FDR Due To Lay Down Labor Policy

WASHINGTON, April 23 (AP)—Demands for a slowdown on the 40-hour week and wartime restrictions on labor activities presented in congress today, with strong likelihood they would be pressed regardless of how President Roosevelt deals with the subject in his message next week.

How widely-varied proposals for labor legislation pending on a half-dozen different fronts, belief strengthened on Capitol Hill that the chief executive, in his drive to stem the mounting cost of living, would:

1. Lay down a general war labor policy, but propose changes in statutes outlining labor's rights with the argument that industrial harmony and maximum production could be achieved best through cooperation.

2. Take steps to prevent blanket wage increases—possibly by issuing a directive order to the War Labor Board—but leave open the possibility of individual pay boosts and those made necessary by another rise in living costs.

3. Stand firmly against suspension of the 40-hour week, maintaining it is not now limiting work hours in war industries and that elimination of time-and-one-half pay after 40 hours would necessitate widespread upward adjustment of regular wages.

Rep. Vinson (D-Ga.), chairman of the House Naval committee, declared that "we'll wait and see what's in the message. If every thing that is in my bill isn't covered, then we'll go ahead and see what we can do."

The Georgian's measure, on which the naval committee is scheduled to act next week, would lift the work ceiling to 48 hours, freeze the status quo of unions, and limit profits on war contracts in excess of \$100,000 to \$6,000 plus eight per cent of cost.

Even more definitive was Rep. Howard Smith (D-Va.), author of a house-approved bill to prevent strikes in defense industry, who maintained flatly that the 40-hour week should be suspended by legislation.

Half Of Pupils Have Defective Teeth In Junior High School

Nearly one-half of the pupils in Pampa Junior High school have defective teeth, according to the report in the annual dental inspection of students at the school yesterday.

There were 1,000 pupils examined by local dentists. Sixty-eight with defective teeth totaled 475. This group of 1,000, however, does not represent the entire student body, which is 1,141.

A large group of students were absent from school yesterday due to their participation in the regional music competition at Amarillo.

No time has been set for the dental examination of the remaining junior high pupils, nor of the 587 high school students.

Miss Ursula McCarty, Pampa school nurse, said that examination of pupils in the city's ward schools, started three weeks ago, ended last week, showed that 52 per cent of the 1,430 students had defective teeth.

Dentists who made the examination yesterday were Drs. C. H. Schukley, H. H. Hicks, A. R. Sawyer, R. M. Johnson, W. L. Campbell.

Seven From Section Enlist In Navy

Three Pampa men and four others from this section were among the 34 men who left Amarillo yesterday to be inducted for service in various branches of the United States navy. Most of the men were assigned to the new construction corps.

Leader of the group was George C. Walstad of Pampa. Others from here were Robert E. Early and Emmett E. Edwards.

Others from this section included Homer A. Wright and Homer L. Cantrell, both of Panhandle; Robert O. Pettit of Skellytown, and Robert H. Holmes of Shamrock.

Navy recruiting officers will visit Pampa Monday. Six men were accepted last Monday.

Boy Swallows Worm To Buy War Stamp

KOKOMO, Ind., April 24 (AP)—Jefferson school is buzzing with the story of the boy who gulped with the story of the boy who gulped to help win the war.

War savings stamps were on sale and he hadn't the money to buy any.

Three other boys dared him to swallow a fishing worm. He said he would if they'd pay him a quarter, and they agreed.

The happy ending to the story is that he got a stamp.

I HEARD . . .

That Pete Nossent, pro at the Pampa Country club, called up President Del Beale and asked him if he couldn't do something about the weather. "I should have the grass seed for the new greens in the ground but can't get near them because of mud," Pete complained. Del said he'd set what he could do about the weather.

Ray McKernan, president of the Pampa baseball club, announcing at noon today that the Clovis ball club had gone home and that there'll be no game here tomorrow afternoon. Should the weather accidentally clear up and dry the playing field, the Pioneers will return for a game Sunday afternoon.

War Production Program Working Out 'Extremely Well,' Says FDR

AMARILLO FIRE WIPES OUT SHOPS—As thousands thronged Amarillo sidewalks local firemen struggled to prevent the spread of flames to nearby

buildings from the Craig building which was a total loss along with six shops and numerous offices housed in the structure.

Two firemen and a policeman were treated for minor injuries and several persons were rescued from offices.

Pilots To Take Test Flights

Five pilots from Pampa and one from Borger will take test flights here tomorrow preparatory to starting an intensive training course at the close of which they will become flight instructors in the Civilian Pilot Training program for the duration of the war.

The pilots who have signed to become flight instructors are Virgil Howell, Louis Tarpley, Johnniet Jett, W. C. Boatwright and Frank Hall, all of Pampa, and W. A. Harned of Borger.

Several other Pampa pilots have made application to take the course but they have not been approved by the CPT. Others from Borger have also made application.

"Four of our aircraft are missing," the air ministry said.

An instructor to conduct the required 72 hours of ground work and one to supervise the 60 hours of flight work, including five hours of night flying, have not been named.

Pilots who have a private license or higher rating and who have 160 logged hours in the air and can pass the rigid CAA commercial physical examination, are eligible to take the course. Registration headquarters will be at the airport tomorrow morning.

FDR Banters With Press On Bombing

WASHINGTON, April 24 (AP)—Banting with the press over Japanese reports of an American air raid on key Japanese cities last Saturday and word from Moscow that one of the participating planes had been interned in Russia, President Roosevelt continued today to withhold any confirmation from this government.

But he did say he had received an official communication from Moscow regarding the internment of a plane.

"The Russian announcement tends to confirm the Tokyo reports," a reporter remarked.

Smilingly, Mr. Roosevelt retorted that that did not require any answer because it was not put in the form of a question.

"That's the man!"

On their identification, police booked Eugene Levine, 30-year-old, six-foot owner of an auto-wrecking business on charges of assault, robbery and attempted rape. Acting Captain James Dowdell said Levine calmly insisted "I know I am sex crazy" and admitted he had attacked at least 88 women in the past four months.

For weeks 30 policewomen and 100 policemen, some dressed as women, had sought a man who followed a practice of trailing lone women into rooming apartment houses self-service elevators. In each instance he attacked the woman after stopping the elevator between floors and threatening her with a screwdriver.

One woman's tale that he had assault and drove away in a car bearing a "V-E Day Defense Bonds" plate led to the arrest of Levine yesterday in his home while his wife wailed "he couldn't have done anything wrong" and his 17-month-old daughter cried softly in her crib.

At the meeting, date of a similar school for the registrars for the consumer listing of May 5, will be set. It is planned to have a school at Pampa, LeFors, and McLean.

Hearty congratulations to you and your workers in filling the Navy Relief Society quota for Gray county and to the people of your county for their generous and quick response to this appeal. Each one of you who has contributed in any way to the success of the drive has the navy's deepest thanks as well as my personal appreciation for a job well done. Best regards,

Reds Interne U. S. Bomber And Its Crew

By EDDY GILMORE

KUROYASHI, April 24 (AP)—Russia announced today that a United States bomber which raided Japan last Saturday and apparently inflicted heavy damage, the London air ministry announced today, while Na's warplanes stepped up the tempo of their attacks on England.

Described as the home of the Heinkel aircraft works, Rostock is a shipbuilding center and a major base for German war supplies flowing to the Russian-Finnish front.

A British spokesman said the assault was "heavy and quite successful," with widespread flames sweeping the busy port as the last RAF bombers turned back.

"Four of our aircraft are missing," the air ministry said.

At home, Britons reacted enthusiastically to Lord Beaverbrook's speech in New York last night urging creation of a second front in western Europe.

"This is a chance to bring the war to an end here and now," the British lead-leader co-ordinator told American newspaper publishers.

"Strike out to help Russia. Strike out violently. Strike even recklessly."

London comment ranged from the man-in-the-street's jubilant "You tell 'em Beaver!" to more restrained remarks in informed military circles, and many observers interpreted the speech as symptomatic of a governmental change of heart toward the idea of a European front.

More than a dozen Britons were killed in German raids, with the Nazi dive-bombing an English south-east coast town at breakfast and pelting a working-class district with high explosives.

The United States consul general at Vladivostok, Angus Ward, was handling affairs for the Americans from that end.

On the Russian front, a Stockholm dispatch quoted a British spokesman as asserting that the German 16th army, trapped for many weeks in the bloody Stalingrad battle, had been interned in Russia.

But he did say he had received an official communication from Moscow regarding the internment of a plane.

"The Russian announcement tends to confirm the Tokyo reports," a reporter remarked.

Smilingly, Mr. Roosevelt retorted that that did not require any answer because it was not put in the form of a question.

Japs Still Puzzled Over Bomber Base

(By The Associated Press)

Japan, still puzzled about the "mystery base" from which U. S. bombers raided Tokyo six days ago, asserted today that Washington had not yet issued a communiqué because "it has no way of communicating with the American warplanes which attacked Japan."

A Japanese spokesman Tomokazu Hori, said this meant that none of the raiders had returned to their bases.

While Tokyo thus sought to draw information from Washington, Russia announced that one of the American bombers had made a forced landing on the Soviet Maritime province, facing the Sea of Japan, and had been interned with its crew in compliance with international law.

Russia's action appeared to be an already completed test of the year-old neutrality pact between Tokyo and Moscow, but U. S. embassy officials in Kuyibayev said Ambassador Admiral William H. Standley had been informed of the circumstances and had asked Washington for instructions.

Russia is still technically at peace with Japan, and Tokyo newspapers stressed that fact along with the hope that friendly relations between the two countries might be strengthened through "Russia's better understanding of the greater East Asia war."

"There is no reason why Japan and Russia should quarrel," said the newspaper Asahi.

Other Tokyo comment asserted that Britain and the United States have little chance to pit Russia against Japan.

Tokyo's nervousness over relations with Russia stems in part from the extreme vulnerability of Japan to bombing and submarine attacks based at the Soviet port of Vladivostok, only 680 miles across the Sea of Japan from Tokyo.

As long as Russia and Japan remain at peace, U. S. warplanes would be prohibited, legally, from using Vladivostok or other Soviet bases to attack Japan.

Other developments in the Far Pacific war:

Burma—Capture of three key cities by Japan's armies sharpened the crisis for British-Chinese forces today, but British military quarters said British troops falling back from Taungdwingyi had straightened the sagging Allied line "most skillfully."

These quarters said the retreat of Lieut.-Gen. Joseph W. Stilwell's hopelessly outnumbered Chinese troops from Taungdwingyi, 40 miles to the northwest of Mandalay, had compelled the British to withdraw from Taungdwingyi, 40 miles to the northwest.

Lokaw, capital of the Burma Karen-ni state, 65 miles southeast of Pyinmana, was the third key Allied city to fall to the invaders in the new all-out Japanese offensive.

Chinese headquarters said Japanese troops out-numbered the Chinese garrison at Lokaw by 10 to one.

Japanese forces, bolstered by fresh troops and commanding an overwhelming superiority in planes and tanks, were reported hurling all their strength into the battle in an attempt to break thru the Mandalay before the drenching Monsoon rains begin in South Central Burma.

Australia—Gen. Douglas MacArthur's headquarters asserted that Allied warplanes heavily bombed the Japanese base at Rabaul. New Britain, blasting barracks, warehouses and shipping and machine-gunning Japanese troops.

Enemy planes attacked scattered Port Moresby, Allied bases in Southern New Guinea, three times, the communiqué said.

Should This Go For Headline Writers?

YORK, Pa., April 24 (AP)—Members of a luncheon club composed of judges, attorneys and prominent business men have signed this pledge:

"I hereby agree whenever at the luncheon table in the coffee shop of the Yorktowne hotel, I mention the name Jap or German I will put at least the adjective 'damn' before each name."

"Failure to do this, I understand will cost me 25 cents. All proceeds will be turned over to the U. S. O."

One U. S. Plane Can Whip Three Japs, Says AVG Founder

By WILLIAM McGAFFIN

CAIRO, Egypt, April 24 (AP)—If the Allies can get one-third as many planes as the Japanese into action in vital theaters of the Pacific, they can knock them right out of the air and hamper if not destroy altogether their land advances," William D. Pawley, co-founder of the American volunteer group now fighting in Burma, declared today.

The feats of the AVG's "Flying Tigers" have demonstrated, Pawley asserted, that numerical superiority or even equality are not necessary to ground the Japanese air force.

What this little group has accomplished is a fair indication of what could be done, he added, if the Allies can get large numbers of planes on the scene quickly.

Pawley, who erected the first American airplane factories in China and India as founder-president of Intercontinental aviation, is en route to the United States. He expects to return to India.

From his own observations, Pawley declared the average Japanese fighter pilot was distinctly inferior to the American fliers and their Allies, though he said Japanese bombers—with four and one-half years of practice in China—were excellent.

He said he had not as yet seen any Japanese planes comparable to those turned out by

Milk Drinks Topic Of Discussion At Kingsmill HD Club

"Milk is known as one of the protective foods because of the vitamin and mineral content," Mrs. W. H. McBride pointed out in her talk on "Milk Drinks" at a recent meeting of Kingsmill Home Demonstration club in the home of Mrs. O. G. Smith.

"Milk is one of our best sources of calcium, a mineral necessary for bone and tooth development and health."

Whey punch was demonstrated by Mrs. Smith. The following recipe was used: 5 cups whey, 1 cup sugar, 1 cup shredded pineapple, and 2 lemons.

Boil the sugar and 1 cup whey together for five minutes; cook the mixture; add the remaining whey, the juice of the lemons and the shredded pineapple. Serve the punch with cracked ice or very cold.

Tomato juice cocktail, hot punch, and chocolate milk were demonstrated also and served to the members.

Mrs. D. L. Lunsford presided over the business session and a council report was given by Mrs. Smith. The club contributed to the cancer control fund.

Members attending were Mmes. C. F. Bastion, H. H. Heiskell, J. C. Payne, D. L. Lunsford, Chester Williams, Nat Lunsford, H. M. Proper, W. H. McBride, and the hostess.

AVG Mild Boys After Dogfights

By DANIEL DE LUCE

WITH THE AMERICAN VOLUNTEER GROUP IN BURMA, April 11. (Delayed)—(AP)—When the starry night sky blankets the Burma battleground over which their speedy planes will go hunting Japanese raiders in tomorrow's dawn patrol, the hard-hitting members of the American volunteer group turn into mild-mannered ex-college boys mothered by a plump dormitory manageress.

Mrs. Marion Davidson, widow of a U. S. Army major, and her khaki-clad brood slip into chintz-covered easy chairs in a spacious clubroom this Saturday night for a special get-together to celebrate the annihilation of a Japanese fighter squadron with no losses. They also are going to see movies flown in from Calcutta and have a pow-wow with granite-jawed Brig. Gen. Claire L. Chennault, the AVG's boss.

Twenty-first Century club will meet at 2:30 o'clock in the home of Mrs. Ivy Duncan. Civic Culture club will meet at 7:30 o'clock in the city club rooms with Mrs. W. G. Irving as hostess. Mrs. E. A. Shaeffer will be hostess to Varietea Study club will meet at 2:30 o'clock in the home of Mrs. Bob McCoy. Mrs. Charles Lamka will be hostess to G. C. K. Club will have a weekly meeting at 8 o'clock.

IT'S ALL YOUR FAULT

You wake up along about the last of the year to the fact that you aren't exactly brimming over with information. You can't even remember the titles of those books you didn't read. Edith's translations of your Latin are so much Greek. The only thing you can remember about those times you rushed through chemistry experiments is the odor of hydrogen sulfide (how could you forget?). In fact everybody seems to have gotten more out of your studying than you have. Whose fault is that? It's pretty late but there is still time to fix things and after some of those report cards Wednesday it looks as though some young lads and lasses had better start fixing. Hours of studying each week, and I do mean studying instead of mooning over someone's beautiful eyes, might turn the trick. It's a cinch no one is going to take your finals for you, and information crammed into the head the night before exams flies fast. D. J. C.

Rain Postpones Track Events For Second Time

Ten From Pampa Enter Regional

Rain halted the district meet held at Shamrock Thursday. Boys were chosen from each school to enter in the regional meet at Canyon today.

Part of the preliminaries were completed when the meet was begun Saturday but rain forced postponement until Tuesday. The weather Tuesday, however, proved to be bad also and it was decided that the meet would be completed yesterday. Rain again interfered, causing the officials to select boys from each school that qualified.

Condition of the track at Canyon is not now known, but it may also be muddy.

Boys eligible to make the trip to Canyon and the events which they originally entered in are:

Leslie Burge—120 yard high hurdles, 200 yard low hurdles, and high jump.

Frank Shotwell—mile run.

Leonard Hollis—120 yard high hurdles, 200 yard low hurdles, and 440 yard relay.

Floyd Allen—880 yard dash and mile relay.

Don Meador—220 yard dash, 440 yard relay, and mile relay.

Richard Dodson—440 yard dash and mile relay.

Kenneth Lard—440 yard dash, mile relay, and broad jump.

Pat Flanagan—shot-put, discus, and high jump.

Charles Boyles—shot-put and discus.

Basil Arnold—discus and pole vault.

Read All This Story, Then File Complaints

People! Fooy! They are just big bags of balloons on wheels with no more respect for the laws of nature than a river. They are noisy, destructive, and hateful.

All they do is try to kill us. The only thing they are good for is to eat!

They fly and float on big boats and transport us all over the world, but we get back at them. Some of our race are very helpful to humans, but we work against this fifth column and hope to kill them out some day. Then the world will be ours.

Can this be a little germ blowing off all this steam? Could be.

Fourteen To Compete In Regional At Canyon

Senior Picnic Is To Be Friday, May 8, At Lake

Barbecue Dinner To Be Featured

All graduating seniors will take a holiday from school Friday, May 8, when they will go to Lake McClellan for an all-day picnic. Mrs. H. Alexander, class sponsor, has disclosed.

Special features of the picnic will be a sunrise breakfast, barbecue, dinner, and a theater party in the evening. During the day, recreation directed by B. G. Gordon, senior sponsor, will be handball, volleyball, and dancing. If life gets too hot the students may swim, Mrs. Alexander said.

The menu for the sunrise breakfast included bacon, jelly, scrambled eggs, fresh fruit, toasted buns, coffee, and doughnuts. The dinner menu will consist of barbecue, barbecue sauce, beans, potato salad, ice cream, lemonade, and pop. The members of the refreshment committee are A. L. Steele, Miss Margaret Jones, Mrs. Russell Holloway, and Mrs. G. H. Alexander, senior sponsor.

Andy Smith, George Glasscock, and Jack Morris will go to the lake earlier than the other students to prepare the fire and the barbecue pit.

The privilege of having this picnic was given the students because they had been to the Caribbean trip, a trip which was discontinued this year because of the inability of the school to get tires for the school buses if they are used for purposes other than the necessary transportation of students to and from school.

Individual costs to the picnic will be announced later, Mrs. Alexander revealed.

Miss Bruce's Home Room Boasts Many Leaders Of School

Take a heavy spring fever, add a dash of warm weather, throw in a bunch of students, garnish with food, and let alone for a period of time. What recipe? Only that of the sophomore picnic which will be held May 1.

The place is, as yet, not decided upon, Miss Louise Warren, sophomore class sponsor, said Thursday.

The plans for the picnic were made by the class officers at a recent meeting.

Sophomore officers are Jerry Alexander, president; Charles Boyles, vice-president; and Janice Wheatley, secretary and treasurer. Considering the picnic will be Misses Louise Warren, Anne Louise Jones, and Margaret Tomberlin. Mesdames, Joe Fischer and J. B. Austin, and Oscar Hinger, Phil Gruber, and Mac Best.

"Another meeting of the class officers will be held soon to complete plans for the picnic," Miss Warren said.

Story Of MacArthur Arrives In Library

An authentic life of General Douglas MacArthur, gallant American in Australia is now on the library shelves. The book, "General Douglas MacArthur, Fighter for Freedom," is by Francis Trevelyan Miller with an introduction by Lowell Thomas.

This up-to-the-minute book describes MacArthur's family life as well as his former campaigns in the Philippines. It tells of Arthur MacArthur's equally brilliant career in the Sino-Japanese war. The book includes a chapter on the long defense of Bataan and the Philippines.

Another meeting of the class officers will be held soon to complete plans for the picnic," Miss Warren said.

Latest "Hair-Do"

Survey Shows Boys Also Have Styles

By EVELYN KIDWELL

"Oh, dear, how SHALL I do it?" the feminine members of Pampa High school wall in their effort to be too utterly, utterly charming different and attractive.

But the male element that pervades Pampa High school's halls, also has its problems when it comes to arrangement of the "crowning glory." A few of the prevailing styles of boys' hair do's are the middle part, the side part and the pompadour or the "plastered down" effect. Several wear their hair in perfect waves, exemplified by Alvin Ross, sophomore.

Other members of 107 are Elizabeth Roberts, one of the two junior class annual representatives, member of Quill and Scroll, Mary Gurney, and Anne James, president of the Future Homemakers, Little Harvester staff, and a member of the Quill and Scroll. All are National Honor society members. Another F.H.T. member is Colleen O'Grady, reporter of the Pampa chapter and area, president of Quill and Scroll, and business manager of the Little Harvester. Another of the Little Harvester staff is Scott Rafferty, sports editor. Cheery additions to the room are Betty Lee Thomas, homeroom secretary, Norma Lux, program chairman, Ottis Davis, Hi-Y member, Ava Chesser, interscholastic league shorthand, LaVerne Covington and Minnie Bell Williams, both in the a cappella choir.

College Catalogs Available, Says Herod

Catalogs from Texas University, Texas A. & M., Baylor, Southern Methodist university, and other large schools are available for student use, Tom Herod, assistant principal, announced today.

Service and comfort will be emphasized with tailored or soft costumes and convenient pockets styled in a fashion for long wear. Mrs. Sanford thinks that the determination of each girl and woman to do her part for the United States is the major reason (Dorothy Holingshead) for 1942 designs. Costumes of a long wearing nature are fit for work and dress.

Choose Practical Clothes, Teacher Advises

This is a season for new clothes—a season for choosing wise, practical, and economic clothes that will wear well and long.

Since women will take on new responsibilities at home and in the business world, it is necessary to have clothes that are roomy and comfortable for the kind of work at home, on the farm, or in the factory. They are made of chambray or denim.

"The clothes to be lived in" by most women not in uniform will be suits, suit dresses, two-piece dresses, and dress and jacket combinations.

Masculine Styles Change, Too

Men of America will also have a change in dress, says Mrs. Sanford. They will not, however, be dressed in sack cloth and ashes for the duration.

Course masculine styles will go through a few changes such as no cuffs on pants, no more patch pockets, no more pleats, slimmer overcoats and suits more conservatively cut. But, apart from this, they will be clothed in almost the same manner to which they have been accustomed.

According to statement issued by the Office for Emergency Management, suits and overcoats will be conservatively cut of softer fabrics. For the summer men will wear suits of cotton, gabardines, and seersuckers.

FRANTIC WEEKEND

BY EDMUND FANCOTT

THE STORY: Just after the weekend guests at Ferdy Lorton's Canadian country place learn that one of the party, Fay Hanson, is a famous Broadway musical singer, young Peggy Black sees the figure of a man in the moonlight. Her brother Michael, Nigel Monkhouse, is working in. He turns out to be Baldy Brien, Fay's manager, who has come to take her back. Ferdy and Nigel, and Peggy's older sister Myra are unconcerned. But Michael and Nigel are both in love with Fay. And Peggy has had her fill.

"I JUST RAN AWAY!"**CHAPTER IX****"YOU** must be very clever," said

Peggy admiringly, ignoring

Myra's questioning eye.

Baldy Brien almost purred and was just about to expand again but Peggy got in first.

"Would you be my manager?"

Baldy stared at her. "Listen, baby. I'm in the show business, not running a girl's school. Run away. When you get your name in neon same place I'll come and listen to you, but I'm in it for dough—dough for me, and dough for them that can make it. I ain't a charitable organization."

Peggy looked at him with infinite scorn. "Sucker!" she said. "And I swallowed your line. Why, you couldn't see talent if it was pushed down your throat!"

Baldy started, surprised at this sudden attack. Then he bristled. "You're right, dead right, and I can't see it now."

He turned to attack Fay again and looked around the room in surprise. Fay had gone, so had Ferdy, Michael and Nigel.

"Where are you staying?" asked Ferdy's aunt quietly, realizing it was already late and that there were no hotels within many miles.**"Thanks very much," said** Baldy. "That's kind of you, lady. I was going to take my forty in the back of the car, but if you insist, I gladly accept your invitation."**"I'm sure my nephew will enjoy you," said** Ferdy's aunt, after her first surprise at his self-invitation. "He has such strange ideas anyway, it will serve him right."

Baldy looked quickly at her but she was knitting placidly.

Out in the moonlight, incomparably peaceful in contrast with the recent minutes indoors, the three men and Fay were sitting on the wharf. One by one they had slipped out while Baldy was holding the floor and had wan-

dered down to the quay. The three men were smoking. "Now I know," said Ferdy suddenly. "Why you left New York."

"I wonder," said Fay. The moonlight cast soft shadows in the night. The air was warm. "Sometimes you do something suddenly and you don't care whether it is right or wrong. You only know that you must do it."

"But I don't understand it all," said Nigel slowly.

Fay laughed, a low soft laugh. A fish splashed somewhere out on the lake.

"Neither do I. It seems so quiet and peaceful here," after living in New York."

Michael interrupted. "But New York singing with a band like Johnny White's — you haven't given it up?"

Fay laughed. "I haven't exactly given it up. I just ran away."

"Ran away?" said Nigel.

"Yes. Baldy is right. I had everything a girl could want. Everything a million girls would give their eye teeth to get—and I ran away."

"You're going back?" asked Michael and there was a touch of wistfulness in his voice.

"I don't know." Fay's voice came slowly, and in the pause that followed the eyes of all three men rested on her.

ALL three were thinking the same thing—that here in the moonlight they wouldn't have minded staying silently for hours, just looking at her face as it was at that moment. It wore the lovely sadness of one who has seen every dream come true with a succession of miracles and then watched them all turn to dust and tinsel.

Then she shook her head and laughed lightly, throwing her thoughts away from her.

"Tell you. When I first began to be noticed it was wonderful, intoxicating. There was the applause, the praise—and money came easily. Then my agent told me the time had come to have a manager to build me up and he introduced me to Baldy Brien. He talked too much but he really is straight as they come, according to his lights."

"What happened then?" asked Nigel.

"First you have a manager, then you have a press agent. Then you have to compete with Hollywood in hair, face and dress. You have to be a glamor girl. That means a dresser, it means endless hours for fittings, hair dressing, massage, voice lessons. It all costs money, and the one that earns it has to pay.

Membership in the club will entitle the boys to attend all home baseball games this season for five cents federal tax. The boys will sit in a special grandstand down the third base line. Members of the Kiwanis club, headed by the Rev. E. W. Henshaw, will be in charge of the gang and will see that they live up to rules and regulations.

Only boys who can behave and obey rules need attend the meeting. The club is going to be run strictly according to rules and regulations this year which means that violation will mean loss of privileges.

The commission paid subsistence benefits to 83,482 persons last year.

Bond declared that classifications of workers hardest hit by the war effort to date were automobile salesmen and dealers' employees, tire salesmen and service station attendants.

300,000 Texans Available For War Plant Jobs

By RAY NEUMANN

AUSTIN, April 24 (P)—Texas has approximately 300,000 persons, possibly 255,000 of them jobless, available for work in war and other industries, James H. Bond, director of the U. S. Employment service, said today.

The director predicted, however, that this available worker supply may disappear entirely by October.

"The figure," he explained, "includes women, youths and older persons and a large portion of them will need training before they can be absorbed by industry. I believe that by the end of the year everyone who can work will be at work in Texas."

Bond made it clear he expected a tight farm labor market this season.

"Acres are larger and numbers of our migratory workers are being lost to the state through attractive offers from northern beet growers," he said. "Some 40,000 already have left for the beet fields. I think we will be able to distribute the remaining labor for the harvest—but it will be scarce."

Claude Williams, director of the Texas Unemployment Compensation commission, said benefits paid to jobless the first three months this year had decreased \$119,500 to a total of \$1,619,420, as compared to the first quarter of 1941.

"This indicates joblessness in Texas is decreasing," Williams commented. "Last year we paid out only \$5,585,505 in benefits to unemployed as compared to \$9,930,733 the year before."

The director asserted that Texas' jobless trust fund in the national industry, representing the accumu-

Carver School To Organize Softball Teams On Monday

Boys and girls of Carver negro school will meet Monday afternoon to organize softball teams. All boys and girls who desire to play softball are asked to be at the meeting.

The Carver boys team had an undefeated season last year, the highlight being two wins over Patton school of Amarillo.

Several members of last year's team will be available and a number of promising newcomers will report.

The Carver diamond is at the corner of Maple and Oklahoma streets across from the school.

Russia is technically neutral in the Pacific war, just as Japan is technically obliged to keep hands off the German-Russian struggle. Neutral nations are required to intern war parties which stray into their territory. To do otherwise would offend the opposing forces. Such internees are universally treated with courtesy.

(Washington) spokesmen have now confirmed official Japanese declarations that United States planes took part in the raids on Tokyo, Yokohama, Nagoya and Kobe Saturday. Silence was maintained also upon the Tass announcement.
