

SOUTHERN VICTORY IS NEAR IN FILIBUSTER

WASHINGTON — (AP) — Senator Lucas (D-Ill) urged the Senate today to "fish or cut bait"—act or quit—in efforts to compromise a filibuster pointed at President Truman's civil rights program.

The Democratic leader told reporters he thinks there is "a fair chance to win majority Senate approval of a proposal under which two-thirds of those voting could gag debate on all matters except proposed rules changes."

Earlier, in a session ending at 1:25 a.m. (CST), Lucas told his colleagues the time has come either to agree to a change in rules, which Southern senators are fighting, or to lay the whole thing aside to take up rent control and other legislation.

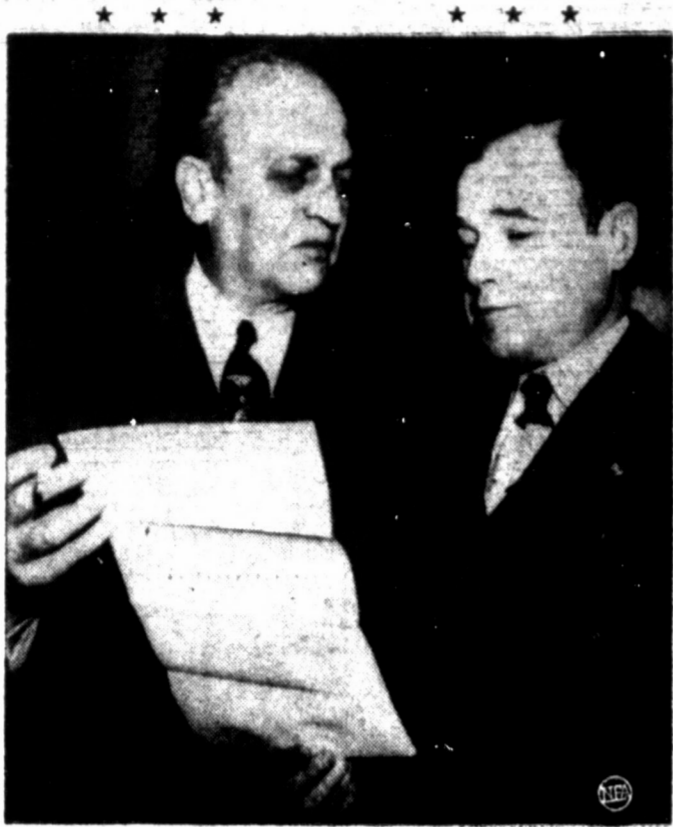

Senator Russell (D-Ga.), leading the Southern Democrats who have tied up the Senate since Feb. 28, held out "very faint hope" for any compromise acceptable to his group.

However, Senator Wherry of Nebraska, the GOP floor leader, said he thinks there still is a possibility of getting all factions together.

Wherry maneuvered through a weary day yesterday for a proposal under which the affirmative vote of two-thirds of the Senate's membership — 64 of 96 — could halt debate on all business except rules changes.

Southern Democrats and Republicans had agreed to accept this proposal. But Lucas announced after a conference of Truman Democrats that they had rejected it.

Then Lucas told reporters he was going to ask the Senate to adjourn. This action would have wiped off the Senate slate his own Feb. 28 motion to take up a resolution by Senators Hayden (D-Ariz.) and Wherry to change the rules so that two-thirds of those voting could gag debate on any issue any time. In itself, Lucas' decision to lay aside his motion was a victory for the Southern. But they balked at winning only a temporary vic-

TRY TO HALT FILIBUSTER—Senator Scott Lucas, left, Democratic Senate leader, and J. Howard McGrath, right, Democratic National Committee chairman, talk over the former's closure motion, a Democratic effort to stop current Senate filibuster. In a historic decision, Vice President Alben Barkley ruled that a two-thirds vote may limit debate, but his ruling was appealed by Senator Russell. Although chances of cutting off filibuster are considered slim on Capitol Hill, Barkley may be upheld by a simple majority of the Senate. (NEA Telephoto)

Also, Republicans decided in a hasty policy committee meeting that they would not support any such move to adjourn. They agreed to back a recess, which would leave the rules change matter still before the Senate when it met today.

The net effect of a continued filibuster would be to tie up all Senate business, including President Truman's major domestic legislative proposals.

Meanwhile, Senator Ellender (D-La.) was grinding out a speech 12 hours and 20 minutes long. Starting shortly after 11 a.m. the Louisiana senator talked until 11:47 p.m.

Tempers were frayed. Wherry took exception to an earlier statement by Senator McGrath of Rhode Island, the Democratic national chairman, that the compromise proposed by Wherry was "no compromise at all but a backward step."

McGrath jumped to his feet to say that he had made the statement as a senator and as a representative of the Democratic Party "the party which won the election last November."

CONTRACT IS LET FOR NEW COURTHOUSE FOR CARSON

PANHANDLE — (Special) — A contract for the demolition of Carson County's 40-year-old courthouse and construction of a new three-story building was awarded yesterday afternoon by the Carson County Commissioners' Court to Neil Singleton General Contractors of Amarillo.

Cost of demolition and construction will be \$287,315.

The new courthouse will have a full basement, and stand three stories high. The jail and sheriff's living quarters will be on the third or top floor. Walked out a room, prosecuting attorney's and district judge's chambers will be on the second story; County Commissioners' Court Room, county judge's office, county clerk, district clerk, sheriff and tax assessor-collector's offices will be on the ground floor; in the basement will be the home demonstration agent, veterans service office, Agriculture and County Administration and justice agent offices. In addition to the stairways an elevator will also connect the three stories.

Built in 1909, the old courthouse was beginning to show signs of wear. Large cracks have been appearing around window sills, doors and in the walls. However, Judge O. R. Beddingfield said, much of the steel and outside brick are still in excellent condition. Not much of this material is expected to be used in rebuilding the new concrete structure except possibly some partitions inside the building. None of the present furnishings and equipment will be held over as

Names for School Board Are Filed

The first signs of activity along the school board election front appeared when the names of three men were filed as candidates for the two terms that expire this year.

One of the petitions bearing the names of Paul E. Chambers, 1002 Wilks, and E. L. Burch, 1021 S. Hobart, as candidates was signed by 16 eligible voters. The other requesting J. C. Largent, 805 E. Albert, carried 14 signatures.

Unlike the City Commission or County Commissioners' Court trustees to the school board are elected at large instead of from districts, precincts, or wards.

Trustees elected each year serve for three year terms instead of two.

Board President Ray Wilson's and Trustee George Scott's terms of office run out this year. Both men indicated some time ago that they did not intend to seek reelection and neither has filed a petition until today. District line for filing petitions for a place on the ballot is March 22, ten days before the April 3 election.

Latest Markets Are Published

Beginning today, The News is carrying the latest livestock market quotations from Kansas City and Fort Worth, as supplied by The Associated Press.

In addition to these markets, there will be found in the paper daily local quotations on grains for which there are quotable prices. These grain quotations, which will be on maize and wheat, are gathered daily at 11:45 a. m. with the cooperation of local buyers.

LATEST BULLETINS

Basic Science Bill Goes to Senate

AUSTIN — (AP) — Fate of the state-form basic science bill today is in the hands of the state Senate.

The House late yesterday wound up 20 hours of debate on the bill, finally passing it 93 to 43. This struggle was stretched out over three legislative days, including two late week.

A similar bill requiring all practitioners of the healing arts to pass examinations in six basic sciences has been approved by a Senate committee. It has not yet been debated in the Senate.

Wabash Railroad Employs Strike

ST. LOUIS — (AP) — Operating employees of the Wabash Railroad went on strike today at 6 a.m. (CST).

The walkout was ordered after a breakdown in negotiations conducted by a federal mediator.

A total of 3,900 to 4,000 employees are affected. The railroad operates over 2,500 miles of track in Iowa, Missouri, Illinois, Ohio, Indiana and Michigan.

Jester Prefers Broadbased Tax

AUSTIN — (AP) — Gov. Beauford H. Jester said today that if "needs and necessities" require a new tax, he will favor a "broad-based tax of the omnibus variety."

The amount of the levy, he said, should not exceed the amount of the state's actual need.

An all-purpose tax bill was filed in the House yesterday by Rep. H. A. (Salty) Hull of Fort Worth. Hull said it was designed "to cover the whole field" including higher levies on oil, gas and sulphur.

Drive Reaches Halfway Mark

The local Red Cross drive had netted \$4,288.30 by 6 p. m. yesterday, Mickey Ledrick, drive chairman, said this morning.

The goal for the Pampa Chapter is \$8,745.

"Neighborhoods is not always a matter of making something, or giving or even directly helping," Ledrick said.

Frequently it is found in acquiring the homely skills taught in free Red Cross classes that make life safer for self and others, he said.

There were 18,000 people who learned water safety in Texas during 1948, 8,000 men and women became familiar with disease symptoms and inexpensive practical ways of caring for the sick at home and 10,000 persons in Texas reached with nutrition knowledge last year.

"It is hoped we can finish this drive this week," Ledrick concluded.

First Money Bill Passed by House

AUSTIN — (AP) — The House today passed the first of 51st Legislature's big money bills, appropriating \$5,337,014 for the biennial in the next two fiscal years.

The bill now goes to the Senate, where a similar measure has been approved by the Finance Committee.

Contractor Claims Added Payment For Clearing Hilly Arkansas Land

LITTLE ROCK, Ark. — (AP) — It will be up to a court headed by Marvin Jones of Amarillo, Texas, to decide whether there's more acreage in an Arkansas acre than in a proper one—presumably a Texas one.

James is chief justice of the United States Court of Claims in Washington. He will sit in judgment on a suit brought against the United States by a Texas man.

The man who started the whole thing is Holland Page of Austin. He is suing for additional payment for clearing land in the mountainous Norfolk Reservoir area of North Arkansas. He contracted to clear the land for \$65 an acre. There is no argument on that point.

But Page claims there is actually more than an acre of surface—43,560 feet square feet—in many an acre he cleared because of undulations in the land.

The government holds that an acre is an acre—that's all. Commissioner George H. Foster, who heard testimony here, will go to Texas for additional hearings.

Dream of Broad European Union Moves Nearer Reality

Constitution For Council Is Studied

LONDON — (AP) — The dream of a broad European union moves closer to reality today as foreign ministers of the five-nation Western European Union scan a draft Constitution for a council of Europe.

Statesmen of Britain, Belgium, France, Holland and Luxembourg went into the second day of a two-day meeting on the problems of the North Atlantic pact and the European Union.

One problem is the conflict between the date previously set for a strictly social and cultural alliance for the 10-nation council of Europe and the date for signing the North Atlantic treaty.

The members of the Western European Union or Brussels alliance have invited Norway, Sweden, Denmark, Eire and Italy to the founding conference March 28 in London. But the foreign ministers of the Brussels powers expect they will then be on shipboard bound for the Atlantic pact signing in Washington.

They will have to decide whether to postpone the London meeting or turn it into a meeting of ambassadors instead of foreign ministers.

The Western European Union is a defensive, as well as a social and cultural alliance.

The council of Europe would be strictly social and cultural at the start. It would consist of a committee of ministers with limited powers, corresponding to a cabinet, and a consultative body with merely advisory functions, corresponding to a parliament.

The meeting here has been secret but a communiqué will be issued tonight after the windup of the meeting.

The terms of the North Atlantic pact, which was known to be before the ministers yesterday, are to be published Friday.

Norway has announced she will join in the Atlantic alliance. The foreign ministers of Denmark and Iceland are discussing their possible adherence. Italy and Portugal also may be invited to take part.

Winter Hits Texas With Added Blow

By The Associated Press
One of winter's final blows was leveled at Texas today.

With spring less than a week off—March 20—cold wind and drizzling rain swept into the Texas Panhandle during the night.

By early today the quick change in weather was felt as far south as Waco in Central Texas.

"The cold front came in pretty fast and it'll probably go out just as fast, considering the time of year," the Weather Bureau said.

The speed of the cold front caused weather forecasters to revise earlier predictions of milder weather.

Freezing drizzles with some snow were reported at Pampa, Lubbock and Clarendon, and snow at Amarillo, where an early morning reading of 18 degrees tabbed it as the coldest spot in the state at that hour.

The cold spell was expected to last at least a couple of days. Cloudy weather was forecast to accompany the low temperatures.

At Midland, high winds kicked up dust and sand. Skies were clear; the temperature in the low 40s.

"A very fine freezing mist" hovered over Pampa, where an early morning reading of 20 degrees was recorded. Skies were overcast. There was a light fog.

At Brownsville early today a 54-degree reading was recorded.

East Texas will be much colder tonight in the northwest and extreme north portions, the forecast said, with occasional light snow in the Upper Red River Valley today. The central portion of East Texas will be colder tonight, with low temperatures 22-27 in the Upper Red River Valley and 28-34 in the remainder of the north.

(See WINTER, Page 5)

Ground-Breaking For Hughes Bldg. Set for Thursday

Ground-breaking ceremonies for the Hughes 6-story office building to be constructed on Kingsmill at Somerville will be held at 2 p.m. Thursday, it was announced this afternoon.

J. Thompson, public relations manager for Hughes enterprises, said excavation work will begin at once for laying the concrete for the basement.

Officials of the Cabot companies, which will occupy the upper floors as their general offices for the South, will take part in the ceremonies, along with R. G. (Dick) Hughes, who has been active in construction of houses in Pampa, Borger, and Amarillo. City officials are expected to take part in the ceremonies.

Contract for construction of the building, which will have a penthouse and auditorium atop the sixth floor, is held by Monarch Lumber & Plumbing Co., a concern owned by South Pampa Properties, a Hughes enterprise.

Plans for the much-needed building were announced to News readers on May 2, 1948. At that time, Reno Stinson, Cabot Companies executive, said there would be ample space in the building for the three local main offices of the companies. He said that some offices now located at various plants would likely be moved into the new building.

The ground floor space of the proposed structure will be 100 by 140 feet, while the remaining floors will be 75 by 100 feet.

Hughes last year, in baring details of the building, engineering work for which has been done by Cantrell & Co., Pampa, said it would be modern in every detail including the latest equipment. Two high-speed elevators will serve patrons.

Thompson today said there would be a few minor changes in the original plans, but no major changes. He said these changes were being made to accommodate certain occupants of parts of the building. He said he could not divulge names of other occupants than Cabot at this time.

Ex-Premier Keeps Silent About Charge

NANKING — (AP) — Former Premier Sun Fo remained silent today after being accused of using his power to benefit pretty Miss Lan Lin.

Specifically Sun Fo was accused of making it possible for Miss Lan to obtain 54 drums of glyestuff from the Alien Property Administration.

A subcommittee of the Control Yuan (auditing) made the charge. The subcommittee said Miss Lan, daughter of a wealthy Yunnan Province family, was Sun Fo's "concubine."

The general opinion here and in Shanghai was that nothing would come of the charge. However it may be reviewed by the Control Yuan in full and could find its way into the courts.

Miss Lan, described as in her middle thirties, lives in the fashionable former French concession of Shanghai. She was arrested by Chinese secret police after the war on charges of collaborating with the Japanese. Sun assertedly was able to obtain her release.

Sun's family and wife live in Shanghai.

Chinese are not taking the case very seriously. Many Chinese officials have concubines which are accepted as a part of the (See CHINA, Page 5)

Hearne Man Charged in Six Counts

FRANKLIN, Tex. — (AP) — Six more indictments stemming from the \$81,000 worthless check swindle of the Franklin First State Bank are on the record against S. B. Jones, Hearne, Tex., insurance man.

The six new indictments were returned yesterday. Jones was first indicted Feb. 21. County Attorney By Palmos said at that time three indictments had been returned against Jones in connection with the bank swindle. The prosecutor said two of the indictments were under the state hot check law and the third on theft.

Harry Henry of Hearne, foreman of the Robertson County Grand Jury, signed the six new indictments charging "swindling by worthless check."

Jones' bond was set on the \$10,000 level. He was reported of increased or additional bond to pay.

The Franklin bank cashed worthless checks totalling \$81,000 during the Thanksgiving holidays last year. On Dec. 18, 1948, the bank moved with the First National Bank of Franklin.

Jones was arrested near Matamoros, Mexico, and returned to Texas Dec. 14. Eight complaints were filed against Jones at that time.

At that time Jones told a reporter, "I have at no time violated any criminal acts."

Sheriff Bob Reeves of Franklin said Jones' trial in the indictment returned in February had been set for April in Judge W. S. Barron's 84th District Court.

Guard Unit Camp Is Set

The local National Guard unit, Battery A, 47th FA Observation Battalion, will attend summer training camp from June 5 to 19. Lt. John J. Connell, training officer, announced at the unit's weekly meeting last night.

Connell said the unit will train at North Camp Hood, approximately seven miles from Gatesville.

The agreement was made with E. G. Pope, assistant director of predatory animal control for this district.

The county commissioners were receiving regular complaints from farmers and ranchers in the county of the increasing coyote population. Some of the four-legged cattle thieves have been seen by ranchers traveling in groups of three and more.

Outside of making the agreement with the government and paying regular bills, the county commissioners spent the day discussing routine road and bridge, and machinery upkeep policy with Fred Vandenberg, newly appointed commissioner from Precinct 3.

Warfare on Coyotes Opens

The county commissioners' Court yesterday declared open warfare on coyotes in Gray County and signed a project agreement with the U. S. Department of Interior for a government trapper.

The county's cost in the agreement is \$150 a month during the time the government exterminator is here.

The agreement was made with E. G. Pope, assistant director of predatory animal control for this district.

DALLAS SYMPHONY TO APPEAR HERE TONIGHT

The Dallas Symphony Orchestra will appear at the Junior High School Auditorium at 8:30 p. m. today to present the final performance of the 1948-49 Pampa Community Concert Association series.

No one will be admitted during the rendition of one of the numbers on the program. Only members of the association will be eligible to attend the concert.

The Dallas Symphony orchestra was founded in 1901. The orchestra has had 35 active seasons. The 83-piece professional orchestra over which Antal Dorati presides is a far cry from the amateur group that gathered together at its start. The first conductor and pianist, formed the first Dallas Symphony.

To assemble the present organization, Dorati auditioned musicians from all over the U. S. Dorati is recognized among musical groups as one of the outstanding conductors of the world. He is a native of Budapest and a graduate of its conservatory.

Different conductors have their own ways of asserting authority. Stokowski is a genius at sarcasm. Reiner has the technique of a German drill sergeant. Toscanini rules with spasms of Italian temperament and Dorati rules "by love and affection." He is temperamentally incapable of bawling out an errant musician.

When rehearsals go badly, Dorati does show temperment. "Excuse me," he says to the orchestra. "Take five minutes rest while I go to my dressing room and kick myself."

And that he does, according to report. He also throws things and bangs doors. Then he returns serenely to his podium and tries again.

Dorati and his musicians appear on that point.

(See DALLAS, Page 5)

ANTAL DORATI, conductor of the Dallas Symphony, will conduct tonight's concert at the Junior High School Auditorium. The concert is the last in the 1948-49 Pampa Community Concert series.

Wreckage of Plane Found

MANILA — (AP) — The wreckage of a missing Superfort tanker plane was seen from the air today on a mountainside 25 miles from Manila but ground rescue teams had not been able to reach it.

Search planes spotted the wreckage but saw no sign of life around it. The B-29 had been missing with a crew of nine since March 1 when it refueled the non-stop globe gliding B-50 Lucky Lady II and failed to return from its mission.

The B-29 rammed into a 4,600 foot Mt. Irid in the Sierra Madre range on its way back to Clark Field.

The region is sparsely populated and only narrow trails thread through the mountains. Helicopters may try to set down near the wreckage, which is about 10 feet from the mountain top.

Aboard the plane was Lt. Col. Jack Stuart Hunt, assistant chief of staff for operations of Clark Field's U. S. Air Force 18th Fighter Wing. The plane was based at Tucson, Ariz.

George DeLong Succumbs Here

George N. DeLong, 62, and a Pampa resident for the past seven years, died at 8:45 p. m. yesterday at a local hospital after a ten-month illness.

For the past several years he has been a partner in the Transmix Concrete and Material Company. He has been a construction contractor for many years.

He is survived by his wife, Olive, 110 N. Ballard; five brothers, Charles, Phil, Paul and Ray DeLong, Norman, Okla., and Albert DeLong, California; two sisters, Miss Grace DeLong, Norman, Mrs. Alice Grimmer, Norman.

The body was taken to Norman, Okla., this afternoon, for burial at the Odd Fellow Cemetery under the direction of Myers Funeral Home.

He was born in New Jersey and lived for a while in South Dakota. When he was nine years old, his family moved to Norman, Okla., where he remained until he came to Pampa. He worked on the construction of the Pampa Air Field.

Duanel — Carmichael Funeral Home had charge of the preliminary arrangements.

Warren B. Phillips, chairman of the dinner at Corpus Christi, said Clark has accepted an invitation to speak at the dinner April 8.

Housewives Force Orange Price Drop

LAKELAND, Fla. — (AP)—Prices of Florida grapefruit at auction showed numerous reductions last week.

Market observers attributed this to housewives' refusals to pay higher prices. The Florida prices climbed following the California and Texas freezes earlier this year.

The state's premium oranges took the worst bump. For all Florida oranges, the average was \$4.12 a box, compared with \$1.56 the week before.

Methodists Recall History of Church as They Start Drive

FIRST CHURCH

MR. HARRAH

Former District Judge W. R. Ewing, a resident of Pampa for many years, has come forth with a picture of the first Methodist Church in Pampa, built in 1908. A picture of the first church had been sought in connection with the church's current drive for a \$250,000 building and expansion fund, and Judge Ewing responded.

MRS. CAMPBELL

REV. KIKER

There will be more reminiscing about Pampa's first church when members of the Methodist Church meet for a "kickoff" banquet to-night at the church.

Hester Awaits Texas Officers

LOS ANGELES — (AP)—Arthur Clayton Hester, 18, Texas youth charged with the slaying of Dr. John Lord of Burleson near Fort Worth, Tex., waited here today in a jail cell for the arrival of Texas officers.

Sheriff Houston Walling of Cleburne and A. C. Howerton, homicide detective of the Fort Worth Police Department, left there yesterday by automobile. They plan to arrive here tomorrow.

Hester, arrested by Los Angeles police last Friday, has told officers he will waive extradition. In the event he refuses the waiver he will be faced with a formal extradition request.

The Texas officers today asked Texas Gov. Beauford Jester to

Mexican Highway to Be Paved by October

EL PASO — (AP)—The central highway from El Paso to Mexico City will be completely paved by next October, according to Ricardo Pineda, Mexican federal highway engineer, a recent visitor here.

The highway is passable throughout, he said, and paving will be completed by October on a 265-mile stretch between Pampa and Durango and a 100-mile stretch between Durango and Fresnillo.

The highway is part of the hemisphere highway.

prepare extradition papers. The body of Dr. Lord was found last Thursday. Dr. Lord, 70, was Graduate School dean at Texas Christian University in Fort Worth. He had been Hester's guardian since February of 1946.

Wayside Club Has Yard Care Talk

The Wayside Home Demonstration Club met Friday afternoon in the home of Mrs. Harold Osborne to study yard care.

Mrs. Mary Anne Duke, county home demonstration agent, discussed "Routine Care of Yards," telling the various poisons for killing garden pests and how to trim shrubbery. Each member participated in trimming shrubs the proper way.

Mrs. E. B. Taylor, Jr., won the prize for naming the largest number of shrubs in a recognition contest led by Mrs. Billie Rudell. Mrs. Lowell Osborne gave the council report. She said Home Demonstration Week will be held May 2-7. An all club picnic will be held the last day.

Mrs. Ernest Edwards showed the proper equipment for routine care of yards.

Refreshments were served to those mentioned and to: Mrs. J. L. Chase, A. B. Carruth, J. T. Rogers, J. S. Fuqua, Alvin Reeves, W. F. Taylor, W. A. Greene and two visitors, Mrs. J. B. Davis and Mrs. George Ingram.

Next meeting will be held March 25 in the home of Mrs. Fuqua.

Eula Meers Is in TCU Ceremonies

Miss Eula Marie Meers, daughter of Mr. and Mrs. Lewis Meers, south of Pampa, took part in the initiation ceremonies held recently by the Epsilon Chapter of Mu Phi Epsilon Fraternity at Texas Christian University.

An article of Miss Meers' was published in the January issue of Triangle, Mu Phi Epsilon National Magazine.

She is a sophomore at TCU and a piano pupil of Prof. Keith Mixson, a member of TCU choir and a member of the University Church Choir.

A pound of fresh green peas will make two to three servings; a pound of fresh snap beans will serve four.

Sub Deb Sorority Holds Its Annual 'Shipwreck Dance' at the Palm Room

Members of Sub Deb Club entertained their dates with a gala "Shipwreck Dance" and buffet supper, an annual affair, Saturday evening in the Palm Room, City Hall.

Guests came attired in sailor suits, sarongs, grass skirts, shorts and middy blouses and various other apparel representing shipwreck costumes. They were met at the door and presented with a crepe paper lei.

The room was decorated with green and white crepe paper streamers, club colors, which were suspended from the ceiling and pulled to the walls. Tables were covered with brightly colored cloth and napkins and candle-dripped bottles holding lighted tapers were used for centerpieces. A tiny doll dressed in a hula costume was on each table.

In the center of the room was an island complete with palm trees and a mannequin dressed in grass skirt.

Present were: Eddie Scheig, Barbara Scruggs, Jimmy Howard, Betty Joyce Scott, Ronnie Samples, Gloria Salicrup, Carl Kennedy, Zula Margaret Brown, Ronald Bled, Betty Howard, Tommy Brown, Jo Anne Bennett, Weldon Witcher, Mary Ellen Hawkins, Buddy Hobdy, Barbara Connor, Jack Curtis, Phyllis Scheig.

And Gene Howell, Barbara Ward, Mickey McCray, Carol Sloan, Jack Williams, Dorothy Dixon, Lamar Lively, Ann Berry, William Wall, Leola Ward, Joe Glaxner, Justice Aph Fable, Bill Runyon, Ottolena Patton, Dennis Stafford, Jean Hendricks, Bob McPherson, Peggy Hukill, Gene Garrison, Joan Stroup, Ivan Martin, Pat Price, C. L. Farmer, Gertie Lake, Jim Hill, Mary Jean Patton and Mr. and Mrs. Skeet Roberts and Mr. and Mrs. R. D. Mils.

Lefors Club Has St. Pat's Supper

LEFORS (Special)—A St. Patrick's Day supper party was given by the Recreation Committee of the Lefors Home Demonstration Club, Mrs. A. T. Cobb, Mrs. Clifford Rutledge and Mrs. Ralph Puckett, Friday at Colosso Community Hall.

The serving table was laid with a green and white table cloth with green streamers extending to the light above. The centerpiece was yellow jonquils and a huge green hat was atop the piano.

Following the meal, folk songs and "42" were played by the group.

Attending were Messrs. and Mrs. Larry Rider, E. D. Vaughn, Jack Frather, Ralph Puckett and children, John Wayne and Peggy Joyce, I. F. Peterson, P. F. Scurlock, L. R. Spence and Dickie, A. H. Brewer, A. T. Cobb, Clifford Rutledge, Mmes. Allie Mae Herron and Jennie White. Guests were Mr. and Mrs. Paul Blankenburg and Sgt. Alvin Blankenburg.

POPULATION 148 MILLION
 WASHINGTON — (AP) — The United States population, climbing more than 200,000 each month, reached a record 148 million last Jan. 1, the Census Bureau reported.

Rolater-Tindall Engagement Told

SHAMROCK (Special)— Announcement of the engagement and forthcoming marriage, March 25, of Miss Amariylla Rolater to James Ray Tindall recently was made.

Miss Rolater is a daughter of Mr. and Mrs. Luther G. Rolater of Seminole, Okla., and Tindall is a son of Mr. and Mrs. J. M. Tindall of Shamrock. The wedding will take place at the First Baptist Church in Stillwater, Okla., with the Rev. C. DeWitt Matthews officiating.

Miss Rolater is a graduate of Wewoka High School and is a student at Oklahoma A&M College where she will receive her BA Degree in May. She is a member of the Kappa Delta Sorority, Player's Club, Radio Club and W.A.A.

Tindall is a graduate of Shamrock High School and received his BS Degree from Oklahoma A&M in January, 1949. He is a member of Sigma Chi Fraternity, Alpha Kappa Psi, and Board of Publications Inter-Fraternity Council. He was selected for "Who's Who in American Colleges and Universities" in 1948. He served with the U. S. Army Air Forces three years. He is now a special student at Oklahoma A&M.

They plan to make their home in Stillwater for a time.

 8:00 Order of Eastern Star, Masonic Hall.

SATURDAY
 10:00 Blue Ribbon 4-H Club, county home demonstration agent's office, County Courthouse.

Pampans Jam Jr. High Gym To Attend 'Friendship Fair'

Two thousand Pampans jammed into the Junior High School Gym Saturday to attend the "Friendship Fair" and see the Brown and Girl Scouts contribute what they had saved to the Juliette Low World Friendship fund.

The fair commemorating the 57th birthday of the Girl Scouting movement in the U. S., climaxed the weeks of saving by each Scout. This year's total of \$154.17 contributed by the Scouts was \$100.72 more than in 1948. In 1947, the Scouts contributed \$48.17 as compared with \$33.45 last year.

There were 19 booths around the gym for selling refreshments. Proceeds went for the troops' expenses. Each troop selected a foreign country and decorated its booth accordingly.

Troop 9 opened the fair by presenting the colors. Following the welcome by Mrs. Glenn Radcliff, program chairman, the booths were opened for business.

After all the steady Girl Scout cookies, popcorn, coffee, cake, pie and beverages were sold, 15 troops presented exhibition square dances.

They were: Troop 20, "Sally Goodwin"; Troop 31, "Jimmy Crack Corn"; Troop 19, "Durham Red"; Troop 1, "Bow, Bow, Bow Be- linds"; Troop 5, "Ed With the Rip in His Pants"; Troop 21, "Shoemaker's Dance"; Troop 24, "Ten Pretty Girls"; Troops 8 and 27, "Shoo Fly Pie"; Troop 11, "Oh Susanna"; Troop 17, "Pickin' Up Paw Paws"; Troop 34, "I Want to Be a Farmer"; Troop 22, "Put Your Little Foot"; Troop 25, "Buttons and Bows"; and Troop 16, "Brown Eyed Mary".

Troop 30, under the leadership of Mrs. L. C. Martin, Mrs. R. L. Myers and Miss Phyllis Perkins, contributed the largest amount to the Juliette Low foundation. The Scouts saved \$24.30 for the fund. Troop 20, under the leadership of Mrs. R. H. Nensiel and Mrs. Leon Cook, saved \$21.31, for second place.

Highlights of the evening were the dance "Jimmy Crack Corn," presented by members of Troop 31 and a Punch and Judy Show, given by Troop 28 Scouts.

AP INDEX DROPS
 NEW YORK — (AP) — The Associated Press index of 36 important commodity prices this week declined to 165.61 from 166.92 a week ago. A year ago the index was 161.81. The index base year of 1926 equals 100.

Pampa Sewing Machine Exchange Gets New Owner

PAGE 4 Pampa News, Tuesday, March 15, 1949

Golden Loaf White Cakes and French Bread Are Tops in Taste

For a meal that's tops in taste, it is necessary to start the meal with some of that crunchy, luscious distinctive Golden Loaf French bread. And the tops-in-taste meal cannot be completed without some of that delicious Golden Loaf white cake.

Roy Boyd, shop foreman of the Pampa Baking Company, makes the bread and cake and his wife, Lois, puts on the finishing touches by twisting the bread and icing the cakes.

Both poppy and sesame seed French bread is available at the bakery, which is starting into its third year of operation in Pampa under the ownership of Frank Rapstine.

Mr. and Mrs. Boyd have been employed at the plant since its start. Cecil Rainey also bakes for the company and has been in Pampa for six months.

Pampans who like hot breads and hot doughnuts should remember the Pampa Baking Company at 6:30 p. m. daily. Wives should get their husbands in the habit of stopping at the bakery on the way home from work. In that way they may be assured of nice fresh hot bread for supper.

The bakery is located at 848 W. Foster. It services practically every local grocery and several out-of-town groceries. The other towns that profit from Pampa's bakery are White Deer, Skellytown, Panhandle and Borger.

Trucks are sent daily to these towns providing Golden Loaf bread

FRANK RAPSTINE

and many other pastry products. Many Pampa mothers have wondered just why Golden Loaf looks tastes and keeps better than most breads. It is because of the extra basic ingredients that Golden Loaf has that few other breads do. Most bakeries use four percent sugar and milk and three percent shortening. However, not so with Foster. It services practically every local grocery and several out-of-town groceries. The other towns that profit from Pampa's bakery are White Deer, Skellytown, Panhandle and Borger.

Mack's Shoe Store Serves Most Needs

Mack's Shoe Store, 318 S. Cuyler, now has a larger and more varied stock of goods than ever before. Burl Lewter, owner, has been in the shoe repairing business here for the past 16 years.

Burl is now able to offer many items to his customers that one doesn't ordinarily get at a shoe store. Though he specializes in shoe repairing of all types, he has many novelties and necessities for sale since he has enlarged his store.

He also has a large stock of Mexican-made boots. Once more, the boots are very reasonably priced, too. Besides being quite fancy in design, the boots wear excellently. Mexican-made shoes that are distinctive in both looks and wearing quality are also carried in stock by Burl.

Burl's wife, Velma, not only assists him at the store, but also has many outside activities. She has rendered outstanding service to the Pampa Girl Scout program. Now she is leader of Troop 19, one of the most active troops in town. Also, she has been a Sunday School teacher at the Central Baptist Church for some time.

The Lewters live at 805 E. Francis and have one daughter, Nicie.

Vernie Callahan Recently Purchased Sewing Exchange From S. L. Qualls

VERNIE AND BETTY CALLAHAN are the new owners of the Pampa Sewing Machine Exchange, 304 W. Foster. They bought the exchange from S. L. Qualls, Pampa, and F. R. Foley, Wichita Falls, on Feb. 24. The whole interior of the shop is now completely remodeled. The two sewing machines in front and in the center are Domestic, which the Callahans feature. On either end in back are Singers.

By JIM McCLUSKEY, Public Relations Editor

Today is the 14th day the Pampa Sewing Machine Center has been under the ownership of Mr. and Mrs. Vernie Callahan.

The exchange was moved to its present location Oct. 2 and was then owned by S. L. Qualls and F. R. Boley. Vernie, at that time was employed as general repair man and took care of all of the repairing for the shop.

Located where the Hillson Cafe formerly was operated, the exchange has been completely remodeled. A display window has just been added at the right of the door, the floor has been covered with maroon linoleum and the walls and ceilings have a new paint job.

The exchange now more than ever before is the sewers' paradise. Besides being able to rent and buy Domestic cabinet models is Mercury Sewing Machines, sewers are able to buy all accessories that go with sewing.

Domestic machines, featured by the shop, carry a lifetime guarantee and have a 96-year service record. The casing or finish to the Domestic cabinet models are really different from the old-fashioned cabinet model machines. Another asset the Domestic machines are able to claim is that they will allow sewing in a circle.

A complete line of threads—all sizes and colors—is the latest addition to the plant. Also, hemstitching is now done, though it was not done in the past.

Mrs. Callahan specializes in buttonhole making. Callahan does anything and just about everything in the way of repair jobs on sewing machines. He had five years experience in a machine shop before he started to work for Qualls last August.

The Callahans have lived in Pampa since 1946. They reside at 948 E. Bessie and have one son, Tommy, age three. Before coming to Pampa they lived at Lefors.

One has to try the exchange before he realizes just how much money he saves while trading with Vernie. Besides getting items cheaper than in many places, customers are assured of the same guaranteed expert repair service they have received during the past eight months.

A complete line of sewing machine attachments are sold at the exchange. Also sewers' necessities sold there include scissors, pinking shears, buttonhole attachments, bobbins, needles, sewing machine oils and the new Domestic Magic Keyhole Buttonhole worker. With it women may easily make both tailored and regular buttonholes.

The Remnant Shop, operated by Mrs. E. E. Ferrell, makes its headquarters in the same building. The remnant shop was moved in at the first of the year.

Philippines Buys 10,000 Tons of Rice
WASHINGTON — (AP) — Purchase of 10,000 tons of Southern rice for delivery to the Philippines in May and June was announced by the Philippine embassy.

The purchase completes the allotment of U. S. rice which the Philippine government is permitted in the first half of 1949.

An embassy spokesman said on the basis of the low bids 4,000 tons will be purchased from the Bunge Corporation and 4,000 tons from the River Brand Mills.

Coal Mine Stoppage Swells Jobless Ranks
WASHINGTON — (AP) — The number of jobless rose to about 3,700,000 as the result of the coal mine shutdown.

The estimate is based on the government report last Friday that 3,200,000 were idle then.

The two-week mine holiday starting Monday added 471,000 and affected railroads laid off 66,425. This pushed the total to 3,740,425.

MORE NOURISHING
Bread is an "essential" in everyone's diet. Most bakeries use only four percent milk and sugar and three percent shortening. However, the Pampa Baking Company's Golden Loaf has more of each of the three main ingredients added.

Studebakers '49ers Are Now On Display at Lewis Motor

Not Too Late For Fi-Blak

Many people probably woke up this morning wondering if winter were going to stay in the Panhandle forever. Feeling a bit cold, many are thinking it would be nice if they had only taken advantage of the few warm days to install insulation in their homes.

However, it's not too late yet to install the Fi-Blak way. The Fi-Blak Home Insulation Company is now located at 335 S. Barnes under the direction of Henry Lane.

Therefore, these "put-it-off" people should do more than wish they had insulated their homes. Lane offers free estimates of the cost to insulate.

When using Fi-Blak, home owners are quick to notice their walls no longer sweat. Many people have discovered that it is unnecessary to repaper their homes once Fi-Blak has been installed.

Fi-Blak, the shield of comfort, is indispensable for those who want a healthy, happy and comfortable home at all times.

Everyone is familiar with condensation of moisture on window panes in cold weather. So-called "steamy" windows signify over humidification in the air. Often this condition can be controlled or eliminated by opening windows, using ventilating fans or other such measures.

The same problems arise in respect to insulation, and instances have been recorded where interior sweating of walls and even damage from freezing water condensed in walls have resulted from improperly placed ventilation. Consequently an expert, such as Lane, will pay dividends in the end.

For typical suburban homes it has been estimated that 60 percent of the heat lost in winter filters through the side walls and 40 percent through the roof.

About a third of the heat gained in the summer enters through the side walls and about two-thirds through the roof.

Both should be insulated for maximum year-round comfort and economy.

Further, insulation is no better than the man who installs it. If people will contact Henry Lane, they will find their problems are solved in all this business about losing heat in winter and gaining it in the summer.

A furnace tender who tossed every third shovelful of coal into the ashen would lose his job promptly, but the effect is the very same when home owners continue year after year to pour out precious heat through uninsulated roofs and walls.

The U. S. today contains approximately 37,000,000 dwelling units, and 1/3rd of a portion of them continue to lose heat in winter and gain it in summer.

SHIELD OF COMFORT
Pampans would do well to think twice about insulation in their homes. Experience has proved that Fi-Blak insulation is the shield of comfort.

For the Best Taxi Service in Town: Call Peg's Cab Company
How many times have you said, "I'd rather walk, and I'd get there sooner too, than waiting for that old taxi." If you ever had such thoughts, then you've been calling the wrong number. You should call 94, Peg's Cab Company number and then you will change your attitude.
Before you can have your coat on, one of Peg's cabs will be at your door. Fourteen drivers and three dispatch clerks are employed to keep the taxis speeding toward your door.
To many Pampans the best known in the phone book already is 94. They have learned from experience that 94 is the number to call to be assured of speedier and more dependable service.
With eight two-way radio equipped cabs used by the company, it is possible for one of the cabs to be at your door almost immediately.

Charlie Ford Is Beginning Seventh Year as Manager of the Shamrock Service Station, 400 W. Foster
The year 1949 marks the beginning of the seventh year that Charlie Ford has managed the Shamrock Service Station, 400 W. Foster.
After seven years of providing the best in service to Pampans, it is no wonder the men live up to the reputation of the station—that is prompt and courteous service to everyone.
All customers, whether they be transients or regulars, receive kind and courteous service at all hours of the day from the four men. Store hours are from 7:30 a.m. to 7:30 p.m.
Many car owners wait until they completely ruin a tire before they get around to get another. However, once a car owner has purchased a Dunlop tire, he realizes there is a big difference in tires. After he discovers Dunlops, he generally keeps one or two on hand instead of waiting for a blowout. The Shamrock service carries Dunlop tires and tubes. The Dunlop Gold Cup heavy duty tubes also come up to what is expected by the motorist.
Exide batteries also may be purchased at the station as may all leading brands of oil. The station, besides selling Shamrock gasoline, the station employees are tops when it comes to doing lubrication jobs, washing cars and fixing flats.

Repertoires Are Presented
McLEAN — (Special) — Fifteen members and 12 guests were present at a recent meeting of Mrs. Willie Boyette's Senior Music Class. In honor of Billy James Rainwater and Peggy Tindall presented in repertoire.
It was announced at the meeting that the following students have qualified in their courses from the standpoint of attendance and grades: Norma Chapman, Floella Cubine, Patricia Ferguson, Sue Glass, Billy James Rainwater, Dicky Silgar, June Stubblefield, Donna Gail Stubblefield, Patsy Tindall, Peggy Tindall, Barbara Neil Williams, and Shirley Allison.

PEG'S READY
If you're tired of walking, why not call 94. A cab will be at your door almost before you put the receiver back on the hook.

SHAMROCK FOR SERVICE
The little green and white service station is becoming more popular every day. One of the main reasons for this is the courteous service provided.

Martin & Turner Insurance Agency Serves Pampans
During the past five years, the Martin & Turner Insurance Agency, 107 N. Frost, has gathered many followers in Pampa.
Besides handling every type insurance, the agency is well equipped to serve Pampans. The business is steadily on the increase—and no wonder. It is built on honesty.
The agency specializes in fire, auto, casualty and hail insurance, bonds and loans. The agency represents only stock companies, so Pampans may rest assured of putting their money to good investment when dealing with the Martin & Turner Agency.
J. Ray Martin and Mrs. J. M. Turner, co-owners of the establishment, have spent many hours with customers explaining in detail the provisions of their various types of insurance.
Martin has been in the insurance business in Pampa for the past 18 years. He will head the Gray County American Cancer Society drive during the first part of next month.
The agency has been operated from its present location since 1945.

WALL TEX AT THOMPSON'S
Wall Tex is being used more and more in Pampa kitchens and bathrooms. The wall covering is easy to clean and keeps its "new look" for years.

Problems of 'Phone Co. Discussed

A. O. Thomas, district manager
of the Southwestern Bell Tele-
phone Company, Amarillo, told
the Chamber of Commerce Board
of Directors some of the local
problems of the telephone com-
pany at yesterday's meeting.

Thomas said that since 1941
Pampa has gained 2,700 tele-
phones. The investment has
jumped from \$284,000 in 1940 as
compared with \$560,000 in 1948.
During 1944 phone calls in Pampa
averaged 23,000 daily. During the
past year the average was 31,692
calls per day.

He said there are now 367 re-
quests in Pampa for the installa-
tion of phones and 187 requests
rurally.

George Newberry, local man-
ager of the Southwestern Bell
Telephone Company, also attend-
ed the Board of Directors' meet-
ing.

Ed Wells, Public Improvement
Committee chairman, listed the
major projects of his committee
for 1949. They are: parks and
playground improvement, bus de-
pot facilities improvement, local
hotel facilities improvement,
widening of Kingmill and improve-
ment of the facilities at Recreation
Park.

Ray Kuhn, Agriculture Commit-
tee chairman, distributed detailed
mimeographed reports of the re-
cent Pampa Junior Live-
stock Show and Sale. He praised
the Pampa businessmen for their
financial participation in the sale.

Richard L. Lane of the Public
Service Company, Tulsa, Okla.,
was approved as a member of the
U.S. Chamber of Commerce Board
of Directors for 1949.

Jack Sullivan, Membership
Committee chairman, reported the
membership campaign was sched-
uled to get underway at 10 a. m.
today at a kickoff coffee at the
Court House Cafe. Approximately
40 business men were invited to
attend the coffee and work in
the drive.

CHINA

(Continued From Page One)
family system, although supposed-
ly illegal.

In Canton, where some of the
government ministries that fol-
lowed Sun from Nanjing are still
located, observers predicted today
that Sun may become the head
of the Central Political Council
of the Kuomintang. In such
a position he could be more pow-
erful than he was as Premier.

Sun Fo's successor, Gen. Ho
Ying-chin, got back here today
from Shanghai where he re-
portedly tried to interest high
Chinese in becoming members of
his cabinet.

Apparently, the new Premier,
whose job is to form a "peace
cabinet," is encountering difficul-
ties in finding men willing to
serve.

Before his resignation a few
days ago Sun Fo announced on
March 2 that a Chinese Com-
munist spokesman had told him
that peace talks would be ready
to start in Peiping around March 15.

There was no indication today
that the Communists were ready
to begin negotiations.

DALLAS
(Continued From Page One)
pearing at the Junior High Au-
ditorium tonight will do their
best when they present "Symphony
No. 7, in C Major" by Schubert
and "Prelude à l'opéra" by Debussy.

Another selection for which the
group is famous is the "Overture
to Romeo and Juliet," by
Shalkovaky.

CONTRACT
(Continued From Page One)
into the stone.

Demolition of the courthouse is
slated to start next week. Con-
struction of the new building will
begin around May 1.

WINTER
(Continued From Page One)
and west central portions.

Wednesday will be cloudy and
colder in the south and east
central portions with moderate
to heavy rain in the west.

The brunt of the cold wave
will be felt in West Texas, ac-
cording to the Weather Bureau.

There, the forecast is partly
cloudy and much colder in the
Panhhandle and South Plains and
from the Upper Pecos Valley
eastward today.

There will be occasional light
snow in the Panhandle today.

The South Plains and from
the Upper Pecos Valley eastward
will be much colder tonight, with
lows of 17-22 in the Panhandle,
23-27 in the South Plains area
and 28-34 from the Upper Pecos
Valley eastward. Wednesday will
be partly cloudy and not so cold.

The Dallas-Fort Worth area is
in for much colder weather today,
the experts said, with the high
in the low 40's and cloudy skies.
Tonight will be clearing but much
colder, with the low Wednesday
morning near 24. Wednesday will
be fair and warmer, with highs
near 60.

cows 17.50-18.50; good 19.00-20.00.

High School Basketball Club
Seagoville High School students aim
to meet a better fate at
Waterloo than their history books
record for Napoleon.

They won the Texas Girls'
High School Basketball Cham-
pionship Saturday in Hillsboro
and April 2 they've a date in
Waterloo-Iowa.

The Seagoville Dragonettes take
on Wellburg, the Iowa State
champion, in a two-game series.
The first tilt is at Des Moines,
April 1. The second is April 2,
at Waterloo. Thirteen players
will make the trip.

A field goal by Patsy Anderson
in a "sudden death" overtime
period gave Seagoville a 26-24
victory over East Chambers and
the championship.

"The girls were mighty happy,"
said Coach Jimmy Phillips.
Seagoville's victory was one of
the closest in the ten-year history
of the Girls' State Tournament.

Even though they lost the title
by two points, East Chambers
placed more girls than any other
school on the all-state team.

Ozell Collins was selected as a
forward and Wanda Gene Mo-
Adams as a guard.

Seagoville's Patsy Pharr was
named one of the guards.
The other forwards were Bertha
Jones of Roosevelt and Joyce
Davis of Dalhart.

Libian Upchurch of Forreton
was the third guard.

Railroad Workers
Idle in Fields
PITTSBURGH—(AP)— Idleness
among railroad workers spread
through the coal fields today
amid fears of some coalmen that
the mine shutdown may extend
beyond two weeks.

Coal-carrying railroads felt the
pinch in earnest on the second
day of the work stoppage called
by John L. Lewis.

Other coal dependent industries
hummed merrily. More than
62,000 railroaders are headed for
lay-offs by the ends of the week.

Insects have no lungs. They
breathe through tubes running all
through their bodies.

Legal Publications
NOTICE TO BIDDERS
The City of Pampa will receive bids
for the purchase of six thousand
(6,000) barrels of Cement. Bids will
be submitted to the office of the City
Manager, City Hall, Pampa, Texas,
before 10:00 A. M. on March 16, 1949.
Specifications are available at the
office of the City Engineer, City Hall,
Pampa, Texas. The City reserves the
right to reject any and all bids.

The City hereby gives notice that
it may issue warrants for the pay-
ment of part or all this material.
Such warrants will be such as to
exceeding 4 0/10 per annum. The City
guarantees that the interest rate on
such warrants will be such as to
make them redeemable at face value
on the day of issue or on warrant
will be issued and this material will
be paid for in cash.

S. W. E. ANDERSON,
City Secretary.

Prince to Appeal Robbery Sentence

SAN ANTONIO — (AP) — Ollie
Otto Prince, convicted bank rob-
ber from Corsicana, faces two
new indictments.

A San Antonio grand jury
returned the indictments yester-
day. One charges Prince with rob-
bery of the Malone State Bank in
October of 1948. The other
charges him with entering the
First National Bank in Mount
Calm in November of 1946 "with
intent to commit a felony." Near-
ly \$16,000 was lost in the Malone
robbery.

Prince was sentenced to 10
years recently after conviction of
robbery of the Rice First State
Bank.

Asst. U. S. Dist. Atty. William
Russell said Prince will face trial
in Waco.

Waterfront Fire Destroys Dock

AUSTIN — (AP) — The new
Senate Committee on Water
Rights will hold its first meeting
next Tuesday to consider a bill
proposing a new water code for
Texas.

The bill by Senators R. E.
Cousins, Jr., of Beaumont and
Bill D. Hudson of Pecos, would
consolidate, revise and implement
the present laws. It is sponsored
by the Texas Water Conservation
Association.

One of Texas' Two Most Consistent Newspapers... Pampa News, 211 W. Foster Ave., Pampa, Texas, Phone 566, all departments... PAMPA NEWS (Full Leased Wire)...

Fair Enough... Westbrook Pegler

"Four score and seven years ago, our fathers brought forth upon this continent a new nation... government of the people, by the people, for the people shall not perish from the earth."

Lincoln had no excuse to say that they recognized them as equals. That was just "campaign oratory." The practices of slavery, and selective extra-marital breeding for the purpose of creating better and more valuable slaves, ridicule the contention that the founders of the new republic believed all men were created equal.

It wasn't intended to be a government "of the people, by the people" at all. That was just some more campaign oratory from a master. The lines were so poetical and symmetrical that they seemed like holy writ.

As I had formerly said, unless one definitely limits government to doing what each and every individual ordinarily has a right to do, that person who doesn't believe in a definite limited government can't tell the difference between his ideas on government from those of Joseph Stalin, other than degree.

Gracie Says

Well, I see that a University of Pennsylvania medical professor says doctors should help their patients have more fun when they are sick. He says a doctor tells a patient he shouldn't do things that the doctor himself would do anyway if he himself were sick.

Ground Team Boxers Fight Lakeview Here Tonight

Favorites Knocked Out in First Round of NIB Tourney

Phillips Girls Win White Deer Volleyball Meet

WHITE DEER — (Special) — Phillips took first place among the "A" teams, and Amarillo first among the "B" teams, in the girls' invitational volleyball tournament held here Saturday under the auspices of the Doe Club, the girls' letter club of White Deer High School, and its sponsor, Mrs. Lloyd Wells, director of girls' physical education.

Ten teams participated in the "A" squad tourney. In the first round, Lefors defeated Panhandle, 15-11, 15-8; Canyon downed West Texas High, 15-6, 4-15, 15-8; and Phillips tramped Groom, 15-5, 15-2. White Deer, Amarillo, and Pampa drew byes.

In the second round, Hedley forfeited to Lefors; White Deer defeated Canyon, 15-9; Phillips won over Canadian, 15-1, 15-0; and Amarillo eliminated Pampa, 15-4, 15-7.

In the semi-finals, White Deer took two out of three games to overcome Lefors, 15-8, 15-9, 15-10; and Phillips downed Amarillo, 15-7, 15-9.

Phillips then took the title by winning over White Deer, 15-8, 15-3.

First and second place trophies were awarded the finalists, and gold volleyballs were given to the six girls chosen on the first team. They were Rosemary Deering, Amarillo; Dorothy Duniven, Canyon; Tommie Ross, White Deer; Frances Freeman, Phillips; Frances Freeman, White Deer; and Clara Meaker, White Deer.

Receiving honorable mention on the "A" squads were O'Brien, Amarillo; Meloughlin, Pampa; Taylor, Amarillo; Stubbs, Phillips; and Thornburg, White Deer.

Only nine schools were represented in the "B" squad tournament. West Texas High downed Canadian, 15-12, 15-8; and Amarillo defeated Pampa, 15-13, 15-7, in the first round.

Winners in the second round were: Phillips over West Texas High, 15-8, 15-2; White Deer over Panhandle, 15-2, 15-4; and Amarillo over Canyon, 15-0, 15-7.

In the semi-finals winners were: Phillips over Lefors, 15-12, 15-13; Amarillo over White Deer, 15-13, 15-10; Amarillo then took first place by defeating Phillips, 15-4, 15-9.

First and second place trophies were also awarded these teams, and volleyballs were awarded the girls chosen on the first team: Sample and Counts, Amarillo; Sullivan and Alling, Phillips; Williams, Pampa; and Barrett, White Deer.

Named on the second "B" team were: Counts, Phillips; Carter, Canyon; Bennett, Canadian; Lohog, West Texas High; Taylor, White Deer; and Browning, Lefors.

West Texas and Texas Tech Grid Dates Announced

CANYON — (SP) — A nine-game football schedule, five of them against Border Conference foes, has been arranged by Coach Frank Kimbrough of West Texas State.

The schedule:

- Sept. 17-East Texas State at Canyon, Sept. 24-McMurry at Canyon, Oct. 1-Texas Tech at Lubbock, Oct. 8-Texas Mines at Canyon, Oct. 15-University of Houston at Houston, Oct. 22-Trinity at Canyon, Nov. 5-Arizona State at Flagstaff, Nov. 12-Hardin-Simmons at Canyon, Nov. 24-New Mexico at Albuquerque.

LUBBOCK — (SP) — Texas Tech will play four members of the Southwest Conference next football season in addition to Abilene Christian College of the Texas Conference and Tulsa of the Missouri Valley.

Coach Dell Morgan announced an 11-game schedule today. It includes five Border Conference tilts.

The Tech 1949 schedule:

- Sept. 30 — Abilene Christian at Lubbock, Sept. 17-Texas at Austin, Sept. 24-Texas A&M at San Antonio, Oct. 1-West Texas State at Lubbock, Oct. 8-Texas Tech at Lubbock, Oct. 15-Baylor at Lubbock, Oct. 22-Arizona at Lubbock, Oct. 29-Rice at Houston, Nov. 6-Texas Mines at El Paso, Nov. 13-New Mexico at Albuquerque, Nov. 20-Hardin-Simmons at Lubbock.

Hogan Leaves Bed For Wheelchair

EL PASO — (SP) — Ben Hogan, the 40-acre raising pond on the stream above Lake Marvin made further progress toward becoming a reality with the completion, last week, of eleven test holes sunk to a depth of thirty feet for the purpose of obtaining samples of the underlying formation. These samples were sent to the Game, Fish and Oyster Commission at Austin where tests will be made to determine the type of dam to be built.

When the raising pond is completed, fingering size fish to eight to ten thousand of them a year — will be brought from hatcheries and handled so as to grow them to legal size fish in twelve months time, and release them into Lake Marvin.

P. D. Moseley, resident game supervisor, stated that all other preliminary work has been completed and actual construction is expected to start in the near future.

Sport Shots

By WILL GRIMSLEY

LAREDO — (SP) — Four outsiders who staged perhaps the greatest mass expulsion of favorites in the history of basketball will square off Thursday night in the semifinals of the National Invitation Tournament.

Loyola of Chicago will meet Bradley University and Bowling Green of Ohio will face San Francisco in an all-Cincinnati team lineup at Madison Square Garden.

Gone are Kentucky, the nation's No. 1 college quarter, scion of some quarters as the best ever; defending champion St. Louis University and the two other seeded entries — Utah, No. 3, and Western Kentucky, No. 4.

They went out in one giant sweep of the underdog broom in a matinee and evening quarter-final session yesterday that left huge Garden turnouts gasping for air.

Two of the survivors are clubs that got into the tournament on rain checks when the committee decided to pick an oversized field of Loyola and Bowling Green.

It was these two teams which knocked over the tournament's top-ranked powers—Kentucky and St. Louis, figured to carry an old rivalry into Saturday's final.

Loyola stunned the Kentucky Wildcats with a great surge in the final minutes, 47-56. Bowling Green, big and fast, manhandled a silk-smooth St. Louis, 80 to 74.

To complete the rout, Bradley bowled over Western Kentucky, 95 to 86, and San Francisco, without a senior in its squad, humbled Utah, 64-63, on Frank Kuzara's 35-foot one-hand shot in the last seconds of play.

LOCKE JOINS PROS

NEW YORK — (SP) — As if there weren't enough tough competition for the touring professional golfers, Bobby Locke, the sharpshooting South African, left here today to join the troupe in the start of the Jacksonville (Fla.) Open on Friday.

The 195-pound Locke — one of those fellows who lets nothing bother him while taking a shot — said his plans have not been shaped completely but that he may go to England to play in the British Open later in the year, then take up the American tournament trail again.

BETTER BOWLING

HIGH PAUSE: Some mistakes are reserved for beginners but "pulling the ball down," or hurrying the downswing, can happen to beginner and star alike. We've gone into it before, but as "pulling" must be guarded against constantly, more tips are in order.

In a nutshell: You must get the feeling of a PAUSE at the very top of the swing. You should have the sensation at that point that the ball is hanging dead for an instant. There the extended arm should feel relaxed, allowing the ball to drop into the downward arc of ITS OWN WEIGHT.

This takes practice and patience. It isn't easy. But without it there is little chance of attaining high scores. Permitting the ball to drop into the downward arc of its own weight creates a pendulum action; keeps the ball in the groove all the way to a complete swing-through. The weight of the ball, gaining momentum through its forward course, holds it in the arc.

The sketch shows where the PAUSE takes place. Practice and concentrate getting the feeling. Get the feeling that the ball will drop to the floor behind you — the feeling of the weight in the swing. Get it and you will have easy form and a great deal more accuracy.

Canadian Completing Fish-Raising Pond

CANADIAN — (Special) — The 40-acre raising pond on the stream above Lake Marvin made further progress toward becoming a reality with the completion, last week, of eleven test holes sunk to a depth of thirty feet for the purpose of obtaining samples of the underlying formation. These samples were sent to the Game, Fish and Oyster Commission at Austin where tests will be made to determine the type of dam to be built.

When the raising pond is completed, fingering size fish to eight to ten thousand of them a year — will be brought from hatcheries and handled so as to grow them to legal size fish in twelve months time, and release them into Lake Marvin.

P. D. Moseley, resident game supervisor, stated that all other preliminary work has been completed and actual construction is expected to start in the near future.

SPORTS

WARREN'S WARM UP

By Warren Hesse—News Sports Editor

QUESTION: What racing stable won the most money in one day?

ANSWER: With Organized Baseball being taken to court this week to explain why it is not a monopoly, let us look over baseball contracts and the "reserve clause." This rare court appearance by baseball is an outgrowth of the now famous "Danny Gardella case."

BASEBALL CLAUSE: With Organized Baseball being taken to court this week to explain why it is not a monopoly, let us look over baseball contracts and the "reserve clause." This rare court appearance by baseball is an outgrowth of the now famous "Danny Gardella case."

The two charges made by Danny Gardella, New York Giant outfielder, banned for jumping to the Mexican League, are: 1. That baseball is a monopoly because the "reserve clause" in contracts of every player under jurisdiction of organized baseball binds him to one club and prevents him from bargaining with another club.

2. That baseball should come under the jurisdiction of the Clayton anti-trust law because teams in organized ball, with the large fees received for broadcast and telecasts of games, are now engaging in interstate commerce when accounts of games are transmitted across state lines.

Rule 3 of the major league rules states that all teams in the major leagues shall use a similar contract.

Rule 4, on the filing of reserve lists, states that "on or before November 1 in each year each Major League club shall transmit to the Commissioner and to its League President a list of the ensuing season; and also a list of all its players who have been promulgated as placed on the National Defense Service, Government, voluntarily retired, suspended or ineligible list. On or before November 15 the League President shall transmit all of said lists to the Secretary-Treasurer of the Executive Council, and thereafter no player on any list shall be eligible to play for or negotiate with any other club until his contract has been assigned or he has been released."

Rule 10, governing renewal of contracts, states that if a player does not sign a contract by March 1, following his previous season of employment, he is obligated to accept his previous year's salary. If the club wished to do so, it can cut his salary 25 percent on his new contract.

In other words, with the first contract that the ballplayer signs, he is actually signing away his entire playing career.

There is a termination clause in the rules, also. This states that a player's contract may be terminated at any time (after requesting and obtaining waivers of his contract by all other Major League Clubs) if the player fails to abide by club rules, shows insufficient skill, or refused to render his services to the club.

The only obligation the club owes a fired player is thirty days pay and reasonable traveling expenses to his home.

If the court upholds the claims of Gardella, it will cause a mild rumple in baseball circles. But the majority of the players are satisfied with the present setup. They realize that baseball couldn't exist if players were permitted to jump from club to club each season, depending upon where they could earn the biggest salary. The club owner with the biggest bankroll would have Di Maggio, Williams, Munsal, Boudreau, Feller, Bearden, Sain, Brecheen and such stars on his team.

If baseball is considered interstate commerce, it may put an end to the chain broadcasts of games, as well as putting a damper on television. It has long been proven that baseball broadcasts aid the attendance at games, building up strong listener interest that eventually leads the fans to witness the action them-

LOCKE JOINS PROS

NEW YORK — (SP) — As if there weren't enough tough competition for the touring professional golfers, Bobby Locke, the sharpshooting South African, left here today to join the troupe in the start of the Jacksonville (Fla.) Open on Friday.

The 195-pound Locke — one of those fellows who lets nothing bother him while taking a shot — said his plans have not been shaped completely but that he may go to England to play in the British Open later in the year, then take up the American tournament trail again.

Canadian Team Runs Into Fire Trouble

CANADIAN — (Special) — Two girls comprising the A and B volleyball teams for Canadian, and their coach, Mrs. Bill Curritt, took part in the volleyball tournament at White Deer Saturday.

The group experienced considerable difficulty on the return trip when a faulty brake caught fire from friction. The driver, R. B. Christian, managed to extinguish the flames and nursed the big bus on into Pampa where repairs were completed about 9 p.m., enabling the tired youngsters to reach home about 11.

Many Fights On Night's Fight Card

Tonight the Roundup Club boxing team will entertain the Lakeview mittmen in approximately fifteen bouts at the home of the new Pampa boys' club, the Sportsorium. Fight time is slated for 8 o'clock.

Lakeview has threatened to bring between twenty and twenty-five boxers along with them to prove they are a tougher bunch than the local lads. The Pampans edged them by one point in the Plainview Tournament last weekend.

Among the boys who will see action in the Roundup Club corner are Gary Wilhelm, Bob Wilhelm, Billy Ed Cooper, Don Pagano, James Bennett, Jim Bill Windsor, Barton Lockhart, Charley Smith, James Bowers, Leon Kelley, Jim Hyatt, Jim Gilmore, Hunk Roberts, Ronald Lee James, Sammy Gaffney, Bob Hinkey, Eddie Collins, Edgar Pritchard, Paul Tollison and Max Robbins. If these boys aren't enough to match all of the weights that Lakeview brings along, Coach Winters, at Lefors, has offered to bring some of his men up to fight. So if the weather doesn't get any worse, fight fans can look for a lot of action tonight.

Mainstays of the Lakeview team are Elmo and Kenneth Sams, who both won class championships at Plainview. Jim Bill Windsor may be Elmo's foe, while Bowers may draw Kenneth.

An additional fight that will be of much interest will match Kelley against Bob Pickett, in the heavy-weight class. Phillips was a knockout out in the first round by Kelly at Plainview, losing much of the prestige that goes along with his title of Amarillo Regional Golden Gloves heavyweight champion. He is out to get some revenge for his wounds. Chances are pretty good that he may have come to the wrong place.

Referees for tonight's bouts will be John Frankin and Ham Luns, two very capable officials.

Tickets are on sale right now at the Harvester Drug, Wilson Drug and the Pampa News Stand. For fans who will be unable to attend, the fights will be broadcast over Radio Station KPND, starting at 9 o'clock, Ken Palmer and Carl Livingston at the microphones.

WELLINGTON BASEBALL

WELLINGTON — (SP) — L. A. Manzer, president of the Wellington State Bank, has been elected president of the Dukes of Wellington baseball team. Vice-presidents are A. Y. Bell and Bill Sims, while Henry Sullivan is secretary. A manager will be named within a few days.

The Wellington team is a member of the Red River Valley League.

BRADSHAW NAMED PILOT

WICHITA FALLS — (SP) — Jack Bradsher is the new temporary manager of the Wichita Falls Spudders Baseball Club.

Bradsher, a center fielder, succeeds Mark Carrol who retired from baseball last week. Carrol skipped the Spudders last year. William E. Huff, club president, said Bradsher will be manager until a permanent pilot can be found. Bradsher lives in Palestine.

Oilers Easily Defeat Amarillo

OKLAHOMA CITY — (SP) — The Oklahoma City University Chiefs, lone seeded college team, met their first test in today's eight-game session winding up second round play in the National AAU Basketball Tournament.

It's been 24 years since a collegiate team last won the tourney, and while the Chiefs hardly figure to end the independent rule, their record indicated they can cause trouble in a meet that so far has run strictly to form.

Their first opposition comes from the Billings, Mont., Stockmen.

Another seeded contender, the Hanes Hoosiers team of Winston-Salem, N. C., is down for its tourney debut against Luther College of Decorah, Iowa, which yesterday became the first campus outfit to oust an independent in the current meet.

Luther whipped Fort Warren, Wyo., 72-49, during the day-long firing which saw six seeded teams safely past their initial foes.

Three of the six, including the defending champion Phillips Oilers of Bartlesville, Okla., and their chief title threats, the Oakland Bitners, romped through

SPORTSMEN'S CLUB MEETS TONIGHT

The Pampa Sportmen's Club will hold a meeting tonight in the County Court Room of the Courthouse, starting at 8 o'clock. Purpose of the meeting will be to make plans to aid in the establishment of a skeet club for the sportmen of the area, separate from the Sportmen's Club.

State Department May Reveal Atlantic Pact Details Friday

By JAMES MARLOW
WASHINGTON — (AP) — We'll learn the details of the Atlantic pact soon, maybe Friday, from the State Department.
The pact is a military alliance worked out by the United States and other nations which border or near the North Atlantic.
It has a double purpose:
To make the Allies to militarily strong that they not only can withstand an attack from Russia but even discourage one from starting.
(Communists claim its real purpose is to get ready for an attack on Russia.)
The pact will not become a fact at all unless the U. S. Senate

approves by a two-thirds vote. They may take months.
Details on the pact have been kept pretty secret. When they are released this week, they'll open a floodgate for:
News on the pact, interpretations, hair-splitting on the meaning of words in the pact, Senate debate, editorials, radio discussions.
Talks on the pact began last summer between the U. S., Canada, Britain, France, Belgium, Holland and Luxembourg. Norway and Denmark joined the conversations later. Iceland, Portugal and Italy may come in.
The pact is a treaty. Since the Senate must approve any treaties in which we take part, that's why the pact is not a fact unless, and until, the Senate okays.
It's expected to be in this case, but not before plenty of argument because all those signing the treaty agree to help each other out in case of attack.
The 44 question for the Senate is how to help out.
If Russia attacks any of the Allies, do we throw our armed forces into battle at once?
Or do we help out in some other way? But what other way is worth a dime if an ally is attacked?
And there's the question of arms. Do we start pouring arms into Allies as soon as the pact is approved, so they can be prepared for any attack?

Comedy Act Split Again

By BOB THOMAS
HOLLYWOOD — (AP) — There stood Oliver Hardy, chins and all, but something was missing. No Stan Laurel.
For the second time in 23 years, the famed comedy team of Laurel and Hardy has split up. I found Hardy in a buckskin outfit on the set of John Wayne's "A Strange Caravan." He admitted that a couple of cows gave their lives to supply the costume.
I asked if his present role meant a permanent split with the wistful Laurel.
"No, no," he assured. "This is active again. In fact, my salary goes to our joint corporation."
The two comics started performing together in 1926. Until now they had only one professional division. That was in 1935 when they were working under separate contracts to Hal Roach. Stan had a dispute with the producer and left the lot.
Hardy had to finish out his contract and Roach put him into a thing called "Zenobia," co-starring Billie Burke, Alice Brady and an elephant. The picture fell flat on its trunk, and Hardy rejoined his teammate.
Their last Hollywood contract was with 20th Fox. They quit because of non-support. "We can not carry a picture for all five or six reels," Babe said. "We needed talented people for romantic support, but they were giving us unknowns."
In 1947, the pair played successfully all over Europe. Hardy shed 75 pounds and wasn't happy with the experience. "I tasted my first whale meat and my first horse meat," he said sourly. He is now back up to his standard 295 pounds.
Tommy Holmes, leading Boston Brave hitter for three of his seven seasons, got his solid wrists as a result of bag punching.
Her name is Constance Ellis. She started by being a "big sister" to a few foreign war brides who were desperately in need of help and advice, and she has gradually expanded her field of operations until now she devotes her full time to making war

At the U. S. Naval Hospital, Great Lakes, Ill., the first theater to provide special accommodations for wheelchair, stretcher and crutch patients has been dedicated. The theater's sloping floor gives stretcher cases an unobstructed view of the stage. On the floor are stationary "bumpers," to prevent stretchers and wheelchairs from rolling.

Cleveland Woman 'Big Sister' to Foreign Wives

By RICHARD KLEINER
CLEVELAND, O. — (NEA) — Good Samaritans sometimes work in mysterious ways and there's one here who does her good work over a pot of tea.
Her name is Constance Ellis. She started by being a "big sister" to a few foreign war brides who were desperately in need of help and advice, and she has gradually expanded her field of operations until now she devotes her full time to making war

brides feel at home in the United States.
Every Sunday she has open house for any war brides who care to come. They flock in by the dozens, bringing assorted husbands, babies, troubles and accents. They leave full of tea, little cookies and well-being.
Miss Ellis also has started to publish a gossip little newspaper for war brides. From a mailing list of 200, it has grown by the grapevine system to a circulation of 2000 war brides and interested persons all over the country.
Her Sunday afternoon sessions are a polite bedlam. She rents an immense furnished house just for the purpose, and into it file girls from all over the world. Babies are parked on a studio couch and on beds upstairs. Husbands seem to enjoy the parties, too.
A German girl and a Dutch girl, comparing notes, discover they both suffer from the same complaint—the strange climate is making their light hair turn darker and even fall out.
A Belgian girl recounts how, when her husband told her that morning that the temperature was five degrees, she thought it was a nice warm day. The European thermometer uses a different scale, of course.
One of the brides discusses her difficulties in understanding a French girl. "I can't understand English with an accent," she says, although she has a slight accent, herself.
Over the whole affair beams the pleasant countenance of Miss Ellis, who has brought friendship into the girls' lives.
"And many of them were pitifully lonely," she says. "Then she'll launch into one of her many stories about the grief she's seen."
"Underneath almost every incident was fear," she says. "The girl is afraid that the in-laws won't like this or that, or that their child will be taken away, or that any number of dreadful things will happen. But always fear, fear, fear."
She decided that a newspaper could do more than a tired woman with a jalopy," as she described herself. So she started "The Pillar Box," a name which is the English equivalent of our mail-box. She's operating on a shoestring and the paper is a tiny, but warm-hearted, publication.
"It contains only the good news," says Miss Ellis. "I never print the sad parts of letters. The girls don't want to read about that. They all have trouble of their own."
She started by sending the paper free to any war bride she heard about, but now she has to charge one dollar for 12 issues. There are between 65,000 and 70,000 war brides now in America, and she'd like to get them all on her mailing list.
Not a rich woman, she's running into financial difficulties. The paper is costing more and more to print, and she's giving all her time to the work.
"If something doesn't happen soon, I shall have to give up the Pillar Box and take a remunerative job. I shouldn't like to do that."

Artistry on ID Card Leads to Jail Term
SINGAPORE — (AP) — Ibrahim bin Daud is 22 and of artistic temperament.
Disatisfied with the flatness of the photograph on his identity card, he used red ink to add color to his lips on the picture. Then he embellished the prosaic looking document with floral designs.
Brought into court, he heard the judge tell him he acted like a boy of five. He also was sentenced to a day in jail to brood on the lack of artistry in officialdom.

Jester Approves Youth Council

AUSTIN — (AP) — Gov. Beauford H. Jester has asked the Legislature to give immediate consideration to the creation of a state youth development council.
The council was recommended in a report given the Governor recently by the Texas Training School Code Commission. The commission was set up by the 50th Legislature to report on the program of the state in dealing with juvenile delinquents.
The council would succeed the State Board of Control in administering institutions for the care and custody of delinquent children including the Gatesville State School for Boys, The Gainesville State School for Girls, and the Brady State School for Negro Girls.

Judge Asks Additional South Texas District
WASHINGTON — (AP) — Judge Joseph C. Hutcheson, Jr., of Houston, Texas, chief judge of the Fifth Circuit Court of Appeals said here that South Texas needs a third district judge.
He told the House Judiciary Committee he believes the third judge should make his official residence in the lower section of the district, which includes Corpus Christi, Brownsville and Laredo. The present two district judges live at Houston.
House Group Inspects Prison Farm System
HUNTSVILLE — (AP) — The Retrieve State Prison Farm near Angleton was inspected yesterday by members of the House Penitentiaries Committee.
The group inspected the main prison here, the Goree Farm for Women and the Wynne State Farm Friday.
