

SLAV SOLDIERS SUPPORT TITO

It's Moscow's Next Move in Balkan Crisis

By DEWITT MacKENZIE
AP Foreign Affairs Analyst

The Moscow hierarchy clearly has made a mighty bid tactical blunder in sacking its Cominform police-dog on Marshal Tito and the Yugoslav Communist captains.

The Cominform has received a kick in the teeth which has done more to convince the Western democracies of the bolshevik dictatorship's vulnerability than any event since the war.

The immediate result has been a stiffening of the Democratic front.

True, some very cautious quarters in Washington have been speculating that the Yugoslav maneuver might be phony. They figure it could be a ruse to arouse Western antagonism and then capitalize on it, or to open up Yugoslavia as a channel through which Marshal Tito would be able to get into the Balkan area. But as may be, it is intended as a trick, it has failed.

Coincidentally, the Moscow-Tito mixup both Britain and America show further signs of getting tough in dealing with the efforts of the Reds to starve the population of Western Germany by a food blockade. British Foreign Secretary Bevin charged in the House of Commons yesterday that the Russians were resorting to a war of nerves.

And in Washington Secretary of State Marshall said the United States would deal promptly with basic questions raised by the Russian blockade (though he didn't say how). He added: "We are in Berlin as a result of agreements between the governments of the areas of occupation in Germany and we intend to stay."

Furthermore, the three democracies virtually completed their plans for the formation of a German-British-French Zone. Russia can pool her zone with the rest for a new Germany. The Western satellite empire in Eastern Europe may be threatened with collapse. The units of that empire have been kept in subjection by police force, and have been consolidated by Moscow's domination.

The next move would seem to be up to Moscow.

Pampa News

VOL. 47—NO. 72 (16 Pages) PAMPA, TEXAS, THURSDAY, JULY 1, 1948. AP Leased Wire

New 200-Inch Telescope Will Complete Yardstick for Measuring the Universe

PALOMAR MOUNTAIN, Calif.—The foremost job of the 200-inch telescope will be to complete a highly accurate yardstick for measuring the universe.

This yardstick is partly ready. It consists of an imaginary line 60 million million miles long with equally imaginary marks on it, like inches on a foot.

The other end of the yardstick is the stars. The marks are not now accurately spaced.

The problem is like that of a man at the starting end of the stick trying to establish marks to the other end by sighting along the straight line. The farther out he sees the more difficult it is to peg the places on it where the marks should be.

To do this will require some highly complex observations of known stars and galaxies and a final venture into using the peculiar behavior of light from far distant island universes.

Dr. Walter Baade, of Mt. Wilson Observatory, told the American Astronomical Society today.

In the shadow of the "big eye," now known as the Hale Telescope, Dr. Baade outlined the working program for the \$6,600,000 instrument upon which scientists are relying heavily in their drive to find the outward fringe of creation.

The first step, Dr. Baade said, will be to redetermine the brightness of some known, relatively nearby stars whose distances already have been pretty well calculated.

Since their distance is known, astronomers by observing their variations in brilliance can get an accurate measure of their actual brightness.

By comparing this brightness with the light of other cepheid variables in faraway galaxies whose exact distances are not known, the astronomer can pick out the distances pretty accurately and in turn can compute the distances of those galaxies.

FINAL PLANS FOR RODEO PERFECTED

Final plans and arrangements for the fourth annual Top of Texas Rodeo and Horse Show were perfected last night at a meeting of the directors of the rodeo association.

Part of the advertising and display material for the show is available now, and on July 19 the Publicity Committee will confer with the directors of the rodeo association.

Vacationists who expect to travel by automobile during this month are asked to stop at the Chamber of Commerce office and pick up bumper cards and windshield stickers that will help advertise Pampa's annual event.

Booster trips are also scheduled to all surrounding towns on July 27, 29, and 31.

The show this year will be held from Aug. 3 to 7, inclusive, and rodeo performances will be held on the four evenings of the 4th through the 7th.

In answer to a committee from Gray County's Home Demonstration Clubs, the directors agreed to assist the clubs in their Fall Home Demonstration Fair and Exhibition to be held at Recreation Park, Sept. 20.

Harper Short was appointed to supervise building of portable stalls in the horse barns at Recreation Park, and to supervise assignments to stalls for the three rodeo shows scheduled for the rodeo.

A Palomino show will be held on Aug. 3, the American Quarter Horse Breeders Association will hold a show on Aug. 4 and 5, and the National Quarter Horse Show is set for Aug. 6 and 7.

Premier Is Delegate to Red Congress

BELGRADE, Yugoslavia — (AP)—The Communists and soldiers of Yugoslavia rallied around Premier Marshal Tito today, giving him strong support in his defiant stand against the Cominform.

Men who fought beside Tito in his days as a guerrilla leader—the First Proletarian Division of the Yugoslav Army—elected Tito as a delegate to the Fifth Communist Party Congress, where Yugoslavia's political future may well be decided.

Tito showed up in Belgrade yesterday for the first time since the Cominform split on June 28. He was greeted with shouts of "Tito, Tito" from a youth brigade whose work he inspected.

Today the Central Committee of the Communist Party of Yugoslavia received a telegram from the Slovenian Central Committee rejecting the Cominform charges against Tito. Said the Slovenian Communists: "We cannot be shaken for a moment in our confidence in our leadership, the Central Committee and Tito."

The Cominform—the organization of the Eastern Communist states led by the Soviet Union—charged Tito with conducting a hateful policy toward the Soviet Union and one opposed to accepted Communist theory.

The Yugoslav Party Congress will be held July 21. In a program for the event published in the Communist newspaper Borba yesterday the Yugoslav Central Committee upheld Yugoslav independence and called for a Balkan bloc of Yugoslavia, Bulgaria and Albania. Bulgaria previously advocated such a bloc.

Today Borba took a crack at Bulgarian Communist Party leadership for supporting the Cominform charges. It asked how the Bulgarian people can draw closer to people whose leaders are charged by Bulgaria with "the most fantastic things."

"Isn't there danger in this for the cause of further close ties and brotherhood?" it asked.

The Belgrade radio broadcast an editorial from Borba accusing Bulgarian leaders of trying to widen the split between Tito and the Cominform. It appeared to be the first hint of a widened breach between Tito and Bulgarian Premier Georgi Dimitroff. Both are Moscow-trained Communists.

"Some people may say that we (See YUGOSLAV, Page 16)

Soviet Union Quits Berlin Government

BERLIN—(AP)—The Russians quit the Berlin city government today and thus killed the last functioning four-power governing body in Germany.

A British spokesman reported this latest development in the Berlin crisis. He said the Russians withdrew from the Kommandatura, the allied body set up to rule Berlin, with the statement that "the Kommandatura no longer exists."

HST Predicts Victory Over GOP Ticket

WASHINGTON—(AP)—President Truman predicted victory over the Dewey-Warren ticket in 1948 today and said Mrs. Franklin D. Roosevelt would be an acceptable running mate.

Mr. Truman described as foolish inquiry as to whether he would withdraw from the race.

The President then replied he would get the Democratic presidential nomination on the first ballot at the National Convention meeting in Philadelphia July 12.

Mr. Truman told a rapid-fire news conference that he was not worried by talk of a Southern revolt against him.

The political questioning began when someone remarked that Senator J. Howard McGrath, Democratic National Committee chairman, had asserted Mr. Truman would be nominated on the first ballot.

The President said McGrath was correct.

Selection of a vice presidential candidate, he said, is up to the national convention.

A reporter observed that former Rep. Clare Boothe Luce (R-Conn.) had suggested that the Democrats' only hope was to nominate Mrs. Roosevelt as the President's running mate.

"Would Mrs. Roosevelt be acceptable to the President as vice presidential candidate?" this reporter asked.

Mrs. Truman replied: Of course, Tony, of course.

Then Mr. Truman asked what the reporter would expect him (the President) to do.

(This exchange was with Ernest E. (Tony) Vaccaro of the Association Press.)

As to whether he would welcome Gen. Dwight D. Eisenhower as a running mate, the President (See POLITICS, Page 16)

Hospital Bond Issue Carries; Contract Being Awarded

The County Commissioners Court was meeting this afternoon to award the Highland General Hospital contract to the Harmon Construction Co., following the voters all but five-to-one approval yesterday of an additional \$85,000 bond issue.

The final count was 1,033 for the bond issue and 226 against, a ratio of 4.65 to 1.

Voting was extremely light during the morning hours and most polls reported the heaviest voting came between noon and 2:30 p.m.

Precinct 18, Webb School, did not hold an election due to the illness of Mrs. E. E. Gething, election judge there.

Only two of the 17 remaining election boxes failed to carry the bond issue. They were: Precinct 3, Grandview School, where the vote was 10 against and 8 for; and Precinct 4, Alameda, voting 12 against and 10 for.

Voters in Precincts 5 and 17, McLean, carried the issue 61 to 15 for a ratio of almost six to one.

Maurice A. Roe, medical director for the United States Public Health Service in Dallas, notified the 500 government aid for \$194,000 Highland General Hospital had been approved for the construction could be let immediately.

One. Lefors, casting 50 votes, turned in the heaviest ratio of 49 for to one against.

Precinct 13, Phillips Camp, gave the bond issue three votes and one against.

City voters overwhelmingly approved the \$85,000 bond issue in all of its precincts. Precinct 10, the Court House, turned in a count of 341 to 35 in favor of the issue. Precinct 16, Tom Rose Ford Motors, carried it by 110 to 23. Wood Wilson School, Precinct 9, ran 176 for and 13 against.

Meanwhile, H. L. Walters, general manager of the Harmon Construction Co., Oklahoma City, low bidder on the hospital, had already started to Pampa to sign the \$107,708 contract for the county's 100-bed hospital.

All but four precincts had reported their returns by 8:30 last night, but their total voting strength, estimated at around 179,000, had not been reported.

The service is to be jointly sponsored by the County Medical and Tuberculosis Associations.

Wage Dispute Settled to End Strike

CHICAGO—(AP)—The International Harvester Company and the CIO Union Farm Equipment Workers settled a lengthy wage dispute last night, 48 hours after a strike by some 35,000 union members in nine of the company's plants.

The new contract, providing for a wage increase of 11 cents an hour and retention of provisions in the old contract, will be submitted for approval today at the union headquarters in Chicago.

An early return to work was expected. The union described the settlement with the company as "satisfactory." It said records indicated the two-day walkout was the shortest "successful strike this year."

The union members quit their jobs at 12:01 a.m. Tuesday, upon the expiration of the old contract, which previously had been extended for 30 days.

The company had agreed to the 11 cents an hour pay boost, but disagreed with the union over the retroactivity clause. The settlement was for the increase to be retroactive to June 28, although the union had asked it to be made retroactive to June 14.

Pampa Area War Dead Returned

Five World War II dead from the Pampa area are among 260 bodies being returned to next of kin in Texas for permanent burial, the Department of the Army announced today.

Those being returned to the Pampa area are Pvt. Roy D. Andrews, son of L. L. Andrews, Groom; Sgt. Judson R. Giddings, son of C. H. Giddings, Sr.; Dalhart; Second Lieutenant Orman F. Harlan, son of W. F. Harlan, Skeltonville; 8-Sgt. Garrett C. Parnell, son of G. C. Parnell, Sr.; Higgins, and Sgt. Bertie M. Vaughn, son of B. M. Vaughn, Sr., Pampa.

A total of 5,374 armed forces dead originally interred in temporary military cemeteries in France, Luxembourg, and England are returning to the United States aboard the Army Transport Lawrence Victory.

Arrival of the vessel will be announced by the New York Port of Embarkation, and ceremonies will be held at 11 a.m. on the day of arrival.

The next of kin of each of these men will be notified when the ship arrives, and again when the remains arrive at the regional Distribution Centers of the American Graves Registration Service.

Truman Signs Housing Bill

WASHINGTON—(AP)—President Truman today signed a Republican-modified housing bill but said the 80th Congress "failed miserably" to meet long-range housing needs.

The President told a news conference the legislation is "practically nothing" at all as a housing bill.

He called it a "batch of political patchwork."

"It was passed by the Congress in the final hours of the session, after the Republican leadership permitted the House of Representatives to vote upon the Representative-Elliott-Wagner Housing Bill," Mr. Truman said in a formal statement.

Public housing provisions of the T-E-W Bill, calling for slum clearance, construction of low-cost homes and other features, were ripped out by the Republican majority.

Under the bill signed by Mr. Truman, the Reconstruction Finance Corporation is given authority to buy GI home mortgages of up to \$10,000 each. It permits banks and other lending institutions to sell the RFC's Federal National Mortgage Association as much as 25 percent of the GI mortgages they hold.

TB X-Ray Survey Set For County

The Steering Committee of the Gray County mass chest x-ray survey met in the Office of Public Health Instruction at the Court House at 3 p. m. today to formulate plans for the survey which is to be held in Pampa during the latter part of August.

The purpose of the x-ray survey is to locate all unknown active cases of tuberculosis, said Philip W. Gauss, TB field worker of the State Health Department.

"Symptoms of the disease are not evident during the first stages of the disease," said Gauss. "It is only after x-ray pictures have been made that we can locate the disease in its first stages."

The State Health Department field worker at the first x-ray survey meeting corrected three misapprehensions in people's minds in connection with the program.

First, the service is not a charity. The mobile unit coming to Pampa will be paid out of already collected taxes.

Second, it is not necessary for persons taking the test to undergo a physical examination, when taking the examination.

Third, the whole test from registering through departing from the mobile unit takes but two minutes.

Steering committee members are Fletcher Kennedy, E. O. Wiegand, Dr. M. B. Bellamy, Mrs. Ed Weiss, Hugh Burdett, Mrs. H. M. Stokes and Huelyn Laycock.

Farm Lease on Field Granted

A three-year lease for farming 400 acres of land on the Pampa Auxiliary Army Airfield No. 2, north of the city, was granted to the Daugherty Bros., farmers, of Hoover, at an annual rental of \$2,920 by the County Commissioners Court.

The Daughertys were the highest of six bidders for the farmland. Other bidders were: R. K. Priest, General Delivery, Pampa, \$2,100; W. A. Green, Pampa, Rt. 1, \$1,800; Donald Walberg, Pampa, Rt. 1, \$1,800; C. V. Williamson, Rt. 1, \$1,800; and Ernest Edwards, Pampa, Rt. 1, Box 19, \$1,900.

All bids were for annual rentals. The successful bidder, according to the contract this year, must pay the annual rental to the county in advance, the payment due in July of each year until conclusion of the three-year lease.

Girls Organize Wing Scout Group

Immediately after becoming Senior Girl Scouts at the Fall Court of Awards, the eight girls in Troop 8 will start the second Wing Scout Troop ever to be held in Pampa.

Under the leadership of Mrs. E. Ewing and Mrs. D. C. Cutwell, the 14- and 15-year-old girls entering the Wing Troop are Jan Dickey, Shirley Culwell, Donna Conley, Janell Ewing, Molly Nelson, Charlotte Alston, Betty Simonton and Jane Wilson.

In Wing Scouting the girls will fulfill requirements for ground school training. They will study aviation, aerodynamics, types of airplanes and flying safety.

Foy Webb, Jr., owner of the Webb Aviation Service, will conduct the ground school for the girls. When the girls finish the program they should know the history of aviation as well as all types of airplanes.

In April of 1945, the first Wing scout group was started in Pampa. Five girls were enrolled.

Rubber Tires, Tubes Give Price Boost

NEW YORK—(AP)—United States Rubber Co. today raised its tire and tube prices from 5 to 7 1/2 percent.

The company, first to announce a tire increase, said passenger car tires would be up about 6 percent, truck tires up 5 percent and farm tractor tires up 6 to 7 1/2 percent depending on size.

Inner tubes will be priced at higher rates.

The announcement said the increase reflects rising costs of labor, raw materials, transportation and other factors.

Beasley Services At Shamrock

SHAMROCK (Special)—Funeral services will be held at 4 p. m. today at the Shamrock Church of Christ for F. Lonzo Beasley, 78, who died in the Shamrock General Hospital yesterday morning.

A resident of Shamrock since 1910, Mr. Beasley had been in ill health for the past six months. He had been acutely ill for only 24 hours.

Mr. Beasley had been a member of the Church of Christ since 1887. He served as a clerk and Sunday School teacher for many years, and was one of the ones to help build the First Church of Christ in Shamrock.

For the past 15 years he has been bookkeeper for Dr. J. W. Gooch. He was the first city secretary of Shamrock, and an early grocer bookkeeper for Griffin Hardware.

Survivors are his wife, Mrs. Glover Beasley; six brothers, S. P. Beasley, Shamrock; M. H. Beasley, Melvern, Kans.; R. H. Beasley, McKinney; Chester Beasley, Leland, Calif.; and Garland Beasley, Temple, Okla.—three sisters, Mrs. Will Felt, Okla. City; Mrs. Will Wallace, Montague; Mrs. Veda Peterson, Shamrock, and a number of nephews and nieces.

Interment will be held at the Shamrock Cemetery under the direction of the Womack Funeral Home.

Child Stuck Five Hours in Brick Flue

NEWTON, Mass.—(AP)—Five-year-old Johnny Maloy's mother couldn't pull him up and she couldn't push him down, so she called the Fire Department.

Firemen took a look at Johnny stuck in the chimney of a backyard fireplace, and decided they would have to dismantle the flue brick by brick.

That they did to get the sooty Johnny out five hours after he became stuck in his smutty chimney Wednesday.

Philanthropist Dies

REHOBOTH BEACH, Del.—(AP)—A Felix G. Pont, Sr., 68, industrialist, author and philanthropist, died here Tuesday.

He was a director and former president of the E. I. du Pont & Nemours Company.

First Cowgirl Entry Received

Mary Black, Lovington, N. M., is the first cowgirl to enter the Sponsored Cowgirl Contest for the fourth annual Top of Texas Rodeo and Horse Show.

Miss Black's application form was received at rodeo headquarters this morning. She will represent the Lovington Chapter of Commerce, and she will be riding "Poco Honto," a quarter horse registered with the National Quarter Horse Association.

Boy Plans 'Wilderness Canoe Trip'

John Young, 15-year-old son of Mr. and Mrs. J. V. Young, 1322 Terrace, will be the only Adobe Walls Area Council Scout to make the "Wilderness Canoe Trip" Aug. 1-18, Paul H. Heisenherz said today.

An Eagle Scout, John is from Troop 22, the First Baptist Church Troop. Thirty Scouts from the Great Salt Plains Council, Enid, Okla., will make the canoe trip, leaving Enid Aug. 1 by bus. The Scouts will arrive at Lake Many Point, 150 miles north of Minnesota, Aug. 4. They will spend eight days and nights on canoe trails in the northwoods near the Canadian border.

To be eligible to make the trip, a Scout must be at least 15 years old and have passed swimming, rowing and camping merit badges.

Pampans Attend Cowboy Reunion

Ida Ruth Taylor, her parents, Mr. and Mrs. H. B. Taylor, and her sister, Mrs. Dora Taylor, left today for Stamford to attend the Stamford Cowboy Reunion and Rodeo that will last from Friday through Monday.

The 18-year-old Miss Taylor, who is considered one of the best cowgirls in the Top of Texas area, will represent Pampa in the Cowgirl Sponsors' Contest at the Stamford show.

New Bridges on Highway 273 Completed

Two new bridges across the McClellan and Red Mud Creeks on Highway 273 recently were completed by the State Highway Department costing \$7,195,611 less than the estimated cost of \$29,291,000. G. K. Reading, resident engineer of the State Highway Department, announced Monday.

The McClellan Bridge (pictured above) is 1,081.51 feet long and 26 feet wide.

Complete work on the bridges, including grading and paving of approximately one mile of relocated approaches to the bridges, was completed June 21, after it

New Bridges on Highway 273 Completed

Two new bridges across the McClellan and Red Mud Creeks on Highway 273 recently were completed by the State Highway Department costing \$7,195,611 less than the estimated cost of \$29,291,000. G. K. Reading, resident engineer of the State Highway Department, announced Monday.

The McClellan Bridge (pictured above) is 1,081.51 feet long and 26 feet wide.

Complete work on the bridges, including grading and paving of approximately one mile of relocated approaches to the bridges, was completed June 21, after it

was started Oct. 18, 1947. The estimated working days were 180, but the work was completed after 139 working days.

Contractors for the job were Bell, Braden, Barker and Galvin of Amarillo. Personnel included W. L. Speer, superintendent in charge of the road work, and Harry Martin, superintendent in charge of the structure work.

James G. Lott of Amarillo was district engineer. Engineering supervision was done by G. K. Reading, Sr., resident engineer. He was assisted by George W. D. Jones and James G. Baird, resident inspectors, and Marval A. Roberts, who handled the instrument work.

McClellan Creek Bridge near McLean, consists of twenty-seven 40-foot I-beams with a concrete deck on 35-foot concrete piling. The piling has four 18-inch concrete piles per bent, varying in length from 30 to 48 feet.

The Red Mud Bridge, near Lefors, is 200 feet long and 26 feet wide. It has four 50-foot continuous concrete slab spans on pile bents. The piling is similar to that of the McClellan Creek Bridge.

*"Lubri-tection"—the protection rendered by an oil of fine base stock containing special detergent and oxidation inhibiting ingredients.

WAA Hearing Scheduled Today On Lone Star Steel Policies

WASHINGTON — (AP) — A War Assets Administration hearing was scheduled here today on complaints over management policies of the Lone Star Steel Company's government-built pig iron plant in Texas.

The complaints were made by Carl L. Estes, publisher of Longview, Tex. War Assets Administrator Jess Larson said that Estes charged company officials had failed to live up to public promises to employ war veterans and to deliver pig iron for veterans' home construction.

Final transfer of title to the \$30,000,000 development at Dampierfield, Tex., is scheduled to take place Thursday at the plant. Estes requested that final disposition be withheld until a hearing was conducted on his complaints.

Estes said last night that he would not be able to attend the hearing because of a heart condition. Estes asked again that the hearing be postponed.

Eugene B. Gormany of Dallas, president of the Lone Star Steel Company, was not available for comment. However, Company Secretary Edwin F. Greer said "we have been assured in Washington that the transaction is going through."

Larson said last night that he had wired Estes that he could not delay the hearing or the transfer of papers, but would hear Estes when the Texas is able to come to Washington.

At Mineola, Tex., where Estes lives, he released the text of a telegram last night which he said he sent to President Truman with Attorney General Tom Clark marked in.

"My attempt to come to Washington at this time against the advice of my doctors, Mr. President, might prove fatal.

"Meanwhile, finally, I appeal for a 'stay of execution' for trial in order that it may not be placed upon a political chopping block and guillotined into oblivion," he said.

"I still want that plant sold to the Lone Star Steel Company, still want those jobs for East Texas people, still want to see the people to whom I sold stock get all the money to which they are entitled and which I feel they are not making as a result of certain contractual relations entered into about which I knew nothing."

He detailed exchanges with Larson. Estes said Larson telephoned him he would be given a chance to testify, but added that the conversation did not mention a July 1 deadline.

Radio Singer Attends Corsicana Festival

MARSHALL, Tex. — (AP) — Anita Gordon, vocalist on Edgar Bergen's radio show last season, is going to take part in the Corsicana centennial celebration this week.

She arrived here Tuesday, accompanied by her husband and her parents, Mr. and Mrs. James Gordon, all of Los Angeles.

Here, the radio singer visited her grandparents, Mr. and Mrs. Charles Herrell. She plans to return to the West Coast Sunday.

Her father said that arrangements have been made for her to appear on the Bob Hope show this fall, but that the contract has not yet been signed.

Hard Road of Professional

AUSTIN — The first 100 rejection slips are the hardest! That's the advice to young writers offered by a University of Texas graduate student who wrote his Master's thesis in journalism on "A Survey of the Free Lance Market."

Delbert McGuire, who is now doing journalistic work in Fort Worth, contacted 102 editors with a questionnaire about the amount and type of free-lance material used, and concluded: "The small amount of material used places free-lance writers in strong competition with each other for space in the nation's leading magazines.

Despite that competition and the number of rejection slips the new writer may receive, he shouldn't be discouraged, the writer has to serve an apprenticeship in the same manner as a beginner in any other profession, McGuire says.

Now Procter & Gamble can tell the INSIDE STORY of a modern washday miracle!

IT'S TIDE

... you've never used anything like it!

The inside story of this postwar miracle begins back in the years of Procter & Gamble's wartime research. Out of the new knowledge gained in that research came Tide. Tide does what's never been done before—washes clothes cleaner than any soap, yet leaves colors brighter! Try Tide just once and you'll know it's entirely different! Tide's amazing suds look and feel different... and they billow up instantly, even in hardest water!

ONLY TIDE DOES ALL FOUR!

1. Washes clothes cleaner!

Yes, cleaner than any soap! Nothing's too dirty for Tide! Even grease-stained overalls come so marvelously fresh and clean... cleaner than with any soap you've ever used, because Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!

2. Actually brightens colors!

Prove it for yourself! Take that soap-dulled, faded-looking print... wash it in Tide's miracle suds... and see how much brighter it comes out! Tide is really safe for dainty washable colors!

3. Never "yellows" white things!

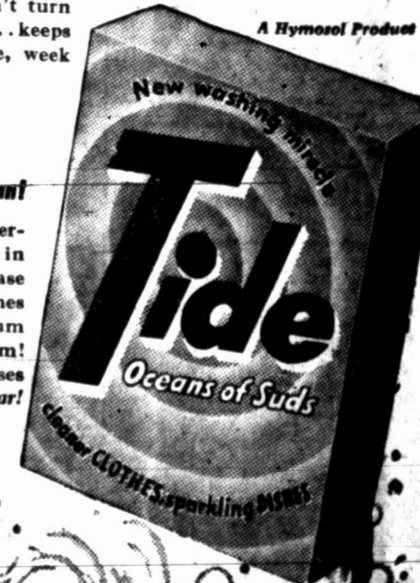

No matter how often you wash them, or how long you store them, Tide can't turn white clothes yellow... keeps them dazzling white, week after week!

4. Gives more suds—

Prove it in your dishpan!

Kind-to-hands suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic... washes dishes cleaner than any soap! No scum in the water! No cloudy film! That's why dishes and glasses rinse and dry so sparkling clear!

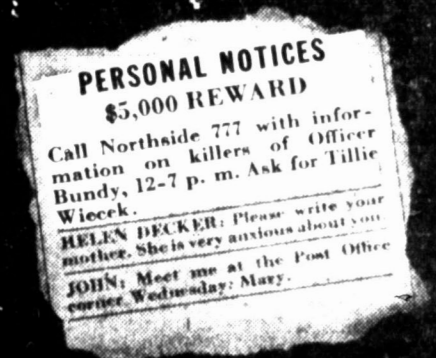

TIDE'S IN-DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

Miss America Gives Up Title To Become 'Mrs.'

By LYDEL SIMS
 MEMPHIS, Tenn. (AP)—More than two thousand sweltering fans watched as Miss America scored another knockout—and then, like Joe Louis, gave up her title.
 Beautiful Barbara Joe Walker became the bride of young Dr. John Hummel and prepared for a life away from the spotlight.
 But the spotlight was present Saturday. The Fire Department had it trained on the steeple of First Methodist Church while policemen on white-pedicated horses handled the crowd.
 Barbara wowed 'em in a bridal gown of cotton and a finger-tip veil of illusion with clusters of orange blossoms.
 The Florists Club, which provided some of the more lavish features of the "dream wedding,"

also provided sheets of statistics in a press room set up in the church basement.
 Twenty-five hundred white gladioli, along with assorted huckleberry, pine, oak and 500 white Easter lilies adorned the church interior. Six hundred candles shed their soft glow on the 12 pure white hybrid orchids and 200 lilies of the valley in the arms of the lovely 22-year-old Sunday school teacher.
 But some of the candles had to go out. Firemen patrolling the platform early in the ceremony ordered them blanked as potential hazards.
 Four new Cadillacs with liveried chauffeurs transported the bridal party to the by-invitation-only wedding as hundreds watched in the blocked-off street. The reception in the church basement was made fragrant by more than 500 American Beauty roses.
 The straining crowd missed most of the Rev. Raymond W. Council's words, but all noted that the kiss was omitted.
 And so, in a double-ring ceremony, the girl whose title graced many a church conference during the past year became a happy memory to the promoters of the Atlantic City Beauty Pageant.
 Favorable publicity accompanied her regime even though some religious arguments raged over her brunette curls. Her appearance on the program of the Southern Baptist Convention brought letters of protest to Memphis newspapers but more letters of praise. One Baptist wrote that "if Jesus Christ Himself had been on the program Her disapproval of smoking and with Miss Walker."
 He would gladly have shared time drinking was praised in many circles. She refused movie offers, saying she preferred to play the role of a wife.
 Miss Walker graduated from Memphis State College this spring. Her 24-year-old groom, a resident of Charleston, Mo., is an interne in a Memphis hospital. He met her during the war while he was stationed at a naval base near here.
 Honeymoon plans were not divulged.

How to care for a Car-full

We had **YOU FOLKS** in mind when we set the standards for these Spik-and-Span **PHILLIPS 66 REST ROOMS!**

There are a lot of full cars on the road this summer—for most American cars are family cars.
 That's why we set our rest room standards at family standards.
 We know you don't expect a fancy, be-mirrored "powder room." But you can expect rest rooms that are well stocked with towels, soap, and toilet tissue. And ones that are neat and clean!
 In other words, the kind of rest rooms we'd want our families to use!

Texas Today

By WILLIAM C. BARNARD
Associated Press Staff

The Battleship Texas is fighting a losing battle with the souvenir hunters, eager thieves who carry away anything they can lift.

Sundays, 5,000 visitors — and up — swarm over the great grey ship, now a monument in San Jacinto Battleground near Houston. You pay your 30 cents and see the show. The admission entitles you to a wheel which spins the anti-aircraft guns from earth to sky. You can play with the helm, eat your picnic lunch on the main deck, lounge around in the admiral's quarters. You can ask questions of J. M. Strickling, the moonfaced man of 61 in charge of the Big T.

Strickling, raised in Houston, was in the Navy from 1908 to 1945. He made the builders run the ship four years. Now a retired chief machinist mate, he says it seems a shame that people would be so low as to take things from a ship with as much honor as the Texas has won.

"Someone even got away with the Texas flag."

"One day I walked out of my quarters and left the door unlocked. When I returned, five people were in the cabin and one woman was opening drawers and going through my belongings."

"I asked them to leave. Four of them did, at once, but the woman stayed. Madame, I would thank you to leave," I said. "Not here, I get a souvenir," she replied. I then told her that souvenir hunting is nothing less than theft. She left, and I thought I had taught her a lesson. A few minutes after she had gone, I discovered my flashlight was missing."

Strickling since has moved to the captain's quarters, secure behind a big sign which directs sightseers to stay out. The quarters are big, comfortable, shipshape and smooth of leather. The chief caretaker is assisted by a couple of other oldtime seamen, John McKeown, retired chief machinist mate and E. E. Levy, a retired chief bosun mate. The three have a total service time of 91 years.

Strickling told us he worries about the barricades and climb the but I have found that some people will take anything they can lift.

"Had to put two fellows off the ship Sunday," he said. "One port holes, they steal the magnets out of the receivers of the ship's telephones. In many cases the receivers themselves have been yanked away."

People also try to sneak aboard

Nobody Loves Forever

By Margareta Brucker

XXXVI

JESSICA went to the kitchen and put on the coffee pot. A step on the porch sent her rushing back to the front door.

Doris, in pajamas, with a man's coat bundled about her, her sunburn hair wet and disheveled. "Lord, what a wind," she cried. "Bill's gone. He went downtown to see what's happened. A man came along and told him it was one of those old hotels on Main Street."

"I'm afraid Mrs. Blake is at the fire," said Jessica, measuring coffee. "I thought she might come home wet through."

"I could drink a cup of coffee," said Doris. "Where's Lucy?"

"Gone off on a Y hike, I think," said Jessica. "You're not sure?"

"You're not sure?"

Jessica looked at her. "Why do you say that?"

Doris shrugged. "No reason. I just wondered. Thought she might help find her mother."

She gulped down a cup of coffee and a little later went off, promising to return if she heard anything further about the fire.

Jessica could not understand the panic which sent her back and forth from the kitchen to the living room windows after Doris left, the minutes passed, the relief when she heard a car stop outside the house. Someone had brought Mrs. Blake home.

She ran out to the hall, flung open the front door and saw a man mount the steps.

"People named Blake live here?" the man asked.

Jessica nodded. Her anxious glance traveled past him to the car at the curb. He said bluntly, "Got a woman out there in the car. We identified her by a letter in her purse. Why should an old woman visit a fire? She acts like she's had a fit or something."

He went down the steps and came back carrying a limp figure. "Where'll I put her, miss?"

at night but generally find Strickling or his assistants waiting.

Most visitors behave very well, the caretaker says. "While his loads of children come aboard and never do anything out of the way."

The kids love to crank the guns and he saw a couple of old ladies aiming at an imaginary enemy plane. During the day, Strickling booms greetings to the guests over more than 100 microphones. He also cautions children to "walk, don't run."

A maintenance crew of four works continuously at keeping the 35,000-ton retired battleship in shape, but its never shipshape enough to meet the critical brown eyes of that Navy man, Strickling.

"Look at those decks," he moaned, eyeing the faded wood. "When I sailed on the Texas, those decks was white, and I mean white!"

In the last 80 years, the number of United States tenant farmers increased on an average of 20,000 yearly.

those dumps are heels," said Doris' husband. "They sneaked out and saved themselves and left the girls to get out alone. There are a couple of bad cases. One died while they were bringing her out and a couple more are unidentified."

Jessica said, "I can't imagine."

Doris exchanged a glance with her husband. "Bill's leave is up tomorrow," she said. "We've got to go."

...

JESSICA went to the door with them, then returned to the living room to watch beside her mother-in-law. One hour passed... two... soon the doctor would return. Once she thought she heard the siren again. A few cars passed.

It was very still in the house, a horrifying stillness which wrapped the room where she sat, tense and rigid, listening for the doctor.

Then she heard a car far down the street. She was on her feet and at the door, gazing at the approaching headlights as they came nearer.

She was weak with relief when the car stopped.

"Doctor," she cried, and left the hall and went out on the porch. "Oh, I'm so glad..."

Her voice died away.

The car was a taxi. The doctor had come in his own car before. She watched a man swing out of the car and pause for a moment in the shadow of the trees which lined the sidewalk. She waited, feeling an odd sense of panic as he emerged from the shadow and came directly up the front walk toward her. She gave a little gasp as a shaft of light from the open hall door fell upon the tall, advancing figure.

He wasn't the doctor. She felt her knees weak as water beneath her and the blood pounding dizzily in her reeling head as she retreated, one step at a time, toward the hall behind her.

It can't be, she thought wildly. It can't be!

The man spoke her name. "Jessica!"

She could not answer but only stared blankly at Tom Blake as he strode through the door toward her.

Leasing Begins as Wildcat Brought In

BROWNWOOD — (AP) — A wildcat oil well 450 feet from the Bangs city limits blew in and caused town-plot leasing to become active.

The nearest production, two miles southeast of the wildcat, has produced a million-and-a-half barrels during several years.

The wildcat topped sand at 1,099 feet and bottomed at 1,107. It flowed wide open through a seven-inch casing while preparations were made to stop the gas.

Louisiana Town Gets Rain by Order

ALEXANDRIA, La. — (AP) — When weather gets too dry here, the city government just calls up the airport and orders a dumping of dry ice.

That's the way it happened Tuesday, says W. M. McLean, commissioner of finance and utilities.

He said W. W. Thomas, municipal airport manager, took 40 pounds of dry ice up 10,000 feet and dumped it into a nice looking cloud.

Thomas landed and phoned the commissioner: "I delivered the ice."

McLean said at that moment it began to rain.

TWELVE MINERS DIE

TOKYO — (AP) — Kyodo News Agency reported Wednesday 12 miners were killed in an explosion Tuesday at the Mitsubishi Bibai coal mine at Sapporo, Hokkaido.

Oilers and Gassers Split Twin Bill

The Pampa Oilers and the Berger Gassers split even last night in Oiler Park when both teams took one game apiece in their doubleheader with the Gassers winning the first contest 4-1 and the Oilers emerging victorious in the nightcap, 8-4.

Avon Driggers, southpaw Oiler mound ace, was charged with the mound in the opening tilt when he gave up seven hits while he and his teammates committed three costly errors. All three of the Oiler bobbles allowed runs to come in, and thus providing their three run deficit.

Carl Carter, Berger rookie, received credit for his first win of the season as compared with one loss. The youthful righthander gave up only four hits, and only one for extra bases. After the Pampans showed across their lone tally in the initial frame, Carter settled down and blanked the home-owners throughout the final six innings.

After the Berger hurler got after the Bartholomew got files to left and right, respectively. Jack Riley rattled the left field wall for a double. Fortin then drilled a long single to right-center, scoring Riley. Range then forced Fortin at second to end the frame.

The visitors knotted the count in their portion of the second frame when McNulty flied out to Harriman. Fox walked and was forced at second on four hits. Gilchrist's ground ball to Harriman with Gilchrist reaching first by virtue of a fielder's choice. Bob Kramolisch then popped a single over the keystone sack as Gilchrist went to second. As Carter fizzled a slow roller to Driggers on the mound, the portside

attempted to catch Gilchrist going into third, but deciding he was too late, made a bad loss to Belton at first allowing Gilchrist to score. Larry Gilchrist, Verdum's brother, then lined one to Range, forcing Kramolisch and the frame was ended.

After both teams had been blanked for three consecutive frames, the ice cracked and Gassers cut loose with a fatal four-run attack that netted them three runs in the sixth and seventh innings.

Carnett walked. Nell singled. McNulty flied out to Fortin and Fox connected for a single scoring Carnett. Verdum Gilchrist then popped a high fly to Bartholomew, but Kramolisch got a single to left scoring Nell before Carter lined out to Harriman to end the sixth inning.

Starting the final inning with a 3-1 lead, Larry Gilchrist hit a long fly to Fortin, but the big righthander lost the ball in the hazy sky and Gilchrist reached first base safely. A single by Hugh King and a sacrifice by Eddie Carnett, followed by an error by Dewes accounted for the last Berger tally. Nell hit a long fly to Bartholomew, and as Gilchrist tagged up at third and attempted to come home, Dewes missed Bartholomew's peg to the plate.

In the second game, the Oilers jumped to a six-run lead in the first three innings on four hits and three Berger errors.

Only two of the six runs were earned, and these came when Bob Dewes, newly acquired Oiler catcher, parked one over the left field wall with Harriman on base.

Oley started the game by touching Lefty Clayton Fries for a

single with Riley and Bartholomew then working the southpaw for charity bases. Joe Fortin hit into a double play, although Oley managed to cross home plate in the excitement. Range got on through an error by Shortstop Larry Gilchrist as Bartholomew scored. Harriman flied out to first to end the inning.

An error by Verdum Gilchrist and a hit by Bob Belford gave the locals a second inning tally and two more hits and a miscue by Gordon Nell in the third frame gave the winners two more runs. Harriman had singled preceding Dewes' circuit swat in the inning.

The Oilers got two more counters in the fifth frame on singles by Joe Fortin and Bobby Dewes, followed by another single by Bob Belford. Belford was then caught in a comical "goose chase" between third and second on Payne's ground ball to Fox at third. He was ruled out by Umpires Evans and Fischer when he left the base paths to avoid being tagged.

Belford and Dewes both got two for three in the final game as did Manager Eddie Carnett for the Gassers. In the two games played, Carnett got four doubles in five trips to the plate but failed to drive in a single run. Joe Fortin and Carnett got two for two in the first game to pace the plate work of both teams.

The Gassers and Oilers meet tonight in Oiler Park for the second night and number five of a four-game series. Howard Eason is slated to do mound work for the Oilers, with game time set for 8:30.

Okies Vote Tuesday for U.S. Senator

OKLAHOMA CITY—(AP)—Okla-sons voters will show their preferences next Tuesday for a Unit-3d States senator, eight congress- men and a handful of state-of- ficials.

In addition the full membership of the state House of Representa- tives and half of the Senate will be up for nomination.

Leaders of Tuesday's primary will then go into the run-off elec- tion July 27 unless they can ob- tain a majority of votes cast in the first balloting.

Perhaps the most widely known Democratic candidate in the Sena- te race is Robert S. Kerr, oil man and former governor. Kerr is generally regarded as the man to beat.

Gomer Smith, Oklahoma City attorney and former congressman, James E. Berry, lieutenant gov- ernor, and Attorney General Mac Q. Williamson are candidates with proved blocs of support.

Glen D. Johnson, freshman con- gressman from the Fourth Dis- trict, is making the race in his first state-wide campaign. Ora J. Fox, veteran pension group or- ganizer, is another making an ac- tive campaign.

On the Republican ticket Rep. Roas Ritzley, Guymon, is conceded the nomination for senator. Sen. Ed H. Moore, Tulsa Re- publican, is not seeking re-election. Some state offices are filled by four-year terms and will not be up for election until 1950.

Each county will elect a full slate of officers and half of the district judgeships will be up for election.

Three constitutional questions will be submitted in the election. They would provide for an extra mill levy for separate schools, increased pay for legislators and a new Constitutional board of reg- ents for six state colleges.

State High Court To Hear County Road System Case

AUSTIN—(AP)—The Supreme Court Wednesday agreed to hear a case involving legality of the county unit road building system established last year in Jim Wells County.

The court approved the appli- cation of County Commissioner Gus Canales and others for a writ of error.

The appellants contend the San Antonio Court of Civil Appeals was wrong in holding the Com- missioner's Court of Jim Wells County could legally adopt the unit road building system with- out submitting the matter to a vote of the people.

The system was put into effect by a 3-2 vote of the Commis- sioner's Court. Canales seeks a temporary injunction to prevent the other commissioners and the county road unit administrative officer, Bryan Patterson, from using public funds to carry on the new road building plan.

He contends the action of the commissioners in changing from a precinct to a county pattern of constructing and maintaining roads put Jim Wells County under the "Optional County Road Law of 1947" enacted by the State Legislature. That law requires a vote of the county electorate before its provisions can go into effect.

The Court of Civil Appeals held that the provisions adopted by the "Commissioners' Court are not the same as the optional state law even though similar. The Supreme Court denied Canales' motion for submission of the case to be ad- vanced, indicating it may not be heard before the court recesses July 7.

100th Person Commits Suicide At Golden Gate

SAN FRANCISCO—(AP)—A middle-aged man paid his ten- cents and walked to the center span of the Golden Gate Bridge.

A couple of young men came by.

"Boys, I'm from Mexico City," said the man. "Will you give me a cigar tie?"

They did and moved on. Twenty feet later, they heard a yell.

The man stood on the rail, flipped away the cigarette and jumped.

And so, at 1:15 p. m. Monday, the Golden Gate Bridge marked down the 100th suicide in its 11 years.

His body was recovered. Papers in his pocket gave his name as Fortunato Ornelas Anguiano, 52, dishwasher.

Traveling Light

"Dutch," a chimpanzee, flying from New York to Rotterdam, lightens the load in his over- night bag before taking off. He is being shipped to the Rotter- dam Zoo, where his sister is reported suffering from loneliness.

Oklahoma Has First All-Negro Jury for Trial

WAURIKA, Okla.—(AP)—Jef- ferson County, Oklahoma—across the Red River from Texas—had its first all-Negro jury Monday.

The state attorney general's of- fice said it was probably the first such trial in the history of Okla- homa.

The new move was an indirect outgrowth of a recent Supreme Court ruling that upset a Negro's conviction by a state court because there were no members of his race in the jury box.

The Waurika case was a civil suit, however. Two local Negro property own- ers, the Rev. E. W. Shaw, a travel- ing minister, and Baby Gill, a hotel porter, each claimed un-

equal shares of a street-end aban- doned by the city.

The suit came before Justice of the Peace Edward Spivey with the request for a trial jury.

"I hadn't planned it at all," Judge Spivey said, "It just came to me on the spur of the moment when I saw they were all Negroes except my. I have been thinking over the Supreme Court decision, and this seemed as good a time as any to make a change."

Judge Spivey immediately or- dered Deputy Sheriff Lewis Tate to bring in six Negro veniremen—the first ever to be called in the county. A few Negroes have sat on juries recently at Oklahoma City, but none before in Jefferson County.

Tate said he first contacted Negro ministers and tradesmen, but found them reluctant to serve. He finally secured five Negro workers without some per- suasion. Both parties agreed to an

Ku Kluxers Split To Form New Unit

ATLANTA—(AP)—The hooded realm of the Ku Klux Klan was showing signs of an internal struggle for power.

Two large Klaverns seceded Tuesday from the "state-within-a- state," ruled by Grand Dragon Samuel Green, to form "The Original Southern Klans, Inc."

Dr. Green promptly branded their departure as an act by "Bol- shivik Klans which pulled out be- cause they couldn't run things themselves."

He named the deserters as the Klaverns in Manchester and Col- umbus. Both long have been ac- tive and powerful. Two Columbus newspapermen

and a photographer charged re- cently that they were molested by members of the two Klans when they visited a meeting near Warm Springs.

Texan to Represent Army in French Fete

LOS ANGELES—(AP)—Audie Murphy of Farmersville, Tex., the most decorated U. S. Army man of World War II, was given air- plane tickets for a trip to France to represent the U. E. Army at Bastille Day observances. The tickets were presented to Murphy by the French Government. Murphy is now working in the movies.

England's new furniture designs, for small houses include a light- weight three-piece aluminum bed- room suite. On moving day, dress- ing table and chest can be packed inside the wardrobe and consigned in one crate.

L. Jack Lyons, manager of the Hillson Hotel, is improving from his recent illness. However, he still is unable to return to work.

Tito Ignores American Call

SAN DIEGO, Calif. —(AP)—Yugoslavia's Communist leader, Marshal Tito, wouldn't answer the telephone Tuesday to talk about his trouble with Russia.

The San Diego Journal put in the call. An hour later, it was informed by the overseas operator: "Marshal Tito refused to accept the call."

"Did you get him personally?" "The operator there (at Belgrade) said neither Marshal Tito nor anyone else (authorized to speak for him) would accept the call."

House Given Ruling On Confederate Tax

AUSTIN—(AP)—If there is any reduction in the Confederate Pension Tax rate, the Legislature will have to do it.

That was the ruling of Attorney General Price Daniel in answer to a request from Comptroller George Sheppard. Sheppard asked whether the Automatic Tax Board could reduce the rate—now two cents on the \$100 valuation—in view of the pension fund's big surplus.

Daniel said the board had no power to make the reduction.

The Confederate Pension fund has a current surplus of more than three million dollars. There are 1,000 pensioners—only ten of them actual veterans of the War Between the States. The others are widows of veterans.

National champion Bruce Parker, close up, and another member of his troupe slam on the brakes at 30-miles-an-hour as water ski season opens with a fancy exhibition at Newport, R. I.

Dewey All Set for Washington Housecleaning if He's Elected

By JAMES MARLOW
WASHINGTON —(AP)— If he's elected president, Thomas E. Dewey says, there'll be the "finest housecleaning Washington ever saw."

This may give the impression that the present swarm of people working for the government would be fired. That hardly seems likely.

The people working in the judicial and legislative branches are practically untouchable by a president.

That leaves only the people in the executive branch of the government— various departments and agencies— for Dewey to work on. They number 2,048,000 everywhere. In Washington, the rest of the country and overseas.

High Court Rules On Voting Law For 60-Year-Olds

AUSTIN —(AP)— The right of thousands of persons over 60 to vote this summer and fall was finally assured Wednesday by the Supreme Court.

It overruled a motion for rehearing in the case from Big Spring in which it held last week that annual poll tax exemption certificates were not a mandatory prerequisite to voting.

The case was styled George T. Thomas and others versus Ted Groehl and others. It directly involved only 45 votes in a disputed bond election, but the right of thousands of old age exempt persons to vote was indirectly tied into it.

The court in a 6 to 3 decision last week ruled that the annual exemption certificate did not have to be obtained before Feb. 1 to qualify the person over 60 for voting in cities of 10,000 or more population.

The rehearing motion was overruled without comment.

In feed value for livestock, 100 pounds of potatoes equals 100 pounds of corn silage, 22 pounds of shelled corn or 35 pounds of alfalfa hay.

Such agencies include the Maritime Commission, the Interstate Commerce Commission, and so on.

Then there'd be the special assistants to the department or agency heads who are not Civil Service people.

There are other non-Civil Service employees— like the chauffeur to a cabinet member or special secretaries to department heads—who'd be likely to go.

But even so the government has to be run. Good people willing to work for government salaries are not easy to find.

A good knife has a tang (the blade which extends down into the handle) extending much or all the way through the handle with at least two rivets going through the tang.

7:30 Open House at First Christian Church in connection with Vacation Daily Bible School.
7:30 Rebekah Lodge in IOOF Hall.
8:00 Pampa Chapter National Association of Letter Carriers Auxiliary in home of Mrs. E. K. Baumgardner, 417 N. Ward.
8:00 American Legion Auxiliary with Mrs. L. K. Stout, 719 N. Somerville.
FRIDAY
10:00 a.m. Worthwhile Home Demonstration Club all day meeting in home of Mrs. Earl Perkins, Lefers.
2:00 Yarns Club with Mrs. Homer Doggett, 1034 E. Fisher.
5:30 Top of Texas Chapter of NSA picnic supper in Mrs. Lillian McCurt's garden, 1340 Christine.
8:00 Order of Eastern Star regular meeting in Masonic Temple.
SUNDAY
2-4 Community Singers Singing Convention at Pentecostal Holiness Church, Zimmer and Alcock.
TUESDAY
2:30 Lefers Methodist Church WBCB in church.
7:30 Theta Rho Girls Club in IOOF Hall.
WEDNESDAY
2:30 Bell Home Demonstration Club with Mrs. T. D. Anderwald.

Mrs. J. C. Payne Is Club Hostess

Mrs. J. C. Payne was hostess to the Worthwhile Home Demonstration Club last Friday morning. Mrs. G. H. Anderson was in charge of the business. Each member answered to roll call by naming a book she had read recently. During the business session six-month reports were given by the committee chairmen. Mrs. Anderson and Mrs. O. G. Smith volunteered to furnish cookies for the tea held at the 4-H Club Clothing Revue, June 26. Plans were also made for members of the club to give Miss Ann Hastings a farewell handkerchief shower at the time of the Clothing Revue.

Floyd Laramore Is Honored on Birthday

A surprise birthday party honoring Floyd Laramore was given in the form of a picnic at the City Park on Thursday, June 24. An hour was spent in lively conversation after which refreshments of homemade ice cream and cake were served. The guests were Messrs. and Meses. J. L. Pierce, R. F. Wilson, H. E. Ward, Skeet Gregory, Blake Laramore and Gary, and Danny Laramore and Larry Partin.

SCORCHED FOOD

If food burns in an aluminum utensil it may be removed as follows: Fill the utensil with water and let it stand for about an hour. Then scrape out as much of the burned food as possible with water and let it stand for about an hour. Then scrape out as much of the burned food as possible with a dull instrument such as a wooden spoon. Use steel wool after this and wash in hot soapy water, rinse and dry thoroughly. Do not use strong cleansing solutions to remove burned food from utensil it may be removed as follows.

Family Reunion Is Held at Wilder Home

Nineteen members of the Wilder family were holding a family reunion at the home of Dr. and Mrs. H. L. Wilder this week.

Dr. Wilder's two sons, two daughters and their families are attending. Mr. and Mrs. W. K. Wilder and their two daughters, Kay and Betty, of Decatur, Ala., arrived Monday. W. K. Wilder is the superintendent of a Goodyear textile mill. Mr. and Mrs. Henry Wilder, Jr. and their two daughters, Julie and Ruth, of Rockmart, Ga., also arrived Monday. Henry Wilder is an assistant superintendent at a Goodyear textile mill. Two daughters of Dr. Wilder and their families are also attending the reunion. They are Mr. and Mrs. Frank Stallings and three children of Pampa, and Mr. and Mrs. Raymond Johnson and two sons of Pampa.

Friendship Class Has Morning Coffee

Members of the Friendship Class of the First Methodist Church were entertained at a lovely coffee held Monday morning at 8:30 in the church. Members of the social committee were hostesses. Mrs. Chester Thompson, pianist, played softly during the serving hours. Mrs. Walter Purviance, teacher of the class, gave the invocation. At the close of the business session the pastor, Rev. H. Clyde Smith, dismissed the group with prayer. Forty-four ladies attended the coffee and class meeting.

Silhouette Rules Bright Togs Suit 'Mousy' Coloring

NEA Staff Writer By ALICIA HART
The woman who worries about her mature figure would have fewer worries if she wore colors and weaves of fabrics which minimize her size. Sleazy, soft or sheer fabrics are usually an unwise choice because many are unable to hold the taut line in clothes which a mature figure needs. Wiser to wear for their slimming effects are fabrics of close weave and crisp finish, such as worsted woolens, faille, sharkskin, linen, sleek cottons and heavy crepes. Colors play as important a role as fabric weaves and finishes in minimizing ample curves. Bold colors, of course, should be ruled out by the woman who wants her outlines minimized. For silhouette-whittling, there are no better choices to make than navy blue, black, dark brown and dark gray. Print fabrics are apt to be of no help in silhouetting a figure unless the patterns are small, closely-spaced and used to create an inconspicuous design on a dark background. The lady who wants to look pounds slimmer than she actually is never accomplishes that objective by wearing bold prints.

Jack Miller Has Birthday Party

A group of children took part in an afternoon of yard play at the home of the Don M. Millers, 449 Hughes, in celebration of Jack Miller's fifth birthday, on June 25.

The birthday cake was pale blue and white and it bore the inscription "Happy Birthday Jack" along with the five candles. It was served with strawberry ice cream.

Four prizes were given to winners of different age group foot races. Winners were Genie Mullins, Carol Ann Enloe, Jackie Phillips and Larry Don Phillips. Others attending the party were Donna Lee Miller, baby sister of the honoree, Mikey Phillips, Dale, Joyce, and Baby Alice Brown, Pug Millins, Douglas Pursley, Mikey Holland, Mrs. Louise Brown, Mrs. Freda Phillips, and Mr. and Mrs. Harold Engle.

Every Queen Has Her Day in Memphis

By BOB DUNN
MEMPHIS, Tenn. (AP)—This is really the city for royally—the beauty contest type of blue-bloods.

If there's any place that chooses more "queens" it hasn't been heard from. "Maid of Cotton, Cotton Carnival Queen, Miss City Beautiful, Miss Dixie Belle, Miss Fire Prevention (or just "Miss Flame Girl" if you're second best) and Delta Bowl Queen" are some.

There's "Miss Navy" for the naval base nearby and "Miss Cinderella"—one of the many "Misses" and "Princesses" connected with the annual carnival. Beale Street—the famous Negro thoroughfare—has its "Spirit of Cotton" queen and a "Blues Bowl Queen," too.

The churches are even getting into the act. Bellevue Baptist now names a queen annually.

More are on the way. When "Miss Memphis"—Barbara Jo Walker—became "Miss America 1947" that accomplishment seemed to have inspired hundreds of hopefuls. The "Miss Memphis" event is expecting more entries than ever this year.

Not that competition in past parades hasn't been tough. Miss Walker lost out in both the "Dixie Belle" and "Maid of Cotton" contests before becoming "Miss America."

Some think the thing's getting out of hand but the enthusiastic sponsors are likely to sound off with something like this:

"Cleopatra might have had the Nile river situation sewed up but then she never docked at Memphis on the Mississippi."

BIG BOMB PLANT IS NOW FARM PROJECT

By MARTHA COLE
McGREGOR, Tex. —(AP)—Farmers have taken over a war ordnance works and set the TNT plant to turning out fertilizer for 17,000 acres.

Bluebonnet farm at McGregor, 20 miles west of Waco in Central Texas, will be the nation's largest Agricultural Research Project.

The farm was once the Bluebonnet Ordnance plant, which sent 5,000,000 pounds of explosives to the South Pacific.

Texas Agricultural and Mechanical College got the result—17,483 acres (about 27.3 square miles) and 400 buildings.

"Eventually we intend to have the best research farm in the nation, as well as the biggest," said Superintendent H. O. Hill.

The college acquired the farm in January. Right now it's mostly just empty buildings and fields covered with wild flowers and that bane of row crop farmers—Johnson grass.

There are two groups of "Igloos," 220 in all, rectangular rooms with thick concrete walls. Earth has been piled on three sides up to the roof and on the fourth side is an approach area and a door.

During the war bombs and the makings of bombs were stored there.

Next year there'll be goats, sheep and cattle munching placidly in their pens around the shelters.

"Each flock we're experimenting with will have its own private apartment," Hill said. "One Igloo for shelter and another for feed storage. They're far enough apart for us to grow fodder for experimental flocks right beside their pens."

The first active project in research at the farm will be sheep and goat breeding.

"We've already developed a doe which, at three years of age, has hair as fine as a kid's," Hill said. "Now we want to increase their number. Another project will be the development of a goat with parasite resistance."

In another group of Igloos, pens are being built for Hereford and Brahma cattle.

"Brahmas and Herefords have been crossed before," Hill said, "but not through enough generations. Through controlled cross-breeding we may produce a new brand of good beef cattle with the Brahma resistance to ticks and heat."

The first project in plant research will be development of the best type of grain sorghum for the area and a study of its response to fertilizers.

"We've already planted, under the direction of the U. S. Department of Agriculture, a new plant to this hemisphere—kenaf, a fibre plant which it is hoped can replace jute."

"We have everything," Hill said. "We have 17 different kinds of soil to work with, from blackland to adobe. We even have a railroad with 28 miles of track and two diesel engines. We have warehouses all over the place. We have a woodworking shop and metal working shop. A complete laundry ready to go. We have a full-grown river and we have two big red fire engines."

Bird Bar
It's dinner time for Peewee, 2-week-old warbler canary belonging to Mr. and Mrs. Elmer Kindstater of Milwaukee, Wis. Peewee is one of seven baby canaries the Kindstaters have. That's the nozzle of an eyedropper Peewee is reaching for.

Traffic Deaths Increase in May

CHICAGO —(AP)—The nation's traffic deaths increased in May for the first time in seven months.

A total of 2,680 highway fatalities were recorded in May compared with 2,570 in May, 1947.

The May toll brought the year's total to 11,270—five percent less than the 11,830 killed in the first five months of 1947.

The National Safety Council released the figures.

Of the 425 cities reporting, 285 had no traffic deaths in May. The largest were Houston, Tex.; Richmond, Va., and Fort Worth, Tex. For the first five months of 1948, 139 had perfect records.

"We want to find out what it takes to maintain a decent standard of living on the farm," Hill said.

Mechanic Loses Race With Judge

VAN NUYS, Calif. —(AP)—A 19-year-old mechanic was ready to admit that it is easier to assemble a 30-mile-an-hour auto from parts acquired from junkyards than it is to dismantle the vehicle.

James A. Seaberry was committed to jail Monday to await sentencing July 13 after he pleaded guilty to charges of reckless driving, driving an unsafe vehicle and driving an unregistered vehicle.

Police told the court they clocked Seaberry's home-made car at 80 miles an hour June 18. They reported the vehicle had no fenders, bumpers, running boards, tail light or hand brake and that the steering gear was loose.

Seaberry admitted he assembled the car from parts acquired from junk yards.

"If you'll give me probation," he offered the court, "I'll take it apart and return the parts—as well as I can remember—to the junkyards."

"Committed until July 13," ruled Police Court Judge H. A. Decker, in turning down the offer.

Tech Experiments New Irrigation

LUBBOCK — A surface irrigation method that will use up to 40 percent less water is in experimental operation on the farm at Texas Technological College.

Dr. A. W. Young, head of the plant industry department and director of the project, said that a portable system of galed galvanized pipes replaces the commonly installed "ditch" method. The new installation which is in fact a pioneering project for the southwestern region has been used this week in the college alfalfa fields, and is being placed in the cotton and feed fields this week.

Dr. Young said the surface pipe irrigation is estimated to save from 20 to 40 percent of the water ordinarily lost in the ditch process. It can be installed and maintained at about one-half the cost of the stationary concrete pipe system.

The process under trial now moves the water directly from the well through pipes to each row where individual gates are opened allowing water to flow directly to the plants and plant areas. No loss of water through evaporation or seepage is possible. The pipe is cut in lengths of 10 feet and connected by friction. The entire network may be handled by one man, and may be moved easily from field to field.

Liquid fertilizer experiments are being conducted in conjunction with the irrigation project. Eight tests, four for cotton and four for milo, have been arranged to begin this month. The effects of the fertilizer after it is placed in the irrigation water will be watched in yield, depth of penetration and distribution in the soil.

More Good Than Harm From Texas Rains

AUSTIN — (AP) — Benefits to crops and ranges over-balanced high water damage to crops in the recent heavy downpours in North-central, West and Northwest Texas, the United States Department of Agriculture said yesterday.

Crop deterioration was checked pastures and ranges helped by the rains that broke drought conditions in the areas.

In the East, Southeast, Central and Southern areas, crops prospered were lowered by continued dry weather. The summary included reports on rains up to 6:30 a. m. Monday, and did not take into account beneficial rainfall in Central and some parts of South Texas Monday night and Tuesday.

Some corn in the North central area was too far gone for rain to help, but late varieties will benefit, the USDA said. Cotton continued fruiting in the South Central and Southern counties, and scattered rains aided the commercial vegetable outlook.

Summer range feed prospects were revived in most of the Western two-thirds of the state by generous rains, but the Trans-Pecos area in extreme West Texas was not aided.

Bandits Rob Couple; Then Ransack House

AMARILLO — (AP) — Mr. and Mrs. Walter Wilmergin are out nearly \$11,000 in cash, diamonds and cashier's checks.

Three armed bandits attacked Mr. and Mrs. Wilmergin as they started to enter their house here Thursday night. The bandits bound and gagged the couple and Mrs. Marie Reed, Mrs. Wilmergin's mother. Then they ransacked the house.

Leroy Thornburg
**White Deer Boy
Now FFA Officer**

Leroy Thornburg of White Deer, elected as one of the nine vice presidents of the State Association of FFA in Houston, June 18, is still seeking higher goals.

He is striving for the American Farmer degree, the highest attainable in FFA, and constantly is trying to improve his livestock and crops.

A student of vocational agriculture at White Deer four and a half years, Leroy later developed a farming business of his own. He started with a cow and a calf, later adding a herd of Poland China hogs, Hampshire sheep and Hereford cattle, all registered stock.

In his crop program he has 125 acres of wheat and barley left after 35 acres were hailed out his first year.

Other FFA officers for the forthcoming year are Jimmie Darling of Abilene, president; Bobby McLemore, Jasper; Harold Dunst, Junction; H. D. Maxwell, Jr., Rockdale; Glenn Raney, Garland; Billy Conner, Sulphur Springs; Sonny Johnson, Joquim; Morris Alfie, Clifton and Kirk Schwarz, Mercedes, all vice presidents.

Mississippi Farms Fight Grasshoppers

BASSFIELD, Miss. — (AP) — Desperate farmers are praying for rain and fighting with fire a hungry army of grasshoppers that is widening a path of destruction through corn and cotton here.

At least 10 different localities have been laid waste by the crunching, crawling insect masses. Dr. Clay Lytle, a state entomologist, has advised the farmers to use white arsenic or toxaphene. Farmers have been herding the hoppers together and attacking with burning fuel oil.

The farmers said a heavy rain would halt the insect crush, and chances appeared good, for scattered showers beat down Tuesday afternoon.

NEW YORK — (AP) — A Philip Randolph, Negro union leader, announced Saturday formation of a league to campaign for non-compliance with the draft unless President Truman issues an executive order against segregation.

U. S. Sets New World Record In Exporting of Wheat Abroad

By WILLIAM FERRIS
CHICAGO — (AP) — The United States yesterday closed the books on its third post-war crop exporting year. In that period it has shipped more wheat abroad than any country in the world's history. Most of it has been shipped free.

Only in recent months, when the Marshall Plan was being debated in Congress, has the magnitude of America's effort to help feed a starving world been recognized.

Prior to that, for more than two years, American grain was distributed around the world without fanfare.

Wheat and flour exports in the crop year now ending — July 1, 1947, to June 30, 1948 — have totalled around 475,000,000 bushels.

How much is 475,000,000 bushels? The per capita consumption of wheat as food in the United States is less than four bushels a year. On that basis, we sent abroad enough wheat in the last 12 months to fill the wheat food requirements of 114,200,000 Americans for a full year.

For another thing, about 1,800 bushels of wheat fill one railroad box car. During the past year much publicity was attached to one or two "friendship trains" sending food to Europe. But actually we sent abroad enough wheat to fill 2,777 railroad trains of 100 box cars each.

For still another thing, wheat can be and is used as a livestock feed. It takes about seven pounds of wheat to make one pound of meat. A bushel of wheat is equal to 60 pounds. Translated in terms of meat, the wheat we exported in the last 12 months was equal to more than 4,000,000,000 pounds of meat.

In the 1944-45 year we exported 182,985,000 bushels of wheat, stepped up to 390,741,000 bushels the next year and 400,307,000 bushels last year. Other grains also were exported, although not in as large quantities as wheat and flour.

During this period the United States has come to the forefront of exporting nations. Prior to the war the United States ranked fourth.

In the four years prior to 1939, Argentina exported 41 percent of the total world exports, Canada 18.2 percent, Australia 9.7 percent and the United States only 4.6 percent. The remaining 26.5 percent was divided among other nations.

But after the war, in the 1945-46 crop year, the United States ex-

Rhode Island Reds Dark or Light?

COLLEGE STATION — (Special) — "Don't expect all Rhode Island Reds to look alike," E. D. Pannell, of Texas A&M College Poultry Department told Texas poultry raisers at a short course here.

"Pure-bred chickens may differ greatly in plumage patterns, which are hard to establish and maintain. Breeders are mostly concerned with maintaining high egg production, which is the most important matter, Pannell explained.

"But it still upsets the buyer to get dark chicks this year, from the same breeder who sold him light chicks a year ago." Poultry breeders from as far away as El Paso were present at the two-week-long short course. In addition to hearing lectures from the A and M poultry staff, the visitors saw demonstrations at the college poultry farm.

LOS ANGELES — (AP) — Another Los Angeles wife got a divorce because her husband drank too much.

"But he doesn't drink whisky," Mrs. Marie Dunn told the court about Everett Dunn. "With his coffee, he has to have 15 to 20 cups of it before I can get him out of the kitchen in the morning."

The court gave her the decree.

Divorce Is Granted On Coffee Grounds

LOS ANGELES — (AP) — Another Los Angeles wife got a divorce because her husband drank too much.

"But he doesn't drink whisky," Mrs. Marie Dunn told the court about Everett Dunn. "With his coffee, he has to have 15 to 20 cups of it before I can get him out of the kitchen in the morning."

The court gave her the decree.

Some Points of Platform Are Good

With this plank in the Republican platform it is pretty safe to assume most Americans will agree: 'To establish a national maintenance of peace, to build a country in which every citizen can enjoy a good living with the promise of real progress for himself and his family, and to uphold as a beacon light for mankind everywhere the inspiring American tradition of liberty.'

Another platform pledge which should meet with deep, widespread approval is this: 'We pledge an attack on the basic causes of inflation, including progressive reduction of the cost of production, fiscal policies to provide increased incentives, a sound currency, reduction of the public debt.'

These points are in the directly opposite direction from those toward which Mr. Truman and his party have been traveling. As a whole, however, the platform is far from being the strong structure that is a yardstick of America's today.

ECA Shipments First Quarter Near Billion Mark

WASHINGTON - (AP) - Approved Marshall-Plan shipments last night reached a total of \$730,783,993 as the Economic Cooperation Administration neared the end of its first-quarter of recovery operations.

MOPSY by Gladys Parker

IS THERE ANY RULE ABOUT WEARING GLOVES IN THIS GAME? A cartoon illustration showing a woman in a dress and gloves, looking at a man in a suit.

HASTY LEGISLATION by Upton Close

DPs WILL START ARRIVING SOON WASHINGTON - Much of the legislation passed by the 80th Congress will presently begin to take effect, but half a dozen important measures are not well enough known to the great American newspaper "audience" because pre-convention news stole the headlines during the closing days of Congress.

ALIENS IN OUR ARMY The Senate generally breathed in relief when the House refused to allow the Senate provision in the draft bill to allow the Army to enlist 25,000 aliens. These aliens would be granted citizenship after military service.

Fair Enough by Westbrook Pegler

NEW YORK - President Harry S. Truman made a cryptic remark as one of his hectoring aides to the crowd on his western trip which he explained by reference to his own political past and to the historical background of western Missouri. He said in effect they hadn't hung anything on him.

Mr. Truman obviously referred to his deep, personal implication in the affairs of the Tom Pendergast political machine in Kansas City and Jackson County. This machine thoroughly deserved the title of "gang" in the worst political meaning of that term.

President Truman began as a political punk in the lower, non-political grades of the Pendergast gang. If he had been an ambitious and if he had, for the record, set down a moral pro and con, he would have been stopped dead by the same rascal who was pushing the acquiescent county commissioner to the Senate.

As to the reality of this connection between the Pendergast gang and the criminal underworld of Kansas City, I can give testimony. Otto Higgins, an old Kansas City politician and a well-known reporter, too, had drifted into politics and was police commissioner when I landed in town one winter about 10 years ago.

Small business should be encouraged through aggressive anti-monopoly action, elimination of unnecessary controls, protection against discrimination, correction of tax abuses and limitation of competition by governmental organizations.

These points are in the directly opposite direction from those toward which Mr. Truman and his party have been traveling. As a whole, however, the platform is far from being the strong structure that is a yardstick of America's today.

Common Ground by R. C. HOILES

A Bill That Should Be Passed Congressman Max Schwabe of Missouri has introduced a bill into Congress to repeal the Fair Labor Standards Act of 1938.

SECTION 1. The Congress hereby finds that the Fair Labor Standards Act of 1938, as amended, has not served its intended purpose of eliminating conditions detrimental to the maintenance of the minimum standard of living necessary for health, efficiency, and general well-being of workers.

Under the Fair Labor Standards Act of 1938, as amended, does nothing to alter, affect, or remedy the true causes of conditions detrimental to the general well-being of workers.

Gracie Reports By GRACIE ALLEN Ordinarily, I don't bother the Siamese government, and they don't bother me. But I read where they've banned the young men of Siam from wearing hair any longer than a fifth of an inch.

THE NATION'S PRESS SOMETHING FOR EVERYBODY (The Daily Oldhamian) When he campaigned for governor recently, Earl Warren promised virtually everybody something. He proved to be the highest bidder and won.

SO THEY SAY Children cannot be expected to behave like human beings if they are housed like animals. Nilo Kotilainen, assistant chief of Finland's Bureau of Child Protection blaming juvenile delinquency on bad housing.

FUNNY BUSINESS BY HERSHBERGER A cartoon illustration showing a man in a suit looking at a large stack of money or papers.

Porter Picks 43rd Floor for Airing NEW YORK - (AP) - Police emergency squads rushed to the Woolworth Building on a telephone tip that a shirtless man was threatening to leap from one of the skyscraper's upper floors.

Most Popular Man At The Convention

NATIONAL WHIRLIGIG news behind the news

WASHINGTON - Republican presidential nominee Thomas E. Dewey probably has not had a moment to give a thought to the election of a cabinet, provided he wins in November, but almost every prominent member of the party has spotted prospective occupants of key posts under a GOP administration.

POWER - Two cabinet posts which do not always cause much discussion or dispute have leaped into prominence and controversy for obvious reasons. They are Interior and Agriculture. The tremendous development of the Far West during the war, the depletion of natural resources during the conflict, and the revived battle between public and private power interests make Interior a ranking assignment.

CONSERVATIVES - Two active candidates are Representative Ben F. Jensen of Iowa and Robert E. Jones, now on the Federal Communications Commission but a former member of the House. Mr. Jones served as chairman of the Appropriations Subcommittee handling Interior funds and problems.

DECISION - Not particularly outstanding names have yet been suggested for Labor or Commerce. It is not believed that any decision on the first position will be made until after the various labor groups have revealed their stand during the progress of the campaign.

Dinner to Honor Dr. J. A. Hill CANYON - (Special) - The testimonial dinner for Dr. J. A. Hill here July 5, at 7:30 p. m. will be open to the general public. Some of the leading educators in the Southwest, ex-students of West Texas State College, and friends of Dr. Hill will pay tribute to him at this dinner.

OFFICE CAT Judge: "What does the expression 'See you mean?' mean?" Clerk: "My lord, it appears that this is a slang expression of American origin which has gained respectable currency in the language of our people through the insidious agency of the cinema, and I am led to understand, employed to indicate state subtlety in the mind of the speaker as to the veracity or credibility of a statement made to him."

TOP O' TEXAS NEWS

Shamrock - (Special) - "Stewardship" was the subject of the program studied at the Lela WSCS meeting Monday. Those present were: Mmes. Joe Glover, O. T. Gordon, A. N. Motes, J. C. Nix, Cecil Seago, J. W. Stauffer, T. E. Trostle, J. E. Lowrey, George Crow, and Misses Willena Gordon and May Ruth Stauffer.

McLean - (Special) - Mr. and Mrs. Laurence Bourland of Tulsa are the parents of a boy, born June 16, at the Tulsa Hospital. The child has been named Laurence Fern, Jr. Grandparents are Mr. and Mrs. F. H. Bourland and Mr. and Mrs. C. E. Corta, McLean.

In Hollywood By ERSKINE JOHNSON HOLLYWOOD - (NEA) - A 13-year-old lady chimp in bobby sox and a red bra kissed Jimmy Stewart. Jimmy blushed and said: "This is the best I've been able to do."

Orchestra leader Charley Barnett and Rita Merritt have agreed on a divorce. Charley's next - his sixth bride - will be Pat Dane (Tommy Dorsey's ex.). They met on the set of "A Star is Born."

THE YOUNG MATRONS Home Demonstration Club was entertained with an all-day meeting and covered-dish luncheon at the noon hour Friday when they met in the home of Mrs. George Beatty.

W. L. Teakell was complimented Sunday with a dinner at the home of his daughter, Mrs. M. A. Fillers, who resides near Twitty. The occasion being Father's Day was also the birthday of the honoree. Mr. Teakell received many useful and attractive gifts from the guests.

More about Cy Howard, who originated "My Friend Irma." The guy hates to watch clocks but on a radio show clock-watching is important. So Cy employs a human watch - a guy who sits in the radio booth with a clock and a stop watch, and tells him how many minutes he has to spare or lose.

All of Us Are Peculiar, Says 'Texas Professor' Society is composed, not of 'average' people but of people who are abnormal in one or more respects. So states Dr. Roger Z. Williams in the Reader's Digest for July, appraising the 'depressed physiological differences that make each of us act, think and feel differently from everyone else.' Dr. Williams is director of the Biochemical Institute, which is known to exist. His article is condensed from his book, 'The Human Frontier.'

In such everyday sense-reactions as taste, smell and the stimulus of color, wide differences between individuals have been demonstrated. Marked variations in reaction to drugs are known to exist. Sleep requirements vary from 'almost none' for some people to many hours daily for others.

Containing that such physical differences indicate a comparable range of variance in mental abilities. Dr. Williams says that human beings cannot justly be classified as 'dumb' or 'intelligent.' Each human mind is a mixture of perhaps 300 distinct mental abilities and traits, any one of which may be possessed in high or low degree. Idiot-savants, who are very weak in certain mental resources, very strong in others, are 'simply extreme variations of you and me.'

The author cites the unusual mechanical ability of one man who, by ordinary intelligence tests, ranked as a low-grade moron. Another 'feeble-minded' individual was able to memorize the city telephone directory. Such an acknowledged genius as Albert Einstein was backward as a child, unusually slow in learning to talk. Educators have not sufficiently recognized these human variations, Dr. Williams believes. The importance of considering each child as an individual with widely different aptitudes has been obscured in our school mass-production methods of teaching.

Stalin Might Quit, Magazine Declares NEW YORK - There's some basis to rumors that Stalin will step down as Soviet premier, says Business Week magazine. 'The Russian dictator is considering a shift back to his pre-war role - when he wielded power by merely holding the reins of the Communist Party. That way he can pick his successor while he's still alive,' the magazine points out. 'Top members of the Politburo are fighting for the job already and the chief contenders are Molotov and Malenkov. But a shift probably won't be made before the next meeting of the Communist Party early in 1949.'

Burglar Takes Bath For Clean Get-Away CHICAGO - (AP) - The youthful burglar who broke into Paul Dory's home and stole about \$300 worth of articles made a clean getaway. Dory saw the burglar flee when he arrived home about noon. He noticed he was wearing his green jacket and plaid trousers. The burglar's gray shirt and trousers were found in Dory's bathroom. There was evidence the youth had taken a bath.

Political Calendar The Pampa News has been authorized to present the names of the following candidates for election in primary subject to the action of the Board of Supervisors in their primary election on Saturday, July 25, 1948.

Well Opens New Field In W. Texas

BARTLESVILLE, Okla. — The Ches Service Oil Company announced completion of the No. 1 Proctor in Section 355, Block G of CCSD&RGNG Survey, five and one half miles west of the Seminole Field in West Texas. The company said it marked opening of a new oil field in West Texas. The well is owned by Ches Service and Atlantic Refining Company. It was completed for 410 barrels of oil a day through a 30-64th inch choke on tubing, the company said. The wildcat was drilled to 5,620 feet to get salt water with a show of oil and water. It plugged back to the San Andres Lane at 5,144.98 feet, the present total depth. After acidizing the well was tested through various chokes. It had about 6,000,000 cubic feet of gas a day.

NON-FATAL
In spite of the popular belief that a patient with shingles will die if the shingles extend completely around the body, the disease is never fatal, according to the Encyclopedia Britannica.

Texas Group Buys Surplus Pig Iron Plant

DAINGERFIELD, Tex. — Ownership papers of the \$30,000,000 Daingerfield pig iron plant were presented Thursday to the Lone Star Steel Company in a formal ceremony here. The papers were presented on behalf of the government by Rep. Patman (D-Tex.), who has backed the East Texas plant since it first was proposed. It was constructed by the government during the war. A formal deed to the property was turned over in Washington Thursday to John D. McCall of Dallas, company attorney. He received it from War Assets Administrator Jesse Larson. Lone Star bought a blast furnace, coke ovens, iron ore deposits, and two coal mines in nearby Oklahoma for \$7,500,000. Larson gave the papers to McCall in return for a final payment check of \$4,685,081.66. In Dallas Eugene B. Germany, company president, said Lone Star borrowed \$4,500,000 from three Dallas banks for use in purchasing the pig iron plant. He said the loans were for a 30-day period and were made to enable the company to obtain a 20 percent reduction in the purchase price of the plant. The temporary loans are to be replaced by commitments from leading Texas insurance companies within 30 days, Germany said.

Grand Jury to Inquire Into Veteran Housing
DALLAS — Veterans Housing in Fort Worth and Dallas is expected to go under grand jury investigation here July 14. U. S. Marshal J. R. Wright said in Fort Worth that he had a court order to call the Federal Grand Jury back to Dallas for a special session to probe veterans housing in the two cities. U. S. Democratic Party rules provide twice as many delegates to national conventions as do Republican party rules.

Now Many Wear FALSE TEETH

With Little Worry
Talk about a new national fear of missing false teeth dropping out or washing away! FASTPERETH is finer and more comfortable. This pleasant powder has no kinks, no sticky taste, or feel. It doesn't clog, burn, or irritate. It's Alaska (trademark) Checks (plate color) restore beauty. Get FASTPERETH at drug stores.

POLITICS

(Continued from Page 1)
suggested that the question be put to Eisenhower. Mr. Truman made it plain that he would make the record of the Republican-dominated 80th Congress an issue in the campaign. He said the Republicans had many jobs undone when they quit June 20 for their Republican National Convention. "Will you call a special session?" a newsmen asked. Mr. Truman said he would not comment on that at this time. He did say that he would tell the people in the coming campaign what he thinks as he did on his recent cross-country trip—of what Congress did to them, not for them. The President was asked about his comment on a trainside audience in California that he liked Gov. Earl Warren, now the Republican vice presidential candidate. As a matter of fact, the Chief Executive said, he didn't have anything against Gov. Dewey, except that he said he is going to beat them both in the coming campaign. Thomas E. Dewey heads the Republican ticket. "Then you definitely won't retire from the campaign?" another reporter said. Mr. Truman said certainly not. He termed the query foolish question number one. (At Hyde Park, Miss Malvina Thompson, secretary to Mrs. Roosevelt, said Mrs. Roosevelt was visiting friends and was not immediately available for comment on Mr. Truman's declaration he was agreeable to having her on the ticket. Miss Thompson added she did not think Mrs. Roosevelt would have anything to say at this time.)

Locust Plague Under Control in Mexico

MEXICO CITY — The locust invasion from Guatemala has been 80 percent wiped out, the Department of Agriculture reported. A number of waves of the pests, moving up through Central America, crossed the Mexico-Guatemala border this week. Detachments of specially trained troops went to work on them with smoke, fire and insecticides sprayed from planes and vehicles. The department said it expects to complete extermination of the locusts Friday, but troops will stand by in the event of further invasions.

Savings Decrease To Meet Living Cost

DALLAS — The high cost of living was blamed for decrease in savings deposits last month in the Southwest. The Dallas Federal Reserve Bank said that the downward trend resulted from withdrawals to meet rising prices and a demand for a miscellany of goods and services. Savings declined fractionally in ten leading cities of the reserve district with only Galveston and Houston reporting slight increases. A sharp increase during the five weeks ended June 16 was shown in deposits and investments of reporting member banks in leading cities of the district. FLOOD TAKES HIGH TOLL
HONG KONG — Travelers from Swatow in South China estimated Monday between 200,000 and 300,000 persons lost their homes in the area's worst flood in 50 years.

State Lists 78 New Polio Cases

AUSTIN — Seventy-eight new victims of polio were reported in 25 Texas counties last week. The State Health Department reported the new incidence of the dread disease has raised the state's total to date to 580 cases in 65 counties. The incidence is double that reported during the comparable period in 1945, the last bad polio year, when 292 cases were reported from 66 counties. New cases were reported for the week ending June 26 as follows, by counties: Bee 1, Bexar 1, Brazoria, 5, Brooks 1, Cameron 4, Cochran 3, Dallas 4, Ector 1, El Paso 2, Fort Bend 3, Galveston 10, Hale 1, Harris 20, Hidalgo 5, Jones 1, Lubbock 1, McLennan 1, Nueces 6, Robertson 1, San Patricio 1, Smith 1, Tarrant 2, Terry 1, Webb 1, Willacy 1.

Berlin

(Continued from Page 1)
Russians. Bevin told the House of Commons the Western powers are considering a direct approach to the Kremlin in an attempt to settle the Berlin crisis. In Paris, Foreign Ministry sources said France has proposed joint American, British, and French action to break the blockade. The informants said U. S. officials had expressed verbal approval. In Frankfurt, where the American, French and British military commanders are meeting, Germans are being told today to start forming their own government for all Western Germany. This fusion of the three Western zones will leave the Russian occupied sector in almost complete political and economic isolation.

YUGOSLAV

(Continued from Page 1)
have decided to leave the Socialist Front and democracy and, also, there may be a funny official decision that we are not any more in the front," said the editorial. "No one can expel our party and our country from this front. . . . Borba said the Nationalist charge against the Yugoslav Communist Party and its leaders "was fabricated at the last moment when they refused to occupy the dock of the Information Bureau (Cominform) to answer for contrived and fabricated acts." The Cominform bulletin did not make its usual appearance here, this morning. There was no explanation. The bulletins have been printed in Belgrade, which has been the Cominform's headquarters for months. Borba published a photograph of Tito visiting near Belgrade yesterday. He was dressed in civilian clothes.
