He said the group would not be formed into a "foreign legion" but would be spread through the Army for service.

Overwork, undue worry, and lack of certain foods often reduces the red-blood strength—and starved, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

## New President Tells Christian Scientists Of Need for Spiritual Foundations for Peace

BOSTON, Mass. - Mr. Harry C. Browne, incoming president of the First Church of Christ, Scientist, in Boston, Mass., declared on June 7 at the annual meeting of the church held in Boston that the success of any organization, institution or government depends upon the spiritual efficacy of the government or controlling instrument. He added that with the problem of world peace confronting us divine qualities ap-plied in individual thought and action will be found as potent and as powerful as they were in

The Christian Science Board of Directors urged Christian Scientists to work strongly and actively for free governments throughout the world. Rightly conceived, they said, democratic government something more than an aggregation of legislative acts and legalized rules of conduct. "It is the orderly unfoldment of the moral character and spiritual integrity of its citizens," a spokesman said, adding that "a union of nations, to endure, must have a spiritual foundation and nations must possess kindred qualities of thought culture and purpose."

President Browne was born in Is Club Hostess

## Why Millions Call Him "HOLY FATHER"

Catholic loyalty to the Pope is the cause of never-ending amazement to many non-Catholics.

They wonder how an exclusively spiritual leader can command the devotion of nearly four hundred millions of people. They cannot explain why this vast religious

family...representing every race, color, language and political belief on the face of the earth...lives and grows through the ages, while man-made empires have their day of glory and then disappear.

What is there about this one man that causes people to speak of him in a hundred tongues as "Holy Father"?

We find the answer, of course, not necessarily in the holiness of the man himself, but in his Christgiven office. The answer is found by tracing the history of the Catholic Church...the history of 262 successive Popes... back through nearly 2,000 years to Christ Him-

We know as a matter of his torical fact that Christ did establish His Church ... that He commissioned the Apostle Peter as its first head ... that He sent His Apostles forth to teach men to observe all things He had commanded.

We know from the New Testament that the Church was actually Pamphlet No. 4-N.

organized ... that it was governed by the Apostles under the leadership of Peter...that it was teaching Christ's truth far and wide, long before the last book of the New Testament was written and the books of the Bible were collected into one volume.

Christ's purpose in organizing a Church was to make certain that the good news of Redemption would be preached to all men... even to the end of the world. To accomplish this with fallible men, required that He establish a Church -divinely protected from error in transmitting His teaching through the centuries.

The Catholic Church traces its unbroken history back to the Apostles-back to Christ, And Catholics today call Pope Pius XII "Holy Father" because he is the lawful and historical successor to Peter, the first Pope. He is in our time. as Peter was in the first century

WILL YOU SETTLE YOUR DEATH TAXES?

Yes, just how will you settle your Death Taxes? Federal Estate and State Inheritance Taxes will have to be paid some day. And payment must be made in cash, even though your heirs have to sell some of your most valuable possessions, or liquidate the estate entirely, to meet the obligation. So, just bow do you propose to settle those taxes?

If you have such a future financial problem, you can solve it today, with Southwestern Life Insurance, if you want to solve it. You can arrange now to pay your Estate Taxes out of income rather than out of your estate assets after death. You can arrange it so that cash on demand will be available to your executor, and so your estate may be left intact for your family.

The Southwestern Life plan makes it possible for you, rather than your executor, to determine how your Death Taxes will be paid. Now, while you may adopt the plan, is the time to discuss it ... and both you and your heirs will be glad that you did. Get an analysis of your estate needs today.
