### BREAKDOWN IN CONCILIATION IS REPORTED

#### ITALY LIKELY TO QUIT LEAGUE IF PROBE TAKES PLACE

SCHVENINGEN, The Netherlands, July 9 (AP)—The conciliation commission seeking to avert war between Italy and Ethiopia, decided today to suspend its hearings indefinitely.

LONDON, July 9 (AP)—An extraordinary meeting of the League of Nations council and assembly was forecast today in an official communique.

The communique was issued following conferences by Joseph A. C. Avenol, secretary-general of the league, with Sir Samuel Hoare, foreign secretary of Great Britain, and Capt. Anthony Eden, minister for League of Nations affairs.

It said Avenol called on Sir Samuel and Capt. Eden and "discussed various questions which will be dealt with by the council and assembly of the League of Nations in the near future."

Since the next regular session of the league is scheduled for September, "near future" was taken to mean an extraordinary meeting was likely.

GENEVA, July 9 (AP)—Italian circles predicted today that Italy would resign from the League of Nations if a special session of that body were called on the Italo-Ethiopian conflict—but a special session appears likely because of the breakdown in the conciliation commission proceedings.

A resolution adopted by the League council May 25 provided a special session of the council should be called July 25 if the Italo-Ethiopian arbitrators failed to reach an agreement and failed to appoint a fifth arbitrator to act as umpire.

It also provided for a council session August 25, at all events, if the dispute had not been settled by that time.

Today the Italo-Ethiopian conciliation commission, meeting at Scheveningen, Netherlands, decided to suspend its sessions indefinitely. The commission members arranged to depart immediately.

It was not immediately clear whether the commission, in deciding to adjourn indefinitely, intended to deal with the problem of arbitration or of naming a fifth member.

If this should prove to be the case, the council will have to decide whether it should meet before August 25 to deal with the dispute. The dispute between Italy and the African empire already has gravely affected the work of economic and financial experts who are meeting here privately to study the feasibility of imposing economic and financial penalties on nations endangering peace through the repudiation of international treaties.

ROME, July 9 (AP)—Authoritative sources said today they regarded the breakdown of the Italo-Ethiopian conciliation commission session at Scheveningen, Netherlands, as the death of that body.

These sources indicated Italy now would oppose the naming of a neutral fifth member by the four present members of the commission.

# 'LIAR' CHARGE HURLED IN POWER ROW

## 'Class Legislation' Taxes Opposed By Wealth Body

### MORE THAN 100,000 TRAPPED LIKE RATS AS FLOOD CLIMBS AGED WALLS OF CHINESE CITY

#### Board of Trade Is For Increased Taxation

By CLARENCE M. WRIGHT  
Associated Press Staff Writer  
WASHINGTON, July 9 (AP)—Unanimous decision to limit the tax bill to levies on individual and corporate incomes, inheritances and gifts was reached today by the house ways and means committee.

Proposals for broadening President Roosevelt's tax program to include sales taxes, other "nuisance" levies as well as other revenue problems were discussed before the decision was reached to confine the legislation to the points outlined originally by the president.

After a brief committee session today, Chairman Doughton (D-N.C.) told newspapermen: "We agreed unanimously to limit the hearings to the proposals outlined in the president's message. Everybody knows we cannot go over the whole tax field without indefinitely prolonging the hearings and the session of congress."

Members interpreted the decision to limit hearings as a tacit agreement to limit the finally approved bill.

WASHINGTON, July 9 (AP)—The New York board of trade's support for increased taxation as a means of balancing the budget but its strong opposition to any "class legislation" taxes were expressed today before the house ways and means committee.

Testifying on President Roosevelt's tax program, M. L. Seidman, representative of the New York agency, interpreted the president's suggestions as having been made not only to raise revenue "but also, and perhaps chiefly, with the view of redistributing wealth."

The board of trade, he said, "is unequivocally and most emphatically for increased taxation," but "voices strongly its opposition to class legislation."

Its ideas, he continued, are: "That the new revenue legislation should be passed solely for the purpose of balancing the national budget."

"That the practice of meeting deficits by borrowing more money should be abolished as quickly as possible."

"That the imposition of new taxes be paralleled by effective steps to reduce our governmental expenditures."

"That the increase in taxes should be applied not only to the higher income and estate tax brackets, but that taxes on all incomes and on all estates should be proportionately advanced."

"The idea of an 'enforced levelling down' of big fortunes, Seidman said, is not new but 'practical obstacles have been recognized and common sense has prevailed.'"

Such policy, he asserted, is based on the assumption that "no one derives any benefit from wealth unless he owns it."

WASHINGTON, July 9 (AP)—Asserting that Judge T. Webster Wilson was bringing the administration of American justice into disrepute in the Virgin Islands, Secretary Ickes today demanded his removal for "judicial misconduct."

The judge, appearing as a witness against Governor Paul M. Pearson in a senate investigation of the Virgin Islands administration, testified yesterday "administrative interference with justice in the islands had been attempted there and that he had been threatened with being 'put on the spot' in the newspapers unless he granted a new hearing for a government employe in a criminal case."

Secretary Ickes, at a press conference, also assailed the conduct of the senate committee's investigation.

See ICKES, Page 8

### I Heard ..

Dallas Patton telling one of the oddities of baseball. Dallas was with Indianapolis, Kan., in the Western association in 1932 when Merritt Hubbell, brother of Carl Hubbell of the New York Giants, was pitching for that team. Hubbell was a flop and Marjory Partell sold him to Runt Marr of the Muskogee club for three baseballs. Hubbell is now pitching winning ball for Tulsa in the Texas league. Hubbell played here last year with the All Stars.

## MAINE SOLON FLINGS INSULT AT ATTORNEY

#### LOBBYING PRESSURE IS DENIED IN HOUSE INVESTIGATION

By FRANK E. HARPER  
Associated Press Staff Writer  
WASHINGTON, July 9 (AP)—By unanimous consent, the senate today agreed to send the utilities bill to conference to adjust differences between the two branches of congress. It then plunged into debate over whether to instruct its conferees not to insist on mandatory abolition of "unnecessary" holding companies by 1942.

Senator Dieterich (D-Ill.) withdrew his motion to concur in the house action eliminating the abolition clause desired by President Roosevelt. He then moved that the senators be named to negotiate with a similar house group be instructed not to insist on eliminating the holding companies.

His motion was opposed by Senator Robinson, the democratic leader, and others. It appeared doomed to defeat.

WASHINGTON, July 9 (AP)—Rep. Brewster (R., Me.) threw the house rules committee utilities lobby investigation into a momentary uproar just before the close of its first hearing today when he shouted "you're a liar" at Thomas Corcoran, RFC attorney.

Corcoran had just described as "baseless" an assertion by Brewster, a former Maine governor, that the RFC attorney had threatened to stop work on the Pampasquoddy dam project if the representative of the vote did not support President Roosevelt on the utilities bill before the house.

Concluding a long recitation of his contacts with the former Maine governor, Corcoran said that just before the vote Brewster indicated he not only would not make a speech

See POWER ROW, Page 8

## Goodrich Enters Not Guilty Plea

DETROIT, July 9 (AP)—Merton Ward Goodrich, pleaded innocent to the murder of Lillian Gallaher at his arraignment in recorder's court today.

The plea obviously took the court and the crowd of spectators by surprise. A gasp went up as Goodrich, his knees shaking, told Judge Thomas M. Cotter that he pleaded innocent and that he wanted the court to name an attorney to defend him.

Judge Cotter ordered that the former trap drummer, who has confessed slaying the 11-year-old girl, be given a routine examination.

Goodrich, who has said he was "anxious to get it over with," gave no explanation of his plea.

## Scissors Grinder Charged in Court

TULSA, Okla., July 9 (AP)—Charges of violating the Lindbergh kidnap law were filed in United States district court here today against George Fisher, 57-year-old scissors grinder, accused of taking 13-year-old Donna Mae Kitterman from her Sapulpa home to Weatherford, Texas, last week.

Fisher, who also faces state abduction charges at Sapulpa and to which he pleaded innocent, was accused of "decoying, confining, kidnapping, abducting, and carrying away" the girl. He will be arraigned late today.

## STILL IMPROVING

Condition of Tom E. Rose, ill in a Dallas hospital, was continuing to improve today.

## More Pledges in Boy Scout Drive

Forty dollars in additional pledges have been received in the Boy Scout finance drive by mail here.

The contributions were: Gerhard's, \$5; Reno Stinson, \$5; Gaston Poote, \$5; Pampa Daily News, \$25. The total now for the drive is \$1,129. The goal is \$2,000. Pampans are being urged to mail their checks to the headquarters office in the city hall here to enable scouting to be continued in this community.

Mr. Van London examined plans and specifications drawn by City Manager C. L. Stine and was pleased with them. He noted that property damage will be slight and that drainage of rain water is away from the crossing. He asked that the plans, with traffic data, be submitted to him. He believes the state commission will approve the project and refer it to federal engineers, which will be the last and most important remaining hurdle must be passed.

The commission studied a BOD report and audit and other department reports. It was decided to put stop-signs at Starkweather and

## Golden Sun Shines Through the Golden Wheat

In many regions where drought parched and burned the crops a year ago, scenes like this are assuring such plentiful crops this year that farmers are concerned

about falling prices. Here as the sun filters through the waving grain, two men waist-deep in their 2,800-acre wheat field just before harvest, discussing the

outlook under a sky whose clouds are purely decorative and give no hint of rain to interfere with the cutting of the grain.

## Pampan's Slayer Sought

#### Suitor of Elmer Lemon's Fiancee Kills Local Youth in Oklahoma.

BROKEN BOW, Okla., July 9 (AP)—Tulsa county officers and citizens today were searching eastern Oklahoma for Garland Creekmore, farmer, who shot his rival to death last night while the girl in the case and members of her family looked on.

A posse of citizens led by Paul Miller, Broken Arrow newspaper man, was assisting officers in calling at the homes of numerous relatives of the fugitive in this district. A squad of Tulsa county officers also was sent to near Tahlequah to question relatives of the slayer, Sheriff Garland Marrs said.

The slain was Elmer Lemon, 24, Pampa, Texas, oil worker employed by the Phillips petroleum company, who had come to his former home on his vacation to marry his high school sweetheart, Ora Benedict. Lemon was at the Benedict home talking with his fiancee and members of her family when Creekmore called. Creekmore also had been called.

The governor's action was relayed yesterday to the woman physician, ill in bed, as the time drew near for her return to prison. A suspension of sentence granted by Governor Connor a month ago would have expired last night.

The governor said he "had the benefit of information not available to the courts either in the original trial or on appeal" to the state supreme court.

The pardon had been fought by Dr. Kennedy's divorced wife, Mrs. Bessie Barry Kennedy, and his brothers, Drs. Henry and Barney Kennedy.

The state charged Dr. Dean administered the potion to Dr. Kennedy at a midnight tryst which was to have marked the end of an affair between them and was to have been followed by Dr. Kennedy's remarriage to his divorced wife.

## Remedies Given For Screw Worm

With federal organization for control of the screw worm menace completed in the southeast, stockmen are wondering if and when such a program will be launched in the southwest. However, the demand in this section is believed to be slight.

The worst outbreak of cattle worm this year has been in Florida. Flies lay the eggs and the worms hatch in any warm climate. Deaths sometimes result through failure of stockmen to kill the worms promptly.

An old remedy is to use chloroform, pouring it directly on the infested part. The government, however, is distributing the equally effective benzol and pine tar oil. The pine tar is applied to injuries immediately to prevent eggs from being deposited in the wound. It is widely used in connection with de-horning. Ranchmen in this section have long cared for their stock to prevent damage by screw worms.

Guests today included Mack Graham, Fred Cullum, and Earl Roff. Mr. Cullum told of the need for a tract of 40 acres or more of land on which to house a Centennial plant and permanent pavilion. Mr. Graham described a rodeo he attended July 4 at Cimarron, N. M., and told how the traffic and seating were handled.

## DR. SARAH DEAN WINS TWO-YEAR FREEDOM FIGHT

#### Is Given a Pardon by Mississippi's Gov. Connor

JACKSON, Miss., July 9 (AP)—Free after a two-year fight which won her a pardon from Governor Connor, Dr. Sarah Ruth Dean, sentenced to life imprisonment in the "poison highway" slaying of Dr. John Preston Kennedy, looked forward today to resuming practice as a child specialist.

The pardon had been fought by Dr. Kennedy's divorced wife, Mrs. Bessie Barry Kennedy, and his brothers, Drs. Henry and Barney Kennedy.

The state charged Dr. Dean administered the potion to Dr. Kennedy at a midnight tryst which was to have marked the end of an affair between them and was to have been followed by Dr. Kennedy's remarriage to his divorced wife.

## LATE NEWS

AUSTIN, July 9 (AP)—Plans for a \$1,000,000 state building at the Centennial central exposition in Dallas were approved today by the board of control, paving the way for an early award of contracts.

Architects designing the structure indicated that with the board's approval bids for construction of the foundation likely would be received by September 1.

BATON ROUGE, La., July 9 (AP)—Marital law was ended today in Louisiana's state capital.

## Flames Follow New York Flood

ALBANY, N. Y., July 9 (AP)—Fire invaded flood-stricken upstate New York today as receding waters left 37 dead, eight missing and property damage ranging around \$10,000,000.

Five stores and two apartments in Walton, a village near Delhi, Delaware county seat, were destroyed in a \$150,000 blaze that raged for several hours before being brought under control by two fire companies forced to plough through water-covered roads.

Meanwhile, firemen at Binghamton and Hornell were forced to use boats and stand in water knee deep to fight flames.

The Binghamton fire destroyed a store and restaurant in the flooded Front street section, while at Hornell two explosions of tanks of a large gasoline storage plant gave firemen a battle.

Although the sun greeted relief workers in Hornell, where 1,000 persons were temporarily homeless, rain was falling in some other sections of the devastated area. Weather bureau officials feared a new rise in rivers and creeks.

Fear of typhoid spread through Steuben county, where damage was estimated at \$4,000,000.

## Baseball Tourney Is Next Project

Members of the Junior chamber of commerce today discussed their annual baseball tournament to be held here August 23-September 2, inclusive.

A. J. Johnson, chairman of the baseball committee, said he would start assigning duties to members immediately. At least 16 good teams are expected to fight for the \$1,000 guaranteed first prize and other awards.

## Reed to Oppose New Deal in '36

CHICAGO, July 9 (AP)—Former Senator James A. Reed of Missouri said "no part of the new deal bandwagon" and for a 1936 campaign slogan proposes to "turn the enemies of the constitution out."

En route to his summer home in Michigan the fiery Kansas City democrat told reporters he would take no part in the next campaign. "I never have supported the republican party and God knows I hope I never have to," said Reed when asked if he meant he would campaign for a republican candidate.

## I Saw ...

Suddenly awakened and exasperated residents on Hill, Yeager, Sunset Drive, popping out on their front porches this morning about 6 o'clock when a nanny goat, brought into the neighborhood last night, set up a continuous and mournful bleating that lasted an hour or so.

County Commissioner John Hagar, demonstrating that he hadn't forgotten how to ride a bicycle although it had been more than 15 years since he'd pedaled one.

### WORDS by O.E.H.

Words are things -- BYRON

#### Twinkles

"Hitler Puts Tighter Clamp on Germany"—headline. No wonder we can't see that country for the clamps.

It's about time to quit worrying about the U. S. constitution and start studying the amendments of fear for our own.

Old Taek is running a lot of miscellaneous facts in his column which, we believe, he does not have time to ferret out personally. And if he's buying them, it's unfair competition to us columnists and a violation of our code. We appoint John "L" McCarty to investigate.

Shamrock has a new postoffice on paper. Our congratulations; we never saw a time when paper more quickly turned to reality.

Indications are that we'll vote the old age pensions and think up ways to pay them later. Oh well, most of us will grow old first and worry about our condition later.

Musings of the moment: Uncle Sam apparently will pay canal rentals to Panama in gold but nothing to his citizens in gold. Which reminds us of the old-fashioned father who was stern with his own family but too generous with others. He called it honesty. . . . Maybe the Louisiana hijacker who robbed the filling station here had adopted Huey Long's theory of a re-distribution of wealth.

## Brevitorials

### SELF-GOVERNMENT

is one thing in a small community and quite another in today's world. When the present forms of city and county government developed, transportation was slow and offenders usually could be caught or unmistakably trailed before they went outside the jurisdiction of the peace officers. How different it is today. Formerly it was an all-day ride to the county seat from outlying parts; today an hour is sufficient. But an hour also is enough for an offender to be far beyond the jurisdiction of officers in the "offended county."

### SUNDAY'S HAKING

of the Magnolia station was illustrative of our outmoded system of apprehending criminals. City officers raced about in this immediate area, even going outside their jurisdiction, but the chase stopped short of the county line and city and county officers are dependent upon cooperation of officers in other counties for a continuation of the hunt. And not without reason, officers in Barger and elsewhere will refrain from spending much time and money on "Gray county" cases. . . . Added to the number of officers in this and adjoining counties is rather large, but there is no coordination, no proper financing of investigations, no efficient communication system, no cooperation between officers that could be termed efficient.

### MIAMI IS CLOSER

to Pampa than McLean, but Roberts county has a county line which virtually hogs down the activities of the two sheriff's departments. It is not the fault of the sheriffs but of the system. Similarly, city officers are of little use to Miami, McLean, Panhandle, and other cities—it costs money even to talk one, and two talks would be wasteful. . . . We believe the time is near when there will be a break-up of county governments to increase the territory covered and simplify procedure. With the state taking over much of the road building, states having to set up police which can defy county lines, and the federal government efficiently chasing offenders which

**POPULAR VOTE OPPOSES STATESMEN'S WARS**  
Once in a blue moon, someone takes the unprecedented step of trying to find out what the ordinary man in the street thinks about his country's foreign policy.

When this is done the results are apt to be surprising.

Some 40 organizations recently undertook a great poll of British citizens to see what sentiment might be in regard to the League of Nations, disarmament, and similar issues.

All in all, they collected more than 11,000,000 votes, slightly less than 40 per cent of the entire British electorate. If the 11,000,000 people who voted represent a fair cross-section of British opinion—and there is good reason to suppose that they do—here is what the average Briton wants done:

He is overwhelmingly in favor of British adherence to the League of Nations.

He is almost equally overwhelmingly in favor of arms reduction.

He favors international agreement to abolish military and naval aircraft and to prohibit the manufacture and sale of weapons for private profit.

He favors the use of economic sanctions, such as the boycott, against aggressor nations which make war in violation of such agreements as the Kellogg treaty. By a lesser majority, he even favors the use of military measures against such nations.

war-weary Briton not only wants peace, but is willing to take some risks and do some unorthodox things in order to get it. That isn't surprising. He lived through four and one-half years of war that almost wrecked his nation; he isn't keen to get another dose of the same.

Statesmen are fond of saying that wars come as a result of irresistible popular clamor; that the various treaties, agreements and leagues to preserve peace are all right in theory but do not command the popular support which they must have in order to succeed; and that a statesman who proposed outright disarmament, or tried to put real teeth in such a thing as the Kellogg treaty, would immediately be disowned by his own voters.

This British poll would seem to give the lie to those claims. It shows that the people of at least one great nation—a nation which lives under the shadow of war, has enemies at its very frontiers and can look back on a long and proud tradition of military success—are ready, even eager, to go to almost any length to keep another war from overwhelming the world.—B. C.

## Senator Borah Would Prohibit Certain Imports

WASHINGTON, July 9 (AP)—Senator Borah (R., Ind.) is thinking of submitting an amendment to the agricultural adjustment act bill to prohibit the importation of all products similar to those which American farmers have agreed to curtail in return for federal benefits payments.

Borah said today there is no soundness in a policy that cuts American production to the point where foreign competitive goods can be sold in this country in large quantities.

"There is a large amount of agricultural products coming into the United States now," he said.

Borah offered an amendment to the AAA bill yesterday to strike out the provision denying citizens the right to sue for recovery of processing taxes. Senator Byrd (D., Va.) also introduced amendments designed to shave the new powers over production and marketing which the measure would grant to the AAA.

The AAA bill is expected to be debated in the senate tomorrow or Thursday.

## Four Transient Centers Closed

Four of the ten transient centers operated by the Texas Relief Commission in Texas have been closed. J. C. Bisset, acting director of the transient division, has written the local relief office.

Orders to close registration depots and adjoining camps went to Austin, Beaumont, College Station and Big Spring. The College Station, or A. and M. division was an educational division, where clients received a year's schooling and maintenance in exchange for work performed for the college.

Transients formerly received at Austin and Beaumont will be absorbed by San Antonio and Houston divisions, respectively. Big Spring's applicants will be routed to El Paso and Fort Worth Divisions at Dallas and Amarillo also will be maintained.

Bisset said transients will be concentrated in the larger cities and registered with the National Employment Service in anticipation of the work program about to be inaugurated.

## OUT OUR WAY By WILLIAMS

THE DEAD MARCH 7-9 T.M. REG. U. S. PAT. OFF.

## THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

WASHINGTON—The period of taxation maneuvers, counter-maneuvers, trick plays, feints, and about-faces has added greatly to the ranks of those inhabitants here who stand firmly convinced that they are living in what is technically known as a bughouse.

Low-minded persons who always like to see the privileged classes get a kick in the pants are, however, enjoying a couple of developments on the side which give some promise of making capital life more bearable thru a redistribution of its burdens.

Congressman Raymond Cannon of Wisconsin is undertaking to add an element of misery to the lives of the foreign diplomats here and Congressman Steve Young of Ohio has a diabolical scheme aimed at the army officers.

These two groups are the envy of us all. Having little to do beyond polo, golf, tennis, and an occasional few turns in a swivel chair, they're always invited to the best parties. They're the only fellows who have time to go and the only ones who have time to change their clothes.

Diplomats would be the especial victims of Congressman Cannon's bill, which provides heavy taxes on the wealth of citizens (male or female) who marry aliens. The tax would run from 10 per cent on all fortunes over \$100,000 to 25 per cent on fortunes above \$500,000.

All over the world, one hears, Washington is looked upon as a happy fish-pond for young diplomats whose careers require an heiress in the family. The numerous heiresses who make their debuts here would think twice about that tax, Cannon believes, and the young diplomats would be so handicapped that even young congressmen might have a look-in.

Young's bill would make army and navy officers on duty in Washington wear uniforms all day long. They wear civilian clothes now and in that disguise, Young insists, flood the capital's cocktail lounges and country clubs.

Says Young: "My bill would reveal all the loafing among them. Civilians would be amazed and taxpayers outraged when they saw the hundreds of officers in uniform. They would insist that the officers be ordered in to active service."

If Roosevelt backed up the men who run the affairs of the District of Columbia, the capital would have legalized gambling.

Both District Commissioner Melvin C. Hazen and Police Chief Ernest W. Brown have agreed with Congressman William Schulte of Indiana, during an investigation of local lawlessness, that much of the crime problem here might be solved by legalization of gambling—which is now the chief business of Washington's underworld.

"Human nature being what it is," explained Hazen.

Milwaukee hasn't had a single homicide case in six months. But it's too good to last; someone's sure to take up the sax.

There may be skin you love to touch, but not skin-flints.

Brevity is the soul of wit, which explains why they laugh at women's dinky hats.

France, too, has its forgotten men—ex-premiers.

The government plans to put the nation's youth to work. That murmur from discouraged parents sounds suspiciously like "Oh, Yeah!"

### NAZIS TO BUILD 28 SUBMARINES IN AGREEMENT

#### Two Battleships, Two Cruisers Also Provided

BY LOUIS F. LOCHNER, Associated Press Foreign Staff. BERLIN, July 9 (AP)—Germany concentrated her new naval building program today on submarines—the dread U-boats of the World war, forbidden to the rest by the Versailles treaty.

A communique, based on Germany's naval agreement with Great Britain, disclosed that 28 submarines are provided for the 1935 building program, three already launched.

The program also included construction this year of two battleships, each of 20,000 tons displacement and armed with 28-centimeter guns; two cruisers, each of 10,000 tons displacement and carrying 20-centimeter guns, and 16 destroyers of 1,500 tons with 12.7-centimeter guns.

A size of 350 tons was prescribed for 20 of the submarines, with two of 750 tons each and six of 500 tons.

The first of the 250-ton craft in the unders fleet went into service June 20—just 11 days after conclusion of the Anglo-German naval agreement, putting their navies on a permanent 100-35 basis. Two more have been launched.

The communique explained the speed of the construction by asserting that the keels of some units already were laid this year.

Construction of airplane carriers was put over for the 1936 building program, with a year's course of preparation to precede this building.

### Jury Selected In Wife-Slaying Case

DENTON, July 9 (AP)—Selection of a jury to hear the trial of C. W. Roberts, prominent Wise county farmer, on a charge of slaying his wife in 1929, started in district court here today.

Five veniremen had been examined at noon but no jurors had been selected. Jennings Brown, assistant county attorney, and Judge Gambill, Denton county attorney, were qualifying veniremen on the death penalty.

Roberts' wife was fatally shot six years ago when the couple, with their small child, were on a hunting trip. The defense has contended the shooting was accidental. The first trial resulted in a deadlocked jury and the second in a conviction which was later reversed. The case was transferred here on a venue change.

### OFF FOR MEXICO

SAN ANTONIO, July 9 (AP)—Col. Roberto Fierro, chief of the Mexican air force, prepared to take off for Mexico, D. F. today on the last leg of a good-will flight that took him to Minot, N. D. Col Fierro, with three aides and an escort plane piloted by Major Robert Gauthier of Brooks field landed here late yesterday. The Mexican ace had flown from Wichita, Kans., during the day.

## Huey Long Calls Roosevelt 'Liar And Faker' In Talk

### Jabs at President on Share-the-Wealth Program

NEW ORLEANS, July 9 (AP)—A fresh blast against the new deal administration by Senator Huey P. Long was centered today on his accusation that President Roosevelt is a "liar and faker."

Riding the crest of another surge of legislation which gives him unprecedented control over the state of Louisiana, Long assailed the president last night with a personal denunciation unmatched in his previous attacks on the administration.

His accusation came during a radio speech in which he touched on the recently enacted old age pension bill.

"Let me tell you about this Roosevelt pension plan," the senator said. "Under it there are 280,000 persons in Louisiana who would qualify, and Louisiana would get about \$1,000,000 which would mean that the state's old-age pensioners would get about \$3.00 a year or a little less than one cent a day."

"That's what Franklin Delano Roosevelt sends you down here. 'Franklin Roosevelt is a liar and a faker. Now let them indict me for that and I'll prove him a liar.'"

Interposed with the attack was another denunciation of Long's political enemies and a review of the work of the recent legislative session at which the general assembly broadened the senator's control over the state to an almost unlimited degree.

Long's blast against the chief executive came during a discussion of old age pensions and was followed by sharp jabs at Mr. Roosevelt on his tax-the-rich and relief programs.

Explaining enactment of a state law making politicalization of federal funds a misdemeanor punishable by mandatory jail sentence, Senator Long said:

"The president has declared against use of relief funds for political purposes and we decided to take him at his word. But I wouldn't believe him on oath, would you?"

"Mr. Roosevelt put a half-baked apple in his mouth and said there's no politics in relief. There'd better not be in Louisiana or we'll fill these dagum jails full of your henchmen."

He frequently referred to his share-the-wealth program and accused the president of "ribbing" it from him.

"Roosevelt declared for share-the-wealth and proved everything I've been saying," Long said.

"It's up to him to perform," he said. "If he does, I'll take back every word I said. If he goes to pin him to the wall and hold his feet to the fire. If he does it, I'm with him."

Long's address was delivered 24 hours after his subservient legislature adjourned since he with him in full command of the state's militia, school teachers, municipal em-

## BORAH WARNS GOP NOT TO PICK JUDGE

### Says It Would Be a Serious Blunder to Name Justice Presidential Candidate

WASHINGTON, July 9 (AP)—Senator Borah believes the republican party would make a "serious blunder" if it sought to pick a presidential candidate from the supreme court.

The Idaho republican expanded today the views he expressed in a letter to the New York Herald Tribune, in which he said it was "low political strategy" to talk of grooming a member of the high tribunal for the nomination because of respect opinions against new deal measures.

"I feel very deeply that at this particular juncture it would be a serious blunder to talk about the court in a political way," Borah said.

He said his letter was prompted by articles mentioned in Justice Harlan F. Stone of New York and Owen J. Roberts of Philadelphia as possible candidates to oppose President Roosevelt.

Without naming them in his letter, Borah said two justices had "publicly" been mentioned by cause of recent opinions which opinions happen to coincide with what the fertile brains of the political strategists think will make for party advantage.

"No one can be indifferent to the supreme task of the court in periods of great distress," he added. "To seek party advantage by reason of opinions rendered in such instances is nothing less than an attack upon the court itself."

### Marvin Jones To Visit In Amarillo

WASHINGTON, July 9 (AP)—Rep. Jones (D., Texas) of the house agriculture committee said today Secretary Wallace would visit Amarillo August 5 on his way back to Washington from a western trip.

The secretary's schedule calls for his arrival at the Panhandle city from Santa Fe, N. M., at 11:30 a. m. Jones said he also expected to be at Amarillo on that date if congress has adjourned.

In exchange for this support, it was said, the TVA backers then prepared to vote for the Guffey measure when it reaches the house floor.

This development became known as the house entered its second day of debate on the TVA bill, with friends and foes alternating in praising and lambasting President Roosevelt's "power yardstick" project. The first votes on amendments are not expected before tomorrow.

Speaker Brynes expressed the belief the house would accept some of the changes in the pending bill if the "power yardstick" project is approved, the house might as well "throw it in the waste basket."

One change sought is elimination of the section forbidding TVA to build transmission lines substantially paralleling existing power lines.

Aiding Hill is Rep. Maverick (D., Texas). He distributed copies of the proposed amendments yesterday and predicted they would be adopted by a margin of 80 votes.

### Board Outlines Publicity Drive For Centennial

AUSTIN, July 9 (AP)—Texas Centennial commissioners of control today prepared for a \$500,000 publicity campaign with selection of an advertising and publicity advisory board.

Members of the board, who would counsel the commission in the nationwide campaign to bring visitors to Texas' celebrations next year of its 100th anniversary of independence, were Roy Miller of Corpus Christi, General John A. Huber of Dallas, San Antonio and Houston should be spent for acquisition of land.

Meanwhile, the commission in session yesterday decided none of \$575,000 appropriated for historical commemorations at places other than Dallas, San Antonio and Houston should be spent for acquisition of land.

## CENTENNIAL NEWS ITEMS

### Official Pledge Adopted by the Texas Centennial Commission

"I will think—talk—write—do—my best to make this Texas Centennial in 1936 a time of joy and achievement for my fellow Texans. In its achievement I may also draw play to my patriotic and civic sense and to the confidence in its glories that are to be."

DALLAS, July 8.—With demolition of scores of old structures already well underway in Fair Park, plans moved forward rapidly today toward actual start of construction of the Texas Centennial exposition, to open here next June 6, in commemoration of the 100th anniversary of Texas independence.

Backed by the federal government, the state, the city and thousands of citizens throughout the country, who have subscribed to a Centennial bond issue, the \$20,000,000 World's Fair will portray the glamorous romance of Texas history and the growth of the rich southwestern empire.

The exposition, which is expected to attract 15,000,000 visitors to Dallas, will be the climax of a statewide celebration of Centennial year, following historic pageants and events in San Antonio, Houston, Galveston, Macomb, San Jacinto and other historic shrines of the nation's largest state.

Scores of workmen already are busy in Fair Park, where the State Fair of Texas has annually attracted upwards of 1,000,000 visitors in its sixteen days of operation. Old structures which have housed State Fair exhibits are being razed to make way for the great exhibit buildings to be built for the 1936 world's fair. Architectural plans are nearing completion and construction work on the new buildings is expected to start soon.

The state of Texas will spend \$1,200,000 on a great Hall of State. A Petroleum and Gas Building will feature the largest exhibition of oil well machinery and equipment ever presented in the United States. The Electrical and Communications Building will graphically depict the modern marvels of science.

The city of Dallas will erect a \$500,000 palace to contain the art works of the old masters. The Negro building will portray the progress in the arts, industries and

## Aged Cardinal Of Venice Dies

### Cardinal La Fontaine, 74, Patriarch of Venice, Died Today of Arteriosclerosis

VENICE, Italy, July 9 (AP)—Pietro Cardinal La Fontaine, 74, patriarch of Venice, died today of arteriosclerosis.

The cardinal, once mentioned prominently as a possible successor to Pope Benedict XV, received extreme unction last night and lapsed into unconsciousness from which he never revived.

Pope Pius XI sent his special benediction.

Cardinal La Fontaine's death reduced the membership in the sacred college to 49 of a possible 70.

# LUNCHEON ENTERTAINS GUESTS OF MISSIONARY CIRCLE

## PICNIC PLANS ARE MADE BY FIFTH CIRCLE

### STUDY HOURS YESTERDAY ARE WELL ATTENDED

A luncheon with husbands of members as guests was given by circle four of Methodist Missionary society yesterday, preceding a lesson hour. It was at the home of Mrs. Fred Cullum.

After lunch, a short business meeting was conducted with Mrs. Gaston Poole presiding. She gave the devotional talk, "The Hardest Commandment," Mrs. S. T. Hurst led a study of review questions on the book, "Jesus Among Men."

Special luncheon guests were Misses John Heisey, T. E. Johnson, W. Purviance, Miss Louise Whitfield, Mr. and Mrs. K. N. Atchison.

Members and their husbands present were Messrs. and Misses R. K. Elkins, Poole, Hurst, Travis Lively, Carlson Nance, J. L. Nance, W. H. Peters, J. M. Turner, Arthur Richardson, Messrs. Ralph Chisum, A. B. McAfee, C. R. Nelson, H. D. Tucker.

Churches to Picnic.

Circle five planned a church picnic for all members of Hurrah and McCullough churches, at its meeting yesterday. Picnickers will meet at McCullough church at 6:30 Friday, each with a lunch.

A food sale on July 20 was also planned in the business hour. Mrs. H. L. Wallace was leader of a program on "Getting Acquainted With Our Work." She conducted the devotional also.

Discussions by Misses Ben Ward, J. W. Foster, and William Cox presented the lesson. Mrs. E. C. White was welcomed as a new member. Others present were Misses H. C. Boyd, A. A. Smith, A. McClelland, B. L. Robertson, E. C. Burba, E. N. Franklin, V. N. Osborn, and seven visitors.

Meeting at Church.

Meeting at the church, 10 members of circle one heard a devotional by Mrs. Joe Shelton on the topic, "How I May Show by My Life I Am a Christian," and a lesson led by Mrs. John K. Sweet.

Topics were Jesus and the Father, Mrs. Sweet; The Beloved Son, Mrs. Baker; Jesus the Revealer, Mrs. W. Purviance; An Inward Struggle, Mrs. Harris; Thy Will, Mrs. H. A. Wright; Not Alone, Mrs. Luther Pearson; All Authority, Mrs. Baker.

Visitors Present.

Mrs. C. T. Nicholson was hostess at circle three at the home of Mrs. Roger McConnell. Misses McCullough and W. W. Harrah were present as visitors with 15 members.

Mrs. H. L. Wilder gave the opening prayer, and Mrs. Harrah a beautiful devotional on "Choice." Mrs. Hodge presented the final chapter of the book, "Jesus Among Men," assisted by Misses H. W. Kiser, W. D. Waters, Wilder, McConnell, N. F. Maddux, Nicholson, and H. F. Barnhart.

Delicious cookies and iced tea were served by Mrs. Nicholson during the social period.

Mrs. Ewing Hostess.

Fourteen members of circle two and a visitor, Mrs. Lou Montgomery, met at the home of Mrs. W. R. Ewing. The group read the 103rd Psalm and sang the hymn, "Must Jesus Bear the Cross," to open the program.

The prayer was by Mrs. Carson, and Mrs. Frank Snowlet led the lesson on Jesus and the Father, assisted by Misses H. W. Kiser, Carson, Carol M. Stroupe, Stroupe, Foster, and A. C. G. G.

## MIAMI HOMES HAVE GUESTS ON WEEK-END

### Visitors From Near And Far Become Numerous

MIAMI, July 9.—Mr. and Mrs. J. H. Dickerson and mother of St. Louis are visiting Mr. and Mrs. J. L. Seiber.

Mr. and Mrs. Roy Pickens and son, Murry, of Greenville are visiting friends and relatives.

Mr. and Mrs. Cornelius Russell and family of Buffalo, Okla., are visiting their parents, Mr. and Mrs. W. O. Russell, and Mr. and Mrs. John Newman.

Mr. and Mrs. Lee Newman and son of LeFors spent the week-end with friends and relatives here.

Mr. and Mrs. Bill Day of LeFors spent Monday in the J. K. McClelland home.

Mrs. F. E. Hobs and daughter, Doris, left today for their home in El Paso after a visit with their parents, Mr. and Mrs. T. I. Fuller.

Miss Monette Carmichael returned home Sunday evening from Portales where she has been visiting friends for the past several weeks.

Miss Juanita Haynes, Misses Wesley Davis and Holt Barber attended the show given by Duke Ellington's band Monday evening in Amarillo.

Mrs. A. C. Estes of Amarillo, who is the guest of her parents, Mr. and Mrs. C. C. Carrs, spent a few days in Canadian with her sister, Mrs. J. D. Prichard.

Mr. and Mrs. Guy Vanderworth of Ledbetter are visiting her sister, Mrs. M. M. Craig, and Mr. Craig and family.

## FDR Strong as Ever in Texas, Says Christie

WASHINGTON, July 9 (AP)—O. C. Christie, former secretary of the Young Democrats of Texas, predicted today that President Roosevelt would be "just as strong" in Texas in 1936 as he was in 1932.

Here for instruction in national organization work, Christie said, "we have passed the acid test," referring to a recent convention in Amarillo, and added that his surveys over the state indicated the president would lose no ground in the next election.

Christie has spent the last week advising Texas senators and representatives of party conditions in their state and will return Thursday, visiting Young Democratic clubs in other states on the way.

## Invitation Given To Business Men

A special invitation is extended to business men to attend the mid-week service of First Methodist church Wednesday evening at 8 o'clock at which time H. D. Tucker will speak from the subject, "Matthew The Business Man."

This is one of the series on the talks on the lives of the disciples of Jesus.

## 'Greatest Ladies' Are Listed

What distinguishes women as ladies? "Quality that cannot be acquired," says Elsa Maxwell, noted originator of parties for the wealthy, and includes among her ten greatest ladies of the world, the daughter of a butler, a movie actress and descendants of tradesmen and nobles. The four Americans in her big ten are Irene Dunne (top), film star, who "has all the elements of a great lady on and off the screen"; Alice Roosevelt Longworth (right) "because she knows how to quarrel with dignity and humor"; Mme. Jacques Balsan, the former Consuelo Vanderbilt (center), "who was born with airs of a duchess," and Mrs. Vincent Astor (left), "because she never seems aware she occupies a great position." And, commented Mrs. Maxwell, ladies are so rare "we should stuff a few for museum pieces before they disappear."

## SISTER MARY'S KITCHEN

BY MARY E. DAGUE, NEA Service Staff Writer.

In July my family has a picnic on the slight provocation, or with none. Sometimes we have it in our own garden, sometimes in a wooded hill 20 miles away, or beside a meandering brook in between. My young son will eat anything when it comes out of the picnic hamper and call it good, though he's persnickety at the home dinner-table.

If all the dishes and waxed paper and napkins are kept in one place it's no more trouble to pack a picnic basket than it is to set the table for a meal in the dining room. Keep all the paraphernalia in a cupboard close to the work table and use these dishes, knives, forks, and spoons only for picnics. Gay colored composition ware or lightweight enamelware plates and cups are light to carry and there's no danger of breakage.

Provide One Hot Dish.

Have one hot dish, and take it of the stove or out of the oven just as you are ready to start. Wrap it in many thicknesses of newspaper and tie it securely so the lid can't slip even at an angle. The paper keeps the heat in the dish and the food will be piping hot when opened.

Casserole of pork chops and potatoes is a fine picnic dish. The chops are easy to serve and the prolonged cooking makes them so tender that they break easily with a fork. Aside from this the combination develops a delicious flavor. About ten minutes before the mixture is done, sprinkle minced parsley over the top and then don't remove the cover again until serving time. The steam forms a slight seal which conserves all the flavor and heat.

With this, take tomatoes which have been seared and chilled but not peeled. It only takes a second to peel them and they carry and keep better with their skins on.

Sandwiches, fruit and cookies or cup cakes and milk for the children and iced tea for adults finish this meal.

Casserole of Pork Chops and Potatoes.

Four pork chops, 4 good sized potatoes sliced very thin, 2 cups milk, 1 tablespoon flour, 1 teaspoon salt, 1-4 teaspoon pepper, 1 small onion, 1-4 teaspoon dry mustard.

Peel onion but do not cut. Put in center of casserole. Put a thin layer of potatoes in bottom of dish. Sprinkle with part of the salt and cover with potatoes. Season and add remaining chops. Four in milk

## NAZI WOMEN TRAINED FOR WAR SERVICE

### 'THREE K's' TENET GIVES WAY FOR PREPAREDNESS

By A. D. STEFFERUD

BERLIN (AP)—Six million German women are being trained for national service in time of war.

Twice that number, besides, are being instructed so that their abilities can be used in a national emergency—in keeping with the new conscription regulations whereby all able-bodied men and women can be called to serve.

The national socialist "Frauen-schaft" or women's organization, is charged with much of the mobilization, especially that involving propaganda, education in domestic arts and leadership.

The original Nazi tenet, promulgated when women's jobs were needed for men, that women's rightful activities pertained only to the three k's ("kinder, kueche and kirche" or "children, cooking and church") has given way to a wider scheme.

Auto Driving Encouraged.

Women are being encouraged to learn to drive automobiles, not only because Hitlerdom believes motorization has economic values, but also because such knowledge may some time be valuable to the highly motorized German army.

A large group is working in factories, so that they may be able to take men's places in industry if need be.

Others, especially young girls under 25, are sent to farms, where they are learning to do a man's work in feeding the nation. This is a part of the land-year and labor service, whose purposes include combating unemployment, insuring a food supply, come what may, and encouraging a drift of population away from cities.

Being Trained To Nurse.

An important part of the women's activities is nursing. They are being trained to care for sick and injured, but are not necessarily to be considered graduate nurses.

An unscrutinizable number is being trained in flying. Women aviators, says one military expert, may have important roles in war, for they have certain bent for flying not found in some men, and they can be relied on to take good care of their planes.

It is considered very likely, although there has been no official announcement to this effect, that the new air ministry now being built in the center of Berlin may have a well-organized department for women pilots.

Interest In Gliders.

Besides this training as pilots, many members of the "Bund Deutscher Maedchen" ("League of German Girls"), the counterpart of the boys' Hitler Youth Organization, are actively interested in glider flying.

The league, however, trains its hundreds of thousands of members mostly in marching, homecrafts, leadership, stamping and the like—activities which may have no ultimate military background but which, nevertheless, are designed to strengthen their bodies and outlook.

Leadership is a paramount principle in the mobilization of women. Behind whatever task to which they are called, is the firm idea that they must be formed into a close unit.

## TWO-DAY QUILT SHOW OPENS TO VISITORS IN McLEAN TODAY

### The Social CALENDAR

#### WEDNESDAY

Hi-Lo club will meet with Mrs. M. A. McGowan, 1020 E. Francis. Mrs. Frank Meers will be hostess for Merten Home Demonstration club.

Mrs. Claude Lerd will entertain New Deal club at her home, 422 S. Banks.

Loyal Women's class of First Christian church will meet at the church, 2:30.

Central Baptist Missionary union will meet at the church for study, 2:30.

Mrs. Raburn Burke will be hostess to Eight Hearts contract club, 8 p. m.

THURSDAY

Junior Treble Clef club will meet at 4 p. m. with Mrs. Philip Wolfe. Merry Meters club will be entertained at the home of Mrs. H. O. Simmons, Alcock St., at 2 p. m.

FRIDAY

Garden club will meet in city hall club rooms, 9:30 a. m.

Members of McCullough-Harrah Methodist churches will meet at McCullough church, 6:30, to go on picnic.

As flexible and compact as a military organization for giving and receiving orders and carrying them out.

According To Usefulness.

Thousands of women are active members of the air protection organization, charged with training the population as to what to do in case of air raids.

The 6,000,000 are those who are taking the most active part in the Frauentruppen, air protection and aviation work. The other women, generally between the ages of 18 or 20 and 50, are engaged in less specific activities.

All women, however, like every other German individual, are catalogued by the Nazis with a view to usefulness.

## Patman Advocates New Price Laws

WASHINGTON, July 9 (AP)—Representative Patman (D-Tex) today claimed administrative support for legislation against price discrimination.

Describing the president as "hot" for measures to "give the small merchant an even chance with the big chain stores," Patman prepared to lay his case before the house judiciary committee tomorrow.

He has introduced a bill to outlaw secret rebates and commissions and price discriminations in a manner to supplement the anti-trust laws.

## Double-Duty Dress With Jacket

So Lovely to Look At as Well as So Practical to Wear

BY ELLEN WORTH

Another delightful little jacket dress—if you're needing something fresh and tubular for warm days.

A very pretty effect is the plain sky-blue shantung bodice against the navy dotted sky-blue shantung as pictured.

This jacket dress is equally attractive carried out in sheer cotton prints, pastel tub silks, linen, etc.

Few models could be simpler than today's with its sleeveless dress and raglan sleeved jacket.

Style No. 938 is designed for sizes 14, 16, 18-years, 36, 38 and 40-inches bust. Size 16 requires 4 yards of 39-inch material with 1 yard of 39-inch contrasting.

Summer Fashion Book contains many more smart, cool vacation clothes.

Price of BOOK 10 cents.

Price of PATTERN 15 cents in stamps or coin (coin is preferred). Wrap coin carefully.

Pattern Mail Address: N. Y. Pattern Bureau (your newspaper name) Mohawk Bldg., 21st Street at Fifth Avenue, New York City.

To order, address New York Pattern Bureau, Pampa Daily NEWS, Fifth Avenue at 23rd Street, New York City. Write name and address plainly, giving number and size of pattern wanted. Your order will be filled the day it is received by New York pattern bureau.

An outdoor swimming pool has been provided and all kinds of athletic contests are encouraged. Regularly organized teams playing schedules to determine post championships insure corking entertainment in baseball, football, and basketball.

## MINISTER RETURNS

C. E. McKenzie, minister of Francis Avenue Church of Christ, returned yesterday from Iowa Park where he has conducted a revival the past two weeks. He will preach in his own pulpit here at all services next Sunday. The Iowa Park church is a former pastorate of Mr. McKenzie's.

Home demonstration clubs of the county are sponsors of the show. Prizes are offered in separate divisions to club women, other women, and members of 4-H girls' clubs. Mrs. Bernice Clayton of College Station, state specialist in home improvement, heads the judging committee.

Everyone is invited to visit the display, in a building near the McLean post office. To add interest, the club girls' entries have been arranged in a model bedroom, furnished by McLean merchants under direction of Miss Pae Davis, county sponsor of 4-H girls, and carrying out principles learned by the girls in their bedroom demonstrations.

A picnic at noon today was attended by club women and their families from over the county, and many visitors. It was served in the school gymnasium.

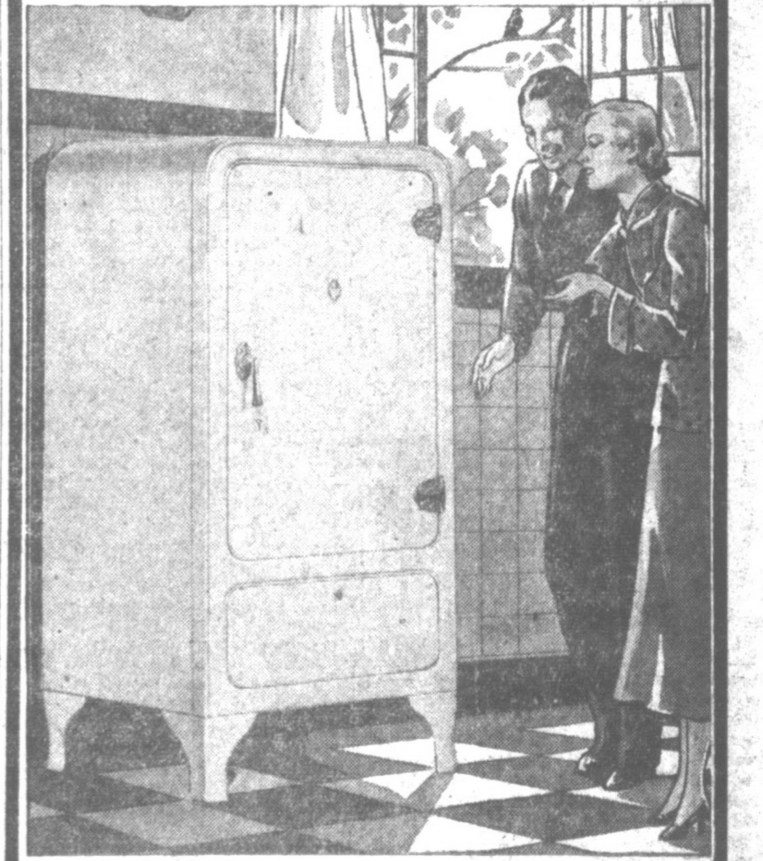

## Kirk Chester Has Joined U. S. Army

FORT SILL, Okla., July 9.—Kirk Chester of Pampa, Texas, has just been enlisted here for three years service in the field artillery. This post, which is commanded by Brig. Gen. Henry W. Butler, is the home of the field artillery school and is one of the largest military posts in this section of the country.

A soldier's life here is greatly diversified. There are good golf courses open to them without charge and each year at least one tournament is staged. Duck hunting is good and other small game is found.

# FLOOD WATERS FATAL TO 37 IN NEW YORK

### PROPERTY DAMAGE IS ESTIMATED AT \$10,000,000

ALBANY, N. Y., July 9 (AP)—Receding flood waters left upstate New York today with 37 dead, seven missing, and property damage approximating \$10,000,000.

More than 2,000 were temporarily homeless in a score of villages and cities, presenting a formidable relief problem to state and federal agencies.

Even before the cloudburst of Sunday night and Monday had ceased, the Red Cross had rushed relief workers into the area and Governor Herbert H. Lehman began coordinating state agencies, including the National Guard, to cope with the situation.

Troops were held in readiness at Hornell and Elmira, after reports of looting were received.

A dozen town and cities near the Pennsylvania border within a 50-mile radius of Binghamton appeared to be the worst sufferers. Also seriously affected was the territory 60 miles or more northwestward in the heart of the famous Finger Lakes region around Watkins Glen.

The story was the same throughout the flood region—ruined homes, wrecked communication lines and utilities, damaged highways and bridges, washed-out railroad tracks, and unestimated crop and live stock losses.

At Hornell, where water, light and communication systems were wrecked by the flood water, 1,000 refugees were cared for in private homes and some victims spent the night sleeping in automobiles.

City officials considered establishing public stations for inoculation against disease.

Several hundred were temporarily homeless at Watkins Glen and city and county buildings were damaged by mud and water. Dozens of homes were wrecked and the international known park there was so severely damaged it may have to be closed.

The Chenango river still lapped at buildings in the lower section of Binghamton where nearly 500 persons were driven from their homes. Two hundred of the refugees were housed in a schoolhouse.

Six houses were carried away and the business district flooded in Trumansburg and vicinity where at least five persons, including three children, lost their lives. The children, two boys and a girl, were swept away as they slept in a tent on the banks of a creek near Perry City.

Governor Lehman obtained the transfer of 25,000 Tera workers and 1,000 C. C. C. men to the flood area. The conservation department and the department of public works rushed men to the scene and state troopers were ordered into Watkins Glen.

The American Red Cross in Washington sent three disaster relief workers to Hornell and Bath and announced Washington headquarters would be stripped of office workers if they were needed.

A vivid description of the flood area was given by passengers of a train marooned for more than 18 hours near Bath. The 120 occupants of the train reached Buffalo just before midnight.

They had been taken to the relief train nine miles from Bath by automobiles.

Paul Zappert of Cincinnati said he saw cattle battling desperately to combat the swirling waters and that many perished.

"It was a pitiful sight," he said. "There must have been at least 20 head that I saw go down. Farmers stood by their porch tops unable to do a thing to help them."

## COLUMN

(Continued from page 1.)

cross state lines, the need for a costly duplication of local government every 30 miles or so is unnecessary. A county 75 miles across would be smaller today, in all essentials, than the present counties were when the lines were established. When the costly and futile "local pride" is eliminated, there is no good argument for retention of more departments and local courts in Texas than the whole of England has for 12 times as many folks.

A STATE POLICE system, with territorial headquarters officers linked with full-time telephone wires, would add greatly to efficiency and get away from the local politics which now embarrasses and hampers peace officers everywhere. Officers are human, and the average human hired to protect his neighbors will do so if he is not hindered. Politics ruin more police departments than any other factor. In this connection we quote Governor James M. Curley of Massachusetts, former mayor of Boston: "Police officials in many cases may be likened to children walking on thin ice, fearful that something might happen which would be offensive to political or other agencies outside of police administration."

Until and unless the people of this state divorce politics and peace officers and equip the latter with equipment and authority which they should have, we shall continue to have the costly and inefficient system which embarrasses everyone familiar with its workings.

SIXTH FLOOR EMPRESS TOKYO, July 9 (AP)— Court physicians announced today that Empress Nagako expected to give birth to a child during the month of November. Emperor Hirohito and the former Princess Nagako have five children. The first four were girls and the fifth, Prince Akihito, was born December 23, 1933.

CHAPTER 38  
Michael dashed into the quiet street. Dust had fallen half an hour before. There was the scent of bonfires in the darkness. A moon hung, poised uncertainly over the church steeple. There were clouds.

Hatless, he found himself running down the road. If someone came out of the church yard and watched him go he was unaware of it. He swerved around a corner, was lost to sight.

His heart was pounding in his breast like a mad thing. The words Annabel had said so carelessly and jauntily were echoing in his brain.

Take thee . . . for better, for worse . . .

A veil had been torn from his eyes. He was seeing clearly now for the first time in weeks. In this new dream there was a slim, fair-haired girl with eyes that burned deeply, darkly blue. In the dream she put her hand in his. She said the words Annabel had said, but with a difference.

"I, Katharine . . ."  
"How could he, for one single instant, have forgotten her? He must have been half-mad."

A roadster, careening on two wheels, shot down the road and went around a corner. Michael, in the shadow of the hedge, watched it go. Sally's car. But tomorrow—why, good God, tomorrow he was supposed to marry Sally in that very church from which he had just fled! And who was Sally but a puting stranger? What a frightful mess!

Lucky for him this revelation had come on his wedding eve instead of his wedding night. Sally would have to know. He could imagine her rage, and, manlike, blanching at the thought. It would have to be got through somehow. He could face it, with the thought of Katharine to sustain him.

His heart lifted at the bare notion. Katharine—his wife! But where had she been all these weeks? What had she been thinking of him?

If he went home now Sally would be certain to find him. Later tonight he would face it, but just now the important thing was to learn about Katharine.

He strode along toward the Mer-ser house. That dark-haired woman who had looked at him so oddly the other day; she was Katharine's friend. She would tell him what he wished to know.

"The house was in darkness except for a glimmer of light in the servant's wing. Michael knocked, and a stout, colored woman in a striped dress came to the door. Mrs. Mer-ser was in the city, she said. She would not be back until late.

Michael went back to the village and called the Strykurst house from a pay station. A warm Irish voice informed him that Miss Katharine was in the west. Did the gentleman care to speak to Mrs. Strykurst?

Bertine's lofty accents. "This is Mrs. Strykurst. Who is calling?" "It's Michael Heatheroe."

You could sense the steely coldness with which Katharine's stepmother armed herself. "Is it business?"

His voice was harsh with tension and anxiety. "It's personal."

"I'm afraid I cannot give out my daughter's address so casually." Bertine told him. Before he realized what was happening she had hung up on him.

Well, it was not to be wondered at, he muttered to himself, curbing his rage. Doubtless Bertine had heard he was to be married to Sally Moon tomorrow morning.

He went back to the Moons', loathing his errand, but bound to see the thing through. Sally's father, a long black cigar clamped between his teeth, glared at him.

"Well, well, young man. What's up? The girl's upstairs having hysterics. Thought you'd run out on her. A fine way to behave," fumed the older man.

"Terribly sorry, sir." He plunged into his story. Married weeks ago. The day of the accident. The whole thing washed from his brain by that blow on the head.

"You mean to tell me—you mean to stand there and tell me calmly—" raged Mr. Moon. His face was scarlet. For a moment Michael thought the man was going to have a stroke.

"But you were engaged to my daughter at the time. You certainly were."

"I was," Michael told him wearily. "I have no excuse. Only the facts. I was—am in love with Katharine. Sally and I—well, it was a mistake, sir. From the very start."

Joseph Moon stared. Sally had involved him before this in many a situation. This, he told himself, was positively the worst yet. He groped for a chair and dropped into it heavily.

"It's an outrage," he stormed. "Matter for the law—I'll have to see my attorney—"

Michael had to listen to a good deal of this, and he did so patiently. He was sorry for the old man. It was all his own fault. He felt a cad and a villain.

"May I see Sally, sir?" "See her? Of course you'll see her! Wouldn't tell her myself for a million dollars." Joseph Moon rang a bell and told Frieda to ask

Miss Sally to come down to the living room.

Annabel peeped through the French doors and made a round "o" of her mouth at sight of Michael. He could hear Sally's step on the stairs, her high heels clattering. She flung herself in the room, rage stamping her features.

"What's wrong with you? What do you mean running off like that? Making me a laughing stock—"

Michael took her hands. She beat at him in her fury as though she would hurt him grievously. It was her pride that was hurt, not her love, he reminded himself. He must remember that.

Somehow he made her understand. She screamed at him and Annabel, tiptoeing in the hall, flinched at some of the words Sally used. Michael gripped her wrists.

"Listen, I'm sorry. Sorry as I can be. But it's too late now."

"You fool, you fool!" raged the girl. "How dared you? I'll sue you both. I'll drag your names through every court in the land—"

Michael's knuckles whitened. He could stand it. It wouldn't matter to him. But Katharine—he couldn't let her do this to Katharine.

Sally's fishwife voice screamed on through every court in the land—"You remember I told you from the start it was a mistake." Michael said quietly.

"That's right—that's right. Say good God, tomorrow he was supposed to marry Sally in that very church from which he had just fled! And who was Sally but a puting stranger? What a frightful mess!"

"Listen, kiddy," he began pacifically. "You don't want them saying in the town you were jilted, do you?"

"Let them—if they dare!" Sally cried. Her bosom heaved. Her dark eyes flashed lightning.

"But that's what they'll say if you go after Michael!" the old man told her. "No, they won't. We'll give it out that Michael had a relapse. That he hadn't recovered from the illness—that the marriage is indefinitely postponed. Then you can go off to Paris; you've been wanting to do that for a long time. You know you have."

"You mean that? You're not just trying to calm me down?" "I mean it. You can sail as soon as you like. Stay all winter. Frocks and hats galore—"

Under her tempestuous airs Sally shrewdly estimated the situation. But she would not satisfy them.

"I'll think about it," she said, regarding the two men between narrowed lids.

"Someone's got to pay for this," she told them. "It's not going to be little Sally."

# HIGHER TAXES ARE OPPOSED BY RAILROADS

### CLAIM CONGRESS GAVE ITS CONSENT TO MERGERS

By CLARENCE M. WRIGHT, Associated Press Staff Writer.

WASHINGTON, July 9 (AP)—President Roosevelt's new tax program encountered a protest today from the leadership of the American railroad industry.

Robert V. Fletcher, general counsel for the Association of Railway Executives, contended the graduated taxes the president wants to apply to corporate income would penalize bigness in the railroad field after congress had encountered mergers.

Fletcher prepared a formal argument for submission to the house ways and means committee which yesterday heard estimates that 29 alternative schedules based on a four-fold tax plan advocated by the president would raise anywhere from \$118,000,000 to \$901,000,000 a year.

Secretary Morgenthau, who had received from committee members a list of the different schedules with a request to say how much revenue each would raise, outlined the estimates.

The committee is trying to finish hearings this week so it can go to work Monday to decide which of the 29 schedules, if any, it should approve.

Fletcher, the railroad spokesman, argued against applying to the railroads the suggested new graduated taxes, which would range from 10 to 17 1/2 per cent, depending on size

of income. The present rate is a flat 13 3/4 per cent. "It seems to me," Fletcher said, "that congress already has shown clearly in many legislative acts that it thinks rail carriers should be a) concerned, financially. It has approved mergers and done other things to concentrate railroad capital and income. "And now it apparently is proposed that congress penalize railroads for doing the very thing it encouraged the railroads to do."

Morgenthau had estimated that the 10-to-17 1/2 schedule would raise \$66,900,000 to \$102,000,000. A sub-committee which presented the 29 schedules to Morgenthau apparently felt no attempt should be made to increase taxes on individual incomes under \$100,000 for no schedules went below that.

# Nude Rider Causes Stir in San Diego

SAN DIEGO, Calif., July 9 (AP)—All Lady Godiva of the Exposition miners camp got out of her compromise with the law was a trip to police court today.

Joan Wade, 21, Chicago dancer, was arrested last night while astride a burro and wearing brief patches of cloth here and there, she rode through the camp. At police headquarters she was booked on a morals charge.

Billed as "Gold Gulch Berthe" Miss Wade Saturday night rode wearing only the traditional flowing tresses. Sunday she wore a cloak, ordered by police.

EROSION PROJECTS OKAYED  
AUSTIN, July 9 (AP)—The Texas relief commission today approved work relief projects totaling \$67,305 to give employment to 110 men. Wind erosion control comprised the bulk of the works. Erosion projects approved were by counties: Hansford, \$25,676 and 62 men; Moore, \$15,172 and 32 men; Sherman, \$25,177 and eight men; Wheeler, \$2,063 and one man.

Chastain Shoots Well  
N. M. Chastain of the local office of the Southwestern Bell Telephone company participated in the annual East Texas Oilbelt shoot on July 4 at Eastland, taking second place with a score of 98 out of a possible 100. Chastain

# PAMPA TONES OF OUR CITY

Called to Elk City  
Misses Bess' and Ellen Mason were called to Elk City, Okla., yesterday by the death of their mother, Mrs. Tom Mason, who had been in failing health for some time. Funeral services will be conducted at Canute, Okla., at 10 o'clock Thursday morning.

Footprints on the Lawn  
Postmaster D. E. Cecil this morning was scanning feet of men who "trod" the lobby of the postoffice. The postmaster was searching for a pair of large feet—size 14 or 15 or even larger. A possessor of large feet jumped from the balcony to freshly planted lawn in front of the postoffice, leaving a deep imprint.

Inquiry About Bird  
More than a year ago, W. C. Dillman, city officer, found a bird in front of the NEWS, injured by a car. He caught the bird and made a pet of it. It was strange to this section of the country and it was some time before it was learned that the bird was a Pinet Grosbeak, a native of the north. Dillman kept the bird for several months before a cat killed it. This week he received a communication from an ornithologist in New York asking for information about the bird. A picture and data is being sent to New York.

Chastain Shoots Well  
N. M. Chastain of the local office of the Southwestern Bell Telephone company participated in the annual East Texas Oilbelt shoot on July 4 at Eastland, taking second place with a score of 98 out of a possible 100. Chastain

lubricated with J. O. Bates of Fort Worth. First place went to H. L. Welland who made a perfect score and then shot a perfect exhibition round for 200 consecutive birds. Chastain is one of the crack shots of the Pampa club.

Mrs. H. S. Cockerill of Moreland, Okla., is the guest this week of her son, C. C. Cockerill, and family.

Dr. and Mrs. John M. Hooper had as guests Sunday and Monday his parents, from Denton.

# Magnolia to Sell Lubrite in Cans

DALLAS, July 9.—Introduction of an improved Lubrite motor oil to be marketed by Magnolia dealers and stations in refinery sealed cans is announced by Fred M. Lege, Jr., vice president in charge of marketing, Magnolia Petroleum company.

The new Lubrite follows closely upon the introduction of new summer grade Mobiloil, the premium motor lubricant to which Lubrite is a lower-priced companion. Lubrite will be sold at 25 cents a quart, no increase from the former bulk price.

"The progressive move of canning

Lubrite at the refinery is in keeping with other industries who are packaging their merchandise to avoid substitution in the same manner in which we protect Mobiloil. Mobilgreases and our complete line of packaged Mobil specialties.

"By sealing our motor oils in cans at the refinery we are able to assure the buyer that he will receive what he pays for. It makes it easy to identify the product and assures the purchaser of receiving the right grade and full measure. Mobiloil and Lubrite will continue to be sold in bulk by certified dealers and at Magnolia stations."

TVA ATTACKED  
WASHINGTON, July 9 (AP)—A republican charge that the Tennessee Valley authority was guilty of "flagrant violation of the intent of congress and the original law" plunged the house today into the final three hours of debate on a compromise TVA bill.

**Magnolia Announces a Vastly Improved LUBRITE MOTOR OIL in Refinery-Sealed Cans**

at **25¢** a quart

**LUBRITE MOTOR OIL**  
PRODUCT OF A SOCONY-VACUUM OIL COMPANY

**FOR** the second time this year, Magnolia makes an important announcement that means definite savings to car owners. First, the new summer Mobiloil set a new high standard of performance for premium motor oils. Now a vastly improved Lubrite Motor Oil brings better quality into the medium priced field than you have ever known before!

and again for consumption, gumming and carbon forming tendencies, Lubrite outclassed many oils selling at a higher price.

If you want the world's finest lubrication, we still say—use Mobiloil! But if you want the best lubrication that a quarter can buy, we urge you to ask for Lubrite.

Both Mobiloil and Lubrite are available in refinery sealed cans or in bulk at leading dealers and wherever you see the sign of the "Flying Red Horse."

**Made by the Makers of Mobiloil**

## Jimmie Cloud's Trial Delayed

WICHITA FALLS, July 9 (AP)—Trial of Jimmie Cloud, Berger deputy sheriff indicted on three charges of negligent homicide in connection with a fatal automobile-truck crash near Electra, was indefinitely postponed Monday when affidavits from two physicians were presented stating that the defendant is under medical treatment in a veterans' hospital at Albuquerque, N. M.

Cloud was driver of an automobile which collided with a gasoline truck. His three companions, including a patient being transferred from Hutchinson county to the Wichita Falls state hospital, were killed. Cloud was seriously injured.

## DOPE CHARGE FILED

HOUSTON, July 9 (AP)—Charges of smuggling 220 pounds of marijuana valued at between \$30,000 and \$40,000 into the United States from Tampico, Mexico, were filed here yesterday against John O'Connell, of Galveston and New Orleans. The charges were filed by Customs Agent R. C. Maurice before United States Commissioner W. F. Carothers. Conlan was held here on \$5,000 bond.

## Negro Teams to Play Thursday At Local Park

Two negro ball clubs, the Pampa Yellow Jackets and the Shamrock Black Oilers, will meet at Road Runner park Thursday afternoon at 3:30 o'clock with admission 25 cents for women and 40 cents for men.

A special section will be reserved for the negro fans who are expected to turn out in large numbers.

The game will not be a circus affair, but will be a real baseball game. Players on both teams have seen some fast baseball. The Pampa team boasts players from several well known clubs, including the Yonkers of Kansas City and the St. Louis All Stars.

In the box for the local team will be Jack Lewis, speedball artist from the Fort Worth Black Cats. Behind the bat will be Clifford Oliver, two years catcher for the Monarchs.

On first base for the Pampans will be Fred Rodgers, also a former Fort Worth star. Second base will be held down by Coleman, a former St. Louis player. The shortstop will be Jackson, last season with the Houston City negro team. On the hot corner will be Fisher from Clarendon. Patrolling the outfield, fans will see Hill from Amarillo, McMullen from Wichita Falls, and Dukles from Dallas. The utility man is Hall from Plainview. All the men are now residents of Pampa.

The Shamrock lineup was not available this morning.

## CARL HUBBELL'S BROTHER IN LINEUP OF VISITORS' TEAM

The Watonga Owls, one of Oklahoma's strongest baseball clubs, will be in Pampa tonight and tomorrow night for games with the Road Runners. Both games will be called at 8:45 o'clock, with no increase in admission.

The Owls, with John Hubbell, youngest of the famous Hubbell family, in the lineup, will be making their second appearance before Pampa fans. Two weeks ago the Oklahomans gave the Road Runners a stiff battle. Young Hubbell is a pitcher with the Owls and may be seen in action in one of the games. He is said to be more like his brother, Carl Hubbell, of the New York Giants, than Merritt Hubbell, now pitching for Tulsa in the Texas league.

There is a chance that Joe Berry will be here in time to take the mound tomorrow night. Lee Dapey, Indian ace who has been pitching nice ball lately, is scheduled to take on the Owls tonight. Watonga downed Phillips 6-0 Oilers in Berger Sunday afternoon with Boston on the mound. The elongated Owl is hoped to start one of the games here. He hurled on the Owl last appearance but errors cost him the game, 5 to 1.

On Friday night Wellington will bring a team of Red River Valley all stars here to meet the Road Runners. The team will be composed of the best players of the league.

## THREE ST. LOUIS YOUTHS DIE IN Electric Chair

CHESTER, Ill., July 9 (AP)—Three East St. Louis youths died early today in the Missouri prison electric chair for the murder of a 60-year-old street car operator.

John Krul, 21, the first to die, bid his wife and 2-year-old child

good-bye three hours earlier and was pronounced dead at 12:14. A. M. Edward Bailing, 19, the youngest of the trio, needed assistance in reaching the chair. He died at 12:23 a. m. with a prayer on his lips.

Van Buren Dedmon, 25, leader of the group, and whose gun fire took the life of W. C. Moss, in an attempted hold-up, made a long speech before dying nine minutes later.

## BAD ODOR

BALTIMORE (AP)—When Joseph R. Corbett and Harry Gardner strolled nonchalantly into a drug

store all the other customers made a dash for the doors and the proprietor called police.

It wasn't that there was anything dangerous about Corbett and Gardner—it was the live skunk they carried into the store with them.

## NOTICE

I have moved to Taylor's Garage and Machine Shop at Pampa. I will be glad to meet my old customers there. All Work Guaranteed. CHARLEY WEBB

## TWICE AS MANY TOURISTS AS LAST YEAR, CONOCO REPORTS

Pampa merchants who are on their toes and looking for their share of this summer's tourist dollar should reap a rich harvest. Reason: There will be twice as many tourists on the road as there were last summer.

Such is the surprising prediction just released by the Conoco Travel Bureau, America's largest free travel service, maintained by Continental Company, Denver.

The bureau, addressed to the merchants of "Main Street" in all parts of the United States, the bureau advises them to prepare for the greatest tourist trade in years.

"Dust storms have spent their fury leaving a rich top soil, and flood waters have receded," says Joe H. Thompson, director of the bureau. "As a result of heavy rainfall, America's highways and particularly the mountain areas, are green in vegetation, and wild flowers are more beautiful than ever."

"During the first five and a half months of this year the Conoco Travel Bureau received 115 per cent more trip service applications than during the same period in 1934.

"At present, more than 250 trained employees are working day and night shifts in the bureau's Denver offices. During the early part of June last year the Denver personnel numbered only 126.

"The Conoco Travel Bureau was founded five and one-half years ago in response to the demands of motor vacationists and everyday travelers anxious to secure accurate, up-to-the-minute information regarding North American highways, scenic regions and travel costs. Each motorist applying for Travel Bureau assistance receives a generous assortment of maps, booklets, cottage camp and hotel guides, and special instructions covering every phase of his journey. Even temporary highway detours and choice fishing and hunting areas are indicated.

Readers of this newspaper may secure individualized trip services without spending a cent—even for postage—merely by writing the Conoco Travel Bureau, Continental Oil Building, Denver, stating where and when they wish to go.

## NO SALE

OMAHA, Neb. (AP)—The man who tried to buy his way into heaven had better call at the police station for his \$10.

Petra Ruiz, 11 years old, told officers a young man gave her the currency and ask her to pray for him.

Petra and her family told police, "we don't want that kind of money."

## YERGAN ARRESTED

LONG BEACH, Calif., July 9 (AP)—John Yergan, 32, said by police to be wanted in five cities, was arrested here today. Detective Lieut. George Robinson and three other officers took Yergan into custody and said he was wanted in Lawton, Okla., in connection with the shooting of a policeman in Miami, Fla.; Denver, Los Angeles, and Costa Mesa, Calif., on alleged robbery charges.

# Weaver Beats Tony Piluso In 'Tops' Wrestling Card

## Van Bebber in Draw With Cummings Of Arizona

Now you see them and now you don't, in the story of last night's wrestling card presented by G. H. Garrison at Road Runner park. Fans who did not see the card missed one of the greatest exhibitions of grappling of recent years.

The opener between Andy Dowler and Art Bellmer was wild in spots, with Referee Curley Lewis getting mixed up with the contestants, particularly his old enemy "Der Gump," who opened a cut on the referee's cheek. The bout went to a draw, with both participants showing more speed and wrestling than usually is presented in a preliminary.

Speed and knowledge continued in the semi-final when Jack Van Bebber, now a local boy, drew with Bob Cummings of Arizona. The two displayed a wonderful knowledge of holds and ability to break the most punishing of holds. Van Bebber introduced a reverse back drop which nearly won him the match. The Arizona "flash" showed remarkable cunning with arm holds and head locks.

Van Bebber was wrestling for the first time in several months. He has been working in the oil field near here and has not had an opportunity to train. He showed his old time speed and the cunning and knowledge that made him national amateur champion seven times and Olympic champion once. Cummings showed a tendency to mix it, but only when in tight spots. He is one of the strongest and fastest middleweights to appear here in some time.

Two streaks of lightning took the ring for the main event which went to Buck Weaver, Indiana university athlete, after Tony Piluso of Toledo had apparently won the battle, which was a pleasure to watch. The two speedsters whirled and rolled about the ring as the battle opened. Neither appeared to be able to get a hold, but Weaver finally came up with an arm scissor.

The two staged an even battle, with Piluso using his legs effectively to get and break holds. Weaver demonstrated an Indian stake hold, applied with his arms, a feat of great strength. Piluso worked Weaver into a hook scissor which finally developed into a double hook scissor, the contestants facing each other.

Finally getting unangled, Weaver caught Piluso off balance and connected with a beautiful flying tackle. He followed with two more and then pinned the Italian with a smother in 17 minutes.

Full number two opened with Piluso getting into a scissor in which he held Weaver for more than two minutes. The Indiana rhapsodist came out with a nice split. He lost it when Piluso showed some nice work to get one on Weaver. At the break, Piluso slipped over one of his famous flying body scissors with which he whipped Weaver to the mat with terrific force.

While partly on his back, Piluso lifted Weaver high off the mat and slammed him again. He followed with another and then placed Weaver's shoulders to the mat in seven minutes.

The winner of the last fall is still unknown to many fans. The two speedsters opened with Weaver using a punishing series of headlocks. Piluso came up with another flying body scissor. He changed it into a rolling head scissor and apparently had Weaver "on the run." The Indiana star, however, had something left and when Piluso rolled him for the third time, he grabbed the Italian's legs and arms, rolled him into a ball and pinned his shoulders to the mat.

Fans will long remember the card and those not present will regret not seeing it. After the battle Curley Lewis challenged Andy Dowler to a finish match, one fall. It may be scheduled for next week, date to be announced later.

## 4,000 See Babe Lose in Chicago

CHICAGO, July 9 (AP)—A gallery of nearly 4,000 persons, the largest ever to attend an exhibition golf match in the Chicago area, saw Joyce Wethered of England and Horton Smith, home club professional, combine to defeat Mildred Babe Didrikson of Dallas and Gene Sarazen of Brookfield, Conn.

The match, played Sunday at the Oak Park Country club, resulted in victory for the English woman star and her partner by 12 points to four, or 8 up by the California system, which calls for two points a hole, low ball and high ball.

Miss Wethered shot a 78, one under women's par and two over the women's course record of 76.

Smith had 71, one under men's par. Sarazen, by shooting the back nine in 34, two under par, also turned in a 71. Miss Didrikson, famous all around athlete, was a bit wild, carding an 88. However, she made several fine tee shots, and a 69 foot putt for a dudge on the 200-yard 17th hole.

**SAVED BY A MEOW**  
PORTLAND, Ore. (AP)—A Eurasian cat responded to the familiar call "kitty, kitty" of J. E. Smith of Windsor, Ont., guest at a home here, with unexpected results. The cat opened its mouth to meow and out popped a hummingbird. The bird flew away, apparently unhurt.

## Coltexpo Leads Two I League After Victory

Close Games Played Sunday; Sunoco Takes 7-6 Tussle from Hopkins

Several of the best games in the Two I league history were played Sunday afternoon. Two of the games were decided by a one-run margin, two more games were won by two scores, and another game ended in a tie.

Coltexpo Black Cats of LePors remained on top of the heap with another win. Pampa's Advertisers, tied with Coltexpo last week, tied Magic City and then protested the game.

**Sunoco Sluggers Win**  
The Sunoco Sluggers took a 7 to 6 tussle from the Hopkins team despite the fact that they made more errors than the Hopkins players. Weaver hurled for Sun and struck out 12 opposing batters. Wilson was behind the bat. Enochs went the route for Hopkins with Outhrie behind the bat. The score was tied at 2 to 2 until the seventh.

**Texas Elf Protest**  
Kingsmill took a 5 to 3 game from the Texas Elf Carbon company but the blackfaces protested the win, which will be settled by the league executive committee. T. Franks opened the game on the mound for Kingsmill but was relieved by E. Bones. M. Morgan was behind the bat. Bozarth hurled for the blackfaces with James receiving. A double play, Franks to S. Morgan, killed a Texas Elf rally in the 9th.

**Coltexpo Still Wins**  
Coltexpo Black Cats took the measure of Stanolind 10 to 3 in a game which saw the latter lose because of errors. Coltexpo scored four runs in the third on an error and added six more in the sixth on two miscues. Coddie Clemmons hurled for Coltexpo with Jake Leggett receiving. Frary was on the mound for Stanolind with Bryant receiving.

**Phillips Downs Indians**  
Phillips swamped the Pampa Indians 15 to 6 with Armstrong doing some heavy moundwork for the victors. Ferger and Barham divided pitching for the Indians. Nash hit a home run for the Indians with

one on bases. Newsome homered for the oilmen.

**Skellytown Wins**  
Skellytown took a well-played 7 to 5 game from Shell with Carroll pitching nice ball all the way. Bryant was on the mound. Keeling went the distance for Shell with Barrett catching. Errors proved costly to both teams. Shell collected 6 hits to 10 for the winners.

**Bucks Down Rams**  
Although fanning nine batters, Carl Baer and the Pampa Rams lost a 9 to 8 decision to White Deer. The Bucks rallied in the seventh to come from behind and hold the lead for a win. Roy Kretzmeier, Ram catcher, hit four for five, one a double, and scored three runs. W. J. Brown of the Rams homered. Bulz Urbansky started for the Bucks but was relieved by Kalka. L. P. Ekin was behind the bat.

**Andrews Hurts 1-Hit Game**  
Andy Andrews, Hoover pitcher, allowed Laketon only one hit as his team won 13 to 1. Andrews fanned nine batters. His perfect game was ruined when Carter got a hit in the fourth inning. Barber was behind the bat. McAuley hurled for Laketon with Looper receiving. Barnes homered for the winners.

**Independents Win**  
The Pampa Independents defeated Western Carbon 14 to 5 in the only game played in Pampa. Higgins pitched winning ball throughout with Farley behind the bat. Hall and Bradley divided mound work for the blackfaces with Mills receiving.

**Cargray Takes Another**  
Cargray registered another win, defeating Sinclair-Prairie 18 to 10 in a slugfest. Ossman and Austin were on the mound for Cargray with Ed Wagner receiving. Messinger started for Sinclair-Prairie but was relieved by Dillman in the 8th. Enloe was behind the bat.

**Protested Game**  
Pampa Advertisers and Magic City tied 4 to 4 but instead of playing off the tie, the Advertisers protested. The protest will be heard by the committee.

**League standing including Sunday's games follow:**

Team	W.	L.	Pct.
Coltexpo Carbon	4	0	1.000
Cargray	4	1	.800
Kingsmill	4	1	.800
Pampa Advertisers	3	1	.750
Magic City	3	2	.600
Pampa Indians	3	2	.600
Sinclair-Prairie	3	2	.600
Stanolind	3	2	.600
Skellytown	3	2	.600
Shell	2	3	.400
Laketon	2	4	.333
Hopkins	2	4	.333
Western Carbon	2	4	.333
Texas Elf	2	4	.333
Hoover	2	4	.333
Pampa Independents	2	4	.333

## ADVERTISERS' PROTEST IS REJECTED; ANOTHER DEFERRED

Protest of the Pampa Advertisers of a two I league game played in Magic City Sunday afternoon was not allowed by the league executive committee in session last night. The Advertisers had grounds for a protest, but the team left the field in the seventh inning with the score tied, thus losing its right to protest. Action in the protest of the Texas Elf team in a loss to Kingsmill was deferred. The two umpires will be called before the committee before final action is taken.

## TEXAS LEAGUE RACE GROWING CLOSER DAILY

### THREE LEADERS SEPARATED BY ONLY FEW POINTS

By The Associated Press  
Houston and Galveston were running neck and neck and Oklahoma City was hardly a nose ahead today in the Texas league pennant race. The Buffs continued their serious threat for first place last night by trouncing Dallas, 12 to 3. The Buffs sailed the game down in the first inning with a three run rally. Every man in the Buff lineup hit safely at least once and Mueller got 3 hits in four times at bat.

Galveston turned loose a barrage of two base hits in the fifth inning to score a 6 to 3 win over Fort Worth, and the Blues kept up the pace with the Buffs. Jack Jakucki held the Cats to seven hits before wildness caused him a quick trip to the showers in the eighth. Milstead and Wistert pitched for the Panthers.

Oklahoma City's narrow lead was sliced off a little more when Beaumont bunched hits and took advantage of errors to whip the Indians, 6 to 4. The Exporters thumped Bellheart for nine hits, including a triple and three doubles, while the Indians got 11 safe ones, three of them doubles, off Cook and Hare. The recent threat Tulsa made toward crowding up in the closely contested top position didn't look so dangerous against the San Antonio Missions, who took a pair from the Oilers, 3 to 1 and 4 to 1.

The double setback knocked the Oilers from fourth to fifth place in the standings, and the victory increased San Antonio's percentage to a point where the Missions stand but a short way behind the Oilers.

## GREENBERG NOT ANXIOUS TO BEAT BABE'S HOMER RECORD

DETROIT, July 9 (AP)—If Hank Greenberg, the current home run sensation of the majors, equals or better Babe Ruth's record of 60 four base swats, it will be because he couldn't help it.

With 25 homers already in the bag, and a tough eastern campaign ahead of him and his pennant seeking Tiger mates, the lanky first baseman confessed to interviewers that he had a certain fear of the home run. "I don't want to catch it," he said. "I'm not eager to set a new record for homers this season," he said. "I'm going up to the plate and take my cut at the ball, but if I don't get the run, it doesn't bother me. I'm interested in hits."

Hank said he had a reason for not being too anxious to tie or better the four base mark.

"Supposing I'm lucky enough," said Hank, "to beat Ruth's record which would mean hitting 61 homers. Then what? It's kind of silly to even talk about it because I have only 25, and still 35 to go to equal the record."

"If I set a new mark this year and then drop back to 35 or 40 next season and the fans will be saying: 'That guy Greenberg isn't as good as he was a year ago.' They'll be counting me out and I'll be rated as a has-been in my fourth year in the majors. That's what I'm thinking about now."

Greenberg pointed out that Ruth set his record 13 years after he broke into the majors, and that his own career in the big time was now only three years bid.

## YESTERDAY'S STARS

By The Associated Press  
Jimmie Fox—Hit first inning home run, with Lou Gehrig on base, and singled with the bases full to account for three of four American league runs.  
Lefty Gomez and Mel Harder—Combined to hold Nationals to four hits.  
Bill Terry—Drove in only National run.  
Hal Schumacher—Yielded four hits in as many innings in relief role for Nationals and fanned five, including Fox, Bob Johnson, Simmons and Cronin.

## Owens, Peacock To Resume Duel

NEW YORK, July 9 (AP)—Jesse Owens and Eulace Peacock resume their duels in the 100-yard dash and the broad jump at Ohio field tonight.

The continuation of the rivalry between the negro flashes is expected to be the highlight of the meet, in which many of the big names of track and field were entered. The twelve events will serve as a farewell for athletes who will invade five foreign countries this summer.

## FIVE GOPHERS SELECTED FOR GRIDIRON TILT

### NO SOUTHWEST STARS NAMED FOR GAME IN AUGUST

CHICAGO, July 9 (AP)—On the basis of early returns, Minnesota's great 1934 football team is likely to be well represented when the college all-stars meet the Chicago Bears at Soldier Field the night of August 29.

The Bears-Den Hutson, Alabama, 998; Frank Larson, Minnesota, 894; Harry Leeper, Northwestern, 886; Dominic Vairo, Notre Dame, 867; Tackles—Phil Benzon, Minnesota, 1183; George Maddox, Kansas State, 792; Bill Lee, Alabama, 788; James Steen, Syracuse, 596; Guards—Bill Bevan, Minnesota, 712; Al Kaval, Northwestern, 708; Centers—Jack Robinson, Notre Dame, 673; George Spolwet, Pittsburgh, 448; Elwood Kalbaugh, Princeton, 419; Larry Stiering, San Francisco, 388.

**Quarterback**—Irvine Warburton, Southern California, 631; Tommy Finn, Chicago, 498; Miller Munjas, Pittsburgh, 446; George Putter, Northwestern, 423.

**Halfbacks**—Francis (Pug) Lund, Minnesota, 882; Duane Purvis, Purdue, 838; Millard (Dixie) Howard, Alabama, 686; Bill Shepherd, Western Maryland, 571.

**Fullbacks**—Stan Kostka, Minnesota, 1,037; Izzy Weinstein, Pittsburgh, 916; Paul Sulcosky, Washington, 743; Inky Wotkyns, Southern California, 497.

## 8 Women Play In Golf Match

Eight Pampa women took part in the Ladies' Day golf match over the Country club course yesterday morning with Mrs. Art Swanson, Mrs. C. Lueders, and Mrs. Del Love taking prizes of golf balls. Play for women will be at 8 o'clock every Monday morning. Pampa women are invited to join the players and swell the number of contestants.

Mrs. Clyde Fathereed toured the front nine holes in 40 strokes to set a record for that distance. Mrs. Love set a new course record for women by carding an 82 for 18 holes.

Players included Mrs. Swanson, Mrs. E. W. Vogt, Mrs. Jack Goldston, Mrs. Charlie Thut, Mrs. Phyllis, Mrs. Lueders, Mrs. Love, and Miss Virginia Faulkner.

Just as you marvel at the SPEED of a roadrunner (the bird) you'll THRILL at the POWER of Road Runner (the gasoline).

## How do you CHOOSE?

Every time you make a purchase you make a choice. Buying a certain product may be so much a matter of habit that you don't realize you are choosing. But the fact remains that in accepting one brand of goods you are always rejecting others; and the satisfaction you get from what you buy depends on the knowledge of quality and values that guides your selection.

How do you know which bed-sheets, or which roofing material, or which radio will give you service you require? You can't personally test everything you buy and compare it with all the other products in its class. But there is a way to find out which brand fits your needs.

The people who are most successful in their buying—who achieve the highest percentage of satisfaction from the things they own and use—are those who consistently read the advertising columns, and buy consistently advertised goods.

Choosing isn't just "guessing when you follow the guidance of the advertisements.

**You Can Depend on Advertised Goods. It Pays To Read the Advertisements.**

### Mrs. Waley Aided In Snatch, Says Federal Lawyer

TACOMA, Wash., July 9 (AP)—Owen P. Hughes, U. S. attorney, today opened the Lindbergh kidnap case against Margaret Thulin Waley with a statement that the government will prove the 19-year-old housewife was in the George Weyerhaeuser kidnap plot from its inception.

To Federal Judge E. E. Cushman and the jury selected last Friday, Hughes outlined the prosecution case from the time, he said, Mrs. Waley's 24-year-old husband, Harmon and William Mahan, fugitive third member of the alleged plot, started planning the snatch in Salt Lake City last March until June 9 when Mahan abandoned an automobile and \$15,000 of the \$200,000 ransom paid for the 9-year-old lumber heir.

Outstanding in his statement were allegations regarding how the lad, kidnapped May 24, was held in holes, chained to a tree, hidden in a Spokane house and carted around the country in a box in the back of an automobile.

His statement was the first detailed outline of how department of justice agents say George's father paid the ransom demanded for his son's release unharmed.

### COURT RECORD

Gray county commissioners today began consideration of oil tax values, assisted by Thos. Y. Pickett of Dallas, special assessor.

Oil company tax men were examining county rolls and insisting on uniform levies of oil and other properties for county purposes. Most of the week will be needed for the hearings.

Yesterday the commissioners called elections in the McLean and Back communities for July 30, when consolidation of the school districts will be considered.

Another election date of which had not been set this morning, will be held in the McLean precinct on whether sale of 3.2 beer shall be prohibited.

Judge C. E. Cary is calling the elections as required by law when petitions are presented to the court.

Arguments were to begin this afternoon in the compensation suit of Geo. H. Sanders against the Southern Underwriters. The judge's charge to the jury was completed this morning.

Filed: First National bank vs. Benetta Overlie and J. M. Dodson, notes.

### ICKES

(Continued from page 1)

tion and said he had expressed his views in a letter to Chairman Tydings (D., Md.). He renewed his protests against the committee's refusal to permit him to cross-examine witnesses.

Referring to Judge Wilson, a former member of congress from Mississippi, the interior secretary, under whose department the Virgin Islands are administered, said he had felt for a long time that Wilson should be dismissed, that he could be removed at the pleasure of the attorney general.

Ickes declined to say whether he had taken his protests to President Roosevelt or Attorney General Cummings.

Recalling the Leonard Macintosh case, which was cited by Judge Wilson yesterday, Ickes renewed his assertion that Wilson had acted "as prosecutor, judge, and jury."

"His justification," he added, "was that it was permitted under the Danish code, but that is utterly aberrant to the ideals of Anglo-Saxon jurisprudence."

Secretary Ickes complained that Judge Wilson had fined the government prosecuting attorney "because he didn't appear in a case that wasn't on the docket," and added: "Wilson was always haranguing the mob from the bench. He allowed a gentleman from Harlem, Casper Holstein, to make a speech."

Reverting to the conduct of the senate inquiry, he asserted that if the committee "wants to bring out the facts they should allow him to cross-examine witnesses."

"The hearing ought to bring forth just a few facts," he said grimly. "The only witnesses have been those I have discharged for inefficiency, incompetence, and disloyalty. Mr. (Charles) Gibson and Mr. (Paul) Yates."

Meanwhile, Yates, a former newspaperman who was ousted as Gov. Pearson's administrative assistant, continued his testimony before the committee with a charge that Pearson tried to "buy up the press and control public opinion in the islands and in the United States."

Yates at one point quoted the 64-year-old governor as saying "I'm not averse to buying a man off if it can be done discreetly."

NEW YORK, July 9 (AP)—Anch Hoffman, manager for Max Baer, announced today the former heavyweight boxing champion would enter John Hopkins hospital Friday for examination of his injured right hand and probably an operation on it.

### MARKET BRIEFS

NEW YORK, July 9 (AP)—The long lagging rally and scattered specialties were the bright spots in today's stock market. The carriers, while not holding their extreme gains of around a point or so, finished with moderate advances. Profit taking halted some of the recent favorites. The close was steady. Transfers approximated 1,300,000 shares.

NEW ORLEANS COTTON

NEW ORLEANS, July 9 (AP)—Buying by commission houses, based on the strength of outside markets, brought prices up from 50 to 75 cents a bale during the morning.

The present scarcity of contracts has created a situation where but a few orders are needed to advance prices.

July came back and crossed the 12-cent level, selling at 12.10 on the advance, while Oct. at 11.71, Dec. at 11.70 and Jan at 11.68 shared in the upturn.

Very high temperatures were the feature of weather advices today with temperatures of 100, 102 and, in one case, 106 being reported. There was little rain over the belt and in most areas climatic conditions were said to be ideal for the growing plants.

### POWER ROW

(Continued from page 1)

for mandatory abolition of holding companies but would not vote for it. Corcoran said Brewster asked if he thought it would be all right "if I just ducked back to the hotel and did not vote."

"You're a liar," Brewster shouted from his seat, farther down the committee table.

While Chairman O'Connor banged his gavel and admonished the witnesses against such outbursts, Corcoran dismissed Brewster's heated assertion with a shake of his head and continued:

"I told him to go on in and vote, for I couldn't think any worse of him."

Brewster said Corcoran had threatened to stop work on the project in the present of Dr. Ernest Gruening, director of the interior department's territories division. He said Gruening also had urged him to support President Roosevelt.

In a prepared statement, Corcoran set out "a summary of my entire relationship with Mr. Brewster."

Here is Corcoran's account of the disputed conversation:

"I therefore said to Mr. Brewster in effect, if your peculiar critical position is so delicate as you say, I want to make it clear that I am not accusing you of running out but that it is best that you and I be brutally frank now to avoid personal misunderstanding as to our relations on 'quoddy' in the future."

"If, as you say, you are not a free man politically and must take power company support into your calculations, then you'll understand perfectly from now on you can't expect me to trust you to protect 'quoddy' or trust your assurances that we'll get that Maine power authority out of the Maine legislature."

Mr. Brewster said he wanted to see me and that he was making arrangements to see Dr. Ernest Gruening. I told Mr. Brewster that I would prefer to see him at the same time that he saw Dr. Gruening so that the conversation could be "three cornered."

Talking alternately to Dr. Gruening and to me, Mr. Brewster arranged an appointment with both of us for 1:45 in statutory hall in the capital. The vote was to come between 2 and 2:30. I met Dr. Gruening in statutory hall at 1:40.

### Defense Plea Is Disputed in Trial

DENTON, July 9 (AP)—State's testimony in the slaying trial of C. W. Roberts, Wise county farmer, started today as Jennings Brown, assistant county attorney, testified to going to the Roberts' farm on May 14, 1929, when the defendant's wife was killed by a shotgun discharge.

He recounted the defendant's statements at the time. Roberts contended his wife was accidentally slain when he stumbled and fell as the couple and their 5-year-old son hunted squirrels.

He also told of examining the creek scene of the woman's death, and he found no footprints on the spot Roberts said he fell.

IT'S STILL WARM

The thermometer stood at 102 1/2 degrees in the shade at mid-afternoon today. The sky was almost cloudless. There was a slight south-west wind.

HOUSTON, July 9 (AP)—A fifty-five thousand barrel tank of petroleum was afire this afternoon at the Eastern States Petroleum company refinery in the ship channel area. Most of the city's fire fighting equipment was on the job, trying to prevent the flames from spreading to the rest of the refinery.

### Scanning New Books

By MRS. JAMES TODD, JR., Librarian

TIME OUT OF MIND, by Rachel Field.

In "Time Out of Mind" Rachel Field has done a new kind of Maine novel—her story is of the coast itself, and begins at the time of the dwindling of the shipping trade. The story is of Major Fortune and his children, an unusual novel and shows the strength and perseverance of these people in the face of tremendous odds.

THE MAN WHO HAD EVERYTHING, by Louis Bromfield.

"The Man Who Had Everything" is a symbol of a problem confronting many men who have succeeded financially, but have no peace of soul in the end. It is the story of his search for a meaning in life. Many men will recognize themselves and many women will recognize their husbands in this book.

GRANDSONS, by Louis Adamic.

This is the story of two brothers, Peter and Andy Gale, and their cousin Jack, three young Americans of today. Peter Gale is the central figure in the narrative. He went to college, fought in the war, was wounded, became a newspaper man, was a poet and a dreamer. All are looking for their place in America. All who have read after Louis Adamic will enjoy this new book.

YOUNG RENNY, by Maço-De-La-Roche.

The clock turns back and here are the Whiteoaks twenty years younger than we have seen them, with Grant, that beloved tyrant, again in the circle. This is the fifth novel of the Jalna series, if you have read the previous series you will not want to miss this book.

GIVE ME DEATH, by Isabel Briggs Myers.

The Darrells were an honorable house, had southern pride, a staid name, wealth, love, everything to live for—yet one after one they chose death by their own hands. If you are a mystery fan you will enjoy this novel.

CRIMSON ICE, by Cortland Fitzsimmons.

Mr. Brewster was late. He arrived two minutes of 2. The vote occurred at 2:10.

"Mr. Brewster then made it clear to Dr. Gruening and me that he was not only not going to speak for the substitution of the senate sections but that he was not going to vote for them. This was the first indication I had had that he would not vote for the amendment."

"Dr. Gruening argued with him while I stood by saying nothing."

Dr. Gruening's argument in substance was that to refuse to vote for the senate amendments would run contrary not only to the specific expectations Mr. Brewster had given as to his action on the bill but was directly contrary to what Mr. Brewster had always agreed upon with Dr. Gruening as fundamental philosophy on the power issue."

Meanwhile, a declaration that the burden of administration of the utility bill as it passed the house would be "simply staggering" was made in a letter from Chairman Joseph P. Kennedy of the securities and exchange commission read to the senate.

It was offered during debate on whether to agree with the house action in eliminating the provision desired by President Roosevelt for mandatory elimination of holding companies considered "unnecessary."

The Kennedy letter was read by Senator Wheeler (D-Mont), in charge of the bill in the senate, as he arose to reply to an attack made upon his own views by Senator Dieterich (D-Ill.), a foe of abolition.

Kennedy emphasized that his views were entirely "personal."

The letter, sent in reply to a request from Wheeler for his views, declared the bill as it passed the senate with a definite provision for elimination of all but one holding company for each geographically integrated system could be administered with "reasonable efficiency."

"But the burden cast upon us by the house bill," the chairman added, "is simply staggering."

PAROLE A SCANDAL

ATLANTIC CITY, N. J., July 9 (AP)—J. Edgar Hoover, director of the federal bureau of investigation, said today that parole practice in America "approaches a national scandal." Speaking before the International Association of Chiefs of Police, Hoover called the millions of dollars spent for crime detection "a mockery" because of "easy paroles."

Death strikes with the speed of the flash of skates on ice in this mystery of murder in the sports world. From the moment Gaston Lemaire falls on the ice never to rise again, fate plays a weird part in the life of Dick Bowers. One of the strangest murders that ever baffled a detective.

FEBRUARY HILL, by Victoria Lincoln.

"February Hill" a story as wildly funny as it is tragic, a tasty hour d'oeuvre of satire for the mature intelligence. The family in this book is without benefit of case work—grandma, bewigged, be-rouged and wearing ten cent earrings, always

happy; Virgil, (Pa)—out of Maine into Harvard—gin soaked, "born to be licked" Mina, (Ma)—hearty, vital, the life of shady parties, realistic but very tender hearted; the children Amy, Dottie, Joel-Jenny. All social workers should read this book.

A FEW FOOLISH ONES, by Gladys Hasty Carroll.

This story is laid in southern Maine from 1870-1930. It centers about Gus Braddon and his family. Gus the woodsman who wrenches every dollar he can from his wooded lands and the soil. As the death summons come, he calls his daughter to his bedroom door and tells her not to spend much on his burial, just place him in a plain white box.
