By BOB THOMAS HOLLYWOOD -(AP)-Just back from talks about a new program with CBS, Frank Sinatra says he wants to do more singing.

Frankie has been dickered for a half-hour show following Bing Crosby (an intriguing idea.) But he says he wants to do a 15-minute show on Tuesdays, Wednesdays and Thursdays. "I want to do a lot of singing again," he remarked. "They've had me dancing and making like a comic in pictures. I want to get back to my old racket."

Meanwhile, the crooner is pre-paring for a rematch with Gene Kelly in "On the Town." Clark Gable finished "Any Kelly

Number Can Play," but he won't start traveling right away. "The storm ruined my ranch," he tells me. "I'm going to stay home and try to fix it up again." I asked him why he seldom does radio.

"It scares me," answered the tough guy. "Besides, I'm no good on radio." He flashed the famed Gable grin and added that he was leaving himself wide open for comments about his movie work. Silly boy.

Kathryn Grayson's infant daughter came home from the hospital, but will have to remain in a plaster cast for a few months. The little girl had a dislocated hip.

George Raft keeps mumbling about retirement, but let's look at the record. He just finished "Intrigue" for Columbia and goes right into "Red Light" for United Artists and "Bail Bond" for RKO. Then he goes abroad for two pictures of Now, George. his own

week. Many beef items were up 4 to 10 cents a pound from last week in highly competitive chain stores across the country. Pork cuts advanced an average of 6 cents a pound.

Grade "A" eggs were up a penny or two a dozen. String beans advanced as much as 10 cents a pound in several cities, and tomatoes were a few cents

higher. The only meat to show a general downward trend was veal, which was marked down 4 to 10 cents a pound by several large chains.

In New York, one chain announced it was cutting evaporated milk a penny a can following wholesale reductions of 35 cents per case of 48 cans by three major manufacturers. That brought the retail price in New York to 27 cents for two cans. The reduction in veal prices was described as an overdue reflection of last week's decline in other meat items. One major buyer said veal had encountered considerable consumer resistance and was "still too high-priced' at the wholesale level to compete favorably with beef and pork. hean sulted from a seasona "betweencrops'' shortage, produce men said. The Florida crop is about finished and the markets now are awaiting shipments from Texas and California which have been delayed by unfavorable weather. The American Institute of Food Distribution said the recent freezes in California, Arizona and Texas - with Florida fruits injured by prolonged dryness and heat — "point to high priced citrus fruits on the fresh markets between May and next autumn." The Dun Bradstreet Whole-The Dun Bradstreet Whole-sale Food Index this week edged upward to \$5.78 from \$5.76 a week ago, but was still 12.6 per-cent below the 1948 level. #### Year-Old Ram Thinks He's Dog

He shuns his own kind, and pre-fers the company of two big col-lies that have been his playmates since birth.

He chases rabbits with the dogs. But he isn't much good at the kill. When he has exhausted

his quarry he just sniffs it. Lambie was orphaned before he was weaned. He was raised by Johnnie Scanlan, 7, son of Mr. and Mrs. Clifford M. Scanlan of Wylie.

As the only lamb on the 1,200 acres it was perhaps natural for Lamble to think he was a dog. Of course, he doesn't bark. And his bite isn't much good either. Pantoa Att Heres

A day seldom passes in the area we serve unless another industry, another business goes on our lines. The Panhandle Plains, Pecos Valley area is growing by leaps and bounds, and it is our constant aim to help it grow by having plenty of low-cost, dependable electric service ready wherever or whenever it's needed.

That's why we're happy to add new industry to our lines-it means more prosperity for more folks in the years to come.

## Throttling **Of Churches** Systematic

GENEVA, Switzerland - (P) ----The throttling of church influ-ence in the iron curtain countries is moving with the precision of a timetable, Western church officials here said.

Some churchmen who have maintained contacts in Eastern Europe say the whole pattern is so rigid, carefully planned and executed it appears to have been dictated by a central authority, possibly the Cominform (Communist International Information Bureau)

They say the whole structure of church and religious life in Eastern Europe is being altered by Communist pressure.

The life sentencing of Josef Cardinal Mindszenty of Hungary and the forthcoming trial of 15 Protestant leaders of Bulgaria are only the headline developments in this burrowing into the foun-dations of established religious ife, according to these informants.

Americans, since 1776, have always had the right to choose their purchases and their business firm as they pleased. This is a precious heritage that must be guarded and defended by each and every one of us.

For the last decade, ,various "isms" have constantly threatened to destroy this heritage. World War II, gigantic struggle that it was, was only the beginning in the long and hard fight to keep American traditions and priveledges free for all.

Now, as never before, we must all join together to protect OUR way of life. The freedoms, from want, from fear, from hunger, of worship, and the all important FIFTH FREEDOM, that of choice, are being threatened.

REMEMBER, Democracy WORKS, it works to your benefit, to my benefit, to the benefit of free peoples everywhere. Lets keep it that way.

During the war the lubmer and construction industries were greatly hampered due to the pressing need of the military forces. Now, the lumber and construction industries are again able to offer you the finest materials and workmanship available. Thanks to the fact that Democracy works, you can now build your home as you have always wanted to. Now is the time to build. Benefit from the Freedom of Choice, build YOUR home as YOU want it, NOW!

# Excercise Your 5th Freedom ---the Right to Pick and Choose!

Things are a lot different in many foreign lands. You don't just step up to the food shelves and pick and choose to your heart's content. You can only buy what you are allowed on your ration card - and in addition the choice is small.

But in our FREE country it has always been our privilege to pick and choose everything - even the food we eat. Your everyday grocery shopping is a matter of routine to you-but count your blessings and appreciate the fact that there is an abundance of fine foods for you to select for your family.
