Aircraft Carrier Lexington Sunk In Coral Sea Battle

Japs Lost 15 Ships, United Nations Three

Great Carrier Bombed, And Later Explodes

WASHINGTON, June 12. (AP)—The navy announced today the loss of the U. S. aircraft carrier Lexington as a result of the battle of the Coral sea which prevented the Japanese from either invading or isolating Australia.

The loss was disclosed in connection with an official review of the navy's part in the entire Coral sea campaign, starting March 10 at New Guinea and running through May 8 when enemy aircraft inflicted such damage on the Lexington that several hours later she exploded and sank, with a relatively light loss of life.

The review showed that the Coral sea campaign, ending disastrously for the enemy, cost the Japanese more than 15 ships sunk, 2 probably sunk and 20 damaged while the only American losses were the 33,000-ton Lexington, the tanker Neosho and the destroyer Sims.

A large part of the personnel from the Neosho and Sims was rescued and has reached port. As against these losses which the navy said had been instrumental in disrupting Japan's strategy against Australia, the navy announced the Japanese had suffered:

Sunk: 1 aircraft carrier, 3 heavy cruisers, 1 light cruiser, 2 destroyers, several transports and small supply vessels.

Severely damaged and probably sunk: 1 cruiser, 1 destroyer.

Crusely damaged: More than 20 ships including 1 aircraft carrier, 3 cruisers, 2 aircraft tenders, 3 destroyers.

The enemy also suffered a loss of more than 100 aircraft, the navy declared.

The heaviest losses of the enemy were inflicted in an attack on Salamaua and Lae, New Guinea, March 11 when aircraft from a Pacific fleet task force commanded by Vice Admiral Wilson Brown joined shore-based planes from Australia to attack the enemy bases.

This attack, previously reported as having been made, although the fact that carrier-based planes participated had not been given out, resulted in the sinking or damaging of more than 20 Japanese ships plus heavy damage to shore installations.

The second phase of the campaign was the battle of the Coral sea which started May 4, reconnaissance had shown concentrations of enemy shipping and aircraft in preparation for an advance into the Solomon and Louisiade islands.

The task force which first participated in this fight was commanded by Rear Admiral Frank J. Fletcher which attacked a part of the enemy armada anchored in

PEARL HARBOR, T. H., June 12 (AP)—American fliers, many yelling "Remember Pearl Harbor" as they pushed their bombers into screaming dives, sank nine and possibly 11 Japanese warships and transports at Tulagi harbor, Solomon islands, May 4 as a prelude to the battle of the Coral sea.

Participants in the battle said here today they were certain that two heavy cruisers, three light cruisers, two destroyers and two large transports were sunk. A seaplane tender and a third transport also possibly were sunk as well as numerous small boats.

Aircraft carrier squadrons delivered the furious assault and all returned without a scratch to their personnel.

Devastating as the blow was to the enemy, it was but a sample of what was to come, for one of the officers in the engagement said:

"We gave them a larger dose of the same stuff" in the ensuing battle of the Coral sea, which lasted a week.

Lieut. Commanders Joseph Taylor, Dallas, and William Burch, Paducah, Ky., vividly described the blistering attack on the enemy base 1,000 miles northeast of Australia at Little Florida island in the center of the Solomon group.

Burch said: "Aboard the carrier we had not heard anything about the little harbor of Tulagi until late one night when word was passed over the loudspeaker: 'Prepare all squadrons for attack on ships in the harbor at Tulagi at dawn.' It was a complete surprise. Our task force had been hunting the enemy in the Coral sea.

"Long before dawn, we were ready and anxious for the takeoff. 'We got over Tulagi in early morning, every plane in position and carrying full load of torpedoes and bombs. We didn't know what to expect but there below we could see through rifts of clouds the harbor filled with troops and transports.'

Taylor told of the launching of the aerial attack.

"Well, I sorta figured the Marquis of Queensbury rules were out," he said, "so I said to Bill, 'You hit 'em high and I'll hit 'em low. From then on every man for himself.'

"As soon as I saw what ships were up, I instructed the pilots which ones to hit. In a melee there is no time for detailed assignments we just went to work with torpedoes and bombs.

"The only thing I clearly remember as the dive-bombers pushed up into screaming dives was that each pilot was yelling something into his radio phone, some cursing but most yelling 'Remember Pearl Harbor.'

"We did not catch the Japanese exactly flat-footed, but they got up no anti-aircraft fire until the attack had started. By that time, it was too late. Let Bill tell you what it looked like when our boys finished."

"When we completed the attack," Burch said, "the harbor was filled with sunken and burning ships, a few of which managed to crawl to the beach to keep from sinking.

"Nine were definitely sunk, possibly 11. This included two heavy cruisers, three light cruisers, two destroyers and two large transports. In addition we sank numerous small boats and lighters by strafing. We believe we also sank a seaplane tender and a third transport. The whole harbor was strewn with smoking wreckage.

"And I am happy to say we lost absolutely nothing. A couple of our boys brought back a few holes in their planes, but none of the personnel was even scratched.

"This was the first touchdown in the game at Coral sea, which lasted a week."

Asked about the main action at Coral sea, Burch said:

"All that I can tell is that we gave them a larger dose of the same stuff we handed them at Tulagi."

CHUNGKING, June 12 (AP)—The Chinese, having exacted a tremendous price, conceded today that the Japanese had won Chuihsien, an important railway town and air station of western Chekiang province, but claimed recapture of another point behind the Japanese lines and new success for the American flying tigers.—BUY VICTORY STAMPS

Boy, 12, Performs 'Routine' Rescue

SILVIS, Ill., June 12 (AP)—A 12-year-old boy named Donald Cox acted when his sister, Joan, 8, tumbled off a tricycle into eight feet of water in an open stream.

Donald calmly got a rope and threw it down to Joan, telling her to hold on to it and quietly swim with her while other boys with poles ran to a neighbor's house and obtained adult help. Joan was rescued out safely.

Enemy Subs Sink 2 More Allied Ships

(By The Associated Press) Ever-active enemy submarines had on their credit side today (Friday) two more officially acknowledged sinkings of Allied and neutral merchantmen in the western Atlantic, but apparently have been forced to enter one of their own number on their debit list.

As the navy reported yesterday the loss of a small Swedish cargo vessel and a medium-sized American ship for a western Atlantic total of 269 sinkings, press dispatches from a Cuban coastal city said an American merchantman shelled, rammed and apparently sank an Axis undersea raider which had machine-gunned her as she was nearing a Cuban port ten days ago.

Surfacing a few miles offshore, the submarine began firing its deck machine guns, the Cuban reports said, only to meet with a hot reception from the American ship's artillery men, two of whose shots struck the conning tower.

The ship captain then reportedly rammed the sub amidships and considered the submarine lost when a great oil slick appeared as the attacker disappeared.

Both the newly announced victims were shelled to the bottom, to bring to nine the number of Atlantic sinkings announced this week.

The Swedish vessel, which played its spotlight on its neutral flag during the attack June 1, maneuvered successfully to keep outside of torpedo range, but fell prey to the sub's deck guns.

Three of the 20 crewmen were reported as missing in action. He is Sgt. Allen B. Cumberledge, son of Mrs. W. W. Cumberledge of LeFors. The war department has notified Mrs. Cumberledge that her son is listed among those missing at Java.

REPORTED MISSING IN ACTION is Sgt. Allen Cumberledge, above, of battery B, 131st field artillery. He is the son of Mrs. W. W. Cumberledge of LeFors, who has been informed by the war department that her son was missing in action in Java. Sergeant Cumberledge enlisted in the army on Nov. 23, 1940, and had been stationed at Honolulu, after receiving his training at Camp Bowie.

Sgt. Cumberledge Reported Missing In Battle Of Java

Another Gray county man has been reported as missing in action. He is Sgt. Allen B. Cumberledge, son of Mrs. W. W. Cumberledge of LeFors. The war department has notified Mrs. Cumberledge that her son is listed among those missing at Java.

Sergeant Cumberledge was in Battery B, 131st field artillery, and received his training at Camp Bowie. He sailed in November, 1941. He has a brother, Bud Cumberledge, of LeFors.

Reported as killed in action was Andy Corbin, son of M. T. Corbin, who lives in the Liberty community near McLean. Young Corbin joined the marines in April last year Memorial services were held Sunday at the Liberty school, conducted by the Rev. S. R. Jones, McLean Nazarine minister.

BUY VICTORY BONDS

Democratic County Committee To Meet

Members of the Gray County Democratic Executive committee will meet Monday to determine the order of names on the ballot and estimate the expenses of the primary election of July 25.

Last day for candidates to pay assessments for ballot is June 20, and two days later the primary committee is to meet to prepare the ballot.

Precinct chairmen, composing the county committee are: Hank Brenning, precinct 1; Eugene Shackleton, 2; Morris Knopp, 3; W. J. Ball, 4; Boyd Meadors, 5; Walter Jones, 6; C. C. Stokstall, 7; Bill Ginn, 8; John McKamy, 9; William Jarrel Smith, 10; Rex McKay, 11; C. S. Barrett, 12; W. C. Boatwright, 13; Noah Kite, 14; Reno Stinson, 15; Claude Ledrick, 16; Charles Cousins, 17.

Martin Orders Name Removed From Ballot

The name of District Attorney Bud Martin will be taken from the Democratic Primary ballot in Gray county and an extension of time for candidates to file for the office of district attorney will be allowed, according to John V. Andrews, chairman of the Gray County Democratic committee.

Chairman Andrews took the action today upon receipt of a letter from Martin, asking that his name be withdrawn as a candidate. Martin resigned as district attorney last week to accept a position in the traffic department of the Douglas Aircraft corporation.

Chairman Andrews said today that he was calling a meeting of county chairmen of Lipscomb, Roberts and Wheeler counties for tomorrow afternoon in Miami when the county extend the time for candidates to file for the office.

Candidates desiring to file are asked to contact Chairman Andrews or W. R. Frazier, county Democratic secretary.

Martin resigned the day after the deadline for candidates to file for the office. He had no opponent and as a result no other name could be placed on the ballot. Martin failed to ask, in writing, that his name be taken from the ballot. Chairman Andrews wrote Martin stating that he would take his name off the ballot in Gray county if a request, in writing, was made by Martin. That request was received today.

Governor Coke Stevenson has not named a temporary district attorney.

Scrap Rubber Drive To Begin June 15

WASHINGTON, June 12 (AP)—President Roosevelt announced today an intensive campaign for collection of the nation's old scrap rubber supply would start June 15 and last through June 30.

Individuals were urged by the chief executive to search their basements, attics, and back yards for all items of rubber that have been discarded or can be discarded.

Offices, factories, and farms also are being asked to cooperate.

Through arrangements with the oil industry, 400,000 filling stations will serve as collection depots. They will pay one cent a pound for the rubber brought in, and the government will reimburse them that sum.

President Roosevelt, declaring that the rubber situation was extremely serious, again urged the people to cut down on pleasure driving and reduce both automobile speed and mileage.

He told a press conference he had no idea when a person with four tires might be able to get new ones. It may be a long, long time, he said. So, he added, it is a matter of common sense to make existing tires wear as long as possible.

Reporters noted that he had mentioned four tires and inquired whether that meant that owners of five might not have five very long. The president said he did not know.

The collection drive will be inaugurated at 12:01 a. m., on Monday, June 15, and conclude on Tuesday, June 30. Thus it will last through 16 full days. Actually, the president will start it off informally with a five minute radio talk tonight at 6:45 o'clock Eastern War Time.

There have been widely divergent estimates of how much scrap

See RUBBER DRIVE, Page 8

Vladivostok May Become Air Base

By ROGER D. GREENE Associated Press War Editor Allied capitals rang with speculation today on the prospects of three vast and perhaps imminent developments aimed at the final downfall of Germany and Japan and the shaping of a new world at peace.

While Berlin sounded a new threat of Adolf Hitler's "coming great offensive," the United Nations envisaged:

1. Creation of a second front in Europe in 1942;

2. Possible Russian attack on Japan;

3. The opening of Soviet air bases to American bombers for attacks on Japan.

In Washington, congressional quarters expressed belief that the "full understanding" reached between President Roosevelt and Russia's Foreign Commissar Vyacheslav Molotov might open bases at Vladivostok to U. S. bomber squadrons.

"If the Russians give us the right to use those bases, I feel confident that the United States could bring Japan to her knees in a short time," declared Senator Wheeler (D-Mont.).

Others voiced the conviction that nothing in the mutual-aid agreement between the United States and Russia would precipitate the Russians into war with Japan while they were so heavily engaged with Hitler in the west.

It was noted, too, that the Russian-British agreement emphasized that it was directed against "Germany or any of the states associated with her in acts of aggression in Europe."

The treaty stressed the words "in Europe" seven times, clearly indicating Russia wanted to be free to maintain the status quo of an uneasy neutrality toward Japan.

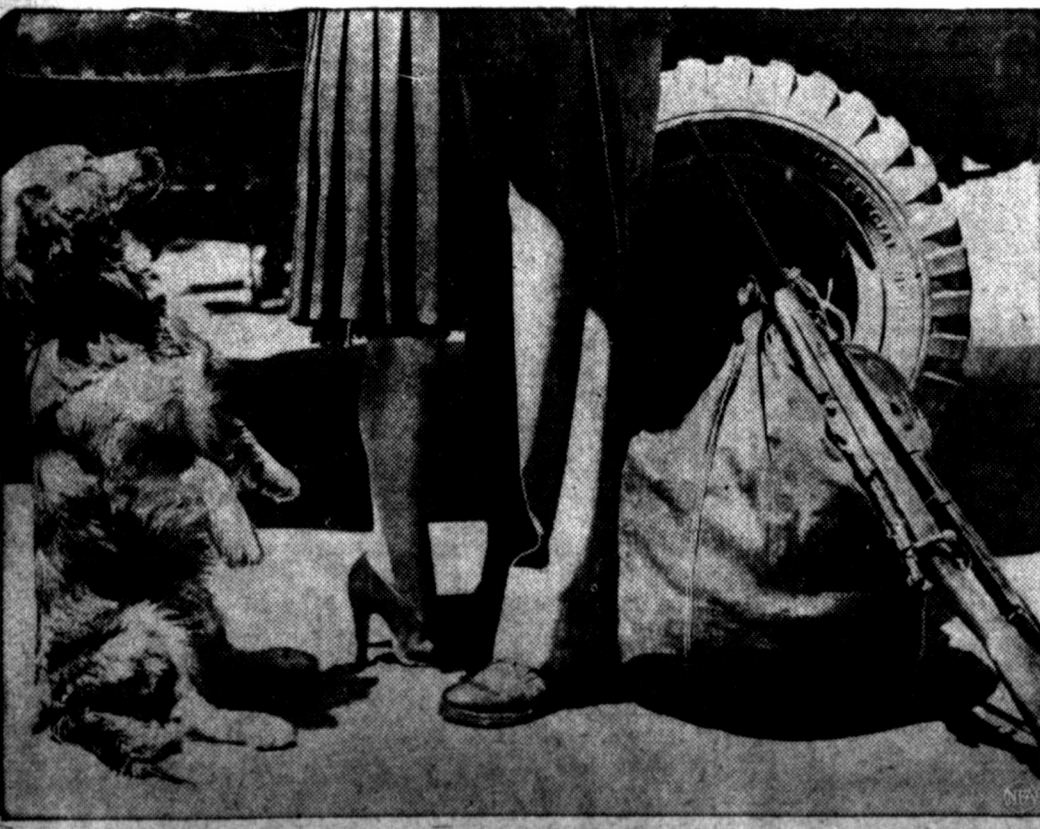

Sorely pressed China watched anxiously, with the Chinese press bluntly calling on Russia to strike at Japan now.

In Generalissimo Chiang Kai-shek's wartime capital at Chungking the newspaper Ta Kung Pao declared:

"Russia should realize that the Japanese attack on the Aleutians (off Alaska) was a direct threat to Soviet Kamchatka and Siberia. Can Russia stand aside and watch the wildfire spread to her very gates? She must do something and do it quickly."

Similarly, the China Times urged

GOODBYE—Picture by army signal corps tells its own story.

Beautiful Tree In Park Killed By Sneak Vandal

John V. Andrews, city park superintendent, is the maddest man in Pampa and he has reason to be.

Mr. Andrews knows that it takes all kinds of people to make a world but he didn't know that Pampa had anyone as low-down and mean as the one who last night stripped about eight feet of bark off a huge poplar tree in the city park.

Now the tree will die, leaving a gap in the row of beautiful poplars the city set out for the enjoyment of its citizens.

Mr. Andrews is asking the cooperation of every man, woman and child in tracking down the person who destroyed the huge tree. Anyone who saw the vandal or vandals destroying the tree or who saw anyone with bark from the tree in his possession is asked to notify the police immediately and charges will be filed.

The park was built at a cost of several thousand dollars, just for the enjoyment of Pampans, but it won't be a benefit for long if vandals continue their destruction.

Only last week limbs from several trees were torn off and lying on the ground. Some of those trees are dying.

Every man, woman and child should become an officer and inform the police whenever they see someone destroying their property.

In an effort to destroy grasshoppers, which are infesting the parks, loads of poison are being spread. Persons who have been in the habit of allowing their chickens to run over the parks are warned to keep them penned up or they'll die from eating the poison.

I HEARD....

Will start off a reward to be paid for information leading to the arrest and conviction of the vandals who peeled bark from a big poplar tree in city park last night. Anyone else want to come in?

A complete stock of Lawn and Garden Supplies. Lewis Hardware.—Adv.

OLIVERS WILL BE AT HOME FOR 14 CONSECUTIVE DAYS

Ladies Will Get In Free Every Night

The Pampa Oiler baseball team returns home tonight for what is probably the longest continous home stand in baseball history.

Men baseball fans are also going to the field during the series because owners of the club are going to experiment by charging only 40 cents (tax included) to the games.

Bright spot in the game was the hitting of Melvin Pigg, new Oiler shortstop, who got his eye on the ball after going hitless in his first three games with the team.

Lloyd Summers was back in the game last night, working behind the plate while Manager Dick Ratliff rested.

Mohrlock and Jim Jennings, ace of the Berger staff, met in the first game and Mohrlock had the better of the argument, excepting for wildness and in the run department.

Extra base hits were also a deciding factor in the nightcap with Willingham hitting a home run with two mates on board to sew up the game.

Last night's double loss, coupled with Pipp's two wins over the Pirates, dumped the Oilers into fourth place in the league standing and hiked the Gold Sox into second place, and the Sox have played three games less than the Oilers who have three postponed games to play all with Amarillo.

Boys! It's two-toned like dad's! Zip... that's what this Poll-Parrot has! Ventilated for comfort! Correct for comfort! All leather for service! Boys! It sure has everything you want!

Sports Roundup

By HUGH FULLERTON, JR. Wide World Sports Columnist

The No. 1 exhibition golfer, announced that the time has come to cut down on war relief exhibitions because "they're beginning to defeat their own purpose."

The Practical Side Reporting that other Pacific Coast league club are adopting the Seattle team's practice of rasing the American flag before each game, a Seattle sports columnist commented:

The navy's dime novel fans can be happy now—Nick Carter has just signed up with the physical fitness staff.

Today's Guest Star Art Rosenbaum, San Francisco Chronicle: "In y olden days, a good coach was one who could find a summer job for every man on his club."

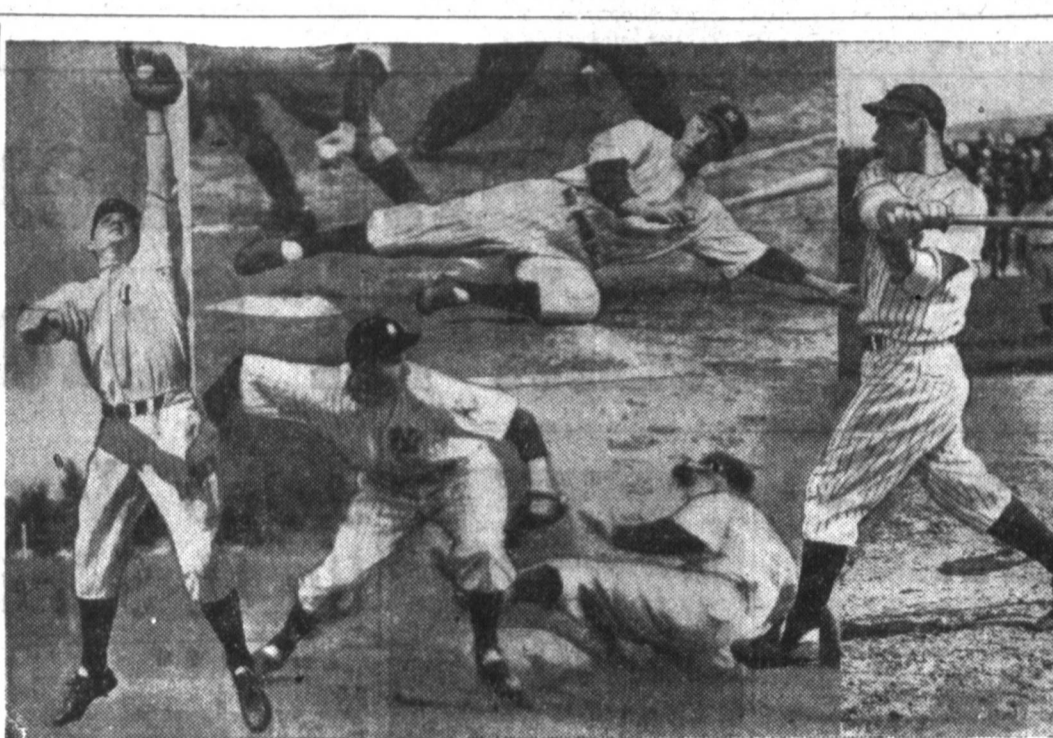

First game: PAMPA AB R H PO A E ... Second game: PAMPA AB R H PO A E ...

SPORTS IN WARTIME

Safety first: Fans in Texas league ball parks are praising the improvement in umpiring this season. The blind toms in blue are calling them right and being in at an all-time low. Also—fewer players are complaining. Especially are the cuss-words at a minimum around Jim Tongate. Jim is a major in the reserves, may be called to duty at any time—and some of the players now might feel like taking a poke at him occasionally may be drafted at any time. As Flem Hall of the Star-Telegram says: "Need any more be said?"

War in the stadium: Folks still go to the ball park for amusement, but war news is uppermost in their minds. Recently in one small section of the Dallas Rebel stadium, there were 15 portable radios. At a crucial point in the game a few loud cheers were heard. They weren't for the Rebels, however. A special bulletin had announced that American subs had sunk seven Japanese ships and that the RAF was spreading destruction over Nazi-land.

Irony: Not many folks will remember Dick Henderson, who was a great little wingman on Victoria Junior college's football team about a decade ago. Victoria's big rival at that time was Schriener Institute, whose star was Bohm Hilliard, later a Texas U. grad. Henderson got his navy commission recently and friends in Dallas gave him a farewell party. Somebody presented him a miniature ship and he said: "Well, I soon may be on something like this going to . . . He looked on the bottom; it read . . . Japan. And—ironically—the ship was of a type that would be known as the Hylard.

Quotable—quotes: When Texas varsity basketball coach Jack Gray, went into the navy the university named Buly Gilstrap, football line coach, his successor. Gilstrap, former athlete at Texas, said: "The only time I ever got into a game (basketball) was when Texas was so far ahead it couldn't lose or so far behind it couldn't win."

All-star cast: The big naval base at Corpus Christi has accumulated one of the finest coaching staffs in the service for its physical training program. Here's the lineup: In charge of football—Lieut. (JG) Clyde Lee, whose Kilgore Junior college athletic conference five years.

In charge of basketball—Lieut. (JG) Jack Gray, former Texas U. basketball coach. Tennis—Ensign Bobby Kamrath, former singles and doubles star on Dr. D. A. Penick's Texas U. squad.

Baseball—Lieut. Marty Karow, the former Texas Aggie coach, and Lieut. (JG) Jelly Soelle, former Baylor star. General physical development—Ensign Bill Stages, former Aggie end who later coached at Hull, Daisetta, and Gladewater high schools.

Cuff stuff: Lil Dimmit, coach of the Southwest conference Texas Aggie baseball team, rates John Scoggins, the club's hard-hitting outfielder, one of the best collegiate prospects for the majors he has ever seen. . . . Scoggins hit an even 500 in title play, drove in 31 runs in 15 games. . . . Despite the fear of wearing out tires, Dallas sporting goods houses say anglers are traveling everywhere to fish and that sales of equipment are at an all-time high. . . . 86 high schools in the Old South have given up sports of all kinds because of the transportation setup and other restrictions.

Student Day To Be Observed At Methodist Church

More than 3,000,000 Methodists in over 43,000 churches throughout the country will mark the 15th annual observance of Methodist student day next Sunday.

This year's observance of Methodist student day, originally known as children's or college day, will serve a double purpose.

"Donations may be made in Victory Bonds and Stamps," he said, "not only providing for the immediate aid of our country but building toward its future security and happiness."

The fund had its humble origin in 1872 and the following year 22 students received \$300 toward their college fees.

Loan recipients range from bishops to missionaries and from college presidents to all branches of professional men and women.

"We are fighting on many fronts today," Dr. McPherson said, "not only for survival but especially for those tenets of Christianity and democracy which alone make America fit to survive."

Every department of First Christian church is working enthusiastically for the greatest attendance in the church's history for Sunday morning.

The Stewardship-Evangelism crusade at First Christian church will come to a climax Sunday morning in an impressive two-hour service beginning at 10 o'clock.

White V for Victory ribbons will be pinned on everyone arriving by 10 o'clock.

Cooperating in the whole enterprise, were not only the army planes but also marine fighters and dive bombers.

In informed quarters here it is considered possible that the American victory was so complete as almost to eliminate the possibility that the enemy again would venture into any area of the Pacific where he may be opposed by land-based American aircraft in force.

That may explain the current Japanese emphasis on the importance of their operations in the vicinity of the Aleutians.

Cooperating in the whole enterprise, were not only the army planes but also marine fighters and dive bombers, and navy dive bombers and torpedo planes.

Rev. Seaman Will Confirm Candidates At Episcopal Church. At the 11 o'clock communion service in St. Matthew's Episcopal church Sunday morning the Rev. E. Cecil Seaman, bishop for the Episcopal church in the missionary district of North Texas, will receive and confirm a class of candidates who have been preparing for this rite.

Preserver Of Man To Be Sermon Topic. "God the Preserver of Man" is the subject of the lesson-lesson which will be read in all Churches of Christ, Scientist, on Sunday.

Simpson To Speak At Conference Tuesday; Pampans To Attend. Colonel E. A. Simpson of Amarillo, prominently identified in national defense work, will be a speaker at the national defense conference of Panhandle law enforcement officers to be held at 2 p. m. Tuesday in the municipal auditorium at Amarillo.

Quarterly conferences called by the federal bureau of investigation through A. P. Kitchin, special agent in charge of the Dallas F. B. I. office. Sheriff Cal Rose and Police Chief Ray Dudley have already stated that as many men as could be spared from their respective departments would be present at the meeting.

Not only do the quarterly conferences serve to consolidate work of law enforcement officers, but they also acquaint the public with timely information on existing conditions. "Every citizen," says Agent Kitchin, "should assume a personal responsibility for reporting all information valuable to our national defense either to the F. B. I. direct, or through local officials."

Land-Based Planes Given Credit For Victory At Midway

WASHINGTON, June 12 (AP)—The greatest naval triumph which the United States has scored in this war apparently was won in the first instance by land-based air forces.

This was the conclusion reached by military observers here after a study of fresh reports from Hawaii on last week's battle of Midway island, which led to the worst defeat in Japanese history.

The conclusion was tentative since the navy's part in the great battle remains to be told. But unless the reports from the headquarters of Lieut. General Delos C. Emmons, army commander in Hawaii, are extremely incomplete it was aerial striking power reaching far out from Midway and paced by B-17 "flying fortresses" that initially repulsed and scattered the enemy forces.

Cooperating in the whole enterprise, were not only the army planes but also marine fighters and dive bombers, and navy dive bombers and torpedo planes.

Must allow discounts. Sellers of petroleum or petroleum products must maintain discounts which they allowed buyers on comparative sales during the October 1-15, 1941, period.

Amendment No. 17 to revise price schedule No. 39 (petroleum and petroleum products) has been issued to clarify the order.

Attorneys Named To Fight Kilday Ballot Action

DALLAS, June 12 (AP)—Attorneys Marion S. Church and W. F. Bane were appointed last night to represent the state Democratic executive committee at a hearing today at which the committee's authority to extend the filing time for candidates for railroad commissioner is challenged.

Chairman E. B. Germany appointed them in a telephone call from Washington. The hearing, before the fifth court of civil appeals, is on a mandamus application by attorneys representing James E. Kilday, candidate for the railroad commission post vacated by Jerry Sadler.

The mandamus would require the committee to certify Kilday as a candidate and prevent the certification of other names sent after the June 1 deadline, which the committee sought to extend.

The committee was called to meet in Corpus Christi today to certify the names of other candidates for the place. This action, however, hinges on the outcome of today's hearing.

Sadler's resignation was handed to Gov. Coke Stevenson a few hours before the June 1 filing deadline, but the governor did not accept it until several days later. Kilday's application for a place on the ticket was filed before the deadline.

State Senator Clem Fain of Livingston called the office of the committee to say he was filing for the place. An application blank was taken out by Beauford Jester of Corsicana, Germany's office said. Other candidates included Will Pace of Tyler, C. E. McCormick of Cameron and Erath counties, Karl Loveland of Meridian, F. Pierce Brooks of Dallas, Mayor T. Lee Moore of El Paso, Bryan Patterson of San Antonio and Richard B. Humphrey of Dallas.

Six Billion Dollar Tax Bill Drafted

By DONALD A. YOUNG
WASHINGTON, June 12 (AP)—A record-breaking \$6,000,000,000 program of new taxes has been approved tentatively by the House Ways and Means committee, with the prospect that more millions—perhaps billions—would be added before legislation reaches the house.

A tabulation today showed that the committee, approaching the end of a study of the administration's request for \$8,700,000,000 in additional revenue, already had agreed upon \$6,087,000,000, with votes remaining only on a few minor excise taxes.

The committee yesterday voted to double the present 5 per cent tax on fares paid for transportation; to raise the tax on a package of cigarettes from 6 1/2 cents to 7 cents; to increase the present cigar tax materially; to add 6 cents to the present 18-cent-pound smoking tobacco tax, and to jump the cigarette paper and tube levy to 1/2 cent on each package of 25.

Members said that once they dispose of a few other excise items they will face the question of stopping there or proceeding to consideration of a sales tax to bring billions of dollars more into the treasury to help finance the war and control inflation. It has been estimated that a 5 per cent retail sales tax would raise \$2,500,000,000.

They said, too, that actions already taken, such as drastic increases in individual and corporation taxes, probably would be reviewed and might even be revised sharply downward, especially if a sales tax were added to the big bill.

As the committee took up a discussion of taxes on soft drinks, photographic equipment, transportation by pipeline and telephonic and telegraphic communications, its accomplished work shaped up this way:

Individual taxes, \$2,750,000,000; corporation taxes, \$2,500,000,000; mandatory joint returns by husbands and wives, \$350,000,000; excise taxes, \$487,000,000.

Dr. Hooper Will Join Army Monday

Dr. John M. Hooper, head of the McKinney-Collin County Health unit and former Pampa, will report Monday for duty in the medical department of the army at Camp Wolters, Mineral Wells.

The former Pampa has been in McKinney the past two years. After leaving Pampa he was with the state public health service, and completed work for an advance degree at Johns-Hopkins university.

Dr. Hooper resided here from 1933 to 1936. His wife is the former Hermine Stover, daughter of Mrs. Espar Stover of Pampa, and will visit here this week, with her two sons, one 4 years old, the other 2.

Higginbotham Or Stewart May Take SMU Coaching Job

DALLAS, June 12 (AP)—James H. Stewart, business manager of athletics, or Roswell Higginbotham, assistant football and head baseball coach, appeared top choice today to succeed Matty Bell as football coach of Southern Methodist university for the duration of the war.

Bell yesterday received a commission as lieutenant commander in the naval reserves and will leave tomorrow for Annapolis.

University officials declined to comment.

The athletic council will meet in the near future to select a head football coach.

Soviet Russia And U. S. Now Close Partners

WASHINGTON, June 12 (AP)—The United States and Soviet Russia, once poles apart on most questions affecting human welfare, proclaimed themselves close partners today in two momentous undertakings:

1. The urgent task of "creating a second front in Europe in 1942."

2. The enormous task of preparing "to create a better world hereafter."

Disclosure that Russia's Foreign Minister Vyacheslav Molotov had been in Washington and had reached "full understanding" with President Roosevelt and his advisors on the creation of a second front in Europe came simultaneously with a London announcement that England and Russia had signed a 20-year mutual assistance pact.

A few hours later Soviet Ambassador Maxim Litvinoff and Secretary of State Hull signed a mutual aid agreement wiping the dollar sign off United States aid to Russia and pledging both countries to cooperate in effort with Britain, China and other like-minded countries "to create a better world hereafter."

Belief was expressed in congressional quarters that the "full understandings" between Molotov and Mr.

Senate, House Act Today On Allotment Bill

By WILLIAM F. ARBOGAST
WASHINGTON, June 12 (AP)—The controversial \$50-a-month minimum service pay bill out of the way, senate and house conferees sought an agreement today on a companion measure providing for financial aid to dependents of fighting men.

The bill went to the white house late yesterday after the senate passed a compromise proposal ending a long battle over whether the base minimum pay should be \$50 or \$42 monthly instead of the present \$30 for men with four months of service. Both branches finally agreed unanimously on the higher figure.

Still in controversy was a clause in the allotment and allowance bill under which men with dependents would be given draft classification and deferment based on the number of their dependents and their family status.

The two branches were in virtual agreement on pay provisions, under which part of a service man's monthly wage would be withheld and, together with a government allowance, given to his dependents.

The deferment provision, placed in

Senate, House Act Today On Allotment Bill

the bill in the senate, was omitted from the house version after military affairs committee members said they had not had an opportunity to study it.

Chairman May (D-Ky.) said he was hopeful the conferees would reach an agreement today, preferably leaving out the senate amendment. May emphasized he was not opposed to the amendment but said he believed it should be studied thoroughly and possibly be considered as a separate bill.

Briefly, the amendment would give the president, acting through the selective service program, authority to defer any or all categories of men having wives or children or both, with whom they maintain a bona fide relationship in their home. The deferment could be made without regard to financial dependency.

Under existing law, draft registrants may be deferred for dependency only if they have persons actually dependent on them for support. Technically, the family relationship is not considered.

Approximately 77 per cent of all restaurant patrons order coffee with their meals.

Barley was cultivated in China 20 centuries before Christ, and has been called man's oldest food.

Molds and bacteria which attack foods do an annual damage of \$100,000,000, according to estimates.

KPDN To Air Tribute To Flags Of Allies

Highlighting its program on Sunday, June 14th, Flag Day by proclamation of President Roosevelt, KP-DN will present a half-hour show, "So Proudly We Hail," at 12:30 p. m. The broadcast is a salute to the unconquerable spirit of the 26 nations battling against the Axis.

Using the technique of dramatization, "So Proudly We Hail" spotlights a number of true stories of patriotism and sacrifice. It recounts the story of the Greek soldier. It also tells of the little Chinese girl who heroically lost her life trying to carry a message to Shanghai's "Doomed Battalion."

Climax of the broadcast is an episode from the defense of Corregidor. After the United States flag had been shot down by the Japanese, an officer and three soldiers risked their lives to raise it again under heavy shell-fire.

"So Proudly We Hail" is truly a United Nations broadcast. In addition to a distinguished group of

KPDN To Air Tribute To Flags Of Allies

American actors and actresses, the commentary will be read by Colin Keith-Johnson, best known for his playing in "Journey's End." Important parts will be taken by the British actress Helena Pickard, wife of Sir Cedrick Hardwicke, and Hugo Haas, one of Czechoslovakia's most noted actors and a movie director before the German occupation.

The musical score has been arranged and directed by Henri Ponsis, who, before the war, was musical director of the most powerful commercial radio station in Europe, Radio Luxembourg. Jesse Crawford, a familiar favorite of radio listeners, plays the organ. The script of "So Proudly We Hail" was written by William Shea, gifted young radio artist, who also directed the broadcast.

SERIAL STORY SPORTING BLOOD BY HARRY HARRISON KROLL

THE STORY: Hunter Dent, manager of Strickland Ballard's farm, has let his wealthy employer...

THE young man at the wheel was Oliver Tisdale. He was bareheaded. He seemed disheveled. Something in his manner suggested great anxiety...

There was a blast of a motor horn out in front. Instead of entering the east wing of the big house, McDougal was a stockholder in where young Ballard's room was located...

He met Warwick, the butler, in the corridor. "The young master is in his room, isn't he, Warwick?" "Why, yes, sir, Mr. Dent, I am quite sure of it. He would be still asleep, sir."

OUR BOARDING HOUSE with MAJOR HOOPLE

ZERO HOUR

(Continued from Page 1) Soviet army newspaper, conceded that the situation was "extremely tense." Hitler's field headquarters declared the eight-day-old German offensive "gained ground in stubborn fighting" and asserted that repeated Russian counterattacks "collapsed with heavy losses." A Berlin broadcast said the attacks on Sevastopol and east of Kharkov were the prelude to Hitler's "coming great offensive," and indicated the big push would start once Sevastopol had been reduced and the German lines straightened out below Kharkov. In the battle of North Africa, British and German armored forces clashed on the desert sands 25 miles below Tobruk following the withdrawal of Free French troops from Bir Hacheim, Axis-captured southern anchor of the main British defense system. British headquarters said the tank battle centered around Hammat, midway between Tobruk and Bir Hacheim, and indicated the outcome was still uncertain. The Italians and Germans declared 1,000 Free French and British imperial troops were killed and more than 2,000 captured at Bir Hacheim, which fell early yesterday. The Italian command acknowledged that RAF bombers pounded the Italian naval base at Taranto for the fourth night in a row. In the first three attacks, 41 persons were listed as killed.

ENEMY SUBS

(Continued from Page 1) wounded but all were rescued and landed at an east coast port. Ten hours of shelling were required to sink the American merchant vessel, the final missile crashing into its fuel tank. Chief Officer W. C. Edwards, describing the attack of about ten days ago, said the submarine captain personally aided an injured seaman of the blazing ship and into a lifeboat—and then distributed water and coffee to the escaping crewmen. The navy said the American ship's captain was killed during the shelling but that all 35 other crewmen reached east coast ports safely.

Mainly About People

Mr. and Mrs. Henry Dennard have been called to Carthage because of the critical illness of his mother. Casting tournament will be held Sunday, June 14, at 2 p. m., McClellan Lake. Margaret and Grace Davis are visiting with their grandmother, Mrs. Frauline Davis, in Wichita Falls. Attend McClellan Boat club dance, Recreation Hall, Saturday night. Music by Prairie Ramblers. Admission, 50c per person, plus tax. Billie Jack Davis left this week for Mason, Michigan, to spend the summer. The Rev. C. Gordon Bayless, pastor of First Baptist church, will teach Everyman's Bible class Sunday morning at 10 o'clock at the LaNora theater. At 10:50 o'clock he will speak on "The Unchanging Christ" at the church. A baptismal service at 8 o'clock will be followed with the sermon, "A Necessary Experience." Corporal Carl "Speck" Cockburn, machine-gunner in the air corps, stationed at Selma, Ala., arrived yesterday for a visit with his parents, Mr. and Mrs. H. C. Cockburn, 107 North Hobart street, and other relatives. He enlisted in September of 1940. Judge H. B. Hill of Shamrock was a Pampa visitor today. Mrs. Nora Murray was taken to her home at 110 North West street from Pampa hospital yesterday. One man, charged with being intoxicated, was fined in city police court today. Mr. and Mrs. Finis Stillwell of Midland are visiting friends here for a few days. Mr. Stillwell was formerly assistant manager of the LaNora, Rex and State theaters here. Bob Huff returned last night from a business trip to Austin and Houston. Earl Richard Barnes and Mrs. Delpha Hunter, both of Gage, Okla., were married here yesterday by D. R. Henry, justice of the peace. En route to Cleveland, Ohio, to attend the 27th annual convention of Kiwanis International are four members of the local club, who left here Thursday. Clyde Carruth, Fred Radcliff, Doc Pursley, and M. P. Downs. Hotel Statler is convention headquarters. Industrial users of bituminous coal usually have a total of some 400,000 tons in stock during the winter months.

RUBBER DRIVE

(Continued from Page 1) rubber is lying around the country and the collection is expected to give a clearer idea of what can be done in reclaiming scrap. The campaign will be conducted under the direction of the bureau of industrial conservation of the War Production board, but it will be the Rubber Recovery corporation under the RFC which eventually will buy up for the government all the scrap rubber turned in. Mr. Roosevelt emphasized that it would not be a money-making proposition. In this connection, a statement from the petroleum industry war council said today that "any or all profit" which might accrue to the oil companies in the transaction would go to the United Service Organizations, the army relief, navy relief, and Red Cross. "This," it was said, "any who for patriotic reasons prefer to give rather than sell their scrap rubber will be assured that they will be making a full donation to the major charities named." Oil companies have volunteered their personnel and facilities, and trucks will pick up the old rubber at filling stations and bring it to central points, where it will be taken over by the Rubber Recovery corporation. Oil delivery trucks on rural routes will make pick-ups directly from farms. Noting that 92 per cent of the normal rubber supply had been cut off by Japanese victories in the Southwest Pacific, the president told reporters the government must count on scrap in attempting to deal with the rubber problem. The army and navy he said, have been forced to cut their use of rubber by 25 per cent. This is being done in some instances, he explained by using solid iron tires, which slows vehicles and makes traveling harder on personnel. He asserted, however, that if the rubber collection drive yielded a maximum quantity, it might make it possible for military needs to be met. Not only does the government want articles made wholly of rubber, but also those which are only partly rubber. Mr. Roosevelt said. He mentioned tires and tubes as the most common source of old rubber, but he said the government also desired such things as rubber mats, rubber-soled shoes, old water bottles, jar rings, raincoats, and ash trays. The chief executive, in reiterating his suggestion that mileage and speeds be reduced, remarked he did not like to say it was a warning. Yet he said his remarks applied in areas of the country not affected by gas rationing.

USO Acknowledges 2 Large Donations

A donation of \$554 from the Hughes-Pitts Investment company was among the contributions to the United Service Organizations campaign in Gray county today. Also acknowledged by the U. S. O. headquarters was the receipt Tuesday of \$75, proceeds of a benefit dance given by Pampa nurses recently. Chairman Jack Hanna said complete returns had not been received from Gray county towns, nor from industrial and oil company canvassers, but that the campaign was rapidly approaching the goal with nearly \$4,000 raised to date.

Market Briefs

NEW YORK, June 12 (AP)—Stocks got little support in today's market after leaders had been shaken down fractions to more than 2 points. At the start the list acted as though it might negotiate a modest comeback. Response was lacking, however, and by midday prices were at or near bottom. Dealings slackened to a mere crawl on theoretical and this encouraged bidding here and there in the final hour from those who thought the drying up of offerings might indicate the correction of the extreme losses, consequently, were halted in many cases near the close although the recent sharp rally was almost complete. Transfers ran to around 250,000 shares, smallest turnover for a 5-hour stretch in two weeks.

BUY VICTORY BONDS Table with columns: Lubbock Swelters As Heat Climbs To 103.

While South, West, and Central Texas were in a sweat yesterday, Pampa was enjoying relatively cool temperatures. Down at Lubbock, the thermometer ran up to 103 for the hottest day of the year, while it was only 88 degrees in Pampa. Early this afternoon the temperature here was 71.

At Big Spring Thursday it was 104, at San Antonio the same, and 97 at Austin. Dallas' temperature was the same as Pampa's, but humidity made it seem like more. Houston, near the Gulf, had a high of 84 and a low of 70, normal weather for this time of year.

BISHOP

(Continued from Page 1) may never solve it," he said. He said that individualism in the U. S. had reached the point where Americans through their inventive genius and human skill had released millions of workers, but to starve to death. He said that adherents of individualism practiced the theory of working some and starving others, and were concerned about themselves alone. He explained totalitarianism as the belief that what's good for the whole crowd is good for every individual in it. He declared that neither totalitarian nor individualism had the Christian point of view. "I am hoping," he said, "that after the war there will be cooperation among the nations in the Christian sense, and that the nations which have will share with the have-nots."

He reminded his hearers that only a small minority of the population of the United Nations uphold the Christian way philosophy, and that it would be in the minority at the peace table. As an example he cited that out of 400,000,000 Chinese there were not one million Christians. "The Christian way failed the other time," he said, referring to 1918. He cited the importance of preserving the churches if tomorrow's world is to be the Christian way of life. Bishop Holt's text was "We are a colony of Heaven," a statement quoted from Paul's letter to the Philippians. Bishop Holt was introduced by Dr. Will C. House, district superintendent. The pastor, Rev. E. Lee Stanford, presided. The dedicatory service was as follows: Prelude..... Juanita Haynes Professional, "Rise Up, O Men of God" Hymn No. 381, "The Church's One Foundation." Led by Pastor Prayer..... Dr. Will C. House Anthem, "A New Day Dawns" Shawker Responsive Reading, First Reading, page 585. The Gloria Patri. Quartet—"God Shall Lead Me On"..... Rand Scripture Lesson, Matt. 16:13-20. Dr. E. B. Bowen The Piano and Violin Offertory Mrs. W. R. Ewing and Mr. Dan Kivlehen Soprano Solo, Mrs. A. C. Wilkinson Sermon..... Bishop Ivan Lee Holt "The Dedication of the Church Hymn No. 279, "God of Grace and God of Glory" Benediction..... Dr. J. O. Haynes The Miami Methodist church began with an afternoon preaching appointment by Rev. C. V. Bailey, then serving the Old Mobeetie circuit in 1892. The first building was erected about 1898 and served the congregation well until 1923, when under the leadership of Rev. E. B. Bowen, it was razed and the present building begun. The next year Rev. J. O. Haynes finished getting the building where it could be used for worship. The building committee was C. R.

Russia to "make the timely decision to help the Allies in the Pacific by going to war against Japan."

With the Allies united as never before—first by a new 20-year mutual assistance pact between Britain and Russia, second by a new Washington-Moscow accord wiping the dollar sign off United States aid to Russia—the question of opening a second front in Europe this year brought various reactions. In Washington, few congress members believed that the White House announcement of agreement on the "urgent task" of creating a new front portended any immediate attempt to land Allied troops in Europe. London, Washington, and Moscow were all agreed on the "urgency" of the matter, but officials shied at a direct interpretation of the rather ambiguously worded statement. Sections of the British press which have been clamoring for direct action against Germany hailed the accord with high enthusiasm, typified by the London Daily Express' comment: "This is Hitler's worst day."

At all events, London military observers declared Hitler's anxiety was betrayed by two factors: 1. Frenzied German efforts to see Cowan, H. A. Talley and N. S. Locke. The basement was completed in 1939 and the remainder of the building was completed in 1941-42 with new pews installed.

Several letters have been received by the Pampa Chamber of Commerce regarding the clinic. Letters have been mailed to chambers of commerce, newspapers, and leading merchants in surrounding towns. The state director of distributive education and the Pampa Chamber of Commerce are cooperating with the Dallas region, Office of Price Administration in holding the clinic.

Questionnaires seeking actual questions have been mailed to merchants so that the OPA experts who will be here will be better able to answer the questions that are bothering merchants regarding the general price regulations. M. C. Johnson, chairman of the retail trade promotion committee of the Pampa Chamber of Commerce, will preside at the meeting. The meeting will begin promptly at 8 p. m. next Tuesday. Similar meetings will be held in Vernon, Plainview, and Eastland.

SEA BATTLE

(Continued from Page 1) and near the harbor of Tulagi, in the Solomon group, and all but annihilated it. The results of this engagement, previously announced by the navy, were sinking or damaging of 12 Jap vessels and destruction of 6 aircraft with a loss of but 3 American craft. Next day American forces shot down a 4-engine flying boat. On May 7, the navy communiqué related, Fletcher's aircraft hit the main body of the Japanese force in the Louisiade archipelago off Melanesia. A new Japanese aircraft carrier, the Ryukaku, and a heavy cruiser were sunk, an enemy counter attack was fought off successfully. The enemy lost 25 aircraft compared to 6 for the U. S. forces, which consisted of both naval and army planes from Australia.

The Lexington's normal complement was 2,300 men. The navy said 92 per cent of the personnel on board was rescued. The navy communiqué did not say how many of the Lexington's fighting planes were lost, but officials commented that "obviously planes were lost."

Indications that Hitler was massing his armies for an all-out attempt to smash Russia before the Allies can establish a second front.

Allred Banquet To Be In Junior High Cafeteria

Women are especially invited to attend the luncheon to be held here tomorrow, when James V. Allred, ex-governor of Texas, will visit Pampa. The luncheon will be held at the Junior High school cafeteria at 12:30 p. m. The former governor is coming here as a part of his campaign for United States senator from Texas. Parents of men serving in the navy are asked to attend the luncheon. Allred served in the navy in World War I. The luncheon will be served by the Red Cross canteen corps, in charge of Mrs. James E. Masaus. At 12:15 o'clock, the ex-governor will deliver a speech over KPDN. Mr. Allred will speak Friday night at the municipal auditorium in Amarillo.
