

# Equal Treatment By Reds Demanded

WASHINGTON — (AP) — Critical lawmakers said today that if Soviet delegates are to be admitted to this country for a "world peace conference," Americans should get equal treatment from Russia.

Several times in the past, Moscow has refused to let in Congressional committees or individual lawmakers.

But the State Department said yesterday that 22 delegates from Russia and other Communist-dominated nations will be allowed to attend a peace conference called by the National Council of the Arts, Sciences and Professions. It will be held in New York beginning March 25.

Chairman Wood (D-Ga.) of the House Un-American Activities Committee said his group may look into the matter. Senators Mundt (R-SD) and Ferguson (R-Mich.) were critical of the State Department's action.

The department itself said in its statement that the Communist delegates surely will find it impossible to express any view "other than that dictated by the political authorities in Moscow." And it forecast that "Communists will attempt to use and manipulate" the conference.

Wood said he would like to know why it was necessary to let in people when the government believes they are merely going to be Red puppets.

"We'll take up this matter, and others, when we have a meeting tomorrow," he told a reporter. "I don't know what can be done now, but we'll talk it over."

Asked whether a committee investigator will be assigned to keep an eye on the conference, Wood smiled and said:

"Well, we've usually had them at things like that in the past. The committee staff is reported to have been going over a list of foreigners who probably will come here for the conference. This check-up is understood to have shown that many are Communists or have strong Communist ties."

Invitations to the meeting were

sent to many countries by a committee headed by Dr. Harlow Shapley, Harvard astronomer. He issued a statement in New York last night expressing pleasure at America's continuance of a tradition of "opening its doors to the free exchange of cultural and scientific thought."

Russia had demanded diplomatic visas for its representatives at the conference — which would have given them such privileges as freedom from arrest on criminal and civil charges and freedom from customs inspection of their baggage — but the State Department turned that down.

Instead, the delegates will get "intermediate" visas, which provide "added recognition" but no diplomatic immunity, the department said.

Five Hungarian delegates who asked for visas didn't get them because of that country's treatment of American officials.

# U.S. Pulling In Pacific Defense Line

PEARL HARBOR — (AP) — On the 10th anniversary of the attack on the United States in backtracking its main defense line on this great ocean to its own West Coast.

The one weapon not being cut down in the Pacific is the submarine.

Pacific commanders here decline discussion, but obviously the line they would like to man and hold is as far from the U. S. mainland and as close to Asia as possible.

Under present and contemplated budgets, however, forces left for the Pacific are too scanty for maintenance of a distant line. Supply and shipping costs would be tremendous to maintain in Japan, Okinawa and the Marianas the kind of perimeter defense which Pacific commanders would like.

American military observers here — where the memory of Dec. 7, 1941, is still green — agree the West Coast's industrial and plane-producing belt would be the prize target for an enemy surprise attack by long-range bombers or submarine-launched guided missiles.

With a new controlling force in Pacific deployment, they feel the best defense that can be afforded against such attack is to concentrate major defending elements right on the potential target.

Steady cutbacks of air and naval forces based in Hawaii and westward are evidences of this.

Last week Adm. Dewitt C. Ramsey, Pacific fleet commander, touched Alaska and Marine Pacific air headquarters were moving from Hawaii to San Diego. The Air Force is sending back to the mainland its 81st Fighter Wing, the last in the Pacific (See U. S., Page 3).

# Mrs. Hill to Head Social Service Group

Mrs. Mildred Hill, executive secretary of the Gray County Chaper, American Red Cross, was elected president of the Gray County Social Service Agencies yesterday at a luncheon meeting held in the Schneider Hotel Dining Room.

The meeting was held to organize welfare agency officers in a stronger effort to prevent duplications of aid and to correlate social service in the community as a whole.

County Judge Bruce Parker, who presided over the meeting, until the newly elected president took over, said:

"By organization of this group in Gray County we hope to better educate our people as to how funds of these organizations are being spent. By keeping the ministers of the city informed through the Ministerial Alliance, we hope to be able to give spiritual guidance as well as basic needs to our needy families."

Mrs. Ethel Anderson of the County Welfare Office was elected secretary. Others attending (See MRS. HILL, Page 5).

# Committee Sends Education Bills to House Calendar After All-Night Session

AUSTIN — (AP) — The House Education Committee in an all-night work spree sent the three-billed public school reorganization bills to the calendar, recommending passage.

Members were so groggy they could hardly talk after the 10-hour, 10-minute session that apparently broke all Texas legislative records for duration of a committee hearing.

Around 400 of the original 3,000-plus spectators stuck it out until the committee adjourned at 7:30 p. m. yesterday.

Opponents were still stubbornly fighting the Senate-approved measures when the last vote was taken just before dawn.

# Man's Bedside Vigil Rewarded

DALLAS — (AP) — A. L. Mapes has not left the hospital bedside of his wife since she was critically burned in a Feb. 12 fire which destroyed their home for and a half miles north of Carrollton, Tex.

His long vigil, which put meaning into the words "until death do us part," became happier last night. His wife seems to be mending.

After the fire doctors said Mrs. Mapes couldn't live. When highly contagious gas gangrene started sapping her strength he moved with her to the isolation ward, where there are other communicable diseases.

Mapes hasn't slept in a bed since the fire. He caught naps in his bedside chair.

Mrs. Mapes' leg was amputated to prevent spread of gangrene to the rest of her body.

Before the fire she weighed 85 pounds. In the hospital she dwindled to 60 or 65 pounds. Now she weighs about 70 pounds. Mapes, who lost all his worldly possessions in the fire except a 25-cent piece, is encouraged.

Need lamps? Get them at Lewis Hardware Co.—adv.

PRISONER—Gerald Sullivan, 13-year-old boy who has been kept captive for ten of his 13 years in a small room in Roxbury, Mass., by his mother, Mrs. Ann Frances Sullivan, 45, stands at police headquarters in Boston after being freed from her prison.

# Illness Keeps Mother From Testifying

BOSTON — (AP) — Illness prevented Mrs. Ann Sullivan, 45, from telling a court the strange story of the son she kept for most of his 13-year lifetime as her "secret sin" prisoner.

The neglect charge against the mother was continued to Monday. When Mrs. Sullivan does appear for hearing, she may be spared a courtroom meeting with the boy.

Court officials said Massachusetts law did not require his appearance. They explained that the mother had already pleaded guilty to "the charge in her court appearance Monday."

"The distraught mother has tearfully pleaded for return of the 'love child.'"

"As God is my judge, I love my boy," she cried. "I don't want to give him up."

Police said bright-eyed Gerald Sullivan was held in a barren room, furnished only with a cot, until he escaped into the street in an unguarded moment Sunday night.

Mrs. Sullivan denied in an interview that she kept the child (See ILLNESS, Page 5).

# Jailbreakers Found By Denver Officers

TYLER — (AP) — Denver officers have arrested two escapees from the Smith County jail here, Sheriff Ross Turner said he learned yesterday.

They are W. C. Stansberry, trustee and Bertha Violet Knight, a woman prisoner.

# Shamrock to Take on Color of the Irish for April Parade of Colors

By MRS. FRANKIE STANLEY  
Pampa News Reporter

SHAMROCK — (Special) — Guy Hill, chairman in charge of decorations for the Parade of Colors April 9, has announced plans are rapidly taking shape in this fair Irish city bedecked in its most colorful setting since the day of St. Patrick celebration.

The Parade of Colors will be staged in connection with the 18th District Legion Convention and the formal opening of the local Legion Home, to be held April 9-10.

Hill asks that all business houses on Highway 66 and downtown Shamrock have their national colors and green and white welcome banners cleaned and ready to put up early April 9.

# Italian Reds Stage Filibuster

# Pampa News

VOL. 47—NO. 258 (18 PAGES) PAMPA, TEXAS, THURSDAY, MARCH 17, 1949

# Pair Picked Up Relating Kidnapping

Two young Clarendon men were picked up early this morning at the Parker Courts No. 1 by City Police after completing arrangements for the filming of two safety pictures in Pampa and vicinity.

They were returned to Claude a few hours later by the Sheriff's Department there for further questioning when the men denied they had taken the woman against her will and declared the whole thing was a "frame up."

Assistant Chief of Police J. O. Dumas said this morning that the case was still complicated by conflicting stories and "just doesn't seem to add up right."

Officers gave this story of the alleged kidnapping — withholding names for the present:

A man and his wife, associated with a magazine peddling group in Dallas, were hitchhiking their way to California last night when a large cattle truck with the two young men came by and offered them a lift. The magazine peddler told Claude officers the two men forced him out of the truck near Claude and drove off with his wife. He said the one put his hand in his shirt as if to pull a gun and threatened to kill him if he didn't get out.

The man, officers said, was given a lift into Claude by another car where he reported the kidnapping.

A radio alarm went out over the Panhandle and the two men and the woman were found in the Panhandle Courts at 4 a. m. by Patrolman F. D. Roan and Jay Nichols.

Police searching the two men, were unable to find any weapons on them or in the truck.

Officers quoted the two men as (See PAIR, Page 3).

# PUBLIC INVITED TO WATCH COUPLE 'DIE' ON HIGHWAY

The son of a local undertaker and his young bride will be "killed" Saturday afternoon on Highway 70 about a mile south of Pampa.

The public is invited to attend. The recently married couple are giving their lives in the interest of public safety, Sheriff G. H. "Skinner" Kyle said last night after completing arrangements for the filming of two safety pictures in Pampa and vicinity.

To "die" on celluloid in the highway wreck are Mr. and Mrs. Charles Duengel, Jr. They, plus other local talent including Sheriff Kyle, his deputies and extras, will be shown at intervals throughout the year in Pampa's three theaters.

Kyle said the public is invited to watch the filming of the scenes from beginning to end. The first shots will be taken at Johnson's Cafe at 8:30 a. m. Saturday. This will be the start of the drunk driver short.

In the afternoon Mr. and Mrs. Duengel will lay down their lives—temporarily—for safety's sake.

Similar films have been made in other cities in Texas and in other states and have been very successful, Kyle said last night.

# Democratic Leaders Concede HST Program in Trouble

WASHINGTON — (AP) — Congressional leaders today conceded privately that the Truman program for the 81st Congress is in deep trouble.

It is clearly apparent, they told newsmen, that from now on a coalition of Republicans and Southern Democrats will take the turn on legislation despite the fact that Democrats have nominal control in both the Senate and the House.

The coalition rolled in high gear this week when (1) the House riddled the President's recent control bill with amendments, (2) the administration took a beating in the Senate on its filibuster fight and (3) a Senate Committee shelved the President's nomination of Mon Wallgren to head the National Security Resources Board.

House Republican Leader Martin of Massachusetts predicted that other major proposals of the President would fare just as badly.

A Republican spokesman predicted that the House would sharply modify the Taft-Hartley Labor Law, would not boost the minimum wage in industry to 75 cents, would not vote for federal aid to education, would broaden of the social security plan, and would not enact a civil rights program.

There may, he said, be a boost to 65 cents in the minimum wage, some "moderate revisions" of the Taft-Hartley Act, a broadening of the social security program and "possibly" an anti-union law.

Dr. L. D. Henke, dean of the College of Education, University of Texas, also will speak on "Education America Needs," the theme of the conference.

Huelyn Laycock, Gray County superintendent of schools, will continue to serve on the State Executive Committee until 1951.

Frank Wilson, Pampa High School principal, is the 1949 president of the Gray-Roberts County unit.

During the evening program, Dr. D. M. Wiggins, president of Texas Technological College will speak on "Security versus Individualism." Also, the Amarillo High School A Cappella Choir directed by Mrs. Julie Dean Evans, will perform during the evening session.

District IX officers of the Texas State Teachers Association are: Gibson, president; J. Irvin Kimmins, Phillips, vice president; Thomas H. Haynie, secretary; Morris H. Jones, Amarillo, treasurer; E. T. Evans, Amarillo, Membership Committee chairman; and Miss Dorinda Bond, Amarillo, past president.

# LABOR WINS AGAIN

LONDON — (AP) — Britain's ruling Labor Party won another parliamentary election today, keeping intact its unprecedented record of no defeats for the 33 seats it has held since the 1945 general election.

Tomorrow afternoon 25 Texas I-H Club girls will be guests of Jeanne Laduke, the 4-H Club girl starring in "The Green Promise."

McCarthy is an oilman, rancher, motion picture producer, newspaper publisher and an Irishman.

Among the stars arriving yesterday were Dorothy Lamour, Chester Morris, Pat O'Brien, Robert Paige, Robert Ryan, Ruth Warwick, Hugh Herbert, Monte Colling, Dennis O'Keefe, J. Carroll Nash, Van Heflin, Peggy Cummins, Ward Bond, Joan Davis, Andy Devine, Ellen Drew, Alan Hale, Constance Moore, Virginia Gray, Wallace Ford and McDonald Carey.

Expected late yesterday were Edgar Bergen and Charlie McCarthy, Walter Brennan, Leo Carrillo, Katherine Grayson, Robert Preston, Buddy Rogers and Gale Storm.

# Schools Close Friday for Conference

Schools in the 26-county area of the Panhandle will be closed all day Friday so the school administrators may attend the district annual meeting of the Northwest Texas Conference for Education at Amarillo.

The meeting will start at 9 a. m. at the Amarillo Municipal Auditorium.

Outstanding educators and speakers have been engaged by Joe A. Gibson, president and superintendent of Childs schools, Dr. Henry H. Hill, president of George Peabody College for Teachers, Nashville, Tenn., will deliver the main address of the morning session, "Artists in the Classroom."

Dr. L. D. Henke, dean of the College of Education, University of Texas, also will speak on "Education America Needs," the theme of the conference.

Huelyn Laycock, Gray County superintendent of schools, will continue to serve on the State Executive Committee until 1951.

Frank Wilson, Pampa High School principal, is the 1949 president of the Gray-Roberts County unit.

During the evening program, Dr. D. M. Wiggins, president of Texas Technological College will speak on "Security versus Individualism." Also, the Amarillo High School A Cappella Choir directed by Mrs. Julie Dean Evans, will perform during the evening session.

District IX officers of the Texas State Teachers Association are: Gibson, president; J. Irvin Kimmins, Phillips, vice president; Thomas H. Haynie, secretary; Morris H. Jones, Amarillo, treasurer; E. T. Evans, Amarillo, Membership Committee chairman; and Miss Dorinda Bond, Amarillo, past president.

# Fort Worth Youth Guilty of Sex Charge

DENTON — (AP) — A district court jury yesterday convicted Farrell Petty, 19, of Fort Worth on a sex charge. It gave him a four-year prison term.

The trial of Bobby G. Vinson, 19, of Fort Worth, on a similar charge, was docketed for today.

Both youths were indicted after a student at Texas State College for Women accused them of forcing her into an auto last Dec. 10, driving to a side road, and attacking her.

Both also have been indicted on charges of assault with intent to rape. Trials on these charges have not been set.

# First Performance of Lions' Cotton Town Jubilee Tonight

Curtain time for Cotton Town Jubilee Lions Club minstrel will be 8 p. m. today, but the Harvester Orchestra, under the direction of Orland Butler, will start the evening at 7:30 by presenting a half-hour concert.

"This year's show has the largest cast ever and promises to be our best show," H. P. Dosier, Lions Club president, said.

A limited number of both reserve and general admission seats are still available at Berry's Pharmacy.

The Capettes, tap dance team from TSCW, arrived in Pampa early today to participate in the two-performance show. The promise to be a highlight of the show.

Also adding to the show will be (Harry Kelley) B. O. Plenty Offensive, (Dr. Calvin Jones) Lazy T. Bone, (Rudy Hargrett) Jazz by Johnson, (Jimmie McCune) Early Mae Flowers, (Phil Harvey) Bones R. Akin, and (Bunny Shultz) Salamander Alexander John Henry Jones.

The House Committee, under the chairmanship of D. M. Dick, has completed final arrangements for the show. Doors will be opened at 6:30 p. m. so early arrivals may get in to take their choice of seats.

Working on the House Committee are Bob Thompson, O. T. Hendrix, W. D. Waters, Sherman White, Dr. J. H. Kellie, W. C. Chapman, Dr. Oscar Huff, Bill Fraser, Sam Sloan, Bob Gordon, Fred Cary and J. L. Anderson.

MISS GUIDELLE BEGUN'D, Amarillo, polka blues singer and tap dancer, will sing "Basin Street Blues" in the Lions Club Minstrel Show, "Cotton Town Jubilee," here tonight and Friday night. Guidelle, a Senior in the Amarillo High School, is popular in the entertainment circles of that city.

# Talkathon Delays Vote On Alliance

ROME — (AP) — A Communist filibuster held up a Chamber of Deputies vote on Italian adherence to the North Atlantic Pact today after an all-night talking marathon.

Demanding their right to speak as they voted — under the chamber procedure — each Communist and extreme left wing member launched into a harangue against the North Atlantic agreement.

The question up was a vote of confidence on the government's proposal to become a member.

At 4 a. m. (CST) today, some 19 hours after the filibuster started, it was still going strong. An estimated 150 deputies — Communist and extreme left wing Socialists — still remained to speak.

If each averaged the 15 to 20 minutes consumed by those who argued through the night, the vote could be drawn out until tomorrow.

Terms of the pact — already sent to the Italian government for study — are to be made public throughout the world tomorrow.

Approval by the chamber is foregone since the Christian Democratic Party of Premier Alcide De Gasperi holds a majority of 305 in the chamber of 570. At a recent caucus the party voted almost unanimously for the Western defense agreement.

After chamber action the matter goes to the Senate for debate.

Outside Montecitorio Palace, the deputies building, strong forces of police were deployed. They rode in jeeps and were armed with tommyguns. This was a precaution (See TALKATHON, Page 3).

# Hughes Digs First Dirt For Building

Interested Pampans were present at the Hughes Building site at Kingsmill and Somerville at 3 p. m. today to witness the groundbreaking ceremony.

The actual power shovel excavation operations will begin tomorrow. Some clearing work was done yesterday.

Fred Thompson, Chamber of Commerce president, presided over the ceremony and introduced Mayor C. A. Huff, who addressed the crowd briefly on the development of Pampa.

Dick Hughes, president of the Hughes Development Company, unearthed the first shovel of soil. Others working on the project were Thompson, Huff and James A. McCune, representative of the Cabot Companies.

Hughes said at the ceremony: "During the 20 years of my residence here, I have made every contribution to my command to Pampa's growth and development. I visualize Pampa as a great prosperous, thriving city of twice its present population, created by the careful planning and vigorous efforts of its confined citizenship."

"This office building should, in my opinion, provide a new impulse to Pampa's growth. It should enable many more business firms to move to Pampa and bring many families with them. It should revitalize the efforts of our Chamber of Commerce and encourage others to have faith in and to invest in Pampa."

"We certainly cannot expect outside capital to invest in Pampa, if we live here do not have enough faith to invest our own money here. My faith in Pampa has never wavered."

"It is my duty as a Pampa citizen to do all I can to help Pampa grow. It is my pleasure to build this office building, thus providing an anchor for Cabot to Pampa and an opportunity to bring other firms like them here."

"It is my privilege to challenge you as Pampa citizens to invest your money in Pampa; invest your time in Pampa, and combine your efforts, unite — provide Pampa with the civic development it needs. Make this our goal — 40,000 in five years or bust."

The carbon company will occupy the two top floors of the six-story building and will handle the penthouse auditorium. The modern, trim-lined office building will be served by two high-speed passenger elevators and a freight elevator (See HUGHES, Page 3).

# Services Held For Ex-Pampan

Services for Pvt. Billy Stapp, former Pampan, were held Tuesday, Tucson, Ariz., last Sunday, according to information received here today.

Stapp, son of Mrs. Marie Stapp, now of Tucson, attended Horace Mann and Pampa High School and was a member of the Francis Avenue Church of Christ before moving to Amarillo.

Stapp was killed in action while fighting with the Sixth Marine Division on Okinawa on May 25, 1945. In addition to his mother he is survived by three brothers, all Marine veterans. Another brother, Kenneth, also a Marine, died on a Japanese prison ship during World War II.

LONG STRETCH—Sen. Allen J. Ellender, Democrat of Louisiana, mops his brow after holding the floor of the Senate continuously for 12 hours and 21 minutes during the two-week filibuster fight. It was the third longest filibuster in Senate history.

# Prevues Are Discontinued

Saturday night prevues of motion pictures at the LaNora Theatre have been discontinued, Paul West, manager, announced yesterday.

He said last Saturday's prevue is the last one. The decision to discontinue the weekly prevue, which begins at 11 p. m. Saturday, was made as a gesture of cooperation with the Sheriff's Office and the Ministerial Alliance, he said.

Opinion had been expressed, it was said, that prevues were giving some children an excuse to be away from home late at night. Some of the children have not been going to prevues, as they had told their parents, according to reports.

West said he was interested in cooperating with the petitioners by discontinuing the late shows to see if they were contributory to delinquency.

# Box Supper Set At White Deer

WHITE DEER — (Special) — The White Deer Home Demonstration Club will sponsor an old-fashioned box supper, Friday night, beginning at 7:30, in the Grade School Auditorium.

The women are requested to bring boxes. There will be plenty of coffee provided. Games of "42" will furnish further entertainment.

The club has adopted Boy's Ranch as its major project this year, and the funds raised at the box supper will aid in this project.

# THE WEATHER

U. S. WEATHER BUREAU

WEST TEXAS: Partly cloudy, colder tonight except in Panhandle and South Plains. Freezing rain or snow in Panhandle, ending this afternoon. Friday partly cloudy, warmer in Panhandle and South Plains in the afternoon.

OKLAHOMA: Partly cloudy and colder tonight. Friday partly cloudy and a little warmer. Lower tonight: 0-25 northwest, 2-33 west, 2-30 north, 2-30 south. Max. 30-35, Min. 15-20. Wind: West, Max. 27, 10-30 a. m. 20-25, 10-30 a. m. 20-25.

Nicholas Zachariades, above, who replaced Gen. Markos Vafsiades as head of Greece's Communist guerrillas, suffered a severe defeat in his first battle with government forces. The rebel radio has said that Markos is "seriously ill." Zachariades, trained in Moscow, has been secretary-general of the Greek Communist Party.

**COMMITTEE**

(Continued From Page One)

the glaring lights by a mimeographed copy of one of the bills.

As many as a dozen spectators were snoozing at once. Several committee members were dozing around 5 a. m. and Chairman Rae Piles Still, a Waxahatchie high school teacher, admitted she was having a little trouble staying awake.

The committee took a 15-minute recess at 1:45 a. m. and sent out for coffee and sandwiches that didn't arrive until 2:30 a. m. Members stopped talking to gup and chew while the hungry onlookers drooled helplessly.

As re-written by Nokes, the Central Education Agency bill calls for a 21-member elective State Board of Education. The Senate version had nine members.

Witnesses appearing against the three bills in the main offered these arguments:

An elective board would be undemocratic in that very few voters would turn out in the elections—just as very few turn out in local school board elections; that special interests would have an opportunity to control the public schools; that the present plan with an appointed board and an elected superintendent works very well; that the economic index plan of financing is too complicated; that the Taylor bill would create confusion in administering the schools.

Proponents emphasized these points:

That the entire plan is a sure guarantee for decent salaries for teachers; that it stabilizes financing of the school system and equalizes the cost between districts more able and less able to pay; that it is as democratic as the local system of electing school boards which appoint superintendents; that it would eliminate lack of harmony between the state superintendent and the state board; that it is a progressive plan setting up higher minimum school standards than the schools now have.

command. As air intercepting forces, Hawaii has left one Air National Guard squadron of 25 overage F-47 Thunderbolts and a Navy all-weather fighter training unit.

Military observers believe Hawaii is being thus stripped of air defense on the basis that there would be little profit for an enemy nowadays to aim a first attack at these islands.

**New Conference**  
WACO — (AP) — "Gulf Coast Intercollegiate Conference" was picked Saturday as the name of a new college athletic circuit for Texas.

The conference, formed some time ago, is composed of former members of the Lone Star Conference. They are Trinity University (San Antonio), Hardin College (Wichita Falls), North Texas State (Denton) and the University of Houston.

Officials of the four schools met here Saturday to adopt a name, constitution and bylaws.

D. L. Ligon of Hardin College, conference president, said the constitution adopted is similar to that of the Southwest Conference. However, it omits the rule which prevents freshmen from playing on the varsity teams.

**Red Cross Fund Drive Over \$5,000**

Pampa Chapter's Red Cross fund drive netted \$5,094.55 by press time today, Mrs. Mildred Hill, executive secretary, said.

Approximately one-third of the volunteer workers have turned in their solicitation. Others have notified the office of their progress.

Workers that have not yet contacted the Red Cross have been urged to do so as soon as possible.

"The American Red Cross is a private organization assigned by law to represent the U. S. in various international relief activities and to perform many national and local services in this country," she said.

The Red Cross' relations with the Armed Forces during wartime are established by law. Servicemen in World War II found Red Cross facilities wherever they were on duty. They discovered the Red Cross usually had anticipated their needs by establishing services to cover many unusual situations.

Today in wartime, Red Cross activities with the Armed Forces are based on one simple principle—to help the individual serviceman and his family. A serviceman in turn should be aware of the regulations and policies governing the kind and extent of services he reasonably can expect the Red Cross to provide.

(Continued From Page One)

tion against any possible Communist demonstration. The Communist-dominated Rome Chamber of Labor announced meanwhile, it had called a one-hour strike today as the first protest against Italy's adherence to the North Atlantic agreement.

A two-hour demonstration yesterday at Lecco, in Northern Italy, saw several hundred workers stone police, who fired machine guns in the air and used tear gas.

**PAIR**  
(Continued From Page One)

saying the magazine peddler offered to get out of the truck and told them to take his wife with them, spend the night with her, pay her \$10 and then they would meet again in Amarillo today.

The woman told officers the men threatened to kill her if she made any outcry or attempted to get away.

No charges were filed in Gray County, but officers from the Sheriff's Department at Claude brought the woman's husband to Pampa this morning to identify the woman and the two men. All four were returned to Claude for further questioning.

By noon today city police had received no further information from Claude.

**Days Are Busy Down on Farm For Truck Stops**

AUSTIN — (AP) — Days were busy down on the farm over most of Texas last week.

The United States Department of Agriculture reported that farmers kept tractors going from early to late with clear weather permitting the first full week of work this spring.

Principal exceptions were some upper coastal and East Texas counties where mid-week rains again stopped field activity.

Soil moisture over much of the state was near ideal for plowing, bedding and planting, USDA said.

Field work in most vegetable areas was active. Cantaloups, potatoes and watermelons were going in in some central counties and was well along in South Texas. Tomato plants were being put in cold frames in East Texas. East Texas sweetpotato bedding made good progress.

Winter vegetable progress in South Texas was still slow. Valley onions were reported blighted. Growers continued to dust.

Cool nights were slowing grass growth in northern and western counties, but growth was good to excellent in southern, central and eastern counties, USDA's report said.

**USDA Predicts Gloomy Prospect**

AUSTIN — (AP) — The U. S. Department of Agriculture said that prospects for Texas truck crops are pretty gloomy.

The blizzard in late January slashed yield estimates for most crops.

The USDA estimates as of March 1 were:

Beets — winter crop about 27 percent below earlier indications.

Cabbage — winter crop estimate five percent below Feb. 1 estimate.

Potatoes — early spring harvest in lower valley and Florida about 16 percent less than last year and 17 percent below average.

Spinach — prospective winter production estimate same as a month ago.

Tomatoes — early spring harvest in lower valley, Florida and California about 25 percent less than last year and smallest acreage since 1941.

Watermelons — prospective acreage in early summer crop of states up two percent over last year, but acreage reductions in Texas, California and Arizona.

**HUGHES**

(Continued From Page 1)

tor. Also, it will be air-conditioned throughout.

Excavation work will begin immediately for a concrete basement which will extend under the sidewalks of Kingsmill and Somerville.

The ground floor space of the building will be 100 feet by 140 feet and will probably be occupied by three stores. The remaining floors will be 75 by 100 feet. About 75 percent of the building already has been leased.

Officers of the Pampa Properties, Inc., builder of the Hughes Building, are Hughes, president; James F. Smith, Memphis, vice president; Jay Thompson, vice president; Letha Northup, secretary; and Frank Mitchum, treasurer.

Construction of the building will be done by Monarch Lumber & Plumbing Co.

**Journal Says Fewer Houses Will Be Constructed in 1949**

NEW YORK — Although the home-building industry has the makings of a bigger-than-ever boom on its hands, the total number of houses to be built this year will fall well below the 925,000 units started in 1948, according to Business Week.

Government experts officially predict 875,000 starts for 1949. Some of them now privately guess that 825,000 is a better bet. Dollar volume will be down even more, because of the shift to less expensive units.

The magazine says that according to its own survey, the two most difficult problems facing builders are (1) it is difficult to erect a low-priced house that meets the minimum demands of the prospective buyers, and (2) it's getting harder and harder for such buyers to arrange financing.

Nevertheless, the survey shows that nearly all the larger speculative home-builders are planning to go all out on lower-priced housing in 1949.

"Typically," the article states, "the man who built 50 houses selling at \$14,000 last year is planning to put up 100 or more units selling around \$7,500 in 1949."

The BW survey also shows that the supply-and-demand picture in

housing has been changing fundamentally during the past six months. The worst of the squeeze is over now and the building industry is getting back on something like a normal basis.

Some of the points on which builders and real estate dealers generally agree are: (1) Vacancies are showing up in increasing numbers; (2) Prices of old houses are coming down; (3) Getting materials is no longer a problem to the home-builder; (4) Building costs are coming down a little; (5) Mortgage money is still getting tighter.

The magazine notes that builders complain zoning laws and building codes blow up the cost of a small house and that building lots cost more now than they should. Also, cities and towns frequently buck the costs of new streets and sewers onto the builders, instead of paying them out of the municipal fund. This means a higher selling price for all the houses in the project.

LORETTA YOUNG, VAN JOHNSON and RUDY VALLEE in a scene from 20th Century-Fox "MOTHER IS A FRESHMAN." Color by Technicolor.

Second in the series of outstanding motion picture premieres scheduled for Pampa during 1949, "Mother Is a Freshman," starring Loretta Young, Van Johnson, Betty Lynn, Rudy Vallee and Robert Arthur, will open a 1-day engagement at the LaNora Theatre Sunday, it was announced today by Manager Paul W. West.

The picture, which had world premieres at Norman and Stillwater last week, is having a simultaneous world premiere encore here and in 33 other leading Oklahoma and Texas theaters this week.

Filed in technicolor, "Mother Is a Freshman" is not a caricature of campus life, but rather a fairly realistic reproduction of it in a story that talks and acts like freshmen and has certain twists appealing to both young and old alike.

Manager West told The Pampa News "that the picture is clean, wholesome entertainment for unrestricted family patronage—one that you won't want to miss at our early, exclusive showing." Adv.

# Ibamen Enter NCAA Playoff With Win Over Nebraska

## Horse Races Scheduled for Sunday Afternoon at the Luther Holmes Race Track

### Sports Round-Up

**By HUGH FULLERTON, JR.**  
**NEW YORK — (AP) —** Word from the Giants' training camp is that Leo Durocher is getting excited about a kid outfielder named Gail Henley; Gail's former Southern California teammate, Wally Hood, is still chugging for the Yankees, although he likely will return to Newark; and big Frank Quinn from Yale is attracting favorable attention from the Red Sox. He'll stick, and not just because he's a bonus player. That's not a bad showing from a bunch of kids who were playing for the college championship last spring. In addition, John Falciani from California's 1947 NCAA champs, is getting a trial with the Pirates and a whole flock of boys from those three teams are in the top minors and looking for big league careers.

### ROUNDBALL RECORDS

The Baxley, Ga., High School girls' basketball team recently won its third consecutive state championship and stretched its winning streak to 169 games in a row. They must have access back to Baxley. . . And in Iowa, Diagonal High School, with an enrollment of 35 boys, reached the state cage final tournament for the eleventh time in 19 years. Would you say Diagonal gives the tourney a fresh slant? Query from a training camp asks "how about the talk that veteran American League umpires are going to gang up on Joe Tapparella this season?" The story, which hadn't reached this corner before, is that they're putting the blast on Joe for Bill McGowan's suspension last season because he reported just what he said in that shindig with the Senators and didn't try to soften his punches. . . If it's true, it sounds like a good way for more mups to get themselves in trouble. . . Also in the unconfirmed rumor dept. is the gossip around Wisconsin that Harry Stuhldreher won't remain in his present job more than a year. . . It's a plain fact, however, that when Cleton made his one public appearance at Hialeah, the fans picked up 20,000 postcard pictures of the horse.

**OUT TOMBALL GAME**  
 If the Browns won't let the Cardinals use Sportsman's Park in St. Louis this summer, Manager Eddie Dyer's numerous Texas Cards without a ball park."

**KANSAS CITY — (AP) —** It took a long time, but Oklahoma A&M finally got into the National Collegiate Athletic Association's Western basketball playoffs.

Coach Henry (Hank) Iba's Aggies, No. 2 team in the final national ratings and first defensively, qualified for the fifth district spot in the Western by breezing past Nebraska's Cornhuskers, 52-35, last night.

Arkansas, Wyoming and Oregon State previously qualified for the Western meet, prerequisite to the NCAA finals in Seattle, Wash., next week.

The Eastern representative to the Seattle meet will be decided at New York City Monday and Tuesday. Paired in the first round at Madison Square Garden will be Illinois and Yale and Kentucky and Villanova.

Iba's Aggies, twice national champions and winners of eight undisputed Missouri Valley Conference titles, meet Wyoming, 1943 NCAA crown bearers, in the opening first round game here at 8 p.m. (CST) tomorrow. Oregon State and Arkansas follow at 9:30.

### Pampa Golfers Meet Amarillo

Pampa Harvester and Reeper golf teams will meet Amarillo school golfers tomorrow afternoon at the Pampa Country Club. Despite the fact that most of the Harvester team will be out of town, enough boys remained to form a six-man team.

Probable par-smashers for the Harvesters will be Rich Miller, Ronnie Samples, Jack Cox, Wayne Doss, Derral Danner and Dick Prather.

The Junior High team will be picked from Harold Lewis, John Oden, Tom Cox, Charles Austin, Gene Barton, Duane Kuntz and Ray Dudley.

Club professional, Johnny Austin, is coaching the boys, will be out of town for the event, but Grover Austin, Jr. will handle the pairings.

### Pro-Amateur Ends In Triple Tie

**WEST PALM BEACH, Fla. — (AP) —** The Seminole Club's rich 36-hole Pro-Amateur Golf Tournament ended in a three-way tie for first place yesterday.

Henry Ransom, veteran professional of St. Andrews, Ill., won the individual medal play tournament — played simultaneously with the pro-amateur contest — for the second consecutive year.

Skip Alexander, Southern Pines, N. C., pro, and A. E. Chace, Providence, R. I., businessman; amateur George Rasmussen, Palm Beach and Ed Furgol, Detroit; and Joseph Scheerer, Newark, N. J., with Dave Douglas, Wilmington, Del., finished with 128's for top money.

Ransom carded a 35-32-67 for a 36-hole total of 137 to pick up \$1,500 first money in the professional's tourney.

### Joel Hunt to Coach

**BUFFALO, N. Y. — (AP) —** Joel Hunt, former Aggie starting halfback, is the new backfield coach of the All-America Football Conference Buffalo Bills.

Hunt's signing was announced yesterday. He replaces Chuck Jaskwich, who resigned.

The ferret, which is still trained to catch rats, is derived from Gaelic and ancient Celtic, meaning cunning one or crafty one.

### A's Dump Bums

**VERO BEACH, Fla. —** The Brooklyn Dodgers went back to full scale drills today after losing their first exhibition game in four starts. The Philadelphia Athletics beat them 4-3, in 11 innings yesterday.

### Rookies to Fire

**TUCSON, Ariz. —** Young pitchers get the call today for the Cleveland Indians.

Dick Rozek and George Anderson, southpaws, and Will Hafey, a right-hander, will do the hurting against the Chicago White Sox.

### Redbirds Wear Green

**ST. PETERSBURG, Fla. —** The St. Louis Cardinals took a holiday today, with no game and no practice.

The idea for a St. Patrick's Day vacation was that of Bob Hannegan, former postmaster general, who set up the spring exhibition schedule before he sold the club to Fred Saigh, Jr.

### Brownies Lose

**SAN FRANCISCO —** The St. Louis Browns will try again today to beat the San Francisco Seals of the Pacific Coast League. They lost the opener yesterday, 7 to 5.

### Chapman Ready

**WEST PALM BEACH, Fla. —** The Philadelphia Athletics have every reason to believe Sam Chapman's spectacles are gone for good.

Last season, centerfielder Chapman donned glasses in an effort to improve his hitting. This year, he's cast them aside.

Page 6 Pampa News, Thursday, March 17, 1949

# WARREN'S WARM UP

By Warren Mason—News Sports Editor

**QUESTION: Where did the word links—originate as applied to golf courses?**

**HARVESTER TRACKMEN:** Though the weather has been against them for the past several days, the Harvester trackmen have been working out daily in the gymnasium at the High School. They can't do much inside but they must get ready for the Fort Worth Fat Stock and Track Show this coming weekend.

The team left this morning for the big city, led by their two coaches, Tom Tipps and Max Mooncaster. Boys who are making the trip are Derral Davis, Max Robbins, Marvin Harvel, Jim Hayes, Harbord Cox, Bud Lanning, Dan Roche and Lon English. Wesley Kieth, speedy dash man, was hurt this week and cannot make the trip.

The Harvesters will have no boys participating in the high jump, broad jump or pole vault. The weather has been so bad that it has been impossible to workout for these events, so all participation by the Harvesters will be confined to running events and hurdles.

Running in the high hurdles will be Derral Davis and Max Robbins. Davis was one of the leading schoolboy hurdlers in the state last year, and he may score some points for the team tomorrow.

In the 100- and 220-yard dashes will be Hayes and Harvel. Kieth would normally be running these events, too, if he were well.

The 440-yard dash will be run by Harbord Cox. This is the hardest and fastest of all longer races. The 580 will be handled by Lanning, and Danny Roche will run the mile event.

The only weight man going is Lon English, who will be entered in the shot put event.

The sprint relay team will be composed of Harvel, Hayes, Davis and Cox. These four boys have had little chance to work on their baton hand-offs, an important part of a relay race.

Other boys who have been working out daily in track, but will not go to Fort Worth, are Eddie Marlow, Dick King, Bob Hinkley, Lamar Lively, Elmer Wilson, Carroll Smith, Tom Allison and De Way Cudney.

**ANSWER:** The word links, in regard to golf courses, originated in Scotland, because of the like-

### Training Camp Baseball Briefs

**PHOENIX, Ariz. — (AP) —** Rigney, collapsed during game Sunday, was expected back in uniform today. Rigney was treated at a Phoenix hospital for a heart condition.

### Orlando Fans Flock

**ORLANDO, Fla. —** The New York Yankee-Washington game here yesterday drew Orlando's biggest spring training crowd in years—2,936.

### Louis Drops Ray

**HOUSTON — (AP) —** Joe Louis scored a technical knockout over Elmer (Violent) Ray in the fourth round of a scheduled six-round exhibition bout last night.

In a scheduled 10-round semifinal, Lee Campion, 178, Chicago, knocked out Billy McCoy, 176, Fresno, Tex., in the fourth round.

### Hamner Hits Heavy

**CLEARWATER, Fla. —** If shortstop Granville Hamner continues to pound the ball in his present fashion, the Philadelphia Phillies may have a new clean-

In 23 trips to the plate in training camp games this year, Hamner has 10 hits to his credit, two of them made yesterday as the Phils defeated Cincinnati 2-1, up batter.

### Ferris Gets Try

**SARASOTA, Fla. —** The Boston Red Sox' third pitching "questionmark," Dave (Boo) Ferris, will start today against the visiting Philadelphia Phillies.

Manager Joe McCarthy is hoping for a good performance from Ferris to match those of the other two Sox hurriers, Mickey Harris and Tex Hughson.

### Newhouser Hurls

**ST. PETERSBURG, Fla. —** The Detroit Tigers led with their ace today as Manager Red Rolfe named Hal Newhouser, top American League winner of 1949, to hurl an exhibition game against the New York Yankees.

It was the first Grapefruit League clash for Detroit with a

# Cinderella Teams Battle in NIB Semifinals Tonight

**NEW YORK — (AP) —** Four Cinderella teams battle tonight in the semifinals of the National Invitation Basketball Tournament.

Loyola of Chicago, conqueror of almighty Kentucky, meets Bradley, upset winner over Western Kentucky, at 7 o'clock (CST) in Madison Square Garden. San Francisco, which ripped a third-seeded Utah in the final seconds, engages Bowling Green, surprise victor over St. Louis, at 8:45.

These four teams—of the 12 that started the tournament—weren't even supposed to still be in town. The script called for them to bow out gracefully during Monday's games. Instead, they tossed the script out the window in the greatest series of upsets in basketball history.

None of the four teams has ever won the Invitation. Loyola reached the finals in 1939, the only other time it was entered. Bowling Green has tried four times previously, getting as far as the finals in 1945. Bradley has been in it three times, but never past the semifinal round. San Francisco is trying its luck for the first time.

The original seedings, which were wiped away Monday, listed Bradley fifth, followed in order by San Francisco, Bowling Green and Loyola.

Bowling Green, which owns the poorest season's record of the bunch, is riding the crest of a 15-game winning streak that dates back to Jan. 11 when it lost to Kentucky by two points. Altogether the Falcons have won 23 and lost six, including their two tournament victories. Bradley has the best mark—27 and six. Loyola won 24 while losing five and San Francisco won 23 and lost five.

The finals will be played Saturday night with tonight's losers meeting in a third-place game.

### Connie Mack Is Hopeful for '49

**WEST PALM BEACH, Fla. —** At the age of 86 when most men are wheel chair cases, Connie Mack sits in the Philadelphia Athletics' dugout and talks about one more pennant.

"At first I thought Cleveland had it clinched but I changed my mind," said Mack in his annual second guess. "I think we have a chance along with New York and Boston. Cleveland has to win again to prove that it's a good team."

"Our club is about the same. Good defense but we don't hit." The A's were generally overlooked last spring. Many experts' faces were red when they climbed into the American League race and remained there until late August. They finished fourth.

### Eight Teams in AAU Cage Battle

**OKLAHOMA CITY — (AP) —** The National AAU Basketball Tournament, which started four days ago with an unwieldy field of 44 teams, was down to eight clubs today with all but one of its seeded entries still around.

Those eight all go into action tonight to decide Friday's semifinals.

The only top-rated outfit which failed to get past yesterday's quarterfinals was Hanes Hosory of Winston-Salem, N. C., blasted by the Los Angeles Cliftons, 78-53.

The Cliftons, AAU champions of their area, meet the strong Oakland Bitters, No. 2 seeded team.

The Bitters were one of three seeded clubs that came close to meeting the Hanes quintet's fate. Arlington, Tex., Motors, unimpressed by tourney talk, forced them to stall for nearly 90 seconds at game's end to escape with a 87-85 triumph.

The Seattle Alpines nosed out Shreveport's Graysons in a saw-saw battle, 48-44.

# Philip Payne, Harvester Gridman, Invited to Play in All-Star Grid Classic

PHILIP PAYNE

Philip Payne, star lineman on this year's Pampa Harvester grid team, has been invited to participate in the Texas State All-Star Grid Classic to be played at Seamount during the State Coach School, August 1-5. The invitation came through Paul Snow, chairman of the Texas High School Coaches Association.

Payne, the outstanding lineman on the team this season, is a Senior, 17 years old, weighing 185 pounds and standing 5 feet 11 inches tall. He has received many college football offers, but has made no decision as to where he will attend next year.

If he accepts the invitation to play he will be a member of the North team, coached by Carl Snavely. As each high school is not permitted over one player, Payne will be the only Pampa player participating in the football game.

One of Bill Goodman's singles for the Red Sox last season became lodged in Eddie Joost's shirt. The ball rolled up the shortstop's sleeve.

## Gassers Have High Hopes For New Year

**BORGER** — The Borger Gassers, with hopes high for a first division berth in the West Texas-New Mexico League this season will assemble in Paris, Texas, Sunday, March 20, for the beginning of a 30-day spring training season.

Many personnel changes have been made since last year's seventh-place finish.

First baseman Leon Mitchell has been traded to Wichita Falls for Jack Crowe, outfielder. Crowe was with Borger last year but was the property of Wichita Falls.

Catcher Bob Kramolisch and third baseman Tommy Fox have been sold to Texarkana. At the same time the Gassers purchased Vallie Eaves, veteran right handed pitcher from Texarkana.

Tony Pizarro, who hit .411 for Lamesa last season, was purchased from Midland during the winter, but two weeks ago he underwent an arm operation in Chicago and is not expected to be ready for action until the latter part of April.

Carnett, in his second year as Borger manager, intends to take his regular turn on the mound. Last year he won five and lost two while dividing his playing time between center field and the pitcher's box. He hit a lustrous .408 in 135 games.

Carnett is counting on Eaves and Clayton Fries, southpaw who won 17 and lost seven for Borger last year, as starting hurlers and hopes to get improved work out of returnees Hugh King, J. L. Peterson and Jim Cain.

Two other hurlers Carnett hopes will help the club are Ernie Faccio, who was drafted from Odessa of the Longhorn League and Marion Grant, drafted from Lawton, Okla., of the Sooner State League.

The club inner defense will be weak with the loss of Mitchell and Fox and Larry Gilchrist, last year's regular shortstop, who is the club's full-time business manager now. Only Verdon Gilchrist, steady second baseman, is returning from last year's infield.

Huber Park, home of the Gassers, has been given a facelift. A row of boxseats has been added, new rest rooms have been installed, an eight-foot wire barrier has been erected on top of the short outfield walls, a dressing room for umpires has been constructed and the press box has been doubled, with half for the newspapermen and half for the radio men.

The club will start off its first full season under its new owners, D. M. Spector and Dr. Marshall Dykes, who purchased the franchise at the tailend of last season.

The Gassers will play an 18-game exhibition schedule during spring training.

The schedule: March 27, Paris at Paris; March 29, Paris at Paris; April 1, Lubbock at Paris; April 3, Greenville at Greenville; April 5, Gainesville at Gainesville; April 7, Wichita Falls at Wichita Falls; April 9, Gainesville at Paris; April 11, Kilgore at Kilgore; April 13, Longview at Longview; April 15, Gladewater at Gladewater; April 17, Paris at Paris; April 19, Paris at Paris; April 21, Texarkana at Texarkana; April 23, Sherman at Paris; April 25, Sherman at Sherman; April 27, Amarillo at Borger; April 29, Pampa at Borger.

## BETTER BOWLING

**THUMB CONTROL:** To reduce the hook turn to the minimum, when the alley surface is very slow and the slightest spin causes a sharp right-to-left break into the pins, a slight change in the position of the thumb may be just the ticket.

Straightening the thumb is all that it amounts to, and, to do that, point the thumb AT THE PINS when you take your grip. The ball then rests in the palm and fingers. Usually the thumb is turned to the left, TOWARD THE BODY, and the fingers on the outside (right) put hook-spin on the ball as it is released. The spin comes naturally with the swing-through.

When you straighten the thumb in eliminating this natural spin, remember that the hands stays in its original position throughout the swing. Don't turn the wrist. Keep it firm, tensed just a little, during the stride and to the release of the ball.

An inward turn of the ball toward the pins in sufficient amount to give it carrying power will result from the natural "run" of the alley. Your direction depends on how much the alley "runs," and you take the stance accordingly.

By eliminating the hook turn with the changed thumb position, you should start the ball midway between alley-center and the right-hand gutter, as the illustration shows. Remember to keep the swing relaxed. And, swing-through!

## Kawal to Temple

**PHILADELPHIA** — (AP) — Albert P. (Al) Kawal, head football coach at Drake University, has resigned after two seasons and one of Northwestern University's greats, to the new head gridiron mentor at Temple University.

Kawal is the successor to Ray Morrison, who resigned more than a month ago to accept the head coaching post at Austin College (Tex.) after serving nine years as boss of Temple's grid-

## It's Up to Leo the Lip To Give the Giants a Lift

By JACK STEVENSON  
PHOENIX, Ariz. — (AP) — For better or worse, the New York Giants' 1948 showing could well depend on one man—Leo Durocher—and the injury line.

And just how did Lippy Leo find himself in such a position? Already Giant President Horace Stoneham has said he figures the Gotham Bombers have the stuff to win the National League pennant.

Leo said the same last year. The team finished fifth. And, as the squad goes through its spring drills, only one major change can be noted in personnel—Durocher, erstwhile pride of Brooklyn, stands at the helm instead of popular Mel Ott. So apparently the finger's on the Lip to bring the team from fifth to first.

To be sure Durocher took over midway in the 1948 season, but you can't judge one pilot by the job he does with the mold another has set.

All the regular players are familiar. They're the same old fence busters. Naturally plenty of rookies are in evidence, but the men who'll probably be in the starting array when the flag chase starts were all in Giant livery last season.

Injuries hurt the 1948 Giants from start to finish. Fellows like Catcher Steve Cooper and Second Baseman Billy Rigney can't be lost for long stretches without seriously affecting the club.

THUMBNAIL PREVIEW  
New York Giants  
Pitching—Jansen and Jones.  
Catching—Problematical.  
Hitting—Powerful.  
Infield—Good hit, Fair Field.  
Outfield—Fine.  
Finish—Fourth.

Cooper still remains a question mark. The knee that benched him has undergone an operation, but the big backstop has been taking things easy this spring. The Giants will need the heavy-hitting Cooper in most of the games if they hope to go far. His understudies haven't yet come up to take his place.

Pitching also poses an unknown factor beyond Larry Jansen, ace of the corps, who again should be the leader. Only Johnny Sain of the Braves has notched more wins than Larry over the last two seasons.

Number two finger honors could go to Sheldon Jones, starting his second year in the big leagues. He hung up 16 victories for the Giants last year. Monty Kennedy, who spent most of last season with Minneapolis in the American Association, could prove invaluable. The lefty's wildness kept him out of the majors except for a short stretch near the end of the 1948. If he has conquered control, the 15 wins expected of him won't be an overestimate.

All spring Durocher will be looking at fellows like Dave Kosloski, Roy Poole, Frankie Sam Webb, Bill Ayers and Mario Picone. He will have to round his mound

staff from among them.

The rest of the lineup has been pretty well set—big Johnny Mize, the home run slugger at first base, Rigney or Jack Lohrke at second, fancy fielding Buddy Kerr at shortstop and Sid Gordon at third.

In the outfield are Willard Marshall, Whitey Lockman and Bobby Thomson, with Don Mueller given some chance of a look in.

That's the setup and unless some trades are made the same team will be out in '49 that showed in '48. That is, with the exception of the manager—Leo Durocher.

## Kasaboski, Overhauls in Main Event

Tomorrow night's wrestling card at the Sportatorium will feature a main event roughie in the main event. Alex Kasaboski, Hamilton, Canada, husky, who wrestled on the Funk team last week, will oppose George Overhauls, Amarillo. Overhauls has been here quite frequently of late, and in his last match against Billy Sandow, showed himself to be a pretty good wrestler. He is a strong man, who likes to break holds by just using his strength.

The main event will be a two out of three falls, one hour time limit match.

The special event, a two out of three fall, forty-five minute match will bring back Pierre LaBeille, Frenchman from Portland, Oregon, who hasn't been here in a long time. His opponent will be Billy Sandow, Toledo, Ohio boy, who was nearly choked to death last week by Funk, Boynton and Kasaboski. Billy is a well-tanned, chesty boy, who is exceedingly clever with his feet.

Kasaboski, who will work in the main event, turned out to be a pretty rough boy last week. He did a lot of slugging and checking all unnecessary and uncalled for. Overhauls is a boy that can get rough if the need be. So much action can be expected in this event if Kasaboski starts acting like he did last weekend.

Referees for the matches will be Glen Detton, who is rapidly turning into one of the finest ring officials in the area. The first match will start at 8:15.

## Mexican Champion Relinquishes Crown

**MEXICO CITY** — (AP) — Kid Asteca formally renounced his national welterweight title last night. He won it 16 years ago from David Velasco.

The Kid, whose real name is Luis Villanueva Parano, was retiring at the ceremony at the National Boxing Commission. His official record, dating from 1932, shows 184 bouts of which he lost only 31, five of them by knockouts. He won 84 by knockouts.

His career included appearances in California, Texas, Oklahoma, Cuba and Argentina. The Mexican welter title goes to Babe Marshall, leading contender.

# POP Goes the QUEEN

By Bob Wade and Bill Miller

THE SCENE: A quiet, dimly lit room in a small town. A young man, John Henry, sits at a table, looking thoughtful. A woman, the Queen, stands by the door, her eyes fixed on him. The room is filled with the soft glow of a lamp, casting long shadows on the wall.

John Henry frowned and then his head bowed. "Any place in town," he said. The driver eased his foot away from the accelerator and the huge freight truck slowed down for the 25-mile speed limit that began with the outskirts of Azura.

As the truck crept into the center of the city the vacant lots and shabby homes became fewer. Here were shops crowded close together and interspersed with neon-fronted and palatial nightclubs. Souvenir stands dotted street corners. Here and there, conspicuous in austerity, a branch brokerage office faced the vacationing industrialist.

John Henry forgot his aching head for a moment as he got his first good look at the bizarre city. "What did you say?" he had to ask when he realized his burly companion had spoken.

"I was saying," the driver repeated ungraciously, "that you really see some characters around this place. Take a gander at that creep on the bike—a black suit in this heat!" His calloused forefinger gestured in disgust toward a con-

The climbing fish of the East Indies is able to live out of water for long periods, and climbs wet trunks of trees by means of its spiny fins and gill covers.

## Mainly About People

his down. "They were new, but he reminded himself. "I'll insist on taking care of it," John Henry said. "I'll have it fixed right away."

Sin wrinkled her nose at the man's offer. "For real enjoyment give me a well-brewed beer," she noted.

The tooth-paste man looked puzzled. "That's a Spoonerism," explained Sin apologetically. "From Reverend Spooner of Oxford. He was always talking in reverse English. My mind's cluttered with useless quotes like that."

"Let's get out of the sun," Conover suggested. His headache was beginning to nag him again.

A CROSS Date Street, the broad walk had been roofed over to shade the tables of a sidewalk cafe. They dragged the bicycles to the curb, sat down at the table nearest the street and listened to John Henry relate his adventures.

"I got dizzy all of a sudden," he concluded. "When I woke up I was all by myself in this empty library."

"Sin drugged you and searched you!" Sin said accusingly. "I guess so. Anyway, I climbed out a window and walked to the main road and hitchhiked back here." John Henry looked uncomfortable. "All right, I made a fool of myself."

"I wish you'd been a little more careful," Sin said. "You were picked at a loose thread on her gay skirt. 'Well,' she murmured, 'as a matter of record—' While she told of Sagmon Robotom and his mysterious warning. John Henry's chin began to jut forward. As she continued with the story of following Gayner and finding the flood maps, his face turned red. And when Sin had ended the tale of the near kidnapping, her husband slammed his fist down on the linoleum-topped table, hard enough to bring a waiter scurrying out from the cafe's interior.

"That does it! That's enough for us, Sin."

"What would you like, sir?" the waiter requested timidly.

"Nothing in this town!" John Henry roared, glaring at him.

(To Be Continued)

### 27 Labor Disputes Reported in Texas

AUSTIN — (AP) — Twenty-seven labor disputes involving 4,305 workers were reported in Texas on March 1.

The Texas Employment Commission said seven new disputes were reported in February but three of these were settled. Seven old disputes were also settled.

The cities reported labor-management difficulties: Houston 7, Laredo, 4; Dallas 4, San Antonio 2, Texas City 2, and Galveston 2.

One each were reported in Beaumont, Amarillo, Bridgeport, Brownsville, Corpus Christi, Denton, Elgin, Gainesville, Greenville, Mineral Wells, Odessa, Pasadena, Port Arthur, Riverside Sherman and Wichita Falls.

Some 35 states are served today with natural gas.

### Leaves From a Correspondent's Life Note Book

By HAL BOYLE

NEW YORK — (AP) — Planning to help the little woman with her spring housecleaning chores?

Well, if you decide to save money by going to the painting yourself, better think twice. That is the advice of Fuzzy Macaskill, who had the same idea, too.

Fuzzy is a good friend of mine, a kind, generous man with a heart of purest gold — and five big thumbs on each hand.

The other day he had a week's vacation coming. He decided he'd be money in the pocket if he spent the week repainting his home. With brush and can he attacked the kitchen and turned it a violent yellow.

Somewhat the paint seemed to get yellow near the bottom of the can. His wife took a look in the morning and said, "I think I'll go over to daughter's and stay with her for the rest of the week."

Fuzzy, so paint-spotted he looked like a patch of dandelions, thought in the hour he had just finished daubing the living room when a neighbor called: "Your dog, Skippy, just ran up the street."

Fuzzy caught the dog after a two-block run. When he got to Skippy in the house, he tried to chase him upstairs. Skippy thought it was a great game. He ricocheted off the newly painted living room walls several times.

The bathroom came next. Fuzzy was using the toilet when he noticed as he painted the walls and ceiling. The result: three tones of an original color.

Absent-mindedly Fuzzy sat down on a toilet seat which he had trimmed in black enamel. It hadn't dried.

Fuzzy gazed around. He put away his paint brush in disgust. "I am expecting my wife back any day now," said Fuzzy. "And there's a greeting for her as soon as she opens the door. I tacked up a sign that says: 'To hell with the front porch!'"

## Parents Meet Over Caskets

MEMPHIS, Tenn. — (AP) — Two flag-draped caskets provided the meeting place in National Cemetery here for grieving parents from Texas and North Carolina.

## Car Industry Hears Talk of Small Models

By DAVID J. WILKIE  
AP Automotive Editor

DETROIT — (AP) — Auto industry circles are hearing renewed talk about shorter wheelbase and lighterweight cars.

What the talk portends can be only guessed at, but most sources believe it may evolve into industry-wide production some time during the year ahead. The industry, of course, would not devote any time to smaller wheelbase and lighter weight vehicles unless there were some hope of production economies.

Production economies mean lower prices. Lower prices mean competitive advantage. Every auto maker is looking for such advantages right now.

Certainly as the car market begins to level off to something approaching normal, industry observers say some surprises may be anticipated.

"Leveling off" is just another way of saying a decline in demand. The car makers say they will welcome a return to competitive merchandising. Yet they don't want a decline in demand if they can help it.

So they are analyzing all possibilities of stimulating buyer interests. One way of keeping demand at higher levels is to get prices down. The car makers insist the only way this can be done is to save on weight and to build less elaborate vehicles.

Discussing the leveling off of demand, Ward's Automotive Reports said:

Passenger car stocks (in dealers' hands) have increased 60 percent in the last six months, but the number of automobiles per dealer, on an industry-wide basis, still is not alarming.

Dealer stocks throughout the United States, as of Jan. 31, 1949, are estimated at 587,121, as compared with 365,781 at the end of 1947. The close of January, 1941, saw 822,000 cars in dealers' hands.

Many drugs, chemicals, perfumes, dyes, saccharin and valuable oils are made from coal tar.

## Parents Meet Over Caskets

my authorities were unable to distinguish between their bodies, and the government decided on a burial in a common grave equidistant from Wichita Falls and Hickory.

The parents met to bury their war dead. Neither Mr. and Mrs. Austin nor Giffin knew which body lay in which casket.

**Fig and Date Squares**  
RECIPE: Mix and sift 1/2 cup flour, 1/2 cup baking powder, 1/2 tsp. salt. Add 1/2 cup sliced dates, 1/2 cup chopped dried figs, 1/2 cup chopped nuts. Blend 2 beaten eggs, 1/2 cup brown sugar, combine yolks with 1 cup flour, combine with flour mix. Fold in 2 stiffly beaten egg whites. Pour into greased 8" square pan, bake in slow oven (325° F.) about 40 min. until firm in the center. Cut in squares, serve hot with whipped cream.

less than half the five years ex- as a battlefield can be, when the men who fought there have gone home. Soon the faraway battlefields back home — where they need will be tidy again. Or as tidy to live.

The Rhythm Queens, popular singing trio with plenty of close harmony, will be featured in tonight's Cotton Town Jubilee at the High School Auditorium. Reading left to right are: Jo Dee Har- din, Dorothy Meers and Charlotte Allison.

### Crowd of 400 Silently Welcomes Home Sailors

By HAL BOYLE  
NEW YORK — (AP) — Under a grey sky the big transport slowly berthed at a vast Brooklyn pier hung with many banners.  
A crowd of 400 stood silently on the pier to welcome home the 6,785 silent passengers on the ship—sailors done with the sea, soldiers done with war.  
An open hatch disclosed a few of the flag-draped coffins that thronged the vessel. It was the Barney Kirschbaum named for the first American sea captain to lose his life in the second world war.  
And then this took place:  
An Army band played the National Anthem. There was a moment of silent prayer.  
Tall, gray-haired Col. Edward R. Martin, a chaplain who spent 55 months overseas, spoke briefly. He said the world soon forgot the sacrifices of brave men but that a greater power beyond human understanding "comforts us in our hour of need."  
There was a final prayer, and then the sounding of "Taps." As it ended, far down the pier another bugler took up the notes. He sent them back, faint and low, and every echo tore open a human heart. The pier was too small to hold so many old memories.  
The band struck up "Onward Christian Soldiers." The honor guard and a detachment of troops marched out in formation. The ceremony was over.  
The crowd walked to the edge of the pier and looked down into the open hatch of the vessel. It happened suddenly. A stout,

middle-aged woman sank to her knees and began to sob.  
"My baby, oh, my baby!" she became incoherent.  
"I used to wave goodbye to the ships when they sailed. My baby, oh, my baby!"  
Her grief ran through the group like a widening surf, wetting the eyes of other mothers, wives, and sisters. Some broke down and their men folks had to lead them away. In a few minutes more the long pier was empty.  
It was dusk. A light wind stirred the long banners — the flags of every state and every fighting unit that saw action overseas. And then men moved aboard the vessel to take off the dead who had made the long voyage home. All but some 20,000 of the 160,000 American dead of World War II who are being returned have already come back. The main task has been completed in comings on this scale.

From where I sit... by Joe Marsh

### Never Too Late To Learn

Cappy Miller's young son, Squint, is forever coming up with new ideas. Now they're not all world beaters, but Cappy is usually willing to give them a try.  
That's why things go so well at the Miller farm. Cappy is open-minded, tolerant of new ideas and new ways of doing. He doesn't think his way is the only way.  
From where I sit, a little tolerance will make things go better for all of us. You respect my views and I'll respect yours—whether it's on farming, politics, or choosing between an ice cream soda or a temperate glass of beer.  
Joe Marsh

**FALSE TEETH That Loosen Need Not Embarrass**  
Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Folds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

### Government Faces Huge Deficit

WASHINGTON — (AP) — The government may be \$1,200,000,000 in the hole for the year ending June 30, officials said — unless last-minute tax returns bring in a whopping amount of money.  
Only last January, President Truman estimated in his budget message that the federal deficit for fiscal 1949 would be just half that size.  
Final figures will be uncertain until tax collectors have finished counting late-arriving income tax money—a job expected to take a couple of weeks or more.  
But pending that, they said, the situation shapes up this way:  
Government spending is living up to the January estimate of \$40,180,000,000. Income, however, is lagging more than had been expected in January. If this trend continues, collections will be about \$600 million under the \$39,580,000,000 estimate — and that already was 600 million below the spending figure.

### How To Relieve Bronchitis

Cremulsion relieves promptly because it goes right to the seat of the trouble as help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.  
**CREMULSION** for Coughs, Chest Colds, Bronchitis

# THE NEW Plymouth-on display Friday

**New Beauty** There's beauty in every sweeping new low line of it—and throughout its brilliant new interior. And this is beauty that's built on advanced engineering... to give you a great new automobile that handles easier, rides smoother, performs better—the greatest in a long line of great Plymouths!

**New Vision** The greatly increased glass area is exactly where you need it—in the windshield and rear window. And the new design of the hood and the entire body gives the driver a clear, undistorted view of the road—in all directions—day or night—rain or shine! Blind spots are practically eliminated.

**New Features** You just turn the ignition key and the engine starts! No buttons to push, no choke to pull. You save on oil and get longer engine life with new oil control piston rings and the brand-new chrome compression ring. These are just two of the great new features in the great New Plymouth.

**New Comfort** Talk about room for comfort—the New Plymouth has it! These famous chair-height seats are now even wider, and deeper from front to back. Long legs can stretch out and hats stay put. Diagonally mounted rear shock absorbers reduce sideway. You can drive this car for hours and still feel fresh.

The Beautiful New Plymouth Special De Luxe 4-Door Sedan with Longer 118" Wheelbase

**New Safety** Safety has always been first with Plymouth—and this new car is safer than ever! It has a lower center of gravity. It hugs the road better. A completely new body construction makes it a sturdier automobile. Body and frame are 23% more rigid. You drive with a great new sense of security.

**New Convenience** Because of less overhang, the New Plymouth is easy to park, easy to put in the garage. Fenders flow into the body but they're separate and detachable—and it doesn't cost a fortune to repair them! Windows lift and lower easier. Doors open wide—you get in and out of this car with ease!

**New Performance** There's brilliant new power in the engine. This comes from a newly designed cylinder head, a higher compression ratio and a new intake manifold. When you step on it, you'll instantly feel this new surge of power. Here's the best performer of all the great performing Plymouths!

**Greatest New Value** The only way to discover all of the great new things in the great New Plymouth is to see it—to sit in it—to drive it. Do this and you'll be convinced that—feature for feature—dollar for dollar—here's the greatest value of all! Compare it to any car at any price. See it NOW!

## Group Meetings Are Discussed By Rotarians

"What went," and who said what was reported yesterday by the Rotary Club's group meeting during the club's weekly meeting in the Palm Room.

Several weeks ago the club was divided into neighborhood groups with each holding a meeting in the home of a group member. One member acting as chairman and another as reporter.

The groups discussed their own chosen topics ranging from baseball, through club activities to a revived community chest.

Ben Gull reporting for Group 1, said their group discussed improvements for the club and the club's annual show; Group 2's reporter, Floyd Yeager, reported they discussed the reviving of the community chest in lieu of so many different drives and the establishment of a community center; Dr. R. M. Bellamy reported his group did not have a meeting; Al Donacetto reported Group 5 spent the evening building up statistics of each member present—along a humorous vein—and made estimates of Pampa's population by 1960. Average guess was 37,200; Group 4, represented by R. P. Wehrung discussed classification and fellowship in the club; Group 6's reporter Dr. L. M. Hicks reported no meeting held; Joe Miller for Group 7 said their meeting centered around the coming Rotary show.

It was announced that former president, Steve Matthews, had accepted into membership of the Lubbock Rotary Club.

## School Status of Father Uncertain

KALAMAZOO, Mich. (AP)—Authorities puzzled over what to do about a husky 13-year-old father who under Michigan law should rejoin his playmates as a seventh grade school pupil.

While they debated, handsome Carl Harvey Blake, Jr., said his first duty as a family man was to find a job.

As husband of 16-year-old Winifred Blake and father of a five-pound 10-ounce son, Carl might be "a little old" for the rest of the pupils, they said.

On the other hand, a Michigan law requires youths to attend school until they are 16 or pass the eighth grade.

**GUEST SPEAKER NAMED**  
KINGSVILLE, Tex. (AP)—Dr. Henry T. Heald, president of the Illinois Institute of Technology, Chicago, will be the speaker at the inauguration of Ernest H. Poteet as president of Texas A&I College April 2. L. F. Connell, chairman of the faculty Committee on Arrangements, announced.

The American Chemical Society has more than 58,000 members.

## Galveston Doctor Speaks To Local Medical Group

Twenty-nine members and guests of the Top of Texas Medical Society Tuesday night heard Dr. Martin L. Towler, Galveston, lecture on the diagnosis of psychosomatic disorders at a dinner meeting in the Schneider Hotel Dining Room.

Following Dr. Towler's lecture a discussion period was led by Drs. J. E. Donaldson, R. M. Bellamy, M. H. Wyatt of Pampa and H. C. Reid of Amarillo.

Harry Kelley, public relations man for the society, reported to the group that the outlook for passage of the minimum standards bill was "favorable." (The bill passed the House this week in Austin). He also reported that so far nine state senators were

## Group Studies Peepers' Law

AUSTIN (AP)—Whether a law or a shotgun is the best solution for after-dark "peeping toms" will get another week's committee study in the House.

The Criminal Jurisprudence Committee instructed a subcommittee to report in one week on a bill by Rep. J. F. Gray of Three Rivers to make after-dark peeping a misdemeanor. Punishment would be by a \$10 to \$500 fine or 30 days in jail, or both.

Gray told the committee there is no law at present against peepers.

"Don't you think a good shotgun would do the job?" a committee member inquired.

## Conservation Saves Louisiana Oil Field

BATON ROUGE, La. (AP)—A "practical conservation" practice is saving Louisiana's faltering Longville oil field.

State Conservation Commissioner S. L. Digby reported 5,000 barrels of water are being swapped each day for 1800 barrels of oil.

He said the "water injection" program in Beaugard Parish has been in operation for four months and has proved "unusually successful."

ment would be by a \$10 to \$500 fine or 30 days in jail, or both.

Gray told the committee there is no law at present against peepers.

"Don't you think a good shotgun would do the job?" a committee member inquired.

## European Union Studies Arms Needs

LONDON (AP)—An estimate of arms needed from the United States was studied by the foreign ministers of the five-nation Western European Union, diplomatic sources said.

The foreign ministers of Britain, France, Belgium, Holland and Luxembourg wound up a two-day meeting here. A terse communique said they went over problems of financing and producing military supplies for their joint defenses.

They said they also studied the latest developments in connection with the North Atlantic pact.

He said the process had halted a drop in the field's pressure and has probably assured greater ultimate recovery of oil from the field.

The United States flag did not get its finishing touches until 1912 when the last two stars, representing Arizona and New

# PERK with Armocel\*

## WASHES UP TO 46° WHITER

... WASHES COLORS 31° BRIGHTER

Here's proof beyond question from 1,218 washing tests.

PERK leaves your whole wash whiter, brighter!

Wash after wash, tests proved it on the Hunter Reflectometer and General Electric Spectrophotometer: New Perk with Armocel washed whites up to 46° whiter, colors 31° brighter than any other leading type of soap.

These washing tests also proved: Perk with Armocel cuts washing time one-half... saves one-third on soap.

**\*ARMOCEL—THE DOUBLE-ACTION WASH PERFECTOR**  
Only Perk contains Armocel, Armour's exclusive new ingredient that gives you: 1. Magnet Action: Perk with Armocel draws dirt out of clothes like a magnet, seals it in the water so dirt cannot settle back. Removes accumulated grays, prevents future grays. 2. Sunshine Action: Perk with Armocel gives clothes a new sunshine brilliance that reflects the radiant, sunny new whiteness, brightness in your wash.

**SOAP SAVING POURING SPOUT**

**DOUBLE YOUR MONEY BACK!**

If you don't agree new Perk is the best soap you ever used, return the unused portion of the package to Armour and Company, 1305 W. 31st St., Chicago, and you'll receive double the price you paid, plus postage.

**PROOF TELLS YOU WHY PERK IS YOUR BEST BUY—for clothes—for dishes**

## Merten Club Has Work Program

The Merten Home Demonstration Club met Tuesday afternoon in the home of Mrs. D. A. Rife, Gulf Camp, for a program on "Work Simplification."

Roll call was answered with each member discussing "a Work Habit I Have Changed." Mrs. V. Smith, leader for the afternoon, demonstrated the proper technique of time saving ironing by finishing a mans shirt in four minutes. She did another garment using a new iron with separate steam attachment.

Mrs. T. G. Groves conducted the ten minute demonstration on "How to File Home Demonstration Literature." She suggested using a cardboard box as file cabinet and manila folders to hold recipes, patterns and so forth.

Mrs. C. L. Cadney, president, had charge of the business meeting at which each chairman read her plans for the year. During the recreation period, each member read her favorite poem.

Mrs. H. H. Threath showed glove samples, patterns and instructions for making hand-stitched gloves. Orders were placed for material and an afternoon meeting was planned for making gloves.

Eight members volunteered to attend the Hopkins Home Demonstration Club all day meeting March 22 and to assist them in making dress forms.

A St. Patrick's Day asias plate was served to those mentioned and: Mmes. A. M. Nash, C. A. Jones, H. G. Sharp, S. E. Waters, W. E. Coop, A. Swafford, D. A. Caldwell, Frank Bailey and two children.

## Rhea-Dunn Vows Are Exchanged

CANADIAN (Special)—Miss Rilla Rhea, daughter of Mr. and Mrs. Earl E. Rhea, recently became the bride of Earl A. Dunn of Oklahoma City in a double-ring ceremony in the new Methodist Church in Perryton. The Rev. Raymond Campbell officiate. The bride wore a royal blue suit with gray accessories, and her corsage was of white carnations. Mrs. Dunn was graduated from Canadian High School in 1946. Mr. Dunn, son of Mr. and Mrs. A. M. Dunn, was graduated from Jones Schools in Oklahoma City. After a honeymoon trip in Oklahoma, Kansas, Colorado and New Mexico, they will be at home in Canadian.

## Medical Auxiliary Has Covered-Dish Dinner

The Top of Texas Medical Auxiliary met recently in the E. S. Williams' home, 1144 Starkweather for a covered dish dinner and business meeting.

Mrs. Williams, Mrs. M. H. Wyatt and Mrs. J. R. Donaldson were co-hostesses. After the business session, games of bridge and rummy were played.

Mrs. Howard Reed, Amarillo, was a guest.

## Mothers of BTU Students Are Honored at Tea

Mothers of the pupils of the playmate beginners department of the Training Union of the First Baptist Church were entertained Tuesday in the church basement by the workers of the department.

Mrs. Shirley Nichols registered guests on a large green shamrock tied with a white satin bow. The St. Patrick's motif was further carried out in the tea table decorations. It was centered with a bouquet of white carnations with tall tapers on either side. "Blarney Stone" cakes and chocolate mints were served. Mrs. Clayton White poured the beverages.

Miss Ann Jordan played a selection of Irish medleys on the piano and R. Virgil Mott, accompanied by Mrs. Frank Turpen, sang "Ah, Sweet Mystery of Life," and "Mother Machree."

Mrs. C. B. Ausmus, superintendent of the department, explained the study course book that the children children will work on during April.

Guests were Mmes. James Culpepper, Herschel Hammonds, Cecil Collins, Don Humphrey, W. H. Fuller, Burton Reynolds, Charles Tooker, Bob Tripphorn, Turpen and Miss Jordan and Mott.

Workers present were Mmes. W. H. Scherer, Q. B. Beavers, Raymond Palmittier, B. E. Tidwell, Perry Gaut, Charles Miller White, Nichols and Ausmus.

## Mrs. Biggers Is Shower Honoree

SKELLYTOWN (Special)—Mrs. James A. Biggers, the former Faye Miller, was honored recently with a wedding shower in the IOOF Hall.

Hostesses for the occasion were: Mesdames Teta Cade, Laura Mae Myneer, J. A. Vaughn, Maomi Mercer and Louise Morgan.

Winner of the game patterned after the "Queen for a Day" program was Mrs. Biggers who was then escorted to the table of gifts by Miss Judy Hand who as dressed as a bride.

Miss Addie Fern Lick presided at the guest register and played several piano selections during the evening.

Refreshments which carried out the bride's chosen colors of pink and white were served from a lace covered table to about 50 guests.

One airline reports that 75 percent of their hostesses who resign do so to get married.

## Officers Inspect VFW Auxiliary

Department president Mrs. Violet Kenney, department secretary Mrs. Vada Lee Humphrey and district president Mrs. Dorothy Thompson, all of Borger, made their yearly inspection visit Friday evening at the VFW Auxiliary meeting in the Legion-VFW Hall.

The auxiliary decided to donate \$25 to the Red Cross and \$25 to the VFW National Home in Eaton Rapids, Mich.

Mrs. Lillian Blythe was elected to membership. Plans for a party to raise money for a student nurse fund were discussed.

Mrs. Roy Chisum and Mrs. Josephine Blalock served refreshments to: Mmes. Jones Belts, Harry Hoyler, Jr., A. F. Hollenbeck, Harry D. Carlson, L. B. Haggard, A. W. Babione, Lula Purdy, Harry Hoyler, Sr., F. J. Hudgel, Mildred Kite, Earl Eckrodt, J. J. Putnam, Charles Shelton, W. T. Braly, Roy Tinsley, Al Lawson, Emory Noblitt, Hadda Moore, Don Cole, Bert Stevens, H. B. Cain, Charles Glison, Nan Fender, John Brandon, B. S. Via, Grace Morris, Irvin Cole, V. E. Wagner and Miss Helene Marie Hagerty.

## Hopkins P-TA Elects Officers

Hopkins Parent-Teacher Association elected Mrs. R. A. Irwin president for next year at its meeting at 8 p. m. Tuesday in the Community Hall.

Others elected were: Mrs. D. L. Ward, vice president; Mrs. R. G. Thomas, secretary; and Mrs. Charles Spalding, treasurer.

F. Crenshaw, pastor of the Frances Avenue Church of Christ, was guest speaker on the topic "The Home — a Place to Develop Citizenship Responsibility."

Mrs. Clyde Chisum gave the devotional. The second grade was host and also won the room-award.

## Jaycee-Ettes Plan Rummage Sale

Jaycee-Ettes discussed their square dancing lessons at the luncheon meeting yesterday at the Schneider Hotel.

The lessons are being held at Recreation Park and will become monthly after the next two lessons. They also made further plans for a Rummage Sale to be held April 9.

Those present included Mmes. Arthur Attergut, Paul Appleton, Jim Arndt, Wilford Boyles, E. A. Brown, Lee Cisneros, Bill Fannon, Frank Fata, Joe Fischer, Elmer Francis, E. A. Johnson, John B. King, Jack Mimmo, Tom Tipps, Jack Vaughn, Louise Hooper and H. C. Grady.

## Bridge Club Meets With Mrs. Johnson

The Neighborhood Bridge Club met Monday afternoon in the home of Mrs. Chester Johnson, 213 N. Hobart.

Winners were Mrs. Johnson and Mrs. A. D. Robinson.  
A asias plate, cookies and coffee were served to Mmes. Ben Ward, W. B. Barne, Hulle Beard, Tony Smith, Emil Stueben, Borborger, Miss Nan Johnson and those mentioned.  
The next meeting will be at 2 p. m. Monday in the home of Mrs. Beard, 315 N. Hobart.

## Sun Togs

By SUE BURNETT  
Here is a stunning two-piece for fun out of doors—a dainty feminine sunback dress with full skirt and to match, a brief bolero with scalloped edges.  
Pattern No. 8408 is a sew-rite perforated pattern in sizes 12, 14, 16, 18 and 20. Size 14 dress, 5 1-4 yards of 39-inch; bolero, 1 3-8 yards.  
For this pattern, send 25 cents, in COINS, your name, address, size desired, and the PATTEFN NUMBER to Sue Burnett (Pampa News) 1150 Ave. Americas, New York 19, N. Y.  
The Spring and Summer FASHION contains 64 pages of smart styles, fashion news, more American Designer Originals. Free pattern printed inside the book. 25 cents.

Colgate-Palmolive-Peet's Fabulous Washing Discovery

**FAB** WITH SUPER-WETTING ACTION washes everything CLEANER, WHITER and FASTER than any soap on earth!

Yes, in hardest water, FAB washes all family wash faster, cleaner, whiter and brighter than any soap ever made!

Cleans even grimmest overalls cleaner faster than soap! No soap scum!

When you wash, FAB with Super-Wetting Action penetrates materials faster, more thoroughly; pushes dirt out! FAB is safe for clothes and up to twice as economical as soap in hard water.

What is Super-Wetting Action?  
To see, roll cotton thread into a little ball and drop into a glass of water. It floats. Drop another little ball of thread into a glass of water and FAB. It sinks; becomes soaked at once.

FAB WASHES DISHES TWICE AS FAST!  
Dishes and glassware shine without wiping. Just wash and rinse. No soap scum to polish away. FAB slashes through grease as soap can.

NEW INGREDIENT GETS DAD'S SHIRTS WHITER!  
FAB contains a fabulous new ingredient that gets white wash whiter and colors brighter. And there's no "graying" soap scum with FAB!

Faster And Better for all family wash and dishes

NOW Paymaster FORMULA-FEEDS

**Den Mothers Take Course**

Sixteen Cub Scout den mothers attended the second session of the Santa Fe District training course yesterday in the City Commission Room, City Hall.

Paul Beisenherz, council executive, led a discussion on Cub Scout program planning, suggesting many activities that may be presented at the meetings.

Plans were discussed for a Cub and Boy Scout exposition, which has tentatively been set for May 7. Each of the 22 dens in the district will be invited to have exhibits and operate booths from street corners. The exhibition will be the first of its kind ever to be held in Pampa.

Two new den mothers attended yesterday's meeting. They were Mrs. Lee Roy McBride and Mrs. S. C. Jensen.

Other den mothers present were: Mrs. R. A. Irvin, Paul Rice, Pack 18; W. F. Gibson, Cecil R. Middleton, Henry Jordan, Pack 22; D. C. Paulsen, H. D. McWaters, W. C. Jones, Frank D. Smith, Pack 14; R. D. Goodnight, H. H. Watson, Russell Lindsay, Chester Mauldin and Oliver Jones, Pack 4.

Next Wednesday the third session of the training course will be held at 10 a. m. at the City Commission Room. Pack meeting participation will be discussed.

**Actress, Irked by Use of Name in Soap Ad, Sues**

**NEW YORK** — (AP) — Tallulah Bankhead, irked by the use of the name "Tallulah" in a radio single advertising soap, is suing for \$1 million damages.

The fiery actress also is asking an injunction against Procter & Gamble Company, makers of the soap; the National Broadcasting Company; Columbia Broadcasting System and an advertising agency.

Miss Bankhead objected most to the following singing commercial: "I'm Tallulah the tube of Prell, and I've got a little something to sell."

"Your hair can be radiant, oh, so easy."

"All you've got to do is to take me home and squeeze me."

**Food Costs Drop In 14 Countries**

**GENEVA** — (AP) — The price of eating went down in fourteen of 22 countries surveyed in January and February, the International Labor Office said.

In Iceland, the American and British zones of Germany, Norway, the United Kingdom and Southern Rhodesia, January food prices were the same as in December. In three other countries — Peru, Portugal and South Africa — prices continued to climb in the new year.

Countries where food costs dropped were Belgium, Finland, France, Sweden, Switzerland, the United States, Canada, Hawaii, Puerto Rico, Panama, Mexico, British Honduras, India and Ceylon, ILO said.

**Truman and Party Beginning To Look Like Lost Leaders**

**By JAMES MARLOW**  
**WASHINGTON** — (AP) — President Truman and his Democratic Party are beginning to look like lost leaders.

This happened in Congress in the past few days while Mr. Truman was vacationing in Florida:

1. His civil rights program for Negroes was about hopelessly wrecked.
2. His nomination of his personal friend, Mon C. Wallgren, as chairman of the National Security Resources Board, was shoved aside.
3. His rent control program was shot full of holes.

It might have been the same if he were here, for in both House and Senate his lieutenants lost control. It would, if they thought the same or stuck together. They don't.

What will happen to the rest of the program Mr. Truman promised the voters last fall? It's anybody's guess.

What's wrong? The members of the Democratic Party have a majority in Congress. This would seem to give them control. It would, if they thought the same or stuck together. They don't.

Roughly, there are two kinds of Democrats: the Trumanites who follow the President; and the Southern Democrats who go their own way and vote against the other Democrats any time they please.

When they do this they team up with the Republicans who are in a minority. This combination gives the Republicans and Southern Democrats a majority and puts the Trumanites in a minority. That's what has been happening.

This is why the rejoicing of the Trumanites over last fall's Democratic victory was pretty hollow. It was a victory on paper—and only so long as the Southerners play along with the Trumanites.

On the civil rights program, the Southern Democrats parted company with the Trumanites and set out to wreck it with a filibuster. Caught in this meat-chopper, the Trumanites in the Senate looked pitiful. That is not an exaggeration.

**NORWAY BUYS OIL**  
**WASHINGTON** — (AP) — Shipments of \$2,081,000 worth of crude oil and petroleum products to Norway were approved for financing by the Economic Cooperation Administration. Seventy-five percent of the oil will be bought in Latin America, the rest in this country.

**States Start Squabble for Air Academy**

**WASHINGTON** — (AP) — A "West Point of the air" is still just a proposal, but the cities and towns and states are grabbing for it. It looks like a juicy prize: and it looks like a good fight.

Some officials are beginning to fear, indeed, that the rivalry will become so hot it will kill off the whole scheme.

A number of people have had the idea of an Air Force academy comparable to those maintained to train Army and Navy officers.

Then, recently, Defense Secretary Forrestal recommended such an academy to Congress.

Deep in the heart of Texas they want that academy. And in many other states.

Texas' claim that the academy should be located at Randolph Field, near San Antonio, was advanced in measures by Senator Connally (D-Texas) and Rep. Kilday (D-Texas).

The Air Force says candidly that it has looked over a number of locations for the academy—if it is authorized—but hasn't decided upon anything so far.

The male prairie chicken has a wind sac on his throat with which it makes its booming call.

**Pampa Child in 'Driverless' Car**

**LONGVIEW** — (AP) — What motorists thought was a driverless car was occupied by two children, officers learned when it was involved in a wreck.

Milam Smith, 14, and Warren Moore, 5, were occupants of the car. Officers said motorists couldn't see the youngsters in the vehicle as it went down the highway.

Texas Highway Patrolman J. O. Nails said Smith was driving the car yesterday when it was involved in a head-on collision with a truck driven by W. W. Beaver of Dallas.

Beaver escaped injury. The youngsters were not hurt badly, but were hospitalized.

Milam is the son of Mr. and Mrs. M. A. Smith of nearby White Oak community. Warren is the son of Mr. and Mrs. E. W. Lofton of Pampa, visitors at White Oak.

Apparently freezing does not injure frogs at all.

**PRICE INDEX DROPS**  
**NEW YORK** — (AP) — The Dun & Bradstreet wholesale food index this week declined slightly to \$5.79 from \$5.81 a week ago, and was 13.6 percent below the year-ago level of \$6.70. The index represents the total wholesale cost of a pound each of 31 foods in general use.

Books were so scarce four centuries ago that they sometimes were chained to public book stalls.

**Actress' Luggage Creates London Stir**

LONDON — Mexican film actress Maria Felix arrived for a two-day visit, and created a stir. She brought along 40 pieces of baggage, two personal maids and her own dress designer. Her wardrobe includes 60 evening dresses, 100 day frocks, 40 hats, hundreds of pairs of shoes and nylons, and 12 mink coats. Miss Felix came from the continent enroute to New York.

The turkey is the only native American representative of the pheasant family and once roamed wild over much of North America.

**Conservation Service Suggests Windbreaks**

Tom O'Bryan will plant 330 Chinese elms around his feed pens to be used as a windbreak, it was announced from the Roberts County Soil Conservation District.

The trees will be placed with cedars to provide the maximum protection for O'Bryan's livestock next winter. Windbreaks should be planted on deep soil, with at least three permanent rows. A three row windbreak would consist of one row of permanent trees next to a temporary row.

Placing the trees from six to 12 feet apart in the initial planting is sufficient, according to the conservation service. Spacing should be adjusted to fit the cultivating equipment used.

A few trees are available at the Gray County Soil Conservation District. Additional trees may be purchased from the Texas Forest Service. Recommended tree for this vicinity are Austrian pine, Chinese elm, Russian mulberry, honey locust, red cedar and apricot.

The Roberts County Soil Conservation District has received 200 plants of bi-color lespedeza which have been found to be one of the best feed sources for qual.

**Save-Soil Bill Before Senate Finance Group**

AUSTIN — Legislation to help "the little fellow" with his soil conservation problems is before the Senate Finance Committee. The measure is one which appropriates \$10,000,000 as a capital investment to rotate.

Few operators of small farms have the funds to purchase machinery and supplies needed to carry out proper conservation practices. R. M. Boswell of Kenedy, spokesman for the Association of Texas Soil Conservation District Supervisors, said. "This bill creates a fund which the local districts may use to buy machinery and seed," Boswell declared. "Equipment and supplies may be granted at a reasonable cost to farmers."

Payments made by farmers go back to the fund, which is available on a permanent basis to continue conservation work, Boswell continued.

Senator W. A. Shoemaker of Temple, author of the Senate bill, says that 140 acres of the finest topsoil is being washed into the Gulf of Mexico every day.

"Soil Conservation District Supervisors tell me that if an action program such as this is not launched immediately, in 20 years one to two-thirds of Texas farms will have to be abandoned."

The longer this program is delayed, the more it will cost. Ten million dollars in 1949 is worth a hundred million dollars in 1969. There is at present no money available for a statewide soil conservation program, Boswell pointed out, although the legislature two years ago gave its approval to such a policy.

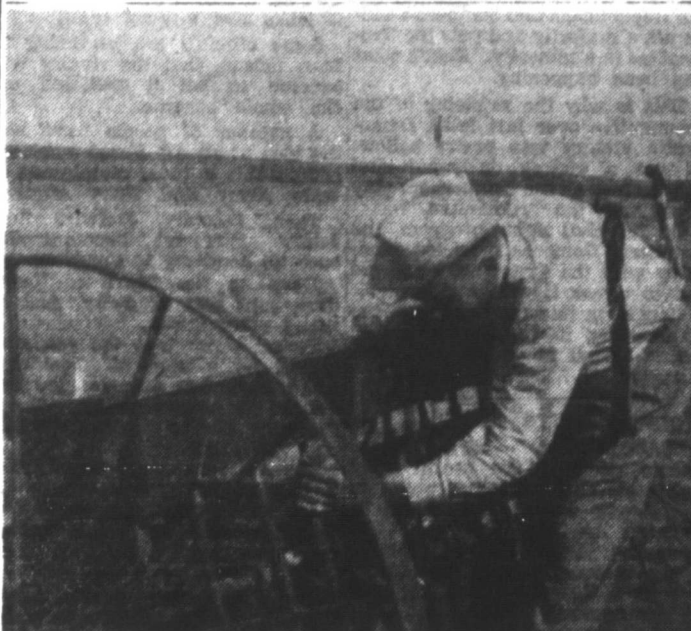

An appropriation measure was voted at that time, but failed to go into effect because the money was not available in the states treasury.

Previously no state funds were requested for soil conservation purposes.

A law passed in 1939 authorized the establishment of soil conservation districts, of which there are now 150 in the state. There will be 175 of these districts when organization is complete.

**FARM NEWS**

Top of Texas  
Pampa News, Thursday, March 17, 1949

HEMPHILL COUNTY AGENT WALTER GRIST is shown with the "remodel" which he claims can sow an even pound of grass seed per acre. He says any farmer or ranchman can "rig up one of these drills for \$50 or \$60." With the "remodel" the same outlets are used as with the original drill. A new box is constructed, fitted with rotary brushes to expel the seed at 1 1/2 inch holes. The seeds are conveyed to the ground by two-foot lengths of garden hose.

**Frozen Food Program Is Offered in Texas**

Believe it or not—Texas boys outnumbered girls eight to five in winning county honors in the 1948 National 4-H Frozen Foods awards program.

The girls will have another chance to get in the lead this year because the Lone Star State will again offer the program, according to announcement of the National Committee on Boys and Girls Club Work. Number of sectional awards and amount of scholarships have been increased.

As an incentive for superior records of achievement, International Harvester provides gold-district medals of honor for county winners and \$50 U. S. Savings Bonds for state champions. Sec-

**Hemphill Co. Agent Makes Suggestions for Grass Seeding**

"It's grass seeding time again in Hemphill County," Walter Grist, county agent, said.

Farmers and cattlemen have been showing an interest in the various ways to get the job done, he added. Sowing grasses of the lovegrass family, sand love and weeping love, may be done by using a remodeled drill.

Sand lovegrass is known as the original "ice cream grass," so named by D. A. Savage, Woodward Field Station. Weeping love was introduced in this section of the country because of its characteristic of holding the soil together.

"Sand lovegrass is native to the sandy regions of this country and is a very good beef-maker," Grist said. "Cattle will not graze too many of the other grasses when sand lovegrass is made available for them."

Farmers hopes should be gaged to wait for two growing seasons to get an established stand of the grasses, he continued, but this is better than letting the soil blow and wash away.

"The shortage of grass seed and grass seeding equipment have been two major problems in the field of re-vegetating ranges and submarginal lands," he said.

With a successful crop of grass seed harvested in the fall of 1948 and the simplicity of making a drill with which to sow it, the two major problems now at least have a chance of a solution.

**JET TRAINS**

LONDON — (AP) — Jet turbine locomotives are foreseen by E. S. Waddington, president of the British Society of Engineers. In his presidential address, Waddington also said radar may be developed in the next several years as a railway safety device.

**ANNUAL CRUISE**

CADIZ, Spain — (AP) — The four-masted school ship Juan Sebastian Elcano sailed today on an annual cruise, with 49 Naval and Marine cadets aboard. For the first time in 15 years, she will pay an official visit to Annapolis.

**Author Will Deliver Talk At Houston**

HENRIETTA. — (Special) — Raymond Moley, distinguished author, editor, and educator of New York City, will be a featured speaker on the opening day of the 72nd annual convention of the Texas and Southwestern Cattle Raisers Association, President Bryant Edwards of Henrietta announced today.

The convention will be held in Houston, Tuesday through Thursday. Approximately 2,500 of the association's 8,000 members are expected to attend. The association draws its membership from 15 Southwestern States and Mexico.

Moley, contributing editor of Newsweek magazine and professor of public law at Columbia University, will speak on "International Cooperation," with particular reference to the success of the joint Mexican-American Commission for the Eradication of foot-and-mouth disease in Mexico.

Moley is an educator turned public servant and journalist. Following his graduation from Baldwin-Wallace College in 1906, he was successively a superintendent of schools in a small Ohio town, a Cleveland high school teacher, and assistant professor of politics at Western Reserve University. He holds the degree of Doctor of Philosophy from Columbia University and the honorary degree of Doctor of letters from Baldwin-Wallace.

**Congress May Prevent Overproduction**

WASHINGTON — (AP) — The time is drawing short for Congress to head off farmers from planting what the Agriculture Department regards as too much cotton, corn, rice and spring wheat.

Failure of the lawmakers to act soon could cost the government several hundred million dollars extra in price support aid, department officials said.

Present provisions of crop control laws, strangely enough, offer an incentive for farmers to plant big acreages of these crops this year. That's because this year's plantings will be taken into account in determining future planting allotments which might be invoked to curtail output.

Government officials have asked Congress to change the law to provide that 1949 plantings would not be used in working out future planting goals for individual farmers. They say that unless the law is changed, many farmers will plant extra land this year in order to build up a big base for future allotments.

national awards of all-expense trips to the 1949 National 4-H Club Congress have been increased from four to six, while the four national Fowler McCormick scholarships have been raised from \$200 to \$300 each.

The 4-H frozen foods program, conducted under the direction of the Cooperative Extension Service, is designed to further stimulate interest in farm-home economy. With the help of county extension agents and local 4-H Club leaders, members learn the use of freezing equipment and how frozen foods can add variety to the home-raised food supply.

**Efforts to Reach Crash Site Fail**

MANILA —(AP)— Efforts to reach a crashed B-29 tanker plane atop 4,600 foot Mt. Irid by helicopter were abandoned today because of treacherous winds swirling around the mountain. The tanker plane, which refueled the B-50 Lucky Lady II on its non-stop flight around the world, crashed 10 feet from the mountain top on its return to Clark Field after the refueling. There were nine men aboard. Air Force authorities said today that a ground party, waiting to be airlifted to a starting point nearer the wreckage, will set out tomorrow on foot to climb the formidable mountain.

Nine major railroad trunk lines serve the city of Birmingham, Ala.

**Hester to Be Returned Today**

LOS ANGELES —(AP)— Arthur C. Hester, 18, accused of murdering his guardian, Dr. John Lord, Graduate School dean at Texas Christian University, is scheduled to be returned today to Cleburne, Tex. Hester was arrested here Saturday. Dr. Lord, who took the youth from an orphanage, was killed last Tuesday in a cabin in which the two lived near Fort Worth. Hester was apprehended when he walked into the home of his half-sister, Mrs. Ana Gadberry, here.

Some 50 plants have been cultivated for more than 4,000 years, among them wheat, barley, rice, apples, peach, olive, cabbage and tea.

**Adversity Weakener of Most Men, Has Not Changed Canadian Man**

**JOHN CAYLOR**  
By CARL ZYBACH  
CANADIAN —(Special)— One Canadian citizen got a big thrill out of a ride Sunday. He is John Caylor, the man who has remained cheerful through a siege of adversity that would break many a man's morale. It was his first car ride, other than in ambulances, in the last nine months; and the old home town had

changed a lot. About thirty blocks of streets had been paved, and he saw many new buildings for the first time.

Mr. Caylor fell as he was leaving Oiler Baseball Park in Pampa on June 4, 1948, breaking his right leg near the hip joint. Four days after the accident an operation was performed to set the leg and reinforce the bones with a metal plate, and on June 16, he was moved to Canadian Hospital to be nearer his people and his business.

Five weeks after the first operation the metal plate broke, and he was placed in a traction splint. He remained thus until December 1. His progress not being satisfactory, he was taken to an Oklahoma City hospital where a bone-grafting operation was performed, and a stronger plate applied. He was placed in a body cast and returned to Canadian Hospital on December 11, where he remained until February 17, when he returned to Oklahoma City, had the cast removed and walking braces fitted, and on March 5 he returned to his own home and bed.

But the home was not the same. His wife, Imogene, who had so faithfully helped him "over the rough places" and kept books for his Texas Company wholesale oil station during those first months of his disability, was not there. She had died of a heart attack in their home on October 22.

Mr. Caylor's sister, Juanita McDonald, is making her home with him now. John says he has always appreciated friends, and he has made many in the 43 years he has been in Canada, but he lets you know that he now values his friends above anything in the world.

He says the thing he missed most during his long disability were the weekly meetings of the Canadian Rotary Club of which he is one of the few remaining charter members, and a past president. He mentioned with pride his 24 years perfect attendance record, having "made up" by attending a meeting of some other Rotary Club for every absence from the local club. Caylor has always been active in civic affairs, and had served his community for 31 years as a

volunteer fireman, reaching retirement during this period of disability. He served Canadian as mayor for three terms — 1936 to 1942.

Always a booster for the youngsters in athletics, he reached for his telephone as soon as he heard of the newly organized local baseball club wanting members, and ordered them to court him in.

He has followed all the local news with undiminished interest, and the entire Panhandle is "local news" to him.

Now that he is up in a wheelchair a part of the time, John is getting a bit impatient to get out and around town really to mingle with his friends.

Driving 50 miles a day, a person would have to drive for more than 7 1/2 years to cover all the 1,400,000 miles of improved roads in this country.

Right on the job day after day because they're tough, and ruggedly built . . . Right on the job all of the time with a model to meet every hauling need!

Power! Strength! Stamina! Day in and day out, Chevrolet Heavy-Duty Trucks move mountains of produce and equipment to keep American commerce and industry strong. Month after month, year after year, big, rugged Chevrolet Trucks are right on the job from one end of the country to the other!

Here is why Chevrolet is the nation's leading choice for that job. Here is why more Chevrolet trucks were sold last year than any other make . . . not just in one or two States, but in every State in the Union! Only Chevrolet can offer—power with economy . . . strength with convenience . . . and duty-proved dependability combined in a variety of models to meet every need . . . up to 16,000 lb. Gross Vehicle Weight!

Keep in mind, too, that Chevrolet Heavy-Duty Trucks alone offer you 3-Way Thrift—low cost operation, low cost upkeep and the lowest list prices in the entire truck field!

**Look at all these Extra-Value Features!**

- 4-Speed Synchro-Mesh Transmission • Splined Rear Axle Hub Connection
- Load-Master Valve-in-Head Engine • The Cab That "Breathes" • The Flat-Mounted Cab • Unrivalled, all-steel Construction
- New, Heavier Springs • Full-floating Hypoid Rear Axles • Hydraulic Power Brakes • Ball-bearing Steering • Wide Base Wheels

\*Heating and Ventilating System optional at extra cost.

**OFFICIAL REGISTRATIONS PROVE THERE ARE MORE CHEVROLET TRUCKS IN USE THROUGHOUT THE NATION THAN ANY OTHER MAKE!**

NAPOLEON

CHEER UP, WILLIE. I DON'T BELIEVE TH' CONSTABLE'S THEORY ABOUT DOGNAPPERS, NAPOLEON'S NOT A VALLABLE TOG. HE'S JUST VALUABLE TO US. HE'LL PROBABLY COME TROTTING IN TOMORROW ALL COVERED WITH MUD.

IT'S SURE LONESOME AROUND HERE WITHOUT HIM. MAYBE HE LEFT BECAUSE SOMETIMES WE TREAT HIM SO MEAN. REMEMBER LAST WEEK WHEN I WOULDN'T GIVE HIM MY STEAK?

STOP, WILLIE! I'VE GOT AN IDEA. I'M GOING TO PHONE IN AN AD TO TH' PAPER. WE'LL HAVE HIM HOME IN A JIFFY.

## Builders to Have Dinner

The Texas Panhandle Association of Home Builders and the Panhandle Lumber Dealers Association will sponsor jointly a banquet meeting at the Amarillo Country Club on the night of March 24.

R. G. (Dick) Hughes of Pampa, said yesterday Edward G. Gavin, editor of the "American Builders" magazine, Chicago, will be the principal speaker.

Described as a nationally known speaker, Gavin will speak on the free enterprise system. He is creator of the idea of National Home Week, instituted last year in the interest of non-government building of homes.

Gavin is at this time in Mexico City on government business for

**READY TO WARBLE** for the benefit of the Lubbock Boys' Club, The Plainsmen, pictured above, and eight other Barber Shop Quartet groups will hold Lubbock's second annual Barber Shop Parade on March 19. Pampa's own barbershoppers will be represented by the Melody Menders and the Squawky Door Four. Other quartets will be from Lubbock, Tulsa and Oklahoma City; Newton, Kans., and Carlisad, N. M. The two-hour show will be held in the Lubbock High School Auditorium. Community singing will be led by Walter Jenkins of Houston. Jenkins has led singing at conventions and barbershop parades in Paris, London, New York and Havana. Added attractions at the parade will be the choruses of the Lubbock SPEBSQSA and the Texas Technological College.

## Boyle Says Russian Science Makes West Mere Imitator

By HAL BOYLE  
NEW YORK — (AP) — Russian science marches steadily on. There has been nothing like it since Tom Swift, whose real name, by the way, was Swiftski. Tom was actually born on a Siberian steppe, stolen from his peasant parents by Gypsies and brought here as a boy and sold

to the Mexican government, it was said. About 250 persons are expected at the meeting. Those who are interested in attending have been requested to contact Hughes or Jay Thompson, telephone 200, providing they have not already made reservations.

by the Gypsies to the General Electric Corporation. Soviet Russia, it turns out, is even more of an inventor's heaven than a worker's paradise. Every few weeks Tass, the official government news agency, discovers a forgotten Russian scientist who really is responsible for some basic invention claimed by the capitalistic Western world.

The latest is Comrade Pavel Schilling, who Tass says put together a telephone 44 years before Alexander Graham Bell built his first Ameche. Comrade Schilling, who must have hid his light under a Czarist bushel, is also credited with making the first submarine cable and inventing the original system for stringing telegraph wires on poles.

One thing is sure: somebody is stringing somebody else's inventions for Soviet scientists are the inventors of the radio, the electric light, the airplane, the parachute, the transformer, and structural steel. They also are held to have discovered penicillin and the electrical nature of lightning.

This theory makes Johnny-come-latelys of Marconi, Thomas Edison, Benjamin Franklin, and the Wright brothers. About all the Western world now can claim as its own are the ice cream cone, the five-cent cigar, nylon, pyramid clubs, the chaps-late sundae and the two-way stretch girdle.

But if Russia invented the machine age, why did it come to flower in the Western world? Are the Russians inventing these gadgets and exporting them to us in the secret hope we will destroy ourselves with the worries of a mechanized life?

Maybe that is the hidden aim of Soviet scientists. Perhaps they are trying to get us to fret ourselves to death with thingamajigs.

Certainly they aren't interested in building a better mousetrap so the world will beat a path to Russia's door. Ivan doesn't want to open that door.

### Legal Publication

**NOTICE TO BIDDERS**

**EAT PLENTY AND TAKE OFF UGLY FAT**  
When you buy Barentrate, you buy a preparation for taking off ugly fat. You don't pay for pills, and you don't pay for a doctor's bill. You get a beautiful, healthy, happy moment when you take this preparation. Barentrate is a natural, non-toxic, safe preparation for taking off ugly fat. It's all there in it. If the very fat bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.  
**Lost 56 pounds**  
Here is what Mrs. L. J. Bryant, P. O. Box 56, Whitewright, Texas, wrote us: "I want to tell you what Barentrate has done for me. I weighed 205 pounds when I started taking it. I now weigh 212. I have taken my dress size down from size 50 to 44 and never felt better in my life and everybody tells me how much nicer I look than I did."  
"I am still taking Barentrate as I want to get my weight down to 165 or 170 pounds."
