# 8 Or 9 Oil Shut-In Days In Panhandle To Be Removed PAMPA PARADE GETS NO. 1 NOTICE OVER STATE

## Ickes Orders Commission To Allow Oil

Culberson Opposes Suggestion Of Oil Coordinator

Removal of eight or nine of the current 18 shut-in days in the Panhandle will lead to increase daily output by approximately 27,500 barrels was decided upon yesterday by a majority of the Texas Railroad Commission. The decision was made on recommendation of the Office of Petroleum Coordinator as a war measure.

Earlier in the week Harold L. Ickes of the OPC recommended to the commission that the Panhandle allowable be increased because the oil was being used for the manufacture of high octane gasoline and lubricating oil for national defense.

AUSTIN, April 4 (AP)—Statewide oil production, growing more complex because of problems born of war production needs, will be raised April 20 when the railroad commission will hear testimony on which to base a production pattern for May.

Olin Culberson of the commission flatly rejected the proposal and later Jerry Sadler concurred stating that Panhandle oil was not suitable for the manufacture of high octane gasoline according to standards set up by the OPC.

Col. Ernest O. Thompson, other member of the commission, could not be reached for a statement until Friday. He immediately backed

See ICKES ORDERS, Page 7

## William Dudley Pelley Arrested

NEW HAVEN, Conn., April 4 (AP)—William Dudley Pelley, antisemitic publicist and advocate of totalitarianism for America, was arrested by FBI agents today on charges of sedition, waived examination and was held for trial in the U. S. district court at Indianapolis.

The grey-coated leader of the Silver Shirts, who left here this afternoon for the mid-western city in the custody of U. S. Marshal Bernard P. Fitch, was charged specifically under the espionage act of 1917 with distributing false statements intended to harm the United States and "promote the success of our enemies." If convicted, he faces a possible sentence of 20 years in prison, a fine of \$10,000, or both.

Pelley was arrested this morning at the Darien home of George B. Fisher, a self-described "old friend" who told the Dies committee in 1940 that he had contributed \$20,000 over a period of 18 months to the Silver Shirts. Four "very gentlemanly" FBI agents, said Fitch, routed them out of bed, notified Pelley he was under arrest and confiscated manuscripts and magazines in his possession.

At Indianapolis, U. S. District Attorney B. Howard Caughran asserted that Pelley, former editor of "The Galleani," recently suspended Indianapolis publication, was charged with three counts in the formal complaint.

The first alleged that he attempted to aid enemies of the United States through publication of "The Galleani," and the second and third that on two occasions he "knowingly and feloniously did attempt to cause insubordination, disloyalty, mutiny and refusal of duty in the military and naval forces of the United States." Before a house committee two years ago, Pelley expressed approval of Adolf Hitler's antisemitism. He testified that he probably would have been running the government then if his Silver Shirts had succeeded in enlisting sufficient support to wipe out what he called subversive elements.

## I HEARD . . .

That officials of the Pampa Baseball club are wondering if there is a sign painter in Pampa who is a strong enough fan to paint the name "Pampa Oilers" on the big bus purchased along with the franchise. The bus now has the name Lamson on the side. If there is such a fan who wants to do his bit for the team he should contact Ray McKernan or Jack Hanna.

It's smart and patriotic to be economical. IT IS ECONOMY to own a locker at Barrett's.—Adv.

### Hundreds Of Girls Wanted For Troops To Dance With

Wanted: Hundreds and hundreds of girls to dance with the soldiers in Pampa Monday night—girls from Miami, Canadian, McLean, Borger, LeFors, and Pampa.

That was the call that went forth today as Pampa prepared to welcome a thousand men from Camp Barkley, Abilene, coming here for the local observance of Army Day.

Any group, club, society, or organization of girls who wish to attend the dance are asked to call 2100, or the office of the city manager, 1180 any time tomorrow, giving the total number of girls from that organization that will attend.

Girls planning to go to the dance, which will be held in the 300 block on North Cuyler street, are to meet at 9 o'clock tomorrow night in the city club rooms.

Place of the dance will be the 300 block on North Cuyler, in case of rain, the Junior High school gymnasium.

Street clothes will be the proper attire for the girls.

Women, most of them mothers of men in the service, will act as leaders of the groups leaving from the city hall. Among those who have agreed to be leaders are Mrs. W. H. Davis, Mrs. R. B. Fagnans, Mrs. A. M. Nash.

After the girls arrive at the dance, the event will be under the supervision of the military police.

The committee arranging for the girls attending the dance is composed of Mrs. Jeff Bearden, Pauline Bruton, Jane Kerbow, Adalen Brazil, working under the direction of W. T. Fraser, one of the officials of the Army Day celebration.

Look at your Hat! Everyone else does! Roberts The Hat Man, Phone 430.—Adv.

## Entire Route Of Parade Expected To Be Jampacked

Capacity crowds on Ballard street will be in prospect tomorrow because there is where the parade will start. Everybody can't get on Cuyler street, that's a cinch, so huge crowds are expected on Ballard, Francis, Frost, Kingsmill and Gray streets.

All marshals who will line up the parade are asked to them by not later than one o'clock. These streets and entrances to the streets the parade will move over will be blocked.

People have been asked to remove their cars off Cuyler street from Central park to the depot. Two blocks on West Browning, one block on North Russell, two blocks on Frost, and two on North Somerville will be blocked by police.

Route of parade as announced by James Sturgeon and Ed Dunigan is: Ballard to the depot, Achison to Cuyler, Cuyler to Francis, Francis to Frost, Frost to Kingsmill, Kingsmill to Gray, Gray north.

## Red Cross Seeking Women To Teach Canteen Course

The Pampa chapter of the American Red Cross is trying to find a woman who is qualified to teach a canteen course.

Requirements to teach the course are a B.S. or B.A. degree in home economics with a major in dietetics or institutional management, and a minimum of one year's experience in one of the following: Hospital dietetics, management of school or other cafeteria, restaurant or camp, or management of food service in a public or private institution.

Persons meeting the necessary requirements are asked to contact Mrs. J. B. White at the Red Cross office in the basement of the city hall.

Eligible to take the canteen course will be anyone who has successfully completed the Red Cross nutrition course.

We honor Phillips, Humble, and Standard courtesy cards at Hampton's. Phone 488.—Adv.

## Wavell Will Assist Cripps In India

By H. R. STIMSON  
NEW DELHI, India, April 4 (AP)—The chances of favorable reception to British freedom proposals were kept alive today by the entry of Gen. Sir Archibald F. Wavell into the negotiations, and by evidence that the two major political elements, the Muslim League and Congress party were giving careful second thought to their decisions.

Weighing heavily with dominant Congress party leaders, informed sources believed, was the realization that it would be catastrophic if Sir Stafford Cripps, the British special envoy, left India without a solution and the country were left to face possible religious war at a time when Japanese invasion is threatened.

Some evidence that the powerful Congress party was giving renewed consideration to the British plan, already rejected conditionally, was seen in the statement of Maulana Abul Kalam Azad, party president, that the working committee at a two-hour session has considered the situation in Bengal and Assam in view of the warfare approaching from Burma.

Australia—U. S. and Australian troops are being forged into "one great army," an army which, true to the code of its leader, Gen. Douglas MacArthur, will be committed irrevocably to a policy of attack. The Allied air strength, credited with at least 10 Japanese planes destroyed in its latest raids on enemy bases, now is established so firmly that it can supply ample warning should the enemy set in motion any direct invasion thrust.

Russia—The advance battalions of

## Fake Doctor Returned On Draft Charge

By WILLIAM T. RIVES  
HOUSTON, April 4 (AP)—Dapper Charles Peter Wisotsky, whose masquerade as a faculty member of the University of Texas medical branch was revealed after his dismissal, was returned from New York's Bronx today to face charges of false draft registration.

Wisotsky registered in Galveston, according to his own admission, under the name of Dr. David Walton Fell—the name by which he was known to his colleagues and students at the medical school.

His arraignment was postponed to allow him to confer with his court-appointed attorneys. Federal Judge James V. Alford offered to hear Wisotsky Tuesday if the defendant preferred, and Wisotsky said he probably would wish to be heard on that day. He was taken to Wharton until then.

"I want to get this over with as soon as possible," he said.

Lounging comfortably in the United States marshal's office, 25-year-old Wisotsky told reporters emphatically "there was no intent on my part to evade the draft at any time." He said that after he left the medical school at Galveston, he had intended to join the army in New York "as a plain buck private."

Although he is indicted under the

## Sidelights Of Army Day Parade Here

Plaques for cars and marchers in the parade can be obtained today and Monday morning at the Chamber of Commerce in the city hall.

Large pictures of General MacArthur, similar to those on display in store windows, can be purchased at The Pampa News for 10 cents.

The pictures are 13 inches wide and 20 inches long, on light cardboard suitable for framing. The picture is one of the outstanding pieces of photography of the year.

Don't be misled by the information that the 11th squadron of the Texas Defense Guard air corps will be in the Amarillo Army Day parade. The entire squadron will also fly over the parade in Pampa.

Captain Foster Fletcher, commander of the local flight, said he had agreed to take part in the Amarillo celebration if the Amarillo flight and other units composing the squadron would fly over the Pampa parade.

Attention Doug Wilson of Canadian! You are to be a guest of honor at the Army Day parade here tomorrow and you are to have a seat of honor on the reviewing stand.

That's what D. H. (Doc) Coffey, general chairman of the celebration says, and what he says goes.

Why are you going to be given this honor? Because you were the first to suggest that Pampa have an Army Day. You wrote rather pointedly, "Pampa needs a job of old-time patriotic fervor and this is the time. Hearty it would be possible to get a group of soldiers from the

See SIDELIGHTS, Page 7

## Parade Units Switched To New Positions In Lineup

The route of the parade will be the same, the streets where it will line up will be the same, but the places where the various units will line up has been switched, in a new schedule announced today by James Sturgeon, commander of the V. F. W. The lineup has been changed slightly from that announced in Friday's paper.

Persons in the local unit of the parade are urged to CLIP THIS LINEUP OUT and follow it in lining up for the parade Monday. Mr. Sturgeon asked that all persons in the parade be at the places mentioned in this lineup by one o'clock.

The high school students who will sing and who will carry MacArthur pictures are asked to gather at the Red Brick building at 2 o'clock.

Here's the new lineup and it will not be changed except in details when new units are added:

- ON WEST BROWNING FROM CUYLER TO RUSSELL—Ennis Favors, grand marshal, massed color guard composed of Second Battalion colors, VFW and American Legion colors of Pampa and Borger, Red Cross flag, Junior High Reserve band.
- ON BROWNING BETWEEN RUSSELL AND FROST—Mrs. Clyde White's car honoring her brother Dick Nies, killed in action and buried in Java. Mrs. Paul Blankenburg, honoring her five sons in the service, Mrs. John Tschirhart, honoring her four sons, one deceased; Mrs. Curlee Skellytown, honoring her son who is a Jap prisoner, Mrs. Oliver, mother of Congressman Gene Worley, Pampa young people honoring Mr. Worley who is in the navy, Bataan and Java units, Archer Fullington, marshal.
- ON FROST BETWEEN BROWNING AND FRANCIS—D. H. Coffey, marshal; Woodrow Wilson band, Hawaiian, Australian and other South Pacific units.
- ON WEST BROWNING BETWEEN FROST AND SOMERVILLE—Malcolm Denson, marshal; Pampa Defense band, Alaska, Iceland, Ireland, Puerto Rico, and all other units representing boys serving outside the Continental limits of the United States. Carver school band. (Will not play).
- ON NORTH SOMERVILLE BETWEEN BROWNING AND BUCKLER—Wm. T. Fraser, marshal; Miami High school band, Sam Houston band (will not play). Marine units, including Marine Air corps and Marines.
- ON NORTH FROST BETWEEN BROWNING AND MONTAGU—Frank Culberson, marshal; LeFors band, army units representing boys serving inside continental United States, including army forces, Mrs. H. H. Heiskell's World War unit.
- ON NORTH RUSSELL BETWEEN BROWNING AND MONTAGU—Travis Lively, marshal, Borger band, Horace Mann band, navy units, Inc. navy air corps.
- ON CUYLER, SOUTH OF BROWNING—Fred Roberts, marshal, Junior High band, B. M. Baker band, Boy Scouts, Civic and Fraternal units.
- ON CUYLER, NORTH OF FRANCIS: O. K. Gaylor, marshal, Red Cross unit with ambulances, Veterans units and their auxiliary from Pampa, Borger and other towns.
- ON NORTH CUYLER, NORTH OF BROWNING: Army band, Pampa and Borger Texas Defense Guard, Captain E. J. Dunningan, Jr., commanding officer.
- ON NORTH CUYLER FOLLOWING TEXAS DEFENSE GUARD: Second Battalion 180th Infantry, artillery and train.
- ON SUNSET, BETWEEN CUYLER AND BALLARD: (next to Central Park) All horses and riders. Cal Rose, marshal, Bonnie Lee Rose, assistant.

## New Weapons To Be Shown Here For First Time

By THE ROVING REPORTER  
Pampa's Army Day parade tomorrow afternoon got No. 1 mention in an Associated Press roundup of all state parades, and it was getting No. 1 mention all over the Panhandle among the thousands who will fill Pampa to overflowing to witness the greatest patriotic demonstration in the high plains region.

In an A. P. story carried elsewhere on this page, the A. P. mentioned scores of parades that will be held in Texas tomorrow but gave first attention and the most space to the spectacular Pampa parade.

What is hitting the A. P. and other great news agencies right between the eyes is the fact that the Top O' Texas has so many boys on Bataan and Corregidor, and the fact that those parents are going to march for them. The A. P. has already asked for pictures of these parents, pictures of students carrying MacArthur pictures, pictures of the singing children, for nation-wide distribution.

The Pampa sponsors of the great parade which will start moving at 3 o'clock tomorrow afternoon feel humble; back of it all, they say, is the intense patriotism of the Top O' Texas people. Burning in the hearts of the people who will attend this parade will be an intense pride in members of the armed forces. There will be tears and cheers for below the surface will be the grim determination to do the job that is facing America.

Sponsors of the parade are the VFW, the American Legion, the Good Will committee of the Chamber of Commerce, and The Pampa News.

As far as local people are concerned, one of the chief attractions will be the mechanized second battalion of 1,000 men from Camp Barkley, Abilene, which will show new weapons to the public for the first time. The army parade here will show 500 infantrymen of the 180th infantry, everyone carrying Garand or M-1 rifles, scores of jeeps, jeeps, heavy artillery, anti-tank guns, light machine guns, heavy machine guns, anti-aircraft guns, the fa-

See NEW WEAPONS, Page 8

## Army Parade Here Picked As 'Typical'

(By The Associated Press)  
Heavily armed combat units will march shoulder-to-shoulder with mothers and fathers of fighting men stationed on Bataan and in Australia, and army camps in all sections of the state will open their doors for public inspection Monday as Texas and the nation observe Army Day.

A war-conscious public to whom Army Day in 1941 was little more than just another holiday, has joined wholeheartedly this war year in the celebration to honor the officers and men of the army, officers and men who are their sons and husbands in constantly increasing numbers.

The army in turn will turn out in force to honor the public. It will show its best equipment at a score of camps, and send mobile units of fighters to augment marching thousands of civilians in parades.

The show at Pampa will be typical. A hard-hitting combat team from the West Coast's Training center will march as 2,000 school children sing patriotic songs. Fifty parents of fighting men at Corregidor and on Bataan peninsula, and 400 more parents of men in the service will participate. Life-sized pianos, the President Roosevelt and General MacArthur—500 of them—will be carried by horsemen.

At Amarillo, two six-star mothers and a seven-star mother will be especially honored in a celebration in which 30 cities have joined. Eleven bands from Panhandle cities will join in the marching throng.

See ARMY PARADE, page 7

## Those Top O' Texas Boys On Corregidor Can Shoot Straight

WASHINGTON, April 4 (AP)—Corregidor's unerring gunners practiced a new Japanese air weapon—exploding incendiary bombs—by shooting down two enemy planes over the Philippine island fortress, probably damaging two others, the war department reported today. Frustrated in 12 days of intensive aerial attacks with usual type bombs, the Japanese raiders dropped bombs which burst in the air

This story shows how close the war is to Pampa. While their parents and loved ones are marching for them tomorrow, don't forget that Charles Bryan, Billy Twig, Mervin Suttle, Donald Crossan, Kenneth Nelson and all the other boys from the Top O' Texas will probably be shooting down Jap planes as they did yesterday.

with huge flames. The new tactics failed, Lieutenant General Jonathan M. Wainwright advising that no damage resulted.

By downing two additional

### Kiwanis Club Hears Talk On Cancer Control

The message of cancer control was brought to two Pampa service clubs at their regular weekly luncheons during the past week.

Friday, Mrs. H. B. Landrum, of the women's field army of the American Society for the Control of Cancer, and Dr. Calvin W. Jones, were the principal speakers on the program of the Pampa Kiwanis club.

April has been designated as cancer control month and the county organization is working in conjunction with the national campaign to spread information on the danger of cancer and how it can be controlled.

In the national campaign, the proceeds will be divided on a 70-30 basis, 70 per cent to the county and 30 to the national organization.

Mrs. Landrum also spoke on the Pampa Lions program at their luncheon Thursday, Dr. H. L. Willer was the other speaker on this phase of the program.

Another speaker on the program was Lt. Bill Parks, U. S. M. C., son of Mrs. Marian Parks, Pampa police department clerk, who told of his experiences at the marine corps base at Quantico, Va. Lieutenant Parks was the guest of Clifford Braly.

Other guests were C. P. McWright, Junior High school coach, and Bob Carter, Junior High school teacher. Mr. Carter was in charge of the display of model airplanes made here by students for use in air corps training centers.

Attendance at the Lions club luncheon was 60, at the Kiwanis luncheon was 60. The Kiwanis luncheon was held at the Kiwanis club, Gray county assistant farm agent; Noel Dalton, tool company manager; Doyle P. Osborne, Pampa High school principal; and County Attorney Joe Victoria.

### Heavy Overtime Pay Hurts War Efforts, Knudsen Declares

WASHINGTON, April 4 (AP)—Lieut. Gen. William S. Knudsen, army production director, entered the controversy over the 40-hour week today with a statement that while it had caused little delay to the war production program, heavy payments for overtime work had proved a hindrance.

But, where the latter were concerned, he noted, in a letter to Rep. Robertson (D-Va.), that "labor leaders have publicly offered to remedy this, and if they do it will be constructive." Knudsen put his views on paper at Robertson's request, and the house member made them public.

Meanwhile, with congress in a virtual Easter recess and no action on the labor question in sight for a week, the administration was authoritatively reported to be soundly out labor leaders on the possibility of a voluntary agreement to make 48 or 48 hours the basic work week, to be worked without overtime pay. Premium payments would be given for work in excess of the figure agreed upon.

Vice President Wallace was understood to be active in this effort, bent upon quieting the agitation which has surrounded the controversy. Whether a 44-hour week would satisfy congress was a question, however, and whether 48 would suit labor was another. Beyond that, labor was understood to be insisting that if any concessions are made, the employers must rebate to the government the money which otherwise would go to the workers in time and one half pay for work over forty hours a week.

Senator Barkley (D-Ky.), the majority leader, although declining to comment on this plan, made it plain he was hopeful some agreement might be reached before April 20, when the senate is to consider a motion to take up Senator Connally's (D-Tex.) bill permitting the government to take over strike-bound war production plants and freeze labor conditions in them.

**BUY VICTORY STAMPS**  
**MacArthur Postoffice To Be Opened April 15**

On April 15th a new post office, MacArthur, West Virginia, will be opened. The Fleetwood Cover Service of Mt. Vernon, N. Y., will sponsor two different appropriate and special cachets in patriotic colors for this important event. Each cachet will be by a different philatelic artist.

The two covers will be mailed directly from MacArthur, West Virginia, to interested collectors for 25c which will cover all expenses—addressing, stamping, forwarding, etc.

### MacArthur Asks Divine Guidance

By VERN HAUGLAND

UNITED STATES ARMY HEADQUARTERS IN AUSTRALIA, April 4 (AP)—Gen. Douglas MacArthur bespoke Easter-tide divine guidance "in the great struggle that looms ahead" today as confidence mounted in Allied quarters that the United States will be able to defend this Australian springboard for an eventual offensive in the Southwest Pacific.

Much of this confidence, it was disclosed, springs from steady aerial reinforcements now making possible an air patrol of Australia's approaches so comprehensive that it should give three or four days advance warning of the appearance of Japanese invasion forces.

Allied aviation continued to dominate the skies, shooting down at least 10 Japanese planes and probably 12.

Six were destroyed in a raid on Koepang, Dutch Timor, and four others—bombers—were shot down in breaking up a raid on Darwin, where anti-aircraft bagged two and fighting planes two. Two Japanese fighting planes also were listed as probably destroyed.

The few bombs dropped at Darwin killed two civilians, but caused no damage, said a communique.

Gen. MacArthur, an Episcopalian from Little Rock, Ark., introduced the religious note in his military preparations in reply to a radio-gram from W. P. Witsell, director of Little Rock's Christ church, who said, "the church of your baptism sends Easter greetings and expression of faith and loving pride in you."

In answer Gen. MacArthur messaged: "At the altar where I first joined the sanctuary of God, I ask that you seek divine guidance for me in the great struggle that looms ahead."

For the Allied generalissimo, however, Easter Sunday promised to be a day of feverish work. He continued his conferences with American and Australian leaders, mapping strategy and organization.

Fresh from a visit to American encampments, Australian Army Minister Francis Forde declared United States and Australian troops "are being welded together into one great army which will adopt an offensive, not a defensive, policy that will sweep to the sea any enemy daring to set foot on Australian soil."

## Pie Suppers Revived All Over Missouri

POPULAR BLUFF, Mo., April 4 (AP)—"Nine dollars, nine dollars, who'll make it ten? Do I hear ten?" It's the chant of the auctioneer—selling, not tobacco or livestock, but pies—those delicious, crusty concoctions of the rural kitchen so well known throughout the Ozarks.

Pie suppers, the typical Ozarkian variety, have been revived all through Missouri since Pearl Harbor. They're drawing record crowds and making money, too, for Uncle Sam.

Take the one at Oak Grove in Madison county. Spirited bidding for the choice offerings carried the total to \$1,382.35. The take was unusually high because John Sample paid \$1,000 for the product of Mrs. Walter Clark's oven.

She has a son fighting in the Philippines, another with the Pacific fleet. John got his money back, of course, in Victory Bonds.

At Popular Bluff, Jeff Woods, a professional auctioneer who has banged his hammer on a half million head of livestock, is helping the American Legion post buy a bomber.

Last night at Quin, a tiny farming settlement in Butler county, he disposed of 40 pies. The Legion's cash fund was increased by \$162. Some pies brought \$10.

## Profits 'Limited' In Senate Bill

WASHINGTON, April 4 (AP)—A graduated schedule of limiting profits on war contracts, with a top of 10 per cent, was approved today by the Senate Appropriations committee, but one member, Senator O'Mahoney (D-Wyo.) termed it only a "stop-gap" until "all-out price control."

Prescribing profit ceilings ranging from 10 per cent on smaller contracts and sub-contracts down to 2 per cent on the largest awards, the new proposal was sent to the senate along with the latest war appropriation which was raised to \$19,217,732,000 by the senate group.

Both the profits limitation and the huge appropriation will be ready for senate consideration Monday and senators freely forecast a sharp and possibly lengthy debate over the committee's substitute for a flat 6 per cent profit limit previously approved by the house when it passed the war fund as an \$18,300,000,000 measure.

In accepting the "sliding scale," the senate committee rejected requests of top-ranking war production officials for flexible authority to revise contracts which they found were allowing unreasonable and excessive profits.

**Houston's Building Permits For '42 Near Five Million Total**

Houston becomes the first Texas city to pass the \$4,500,000 mark in 1942 with building permits for the week of \$393,580.

City	Week	Year
Houston	\$393,580	\$4,524,615
Fort Worth	179,292	1,842,288
Waco	118,887	498,709

## Canadian Masons To Hold Easter Service At Perryton Church

**Special To The News**  
CANADIAN, April 4—Canadian commandery 63 will hold their Easter service Sunday in the First Baptist church at Perryton at 11 a. m.

The sermon will be delivered by the Rev. S. R. McClung, pastor of the hostess church.

All six knights and their ladies will be served lunch at the Hotel Perryton at 12:30 o'clock.

Knights from Canadian planning to attend with their ladies are H. M. Wood, commandery recorder, C. A. Studer, W. W. Lewis, Sam Isaacs, S. E. Allison, and H. S. Wilbur.

W. H. Lance of Perryton is commander.

## Sadler In Favor Of Rebuilding Pipelines

AUSTIN, April 4 (AP)—Asserting Texas had 23,841 miles of trunk oil pipe lines, 5,000 miles of which could be taken up and re-laid to the east, Railroad Commissioner Jerry Sadler today renewed advocacy of that method of relieving a transportation shortage resulting from Axis submarine warfare.

"Most of the trunk pipe lines are 10 and 12 inches in diameter," Sadler declared, "and 25 per cent of the total could be used to move oil to the east without impairing the present movement from West and North Texas to the Gulf coast."

"The more than 5,000 miles of pipe available would be sufficient to lay two lines which, if put on top of the ground along railroad rights-of-way, could be completed in three months."

**BUY VICTORY BONDS**

## WTCC Says Tire Rationing Unfair

ABILENE, April 4 (AP)—The West Texas Chamber of Commerce today reported to rationing administrator Mark McKee that tire and tube allotments showed a tendency to favor urban over rural areas and that present formulas are inadequate to care for farm mechanized needs.

The latter fact, said a statistical report on conditions in 63 West Texas counties, was important now that national war goals for agriculture are high.

Another conclusion sent the state administrator was that the great volume of tractor and farm vehicle equipment was not taken into account in quota distribution.

The report suggested the need of amendments to quota regulations so as to provide for seasonal rises.

## Pampan Elected Baptist Officer

Dr. A. D. Foreman, Jr., pastor of the First Baptist church of Amarillo, was re-elected president of Baptist District Ten at the closing session of the district convention in Amarillo Friday morning.

Other officers named were: Rev. J. C. McKenzie, Amarillo, secretary-treasurer; J. I. Payton, Canadian, Brotherhood president; Mrs. D. A. Grundy, Memphis, Women's Missionary Union president; R. E. Galatin, Pampa, Sunday school president; and W. S. Savage, Amarillo, Training Union president.

The convention adjourned in time to permit attendance at the Good Friday service in the Paramount theater.

Rev. W. E. Barnes, of Hereford, gave the convention sermon yesterday morning, in the absence of Dr. Douglas Hudgins, of Fort Worth.

The session opened with congregational singing, directed by H. Paul Briggs, of Pampa, followed by a devotional service under the leadership of Dr. L. A. Brown, Dalhart.

The W. M. U. conference heard associational reports, with Mrs. Grundy presiding.

The Brotherhood conference was held at the same time, with Mr. Payton officiating.

At the general session, the congregational singing was led by J. T. Sisemore, Amarillo, and Mrs. B. A. Copess, of Fort Worth, gave the W. M. U. address.

Rev. McKenzie reported on district missionary work.

The convention opened Thursday morning and afternoon and evening sessions were held.

Ministers and laymen from throughout the Panhandle area attended.

## Beatrice Miller To Dance At University

Beatrice Miller, education major from Pampa at the University of Texas, Austin, will have a part in congada and other numbers presented by Orchestra, co-ed modern dance club, in its annual recital this month.

Orchestra has a membership of 20, all students who were selected after try-outs in which they executed an original dance routine. Dances presented at the recital will be original also, emphasizing group work rather than solos.

The Latin-American element is introduced with a dance called the "congada" set to music written by a contemporary Brazilian composer. The music is written about the ceremony of crowning the king of the Congo, and the dance is intended to interpret the spirit and movement of the music. An advance performance of this number was given at a recent convocation of Latin-American students in the university.

## Today's War Analysis

By KIRKE L. SIMPSON  
Wide World War Analyst

As April, the historical war month, opens a new chapter of somber struggle, there is a baffling babble of prediction about where its main scene will be laid.

A new and grievous disaster in Burma for the United Nations—the loss of another great oil reservoir—seems to impend, but there are brightening skies on the Australian flank of the Pacific-Indian ocean war front.

The first meeting of the Pacific war council in Washington with President Roosevelt presiding revealed nothing of its deliberations or planning, but following it was a wave of rising optimism over American-Australian ability to hold the Japanese at bay and prepare a counter-attack in Australia.

That confidence strongly underscores every Washington development to give a silver tinge to otherwise gloomy clouds to westward.

General MacArthur shares it. If he didn't, he would not have assented to his assignment as supreme commander in Australia. None who know him could doubt that he would have preferred otherwise to stay with his gallant American-Filipino troops.

In Europe, except for premature demands in Britain for an immediate counter-offensive against Hitler by land as well as by sea and air, the initiative rests with the Nazi warlord. Hope is wanting that Russian armies can decisively clinch their winter gains by capturing key points still in German hands.

Moscow still forecasts enlarged victories. Hitler's own terse war bulletins are the best possible evidence that the Red army plan is unimpaired. The Russians are still on the attack all along the front, nibbling at Nazi reserves, threatening Nazi strong points. Yet the Red army seems now waging a war of attrition rather than fighting toward definite strategic goals. And the effect of that attrition campaign on Hitler's resources, the degree to which it

may have sapped the striking power of his armies, cannot be measured until they strike.

The question, then, is both where and when Hitler will strike as April restores at least some degree of mobility to his armored, battering-rams, the panzer units. Hampered by mud, snow, sub-zero temperatures and now mud and flood again, tanks have been of very limited value to either side since late fall.

And until the ground is hard enough in Russia for full use of tanks there seems small chance that the full scope of Hitler's promised offensive can develop.

## U. S. Recognizes De Gaulle Control Over West Africa

WASHINGTON, April 4 (AP)—The United States gave formal recognition today to General Charles de Gaulle's control over French Equatorial Africa and the French Cameroons, strategic territory along the supply route to the Middle East and India.

The action, bringing closer ties between this country and the Free French, came in the announcement of the establishment of a consulate general in Brazzaville, capital of the French possession directly across the Atlantic from Natal, Brazil, and taken "in view of the importance of French Equatorial Africa in the united war effort."

Recognition of the African Free French territory came a month after similar approval of de Gaulle authority over New Caledonia, strategic island off the western coast of Australia, valuable also for its large deposits of nickel.

In recognizing Free French authority in the Pacific islands, the United States said its policy would be governed "by the manifest effectiveness with which those authorities endeavor to protect their territories from domination and control by the common enemy."

Similarly, today's announcement stressing "the importance of French Equatorial Africa in the united war effort," declared that "this government has treated with the French authorities in effective control of French territories in Africa and will continue to treat with them on the basis of their actual administration of the territories involved."

Hogs 1.30; top 13.50; packing sows and pigs steady; packing sows 12.50 down; Sheep 7.00; trade nominal; top spring lambs 12.00; most medium and good spring lambs 10.50-11.50; woolled fat lambs 10.25-11.00; clipped lambs 8.25-9.25.

## Market Briefs

NEW YORK, April 4 (AP)—The stock market maintained its equilibrium today after a moderately good week.

The list got off to a slightly easier start but trends stiffened. While small fractional price changes either way were pretty evenly divided at the close, there were a few wider swings on the upside.

Transfers of 176,219 shares compared with last Saturday's 31,850. The Associated Press average of 60 stocks was unchanged at 84 1/2, but on the week held a net advance of 2.

Many boardroom customers stretched the food Friday recess into a week-end holiday. The day statement was exemplified by the fact that of 500 individual stocks traded, 173 were off, 161 up and 171 unchanged.

## New Sulfanilamide Form Discovered

BOSTON, April 4 (AP)—A new form of sulfanilamide, which in preliminary experiments seems to top all others for pneumonia, was announced to the Federation of American Societies for Experimental Biology here today.

It is a chemical twin of sulfadiazine, which is another recent form of this drug. Sulfadiazine was the form which proved least toxic for human beings, and which treats a wider range of diseases than any other form of sulfanilamide.

The new twin is named sulfapyrazine. These sulfu twins average same in effectiveness. But they give medicine two new mainstays in place of one, because one or the other excels in specific diseases, as in pneumonia.

The new pyrazine is also apparently a little milder than its sister drug, being slightly less toxic.

The two are formed of exactly the same substances, atom for atom. The only difference is in the position of two nitrogen atoms, in a ring.

## Observance Planned Of Texas Centennial

**Special To The News**  
AUSTIN, April 4—Plans for the Texas Centennial of Statehood will be discussed at the annual meeting of the Texas State Historical Association on the University of Texas campus April 10 and 11.

Lieut. Col. Paul Wakefield, state director of public relations for selective service and executive secretary for the Texas Centennial of Statehood commission, will discuss plans now being made for the celebration. His address is scheduled for the opening session of the association meeting Friday morning.

A description of the collection of the Texas books which the University of Texas has built up will be made by W. A. Philpott, Jr., of Dallas, when he addresses a luncheon meeting of the association Friday.

Date, time of departure, and destination of drafted men is still unclear in news stories, but it is declared against the regulations to make such statements as "50 men will leave Saturday morning for induction."

None reason is given for this new rule.

Plans now being made for the celebration. His address is scheduled for the opening session of the association meeting Friday morning.

None reason is given for this new rule.

## T-Men Must Fill Out Couple Of Questionnaires

T-men, the men who registered in the third draft nose-count of February 16, will have two questionnaires to fill out.

Later, those who registered on October 16, 1940, and on July 1, 1941, will receive this second questionnaire. Questionnaire 2 is designated in official parlance as "occupational questionnaire form 31." No copies of 31, however, have yet been received by the local selective service board.

Its purpose is an inventory of the present employment activities of registrants and of their skills and abilities.

Questionnaire 2 has no connection with Questionnaire 1, designated as "form 40," which is sent to all registrants to obtain data on which service classification is based, according to General J. Watt Page, state selective service director.

Reversing the previous ruling which allowed publication of the total number of drafted men along with their names, Lt. Col. Paul Wakefield of the state adjutant general's office, announced in a memorandum received here by the Gray County Selective Service board that no more will newspapers be allowed to give the number.

This means that if Gray county is sending 13 selectees on a certain date, newspapers can list the names but can't say "13 men," even though it is quite possible to count the names and find the total.

None reason is given for this new rule.

Plans now being made for the celebration. His address is scheduled for the opening session of the association meeting Friday morning.

Welcome Army & Civilian Visitors To Pampa's Army Day Celebration!

## BEHRMAN'S

"EXCLUSIVE BUT NOT EXPENSIVE"

### Pampa School Pupils Make 80 Airplanes

Model airplanes, made by 46 Pampa school boys and girls and three Pampa teachers, were on display at the Kiwanis club's regular weekly luncheon at noon Friday as a part of the club's program.

Friday, the model makers completed their first quota of 80 planes. The work is sponsored by the boys and girls committee of the Kiwanis club and Pampa teachers, and the models are used in instructing aviation cadets over the nation.

The planes made here will be sent to the naval air training station at Dallas next Wednesday.

Four boys will receive commissions when certificates are presented in an assembly program at the Junior High school next Thursday.

REV. B. A. NORRIS

REV. NEWTON STARNES

**High Awards**

The winners of these awards are Alvis Wilkerson and James Hester, lieutenant aircraftmen; Bob Reynolds and Brock Combs, ensign aircraftmen, U. S. Navy.

First designation means that the recipients have completed making seven models, including a seaplane or twin-fuselage fighter; the second, three of any type of models completed, including a scout bomber or an observation plane.

Inspection of the models was made by the Kiwanis committee, comprised of Roy Kay, chairman, Raeburn Thompson, W. B. West, Joe Gordon, and Jeff Beard.

Robert S. Carter, Junior High school teacher, is director; J. Carroll Killbrew, assistant director, and Winston Savage, Junior High school principal, assistant on the project.

**Makers Listed**

The boys and girls making the planes, other than the four listed for commissions, are known as cadets:

Francis Peterson, Janice Peterson, Emmett Forrester, Billy Denison, Marshall Boswell, Lyman Osborne, Alton Bettis, Cleo Coffey, Jr., Ray Mills, Billy Clay, D. B. Jameson, Jr., Curg Clauder, John Lindsey, Bonnie Joe Gillis, Billy Gene Davis.

Jack Litton, Kenneth Hobbs, Ardell Seeds, David Tubbs, Charles Showers, Cecil Jameson, Billy Frank Carter, Gerald Bryant, Bryan Buck, Doyle Ray Bridges, Joyce Pratt, Claude Millican, Anna Lee Barnes, Joyce Parker, Freddie Thornberg, Jack Hood, Ronald Lewter, Joe De Grace, Glen Crouse, Robert Custer, and Lawrence Flaherty.

**What Awards Mean**

The model planes were on display yesterday at the Thompson Hardware company. There are 120 more models yet to be made by the Pampa boys and girls.

Meaning of the certificate awards is as follows:

Cadet aircraftman, one of any type of model completed; lieutenant aircraftman, junior grade, five models completed, including one twin-engine bomber and planes from two nations.

Lieutenant Commander Aircraftman, eight models completed, including a torpedo bomber or biplane and including planes from three nations; commander aircraftman, nine models completed, including one four-engine bomber and including planes from four nations.

Captain aircraftman, 10 models completed, including planes from five nations, and consisting of the following types: Fighter, scout bomber, observation plane, twin-engine bomber, seaplane, biplane, twin-fuselage fighter, torpedo bomber, four-engine army bomber, and four-engine patrol bomber.

These requirements are cumulative and the awards are progressive. For example, to qualify as an ensign aircraftman, the student should

### Pampa Girls Named On Tech Committees

Dorothy Burton, daughter of Mr. and Mrs. C. A. Burton, and Madge Lawrence, daughter of Mr. and Mrs. C. G. Lawrence, have been appointed to committees for the tenth annual home economics open house to be held on Texas Tech campus, Lubbock, on April 17 and 18. Parents of both girls reside in Pampa.

Miss Burton, a senior student, is serving on the hostess committee. She is vice-president of D. F. D., women's social club, is representative to the student council, and a member of the home economics club which sponsors the show each spring.

Miss Lawrence, junior, is a member of the invitation committee for open house. She is also a member of the home economics club and is second vice-president of the Council of the Baptist Student Union.

### 31 Recap Orders Issued By Board

Recapping came into its own in the recap certificates issued by the Gray County Rationing board at its regular meeting Saturday afternoon.

From an insignificant three or four, the number of the recapping authorizations increased to 31 yesterday.

Certificates authorizing the purchase of new tires and tubes totaled 27 tires, 22 tubes:

C. E. Sarvis, Pampa, brick mason, two obsolete tires; J. W. Gunkel, McLean, produce, two tires, two tubes; F. W. Gordon, Pampa, farmer, two tires, two tubes; J. H. Dele, Pampa, farmer, four tires, four tubes; W. H. Burden, Pampa, stockman, one tire, one tube.

J. H. Gray, Pampa, farmer, three tires, three tubes; J. L. Seitz, Mobeile, farmer, two tires, two tubes; Ernest Ends, Pampa, produce, two tires, two tubes; Ewing Wil-

liams, wholesale-retail oil and gas, one tire, one tube.

W. M. Daughtee, Pampa, trucker, two tires, one tube; Henry Reynolds, Pampa, livestock hauling, two tires, two tubes; Vernon Johnston, McLean, two tires, two tubes, for tractor; Emmett LeFors, Pampa, rancher, two tires, two tubes.

### Carrol Smyers To Be Berger CC Head

Special To The NEWS

BERGER, April 4—The Chamber of Commerce here announced today that Lee Carrol Smyers of Memphis had been selected as the new secretary-manager of the local chamber. Smyers succeeds Hamar N. Pruett who recently resigned.

Smyers comes to Berger from Memphis where he was secretary of the Chamber of Commerce since 1937. Although his official duties do not begin until April 15, he has indicated that he would probably be here next Thursday if possible.

### Officers Named By Baptists

Special To The NEWS

BERGER, April 4—Mrs. W. A. Bowen was re-elected president of Pantex P.-T. A. Friday afternoon in the regular meeting of the organization. Mrs. H. V. Tate was named vice-president and program chairman; Mrs. A. C. White, secretary; Mrs. M. H. Cantrell, treasurer.

New officers appointed by the president are as follows: Chairman publicity committee, Norma Jane Ewing; chairman of membership committee, Mrs. W. T. Newman; chairman of publications, Mrs. L. T. Meece; chairman of finance and budget committee, Mrs. L. T. Ward; chairman of hospitality committee, Mrs. Jack Weems; and leader of study group, Mrs. E. C. Livingston.

Delegates to the conference in Panhandle April 9 and 10 are Mrs. Jack Weems, Mrs. L. T. Ward, and

Mrs. A. C. White.

May 1 has been set for the date of the book review and tea.

Friday's program included topics on "Home Hazards" by Mrs. A. C. White, and "Caution Versus Fear" by Mrs. W. A. Bowen. Miss Ewing presented the Pantex pupils in a group of Spanish numbers, including talks and songs in Spanish. The fourth and sixth grades tied for the attendance prize.

With the passing of March another year's hot lunch program for the Pantex P.-T. A. is ended. Throughout the winter months Wednesdays' lunches have been furnished and served by the P.-T. A. to the entire school. This project has proved to be not only an enjoyable one but also one which has been well worth the expense and trouble in the good effect it has had on the health of the children.

Pupils of Pantex school were presented in an Easter program Friday evening in the school auditorium. The program was divided into two parts—the sacred portion, and a group of numbers of a secular

nature.

Choir robes and other costumes for the program were furnished by the P.-T. A. At the conclusion of the entertainment, refreshments were served by the P.-T. A.

The Pantex P.-T. A. gave the Pantex school children an Easter egg hunt Friday afternoon. The committee in charge included Mmes. J. W. Passon, H. V. Tate, and L. T. Ward.

Three members of Pantex P.-T. A. were delegates to the Hutchinson County Council of Parents and Teachers held at Stinnett Friday. They were Mmes. A. C. White, secretary of the county organization, Jack Weems, and W. A. Bowen.

# MORE THAN 100 BOUGHT STOCK IN BASEBALL CLUB

## Policies To Be Decided At Meeting

A permanent organization to decide the policies of the Pampa Baseball club will be set up Monday night when stockholders meet at 7:30 o'clock in the county courtroom. Every man in whose name a share of stock has been issued is urged to be present at the meeting or to be represented by proxy.

"We're going to complete the whole organization at the one meeting and we want everyone present," Acting Chairman Ray McKernan said yesterday. "We want to elect a president and other officers, decide on game time and team policies at the one meeting."

More than 100 men purchased stock in the club. The Big Spring franchise was purchased and moved to Pampa with some of the money and the balance will be used to defray training expenses, buy uniforms, pay insurance and other expenses with the balance to be used only in case of emergency.

Dick Ratliff, from whom the franchise was purchased and who came along with the franchise, has been named acting manager and he has issued a call for spring training to begin Tuesday. Because of the change in location, most of the players will be late reporting. However, he expects to have at least 20 in uniform by the end of the week.

One player is here already. He is "Pepper" Martin, rookie infielder, from Big Spring. Martin played with the Big Spring American Legion junior team and with independent teams in that area. He is also a Golden Gloves boxing champion.

It was rumored here yesterday that Lloyd Summers, catcher and outfielder, and Bob Bailey, first baseman, both former Pampa Oilers, are available this season and one or both may be signed.

Swifts travel more than two miles per minute and are in the air about 19 hours out of 24.

Only 33 years ago, Louis Bleriot ascended the world by crossing the English channel in an airplane.

**Easter Greetings**  
We are sending you this Easter Greeting to tell you that we really DO appreciate your loyalty to us and your confidence in us. We are going to try harder than ever to serve you exactly as we would like to be served by you, were conditions reversed.

## Lawson Little Leading Land Of Sky Open

By FRITZ LITTLEJOHN

ASHEVILLE, N. C., April 4 (AP)—In a performance that was like a rerun of last year's movie, Lawson Little duplicated his course record, third round 66 of 1941, to lead the field by three strokes today after 54 holes of the \$5,000 Land of the Sky Open.

Little, with an amazing burst of putting, set the stage for tomorrow's final 18 holes, with Defending Champion Ben Hogan and Byron Nelson, the two most feared men in the field, tied for second place at 208, with easy striking distance.

Hogan, who last year overhauled Little in the last round after the former U. S. Open and Amateur king shot his record score, had a 68 today.

Nelson, playing perfect golf, equalled Little's 66 on the pace and the way he did boded no good for the rest of the money-seekers.

In contrast to Little's unbelievable putting (he had 11 one-putts and a total of 25 putts for the 18 holes), Nelson's game was best from tee to green. He hit every shot and sank only one putt of more than 10 feet.

Little canned them from all over the carpet, getting down from 25 feet on number nine and then, before a huge gallery, dropping one from 50 feet on the home hole.

Back of the three leaders came Jimmy Demaret of Detroit, Demaret played steadily for a 70 that put him in at 210, one stroke ahead of the erstwhile leader Herman Barron of White Plains, N. Y.

Barron, working on a two-round total of 137, blew to a 74 today, three-putting twice on the first nine and then skying to a three-over par 39 on the back side.

Hogan carded his 68 despite lapses that have hawked him for two weeks.

Other par-breakers were Ray Hill, Craig Wood's aide at Mamaronock, N. Y., whose 68 put him one shot ahead of his bet at 214; Leonard Dodson, whose 68 boosted him to 218; Jim Ferrier, the Australian, whose 69 totaled up to 216; and Ralph Guidahl and Safmy Byrd, who had 70's. The Biltmore Forest country club's par 71 took the worst beating it has ever undergone. Other scores included: Henry Picard, Oklahoma City, 140-72-212; Ky Laffoon, Miami, Okla., 145-71-216.

Including government benefit payments, the total cash income of U. S. farmers in 1940 amounted to \$9,094,000,000.

The width of the main stream of the Amazon river, in South America, is from four to six miles.

## LeFors Boxers Win Seven Fights And South Title

### Rice-A & M Game To Be Played In Houston In 1942

HOUSTON, April 4 (AP)—The 1942 Rice-Texas A. & M. football game, slated for November 14, was transferred from College Station to Houston, it was announced today.

The change was made because of restrictions on tires and automobiles, Emmett Brunson, business manager of athletics at Rice, said.

The schedule:  
October 3, LSU, here.  
October 10, Tulane in New Orleans.  
October 17, North Carolina in Chapel Hill.  
October 24, Texas, here.  
October 31, Texas Tech, here.  
November 7, Arkansas at Fayetteville.  
November 14, A. & M., here.  
November 21, TCU, here.  
November 28, Baylor, here.  
December 5, SMU, here.

**Wheeler Track Team Promising**

Special To The News  
WHEELER, April 4.—Coach G. T. Phillips of the Wheeler High school track and field team believes he has some boys who will make other teams shoot the works in the district meet in Shamrock April 18.

Coch Phillips took some of his boys to the Fort Worth Pat Stock show track and field meet and Glenn Robinson qualified for the finals in the 220-yard dash but was nosed out. Bill Cosper placed fourth in the finals in the 880-yard run after drawing last position, and Junior Pennington failed to get in the finals.

The track and field squad consists of 15 boys, entered in nearly every event. Shamrock is expected to be the toughest foe.

Members of the team include Olie Burton, Bill Cosper, F. B. Craig, Clifford Farmer, Harry Garrison, W. A. Goad, Glenn Hale, Odus Hooker, Jim Johnson, Lowell Pennington, Dory Red, Charles Riley, Glenn Robinson, Warren Schattenberg and Hiram Whitteer.

The most beautiful birds in the world have hard and displeasing voices.

### In Major League Training Camps

FORT WORTH, April 4 (AP)—J. R. Morley and Ben Parrish, Fort Worth right-handers, stopped the Dallas Rebels with six hits here today and the Cats won an exhibition game, 5-2.

NEW ORLEANS, April 4 (AP)—Charlie Brumbeale held the Houston Buffs of the Texas league to two hits here this afternoon while the Pelicans of the Southern association blasted out a 6 to 2 victory.

EL PASO, April 4 (AP)—The Pittsburgh Pirates turned back the Philadelphia Athletics, 3-1, in an exhibition game here today, but lost their speedy rookie outfielder, Johnny Barrett, who sprained an ankle while rounding first base in the sixth inning.

SAN ANTONIO, April 4 (AP)—The New York Giants, who have lost 16 of their 23 exhibition games with National and American league teams, stepped out of the majors for the first time this spring today and downed Memphis of the Southern association, 7-4.

FORT BENNING, Ga., April 4 (AP)—The Brooklyn Dodgers pounded a dozen hits off four pitchers today to beat the Atlanta Crackers of the Southern association, 8-3. Arky Vaughan's home run paced the Dodger attack.

TUCSON, Ariz., April 4 (AP)—Lee Ross and Johnny Rigney of the White Sox held their Chicago rivals, the Cubs, scoreless and let them down with four hits today as the Sox won, 3-0. The spring series now stands at four victories for the American league team and two for the National leaguers.

NASHVILLE, Tenn., April 4 (AP)—Johnny Lindell, rookie pitcher, walked three-run homer in the eighth inning today to help the New York Yankees crush the Nashville Vols of the Southern association, 10-1.

Lindell also hurled shutout ball the last three innings.

ORLANDO, Fla., April 4 (AP)—Buck Newsom defeated the Phillies 1 to 0 today.

Making his first start of the season with the Washington Senators, Newsom held the Phils to two hits in six innings and scored the Nat's lone run in the fifth.

Hi-Y Girls To Meet At WTSC April 10-12

Special To The News  
CANYON, April 4.—Two outstanding speakers on sociological and family life problems will be heard at the Older Girls' Hi-Y conference here April 10, 11, and 12.

They will be Dr. Grace Sloan Overton, who will be here to conduct Texas State college's annual conferences on marriage and family life, and Dr. Bernice M. Moore, noted youth panel leader and educational consultant. They will be brought here through the Hogs Foundation.

Dr. Overton is the author of many books and magazine articles. She has spoken in almost every state. Dr. Moore is a former journalist, teacher, and social worker who is best known for her ability to stimulate and guide young folk. Both speakers will lead discussion groups and grant personal conferences.

Seven Die In Crash Of Big Army Bomber

BRIDGE, Idaho, April 4 (AP)—A four-motored army bomber on a night flight from Ogden, Utah, to Boise crashed with terrific force near this Utah-Idaho border town, killing seven flyers and presumably an eighth whose body had not been found late today.

Wreckage of the huge ship was scattered over a wide area. First reports were that there were nine aboard, but Capt. R. S. Gibbs, Cowen field public relations officer at Boise, said clearance papers showed only eight.

The dead were listed by Gibbs as: Second Lt. James R. Walker, pilot; Second Lt. Albert J. Rich, co-pilot; Second Lt. Maurice Victory Bradley, Sgt. Hugh P. Jennings, Sgt. Henry O. Williams, Jr., Pvt. Joseph W. Koury and Pvt. Charley J. Gnetding.

time at the Panhandle-Plains museum and on field trips in this area. While here two years ago, he declared the local museum was remarkable in the completeness of many of its exhibits. He expressed a desire to study the archeology and paleontology of this section more thoroughly.

Count Prorok To Lecture At WTSC

Special To The News  
CANYON, April 4.—Because of the timely interest in the African battle scenes, the livestock committee of West Texas State college will bring Count Byron de Prorok, famous explorer, to the campus for a lecture on April 22 and talks to smaller groups on the following day.

The Count also will spend some

## Wrestling Makes Hit With Fans In Hot Bouts

Wrestling made a big hit with fans at the Pampa Junior High gymnasium Friday night when Coach Oscar Hinger staged the finals in his wrestling tournament, a part of the high school's extensive physical education program. Most of the bouts ended with the winner striding his opponent but some went the full time limit.

In the case of time decisions, the winner was the boy who had the advantage more than his opponent. A stop watch was kept on each opponent and the one who had the edge by the clock got the nod.

Coach Hinger acted as third man in the ring with Mac Best handling the watches. Each bout was scheduled to go six minutes.

Half and full Nelson holds appeared to be the favorite holds of winners although nearly every hold in amateur wrestling was used during the furious matches.

Results follow:  
85 pounds—Gene Alford pinned Charles Erickson.  
105 pounds—Junior Teague won by default from Bill Evans.  
115 pounds—Myrtle Looper won a time decision from his twin brother, Earl Looper. (At least that's the way the timekeeper scored the match although it might have been Earl who pinned Myrtle.)  
125 pounds—Kenneth Larz pinned Joe Bob Zimmerman and Keith Robinson won a time decision from John Hyatt.

135 pounds—Leonard Hollis pinned Charles Clemmons and Doyle Rogers won a time decision from Ernest Miller.  
145 pounds—Jack Morris pinned James Enloe.  
155 pounds—Bill Bell pinned Harry Kerbow.  
165 pounds—Jack Moorehead won by default from Floyd Allen.  
Heavyweight—Flint Bernh pinned Bob Sutton.

County Buys Lots For Warehouse

Gray county acquired a warehouse for the use of precinct 4 in an order passed by the county commissioners at their meeting Friday.

The order provides for the purchase of lots 14-20 in block 46, McLean, from Mrs. Laura Waters for \$975, with the county paying for a supplementary abstract and the 1941 taxes.

A large building on the property will be converted into a warehouse, to serve precinct 4, comprised of the southeast portion of the county. Graders, maintainers, and tractors, when not in use, will be kept at the warehouse, along with such supplies as lumber, sheet metal, cements, gasoline, and oil.

## Spring Training Begins For Reapers; Prospects Promising

Spring training for the Pampa Junior High Reaper football team is under way and Coach C. P. McWright is optimistic. He has a bunch of promising looking boys, including nine lettermen, from last year's team which took second place in the Panhandle Junior High league.

Coach McWright has a squad of 42 boys in uniform. Most of them are up from last year's Peeeweet teams coached by Dick Livingston, now a physical instructor in the United States navy, and Bob Carter. Several boys will be playing new positions this season because of top-notch lettermen filling their favorite spots.

The Reapers should have more weight than last year but will not be as experienced. Missing will be the star backfield and most of the linemen.

Lettermen available this season will be Charlie Hatcher, fullback; Dee Griffin, Russell Neef and Kenneth Beasley, halfbacks; Randall Clay and Charles Beard, ends; Donald Row and Charles Schultz, tackles; and Jackie Dunham, center.

Although Coach McWright hasn't decided on a starting lineup, freshmen who are look exceptionally strong include Troy Hopkins, last year's fullback for Bob Carter's team but now working at a guard slot, Billy Washington, last year's Dick Livingston's ace fullback, Jimmie Terrell, now being used at guard, Don Humphries, converted from halfback to guard, Steve Seitz and Ardele Seeds, tackles, J. W. Winborne and Charlie Boswell, centers, Earl Davis and Laddie Mayse, ends, Billy Gething and John Lindsey, backs, and others.

A new development by the Forest service, known as a "haze-cutter," improves sight conditions for forest fire lookouts.

Lloyd Russell Named Head Coach At NTSTC

DENTON, April 4 (AP)—President W. J. McConnell said today that Lloyd Russell, former Baylor backfield coach, has been named head football coach of North Texas State Teachers college.

Russell also was at one time athletic director at St. Mary's college of San Antonio. He will take over his new assignment July 16, but will look over his material for next season before then.

Russell succeeds Jack Sisco, called to active duty with the navy last month.

The new coach was an all-conference quarterback at Baylor and leading conference scorer in 1936-37. From 1937 he served four years as Baylor's coach. He has played pro football.

What price fame? Clamoring for autographs, a gang of youngsters crowded into the New York Yankees' dugout here today. "Sign this, Joe!" the kids demanded.

The silent, middle-aged fellow obliged, signing "Joe McCarthy."

"Hey, Joe, you didn't put down your right name! I wanted Ed MacGiggle," protested one little fellow. "McCarthy, manager of the world champion Yankees, just smiled."

COME TO PAMPA'S ARMY DAY CELEBRATION TOMORROW!

# MONDAY APRIL 6th IS ARMY DAY

This day is set aside each year to pay tribute to the thousands of American boys who gave their lives in the first World War. But this year, Army Day takes on a new meaning. Again our boys are being called upon to defend this grand, free country of ours and marching in the parade tomorrow will be a company of troops from our new streamlined Army. Attend the parade and show your patriotism by saluting the flag the country it represents and the boys who are fighting to defend it.

Southwestern PUBLIC SERVICE Company

SIDELIGHTS

(Continued from Page 1)

nearest camp to be part of the parade, also American Legion members, VFW men and civic groups, also the Texas Defense guard...

There was more to that letter which was published Wednesday, March 25, in People You Know.

On the following Monday what Mr. Wilson noted got under Bill Fraser's skin so much that he called a meeting of his Good Will committee and then everybody did just what Mr. Wilson suggested.

Members of the Pampa unit of the Texas Defense Guard will act as guides and traffic officers when the army unit arrives this afternoon and when it departs Tuesday morning.

It is suggested that people who will ride in cars in the parade get Scotch tape which is invisible to stick the placards on their cars.

Placards have been printed for several boys on Bataan and Corregidor whose relatives will be unable to march or ride in the parade due to the fact that they must work.

Practically everybody has been asking if people who ride in the parade will be able to see the army unit parade in its entirety.

Mrs. L. E. Twigg of LeFors has received a letter from her son Billy Twigg who has been on Corregidor since the war began.

The Red Cross will serve homemade cookies and lemonade to the soldiers when they arrive Sunday afternoon at the high school.

Familiar episodes of the last World War will be re-enacted on a float in charge of Mrs. H. H. Helskell.

Scores of school students will carry huge pictures of General MacArthur, the hero of Bataan and Corregidor in the parade.

All kinds of car stickers and army posters are available at the army recruiting office basement, and people, including those who will ride in cars in the parade, are invited to obtain these stickers there.

Pampans who wish to invite soldiers to supper should contact the committee at 7 o'clock tomorrow night at Harvester park, where supper assignments will be prepared.

Wheat In County Off To Good Start

Wheat in Gray county is getting off to a good start; plants are thickly, well rooted, and of good stand. In fact, the stands are too thick due to an abundance of volunteer wheat that has not been killed.

Moisture conditions are good throughout this part of the state, subsoil supplies being unusually abundant, and farmers are enthusiastic over the outlook.

THOSE BOYS

(Continued from Page 1)

bombers, the anti-aircraft gunners swelled their score to 17 officially reported to have been destroyed since the latest phase of the hammering of the Manila bay forts opened on March 24.

On the nearby Bataan peninsula, the American-Filipino forces braced for a renewal of the Japanese offensive amid signs that another savage attack was imminent.

For three hours Friday afternoon the Japanese said, Japanese light and medium artillery laid down an intense barrage which appeared to be preliminary to a new major assault, but the attack failed to develop.

The heavy fire led to the belief that the enemy had shifted from the south shore of Manila bay a number of medium caliber siege guns which had fired for weeks on the bay forts without decisive effect.

Mr. Gordon Howard Buckingham, J. L. Wells, Harold C. Johnson, H. E. McCauley, Sherman White, D. B. Altman, Jr., Jeff Bearden, H. B. Stanley.

Mrs. Margaret Dial will carry the Red Cross flag in the Army Day Parade. The Pampa Chapter will represent in the parade its work dealing with the armed forces.

The Hutchinson County Chapter of the American Red Cross has been asked to take part in the parade with the Pampa Chapter.

Mrs. Hugh Cypher, executive secretary and home service chairman of the Hutchinson County Chapter, will come and bring her staff assistance chairman, Mrs. Sarah Bishop, and Mrs. F. R. Kurlish will represent the motor corps.

It must have been lonely for a LeFors sailor when his fellow "gobs" talked about going home on furloughs, for he had no relatives living in Gray, other than an aunt.

He won't be forgotten in the Army Day parade tomorrow though, when not only soldiers, but sailors, marines, and air corps men will be honored.

E. T. Autry of LeFors enlisted in the navy in 1929, and in the days when there was to be "peace in our time," according to a statesman's vain hope.

He was reported missing in action when the sneaking Japs rained bombs on the U. S. S. Arizona at Pearl Harbor on Dec. 7.

Lawrence T. Jones of LeFors, McLear, wrote The Pampa News: "Enclosed you will find blank completed as instructed for placard. We would like for you to print one in honor of E. T. Autry."

"Also, please print one card honoring the three Denton brothers, formerly of Deenworth: Richard J. Fort Bliss; Ed, Camp Wolters; and Jack, Puerto Rico. These boys have no relatives here but some of their friends will gladly carry the placard."

Every member of Company D, Texas Defense Guard, is to report at 11:30 o'clock this morning at the high school.

The company will station sentries along the line of march of the battalion of soldiers from Camp Berkeley, Abilene, who will arrive in Pampa tomorrow afternoon.

Practice in forming guard details to control traffic along the soldiers' route was held at the company's drill Friday night.

Details were assigned to various sectors extending from the high school building to LeFors, the men stationed, and a practice conducted under the supervision of Second Lt. Dan Kennedy, officer of the day, and First Sgt. Paul Blankenburg.

A parade marching drill, held on the streets adjoining the high school campus preceded the posting of guard details.

Further instructions on the part of the local company in the Army Day parade tomorrow are to be given when the company assembles today.

During this week, the company will also be preparing for the trip to the rifle range near Canyon to be made next Sunday, April 12.

Materials and supplies will be gathered, ready for an early start to the range.

BUY VICTORY STAMPS The world has 5,000,000 acres of land devoted to the growing of fiber flax. The United States devotes 5,000 acres, mostly in Oregon.

BUY VICTORY STAMPS The dough for sturdier, European descent, is stretched, until it is as thin as tissue paper and nearly transparent.

AT FORT ARAS is George W. D. Jones, 23, the cavalryman pictured above. Before entering the army he worked for a short time for the Dunigan tool & Supply company here. George is the son of Mrs. Stella Jones, 400 N. Rider, has one brother, Raymond Gadberty.

Father of the boys died several years ago. George is in training at Camp Sealy Calif. He lived in Pampa four years before joining the army on November 7, 1941. Born in Barron, Okla., he came to Pampa from Colcord, Okla., attended last two years of high school here.

MAYBE HE'S IN IRELAND, maybe Australia—relatives of Claude C. Johnson, 23, above, know that he sailed from a Pacific coast port on January 11. Claude is in a technical division of the army air corps. He enlisted in July, 1940. Claude attended school at LeFors, was a Boy Scout, and attained the highest possible rank, that of Eagle Scout. He is the son of Mr. and Mrs. R. M. Johnson and was born in Douglas county, Mo.

Nearly Car-Load Of Scrap Collected

ICKES ORDERS

(Continued from Page 1)

Nearly a car-load of scrap metal was piled on the Junior High school campus this week-end, awaiting final disposition Monday, when the committee headed by Charlie Lanika meets with scrap metal dealers.

Friday afternoon the committee attempted to have three dealers present to take bids on the metal but was unable to contact two of the retailers.

Most of the metal collected was of light weight, according to C. K. Trease, a member of the marketing committee of the Salvage For Victory campaign, conducted during the period April 1-5 in the Pampa schools.

Students collected scrap metals, brought them to school, then trucks hauled the metal to a central depot on the Junior High school campus.

The metal is expected to be moved to junk dealers tomorrow and proceeds given to the emergency relief fund of the Pampa Civilian Defense council.

Tom Herod, assistant principal of the high school, said Friday he wanted to thank the high school boys who devoted a portion of their holiday to working on the trucks.

He also thanked the city and county for providing trucks, George Hancock, city school custodian, County Commissioner John Haggard, and J. C. Prejan, Pampa High school coach.

Coach Prejan worked right along with these boys in collecting the metal: Leroy Thomas, Floyd Allen, Bob Edson, Bobby Myers, Billy Joe Kuehl, Billy McNeill, Dick Manry, Bill Bled, and Charles Benefield.

Oilmen Give 1,200 Tons Assistant Principal Herod said that 26 truck loads were collected and dumped on the Junior High campus.

C. K. Trease, who is chairman of the county's unit of the petroleum industry to collect scrap metal, said that his organization (separate from the Salvage For Victory campaign) had collected 1,970,425 pounds or 985 tons of scrap metal in the period extending from the latter part of January to March 26.

From that date until the present the total has been raised to 1,200 tons. A major portion of the grand total has been shipped, Chairman Trease said.

BUY VICTORY STAMPS name of Charles Peter Wisotzky, alias Charlie Peter West, alias David Walton Fell, the defendant asserted his name had been changed legally to West in Chicago two years ago. He was born C. P. Wisotzky, he said.

Wisotzky defended by suggestion his 15 month masquerade at the medical branch.

"Wisotzky or Fell?" he asked. "What's the difference?" He said he had an "loyalty" to the university and felt the medical school has "the possibilities of becoming one of the finest schools in the country."

"Whatever I've done," he said, "I did it because I didn't want to bring scandal upon the university. I was hoping the matter would be settled without scandal, but I see it wasn't."

Wisotzky said his tenure at the school lasted from September 20, 1940, to December 23, 1941. He served in the pathology and physiology departments, he said, and had received a promotion and an increase in salary while on the faculty.

His imposture was discovered and he was released. The subject of it formed considerable part of the testimony of a state house legislative committee, which recently investigated the school's administration.

The one-time University of Chicago medical student declined to reveal what prompted him to undertake his masquerade.

"That's a long story," he smiled. "I admitted he had no medical degree and that he had not taught before entering the university under the pretense that he was Dr. Fell. A Dr. David Fell, renowned British surgeon, is believed to have died in the Spanish Civil war."

The youth said he had never met the real Dr. Fell. "I don't know anything about him."

Flanck Galtman will speak tonight at the McCullough Methodist church in place of the Easter pageant which was announced for this service.

Jerry Thomas, a student at the University of Texas, is spending the Easter holidays with his parents, Mr. and Mrs. S. S. Thomas.

Miss Shirley Gausser of Fort Worth is visiting with Miss Bonnie Lea Rose during the Easter holidays.

Miss Maurine Wilson of Roswell, New Mexico, is a holiday guest of Miss Marie Farrington.

Dr. Catherine Hollings Johnson, Mr. and Mrs. Thomas Hollings and Mrs. O. H. Gilstrap, have returned after spending two weeks in Hot Springs, New Mexico.

ARMY PARADE

(Continued from Page 1)

Units will be set up for bicycle riders. A fast-riding, hard-hitting tank destroyer battalion will show its wares in Temple, Gatesville, McGregor, Moody and Belton. This unit, the seed of others to follow will Camp Hood in Central Texas, has already started training although the camp is not complete. The tank destroyers are in bivouac on the site.

San Antonio, always service-conscious, got a fresh look Saturday at a veteran combat unit as the longest Army Day parade in the history of that military center moved through the downtown section. Mechanized equipment, manned by tanned, grim-faced soldiers passed in review before ranking army officials and local authorities.

Much of the equipment was of a type viewed for the first time by the public. Bombing planes will feature the show at Midland, where the army is training bombardiers. At Dallas, detachments from the Iowa cavalry will participate in a parade and demonstration of drilling and fighting. Defense guardsmen, at their civil jobs, will wear their uniforms.

At Camp Bowie, a formal retreat formation will be staged by enlisted men who have been in service for only a few weeks. The army announced, Lt. Col. Frank P. Stubbs, commander of the infantry training units of the 31st division, said the exercise will reveal the rapidity with which recruits are trained in the process of transforming civilians into soldiers. The camp at Camp Bowie, closed for months to all civilians except those on accredited business, will be thrown open to the public.

Sheppard Field, the world's largest air corps technical school, near Wichita Falls, will be open for public inspection. Col. E. C. Black, post commander, said. Soldier-guides will conduct visitors through hangars, shops, class rooms, mess halls, a sample barrack, chapel, and recreational buildings. Cameras will be banned.

The scores of other air fields and army posts are not letting the opportunity pass to put their best foot forward.

An aerial review and parade will feature the day at Foster Field, Victoria. Masses of planes will overfly the field at the gunnery and

Easter Services To Be Conducted At Baptist Church

The congregation of the First Baptist church will observe Easter Sunday in the traditional Christian manner with the resurrection of Christ the central theme of sermon and song.

A vested choir of 40 voices will open the 10:50 a. m. worship service with the professional "Christ the Lord is Risen Today" from "Lara Davidica." After the customary praise service, the choir will sing Holton's "Now is Christ Risen" in which Don Egerton will be the featured baritone soloist. A piano duo by Ken Bennett and Miss Maxine Holt will be presented as the offertory. The anthem, "He Lives Again," with tenor Arthur Nelson taking a solo part will be one of the musical features of the musical program.

Following the Rev. H. Paul Briggs' sermon, "If Christ Had Not Risen—What?" the choir will conclude the service with the spirited anthem, "Easter Song of Praise," by Norman.

As the morning service so the 8 p. m. service will carry out the resurrection theme. The choir will present additional Easter music along with the girls quartet singing numbers presented before the District 10 Baptist convention which met in Amarillo last Thursday and Friday.

Arthur Nelson will conduct the congregational singing and Mr. Briggs will speak on "The Wonderful Christ."

At Arledge Field, Stamford, cadets will go right on working while parties of visitors in the hands of soldier guides will see them in action first hand.

The celebration at Camp Wolters will be highlighted by two regimental parades and public demonstrations of the art of infantry combat. This will be featured by firing of rifles and automatic rifles, revolvers, mortars and 50 calibre machine guns. Parades will be held at 11 a. m. and 5 p. m.

# Tax Program Expected To Be Rejected

By DONALD A. YOUNG  
 WASHINGTON, April 4 (AP)—House ways and means committee predicted today that many of Secretary Morgenthau's revenue proposals would be rejected when the committee draws a new \$7,610,000,000 tax bill.

"About the only thing the committee seems willing to accept right now is the amount," two members said. Morgenthau had recommended the \$7,610,000,000 increase over this year's record breaking revenue law.

Completing exactly one month of hearings on the treasury department's recommendations, Chairman Doughton (D.-N. C.) said that closed-door sessions on the new tax bill probably would begin about April 20. There seemed little possibility that the measure would reach the house before June 1.

A survey of the committee members indicated that if votes were taken today the administration program would fare as follows:

Morgenthau's recommendation against sales tax: a clear majority favors either a manufacturers' or retail sales tax, in order to be able to scale down Morgenthau's request for steep increases in both individual and corporation taxes.

\$3,200,000,000 more from individuals: cept as a last-ditch source of revenue, such a program would be rejected on the ground that it would double the average individual's tax so closely upon last year's trebling

of income taxes. \$3,000,000,000 additional from corporations: much too high, what with combined normal and surtaxes starting at 55 per cent, and excess profit rates ranging up to 75 per cent; rates appear to be almost confiscatory, some members declare.

\$1,244,000,000 from new and increased excises: rejected if a sales tax is adopted; otherwise accepted for the most part, but only as a temporary, war measure. Major revenue would come from increases on distilled spirits, a doubling of the present cent and one-half tax on gasoline, and on cigarettes.

Compulsory joint individual income tax returns by husband and wife: acceptable as a war measure, with prospect that it would attract more votes than last year when it was defeated in the house after winning committee endorsement.

Taxation of state and municipal securities: probably would be rejected because of the effect on outstanding indebtedness and on future security flotations.

Elimination of the present so-called percentage depletion allowance for oil well operators: opposed because it might interfere with maximum production of petroleum.

Withholding income at the source as a means of collection: opposed on the ground that the average person would prefer to make his own plans to meet his tax payments next March 15.

# 100,000 Youths Being Trained For War Effort

(By The Associated Press)  
 AUSTIN, April 4 (AP)—Approximately 100,000 Texas youth and adults are being trained for the nation's all-out war effort in public schools and night classes, James R. D. Eddy, director of the national defense training program, disclosed today.

Eddy estimated that metalwork, mechanics and woodwork courses will have turned out 120,000 trained men by July 1 as compared with 79,000 during the last fiscal year.

Public schools, he asserted, were responding whole-heartedly to suggestions they inaugurate courses of all types to train workers to war needs.

To date, 25,930 trainees have been enrolled in supplementary defense classes, 30,491 have taken pre-employment courses, 24,414 have attended out-of-school-youth program courses, approximately 2,900 N. Y. A. youths have engaged in training courses and currently there are 22,867 workers enrolled in regular national defense classes.

The director reported that public night schools over the state were accommodating increased enrollments.

Some training centers, he continued, had net enrollments of nearly 2,000 workers in February and figures from other schools indicated monthly enrollments were nearing the 1,000 mark.

Reports from Texas cities showed that the number of enrollees in municipalities varied from 15 to nearly 3,000 while the number of defense classes offered ranged from one to 200.

In February, the San Antonio public school system reported 2,761 defense course trainees, Houston public schools had 1,758, Corpus Christi schools were training 1,475 workers for war industries and the Dallas school system enrolled 1,358.

Other school systems training large numbers were Fort Worth with 685, Arlington with 248, Beaumont with 234 and El Paso with 151.

The trainees were selected by the United States employment service on qualifications determined by war industry employers who place men at jobs immediately on completion of the courses.

# WAVELL

(Continued from Page 1)  
 "several million" newly-trained reserves were reported moving up to battle stations, to give the Red army a mass of 7,000,000 fighting men pledged to hold the hard-won initiative and block any attempt at a Nazi spring offensive. As a further shield to any such offensive, threats set in all along the front, leaving friend and foe alike bogged down in one vast sea of mud.

Britain—The RAF, lashing out in its own spring campaign with increasing forces of bombers and fighters, hinted broadly that the past week's assaults on Nazi industries and key defenses are merely a beginning. Even in daylight yesterday British squadrons roared across the channel in sky-darkening swarms, losing 11 fighters in bitter dog-fights but taking a toll of at least five Nazi aircraft in fulfilling the objectives of their raids.

The Philippines—The sharp-eyed gunners of Corregidor fortress, the hard rock of Manila bay, blasted at least two more Japanese bombers out of the skies, to boost their score to 100. The Japanese were downed in a rate of better than one day. Even the enemy's use of new exploding incendiary bombs failed to daunt the fort's anti-aircraft crews.

There was some indication, however, that Lieut.-Gen. Jomathan Weingarten's forces may be called on to face another stern test of their indomitable courage. For on Bataan enemy batteries, apparently reinforced by big guns newly brought into position, levelled a heavy fire, the type of barrage which usually precedes an all-out offensive.

On the major battlegrounds, only in Burma was the situation grave without relief. That was so chiefly because of Japan's recently won aerial superiority, which enabled her to carry out a daring and to keep the British imperial troops which earlier this week withdrew to the north of Prome under consistent bombardment.

There was nothing of a decisive nature on either of the two chief European land fronts.

In Russia, after several days of comparative quiet, both Berlin and Moscow reported a heightening tempo of action throughout the northern sectors, while a British military commentator acknowledged that the Nazis were waging "very hard" counter-attacks in their efforts to stall the Soviet armies which, while slowed down of late, still cling stubbornly to the initiative.

In Libya there was only patrol activity, with the loss of three more ships—the airplane tender Langley, the destroyer Peary, and the tanker Pecos—at a cost of probably 700 lives. But against this was the recaptulation of warships launched since Pearl Harbor—16 destroyers, one battleship, two cruisers, two aircraft tenders, and a number of other vessels, and the destruction of 28 Axis submarines off the American coasts.

BUY VICTORY STAMPS—  
 The mous Camp Barkeley band of 30 members.

The army will arrive here today about 1:30 p. m. and will encamp at Harvester park. They will be met on a highway near Pampa by a committee headed by D. H. Coffey and escorted to town.

As soon as they arrive here the soldiers will be served lemonade and cookies by the Red Cross. After the parade tomorrow night they will be guests in Pampans' homes. Their hosts and hostesses will then drive them to their favorite entertainments down town or back to camp.

Pampa telephones were ringing constantly yesterday as Mrs. F. E. Leech's committees telephoned church members to invite soldiers to their homes for supper Monday night. It is estimated that practically all the soldiers will receive invitations, and the camp will be almost deserted. "A soldier in every home" was the slogan of Mrs. Leech's committee.

People who want to entertain soldiers for supper are asked to telephone 1044, but it will not be necessary to telephone in order to take a soldier home for supper. If you come to the high school at 5:30 clock Monday you will get your boy in uniform.

W. T. (Bill) Fraser, chairman of the good will committee who took the lead in making plans for Army Day, declared today that the parade positively would start on time. All persons in the parade are asked to be on hand at 1 o'clock to line up.

Persons are asked to telephone the gas company, No. 2100, for any information on entertainment for the soldiers.

 of Hill, Mrs. Alice J. Hill, resides in Cuckoo, N. M.

During the early stages of the attack on Pearl Harbor two destroyers at a drydock were set afire causing the explosion of magazines, depth charges and torpedoes that knocked the marines from their feet on several occasions. It added that although they were exposed to enemy bombardment and surrounded by the fumes and heat of burning oil, these marines, seeing that the battleship was endangered as it stood adjacent to the destroyer, stood by their fire-fighting post until the flames were out.

# Cabot Credit Union Members Purchase \$10,841 In Bonds

The Cabot Credit union and individual members have purchased a total of \$10,841.50 in defense bonds and stamps during the first three months of this year. This is not the full total, however, because several members made purchases from other sources.

The union purchased \$4,000 in bonds out of surplus funds and individual members bought the balance through the union. It is estimated that \$1,000 in bonds and stamps were bought outside the union.

The Cabot union is composed of 250 members.

BUY VICTORY STAMPS—  
 WTSC Opens Annual Photo Exhibition  
 Special To The NEWS  
 CANYON, April 4—The best in Panhandle pictorial photography is on display at the Panhandle-Plains museum.

The photographs will remain on the walls of the art room through April 15.

While the exhibit is smaller this year, the quality is high and the range of subjects is broad. It is the fourth annual show at the museum. Miss Isabel Robinson, head of the department of art, and Olin E. Hinkle, director of journalism, are the sponsors of the event.

BUY VICTORY BONDS—  
 There are at least 60 stairs to every human being on earth.

# Skilled Workers To Be Sent To Panama

Skilled workers, architects, engineers and draftsmen are needed for employment at the Panama Canal. Armature winders, boatbuilders, marine boiler-makers, blacksmiths, instrument repairmen, machinists (marine and general), marine pipe-fitters, joiner-cabinetmakers, riveters, riggers, sailmakers, shipfitters, shipwrights, sheetmetal workers, electric welders and wiremen are paid \$1.48 an hour, and copper-smiths (marine), \$1.52 an hour.

Appointees will be paid on the basis of 40 hours per week, plus time and one-half for all time over 40 hours. Associate naval architects, at \$333.33 a month, assistant marine engineers, at \$270.83 a month, chief engineering draftsmen, ship-hull, at \$270.83 a month, principal engineering draftsmen, ship-hull, at \$239.58 a month, and principal engineering draftsman, ship machinery at \$239.58 a month are also needed.

The maximum age limit for all positions is 55 years. Applicants must be citizens of the United States and must be able to furnish proof of such citizenship, with proof of date of birth, before appointment.

Appointees will be furnished free transportation to the canal from the point of embarkation and will be furnished free first-class railroad transportation and pullman accommodations from their homes to the point of embarkation. The total cost of room and board should not exceed \$50 or \$60 a month. No dependents may go with appointees.

Persons qualified for any of the positions listed above should contact the secretary of the local Civil Service board at the post office in any first- or second-class post office, or the Manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana.

BUY VICTORY STAMPS—

An Independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics.

PLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

The Most Welcome Visitors Pampa Has Ever Had!

The fate of the nation once more depends upon its arms and the men who bear them, and when that simple but awe-inspiring statement sinks in, one can only say that he is utterly thankful for the men who will win this war with our mighty arms—and always will be thankful.

So it goes without saying that every Panaman will never let that truth slip out of his consciousness for a single minute while the troops from Camp Barkeley are in Pampa.

They and the people who will come here Monday from the Top O' Texas are the most welcome visitors Pampa ever had!

Every Panaman has already decided to make himself a committee of one to show every courtesy, every honor to the visiting troops.

Pampa is honored past all flattery, all praise, by having the troops visit Pampa. Let's treat them as we would our own sons, own brothers, own husbands, own grand-children but why give advice like that? Already it has become evident that Pampa is opening its great and loving heart for the boys from Camp Barkeley, and let's keep it open as long as they are here.

Protected Family Budget

"Food Marketing in New England," a publication of the First National Stores, recently said this: "The fewer the handling and transactions between farm and consumer's table—the lower the cost of marketing. The less storage and processing—the lower the cost of marketing. The better the jobs of wholesaling and retailing—the lower the cost of marketing. The less speculation—the lower the cost of marketing."

This indicates the way in which mass distribution, as carried on by chain stores and organized independent stores alike, has steadily and progressively cut marketing costs. It has been done with manufactured goods—clothing, hardware, home equipment, etc.—no less than with foods. The whole idea has been to reduce the "in-between" spread—to constantly narrow the difference between what the producer is paid and the consumer is charged. Unit profits have been cut to the minimum—the percentage of the consumer's dollar retained as profit is often less than two cents.

In normal times, work such as this steadily better the general standard of living. In these abnormal times, it is indispensable to protect our standard of living. Super-efficient retailing cannot prevent price increases, which are caused by conditions completely beyond its control. But it is minimizing them.

The Nation's Press

KEEP PUNCHING (Memphis Commercial Appeal)

Reports from here, there, and everywhere in the United States are that mounting thousands of American citizens are sitting down, taking pen, pencil, or typewriter in hand, and writing letters to the members of Congress. These plain folks are saying just about the same thing: namely, that they want Washington to wake up and realize that there is a war on. They want strikes and lockouts stopped. They want the war effort speeded up. They are tired of seeing their money wasted by do-gooders who are chasing the phantoms of social gains. They are weary of double homes, highbrows, bleeding-hearts, and educated fools in places that call for men with the God given gift of common sense polished and improved by days and years of hard work and practical experience. To all those folks we say: "Keep punching. Your fight is a righteous patriotic one, and, unless you win it, the United States can lose this war."

THEY WANT US TO PRAISE INCOMPETENCE

(Chicago Tribune)

Well informed observers in Washington—among them Mr. David Lawrence—were forecasting an offensive last week. They were talking not about a military operation against the country's enemies but about a campaign of vilification directed against those Americans who have ventured to demonstrate that the conduct of war to date leaves much to be desired.

No attempt was to be made to refute the evidence of incompetence in the higher reaches of the bureaucracy. Instead, those who have exploded evils and sought their correction were to be accused of dividing the nation, hampering the war effort, aiding the enemy, etc., etc. Such an attack was calculated to divert public attention from the deficiencies of the administration.

This is an old game which sometimes works. As many a slyster has said, when the case for the defense is weak it's a good idea to denounce the prosecution. The forecast that this would be the line taken appears to have been correct. Spokesmen for the administration have already started upon their course of denunciation and have directed much of their fire upon The Tribune.

Among those who have joined in the hue and cry is the New York Herald-Tribune, which might have been expected by those who don't know very much about the Herald-Tribune to show better sense. That newspaper says that we are blanketing "great areas of the middle west with every sort of suspicion of the government" and asks its readers to believe that we have hampered the prosecution of the war. Herald-Tribune didn't bother to inquire into the facts. Had he done so, he would have found that the area in which The Tribune is the dominant newspaper is in the forefront in enlistments, in subscriptions to government loans, and in every other significant aspect of the war effort—the place where the middle west has always held its own in national regard. The people of the middle west do not appear to be horseshoed into loyalty to their country.

Common Ground

By R. C. BOILERS

"I speak the past-word principle. I give the sign of democracy. By God! I'll accept nothing which will not have their counterpart of on the same terms." WALT WHITMAN

A NEW DEALER ADMITS HE IS A COLLECTIVIST

A reader who says he is a New Dealer admits that he is a collectivist. The same reader attempts to list organizations that he claims are collectivist. He says the Merchants and Manufacturers Association is a collectivist organization.

Evidently, he does not know what collectivist really means, if he thinks the Merchants and Manufacturers Association is a collectivist organization. It is not, because it is a voluntary organization. It cannot set prices and restrict production by the force of police power, as a collectivist state can do.

The same reader even is so confused as to say that Christians are almost entirely collectivist. He does not seem to differentiate between Christians and church people. No Christian is a collectivist because the very crux and foundation of Christianity is respecting the human personality of every other soul which collectivism, socialism and New Dealism does not do.

And, even so the churches, as unChristian as many of them are, are not collectivist because it is a voluntary organization rather than a coerced and forced organization.

Collectivism, as operated by the New Deal, is a compulsory organization that does not respect the rights of the individual. It is undemocratic and unChristian for this reason.

The same New Dealer justifies his belief in collective bargaining and the New Deal because some other groups have established private laws. He seems to think that one wrong justifies another wrong; that two wrongs make a right.

It is true, of course, that very few people respect the inherent rights of other people. So it is too true that most people are collectivist to that extent. Jesus realized this when he said, "Wide is the gate, and broad is the way, that leadeth to destruction, and many there be which go in thereat; because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it." The way is wide that permits collectivism to enter. The way is narrow that leads to true democracy or to Christianity.

So most people are collectivist instead of Christians and real democrats.

It is folly for this reader to contend that he is at heart a Democrat or a Republican. He is a socialist, a near communist, a collectivist of the most dangerous kind. Real communism is not dangerous, because few people believe in dividing up the fruits of their own labor, but these "parlor pinks," who would rob the producers by the mere majority-rule-vote route, are the men who have brought this country to the plight it is in today. They are the men who brought France to the position it is in today.

For a collectivist to call himself Christian, or a Democrat, or a Republican, is to use words that belie their meaning. Collectivists are infiltrating the real Democrat and Republican parties. They are boring from within as they did in France. They are our worst enemies.

"MONIES STILL IN THE COUNTRY"

A pensioner writes, suggesting that the pensioners are entitled to their pensions because the money they earned is still in the country, even if someone else has it. He would leave the impression that the wealth they created and consumed was still in the country.

Of course, the money is still in the country but they have consumed the wealth they produced. And every dollar's worth of wealth that they now consume must be consumed at the expense of someone else's sacrifice of what they produce.

If every one had consumed all they produced as the pensioners have done, there would be no tolls and 99 people out of every 100 would starve to death.

It is too bad that so many people are confused on the meaning of money and wealth. One cannot eat a cake and still have it, as too many of the pensioners seem to think.

SLIPPERY INDIVIDUALS

As one discusses the question of rules and laws that will better the welfare of mankind with New Dealers, he invariably finds them to be slippery; that is, they will not stick to a subject. They evade, dodge and change the subject. This is the only possible way a New Dealer can carry on a conversation. If he would stick to the subject under discussion, he would find that he was contradicting himself. So the only way he has of avoiding this embarrassment is to change subjects by making some other non-related accusation or to be too busy to discuss the subject further.

The people who are not slippery are those who are advocating eternal, ever-lasting principles. They need not change the subject because their principles never change, as the schemes of the New Dealers change from day to day.

They are strong enough in their faith to hear the truth. They know that the succession of reverses which began with Pearl Harbor has its causes and they want to know what is wrong because only that knowledge can prevent further disasters.

We are in a war and the vast majority of the people of the middle west—and no doubt of the rest of the country as well—know that for Americans it is an American war. It is going to be fought to a victorious end for the good of America and not for any other country. Some few people do not share this view. Along the eastern seaboard, in particular, there are a number of millionaires with sisters or daughters married into the British aristocracy, who appear willing to sacrifice this country to the hands of their choice. Prominent among this is the proprietor of the Herald-Tribune. His sister is married into the British aristocracy and his mother spent most of her declining years in England.

The seaboard millionaires don't care what happens to Australia because there isn't a society person to be found in the whole continent. Hawaii is likewise of small consequence in their thinking because it is inhabited by the descendants of missionaries. Western Canada deserves no particular attention because it is peopled by commoners and even our own west coast can be forgotten because it does not contain a single earl's brother-in-law.

The Herald-Tribune is a hygienized newspaper in more than the typographical sense. Its patriotism is diluted with sea water. Because of that fact, it can join in the abuse of those who are single-minded in their devotion to America.

He walks at liberty who is obedient to law and responsive to equity.—(Liberty, a magazine of Religious Freedom)

THEY WISH THEY HAD YOUR CHANCE TO FIGHT THE AXIS

People You Know

By Arch Fullingim

Have you noticed that it has been spring in Pampa? The dazling pink beauty of peach trees gives a lift to the heart, and tells you that spring goes on and on and never dies. Even the Easter hats are sort of glorified in the rare and intoxicating atmosphere of springtime.

The wheat never looked any better. Some fields are still so wet from the rains of last year and the snows of this winter that farmers can't plow them. The Panhandle oil situation took a turn for the better for the first time yesterday. Maybe better turns for the oil industry are ahead. There was a show at the LaNora Friday night that got one's mind off of things.

It was Doug Fairbanks, Jr., in the Corsican brothers, a tale of two twins that took place long ago. Have you heard the radio program that is broadcast each Saturday evening over KPND? Its title is "This is War," and it is broadcast from New York over the major networks and practically every radio station in the country. These ideas were left with listeners, left to simmer, left to spread, left to neutralize plenty of poison. Listening America was told: That it was up against the dirtiest, slimiest, cleverest propaganda in history; that all of it didn't come from Berlin, but some was made in the U. S. A.; that too many people are fighting the government instead of Germany, unions instead of Japs; that there are those who use freedom to undermine national unity and the whole future of all freedom.

April 15th marks the end of eight years of service in the U. S. navy for Robert Walton Varnon, chief cook on the U. S. S. Lexington, aircraft carrier. He is the son of Mr. and Mrs. W. D. Varnon, 940 South Barnes.

HE WHO GETS SLAPPED At the very least, the man should get his face slapped at first acquaintance—as in "Pardon My Sarcasm," when Robert Paige is given a send-off party by his numerous gal friends before he starts on a yacht race. He kisses 'em all good-bye, but when he kisses Virginia Bruce, who he never met before, she hauls off and knocks him spinning. That starts their battling romance.

And then there's "Strictly Dynamite," in which Betty Grable is a chorus girl and Victor Mature a heavyweight boxer who considers himself irresistible in the dame department. He tries to pick up Miss Grable at the stage door and she slugs him.

Trespass and intrusion are favorite means of giving the boy and girl their first glimpse of each other. In an early scene in "Thunderbirds," Gene Tierney not only isn't wearing her accustomed sarong, but presumably isn't wearing anything at all. The camera sees only her hands, feet and shoulders as she takes a bath in a water tank. Preston Foster has an advantage of altitude. In an airplane, he skims over the tank several times, and Miss Tierney can only duck and come up screaming.

SEAM ROLLERS HERE In "The Gay Sisters," Barbara Stanwyck is an uptight heiress who recklessly drives across a freshly asphalted bridge on a road George Brent is building. He stops her with a steam roller, bawls her out, and marries her a week later.

Bob Cummings and Priscilla Lane first meet in "Saboteur" when the fugitive Cummings is found hiding in a desert cabin where her blind uncle lives. He's handcuffed, and she offers to drive him to a blacksmith shop but he'd rather let the sheriff's office instead. Discovering her scheme, he grabs the wheel and wrecks the car. After a few days in the desert, she is convinced of his innocence—his innocence, anyway, of the charge of sabotage.

Another car-smashing meeting occurs in "Lady in a Jam," when Patric Knowles watches Irene Dunne's attempts to get her limousine out of a New York parking lot.

TO REMOVE DIRTY OR GREASY FINGERMARKS From your fine mahogany furniture, wipe off with a soft cloth using until just damp in mild soapy water; dry with a soft clean dry cloth, wiping in the direction of the grain of the wood.

Behind The News In Washington

By PETER EDSON

WASHINGTON, April 4.—The story goes that ever since the announcement of General MacArthur's escape from the Philippines, the boys on Bataan and Corregidor have been catching double doses of everything the Japs had to throw out. Allowing MacArthur to escape made the Japs lose face. The result was that to regain face they had to tighten the blockade and start pitching woe as they hadn't heaved it before.

What was good news to the United States and Australia therefore became increasing punishment for our forces on the islands. Maybe this hammering would have come anyway, even if MacArthur had been kept at his original post, but with a tightened blockade now in effect the possibility of relief are just that much more remote.

The reasons for getting MacArthur out of the Philippines were two. First, he was the best general and the logical choice for supreme command in the southwest Pacific. Second, the civilian morale of the Australians and the Americans—the common people back home—had to be bucked up. It was done by giving them a hero.

The question arises as to whether the first, which was more important, could have been done without the second. Whether MacArthur could have assumed command in Australia without giving out the word to the world. Probably not. It was too good and too big a secret to keep.

HOW DID ENEMY REACT? The question must be weighed, too, for that on the enemy side. It would take an older statesman with a lifelong knowledge of the ways of the mysterious East and an insight into oriental psychology to figure this one out. For your own satisfaction are the Japs set back worse by the knowledge that MacArthur is in Australia, than they would be by the belief that he was still the strong man holding them up in the Philippines?

All such questions are posers, but they are the stuff this psychological warfare is mixed with, and the amateur psychologists in this country are almost as numerous as the armchair generals and the fireside admirals.

Where this subject really touches home is in determining just how well the American civilian population can be kept from knowing what is going on in the Philippines. Can the American people at home back up the armed forces without knowing everything the army is doing and why? Without knowing "where is the fleet?" Without knowing all the facts and figures about how many troops are in Ireland or Iceland or Egypt or Alaska or Australia?

GIVE-AYWAYS ARE LOSERS A prize fighter who telegraphs his punches—tells his opponent where he is going to try to hit next—is apt to be knocked out in the first round. A fighter who can feint, conceal his strategy, deliver the unexpected sock on the jaw—there is the fighter who is the war winner instead of the knocked-out at the end of the fight.

In over-simple parallel, that is the reason for the military secret. There is apparently one segment of the American public which feels that the military secret is an alibi on the part of the army's bright stars and the navy broad stripes to cover up something wrong. The people who think this are the ones who feel they should have every contemplated punch of the general staff wired right home to them for their own information, just as soon as the decision of the high command is made.

Before this man's war is over, a lot of would-be know-it-alls will have to recede themselves to doing their assigned jobs and getting along without having their morale stimulated by full knowledge of every move MacArthur makes. This will be censorship but it isn't denying anyone's constitutional rights.

TEX'S TOPICS

By DeWeese

PEOPLE are the strangest things! We get complaints about it when we write it. . . . And we get complaints about it when we don't write it. . . . Up until a day or two ago this space was filled with something else. . . . As they say in theater ads, we're bringing it back by popular demand, whether you believe it or not. . . . One of the principal things to be mentioned here today (and you'll find plenty about it elsewhere in The Sunday News) is that big Army Day celebration in Pampa tomorrow. . . . The soldiers arrive today and already the Panhandle, which has no Army camps, is agog over the Army's presence in Pampa. . . . Indications are that tomorrow will find one of the biggest crowds on hand in the history of all Pampa celebrations. . . . It's going to be a big day in Pampa and the keys of the city belong to the soldier boys from Camp Barkeley, who are making the long trek here to be our guests.

As this is being written the weather smacks of mid-June. . . . Summer, it seems, hop, skipped, and jumped right over spring and here it is. . . . Best indication of summer at close-range is the transition made by one of the office girls from long nylon stockings to aninals. . . . First to break the ice was the girl in the friendliest of them, trim Daisy Schaffer. . . . Other girls in the office were planning to follow suit, according to inter-office grapevine.

SPEAKING OF Army Day, that front page photograph of General MacArthur with The Sunday News today is our tribute and gift to the Army boys in town. . . . Incidentally, you will probably want to save it for hanging in your window at home. . . . You're going to hear big things from THE MacArthur a little later on, you know.

Pampa is proud to have the Camp Barkeley soldiers in the city. . . . From the mayor on down the welcome sign hangs out. . . . Pampans want the soldiers to have a good time and to make themselves at home in the friendliest city on the Plains. . . . We are certain that their presence here will serve as an inspiration to all of us—and as a reminder of the work that remains to be done on the home front to renew them as fully as possible for the sacrifices they are making to preserve freedom for peoples throughout the world. . . . Welcome, soldier!

GETTING back to the subject of summer. . . . Somebody wants to know why we have neglected to mention the moon lately. . . . Well, just to keep the records straight, these Panhandle nights are the grandest you will find anywhere in the world. . . . There is not a more beautiful than a moonlit-bathed night in and around Pampa. . . . Soldier, the gals have been awaiting your coming with aching hearts. . . . Thee's the gal, and there's the moon. . . . From that point, soldier, you're on your own.

Germany and Japan don't telegraph their punches. Why should we?

WASHINGTON TAG LINES From 80 to 75 per cent of the savings stamps sold are of the 25-cent denomination. . . . Curtailment of Norwegian cod liver oil imports has boomed Florida's shark liver oil industry because of vitamin demand. . . . Nylon production will soon be at the rate of 16 million pounds a year, but still far short of the 36 million-pound silk imports of 1940. . . . Rayon production is near the 100 million-pound rate. . . . Two thousand tons of scrap were collected in Alaska. . . . Save those rubber bands.

ON CAKE TINS Cake pans are usually washed easiest as soon as used. If immediate washing is not possible, fill them with lukewarm soapy water and let stand. This will prevent cake residue forming hard crusts on the pans.

A vault was made for the body of George Washington under the dome of the capitol but it was decided to inter him at Mt. Vernon.

Around Hollywood

By PAUL HARRISON

HOLLYWOOD, April 4.—The movie scrippers, chafing in the isolation of their dream world, are doing their best these days to put excitement into the new pictures. Not only is there action in romance, but generally a note of violence in the initial boy-meets-girl situations.

Consider the first meeting of Paulette Goddard and Fred MacMuray in "The Forest Rangers." He arrives in town during a Frontier Days parade. Miss Goddard, riding in a dude cowgirl outfit, is thrown from a bucking horse, lands on MacMuray and knocks him sprawling. That's their introduction. A few minutes later they're hassled and hauled up on a float representing a jail, and the judge orders Fred to propose, evening they're looking for a real judge to marry them.

Some day perhaps a daring writer will bring his hero and heroine together with a formal introduction: "Miss Doakes, may I present Mr. Zilch?" Just now, however, it's much more conventional to have Mr. Zilch drift out of the sky on a parachute and settle neatly beside Miss Doakes as she speeds along in an open roadster.

HE WHO GETS SLAPPED At the very least, the man should get his face slapped at first acquaintance—as in "Pardon My Sarcasm," when Robert Paige is given a send-off party by his numerous gal friends before he starts on a yacht race. He kisses 'em all good-bye, but when he kisses Virginia Bruce, who he never met before, she hauls off and knocks him spinning. That starts their battling romance.

And then there's "Strictly Dynamite," in which Betty Grable is a chorus girl and Victor Mature a heavyweight boxer who considers himself irresistible in the dame department. He tries to pick up Miss Grable at the stage door and she slugs him.

Trespass and intrusion are favorite means of giving the boy and girl their first glimpse of each other. In an early scene in "Thunderbirds," Gene Tierney not only isn't wearing her accustomed sarong, but presumably isn't wearing anything at all. The camera sees only her hands, feet and shoulders as she takes a bath in a water tank. Preston Foster has an advantage of altitude. In an airplane, he skims over the tank several times, and Miss Tierney can only duck and come up screaming.

SEAM ROLLERS HERE In "The Gay Sisters," Barbara Stanwyck is an uptight heiress who recklessly drives across a freshly asphalted bridge on a road George Brent is building. He stops her with a steam roller, bawls her out, and marries her a week later.

Bob Cummings and Priscilla Lane first meet in "Saboteur" when the fugitive Cummings is found hiding in a desert cabin where her blind uncle lives. He's handcuffed, and she offers to drive him to a blacksmith shop but he'd rather let the sheriff's office instead. Discovering her scheme, he grabs the wheel and wrecks the car. After a few days in the desert, she is convinced of his innocence—his innocence, anyway, of the charge of sabotage.

Another car-smashing meeting occurs in "Lady in a Jam," when Patric Knowles watches Irene Dunne's attempts to get her limousine out of a New York parking lot.

TO REMOVE DIRTY OR GREASY FINGERMARKS From your fine mahogany furniture, wipe off with a soft cloth using until just damp in mild soapy water; dry with a soft clean dry cloth, wiping in the direction of the grain of the wood.

People You Know

By Arch Fullingim

Have you noticed that it has been spring in Pampa? The dazling pink beauty of peach trees gives a lift to the heart, and tells you that spring goes on and on and never dies. Even the Easter hats are sort of glorified in the rare and intoxicating atmosphere of springtime.

The wheat never looked any better. Some fields are still so wet from the rains of last year and the snows of this winter that farmers can't plow them. The Panhandle oil situation took a turn for the better for the first time yesterday. Maybe better turns for the oil industry are ahead. There was a show at the LaNora Friday night that got one's mind off of things.

It was Doug Fairbanks, Jr., in the Corsican brothers, a tale of two twins that took place long ago. Have you heard the radio program that is broadcast each Saturday evening over KPND? Its title is "This is War," and it is broadcast from New York over the major networks and practically every radio station in the country. These ideas were left with listeners, left to simmer, left to spread, left to neutralize plenty of poison. Listening America was told: That it was up against the dirtiest, slimiest, cleverest propaganda in history; that all of it didn't come from Berlin, but some was made in the U. S. A.; that too many people are fighting the government instead of Germany, unions instead of Japs; that there are those who use freedom to undermine national unity and the whole future of all freedom.

April 15th marks the end of eight years of service in the U. S. navy for Robert Walton Varnon, chief cook on the U. S. S. Lexington, aircraft carrier. He is the son of Mr. and Mrs. W. D. Varnon, 940 South Barnes.

HIGH LIFE And low life in The BIG City

By Stella Hallit

She tells me peanuts are good fare Beet tops, carrot tops and grass; The food seems all the same today For monkey, man and ass.

I put my little dogerel on her desk this afternoon while she was getting off a balance. She is good natured and she didn't hit me. Anyhow who took more interest in her course than I did? She had the current nutrition class for civilians anxious to do canteen work in emergencies. Did you know that a knowledge of nutrition is necessary to passing out the doughnuts and coffee?

My friend gave me the benefit of her course. And now we have beet tops several times a week. It's not the taste alone I like, but they're so much easier to wash. One day I'll try the carrot tops. Imagine sheep sorrel had goodness in it too, minerals I believe.

We don't eat nice white rice any more since my friend's course in nutrition. We get the coarse unpolished variety which is more tasty and a much better food. We boil the potatoes with the skins on and the carrots as well. We drink milk just as we should and shun refined bread. We have taken the course seriously.

The most heartening part about the study of nutrition is that the best things are often the cheapest and the moderately poor often eat better than the rich.

Haven't you noticed how much better looking the children are now than we were as children? Isn't every young daughter inches taller than her mother? Better nutrition makes better looking people. If you don't believe it look at the poor dog in the nutrition book who didn't get his vitamins.

BUY VICTORY BONDS

Yesteryear In The News

Ten Years Ago Today

A thousand voters had cast ballots up to early in the afternoon in the municipal elections. W. A. Bratton and E. E. Reynolds were opposing candidates for mayor; W. C. deCordova and Clyde F. Pathrore for commissioner 1; R. Earl O'Keefe and Robert Woodward for commissioner 2.

Five Years Ago Today

Dr. R. A. Webb was appointed assistant collaborating epns. W. D. Varnon by the United States Public Health Service.

City and county schools joined in observance of New London School Memorial day, with children contributing a penny each for re-building the East Texas school destroyed by an explosion.

BUY VICTORY BONDS

So They Say

The United States has never admitted dependency as a reason for not having enough men in the armed forces.

—Brig-Gen. LEWIS B. HERSHEY, Director of selective service.

The motion picture industry cries, "Win the war now! Everything else is chores."

—Movie Czar WILL H. HAYS.

It now seems that the United Nations cannot lose the war except through our own failure to use our

### I AM THE AMERICAN SOLDIER

For the American people, my family, my fellows, my sons to come,—I carry arms. . . Remember how I began! . . . Born of explorers, colonists, hunters in deerskins; schooled in the wilderness; fighting for a continent. . . Remember Concord Bridge, 1775! . . . Here it was, here at this bridge, I fired the shot heard 'round the world. . . Then I was an embattled farmer, the Son of Liberty, raw militiaman, hardy Continental. . . I was the hope of freedom on the frontier; I carried arms for the Rights of Man! . . . Remember Valley Forge! . . . I was the winter-soldier, starving, marching, freezing, fighting, and praying at night,—alone in the snow. . . I planted the flag of 13 stars at the Mississippi, at the Great Lakes. . . On these, our hard-won shores, our flag still flies! . . . And again, here at Yorktown, I was in the splendid ranks when we won our freedom, and our continent. . . I fought the Revolution! I won this liberty! . . . Look at my battlefields!—Bunker Hill, Ticonderoga, Niagara, Lake Champlain, Manhattan, Trenton and Monmouth, King's Mountain and Cowpens, Yorktown! . . .

\*\*\*

Marching, I made America great,—North to the Parallel Forty-Nine; South to the Rio Grande; West to the mountains.

Marching, I made America free! . . . I built America; explored with Lewis and Pike; with Kit Carson and Davy Crockett the Blue; I was the Grey. . . Marching, marching, I gave America peace; marching, marching, I led the way,—I called me! Follow the American soldier! Follow me! . . . I convoyed the wagon trains moving tribes with Custer; rode the Oregon trail American continent. . . My lonely outpost came crossroads; my frontier forts took prairies into cities. . . My infantry marched, cavalry riding made trails; where cities to lay the ties and drive the spikes,—ur rails! . . . Give me the hardest job! . . . From America to the Pacific; punched the rail the Rockies; I licked the Mississippi flood low Jack in Cuba; joined the oceans at rock, on the Marne! . . .

\*\*\*

I am the American soldier,—Pioneer guard. . . Wherever I was needed, where

# Fighting Overseas In War Against Axis

## Regidor, Australia, Southwest Pacific, Alaska, Iceland, Oceans, Latin America And Midway Island

I made America free! ... Working at peace, I explored with Lewis and Clarke; with Zebulon Carson and Davy Crockett! ... 1860, 1865, I was the Grey! ... Marching, I made America free: I made America peace; marching, I found the American! ... I led the way,—I called to America: "Follow me, American soldier! Follow the trail I blaze!" ... I led the wagon trains moving West; fought the ter; rode the Oregon trail; patrolled the wild west. ... My lonely outposts grew; my camps bes; my frontier forts took root,—rose from the ies. ... My infantry marching made paths; my made trails; where cities rise, I made the hikes and drive the spikes,—uniting my country with ne the hardest job! ... Remember!—I brought Pacific; punched the railroad tunnels through cked the Mississippi floods; conquered the Yel- pa; joined the oceans at Panama; held, like a rne!

I stood and delivered! ... I came through! ... I was America on the march, and now today,—here I come again, marching again at the same old job,—same old, brand-new job, marching again with all free men! ... I am the ring of steel around Democracy; I'm the ramparts that you sing about; I'm the citizen soldier, the nation in arms! ... I'm snap and precision,—West Point pride; I'm the Regular,—strictly G. I.; I'm the rookie, made-soldier; I'm up from the ranks, hell for leather, right on the line, straight from the eye. ... I'm the Rifleman, Cannoneer, Trooper, Skier, Engineer, Gunner, Scout, Marks- man, Driver, Signalman, Sentry, Mechanic, Flyer! ... I'm the eyes of the cannon; the marching refrain; the brains of the tank; the nerves of the plane; I'm the heart of the shell; the courage of truth; I'm the Liberty Bell; I'm the song of our youth. ... I'm the fighting men at every outpost, from Alaska to Hawaii, to the Philippines, and beyond; from Panama to Porto Rico, to Iceland and beyond! ... Remember my yesterday, with Washington, winning this liberty? ... Once I was only a thou- sand; today I am 1,800,000 out of 130,000,000 Americans. ... Figure that out America!—I'm about one in a hundred; one in a hundred Americans! ... Tomorrow I'll be two in a hundred, or three in a hundred,—whatever it takes, whatever the need for the spirit we're living, for the future we're making.—I, THE AMERICAN SOLDIER, AM THE SHIELD!

American soldier,—Pioneer, Samaritan, Van- ever I was needed, whenever I was called, I

SERIAL STORY

MEXICAN MASQUERADE

BY CECIL CARNES

SENTENCED!

CHAPTER X

NO side-winder ever struck faster than Allan Steele. He pivoted in his own length on the ground and came to his feet in the same swift movement. His forward leap and an upward thrust of his powerful left arm knocked aside the barrel of the menacing rifle. It exploded harmlessly. He swung a haymaker with his right which would have torn the East Indian's head from his shoulders if it had found the mark.

Probably the fellow was unprepared for any resistance at all, let alone a counter-attack so dynamic. Perhaps his orders were not to shoot unless necessary. He gave ground almost automatically, and gave it barely in time to escape the looping fist which buzzed by his nose. He shouted something in Japanese, then went spinning into a patch of cactus as Allan's left reached his jaw.

If the Japanese words were a demand to close in, his six yellow henchmen had not waited for it. They rushed forward at Allan's first movement. One of them tripped over the Eurasian's rifle, another was knocked sprawling by the Eurasian himself in flight, a third folded up with a grunt and went to earth as Allan's knee drove his stomach against his spine and plastered it there.

But still there were three of the formidable Orientals left. They bore in grim silent purpose. Two leaped for Allan's arms, caught them and clung like leeches. The last man dove headlong to grasp his knees in a football tackle, but a well-aimed kick in the face diverted his aim. He sprawled, his still groping blindly for their objective.

By now the Eurasian was on his feet again, but standing prudently to one side. His hideous face even more repulsive from hate, he snapped orders in words that crackled. As if afraid of angry elephant gods, the temporarily disabled Japs sprang erect and tore in again like men possessed of fangs; they descended upon Allan with the impact of six living battering-rams.

He fought them both and nail, also with elbows and knees and fists and feet. The knot of struggling men swayed this way and that, spinning around in a series of crazy circles. No sound came from the straining bodies except Allan's gasping breath and an occasional grunt, with a Japanese accent, as one of his desperate lunges connected with some vital spot in an enemy's anatomy.

By sheer weight and brute force, he rushed the sextet through the clump of pines and to the edge of the steep declivity. A moment the twisting group teetered on the brink; another saw them over it and pinwheeling down the sharp incline in a choking cloud of dust and rubble, Allan fared best of them all; in the center of the revolving mass, his protective covering of enemy bodies shielded his own from thorn and cactus.

In the end, it was the Peninsula itself that beat him. At the foot of the hill something akin to a display of fireworks dazzled his brain; but before he could really appreciate the rockets, shooting stars and Roman candles, a curtain of blackness fell on the show. Quite simply, his head had hit a rock with a force that nearly split them both.

HE was stunned only momentarily, but that was enough for the pack of wolves who had pulled him down. He opened his eyes to find himself helpless, his arms lashed behind him at wrist and elbow. Two Japanese, breathing heavily, were sitting like leaden weights on each of his legs. The Eurasian stood above him, staring down vindictively.

"So you've come back to life," he commented, and drove a booted toe deep into Allan's side. "Believe me, it will be a pleasure to watch you go out of it again—presently!"

He added something to his men. The four who were holding Allan to the ground got up, raising him with them. He caught his balance uncertainly, still dizzy from the crack on his head, but he was able to control his limbs when his captors marched him around the base of the hill and down to the shore.

There seemed to be a whole fleet of small launches in the company's service. Allan and his seven keepers tumbled into one and headed for the largest island. He kept his eyes open as they put-putted toward a dock, and apparently the Eurasian noted his alertness. A curt order from him in Japanese and one of the men produced a dirty yellow cloth which he wrapped about the prisoner's head, blindingfolding him effectively.

He could not make much of his surroundings as he was guided ashore and led inland. There seemed to be a concrete path under the hill and down to the shore. He put-putted toward a dock, and apparently the Eurasian noted his alertness. A curt order from him in Japanese and one of the men produced a dirty yellow cloth which he wrapped about the prisoner's head, blindingfolding him effectively.

The door was shut behind with a rattle of bars and a metallic clang that suggested iron. A short walk—he counted 10 paces—then down a flight of 10 stone steps. Another door, complete with sound effects of bars and metal. Another stairway, again leading down, and another stone-flagged passage. He was reminded unhappily of a movie he had once seen in which a man was taken down into the bowels of the earth and left to rot in a medieval dungeon.

Another door, and when this was unbarred and swung open, he sensed a change in the light even through his bandage. He felt he was in a room, brilliantly illuminated even if 30 feet underground.

A VOICE spoke in Japanese. The cloth was whipped from his eyes. He was in a comfortably furnished room, equipped like any modern office and lighted by electricity from an overhead fixture. The company, he reflected, must have its own dynamo. He was noticing such details—nothing everything and storing it in his memory against a time such data might be useful. He was down but not yet out; his mind was active and fighting even if his body was helpless.

He was standing in front of a flat-top mahogany desk, the Eurasian on one side of him, a guard on the other. The rest of the capture-party, he supposed, must have dropped out somewhere en route. Two middle-aged Japanese were seated in chairs behind the desk, one of them in a well-cut uniform. It was he who came briskly to the matter in hand, speaking good Spanish in a high-pitched voice.

"You are Senor Allan Steele? American? Here to photograph the Peninsula for a magazine?" Allan inclined his head to each query, though they were more statements of fact than questions. "I am Colonel Watanabe, of the Japanese Army. This is my colleague, Dr. Ishizuka, of the Tokyo Academy of Science."

Allan bowed. The pair rose as one man and bowed back. "I regret, Senor Steele," went on Watanabe, "that your enthusiasm for photography should have led you to a hilltop from which you were observing our little settlement through a pair of field glasses." The offending glasses were on the desk before him, together with Allan's automatic. "I further regret, senor, that you thereby intruded on a privacy we deem essential to our safety!" Watanabe paused as if to give emphasis to his next words. "The penalty for your transgression, senor, is—death."

WD School Wins Superior Rating

Special To The NEWS

WHITE DEER, April 4—White Deer High school was given a superior rating in the educational check-up conducted here March 10 and 11, in compliance with the requirements of the Southern Association of Secondary Schools and Colleges.

According to the report of the evaluating committee received recently by Supt. Chester Strickland, the high school rated 24 points above the average school in the six national associations and approximately 40 points above the average school in the Southern association, of which White Deer is a member.

The staff rated very superior, going 41 points above the national average. The administration ranked 36 points above the national average; the curriculum, 14; pupil activity, 23; library, 34; instruction, 11; outside buildings and facilities, 33; and guidance, 14.

Members of the evaluating committee were Dr. A. M. Meyer, West Texas State college, Canyon; R. A. Selby, curriculum supervisor, Amarillo; Rex Reeves, superintendent at LeFlore; Knox Kinard, superintendent at Hereford; Miss Dorinda Bond, teacher in the Amarillo schools; Miss Frances Munson, librarian, Pampa; and Carl Clift, deputy state superintendent.

This committee spent two days in White Deer, talking to pupils and faculty members, and visiting various activities of the high school. By the use of check sheets, observations, and many other devices the committee prepared "temperature charts" in the nine fields of areas of work; curriculum, pupil activity, library, guidance, instruction, outcomes, staff, plant, and administration. The rating was based upon a comparison with 200 other schools of like size.

Members of the committee stated that they were highly impressed with the spirit of cooperation and loyalty shown by the students and the democratic feeling that exists within the faculty and student body.

Gas Stations Asked To Reduce Hours

CHICAGO, April 4 (AP)—The marketing committee of district 2, Office of Petroleum Coordinator, recommended today that gas stations in 15 midwest states limit their hours of operation to 12 hours a day, not to exceed 84 hours a week.

The recommendation was dispatched to Petroleum Coordinator Harold L. Jokes at Washington. If Jokes approves, in turn, the procedure would be for his office to issue a directive to the industry to put the limitations into effect at a certain date.

Dealers decided there was a necessity for closing retail outlets for part of each day to conserve electric power and labor. Their opinion was translated by the petroleum

FUNNY BUSINESS

HOLD EVERYTHING

Let's go to Levine's COME TO PAMPA ARMY DAY MONDAY, APRIL 6TH. Let's go to Levine's

**SUPER BARGAINS THROUGHOUT OUR ENTIRE MAMMOTH STOCK!**

**DOLLAR DAY ONLY ONE GROUP LADIES' NEW SPRING HATS**

LOOK HERE, MEN! YOUR CHANCE TO BUY A NEW SPRING HAT FOR ONLY DOLLAR DAY

New spring dress hats for men. All sizes and colors. See them now.

Values to \$2.98  
Now is your opportunity to save on your new spring hats. Clearance of after Easter latest spring styles.
