

RED FIGHTERS STUNT OVER U.S. SECTOR

BERLIN—(AP)—Russian fighter planes stunted and dived high above the American sector of Berlin today, leaving vapor trails reminiscent of the war days. The Russians broke no regulations, but excited the German population in this jittery city.

The maneuvers, duly announced in advance, were staged against a somber background of big power tension.

The Soviet commandant in Berlin, Gen. Alexander Kotikov, had just told the Americans "not to interfere in matters which don't concern them." This was the Russian answer to a protest by the American commandant, Col. Frank Howley, against an invasion of American officers in the City Hall Monday in which 19 Western sector police were carted off.

The Russians also have turned down a French demand for the release of another 19 Western sector police who were kidnapped by Soviet sector police Wednesday morning while traveling under a Russian safe-conduct guarantee.

About 12 Russian Yak fighters roared over Berlin early in the day. Later there were two more groups, one of five planes and one of nine. They flew over the Zehlendorf district, an American residential section, stunting, diving and leaving vapor trails but remaining at altitudes of from 25,000 to 30,000 feet. This was not a violation of four-power flight regulations, which apply only to flights of 10,000 feet or less.

Allied officers said nothing unusual, thus far, had occurred in the air lift corridors to interfere with the massive Allied program to supply the blockaded city.

Danish naval authorities in Copenhagen reported that at least 50 Soviet planes violated Danish territory today in flights off Bornholm Island in the Baltic. They said one group flew low over a Danish naval unit. The authorities asserted that the planes crossed the territorial border. Russians occupied the island in the spring of 1945 and remained 10 months, withdrawing in 1946 after Danish protests.

Naval authorities expressed the opinion the Russian planes had come from bases in Germany. They said at least 12 craft passed over Rønne, the island's main city, one of them at an altitude only slightly over 300 feet.

Draft Board Closes at 5

The Pampa office of Local Board 52, U. S. Selective Service, announced yesterday it would begin closing at 5 p. m. today instead of remaining open until 6 p. m. practiced up until yesterday.

Today was the last day for men to register who were born in 1926. Friday and Saturday, men born in 1927 will register. Monday and Tuesday those with 1928 births are slated to fill out their cards. Those born in 1929 will go through the process on Wednesday and Thursday and the 1930s Friday and Saturday. After that boys reaching 18 years of age will have to register not later than five days after their birthday.

By near closing time Wednesday over 1,200 veterans and non-veterans had registered from the four counties under Local Board 52, board officials reported.

The Pampa office, located on the third floor of the Gray County Courthouse in the old Sheriff's Room, is handling registrants from Pampa and LeFlore. McLean registrants go through their postmaster.

Man Held in Auto Theft

Charges of violating the Dyer Act transporting a stolen vehicle across a state line were preferred yesterday against Billy W. James, Pampa, Federal District Court at Amarillo by the federal district attorney's office.

James was picked up Saturday night while hiding in a closet at 612 N. Wells by Chief Deputy Sheriff Rufe Jordan and State Highway Patrolmen.

James is charged with the theft of a 1936 Ford sedan on July 22, or 23, in San Francisco and transporting it to Pampa where he traded it for a motorcycle from a local man, officers said.

Officers got the tip Saturday night that James was in town. Locating the house, James was staying in, they approached from the front and rear, Jordan, gaining entrance through the rear door, looked around and found James hiding in a closet. He was brought to the County Jail and held for federal authorities. No bond had been set by noon today.

Houston Gas Co. Plans Stock Issue
NEW YORK—(AP)—The Tennessee Gas Transmission Co. of Houston announced a stock distribution will be made about Nov. 12 to holders of record Oct. 20.

The board also authorized the issuance and sale of 400,000 additional shares of common stock to provide funds for the firm's construction program.

Rains hit Borger for 4.32 inches and an unofficial rainfall of over 6 inches was registered at Sterling. In other parts of the state it was still raining this morning, but Pampa was bone dry.

CURTIS DOUGLASS IS CHAIRMAN DIXIECRAT EXECUTIVE GROUP

PREPARE FOR BLOCKADE'S END—German workers make minor repairs of the Berlin-Helmstedt railroad bed in preparation for the rumored lifting of the Soviet blockade as four-power military conference continues in Berlin.

Reds Propose Big Four Meet On Former Italian Colonies

PARIS—(AP)—Russia proposed today that the Big Four foreign ministers meet here tomorrow to discuss the future of former Italian colonies.

The United States, Britain, and France have accepted, and French officials said it actually may start tomorrow. The exact starting time has not been set, however.

British Foreign Secretary Ernest Bevin and Russian Foreign Minister V. M. Molotov both could reach Paris by air in time. Secretary of State Marshall could hardly get here in time, but might deputize Ambassador Joseph P. Kamp or Lewis W. Douglas of London to act until he arrives.

Though France is without a government, Robert Schuman still is acting foreign minister and could sit for this country.

The former colonies are Libya, Eritrea and Somaliland, all in Africa. Britain conquered them during the war and still occupies them. A United Nations investigation showed the inhabitants disagree among themselves on their future.

The issue was discussed heatedly by the foreign ministers council here two years ago without result. Britain proposed the meeting in Libya and Eritrea but got little consideration. The foreign ministers decided to allow a year for a decision after the Italian peace treaty was signed. The deadline expires Sept. 15.

Deputies of the foreign ministers have met in London for a year without resolving the question.

A Berlin dispatch said the foreign ministers may get around to discussing the Berlin blockade and related German problems, now that talks of the four military governors in Berlin are in recess and apparently bogged down.

The Italian colonies have large, but are valuable for military purposes.

Hereford Group To Meet Oct. 28

At a recent meeting of the Top o' Texas Hereford Breeders Association, it was decided the annual fall meeting of the group will be held at noon, Oct. 28 in the new club house at Recreation Park, Frank M. Carter, president, announced.

A free barbecue is being arranged, and members have been asked to notify the Chamber of Commerce office as soon as possible the number of persons they plan to bring.

Carter said members should "feel free" to bring along any of their customers as special guests. A program of entertainment will follow the meal, and is at present being planned by the association.

Drinking, Criticism Called Undemocratic
TOKYO—(AP)—It isn't democratic to drink liquor, a youth organization in the town of Wajima decided.

The organization adopted an abstinence program, providing a fine of 50,000 yen against any member who touches a drink. The same fine applies against anyone criticizing mistakes by fellow members.

Attorney Curtis Douglass of Pampa, one of the main sparkplugs of the States Rights' Democrats in Texas, yesterday was named chairman of the State Executive Committee at the party's convention in Dallas, and Attorney Aaron A. Sturgeon, also of Pampa, was named one of the 23 presidential electors chosen.

Douglass was also one of the chief advocates of placing both the Truman and Thurmond slates on the November general election ballot. He had been named as a delegate from Gray County to the State Democratic Convention in Fort Worth on Sept. 14 and 15 at the county convention here on July 21. Douglass indicated last week he would not attend the Fort Worth session.

In their convention yesterday, the states' righters made certain of getting their candidates' names on the general election ballot in November, the Associated Press reported.

State party machinery was perfected. Gov. Strom Thurmond of South Carolina was named the presidential candidate, and Gov. Fielding L. Wright of Mississippi was chosen his running mate.

Thurmond, here to accept the nomination, rebuffed the proposed civil rights program and presidential candidates Truman, Dewey and Wallace in a rousing speech last night.

In other Southern states, the party is known as the States Rights Democrats. On the ballot in Texas in November, however, it will be the States' Rights Party. In 1944 a Texas court decision held that only the Democratic Party was entitled to use the word Democratic on the ballot.

In South Carolina, Mississippi and Alabama, Thurmond and Wright are supported by the regular Democratic Party organizations. A special Florida legislative committee voted yesterday to place Thurmond on the general election ballot but declined to recognize Henry Wallace. Also yesterday, a North Carolina Supreme Court decision gave the States' Rights Democrats a berth on the state's general ballot.

States' righters hope to gain control of the regular Texas Democratic machinery when the Democrats convene at Fort Worth Sept. 14. A number of Texas political leaders who have been pushing the new party stayed away from yesterday's convention since they also are delegates to the regular Democratic Party convention and reportedly did not wish to risk being denied entrance to next week's meeting.

Other Texas city managers listed as attending so far are: J. B. Wilson, Odessa; H. A. L. H. Thomason, Midland; Rodenick B. Thomas, Dallas; G. O. Summers, Waxahatchie; James A. Giddings, Longview; George D. Fairtrace, Wichita Falls; and Charles Taylor, Brazil.

Matthews to Head Group At Meeting
City Manager Steve Matthews was selected last week by the International City Managers Association to serve as discussion chairman in the 20 to 30 thousand city population group at the association's annual meeting at Mackinac Island, Michigan, Sept. 12 to 16 inclusive.

He and Mrs. Matthews are leaving Pampa today to attend the convention, a sort of busman's holiday for him since the convention falls during Matthews' regular vacation time.

Matthews said the group he will preside over consists of over 100 registrants from the United States and Canada and will discuss: administration, paving costs, maintenance of city property, utilities outside the city limits, sewage disposal, city financing, salaries of top police patrolmen and firemen, water supply facilities and other pertinent city problems.

Matthews and B. N. Taylor, city manager of Baytown, are the only two Texans listed as discussion or group leaders at the convention. Other Texas city managers listed as attending so far are: J. B. Wilson, Odessa; H. A. L. H. Thomason, Midland; Rodenick B. Thomas, Dallas; G. O. Summers, Waxahatchie; James A. Giddings, Longview; George D. Fairtrace, Wichita Falls; and Charles Taylor, Brazil.

Man Held in Auto Theft
Charges of violating the Dyer Act transporting a stolen vehicle across a state line were preferred yesterday against Billy W. James, Pampa, Federal District Court at Amarillo by the federal district attorney's office.

James was picked up Saturday night while hiding in a closet at 612 N. Wells by Chief Deputy Sheriff Rufe Jordan and State Highway Patrolmen.

James is charged with the theft of a 1936 Ford sedan on July 22, or 23, in San Francisco and transporting it to Pampa where he traded it for a motorcycle from a local man, officers said.

Officers got the tip Saturday night that James was in town. Locating the house, James was staying in, they approached from the front and rear, Jordan, gaining entrance through the rear door, looked around and found James hiding in a closet. He was brought to the County Jail and held for federal authorities. No bond had been set by noon today.

Pampa Coolest Spot in State
A cold mass moving down from the Rockies into Texas lifted the heat wave over the sun-parched state leaving Pampa the coolest spot with a low of 45 degrees early this morning.

While the Pampa area received the benefit of the cool front, damage to other parts of the state suffered from broken telephone wires, caused by high winds and rain. In Cleburne several thousands of dollars damage was caused to farmlands and communications facilities. A barn was destroyed by lightning there. Between 20 and 25 transformers were also knocked out in the same area.

The dropping temperatures in the Panhandle, attributed to the cold front, knocked out the Amarillo-Lubbock baseball game—the mercury registering 55 degrees there.

Rains hit Borger for 4.32 inches and an unofficial rainfall of over 6 inches was registered at Sterling. In other parts of the state it was still raining this morning, but Pampa was bone dry.

President Confirms Marshall's Policy

WASHINGTON—(AP)—David Dubinsky, an AFL official, today quoted President Truman as saying the United States "will not be pushed out of Berlin."

Dubinsky is president of the International Ladies' Garment Workers Union and vice-president of the American Federation of Labor.

Dubinsky said he asked the President for the "fullest protection from Communist reprisal for militant trade unionists in Germany in 'the event we are pushed out of Berlin.'"

He told reporters that the President replied, "we will not be pushed out of Berlin."

Earlier, Mr. Truman had told a news conference the U. S. will stand up for its rights in the German city while continuing efforts to settle differences with Russia.

In so doing, Mr. Truman confirmed Secretary of State Marshall's announced policy of firm resistance to Communist disorders in Berlin.

Mr. Truman said Marshall covered the situation as thoroughly as he could yesterday. He said settlement talks are continuing.

Although negotiations still are going on, the President said the United States will not negotiate under duress.

Asked if the Russian blockade isn't duress, he described it rather as attempted duress.

Diplomatic authorities here have indicated growing concern over possible early collapse of the East-West talks for a Berlin agreement.

Although no official would comment on the status of the four-power talks, there were increasing signs that the Western Powers look for the Kremlin to flash a red light on further parleys.

Diplomats here speculated that (See BERLIN, Page 16)

Paving Set For U.S. 60 In Oklahoma

With the completion of U. S. Highway 60 in Oklahoma, a paved road will run all the way from the Texas line to Hayward, Calif., it was announced at yesterday's meeting of the Chamber of Commerce Highway Committee.

A letter from Stoner K. McLelland, chief engineer of the Oklahoma State Highway Department, said there are several projects planned for 1948-49 construction.

McLelland said the projects to be included are:

Beginning at the Missouri state line, Seneca, Mo., to Wyandotte, Okla., approximately \$200,000 for grade, drainage and bridges, with a commitment for surfacing in 1949.

East of Nowata approximately \$550,000 for grade, drainage, bridges and surfacing.

East of Vici approximately \$82,500 for reshaping and surfacing.

West of Arnett to Texas state line, approximately \$142,000 for reshaping and surfacing.

Selling north, approximately \$180,000 for grade, drain and surfacing.

New construction is now under way on the east side of Bartlesville, which is also a part of U. S. Highway 75 entirely correcting this flooded area.

Approximately \$500,000 is programmed in the vicinity of Ponca City with new alignment and a new bridge across the Arkansas River. This work has been held up pending certain rights-of-way conditions through the Continental Oil Company Refinery properties.

Approximately \$200,000 is programmed to correct a drainage condition over Boon D'Arc Creek, southwest of Ponca City.

A two-day celebration has been planned at Socorro, N. M., Sept. 28-29 to commemorate the completion of Highway 60. A local committee is making plans to send representatives to the celebration.

GREEK VICTORY NEAR
WASHINGTON (AP)—Secretary of State Marshall said final victory over the Greek guerrillas is much nearer as a result of the successful Grammos Mountain campaign.

Also under subpoena to appear next Wednesday is Dr. Martin D. Kamen, who says he was fired from atomic bomb work at the University of California at Berkeley in 1950 for "misconduct." Kamen, now a professor at Washington University, St. Louis, said his discharge resulted from "a phony incident" in which some Russian officials asked him questions about the atomic project which he declined to answer.

Sports Committee Meeting Called
All members of the Chamber of Commerce Sports Committee have been requested to attend a meeting at 10 a. m. tomorrow at the Courthouse Cafe, Morris Enloe, chairman, said today.

Several important matters are to be taken up, so Enloe urges all members to try to be present.

We Heard...
All Pampa Boy and Cub Scouts may do their good turn for tomorrow by going over to the Boy Scout office in the City Hall after school and help deliver Top o' Texas Fair posters.

ROTARIANS PLAN PARK FOR FLATS

The Pampa Rotary Club yesterday backed up recommendation of its Board of Directors to develop the Negro park as its main community project for 1948.

President Steve Matthews, making the announcement of the decision of the board, asked for a show of hands and received a unanimous response.

The land to be used is located in the heart of The Flats and is now under condemnation proceedings. Several long-time residents have volunteered to pay for the property and the Rotary has offered to develop it and equip it when paper and title work has cleared the courts.

A softball diamond, swings and other park facilities are being considered for the park that will be located in the south half of the Hollywood Addition, at the corners of Maple, Albert and Oklahoma. The north half of the addition was to be used as the site of the new Negro school.

Plans for the development of the park are still in the "rough" and will remain in the planning stage until legal technicalities are cleared up and the land purchased. (See ROTARIANS, Page 16)

Voters Okay Bond Issue of \$550,000

Carrying by a margin of almost 2 to 1, the city's proposed \$550,000 bond issue for water and sewer improvements was voted in 405 to 215 on water development and 408 to 209 on sewer improvement.

Voting was slow during the early polling hours, but picked up considerably in the late afternoon.

A semi-organized resistance to the bond issue developed at the last minute, but was too weak to throw the election except in Wards 3 and 4 where the water improvement was beaten by one vote in Ward 3 and by eight votes in Ward 4.

On the sewer improvement question the vote was tied in Ward 3, 46 for, 46 against, and lost by four votes in Ward 4.

In Wards 1 and 2 both questions carried by thumping majorities.

Here is how they voted:

Water Improvement:
Ward 1 177 for; 88 against.
Ward 2 159 for; 49 against.
Ward 3 44 for; 45 against.
Ward 4 25 for; 35 against.

Sewer Improvement:
Ward 1 178 for; 89 against.
Ward 2 160 for; 48 against.
Ward 3 46 for; 46 against.
Ward 4 24 for; 28 against.

A total of 624 votes were cast and of these nine ballots were mutilated bringing the actual vote down to 624 votes counted. City officials estimated this morning that approximately 3,000 persons were eligible to vote in yesterday's election.

The result of the election means the City Commission will be authorized to float a bond issue of \$550,000 to expand present water supply and treatment facilities, including the development of a new field south of the city limits, install chlorinators at three of the pump stations, expand treatment facilities at the now overloaded disposal plant northeast of the city, and make other improvements to the sewer system.

Meager resistance to the move was first sounded last week, and grew in intensity over the week end. It took on a last minute push Tuesday afternoon and yesterday morning when enemies of the bond issue started phoning their friends and neighbors, who were eligible to vote, to get out and vote against it. This semi-organized resistance failed to throw the election before the polls closed at 7 p. m.

Of the nine mutilated ballots, two were in Ward 1, one in Ward 2, five in Ward 3, and one in Ward 4.

The estimated \$255,205 income for the city's general fund will come from taxes, permits, fines, parking meters, and rentals, among other incidental sources of revenue. The largest items are \$30,000 to come from public utilities, \$34,000 from parking meters, and \$150,755 from taxes.

Added to this revenue will be \$246,500 from the water and sewer fund, and \$49,000 from the sanitation department, making a total income of \$550,755. The estimated 1948-49 public utility taxes will give the city \$150,755. The interest and sinking fund gets \$54,188; the Board of Civic Development receives \$11 for a (See TAX RATE, Page 16)

Tax Rate of \$1.70 Is Set For New Year

A tax rate of \$1.70 per \$100 valuation for the coming fiscal year was set this morning by the City Commission, meeting to hold its regular annual public budget hearing and to canvass the water and sewer bond election held yesterday.

The budget requirements for operating the city's 12 departments for the 1948-49 fiscal year is estimated at \$635,176. Added to this is a transfer of \$15,000 for retirement of water revenue bonds, which makes a total estimated outlay of \$650,176.

Of the city's bonded indebtedness, \$100,300 in principal interest will be retired this year, including the first year's installment on the water improvement and the sewer bond issue passed yesterday. A surplus of \$36,461.75 will be left at the end of the year in the interest and sinking fund, and \$5,756.50 will remain as water revenue bond surplus.

The city starts this fiscal year with a balance of \$8,000 on hand, and it is expected that the surplus on hand at this time next year will total \$2,530.

The estimated \$255,205 income for the city's general fund will come from taxes, permits, fines, parking meters, and rentals, among other incidental sources of revenue. The largest items are \$30,000 to come from public utilities, \$34,000 from parking meters, and \$150,755 from taxes.

Added to this revenue will be \$246,500 from the water and sewer fund, and \$49,000 from the sanitation department, making a total income of \$550,755. The estimated 1948-49 public utility taxes will give the city \$150,755. The interest and sinking fund gets \$54,188; the Board of Civic Development receives \$11 for a (See TAX RATE, Page 16)

GUNMEN TAKEN QUIETLY—Desperadoes Dale Simpson, left center, and H. E. Miller are searched outside the country store in Galvez, La., where they were captured by State Trooper Albert Meckham, left, and Marshal Leslie Bourque. The two gunmen, sought for the slaying of a New Orleans detective, and the abduction of the assistant chief of detectives, were apprehended after a nightlong search.

Today
253rd Day of the Year
On this day, in 1964, the first of New York's famous Mounted Police were ordered on duty... in 1921, on this day, floods in San Antonio inundated the heart of the city, took 250 lives and caused property damage of \$5 million.
Today is the 253rd anniversary of the signing of the Declaration of Independence by the Continental Congress in 1776.
Today is the birthday of...
WEST TEXAS: Considerable cloudiness with showers and occasional rain...
OKLAHOMA: Clear to partly cloudy with occasional light showers...
TOKYO: It isn't democratic to drink liquor, a youth organization in the town of Wajima decided.

CIRCUS SHIP SWALLOWED BY HURRICANE - SWEEP CARIBBEAN

HAVANA, Cuba (AP)—A tiny circus ship was swallowed by the hurricane-swept Caribbean in the dark morning of Sept. 1 and 44 of the persons aboard and 59 trained animals were missing and feared lost.

The Norwegian motor vessel Caribe radiated yesterday that she had picked up 12 survivors in a lifeboat 770 miles south of Miami. The Naval commander of the Caribbean Sea frontier in Panama ordered an immediate search for others of the 56 believed aboard. The Caribe report said: "Fate of remainder of passengers and crew unknown but fear the worst."

Naval experts in Havana, piecing together bits of information radiated by the Caribe, said they thought the circus ship, the 140-foot Honduran motor vessel Euzkera, probably capsized in heavy sea because she was overloaded.

The reports placed the scene of the sinking 130 miles off the Colombian coast, 200 miles from Panama and 750 miles from Miami, about 30 hours from port. The Euzkera was carrying the Razzero Circus from Cuba to Cartagena, Colombia. She was three days out.

According to the best reports here, there were 56 persons aboard, 46 of them passengers, circus officials, performers and laborers, with wives and families. There also were 59 animals—trained lions, tigers, monkeys, horses and dogs.

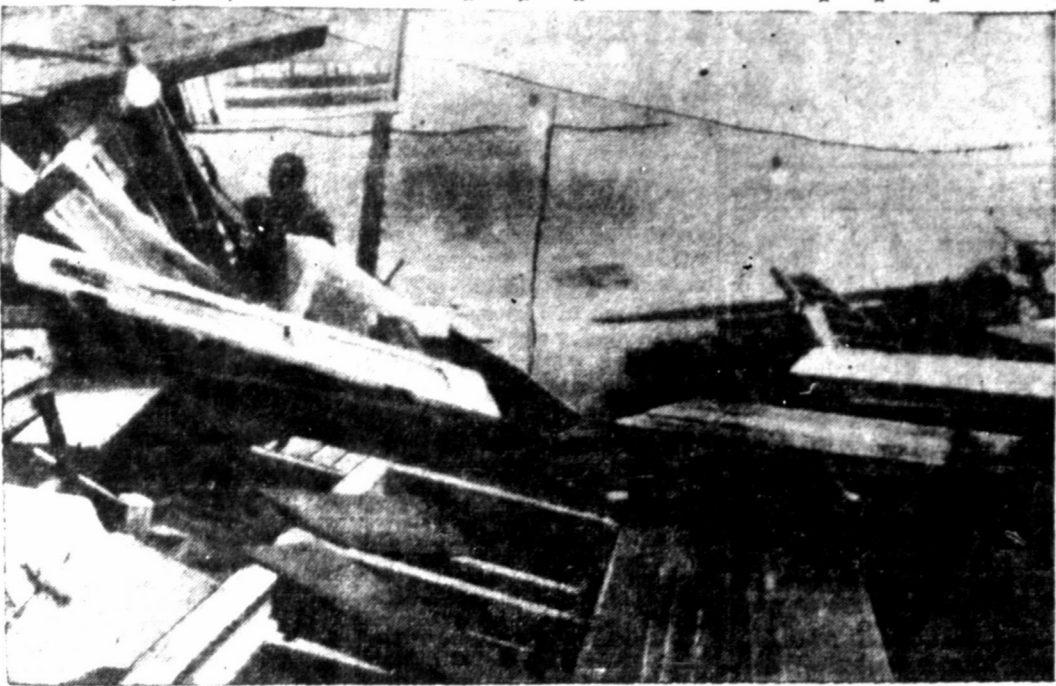

Those rescued, the Caribe reported, included three crewmen and nine passengers. The Havana Newspaper Alerta said those rescued included Lion Tamer Santiago Bravo Fabre, a Cuban, and Raul Chang Montalvo, member of an acrobatic team. Alerta also said Joseph Pauche, British captain of the Euzkera, was a survivor.

The Caribe is due at Caracas with the survivors this weekend. One naval expert here, after a study of the messages from the Caribe, pieced together this story: "The circumstances indicate a very strong possibility that the ship was overloaded. The reports say a great wave crashed over the bow, and the ship capsized and sank. That strengthens the theory of overloading, which is supported also by data here on the cargo."

"It all happened so quickly there was no time to launch the three lifeboats and the raft aboard. People and everything aboard were pitched into the ocean. Survivors tell of people clinging to lumber and other bits of wreckage, indicating many had been awakened by the storm and were on deck."

"In the darkness and rough sea, people became separated, and those without some wreckage to cling to obviously were drowned."

The first intercollegiate basketball game was played between Yale and Wesleyan on Dec. 10, 1896, at New Haven.

HURRICANE—This lakeside seafood restaurant in New Orleans, La., was completely demolished when the Gulf hurricane ripped through the area and headed for the Mississippi coast. Water and mist, background, from Lake Pontchartrain are blowing over the sea wall.

Herman Talmadge Returned To Georgia Governor's Post

By the Associated Press
Georgia Democrats dusted off the governor's chair today for Herman Talmadge, who occupied it for 67 hectic days last year. The 35-year old son of the late, gallant Gov. Eugene Talmadge held a widening vote margin over M. E. Thompson, his 1947 successor, in yesterday's primary election.

Talmadge's claim that "victory is ours" went unchallenged by Thompson, now the acting Governor. With the returns showing a three to one margin against him, Thompson said "apparently Herman Talmadge has won."

Young Talmadge had campaigned under his father's banner of "white supremacy" and there were scattered reports of efforts to hold down the Negro vote in the primary, which is equivalent to election in Georgia.

On the national campaign front, President Truman had a new chance today to retort to Republican charges he is a "communist" failure.

In advance of Mr. Truman's morning news conference Senator J. Howard McGrath lashed out at Harold F. Stassen, who fired the opening GOP campaign gun Tuesday in Detroit. The Democratic national chairman said Stassen in a statement yesterday.

"This man, whose whispering campaign against the Republican candidate has not yet died away, professed to the people of the United States that he was sincerely and honestly behind the thus far secret program of the Albany autocrat," he added.

"Dewey presumably will now study the effect of Governor Stassen's speech and determine whether it is safe and popular to be for the things that Governor Stassen said. Sometimes Governor Dewey may express himself directly... but when?"

The GOP National Committee may have answered that question yesterday. It announced that Dewey will open his speaking campaign September 20 in Des Moines, Iowa. The New York Governor is expected to touch on agriculture and other domestic issues as well as foreign policy.

Union Refuses to Endorse a Candidate

NEW YORK (AP)—The National convention of the CIO United Electrical Workers Union, with left-wing leaders in control, refused to endorse any presidential candidate.

A four-to-one vote putting the union on record against any endorsement secured a victory for Albert J. Fitzgerald, president of the union and chairman of the National Labor Committee of Henry A. Wallace's Progressive Party.

Supporting the resolution, Fitzgerald told the 1,000 delegates that a vote to endorse any candidate would "split the union wide open and weaken it." He said the union members have a right "to be for whatever candidate they want to be."

Kin of Pres. Aleman Dies in Plane Crash

MEXICO CITY (AP)—A distant relative of President Miguel Aleman and three others were killed in an Army training plane crash near Orizaba Peak.

The wreck with the four dead, including Ricardo Roman Aleman, was found near Citlaltepeli, south-east of Puebla.

The plane had not reported for six days on its inspection tour of Army airfields of Eastern Mexico.

Berlin Mixup All Started With Russian Withdrawal

WASHINGTON (AP)—This is an ABC on the mixup in Berlin.

The latest crisis arose Monday when German Communists, backed by Russian troops, burst into the City Hall.

Since the war Germany has been divided into four big zones: American, Russian, British, French.

And Berlin, Germany's biggest city, has been divided into four sectors: American, Russian, British, French.

Each nation is sole boss in its own zone and its own sector. This was agreed on when Germany fell and relations between Russia and the three Western nations were pretty good.

Although the four nations have not been able to agree on setting up a new German government for Germany as a whole, in 1946 they agreed to let the people of Berlin have a city government.

So they let the Germans in all four sectors of the city elect an assembly of about 130 members, a kind of legislature.

Two times recently the assembly tried to meet but couldn't because German Communists raised such a rumpus at City Hall. That City Hall, by the way, is in the Russian sector of Berlin, and Berlin is in the Russian Zone of Germany.

On Monday the assembly tried to meet again. German Communists backed by Russian troops who patrolled the streets outside, stormed the City Hall. All but 34 or 35 of the assemblymen were scared so badly that they fled from the City Hall and the Russian sector into the American-British-French sectors. The fugitive assemblymen are talking of carrying on their work there.

The 34 or 35 assemblymen who didn't flee are talking of carrying on the assembly's work in the Russian sector. They're members of the Socialist Unity Party, made up of Socialists and Communists controlled by the Russians.

So we may yet see two separate assemblies, each claiming to be the only lawful one.

The confusion started some time ago among the four military governors in Germany. The top representative of each of the four occupying powers is called a military governor.

They had met more or less steadily since the war's end to work out plans for getting Ger-

icans, British and French no longer, by train or truck, could send supplies from their zones of Germany into their sectors of Berlin.

If this blockade had worked the Americans, British and French in Berlin would have been staved out and would have been forced to quit the city and leave it to the Russians, a rich prize.

The Americans got around the land blockade by sending in supplies by plane, an expensive job. The City Hall raid was just one more Russian effort to make life in Germany unhappy for Russia's wartime allies.

Clarence's Shoe Shop
100 1/2 E. Foster Pampa

Since the war Germany has been divided into four big zones: American, Russian, British, French.

And Berlin, Germany's biggest city, has been divided into four sectors: American, Russian, British, French.

Each nation is sole boss in its own zone and its own sector. This was agreed on when Germany fell and relations between Russia and the three Western nations were pretty good.

Although the four nations have not been able to agree on setting up a new German government for Germany as a whole, in 1946 they agreed to let the people of Berlin have a city government.

So they let the Germans in all four sectors of the city elect an assembly of about 130 members, a kind of legislature.

Two times recently the assembly tried to meet but couldn't because German Communists raised such a rumpus at City Hall. That City Hall, by the way, is in the Russian sector of Berlin, and Berlin is in the Russian Zone of Germany.

On Monday the assembly tried to meet again. German Communists backed by Russian troops who patrolled the streets outside, stormed the City Hall. All but 34 or 35 of the assemblymen were scared so badly that they fled from the City Hall and the Russian sector into the American-British-French sectors. The fugitive assemblymen are talking of carrying on their work there.

The 34 or 35 assemblymen who didn't flee are talking of carrying on the assembly's work in the Russian sector. They're members of the Socialist Unity Party, made up of Socialists and Communists controlled by the Russians.

So we may yet see two separate assemblies, each claiming to be the only lawful one.

Ever Watch Some Men Read-Aloud -Daily Paper

By DON WHITEHEAD
 WASHINGTON —(AP)— John Q. Citizen unbuttoned his shirt, loosened his belt, eased himself into a chair, and began reading his afternoon paper while Mrs. Citizen prepared supper.
 Subconsciously, he carried on a silent commentary as he read, a habit that had grown with the years:
 Hmmm... some barbers want- ing \$1.25 a haircut... not worth it with this little fringe I've got left... I shouldn't pay more

than... they can make... mou... how... a barber makes a day... takes about 20 minutes for a haircut... three haircuts an hour for eight hours makes 24 haircuts a day at \$1.25 each... but I don't suppose they average that much...
 Glad that flying boat made it to Chicago... imagine it! 4748 miles in 24 hours... and 2 minutes from Hawaii... now there's a place I'd like to see one of these days... fellow told me even the men out there wear flowers draped around their necks and nobody thinks anything of it... sort of a local custom... I wonder if all the races get along as well together as he said they do... we could use a little more

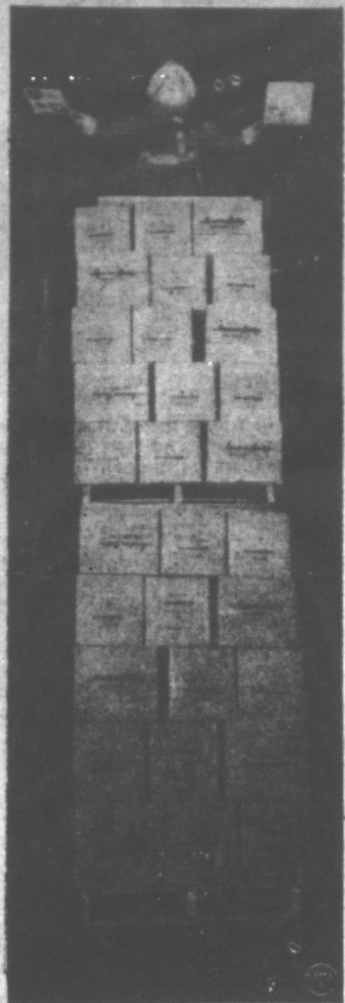

spirit of that kind over here... Well, that fellow Tito is into a row with Hungary now... He's got his dander up and it looks like he's not going to be pushed around... Looks like Stalin has got a problem there... Funny thing about those two Russian biologists who were fired because their heredity and environment didn't agree with the official Communist Party views... imagine two American biologists being fired because they didn't agree with the Democrats or Republicans' theories on biology... what a laugh if the American Academy of Sciences kicked out a couple of its members for that reason... I wonder if the Russian people laugh, too, when they think no one is looking...

Golly: 124,000 gallons of beer dumped at Red Bluff, Calif., on a federal judge's order... looks like there should have been some way to save it... let's see... that's 1,222,600 cans of beer at 12 cents a can... worth about \$188,300 in the can... and that reminds me... I could use a cold beer right now...
 Later, Mr. Citizen sat at supper with his wife.
 "Anything in the news, dear?" she asked.
 "Not much," he grunted. "Same old stuff."
 The lumber yield in Oregon during 1947 was sufficient to build more than 400,000 five room houses.

Pikes Peak in Colorado is 14,110 feet high. In 1947, about 200,000 people travelled to the top of Pikes Peak in Colorado.

Police Carry Hunger Strikers Off to Hospital

MEXICO CITY —(AP)— Police with ambulances carried off 45 hunger strikers Tuesday and put them in hospital beds.
 The strikers had camped on the steps of the Fine Arts Palace in the center of town.
 The strike ended after 180 hours without food. It was a protest against the state government of Aguascalientes where another group is on hunger strike. Two of them were reported to have died but the Department of the Interior (Gobernacion) said the report was not true.
 Gobernacion also announced that investigation showed nothing unconstitutional in the Aguascalientes state governmental acts. Among the abuses against which the strikers were directed are highly increased taxes which some merchants have refused to pay.
 State politics are said to be involved in the strikes and there has been fear of violence because various factions brought in squads of strong-arm men who might get out of hand.
 About 7,000 Americans drown annually.

Complete Circus Missing at Sea

BALBOA, C. Z. —(AP)— A small motorship carrying a circus—complete with lions, tigers and other beasts—is missing today in the Caribbean.
 U.S. Navy planes from the Canal Zone, Jamaica and Guantanamo Bay, Cuba, have joined in the search for the vessel, the Eusquera, which left Mariel, Cuba, Aug. 28 for Cartagena, Colombia. She was due at Cartagena six days ago.
 The Eusquera, now under Honduran registry, was described here as a former yacht used by U.S. President McKinley.
 The Havans agents for the 140-foot craft said she was carrying the Razzore Circus. Accounts as to the number aboard varied.

Over 500 'Wetbacks' Arrested in El Paso

EL PASO —(AP)— Over 500 illegal immigrants were arrested here over the Labor Day holiday. More than 200 were held in county jail as the result of weekend arrests and an additional 200 were arrested Monday.
 Most of the aliens were farm laborers, attempting to reach cotton fields in the El Paso area.

World Said to Be in Midst Of Great Social Upheaval

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

This old world of ours is the melting-pot for a weird mixture of humanity.

Everywhere forces of the "left" and of the "right" are at each others throats, while unhappy "centrists" battle to keep the pendulum from swinging too far in either direction.

It needs only a quick appraisal to make it clear that virtually the whole globe is involved in a tremendous social upheaval.

What set your correspondent off on this line was the ascension of The Netherlands throne by Queen Juliana in place of her mother, Queen Wilhelmina, who abdicated after half a century's reign. It was a moving ceremony.

Well now, how does a constitutional monarchy fit into the picture of our changing world? We can't forget that unrest is seething in Holland's rich East Indies, some of which want complete severance from the mother country.

If the Dutch themselves want (as they do) a constitutional monarchy with a parliamentary system, there is no clash with democracy in that. Parliament rules. However, the time is rapidly passing when a nation can impose its rule on people of another race. Empires are on their way out—and fast. Thus Queen Juliana comes to her throne at a moment when her empire is breaking up.

Britain has recognized the changing times and has granted both India and Burma their independence. She retains colonies,

to be sure, but they will become independent in due course. Meantime, however, Britain herself likes her royal house.

Of course royalty and the extreme political left don't mix. We saw what happened to young King Mihai of Romania.

However, both The Netherlands and Britain at the moment are politically close to the middle-of-the-road, and they find no inconsistency in maintaining royal houses.

This trend among the constitutional monarchies naturally can't be taken as conclusive of what the future will produce. The one thing we do know is that the world is in the midst of a social upheaval which is going places. However, we might not be far out in concluding that the global political trend is towards a middle-of-the-road set-up in which all hands will get a fair break.

Pampa Girl Scouts Begin Fall Reorganization, Plan Program

Pampa Girl Scout activities are getting into full swing after the summer's slow-down and reorganization of troops, leaders and training programs has gotten underway.

A Typical Leader

Since President Truman officially proclaimed September as "Youth Month," in which the entire month is to be devoted to many activities designed to arouse public interest in youth and family problems, the Pampa Scouts are aiming their program to assist in publicizing youth activities.

Thousands of young ladies like this one are giving freely of their time to lead Girl Scout troops throughout the United States. The Girl Scout movement, with more than a million members, would grow even more rapidly if more adults would volunteer to lead troops.

These training courses are designed to acquaint the adult Scout with the Scouting program and to give suggestions and ideas as to how best to proceed in handling a troop. The subjects will also include some child psychology, adult psychology, and planning the troop budget.

CREAMED OYSTERS AND MUSHROOMS
These two combine into a splendid filling for the patie shell as neither article should be cooked a great length of time. Make a cream sauce of 2 tablespoons flour, 2 tablespoons butter, salt, pepper and 1 1/2 cups milk. The yolk of an egg may be added for color. Add drained oysters and prepared mushrooms and cook slowly in the top of the double boiler until the sauce is thick, about 5 minutes. Serve in patie shells or on toast.

Troop 8, led by Mrs. D. C. Culwell and Mrs. Robert Ewing, and Troop 13 led by Mrs. Ervin Pursley and Mrs. W. O. Frewitt, will soon take up Wing Scouting, with Roy Webb, Jr., as instructor. Brownie troop 17, with Mrs. Clyde Batson and Mrs. Russell Kennedy as leaders, will begin to practice the "fly-up" ceremony which will take place Girl Scout Week beginning Oct. 24.

for this year are: Mrs. Clifford Lewis, Mrs. R. C. Rowden, Mrs. H. W. Beckerdite and Mrs. A. L. Sikes, Troop 1; Mrs. Leslie Morrison, Troop 2; Mrs. H. F. McDonald and Mrs. B. B. Palmer, Troop 14; Mrs. Clyde Batson, Mrs. Russell Kennedy, and Mrs. E. W. Southard, Troop 17; Mrs. J. A. Grundy and Mrs. Wade Thompson, Troop 21; Mrs. Harold Osborn and Mrs. W. E. Moore, Troop 22; Mrs. J. B. Ayers and Mrs. C. B. Aumous, Troop 26; Mrs. Noel Dalton, 2; Mrs. Joe Looper, 3; Mrs. Archie Bullard and Mrs. P. W. Buntin, 9; Mrs. Ervin Pursley, and Mrs. W. O. Frewitt, 13; Mrs. W. E. Wilson and Mrs. J. M. Fitzgerald, 16; Miss Helen Dudley and Miss Juanell Shelton, 18; Mrs. Burl Lewter, and Mrs. W. L. Kretzmeier, 19; Mrs. R. H. Nantiel and Mrs. Rena Welch, 20; Mrs. Don Robinson, 24; Mrs. O. L. Statton and Mrs. Roy Guthrie, 25; Mrs. J. E. Hinton and Mrs. Robert Coley, 28; and Mrs. J. L. Mulanax, 29.

Other activities connected with Scouting which have been planned for the near future include a tea for all leaders and assistant leaders to be held Sept. 24 at 2:30 in the Palm Room. Mrs. Paul Bowers will review a current book, Mrs. H. ...

Though this fall's group of leaders represents the largest number Pampa has ever had, leaders are always in demand as there are girls who are willing to get into old troops or to start new ones but are in need of a leader.

GOOD NEWS FOR SICK PEOPLE

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS

Drugless Health
IF YOU ARE sufferer of these ailments, try GEO-MINERAL. You may be astonished at the results. You need not guess—you will see facts. GEO-MINERAL comes from the earth—Nature's Laboratory. Contains NO dope, NO alcohol, NO oil, NO LAXATIVE. It comes from the widest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments.

Amazing Results
YEAR after year, people rush to mineral springs and spas, to drink and bathe in their mineral waters. We have all heard of the wonderful springs of Lourdes, France, and famous Thonon in ancient Geneva where, according to legend Hercules, the god of eternal strength and youth, drank its waters and healed to be forever young.

100% Guaranteed
WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money in full. Try it today! It may do wonders for you—and be the best investment for your health. Make you feel eat, sleep, work and enjoy life better. GEO-MINERAL: 1 lb. \$1.10, 6 for \$4.00

Chitter Chat Will "Pack-a-Towel" for Overseas Needy Teens

The Chitter Chat Club met in the home of Mrs. C. W. Coffin, 806 N. Nelson, Tuesday evening.

During the business meeting the "pack-a-towel-for-a-teenager" project was sponsored by the United Council of Church Women was discussed. It was decided that the club would undertake making some of these bundles.

A committee on decorations for the installation of officers to be held the first Tuesday in October consists of the club officers, Mrs. O. G. Smith, Mrs. Ray Boyd, Mrs. James Culppeper, Mrs. Woody Wilson, and Miss Dorothy Barritt.

The rooms of the house were decorated with garden flowers, blended in a profusion of autumn colors. The dining table, lace covered, was centered with an aqua pottery candelabra set filled with the flowers.

Plate refreshments were served to those already mentioned and Mrs. Chester Williams, Mrs. J. C. Payne, Mrs. J. A. Grundy, Mrs. O. B. Dyer, Mrs. J. L. Harrison, Mrs. Howard Archer, Mrs. Clifton Whitten, Mrs. L. E. West, and Madeline Archer.

BAKED APPLE DESSERT
Slice four medium-sized apples into a shallow buttered baking dish. Sprinkle them with a flour mixture made by blending a cup of flour with a half cup of butter or margarine and a half cup of brown sugar. Bake in a moderate oven until the apples are cooked and the topping is golden brown. Serve with thin cream to four people.

THE SOCIAL Calendar
THURSDAY
8:00 Rebekah Lodge, IOOF Hall, 800 E. A. City Club Rooms.
FRIDAY
2:00 Wayside Home Demonstration Club in the home of Mrs. Doyle Osborn.
2:30 Police Auxiliary in the home of Mrs. Bob Crouch, 509 E. Francis.
SUNDAY
2:30-4:30 Community singing, Church of God, Reid and Campbell streets.
MONDAY
7:00 Pampa Art Club, home of Mrs. R. H. Nantiel, 1011 N. 1st St., Lewis from Berger will be present.

Way-side Plans Fair Exhibit
A recent call meeting of the Wayside Home Demonstration Club was held in the home of Mrs. Ed Barnes for the purpose of making plans for its fair exhibit. Textile painting was chosen for the education poster the club is to exhibit at the Top o' Texas Fair, Sept. 22-25.

First Baptist Young People Have Party
The Young People's Department of the First Baptist Church was entertained with a watermelon feast and stunt program Tuesday evening in City Park. Mrs. Burton Reynolds, superintendent of the department, was in charge.

Long Locks May Look Outdated
By ALICIA HART
A woman's refusal to lop off her locks to conform with the styles of the day advertises her age for two reasons. One reason is that a no-change attitude that bucks the mode is an attitude of age. Another reason is that hair which hasn't been cut or shaped for 10, how many years, is almost certain to make the lady with the long, unwieldy locks look dated.

CHEESE FLAVORS BISCUITS
About one-third cup of grated sharp cheddar cheese may be added to a biscuit recipe calling for two cups of flour. Just cut the cheese along with the fat, into the flour with a pastry blender or two knives. Serve the cheese biscuits hot with a fruit salad plate for afternoon tea.

Way-side Plans Fair Exhibit

A recent call meeting of the Wayside Home Demonstration Club was held in the home of Mrs. Ed Barnes for the purpose of making plans for its fair exhibit. Textile painting was chosen for the education poster the club is to exhibit at the Top o' Texas Fair, Sept. 22-25.

Mrs. Lowell Osborne was named exhibit chairman for the fair. Mrs. W. A. Greene, Mrs. J. S. Fuqua and Mrs. H. G. Graham were appointed co-hostesses of the exhibit. Mrs. Harold Osborn was named to help on the bingo game at the fair.

Mrs. Lowell Osborne had charge of the recreation during the program, and Mrs. Harold Osborn presided.

Besides those mentioned, refreshments were served to Misses Billy Taylor, H. B. Taylor, Jr., R. E. Montgomery, and J. S. Fuqua.

THE SOCIAL Calendar
THURSDAY
8:00 Rebekah Lodge, IOOF Hall, 800 E. A. City Club Rooms.
FRIDAY
2:00 Wayside Home Demonstration Club in the home of Mrs. Doyle Osborn.

7:00 Pampa Art Club, home of Mrs. R. H. Nantiel, 1011 N. 1st St., Lewis from Berger will be present.

First Baptist Young People Have Party
The Young People's Department of the First Baptist Church was entertained with a watermelon feast and stunt program Tuesday evening in City Park. Mrs. Burton Reynolds, superintendent of the department, was in charge.

Long Locks May Look Outdated
By ALICIA HART
A woman's refusal to lop off her locks to conform with the styles of the day advertises her age for two reasons. One reason is that a no-change attitude that bucks the mode is an attitude of age. Another reason is that hair which hasn't been cut or shaped for 10, how many years, is almost certain to make the lady with the long, unwieldy locks look dated.

CHEESE FLAVORS BISCUITS
About one-third cup of grated sharp cheddar cheese may be added to a biscuit recipe calling for two cups of flour. Just cut the cheese along with the fat, into the flour with a pastry blender or two knives. Serve the cheese biscuits hot with a fruit salad plate for afternoon tea.

Hear Reds Blasted in Berlin

Dramatically backgrounded by the war-wrecked pillars of the Reichstag building, these Berliners were among thousands who attended an anti-Communist meeting. They cheered when Franz Neumann, head of the Social Democratic Party, declared that there is no difference between Nazi dictatorship and communism.

Rice Harvesting Is Progressing

WASHINGTON — (AP) — Rice harvesting in the Southern belt made good progress last week, the Department of Agriculture said.

Growers during the week ending Monday continued to place a large part of their crops in storage and market offerings were small, the agency said.

Prices, however, it added, sagged to the government support level announced Aug. 31.

Trading in milled rice also was reported as small with most distributors awaiting a more settled market and a broader movement.

The limited sales of rough rice at the close of the week were mostly at the support level. The support prices, the department said, will average about \$6.63 a barrel or \$4.08 per hundredweight.

Sales in Louisiana included Zenith at \$6 to \$7 a barrel and in Texas Zenith brought mostly \$7 to \$7.50.

Combining began during the week in Arkansas but moisture was excessive. Harvesting and drying were expected to be in full swing within the next week.

KNOW YOUR MAIL CARRIER . . .

W. M. SCANLON

(EDITOR'S NOTE: This is the seventh in a series of short articles on Pampa's mail carriers. Other "biographies" will follow from time to time.)

W. M. Scanlon, "Unk" to his customers, has served as a local mail carrier for the past two-and-one-half years.

He has city Route 8 which covers the Talley Addition, Nelson to Baer and parts of other streets. He walks from 12-15 miles a day.

After serving in the Army Air Corps in both the Far East and European theaters of war, Unk received his apt nickname to stand for Uncle Sam. The Sam goes to all postal carriers, and the Uncle was tacked on to fit in with his Army record.

Unk's pet peeve is having someone ask him when he is delivering them a package, "Oh, what is it?"

"After all," says Unk, "How should I know? I don't get to look into the packages. I just deliver them."

After his Air Corps record, it is little wonder that his hobby is flying.

Living at 1209 Duncan, Unk, his wife, Lynn E., and sons, Jimmie and Jerry, think Pampa is just about tops for a town to live in.

Student Makes Dime Certain of College

GLENNVILLE, W. Va. — (AP) — Eighteen-year-old Nellie Ross of Mount Gay, W. Va., came to Glennville State College dime certain she wanted an education.

Lloyd M. Jones, the college financial secretary, pitched in to help count the 2,121 dimes Nellie plunked down to pay for board, room, books and tuition.

She said she'd been collecting them for years with her parents' help. Nellie registered for a pre-engineering course.

Dewey Wins Support of One Union

ALBANY, N.Y. —(AP)— Gov. Thomas E. Dewey today won the endorsement of the Executive Board of a major AFL union in his campaign for the presidency. The board of the Building Services Employees International Union, representing a claimed 175,000 members, pledged its support to the Republican nominee. The action of the group was announced by William L. McFetridge of Chicago, general president of the union, after he and other officers had conferred here with Dewey.

The step represented the first outright endorsement of Dewey by a major union.

William Green, American Federation of Labor president, has come out for President Truman, and a committee representing several AFL international unions also is working for the election of Mr. Truman.

TWO BODIES FOUND
EDINBURG, Tex. —(AP)— The mangled and decomposed bodies of two Latin Americans were found on railroad tracks north of here Tuesday. The two apparently had been run over by a train, probably Sunday.

SOS Appeal Sent Again On Volcano

MANILA —(AP)— An urgent radio appeal was broadcast to all ships within call to remove the remaining 15,000 population from volcano-ravaged Camiguin Island as a shower of deadly acidic ash spewed from Mt. Hibokhibok. The volcano has been erupting since Sept. 1, and 38,000 of the little island's population already had been removed.

Subsequently the eruption quieted, but a new, acute emergency developed today.

The radio appeal was broadcast by Arturo Alcaraz, Philippine Weather Bureau volcanologist, from aboard a Philippine Navy patrol boat off the island.

It was heard here by Globe Wireless.

The broadcast said:

"To all ships at sea: acute emergency at Camiguin Island. All available boats needed for mass evacuation. Guinsiliban and Binone designated embarkation points. Binone top priority to ships.

"Rain of acidic ash, probably one of halogens, has occurred, order being maintained."

Guinsiliban and Binone are small towns on the southeast coast of the island, which is in the Mindanao Sea only a dozen miles north of the big island of Mindanao.

The halogens are a family of chemicals such as chlorine, bromine, fluorine and cyanogen.

Alcaraz several days earlier had warned of the possibility of deadly gases from the volcano. The acidic ashes presumably would create such gases.

Election Probe May Come Later

WASHINGTON —(AP)— The Justice Department won't decide until after Sept. 13 whether it will investigate the recent Texas senatorial race.

This was announced by Assistant Attorney General Alexander Campbell. He had said earlier that the department is "reviewing" complaints from Texas which inferred irregularities in the Aug. 28 balloting.

The Texas Democratic state convention meets Sept. 13 to certify results of the August runoff primary election in which Rep. Lyndon Johnson emerged slightly ahead of former Texas governor Coke Stevenson. Approximately one million votes were cast in the race to decide a successor to the retiring Senator W. Lee O'Daniel.

bandshell to the party at the earlier dates.

Fire Wrecks Planes, Cars At Amarillo

AMARILLO —(AP)— Fire early today destroyed a large hangar and its contents—including two twin-engine airplanes and 11 new automobiles—at Amarillo Field. The loss was unofficially estimated at \$250,000. The loss also included three used automobiles, a used truck, shop equipment and furniture.

All of the property belonged to the Bureau of Reclamation, Region No. 5, with headquarters here.

Amarillo Field is adjacent to English Field, Amarillo's municipally-owned air terminal, eight miles east of Amarillo.

Dallas to Allow Wallace Rally in Park Bandshell

DALLAS —(AP)— The Dallas Park Board has offered the Progressive Party use of the fair park bandshell for a Wallace rally any day up to and including Sept. 21.

The board last week turned down a request for use of the bandshell on Sept. 28 when Henry Wallace, the party's presidential candidate, is scheduled to be in Dallas. Party representatives were informed the bandshell would be undergoing preparations for the state fair.

Yesterday the board offered the

RANGE PACES TEAM TO 7-3 WIN IN OPENER

PAGE 12 Pampa News, Thursday, September 9, 1948

No Notre Dame

Coach Red Blaik and Capt. Bill Yeoman are in excellent spirits before workout at West Point. No Notre Dame for Army this trip.

DUKE STADIUM — ALBUQUERQUE — Tony Range smashed two home runs and a single and batted in four runs to lead the Pampa Oilers to a 7-3 triumph over the Albuquerque Dukes here last night in the opening game of the 1948 Shaughnessy play-offs.

Range's play-off pokes spoiled Duke mound ace Frank Shone's evening and enabled Howard Bass to notch his 16th victory of the season. The hard-hitting third baseman slugged his first circuiter in the second inning, scoring John Bottarini ahead of him. Bottarini had previously doubled home Roy Parker, who had tripled.

The second poke over the fence came in the eighth round with bases empty and it broke a 3-3 tie since the fifth.

With two away in the first half of the ninth Joe Fortin got into the home run act with a blast over the leftfield wall and jarred Shone for two more tallies to follow on a base on balls. Bottarini's second double and Range's single.

With all that effective clouting to aid him, Howard Bass breezed to a well-earned victory on the mound. He yielded nine hits but kept them well dispersed and didn't walk anybody.

He struck out 11 and Shone set down 13 Oilers on strikes. It was a home run by Shone over the leftfield fence that tied the score in the fifth. Previously the Dukes had scored on Virgil Butler's single and Frank Okrie's double in the second inning, Ron Bowen's single and Les Mulcahy's double in the fourth.

The Oilers and Dukes meet tonight at 8:15 (9:15 Pampa time) in the second and concluding game of the Albuquerque series. The Pampans, previously scheduled to return home Friday night, will not make the Dukes an Oiler Park on that date, however, due to the fact that the Pampa Harvesters open their football season the same night. The Dukes and Oilers open their Oiler Park stay Saturday at 8:30 p. m.

Willie Pep, DeMarco Fight Friday

NEW YORK —(AP)— Willie Pep returns to the scene of his only ring loss in 133 fights Friday night to take on a rough and tumble young lightweight from Brooklyn—Paddy De Marco.

The featherweight champion has met them all in his pro career dating back to 1940 but it's doubtful if he ever has met anybody quite like De Marco.

Paddy never lets you get set, tireless and aggressive, De Marco swarms, punches, wrestles and dills his opponent from bell to bell. Of course, he never has been in there with stylish Mr. Pep.

Winner of 21 straight and 32 of 34 since he started boxing in 1945, 20-year-old Paddy scored his most important victories over tough Terry Young in this same ring.

Because Paddy's lightweight who couldn't make 126 pounds if he had to, this De Marco-Pep scrap will be a non-title go.

Pep now has 41 straight victories since he was held to a draw by Jimmy McAllister at Baltimore Dec. 13, 1945.

Jordan Oliver, who is only 34 years old, is in his sixth season as head coach of the Villanova football team.

American League Outlook Appears Sad As McCarthy's Red Sox Stretch Lead

By The Associated Press
The outlook appeared gloomy for the rest of the American League today as Joe McCarthy's Boston Red Sox boasted their largest lead of the season.

Coming from behind in typical Red Sox clubbing fashion, the murderous hitting Hubman overcame their arch rivals, the New York Yankees, 10-6, last night, to increase their margin over the runner-up New Yorkers to two and a half games. Their previous best advantage was a game and a half.

In drawing first blood in their three-game series with the Yankees, the Red Sox extended their latest winning streak to eight straight, and now own six consecutive triumphs against the Yankees. They have copied 22 of their last 24.

The Sox gained their triumph the hard way. Five singles off starter Joe Dobson gave the Yankees four runs in the first inning. Undaunted, the Red Sox bounced back with six hits off Frank Shone in their half of the same inning to take a 5-4 lead.

After the Red Sox moved in front, the Yankees tied it up with single runs in the sixth and seventh innings. Yogi Berra's 14th home run furnished the fifth run and Hitchcock's fumble, Tommy Henrich's single and Bank Bauer's long fly produced the other.

The Sox quickly untied the score in their half of the seventh, with Lefty Joe Page, third

inning Boston Braves by three and Yankee hurler, on the mound, they put four runs across and put the game out of the Yankees' reach. Lefty Earl Johnson, who had replaced Dobson in the seventh, was credited with his eighth victory against two defeats.

The three-place Cleveland Indians scored an unearned run in the last half of the 11th inning to nip the Detroit Tigers, 8-7, and remain four and a half games behind Boston. Larry Doby scored the winning run when Second Baseman Connie Berry threw wild to the plate on Wally Judnich's bouncer.

The Tigers had overcome a 7-3 deficit to force the game into extra innings. Sam Zoldak, fourth Cleveland pitcher, was credited with the victory. Art Houtteman, charged with the defeat, dropped his 16th game. He has won two.

Philadelphia's fourth-place Athletics swept a twilight-night doubleheader from the Senators of Washington, 10-7 and 5-2, to reduce Boston's margin over them to nine games.

The defeats ran Washington's losing streak to eight games. Exploding for four runs in the eighth inning, the Pittsburgh Pirates defeated the Reds in Cincinnati, 5-1, and strengthened their second place position in the National League pennant race.

They now own a half-game advantage over the Brooklyn Dodgers and trail the front runner, Boston Braves by three and

a half game. The Braves and Dodgers were idle.

Danny Murtaugh's fourth single of the game, coming with the bases loaded, drove in the tie-breaking run. Eddie Fitzgerald batted in two more with a single and pitcher/Ernie Bonham closed out the scoring with a run-producing single.

Johnny Schmitz limited the Cardinals to two hits in St. Louis, pitching the Chicago Cubs to a 4-2 triumph. It was the fourth-place Cards' fourth consecutive loss and dropped them to five and a half games off the pace.

Andy Seminick walloped a two-run homer in the top of the ninth to enable the Philadelphia Phillies to nip the New York Giants, 5-4. Walt Dubiel went all the way to chalk up his seventh triumph.

The scheduled doubleheader between the St. Louis Browns and White Sox in Chicago was postponed because of rain.

Sniscak Swift
COLLEGE PARK, Md. — Some say Maryland's Bernie Sniscak is a bit faster than the Terps' Luigi Gambino, but he lacks the All-America candidate's drive.

Suicide Plunges City Into Darkness

LONG BEACH, Calif. —(AP)— Electrical service was cut off from a section of Long Beach when John J. Kreher, about 74, retired business man, plunged to death from his seventh-story apartment and hit high tension wires.

Police Inspector Russell M. Watt said the man, whose body was severely burned, left a note asking that his remains be cremated and that there be "no flowers or prayers."

Many Never Suspect Cause Of Backaches

This Old Treatment Often Brings Happy Relief
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backaches, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

SOFTBALL LOOP IN MIX-UP

Due to a mix-up of Industrial Softball play-off schedules and participating teams, a meeting of all managers has been called for 7 p. m. today in the Corporation Court Room.

Cabot, whose season's record, as turned in to The News as 25 wins and 6 losses, seems to be the victim of the mix-up. It seems that several teams, upon winning a contest, forgot to call the official league secretary and statistician, and thus Cabot did not have the correct number of losses on its record. No particular individual or team is at fault, since the league has been beset by difficulties this year.

Golden Memories

EVANSTON, Ill. — Northwest athletes of the past 50 years have been invited to attend a golden anniversary at the Northwestern-Minnesota game at Dyche Stadium, Oct. 9. Included are 48 members of Wildcat teams prior to 1898.

Record Required

DETROIT — The longest field goal in the history of the National Football League is 54 yards by Glenn Prenehl, which provided the Detroit Lions with a 3-0 victory over Green Bay, Oct. 7, 1934.

Fair Enough

NEW YORK — Trotting horse races and county fairs grew up together in the two generations that spanned from the 1830s to 1870.

Quake Felt in Hawaii, Frisco

HONOLULU —(AP)— The Coast and Geodetic Survey reported Wednesday it had recorded a big earthquake which probably struck in the area of the Fiji Islands. The first shock was recorded at 5:17:30 a. m. Honolulu time (8:17:30 Pacific Daylight Time) and two hours later the shocks were continuing.

"It is the biggest earthquake I've seen since I've been here," said Lauric Burgess, operator of the survey seismograph. He estimated the distance at 3,000 miles from Honolulu.

Meanwhile, an earthquake of "considerable proportions" was recorded on seismographs in the San Francisco Bay area, the Associated Press reported.

It was about 5,200 miles distant in an undetermined direction. The seismograph at the University of California at Berkeley started recording the shock at 8:21:02 a. m. Pacific Daylight Time.

At the Ricard Memorial Observatory, Santa Clara University, the record started at 8:21:06 a. m. Both instruments indicated the 5,200-mile distance.

Berkeley scientists suggested the shock centered in Japan or Chile.

The Rev. John Anthony Weber, S. J., at Santa Clara, said the quake could have caused considerable damage.

U.S. Stockpiling British Rubber

LONDON —(AP)— The Board of Trade announced Britain is selling the United States part of her stocks of natural rubber for stockpiling purposes.

This was the first transaction under the Anglo-American economic cooperation agreement through which Britain undertook to facilitate the supply of raw materials to the United States for stockpiling.

The board said the United States has agreed that it will be regarded as a special inter-governmental transaction and will in no way affect America's buying program for stockpiling from current production.

GROUP TO STUDY BRAZIL

RIO DE JANEIRO —(AP)— A United States economic survey mission has arrived from New York to make a four- to six-month study of the resources of Brazil. The study will serve as a guide for investment of private United States capital in this country.

BUSINESS FAILURES DROP

NEW YORK —(AP)— Business failures declined slightly in the week ended Sept. 2, Dun and Bradstreet reported. The business reporting service listed 94 failures last week, compared with 96 in the previous week.

Diamondback terrapins are found in the United States from New England to the Gulf of Mexico.

FOUND

a sensational new washday miracle!

it's TIDE...

Procter & Gamble's amazing discovery!

ONLY TIDE WILL GIVE YOU ALL THIS:

The CLEANEST, BRIGHTEST, WHITEST wash
you ever hung on the line!

CLEANER than any soap!

No matter what soap you may be using now, Tide gets your whole family wash cleaner—even greasy overalls. You see, Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!

Actually BRIGHTENS colors!

As Tide makes dulling soap film disappear, color brightness perks up like magic! Soap-dulled colors come so much brighter you can see the difference. And Tide does it safely, too. Tide is truly safe for all your bright washable colors!

The world's WHITEST wash!

Put on dark glasses when you hang up a Tide-white wash! No soap ever got your white things more gleaming white. And Tide keeps them gleaming white, week after week!

GIVES MORE SUDS—
prove it in your dishpan!

Kind-to-hands suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic... washes dishes cleaner than any soap! No scum! No cloudy film! Dishes and glassware rinse and dry sparkling clear—even without wiping!

GUARANTEE

Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to dealer, and the purchase price will be refunded.

TIDE'S IN-DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

FALL HAT DAY

Proclamation!

WHEREAS, it has been the custom that men shall wear straw hats during the summer months;
 AND whereas, said hats become outmoded when the days become shorter and the temperature cooler;
 WHEREAS, felt hats are more comfortable and definitely in the popular usage for the fall and winter months;
 I, C. A. Huff, mayor of the City of Pampa, do hereby declare Friday, September 10, 1948, Felt Hat Day in Pampa, the first day on which the men lay aside their old straws and don their new felts.

C. A. "Lefty" HUFF
 Mayor

Enter at once the fine Pampa Men's Furnishings stores and be prepared to greet the brisk, cool weather with a new, smart Fall HAT. A hat designed to compliment your features . . . give you that all important air of distinction. Top your fall wardrobe with one of these stores first-quality felts . . . Fedora, Homburg, Derby, 10-gallon Western . . . whatever you desire. Varying brim widths. Shop one of Pampa's stores tomorrow for your new hat . . . and bring the Missus!

You can find Dobbs and Stetson Hats at the Friendly Men's; a wide choice of Mallory Hats at Bob Clements; at Murfee's you can choose from Stetson, Knox and Hopkins Hats; the Lee Hat is found at L. N. Atchison Men's Wear; the Wanner's Men's Wear features the Stetson Hat. At J. C. Penney you'll see a smart showing of Marathon Felts. C. R. Anthony offers a big selection of Fall Felts by Hatsey. Levine's specializes in Western Felts.

Head in the Right Direction for Style, Quality and Value by Shopping at One of These Men's Furnishing Stores!

HARVESTERS, BULLDOGS MIX FRIDAY

Redskins' Baugh Throws to Them All

WASHINGTON, D. C.—(NEA)—Slingin' Sammy Baugh, in 11 seasons in the National Football League, has fired at all sizes and all sorts of targets. The first rookie end or back who catches one of his pitches this season will become Sam's 100th receiver in professional football.

JIMMY HAYES
Back

Eleven players from ten different states were chosen on the 1948 Junior Davis Cup Squad. Michigan was the only state with two representatives.

HIWAY CAFE
Open All Night
103 N. Hobart at End of W. Foster

Jimmie Hayes, 160-pound fullback, will be playing his first game for the Harvesters Friday night when he starts against Coach Rufus Hyde's North Dallas Bulldogs. Hayes was a starter for last year's Junior High Reapers, making the big jump from the Reapers to the Harvesters without ever working with the Guerrillas.

The Pampa Harvesters meet their initial test of the grid season tomorrow night at 8 when they encounter the powerful Bulldogs from North Dallas in Harvesters Park.

The local gridology students of Tom Tipps and Aubra Nooncaster will employ the "formation" while Coach Rufus Hyde's Bulldogs plan to mix the "T" with a box and double wing formation. The two Harvesters tackles, Ralph Hutsell and Bo Jack Phillips, may be expected to shoulder much of the defensive burden in Friday's event.

In the backfield, the shrewd field general, Lamar Lively, who understudied Charlie Luffoon all last season, will be under center in Tipps' and Nooncaster's version of the "T." Lively will be backed by Co-Captain Jack Williams at right-half and little Wesley Keith, diminutive 140-pounder, at the other halfback slot.

Starting at fullback will be a newcomer to the grid and gold squad, Jimmy Hayes, 160-pound Sophomore, will work from that position where he starred for last year's Junior High School team.

The probable starting line-ups for both teams are as follows:

NORTH DALLAS		
Pos.	Name	Wt.
LT	Ralph Kendall	192
LT	Bob Williams	210
LG	Phil Bond	170
C	Ray Vanderpool	170
RG	Jimmy Davis	170
RT	Way Baker	205
RT	Roy Grubbs	163
B	Clifford Coppage	145
B	Billy Pruitt	160
B	Dick Gaddy	160

PAMPA		
Pos.	Name	Wt.
LT	Bill Bond	180
LT	Phil Phillips	180
LG	Phillip Payne	180
C	Bill Runyon	180
RG	Jimmy Hill	170
RT	Ralph Hutsell	170
RT	Derral Davis (Co-C)	168
B	Jack Williams (Co-C)	165
B	Wesley Keith	140
B	Jimmy Hayes	160
B	Lamar Lively	155

Browning Ross, only American to reach the finals of the Olympic 2,000 meter steeplechase run, will compete for the Villanova cross-country team. He's a junior at the University.

Texas Schoolboy Football Race Starts Tonight With 2 Games

By the Associated Press—Schoolboy football teams in the City Conference and Class AA open the 1948 campaign tonight. Brackenridge of San Antonio, last year's state champion, and Austin tangle in the top game tonight while tomorrow and Saturday 71 teams from these two divisions get into action. Roswell, N.M., and El Paso High play the only other tilt tonight.

Three champions will be decided this year in the Inter-scholastic League's program.

The City Conference matches schools from San Antonio, Dallas, Houston and Fort Worth.

Class AA has 84 schools playing in fourteen districts. Class A, composed of schools with less than 500 enrollment but more than 200, will play to a division title for the first time.

Class B schools, those with less than 200 enrollment, play only to regional titles.

Pre-season rankings boom Port Arthur, Odessa, Kerrville, Lufkin, Brackenridge (San Antonio), Highland Park (Dallas), Wichita Falls, Baytown (Goose Creek), Waco and Amarillo as top teams in the state.

THE SCHEDULE:
Tonight—Austin at Brackenridge (San Antonio), Roswell, N.M., at El Paso High.
Friday—North Dallas at Pampa.

RANGER MARKS TOPPLE—NEW YORK—(AP)—Four all-time New York Ranger hockey records were broken and another tied during the 1947-1948 season. Phil Watson raised the Ranger lifetime Stanley Cup assist mark to 20, with three, and his 33 points during the regular season gave him seven years over 30 to tie a team mark. Don Ralston, rookie center, set a National Hockey League as well as Ranger standard for fastest three assists when he aided in three goals in 51 seconds against Montreal. Team records set were most goals on the road in one season, 86, topping by two the 1943-44 mark, (Shreveport) at Marshall, Kilgore and most ties in a season, 13, at Port Neches, Longview a tone above the high of 1935-36.

Houston May Be First to Draw 400,000 in TL

By the Associated Press—It looks like Houston will be the first team in Texas League history to draw 400,000 in one season. The Buffs boosted their home attendance to 392,682 last night when 2,626 fans turned out to watch them beat Shreveport, 5-3. Houston has four more days to reach the 400,000 mark in attendance and may crack the figure by tomorrow night. Dallas finally managed to beat Tulsa, downing the Oilers, 5-4, last night while Oklahoma City nosed out pennant winner Fort Worth, 6-4. San Antonio and Beaumont were rained out.

Peron Threatens Death to Opponents

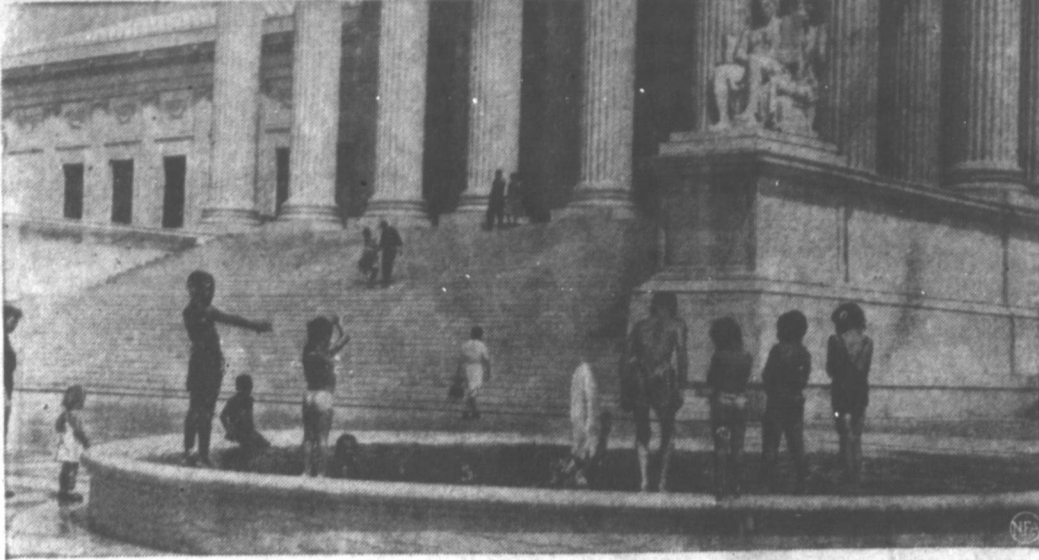

SANTA FE, Argentina.—(AP)—President Juan D. Peron threatened to hang those who threaten violence to his supporters. The President, speaking to workers at this inland city, did not identify the persons of whom he spoke, except to call them "defenders of foreign trusts" and "these rich who don't work; these professional politicians."

Confederate Veteran Files for Divorce

WICHITA FALLS.—(AP)—Thomas E. Riddle, 102-year-old Confederate veteran, has filed suit for divorce from his 74-year-old wife, Shrida. The petition filed here yesterday in district court cited alleged cruelty.

The couple, according to the divorce papers, was married on Sept. 12, 1938, at Sunset, Tex. It was the third marriage for Riddle, who celebrated his 102nd birthday here last April 16.

Kids Made It a Fountain of Youth

The classic, staid fountain, in front of the classic, staid Supreme Court building in Washington, D. C., is briefly transformed into a fountain of youth. Oppressively hot weather forced the children into the makeshift wading pool, but a kill-joy guard soon put them out.

U.S. May Fully Recognize Israel

WASHINGTON.—(AP)—Secretary Marshall said the United States hopes to grant full diplomatic recognition of the new Republic of Israel after the October elections in that country.

Marshall told a news conference the final decision will be made by the White House after recommendations by the State Department.

The United States has extended partial—or de facto—recognition to the new Jewish nation. But it has delayed giving it "de jure" or full legal recognition which is necessary before diplomatic envoys can be exchanged.

Seal of Service

This emblem will be stamped on every package of relief goods sent overseas under the European Recovery Program. The colored Stars and Stripes will remind Europeans that Uncle Sam is their benefactor.

TAX RATE

(Continued from Page 3)
total of \$18,371; and the public library receives \$4,431 from a .03 share of the tax.

The City Commission canvassed the returns from yesterday's wage improvement and sewer bond election. There were no changes made and the vote, as previously reported, was made official.

In spite of the considerable interest shown in setting up uniform standards for evaluating taxes earlier this year, and speculation on the probable tax rate, there was no one besides the commissioners present at this morning's public budget hearing until press time.

Helium is known as the "inert element" because man discovered it in the sun many years before he knew it existed on earth.

From where I sit... by Joe Marsh

One Great American Trait

I always think it does a newspaper editor good to get out from behind his desk and see how folks in other parts of America look, and think, and act.

And that's what I've been doing these past weeks, touring the country from Michigan to Texas, California to Maine. It's a mighty encouraging experience. Not only because of the different points of view you run into—but because of the tolerance which reconciles those different points of view.

sylvania farmer for the habits of his city cousin; the tolerance of folks who vote one way towards those who vote another; the tolerance of those who prefer spring water towards those who enjoy a moderate beverage like beer.

From where I sit, it's that great American trait of tolerance—respect for individual tastes and liberties—that makes this country strong. Let's never lose it!

Joe Marsh

Copyright, 1948, United States Brewers Foundation

Water the tomatoes to prevent blossom end rot of the fruit. If the plants appear wilted during the day, give them a drink.

PILES Hurt Like Sin! But Now I Grin

Thousands change groans to grins. Use a doctor's formula to relieve discomfort of piles. Sent druggists by noted Thornton & Minor Clinic. Surprising QUICK palliative relief of pain, itch, irritation. Tends to soften, shrink swelling. Use doctor's way. Get tube Thornton & Minor's Rectal Ointment or Rectal Suppositories today. Follow label directions. For sale at all drug stores everywhere. School District Funds May Not Be Loaned

AUSTIN.—(AP)—A board of trustees of a school district has no authority to lend its public school funds to another school district, the attorney general ruled. The opinion was directed to County Attorney Joseph B. Dart of Boerne, Kendall County.

47 INDONESIANS KILLED
BATAVIA, Java.—(AP)—Reports reaching here said 47 Indonesians were killed and 24 wounded when they tried to escape from a prison camp near Gedonggedeh Krawang.

BERLIN

(Continued from Page 1)
Moscow may use the Communist-inspired disorders in the German capital as an excuse for such a stop order.

Secretary of State Marshall pointed out that possibility at his news conference yesterday.

Marshall charged that the Berlin City Hall demonstrations and kidnapping of Western sector policemen were aimed, at least in part, at disrupting the week-long parleys by the four military governments.

The current disturbances, plus other Soviet unity-hampering tactics, have deepened suspicion among diplomatic authorities here that the Kremlin has decided to wind up with a loud "no" the negotiations over uniform currency and the Berlin siege.

This, in effect, would serve as fresh notice that Russia is as determined as ever to force the United States, Britain, and France out of the German capital.

Reports from Moscow last night indicated there will be no further talks there for the time being on the Berlin crisis if the foreign ministers council meets Friday in Paris to discuss disposition of Italy's pre-war colonies.

The United States has agreed to the council meeting, making clear, however, that it feels such talks would be fruitless unless the Soviets have new proposals to offer.

A breakdown of efforts to lift the Berlin blockade would leave the East-West dispute just where it was nearly three months ago, when Russia severed the rail link between Berlin and the Western occupation zones.

Only by means of the British-American air lift can the Western Powers keep their hold on the city and feed more than 2,000,000 Berliners.

If direct negotiations end in failure, the Western Powers then can appeal to the United Nations to deal with the Berlin crisis as a threat to world peace. The U. N. General Assembly opens its Paris meeting Sept. 21.

ROTARIANS

(Continued from Page 1)
chased.

Entertainment during the club's meeting yesterday was furnished by Dave Collier presenting Bobby and Barbara Jean Patterson, Junior High School students, in a guitar and accordion duet.

It was announced also that plans were being made for at least three ladies' affairs for the ensuing year. Thanksgiving, Valentine and installation of officers night.

Group singing was led by Virgil Mott and Steve Matthews presided over the business session.

Baptist Schools to Share 1949 Budget of \$10,000,000

DALLAS — (AP)— Baylor University is scheduled to receive \$1 million of the \$10 million denominational budget to be shared by fourteen Texas Baptist institutions in 1949.

The executive board of the Baptist general convention of Texas approved recommendations on how the institutions would share in the budget. The board's suggestions must be approved by the Baptist general convention at Houston in November. In the past the board's recommendations have been followed.

The amount awarded to Baylor includes the main university at Waco, the schools of Nursing and Dentistry in Dallas and the School of Medicine in Houston.

Texas Christian To Honor Rabbi

FORT WORTH — (AP)— Three honorary Doctor of Laws degrees will be conferred by Texas University at its 75th anniversary convocation Sept. 20. President M. E. Sadler announced.

Degrees will be bestowed on Henry Cohen, Rabbi of Temple B'Nai Israel, Galveston; Dr. Charles H. Harris, Fort Worth physician who founded Harris Hospital here and TCU's College of Nursing, and Green E. Scott, St. Louis real estate executive and leading layman of the Disciples of Christ.

TCU will break a tradition against conferring degrees "in absentia" in honoring Rabbi Cohen. The 85-year old rabbi is unable to travel beyond the Galveston area.

HST Proclaims Air Force Day

WASHINGTON — (AP)— President Truman proclaimed Sept. 18 as Air Force Day in tribute to the men and women who have "contributed to the growth of American air power."

Air Force Day has been observed in the past on Aug. 1. The date was changed, a spokesman said, because Sept. 18 is the first anniversary of the creation of an independent Air Force under the national military establishment.

Mr. Truman also named Col. Reginald C. Harmon to a four-year term as the first judge advocate general of the Air Force with the rank of major general.

Jobs Scarce for Disabled Vets

AUSTIN — (AP)— The rise of national employment has not created enough job openings to assure gainful jobs for disabled veterans as rapidly as they are ready to go to work, a veteran employment service representative said.

The statement came from Thomas L. Ward in a news release from the Texas Employment Commission. Ward estimated a minimum of 4,000 disabled veterans will seek work through the TEC this year.

The backlog of disabled veteran applicants in Texas has been reduced from 13,000 in 1946 to 4,000 in 1947, Ward said.

Aleman Invited To Visit Los Angeles

LOS ANGELES — (AP)— President Miguel Aleman of Mexico has been invited to visit Los Angeles during a trip to California for a speech in San Francisco Oct. 19.

The invitation has been sent to President Aleman by the Greater Los Angeles Press Club, Walter Ames, president of the club, said.

FINNS DENOUNCE TITO HELSINKI, Finland — (AP)— The Finnish Communist Party congress denounced Yugoslav Marshal Tito. It declared that Finland must join forces with the "anti-imperialist" camp against the United States and other Western powers.

She's Anti-Oomph

Screen actress Cristine Cooper doesn't like her figure. It interferes with her career. She's lost eight parts because producers look at her face, cast her for "sweet-young-things" roles—and change their minds when they look at the rest of her. Curves-conscious Cooper says she knows she could be a fine actress and wishes movie moguls would stop wolf-whistling long enough to listen to her.

National Guard Plans Radar Arm For Gulf Coast

HOUSTON — (AP)— Radar protection for Texas' Gulf Coast is planned by the Air National Guard. Lieut. Col. Bill Nottingham, chief of staff of the 33rd Fighter Wing of the Air National Guard, said National Guard teams would be trained to operate aircraft control and warning stations as a preparedness measure.

Teams would be stationed at La Porte, Freeport and Beaumont and possibly Port Arthur and Galveston, he said.

Nottingham said if enemy planes were approaching this area, the radar team at Freeport might pick them up more than 200 miles away. The range of the radar arm is estimated at 250 miles. With radar, the number of planes, their course, and their speed would be known.

Pampa News, Thursday, September 3, 1948 PAGE 17

ARABS CLAIM JEWISH HIT AMMAN, Trans-Jordan — (AP)— An Arab Legion communiqué said Jews "lobbed mortar shells into an Arab garrison in Jerusalem and scored a direct hit on St. Xavier's Monastery headquarters."

TRUST

By Elswyth Thane

"THE STORY: A mysterious...
 "How do you know I'll have to?"
 "Of course you'll go back, old boy! You leave it to us—little old R.A.F. We'll get you back!" Dalton drew his pumby arms tighter round the spent body they supported.

HE was never one to ask questions, but he found himself wondering now about the man who was fast slipping into unconsciousness in his hold; this young, level-eyed unobtrusive man with the very quiet voice—not much past 30—who was understood to have brought off some of the most ticklish jobs in the United Kingdom—well, yes, a secret agent if you put it that way—very highly thought of at the Home Office. Pearson was crazy, letting him start out alone this time.

Well, Pearson had found that out, a bit late, and sent after him—sent a fairly good wing-commander, in a small pursuit plane, instead of an army transport with a few good fellows carrying rifles.

Less conspicuous, said Pearson. Quite so. But of course there was shooting and this irreplaceable man was hit. And then there was a spot of crawling among the rocks after dark to get back to the plane. And then the plane had been tampered with. Well, it must have been, there was no one to guard it while he went into the village, and the engine came over all right after an hour's flying. Anyway it had got them out of the neighborhood, they weren't being shot at any more—not yet, that is. Younger son, was he—and George sat soft at home and inherited. Well, "It's a queer sort of place, you know, with a queer name," said Hilary. "It's called Nuns Farthing. Mother never live in it since my father died, and George—that's my brother—George says it gives him the pip. They always threaten to let it, but nobody wants a place like that any more. There's a housekeeper, Mrs. Pilton. She keeps it going when the family's away. There's something I've got to do there—my old room is on the top floor—I left things strewn about, rather—I thought I was going back—it's two years since this month—I meant to go home—just

"We'll get you home, old boy," he said gently.

"It's a queer sort of place, you know, with a queer name," said Hilary. "It's called Nuns Farthing. Mother never live in it since my father died, and George—that's my brother—George says it gives him the pip. They always threaten to let it, but nobody wants a place like that any more. There's a housekeeper, Mrs. Pilton. She keeps it going when the family's away. There's something I've got to do there—my old room is on the top floor—I left things strewn about, rather—I thought I was going back—it's two years since this month—I meant to go home—just

"You take charge of these," he said. "Pearson wants them badly at Peshawar."
 "Then he'd better come and get them," said the pilot cheerfully. "We're staying here, my lad."
 "You too?"
 "Me too," he nodded, looking up at the crippled machine. "If Pearson sends after us they'll sight the plane. And I think he'll send after us." He sat down beside the parachute bundle, in the shade of the mighty wing. "We're very valuable people," he added, and smiled.

"One of us is damaged," remarked Hilary, with a glance at his wound. "You'll have to write

my family, Bill."
 "How do you know I'll have to?"
 "Of course you'll go back, old boy! You leave it to us—little old R.A.F. We'll get you back!" Dalton drew his pumby arms tighter round the spent body they supported.

Market Briefs

WALL STREET
 NEW YORK, Sept. 8 (AP)—A sudden sinking of the stock market sharply lower today.
 Selling in the final third of the day pushed down the Dow Jones industrial average 10.14 points to 158.44. The S&P 500 index fell 1.25 points to 48.12. The Dow Jones industrial average closed at 158.44, down 10.14 from 168.58. The S&P 500 index closed at 48.12, down 1.25 from 49.37. The Dow Jones industrial average had a high of 168.58 and a low of 158.44. The S&P 500 index had a high of 49.37 and a low of 48.12. The Dow Jones industrial average had a range of 10.14 and the S&P 500 index had a range of 1.25. The Dow Jones industrial average had a volume of 1,234,567 and the S&P 500 index had a volume of 123,456. The Dow Jones industrial average had a turnover of 123,456 and the S&P 500 index had a turnover of 12,345. The Dow Jones industrial average had a price-earnings ratio of 12.34 and the S&P 500 index had a price-earnings ratio of 12.34. The Dow Jones industrial average had a dividend yield of 1.23% and the S&P 500 index had a dividend yield of 1.23%. The Dow Jones industrial average had a beta of 1.23 and the S&P 500 index had a beta of 1.23. The Dow Jones industrial average had a correlation coefficient of 0.98 and the S&P 500 index had a correlation coefficient of 0.98. The Dow Jones industrial average had a standard deviation of 1.23 and the S&P 500 index had a standard deviation of 1.23. The Dow Jones industrial average had a skewness of 1.23 and the S&P 500 index had a skewness of 1.23. The Dow Jones industrial average had a kurtosis of 1.23 and the S&P 500 index had a kurtosis of 1.23. The Dow Jones industrial average had a Sharpe ratio of 1.23 and the S&P 500 index had a Sharpe ratio of 1.23. The Dow Jones industrial average had a Treynor ratio of 1.23 and the S&P 500 index had a Treynor ratio of 1.23. The Dow Jones industrial average had a Jensen's alpha of 1.23 and the S&P 500 index had a Jensen's alpha of 1.23. The Dow Jones industrial average had a Sortino ratio of 1.23 and the S&P 500 index had a Sortino ratio of 1.23. The Dow Jones industrial average had a maximum drawdown of 1.23 and the S&P 500 index had a maximum drawdown of 1.23. The Dow Jones industrial average had a Calmar ratio of 1.23 and the S&P 500 index had a Calmar ratio of 1.23. The Dow Jones industrial average had a Stouffer's Z-score of 1.23 and the S&P 500 index had a Stouffer's Z-score of 1.23. The Dow Jones industrial average had a Value-at-Risk of 1.23 and the S&P 500 index had a Value-at-Risk of 1.23. The Dow Jones industrial average had a Conditional Value-at-Risk of 1.23 and the S&P 500 index had a Conditional Value-at-Risk of 1.23. The Dow Jones industrial average had a Expected Shortfall of 1.23 and the S&P 500 index had an Expected Shortfall of 1.23. The Dow Jones industrial average had a Tail Risk of 1.23 and the S&P 500 index had a Tail Risk of 1.23. The Dow Jones industrial average had a Worst-Case Scenario of 1.23 and the S&P 500 index had a Worst-Case Scenario of 1.23. The Dow Jones industrial average had a Maximum Loss of 1.23 and the S&P 500 index had a Maximum Loss of 1.23. The Dow Jones industrial average had a Minimum Gain of 1.23 and the S&P 500 index had a Minimum Gain of 1.23. The Dow Jones industrial average had a Range of 1.23 and the S&P 500 index had a Range of 1.23. The Dow Jones industrial average had a Volatility of 1.23 and the S&P 500 index had a Volatility of 1.23. The Dow Jones industrial average had a Correlation of 1.23 and the S&P 500 index had a Correlation of 1.23. The Dow Jones industrial average had a Covariance of 1.23 and the S&P 500 index had a Covariance of 1.23. The Dow Jones industrial average had a Variance of 1.23 and the S&P 500 index had a Variance of 1.23. The Dow Jones industrial average had a Standard Deviation of 1.23 and the S&P 500 index had a Standard Deviation of 1.23. The Dow Jones industrial average had a Mean of 1.23 and the S&P 500 index had a Mean of 1.23. The Dow Jones industrial average had a Median of 1.23 and the S&P 500 index had a Median of 1.23. The Dow Jones industrial average had a Mode of 1.23 and the S&P 500 index had a Mode of 1.23. The Dow Jones industrial average had a Skewness of 1.23 and the S&P 500 index had a Skewness of 1.23. The Dow Jones industrial average had a Kurtosis of 1.23 and the S&P 500 index had a Kurtosis of 1.23. The Dow Jones industrial average had a Jarque-Bera Statistic of 1.23 and the S&P 500 index had a Jarque-Bera Statistic of 1.23. The Dow Jones industrial average had a Shapiro-Wilk Test Statistic of 1.23 and the S&P 500 index had a Shapiro-Wilk Test Statistic of 1.23. The Dow Jones industrial average had a Kolmogorov-Smirnov Test Statistic of 1.23 and the S&P 500 index had a Kolmogorov-Smirnov Test Statistic of 1.23. The Dow Jones industrial average had a Lilliefors Test Statistic of 1.23 and the S&P 500 index had a Lilliefors Test Statistic of 1.23. The Dow Jones industrial average had a Anderson-Darling Test Statistic of 1.23 and the S&P 500 index had an Anderson-Darling Test Statistic of 1.23. The Dow Jones industrial average had a Cramer-von Mises Test Statistic of 1.23 and the S&P 500 index had a Cramer-von Mises Test Statistic of 1.23. The Dow Jones industrial average had a Pearson Chi-Square Test Statistic of 1.23 and the S&P 500 index had a Pearson Chi-Square Test Statistic of 1.23. The Dow Jones industrial average had a Fisher's Exact Test Statistic of 1.23 and the S&P 500 index had a Fisher's Exact Test Statistic of 1.23. The Dow Jones industrial average had a McNemar Test Statistic of 1.23 and the S&P 500 index had a McNemar Test Statistic of 1.23. The Dow Jones industrial average had a Cochran's Q Test Statistic of 1.23 and the S&P 500 index had a Cochran's Q Test Statistic of 1.23. The Dow Jones industrial average had a Friedman Two-Way ANOVA Test Statistic of 1.23 and the S&P 500 index had a Friedman Two-Way ANOVA Test Statistic of 1.23. The Dow Jones industrial average had a Kruskal-Wallis Test Statistic of 1.23 and the S&P 500 index had a Kruskal-Wallis Test Statistic of 1.23. The Dow Jones industrial average had a Mann-Whitney U Test Statistic of 1.23 and the S&P 500 index had a Mann-Whitney U Test Statistic of 1.23. The Dow Jones industrial average had a Wilcoxon Signed-Rank Test Statistic of 1.23 and the S&P 500 index had a Wilcoxon Signed-Rank Test Statistic of 1.23. The Dow Jones industrial average had a Sign Test Statistic of 1.23 and the S&P 500 index had a Sign Test Statistic of 1.23. The Dow Jones industrial average had a Rank-Sum Test Statistic of 1.23 and the S&P 500 index had a Rank-Sum Test Statistic of 1.23. The Dow Jones industrial average had a Run Test Statistic of 1.23 and the S&P 500 index had a Run Test Statistic of 1.23. The Dow Jones industrial average had a Wald-Wolfowitz Test Statistic of 1.23 and the S&P 500 index had a Wald-Wolfowitz Test Statistic of 1.23. The Dow Jones industrial average had a Wasserstein Test Statistic of 1.23 and the S&P 500 index had a Wasserstein Test Statistic of 1.23. The Dow Jones industrial average had a Hellinger Test Statistic of 1.23 and the S&P 500 index had a Hellinger Test Statistic of 1.23. The Dow Jones industrial average had a Levenshtein Test Statistic of 1.23 and the S&P 500 index had a Levenshtein Test Statistic of 1.23. The Dow Jones industrial average had a Hamming Test Statistic of 1.23 and the S&P 500 index had a Hamming Test Statistic of 1.23. The Dow Jones industrial average had a Jaccard Test Statistic of 1.23 and the S&P 500 index had a Jaccard Test Statistic of 1.23. The Dow Jones industrial average had a Sørensen-Dice Test Statistic of 1.23 and the S&P 500 index had a Sørensen-Dice Test Statistic of 1.23. The Dow Jones industrial average had a Cosine Test Statistic of 1.23 and the S&P 500 index had a Cosine Test Statistic of 1.23. The Dow Jones industrial average had a Jaccard Index of 1.23 and the S&P 500 index had a Jaccard Index of 1.23. The Dow Jones industrial average had a Sørensen-Dice Index of 1.23 and the S&P 500 index had a Sørensen-Dice Index of 1.23. The Dow Jones industrial average had a Cosine Index of 1.23 and the S&P 500 index had a Cosine Index of 1.23. The Dow Jones industrial average had a Levenshtein Distance of 1.23 and the S&P 500 index had a Levenshtein Distance of 1.23. The Dow Jones industrial average had a Hamming Distance of 1.23 and the S&P 500 index had a Hamming Distance of 1.23. The Dow Jones industrial average had a Jaccard Distance of 1.23 and the S&P 500 index had a Jaccard Distance of 1.23. The Dow Jones industrial average had a Sørensen-Dice Distance of 1.23 and the S&P 500 index had a Sørensen-Dice Distance of 1.23. The Dow Jones industrial average had a Cosine Distance of 1.23 and the S&P 500 index had a Cosine Distance of 1.23. The Dow Jones industrial average had a Levenshtein Similarity of 1.23 and the S&P 500 index had a Levenshtein Similarity of 1.23. The Dow Jones industrial average had a Hamming Similarity of 1.23 and the S&P 500 index had a Hamming Similarity of 1.23. The Dow Jones industrial average had a Jaccard Similarity of 1.23 and the S&P 500 index had a Jaccard Similarity of 1.23. The Dow Jones industrial average had a Sørensen-Dice Similarity of 1.23 and the S&P 500 index had a Sørensen-Dice Similarity of 1.23. The Dow Jones industrial average had a Cosine Similarity of 1.23 and the S&P 500 index had a Cosine Similarity of 1.23. The Dow Jones industrial average had a Levenshtein Distance of 1.23 and the S&P 500 index had a Levenshtein Distance of 1.23. The Dow Jones industrial average had a Hamming Distance of 1.23 and the S&P 500 index had a Hamming Distance of 1.23. The Dow Jones industrial average had a Jaccard Distance of 1.23 and the S&P 500 index had a Jaccard Distance of 1.23. The Dow Jones industrial average had a Sørensen-Dice Distance of 1.23 and the S&P 500 index had a Sørensen-Dice Distance of 1.23. The Dow Jones industrial average had a Cosine Distance of 1.23 and the S&P 500 index had a Cosine Distance of 1.23. The Dow Jones industrial average had a Levenshtein Similarity of 1.23 and the S&P 500 index had a Levenshtein Similarity of 1.23. The Dow Jones industrial average had a Hamming Similarity of 1.23 and the S&P 500 index had a Hamming Similarity of 1.23. The Dow Jones industrial average had a Jaccard Similarity of 1.23 and the S&P 500 index had a Jaccard Similarity of 1.23. The Dow Jones industrial average had a Sørensen
