

U. S. SENDING MORE MARINES TO CHINA

TALE OF HEADS—Two heads may be better than one, but not when there's only one body to go with them. This two-headed turkey, above, and the two-headed snake, below, both suffer from the same complaint—each head wants to go a different direction, resulting in a stand-off. The turkey lives in a Columbus, Ohio.

Turkeys for Thanksgiving and Christmas Are Up This Year

CHICAGO—(AP)—Turkeys will cost more this year than last, if you get one. It seems there's a shortage—more than ten percent fewer turkeys this holiday season than in 1947. That's one reason prices are higher. Price estimates are based on the assumption demand this year will be as strong as last year. If demand also falls off, the price could come down. Right now, wholesale trade sources consider the demand very strong. You ought not to be too surprised if you see prices ranging up to 80 or 90 cents a pound on the Thanksgiving bird at retail stores. The price will vary from store to store, from neighborhood to neighborhood, from city to city. Some stores may even use turkeys as "loss leaders." Sell them at a loss in order to get customers to buy the trimmings in that store. Prices in the wholesale market are a good deal higher than last year and they're rising. A young tom turkey weighing 18 to 20 pounds cost 43 1/2 to 44 cents a pound in wholesale lots in Chicago last year. Today the price for the same bird is 57 to 65 cents. Larger birds cost more than smaller ones, because demand is concentrated on small sizes and there aren't many of them. A See THANKSGIVING, Page 10

Kiwanis Club At Wheeler Gets Charter

WHEELER—(Special)—Walter V. Bowman, Texas-Oklahoma Kiwanis District governor, will present the charter to a new Kiwanis club during a program here this evening. The club is sponsored by the Pampa Kiwanis Club, which, along with other clubs in this vicinity, will have a good representation for the program. Kiwanis Ed Weiss, of Pampa, will act as master of ceremonies. He is lieutenant governor of the district. Principal speaker will be the Rev. Leon M. Hill, pastor of the San Jacinto Baptist Church of Amarillo. Homer L. Moss is president of the new club. He will preside at the meeting; the Rev. S. Y. Allgood will give the invocation. E. H. Forrester will extend the welcome to the visitors, and Lieb Langston, outgoing president of the Pampa club, will give the response. Dr. C. C. Merritt will say the benediction. There are thirty-five Wheeler citizens listed as charter members of the club.

Jap War Criminals To Ask Clemency

TOKYO—(AP)—All of Japan's top 25 war criminals are expected tomorrow to ask Gen. Douglas MacArthur for some form of leniency. American defense attorneys have indicated they will offer petitions in the cases of each, even though some have professed not to want clemency.

AFL Enters Politics as 'Regular'

CINCINNATI—(AP)—The American Federation of Labor has entered politics on a permanent basis. Delegates to the federation's 57th annual convention voted yesterday to collect ten cents from each of its nearly 7,500,000 members to finance a propaganda and education drive of "labor's league for political education." The delegates acted as a league of members because the Taft-Hartley Act forbids direct contributions. The drive, with \$750,000 working capital, will be centered in the nation's 110,000 polling precincts during the next 14 months. The move was approved unanimously after Secretary-Treasurer George Meany told the delegates that 172 league-backed candidates had been elected to the House of Representatives, Nov. 2, and 106 classed as "unfriendly" were defeated. Meany said it was "a tremendous victory" and the "tide of reaction has been decisively turned." He cautioned, however, that "We should not become overconfident ... and forget our political responsibilities." In other action of the day, a new move for merger with the CIO was approved. A report of the convention Organization Committee proposed that the door not only should be opened to the CIO but the AFL "should now reach out and grasp them by the hand and urge them to come back into See POLITICS, Page 10

Defense Steps Top Diplomatic Moves

KEY WEST, Fla.—(AP)—The flight here of Secretary of Defense Forrestal today foreshadowed possibly historic diplomatic and defense steps to preserve the world's precarious peace. Forrestal flew to talk with President Truman about the ominous march of events in China and the threat of further trouble in Europe and elsewhere. The developing diplomatic crisis transformed Sunday for a full-scale review of the peace outlook with Secretary of State Marshall and roving Economic Cooperation Administration ambassador W. Averell Harriman. His conference today with Forrestal is expected to be preliminary to his White House survey of the entire diplomatic picture. Developments yesterday overshadowed speculation about when Forrestal might leave the cabinet. His departure from Washington was preceded by his announcement that: 1. Marine forces are to be increased by 1,250 men at Tsingtao, China, where 3,600 are now stationed. 2. Two transports are going into Chinese ports to remove Americans from the path of advancing Communist forces. 3. He assumed the question of rearming Western Europe "will come under a series of things I will take up with the President." 4. He will remain at his post as long as the President wants him, and that he is "at the service of the President." Forrestal, just returned from an inspection of European trouble areas, said his department has prepared a budget for the three armed services within the \$15 billion limit set by Mr. Truman and the Budget Bureau. Asked whether it would mean any serious change in the Navy's big carrier program or Air Force expansion to 70-group strength, he replied: "Well, there will be adjustments. All of these programs, of course, have to be fitted economically to a fiscal pattern. The precise details of the results of this budget I haven't yet fully examined but that will be available."

Corporation Tax Boost Is Suggested

WASHINGTON—(AP)—Rep. Knutson (R-Minn.), author of the law that cut individuals' taxes, said today the corporation income tax ought to be boosted. "A number of large corporations," Knutson told reporters, "are making too much money." He said he has "given up any thought" of further slashes in taxes for the individual. Knutson said he is going to leave those ideas with the new chairman of the Congressional committee that writes tax bills. For corporations, he mentioned a 4 percent tax hike that would bring in about \$1,100,000,000. The rate now is 38 percent on income over \$50,000, after the usual deductions are allowed. Knutson pointed to the steel See CORPORATION, Page 10

Man Held In Slaying Makes Bond

CHANCEY G. PUCKETT, 26, Pampa mechanic, charged with the slaying of Merwin Browneller in Wichita Falls, was released on bond yesterday afternoon shortly after the innocence of his 16-year-old wife in complicity of the crime was established by her attorney and a bus driver. Attorney Walter Rogers, counsel for Mrs. Puckett, brought in a driver who immediately identified Mrs. Puckett as the girl who had boarded a bus at 11:15 for Pampa, almost two hours before the shooting. The driver of the bus also told District Attorney Elmer Parish he woke the girl at Childers and asked her if she wanted to get off at the rear stop. Wichita Falls authorities were of the opinion Mrs. Puckett was with her husband at the time of the shooting that occurred around 1 a. m. Tuesday at the Rockwell Hotel. Puckett was surrendered by his attorney, John Storey of Vernon, to Texas Ranger Jim Greer about two hours after Browneller's nude, bullet-punctured body was found in the court and returned to Wichita Falls. Browneller had a social security card made out by Merwin Brownlee. He told a trucking company firm, where he went to work 10 weeks ago, that he was from Baltimore, Md. It was later learned he was a native of Harrisburg, Pa., and had been made in notifying the next of kin. Puckett was arrested in a prison at Lewisburg, Pa., in August. His parole papers gave his name as Merwin Browneller See MAN HEAD, Page 10

Christmas Decorations Are Planned

If Pampa merchants contribute as they have in the past, Pampa's street decorations will be the best ever, Jim Arndt, president of the Jaycees, said this morning. The Jaycees plan to have the streets fully decorated by Dec. 8, for the "Flight of Santa Claus" parade. The Jaycees will sign Sunday, Dec. 6, decorating the streets, provided the decorations have arrived, he said. Green foliage to span the streets of Cuyler, Foster and Kingsmill will be entwined with Christmas lights. Several large Santa Claus faces and silver stars will be added this year to make the streets of Pampa brighter than ever. The Jaycees-Eltes will serve coffee and doughnuts to their husbands on the day they are decorating. A large breakfast that morning in the Palm Room for both the Jaycees and Jaycees-Eltes will start the activities. The green foliage will be entwined with red, water-proof ribbons on the lamp posts on Cuyler. Twelve-inch signs reading "Merry Christmas" on one side and "Happy New Year" on the other will be placed in the center of the green roping on Cuyler, Foster and Kingsmill streets.

First Snow Hits Pampa

Pampa's first snow of the season, driven by high winds, started falling early this morning and lasted, where it was blown into corners, until nearly noon. The snow was driving hard between 7 and 8 a. m. After 9 a. m. it came only in short gusts until about 11:15, when it started blowing hard. It was considered Pampa's first fall of the season, because the few flurries on Nov. 7 were too slight to be recorded at the KPND observation station. Snow was also reported in Amarillo and Borger and most other northern Panhandle points. At Dalhart this morning a high wind was blowing considerable dust mixed with a few flakes of snow. Just across the state line in New Mexico, a 40-mile-an-hour wind with light snow hit Clayton, the Associated Press reported. The temperature hit freezing in Pampa at 7:30 a. m. and by 11 it was only 34. A 32-degree minimum was also recorded at Amarillo, but it was 36 and 37 at Lubbock and Clarendon, according to the Associated Press. Sub-freezing temperatures are predicted for the Panhandle and South Plains for tonight, the AP report said.

City Would Lease Lots

The City of Pampa will try to lease the Santa Fe two parking lots on both sides of S. Cuyler at the underpass for off-street passenger car parking to relieve downtown congestion, the City Commission decided this week. City Manager Steve Matthews was authorized to meet with the Panhandle and Santa Fe Railway Company officials to arrange details of the lease. The railroad has recently fenced off these lots with heavy posts. It was done, officials of the road said, to restrict to passenger cars to relieve parking and traffic congestion in the downtown area. The City, as lessee, can restrict such parking through the same police authority it has over streets. If the City can lease the lots Matthews said, they will be restricted to passenger cars to relieve parking and traffic congestion in the downtown area. The City, as lessee, can restrict such parking through the same police authority it has over streets.

Change Made in War Dead Rites

The body of Pfc. Oliver R. Turner, scheduled to arrive in Pampa this morning, will not arrive until tomorrow morning. After calling the Ft. Worth Quartermaster Depot, it was found that an error had been made in notifying the next of kin. The Duenkel-Carmichael Funeral Home said this morning. The telegram sent to Mr. and Mrs. H. L. Turner, 507 N. Dwight, said that the body of their son would arrive in Pampa on Nov. 19. The funeral, originally set for this afternoon, was changed to 2 p. m. Saturday at the Duenkel-Carmichael Chapel with O. F. Shermaker officiating. Military services will be held at the graveside in Fairview Cemetery.

Panhandle Starts Sorghum Harvest

AMARILLO—(AP)—The Panhandle of Texas was winding up another harvest this week grain sorghum estimated to value between 65 and 75 million dollars. Dollars and cents volume from grain, sorghums will equal and probably exceed, money returns from the area's 1948 wheat harvest, David Rasco wrote in the Amarillo Daily News. A survey by The News of 30 counties in the area showed more than two million acres were under sorghum cultivation during late summer and fall months. The wheat crop in the same area this year yielded an estimated 60 to 65 million dollar harvest.

Improvements for City Are Discussed by Toastmasters

An underpass, order in street names, a banquet hall, high school facilities—these are some of the subjects taken up during a round-table discussion at a Toastmasters Club meeting here. A wire recorder was set up, and members' voices were recorded as they discussed a number of topics as topmost on the community's program of needs, as assessed by the members. Members said one of the most important needs is an underpass where the highway crosses the railroad on Hobart. They agreed unanimously that, since the city has grown so much and street names are not known entirely even by long-time residents, there should be some sort of order in their names—either alphabetical or numerical or both. There is a great need for a banquet hall, to be available in connection with added hotel facilities. This topic led to a discussion of the Jaycee project for a community center building, and ultimately into a discussion of an additional suggestion advanced by The News some time ago—that the Junior High School property be converted to high school property. In regard to the community center, toastmasters discussed the possibility of the Jaycees purchasing surplus buildings. The members agreed that the Junior High School properties are in a bad position, especially from the standpoint of safety. However, the idea was expressed that the building could not be converted into a hotel without great expense. It was agreed that within two or three more years, there would be a greater need than ever for two junior high buildings, conveniently located. A state health participation program was discussed, members agreeing generally on the desirability of it. More facilities are needed at Recreation Park for fairs and other city and county functions, it was said. The idea was advanced that this could be accomplished if more clubs would work together more closely for an integrated program.

China's Appeal to U.S. Is Mainly for Moral Support

BY DEWITT MACKENZIE
AP Foreign Affairs Analyst
Generalissimo Chiang Kai-shek's direct appeal to President Truman for an American policy statement to bolster the morale of Chinese anti-Communist forces arises from the greatest crisis the Nanking government has yet faced in battling the Moscow-backed Red rebellion. Why should Chiang appeal for moral support at this critical juncture rather than for material aid? The answer, I take it, is that China's need is so urgent it can be met only by aid that can be transmitted with the speed of a message; it can't wait for material assistance to be moved by ships across the seas. News of the generalissimo's letter arrived at my desk in New York while I was lunching with Peng Hsueh-pei, Chinese cabinet adviser and delegate to the United Nations. One of the first questions he asked me was what America's policy was to be. He explained that the morale of the anti-Communist forces is at a low ebb and that they need assurance "for everybody" will be received assurances of continued American support. I told Peng that the question of policy was expected to figure in the projected conference between President Truman and Secretary of State Marshall in Washington next Monday. My personal feeling and that of a lot of other observers is something like this: Quite apart from friendship, America couldn't afford to see the China collapse and be taken into the Communist camp under control of Russia. That would be giving Moscow a strangle hold on the Orient. There could be no question of America sending troops to China. We wouldn't think of asking our boys to fight there. However, if I had the job to do I probably should bolster the national forces with a large amount of up-to-date equipment, send to China a large number of American Army officers to supervise and advise, and provide the wherewithal to keep operations going. Peng nodded, and said: "I should make one addition. The people of China are hungry. They can't fight on empty bellies. I should feed them. That could be done by shipping in foodstuffs from other countries." Peng said there was no doubt whatever that Russia was backing and supporting the Communist revolution in China.

Question of Armed Conflict Left Open

WASHINGTON—(AP)—The United States, bolstering its Marine force in China, left open today the question of whether "circumstances" might lead to armed conflict with Communist troops. The Navy said 1,250 Leathernecks will sail from Guam next Tuesday to reinforce the 3,600-man Marine garrison at Tsingtao. This force, said the Navy in adding details to a surprise news conference announcement by Secretary of Defense Forrestal, "will assist in the orderly evacuation of United States nationals through the port of Tsingtao." Forrestal was asked by reporters whether the Marines will fight if the Communist armies attack Tsingtao. That, replied Forrestal, is a matter for the State Department to decide. At the State Department, Press Officer Michael J. McDermott took this position: "The answer is that it all depends on circumstances and there is no answer now. I don't know what the answer will be. I can't pretend to say now what they will do in certain circumstances." On the basis of information available here, the circumstances at this time are these: 1. Tsingtao, Yellow Sea port at the base of the Shantung Peninsula, is close to Communist-controlled areas—so close that the water supply for the city is within Communist-held territory. Some experts believe the Communists can take the city any time they choose, without much opposition from Nationalist forces. 2. In the Shanghai-Nanking areas there are about 3,050 American troops. In other sections, including the evacuation port of Tsingtao, there are 1,574 others. The figures do not include military people such as those on the American advisory missions to Chiang Kai-shek's Nationalist government. 3. The primary reason for the presence of the Marines in China is to protect American lives and property. It is to be assumed that if shooting between Marines and Communists should occur it would be in defense of the lives and the property they represent. The current Marine force of 3,600 men at Tsingtao has what is described in the Navy announcement as "supporting aircraft," probably some fighters and a few destroyers. The Navy already has ample facilities in the area to hurry Americans out of Tsingtao, if that becomes urgent. Its Task Force 38—made up of two carriers, two cruisers and eight destroyers—has been in the vicinity for more than a month on a training cruise from the United States. Meanwhile, two Navy ships will stand by to take Americans out of Shanghai.

Government Claims Complete Victory in Suchow Battle

NANKING—(AP)—The government claimed complete victory in the Suchow battle today. Gen. Chang Lu-shih, official military spokesman, told his weekly press conference: "The battle for Suchow can be considered as concluded. What the Communists do now is subject to conjecture." Chang pictured the Red forces in flight. He said government troops and planes were mopping up an area extending 30 miles around Suchow. The spokesman asserted 130,000 casualties were inflicted on the Reds as against 40,000 suffered by Nationalists. Other government sources said the government won at least the opening phase of the Suchow battle against 300,000 Communist troops. This victory, they added, made Nanking is safe at least for a month or longer. More optimistic officials said the results of the past week's fighting means the ascendancy of Generalissimo Chiang Kai-shek's once waning fortunes. Foreign observers placed the result of the fighting along the Suchow front somewhere between the government's official claim of complete victory and the Communist's continued insistence that they still hold the initiative. Gen. Chow Chih-jou's rejuvenated Air Force furnished the balance of power which apparently threw back Red Gen. Chen Yi's troops. Flavored with a perfect combination of clear, excellent weather, bright moonlight nights, and an enemy carelessly concentrated in the open plains around Suchow, Chow's warplanes made the Communist positions untenable by around-the-clock bombing and strafing. Operating from Nanking's military airfield, more than 100 planes, ranging from Mustang fighter bombers to four-engine Liberators, plastered the areas south, southwest and east of Suchow constantly during the past week. It appeared certain that Red Generals Chen and Liu Po-cheng if they have not been defeated—have been forced to abandon the immediate conquest of Suchow and withdraw for regrouping.

China's Appeal to U.S. Is Mainly for Moral Support

MIAMI BEACH, Fla.—(AP)—A plan for government health insurance "for everybody" will be recommended to next Congress, a high government official disclosed here. Arthur J. Altmeyer of Washington, Social Security administrator, emphasized the program will call for health insurance not "socialized." Altmeyer yesterday told 100 regional and national officials of the Social Security Administration that the program, which would be operated similar to way workers and employees pay for social security, will be recommended as part of a health security program.

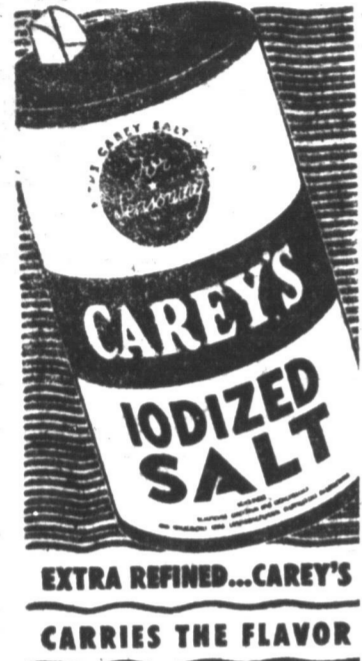

HEADS NATIONALISTS—Gen. Fu Tso-yi has been given full command of Nationalist military forces in North China, taking over the iron control Generalissimo Chiang Kai-shek exercised there.

Election Laws Face Revision

DALLAS (AP)—A. P. Cagle, Baylor University political science professor, has been appointed chairman of a committee of Democratic county chairmen to draft a bill revising Texas' election laws, Arthur Stevenson, Dallas County chairman and president of the Texas Association of County Chairmen, said.

Cagle is chairman of McLennan County. Other county chairmen who will be named to the committee are W. A. McIntosh, Gilmer; E. E. Bedell, Tyler; H. O. Gossett, Longview, and J. M. Patterson, Austin. Patterson has for many years edited and compiled a published codification of existing election laws. Several of the committee-men served in a similar capacity two years ago, when a bill was drafted and introduced, but failed to pass, Stevenson said.

Both Sides Stand Pat in 'Cold War,' Analyst Says

By DEWITT MACKENZIE AP Foreign Affairs Analyst

The attempt of top United Nations officials to bring the Big Four (America, Britain, France and Russia) together to end the dangerous Berlin crisis in the interests of general peace has failed.

It was a gallant effort on the part of Secretary General Trygve Lie and Assembly President H. V. Evatt, but the result was a foregone conclusion. Both sides stand pat.

Russia still insists on taking up the problems of all Germany in connection with any negotiations about Berlin. The democracies refuse to negotiate unless the Russian blockade of Western Berlin first is lifted.

And why won't either party give ground? Fundamentally it is this: We are not dealing with a diplomatic situation. It is a state of war—a cold war, to be sure, but nevertheless a Red war of aggression.

Both sides have adopted strategic positions which they consider vital in this cold war. To give ground would be to invite defeat.

The argument about Germany is only part of the war of the isms, but it is a vital part of the conflict in the European theatre. Before the late war, Germany was the economic and military keystone of Continental Europe. Potentially it still is the key stone, despite the ravages of war.

Russia is playing for control of the entire Reich, which would give Moscow a mighty lever with which to pry loose Western Europe for communism. That's why the Muscovites won't negotiate the Berlin crisis without including the whole country. The Berlin blockade with its terrible threat of starvation for millions of civilians is too powerful a weapon for the Reds to abandon.

The democracies, on the other hand, know that if they make concessions while that murderous blockade is still in operation, they will weaken their position dangerously. From harsh past experience they know that Moscow will take advantage of any weakness and that they thus would lay themselves liable to lose all Germany to Red domination.

You see, this cold war is mere-

Diseases Take Heavy US Toll

A group of public spirited citizens and physicians interested in rheumatic diseases is establishing an organization known as the Arthritis and Rheumatism Foundation. This group's aim is to stimulate and support badly needed research on arthritis and rheumatism. The ultimate objective of this organization, of course, is to cut down on these diseases as these diseases have been "cutting down" on human beings. A larger corps of specialists and more hospital beds to care for rheumatic victims - these are the aims.

Gracie Reports

Well, I see "it's a boy" in England and I'd say the new-comer was mighty lucky to be born in a place like England where kings are still popular. If he'd been born to royalty practically anywhere else, his parents would have had him up and about in a few weeks hustling to learn a few things.

MOPSY by Gladys Parker

BLUEPRINT by Upton Close

On the military planning table lies the blueprint for the mightiest machine in history. The blueprint is so complete that if authorized by Congress and the President, it will permit no man to decide for himself where, when, at what job, for what pay, he will work, for what snuff out Dame Liberty's candle for the duration of any war - and if any war should return of the return of peace.

Fair Enough - by Westbrook Pegler

So you voted against Taft-Hartley because the union racketeers told you it was a slave-labor law. Let me tell you about the real slavery under unionism, which the Taft-Hartley law tries to abolish. Then you will see why Dan Tobin, the king of the teamsters, and the whole roster of pot-bellied old tyrants, living amid really royal luxury and toadyism in their royal courts, were dead against Taft-Hartley. Never mind about Truman for the moment and his reasons for throwing in with such brutal man-traders. Let us not complicate the discussion. Let us consider the facts of labor-slavery under unionism.

'Queen Ethel' Says Theater Not Dead

HOLLYWOOD - Queen Ethel Barrymore speaks out against those who claim the movie business is not in good shape. "The picture industry is as good as ever," she says, "pooh-poohing the pessimists. They are always mumbling about something."

Common Ground

Rev. Busdiecker Should Study His Bible For the information of those who do not know Rev. George Busdiecker, he is president of the Santa Ana Board of Education and also a Lutheran minister in Santa Ana, California. He is one of the men who has been offered \$500 by this column if he would attempt to harmonize tax-supported schools with the Ten Commandments and the Declaration of Independence.

Big Spring Girl Cotton Maid Entry

MEMPHIS, Tenn. - (AP) - First Texas entry in the 1948 Maid Cotton contest is Miss Cornelia Grazer of Big Spring. The tall brunette at present is studying music in New York but her family owns a cotton farm near Big Spring. She is five feet, eight inches tall, has black hair and dark brown eyes and is 23 years old. A talented vocalist and pianist, she was graduated in music from the University of Texas.

FUNNY BUSINESS

By HERSHBERGER The labor leaders have used the socialist line about as far as they can without catching themselves in the trap. When industry becomes government-ordered and operated, whether for reasons of "ideology" or war, organized labor becomes the servant of totalitarian government. The labor bosses like this to happen to industry - but not to labor. They are about at the line where they'll have to start fighting for free enterprise and the capitalist system in order to survive. They saw L. S. Labor organizers try themselves in Czechoslovakia and see the process going on even in England.

NATIONAL WHIRLIGIG

WASHINGTON - The voters of the New England, Middle West and Far West states may not realize it, but they stripped themselves of important power and perquisites on Capitol Hill when they handed legislative control to the Democrats. Their loss of key committee chairmanships can be damaging to their local interests in a broad-and-butter way.

DIFFERENTLY

A mere listing of the outgoing and incoming chairmen of a few important committees, as well as a suggestion of their contrasting and conflicting attitude toward national problems of everyday concern, shows how differently public affairs will be managed as a result of the changed lineup.

PREFERABLE

In the Senate the notable geographical losers are New England and the Middle West, where Ohio and Illinois helped to elect Mr. Truman. The Far West and South West fare better. But legislative power in the House, where most measures originate, is preferable to democracy in the Senate except for filibusters.

REPLACED

Interstate: The conservative and able Wolverton of New Jersey becomes second to Crosner of Ohio, the darling of organized labor, especially railroad workers. If the Ohioan has any influence in a case involving increased wages and rates - and he will - the workers will get his help.

REPLACED

Waltz into Darkness

BY WILLIAM IRISH The house was empty, waiting. Waiting to begin its history, which, for a house, is that of its occupants. Oil lamps had been left lighted, one to a room by someone, most likely Aunt Sarah, before leaving their little bedded flames, safe within glass chimneys, winking just high enough to disperse the darkness and cast an amber glow. The same blend of wood shavings, paint, and putty, spiced with a dash of floor polish, was still in evidence, but to a far lesser degree now, for carpets had been laid over the raw floors, drapes hung athwart the window casings.

Johnson of Texas Fought HST but Got His Support

By BO BYERS
AUSTIN—(P)—“My primary interest is keeping us out of war.”
 The speaker was Lyndon Johnson, 40-year-old senator-elect from Texas. He had just scored an overwhelming victory against his Republican opponent following a grueling Democratic primary campaign against Coke Stevenson.
 Johnson hesitated to say what course he plans as he moves up to the Senate from the House, where he has served since 1937.
 “Right now I’m a freshman senator. Whatever my leader puts me, I’ll try to do the best job I can. It would be presumptuous of me to say what committees I expect to be put on.”
 “I’m very interested in preparedness and always have been, and naturally I hope someday to be assigned to committees where I can help work for preparedness.”
 Johnson has been a member of the joint Atomic Energy Committee and the House Armed Services Committee. He was a key figure in the fight for Congressional approval of the 70-group Air Force.
 Johnson took credit for forcing President Truman to abandon a policy of junking usable war planes. He voted for the Taft-Hartley Law over the President’s veto and attacked his civil rights

program as “a farce and a sham.”
 Nevertheless, when Mr. Truman visited Texas he put his arm around Johnson and asked Texans to vote for “a true Democrat in the form of Lyndon Johnson.”
 Johnson used a helicopter in his primary campaign, making hundreds of stops in out-of-the-way places over 7,000 miles of Texas expanses.
 Children flocked to the helicopter.
 “Go home and tell Mama and Papa to vote for Lyndon Johnson,” he told them.
 Campaigning on the ground, he whirled into offices, shook hands with clerks and stenographers, hugged women, pumped hands of men on sidewalks with a “Howdy, I’m Lyndon Johnson.”
 He played up the family angle, referring to his wife as “mama” and mentioning his two small daughters, Lynda Bird and Lucy Baines.
 He pictured himself “a practical progressive, liberal without being radical; conservative without being reactionary.”
 In the history of evolution, birds are more closely related to the crocodilians than crocodilians are to the turtles.

American funds are doing a big job in Europe, and here's a concrete example. This flour mill in Trieste was almost completely destroyed during the war, but U. S. aid funds rebuilt it into the largest and most modern plant of its kind in the Mediterranean area. It's now handling Marshall Plan flour for Trieste and Austria, and its silos hold 30,000 tons of grain.

Rotary Hears College Head

Dr. J. B. Boren, president of Hardin College, Wichita Falls, yesterday addressed the Pampa Rotary Club during the club's weekly meeting held in the Palm Room, City Hall.
 Dr. Boren spoke on the danger of “coasting along” after a certain amount of a person's goal is attained. He cited those businessmen who build up a trade and then coast along on their reputation. He also said one of the quickest ways to break up a home is to let the “fires of romance burn low” and coast along from then on.
 He was introduced jointly by Frank Wilson, principal of the Pampa High School, and Superintendent of Schools Knox Kinard.
 President Steve Matthews told the club that plans for a unique overseas gift were virtually complete. The club plans to send nine or ten hams to the Edinburgh, Scotland, Rotary Club for their luncheon that comes closest to Christmas and also ask the president.
 J. W. Garcia and wife to A. C. Newberry and wife; Lot 4, Block 8, South Side.
 Suits Filed
 A petition for removal of legal disabilities was filed yesterday by Wanda Faith Hancock in the office of the district clerk.

Roll Out the Barrel

Kansas voters, who repealed the state's 60-year-old dry law, are going to have a celebration, but it'll be with 3.2 beer. No hard liquor can be served until the legislature acts, so Topeka tavern owner Daniel Dressing rolls out a barrel of 3.2 beer.

China Must, for the Most Part, Solve Own Problem, Says Analyst

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

The question of what if anything America can do within reason to ease Chiang Kai-shek's nationalist regime from utter collapse in face of the Chinese Communist onslaught has received no satisfactory answer thus far.

Mexico Plans Modernizing Rail System

HOUSTON — (AP) — The Democratic National Committee said it will continue its pre-election policy of maintaining special fund-raising regional offices.

A committee official said the only question is which of the finance offices will be kept as agents of the national committee.

In the last campaign each state had a finance office but most were adjuncts of the state party organizations. National offices operated in Minneapolis, Denver, Chicago, San Francisco, and Austin, Tex.

National Treasurer Joe L. Blythe announced that the office at Austin will be made permanent. Mayor Tom Miller of Austin, finance director for Texas during the recent campaign, will continue in that office. He will be assisted by Creekmore Fath as secretary.

Freeport—almost a full week after he left Corpus Christi for Galveston.

MEXICO CITY — Mexico will try to modernize her state railway system and get it out of the red without firing workers or cutting their wages.

Manuel R. Palacios, general manager of Mexican National Railways, made the promise in a letter to the railway workers' union. The union had protested a labor contract renegotiation in the government's railway reorganization plan.

Palacios explained that when negotiation begins, the national railways will seek a free hand in naming administrative personnel and will try to end "administrative abuses" including overtime pay and pay during arbitrary leaves of absence. He said firing of regular workers or a cut in their wages will not be considered.

In his letter Palacios said the system since 1946 has run in a deficit of 467,851,173 pesos (\$65,500,000), plus a 21 million peso (\$3 million) loan for new equipment. He recalled that though the system was losing money heavily in 1946, workers' wages were raised at a cost of 65 million pesos (\$9,500,000) yearly while an increase in freight rates brought in only an extra 12 million pesos (\$1,700,000).

The government reorganization plan calls for government loans for new track and equipment, further increases in freight and passenger rates, and more efficient operation and administration.

The first major shipment of American guns and ammunition to China since the Red victories in Manchuria is said unofficially in Washington to be ready for departure. Of course any help is good help but it will take more than a bucket of water to halt the Chinese conflagration.

That's what makes America's position so difficult. How can she give worthwhile aid without going to the unthinkably extreme of taking over the military burden herself?

The most promising suggestion I have run into came from Dr. Chen Ii-Fu, vice president of the Chinese National Parliament, when he was in the United States three months ago. He told me he believed the Chinese government's military success must be premised on economic reform.

Chen figured it was useless for the government to keep on expending men and material under present conditions. Without economic reform, he said, it could run on indefinitely. Therefore, he would drive all the Chinese Communist north of the Yangtze River and then hold the line of the Yangtze while South China was pulled on its feet economically. Once economic rehabilitation was achieved, the government could conquer the Communists in North China and reunite the country.

As things now stand China must assume most of the burden of working out her own problem. She has had much help from America, and she is getting more. However, there is no indication that the United States intends to take over the job of cleaning up the Chinese businessists.

Commission Sets Two Hearings

AUSTIN — The Railroad Commission has set dates for hearing two applications for oil discovery rights.

Dec. 8 it will hear the application of Vincent J. Meyer for a discovery allowable, new field designation, and field rules for the Billy Holland Well No. 2, Edwards County.

Dec. 10 it will consider the application of Magnolia Petroleum Co. for a discovery allowable for its Winston Brothers Well No. 1, Scurry County.

This is Sammy Baugh's twelfth season with the Washington Redskins of the National Football League.

Washington Racing From One Station to the Next

By JAMES MARLOW

WASHINGTON — (AP) — Washington is like a train which has just pulled out of one big station and is racing on to the next.

The stop it just left was Nov. 2 election day. The next big one is Jan. 3, when the new Congress, the 81st, sits down to work.

This will explain what is happening now and what will happen: Mr. Truman is conferring at Key West, Fla., with some of his top aides on what he and his Democrats should do in 1949, and how to do it.

But here in Washington government departments began months ago to figure how much each of them will need next year to carry out its job.

All these estimates, after a lot of checking, are put together in a big book called the budget.

In his budget message Mr. Truman will explain why he thinks Congress should vote the money

CIO Members Ask Sailor Unharmed From Three Days In Open Boat

NEW YORK — (AP) — A majority of the members of the CIO National Maritime Union want their union officers to sign non-Communist oaths under provisions of the Taft-Hartley Law.

In a nationwide referendum, the membership voted 13,039 to 4,120 in favor of the oaths.

Neal Hanley, union secretary-treasurer, said officers will sign the affidavits.

In the new Congress the Democrats will seek enough Republicans from each committee to make sure each has a majority of Democrats on it.

It's these committees which will be the key to the Congress and to the success or failure of Mr. Truman's campaign promises.

You can sit back and wait. It will be months before you have a chance to see whether Mr. Truman's Democratic Congress is going to go along with him.

Demos to Keep Finance Offices

WASHINGTON — (AP) — The Democratic National Committee said it will continue its pre-election policy of maintaining special fund-raising regional offices.

A committee official said the only question is which of the finance offices will be kept as agents of the national committee.

In the last campaign each state had a finance office but most were adjuncts of the state party organizations. National offices operated in Minneapolis, Denver, Chicago, San Francisco, and Austin, Tex.

National Treasurer Joe L. Blythe announced that the office at Austin will be made permanent. Mayor Tom Miller of Austin, finance director for Texas during the recent campaign, will continue in that office. He will be assisted by Creekmore Fath as secretary.

Freeport—almost a full week after he left Corpus Christi for Galveston.

Year-Old Infant Victim of Burglar

HOUSTON — (AP) — A year-old baby was the only victim of a burglar who broke into the J. Schneider home here this week.

Schneider reported these items missing: a piggy bank containing about \$10, and a quart of milk.

State Draft Roll Now at 450,183

AUSTIN — (AP) — Registration of continuing registration of men as 25,130 men between Sept. 20 and they become 18 years old and late Oct. 31 increased the Selective Service rolls in Texas to 450,183, Maj. Gen. K. L. Berry, state director, reported. Nearly 32,000 men have been classified by the local boards, and

of these have been put in the class available for military service, Gen. Berry said.

TRAIN TO TOUR AGAIN

Pioneer Catholic Padre Dies at 78
ALBUQUERQUE, N. M. — (AP) — The Rev. Henry Paul Marie Le Guillou, who left France to become a pioneer Catholic padre in the Southwest, died Wednesday.

Father Henry, who was 78, would have celebrated his 55th year of priesthood on Dec. 23.

He served in the Santa Fe Archdiocese except for 12 years during which he established the first parochial school in Superior, Wis., and the parish of St. Louis.

CORPORATION
(Continued from Page 1)

Industry as an example of companies he said are making too much money.

It should be siphoned off in the form of increased taxes," he said, "but not in the form of excess profits taxes in peace-time."

Knutson can't do anything about it himself. Minnesota voters retired him after 32 years in Congress—the last two years as chairman of the tax-raising House Ways and Means Committee.

The former chairman, Rep. Doughnut (D-NC), will take over again when the Democrats start running the new Congress in January.

Knutson said he had been thinking about a higher corporate income tax ever since President Truman indicated next year's budget might go beyond \$42 billion.

Mr. Truman and the administration at various times have backed a plan for reviving an excess profits tax on corporations. Such a tax was imposed during the war and repealed in 1945.

MAN HELD
(Continued from Page 1)

and showed he also was dishonorably discharged from the Army. His father, Harold Browneller, is connected with a Harrisburg, Pa., funeral home. The father was contacted and ordered the body sent to Harrisburg.

On investigation disclosed Browneller was stationed at Shepard Field, Wichita Falls, for two years during the war.

A German made automatic was turned over to Ranger Greer by Puckett who later turned the weapon over to Sheriff Hammett Vance in Wichita Falls. Puckett has made no statement since his arrest.

Puckett's grandmother, Mrs. R. S. Tenneyson, G. S. Edwards, Guy Puckett, and C. C. Puckett, his father, all of Vernon, signed his \$7,500 bond.

Mrs. Puckett, the former Clea Ann Benton, traveled to Wichita Falls yesterday with her attorney, Chief Deputy Rufe Jordan and her father, Bert Benton, Gray County rancher, for questioning. She was released from custody yesterday afternoon and returned to Pampa. The party went to Wichita Falls voluntarily.

Judge C. I. Hughes' Condition Critical

Justice of the Peace Charles I. Hughes was reported today as being in a critical condition at his home by attending physicians following a relapse late yesterday.

His physician said this morning that the judge had a "rough night" but responded to treatment early today. However, he remains in the critical stage.

Judge Hughes has been confined to his bed since Nov. 2 when he suffered a severe heart attack. Since then his condition has fluctuated from day to day.

Johnny Lee Willis, orchestra leader, and Gene Thomas, member of Willis' orchestra, visited City Patrolman Mike Topp last week. The three played together in the same dance bands in Oklahoma several years ago.

'No Whitewash' for Johnson by Congress

WASHINGTON — (AP) — Two new Democratic senators whose preliminary investigations have been under GOP-ordered investigation were virtually assured last week of unchallenged seating with the 81st Congress Jan. 3.

However, Senator Myers (D-Pa.) who is in line for the chairmanship of the Volstead Committee, said there will be no "whitewash" if irregularities or fraud are found in campaign activities in behalf of Robert Kerr of Oklahoma and Lyndon Johnson of Texas.

After a meeting of the Senate committee, Chairman Jenner (R-Ind.) said "the majority of the members... feel it would be futile to conduct hearings in the short space of time remaining before organization of the new Senate."

Jenner added in a statement that he and Senator Bricker (R-Ohio), the third member of the committee, "feel it would be useless to expend public money in preliminary work when there is every possibility our activities would be of no avail."

He said the group had information "in the form of affidavits" which two of the three members believe are of sufficient seriousness to warrant a full and searching investigation" by the new committee.

Before last Tuesday's elections some Republicans, in anticipation of victory, had talked of challenging the seating of Kerr and Johnson pending the outcome of the investigation.

Myers told a reporter he does not expect any new senator to be challenged when the 81st Congress begins work.

The Texas contest involves the Democratic primary dispute between Johnson and Coke Stevenson, former governor, in their photo finish battle for the seat vacated by Senator Lee O'Daniel. After losing a court fight Stevenson asked the Jenner Committee to look into alleged vote irregularities in five counties Johnson at the same time asked that ballots in eight other counties not be destroyed.

In the Oklahoma contest, complaints were filed with the committee that expenditures in Kerr's primary campaign exceeded the \$6,000 limitation.

Jenner said an investigator's report, released 10 days before the election, showed that Kerr's primary campaign expenditures exceeded the \$6,000 limitation.

THANKSGIVING
(Continued from Page 1)

young hen weighing 10 to 12 pounds costs 66 to 68 cents a pound in wholesale lots today. Last year the price was 52 1/2 to 53 cents.

The Department of Agriculture has estimated this year's turkey supply at ten percent under last year. Trade sources think the amount available for consumers will be even smaller. More birds are being withdrawn for breeding purposes this year, they say.

Furthermore, the supply in cold storage is down about 50 percent from a year ago.

Chief reason for the shortage is the high price of grain last spring, when the turkey feeding season got underway. A bird weighing 21 pounds will have consumed, at the end of 26 weeks of feeding, 92 pounds of feed.

Turkey feeders thought they might get caught with high cost birds they couldn't sell at a profit. So many simply quit the business. Result: fewer turkeys.

Trade sources said they hadn't noticed any increase in the number of small-sized birds, an idea urged by the Agriculture Dept. Small birds are being sold as big ones and they fit into apartment house ovens better.

POLITICS
(Continued from Page 1)

the AFL. The CIO was formed by AFL unions in 1936.

The convention heard Marshall Plan Director Paul Hoffman describe the new goal of the Economic Cooperation Administration as one to boost the standard of living in Europe by one-third.

The U.S. is following "an enlightened form of dollar diplomacy" through the Marshall Plan, he said, and the spirit of recovery in Western Europe has been greatly improved since 1946.

Earlier, Cyrus S. Ching, federal conciliation director, pleaded for use of strikes only as a last resort. He said strikes should be used to "persuade an employer to settle, not to bring the public to its knees."

Business Story On Front Page

NEW YORK — (AP) — The business story is on the front page nowadays instead of the financial section.

The story's "lead" comes from the pleasant palm-shaded beach of Key West and it sends shivers down the cold gray canyon of Wall Street.

The President would seem, at first glance, to be going back on a good old American custom—that of not meaning everything you say in a campaign speech. He announced that he did mean it.

What's more, he says he is going to adhere to the Democratic Party's platform and to push hard for his own program as offered repeatedly to a hostile Congress. Included are repeal of the Taft-Hartley Law, stricter credit controls, power to halt climbing commodity prices, rent controls and perhaps higher taxes.

Wall Street is busy trying to figure if the time-tested conservative alliance of Southern Democrats and Northern Republicans in Congress is strong enough to stop the President's putting into effect his "newer deal."

On the same front page is word from Washington that if the auto industry doesn't clean its own house, stop the practice of salesmen's taking tips to assure car deliveries and requiring the painting customer to buy unwanted accessories if he is to get a car, there may be a move in Congress to discuss price controls for autos.

Good together—for luncheon

Spicy Gingerbread
Mix and sift together 2 cups sifted cake flour or 1 1/2 cup all-purpose flour, 1/2 cup sugar, 1/2 teaspoon salt, 1 teaspoon baking powder, 1/2 teaspoon ginger, and 1 teaspoon cinnamon. Beat 1 egg and 1/2 cup melted shortening. Beat into flour mixture and beat until batter is thoroughly blended. Pour into greased 8-inch-square pan and bake in moderate oven 30 F. about 40 minutes. Serve hot with whipped cream. Batter may be baked in muffins (ins about 25 minutes.)

Fragrant Coffee
First with fragrance... then with flavor... a steaming cup of Hills Bros. Coffee is bracing and delightful. This wonderful coffee is delectable from the pick of the world's coffee crops. You're sure every pound because an exclusive Roasting process, "Controlled at a time—continuously—for uniform perfection. Vacuum-packed in cans and jars for utmost freshness. Woods to Ask For Tighter Rent Control

WASHINGTON —(AP)— Housing expediter T. H. Woods will ask the new Congress for tighter rent controls for "at least another year."

A spokesman for Woods gave this word to reporters last week. He said the housing expediter believes the new law should carry criminal penalties for violations and should plug "some of the loopholes in the present law."

The proposed one-year continuation of rent controls would be from next March 31, when the present law expires.

Among other things, it was stated, Woods will ask:

1. Control over evictions.
2. Triple damages to tenants who are over-charged.
3. Criminal penalties for rent ceiling violations, including fines or jail terms or both.

Wichita Falls Railroad Asks Bond Exchange

WASHINGTON — (AP)— The Wichita Falls and Southern Railroad Co. asked authority to make a \$729,000 bond exchange. The plan would take care of a security issue now in default.

The application was filed with the Interstate Commerce Commission.

The company is headquartered at Wichita Falls, Tex. It proposes to issue \$729,000 of its first mortgage and collateral lien 5 percent gold bonds in exchange for a like amount of first mortgage 5 percent bonds of the Wichita Falls Southern Railway, previously absorbed by the present company.

The old railway company bonds matured Jan. 1, of this year, with interest in arrears since Jan. 1, 1942.

In addition to issuing new bonds to the holders to mature Jan. 1, 1957, the company asked authority to pay \$25 cash to each holder of \$1,000 of the old bonds in full liquidation of the past due interest.

Highway to Be Lined With Wild Flowers

AUSTIN —(AP)— The Blue Star Memorial Highway from Gainesville to Laredo should be a broad ribbon of wildflowers next spring.

Texas Garden Clubs, Inc., has announced it will concentrate a

RUMOR FACTORY RECONSTRUCTS PRESIDENT TRUMAN'S CABINET—Rumors are flying about a reorganization of President Truman's cabinet, following his surprise victory. Some of the most frequently mentioned changes are pictured above. Secretary of State Marshall supposedly wishes to resign, with Krug, Forrestal and Sawyer believed on the way out, since they failed to campaign vigorously for the President's reelection. Douglas, now ambassador to England, and Acheson, former undersecretary of state, are leading candidates for Marshall's job, with Undersecretary of State Robert Lovett, Justice William O. Douglas and Chief Justice Fred Vinson also mentioned. However, Secretary Marshall has issued a formal statement, denying that he plans to resign Jan. 20. Many other names have been advanced, but these men are favored.

flower planting program along its right-of-way this winter. Native wildflowers will be seeded profusely.

Kilgore Chief Named To Head Firemen

HUGHES SPRINGS, Tex. —(AP)— Fire Chief Bill Willis of Kilgore was named president of the Northeast Texas Firemen's Association concluded its semi-annual meeting here.

Other new officers included: Carl Beehold, Marshall, first vice president; George Nugent, Quitman, second vice president; Ray Clark, Jefferson, secretary-treasurer, and the Rev. Ed Mathison, Mount Pleasant, chaplain.

Man, 84, Leads Flying Farmers

GAINESVILLE —(AP)— With one scared and lonely Hereford aboard, flying farmers from eight states were heading up the old Chisholm cattle trail yesterday morning.

Eighty-four-year-old Starr Nelson of Delta, Colo., who drove cattle up the trail 65 years ago through Texas and Oklahoma to Dodge City, Kan., was leading the way in his plane.

Behind him trailed 55 planes with 150 flying farmers from Texas, New Mexico, Oklahoma, Kansas, Colorado, Wyoming, Nebraska and Idaho—and the one lone yearling.

The party took off from here at 9 a. m. yesterday and headed for El Reno, Okla., for brief ceremonies there. After lunch at El Reno they went to the end of the trail at Dodge City Thursday.

The Hereford yearling was riding in state in the belly of a private four-seater plane owned by Mr. and Mrs. E. M. Anderson of A-Bar-A Ranch at Medina, Tex. He will be auctioned at

Dodge City.

Spry and friendly Starr Nelson was the center of attraction at the square dance for the flying farmers here Tuesday night.

"By golly, I'd driven everything from a baby buggy to a double decker bus," he snorted, "and I figured I'd learn how to drive an airplane too."

He has always passed the rigorous aviation physical examination and said it was because he always avoided alcohol and tobacco.

"Out of the 200 and more cowboys who went up the Chisholm trail with me," he said, "there are only three of us left. All of us are teetotalers."

His only physical deficiency is impaired hearing, but that, he said, was often a blessing. "I don't have to listen to everybody's guff unless I want to."

The "missing link" between birds and reptiles is a peculiar creature, Archeopteryx, that lived about 125 million years ago.

Even the most efficient gliding birds lose altitude unless they flap their wings occasionally, or soar on up-currents.

Bank Embezzler, Mother of Four, Placed on Probation

FORT WORTH —(AP)— U. S. District Judge T. Whitfield Davidson placed Mrs. Emma Louise Wilson, 35, convicted bank embezzler, on probation for one year, with admonition that money to repay her theft should "not be raised by public subscription."

Mrs. Wilson, widowed mother of four children, fainted in the courtroom Nov. 8 when sentenced to serve 90 days in jail and 18 months in prison for embezzling \$2,181 from the Trinity State Bank. She had been under care of a physician at the U. S. Public Health Service hospital here since then.

U. S. District Attorney Frank Potter told Judge Davidson Mrs. Wilson's physician reported she was "exceedingly weak, but able to be in court." Potter, U. S. Marshal J. R. Wright; his deputy, Mrs. Verna Ditto; and Mrs. Wilson's attorney, W. A. Hawkins, went to the hospital for Mrs. Wilson.

Hawkins told the court Mrs. Wilson was too weak to make a statement but that she desired to return to her home in Terminal City, site of the Midland-Odessa airport, with her employer, Ralph Robinson of Terminal City.

Judge Davidson, in placing her on probation, told the marshal to return her to the hospital where she could remain until she is able to travel.

Robinson and his wife, parents of four children themselves, have been caring for Mrs. Wilson's four children in their home, Hawkins told the court.

Mrs. Wilson, dressed in a blue suit and white blouse, was assisted into the courtroom by U. S. Marshal Wright and Mrs. Ditto. She appeared unable to walk alone and had to be assisted in rising from her seat.

She appeared extremely nervous during the hearing, clenching her hands and keeping her eyes on the judge. She almost broke into tears and made the sign of the cross when Judge Davidson placed her on probation after it was recommended by John Alderman, chief probation officer.

After Hawkins told the court that \$1,000 of the embezzled money has been returned, Judge Davidson said he had heard that "some generous persons have offered to provide the money with which Mrs. Wilson can make restitution. The court does not look upon this with favor."

"If I were convicted of murder or treason," Judge Davidson continued, "my brother or another person could not step forward and offer his neck for the gallows. That is something which can be done only by the defendant. It is up to her to make restitution."

However, if, after Mrs. Wilson returns home on probation, generous friends desire to make gifts to her, that would be a matter with which the court is not concerned.

Suicide Leaves Money to Shrine

HOUSTON —(AP)— A Houston plumber who committed suicide after being ordered to trial on a charge of murder in the slaying of his wife has left his property to the Arabia Temple Shrine's crippled children fund.

K. T. Willis, 55, was found dead in the county jail Sunday morning. A note saying he had taken 17 sleeping pills was found near the body.

William H. Scott, attorney for the Arabia Temple, said the will was entered for probate Tuesday.

A jury in Judge Frank Willis' district court Saturday found Willis sane and ordered him to trial on a charge of murdering his wife, Mrs. Isabella Willis, 56, last St. Valentine's Day.

Attorney Leverett Able, who with former governor James V. Alfred defended Willis during the sanity hearing, said Willis' will is valid.

"The property is worth about \$20,000," Able explained, "but half of the property belonged to Mrs. Willis and that portion will go to the five Willis children."

AUSTIN —(AP)— Your property cannot be sold for taxes unless the taxing agency has legally foreclosed on it, the Texas Supreme Court ruled.

The court unanimously upheld constitutionality of an act passed in 1929, declaring sales for delinquent taxes must be based on foreclosures of tax liens in court. The case was from Harris County.

Stonewall Defense Is Key to Michigan's Clean Grid Record

Al Getz Returns in Main Event on Wrestling Card

Bivins Beats Louis, but Not Official

CLEVELAND (AP)—Heavyweight champion Joe Louis labored against Jimmy Bivins in a tough fight which he has faced so far on his exhibition tour.

"I don't know why he shouldn't be a contender if he gets serious about his training," Louis said in his dressing room last night after engaging in a six-round decision affair with the Cleveland Negro.

"He threw two good right-hand punches and I knew I was hit, but they weren't hard enough to bother me," the champion added. "Anyone who fights him has to be very careful."

With both fighters using 12-ounce gloves instead of the regulation eight, Bivins opened a cut above Louis' left eye in the second round. Joe received the wound originally from a blow when he accidentally bumped heads with Johnny Sklor in an exhibition at Boston.

The cut healed only slightly, but Bivins opened up again in the fourth.

Bivins did most of the leading, while Louis opened up only sporadically. He almost dropped Bivins with a right in the second when the two were in a neutral corner.

The champion jabbed most of the time and seemed content to take it easy, but opened up suddenly at one point in the fifth and drove Bivins to cover with a flurry of rights and lefts.

Although the exhibition was a no-decision affair, matchmaker Larry Atkins conducted a poll among newsmen at ringside and reported the writers favored Bivins by a 9 to 5 vote. However, most everyone agreed that Louis had plenty in reserve.

Lineman of Week

SOUTH BEND, Ind. (AP)—Cap Bill Fischer, Notre Dame guard playing bruising football for 58 minutes against Northwestern last week and his thorough effectiveness won him the "Lineman of the Week" honor in the current Associated Press poll.

The 23-year-old senior from Chicago is the first guard to win an award this season and the honor came as the fruit of what probably was his finest performance of the season.

Fischer, who has been named "Lineman of the Week" four times this season, was the only guard to be named in the poll.

After leading for five straight weeks, Georgia Tech seems a safe bet to capture honors for the best total defense.

Tech is first in rushing defense, having given up only 66.8 yards per game on the ground. In eight games, the Engineers have a 177.6 yard average total defense figure.

Following are the defensive figures:

Total defense—(average yards yielded per game to opponents' passing and running) Georgia Tech, 177.6; Maryland, 165.3; Army, 167.1; North Carolina, 167.1; Penn State, 178.9; North Carolina State, 183.3; Villanova, 184.3; Ohio State, 190.0; Oklahoma, 191.0; Vanderbilt, 191.0.

Rushing defense—Georgia Tech, 56.8 yards per game; Northwestern, 52.8; Brigham Young, 53.1; Maryland, 53.4; Brown, 57.1; Hardin-Simmons, 57.6; Rice, 63.5; Utah, 63.9; Texas Christian, 64.5; Arizona, 65.8.

Passing defense—Richmond, 49 yards per game; Northwestern, 52.8; Brigham Young, 53.1; Maryland, 53.4; Brown, 57.1; Hardin-Simmons, 57.6; Rice, 63.5; Utah, 63.9; Texas Christian, 64.5; Arizona, 65.8.

GS Troop 9 Has Birthday Party

Girl Scout Troop 9, led by Mrs. Archie Bullard, held its birthday party Monday at the Girl Scout House.

Several games were played and then proficiency badges for the coming year were discussed. It was decided that the group would work toward the homemaking badge.

Two cakes, decorated with a green bird and yellow candles, baked by Mrs. E. E. Vaughn and Mrs. Claude Fulton, were served from a table decorated in green and yellow crepe paper by Mrs. Bullard. Hot chocolate with marshmallows was served with the cake.

The group attending at the first cake and took slices of the second cake to shut-ins in their neighborhood. They sent a slice of cake and a get-well card to Gail Simpson, troop member who recently underwent an appendectomy. A slice of cake was also sent to member Aurelia Adams who was absent.

Girls of the troop wound green and gold streamers containing the Girl Scout laws and promises around a rope "mastpole" suspended from the ceiling as they sang "When I'm Old I'll Be a Girl Scout."

Mothers attending included Mrs. Bullard, Mrs. Fern Hogsett, Mrs. Vaughn and Mrs. Fulton. Girls attending were: Barbara Bullard, Analea Bunting, Jowanna English, Sue Fulton, Noreen Gillespie, Martha Sue Harvey, Betty Lou Hogsett, Jerry Beth Hudman, Linda Palmer, Martha Phillips, Betty Slagle, Barbara Tash and Mary Frances Wylie.

HEAT PANEL
A new radiant heating panel serves as a mirror, lamp and heating unit. The electric light in the panel works on a separate switch so that it can be used independently of the heating plate.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID
Free Book Tells of Effective Treatment that Must Help or It Will Cost You Nothing
Over three million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gas, Heartburn, Sleeplessness, etc. due to Excess Acid. Sold on 10 days' trial. Ask for "Willard's Message" which fully explains this treatment.—Free—

Do You Really Want to Take Off That Ugly Fat?

Recently there has been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to.

So what to do? Well, here is a tip to you "overweight gals" who want to fight "the Battle of the Bulges" in a different way. Ask any well stocked Texas drugist for four ounces of Barcetrata. Mix with 12 ounces of grapefruit juice and take two tablespoonsful twice a day.

This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves. Barcetrata is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Barcetrata.

Soloists Needed For the Messiah

F. W. Kerns, director of the "Messiah," has requested all members of the chorus who have solo voices to attend an audition at 8 p. m. today in the home of Mrs. Mae Foreman Carr, 408 N. Frost. Kerns said not all of the solo parts for the Messiah have been assigned.

Skellytown P-TA To Hear Farley

Cal Farley, director of Boy's Ranch, will address members of the Skellytown P-TA at 7:30 p. m. today on "The Home—a Pattern for Building Sound Character and Moral Values."

A social hour will follow the talk. Refreshments will be served at the school cafeteria. Mrs. Robert Sears will have charge of the program.

Rebekahs to Have Amarillo District Deputy as Guest

Mrs. Georgia Ford, district deputy of Amarillo will be a guest at the Pampa Rebekah Lodge when it meets at 7:30 p. m. today and will hold a school of instruction during the business session. The degree of Rebekah will be conferred on Mrs. Mary Renaud during formal ceremonies. Rebekahs who have not been contacted concerning the food for the lodge's Thanksgiving friendship basket, are requested to bring two cans of any food. Mrs. Walter E. Clay, noble grand, and Mrs. A. J. Kirkham, committee chairman, made this request.

Mrs. T. A. Mastin, district deputy of the Pampa lodge, will assist Mrs. Ford during the school of instruction. Members are requested to wear formal attire, but it is optional.

Lefors Baptist Class Has Monthly Social

LEFORS—(Special)—The Mary Martha Sunday School Class of the Baptist Church met Thursday with Mrs. Claude Lamb for the monthly business meeting and social.

Mrs. Bill Cody, vice president, had charge of the business meeting. Plans for the annual Christmas party were discussed. After entertainment and secret Pal names were revealed, refreshment plates were served to the following: Mmes. C. W. Canon, C. W. Ammons, C. H. Earhart, A. E. Pennington, Tom Florence, Bud Cumberland and those mentioned.

Lefors Lottie Moon Circle Has Meeting

LEFORS—(Special)—The Lottie Moon Circle of the Baptist WMS met with Mrs. John Brewer Tuesday.

Mrs. E. T. Cobb had charge of the Bible study. Cherry tarts and coffee were served to the following: Mmes. Jerry Lockard, E. W. Ammons, Jim Halley and daughter, C. H. Earhart and Amelia, and a visitor, Miss Elizabeth Brewer.

FUDGE MIX
A delicious addition to a packaged fudge mix are walnuts and chopped dates. Chop the walnuts and dates that go into the fudge and then decorate each square with a slice of date or half a walnut immediately after pouring and marking.

The Woman's Page

Pampa News, Thursday, November 18, 1948 Page 15

MISCELLANEOUS SHOWER FETES MARJORY LAWRENCE

Miss Marjory Lawrence, bride-elect of John Stephens, was honored Friday evening with a miscellaneous shower in the home of Mrs. W. Mullinax, 403 N. Somerville.

Co-hostesses with Mrs. Mullinax were Mrs. H. F. Barnhart, Mrs. Billie Taylor, and Mrs. Horace McBea.

Mrs. Mullinax and Mrs. Taylor received the guests while Miss Peggy Stephens presided at the guest register. Miss Kay Wilson played background music throughout the evening.

Silver wedding bells and fall flowers decorated the entertaining rooms. Miss Lillian Mullinax poured the tea from a table covered with an imported white linen cloth, centered with a miniature bride and flanked with blue tapers in crystal holders. Mrs. McBea and Mrs. Barnhart served.

Those participating in the shower were: Mmes. Jack Stephens, C. W.

Lawrence, A. A. Tiemann, John Zurker, H. R. Kees, R. J. Sailor, Ramon Wilson, Joe Carlton, Marvin Daughete, W. R. Campbell, Walter Purviance, Bruce Pratt, B. C. Fahy, J. W. Brumley, Della Ellis, J. F. Meers, Caroline Ragdale, James Archer, A. R. Sawyer, Roy Chisum, J. R. King, H. H. Heiskell, Corinne Bell, Helen Kelley, Robert Sanford, Edwin Blanton, Archie Cole, L. H. Kinger, Earl Talley, Naid, Graham, Bert Isabell, H. H. Kelley, Wayne Skaggs, C. E. Kennedy, Bob Robinson, J. B. Smith, Glen Redman, Beth Karr, June Field and Misses Betty Jean Mosley, Marion Littlefield, Edna Daugheter, L. Nora Riley, Ann Hoppood, Anita Lane, Burnie Shelton, Marjory Taylor and Irma Lee Kennedy.

DRIED BEEF
Dried beef makes a satisfactory supper dish when combined with cooked noodles and cream of mushroom soup; season to taste, place in a casserole and top with tiny buttered cubes of bread. Garnish with sprigs of parsley just before serving.

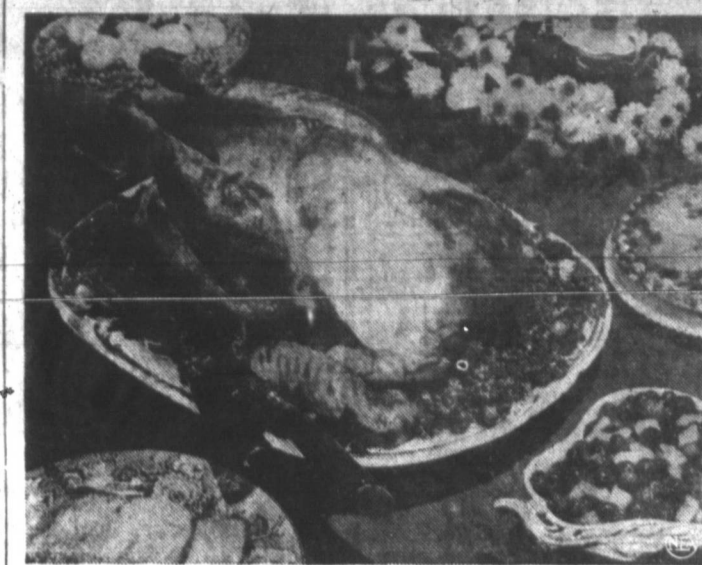

Auxiliary Hears Jewelry Speech

Mrs. Earl Wyatt of Amarillo was guest speaker when the Women's Auxiliary of the Top of Texas Medical Society met Tuesday evening at the Country Club.

Antique jewelry was the subject of her talk and as illustration she exhibited garnets, amethysts, old bracelets and necklaces, and pink topaz mounted in yellow gold ensemble. She also showed an 1880 man's open-faced watch with jeweled face. The chain held the key which wound the watch, and the job was a compass.

Mrs. R. M. Brown is president of the organization, Mrs. H. L. Wilder is first vice president and Mrs. Oscar Huff is secretary. Attending from Pampa were: Mmes. Brown, Richard Falkenstein, P. A. Gates, C. E. High, W. C. Jones, Frank Kelley, H. Kelley, J. M. Key, M. C. Overton, Jr., K. W. Pierat, W. Purviance, Wilder, E. S. Williams, M. H. Wyatt, J. F. Elder, and Huff. Also attending were Mrs. R. L. Koeberger, Spearman; G. L. Kengle, Perryton, and W. C. Barksdale, Borger.

Rules for Roasting Perfection

The lordly Thanksgiving turkey, roasted to perfection, stuffed with a new corn muffin filling, is surrounded by cranberries, white onions, squash and other traditional Thanksgiving dishes.

TIMETABLE FOR PERFECT ROASTING

Oven Weight	Oven Temperature	Cooking Time Minutes per lb.	Roasting Time, Hours per Bird
8-10	325 degrees F.	25 to 30	3 to 3 1/2
10-14	325 degrees F.	20 to 18	3 1/2 to 4
14-18	300 degrees F.	18 to 15	4 to 4 1/2
18	300 degrees F.	15 to 13	4 1/2 to 5
20	300 degrees F.	15 to 13	5 to 6

By GAYNARD MADDOX
NEA Staff Writer

Treat your Thanksgiving turkey like a prima donna—humor it, care for it, watch it carefully—then the performance will be perfect.

These are tested rules for perfection in roasting:

1. Rub cavity with salt (1-8 teaspoon per pound of bird).
2. Put enough stuffing in neck to fill it out nicely and fasten neck skin to back with skewer.
3. Stuff cavity well, but do not pack tightly.
4. Truss bird and grease skin thoroughly with melted or softened cooking fat.
5. Place on rack in shallow pan.
6. Cover top and sides of bird with fat-moistened cloth—preferably clean white cheesecloth.
7. Place in preheated oven set at proper temperature indicated on timetable for your size turkey.
8. Do not sear, do not cover. Do not add water.

9. Moisten cloth with fat from bottom of pan if cloth dries slightly during cooking.

10. Turn bird breast up when about 3-4 done if breast meat browns too slowly.

NEW CORN MUFFIN STUFFING (FOR CHICKEN OR TURKEY)
Six to 8 corn muffins, 1-2 cups chopped pecans or almonds, 2 tablespoons fortified margarine or butter, 1 cup chopped celery, 2 small onions, 1-2 to 2-4 cup cream, evaporated milk or bouillon or stock, 2 eggs, 1-4 teaspoon pepper, 1-2 teaspoon celery salt. Crumble the muffins; mix with the nuts, butter or margarine and celery. Wash the onions, chop fine. Mix with the corn muffin mixture; moisten with cream, milk or bouillon; beat the eggs with the pepper and celery salt and combine with the stuffing. Use in chickens or small turkey; when doubling the recipe for a large turkey, add a little salt, if needed.

TEEN TALK

By VIVIAN BROWN
AP Newsfeatures

So you'd like to be a rodeo queen?

Well, take a tip from 19-year-old Audrey Ashby, it's mighty hard work. Audrey, who happens to be pretty and brown-eyed besides being a beautiful rider, was recently picked as Eastern Rodeo Queen.

The prime requisite for a rodeo career is to like horses, says Audrey. She started riding when she was three, could ride bareback at the age of five. It helps if your family likes horses, too, she says. Her father rode bucking horses and was a pick-up man (helped get other men off their bucking horses). Her mother used to do the square dance on horseback in shows.

Audrey for the last 7 years has been in shows, east and west, though intermittently. Now she has hit the big time—a show at Madison Square Garden. She says: "This is my first big show and I want to be a success. Horses are in my blood and rodeo is going to be my career. I've given up the idea of being an airline hostess, the only other career that ever appealed to me."

In the show at the Garden, Audrey is a Roman rider (she uses two horses, rides with a foot placed on each).

The horses must be good reining horses—gentle so you can drop around them without being kicked, she explains.

At present she is using a three-year-old colt and a 6-year-old horse for her act and while they are the same height and have the same gait (which is essential) they are not twins.

This year Audrey and her family are moving from their Elizaville, N.Y., ranch to one in Arizona. There she is going to train a pair of twin colts. This is not as easy as it sounds. In the first place you must know something about selecting the

horses. Tennessee walking horses, she says, have three gaits—flat walk, running walk and canter. The five-gaited English type horse is a show horse. But it is Western stock horses that Audrey will train for the job.

She will train them on calf-roping and bull-dogging (steer wrestling). The calf roping is more important to teach the horse control, she says.

Horses are like people, Audrey says. You must learn to understand their personalities. No two are exactly alike.

If a girl wants a career with horses she should be around them as much as possible and listen to other people who really know about horses. Summer jobs on ranches help you get acquainted with horses and horse people, Audrey says.

A girl who becomes a good rider can make lots of money, says Audrey. The big shows pay well if you are very good. Small shows pay well for the average rider. Clothes, however, are expensive. Audrey's riding costume cost \$150; cowgirl hat \$25; shoes \$35.

While she is out in Arizona breaking in her Roman team, Audrey is going to attend art school. She loves to do charcoal and exhibited a sketch in the Montana State Fair last year.

TOMATO JUICE
Pep up tomato juice, for a first course, by adding a little chopped onion, parsley, sugar, lemon juice and celery salt; strain after chilling, add salt and freshly ground pepper to taste and serve in small glasses. Pass thin whole wheat crackers with the juice.

JEFF D. BEARDEN
Representing
THE FRANKLIN LIFE INSURANCE CO.

Phone 47 Pampa, Texas

New bedroom accessories add clothes storage space to this girl's room. The spacious window seat and the dressing table hassock (inset) open up to accommodate sweaters, coats or linens. Two chests of drawers joined by a removable top make the dressing table. All pieces are covered with a quilted satiny plastic which can be wiped clean.

Grated yellow cheese may be added to ordinary dumplings and served with a vegetable stew for a nutritious lunch or supper.

Serve thinly shredded cabbage mixed with mayonnaise and chopped pimento with corned beef sandwiches.

Garnish a potato omelet with crisp bacon bits and serve for Sunday breakfast with muffins and currant jelly.

SENSATIONAL!

Maybe . . . but Strictly Scriptural.

Aid Programs Debated at Convention

By OVID A. MARTIN
 Associated Press Farm Reporter
PORTLAND, Me.—The National Grange convention faced a convention floor fight yesterday on the issue of whether future federal farm-aid programs should be built around crop controls and cash subsidies.
 Its Agriculture Committee opposes subsidies. It favors controls only as a "last resort" to meet depressed prices.
 Instead, it would count heavily on a high level of city employment and prosperity to maintain a favorable market for farmers. It would keep government price supports for crops but would cut them below support levels of present programs.
 Several delegates prepared to blast the committee views when the matter comes before the full convention, possibly today.
 An expression of the grange hope that rural prosperity can be kept without resort to new government controls was contained in a telegraphic request by National Grange Master Albert Goss to President Truman that he summon top-ranking leaders of industry, labor and agriculture to work out an anti-depression program.
 In making this appeal, the grange leader said an economy of full output by both industry

USDA Predicts Less Cotton and Peanuts

AUSTIN, Tex. (AP)—The extended drought will mean smaller Texas crops of cotton, peanuts and sweetpotatoes than were indicated Oct. 1, the U. S. Department of Agriculture reported.
 The crop reporting agency's Nov. 3 survey said grapefruit prospects of the 1948-49 season improved slightly the past month. The unusually large peach crop matured and was being harvested.
 Virtually all field crops were yielding less per acre than last year because of the drought.
 Cotton production was down 90,000 bales to 3,200,000 bales, the reduction coming largely in the late maturing South High Plains area.
 The peanut yield was estimated at 295 million pounds, a 31-million-pound drop from the Oct. 1 forecast.
 The sweetpotato forecast of 3,000,000 bushels on Nov. 1 compared with 3,760,000 Oct. 1.
 The grapefruit crop was estimated at 9,000,000 boxes, up 500,000 boxes from Oct. 1.
 The normal body temperature of a bird ranges from 104 to 108 degrees.
 and agriculture is necessary to save the free enterprise system.
 Meanwhile, another grange committee struggled for agreement on the issue of a federal health program. Most of the committee members favor a voluntary health and medical insurance program over proposed compulsory insurance programs.

Farmers' Net Income Seen Dropping in '48

For the first time in ten years, says a Bureau of Agricultural Economics report, America's farmers will have a net income less than the previous year. While the 1948 gross income will stay about the same—\$44,600,000,000 this year, compared to \$44,700,000,000 in 1947—production expenses, \$18,100,000,000, will be about 7 per cent higher this year. Result is that 1948 farm net income is expected to be 8 per cent under last year's figure. The bureau estimates 1948 net income at \$16,500,000,000.

Texas Lawmaker Seeks Academy Bill

WASHINGTON (AP)—Rep. Kilday (D-Tex.) says he will try to get action in the new Congress on a bill that would establish Randolph Field, San Antonio, Tex., as an Air Force academy.

NTSC Officer Quits For Law Practice

DENTON, Tex. (AP)—Joe Skiles has resigned as business manager of North Texas State College to take a place on Attorney General Price Daniel's staff.

Lake Bottoms Produce Crops

Walter Ehmann is draining three lakes on his farm south of Miami, it was announced from the Roberts County Soil Conservation District.
 Ehmann will dig a ditch with a wide bottom and side slopes. There are a number of other lakes in this area that should be drained, since they would make farming easier and production higher if drained.
 Lakes near a pasture or draw could be drained with little expense to the farmer. Valuable farm land may be obtained cheaply by draining the lakes suitable to farm. Some of the best soils lie in these lake bottoms.
 One crop in a lake bed will make a worth-while payment on a drainage ditch. Some lakes have been farmed for a number of years and produce good crops.
 Farmers desiring lakes drained may get assistance from their local soil conservation district.
 The flow of water over Niagara Falls has never stopped entirely, so far as is known.
 The number of young garter snakes in a single brood ranges from 12 to 50.
 The resignation is effective Nov. 30. The former Texas A & M student activities official said he has wished for some time to return to the profession of law.

Experiment May Increase Ranges

By RENNIE TAYLOR
 BERKELEY, Calif. (AP)—An Associated Press Science Reporter scientific experiment which may increase the productivity of Western ranges in the same way hybrid corn boosted Midwestern grain yields was reported yesterday to the National Academy of Sciences.
 Results of the complicated cross-breeding of brome grasses, in which features of as many as seven varieties were incorporated into a single hybrid type, were announced by Dr. G. L. Stebbins, University of California geneticist.
 Their vigor indicates they will be able to grow vigorously in some range areas, Dr. Stebbins said.

There are several varieties of brome grass in the Western states, some of which are considered to be weeds. A few are good for forage.
 Some of these new plants started three years ago, now are growing vigorously in the university's botanical gardens. They are much larger and leafier than some of their wild relatives growing alongside them.
