

# Eastern Germany Soon to Be Separate Nation

(See Story Column 5)

## Burglary Estimate Raised to \$6,500

Valuation of the loot taken Tuesday night at the Tradewind Airport rose Friday from \$5,050 to over \$6,500 as additional loot was picked up Friday by officers including two expensive cameras, valued together at \$1,500, plus a quantity of liquor.

Pictured above is part of the loot, recovered Thursday by Chief Deputy Sheriff Rufe Jordan, after it was piled up in the Sheriff's Office. Attempting to sort and classify it in the picture are (left to right) Deputy Sheriff

Louis Holmes, Constable Bill Langley, Jordan, and Sheriff G. H. "Skinner" Kyle.

Two Pampa men, R. D. "Bob" Melendy and Gene A. Howell, both of 720 Buckler, confessed to the break-in. Howell was released yesterday after posting \$2,500 appearance bond in Randall County. The burglarized airport lies in the section of Amarillo that reaches into Randall County.

## FEDERATION OF WEST TO BE RIVALED

BERLIN —(AP)— Eastern Germany neared the status of a separate nation in the Soviet orbit yesterday.

The Communist-led People's Council approved unanimously a Constitution for the 20 million Germans in the Soviet zone and in the Soviet sector of Berlin who are cut off from their Western brothers by the iron curtain.

The Constitution still must go through the formality of approval by the 2,000-man People's Congress.

The Constitution would set up a rival to the Western German Federation being formulated at Bonn for the United States, British and French occupation zones.

The Western powers, meanwhile, prepared to make the West mark the only legal currency in the blocked Western Berlin.

Authoritative sources said the new move in the currency war will be announced today. Berliners went on a buying spree to get rid of their Soviet-backed East marks, which have been circulating legally in West as well as East Berlin.

The revision is aimed to put the bankrupt city government on its feet. The government has had to pay all its expense in West marks, although it had to accept East marks for revenue. The East mark is worth only one fourth as much as the West mark.

Before rushing through the East German Constitution, the People's Council appealed Friday to Western German leaders to (See FEDERATION, Page 1)

## 'Common Strategic Plan' Is Set Up in Atlantic Alliance

By JOHN M. HIGHTOWER

WASHINGTON —(AP)— The Atlantic Alliance powers intend to set up a common strategic plan for defense against Russia.

This would be a major task of a defense committee which is to be formed by the high policy Atlantic Council provided in the security treaty.

A State Department booklet issued last night explaining the proposed pact said:

The last two great wars have proved that a major conflict in Europe would inevitably involve the United States.

"The North Atlantic pact is designed to give assurance that in the event of such a war there will be a coordinated defense in which the actual military strength and the military potential of all the members will be integrated into a common strategic plan."

The booklet itself did not say against whom these defenses would be organized. Officials consider Russia the only power outside the alliance capable of waging a "major conflict."

The strategic plan, it is understood, is supposed to provide for building up the forces of the West to a point at which they would be reasonably able to turn back aggression.

Also it would decide before-

hand the places, times and manner in which those forces would be brought into play.

It would be a great military defense scheme stretching from the tip of Italy across the heart of Europe to the tip of Norway.

The booklet argued that the pact should increase peace prospects by preventing "any potential aggressor" from miscalculating the unity and power of the West. Such a mistake on Russia's part has been a longtime fear of officials here.

The booklet put another new point on the record: Germany and Spain can't get into the alliance anytime soon. Most members don't want Spain now, it said.

It came forth on the heels of the text of the treaty itself which soon will go to the Senate for ratification.

Meanwhile, it was learned that meetings are planned here around April 1 for the foreign ministers of the eight to 12 countries which will sign the treaty April 4. The pre-signing talks would concern specific plans for putting the Alliance into force as quickly and effectively as possible.

Eight countries are sure to sign the pact. Four others are expected to accept invitations.

Foreign ministers who will come here around April 1 include Bevin of Britain and Schuman of France.

The presence of those two in Washington along with Secretary of State Acheson almost certainly means that German problems will likewise be discussed.

On the question of Germany and Spain becoming members of the Alliance the State Department said:

"Various considerations make it impossible to contemplate all or part of Germany now becoming a member of the North Atlantic pact."

"The question of Spain's participation in the pact is a matter for decision by all the members, most of whom do not now consider that Spain should be included."

As in a speech Friday night by Secretary of State Acheson, the State Department publication took the line that the Atlantic pact would substantially commit the United States to go to war (See PLAN, Page 1)

## Mistrial Is Judged in Jones Case

DALLAS —(AP)— A criminal district court jury reported let's yesterday it couldn't agree in the murder trial of former Dallas Police Chief R. L. (Bob) Jones. Judge Robert Hall then declared a mistrial in the case.

Earlier the jury had reported it found Jones guilty. But that verdict was thrown out and it was sent back to deliberate further when one juror said he had not realized what he was voting for.

Jones was accused of shooting George A. Vadere, his son-in-law, to death in a Dallas jewelry store on Jan. 7, 1948. He pleaded self defense.

The jury deliberated throughout Friday night until noon Saturday. Then the foreman announced it had found Jones guilty of murder without malice and sentenced him to five years in prison.

But Juror J. F. Haden said, "I voted that way. Judge but I did not understand the vote."

Hall ordered the bailiff to send the jury back to make its decision unanimous.

Attorneys said such incidents almost never happen.

Jones was the last witness Friday. He said he shot Vadere because his son-in-law had threatened him and he feared for his life.

The state claimed Vadere was running from the store when he was shot. The defense said Vadere was shot during a struggle with Jones.

Testimony was introduced to show that Vadere had married Jones' daughter without obtaining a divorce from another wife.

ONE WORLD NEEDED

LONDON —(AP)— Foreign Secretary Ernest Bevin says that peoples of the East and West will find they "must live together" in one world.

## Error Delays Hearing on Laketon Road Committee Warns Rent Decontrol Would Mean Rent Boosts of 25 to 100 Percent

Because of an improperly served citation on John W. Renner by Constable J. W. "Bill" Langley, the damage assessment hearing by the special three-man commission was postponed at 10 a. m. yesterday until 10 a. m. April 2 in the Laketon Cooperative Store.

When Langley approached the Renner home last week to serve Renner the citation to appear at the hearing yesterday, Renner's son told the constable his father was not home, but that he would take the citation. Langley gave him the citation and made his return. Thus Renner was not legally served.

In the meantime Harry Nelson, one of the road route's bitterest opponents, purchased the half-mile controversial strip from Renner for the consideration of one dollar.

Nelson, Renner and a few others are protesting the road's current route contending it does not follow the section line. The County Commissioners' Court contends that to move the road would cost a considerable sum of money.

Yesterday morning, after adjournment of the hearing, Atty. W. R. Ewing, acting for the county, two of the special commissioners and a reporter drove over the road.

Despite contentions of the road's opponents it is not lying straight, none of the two cars of the Greenbelt Coop Electric truck in the convoy had to turn their steering wheels except to avoid a number of ruts and small holes.

There is one slight bend in the road and the driver of a car or a casual observer would never notice it unless it was pointed out definitely, those making the tour stated.

The main controversy has been to lay the middle of the road along the "section line" or to pave the road on its present road-bed that has been there for about 50 years. Most of the farmers along the stretch have been moved back to make way for the grading operations.

The controversy has been going on for some time. (See ERROR, Page 1)

WASHINGTON —(AP)— The Senate Banking Committee said that removal of rent controls now would boost rents 25 to 100 percent generally and perhaps touch off strikes and a new wage-price spiral.

Immediate rent decontrol would deal the entire economy "a severe blow," the committee told the Senate in a formal report recommending passage of its bill to extend controls 12 to 15 months.

The bill would allow some rent increases up to 10 percent. In general there would be none before October 1, 1949. The committee said "any increases in rents today would be at the expense of diets, medical care, clothing and other necessities of life of millions of American citizens."

It said that outright junking of controls at this time might set off inflationary pressure that would require restoration of price controls.

The present rent law expires March 31. The Senate will start debate on the committee's bill Monday. The House already has passed a 15-month extension. Both bills permit "home rule" decontrol, but go about it in different ways.

Senator Cain (R-Wash.), a member of the committee who favors scrapping rent controls, blasted the report as a "series of contradictions." He told reporters it had not been completed until 2 a. m. Saturday, and that "it is extremely unlikely that any senator saw it before it was released for publication. He added:

"It stands to reason there would have been considerable revisiting if each member of the committee had read it, because there is no justification in the report for the decontrol provisions of the bill itself."

The committee said that where rent controls already have been removed, "rents have gone up sharply."

The committee said it approved the delayed rent increase provision.

## Gas Pipeline To Be Begun During May

HOUSTON —(AP)— Ground breaking ceremonies for construction of the world's largest gas pipeline are expected to be held sometime in May, officials of the Transcontinental Gas Pipeline Company said.

Transcontinental is completing plans for construction of the 1840-mile line between the Rio Grande Valley and New York Harbor.

A company spokesman said the first ground probably will be broken in the vicinity of McComb, Miss., where 30-inch pipe from a California mill is being stockpiled.

Main headquarters of the company were opened in Houston in February. Approximately 900 employees are to be assigned to the Houston office, with another 1100 scattered along the route once construction is underway.

The \$190 million line is scheduled for completion in 1951, with an initial maximum daily capacity of 340 million cubic feet. With compressor station additions and expansions it later will be possible to boost the figure to 505 million cubic feet daily.

The company spokesman said details of the route's location across Southern states will be announced later. He said Mississippi headquarters will be at McComb, and that Alabama headquarters probably will be opened at Selma, Ala.

## Streets Are To Be Swept

City Police were instructed this week to ticket all cars left parked on downtown streets between 1 a. m. and 5 a. m. in compliance with a city ordinance prohibiting parking on any paved street between those hours.

Since the weather has cleared, the city's street sweeper has been working with a full-time crew every night in the downtown area. City Manager Dick Cavin said that every time the crew must stop to move a parked car away from the curb, valuable time is lost.

Section 20 of the city's ordinance governing traffic prohibits parking on any paved street between 1 a. m. and 5 a. m. daily, and violation carries the same penalties as for any other traffic misdemeanor.

Last year the sweeper crews had certain nights for sweeping the downtown areas. That practice has been discontinued this year because it was found that weather sometimes disrupts the schedule. The crews now sweep the downtown area every night and branch out to the residential sections as often as possible.

The sweeper has picked up as much as 90 cubic yards of dirt, or 2,370 cubic feet, in one night.

## Mission Swallows Return To Capistrano on Schedule

SAN JUAN CAPISTRANO, Calif. —(AP)— The swallows of San Juan Capistrano are back home, except for the time they spent with American troops overseas, and he says the swallows arrive here in the third week in March annually.

"They do not come in huge swarms, as some reports have it," said the pastor. "Instead, they arrive in small contingents, 50 to 75 at a time. They live about three years, and we know some come back to occupy their own last year's nests. We do know that no swallow uses the nest that another has used the season before him."

Ornithologists say swallows migrate great distances to winter where food is plentiful. Banded swallows have been seen as far from here as Patagonia, below the pampas of Argentina.

Father Hutchinson, Brooklyn-

## 43 Homes to Be Built by Two Firms

Pampa's housing problem soon will be relieved, at least to the extent of 43 homes, said Paul Schneider and Ed Herlocker of the S & H Construction Company, who soon have 30 houses ready for occupancy on the 500, 600 and 700 blocks on Doucette. L. S. Lane will begin the construction of 13 houses during the next 20 days, to be completed by Nov. 1.

Herlocker, president of the S & H Construction Co., and Schneider, secretary-treasurer, have 14 employed on their present project.

The homes are being built with FHA supervision and will have five rooms and some will have adjoining garages installed.

Some, former superintendent of schools here, also has 13 locations in the Sone-McCoy Addition. Homes will be constructed there during the summer. Four other houses are now being built in the Fraser Addition on Duncan. Another three houses are now available. They are located in the Fraser Addition on Williston, Georgia and Christine.

Concerns engaged by Sone are Foxworth-Galbraith and White House Properties, Brooks Electric Company, Builders Plumbing Company and Transmix Concrete and Material Company.

## Local Red Cross Drive Short \$3,049

To date the local Red Cross drive has only \$3,049 of its \$6,000 goal, Mickey Ledrick, drive chairman, said yesterday.

"Thirty-five of the 53 volunteer workers have turned in their solicitations," he said. "The remaining 18 workers are expected to report their figures by the end of the week."

No announcement has yet been received from Frank Wall, chairman of the Lefors campaign, on Lefors raises. By press time yesterday \$5,700 had been collected.

Chairmen of the Gray County drive committees include: Huey Laycock, rural campaign; Jack Edmondson, school drive; and Wall, Lefors campaign.

Long ago the Red Cross learned that its Congressionally imposed services to the armed forces had a wider connotation than was originally believed. For example, a man continues to have urgent personal and family problems after leaving the Army or Navy. He remains an individual with the label "veteran" superimposed on his name that help to him can not be rudely discontinued once he returns to civilian life. This is particularly true in regard to veterans in hospitals.

The Red Cross maintains full-time workers at veterans' hospitals in Amarillo, Dallas, Legion, McKenney, Temple and Waco. The workers coordinate volunteer work on behalf of patients in cooperation with hospital authorities.

## Youthful Killer Paroled to Go To Boy's Town

DENVER —(AP)— Jimmy Melton, 13-year-old boy slayer, was paroled from the Colorado State Penitentiary yesterday to go to Boy's Town, Neb.

"He's a real American boy; he'll make a good American citizen," said Monsignor Nicholas Wegner, director of Boy's Town, after talking to the youth.

Gov. Lee Knous granted the parole after conferring with Monsignor Wegner, Warden Roy Best and juvenile Judge Phillip Gilliam.

Jimmy has been living at the home of Warden Best since his conviction. He shot his sister, Phyllis Marie, 16, at their Lamar, Colo., home in December, 1947, "because I had to do all the chores." He was sentenced to 12 years to life.

Best sought the transfer so Jimmy could have the companionship of boys his own age.

## Contract Let For Livestock

A contract has been made with Pat Wartman of Manter, Kans., to furnish livestock for the third annual Pampa Roping Club rodeo, H. B. Taylor, Jr., secretary-treasurer, said yesterday.

Wartman is furnishing calves for a rodeo in Spearman, April 22 and 23.

The club is making preliminary plans for the rodeo, which will be held at Recreation Park June 10, 11 and 12, Taylor said. The club plans to hold a calf scramble each night for children between the ages of 8 and 14 years. A Hereford calf weighing approximately 200 pounds is to be the prize each night.

Also, the club intends to sponsor a kid pony show as the first event of the evening of the 10th. Two rodeo performances will be held the following day and the final ground is set for Sunday afternoon, June 12.

## Fort Worth Woman Chosen 'Texas Mother for 1949'

FORT WORTH —(AP)— A Fort Worth woman, Mrs. E. A. Gillis, is the "Texas Mother for 1949."

The choice was announced by the Golden Rule Foundation of New York City which sponsors the selection of a state and national mother with the object of upholding the ideals of the American home.

Mrs. Gillis will complete with other state mothers for the title of national mother of the year.

Texas' mother of the year has raised six children of her own and has at various times adopted into her household eight boys who needed assistance to complete their education.

Three of Mrs. Gillis' sons hold doctor's degrees and one of them, Don E. Gillis, 36, of New York City, is a nationally known composer, whose Symphony No. 5-12 was played recently by the NBC Symphony Orchestra.

Mrs. Gillis is 60 years old. She has been identified with Polytechnic Baptist Church work and the Women's Missionary Union ever since coming here from Cameron, Mo., in 1931.

She has been active in the Red Cross and holds a certificate of meritorious personal service from the organization.

The former Pearl Owens was born in Somerset, Ky., and educated in the public schools of Cameron, where she married Earl A. Gillis, now an employee of the postoffice here.

All of Mrs. Gillis' children began studying music at an early age and she attributes their success to the esthetic and moral training of music study.

The children carried paper routes, ran errands and did chores for the neighbors. The feeling of family esprit de corps—all for one and one for all—was immediately apparent to all who came into contact with the Gillises.

Today, Rev. Carroll O. Gillis, 38, the oldest child, is in foreign mission service.

Don Gillis is production manager of the National Broadcasting Company, in addition to being one of the nation's leading young composers.

Everett A. Gillis, 34, winner of numerous poetry-writing awards and the author of several books of verse, is assistant professor of English in the Texas College of Arts and Industries at Kingville.

A fourth son, Lewis Dean Gillis, 21, will graduate from TCU (See WOMAN, Page 1)

## SMU Choir Sings Here Today at 11 A. M.

Southern Methodist University's 38-member mixed choir, now on tour of the Panhandle, will sing at 11 o'clock this morning at the First Methodist Church.

Directed by Bernhardt Tiede, assistant professor of voice in the SMU School of Music, the choir is composed of 16 men and 22 women students.

The group will visit at least 13 other Texas and New Mexico towns before completion of its schedule Mar. 26.

In Texas, other performances will be given at Childress, Amarillo, Plainview, Lubbock, Littlefield, Muleshoe, Odessa, Midland, Colorado City, and Sweetwater.

New Mexico towns on the itinerary are Clovis, Roswell and Carlsbad.

Choir officers are Carey May of Lubbock, president; Gloria Turquette of Dallas, vice president; Lee Clark of La Feria, secretary; Martha Harred of Sulphur Springs, treasurer; Weldon Wendland of Temple, publicity manager; Gene Fields of Santa Fe, N.M., librarian; and Walter Wilson of Dallas, librarian. Margaret Glanville of Dallas is accompanist.

Mrs. Ellen Clare Gillespie Kribs, field secretary at SMU, is in charge of arrangements and is accompanying the group.

### WE HEARD ...

That the first day of spring seems to have affected someone's pet with wanderlust. A love bird, owner unknown and sex not immediately discernible, wandered out to the home of Mrs. C. G. Shirley, 1822 N. Russell, yesterday morning. Since in the spring the thoughts of such creatures turn to home and feathered kin, the problem is how to find the owners of the love bird so it can be returned to its plating mate.

# Hughes' Gives Description of Six-Story Office Building

**FIRST DIRT**—Shown as they moved the first dirt for the new Hughes building last Thursday at the corner of Kingsmill and Somerville, are left to right, Mayor C. A. Huff, Jimmie McCune, representing one of the major future occupants of the building, the Cabot Companies; Bulder Dick Hughes; and Fred Thompson, president of the Chamber of Commerce. More than a hundred people looked on the ceremonies.

R. G. (Dick) Hughes, who has become widely known in Texas for his construction of houses, has given a description of the six-story office building he is erecting here.

Modern office building trends, he says, will dominate the architectural and structural designs of the building. Windows will be continuous except for structural columnar supports. Double glazed dead-air-spaced sash will make the modern air conditioning system easier to control. The central heating and cooling system will purify and condition the air to the proper moisture content and heat or cool the air by thermostatic control to approximately 72 degrees, but there will be individual controls in each office for occupants who desire individual special room temperature.

## WHY I GO TO CHURCH DISCUSSED

By HERMAN WHATLEY  
Kiwanis Club Vice President

I go to church because I believe the church is the Lord's House. If you are a member of a club, you will attend club on meeting days. If you are a Christian, you will go to church. The church is made up of Christian believers. The fellowship I receive with other church members is worthwhile — besides the good I receive in hearing a good sermon.

My appreciation to the church for what it has done for me more than ever, feels an obligation and a duty to attend church service.

Going to church can be habit-forming. If you stop going for a while, then it will be hard for you to start again. If you go to church regularly, you are in a way a leading example for someone else.

It is the man's place as head of his family to set an example for his children to church and stay at home himself and expect his children to go to church after they are grown.

History proves that any nation which does away with its churches will soon have its downfall. If this is true, we can't we as a Christian nation support our churches in every possible manner? In doing this, the first step is in being there yourself.

## \$96,672 Is Now in Sight

A total of \$96,672 in pledges was reported at the First Methodist Church's first "report dinner" Friday night at the church. A campaign is now on to raise \$200,000 to build and improve the church.

Memorial contributions reported last night — and included in the above total — were \$40,300. The remainder — \$56,372 — represents pledges turned in by the team organization.

The second "report dinner" will be held at the church Tuesday night, beginning at 6:30, it was announced.

## Books Not Obscene, Judge Declares

PHILADELPHIA — (AP) — Judge Curtis Bok says such books as "Young Lonigan," "Wild Palms" and "God's Little Acre," are not obscene.

He made that ruling in Common Pleas Court during the trial of five Philadelphia booksellers on charges of publishing or selling books considered obscene.

## Sweden Rejects Persecution Charge

STOCKHOLM, Sweden — (AP) — Sweden again has rejected as "absurd" Russian charges of persecution of Balts in Sweden.

The Foreign Office said there is no foundation for Russian charges that Sweden is preventing the voluntary repatriation of Estonians, Letts and Lithuanians who fled their countries after the Soviets took them over.

## Students Present Lions Program

CANADIAN (Special) — Members of the Canadian Lions Club were given food for thought, and a renewed appreciation of life in America as they listened to Winona Gross and Eugene Thompson, speech and declamation students of Canadian High School, at the luncheon meeting Friday. Winona spoke on "What Are We Fighting For?" She based her talk on the Constitution, pointing out that there are those who would forget the Constitution is the supreme law of the land, and that the answer must be, "I will preserve, protect, and defend the Constitution of the United States."

Eugene Thompson spoke on "I Believe in America" — "where a man can worship as he pleases, and even laugh at his leaders, if he wishes, without facing a firing squad."

Other visitors were Duward Franklin and Dick Kile, Amarillo; Ed Lau, Borger; Earl Wilbur, Higgins, and Tommie Mitchell, Canadian. Franklin and Kile are engaged in aerial weed spraying and are looking over this area in the interest of that business.

**Quiet, reliable, middle-aged couple, no family, no pets, want 3 or 4 room unfurnished house or apt. Must face street. Permanent.** Ph. 1288.

**Free feed 7 p. m. Thursday.** Legion, VFW, DAV 1949 members. Abe Martin, Amarillo, spent Friday visiting his brother, J. Ray Martin, 708 N. Frost.

**Betty Kay dresses up to 6 years now in stock, also will make to order.** Ph. 1621M.

**Service Officers School Scheduled**  
The Veterans Affairs Commission of Texas has announced from Austin that it will hold a service officers school at Borger on Saturday and Sunday, April 16-17.

The school, to be at the Legion Hall there, will be for all county service officers and Veterans Organization Post and Chapter Service officers within a radius of 100 miles of Borger. The announcement said: "All persons interested in veterans' affairs are cordially invited." Purpose of the school, it was stated, is to stress instruction on insurance, education, deceased and living veteran benefits, hospitalization, out-patient treatment, state laws, and laws passed by the 80th Congress relating to veterans and their dependents.

The Lapps, many of whom live in northern Finland, are real-life counterparts of Scandinavia's legendary dwarfs. They are, typically, four and a half to five feet tall and have great physical strength.

### School Gets Four New Buildings

**SHERMAN (AP)—**Austin College has announced the largest construction project in its 100-year history. Four new buildings are being added to the campus at a cost of more than \$600,000. They include a new gymnasium; a student union memorial building near the site of the present gymnasium; a health center building; and a president's home.

The gymnasium and the student union memorial building will cost an estimated \$250,000 each, not including the equipment. Construction on both is expected to start as soon as architectural plans are completed.

Work on the gymnasium will begin the middle of April and this building will be completed by next October. Its facilities will include seating capacity for 2,800 spectators.

The gymnasium will be named the Hughey Memorial Gymnasium in memory of the late M. B. Hughey, East Texas oil man, whose recent bequest to the college made the building possible.

The student union memorial building will be the central unit of a complete college recreational area. On the grounds surrounding this building will be complete outdoor recreational facilities including tennis courts, badminton courts and outdoor handball courts.

This building is to be financed in part by a \$350,000 fund to be raised in a campaign now being launched by the Austin College Alumni and Ex-Students Association.

The other projects, the health center and the president's home, are expected to get underway later in the spring or early summer.

**Airline Seeks Longer Routes**  
**DENVER (AP)—**Diligence by an airplane and an 8,000 mile plane flight have returned to Mayor Quigg Newton the pants he left last week in Lima, Peru. Newton went on a good will flight through South America over Braniff International Airlines. In the excitement of the visit at Lima, Newton left behind the trousers. He had sent them to a cleaning shop.

The Denver mayor didn't realize his loss until he returned home and unpacked his bags. The only clue he would give Braniff was that they were in a little cleaning shop off picturesque Plaza de Armas. That was enough. The airline returned the pants Friday to Newton.

**Argentine Seeks To Buy British Oil**  
**BUENOS AIRES (AP)—**Argentina was reported to have asked Britain for five million tons of petroleum. This is about 35 million barrels, and equals the country's annual import needs. Formerly, U. S. companies furnished the bulk of Argentine oil imports, but the government is seeking to save its dwindling dollar resources.

**Gown Courtesy 'Merci' Train**  
John Farrell, 31, kisses the girl he will marry in June in New Haven, Conn., as she models her wedding gown, one of the gifts on the French "Thank You" Train. The girl is Connie Eaccarino, 22. Attached to the gown, the gift of the people of Lyon, was a note which said it was to go to a Connecticut girl who would be married in June and who fitted it best. Connie was chosen from 176 girls.

### No Conclusion on Rent Bill; Senate Bill Awaits Passage

By JAMES MARLOW  
WASHINGTON — (AP) — This is an ABC on rent control, bringing up to date what's happened. Nothing final has happened. The present law controlling rents ends March 31, unless Congress passes a new one. It hasn't yet. It's pretty sure to.

### Truckers Start Own Business

JOHNSTOWN, Pa. — (AP) — Nine husky coal truckers idled by the mine work stoppage may temporarily have lost their jobs but not their initiative. They formed a work team known as the "relief dodgers." They offer to tackle any job. If they can't do it, they guarantee to find someone else who can. Three brothers, James, Charles and Richard Parkey, and Leo Rosa, Robert Kaufman, Lester Thomas, Louis Vettori, Dewey Villa and Fabian Horvath, are making the idle time pay off. The men all are World War II veterans.

### Students' Request For Drill No Gag

OCONTO, Wis. — (AP) — Mrs. Clara Bailey, teacher of the Elm Grove rural school, thought it was a gag when pupils rushed in before class shouting "Let's have a fire drill!" "Why?" she asked. "Because the school's on fire," the youngsters shouted. And it was.

### War-Time Pennies Go Into Steel Rails

PUEBLO, Colo. — (AP) — Those confusing gray-colored pennies have an after-life when you finish with them. After being retired to the Denver mint, the zinc-coated one-cent pieces are mashed to make them unusable, and then sent here for use in steel making. The Colorado Fuel and Iron Corporation melts them with other scrap metal and they are used in steel rails, structural steel, fence wire, nails and spikes.

### Airline Returns Mayor's Pants

WASHINGTON — (AP) — Braniff Airways, of Dallas, asked for an extension of its routes in both North and South America. The request was filed with the Civil Aeronautics Board. If granted, it would give Braniff its first direct entry into Washington and New York City from the Caribbean area. Braniff asked permission to extend operations northward from Havana, Cuba, into either New York City or Newark, N.J., by way of Washington. In addition, it proposed a southward extension of service from Lima, Peru, to a new terminal at Santiago, Chile. The airline asked for the permit on either a temporary or a permanent basis. Passengers, mail and cargo would be carried on the new routes.

### Medical Association Has No Spokesman

CHICAGO — (AP) — The American Medical Association declared it has no "official spokesman." An editorial published in the current journal of the AMA, said officers and employees of the AMA as well as the public relations firm recently retained to publicize the AMA's program of public "education," only "present the point of view of the House of Delegates."

### WOLF IN NO CLOTHING TAKES TURN FOR NURSE

GLENDALE, Calif. — (AP) — This is the story of a wolf in no clothing. Miss Veda Davis, 23-year-old nurse, told police that a youth drove his car along the curb last night, and asked her politely "which way is Montrose?"

### An Idea Comes to Life

Five years ago when Gene Tierney's first child was born, the movie actress encouraged her baby's nurse to invent a disposable bottle. The nurse, Adda May Allen, went to work and developed the nursing bottle in time for Gene's second daughter, Christina, to use. Here, in the arms of her mother, the 3½-month-old baby drinks from the pre-sterilized bottle that is thrown away after being used once.

### Open House for China's War Refugees

Priests and students of the Catholic Seminary in Shanghai open their gates to distribute food and clothing to several hundred Chinese war refugees waiting outside. The relief goods included rice, beans, fat and cloth. (Photo by NEA-Acme staff correspondent Warren Lee.)

### Maginot Line Finally Proves Useful; Frenchmen Use Bunkers for Houses

By FRANK DONGHI

BOULAY, France — (NEA) — The Englishman traditionally claims that his home is his castle but Paul Koderna, a Frenchman of the Atomic Line, has taken a fortress as his home. Paul solved his post-war housing problem by moving from his bombed-out farmhouse into a bunker of the Maginot Line. "I thought I'd pick something solid this time," he said, with a gesture toward the massive concrete fortification behind him. It has walls six feet thick. It probably cost \$100,000 when the French were studying their northern frontier with these vast, futile fortifications.

### Private Rooms Being Fixed for High Brass

WASHINGTON — (AP) — Carpenters and painters are busy preparing a huge layout of rooms to give the nation's top military planners quarters that are more private and sound-proofed than any hide-out in a paper-back spy thriller. The remodeled section of nearly 90,000 square feet in the huge Pentagon Building will be the new home of the U.S. joint chiefs of staff. The military high command now uses a smaller area, a considerable walking distance from the office of the secretary of defense.

Koderna's kids, geese and sheep seem to be thriving. The sheep graze contentedly among the bunkers and barbed wire. Koderna is one of a number of Frenchmen who have converted the abandoned line of forts into peacetime housing. The line is useless today, for Frenchmen realize better than any others how futile was their attempt to build a steel and concrete wall against modern invasion tactics.

Kids play among the bunkers. Cattle and sheep munch the lush grass which grows in fields once sown thick with mines. Thrifty French farmers have made good use of much of the millions of feet of barbed wire. Ten years of hard work, some 140,000,000,000 substantial pre-war francs, 21,800,000 man-days of work and 900,000 tons of materials became junk when the Germans broke through the line in 1940. All that failed to buy security for France but today it is providing a little shelter for hard-pressed Frenchmen.

### Few Chinese Have Ulcers, Heart Disease

By HAL BOYLE  
NEW YORK — (AP) — One of the mysterious things about the mysterious East is that comparatively few Chinese have heart disease or ulcers. This cheerful fact is partly responsible for a boom in Chinese restaurants. People come to them in the hope that if they eat like the Chinese, they'll feel as good as the Chinese. "Now there are more than a thousand Chinese restaurants around New York," said Jimmy

DR. J. L. CHASE, jr.  
OPTOMETRIST  
DUNCAN BLDG.  
Rooms 5 & 7 Ph. 400

Yoeng, a patriarch in this field. Jimmy, a smiling, ageless gnome who weighs only 110 pounds with a chopstick in each hand, is perhaps the man here who did most to transform the old off-the-Bowery Chinese chop suey parlor. He moved it uptown, kicked out the teakwood and mother-of-pearl tables, modernized it, and put in dance band music. Yoeng said only "newcomers and schoolchildren" order the twin standbys of the oldtime Chinese restaurant—chop suey and chow mein. "People now want to eat real Chinese dishes—the dishes we eat ourselves.

His own favorite is chow sang gai pan, described on his Lun Fat Restaurant menu as "fresh white meat of chicken deliciously sauted with hearts of bok choy, bamboo shoots, water chestnuts, fresh mushrooms and a touch of ginger."

American doctors have a high rate of heart disease. It is perhaps more than a coincidence, then, that many of Jimmy's patrons are doctors.

"One doctor has sent me more than 50 of his patients who suffer from high blood pressure," he said. "If order the meals for many of them. After I talk to them a few minutes I can tell what is good for them."

Jimmy believes Cantonese cooking is the healthiest in the world because of its variety, and because it always combines vegetables with meat.

"In American cooking meat is usually fried, baked or broiled," he said. "But Chinese cooks can prepare meat from 50 to 75 different ways."

Jimmy believes Cantonese time in the business that Amer-

icans eat too much—and too often. Jimmy's solution for all mankind's stomach ills is "moderation."

### Retail Trade Shows Slight Weekly Gain

NEW YORK — (AP) — Retail trade in the week ended Wednesday was slightly above the previous week but fell below the level of a year ago, Dun & Bradstreet reported in a trade review. Retail volume for the country as a whole was estimated at 1 to 2 percent under a year ago.

SENATE APPROVES NET WASHINGTON — (AP) — The Senate completed Congressional approval of a bill to provide a radar network as a defense against possible attack by enemy aircraft. The measure now goes to President Truman.

A Moment of Joy

...of a brief reunion, after a separation of a decade, is shown on the face of Mrs. Faiza Zeynel, right. Mrs. Zeynel, a young person, was traveling from Shanghai to her future home in the States. At Ellis Island, N. Y., she met her sister, Mrs. Anna Buffell, right, of Annapolis, Md., and had a hurried visit before resuming her long journey. They'd been apart 10 years.

Unionist Believes Israel Is Leading for Dominant Position

DEWITT MACKENZIE

Foreign Affairs Analyst... the signing of the armistice between warring Egypt and Syria Feb. 24, this column predicted the new Jewish state we likely were witnessing the beginning of another great power.

What brought from a study of international affairs in the State of Washington the reason for an amplification... He knows "why." What I previously was this:

What of the future for Israel? Predictions are made but this column is to make one. As I read the news, Israel is heading for a dominant position in the affairs of the strategic Middle East. We are witnessing the beginning of another important power.

Well, in the first place, the Jewish race is endowed with an extraordinary amount of determination. That determination is directed towards a spiritual goal: nation—or better, the redemption of the home-land for the Jewish people have had these 2,000 years.

They have been watching this crusade since the Declaration of 1917, promising a Jewish national home in Palestine.

They, the refugees and pioneers, have been flocking to Palestine bringing with them the skills of many nations. Thus, they are rapidly acquiring a population which perhaps is unique in the history of the world.

They are the human nucleus of a new Jewish home-land. Back of them stands the financial and moral support of millions of Jews in all the countries. We see this demonstrated daily, for there are no people who stand closer in time of stress to the Jews.

Their time is small and has been used as poor in resources. Their science holds out promise of turning great tracts of our sandy wastes into fertile soil. And under the Negroes there are said to be minerals and petroleum. In time, too, can find its place.

They are making a commendation of the government's... at Texas City, Texas, by the Bureau of Mines. The smelter is a government enterprise now conducted by Construction Finance Corp., a government agency.

Mineral resources services... as one of five major projects of a reorganized and modernized Interior Department.

Company Votes Percent Dividend... AS—(P)—A stock dividend was voted Friday by the Lone Star Steel Co.

Model Looks Like the Real Thing... It looks like a real B-17, soaring over the tree tops. Actually, it is a midsize model of the real thing. At the Wright-Patterson Air Force Base, Dayton, Ohio, the Air Materiel Command's Dynamic Model Unit is using near-perfect models to obtain pre-flight data on various types of planes. Guided by wires attached to their wings, they fly up to 200 mph. This baby B-17 is powered by four three-horsepower engines.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE

NEW YORK — (AP) — In 1897 an obscure farmer named John Nobody was kicked to death by a mule in the vicinity of Peculiar, Mo.

Having led a fairly reasonable life without cheating anyone John went to Heaven.

So he pulled all the strings he could and made this plea: "Gimmie a two-week vacation from Heaven, and then I'll come back and strum my harp forever and be content. But right now I'm still a powerful lonesome man."

Well, he had a good straw

boss. He said: "John, you rustle that harp good as anybody. But a lonesome man don't make good music. Go back and take your look-see, and we'll keep your job here open."

Well, Mr. Nobody finally got his celestial passport okayed and plummeted down toward Missouri, south.

Who-o-o-o-o-o-m! Swish-h-h-h-h! An Army B-38 zooming around the world with a load of dummy bombs whipped through his long white robe, cutting it in half.

"Biggest darn bird I ever saw," whistled John. "Lucky for me he didn't have his beak open."

He landed on his old farm. Motor cars were zipping past on the highway that used to be a dirt road. Right away old John began to be a little homesick for his harp. He didn't know what a motor car was.

Along came his grandson riding on a tractor—instead of following a mule.

The young man took John home. Old John picked up a newspaper carrying a big black headline: "War Looms."

"Spain still acting up in Cuba?" he said. "We're going to have to whip her yet."

"Spain?" said the grandson. "Where you been, old man? We whipped Spain long ago. We been through Germany twice since then, and Japan, too. Now Russia's acting up."

"Russia?" said John. "L-a-w! Where's that?"

The grandson explained, interrupting his story only once long enough to go down and pick up a government check from the rural postman.

"You mean we been through three big wars in the last 50 years and are looking forward to another?" said old John incredulously.

Old John hitch-hiked a ride on the next big cloud that floated by.

They say that ever after that, as his gnarled hands swept across his harp in the celestial choir, John Nobody always looked up. He never glanced earthward again.

Senators Observe St. Patrick's Day

AUSTIN — (AP) — St. Patrick got some special recognition in the Senate Thursday.

Mrs. Neveille H. Colson, senator from Navasota, wore a green carnation in recognition of St. Patrick's Day. Senator Gus Straus, Hallettsville, had a bow of green ribbon in his coat lapel.

Lieut. Gov. Allan Shivers, Senator Keith Kelley of Fort Worth, and Senator James Taylor of Kerens pointed out that their ties were at least partially green in honor of Ireland's saint.

(\$850,000) transmitter in Mexico City, and the other to import and sell 20,000 receivers costing 50 million pesos (\$8 million).

## Green's Gossip

by Hogan O'Snead

This writer has seen the new Lake Hoffman No. 7 hole at the Pampa Country Club—and this writer has decided to forfeit said No. 7 on every round of golf he plays. The lake will certainly improve the look of the golf course. Most of the divot diggers I have talked to are saying the same thing, with the understanding that they have the right to recall their opinion.

Some of them have been working about their tee shots on Monday which requires a ball to be hit 165 yards in order to carry across the water which backs up from No. 7. Those players can stop worrying because a new tee will be built soon as possible, according to club professional John Austin.

Ed Ehrhage and Aaron Sturgeon have already made arrangements to be in full charge of the golf hall concession at Lake Hoffman. Everyone is hoping that these two boys go bankrupt in short order. Johnny Austin has purchased two Air Force rescue dinghies which he and Mark Heath will operate to transfer golfers across the pond at a nickel a head, of course.

Harold Smith, assistant pro at Ross Rogers in Amarillo, came over for a round of golf last Monday and carried a 71, which is very good on the Pampa layout. Smith is one of those boys who can really sock that golf ball. He drove No. 5 and No. 6 and he believes O'Snead will be telling you that in some way. Harold is an excellent golfer and I hope you will all have the opportunity to watch him play this summer.

What man, whose initials are E. E. F., took four putts from 10 feet on No. 7 green last Sunday? Ask Mark Heath, he was a witness.

The ladies have begun to post their scores already, some high, some low. But this boy can already see that they are going to improve as the days grow warmer. They have begun studying golf rules and golf etiquette. The Panhandle Women's Golf Association will hold its annual meet at the Pampa C. C. the latter part of September. This is one more step forward in making Pampa one of the outstanding cities in Texas in the golfing world. Keep up the good work ladies!

Which, incidentally, is very similar to Webster's Dictionary, a good job replacing ball divots. Most of the players are doing on the greens. Your pal Hogan.

Bob Willis returns by popular request. Billie and Al invite all those that couldn't be at the Feb. 4th and 5th dances, to come out and be in the big crowd to see and hear Bob Willis and his Texas Playboys Tuesday night, March 22nd. Billie and Al especially invite those that did see him, to come out again, bring your friends too. Brothers Luke and Billy Lee are with Bob on this trip. This dance is Bob's last dance in Texas, as Bob and his brothers are on their way back to the coast.

## WARREN'S WARM UP

By Warren Mason—News Sports Editor

**QUESTION:** What two coaches have led two teams to National Invitational Basketball titles?

**PROGRESS:** The Roundup Club for Boys is making rapid progress toward establishing itself as a permanent organization in the city. The boys in the city have shown such an interest that nearly sixty lads were working out at the Sportatorium one night last week.

**Kasaboski Pins George Overhuls**  
A new villain has appeared on the local wrestling scene in the person of Alex Kasaboski. He can fairly out-villain one Olan Boynton in the trade. Kasaboski took two straight falls from George Overhuls, Amarillo's ex-Sandie, at the Sportatorium Friday night.

There was nothing slow about the bout all of the way. Alex started right out by pulling hair, choking and slugging. Referee Olan Boynton of all people warned Kasaboski about his tactics, and several times had to pull him off for failure to break hold. Everytime Overhuls would start to get the best of him, Alex would run out of the ring. The thing that hurt Overhuls most was hard kidney punches thrown by Kasaboski. The first fall went to the villain after 25 minutes when he applied a crab hold.

The second fall ended in a hurry, exactly three minutes, when Kasaboski again got the crab hold. But not until Overhuls had thrown several bruising Sonnenberg tackles into Alex, knocking him around the ring several times to the crowd's pleasure.

The first event of the evening was a fine, clean match between two young wrestlers, Billy "Kid" Sandow and Pierre LaBelle. LaBelle won two of the three falls, but not without a hard struggle. Both boys showed much skill in applying and breaking holds in this match that was truly a crowd pleaser.

Sandow won the first fall with a knee lock with body drops in 20 minutes. The second fall went to LaBelle after 11 minutes, when he applied knee drops on Sandow's left arm, forcing him to give up. Sandow had been hurt by three arm flips which left him in a dazed condition.

The final fall started fast with Sandow throwing some body kicks at LaBelle immediately after the bell. LaBelle retaliated with three charging Sonnenberg tackles which floored Sandow, LaBelle jumping on him and pinning him in one minute.

ANSWER: Joe Lapchick, who coached at St. John's, and Clair Bee, Long Island University, both have led two teams to the National Invitational title.

# BETTER BOWLING

**HIP CLEARANCE:** There are a lot of good reasons why the push-away must be started and synchronized with a slow first step. And here's another for the list. Rushing into the push-away will shorten it and the swing as well, with the result that the right hip will block the backswing and force the ball to the right, or OUTSIDE the strike groove.

A slow push-away is not enough either. It must be long. The arms must be nearly fully extended to get the right length for the maneuver and to get the RIGHT hip out of the way automatically to permit the ball to swing STRAIGHT BACK in the groove. That's when the scores begin to build up.

At first the full push-away may seem awkward. But when you begin to time it with the FIRST STEP with the right foot in a four step delivery, or the left foot in the three or five step, it will be the only way you'll be able to do it comfortably.

During the downswing, the ball will drop of its own weight and the momentum should determine the speed. Don't force the down-swing. It must be easy if the right hip is to move out of the way to allow the ball to swing through to the perfect finish shown in the illustration. Remember, the ball should drop of its own weight.

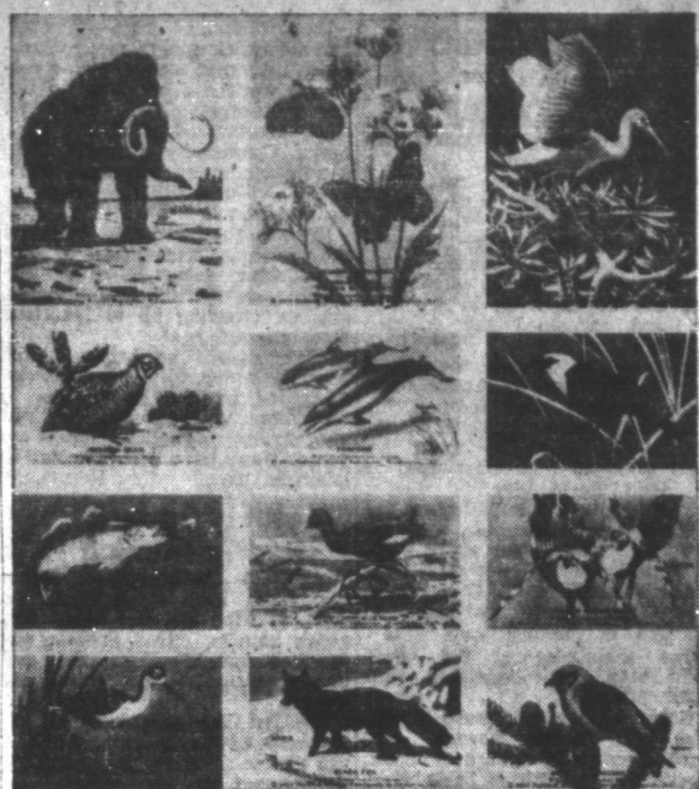

Then only will the timing be so perfect that the hip clears naturally with the finishing side to the foul line.

## National Wildlife Week Now On

National Wildlife Restoration Week March 20-26, was inaugurated by the Wildlife Federation, and established by presidential proclamation as a special time each spring when all lovers of the outdoors are invited to participate in a nationwide conservation program. The observance of this week is an important part of the Federation's educational program. It is the occasion that sounds the call to all the people to rally to the defense of our national resources which form the basis of our national economy. It is the invitation to join the growing army of home defense to protect and preserve America's natural heritage. Citizens are urged to guard against the over use of soil and its erosion; the pollution of waters; and the lack of planned cutting and reforestation of our timberlands. These are the foundations of the national wealth and they urgently require the active and intelligent attention of all the people.

In connection with National Wildlife Restoration Week, the business office of the Federation issues each year a series of Wildlife Poster Stamps with appropriate descriptive albums. The purpose of these stamps is to promote conservation education and to assist in the financing of the activities of the state-affiliated federations and the national headquarters. Proceeds from the sale of these stamps and some other material and contributions form the only source of revenue to maintain the Federation. It has been the policy of the Federation to aid the affiliated state groups rather than assess them to support the national headquarters.

Along, the individual can accomplish little. United and constant action can achieve the goal of real conservation. To that high purpose the National Wildlife Federation is uncompromisingly dedicated.

**Coaltown Ties World Mile and Fourth Mark**  
MIAMI, Fla. (AP) — Coaltown, Calumet Farm's great four-year-old, today equalled the world's record for the mile and a quarter in winning Gulfstream Park's \$20,000 Handicap by seven lengths.

Under 128 pounds, Coaltown galloped under the wire in 1:59.4-5 — the record time set nearly 10 years ago in Brighton, England, by Saint Andrews II and equalled for the first time on the American turf by Shannon II at Golden Gate Fields on Oct. 23, 1948.

Mrs. E. L. Hopkins' Three Rings was second and Coaltown's stablemate, Armed, was third, a half length behind Three Rings.

## Texas Car May Enter 500 Race

DALLAS — (AP) — Powell Burgess, automobile race promoter, announced Saturday Texas may have a car in the Indianapolis "500" Race on May 30.

Burgess said his partner in the Arlington Downs Motor Speedway, Babe Stapp, will arrive here next Wednesday with the new car. Stapp is a former Indianapolis driver.

Burgess said the car was designed by the Wayne Engineering Company of Los Angeles and Stapp. It has a 250 cubic inch engine. The car is of rear-drive design.

The new car will be driven on April 24 in the AAA 100-mile Big Car Race here by Red Hodges, a local driver, Burgess said.

## Dolnic Named TCU Most Valuable Cager

FORT WORTH — (AP) — The eight men who played virtually all of Texas Christian's basketball campaign were announced today as 1949 Frog basketball lettermen, by vote of the Athletic Committee.

They are J. J. Dolnic, Gene Schmidt, Frank Kudlaty, Bill Moran, Bob Hendricks, Bruce Craig, Bob Young and Bob Burton. They each played in all of the Frogs' 24 games, except Hendricks, who missed only one game, and Young and Burton, who played in 21 each.

Dolnic, the Frogs' center who finished second in the Southwest Conference in total scoring, also received the TCU Campus American Legion Post's annual "most valuable player" award this week. Judges were Amos Melton, voting for the Fort Worth Star-Telegram, for whom he covered the entire TCU basketball season; Dan Jenkins, Fort Worth Press; and Joe Shosid, the Skiff, TCU campus newspaper.

"If the tests here are successful," stated Burgess, "Hodges may drive it in the Indianapolis Race this year."

## Longhorn Golfers Tee Off Season Today

AUSTIN — (AP) — The University of Texas golf team faces its first test of the year here today.

The 1949 squad will meet an eight-man squad named by the Austin Golf Association at the Municipal Links here. Foursome matches will be held in the morning and singles in the afternoon.

The university team is headed by Morris Williams, Jr., of Austin, a team member for the third year, and Bob Watson of Wichita Falls, defending singles champion in the Southwest Conference. Both shot sub-par golf in the 72-hole qualifying round for the team this week.

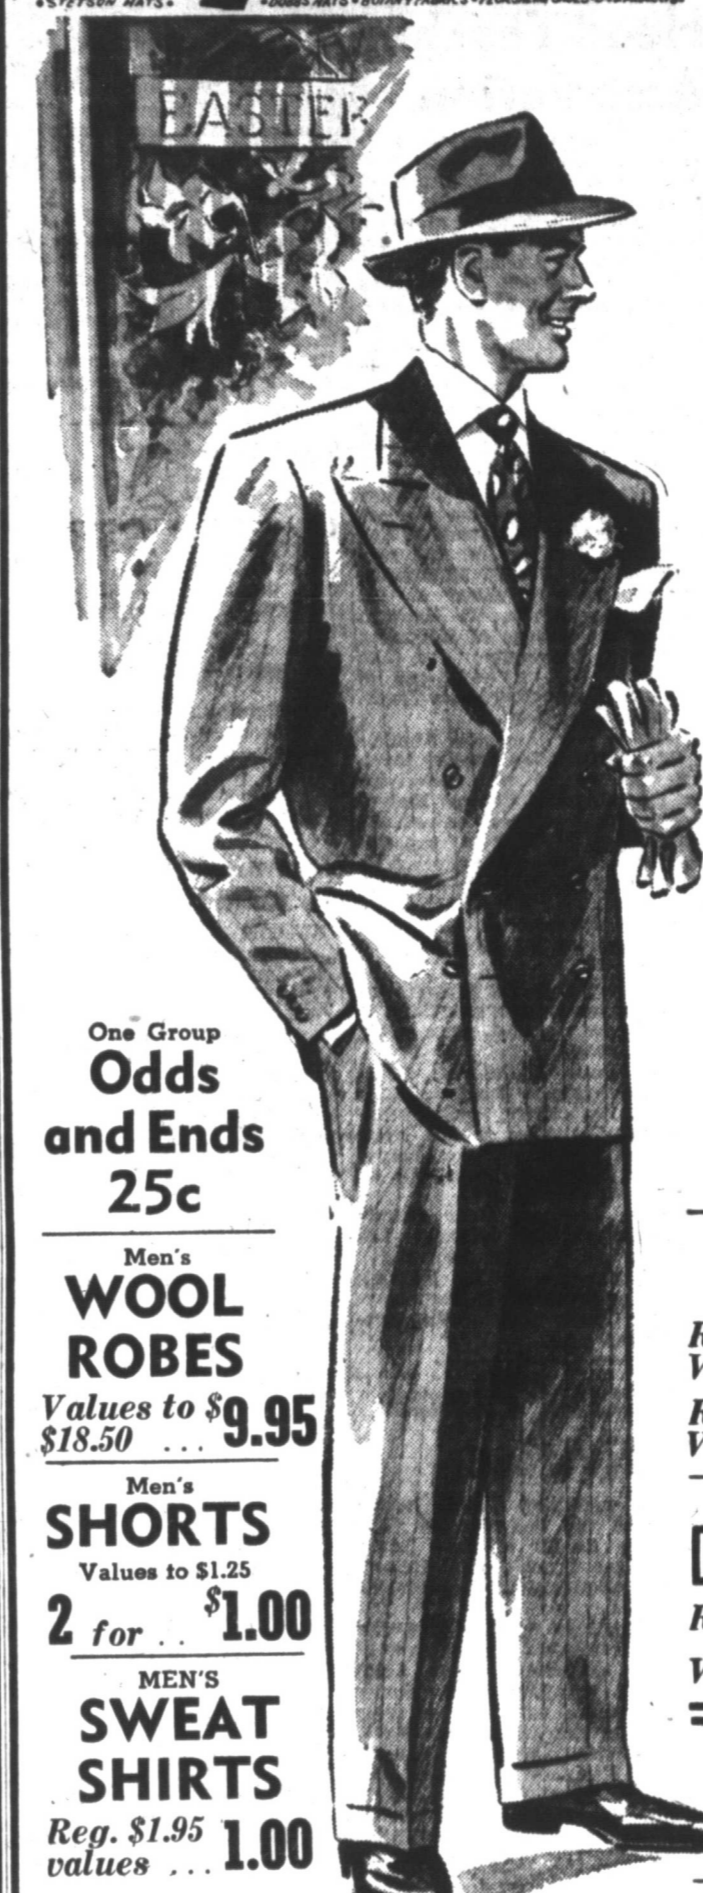

Others who qualified for the team were Marion Pfleger of Austin, Reese Alexander of Nacogdoches, Gil Kuykendall of Buda and Bill Smith, Hillsboro. Jim Bright of San Antonio and Russell Myers of Houston will join the team or six in today's play.

**National Health Plans Speed Trend In Europe to Socialized Medicine**

By EDWIN SHANKE  
LONDON — (AP) — Medicine is undergoing a gradual evolution toward socialization in Europe. National and private health insurance programs are general. Everywhere the doctor is being drawn more and more into a plan of organized social services. The trend to planning and control of the health services has quickened in the last decade.

But nowhere in Europe except for Soviet Russia has any country attempted a sweeping plan as Britain's National Health Service which gives "free" medical and dental care to all.

A survey by Associated Press correspondents showed these chief reasons for the move toward socialization:

1. A longing for social and economic security has popularized provisions for medical and dental treatment.
  2. Advances in medical science in the last 50 years have resulted in elaborate apparatus and increased costs of treatment beyond the means of the ordinary purse.
  3. Europe is plagued by a general shortage of doctors, dentists, medicines and facilities, much of it the result of the war. Distribution of doctors in many countries is bad, particularly in rural areas of peasant countries.
- Some health programs are compulsory for the entire population. Others cover only particular income groups. Some provide for the whole range of medical and dental care. Others offer only treatment by general practitioners or hospital services.
- Nowhere did the countries report evidence of lay interference with the doctor in handling his patients, although in some of the postwar "people's democracies" doctors are required to devote definite hours daily to socialized medicine lists if they

wish to practice privately. Private practice still is permitted everywhere.

Many countries have had forms of socialized medicine, either compulsory or voluntary insurance plans, since the middle of the Nineteenth Century. National compulsory plans mainly are a product of postwar political concepts. This is particularly true in Eastern Europe.

In 1948, Britain substituted a general health service for all, financed mainly out of taxation, for its National Health Insurance Act of 1911. The latter insured all persons earning under \$1,680 against sickness, and covered roughly half the population.

Both Norway and Sweden are giving thought to introducing similar schemes. The cost of operating such a plan for a small country is a deterring factor.

**Kimmins to Head Teacher Association**

Most of the Pampa teachers attended the annual Northwest Texas Conference for Education of the Texas State Teachers Association, District 9, Friday, at which time 1949-50 officers of the association were named.

J. Irvin Kimmins, Phillips High School principal, was elected president; Dr. Ruth Lowe, WTSC, vice president; Mrs. Thomas H. Haynie, Amarillo, secretary; Morris H. Jones, deputy state superintendent; and Elmer C. Canyon, superintendent of Canyon Schools, member of the State Executive Committee.

Nearly 2,000 educators attended the conference and heard state and national administrators and educators. Speakers for the sessions included Joe C. Humphrey, Abilene, state president of the association; Dr. L. W. Haskew, dean of the College of Education of Texas University; and Dr. Henry H. Hill, president of George Peabody College for Teachers, Nashville, Tenn.

Held in the Amarillo Municipal Auditorium, the one-day meeting was started with selections by the Amarillo College Badger Band. Humphrey was introduced by Charles M. Rogers, superintendent of Amarillo Schools. He talked on "TSTA on the March," explaining the progress being made by the association at Austin, as well as the projects planned.

Dr. Haskew, in his talk, stressed, "The most important thing in an American school is a child—every child."

Mrs. Sarah C. Caldwell, president of National Teachers Educational Association, spoke briefly on the activities of the NEA. She said the association helped serve as a cleaning house for all phases of education.

Huelyn Laycock, Gray County superintendent of schools, will continue on the State Executive Committee until 1951. Frank Wilson is president of the Gray-Roberts County unit for the present school year.

**Construction Is Slowed by Bad Weather**

Bad weather the first part of this year has slowed construction in Pampa to less than half of last year's total at this time, according to the monthly reports of the city engineer's office.

New construction to the first of March totaled only \$128,150, compared with \$261,810 on Feb. 28, 1948.

Builders and contractors have taken advantage of the good weather the first half of this month, however, and the value of building permits issued during March may go well above last year's.

Permits issued for six new residences provided the bulk of January's \$42,772 worth of new construction. The remainder of the estimated value came from miscellaneous remodeling jobs and from two permits issued to bring houses into town.

Six permits were issued again in February for residences that totaled \$33,000. Three permits were issued for new businesses, and nine repair jobs on residences and business buildings had an estimated value of \$28,428.

In addition eight permits were granted for moving houses into town.

**Auxiliary Will Meet April 9**

SHAMROCK — (Special) — The American Legion Auxiliary here will be host to auxiliary members from the 18th District Saturday afternoon, April 9, at an elaborate tea.

The affair will be held at the new legion home, starting at 5 p.m.

Highlighting the program will be a mass installation of new members from various units in the 18th Legion District. More than 100 women will take part in the ceremony.

**Commission to Meet On Auto Insurance**

AUSTIN — (AP) — The Board of Insurance Commissioners will hold a public hearing here March 29 at 9:30 a. m.

The hearing will be in the Texas Highway Department hearing room.

Among other matters to be considered will be the rates on automobile bodily injury and property damage liability policies.

**Girl Scouts Go to Miami**

Sixteen members of Girl Scout Troop 19 spent a busy day Friday seeing sights of the dim, dark past, making soap and looking for early signs of spring.

The Scouts, accompanied by their leaders, Mrs. Burl Lewter and Mrs. I. T. Goodnight, boarded the 8:25 Santa Fe train and headed for Miami.

Arriving at Miami, they went to the Courthouse and saw tusks from animals that roamed the Panhandle years ago, skins, skulls, sea shells, stone-age tools, Indian antiquities and guns used in the first World War.

The Scouts ate lunch along the river and then went on a treasure hunt, looking for early signs of spring. Next they went to the home of Mrs. A. G. Greenhouse, where they were instructed in the art of making soap.

The remainder of the afternoon was spent climbing hills near Miami.

Going on the trip were Geraldine Hill, Nickie Lewter, Barbara Goodnight, Margaret Scott, Norita Sasser, Ruth Roberts, Karen Rice, Mary Lunsford, Carroll Lamb, Janice Kretzmeier, Donna Hager, Janice Frazier, Lynn Follows, Sue Dadds, Ella Gayle Braly and Sally Bruce.

**German Charged With Cannibalism**

BREMEN, Germany — (AP) — A German ship's steward was accused yesterday of cannibalism and murder. He will go to trial April 12.

The steward, Bodo Fries, 39, is charged with having murdered a small boy in June, 1947, and with having eaten parts of the body.

Court officials said the prosecution will allege that Fries cut off parts of the boy's leg and removed the liver; that he took the meat home and said he obtained it by barter; that his wife thought it was pork, cooked it and the couple ate it.

**Pecos River Compact Taken to Senate**

WASHINGTON — (AP) — Texas and New Mexico senators introduced a bill to approve a compact between Texas and New Mexico for use of waters of the Pecos River.

The measure by Senator Kilgore (D-WV) proposed a 12 million dollar system of super highways across the state. It lists six routes. They include the Canadian-Minnesota and the Mexican border at Laredo, Tex.

The alpaca, South American ruminant, is a member of the camel family.

**European DPs Can't Take Aussie Heat**

CANBERRA — (AP) — A Canberra physician says many European migrants doing pick-a-n-shovel work are cracking up under the strain. Dr. Lewis W. Nott, superintendent of the Canberra Community Hospital, told a reporter many migrants—Balls and Poles—are showing signs of heart strain.

"Before they came to Australia they were in professional or other sedentary jobs," he said. "The people, coming from cool climates, are not standing up to laborious work in our heat."

"They would be better in the jobs for which they are trained." Displaced persons have come to Australia agreeing to work at government direction for two years. Many have been directed to laboring jobs.

**Black Fly Spread Halted in Mexico**

MEXICO CITY — (AP) — Mexico has made little headway in its fight to wipe out the black fly, which attacks citrus groves, authorities said. However, the nation recently has prevented its spread.

The fly has moved to within 500 miles of the Texas border and has stalled there for months. U.S. Department of Agriculture experts see little danger of spread to Texas.

**Asian Chaos Laid to U.S.**

WASHINGTON — (AP) — Philippine Ambassador Carlos Romulo told the 11-nation Far Eastern Commission that American "deliberation and irresolution" has halted the removal of reparations from Japan and is promoting "chaos" in Asia.

For eight months, Romulo declared, the transfer plans earmarked for other countries has been held up while the United States was "trying to make up its mind" on Japan's future role.

Romulo, Philippines delegate to the United Nations, said American "irresolution" has in turn prevented action by the commission, which sets overall policies for the occupation. He urged an early decision on three basic problems he said are closely linked—reparations, Japan's future industrial level, and its relations with other nations.

The Philippines has filed a war damage claim against Japan of \$5,350,000,000. Romulo said that up to last Dec. 25 the Philippines had received interim reparations valued at \$1,500,000. He declared continued delays or a change in policy "could throw our entire industrialization program out of gear."

**BRANIFF International AIRWAYS**

SMART

**Not for dumbbells!**

Each time this newspaper comes out it pays a compliment to your intelligence. It is not published for dumbbells. As are all American newspapers, this one is published for people like you who are smart enough to run households and businesses, to hold jobs and elect Presidents. People who can separate the wheat from the chaff in the day's news and come up with the right answers.

We are able to publish because you find in the newspaper the facts and opinions on which to base your thinking and shape your life.

The facts may be good or bad. Congress may veto a tax reduction. Rains may reduce the corn crop. How you react depends on your point of view. What you think is based on what you know.

Similarly, certain opinions may please. Others may displease. You approve the theories of one candidate for political office and deplore those of his opponent. You read both sides of a question and make your choice.

This newspaper prints all sorts of facts and all shades of opinion. It is our job to do so. Mixed with the news of weddings and wars and all the thousands of things about which you want to know are the views of legislators and educators, of labor leaders and businessmen, of conservatives and radicals.

There are those who oppose this kind of newspaper. To their thinking you should read a different kind—one that prints only the facts they want you to know—only the opinions they want you to believe.

Acting as committees with appealing titles, they are agitating for laws to limit publication of facts and opinions. They claim you cannot be trusted with all the news. What they mean is that, if they can keep you uninformed, they can steal your freedom.

Of course, they do not attack you directly. Their target is the newspaper. Because it is your main source of information they propose regulations to govern what the newspaper can print. They dress up their plans in noble-sounding sentiments.

But it all comes down to the same thing. They know that if they can control what you read, they can control what you know. When they control your mind, they control you.

The real attack is against you. Newspapers are a sort of front line. Their stake in a free press is no greater than yours because their right to publish is tied in inseparably with your right to read. Just as long as you are free to know—you are free. When your sources of information are gone, your freedom goes with them.

Your right to know is the key to all your liberties

**Pampa News**

**Scouts Plan Activities**

Many activities have been scheduled for the next 10 days for Boy Scouts of the Adobe Walls Area Council, Paul Beisenherz, council executive, said yesterday.

The monthly Santa Fe District Board of Review will be held at 7 p.m. tomorrow at the Scout office in the City Hall. Scouts will announce fulfillment of merit badges, Star, Life and Eagle awards. Other activities include:

- 10 to 11 a. m. Wednesday, den mothers training course. City Commission Room, City Hall.
- 7:30 p.m. Thursday, organizational meeting of new pack at First Baptist Church.
- 7:30 p.m. Monday, March 28, Court of Honor, District Court Room. Joe Gordon, chairman.
- 7 p.m. Tuesday, Executive Board meeting, Schneider Hotel.
- 10 to 11 a. m. Wednesday, den mothers training course, City Commission Room, City Hall.

**Chemists Will Hear Professor**

Dr. J. Reed Nielson, professor of physics at the Oklahoma University, will address the Panhandle Plains Section of the American Chemical Society at Amarillo Saturday at the Blackstone Hotel.

His lecture will be preceded by a 6:30 p.m. dinner to which the public as well as members of the society have been invited.

Dr. Nielson's address, "Highlights of Roman Spectroscopy," will be taken from his publications concerning spectroscopy and the Roman effect. Born in Copenhagen, Denmark, he studied physics under the well-known physicist, Dr. Bohr, at the University of Copenhagen.

Dr. Nielson instructed physics at the Royal Technical College in Copenhagen from 1918 to 1922. He came to the United States that year on an American and Scandinavian fellowship to work with Dr. R. A. Mullikan at the California Institute of Technology.

Soon after the work at the institution, he joined the faculty at Oklahoma University as research professor of physics.

**Payments to Jobless Hit Three-Year High**

WASHINGTON — (AP) — Government payments to unemployed workers hit \$1.5 billion in February, the highest total in three years, the Bureau of Employment Security reported.

The amount was more than \$8 million above January payments.

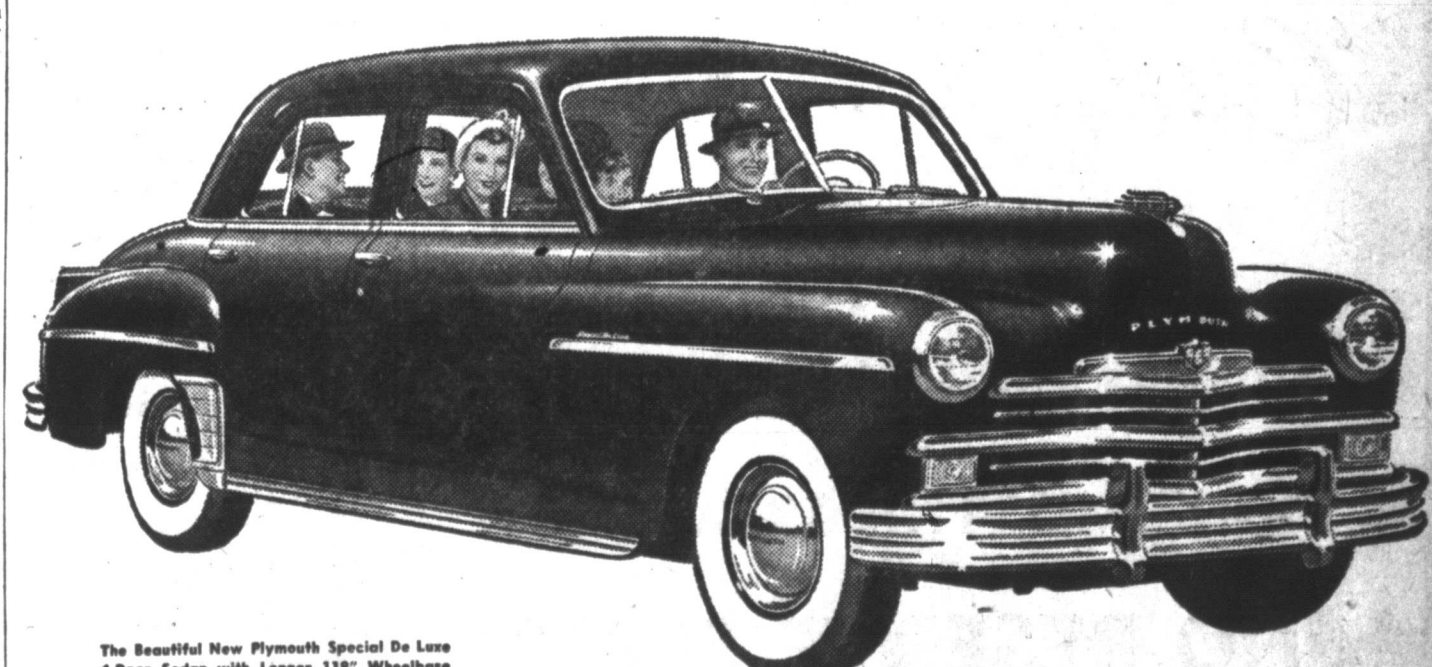

**Look at it, look into it!**

**SEE IT NOW**  
It's the great New Plymouth — engineered from the inside out to give you the greatest Plymouth value in history!

**Built to ride in**  
This great new car is the product of engineers who cling stubbornly to one idea! That new cars are made—above all else—to ride in. New features must combine to make motoring easier, safer, more pleasant. That's exactly what the great New Plymouth does!

**Its beauty belongs**  
The new beauty really belongs in the New Plymouth. The sweeping, new low lines mark the outer form of a car that's easy to drive, easy to park, easy to put in the garage. Fenders blend beautifully into the body, but they're separate and detachable for economical repair.

**Room you use**  
Outside dimensions have been reduced—to make driving easier. But inside—where you ride—those famous chair-height seats are even wider! Long legs stretch out, high hats stay put. Diagonally mounted rear shock absorbers reduce side sway. You ride in quiet comfort.

**Far better vision**  
Both windshield and rear window are larger in the New Plymouth. Your "eyeline" passes over the curving low hood to a clear, undistorted view of the road. In fact, the entire exterior of this car is designed to give you far better vision in all directions—day and night.

**More powerful engine**  
Newly designed cylinder head, higher compression ratio, new intake manifold—these new features combine to give the New Plymouth a livelier, more powerful engine. New chrome compression ring reduces wear on the cylinder walls, helps prolong engine life.

**MORE FOR YOUR MONEY**  
If you haven't seen this great new value car, stop at your Plymouth dealer's now. From bumper to bumper it's a greatly improved Plymouth. And millions of motorists know that when you improve Plymouth—you've got an automobile!

NOW THERE'S MORE DIFFERENCE THAN EVER IN LOW-PRICED CARS—AND THE GREAT NEW PLYMOUTH MAKES THE DIFFERENCE!

ALL GREAT BUYS

**JEEP PRICE CUT**  
TOLEDO, O. — (AP) — Willys-Overland Motors announced price cuts ranging from \$25 to \$270 in its entire line of jeeps, passenger cars and trucks.

**SMALLPOX IN JAVA**  
BATAVIA, Java (AP) — A smallpox epidemic has resulted in 269 deaths in Batavia in the past six weeks.

The Mid-Continent District API Division of Production is holding its annual meeting in Tulsa, Okla., March 23-25, at the Mayo Hotel. Registration begins at 8 a.m. Wednesday, a fee of \$3.50 being charged for advance papers for each registrant. Several of the leading authorities on oil production problems will speak at the meeting, including Pampa's own Fred Neslage, of the West Pampa Repressuring Association. His topic will be "Gas Injection in Dolomite Reservoir." If you plan to go, be sure to send for your hotel reservation direct to the hotel, but be sure to indicate that you will be there to attend the API meeting.

It is welcome news to this column to learn that action is being taken on the Pampa-Perryton highway. I have been reliably informed the road is now passable from Pampa to the river and from Perryton to the river. Grading and surveying is still in progress. There are plenty of rough spots in the road as yet, and it certainly couldn't be recommended for pleasure driving in its present condition, but it is good to know that work is progressing.

The Gulf Oil's new location in Ochiltree County adds fire to the current rumors regarding the new field being promoted in the Panhandle area. This gives the Gulf Company at least four deep test wells in the area, and close scrutiny as to the pattern of their locations will certainly show selection of drilling sites. The Gulf-Porter in Lipscomb County has not created too much interest, but it is still going down, and rumors do pop

up occasionally regarding that well. This new site is directly north of the Sinclair-Lipps well about two miles. It is about 21 miles south of Perryton.

What of the Sinclair-Lipps? It has certainly been a rumor source all through the past week. Last information indicated the well was being swabbed about 3000 feet from the surface, and they are preparing to reperfurate for further test. Bottom test on the well was at about 9100. No information is obtainable at present as to whether this pay is in the Mississippi or Pennsylvania formations, although a previous well-based rumor placed it in the Mississippi. This is unusual in this section of the country and could certainly indicate a good discovery. You correspondent has been informed by Sinclair-Prairie's Geological Department that all official information will be made to all papers at the same time. You can depend on having that information passed on to you as soon as possible. That could be at any moment.

Old Tack has been having some friendly arguments with both oil executives and farmers in the area regarding the present practice of some companies to drill "tight" holes. He does not care to get into any verbal discussion with Gene Howe. His years of experience in writing gives him the prerogative to state his position, and one can easily see that he has stated logical truths in his position. However, it is this column's opinion that whenever a company goes to the expense required to drill these deep tests, the information they learn should remain their property until they choose to release it.

The Phillips-Jenkie and Caruth wells were good examples. Absolutely nothing could be learned about them at the time of drilling. However, only recently the company gave permission for the information to be released, and it was made available to the public to the best of our ability.

As far as the landowner is concerned, it has always been this writer's experience to find that a "tight" hole only increased the chances to obtain more leads. It is a fact of the psychology of a "tight" hole that gives it added interest. Proof of this is evident in the comparison in the publicity given to the Jenkie and the Kathryn wells, both drilled by Phillips. The Jenkie, a "tight" hole, was a subject of discussion and rumor talk through its entire operational life. Little was said of the Kathryn in Sherman County, until the test was made and it indicated a good discovery. Information on that well was obtainable at any time. Anyone who wished could visit the rig and make observations at any time. I wonder if one landowner had any advantage over the other in this circumstance.

Deep tests and wildcats: Gulf-Porter, Lipscomb County, drilling at around 11,500 feet; the Gulf-Collard, Hansford County, coring at 5448 feet; the Shamrock-Freeman, Dallam County, coring on material on the Joel Moore Survey; the Phillips-Kathryn testing at about 5100; the Humble-Nanny, Swisher County, drilling at 3500; the Hooper-Duke, Oldham County, shut down at 100 feet, waiting to move in rotary; the Honold-Ponder, Deaf Smith County, drilling at about 3400 feet; and the Pickman-Farmer, Collingsworth County, shut down at a depth of 2910 feet.

## Intent to Drill Notices Are Filed on Nine New Locations

Nine new intent to drill notices were filed with the local Oil and Gas Office of the State Railroad Commission during the past week according to a report issued yesterday by officials of that office. Of special interest in the new locations is the one made by Gulf Oil Corporation, the P. A. Harbaugh, number one, which is about 21 miles south of Perryton. This well is in the vicinity of the Sinclair-Lipps well in Roberts County, being about two miles north of that well, and is in Ochiltree County.

Hutchinson County filed the majority of intents during the week, having filed on four new locations. Gray County and Moore County each filed on two.

**INTENTION TO DRILL:**  
Gray County - Christie-Hickman, E. E. Gething No. 8, H & GN Survey, 330' from N and E lines of lease Sec. 48, Bl. A-9, 4 miles NE of Lefors. 8 Kelly Oil Company, E. E. ## War Controls Lifted From Oak Ridge

OAK RIDGE, Tenn. — (AP) — Oak Ridge entered a new era yesterday — an era as a free American city. The war-born atomic city was formally opened to the public without passes for the first time at 7:48 a. m. CST.

An atomic-generated electric impulse, the first ever transmitted by wire, burned a ribbon at one of the town's four gates — and thousands of persons immediately began flocking into the town which had been one of the country's most closely guarded areas in history. The visitors saw little evidence of the atomic developments for which this city is famous.

For, at the same instant the magnesium and potassium chlorate-treated ribbon went up in a little puff of smoke, the new security regulations went into effect for the city's producing uranium. The atomic bomb is now given a more closely than ever by a 14-mile fence newly erected to keep out the curious.

The burning of the ribbon was also the signal for a day of celebrating with Washington and Hollywood celebrities joining Oak Ridge residents in the festivities for this city of 36,000 population. The day-long celebrations were climaxed with an address by Vice President Alben W. Barkley and Atomic Energy Commission Chairman David E. Lilienthal. Gov. Gordon Browning and American Legion National Commander Perry Brown spoke also.

**TURKEY PLANS ALLIANCE**  
ISTANBUL, Turkey — (AP) — Turkish Foreign Minister Neccmeddin Sedak is expected to go to Washington soon to talk over a proposed Mediterranean defense alliance.

## 8 Reported Completions

Eight new oil wells were completed in the Panhandle Area during the past week, officials of the local Oil and Gas Office of the Railroad Commission reported yesterday.

All of the completions were in Hutchinson County, with the exception of one in Gray County, and one in Carson County.

Cabot Carbon Co., No. 15, R. C. Ware, located 290 feet from E and S lines of Section 103, Block A-8, H & GN Survey, tested 170 barrels of oil in a 24 hour test. Top of pay 3060 feet. Total depth 3123 feet.

Gray County No. 6, Gething, located 330 feet from N and E lines NW-4 Section 13, Block A-8, H & GN Survey, tested 170 barrels of oil in a 24 hour test. Top of pay 2669 feet. Total depth 2725.

Hutchinson County  
Big Chief Drilling Co., No. 1, Herring, located 330 feet from E and 1650 feet from N lines lease Section 1, Block J, TWNG Survey, tested 80 barrels of oil in a 24 hour test. Top of pay 3225 feet. Total depth 3124 feet.

Continental Oil Co. No. 4, W. A. Carver, located 330 feet from E and 330 feet from E lines of Lot 25, Block 7, J. J. Hale Survey, tested 190 barrels of oil in a 24 hour test. Top of pay 3251 feet. Total depth 3274 feet.

Dolomite Production Co., No. 15, Perkins, located 330 feet from W and 1551 feet from N lines of lease, J. McDaniel Survey, tested 18 barrels of oil in a 24 hour test. Top of pay 3026 feet. Total depth 3115 feet.

**NEW GAS COMPLETIONS:**  
Carson County-Southwest Production Co., Sinclair-Perical No. 1-A, Sec. 199, Blk. 3, I & GN Survey, Potential 6,300 MCF R. P. 143 Pay 2702'-2963'  
Gray County-Sale Oil Company, Perkins-Cullum No. A-1, Sec. 46, Blk. 25, H & GN Survey, Potential 850 MCF R. P. 209.5 Pay 2250'-2390'  
Moore County-Kerr-McGee Oil Ind., Wilson No. 1-A, Sec. 209, Blk. 3-T, T & NO Survey, Potential 128,000 MCF R. P. 249 Pay 2755' - 3195'  
Wheeler County - Warren Oil Corporation, Mrs. Ella Bradley No. 1-B, Sec. 46, Blk. 17 H & GN Survey, Potential 1,780 MCF R. P. 180 Pay 1925' - 2003'

## March 31 Pullman Strike May Be Halted

CHICAGO — (AP) — A nationwide strike on March 31 of 2,500 Pullman car conductors may be postponed if government mediators intervene in the dispute, says a rail union official.

A. G. Wise, executive vice president of the Order of Railway Conductors, said the walkout may be delayed by intervention of the National (Railway) Mediation Board.

## Skelton Reviews Texas Oil News

By MAX B. SKELTON  
HOUSTON — (AP) — Talk of crude oil price reductions grows stronger but oilmen still have hopes of holding the line.

Improvement is indicated in petroleum stocks which late last year suddenly became flooded after the industry had spent many months fighting to keep supply at least even with demand.

That improvement, small as it might be, came through the painful act of slashing domestic crude production by approximately 500,000 barrels domestic since December. But crude price cuts would be even more painful. That is why, with few exceptions, the industry is cooperating hand-in-hand with state conservation officials who must adjust production allowances to meet market demand.

Many stormy sessions have been experienced in the past by the Texas Railroad Commission at its statewide allowable hearings. There have been few, however, as peaceful as that of Tuesday when the commission used an axe to lop four consecutive months in slashing the state's crude output another 234,211 barrels daily in April.

That will make a Texas cut of 750,000 barrels daily since Jan. 1. There was, of course, no discussion of current or future crude production when the commission increased foreign crude imports dominated, while operators, purchasers and commissioners agreeing practically unanimously another Texas cut was essential.

Fred Shield, president of the Independent Petroleum Association of America, advised the commission he thinks the battle with surplus stocks possibly can be won by June.

"If we hold the (storage) line another two months we might get out of this thing," he said.

Ralph Dietler, chairman of the board, Standard Oil Purchasing Company, Tulsa, Okla., also expressed hope of a brighter situation before many weeks.

In recommending another reduction in West Texas production, Dietler said "we are living in constant hope of improvement, but we don't look for it in April."

Claude Barrow, oil editor of Oklahoma City's Daily Oklahoman, last week said Eastern gossip is that prices probably will be cut this summer.

Then he commented: "There is not likely to be a price cut while legislatures are in session, nor while Congressional committees are looking or something else is being investigated."

Crude stocks were said to total 262 million barrels, an increase of 43 million since March 13, 1948. Last year's imports were placed at 129,629,134 barrels compared with 97,532,000 in 1947.

Daily average imports last year were said to have increased 33 percent over the previous year. Imports in 1948 were credited as follows: Venezuela 94,630,772 barrels or 259,286 barrels daily; Saudi-Arabia 10,694,710 or 29,300 barrels; Colombia 8,848,685 or 23,695 barrels; Kuwait 7,430,606 or 20,358 barrels; Mexico 4,182,007 or 11,457 barrels; Iran 3,377,981 or 9,252 barrels; and Iraq 655,760 or 1,796 barrels daily.

Meanwhile, the American Petroleum Institute reports domestic production dropped another 63,450 barrels to a daily average of 5,123,350 for the week ending March 12.

The statistical report, however, gave the first decline in six weeks for stocks of finished and unfinished gasoline. After reaching a record of 126,226,000 barrels the previous week, gasoline had dropped to 125,801,000.

Refinery crude runs to stills also declined 63,000 barrels daily.

## Flying Farmers Elect Area Men

By The Associated Press  
Three men from the Panhandle area were elected to posts in the Texas Flying Farmers Association at the annual business meeting of the organization at Kingsville Friday.

Herbert Hunt of Claude was elected one of the group's two national directors; M. F. Callihan of Panhandle was named director of District One; and Claude Hutcherson of Plainview was elected to the Legislative Committee.

The flying farmers plan to tour the Rio Grande Valley today. Other officers elected were: E. M. (Tex) Anderson of Medina, president; James N. Whaley, Gainsville, first vice president; W. K. Hulse, Tulsa, second vice president; Anna Lee Jameson, Spofford, secretary-treasurer; and Anderson and Hunt, national directors.

Oil says crude production in Saudi Arabia averaged 827,860 barrels daily in January-February ... In Washington, the House Armed Services Committee has approved a proposal for unitization of a 3600-acre Naval petroleum reserve in California, the area now operated by five companies.

## Daughter to Sister

LONDON — (AP) — A baby girl became her mother's sister in the eyes of the law. Chancery Court authorized a couple's adoption of an illegitimate child born recently to their daughter.

Niagara Falls has become the leading electro-chemical and electro-metallurgical manufacturing center of the nation.

**Ways to Save**  
If you were a Tahitian native you would "save for a rainy day" by sun drying sea cucumbers, or rori, which have a ready market in China for use in making soup. Rori are thumb-sized and shaped jelly fish that have such a powerful smell when being dried that they must be kept "down wind" from the village. They are very tough when dried and require hours of cooking, but are said to have a marvelous flavor.

### ERROR

(Continued from Page 1) ing on between the County Commissioners' Court and the road's opponents since December, 1947, and has grown more heated and bitter as time went by. The five-mile stretch was to be paved by joint contributions from the county and the state on a 75-25 basis.

### COMMITTEE

(Continued from Page 1) time they choose to. Paul V. Betters, executive director of the U.S. Conference of Mayors, said that group will oppose the House provision at a three-day meeting opening in Washington Monday. He said many cities under state law would have no legal power to decontrol. The conference also is expected to repeat its earlier demand for appropriation of property deemed necessary for the present housing shortage is alleviated.

### FEDERATION

(Continued from Page 1) meet next month in "an all German unity conference." The appeal got a cold reception. The Communists obviously did not believe the appeal would be accepted. It was regarded as a maneuver to ward off charges that they were splitting Germany by creating the East German state. It also appeared aimed at disrupting the work of the Bonn constituent assembly. The Communist Constitution says private property is guaranteed — but adds that property of "war mongers" can be expropriated without compensation. It provides for compensated expropriation of property deemed necessary for the general welfare. It says free speech is guaranteed — except for war propaganda "and similar matters."

### PLAN

(Continued from Page 1) in Europe if necessary to block conquest of the continent by an aggressor. This would be true under the treaty, according to the argument, even though Congress might not declare war is wholly unrestricted by the pact. The actual extent of the commitment seems certain to be a major issue for debate when the treaty goes to the Senate for approval (needing a two-thirds vote) soon after it is signed. Senator Donnell (R-Mo) said again that "if the pact contains a moral commitment to fight, it should not be entered into by this country."

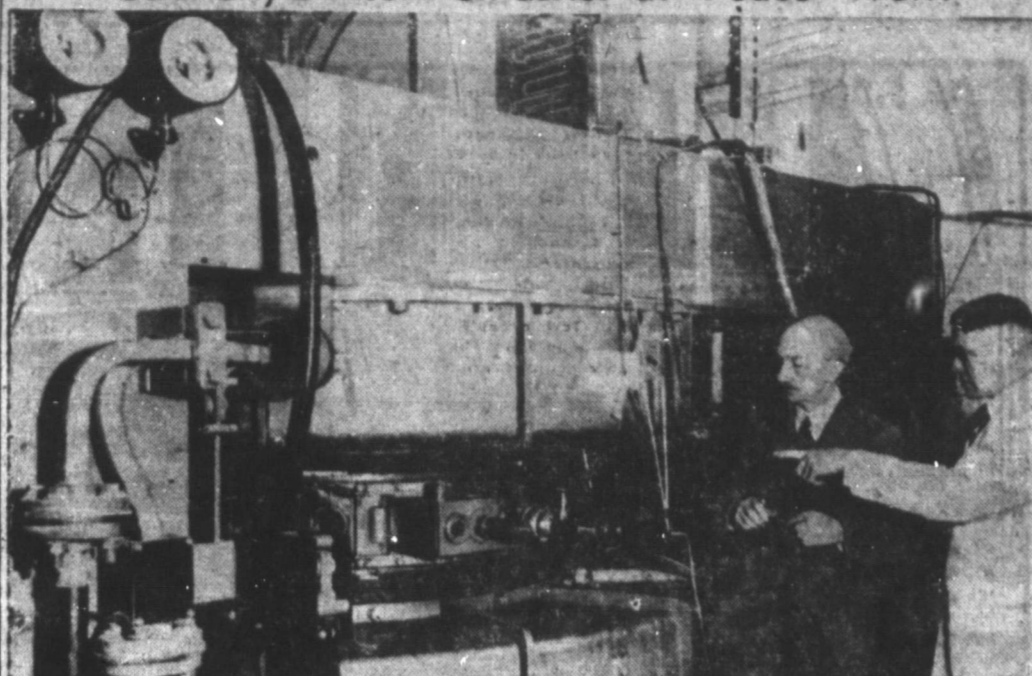

### WOMAN

(Continued from Page 1) In June. Mrs. Jack Plemons, 29, one of Mrs. Gillis' two daughters, taught music until 1947. She has two children. The other daughter, Mrs. Evelyn Gray, 25, is married and has one child. Runner-up to Mrs. Gillis in the balloting for Texas mother was Mrs. J. H. Moore of Deport, president of the Texas Congress of Parents and Teachers. Others in contention were Mrs. August Krueger, Meridian, president of the Texas Spastic Circle; and Miss Randolph Lee Clark, Cisco; O. R. Cook, Post, and Nannie Partlow, Liberty.

### Dogs Outnumber People 3 to 1

GUADALUPE, Calif. — (AP) — Guadalupe has gone to the dogs. City Clerk Lorraine Spicer makes this census report to the City Council: Population: Humans, 3,000; dogs, 9,000. Someone cut the fence at the pound a while back. When city officials announced that stray dogs would be shot if not redeemed, Santa Barbara's Humane Society sent a representative here to say it is illegal to shoot dogs. So the dogs have been increasing, although only 10 have been licensed this year. Mayor Paul Carlin says everybody knows about the city's plight. Motorists drive up here, leave their dogs, the motorists don't stay, so the population is getting badly out of balance.

### Germany's Atom Smasher at 'Peace' Work

Dr. Walter Bothe, left, Germany's senior nuclear physicist, explains Heidelberg University's 12-million-volt cyclotron to a cancer specialist. The atom-smashing machine, only one in Germany to survive the war, is being used for "peaceful research" with permission of the U. S. Allied scientists say it would take Germany at least 100,000 years to produce a single atom bomb with the cyclotron, which has about 1/20th the volt capacity of American machines.

### Safety Film Financed by Local Firms

"Death" rode the highway Saturday afternoon about one mile south of Pampa—in the interest of public safety. Earlier Saturday a "drunk driver" was picked up and brought into the Sheriff's Office. But the "runk" was a professional actor and the "deceased" Mr. and Mrs. Charles Duenkel, Jr., came back to life after the filming of the public safety shorts was finished. For two days the Sheriff's Department, and Robert Sims, professional motion picture director from Dallas, worked on arrangements for making the pictures. Part of the scenes were shot Friday in the County Jail when the "drunk driver" was jailed. Saturday morning the remainder of the drunk-driver short was taken in and around Pampa. In the afternoon, Mr. and Mrs. Duenkel "died" in a crash on Highway 70 during the filming of the short on speeding. Sheriff G. H. "Skinner" Kyle will leave soon for Dallas for special photographic work to complete the shorts. Two 35 millimeter copies of each short will be made for theaters and one 16 millimeter copy of each film will be made for organization use. The motion pictures were sponsored by the Gray County Sheriff's Department and financed by 14 local business firms. Those donating to the safety pictures were: Peg's Cab, J. C. Daniels, Columbian Carbon Co., American Legion, VFW-DAV, Poston Pipe and Metal Works, and Johnson's Cafe, \$200 each; Jones-Everett Machine Works, Rock Glycerine Co., Beacon Supply Co., \$50 each; Osborne and Graham, Long's Hotel, \$25 each; Western Supply Co., H. H. Heiskell, \$20 each; Texas Pipe and Metal Co., Atlas Tank Co., \$15 each; Standard Pipe Co., \$10. When the pictures are completed they will be run in local theaters for several weeks.

### Man, 82, Dies at Home of Daughter

Oliver R. Gilreath, 82, a retired farmer of near Fort Worth, died at 2:30 p. m. yesterday at the home of his daughter, Mrs. R. V. Lewis, in the Cabot-Kitch plant. Mr. Gilreath had been a resident of Fort Worth for the past 60 years, and had been here about five weeks. In addition to his wife, Lillie Mae, he is survived by 12 living children. His daughters are: Mrs. Belle Wicker and Mrs. S. P. Henderson, both of Fort Worth; Mrs. Lewis and Mrs. R. S. Huggins, both of Pampa. His sons are: Joe Manuel, Beedie and M. A. Gilreath of Fort Worth; F. W. and A. T. Gilreath of Pampa; L. M. Gilreath of Skellytown, and Theodore of Martinez, Calif. Three children preceded him in death. He is also survived by 16 grandchildren and six great-grandchildren. Mr. Gilreath was a member of the Fundamental Baptist Church of Decatur, Texas. The body was sent by the Duenkel-Carmichael Funeral Home to Fort Worth yesterday morning where funeral services will be held Monday. Burial will be at Alvarado, Texas.

### Victims Describe Lightning Effects

LONDON — (AP) — Ever wonder what it's like to be struck by lightning? Then listen to some folks who were. 1—"You drop unconscious as if pole-axed." 2—"You stagger around seeing stars or bright lights, then fall senseless." 3—"You remain conscious, but feel like you're floating on air." These reactions by people who survived the experience are cited in the Lancet, authoritative British medical journal, by two army doctors, Majors M. J. Lynch and P. H. Shorthouse. Certain Mongolian tribes use salt in their tea.

### No Matter How Thin It's Sliced, It's Not Enough

LONDON — (AP) — British butchers meet Thursday to decide how thin they can slice meat to give Britons the reduced rations of ten pence worth each week. Ten pence is 16.3 cents. The labor government cut the ration 20 percent this week, effective March 27. They blamed lagging Argentine deliveries. Of the ration, one fifth or 2.28 cents worth, must be in corned beef. Even the sharpest razors won't slice it that thin, the butchers say. The Butchers Association of Great Britain also will talk over a plan by which Britons should buy meat only once in two weeks, so it could be sold in respectable hunks, provided of course, the family had enough ration coupons. Another suggestion is that the butchers trim off more fat. The ration allows Britons about one sparse meat meal a week. "We will do the best we can," the butchers' organization said. They added times are hard for them, too.

### High School Asks for Sale of Texas Cotton

AUSTIN — (AP) — If someone wants to donate a bale of cotton, the Austin Chamber of Commerce will fill a Texas-size request from the Senior Class of Euclid, Ohio, High School. Needing props for a class play, director Robert Bennett asked the Austin organization to send along a bale of cotton, a 10-gallon hat, an honorary Texas Ranger badge, and a crate of grapefruit. Local CC officials figured they could rustle everything except the cotton bale, currently worth about \$160.

### Illiterate Man Held On Forgery Charge

CROCKETT — (AP) — Officers here today held on a forgery charge, a man who said he was illiterate. The man had overcome this handicap, however. He had persuaded a woman companion to sign the checks for him. The coaxial cable between New York City and Albany, N.Y., which is no thicker than a man's wrist, can handle 1800 telephone conversations at the same time.

### GOP Says Law Writing 'Legitimate'

WASHINGTON — (AP) — Republicans said it was "perfectly legitimate" for the GOP National Committee to have footed a \$7,500 bill for wording half of the disputed Taft-Hartley law. Democrats said they were "amused." The inside story of the payment was unfolded for the first time Friday by Gerald D. Morgan, Washington lawyer and the man who got the money for helping to write the Hartley bill, a House measure which became part of the Taft-Hartley Act. Morgan told the story to a House labor subcommittee. Under Democratic bombardment Morgan said he was not an author of the law, merely a "technician." He said Republican congressmen supplied the ideas and policy and he supplied the proper legal language. Testifying in a husky voice, Morgan said he is not now and "I never have been" employed by the National Association of Manufacturers. Labor leaders and many Democrats have said the Taft-Hartley law, especially the Hartley bill passed by the House in 1947, was written by the NAAM. Republicans have said that isn't so. President Truman and the administration are committed to outright repeal. They want to bring back the Wagner Labor Act which preceded Taft-Hartley — with some additions. A bill to accomplish that is before the House subcommittee.

### Cigarette Sparks Cause Car Fire

Sparks from a cigarette at 8:30 last night ignited the front seat and seat cushion of an automobile owned by S. F. Senter near Myrtle's Cafe, 1210 S. Barnes. Fire Chief Ernest Wimborne said only the booster line was used to extinguish the flames. The call came from the cafe, he said. No estimate was made on the damage.

### Substitute Pension Bill Being Sought

WASHINGTON — (AP) — Congressional foes of the multi-billion dollar Rankin pension bill primed drive to sidetrack it for a less costly substitute. With the controversial bill offered by Rep. Rankin (D-Miss) scheduled for consideration in the House next Tuesday, Rep. Huber (D-Ohio) disclosed plans to amend it drastically by: 1. Limiting pension benefits at this time to veterans of World War I. 2. Establishing financial need as a requirement for eligibility. 3. Requiring honorable discharge from the service. 4. Extending increased benefits to disabled veterans. Some indications of its savings however, was to be found in VA figures showing that of the 18 million veterans of both World Wars I and II, all but about 4 million are younger veterans who would not be eligible for pensions under the present bill until 25 or 30 years from now. That bill provides monthly pensions of \$90 to all veterans reaching age 65, regardless of need. Huber said he proposes to retain the \$90-a-65 benefit.

### Laycock Is Speaker At Skellytown

Huey Laycock, county superintendent of schools, addressed members of the Skellytown P-TA Thursday on "Home, the Place to Develop Responsibility and Citizenship." Approximately 150 members attended the meeting at the Skellytown School. Following the business session, the grade school band presented several numbers. Although the harbor of Buffalo, N.Y., is frozen over four or five months a year, it handles more than 16,000,000 tons of water-borne freight annually.

### Negro Mother Gets \$200 Gift

CHICAGO — (AP) — A Negro mother and her three small children received an unexpected gift of \$200. It was the annual Saint Dismas award started in 1943 by friends of the late Dempster Mac Murphy, former utilities executive and business manager of the Chicago Daily News. It was Mac Murphy who, before his death in 1939, adopted Dismas, the legendary name of the "good thief" who died on Calvary beside Christ, as his patron saint and publicized the forgotten holy man. Members of the Dempster Mac Murphy Post of the American Legion have carried on with the idea, making the "no strings" gift each year to somebody who's been having a hard time of it. This year, the recipient was Mrs. Leona Mosley, 29, who lives in a basement apartment at 1908 Warren Blvd. with her children Rosa Lee, 4, Kenneth, 3, and Curtis, 1. Mrs. Mosley said her husband has been in prison for over a year and she lives on a \$92 monthly relief allotment. William Sabia and Joseph R. Orticco, officials of the Legion post, presented the gift.

### Alleged Thief Keeps Modesty With Loot

SANTA MONICA, Calif. — (AP) — Nancy Harrington, 29, was convicted Friday of petty theft — stealing an outfit belonging to Mrs. Blance Bell. Yesterday she came to court for sentence, wearing the garb. "I suggest," the prosecutor said, "that Miss Harrington be ordered to return the clothes to Mrs. Bell forthwith." The courtroom crowd liked the idea, particularly the word "forthwith." But not Nancy. "No sir," she retorted. "These are my clothes. I'm going to keep on wearing them." Back she went to her cell, pending a probation hearing. She was still fully clothed.

### Red Trial Gets Busy Tomorrow

NEW YORK — (AP) — The court battle which may decide the legal status of the American Communist Party finally will get down to brass tacks Monday — in the 10th week of the trial. With a jury at last in the box and countless defense motions disposed of, the government will outline in an opening statement the case it seeks to prove against 11 top U.S. Communist leaders. It is the first case against the high command of the Communist Party ever tried in this country. Federal Judge Harold R. Medina has insisted the defendants are being tried as individuals, not as Communists or Communist Party members. But the indictment says the defendants conspired "to organize as the Communist Party of the United States of America a society, group, and assembly of persons who teach and advocate the overthrow and destruction of the government of the United States by force and violence." It charges they brought about "basing said party upon the principles of Marxism-Leninism." Thus, if the government wins a conviction, the future of the extreme left-wing party in this country is sure to be affected vitally. Some observers have suggested it may seek to go underground.

### WHALES FOR BRITONS

LONDON — (AP) — Britain will receive its first seasonal shipment of whale meat canned in the Antarctic when the 6,000-ton refrigerating whaler, Ketos, docks at Newcastle next week. Several New York counties are larger in area than Rhode Island or Delaware.

### Texas League Gets Busy Tomorrow

By The Associated Press Texas League baseball got in some pre-race against each other yesterday exhibition games. Beaumont squeaked by Da. 6-5, at Cuero, and Houston beat San Antonio, 8-5, at Seguin. In a third contest, Shreveport, swamped the semi-pro Vivian, La., Pelicans at Vivian, 19-1. The Sports collected seven home runs for Dallas. But four hits, two walks, a wild pitch and an error gave Beaumont five runs in the seventh. Another in the eighth was enough. Manager Del Wilber hit a home run and a triple to lead Houston to victory. His home run came with one aboard and his triple drove in two more tallies.

## Stock Drops on Tons

URGENT, Pa. — (AP) —  
on's coal stockpile was  
a little more than 60  
tons today, but industrial  
gave no signs of worry.

about 70 million tons were  
above ground last Monday when  
miners east of the Mississippi  
quit the pits on orders of John  
L. Lewis, fiery head of the United  
Mine Workers.

The reduction of the stockpile  
has had little effect on the na-  
tion's economy as a whole.  
Aside from 463,000 idle miners  
and 67,000 workers furloughed by  
coal-hauling railroads there has  
been little unemployment result-  
ing from the stoppage.

## Fossils Found Near Lefors Cause of Much Comment

By MRS. L. R. SPENCE  
News Correspondent

LEFORS — (Special) — Alfred  
Bennett, gravel company crane  
operator, recently exca-  
vated a number of fossils near  
here that have caused a good deal  
of comment.

Mr. Bennett, who says he would  
like to know more about pre-  
historic man and animals, says he  
will send pictures of his find to  
Smithsonian Institution, or the  
American Museum of Natural  
History for opinions on what  
the fossils mean.

He dug up the fossils on the  
J. E. Williams ranch two miles  
southeast of Lefors several weeks

PANHANDLE FOSSILS—Shown above are some of the fossils found by Alfred Bennett while excavating gravel on the J. E. Williams ranch near Lefors. A molar, larger than man's of today, is seen in bottom row, second object from right. Mr. Bennett's hand is pointed downward toward a part of a tusk.

ago. They were found about six  
feet underground, lying atop a  
solid mass of earth, no rock.  
This would indicate, he said he  
had been told, that the six feet  
of earth had been deposited on  
top of the bones over a period of  
many years.

Among the fossils is a molar  
tooth which is seven inches by  
three inches. It has an extremely  
high polish and is in a state of  
perfect preservation. At the time  
it was found it was still attached  
to the part of a lower jawbone.

A large tusk measuring 17  
inches in circumference was  
broken in several pieces as the  
"clam shell" chewed it from its  
ancient resting place. And a gi-  
gantic thigh bone was nearby.  
These are probably the remains  
of a mammoth of the Paleolithic  
Period (50,000 B.C.), according to  
opinion expressed by some stu-  
dents who viewed the discovery.

The most unusual thing about  
these unearthings was the finding  
of what appeared to be the pelvic  
bones of a human, and nearby  
was discovered a polished stone  
axe-head that is a perfect replica  
of that swung by the comic strip  
hero, the redoubtable "Alley  
Oop." This would indicate that  
Neolithic Man (10,000 to 12,000  
B.C.) was either in the same  
locale as the mammoth, or his  
remains were pushed into the  
same rocky grave thousands of  
years later by the steady pushing  
and grinding of glaciers of the  
Great Ice Age which covered  
4,000,000 square miles in North  
America and 2,000,000 square  
miles in Northern Europe.

Archaeologists believe that dur-  
ing the Glacial Age the ice came  
no nearer to the Texas Pan-  
handle than Northeastern Kansas,  
while geologists believe this par-  
ticular section was once under  
water for ages. These findings  
seem to contradict both theories.

### Amarillo Named To Woodmen Post

LAREDO — (AP) — R. E. McGee  
of Amarillo was named one of  
five head auditors Friday after-  
noon as the Texas Woodmen of  
the World wound up their con-  
vention here a day ahead of  
schedule.

Early election and installation  
of officers allowed closing of the  
convention one day earlier than  
planned, and many of the mem-  
bers used their spare time yes-  
terday for a side trip to Monter-  
rey, Mexico.

Installed Friday afternoon were  
these officers: Roy Mahaney,  
Fort Worth, head consul; C. L.  
Lambert, Houston, adviser; F. R.  
Parker, Wichita Falls, banker;  
Paul G. Miller, San Antonio,  
clerk; Manuel G. Vela, Laredo,  
escort; C. W. Davis, Pampa,  
watchman; J. C. Stewart, Chireno,  
sentry; J. A. Coleman,  
Zitico, Harry Everett, Texarkana;  
D. K. Start, Port Lavaca, and  
F. J. Abrego, Jr., San Antonio,  
head auditors.

### Newcomer Is Kiwanis Member

Pinky Sims, manager of the  
Blackburn-Shaw-Sims Funeral  
Home here, was installed Friday  
noon as a member of the Pampa  
Kiwanis Club. He came here a  
few weeks ago from Amarillo.

Friday's program was under  
the direction of A. C. Troop, of  
the Inter-Club Relations Commit-  
tee. It was presented by the  
Lions Club, E. O. Wedgeworth  
serving as master-of-ceremonies.

Some phases of the Lions'   
minstrel were presented. Among  
guests were the Caporettes, of  
TSCW, Denton.

Diameters of planets range from 3,000 miles, in the case of Mercury, to 88,000 miles, in the case of Jupiter. Although there is some debate on the origin of meteorites, they are probably remains of masses circulating about the sun. The largest known meteorite ever to fall, hit an uninhabited portion of Siberia in 1908 and weighed 40,000 tons. Mercury, the planet nearest the earth, is only 3,000 miles in diameter, which makes it the smallest among planets.

The modern design for '39

## AGAIN... The newest of them all! Come in - compare...see why Hudson is today's best buy

Visit the showrooms—peek, poke and pry!  
The more you see, the surer you'll be  
that Hudson is the automobile you've been  
dreaming about!

In Hudson, you get the car millions vote Amer-  
ica's most beautiful! And no wonder. Here is  
the only car with the "step-down" principle.  
This new way of building automobiles is so  
basically right it frees designers of the need for  
"warmed-over" styling, enables Hudson to  
achieve wonderfully symmetrical lines!

What's more, Hudson gives you glorious room!  
Because you step down into the lowest-built

car on the highway, Hudson has amazing head  
room and the roomiest seats in any mass-  
produced automobile built today! And all this  
with full road clearance!

And ride! Hudson brings you a sweet, steady  
ride you can't match at any price! This auto-  
mobile has the lowest center of gravity in any  
American stock car! That's where Hudson gets  
its smooth, hug-the-road way of going!

There's performance—and how! Hudson's all-  
new, high-compression Super-Six engine—the  
most powerful of all American-built sizes—or  
the masterful Super-Eight get every chance to  
perform at their economical and brilliant best  
because this car is so low-built, so streamlined!

We invite you to come in . . . to see—drive—  
compare the New Hudson—the automobile  
that is so far ahead it is a protected investment  
in motor-car value!

\*The advantages in Hudson's "Step-Down" design are ex-  
plained in a booklet available at all Hudson dealers.

## Melva Morrison and Jesse Toland Exchange Vows in Home Ceremony

**SHAMROCK (Special)—**In a candlelight service, Friday evening at the home of Mr. and Mrs. W. J. Morrison, Melva Ray Morrison, daughter of Mr. and Mrs. Bud Miller, became the bride of Jesse Ray Toland, son of Mr. and Mrs. Jim H. Toland of Granite, Okla.

Nuptial vows were exchanged as the couple knelt on a white satin prie-dieu before an arch entwined with huckleberry, flanked on either side by tall candelabra bearing white cathedral tapers. White floor baskets filled with white stock completed the setting. The Rev. Edw. C. Derr, pastor of the First Baptist Church, officiated at the single-ring service.

Mrs. H. A. Gillespie sang "O Promise Me" and "I Love You Truly." Canticles were "Lighted by Miss Willie Massey and Miss Gladys Grabel."

The couple will make their home at 1009 North Houston street.

About 50 relatives and friends attended the wedding and reception. Out-of-town guests included: Mrs. Maude Gage and Mrs. Ella Kitchen of Littlefield; Mr. and Mrs. J. Miller of Mangum, Okla.; Mr. and Mrs. Devon Brigan of Borger.

Following the ceremony, a reception was held. Miss Jewel Vinyard had charge of the guest book.

The refreshment table, laid with a white cloth, was centered with a pink heart which was edged with a lace filter and inscribed with "Melva Ray and Jesse Ray" in letters of gold.

A nosegay of pink carnations and lighted tapers completed the arrangements.

The three-tiered wedding cake, topped with a miniature bride and groom, was served by Miss Bernice Smith. Mrs. James Miller, sister-in-law of the bride, presided at the silver coffee service.

## Mrs. Joe Key Presents a Book Review at Parent Education Club

Parent Education Club members were guests Tuesday afternoon in the home of Mrs. Bob Gordon, 1109 E. Francis. After a short business discussion led by the president, Mrs. N. Dudley Steele, Mrs. Joe Key presented a book review on "Release from Nervous Tension," by David Harold Fink, M. D. "How to Stop Worrying and Start Living," by Dale Carnegie, was reviewed by Mrs. E. E. Shelhamer.

Plans were discussed for the Guest Day Tea to be held Tuesday, March 29, at 2:45 p.m. in the City Club Room. Mrs. Joe Key, Mrs. E. L. Biggerstaff and Mrs. L. G. Langston will be hostesses.

Mrs. Oma Link Rowley, Amarillo, will review a current popular play. She is widely known throughout the Panhandle since she has worked with the "Amish Little Theater" for a number of years and has won recognition for her stage settings in Ann Lee's recent production in Santa Fe summer theater work.

Mrs. L. G. Langston, incoming president, was appointed delegate to represent the club at the Seventh District Federated Club Convention in Lubbock, April 4-6.

Mrs. John Ketter was welcomed into the club as a new member. A St. Patrick's Day theme was carried out in the refreshments. Besides those mentioned, attending were: Mrs. Bob Curry, Ray Evans Gene Fatheree, Joe Gordon, John Hines, Frank Kelley, Ray Kuhn, Farris Oden, Albert Reynolds, Ed Wets, Jr., and one guest, Mrs. M. W. Womack, East Columbia, Tex.

## 'Hound Dog Man' To Be Reviewed

"Hound Dog Man" by Fred Gipson will be reviewed at Pampa Book Club meeting Monday, March 22, in the City Club Room. Mrs. Paul Bowers of Groom will be the speaker.

The novel was a recent Book-of-the-Month Club selection. "Hound Dog Man" has its setting in Mason County, Tex., where the author lives. His hero is a foot-loose hunter and trapper. The meeting will be open to the public.

## Baptist Group Meets With Mrs. Thompson

Fidelity Class of the First Baptist Church met in the home of Mrs. Fred Thompson recently for a combined business meeting and Bible study.

Mrs. Roy Lewis and Mrs. Frank Howard were co-hostesses for the occasion.

Mrs. Roy Lewis conducted the short business meeting and called for monthly reports from all officers.

Mrs. Don Egerton presented the devotional. Following the business session, Mrs. Owen Johnson gave the Bible study.

A refreshment plate was served to those mentioned and Mrs. E. R. Haskin, D. W. Mitchell, Scotty Rockwell, W. F. Langford and Everett Butler.

**STRETCHING POULTRY**  
Stretch poultry for a creamed dish with cauliflower that has been cooked only until it is tender-crisp; garnish with fine strips of green pepper or parsley and add thin slices of hard-cooked egg, lightly sprinkled with paprika.

**DIFFERENT SALAD**  
For a salad combination that's different, mix cooked peas (fresh, canned, or quick-frozen), Bud Cumberledge, Bill Smith, Howard Archer, Earl Atkinson, Mary Reynolds, John Brewer, Jack Nichols, L. E. Spence, Scott Hall, Bill Osburn, R. H. Barron Eldon Carier and one guest, Mrs. A. R. Mizon.

## Bell Home Demonstration Club Hears Talk on Simplification of Housework

"Simplify your work for your health's sake," Mrs. Charles Warminski told members of the Bell Home Demonstration Club, Wednesday, at a meeting in the home of Mrs. Fred Haiduk.

A good method is the most important requirement for finishing your work on time, she said. The necessity of thoroughly studying the job, planning the work and making a workable schedule was emphasized.

Mrs. H. C. Deusterhouse and Mrs. H. L. Little were welcomed as new members of the club.

During the recreation period, each member read her favorite poem.

## Mrs. Nance Will Head School P-TA

Mrs. Carlton Nance was elected president of the Junior High Parent-Teacher Association at its next meeting Thursday at the school.

Others elected were: Mrs. J. L. Mulanax, vice president; Mrs. J. E. Emmett Osborne, secretary; Mrs. Aaron Sturgeon, treasurer; Mrs. Clyde Garuth, historian; Mrs. A. J. Kirkham, parliamentarian; and Mrs. Charles Noland and Mrs. Frank Smith, delegates to City Council.

Sherman White addressed the group on the topic "Are They Actually Dead?" after Mrs. H. B. Landrum, another class mother, gave the devotional.

Clyde Carruth gave the devotional and Jack Edmondson, principal, gave a short talk on the Glimmer-Alken Bill. Miss Eloise Lane presided at the eighth grade choir which sang "Prayer," "Hunting Song," "Firefly," "A Medley of Irish Songs," and "Kil-yilly."

Mrs. Rufe Jordan told the group that the cook book being published by the Junior High P-TA will be ready for sale before the next meeting. The exact date will be announced soon.

## Brownie Troop 31 Elects Officers

Hopkins Brownie Troop 31, led by Mrs. John Garner and Mrs. Lee Eslick, elected officers at the meeting Tuesday.

Rose Garner was elected president, Rose Smith vice president and Cora Louise Mann reporter.

Members answered roll call with the Brownie Promise. The group sang "White Coral Bells" and the Brownie Smile Song.

## Central Baptist Group Holds Monthly Social

The Dorcas Class of the Central Baptist Church held its monthly social and business meeting Thursday evening in the home of Mrs. D. L. Allen, 1300 Rham.

Group 1 was hostess and Group 2 had charge of the program. Mrs. Frank Silcott led the opening prayer and the devotional was led by Mrs. Howard Wood.

## Sewing Club Plans A 'Tacky Party'

**SKELLYTOWN (Special)—**Members of the Northern Natural Sewing Club made plans for a "Tacky Party" at the meeting Wednesday in the home of Mrs. Melvin Beigle.

It is to be held at 7:30 p.m. April Fool's Day at the home of Mrs. Delmar Parsons. Mrs. Carl Moran is co-hostess.

Recordings were played during the afternoon and refreshments carrying out St. Patrick's Day colors were served to: Mmes. Martha Trantham, Parsons, Albert Wyrick, Wayne Johnson, Moran, A. W. Shubring and Miss Addie Fern Lick.

## Jackie McCabe Has Farewell Party

**SKELLYTOWN (Special)—**Jackie McCabe was honored with a farewell party Wednesday given by Maureen Sisco, Marilyn Hamilton and Sue Coleman in the IOOF Hall.

Jackie is leaving soon with her family who has been transferred to Elmhurst, N. Mex.

## Doris Janet Salmon, O. L. Stowe Have Home Ceremony

## Mr. and Mrs. Oscar Lewis Stowe

Vows were solemnized Sunday afternoon, March 13, for Miss Doris Janet Salmon, daughter of Mr. and Mrs. L. M. Salmon, 526 N. Gray, and Oscar Lewis Stowe, son of Mr. and Mrs. L. O. Stowe of Mission, Texas.

The Rev. E. Douglas Carver, pastor of First Baptist Church, read the double-ring ceremony in the home of the bride's parents. Floor baskets of white gladioli and Woodwardia fern flanked by candelabra and white tapers formed the decorative setting.

Mrs. Carver played traditional wedding music throughout the ceremony.

Given in marriage by her father, the bride was attired in an afternoon frock of white salina cloth with a deep yoke and small collar of Chantilly lace. Juliet cap and short mitts of matching lace completed the bride's ensemble.

She carried a white Bible overlaid with white gardenias and cascading streamers of satin ribbon.

Attending the bride as maid of honor, Miss Martha Ann Swain, Houston, wore a navy blue taffeta dress fashioned with a dirndl skirt, tight fitted bodice and deep folded off-shoulder collar. Lace mitts, Juliet cap and a corsage of large pink carnations completed her outfit.

Mrs. Stowe, mother of the bridegroom, wore a grey crepe dress with black accessories and corsage of pink radice roses.

A reception honoring the bride and groom was held following the ceremony. The bride's table was covered with a lace cloth and centered with a white tiered cake on a reflector surrounded with white sweet peas and fern. It was flanked by white candles in crystal holders. Mrs. Marvin Stowe served the cake and Miss Rosemary Prigmore presided at the punch bowl. Assisting were Mrs. L. L. Prigmore and Mrs. G. D. Holmes.

For traveling, Mrs. Stowe chose a shell pink gabardine suit fashioned with eon jacket, navy blue accessories, and gardenia corsage. After a short wedding trip to Carlisbad, N. Mex., the couple will be at home in Mission, Tex.

## Pink and Blue Shower at Central Baptist Honors Mrs. John Wildie

Mrs. John Wildie was honored with a pink and blue shower given Thursday evening in the Central Baptist Church basement.

Hostesses for the occasion were Mrs. Virgil White and Mrs. T. C. Narron. Games were played and refreshments were served to the group.

Attending were: Mmes. Wayne Cobb, Ralph Baxter, Don Warren, W. F. Vanderburg, J. B. Barrett, W. L. Hubbard, H. P. Taylor, Paul Barrett, R. E. Warren, Jr., J. B. Hilburn, Floyd Barrett, Frank Silcott, Robert Howard, J. R. Barrett, R. L. Higginbotham, J. C. Scott, Bob Bailey, F. W. Hendrix, H. E. Johnson, Leo Graham, White and Narron.

Other participants were: Mmes. E. C. McCollum, John Mitchell, Willie Rheudas, C. C. Matheny, Hal Upchurch, Park Brown, Herbert Moore, W. B. Turner, G. O. Baten, Roy Brancum, Peta White, Ralph Brock, Wanda Brannon, W. L. Ayers, J. C. Flowers and Bob Huffines.

## Las Cresas Plans Kid Day Dance

The annual Kid Day Dance was planned by the Las Cresas Club when it met Tuesday in the home of Venita Cowan, 1337 N. Williston.

The dance is to be held April 1 at the Terrace Grill in honor of seniors. Kid costumes are optional.

A rummage-fool sale is to be held Saturday, March 26. Proceeds will go to a children's home in Amarillo.

Club coveralls were ordered for new members and sweaters for the entire club were discussed. The hostess and her mother, Mrs. Alfred Cowan, served refreshments to: Jan Zihra, Joan Clay, Elsie Boyd, Janice Mayes, Irma Jean McWright, Vina Dittner, Sue Lynn McFall, Eleanor Smith, Dorothy Roberts, Phyllis Littleton and Jean Cornelius.

**MRS. BEARD NOT HOSTESS**  
The Neighborhood Bridge Club will not meet at 2 p. m. Monday in the home of Mrs. Hule Beard as was previously announced.

**Skating Party Fetes Troop 4**  
Brownie Troop 4 was entertained with a skating and sundae party Saturday afternoon by troop leaders and committee mothers.

Leaders, Mrs. J. S. McBride, Mrs. M. E. Body and Mrs. E. J. Overall and committee mother, Mrs. W. W. Hill, were hostesses. Mrs. L. M. Cook assisted with the transportation.

**★ WE, THE WOMEN**

BY RUTH MILLETT  
NEA Staff Writer

"I must be sure to tell Hattie Brown my good news," she'll tell everybody in town," said a housewife with a mischievous

twinkle in her eye. And that set me to thinking. Maybe there is a place in the world for gossips, after all. They pass along facts we would like to keep hidden, of course, and for that reason we look down our noses at them. But they pass along the good news, too. Tell the Hattie Brown of the world about a piece of good fortune that has come your way and pretty soon the whole town knows about it. Because the Hatties are interested in everything that happens

**Blueprint for Beauty**

**Changeabout Curls**

**THE** close-cropped girl who finds herself stuck with one short hair-do can stop envying girls who change coiffures as they change their clothes. The way out of a one hair-do dilemma is to pin on a matching piece which can carry on to create a variety of arrangements where short locks stop. Pin on a hair-piece which will hide short curls and give a more luxuriant look to close-cropped hair. Suavely-styled hair-pieces may be worn as chignons, spiral knots. Such pieces may be taken apart and braided to give a girl her choice of tricks effects. In these pictures you see how easily the transition from short to long hair has been made. The model's curls (above) are dressed to make the only kind of hair-do into which short locks can usually be maneuvered. All that was needed to re-style this casual hair-do into the more formally-styled coiffure (left) was to pin a twisted chignon at the edge of the short curls which you see reflected in the mirror.

—ALICIA HART, NEA Staff Writer.

**West Texas Press Meets at Midland**

MIDLAND — (P) — The West Texas Press Association opened a "shop talk" meeting here yesterday with the Midland Reporter-Telegram and its publisher, James N. Allison, as hosts. The conference will run through today. Discussions leaders include Bill Collyns, editor of the Reporter-Telegram; Forrest Weimhold, publisher, Hockley County News; Allen Hodges, publisher of the

**Bids to Be Asked On White House Job**

WASHINGTON — (P) — The Senate Appropriations Committee agreed to demand competitive bidding on the bulk of a \$5,400,000 remodeling job at the White House. A member of the committee told reporters that the committee County-Wide News, Littlefield; Robert Brashears, advertising manager of the Reporter-Telegram and Henry Orson, also of the Midland paper. Wendell Bedichek of Abilene is president of the association.

agreed to exempt from competitive bidding the furniture and furnishings—a \$200,000 item—and contracts for the underpinning—an \$850,000 item. **GREATEST GLASS** The 200-inch telescope mirror poured at Corning, N. Y., in March, 1934, is the largest piece of glass ever cast by man. It is 27 inches thick and weighs 20 tons. Because bears are unable to procure food during the winter months in temperate regions, they hibernate.

to other people. And they like to be the first to spread the word. **FUN WITH HATTIE**

It's an awful letdown to tell a piece of wonderful news to the indifferent woman who passes it off with a casual "Is that so?" But it's kind of fun to tell it to a Hattie Brown, watch her face light up as she thinks to herself: "I must be sure to tell that to so-and-so."

"So maybe the gossip has a place in the world after all. We don't

like her when she passes along a bit of news we don't want passed along. But when we've something good to tell, we can't wait to get to her.

Because of all the severe indictments that can be made of the gossip, nobody can accuse her of being indifferent about what happens to other people.

## State Warns Of Smallpox

AUSTIN — (AP) — The State Health Department issued a special report on small pox urging all Texans to take prompt preventive measures against the disease.

The report was the result of four cases diagnosed last week

in Hidalgo County. The Health Department asked physicians and health doctors throughout the state to urge everyone to be vaccinated against smallpox.

A total of 15 smallpox cases were reported in 1947. The department also reported that there were 3,750 cases of measles in Texas last week, 542 of mumps, seven of polio, 586 of pneumonia, and six of typhus fever.

In the annual report for 1948, the department said there was "a significant decrease in the prevalence of whooping cough, influenza, mumps and typhus fever. Measles, polio and typhus fever showed, on the other hand, a marked increase in 1948."

Last year there were 76,823 cases of influenza, 51,121 measles, 9,722 mumps, 1,765 polio, 74 typhus and 344 typhus fever.

## Economist Says Nation Better Off

CHICAGO — (AP) — Unless businessmen or consumers get panicky, the nation this year should be only slightly less prosperous — and possibly better off than in 1948, the government's top economist said.

As a result of "the disinflation of 1949," said Chairman Edwin G. Nourse of the President's Council of Economic Advisers, "we may take off some fat, but we shall not die and need not really suffer."

He said "it is not the voice of Pollyanna but of business statistics that says that underlying conditions are sound and basically favorable."

In an address prepared for the Executive's Club of Chicago on "The Gentle Care of Disinflation," Nourse summarized the economic outlook as follows:

"1949 should show a sustained volume of consumer spending and hence employment only very moderately below last year, production even higher, and prices adjusted to a better structure and a level somewhat but not seriously below the peaks of 1948."

Profits should be "as well as or better maintained over the long pull" when industry is working at 90 to 95 percent of

## Atomic Age Will Demand Best Work

HOUSTON — (AP) — When the atomic age comes people may not have to work so hard but will have to work a whole lot better, Summer T. Pike, member of the U. S. Atomic Energy Commission, said.

The Washington official said that while atomic energy might reduce the quantitative burden on humans, an increasing qualitative demand also can be expected.

Pike spoke before the concluding session of the 81st annual convention of the American Institute of Architects.

He said the improved quality of work will not be limited to any particular field of endeavor.

Pike agreed with Rear Admiral William S. Parsons, naval director of atomic, defense, who earlier capacity, Nourse said, as under the "recent strained conditions" when mills and mines were forced to 100 percent of capacity.

Last year, he suggested, was not a year of "reasonably full employment," fixed as a national goal by the employment act of 1946, but "a year of slight over-employment, in part a cause and in part a result of the inflation."

In the convention advised the architects not to concentrate on designing atomic bomb proof buildings.

Frank Lloyd Wright, 79-year-old founder of the "new school of the Middle West" in American architecture, received the gold medal award of the institute.

At the same time, the institute made 28 architects fellows of the organization, one of the highest honors.

### Just a Slight Error

SEATTLE — (AP) — The lost and found department of the Seattle transit system reported a telephone call from a woman who said she had left a package containing a brassiere on a transit system bus.

"What bus?" said the transit company employe.

"Size 36," replied the woman.

### ARMISTICE EXPECTED

RHODES — (AP) — Dr. Ralph J. Bunche, acting United Nations mediator, said he expects an armistice to be signed "in a couple of days" between Israel and Lebanon.

## Can You "Afford" a Lawyer?

There are many people who are otherwise well informed, who believe that a lawyer's services are beyond the reach of the average person. It is true that in large and complex matters lawyer's fees are sometimes substantial. It is also true that the lawyer is glad to be of service in small matters, and often holds brief consultations concerning such smaller matters for which he makes an appropriate charge, sometimes as low as from three to five dollars.

Almost every person can recall an instance where a small charge for proper advice would have saved many times the cost of such advice.

## Preparing to Step Into "Bigger Shoes"

**Serving a Newspaper Route TODAY Gives a Boy a Head Start Toward Success TOMORROW!**

TODAY your carrier-boy is doing exactly what a great many Presidents, generals, admirals, industrialists, engineers, doctors, lawyers, merchants and other leaders did in their boyhood—operate a newspaper route in their spare time!

He is finding, just as they did, that a route is the ideal way for an ambitious teen-age boy to earn extra money, develop ability and gain a basic knowledge of business methods. And, aided by the money he is saving from his route profits, he will be better able to obtain the college education or the specialized training that will fit him for filling a "big pair of shoes" someday.

But not all his rewards are years away—right now his newspaper route provides much of the money he needs for clothes, sports, hobbies and good times; also it offers him many special incentives to succeed with his route, in the form of prizes, trips and other treats for outstanding carrier-boys.

Boys:

Be ready to take over the next route open in your neighborhood. It will mean more money, more fun for you now, and more chances to step ahead in the future. Inquire of our

### Legislature Heads for Action on Many Bills

AUSTIN — (AP) — The 51st Legislature is heading toward floor action on issues it must solve before it finally quits.

Some of the hottest were laid out smoking for quick action. Others were iced down to cool a while or perhaps freeze to death.

House committee approval of the public school reorganization bills opened the way for a fierce fight on the Senate — approved measures.

The spending-taxation issue moved nearer to a showdown.

The House passed the first of the must big-money bills — the \$5 million judiciary appropriations. Its Appropriations Committee finished work on the \$36 million emolumentary bill. This committee also recommended passage of the \$5,606,000 bills for college expansion, but it took no action on requests for \$22 mil-

lion in buildings for the state hospitals and similar institutions.

The \$74 million rural aid bill, offered as a counter-proposal to the Gilmer-Aikin school bills, was sent to subcommittee, apparently to wait and see what the House would do about the school measures.

Controversial labor and anti-pollution bills were given subcommittee brushoffs in the House, indicating these may be dead for the session unless their authors can have them re-referred to more favorable committees.

Gov. Beauford H. Jester opened the door wider on possible new taxes, saying if they are needed, they should be levied on a broad base. Such a broad base tax bill has been filed for introduction in the House.

What the Legislature must do is decide which fund requests are

included in what Gov. Jester has called the "necessities." He has given the sign that some of the pending requests that are in excess of estimated revenues are in this classification.

That's why the House Appropriations Committee deferred action on the state hospital building matter. It realized such expansions must wait on the final decision on spending versus taxation.

House action last week sent the much argued basic science bill to the Senate for action. A similar measure has been approved by Senate committee and was already on its calendar. The House also approved and sent to the Senate a proposed Constitutional amendment calling for annual sessions of the Legislature.

The Senate mostly marked time during the session's 10th week. It argued but took no action on the driver responsibility bill, and followed a slow but steady pace on committee work.

The Governor asked the Legislature to speed up action on two bills drastically changing the state's system of handling juvenile delinquency, both by preventing and curing it. There has

### Park Will Honor Dead

SHAMROCK — (Special) — Work has been started on a memorial park at Samnorwood, 19 miles south of Shamrock, honoring veterans who died in the last world war.

Sam Norwood has given the land adjoining the school grounds to honor the war dead and those who died while working for, or in connection with the Samnorwood School.

The plot of ground is to be surrounded with Amor River hedge on three sides and on the fourth with Arizona cypress. At the foot of each cypress tree a marker will be placed with the name of the person who died, who was in any way connected with the school.

The memorial park will be one of the beauty spots of this section. A 42-inch walk will divide the plot in half crossing the length of the park. The walk will lead to memorial monument where names of the honored servicemen can be read. Rose beds will be placed alongside the walk, and grass will cover the ground outside the rose beds.

### World Reaction to Atlantic Pact Clearly Pro and Con

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

World reaction to the terms of the projected North Atlantic Defense alliance is clearly defined, pro and con, as one would expect.

On the one hand we have the claim by the Western participants that the pact is purely defensive and is designed as insurances against the war.

On the other side Russia and her satellites charge in violent terms that the treaty is an aggressive move by the United States to lay the groundwork for a third world conflict. The Communists of all countries echo this.

We of the West of course know that neither the United States nor her allies have aggressive designs. It is difficult to believe that the leading statesmen of the Soviet bloc actually think the Western nations are impelled by ulterior motives.

However, I for one am prepared to admit that the Communist

time she has joined in a peace time alliance with European nations—a fact which recalls President Washington's farewell address in which he warned against European alliances.

Still in its essence this proposed alliance isn't such a far reach from previous American commitments. Twice we have been part of an allied fighting machine in world wars. In both cases we were forced in without previous commitment, and from these experiences it has become clear that we must be involved in any world war, whether we like it or not. The Atlantic Alliance is a tacit admission of this fact.

Construction of the New York State capitol building at Albany began in 1867 but wasn't actually finished until 1873.

### Shamrock Class To Present Play

SHAMROCK — (Special) — The Junior Class play, "The Missing Witness," is to be given at Clark Auditorium on Thursday evening, Mar. 24, starting at 8 o'clock.

"The Missing Witness" is said to be based on an actual trial which took place in New York several years ago and which was the subject of sensational newspaper headlines. According to the class publicity committee, the production will be an elaborate one. The spectators will see represented on the stage the judge, jury, ladies and gentlemen of the press, prosecuting and defending attorneys.

The Open Bible Broadcast, sponsored by Evangelist and Mrs. E. B. Joseph, P. O. Box 936, of Pampa, Texas, can be heard daily, Monday through Saturday, on Radio Station K Triple D, Dumas, Texas, at 9:00 a. m. The Kc. are 800. Tell your friends to be listening in each day.

### Employment Picture Brighter Last Week

WASHINGTON — (AP) — The employment picture was brighter during the week ended March 12. The Bureau of Employment Security said a total of 319,000 persons made their first claim for jobless compensation that week—a drop of about 12,000 from the preceding week.

# New 'Glossary' of Military Terms

WASHINGTON — (AP) — The glossary of military terms and phrases that is circulating this week at the Pentagon, is a well-worn terms and their meanings.

For signature — I haven't signed the document and don't want to be bound by anything I sign.

Do you do something about it? — I don't know.

Do you want to do with it? — We'll try and find it in the picture — A confusing and inaccurate report to a newcomer or active consideration — I've never heard of it. How we'll try and find it in the picture.

Received careful consideration — A period of inactivity or a time lag.

Do you have any comments? — I have some idea what it's all about.

Project is in the air — Completely ignorant of the project.

Will you remember — You forgot, or never knew.

Submitted to you — You hold it for a while, I'm tired of it.

Recommended — We don't think it will work but you go ahead and stick your neck out for it.

Estimated — This is my guess.

Compliance — Sure it's all right, you gotta do it anyhow.

Necessary action — We know what they want, so do it.

Immediate action — We stalled it long enough, now do it.

## Packard Reports Earnings

ROTT — Packard Motor Company reports consolidated earnings of \$15,109,439 for the year ending December 31, 1948, or slightly over \$1 per share on the 15,000,000 shares of common stock outstanding.

Compared with net income of \$10,691, or seven cents per share for 1947.

George T. Christopher, president and general manager, in his message to stockholders, said: "The year 1948 was one of the most successful in the history of Packard. The company entered its Golden Anniversary — in the best condition in its long history."

Christopher termed the availability of more production machinery a "prime factor" in the Packard production total of 109,518 units, second highest annual output for the company. The peak of 109,518 cars was reached in 1937. Steel shortage held production to 85,477 units.

Adjusted net sales and other income for 1948 amounted to \$2,288, with earnings for the year equalling a 6.48 percent increase after provision of 100 for income taxes.

## Publicity Starts Under Over Fund

HANA, Cuba — (AP) — All that is about the monument to Gari, Cuban national hero, is a surprise twist.

Week the monument was public eye after some U.S. sailors on liberty started the wheels turning.

Started the wheels turning — the memories of some result, the Cabinet has the minister of public to see what happened to a about \$500,000 collected years ago for a big new sent to Marti.

## Lawyer Says Nazis Given Fair Trials

DALLAS — (AP) — Gordon Simpson, attorney who headed a commission to investigate American fairness in trials of German war criminals, said last night "Americans have nothing to be ashamed of."

"Americans bent over backwards to give fair trials to Nazis who had never given fair trials to many they sentenced to death," Simpson said.

He made his statement to the Dallas News in comment on charges by Edward I. Van Roden, Pennsylvania County judge who was one of Simpson's associates on the commission.

Van Roden has charged that to obtain confessions from Germans

accused of the Malmady massacre during the Battle of the Bulge, Americans used these methods: "Beatings and brutal kickings. Knocking out teeth and breaking jaws. Mock trials. Solitary confinement. Posturing as priests. Very limited rations. Spiritual deprivation. Promises of acquittal."

Simpson asserted: "Van Roden is doing us a disservice by those inordinate statements."

"He signed the report saying that the investigation showed no evidence of any systematic or widespread methods to get confessions." The commission reported that essentially fair trials were conducted.

Simpson, until recently, was an associate justice of the Texas Supreme Court. As a reserve corps colonel of the Judge Advocate General's Department he was recalled to duty last summer to head an investigating commission.

## Mexico Seeks Return of Flags

MEXICO CITY — (AP) — Mexico's American Legion wants back the battle flags captured by U. S. forces.

Col. Roscoe Gatherer, of the Mexico department of the Legion, said that he proposed return of the flags in a message to Perry Brown, Legion national commander. The Legion here wants Congress to order the return of the captured flags with "proper escort and ceremony."

The proposal said that in view of the present friendship between the two countries "the flags have no significance or value to the (North) American people."

The flags are those captured in wars and expeditions conducted by the United States. The war for Texas independence is not involved.

### Miner Says Stoppage Will End

PITTSBURGH — (AP) — A district leader of the United Mine Workers said he sees no reason why the coal mine work stoppage won't end as scheduled on March 3.

Some operators have expressed fear the two-week shutdown ordered by John L. Lewis for miners east of the Mississippi would continue past the deadline established by the fiery UMW president.

Commenting on those fears, John P. Busarello, president of District No. 5, UMW, at Pittsburgh, said dryly:

"I can only say . . . that this two-week period of mourning, called by President Lewis as a memorial to our union's killed and injured in 1948 will conclude March 3."

Lewis, himself, didn't have any comment on the work stoppage went into its third day. He calls it a memorial period but also points out it's the miners' protest against appointment of Dr. James Boyd as director of the U. S. Bureau of Mines.

The Senate's Interior Committee already has approved the Boyd appointment. Now, it's up to the Senate which is expected to act soon.

Shopkeepers serving the 463,000 idle miners reported the stores are beginning to feel the pinch of the work stoppage. So are the communities where furloughed railroad workers reside. Coal-hauling railroads have laid off several thousand men and by the end of the week, through a progressive system of furloughs, some 67,000 will be idle.

### Death Upheld For Rapist

AUSTIN — (AP) — The Court of Criminal Appeals upheld a death sentence given William R. Ray, convicted of the rape of a nine-year-old Fort Worth girl on April 8, 1948.

Ray was convicted in Navarro County on a charge of venue from Tarrant County.

"In view of the penalty assessed and unusual circumstances under which the case was tried, we have considered every question in this appeal with great care and caution," the appeal court's opinion said, adding:

"We find nothing which might have in the least prejudiced appellant's case and are of the opinion that no error is reflected in the record."

Judge Tom L. Beauchamp wrote the opinion.

It noted "carelessness" in the drawing of the indictment and "reckless arguments of the prosecution" as well as the crowded condition of the court room jammed with spectators, reporters and photographers at the time of the trial.

"The fairness and ability of the judge who presided (Judge A. F. Mays) under such circumstances deserve more than passing notice," the opinion said.

In his appeal Ray had complained of the indictment, action of the photographers in photographing jurors, prosecution's reference to him as "ruthless" Ray, and testimony of the nine-year-old girl who was not subject to perjury laws.

All of the complaints were overruled.

#### THREE TRAILS

Three important trails of historical interest cross the state of Idaho in an east-west direction: The Lo Lo trail, the Oregon trail, and the Mullan road.

Ever since the Supreme Court decision handed down in April, 1948, Patman said, "one of the most vicious, skillful, and determined lobbies the country has ever seen" has been trying to get the high court ruling nullified.

"The clarion call of the lobby has been 'confusion' and the need for 'clarification of the law,'" Patman said.

"But the fact of the matter is that the law is clear. . . nevertheless, the strength of the lobby is so great that I have no doubt that we shall soon be asked to pass a bill to clarify the law under the guise, of course, that we are really clarifying it."

### Congressman Says Interests Are About to Violate Law

By TEK EASLEY

WASHINGTON — (AP) — Rep. Patman (D-Texas) said that monopolistic interests are trying to bring back the basing point freight rate system which he said violates anti-trust laws.

He told the House that big steel concerns using the system had discriminated against all states except those actually producing steel or which were near large steel producing centers.

Quoting from data obtained by a Congressional committee, Patman said production of hot-rolled steel sheets for domestic use increased 19 percent between 1940 and 1947 but that the entire increase had gone to but eight states.

Under the basing point system, a manufacturer averages out freight costs so the delivered price of his product is the same everywhere, regardless of distance from point of production.

"The Federal Trade Commission ordered the cement industry to quit using the system charging that the way it was being used violated anti-trust laws. The case was taken to the Supreme Court, where the FTC was upheld.

"The question arose in industry as a whole whether the ruling applied to all, or just the cement industry.

However, since mid-1948 the cement industry and steel industry have abandoned the basing point system and use FOB (free on board) plan. In this the buyer pays the freight from the point of shipment. Those at distant points thus pay more for products than those nearby.

"Whenever local business interests . . . have endeavored to establish their own mills to serve their territories, the steel industry has threatened and coerced them into abandoning the projects," Patman said.

He cited specifically a situation in his own state.

"The only things done for Texas by the steel industry," he continued, "have been, first, to retard our progress with high prices for steel; second, to kill off every attempt that local capital has made to develop our own steel-making resources; and finally, after keeping us dependent upon them for steel, they now divert scarce steel items to their local markets and starve out our own industry in these crucial times of shortages.

"Several years ago, when a group of Texas businessmen formed a company expecting to produce steel rails, they were told by Eastern steel interests that if they did not cancel their plans for constructing a mill, they would find rails made in the East being sold in Texas for less than the cost of production."

He said the basing point system throughout the years has been "the most pernicious obstacle" to the development of a steel industry in Texas.

"No matter how low . . . a local mill may have reduced its price, the giant Eastern mills could have, and by the rules of the system, would have, absorbed freight to meet this low price until, finally, the local mill would be forced to raise its price again."

### Operation Cowlift

Hot Shot, a cow belonging to Ray Kaufman, upper right, Halstead, Kan. farmer, doesn't care for the mechanical age. While being milked for the first time with a new milking machine, Hot Shot had enough of modern civilization and bolted upstairs to the hayloft. It took three men to hobble her and give the cow her first trip in the air.

### Egg Supports Said Too High

DALLAS — (AP) — The government's top authority on the poultry and egg market said here that the federal support price on eggs is too high.

The expert, W. D. Termohlen, said that housewives will see no further significant drop in retail egg prices until the support price is lowered.

Termohlen, director of the poultry branch of the Department of Agriculture's Production and Marketing Administration, forecast substantial drops in chicken and turkey prices by summer.

Termohlen stopped here on his way to College Station to set up a state poultry advisory committee to work with the Agriculture Department.

### No Drinks Allowed For Pakistan Officers

KARACHI — (AP) — Din Mohammad, Governor of Sind, has warned the European officers of the Pakistan government against drinking at parties.

The Governor said: "Islam has prohibited drinking and as servants of an Islamic state the European officers must respect the sanctity of Islam and refrain from drinking or they may choose their future elsewhere."

Under orders of the late M. A. Jinnah, founder of Pakistan and its first governor-general, drinks are not to be served at any official function but the practice has prevailed of drinking in private functions.

April 1, Patrol Captain Jack Sutherland announced.

### Fort Worth Patrol Adds Five Counties

FORT WORTH — (AP) — Five additional counties will come under jurisdiction of the Fort Worth Highway Patrol Division April 1, Wichita Falls personnel will be divided between Fort Worth, Abilene and Amarillo.

### Premier Hits Cabinet Snags

NANKING — (AP) — China's Nationalist government, harassed by Communist rebellion in the south and reports of Red troop movements in the north, hit more snags in its attempt to get together a cabinet.

Gen. Ho Ying-chin, the new Premier, was at least three days behind schedule in completing his slate of ministers — and possibly losing ground, Semi-official sources said Ho had only to find two more men to serve.

Acting President Li Tsung-jen was in Shanghai to try to talk some influential Nationalists into accepting cabinet jobs. He saw several men but whether he had been able to convince any of them was not announced.

The time element was important. Ho's appointment was rushed through the Legislative Yuan a week ago to hasten organization of a government to deal with the Communists on the delicate question of peace or more civil war. In addition, internal stability has been declining steadily.

Prospective ministers were shying away because of two fears: Communist censure and accepting responsibility at such a critical time.

### Wright Embroiled In New Dispute

FORT WORTH — (AP) — Frank Lloyd Wright's declaration that Glen McCarthy's Shamrock Hotel in Houston is a "monstrosity" embroiled the frequent storm center of architecture in a new dispute.

"McCarthy's hotel is typical America — today's architecture," said Wyatt C. Hedrick of Fort Worth, the Shamrock's architect.

"What has Frank Lloyd Wright done in the last few years except bark in his own self-esteem?"

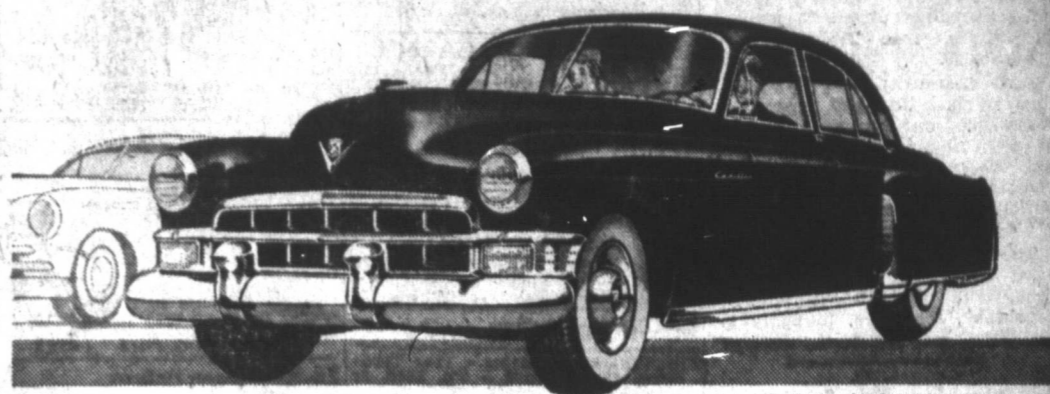

Hedrick said "in the last three days 3,000 architects have viewed the Shamrock and unanimously praised its design and exterior beauty. Mr. Wright stands peculiarly alone in his criticism."

The 80-year-old Wright criticized the Shamrock in an interview here.

SEN JOHNSON ILL. WASHINGTON — (AP) — Senator Lyndon Johnson of Texas is in Bethesda Naval Hospital for treatment of a kidney ailment. He entered Friday. Aides said his condition was not serious.

Its Only Master is the Person at Its Wheel!

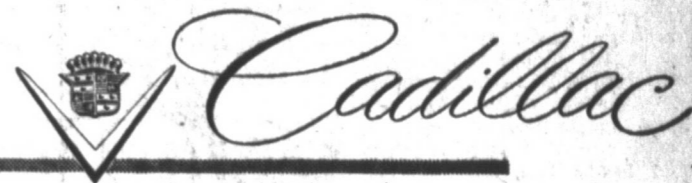

From the standpoint of agility, smoothness and quickness of acceleration—the 1949 Cadillac is a never-ending challenge to the imagination. Yet, in the hands of the person at its wheel, it is as docile as a kitten!

Never before has a car so dynamic been under such certain and easy control. The big, powerful hydraulic brakes are completely dominant—yet they are as soft to the pedal as sponge rubber. A touch from the daintiest foot—and the car settles down to a quick and easy stop. A touch on the accelerator, and it moves

quickly into any position its driver wishes to occupy. The big, slender steering wheel is feather-light in the hand—and quick and positive in its action.

Yes, the driver is *boss* in a Cadillac! It's a great thrill to take command of such a car—as hundreds are learning every day. Why not come in and see for yourself? Regardless of the price class from which you expect your next car to come, you ought to be familiar with Cadillac.

### Expenses High, Profits Low for Telephone Co.

ST. LOUIS — (AP) — The Southwestern Bell Telephone Company said in its annual report that revenue, operating expense, plant investment and debts reached new highs last year but that profits were the lowest since 1935.

Total income available for interest and dividends was \$18,974,000 compared with \$15,780,000 in 1947, the report stated, and the company earned \$5.23 a share compared with \$4.43 the previous year. The company paid dividends of \$5 a share compared with \$5.75 the year before. All the stock is owned by the American Telephone and Telegraph Company.

Total operating revenues increased 20 percent in 1948 to \$28,753,000, the company reported. Operating expenses, excluding taxes, rose 21 percent to \$18,048,000.

Rate increases authorized through last January amount to \$16,200,000 on an annual basis in the company's five-state area, but the adjustments were based principally on the company's situation in the summer and fall of 1947, the report said.

The company reported costs have increased substantially since then, and added that it will be necessary, therefore, to apply for additional rate increases shortly.

### Lamb Prices Increase

By The Associated Press

Retail lamb prices climbed two to ten cents a pound in many cities across the country this week, but most other meats were unchanged.

Lettuce and cabbage were the only major vegetables generally a little higher. Butter eased a penny or two a pound in several marketing centers. And the high light in the crop weather news was the midweek frost which will be expected to reach crops in the Carolinas.

Meat buyers blamed the boost in lamb prices on tight supplies.

Fed lambs this week reached an all-time peak price on the Chicago livestock market. Choice Colorado fed lambs sold for \$29.25 a hundred pounds on Tuesday. Five weeks before, the top lamb price was \$22.75.

Although beef and pork were generally steady this week, trade spokesmen noted that wholesale prices were working upward slightly.

Cauliflower, broccoli, string beans, cucumbers and eggplant all were lower this week. Spinach, which has been a slow seller, was moving upward in price by midweek.

The first large shipments of strawberries from Louisiana arrived in Eastern consuming centers as the Florida crop tapered off.

The Dun & Bradstreet wholesale food price index this week declined two cents from a week ago to 55.79, as compared with \$6.70 a year ago. The index represents the total cost at wholesale of a pound each of 21 general use foods.

### Cotton Consumed Shows Decrease

WASHINGTON — (AP) — The census bureau reported that cotton consumed during February totaled 640,182 bales of lint and 119,007 bales of linters.

This compared with 674,463 bales of lint and 123,038 bales of linters consumed during January of this year, and 785,677 bales of lint and 98,104 bales of linters consumed during February of last year.

Consumption for the seven months ending Feb. 28 totaled 4,844,239 bales of lint and 801,790 bales of linters, compared with 5,431,140 and 875,325 for the corresponding period a year ago.

Cotton on hand Feb. 28 included:

- In consuming establishments 1,617,062 bales of lint and 373,735 bales of linters, compared with 2,844,151 and 273,146 a year ago.
- In public storage and at compresses 7,900,407 bales of lint and 87,864 bales of linters compared with 4,474,308 and 62,182 a year ago.

COVERED FOR CONCEALMENT

Because of fears that the Spanish fleet might bombard Boston during the Spanish-American war, in 1898, the gold dome of the state house of Massachusetts was painted a drab gray.
