

PAMPA BEGINS PREPARATIONS MONDAY FOR CHRISTMAS SEASON

When the large strain at the Fire Station blows tomorrow morning at 9, Pampa's Christmas season "kickoff" will have been sounded. Those who have worked out the details for the forthcoming season's festivities, and implemented those details have continually extended invitations to all citizens here and in surrounding communities to take part. Officials are continuing to extend that invitation. Here is a summary of the activities for the season:

Goodfellow Club—Anybody in the Pampa area is eligible to become a Goodfellow. Likewise, anyone in the area is eligible to vote "honor to someone who he thinks has contributed to his community," according to the announcement. Ballots, facsimile of which is printed in today's issue of the News, are to be mailed to Goodfellow Club, Pampa, Texas.

The 26 nominees receiving the largest number of votes will be the official club for this year. It was said. A new club will be elected each year. Honorable mentions will be listed also. Successful candidates and a number of honorable mentions will have their pictures appear in windows of establishments that are taking part in the "Flight" program.

Registration, to be at the Legion-VFW Hall, will be on the following dates (with the following hours): Nov. 27—time 1 to 5 p. m.; Dec. 3—time: 1 to 5 p. m.; Dec. 6-7—time: 1 to 5 p. m.; Dec. 8—time: 9 a. m. to 1 p. m. Children through the age of 14 will be eligible. It was said. Names of winners will be placed in the windows of participating business firms. Winning children will receive their gifts at those firms where their names are listed.

Registration, to be at the Legion-VFW Hall, will be on the following dates (with the following hours): Nov. 27—time 1 to 5 p. m.; Dec. 3—time: 1 to 5 p. m.; Dec. 6-7—time: 1 to 5 p. m.; Dec. 8—time: 9 a. m. to 1 p. m. Children through the age of 14 will be eligible. It was said. Names of winners will be placed in the windows of participating business firms. Winning children will receive their gifts at those firms where their names are listed.

Two hand-engraved trophies are to be presented to the winning floats in two divisions: Division 1: Christmas nativity scenes; Division 2: Santa Claus and the festivity theme. Following the parade (around 4 p. m.) the names of children and Goodfellows will be in store windows.

Home Decorations—There will be a giant silver, hand-engraved trophy to go to the best decorated home in the city, to be known as the grand champion. There will be four sets of cash prizes for decoration contest winners in four designated parts of the city. Each set of prizes will be composed of \$7.50, \$7.50, \$5 and \$2.50. The four cash prizes will go to winners in the following class of decoration: Group 1—scenes using cut-outs of religious nature; Group 2—scenes using cut-outs, representing things connected with Christmas aside from the religious aspect; Group 3—scenes using only lights or features to harmonize with the surroundings without the addition of special scenes or cut-outs; Group 4—Door-

Street Decorations—Street decorations, again this year being erected by the Junior Chamber of Commerce, and on a larger scale, will be ready for the Dec. 8 events. Courthouse Lawn—It will be elaborately decorated with nativity scenes, all sponsored jointly by the Chamber of Commerce, Pampa Rotary, Lions and Kiwanis Clubs and the Jaycees. There will be three scenes: 1—Nativity; 2—Wise Men on their camels; 3—shepherds and their flocks.

BABY ELEPHANT SETTLED DOWN—Anne H., one of the six baby elephants whose shipboard mutiny in the Pacific made headline news, is unloaded at Municipal Airport in Chicago, bound for a zoo in Madison, Wis. Hay is offered by Jane Marshall of Madison to keep "Annie" from showing her ire once again.

AFL Invites Lewis 'Back to the Fold'

CINCINNATI — (AP) — The American Federation of Labor took another step toward the elusive goal of labor unity Saturday. It invited John L. Lewis and his 60,000 miners to come back to the fold. Earlier in the AFL convention, delegates had approved a resolution inviting the CIO to return. They declared the door was not open to the rival labor group, which meets in Portland, Ore., this week, but said they were extending a hand of welcome.

Change in Israel's Territory Fought

PARIS — (AP) — The United States announced its opposition yesterday to a part of the British-supported Bernadotte Plan which would slice the huge Negev Desert from Israel and give it to the Arabs.

The American position was stated by U.S. Delegate Philip C. Jessup in the 58-member Political Committee of the U.N. Assembly. In what he described as preliminary statement, Jessup followed closely President Truman's declaration that no reductions in Israel's territory should be made without full consent of the Jews.

Jester Asks Farm-Market Road Meeting

AUSTIN —(AP)— Gov. Beasly has called on members of the 51st Legislature to consult with him on his farm-to-market road plan before the Legislature convenes Jan. 11.

The Governor's office released copies of a letter mailed to legislators this week in which Jester presented the following summary of the farm road situation in Texas:

"1. With present funds available, we will have by 1951, 12,300 miles of paved rural roads built by the State Highway Dept.

"2. If you approve my recommendation that 20 million be appropriated for this purpose, we can have—right now—another 2,900 miles.

"3. At our present rate we can have 25,000 miles of paved rural roads carrying 85 percent of our traffic—completed by 1955 by the State Highway Dept.

"4. The counties now have about 26 million dollars a year available for road purposes and by 1951 may have another 11 million. How many miles they can add to the above totals is mathematical."

Jester said he has asked the counties of Texas to tell the

Texas Laws Lack Safety Principles

SAN ANTONIO —(AP)— The American Automobile Association says that only seven states have not yet adopted the principles of safety-responsibility in their basic motor vehicle laws.

The states are Texas, Arkansas, Louisiana, Mississippi, Nevada, Oklahoma and South Carolina. Joseph H. Braun of Chicago said at the AAA 46th annual convention here.

Safety-responsibility laws require proof of financial responsibility from motorists with a tendency to recklessness or irresponsibility, and encourage all motorists to be sure of their ability to pay damages when involved in accidents, Braun said.

There were 2,800,000 tractors on United States farms in January, 1947.

Legislation how many miles of dustless, smooth-paved surface roads they can add to the secondary road system of Texas each year "with the 26 or 37 million dollars which they will have available."

"It occurs to me that our consultations on this matter during the months intervening before the convening of the 51st Legislature will be exceedingly profitable to all of us and will make for prompt and intelligent action on the part of the Legislature."

The Governor wrote.

State's Official Canvass Gives Truman 750,700 Votes in Election

AUSTIN —(AP)— Harry S. Truman officially received 750,700 votes in Texas and Lyndon B. Johnson, U. S. senator-elect, 202,965.

Those are the figures disclosed by the formal canvass of the Nov. 2 general election.

Secretary of State Paul Brown said the totals of the canvass will be considered the official totals for the general election despite 37 counties failing to report their returns on the presidential race and 12 counties failing to report in the U. S. senatorial race.

The canvass also showed these presidential candidates: Lyndon B. Johnson, 202,965; Harry S. Truman, 750,700; Robert A. Taft, 324,141; Charles A. McNary, 2,785; and Norman Thomas, 834.

Returns were opened by the secretary of state in the presence of Gov. Beasly, H. Jester and Attorney General Price Daniel, as provided by state law.

The canvass covered all counties wide races except for governor. That tally is made by the Legislature.

Jack Porter, Republican candidate for U. S. senator, was shown with 299,665 votes. Supreme Court Chief Justice J. E. Hickman, unopposed in the general election, was a candidate with the highest vote of any candidate.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE

ASBURY PARK, N. J. —(AP)— An elderly retired Wall Street broker as the big wheel in a one-man campaign to teach the nation how to roller skate.

And the goal of wealthy Perry B. Rawson is to create 20 million new skating fans. He is probably the only man in the world who owns two private rinks for his own use.

"Roller skating has become the number one participation sport in America," he said. "More than 15 million people follow it.

"But only about 5 percent are really skaters. The rest are just rollers."

A "roller" to Rawson is a skater who caters around a rink, wobbling and tottering, at the best of his own limbs and the aid of other fans.

Rawson, in 1922 Rawson, who had in the 1929 stock market crash lost his business with his fortune. He decided to devote his life to skating a life-long hobby.

"I had spent thousands of dollars here and abroad with professional teachers," he said. "And I decided most of it was wasted so I set out to find the right way to skate."

He built a large rink on his estate estate here on the Jersey shore and a smaller one on his summer place at Manchester, N. H. He turned the rinks into skating laboratories.

He developed several contraptions that have a rubber Golden-Glo look but enable him now to teach the average beginner the principles of skating in a single hour.

"I found that most skaters weren't really skating. They were walking. When you walk, you balance on either the heel or toe. In skating you balance on the center of the foot."

Currently Rawson, whose researches were made entirely at his own expense, is trying to get the first rink owners in the United States to adopt his system of teaching skating, which is entirely free.

Flying Farmers Follow Old Cattle Trail

DODGE CITY, Kan. —(AP)— One hundred and fifty flying farmers came up the old cattle trail from Texas and a Hereford steer came along, too.

The flying farmers—from Texas, New Mexico, Oklahoma, Kansas, Colorado, Wyoming, Nebraska and Idaho flew here yesterday from Gainesville, Tex.

The Hereford, flown here in the private four-seater plane owned by Mr. and Mrs. E. M. Anderson of A-Bar-A Ranch, Medina, Tex., will be auctioned today.

Red School Teacher Stays in America

NEW YORK —(AP)— A little Russian schoolteacher who touched off an international incident has said "I want to be in America and no place else."

Mrs. Oksana S. Kasenkina, 55, said that as she prepared to leave Roosevelt Hospital, 98 days after her leap from a third-story window of the former Russian Consulate here where she said she was imprisoned.

She refused to make her home with a sister in England and plans to live quietly at an undisclosed location outside New York.

NATIONAL WHIRLIGIG news behind the news

WASHINGTON - The final check on President Truman's surprising victory in the face of overwhelming political and popular odds gives credit to the women for keeping him in the White House. It is, perhaps, their greatest public achievement since they were given suffrage almost thirty years ago.

FOREIGN - President Truman has taken complete command of the handling of foreign problems for the first time since he entered the White House.

WOMEN - The teachers alone, assuming that they influenced and propagated a friend or two—and few groups have a richer field for making and influencing friends—could have turned the trick, in view of Mr. Truman's narrow margin in such key states as Ohio, Illinois, Iowa, West Virginia and other commonwealths that provided him his electoral college dividend.

BY HERSBERGER. The Republicans only fear that growing political power when it is in the hands of Democrats. The Democrats only fear it in the hands of Republicans. They are both wrong. Our Founding Fathers were much wiser than all of us put together. They knew that the supreme danger is in the concentration of power itself. Today—we have forgotten their warnings. Today—we want protection more than we want liberty!

Former Texas Ranger Dies After Dream Comes True

ALPINE, Tex. (AP) — Everett E. Townsend, who made his dream of a Big Bend Park come true, died here Friday night. He was 77.

For 57 years, Townsend cherished the idea, then the reality of a park in the Big Bend country where he had lived as Texas Ranger, U. S. customs inspector, Texas legislator, sheriff and rancher.

When he died after a long illness, he was commissioner of Big Bend National Park.

His widow survives. Funeral services will be held here at 3 p. m. today.

Townsend was customs inspector when he got the idea of the park 57 years ago. In 1922, he was elected to the Legislature. While there, he introduced a bill to make a state park in the area. It passed.

He saw his dream come fully true Sept. 5, 1943, when Gov. Ooke Steynson presented the deed for the park to the National Park Service.

Townsend had been commissioner since Aug. 1947. At the time he was put in charge of the park, he was curator of the Sul Ross College here. The museum was another idea that Townsend had helped to bring to life.

Townsend was born in Colorado County Oct. 29, 1871. When he was 19, he patrolled the border as a Texas Ranger. By the time he was 22 he was a deputy U. S. marshal.

He spent four years as a customs inspector, beginning in 1894. In 1900, he went back to the Rangers.

He ranched until 1916, then was elected sheriff and tax assessor-collector of Brewster County. After three terms, he voluntarily gave up the office.

Dem Group Seeks Party Standing

JACKSON, Miss. (AP) — The Mississippi Democratic Executive Committee Friday spiked any hopes President Truman had for getting Mississippi's electoral votes. Now it wants to know how it stands with the national party.

By the committee's efforts, the State's Rights presidential ticket rolled up a powerful election lead over President Truman in this state.

Members dispatched a telegram to National Democratic Chairman J. Howard McGrath asking him to clarify official recognition in Mississippi.

The action came as the state Democratic convention—in recess since Aug. 3—officially adjourned without doing anything to change the state's nine electoral votes pledged to Gov. J. Strom Thurmond of South Carolina and Gov. Fielding Wright of Mississippi.

'Loneliest Island' To Have Chaplain

LONDON — (AP) — The Rev. and Mrs. David Ingles Luard, who first met on the remote South Atlantic island of Tristan da Cunha, are going back to live in the place sometimes called "the loneliest spot in the world." The Society for the Propagation of the Gospel here is sending Luard as Church of England chaplain to the British-owned island, about midway between Cape-town and Buenos Aires.

It's NOT the Old Oil

Discovery of oil in Puerto Rico would really be a boon to the economically hard-pressed U. S. territory. The Industrial Development Company is hopeful. When this geyser shot up during test drills near San Juan, it was exciting for a minute—until it was seen that the spray was just mud and water.

Mosses lack vascular tissue, and hence rarely attain great size. The vascular tissues provide a system of pipes or tubes for transport of water and food.

Soap Plant Sued For Allowing Odor

WICHITA FALLS (AP) — A soap plant here was restrained Friday from permitting the escape of offensive odors.

An injunction was granted by Judge William H. Atwell against the Soap Corporation of America after more than a score of persons protested that the odors offended them.

Eleven persons were awarded \$31,916 in damages earlier in the week after damage suits against the firm.

Attorneys said that the injunction placed upon the soap company the responsibility of operating its plant without foul odors to avoid possible charges of contempt.

Month's Rations Sent To Chinese Cities

WASHINGTON — (AP) — The United States is speeding a month's emergency rations to the 12,270,000 residents of war-battered China's seven largest cities. Totaling 120,000 tons, the shipments will provide about 15 pounds of rice or flour per person in the north and central cities of Shanghai, Swatow, Canton, Nanking, Tientsin, Peiping and Taingtao.

Mosses are believed to have been among the first forms of plant life on earth.

Deadline Set On Entries In Parade

Word has been received from Santa Claus that he will be in Pampa to participate in "Flight of Santa Claus" parade. He said he will bring a big pack full of candy to give to the children who come down to the parade.

Twenty-one organizations have made reservations to enter floats in the community-sponsored Christmas parade at 2:30 p. m. Dec. 6, Paul Beisenherz, Parade Committee chairman, said yesterday.

All organizations must have their reservations a by Dec. 1 in order to enter floats, he said. Serving as parade marshal will be Roy Lewis, a member of the Parade Committee. Other committee members are Huelyn Laycock, Dale Pinson, Zelta Osborne, Louie Allen and John Pitts.

The floats will be divided into two divisions—Biblical stories and general Christmas theme, Beisenherz said. A prize will be presented to the first place winner in each division and all entries will receive certificates.

Organizations that have made reservations include: Girl Scout Troops, 9, 24, 18, 11, 28, and 25; Boy Scout Troops 22, 80, 14 and Pack 14; Rainbow Girls, Twentieth Century Clubs, Catholic Church, Wayside Home Demonstration Club, American Legion, B & P.W. ESA Sorority, Knights of Pythias and Pythian Sisters, Rebekahs and IOOF, Harrah Methodist Church and La Rosa Sorority.

Frank Wilson, chairman of the Bands and Choir Participation Committee, said yesterday that eleven out-of-town bands and choruses have been invited to participate. They are from McLean, Canadian, Phillips, Berger, Amarillo High School, Amarillo Junior College, Shamrock, White Deer, Perryton, Spearman, Lefors and Pampa High School and Junior High.

The bands and choruses will engage in carol singing around the Christmas tree at the City Hall lawn at 1:30 p. m. and will be entertained at a party in the American Legion-VFW Hall following the parade.

Abilene College Opens Campaign

DALLAS —(AP)— Abilene Christian College opened a campaign for a \$1,037,000 development fund. President Don H. Morris conferred here with ex-students, and announced that Robert S. Bell of Dallas will head the drive. The fund is to be raised during the coming year. A major part of it—\$810,000—is intended for the college's endowment program. The rest will be spent for buildings and equipment.

Mother Couldn't Tell Which Twin Had Toy

LEEDS, Eng. —(AP)— Mrs. Doris Leake, an 18-month-old twin son under each arm, dashed to the hospital. One of them, she said, had swallowed the wheel of a toy car. She didn't know which, but she couldn't find the wheel. Doctors did what doctors do.

Man Spends Day Trying to Kill Self

LOS ANGELES —(AP)— Richard M. Rudolph's determination was strong, but his constitution was stronger.

Here's how police said Rudolph, 34, spent Thursday: He wrote a farewell note and cut his throat six times with a butcher knife. Then he lodged the handle of the knife in the wall and rammed the blade into his heart three times. He topped this by drinking a bottle of poison, turning on the gas burners and crawling into his bedroom to die. Neighbors smelled gas, called police. Rudolph was still alive Friday at General Hospital.

and informed Mrs. Leake that neither Ian nor Paul had a wheel in his inwards. They thought perhaps "Topper," the twins' puppy, might be having a stomach ache later on.

HST Finds Lots of Help

By HAL BOYLE
NEW YORK —(AP)— President Truman is finding no shortage of volunteer carpenters in his task of building his 1949 cabinet.

Everybody is lumbering up with a new idea. If all who have been suggested for a place were included, the cabinet would have to have more posts than a fence around Texas.

I have compiled a tentative list of appointees, which is being forwarded to Key West by the next passenger pigeon that flies this way. Here it is:

For secretary of agriculture—Milton Berle, who has run the price of corn up to the highest peak in history. Or Fred Allen, who gets about as much for chaff. Secretary of labor—Tommy Manville, who makes work out of play.

Secretary of the interior—Sherman Billingsley of the Stock Club, who has made a career out of satisfying the inner man.

Secretary of the treasury—Bernard Baruch, because in crowded Washington his fondness for a park bench would save office space. Alternate choice: Jack Benny, who spends a dime finger by finger.

Secretary of defense—Greta Garbo. She keeps her barriers high. Attorney-general—some good hardender. He'll never drop a case.

Postmaster general—Lana Turner. Everybody would love to play postoffice with her.

Secretary of state—Barbara Hutton. As chief of foreign affairs, she'd have the experience to keep us out of entangling alliances.

And for U. S. representative to the United Nations, nobody but that arch diplomat of the diamond—Leo Durocher. Whenever Vishinsky rose to voice his perennial charge that the U. S. is trying to build an empire, Leo would have his answer ready: "Who wants an empire? Not us. No empire was ever any good."

With a team like that America could never strike out.

LEWIS

(Continued from Page 1) could be wiped off the books in the opening weeks of Congress. He said nothing so far reaching as that could be done before the inauguration Jan. 20.

The convention approved a proposal of President Green for a full-scale economic conference of industry, farmers and labor to help fight inflation and the cost of living. The government should take part by supplying overall information on trends in problems, the resolution said.

Meter Salesman Finds Alert Police Force

HOPESTON, Ill. —(AP)— A representative of a parking meter company visited Hoopston to see how the meters are working out. He found both the meters and the police in good working order. On his return from a talk with the chief of police he learned his car had been ticketed for overtime parking.

Inauguration Is His Headache

From now until President Truman is sworn in, Melvin D. Hildreth will have plenty of headaches. He's general chairman of the 1949 Inaugural Committee. Every Joe and his brother who wants to see the big spectacle will be hounding him for tickets. Hildreth, a Washington, D. C., lawyer, goes over plans with his secretary, Mrs. Joyce Boyson. He promises the ceremonies will be tremendous, with a parade, air show and fireworks, besides the main event.

Mad Otter Loses Campus Chase

LAKELAND, Fla. —(AP)— An otter chased a man around the campus of Florida Southern College. The otter lost the decision.

The 30-pound animal came out of Lake Hollingsworth at the campus edge and started after Adam Byrd, a grounds employee. Byrd took to his heels, but the otter gained a hold on a trouser leg.

Then Byrd came out swinging—a shovel. The animal finally headed for the water.

Hopes for Maritime Strike End Are Dim

SAN FRANCISCO —(AP)— Negotiations to settle the 80-day-old West Coast maritime tie-up entered their ninth day yesterday.

There were no indications that an agreement would be reached before today's midnight deadline, but it was likely that an extension of the negotiating period may be agreed upon.

Lawmaker Asks for Supervision of Polls

NEW ORLEANS —(AP)— Public opinion polls? Rep. Adam C. Powell, Jr., (D-NY) says they ought to be put under government supervision.

The Negro congressman said before sailing for Kingston, Jamaica, that he contemplates asking that such polls either be licensed or placed under supervision of the Census Bureau. He said they were "too far off the beam the last election."

Price Hike Announced For Cadillac, Buick

DETROIT —(AP)— Price boosts for 1949 Cadillac and Buick automobiles are announced by General Motors Corp.

Cadillacs will cost an average of 3.2 percent more than the 1948 listings and new Buicks will sell for from \$50 to \$100 more on various models. GM disclosed the increases Friday.

EIGHTH DIVISION MEETS

SAN ANTONIO —(AP)— Awarding of decorations highlighted the first post-war reunion of the Eighth Infantry Division here yesterday. A memorial service for the Golden Arrow division's dead will be held today at Fort Sam Houston.

Evening Wave

On formal occasions the Navy's women will blossom out in this revolutionary regulation uniform, a floor-length evening gown of navy blue wool. The ensemble, worn by Florence Knuss of Teaneck, N. J., has a white silk blouse under a bolero-type jacket. The hat is a small, close-fitting, crescent-shaped diadem of navy blue felt piped in black.

Connally Calls Airlift 'Success'

DALLAS —(AP)— U. S. Senator Tom Connally termed the Berlin airlift "a success beyond all expectations."

In a speech to a Kiwanis club here Friday the Texas statesman said it had "staggered the populace of Europe and given Russia's rulers reason to pause."

Connally, scheduled to become chairman of the Senate Foreign Relations Committee again when the 81st Congress convenes, said he was optimistic about a solution of the Berlin stalemate, if the U. S. makes some "slight currency concessions" to Russian occupation officials.

Students Protest Plane Shipment

VANCOUVER, B. C. —(AP)— Seventy University of British Columbia students staged demonstrations against the shipment from here of 30 Mosquito bombers and airplane parts, bound for Nationalist forces in China.

Placards included: "Bread, not bullets, for China"; "Thou shalt not kill"; "Hands off China"; "Let youth protest murder"; and "Not a plane, not a gun for Wall Street's Chiang."

Paper 130 Years Old

ITTLE ROCK, Ark. —(AP)— The first edition of the Arkansas Gazette was published 130 years ago Saturday.

The oldest paper west of the Mississippi River was founded Nov. 20, 1819, by William E. Woodruff.

England Proposes Cheap Legal Service
LONDON —(AP)— The labor government promised to give free or cheap legal service to Britons of modest means.

Details of the newest Socialist scheme were disclosed with publication of a legal aid and advice bill. A spokesman for the Law Society said the legal profession's reaction to the plan is "favorable." It is estimated that it would cost the state about \$8,800,000 a year at present.

Chick Production Below Last Year

AUSTIN — (AP) — Commercial production of chicks in October, 1947, in Texas, but egg production was higher as farm flocks set a new record for rate of lay for that particular month. Hatcheries produced 1,600,000 chicks, 24 percent less than in October of last year, but 7 percent above the October average of 1,481,000 chicks, the U. S. Department of Agriculture reported.

Demand for broiler chicks exceeds Texas output, a normal condition for this season of the year, the reporting agency said. Prices of straight run chicks on Nov. 1 averaged \$16 per hundred for heavy breeds; \$15.50 for light breeds and \$16 for cross-bred

Increase Shown in Measles Cases

AUSTIN — (AP) — The State Department of Health Saturday directed attention to the increased incidence of measles and influenza throughout Texas.

The department's weekly report showed 261 new cases of measles, bringing this year's total to 47,541 compared to 7,239 a year ago. The record covers the period through Nov. 13. Influenza cases numbered 1,504 the past week compared to a seven-year average of 960 cases for the comparable time of year. However, the 1948 total is only 68,929 compared to 107,392 cases at this time in 1947.

Whooping cough and diphtheria are considerably below the totals of last year.

Twenty-seven polio cases were reported the past week, bringing this year's total to 1,964.

Corporal Seeks Wife, Racing Car

LAWTON, Okla. — (AP) — Langton Hall wants a wife, and he also wants a racing car. He has a plan which he hopes will get him both.

The 28-year-old Fort Hill corporal says he'll marry any woman—if she's between 25 and 45—with enough cash to buy him that racer. He says he's "average looking" and "dead serious."

Langton describes himself as a five-foot eight-inch former professional race car and stunt driver. He's also done some delayed-

action parachute jumping. The soldier says racing cars cost about \$25,000. Which should limit the field.

Bear Knows Bad Whiskey; Breaks Liquor Still

WASHINGTON — (AP) — Why didn't the revenuers get their man? Well, seems there was this bear who knew bad whiskey when he tasted it.

While alcohol tax unit agents hid in waiting for the owner of a Tennessee still they had just found, the bear, "big and black," lumbered out of the forest and decided to sample the product.

He rolled it around his tongue, according to the report filed at the Internal Revenue Bureau, took another startled taste—and smashed the still to pieces.

Their evidence destroyed, the revenue men went home.

W. C. Fields' Body To Be Cremated

LOS ANGELES — (AP) — The body of W. C. Fields—dead two years—is to be cremated, at last.

650-Pound Bear Defies Bullets

GRAND JUNCTION, Colo. (AP)—Frank Bernard came back from a deer hunting trip with a tall bear story—and the bear to prove it. The bruin he'd shot weighed about 650 pounds and was seven feet long.

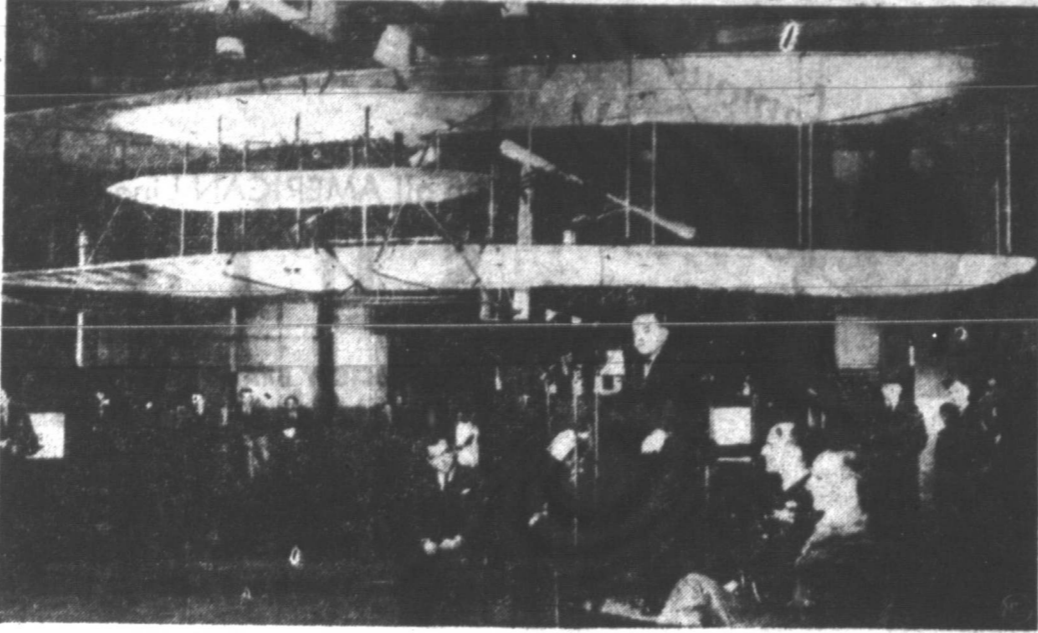

Bernard said the big animal was only 30 feet away when he fired his first shot, the bullet striking the bear in the nose. The bear charged, paying no attention to a second bullet drilling into its side. Another hunter then shot the bear in the foot, turning it on one side, and Bernard's third shot broke its leg, ending its enraged rush.

Congress Will Retain Farm Act, Aiken Says

DES MOINES, Ia. (AP)—Major provisions of the Agricultural Act of 1948 will be retained by the Democratic-controlled 81st Congress. In the opinion of Senator Aiken (R-Vt.).

Aiken, chairman of the Senate Agriculture Committee of the 80th Congress which passed the long-range farm bill, told the Iowa Farm Bureau Federation that repeal of any of the major provisions of the act "would indicate a complete reversal of the shot broke its leg, ending its administration."

Wright Brothers' Plane Is Coming Home

With the Wright Brothers' famous plane, which first ventured into the air at Kitty Hawk, N. C., hanging in the background, British Minister of Education George Tomlinson hands the historic craft back to the U. S. The ceremony took place at the South Kensington Science Museum, London, where the plane has been on display. It's now headed for the Smithsonian Institution in Washington.

Legal Records Fund to Help Widow at \$1,033

Wife Returns—As Housekeeper

CHICAGO (AP)—Mrs. Beatrice Borla, 34, who had sued for divorce has agreed to return home as her husband's housekeeper—but not as his wife.

Her husband, Charles, 38, a bartender, agreed to the terms, in lieu of full reconciliation. Borla's attorney commented that he would have to be a "superman" to live up to them.

Borla and his wife, married for 28 years, agreed that she should return to their home and care for their two children, Robert, 8, and Tom, 5, but she will have her own room.

Rule Holds Co-ops Must Pay Luxury Tax

AUSTIN (AP)—Cooperative marketing associations must pay luxury taxes on gross receipts from sales of radios, cosmetics and playing cards, the attorney general held.

The ruling was requested by State Comptroller George H. Shepard. He said it had come to his attention that certain stores operating under the Texas Marketing Association Act are selling products considered luxury items.

Overlooked

When the official coat of arms of the United States was changed in 1945, the vice president's flag was not changed accordingly. President Truman recently ordered the flag redrawn, and Betty Walsh, of Cincinnati, O., displays the new design. The eagle now overlooks the olive branch. It formerly faced the other way, toward the arrow.

Organization Formed For People Who Don't Like Organizations

FRANKLIN, Ill. (AP)—You can join the "OEPQO" if you have the strength of character to say the password at the right times.

The "OEPQO" is an Organization to Encourage People to Quit Organizations. Its password is "No."

It has no officers, no dues, no meetings, no activities, no projects. Its motto: "Be a quitter."

Dr. Howard W. Stone, pastor of the First Presbyterian Church, proposed the "OEPQO." His purpose was to help members save time for family life and church duties.

Tourist Slump Is Feared by Swiss

GENEVA (AP)—The Swiss travel experts are not very happy about the prospects for the winter tourist season in Switzerland. At a recent meeting of agents of the Swiss Tourist Agency from all parts of the world, it was generally agreed that a great many travelers, for one reason or another, are going to stay away from Switzerland this winter.

This is no reflection on the fun and facilities available. The difficult international situation is one reason. Another, Swiss experts in the United States reported, is the failure of Switzerland to advertise enough. They said the prospective American guests were subjected to a "drumfire" of British and French tourist propaganda, which had been quite successful.

Engineer Hates To Leave Tracks

WASHINGTON (AP)—One Edward H. Brown rode a train to Cumberland, Md., 186 miles from Washington.

When he hung his engineer's cap yesterday, after watching thousands of miles of track pass under the wheels during 48 years of railroading, that stood as his longest trip away from home. Most of his travels were in the Washington and Baltimore yards.

The 70-year-old engineer retired with a true railroader's sentiment.

"Hate to leave that track," he said.

Prague Order Bans German Grave Marker

PRAGUE (AP)—The Prague city administration has dug up an old order that German inscriptions on tombstones must be removed, and announced that removal must be done by the end of this year except where removing the lettering would de-face other art work on the grave stone.

The order was issued shortly after liberation in 1945, when feeling against the Sudeten Germans and every other kind of German ran high. German inscriptions were to be replaced by Czech. But, like all orders, enforcement lagged. Recently the question was renewed and the Prague council decided it must be obeyed.

FILMS IN VIENNA

VIENNA (AP)—Carol Reed, who produced the British film "Odd Man Out," is now in Vienna working on another picture, "The Third Man." The screen story was written by Graham Greene. Joseph Cotton, the American star, plays the lead. Austrian actors will be used extensively in the film.

Baby With Outside Liver Survives

LONDON (AP)—A girl, born with liver and intestines outside her body, has made an "uneventful recovery" from an operation—carried out two hours after birth—to put these organs in their normal place.

Two London doctors, B. S. S. Acharya and R. W. Burslem, reported the case in the "British Medical Journal." They said they believed the child "was the youngest to be anesthetized successfully with cyclopropane."

As each airlift plane is unloaded in Berlin, men, women and children rush to sweep up every last speck of coal that spills on the runway. In the blockaded city, facing a cold winter, even little pieces of coal are precious. This scene is at Gatow Airport, in the British sector.

Calls for Defense

Director Russell J. Hopley, above, of the Office of Civil Defense Planning, recommended a permanent peacetime system of civil defense in a report to Defense Secretary James Foran. Hopley's report called for national, regional, state and community defense teams, organized to deal with all forms of disasters, including chemical and radiological.

Morgan Works In Two Films At Same Time

By BOB THOMAS
HOLLYWOOD — (P) — Tired young stars can take a lesson from Frank Morgan. He is celebrating his 33rd year as a film actor by working in two pictures at once.

The only thing old-fashioned about Morgan is the fact it's his favorite drink. He naturally favors it since his family's company makes bitters, without which he claims you just can't make an old-fashioned.

Reviewing his service before the cameras, the actor glowed: "It has been a long and profitable engagement."

Now playing a gambling oldster in "The Great Sinner" and a not-so-old baseball trainer (sans mustache) in "The Stratton Story," Morgan disclosed he has always toyed with his age.

"I started out as a character actor," he said, "because I didn't like to run. When I began acting in my 20's, the juvenile never walked on stage. He had to run with a tennis racket in his hand and he went off the same way, running and waving."

"Well, I wanted to walk, so I greyed my hair and became a character actor."

When he came to Hollywood in 1932 (he had made Eastern films in the early days), Morgan almost lost his resolve to remain a character actor.

"I came out to star in 'Topaz.' It's a long story but I finally didn't do the part; John Barrymore did. It might have changed my mind and brought me to the attention of the public as more of a leading-man type. Then I would have had to face the problem of transition from lover to character man."

"That is a hard thing to do. It generally takes ten years of idleness to make the jump. It's not that a leading man can't do character parts; the public just can't visualize him in them."

Sales Drop In 4 Cities

DALLAS — (P) — Department store sales in four Texas cities for the one week ending Nov. 13, 1948, compared with the same week last year, were down an average of 10 percent.

Three firms reporting in San Antonio showed the largest decline—17 percent. Four firms in Fort Worth averaged a 13 percent decrease seven firms in Dallas a 12 percent drop and five firms in Houston a two percent decrease.

The average for the four weeks ended Nov. 13, 1948, compared with the four weeks ending Nov. 15, 1947, showed a 6 percent drop.

Figures released by the Federal Reserve Bank of Dallas showed, however, that the firms in all four cities showed an increase for the first ten months of 1948 compared with the first ten months of 1947. Houston showed the largest percentage increase—27 percent. Fort Worth and San Antonio sales were up 9 percent and Dallas up 5 percent.

Plenty Turkeys, But Prices High For Thanksgiving

By the Associated Press
The nation's larder is well stocked with food for Thanksgiving shoppers this year—but the high price of turkeys may startle a lot of housewives.

Young hen turkeys are likely to be selling for 80 to 90 cents a pound between now and Thanksgiving, as compared with about 50 cents last year.

As usual, you can get more meat for your money buying the heavier toms, which usually cost about 10 cents a pound less for birds of 16 pounds or over.

As for the trimmings, a near-record cranberry crop, heavy supplies of citrus fruits and a bumper crop of California celery point to three attractive holiday offerings.

Supplies of potatoes, turnips, onions, winter squash, and sweet potatoes are ample. Pickle production was about 5 percent under last year, but still well above the average. Olives are plentiful in all sizes, and pumpkin for that traditional Thanksgiving pie is abundant, both fresh and canned.

Prices of foods as a whole this week remained close to last week's levels, averaging roughly the prices of a year ago, while the wholesale average eased slightly.

Peiping Rumors Suggest Chinese-Red Peace Deal

By **WALTER BRIGGS**
PEIPING, China (NEA)—If you keep your ears open here, you will hear that China is on the verge of being bisected or trisected or split into as many sovereignties as existed at the height of the warlord era or even on the verge of being welded into a cohesive whole.

This ancient North China city produces rumors as prolifically as a couple of women hobnobbing over the back fence.

The latest—and most discussed—is an absorbing story that a high Nationalist and high Communist recently met in, or on the outskirts of, Peiping to discuss the possibility of peace between the Chinese government and the Communists.

This rumor has gone so far as to suggest that Chou En-lai, who was a principal in Gen. George C. Marshall's truce negotiations and is alleged to be the No. 2 Communist, was the Red peace-maker. Gen. Li Tsung-jen, the government's vice-president, supposedly represented Nanking.

Peace terms, with the Reds receiving preponderant concessions, also were mentioned.

The old Mandarin heard this report from the maker of lotus lanterns, who in turn heard it from his rickshaw boy.

But so pervasive is this rumor—as have been several others—that Gen. Li himself and Dr. Hollington K. Tong, government information chief, felt called upon to deny it. Li said that there was "no substance" to it. Tong called it Communist propaganda.

Nevertheless, one foreign official—choosing others—told reporters that "there's something in the wind."

Peiping is productive of rumors because it flanks a huge Communist-dominated area. Furthermore, Peiping always has been a center of intrigue, international and domestic. And often it has been the stronghold of recalcitrant warlords seeking to break away, and sometimes doing so, from national authority.

Facts in China are so elusive and changes so unpredictable that foreign observers feel that they must examine many rumors. In the past many reports, which seemed virtually inconceivable eventually proved to be true.

A story is told that a group of correspondents once asked the late Chang Tso-lin, one of the toughest warlords, what would occur next in a current civil war. "You've lived in China one year... five years," Chang said, pointing to various correspondents. "I've lived here all my life. How can you write about what will happen here next month? I don't even know about this afternoon!"

Other rumors persistent enough here to require steady checking: 1. Gen. Fu Tso-yi, the government's able North China commander, and other former warlords are attempting, or have attempted, to build an independent North China bloc to revolt against Generalissimo Chiang Kai-shek and force negotiations with the Reds for a coalition government.

2. Warlords in this area and from other peripheral provinces either singly or in conjunction will declare themselves independent of the central government.

3. The Reds themselves are splitting, with one large segment preparing to seek a coalition government with Chiang and the other clinging firmly to Moscow.

In general, it may be said that the warlords probably will not go.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that S&S Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the S&S Tonic formula which contains special and potent activating ingredients.

Also, S&S Tonic helps you enjoy the food you eat by increasing the gastric digestive juices when it is non-organically little or scanty—thus the stomach will have little cause to get balky with gas, blood and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on S&S Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your cheeks—drum flesh all out hollow places. Millions of bottles sold. Get a bottle from your drug store, S&S Tonic helps build sturdy blood.

CHOU EN-LAI—Rumors say he is the Red peace-maker.

GEN. LI TSUNG-JEN—He says the rumors have "no substance."

over to the Reds because their power, which they value highly, would be obliterated.

While many of the warlords are pessimistic about the central government's chances and actively dislike Chiang's crowd, most of them probably have decided long since that their only hope is to string along.

Gasoline Raised, Oil Price Cut

NEW YORK (AP)—Gasoline prices were increased, but home heating oil and heavy industrial fuel oil prices cut, by the Esso Standard Oil Co.

The distributing subsidiary of the Standard Oil Co. (New Jersey) increased the tank wagon price of motor gasoline, effective Monday, by variable amounts up to three tenths of a cent a gallon.

Tank car and barge prices of heating oil were cut in amounts up to three tenths of a cent a gallon, effective Monday.

The price of heavy fuel oil, effective now, was cut by 21 cents a barrel at Gulf refineries, and 20 cents a barrel at Eastern seaboard terminals.

Homes Delivered To Flood Victims

LAREDO (AP)—The last of 70 2-room cement block homes built by the Nuevo Laredo Relief Committee for victims of the disastrous flood of the Rio Grande in Nuevo Laredo, Mexico, last June, were delivered to flood victims this week by O. L. Longoria, Jr., chairman of the Relief Committee. The first 40 of such homes were occupied some time ago.

Most of the victims now have been housed in new homes built with public donations. The land was given by the city of Nuevo Laredo and Mayor Heriberto D. Amador.

AP Index Shows Second Decline

NEW YORK (AP)—The Associated Press index of 25 wholesale commodities declined for the second consecutive week.

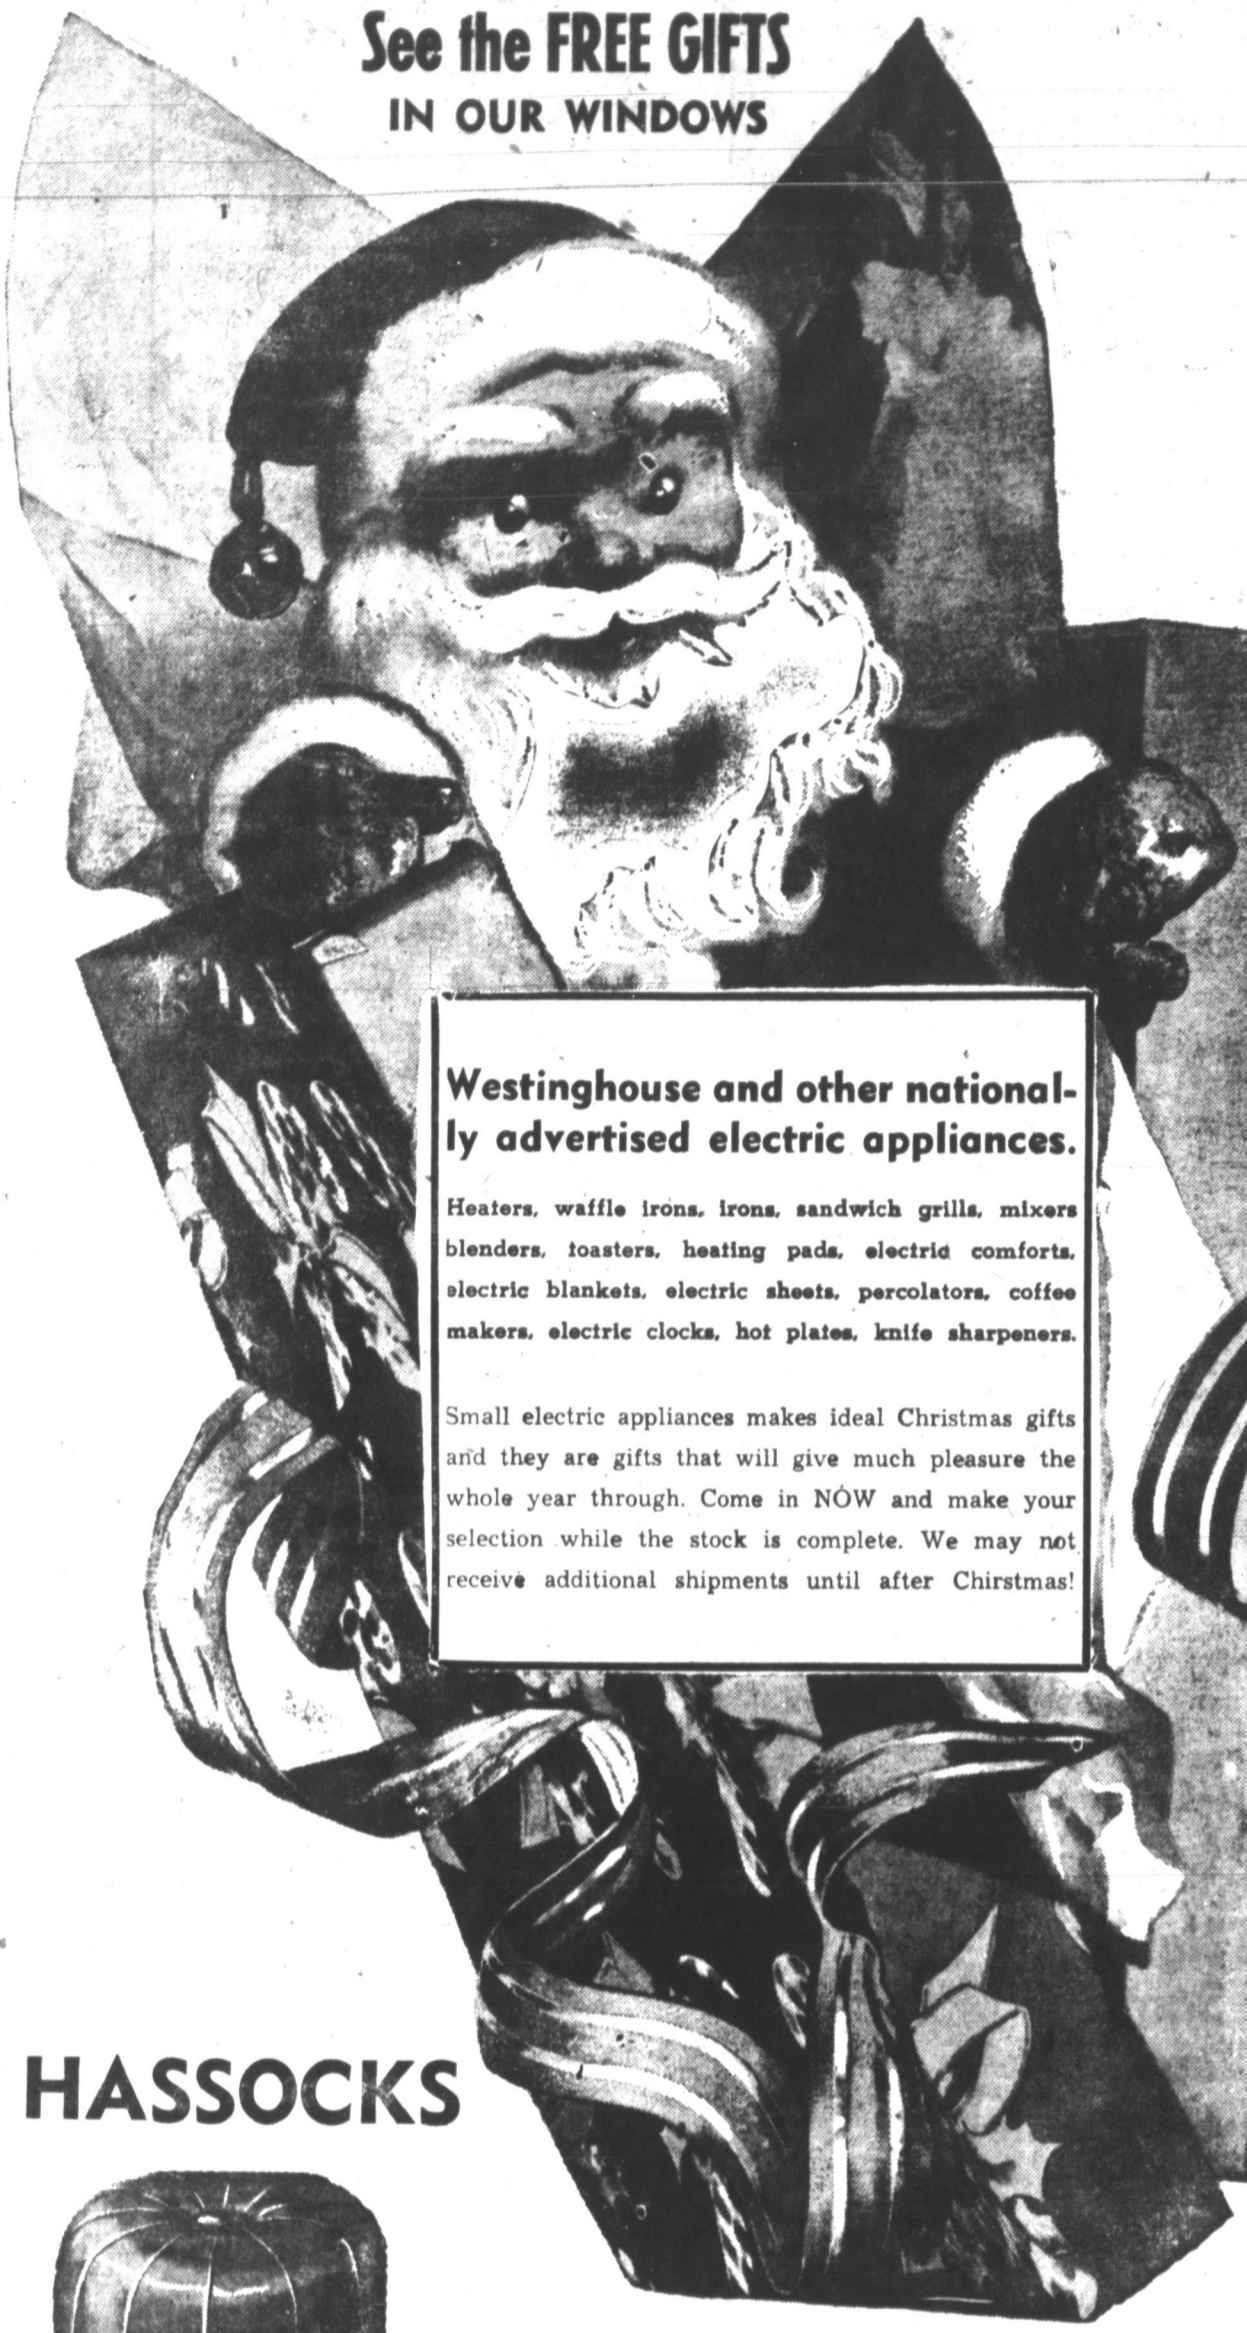

The index, in which the base year 1926 equals 100, dropped to 179.06 this week from 179.14 a week earlier and 201.55 a year ago.

Non-ferrous metals advanced to a new 1948 high—200.32 compared with the previous week's 198.11.

There also were advances in the grains and cotton and the textile category.

Industrials, food and livestock all showed declines from the previous week.

In November, 25,128 feathers were counted on a whistling swan.

GOP, Demos Find Common Ground

MOBILE, Ala. (AP)—Republican Party leader Joseph W. Martin says there is common ground for joint action by his GOP minority and the Southern Democratic faction in the next Congress.
The speaker of the House for the 80th Congress addressed the annual dinner of the Alabama State Chamber of Commerce Friday.
Referring to the "New Deal," he said "it was the South which helped to hold the line for American enterprise through the trying years of the pre-war experiment in Washington."

U.S.-Mexico Expected to Approve Dam

LAREDO (AP)—The United States and Mexico are expected to approve soon the final design for the mammoth Falcon Dam to be built 65 miles southeast of here in Zapata County, according to Commissioner Lawrence M. Lawson of El Paso.

The project will cost \$40 million.
Some 5,000 persons will be employed on the Rio Grande dam, Lawson said. Fort McIntosh facilities have been obtained for headquarters and housing facilities for many of the workmen.

Zapata, county seat of Zapata County, Texas, and old Ciudad Guerrero, one of the oldest towns of Northeast Mexico, will be submerged, Lawson said.
The project will provide water for irrigation of more than 600,000 acres. It is expected to store enough water to cover 3,500,000 acres one foot deep.
The huge artificial lake to be created is expected to turn the Zapata area into a veritable garden spot, as well as creating an enormous tourist attraction. It will take four years to build the dam.

Farm Miracle Done in One Day

WACO (AP)—Ned Shurette's farm was richer by \$10,000 today. Some 600 men, using a quarter of a million dollars worth of equipment, made \$10,000 worth of soil conservation improvements on Shurette's farm near here Friday.
It was a one-day miracle, sponsored by the Soil Conservation Service in cooperation with interested agencies.

New terraces were built. A farm pond was constructed. An orchard was planted. The Shurette house was insulated and painted. Fences were built. Pastures were seeded.
An estimated 25,000 persons watched the transformation.
Shurette was pleased but did not smile—he's got a couple of fever blisters on his mouth.

Recluse Dies With Fortune

SAN ANTONIO (AP)—Officers searching for identification papers of an aged recluse found dead in his untidy apartment house room discovered more than \$16,000 hidden in a dresser.

The man was identified as Adam Reichardt, in his 60s.
A brief case hidden in the dresser drawer contained the savings, including \$12,900 in war bonds. There was \$1,121 in cash and \$2,400 in postal savings. Papers indicated Reichardt was once in the liquor business.

The operator of the apartment house said Reichardt had accumulated room 11 years. He had odd habits, the operator said, and wouldn't let anyone in the room to clean up.

Police said the room was littered with papers and garbage. Reichardt, fully dressed, was found on a bed in his room Thursday. Death was tentatively attributed to natural causes. No trace of survivors or a will was found.

Pampans' Son Is Brought Home

The body of Sgt. Leoador R. Phillips, son of Mr. and Mrs. Charles R. Phillips, now of Pampa, has been returned from Germany and now lies in Cedar Hill Cemetery, Paonia, Colo. He was killed in Germany on April 1, 1945.

Sgt. Phillips, who was born at Bland, Mo., Oct. 10, 1915, had grown up in the Colorado community.

Besides his parents, he leaves three sisters, Mrs. Stephen Bowen, Albuquerque, Mrs. G. C. Duncan, and Mrs. T. C. Owen, both of Pampa.

Full military honors were accorded the soldier as he was buried on Nov. 4.

Funeral Held for Lumber Chain Head

DALLAS (AP)—Last rites were held here Friday for Walter Lenoir Foxworth, 73, founder of a three-state lumber yard chain.

Foxworth died in a Dallas hospital Thursday.

He founded the Foxworth-Galbraith Lumber Company at Dalhart, and expanded into New Mexico and Arizona.

BILLIONS IN BONDS
NEW YORK (AP)—More than 75 million Americans now hold U. S. savings bonds with total value of more than \$50 billion, Eltha E. Harris, advertising director of the Treasury Department's bond division, said.

SINGER Vacuum Cleaner

From its "Magic Handle" to its low, streamlined housing the all new SINGER Vacuum Cleaner is built for a perfect cleaning performance.

Its design—its exclusive work-saving features spring from the suggestions of a million housewives who know—from experience—what they need in cleaning equipment.

Yes, here is the cleaner you always wanted. It is really new—with 5 all new, exclusive features:

- HANG IT UP!**—It requires no floor space. It holds flat... hangs flat against the wall.
- GET UNDER ABILITY!**—streamlined housing only 8" high gets under most furniture.
- CORD REWIND!** reels in cord without winding by hand.
- CORD REEL!** stores cord for you within the cleaner itself.
- TWIN FANS!** maintain a strong, uniform current of suction along the wide cleaning nozzle. You can clean with the ends of the nozzle as well as with the center!
- PIVOTED FLOATING BRUSH!** requires no adjustment for ordinary type rugs.
- STREAMLINED HOUSING!** has greater "get under-ability" because it is only 8" high!

MAGIC HANDLE!—every thing you need to operate your cleaner without finger-tips reach—cord control, cord outlet handle release, 2 speed switch, bag take-up lever.

State-County Health Plan Is Discussed

Health Officer Ray Salmon told the Kiwanis Club here Friday that a state-county cooperative health program is desirable because it would improve the sanitation program in this county, as well as make available more equipment for health improvement.

He said it would also increase the efficiency of extending a health program through schools, such as the tuberculosis test plan.

There is no such cooperative set-up in the Panhandle, he stated; and, therefore, desirable in that it would make this county a nucleus for such a program in this part of the state.

The state, under this health unit program, furnishes 75 percent of the total expenditure. If Pampa should become the center for the first unit, he explained, this might be designated a regional laboratory for this area.

Under such condition, more than 40 percent financial participation by the state would be realized, he explained.

Such set-up in this county might ultimately be expanded to a four- or six-county set-up, with this as the center, he explained. In such case there would be hired a full-time doctor as a supervisor and a nurse corps. Indigent sick would be taken care of under such plan.

In response to questions, he said the health unit could be obtained if the city and county officials requested it, but not without the sanction of local medical groups. He said he did not feel that it was a step toward socialized medicine, because it is controlled locally, and that the program has the endorsement of American and State Medical Associations.

The speaker was introduced by Clyde Carruth of the Kiwanis Club's Agriculture Committee. There were many questions formally introduced to the club, including Rice, a transfer from Weatherford, Okla.; Lee Farmer and the Rev. Russell Green West, residents of Pampa.

Brilliant New Comet Makes Camera Bow

"Comet 1948 L," the most brilliant aerial visitor seen in the Northern Hemisphere since 1927, is photographed by an 18-inch camera at Mount Palomar observatory, California. The comet is visible just about dawn. It was first seen in South Africa, and astronomers say it rivals the famed Halley's Comet for brilliance. They are working now to determine its orbit, and to figure out when it may be expected back again.

Injury Suit Is Settled

An agreed judgment of \$5,000 in favor of A. F. Harris was approved Friday in 31st District Court here by Judge Lewis M. Goodrich.

The settlement was secured from the Texas Employers Insurance Assn. for injuries Harris suffered on Feb. 27, 1948, while working for the Warren Bradshaw Drilling Co. A pair of tongs on an oil well came loose causing Harris to fall and break his leg.

One other divorce was granted by the court. The decree was awarded to Rosetta Hollar from Neale Hollar. The couple was married in December, 1946, and separated in November, 1947. The plaintiff alleged cruelties in her divorce petition.

James O. Gray was granted the removal of his legal disabilities during the Friday court session.

No Private Atom Plants Foreseen

BOSTON (AP)—U. S. Atomic Energy Commission Chairman David E. Lilienthal foresees no possibility within the next ten years that private capital could put atomic energy to work in this country.

Addressing businessmen at the New England conference, Lilienthal said no one firm now is equipped to handle atomic tool production.

He expressed doubt that private capital would be available in sufficient amounts to finance the enormously costly venture for at least a decade, even if security considerations make it possible.

White Deer Picks Queen For Annual

WHITE DEER (Special)—Bonnie Swinford, candidate of the Junior Class, was crowned as the queen of the White Deer High School Annual of 1949, at an amateur program sponsored by the annual staff, Tuesday evening, in the Grade School Auditorium. She was crowned by her escort, Douglas Smith, a representative of the Junior Class.

Her attendants were Roberta Sparks, Senior, escorted by Harry Buchanan; Lucille Perdue, Freshman, escorted by Floyd Travis; and Billy Joyce Adams, Sophomore, escorted by Dale Imel. The crown-bearer was Marilyn Kotara.

The background for the coronation was an arch decorated in white and yellow with the throne decorated in blue, and the queen and her attendants wore formal dress of blue, gold, and white. The queen carried an arm bouquet of white chrysanthemums tied with blue ribbon, and her attendants wore corsages of white mums tied with blue.

Frances Freeman announced the entrance of the royal party, and Sam Milligan played the processionals.

Following the coronation, an amateur contest was presented. Winners in the Grade School Division were: first prize, \$3, Robert Johnson of Skellytown, who sang "My Happiness," accompanied by his brother, James; second prize, \$2, a triple trio composed of Dorcas Rhoades, Guyda Baten, Pauline Little, Patricia Hendricks, Betty Bednorz, Le Verne McAdams, Leona Bednorz, Barbara Bentley, and Bette Webster, who sang "Hair of Gold," accompanied by Mrs. Hope Rusk; and third prize, \$1, Sharon Dickens, who read "Boys Are Such a Nuisance."

Winners in the High School Division were: first prize, \$3, Dolores Kalka, who, dressed in the costume of a Southern Belle,

Banker Says Rate Trend Upward

CHAMPAIGN, Ill. (AP)—A New York banker said the upward trend in interest rates will continue as long as the business level remains high.

R. C. Effinger, vice-president of the Irving Trust Co., New York, told the Illinois Bankers Conference that short-term rates have been rising for the last 16 months and in some quarters further increases are being suggested and anticipated.

He said, however, "it now seems likely that they will be more moderate and go into effect more slowly than was expected some weeks ago."

Proceeds from the Queen contest totaled \$168.10, and gross from the amateur contest was \$112.35. This will be used in the publication of the school yearbook.

Waltz into Darkness

BY WILLIAM IRISH

THE STORY
 Then, 1939, Pampa, New Orleans
 Louis Dumand, 37, a well-to-do
 bachelor, had been accompanying
 with Edna Jean Dumand, whom he
 had never seen. He had proposed
 marriage and she had accepted.
 According to her picture, Miss
 Dumand is a dark-haired, strong-
 featured and no longer young.
 Dumand goes down to the dock to
 meet the boat that is to bring her
 from St. Louis. He is dumfounded
 when an exquisite young blond
 creature introduces herself as
 Edna. She explains her little de-
 ceit by saying she didn't want
 to be full for just a pretty face.
 They are married and after a very
 wedding supper, Dumand takes his
 bride to the hotel near home he
 has built for her. Edna appears
 delighted with everything.

VI
 It was a week later, 10 days at
 most. Rosy-cheeked, dewy-
 eyed, winsome in the early morn-
 ing sunlight, in a dressing sack of
 warm yellow whose hue matched
 the sunny glow falling about her,
 she quickly forestalled Aunt
 Sarah, took the coffee urn from
 her hand, insisting as she did
 every day on pouring his cup for
 herself.
 He smiled, sattered, as he did
 every day when this same thing
 happened.
 Settled in her chair, she raised
 her own cup, eyes smiling at him
 over its very rim.
 "This is really excellent coffee,"
 she remarked, after a sip.
 "It's some of our own. One of
 the better grades, from the ware-
 house. I have a small sackful sent
 home every now and again for
 Aunt Sarah's use."
 "I don't know what I should do
 without it. It is so invigorating,
 of a chilly morning. There is
 nothing I am quite so fond of."
 "You mean since you have be-
 gun to sample Aunt Sarah's?"
 "No, always. All my life I—"
 She stopped, seeing him look at
 her with a sort of sudden, arrested
 attention. It was like a stone cast

Italian War Orphan Will Be American Businessman

FORT WORTH—(AP)—Johnny Camera, the Italian war orphan brought to the United States by a Waxahatchie army sergeant after 36th Division veterans persuaded Uncle Sam to slash immigration red tape, is going to be a real American businessman soon.
 Johnny and the ex-GI who befriended him, Claren (C-l-a-r-e-n) Thompson, plan to open a Fort Worth cafe in the next few weeks.
 Johnny told a Star-Telegram reporter about it on the phone from Waxahatchie, where he is a ninth-grade student in the high school.
 "As soon as Clary works out the details, we're going ahead," the 14-year-old orphan from Altavilla, near the Salerno battlefield, declared.
 Johnny and Clary already have had a brief taste of the cafe business and they like it. Last summer they leased a cafe here, but they were forced to give it up when the owner decided to sell the building.
 But Johnny made it plain the cafe business isn't his goal.
 "I'm going to be a civil engineer and I'm going to college, too," he said.
 Johnny's halting English is gone, now. He speaks pure Texas, drawl and all. He weighed 110 pounds when he arrived in the United States in February, 1946.
 "Now I weigh 130 pounds and I'm 5 feet 2 inches tall," said Johnny. "Next year I'm going out for the football team."
 Johnny became the pet of the

 Bing has had a pretty easy year. He vacationed the whole summer and just recently started his first 1948 film, "Top O' The Morning." He indicated his pace next year will be almost as leisurely.
 "I'll probably make one picture in the spring and another in the fall," said Bing, who has averaged about three a year.
 Another "road" picture? "There's no talk of one at the present time." But he added: "Maybe we'd better do another before we're too old."

Palaver de Pampa

ALL IN A DITHER—I've gotten worried. It's this way: Time is completely out of hand. I had planned all along for Thanksgiving and Christmas to come along this year, but not so soon... If we could just figure out some way to control the hourglass, the sundial and the such, including Baby Ben, we would not grow old... You can't put things off... Oh, well...

SPEAKING OF BEING put-off, read this:—A young lady visiting a private hospital addressed the matron: "May I see Mr. John Harper, please?" "We do not ordinarily permit visiting," hesitated the matron, "may I ask if you are a relative?" "Oh, yes," the girl exclaimed eagerly. "I'm his sister." "Delighted to meet you," purred the matron, "I'm his mother."

THE 'IF OF DEPRESSION'—Thanks, Mrs. Bert Robinson, Box 899, Pampa, Texas, for the copy of Kiplinger Letter, issue of Oct. 30, 1945. (Last week, I made a remark that people think was silly, to the effect "What is the Kiplinger Letter?" and here comes one in the mail.) Here's the part of the letter that practically sent me: "Deputy will be in for 8 years, until '57... Natural expectation... subject to the usual ifs & ands, the greatest being the if of depression." ... Well, I can say this is one time when the voters outdid the depression.

LOOKING AROUND DEPARTMENT—Letha Northrup and Eunice Lee Moores were among a group of Pampans attending the Phil Stryker concert in Amarillo... Dr. George Snells left via Vernon enroute to Colorado Springs for a few weeks... hunters will have goose for Thanksgiving dinner: Joe Key and Dub Harrison (Amarillo)... Sorry to hear we are losing one of the town's promising young fellows. Auditor Bill Green is leaving our fair city to return to Missouri (to a farm near Poplar Bluff)... interesting sight on Ballard last Sunday morning was a crowd gathered around a huge porcupine whose owner said he was found near White Deer... the little animal was friendly, and properly "showed off" for all the spectators... from my information, this is the second "porc" found recently in these hazy parts.

PANORAMA—Seems like everyone is working on the city's Christmas plans, one way or another... noticed little Tommy Lockhart very busy engaged in getting decorations for his room at school... Mrs. Jimmie Massa is an untiring worker who has been to all the schools and art classes explaining the plans for the decorations... as for my decorations, you can locate my home, for the following will be included on the outside (no kidding): Christmas lights, a candy cane, and one big red bow... please don't tell if you find me... understand First Methodist Church is having an "old fashioned" Christmas tree this year... kiddoes and adults going to come to the tree... is that right, Frank (Stallings, I think)?... the lots of plans for the Thanksgiving holidays, I hear by the vine. The Pampa Shriners are having a big affair on Thanksgiving Eve at the CC. And if it's as much fun as the last one, everyone should be there (and probably will). Besides the big games, there are other to-dos... the ESAs, we hear, are having a dance at the Grill... our heart went out (and you don't know how true!) for Cabot people who picnic affairs at Lake McClain had to be canceled due to the absence of everything except a barbed wire fence between here and the North Pole... But we bet they and their friends danced until 11 last night at the Southern... a new orchestra was heard for Pampa when Bobby Burns from Amarillo came over... speaking of dancing, the CC has its regular dance last night, and that's why I'm going to be late for Sunday School... saw Mary Doucette getting all excited over a box supplied to be held next week after reading Mickey Ledwick's clever invitation... congratulations to Mr. and Mrs. John Kikas (Mrs. Kikas is the former Joyce Stone) who are the proud parents of a baby boy born Friday night... good to see Ruba McConnell here from California for a week's stay.

HERE'S A HARD ONE, SANTA—Now, before I really start, I want to warn you that this is a long waddle. Also, I want to remind you that, while not the best girl, I've never had a date. I've waited a long time to spring this on you. For, you see, during the war, I knew you had more orders than you could ever fill, and after the war was over, I was rather patient. I think that by now you should have a pack overflowing. So please dig deep... Please bring me a disposition like that of Polly Hepner... the smile of Stella Gaylor... the sense of humor of Gladys Robinson... a dash of peppery repartee of Lillian Kelley... the patience of Beulah Davis... some of the talent of May Carr... the leadership of Jean O'Brien... the keen memory of Hazel Hahn... the poise of Mable Davis... the femininity of Bertie McDowell... the resourcefulness of Claudine Vail... the indefatigability (yes, I looked it up) of Melba Wade... and, Santa, don't forget to bring me eyes like those of Margaret Dial... a voice like that of Marjorie Palmer... and, if you could, hail like that of June Galloway... the complexity of Sybil Loengrin... shapely legs and feet of Lucille Foster... the tiny waist of Bunny Shelton... beautiful shoulders of Claudine Bradley... lovely arms of Jo McMurry and a beautiful smile like that of Charlene Spencer.

AND YET I'm not hard to please.
I'm PEG O' PAMPA.

Dorothy Mertel, Edward Pakan Are Wed at Pakan Community

SHAMROCK (Special)—Announcement has been made of the marriage of Miss Dorothy Mertel, daughter of Mr. and Mrs. Michael Mertel of Shamrock, and Edward Pakan, son of Mr. and Mrs. Paul Pakan of Whiting, Ind.

The wedding took place at the Dr. Martin Luther Lutherer Church in the Pakan community, with Dr. John S. Bradac, uncle of the bride, reading the vows for the double ring ceremony.

Arrangements of white and bronze mums and baskets of white gladioli and roses, decorated the church altar. Pews on the processional aisle were marked with white satin bows and greenery.

As the ushers, Milan Mertel and Dan Macina, lighted the candles, Mrs. John Cullers, cousin of the bride, played "Liebestraum." She accompanied Miss Fatsy Porter who sang "O, Promis-lae Me," and "Because." As the bridal party entered, Mrs. Cullers played "The Bridal Chorus," from the opera "Lohengrin," by Wagner.

Miss Ann Mertel of Denver, Colo., sister of the bride, was maid of honor. Miss Adela Cadra of St. Louis, Mo., was bridesmaid. They wore gowns of blue tulle with caplet shoulder ruffles with matching hats. They carried colonial bouquets of Tailsman roses.

The bride was attired in a wedding gown of white slipper satin trimmed with seed pearls. Her veil of imported illusion was edged with a satin binding and held in place with a tiara of orange blossoms near the ears. She carried a prayer book topped with an orchid.

John Mertel, brother of the

bride, served as best man and John Cullers of Whiting, Ind., was groomsmen.

For traveling, the bride chose a suit of grey gabardine, accented with black accessories and a corsage of American Beauty roses.

Following the ceremony a reception was held at the Pakan Community Center. Rev. A. A. M. Valencik served as toastmaster. The three-tiered wedding cake, made by Mrs. John Hranier, Jr., was cut by the couple, and served by the maid of honor and bridesmaid. About 85 guests attended.

Mrs. Pakan is a graduate of the McLean High School, and has been employed as secretary for the Gates Rubber Company in Denver, Colo.

Mrs. Hegman Dees is a graduate of the Whiting High School, Whiting, Ind. He served with U. S. Army about three years in the European theatre. He is employed as a machinist at Carbon and Carbide, Whiting, Indiana.

Jaycee-Ettes Have Mexican Dinner

Jaycee-Ette members were entertained Thursday evening at a buffet style Mexican dinner in the home of Mrs. Bud Johns, 1213 Christine.

Mrs. Hegman Dees was hostess to the group. The entertaining rooms were decorated with yellow chrysanthemums, and each new member was presented with a yellow mums corsage. New members attending were: Misses Joe Black, John King, Davis Brown, Tom Tipps and Paul Appleton.

Mrs. Frank Fata, Christmas Out-Door Home Decorations Committee chairman, displayed several suggested decorations, which emphasized the inexpensiveness of out-door decorating. Several members expressed their interest in making out-door home displays.

Eighteen members were present at the dinner.

Leftover veal, from a roast, may be creamed and combined with other foods to make a delicious supper dish. Choose from among cooked green peas, sauteed mushrooms, crisp raw diced celery, thin strips raw green pepper,

American Legion Auxiliary Book Shelf Dedication

THE REV. ALLAN HARVEY-BROOKS, BORGER FIRST METHODIST CHURCH, presented the dedication of the American Legion Auxiliary memorial book shelf at the city library Nov. 7. Seated at the left is Mayor C. A. Huff, who unveiled the shelf. Since the formal dedication of the book shelf, Mrs. E. A. Baldwin has donated a scrapbook in honor of Russell D. Jenks and H. T. Barnard. The book has newspaper clippings of most of the Gray County World War II servicemen who gave their lives for their country.

Mrs. Palmer to Review for Club

"White House Diary" by the Roosevelts' housekeeper, who will be reviewed by Mrs. Ken Palmer at Pampa Book Club meeting tomorrow.

The club will meet at 8 p. m. in the City Club Room. The author of "White House Diary," Mrs. Henrietta Nesbit, supervised the installation of the new White House kitchen during the first administration. She gives an intimate, day-by-day description of the social life in the President's house, and the distinguished visitors entertained there.

The meeting will be open to the public.

Mrs. Kassap Is Shower Honoree

SHAMROCK (Special)—Mrs. John Wesley Kassap, who was Miss Bettie Hise before her recent marriage, was honoree at a miscellaneous shower at the home of Mrs. Winnie Whitehurst Tuesday evening.

Co-hostesses with Mrs. Whitehurst were Misses E. E. Hoff, Frank Stephens, Glen Lile, Miss Re Adams and Miss Nell Adams.

In the receiving line were Mrs. Whitehurst, the honor guest and her mother, Mrs. Henry L. Hise. Miss Charlotte Stephens registered the guests as they arrived.

Yellow mums and miniature yellow chrysanthemums were used to decorate the living room. In the dining room the table was covered with satin damask. White satin ribbon with bows of pale blue satin ribbon and blue asters, and a low bowl of pale blue asters encircled with white mums, was placed at one end with the silver tea service opposite. Silver appointments and an arrangement of lighted tapers completed the setting.

Mrs. Robert Laycock poured. She was assisted with the serving by Mrs. Hoff and Miss Dovie Parrish. Miss Adams directed the guests to the dining room.

During the receiving hours Miss Lee Lile had charge of a program of recitations. About sixty-five guests called during the evening.

Parent Education Club Has Talk

Mrs. N. Dudley Steele was hostess Tuesday afternoon to the Parent Education Club when it met at the City Club Rooms.

Business of the organization was discussed under the direction of Mrs. Steele, president. Reports were heard from the various committees. Plans were completed for a boat to be entered in the "Flight of Santa Claus" parade.

Mrs. Frank Kelley's talk on "Rheumatic Heart Disease," was illustrated. Through the courtesy of the State Medical Library, Mrs. Kelley showed a 16 mm film prepared by the National Foundation of Polymyositis entitled "On to Battle." A short film also was shown on the Sister Kenney treatment of polio.

During the social hour, refreshments were served by Mrs. E. L. Biggestaff, Robert W. Curry, Ray Evans, Gene Patheos, Joe Gordon, R. F. Gordon, John Hines, J. R. Holloway, Kelley, Joe Key, Julian M. Key, L. G. Langston, Steve Matthews, Farris C. Oden, Albert Reynolds, E. E. Shelton, and Ed Weiss, Jr.

Bell Home Demonstration Club Has Discussion on Discipline

Discipline, as related to the question, "Am I a Good Parent?" was discussed by Mrs. L. C. O'Neal Wednesday afternoon at the regular meeting of the Bell Home Demonstration Club.

She explained that discipline is very difficult for children, the more they have to live in the world while they actually are living in it. "Children may often be influenced to acceptable behavior through their desire for approval, through a feeling of security in the family and through the examples set them by their parents," she said.

As a rule, punishing a child by physical force is an admission of the parent's failure to attain discipline, and forceful methods rarely achieve the longrange results which are foremost in parents' aims for their children, Mrs. O'Neal said.

The short business meeting was preceded by group singing, led by Mrs. David Collis. Roll call was answered with a Thanksgiving recipe.

Plans were made for a Thanksgiving supper Wednesday evening, Nov. 24, in the home of Mr. and Mrs. Lloyd Collis.

Refreshments were served to the following members: Mrs. David Collis and David, Mrs. Charles Warrinick and Vivian, Mrs. O'Neal, Mrs. C. D. Arrington, Mrs. T. D. Anderwald, Mrs. T. H. Kelley and daughters, Carolyn and Tommy Katherine, Mrs. Fred Haiduk and daughter, Mrs. Grace Morris, Mrs. Ernest, Mrs. V. H. Adams, Mrs. Collis and daughter, Mrs. J. B. Jones; two guests, Mrs. Leslie Little and son, and Mrs. Jack Morris and son, and the hostess, Mrs. Joe Keel.

Party Fetes Miss Hobart

A luncheon honoring Miss Marilyn Hobart was given Thursday in the home of Mrs. Clyde Fatherson, 818 Christine. Mrs. E. L. Green, Jr., was co-hostess.

Miss Hobart, daughter of Mr. and Mrs. Fred A. Hobart of Pampa and Canadian, will become the bride of Robert F. Campbell of Houston, Dec. in the First Presbyterian Church.

A wedding and an engagement ring made of plastic foam formed the centerpiece on the luncheon table. Red carnations, representing the bride, decorated the wedding band and ballinal-sprinkled white carnations, represented the diamonds in the engagement ring.

Flowers were laid for Miss Hobart, Miss Fatsy Dunigan and hostesses: Fred Hobart, Clinton Henry, Lewis Burns, Mel Davis, L. B. Miller, Hal Rinehart, Billy Davis, E. O. Sanders, W. J. Smith and Ben Gull.

Heatherly-Ramey Nuptials Told

Announcement has recently been made of the marriage of Miss Dorothy Irene Heatherly, daughter of Mr. and Mrs. M. Heatherly, Sundown, Texas, to Ray W. Ramey, Jr., son of Mr. and Mrs. R. W. Ramey, 926 E. Frederic.

The ceremony was performed in Lubbock by Dr. R. E. Grant, minister of the Lubbock First Baptist Church.

Mrs. Ramey attended school at Sundown, and has been an employee of the Southwestern Associated Telephone Company for the past two-and-one-half years, where she is presently employed as chief operator.

"Mr. Ramey" is a graduate of Pampa High School and spent his college years at WTSC, Canyon. He was with the Navy a year and is presently employed by the Bethlehem Supply Company of Sundown where they are making their home.

Methodist Class Holds Banquet

The Congregational Class of the First Methodist Church had a banquet Wednesday evening at the church. The Thanksgiving theme was carried out in the table decorations and programs.

Mrs. E. L. Gallenore was toast-giver. Roachelle Smith gave a piano solo, and Mr. J. H. Marsh gave a skit entitled, "Casey at the Bat." Several Barber Shop Quartet numbers were given by Mr. C. E. Davis, Irl Smith, Gladie Gibson and Percy Williams. Guests present were Mr. and Mrs. Virgil Ware and daughter and Mr. and Mrs. J. H. Marsh.

Members present were: Mr. and Mrs. Franklin Baer, Carolyn and Vickie, Mr. and Mrs. Steve Cates, Tom Barry and Michael, Mr. and Mrs. C. E. Davis, Mr. and Mrs. Claudie Gallenore, Mr. and Mrs. Malcolm Denison, and J. E. "Mr. and Mrs. H. W. Goodner, Mr. and Mrs. E. L. Miller-Ussery Vows Exchanged

PANHANDLE (Special)—Wedding vows were exchanged by Darlene Miller, daughter of Mr. and Mrs. W. A. Miller, and Mrs. Nancy Ussery, daughter of Mr. J. E. Lucas, of Compton, Calif., at 7:30 p. m. Wednesday, Nov. 17, in the sanctuary of the First Christian Church with the Rev. James Todd, minister, officiating at the ceremony.

Muriene Miller, wearing a grey tailored suit with black accessories and a red carnation corsage, attended her sister as maid of honor. Walt Brown served as best man.

The bride, given in marriage by her father, wore a blue tailored suit with black accessories and a corsage of white carnations.

Mrs. Miller, mother of the bride, wore a black suit and accessories and a pink carnation corsage.

Mrs. Ussery is a 1945 graduate of Panhandle High School and attended West Texas State College, Canyon. The groom also graduated from Panhandle High School and has recently been discharged from the Army after serving five years mostly in the Panama Canal Zone.

Mr. and Mrs. Ussery will take a wedding trip to California where they will visit his mother and brother. They plan to make their home in California.

Brownie Troop Has Election of Officers

Members of Brownie Scout Troop 6, led by Mrs. J. R. Rogers, met Friday at the First Presbyterian Church to elect officers to serve for the next four weeks.

Mrs. Robinette Willis assisted in the election. Those elected were: Carolyn Teague, president; Joan Holt, vice president; Patay Falkenstein, secretary; Margaret Austin, reporter; and Nancy Willis, song leader.

After discussing the coming birthday of the troop, the Scouts gave the Promise and sang "The Brownie Song" and "The Brownie Smile Song."

Lynda Gale Austin read a Bible story. Other girls attending were: Patricia Turner, Lynda Sue Weir, Darlene Potter and Wynona Holtman.

Pampans Attend National Assn. Of GS Executives Regional Meet

The National Association of Girl Scout Executives regional meeting held in Fort Worth Monday through Thursday of this week claimed attendance from Girl Scout professional and volunteer worker representatives from the councils in Region 9 which includes the tri-state area of Oklahoma, New Mexico and Texas.

Attending from the Pampa council were: Mrs. R. E. Thornton, executive, and Mrs. Glenn Radcliff, representative from the Juliette Lowe organization.

Theme of the meeting was "Girl Scouts United by Ideals." Subheadings under the topic were: belonging, resourcefulness, service and world friendship.

The regional conference is called biennially in the years between conventions to acquaint the field with new trends and developments within the Girl Scout movement.

The Monday program was led by Miss Leah Park, national headquarters staff member of the personnel department. She discussed "Professional Standards."

Tuesday morning, a session with

Prigmore Cooper Vows Are Said at Baptist Church

Mr. and Mrs. Gary N. Cooper

In a single-ring ceremony at the First Baptist Church, Miss Betty Jean Prigmore, daughter of Mr. and Mrs. A. L. Prigmore, 1145 Terrace, became the bride of Gary N. Cooper, son of Mr. and Mrs. Cecil Cooper, Tucson, Ariz., formerly of Pampa.

The Rev. E. Douglas Carver read the service Friday evening, Nov. 12, before an altar decorated with palms, baskets of pink, yellow and white mums and candelabra. The bridal aisle was marked with white tulle bows.

Mrs. R. Virgil Mott, organist, played several pre-nuptial selections and accompanied Miss Helen Blocker who sang "Because" and "Always."

Doug Mills was best man and ushers were Truman Cooper, uncle of the bridegroom, and Ray Redman.

The bride, given in marriage by her father, wore a winter white wool two-piece dress fashioned with high neckline, long sleeves, fitted waist, full pleated and straight skirt. Her shoulder-length veil was held in place by a coronet of white carnations. Her accessories were brown and she carried a white Bible topped with gardenias, showered with a small white pompons and streamers of white and brown satin.

Mrs. Warren Jones, matron of honor, was the bride's only attendant. She wore a dusty pink wool suit with box jacket and straight skirt. Her accessories were pink, orange and white. She carried a colonial bouquet of pink chrysanthemums.

Candlelighters were Rosemary Prigmore, sister of the bride, and Ellice Hobbs. They wore identical two-piece dresses of rosin green, pink and yellow chrysanthemums. Mrs. D. R. Wallace, all of Borger; Mr. and Mrs. Ollie White, Mr. and Mrs. Leslie Seely and Mr. and Mrs. Gene Baker and son, Amarillo; and Mrs. Kenneth Mussen and Mrs. E. L. Mussen and daughter, Peggy of Briscoe.

'Act Your Age,' Junior Class Play, Tickets Go on Sale Monday

Tickets for the Junior Class play, "Act Your Age," will go on sale Monday, Nov. 29, Frank Wilson, principal, said.

The play, a three act comedy by William Davidson, will be presented at 8 p. m. in the High School auditorium, Dec. 9 and 10.

Juniors will sell the tickets and the expenses of the Junior-Senior banquet will be taken out of the profit.

The cast for the play includes the following: Jimmie Mike Ellis, Frank Littlefield, Jimmy Moore, Berencie Homer, Janice Doggett, Helen Blocker, Beola Reim, Beverly Brandt and Thea Jo Stewart.

Miss Thelma Henslee, speech teacher, will direct the play.

The stage crew for the performance will include: Joan Stroup, assistant director; Patay Williams and Norma Mena, prompters; Glenn Roger McCormell, lights; Jan Ehrhard and Peggy Hukill, make-up; Cornelia Cornelius and Barbara Bird, costumes; Jimmy Campbell and G. D. Holmes, stage managers.

If enough money is made from the play, the Junior class is admitted to the Junior-Senior banquet free. Also, the money left over will go for the Carlsbad trip next year. Kenneth Walters

Country Club Has Another Fall Dance

The Country Club held another of its regular fall Saturday night dances for members last night at the Club House.

No dance will be scheduled for Dec. 4, it was announced, but one will be held Dec. 11. The dance on the eleventh will feature a 13-piece orchestra with a woman vocalist.

From six to eight groups of women's bridge-luncheon parties are being handled each week at the Club House. Enough space is available in the rebuilt Club House that two or three parties may be given at one time without interfering with one another.

Stanold Oil Company employees gave a family dance at the Club House Friday evening. A large crowd including employees' wives and children attended.

Yucca Delphians Discuss Germany

The Yucca Delphin Chapter held a seminar discussion entitled "Germany, Crux of Europe's Reconstruction Problem" at the regular meeting Thursday in the City Club Room.

Mrs. Tom Bradley was leader for the program which had as its objective examination of the causes and effects of Hitlerism with special reference to the problem of rehabilitation of Europe and world peace.

Taking part on the program were: Mrs. Wm. R. Ballard, speaking on "Germany and the Germans"; Mrs. Orvil Thornburg, Jr., who spoke on "Recovery, Depression and Dictatorship"; and Mrs. H. B. Landrum discussing "Glimpses of Nazi Germany."

The group held a lively discussion following each of these topics and the subject, "The Murderous Lie—Fairy Tale Politics" was considered by the entire group.

Mrs. Knox Kinard presided over the business meeting at which time it was decided that the quarterly meeting would be held at 10 a. m. Monday, Nov. 22, in the home of Mrs. Jack Sullivan, 1616 N. Russell. Sixteen members were present.

Autumn's Furs Add Up to
Extravagant Fashions

Two extremes of fall fur fashions are illustrated by the luxuriously full nutria 'duster,' above, which covers shoulders with a cape-collar, and the brief, ruffling Somali leopard jacket, right.

McKENNEY ON BRIDGE . . . DEFENSE IS POSSIBLE FOR SMOOTHER PLAY
 By WILLIAM E. MCKENNEY
 America's Card Authority
 Written for NEA Service

This is the fourth of five articles on the fascinating but difficult smother play.

I have selected today's smother play for our lesson hand because it is one of the few smother

Lesson Hand—Both vul.
 South West North East

 2 ♥ Pass 2 ♣ Pass
 4 ♣ Pass Pass Pass
 Opening—♠ K M

plays against which you can create a defense. It differs from the rest of the plays in this series and some players might refer to it as a forced coup; nevertheless, it comes under the smother play classification.

West cashes the king of diamonds and declarer ruffs the second diamond with the nine of spades. The jack of clubs is led and East correctly refuses to win it, to avoid creating two entries into dummy. Declarer continues with another club. East wins this and leads a diamond, forcing South to ruff with the ten of spades.

Now declarer enters dummy and leads a trump, finessing the jack. He cashes the ace and king of hearts and leads a small heart, throwing West in the lead.

The three remaining cards in each hand are underlined. West has nothing to lead but a diamond or a club. North and East each have three trumps, while declarer has the ace-queen of trumps and the eight of hearts.

If West returns a diamond, it is trumped in dummy. If East under-trumps, another trump will be led from dummy and the queen finessed. If East trumps with the king, South will win with the ace, cash the queen of trumps, and the last trick will be won in dummy.

Here is the defense against this particular play. The play goes the same up to the point where East wins the trick with the ace of clubs. Now, instead of returning a diamond to shorten the declarer, if East returns a heart, declarer will have to win the trick with the king. He can go over to dummy with the queen of clubs, but he can take only one finesse. When he finesses the ten of spades he can cash his other high heart and throw West in the lead; but now West will have a diamond exit and thus defeat the smother play.

Delightful Dolls

By MRS. ANNE CABOT

There never was and there never will be a child who has too many dolls. The playthings shown today are fun to make and will keep youngsters amused for hours on end. Freckles the upside-down doll, has two faces, two caps, two skirts. . . all on one body, which is joined at the waist. Stocking toys have always been favorites in the world of make-believe and this gay Mammy doll is no exception. Measuring 14 inches tall, she is dressed in a flowered cotton blouse and patch-trimmed skirt. The white panties, petticoat, apron, kerchief and gay red bandana can all be made of left-over materials. The body requires only one large size man's sock, which

is stuffed with soft cotton. Simple embroidery stitches make her beaming countenance.

To obtain material requirements, hot-iron transfers, sewing and finishing directions for Pattern No. 5720 and instructions for making stocking doll, tissue pattern for clothing and embroidery stitches for Pattern No. 5648 send 15 cents in GOIN plus 1 cent postage FOR EACH PATTERN ORDERED. Hommel-Wilkins Vows Said At Shamrock

McLEAN —(Special)— Miss Vondell Hommel, daughter of Mr. and Mrs. W. O. Hommel, McLean, recently became the bride of Tyrus Wilkins, Wellington, in a quiet ceremony at the Methodist parsonage at Shamrock.

The bride wore a white wool suit with red accessories. Prior to her marriage, Mrs. Wilkins was a Senior at McLean High School, and a member of the McLean band.

The bridegroom is the son of Mr. and Mrs. T. B. Wilkins, of Wellington. He attended Wellington High School and is now engaged in construction work.

Mr. and Mrs. Wilkins will make their home in Wellington.

Televising All Houston Ball Games

HOUSTON —(AP)— Contracts were signed here Saturday for television broadcasts of all home games next season for the Houston Buffs of the Texas League.

Buff President Allen Russell said he believes it to be the first such contract signed by a Class-AA baseball club.

Russell signed the papers in the office of W. Albert Lee, owner of station KLEE-TV which is to open formally January 1 following tests which begin Dec. 15.

"We recognize that only a limited number of television sets will be in the Houston area next season but we are particularly interested in bringing baseball to shut-ins and other people who will be unable to attend the games," Russell said.

Longhorn-Aggie Game Tickets On Sale Monday

AUSTIN —(AP)— A surplus of tickets for the Texas-Texas A. and M. football game was reported Saturday by Ed Ollie, University of Texas athletic business manager.

Approximately 1,000 tickets will be released Monday, he said.

The extra tickets are left over from a bloc of tickets set aside for the 18,000 university students and their wives. They will go on sale at Gregory Gym ticket office at 8:30 a.m. Monday and may also be secured by mail orders.

Ollie expressed regret that hundreds of earlier requests were turned down.

"However, we had had no alternative but to set aside the full quota of student tickets," he said. "They cannot, of course, be released until the last minute."

Additional tickets may become available at 5 p.m. Tuesday, the deadline for students to pick up their tickets.

PIGGY-BACK GOVERNOR

CHEYENNE, Wyo. —(AP)— Gov. Lester C. Hunt, attending a rodeo, noticed a pretty girl ruefully eyeing a stretch of muddy track she had to cross. He approached her and said a few words, to which the girl, Marjane Albright, nodded eagerly. So the Governor carried her piggy-back across the mud.

Ike Williams Scores 19th Consecutive Win

PHILADELPHIA —(AP)— Lightweight Champion Ike Williams won his 19th straight ring victory last night with a technical knockout over Billy Nixon, Philadelphia welterweight, in 1:49 of the fourth round of a scheduled eight-round non-title bout at the Met.

The Trenton, N. J., title holder was given the nod by Referee Charley Daggert after Williams had floored Nixon twice in the third round and once more in the fourth. Williams weighed 139 and Nixon 142.

For Williams, it was the second non-title win in 10 days. On Nov. 8, he was awarded a technical knockout over Buddy Garcia when the Texan was unable to answer the second round bell after receiving a stomach blow at the end of round one.

Kilgore Loses

By the Associated Press

The Southwestern Junior College Conference race was in a virtual tie today as Kilgore Rangers faltered in their tenth and final game of the season and fell from the unbeaten ranks.

Paris beat Kilgore 20-14 Friday night to knock the Rangers down and probably ruin their chances at playing in the Little Rose Bowl in California.

Tyler, which lost only one conference game—that to Kilgore—now can finish in a tie with the Rangers for first place if it can win its two remaining games. Kilgore closed out the conference campaign with six wins and one loss.

North Texas Agricultural College beat John Tarleton 6-0 in another conference game played Friday night.

EMU Edges Baylor 13-6; Pitt Topples Penn State

Michigan Aerials Too Much for OSU

Warren Hasse Joins Staff of Pampa News

COLUMBUS, O. (AP)—Michigan's night Wolverines, their ground attack stymied by a stalwart Ohio State team, took to the airways Saturday and came from behind to win a 13-3 victory.

The second largest crowd ever to throng the Ohio stadium—82,754—saw the Ohioans rise to their greatest heights of the season, take the lead with a first-period field goal and win everything but the ball game.

The victory, the Wolverines' ninth straight of the season and 23rd in a row, wrapped up their second consecutive Western Conference championship and gave them an outstanding claim on the national title. It was their fourth straight conquest over the Bucks, who went into the fray 14-point underdogs.

The Wildcats win 20-7.

EVANSTON (AP)—Northwestern's Rose Bowl experiment, gathering steam behind a great running attack, made just a whistle stop of the game Saturday.

The Wildcats' young coach, Bob Voigts, rolled to a 20-7 triumph over the Illini, their last hurdle en route to Pasadena and the New Year's Day classic.

Northwestern all but clinched the trip, which must be formally approved by the Big Nine conference. It closed the regular campaign with a 5-1 league record for second place and a season mark of 7-2.

The Cats lost only to undefeated Michigan and unbeaten Notre Dame. Michigan is unable to return to the Rose Bowl under the Big Nine-Pacific Coast pact after making a victorious appearance last season.

Pitt 7, Penn State 0

PITTSBURGH (AP)—Few will believe it but Pitt beat proud Penn State 7-0 Saturday.

It was one of the most stunning upsets in college football year. It also was the personal triumph of a 19-year-old kid who snuffed glittering offers from gridiron big wheels to come to deflated Pitt.

Nick Bokkovic was sure he could play football here. He did Saturday. He rumbled 28 yards with an intercepted pass and then placed the extra point which sent State spinning into defeat for the first time since 1946. It made 51,075 fans hoarse from yelling.

That run, the last great act by Bokkovic in a day of splendid line play, spelled finish to an unbeaten string of 17 games for State—18 games if you count the 13-13 Cotton Bowl deadlock with Southern Methodist last New Year's.

California Wins 7-6

BERKELEY, Calif. (AP)—California's Bears squeezed by an inspired Stanford football team, 7-6, Saturday to keep their Rose Bowl chances alive by the margin of a single tally.

California finished its season with an unblemished record, 10 straight victories. The last was the closest call of all.

After yielding a first period touchdown, the Indians came back to fight the Bears to a standstill. A recovered fumble led to Stanford's third period touchdown.

Unlike California, the Indians had no accurate placekicker. It cost them a tie.

Call it FORNIA's Jim Cullom, doubling as a stout tackle as well as expert kicker from placement, won the tight game for his school.

He booted the ball through the uprights after right halfback Jack Swann had scored five minutes after the opening kickoff.

Tars Win 20-0

CHAPEL HILL, N.C. (AP)—Lashing out with three quick touchdowns in the last two periods, North Carolina trimmed Duke, 20-0, Saturday to run its unbeaten string to 16 games.

Held even by a battling underdog Blue Devils team during a scoreless first half, the Tar Heels, paced by their dynamic tail back Charlie Justice, turned on the heat in the closing half.

Justice made his final home game appearance of the season one of his best. He broke away for 43 yards and the first touchdown in the third quarter and passed to big end Art Weiner for the second in the fourth period.

Only a tie with William and Mary mired the game record of the Tar Heels.

Saturday's victory served to enhance their post-season bowl possibilities. The Sugar and Cotton Bowls have figured most prominently in discussions hereabouts.

LSU 26, Alabama 6

BATON ROUGE, La. (AP)—Louisiana State's Tigers, beaten six times in eight starts, completely outplayed the Alabama Crimson Tide Saturday for a 26-6 upset victory.

A pair of long first-period passes and a 77-yard ground drive gave LSU three touchdowns, and a pass interception set up the fourth.

Alabama scored on a 68-yard aerial attack after LSU had all its points.

Furious LSU line play nullified most Alabama offensive efforts.

The passing of quarterback Charlie Pevey and the running of fullback Harrell "Rip" Collins sparked the LSU attack.

Tribe at Marshall

MARSHALL (AP)—The Oklahoma City Indians will hold their spring training camp here again next year, Chamber of Commerce officials announced Saturday.

Rice Defeats Horned Frogs

Dory Funk Pins Al Getz in Mat Card at Sportatorium Arena Last Friday Night

DALLAS (AP)—Southern Methodist University beat Baylor with an ace Saturday and won a Cotton Bowl bid on a 13-6 decision.

Kyle Rote was the ace in the game.

The Conference Standings:

Team	W	L	Pct.
Southern Methodist	5	0	1.000
Texas	3	2	.600
Baylor	3	2	.600
Rice	3	2	.600
Arkansas	2	4	.333
Texas A. & M.	0	5	.000
Texas Christian	1	4	.200

Personal Dory Funk applied his favorite hold, the knee lock and toe twist, to Pittsburgh Al Getz's right limb to win the main event on promoter V. J. Burnett's wrestling card Friday night.

Funk, former 175 pound Big 10 wrestling champion, had much the worst of it for the first 20 minutes. Getz constant roughhouse action threw both wrestlers on top of Funk, from where he beat off difficulty extracting himself. Getz won the first fall with an arm bore and stomping.

Funk, the Indiana boy, captured the second fall after ten minutes of fast action, winning with his agonizing knee lock and toe twist.

During the final fall the Hooster showed his stuff. Getz had a bandage around his right elbow which he used to good advantage in an attempt to blind Funk. Although the referee could not see it, the action was clear to the crowd, who demanded action against the tactic. Dory ripped the bandage from Getz arm and gave him a good sampling of his own medicine with it, much to the approval of the fans.

The final fall actually came after 5 minutes, when a series of Sonnenberg tackles followed by a body slam opened the way for Dory's now famous knee lock and toe twist which won him the match. Dory, who has only been wrestling here for a month, has quickly become a crowd pleaser through his skill and his sports-

Texas Schoolboy Grid Season Moves Toward Playoff Time

Six more schoolboy grid champions were crowned Friday night as Texas schoolboy football moved toward the playoffs.

Arlington Heights of Fort Worth and Woodrow Wilson of Dallas clinched their district titles in City Conference action by one-sided decisions.

Fairstone, Baytown, Austin and San Benito snared championships in Class AA.

Only two City Conference and five Class AA titles are in doubt as the regular season heads into its final week.

Arlington Heights whipped Fort Worth Tech, 46-0, and Woodrow Wilson stomped Sunset (Dallas), 55-13. These two teams will meet in the first round of the City Conference playoffs.

Fairstone blanked Conroe, 14-0, to win in 10-AA; Baytown brushed aside Galveston, 47-7, to win in 12-AA; Austin walloped Corpus Christi, 37-6, to win in 13-AA and San Benito smothered McAllen, 19-0, to win in 14-AA.

Champions already crowned in Class AA were Amarillo, 1; Odessa, 3; Austin (El Paso), 4; Texarkana, 8; and Port Arthur, 11.

Austin and San Benito meet in the first round of the playoff and Fort Arthur and Baytown clash. Amarillo and Texarkana advance to quarter-final of Class AA on byes.

Waco, only one of three unbeaten, untied teams in action Friday night, came through easily against Cleburne, 41-7. Amarillo and Port Arthur are the other two in this class.

Lamar (Houston), Baytown and Arlington Heights stayed among the undefeated but tied. Lamar blanked Austin of Houston, 19-0. Breckenridge kept ahead in District 7-AA with a 26-0 decision over Mineral Wells.

Wichita Falls tossed out Vernon, 7-6, and Quanaah blanked Electra in jumbled 2-AA.

CLASS A

Twenty-six of the 32 Class A districts have determined championship committees to certify representatives in the state race which starts next week.

Class A district championships determined are: 1, Phillips; 2, Lefors; 3, Lockney; 4, Post; 5, Monahan; 6, Rotan; 7, Holliday; 10, Bowie; 11, Handley; 12, Irving; 13, Farmersville; 15, Mt. Ministers Active In Basketball League

AMARILLO (AP)—A basketball squad composed entirely of missionaries is competing in an Amarillo city league these days.

All ten players are ordained ministers in the Church of Jesus Christ of the Latter Day Saints, commonly known as the Mormon Church.

The group, acting in a missionary capacity, is assigned to two years of self-supported labor in or near Amarillo. Basketball is a recreational sideline.

Only one member of the group here ever played collegiate basketball. He is Elder Feron Blake, who used to perform for the Utah State Aggies.

Elder Charles H. Simpson is manager of the team which plays in the YMCA-Church League.

The University of Texas' varsity football roster lists one of the state member, and the 85-man freshman squad is filled completely with "natives."

Arkansas Wins 55-18

LITTLE ROCK (AP)—Even a guard got into the scoring act as the Arkansas Razorbacks crushed the winless Tulsa University 55-18 in a wild football game before 18,000 here Saturday.

The Razorbacks, operating without their injured star, Clyde Scott, mixed razzle-dazzle with the single wing attack to parade to paydirt in every quarter, and Jim Reichert kicked the points after seven of Arkansas' eight touchdowns. The game was such an offensive show that there wasn't a punt until late in the third period.

Guard Frank Lambright made a touchdown when he grabbed a Tulsa fumble in the air and ran 21 yards untouched.

Sooners Triumph 60-7

LAWRENCE, Kas. (AP)—The University of Oklahoma Sooners won the Big Seven Conference football championship with a crushing 60-7 victory over the Kansas Jayhawks, their co-partner for the title the last two years.

Oklahoma scored in every period, the parade featuring punt returns by Darrell Royal for 73 yards and Jack Mitchell for 67 yards.

It was Oklahoma's eighth successive victory and their fifth and final in the conference. An estimated 40,000 fans saw Oklahoma establish itself as a prize bowl pick. It was Kansas' first conference defeat in 13 games.

Tech Wins 14-7

LUBBOCK (AP)—A heavily favored Texas Tech eleven was held in check on all but two surges Saturday by underdog New Mexico but eked out a 14-7 victory, to virtually clinch its second straight Border Conference crown.

A wind-blown crowd of 11,000 saw the game.

The Raiders were outrushed and almost outplayed yesterday, and had to send fullback Earl Jackson across the goal line on two occasions.

Eagles Triumph 27-7

DENTON (AP)—Richard Nutt led North Texas to a 27-7 victory over East Texas State here Saturday, accounting for 15 of the Eagles' points.

Nutt rammed over the goal line from the six-yard line in the first quarter and from the one-foot line in the second. He kicked three extra points.

Fullback Ned McNeill romped 22 yards for another Eagle marker and quarterback Cecil Martin hit Luther Fambro with a 25-yard touchdown pass.

East Texas took the lead momentarily in the first quarter, Bobby Wilkinson passing to John Bosworth for a 43-yard touchdown play on the second play of the game.

Harbor Bowl?

SAN DIEGO, Calif. (AP)—Harbor Bowl officials said an opponent for Nevada in the New Year's football game here should be lined up early next week.

Teams prominently mentioned as an opponent include Hardin-Simmons.

McMurry Takes Conference Crown

By the Associated Press

McMurry had the Texas Conference championship in its trophy room today.

The Indians last night beat southwestern 34-14 to sew up the title by finishing the conference race with four victories and one defeat.

It was the same record McMurry had last year in tying Hardin College for the championship.

Saturday's Games Once Over Lightly

BY HAROLD CLAASSEN
NEW YORK —(AP)—Michigan, Northwestern, Minnesota, Oregon, and California are won football games Saturday, leaving determination of the Rose Bowl rivals to a vote of faculty representatives Monday.

But no matter how the faculty voters decide on their \$250,000 question, they will not be able to cause any more consternation than was turned in on the playing fields this weekend.

Once mighty Pittsburgh revolted against its recent occupation of football dorm and defeated Penn State, 7 to 0. Nick Bolikova intercepted a Penn State pass late in the fourth quarter and kicked 23 yards for the touchdown that probably cost the loser a \$100,000 bowl bid. It was the first Penn State defeat in 17 games.

Pittsburgh, Carnegie Tech, also won. Tech defeated Grove City, a rival Pennsylvania College, 7 to 0, for its first win since 1942.

George Washington spilled Georgetown, 13 to 7, for the first decision over its cross-town rival in a series that started in 1890.

Louisiana State, battered six times in eight starts, licked its bruises Saturday with a 26 to 6 upset of Alabama.

Those surprises were mixed among the games on a nationwide schedule that also saw a national collegiate record set for punt returns and a guard suffer a broken ankle while trying to score and win quick delivery of an automobile.

The punt return mark was set by Lee Nalley of Vanderbilt, who brought back two kicks for 16 yards. That brought his season's total to 623 yards, seven more than the old mark. Vandy beat Maryland, 34 to 0.

It was Hays McKinney of Georgia Tech, who suffered the broken ankle. The lineman had been promised delivery of a car if he scored. When Tech was well on its way to its 54 to 0 win over the Citadel, McKinney became a ball carrier. After several futile tries he suffered the injury.

vote on either Minnesota or Northwestern to carry the banner on Jan. 1. The Evanston Wildcats, however, are clear-cut runners up to Michigan and likely nominees for the trip.

But all is not so clear in the Pacific Coast Conference where Oregon and California both wound up their schedules Saturday, unbeaten in the coast circuit. California squeezed past Stanford, 7 to 6, and Oregon blanked Oregon State, 10 to 0. California, which also is unbeaten outside the circuit, has six loop wins, Oregon has seven. However, Oregon lost to Michigan, 14 to 0.

Oklahoma and Southern Methodist also clinched conference titles, although the Texas Mustangs still can be tied for the laurels in the Southwest circuit. Southern Methodist again waited until late in the game to subdue Baylor, 13 to 6, but Oklahoma started from the kickoff to murder Kansas, 60 to 7. That gave the Sooners the Big Seven crown and a toe-hold on a bowl invitation.

William and Mary was the major school to accept a bowl bid. The Virginians drubbed North Carolina State, 26 to 6, and will appear in the Delta Bowl at Memphis on Jan. 1. Clemson, another Southern Conference power, remained unbeaten with a 42 to 0 conquest of Duquesne and North Carolina stopped Duke, 20 to 0. Each of the victors is a bowl possibility.

With only tradition at stake, Harvard marched to a 20 to 7 verdict over Yale in the granddaddy of all football rivalries. But the Big Three has fallen on evil days. Princeton, the third member, was battered by Dartmouth, 33 to 13, for the Big Green's sweep of games with the venerable threesome.

Numerous inter-sectional affairs dotted the program. Iowa moved east to down Boston University, 34 to 14, for the Terriers' second setback of the year; Boston College whipped St. Mary's, 19 to 7, in the mud at the Hub City. San Francisco was the 46 to 13 victim of Villanova in Philadelphia's Shibe Park and Michigan retained its jinx over Washington State, 40 to 0.

Bleu, blanc and rouge — blue, white and red—are the official colors of the Montreal Canadiens of the National Hockey League.

Mosses are essential to many higher plants, conserving moisture and preventing erosion.

Rose Bowl Bound

NORTHWESTERN, having demonstrated its right to be Western Conference representative in Pasadena Jan. 1, these backs seemingly are headed for the Rose Bowl. They are, left to right: Quarterback Don Larson, Right Halfback Ed Tummelhoff, Fullback Art Murakowski, and Left Halfback Frank Aschenbrenner. Northwestern yesterday defeated Illinois 20-7.

Hey, Daddy!

DALLAS —(AP)—A Dallas man was making frantic efforts Saturday morning to get hold of the press box at the Cotton Bowl Stadium.

"You see," he explained, "my wife's gonna have a baby maybe today but I just got to see that Baylor-SMU game and I wanna make arrangements to be paged if I'm needed at home."

AREA RESULTS

Phillips Wins But Loses Star

BORGER —(Special)—The Phillips Blackhaws racked up their tenth straight victory as they defeated the Perryton Rangers 7-0 at Perryton Friday night. The win gave Phillips the District 1-A championship, and the right to meet Lefors in a regional playoff game next Saturday.

The victory was a costly one for the Blackhaws, though, as they lost the services of their star quarterback Billy Hughes. Hughes broke his arm early in the first quarter while tackling the Rangers' hard charging fullback, Ray Powell.

Bill Braden replaced Hughes in the Phillips backfield, and eventually scored the winning touchdown halfway through the second quarter. Braden capped a 50 yard touchdown march when he sneaked over with the winning score.

The loss was the second for Perryton in district play. A crowd numbering close to 4,000 witnessed the game played in a wintry atmosphere.

Groom Tigers Win; Dalhart Ties Canyon

GROOM (Special)—In the type of game anticipated, the Groom Tigers eked out a 14-13 win over a fighting Claude Mustang eleven. At Groom Friday.

The Mustangs drew first blood when Bill Rutherford rammed over from the two yard line, after he had previously raced 26 yards on the preceding play. The extra point was missed, which was the one that cost the game.

Groom was out ahead in the second quarter on a pass play from Anglin to Woods, covering 41 yards in all. Anglin rammed over with the extra point to put the Tigers in the lead.

But Claude came right back and marched 40 yards to score on a 15 yard run by Bob Welch. The extra point was good.

Late in the fourth quarter, Ken Anglin scored the tying touchdown from the five, and personally added the game winning extra point.

DALHART (Special)—In a thrill-packed game played at Dalhart Friday afternoon, the Dalhart Wolves and the Canyon Eagles battled to a 7-7 tie.

Bill Cessman scored all the points for the Wolf pack. The Eagles touchdown was scored by Walters, and the extra point was added on a pass from Abbott to King.

Louis Fights In Detroit; Conn Returns

DETROIT —(AP)—Heavyweight champion Joe Louis, casually pocketed a \$9,000 paycheck here Saturday, his share of a hometown exhibition fight Friday night which he took just as casually.

Louis, wearing heavily padded 14-ounce gloves, didn't let that keep him from giving the fans a good show for the \$34,755.80 they paid to watch him work six two-minute rounds against Vern Mitchell, curly-haired Detroit heavyweight.

Joe weighed 220, some 25 pounds more than Mitchell, who came in at 194 1-2. There were no judges and there was no decision.

Just up for the homefolds, Joe opened up on Mitchell twice, putting him down on his trunks for a two count in the second

Aggies Win in Track

COLLEGE STATION —(AP)—Texas A and M dethroned the University of Texas as Southwest cross country champion here Saturday, scoring 23 points to finish on top.

Texas was second with 34 points and Southern Methodist University third with 75. The team with the fewest points wins. Arkansas and Texas Christian points did not count in the championship scoring. Neither school entered enough men.

J. D. Hampton, who finished first in five events, paced the Aggies to their first championship since 1934.

and dropping him on his knees in his own corner for a count of nine in the third.

DALLAS —(AP)—Billy Conn, on a comeback tour which he thinks will carry him to the world's heavyweight championship, has arrived in Dallas to begin training for a 10-round fight Thursday night against Jackie Owens of Oklahoma City.

Frogs Choose Foe

DALLAS —(AP)—Southern Methodist University is not expected to select its opponent in the Cotton Bowl before Monday.

Coach Matty Bell said Saturday, after his team had beaten Baylor 13-6 to clinch the host spot in the Dallas Bowl game, that he would make no announcement of SMU's preference until his players were given an opportunity to vote.

"I can probably get them together Sunday if the Cotton Bowl officials insist but I think it probably will be Monday before I put the matter before them," Bell declared.

North Carolina, which remained undefeated Saturday by beating Duke 20-0 and has only Virginia left on the schedule, was considered the top choice of the bowl officials and probably the SMU team.

One of the great unsolved puzzles is how birds find their way during migration.

Two-Year-Old's Smile Aids Mother In Unsnarling Legal Red Tape

NEW ORLEANS (AP)—Two-year-old Rodney Callender's bewitching smile and boundless energy helped his mother untangle some legal red tape.

Mrs. A. O. Callender, mother of two and expecting another, was called into City Court Friday to face eviction for non-payment of rent.

She explained why: Hurricane water ruined all of their clothing recently. Her husband disappeared four months ago.

She hasn't been able to work because of the expected baby. Her only income is \$50 a month from the welfare bureau.

As she talked, Rodney romped about the courtroom with the speed of an accelerated jet.

An attorney stepped up, asked for a continuance to help Mrs. Callender find a solution.

Mrs. Callender glanced around for Rodney. He couldn't be seen.

She looked back at the judge—and there was Rodney, sitting in his lap, playing with the judge's papers.

The continuance was granted.

HILLSIDE MANOR, N. Y.—(AP)—Residents of this Long Island community were quite proud of the fact they were getting a postoffice well in advance of the rival adjoining town of Garden City Park.

But there were gasps of dismay from the crowd of spectators when the scaffolding was taken from the front of the new one-story postoffice building Thursday.

Carved in the limestone over the doors were the words: "Garden City Park."

The contractor calmed the crowd. "It's a simple matter," he said. "We'll just tear out the front of the building, remove the limestone block and put a correct one back. Just take a few days."

No one could explain the error.

Town Has Right Postoffice, But Wrong Name

NEW YORK (AP)—Jack Benny was reported ready to do another "walking man" role, this time stepping from one network to another in a big money deal.

Representatives of the comedian and the Columbia Broadcasting System were in a huddle here on a life-time transaction under which Benny would sell his services to the network as a business for a lump sum.

The amount involved was not disclosed. It was said to be somewhere between the \$4 million reportedly offered him by the National Broadcasting Co. over which he now broadcasts, and the \$2 million paid by CBS in a similar deal with Amos 'n' Andy.

Santa Claus Wanted By Immigration Men

HOUSTONVILLE, Pa.—(AP)—That international citizen, Santa Claus, is going to have trouble with immigration authorities at the Rio Grande gateway bridge if he shows up here.

A telegram alerting officials to be on the lookout for the red-suited chap was received Friday. The wire indicated Santa Claus had disappeared from one of his many U. S. homes and may try to get into Mexico illegally.

Seems a paper mache image of the jovial old fellow was stolen in Columbus, Miss., and authorities there want it back.

Benny Reported Changing Network Training School Players Escape

DE LEON, Tex.—(AP)—Three boys on the state training school football squad made a broken field run around their guards and sprinted to freedom before their game started Thursday.

The football team of the State School for Boys at Gatesville had come to De Leon to play a game with the Comyn (Comanche County) team.

While the Gatesville squad was limbering up under watch of their guards in the gymnasium before game time, the three boys slipped into the showers, climbed out a window and haven't been seen since.

The training school lost the game—34-6.

Police identified the sprinters as J. D. Martin, Donald Lowery and Louis Caldwell (hometown unavailable). They said a car was taken from in front of a residence in De Leon about 7 p. m., when the boys escaped.

More than \$12 worth of fuel is wasted annually by the average farm tractor owner in the United States, according to surveys.

Peck Soon to Be Free From Commitments

HOLLYWOOD (AP)—Gregory Peck, filmdom's most "cut-up" star, will be free from studio commitments sooner than he expected.

Ever since his start as a film actor, the La Jolla (Calif.) lad's services have been frozen by contracts to several studios. Now he expects to do a picture piece for MGM and 20th-Fox in the first part of 1949. That will make him a free agent, except for a three-picture obligation to Selznick.

"I'll try free-lancing—unless my following starts to drop," he remarked. "In which case, I'll grab for a seven-year deal with a Judy Garland, who has been known to be difficult, is now sweetened and light. She even has asked the MGM Publicity Department what she can do to help.

Ethel Barrymore was eager to meet Gene Bearden, the baseball pitcher who is at MGM for "The Stratton Story." The sports-minded actress was disappointed when she learned he hasn't reported for work yet.

George Brent's hobby has a switched from yachting to his horse breeding farm. His interest is so great he hates to come to town. Strangely enough, he has never ridden any of his horses.

Pre-dated checks are reportedly pouring into the Democratic campaign funds from Hollywood personalities who offer such excuses as "I've been out of town, etc." They apparently hope it's never too late to hop on the bandwagon.

Van Johnson will likely join Esther Williams in "The Duchess of Idaho." He's now doing his first costume picture, "The Good Old Summertime." It's the good old "Shop Around the Corner," changed from contemporary Vienna to Chicago in the 1900's.

Truman Won By 35,300 Votes—If

WASHINGTON (AP)—President Truman won the election by just 35,300 votes—

That's sort of a trick way of putting it, based on some "ifs" and on returns that still are unofficial and not quite complete.

On the same basis it was 19,043 out of a total of more than 47 million votes cast Nov. 2 that Mr. Truman kept the House of Representatives from deciding who will be president the next four years.

This is the way it works out: "If" Ohio, Illinois and California had gone Republican, Thos. E. Dewey would have been the next president.

And those three states would have gone Republican "if" 3,444 people in Ohio, 15,599 in Illinois and 16,257 in California—that adds up to 35,300—had voted for Dewey instead of Mr. Truman.

"If" the 3,444 in Ohio and 15,599 in Illinois—total of 19,043—had switched, the election would have been thrown into the House. Nobody would have had the necessary majority of electoral votes.

But in contrast: "If" 58,036 voters in Indiana, Michigan and New York had batted for the President instead of Dewey, Mr. Truman would have won by just about the same electoral vote even if he had lost Ohio, Illinois and California. He would have needed 5,633 in Indiana, 24,696 in Michigan and 27,647 in New York.

In fact, "if" he had picked up just those 27,647 votes in New York he could have lost the other five states and still squeaked by.

And "if" Mr. Truman had received the votes that went to Progressive candidate Henry A. Wallace in Indiana, Michigan and New York, he would have needed to convert only 8,643 of Dewey's supporters to have captured all three states.

He could have done the trick with 4,733 Dewey votes in Michigan and 4,910 in Indiana—none at all in New York.

Wallace's vote in New York was 508,542, and Dewey carried

the state by just 65,233. There was a similar result in Maryland. Dewey's margin over Mr. Truman was 8,197 in a state that gave 9,920 votes to Wallace.

The largest losses in the southern United States may reach four feet or more in length.

Potatoes Get Third Less Federal Aid

WASHINGTON (AP)—The Irish potato will lose some of its glamor for growers next year. The potato won't be supported in the manner in which it has become accustomed. Not by one-third, in fact.

Instead of the 90 percent of parity guarantee of recent years, growers in 1949 will be assured by the government of getting only 60 percent of the theoretical "fair to everyone" price. And to be certain of that, the growers must not plant more potatoes than they are told.

Supporting potato prices has cost the government so far this year about \$100 million, compared with the previous high of nearly \$31 million in 1948. Last year's bill was \$29,500,000.

The trouble has been two-fold. Farmers planted more and more potatoes and Americans ate fewer and fewer. So the government had to buy the surplus under its support program.

Secretary of Agriculture Brannan announced the new 60 percent support level for 1949 crop potatoes Wednesday night. Brannan also set a goal of 1,000,000 acres of potatoes for next year. This is about 200,000 acres below this year's planting.

A law, passed by the 80th Congress, set up a long-range program under which the supports guaranteed by wartime legislation can be lowered. The reductions can begin next year for several crops but not until 1950 for the so-called basic crops of wheat, corn, rice, peanuts and cotton.

Parity—what this is all about—is a complicated formula for figuring what prices are fair to farmers in relation to prices they must pay for the things they buy. Congress says the parity price is fair to both producers and consumers.

Here are the price support levels for various commodities under present law and the long-range farm act:

Wheat, corn, rice, peanuts and cotton—90 percent of parity through June 30, 1950 (then drop); after Dec. 31, 1949 (beginning with 1950 crop), 80 to 90 percent of parity, depending upon the supply at the beginning of the marketing year. If acreage allotments and marketing quotas are in effect, the support level will be increased 20 percent above what it otherwise would be, but not above 90 percent of parity.

Hogs, chickens, eggs, milk and milk products—through Dec. 31, 1949, 90 percent of parity; after Dec. 31, 1949, any level from zero to 90 percent. If prices of chickens and turkeys are supported after Dec. 31, 1949, prices of broilers, ducks and other poultry also must be supported.

Dry beans, dry peas, turkeys, soybeans for oil, flaxseed for oil, peanuts for oil, sweetpotatoes and American-Egyptian cotton—marketed through Dec. 31, 1949, not less than 60 percent; after Dec. 31, 1949, any level from zero to 90 percent.

Wool—marketed through June 30, 1950, at 1946 support level (average of 42.3 cents a pound); after Dec. 31, 1949, not less than 80 nor more than 90 percent.

All other commodities—through Dec. 31, 1949, prices may be supported if funds are available after the other programs are carried out; after Dec. 31, 1949, a level from zero to 90 percent.

West Called Great Oil Potential

DENVER (AP)—R. B. Anderson of Vernon, Tex., said the Western states have the greatest oil potential in the United States.

Anderson, president of the Texas Mid-Continent Oil and Gas Association, added: "One of the most important American needs for a margin of national safety is this oil potential."

He addressed a meeting of the Rocky Mountain Oil and Gas Association.

Anderson said this potential existed not only from the point of view of crude oil but also in synthetic processes developed on the Western slope of the Rocky Mountains. He said that oil-bearing shale and coal in Colorado, Wyoming and Utah, will some day be converted by mass production methods into usable hydro-carbons.

"We know now how to make gas out of shale and coal and eventually when other sources are depleted will have to turn to those sources," he said.

The oil executive said the oil industry has created a huge demand for trucks, tractors, heavy chains, and other necessary equipment.

He said these allied industries as well as the oil industry itself are providing employment for the thousands of Westerners who returned home from the war.

Citizen Can't Leave Mexico

BROWNSVILLE (AP)—Verne A. Bruce, U. S. citizen now at Cuatla, Mexico, wants to get back home, but it's a problem.

Bruce crossed the border in his private plane at Brownsville on Oct. 11. On Oct. 15 he crashed, totally demolishing his plane. Now he is asking local airport manager Tedillo Crisell by letter how he can recross the border.

Mexican customs has him signed up for one airplane and Mexican customs is very strict. If you take a plane into the country, you are supposed to bring one back.

LOOKS AT PROGRESS
CHALK, England—(P)—The Rev. A. W. W. Bowman quipped in his parish magazine: "A new dance is being introduced in which one step is forward and then two backward. Probably it goes with the latest song 'Civilization.'"

THE DRILLER'S LOG

By KEN BENNETT

If you happened to have missed this column last week your correspondent took a couple days off to gab with a few old buddies in his division reunion in Dallas. Needless to say, all business was completely forgotten for those hours while the breeze was being batted around in finding out what former G.I.s were doing now and how they were faring in the civilian world.

The entire Stanolind group, employees and their families, had an enjoyable evening Friday night. They were served an excellent turkey dinner at the Pampa High School Cafeteria and then moved to the Country Club for dancing. This is a yearly event with Stanolind in this area and an affair which they all look forward to.

The Cabot Carbon employees have had a hard time getting around their big yearly get-together. Their picnic was originally scheduled for last summer but, due to the polo scare at that time, was postponed. Another picnic was arranged for Saturday but cold weather caused the cancelling of that affair, also. However, the dance was held last night at the Southern Club and although yours truly couldn't make the affair because of previous commitments, I'm sure everyone had a big time.

John P. Herrick, Olean, N. Y., producer of Pennsylvania oil, is urging that the government issue a stamp to commemorate the oil industry's 90th anniversary. The industry is 90 years old next August 27, and since several foreign countries have already issued these stamps (including Soviet Russia which has put out 26 different oil stamps) Herrick feels that the United States should follow the example and give the oil industry its proper consideration. Herrick says that it is really remarkable that the United States, where the first oil well was drilled in 1859 and which is the world's largest producer of petroleum, has not as yet issued a postage stamp to honor the oil industry. Now if your editor was to be consulted on an appropriate picture to embrace the stamp (an honor we are quite sure won't be given last fall like to support the Phillips of Pampa or Borger before the oil boom, or even better, to assure the printing of a good large stamp, a picture of Fred Neslage. Neslage would probably be the better choice for he not only is well known for his knowledge of oil field problems but also for his love of eating.

Deep-test activity. . . The Sinclair-Lapps Well in Roberts County is shut down awaiting further orders. The last reported depth was 5,925 feet. (I suggest you select your own rumor to believe.)

The Pura-Longford Well in Hartley County is moving in a larger rig. Last reported depth 7,500 feet. The Huber-Jasper Well No. 2 in Hutchinson County, last reported drilling at 7,300 feet. The Gulf-Porter in Louisiana County down to 9,900. Nothing of interest seems to be coming from that direction.

The Phillips-Katherine in Sherman County spudded in Wednesday, the 17th, and reported a depth of 100 feet. The Humble-Nanny Well in Swisher County is fishing for drill pipe at 6,990 feet.

Area Reports Completions

There were fifteen new wells reported completed in this area during the past week according to a report issued by the Oil and Gas office of the Railroad Commission.

Gray County completed the most wells during the week, having reported seven. Hutchinson County was a close second reporting six completions. Wheeler and Carson Counties each reported one completion.

Skelton Reviews Texas Oil News

By MAX E. SKELTON
HOUSTON—Oilmen say a few industry problems currently resemble jig-saw puzzles. The more the puzzles are discussed the more confusing they become.

The recent American Petroleum Institute convention in Chicago did not produce answers for these problems:

When and how much will Texas crude oil production be slashed? How long will the stalemate over crude oil price hikes continue?

An answer on Texas crude production may come at any moment. Attorneys are studying orders which have been prepared for shutting down 17 fields said to be wasting 238 million cubic feet of oil well gas daily.

The shutdown had been expected last Monday. The State Railroad Commission, in announcing the delay, made it clear operators who have taken steps to prevent gas waste may continue production.

Reaction of other operators leaves little doubt the orders will lead to a court test. They argue their holdings would be injured if they are forced to shut down while the other wells in the respective fields continue production.

The commission once before included an exemption clause in a shutdown order but operators eliminated waste before a court battle over the order was decided.

The State Supreme Court eventually backed up the commission. Approximately 400,000 barrels of crude is produced daily from the 17 fields but the commission has given no indication of the percentage which will not be affected through exemptions.

The crude oil price hike puzzle is in its ninth week.

On Sept. 27, Phillips Petroleum Company posted a 35-cent per barrel increase in its purchasing areas. It was met by only four small companies and was eventually withdrawn. Major companies have offered firm opposition.

Rumors that at least one major company soon will meet the hike continue, but there is little indication of an immediate breakthrough.

Valvoline Pipe Lines Company, Freedom, Pa., last week moved in the opposite direction, cutting its posted price on Zanesville, Pennsylvania, grade crude from \$4.48 to \$3.95 a barrel.

The reason: "Supply exceeds demand."

Meanwhile, domestic crude production dropped slightly during the week ending Nov. 13. American Petroleum Institute figures indicate a daily average of 6,826,000 barrels, a decline of 300,000 barrels from a daily average of 7,126,000 barrels since July 31 and comparable to 5,220,000 for the same week last year.

Except for hexose, stocks continue to soar. A gasoline climbed 112,000 barrels for the week to 91,377,000 as compared with 83,041,000 a year earlier; gas oil and distillate fuel oil jumped 529,000 barrels to 83,976,000, compared with 83,239,000 last year and residual fuel oil jumped 1,712,000 barrels to 83,530,000 compared with a year earlier total of 87,827,000.

Hexose dropped 212,000 barrels to 26,828,000, compared with the 1947 figure of 21,475,000.

HERE AND THERE
The French government advanced gasoline prices to an equivalent of about 84 cents a gallon. The big East Texas field has been placed on a 20-day operation schedule for December, the action cutting the state's production allowable to a net permissive of 2,674,539 barrels daily, a drop of 9,335,000 barrels from a reorganization of financial interests in Arabian American Oil Company. F. I. & S. Standard Oil of California, Texas Company and Standard Oil Company (New Jersey) each owning 50 percent and Socor-V. & S. M. Oil Company 10 percent.

Chicago Man May Get Lubbock Men Will Operate Hotel Here

COPENHAGEN, Denmark—(P)—Mrs. Heby P. Hansen, 61-year-old recluse who died in her ramshackled apartment here three months ago, left an estate of \$3 million kroner (\$600,000). It appears now that a daisy worker in Chicago will inherit the money.

The Danish treasury was about to take over the money when Gunnar Eric Seaberg of Chicago entered a claim, saying he was the only living son of Mrs. Hansen's sister.

E. A. Haak, Copenhagen attorney who is handling the Hansen estate, said Seaberg seems to be the legitimate heir.

Russell Says West Must Fight Or Lie Down

LONDON (AP)—Philosophy Bertrand Russell declared the West must either fight Russia before she has the atom bomb or "lie down and let them govern us."

"Like all dictators, Stalin and the other Soviet leaders are living in a fool's paradise," 76-year-old Lord Russell told a London conference of school children and teachers yesterday.

"They don't realize the strength of our resources and that the United States, Britain and the Commonwealth and other Western powers would win any war now. That is the main gravity of the situation."

Russell said if the West waited until Russia had the atom bomb, it would find the Kremlin "much more difficult to argue with."

The philosopher-mathematician said he did not believe Russia had atomic weapons now because experimental explosions would have been detected.

PRAGUE DROPS TITO
PRAGUE—(AP)—Another monument to Marshal Tito has disappeared here. The name of Marshall Tito College has been changed to The College of Jan Comenius, the noted Bohemian scholar. Recently the name of Marshal Tito was removed from heavy industry factory near Prague and its prewar company name of Kolben-Danek was restored.

The Gal's Going Places

Paris' "Queen of the Cabbies," Rachel Dorance, is off on a Paris-to-London trip in her horse-drawn cab. Rachel and her horse, Coco, are landmarks in the French capital. A former actress and circus performer, she's previously made trips to Berlin and Bucharest. (Photo by NEA-Acme staff correspondent David Boyer.)

Industry Plans Steel Program

WASHINGTON (AP)—The steel industry has agreed to set aside some of its scarce product for transporting atomic "strategic material" to this country. Plans for the new program, under the industry's voluntary priority system, were announced Friday by Secretary of Commerce Sawyer after a meeting with the steel men.

For security reasons the amount of metal allocated and the type of strategic material destined for the nation's war emergency stockpile was not disclosed. Sawyer said the steel group not only agreed to the set-aside for the strategic material but also agreed to extend five programs for essential uses six months beyond the Feb. 28 expiration date for the present voluntary plan.

U.S. Said to Be Facing Economic 'Booby Trap'

JACKSON, Miss. (AP)—America under the Truman administration is heading for an "economic booby trap," a Southern Methodist University economics professor said here. Dr. Arthur A. Smith, head of the SMU Economics Department, addressed nearly 700 members and guests of the Jackson Chamber of Commerce, speaking on "America's surplus complex," he said this country is under "a grand illusion" that it "can be run from Washington by government fiat."

San Antonio to Get 12th Air Force Group

WASHINGTON (AP)—Air Force officials notified Senator Connally (D-Tex.) that headquarters of the 12th Air Force will be moved from March Field in Riverside, Calif., to Brooks Field in San Antonio, Tex. The 12th Headquarters Group consists of about 118 officers, 236 enlisted men and 35 civilians. The transfer is expected to take place soon. The exact time was not mentioned.

Bible Will Head Warm Springs Drive

AUSTIN (AP)—Dana X. Bible will head the Gonzales Warm Springs Foundation fund drive this year. The foundation President Rosa Booth announced that the University of Texas director of athletics has accepted the chairmanship. The drive begins Thanksgiving Day and ends Christmas Day.

Korean Asks U. S. To Retain Garrison

SEOUL (AP)—Kim Dong Sung, South Korean government publicist, issued in a prepared statement today that the United States has agreed to retain Garrison Island in Korea. The statement said unfounded reports of a wholesale American withdrawal of troops and the suspension of South Korea by the Communists from the Soviet zone had caused unrest here.

Egyptian Police Break Up Gang Of Terrorists

CAIRO, EGYPT (AP)—Police said yesterday they have broken up a "terrorist gang" responsible for many explosions in the center of Cairo in recent months. The spokesman last Monday of four youths in a jeep loaded with explosives and weapons led to discovery of the whole gang, police said. Twenty-eight youths were reported involved in investigations now underway.

Jury Dismissed In Ouster Suit

LONGVIEW (AP)—District Judge Gus Dunagan dismissed a jury in the civil ouster suit of Mrs. Bertina D. Allen when it reported it could not agree in office. She made a blanket denial of the charges. Mrs. Allen, Gregg County superintendent of schools, was charged with misconduct in office. She made a blanket denial of the charges. District Attorney R. L. Whitehead filed for a motion for an instructed verdict after the jury had agreed. Judge Dunagan said he would act on the motion at an early date.

'Lost' Youngster Just Visiting Uncle

NOCENA, Tex. (AP)—Fifteen-year-old James Penegraph wasn't lost, he was just visiting his uncle in Wichita Falls. But Mayor M. K. Thrasher and 100 other residents didn't know that, and this is the reason they spent all of Thursday night in the howling wind and sub-freezing temperature looking for him when James failed to return home from a hunting trip.

Cooperation Makes Marksman

SHAMROCK (Special)—Mrs. G. H. Aldous, who owns and manages a ranch south of here, had the cooperation of this coyote to place her among good marksmen. Seeing one of the animals near her door the other day, she sneaked out her .22 rifle and leveled to shoot.

Representative With 17-Year Service Dies

NEW YORK (AP)—Rep. John J. Delaney, 70, (D-N.Y.), died early Thursday at his home in Brooklyn. Delaney had served continuously in Congress since 1931 and was reelected last month, although illness had prevented him from conducting a personal campaign. He also served his Seventh District in 1917-19.
