### Soviet Making Every Effort to Run Western Allies Out of Berlin

#### Soviet Stops Power Supply Within Berlin

BERLIN (AP)—The Russians disrupted the power supply and freight shipments in Western Berlin today, but Gen. Lucius D. Clay served notice that no action short of war is going to force the Americans from this city.

Clay, the American military governor, said in Heidelberg the latest moves by the Russians indicate they are trying to put on the final pressure to drive us out of Berlin. He said this could not be accomplished "by any action short of war."

All food shipments on rail lines running from Western Germany were halted. Power from plants in the Soviet zone was restored in most sections of Berlin this afternoon after cuts of varying length, but it was expected to be turned off again later in the evening.

Gen. Clay said he had no plans for cutting off water and power to parts of the Soviet zone supplied from the American area state of Bavaria. He said the Western sectors of Berlin had enough water or supplies of their own and could furnish about half the normal power consumption of the area.

At midday there were reports that water service was being disturbed in some parts of the French sector. Only low, trickling pressure was reported in some buildings. The reason for the disturbance could not be traced at once.

The only areas spared from the power shutdown were those of the hospitals and other important public institutions are located. The Soviet actions apparently were new steps in a Russian drive to win control of the four-power city from the Western Allies.

The power disruption was reported off in Zehlendorf, a Berlin district where many U. S. Army installations and billets are situated.

The current in Tempelhof, another borough in the American sector, had its power snapped off at about the same time and then similar current cutoffs were reported from other parts of the Western zones.

Officials at Dewag, the huge German power concern in the Soviet sector, said they were shutting off the power under Russian orders. They said they hoped to restore the current for a while this evening.

The huge U. S. military government office building in Dahlem and some other American installations generate their own power.

The turning off of electricity followed a British report that the Russians had ordered the Berlin electricity company to quit supplying the city's Western sectors.

#### Man Injured in Motorcycle Wreck

Nathan Turnbo, son of Mr. and Mrs. W. A. Turnbo of Lefors, has been at the Worley Hospital since Saturday night as a result of a motorcycle-jeep collision 10 miles east of Lefors.

A Junior majoring in Petroleum Engineering at Texas Tech. Turnbo was riding his brother's motorcycle when the accident occurred. He was parked at the top of the hill when he was run into by Turnbo's brother, Harold, on leave from the Navy, said his motorcycle was not damaged much.

Turnbo's leg was broken and a muscle and ligament cut. He was treated for an hour and 15 minutes on the operating table. His attending physician reports he will remain at the hospital another two weeks.

#### Damage Slight in Auto Collision

Damages were slight in a collision between two automobiles at the intersection of W. Brown and S. Russell at 5 p. m. yesterday.

The vehicles involved were a 1947 International truck and a 1946 Ford coach, whose drivers gave their names and addresses to investigating officers as Ples Dow Miller, 504 S. Scott, and Mrs. Dollie Friend Riley, who has a Postoffice address.

Damage to the Ford was estimated at \$15. There was no damage done to the truck.

According to the police report, the vehicles brushed fenders when they attempted to pass at the intersection.

#### Oil Production Sets New Record

TULSA (AP)—Soaring American oil production reached another new record during the week ending June 19 by averaging 5,490,685 barrels daily. The Oil & Gas Journal has reported.

This represented an increase of 15,220 barrels daily over the previous weeks figure.

Major increases contributing to the overall gain were recorded by:

- Illinois up 2,000 barrels to 1,718,000 barrels; Kansas, up 7,700 barrels to 308,050; a new high for the state this year; Oklahoma, 1,350 to 428,450; also a new high; Mississippi, 3,920 to 118,505; Wyoming, 1,920 to 148,160; and Montana 680 to 25,030.

Indiana, Florida, Arkansas and New Mexico had gains of 500 barrels or less.

Largest declines were reported in the Eastern Area, down 650 barrels to 85,800; Kentucky, off 2,100 to 23,000; and California, down 500 to 949,500.

Alabama, Louisiana, Michigan, Nebraska and Colorado each were off 200 barrels or less.

Texas production was unchanged at 2,467,375.

#### MEETING POSTPONED

The City Commission postponed its regular weekly meeting Tuesday because a quorum of the five was not present. Both Mayor Huff and Commissioner Atkinson were out of town, and Commissioner Ballard had been called for jury duty.

### CONTRACTOR WOULD BEGIN COUNTY HOSPITAL JULY 7

Construction of Highland General Hospital can be started on July 7 it was revealed yesterday by the Harmon Construction Company, low bidder on the institution.

Of course, there is one big if to the whole thing—if the bond issue of an additional \$85,000 passes on June 30.

The Special Hospital Committee was assured by County Judge Sherman White, and other county commissioners, that if the bond issue passes on June 30 they would award the contract July 1 to the low bidder, The Harmon Construction Company, Oklahoma City.

This was revealed by Attorney Arthur Teed to The News yesterday and later reiterated by C. B. Ausmus, chairman of the committee, before the Pampa Rotary Club, and by the Pampa Chamber of Commerce.

A letter signed by H. L. Walter, general manager of the Harmon Construction Company, said "The construction will start just as soon as is humanly possible after issuance of the contract, as we wish to perform all work possible prior to winter weather setting in."

E. D. Wedgworth, manager of the Chamber of Commerce, said this morning that he had consulted Walters by phone and was assured the job superintendent and a crew would be in Pampa on July 7 to start construction if the bond issue passes.

This disclosure blew sky high any and all ideas, rumors, and prophecies that declared the bond issue would only serve to delay building the hospital. However, if the bond issue does not pass a delay will be incurred because the plans will have to be redrawn accordingly for the money now on hand to construct a 70-bed hospital.

Attorneys Arthur Teed and Curtis Douglas presented a list of witnesses who testified that Howard Hudgins, in conversations with them, declared his intentions several years before his death, and prior to writing his will on July 3, 1946, of leaving his 80-acre plot of ground and residence to the McInturffs.

A full judgment in the case had not been prepared by Judge Lewis M. Goodrich by this morning.

W. L. Ayres, foreman of the jury, handed the verdict to Judge Goodrich at 6:15.

### Jury Decides Will to Stand

The last will and testament of Howard Hudgins (deceased) will stand as written, the 12-man jury hearing the case, decided yesterday after a one hour and forty minute deliberation in 31st District Court here.

The case went to the jury at 4:30 p. m. and the verdict was reached at 6:15. The jury declared Howard Hudgins had executed the will, that he was of testamentary capacity when he executed it, that he did not execute it under duress, and that undue influence was not exercised on him by proponents in the case, Mr. and Mrs. G. W. McInturff.

Testimony given to the jury by County Clerk Charlie Thut, Attorney Marion Reynolds, who drew up the will, and Dr. R. A. Webb, who attended Hudgins several times before his death, practically clinched the case insofar as the question of Hudgins' testamentary capacity was concerned.

Attorneys Walter Rogers, and R. E. Ewing, counsel for the opponent, Harvey Hudgins, son and only heir of the deceased, denied that Mrs. Verna Vae Hudgins, Harvey's wife, had ever mistreated him or made any derogatory remarks about her father-in-law.

Attorneys Arthur Teed and Curtis Douglas presented a list of witnesses who testified that Howard Hudgins, in conversations with them, declared his intentions several years before his death, and prior to writing his will on July 3, 1946, of leaving his 80-acre plot of ground and residence to the McInturffs.

A full judgment in the case had not been prepared by Judge Lewis M. Goodrich by this morning.

W. L. Ayres, foreman of the jury, handed the verdict to Judge Goodrich at 6:15.

### Courts Ban New Strikes In Shipping

NEW YORK (AP)—New Federal Court orders barring threatened shipping strikes on three coasts and in the Great Lakes region were in effect today.

The orders were issued in New York, San Francisco and Cleveland yesterday on the eve of the expiration of temporary strike bans obtained by the government.

In New York, the full force of a Taft-Hartley law clause was invoked by Federal Judge John W. Clancy who extended a 10-day restraining order on an 80-day anti-strike injunction.

The "cooling off" order affects 10,000 shipping workers—members of the CIO Maritime Union and two other CIO unions on the East and Gulf Coasts.

In San Francisco, Judge George B. Harris extended for another 10 days the temporary restraining order issued June 14 against five unions representing 30,000 workers.

In Cleveland, Judge Emerich B. Freed also extended for 10 days a temporary anti-strike order to block a work stoppage by the NLU against Great Lakes shipping.

After the New York injunction was issued, NLU President Joseph Curran said in letters to the union membership that the union "will not strike in the face of a federal injunction."

A government motion to enjoin 85 East and Gulf Coast shipping companies from engaging in a lockout was dismissed by Judge Clancy yesterday. He ruled there was no evidence to indicate a lockout was threatened.

Other CIO unions affected by the New York injunction are the American Radio Association and the Marine Engineers Beneficial Association.

The nationwide maritime strike originally was threatened for June 15 by seven unions in a dispute over new contract terms, mainly the union's hiring hall.

### Quartermaster Show Planned

The official American Quarter Horse Show will be held again this year in connection with the annual Top of Texas Rodeo and Horse Show on Aug. 4 and 5.

Quentin Williams, superintendent of the show, said today the classes and awards will be approximately the same as last year.

There will be four age classes for stallions and mares in the halter class showing, and a performance contest for all stallions, mares, and geldings registered in the American Quarter Horse Breeders Association.

A hand-made saddle will be awarded the first place winner in the performance contest, and cash awards will be given the next three place winners.

Additional stalls are being provided to insure adequate space for the entries. Stalls will be available by 9 a. m. Aug. 4, and judging will begin at 8:30 a. m. Aug. 5.

There were 100 entries from five states last year, and many more are expected this year, Williams said.

### School Teachers Aid In Sanitation Control

COLLEGE STATION (AP)—Dr. C. E. Moore, Jr., of the State Department of Health, said Wednesday that the classroom teacher, working with the child's family physician, is the first line of defense in control of communicable diseases in the classroom.

Addressing delegates at the 23rd annual Conference of County Superintendents and County Superintendents at Texas A&M College, Dr. Moore urged teachers not to wait "until you can recognize a specific disease overtaking the child."

"Report it immediately," he said.

BRADLEY ISSUES WARNING

PASO—AP—America's ground mines were better prepared for war before Pearl Harbor than now, Gen. Omar Bradley told a press conference at Fort Bliss Wednesday during an inspection tour of military facilities at El Paso, Bradley and his staff left for San Antonio.

### RANCH CHANGES HANDS

MCALEEN, TEX.—AP—The \$7,000-acre Arrowhead Ranch in Hidalgo and Starr counties has a new owner. He is T. W. Lee, a rancher and oilman from Gladewater. He bought the property for approximately \$2,000,000 from Elmer C. Bentsen and Lloyd M. Bentsen, Sr., of McAllen and Mission.

Another old landmark being removed out of the original Pampa. The old house that sits just across the street from Furr Food is being moved today to make way for the new six-story building to be erected there, by R. G. (Dick) Hughes.

### Reds Mapping New State in East Germany

WARSAW (AP)—The foreign ministers of Russia and seven satellite countries were reliably reported today to be putting the finishing touches to plans to set up a separate government in East Germany.

One conference observer said that would be their most likely answer to the Western Allies' proposed federalization of Western Germany.

This source added, however, that Soviet Foreign Minister V. M. Molotov and his colleagues probably would not step further than the Western powers.

If a separate government is set up, he said, it still, in the opinion of Russia and her neighbors, would be a government aimed at Germany unity.

Leipzig has been mentioned as a government center.

Conference observers who cannot be named said the Eastern nations would declare any government formed to be open to all Germans.

The Western powers invited the Russian zone to participate in formation of the German government but the Russians turned down the bid.

Such a government would be expected to seek recognition by the support of German Communists in the Western occupation zones.

Thus Russia and her neighbors could keep effective channels open for spreading communism and waging Russia's own cold war against the Western powers.

German Communist Leader Wilhelm Pieck was reported attending the conference.

Molotov and the other ministers motored over rainwater roads to suburban Wilanow Palace early today to discuss "discussions" on "German problems."

Polish lommyngunners stationed about 80 feet apart kept watch along all the eight miles of the eastward route out of Warsaw.

Nobody but the ministers and a few aides were allowed in the palace.

An official announcement said (See GERMANY, Page 16)

### NINE DIE AS FLOODS HIT IN OKLAHOMA

OKLAHOMA CITY (AP)—Highway patrolmen, working against the crest deadline of the rampaging Canadian River, early today evacuated the 300 persons in the Eastern Oklahoma farm community of Whitefield.

Persons in that town were more fortunate than those in other sections of Oklahoma, where nine have been found drowned and 3,000 others made homeless.

Hydro in the Western Oklahoma wheat belt was hardest hit. An unofficial 19 inches of rain caused a flash flood on Deer Creek which inundated the city.

At Okmulgee in Northeastern Oklahoma, National Guardsmen patrolled streets against looters after the business district was under water.

Okmulgee Creek, which cuts through the heart of that city of 18,000 persons, forced almost 2,000 persons from their homes. All roads from the town were cut off by the high waters.

In the eastern river valleys, townsmen and farmers braced themselves for the flood crests yet to come and almost due.

Even as the Weather Bureau forecast gradual relief, new and heavy rains hit Oklahoma City in the state's central section. And more in the South, and McAlester in the East. The bureau said these rain torrents were probably the last efforts of the wider storm's Western edge.

In the south, as far as at Hydro in the west central sector, where Deer Creek rose in a flash flood Tuesday night and sprang a five-mile death trap around U. S. 66 transcontinental highway.

A Greyhound bus and more than 50 cars and trucks were trapped in a wall of water that rose swiftly to 12 feet where the creek winds across the highway four times.

Six dead were taken from one car, the bodies of two other motorists were found where the waters swept them, and the ninth victim was a Negro bus passenger who drowned in the dark while trying to swim to safety.

The search for more dead continued today. The State Highway Patrol lists four others including a one-year-old baby—as definitely missing.

The six dead in the one car were all from a single family. They included Wilson Friesen, 42, Corn, Okla.; his sister-in-law, Mrs. Harvey Friesen, 39; her two children, Carol, 8, and Jimmy, 5; and his sister, Mrs. E. J. Rogalski, Oklahoma City; and her son, Lowell Dean, 3.

Another child from the same car, one-year-old Gary Friesen, is missing.

The other dead were Mrs. Ethel B. Scarlett, 24, Weatherford, Okla.; James Dunn, Amarillo; the bus driver.

### Man Sentenced To 30 Days on Assault Charge

ROY C. FULCHER, of the Parker Hotel, was sentenced to 30 days in jail by Judge Sherman White in County Court this morning for beating and choking Mabel Louis Christian on Henry St.

The young girl, bearing black and blue marks where Fulcher hit her with a belt and marks on her throat where he had choked her last night, told Judge White she had been going with him for about six months, but was trying to get rid of him.

She added they had gotten on the bus and started toward her home at 624 Henry and an argument started about a half block from her house. She testified that he was mad because she wanted to "quit him" and she wouldn't quit her job, and that he threatened her life by saying "I've a good mind to kill you right now."

Fulcher had threatened her life on other occasions too, she told the court.

The girl declared that Fulcher had called her this morning asking her to drop the charges and said if she didn't and he "went up the river" for the attack "there would be one less person when he came back."

Miss Christian swore she believed he would have killed her last night if the police hadn't been sent for by her aunt.

### Survey Starts July 1 On Canadian River

WASHINGTON (AP)—Rep. Worley (D-Tex.) says the Interior Department has assured him a survey will be made starting July 1 of the proposed Canadian River reclamation, flood control, and power project in the Texas Panhandle.

The Texas says he was told by William E. Warner, assistant secretary of the interior, that part of a \$3,500,000 survey fund appropriated for the department will be earmarked for a study of the Texas project. He estimates the survey will cost between \$50,000, and \$60,000.

### We Saw . . .

HEAD GAVEL MAN — Rep. Joseph Martin, speaker of the House of Representatives, tries out the huge gavel he is using as permanent chairman of the GOP Convention in Philadelphia.

### New York Governor Lacks 114 Votes

CONVENTION HALL, Philadelphia—(AP)—Gov. Thomas E. Dewey fell 114 votes short of the 548 needed to win the presidential nomination today on the first roll call at the Republican Convention.

The official line-up was:

- Dewey 434.
- Taft 224.
- Stassen 157.
- Vandenberg 62.
- Dirksen 1.
- Reece 15.
- Driscoll 35.
- Green 56.
- Baldwin 19.
- Warren 59.
- Joe Martin 18.
- MacArthur 11.

Dewey's advisers had figured all along that he could hardly win the big prize on the first roll call, but contended it was certain by the fourth at the latest.

They hoped to win on the second which began immediately.

But reports from the floor indicated most of the states with "favorite sons" were inclined to stick with them for a second ballot.

Michigan's delegates said they would stand by Vandenberg.

Senator William Knowland called California "solid as Gibraltar" for Warren.

Immediately after the first ballot totals were announced, Harold E. Stassen told reporters:

"The first ballot is an indication that the delegates of this convention are insisting that they will make the nomination and that it will not be made in some back room."

The silence with which Indiana's switch to Dewey was greeted confirms this.

Stassen was sitting at the back of the stage directing the floor strategy of his lieutenants by means of messages. Mr. Stassen was by his side.

Backers of the New York Governor were so confident he had the nomination that they were talking about who should be his vice presidential running mate.

Rep. Charles Halleck of Indiana was getting most frequent mention.

Before the shirt-sleeved delegates started filing into the hall, Dewey's boom got boosts from Massachusetts and West Virginia, Senators Leverett Saltonstall, "favorite son" candidate of Massachusetts, got out of the race and

### Demonstration At Convention Loud and Gay

CONVENTION HALL, Philadelphia—(AP)—A girl in a bonnet floats down the center aisle on a swirling stream of humanity.

The Highlanders, killed a skirling, are right behind her.

A fire starts. The pipe organ blows a fuse. A cowbell clangs. A siren wails.

Balloons trailing pennons rise to the roof, far above, touch the lights and explode.

A blonde drum-majorette is hoisted atop the podium, struts, preens, and twirls her baton, hitting a delegate in the eye.

And while all this is going on hundreds of people, most of them of middle age, well dressed and intelligent in appearance, are scribbling around the hall, yelling, howling, bouncing placards, pushing, sweating, stumbling, and refusing to quit.

This was nominating night at the Republican Convention.

It lasted nearly seven hours from 7:20 p. m. (CST) until 4:15 most the dawn's early light. Tens of thousands of words were spoken. Millions of volts of electricity were burned up in the lights, the television and telegraph.

Millions more, in human energy, were lavished in the screaming and cavorting of the 1,094 delegates to the convention and the 13,000 people in the audience.

The purpose of all this was to nominate the various Republican candidates, each of whom hopes to win the right to run for the presidency of the United States.

Noise, confusion and carnivalesque revelry was in part, the currency for this, the coin of exchange. Each delegation attempted to outdo the other.

In terms of time, the demonstration on behalf of Sen. Kenneth E. Taft was the winner. It lasted 38 minutes. But in terms of wild and unrestrained roistering, plugging imagination and inventiveness, Harold E. Stassen's supporters were unchallenged.

They were the ones who floated the boat, sent the buzzards, sweated little drum-majorette to the podium, along with a Sioux Indian chief and the Scottish Highlanders. They were the ones who stormed the galleries and put two brass bands on the floor.

(See CONVENTION, Page 16)

### Outlook Good For Nation's '48 Corn Crop

CHICAGO (AP)—More than knee high by the fourth of July appeared to be a certainty today for the nation's all important corn crop.

Traditionally, corn should be knee high by July 4 if the country is to have a good harvest. It already is knee high in several Midwest states, growing rapidly as a result of heavy rains in the past 48 hours.

High prices now posted in grocery and meat stores are attributable at least in part to last year's short corn production.

Crop experts cautioned the crop will need timely rains in July and August—what it lacked in last year's drought —to come through to a big harvest as desired. But right now the outlook has seldom, if ever, been better.

J. Gramlich, agriculture agent for the Chicago and Northwestern Railway, who returned here today from a survey through Iowa, said corn in that state was "coming forward by leaps and bounds."

"There is a big acreage and it's off to a wonderful start," Gramlich said.

The Agriculture Department said earlier in the year that farmers intended to plant 86,131,000 acres to corn this year, just about the same as last year. Many grain men believe that actually a larger acreage was planted.

### Information Given On National Guard

Men 19 through 25, who want information about joining the National Guard before President Truman signs the Draft Bill, have been urged to contact William J. Ragdale at the Texas Employment Commission office, 206 N. Russell, between the hours of 9 and 6 p. m. week days this week and next, or call 214-7 after 6 p. m., it was announced today.

Col. E. P. Whitley of the Adjutant General's Department, Austin, said men can contact Ragdale concerning Battalion "A" of the 474th Field Artillery, designated for Pampa.

### Gas Testing of Wells Progresses

The deliverability gas testing of all gas wells in the Pehandle field is progressing nicely, J. G. McClintock, local manager of the Texas Railroad Commission, said today.

"Providing testing conditions remain favorable we expect to have most of the wells tested by the end of July," McClintock said.

J. A. Thurmond, independent gas engineer of Lefors, has made arrangements to handle all of the gas testing of the Harry Steckel Oil Company of Borger.

Azalea Oil Company of Fort Worth recently has purchased the wells and property of the Apache Oil Company, McClintock announces.

### Information Given On National Guard

Men 19 through 25, who want information about joining the National Guard before President Truman signs the Draft Bill, have been urged to contact William J. Ragdale at the Texas Employment Commission office, 206 N. Russell, between the hours of 9 and 6 p. m. week days this week and next, or call 214-7 after 6 p. m., it was announced today.

Col. E. P. Whitley of the Adjutant General's Department, Austin, said men can contact Ragdale concerning Battalion "A" of the 474th Field Artillery, designated for Pampa.

### Gas Testing of Wells Progresses

The deliverability gas testing of all gas wells in the Pehandle field is progressing nicely, J. G. McClintock, local manager of the Texas Railroad Commission, said today.

"Providing testing conditions remain favorable we expect to have most of the wells tested by the end of July," McClintock said.

J. A. Thurmond, independent gas engineer of Lefors, has made arrangements to handle all of the gas testing of the Harry Steckel Oil Company of Borger.

Azalea Oil Company of Fort Worth recently has purchased the wells and property of the Apache Oil Company, McClintock announces.

### Survey Starts July 1 On Canadian River

WASHINGTON (AP)—Rep. Worley (D-Tex.) says the Interior Department has assured him a survey will be made starting July 1 of the proposed Canadian River reclamation, flood control, and power project in the Texas Panhandle.

The Texas says he was told by William E. Warner, assistant secretary of the interior, that part of a \$3,500,000 survey fund appropriated for the department will be earmarked for a study of the Texas project. He estimates the survey will cost between \$50,000, and \$60,000.

### Man Sentenced To 30 Days on Assault Charge

ROY C. FULCHER, of the Parker Hotel, was sentenced to 30 days in jail by Judge Sherman White in County Court this morning for beating and choking Mabel Louis Christian on Henry St.

The young girl, bearing black and blue marks where Fulcher hit her with a belt and marks on her throat where he had choked her last night, told Judge White she had been going with him for about six months, but was trying to get rid of him.

She added they had gotten on the bus and started toward her home at 624 Henry and an argument started about a half block from her house. She testified that he was mad because she wanted to "quit him" and she wouldn't quit her job, and that he threatened her life by saying "I've a good mind to kill you right now."

Fulcher had threatened her life on other occasions too, she told the court.

The girl declared that Fulcher had called her this morning asking her to drop the charges and said if she didn't and he "went up the river" for the attack "there would be one less person when he came back."

Miss Christian swore she believed he would have killed her last night if the police hadn't been sent for by her aunt.

## Mainly About People

**Mr. and Mrs. Conrad Kotara, 116 Mike,** are the parents of a 6 pound 11 ounce daughter, Dorna Ann, born June 8 in St. Anthony's Hospital in Amarillo. The baby's paternal grandparents are Mr. and Mrs. Ed Kotara of White Deer.

**Dance every night, except Sunday** to Fran McCarthy's Modern 8 piece Brass Band, Vocalists Guy Lombardo style sweet music. Adm. \$1 per person, all taxes inc. no table charges except on Sat. nights at the Southern Club. Ph. 9545.

**Pfc. Charles W. McVey, son of Mr. and Mrs. J. E. McVey, Star Rt. 4,** has been promoted to corporal with the Air Force at Nagoya, Japan. He is currently assigned as a radio mechanic with a service squadron.

**For Sale Electric Record Player.** Good condition. Call Louise Stuart 785 or 3579.

**Mr. and Mrs. A. J. Beagle, 917 N. Gray,** are on an extended vacation at Tulsa and Liberty, Mo. While in Missouri they will visit their daughter, Mrs. Jack Ager.

**For quick sale 1941 Buick.** Clean and in good condition. Call 13981, 615 W. Broadway.

**Mr. and Mrs. John F. Studer, 1220 Christie,** are in Oklahoma City.

**Mrs. R. C. Rutledge and daughter, Eva May,** of Lefors visited Ann Hastings, county home demonstration agent, this morning.

**Miss Mariola Duvall of the First Baptist Church** has been elected cheerleader for the Texas Division of Softball Players of the YWA Baptist Assembly, now in session in Ridgecrest, N. C. Mariola was Freshman cheerleader at Pampa High School last year.

**The VFW Auxiliary will meet Friday evening at 8 o'clock** in the VFW-Legion Hall.

**Ruel Smith, superintendent of the Warren Oil Company, McLean,** visited the local Railroad Commission office this morning.

**Absentee votes may be cast in the County Clerk's Office in Gray County Court House on the Hospital Bond Election through Sat. June 26th.** If you plan to be away on vacation be sure to vote absentee before leaving.

**Mrs. Dee Patterson, 627 N. West,** spent Saturday in McLean.

**The best cream pies you ever ate at Pampa Baking Co.**

**Mr. and Mrs. M. M. Shelton of Mobeile** came through Pampa last night enroute to Lake McClellan.

**Off on vacation with clean suits, dresses, ties and sport togs—** If you have them cleaned at Master Cleaners.

**Mrs. J. W. Ellington was admitted to Wozley Hospital for treatment** this morning.

**For Rent: Hospital beds and wheel chairs.** Prescription Laboratory.

**Two some 8 foot Hot Point Refrigerators.** Modern Appliance 110 East.

**For rent 2 room furnished apartment.** 705 W. Foster. Adults only.

**Four room modern house for sale,** close in, on paving. Call at 705 W. Foster.

**D-C Cadillac Ambulance Ph. 4007.** John Hulse, one of the engineers from the Houston office of the Texas Railroad Commission testing gas wells in the Panhandle field, has returned to Houston because of his wife's illness. He expects to return to Pampa Saturday morning and resume his work.

**Fishermen! Before you leave on that outing get an Evinrude Motor.** Pampa Auto Mach. Shop 119 N. Ward Ph. 152.

**H. C. Coffee, Railroad Commission gauger,** has been on jury duty for the past two days, is now back on his job.

**Mr. and Mrs. Glen Dull and daughter, Glenda, of LaMesa, Calif.,** are visiting Miss Dull's parents, Mr. and Mrs. G. W. Redman, Mrs. Dull's twin brother, Ray Redman, and family of Lefors. The Dulls will go to Colorado over the weekend to attend the wedding of Mr. Dull's brother, Perce Dull.

**Water Supply Perennial Jesse James Has**  
**Is Reviewed Been St. Joseph Headache**  
**For Many Too Many Years**

A review of the city's water supply and its future water resources was presented to the Pampa Rotary Club at its weekly noon meeting in the Palm Room, City Hall, yesterday by City Manager Steve Matthews.

Matthews, who will be the club's president after next week, told of the city's success in acquiring three sections of land south of the city where water has been found to be far less solid content than any of the six wells now operating within the city limits. He added the city expects to pump at least three and one quarter million gallons of water daily providing the town is not hit by a water shortage. He also reviewed condition of the city's present disposal system and added the City Commission has decided on improving the 10,000 population capacity built system so it will meet and surpass present requirements in order to guard against future demands. The estimated improvement cost of this runs close to \$100,000, the city manager informed.

C. B. Ausmus, chairman of the Special Hospital Committee, announced that the committee had been informed by the County Commissioners' Court they would let the hospital contract on July 1. If the special \$85,000 bond issue carries and that construction would then start on July 7.

President Ray Evans reminded

though few cities could boast of such a system, Marshal Enos Craig reported he had two men in custody who said they killed Jesse James. They were the Ford brothers.

On June 22, 1882, a gentleman appeared at the office of the News-Press, which had taken over The Gazette, and calmly announced he was the original Jesse James. To prove it, he wanted reporters—and a photographer—to go with him to the old James house on Lafayette Street, where he would submit convincing proof, he said.

The new Jesse James said it was true a man was killed in the home, but the man wasn't Jesse James. He said he and his brother Frank were riding toward the house when they heard the shot that killed the man later identified as Jesse. He took \$50 in gold from the body of the dead man, he said, and buried a gun and fled. "Now to prove to you I am Jesse James I am going to dig up that gun, provided it already hasn't been found. That gun will have the initials 'B' carved with a penknife on the black handle."

He picked up a grubbing hoe, started digging in a clump of current bushes and in practically no time had dug up a gun. "Gentlemen, does that convince you I am the original Jesse James?"

A lot of people weren't convinced. The controversy raged until July 5, 1934 when Henry Bauman, now dead, came to the News-Press with a photograph. He was a grading contractor in 1886, and as part of the improvement of Lafayette Street the whole top of the big hill had been cut off. A gun buried by Jesse in 1882 would have been at least 14 feet under ground in order to be within reach of a grubbing hoe in 1932.

That was the last St. Joseph heard of the Jesse James of 1932. About that time every circus and carnival company had an original Jesse James.

ST. JOSEPH, Mo. (AP)—When an old man down in Lawton, Okla., turned up recently claiming that he was Jesse James, no one around St. Joseph was surprised. The folks around here are accustomed to that sort of thing. It has been going on for years. Jesse James has become an American legend. His connection with St. Joseph was merely that he lived here briefly. But, unfortunately for the city that gave the world the pony express and launched Eugene Field on his career, Jesse James and St. Joseph are almost synonymous. Jesse had the hard luck of being shot in the back of the head, with fatal results, during the period he was holding up here under the name of Mr. Howard.

That was more than 66 years ago. Jesse was shot on the morning of April 3, 1882. It was the day of the hottest city section St. Joseph ever had, but hardly anybody bothered to vote after it club members there would be no Wednesday noon meeting next week, but that Ladies Night and installation of officers for the ensuing year would be held at 7:30 p.m. Tuesday in the Palm Room, City Hall.

Pinky Vineyard led the club singing.

Two Criminal Cases Tried

FORT WORTH (AP)—Federal Judge Joe B. Dooley levied fines in two criminal cases which amounted to \$32,400.

Ralph Lowe of Midland, an independent operator, was fined \$400 on each of 61 counts on "hot oil" violations, to which he had entered a plea of nolo contendere.

Charles A. Bowen, a Dallas grocer, was found guilty on four counts on an indictment charging illicit distribution of sugar ration stamps and was fined \$2,000 on each count.

Lowe was charged with placing approximately 63,000 barrels of illegally produced oil in interstate commerce from April, 1946, to May, 1948. The oil losses were in Dawson County. Lowe's attorney said restitution in the amount of \$24,000 had been made to royalty holders and the remainder would be paid immediately. He denied that there was intent to defraud sugar ration holders.

Bowen's case was transferred here from the Amarillo division. His attorneys said he would appeal. The government charged that the defendant sold illegally obtained sugar stamps to soft drink bottlers, bakers and confectioners in the Texas Panhandle while sugar sales were governed by the OPA.

BALLOTS

(Continued from Page 1)

nomination appeared lost to Vandenberg.

He said: "By the time we get down to the ends of the second roll call we ought to have a pretty good idea what's happening and I want to know what the delegates have in mind."

Dewey lieutenants claim there are at least 33 second choice votes for Dewey in the Michigan delegation.

Earlier, Dewey leaders claimed they will reach 500 votes—only 48 short of the nomination—by the second ballot. And with that start, they said, nothing can stop him.

These claims were quickly and vigorously disputed from the other camps.

"That's rubbish," said Ted Gamble, convention manager for Stassen.

Taft said Dewey won't hit 400 on the first count. "The Dewey blitz has been stopped," the Ohio senator insisted.

But a "we've-got-the-votes" quote came from J. Russell Sprague, New York national committeeman and a top Dewey leader, who added:

"They can't stop us."

The opposition's strategy was for each candidate to hold his lines as firmly as possible for two ballots.

This would require cooperation and it seemed likely to be forthcoming from such favorite sons as Gov. Earl Warren of California and Senators Raymond Baldwin of Connecticut and Leverett Saltonstall of Massachusetts.

Warren's bloc of 52 California votes was one of the key links in the coalition, and Dewey's forces were making strenuous but thus far futile efforts to woo the Westerner away.

**WHOSE AFRAID OF THE BIG BEAR?**  
Somebody else it must be, because it's not Billy nor Al at the Southern Club. We, Billy and Al, bought this club in rundown condition. We have worked hard to put it in shape so we could offer you a clean and decent place to gather with your friends, enjoy refreshments or dance, or just be with the crowd enjoying good music.

No one, it seems, had the nerve to open this club every night, with an orchestra, in the face of vacation time, ball game season, harvest time, or scared it might rain—or sumptin'.

Results are: The place, Southern Club, is making history, is so full Saturday nights you can't expect to get in unless you have a table. It's easy to have a table. Try it—call 9545. Billy will cheerfully give you the number of the table you desire, when you come to the club. Merely tell "Al" at the door what number your table is.

After you pay your admission of \$1 per person, all taxes paid, every night except Saturday night, the admission is \$1 plus the tax of 30c, or \$1.30, per person, you will be escorted to your table by our congenial hostess, none other than the popular and well known Miss Dovey Toler.

And Billy and Al, and the entire staff of the Southern Club, including the **FRAN MCCARTHY BRASS BAND** will see to it that you all will have a good time as long as they are held over indefinitely.

# NAMES OF SEVEN PRESENTED FOR REPUBLICAN NOMINATION

**PHILADELPHIA—AP—** Amid traditional fanfare and tumult, the Republican National Convention early today heard the last of seven names presented to it as candidates for the presidency.

Dawn was barely an hour distant when the noisy speech-making session came to a husky-throated end at 4:02 a. m. Philadelphia daylight time (2:02 a. m. CST).

Wearily, bleary-eyed delegates were told to be back in their places at 2 p. m. (noon CST) to start the serious business of picking the party's 1948 standard bearer.

Interspersed by demonstrations ranging from two to 38 minutes, the sales-talk oratory presented the names of Gov. Thomas E. Dewey of New York, Senator Robert A. Taft of Ohio, former Gov. Harold E. Stassen of Minnesota, Gov. Earl Warren of California, Senator Arthur H. Vandenberg of Michigan, Senator Raymond E. Baldwin of Connecticut, and Gen. Douglas MacArthur of Wisconsin.

Here are some of the things said about the candidates in the major nominating speeches:

Of Dewey by Senator Edward Martin of Pennsylvania, a mid cheer and some boos: The New York Governor "lowers above all others" in qualifications for president, has the American people behind him, and "has the fighting vigor to wage a winning campaign." Early in his political career, he gave Tammany Hall in New York City "the worst licking it ever had in its whole history," and the New Yorker has a "breath-taking" record as Governor.

Of Taft by Senator John W. Bricker, a fellow Ohioan: He could lead the Republican Party to "overwhelming" victory in November because "seldom in the history of our country has one man assumed such responsibilities (in the Senate) as has our candidate." Those responsibilities include detecting the "fallacies of the President's proposals" and revealing them to the people.

Of Stassen by Rep. Walter H. Judd of Minnesota: He would make a President of "vision and forthrightness, integrity and courage, statesmanship and stature." He has "wide experience" in many fields, understanding agriculture, labor, business and government, and he could get the votes of independent and young people.

Of Vandenberg by Gov. Kim Sigler of Michigan, the chairman of the Senate Foreign Relations Committee has "subordinated any and all personal aspirations in a determination to develop for America a foreign policy recognized for its breadth and wisdom throughout the world." He is a "recognized statesman" and could do more than any other to "unite" the Republican Party.

Of Warren by Dr. Robert Gordon Sproul, president of the University of California: The "Republican Party can accept without reservation the responsibility for any administration that Earl Warren heads."

Of MacArthur by Mrs. Frances Burke Redick, Connecticut's secretary of state: This "favorite son" candidate is a "great leader and vote-getter" as demonstrated by his present senatorial post.

Of MacArthur by Harlan W. Kelly, blind Milwaukee attorney: With the atomic bomb hanging like a spectre over the course of future relations with Russia "no mere politician is big enough to fill the president's chair." Politicians are "a dime a dozen but there is only one Douglas MacArthur." Gen. Jonathan Wainwright, here of Bataan, seconded the nomination of his former commander, now supreme allied commander over Japan.

MacArthur, proposed for nomination shortly before 4 a. m. (Philadelphia daylight time), received the shortest of the ovations from the by then exhausted delegates. A round of applause lasting about two minutes greeted the mention of his name.

Taft took the prize for the longest demonstration—38 minutes. Dewey's lasted 22, Warren's 26, Stassen's 25 and Vandenberg's and Baldwin's about six minutes each.

The early Greeks had a custom in which merchants threw down a glove before customers as a symbol of their honesty in trading.

Before the Christian era, a glove was given to the purchaser of land, taking the place of title and deed to the property.

## Unconventional Voices Take Over at Convention

By HAL BOYLE  
**'48 Platform Is Very Carefully Worded Document**

By JAMES MARLOW  
PHILADELPHIA—(AP)—The Republican Party's 1948 platform, adopted by the convention here, is a pretty carefully worded document.

Like the platforms offered the voters in other years by Republicans and Democrats, it is supposed to be a compromise document.

1. Please as many voters as possible.  
2. Show where the Republican Party stands in this year of 1948-49, American and world problems.

In the presidential elections of 1944 the Democratic and Republican platforms promised many things neither party carried out. The GOP platform is carefully and cautiously worded, particularly when it touches on social problems. For example, on education the platform says:

"We favor equality of educational opportunity for all and the promotion of education and educational facilities."  
There is nothing there suggesting the Republican Party intends to do anything specific about federal aid to money for education. At the same time, it doesn't say the Republicans won't do that.

In their 1944 platform, the Republicans took a more specific stand on the poll tax than they did in this new 1948 platform. In 1944 the platform said: "The payment of any poll tax should not be a condition of voting in federal elections and we favor immediate submission of a Constitutional amendment for its abolition."  
This year's platform on the poll tax says simply: "We favor abolition of the poll tax as a requisite to voting."

Nothing is said about how it should be abolished. It merely puts the party on record as favoring getting rid of the tax. That's probably the least that could be said without costing the Republicans some Southern votes.

In 1944 the Republican platform said "we pledge the establishment by federal legislation of a permanent Fair Employment Practice Commission (FEPC)."  
But the South is bitter about the whole idea of an FEPC which could block an employer from refusing to hire a man because of color, race or creed.

**Legal Records**  
**Marriage Licenses**  
The following were granted licenses to wed in the office of County Clerk Charlie Thut yesterday:

Jimmie Crouch and Betty Jo Manning.  
Raymond L. Barnhill and Virginia Lee Snyder.  
Carl B. Gilliland and Irene R. Austin, both of Oklahoma.

Marriage licenses were granted the following yesterday in the office of County Clerk Charlie Thut:

Harold J. Kindle and Estilene Marie Kennedy and Mary Helen Rodgers.  
**Realty Transfers**  
William T. Fraser and wife, Alma C. to C. R. Garrett; Lot 6 in Block 27 of the Fraser Addition.  
Katherine Timmin and husband, William L. to Mrs. Laura McAfee; Lot 1 in Block 8 of the North Addition.

Morris L. Davis and wife, Mary to W. E. Boudreau; Lot 5 in Block 20 of the Valley Addition.  
William R. Thompson and others to J. C. Vollmert; the east half of Section 175 in Block M-2 of the B & F surveys of Gray County.

**Suits Filed**  
Suits in divorce were filed by the following in the office of District Clerk Dee Patterson:  
Maxine Maude Ince versus Denver Ince.  
Leonard Cockrell versus Margaret B. Cockrell.  
Annie A. Rickman versus D. C. Rickman.  
A suit to try title of the west half of Section 111 in Block M-2 of the B & F surveys of Gray County was filed by Addie Mae Lard et vir, versus Linne Gossett et vir.  
Haramocka were discovered in America by Columbus. The American Indians called them "hamacs."

## Mississippi's 30 Delegates Oppose Truman

JACKSON, Miss.—(AP)—Mississippi's 30 delegates to the National Democratic Convention are pledged to walk out if President Truman is nominated.

They were elected here in a smooth, swiftly operating convention in which states righters found no opposition.  
The convention also nominated nine presidential electors and then recessed until Aug. 3.  
The election of delegates followed acceptance without debate of a report by the nominating committee.  
Meanwhile, Gov. Fielding L. Wright, who launched the anti-Truman and anti-civil rights drive with his inaugural speech last January, sat in as a spectator.  
He smiled as he asked, "Where is all that opposition that is supposed to develop?"

Way Patrolman Joe Pisano nailed two characters busy lifting badges from coats left on chairs by two delegates.  
"We wanted to see up real close," one of the badge grabbers explained virtuously.  
Another Warren supporter moaned: "I've been tuning up for this all night—and now I'm too hoarse to yell."  
This happened after the speech nominating Stassen:  
First voice: "What did he say?"  
Second voice: "I couldn't hear. Yell anyway."

As the delegates filed out, the janitors awoke from catnaps and went to work.  
Had the dawn come up like thunder today it would have sounded only like a whimper to the weary Republicans dreaming sweet victory dreams—for Tom Dewey, Or Taft, Or Warren, Or Stassen, Or Baldwin, Or Vandenberg, Or MacArthur.  
Last night the voices named these seven. Today or tonight or tomorrow votes will pick the one survivor—the 1948 nominee.

One elderly marcher, after trudging half an hour in the Dewey parade around the hall, sat down next to his wife and said:  
"All right, mother, I've knocked myself out."  
Another delegate grabbed a friend and tried to get him to march around again:  
"Come on, Ed."  
"I'm for him all right," said Ed, "but my feet aren't."  
A wife said to her husband, also a Taft man: "Let's go home."  
"Not for money!" yelled her spouse. "This is more exercise than I get on the farm."

As the parade for Gov. Earl Warren of California got under-

## Couple Killed in Auto Accident

HILLSBORO—(AP)—Several thousand dollars in stocks and other valuable securities were found among the effects of a middle-aged couple who were killed near here yesterday in a three-car traffic accident.

The couple were identified as Mr. and Mrs. James Watson Scott of Kansas City, Mo. Funeral home attendants here said among the valuables were \$23,600 in U. S. savings bonds.  
Two men were arrested after the accident and placed in jail here. Officers said the Scott car, a small-sized automobile, was struck from the rear and knocked into a car in the incoming traffic.

The finest kidskin is obtained from baby goats which are milked, specially raised and guarded against bruises and scratches.

## Court Refuses To Make Ruling

WASHINGTON (AP)—A ruling on the internment of Mr. and Mrs. Hans Ackermann at the alien camp at Crystal City, Tex., was refused yesterday by the Supreme Court.

The Ackermanns had asked the court to rule that the attorney

general did not have authority to order their internment as "potentially dangerous to the public peace and safety." They contended they should have been given a hearing before being interned.

The Ackermanns settled in Texas after coming to this country from Germany as legal immigrants. The attorney general's internment order was dated April 29, 1944.

## In Hollywood

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD — (NEA) — Cary Grant's discovery and latest girl friend, Betsy Drake, makes her film debut as his leading lady in "Every Girl Should Be Married." They met on shipboard when she was returning from England and her first stage engagement in the London company of "Deep Are the Roots." He saw her in the play but didn't meet her until the trip home.

Besty was under contract to Hall Wallis for a year but never appeared on the screen. Cary made a film test with her and introduced her to David O. Selznick and Dore Schary, who now share her contract. Cary told me he has a verbal agreement with them to borrow her for one of his own independent productions.

She's 26, was born in Paris where her American father operated a travel agency. She's attractive in a tweedy, flat-heeled wholesome college girl way rather than as a typical glamor doll. Her only acting experience has been in that one London play and as a Broadway understudy.

The studio agrees with Cary that she's a terrific actress (with Cary as her mentor and leading man how can she miss?). The role is a terrific plum, too. She plays a department store salesgirl who shocks an entire town with her man-getting tactics.

The man is Cary, playing a baby doctor.

Hollywood thinks maybe she'll get him off screen, too.

Hollywood thinks maybe she'll get him off screen, too.

It always happens dept.: Recently Steve Brodie and Lois Ann drew separated. Now they're working in a movie together, RKO's "Outlaw Valley."

"RE-ISSUE" ISSUE  
Bud Abbott and Lou Costello's fight with Universal - International for more money — they want to split a raise of \$50,000 a picture — has an interesting "re-issue" sidelight.

The comedians, along with a lot of other Hollywood stars, are burning over the promiscuous re-issuing of their old pictures and want a cut. Under the present re-issue system, the studios collect all the profits.

Personally, I think Bud and Lou aren't asking too much of the studio. Their films have earned close to \$40,000,000 in eight years and they've never brought in a loser.

Barbara Bel Geddes finally gets her way at RKO in a modern story, "Bed of Roses." She's been complaining about being typed in costume dramas. In this one she

plays a cold-hearted society gal who almost wrecks the lives of two men. The role of one time was intended for Joan Fontaine.

NIGHT SHIFTER  
Howard Hughes still hasn't put in an appearance at RKO since he bought the studio a month ago. Nor has he given any official or even unofficial orders.

(The studio expects the storm to break any minute.)

Latest gag there is someone asking an executive, if he had seen the nightclub-loving Howard. "No," said the exec, "I don't stay up that late."

Showmanship isn't dead dept.: Spike Jones heralded his opening at the Flamingo Hotel in Las Vegas with a fireworks display and hired a midget and eight-foot giant to pass out a thousand gold-plated spikes a la the one he gave President Truman.

A witty director was wise-cracking before a group of his assistants and some actors on the set. All laughed uproariously except one actor. "What's eating

## ON THE RADIO

TONIGHT ON NETWORKS

The postponement until tonight of the Louis-Walcott fight puts the show on the ABC coast to coast network at 8 p.m. CST.

Others tonight: NBC—7 Henry Aldrich; 7:30 New Faces of 1948; CBS—7 FBI in Peace and War; 7:30 Mr. Keen Tracer; ABC—6:30 Henry Morgan; 7:30 Criminal Casebook; MBS—7 Lucky Partner Quiz; 7:30 Talent Jookpot.

FRIDAY ON NETWORKS

3:30 p.m. Lorenzo Jones; 5:30 Sketches in Melody; 8:30 Waltz Time; 9:30 The director asked, "I don't have to laugh," was the reply. "The studio isn't picking up my option."

From where I sit... by Joe Marsh

They let the Wives in!

The ex-GI's of our town entertained their wives the other night at one of their "feeds" of hamburger sandwiches and ice cold beer. (The girls had hinted that they'd like to see what went on when their husbands got together!)

Being wary, the boys provided chicken sandwiches and cake and cider—for those wives who might have other tastes. But though they were grateful for the choice, most of the wives agreed that hamburger sandwiches and beer were a mighty pleasant combination.

After the "feed" the husbands took their wives on a game of darts, and later they played "indications." The party broke up around ten, with the boys agreeing that it was mighty successful.

From where I sit, it's this companionship among young couples today, and their moderation in a sensible beverage like beer, that's won the younger generation such a wholesome reputation.

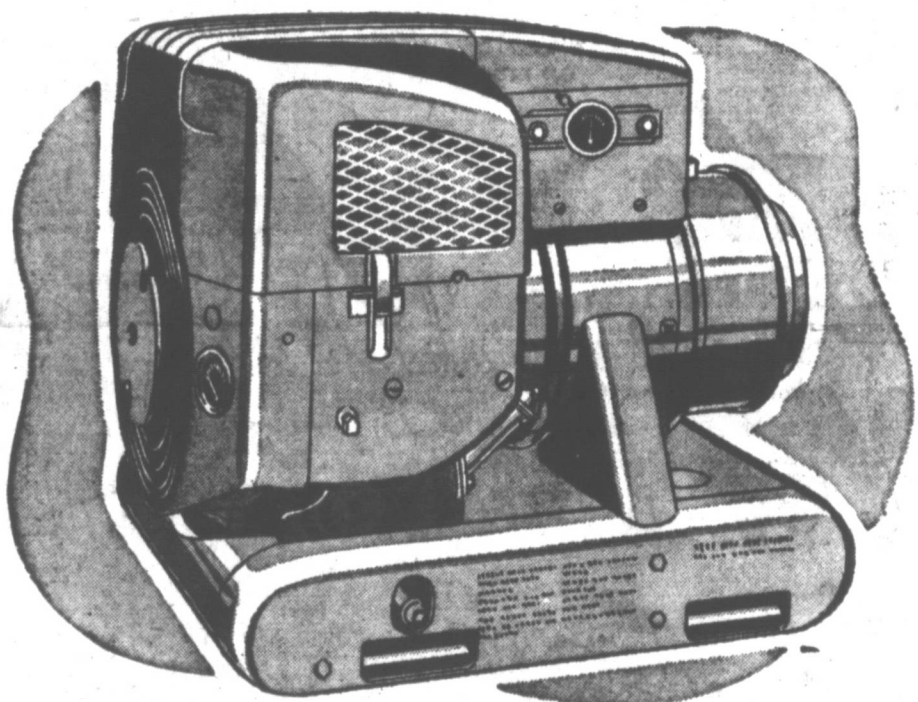

Joe Marsh

# Merlin Hubbard Gets 2nd Win as Oilers Blast Lobos 17-1

## Locals Win Rubber Game With 19 Hits

Merlin Hubbard, 18-year-old rookie righthander, won his second straight game for the Pampa Oilers last night in Oiler Park when he and his teammates shelled two Lamesa Lobo pitchers for 19 hits in coasting to a very easy 17-1 win over the Lobos.

This was Hubbard's second start of the season although he has appeared several times as a reliever. The victory also gave the Oilers a 2-1 edge in their three game series with the Lobos since the Pampans won the first contest 11-8 and then lost the second 4-1.

Lefty Leon Hayes started on the mound for the visitors but ran into trouble at the very start. After getting Oley and Bartholomew on plops to the catcher and center-fielder, he issued a walk to Jack Riley. Joe Fortin then stepped to the plate and slapped one over the head of the visitor. Riley was ahead of him. Range filed out to Buckel at short to end the inning.

Four more runners crossed home plate in the fourth inning when the league leaders touched Hayes for five more hits, all singles. Hubbard and Oley started the frame by collecting safe hits and after Bartholomew filed out to third, Riley walked and Fortin popped out to Chris Hawkins in right for the second out. Three consecutive singles by Range, Harriman, and Belford drove in three more runs but the frame ended when Harriman was pegged out coming home on Belford's hit.

Three more hits in the fifth gave the winners three more runs and three more hits gave them two more in the sixth inning. Joe Fortin blasted his second home run of the night in the seventh frame, this time with two men on, as the Oilers seemed to still be dissatisfied with their 11-0 lead and got four more tallies on five hits in this frame. The Oilers completed their base path parade by moving in two more in the eighth inning on a double by Range and three stolen bases, one by Riley and two by Bartholomew.

The lone Lobo tally came in the eighth when Third Baseman I. B. Palmer led off with a triple and scored on Edou's sacrifice single. Palmer attempted to score when Manager George Sturdevant popped a long fly to Fortin in right, but a nice peg from the rightfielder and a good job of backing up by Pitcher Hubbard and the would-be scorer changed his mind and returned to third base.

Tony Florio, relief hurler and regular Lobo second sacker, got three hits in three trips to the plate to lead all batters while Tony Range led the Oiler sluggers with three hits for five. Fortin's two circuit swats and a long fly to right in the third inning accounted for the big righthander driving in six of the Oiler runs.

The Pampans go on the road today for a three game series with the Borger Gassers in Huber Park. After this series they travel to Gold Sox Park in Amarillo for a three game series with the Gold Sox who dropped their sixth straight game to the Albuquerque Dukes last night 11 to 7. After this, they return home for another nine day stand, opening with the Gassers on June 30.

### Martin Defends Mat Crown at Sportatorium Friday Night

Wayne Martin, present champion, defends his Southwestern Junior Heavyweight title against George Curtis, the personable young wrestler from Vicksburg, Miss., tomorrow night at Promoter Vic Burnett's Sportatorium.

In an eight-week series of elimination tournaments held here to determine the contender for the title, Curtis, who came in the contests late, defeated Gil Knutson, the man who defeated all the others, here last week.

Curtis is a natural-born young wrestler. His elder brother, Jack, has been in professional heavy-weight wrestling for about 18 years, and George grew up in a wrestling atmosphere. Whenever Jack would come home on periodical visits he was almost compelled to work out with George. Finally, George developed the skill to pin the wiser and heavier Jack, and then George was ready to go out on his own.

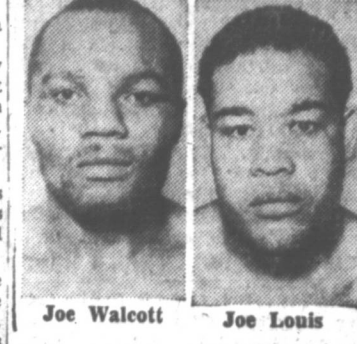

Curtis is noted for his good sportsmanship and his clean and quick tactics. Martin, also, is a quick and powerful young man to whom the game comes naturally. He has been working out in gyms and meeting all comers since he was 12 years old.

A product of Tulsa High School and the University of Oklahoma, Martin won 57 medals and 7 trophies as an amateur before turning professional. Martin took the Southwestern belt away from Pittsburgh Al Getz in February after losing to him in a title match last year.

## Louis-Walcott Title Match Reset for Tonight As Skies Still Threaten; KPDN Broadcast at 8

By WILL GRIMSLEY  
NEW YORK (AP)—Joe Louis and Jersey Joe Walcott fidgeted today while the elements pondered a suitable time for them to settle their dispute over the heavyweight boxing championship of the world. A heavy downpour shortly after noon yesterday forced postponement of the 15-round engage-

Joe Walcott

Radio Station KPDN will carry the Joe Louis-Jersey Joe Walcott championship fight tonight beginning at 8 o'clock, it was announced yesterday by Ken Palmer, program director at the station. Don Dumphy and Bill Conlin will voice the blow by blow broadcast over the American Broadcasting Company.

The local station has made arrangements to air the program as a public service feature. The Bomber received a split, disputed decision after being banged on the canvas twice. Walcott's condition, the physician added, is "excellent."

### Oilers' Spoilers

### OTEY IS VETERAN

R. C. Otey, veteran second sacker, who has led the Oiler hitting throughout most of the season, is spending his third season with the Oilers. In 1946 he had a batting average of .351 and last year his hitting percentage showed .333. In 1942 he played half season with the Amarillo Gold Sox. He hails from Little Rock, Arkansas.

### UNCHALLENGED RECORD

High Radcliffe, Thomas, Ga., High School pitcher, struck out 28 men in a nine inning game. His catcher dropped a third strike and let a batter reach first.

## Roberts Earns Keep By Beating Reds 3-2

By the Associated Press  
Robin Roberts, 21-year-old righthander, is proving the Philadelphia Phillies made a smart move when they gave him \$25,000 to sign with their organization.

The lanky speed ball pitcher gained his first major league victory last night, stopping the Cincinnati Reds, 3-2, at Philadelphia. Roberts held the Reds to seven hits — two of them homers by Hank Sauer and Danny Litwiler. He fanned nine and walked only three.

The Springfield, Ill., youth, who was brought up from Wilmington of the Inter-State League on June 17, made his first big league start against the Pittsburgh Pirates on June 18 and dropped a 2-0 decision to the veteran Elmer Riddle. In addition to having a fine fast ball, he possesses good control and an overhand as well as a puzzling side arm hook.

The game was the only one played in the National League. Others were postponed because of rain. In the American League, the second place New York Yankees beat the league-leading Indians, 5-1, in 11-innings. Tommy Henrich broke up the game with a grand-slam homer off Don Black, who went the route for the Tribe. The Philadelphia Athletics, behind the six-hit pitching of Dick Fowler, swamped the Browns, 12-1. At Detroit, the Washington Senators nosed out the Tigers, 2-1. All runs in the game were unearned. A scheduled Boston Red Sox-White Sox game was postponed because of rain. Joe Louis won the world heavyweight title at the age of 23. A golfer playing 18 holes walks about 8 1-2 miles.

### Texas Today

By WILLIAM C. BARNARD  
Associated Press Staff

In another two months you won't know McKinney, Tex., was hit by a tornado and Robert F. Newsome, big, red-haired, 35-year-old lawyer, gives the lion's share of credit to the Red Cross.

"I figured the Red Cross would come in, parcel out groceries and clothing and move on out," said Newsome. "I didn't know they stayed around to rebuild a town."

So far, the relief organization has spent \$147,000 in McKinney, and estimates it will dish out another \$33,000 before it's through. Seven hundred and fifty carpenters are on the job.

The May 3, tornado destroyed or damaged more than 300 homes in the southeast and southwest portions of the town. The Red Cross has gotten about 500 calls for aid — clothing, groceries, furnishings, and home repairs.

"It works on a basis of need," said Newsome. "It will supplement your insurance in rebuilding a home or it will build from the ground up if that's what you need. It doesn't help people who don't need help. It won't contribute to rebuilding a rent house — it has to be a home."

The amiable mayor said he had trouble convincing some needy residents of McKinney that they should ask for help.

"They figured the Red Cross was charity and they didn't want charity. I got aboard of a sound truck and went into the wrecked areas and told those folks what was what. 'Suppose you got together with some friends and every one of you put \$100 each into a pot to go to the family of the first one that died,' I told them. 'That wouldn't be charity — that would be mutual aid. That's what the Red Cross is — you've been contributing to it all your lives and it belongs to you. You've been putting money into the pot and now you're asking it back.'"

"Well, that argument broke the boys down and they asked for the help that they deserved to get. 'Some people were cynical about what the Red Cross would do. One lady told me: 'I'll give \$100 to the Red Cross if I ever see one home they build here for anybody. Well, she's paying off.'"

"A young fellow and his wife were wiped out by the tornado. When he learned that the Red Cross would rebuild his home and furnish it, he asked them how he could pay it back. They told him they didn't take pay. But he now pays \$25 per month into the Red Cross National Disaster Fund."

"I want my money to help someone in the same shape I was in," he said.

The tornado was a terrific surprise to the natives.

Newsome, for instance, was brought up on the belief that tornadoes can't cross a creek or river.

"I always was told," he said, "that when a tornado hits a creek, it just turns and goes down the creek bed. Well, McKinney has Wilson Creek on the south side and the East Fork of the Trinity on the east side and we thought we were absolutely safe. But that tornado just jumped right over that East Fork like it wasn't there."

"Now the oldtimers are saying that the reason it happened was that the East Fork had filled up so much it was too shallow to stop the twister."

### Man Drowns in Rescue Attempt

DENISON — (AP) — Mack Dunn, 57, of McKinney, was drowned Tuesday in Lake Texoma, attempting to rescue his nine-year-old daughter, Molly Sue.

The girl was in a Denison hospital today and was expected to recover.

She was one of three girls who were wading in the lake and stepped into deep water. Her father and his brother, Collin Dunn, also of McKinney, rushed to help them. It is believed that the father then suffered a heart attack.

The children were rescued by Collin Dunn and an unidentified man. Molly Sue was revived after 25 minutes of artificial respiration. Her father's body was recovered by dragline two hours later.

### Building in State Climbs Steadily

AUSTIN — (AP) — Construction awards in Texas last week totaled \$15,598,170 to boost the year's accumulative total to \$420,918,170. The Texas Contractor, trade publication, reported Saturday.

Non-residential types of construction claimed the biggest portion of the week's total at \$8,565,978. Hospital and industrial awards amounted to \$4,679,126 in the non-residential category.

Residential construction awards amounted to \$6,111,526 for the week. The awards included 464 residences costing less than \$7,000, 147 more expensive residences and apartments providing 80 one-family units.

### Johnson Keeps Speaking Date

CLEBURNE — (AP) — High wind didn't keep Congressman Lyndon Johnson from filling a speaking engagement here.

He was scheduled to land his helicopter on the high school athletic field here yesterday, but the strong winds forced him to land in a vacant lot on the outskirts of town.

"His followers hopped in cars and drove from the high school field to hear him."

### EVANGELIST DIES

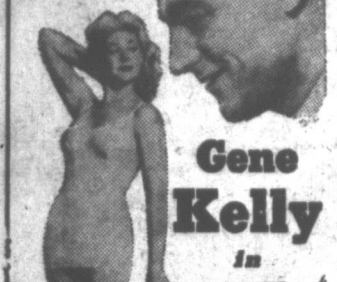

BEAUMONT — (AP) — Mrs. Grace Singleton Holt, 45, former preacher in Angelus Temple in Los Angeles and owner of Grace Tabernacle of New Orleans, died suddenly in Venezuela, her mother was informed last night.

**Women Hold Key to World Peace Says International BPW President**

By MERRILL SWEDLUND  
INDIANAPOLIS —(AP)— When Sally Butler went to work in the Indianapolis postoffice during the first world war, the postmen called her a hillybilly from Southern Indiana. They didn't like the idea of women working in the post office throwing mail sacks around, even if manpower was scarce.

Today, she's president of the International Federation of Business and Professional Women, directing some 300,000 women in a fight for equal opportunities in making a living and making the peace.

"We don't want to displace the men," she said. "We just want to see jobs given to the best qualified person — man or woman."

But Miss Butler isn't content to let B. P. W. clubs spend all their energy on such goals as the so-called "equal rights" amendment to the federal constitution. It's no longer enough for a business woman to get interested in her job and her company. The earnest, energetic woman from the hill country thinks women may hold the key to world peace.

The men haven't found any program to keep us out of war. Maybe the women can't either, but they can't do any worse. It'll take the best that all of us have. The price of peace is assuming the responsibilities of citizenship.

She learned about responsibility 50 years ago on a farm in the White River Hills above Paragon, Ind., a small town 40 miles southwest of Indianapolis. She was the youngest of 13 children and pitched in like the others after their mother died. Tears still come to the eyes of this efficient graying woman of 56 when she remembers her father and his advice. It took her far from an Alice-by-the-fire life.

"Try to be all that you inherited from your forefathers, besides all you can gain from your surroundings. If you don't do that, you're not measuring up to your best."

When the postal service called for women to fill jobs, she decided that was how she could do her part in the first world war. She quit school teaching in her hometown school in Paragon, and was working for the government

**The Leo Tilley Are Honored at Farewell Picnic**

Mr. and Mrs. Leo Tilley and sons, J. L. and Mark Duane, were honored with a picnic at the City Park last Thursday evening.

The affair was given by the Phillips Pipeline employees as a farewell to the Tilleys who will be leaving soon to make their home in Corpus Christi, due to the illness of their eldest son.

A delicious fried chicken supper with homemade ice cream and a cake for dessert was served to some 30 guests.

The honorees were presented with a farewell gift of a combination leather hassock and record holder.

**McKENNEY ON BRIDGE**

ENDPLAY IS KEY TO 3-N. T. BID

By WILLIAM E. McKENNEY  
America's Card Authority  
Written for NEA Service

The women bridge players of Cleveland, O., are probably the best organized tournament group in the country. At the Ohio State tournament they saw it that

all out-of-towners had an enjoyable time. Mrs. H. J. White has been active in tournament affairs in Cleveland for a number of years and is a consistent winner. She and Mrs. H. D. McKnight, also of Cleveland, won the women's pair championship this year.

Mrs. White recognized today's hand as an endplay situation rather than a hold-up. She allowed the opening lead of the king of hearts to hold, and when West continued with the queen, declarer did not make the mistake of holding up until the third round. She won the trick with the ace of hearts.

She knew that she had three spade tricks, a heart, three clubs and the ace of diamonds. A three-three break in either spades or clubs would give her the ninth trick. She could take the diamond finesse, but if it lost, West would cash the balance of the hearts. So she was careful to save a small heart in her hand.

She tried out the spade suit, and on the third spade West discarded a diamond. Then she tried out the club suit, and again West showed out on the third round.

"It's my own generation, and the one before it, that still thinks a woman's place is in the home," she said. "The younger men are more likely to think of men and women in terms of ability."

As a career woman, she has little time for housekeeping, but she believes woman's housewifely methods are needed in the administration of foreign aid.

"Who better than a woman can judge what's needed in clothing and food?"

In the end, she thinks world peace hopes rest in the spiritual tone of the homes.

"We've gotten too far away from the fact that religious life has a great bearing on the achievement of a nation."

Miss Butler's childhood in a devout Methodist family makes her believe "the Divine Being won't let dictators prevail." The jolly farmgirl who showed the men she could toss mail sacks with the best of them says "we can't be sitting and waiting for God to do it all."

It is the proud mission of the victor nations to lead the Germans by the hand back into the European family.

—Winston Churchill.

**More Comfort Wearing FALSE TEETH**

discarding another diamond. Now Mrs. White did not have to guess the diamond play. She simply led the small heart from her hand, and West won with the jack. West could cash the two good hearts, but then she had to lead a diamond into Mrs. White's ace-queen, thus giving her nine tricks.

# Americans in China Turning Anti-Chinese

SHANGHAI (AP)—The bitter anti-American feeling of China's intelligentsia is being reflected in an equally unsympathetic anti-Chinese feeling among Americans in China.

American nationals are tired of being continual targets of demonstrations by students and professors and of disapproval of official circles while the United States pours hundreds of millions of dollars into the attempted salvation of the country.

The nationwide student protests against American aid in returning Japan to its economic feet reached a climax in Peiping. Students there refused relief rations from the United States. They were supported by 80 professors, including 61-year-old Prof. Robert Winter of Crawfordsville, Ind., who is on loan to Tsinghua University by the Rockefeller Foundation.

## Many Never Suspect Cause Of Backaches

**This Old Treatment Often Brings Happy Relief**  
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause rheumatism, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or constant massages with smearing and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

"Do they expect us to spend millions of dollars daily to keep Japan weak and at the same time spend hundreds of millions in another try to make China strong which probably won't succeed any more than in the past."

The Chinese government tried to soft-pedal anti-American outbreaks until a new loan was in the bag. Now that China seems assured of continued aid from the U. S., government spokesmen take few pains to disguise their disapproval of the American program in Japan.

Americans here retort — it isn't what America is doing for Japan that is a threat to China, but what China is failing to do for herself.

They contend that China could well be on the road to becoming the leader in Asia if the help given her had been wisely expended.

Instead, China has been unable to resolve its internal war, institute needed reforms, or set herself on the road to recovery. Despite the steady stream of American aid, American businessmen point out that they have been discriminated against steadily since V-J Day; that American businessmen have been forced out of operation because of Chinese government monopolies and, despite assurances from Manking, the monopolies are steadily being strengthened.

## Radar Beam Planned To Seek Out Storms

HOUSTON (AP)—The Weather Bureau will bounce radar beams off rain clouds to help spot hurricanes before they hit the mainland this season.

E. A. Farrell, chief U. S. forecaster in Texas, says the Weather Bureau and the Dow Chemical Company will operate a radar set at Dow's Freeport plant. He says this will be part of a research program to find out how useful radar can be in locating, tracking and studying tropical storms.

## What About That Picture of Truman Learning to Fish?

By DAVE CHEAVENS

AUSTIN (AP)—My fisherman friends keep calling me up to ask about that AP picture of President Truman learning to cast, or pointing a fly rod, at Trail Creek in Idaho.

They know your correspondent sometimes fishes in the Colorado River.

It is apparent to these fishermen that Ray Mack, who the picture caption says is teaching Harry Truman how to use a fly rod, has only started on his job.

The picture shows the President standing pigeon-toed on a rock, holding a fly rod in his left hand. He's off-balance, his elbow isn't jammed in next to his ribs as it should be, and a big fish could easily pull him right in. Looks like deep water, too.

The left hand is okay because the President normally throws from the port side, but what about the right hand, just hanging there? Any fly fisherman knows you'd better have a hand, right or left, on that slack line if you are really waiting for a game fish to strike.

Of course, if you're just stand-

ing there to get your picture fast, taken, you could be playing the Missouri Waltz with your right and it wouldn't make any difference. The fish would get away.

My fishing friends look at the picture closely and think maybe it's an automatic reel the President is using. That's the expensive kind with a spring that puts enough mechanical tension on the line to set the hook and keep the line tight while you are reeling in, if you play that way.

I don't know. I never owned an automatic reel — the blamed things cost too much. In all my fly fishing, I have used the \$1.49 reel (pre-war), without springs or motors. I retrieved or gave line, keeping close personal contact with the fish, depending on whether he was running away from me or toward me, and how

## PILES TROUBLE? For Quick Relief

**DON'T DELAY ANY LONGER!** Now, a doctor's formula you can use at home to relieve distressing discomfort of pain—itch—irritation due to piles. Tends to soften and shrink swollen tissue this proven doctor's formula. You'll be amazed at its speedy action relief. Ask your druggist for Thornton & Minor's Pile Ointment or Suppositories. Follow label instructions. For sale at all drug stores.

In Pampa at Cretney Drug

I've even seen fishermen with automatic reels doing it that way. But what about that semi-western hat, that double-breasted coat,

that tie, that corner of the hankie peeking out of the President's breast pocket? They all want to know what kind of fishing outfit that is.

**WAR JETS PROTEST**  
NAPLES, Italy (AP)—More than 15,000 unemployed war veterans paraded in a demonstration calling for bread and jobs. Some clashed with police, and 15 were injured.

### Spring Pig Crop Hits 7-Year Low

WASHINGTON—(AP)—A 1948 spring pig crop of 51,421,000 head—the smallest since 1941 and a drop of three percent from the previous spring—was reported by

the Bureau of Agricultural Economics. The crop reporting board forecast a fall crop of about 31,000,000 head if the intended number of sows to farrow materializes and the number of pigs saved equals the ten-year average. This would be one percent under last year's fall pig crop.

The combined indicated spring and fall pig crops are two percent less than in 1947 and five percent below the ten-year average. Reports indicate 4,910,000 sows are being kept for fall farrowing, about the same as last fall, but eight percent less than the ten-year average.

Normal life in an ant colony centers about one or more egg-laying queens, attended and supplied by numerous workers which she herself has produced.

We recap and vulcanize all size passenger car and truck tires. Also repair all size tractor tires.

### Foundation Gives Ten Tips To Prevent Cattle Losses

AUSTIN—(Special)—Livestock raisers recently were given ten tips on how to prevent losses and speed up gains of cattle during the pasture season this summer. The American Foundation for Animal Health issued the following checklist of summer safeguards for cattle:

- (1) Don't let animals gorge themselves on lush, young pastures. Guard against bloat and grass tetany by making a gradual change to green feed.
- (2) Inspect the herd at least once a week for evidence of pinkeye.
- (3) In blackleg areas, have all calves vaccinated against this disease.
- (4) Protect the herd against flies by spraying with DDT at least four times during the summer.
- (5) Examine pastures periodically for the presence of poisonous plants.
- (6) Check the herd regularly for accidental wounds through which screw worms may enter.
- (7) If suspected cases of lumpy jaw develop, get those animals off pasture and away from the rest of the herd and have them treated immediately.
- (8) When calves are unthrifty, suspect the presence of parasites. The parasite danger is especially great on old pastures and community pastures.
- (9) If cattle share pastures with stock from other farms, have them immunized against tetanus, blackleg and malignant edema.
- (10) Bovine tuberculosis is still a problem, and cattle should be tested periodically for tuberculosis as well as brucellosis.

### Dry Winds Are Damaging Crops

AUSTIN—(P)—Hot, dry winds and continued shortage of rain put most Texas crops on a sharper downgrade during the week ended June 21, the United States Department of Agriculture said yesterday.

Small grain harvest and other field work was favored by dry weather, but most growing crops were retarded for lack of rain.

Capeskin is named after Cape Town, South Africa, and is a leather obtained from a small African sheep.

### Survey, Pond Completed in Roberts Co.

Range surveys have been completed on property of Harold Osborne and Mrs. F. W. Osborne, Roberts County Soil Conservation District announces.

These surveys, based on soil types, show the different range sites on the property. They also show the condition class of the range. This information is used as a basis for working up the conservation plan on the ranch.

J. P. Osborne is constructing several diversions to protect cultivated land from the steep pasture land run off above it, the district said.

Bert Walsh is preparing a farm fish pond for fall stocking. Included in the stock will be a mixture of bass, bluegill sunfish and channel catfish.

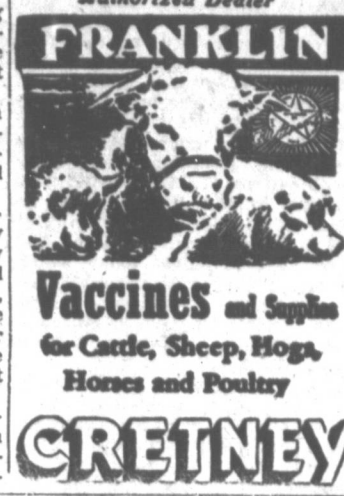

Ordinary mud catfish are undesirable in a pond because they get too thick and will not grow to an edible size. However, if used in ponds that go dry occasionally, mud cats will produce some nice fish if there are not over 100-150 to the acre of water, the Roberts Soil Conservation District said.

The pond will be monthly fertilized with about 50 pounds of an 8-8-4 mixture of a commercial fertilizer until December since a fer-

### Mills Announce Wheat Premiums

Lead by Tex-O-Kan Flour Mills and other units of the Burrus organization, major Texas Panhandle mills last week announced a schedule of premiums for desirable milling and baking varieties in support of their demand for good quality wheat.

Jack P. Burrus, president of the Tex-O-Kan Flour Mills, Dallas, initiated the premium schedule and advised country shippers their mills and terminal elevators would pay one-cent-per-bushel premium for 80 to 89 percent acceptable varieties and two-cent premiums for 90 to 100 percent acceptable types.

"We realize this is only from \$20 to \$50 per car load but it is a start to prove we mean business," Burrus commented.

Other mills who have joined the parade for premiums on desirable varieties of wheat include General Mills, Amarillo; Harvest Queen, Plainview and Fraser Milling Company, Hereford. Union Equity Cooperative Exchange at Enid has been paying variety premiums to their country elevator operators since last September and will continue to do so.

The Burrus Mill at Kingfisher, Okla., is now offering a one and two-cent premium schedule. Several other Oklahoma mills are expected to follow in a few days.

"Now our wheat growers can reap higher prices as well as higher yields with the new varieties. Farmers whose good varieties will be mixed with their neighbors' undesirable types at the country points will still be penalized, but there is plenty of seed and good varieties available so the situation should clear up materially by next harvest," Soder, director of Texas-Oklahoma Wheat Improvement Program, said.

It Gives Chance To Blow Our Horn

The Saturday Evening Post recently devoted a lead editorial to an interesting example of the inefficiency of airplane fares...

Commenting on this, the Post suggests that the American plane tickets carry a legend such as: "This ticket would have been issued if socialism were working the way Socialists say it is..."

Secretary of State Marshall takes the same attitude toward Congress as he would toward a soldier who fails to put the proper polish on his uniform...

MOPSY by Gladys Parker

But this is the only way I know how to count, boss.

Fair Enough... by Westbrook Pegler

PHILADELPHIA - Clare Boothe Luce, the peachy wench who lured Moosejaw the First into Connecticut in the presidential campaign of 1944...

Henry went drooping up and down Fairfield County, Conn., pausing wherever he found three munitioneers waiting for a bus to wipe away the gibberish with the back of his hand...

Gracie Reports

By GRACIE ALLEN Dear me, guess it's true that foreigners get all their ideas about America from the movies and newspaper photographs...

SO THEY SAY

I feel that the government should take over the railroads and issue three percent bonds, and make a sound industry out of one of the most important industries of the nation.

QUICKIES by Ken Reynolds

"I can't understand why this parrot got with a News Want Ad doesn't talk - It couldn't be its ENVIRONMENT!"

GOP PLATFORMS—1944, 1948 by Peter Edson

PHILADELPHIA — (NEA) - Political platforms never mean much, but there's a whole of a difference between the GOP principles of 1944 and 1948...

A Wonderful Dollar Investment I would like to quote the whole book of "Mainspring, the Story of Human Progress and How Not to Prevent It" by Henry Grady Weaver...

Under the heading of the chapter "Moral Plus Material" the author makes this statement: "America's accomplishments in quantity production and the widespread distribution of complex products and services would not have been possible except through the voluntary cooperation of free individuals."

PHILADELPHIA - Republican hosts and hostesses will leave this convention city in such a confident and victorious mood that they allocate only three states outside the Solid South and the border territory to President Truman in next November's election.

PHILADELPHIA - The Republicans also think they may win several border states, with the possible exception of Oklahoma, Kentucky, Tennessee and West Virginia.

PHILADELPHIA - The three states outside Dixie and the boundary area which they tentatively to President Truman are Rhode Island, his home bailiwick of Missouri and possibly the radically-minded commonwealth of Washington.

NATIONAL WHIRLIGIG news behind the news

By RAY TUCKER But should Henry A. Wallace make the expected inroads on the Democratic strength in these spots, the GOP's masterminds figure that Mr. Truman might not even carry these erstwhile Roosevelt strongholds.

Should these dreams come true next November, Mr. Truman may emerge from the contest with less than 160 of the 226 electoral votes that are necessary for election.

PHILADELPHIA - The three states outside Dixie and the boundary area which they tentatively to President Truman are Rhode Island, his home bailiwick of Missouri and possibly the radically-minded commonwealth of Washington.

- Food list: Coffee Hills Bros. 1 lb. 51c, Shortening Bake-Rite, 3lb. can \$1.09, Flour Dobry's, 25 lbs. \$1.65, Fresh Eggs For deviled eggs Dozen 39c, Rinso Large box 31c, Bleach Durox Quart 10c, Sweet Peas Jack Spratt, No. 2 can, 2 for 35c

Holiday Meats section: BACON Breakfast Sliced Lb. 53c, CURED HAM HOCK Lb. 27c, CURED HAM 1/2 or Whole Lb. 59c, LONGHORN CHEESE Lb. 54c

based on the prospect that Mr. Wallace remains in the race to the end and that Mr. Truman does not withdraw or is not shoved aside in favor of such an appealing figure as "Ike" Eisenhower.

Those possibilities, albeit remote, are Chairman Reece's two principal worries. They will plague him until after the Democrats have chosen their ticket here a next month, and until after the mercenary Iowan makes up his mind that America can survive without him in the White House.

BALLYHOO - Party bigwigs here, who represent some of the most electorally important states of the Union, have assured Chairman Reece that their sections are headed toward the Republican column as of the moment. Their forecasts may or may not be political ballyhoo designed to influence the bandwagons, but they cite statistics in substantiation of their claims.

Senator Edward Martin reports that Pennsylvania has returned to the fold. Ditto Senator Taft on Ohio, Senator Vandenberg on Michigan and Harold E. Stassen on Minnesota.

Mr. Wallace, if he remains in the race, might easily corral 400,000 votes in this Townsend citadel, and that could wipe out the Democrats' ballot-box lead. Mr. Warren was nominated and elected on both tickets the last time he ran.

Food list: Salad Dressing Miracle Whip Qt. 67c, Vienna Sausage 2 cans for 25c, Pickles Dill or Sour Quart 19c, Pork and Beans Jack Spratt No. 2 can 15c, Peaches First Pick No. 303 can 15c, Napkins 60 count Box 12c, Orange Juice Adams, 46-oz. can 2 for 43c

"A couple of thumbtacks under my shirt are sure cures for these slappers of sunburned backs!"

**FLOODS**

(Continued from Page 1)  
 passenger, and another motorist tentatively identified as Ellis B. Kirks, 34, Henryetta, Okla.  
 Three truck drivers are also missing—D. C. Bates, Oklahoma City, Adolph Krewall, Corn, and E. P. Walters, Cordell. All are Oklahomans.  
 The two out-of-state cars carried Texas license AE-3132 and Wisconsin license 12-27081.  
 A flood crest of 18 feet is expected at Whitefield today.  
 Below Whitefield, the Canadian merges with the Arkansas River, with the possibility of floods at Fort Smith, Ark., was seen.  
 Main highways, including U. S. 66, are generally blocked throughout the state, and all rail lines reported washouts, detours, and cancellations.

Melting ice from the Arctic and Antarctic polar ice caps dilutes the oceans in the vicinity and makes them less salty.

**Family Suffers Invasion of Skunks**

CHICAGO —(P)—Mr. and Mrs. Harold Getzoff of suburban Glenview were wondering where their next skunk was coming from and hoping it won't.  
 Saturday night, a mama skunk and her three babies tangled with a cat. The four skunks in the melee tumbled into a window well at the Getzoff home.  
 An agent of the Animal Welfare League rescued the four skunks but not until they had shown resentment in the usual skunk way.  
 Then Monday, the Getzoffs found six more baby skunks in the same window well. The Getzoffs sent out another SOS to the Animal Welfare League.

**Agriculture Head Will Be Speaker**

DALLAS —(P)—Charles F. Brannan, secretary of agriculture, will speak at the opening session of the annual Cotton Research Congress here July 22-24.  
 Brannan will discuss the outlook for export of U. S. cotton. Burrus C. Jackson of Hillsboro, chairman of the Statewide Cotton Committee of Texas, said.

**BERLIN**

(Continued from Page 1)  
 with power generated in the Soviet sector. Normally the Soviet sector supplies about half Western Berlin's power.  
 The Russians also announced they were stopping railway traffic to the Western sectors from Western Germany. This cut off daily deliveries of about 2,000 tons of food and for some 2,000,000 people in Western Berlin. It also halted coal shipments.  
 These new acts came the morning after the United States, Britain and France refused to accept a currency order by the Russians as legal tender for all Berlin.  
 The U. S. constabulary patrolled the American sector in armored cars and jeeps with mounted machineguns. Col. R. A. Willard, Berlin post commander, called this a precaution against "possible unrest." He said no disorders had been reported in the sector.

**CONVENTION**

(Continued from Page 1)  
 each blaring a different tune. California, frankly, was a disappointment. The demonstration was neither noisy nor colorful. It was without a single novelty. True, Miss Irene Dunne and George Murphy, film stars, appeared on the podium and dutifully chanted "We want Warren," for some 26 minutes.  
 The manifestation for Gov. Thomas E. Dewey was second in length, second in exuberance, and second in spontaneity. Quite possibly, however, the recent favorable events—in terms of delegates—convinced Dewey's adherents that the college try was hardly necessary. He seems very close to being "in," as they say in political circles.

**GERMANY**

(Continued from Page 1)  
 Russia and Poland called the parley and led the opening discussions on Germany.  
 Polish Foreign Minister Zygmunt Modzilewski presided at the conference. The government-controlled Polish press said the parley's slogan was "in the name of peace."  
 Modzilewski advanced Poland's view that:  
 1—The recommendations of the recent London six-power conference on Germany would contribute to "the formation of a new center of aggression."  
 2—The Western Allies' move to centralize Western Germany, threatened European peace and security.  
 3—The Western plan for German reconstruction violated a United States pledge not to give Germany priority in reconstruction over "Europe and democratic countries."  
 Informed sources said others attending advanced similar views and demanded strong counteraction.  
 They are expected to wind up the conference tomorrow.  
 The meeting, it was announced last night, is being dedicated principally to answering "the resolutions of the London conference concerning Germany."

**Meat Production Drops Below 1947**

WASHINGTON —(P)—Meat production during the first three months of this year was seven percent below the same period last year, the Agriculture Department reported.  
 Cattle slaughter was down 10 percent; calves one percent; hogs four percent and sheep and lambs seven percent.  
 During March however, commercial meat production was five percent larger than in February but two percent under the same month in 1947.

**THOMPSON CAMPAIGNS**  
 DALLAS —(P)—Ernest Thompson, running for reelection as Texas railroad commissioner, said in a radio broadcast here last night that since he has been with the commission utility rates have been reduced in 800 cities in the state.

**Ice Cream Sundae 3 Cents a Scoop**

HOLLYWOOD —(P)—Build your own soda, sundae, or banana split. Use all the ice cream you like—just 3 cents per scoop. Sundae topping, whipped cream, and chopped nuts—3 cents per serving, and "servings" are interpreted generously.  
 That's the stunt with which two ice cream stores, members of a chain, have been whipping up Thursday night business.  
 It's called "amateur night." Kids and adults line up by scores to

file slowly behind the counter. There they manipulate ice-cream scoops, carbonated-water draught arms, and syrup pumps to their hearts' content. A cashier figures their bills before they move on to tables.  
 Concoctions that normally wouldn't be dispensed are created. One youth happily constructed—and consumed—a super-sundae including four bananas, 10 scoops of assorted ice cream, and 10 sundry flavors.  
 Profits are forgotten for the night for the sake of word-of-mouth advertising.

**ANOTHER POLIO CASE**

SAN ANTONIO —(P)—The 16th polio case of the year and the seventh in less than two weeks was reported by the City Health Department today.  
**"Old at 40, 50, 60?"**
