

COKE TAKES NOMINATION FIGHT TO COURTS

Britain Slings Charge Back at Reds

BERLIN (AP)—Britain charged today Russian troops provoked German anti-Communists into the rioting last Thursday which resulted in street fighting at the Brandenburg Gate.

The statement by an official British military government spokesman rejected an accusation by the Russian Communist, Maj. Gen. Alexander Kotikov, that inactivity of British military police encouraged "fascist provocateurs" to attack Russian soldiers around the Soviet war memorial last Thursday.

This was the third sharp rejoinder to Kotikov from the Western Allies in three days. Brig. Gen. Jean Geneval of France rapped Kotikov last week. He implied publicly the Russian commander was a breaker of pledges for permitting Soviet troops to kidnap 19 Western Berlin police who had been guaranteed safe conduct by the Russian Communists when they were beset by British military police. Kotikov recently said the British were responsible in failing to protect Berlin's elected City Council against Communist rioters.

Kotikov started the latest controversy by sending a letter to the British commander, Maj. Gen. E. O. Herbert, complaining about the conduct of British police during the disorders last Thursday.

Kotikov declared that "criminal elements" had "dishonored the monument in honor of Soviet soldiers." This took place in the presence of British military police and German police of the British sector of Berlin, the letter declared. "The fascist bands opened fire on Soviet guards, causing the death of one person, injury to several others, and attacked German policemen," he charged. "As well as Soviet troops who were trying to restore order."

Witnesses at the Sept. 9 incident saw no shooting at the Soviet war memorial. The Western Berlin press continued protests today against the "inhuman" sentencing to 25 years of five German youths by the Russians for taking part in the fighting.

The American, British and French representatives expect to see the Soviet foreign minister switch from Moscow to Paris after the Western envoys' next meeting with Soviet Foreign Minister V. M. Molotov at the Kremlin.

Restraining Order Issued by Judge

FORT WORTH—(AP)—Former Gov. Coke Stevenson carried his fight for the Democratic U. S. Senatorial nomination to federal court today after the State Democratic convention accepted Rep. Lyndon Johnson as the nominee.

Clint Small, one of Stevenson's attorneys, said at a news conference this morning that Federal Judge T. Whitfield Davidson had issued a restraining order to prevent the Texas secretary of state from certifying Johnson as the nominee.

Johnson led Stevenson by 87 votes in the official count approved last night by the Democratic convention, which earlier had purged itself of delegates who would not pledge loyalty to the Truman-Barkley presidential ticket.

Small said the order was issued either at Jefferson or Longview. The U. S. district court clerk's office at Jefferson said no such action had been filed there. Brown's office at Austin said at mid-morning it had not been notified.

Small told reporters the action was filed by C. C. Rentro, Dallas attorney. He said it charges that votes in Precinct 13, Jim Wells County, were added to the totals compiled by election judges "long after" the polls closed Aug. 28.

Stevenson's attorneys said the news conference if he was going to "settle, as is," with the decision reached by the Democratic convention.

"No, I'm not going to settle as is," he replied. "I believe everybody knows I am a good sport and if I lost by one vote honestly, I would not complain. I think I owe it to the people to determine if all the votes allegedly cast were honestly cast."

Ernest Winborne, Pampa fire chief, was elected second vice president of the Panhandle Firemen's association yesterday at the 28th semi-annual convention of the organization held here.

B. W. McMeen, Dalhart, former first vice president, automatically moved up to president of the group. Other officers included Thomas Clayton, first vice president; V. E. Heffner, Childrens, secretary; J. L. Henley, Amarillo, assistant secretary; Hugh Nation, Crosbytown, director and T. H. Tidmore, Paducah, chaplain.

Approximately 200 members of the association attended the meeting, representing 42 towns of the Panhandle. There are 85 towns in the association.

During the afternoon several contests were held among firemen attaching the equipment in a "water polo" Memphis won first, Dalhart, second and Canadian, third, and were awarded prizes of \$15, \$10 and \$5.

Pumper races began after the Pampa firemen set a pattern for the group by attaching the equipment in 19 seconds. In the contest Childress placed first with a time of 21.6 seconds, Canadian, second, 21.4 seconds; Memphis, third, 29.1 seconds. Prizes of \$50, \$35, and \$15 were awarded the winners.

Mrs. Marion Moore, Ken Benett and the "Sunshine Swingers" provided music at the two banquets yesterday held in the Palm Room of the City Hall.

The "Sunshine Swingers" are a group of young men from McLean. Approximately 200 attended the special dance held at the American Legion-VFW Hall, following the evening banquet.

Three field instructors from the Texas A. & M. College Fire School attended the meeting. They were J. O. Eymann, A. L. Cartwright and J. R. Dobson. Mr. and Mrs. Ed Archbold of the General Fire Truck Company, Dallas, and Mr. and Mrs. Red Lewis of the Electra office of the Texas Railroad Commission, were also present at the meeting.

The next meeting of the Panhandle Firemen's Association will be held at Childress the first Tuesday in May.

Take Marbles and Go Home: DIXIECRATS WALK OUT ON CONVENTION

By WILLIAM C. BARNARD FORT WORTH—(AP)—When States' Righters at the State Democratic Convention picked up their marbles and went home, they really picked up the marbles.

In the words of Tom Tyson, convention chairman, "they carried off everything portable."

With Confederate flags flying, the anti-Trumanites stalked dramatically out of Will Rogers Memorial Auditorium yesterday afternoon after they had been defeated on two roll calls.

The bolters were from Harris, Dallas, Tarrant, Harrison, Gregg, Rusk, Shelby, Colorado and Limestone Counties.

As they surged past a big Harris County delegation of "loyal" Democrats, waiting to get in the doors, angry words, jibes and sneers flew from both sides.

The Tarrant delegation had been conventionally out of Fort Worth. It had arranged for the convention hall and provided tables, typewriters and other equipment.

Ten minutes after the Tarrant delegation walked out, its representatives began moving the typewriters and tables right off the stage in full view of the audience. This, while C. C. McDonald of Wichita Falls, temporary chairman of the convention, was making a speech.

While the furniture-moving was in progress, other indignant States' Righters were running a Confederate flag up the auditorium flagpole out front.

And just as McDonald began wading into his speech after recovering from the furniture moving, former Governor Jimmy

Allred interrupted him and took over the microphone to make an announcement.

"We find we are going to have to pay the rent on this auditorium," he said, "and the only way we can do it is to take up a collection."

Hats were passed at once. The take was \$2,600. The rent, according to J. D. Price, auditorium manager, was \$260.

Here's what Bob Calvert, chairman of the State Democratic Committee, says happened:

"After the walkout, the Fort Worth people came around and advised me that since they weren't going to be around the auditorium any more that they wanted to know who would be responsible for their tables and typewriters."

I told them that I could not be so they just took them off."

The States' Righters wanted to tote off the makeshift press tables in the orchestra pit, too, but they were nailed down and reporters were sitting on them.

The regular Democrats made a quick recovery. Mr. Vannita M. Kennedy, wife of the State Democratic Committee's secretary, dashed back into the wings of the stage and found a barrel and a board. She put the board on the barrel and made a table.

A call to downtown Fort Worth brought her several tables and more typewriters.

The \$2,600 was piled on a table on the stage and Gabe Garrett, a delegate from Corpus Christi, sat down and stared at it. He said he had been officially appointed to watch it."

Juveniles Run Away From Boy's Ranch, Take Cars

Three juveniles, two 14 years old and one 12, who ran away from Boy's Ranch near Amarillo sometime Sunday, are being held here for Cal Farley, president of the ranch, who will come after them tomorrow.

After driving away with two cars, the boys wound up their thrupenny spree by breaking into a local dry cleaning plant last night. They took a few clothes, which were later returned, and about 80 cents in pennies from the cash register. When they were caught early this morning, they still had the 80 cents.

Homeward Bound Yanks Die in Crash

SEUL (AP)—A fast passenger train roaring out of a tunnel last night crashed into another train halted on the track killing 35 homeward bound American soldiers. Two Koreans were killed and 120 persons were injured, including 80 American troops. They were bound for Seoul from Pusan (Fusan).

Witnesses said the fast train from Mokpo to Seoul, which had no headlight, telescoped the rear of the troop train, which had no rear light.

One passenger on the soldiers' train likened the wreck and subsequent fire to a Yankee inferno. Rescue workers worked all night digging out the dead and injured.

The 35 American bodies were brought here early today. The injured were treated by American and Korean doctors and many of them were able to continue their journey.

Charles McCafferty of Chicago, a passenger, said the engineer of the Mokpo train apparently did not see the other train until it was 50 yards away.

The engine plowed half way into the rear coach from which most of the passengers had jumped when the other train roared from the tunnel.

The rear coach was ripped from its trucks and shoved into the coach ahead, where most of the casualties occurred.

"We saw the train come out of the tunnel about 1,000 yards away," said McCafferty, a labor relations adviser to the military government in the American Zone.

"We yelled to the passengers and all got off except one man in the washroom who was not hurt seriously."

Army officials said relatives of the dead were being notified but it may be necessary to bring personnel records from outlying detachments to complete identifications.

Arretylene torches were used to cut open the coaches to reach some of the dead and injured.

Public Invited To Cub Meeting

All persons who like to work with young boys are urged to attend the first annual Adobe Walls Area Cub Scout Pow Wow Saturday at the Senior High School, E. F. Glasgow, chairman.

The Pow Wow will take place from 2-8 p.m. and will include sections on reservations, games and handicrafts, Glasgow said.

The leaders of Cub Scouts, Sunday school teachers, school teachers, parents and den mothers are urged to attend. The "learn-to-teach-by-doing" method will be used throughout the conference.

Attending the meeting were eleven doctors from Borger, two from Spearman, one from Wheeler, and three from Perryton. The rest of the group of 50 who were in attendance were from Pampa, McLean, White Deer and various towns in this area.

The Top of Texas Medical Association plans to hold meetings the third Tuesday of each month. The next meeting will be held Oct. 19 at the Sanford Hospital in Perryton. The doctors will be the guests of Dr. Sanford.

Before the medical association was formed last spring, a Gray Wheeler County Medical Association was in operation. The consolidation was brought about so the objectives of the organization could be more easily carried out.

The organization is composed of doctors from the following counties: Gray, Wheeler, Carson, Hutchinson, Hansford, Lipscomb, Roberts, Ochiltree and Hemphill.

2,220 Register In Gray County

By 8 p.m. yesterday 2,220 Gray County men between the ages of 21 and 65 had registered at the Selective Service office on the third floor of the Courthouse.

Two-hundred-fifty men out of this number were sent questionnaires. Until 5 p.m. today and tomorrow 19-year-olds may register. Friday and Saturday will be reserved for 18-year-olds registration.

Of the 20-year-olds in Gray County, who registered Monday and yesterday, 307 registered of which 55 were sent questionnaires.

API MEETING TONIGHT The Panhandle Chapter of the American Petroleum Institute will hold its first fall meeting tonight at 8 p.m. in the Palm Room of the City Hall. A safety feature film and talk have been planned for this program.

We Saw...

The "water polo" team from Memphis at yesterday's firemen's convention, came off the polo field beside the City Hall soaking wet not from exertion, but from the opponent's aim with a fire hose. That \$18 prize helped, though.

Teague Wants HST And Stalin to Meet

CORSCANA (AP)—Rep. Din Teague of Bryan says President Truman and Premier Stalin should get together to improve American-Soviet relations.

Teague proposed the conference in an address to the Lions Club here yesterday.

Today

25th Day of the Year American writer of frontier life and action, James Cooper, was born on this day, in 1795. In 1830, on this day, the first European railroad was built in England. In 1907, on this day, the first airplane was flown. In 1948, on this day, the headlines said, "The Soviet Union has agreed to give up its atomic bomb."

Forecast: Partly cloudy this afternoon. Tonight and Thursday, Partly cloudy and South Plains rain showers are possible. In the West Coast, Partly cloudy this afternoon and tonight. THE STORY: Hilary Stone... Hilary Stone, a young man in an opera hat stalked out another new member...

THE morning was sunny and warm. For a long time he stood at the window which faced towards the treetops in the Mall...

LOST in loneliness and feeling very strange, Hilary pushed open the swing door and went out onto the step...

IN the hall again he ran up the stairs to the bedroom floor and went along the passage to his right, turned the knob of the door to the room he always occupied...

The idea of spending the night in his usual bedroom in the club appealed to him. At least it would be cozier than the dormitory...

The morning passed, and it wasn't so bad. Apparently one would get used to this sort of thing...

Mexico Tightening Her Belt to Compensate for Fall of the Peso

MEXICO CITY — (AP) — Mexico is tightening her belt to compensate for the 40 percent fall of the peso.

She hopes to sell more goods abroad to get dollars and she appears determined to cut costs at home.

President Miguel Aleman is said to have ordered a general 10 percent reduction in every government department.

President Miguel's 23-point curial includes a balanced budget, no borrowing, tight credit control, a luxury tax, quotas on imports, farm development, absolute price control of main foods and government spending only when there is cash in the cashbox.

"Popular food markets" which by-pass middleman profits have halted the initial rise in prices after peso devaluation, July 21, from its eight-year price of 4.85 to the dollar. It has sunk gradually to its present rate of 6.90.

Mexico is gradually growing more food, making more things she needs and learning exports must equal imports.

Luxuries were blacklisted a year ago when Mexico saw her dollars disappearing, but the action was far from being fully effective and luxuries continued to come in.

Seeking all this and suspecting high officials were to blame, the common people lost considerable confidence in President Aleman's government.

Mexico still imports food and must bring in this year about 200,000 tons of wheat (1,000,000 bushels), lard, dried milk, eggs and so forth. She must buy farm implements, machinery for new and worn-out factories, trucks and new parts.

The United States buys 70 percent of what Mexico sells abroad. Mexico buys from the United States 85 percent of her imports. Mexico is small with 23,000,000 people, mostly poor, but what money she has, she spends with her neighbors.

After economizing, Mexico proposed to make money by shipping abroad but two things hamper her:

1 - A new 15 percent export tax was slipped on to give the government part of the profit exporters might get through the cheaper peso.

2 - Mexico costs have gone up on things she exports because of rising wages and deteriorating machinery.

Mining is Mexico's biggest export industry. When the peso fell, exported metals had a much higher value in the cheaper peso and the tax on metals amounted to many millions of pesos. With the 15 percent tax and 15 percent higher wages recently granted, mining companies say they are worse off than ever. This year they are producing less although metal demand is good and world prices are high.

Aid Denied Fascists

By DEWITT MACKENZIE AP Foreign Affairs Analyst Paul G. Hoffman, economic cooperation administrator, assures that Marshall Plan aid will be cut off from any country going Communist or Fascist.

That's a timely and encouraging reaffirmation of a policy which must be iron clad if the democracies are to win their life-and-death fight against communism.

There can be no half way business in combating the Red fan, despite the sappy sentimentality which is being bandied about in favor of appeasing the Bolsheviks.

This American policy regarding communism (and fascism, if it should crop up) is in theory at least, the policy of Britain and the rest of the Marshall Plan nations. Its avowed purpose is to prevent democracies from being forced into communism. However, I believe it cuts much deeper and that we are safe in saying it also is designed to whittle down the war potential of Russia and her satellites. This is a purely defensive measure.

Not only does this policy apply to the Marshall Plan but it affects general economic relations with the Red bloc. Most, and perhaps all, of the democracies are continuing limited trade with Russia and her satellites, but transactions broadly speaking are restricted to those things which do not strengthen the Communists militarily.

This paradoxical situation naturally gives rise to the query of why there should be any trade at all.

Eastern Europe has certain commodities that Western Europe needs, and vice versa. So there is trade in such things as don't involve the war potential. Perhaps that isn't an ideal arrangement, but it is a horse sense one.

CACTUS FRUIT A species of cactus common to central and southern Arizona, the prickly pear, bears a purple, pear-shaped fruit edible to man. This fruit is eaten by coyotes, foxes, and other desert wild life.

HEAVY ASH Bright uniforms were used in warfare for their moral value until long-range weapons necessitated drab, low-visibility garb, according to the Encyclopedia Britannica.

NO FLOOD INSURANCE Insurance companies usually do not offer policies covering damage by flood, because floods are not reckoned as matters of chance and thus are not governed by the law of averages.

Parents Asked to Immunize Children

AUSTIN — An interesting sidelight on public health in Texas was revealed in the morbidity report of the Texas State Department of Health for the week ending Aug. 28, which showed a total of 2 cases of smallpox for this year, while in the same period there were 588 cases of diphtheria.

Commenting on these comparative figures, Dr. Geo. W. Cox, state health officer, stated that diphtheria is as readily controlled by immunization as is smallpox, but that apparently the public has failed to recognize this fact, or to act upon it.

"Smallpox, which is highly contagious, is no longer considered a major health problem in Texas," Dr. Cox said, "and this is due to widespread vaccination against the disease. Diphtheria, equally contagious, can also be reduced to the point where a single case is a rarity, but only when parents awake to the fact that every child should be immunized in infancy. The baby's doctor will recommend when this should be done, and if all children were given this protection, there would be none susceptible to contract this killing disease."

Ordinarily the immunity provided by diphtheria toxoid lasts a child until he is of school age, however a Schick test should be given before the child enters school. If needed, an additional shot of toxoid should be administered.

"When all children are routinely immunized against this dreaded disease, it can be virtually eliminated as the health hazard that it now is, to the boys and girls of Texas," Dr. Cox declared.

Saw Company Held Unfair To Labor

WASHINGTON — (AP) — A trial examiner for the National Labor Relations Board has held that the Jacques Power Saw Company has engaged in unfair labor practices at its Denison and Mineral Wells, Texas, plants.

The examiner, C. E. Whittemore, in an intermediate report, ordered the company to "cease and desist" from "discouraging membership in the International Association of Machinists, or in any other labor organization of their employees."

The report also recommended that the company cease from "interrogating its employees concerning their union affiliations, activities or sympathies."

For Thirty Years the name, Duncan Coffee Company, has meant fine coffee to millions... fine coffee spelled A-D-M-I-R-A-T-I-O-N, the first coffee blend formulated by Herschel M. Duncan in 1918. An immediate success, that full-flavored, deeply satisfying Admiration blend has never been changed. The delicious distinction you taste in every cup of Admiration is due to a delicate blending of the world's finest coffees. Never successfully imitated, never equalled, it remains the same in every pound because every roasting is actually cup-tested in the Duncan testing room. On this, our birthday, we feel you will understand our pleasure over the tremendous popularity of our first and oldest brand, Admiration... but, may we say, we are equally as proud of Maryland Club, our connoisseur's coffee, and Bright & Early, familiarly known to millions as "the coffee with the rooster on the package." Three decades of experience is a good beginning, and we will continue our efforts to make the fullest enjoyment of your coffee a highlight of your day. DUNCAN COFFEE CO. HOUSTON, TEXA.

McKENNEY ON BRIDGE

IT MAY NOT PAY TO PULL TRUMPS BY WILLIAM E. MCKENNEY America's Card Authority Written for NEA Service

The beginner at contract has to learn many conventions, such as "second hand low," "always cover"

an honor with an honor," and so on.

There is also an old expression which assures us that "many a man is walking the streets of London, because he failed to lead trump." It is a good thing to bear in mind, but there should be no absolutely set rules in bridge any more than in any other sport.

Even though there is a runner on first and nobody out, a team once in a while will cross the opponents up and line one out instead of bunting. In football, on the fourth down with fifteen yards to go, to punt is the proper thing; but many a game has been won because a smart team used a strategic play instead.

In today's hand there is a simple example in regard to leading trump. North properly got into a contract of four spades and East made the normal opening of the

Snow Marriage Is Announced

Mrs. Lillian E. Snow, 428 Crest, has announced the marriage of her daughter, Lillian, to Mr. Albert Rosenfeld, son of Mr. and Mrs. Samuel Rosenfeld, of Philadelphia.

The wedding took place Aug. 24, after which the couple honeymooned in Atlantic City and New York.

The bride is a graduate of Pampa High School, and received her B. A. Degree in sociology from New Mexico A&M College in June.

They will live in Las Cruces, N. Mex., while the bridegroom completes his schooling at New Mexico A&M College, where he is majoring in physics and modern languages.

BGK Club to Reopen Activities Tonight

The Beta Gamma Kappa Club will reopen activities with a meeting at 8 p. m. today in the City Club Room.

This first meeting of the fall will be largely a "get-together" meeting and a full evening has been planned for members and their guests.

On the Entertainment Committee are Mmes. Melvin Watkins, Tom Lindsay, Robert Karr, Maynard Johnson, and N. C. Floyd. The Refreshment Committee is composed of Mmes. N. L. Nicholl, Byron Hilburn, John Phelps and Robert Brown.

126 Oil Wells Drilled in State

AUSTIN.—(P)—Oil well completions last week totaled 126, bringing the 1948 figure to 5,085, the Texas Railroad Commission reported.

Ninety gas wells were completed, hiking this year's total to 490 compared with 427 a year ago.

There were 48 dry holes reported. Wildcat drillings resulted in three oil wells, no gasers and 20 dry holes.

Forty-nine dry wells were plugged, no gasers, and 50 oil wells. The total average calendar day allowable as of Saturday was 2,876,800 barrels, an increase of 7,425 from the previous week.

jack of diamonds, which declarer won with the ace.

Now suppose that North followed the rule about picking up trumps. He would lead a spade. West would win with the ace, return the jack of clubs and declarer would lose two club tricks. The average player might not even notice this mistake, because North still would make his contract of four spades.

However, let us suppose that North disregarded the rule to lead trump. Instead, he cashed the queen of hearts, led a small diamond to dummy's king, and on the ace and king of hearts he threw away his five and king of clubs. Then he led the ten of spades, and when West went in with the ace and led a club, it was too late. North trumped, picked up the rest of the trumps and made six-odd.

Can Black-Draught Help Sleeplessness?

Yes, Black-Draught may help sleeplessness if the only reason you can't sleep is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental nervousness, bad breath—and if these symptoms are due only to constipation—then see what Black-Draught may do for you. Get a package today.

Don't Forget "Fourteen Count"

Before you put that bracelet on—count to fourteen! Before you choose that multi-colored scarf—make sure the decoration won't mean inflation of the "fourteen count."

In other words, be careful lest you break one of the oldest, and yet one of the most important, of fashion rules. It's a rule that was put in print as long ago as 1849, in the "Lady's Book"—and it's just been brought back into print by charm columnist Eleanor King, author of a new book, "Glorify Yourself."

The rule is simplicity itself. "Never wear a costume that comprises more than fourteen eye-arresting elements. Not counting your undergarments, you should be able to count up to fourteen—but no higher!"

Let's see how it works. You want to look pretty tonight, but not extreme. You wear a brown crepe basic dress, with a blue rose at the belt. You want your accessories to have a festive air. Your shoes are brown suede with brown suede bows. Your purse is brown faille with a gold initial. You wear a cocktail hat of three colors blending into brown. Suppose you decide on a gold necklace, or a couple of gold bracelets, some gold earrings. You wear your engagement ring. You wear below-the-elbow gloves, with gold stitching. You have a fur wrap, but it seems a little plain, so you put a jeweled clip on it.

And—you're miserably over-dressed. The count comes to eighteen—four points over maximum for a girl who wants to look her best.

Here is how the count works. You count one point for each and every accessory. A clip counts one point, a bow, or a platform with nail-heads, you add another point for each basic article of wear; your dress, for example, your shoes, your hat, or your wrap. But if the shoes have a buckle, a bow, or a platform with nail-heads, you add another point to the total. If your hat was more than one color, each color rates a point. And if your dress has buttons, bows, belts, or trim you'll add points for them. Gloves count one point, but stitching or buttons on them add another. Sequined fabrics, metallic cloth, and highly-beaded materials count five in themselves.

In the example given above, you must shave at least four points from the total. So out go the initial on the purse, the clip on the wrap, the bracelets and the earrings. It's that easy to be fashion-right!

The world's best-dressed woman keep to the count, Eleanor King declares. As she says in "Glorify Yourself," such women as the Duchess of Windsor, movie-star Virginia Mayo, and Mrs. Harrison Williams can be classified under a twelve count year after year. When Miss King conducted charm classes for the Samuel Goldwyn Studios in Hollywood, the "fourteen count" was emphasized again and again. And before "still" photographs were sent from the studio to newspapers, they were examined to make certain that the stars' costumes kept to the count.

Pattern No. 8371 is for sizes 11, 12, 13, 14, 16 and 18. Size 12, jumper, 2 7/8 yards of 64-inch blouse, long sleeves, 2 1/2 yards of 39-inch.

For this pattern, send 25 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett, (Pampa News), 1150 Ave. Americas, New York 19, N. Y.

It's ready for you now—the new Fall and Winter Fashion contains 60 pages of style, color, special features—plus a free doll pattern printed inside the book. Send 25 cents today.

Top favorite in a school-day wardrobe is the all-purpose jumper to dress up or down with blouses or sweaters. This junior style has figure-molding lines — the crisp blouse has long or short sleeves.

Dimmitt B&PW Plays Host to District Meet

The Dimmitt Business and Professional Women's Club will be hostesses to the District Conference for District No. 9 at Plainview, September 18 and 19. The Dimmitt Club will be assisted by the Plainview B&PW Club.

Refreshments were served to Mrs. J. O. Dumac and granddaughter, Marsha Lynn; Mrs. J. B. Conner and daughter, Janna; Mrs. Joe Wilkinson and daughter, Mary Jo; Mrs. P. C. Wynne and son, Kenneth; Mrs. E. G. Albers; and the hostess, Mrs. Crouch and son, Ronnie.

The next meeting will be held in the home of Mrs. E. G. Albers, Jr., at 2 p. m., 729 N. Wells.

A meeting, held by the Dimmitt and Plainview committee chairmen Sunday afternoon, Sept. 8, laid plans for work of the various committees.

Plans are being made for 150 guests at the conference. Registration will begin Saturday afternoon at 4 o'clock. The district directors meeting will be held at 8 p. m. The banquet will be held at 7:30 Saturday evening, Sept. 18. The state president, Charisse Ward, will be guest speaker. A breakfast at 8 o'clock Sunday morning will be followed by the attendance of guests to the church of their choice. The noon luncheon will be held at 1 p. m.

The following Business and Professional Women's Clubs are included in District No. 9: Amarillo, Borger, Dimmitt, Dumas, Floydada, Hereford, Lockney, Lubbock, Pampa, Panhandle, Perryton, and Plainview.

Bananas may be brushed with butter or margarine and broiled to be served with meat of any kind—hamburgers, ham, veal or lamp chops.

Yucca Delphians Start Activities

The Yucca Chapter of the National Delphian Society held the first meeting of the new club year, Thursday in the City Club room.

Mrs. Joe Fischer was program leader on the subject, "Nationalism, Its Origins and Its Influences." Mrs. Knox Kinard spoke on "Nationalism and Its Physical Components," and the group discussed the psychological and various other factors of nationalism.

The objective of the day was to define nationalism, discover and analyze the forces which produce it, and to consider its effects upon the individual and the world.

Mrs. Kinard, president, presided over the business session during which the various committees and temporary officers were appointed. Program dates were fixed and parts were assigned for the coming year. Sixteen members were present.

Most foods that go into the refrigerator should be kept tightly covered. Meat that has not been cooked yet is an exception to this rule. Cover it only lightly, since tight covering promotes bacterial growth.

Grapefruit juice may be combined with ginger ale and ice for a cooling drink.

Samoa Is Gonna Be for Samoans

Another iron curtain has been rung down. And this time it isn't the Kremlin that is responsible, but our own government.

It all began when the U. S. delegation to the UN reached their colleagues with tales of this South Pacific outpost. Newspapers carried accounts of the talks.

In Samoa it's still always summertime, and the livin' is still easy. Average temperature in the "hot" month is 80 degrees.

All this, as we said, is not new. For years before the war there was an intermittent exodus to the "cold" month.

It began to look as if everybody wanted to get away from it all at once. So the government had to study the matter.

It seems a shame. But as the Navy said, primitive measures had to be taken.

Common Ground by R. C. HOLES

"Give Me Liberty" I want to continue quoting today from the great booklet "Give Me Liberty" written by Rose Wilder Lane in 1936.

Yesterday's issue closed with the question "What is individual liberty?" will quote today Rose Wilder Lane's interpretation of individual liberty.

"When I asked myself, 'Am I truly free?' I began slowly to understand the nature of man and man's situation on this planet."

"But the exercise of this freedom is another thing, since in every use of my life-energy I encounter obstacles. Some of these obstacles, such as those of weather, are eternal in the human situation on this planet."

This time there were 500 present at 215 a place and the journalist, Simon, reported that there was no a free ticket in the house.

Mr. Fross is a man who is not only a fair but a just man. He is a man who is not only a fair but a just man.

NATIONAL WHIRLIGIG news behind the news

By RAY TUCKER

WASHINGTON—An extraordinary amount of American naïveté and ignorance of world conditions underlies our attempt to prevent Moscow from swallowing Germany, the Balkans, the Middle East and the key western nations on the old continent.

They maintain from their personal experiences in trying to re-establish trade and Allied contacts that the United States cannot do business with Russia or reach a general understanding with Stalin for any basis of permanent settlement of the problems which divide the two worlds.

They insist that official reluctance in making that conclusion will weaken our current and future offensives against the expansion of communism.

AGREEMENT—The insistence of the three Allies—the U. S., Britain and France—on remaining in Berlin in the face of Russian violence, they admit, has kept alive anti-Soviet hopes and spirit even in the countries behind the "Iron Curtain."

But these first-hand observers believe that our seemingly futile attempt to negotiate a top-level agreement with Stalin and Molotov has offset the good effect of our stand at Berlin.

Revolutionary and anti-Russian factions in all these areas fear and suspect that we may make a pact with Stalin which will sell them down a Russian River.

RESISTANCE—Secretary Marshall's reaction to Russian roughhousing around Berlin City Hall and the negotiations with the Kremlin at Moscow strengthens the belief that Washington, as a rule, is too weak to back up its promises.

"We appeared suddenly in the doorway of workingmen's cafes, dingy places with sawdust on earthen floors where one musician forlornly tried to make music on a cheap fiddle and men and women in the gray rags of poverty sat at bare tables and economically slipped beer or coffee. Their terror at the sight of uniforms was abject. All rose and meekly raised their hands. The police grinned with that peculiar enjoyment of human beings in possessing such power."

"They went through the men's pockets, making some little jest at this object and that. They found the 100-card tickets they had thrust them back in the pockets. At their curt word of release, the men dropped into chairs and wiped their foreheads."

"Working people make only enough to live on from day to day, they can not save, the Chief said. Of course, if by any remarkable chance one of them had got some money honestly and could prove it, the judge would release him."

Satchel, L. V. Foster, Durwood Lewis, Bud Cumberland, Elvith Mathis, Claude Lamb, Roy Smith, and A. E. Penington.

In Hollywood

By ERSKINE JOHNSON

HOLLYWOOD—(NEA)—Seldom in modern times has the death of any individual so saddened the entire nation as did the recent passing of George Herman "Babe" Ruth. It is doubtful if anyone ever had more words written about him than the immortal Bambino.

Here, however, are a few facts about the Babe and Hollywood which have been completely overlooked by even the rabid sports fans who knew and remembered all of Babe's great feats on the diamond.

Throughout his long baseball career the Babe was closely associated with motion pictures and the theater. He appeared in feature films from 1920 to 1942, and also made two personal appearance tours.

"Headin' Home," the first of his dramatic efforts, was made in 1920 by Yankee Photoplay Corp., and proved to be one of the worst pictures ever produced.

Although he was a guaranteed \$30,000, Ruth suffered financially as well as artistically from "Headin' Home." He received \$15,000 in cash and a check for \$35,000 that bounced about six times when he tried to cash it.

In 1927 Babe starred in a First National picture called "The Babe Comes Home," which was his favorite starring role. Anna Q. Nilsson and Louise Fazenda were featured players. Publicity from First National credited the Babe with such outstanding acting ability that Dave Thompson, production manager of the studio, offered him a long-term contract.

The Babe had just established an all-time mark of 60 home runs in 1927 and used his film publicity as a weapon to get more money from Colonel Ruppert, owner of the Yankees.

In 1928 Harold Lloyd starred in "Speedy" as a baseball loving cab driver and among the supporting players was one George Herman Ruth, who appeared in several scenes.

The Big Fellow's last appearance before the camera in an important role came in 1942 in the life story of his former teammate, Lou Gehrig, whose death, like the Babe's, shocked the country. In "The Babe Ruth Story" Ruth played himself, but much of his footage was cut out.

High-priced performer The Babe's two personal appearance tours were made early in his career. In 1921 he appeared on the Keith circuit for 26 weeks and received \$60,000. In 1928 the ante was upped to \$100,000 for 12 weeks.

Although it has not been publicized, Ruth actually appears in one short scene in Allied Artists' "The Babe Ruth Story" in which Bill Bendix impersonates him. Ruth can be seen briefly in a newsreel clip which shows the Yankees boarding their special train after the final game of the 1928 World Series with Pittsburgh.

Britain Delays Demobilizing Armed Forces

LONDON—The British Government announced that Army, Navy and air force demobilization will be slowed because of the tense international situation.

Non-Stop Actor Shelves Vacation

HOLLYWOOD—After seven films in a row, Hollywood's non-stop actor, Glenn Ford, is shelving vacation plans to begin number eight. And this time the busy star isn't complaining.

Echo Findings Show that mud at the sea bottom is, in some places, 9,000 feet deep.

MODIFY—Stalin's present and former agents in these areas—Tito in Yugoslavia, Gomułka in Poland—recognize these differences and have tried to modify class communism so as to fit local conditions. They have also tried to temper Stalin's demands so that they would not antagonize a class of small, proud, land-holding peasants.

Even Cupid's Slightly Confused

Take four guys named Joe Sylvain and four girls named Marie Pomerleau and this is what happens: Joseph Robert David Sylvain will marry Marie Jane Pomerleau, below, and Joseph Andre Gerard Sylvain will marry Marie Anne Lorraine Pomerleau, top. The best men will be two other Sylvains named Joe; the bridesmaids will be some more Pomerleaus named Marie. It all happened in Hartford, Conn.

New Indian Bloodbath in Making

By The Associated Press

A situation fraught with potentialities of widespread bloodshed has developed out of the dispute between the dominion of India and the powerful Nizam of Hyderabad, paramount prince of the Indian sub-continent and reputedly the world's richest individual.

The background of this crisis dates back to just over a year ago when Britain granted independence to all India which, apart from the principalities, was split into two dominions—Pakistan (mainly Moslem) and India (largely Hindu). India has insisted that His Exalted Highness, as the prince is known, join that dominion. This demand is based on two grounds: (1) Hyderabad is a wholly within the dominion of India, and (2) the state presents the anomaly of a Moslem prince ruling over a population of some 13,000,000 which is more than three-quarters Hindu.

However, the Nizam long has been noted as proud and resentful of interference with what he regards as his prerogatives. Moreover he has a sizable standing army of his own. Relations between the dominion and the state have gone from bad to worse. There have been clashes between Hyderabad police forces and Indian troops on the borders. Finally a few days ago Prime Minister Nehru of India demanded that the Nizam outlaw his police army and permit Indian troops to enter the state to maintain order. This the Nizam curtly refused to do.

Legal Records

Marriage Licenses
The following were granted licenses to wed in the office of County Clerk Charlie Thut: James C. Taylor and Mrs. Rudell Stanford.

Cleo and Ette Edwards to Paul Martel; Undivided half interest in and to Lots 11, 12, Block 29, McLean.

Suits Filed
The following divorces were filed yesterday in the office of District Clerk Dee Patterson: Ann Pardue versus Ted Pardue. Lena Faye Hessey versus John B. Hessey.

RANGOON, Burma — (AP)—President Sao Shwe Thak Saturday proclaimed martial law in five districts of Burma, including Rangoon, where government forces are reported mopping up Communist insurgents. Relations between the dominion and the state have gone from bad to worse. There have been clashes between Hyderabad police forces and Indian troops on the borders. Finally a few days ago Prime Minister Nehru of India demanded that the Nizam outlaw his police army and permit Indian troops to enter the state to maintain order. This the Nizam curtly refused to do.

Modern Women Seek 2-Way Help Like This
What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in GARDUI'S 2-way help. You see, GARDUI may make things less easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periods pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. GARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times", get GARDUI today.

Uncle Sam's Selective Service

WHO IS LIABLE?
1. Q — Who is liable for training and service in the armed forces under the new Selective Service law?
A — All male citizens and every other male person residing in the U. S. who is between the ages of 18 and 26 on his registration day, provided he is not specifically exempt by law.
2. Q — Can the 18-year-old men be inducted?
A — No.
3. Q — What about an 18-year-old who attains the age of 19 after registering? Is he liable for training and service?
A — Yes.
4. Q — Can the 18-year-old enlist?
A — Yes, if they will enlist.

A — Yes, he will be accepted for one-year enlistment in the Army of the United States, the Navy, the Marine Corps, and the Air Force.
5. Q — Can these 18-year-old enlistees be sent anywhere?
A — No. Those in the Army cannot be assigned to permanent duty outside the continental United States. Those in the Navy, Marine Corps, or Air Force cannot be assigned to any installation which is located on land outside the continental United States.
6. Q — Can a person be inducted after he has attained his 26th birthday?
A — No.
7. Q — How long will a person 19 through 26 years of age serve after being inducted?
A — Twenty-one consecutive months unless sooner discharged.
8. Q — Will these men 19 through 26 years of age be offered a chance to enlist in the Regular Army?
A — Yes, if they will enlist.

TWO SMALL BILLS

YOUR STATEMENT for electric service is probably one of your smallest bills, yet the conveniences and comforts brought you by dependable electric service are almost immeasurable.

Each month low cost electricity is available to light your home, to cook, wash, and refrigerate. All of this for only a few pennies a day.

With the cost of electric service so low, more and more folks are living the modern way... electrically. Look around your home and see how you can use more low cost electric service... and enjoy better living.

Oilers Take First Playoff Round With 11-9 Win

Page 6 Pampa News, Wednesday, September 15, 1948

Harvesters Prepare For Graham Battle

The Pampa Harvesters continue to have a bone infection as they prepare for their second grid test of the 1948 season, scheduled for Friday night against the Graham Steers in Graham.

Coaches Tom Tipps and Aubra Noonester showed the boys through a scrimmage yesterday afternoon and stressed blocking assignments and defensive work. This year, like last, injuries have again dogged the trail of the Harvesters and have eliminated one boy for an unlimited time.

Harbord Cox, 160-pound senior fullback, was announced yesterday.

WAR-PROVED FORMULA

Now Available
Treats and Defeats Athlete's Foot

Now you can treat and defeat Athlete's Foot with ATH-O-DEX, composed of wonderful new ingredients discovered by wartime medical research especially for Armed Forces personnel. In clinical tests, using this war-proved formula, doctors report 9 out of 10 cases of Athlete's Foot treated with complete success. Treatment is easy to follow. Apply ATH-O-DEX ointment to infected areas at night. In the morning dust ATH-O-DEX powder freely between toes and into shoes. Start this two-way treatment — watch how the itching, burning, and stinging stops. At drug counters.

GET THE NEW LOOK—SLIM DOWN YOUR WAIST LINE

When you buy Barcontrate, you buy a preparation for taking off weight. You do not pay for any printed diet nor for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcontrate is the original grapefruit juice recipe to take off ugly fat. Just go to your drugstore and ask for four ounces of liquid Barcontrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take just two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Lost 30 Pounds
"I wish to state that I lost 30 pounds taking Barcontrate. I didn't starve myself and I feel better than I have in years. I am sure that the easy, safe way to lose weight is by taking Barcontrate."—Mrs. Florence Chadwell, Route 1, Box 656, San Antonio, Texas.

25 Pounds Lost
"When I started taking Barcontrate, I weighed 195 pounds. I now weigh 170. I certainly praise Barcontrate."—G. W. Miller, Weatherford, Texas.

Locals Clash With Gold Sox Tomorrow Night in Amarillo

TINGLEY FIELD, Albuquerque—The Pampa Oilers banged out 19 hits last night, victimizing three Albuquerque pitchers and profiting through six Duke errors to whip their hosts 11-9, and win the initial round of the playoff series, 4 games to 2.

The Oiler win, coupled with the 11-0 triumph by the Amarillo Gold Sox over the Lubbock Hubbers, throws the Golden Hose and Oilers into the final W-T-N-M Shaughnessy playoff round, set for tomorrow night in Amarillo. Both teams observed a day of rest today and will resume warfare at 8:15 p. m. tomorrow. In last night's encounter, the Oilers seemed to be playing hide-and-seek with the victory. They took a two-run lead off Virgil Butler in the first three innings, but in the fifth, regained it and then lost it in the sixth. They finally grabbed it back and fled with a six-run salvo in the eighth.

The hosts retaliated and got two of these counters back in the eighth and ninth, but couldn't catch up. Manager Herschel Martin thumped the only non-stop ticket of the game when he pounded one over the right-field wall in the eighth.

George Payte stayed on the mound for the Oilers until he issued a charity base to the first batter in the ninth and then Roy Parker came in and finished the job. Ray Machado, who relieved Butler in the sixth, was

the loser although he gave way to Big Frank Shone in the eighth. Payte took a prominent part in his team's hitting barrage, collecting three hits in five tries while Tony Range socked four for five. One of Payte's grounders nearly decapitated Shortstop Frank Okrie when it took a weird bounce. Okrie had atrocious luck in the field all evening and was charged with four errors.

Silence Follows Chandler Meeting With Officials

CINCINNATI —(AP)—The usual silence followed yesterday's meeting between Baseball Commissioner A. B. Chandler and officials of the Detroit Tigers and Dallas Cowboys, but it was believed that players' deals" was the prime subject of discussion.

"No comment" was Chandler's word to newsmen. The Detroit News reported recently that baseball in general was headed "toward a housecleaning." Appearing before the commissioner were: Billy Evans, general manager of the Tigers; A. "Wish" Egan, chief scout; Jack Zeller, formerly of Detroit; and J. Alvin Gardner, president of the Texas League; George and Julius Scheps, president and treasurer of the Dallas club until April 12; R. W. Burnett, present owner, and Robert Goff, business manager.

Results Yesterday: Boston 18, Chicago 3; Brooklyn 8-7, Pittsburgh 5-1; St. Louis 5, Philadelphia 6 not scheduled; New York, Cincinnati not scheduled.

Single game attendance record for the Arizona U. football stadium is 14,730, set last year when the Wildcats played New Mexico U.

BRAVES SEEM UNSTOPPABLE IN NATIONAL LEAGUE DRIVE

By the Associated Press. It looks as if the Boston Braves are in.

With a five game lead and only 16 games left to play, the Braves appear unstoppable in the National League today. It seems that only a major nosedive would deprive them of their first pennant since the "miracle team" of 1914.

As for hitting a serious slump, Manager Billy Southworth has the best remedy possible in his double "a" stoppers—Johnny Sain and Warren Spahn.

Sain, a big righthander with one of the best curve balls in the business, became the first pitcher in the loop to win 20 games when he pitched the Braves to a 10-3 victory over the Chicago Cubs yesterday.

The triumph enabled the Braves to pull five games ahead of the runner-up Pittsburgh Pirates who suffered a severe jolt by dropping a doubleheader to the third-place Brooklyn Dodgers, 8-5 and 7-3.

The St. Louis Cardinals, behind the three-hit pitching of Harry (The Cat) Brecheen, blanked the Phillies, 8-0 at Philadelphia. The triumph enabled the Cards to and tied two.

break their fourth-place tie with the idle New York Giants.

The Boston Red Sox retained their two game lead over the New York Yankees in the American League's pennant chase. The Sox downed the White Sox, 4-1, at Chicago while the Yanks brushed off the third-place Cleveland Indians, 6-5.

Connie Mack's fourth-place Philadelphia Athletics drubbed the Browns, 12-2, in a night game at St. Louis.

The Detroit Tigers took a doubleheader from the hapless Washington Senators, 2-1 in 11 innings, and 12-1.

Yale will play seven home games during the 1948 football season, traveling to two contests—with Wisconsin and Harvard.

Jack Coombs, pitching for the Philadelphia Athletics in 1910, set an American League record for shutouts in one season. He had 13.

After 56 baseball meetings between the New York Yankees and the Boston Red Sox, each team had won 27 and tied two.

GOOD NEWS FOR SICK PEOPLE
STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS

and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells.

Drugless Health

IF YOU ARE a sufferer of these ailments, try GEO-MINERAL. You may be astonished at the results. You need not guess—you will see facts. GEO-MINERAL comes from the earth—Nature's Laboratory. Contains NO dope, NO alcohol, NO oil. ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. Lack of minerals in the blood causes anemia, headaches, nervousness. Minerals generate mental brilliancy, give sparkling eyes, red cheeks, tight disease, build up health. RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ill. People, on the advice of doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there regularly twice a year.

Amazing Results

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their mineral waters. We have all heard of the wonderful springs of Lourdes, France, and famous Thouron in ancient Greece where, according to legend Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young. GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it. Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, relieving you. And then realize the priceless value of GEO-MINERAL.

CRETNEY DRUG STORE

Read What They Say!

"We wish to state that after selling Geo-Mineral for eight months, this product has broken all sales records in the medicine line in my drug store"—reports Jack Wright, owner of Economy Drug Co., Anderson, S. C. "Cases report almost miraculous results, rheumatism, weak kidneys, and various stomach ailments. We believe that there exist very few items on the druggist's shelf with the merit of this natural mineral medicine. Of thousands of bottles sold on guarantee basis, there have been very few refunds."

100% Guaranteed

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money in full. Try it today! It may do wonders for you—and be the best investment for your health. Make you feel eat, sleep, work and enjoy life better. GEO-MINERAL: 1 lb. \$1.10, 6 for \$4.50

U.S. Air Strength Superior To Russia's, Analyst Says

(EDITOR'S NOTE: This is the second of two articles by Elton C. Fay, Associated Press military analyst, in which he outlines the comparative strength of Russia and the Western Allies, should a shooting war start.)

By ELTON C. FAY
 WASHINGTON (AP)—Official estimates put the total air strength of Russia, with that of its satellite states, at 4,121,800 men in 274 divisions, all deployed in Europe or near where war conceivably might start.

The estimated strength of Britain and other Western European countries that might oppose a Russian advance is 1,540,900. This figure, with the 837,000 goal of the United States Army for this next year, gives a total of ready armies of 2,377,900.

Looking upon these comparisons of land army power, there is one school of military thought that contends it would be unwise for the United States to grapple with the massive weight of the Soviet armies in the first stage of a war.

This theory was pointed up by the recent three-day mock-war maneuvers staged by some of the U.S. forces in Germany. Maj. Gen. Frank Milburn, commander of the First Infantry Division, summed it up:

"In the next war, if we get hopped on, we will not have air and artillery superiority, so every one must go on the assumption that we must dig in, camouflage, and fight a delaying action."

What then is the relative air-power status? Here the balance may be in favor of the United States and its friends—or may not be. The size and capability of the United States Air Force and the Navy's air arm are pretty well known.

But Russian air power is guessed at, even in some of the best military intelligence circles. The figure most commonly mentioned for Russia is a force of 14,000 planes. Fighters predominate, with several hundred modern jets already in operation. But the Russians reportedly are building their own long distance bomber fleet. Air Secretary Symington has estimated it would be possible for the Russians to build at least 1,000 big bombers, copied after our B-29s, during this year.

For its part, the United States Air Force has about 800 B-29s in operating condition and between 1,500 and 2,000 in reserve. The total of fighters is not revealed, although it is known that more than 1,000 of them are high speed jets, with a large number of World War II standard-engined planes still in use or reserve.

The United States Navy has about 10,500 planes, many based on far-roaming carriers. Since the balance of air power may be equal or slightly in favor of the United States, the indication is that the outset of war would follow somewhat the pattern of the opening years of World War II for the United States—air attack while the ground armies build up.

At sea, the threat of Russia would be undersea rather than on the surface. With a surface fleet that is considered insignificant, the Russians have turned their attention to submarines—aided by late model German U-Boats which they captured and submarine de-

FATE HITS INDIA TWICE

By DEWITT MACKENZIE
 Ap Foreign Affairs Analyst

The great Indian subcontinent, struggling with the dangerous vicissitudes of its new-found independence from Britain, has been visited with two further fateful developments:

1. Mahomed Ali Jinnah, governor general of the dominion of Pakistan has died, thus depriving this Moslem nation of the man who created it and was its guiding spirit.

2. The dominion of India, which is chiefly Hindu in complexion, has invaded the premier princely state of Hyderabad with armed forces and there has been fighting.

The declared purpose of this move against the domain of the Nizam, most powerful of all the Indian rulers, is to maintain order. His exalted highness, the some four-fifths of his subjects are Hindus.

At first glance these two events might seem to have small relation to each other, and it may indeed be that their paths will not cross. Still, there are elements in them which could combine for either good or evil. The situation is complicated and must be viewed from several angles.

Take Jinnah: This brilliant, 71-year-old leader was law unto the some 100,000,000 Moslems of the Indian peninsula, and they followed him blindly.

With Jinnah gone, there naturally is speculation whether this may ease the situation between the two hostile dominions—may even result in union between the two in a federal government.

Another angle revolves about the violent and often bloody differences between the Moslems and the Hindus, growing out of religious bitterness. This has cropped up in connection with the invasion of Hyderabad. Some in Pakistan demand war against India.

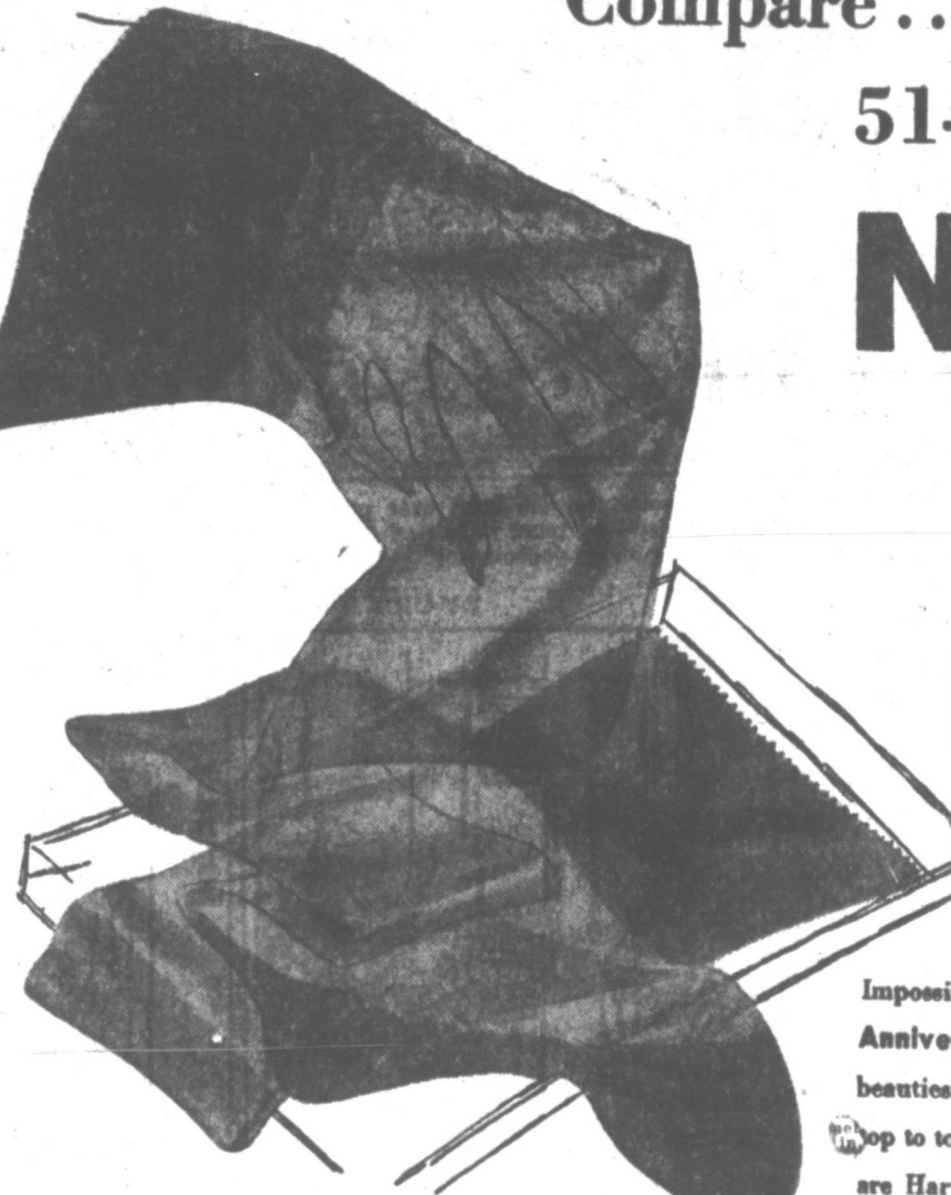

However, there obviously is no real basis for war between Pakistan and India, since Hyderabad lies wholly within India and 80 percent of its people are Hindus.

Were Jinnah still at the helm, it's safe to say there would be no war over this issue. Still, observers noted when the argument over Hyderabad first started that religious strife could grow out of it and that communal fighting might spread throughout the dominions. No man can make a certain prediction about that now, for the people of the Indian peninsula are highly inflammable.

PAY CASH—CARRY IT—AND SAVE!

Court to Settle When Crate Is Not A Crate

HOUSTON, (AP)—How many carrots in a crate? That's a \$400,000 question with which a three judge federal court started grappling here.

The Texas Citrus and Vegetable Growers and Shippers Association, which shipped 5000 carloads from

the Rio Grande Valley last season, maintains the average crate contains 65 pounds of carrots. The Interstate Commerce Commission and various carrot-hauling railroads contend that the average crate holds 80 pounds.

Last July 6 on its own initiative, after protracted study and investigation, the ICC entered an order decreasing 80 pounds as the average weight.

The order became effective Thursday. If it stands, according to

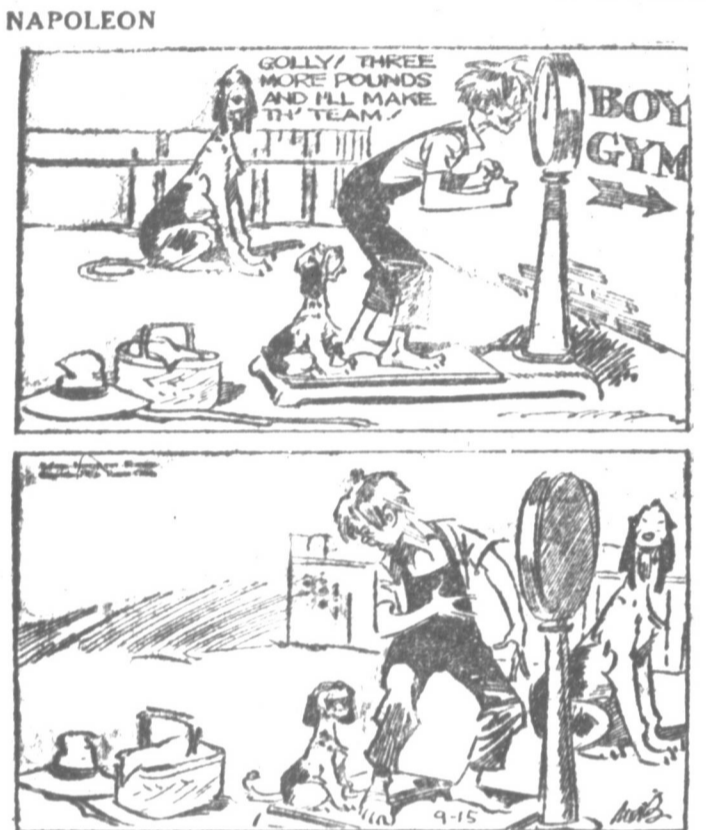

Texas Production Of Oil Increases

TULSA, Okla. (AP)—The nation's crude oil production continued to soar during the week ended Sept. 11, averaging 5,542,185 barrels daily for another new record, the Oil & Gas Journal has reported.

This was 37,185 barrels daily above the previous high of 5,505,000 counted during the week ended Sept. 4.

Texas contributed a gain of 10,425 barrels in averaging 2,470,900 barrels daily for a new record for the year.

RESTRAINING

(Continued from Page 1)
Just before midnight, convention
officials sent the Johnson certifi-
cation by registered mail to the
secretary of state at Austin. This,
Johnson's attorneys said, was to
forestall legal action by C. C.
Stevenson, defeated in the Senate
race by a record-breaking close
margin of 87 votes.

It took the Truman forces five
hours to beat the stubborn States'
Rights minority down and sweep
into control with two clear-cut
victories on test votes. Then it
ejected anti-Truman delegates from
four counties.

Pro-Truman delegations from
Harris, Dallas, Tarrant and Har-
rison counties triumphantly
streamed into the hall and took
the seats vacated by those who
were kicked out.

The party aimed these jobs at
members who were suspected of
unwillingness to vote the ticket
straight.

1. An overwhelming vote recom-
mending that the national commit-
tee replace Wright Morrow of
Houston as a member from Texas,
substituting Byron Skelton of
Temple. Morrow has been under
attack as a States' Rights sym-
bolizer.

2. Ousting of Mrs. R. A. Thomp-
son of Goliad — openly a States
Rights — as vice chairman of the
State Executive Committee and
replacing her with Mrs. Claude
Straight of San Antonio.

3. Giving the State Democratic
Executive Committee full power
to require its members, county
and precinct chairmen, and mem-
bers of county executive commit-
tees to sign party loyalty pledges
or be removed from office.

Robert W. Calvert of Hillsboro
refused the convention's persistent
demand that he be continued as
chairman of the State Executive
Committee. John C. Calhoun of
Corsicana, a close friend of Gov.
Beauford H. Jester, took his place.

The convention adopted a plat-
form outlining objectives of Gov.
Jester's program for the next
two years. It included advocacy of
a tax on natural gas if needed
to finance rural roads, and a
broad outline of expansion of
many state services. It commended
Jester's administration.

The platform opposed a sales
tax and called for repeal of "ill-
considered laws encumbering lab-
or-management relations" and
enactment of a mediation law. It
opposed the FEPC and advocated
adherence to the "wise and time
tested policy of segregation. . .
and support of the Constitutional
provision for separate schools"
and it also urged continued efforts
by the state to improve the educa-
tional, economic and health stand-
ards of Negroes.

Tom Tyson of Corsicana, at-
torney who led in the battle to
displace anti-segregation electors in
1944 and in the pro-Truman fight
this year, was elected permanent
chairman of the convention. C. C.
McDonald of Wichita Falls was
temporary chairman.

CLASH
(Continued from Page 1)
Violence. One councilman sharply
criticized police actions.

Union lined up against union
over whether the AFL oil workers
should criticize CIO pickets and
The AFL truck drivers' local issued
a statement saying "no good
union man will go through a
picket line when the union is
involved in fighting for wages, hours
and working conditions."

Negotiations between the oil
workers and the struck companies
continued in San Francisco and
in Los Angeles with no agreement
in sight.

The chief issue was a union
demand for 21 cents an hour wage
increase against an employer offer
of 12 1/2 cents.

J. Elro Brown, union district
director, said the company offer
would boost the present \$1.68 an
hour pay scale to \$1.80 1/2 and
that Eastern and Texas workers
have received boosts bringing their
scale to \$1.95 an hour.

No appreciable shortage in gas-
oline was yet noticeable, although
purchases were limited to five
gallons per car in some areas.

HITLER

(Continued from Page 1)
and that there would be another
meeting.

Chamberlain returned to London
the next day. He said, "It was
a friendly talk, but it was a friendly
one. I feel satisfied that each of
us fully understands what is in
the mind of the other."

Poor old Chamberlain—and poor
old world. They were to learn in
a few days what reality was in
Hitler's wicked mind.

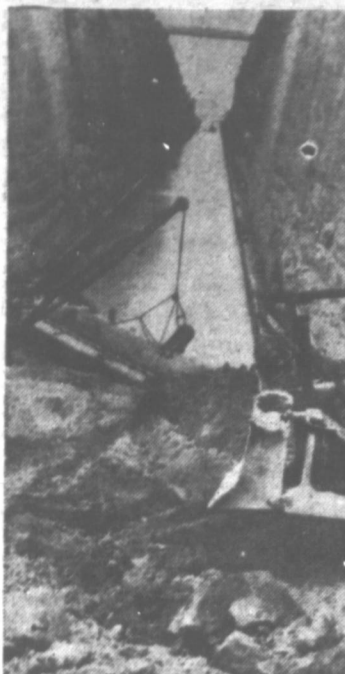

TRUMAN

(Continued from Page 1)
had come to the board and that
it stood as a symbol to many
members of the Congress and he
believed, to the public, of the
effectiveness of the enforcement
machinery of the statute."

On August 24, the general
counsel's office asked the court to
fine the union in contempt,
alleging violation of the injunc-
tion. The charges will be aired
in Indianapolis before Judge
Luther M. Swygert, beginning
next Monday.

In reply to Finding the Pres-
ident wrote:
"it seems to me that it is
entirely improper for any sena-
tor, no matter what his politics
or his rank in the Senate may
be, to attempt to put the heat
on one of the executive depart-
ments."

Aid to Greece Rebuilds Canal

Biggest single accomplishment of the U. S. Aid to Greece recon-
struction program thus far is the \$680,000 rebuilding of the Corinth
Canal. The waterway, which was badly damaged by German
troops, connects Greek east and west coast ports. Bulldozers did
their share in the gigantic project.

Effort Is Being Made to Help Deaf and Blind

AUSTIN (AP)—An intensive
effort to locate and help persons
who are both deaf and blind is
under way in Texas.

Mrs. Dorothy Bryan of the
American Foundation for the
Blind, Inc., and Miss Julia Law-
son of the State Commission for
the Blind began a tour of six
Texas cities where home teachers
are assigned to aid the deaf-blind.

They will spend 16 days with
these home teachers, going with
them to visit deaf-blind cases and
giving them pointers on how to
help such persons gain self-
reliance and a fuller enjoyment
of life.

Mrs. Bryan is director of serv-
ices for the national foundation's
deaf-blind program which she
started in 1946. Miss Lawson is
supervisor of industries and home
teachers with the State Commis-
sion for the Blind.

They know of 40 deaf-blind
cases in Texas but believe there
is a considerably larger number.

They began their tour Wednes-
day and will observe the follow-
ing itinerary: Houston, Sept. 15-16;
San Antonio, Sept. 17-20;
Waco, Sept. 21; Fort Worth, Sept.
22-23; Dallas, Sept. 24-27; Austin,
Sept. 28-30.

This meeting was the first in a
series of luncheon meetings to
perfect plans for the drive.

A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low
If you do not feel like your real self, do
not have the urge to be up and doing,
why not check-up on your blood
strength? Look at the palms of your
hands, your fingernails, your lips, the
lobes of your ears—are they pale and of
color?

Every day—every hour—millions
of tiny red-blood-cells must pour forth
from the marrow of your bones to re-
place those that are worn-out. A low
blood count may affect you in several
ways: no appetite, underweight, no
energy, a run-down condition, lack of
resistance to infection and disease.

To get real relief you must keep up
your blood strength. Medical authorities,
by analysis of the blood, have by positive
proof shown that SSS Tonic is
unusually effective in building up low
blood strength in non-organic nutri-
tional anemia. This is due to the SSS
Tonic formula which contains special
and potent activating ingredients.

Also, SSS Tonic helps you enjoy the
food you eat by increasing the gastric
digestive juice when it is non-organically
too little or scanty—thus the stom-
ach will have little cause to get balky
with gas, bloats and give off that sour
food taste.

Don't wait! Energize your body with
rich, red-blood. Start on SSS Tonic now.
As vigorous blood surges throughout
your whole body, greater freshness and
strength should make you eat better,
sleep better, feel better, work better,
play better, have a healthy color glow in
your skin—firm flesh fill out hollow

TRUMAN

(Continued from Page 1)
had come to the board and that
it stood as a symbol to many
members of the Congress and he
believed, to the public, of the
effectiveness of the enforcement
machinery of the statute."

On August 24, the general
counsel's office asked the court to
fine the union in contempt,
alleging violation of the injunc-
tion. The charges will be aired
in Indianapolis before Judge
Luther M. Swygert, beginning
next Monday.

In reply to Finding the Pres-
ident wrote:
"it seems to me that it is
entirely improper for any sena-
tor, no matter what his politics
or his rank in the Senate may
be, to attempt to put the heat
on one of the executive depart-
ments."

BOMBERS WINNERS

WASHINGTON (AP)—The
United States bomber force has
licked the problem of operating in
the stormy but strategically vital
Arctic, its chief disclosed today.

Gen. George C. Kenney, boss of
the Strategic Air Command, said
crews have now learned how to fly
B-29s "with high efficiency" in the
bitter cold up near the top of the
world.

FOUR INTOXICATIONS

Four men were fined on charges
of being intoxicated this morning
in Corporation Court. One man
was fined \$28, the other three
were fined \$15 each.
