Bitter Fighting Raging On Madagascar Between British And French

Allies Beat Japanese To Punch By Hair

Island Commands Sea Lanes To India, China

By ROGER D. GREENE
Associated Press War Editor
Bitter fighting was reported raging today on the north end of 1,000-mile-long French Madagascar, the world's fourth largest island, as British sea-borne forces attacked the Diego Suarez naval base after a surprise landing.

France's 86-year-old Chief of State Petain and Admiral Darlan, anti-British chief of French armed forces, were reported to have sent a message to the commander in chief at Madagascar urging the troops to "resist attack and defend the honor of the French flag."

London military quarters said the British, striking to forestall a threatened Axis attempt to seize the strategic territory, had captured a French battery.

A German broadcast said there had been French casualties and that fighting continued more than 36 hours after British troops landed early yesterday at Courrier bay, 10 miles across the isthmus from Diego Suarez.

The broadcast said it was not yet known whether the British landing operations had succeeded, and added: "The French government may be expected to react most sharply. Its military effect probably will become manifest during the course of the day."

There was no immediate indication whether Japanese naval units, the nearest Axis striking force, were en route to dispute the British coup.

A Japanese armada of three battleships, several aircraft carriers, and flotillas of destroyers as well as cruisers was recently reported operating in the Bay of Bengal.

German dispatches said British naval and air forces first appeared off Diego Suarez yesterday and that Gov. Gen. Andre Laval rejected a seven-hour ultimatum. The British attack then started.

British military quarters said the landing was executed about 3 a. m.

Use Of All Iron And Steel Banned

WASHINGTON, May 5 (AP)—The iron and steel that go into the production of peaceful and pleasure living today were ordered poured into the crucibles of war.

General conservation order M-126, the most sweeping yet issued by the War Production Board, directs thousands of manufacturing plants to stop within 90 days all use of the metals needed for guns and planes and tanks and bullets.

Manufacturers of more than 400 common products in every day use were affected, along with thousands of wholesalers, distributors, jobbers, retailers, and their employees.

RAF Bombs Great Skoda Arms Works

(By The Associated Press)
Marshal Semon Timoshenko's Red armies were reported hammering at three key German bases in the Ukraine today, attacking in the vicinities of Kursk, Kharkov and Taganrog, while in the north the defenders of Leningrad strove desperately to break the Nazi siege ring.

Timoshenko's huge scale assaults on a 400-mile front, ranging from the sea of Azov half way to Moscow, coincided with a special message he sent yesterday to residents of the German-occupied Ukraine: "The Red army is on its way to liberate you."

Other European war developments: British warplanes heavily bombed the great Skoda Armament works at Pilsen in Nazi-occupied former Czechoslovakia before dawn today, dropped flares and leaflets over Vichy, capital of unoccupied France, and attacked the R.A.F. founded city of Stuttgart in southwest Germany.

Stuttgart (pop 500,000) is the reported headquarters of the Bosch Electrical works, the Daimler and Benz Airplane engine factories, and other vital military targets.

German planes also flew over Clermont-Ferrand 30 miles from Vichy. Other R.A.F. planes, carrying out a widespread series of night attacks, pounded the docks at Nantes, France, and bomber shipping off the coast of Holland and Norway.

German night raiders struck back with a 30-plane attack on the English south coast, dropping incendiaries and high-explosive bombs on Cowes and Eastbourne.

Work Resumed On Cuyler Underpass

Work on the Cuyler street underpass, shut down for nearly five months because of inability to secure steel, started yesterday when word was received that several car loads of material had been shipped from Dallas. Although no list of the material enroute had been received up to today, it was believed that it was the stringers in which tracks will be laid.

Inability to secure the stringers was what has delayed work and upon their arrival nothing but bad weather should stop early completion of the job. As soon as the stringers, ties, and rails have been installed, trains will be able to use the main line tracks and excavation of the south approach to the underpass can be started. The north approach was completed last fall.

Kid-Glove Policy With Vichy Dropped

By EDWIN STOUT
WASHINGTON, May 5 (AP)—British warships and troops held Madagascar today and American forces were pledged to fight any Axis attempt to grab the great French island which the Japanese apparently had hoped to wrest from the weak and possibly willing hands of Vichy.

The coup by which a British land and sea force took over protection of Madagascar was announced in Washington and London last night. Dropping its kid-glove policy in dealing with Vichy, the United States warned bluntly that if pro-Nazi Pierre Laval's government permitted a warlike act against the occupying forces, it would be an act of war against the United Nations.

The British move thwarted any Japanese plans to seize Madagascar, either by force or by a "protective" occupation.

Madagascar guards the United Nations' sea lanes to the Middle East, India, and China. Japanese possession of the island would have made the defense of India extremely hazardous and might even have afforded a foothold for an assault on Africa itself.

A late British communique said a landing had been made at Courrier bay under the protection of naval aircraft and that the British force. See KID-GLOVE, Page 3

War Material Will Be Built Near Pampa

Unemployment Slack Expected To Tighten Up
Cabot Shops, Inc., today announced that it had received through the Ordnance Department of the United States Army a substantial contract for gun tube forgings at its Pampa plant. Construction of an entirely new plant to handle this job will commence very shortly. Material and equipment are now being assembled. It is contemplated that deliveries of the finished product may start as early as September 1st of this year.

Officials of the company have not yet decided on the plant location. It is their intention to building adjoining the site of the present shops on the Heltholt farm west of Pampa, provided title difficulties incidental to the Heltholt estate administration may be cleared up. An option has been secured on one other suitable location and another offer of a free site has been received, both of which are under consideration. None of these potential sites is more than five miles from Pampa.

Hitler Reported Having Trouble With Generals

By ROBERT BUNELLE
LONDON, May 5 (AP)—A group of Adolf Hitler's generals headed by Field Marshal Walther Von Brauchitsch was reported today to have told the fuhrer bluntly that if his 1942 campaign in Russia fails, they will try to institute for Germany an alternate plan of their own calling for "abolition of the Nazi system."

A responsible source with unusually reliable information about conditions inside Germany said Hitler had accepted this challenge calmly and appointed Von Brauchitsch a member of the supreme command.

Hitler relieved Von Brauchitsch as commander in chief last Dec. 21 and announced that he himself, relying on his "intuition," had assumed direct command of his armies.

The source said the incident might be interpreted in two ways: (1) That Hitler was confident of victory but needed the help of his former commander-in-chief and Von Brauchitsch's friends had hoped his appointment would win over critics; (2) That he was beginning to recognize his weakness and was seeking compromises.

Von Brauchitsch was one of the strongest opponents of Hitler's plan for holding the forward positions in Russia through the winter and counseled a fall back from Moscow long before Hitler agreed.

U. S. Gunboat Sunk In Corregidor Raid

WASHINGTON, May 5 (AP)—United States defenders of Corregidor were holding out today against relentless Japanese bombing and shelling, and a new Japanese landing on the southern island of Mindanao was being resisted stubbornly.

The war department communique late yesterday said that during the day General Wainwright's forces defending the island forts still in American hands at the entrance to Manila bay were bombarded for five hours by Japanese artillery, including many 240-mm or 9-inch guns.

There were 13 separate air attacks on Corregidor for the third consecutive day.

Landings on Mindanao were made from four transports and were believed to be aimed at seizure of remaining airfields such as those used by American bombers from Australia last month in raids on the Manila area.

WAR BULLETINS

NEW DELHI, May 5 (AP)—Huge United States bombers drove through a heavy thunderstorm early today and attacked a major Japanese air base just north of Rangoon where 70 enemy aircraft had been sighted. The great multi-motored crafts of Major Gen. Lewis H. Brereton's command dodged a concentration of searchlights and ground fire to drop 250- and 500-pound bombs which caused many fires and large explosions at Mingaladon air-drome, a communique said.

Japs Continue To Drive Up Burma Road

CHUNGKING, May 5 (AP)—Japanese troops invaded China's Yunnan province today after driving up the Burma road and crossing the shallow Wanting river, 670 miles from this capital, a military spokesman said.

Bitter fighting is in progress in the area around the border town of Wanting, still in Chinese hands, the spokesman reported.

He declared that destruction of the Chinese section of the Burma road, which winds through sheer mountains and gaping gorges, had not yet been necessary but that the Chinese would carry out their scorched earth policy if necessary.

(The Japanese claimed their air force already had carried the war to heavy raids on Yunnan province with a heavy raid on Yunchang, about 100 miles inside the province where the Burma road crosses the upper reaches of the great Mekong river. A dispatch to the Tokyo newspaper Asahi, indicating that an air base had been established there, said the raiders destroyed nine planes, seven of which were grounded. The dispatch added that the town had been left in flames.)

Thus in little less than two months, the Japanese invaders of Burma had driven 500 miles from the coast.

No Mail Delivered In Philippines Since December 8

WASHINGTON, May 5 (AP)—The war department disclosed today that no mail had been delivered to the American forces in the Philippines since Dec. 8, and virtually none had been received from the islands.

It was explained that because of the Japanese blockade, mail for soldiers in the Philippines was accumulated at ports of embarkation in the hope that sooner or later it would be possible to resume the postal service, but with the fall of Bataan it became evident that no deliveries could be made in the near future and the army decided to return the letters to the senders.

Burglar Scraps

SEATTLE, May 5 (AP)—Plucky, 12-year-old Ann Lindberg, alone at home, heard a night prowler. She got a flashlight and caught the intruder squarely in the beam as he was climbing in a window.

"Scram, Buddy, before I call the police," blurted Ann. The prowler scrambled.

Song And Dance Show To Benefit Cafeteria

Dedicated to the boys in service in the armed forces, a patriotic program, "Cotton for Defense," will be presented tonight at 8 o'clock in the Junior High school auditorium under the direction of Miss Frankie Lou Keehn. Sponsoring the production, which will benefit the school cafeteria, is the local Business and Professional Women's club.

New war songs, such as "Remember Pearl Harbor" and "Goodbye Mamma, I'm On My Way to Yokohama," will be dramatized in song and dance along with many other patriotic features on the program.

Outstanding vocalist and dancer is Mary Frances Demman, who will sing a medley of patriotic songs. "Bicycle Built for Two," dated in

AAUW To Sponsor Review Of "Dragon Seed" Tonight

Under the sponsorship of the American Association of University Women, Mrs. Hol Wagner will give a review of Pearl Buck's best-selling novel, "Dragon Seed," tonight at 8 o'clock in the city club rooms. The public is invited to attend the review. "Dragon Seed" is a story of the influence of the present war on a Chinese family from the time the Japanese invaded China in the summer of 1937 until the historic meeting of Roosevelt and Churchill at sea in 1941. Its author, Pearl Buck, is the only American woman ever to receive the Nobel prize for literature. Up till now critics have regarded "The Good Earth," Miss Buck's second book, which won the Pulitzer prize, as her best novel, but all agree that "Dragon Seed" is equally as fine. BUY VICTORY BONDS

Mrs. Heskew To Represent Auxiliary Group

Boal Allows Only 2 Hits In 4 Innings The Pampa Oilers got an 11 run lead on the Berger Gassers here last night and then blew them out, finally taking a 14 to 12 victory. Tonight, at Road Runner park here, the Oilers and Gassers will battle again with Manager Hugh Williamson of the Gassers sending Jennings, veteran righthander, to the mound against either Wilfred Under, released by the Gassers, or John Cornett, Pampa high school senior. Game time will be 7:30 o'clock.

Joe Isaacs and Dick Ratliff had a field day at the plate last night. Isaacs bagging two home runs and Ratliff slapping out three singles, each having a perfect night. Bob Bailey and Marshall Brown weren't far behind.

Isaacs and Ratliff, Brown bagging a single, double and triple on four trips to the plate with Bailey smacking three singles on his four times at bat.

The Oilers came up with a new pitcher, George Boal from California, and he was mighty impressive for four innings. Then the altitude got him and he was banded all over the lot before Manager Ratliff decided to relieve him. When Boal finally made his way to the bench his knees were buckling. The bespectacled righthander allowed the Gassers only two hits in the first four innings. Then the Gassers got to him for a double and four singles in the fifth. He got past the sixth all right but in the seventh he lost all track of the plate and walked three batters away. Ratliff then walked a runner across and allowed a single before retiring the side. In the ninth two errors and two singles got him in trouble but two fly balls to the infield ended the Gasser rally.

Smith, a lefthander, started the ninth and walked three batters before he was relieved by Brown, who walked three of the first four batters to face him. Rhodes, a righthander, relieved and was greeted by Brown's double which cleared the bases. Boal got a walk to open the second inning, and after two were away, Bailey, catcher and Brown, singled in succession and two runs crossed the plate. Isaacs and Boal doubled off Rhodes in the second and that was the signal for Rhodes to head for the showers and old Buzz Rott, Williamson replacing Rott, third.

Ross thought the Oilers had reached the country in the fourth when Bailey and Ratliff singled in succession, Brown tripled, Summers singled and Isaacs doubled, five runs crossing the plate. Another

barrage fell in the fifth. Bailey singled but was out stealing. Ratliff singled and Brown walked. Jennings, catching for Summers who injured a knee sliding home in the previous inning, singled and Isaacs bagged his first triple to clean the bases. He died on third. That ended the Oiler scoring and their only other hit was a triple by Jennings in the eighth and he was thrown out at the plate on an easy roller to third.

Rookies Martin and Hart, who paced the Oiler attack on the road, didn't get a ball out of the infield. Buckel also went hitless.

Father and son were on the diamond at Road Runner park last night. The father was Kinch McClain, umpire, and the son was his son J. E. McClain, second baseman for the Gassers. Neither had a very good night.

President Ray McKernan of the Oilers is asking fans to try and get out to the games which start at 7:30 o'clock. It's early, he admits, but if games are not called until dark they won't be over before midnight in June, July and August.

Questions And Answers On Rentals

WASHINGTON, May 5 (AP)—Price Administrator Leon Henderson has ordered rents reduced and stabilized in 302 defense areas within 60 days.

The following questions and answers prepared by the Office of Price Administration explain the procedure, based on the March 1, 1942 date. In the other areas the proper date should be substituted: Q. I live in one of the defense areas designated by Mr. Henderson and my rent has increased since March 1, 1942, the maximum date which Mr. Henderson has just recommended for my area. How soon may I expect a cut in rent?

A. Under the emergency price control act the federal government can not order rents reduced for 60 days. During the waiting period, any reduction is up to your landlord or to state and local action.

Q. What will happen at the end of 60 days? A. If, at the end of 60 days, Mr. Henderson finds that his recommendations for the area have not been met, he can step in at any time and regulate rents.

Q. By what method will Mr. Henderson establish maximum rents? A. He will order all housing rents held to the rents in effect on a specified date. That date is the "maximum-rent date." As a general principle the rent for any house can be no more than the rent for that house on the maximum-rent date.

Q. My rent was raised from \$32 to \$40 a month on April 1, 1942. Suppose that Mr. Henderson after the 60-day waiting period, orders rents held at the March 1, 1942, level, will I receive a refund? A. No, you will receive no refund.

Q. But after the 60-day period and after the price administrator has issued regulations for your area, will you pay only \$32? A. No, you will pay the new lease at \$40 a month, and the lease has 11 months to run. Must I still pay \$40? A. No, you will pay no more than \$32 regardless of any lease, sub-lease, agreement, contract or other obligation.

Q. If rents are pegged, how will the landlord meet any increase in his costs? A. The law requires the administrator to "make adjustments for such relevant factors as he may determine and deem to be of general applicability, including increases or decreases in property taxes and other costs."

Q. What happens to the landlord if he has made extensive and major alterations in his house since the maximum-rent date? A. Regulations will permit an adjustment in rents in exceptional cases and where there has been no attempt to evade the law.

Q. After the administrator has established maximum rents in a particular area, what control is there over services? A. Mr. Henderson has authority to regulate "all privileges, services, furnishings, furniture and facilities connected with the use or occupancy of rented living quarters. Effective rent control requires control of services as well as control of rent."

Q. What sort of housing accommodations does the rent-control law cover? A. Everything from a house to a trailer—including flats, apartments, tenements, single houses, duplex houses, boarding and rooming houses, hotel rooms, and tourist camps.

Q. Does the rent control law apply to federal housing projects? A. Yes, to all housing accommodations in a defense-rental area, whether owned or operated by individuals, corporations, or the government.

Q. Are stores and commercial buildings included? A. No, the rent control law applies only to dwelling accommodations.

Q. Just what is a "defense-rental area?" A. The administrator may declare any part of the country a "defense-rental area" whenever, in his judgment, "defense activities have resulted or threatened to result in an increase in rents for housing accommodations inconsistent with the purpose of this (emergency price control) act."

Crooks Sings For Wedding At Waco

WACO, May 5 (AP)—It was a bride's dream come true. When Miss Donna Booth Dawson was married yesterday to Roy Calvin Robertson, Jr., of Galveston, before 1,500 guests the nuptial music was sung by Richard Crooks, Metropolitan Opera tenor--no less.

Crooks happened to be here for a concert last night. The bride is the daughter of Dr. and Mrs. J. M. Dawson, prominent civic and religious leaders of the south.

Crooks decided to sing at the wedding when he learned the wedding time had been changed to 8 p. m. so that the bridal couple could hear him sing at 8:30 p. m. A spokesman for the tenor said he thought it only fair to return the favor.

Hiring Of Older Workers Advised

SAN ANTONIO, May 5 (AP)—President Roosevelt, by urging the hiring of older workers in his national employment week proclamation yesterday, has pointed the way to absorbing many of those in the only untapped reservoir of employable men and women on WPA projects in Texas. H. P. Drought, state administrator said today.

Thousands of younger men and women already have gone from WPA rolls to war production jobs through the administration's extensive war training program, he said, adding: "There are many capable middle-aged men and women on WPA rolls in Texas who can be of service in private industry," he emphasized.

Currently at work on WPA projects in Texas are 50,000 men and women and an additional 32,000 persons are eligible for such employment, he said.

McAllen Boy, 17 Youngest Veteran

SAN DIEGO, Calif., May 5 (AP)—At 16, Robert N. Ely of McAllen, Tex., became, perhaps, the youngest U. S. army veteran of the present war. Today, at 17, he's a rookie in the navy.

Ely volunteered for the army last August, giving his age as 18—the minimum for enlistment. He was sent to Hawaii, and saw action in the Pearl Harbor attack. On Christmas day army officials received a copy of his birth certificate.

He was commended for his patriotism, given an honorable discharge and sent home. There he became the nation's youngest member of the Veterans of Foreign Wars.

Ely waited until he reached his 17th birthday and promptly volunteered for the navy. Now he's starting all over again as a rookie at the naval training station here.

ST. LOUIS, May 5 (AP)—A pair of robins building their nest in shrubbery in Mrs. F. W. Duenckel's yard apparently didn't forget a thing.

Approaching the nest when it was finished Mrs. Duenckel saw the bird in the edge of a piece of paper on which was written: "Please leave an extra quart of milk."

A. The administrator may declare any part of the country a "defense-rental area" whenever, in his judgment, "defense activities have resulted or threatened to result in an increase in rents for housing accommodations inconsistent with the purpose of this (emergency price control) act."

Q. Are there teeth in the law? A. Yes, violations of administrative orders may be punished by maximum fees of \$5,000 or one year's imprisonment, or both.

Q. Are there remedies against a landlord who demands or receives rent in excess of the established maximum? A. Yes. In addition to the criminal penalties, the administrator may obtain a court order to prohibit an excessive charge, and, after August 1, 1942, the administrator or the tenant may sue for \$50 or triple the amount by which the rent exceeded the maximum, whichever amount is larger.

17,000 Sign Up For War Ration Books

More than 17,000 persons made applications in Gray county yesterday for war ration book 1—but James B. Massa, chairman of the Gray County Rationing board, still isn't satisfied because he wants to clean up the job of having every man, woman and child in the county registered for a book.

Locally, the city's elementary schools will remain open until 8 o'clock tonight to take applications, and from 3 p. m. to 7 p. m. tomorrow and Thursday.

Gray county went into its business of registering for war rations with a bang yesterday, and it was not necessary to dismiss schools here more than one day.

Amarillo is having to keep some of its schools open again today in order to speed up registration.

Chairman Massa this morning reiterated his admonition to have everyone register—and fast. "It's not going to do you any good to wait," he said. "It's something that has to be done so why not do it now? Your inventory of sugar on hand must be as of midnight, May 3, Sunday, whether or not you register today, tomorrow, or Thursday."

6,911 More To Register Keeping the "sugar bowl series" rolling yesterday forced the chairman of the rationing board to drive more than 100 miles, as he visited registration centers over the county.

With 17,000 applications already made, this leaves 6,911 more registrations due before the job is completed.

First four stamps in the ration books are for sugar, one pound of sugar per stamp. Sugar above six pounds a person is an excess amount.

"In other words," said Mr. Massa, "persons with excess amounts of sugar are to use their supply exactly as though they had been rationed. It's a share and share alike proposition."

Total number of applications made at the county's 14 registration centers yesterday was 12,952 books issued, 12,382. This was according to the report made at 4 p. m. This means that only 570 persons had excess sugar.

Carver, the negro school, was one of the registration centers. It was inadvertently omitted from a story yesterday listing the registration places. At Carver there were 300 applications and 300 books issued.

Other registration centers, applications and books issued, in order, as of the late afternoon report: Laketon 127-125; Back 85-84; Farrington 91-89; Grandview 300-300 (estimate); Hopkins 455-453; Webb 1106-110; LeFors 1,112-1,080 (later report gave total applications as 1,500); McLean 459-456; Alamo 2,418-2,418; Woodrow Wilson 2,049-1,996; Sam Houston 2,197-2,118; Horace Mann 2,405-2,359. The last four places named, like Carver, are Pampa schools.

Advice To Selectees AUSTIN, May 5 (AP)—Selective service registrants should await actual induction into the army before making final dispositions of financial and personal matters.

That's the advice of General J. Watt Page, state selective service director, who assures registrants they will be permitted ample time to return home and adjust such affairs shortly after induction.
