

Flight Assigned High Place in Cold War Strategy

WRECKAGE OF C47 FOUND IN MEXICO

DEL RIO — (AP) — Sheriff A. E. Steinmetz said today that a missing C47 crashed in the Colorado Mountains south of here in Mexico and that all aboard were killed.

The plane had been missing for several days on a flight from Hamilton Field, Calif., to Kelly Field in San Antonio, Tex.

"It was last reported over Wink, Tex., in the southwest part of the state, at 8:28 a.m. Monday. It had landed earlier at El Paso, Tex.

The plane had been the object of an extensive search both by land and air.

The sheriff said that a Mexican boy was on the way to his office to give further details of the finding of the Air Force plane.

Kelly Air Force Base at San Antonio yesterday announced the names of those on the transport.

The plane was found approximately 100 miles southwest of Del Rio, a border town, in the Sierritas Colorado, rugged mountain country.

Sheriff Steinmetz said that the report that the plane was found was made by Oscar Gonzalez, a private flyer who lives at Villa Acuna.

He said Gonzalez told him that he spotted the wreckage from the air yesterday while flying over that part of the country.

He said Gonzalez told him that he was not looking for the plane. Gonzalez told the sheriff that he returned to Villa Acuna, and (See WRECKAGE, Page 2)

Mayor, Three Commissioners File Names

Mayor C. A. Huff and three of the city's four commissioners filed this morning as candidates for reelection in the coming city election, April 5.

Vernon Hobbs, 1021 Christine, present commissioner of Ward 2, was out of town this morning and could not be located.

The four men who filed this morning are the only candidates so far, and there are no candidates for the Ward Two post.

The deadline for filing is noon Saturday.

All a prospective candidate needs to do is file an affidavit with R. E. Anderson, city secretary, stating that he is a qualified voter in the ward he desires to represent. There are no property qualifications for candidates, no petition is necessary, and there is no filing fee.

The three ward candidates and the wards they represent are: Charles J. Atkinson, 1112 N. Charles, Ward One; W. E. Ballard, 809 E. Craven, Ward Three; and F. H. Paronto, 831 S. Russell, Ward Four. Mayor Huff, who was elected by the city at large, lives at 708 N. Gray.

CC Drive to Be Continuous

Plans were made to conduct a continuous membership campaign throughout the year at the Chamber of Commerce Membership Committee meeting yesterday at the Court House Cafe, Jack Sullivan, chairman, said.

The committee will hold monthly meetings throughout the year to discuss new businesses in Pampa. Sullivan has urged all members of the Chamber of Commerce to contact him or call the Chamber of Commerce office when new businesses are located in Pampa, so every business and professional firm will have the opportunity to become a member.

Attending the committee meetings were: Roy Lewis, Frank Smith, Bob Clements, Hugh Peoples, Roy Kay, F. E. Bramson, Fred Thompson, George S. Vineyard, Floyd Inel and Sullivan.

C of C Directors Meet Tomorrow

A directors meeting of the Pampa Chamber of Commerce will be held at 2:30 p.m. tomorrow at the Chamber of Commerce office to review several legislative bills, Fred Thompson, president, said this morning.

The directors will discuss several legislative bills, affecting this locality, that are now before Congress and the state Legislature.

All members of the board have been urged to attend, Thompson said.

ELECTIONS SLATED

SEOUL, Korea — (AP) — The Communist radio at Pyongyang, capital of Northern Korea, announced today elections will be held in North Korea on March 30 for people's committees.

Pampa News

VOL. 47—NO. 246 (18 PAGES) PAMPA, TEXAS, THURSDAY, MARCH 3, 1949 Weekdays 5 Cents Sundays 10 Cents AP Leased Wire

Mrs. T. D. Hobart, Prominent Panhandle Pioneer, Succumbs

Mrs. T. D. Hobart, wife of one of the prominent pioneers in the Texas Panhandle died about 4:30 a.m. today at the family home at 215 N. Hobart here. She was 89 years of age last December.

Mrs. Hobart, whose husband died May 19, 1885, had been in ill health for some time. She was widely known throughout the Panhandle. She came to the Panhandle as a bride from Vermont in 1886, getting off the Santa Fe at Miami and settling first at Old Mobeetie. She and her husband, one of the operators of the White Deer Land Company, moved to Pampa in 1904.

Born at Berlin, Vt., she leaves two daughters, Mrs. Laura Frazier, Pampa; Mrs. Mary Hutchinson, Arkansas City, Kan.; one son, Fred, who resides with his family at Canadian; and the following eight grandchildren: Minerva Hobart, T. D. Hobart, II, Canadian; Mrs. Robert Campbell, Jr., Houston; Warren Fatheree, Hobart Fatheree, and David Fatheree, Pampa; Priscilla Hutchinson, Arkansas City; and Pamela Hutchinson, Arkansas City.

Funeral services will be held Saturday at 2:30 p.m. at First Presbyterian Church, with Dr. Douglas Nelson, pastor, officiating. Burial will be in Fairview Cemetery beside her late husband, Duenkel-Carmichael, who will be in charge. The body will lie in state at the home from 2 p.m. Friday until service time.

Pallbearers will be Clinton Henry, C. P. Buckler, and C. A. Tignor, of Pampa; L. F. Sheffey, Canyon; Frank Shaller, Canadian; and Beale Queen, Old Tascosa.

Mrs. T. D. Hobart

Students to Hold Press Convention

Pampa High School students will conduct three divisions of the annual Panhandle High School Press Association convention at Canyon Saturday.

Principal speaker for the convention to be held on the West Texas State College campus, will be Felix McKnight, managing editor of the Dallas Morning News.

Divisions and sponsoring schools during the afternoon will be: mimeographed paper, White Deer; photography, Amarillo; editing, Amarillo; general copy, Pampa; feature subjects, Tahoka; feature writing, Happy; sports writing, Pampa; advertising, Amarillo; annual, West Texas High School.

From 3:10 until 4 p.m. the delegates will meet for news writing, Children's; editorials, Plainview; annuals, Pampa; cartoons, Lubbock; mimeographed paper, White Deer; Panhandle, page in town paper, Canyon; High and low printed paper, Amarillo.

A general session will follow in the Education Building Auditorium with reports of committees and election of officers.

There will be dancing in the Student Union after adjournment. Miss Louisa Grace Erdman, English instructor and writer, will present awards to winning delegates and schools.

Tax Collector to Attend Institute

Aubrey L. Jones, city tax collector, left at noon today to attend a two-day meeting of the American Institute of Appraisal Engineers in Oklahoma City.

While there he will study tax office procedure in use in other cities and compare Pampa's methods with the most advanced systems in use. Dick Pepin, acting city manager, said.

Jones will return Sunday.

Increase in City of Pampa Garbage Collection Rates Is Now in Effect

An increase in garbage collection rates in Pampa, authorized by the City Commission in mid-January, went into effect with the bills sent out the first of this month.

The rates were raised from 80 cents to 75 cents a month for single residences in an attempt to cut down on the mounting operating deficit the Sanitation Department has shown over the past several years.

Last year the department's deficit was close to \$25,000.

Before the commission approved the increase, a survey was made and many instances were found of several families living at one address where only one garbage collection bill was paid.

These inequalities have been corrected, and a new schedule of charges set up at 75 cents a month for single dwellings, 85 cents a month each for duplex houses, and 50 cents a month each for multiple dwelling units.

Business and commercial houses, whose garbage and trash is collected six times a week, will be charged according to the time that each stop takes.

A continuing study is being made on all commercial stops.

Man Missing for More Than Year Found Creating New Life

HOUSTON — (AP) — A thread from the past which Chris Jesson Christensen, San Francisco electrician, left more than a year ago will be introduced this evening into the new life he was trying to create alone.

His wife, who thought him dead, is scheduled to arrive here by airplane at 6:30 p.m. today from San Francisco.

Christensen, 44, said he has no plans, that he's just waiting for his wife.

"I've been doing what I want to do all day," he said. It was his first day as a Bible salesman. He said his profit was \$13.50.

Christensen disappeared Jan. 13, 1948, soon after his election as a city supervisor. He was elected to the 11-man board in 1947. The San Francisco Board of Supervisors is the governing body of the city and county of San Francisco.

(The job would correspond to a county and city commission in combination in many other cities and counties of the country.)

Last night in a rambling monologue, Christensen said:

"I went into politics unfortunately because the pressure came thick and fast. I represented the people and I was going to do a job for the people, but there was a machine set-up. You can't buck it."

Arthur J. Dolan, Jr., chairman of Christensen's campaign, said no pressure was placed on Christensen by his group. Mr. Dolan commented in San Francisco.

When the San Francisco man arrived at his rooming house last night Ted Walsh of District Attorney A. C. Winborn's staff and reporters were waiting for him.

They had traced him through an employment agency.

He did not deny his identity, but said he had not known who he was for months.

"I began to get a straight picture of who I was three or four months ago," he said.

He had been in office about a week when a note from him was found on the Golden Gate bridge.

That was the last trace of him until last night.

Since his coat and hat and the disturbing note were found on the bridge, his family feared he had jumped.

In San Francisco Christensen has been a director of the Chamber of Commerce and held office in the California Retail Jewellers Association. He was a vice-president of Granat Brothers Jewelers.

Army Sets Up Barricade

FRANKFURT, Germany — (AP) — The entire casing around pipes running above the room's ceiling will have to be replaced. The commission told Harris they would have someone go into the space between the ceiling and floor in search of other possibly undiscovered leaks.

Earlier in the afternoon the Commissioners' Court appointed John I. Bradley to deal with landowners between Alcock and the Highways General Hospital in securing rights-of-way. Bradley will receive \$300 for the first month's services, working on a (See COURT, Page 2)

Father of Two Pampans Dies

John Sherman Fry, 83, who had been living here with a son, C. E. Fry, died of a heart ailment in a local clinic at 4:30 a.m. today.

He was born April 23, 1865, in Moline, Ill. He was a member of the Baptist Church and of the Odd Fellows' Lodge.

He is survived by two daughters, Mrs. N. F. Powell of Tyler, and Mrs. A. L. Fugh of Wink, Tex., and by three sons, C. E. and Leo M. Fry, both of Pampa, and Herbert B. of New London, Tex.

The body will be sent by the Duenkel-Carmichael Funeral Home tonight to Mexia, Tex., where Fry will be buried beside his wife.

Texans Remembered in Arlington Rites

WASHINGTON — (AP) — Corps Christi, Tex., men who died in the war were remembered at a ceremony yesterday at the tomb of the Unknown Soldier in nearby Arlington Cemetery.

With a color guard and representatives of the armed forces standing by, Mrs. Laura Sherill of Corpus Christi, whose son was killed in World War II, placed a wreath on the tomb.

The ceremony is held each Texan Independence Day. Others attending included Texas Reps. Lyle and Thornberry, and William Cooney of Corpus Christi.

South Wins Filibuster First Round

WASHINGTON — (AP) — Determined Southern senators appeared today to have won the first skirmishes in the cautious battle of the filibuster.

As the talkathon went into its fourth day, the Dixie forces could claim these points:

1. Senate Majority Leader Lucas (D-Ill.) reversed an earlier plan to offer today a test petition on debate limitation. He said he might be accused of chomping off debate too early.
2. The Senate GOP leaders adopted a hands off policy on Republican voting. They concede that, like the Democrats, the Republicans are split on the issue.
3. At least one Republican, Senator Langer of North Dakota, publicly pledged his vote against "gag rule." In the past he has been one of the longest and loudest Senate speakers.

To date only six of the Southern Democrats have taken the floor for their first round warm-up speeches. And each of them is entitled to a second go that may stretch out for hours or even days.

Senator Holland (D-Fla.), who was talking when the Senate recessed at 8:04 last night, won unanimous consent to continue to (See SOUTH, Page 2)

Court Behind Bars but No Charges Filed

County Judge Bruce Parker, the county commissioners and a reporter for The News spend a good portion of Tuesday afternoon behind bars in the County Jail.

No charges were filed.

In fact, the Court "went along peacefully" with Deputy Sheriff Louis Holmes and Building Custodian Lee Harris to examine the plumbing and general condition of the jail.

A leak in the pipes, some of it found and repaired, sent water running between the floor and ceiling of the third floor, eating a hole in the grand jury room big enough to slip a chair through with ease.

The entire casing around pipes running above the room's ceiling will have to be replaced. The commissioners told Harris they would have someone go into the space between the ceiling and floor in search of other possibly undiscovered leaks.

Earlier in the afternoon the Commissioners' Court appointed John I. Bradley to deal with landowners between Alcock and the Highways General Hospital in securing rights-of-way. Bradley will receive \$300 for the first month's services, working on a (See COURT, Page 2)

Truman Expected to Name New Defense Secretary

WASHINGTON — (AP) — President Truman is expected to accept to day James V. Forrestal's long pending resignation as secretary of defense and name Louis A. Johnson, West Virginia lawyer, to the post.

White House informants said the action probably will be announced at Mr. Truman's news conference at 3 p.m. (CST).

An exchange of letters between the President and Forrestal has been prepared for release, they added.

Forrestal, the nation's first secretary of defense, is the last cabinet holdover from the Roosevelt administration. He was secretary of the Navy before he took the top defense job.

Johnson long has figured in speculation as Forrestal's successor. He is a former assistant secretary of war and served as chairman of the Democratic Presidential Campaign.

Presidential associates disclosed during the campaign that Forrestal was expected to step down after the election. The only question was one of timing.

The President is known to have delayed action because of his objections to publicity given his plans.

He and Forrestal have discussed the question of Forrestal's resignation from time to time. At one point it was understood that May 1 had been agreed upon as the date.

However, Forrestal expressed a desire to step out earlier and it is understood now that the change will take place within a short time.

White House officials look for Secretary of the Army Kenneth Royal to be the next to step out of the administration, but they are not sure how soon that may be.

Secretary of the Air Force W. Stuart Symington, for whose resignation some of Mr. Truman's associates had been pressing, is now expected to stay on indefinitely.

Johnson, a Clarksville, W. Va., resident, is World War I veteran and a former national commander of the American Legion. He served as assistant secretary of war in the Roosevelt regime from June 28, 1937, to July 24, 1940.

State Department Okayed Operation

By JOHN M. HIGHTOWER

WASHINGTON — (AP) — Diplomats today assigned the non-stop round-the-world flight of an American bomber a significant and highly dramatic place in the grand strategy of the cold war.

An important fact in terms of international politics is that the State Department had opportunity to block the flight but did not do so. Two and a half years ago a somewhat similar project was vetoed by the diplomats.

Thus the changed attitude may be taken as a measure of the extent to which relations between Russia and the West have gone downhill.

The decline started at the peak of hopes for East-West cooperation in peacemaking. Its present low point is characterized by the belief of the Western powers that military readiness to strike back is now an absolute essential of peace.

In this sense the B50 trip which ended yesterday at Fort Worth provides a single dramatic instance. It shows what the United States and other Western powers are trying to accomplish on a larger scale and in a different way through the proposed Atlantic security treaty.

Top American officials define the purpose of that treaty as being to confront any potential aggressor — by which they currently mean Russia — with such "overwhelming" force that he would not dare attack.

In the flight of the B50 bomber the Soviets can now read unprecedented evidence of the range of American strategic air power. They may reason that no single Chairman Tydings (D-Md.) ever come, would be safe.

Gen. Curtis E. Lemay, chief of the Strategic Air Command, was asked at Fort Worth whether the round-the-world flight means "you can deliver an A-bomb anywhere in Russia."

He put his answer this way: "Let's say any place that would require an atom bomb."

Chairman Tydings (D-Md.) of the Senate Armed Services Committee commented solemnly: "This flight offers some measure of what another world war would mean to all peoples."

The nearest cities should war be so far from each other that the route approach either Russia or Soviet-held areas, perhaps to Russia was hundreds of miles to the south, when the bomber flew over the subcontinent of India.

Assuming that the Atlantic treaty project goes through the Russians will have further evidence that America's striking power could be provoked into action not only by an attack on the United States, it could be set off by an attack on any of the other countries in the North Atlantic alliance.

So far as the State Department is concerned, the flight apparently was not made primarily as a subtle rattling gesture, what ever meaning other countries may attach to it. It seems to have been conceived as an effort by the Air Force to get perhaps an eye on Congressional appropriations — to prove that such a thing could be done.

But officials confirmed today (See STATE, Page 2)

Missing B29 Assisted in World Flight

MANILA — (AP) — Ill luck befell one of the planes that assisted Lucky Lady II in its round-the-world flight yesterday. It was reported last about 90 miles from Clark Air Base.

Air Force officials revealed today that a missing B29 in Northern Luzon was one of the tanker planes that refueled the globe-circling craft.

About the missing B29 were three Texans, Capt. William W. Taylor of Houston, Capt. William G. Fuller of Fort Worth and Lt. William E. Roegels of Fort Arthur.

Brig. Gen. Jared V. Crab, commander of the fighter wing at Clark Air Base, said the missing B29 with its crew of nine, met and refueled the world-circling B50 but failed to get back here.

It was reported last about 90 miles from Clark Air Base.

Search for the missing craft today shifted from the vicinity of the rugged, unexplored mountains of northwestern Luzon to the Baler Bay area on the northeastern shore.

Witnesses reported to the Clark base that a B29 flying at a low altitude was seen in that area. The Sierra Madre mountain range was being searched, also.

General Crab said the B29 escorted the Lucky Lady II out over the Pacific after the refueling. Communications between the B50 and the B29 were maintained for sometime, the general said.

General Crab said he was particularly impressed with "how routine it all was. No fanfare, nothing out of the ordinary."

He added, "A lot of people here didn't know it was going on."

The B29 was expected back at Clark Field at 5:20 p.m. Tuesday.

The Sierra Madre peaks were obscured by clouds at that time. It is feared the plane smashed into one of them.

Most Lawmakers Welcome Easier Installment Terms

WASHINGTON — (AP) — Many lawmakers today welcomed as a step toward business a government order permitting smaller monthly installments on a list of items ranging from cook stoves to automobiles.

The Federal Reserve Board's action was warmly greeted by the automobile industry, which saw in the move a possible lift in lagging car sales.

However, Edgar Kaiser, general manager of the Kaiser-Frazer Corp., said "it is not enough," and a similar sentiment was expressed by Rep. Patman (D-Tex.), who has been demanding an extensive easing of curbs on credit buying.

The board's order was issued last night on the heels of its report that installment credit outstanding had dropped in January for the first time in three years. The order becomes effective Monday. It affects these consumer items now under "anti-inflation" controls:

Cook stoves, dishwashers, ironers, refrigerators, washing machines, automobiles, air conditioners, radio and television sets, phonographs, sewing machines, vacuum cleaners, furniture and drapes.

This is what the reserve board reports:

1. Reduces the down payment for all the controlled items, except automobiles, to 15 percent, from the present 20 percent. The down payment for autos will remain at one-third of the total price.
2. Allows 21 months to pay off the balance due after the cash payment on all items. The limit in force now is 18 months where the credit amount is more than \$1,000, or 15 months when it is less than \$1,000.

The action followed by only a (See MOST, Page 2)

Men Held For Breakin

Two Pampa men were being held today by Miami, Okla., authorities in connection with the Wednesday morning breakin and burglary of the Smoke House at 321 W. Easter.

Police and Sheriff's Departments, working on a tip, had the pair picked up by Oklahoma police last night.

Warrants for their arrests were sworn out yesterday morning. Complete details of the leads and captures were still in the making this morning.

Chief Deputy Sheriff Rufe Jordan is expected to leave for Miami, Okla., some time today. Jordan said the one man admitted to Oklahoma officers that he had taken \$20 from his employer here, but both strenuously denied having anything to do with the breakin.

The check for \$25 that had been missing yesterday, and believed to have been stolen along with the \$50 in nickles from the juke box, was recovered yesterday. It had been misplaced.

Scout Mothers Club Organized

Mothers of Scouts in Troop 22, Tuesday night met at the First Baptist Church to organize a Scout Mothers' Club. Mrs. A. B. McPherson was elected Scoutmaster.

Mrs. A. B. Lockhart was elected senior patrol leader and Mrs. Lester Howers, Mrs. W. E. Hinton, Mrs. C. L. Cudney and Mrs. S. E. Waters were named patrol leaders.

The club will meet at the church at 7:30 p.m. the second Monday of each month. Troop 22, sponsored by the church, is headed by Scoutmaster Russell Cartwright.

Mrs. J. V. Young was elected secretary.

Following the business session of the meeting, refreshments were served to the above mentioned and Meses Bob Allford, G. L. Lunsford, W. H. Scherer, G. L. Anderson, J. E. Byars, Rupert Orr, Owen Johnson, C. W. Wilcox, J. V. Young and Russell Cartwright.

Fire Burns Tool Shed on E. Gordon

A fire of undetermined origin at about 11:25 a.m. today destroyed most of the contents of a tool shed at 605 E. Gordon.

Mrs. Ed Wylie, who used the shed as a wash house and stored shade, could give no estimate of the total damages. Nor could she indicate how the fire may have started.

Due to a considerable delay in getting a phone call through, the fire had a good start before the firemen could get there. Mrs. Wylie said. Curtains, blinds, and parts of a window frame in her home were damaged by smoke and flames from the fire, just a few feet from the house.

Need Lamps? Get them at Lewis Hardware Co.

Plane Crew Sleeps Off Quarantine

FORT WORTH — (AP) — The crew of "Lucky Lady II," by chance the first men to fly non-stop around the world, slept off a 24-hour quarantine today.

The fourteen men landed at Carwell Air Force base yesterday, 34 hours and 56 minutes after take-off by orders became operational. They had crossed seven seas and four continents, covered more than 23,000 miles, refueled in mid-air four times and circumnavigated the globe at nearly its greatest girth.

Chance placed "Lucky Lady II," its pilot, Capt. James Gallagher, and crew in history. Another plane was to have made the flight.

The B-50 bomber which started what the Air Force chose to call a "routine training mission" got as far as the Azores after taking off last Friday. The engine which forced this plane down sent "Lucky Lady II" aloft.

Gallagher and his history-making crew had been on stand-by orders for any emergency that might arise. Their B-50, an improved version of the B-29 super-bomber, was airborne at 11:21 p.m. (CST) Saturday.

The sleek, silver plane returned to its starting point yesterday at 9:21:55 (CST). Shortly afterward its crew was placed under a 24-hour quarantine, ending today noon.

Lucky Lady II will return to Tucker Air Force Base at Oklahoma City today, where she was repaired for her spectacular flight.

Maj. Gen. F. S. Borum, Tanker commanding general, said the bomber will be flown there for an inspection to determine the significance of the flight. The flight, he added, was a compliment to the men and the air depot and the work they are doing.

Tanker employees worked on the plane early this year. They also converted several B-29s into flying tankers—the type of plane used to refuel Lucky Lady II in the air.

The quarantine was part of the "training mission." The fourteen men were weary-eyed when they dropped out of escape hatches and in good physical condition. BUT medical officers wanted to check the effects of a non-stop flight and to give the men a chance to sleep on beds with springs and sheets instead of GI blankets, thin cot mattresses and a rubber pad (See PLANE, Page 2)

Louis A. Johnson

WRECKAGE

(Continued from Page 1)
 from there got word to the ranch. At the ranch, a man was sent on horseback to the scene of the crash.
 The sheriff said that authorities at Villa Acuna, across the Rio Grande from here, were notified of the plane crash and a searching party substantiated the find.
 They reported to the sheriff that all nine persons aboard were dead and that the ship had burned.
 The Sheriff Steinmetz said he

authorities at Biggs Field and that they had told him Army personnel would be dispatched immediately to investigate.
 The exact time the plane was found was not learned at first. The report was made to the sheriff's office by Oscar Gonzalez of Villa Acuna, who was notified by persons on the Whitehead ranch.
 Gonzalez, a private flyer, said that he believed there was a clearing near the scene of the crash where a plane could probably land.
 The bodies were left by the

COURT

(Continued from Page 1)
 full-time basis.
 In the morning the Court met in Judge Parker's office with representatives of the Pickett Engineering firm on land valuation.
 A group of landowners from the northeast part of the county waiting to see the Court on the controversial Laketon to Miami road route, were told by Judge Parker and the other commissioners that they had heard all about the road they wanted to and it would go through as proposed by the former Commissioners Court and laid out by the engineers.

PLANE

(Continued from Page 1)
 floor.
 Newsmen were permitted to question the men only briefly yesterday before they went into quarantine. Official times and distances were to be computed today. The Air Force had given approximate figures 94 hours and one minute for a 23,452 statute-mile flight.
 Top Air Force brass greeted the men of "Lucky Lady II" when it landed.
 One, Lt. Gen. Curtis E. Lemay, chief of the Strategic Air Command, said success of the mid-air refueling now means the Air Force can reach "any place that would require an atomic bomb."
 To the plane's pilot, the trip meant:
 "You can go just about anywhere in the world anytime."
 There were no frills for the McInnes, Minn., pilot and his crew. The trip was made under conditions the Air Force considers strictly "operational."
 There was plenty of food—sandwiches and candy and other items that would keep. Water was carried in five-gallon jugs, standard B-50 equipment. Bedding was the bomber's floor, a few mattresses from regulation GI cots and OD blankets. The double crew enabled them to sleep in shifts on regular schedules.
 Refueling points were over the Azores, Dhahran, in Saudi Arabia, the Philippines and Hawaii. The refueling "tankers" were converted B-29 bombers, from the 43rd Bomber Group.
 Gallagher and co-pilot First Lt. James A. Neal of Visalia, Calif., kept the plane's log. In restrained words they told of the epic flight, from takeoff to landing:
 "Takeoff normal except for an extended taxi-out run. Minor cold front encountered at 20,000 feet . . . Over Azores, picked up tankers and continued on course . . . Refueling underway about 15 minutes after contact . . . Tanker crews report champagne at La-Gens is excellent and inexpensive . . . Flight to Dhahran . . . Flew for hours over Sahara without seeing a sign of civilization . . . Nice clear night . . . Have radio contact with tankers . . . First tanker hooked up . . . We are receiving fuel . . . Ran into severe turbulence. Made contact with second tanker and filled up . . . On way to Clark (Field), P. I. . . Met our tankers . . . receiving gas as we go . . . On course for Manila . . . Ran through a pretty severe squall line weather from about 100 miles east of Dhahran . . . This is the leg where we pass the half-way mark . . . We are all quite happy that we have encountered no major difficulties and hope our luck will remain as good for the second half . . . Rendezvous with first three tankers made over Clark radio . . . Circled Clark twice waiting for other tankers to climb up through undercast. First hookup . . . Refueled . . . We're all sweating it out now. One more hookup will see us back to Carswell . . . Most of the crew members are showing signs of fatigue, making errors in their log . . . Over Hawaii . . . First tanker gave us gallons . . . Second tanker gave us gallons. He had a pretty rough time trying to get the fuel flow started . . . Headed home . . . We are all pooped but we feel pretty wonderful. Weather here around Hawaii and on our route east worst have ever seen . . .
 Flight preparations were super-secret. Families of crew members expressed surprise when told of the trip. Most knew only that their men "were on a secret mission."
 The two B-50 bombers, the one still in the Azores awaiting repair and the "Lucky Lady," were based at Davis-Monthan Air Base near Tucson, Ariz.

They reported to the sheriff that all nine persons aboard were dead and that the ship had burned.
 The Sheriff Steinmetz said he

authorities at Biggs Field and that they had told him Army personnel would be dispatched immediately to investigate.
 The exact time the plane was found was not learned at first. The report was made to the sheriff's office by Oscar Gonzalez of Villa Acuna, who was notified by persons on the Whitehead ranch.

 The bodies were left by the

authorities at Biggs Field and that they had told him Army personnel would be dispatched immediately to investigate.
 The exact time the plane was found was not learned at first. The report was made to the sheriff's office by Oscar Gonzalez of Villa Acuna, who was notified by persons on the Whitehead ranch.
 Gonzalez, a private flyer, said that he believed there was a clearing near the scene of the crash where a plane could probably land.

 day with both appearances counted as only one speech.
 Democratic Leader Lucas said he may ask a Senate session Saturday and he now plans to file the test petition early next week, possibly Monday.
 This petition would force Vice President Barkley to decide whether the Senate can halt debate at this stage.
 What is before the Senate is a proposed change in Senate rules. The change would permit a two-thirds vote in the Senate to choke off debate on any matter. Filling-buster Southerners say this is a device to push through laws covering President Truman's civil rights program.
 Presiding officers in the past have ruled that a debate limitation petition can be applied to a bill but not to a motion. Regardless of which way Barkley decides, an appeal to the Senate will follow.

MOST
 (Continued from Page 1)
 few hours the board's report on installment figures for January. The general drop for that month was \$145 million although credit on automobiles increased \$14 million. Total consumer credit on Jan. 31 amounted to \$8,051,000,000.
 Senator O'Mahoney (D-Wyo), chairman of the Senate - House Economic Committee, called the board's action "a clear illustration of the wise exercise of government controls" and "a step that will tend to promote the distribution of inventories."
 But Rep. Patman, chairman of the House Small Business Committee, told newsmen:
 "I'm disappointed. They should have extended the time of payments to at least 24 months, especially on automobiles. They are discriminating against a man with character who needs an automobile for business purposes. I think the board has demonstrated arbitrary action and it is an abuse of power."
 Patman said he will not support a continuation of the Credit Control Authority unless President Truman is given power to set up rules and regulations set up by the reserve board.
 The authority expires June 30, unless continued. The wartime credit curbs were reestablished in part last year as an anti-inflation measure.
 "Internal aggression" will be unable to succeed in wrecking nations from the inside.

STATE

(Continued from Page 1)
 that the proposal was put before the State Department and it was cleared there.
 In the summer of 1946 an earlier proposal was publicly announced by the Air Force for a round-the-world flight. The United States then was negotiating with Russia and other nations in the Paris Peace Conference.
 Secretary of State James F. Byrnes at the Paris meeting and Under-Secretary Dean Acheson now secretary in Washington felt it was a bad time to do anything that might rock the diplomatic boat.
 So Acheson, as the man on the job in Washington, blocked the plan and a possible irritant to Russia was avoided.
 The expectation here is that Moscow will lose a big propaganda assault on the flight, attacking it as a new evidence of American war mongering. American officials feel however, that the Russian arguments on that point no longer win them any new following here or abroad.
 Two points of caution about reliance on military power are heavily underscored by the nation's foreign policy makers.
 One is that the Russians also have long range planes and if the cold war ever turned hot the United States would have to be prepared to take as well as hand out widespread destruction from bombing.
 The other point is that if the flight with Moscow-directed communism is to be won it will be won by other than strictly military means — by making the West so healthy, economically and politically — that Communist "in-

Justice Court Nets \$459 for Month February

Traffic violations in Gray County netted the county \$459 in fines and costs during the month of February, a summary of figures in Justice of the Peace D. R. Henry's office showed this morning.

Fifteen different violations appeared on the books with fines ranging from \$1 to \$50 plus costs. All of the cases listed here were brought by the State Highway Patrol. Broken down, the list shows 17 persons fined

a total of \$74 for driving without operator's license; two paid fines and costs totaling \$20 for running through stop signs; one drunk paid the county a fine and costs of \$10 when he was found staggering over the open highway by patrolmen; \$10 was paid by one man for an over-length load on his truck; three men paid a total of \$72 for over-width loads.

Four persons paid a total of \$44 for defective brakes; one paid \$19 for failure to make a left turn without sufficient room causing a wreck; one man paid \$59 for driving on the left side of the road, causing a wreck, sending three to a hospital; two men

paid a total of \$43 for driving without signal lights; one paid \$10 for permitting an unlicensed minor to drive an automobile; \$34 was collected from three truck drivers for driving without clearance lights; a \$10 fine was levied on one person for misuse of license plates; another \$10 was paid by one driver for passing in a no-passing zone; a defective muffler cost one man \$10; and \$34 was paid by one man for reckless driving.

Man Being Held In Amarillo to Be Questioned

A former Oklahoma forger was being held by Sheriff Paul Gaitheer of Amarillo for Gray County authorities in connection with several forgeries here in the past several months.

The man will also be brought here for questioning in other lines of check writing and frauds surrounding checks.

He was picked up at 5 p.m. yesterday in Amarillo by Gaitheer, Sheriff G. H. "Skinner" Kyle said today. The Sheriff's Department will bring him here in a few days, Kyle said, after Amarillo officers finish questioning him on forgery jobs in Potter County.

AREA TOWNS TO HEAR WTSC BUFFALO BAND

CANYON — Forty-five members of the West Texas State College Buffalo Band will make the annual concert tour through the Panhandle March 3-9, announced M. J. Newman, band director.

The first concert will be given in the Amarillo High School at 10:30 a.m. March 3. A concert will follow at 3 p.m. in the Fireford High School.

The band will swing out on March 7 with an 11 a.m. concert in the Dalhart High School. They will play at Dumas High School at 3 p.m. and at Spearman at 8 p.m. March 8 the first concert will be at Phillips High School at 10:30 a.m. They will appear at Borger in the afternoon and at Canadian High School at 8 p.m.

On March 9 the band will play at Shamrock High School at 11 a.m., at Wellington High School at 2:45 p.m., and at Memphis at 7:30 p.m.

Among the students making the trip are Willis Hutchinson and Bobby Houchin, both of Pampa, and Joe Page of Lefors.

Due to the small auditoriums where the band will play, only 45 of the best performers will be taken along, Newman said.

Hutchinson will narrate Prokofiev's "Peter and the Wolf" in the band program.

Mother, Nine Children Die

MUSKOGON, Mich. —(AP)— A widowed mother, at least nine of her children and a roomer were burned to death today when a fire destroyed their flimsy frame home.

The flames, starting when an oil stove exploded, swept through the home of Mrs. Maude Clover at Lakewood, a little resort community 12 miles north of here.

The charred bodies of 46-year-old Mrs. Clover and nine children, ranging in age from 3 to 15 years, were pulled from the ruins. A roomer, identified as August Tasky, also perished.

Deputy sheriffs said in addition three more Clover children may have died.

One of the largest flower families is the orchid family. According to the National Wildlife Federation, some states have as many as forty different species. The tropical jungles of the world still hold some species of this highly esteemed flower hidden deep in dark verdant depths.

Science Bill Stays on Agenda

AUSTIN —(AP)— An effort to send the controversial minimum standards, or basic science bill to the House Committee on Livestock and Stock Raising failed on the floor of the House today. The vote was 72-56.

Rep. Sam Hanna of Dallas declared that he believed committee members of the House were passing out bills without going into them thoroughly.

"I recall once a so-called chiropractors bill was sent to the livestock committee," he said, "and so I move to send this one theirs."

The minimum standards bill is sponsored by the State Medical Association and opposed by

chiropractors. It was approved by the House Committee on Public Health last week, 13-6. Sending it back to another committee would have delayed action on it. Overnight committee action indicated a tough fight is looming for the Gilmer-Aikin public schools bills when they come up two weeks hence before the House Education Committee. An indirect — and inconclusive — test of the bill's strength in the committee came last night. Strong advocates of Gilmer-Aikin legislation failed in their effort to keep Rep. Jimmy Horany's \$2,400 minimum teachers pay bill in committee for three weeks.

Market Briefs

Compiled by The Associated Press
March 2, 1949

WALL STREET
NEW YORK, March 2 (AP)—Gains and losses of fractions generally and in some cases a point or so were about evenly balanced in today's extremely quiet stock market. Turnover was slow. Business was at the rate of around 700,000 shares for the full day, including one block of 100,000 shares.

The 100,000 share deal involved stock of Western Air Lines and set a 1/4 point decline of 1/4 point. Later the price recovered.

23 Paso Natural Gas held a gain of around a point on news of a boosted dividend and a stock split-up proposal. Others higher most of the day included General Motors, Goodrich, Sears Roebuck, Caterpillar Tractor, American Telephone, Kennecott Copper, Du Pont, International Paper, and American Tobacco.

Usually in lower territory were Youngtown Sheet and Tube, Studebaker, U. S. Rubber, Westinghouse, International Harvester, United Aircraft, Distillers Corp., Electric Power and Light, American Smelting, American Can, General Electric, American Woolen, Southern Pacific, Nickel Plate, and Mission Corp.

NEW ORLEANS, March 2 (AP)—Cotton closed steady 1/2 cent a bale higher. Sales 953; low middling 24.45; middling 23.45; good middling 23.10.

CHICAGO GRAIN
CHICAGO, March 2 (AP)—Corn came out of the country in heavy volume and the government bought it in large quantities today. As a result, corn prices on the Board of Trade dropped early and then recovered part of their losses.

Cash dealers estimated corn purchases on a to-arrive basis at 250,000 bushels before the close. Hedging against the cash corn caused futures to slump, particularly the May delivery. The government was a good buyer and cash houses lifted their hedges. That caused futures to recover part of the loss.

Wheat closed 1/4 to 1 cent higher, March 23.34-34 and hard was 2 to 5 cents a hundred pounds lower, March 21.15.

FORT WORTH GRAIN
FORT WORTH, March 2 (AP)—Wheat No. 1 hard 2.43-2.45; Oats No. 2 white 2.25-2.26; Corn No. 2 yellow 1.75-1.76; Sorghum No. 2 yellow mlt 1.60-1.61.

KANSAS CITY LIVESTOCK
KANSAS CITY, March 2 (AP)—Cattle 4000; calves 600; curtailed supply stimulated factor; fed steers, heifers and cows firm to 50 higher; bulls little changed; vealers and killing calves steady to strong; stockers and feeders in light supply; firm; medium and good steers largely 21-25; good around 200-250 lb fed heifers 24.00-25; medium and good heifers largely 20.50-23.75; choice around

YOU CAN'T GET AWAY FROM LIFE

By HAL BOYLE
ST. PETERSBURG, Fla. —(AP)— You can't get away from life. And the "Hermit of Cabbage Key" has quit trying. He's been coming so social now he's weaving hula skirts and looking forward to becoming a baby sitter.

Hermit civilization caught up with mooning couples moved to the island and adopted him. "I'll bet there isn't a hermit anywhere that gets the attention he does," said Mrs. Barbara Simmons. "And he loves it," laughed her friend, Mrs. Eva McCall. The two girls, married to young shrimp fishermen, live in palm-thatched huts which the old hermit helped build. I walked down a hundred yards of sandy trail. And there sat the "Hermit of Cabbage Key" in the doorway of the palm hut, looking like Santa Claus in overalls. "Seems to me like I see somebody coming," he said. And he went right on at his task, threading apart palm leaves with an ice pick. It takes him a whole day to make a palm leaf mosquito swatter in this manner.

And the swatter only sells for one dollar. "Uncle Silas" was too shy to admit that he was making the grass skirts as presents for the two young wives. "I started in on a hula skirt this morning," he said with great dignity, "because my mosquito swatter business wasn't sufficient." Actually the \$38.50 monthly pension he receives more than provides for his simple needs. "I don't allow myself to get lonely. There's too much to do. When I want to do something, and there isn't anything else to do, I just take a-holt of a split hair in my beard. Then I keep on splitting it apart clear up to my chin." As a result of years of this hair-splitting his beard is as fine as gossamer. He is looking forward to next April, when the population of

Mainly About People

Mr. and Mrs. D. H. Porter of near Magic City, southwestern Wheeler County, became the parents of a 9 pound 5 ounce son at the Pampa Hospital at 8:30 a. m. today. YOU'LL GO A LONG WAY

BEFORE YOU WILL FIND A BETTER ANSWER TO YOUR GRAIN STORAGE PROBLEMS

LET BIG CHIEF STEEL BUILDINGS TAKE CARE OF YOUR STORAGE PROBLEMS

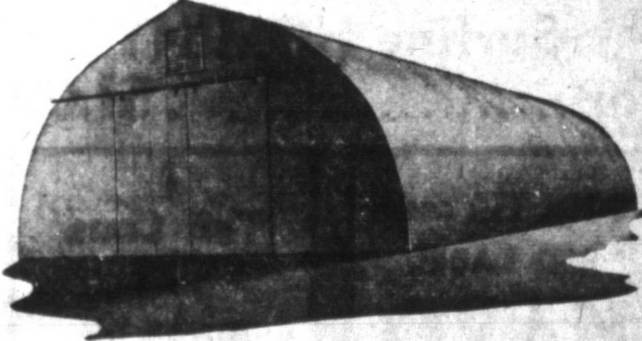

This is the type of building the public has been asking for. In one season, there is no reason why our Big Chief building should not pay for itself—then you can enjoy its use for years to come. Be sure of a place to store your grain. With most of the storage space in use present storage rates are higher.

YOU CAN'T MAKE A MISTAKE ON PERMANENT LOW COST STORAGE SPACE WITH THE BIG CHIEF NEW IMPROVED STEEL BUILDING

SAVE! Because of the construction and strong design of Big Chief Buildings, no scaffolding is necessary for its erection. Crews are available for immediate erection, or the farmer may erect it himself if he so desires at added saving!

When the price of grain goes below government loans, you will save in many ways with a Big Chief Building. There is a Big Chief Building for every agricultural and industrial need. Big Chief Buildings are obtainable in 20-foot, 30-foot, 40-foot and 50 foot widths, and in any length multiple of 4 feet.

This building is the strongest and cheapest structure of its kind on the market.

A BUILDING FOR EVERY PURPOSE ON THE FARM AND IN THE INDUSTRIAL FIELD

ORDER YOUR BUILDING NOW AND AVOID THE HARVEST RUSH!

Applications Are Open for Postal Clerks

Applications for the civil service examinations for substitute clerks and substitute clerk-carriers may be obtained at the Postoffice, C. W. Stowell, said today.

The examinations will be given at 8:30 a.m. March 19, at the Senior High School. Applicants must reside within the delivery of the postoffice at which they desire employment or be patrons of the postoffice.

Employees serving under war service or temporary appointment should apply for the examination if they wish to qualify for permanent employment.

Civil service examinations also will be given that day in 26 other Texas cities for employment in postoffices.

From the list of eligibles in the examination, certification will be made to fill vacancies in substitute clerk or carrier positions and occasionally to regular clerk or carrier positions.

The duties of the newly appointed clerks are interchangeable with the duties of substitute carriers and mail handlers. Applicants must be between 18 and 50 years of age; however, these age limits do not apply to persons entitled to veterans preference.

Additional information about the examinations may be obtained at the Postoffice.

Ran Away in Man's Clothing

MYER — (P) — Billie Morvay wanted to leave her husband 30 years ago, and thought it would be easier to get away in a small Texas town in a clothing store.

She put on pants and, except for a brief return to dresses, been masquerading as a man since. She probably still is but for an argument her daughter.

It was easier to get along in the town as a man, she told Deputy Sheriff William Sanders. Mrs. Morvay said the 38-year-old woman and her 19-year-old daughter, Judy, started arguing in a store when they returned home. The argument continued. Finally, Mrs. Morvay ran into the street and told her mother's secret to a man. The two were arrested and moved to Denver from Amarillo five years ago and worked there.

Boys' Quartet Gives Program

The absence of the intended speaker, Rotarian C. P. Buckler, yesterday cut the weekly Rotary program to a short entertainment period by the Pampa High School Boys' Quartet and several announcements.

Donovan Witham, representative of the Community Concert Service, announced the drive for local membership in the association will end Saturday at noon. A plea for volunteers in the coming Red Cross drive was made by County Chairman Mickey Lerrick.

Derral Davis was introduced as the March Junior Rotarian.

No cat can be owned legally, since cats are classed as predatory animals.

Laredo Publisher To Get Mexican Newsmen Award

MEXICO CITY — (AP) — Mexican newspapermen will give a medal March 8, to William Allen, Laredo, Texas, publisher.

The Mexican division of United American Journalists will present

the medal in a ceremony here. Efrain S. Hidalgo, head of the Mexican division, said the presentation will be made because of Allen's "outstanding work in bringing Mexican and U. S. journalists closer together." Hidalgo recalled that Allen has been coming to Mexico frequently since 1942 and has many friends in the Mexican newspaper world. The publisher of the Laredo

Times already holds two Mexican government decorations. He was the first foreigner to receive both the Medal of Military Merit and the Order of the Aztec Eagle. The new decoration he will receive is the "Medal of the United American Journalists."

The removal of about 3,000,000 tons of mud from the bed of the Thames River is required to keep it open for shipping.

PROOF IS TRUTH

PERK with Armocel*

WASHES UP TO 46° WHITER

WASHES COLORS 31° BRIGHTER

Perk's proof beyond question from 1,218 washing tests.

Perk leaves your whole wash whiter, brighter!

After wash, tests proved it the Hunter Reflectometer and the Electric Spectrophotometer.

New Perk with Armocel whiter up to 46° whiter, 31° brighter than any leading type of soap. These washing tests also proved: Perk with Armocel cuts wash-time one-half... saves one-third soap.

ARMOCEL — THE DOUBLE-ACTION WASH PERFECTOR

Perk contains Armocel, Armour's exclusive new ingredient that does for you: 1. Magnet Action: Perk with Armocel draws dirt out of clothes like a magnet, seals it in the water so dirt cannot settle back. 2. Sunshine Action: Perk with Armocel gives clothes a new sunshine brilliance. 3. Reflects the radiant, sunny new whiteness, brightness in your wash.

SOAP SAVING POURING SPOUT

Perk SOAP

DOUBLE YOUR MONEY BACK!

If you don't agree new Perk is the best soap you ever used, return the unused portion of the package to Armour and Company, 188 W. 1st St., Chicago, and you'll receive double the price you paid, plus postage.

TELLS YOU WHY PERK IS YOUR BEST BUY—for clothes—for dishes

One of Texas Two Most Consistent Newspapers... Published daily, except Saturday...

More Certainty Would Be Helpful

The report from General MacArthur's headquarters on the wartime Communist spy ring in Tokyo may have caused more commotion than its contents warranted...

Neither was it surprising to find the report suggesting that a similar spy ring might be operating in this country today...

Mr. Stein left the country after the report was published. But Miss Smedley challenged the charge against her...

The Army Public Information Division "simply made a faux pas," says Col. George S. Eyster, the division's deputy chief...

Whether those charges were investigated or unfounded, their publication puts the Army in an embarrassing position...

Russia has conquered more of Europe since the war ended than Germany did and at a fraction of the cost...

BOGGED DOWN

WASHINGTON (NEA)—The Democratic administration should not be pestered by the House labor reform program, which is stymied...

Only positive action which the administration can report at the end of the first two months of this session of Congress is House passage of a bill to outlaw payment of overtime on overtime...

KEY TO COMPROMISE Republican Senator Wayne Morse of Oregon holds a key to possible compromise in his proposal to present a labor bill of his own...

Fair Enough -- by Westbrook Pegler

George Spelvin, American, being summoned to Washington by the committee investigating pro-American activities, testified as follows:

Yes, it is true what has been charged. I am a one hundred percent American and I play golf too, and I am not ashamed of it. I even like to go to the ballgame, and I like to sometimes drink a few thimbles of good old bourbon, preferably Old S T e p father by choice...

Yes, I belong to the Bosky Brae Golf and Country Club which means I am permitted to play golf and sign checks for stimulating refreshments and the Thursday night buffet dinner...

Mr. Stein left the country after the report was published. But Miss Smedley challenged the charge against her. And now it appears that the Army has no proof that either of these persons was a spy...

With regards to whether I hate any group or sect because of their religious beliefs, that is the most malicious dirty lie ever was spread in America...

Now if this inventive doctor can only figure how to use this device on singing radio commercials and movie popularizers, the age of civilization will have truly begun...

Whether those charges were investigated or unfounded, their publication puts the Army in an embarrassing position. Perhaps, as a result, some of our intelligence agents will do more investigating and less philosophizing...

Yes, I hate Franklin D. Roosevelt and I still hate his name because he recognized Soviet Russia in 1933, Harding, Coolidge and Hoover refused to have anything to do with them because they were out to destroy our country...

by Peter Edson

Morse can carry along with him Senators Aiken, Ives and a dozen other liberal Republicans, they may be able to offset corresponding number of conservative Southern Democrats expected to vote for retaining the more stringent provisions of the Taft-Hartley law...

Another ex-congressman who has taken up cudgels to defend the Taft-Hartley law is ex-congressman Fred A. Hartley, Jr., Senator Taft's coauthor. He has been retained as Washington representative of Tool Owners Union, Inc., which isn't a union at all...

Common Ground

"Governed to Death" In the last issue I quoted from a pamphlet under the heading "Governed to Death" written by Sir Ernest Benn...

Under the sub-head of "Work or Want", Sir Ernest Benn concludes the pamphlet with the following: "This is the position in which a Socialist Government is driven to plant the country with weeds to 'Work or Want'..."

At official banquets the young chairman extols the importance of harmony. The next morning some GOP leader takes a poke at him and Scott punches back. Elder statesmen complain that he talks too much...

Imperial Sugar Used By All Prize Winners in 1948 Texas State Fair Cake Baking Contest

PRIZE WINNING COOKS are mighty particular about the sugar they use. They insist on pure cane sugar of finest quality. In the Texas State Fair's Cake Baking Contest winners used Imperial Pure Cane Sugar, because Imperial Pure Cane Sugar is extra fine granulated, creams easier and dissolves more thoroughly.

DEMAND
AND GET WHAT YOU ASK FOR

Nordyke warned that the American people as a whole are taking democracy too much for granted and are likely to wake up to find that minority groups have seized the balance of power. In this connection he mentioned one instance in which he learned first hand that the Communists were already at work with plans for the 1950 elections before the 1948 elections were over.

Freda Mae Taylor, accompanied by Sam Milligan, sang "Old Buttermilk Sky." In the business session, the Lions approved a proposal to sponsor the hard-surfacing of the road to the cemetery. After the meeting, the Groom Lions and the White Deer Lions played a series of volleyball games. Proceeds from the admission charges and the concessions went to the Girl Scouts.

New Funeral Home Begins Operation Here

Blackburn-Shaw-Sims, Pampa's new funeral home, officially went into operation yesterday in the old Clegg Funeral Home, 102 W. Browning.

E. M. Blackburn, Jr., and Robert Sims, the Pampa manager, took over the premises Monday afternoon and began preparations for remodeling. However, the funeral home will not close during the remodeling.

Husband-Wife Tax Problems Are Explained

(EDITOR'S NOTE: This is the eighth of 12 stories on who has to do what about filing up all of Clegg's equipment, including the hearse ambulance and the emergency ambulance. The suit arose out of a mortgage foreclosure on a \$4,500 note by the bank. The equipment of the Clegg Funeral Home will be placed under the sheriff's hammer in a few weeks.)

ASK YOUR BUTCHER'S ADVICE ON Prime MEATS for Less Money!

In every case where the wife (or husband) had no income, married couples will never lose money by filing a joint return. In many cases, they will save money.

And in most cases where both have income they'll save by filing a joint return. Why? Because of the new law which Congress passed last year to cut taxes and give married couples a break. They can "split" their income as if each were claiming half.

Married couples — whose income was under \$5,000 and whose deductible expenses don't amount to more than 10 percent of their income — have no problem in filing form 1040A or the 1040 short-form.

With both forms a deduction of 10 percent already is taken care of in the tax table used with those forms. So a couple using them doesn't even have to claim that deduction of 10 percent. It's given without asking.

An automatic 10 percent deduction like that is generous allowance. Most people's deductible expenses don't run that high. But —

If your income was under \$5,000 but your deductions run more than 10 percent, you'll lose money by filing on form 1040A or the 1040 short form. Use, instead, the 1040 long-form.

There you'll have to itemize your deductions, but you can claim them. Remember, though, that part of your deductible expenses which is made up of contributions can't run more than 15 percent of your income.

If a wife or husband, for any reason, uses the long-form to itemize deductions, the other partner must use it, too, and itemize.

Couples with \$5,000 or more income, using the long-form, are allowed a deduction of 10 percent up to a limit of \$1,000 in such deductions. This is a standard deduction for them. It doesn't require itemizing.

But — if the wife had no income and doesn't file jointly with her husband — in the case of a \$5,000 or more income couple — he gets a standard deduction of only \$500. So they lose by not filing jointly.

Where a husband and wife, with income of \$5,000 or more, file separately, each is allowed a standard deduction of only \$500. A couple married anytime in 1948 — even on Dec. 31 — can file a joint return on their income for all of 1948, thus getting the benefit of the lower "split" income tax on married couples.

Suppose you're filing a return and your wife (or husband) died during 1948. You can file a joint return (attaching a note pointing out the death) and claim the

1948 income tax return, for the deadline is March 15). By JAMES MARLOW

WASHINGTON — (AP) — If you're married, remember these points about filing your 1948 income tax return:

In every case where the wife (or husband) had no income, married couples will never lose money by filing a joint return. In many cases, they will save money.

And in most cases where both have income they'll save by filing a joint return. Why? Because of the new law which Congress passed last year to cut taxes and give married couples a break. They can "split" their income as if each were claiming half.

Married couples — whose income was under \$5,000 and whose deductible expenses don't amount to more than 10 percent of their income — have no problem in filing form 1040A or the 1040 short-form.

With both forms a deduction of 10 percent already is taken care of in the tax table used with those forms. So a couple using them doesn't even have to claim that deduction of 10 percent. It's given without asking.

An automatic 10 percent deduction like that is generous allowance. Most people's deductible expenses don't run that high. But —

If your income was under \$5,000 but your deductions run more than 10 percent, you'll lose money by filing on form 1040A or the 1040 short form. Use, instead, the 1040 long-form.

There you'll have to itemize your deductions, but you can claim them. Remember, though, that part of your deductible expenses which is made up of contributions can't run more than 15 percent of your income.

If a wife or husband, for any reason, uses the long-form to itemize deductions, the other partner must use it, too, and itemize.

Couples with \$5,000 or more income, using the long-form, are allowed a deduction of 10 percent up to a limit of \$1,000 in such deductions. This is a standard deduction for them. It doesn't require itemizing.

But — if the wife had no income and doesn't file jointly with her husband — in the case of a \$5,000 or more income couple — he gets a standard deduction of only \$500. So they lose by not filing jointly.

Where a husband and wife, with income of \$5,000 or more, file separately, each is allowed a standard deduction of only \$500. A couple married anytime in 1948 — even on Dec. 31 — can file a joint return on their income for all of 1948, thus getting the benefit of the lower "split" income tax on married couples.

Suppose you're filing a return and your wife (or husband) died during 1948. You can file a joint return (attaching a note pointing out the death) and claim the

usual \$400 exemption for her. Pampa News, Thursday, March 3, 1949

HERE it is! THE NEW DODGE THAT DARES TO BE DIFFERENT!

**LOWER OUTSIDE... HIGHER INSIDE
SHORTER OUTSIDE... WIDER INSIDE
NARROWER OUTSIDE... WIDER INSIDE**
It's the new Dodge!

Come and see the car built for today's bigger, taller, more active Americans

It's a daring new car... new in its own distinctive style... new in the fresh, natural beauty that comes from truly basic design! It's the new car that dares to be different. It's narrower outside... yet wider inside, for the extra elbow room and shoulder comfort you want.

It's shorter outside for easier parking and garaging... yet this new Dodge is longer inside for stretch-out roominess. It's lower outside... yet higher inside, to give you the head room that spells added comfort every mile you ride.

See how Dodge gives all those things car owners really want today... sleek styling with plenty of room... flashing performance with economy... the proved smoothness Dodge All-Fluid Drive makes possible. Come in... get the whole Dodge story... now!

EASILY UNDERSTOOD

A telegraph post for the telegraph office, a trunk for the baggage office, and a big question mark for inquiries are pictorial signs in use at Parkerton Quay, Harwich, England. The symbols were selected because they are internationally understood.

On February 21 we started Job No. 20,000

GEORGE S. MAY COMPANY
Business Engineering
OFFICES IN PRINCIPAL CITIES

13 States Now Considering Anti-Red Laws

By The Associated Press
Thirteen states are considering proposals to bar Communists from public jobs.
Some measures now before legislatures would require people on public payroll, including teachers, to take loyalty oaths.
Other bills are aimed at keeping Communists out of a wide range of positions.
Maryland and Illinois are studying suggestions for outlawing the Communist Party.
Oaths of loyalty or allegiance to the U. S. would be required of public school teachers and college and university professors in Oklahoma, Nebraska and New Hampshire.
All public officials and candidates for public office would

Berlin Boys Steal to Keep Warm

Fuel is so precious in blockaded Berlin that the sight of this airlift coal barge in the British sector proved too great a temptation for these schoolboys. They were caught by the cameras as they helped themselves to a few buckets of coal. (Photo by NEA-Acme staff correspondent Al Cocking.)

have to do likewise in California; the state would have to swear in Texas, all state officials and they never have been members employees, including those in of the Communist Party or other schools that get money from subversive group.

Hoosier Looks for Land in Texas to Raise Gold Fish

AUSTIN — In the course of 113 years the public domain of Texas has been sought for all kinds of purposes, but Land Commissioner Bascom Giles believes a modern-day potential customer must be reckoned as the most unique.
Giles was visited recently by E. C. Shireman of Martinsville, Ind., who was wondering if any of the public school land would be suitable for building goldfish ponds.
Or for several goldfish ponds. When Mr. Shireman builds goldfish ponds, he builds them. At his present hatchery in Martinsville, Shireman has some 400 acres of goldfish breeding grounds. His present stock of goldfish is about 25 million, of nine different varieties, including the Calico Telescope.
Shireman has no intention of removing his headquarters to Texas, not at present, though he is considering testing the Texas weather and climatic conditions. Goldfish, explains the man who sells about 15 million per year, start laying eggs when the temperature rises to 60 degrees. In Texas that would mean they lay most of the time, though it remains to be seen what effect the "blue" northerners would have upon their schedule.
As a 14-inch goldfish (Shireman claims they grow 'em that big in Indiana) will lay some 75,000 eggs per spawning season, a

few more weeks of warm weather could produce results.
Shireman, the "goldfish king of the world," started his unique industry as a hobby. Now he employs 125 "goldfish nurses" and sells his products in 48 states. 20,000 pounds of fish food daily and specially built trucks deliver fish to jobbers in all sections of the country. Fish are also shipped by express.
Some 10 percent of his production is used for bait by sportsmen, as about that many of the newly spawned never turn "gold."
Interested in acquiring Texas land, Shireman explains that he does not contemplate such operations in this state.
"However," he smiled, "if the college kids will go back to eating goldfish, we may have to expand."
Bascom Giles, who has leased state land for jackrabbit and rattlesnake ranches, and shore properties for inventors of perpetual motion machines, promised to inform Shireman if and when any public school land is up for sale.
"And if they grow 14 inches

long in Indiana," the Commissioner assured the "Goldfish King." "They'll really be whoppers in Texas. They'll be big enough to fight off all the catfish in the neighborhood." Read The News Classified Ads

Merten Home Demonstration Club Has Discussion on Garden Equipment

Each member answered roll call with a short talk on "A Yard Problem at My Home," when the Merten Home Demonstration Club met Tuesday afternoon in the home of Mrs. C. A. Jones, Gulf Saunders Lease.

Mrs. A. M. Nash, yard demonstrator, gave a ten-minute demonstration on equipment needed for routine care of yards. She named a broom rake, garden rake, spading fork, shovel, rubber hose, small two-wheel cart, hoe and lawn mower. She also recommended hand-powered 3-gallon insecticide spray.

Mrs. V. Smith gave the council report and announced that Mrs. D. A. Rife was elected alternate delegate to district 1 meeting in Canyon April 12. Mrs. W. E. Melton was endorsed as Gray County nominee for the vice president of District 1 and Mrs. B. Brummett and Mrs. Carl Smith were elected Gray County delegates.

Mrs. T. G. Groves conducted the ten-minute recreation period which was spent in a recognition contest of 30 varieties of shrubs and evergreen.

Mrs. C. L. Cudney commended the radio committee composed of Mrs. H. H. Threatt, chairwoman, Mrs. A. M. Nash and Mrs. D. A. Caldwell for the program on selection and care of shrubs which they presented over KPDM Saturday morning. Anyone desiring a copy of that program should contact Mrs. Threatt or the agent's office.

Mrs. Mary Ann Duke, county home demonstration agent, discussed routine care of yards. "It is time to prune roses and late blooming shrubs now, but do not prune spring blooming plants until after they bloom," she said. She also discussed insecticides. "Chlor-dane" was recommended as outstanding for all types of pests, but since it is poisonous, it must be used with proper caution in the vegetable garden.

Refreshments were served to those mentioned and Meses. Frank Bailey, W. E. Coop, H. G. Sharp, A. R. S. Waters and Sammie T. G. Groves and Tommy A. Swafford and Re Don Cudney.

VFW Auxiliary to Award Essay Prizes

VFW Auxiliary decided to give three prizes in its essay contest when it met Friday evening in the Pampa VFW Hall.

Prizes of \$10, \$7.50 and \$5 will be awarded for the three best essays written by a local boy or girl.

Mrs. Harry Hoyer, Jr., was given the obligation for membership. Plans for the district convention were completed under the direction of Mrs. Harry Hoyer, Sr., general chairman.

Mrs. J. J. Putnam and Mrs. L. B. Haggard served refreshments to those mentioned and to: Meses. Lula Purdy, Hadda Moore, Don Cole, Nan Fender, Grace Morris, Mrs. L. L. Corrie, Cordie McBride, Charles Glison, V. E. Wagner, Charles Shelton, A. F. Hollenback, Roy Tinsley, Jones Seitz, B. S. Via and Mrs. Helen M. Hagerty.

The Social Calendar

THURSDAY
7:30 Hebrew Lodge, IOOF Hall, 730 N. Alameda, Mrs. J. L. Johnson, 302 E. Locust.

4:00 Directors and officers of the Pampa Community Concert Association meet with D. C. Witham to select 1949 artists.
SUNDAY
6:30 First Christian Church Mission Study.

White Deer Club Is Addressed by Amarillo Woman

WHITE DEER — (Special) — Mrs. Lewis Nordyke of Amarillo was guest speaker at a meeting of the Venado Blanco Club, Tuesday evening, in the home economics department of the high school.

Speaking informally, Mrs. Nordyke related some of her experiences and observations on a trip to the inauguration of President Truman. She was especially impressed with the dignity and sincerity of the inaugural ceremony and with the President's frank enjoyment of his moment of glory.

Mrs. Fred Mullings, Mrs. Kittie Allison, Mrs. Hope Rusk, Miss Helen Walker and Miss Mary Green were hostesses for the meeting.

The dinner table was laid with lace paper mats over green, and the centerpiece was a bouquet of pink carnations in a white pottery bowl, flanked by tall pink candles in matching pottery holders.

Others present were Mesdames Olive Jordan, D. V. Biggers, B. R. Weak, Kenneth Gibson, Bob Farley, Ray Vineyard, C. A. Jensen, and Misses Claudia Evelyn, Ruby Lee Hill, Winnie Warren, Gertrude Golladay, and Mildred Cole.

Make-Up Tricks

By ALICIA HART
NEA Staff Writer
The appearance of dark circles under the eyes is frequently a problem of the older woman. If this under-eye discoloration distresses you, it can be camouflaged with make-up. Naturally you should determine what causes the discoloration—it may be eye-strain, health upset, insomnia.

You can mask out the sooty smudge by blending over the area a light-toned powder foundation which is two or three shades lighter than the other make-up used on your face. After you have applied your regular foundation, take a bit of lighter-toned cream on your fingertips and work over the under-eye area from cheekbone to lower lashes and from inside to outside corner of the eyes. Use your camouflaging foundation sparingly and blend well into the surrounding skin area so that there won't be any light "goggles" to betray your subterfuge.

Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS
Are you troubled by distressing of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, weak, high-strung—as such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. In a recent medical test this proved remarkably helpful to women troubled this way. Any druggist, grocer, or health store carries LYDIA E. PINKHAM'S COMPOUND.

Douglas Book Is Reviewed at Book Club Meet

Approximately 60 members and guests heard the review of Lloyd Douglas's "The Big Fisherman" given Monday evening in the City Club Room at the Pampa Book Club meeting.

Mrs. Sam Gholson, Wellington, told the story of the bestseller, giving the origins of the Jewish-Arab feud that extends to the present day. Growing out of the account of the political situation of the time is the story of Simon, the fisherman, and the ministry of Jesus and His disciples.

Mrs. F. M. Culbertson, vice president, presided in the absence of Mrs. O. L. Station. The speaker was introduced by Mrs. C. E. High.

Mrs. Culbertson announced that Mrs. Paul Bowers will review "Hound Dog Man," a novel of Texas, for the March 28 meeting.

★ WE, THE WOMEN

BY RUTH MILLETT
NEA Staff Writer

There's a great lesson for American families in a new play on Broadway, "Death of a Salesman."

In trying to explain their broke and bewildered father to her two grown sons, who have lost their respect for him, the wife says: "I don't say he's a great man. He never made a lot of money; his name was never in the paper; he's not the finest character who ever lived. But he's a human being, and a terrible thing is happening to him... You don't have to be very smart to know what his trouble is: the man is exhausted. A small man can be just as exhausted as a great man... And you tell me he has no character. The man who never worked a day but for your benefit..."

How few mothers there are who ever try to make their children really understand their fathers and appreciate all they have done for their families.

FORGOTTEN MAN
And so in many families father really becomes the forgotten man whose years of hard work for his family are taken for granted. His load may never be eased by the understanding and appreciation of his children. They may never have any idea of the burden he has carried through the years. There's a lesson in that play for the American family—a lesson to be interpreted by mothers.

It's not enough for a woman to understand and appreciate her husband. She has to help her children understand and appreciate him, too.

WARREN'S WARM UP

By Warren Hesse—News Sports Editor

QUESTION: What football coach is known as the poet laureate of the Smoky Mountains?

DISTRICT BASKETBALL: On the 19th of April the Harvesters open up their district 1-AA baseball flag chase with a game at Berger with the Bulldogs. The district is divided into a northern and southern half this year, with Amarillo the third member of the northern half. So let us look over the teams in the North.

Amarillo, the Golden Sandies, led by Coach Rudy Gambelin have been working out for three weeks, and gained the benefit of the fine weather the past couple of weeks, allowing them to go outdoors. Nine lettermen, including three regulars return, including the left side of the infield, most important in high school ball.

Regulars returning are Clyde Israel, Warren Spaulding, and James LeNeve. Other squad members include Robert Braden, Fred Hansard, Joe Knight, Harris Kimbrough, Walton Roberson, and Max Winberg. Three of the lettermen are pitchers, part of the mound staff of 12 hurlers, including three southpaws and one ambidextrous.

Only two spots on the squad will have rookies holding down the job. All of this points to a very strong team for Amarillo High.

Over in Berger, Coach Roland Provor finds twelve lettermen returning, a good foundation for his first year with strong replacements. But among his missing men are the important cogs in the team's wheel, the group down the middle. Gone are the catcher, shortstop, outfielder and three pitchers, which means he must come up with strong replacements in these positions. He has a good selection to choose from to fill these gaps, though. Among them are Don Mashburn, R. C. Dalton, Billy Ed Hoff, Leroy Smith, Bobby Hines, Jerry Glass and Kenneth Clapp.

The majority of this team will be underclassmen, which means that Berger should have a good team for the next couple of years. Down in the southern half, Plainview and Brownfield again appear to be slated for underdog roles. The Lubbock Westerners look like the team to beat, with many veterans returning for Coach Fred Taylor to build around. Practically the entire squad will be members of last year's nine, which lost only one conference game, to Amarillo, but were forced to forfeit eight others due to an ineptibility ruling.

One thing that will hamper the

Boynton and Estes Meet in Main Event of Sportatorium Mat Card

Friday night's wrestling card at the Sportatorium will bring back two of the bruisers who battled last week. Alan Boynton and George Overhauks will meet in the first event, a 45-minute affair. Overhauks will look horns with Billy Sandow in the second two-out-of-three falls. Overhauks worked Billy Hickson over in the preliminary event last weekend, but got no better than a draw when the bell ended the match just as Hickson was giving up under pressure of an arm stomp.

The main event will pit handsome Bak Estes from Kirk City, Oklahoma, against Awtul Olan Boynton, master of the checkered hold. This is a one-hour time limit fight. Boynton defeated Karl Gray last week in a tough fight that saw nearly every type of illegal tactic used. Estes was to fight here last week, but sustained injuries the previous night in a six-man tag match in Amarillo. But he has fully recovered and is ready to go Friday night.

Glen Detton will again referee the bouts. Next weekend, promoter V. C. Bennett has a fast night card prepared for the fans in the area. That night the wild west

Louis Freezes Uncle Mike Out

MIAMI, Fla. (AP)—Joe Louis plans to give Mike Jacobs a dose of his own medicine by using the exclusive contract treatment hold. This is a one-hour time limit fight. Boynton defeated Karl Gray last week in a tough fight that saw nearly every type of illegal tactic used. Estes was to fight here last week, but sustained injuries the previous night in a six-man tag match in Amarillo. But he has fully recovered and is ready to go Friday night.

Glen Detton will again referee the bouts. Next weekend, promoter V. C. Bennett has a fast night card prepared for the fans in the area. That night the wild west

Play Started to Name Three State Basketball Champions

By HAROLD V. RATIAFF
AUSTIN (AP)—The three-day circuit that is the Texas Schoolboy Basketball Tournament starts its show today. Twenty-four games later three champions, three runners-up and three consolation winners will be receiving their awards.

Class B, which appears to have the strongest field of the three divisions, took the court first with Big Sandy of Livingston, a championship favorite, clashing with Weedsboro in the opening game. On into the night they will tap-tap and about 10 o'clock semi-finals in Classes B and C will be determined. What ordinarily is the blue ribbon division—Class AA—does not swing into action until tomorrow afternoon. This class has been robbed of its glamor and its strength by the split-up of the City Conference. Next week the new-created City Conference Class, made up of the big city teams, determines its champion in a tournament at Houston.

Shallowater, a fabulous quintet of the Plains country, met Slidell, twice a champion in other years, in the second game of Class B, with Waelder, another mighty outfit finishing up the morning schedule against Gustin.

Class B closes out its first round this afternoon with Marfa, a tournament-wise outfit, tackling awesome Martin Mills with its great Onal Weaver. The Class A schedule sends Coleman against Memphis at 3:10 p.m., Madisonville against

Outside Coaches Envious of the Texas Schoolboy Athletic Setup

BEAUMONT (Special)—A prominent high school coach in Alabama expressed the sentiments of the Texas High School Coaches' Association regarding Texas' affiliating with the National Federation of High School Athletic Association. He wrote, "We here in Alabama are jealous of the football setup in Texas, and I see no reason why you should ask for membership in the National Federation. . . . You are doing a wonderful job in Texas, so why should you bring in an outsider to tell you what to do?" Study and inquiry conducted by both the association officials and this writer have failed as yet to find the answer to the question raised by the gentleman from Alabama, Florida and North Carolina. Coaches seconded Alabama's objection, while South Carolina, Georgia, and Tennessee recommended that it would be profitable to Texas to affiliate.

In listing their objections to it, Texas coaches cited the following: 1. The sanction rule by which each state is required to get permission from the central authority in Chicago before it can schedule an out-of-state game requiring over 300 miles travel. The coaches think that their own administrators know what is good and bad for their own schools without having to go over 300 miles to find out. 2. They look with suspicion on the fact that over half of the federations over \$100,000 budget is supplied from advertising in the sale of publications. They point out that the NFL is free from all taints of commercialism and wonder if the federation is equally free. 3. The dollar also figures into their reasoning. Many of the state associations that belong to the NF finance their programs by exclusive contract clause. Charles and Walcott agree, if victorious, to fight only for Louis and his partners, Arthur M. Wirtz and James D. Norris, for the next two years.

DiMaggio Having Trouble With Sore Heel Once Again

Kentucky Gains Further Prestige

NEW YORK (AP)—Joe DiMaggio and his aching heel headed back to the New York Yankees' training camp today after a quick visit to his Baltimore doctor. The verdict: he's okay. No medical attention required. The right heel, from which a bone spur was removed last fall, flared up after the Yankee Clipper's first workout Tuesday. Talking no chances with their star, the Yankees sent him winging back to Dr. George Bennett.

Kentucky is the only team in the country among the top 10 both offensively and defensively. The Blue Grass sensations have averaged 67.3 points per game, 10th best nationally, and have held their opponents to 42.3 points third best nationally.

The highest scoring outfit in the country is Rhode Island State with an average of 70.5 for 19 games. Defensively, it's the Oklahoma Aggies, who have limited 22 opponents to an average of 34.7 points per game. Siena of Albany is a poor second in defense with 41.3 followed by Kentucky, Wyoming, Minnesota, Washington State, St. Bonaventure, Baylor, St. Louis and Michigan.

Yale and Western Kentucky are tied for runner-up honors in the scoring department with averages of 69.4 points per game. Illinois and Cincinnati are deadlocked for fourth with 69.3. Then came Colgate, New York University, Bowling Green, Louisville and Kentucky.

Still Punching

Hoping to be reinstated, Mickey Owen intends to be ready, so punches the heavy bag in Springfield, Mo. The cattle raiser who caught for the Cardinals and Dodgers was suspended for five years for jumping to the Mexican League in 1946. He will be 32 this spring.

Sports Round-Up

By HUGH FULLERTON, JR.
NEW YORK (AP)—One of Casey Stengel's first training rules for the Yankees was that they could visit the dog races Thursday nights only. . . . Tonight provides the first opportunity to say the whole team has gone to the dogs. . . . Leo Durocher started off by praising a Giant shortstop named Bill Jenkins. Probably the only resemblance to Hughie is the name. . . . Bobby Locke is 'due in America March 11 in time to take in the Jacksonville, Fla. Open before his first big objective, the Masters. But the South African golfer already is planning to take time out from his American tour to play in the British Open. . . . Fred Hooper's Derby candidate, Hooper's first big road construction job—a highway between St. Augustine and Daytona Beach. . . . Fred undoubtedly hopes there's no speed limit on Ocean Drive.

BETTER BOWLING

By BILLY SIXTY
DEAD WEIGHT: A common fault with the beginner, both men and women, is carrying the ball and dropping it before reaching the foul line. This is the natural result, all because of the lack of push-away. With the first step in a three, four or five step stride, unless the ball is pushed well away from the body, bowling becomes work instead of pleasure and good scoring is out of question. The game then amounts to nothing more than a tiresome job of carrying the ball without the push-away, and it simulates a body motion.

As the illustration shows, the ball becomes an ANCHOR at your side without the push-away. If becomes such an effective drag, in fact, that it can be controlled with any degree of skill. When the full weight of the ball drops at the side, only a very strong hand can hold it sufficiently long to get it over the line.

As the ball reaches its lowest point in its brief backward and forward action, the dead weight of the ball, when carried, pulls the shoulder down and out of balance. More than that, the hand and fingers, forced to grip tightly, are out to terrific pressure—a pressure that will soon bring on blistering and knuckle trouble.

Get the ball away from the body as the stride begins. . . . during the push-away, and don't load yourself down with a big anchor.

New Committeemen
CHICAGO (AP)—Morley Jennings of Texas Tech and James Stewart, Southwest Conference official, have been named to the Sixth District Basketball Selection Committee of the National Collegiate Athletic Association. They replace Gene Lambert, Arkansas, and F. J. McKale, University of Arizona, whose teams remain in contention to represent the district.

Start Play for Texas NAIB Team

By The Associated Press
Winners of two sudden death tournament games tonight will play a single elimination game to select the Texas representative in the National Association of Intercollegiate Basketball Tournament.

Abilene Christian College, Texas Conference champion, and Texas Tech, of the Border Conference, play at Lubbock. East Texas State, of the Lone Star Conference, and East Texas Baptist, independent, will play in Gladewater.

Winners of these games will meet at a site and date to be selected. The NAIB selection committee picked East Texas Baptist to represent independent colleges of Texas in the play-offs and East Texas State to represent the Lone Star Conference.

Lovegrass Planted in Roberts County

Bert Walsh plans to plant sand lovegrass on his farm west of Miami, it was announced from the Roberts County Soil Conservation District.

Walsh planted some sand lovegrass two years ago, but it was not until last year that a good growth resulted. March and April are the best months for planting grass.

Planting grass on land unsuited to cultivation is an important part of the conservation program. Often poor farm land, when planted to grass, increases the value of the land as well as protecting it from erosion.

Technicians assisting at soil conservation districts are able to assist farmers by examining the soil and telling the tenant what grasses are most suitable. Also there is a list of grass seeds that are available from commercial sources at the soil conservation office at the Courthouse.

The best ground preparation for seed planting is to plant some close drilled sorghum crop at intervals, then combine it and leave a high stubble.

Hens Have Eggs On Wire Recorder

NEW YORK — A chicken breeder trying to keep exact records of the number of eggs laid by each fowl of his 12,000 subjects, came up with an economical and time-saving plan by wiring the hen houses for use of a wire recorder, reports Electronic, McGraw-Hill publication.

As each chicken is taken from her nest, the farm hand reads the number on her leg band into the microphones and makes appropriate comments on her productivity for that particular day. At the end of the day, the recorder is carried into the office where permanent production records are compiled and transcribed.

The wire recorder installation had cost record-keeping time to a small fraction of what it was when each hen's record was kept by hand.

The cost of wiring the hen houses and the cost of the wire recorder are expected to be recovered in a short time by use of the system.

Push-Button Economy Reaches Dairy Barn

STILLWATER — It's all done by levers in Oklahoma A&M's new \$248,000 dairy barn. Milkers stand in a pit. The cows walk in and the milking machine is attached.

Cows are milked in three minutes and the milk goes into a glass tank on the wall. It is automatically weighed, and at the pull of a lever goes down a pipe to the cooling room.

There are places in the big barn for 1,000 tons of hay and 4,000 bushels of grain. Four silos hold 600 tons.

HOME ELEVATOR CURRENT

One of the factors permitting low-cost elevator installation in the home is that no special electric circuits are required. Power is obtained from the regular house lighting current.

Dates Set for Fowl Event

The 1949 Texas Chicken-of-Tomorrow contest will be held May 30 to June 3 at Gonzalez. In making the announcement today, State Chairman F. Z. Beamblossom, poultry marketing specialist at Texas A&M College, said birds competing must be hatched the week of March 16, in order to meet contest specifications.

"Goal of the new three-year program," Beamblossom said, "is a 1951 model chicken patterned along the lines of progress made in the initial Chicken-of-Tomorrow breeding contest. The new bird, to grow faster, with still more meat, is being scientifically redesigned to bring increased consumer satisfaction, in the same fashion that science has converted cattle, hogs and other food animals."

Breeders and growers throughout the state are encouraged to help develop and produce the meatier bird — one with beefier drumsticks and extra layers of white meat. State, regional and national contests are scheduled from coast-to-coast, and \$10,000 in awards from the A&P Food Stores is awaiting breeders turning out the prize specimens.

In order to compete, entrants must have 100 to 300 straight run chicks or 50 to 150 sexed cockerels. Entry blanks and complete information about the contest are available at the Texas Chicken-of-Tomorrow headquarters, college Station, care of Beamblossom.

4-H Scholarships Are Increased

College scholarship awards have been increased from \$200 to \$300 in nineteen national 4-H programs, the National 4-H Committee has announced.

One hundred twelve members having highest rating records in their projects will receive \$300 scholarship awards totaling \$36,000 at the 1949 National 4-H Club Congress at Chicago in November.

Programs in which the increased scholarship awards are offered, and donors, are: National Achievement, National Committee on Boys and Girls Club Work, Better Methods Electric, Westinghouse Educational Foundation, Canning, Kerr Glass, Clothing, Spool Cotton Educational Bureau, Dairy Production, Kraft Foods, Farm Safety, General Motors, Field Crops and Frozen Foods, International Harvester, Food Preparation, Servel, Forestry, American Forest Products Industries, Garden, Allis-Chalmers, Girls Record, Montgomery Ward, Home Improvement, Sears-Roebuck Foundation, Knitting Crocheting, Spinnery Yarn, Leadership, Edward F. Wilson, Meat Animal, Thos. E. Wilson, Poultry, Dearborn Motors, Soil Conservation, Firestone, and Tractor Maintenance, Standind Oil and Gas Company and six affiliated oil companies.

All of these national 4-H awards programs are conducted under the direction of the Cooperated Extension Service.

LIMITED HEARING

Ordinary conversation may never be heard by canaries because their hearing is limited to a narrow frequency band, according to the Encyclopedia Britannica.

NO DRINKER

The gembok, a large South African antelope, never drinks water. Its moisture is obtained from the succulent, bulbous plants on which it feeds.

Phone Workers Set For Fourth Wage Hike

WASHINGTON — (AP) — The nation's biggest telephone union is out to get a fourth round postwar wage increase for 230,000 workers in the Bell telephone system.

The Communications Workers of America, an independent union, said it will begin the drive in New Jersey on March 10.

MORE VITAMIN A

GALVESTON — (AP) — Texas dehydrated alfalfa meal has more carotene, or vitamin A, than that produced elsewhere in the country. Lloyd S. Larson, Chicago, executive secretary of the American Dehydrators Association, made the statement at the four-day convention of the group.

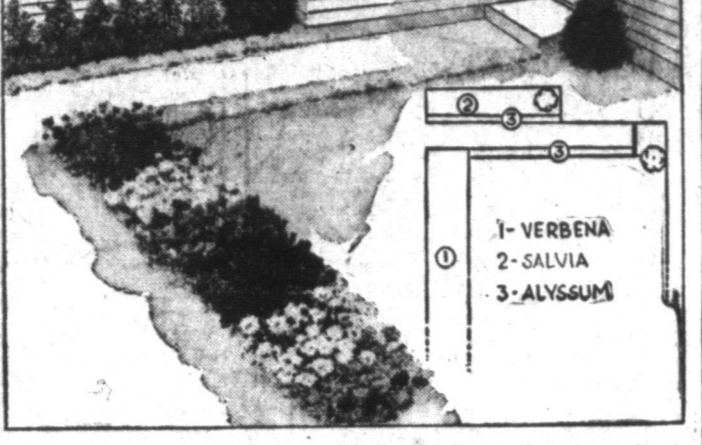

During 1948, there were 2,300,000 weddings and 622,000 divorces in the United States.

Gay Ninety Gardens Back But with a Difference

Differing from parterre planting of the nineties, modern doorway gardens emphasize beauty of the flowers, and not a pattern.

Back in the days when women wore bustles, flowers in front yards were in fashion. Now that bustles are coming back, doorway gardens are returning, but with a difference from the fashion followed in the nineties.

Then, flowers were used to work out elaborate designs in beds of geometric shapes. This was an ancient fashion, dating back to the middle ages, known as parterre work. The beauty of the parterre was in its pattern, with the flowers used only to supply the color which developed it. Few examples of this method are now seen in this country.

Modern doorway gardens are as simple as possible in design, in order to center attention upon the beauty of the flowers. These are grouped in masses of one color, so arranged that each mass harmonizes with and sets off the others, and all provide a pleasing decoration for the house.

For these beds, annual flowers of low compact growth are most suitable subjects. This was an ancient fashion, dating back to the middle ages, known as parterre work. The beauty of the parterre was in its pattern, with the flowers used only to supply the color which developed it. Few examples of this method are now seen in this country.

Farm and Ranch Outlook Appears Favorable for 1949

DALLAS — (AP) — A favorable farming and ranching outlook is balanced against declines in recent business, said the Dallas Federal Reserve Bank in its monthly review.

The outlook for livestock ranges and crop production in the bank's district improved because of drought-breaking rains and snows in January.

The only blot, the report said, on the agricultural outlook is freeze losses of commercial vegetables and fruit in the Rio Grande Valley.

Department store sales, bank deposits and construction contracts declined, the bank said.

January department store sales were seven percent smaller than January of last year, according to the report. There was also a greater drop than usual from the December to January index.

The report said there is a generally favorable consumer response to mark-down in prices of numerous merchandise items.

Deposits of member banks in leading cities fell substantially during the period between Jan. 12 and Feb. 9, but were still moderately above those on the corresponding date of 1948.

The daily U.S. average production of crude oil declined in January, reflecting largely cut-backs in this district.

Communists Said Weak in Mexico

DALLAS — (AP) — The Communist Party in Mexico cannot be considered a force in the government, Vicente Lombardo Toledano, Mexican labor leader, said here.

Changing plans en route from San Antonio to New York, Lombardo Toledano described himself as a Marxist without a party. He said he has never held a card in the Communist Party.

The labor leader was detained Sunday night in San Antonio while immigration authorities checked his passport visa.

He was enroute from his home in Mexico City to Lake Success, N.Y., where he is to represent the World Federation of Trade Unions at the United Nations Social and Economic Council.

Phone Workers Set For Fourth Wage Hike

WASHINGTON — (AP) — The nation's biggest telephone union is out to get a fourth round postwar wage increase for 230,000 workers in the Bell telephone system.

The Communications Workers of America, an independent union, said it will begin the drive in New Jersey on March 10.

Farmers Taking Advantage Of the Moisture Conditions

FORT WORTH — Soil conservation farmers throughout Texas and Oklahoma areas, under threat of spring blowing, are taking advantage of excellent moisture conditions to list and chisel farmlands to reduce the blow threat.

Reports to Louis P. Merrill, regional Soil Conservation Service head, show that thousands of farmers in the western portions of the two states are getting their land in condition to resist blowing and making plans to get good plant cover on it as quickly as possible.

Field men of the Soil Conservation Service reported 4,613,200 acres of Texas and Oklahoma lands are still without enough plant cover to prevent wind erosion when drying winds came with sufficient force.

More than 3,900,000 of these unprotected acres are in Texas — 2,873,000 in Plains areas and nearly 200,000 acres in the sandy Cross Timbers.

Oklahoma's total in acres without sufficient protection is 1,561,000 with 1,131,700 acres in Plains lands and 429,300 in Cross Timbers sandy land.

Reports to Merrill say the soil surface in many areas is puffed and powdery as a result of the alternate freezing and thawing of recent weeks.

Remedy Is Found for Arthritis

Something can now be done about rheumatism, "the farmer's oldest pain," which strikes at 7,000,000 Americans, disabling four times as many people as cancer and tuberculosis combined.

Herbert Yahraes, prominent magazine science writer, makes this statement in the March issue of Country Gentleman. He reports that sufferers from arthritis, one of the most serious rheumatic ailments, may now find relief with a new fluid compound of gold containing 50 percent of the pure metal.

Yahraes says of the drug: "It brings definite improvement within a few months to more than half the cases of rheumatoid arthritis—one specialist estimates as high as 85 percent."

"Nobody should use gold unless he is under the care of a doctor," warns Yahraes. It has now been discovered that about five out of every hundred patients—including particularly those who are very old or have kidney trouble—cannot take this metallic medicine because it has a harmful effect on their kidneys or blood. Other break out with a rash and must temporarily stop the treatment.

When attacks do come, says Yahraes, heat will usually help. A number of so-called remedies for arthritis have been discovered during the last twenty years, according to Yahraes, but most of them have now been proved to be worthless. Among these are treatments with bee-venom, hormones of penicillin. He also says diet fads are "condemned."

Texas Milk Supplies May Be Independent

DALLAS — (AP) — Texas dairy cows may soon be producing enough milk to make the state independent of its milk supplies, dairymen predict.

The prediction followed agreement of dairymen on the point: cow population has increased and cows are more efficient producers, feed conditions are favorable and labor supply is good.

The prediction was made here Tuesday at the opening session of the Dairy Products Institute of Texas convention.

Regional reports were presented by Bedford Harlan, Paris; Earl C. Collins, Lubbock; Earl Knowlton, San Antonio; John Richardson, Harlingen; E. J. Craft, Houston; Lindsey Waters, Jr., Dallas; and Layton Smith, Austin.

County Grass Drill Solves Problems, Says Co. Agent

If farmers will seed sweet clover with the grass drill, owned by Gray County Soil Conservation District, they will not have a problem of getting a stand, Ralph Thomas, county agent, said.

Amos Harris, Kingsmill, last spring seeded 10 acres of sweet clover with the drill and got a perfect stand. The clover was planted April 15, just before the two-inch rain. "I believe every seed came up," Thomas said. "The drill covers the seed about one-half inch and the young plants can get through the dirt before there is too much crust."

Now She Shops "Cash and Carry"

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eye, headaches and dizziness. Frequent or scanty passages with astringent and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives a happy relief and will help the 18 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Bickford Says All Stars Should Act Their Age

By BOB THOMAS

HOLLYWOOD — (AP) — Charles Bickford has this advice for Hollywood's aging stars: act your age.

The movie industry is faced with a paradox. The great majority of its theater patrons are under 30, but most of its stars are over that age.

In a survey of the star system, it found that the average age of the top 50 female stars is 32.4 years. Of the top 50 male stars, 30.7 years.

Veteran Actor Bickford, who is up for an academy award for "Johnny Belinda," agrees this is a bad situation, for the public and stars alike.

"Too many stars base their careers on personality alone," he told me. "When the stars age, their personality fades and they slip into obscurity. These over-age juveniles and ingenues should stop trying to turn on the per-

sonality and start acting—if they can."

He remarked about a 44-year-old actress who is still playing romantic comedies. "If she would stop being coy and start playing herself, she'd be all right," he said.

When MGM brought Bickford out from the stage 20 years ago, he was put into leading man parts against his will. An irascible gent who refuses to fit into any mold, he made the transition to character parts a few years later.

The actor has long plunked for middle-aged love on the screen. "The reason more people from 35 to 55 don't go to the movies is that they get tired of seeing young love on the screen all the time. They want to see mature love for a change."

The success of "Best Years of Our Lives" proves that. Fredric March and Myrna Loy were great because they played their own ages.

Charlie is still waiting for producers to cast him in a love story. And if they want to put Myrna Loy opposite him, it's fine with him.

Envoy-at-Large

Philip C. Jessup, former U. S. representative on the United Nations Security Council, will be named ambassador-at-large to represent the U. S. at future international conferences. Jessup recently resigned his UN post to return to Columbia University in New York, where he teaches international law.

India Continues to Pursue Her Destiny

By DEWITT MASKENZIE
AP Foreign Affairs Analyst

The new India continues to pursue her destiny with seven league strides.

The latest of many striking indications of her determination to modernize her way of life is the introduction in the national legislature of a bill which would revolutionize the status of Indian women. This measure would make sweeping changes in ancient customs of the Hindu religion. For instance, plural marriage would be abolished, and women would be allowed the privilege of obtaining divorces.

It is interesting to find Law Minister B. R. Ambedkar "sponsoring this measure. Dr. Ambedkar, whom I visited in his New Delhi home on my last trip to India, was born into that outcast class known as the "untouchables," and has spent his life championing their cause.

The bill has run into a storm of opposition in Parliament. The chief protest comes from orthodox Hindus and is mainly on religious grounds.

Whether the measure is adopted, the fair sex of India is coming into its own, as is clearly indicated by the fact there are women members of the Indian Legislature and of the Pakistan Legislature. Prime Minister Nehru's sister, Mrs. Vijaya Lakshmi Pandit, is ambassador to Russia and also is India's chief representative at the United Nations.

That's a great change from what I found on my first visit to India more than thirty years ago. Except for the lowest class, women as a whole were kept in

seclusion. That is, they were excluded from the company of men not members of their own family and were closely veiled in public. I encountered a particularly interesting example of such seclusion when I was the guest of the late Maharajah of Bikanir, one of the greatest of the ruling princes. He was liberal and progressive, but his maharani lived in strict seclusion.

Teams to Debate Outlawing Reds

AUSTIN — Twenty-one colleges will send debating teams to the University of Texas April 7-9 to argue the question, "Resolved, That the U. S. Communist Party should be outlawed."

The contest is sponsored by the Texas chapter of Delta Sigma Rho, honorary speech society, and the University of Texas Oratorical Association. Four divisions of competition will be in debate, impromptu speech, oratory and after-dinner speaking.

Only flag bearing a coat of arms is the flag of Maryland, which bears the Calvert arms.

WANTED TO RENT

EAT PLENTY AND TAKE OFF UGLY FAT

When you buy Barentrate, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barentrate is the original grapefruit juice recipe for weight reduction.

Just go to your druggist and ask for four ounces of liquid Barentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two table-spoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to take off ugly fat,

return the empty bottle for your money back.

Lost 56 pounds
Here is what Mrs. L. J. Bryant, P. O. Box 56, Whiteside, Texas, wrote me: "I want to tell you what Barentrate has done for me. I weighed 285 pounds when I started taking it. I now weigh 212. I have taken my dress size down from size 40 to 34 and never felt better in my life and everybody tells me how much nicer I look than I did."

"I am still taking Barentrate as I want to get my weight down to 165 or 170 pounds."

Ayres to Make His Own Film

HOLLYWOOD — (AP) — Lew Ayres, a leading academy award contender, is planning to make a film in Africa.

Strangely enough, Lew hasn't done a picture since he gave his sensitive performance in "Johnny Belinda." That was more than a year ago. Tiring of waiting for lagging business to pick up, he is planning an independent venture to make an African picture.

Lew has been talking to Charles Bickford to join him on the expedition.

Paul Henreid's plans for another production of his own have struck a snag. "I have a wonderful script, a United Artist release," he said on the "Rope of Sand" set, "but the banks require that you put up equity for what is borrowed." That's the reason there are no independent movies being filmed in Hollywood today.

Marie Wilson is finally at work on the film version of "My Friend Irma." "It would have been embarrassing to have someone else play the role," she admits. Marie and Hal Wallis finally came to terms after the producer was flooded with letters demanding her for the role. This amazed Marie. "I don't have that many friends," she says.

John Hodiak says he is carving out a new career for himself. During the war years, he did picture after picture, most of them as a heavy. He has worked but 14 weeks in the past two years, but he's happier in sympathetic parts. He's doing "Operation Malaya" now and goes right into "Battleground."

POPE HAS ANNIVERSARY
VATICAN CITY—(AP)—Pope Pius XII celebrated the tenth anniversary of his elevation to the throne of St. Peter today without any special ceremony. The anniversary was also the pontiff's 73rd birthday.

TROOPS WITHDRAWING
TEL AVIV, Israel—(AP)—Iraq Regular Army troops appear to be withdrawing from Israel it was reported here today.

Sometimes, perhaps, when you step out of a Doctor's office you do experience a sort of "lost" feeling. In your hand you hold a prescription; a bit of paper that's pretty important to you. To whom shall you entrust the compounding of that prescription so highly valued?

May we make a suggestion? Follow the example—and the footsteps—of many leading physicians. Come to this Professional Pharmacy where you are assured conscientious service; pure, potent drugs and uniformly fair prices. Your patronage will be much appreciated.
