need is power," Barney concedes. "But if we can't outslug 'em, we'll outrun 'em all. A single will score a run for us where it will take a double for anyone else."

Tyler Battles Way to JC Tourney Finals

HUTCHINSON, Kas. — (AP) — A favored Tyler, Tex., team and club, met last night for the championship of the National Junior College Basketball Tournament.

Tyler, one of the pre-tournament favorites, beat Compton, Calif., 62-52, in a semifinal game Friday night. Compton also was a favorite in pre-meet ratings. Hutchinson came from behind in the last few seconds to beat Grant Tech of North Sacramento, Calif., in the other semifinal contest. The score was, 45-33.

The Hutchinson team got into the tournament at the last minute, filling in for a New England district winner that failed to show up. But it's been scoring upsets all week.

Aggies Enter Playoff Unafraid

SEATTLE — (AP) — There was no fear in the hearts of the Oklahoma Aggies as they approached the zero hour in 1949 basketball.

Last night they met the Wildcats of Kentucky, rated one of the all-time greats among the elite teams of the collegiate hoop sport.

They were trying to lift the National Collegiate Athletic Association crown from the Wildcats and thereby take back home to Oklahoma — for the third time — the top prize of the court game.

These men of Oklahoma A&M and Kentucky were scrambling for the title after the champions of the Big Nine and the Pacific Coast wound up a squabble for third and fourth places. With a sellout crowd jamming the University of Washington Pavilion beyond its 12,000 seating capacity, Illinois and Oregon State opened the year's climax season.

So great is the basketball fever in this hoop-mad city that fans were offering sports writers two-figure greenery for their passes to the practice sessions.

Coaches Hank Iba and Adolph Rupp pronounced their teams ready and eager for action. Neither was cocksure; both were confident.

"This is a great bunch of boys," Iba said of his Aggies. "No stars, but all fine players. They feel ready, anxious to meet the team they know deserves the high spot it holds in the nation's regard. They remember the Sugar Bowl game two years ago when almost the same teams met and the score was 37 for the Aggies, 31 for Kentucky."

Music, Talk Are Presented

The Rev. and Mrs. Douglas Carver and their daughter, Gwen, who will be four years old Mar. 31, furnished the entertainment portion of the Kiwanis Club's program Friday.

Frank Wilson, Senior High School principal, presented an informative talk, explaining the three bills submitted by the Gilmer-Albin Committee on education in Texas.

The 4-year-old Carver girl sang two numbers to the accompaniment of her mother at the piano. Mrs. Carver was presented in three solo numbers, and the Rev. Carver sang two songs.

Prim. Wilson said that the school bill is in three parts — one focuses the authority and function of the various state agencies that have to do with education; one that proposes a minimum standard of education to be made available to all children in the state; and one that stipulates on what basis the various counties will participate financially in an education program.

Next Friday's club meeting will be held at the Palm Room, instead of the First Methodist Church basement, it was announced. This is for one week only.

DR. JOHN C. HUBBARD, above, 33rd Degree Mason and noted speaker, will be the principal speaker next Wednesday night (8 o'clock) at a Scottish Rite meeting in the City Hall Palm Room. Dr. Hubbard, who, with his three sons, operates the Hubbard Hospital and Clinic at Oklahoma City, is a member of every branch of Masonry, it was reported. Since 1938 he has been editor and corresponding secretary of the National Eclectic Quarterly.

Society Has Initiation Ceremonies

CANADIAN — (Special) — An impressive initiation service was held by the National Junior Honor Society at assembly in the High School Thursday. Louise Zybach, president of the group, conducted the program.

From the speaker's stand, which was bedecked with five colored candles, the following members of the society explained: gold for scholarship, Phil Love; blue for service, LaLuana Ballard; green for leadership, Vona Brooks; white for character, Patsy Wheeler; and red for citizenship, Shirley Jones.

Those are the five: cardinal principles of the society, forming the basis for the selection of the membership. Students, to be eligible, are required to make an average of 90 percent for an entire semester and the following six weeks. They are further recommended and scored for rank on the five principles.

The fifteen candidates — Nancy Alexander, Janet Conley, Thomas Conyers, Dale Roth, Mary Ellen Tepe, Lois King, Janet Forney, Wayne Rowley, Claudette Sparks, Sandra Wilkinson, Jeanette Raymond, Joyce Wootton, Ann Rathjen, Clara Bettis and Glenn Morris — were presented as qualified for membership in the National Junior Honor Society and were formally accepted by the sponsor, Mrs. J. P. Hutton. They then filed by the speakers stand where Louise Zybach presented their pins and membership cards.

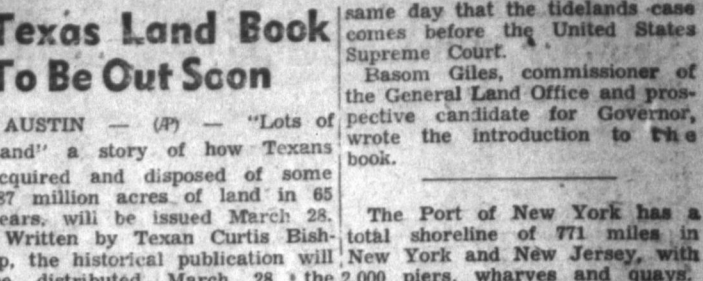

Charles Douglass, former superintendent of schools, was the guest speaker. He told the young people there are three choices for everyone's life: you may hoard your life, live only for yourself and never be missed when you are gone; you may squander your life on things of little value to yourself or anyone else; or you may invest your life wisely and expect a reasonable return of happiness and prosperity. The investment should be spread so as to attain physical, mental and spiritual balance, he said.

Texas Land Book To Be Out Soon

AUSTIN — (AP) — "Lots of Land" a story of how Texans acquired and disposed of some 157 million acres of land in 65 years, will be issued March 28. Written by Texan Curtis Bishop, the historical publication will be distributed March 28, the same day that the tidelands case comes before the United States Supreme Court.

Esamom Giles, commissioner of the General Land Office and prospective candidate for Governor, wrote the introduction to the book.

The Port of New York has a total shoreline of 871 miles in New York and New Jersey, with 2,000 piers, wharves and quays.

HEAR Rev. and Mrs. Edgar Frey
In evangelistic Revival Services AT THE CHURCH OF GOD Beginning Sunday, March 27th

Busy Beaver Gets Too Busy in Canada

FREDERICTON, N. B. — (AP) — The busy beaver apparently has been too busy in New Brunswick, causing flood damage with his dams.

From April 11-May 10 the government will allow trapping in the province by permit. If they'd let well enough alone, the beavers would have continued to be protected by a year-round closed season.

President Expected

TEL AVIV — (AP) — Israel President Chaim Weizmann is expected to fly to the United States the second week in April, it was learned here.

Movies Cut Prices

NEW YORK — (AP) — Admission price reductions ranging from 10 to 25 cents have been made by six first-run Broadway movie houses to help bolster sagging morning and matinee attendance.

L. N. ATCHISON MEN'S WEAR

Leaders Will Take Training

Sixteen Girl Scout leaders will meet at the Scout House at 11 a. m. Monday to complete a training course, Mrs. Frank Hoggett, Training Committee chairman, said this morning.

The women have just completed their out-door camping training and will go to Camp Sullivan Monday to take the overnight training course. Following the overnight training the women will be awarded their leaders' licenses.

The women planning to make the trip include Mmes. Clyde Batson, Bill Luedcke, Bea Burgess, Louis Johnson, Marguerite Martin, C. D. Herring, E. M. Phillips, R. F. Myers, J. C. McBride, W. E. Moore, Burl Lewter, John Mann, E. J. Overall, W. B. Cox, Fieta Ericson, W. E. Hinton and W. L. Kretzmeier.

NEW TALKS PLANNED

BATAVIA — (P) — The United Nations Commission on Indonesia has decided to hold new talks in an attempt to solve the prolonged Dutch-Indonesian Republic dispute.

Board of Regents Officials Renamed

AUSTIN — (P) — Head officials of the University of Texas Board of Regents were reelected for the next two years at a meeting here.

Dudley K. Woodward, Jr., of Dallas was renamed chairman and David M. Warren of Fanhandle reelected vice chairman. A. M. G. Swenson of Stamford and Dr. C. O. Terrell of Fort Worth were renamed members of the board in charge of leasing university lands.

400 Ex-GIs Studying in Italian Universities

NEW ROBES—Three U. S. veterans leave morning mass at St. Peter's Basilica in Vatican City where they are students at the American Catholic College under the GI Bill. Walking together (above, left to right) are Joseph M. Connolly, 24, of Baltimore, who served with the Marines in the Pacific; Dean F. Schwendeman, Marietta, O., USAF veteran of the CBI area; and Charles G. Duffy, 22, Revere, Mass., ex-crew member of the Carrier F. D. Roosevelt.

PICTURES AND TEXT
By JULIUS HUME

ROME — (NEA) — When in Rome, American students studying under the GI Bill of Rights do like the Romans. They're sacrificing the comforts of U. S. college campuses for the ancient cultural surroundings of Italy.

There are 400 of them in Italy at present—225 of them in Rome—but the only thing they have in common is that they all served in the U. S. armed forces, many of them in the Italian campaign. Otherwise they are 400 individuals who know nothing of each other, and never meet for the big student gatherings that mark American college life.

Although they are closest to the "heart of ancient civilization and learning," the ex-GIs studying in Rome have a rough time trying to get along on the \$75 a month granted them under the bill. They eat in special restaurants which have low prices for students, and share rooms in boarding houses, but most of them try to earn extra money by writing short stories, translating movie scripts, playing bit parts in American plays, or similar work.

More than 100 of the veterans in Rome are studying art, crowding into the studios of the city's Margutta section, Rome's Latin quarter. One of them is Vera Clarke, 27, an ex-WAC who is one of the three girls among the GI students. Another is Norman Neuberger, 25, of Hollywood, Calif., who makes a little extra money by copying frescoes in Pompeii.

One of the few students who has managed to "make good" in a business way while studying is George Salerno, a 29-year-old Army veteran, who has handled publicity for U. S. movie companies here, worked on Rome's American newspaper, and now has offers for various other publicity jobs while he studies languages.

Other students are divided among music, philosophy, and theology. A few are studying at medical schools, although the U. S. government does not encourage such courses because Italian diplomas are not recognized in America.

Probably the one common ground on which most of the students meet is the Veterans Administration office at the U. S. Embassy, where Louis Gallo, of Brooklyn, arranges for students' supplies, handles their monthly checks, and listens to complaints. Most sympathetic listener, perhaps, is Gallo's assistant, embassy secretary Theresa Geleti of Providence, R. I. She listened to a GI student who came to the office for advice, and then married him.

17 Brownies of Troop 'Fly Up'

Seventeen Brownie Scouts of Troop 21 Friday night "flew up" to the Girl Scout rank at a candlelight investiture service in the City Club Rooms.

Mrs. Howard Vineyard, leader of the troop, was assisted in the ceremony by Senior Scout Martha Dittmeyer. After the Scouts repeated the Scout Promise, Miss Dittmeyer presented the wings and Mrs. Vineyard attached the Scout pins.

The girls taking part in the ceremony included: Barbara Ann Arney, Ann Baker, Betty Dougherty, Cynthia Duncan, Jan Dyer, Judith Ellis, Rhona Finkelstein, Carol Ann Griffiths, Gaynell Grundy, Donna Marie Leland, Marcia Kay Monahan, Linda Qualls, Conception Ramirez, Ruth Robinson, Patsy Sullivan, Wadene Thomasson and Vickie Whatley.

Parents of many of the girls attended the ceremony.

Barbecue Pit To Open Here

D. T. Clanton, member of a barbecuing family, will open his barbecue pit at 115 1/2 W. Foster Tuesday morning.

The 10- by 50-foot building, between the Brown Derby and the Goodyear Shoe Repair shop, begun about five weeks ago, is almost finished. Only a little cleaning up remains before it can be opened.

A brick barbecue pit has been built in the rear of the store where Clanton will cook his meats over hickory-wood fire. The sauce he will use is made from a secret family recipe, he said.

Clanton comes from a family of two brothers, a brother-in-law, and a cousin, all of whom own or operate similar barbecue stands in Dallas and Amarillo.

The Pampa stand will be known as "Doyle's Hickory Pit Bar-B-Que."

\$50 Fine Levied In Case of DWI

A. H. Ousley, Dickens, Texas was fined \$50 and costs yesterday by Judge Bruce Parker in County Court for driving while intoxicated.

Ousley was picked up Friday night by City Police at the Champlin Service Station, Brown and S. Cuyler, after he had backed into one car and then rammed the car of Ray Garman, an attendant at the station, while trying to turn around. Garman's car suffered approximately \$750 damage. The other car was undamaged.

Police added they first spotted Ousley at Foster and Cuyler where he almost hit a cruiser car. By the time police were able to turn and chase him a call came in on him from the service station.

LOCATION

Our crowded bus stopped in a South Carolina town and the driver addressed the passengers as follows: "Folks, this is a half-hour meal stop. My employer does not permit me to recommend one eating place as being superior to another. But if I can be of service to you within the next half hour, you will find me at the Elite Cafe, four doors down the street on the right."

Pair Files Suit For Two Million

MARSHALL, Tex. — (P) — The Lone Star Steel Co. is being sued for \$2,429,200.

The suit was filed in District Judge Harold Beck's court at Linden by Mrs. Kathleen Allen Deprang and Joe Lane Allen of Hughes Springs.

The petition alleges trespassing and surface damage.

Involved are 861.79 acres in the William King survey, astride the Morris-Cass County line, containing iron ore deposits.

The petition claims that Lone Star in the past two years mined 400,000 tons of iron ore from the land at an estimated market value of \$4 a ton.

Entry to the property was allegedly made on a 1916 instrument. The suit questions whether that instrument conveyed mineral title.

PERU DECREES PENALTY

LIMA, Peru — (P) — The government of politically tense Peru decreed the death penalty for crimes of murder, acts endangering the lives of great numbers of persons or actions which would tend to bring all or part of the country "under foreign dominance."

Leaders Are Made, Not Born, Psychologist-Author Declares

WHAT MAKES A LEADER? "All of us can be good leaders some of the time if we learn to be good followers most of the time," declares Dr. Henry C. Link, psychologist and author, in *The Reader's Digest*.

Leaders are made, not born, Dr. Link contends. They attain leadership not by inherited talents but through habits and skills acquired by practice. A study of 40 leaders and 40 non-leaders among high school students revealed that the leaders were those who had learned the habits of cooperation. A leader might be the captain or manager in one or two activities but was merely a member of the team or group in other activities. Most of his time was spent not in leading but in being a good team-mate. He was elected to leadership because he had demonstrated his superiority as a follower.

the author states. "Almost any skill which a person develops to the point of competence can give him a sense of confidence and a degree of leadership. The ability to express oneself before a group is one of the more important skills of leadership. But even the homely arts of cooking, sewing, gardening, being handy with tools, if developed to the point of superiority, can become the means to leadership."

Competitive sports and creative work rank high among the activities which produce leadership. Dr. Link says. "Anyone interested in developing his capacities as a leader might well begin with an inventory of how many hours a week he spends in static pastimes. If only a third of this time were applied to one or two creative activities the results would be gratifying."

SON MAY TAKE OVER — Robert F. Wagner, Jr., chairman of the City Planning Commission, says he would "be delighted to run" for the U.S. Senate if his father resigns and causes a vacancy this year. The senior Wagner, Democratic senator from New York, has been in ill health for some time.

NEW YORK — (AP) — Robert F. Wagner, Jr., chairman of the City Planning Commission, says he would "be delighted to run" for the U.S. Senate if his father resigns and causes a vacancy this year. The senior Wagner, Democratic senator from New York, has been in ill health for some time.

MR. AND MRS. JOHN L. PUNDT married 50 years

Relatives and Friends Honor Couple Married 50 Years

CANADIAN — (Special) Mr. and Mrs. John L. Pundt last Wednesday had been married 50 years. They celebrated the occasion on that day, having relatives and friends to come in for a visit.

The house was beautifully decorated with golden flowers and other decorations carrying out the golden wedding anniversary theme. A large cake was in the center of the table, flanked with golden candles and golden flowers.

Mr. and Mrs. Pundt (the former Ruth Alice Tubb) were married near Canadian March 23, 1899, and resided at Bonita, Kans., until September, 1900, when they moved to a small ranch in Lipscomb County. They lived there until 1924 when they moved to Canadian to make it more convenient for their sons to attend school.

They have three sons — Lewis who resides on his ranch north of Canadian, Halley of Houston, and Lawrence who is on the home ranch. They have four granddaughters and one grandson.

Mr. and Mrs. Pundt are both 73 years old. He was born near Camden, Ohio, and left that area at the age of 19 to make his home near Lenexa, Kans. She was born in Hampshire, England, and came to the United States in 1881.

Over 100 guests came to congratulate the couple. Out-of-town visitors included Mr. Pundt's brother, A. E. Pundt, Kansas City, Kans., and Mrs. Bert Shusterly, Wichita, Kans.

The Pundts were surprised and pleased at the number of congratulatory cards they received from old friends in Ohio, where the hometown paper had run a news item about their anniversary.

Mr. Pundt says all these expressions of friendship are the most wonderful experience of a lifetime.

Oil Production Shows Increase

TULSA, Okla. — (AP) — Topped by a 23,250-barrel gain in Kansas, the nation's crude oil production for the week ended March 19 increased an average of 30,800 barrels daily, the Oil & Gas Journal reported.

The journal set the total daily average production at 5,131,800 barrels.

Next to Kansas, the largest gain was in Wyoming, up 6,100 barrels to 127,500 barrels. Kansas' spurt made its average daily production for the week 203,000 barrels.

Other states with increases included Mississippi, up 700 barrels to 107,200 and Oklahoma 3,200 to 397,850.

The Eastern area was up 150 barrels to 61,450 and Arkansas gained 200 to 81,200.

Louisiana fell 50 to 489,675.

Production was unchanged in New Mexico 135,400 and Texas 2,127,925.

Trade Eased to Help Widen Yugoslav Split

WASHINGTON — (AP) — Informal officials say the United States is easing restrictions on trade with Yugoslavia in an effort to widen the split between Marshal Tito and Russia.

The State Department shied away from making a public confirmation.

But other officials said some scarce American equipment and machinery which is denied to other Eastern European countries has been shipped to Yugoslavia recently with government approval.

More will follow later if Marshal Tito maintains his independence from Moscow, they added. Included in the shipments have been scarce oil drilling equipment.

Soviets Said Afraid of New Ideas

WASHINGTON — (AP) — The State Department has said Russia is afraid to let its people get a true idea of American freedom and living standards.

For that reason, it said in a strongly worded report, Russians are shut off from outside contacts whereby they could draw comparisons with the way things are at home.

The report told the failure of post-war American efforts to arrange with Moscow for exchanges of students, scientists and publications.

It declared that the Russians have been deprived by the Soviet regime of freedom of thought and action, "which once experienced through contact with American people or American books will make them ill-content with their life in the Soviet Union."

The report bristled with denunciations of Moscow "evasions," "suspensions," and "spy phobia." It was published on the eve of the opening tomorrow in New York of a "cultural and scientific conference for world peace."

The U.S. granted entry permits to 21 delegates from Russia and Communist-run Eastern European countries.

Explaining that "notable Communist propagandists" were granted visas because of the American policy of free exchange of ideas, the State Department said that "the Soviet government has never permitted within its borders an international meeting representing a wide range of political views."

Harlow Shapley, Harvard astronomer who heads the sponsors of the New York conference, submitted invitations to several Soviet scientists to visit Harvard, Chicago, Princeton and other American universities. Moscow rebuffed or ignored scores of such invitations over the past several years and the State Department said that Shapley's bid "as yet has not borne any fruit."

Beginning in wartime 1943 and particularly over the past four years the United States has pressed Moscow with repeated proposals for closer cultural relations of many kinds.

CCC Books Said Out of Balance

WASHINGTON — (AP) — Senator Williams (R-De) said yesterday the books of the government agency which supports farm owners "are over 350 million dollars out of balance" and he wants to know why.

Williams drew an angry protest from Senate Democratic Leader Lucas of Illinois when he tried to get unanimous approval for immediate delivery to the Senate of the Commodity Credit Corporation's records.

Lucas declared that Williams was making a "speech only for the purpose of smearing that corporation and for the purpose of getting his name in the headlines."

"I say that it's unfair," he shouted. "I say that it's the wrong procedure. I say it is political and nothing else."

Williams retorted that Lucas was "afraid to have these records presented here before the Senate." If anybody was injecting politics into the issue, he added, it was the Democratic leader.

One of the issues of the last political campaign is in the background. Democrats attributed their heavy farm vote to their claim that the GOP 80th Congress prevented the farm-loan agency from providing enough

Drastic Tax Cuts Ahead For Canada

OTTAWA — (AP) — The Canadian government moved to cut taxes sharply and provide more consumer goods for the people.

A 32 percent reduction in income taxes and liberalized exemptions striking the names of 750,000 income taxpayers from the rolls are features of the program.

It also calls for a cut in taxes on earnings of small business firms; repeal or reduction of a variety of other levies; removal of price control of many commodities; and relaxation of import restrictions on a long list of commodities.

The program would lop \$270 million — about 32 percent of last year's tax revenues — from the national income.

The income tax program calls for exemptions to be raised from \$750 to \$1,000 for a single person; from \$1,500 to \$2,000 for a married person; and from \$100 to \$150 for each dependent child.

War time price ceilings are being abolished immediately on many foodstuffs. Controls will remain on primary products of iron and steel.

Rent controls will remain in effect, and the government is asking for authority to continue any other controls it deems necessary.

To provide more consumer goods, import restrictions will be lessened or removed on a long list of commodities, many of which come from the United States. He said an increase of U. S. dollar reserves to 1,065,000,000 made this possible.

Quotas will be increased from 15 to 25 percent for the import of textiles, fruits and vegetables, footwear, luggage, furniture, plumbing fixtures, heating equipment, prepared foods, watches, clocks, toys and sports goods. Imports restrictions are removed from lumber, paint, mirrors and certain kinds of glasses. The import on 16-mm. motion picture projectors and greeting cards, now banned, will be permitted on a quota basis.

DIPLOMATIC RIPT SEEN

CAIRO — (AP) — The weekly newspaper *Akhbar El Yom* said the Iraqi government is considering whether to break diplomatic relations with Soviet Russia.

RED LOSS EXPECTED

PARIS — (AP) — Communists are expected to take another beating at runoff local elections all over France today. At stake are 785 seats in local "general councils."

storage for loans on corn, wheat, cotton and other crops.

Efforts Speeded to Make Japan Stand on Her Feet

By RUSSELL BRINES

AP Foreign Affairs Analyst TOKYO — (AP) — Are American policies on Japan too contradictory to be workable without basic alterations?

This question is being asked seriously in Tokyo. The occupation has reached a fundamental log jam.

Efforts are being speeded to stand Japan on her own economic feet — a basic occupation policy for more than two years. The reason is unchanged: Japan should be self-supporting instead of remaining a \$400 million a year charge on American charity.

Can this be done parallel with continued reforms?

"Not entirely" is the partial answer already given by American business men enlisted as economic experts.

They virtually have scrapped detailed plans to decentralize Japanese industry which General MacArthur has said was so tightly interwoven that it actually was "a form of socialism."

Some other reforms also have been lessened or altered on grounds that economic recovery has priority. Now there is considerable discussion that the purge of wartime jingoists may be eased to restore industry's "brains" to active influence.

Many other reforms continue in effect, however, with little prospect of alteration. They range from redistribution of land to the new Constitution.

These reforms have mingled with consistent allied headquarters teaching to form the so-called "democratic base" of modern Japan. Democracy nevertheless

keep the country going. On the whole, however, the effort has been to reach a compromise between what the Japanese call "demokratie" and recovery. The Japanese government retains the outward appearance of independence. Japanese politicians now take credit for allied policies which appear popular. They openly blame headquarters for unpopular ones.

Are democratic methods sufficient to insure adequate recovery on the timetable now demanded by Washington?

The answer is at least a partial "no."

American military government officials frequently have had to follow practices contradicting their democratic teachings to

Here's beauty at its best!

Now there's more difference than ever in low-priced cars—and the great New Plymouth makes the difference!

FOR A BETTER CAR. This beauty is not just for the sake of appearance. It flows from advanced engineering . . . to help give you a better car to drive—to ride in—to enjoy for many miles to come. It's easier to start—you simply turn the ignition key—no buttons to push, no choke to pull! It's easier to handle—to park, to put in the garage. And its styling is practical—fenders are separate and detachable.

FOR GREATER SAFETY. The new lines of this car make the most of the greatly increased glass area. The new, larger V-shaped windshield lets you see without distortion. You have a clear view of the road in all directions. New body construction makes the New Plymouth a sturdier, safer car. Body and frame are 23% more rigid. The car has a lower center of gravity, hugs the road better.

The Beautiful New Plymouth Special De Luxe Club Coupe with Longer 118" Wheelbase

FOR GREATER COMFORT. Chair-height seats are wider, deeper from front to back. Thicker, softer body mountings make a smoother, quieter ride. Diagonally mounted rear shock absorbers give added stability. Windows lift and lower easier. Doors open wide for easy entrance and exit. You relax on soft, buoyant cushions at a comfortable angle. Yes, the famous Air-Pillow Ride is now smoother than ever!

FOR GREATER PERFORMANCE. There's more power in the engine—the result of a newly designed cylinder head, a higher compression ratio and a new intake manifold. You save on oil and get longer engine life with new oil control piston rings and the brand-new chrome compression ring. See the value car—the car that gives you more for your money—the greatest of all the great Plymouths!

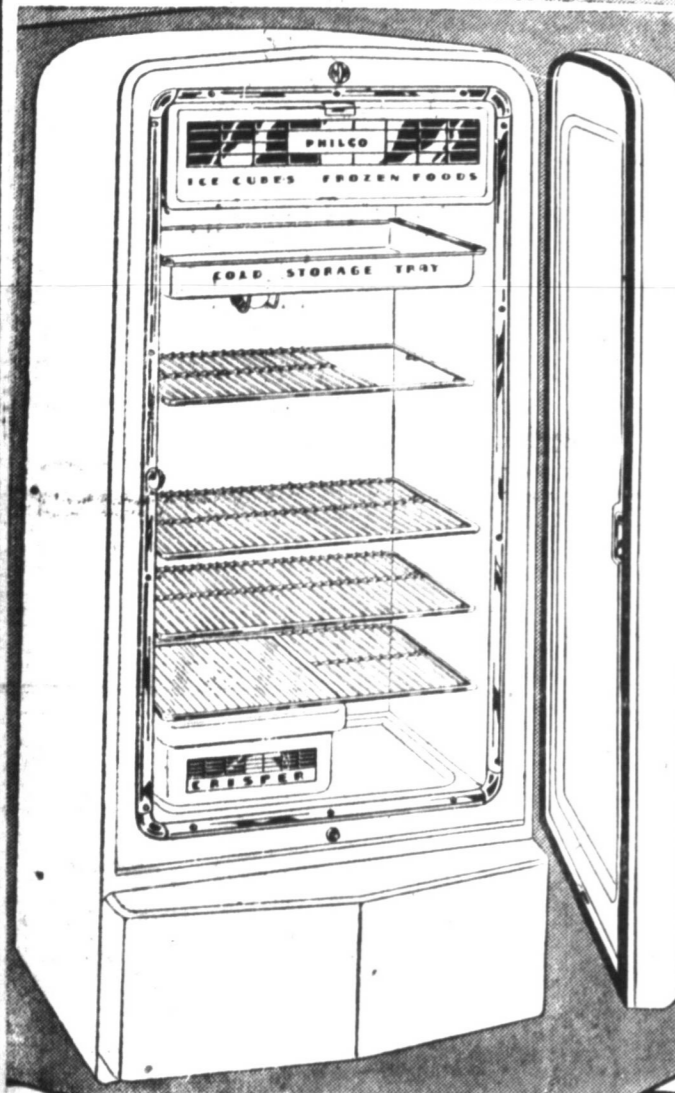

See it at your Plymouth dealer's NOW!

PLYMOUTH Division of CHRYSLER CORPORATION, Detroit, Michigan

The great new Plymouth

M/Sgt. Horst W. Tittel, 64, right, unofficial "grandpappy" of the U. S. Air Force with 40 years of service to his credit, is congratulated by Capt. William Lipsom at Mitchell Air Force Base, N. Y., after enlisting for three more years. A lieutenant colonel in the Air Force Reserve, Sergeant Tittel is chief clerk in the office of Lt.-Gen. George Stratemyer.

School Meet Schedule Set At Canadian

CANADIAN (Special) — A. H. Breazeale, Canadian's superintendent of schools and director general of the District 2-B Interscholastic League Meet, has just issued a schedule of events. First event on the schedule is the One-act Play Tournament in the Canadian High School Auditorium at 7 p.m. April 1, for drawing of places. Curtain time will be determined by number of entries. Playground ball and tennis are expected to take up a large part of that first day. The long schedule of literary events begins at 9 a.m. Saturday, April 2, with a meeting of all directors in Room 7 of the High School. Contests will get underway at 10 a.m. in the following order: Declamations, with Junior contestants first, in the High School Auditorium; debates, in the Library Reading Room; slide rule and number sense contests in Room 7.

All district track and field events, and the girls' volleyball contests are to be staged at Follett on Saturday, April 3.

Heavy Demand Seen For Farm Labor

farm labor higher than the 1948 level, the Texas Employment Commission predicted.

DOUBLE-DECK PLANES SAN FRANCISCO — (AP) — Pan American Airways announced that its two-decker "Clipper America" planes will be put into service to Hawaii on April 1.

Power to Forgive And Forget Found In the Church

(Editor's note: This is another in a series of personal essays on the subject "Why I Go to Church." Today's is written by Arthur Rankin, member of the Kiwanis Club, which is sponsoring during March and April a go-to-church campaign.) By ARTHUR RANKIN "Why I go to Church and Sunday School is intangible and invisible probably to other people, but to me all is very clear. You will find in Romans 1:20: "For the invisible things of God from the creation of the world are clearly seen." God himself made it very clear, that His nature was invisible, but He had everlasting power and divine being. The heavens declare the glory of God and the earth showeth His handiwork. There are innumerable things in the heavens above, the earth beneath, and the waters underneath the earth that defy explanation. Man is speechless before such evidence as we have before us whether or not we can see the invisible and intangible. God knows a person wherever he might be. He needs no introduction, but I will say God hates a coward. God despises hypocrisy. God hungers for leadership of good faith. God respects a brave and fighting leadership rather than a leadership that crawls and trails its flags.

The church is the house of the Lord and He is always at home, and will give you His undivided attention and will make your visit very pleasant. After you have visited the Lord your smile becomes much broader and you are in a position to say, "I see." I go to church because there is always something good that comes from it, and my faith evidently is restored and I have the power to forgive and forget. The large things that are causing me trouble become small things and are insignificant and down deep in my heart I realize that I was merely slipping and the things I was thinking about were not meant for me anyhow. The fellowship that prevails in any man's church is always superb. You may not be able to call the name of the man sitting across the aisle from you, but he is a good fellow. There is no doubt about it, and you have no hesitancy in speaking to him and both of us can speak to God. ONCE OVER LIGHTLY A lady who may best be described as a "perpetual talker" was asked by one of her long-suffering neighbors if she ever thought about what she was going to say before saying it. "Why, no," said the lady solemnly. "How on earth could I know what I think about a thing until I've heard what I have to say on the subject?" —Reader's Digest.

Choral singing contests will be at the auditorium of the First Baptist Church; story telling contests in Room 6, High School; Spelling events: 5th and 6th graders at 10 a.m.; 7th and 8th graders at 11 a.m.; and 9th graders and above at 1 p.m. Extemporaneous speech contests will follow the declamations in the auditorium. In the afternoon, shorthand and typing contests and ready writers will meet at 1 o'clock. Finals in tennis and playground ball will be scheduled for Saturday afternoon. Lunches will be served for contestants at the Baker School Cafeteria both Friday and Saturday. Schools taking part in the contests include Canadian, Follett, Dargouzzett, Higgins, Booker, Wheeler, Kelton, Miami, Briscoe, and Allison. Directors for the various events are: Breazeale, Canadian, Director general; Edgar Frazier, Follett, athletics; Mrs. Gladys Phillips, Dargouzzett, declamation; Charles Gourley, Higgins, debate; Harvey Truitt, Canadian, one-act play; Mrs. Leo Kirksey, Booker, extemporaneous speech; Mrs. Marion R. Haines and Mrs. M. C. Sharp, Follett, slide rule and number sense; Mrs. Natalie Sanders, Canadian, music; Mrs. Evelyn Curritt, Canadian, shorthand and typing; Mrs. C. L. Wilkes, Wheeler, story telling; W. H. Willoughby, Kelton, ready writers; and A. H. Gordon, Miami, spelling.

THIS BEATS EVERYTHING except another Roadmaster!

Don't take our word for it—come see for yourself. We're only reporting what others tell us—ROADMASTER takes the measure of just about any other car on the road. And that doesn't mean merely through the lift and surge of 150 Fireball horsepower or the unmatched smoothness of this beauty's Dynaflo Drive. It doesn't stop with fine finish, good looks, generous room, rich trim, or even a level, cushiony Buick ride that current car design is trying to match. You might even overlook the magic silkiness of Dynaflo Drive — as if anyone could!—and this beauty would still beat anything except another ROADMASTER as a buy! For here bigness and value join hands as never before. Size, room, style, finish, brilliance, impressive bearing—they're all yours in abundance at prices just too good to pass up.

Drop in and satisfy yourself on that score. Your own smart judgment, not just our urging, will have you getting a firm order in, with or without a car in trade.

BUICK alone has all these features

- Silk-smooth DYNAFLO DRIVE
- FULL-VIEW VISION from enlarged glass area
- SWING-EASY DOORS and easy access
- "LIVING SPACE" INTERIORS with Deep-Cradle cushions
- Buoyant-riding QUADRAFLEX COIL SPRINGING
- Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS
- Low-pressure tires on SAFETY-RIDE RIMS
- Cruiser-Line VENTIPORTS
- DUREX BEARINGS, main and connecting rods
- BODY BY FISHER

Standard on ROADMASTER, optional on other Buick models.

Quality Home Furnishings

PREDICTION for today is that it will be windy, and the sun will probably show part of the day. The weather forecast will likely say that it will be partly cloudy. I'm probably making a big mistake being so specific in a forecast like that, but it seems that is what the weather will be.

THE EVENING bridge club of Joy and Ken Watkins recently honored them with a dinner in the home of Frank Foster. The popular couple was presented with a gift from the group. They are also members of the Do-Si-Do Club. Now they are moving away to Dumas, and we will miss them. The Mad Bakers returned from a trip to Fort Worth. I heard Betty Dunbar fussing about Bessie, her pet dog, who had picked her only daffodil from the flower bed just as neatly as the job could have been done with a pair of scissors. The "as usual" were out to hear Buddy Armet at the Country Club. The hostesses for the evening were the Tones, Mrs. Parks Burmley, Robert Burtons, Cliff Bralys, and J. H. Buckinham. No spring gowns 'cause 'twas informal.

MRS. HUGH Ellis and daughter, Mrs. Harold Craddock, looking very much like sisters. Mrs. Byron Hilburn out with young son Doug. The John Cornutus, blessed-evening. Two very attractive young matrons, Mrs. Betty Hoffman and Mrs. Peg Weaver, are inseparable pals as are their young sons. Saw National Guard Commander Bill Ragsdale driving the new Jeep belonging to the Pampa division. Overheard Dr. Emily Hicks complimenting Thelma Hennessy on her diction. The former is capable of passing the compliment and the latter is eligible to receive it. Speaking of Dr. Hicks reminds me that she will soon be leaving for Houston where she will be toastmaster at a get-together with her fellow alumni of 25 years back. The meeting will take place in the ultra-ultra Shamrock Hotel. Tom Capps I espied out in a new suit of grey. Bill Henderson, J. E. Wilson and Ham Luna were among those attending the Phillips meeting in Amarillo Friday a week ago.

HOW SWEET is a kiss?—Well, Monsanto Chemical Company, leading producer of saccharin, says that if the lady is wearing lipstick, chances are that it is just as sweet as sugar. The reason is the use of powdered saccharin, a powerful sweetening agent, to give the appropriate greeting that tasteful zip.

PANORAMICALLY—Fred and Mable Cullum, former Pampans, were houseguests of Lib and "Aitch" Atchison last week. Tulips! Tulips! For sale! The First Presbyterian Church Auxiliary is selling huge bulbs of the Darwin variety and daffodil bulbs—for delivery next fall. The proceeds will go to the only children's home in this area, at Amarillo. Mrs. R. F. Dirksen or Mrs. Carl Wright would be most happy to take an order. I noticed that the Weeleys (Charles) are having their yard plowed—getting ready for some new grass. Speaking of yard work, I saw Mrs. Charlie Fuller in her yard, turning the soil. She certainly comes up with the most beautiful blossoms. This is called the green thumb. Ann Heakew and Faye Pitts leaving for Chicago where they will do some shopping for the new Pitts home. Mrs. Joe Tooley helping but husband Joe at the drug store. Announcement has been made of the marriage of Mary Lou Chesher and Floyd Voss. Sometime in November. If you have a spare bedroom ought to call someone in the Methodist Church. The women are getting ready for a big conference here this week, and the hotel accommodations, we understand, aren't going to take care of all the visitors. I guess the church is feeling pretty good as I hear of a lot of people for church-building money got to—maybe beyond—the \$200,000 mark. A lot of people deserve a pat on the back. Teamwork did the trick, as it does so many times. Nice to see Mrs. Dick Kennedy with small daughter back in town visiting her father and mother, Mr. and Mrs. Roy R. Lewis. A likable trio are Mary Williams, Lorene Mitchell and Mary Doucette. There's something about it: if we were in the position to their church building, we have lots of Christian here in Pampa. Mrs. George Shelton and small sons are off to Lubbock for an extended visit with relatives. A group of young square-dancers have organized, calling themselves "Buttons and Bows." They are mainly high school students.

Yours weekly,
PEG O' PAMPA

LIFE OF CHINA MISSIONARY IS STUDIED AT BAPTIST WMU

The First Baptist WMU studied the life of Mrs. Davis Wells Herring, a missionary in China from 1907 to 1927, at Wednesday's meetings.

The Mae Deeter Circle met in the home of Mrs. Rupert Orr. Mrs. E. L. Tarrant, circle chairman, conducted a short business session before Mrs. F. E. Leech taught the lesson. Refreshments were served to those mentioned and Mmes. Sam Taylor, S. H. Baker, Jack Morris and Don Egerton.

TEXAS AUTHOR DISCUSSED BY EL PROGRESSO

A discussion of the life and works of Mrs. Allene B. Carter, San Antonio, was presented by Mrs. Lawrence Smith at El Progresso Club meeting Tuesday afternoon in the City Club Room.

Title of Mrs. Smith's paper was "Texas Literature At the Present Time." Present poet laureate and Her Predecessor.

Mrs. W. R. Ewing continued the program by presenting a paper on "Recent Texas Books."

She prefaced her book list with a short historical background of Texas literature. At the present time, Texas is having a literary boom, she said.

In the beginning, Texas writers were content to recount early state history, but the present generation is using the past literature as source material and is turning to fiction with the early days as background, she said.

At the close of the meeting, a social hour was held. Mrs. George Dauner, hostess, served a refreshment plate using spring colors and Easter bonnets as decoration.

WE, THE WOMEN

BY RUTH MILLETT
NEA Staff Writer

"Women are household slaves," declares a woman writer, who builds up a fairly good case to prove her charge.

But before women accept her verdict and start crying into the dishwasher over their sorry lot in life, let them consider for a moment that if they are household slaves their husbands are family slaves.

No man who supports a family is in any way free. He has to earn that paycheck—no matter what. Indeed, he may be so financially chained he doesn't even dare to quit a job he hates to try something else if the job he hates offers security to his family.

Women often begrudge men their leisure time. But actually a man with a family usually spends his leisure time not as he wishes, but as the family demands.

As for money, it's a mighty small part of his salary that the average man spends on himself.

The family's needs come first and what Papa gets for spending money depends on how much is left over after the groceries and the kids' shoes have been paid for.

Methodist Class Holds a Social

Mrs. D. L. Lhuillier, Mrs. W. R. Fitty and Mrs. Brynne Duke were hostesses to the Crusader's Sunday School Class of the First Methodist Church Thursday evening at its monthly social held in the church basement.

A guest, Mrs. Dudley Steele, read several poems. The group played a number of games any Mrs. Cleo Hoyer, vice president, conducted a short business meeting.

Refreshments were served to those mentioned and to: Mmes. H. H. Boynton, teacher, Leon Cook, M. S. McDaniel, Harry Hoyer, Jr., J. D. Wright, Jr., Veri Hagaman, A. L. Smiley, C. J. McNaughton, R. D. Wilkerson and A. E. Marlow.

Since confectioners' sugar is often lumpy it is a good idea to roll and stir it before measuring. Spoon it into a measuring cup lightly to avoid packing.

Dorothy Lewis, Doyle Lane Engagement is Announced

Miss Dorothy Lewis

Mrs. Anna Lewis, 312 N. Gillespie, is announcing the engagement and approaching marriage of her daughter, Dorothy Lewis, to Doyle Lane, son of Mr. and Mrs. W. M. Lane, 728 E. Francis.

The wedding is to take place at 6:30 p.m. April 14, at the First Christian Church.

MRS. PHILLIPS IS HONORED AT SHOWER AT SISTER'S HOME

Mrs. H. W. Phillips, who was Miss Jaunell Shelton until her recent marriage, was honored with a bridal shower Thursday night in the home of her sister, Mrs. Joe Wolfe, 400 N. Nelson.

Miss Elizabeth Parnell, Miss Helen Dudley and Miss Patsy Sillman were hostesses. An orchid and yellow color scheme was carried throughout the decorations on the lace-covered bride's table. Centerpiece was a bride and bridegroom banked with fern and flanked by yellow candles in silver holders. A large angel food cake decorated with jonquils and iris frosting flowers was served. Miss Parnell presided at the silver coffee service.

Mrs. Wolfe presided at the guest register. The bride was presented with a purple iris corsage tied with yellow ribbons and Mrs. Henry Shelton, mother of the bride, had a corsage of yellow jonquils tied with purple ribbon.

Guests included Mmes. Frank Wilson, K. E. Thornton, Mildred Hill, Ed Hall, Robert Hollis, Shelton and Wolfe and Misses Laura Manning, Jean Hollis and Maxine Housen.

Other participants were: Mmes. Joe B. Williams, Carl Wright, T. A. Owens, Myrtle Mitchell, Weiss, Jr., Eben Warner, Jr., Cockrell, Sherman White, E. C. Dudley, E. J. Folsom, Lee Powell and Miss Millie Banta.

Novel Is Reviewed At Study Club by Mrs. E. L. Green

Mrs. E. L. Green, Jr., program leader, reviewed the historical novel "Blessed are the Meek," by Zofia Kossak at the Twentieth Century Forum Study Club meeting Tuesday afternoon in the home of Mrs. Walter Rogers, 1206 N. Russell.

The narrative of the life of St. Francis of Assisi, a Christian who practiced what Christianity taught, winds in and out through the events of the novel which deals with one of the critical periods of Christian history. The 12th century and the climax of the crusades and the recovery of Jerusalem is diverted by suspicion and greed to Constantinople.

Mrs. J. B. McCrery, president, conducted the business meeting, during which the project "Books for Peace" was discussed.

The hostess served refreshments to those mentioned and Mmes. C. V. Wilkinson, Ed Weiss, Jr., Eben Warner, Jr., Cockrell, Sherman White, E. C. Dudley, E. J. Folsom, Lee Powell and Miss Millie Banta.

Couple Celebrates 50th Anniversary

SPEARMAN—Eight children, 33 grandchildren and 13 great-grandchildren are on hand today to help celebrate Mr. and Mrs. F. A. Shapley's golden wedding anniversary.

Affectionately known in Hansford County as "Pa" and "Ma," the Shapleys will hold an open house between 2 and 6 p.m. today at Shapley's home in Gruver.

During their 50 years of married life together, the Shapleys have spent many years in Hansford County. The latest descendant is Gene Austin, who was born March 13 at the Perryton Hospital, and is the son of Mr. and Mrs. Tru Leatherman. Mrs. Leatherman, formerly Frankie Walke, is a granddaughter of the pioneer couple.

Shapley was born in Chicago on Dec. 7, 1874. "Ma" was born Sept. 17, 1888 near Sunset, Tex. They were married and settled seven miles north of the present site of Gruver, where Shapley was among the first to "break out" wheat land. In 1921 "Pa" completed a brick country home and lived there with his family until 1936, at which time he retired from active farming and settled in Gruver where he had built another house.

Since 1938, "Pa" and "Ma" have spent their winters in the Rio Grand Valley, but always return in time for the spring celebration.

Mrs. Roy Sewell To Head Club

Past Matron's Gavel Club of the Order of Eastern Star held an election of officers Thursday evening at a meeting and covered dinner in the home of Mrs. Katie Vincent, 303 E. Atchison.

Mrs. W. M. Voyles was co-hostess. Those elected were: Mrs. Roy Sewell, president; Mrs. W. S. Kiser, vice president; Mrs. Arthur Rankin, secretary; Mrs. W. B. Murphy, treasurer; Mrs. O. A. Wagner, publicity chairman; and Mrs. P. A. Hankhouse, chairman of the flower committee.

After games were played, Mrs. Hankhouse, retiring president, conducted a short business meeting. Mrs. W. B. Murphy reported on a box of quilt scraps, crocheted thread and bath powder sent to elderly ladies at the OES Home, Arlington, Tex.

Mrs. Wagner and Mrs. Walter Parker will be hostesses at the next meeting of the Gavel Club April 11 in the Palm Room of City Hall. Mrs. Schneider and Mrs. Mary Ann Duke will be hostesses.

Newcomer's Club Holds Luncheon

Eleven members of the Newcomer's Club met Thursday noon at the Terrace Grill for the monthly luncheon. Mrs. Robert Burks was hostess.

Following the luncheon, bridge was played. Members present were: Mmes. Robert Burton, Edwin Givens, C. O. Mangold, Al Schneider, Warren Hanes, Mack Powell, Ken Bennett, Bob Robertson, W. R. Everett and Ray Caskey.

The family's needs come first and what Papa gets for spending money depends on how much is left over after the groceries and the kids' shoes have been paid for.

Woman's PAGE

Pampa News, Sunday, March 27, 1949 PAGE 13

Conference of Methodist WSCS of Northwest Texas Begins Here Wednesday

More than 300 delegates and visitors are expected to arrive in Pampa Wednesday for the Northwest Texas ninth annual conference of the Woman's Society of Christian Service of Methodist Churches.

Highlighting the three-day conference will be speakers Miss Ruby Van Hooser, secretary of children's work from the woman's division, New York City, Dr. and Mrs. J. S. Hilliard, missionaries to Puerto Rico, and Miss Sunshine Berggreen from Norway, a student in Scarritt College, Nashville, Tenn.

Mrs. M. B. Hilburn, Lubbock, conference president, officially will open the session at 2 p.m. Wednesday. Theme of the conference is "Forward Through Faith."

The conference is composed of nine districts, 235 societies and 40 Wesleyan Service Clubs. Registration of delegates will begin at 9 a.m. Wednesday.

At 3 p.m. Tuesday a pre-program meeting will be held by the Finance Committee. Mrs. Paig Gollhar is chairman. Other meetings Tuesday include an executive dinner at the First Methodist Church at 8:30 p.m. and an Executive Committee meeting at 7:30 p.m.

Workers on local committees include Mrs. Sam B. Cook, local WSCS president, Mrs. W. R. Campbell, general chairman; Mrs. Joe Shelton, homes; Mrs. Luther Pierson, transportation; Mrs. R. J. Epps, hospitality; Mrs. Loyse Caldwell, pages; Mrs. A. F. Johnston, publicity and printing; Mrs. H. F. Dosier, Sr., dinner; Mrs. Carlton Nance, special services; and Mrs. Irvin Cole, registration.

Townpeople having extra bed rooms they could rent to delegates are asked to notify Mrs. Joe Shelton, chairman of the Homes Committee.

Alleen Fussell, Floyd Bettis Exchange Vows at Canadian

Miss Alleen Fussell, daughter of Mr. and Mrs. S. G. Fussell, 628 N. Nelson, became the bride of Floyd Bettis, son of Mr. and Mrs. C. M. Bettis, Canadian, Thursday evening, March 3, in the Fossil home.

The Rev. H. H. Woods, pastor of the Assembly of God Church, officiated at the double-ring ceremony. Floor baskets of white and brown accessories completed the outfit. She also wore a halo of pink carnations and carried a white Bible topped with gardenias and satin streamers.

Mrs. Fussell, mother of the bride, wore a navy blue crepe dress with red accessories and a corsage of red carnations. Mrs. Bettis, mother of the bridegroom, wore a brown, fitted suit with brown accessories and wore a corsage of white carnations.

Mrs. Bettis was graduated from Canadian High School in 1948 and Bettis was graduated from Canadian High School in 1947. After a short wedding trip over the southeastern part of Oklahoma, they made their home in Canadian.

her father, wore a rose-colored suit, styled with box jacket and straight skirt. An eggshell blouse and brown accessories completed the outfit. She also wore a halo of pink carnations and carried a white Bible topped with gardenias and satin streamers.

Mrs. Fussell, mother of the bride, wore a navy blue crepe dress with red accessories and a corsage of red carnations. Mrs. Bettis, mother of the bridegroom, wore a brown, fitted suit with brown accessories and wore a corsage of white carnations.

Mrs. Bettis was graduated from Canadian High School in 1948 and Bettis was graduated from Canadian High School in 1947. After a short wedding trip over the southeastern part of Oklahoma, they made their home in Canadian.

The bride, given in marriage by

CIVIC CULTURE CLUB STUDIES HISTORY OF LOUISVILLE, KY.

Louisville, Ky., was the city studied by Civic Culture Club members when they met Tuesday in the home of Mrs. Dudley Steele, daughter of the hostess, Mrs. Katie Vincent.

Mrs. L. E. Cool, who led the study, said the city was first known as the "Bear Grass Settlement" and grew from a small town to the large and imposing city of today. She described the climate, rainfall, products and places of interest.

The Kentucky school for the blind is located there as in Lincoln Memorial, Cumberland Falls and Mammoth Cave. Mrs. A. D. Hills told of visiting a memorial home to Stephen Foster which is 30 miles from Louisville. He wrote "My Old Kentucky Home" at this residence.

Mrs. John Brandon, president, had charge of the short business session at which final plans were made for the district conference of federated clubs in Lubbock. Mrs. Lloyd Rhinehart has been selected to be an Egyptian princess in the Pageant of Nations to be presented at one of the luncheons during the convention.

Roll call was answered by members naming their favorite flower and something of its culture. Members greeted Mrs. Herman Van Sickle as a new member of the club.

Refreshments were served to those mentioned and Mmes. D. W. Coffman, L. E. Cool, Emmett

Lady of Year Is Selected

Who is she? We know, but do you? Pampa's First Lady of the Year has been selected. Who she will be made public in Tuesday's Special Woman's Club Edition.

Nominations for Woman of the Year were made recently by a secret committee of nominators, made up of 10 local business men. The Woman of the Year contest is sponsored by the local Beta Sigma Phi Sorority. The outstanding woman will receive her certificate of recognition, being awarded by the international organization of Beta Sigma Phi, at a tea at 4 p.m. Sunday, April 3, in the City Club Rooms.

Women in every sort of community activity are eligible for the award, though members of Beta Sigma Phi are not. The choice was based on accomplishments in cultural or civic work, homemaking, business or other outstanding community activity.

The Social Calendar

SUNDAY

1:35 Ladies Home League, Salvation Army.
2:00 WSCS Northwest Texas Conference convenes, First Methodist Church.
8:00 Knights of Pythias, Carpenter's Hall.

THURSDAY
7:30 Eastern Star Study Club, 7:30 Rebekah Lodge, IOOF Hall.

Delegation From Local Clubs To Attend Spring Convention

Mrs. D. L. C. Kinard

A large delegation from Pampa clubs in the Seventh District of the Texas Federation of Women's Clubs will attend a spring convention of the group at Lubbock, April 4, 5 and 6.

Mrs. D. L. C. Kinard, Memphis, is president of District 7. Registration will begin at 8 a.m. April 5 at the Lubbock First Methodist Church.

Reports will be planned according to score cards in the September, 1948, Texas Club Woman. Three minutes will be allotted for typed reports. County and city federations will have five minutes for reports.

Names of all delegates and visitors should be sent to Mrs. A. A. Holmbeck, 1913 Main Street, Lubbock, for room reservations.

Mrs. Kinard said.

The business sessions will feature Mrs. John J. Perry, president; Mrs. Howard Hodges, nominee for state president; Mrs. T. M. West, state 2nd vice president; and Mrs. N. L. Wylie, candidate for state treasurer.

The first social event of the convention will be a reception for the board members. It will be held Monday afternoon, a courtesy of Littlefield clubs. A dinner will be presented for the board members Monday night, sponsored by Hemphill-Wells of Lubbock.

Highlighting Tuesday's program will be an address, "Expanding Horizons," by Mrs. Perry. A tea Tuesday afternoon will be given by the Dunlap Department Store. The fine arts program, Tuesday night, will feature Mrs. Charlotte Ingham Word, Ashtola, Tex., who will present original piano compositions. She will be assisted with vocal selections by Mrs. Robert Sexauer, Memphis. A prize-winning vocal ensemble will be presented and a prize-winning poem will be read.

Dr. William Harrod, conductor of Lubbock Symphony, will play a violin solo and a Tech men's chorus, consisting of 40 voices, will present several numbers.

Of interest to the clubs will be "Information Please," a new feature, which will open the program at 8 a.m. Wednesday. Subjects of discussion will be program planning, interpretation of score cards and yearbooks.

Dr. D. M. Wiggins, president of Texas Tech, will speak on "A Look at the World Today." Election and installation of new officers will be followed by an art exhibit and antique show. The three-day session will be concluded with the annual Merit luncheon and awarding of prizes.

20TH CENTURY CULTURE CLUB MEETS WITH MRS. LAYCOCK

Mrs. Douglas Carver discussed contemporary American composers Tuesday afternoon at the Twentieth Century Culture Club meeting in the home of Mrs. Huelyn Laycock.

She took the outstanding ones and named some of the works of each. Mrs. Fred Thompson read "My Symphony." A group of Horace Mann School students sang "To a Wild Rose."

Mrs. Jack Merchant gave a comprehensive review of the work done at Tanglewood, musicians colony in Massachusetts.

The hostess served a dessert plate to those mentioned and Mmes. Jess Bearden, A. B. Hahn, V. L. Hobbs, W. B. Weathered, E. E. Shelhamer, Myles Morgan, E. O. Wedgeworth, E. L. Henderson and Earle Scheig.

The next meeting will be held April 12 in the home of Mrs. Myles Morgan, 1204 Garland.

Book Club Will Hold Book Review

Pampa Book Club will present a review of "Hound Dog Man" at 8 p.m. Monday in the City Club Room. Mrs. Paul Bowers of Groom will be guest reviewer.

"Hound Dog Man" is a novel by Fred Gipson, resident of Mason County, Tex. The hero is an expert fisherman, hunter and trapper, reportedly based on the author's boyhood idol.

The meeting will be open to the public.

Mrs. O'Gorman Is Shower Honoree

SHAMROCK (Special)—Mrs. Walter O'Gorman, who was Miss Willie Hazez, Clay before her recent marriage, was complimented with a tea and miscellaneous shower at the home of Mrs. George Beatty. Co-hostesses were Mrs. J. T. Isaacs and Mrs. Chester Payne.

In the receiving line were Mrs. Beatty, the honor guest, and her mother, Mrs. Virgil C. Clay.

Mrs. Payne presided at the guest register and Mrs. Isaacs poured.

The tea table was laid with a cloth of lace and an arrangement of white carnations and fern in a crystal bowl was placed at one side. The punch bowl was at the end of the table.

Many guests called during the receiving hours.

John Lane Appears On Television Show

John Robert Lane, son of Mr. and Mrs. R. W. Lane, 1214 N. Russell, is appearing on the first public showing at television in Oklahoma City.

He is assistant layout man in the advertising department of John A. Brown Department Store and appears on the television shows twice daily, Tuesday through Saturday.

Lane is a Senior Journalism student at Oklahoma University, where he attends classes three meetings a week. He will receive his BA degree in June.

A program on "Art, Music and Dances of the Latin American Countries" was presented by the program leader, Mrs. J. M. Fitzgerald, at the Twentieth Century Club meeting Tuesday in the home of Mrs. Lloyd Hicks.

Mrs. Hicks spoke on Latin American Art. Mrs. Raymond Harrah discussed Latin American music and Mrs. J. M. Fitzgerald discussed the folk dances of Spanish America.

Mrs. J. W. Garman, president, had charge of the business meeting. Mrs. C. A. Sheppard, Portland, Ore., was a guest of Mrs. Ray J. Hagan.

Mrs. Guilford Branson was named delegate to attend the 7th District Federated Club meeting in Lubbock April 4-6, and Mrs. Garman was selected as alternate.

Each member was instructed to bring toys for the day nursery. Mrs. Ell McCauley's resignation from the club was accepted with regret.

Finely granulated sugar and cake flour help to make sponge and angelfood cakes light and tender in texture.

Swiss Red Charged With Embezzlement

WINTERTHUR, Switzerland — (AP) — Edgar Woog, Communist member of the Swiss Parliament, was sentenced to six months in prison yesterday on charges of embezzlement from a war orphans' fund.

Four other defendants in the case were sentenced to terms of one to four months.

The five were convicted of embezzling money from a fund collected for Polish and Yugoslav war orphans.

Tokyo Police Fail To Pay Phene Bill

TOKYO — (AP) — When Tokyo's 73 police stations failed to pay their telephone bill the government cut off service to them.

Telephone service was restored then on a police promise to pay up. Slow payment of taxes was blamed by police for the telephone bill being in arrears.

JAP VOLCANO ERUPTS

TOKYO — (AP) — Fiery Mount Asama spewed smoke and ash 10,000 feet into the air. The treacherous Central Honshu volcano is one of the two largest in Japan.

Females of some remote tribes in New Guinea wear the skulls of their dead husbands draped about their necks.

Duke Plans to Make Son Into Boxer

LONDON — (AP) — The Duke of Edinburgh isn't going to let his son — who some day may be King of England — grow up to

be a sissy. The Duke said he wants Prince Charles to be handy with his fists. There is plenty of time. The prince, son of the Duke and Princess Elizabeth, is less than four and a half months old.

Presenting prizes to boys who had won boxing matches at a settlement house in London's East End, the Duke told them, "one day I hope my son will box as well as any of the boys here tonight."

Team Up Franks and Sauerkraut

By GAYNOR MADDOX NEA Staff Writer

For a low-cost food combination packed with nutritional values and sheer eating pleasure, look to sauerkraut and frankfurters.

KRAUTFURTER CHEESE BAKE

(Serves 4)
Three cups sauerkraut, 1-2 teaspoon caraway seeds, 4 frankfurters, 1 1-2 cups shredded sharp cheese.

Combine sauerkraut and caraway seeds. Place half of the sauerkraut in the bottom of a greased casserole. Cut frankfurters in half lengthwise. Arrange half of the frankfurters on top of sauerkraut and sprinkle with half the cheese. Repeat layers. Bake in a moderate oven (350 degrees F.) 25 to 30 minutes.

FRANKFURTERS

(Serves 4)
Two cups sauerkraut, 1-2 cup sauerkraut juice, 2 tablespoons grated onion, 2 tablespoons butter or fortified margarine, 1 cup finely grated potatoes (raw), 4 frankfurters.

Combine sauerkraut, juice, onion, 1 tablespoon butter or margarine and grated potatoes in a saucepan. Cook over moderate heat stirring frequently until potatoes are cooked. Cut frankfurters part way through on one side in parallel cuts about 1/4 inch apart. Sauté in remaining butter until golden brown. Frankfurters will curl as they cook; so if two frankfurters are served with each serving of sauerkraut, place the frankfurters so that they form a ring about the sauerkraut.

KRAUT AND FRANKFURTER VEGETABLE CREOLE

(Serves 6)
Eight frankfurters, 1 tablespoon butter or fortified margarine, two 11-ounce cans vegetable soup (condensed), 1-2 cup water, 4 cups sauerkraut.

Slice frankfurters into 1-4-inch pieces. Sauté in butter or margarine until golden brown. Add vegetable soup and water. Cook until thoroughly hot and blended. Meanwhile heat sauerkraut over low heat, stirring occasionally. When both sauerkraut and frankfurter mixture are hot, serve frankfurter mixture over mounds of kraut.

Bells Rationed on Busy Wedding Day

MALBY, Eng. — (AP) — Wedding bells had to be rationed yesterday in this Yorkshire town.

The Rev. William Sutlass, vicar of Malby, had 11 marriages to perform before nightfall, his busiest day. So he worked out a schedule, and told the church bell ringers just how much time they can devote to ringing the chimes before and after each ceremony.

SWEDEN DROPS RATION

STOCKHOLM — (AP) — Sweden has abolished rationing of butter and other fats, after more than eight years. Meat in restaurants also goes off the ration list, but remains on coupons in the stores.

The Open Bible Broadcast, sponsored by Evangelist and Mrs. E. B. Joseph, P. O. Box 886, of Pampa, Texas, can be heard daily, Monday through Saturday, on Radio Station K Triple D, Dumas, Texas, at 9:00 a. m. The Kc. are 806. Tell your friends to be listening in each day.

Senator Says Hoover Group Plays Politics

WASHINGTON — (AP) — The Democratic National Committee says the Hoover Commission "has begun to wander into the field of political propaganda."

The commission, headed by former President Herbert Hoover, was authorized by Congress to study plans to reorganize the executive branch of government.

After months of work it has issued several reports and recommendations, many of which have been praised by President Truman.

"But of late," says a statement by Chairman J. Howard McGrath in the Democratic National Committee's weekly circular "Capital Comment," the commission has "abandoned its policy of sticking to house-keeping problems and has taken upon itself the task of debating federal policy."

'Jolly Old' Butlin Woos U.S. Dollars in Bahamas

By ERSIE KINARD
 HAMILTON, Bermuda — (NEA) — England's holiday king William (Jolly Old) Butlin, is getting ready to lure the vacation dollars of middle-income Americans to the Bahamas, traditional playground of millionaires.
 A South African-born Canadian who made his millions from a circuit of six holiday villages in the British Isles (\$30 a week, no extras), Butlin is transforming the primitive island of Grand Bahama, 80 miles off Florida, into his seventh "Jolly Old Butlin" vacation camp.
 Grand Bahama is as close as he could get to the U. S. mainland. "Hearing my English friends boast of their exports and all the dollars they were earning, I thought I would come over and help take some dollars off you Americans," he explained.
 He already is getting some of those dollars at Bermuda's Princess Hotel, which recently reopened under Butlin's midas touch after being closed for 10 years.
 Butlin, at 49, caters to the luxury trade in three other hotels he owns or directs besides the Princess, but his Grand Bahama venture, which will open in mid-January, 1950, is patterned after the "jolly old" camp ventures in England.
 For a weekly rate of \$100, "all-in," he will offer year-round vacations on an island thus far uninhabited by white men, except for construction crews he has flown in to clear roads, build beaches, and erect modern cot-

BUTLIN — William Butlin and model of his proposed Bahamas vacation camp.

New Method of Mining Coal Being Tried

GORGAS, Ala. — (AP) — A new experiment in coal mining is centering around a man-made fire burning deep in the bowels of the earth.
 The fire was lighted recently in the Alabama Power Company's Gorgas Coal Mine. If successful, the test could open a vast new source of fuel for commercial uses.
 The power company and the U. S. Bureau of Mines — sponsors of the experiment — are trying to find out if coal can be converted into a heating gas by burning it underground.
 Engineers are hoping the \$500,000 experiment will permit the use of millions of tons of coal throughout the country that lie in narrow, rocky seams. Here, the cost of mining these deposits has been far too great.
 A group of chemists will make almost continual tests to find out if the gas blown from the burning coal can be converted into synthetic liquid fuels, particularly gasoline.

Dollar Campaign Buys Sheriff Plane

HOUSTON — (AP) — Sheriff T. W. (Buckshot) Lane's dollar bill campaign has resulted in one \$8,500 airplane.
 Lane, Wharton County's scientifically minded official, decided he needed a plane for law enforcement work. He started his dollar bill campaign.
 Cash poured in from Wharton County residents. The idea caught on in adjoining counties. Money also came from California, Arizona, and other states. A buck came from Canada.
 Result: the Commissioners' Court this week suddenly realized the county owns an airplane. It really belongs to the county, not the sheriff.

Road Makers Race To Fix Road for Race

MEXICO CITY — (AP) — Road officials are racing to get a road ready for a race.
 The automobile race is planned to commemorate the finishing of the last gap of the Pan-American Highway in Mexico. It would be a 1,400-mile affair from Juarez, on the U. S. border, to the Guatemalan border at Suchiate.
 Road officials say the final 80 miles will be completed before the race is due to start Oct. 12.

SLIP SHOWING

A lawyer's secretary, billing a client with whom her boss had had many long conferences, issued this statement: "Bull rendered—\$50."
 —Reader's Digest.
 goes back to his early days as a barker.
 "I asked legs money for my stall attractions than my competitors," he said, "but my turnover was more."
 The turnover at jolly old Great Bahama will be in U. S. dollars only.

Last of Notorious Outlaw Barker Clan Shot to Death by His Wife

DENVER — (AP) — "So he was one of Ma Barker's boys. Well, I'll be darned."
 That was the reaction of most of the men at the Denargo Grill when they learned that Manager Lloyd "Red" Barker was from one of the Southwest's most notorious outlaw families.
 Lloyd died last week—shot to death as were Kate "Ma" Barker and his brothers, Ferd and Arthur. The last of the Barker boys was 51 years old.
 His connection with the family wasn't revealed until his frail, nervous widow, Jennie, was arraigned on a murder charge.
 When questioned first, District Clarence Hackenthal said, she admitted shooting her husband with a shotgun as he walked toward their house in suburban Denver. She said she was afraid "he would kill me and my children." She pleaded innocent and innocent by reason of insanity at the arraignment.
 Lloyd was in Leavenworth penitentiary when Ma Barker and her boys were robbing banks and kidnapping people. He had robbed the U. S. mail at Baxter Springs, Kans. Imprisoned in 1922, he was released in 1938.
 Arthur "Doc" Barker was arrested in Chicago in 1935, and was killed when he tried to escape from Alcatraz four years later. Ma and

Fred Barker were shot down in a gun duel with FBI agents at their Florida hideout in 1935. A fourth son, Herman, died in the early 1920's.
 After Lloyd was released he went "straight."

New Pension Bill Is Introduced

WASHINGTON — (AP) — Rep. Rankin (D-Miss.) has introduced a new veterans pension bill limited to ex-servicemen of World War I. He told the House he hopes to bring it to the floor "in a short time."
 The measure calls for \$72 a month pensions to veterans of the 1917-18 war when they reach age 65 provided their incomes do not exceed \$2,000 a year if unmarried or \$3,000 if married, or with dependents.
 Rankin offered this bill less than 24 hours after the House knocked in the head his previous measure to pension veterans of both World Wars I and II.
 That measure proposed \$90 a month pensions. By a one-vote margin, 208 to 207, the House yesterday shelved it by sending it back to committee.

Plano Housewife Has Speech Key

PLANO — (AP) — Mrs. Vera B. Edens, a Plano housewife, says she can read any language—she has a "key."
 Mrs. Edens, who has a high school education and has never taken a formal language course, said she found the key in ancient Phoenician literature. She declined to explain exactly how to turn the key.
 But she said words in all languages are kin. For example, she said, "Yankee" is an Iroquois Indian word meaning "twice a stink," and very similar to the East Indian word "yang gee," meaning "a foreigner."
 Mrs. Edens says she has caught Dr. Albert Einstein in a lot of errors: "He states his propositions in the wrong consonants and vowels. Mr. Einstein would

kill me if he heard me saying this."
 The East Texas housewife is confident she can decipher any thing archaeologist can dig up.
 "They'll have to send it to Plano, though," she said. "I'm not going off on any expeditions."

Housing Blamed for Low Enlistment Rate

WICHITA FALLS — (AP) — The low re-enlistment rate at Shepard Air Base here was blamed yesterday on poor housing conditions.
 The field commander, Brig. Gen. John H. McCormick, told the Rotary Club the field's re-enlistment record is the lowest of any Air Force installation.

Smith Resigns His Post in Moscow

WASHINGTON — (AP) — President Truman has accepted the resignation of Walter E. Edell Smith as ambassador to Moscow.
 The White House announced the President's action shortly after Smith called on the President to renew this long-pending request to return to Army duty.
 Presidential Secretary Charles G. Ross said Mr. Truman accepted Smith's request "with great reluctance" and that he did so to permit him to return to a field command.
 Smith, a lieutenant general, is expected to take command of the First Army on Governor's Island in New York Harbor.
 The command has been held open for him since the retirement of Gen. Courtney Hodges.

Southeast Asia May Soon Become British Dominion

By STANLEY SWINTON
AP Staff Writer

A new British dominion is in the cards for picturesque Southeast Asia.

Colonial Undersecretary David Rees-Williams gave the tipoff. It would take a long time, he said in an interview in London, but Britain's rich Southeast Asian colonies and protectorates definitely are slated to become a self-governing dominion.

Later a Colonial Office spokesman confirmed that was what the British have in mind. He expressed surprise, though, that the minister had taken the lid off of hitherto secret plans.

A Southeast Asia dominion probably would encompass 12,592 square miles—roughly the combined areas of Michigan and Minnesota. The population would be slightly less than California's—about 6,500,000.

Almost certainly these countries would be included: the Federated Malay States with a population of 4,124,549 and an area of 49,610 square miles; Singapore with a population of 1,124,549 and an area of 1,356 square miles; Sarawak, where 490,585 people live on 30,000 square miles; North Borneo with a population of 270,223 on 29,500 square miles; and Brunei, where 30,138 people live on 2,226 square miles.

The prospective dominion's most far-flung points would be the Cocos-Keeling Islands, 700 miles southwest of Java, and lonely Christmas Island, 222 miles south of Java. Both are considered part of Singapore colony.

Possibly Hong Kong might be included. That colorful Oriental island-city has a population of at least 1,600,000. Thousands more Chinese refugees are still crowd-

ing in Hong Kong and Kowloon, on the adjacent China mainland, have an area of 291 square miles.

A Southeast Asia dominion would be of great economic importance to the United States as well as to Britain. British Southeast Asia produces some of industry's most essential raw materials—many of them available nowhere else. Rubber, tin, petroleum, pepper, palm oil, copra and sago are just part of the list. There is gold in Sarawak, too.

More important than the economic side, though, is the political one.

By building toward self-government in one of the hearts of empire, Britain is dealing the Communists a real blow. It ruins their chief propaganda point—that communism offers their only chance for independence.

Asian authorities believe that is particularly important just now when the tidal waves of Red successes in China threatens to spill over Indo-China and threaten all Southeast Asia.

Composer's Visit To U.S. Opposed By Hollywood

LOS ANGELES — (AP) — Russian-born conductor Andre Kostelanetz says he will not join certain other musicians and the League of Hollywood Voters who oppose the U. S. visit of Russian composer Dmitri Shostakovich.

Kostelanetz, now an American citizen, told reporters "the visit of Shostakovich, who is a truly great composer, should be fortunate. I hope that universal harmony will be furthered by musical harmony."

His wife, opera singer Lily Pons, agreed with him.

Speaking for 20,000 members of the voters' league, President Ronald Reagan and three other officers signed a protest sent to Secretary of State Dean Acheson.

Reagan said they urged the State Department to "refuse future visas to all Soviet agents seeking like entry until equal rights are granted U. S. citizens on Soviet soil."

Band Leader Shows Costs Very High

By HAL BOYLE
NEW YORK — (AP) — Operating a top dance orchestra costs to beat the band.

"Most people take an orchestra for granted," said Elliot Lawrence, a boy wonder in this field. "They don't realize what it takes to keep it playing."

The 24-year-old leader, whose band grossed \$300,000 last year, gave a few statistics on the business during an interlude between shows at a Broadway theater.

He began playing the piano at the age of three. When he was six an eight-month attack of infantile paralysis apparently had ended his hopes for a music career. But he recovered and started his own orchestra at 13.

After graduating from the University of Pennsylvania—he was then only 19—Elliot entered the highly competitive popular dance field. Today his band

is rated by many as the top college dance band in the country. It travels 65,000 miles a year.

"But it just doesn't get to its engagements automatically," Lawrence smiled. And he went into the figures—the gross in the \$300,000 gross.

His orchestra has 17 members, including two vocalists, and they get from \$5,000 to \$7,000 a year each.

"A band has to have transportation—a truck and five cars. And we have to have two or three argainers, at \$100 a week apiece.

"You have to have an advance man to go ahead of the band to make arrangements, and a publicity agent. Together they cost, say, \$250 a week.

"You have to have a booking agency that gets ten to 20 percent of your gross, and a personal manager who gets about half of that. You also have to have a road manager along—at \$100 a week.

"And you have to take along two band boys to drive trucks, set up the band and take care of the music. That's another \$125 a week.

"There are a lot of other incidental things like band equipment—

uniforms, stands, mules—and pictures, mats and photographs."

Some highly-paid band leaders find at the end of the year they have to borrow money to satisfy Uncle Sam. They make the error of mistaking the gross income of their band for their own net income. And sometimes they are victimized by business managers who have the same idea.

HATCHERY

On a winter morning when the streets of New York were slick with ice, I saw a man sitting in the middle of the sidewalk. Thinking he must be hurt, I asked, "May I help you?" "No, thank you," he replied. "I'm just sitting here to melt the ice on this particular spot." He moved aside for a moment. Then under they ice was a five-dollar bill which he was hatching.

Bevin Tells His Views

LONDON — (AP) — Foreign Secretary Bevin told the Cabinet what his views will be in global talks with American leaders next week.

Official sources said that apart from questions arising from the Atlantic Alliance, Bevin expects in particular to discuss:

The broad principles relating to the future of Western Germany.

A quicker pace in the Greek government's war against Communist guerrillas.

Measures to back the collective security of Greece, Turkey and Iran.

Tightening of anti-Communist political and military strategy in the Middle and Far East.

Bevin told Parliament a total economic blockade of the Russian Zone of Eastern Germany would mean war.

The American and French ambassadors, Lewis Douglas and Rene Massigli, talked with Bevin about policy differences over factory dismantling in Western Germany before the secretary boarded the SS Queen Mary for New York.

Politicians on both sides of the Atlantic have suggested a complete counter-blockade of Eastern Germany in retaliation against the Russian blockade of West Berlin.

"I do not want to break East-West trade," Bevin said. He contended such a shut-off "means sanctions, and sanctions mean war."

Sheriff Has Fruitless Trip

HOUSTON — (AP) — "Well, it was a nice trip anyway," mused Tom Green County Sheriff J. F. Bryson as he prepared for his return trip to San Angelo, minus the three prisoners he had hoped to take back with him.

His trip here Monday was in vain because the Harris County Grand Jury, only an hour or so before Bryson's arrival, had indicted the three youths on charges of robbery by assault.

The youths—Pvt. Otis Edwin Canada, Pvt. Rex L. Robertson, both of Goodfellow Field, San Angelo, and Billy Joe Hill, San Angelo—on March 11 were charged in San Angelo with automobile theft.

Bryson was accompanied by Sgt. William E. Drewes of the Goodfellow Field military police. The Tom Green County sheriff had been notified of the youths' arrests here March 10.

All 18 years old, they were charged here following the March 10 robbery of a Houston liquor store.

Wins Top Award

Ralph J. Bunche, 44, a Detroit barber who became acting UN mediator for Palestine, was named winner of the Spingarn medal for the "highest achievement" in 1948 by an American Negro. The award was the 24th given annually by the National Association for the Advancement of Colored People.

OIL FIELD FIRE—A huge gas fire of unknown origin broke out between oil wells in the South Houston, Texas, oil field during the night of March 23. Several residential areas in Houston suburbs were threatened but were not damaged. Glare and flames from the fire could be seen for 15 miles. (AP Wirephoto)

120 DIE IN BATTLE
SAIGON, Indo-China — (AP) — French soldiers killed 120 Indo-Chinese Sunday and captured 52 in a battle 12 miles west of here, a communique announced this week.

In the early days of the telephone, the instruments were often leased in pairs, permitting two stations to talk to each other but to no one else.

THE DRILLER'S LOG
By KEN BENNETT

Hi Statton, who recently underwent a difficult operation in Houston, is back and is well on the way to recovery. Hi has a report back to Houston for a further check-up shortly, and until that time he will not return to work, but all indications are that he will soon be able to be back on the job. Hi has been prominent in oil field activities for a good many years in the Panhandle and is a leader in civic and Legion activities. It's good to see him back and I'm sure his old friends are happy that he can soon take over where he left off and resume his fine work.

Question: What is happening at the Lipps well? Answer: The well is still swabbing and cleaning out. In a deep-test well of this type the company wishes to take full advantage of every pay zone, so naturally each pay is tested. This column has learned on good authority that one 250-barrel tank has been filled with results of tests and another is being filled. This does not indicate the actual test, however, and Sinclair-Prairie will make complete report on the well as soon as a definite pay zone has been established, it is reported.

Within the past few weeks Gulf Oil has really been going in for deep-test locations, especially in Ochiltree County. The Harbaugh and Stumps and Womble lease wells are soon to be in active drilling operations. What wells have already been prepared on all three leases. Another Gulf location has been filed in Hansford County on the Garmstfelder lease. Contract calls for 9,500 feet.

The deep-test and wildcat picture for this week: In Collingsworth County the Helms-Farmer well is still shut down; the Honduh-Ponder in Deaf Smith County is drilling at 5,000; a new well is to begin drilling soon in Donley County, the Humble-Roach; the Gulf-Collard in Hansford County is shut down at 5,600; the Gulf-Porter in Lipscomb County is still drilling and now down to over 11,760; the Hooper-Duke well in Oldham County is shut down; the Phillips-Kathryn, Sherman County, testing at a depth of between 5,100 and 5,300 feet; the Humble-Nanny, Swisher County, drilling at around 8,702 feet and the Bay Petroleum No. 1 Parker, Cimarron County in Oklahoma, is drilling at around 3,000 feet.

An invitation crossed my desk this week to the Texas Independent Producers and Royalty Owners Association meeting to be held in Houston, Friday and Saturday, April 1-2. Since all meetings and festivities are to be held in the newly opened Shamrock Hotel in Houston, the idea of going to Houston, and taking in such a worthwhile meeting is inviting enough, but the added incentive of the new hotel adds much interest. I hope some of the Panhandle oil men will be able to enjoy this occasion.

Oil News
22 New Locations Filed With Commission During Past Week

Twenty-two new locations were filed at the local Oil and Gas office of the State Railroad Commission during the past week, officials reported yesterday.

Hutchinson County dominated new activity with the filing of 10 new locations. Gray County, Carson County, and Moore County each reported three. Ochiltree, Dallam and Potter Counties each reported one.

Of interest was the new deep test filing in Ochiltree County made by Gulf Oil, and a wildcat in Dallam County filed by Shamrock Oil and Gas.

INTENTION TO DRILL:
Carson County - Herrmann Brothers, Lewis "B" No. 1, I & GN Survey, 330' from S and E lines NW-4 Sec. 115, Blk. 4, E. C. & R. C. Sidwell, McConnell No. 8, I & GN Survey, 1650' from N and W lines Sec. 95, Blk. 4, 12 miles NW of White Deer.

Dallam County - Shamrock Oil & Gas Corporation, Neal Freeman No. 1, Joel Moore Survey 1996' from S and 8700' from E lines of Survey, 9 miles NE of Dalhart.

Gray County - Cree Production Company, H. H. Merton No. 2, I & GN Survey, 330' from S and W lines SW-4 Sec. 87, Blk. 3, 4 miles S of Pampa. Skelly Oil Company, G. H. Saunders "B" No. 8, H & GN Survey, 330' from S and 990' from E lines of SW-4 Sec. 12, Blk. A-8, 3 miles E of Letors, D. R. Tripplehorn, L. H. Webb No. 14, H & GN Survey, 990' from E and 1650' from N lines Sec. 12, Blk. A-9, 3 miles NE of Penworth.

Hutchinson County - B. L. Hoover, W. B. Halle No. 13, ELRR Survey, 880' from S and 330' from E lines E-2 Sec. 16, Blk. L, 9 miles E of Berger. Dave Rubin, Carver "Wm." Nell Survey, 330' from S and E lines Lot 9, Blk. 3-Carver Lands, 8 miles W of Pringle.

Skelton Reviews Texas Oil News
By MAX B. SKELTON
HOUSTON, Texas — (AP) — Canada is offering warm handshakes to United States oil companies crossing the border to seek new underground petroleum deposits.

N. E. Tanner, minister of the Department of Lands and Mines of the Province of Alberta, puts it this way:

1. Provincial tax laws encourage oil explorations and developments—there is no production tax, producers are given liberal depletion allowances.
2. Exploratory requirements are liberal—large prospecting blocks may be obtained at a few cents an acre.
3. There are regulations on profits but outsiders can make arrangements through the foreign exchange board.

While in Texas this week Tanner said movement of United States oil operators into Canada is increasing, particularly into Alberta where crude production now is 55,000 barrels daily, compared with a demand of from 60,000 to 70,000 barrels daily for the area.

Of Alberta's 165,000,000 acres, Tanner said, 30,000,000 are under lease. He explained that part of the cost of prospecting blocks may be converted to lease rentals if the investor decides to lease.

"The requirements are all aimed at encouraging drilling..." he explained.

The provincial official said the Crown or the Provincial Government owns the minerals under all but 16,000,000 acres in Alberta. The Crown royalty now averages 12.5 percent, but it is to be 16.23 percent by 1951.

Royalty on privately owned minerals was said to average eight percent.

GASOLINE TAX: Oklahoma and Texas are arguing over gasoline taxes. Legislators in both states have new tax bills designed to produce more money for rural roads.

Oilmen say that if gasoline is to carry the load refiners will be forced to leave Texas and Oklahoma by being placed at a competitive disadvantage with refiners in other states.

Residents within the two states disagree over whether the bills actually would give them more and better roads.

A delegation of Oklahoma legislators appeared in Austin this week when a Texas House of Representatives Committee held a hearing on a proposal to replace the state's current four-cent per gallon gasoline tax with a one-cent per gallon tax on all combustible fuels.

An Oklahoma senator told the Texas representatives: "If you fellows pass this bill we will welcome your refineries to Oklahoma."

He said the Oklahoma Senate never would approve such a measure unless all other oil refining states did likewise.

But the author of an Oklahoma bill that would hike that state's gasoline tax by one cent disagreed. He said the refineries would not leave "until they suck Texas and Oklahoma dry of oil. If you don't tax them now, you will never get it."

Area Reports Completions

A report from the local Oil and Gas office of the State Railroad Commission yesterday reported the completion of twelve new oil wells in the Panhandle Area. Five new gas wells were also reported and five wells were reported plugged.

Hutchinson County, reporting nine completions, led the field. Two completions were reported in Gray County and one in Carson County.

Carson County
Cabot Carber, number 16, R. C. Ware, located 330 feet from E and 1650 from S lines Section 103, Block 4, I & GN Survey, tested 88 barrels of oil in a 24 hour test. Top of pay 3020 feet. Total depth 3103 feet.

Gray County
The Texas Co., number 47, G. H. Saunders, located 330 feet from S & E lines Section 1, Block 1, 188 F Survey, tested 113 barrels of oil in a 24 hour test. Top of pay 2670 feet. Total depth 2770 feet.

Hutchinson County
B. L. Hoover, number 12, W. B. Halle, located 1540 from S and 330 from E lines E-2 Section 16, Block L, EL RY Survey tested 144 barrels of oil in a 24 hour test. Top of pay not listed. Total depth 3103 feet.

Panhandle Producing Co., number B-8, Herring A & B, located 1835 feet from N and 781 feet from W lines of lease R. Walters Survey, tested 143 barrels of oil in a 24 hour test. Top of pay 3220 feet. Total depth 3245 feet.

Pennotex Oil Co., number 5, Thompson, located 330 feet from N and 3790 feet from E lines Section 15, Block M-23, TC RY Survey, tested 98 barrels of oil in a 24 hour test. Top of pay 3059 feet. Total depth 3080 feet.

Shamrock Oil and Gas Corp., number 3, Logan "A", located 330 feet from N and E lines of lease Section 135, Block E-T, T & NO Survey, tested 11 barrels of oil in a 24 hour test. Top of pay 3206 feet. Total depth 3260 feet.

American Liberty Oil Co., number 20, Hedgecote - Whittsburg, located 990 feet from E and 1650 feet from S lines of lease Section 12, Block X02, H & OB Survey, tested 135 barrels of oil in a 24 hour test. Top of pay 2966 feet. Total depth 3036 feet.

Girl Battles In Hotel With Pilot Husband

NEW ORLEANS — (AP) — Barbara Jean Floyd, "Miss New Orleans of 1948," staged a knockdown battle with her air pilot husband Friday in the lobby of a New Orleans hotel.

She hit him with a folded newspaper, knocked off his glasses, bit him on the leg and kicked a package from his hand.

The husband, Capt. George Cauthen of McBee, S.C., grinningly related by turning her up and paddling her.

"It didn't hurt much," she told newspapermen afterwards. "I had my girlie on."

The Auburn-haired, green-eyed beauty claimed the victory because her husband fled to his room and locked the door.

The fight resulted from Miss Floyd's anger at remarks quoted in a published interview with her husband, regarding her expressed desire to end their seven-week-old marriage.

The couple married in Medellin, Colombia, while Miss Floyd was on a South American goodwill trip.

Upon her return to New Orleans she denied having married, then admitted she went through the ceremony to get free air transportation back home. She said the marriage never was consummated.

Cauten came here to confer with his bride. Afterwards, he said he would file divorce proceedings, probably in Miami, Fla.

New Revenue Collector Named

DALLAS — (AP) — Kirby H. Jackson has been promoted from chief office deputy to assistant collector of internal revenue in North Texas. The promotion was announced by Collector John B. Dunlap.

Jackson, a native of Hillsboro, was in the cotton export business there with his father, Maj. Gen. W. E. Jackson, now deceased. Before joining the Dallas internal revenue office in 1932, he is a veteran of World War II.

Ways to Save

If you were a native of the central Andes you would save for the future by making "cabulla" rope in your spare time. Cabulla is the native name for the tough inner fibres of the yucca plant. Cabulla strands are twisted with horse hair and braided into an extremely strong rope. Coils of cabulla rope are valuable possessions and are sometimes wrapped around the waist for safety from theft.

Aren't you glad you don't have to wear your savings in a belt around your waist? And aren't you glad that your savings earn a profit at the same time they are SAFE at Citizens Bank and Trust. It's easy and convenient to save money at Citizens Bank and Trust. Stop in and let us explain.

Bulgarian 'Boss' Develops Tight Little Police State

Editor's note: Richard Kasischke reports his cheeks and paints his mustache black to give an appearance of youthfulness and vigor, reported the trial of Protestant churchmen. This uncensored story was filed from Berlin by Kasischke, a Detroit who has been in the AP Foreign Staff six years.

By RICHARD KASISCHKE
SOFIA, Bulgaria — Communist Boss Georgi Dimitroff has built himself here just about the tightest little police state outside the Soviet Union. And he's still working on it. The 66-year-old dictator who, according to Western diplomats here

Russian are held up as good and virtually all things American and British are condemned. Dimitroff tells Bulgarians that the U. S. and Britain have "from the first been antagonistic toward our people's democracy." His government is promoting hostility toward the West.

In the recent espionage trial of 15 Protestant pastors — and also daily in the controlled press—Bulgarians were told that the West was not only spying upon Bulgaria but attempting to incite a revolt. In his report to the last convention of his Communist Party in December, Dimitroff proudly related the smashing of opposition and virtual liquidation of "capitalist bourgeoisie" elements and all

private enterprise. He announced that Bulgaria was on the road to becoming a dictatorship of the proletariat.

Bulgaria is for Westerners a hard country to get into and for Bulgarians a hard country to get out of.

Bulgarians who want to flee their country find it much more difficult than Czechs, whose country has long borders with such Western nations as Germany and Austria. However, there are a couple of campful of Bulgarian refugees in Turkey.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE

NEW YORK — (AP) — Recently I ached my 38th birthday—and with a sense of victory. After 35 a man celebrates a birthday with the morbid pleasure of a small boy picking at a scab on his knee.

man of the future will probably grow to know more and more about less and less.

Here are some of the things I couldn't—and still can't do:

Drive a motor car. (You'd be surprised how many people can't.)
Screw a light bulb in in-less than ten minutes.

Tune in a television set or operate a record-changer phonograph.

Play any card game except "Old Maid." I also can't play chess, dominoes or assemble a cut-out picture puzzle.

Blow bubble gum—although I've tried—or mix any drink except a highball or an aspiring parfait.

Band over and touch the floor without buckling my knees.

All of these inabilities leave me feeling rather useless and helpless. And yet I think the average man everywhere can compile a similar list of his own. Most men no longer could live in the forest like Daniel Boone. And they are trapped in a wilderness world of gadgets that nobody can understand but a technician.

And the changes come faster and faster. The citizen doesn't understand the atom. But he sure does feel like one—an atom circling in an unknown orbit.

Build anything, including a doghouse, although I have spent some of the best years of my life in these structures.

Princess Reports Father Recovering

LONDON — (AP) — Princess Elizabeth said her father, King George, is "getting on very well indeed now" after his operation.

His majesty's surgeons cut a nerve center March 12 to relieve a constriction of the arteries in his right leg.

Princess Elizabeth gave her report at the Women's Volunteer Service headquarters where she was officiating at a drawing for blankets to be given to babies born on the same day as her son Prince Charles. Also included among the gifts were 21 baby bonnets from the Teen-Age Council in Dallas, Texas.
