

### Farmer Has 'Cake and Eats Too'

By CARL ZYBACH  
News Correspondent  
CANADIAN (Special) — "To have your cake and eat it, too, mixed white and yellow clover grow legumes to build up your soil," says Walter Grist, Hemp-growing seasons, then sowed the hill County agent. He says either

white or yellow sweet clover is adapted to this county, and the seed is available here. A mixture of white and yellow sweet clover does well, and he cites the experience of Floyd Parks to bear out the recommendation. Parks of the Gem Community, also known as Eller Flats, south of the Canadian River, is a man that believes in taking care of his land. He planted 115 acres of mixed white and yellow clover in the fall of 1947, and in the fall of 1948 he planted 115 acres of mixed white and yellow clover. He says either

third season. The following summer, this 115 acres averaged 40 bushels, compared to 10 bushels on the land adjoining it. In addition, he ran 100 cows and calves on the 115 acres of clover each growing season before it was sowed to wheat, and he says "you could hardly see the cattle in there, the clover grew so tall." Floyd says that the cattle grazed the yellow blossom clover a little more closely than they did the white because it was a little finer stemmed and not quite so tall. He also recommends an equal amount, or more, of grass land adjacent to the clover if you plan to graze it because it will prevent losses; whereas you will lose a few head just grazing straight clover without access to grass.

When the cattle were marketed in the fall after grazing on the clover, they were in much better finish than the fed cattle he marketed. This would indicate that the clover has plenty of protein in it. However, Henry & Morrison, feed authorities, give sweet clover, green, as containing only 3.5 percent digestible protein. So, actually, it served the cattle as an excellent filler and caused them to eat more grass which has a total digestible nutrient content of 19.5 percent. Parks' experience certainly shows this to be a practical way to fertilize your land and do it without losing a crop. In other

### Local Guard Unit Gets Equipment

Additional equipment for Battery "A," 474th F. A. Bn. (Obsv.) has been received from Camp Mabry, Austin, Lt. John J. Connel, unit training officer, said today.

Included in the equipment was a Bell and Howell 16-millimeter sound projector complete with radiant screen and sufficient spare parts to keep it in perfect repair. The machine will be used in theoretical training using Army-made films. Other items received were a two and one half ton 6 by 6 GMC truck, 3,200 rounds of .30 calibre carbine ammunition, one Jeep, and one remote control sound ranging equipment set.

Cpl. A. C. Stowe, 813 E. Field, and Recruit Charles Everett, 844 E. Campbell, left last week for Camp Mabry under special orders to bring back the trucks and equipment.

Cpl. Stowe, full-time administrative assistant for the battery, is located at the Texas Employment Commission Office, on N. Russell during the week to handle inquiries on enlistments in the National Guard. Capt. William J. Hagdale, commanding officer of the battery, said.

The Alexandria, Virginia, Gazette, founded in 1784, claims to be the nation's oldest daily newspaper.

### Man Sentenced as Holdup Accomplice

SAN ANTONIO — Paul Tomlin, 28, Dallas ex-convict, was sentenced to five years here after conviction as a holdup accomplice. It was the only accomplice case of its kind tried during the past 28 years in the court of Judge W. E. McCrory.

Tomlin was charged as an accomplice in the hotel room holdup of Mr. and Mrs. W. C. Moody and Carlisle Lynton, San Antonio, oil man, last Oct. 2.

Tomlin also faces charges as a principal in the robbery. The accomplice charge accused Tomlin of encouraging, commanding and advising the holdup.

### Hidalgo to Become Railroad Entry Port

McALLEN — Hidalgo, Texas, is to be named a railway port of entry before June 16 according to an Interstate Commerce Commission ruling, the McAllen Chamber of Commerce said.

It said the ruling sets export-import rail rates at levels comparable to other points on the Mexican border, such as Brownsville and Laredo.

### Canadian Getting More Wheat Space

CANADIAN (Special) — The Canadian Grain Co-op has announced that additional storage space for wheat will be under construction immediately, in the form of an annex to their present building. The new structure will handle about 50,000 bushels additional storage and will greatly facilitate the handling of wheat this season.

R. A. Ford is the present manager of the Co-op, having taken that position on Feb. 1. He was formerly with the Producers Grain Corporation, Feed Mill Division, Amarillo.

Ford stated that the contract for the construction had been let. The elevator building plan had been under consideration for some time, the original plan being to build a larger building out of concrete. However, due to the shortage of time between now and wheat harvest, the building is being put up as temporary storage space, with the original plan to build a concrete elevator still pending. Ford said he believed it would be a definite step toward speeding up the handling of wheat this harvest.

### AT PENNEY'S BUDGET FIND AT 3975

All-Wool Gabardine is Tops for Spring!

### March to Run for Governor in 1950

WACO — (P) — Case March will devote full time after June 15 to his race for Governor of Texas in 1950.

He announced his permanent resignation yesterday from the Baylor University Law School faculty. It is effective June 15. March is the first entry in the race. He was an unsuccessful candidate for Governor last year. Dr. W. R. White, Baylor president, confirmed March's resignation. Last June March resigned from the faculty to make the race and returned after his defeat.

Dr. White said Professor Glenn E. Capp will succeed Miss Sara Lowrey as head of the Baylor Speech Department June 1.

She is going to Furman University, Greenville, S. C.

### Chickenpox, Measles Are Widespread

AUSTIN — (P) — Measles and chickenpox have been widespread throughout the state during the past few weeks, and in the week ending March 5, measles reached a total number of cases, 1,909, that was the second highest in history. Chickenpox was almost twice the seven-year median, and Dr. George W. Cox, state health officer, has stated that there is an unusual number of adults suffering from this so-called "childhood" disease.

"Both these diseases are extremely contagious," Dr. Cox said, "and the strictest isolation and sanitation precautions are necessary to halt their spread. Dishes, toys, towels, or anything that has been around the patient can carry the germ to other members of the household, and all such articles should be thoroughly disinfected before being handled by others susceptible to these diseases."

The state health officer recommended that a physician be called immediately when a child shows any beginning symptoms of chickenpox or measles, and that his advice be followed implicitly until complete recovery. Dangerous complications often accompany or follow measles, and a child may have his entire future health endangered unless he received competent care during his illness.

"It is not advisable to treat these childhood diseases too lightly," Dr. Cox said. "They are sometimes responsible for nothing more than a few days' discomfort, but we cannot count on that. They should be taken seriously, and receive a competent doctor's supervision and attention."

### Bill Would Set Up Citrus Group

AUSTIN — (P) — A 25-member commission to handle problems of the Texas citrus industry would be set up under a bill passed by the House, 119-8.

The measure empowers the Texas Citrus Commission to levy a processing tax not to exceed three cents per standard box of citrus to provide funds for its work. The funds would go toward advertising, research on citrus growing and on market conditions.

Explaining that he wanted to be sure there was no price fixing under the bill, Rep. Cecil Storey of Longview offered an amendment saying if the provisions were in conflict with the antitrust laws of the state, the antitrust laws would prevail. It was adopted.

Rep. Joe Kilgore of McCallen is author of the bill. A companion measure, by Senator Rogers Kelley of Edinburg, has been approved by a Senate committee and is on the calendar.

Kilgore estimated the tax levied by the citrus commission would bring in \$300,000 to \$700,000 a year, depending on the crop.

The timarau, a ruminant related to the water buffalo, is the largest native mammal found in the Philippines.

### Seven Named to River Control

AUSTIN — (P) — Gov. Beauford H. Jester asked the Senate to approve the appointment of seven new directors for the Guadalupe-Blanco River Authority and the Upper Guadalupe River Authority.

Jester nominated Edgar Engelke of Sequin, W. H. Smith of Victoria, and H. M. Davenport of Prairie Lea for six-year terms as directors of the Guadalupe-Blanco River Authority. Their terms would expire Feb. 1, 1955.

Frank A. Thomason of Center Point and W. A. Fawcett of Kerrville were nominated as directors of the Upper Guadalupe River Authority with terms expiring Jan. 1, 1953. Milton Pampell of Kerrville and Hal Peterson of Kerrville were nominated for terms ending Jan. 1, 1955.

Some years ago the United States experimented with tea growing in South Carolina and Texas but later abandoned it.

### Belgium Refunds Marshall Plan Funds

WASHINGTON — (P) — The Economic Cooperation Administration announced a refund by the Belgian government of \$605,000 in Marshall Plan funds used to purchase Venezuelan crude oil.

An ECA statement said the refund was made because prices paid for the oil were excessive and thus a violation of the Foreign Aid Appropriations Act. Under provisions of the European Recovery Program, ECA funds cannot be used to buy recovery commodities at prices above those prevailing on the United States market.

Cardiff, Wales, is Britain's biggest coal export port.

Although the sun appears to be small, its diameter is 866,000 miles, which would make its density a million times greater than the earth's.

**Another 6-Man Tag Match On Sportatorium Mat Card**

Friday night is going to be one of those red-letter nights for local wrestling fans. Promoter Vic Burnett is going to stage another wild, six-man tag match. Fans who saw the one two weeks ago will know how fast and entertaining a six-man is.

Participants in tomorrow night's event will be Alex Kasaboski, John Carlin and Olan Boynton on one team and Pierre LaBelle, Billy Sandow and Glen Detton on the other.

Sandow is the boy who was nearly killed by Boynton, Kasaboski and Funk in the last tag match. This week Funk isn't present, but Billy can go to work on the other two tough guys.

The main event is scheduled for one hour, two out of three falls. But promoter Vic Burnett said that he was going to try and have the boys make it a ninety-minute affair, as one hour is pretty short to get a decision in such a furious fight.

In a 45-minute preliminary Alex Kasaboski will tangle with Pierre LaBelle, the crafty Frenchman, who made his first impressive appearance here last week.

The referee for this furious affair will be Homer Anderson. Again, as before, only one official will be in the ring, increasing the tempo of the battle.

The first fall will start at 8:15.

**Harvesters Play Ball at Shamrock**

The Pampa Harvesters, if the wind doesn't blow them away, will play baseball at Shamrock this afternoon with the Shamrock Irish nine. This will be the first game of the season for the locals, and it will afford Coach Clifton McNeely an opportunity to size up his players and cut the large squad down to working size.

Arrangements for the game were completed yesterday afternoon by telephone.

Another game was also arranged. Next Tuesday, the Harvesters, the team without a home diamond, will travel to McLean to tackle the Tigers.

**Kentucky Highly Favored to Win**

SEATTLE—(AP)—The East came West last night, ready to give you Oklahoma A&M and all the points you think you'll need to beat Kentucky in the NCAA basketball championship Saturday night.

Eastern coaches were so far gone on the Wildcats, kings of the Atlantic side of the basketball country, they were talking with a Southern drawl.

After the 11 1/2-hour plane ride from New York there was hardly a smile in the entire cast of Kentucky and Illinois high-schoolers.

Coach Hank Iba and his Aggies arrived last midnight by plane.

**DiMaggio's Ball Fate in Doubt**

ST. PETERSBURG, Fla. (AP)—How about Joe DiMaggio? The doubtful condition of the Yankee Clipper is the most disturbing note of the spring training season.

There is no definite assurance that DiMaggio, hobbled by a tender right heel following an off-season operation, will be able to open the American League schedule. In fact, there is no positive word that he will play at all.

Nobody knows. The doctor is optimistic. DiMaggio wants to believe that. But he knows the heel still sends jabbing pains through his body when he tries to run.

**Rote Star Baseballer**

DALLAS—(AP)—The big league scouts are watching the work of Kyle Rote on the Southern Methodist University baseball team these days.

Kyle has two more years at SMU but is considered a top prospect to be kept in mind.

In three games to date this season, Rote has sparked with two home runs and one triple. In one game—against Minnesota—he drove in five runs, hitting two homers. Each time his stick work brought Southern Methodist even with Minnesota. The Gophers won the game 19-11, however. In the second game Rote's triple brought Southern Methodist a 7-6 victory.

Rote is the star sophomore football player of last fall's Southwest Conference and Cotton Bowl champions.

"Rote is a fine prospect," said Nap Morris, scout for the Philadelphia Phillies who has been keeping him over. "He has power and is big and strong. He should be playing in the outfield instead of third base, however."

**Donkey Cage Game Is Pleasing to Crowd**

CANADIAN (Special)—In the Canadian basketball game in the Killarney gym Friday night the Killarney team threatened to shut out the Lions Club team until Sheriff Riskey, in the fourth quarter, took advantage of his donkey's desire to stand still, and anchored the "mobile steed" in a strategic position near the Lions goal. While the other members of the team rustled the ball for him the sheriff "just sat" and made goal after goal for a final score of Killarney 22, Lions 20.

The rubber-shod donkeys made unwilling donors of most of the riders, furnishing much fun for the crowd. Walter Gust did an unusual "tumbling act" when he did a somersault over the ears of his bucking burro.

The game was sponsored by the Lions Club.

**May Match Two Leading Horses in Nation**

MIAMI, Fla. (AP)—A match race between Citation and Colton, greatest turf natural possible, probably could be staged if conditions are suitable. Citation, a prize attraction at, say, a mile and a quarter, would jam any big track and probably would be worth a "purse" of \$50,000 or so. Colton's five-for-five in Florida this winter has heaped new coals on turfdom's burning question: Can Citation, deemed by many veteran experts the equal if not the superior of immortal Man O'War, beat his amazingly fast stablemate—a colt fresh from trying the world marks for nine and 10 furlongs?

Said Ben Jones today: "Coal-down ran the wonderful race Saturday, I'll admit. (Colton's) jet job won the Gulfstream Park Cap by seven lengths under wraps in 1:59 4-5. But I think Citation could stay close enough to his pace to wear him down. Colton, in, is mighty hard to 'get to,' though."

**Donkey Cage Game Is Pleasing to Crowd**

ST. PETERSBURG, Fla. (AP)—Tyler, Tex., Junior College won its quarterfinal game in the National Junior College Athletic Association Basketball Tournament last night, defeating Brainerd, Minn., 78 to 63.

Utah, California and Kansas teams will wind up play tonight. Weber College, Ogden, Utah, faces Grant Tech of Del Paso Heights, Calif. Host team Hutchinson, Kan., and Dodge City, Kas., also clash.

Weber went into the quarterfinal round yesterday by winning from Abraham Baldwin, Tifton, Ga., 70-54.

Grant Tech blasted Joliet, Ill., 67-47.

In a quarterfinal game last night Compton, Calif., outscored Bismerton, Wash., in a five-minute overtime win 62-61.

The teeth of the rodent group of animals never stop growing.

**Louis Names Chicago as Site Of Charles - Walcott Battle**

CHICAGO—(AP)—Joe Louis in his new role as boxing promoter, has picked Chicago for the Ezzard Charles-Jeremy Joe Walcott heavyweight scrap for the Brown Bomber's vacated title.

It was in Chicago's Comiskey Park that Louis lifted the heavyweight crown from Jim Braddock in 1937 and it may be in the same ball park next June that the proposed 16-round match between Charles and Walcott takes place. The date might be June 22, the night Louis won the championship in the White Sox Park nearly 12 years ago. The date and site will be announced later.

The Charles-Walcott bout would be for the National Boxing Association's version of the heavyweight championship. New York, one of the two states not a member of the NBA, has suggested an "elimination" tournament for Louis' title and will not recognize the Charles-Walcott winner as champion. Massachusetts is the other non-NBA state.

Louis announced the Charles-Walcott affair yesterday with his partners in the new International Boxing Club. They are Arthur Wirtz and James D. Norris, Chicago Stadium and Detroit Olympia executives. The new combine will appear Monday before the Philadelphia Athletics, Cleveland and Cincinnati. He said Sam Becker, Cincinnati promoter, offered to guarantee a \$500,000 gate.

**Baseball News From the Major League Spring Training Camps**

**Yanks Lack Punch**  
ST. PETERSBURG, Fla. (AP)—The absence of extra-base punch on his club is one of the big worries of Manager Casey Stengel of the New York Yankees. The Yankees, notorious as fence sitters, haven't been belting the ball with much gusto in recent exhibition games.

The Yankees won over the Washington Senators yesterday, 6-4.

**Bums Infield Set**  
WEST PALM BEACH—Infield hopefuls in the Brooklyn Dodgers' camp are finding little room for comfort.

Billy Cox is turning out to be a whiz at third base. And Jackie Robinson at second and Pee Wee Reese at short look like permanent fixtures.

Robinson was the hero of the Dodgers' 5-3 victory over the Philadelphia Athletics yesterday, knocking in four runs.

**Indians Lack Power**  
LOS ANGELES—"Good pitch, no hit" is the problem of the World Champion Cleveland Indians as they try for their first win in five games, today against the Chicago Cubs.

The Indians yesterday lost to St. Louis, Browns 6 to 5.

**Seery Rumors Fly**  
HOLLYWOOD—The Pat Seery rumors in the Chicago White Sox camp took a new turn today.

Manager Jack Onslow spiked a report that the portly former Cleveland outfielder would be sold to the Los Angeles club.

The Sox were here to play the Pittsburgh Pirates tonight.

**A's Beat Dodgers**  
WEST PALM BEACH—The Philadelphia Athletics flew to Cuba, today in two chartered airplanes for a series of games with the Havana club of the Florida International League.

Yesterday they lost, 5-3, to the Brooklyn Dodgers.

**Pirate Pitchers OK**  
SAN BERNARDINO, Calif. (AP)—Rain which knocked out the Pittsburgh Pirates' exhibition game yesterday gave Manager Bill Meyer a chance to look over his pitching staff and find it good.

"I have enough starters and relief men now," he gloated.

"Murry Dickson, Bob Chalmers, Elmer Riddle, Vic Lombardi and Bill Werle are being counted on the first five. And don't forget a guy named Rip Sewell who's the best won-lost record in the league last year."

**Browns Top Indians**  
BURBANK, Calif. (AP)—Southpaw Irving Medinger and Red Embree will handle the St. Louis Browns' pitching duties today in a game against the New York Giants.

In yesterday's game St. Louis beat the Cleveland Indians, 6-5.

**Cards Shutout Tigers**  
SARASOTA, Fla. (AP)—Baseball couple of St. Louis Cardinal veterans, Howie Pollet and George Mauer, will test their hurling ability against the Philadelphia Phils today.

The Cards scored their first shutout yesterday, blanking the Detroit Tigers, 6-0.

**Hughson Ready**  
SARASOTA, Fla. (AP)—Baseball observers in this area are beginning to like the Boston Red Sox pitching. Tex Hughson went for five innings yesterday, gave two hits and walked none. Even Bucky Walters, a great pitcher and now manager of the Cincinnati Reds, said Tex, unless last season, "again looks like a pitcher instead of a thrower." Catcher Birdie Tebbetts said Tex was as fast in the fifth as in the first inning.

**Sports Round-Up**

By HUGH FULLERTON, JR.

NEW YORK—(AP)—Arthur Main, who got away with his impersonation of boss Branch Rickey in the baseball writers' show, is organizing the Vero Beach folks in the Dodgers' Camp. . . . The chorus line consists of Paul Miner and Chris Van Cuyk, two six-foot-five 210-pounders; slightly smaller Pat McMillin 230-pounds now. "Senator" John Griffin, 210-pound clubhouse man and rookie outfielder Maynard Dewitt, who is only 5-8.

Scopy Letterer, the Greenville, S. C. sage, is advocating two-plate sportswriting, especially in football. He figures a new article should move in such time a coach substitutes his offensive or defensive teams. . . . Of course, the writing profession always has had its share of kicking specialists.

HE'LL DUAL RIGHT

**Easy Cinnamon Buns**

RECIPE: Roll biscuit dough in oblong shape 1/4 inch thick. Cream 1/4 cup butter 1/2 cup brown sugar and sprinkle sugar over dough and sprinkle with cinnamon and cut raisins or dates. Roll lengthwise and slice in 1-inch pieces. Grease muffin pans well and sprinkle with brown sugar. Bake rolls sprinkle down on top of sugar, in moderate oven (400° F.), about 15 minutes.

**Steaming Coffee**

With its wonderful fragrance, and flavor that's rich and stimulating, Hills Bros. Coffee can make you glad to be alive. It's a delicious blend of the world's finest coffees, with uniform goodness in every pound. "Controlled Roasting," an exclusive Hills Bros. process, by roasting the blend a little at a time—continuously—insures an even roast for every coffee bean—none overdone, none underdone. Hills Bros. Coffee is vacuum-packed, for flavor freshness.

**CHEVROLET**

**CHEVROLET**

See the difference...  
Hear the difference!

**It's the most Beautiful BUY of all**

The most beautiful BUY for Driving and Riding Ease—with New Center-Point Design

The most Beautiful BUY for Styling. Not only is Chevrolet's Unisteel Body by Fisher more solid, more sturdy and more satisfying to ride in, but it is also more beautifully designed, upholstered, and appointed than other bodies in the Chevrolet field.

The most Beautiful BUY for Comfort. Here, you can relax as you ride . . . in a Super-Size Interior . . . featuring "Five-Foot Seats," extra-generous head, leg and elbowroom, and the advanced heating and ventilating system of a car that breathes. (Heater and defroster optional at extra cost.)

Just as you can see the difference and hear the difference born of quality when you close the door of a Chevrolet Body by Fisher, so you will experience the difference when you drive or ride in this car that America calls the most beautiful buy of all.

And what a decisive difference you will find in its driving and riding qualities! New Center-Point Design—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity without loss of road clearance and Center-Point Rear Suspension—brings you an entirely new kind of driving and riding ease found elsewhere only in costlier cars.

Here, indeed, is the most beautiful buy of all—for total car value—because it brings you all these qualities of costlier cars at the lowest price and with outstanding all-round economy!

NEW "DUAL-LIFE" RIVETLESS BRAKE LININGS—LAST UP TO TWICE AS LONG!

Things are bound to break when they are made of cheap materials. Chevrolet's new rivetless brake drums, lining life is practically doubled. Tested and proved by millions of units under all kinds of driving conditions. Because there are so many to last longer wear of more Chevrolet is the best full-sized car in bringing you this important braking advancement.

The most Beautiful BUY for Thrills and Thrift. Nowhere else will you find such a perfect balance of power, acceleration, economy and dependability as you'll find in Chevrolet's Valve-in-Head Engine! That's why more and more makers in all price fields are adopting Valve-in-Head design.

The most Beautiful BUY for All-Round Safety. You'll enjoy maximum safety with: (1) New Certi-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows; and (5) the super-safe Unitized Knee-Action Ride.

FIRST FOR QUALITY AT LOWEST COST  
AMERICA'S CHOICE FOR 16 YEARS

# WARREN'S WARM UP

By Warren Hass—News Sports Editor

**QUESTION: Who won the closest batting race in National League history?**

**RING PATTERN:** The Roundup Club boxers did mighty well for themselves at the Lakeview matches. They did far better than the final score of 9 matches to 4 indicates. It's not the policy of this writer to gripe at the officiating, but this time Warmup does so in defense of the boys' records.

It was my opinion that three of the Pampans who lost decisions had earned the nod, two of them by wide margins. It was the opinion of the crowd that these two had won it, too, judging from the vociferous reaction the decision brought about. Even one of the leading Lakeview fighters apologized for the decisions and said that he was ashamed of them. The two boys who lost these fights were Don Niel Fagan and Billy Ed Cooper.

The third fight that Warmup thought was earned was the 120-pound scrap between Jimmy Gilmore and Elmo Sams. Sams only landed one blow that was solid throughout the three rounds. He was kept under cover by the fast swinging, clever Gilmore. Gilmore's cagy boxing and winging caused Sams to miss hard rights, so powerful that they threw Elmo off balance and onto the canvas. The more he missed, the more irritated he became, and the more irritated he became, the wilder he got.

If the Pampans had gotten these decisions, as it appeared that they should have, they would have won the team match by a 4-3 score. The boys certainly were a credit to their city and to their club for the fine sportsmanship they displayed, even under exacting conditions.

Lakeview's Coach McNight, in a rather apologetic way, stated that the judges were new at the job, and had little idea of what to base their scoring upon. In all justice to the fighters, not only on visiting teams, but on their own squad, they should learn how boys can score points in the ring rather than break the boys' morale with obviously wrong decisions.

**ANSWER:** In 1931, bespectacled Chick Hayes, leftfielder of the World's Champion St. Louis Cardinals, led the league with .349. Bill Terry, New York Giant's first baseman, was second with .348, and Sunny Jim Bottomley, Cardinal's first baseman, finished third with .342.

**DOTS AND DASHES:** The Pampa football staff will sit in on classes at the coach's clinic at Oklahoma University at Norman this weekend. The student-athletes will be Tom Tippo, Aubra Nooncaster and Duane Lyons. Lyons, by the way is driving a spanking new Mercury around. . . . Guess this coaching business is it if you want a new car. . . . Coach Bond showed up with a new Plymouth at the start of the school year. . . . Coach Nooncaster found a new Ford under his tree at Christmas. . . . Another of the coaches is patiently waiting for a new Pontiac to arrive. Did you know that there were 3,700 ex-American Legion baseball players in Organized Baseball last year. . . . A few of the more famous are Lou Boudreau, Stan Musial, Hal Newhouse and Ted Williams. . . . There were 242 of them in the major leagues, with only 6 of them having played American Legion ball in Texas. . . .

Which should prove that Texas is trading far behind in this junior baseball organization, despite the fact that they have the finest weather in the country for its participation. . . . Little Steve Andres, 16-month-old son of Indiana's Freshman basketball coach Ernie Andres, was dandered onto the floor during a practice lull and determinedly grabbed a loose ball with both hands. . . . Andres, who in his playing days with the Hoosiers was famed as a one-handed shot artist, turned disgustingly to Coach Branch McCracken. . . . "Look at that," said Ernie. "A two-handed shooter. If he keeps that up I'm not going to sign the parents' release blank when he wants to play high school basketball." . . . Pop Warner, living in retirement at Palo Alto, Calif., has devised two new football systems, the "double punt" and the "double T." . . . He's willing to give for free to any coach who's interested. . . . Carl Shavely of North Carolina already has made inquiry. . . . Which may mean that both will be seen at the Beach's clinic at Beaumont this coming August when Shavely will coach the North team. . . . Philip Payne will be a member of that squad.

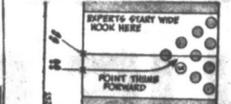

**Boudreau Likes New Crop of Rookies**  
TUCSON, Ariz. — (AP) — Speaking for his own club, at least, manager Lou Boudreau of Cleveland feels that the caliber of big league playing talent is returning to pre-war standard much faster than he and other baseball men had expected. . . . "Most of us thought it would take six years for the game to recover from the war — for a crop of real good rookies to come up," recalls the still-vigorous pilot of the World Champions. . . . "But I've changed my mind since this camp opened. It looks to me like they might already be here. I can't recall at any time in my career seeing such a bunch of youngsters who look like they could step right in and take over. Boudreau is especially high on Ray Boone, the rookie shortstop who rocked Texas League pitching for .355 last year and who is firmly established as the man who eventually will step into Lou's shoes.

## BETTER BOWLING

**By RILEY SIXTY**  
**EXPERT'S CHOICE:** One method of mastering the "run" or slow alley—one that helps the ball break sharply from left-to-right—is to move the stance or starting position to the left of the alley center. This allows the ball to angle widely to the right and then break back into the strike pocket between the 13 pins (see illustration).

This is not for beginners, however, and it should only be used after footwork has been established so soundly that the finish at the foul line is at an identical spot with each delivery. Any departure from the pattern will vary the finish position of the left foot and will thereby change the direction of the ball.

Playing a wide "out and in" hook angle calls for perfect coordination of footwork and arm-swing, plus an easy and long swing-through to effect an unchanging turn of the wrist from right to left. A quick turn of the wrist will "pull" the ball immediately inward toward the head

pin to produce either a NOSE hit or even a Brooklyn (left of No. 1). There is a lot easier way to do it, though. After changing over

**Hampton Is Distance Man in Southwest**  
COLLEGE STATION — (AP) — J. D. Hampton added some determination to natural ability and now is the greatest distance runner in the Southwest. "I decided I was looking too much to the future — that if I didn't get busy time would be running out on me," the blond Texas Aggie said.

He said he and the Aggie distance coach, Ray Putnam, had found out what he could do. "This year I have been working toward improving my speed," Hampton said. "I have developed what we call 'cruising speed.' I see no reason why I can't run the mile in 4:10 now."

He said he and the Aggie distance coach, Ray Putnam, had found out what he could do. "This year I have been working toward improving my speed," Hampton said. "I have developed what we call 'cruising speed.' I see no reason why I can't run the mile in 4:10 now."

The best Hampton had ever done before was the mile in 4:21, although he had turned the two-mile in 9:29.

## Hampton Is Distance Man in Southwest

COLLEGE STATION — (AP) — J. D. Hampton added some determination to natural ability and now is the greatest distance runner in the Southwest.

"I decided I was looking too much to the future — that if I didn't get busy time would be running out on me," the blond Texas Aggie said.

He said he and the Aggie distance coach, Ray Putnam, had found out what he could do. "This year I have been working toward improving my speed," Hampton said. "I have developed what we call 'cruising speed.' I see no reason why I can't run the mile in 4:10 now."

He said he and the Aggie distance coach, Ray Putnam, had found out what he could do. "This year I have been working toward improving my speed," Hampton said. "I have developed what we call 'cruising speed.' I see no reason why I can't run the mile in 4:10 now."

The best Hampton had ever done before was the mile in 4:21, although he had turned the two-mile in 9:29.

## SWC All-Conference Cagers Chosen

PORT WORTH — (AP) — Five schools landed players on the All-Southwest Conference Basketball Team selected by campus sports editors of the seven members.

Texas Christian's J. J. Dolnic made the team without the vote of his own school's sports editor. In addition to Dolnic the mythical quintet includes Bill Tom of Rice, Don Heathington of Baylor, Slater Martin of Texas, and Bob Prewitt of SMU. Tom and Martin were the only unanimous choices for the first team.

## Mexican League Said To Be Raiding Again

MEXICO CITY — (AP) — Rumors that the Mexican Baseball League is raiding United States clubs for players were denied yesterday.

A league spokesman said that on the contrary Arizona-Texas League teams have signed a dozen Mexican players this year. Last week the Mexican League said it has assurances from U.S. baseball Commissioner Chandler that raids would end.

The Mexican League spokesman said an incident last week might explain the raiding rumors. Torreon signed Victor Manuel Canales, former third baseman with Ciudad Juarez. The Arizona-Texas team complained on Saturday, and Torreon Manager Benjamin Diaz Flores immediately cancelled the contract.

Buenos Aires means "good breezes."

## Texans Hold Three National IL Records

DALLAS — (AP) — Texans hold three of the 27 national interscholastic track and field records, the National Collegiate Athletic Association Guide now at the market shows.

Billy Bliss, Thomas Jefferson (San Antonio), holds the 200-yard low hurdles record with a time of 21.7. He set the record of 1:54.4 for the 800-yard run last season. Darrow Hooper, North St. (Fort Worth) holds the shot record with a heave of 80 feet 10 1/8 inches. This record was made last season. The other Texas-owned record was set in 1933 by Ross (Dallas). It is a 100-yard dash record of 15.4.

IS MY DOCTOR GIVING ME THE TRUE FACTS?

Misrepresentations by Political Powers of Organized Allopaths (M.D.s)

THEY SAY: Dr. Miller, President of Texas Medical Association: "Under the laws of Texas today you have no legal guarantee that this man treating you is qualified to do so."

ANSWER: Why should the proponents of the present Basic Science Law make a ridiculous, unfair statement of this kind, have they never read the Medical Practice Act operating since 1907?

IN THEIR PROPOSED Minimum Standards Bill they state that it is not too much to ask anyone practicing the healing art to be examined in the Basic Sciences.

ANSWER: Are they so uninformed that they do not know the present State Medical Board examines in Anatomy, Physiology, Chemistry, Bacteriology, Pathology, Hygiene, and ALSO: Histology, Diagnosis, Surgery, Obstetrics, Gynecology and Medical Jurisprudence?

THE SPONSORS of the so-called "Basic Science" or Minimum Standards Act say they want the Public to be sure that all practitioners of the Healing Arts have at least a minimum education.

ANSWER: Are they so uninformed that they do not know that the present law requires two years of College work plus four years of eight months each in a Reputable Medical School?

THE SPONSORS of Basic Science or Minimum Standards have advertised in the public press that this will be a fair bill because no Chiropractor, Naturopath or Osteopath will be a member of this board.

Here is a comparison of the Education Background of Osteopathic and Medical Physicians. Schools approved by American Osteopathic Association must require: Minimum of 2 years premedical college work (as must all approved M. D. schools). We list a comparison of Osteopathic education as required by the Six approved Osteopathic Colleges and Harvard Medical College (M. D.s) in their required subjects:

Table comparing education requirements for Osteopathic and Medical (M.D.) schools. Lists subjects like Anatomy, Physiology, Biochemistry, etc., and total hours required.

TOTAL HOURS required by Osteopathic Schools 4,400. Total Hours required by Harvard Medical School (M.D.s.) 3,877.

The Osteopathic Schools Are Inspected Yearly by the Bureau of Colleges

THE MINIMUM STANDARDS OR BASIC SCIENCE BILL SHOULD BE OPPOSED FOR THE FOLLOWING REASONS

- It would place qualified Doctors in double jeopardy — they would have to take the same subjects by two Boards. MEDICAL PUBLICATIONS HAVE REPEATEDLY PLUGGED FOR THIS BILL AS A SCREEN TO KEEP OUT OSTEOPATHIC PHYSICIANS.

This is an educational advertisement that you, The Public, may be informed. — Write Your Senator. The following are Senators of West Texas: Hon. Grady Hazlewood, Amarillo; Hon. Kilmer Cerbin, Lamesa and Pat Bullock, Colorado City

### He Paid Cash For His New Car-and How

BEAUMONT — (P) — An automobile salesman and his assistant needed four hours to count the money a Beaumont Negro gave for a \$3,000 car. The Negro picked out his car, then told the salesman he'd buy it if he were given a ride home to get his money. He brought out two large sacks. They contained \$2,450 in coins, 5,400 quarters and 800 dimes. He paid the balance in currency. The Negro said he'd been saving the money for 10 years.

### MOVE

(Continued from Page 1) bill back to committee followed, bringing the roll call and the recount of the vote first announced on it.

As originally called up, Rankin's bill provided for a pension of \$30 a month to all World War I veterans at age 65, regardless of financial need.

As it came back before the House for its third day of debate, it looked something like a combined pension-bonus bill. The House tentatively accepted an amendment by Rep. Jacobs (D-Ind) knocking out the \$30 pension figure and substituting what amounted to a deferred bonus proposal.

The Jacobs plan provides that all veterans would be paid a flat \$10 a month at 65, plus an additional \$1 a month for each month of war service and another \$3 a month for each month spent in an overseas theater of combat.

The House also adopted an amendment by Rep. Rogers (D-Fla) establishing a financial need yardstick. Pensions would be barred to veterans whose income is over \$2,000 a year if unmarried, or \$3,000 if married or with dependents.

In England, foliage does not change to brilliant colors in the fall, as it does in the United States.

### PILES Hurt Like Sin! But Now I Grin

Thousands change groans to grins. Use a doctor's formula to relieve discomfort of piles. Best drugists by noted Thornton & Minor Clinic. Surprising QUICK salivary relief of pain, itch, irritation. ### In Dad's Footsteps

Franklin D. Roosevelt, Jr., 35, son of the late president, has agreed to become a candidate for the congressional post left vacant by the death of Rep. Sol Bloom. He will be supported by both the Democratic and Liberal Parties of the 20th New York district (West Side Manhattan). No date has been set for the special election.

### Fund Drive Still Short

The 1949 Red Cross drive in Gray County still lacks more than \$2,000 of its \$8,749 goal, Mickey Ledrick, drive chairman, said this morning.

"Many homes in the residential area were not covered during the first part of the drive because we lacked women volunteers," he said. Without a sufficient number of workers, it is impossible to completely cover the town, he added. Realizing there are many Pampans who wish to contribute to the drive, he has asked that they send their contributions to the Red Cross Office, City Hall, along with their names and addresses.

### BLAZE

(Continued from Page 1) housed equipment for the drilling crew, was burned to the ground and that the rig and rig crewmen escaped in injury. Calvin P. Williams, South Houston oil man, who owns three producing wells abutting the exploded well, was an eye witness to the initial blast.

"Boy, I thought the whole sky was afire when that column of flame went up. I ran to the back door of the house, looking for the drilling crew, because I thought it was the new well going down," said Williams.

"It was sure a relief to see those five men running away from their drill deck," he added. Both Butler and Williams expressed the theory that the drilling of the new well could have been the possible cause of the abandoned well "going up."

He gave credit to the Spartan Oil Company, Halliburton Oil Well Cementing Company, the Stanolind Oil and Gas Company and the law officers for assisting in the fire fighting.

No estimate of the damage was immediately available, he said, but it was believed that no partially drilled well would have to be abandoned. The usual run of curiosity seekers lined the adjacent roads for miles and more than 100 traffic officers from Houston and surrounding communities battled the crowds straining for a glimpse of "a burning guano."

### ECA

(Continued from Page 1) istration, but it does not provide the actual cash. This would be done by appropriation.

Connally said the question has been raised whether "the contemplated military assistance program will interfere with the execution of the recovery program by the diversion of European manpower and materials for defense purposes."

While no definite answer can be given at this time, Connally said, "the military assistance program should, in fact, have a beneficial effect on economic recovery by strengthening the feeling of confidence and security."

Unofficial estimates are that an arms program for members of the Atlantic Pact will cost about \$1 billion — possibly more — the first year. The treaty is scheduled to be signed April 4 by the United States, Great Britain, Canada, Belgium, France, The Netherlands, Luxembourg, Denmark and Norway.

Connally praised the achievements of ECA in the past year. But even though progress has been great, he said, Europe has not yet achieved recovery and still needs American dollars.

But he said that by June, 1952, Europe must be "independent of extraordinary American aid."

"We do not expect to continue this program beyond that time," Connally said. He added that next year's aid program will be cut "consistently below" the first year's program, which cost \$5,000,000,000.

### COMMUNIST

(Continued from page 1) der, deposed leader of the U. S. Communist Party who has been attacked recently by The Daily Worker, the party's official publication. Browder, who was general secretary of the party several years ago, said he was prepared to testify that Communist policy always has been opposed to forcible overthrow of the U. S. government. Hitting back at The Daily Worker, he said it printed an "absurd" report that he was preparing to enter the Roman Catholic Church.

Part of the Communist document identified at the trial by Budenz was read by U. S. Attorney John F. X. McGohery. The prosecutor previously had told the jury that the eleven defendants held the key to a planned American revolution.

The document — the 1935 Comintern program — called for "intensified revolutionary work in the Army and Navy."

### Legion Head Asks Better Veteran Care

DALLAS — (P) — William C. McCraw, state commander of the American Legion, said in Dallas that "red tape is keeping veterans from hospitals" and that something should be done about it at once.

He said a resolution was adopted in Weatherford, at a meeting of District 12 of the American Legion calling for better medical care for veterans.

McCraw will be in Shamrock April 10 to dedicate the Shamrock post's new home during a two-day convention of District 18, April 9 and 10.

### Jet Bombardment Wing Being Formed

SHREVEPORT, La. — (P) — A B-45 jet bomber has arrived at Barksdale Air Force Base as the start of the first jet bombardment wing in America. Fifty-three "Tornado" bombers in all will be delivered here to form the 47th Bombardment Wing.

Col. W. F. Chapman, 47th wing and group commander, landed with the four-jet job after a 748-mile flight from Biggs Air Force Base, El Paso, Texas, He

### Socony Oil Company Reports High Income

NEW YORK — (P) — Socony Vacuum Oil Co. reported its consolidated net income for 1948 was a record \$332,500,000. This was equivalent to \$4.13 a share, and compared with \$97,708,927 of \$3.13 a share in the previous year.

Pinto, who was the first to draw the distinction between mind and body, can probably be called the father of psychology. He made it in one hour and 15 minutes.

### Mr. Grant and Mr. Lee's War Not Over Yet; 'Dixie' Starts Brawl

PORT WORTH — (AP) When Yankee and started a fight, Mr. L. Daugherty whistled "Dixie" he didn't raise any Rebel flag. Instead, he raised the ire of a crowd of 100.

And in the melee the young Air Force veteran lost an eye. These circumstances were brought out in District Court here in a suit in which an insurance company is seeking to cut off Daugherty's compensation. The eye was injured, Daugherty told the court, when Freddie Ferdig hit him last Sept. 3.

Ferdig, a Yankee, was an in-

structor in a bread-rolling class conducted in a bakery shop where Daugherty was an apprentice bread-roller.

A State Industrial Accident Board awarded Daugherty compensation of \$21.65 a week for 100 weeks. The case came before Judge R. B. Young and a jury when Liberty Mutual Insurance Company asked that the award be set aside.

"Did you tell fellow workers you were going to whistle 'Dixie' and get Freddie mad?" asked Emory Caney, the insurance company's lawyer.

"Yes, I did, but as a joke," Daugherty replied.

But it was no joke to Ferdig.

### Tech Will Be Host to Engineers

LUBBOCK — Student members of the American Society of Mechanical Engineers at Texas Technological College will be host to student chapters from seven other school groups in Texas and Louisiana at the annual ASME meeting April 1-2.

Each of the visiting delegations is to be represented by at least two speakers who will participate in the morning programs. The only stipulation concerning talks is a 15-minute time limit, Chairman Boyd Zell, a junior engineering student from Spur, said. Cash awards for the best speeches are to be given by the host chapter. The first award is \$100.

Member schools are Texas A&M, University of Texas South-

"Freddie always resented 'Dixie' because he was from the North," Daugherty testified.

It was no joke to the insurance company, either, which asked that the compensation award be cancelled on the grounds that Daugherty's fight with Ferdig wasn't an accident but only another chapter in the war waged by Grant and Lee.

### Business Failures Highest Since 1942

NEW YORK — (AP) — A total of 210 commercial and industrial businesses went bankrupt in the week ended March 17, Dun & Bradstreet said.

The credit reporting agency noted this was the highest total for any week since 1942. But it was well below the pre-war level of 1939, when in the corresponding week 298 failures were reported.

In the same week of 1948 only 106 businesses failed.

### Beware Coughs From Common Colds That HANG ON

Cremulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

### EAT PLENTY AND TAKE OFF UGLY FAT

When you buy Barocstrate, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamins or fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barocstrate is the original grapefruit juice "wipes" for weight reduction.

Just go to your druggist and ask for four ounces of liquid Barocstrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoons twice a day. That's all there is to it. If the very first bottle doesn't show you a simple, easy way to take off ugly fat, return the empty bottle for your money back.

**Lost 56 pounds**

Here is what Mrs. L. J. Bryant, P. O. Box 55, Waterwright, Texas, wrote us: "I want to tell you what Barocstrate has done for me. I weighed 268 pounds when I started taking it. I now weigh 212."

"I have taken my dress size down from size 20 to 44 and never felt better in my life and everybody tells me how much nicer I look than I did."

"I am still taking Barocstrate as I want to get my weight down to 165 or 170 pounds."

**West Point to Get French Decoration**

WASHINGTON — (AP) — The West Point Military Academy is to be made a member of the French Legion of Honor. It also will be awarded the Croix de Guerre with palm. The honors will be bestowed by Lt. Gen. Georges Revers, French army chief of staff. General Revers, the Army Department announced, arrived in Washington Wednesday for a three-week U. S. visit. The general and other French officials will also visit Ft. Bliss, Tex.

**Overdoing Good Thing Doesn't Bother Hollywood**

By BOB THOMAS  
HOLLYWOOD — (AP) — The fear of overdoing a good thing never seems to bother Hollywood. Glowing with the success of Red Skelton's "Fuller Brush Man," Columbia now plans a "Fuller Brush Girl." The girl will be Lucille Ball. Speaking of sequels brings us to Bill Holden, who is co-starring with Ball in "Miss Grant Takes Richmond." He has been in "Dear Mom," "Sequels seldom if ever are as good as the original," he claims. Apparently Columbia is willing to take the gamble. Vera Ellen always danced alone in films until the "laughter" number with Gene Kelly, which was the main attribute of "Words and Music." Now the gal dances with Kelly in "On the Town" and Fred Astaire in "Royal Wedding." "I'm glad I held out for the best," says she. Deborah Kerr is glowing about British reviews of her work in "Edward My Son." Until now the Britons had been potshooting her for deserting their industry for Hollywood. MGM missed a great opportunity at the luncheon to greet the 101st Airborne veterans who will appear in their wartime roles in "Battleground," the Battle of the Bulge story. The studio should have served up spam, just to watch the reaction. Dogfaces finally get a break in "Battleground." After all the recent films about high brass, this one will play up the GI's. Even Bob Taylor will be a doggie.

**Taxi Picks Up Sleepy Senator**

WASHINGTON — (AP) — The taxi driver who was hailed near the Capitol at 4 o'clock the other morning by a lone, tall and portly gentleman must have been surprised. The man was uncloaked and bareheaded, his long, silvery hair streaming in a freezing wind. He was none other than Texas Senator Tom Connally. Here's the explanation: The senator had been sitting through long hours of the filibuster then going on in the Senate chamber. A little after midnight, with the end of the session still not in sight, he went down to his private room on the street level of the Senate wing to take a nap. About 2:30 a. m. the Senate finally adjourned, but the senator Texas senator was still sleeping when charwomen coming in to clean up the room awoke him. Then, to his dismay, he found that the "senator's" cloakroom, where he had left his hat and coat, had been locked and no one was around who had a key.

**Yale President Would Fire Red Teachers**

DALLAS — (AP) — Dr. Charles Seymour, president of Yale University, said he would fire any member of his faculty who was a Communist. "As far as I know, none of our present faculty is Communist. But if I should find that one of them were a Communist, I should certainly request his resignation, he said. Dr. Seymour was speaking before the Dallas Yale alumni. "I do not believe a Communist is allowed freedom of opinion and conscience. I want my professors to be free-thinking," he added.

**No Relief Seen in Telephone Shortage**

DALLAS — (AP) — Telephone officials of Texas saw no immediate relief in the shortage of equipment. They were here for the three-day convention of the Texas Telephone Association. J. B. Haley of Austin, executive secretary of the association which is made up of the numerous independent and national telephone companies in Texas, said that unless a miracle happened, waiting lists would remain long for some time.

### Nancy Alexander Is Initiated

CAJADIAN — (Special) — Formal initiation services for

Nancy Alexander were held Monday night at a meeting of Assembly No. 64, Order of Rainbow for Girls, in the Masonic Hall. Mrs. Paul Bryant, a member of the advisory board, also spoke to the group, giving the girls

a history of the local organization. Refreshments of cookies and punch were served at the conclusion of the meeting. Read The News Classified Ads

### Reba Joyce Bain Freshman Nurse

MISS REBA JOYCE BAIN, daughter of Mr. and Mrs. F. O. Bain, 114 1/2 S. Chrysler, a student nurse at St. Anthony's Hospital in Amarillo, took part in the candlelight capping ceremony held Tuesday evening for the preclinical class. A formal luncheon at the nurses' home honored the group Monday evening. Miss Bain entered the three-year training course in June and was secretary of the 18-member "Frolic Club," which took part in the capping ceremonies Tuesday and now becomes the Freshman Class.

Crushed or crumbled macarons may be added to vanilla or chocolate pudding. Put a layer of the macaron crumbs into the individual dishes before adding the pudding.

Crushed pineapple makes a delicious garnish or sauce for a vanilla tapioca pudding.

### Varietas Study Club Has a Program Discussion on Art and Literature

"Bless This Door That It May Prove Ever Open to Joy" was the theme of the program on art and literature given Tuesday afternoon at the Varietas Study Club meeting in the home of Mrs. J. C. McWilliams, 1318 Mary Ellen.

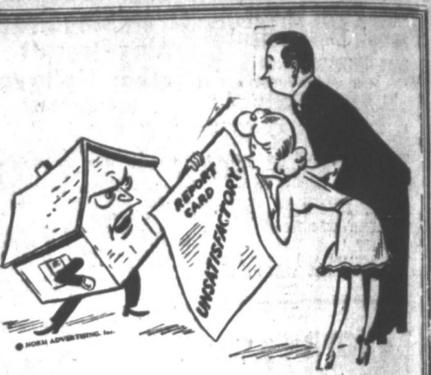

Mrs. E. J. Haslam, art chairman, had charge of the program on "The Door Stop," movie production.

### Pampans Attend Pi Mu Meeting

Thirteen Texas chapters of Pi Mu, national music organization, and two Oklahoma chapters were represented Sunday at the observance of Pi Mu Day given at Wichita Falls by the Hardin College Division of Music and the Beta Omicron chapter, Wichita Falls.

Officers and delegates attending from Beta Rho chapter of Pampa were Mrs. Lilly Hartfield, advisor, Vivien Brake, Adney Puraley, Byron Byars, Claudette Matheny and Jo Ann Cox. Miss Matheny appeared on the afternoon program.

Parents from Pampa attending were: Mr. and Mrs. C. C. Matheny, Mr. and Mrs. Ross Byars, Mr. and Mrs. Evelyn Puraley, Mrs. W. S. Brake, and a visitor, Helen Kay Wilson, also of Pampa.

### Lefors Club Has Luncheon Meeting

LEFORS — (Special) — "Work Simplification" was the topic for study when the Lefors Home Demonstration Club met Monday for a luncheon at the Coltex Community Hall.

Mrs. Clifford Rutledge demonstrated how to make beds, setting the table and washing dishes to save time and steps. She showed the correct way to sprinkle a shirt and how to iron it in four minutes, using a low ironing board so you can sit to do this job. She said a good method was an important requirement in finishing your work on time.

Mrs. P. F. Scurlock gave a ten-minute demonstration on how to file Home Demonstration literature. She made her file box and prepared it with wall paper.

Mrs. Hugh Braly, president, had charge of the business at which time it was voted to change the August and November programs. The club gave \$5 to the 4-H Fund.

Mrs. B. D. Vaughn and Mrs. L. R. Spence showed hand-stitched gloves partially completed and orders were taken.

Roll call was answered by "A work habit I have changed." Others present were: Mesdames Larry Rider, A. H. Brewer, B. J. Dehl and one guest, Mrs. L. N. Howell.

The next meeting will be April 14 in the home of Mrs. Brewer.

### The Social Calendar

**THURSDAY**  
 7:30 Crusader Club party, First Methodist Church basement. Mrs. Lindley Steele to read several poems.  
 7:00 Intermediate GA of the First Baptist Church meets at church.  
**FRIDAY**  
 2:00 Wayside Home Demonstration Club, 25 S. Fresno.  
 7:00 Police Auxiliary entertains families with 42 party, Palm Room, City Hall.  
 8:00 VFW Auxiliary, VFW-American Legion Hall.

### Venado Blanco Has Musical Evening

WHITE DEER — (Special) — A program of recorded poetry and semi-classical music entertained the Venado Blanco Club at its meeting Tuesday evening in the home of Mrs. Kenneth Gibson, Skellytown. Mrs. D. V. Biggers was co-hostess.

Present were Mesdames B. R. Weaks, Fred Mullings, Laura Jo Skaggs, Bob Farley, Hope Rusk, Kattie Allison, Ray Vineyard and Misses Mary Green, Gertrude Golladay, Claudia Every, Helen Walker, Arnett's Orchestra, Winale Warren and Ruby Lee Hill.

The next meeting will be on April 5 in the home of Mrs. B. R. Weaks.

### Dance Is Planned For CC Members

An informal dance for club members will be given at 9 p.m. Saturday at the Country Club. Hubert Arnett's orchestra will play. Hosts are Tom Rose, Jr., Parks Brunley, Robert Purton, Clifford Braly and J. H. Buckingham.

When sifted flour is called for in cake-making a good method is to sift the flour right into the measuring cup, filling the cup until it is more than full, then using the edge of a spatula to level the flour off.

### Troop 2 Scouts Work on Projects

WHITE DEER — Members of Girl Scout Troop 2 met Friday afternoon at McConnell Hall to work on projects in their patrol.

Patrol 1, led by Carolyn Meeks, painted bottles with bright paint and decorated them with decals to make a kitchen set consisting

of clothes sprinkler and a caddy and soap dispenser.

Patrol 2, led by Sue Franklin, made candy and served it to the troop. Members also practiced trail laying and following trails.

Patrol 3, which is led by Betty Webster, studied photography techniques, parts of a camera and how to make "stunt" pictures.

Others present were: Barbara Bentley, Carol Ann Attix, Gay Birdsall, Kay Birdsall, Johnnie

Mae Daur, Sharon Dickens, Barbara Evans, Betty Joe Freeman, Nancy Ford, Melba Nolle, Lynette Powers, Betty Fern Roles, Patsy Smith, Ruth Smith, Carolyn Sue Williams and Frances Olson.

Troop leaders are Mrs. B. E. Evans, Mrs. W. O. Franklin and Miss Peggy Travis.

The stem of a giant bamboo tree may grow more than a foot a day.

### Camma Lou Walker, Larry Tackitt Have Candelight Service in Home

PANHANDLE — (Special) — Wedding vows were exchanged by Camma Lou Walker, daughter of Mr. and Mrs. Alfred C. Walker and Larry Neil Tackitt, son of Mr. and Mrs. George L. Tackitt, Saturday evening, March 19, in the home of Mrs. Iva Pullen.

The Rev. L. E. Godwin, Baptist minister, read the double-ring service at 8:10 p.m. before an

archway of huckleberry vine and peach gladiol flanked by baskets of greenery. Candles furnished the only illumination.

Preceding the ceremony, Jewell Marie Walker, sister of the bride, played "Always" as Marlene Brown lit the candles. She also accompanied Neida Higginbotham as she sang "I Love You Truly" and "Through the Years."

Maid of honor, Betty Jo Tackitt, sister of the bridegroom, wore a Glenn plaid bolero suit and a pink carnation corsage. Lawrence Tackitt, Amarillo, brother of the bridegroom, served as best man.

The bride chose an orchid crepe afternoon dress with grey accessories. She carried a white Rainbow Bible, belonging to the bridegroom's sister, topped with pink and white carnations and knotted with white velvet streamers. For something old she wore a lavalliere belonging to the bridegroom's mother and for something borrowed, a white lace handkerchief belonging to Mrs. B. L. Dickson.

and bridegroom, Mrs. B. L. Dickson served the cake and punch was served by Mrs. Lawrence Tackitt. Sammy Bagwell registered the guests.

The service and reception was recorded by W. H. McLeod and photographs were made by Dickson, Gehr Farlow, Joe Knapp and Don Light.

Others present were Mr. and Mrs. Jim Phenix, Mr. and Mrs. Otto Walker and Mrs. W. H. McLeod.

Following a short wedding trip, Mr. and Mrs. Tackitt are to be at home in Panhandle. For traveling Mrs. Tackitt wore a tweed ensemble with navy and grey accessories and a pink and white carnation corsage.

Mrs. Tackitt is a Junior in Panhandle High School where she is vice president of her class, a member of the Choral Club, Pep

Squad, Future Homemakers of America, on the Panther Cheer Staff, member of Girls' Choir and a member of both the basketball and volleyball teams. She is also a member of the Order of the Rainbow for Girls.

Mr. Tackitt is president of both the Senior Class of Panhandle High School and the Future Farmers of America. He is business manager of the Latin high school annual, and was manager of the 1948 Panther Football squad. He has been active in basketball and is on the track team. He is also a member of the cast for the Senior play.

Future plans of the couple are to finish high school and attend college.

Rain falls only once in about 30 years on long stretches along the coast of Chile.

Marx's Dream Come True?
If Americans were so shamefully ignorant of medical science as they are of the disease called communism, they would still be bled by barbers to cure cancer.

Marx's Dream Come True?
The unique position of Communism as a thing unknown but hated in many respects by the young of our generation named Friedrich Engels.

Marx's Dream Come True?
For, of course, Karl Marx was not a Communist. He was a Communist. Josef Stalin is not.

Marx's Dream Come True?
And here's another pearl, Comrade: The United States of America much more closely resembles the dream of Karl Marx than does the Soviet Union.

Marx's Dream Come True?
Statements like those call for explanation. And if you'll stick around for a few more paragraphs (you've come this far, haven't you?) maybe you can make out a pretty good case for them.

Marx's Dream Come True?
Let's start with Karl & Friedie, two of the loudest writers who ever lived.

Marx's Dream Come True?
Karl Marx was a very young man when he wrote Das Kapital. At five cents a word he'd have gotten richer than old man Morgan in his prime.

Marx's Dream Come True?
Marx was the first "scientific socialist." He developed a theory which had been "discovered" centuries before. It was a punk idea from the ground up. It had been put into practice more than once.

Marx's Dream Come True?
Socialism had made the rounds long before Karl and Friedie. The old bag had been the mistress of kings and clowns, professors and stonecutters.

Marx's Dream Come True?
But Karl and Friedie dressed her up. Put her in a convent called "Intellectualism." Gave her an aspect of respectability.

Fair Enough... Westbrook Pegler

Never have our citizens been so hounded, stalked and beset by professional and amateur hawk-shy and young King Brady; prying into their correspondence, their politics and their laudable prejudices.

There are two notorious organizations with headquarters in New York professing to combat anti-fascism, bigotry and the like which have actually come to be thought of as private police.

Mr. and Mrs. Claude Lamb and girls, Phyllis and LaVerne, spent a few days visiting in Plainview.

Mr. E. T. Cobb has gone to Farmville, La., to attend the funeral of his sister, Miss Bertha Cobb, a retired school teacher of Union Parish, La.

Mr. and Mrs. Earl Atkinson and girls spent the weekend visiting his father in Guymon, Okla., and the Elvis Mathis family in Hooker, Okla.

Lawson Shaw, high school principal, announced there are three students who made A in all subjects and citizenship for the fourth six-week period. They are Rebecca Brining, Shirley Perkins and Marlene Swafford.

Lefors FFA Chapter attended a meeting in Canyon on Tuesday.

Among students home over the weekend were Ciel and Berryman Breining, Ray Jordan from Texas Tech; Joe Page, Daniel Johnson, Mr. and Mrs. Kenneth Tubbs, C. H. Keston, from W.T.C.

E. R. Reeves, superintendent of schools, recently returned from St. Louis, where he attended a regional conference of the American Association of School Administrators.

In Hollywood

By ERSKINE JOHNSON
HOLLYWOOD — (NEA) Recently Bill Demarest heard about a book paying off \$70 at Santa Anita. So he sent a telegram to Alan Ladd through the studio Western Union office telling him it was a sure thing and signed the name of Ladd's horse trainer.

Then Bill had W. U. time the telegram as being sent three hours before the race. Ladd got the wire on the set, immediately called a bookie and said he wanted to bet 200 on the pony's nose.

"Sorry," said the bookie, "but the race is over—and she paid \$70."

Ladd was going crazy trying to find out why the wire had been delayed so long when Demarest confessed.

Lynn Bari: "Current social custom makes it possible to determine almost immediately when someone has forgotten your name. They call you 'darling.'"

A studio stenographer, reports Irving Hoffman, was explaining to the typewriter repairman what was wrong with the machine. The man asked her specifically what keys would not work.

"Oh," she answered, "all those little 'swear words' in the top row."

RENO REGULAR
A movie doll was applying for a passport. "Unmarried?" said the clerk. "Replied the doll: 'Occasionally.'"

Brooklyn mama to a friend: "My son writes from Hollywood that he's going to marry one of those Goldwyn girls." "Congratulations," said the friend. "It's a very wealthy family."

Joe E. Lewis to a friend: "I'm responsible for Mickey Rooney's success in pictures." "How'd that?" Lewis laughed and said: "I saw him in vaudeville years ago and I should have killed him."

Columbia's music boss, Morris Stolof, says he recently had a new secretary. One day he returned from lunch and asked if there were any messages. "Yes," replied the secretary. "There's one from some violinist—probably some chap looking for a job."

"Who was it?" asked Stolof. "Oh, I have it written right here," she replied, and handed him a slip of paper which read: "By Fitz."

Ed Gardner, talking about a certain Hollywoodman: "He's had his back to the wall so the handwriting is an 'H.M.'"

FASHION NOTE
Al Jolson bought his wife a new hat. He commented: "It's very unusual model. It has no flowers, no feathers, no veil. In fact, it has no material at all—she just wears the price tag over her ear."

Union Plan.....by Peter Edson

WASHINGTON (NEA) — Ex-Supreme Court Justice Owen J. Roberts newly announced "At the Federal Convention of Democracies" will probably meet with considerable opposition from isolationists and old America Firsters.

What the Roberts Committee is a central government of democracies within the United Nations. This new world government would have a single citizenship with its own legislative, executive and judicial systems, its own defense forces, money, customs and postal systems.

It will be argued that if the 90-odd countries of the world cannot now run a successful United Nations organization, it is hopeless to expect that they could get along under a central government as a federal union of states. But this very idea has been growing for a long time and "We feel that now is the critical time to launch this movement for a federal union of nations that sign the Atlantic Pact," says Justice Roberts.

We want. We want people to talk about federal union. INTERESTING HISTORY
The growth of this movement which Justice Roberts now heads up as president of the Atlantic Union Committee is interesting to trace. Since World War II there have been a number of similar movements. R. L. Whitehouse's "World Republic," Robert K. Hutchins "Federal Republic of the World," Cord Meyer's "United World Federalists," Ely Culbertson's "Citizens Committee for United Nations Reform," and others.

Antedating all these is Clarence K. Streit's "Union Now" and his original proposal for a world "Bill of Human Rights," both were considered somewhat Utopian if not downright crackpot when they were first presented in France in 1938. Streit for 10 years before had been a correspondent covering the League of Nations. He saw first hand the old League's failures and weaknesses.

Last year a Declaration of Human Rights was adopted by a majority of the United Nations, and an eminently respectable committee of citizens headed by Justice Roberts, former Secretary of War Robert P. Patterson and former Undersecretary of State Will Clayton have today practically adopted his "Union Now."

with U. S. military government in Germany. These nine clipped in the original seed fund to set up their Atlantic Union Committee, now grown to 18 directors and a council of nearly 100 public-spirited citizens. E. Hart of Cleveland, formerly secretary to Justice Harold Burton and Harold Stassen, had been named executive director.

Justice Roberts admits that mere discussion of the subject may be all that can be accomplished at this session of Congress. "Whether we could get action this year is still on the knees of the gods," he says. There will be many charges that this proposal will make America surrender her sovereignty. "The United States can't yield any of its sovereignty," says a Justice Roberts spokesman. "We would amend our Constitution before we could yield sovereignty. And anything the first conference of nations might recommend would have to be sent back to the people for ratification."

"Even if this conference should decide that a federal union could not be formed at this time, there would be a gain in having the United States take the lead in asking the other democracies to discuss the subject."

PUNNY BUSINESS

Why the spinach? I don't want to grow up to be big and strong—and then have to diet!

POP Goes the QUEEN

By Bob Wade and Bill Miller
THE STORY: John Henry and Sin Conover, vacationing at a luxury resort, become entangled in a murder which involves an elusive woman, a Spanish troupe leader, and a Spanish troupe leader.

whispered away on the gravel.

John Henry dropped his shoulders in relief and straddled a chair facing the other two men across the lawn.

The three of them sat in the silence as the hands of John Henry's wrist watch crept from 2:15 toward 3:30.

Oedell leaned back in his chair, eyes closed, a cigar sagging from his lips. Barselou sat directly opposite the door and his heavy finger pushed the playing cards around on the cloth in senseless patterns.

Conover broke the stillness. "How much will be left of the ship after two hundred years, anyway?" Barselou folded his restless hands. "Probably not very much. But I'm not looking for relief. I want that treasure. And as soon as you hand over the route, I'll head for Walking Skull."

"What's that—the starting point?" Barselou didn't answer. Oedell opened his puffy eyes and let the front legs of his chair come down to the floor. "Fifteen minutes," he announced sleepily.

John Henry reached into his mouth and extracted the small wad of paper from it. Barselou stood up and stretched out an eager hand, but John Henry backed away from him toward the door, keeping the big man between himself and Oedell. He reached in back of him, found the handle, twisted it. "Okay," he said. "Catch!" He tossed the pellet through the air at Barselou. As the hairy hands grabbed for the missile, Conover leaped into the protecting cover of the hall, slamming the door behind him.

Barselou forced the wad peepily out of his hand, but John Henry was from the front part of the ranch house there was the sound of a muffled crash. A moment later the door opened.

### For Beauty and Abundance Lay Out Garden This Way

Most home gardeners will agree that even a flower border is no more beautiful than a precisely laid-out vegetable plot, with crops growing in straight parallel rows, squared with plot boundaries, with-out a weed to be seen.

Not only beauty, but efficiency is gained by such a layout. One quick trip with a wheel hoe down the straight aisle between two rows will destroy hundreds of weed sprouts in a fraction of the time required to cultivate a disorderly garden.

Rows should be spaced with varying distances between them, depending on two factors: The needs of the crop, and the convenience of cultivation. In rich soil vegetables may be spaced more closely than in poor; but when spaced too close together, it is difficult to cultivate between the rows.

Crops growing twelve inches tall or less may be spaced 10 inches to a foot apart if cultivated with hand tools. For a wheel hoe, eighteen inches is likely to be found a minimum distance to avoid disturbing the roots of the vegetables.

Taller vegetables, and those that make vines, large bushes, or have a sprawling habit, must be given more distance between rows. In small gardens, 4 feet will usually be the maximum distance, given only for such crops as bush squash and cucumbers.

After you know where the rows are to be, a line should be stretched to mark the first row.

Some gardeners use a straight, narrow board as a ruler to mark the row. A heavy cord wound on an iron reel is handy, but any strong cord stretched between two stakes will do.

Using the corner of a hoe, draw in the soft soil a shallow trench with this line as a guide. This is known as a drill. Some prefer to use the end of the hoe handle rather than the corner of the blade. Others have small hoes which they like; but it is more a matter of touch than the tool.

For small seeds such as radishes, onions, carrots, lettuce, and endive, a drill half an inch deep is enough. A little deeper for beets and Swiss chard, and an inch for peas, beans and sweet corn will be sufficient. Shallow sowing is preferred nowadays in the cool, moist spring, but make drills a little deeper when hot weather comes.

The End of a Rake or Hoe Handle Will Make a Shallow Drill.

## FARM NEWS

Pampa News, Thursday, March 24, 1949 PAGE 13

HEMPHILL COUNTY AGENT WALTER GRIST is shown demonstrating a whirlwind machine on Oscar Parrott's farm. The machine builds terraces that will leave the ground well balanced.

**CANADIAN**—(Special)—With better weather conditions in Hemphill County, farmers and stockmen are turning to ways and means of controlling soil erosion. Terracing, sowing adapted grasses and constructing tanks and dams are the most used methods.

For small seeds such as radishes, onions, carrots, lettuce, and endive, a drill half an inch deep is enough. A little deeper for beets and Swiss chard, and an inch for peas, beans and sweet corn will be sufficient. Shallow sowing is preferred nowadays in the cool, moist spring, but make drills a little deeper when hot weather comes.

A whirlwind terracing machine (left) is shown in operation on the Oscar Parrott farm in Hemphill County. The machine builds a desirable terrace, when properly worked. The machine leaves a smooth, well balanced piece of ground that will grow a crop on either of its slopes. However the shrinkage is greater than other types of terraces since the machine leaves the soil beaten up. A Hancock Terracer (shown on the right) is more expensive than

### Terracing Program Behind in Dnley Co.

**CLARENDON**—Winter moisture is good but sleet and snow have put the terracing program in Dnley County far behind usual. H. M. Breedlove, county agent said.

The weather in January and February was so bad it was impossible to run terrace lines except during a few days between blizzards. The terracing program is in full swing now in the county, Breedlove said.

Carman Rhode of the soil conservation service has two terracing crews in fields.

Grass planting also is in full swing and the soil conservation service has its grass drill busy every day. The board of supervisors has ordered another drill to assist in the planting.

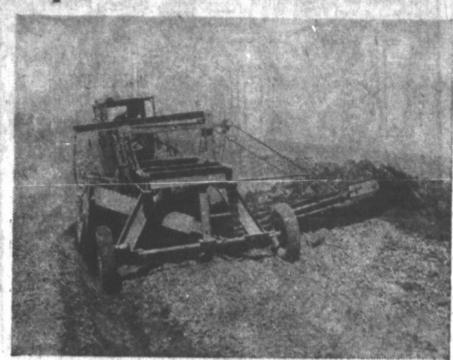

### Railway Plans to Continue Awards

The Alchison, Topeka and Santa Fe Railway System has announced plans to renew its program of providing educational awards to outstanding Future Farmers of America members in states served by the Santa Fe Railway.

Seventy awards will be available to Future Farmers. It was announced by Fred G. Gurley, president.

The cash awards will represent an amount approximating rail and Pullman fare, meals, lodging and other expenses of the trip to be made by the winners to the 1949 national FFA convention in Kansas City next October. Those eligible will be the FFA official delegates and candidates.

### Hemphill County Agent Shows Ways to Control Soil Erosion

A HANCOCK TERRACER is an ideal terracing machine and has high construction speed. Marvin Dixon, Canadian contractor, has purchased one of these machines.

A whirlwind machine, but is an ideal terracing machine with more construction speed. The terracer was designed in Lubbock. Marvin Dixon, Canadian contractor, recently acquired one of these machines.

Terraces are hard to farm, but with the advantage the machines show by saving top soil from washing away plus an average

increase yield of one-third, they will "pay off," County Agent Walter Grist said.

"Farmers should get busy before it is too late and take care of their land," he said. "The production level is still good and should be maintained and increased rather than allowed to go the other way."

### USDA BUYS RICE

**WASHINGTON**—(AP)—The Agriculture Department reported it bought 110,800 100-pound bags of unpolished milled rice last week.

Officials said the rice will be sent to China.

The purchases included U. S. number five or better or early prolific, blue rose, prelude, zenith, magnolia and pearl varieties at prices ranging from \$6.73 to \$7 net per hundred pounds at ports.

### Weather Has Kept Smile

**AUSTIN**—(AP)—Texas weather continued to smile on farmers last week.

The United States Department of Agriculture reported yesterday that the second consecutive week of fair weather kept spring field work going at peak level. Weekend rains over practically the entire farming area then lent a hand at settling newly worked soil and hastening seed germination.

Principal exceptions were in upper coastal and scattered East Texas counties, where showers again kept soils too wet to work.

Wheat, oats and barley were reporting making excellent growth. Some green bugs in northern blackland counties and some rust in southern counties were showing up in oats.

Seed pods were forming on flax in the southern flax counties with good yields in prospect.

Cantaloupe and watermelon planting was active in central and eastern counties. Some East Texas tomato plants were going to the fields. Lettuce was up to a stand in the Panhandle area. A limited harvest of broccoli, beets, carrots, cabbage and spinach continued in South Texas.

Onions in the coastal band area continued to show adverse effects of blight and thrips were also causing some damage.

Range and pasture feed continued to make excellent growth in southern and central and western counties, USDA said.

### Erosion Control Program Planned

H. L. Ledrick has completed three dams on his ranch to aid in his erosion control program. It was announced today from the Roberts County Soil Conservation District.

The dams were built on sandy draws to allow the bottoms down stream to become covered with grass.

Dr. S. W. Corbin plans to start a series of diversions and spreaders to control a ditch that is cutting into his pasture. He will divert the water from the highway to a grassed channel. The ditch will be dozed when the work is completed and planted with a mixture of grass and clover.

Soil conservation districts will assist farmers and ranchers with their erosion programs.

### Weather Has Kept Smile

**WASHINGTON**—(AP)—The Census Bureau reports the cotton spinning industry operated during February at 112.3 percent of capacity on a two-shift, 80-hour week basis. This compared with 112 percent during January this year, and 137.6 percent during February last year.

### Plantings Higher

**NEW YORK**—(AP)—Reports from Texas received here say cotton planting in three counties of the Rio Grande Valley are running about thirty-one percent above a year ago.

### King Cotton's Crown May Get Tarnished

**MONTGOMERY, Ala.**—(AP)—King cotton's regal crown has a new look, but indications are that it may become tarnished.

That comment came from Clifton Kirkpatrick, field service director of the National Cotton Council. He addressed the Alabama Bonded Warehousemen's Association annual convention here Monday.

The new look, he explained, is due to the fact cotton is more profitable to produce. New and more extensive methods are being found for its use, he said, and industry on the whole has a new healthy outlook.

On the other hand, he added, tarnish may develop from some of the problems confronting the industry.

Among them he listed competition with burlap and paper in bag manufacturing and with rayon in the tire cord market.

### Breeders Association Plans Series of Meets

Texas Milking Shorthorn Breeders Association plans to hold a series of field days starting Monday and running through April 1.

The meetings will be to acquaint the public with the merits of the association's breed. Meetings will be held on the following farms: March 28, Marion Bruce's farm, Amarillo, on Highway 60; March 29, Harry Rothwell's farm, ten miles west of Dimmitt on Highway 86; March 30, L. R. Vaughn's farm, four miles east of Oilton; March 31, Lewis Brothers' farm, three miles east of Levelland; April 1, R. E.

## YOU'LL GO A LONG WAY BEFORE YOU WILL FIND A BETTER ANSWER TO YOUR GRAIN STORAGE PROBLEMS LET BIG CHIEF STEEL BUILDINGS TAKE CARE OF YOUR STORAGE PROBLEMS

This is the type of building the public has been asking for.

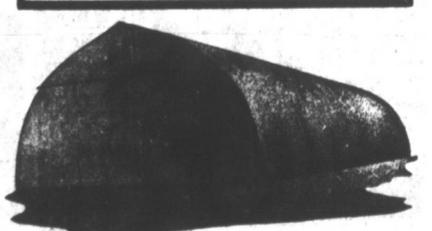

In one season, there is no reason why our Big Chief building should not pay for itself—then you can enjoy its use for years to come. Be sure of a place to store your grain. With most of the storage space in use present storage rates are higher.

### SAVE!

Because of the construction and strong design of Big Chief Buildings, no scaffolding is necessary for its erection. Crews are available for immediate erection, or the farmer may erect it himself if he so desires at added saving!

When the price of grain goes below government loans, you will save in many ways with a Big Chief Building.

There is a Big Chief Building for every agricultural and industrial need. Big Chief Buildings are obtainable in 20-foot, 30-foot, 40-foot and 50 foot widths, and in any length multiple of 4 feet.

This building is the strongest and cheapest structure of its kind on the market.

**YOU CAN'T MAKE A MISTAKE ON PERMANENT LOW COST STORAGE SPACE WITH THE BIG CHIEF NEW IMPROVED STEEL BUILDING**

## A BUILDING FOR EVERY PURPOSE ON THE FARM AND IN THE INDUSTRIAL FIELD

ORDER YOUR BUILDING NOW AND AVOID THE HARVEST RUSH!

**1-Card of Thanks**

In My Father's house are Many Mansions if it were not so I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again and receive you unto myself—John 14:2-3.

**SOMEONE WILL UNDERSTAND**

Not now, but in the coming years, it may be in the better land. We'll need the wisdom of our years. And there, sometime, we'll understand.

We'll catch the broken threads again, And finish what we began; Heaven will be the mystery explain, And then, at last, we'll understand.

We'll know why clouds instead of sun Were over our heads, and why we're here; Why song has ceased, when we're alone, 'Tis there, sometime, we'll understand.

God knows the way, He holds the key, He guides us with His loving hand; Sometimes with tears, we'll understand. We'll see, there, up there, we'll understand.

Then trust in God through all thy days; We'll not, for He doth hold thy hand; Though dark the way, still His love and grace; Sometime, sometime, we'll understand.

**MRS. NONA HAMMER**

We want to express sincere thanks to our many friends who did so much to help us in our time of trouble. We especially wish to acknowledge the kindness of neighbors and friends in Lefors and at Colter Camp and membership of Colter Camp.

**Radio Shows Turning to Recordings**

By BOB THOMAS

HOLLYWOOD — (AP) — In Hollywood radio circles, everyone is talking about tape. That's the modern method of recording air shows. By using the tape recorder, radio stars are assured of perfect performances, or at least as good as the material with which they have to work with.

After seeing the machine work, I'm convinced it can do anything but make Jimmy Durante sound like Dennis Day. It has drawn milk-shy stars like Joan Crawford and Clark Gable to the airplanes. The appeal is simple: the stars can read their lines as many times as they want; the sound cutter picks the best one. No audience, no nerves, no fear of stumbling before an audience of 20 million.

Shows can be taped to the stars' free time or on Sundays, avoiding conflict with film shooting schedules. It seems to be the only answer to avoiding such a fiasco as the Dorothy Lamour show from Houston.

Bing Crosby can afford to smile as more and more programs swing to tape records. Not only because he was two years ahead in making the move. His money is behind the tape recording firm.

**Safety Man to Attend National Conference**

AUSTIN — (AP) — George M. Clarke of Austin, managing director of the Texas Safety Association, was named a regional secretary for President Truman's highway safety conference June 1, 2 and 3, in Washington.

Clarke will be secretary of a region which includes Texas and ten other states. Serving with him will be Gov. Hal Peterson of Nebraska as chairman and Mayor Martin H. Kennelly of Chicago as vice chairman.

HOME OWNED AND OPERATED

TRADE INDEPENDENT AND SAVE!

**SUPER IGA MARKET**

**\$100.00 in Groceries Given Away! A Sack of Groceries every 20 minutes for 13 hours. Lots of fun and Lots of Groceries!**

I. G. A. means Independent Grocer Alliance. IGA stores from coast to coast are serving as many people as any major chain and they are ALL INDIVIDUALLY OWNED AND OPERATED. IT IS POSITIVELY NOT A CHAIN. We don't have a bunch of supervisors and promoters to add to the cost of our groceries. The organization's main offices for buying purposes are located in Chicago, New York City and Seattle, Washington. We buy from our warehouses on a percentage basis -- the more we buy the less percentage we pay -- you can see by this, the more volume we have, the cheaper we can sell. We buy and sell the best meat that is produced in the Panhandle. WE NEVER SACRIFICE QUALITY FOR COST.

We stay open 365 DAYS A YEAR. We have customers we believe are entitled to this service, as they work different shifts. Some work nights and some work on Sunday. Some of our customers do not have refrigeration. We believe they should be entitled to this service.

We will have plenty of refrigeration storage to take care of our customers. We also have a 48x140 foot parking lot for your convenience.
