

Senate Considers Veteran Land Bill

AUSTIN (AP)—Senate consideration of a bill whereby the state would help veterans to buy land was scheduled today.

The same legislation failed to get legislative approval two years ago.

By Senator John Bell of Cuero, the bill sets up a veterans land board to administer a program of financing veterans' land purchases on a long-term, low-interest basis. As amended in committee, it would permit sales to disabled veterans only.

A Constitutional amendment approved by Texas voters more than two years ago authorized such procedure.

The Senate yesterday approved and sent to the House a financial responsibility bill. Designed to make drivers show ability to pay for death or damage caused on Texas streets and highways, the measure received a 16-to-11 vote after long and bitter debate.

A driver would be affected only if he had an accident. Then, if a person were injured or killed or if property damage were \$25 or more, another \$5,000 if of one person, another \$5,000 if

Natural Gas Tax Bill Is Virtually Dead

AUSTIN (AP)—Solution of the legislature's taxation and spending problem was not much nearer today although a House committee wrestled with phases of it for four hours last night.

The Revenue and Taxation Committee in effect killed one bill placing a tax of a cent and a half per 1,000 cubic feet on natural gas. This measure, by Rep. Deno Tufares of Wichita Falls, had been in a subcommittee for two weeks. It was ordered back to another subcommittee without instructions on when to report. That was regarded as a death sentence.

2 Killed, 50 Injured as Storms Hit

NEW ORLEANS (AP)—Two persons were killed and about 50 injured by storms which hit scattered areas of Louisiana and Mississippi yesterday.

Tornadoes and windstorms also raged through parts of Northeast Texas and Southwest Arkansas, but no casualties were reported.

Hardest hit in Mississippi was a 100-mile stretch between Jackson and Yazoo City.

In an isolated farm area of Humphreys County a Negro cabin collapsed, killing a 10-month-old infant and injuring the parents and three other children.

South of Yazoo City a Negro church building, used as a school, was wrecked. Nine students and the teacher were injured. None of them was seriously hurt.

Palling bricks injured 13-year-old H. L. Deason when wind blew in the rear of a school gymnasium at Fair Oak Springs, near Brookhaven, Miss.

In Louisiana, a tornado injured six persons and wrecked several buildings at Tioga.

Near Monroe, La., Mrs. Helen Acton, 36, of Chatham, La., drowned when an automobile plunged from a narrow bridge during a rainstorm.

The husband suffered cuts and bruises, but swam to safety.

A small tornado injured livestock, destroyed a dairy barn, a Negro church and several Negro dwellings in a community near Texarkana, Texas. At Hockley, in East Texas, a squall smashed barns and unroofed houses.

McLean Job Aid Approved

The Gray County Commissioners Court yesterday agreed to act as a unit in aiding Commissioner Ernest Beck of McLean to use their equipment and manpower in leveling the new site of the McLean High School Stadium to make way for the widening of Highway 66.

This county has already approved damages for the school of \$17,500 for razing, moving and rebuilding the stadium. It will be moved from its present site on the north side of Highway 66, at the edge of McLean, to a spot in the A. B. Woods subdivision about six blocks north and two blocks east of its present site.

The commissioners met yesterday with the Highway 66 committee, O. G. Stockley, E. J. Landers and C. C. Cooke in McLean, to give property to the state of McLean where rights-of-way have not been secured.

The meeting got no further yesterday than the discussion stage as to what damages the court would allow on the rights-of-way along the residence of W. J. Hanner, Claude Hinton, Noah Smith, and Edwin Howard. All four residences lie at the eastern approaches of McLean.

For Printing see Rusty Ward, Texas Printing Co. 313 N. Ballard.

SURRENDERS—Kenneth Ryan, above, missing witness sought in connection with a \$100,000 plot to tap the telephones of New York City officials, is shown as he surrendered himself to city officials at the New York Criminal Courts building. (NEA Telephoto).

Soviet Makes Concession On West's Ban

BERLIN (AP)—Qualified observers today viewed as an important concession a Russian statement concerning the West's ban on Russian-sponsored currency of the Eastern Zone of Germany.

Col. Alexander Jelisarow, acting Russian commandant of Berlin, said last night the Western move would "deepen the split in Berlin," but that the Soviet military administration does not intend to restrict the use of the East marks now held by Western Berliners.

This indicated the Russians would not prevent Western Berliners from spending the East marks they now hold either.

Mrs. Elliott Dies at 89

Funeral services for Mrs. Martha Elliott, 89, will be held from the Moberlie Methodist Church at 2:30 p. m. tomorrow with the Rev. Clyde Smith of Pampa officiating.

Graveside services under the direction of the Miami Eastern Star chapter, of which Mrs. Elliott was a member, will be held in the Moberlie Cemetery. Burial will be under the direction of the Dueneke-Carmichael Funeral Home.

Mrs. Elliott, who was born April 9, 1889, in Missouri, died at 8 p. m. yesterday at the home of her daughter, Mrs. Mattie Scott, 220 N. Gillespie.

She moved to Pampa from Childers in 1941, and had been living in the Panhandle since 1900. She was a member of the Moberlie Methodist Church.

She is survived by three daughters, Mrs. Pink Seitz of Miami, Mrs. Jeff Seitz of Moberlie, and Mrs. Scott; by one son, Oliver W. Elliott of Clarendon; by one daughter, Pete Mayfield of Wheeler; and by one sister, Mrs. Swilda McMurtry of Lindsay, Okla.; and by 26 grandchildren, 48 great-grandchildren, and one great-great-grandchild.

Her grandsons will serve as pallbearers at tomorrow's services.

Wheeler Club to Improve City Park

WHEELER — The Wheeler Kiwanis Club has adopted as its first civic project the clearing up and improving of the City Park in the southwest part of the city.

Members plan to remove all the trash, install picnic benches, fire places, one or two tennis courts, and perhaps a lighted softball diamond.

Work will begin as soon as the weather clears, members said.

Man Fined on Charge of DWI

Clyde Hopson, Pampa, this morning entered a plea of guilty in County Court to charges of driving while intoxicated and was fined \$50 plus costs by Judge Bruce Parker.

Hopson was apprehended last night on W. Foster by City Police who said he was speeding and driving on the left side of the street when first noticed.

The mandatory six-months suspension of driver's license went along with the sentence.

Congress Skeptical About Be-Kind-to-Congress Attitude

HST DEMOS ARE PLEASED WITH MOVE

WASHINGTON (AP)—Southern Democrats were wary and Republicans were openly skeptical today about President Truman's new be-kind-to-Congress attitude.

But Democratic leaders like Senator Lucas of Illinois were just as openly pleased that Mr. Truman has decided to try the soft answer that may help turn away legislative wrath from part of his program.

Lucas told a reporter the work of Senators Maybank (D-SC), Sparkman (D-Ala) and Fulbright (D-Ark) for a recent control bill the administration can take without too much swallowing is "a fine example of the kind of cooperation I hope we're going to have."

The three Southerners were in the forefront of an effort a week ago to scuttle the civil rights part of Mr. Truman's program.

Dieck lawmakers generally did not like the political implications of their "marriage of convenience" with the Republicans by which they shelved action, at least for a time, on civil rights proposals.

Because they head six of 15 Senate committees and nine of 19 House groups, the Southerners wield influence far beyond the point their mere number justifies.

The Dixie lawmakers made it

'WIDE OPEN' PUBLIC HEARINGS PROMISED ON ATLANTIC PACT

U.S. LEARNS LESSONS THE HARD WAY

(EDITOR'S NOTE: This is the second of four stories on the Atlantic Pact, giving its background and its purpose.)

By JAMES MARLOW

WASHINGTON (AP)—The Atlantic Pact is the result of lessons learned in the brass-knuckled school of world affairs.

Class opened in 1914 with World War I. We thought Europe's business was not our business. We thought we could stay out. We couldn't.

Next class: League of Nations. We skipped this because we didn't learned World War I's lesson: that what happens in Europe involves us.

Next class: World War II. This was the unforgettable lesson. Hitler taught it: divide and conquer. We thought we could stay out. We couldn't.

Next class: United Nations. Having learned now we'd always be neck-deep in Europe's doings, we joined U.N. to keep peace.

Next class: U.N. wasn't working. Russia picked up where Hitler left off, gobbling up the nations of Eastern Europe.

Next class: We decided to do something about the lesson learned from Hitler — that any strong power, which could pick off one country after another would, before long, dominate Europe and maybe the world.

So we set up the Truman Doctrine.

The Truman Doctrine said the world was smaller now, our frontiers were no longer our own shores, that our frontiers henceforth would be any place in the world.

(See U. S. LEARNS, Page 4)

Grave Robbers Are Active in Berlin

BERLIN (AP)—Berlin authorities are reported considering a plan to install permanent sentries and police dogs in cemeteries to prevent grave robbing.

The British licensed newspaper Telegraph said 56 graves had been robbed in the Western sectors in the last seven months. The ghoulies removed gold teeth and jewelry from the bodies.

Candidates For School Boards File

Time was running out fast today for potential school trustee candidates to file petitions for a place on the ballot in the coming April 2 school board elections for both independent and common school district in Gray County.

Up until 10:30 a. m. only eight petitions were filed in the office of County Judge Bruce Parker for the two county independent school districts at Alamed and Lefors and the 11 common school districts scattered throughout the county.

Bearing the signatures of six eligible voters from the Grandview Common School District, the petitions for Eugene Weinheimer, M. L. O'Gorman, Bob Willis, and William A. Wagoner were filed yesterday with the county judge. Wagoner and Willis, whose terms expire this year, are seeking reelection.

With the same group of petitions, six voters of the Grandview School District filed a petition for Jack Stephens for reelection to a two-year term to the County School Board from county Precinct 3. No petition for any candidate to the county board from Precinct 4 had been filed this morning. Incumbent there is J. B. Hembree.

Judge Parker was also given the names of John Mackie as a candidate for the expiring term of Fred S. Vanderburg, in the Hopkins Common School District. The petition was signed by eight eligible voters.

Down in Lefors, where the terms of G. W. Heise, C. E. Vincent and N. C. Jordan expire, (See CANDIDATES, Page 4)

Home Nurses Course Set

The first postwar home nurses training course in Pampa will begin the night of April 4 at the Red Cross office in the City Hall.

Mrs. Mildred Hill, executive secretary, said this morning.

Three local nurses will instruct the 30-hour course which will be given to teach housewives how to care for their families.

Anyone interested in taking the course, which will be taught both in the afternoon and at night, should contact the Red Cross office by April 1. The course will run through April 20.

Mrs. Joe Stevens, who annually gives tuberculosis tests to Pampa school children, Mrs. Margaret Ival, who is the Lefors school nurse, and Mrs. Margaret Wallace, who makes a practice of going to disaster and polo areas, representing the Red Cross, will alternate the instruction of the classes.

Advantage of holding two classes daily is that each woman will be able to learn by doing, which she would be unable to do at one large class.

Women in neighboring towns who are interested in the course also should notify the local Red Cross office.

Minstrel Plays To Full House

CANADIAN (Special) "Cotton Town Minstrel," with a home talent cast of 80, was enjoyed by a full house in the High School Auditorium Thursday night. The old fashioned minstrel show was given under the auspices of the Parent-Teacher Association.

Maui (Oofie) Abraham was interlocutor, and the six endmen were Troy Newton, E. B. Christian, Eddie Abraham, Tom Abraham, C. H. (Hub) Hest and Pete Hester.

One of the favorite "darkies" of the show was Hugh Baker in his tap dancing numbers. The chorus of about 50 male voices was composed of high school boys.

Mutual of Omaha, Ph. 4017—adv.

Mayors Ask Double Funds For Highways

WASHINGTON (AP)—The American people today were promised "wide open" public hearings by the Senate Foreign Relations Committee on the North Atlantic security treaty.

Chairman Connally (D-Texas) said hearings will start soon after the formal signing of the precedent-breaking alliance on April 4. He predicted they would last at least a week.

Senator George (D-Ga), a committee member, indicated that they might go on a lot longer. He said the committee should "seek the views of the people" before it acts and no deadlines, he told a reporter, should be permitted "to cut off hearings on his program."

Neither committee approval nor the signing of the document at the State Department April 4 would finally commit the U.S. to membership. That would have to await ratification by a two-thirds vote of the Senate.

Senators Connally, George and Hickenlooper (R-Iowa) spoke out after Senators Wallace (R-Utah) and Donnell (R-Mo) had demanded a delay in the scheduled signing to give the Senate more time to discuss the pact.

The treaty, made public last Friday, would bind the United States, Canada, and six European nations to an alliance in which an attack against one would be considered an attack against all. It leaves to each nation the right to determine under its own Constitutional processes the manner in which it would act to meet an attack.

Other Western European nations are expected to join the alliance.

Watkins touched off the fresh round of discussion on the alliance in the Senate yesterday.

He read into the record a letter from President Truman, dated March 17. In this, the President said he thought there would be "ample opportunity" for full public and senatorial consideration.

(See HEARINGS, Page 4)

Seven Seek Three Posts

Seven candidates were in the running today for three places to be filled on April 2 in the McLean Independent School District Board election when the terms of Ruel Smith, board president; John Haynes and Boyd Reeves expire.

Reeves and Haynes will seek reelection, but Smith has declined to run again. The petitions of Haynes and Reeves bore five signatures each. The other five names that will appear on the McLean ballot are: John Dwyer, Wheeler Carter, W. S. Leantz, Smokey Price, and Clyde H. Andrews. Andrews' petition bore three signatures while each of the others were filed with only one name apiece.

Deadline for filing petitions for a place on the McLean School Board ballot is today.

24 Boys Will Get Merit Badges

The largest Santa Fe District Board of Review of the year was staged last night at the Boy Scout office in the City Hall.

Twenty-four boys announced fulfillment of merit badges and other awards. Fifty-eight merit badges, seven Star badges and one Eagle award were completed.

H. A. Yoder, J. Herman Jones and L. W. Smith served as counselors at the Board of Review. The awards will be presented at 7:30 p. m. Monday in the County Court Room.

Pranksters Steal Police 'Paddy Wagon'

LEWISTON, Idaho (AP) Lewisville's paddy wagon was on the stolen list for five hours yesterday.

Pranksters were blamed by police for the theft. The vehicle was recovered undamaged.

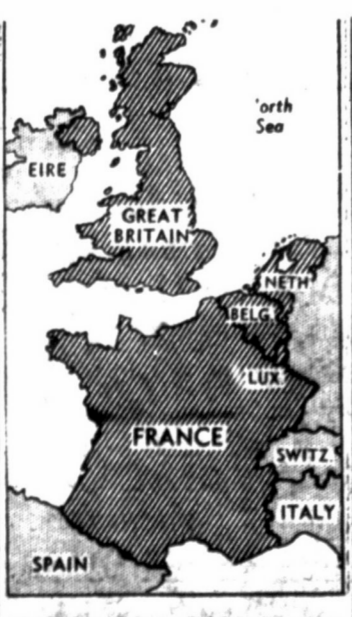

On Cold War's Western Front: Allies Map Strategy to Combat Red Drive

ATLANTIC PACT: Western nations campaign starts with signing of historic North Atlantic Pact, aimed against a common enemy—Communist aggression.

UN ASSEMBLY: The offensive will continue in an East-West "war of words" at the United Nations General Assembly meeting at Lake Success, N. Y.

COUNCIL OF EUROPE: Western European nations will form the Council of Europe, which may be the first step toward a United States of Europe.

MARSHALL PLAN: The Marshall Plan will enter its second year, with excellent record of helping speed return of economic recovery in Western Europe.

CONGRESS: The U. S. Congress will be asked to vote a billion dollars, as a start and rising in later years, for a lend-lease program to arm Western Europe.

WEST GERMAN STATE: The Western Allies will push plans for the creation of a separate West German state, complete with constitution and government.

BERLIN: The airlift, which defied a Russian attempt to drive the Western Allies out of blockaded Berlin, will be carried on with renewed vigor.

DEFENSE PLAN: The five-power Western Union approved a master plan to defend a line running from Switzerland along the Rhine River to the North Sea.

For Best Service Remember 94 Is the Number to Call

1948 Patterns Are Greatly Reduced

It Prevents Wall Sweating And It's Fireproof, Too

Remember the number 94. Why? By calling 94 you are assured of the fastest taxi service in town.

C. M. Whittle, owner of the company, is beginning his 17th straight year of providing "Peg's" dependable and courteous service. Fourteen men are employed to take residents to their destinations — but fast. Further, three are employed as dispatchers, who are responsible for your getting that cab almost immediately. Eight of Peg's 12 cabs are two-way radio equipped. Four new special built Chevrolet taxis recently have been added to the company's stock.

The company is located at 207 N. Frost. However, the important thing to remember is the telephone number, 94. To many Pampans 94 already is their best known number. They have learned from experience that Peg's cabs, drivers and dispatchers are really okay.

Among the many other services provided by the cab company are giving residents a ring at a specified time, giving information from city and rural directories and providing messenger service for the phone company's long distance calls.

Yes, sleet, snow, rain, mud—regardless of weather conditions, Peg's Cabs are always on the go and are ready to serve.

CALL 3550

Joe Tooley Is Now Half-Owner of Richard Drug, 107 W. Kingsmill

Joe Tooley, since March 1, has been half-owner of Richard Drug, 107 W. Kingsmill. Prior to that time Floyd P. Shaw, Jr., Floyd P. Shaw, III, and Tooley were joint owners of the drug store.

For the past 25 years, Richard Drug has ably served Pampans and has built a reputation for good service. Five complete departments at Richard Drug have items stocked that can be found nowhere else in Pampa.

The five major departments are cosmetics, photography, prescriptions, patent medicines and trusses.

Featured in the cosmetics department are Dorothy Gray, Tussy, Lucien LeLong, Elmo and a complete general line. Women are able to find anything they desire for their faces at Richard's.

Amateur and professional photographers have known for a long time that Richard Drug is the place for them. In the camera department are to be found still and movie cameras, projectors, dark room supplies, printers' enlargers, chemicals and everything else a photographer needs.

In the trusses department a complete line of Akron trusses are stocked, abdominal supports, sacroiliac, sacro-lumbar and elastic hosiery.

Every doctor's prescription may be filled at Richard's. In the patent medicine department is to be found a general line of medicines and a good stock of sickroom and hospital supplies.

Tooley resides at 1318 N. Russell with his wife, Dorothy, and daughters, Bette Jo, 12, and Melinda Kay, 8. He is a member of the Lions Club, Chamber of Commerce and First Methodist Church. He served on the Concessions Committee of the 1949 Lions minstrel, "Cotton Town Jubilee."

Shamrock Service Really Serves Us

Charles Earl, Earl Marlin, Orville Keeton and Jerry Davis certainly put the serve in service. They are known all over the Pampa area as the manager and employees, respectively, of Shamrock Service Station, 400 W. Foster.

All of them strive to please every customer, whether he be transient or regular. They specialize in service and satisfying customers.

Besides selling Shamrock gasoline, the company carries Dunlop tires and tubes, Exide batteries, all leading brands of oil and many auto accessories. Further, the employees are tops when it comes to fixing flats, washing cars and handling lubrication jobs.

Hours: Pampans and Top of Texas may receive friendly service from the friendly station on the friendly corner at 7:30 a. m. to 7:30 p. m. daily.

Yes, green and white, clean and bright—that's the Shamrock Service Station.

Phillips Reports \$3 Dividends

Phillips Petroleum Company and subsidiary companies attained record levels of operations and earnings in 1948. It has been announced that total gross was \$493,724,000—an increase of \$190,952,000 over 1947. Net income was \$72,631,000, or \$12.01 per share on an average of 6,046,000 shares outstanding. In 1947, net income was \$40,894,000, or \$6.11 per share on an average of 6,691,000 shares outstanding.

Dividends of \$3 per share required a cash outlay of \$18,000,000 compared with dividends of \$2.50 per share in 1947 on a smaller number of shares, which required \$12,500,000.

HERE IT IS Wallpaper SALE ALL THIS WEEK
1948 Imperial Patterns and some 1949 Charm Patterns to go at **33 1/2% OFF**
Outside White House Paints, Enamels, etc., also on sale
THOMPSON
GLASS & PAINT CO.
219 N. Ballard Phone 1079

AN EXTERIOR VIEW OF THOMPSON GLASS AND PAINT COMPANY shows it is one of the best-looking, most modern and best equipped companies in Pampa. A big wallpaper sale starts today—so Pampans with that spring urge to re-paper the interior of their homes should stop in at 219 N. Ballard.

Company Is Operated by E. C. Thompson at 219 N. Ballard

By JIM McCLUSKEY
Public Relations Editor

Featuring Imperial wallpaper, Thompson Glass and Paint Company, today, is beginning a wallpaper sale that one cannot afford to overlook.

1948 Imperial patterns and some 1949 Charm patterns will be reduced 33 1-3 percent in price in order to accommodate Pampans who have caught that spring house redecorating urge.

Also, Allied outside whites and enamels will be included in the sale. With the bargains now available at the paint company, it's time to really get to work on the house.

The sale will run throughout this week and since a limited supply of paper is available for the sale, first come, first served. Imperial Washable Wallpapers carry the silver label that says "the finest in wallpaper." The many Imperial patterns promise brighter and lovelier rooms. The authentic styling will give walls new and lasting charm. The many colored borders will be included with the wallpaper in the sale.

Thompson Glass and Paint Company handles many books on interior designing and color harmony, including the Beau Arts book in Florman Wallpapers. The latter book shows five companion papers that may be used throughout homes to create color harmony in design. The books may be borrowed at any time so customers may take their home and study the different colors and shades.

Approximately 36 of the 200 paper patterns of Wall-Text are carried by Thompson. Formerly Wall-Text was used primarily in bathrooms and kitchens. Now, however, Wall-Text may be used throughout every room in the house, and in offices and hotels. The advantage many people find in using Wall-Text is that it may be washed with soap and water, just like oil cloth, and lasts 20 years or longer. Also, if home-owners tire of the pattern on their Wall-Text, it may be enameled over and create a new impression.

The new Wall-Text patterns certainly have provided economy from the word go. Mothers who have gotten gray from the crayon and pencil marks Junior has put all over the walls should look into the Wall-Text in every room in the house. It is a simple matter to remove Junior's marks.

Also, hotel, motel and apartment house owners should investigate the advantages of Wall-Text. Many a hotel owner has to re-paper the room walls almost before the glue of the last paper dries. It takes only one customer to completely ruin a wallpaper job. However, hundreds of customers cannot hurt Wall-Text.

Mrs. Ruth Marsell has been employed at Thompson's since 1947. She was with the establishment when it was still at 119 W. Foster, nine months ago. She has given able assistance to many prospective customers by suggesting color patterns.

Allied Paint, which includes everything from enamel to porcelite, also is featured at the company. Alite-Spar is acid resisting, porcelain.

Library Hunts Texas Folklore
AUSTIN — Wanted: old recipes, anecdotes, and songs with a Texas "twang" for preservation in the Library of Congress. University of Texas' radio center, Radio House, is recording typical Texas folklore at request of the library and asks Texans who can help to contact the staff at once.

With the assistance of Dr. Mody Boatright, English professor and Texas Folklore Society secretary, the Radio House staff has taken recording equipment into the homes of some well-known collectors of folklore and recorded special stories.

The records will be placed in the Congressional Library with similar recordings from the other 47 states.

Widow Seeks Custody Of Son, Name Change
LOS ANGELES — (AP) — Betty Ferrer, acquitted of the meat ax death of her husband, laid plans for a new court fight to regain custody of her 4 1/2-year-old son—and to have his her name changed.

The attractive widow's in-laws, Mr. and Mrs. Vincent Ferrer, have temporary legal custody of the boy.

TWO HURT IN BLAST CHARLOTTESVILLE, Va. — (AP) — An explosion wrecked several buildings in a University of Virginia veterans trailer housing area yesterday. Two persons, a student, Robert K. Parrott, and his wife, were injured.

Savory Butterflake Rolls, Luscious Raisin Bread; Make Mouths Water

Oh—the savory flavor of those Golden Loaf butterflake rolls. The light texture and appetite-forming taste of the butterflake rolls are enough to turn an otherwise unsuccessful meal into the best one ever.

Housewives who make a practice of serving Golden Loaf butterflake rolls certainly have learned the way to please their families. The main reason butterflake rolls are so gratifying is that the rolls really are what their names imply—rolled in butter. Bakers Roy Boyd and Cecil Rainey certainly know just what to put into the pastries to give the flavor of quality.

Also a large majority of the Pampa housewives, in striving to give their families the best in meals, make a practice of serving Golden Loaf raisin bread. It makes luscious toast for breakfast and, in bread form, is a great asset to the success of any meal.

Most people eat raisin bread because they like raisins. One reason for Golden Loaf raisin bread's popularity is that 30 percent raisins are mixed into that well-flavored, rich, yellow dough.

All Golden Loaf products are more nourishing, too, than the run-of-the-mill bakery goods. Frank Rapstine, owner, makes it a policy to see that a larger portion of the basic ingredients are put into Golden Loaf.

Pampans who like hot breads and hot doughnuts should remember the Pampa Baking Company, 848 W. Foster, at 6:30 p. m. daily. That is the hour residents should call to be assured of getting hot pastry goods right out of the oven in time for supper.

Studebakers Are Now on Display

The '48ers Studebakers at the Wesley Lewis Motor Company, 211 N. Ballard, should be observed before deciding to buy.

The trucks are outstanding in appearance, unchallenged in performance and operation and are brilliant examples of the most spectacular program of postwar progress in the automotive industry.

Featuring John Bean Visualizer service, the Lewis Motor Company does a fine job when it comes to aligning those wheels on the car. The employees there use the electric eye method that is found only in the most precision instruments. The visualizer puts the results on a screen so the public can easily see just what they paid for.

Vernie Callahan Is New Owner of Pampa Sewing Co.

Vernie Callahan, owner of the Pampa Sewing Machine Exchange for the past month, is an old hand at repairing sewing machines. Before he purchased the owner's right-hand man and handled all of the repair jobs.

Featuring Domestic Sewing Machines, the exchange also carries many other makes. Domestic machines carry a life-time guarantee and have a 96-year service record.

The finish of the Domestic cabinet models are far removed from the old-fashioned cabinet model machines. Another thing in favor of Domestic is that they are able to sew in a circle.

Pampans are not only able to buy these machines, but they also are able to rent them from the exchange.

Vernie's wife, Betty, specializes in buttonhole making. He does everything in the way of repair jobs and had five years experience in a machine shop before starting at the exchange.

A complete line of sewing machine attachments are sold there. Also sewers' necessities stocked include: thread, scissors, 'pinking shears, buttonhole attachment, bobbins, needles, sewing machine oils and the new Domestic Magic Keyhole Buttonhole worker.

The Callahans have lived in Pampa for the past three years. They reside at 845 S. Barnes and have one son, Tommy, age three. Before coming to Pampa they lived at LeFlore.

The Remnant Shop, operated by Mrs. B. E. Ferrell, makes its headquarters in the same building, 304 W. Foster.

Regardless of what one's sewing machine needs are, they can be readily taken care of at the Pampa Sewing Machine Exchange.

EVERY JOB GUARANTEED
Every job done by Vernie Callahan at Pampa Sewing Machine Exchange is fully guaranteed. Vernie has spent the past eight months handling all repair jobs.

AT&SF CARLOADINGS UP
Santa Fe System carloadings for week ending March 12, 1949, were 21,806 compared with 22,462 for same week in 1948. Cars received from connections totaled 11,419 compared with 10,965 for same week in 1948. Total cars moved were 33,025 compared with 33,427 for same week in 1948. Santa Fe handled a total of 32,963 cars in preceding week of this year.

Spring causes varying reactions among people. Some may, with the approaching of spring, realize the time has come that they should do something about the home — some may decide it's about fishing time — some may merely get spring fever and think only about hibernating.

Many Pampans and other Top of Texans realize they've lived as long as they are going to in that old house that is cold in winter and hot in summer. Spring is just the time to do something about it.

For a happy, healthy and comfortable home at all times, one should investigate insulations. FI-Blak, the shield of comfort, is now available to Pampans. Formerly FI-Blak, the only genuine rock wool, had to be purchased at some far-away town and brought here.

Henry Lane, who has been in business in Pampa for the past 20 years, now offers FI-Blak to those who really want a chance to live in this changing Pampa-hand weather. He will offer free estimates of the cost of an insulation job for your home. Then at the close of summer, the same Pampans say: "I'll swear, I won't live here another summer until this joint has been insulated. Why freeze?" If these Pampans will take a few minutes to call 732-W, they may find their problems rapidly being solved.

Users of FI-Blak are quick to note they are no longer troubled with walls sweating. Further, they're relieved when they learn FI-Blak is guaranteed to be fireproof.

Gadget Will Answer Phone
NEW YORK — How would you like to have an electronic secretary? Business Week reports an electronic gadget will soon be on the market that will answer the phone when you're away from the office. It picks up the receiver, tells callers you're not there and takes up to 60 minutes of messages on a wire recorder!

5 COMPLETE DEPARTMENTS
There are five complete departments at Richard Drug... cosmetics, photography, prescriptions, patent medicine and trusses.

Only Seven Confederate Veterans Alive in Texas

By MARTHA COLE
Associated Press Staff

AUSTIN — (AP) — The ranks of the gray who fought under the Stars and Bars have dwindled to seven old men in Texas.

Five of these Confederate veterans are over 100 years old.

One who is married receives a \$150 monthly pension from the state. The rest receive \$100.

Nine of their number have died in the past two years.

There's one more living. He's an old man with long white whiskers and flowing white hair and he claims he's Jesse James. As Frank Dalton, he was put on the Confederate pension rolls of Texas in October, 1947. But last spring he moved away from the state.

The Confederate Veterans Division of the State Comptroller's Department began to get letters from him asking about his pension status. His letterheads said: "Jesse James—outlaw and peace officer."

He got on the pension rolls as a former member of Quantrell's Guerrillas who fought in Missouri. Now 100 years old, he's back in an Austin hospital, but he hasn't applied for his pension checks again.

None of the men live in the Confederate Veterans Home in Austin, state, has provided in Austin.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE

NEW YORK — (AP) — The most lonely thing in America today is a decision.

In the time when men were men decisions actually were made. Now they just happen.

The trouble is, right now, that a man, like a worm, doesn't know which way to turn. If he is going to be a papa, he is afraid to say out loud he wants a son, because fate may hand him a daughter. If he yearns for a girl, he hesitates to mention it, because the hospital may make him sign for a Junior. He usually leaves it up to his wife to settle the issue.

Everybody seems to be this way. All wait for something to happen to make up their minds.

The classic escape route is that phenomenon known as "passing the buck." This is easy in wartime because of a system known as the chain of command.

Shall we cross the enemy-held river?

"Well," stalls the colonel.

"H-m-m-mmm," says the major.

"There are these possibilities," says the captain.

"So there are," replies the lieutenant.

"Should we?" asks the sergeant.

"Shouldn't we?" wonders the corporal.

A sleepy private falls into the water and swims to the other side. He finds there is no one there. Everybody then rows over.

"Captured according to plan after sharp fighting," says the general's communique. And the colonel gets his star and the Congressional Medal of Honor.

Thus decisions aren't made. They happen. I knew a retired major at Cassino who groaned:

"When this is all over I am going to make only one decision every day the rest of my life—whether to go hunting or whether to go fishing."

I looked him up in Minnesota after the war. The first thing he

Texans Buy More With Their Dollar

AUSTIN — (AP) — Texans last week bought more with their dollar than three months ago.

They welcomed the lowered grocery bill and the cheaper prices on some other items, but they wondered "what does it mean?"

Dr. Robert W. French, director of the University of Texas Bureau of Business Research, saw it as "an unmistakable downward" in business.

The trend, he said, has been three months in the making. He sees it continuing the next said that morning was:

"I don't know whether to go hunting or fishing. What do you think?"

Personally, I went back to sleep. I couldn't stand to see this peacetime decay of a fine military mind.

Why make up your mind about anything in a civilization built on a firm policy of indecision? I like the philosophy of my old Chinese friend, Wong Tu:

"I'd rather be Wong than President."

He's right, Tu, or is he just too right I can't make up my mind.

The United States Department of Agriculture reported that lowered prices received by Texas farmers coupled with smaller production in some crops has cut into the farmers' spending money this year.

USDA Statistician V. C. Childs noted, however, that two of Texas' biggest crops, wheat and cotton, are still in the making with conditions presently good for both.

The Texas Employment Commission said February non-agricultural employment was down 15,500 below January's but is expected to recover that loss and gain 28,000 more within the next six weeks.

TEC said nearly all manufacturing and non-manufacturing industries forecast additional employment for workers by the end of April.

But that this was the second consecutive monthly drop in Texas employment called for under-scoring by business analysts.

Unemployment was still up but had slackened from its month-long peak.

The Philippines, although rich in bird life, have few native animals.

TEXAS LADY LOSES 47 POUNDS

The following remarkable story shows conclusively that Barcozente, DOES take off fat. It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcozente, the original grapefruit juice recipe, takes off fat quickly, safely and you can eat plenty.

Here is proof

Here is what Mrs. H. P. Bishop, Route 2, Stamford, Texas, wrote us:

"I am very glad to endorse Barcozente, so please accept my sincere thanks and appreciation for the great benefit I derived from its use. I not only lost weight, but also looked and felt better in every way."

"I had to have a very serious operation and was told that I must lose a lot of weight before the operation could be performed. I went on a diet and tried very hard to reduce, but wasn't losing much weight until I heard of Barcozente. I began taking it and could soon tell the difference in the way I felt and the weight I was losing. I weighed 250 pounds when I started and I lost a total of 47 pounds and was able to undergo my operation. I can truthfully recommend it to others, since it did so much for me."

At all druggists.

If you are overweight and want to take off your fat, just go to your druggist and ask for four ounces of liquid Barcozente. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back.

Those still living are:

T. R. McGuyer, Box 404, Cooper, 100 years old, who served in the State Home Guard Cavalry.

J. H. Whitsett, Bonham, 99, who served in Company E, 2nd Missouri Cavalry.

Samuel M. Raney, Route 3, Mt. Vernon, 101, who served in Company G, 34th Tennessee Infantry Regiment.

T. B. Iden, 1511 Egypt, Houston, 98, who served two months before the war ended in the infantry company of D. A. Nunn, Walker's Division.

Jeremiah P. O'Brien, Kirbyville, 104, who served almost four years in Company K, 1st Virginia Cavalry.

Thomas Evans Riddle, Wichita Falls, 100, who served with the 12th Tennessee Infantry.

Walter W. Williams, Route 8, Franklin, 104, who served in Cavalry Company C, 5th Regiment, Hood's Brigade.

The last death of the ranks was that of W. N. Whitton of Timpon who died at the age of 101 the first week of this month. He served in the Home Guard Infantry of Captain Eubanks' company, organized in Nacogdoches and San Augustine counties.

U.S. LEARNS (Continued from Page 1) world where we thought danger might start for us.

We began the Truman Doctrine by giving help to Greece and Turkey to put a brake on Russia.

Next class: Those democracies, jittery about Russia, got together, formed the Western European Union, called the Brussels Pact.

Purpose: Mutual defense against attack from the East. Taking part: Britain, France, Belgium, The Netherlands, Luxembourg.

On June 11, 1948, the U.S. Senate gave its blessing to this country's taking part in a defense set up like the Brussels Pact.

So, in the summer of 1948 this country started talking with the Brussels Pact countries and Canada to form the pact.

Last Friday the North Atlantic Alliance was announced. Taking part: U.S., Canada, Britain, France, The Netherlands, Belgium, Luxembourg, Norway.

To help each other arm; to help each other out in case of attack; and, by setting up the pact, to serve notice on Russia that an attack on one would be an attack on all.

MAYORS (Continued from Page 1) of existing property.

A resolution calling for extended and strengthened rent control also is before the Resolutions Committee.

Senator Vandenberg (R-Mich) was today's scheduled luncheon speaker. His topic: The North Atlantic Alliance.

A broadcast on atomic energy was scheduled this afternoon. The speakers were to include Senator McMahon (D-Conn), Chairman David Lilienthal of the Atomic Energy Commission; Dr. Harold C. Urey, Nobel prize chemist of the University of Chicago, and other experts on the subject.

HEARINGS (Continued from Page 1) between the time the pact was made public and the date of final Senate action.

But Mr. Truman disagreed with Watkins' suggestion that a 60-day interval should be allowed between the time the pact was made public and the date of signing by representatives of the governments involved.

Mr. Truman said, in effect, he didn't think this was necessary because the State Department has kept the Senate Foreign Relations Committee well informed on the negotiations.

Rescue Films to Be Shown Tomorrow Special films depicting Arctic rescues will be shown at 7:30 p. m. tomorrow during the meeting of the 311th Composite Squadron in the County Court Room, it was announced this morning.

All members as well as former officers and enlisted men of the Army Air Force are urged to attend this special meeting, Ralph Thomas of the squadron said.

Yes, indeed, I'll take this to a pharmacy SPECIALIZING in Prescriptions!

There's a wise decision. No matter how simple a prescription may seem, it is an important step in attaining or retaining health.

A Horse for Three Cents Postage

Mike Hewitt, 11, of Woodmere, N. Y., and Rife, a retired police horse, look over the copy of Mike's letter that brought them together. Mike wrote the New York City police department asking for a horse and promising to take proper care of it. After investigating, the police delivered Rife right to Mike's door in a van.

CANDIDATE

(Continued from Page 1) only two candidates' names have been filed with Judge Parker. They are: Ed Brock and J. V. Guthrie—over the names of 10 voters each.

Possibilities of a contest loomed when the names of Duane Ross and Ben Vaughn were voiced around LeFors, but by 11 a. m. today their names had not been filed with the county judge.

Reliable sources in LeFors this morning said that Jordan, Vincent and Hesse would not seek reelection.

Deadline for filing petitions for a place on the April 2 election is today. However, petitions postmarked not later than midnight tonight are legal.

SOVIET

(Continued from Page 1) the Soviet sector of Berlin or the Russian Zone of Germany.

It also indicated the Russians did not intend to introduce a new East mark which would be refused to Western Berliners.

Many had feared that the Russians, in retaliation to the Western Allied move outlawing their currency, might pull a currency switch of their own which would wipe out East mark holdings of Western Berliners and even such East mark bank accounts as people in the Western sector still had.

The Soviet announcement was viewed as an important concession for this reason, too: apparently Berliners in possession of West marks still can trade them for the cheaper East marks to be taken over the line for use in ration-free stores of the Soviet sector.

Apparently, a Russian sector resident who works in Western Berlin still can convert his West marks to East marks at a premium. The Western sector resident who works in the East Zone apparently will not find his money valueless in his home sector, as he had reason to fear.

The official Soviet army newspaper, Tagliche Rundschau, put this headline on Jelisarov's statement: "No Soviet Countermeasures at the Expense of the Population." There has been much speculation here, however, that the Western move would draw some sort of retaliatory action.

The Russians announced their financial experts are conferring to "meet the situation."

Col. Jelisarov said the Western move would hurt the people and the economy of the Western zone, but "cannot inflict any serious prejudice" on Soviet Zone currency.

HST (Continued from Page 1) pretty clear they can go along only part way with the President's observation to the mayor's conference yesterday that "basically the Congress and the President are working together."

Generally they expect to support Mr. Truman's proposal to continue rent controls, extend the European Recovery Program for a year, revise the reciprocal trade program the way he wants it and to provide for low-rent house construction.

But many of them predicted cooperation will stop short when the Taft-Hartley labor law repeal issue gets before the two houses.

Most of them say, too, they won't go along on tax increases now, on universal medical care or on standby price-wage controls.

The Republican reaction to the President's statement that Congress and the President are working together "basically" was summed up by Senator Knowland (R-Calif), who asked with a grin: "Is he kidding?"

Johnson Will Vote For Atlantic Pact WASHINGTON (AP)—Texas' junior senator, Lyndon Johnson, will vote for the North Atlantic pact, he said yesterday in a statement issued from Bethesda, Md., naval medical center. He is receiving treatment for a kidney ailment.

He said he had been erroneously reported as having refused to indicate how he planned to vote on the pact.

REBEL LEADER IS 80 MANILA (AP)—Gen. Emilio Aguinaldo, leader of the Philippine revolt against Spain and the unsuccessful insurrection against the United States 50 years ago, observed his 80th birthday today.

NATURAL GAS

(Continued from Page 1) estimates the bill would raise annually.

Clifton's effort to run a full substitute for his original bill, including this phase and an allocation of 5 percent for cities, was blocked on a point of order raised by Rep. Frank Svadenak of Thrall.

Svadenak objected that the caption of the original bill was not so written as to include the allocation to cities written in the substitute.

Chairman Joe Fleming of Henderson overruled the point of order, but Clifton withdrew his amended bill. He hopes to have some of his amendments—such as the 35 percent allocation to general revenue—included in a subcommittee rewrite.

Clifton said he considers the subcommittee a friendly one.

Tufares said he would try to get the House to re-refer his natural gas tax bill to another committee.

A delegation of sharply-divided Oklahoma legislators sat in on the hearing on Clifton's bill. The Oklahoma Legislature has before it a similar measure that has been passed to final reading by the House.

Rep. Kirksey Nix of McAlester, Okla., author of the Oklahoma bill, urged Clifton's measure. Answering objections that the tax would force refineries to leave Texas and Oklahoma, Nix said: "They won't leave until they suck Texas and Oklahoma dry of oil. If you don't tax them now, you will never get it."

Senator Frank Mahan of Fairfax, Okla., said the Oklahoma Senate would never approve such a measure unless all other oil refining states did. He said it would place them at a competitive disadvantage.

"If you fellows pass this bill, we will welcome your refineries to Oklahoma," Mahan said.

Cat Finds Way Back Home Alone

WACO (AP)—A bright yellow cat belonging to Mr. and Mrs. Fritz Smith, students at Baylor University, evidently journeyed from Tyler, Tex., back here alone.

About the first of the year the Smiths took the cat to friends in Tyler because they had no room for him at their small homette near the Baylor campus.

A month ago the friend wrote the cat had disappeared.

Last Friday the Smiths heard something at their door. It was the cat, a bright yellow Persian.

ROCKET SOARS 81 MILES

WHITE SANDS, N. M. (AP)—A German V-2 rocket streaked through the night skies to an altitude of 81 miles last night. The rocket's flight was marked by a glow visible from the ground to the peak of the climb.

Local Guard Unit Gets First Pay

At the National Guard Army night, the "eagle screamed" for the men of Battery A, 474th FA Observation Battalion. Capt. Wm. J. Ragsdale, battery commander, said it was the first official payroll to be made up for the Pampa unit.

The few men on leave who did not receive their checks last night will be paid at the next drill period, Ragsdale said.

Cpl. A. C. Stove, administrative assistant, left today for Camp Mabry at Austin to obtain a heavy duty truck, a jeep and other equipment for the unit.

Vacancies still exist in the newly organized Pampa unit, Ragsdale said, and any man interested in specific jobs of a technical nature is urged to see him at the Texas Employment Commission office during the week, or at the army at Recreation Park each Monday from 7:30 to 9:30 p. m.

Pay grades in the National Guard for each two-hour training period are: recruit, \$2.50; Pvt., \$2.64; Pfc., \$3; Cpl., \$3.33; Sgt., \$3.83; Sgt. 1st Cl., \$4.50; M-Sgt., \$5.50. These scales are in accord with the Regular Army pay grades, and are in addition to whatever longevity pay the soldier is entitled to, Ragsdale said.

The new titles went into effect Jan. 1, 1949. A recruit is the same as the old private; a private is the old private first class; the new pfc. is the same as the old corporal; the new corporal is the same as the old "buck" sergeant; sergeant corresponds to the old staff sergeant; the sergeant first class is the same as the old technical sergeant; and the old first sergeant rank has been eliminated—the only first-grader now is the master sergeant.

Herrel Infant Succumbs Here Donna Sue Omega Herrel, daughter of Mr. and Mrs. Troy G. Herrel, died at 8 p. m. yesterday at a local hospital following a serious illness of several days.

She was born in Pampa Aug. 6, 1947. She has been residing at 619 N. Russell with her mother, L. A. Herrel, Afton, Okla.

Funeral arrangements are pending. Funeral arrangements are pending at the Duenkel - Carmichael Funeral Home.

Negro Minstrel Is Friday Night

SKELLYTOWN — The Skellytown P.T.A. is sponsoring a Negro minstrel planned for Friday night. The time is 8 o'clock, at the school.

The cast will be composed of parents and teachers of the local schools. Mrs. W. F. Johnson will be master of ceremonies.

Directors are Mr. and Mrs. Pete Wilburn. Among features, it was reported, will be "can-can" dance, singing of "Dark Town Strutter's Ball," by the school principal, D. B. Biggers; rendition of "In Your Own Backyard," by Mrs. T. J. Watt.

Commission Opens Bids on Cement The City Commission opened bids this morning on 6,000 barrels of cement for the 1949 summer paving program. A total of six bids was received.

The commission was still discussing them by press time today. The cement will be used in

Phillips Retires From Oil Co.

BARTLESVILLE, Okla. — Gen. Frank Phillips, chairman of Phillips Petroleum Company, is retiring from active management in the organization, according to a letter made public today.

The letter was addressed to K. S. Adams, president of the company.

Phillips requested his name not be included on the list of nominees for directors to be submitted at a stockholders meeting here April 28.

When directors of the company learned of his retirement they voted to create for Phillips the new title of honorary director and honorary chairman. They also expressed an intention to discontinue the office of chairman of the board.

ALLIANCE DENOUNCED SOFIA, Bulgaria.—(AP)—The Bulgarian press denounced the North Atlantic alliance today as designed for "imperialistic aggression."

The contemplated 60-block street paving program.

Catterton-Hutchins Vows Exchanged

AMARILLO — In a ceremony at the home of the bride's aunt and uncle, Margaret Josephine Catterton, daughter of Mr. and Mrs. P. B. Carlson, 1013 Bonham, Saturday became the bride of James Neil Hutchins, Lubbock, son of Mr. and Mrs. S. T. Hutchins, Estelline.

Dr. A. D. Foreman, Jr., pastor of the Amarillo First Baptist Church, read the service in the home of Mr. and Mrs. John A. Williams. Vows were exchanged before an altar located in front of a picture window which was banked with Woodwardia fern and flanked by arrangements of white stock and white roses. Floor candelabra bearing lighted tapers completed the setting.

Miss Jaynet Cundler, sister of the bride, sang several selections. Miss Jackie Funderburg was maid of honor and Densil Beavers, Lubbock, was best man.

Given in marriage by her stepfather, Mr. Carlson, the bride wore a Victorian gown of ivory slipper satin, fashioned with high double pointed neckline, Empire waist and long fitted sleeves. She wore a finger-tip veil of shirred illusion and carried a bouquet of Easter lilies.

After a short wedding trip, the couple is to be at home in Lubbock. Mrs. Hutchins was graduated from Amarillo High School and attended Texas Technological College, Lubbock and Draughtons Business College. She also attended school in Pampa a number of years ago.

Hutchins was graduated from Estelline High School and served in the Naval Air Corps. He will be graduated from Texas Tech in June.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY

Written for NEA Service
When you look today's hand over, you may say that it is very simple, yet I think I could write several articles about it. It was played by four of the greatest players in the country. The defenders were Samuel Stayman of

Tournament—E-W vol. South West North East 1♠ 1♥ 3♠ 2♥ 2♠ Pass 3♠ Pass 4♠ Pass Pass Pass Opening—♥ K 15

New York City in the West, and Rapese, also New York City, in the East. Rapese had just won the world championship masters individual tournament. The bidding shown is exactly the way it occurred at the table. West cashed the king and ace of hearts, then led the third heart which declarer ruffed with the three of spades. South then led a small diamond to dummy's king, led the jack of spades and Rapese covered with the king. Declarer won the trick with the ace and cashed the queen of spades.

Now you might say that all declarer had to do was to cash the ten of spades, picking up both of the defenders' remaining trumps, and you would be right. But suppose that the spades were divided 4-2—that is what the expert figures on.

If the spades had been divided 4-2, declarer would have made his contract, but if it was 3-3, he took one of the greatest defensive plays it has been my privilege to see to set the contract.

South did not take the third round of trumps. Instead, he led a club to dummy's ace, came back to his hand with a club, then led the king of clubs. At this point neither of the defenders had a club, but if either one of them had ruffed this trick, the contract would have been made. Stayman discarded the seven of diamonds, having played the three of diamonds at trick four on dummy's king. Believe it or not, Rapese discarded the deuce of diamonds.

Now declarer was sure that Stayman had held four spades, so he let another club, on which Stayman discarded the ten of diamonds. Rapese trumped this trick, and led a diamond which Stayman trumped, thus defeating the contract one trick.

The Social Calendar

- TUESDAY
 - 7:30 Theta Rho Girl's Club, IOOF Hall.

TEEN TALK

By VIVIAN BROWN AP Newsfeatures

Girls are forever getting beauty and grooming tips from the boys. People quote the young men at great length as to their opinions on the girls' fashions, bobby-sox, hairdos—and there was a time they spouted high and justly on the subject of sloppy sweaters and dungarees.

Nobody ever seems to care what the girls think about the boys, though. A consensus by a group of girls, however, is that the boys could use a shot of beauty in the arm. Such things as dirty fingernails or nails that have been chewed down to the quick incur the girls' wrath more than anything else. No excuse, they say, for not taking advantage of soap and water.

Unkept shoes and dirty hair also give them the shivers. One girl says, "I wouldn't care if the guy showed up with patched pants—that's legitimate; but if he doesn't bother to scrub himself, comb his hair and shine his shoes, he can find a date elsewhere."

Sisters often take the brunt of big brothers' carelessness, especially when big brother insists on dating in his crowd. Then Sis must keep after him day and night and even shine his shoes and manicure his nails to keep the family's shining armor unblemished.

Says Man Has Strange Powers That Work While He Sleeps

By BENKE

A strange man in Los Angeles, known as "The Voice of Two Worlds," reveals the story of a remarkable system that often leads to improvement in power of mind, achievement of brilliant business and professional success and new happiness. Many report improvement in health. Others tell of increased bodily strength, magnetic personality, courage and poise.

The man, a well-known explorer and geographer, tells how he found these strange methods in far-off and mysterious Tibet, often called the land of miracles by the few travelers permitted to visit it. He discloses how he learned rare wisdom and long hidden practices, closely guarded for three thousand years by the sages, which enabled many to perform amazing feats. He maintains that these immense powers are latent in all of us, and that methods for using them are now simplified so that they can be used by almost any person with ordinary intelligence.

White side-wall tires and road lamps are optional.

Every road a "bed of roses"!

THERE is no ride—really no ride—quite like the luxurious ride of the 1949 Lincoln Cosmopolitan. It is so smooth... so quiet... so magnificently "velvety" by superb springing, it literally transforms every road into a "bed of roses."

Once you experience it, this luxurious roadability alone should be enough to make your fine-car choice a Lincoln Cosmopolitan. Yet it is merely one of the many special comforts this magnificent car provides.

You are offered—not merely a wide choice of rich interior upholstery—but a choice unsurpassed in the fine-car field. In fact, this is so completely a "luxury

car, that push-button windows, and foam-rubber cushioned seats are "standard equipment!"

You enjoy—not merely "better than average" visibility—but visibility unequalled by any other fine car, too. Its windshield, for example, is a curved single piece of safety glass almost five feet wide!

And at your command is an engine—the great new Lincoln V-type "Eight"—that is the very last word for dependability... economy... long life!

Why not stop in and see this thrillingly beautiful Lincoln Cosmopolitan soon? A private demonstration—with you at the wheel—is yours for the asking!

COMPLETELY NEW—YET ROAD-PROVEN

1949 Lincoln Cosmopolitan

Superb new springing, plus a heavily reinforced new chassis, make every road seem a "bed of roses"!

COME IN AND ENJOY A THRILLING 1949 LINCOLN COSMOPOLITAN DEMONSTRATION TODAY!

Pampa Student to Present Citations

COLLEGE STATION — (AP) — Kenneth Bond of Pampa, co-editor of The Battalion, student newspaper, will present Battalion awards Thursday to eight members of the Texas A&M College faculty, citing them for "continuous outstanding services to the betterment of A&M."

President F. C. Bolton, Dean M. T. Harrington, Dr. John P. Abbott, Dr. Ralph Steen, Dr. George Summey, Jr., Arthur Adanson, F. W. Hensel, and W. W. Caudill are the men selected to receive engrossed scrolls from the paper on behalf of the student body.

Bond, son of Mr. and Mrs. Joe A. Bond of Pampa, will present the awards after Tom Carter of Beaumont, co-editor, outlines the history and purpose of the citations.

RACER KILLS SEVEN

BUENOS AIRES — (AP) — Seven persons were killed and seventeen injured yesterday when a racing car went out of control and smashed into a crowd of speed fans.

Both High and Low Blood Pressure

Successfully treated by taking BOAZ TABLETS three times a day. No dieting or restrictions of any kind. Symptoms: headache, dizziness, pain in back of head and neck, irregular heart action and cramping in legs... and many others.

Small Talk

Five-year-old Ray Jean Ryan, of Evansville, Ind., and Gen. Omar Bradley, Army chief of staff, exchange a little small talk about the sunny weather in Miami. They are both vacationing in Florida.

Changes in American Woman Are Suggested

By HAL BOYLE NEW YORK — (AP) — American women would be more charming if they quit acting like men in some ways — and more like men in other ways. This gratifying discovery isn't my own — although, naturally, I've suspected it for some time. It comes from a beauty expert — Helen Fraser, director of the Barbizon School of Fashion Modeling. Each week Miss Fraser casts a critical eye on the charms of some 200 hopeful would-be fashion models, of whom perhaps 20 to 25 make the grade. This pleasant task has led her to the conclusion that too many girls today have developed many mannerisms, which is awful, instead of a manly inner character, which would be fine, indeed.

Stenographers — "You have often a serious problem of hip spread here." Housewives — "That gone-to-seed look." Waitresses — "They develop tremendous muscles in the arms and legs. And often they eat too much."

Salesgirls — "They do very well, because they are generally fashion and makeup conscious." Manicurists — "Too much makeup." Factory workers — "Muscles and hip spread."

SENATOR DENIES RUMOR PROVIDENCE, R. I. — (AP) — U. S. Sen. J. Howard McGrath, Democratic national chairman, says President Truman "has no intention" of touring the country for support of his legislative program. Read The News Classified Ads
