

# LEADERS FEAR WAR WEAR

## Dixiecrats Pick Thurmond-Wright Ticket

### South Calls Convention For Oct. 1

BIRMINGHAM (AP)—Rebel Southern Democrats yesterday named two Dixie governors to lead the fight to take the Solid South from Mr. Truman in November over racial issues.

Governor J. Strom Thurmond of South Carolina was nominated for president and Gov. Fielding L. Wright of Mississippi for vice president.

Earlier they had announced the Southern ticket would make the campaign in Missouri and 14 other states, including all of the usually heavily Democratic Deep South.

The resolution nominating the two men also called another meeting of Southern revolters here Oct. 1. Unlike Saturday's session, the October meeting would be limited to delegates from each state numbering the same as their presidential electors.

Yesterday's sessions were noisy. Police Chief Floyd Eddins estimated the afternoon crowd at 7,500, considerably more than the auditorium's capacity. Eddins said several thousand more were outside listening to the meeting over loudspeakers.

In seconding the two nominations, Sen. Eastland (D-Miss.) made the forecast that "the race next November is between Gov. Thurmond and Gov. Thomas E. Dewey."

"Truman will not get a single electoral vote," he shouted.

Nomination of both candidates was by acclamation.

Tempers in the jam-packed City Auditorium flared when a self-styled presidential candidate, Herbert G. Holdridge of Washington, D. C., objected to the nomination of Thurmond and Wright.

Holdridge, whose campaign literature describes him as a "peace general candidate," shouted his protest and was quickly surrounded by a mob of shouting, excited delegates. He was not harmed, however, and was taken under police guard to the auditorium manager's office.

He was subsequently released without any charges being filed.

Thurmond and Wright were escorted to the platform at 5:30 p. m. (EST). Besides the usual state (See SOUTH, Page 8)

## BRALY HEADS COUNTY RACE

An all but eleventh hour boost in local activity of the Johnson for U. S. Senate campaign was made when Attorney Clifford Braly accepted an appointment Friday night as campaign manager for this county.

Braly said Saturday morning he had no specific campaign plans for the week remaining before voters went to the polls to decide for themselves who would go to Washington for the next six years.

Johnson and Braly have been close friends for many years.

Braly's entrance into the statewide political scene came the day Johnson completed his 328th campaign speech at Gainesville, and his 68th of the past week.

"Texas is not going to send an appeaser or an old man to the Senate because the immediate job is one of preparedness," he said, adding, "the people are not going to send a man who will be too old at the end of his first term to get anywhere."

Meanwhile Johnson's two top opponents were also stepping up their campaigns for the Washington seat.

In Glen Rose Friday night George B. Peddy promised a vigorous fight to "relieve the federal government of thousands of useless workers" and advocated a "meat tax" be used in slashing federal expenses.

Former governor Coke Stevenson declared in Denton Friday night he would win the senatorial race without a runoff and predicted a record turnout of Texas voters Saturday. Stevenson limited his campaigning to meeting people and talking offhandedly rather than formal speaking engagements.

There was no definite information from Braly or Walter Rogers, campaign manager for Stevenson, as to whether both of the federal lawmakers hopefuls would get to Pampa during the last week of campaigning before the Democratic primaries.

## Fighting Halts in Jerusalem; Rages Elsewhere in Palestine

CAIRO (AP)—Fighting stopped in Jerusalem but the war roared on elsewhere in Palestine.

Twin-engineered planes bombed Tel Aviv in seven sorties Saturday, the Israeli government announced. One of the raiders was shot down, the announcement said. Six persons were reported killed and 20 wounded.

Israeli planes struck at Arab troop concentrations and communications in the Tulkarm area of Central Palestine and at Syrian concentrations at Mishmar and Hay Yarden in Northern Galilee.

Count Folke Bernadotte headed for the Holy Land with the belief that the Arabs will accept the United Nations cease-fire order before the three-day time limit expires today. Israel accepted the cease-fire provided the Arabs agree.

But there is little expectation here the Arabs will obey the U.N. order. Many Arabs here believe the Arab states will (1) continue fighting, (2) wait to see whether the Security Council will adopt sanctions and (3) then decide whether to impose counter-sanctions, such as suspending oil deliveries to the United States Navy and Western Europe.

Security Council members already are reported studying possible steps to enforce the order.

U.N. officials alike hesitated to talk of what might happen if the truce order is rejected.

Fighting stopped in Jerusalem after a tumultuous night of fighting. Guns thundered to the final dawn before the deadline. The U.N. has given the Arabs and Jews on Thursday night 24 hours to end the fighting.

Before the artillery duel began, Arab troops smashed through the Jewish front in the Mea Shearim quarter and blasted forward for 500 yards in the direction of modern Jerusalem's heart, American correspondents with the Arab Legion reported.

At dawn came the cease-fire. For hours afterward hot shots were heard.

Meanwhile, holdout Arab forces continued fighting in the hill positions outside Nazareth. A dispatch said Nazareth—holy to Christians and the world over—shows no signs of war destruction.

In Jerusalem, a leader of Irqun Zvai Leumi declared that if the Holy City becomes an international city as a result of the U. N. truce plan, it will mean "the Jews have won the fight but lost the war."

This leader said Irqun—now operating as a military force only in Jerusalem—will never agree "to internationalization of the traditional capital of the Jews." He declared:

"We shall, if necessary, return to underground operations to bring about the Judaification of Jerusalem."

## Court Evicts Farm Tenant

H. L. Henderson, tenant farmer of Gray County was temporarily evicted Friday by Judge Lewis M. Goodrich in 31st District Court from prohibiting the landowner, Mrs. Elsie Pressang Cook, from coming on the premises and ordering him to vacate.

The Court handed down the temporary injunction order after day-long testimony by witnesses for Mrs. Cook and Henderson.

Testimony disclosed Mrs. Cook had leased Section 110 in Block M-2 of the BS&F surveys of Gray County to M. L. Henderson, Indiana school teacher, on a year-to-year verbal agreement and had elected not to renew the lease this year. Henderson, according to testimony, refused to allow Mrs. Cook or her daughter to come on the premises and refused to give up the land.

Attorneys Curtis Douglass and R. G. Gordon, counsel for Henderson, indicated they would appeal the case. Attorney Walter Rogers represented Mrs. Cook.

## Possibility of Plane Crashes In Air Corridors Rated High

WASHINGTON (AP)—In the opinion of top American officials Russia is pressing the Berlin crisis dangerously close to open warfare this weekend.

The possibility of one or more deadly incidents in the air corridors leading to Berlin is now rated high since the Russians announced they would make extensive training flights across the routes traveled by Western cargo planes.

When Russia is directly involved, there is a strong belief here that the hot-heads in the Politburo have gained the upper hand over those who normally might caution restraint. Some of Russia's actions were described as almost directly provocative. An example is the deliberate assignment of an unusually large number of planes to make training flights in areas where American or British transport craft may run into them.

According to one theory much discussed by government policy makers, the Russians may be pressed into rash actions by a kind of desperate fear that they are losing ground in Eastern Europe and need some spectacular triumph to recover.

Much importance is attached here to the rebellion of Tito against Moscow's dictation and to the recent Communist setback in the Finnish elections.

Such things, according to this theory, have put the Soviet high command—the Politburo—in a mood to listen to its extremist members and to make risky decisions.

There is considerable belief that one such decision was to try to get the needed spectacular triumph now at a cheap price by forcing the Western Allies out of Berlin with a policy of starvation and a bluff about the use of military force. This would be in line with long-range Russian policy on Berlin and Germany.

Press dispatches from Berlin told how the official newspapers in the Soviet Zone were advising the German people that the United States was not fighting for the city. The Russians put it that the West would not risk war to break the blockade because the West fears Russia and its allies are too powerful to tangle with.

This could prove to be a fatal (See BERLIN, Page 2)

## War-Time Diplomatic Blunder Is Story Behind Red Blockade

(EDITOR'S NOTE: A wartime diplomatic blunder gave Russia a chance to squeeze the Western powers in Berlin. Wes Gallagher, Associated Press chief of bureau, in Berlin, tells here in an untold story of the war how the Berlin deadlock had its start. He gives the background on the various control agreements. He writes out of long experience living in Berlin in the midst of the trouble.)

By WES GALLAGHER

BERLIN (AP)—In drawing up the occupation zones of Germany the victorious powers unwittingly provided the incident which threatens to bring a new armed conflict.

The incident is Berlin. A wartime diplomatic blunder left the Western occupation forces in this one-time power city isolated more than 100 miles behind the Soviet iron curtain across Europe.

Authoritative sources who cannot be named but who have dealt with the situation since early in the war have revealed how this blunder came about. It is in part an untold story of the war.

The blunder has nothing to do with the legal rights of the United States, France and Britain to be in Berlin. These rights have been clearly established by numerous agreements.

It has to do with the failure to negotiate a physical means of getting in and out of the city.

Stalin agreed to the entry of France on the condition France's occupation area would not be taken out of any assigned to the Soviet Union. The United States and Britain made room for France by giving up part of their occupation areas in Western Germany and Britain.

The blunder in the European Advisory Commission's diplomacy was that while it clearly established rights of the Western powers to be in Berlin, it did not provide any way for them to get in or out of the city.

According to authoritative sources, this major blunder was spotted by State Department experts who urged Winant to negotiate a "corridor" from the Western zones to Berlin which would belong indisputably to the West.

Winant is said to have refused to do this on the ground that it (See WAR-TIME, Page 8)

## Vaught Rites To Be Held Tomorrow

Funeral services for Sgt. Bertie M. Vaught, Jr., who was killed in action over England, will be held at 10:30 a. m. tomorrow at the First Methodist Church, with the Rev. Clyde Smith officiating.

Following the services, the body will be taken to Vernon, Tex., where a military graveside service will be held at 4 p. m. in the Eastview Cemetery under the direction of the Albert E. Robinson Post of the American Legion at Vernon.

Vaught, son of Mr. and Mrs. Bertie Vaught, Sr., was born in Electra, Tex., and had lived in Pampa since 1936. He graduated from the Pampa High School in 1939, and was working as a driller for the J. W. Hastings Company of Wichita Falls when he enlisted in the Army, Sept. 7, 1945.

He went overseas on Nov. 1, 1944, as a crew member in the 8th Air Force, and was serving as a turret gunner and engineer on a B-24 when he was killed. He was 28 years old at the time of his death.

Besides his parents, he is survived by two daughters, Barbara Ann and Sandra Kay, a brother, Ansel B. Vaught, and a sister, Mrs. J. W. Hastings, both of Wichita Falls.

The short, stocky built Denham is also wanted in Wills Point on charges of burglary at Pleasanton on charges of swindling and on charges of forgery and swindling.

He was apprehended here Thursday afternoon by Chief Deputy Sheriff Rufe Jordan at the Alamo Hotel.

Denman had officers his companion in the Pampa affair was now in Wisconsin.

## Man Admits Photo Fraud

J. B. Denman, 49, of Orange, held here under charges of theft of over \$50, admitted to sheriff's deputies that he was one of two men who fleeced local women in a photography swindle earlier this month.

Denman has been charged in connection with the theft of over \$50 in tools from the J. C. McWilliams Motor Co. where he worked as a mechanic for two or three days.

The short, stocky built Denham is also wanted in Wills Point on charges of burglary at Pleasanton on charges of swindling and on charges of forgery and swindling.

He was apprehended here Thursday afternoon by Chief Deputy Sheriff Rufe Jordan at the Alamo Hotel.

Denman had officers his companion in the Pampa affair was now in Wisconsin.

## Prizes For Parade Listed

Prizes for the best entries in the Top of Texas Rodeo and Horse Show parade, Aug. 4, were announced yesterday by Paul Crouch, parade marshal.

Forming at W. Foster and Hobart Streets at 3:15 p. m. the entries will start the parade promptly at 4 p. m. All civic and service organizations are urged to enter floats, and all commercial entries are welcome, Crouch said.

Divisions and prizes will be as follows:

Most typical ranch entry, first prize \$10, second \$5, and third \$2.50.

Best civic club-organization entry, first prize \$10, second \$5, and third \$2.50.

Eight types of entries will each receive \$3, \$2, and \$1 respectively for first, second and third places. They are: most typical cowboy over 16, most typical cowboy under 16, most typical cowgirl under 16, best decorated bicycle entry, oldest cowboy or cowgirl, youngest cowboy or cowgirl, and most comical entry.

Ribbons will be presented to the first, second and third most attractive commercial entries.

## Former Minister Here Reported Ill

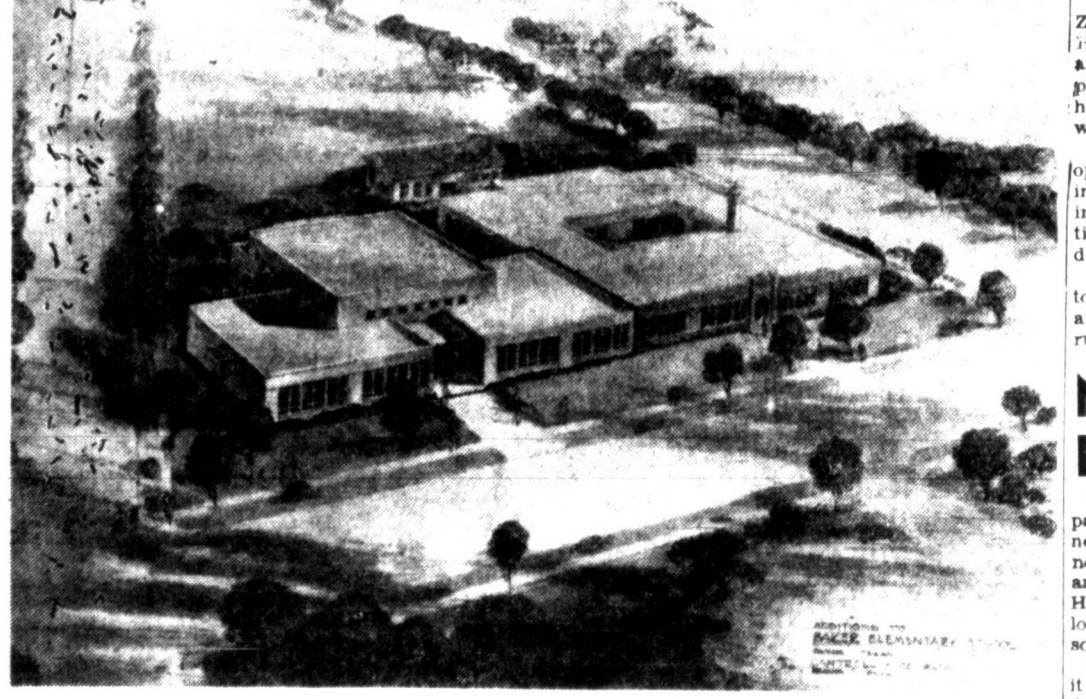

The Rev. H. R. Whitley of Haskell, Tex., former pastor of the First Baptist Church here, was stricken suddenly following a church meeting in Wichita Falls Friday.

He was taken to an Arhena hospital, and his son, Hibben Whitley, left here early yesterday morning to be with him.

## We Heard...

Tall-tale-teller Homer Doggett says that when he was back on the farm, he would go out and cut a possum hide-drying board any size, the hounds would take a look at it, go out and get a possum to fit it. But the hounds haven't come back since one day his mother left her ironing board out on the back porch.

Bear front and alignment, complete brake service, Pampa Safety Shop, 511 S. Cuyler, Ph. 101—adv.

EXPANSION—This architect's drawing shows, outlined in black, the addition planned for Baker Elementary School according to a proposed expansion plan for all Pampa schools that will relieve present crowded conditions. The building designed for Baker School has a music room, and an auditorium gymnasium to the present facilities, and will enable the school to handle a minimum of 600 additional students.

## Architect's Plans Completed on Proposed Expansion of Pampa's Public Schools

Architect's plans have just been completed for a proposed expansion of Pampa's public schools that will help relieve present crowded conditions, and will increase teaching facilities by about a third, Superintendent Knox Kinard announced.

Each of the four elementary schools and the Negro elementary school and the Negro high school will have increased auditorium and gymnasium space and additional class room facilities. A field house is planned for the Senior High School that will increase locker and rest room facilities and will give additional space to the Manual Arts Department.

This program has been in the planning stage for several years, Kinard said, and it is an expansion that will not only relieve the present overly crowded conditions, but will also handle future needs that will arise as a result of the accelerated war-time birth rate.

Full details of the project are expected to be ready in time for a public meeting to be held July 26, R. C. Wilson, president of the School Board, announced. Time

and place of the meeting will be given later.

As an example of the way Pampa's school population has increased, Kinard prepared the following tabulation from his files on school attendance of the past six years.

In the 1942-43 school year, there were 3,661 students enrolled; in 1943-44, there were 3,742; in 1944-45, there were 3,755; 1945-46, 3,866; 1946-47, 4,075; 1947-48, 4,081; and in the 1948-49 school year there will be 4,110 students enrolled.

Thus there has been about a 12 percent increase in the school population of Pampa alone in the past six years.

Over the state, the gain is greater, and over the nation, an even more startling increase is noted in a comparable period.

In 1940, there were 126,687 live births in Texas, according to the State Bureau of Vital Statistics. In 1947, the bureau noted 196,000 live births in the state.

The U. S. Census Bureau indicated a prewar yearly total of live births of 2,200,000; in 1947, the figure jumped to 2,730,000,

## New Firms Locate Here

The five business concern occupants of the Van Vliet Building, near of Cuyler and Francis, were now under construction at the corner of Hampton, real estate dealer and local agent for Van Vliet and associates of San Francisco.

To occupy the building, which it is hoped will be completed by Oct. 1, are:

S. & Q. Cochiers, national merchandisers of men's clothing.

Modern Appliance, appliance shop already in business here.

Tru-Value Dress Shop, national chain of women's dress shops.

Mod-O-Day Dress Shop, also nationally operated.

J. C. Coston of Pampa, who will install a bakery in the building. The business, it was said, will cater to special trade in fine confectioneries, as well as produce standard bakery products.

## Rodeo Tickets on Sale at CC Office

Both reserve and box tickets for the Top of Texas Rodeo and Horse Show are now on sale at the Chamber of Commerce office, Mrs. Iris Ragadale, secretary of the Rodeo Association, said yesterday.

The reserve tickets went on sale Monday. A few box tickets still remain. Since July 10 was the deadline for former box users to renew their boxes, the ones not renewed are now on sale to the public, Mrs. Ragadale said.

## Local Cowboys Publicize Pampa and Top of Texas Rodeo in New Mexico

Five Pampa cowboys put the Top of Texas Rodeo and Horse Show on the map and gave it some real publicity at the Red River, N. M., Dude Ranch Rodeo last week when they walked off with practically all of the cash prizes.

H. B. Taylor, Jr., Pampa cowpoke, got away with top honors both days in the Stake Contest. Around Pampa the Stake Contest is better known as the Cowgirl Sponsor Barrel Race. No one knows exactly how he got in the race, but nevertheless he did and won it.

Also it has been revealed the Red River bunch wants to enter Taylor in the Top of Texas Cowgirl Sponsor Barrel Race as their entry. However, due to the "girls" clause in the event, Taylor go-

# Hershey Is Named Director Of Draft For Second Time

WASHINGTON — (AP) — President Truman appointed Maj. Gen. Lewis B. Hershey director of Selective Service. He will supervise the registration of youths between 19 and 26 under the new peacetime draft act.

General Hershey was head of Selective Service during the last war. He has since been head of the office of selective Service records in the Army Department.

The White House said the President will issue an executive order doing with registration.

Many details are yet to be announced, including the order in which the youths will be called. Registration generally is expected to start Aug. 16. Males from 18 through 25 will have to register, but only those 19 through 25 will be subject to the draft.

The 19-year-olds will be subject to draft when they reach their 19th birthday. However, 161,000 of them will be permitted to volunteer for a special one-year hitch in the armed services. These also must follow their term in service with a longer period in the reserves under the provision allowing them to volunteer.

Gen. Lewis B. Hershey

## 'Met' Backers Show Profit With Deficit

NEW YORK — Grand opera didn't make money for the 'Met' last season, but directors think there was a profit anyway.

The Metropolitan Opera Association Friday reports a deficit of about \$220,000 for the fiscal year ended May 31, 1948, and added that the financial results of the past season are unsatisfactory. They do not constitute the measure of results achieved.

# Ticket-Selling on; 'Wars' Continue

The second annual Pampa Kiwanis Club baseball ticket-selling campaign gets underway in earnest this week, with the club-sponsored WT-New Mexico tilt only 10 days away.

The club, in cooperation with the Oilers' president, R. L. Edmondson, is sponsoring the Albuquerque-Pampa game at Oiler Park July 27, and will use its portion of the receipts to go on the club's Sunday School softball program conducted each summer.

Kiwanis President Lieb Langston kept alive an old "issue" among club members Friday when he said there would be no contest between "Texan" members and "Furriners" this year, in view of the fact that "certain elements" won't pay off when they lose a contest.

Last year, the two "factions" waged a ticket-selling contest to entertain the other group. Langston, who hails from Oklahoma and has successfully stormed the club's presidential ramparts, says the native sons haven't entertained, although they lost fair and square.

None-the-less, the ticket-selling is on each member having been given 25 ducats to sell.

Fred Thompson, member, pointed out the prospective importance of the forthcoming game, an incentive for purchasing the tickets; the presently third-place Oilers will be meeting the league-leading team, in the first of a home series.

A number of business concerns have bought tickets for their employees. Several firms have bought tickets to be presented to the Kiwanis Softball League players. There are over 400 members in the softball roster.

Clinton Evans, local auto dealer, received his initiation as a future member of the Kiwanis Club. He was introduced by Joe Fischer and Jimmie Massa.

On the entertainment side of the program, John Robert Lane, the Top o' Texas Show.

The opening-day parade will begin at 4 p.m. Aug. 4.

Crouch said yesterday that enough band entries have already said they would attend the parade to make it a "fine parade."

"By rodeo time," Crouch continued, "we expect to have the finest and largest bands ever assembled in Pampa for the Top o' Texas Rodeo and Horse Show."

Leading the parade will be the famous Hardin-Simmons University Cowboy Band, Directed by Marion McCure, the 75-piece band will play at performances of the show during each of the days.

## 416 Scouts Attend Camp

The activities of Camp Ki-O-Wah during the four-week session this summer were summarized yesterday by Tom Cochran, camp director.

Four-hundred and 16 Scouts participated in the activities, Cochran said. This included Scouts from 25 troops of the Adobe Walls Area Council.

The Order of the Arrow honor was attained by 15 boys.

Making use of Lake Marvin, Scouts passed 270 water requirements. Also, 76 Scouts learned to swim. First Class swimming requirements were passed by 223 boys and Swimming Merit Badges were passed by 25. Fifteen Scouts passed the Canoeing Merit Badge, five passed Rowing and two passed Life Saving Merit Badges. Adult leaders during camp included 65 men.

"In view of the number of Scouts attending Ki-O-Wah this year, we think it wise to consider a six-week campaign period next year," Cochran said.

## Bands Invited To Take Part in Opening Parade

Invitations to participate in the Top o' Texas Rodeo and Horse Show opening-day parade were sent to bands in surrounding areas yesterday by Paul Crouch, vice president and parade marshal of the Kiwanis Club.

Lions Park? (Current project of the Lions Club.) Kiwanians opined that insult was added to injury Thursday in view of the fact that Laycock is first vice president of the Kiwanis.

## WHAT "Stepping Down" MEANS TO YOU

Now the New Hudson, America's most streamlined car with the low silhouette, brings you roominess and comfort never before obtainable in an automobile.

You've seen them flashing by in all their sparkling color—these trim, gorgeous New Hudsons with the low, streamlined silhouette.

But have you really examined one of these amazing cars? They are the top news in the automobile world today!

Hudson, always known for great forward steps in the development of the automobile, and for efficient use of motor power, is again way out ahead with a motor car that fits a new high standard of use of space—that makes a greater percentage of its total space actually available for your use and comfort.

When you take a close look, you'll find that Hudson, through the use of a new, exclusive "step-down" zone, reclaims so much usually wasted space that this sensational efficient car gives you more useful interior room than you've ever before experienced in an automobile.

This new kind of motor car has a sturdy foundation structure surrounding the passenger compartment, which permits the floor to be recessed down within the base frame so that you step down when

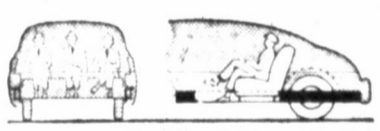

entering. This makes space between frame members, which is usually wasted, available for use inside the car.

Seats can thus be lowered to harmonize with the new, lower top, and by stepping down into Hudson, which is only five feet from ground to top, you get more head room than in any other mass-produced car built today!

And how about seating room? Hudson's new design reclaims space formerly taken up by wheel housings and protruding fenders. This is accomplished by placing rear seats ahead of the rear wheels, in a zone unrestricted by wheel housings. As a result, rear seats are 15 inches wider in this car than in any other mass-produced car built today. Both rear and front seats extend the full width of the body, giving Hudson the roomiest seats in any American-made car! Hudson's use of the "step-down" zone and unique seating arrangements are illustrated in the sketches that follow:

OTHER CARS—Passengers ride on top of frame, as shown above, and fit the rear seat between rear wheel housings, which occupy space that should be a part of seating room. Dipping on top of a frame means that additional head room must be yielded if the roof is lowered for streamlining.

NEW HUDSON—You ride cradled down within Hudson's base frame, as shown above, and also ahead of the rear wheels. Seats can therefore extend full width of the car. Due to the use of the "step-down" zone, roof is lowered for streamlining, yet ample head room is provided.

The New Hudson even reclaims the unused space in doors by providing generously tailored, recessed compartments where interior door handles, window cranks, ash receivers, and generous arm rests are placed out of the way to allow increased elbow room for passengers.

This development of Hudson's exclusive, all steel Monobilt body-and-frame" with its "step-down" zone required years of engineering work, the perfection of new production techniques and millions of dollars in highly specialized new plant investment. This may be why Hudson, and Hudson alone, offers this important advance today!

"Stepping down" is so important to motor-car beauty, riding qualities and safety—as well as roominess and comfort—that the nearest Hudson dealer has a booklet—yours without obligation—fully explaining this design principle. Hudson Motor Car Company, Detroit 14.

This time it's Hudson

## Chinese Reds and Nationals Both Claim 'Annihilations'

SAN FRANCISCO —(AP)— The Chinese Communists claimed to have "annihilated" more than ten divisions of War Lord Yen Hsi-Shan's troops in Shansi Province since June 14.

If true, this would be one of the major blows of the war. But such victory claims by both sides are highly exaggerated. "Annihilated" usually turns out to mean "routed" or "scattered."

The Communist broadcasts were heard in San Francisco by The Associated Press. They broadcast a follow-up adding the entire 33rd Government Army to the list.

The government armies usually consist of three divisions rated at 20,000 men each. The 33rd Army and the Tenth Brigade were said to have been destroyed Friday.

Yen's capital city of Taiyuan was declared to be surrounded, with only two divisions and a brigade for its defense.

The government has acknowledged recent Communist attacks in Shansi around Taiyuan but without details.

PEIPING —(AP)— Gen. Fu Tsi-Yi's headquarters announced that government troops were battling 22,000 Reds 13 miles southwest of Peiping.

The Nationals claimed to have scattered the Communists after an all night battle. The Reds damaged the Peiping-Hankow rail line and blew up a rail line and destroyed telegraphic installations.

Thirty miles south of Peiping, 10,000 Communists captured Nationalist strongpoints and pushed to the outskirts of Tchangshan. Another Red force of 10,000 reportedly attacked the rail town

of Tingshien, 50 miles southwest of Peiping, where fighting was still in progress.

General Fu's headquarters announced that his forces had engaged the Communists in 87 clashes since July 10, inflicting 3,300 casualties.

## U. S. Agents Raid Outlaw Transmitter

LAKE CHARLES, La. —(AP)— An outlaw backyard radio station at Jennings, La., was off the air after agents raided the installation and seized all equipment, U. S. officials announced here Saturday.

The station had been broadcasting music and other entertainment on the frequency of Radio Station KGBC of Galveston, Texas, for seven months before a search revealed its location.

No charges have been filed against the operator, a young veteran who had studied radio at a Port Arthur school. Authorities said he had been warned by amateur operators that his operations were illegal.

Investigation was made by Joe H. McKimber, Houston, FCC regional manager, assisted by George K. Ashenden, Houston, and Eric D. Coburn, Beaumont, both FCC engineers.

STRIKERS—Marching in a protest parade in Rome on the second day of a general strike that almost paralyzed Italy for 36 hours, Communists carry a large portrait of Palmiro Togliatti, their wounded leader. The strike was called in retaliation for the attempted assassination of Togliatti.

## 'Mutinous' Crew Surprised by SOS

LONDON —(AP)— The United States Navy logged the story of "mutiny" aboard the freighter William Carson as the work of an apparently crazed radioman who sent out a phony SOS, then jumped overboard to his death.

Naval headquarters here reported a Navy boarding party late Friday clambered aboard the William Carson, to find an orderly but surprised crew.

Five days ago, northeast of the Azores, the William Carson flashed this message: "Crew mutinous. Cannot control. Come at once." Then there was silence.

Admiral Richard L. Conolly ordered Destroyer Squadron Six diverted from its voyage home. "From Captain Laurence Hugh Frost, squadron commander, who personally led the boarding party, came this report:

"Briefly, the radioman, whose sanity was doubtful, sent out the SOS and information about a mutiny, and then at a time unknown, jumped over the side."

"The master of the William Carson states the crew is the best he ever sailed with."

## Wholesale Price Index Shows Drop

NEW YORK —(AP)— Making its fourth consecutive Friday-to-Friday decline, The Associated Press composite of 35 wholesale commodity prices stood Friday at 189.29. This compared with 189.61 a week earlier and 182.52 a year ago. In the index the base year 1926 equals 100.

But beyond that it came at a time when the fortunes of the Communist Party in Italy were on the decline.

Now the Communists have a martyr. That will help stiffen them and might win them some sympathizers.

## Premier Wins First Round In Italy's Communist Crisis

By DEWITT MACKENZIE AP Foreign Affairs Analyst

There is encouragement in the way the Italian government withstood the first efforts of communism to capitalize the crisis precipitated by the shooting of the Palmiro Togliatti, Communist leader in Italy.

The danger is far from over. Premier De Gasperi has stood off the enemy in the first rush—but the fight isn't finished.

We may be sure that there would have been a revolutionary government in Rome by now if the Bolsheviks had been able to put across their flash rebellion. They did their utmost by creating a general strike to paralyze the country.

However, De Gasperi got tough. He flung police and troops into disaffected areas and warned that he would use all force at his command to break the "insurrection." In the face of this challenge the Reds called off the strike.

Togliatti was given oxygen and penicillin Friday night to combat pneumonia which developed in his right lung after removal of two bullets.

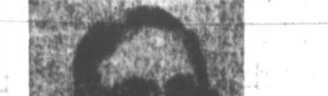

A hospital bulletin said Togliatti's condition was better after a quiet night.

Communication of Italy is one of Moscow's prime objectives, because the peninsula would be an invaluable base for the conquest of Western Europe and the Mediterranean.

Time alone will tell how great a disservice has been done to Italy and democracy by shooting Togliatti. In the first place it contravened the code of democracy.

## Company Reduces Shortening Price

CINCINNATI —(AP)— The Procter and Gamble Co. announced a two-cent a pound reduction in the wholesale price of Crisco vegetable shortening, effective immediately.

The reduction "reflects the downward trend in the cost of vegetable oils," the company said.

The most recent price change in Crisco was a two cent increase May 8.

## Fine for its Second owner too!

Recently, a large group of used car owners were asked what car they would buy if they were buying new cars today. Those who own used Pontiacs led them all in saying they would buy new cars of the same make they are now driving.

In other words—according to this survey—a used Pontiac is more satisfactory to own than any other make of used car.

Of course, that could mean only one thing: Pontiac's dependability and long life are outstanding, and Pontiac's fine performance lasts throughout the years. There could be no finer endorsement of a new car than this—and we trust you won't forget it when you order your own next car.

Remember, too, Pontiac is the lowest priced car in the world offering GM Hydra-Matic Drive—a tremendous advance in better motoring.

It's wise to choose a Pontiac car so fine that even its second owner is sure to like it.

## EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug store and ask for 4 ounces of liquid Barcinate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if stubborn pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

**Lost 47 Pounds**  
"When I commenced to take Barcinate, I weighed 112 pounds. I now weigh 65. I lost 47 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barcinate."—Mrs. George Greco, Chalmers Courts 4, Apt. 1, Austin, Texas.

**Lost 20 Pounds**  
"I lost 20 pounds taking four bottles of Barcinate and I feel fine."—H. M. Gates, 311 25th Street, Corpus Christi, Texas.

### Deadline Set for Veteran Priority

DALLAS — (AP) — Veterans will have only until Aug. 31 for priority in purchase of war surplus materials in the Southwest according to an announcement from the War Assets Administration.

The veterans' priority will be dropped because the comparatively small remaining inventories will not warrant its continued use.

Veterans have been given first chance to buy personal property such as cars, trucks, desks and typewriters.

Marketing of remaining surplus personal property, estimated at \$18,000,000 in original cost, is expected by Dec. 31 of this year.

# OILERS ERR FIVE TIMES IN FIRST INNING AS HUBBERS SALVAGE FINAL GAME, 9-8

Pampa, Texas, Sunday, July 18, 1948

## Football Training to Start on August 16

By GENE GARRISON  
Harvester football "spring" training will start under the blustering mid-summer sun on August 16 at the Pampa High School under the direction of Coaches Tom Tipps and Aubra Noonester.

These mentors will train their athletic hopefuls for the first time under the new training rules. Previously, the teams have held their spring training at the close of the preceding school term, and have held summer training later.

Tipps and Noonester molded a team last year that boasted a record of six wins and four losses. Last year's aggregation finished second in district competition, losing only to the Plainview Bulldogs and the Amarillo Sandies. In non-conference competition they lost to Vernon and Wichita Falls while whipping Electric, Riverside (Fort Worth) and Sweetwater. They beat Lubbock, Brownfield, and Borger in district play.

Thirteen members of last year's Harvesters are expected to report for the spring workouts. Of these thirteen, five are backfield and the rest are linemen, two guards, three tackles, two ends, and one center.

Jack Williams, 160-pound half back and starter on last year's team, can be expected to be a Harvester mainstay. The speedy back was a standout last year on defense as well as offense. Fleet-footed Wesley Keith will also be in uniform and will probably be the fastest man on the complete squad. Keith, 145-pounder, ran the 100-yard dash in last year's track season and is a rugged type of defensive player. Harold Cox, who saw action from the fullback spot, will probably weigh in at somewhere around 170 pounds. These three with quarterback Linn Lively could present a very interesting pattern for a I-AA backfield. Lively is a very capable field general and an expert passer and punter.

On the line, the situation could become quite involved with such standouts as Tackles Ralph Hutsell and Bobby Jack Phillips coming back, and Guards Phillip Payne and Jimmy Hill. All four boys tip the scales at around 200 pounds and are very fast for their size.

LeRoy Troop, who played tackle last season, may be shifted to

## White Pitches, Fortin Hits, Hubbers Lose

After committing five costly bobbles in the first inning, the Pampa Oilers tried desperately to redeem themselves throughout the remaining eight innings, but their attempts proved futile as the Lubbock Hubbers salvaged the final contest of their three game series by nudging the Oilers, 9-8 in Oiler Park last night.

The locals resembled everything but a ball club in the initial phase with the Hubbers managing only three hits off starting hurler Avon Driggers but taking advantage of the season of bobbles for 7 runs.

Jack Wilcox started the inning by quiting first on an error by Range and advancing to second when Hixon singled through the box and advanced to second on an overthrow by Dewes.

Sullivan grounded out short to first and Furr Richardson was given an intentional pass before Don Moore stepped into the box and connected for a grand slam homer over the left field wall. Fowler popped a high fly to Fortin, but the usually reliable rightfielder dropped the ball and Fowler went to bat. McAlexander walked and Scarborough struck out, both men home and then scored himself on consecutive errors by Oley and Dewes. Wilcox popped out to Bartholomew and Hixon struck out to end the inning.

Walks to Oley, Belford and Range netted the Oilers two runs. Riley followed by a double fly in their portion of the first as they narrowed their deficit to 7-2.

In the second frame, Bartholomew walked and was brought home on Driggers' single as the gap was beginning to close. A double by McAlexander and an error by Range permitted another Hubber score in the third and another error by Dewes after Hixon's single gave the Hub City visitors another tally in the fourth.

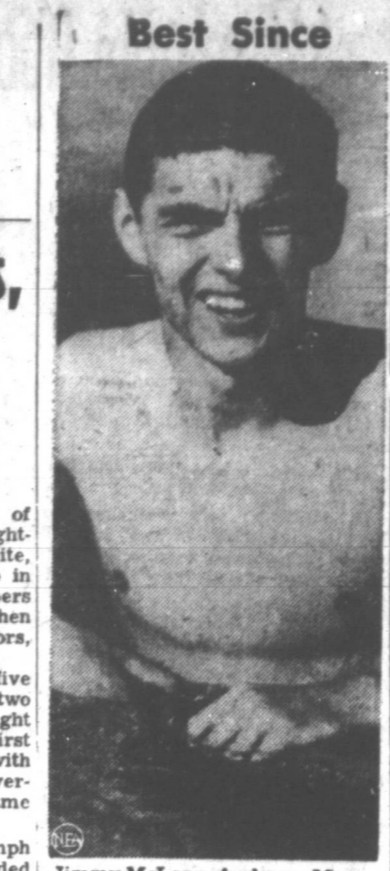

Consecutive doubles by Range and Dewes gave the Oilers another score in the fourth and singles by Dewes and Bartholomew in the seventh coupled with three walks enabled the locals to pull within two runs of the visitors, 9-7.

In the bottom of this inning, Fortin grounded out from second to first and Range got his fourth hit of the evening on a line drive to left. Dewes scratched an infield hit off McAlexander's glove as Range advanced to second. Bartholomew forced Dew to second before Range came home on a wild pitch by reliever Royce Mills. Roy Parker then connected for a long fly to center which Gene Hixon brought in to end the game.

Avon Driggers was charged with the Oiler loss, since he started the contest and allowed all of the Hubber runs in the four innings he pitched, although only five of them were earned. Merlin Hubbard took over in the fifth and allowed only one hit and no runs in the three innings he pitched. Parker also blanked the Hubs in his two inning stint and set them down without a single hit.

Nineteen year old rookie, Fred Pollock received credit for his fourth win of the season although he had to call for help from Royce Mills in the sixth inning.

The Pampans follow the Hubbers back to Lubbock for a three game stand in the Hubs' Park before going on to Abilene and then to Lamesa for two three game series with the Blue Sox and Lobos, respectively.

Best Since Jimmy McLane, Andover, Mass., Academy, who has been winning national championships since he was 13, qualified top man in both the 400 and 1500 meter swimming events for the London Olympics. The Akron, Ohio youth, only 17, is this country's hope of scoring a double win as did Johnny Weismuller in 1924 Paris Olympics.

# Durocher Makes Debut as N. Y. Giants Whip Pirates

PITTSBURGH — (AP)—Leo Durocher's debut as manager of the New York Giants proved a success Saturday as his new team came from behind to nip the Pittsburgh Pirates 6-5.

A single by Pinchitter Bobby Thomson with two out and two on in the seventh inning scored the tying and winning runs. The Giants had opened up a 4-0 lead in the first inning, but saw it disappear in the seventh when Ralph Kiner hammered his 28th home run with two mates aboard to put the Bucs ahead 5-4.

Walker Cooper led off the eighth by coaxing a walk from relief pitcher Kirby Higbe. Will Masshall followed with another base on balls but the rally appeared short-lived when Buddy Kerr and Pinchitter Johnny McCarthy went out. Thomson then came through with his timely single.

Young Alex Konikowski, third Giant pitcher, hurled scoreless ball in the last two innings to receive credit for the victory. He replaced Ken Trinkle, who relieved Starter Sheldon Jones with two on and two out and fed Kiner the home run ball.

The Giants wasted little time in going to bat for their new manager, scoring four runs in the first inning as seven of the first eight players got on base. Johnny Mize featured the rally with a two-run homer off Fritz Ostermueller, his 20th of the season. Whitey Lockman, who singled in the big upswing, followed with four more hits to register five for five.

The Pirates used four pitchers with Higbe being tagged with the defeat. The victory pulled the fifth place Giants up to the 500 mark, eight games off the pace.

New York ..... 400 000 020 - 6  
Pittsburgh ..... 000 011 300 - 5

NEW YORK — (AP)—The New York Yankees moved to within two games of the league leading Cleveland Indians Saturday by defeating the St. Louis Browns 4-0. Southpaw Ed Lopat was touched for 11 hits but managed to fashion his eighth victory, his sixth in succession and his third shutout.

WASHINGTON — (AP)—The Chicago White Sox capitalized on pathetic Washington pitching which yielded eight walks and 12 hits to defeat the Senators, 9-7, here yesterday. The Pearson, second of three Chicago pitchers, received credit for the victory.

Cincinnati ..... 121 000 000 - 4 14 3

PHILADELPHIA — (AP)—Using Joe Coleman's sparkling six-hit shutout as a springboard, the amazing Philadelphia Athletics bounced back Saturday and defeated the Cleveland Indians 5 to 0. Coleman didn't allow any Indian batter to advance past first base.

The victory evened the so-called "crucial series" at two games each and narrowed Cleveland's American League lead over the runnerup A's to a half game.

Cleveland ..... 000 000 000 - 0  
Philadelphia ..... 104 000 00x - 5

BOSTON — (AP)—Virgil (Fire) Trucks limited the Boston Red Sox to four hits, all singles, Saturday to give the Detroit Tigers their only victory in a four-game series, 9-1. Tex Hughson, out of action for a month, relieved Ellis Kinder, the starting Boston pitcher, and was highly effective.

With the above mentioned squad and many more, plus two of the smartest coaches in the state, next quarter-final play-offs, direct from the district.

The winner of District I-AA will not be troubled with bi-district competition. A bye has been presented to this district so that whoever emerges as the undisputed champion, can enter the quarter-final play-offs, direct from the district.

On the line, the situation could become quite involved with such standouts as Tackles Ralph Hutsell and Bobby Jack Phillips coming back, and Guards Phillip Payne and Jimmy Hill. All four boys tip the scales at around 200 pounds and are very fast for their size.

LeRoy Troop, who played tackle last season, may be shifted to

**VOTE FOR J. E. HICKMAN OF TEXAS**

Political Advertisement

Your present Chief Justice Supreme Court of Texas CAST YOUR VOTE FOR EXPERIENCE

**"WHY WE ARE SUPPORTING EARL LEWIS FOR CONSTABLE."**

It is our sincere belief that Earl Lewis is the best qualified candidate for the office of Constable of Precinct No. 2 for the following reasons:

His family and home life has helped form the backbone of useful and desirable citizens of Pampa and Gray County.

His knowledge and understanding of human nature, his fair and impartial treatment in the handling of law violators, has won for him the respect of the law breakers and the admiration of the citizens at large.

He has never been accused of beating, abusing, or taking undue advantage of any prisoner.

He has carried out the duties of his office without fear or favor and has never applied any give or take methods.

He has no regrets or apologies to offer for the functions of his office or his duties as a Texas Peace Officer. His aim is and has always been to retain the peace and dignity of his constituents and his Precinct.

Since the Constable's job only pays a very small salary, would you rather your Candidate carried on a legitimate business on the side that would in no way hinder his carrying out the duties of his office and would help him provide the bare necessities for a decent livelihood for his family and himself, or would you rather your Candidate wrong from the Constable job the difference needed to keep the creditors away from his door. We know and you know that we all want that office to continue with the sound, honest business practices that Earl Lewis has established and carried out thru all his terms of office.

Earl Lewis has established an enviable record thru his years of faithful service in this office, and we sincerely believe that if you are anxious to cast your vote for the continuance of good, honest law enforcement in Precinct No. 2, then you will help us to return him to the job he has asked for with the biggest vote he has ever received.

This Ad paid for by friends of Earl Lewis.

## Softball Park Opening Set Monday PM

Tomorrow night marks the grand opening of Lions Club Park, complete with lighting facilities so that night softball games in the Industrial League can be played there.

The twelve teams composing the league have previously played their night games at the Phillips and Skelly diamonds.

Men from the Davis Electric Company have been working ever night this week to make the field ready for play. Players from each team are asked to be present at the Park this afternoon to put the finishing touches to the field.

Elton Lathrop, league president, said that if each team would have two or three men out at 3 p.m., the jobs could be completed in a short time.

The game initiating the Park will see the Pampa News pitted against Magnolia and a "m.o.c.k" game beginning at 8 p.m. Mayor C. A. Huff is slated to start mound duty while his battery buddy will be Lion President H. P. Dozier. Steve Matthews will be the "wallow swinger."

At a league meeting Friday night it was decided that no change in team rosters would be allowed after July 27. Teams will

# Wish you had Wings? Why bother!

**YOU'VE** been there, we know — trapped in the crawling snarl of a sunny weekend's traffic — tangled in the huffing, puffing push of a city's busiest rush hour.

And more than once you've wished for wings — so you could duck all this, dodge the jostle, the push, the stress and strain.

Well, look about you, good sir, for the long, sleek new Buicks with the word "Dynaflow" on their taper-thru fenders.

They've got the answer — to easy, open-road flight and to the spot where traffic's densest and the driving tension greatest.

With Dynaflow, you just sit there, press the gas treadle — and steer!

At a crawling 5 mph, you roll as smoothly, easily, lightly as at a winging 45.

At every opening left by a stalling, laboring neighbor, you have instant-quick power-surge to let you take advantage of it.

Upgrades? A little pressure on the gas treadle handles them. Stop signs? Your foot brake stops you, holds you — till you can feed the gas and go.

You forget shifting entirely — in fact, no gears ever shift as you drive — yet the moment any bottleneck breaks, you move smoothly, swiftly up to boulevard speeds, pacing the pack.

Smoothly did we say? The world is hardly

adequate. This velvety lift, this soaring swoop of power, this utter freedom from any break in your stride are things you need to experience to judge.

Why not try it out? Your dealer will do the best he can to arrange a trial — just as he'll take your order any time, whether or not you have a car to trade. See him — and you'll stop wishing for wings!

*\*Dynaflow Drive is optional at extra cost in Roadmaster models only.*

# 2nd Half of Kiwanis Play Advances

The second half of the Kiwanis Softball League swung into action last week with all past records and scores forgotten as several teams who finished in cellar positions during the first half knocked off top ranking clubs.

Current sensation is the First Methodist Senior boys who finished in a tie for second during the first half. The big bats of the Methodists have already brought them victories of 24-2 over the First Baptists and 14-3 over the First Christians.

Thursday night, the rampaging Methodists played flawless ball and pounded out 24 runs over the hapless First Baptists who finished in a tie for first place during the initial half.

Lanky James Gallemore, low ball artist, baffled the losers with his back spin tosses that allowed them only four hits. Bobby Jack Phillips started on the mound for the Baptists, and, after holding the Methodists in check for three innings, he began losing his control and vacated his chores and moved to right field. Gene Garrison then took over and had a terrible time on the mound, walking seven men before returning the hurling duties to Phillips.

The winners got off to slow start and trailed 2-1 until the fourth inning where they finally got their bats started. Malcolm

Douglass paced this attack when he connected for home run with two men on base to establish a Methodist margin that was never lost. Eight more runs in the fifth frame, including a circuit swat by Lamar Lively, advanced the score to 12-2 and "put the game on ice." Gerald Matthews was charged with the loss.

Another apparently rejuvenated club is the Central Baptist Senior boys who nudged the First Christians 8-6 in a bitterly contested struggle Thursday night.

Gene Bynum, although walking 14 men, received credit for the win as he and his teammates settled down in the clinches to blank the Christians for the first four innings. The winners got four runs in the initial frame to give Bynum a working margin. One more Baptist tally crossed a 5-0 lead. A desperate Christian rally in the fifth fell short by one run as four Christian runners came home.

Leon Taylor got hold of a solid one in the Christian seventh for a home run with one man on base.

The McCullough Methodists pulled an "Indian Giver" stunt on the First Baptist Seniors Friday night, when they scored eight runs in the bottom half of the final seventh inning to edge the Baptists, 16-15.

After Pitcher Ronnie Maxwell

walks, Lynn Love was the winning pitcher. Jon Oden, winning pitcher, protected his team's margin by blanking the Harrah Methodists in the third, fourth, and fifth innings. Six hits gave the losers four runs in the sixth as they made a futile attempt to pull back.

It took the First Christian Senior girls only four innings to rack up a very easy 36-13 triumph over the hapless Calvary Baptist Seniors with the winners scoring 18 runs in the initial frame.

Shirley Austin was the winning hurler, receiving credit for her first victory of the year. Jo Ann Brewer was charged with the loss as the big bats of the Christians added nine more runs to their total in both the second and fourth innings.

Scoring the uncanny total of 32 runs in one inning, the First Baptist Senior girls blasted the Calvary Baptist girls 35-4 in a contest that was allowed to go only three innings.

With only one away in the top of the third, the Calvary Baptists just "gave up" and went home. "Nuff said."

Thrusting aside all possible threats, the Central Baptist Junior girls defeated the McCullough Methodist girls, 13-7 Monday night.

All of the winners' runs came in the first three innings while the Methodists rallied for four in the last two before winning hurler, Patsy Young, could extinguish the spark. Aquilla Collins, Baptist short stop, paced a five-run, third-inning attack when she connected for a home run with two teammates already on base.

McCullough Meth. .... 210 22-7  
Central Baptist ..... 355 0-13

ence, Lynn Love was the winning pitcher. Central Baptist ..... 012 020 2-7  
Nazarene ..... 010 401 2-8

A 12-run uprising in the first two innings proved to be too much for the Harrah Methodist Junior boys as the First Methodist Juniors shackled them 17-8 Thursday night.

After the First's had tallied six in both the first and second frames, Jon Oden, winning pitcher, protected his team's margin by blanking the Harrah Methodists in the third, fourth, and fifth innings. Six hits gave the losers four runs in the sixth as they made a futile attempt to pull back.

It took the First Christian Senior girls only four innings to rack up a very easy 36-13 triumph over the hapless Calvary Baptist Seniors with the winners scoring 18 runs in the initial frame.

# Phillies Dismiss Chapman As Big Turnover Continues

## 'Libby's' Shift Most Unusual In All Baseball

NEW YORK (AP)—Still flabbergasted by the greatest managerial shakeup in major league history, baseball followers today were speculating, "Where do the Giants and Dodgers go from here in the flag chase?"

Will Leo Durocher, who supplanted Mel Ott as manager of the New York Giants, make the heavy-hitting but weak-pitching Polo Grounds a more formidable pennant threat?

Those and other questions won't be answered for several months, but the general feeling is that both clubs will be helped tremendously by the change.

Little comment has been offered over the supplanting of Ben Chapman by Allen (Dusty) Cooke as manager of the Philadelphia Phillies. The Chapman-Cooke announcement Friday was practically blotted out by the startling news of the deal between these bitter New York rivals. Cooke, hired as trainer last spring, will be a "temporary manager" only.

The switch from Ott to Durocher is easily the most fantastic shuffle in Giant history.

It is generally agreed that his new assignment is the toughest job in Durocher's career. Not only must Leo produce at the Polo Grounds, but his managerial ability will be judged on what occurs in Brooklyn the balance of

PHILADELPHIA (AP)—The Philadelphia Phillies Friday dismissed Manager Ben Chapman and named Allen (Dusty) Cooke, veteran coach, as acting manager effective immediately.

The change was announced by the Phils office here. President R. R. M. Carpenter, Jr., and Nathan (Babe) Alexander, the club's publicity director, were en route here by plane from St. Louis.

The Evening Bulletin said Carpenter called members of the team and newspapermen to his hotel suite yesterday.

"I want to put the facts on the line," the bulletin quoted Carpenter as saying. "We have decided on a change. As a matter of fact, Ben and I decided between ourselves that a change might help."

"I'd like to make it clear that there is a difference between definitely firing a man and coming to a conclusion with him. I don't want the feeling to exist that I fired him. We are parting good friends."

Carpenter explained that the Phils' action has no connection whatsoever with the deal whereby Burt Shotton became manager of Brooklyn and Leo Durocher of the New York Giants earlier Friday. The seventh place Phils had lost seven games in a row before Dutch Leonard beat the St. Louis Cardinals Thursday night.

It is certain that Ott will be missed at the Polo Grounds. Ever since Mel broke in as a 16-year-old under McGraw, he has been an idol of the fans.

Ott, plainly crestfallen over the latest turn of events, was asked whether he suggested Durocher as his successor. He replied that "Stoneham would have to answer that."

Stoneham insisted that Durocher was his first choice to succeed Ott.

Salt is used for scores of things, including making plastics, rayon yarns, dyes, drugs, synthetic rubbers, and photographic materials.

# United States Athletes Will Crowd Britain in Four Days

LONDON (AP)—American Olympic athletes began dropping out of the sky yesterday, and within another four days Britain's playing fields and swimming tanks

will be crowded with the flower of Uncle Sam's youth. The men swimmers and water polo players, numbering nearly 80, led the invasion as they departed from two planes at huge Northolt Airport on London's outskirts and were ferried to their living quarters at Uxbridge.

Early Wednesday the liner America will dock at Southampton and decant the lustrous track and field crowd, the women swimmers and divers, and all the assorted coaches and officials who go to make up America's first postwar Olympic challenge.

From Southampton the entire shipload will be transported by bus to living and training quarters—the men to suburban Uxbridge, the women to Southland Training College at Wimbleton.

On Thursday morning the entire American contingent will gather at Uxbridge to raise the Stars and Stripes over the camp.

Then will follow an address of welcome by Lord Burghley, the former British hurdler who is chairman of the Olympic Organising Committee, and Avery Brundage, America's Olympic president, will respond.

## Hole-in-One

Allie Barnett, formerly of Pampa, became the fourth golfer in the history of the Pampa Country Club to get a hole-in-one Thursday afternoon when he accomplished the feat on hole number 4 at the local course.

Barnett, who now resides in Plainview, used a number 3 iron for the 215-yard drive.

The incident occurred in a four-some match between Johnny Austin, local professional golfer, Marjorie Austin, and Malcolm Douglass, Pampa High School student.

Now there are two East Lansing, Mich. (AP)—Charles (Chuck) Davey, three-time winner of NCAA boxing championships and a prime Olympic lightweight prospect, has a younger brother who plans to carry on the Davey tradition for Michigan State College.

The brother is Bert Davey, a freshman last year, who will make his first bid this winter as a welterweight or middleweight. Chuck also will be back to try for a fourth NCAA crown.

## Mr. Busher Takes Arlington Futurity

CHICAGO (AP)—The undefeated Mr. Busher Saturday proved to the satisfaction of 25,465 racegoers at Arlington Park that he is the wonder horse of the nation's flashiest two-year olds.

The chestnut son of War Admiral and a full brother to the famed Busher, champion racing mare of 1945, drove to a length and a quarter victory in the \$77,625 Arlington Futurity.

Mr. Busher, ridden by jockey Ferril Zufelt, overhauled Olympia and Provocative in the stretch drive and snatched the victory. Olympia, coupled with Ocean City, is owned by Fred W. Hopper, Montgomery, Ala., while Mrs. Emil Denmark, Chicago, entered Provocative and On the Eye.

THEM WHAT HAS, GETS  
WALLA WALLA, Wash. (AP)— Seeking water for the golf course at its new Memorial park, Walla Walla sank a well a couple of thousand feet and didn't find a drop.

Nearby the city dug a hole for a swimming pool and struck water, about 12 feet down. The builders had to give the concrete special treatment to keep out the seepage.

There wasn't enough water in the hole to irrigate the golf course. Just enough to be embarrassing.

Political Calendar  
The Pampa News has been authorized to present the names of the following candidates for the primary election on Saturday, July 25, 1948:

nominees came in. In addition to the banners of the Southern states, one banner said simply "others." Walter Siler presented Gov. Wright first. He said he was introducing "the next vice president of the United States." Both the principal speakers and the Resolutions Committee's "declaration of principles" stressed resentment in this section over racial measures advocated by the President.  
The statement of principles, devoted major attention to civil rights.  
"We stand for segregation of the races and the racial integrity of each race," the committee reported. It approved "the Constitutional right to choose one's associates; to accept private employment without government interference, and to earn one's living in any lawful way."  
Pickets, bearing pro-Henry Wallace placards parading around the Municipal Auditorium before the meeting, were booed and heckled by bystanders.  
Bears are near-sighted because of their long-time habit of feeding with noses to the ground. Keen senses of hearing and smell make up for this deficiency.

**BERLIN**  
(Continued from page one)  
miscalculation by the Soviets. It now appears certain that if Russian action requires it the air cargo flights to Berlin will be given British and American fighter escorts. There is no evidence of any willingness here to ease up on the cargo flights; in fact, the plan is to increase them. As a bluff, the Russians' strategy to date is not working and state and Army officials say flatly it won't work even though by Soviet blundering it leads to a fight.

Another theory which some experts here now advance as a possibility is that the Russians may actually want war. This could be based on a belief that they can make a quick clean-up in Europe this year before American rearmament is well advanced and before Western European economic and military strength are at all restored.  
If the Soviets have any such strategy of conquest in mind, they might prefer it be set off by an aggressive act by one of the Western powers; they might deliberately seek to provoke such an act.  
Indications here are that the policy of the United States and other Western powers is being ordered to express absolute determination but without any provocation.  
From Secretary of State Marshall down there is still hope that firmness will win out and that a solution may be found for the Berlin crisis. That hope seems to be weaker now than it was a week ago before the Soviets had rejected the Western power demands and before they risked heavy training flights in the air corridors to Berlin.

**Two Die in Gas Blaze**  
Blazing gasoline from a broken high-octane gas line killed two men and injured three others in a fire which destroyed the Phillips Petroleum Company division warehouse in Amarillo Friday afternoon.

Jodie Foster, 27, and Dick Sikes, 22, both of Amarillo, died a few hours after the blaze started.  
T. G. Hunter, Leroy Phillips, and Dave Mitchell, all of Amarillo, received minor burns.  
The fire apparently started when a truck entering the warehouse backed into the pipe line carrying the highly inflammable fuel and broke it.  
Several men tried to control the spurting gasoline, but the fumes ignited from a hot water heater in a small bathroom nearby.  
Commercial property in the area was threatened by the fire, but rain and hail which started late in the afternoon enabled firemen to control the blaze and save other buildings.  
H. O. Starks, division manager, estimated property loss to the warehouse at between \$75,000 and \$100,000.

**Stockman Dies At Sister's Home**  
Carl Talley, 61, Gray County stock farmer, died at 4:20 p. m. yesterday at the home of his sister, Mrs. Ouida Thomas, seven miles north of town.  
Mr. Talley came to Gray County to hold Berlin hostage to achieve their aims in Germany, the squeeze on the city began.  
If the Western Allies had negotiated a land occupation corridor to Berlin the Soviets would have had to use military force to achieve the blockade they have installed.

**RHEUMATISM YIELDS TO SPECIALIZED SYSTEM OF TREATMENT**  
Excelsior Springs, Mo., July 17. So successful has a specialized system proven for treating rheumatism and arthritis that an amazing new book will be sent free to any reader of this paper who will write for it.  
The book entitled, "Rheumatism," fully explains why drugs and medicines give only temporary relief and fail to remove the causes of the trouble.  
The Ball Clinic, Excelsior Springs, Mo., has perfected a specialized system of treatment for rheumatism and arthritis combined with the world famous mineral waters and baths. This new system of treatment is fully described in the book and tells how it may be possible for you to find freedom from rheumatism.  
You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. For writing promptly, the Clinic will send their newly combined book entitled, "Rheumatism—Good Health, Life's Greatest Blessing." Address your letter to the Ball Clinic, Dept. 2348, Excelsior Springs, Missouri, but be sure to write today.

In 1922 and was engaged in farming and cattle raising. He was ill a short time.  
Funeral services will be held at 4 p. m. Monday from the First Christian Church with the Rev. B. A. Norris officiating. Burial will be in Fairview Cemetery with the Duenkel-Carmichael Funeral Home in charge of arrangements.  
In addition to Mrs. Thomas he is survived by one other sister, Mrs. Lark Day, Graham.

Because news was late in arriving, fighting was still going on in Louisiana 38 days after the signing of the treaty which ended the war of 1812 between the United States and England.

**Man Committed To Jail in Default Of Fine on DWI**  
Leroy Wesley Godden, Friday, was committed to the County Jail in default of \$100 fine plus costs when he pleaded guilty before County Judge Sherman White to charges of driving while intoxicated.  
Godden was picked up Thursday night by City Police and transferred to County Court Friday. The mandatory six months suspension of driver's license was also put into effect.

**South Side Park to Open**  
City officers and officials of civic clubs will inaugurate the opening of Lions Park at 8 p. m. tomorrow. Since the lights for the softball field are installed, the officials plan to open the diamond properly.  
The "hurler" in this game will be Mayor C. A. "Lefty" Huff. He will not only pitch the first ball under the lights, but he will also attempt to "fan" City Manager Steve Matthews.  
Behind the plate will be the Boss Lion, President H. P. Dogier. E. O. "Red" Wedgeworth will hold down the first sack, W. B. Weathered will be in the key-stone position on second, and Chamber of Commerce President Joe Key will be at third.  
Sheriff Louie L. Allen will umpire the "game." Others in the field will be Jim Arndt in center and Leib Langston in left.  
Following the grand opening, The Pampa News will meet the Magnolia Oil Company's nine in an Industrial League game.

**WAR-TIME**  
(Continued from page one)  
would imply distrust of the Soviets and their intentions. He is further quoted as saying that the United States was winning some Russian confidence and he felt he was achieving some ground in the same direction with the Soviet member, Ambassador Fedor Gusev. He felt that any demand for such a corridor would destroy this mutual confidence.  
When the war ended, the Soviets refused at first to allow the Western powers to come to Berlin. The first Western power troops were allowed in for the Potsdam Conference. At this conference, President Truman affirmed the right of free access to the city in a message to Stalin.  
It was finally agreed by the Soviets that such access should be granted on condition that American and British troops on the Elbe River withdraw to their original occupation areas, turning over the captured territory to the Soviet Army.  
This agreement was signed in minutes of the meeting by the three commanders. While the Western powers had the right to use the highway, it remained in Soviet hands.  
In September, 1945, the four power transport directorate in Berlin reached an agreement whereby 16 Allied trains would be allowed into the city daily from the West on the Helmsdorf-Berlin rail line. This later was expanded to 20.  
On Nov. 30, 1945, the Allied Control Council composed of the United States, Russia, Britain and France agreed to establish air corridors to Berlin. These were air "highways" 20 miles wide running from the West to Berlin through which Western planes could move freely.  
These were the agreements.  
"Even lacking a land corridor, if we made these agreements with any other power except Russia we would not have the slightest difficulty in carrying them out," one top U.S. diplomat said. "Most any agreement is worthless if one party is determined not to carry it out."  
When the Soviets decided to

Date Wear

By SUE BURNETT  
 Miss Lucille Holmes of California is a junior at college and loves to sew. While home this summer she'd like to make some date frocks that are smart and 'different.' Illustrated above are two pretty styles with details to win applause. I think your beau will like these, Miss H.  
 Pattern No. 8316 comes in sizes 11, 12, 13, 14, 16 and 18. Size 12, 4 3-8 yards of 35-inch.  
 Pattern No. 8322 is for sizes 11, 12, 13, 14, 16 and 18. Size 12, 4 1-4 yards of 39-inch.  
 Two separate patterns, 25 cents each.  
 For these patterns, send 25 cents, in COINS, for each pattern ordered, your name, address, sizes desired, and the PATTERN NUMBER to Sue Burnett (Pampa News) 1150 Ave. Americas, New York 19, N. Y.  
 Don't miss the Spring and Summer FASHION—better than ever with special features, smart styles—free pattern printed in book, 25 cents.

Woman Finds Magic In Television Set

By KAY SHERWOOD  
 NEA Staff Writer  
 NEW YORK —(NEA)—Behind the peep-show magic of a television set is a young woman—slim, auburn-haired Irene Valiana—whose success story forecasts exciting careers for other adventurous misses in this highly technical and predominantly masculine field.  
 As supervisor of the five television assembly lines at U. S. Television Company, Irene directs 100 skilled employees—half of them men—in the complicated production of the sets.  
 She can peer into the forest of wires, tubes, resistors, condensers that make up a combination radio-television unit with the knowing familiarity of a housewife reviewing the contents of her kitchen cabinet. If one of the literally hundreds of delicate wiring installations is incorrect, Irene spots it in less time than it takes to read this paragraph.  
 Yet the 28-year-old girl from Nesquehoning, Pa., has had no

special training in electrical engineering. Her graduation from high school ended her formal schooling. "I like to figure out complicated things. I learned how to wire electrical equipment fast. I think it's fascinating," explains the pretty supervisor.  
 Irene was introduced to the complexities of electrical wiring on a wartime assembly line. When she shifted jobs to go on U. S. Television's assembly line, she searched out the engineers and cross-questioned them on the problems of constructing television sets. Engineers were so impressed with her skill and quick grasp of the problem that she clambered quickly up from line job to supervisor.  
 On the job, Irene has encountered plenty of surprise from male assembly line workers at the idea of a feminine supervisor. "None has ever been antagonistic. We all get along fine. They don't quit on me. That's the proof, I think, that they don't resent me."  
 The petite supervisor who taps up and down the assembly line on spike heels, often with a housewife apron tied over her blouse and skirt, has a simple theory for

harmonious labor relations. "I treat my co-workers just the way I like to be treated. You can't keep a person buried in work. We turn out our quota—18 to 19 sets in eight hours—but I don't overload the line with work demands, I don't high-pressure them and I don't ride herd on them."

### THE DRILLER'S LOG

More interest is being shown from day to day in the Phillips Carruth deep test well. It is now below 2475 feet, according to reports, and still going down.

Fletcher Kennedy, field superintendent for Stanolind, is a busy person these days. He is chairman of the Soapbox Derby activities of the Lion's Club, which is to be run at Derby Downs on the old Miami highway a week from today, and the last minute details of getting things in shape are being taken care of. Fletcher is happy about the way the races are shaping up, and says this year's races will far surpass any ever staged here before. Interest is high all over the Panhandle, with our neighboring city of Borger sending several entries over.

Another busy person from the Stanolind camp is Leo Frye, field engineer. Leo is chairman of the Kid Pony Show Committee, which is one of the outstanding events of the Top o' Texas Rodeo. Leo states that this year they have added several new events to the show and that it will really be a thrill to see. Leo is also secretary-treasurer of the Pampa Rodeo Club, which will handle the details of the grand entry at the rodeo each night. Stanolind has built a six office addition to the district office and has completely redecorated the older offices.

Johnny Hines, Shell district gauger, and his father-in-law, I. B. Hughey, were on hand to see the Lubbock Hubber pitcher and Texas University football star, Holy Lane, on the mound Thursday night. G. M. Walker, clerk-chemist of Shell's gas-gasoline department, left yesterday for a week's fishing pleasure at Lake Buchanan, near Austin. His duties will be assumed during his absence by Clarence Davis, of Shell's Number 15 plant.

Cities Service reports that Mrs. W. C. Hutchins is vacationing in Colorado. She is making the trip with friends from Kansas. She will visit during the trip with her son, Billy, who is attending a dramatic school in Greeley, and then go to other points in Colorado. Mr. and Mrs. Willard Cassel, of Ambler, Pa., are visiting in the home of Mr. and Mrs. J. A. Knox. Mrs. Cassel is a cousin to Mrs. Knox. E. H. Edgerton is visiting in Bartlesville, Oklahoma. Polly Cool is currently visiting relatives in Kansas.

C. B. Haney, Humble pumper, started a 4-week vacation last Saturday. He will go to Yellowstone National Park. He is a 25-year employee of Humble Oil. W. F. Dean, A. A. Procter, and C. A. Williams, all of Humble, attended a company meeting in Wichita Falls this past week.

Progress report: Foundation construction was begun this week for the expansion of the Cities Service Oil Company's natural gasoline plant, whose plans were first announced by A. W. Ambrose, president, in a statement to The Pampa News May 11.

Design and erection of the plant's new facilities are being handled by the Walco Construction Company of Tulsa, that expects to employ more than 200 men at the peak of construction. In re-designing the plant, provisions were made ultimately to process 18,000,000 cubic feet of gas daily. Equipment on order will increase the compressor capacity of the plant, and will boost, treat, and dehydrate gas supplied to the West Pampa Repressuring Association's secondary recovery plant in the area. This expansion project will require a year or more for full completion.

## Eleven New Notices of Intent to Drill Filed With Commission

Eleven notices of intent to drill were filed during the past week at the local Oil and Gas offices of the State Railroad Commission, officials reported yesterday.

Five amended locations were listed in the same report as well as two intents to deepen, and a report on the plugging of two wells in Gray County.

All but three of the new locations were in Hutchinson County, two were in Gray County, and one in Sherman County.

### INTENTS TO DRILL

Gray County - Phillips Petroleum Company, Heaton No. 1, H & GN Survey, 1323' from W and 1322' from S lines Sec. 190, Blk. B-2, H & GN Survey, 34 miles N of Pampa. Phillips Petroleum Company, Thomp No. 13, I & GN Survey, 990' from S and E lines NW-4 Sec. 126, Blk. 3, 2 miles W of Pampa.

Hutchinson County - Danciger Oil & Refining Co., Johnson No. 2, B & B Survey, 330' from N and E lines S-80 Acres E-2 NE-4 Sec. 4, Blk. 1, J. M. Huber Corporation, Perky No. 3-A, A DuBois Survey, 1768' from S and 2065' from E lines Survey, 15 miles SW of Stinnett. Kerr-McGee Oil Industries, Inc., Whittenburg No. 22, H & OB Survey, 1850' from N and 330' from E lines NW-4 Sec. 12, Blk. X02, 2 1-2 miles S of Stinnett.

Hutchinson County - Phillips Petroleum Company, Easter No. 8, H & TC Survey, 990' from N and E lines of lease Sec. 69, Blk. 46, 2 miles NW of Borger. Phillips Petroleum Company, Green River No. 5, A & B Survey, 330' from W with addition of approximately 2600 horsepower, the installation of absorbers that will operate at 500 pounds pressure, new distillation equipment and cooling facilities, new fractionators and treating facilities, a boiler plant, water treating plant, gas treaters, and additional high-pressure storage for liquid hydrocarbon.

### AMENDED LOCATIONS

Hutchinson County - The Shamrock Oil & Gas Corporation, Logan No. 4, T & NO Survey, 330' from N and 1320' from E lines NW-4 Sec. 135, Blk. 5-T, 5 miles NW of Pringle.

### INTENTS TO DEEPEN

Hutchinson County - Creasman Oil Company, J. W. Moore "C" No. 4, Sec. 22, Blk. M-21, TCR Survey, Creasman Oil Company, J. W. Moore "D" No. 6, Sec. 21, Blk. M-21, TCR Survey.

### WELLS PLUGGED

Carson County - J. M. Huber Corporation, Deahl "A" No. 2, Sec. 19, Blk. S, AB & M Survey, Plugged 6-11-48. Total Depth 3150'.

### Gray County - Southern Petroleum Exploration Co., S. C. Combs No. 3, Sec. 174, Blk. S, I & GN Survey, Plugged 7-8-48. Total Depth 3271'.

## Area Reports Completions

Thirteen new oil wells were completed in this area during the past week according to officials from the Oil and Gas office of the Railroad Commission.

With the exception of one completion in Gray County and one in Wheeler County all completions reported were in Hutchinson County.

Sinclair Prairie Oil Co. No. 6, Phebe A. Worley, located 990 feet from N and 330 feet from W lines of NE-4 of Section 63, Block 3, I & GN Survey, tested 119 barrels of oil in a 24 hour test. Top of pay 3175 feet. Total depth 3260 feet.

Hutchinson County - Danciger Oil & Ref. Co. No. 1, Johnson, located 330 feet from S & E lines S-80 Acres E-2 NE-4 of Section 4, Block 1, B & B Survey, tested 472 barrels of oil in a 24 hour test. Top of pay 3027 feet. Total depth 2998 feet.
