

ARABS PREDICT BATTLE FOR JERUSALEM NEAR DECISION

Hospital and University Being Shelled

By the Associated Press
The battle for Jerusalem roared on today. A Jewish communiqué said the Arabs were shelling the Hebrew University and the Hadassah Hospital, strongpoints held by the army of Israel.

Arabs said they expected a decision today or tomorrow over Jewish fighters, estimated at 8,000 in the violent, continuing battle for Jerusalem. The Jewish Army said it had captured Mt. Zion and broken through the nearby Zion Gate and raised the months-long siege of 1,700 Jews in the old walled city.

Daniel De Luce of the Associated Press reported from inside the walled city that the British-trained Arab Legion of Trans-Jordan and Arab volunteers were fighting inside and outside the walls. He said the Arabs have cleared away nearly all the Jews to the north, east and south and struck deeply into modern Jerusalem to the west. Truce efforts failed. Arabs said the Jews were short of food and water.

Premier David Ben-Gurion decreed a state of emergency in Israel. Egyptian planes bombed Tel Aviv for the sixth day running. The mayor asked the U. S., Russia and the United Nations to stop Egypt from bombing Tel Aviv. Egypt announced her troops in southern Palestine occupied the Arab town of Beerseba, south-western limit of the Holy Land of Bible days. The defense ministry said Egyptian troops in a 10-hour battle captured the fortified Jewish settlement of Beit Suned, guarding the road to Tel Aviv.

Deir Suned is about seven miles north of Arab Gaza, commanding the road and railway to Tel Aviv. The Egyptians said the strongly fortified settlement was a base for supplying other Jewish defenses in Southern Palestine.

The Cairo ministry said that in the northward drive up the coastal plain the Egyptians also seized Beit Hanun, five miles northeast of Gaza. It is described as "one of the strongest points in the operational theater."
A Damascus communiqué said Syrians threw back a Jewish counterattack Tuesday and Wednesday in the Galilee area. It said Syrian artillery destroyed fortifications at Sha-Ar Hagolan and Masad in two battles in which the Jews lost 30 dead, including a major. The towns are about two miles south of the Sea of Galilee, near the Syrian frontier.

Man Injured in Welding Accident

P. W. Birdsell, White Deer, was severely injured about the face shortly before 4:30 p. m. yesterday when a tank he was welding blew up in front of him.

Birdsell was brought to Pampa Hospital by the Duenkel-Carmichael ambulance where physicians learned he had suffered at least a severe laceration across the forehead.

Further details of the accident, the extent of Birdsell's injuries and his condition today, were unavailable after efforts to contact his physicians failed.

High School Graduation Set Tonight

Climaxing the Seniors' school days at the graduation exercises at 8:30 p. m. today will be the address by Dr. James P. Cornette, executive vice president of the West Texas State College. Exercises will be held in the High School Auditorium.

Dr. Cornette, a native of Kentucky, received his Master's Degree from the University of Virginia in 1930 and his PhD from George Peabody Teachers College in 1938.

After majoring in English and higher education, he became a teacher and athletic coach for a Kentucky high school. He later joined the faculty at Bowling Green State College in Kentucky. From April, 1943, to July, 1944, Dr. Cornette was coordinator of the educational program for the 321 College Training Detachment of the Army Air Corps. Author of "A Biology of John Henry Claggett" and "A History of Western Kentucky State Teachers College," Dr. Cornette served as dean of Baylor University in Waco before he became executive vice president of the West Texas State College.

Following the principal address, Superintendent Knox Kinard, Principal Frank Wilson and Assistant Principal L. J. Edmondson will present the diplomas and confer honors upon deserving Seniors. Mona Cox, a Sophomore, Jo Dee Harden, a Junior and Betty Howard, a Freshman, accompanied by Mrs. Lorraine Powell, will present a flute trio. It will be "Dance of the Reed Flutes."

Before the flute selection the Rev. C. T. Jackson of the McCullough Methodist Church will play both the professional and the recreational for the graduation program.

Ten-Legged Gun Shoots Its Legs Into Oil Wells

TULSA, Okla.—(AP)—A ten-legged cannon which shoots its legs into oil wells—is on show here at the International Petroleum Exposition.

This cannon is about seven feet long, narrow enough—about three inches in diameter—to be lowered to the bottom of an oil well, or to any other level. Near the top it has an explosive chamber, and when the "shot" of powder explodes there, it drives a piston downward. The piston in turn drives the legs.

These are in pairs, set like real legs, one on each side of the gun. There are five sets, one below the other. Going down the well they are folded modestly into slots in the side of the cannon. When the gun fires, the legs are forced downward. At the same time they spread outward, each pair just like a dancing girl doing the split. The legs are hollow. As they spread each leg is driven into the stone sides of the oil well. The hole in each leg picks up a sample of the rock at that point—what the oil men call a core.

After the cannon is fired, it is pulled up out of the well, its legs still hitched on, and each leg gives a sample of the rock. The samples are test pieces for traces. It is an adage of the well-men that an oilman will shoot anything. Another recent gun uses glass marbles instead of the steel bullets. These marbles drive through the steel walls, or casings and out into the oil sands surrounding. They do not break until they have gone out into the oil rock. They work on the principle of tornadoes where straws are sometimes driven into tree trunks. The straws travel too fast to break. The marbles do the same, starting at a speed of several miles a second, they are shot by nitroglycerine. They are packed around the nitro in an arrangement called the glass marble torpedo, by the inventor, J. Gordon Burch, of Borger, Texas.

Dime-store marbles were first used. Now they are specially hardened glass, which explodes into powder when it breaks. The torpedoes are used on old oil wells which have nearly quit producing.

O'Daniel to Make Appearance in Texas Political Picture

By the Associated Press
Texans are expecting to find out tonight whether they can take their pick of three or four major candidates for United States senator in the July primary.

U. S. Senator W. Lee (sometimes known as "Unpredictable Pappy") O'Daniel goes on the air at 8 p. m. for a political broadcast that should bring an answer to these questions:

Will he run for reelection? (A good many of his friends were saying he would.)
Will he drop out of the political picture and not run for anything? (His friends were giving this one the hee-haw.)

Will he run for governor? (There was plenty of talk that pressure has been brought to bear on him to do just that.)
Mary J. James, 91, of Houston, Toss Ingram, 72, Ringling, Okla., and Dan Burns, 68, Rush Springs, Okla., were listed as the identifiers.

In St. Joseph, the site of James' official death, the Oklahoma newspaper story was accepted with extreme doubt.

Missouri editors explain that "Jesse comes to life every once in awhile."
Constitution reporter said the man believed to be James came to Lawton about four weeks ago from Centerville, Tex., where he was known as Frank Dalton.

Reporters said that the man had been under treatment at a Dallas, Tex., hospital under the name of Frank Dalton and that pictures were made on his 100th birthday, Sept. 5, 1947.

The newspaper story said: "Officially Jesse James was killed in 1882 by Bob Ford, a member of the gang, although it was not fully accepted."
"Actually, it was Charlie Bigelow who met his death at the hands of Ford."

"It was agreed among the outlaw gang that no one would reveal his identity until all were past the age of 100. Old man Jesse is the only one who lived."

Father of Pampa Dies in Oklahoma

Word was received here of the death of H. P. Boswell, who died at 1:30 a. m. today in his home in Sapulpa, Okla. He was 90 years old.

Boswell, who was born in Livingston, Tenn., was a retired farmer and hotel operator. He is survived by his son, C. E. Boswell, 1125 Starkweather, and by five other children and several grandchildren and great-grandchildren.

Funeral services will be held tomorrow in the Methodist Church in Sapulpa of which Boswell was a life-long member.
C. E. Boswell has been in Sapulpa since May 8, when he first learned of his father's illness. It was reported that the elder Boswell died of complications resulting from pneumonia and a weak heart.

Group Debates Separation of Church, State

MEMPHIS, Tenn.—(AP)—Southern Baptists debated one of their favorite subjects today—separation of church and state. The voting for new officers of the Southern Baptist Convention waited until late afternoon (6 p. m. EST) while religious education in public schools was discussed. Other church-and-state relationships also came up.

The subject was tied to the report of the committee on public relations, supported by four Baptist conventions including the Southern group. During the past year, the committee has been active in opposition to formal religious instruction in public schools. It has also promoted organization of Protestants to work for more separation of church and state.

Nominations for president and other convention officers were to be made from the floor. Most prominently mentioned as possible successors to President Louie Newton of Atlanta, Ga., have been Dr. John H. Buchanan of Birmingham, Ala., and Dr. Robert O. Lee of Memphis, Newton is retiring after two terms. Yesterday's opening-day sessions were marked by a convention refusal to accept a motion commending President Truman for his recognition of the new nation of Israel.

The convention agreed on an over-all Southwide goal of \$10,000,000 for 1949. It also: Budgeted \$2,000,000 to its Foreign Mission Board, \$700,000 to the Home Missions Board, and \$180,000 each to its seminaries in Louisville, Ky., Fort Worth, Texas, and New Orleans, La., for 1949.

Doctor at McLean Dies

McLEAN—(Special)—Dr. Walter Elgin Ballard, practicing physician in McLean for more than forty years, died in his home Tuesday, after a long illness.

Dr. Ballard was born Aug. 27, 1868, in Hollis Springs, Miss. In his early years he taught school and took some training in law before going into medicine as a profession. He studied medicine in Baylor Medical School in Dallas and was graduated in his class in 1902. He practiced medicine in Bonanza, Tex., from 1902 to 1904 when he moved to McLean.

Dr. Ballard was married in 1918 to Ida Arnold of Sulphur Springs, who survives him. Besides his wife Dr. Ballard is survived by a son, Byron L. Ballard, an attorney in Lansing, Mich., and a daughter, Grace Lee Ballard of Ft. Worth.

Funeral services are being held at 2 p. m. today in the home with the Rev. Longene, pastor of the Methodist Church, conducting the services. Burial will be in Hillcrest Cemetery.

Men Sentenced Here Are Taken To Penitentiary

Robert Corrado, William Leamas and Richard Miller, were taken to the penitentiary by Chief Deputy Sheriff Rufe Jordan where the three will serve six and five-year sentences for the daylight robbery of the Simmons Grocery and Market on April 25.

The trio still has to answer Missouri authorities for the attempted robbery of a Joplin jewelry store and the blackjacking of its proprietor, and to the federal government for transporting a stolen car across a state line. They committed the latter offense when they drove a stolen Buick car from Tulsa, Okla., to Pampa.

Also taken to the state penitentiary was F. E. Rickert, convicted in 31st District Court here in January for forgery. Rickert was given a two-year sentence by Judge Lewis M. Goodrich.

Public Health Is Subject of Meeting

Mrs. Margaret Dial, Lefors school nurse, spoke to Girl Scout Troop 7 at the regular troop meeting yesterday on public health.

Under the leadership of Mrs. Carl Stone and Mrs. Bob Bowerman, the sixth grade girls in Troop 7 have been collecting coat hangers as a money raising project. A prize was offered to the girl bringing in the most hangers. Paula Browning won the prize by gathering more than 100.

PARCEL POST RECORD
BERLIN—(AP)—GRT packages arriving in Germany from the United States at an average rate of more than 1,000,000 a month have established a new world parcel post record, the American military government said today.

HAGANAH CELEBRATES IN HAIFA—Soldiers of the Haganah parade through a street of Haifa, Jerusalem, in a victory celebration of the proclamation of the new state of Israel. Meanwhile the fighting at other points continued with the Haganah later reported striking seven miles into enemy Lebanon and expecting the surrender of the Arab city of Acre.

U.S.-Russian Peace Exchange Blocks Progress on All Issues

WASHINGTON—(AP)—The peace exchange between Russia and the United States appears today to be hardening into the same kind of deadlock that has blocked progress on all other issues involving the two great powers. Moscow's latest declaration—a Tass news agency dispatch evidently reflecting official Soviet views—represents the Soviet Union as standing firm that any negotiations undertaken should be on a two-power basis, covering a range of subjects from atomic energy to human rights.

Difficulties Blamed on U.S. by Reds

MOSCOW—(AP)—Tass says "leading circles" in Russia blame current Soviet-American difficulties on the United States government's departures from the policies of Franklin D. Roosevelt. The official Russian news agency said in a dispatch distributed last night, it was in a position to report the opinions of these "leading circles" and that the belief there is that the Soviet-American deadlock is the result of the present Washington government's "aggressive attitude."

Under the administration of President Roosevelt, Tass said, the most difficult international questions were settled between the United States, Britain and Russia for more than three years. "The question therefore arises, why now is it considered impossible to reach agreed decisions of the powers on new, less difficult questions? Is it not perhaps because the present government of the U. S. has departed from the Roosevelt policy and is pursuing a different policy?"

"The Soviet public considers that the situation that has arisen is the result of the aggressive attitude adopted by the present government of the United States of America." Tass charged the U. S. State Department contradicted itself by its negative attitude toward proposals for direct negotiations as contained in an exchange of "open letters" between Prime Minister Stalin and Henry A. Wallace, third party presidential candidate. This Washington response provoked surprise in Moscow, the news agency said, commenting that while Stalin had addressed his remarks to Wallace the State Department, nevertheless, "a considered it necessary to make a special statement to the press on J. V. Stalin's reply to Mr. Wallace."

Texan Trying to Sell Piano Plan
WASHINGTON—(AP)—A Texas woman is trying to sell the Veterans Administration on her method of teaching piano. Miss Lorene McClintock says the method worked well at the USO in Pampa when she was a housewife during the war. At present veterans in the Bronx Veterans Hospital in New York are using it.

A former Southern Methodist University student, Miss McClintock developed a set of keyblocks so your fingers learn to reach all the octaves. When that's mastered, you move to a piano and play without looking at the keys. (Editor's Note: Miss McClintock, the subject of two or more features in The Pampa News, developed her system and prepared the material for a textbook on it while she was here at Pampa.)

Deadline on Camp Registration Set
Tomorrow is the last day that Brownie and Tenderfoot Girl Scouts can register at the City Hall Girl Scout office for Day Camp, which will run during the first two weeks in June from 4:30 to 8:30 p. m. Mrs. K. E. Thornton, executive of the Pampa Girl Scout Association announces.

Men Will Wear Latest Colors
LOS ANGELES—(AP)—Hold tight, men. Colors for fall clothes will be gold and bronze, charcoal and vermilion. It's the menswear manufacturers of Los Angeles throwing the paint pot with wild abandon. They took the wraps off their new creations at a style show last night. The choicest item was a gold suede sport coat with slippers to match.

We Saw...
Some "thank you" notes received by Mrs. Lillian Snow, city librarian, for her help in acquainting school children with the library privileges they can enjoy.

Guardsmen Take Over Rath Plant

WATERLOO, Ia.—(AP)—National Guardsmen, who moved into the area with fixed bayonets shortly before dawn, patrolled the Rath Picking Company plant today after CIO picketing workers rioted when one of their pickets was shot to death last evening. Under protection of upwards of 500 guardsmen, a group of 150 non-striking workers isolated in the big independent packing plant when the rioting began were able to go to their homes.

Relative quiet prevailed at the scene where tumult had broken out for two hours last night after Picket William J. Farrell, 40, Waterloo, was killed by a pistol blast from a non-striking worker's car which pickets had stopped at the plant entrance. A woman picket was wounded in the shoulder, apparently by the same bullet that killed Farrell. Martial law was not proclaimed.

As guardsmen took over under direction of civil authorities a group of about 80 pickets retreated before the advancing soldiers. They shouted jibes but offered no resistance and gathered in a cluster about a block away where others joined them as the day wore on. Road blocks were set up on streets leading to the plant. Half trucks and jeeps patrolled the area.

The guardsmen were directed to enforce court orders restricting strike activities in the plant area. To relieve tension the Rath plant shut down its limited operations for today and the man held in the playing was removed to a secret place.

Texas Hater Honor Guest

HOUSTON—(AP)—Ray F. Halloran of Cincinnati, Ohio, acclaimed as Texas Hater No. 1, lands here today to give the Lone Star State a chance to change his mind. Winner of the Madisonville Sidewalk Cattlemen's Association contest to find the war veteran with the worst opinion of Texas, Halloran will be feted and paraded in every section of the state during the next 12 days.

A bovy of beauties from a studio of modeling will greet the grouching Ohioan when he steps from his plane. Halloran's entertainment tour of Texas will be climaxed at the Sidewalk Cattlemen's annual barbecue in Madison County May 27. Wichita Falls, a city Halloran claims has a terrible climate, no scenery and no pretty girls, is waiting to show the veteran some pretty girls.

And L. H. Hubbard, president of the Texas State College for Women, has extended the Ohioan an invitation to visit the college. The institution announced it has 2,500 women ready to convince Halloran he is all wrong about the Lone Star State. Some of the students are from Ohio.

FAMILY LIVES IN SOD HOUSE—Tired, after having moved eight times in five years, Mr. and Mrs. Leonard Ramsey, right, and their three children, Bonnie Jean, 4, far left; Joe, 6, and Junior, 16, are completing work on the sod house they are building on the outskirts of Codell, Kans. Ramsey, a 35-year-old carpenter, is being helped on the job by his father-in-law, Martin Lovin, left foreground. Mr. Goodland, Kans.—The Ramsey family is living in the 18-by-40-foot building, which is tiled with 14 by 18-inch sod blocks. The house is expected to cost between \$50 and \$100.

More Oil Wells In Texas to Date

AUSTIN —(AP)— Completion of 186 new oil wells in Texas last week boosted the year's total completions to 2,900. The Railroad Commission has reported. The completions are 640 ahead of 1947 completions for the comparable period. Eight gas well completions last week brought the year's total to 205, lagging last year's by 12. Seven oil and three gas wildcats were reported drilled during the week. Total average calendar day crude oil allowable as of May 15 was reported at 2,650,875, up 7,278 barrels from a week earlier.

Law of Averages in Favor of Quints

NEW YORK, N. Y. — The Dione quintuplets, celebrating their fourteenth birthday on May 23, together have overcome mortality risks equal to those which the average woman meets in the first 35 years of life, according to the statisticians of the Metropolitan Life Insurance Company.

The chances are about 97 in 100 that all five girls will reach marriageable age. The chances are almost three in five that they will all live to age 50, and more than one in five that they will all celebrate their 65th birthday. These figures are based on the average for girls in the general population of Canada.

"The prospects are that the Dione quintuplets will exceed the average," the statisticians say. "The special care they receive enhances their chances of long life; secondly, the continued progress of medical science and public health administration is making the world a safer place in which to live."

Korea Represented

SEOUL —(AP)— Korea will be represented by one of its own people for the first time at a meeting next month of the Economic Commission for Asia and the Far East. Oh Chung Soo, director of commerce of the Korean Interim government, said Tuesday he would sit as an observer at the commission's third meeting, at Ootacamund, India, June 1 to 13.

Claude Jarman Wants to Play College Football

By BOB THOMAS
HOLLYWOOD—(AP)—Young Claude Jarman, the memorable Jody of "The Yearling," indicates that a life-long film career is not for him.
 Claude's ambition is to study agriculture and play football at the University of Tennessee and his aim is at that goal. Now five-foot-seven and approaching high school, he still has a few years of film work left.
 The lad now is coveting with Lassie in "Sun in the Morning." His next film probably will be "The Secret Garden," to be made in England with Margaret O'Brien and Dean Stockwell. That's the picture which has been on the fire for a couple of years, and if MGM doesn't hurry, it will have to be made as an adult story. The kids are aging.

Fred Astaire happened to remark to Irving Berlin: "I suppose now that you've had 'Alexander's Ragtime Band,' 'Blue Skies' and 'Easter Parade,' you'll undoubtedly have a picture called 'White Christmas.'" So the tunesmith whipped up one and Fred

Song Without Music, Director, Sponsor

FAIRBURY, Neb.—(AP)—The Fairbury Junior College mixed choir belongs to the old theatrical school which contends that come what may, the "show must go on." The choir was about to leave on a "one-day four-town concert tour" when the director became too ill to make the trip.
 Jim Chatelein, a singer in the bass section, had done some directing of other groups so he stepped in as pinch hitter. All went well at the first concert. But a few minutes before the second concert was to start at another town, someone discovered the director's music had been left at the last stop. So the vocalists sang under the direction of a novice director who had no music to follow.
 Dean D. S. Overturf, meanwhile, drove back to the first stop to pick up the missing portfolio. Car trouble developed and he couldn't make it back. The choir was undaunted. It sang the remaining two concerts as scheduled, with a music-less, pinch-hitting director.

and Bing will star in it at Paramount next year.
 Fred wrote Bing: "I suppose you will have another string of night clubs (as he did in 'Holiday Inn' and 'Blue Skies'). Only this time there'll be snow on the ground."

Says David Niven: "People in Hollywood worry too much, and it doesn't help a bit. You're either going to work, or not work." He has reason not to worry—Rank, Korda and Warner are all seeking his services this summer. Korda is the apparent winner; after "Take Three Tenses," Niven sails to London for another "Scarlet Pimpernel".

Clark Gable's European jaunt is in doubt. "Command Decision" is taking longer than he expected. And with all the Hollywood people planning summer trips abroad, Clark says "Europe will look like the sunset strip".

Hollywood confusion: MGM is now filming "Connecticut Yankee" with June Allyson. Last year, Paramount made "Conn. Yankee" with Bing Crosby. The MGM version is a sequence for the Rodgers-Hart biography, "Words and Music." Paramount had to write its own music because MGM owned the original score.

Gen. Jan Christian Smuts was a famous general in the war against England and later became a great colonial statesman for England.

Midas was given the power by the god Bacchus to turn all that he touched into gold.

New Sacrificial Metal Found to Save Pipe Rust

TULSA—(AP)—A new sacrificial metal, as oil men call it, that rusts itself completely away to protect other metal from rust was shown at the International Petroleum Exposition.
 The metal is magnesium, the light-weight stuff extracted from sea-water at Freeport, Texas. For the wasting-away trick the metal is alloyed with a little clay aluminum and zinc. It is shown by the Dow Chemical Company of Midland, Mich.
 The protection against rust is applied to all metal underground or under water. Corrosion of such metal, the Dow Company says, runs into billions of dollars yearly with nearly a quarter of a million dollar loss to oil pipelines.
 Magnesium can plug much of the loss, the company says. A chunk of the metal is buried in the ground near whatever other metal structure is to be protected. A wire connects the sacrificial metal to the other. Thereupon the sacrificial metal starts rusting and the other stops. The protection is said to be good for one to ten years, depending on soil and water conditions.
 The protection continues until the magnesium has vanished.
 The explanation is that underground rust occurs because electric currents run along metal structures and out into the ground. Where the electricity runs out rust forms, and holes are eaten. When the wire is run between the metal to be protected and the sacrificial magnesium, all the elec-

Dumas Dogie Days Begin

With flag decked streets and a dipping tank for those who forget to don rodeo togs, Dumas is all set for its annual Dumas Dogie Days celebration May 20, 21, 22, 23.
 The celebration will open tonight when Dumas Lions men entertainment concessions, rides, shows and entertainment features on their big midway downtown Dumas.
 Friday, May 21, will be Old Settler's Day with a band concert at 10 a. m., a huge Jim Morton barbecue on the courthouse lawn at noon and a big dance that night.
 Shorty Walls and his Playboys who specializes in old time dance tunes, will furnish the music for the Old Settler's Ball starting at 9 p. m. Friday and honoring old time residents.
 Saturday, May 22, the celebration gets in high gear with a giant parade at 11 a. m., a full three hour Bob James rodeo starting at 2 p. m., carnival and midway and the Dumas Dogie Dance, starting at 9 p. m. Saturday.
 In the mounted section of the parade will be found Amarillo's famous Will Rogers Range Riders and Dalhart's equally colorful XIT Range Riders. The Dalhart section will be led by the famous Dalhart High School Band in its entirety of the protected structure runs into the magnesium—none into the ground. But from the magnesium the electricity runs into the ground, resulting in rusting.

Candidate Judge Visiting Here

Judge James G. Lumpkin was a visitor here yesterday and today in the interest of his candidacy to remain as an associate justice of the Seventh Court of Civil Appeals, Amarillo.
 A native of Amarillo, Judge Lumpkin prior to the practice of law was an instructor at Amarillo College.
 He served with the 38th Division during the war, has been on the Court of Civil Appeals for over a year. He said he intended to call on as many voters as possible between now and July 24, date of the Democratic primary. His court has jurisdiction in civil cases over 46 Northwest Texas counties, including Gray County.
 His opponent for the office is Potter County Judge E. O. Northcutt.
 A "lame duck" is an office holder who has been defeated for re-election but whose term has not expired.

Now They Bootleg Labels for Whiskey

DALLAS —(AP)— Donald L. Brennan, 40, of Wichita Falls was on a probation, one-year federal sentence for helping paste labels of fine bonded whiskeys on junk liquor to be sold in the dry areas of North Texas and Oklahoma.

Brennan was sentenced in Federal Court here Wednesday. He was accused of helping a group bring labels from Louisville, Ky., to be pasted on the bootleg whiskey.

John Marshall, Chief Justice of the Supreme Court, did more to clarify the intent of the U. S. Constitution than any other man.

Deserting Seamen Fret Australians

SYDNEY — (AP)— The Australian Government is going to be tougher with seamen deserting overseas ships in Australian ports. Immigration Minister Arthur A. Calwell issued a reminder in a recent statement that deserting seamen can be declared prohibited immigrants, and held in prison until they are deported.

Such desertions totaled 1200 in 1947. Today an estimated 40 men a week are leaving overseas ships in Australian ports.

An officer of an overseas ship told a reporter: "Many British seamen plan months ahead to desert in Australia. They have been here before, and like the country. In many cases they have made arrangements to take jobs when they desert. Many have become engaged to Australian girls, and they desert to get married and settle here."

Farmers Need Grain Storage

More grain storage should be built on farms, says H. J. Gramlich, general agricultural agent of Chicago and Northwestern Railway, Farm Journal reports.

"The combine is a wonderful farm implement; however, it has been responsible for producing a situation in grain marketing which is difficult to meet. When a flock of combines moves into a community, a tremendous amount of grain is pounded out in one day," Gramlich points out.

As an example, he tells of a community in eastern South Dakota which one year had 17 combines threshing grain to be delivered to one elevator.

On one Monday morning this elevator started out filled, except for room for 3,000 bushels of oats. During the day it loaded seven carloads, and that night the elevator was plugged.

"In other words," Gramlich says, "better than 20,000 bushels of oats had been delivered in one day to this elevator."

"Even though the railroads had sufficient cars to handle all of the combined grain, there would not be sufficient facilities at the terminal markets to unload and store it in the short span of a few weeks."

Oil Production Shows Decline

TULSA, Okla. —(AP)— America's crude oil production dropped an average of 4,830 barrels daily during the week ended May 15. The Oil & Gas Journal reported this week.

The journal said total daily average output for the week was 5,434,365 barrels.

The following areas accounted for most of the decline: The Eastern area, down 1,480 barrels to 68,500 barrels; Indiana, off 2,700 barrels to 19,000; Illinois 2,200 to 170,800; Michigan 2,000 to 45,400; Kansas 1,400 to 293,900; Mississippi 1,050 to 114,865.

California and Nebraska reported decreases of 700 and 50 barrels, respectively.

Major gains were made by Colorado, up 1,020 barrels to 45,000; Wyoming 1,800 to 141,440; Kentucky 1,600 to 25,700.

Florida, Alabama, Louisiana, Arkansas, Oklahoma and Montana had increases of 930 barrels or less. Texas and New Mexico production was unchanged.

Suits Filed
3 Block 2 of the Buckler addition. F. W. Hendrix and wife, Mattie, to E. H. Anthony and wife, Mary; Lot 26 of Block 2 of the Finley-Banks addition.

Driggers Chalks Up Number 7 as Oilers Trip Borger 5-4

Feller Limits A's to 3 Hits As Indians Take Over Top Spot

By The Associated Press
Bobby Feller and his Cleveland Tribe have cooled off Connie Mack's Athletics and wrested the actual American League lead from Philadelphia.

By a mathematical freak, the Indians slipped into first place Tuesday night when they really trailed the A's by a half game. No longer is there any freak about it. Feller took care of that.

The fireballing righthander, who was the only American League pitcher to win 20 games last season, hung up his fifth victory last night by trimming Philadelphia, 6-1, with three hits.

Last night's crowd of 33,871 saw Feller retire the side in order in seven of the nine innings while the home club routed the Bill Dietrich in a five-run fifth.

Hal Newhouser got back on the win path after being knocked out five straight times when he hurled Detroit to a 4-1 decision over Boston. Hal tied a record when he started four of the Tigers' six double plays.

The New York Yankees finally got a route-gone job from Lefty Ed Lopat, ex-White Soxer, who allowed 12 hits in taking an 8-4 verdict over Fred Sanford and the St. Louis Browns.

Pitcher Early Wynn helped Washington out of trouble with his bat. Coming in as a pinch-hitter he singled home two runs that started the Senators to a 4-1 nod over Chicago. Walt Masterson benefitted by the blow off Joe Haynes.

There were some high shenanigans at Ebbets Field, where the St. Louis Cardinals thumped the Brooklyn, 14-7, before a night crowd of 32,888. It lasted for three hours and 28 minutes and consumed five of the Brooks' seven able pitchers. Clyde King, who replaced starter Rex Barney, caught the loss as the win went to Ted Wilks, the third Card chucker.

While the Dodgers were losing their fourth in a row at home, the Phils were coming from behind to shade Chicago, 2-1. Two in the last of the ninth on a triple by Johnny Blanton and singles by Del Ennis, Eddie Miller and Howie Schultz turned Cliff Chamber's potential shutout into a decision for reliever Sam Nahem.

The New York Giants took advantage of an advancing pitcher job by Larry Jansen, who curved the ball past Cincinnati for a 5-0 victory. Whitey Lockman and Bill Rigney hit homers for the Giants.

Boston uncovered a new rookie, Vern Bickford, who may have an important bearing on the race. Bickford, making his first start, limited Pittsburgh to five hits in a 4-1 victory.

2 Share Lead in Golf Meet

ST. LOUIS (AP)—Two former champions, Bob Hamilton and little Ben Hogan, shared the lead with five-under-par 66's at the start of today's second and final 18 holes of qualifying play in the 30th Professional Golfers Association Tournament.

Sure putting and accurate approaches to the greens of the hilly 5,467 yard Norwood Hills Country Club put the pair in the lead.

Hamilton, the 1944 titlist, turned in a classy 25 put job as seven of the top 12 shooters showed complete mastery of the fast, true greens yesterday.

Hamilton, of Landover, Md., flashed the finest series of shots with an eagle and two birdies on successive holes that gave him a four-under-par for the incoming nine. He chipped from well off the green into the cup for an eagle 2 on the 13th, and lifted another into the hole for a birdie 3 on the 18th.

Hogan, of Hershey, Pa., who won the crown in 1946, used only 29 putts. Long putts accounted for three of his five birdies.

Gene Sarazen of Germantown, N. Y., and Former Masters Champion Herman Keiser of Akron, O., each needed only 30 putts for 67's.

Burning a measly 29 putts for the day were Ed (Porky) Oliver, Kenmore, Wash., and Sammy Sneed, the White Sulphur Springs, W. Va., slammer, who shared 68's with Jimmie Demaret, Ojai, Calif., and Pete Cooper, Ponte Vedra, Fla.

Big Jim Ferrier, the defending champion, who didn't have to qualify, stoked through a 36-34-70 round just to get the "feel of the course."

All told, 25 of the 133 starters yesterday bettered or equalled regulation figures for the tournament stretch.

A qualifying score of about 150 appeared to be the order for the 63 players who will join Ferrier in match play Friday for the top \$3,500 prize. The final match of 36 holes is scheduled for next Tuesday.

A two-run ninth inning rally by the Borger Gassers fell short as the Pampa Oilers won the first game of a four-game series by a 5 to 4 margin last night at Oiler Park to move two games ahead of the second place Gassers and Lubbock Hubbers.

Avon Driggers, the Oilers' number one lefthander, limited the Gassers to 10 singles, three coming in the ninth frame, as the Oilers pounced upon Sid Jamison for 12 hits and five runs to give Driggers his seventh win of the season.

Tonight the two teams will clash in two seven-inning games at Oiler Park, with the first scheduled to get underway at 7 o'clock.

Oiler Manager Grover Seltz announced this morning that George Payte and lefty Roy Parker would be the starters for the local nine.

The Gassers will plan to use two boys to get under way on the left side of the mound. Clayton Fries and Manager Eddie Carnett. Fries has been credited with

Clements and Wentworth on Weekly Card

The second in a series of elimination matches that may decide the next Southwestern Junior Heavyweight Wrestling Champion will be staged tonight at Promoter Vic Burnett's Sportatorium.

Ray "Big Train" Clements will meet Jack Wentworth and Cowboy Ace Abbott will be matched with Sammy Cohen in two bouts beginning at 8:15 p. m. today.

The winner of this series will meet Wayne Martin, present champion, in a title match at the local arena June 3.

In last week's matches, when he played semi-pro baseball, defeated Young Billy Sandow, and Abbott won in the fourth—a single by John Bottarini.

Pampa stretched its lead to two games over Borger last night by beating the Gassers, 5-4. In other games, Lamesa beat Abilene, 16-3, and Abilene swapped Amarillo, 17-7.

Clodfelter faced only 27 men and helped his cause with a three-inning home run.

Home runs helped Lamesa take the Dukes, as Bob Murphy, Tony Frazier, George Sturdivant and Ed Skraback hit for the circuit. Frank Okrie and Joe Behl homered for the Dukes.

Avon Driggers notched his seventh victory in Pampa's triumph while Red Fazio won his fourth for Abilene.

Six wins this season. He got credit for the Gassers' 14-9 win over the Oilers Sunday after being relieved by Carnett in the eighth.

Carnett, a former major league and Texas League player, pitched for the St. Louis Browns in 1944.

Singles by Bartholomew, Harriman, and Riley gave the Oilers one in the first.

The Gassers came back and tied it up in their half of third on Kramolisch's infield hit, a single by Jamison, and Verdun Gilchrist's single.

But the Oilers jumped on Jamison in their half of third with Harriman leading off with a double. Riley walked. Range singled to score Harriman. A double by Joe Fortin scored Riley. Driggers was safe on a fielder's choice, forcing Belford at second, who had walked; Range scoring on the play.

The Gassers picked up one more in the fifth on singles by Larry Gilchrist and Bob Kramolisch. Verdun Gilchrist's fly to left scored brother Larry.

Two walks given up by Jamison after two men were out gave the Oilers their fifth run and what proved to be the winning run of the game. Fortin and Samek drew walks. Belford hit a slow roller to short. Larry Gilchrist's throw to First Base—man Mitchell was not in time, Belford being credited with a single. Fortin scoring from second on the play.

After one man was out in the ninth, Kramolisch walked. Marcum batting for Jamison singled. Verdun Gilchrist singled to score Kramolisch. Nell batting for Cato was safe on a fielder's choice forcing Verdun Gilchrist at second for the second out. Carnett singled to score Marcum. And then Fox forced Carnett at second to give the Oilers their 11th win in their last 13 starts.

Strong Retires After 25 Years Of Top Football

NEW YORK (NEA)—Speaking of iron men, how about Ken Strong retiring after 25 years of top-notch football competition. Strong, who won All-America honors at New York University, is the professional New York Giants' all-time high scorer with 251 points. Strong names the 1934 championship play-off with the Chicago Bears as his biggest gridiron thrill. That was when the Polo Grounds came out in rubber-sole shoes for the second half, and smacked the visitors, 30-13, to snap their unbeaten skid at 24. A promising baseball career by Strong was cut short when he injured his hand bumping into a fence while chasing a fly in the International League.

the annual girls Kiwanis softball league.

Last season, several of the local teams matched games with Bunavista and other close by towns, and in doing so received lots of attention and several good attendances.

If any lady is interested in organizing a ladies team she is asked to contact Mrs. Stoney Gaston, Box 174, or call 106-A White Deer.

NEW YORK (AP)—Roy D. Simmons, boxing and lacrosse coach as well as assistant football coach at Syracuse University, recently was elected president of the College Boxing Coaches Association of the nation.

Dallas Nips Tulsa 5 to 4

By The Associated Press Staff
The game of leap-frog Dallas and Tulsa are playing with fourth place in the Texas League had Dallas there today.

Rob Brady's ninth inning single jumped the Rebels ahead of the Oilers for one of two changes in the first division. The other saw Houston break its second place tie with San Antonio for second on a double win from Beaumont. San Antonio divided with Shreveport.

Dallas' 5-4 decision over Tulsa was the only single game played as these results were posted in double bills:

Fort Worth 3-8, Oklahoma City 2-4; Houston 4-5, Beaumont 0-2; Shreveport 7-1, San Antonio 0-2.

The Cats needed an extra-inning in the seven-frame opener to nudge the Indians, Irving Noren's double breaking up the game. The Cats picked up a dozen hits in the nightcap for an easy decision.

Claude Boyer won his fourth game in holding Beaumont to five hits in the first game. A three-run second inning gave the Buffs a lead that was never threatened in the nightcap.

Vern Petty's error in the tenth gave San Antonio a split with Shreveport, George Corona scoring from second. Home runs by Al Masur and Dan Reynolds helped the Shippers win the opener.

A change in sites tonight sends Oklahoma City to Dallas and

PAGE 8 Pampa News, Thursday, May 20, 1948

Coliseum Relays Open Tomorrow

LOS ANGELES (AP)—A crowd of more than 60,000 at the annual Los Angeles Coliseum Relays was anticipated today as one of the greatest arrays of track and field stars got in final training for the cinderpath carnival tomorrow night.

Primary magnet for the track addicts is the renewal of the 100-meter sprint duel between Mel Patton of Southern California and Lloyd La Beach of Panama.

Named for the 100-meters with them were Ex-Sprint King Barney Ewell of Penn State fame, who ran third to Patton here last year; Charlie Parker of Texas; Australia's John Treloar, and four others.

The 1500-meter Coliseum record is 3 minutes 51.2 seconds, set by Italy's Luigi Beccali in 1932. Rated a chance to lower it are Penn State's Gerald Karver, who won the corresponding mile last year; Tulsa to Fort Worth, but leaves Shreveport at San Antonio and Houston at Beaumont.

Roland Sink of USC and Texas' diminutive Jerry Thompson. Aiming at the Coliseum 14.3 seconds for the 110-meter high hurdles (Roy Staley, USC, 1934) are such athletes as Lloyd Duff of Ohio State and August Ehrfurth of Rice.

ONE WAS ENOUGH
BOSTON (AP)—The Boston Red Sox faded last season after winning the American League title in 1946, but the Sox led the loop in one department—they won more one run games than any other team, 28. The Red Sox lost 20 titles by a single marker.

White Deer Girls' Softball Team Seeks Games

Several sports enthusiasts of Pampa and her neighboring towns have recently been trying to introduce the idea of a ladies softball team in Pampa.

White Deer and several other Gray and Carson county towns have fielded ladies teams and are seeking competition with hopes that a feminine team will soon be ready to compete from this city.

The White Deer team has been interested in seeing Pampa start a team, since they have secured permission from their local Lions organization to have access to their lighted field every Thursday night but so far they have met difficulty in finding adequate competition.

This White Deer aggregation has met its financial difficulties by having White Deer merchants buy their equipment and shirts.

The team consists mostly of married women, but they have stated that they will attempt to play any ladies team, since competition is so scarce.

Thus far, the only signs of feminine softball in Pampa is

**Science Research
On Worldwide
Basis Wins Favor**

LAKE SUCCESS — Establishment of international research laboratories, in the fields of both

natural and social sciences, is favored by national and international organizations and eminent scientists. A worldwide survey conducted by the United Nations reveals the inquiry, carried out under instructions of the U. N. Economic and Social Council, shows there is high interest in the principle of international re-

search. Studies of astrophysics and geophysics, cartography, meteorology, and biological medicine and human sciences are among the leading suggestions made in answer to the survey. Generally speaking, the survey shows all scientists would like to see certain scientific problems re-studied on the international plane,

and that many specialists in various fields desire coordination of efforts. Some of the answers stressed the importance of maintaining and developing branches of scientific research which scientists are inclined to neglect today, in order to devote themselves more completely to fields of research

recently encouraged by national authorities, often because of special military significance. One mathematician, for instance, thought that the United Nations could render considerable service to humanity by maintaining a large research center in the field of thermo-dynamics and fluid dynamics, which are basic in the

study of the sciences of water and the atmosphere. Astronomers who were queried are apparently unanimous in desiring the establishment of international laboratories. Certain eminent geophysicists would like to have floating laboratories and international upper atmosphere observation stations, while others

would favor international research in physical and biological oceanography. A group of sociologists proposed an international institute of human sciences to close the gap between man's advanced knowledge of his surroundings and his

less advanced knowledge of himself. The depths of the earth, the problems of soil erosion and desertification and the nature of diseases are among other subjects whose study on an international basis have also been proposed.

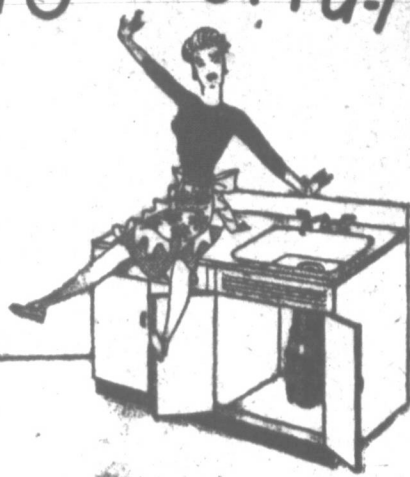

Announcing PAMPA'S "BIG SHOW" The Formal Opening Of PAMPA'S WESTINGHOUSE STORE

FRIDAY, MAY 21st

Two Big Shows 2 P.M. to 6 P.M. 8 P.M. to 10 P.M.

HAVE YOU SEEN THE
**Westinghouse
WASTE-AWAY**
MOUNTING GARBAGE DISPOSER

wonderful

see how sanitary, convenient and modern it is! And it's just as safe, dependable and economical, too! That's the reason modern housewives call it wonderful!

1 Turn the tap into the sink.

see how it eliminates one of the most-odorous jobs in your kitchen: Food waste is disposed of immediately—before it becomes garbage!

2 Set the tap to "Wash".

No Messy Stinks
No Unnecessary Garbage Cans
No Trips to the Garbage Can

3 Turn on the cold water.

see its simple 1-2-3 operation! It can probably be installed in your present sink easily!

see the new Westinghouse Waste-Away now! Include it in your building or modernizing plans. Come in or phone us. We'll tell you about it!

ONLY \$124.95 \$12 Down Easy Monthly Payments

Yes, folks, this is truly Pampa's big show. The formal opening of Pampa's Westinghouse Store and the showing of the newest in WESTINGHOUSE APPLIANCES. Factory representative will be present to give actual demonstration and answer your questions. Don't miss REFRESHMENTS, PRIZES AND SOUVENIRS

the showing of those world famous WESTINGHOUSE APPLIANCES! We will show you the economical way to many additional hours of leisure. SAVE TIME — SAVE MONEY — SEE WESTINGHOUSE FIRST! —FUN FOR ALL

 7:30 Business and Professional Women's Club in City Club Rooms.

Pupils Visit Library And Fire Station

The second grade pupils in Mrs. Jessie White's room at Woodrow Wilson School visited the City Library and City Fire Department Tuesday afternoon. At the library Mrs. Lillian Snow showed the children some of the books which they will be able to check out during their summer vacation. The children turned in to the librarian their identification cards properly signed and they are now able to check out books just as grown-ups do.

Over at the Fire Station Kathleen Claunch had the interesting experience of being placed in the iron lung by her father, Captain W. A. Claunch.

However, the slide pole proved to be the most interesting object at the Fire Station.

The average talker speaks about 90 words a minute; a fast talker often will hit a clip of 150 words per minute.

A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and off color?

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the food, have by positive proof shown that 888 Tonic is amazingly effective in building up low blood strength in non-organic and nutritional anemia. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organic, or too little or scanty—thus the stomach will have little cause to get busy with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on 888 Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh, fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. 888 Tonic helps Build Sturdy Health.

Horace Mann P-TA Installs Officers At Final Meeting

Mrs. J. W. Tucker installed the following officers for the year 1948-49 at the regular meeting of the Horace Mann Parent-Teacher Association held in the school auditorium Thursday afternoon: president, Mrs. L. J. Zschry; vice president, Mrs. H. L. Jordan; secretary, Miss Mary Reeve; treasurer, Mrs. E. B. Altman; parliamentarian, Miss Josephine Thomas.

The group enjoyed several selections given by a male quartet from the High School. The Rev. H. Clyde Smith gave the devotional. His thoughts were based on the quotation: "This is the day which the Lord hath made; let us be glad and rejoice in it."

A business meeting was conducted by the president, Mrs. E. N. Franklin, during which the history of the year's work was read by Mr. W. A. Nolan.

Miss Josephine Thomas gave a brief discussion of the Gilmer-Aikis Bill and distributed 'opinionnaires' to be checked and returned to the office of the county superintendent.

A life membership certificate and a past president pin were presented to the president, Mrs. E. N. Franklin, by Mrs. W. O. Prewitt, past president.

Pre-school mothers were special guests at a tea following the meeting. Each mother was presented with a corsage.

High rooms in attendance were Miss Mary Reeve's second grade, Miss Frances McCue's fifth grade, and Miss Myra Millard's first grade.

Know Your STUFF

About Diamonds — Before the bride shops for her engagement ring, she should know her stuff about diamonds if she understands that there is no such thing as a perfect diamond and a blue-white diamond has no blue in it.

The so-called "pure" diamond is colorless as water. Best way to examine "color" — body-color, that is, which is gained from the way that facets catch light — is to look at the diamond in a north light. Hold the diamond against a white paper or cloth.

Although there is no perfect diamond, a stone which shows no flaws to an expert eye under a 10-power magnifying glass is classified as such for commercial purposes.

Cost of a diamond depends upon weight, cut, color and clarity. A small diamond of clear color with minor fleckings will cost more than a larger stone that's cloudy and more flawed.

A diamond usually looks clearer and larger in a setting of palladium, platinum or white gold than in one of yellow gold. Palladium is as swank a choice of precious jewelry metal today as platinum. Yellow gold still has loyal adherents among those girls who are sticklers for the traditional metal.

LIGHT ON PROBLEM
 MEMPHIS, Tenn. — (AP) — W. C. Wingo has whipped the problem of mowing the lawn at night. He put a headlight on his electric mower.

But if he cut the grass at night, he'd miss his favorite radio programs. So — that's right, Wingo attached a radio to his mower. "nial" less pushing," he calls it.

England erected its first windmills in 1040.

The Woman's Page

PAGE 10 Pampa News, Thursday, May 20, 1948

National Officer of EST Helps in Organization of District Council

At its Founder's Day Breakfast held Sunday morning in the Palm Room, Alpha Omicron, local chapter of the ESA Sorority, was hostess to Alpha Rho, the Borger chapter of the organization. Approximately thirty attended the breakfast.

In the absence of Mrs. T. L. Lindsey, Mrs. Oran Payne, president-elect, gave the address of welcome. Mrs. Ruth Graham gave the response. Mrs. Guy LeMond gave the invocation. Mrs. Maye Halbert, national representative from Loveland, Colorado, was the guest speaker and she officiated at the initiation ceremony for Mrs. Bill Finley, pledge.

Mrs. Halbert presented a corsage of jonquils, the sorority flower. Mrs. May Foreman Carr played piano selections during the breakfast.

Immediately following the breakfast the group left for Amarillo where they attended the district convention of ESA. Registration began at ten o'clock in the Federated Club Rooms. Luncheon was held at Old Tascosa in the Herriott Hotel, after which an open forum followed.

Chapters from Lubbock, Plainview, Dalhart, Quanah, Wellington, Hereford, Borger, Pampa and Amarillo were represented.

Representatives from each club gave reports on their club activities and announced their plans for the coming year. Mrs. Halbert discussed plans for the formation of a Panhandle District Council.

Mrs. Oran J. Payne of Pampa is co-ordinator of the district organization. Other officers are: president, Miss Marguerite Shamblin, of Amarillo; secretary, Miss Hettie Regis Jones of Amarillo; recording secretary, Miss Mary Moon of Dalhart; and treasurer, Miss Ruth Graham of Borger.

Those from Pampa attending the district meet in Amarillo were Mesdames H. D. Foster, Oran Payne, Jean Haw, Bert Arney, Guy LeMond, Bruce Parker, Margaret Dial, Ed Givens, Bill Ragdale, J. M. Nutting and Miss VaRue Dyson.

Two Children Win Recognition

The Primary Department of the Calvary Baptist Church featured the crowning of a king and queen, last Monday evening.

The requirements the boys and girls had to meet to be 'king' or 'queen' were to be present for BTU each Sunday night for three months and to make a perfect grade.

Lois Marie Willis was queen and her attendants were Mary Nell and Evelyn Pritchard. Leonard Haught was king and Bailey Clement was his attendant.

The coronation service took place in a room decorated in gold and white streamers covered with gold stars.

A program, "The Life of Christ," was presented as entertainment. Refreshments of punch and cookies were served to about 22 guests.

Heligoland, an island in the North Sea, was bought by Germany from England before the FIRST World War and turned into an immense fortification and naval base.

A few anchovies cut into a tossed green salad give excellent flavor. Hard-cooked egg, cut in rings, is also a good addition.

Hot News

By MRS. ANNE CABOT

Charming and useful potholders can be easily made from odds and ends of material. The colored pear, apple and grape cluster are large enough to protect your hands and add a cheerful note to kitchen decor.

To obtain hot-iron transfer for three fruits, embroidery illustrations color chart and finishing directions for Hot News Potholders (Pattern No. 5778) send 15 cents in coin plus 1 cent postage. Your Name, Address and the Pattern Number to Anne Cabot, Pampa News, 1180 Avenue of the Americas, New York 19, N. Y.

Consecration Service To Take Place at St. Matthew's Church

St. Matthew's Episcopal Church will be the scene at 11 a. m. Sunday, May 23, of one of the most impressive services ever conducted in the Episcopal Church. At that time the Rt. Rev. George H. Quarterman, S. T. D., D. D., Bishop of the Missionary District of North Texas, will be assisted by the Rev. Robert Judson Snell, the Rev. W. Warren Fry and the Rev. Edgar W. Henshaw, Priest of the local church, in the Service for the Consecration of a Church. This marks the first time that such a service has been held in Pampa by the Episcopal Church.

In addition to the above service a class of candidates will be presented to the Bishop for the Rite of the Laying on of Hands, better known as Confirmation.

Following the service the Woman's Auxiliary will serve a luncheon in the newly constructed Parish House.

During the past few months St. Matthew's Church has been enlarged and a Parish House has been constructed.

Admission to the service and luncheon is by ticket only until ten minutes before eleven on Sunday. There are a very few tickets left but friends of the Church who might desire them are invited to call Mr. Henshaw at 1744 and the remaining tickets will be given out as long as they last. At ten minutes to eleven on Sunday persons without tickets will be admitted to the service but not to the luncheon.

There will be a Celebration of Holy Communion at eight o'clock on Sunday morning.

Wesleyan Guild Has Covered Dish Supper

The Wesleyan Guild of the First Methodist Church met in the home of Mrs. Irl Smith, 1008 N. Somerville, Monday evening for a covered dish supper.

This is an annual affair to close the active year's work, as the group meets only once each month during the summer.

Miss Ann Hastings was chairman of the menu committee and other members were Mrs. Smith, and Misses Ila Pool and Lillian Mullikin. Fried chicken with all the "trimmings" was served from beautifully appointed quart tables and a rose cottage was given to each guest.

A gift was presented to Mrs. Lee Harrah in recognition of her work as study leader.

Those present not already mentioned were Mesdames Bob Watkins, A. L. Jones, Claudie Gallman, Harold Wright, J. M. Turner, W. R. Putty, George Newberry, Tommie Hammonds, Joe Wells, Malcolm Denson, Diamia Wood and Misses Charlie Neal Young, Inez Clubb, Alma Wilson and Minnie Allen.

Religion Takes Wings

BOULDER, Colo. — (AP) — The Rev. E. C. Schumacher will fly religion to three states in an overhauled airplane which once belonged to the Navy. The plane was rebuilt by Harold A. Grace, local mechanic and owner. Grace says he will lend the craft to Schumacher, a licensed pilot, whose evangelical work takes him to Wyoming and Montana as well as Colorado. Grace bought the plane from the government.

Americans' accumulated savings at the end of 1945 were \$135 billion more than they were five years before.

American consumers increased their expenditures for goods and services from \$66 billion in 1940 to \$105 billion in 1945.

Beta Rho of Texas Pi Mu Holds Election

Members of Beta Rho Chapter entertained their parents and invited guest with a musical program Saturday night at the City Club Rooms.

Adney Pursley was leader for the evening and gave an interesting sketch of the life and works of Felix Mendelssohn. This was followed by Mendelssohn's compositions, "Hunting Song" and "Spinning Song" played by Claudette Matheny and Vivien Brake. Compositions from Greig, Chopin, Beethoven and Haydn were given by Kay Stewart, Byron Byars, Betty Sue Pate, Jo Ann Cox, and Wilma Prewitt, each performer giving a short talk on the life of the composer and the poetic story of each composition.

Following the program refreshments were served and a social hour was enjoyed.

A business meeting preceded the program and the following new officers were elected for the coming year: pres., Vivien Brake; vice pres., Byron Byars; sec. treas., Jo Ann Cox; historian, Ouida Jun Williams; reporter, Adney Pursley.

Skelly-Schafer Club Visits Boys Ranch

Eleven members of the Skelly-Schafer Club made a trip to Boys Ranch on May 13.

The Club had given the boys a quilt and sent them tea towels on two occasions and they took more tea towels and wash cloths when they visited them. The club plans to continue the giving of items.

Bobby Aygood, one of the boys, introduced the club group to the adults in charge of the ranch and then showed the guests around.

The visitors had an opportunity to visit the shop where an instructor and some boys were making hand-tooled bill folds, men's ties and ladies' purses. These items were on display for sale.

The Club made the trip by Skellytown Boy Scout bus which was driven by Paul Carr.

Those making the trip were Mesdames L. F. Kerlin, L. Barrett, Fred Genitt, Russell Veal,

La Rosa Sorority Honors Its Seniors

The La Rosa Sorority honored its seniors with a dinner Saturday evening at Mrs. Coraage of white sweetpeas were presented to Verda Ruth Elkins, Betty Greene, and Nancy Thomason.

The place cards were in the form of graduation caps. The menu consisted of chicken-fried steak, potatoes, lettuce salad, corn, ice-cream, and ice-cream.

After the dinner the group went to the LaRosa Theatre. There were sixteen members present.

T. E. McAllister, A. Ray Carr, T. A. Ingram, Lloyd Howart, H. W. Gentry, R. E. Farley and one guest Mrs. Joe Chapin.

Kellogg's CORN-SOYA SHREDS

the Twin-Treat breakfast FLAVOR - NOURISHMENT

It's Procter & Gamble's postwar WASHDAY WONDER

It does what's never been done before!

... you've never used anything like it!

it's TIDE

TIDE does what's never been done before—washes clothes cleaner than any soap, yet leaves colors brighter! It's a true washday miracle, made possible through wartime research. You'll know you're using a completely NEW product the minute you make suds with Tide. Tide suds look different, feel different... and those wonder suds just laugh at hard water! Even in hardest water they billow up so thick and fast you'll be amazed!

ONLY Tide DOES ALL FOUR!

- 1. Washes clothes cleaner!**
 Yes, cleaner than any soap made! You'll get a real washday thrill when you see your first Tide wash. Everything comes cleaner—even grimy play clothes and heavily soiled work clothes. That's because Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!
- 2. Actually brightens colors!**
 Color brightness perks up like magic as Tide makes dulling soap film disappear. Washable prints and pastels actually come out brighter with Tide! Tide is really safe for your dainty washable colors!
- 3. Never "yellows" white things!**
 What a blessing for your shirts, sheets, and pillowcases! No matter how often you wash them, no matter how long you store them, Tide can't turn them yellow!
- 4. Gives more suds—**
 Prove it in your dishpan!
 Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic... washes dishes cleaner than any soap! No suds in the water! No greasy ring round the pan! No cloudy film on dishes and glasses! That's why they rinse and dry so sparkling clear—even without wiping!

GUARANTEE—Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to dealer, and the purchase price will be refunded.

TIDE'S IN-DIRT'S OUT!

WATCH FOR TIDE AT YOUR DEALER'S

ALL CAKES ARE MADE ALIKE

What homemaker will agree... none, we'll bet! Yet many times homemakers consider that all milk is alike... but not so when Plains is considered.

Plains controlled production assures you of purity of the kind that will enable you to devote yourself fully to the enjoyment of Plains super purity, goodness and flavor. Plains maintains rigid inspection and supervision of dairies that produce milk for Plains processing... and this above and over the rigid local and state health requirements.

Rutgers Passing Combine Reversed On Baseball Field

NEW BRUNSWICK, N. J.—(NEA)—The brilliant Rutgers passing combination in football, quarterback Frank Burns to half-back Herm Hering, is reversed in baseball this spring. Right-hander Hering is one of the mainstays of coach Chuck Ward's pitching staff. Burns is the catcher. The former Roselle Park, N. J., High School teammates both are power hitters.

U.N. Facts and Faces SYRIA

SYRIA, whose history reaches back more than 3000 years to the dawn of history, is a traditional meeting ground in the Middle East of hundreds of peoples and cultures. The Republic of Syria was separated from the Ottoman Empire in 1918 and has been self-governing since 1941, when a League of Nations mandate held by France was ended. Most of her 3,000,000 people work at farming, stock-raising and trading in her 73,000 square miles of territory. Syria, which is a member of the United Nations Security Council, is represented at U.N. Headquarters by Faris bey el-Khourri, President of Parliament. The Syrian flag has horizontal green, white and black stripes and three red stars.

Brother of Local Woman Succumbs
Mrs. R. K. Douglas, 940 S. Reid, received word today of the death of her brother, Chas. Roark, who died at 1:30 p. m. yesterday in the Veterans' Hospital in Dearborn, Mich. He was 46 years old.

In addition to Mrs. Douglas, he is survived by his wife, Juanita of St. Clair Shores, Mich.; his mother, Mrs. W. E. Roark, Van Buren, Ark.; by three brothers, H. C. Roark, also of Van Buren, J. C. Roark of Kingsville, Tex., and I. J. Roark, of Detroit; and by another sister, Mrs. Sally Wood, Imola, Calif.

Funeral services will be held in Detroit Saturday and the body will be buried to Maryville, Tenn., for burial Monday.

TED HAS THE TOUCH
NEW YORK —(AP)—Jackey Ted Atkinson has never lost a race on Ralie—or his sire, War Relic. In 1941, Atkinson scored three victories on War Relic, one of them over Whirlaway in the Narragansett Special. Last winter at Hialeah he sent Relic to victory in the Hibiscus and Bahamas before the Circolet was forced out of training by a pull of muscle.

The total purse for the United States rose from \$76 billion in 1940 to about \$160 billion in 1945.

Texas Today

By WILLIAM C. BARNARD
Mrs. Lee J. Rountree, spirited, grey-haired publisher of the Bryan, Tex., Daily Eagle, lives in an office framed by the big front window of her modern newspaper plant.

Thus, she spends much of her day waving and talking to passers-by.

"I like people," she explains. "Some women like diamonds—I like people. I like to think that everything I do in the newspaper business is a background for some human good."

Mrs. Rountree is a woman of strong, kindly features; a dynamic woman who gives their right age at all.

Here is a record unmatched by other Texas newspaperwomen. This month she celebrates her 25th anniversary as publisher and managing editor of The Eagle.

Her day begins at 6 a. m., and she works in all parts of her plant, writes a daily column, handles her own mail. The newspaper is her life; she had no children. "I'm all alone—an old grey wolf."

When her husband, a widely-known newspaperman, dropped dead in 1923, Mrs. Rountree became head of The Eagle "to carry on for Mr. Rountree and to prove a woman could succeed."

"I have always kept my business dealings on a business basis," she said. "Too many women rely on sex. Man or woman, you have to give service. Any person going into the newspaper business should have inside him the desire to give service."

She paused and thumped herself on the chest over the heart region, and went on: "If a fellow doesn't have it here, he doesn't belong in the newspaper game."

Mrs. Rountree winds up her busy office day at 7:30 p. m., but doesn't waste much time sleeping. "I have my best thoughts at 3 a. m."

She has made a real place for herself in the civic life of the town, has had a fling at state

politics and even a brush with the national variety.

She served a term in the Texas Legislature during Gov. Ross Sterling's administration. She was vice chairman of the Texas Democratic delegation to the national convention at Houston in 1928, and seconded the nomination of Jesse Jones as president.

Mrs. Rountree, in past president of the Bryan Chamber of Commerce, the first woman to hold such an office in this state. Born on a big ranch in Llano County, she lived in Williamson County before moving to Bryan.

The volatile publisher doesn't smoke, drink or swear—says neither is necessary in getting out a newspaper. As for liquor: "I have enough pep without steam."

WATER

SUFFERERS OF STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS

And other disorders, such as Headaches, Indigestion, Acids, Toxins, Bloating, Weak Back, Frequent Rising at Night, Lumbago, Leg Pains, Lack of Vitality and Energy. Your Appetite may be greatly relieved by the help of a Natural Remedy—GEO-MINERAL.

Drugless Health!
NO MATTER how long you have been suffering from stomach, kidney and rheumatic ailments, and what drugs you have tried before, you can, now, hope for relief if you take GEO-MINERAL. With your eyes closed results seven days after you start taking it.

DRUGGISTS, Chemists cannot make GEO-MINERAL. It comes from the earth's natural laboratory. Contains NO OPIUM, NO ALCOHOL, NO OIL, ONLY nature's minerals—the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments.

Wonder Minerals
TENS THOUSANDS of years ago, an advice of doctors, go to mineral springs and take cure, or relief. The late President Roosevelt used to go to Mineral Springs in Georgia. He was helped or would not have been there today.

WE HAVE all heard of the mineral springs of Lourdes, France, and the famous Thapsus in ancient Greece, where, according to legend, Hercules, the God of strength, strength and youth, drank his waters and helped to be forever young.

IF YOU ARE a sufferer, and can not go to the mineral springs, try GEO-MINERAL, which contains a blend of the same minerals that can be found at the world's best springs. The minerals in it may work miracles.

Amazing Results
WATCH your ailments from your bowels two or three days after you start using GEO-MINERAL. The waste, black as coal, will break away and you will SEE IT! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, and feel the relief. Be sure to watch for all this to realize its priceless value. GEO-MINERAL is not a placebo, and does not interfere with the foods in the intestines. It gets down to the root, cleansing and purifying, throwing away poisons—gas, toxins and bile. Not like physics, oils and cathartics do, but in a Natural, harmless, safe way.

WHEN the poisons are out of the system, and the kidneys are pure, when the gas, acids and toxins, that cause acid conditions in the blood, are gone, we begin to feel the rheumatism and arthritis leaving us, and Nature starting to complete the recovery.

Our Guarantee
WE TRUST you to try GEO-MINERAL. Come to this drug store NOW and get one bottle. Use it seven days. If you are not 100 per cent satisfied, we will refund your money in full. TRY IT! It may be the remedy you NEED! . . . and making the best investment for your health. It may do wonders for you—make you feel, eat, sleep, work and enjoy life better.

Rains Improve Texas Crops, Report States

AUSTIN — (AP) — Recent rains brought improvement to growing crops in most areas of Texas, the United States Department of Agriculture said yesterday.

Effective rains fell during the week ended May 17 everywhere in the state but the Trans-Pecos and Southwest, and drought conditions continued also in the South High Plains.

The weekend rains in the northwest were helpful but spotted and could not be described as being of drought-breaking proportions, the USDA's weekly crop review said.

Cooler temperatures resulting from the rains helped check deterioration of wheat in the high and low rolling plains, but generally the wheat picture was one of deficient moisture.

Sorghum planting made little or no progress in the dry northwest areas, but the crop was making good growth elsewhere. Corn was doing well in all principal producing areas. Cotton was thriving in central, eastern and southern counties.

Conditions were favorable in most commercial vegetable areas. The lower Rio Grande Valley was an exception, with rainfall light and irrigation water low.

Livestock and pastures were in good condition in East Texas, and there was considerable improvement in the central part of the state. Critical drought conditions continued in the western third of the state.

Santa Fe Settles Claims In Accidental Poisoning

ANGLETON, Tex. — (AP) — The Santa Fe Railroad Tuesday paid out \$125,000 in claims for the loss of cattle following the accidental poisoning of Little Linville Creek in South Texas.

The payments were made in full on recommendation of an emergency claims board set up at the request of the railroad. The board reviewed all claims presented.

The board was appointed by County Judge Thurmon M. Guppton after Fred G. Gurley, president of the Santa Fe, announced assumption of responsibility in an effort to hasten financial assistance. Judge Guppton enlisted aid of T. E. Matthews and L. J. McNeill, cattlemen, in reviewing the claims.

The board completed all its recommendations for claims payments except for a few which have not been presented.

Largest settlement was to E. L. Bass, Houston cattleman, for the loss of 545 cows and calves, 16 Brahma bulls and two horses. He was paid \$127,854.

In accepting the settlement, Bass said, "My hat's off to a railway or any other business that tries to do the fair thing when such a problem arises. The Santa Fe did one of the whitest and fairest things I have ever experienced. I am mighty pleased with the settlement and I'm sure that they feel the same way."

Other payments recommended by the board and paid by the railroad were: \$18,527 for the loss of 122 cattle and two horses to Tom Boome of Sweeny; \$8,050 to P. J. Reeves of Sweeny and \$500 to Toke Wiley of Allenhurst.

In addition the board recommended and the railway agreed to pay for the fencing of certain properties bordering the creek and also bear the expense of drilling necessary water wells.

120 Gardens Class Project At Texas Tech

LUBBOCK — Harvest is underway in the 120 student gardens at Texas Technological College.

Produce from the vegetable gardens is finding its way to many student family tables these days as the result of a class project start bearing fruit.

Each of the plots are 15 feet by 20 feet and are under the full supervision of a student. A variety of 30 to 40 vegetables are planted in each garden after a "garden on paper" has been approved by George O. Elle, professor of the course. "Must" vegetables include peas, radishes, carrots, lettuce, greens, beans, tomatoes, peppers, squash, asparagus and an herb.

Gardening this year has been "fairly smooth" for the students, Elle said, since the plants were dusted for insects "just in time"; irrigation has been available for every plot, and except for sod turned under for the first time in one section of the gardening area this year, conditions have been perfect, he said.

Liquid fertilizer has been applied in student gardens for the first time. The initial liquid treatment was tried last week, in the irrigation water. So far no definite results are accountable to the new fertilizer, Elle said. If it performs to expectations, Elle said, it will be a boon to student gardening as it presents the most uniform and easiest way to fertilize.

Government May Increase Wheat Aid

WASHINGTON — (AP) — The government soon will boost wheat support prices an average of 15 to 20 cents a bushel over present minimum levels.

Agriculture Department officials indicated yesterday that the support price for 1948-crop wheat—on the farm—will average between \$1.98 and \$2 a bushel. This compares with a national average of \$1.83 for the 1947 crop.

The support price is required by law. It must be not less than 90 percent of the parity price of wheat as of June 15. If the mid-June parity price is the same as that for mid-April — the last parity price that has been determined — the minimum support price for wheat would average \$1.98 nationally.

(Parity is a legal standard for measuring actual market prices. Parity law declares parity prices to be equally fair to farmers and those who buy their products.)

While the support price for wheat will be higher, users of the grain may not pay more for this year's crop than last year's. The 1947 crop sold for an average of \$2.61 a bushel, the highest on record and about 45 cents above support level. Present market prices are about 15 cents above the probable support level for the 1948 crop.

The Agriculture Department said yesterday 1948 crop wheat may drop to or slightly below support levels shortly after harvest. But it added, the prices on the year's total crop are expected to average above the support level. Harvest or the winter wheat crop starts next month.

Truman Against Outlawing Reds

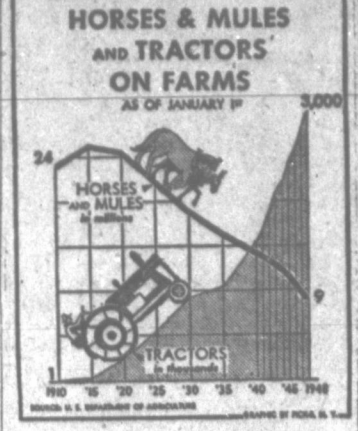

WASHINGTON — (AP) — President Truman expressed opposition Thursday to outlawing the Communist party in this country.

He gave this view at a news conference during discussion of the Mundt Bill to require Communists to register with the government.

Mr. Truman said he was not forecasting his action on that bill if it should reach him, but that he thought that there were ample laws to deal with persons who advocate overthrow of the government.

He added that he thought legislation outlawing a political party is contrary to American principles.

Horse vs. Machine

OIL-POWERED mechanization of the farm, illustrated by increased use of tractors and the decline of the horse and mule population, has made it possible for the farmer to produce more food than ever before. Since 1935, when the big rise in oil-powered mechanization began, the farmer has increased food production to a point 40 percent above any peak year prior to this era of mechanization.

Grasshoppers Are Hatching During May

Spring marks the beginning of grasshopper season here in the Southwest. Grasshoppers that feed on cotton, corn, grain sorghums, fruit trees and other crops are hatching out this month from eggs laid in the ground last fall.

Paul Gregg, assistant extension entomologist of Texas A and M College, says that according to a recent survey made by John M. Landrum and W. J. Spicer, supervisors with the USDA's grasshopper control division, the hatch of the hoppers south of Waco was about 80 percent during the week of April 10.

Dry weather in Central and South Texas has delayed the hatch to some extent and hatching will probably continue for another two or three weeks if the dry weather keeps up. On the other hand, a good rain in this area would cause most of the remaining eggs to hatch in a few days.

Grasshoppers are hatching in all South and Central Texas counties which have river bottoms or river tributaries running through them.

We recap and vulcanize all size passenger car and truck tires. Also repair all size tractor tires.

Soil Conservation Program Planned by Laketon Farmer

W. H. Roberts has worked out a soil and water conservation plan for his farm six miles east of Laketon with the assistance of Gray County Soil Conservation District technicians.

Roberts completely terraced his cropland about 17 years ago with the aid of Ralph Thomas, county rewild them. They were originally built on level land in order to retain all of the water that falls on the cropland. After the re-building of the terraces, Roberts plans to seed them back to grass in order that they will be more easily maintained and will afford some grazing.

In addition to his terrace system, Roberts has kept most of his cropland in grain sorghums and small grain, which permitted him to leave more stubble and trash on his land to keep down wind and water erosion between terraces. A portion of his land has been planted in alfalfa, for which it is best suited.

Roberts plans a year around grazing program with the seeding of approximately 75 acres of his cropland to lovegrass and a small acreage of cool season grasses. He is well pleased with the results of the lovegrass that was planted two years ago with the assistance of his grandson, who was an assistant of the Soil Conservation Service.

The cool season grasses will probably consist of a mixture of Western wheatgrass, Canada wild rye and Crested wheatgrass. All reseeding will be done on the steeper and shallower land that is better suited to grass, due to the difficulty in farming and maintaining soil fertility.

Total value of cotton and cottonseed produced was computed at \$835,515,000, more than double the evaluation placed on 1947's small crop. The crop was said to be the most valuable produced in Texas since 1923.

From where I sit... by Joe Marsh

Take Your Choice, Neighbor!

The missus—who writes our Woman's Column in the *Clarion*, under the name of "Nancy Gale"—gets letters about recipes, advice on etiquette, home management, etc.

One letter she got last week was about a recipe she published for Welsh Rarebit—made with tart cheese, Worcestershire, and a cup of sparkling tangy beer. "Turned out great," says her correspondent. "But you didn't mention what beverage to serve with it. Should I serve beer? Cider? Iced tea?"

The missus' answer was simply:

From where I sit, that simple answer applies to more items than Welsh Rarebit. In a world where everyone has different tastes and ideas—we should recognize those differences—and never deny the right of choice to anyone!

It Only Serves Wallace's Cause... We're told that the New York opening of "The Iron Curtain" got some of the best and least expensive publicity in the recent history of motion picture exploitation.

These examples have centered around Henry Wallace and his third-party movement. Mr. Wallace has been denied hotel accommodations and meeting halls. He is the target of eggs in his home state of Iowa.

Such behavior calls attention to Mr. Wallace and creates some sympathy even among those who oppose his ideas strongly. The egg- and fist-throwing may be traced to frustration among people whose muscles work better than their minds.

There is no loyalty to American traditions in denying the rights of free speech and peaceful assembly. Such denial is for the Soviet government, which Mr. Wallace frequently defends in unflattering comparison to our own.

Let Mr. Wallace accuse and disparage as he chooses. Let him talk himself in and out of corners, and allow himself to be taken along the tortuous paths of Communist policy. But let him talk.

We are only in the early spring of the election season. After the conventions have picked their candidates and the campaign gets in full swing, we all know that blood will run hot and tempers will run high.

This always happens. And with a candidate in the field who can find nothing to admire in American policy and so much to apologize for in Russia's actions, the race promises to be more bitter than usual.

So all of us might well resolve to keep in check the emotions that politics may arouse in the coming months. If the Wallaceites can be beaten and edged and fired from their jobs this early there is real danger that, unless their opponents use their heads, incidents might occur which not only could cause physical injury but also affect our leadership in the family of nations as the world's greatest democracy.

Fair Enough... by Westbrook Pegler

The announcement that Joseph Barnes, who held the title of foreign editor of the New York Herald Tribune, has "bought an interest in Marshall Field's thing in New York need not portend a political or editorial change in either of these phenomena.

Marshall Field's thing devoured an enormous stack of dollar dollars in a career of strident provocation. In rapturous self-expression, Field raked raw and salted old scars of religious and racial tenderness in the city of New York.

So now we hear that Barnes has become his own and publisher of the thing. However, the profession, at least, knows that the Herald Tribune does not pay salaries, even to editors, and however frugal they, which permit them to save enough to buy into the thing.

This prompts a guessing game. One who has done Mr. Barnes the honor of studying his career wonders if he might have carried some backing from Frederick Vanderbilt Field, a millionaire not related to Marshall Field. F. V. Field was Barnes' patron at Harvard.

Of recent years, F. V. Field has been amusing himself playing push-doorbell and dump-ash-cans in the queues outside the neighborhoods of New York with his friend, Corliss Lamont, the proprietor of the late, unhappy Tom Lamont, chairman of the board of J. P. Morgan, Mr. Lamont set up a fund for Corliss which yields him about \$5,000 a month for life.

The H-T wished Mr. Barnes happiness and the thing a successful rebirth. That wish should be easily fulfilled. Politically, he will feel no joy at all. Mrs. Helen Rogers Reid, the one of the H-T's recently wrote to him of his constant, up to then, readers, denying that Barnes and Lewis Gannett, its book-reviewer and chief ideologue, were Communists when they had said they were? hadn't they said so?

About then, the entire front page and some space inside the H-T's Sunday book section were given to praise of a book viewing with frantic alarm the "rise of antisemitism here. It was a political discussion in a section ostensibly devoted to literature. It has long been the policy of the Communist Party and of Marshall Field to aggravate antisemitism with a pretense of objectivity. Thousands of columns a year are printed shuddering at this syndrome.

ESTABLISHED PROTOCOL. The Smith-Molotov conferences were handled strictly according to protocol rules. Smith first had to notify the Soviet Foreign Office that he wanted to come and talk in advance exactly what he wanted to talk about.

Common Ground by R. C. HOILES

Public Schools Pure Communism, Arthur Morgan. It seems rather irrational to be opposing communism throughout the world and at the same time be practicing it and endorsing it here in this country.

Our fire departments and our public schools are pure communism furnishing services as needed at public expense. Post offices and city water supplies are state socialism.

Well, public schools certainly are communism according to that definition. They make no effort to have the parent pay for the support of the school.

Debates are such an adult, civilized way of settling things. Mr. Morgan and father had done it all the time, and they were invaluable in helping them over the bumps of married life.

But, though it may be all right for the Republicans to have fun and fight among themselves, I don't think they're being very nice to poor Mr. Truman. There he sits, a wallflower, or is it a porchflower?

How can we expect the youth when he grows up after he has been taught by example in his formative period that the majority has a right to coerce the minority to believe that the individual has rights that the state has no moral right to interfere with.

WARSAW, Poland (AP)—No judge or public prosecutor in Poland can be without politics, says the Socialist Press Agency. This does not, however, mean that he must necessarily be a party member.

Politics Pushed On Polish Judges. The agency also quoted ministry of justice officials as saying that courts machinery must be adapted to the principles of "People's Poland."

At last when all the American officials were at home in bed. They had to be routed out at midnight to set the record straight and to bring out the fact that Molotov had twisted Smith's statement around to give the impression that its principal purpose was to ask for a conference to talk things over.

At Least a Little Progress

NATIONAL WHIRLIGIG

WASHINGTON—Policy making heads of the American Legion look with skepticism on any form of hard-and-fast military tieup with Western European nations in accord with unofficial proposals now circulating here and in certain foreign capitals.

REVOLT—Although few politicians expect the Wallace third party to muster enough votes to throw the presidential election into the House, the Southern revolt against President Truman may produce such a result, if it materializes.

Mr. Wallace's board of strategy is not advertising its plans in advance, but it should have any voice in such a rare contest, their presidential favorites on the Republican side are Senator Arthur H. Vandenberg of Michigan, president pro tem of the upper chamber, and speaker Joseph W. Martin, Jr., of the House.

RUIN—Wallace spokesmen admit privately that they will not carry a single state, but they quickly add that they will roll up enough votes to "ruin Harry Truman." Although their leader professes no personal enmity toward the President, Mr. Truman seems to be the private enemy of the third partyites.

IMBROGLIO—Committee members questioned Mr. McCook long and closely, and seemed to place considerable importance on his views, largely because he represented 2,000,000 alumni of the first world conflict. His attitude intrigued them because Capitol Hill foreign relations experts are still puzzled by our latest imbroglio with Moscow as a result of the Smith-Molotov conversations.

Although sore at what they call the "Kremlin's doublecrossing," Congressional sentiment reflects a critical attitude toward the White House for initiating the embarrassing affair at all.

They turned in at the wide gates of the airport and Patience saw the "plane waiting on the tarmac. As she followed Charlotte aboard she knew a moment's wild panic. "Scared?" asked Roger. "A little."

Gracie Reports

I'm rather intrigued by the recent debate between Governor Dewey and Mr. Stassen in Oregon. I think it's a much nicer type of campaigning than going around the country patting defenseless cows on the head.

Debates are such an adult, civilized way of settling things. Mr. Morgan and father had done it all the time, and they were invaluable in helping them over the bumps of married life.

But, though it may be all right for the Republicans to have fun and fight among themselves, I don't think they're being very nice to poor Mr. Truman. There he sits, a wallflower, or is it a porchflower?

How can we expect the youth when he grows up after he has been taught by example in his formative period that the majority has a right to coerce the minority to believe that the individual has rights that the state has no moral right to interfere with.

WARSAW, Poland (AP)—No judge or public prosecutor in Poland can be without politics, says the Socialist Press Agency. This does not, however, mean that he must necessarily be a party member.

Politics Pushed On Polish Judges. The agency also quoted ministry of justice officials as saying that courts machinery must be adapted to the principles of "People's Poland."

At last when all the American officials were at home in bed. They had to be routed out at midnight to set the record straight and to bring out the fact that Molotov had twisted Smith's statement around to give the impression that its principal purpose was to ask for a conference to talk things over.

ESTABLISHED PROTOCOL. The Smith-Molotov conferences were handled strictly according to protocol rules. Smith first had to notify the Soviet Foreign Office that he wanted to come and talk in advance exactly what he wanted to talk about.

That gave Molotov a chance to decide whether he would see Smith. It also gave Molotov a chance to study up and see what he would say in reply. After that Smith figured out, Smith was told he could call.

In Hollywood

By ERSKINE JOHNSON. Hollywood—(NEA)—A fellow by the name of Nate Watt has been a dreamy-eyed, vague type ever since he helped those fellows spend five million dollars.

One day Milestone put Watts on a plane and sent him to Paris with a camera crew to photograph the Seine River. It was in the spring.

So the studio ordered Nate to wait till they let the water back in, and then they sent him a list of other things to do. It seems Director Milestone needed 12 staves for some saloon scenes and they couldn't find any French staves in Hollywood and nobody could make them. They told Nate to buy them.

They were rougher that time but finally a guy who wanted to go back to Normandy said he'd sell out if Nate would explain to him what an American wanted with a bistrot. "When I told him," Nate said, "that I wanted to send it home, his eyes got dreamy, too, and he charged me double. But I packed it up and sent it to Milestone."

Manhattan and Brooklyn—over the Democrats and Republicans. They count on drawing chief support from the colored people, the Jews, Italians, Puerto Ricans (in nonoverlapping labor units, church, educational and "peace" groups. These are the elements which once enabled FDR and Fiorello H. LaGuardia to sweep the "big town."

The Innocent Impostor

By Renee Shann. COPYRIGHT BY RENEE SHANN; DISTRIBUTED BY NEA SERVICE, INC.

THEY were sitting next to each other. Their heads moved nearer together. Patience caught an odd sentence now and then. They seemed to be getting on better together.

Patience told herself she was glad. Only—of course she didn't feel a pang! Why should she? "There's the sea, Patience." Charlotte was smiling at her warmly, quite her gay self again. "Oh Charlotte, it's so thrilling."

At last they were circling Le Bourget. A few moments more and they were taxiing along the ground. Patience stepped out onto foreign soil and looked eagerly around her. "I feel there should be a band playing the Marseillaise," said Roger.

Patience's room was next to Charlotte's. It had a bathroom leading off it. She stood at the

"Watch your controls! She forgot to toss out her bubble gum-before she started for high G!"

Discussion of Reds Planned

WASHINGTON — (AP) — Senate Republican leaders today promised discussion — but no early action — on the anti-Communist bill passed through the House by a 319 to 58 vote.

Chairman Wiley (R-Wis) told a reporter there "certainly" will be Judiciary Committee hearings on the measure sponsored by Reps. Mundt (R-SD) and Nixon (R-Calif.).

The Mundt-Nixon bill says an international Communist movement is plotting to set up a dictatorship in this country through Moscow-controlled organizations. It tabs the Communist Party here as one of such controlled groups.

With stiff fines and imprisonment, the measure makes it illegal to try to create a foreign controlled dictatorship in this country.

Senator Taft of Ohio, who heads the Republican Policy Committee, said he thinks the measure needs

"serious study" before the Senate acts on it.

"As I read the bill," Taft said, "it requires the registration of anybody who is trying to set up a dictatorship. But that would be an admission of what becomes a crime under the bill. So there would be no registration. I'm afraid it would merely drive Communists underground."

On the other hand, Senator Ferguson (R-Mich) a Judiciary Committee member, said he thinks the measure makes any subversive activity of a Communist a crime.

"I think it will cope with a situation we are facing, if we actually enforce it," he said. "We already have laws on this point, but I think we have fallen down in enforcing them and I'm willing to take this new step."

A knot is a unit of speed equal to one nautical mile, or 6,080 feet, per hour.

A hedonist is one who believes that pleasure is the chief good.

Antonio Stradivari was the most famous violin maker of all time.

WEDDING BELLS WON'T RING—On trial in connection with the drowning death of an 8-year-old Kansas City boy in 1948, Frances Wanstreet, 18, was happy with her new engagement ring and the thought that she and her sweetheart, Donald Bell, right, would be married regardless of the jury's verdict. Bell, however, who claimed to be 22, was arrested when his age was found to be 15 and that his mother objected to the marriage. At left, United Press Reporter Sam Melnick is shown telling Frances of Bell's arrest in court.

Where Does War End and Murder Begin

By HAL BOYLE

NEW YORK — (AP) — Where does war end and murder begin? That question is posed today by a stalwart six-foot-two-inch former adjutant of Heinrich Himmler, Col. Joachim Peiper, who might in time have taken Adolf Hitler's place.

This handsome Nazi soldier — still only 33 years old — is one of 43 German SS troops condemned to death on charges of murdering 750 American soldiers and 150 Belgian civilians during the Battle of the Bulge.

Among the victims were more than 70 unarmed members of a U. S. artillery observation battalion, shot down in the infamous "Malmedy Massacre."

The death sentences for Peiper and his pals were passed by an international court sitting at Dachau where the trial was for hundreds of thousands of German concentration camp prisoners had been the gas chamber.

There was no appeal from the gas chamber. The sentence against the Nazi storm troopers was appealed to the U. S. Supreme Court which refused to review it on a 4-to-4 decision that it had no jurisdiction.

This only points up again the legal difficulties in assessing war guilt.

Meanwhile, Secretary of the Army Kenneth C. Royall has ordered a stay of execution against 17 of the condemned men pending investigation of charges the Nazis had been beaten and forced to confess at "mock" trials in prison by American prosecutors.

The case has an added interest because Peiper was a bold and outstanding soldier for whom some American commanders profess a reluctant off-the-record admiration.

They don't condone the crimes committed by his men. They do recognize his leadership in battle.

It is hard to remove the "Malmedy Massacre" from the scene and the time — and the feeling at that time. I have heard some American officers say it has been overemphasized because an arrow column on the march sometimes has to execute prisoners because it has no way to pass them but can't let them go to signal their own troops ahead.

POLITICS

(Continued from Page 1)

fering with his campaign leaders at Austin after having covered 160 counties. He plans to speak in every county in the state before the campaign is over.

"I find that the average citizen is more interested in making a living for himself and family and in conditions that personally affect him than in foreign affairs, although the latter, too, are important," Stevenson said.

Friday he speaks at Alice at noon and that night he gives the commencement address at Premo High School; Saturday he goes to Brenham and Monday to Jacksonville.

Peddy speaks today in Carthage, Center, San Augustine and Jasper; Friday in Lufkin and Nacogdoches; Saturday in Henderson; Monday in Galveston; Tuesday in Brownwood; Wednesday in Angleton.

He makes two speeches in San Antonio May 28, one of them a statewide radio broadcast from 8 to 8:30 p.m. Memorial Day he talks at an American Legion-sponsored meeting.

Local Attorney Ill With Typhoid

Attorney Joe Gordon was still in isolation in Worley Hospital this morning suffering from typhoid fever, attending physicians reported.

Atty. Gordon was hospitalized Monday with a high fever and was immediately isolated when tests proved the typhoid germ was present. No visitors are allowed in the attorney's room.

Attending doctors said that Gordon had been ill for several weeks and they believed he was half-way recovered by the time they discovered him. He was reported as "coming along nicely" this morning.

Britain Will Not Answer Request

LONDON — (AP) — Britain plans no reply to Israel's request for recognition, received from Foreign Minister Moshe Shertok. Acknowledgment of the request would imply Britain recognizes the existence of the Jewish nation, a foreign office spokesman said today.

Columbia Gets Gift From China

NEW YORK — (AP) — Columbia University has received a gift of eight million dollars but it won't be erecting any new buildings with the money.

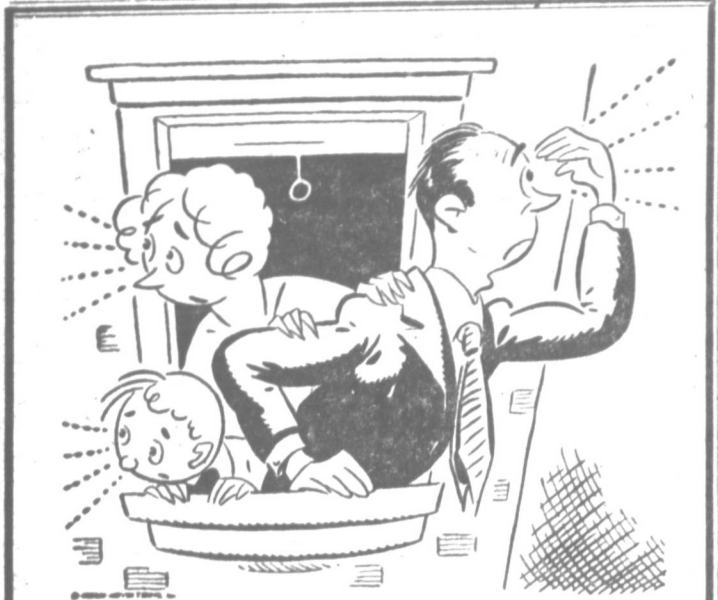

The dollars are Chinese, donated by Tung-li Yuan of Peiping, an alumnus. They are worth about \$25 in American money.

Paul Bunyan is the legendary hero of lumberjacks.

O'Daniel to Make Political Speech

FORT WORTH — (AP) — Senator W. Lee O'Daniel is scheduled to make a radio speech tonight at 8 o'clock and is expected to reveal his political plans.

The Lone Star Radio Chain said the junior Texas senator had purchased 30 minutes of time and O'Daniel said yesterday that his speech would be of a political nature.
