

THEIR 2,000-YEAR-OLD DREAM COMES TRUE—Throughout the Jewish world, scenes like this occurred as devout Jews donned prayer shawls and skull caps, conned the pages of the Talmud and gave devout thanks that they had lived to see the ancient dream of a Jewish national homeland come true. In New York's Home of Old Israel, these patriarchal elders pray for the survival of the new Israel.

Conflicting Statements Shroud Developments in Palestine War

By The Associated Press
Conflicting statements from Arab and Jewish sources shrouded developments today in the battle for Jerusalem. An Arab League spokesman in Cairo said Arab troops are in complete control of Jerusalem, but Jews in Tel Aviv said Jewish fighters had broken the Arab hold on Jerusalem's old walled city and widened the breach in heavy fighting.

Move Made to Widen Streets

Another step toward the widening of U. S. Highway 80 and State Highway 182 within the city limits of Pampa was taken by the City Commission yesterday in accepting the State Highway Department's conditions for the project. On May 2, following its regular monthly meeting, the Highway Department announced that it would widen these highways in Pampa to 60 feet, provided the city would arrange for construction of the curb and gutter.

Market Manager Is Assessed Fine

County Judge Sherman White yesterday levied a fine and costs totaling \$47.27 against Joe Jackson charged with keeping a filthy, contaminated and unprotected fruit and vegetable market at 907 1/2 S. Euclid.

He Couldn't Afford Water; Had \$80,000

SPRINGFIELD, O.—(AP)—A surprised niece had the job today of settling the estate of old Charley Corté. Old Charley, who used to talk of playing his violin before the crowned heads of Europe, died Wednesday in the Dayton State Hospital. He was about 75.

IT'S CAMPING TIME AGAIN: Camp Ki-O-Wah Ready to Receive Boy Scouts for Summer Activities

Got your raincoat, flashlight, swimming trunks and bed roll? If you have Scout, you can be on your way to Camp Ki-O-Wah, the only Pampa Boy Scouts registered to attend the camp so far. The camp will be open from May 30 through June 26. Troop 4 will be there from May 30 to June 5 and from June 20 to June 26. The camp is owned and operated by the Adobe Walls Council.

Future Russian Cooperation to Determine Stalin's Sincerity

Is Stalin's Move a Real Peace Offer?

By DEWITT MACKENZIE
AP Foreign Affairs Analyst
There is much virtue in the old saying that one shouldn't look a gift horse in the mouth but, like most generalities, there are exceptions to the rule.

WASHINGTON—(AP)—Secretary of State Marshall said today future Russian cooperation in settling world issues will determine Premier Stalin's sincerity in calling for greater understanding between nations.

Marshall said also that he certainly would see Soviet Foreign Minister Molotov if Molotov ever should come to Washington. But Marshall refrained from saying he would be glad to see Molotov.

This reply concerning Molotov was given to a news conference question. Marshall omitted the "glad to see Molotov" used by the questioner and only grinned when reporters laughed at the omission.

As to whether he had noted any recent increase in Russian cooperation toward solving issues before the United Nations and other international bodies, Marshall said there has not yet been much opportunity.

The secretary noted that the exchange between American Ambassador W. B. Smith and Molotov was accomplished only ten days ago and that Premier Stalin's broadcast statement was issued last Monday night.

Stalin's statement was in the form of a public reply to an open letter from Henry A. Wallace, third party candidate for president. Wallace listed issues on which he advocated U. S.-Soviet agreement; Stalin replied they offered a basis for agreement.

Marshall was asked whether it might now be considered that from the American point of view—the whole matter of direct talks with Russia is now "dead at least for the present." Mr. Marshall replied sharply that a thing has to be alive first before it can die.

Both Molotov, in his exchange with Smith, and Stalin appeared to be making bids for American-Soviet talks on outstanding world issues. The United States has taken the position these issues can only be settled through the United Nations and other agencies.

Does Moscow suddenly halt this program of yearling and say "We abandon our project. We are ready for peace?" I think not. What then has Moscow in mind?

Well, one thing that political circles in this country were quick to note was that Premier Stalin, with said peace offer, had intervened in the American presidential campaign. It remained to be seen what the effect would be.

Then diplomatic quarters are asking whether Moscow might be raising the peace issue in order to weaken the Marshall Plan for European rehabilitation, and block support for American military aid to the nations of Western Europe.

Suspicious further give rise to the thought that Russia would give the peace offer a shot and give her a chance to consolidate her gains and bolster her economic position, especially heavy industries which would be needed if war overtook her.

One of the most bewildering features of the Stalin peace offer is his assertion "the U. S. S. R. government considers that, despite the difference in the economic system and ideologies, the co-existence of these systems and a peaceful settlement of differences between the United States and the United States are not only possible but also doubtless necessary in the interests of a general peace."

Of course general peace would be dependent on peace between Russia and America. However, the thought that the ideologies and economic systems of the two nations could be reconciled completely reverses everything that communism stands for.

Coal Industry Negotiations Called at End

WASHINGTON—(AP)—Contract negotiations between John L. Lewis and the coal operators collapsed today.

The two-day-old wage talks broke up over the issue of seating Joseph E. Moody, president of the Southern Coal Producers Association, in the conference.

The operators voted to seat Moody and Lewis' United Mine Workers voted against it. A vote then was taken on a union proposal to do ahead with conference covering the balance of the industry.

The operators opposed that the union voted for it. Lewis got to his feet and said: "I still have the observation that there is now no conference."

"The operators have voted themselves and the mine workers out of a conference."

"The United Mine Workers Policy Committee will meet at 10 a. m. (8 a. m. CST) tomorrow."

The fight over seating Moody started at the opening session of the negotiations yesterday. Lewis said then that the Southern Coal Producers Association were not complying with their contract when they did not appear at the conference as individuals to bargain for a new agreement.

The union's present wage agreement expires June 30. Traditionally, the miners have refused to work without a contract.

While Lewis yesterday did not make a direct threat of a strike because of what he called a breach of contract, that possibility existed nevertheless.

The union still is under a court injunction prohibiting renewal of the recent strike over pensions for miners, but the court ruling on the anti-strike injunction would be a brand new dispute. In such a case, a new injunction might have to be sought by the government under the Taft-Hartley Act procedure.

The government yesterday sought dismissal of the anti-strike injunction, on the grounds that mines are in full production, the pension dispute is being handled in the courts and the public interest is "secure." Federal Judge T. Alan Goldsborough deferred a ruling on the injunction.

Moody, center of the dispute at the negotiating conference, is the new president of the Southern Coal Producers Association. He (See NEGOTIATIONS, Page 6)

Free Rides Over For 'Money Man'

NEWARK, N. J.—(AP)—A bus driver had been plagued for some time by a passenger who regularly produced a \$20 bill on the early morning run and explained that's all he had.

The bus driver didn't have enough change and usually gave the man a free nickel ride. The other morning the driver was prepared. As soon as the passenger produced the \$20 bill, the driver leaned over and handed the man a sack filled with 200 nickels in change.

He hasn't seen the passenger since.

Eisenhower's Name May Be First Listed

WASHINGTON—(AP)—Gen. Dwight D. Eisenhower's name may be the first placed in nomination for the presidency at the Democratic National Convention.

When nominating time comes, the roll of states is called alphabetically. If present plans pan out, the Alabama delegation may use its top listing to try to start an Eisenhower boom before President Truman's name is put up.

Alabama electors already have been instructed never to vote for Mr. Truman.

The Eisenhower move apparently is designed to give Southern civil rights rebels a name to rally around in a fight against Mr. Truman's nomination.

Eisenhower, now president of Columbia University, has said that what he wrote in January about not being available for the Republican nomination goes for both parties. But some Southerners say they don't think Eisenhower could turn down a nomination actually voted by the party.

Thus far J. Howard McGrath, Democratic chairman, and other public opinion aides have found no effective way of stopping Eisenhower talk among Southerners and some other members of the party.

Administration leaders may make a new bid for party unity by the choice of a couple of near-Southern men to head the convention chairman of the convention. The arrangements committee will make these selections in Philadelphia Thursday.

Senate Democratic Leader Barkley, a Kentuckian, is reported to have the inside track for the job as keynoter, or temporary chairman. Barkley keynoted the 1932 and 1956 conventions. He was permanent chairman in 1940 and placed President Roosevelt's name in nomination in 1944.

House Democratic Leader Rayburn, a Texan, is mentioned as likely choice for the permanent gavel-wielding job at the convention. He has come out against the President's civil rights proposals, but he hasn't taken off on President Truman like some of his party colleagues.

City Planning New Markers

Installing of two-way, overhead, aluminum street markers will be considered in the preparation of this year's budget, the City Commission agreed in its regular weekly meeting in the City Hall yesterday.

The Chamber of Commerce, in a letter to the commission signed by Joe F. Key, president of the Chamber, pointed out that it is sometimes very difficult for strangers to Pampa to follow their way around town by following the present street markers painted on the curbs. The signs quickly become obliterated in muddy weather, and their maintenance cost is excessive.

The Chamber asked that more adequate markers be considered in preparing the next budget, and recommended a cast aluminum type. These markers have raised letters on a black field. They are of the crossed-arm type that shows both intersecting streets, and are affixed to the top of a seven-foot pole. The cost for post and sign runs a little over \$5 each.

Representatives from the R. A. Underwood Investment Securities company, of Dallas, appeared at the meeting before the commission to discuss different ways of funding and floating the proposed water system extension bond issue. The commissioners will study the recommendations of this, and other investment companies that have previously made suggestions to determine the best method of handling the proposed issue.

The commission also discussed the adoption of a retirement plan for city employees.

Under the provisions of a bill passed by the State Legislature last year, Texas cities can put a retirement plan into effect that will be administered like the teacher's retirement system, from a central office in Austin.

According to the plan discussed yesterday, the city would match the employees' contributions of 5 percent of their salary with a similar amount up to 7 percent to allow for the years of prior service.

An employe could retire at age 65, or after a period of years, or if he decided to quit his job, he could withdraw the whole amount of his contributions to the fund.

No definite action was taken on the retirement plan proposal.

Junior High Boys In Too Big Hurry To Finish School

Leroy Lee Bogue and Doyle King, sixth graders at Junior High School, are finishing their examinations amidst head and tooth aches.

The two boys were dashing out of a classroom yesterday, happy that they were through with some of their exams, when they collided head-on. Leroy received a cut over his right eye and Doyle lost a part of a tooth. Leroy's head bled considerably before three stitches were taken.

Both boys are back in school today suffering through those last minute final examinations. Leroy was 12 years old yesterday. In remarking about the accident, all he had to say was, "A fine birthday present!"

Doyle is the son of Mr. and Mrs. R. C. King, 902 E. Francis and Leroy is the son of Mr. and Mrs. Gene Bogue, 863 E. Locust.

5-Year Sentence Is Suspended in Murder Hearing

WHEELER—A 51st District Court jury in Wheeler last night found Archie Edwards, Shamrock, guilty of murder without malice and imposed a five-year suspended sentence for the January 29 killing of Elsie Glen.

Testimony in the trial revealed that Glen herself had also been in previous shooting scrapes and was known as a dead shot. Witnesses stated that an argument had arisen over a gambling fracas in the Flats at Shamrock and that both men had drawn pistols shortly before the shooting. Glen had walked out of the door backwards and later looked through the window. Edwards shot Glen in the chest as the victim stood looking through a window. Whether Glen was aiming his pistol or merely holding it in his hand.

The case went to the jury at 4 p. m. and the verdict returned at 8:30 p. m.

Jurors on the case were: M. L. Seychrist, Tom Pepper, Evert Good A. E. Dillon, Lewis H. Abernathy, A. C. Brown, J. M. Mixon, S. L. Dale, Cecil Dalton, Everett Cole, J. D. Pitcock, George Dodson.

The two-day long trial before District Judge Lewis M. Goodrich was presided by District Attorney Tom Braly. Judge Marion Reynolds, Shamrock, represented Edwards.

Senate May Not Approve Says Taft

WASHINGTON—(AP)—The Mundt-Nixon anti-Communist Bill headed for House passage today in the face of storm warnings raised by Chairman Taft of the Senate GOP Policy Committee.

House passage of the controversial measure was predicted by friends and foes alike. But a strong hint that it may suffer a different fate in the Senate was given by the Ohio senator in a radio talk last night.

Taft said the bill "may be so punitive as to drive all the Communists underground" rather than risk admitting their affiliation.

While he said he favors requiring Communist organizations to register and list their membership, he added:

"I do not think we can make it illegal to be a Communist or to think communism or to talk communism if it does not go to the extent of advocating the seizure of the government by violence."

Ralph McGill, editor of the Atlanta Constitution, appearing on same program, called the House bill "unwise and unsound." He said "it seeks to get at communism through a side door."

Today's House session was called two hours earlier than usual (8 a. m. CST) to get the bill of the way by night.

Still hanging fire is a stack of amendments. The Un-American Activities Committee, which sponsored the measure, has proposed some relatively minor changes, but other pending amendments would rewrite the bill entirely.

Product of several months of committee study, the bill would make it illegal to advocate a totalitarian, foreign-controlled government in this country. Anyone who did that would be sentenced to prison for ten years and fined \$10,000.

It would require the Communist Party to register with the Justice Department and to file annual financial statements. The party also would have to list its members, and affiliated organizations would be required to register without listing membership.

Overton Head Top of Texas Med Society

At a meeting held last night following a dinner at the Shamrock Hotel, the County Medical Societies of Gray, Wheeler, Ochiltree, Hansford, Lipscomb, Hemphill and Roberts Counties organized to form the "Top of Texas" Medical Society, which will be a component part of the Texas State Medical Association.

The purpose of combining these several medical groups is to promote closer relationship among the Panhandle doctors and enable them to work together as a unit to give better medical service to the public.

Officers elected for the new society were: president, Dr. M. C. Overton, Jr., of Pampa; first vice president, Dr. W. M. Brooks, Borger; second vice president, Dr. D. B. Pearson, Perryton; third vice president, Dr. H. E. Nicholson, Wheeler; secretary-treasurer, Dr. H. M. Hamra, Borger; censors, Dr. H. M. Sanford, Perryton; Dr. H. E. Nicholson, Wheeler; Dr. M. M. Stevens, Borger. Delegates to the Medical Association were Dr. Frank Kelley and Dr. R. M. Brown, alternate.

It was voted to hold the next regular meeting on the third Tuesday of June at Borger.

Doctors present at the meeting last night were: Dr. Charles H. Ashby, R. M. Bellamy, R. M. Brown, Paul O. Christian, R. D. Falkenstein, Philip A. Gates, Oscar Huff, C. E. High, Frank W. Kelley, J. H. Kelley, M. C. Overton, Jr., K. W. Piersatt, H. L. Wilder, Edward S. Williams, M. H. Wyatt, of Pampa; Drs. H. E. Latsell, Chas. E. Badler, Guy Owens, E. A. Rowley, Amarillo; Dr. W. M. Brooks, W. G. Stevens, M. M. Stevens, Borger; Drs. H. W. Walker, H. E. Nicholson, Wheeler; Drs. H. M. Sanford, D. B. Pearson, Perryton.

Today
14th Day of the Year
On this day, in 1848, the Mexican government agreed with terms of proposed treaty with Texas...

We Saw...

A barber shop porter this morning twirling his broom in the best drum major-approved fashion. He had that rhythm, that strut, that swagger, and that dizzying twirl of the baton down pat. He could give lessons to the best of them, we believe.

THREE INTOXICATIONS
One man was fined \$25 and two were fined \$10 each in Corporation Court this morning after pleading guilty to charges of being intoxicated.

LICENSE VIOLATION
One man late yesterday afternoon paid a fine and costs of \$10 before Justice of the Peace Charles I. Hughes for driving without an operator's license.

XXV
PATIENCE felt a rising excitement. The sun was shining. The sky was blue. London was thrilling. And to think that she was to be here for a whole week!

"What are we going to do?" she asked.

"Well, first we're going to the photographer's."

"Why?"

"To get your photograph taken. She stared at him."

"What on earth for?"

"Ah, that's telling."

"Roger! Please! Don't be mysterious. Who wants my photograph?"

"I do for one, darling. But I'm not the chief person concerned. The higher authorities are needing it."

They had reached the car now. He opened the door for her.

"Hop in," he said, and she drove off. "There's a shop in Victoria Street who've promised to get it through in half an hour." He glanced sidelong at her: "How's your French by the way?"

Her breath caught in her throat. What on earth was all this about? "I love you when you look bewildered," he said softly. "You're awfully sweet, Patience, you know. Just what do you feel about me as a point of interest?"

Patience had been wondering this herself quite often recently. When Roger was with her it sometimes seemed that Paul was forgotten. And then when she was gone from him she knew that this was impossible. Paul was her first love, her real love.

But Roger attracted her. And when he kissed her—when he touched her hand as he was touching it now—yes, even though they were driving through the crowded London streets—her heart raced against her side.

"Well?" he was saying. "You've not answered my question."

"Tell me first what all the excitement is about?"

He grinned.

"As I said—first the photographer. And then—"

"And then—oh, Roger! do be quick and tell me—"

"Then the passport office. Luckily I can pull a few wires and get it all through very quickly. Within a couple of hours your passport should be ready."

She gasped. Vaguely at the back of her mind she'd had an idea of what was going to happen. But it was too exciting! Too incredible! And Aunt Helen would certainly never allow it. Only Aunt Helen would never know. At least not until it was over.

"Roger, you don't mean—?"

"We're flying to Paris for the week-end. Don't look so startled. It's all quite respectable. Charlotte, you and I are going, and you'll be back in London on Monday in time to catch your precious 6:30 back in the evening."

PATIENCE awoke the next morning, and lay quite still for a moment, enjoying to the full the lovely exciting feeling that today something really thrilling was going to happen to her. Hastily she stifled the little pang of conscience that came to her as she thought of her aunts. It was absurd to allow herself to worry about them. Besides maybe she could tell them all about it once she was safely home again.

And now here was Elizabeth arriving with her early morning tea. She sat up in bed.

"Is it a fine morning, Elizabeth?"

"Wonderful, miss."

Patience sprang out of bed. She took her tea into Charlotte's room to find her coming to life with extreme reluctance.

"Of all the ungodly hours to

wake up—" she stretched her arms lazily.

"I always wake early."

"Well, I warn you I don't, and when I'm made to I'm invariably extremely bad tempered."

Patience looked at her warily.

"Would you rather I took my tea back to my own room?"

"No. I'll put up with you. Only don't be too chatty."

"I won't. But don't lie there too long, or you won't be ready when Roger calls for us."

"I'll be ready all right."

"She wasn't. She kept him waiting 10 minutes. Patience fretted and fumed. She herself had been dressed, and her suitcase packed, for a long while.

Roger, also waiting for Charlotte with some impatience, looked at her as she stood there, in a gray suit of Charlotte's with a fluffy little white blouse, and a quite ridiculous hat, and said with a smile: "Do you realize how very much you're to be envied?"

"In what way?"

"Because you get such a kick out of all this."

"Aren't you getting a kick out of it? Isn't Charlotte?"

"Oh, yes. But it's not the same. We're not doing it all for the first time." He stood looking down at her, an odd expression in his eyes. "That, of course, is what I find so utterly enchanting about you. You're so fresh and unspoiled—"

Patience drew a little quick breath. Her eyes danced.

"I thought you might find that rather dull."

"Dull! Don't be silly. Here, stand still! You've got a smut on your nose." He removed it with a corner of his handkerchief. And then dropped a light kiss where it had been. "It's a very nice little nose, incidentally."

"Am I interrupting something?"

"There was an edge to Charlotte's voice. She stood there in the doorway looking utterly ravishing. She was completely the finished article. Not a hair out of place. Her make-up perfect. Her suit of a soft beige woolen material, looking every bit the fantastic extravagance it was.

Roger laughed easily.

"Nothing at all. Are you ready?"

(To Be Continued)

Quarter Horse Breeder in Business Quite by Accident

E. Luther Holmes, 901 Osborne, got into the breeding and racing of quarter horses quite by accident.

About six years ago, he bought what he thought was just a saddle horse. He picked a big dun stallion, just a yearling part at the time, from a herd of 19 head on a ranch east of town.

Luther used this stallion, which he named Yellow Chief, just as a saddle horse for quite a while until one day, just for the plain deviltry of it, he raced him against a quarter horse reputed to be a pretty good racer. Yellow Chief left the other horse so far behind—he won by 50 yards on a 150 yard course—that Luther knew he had a real racer.

Yellow Chief later won 29 match races before he was beaten. After the horse's papers were traced and his registration established, it was found that his great-grand sire was Peter McQue, reputed by many to have been the greatest quarter horse in the Southwest. He also has blood of Agate, Sheik Number 11, and Waggoner's Yellow Jacket.

While the father breeds and races quarter horses, Leon, the son, prefers thoroughbreds.

When Leon was discharged from the Army about four years ago, he bought a chestnut gelding, not quite a year old, named Clyde G. Clyde, according to his registration papers, is by Reno Greeting out of Paula Titus by Titus, and his grandsire is Optimist. Optimist, an imported horse, raced very little in this country, but he sired some of the nation's topnotch money-makers, Leon says.

Clyde G. set a new track record at Hollywood Park, Ruidoso, N. M., last year that was broken later by only one-fifth of a second. While racing at the Fairgrounds track in New Orleans last year, he was well ahead of the field until one of his hind legs was slashed by a flying hoof. Nevertheless, he limped home in fifth place.

The father-son team of Luther and Leon Holmes is trying to breed a faster horse by crossing quarter horses with thoroughbreds. They hope to get the speed of the quarter horse and the stamina of the thoroughbred in one animal.

Among the 14 horses stabled at their 80-acre ranch southeast of town is Easter Sea, a half-brother to Clyde G., owned by Otto Doggett, city fireman.

Easter Sea is also by Reno Greeting, but out of Previllion, who won one of the Kentucky Derby elimination races. She also ran in the Derby in 1929—just out of the money, Doggett said.

Doggett, who was a professional jockey for 12 years before settling down to the comparatively humdrum life of a fireman, plans to race Easter Sea at Ruidoso next month.

Clyde G.—Clyde G., a thoroughbred chestnut gelding owned by Leon Holmes, 911 Osborne, set a new track record at Hollywood Park, Ruidoso, N. M., last year.—Photo by Lee May.

Man-Made Rain Is Running Into Some Real T-rouble

By HOWARD W. BLAKESLEE
Science Writer

NEW YORK (AP)—The U. S. Weatherman is the only person legally authorized to make rain.

All others, unless associated with him, who may try to sow dry ice on clouds, are likely to be running one of those calculated risks.

They will be all right, however, unless someone complains about man-made rain falling where it isn't wanted—maybe on a drying crop, or on an annual picnic.

The potential complications are endless. For at present there are no laws to govern the matter, except the statute protecting the weatherman. Best defense for misplaced rain probably will be for the amateur rainmaker to call for scientific proof that the water was really his, and not an act of God, against which there are no laws. There isn't any scientific evidence yet good enough to stand up in a law court.

In fact, the U. S. Weather Bureau says "there is no authenticated case where precipitation reaching the ground solely as a result of seeding a cloud has amounted to more than a fraction of an inch."

The bureau proposes this summer to find what really can be done.

It is preparing to do this near Wilmington, Ohio, in cooperation with the U. S. Air Force, the Navy and the National Advisory Committee for Aeronautics.

The weathermen propose to learn, when dry ice does cause rain, how much was from the ice and how much would have fallen anyhow.

They may investigate droughts, for which the bureau says it is now generally agreed that no method so far developed is likely to afford relief.

As legal authority for all this, the U. S. Weather chief in Washington, F. W. Reichelderfer, cites an amendment to the Civil Aeronautics Act of 1933, making it the responsibility of the chief of the bureau to "promote and develop meteorological science and foster and support research projects in meteorology through the utilization of private or governmental research facilities, etc."

Reichelderfer says that while no specific legislative authority appears necessary, the House has a measure pending that would authorize the Weather Bureau to conduct such experiments and appropriate funds therefor.

The innocent bystander can appeal against a waiting despite lack of specific laws. That was shown in the Reno County, Kansas, District Court last summer when S. M. Mitchell asked for an injunction to restrain rain-makers from wetting the State Fair Sept. 14 to 15, at Hutchinson.

The court granted the injunction.

Zoraster was an ancient philosopher of Persia.

TRY TO FIND BODY IN CAVE-IN—Emergency crews work in a vain attempt to extricate the body of Angelo Corino, 35, water department employe, buried in a cave-in in Chelsea, Mass. Spectators watch as operation of a power shovel proved futile when sides of the hole, 30 feet square, kept caving in and filling the excavation.

Dangers of Polio Viewed

AUSTIN — The danger of crippling and death from poliomyelitis is very real and should not be minimized, but according to George W. Cox, state health officer, a knowledge of the disease, and this disease will help fight the fear of it, and aid in preventing the paralytic that is usually associated with the appearance of polio.

The facts about polio are these: It attacks so few people that 20 cases per 100,000 population is considered an epidemic. Half of those who get the disease recover without crippling; another fourth, with good care, recover with only slight crippling. Deformities can be prevented and crippling lessened in many cases, by prompt, complete and sometimes prolonged medical care.

Even though these encouraging facts have been established, still with polio as with any other disease prevention is better than cure. Summer is the chief danger period, and to avoid the risk of contracting this disease, it is well to observe the following health suggestions, especially with regard to children: practice absolute cleanliness in personal, home and community life; try not to mingle with crowds; don't get over-tired since extreme fatigue lowers resistance; avoid chilling by swimming overlong in cold water; consult your doctor at once if a member of your family has fever, headache, nausea, a cold, upset stomach, muscle soreness or stiffness.

Following these suggestions will help to prevent the spread of polio but if you do have a case in your family, remember that the majority of patients with good care recover without crippling. Your fear or panic will only make it harder for you and your child.

Georgia, Louisiana, North and South Carolina, and Texas require school attendance only to the age of 14.

Los Angeles Lensman Wins Annual AP News Photo Prize

CLEVELAND (AP)—Paul Calvert, Los Angeles Times photographer, won first prize in the annual contest for excellence in news photography conducted by the Associated Press Managing Editors' Association, Chairman Stanley P. Barnett announced.

Calvert's photo, "A Mother's Tragedy," shows a weeping mother walking away from the body of her drowned six-year-old daughter beside a California lake. A lifeguard holds out his hands trying vainly to comfort her. The picture had won first prize in the annual contest conducted by the magazine Editor & Publisher.

"A Mother's Tragedy" received 29 points out of a possible 50 and won over 235 other entries from more than 30 states. Calvert will receive a \$100 cash prize and a photograph of a silver and oak plaque with his name inscribed, symbolizing the AP award for excellence in photography. The plaque itself, bearing the name of each year's winner, is kept on exhibit in AP general headquarters in New York.

Second place went to "A Switch in Time" by Kenneth Cox of the Estherville (Ia.) Daily News. This photo shows a man clinging to the top of a railroad switch stand while an enraged bull paws the earth below.

Boy Bitten by Rabid Dog Sought

AUSTIN — (AP)—Texas state police sent out an urgent message last night in an effort to find a boy who was bitten recently by a rabid dog in Nashville, Tenn.

The message, relayed from the Tennessee Highway Patrol, said the boy was with one of two New Jersey families enroute to Los Angeles by way of Houston and San Antonio, Tex.

Police said the boy, who was not identified in the message, should report to a doctor at once. They said the dog with him was bitten, too.

At Nashville, the operator of the tourist court where the families stayed said two boys may have been bitten. He did not know their names but said they were about four and seven years old.

The names of the families were given as Mr. and Mrs. Ray Van Block and a Mr. and Mrs. Van Dyke, both families of Midleton, N. J. Police believed they were somewhere between Texas and Houston last night.

One family was said to be traveling in a black 1937 Chrysler sedan and pulling a 30-foot trailer, the other in a 1940 or 1941 Chrysler five-passenger coupe and pulling a blue trailer.

An elated father is a congressman of Welsh blood.

Radiant Heat Will De-Ice Airport Runway

NEW YORK — Using radiant heat to melt snow and ice from sidewalks has been done before, but applying the same techniques to an artificial runway is the idea of engineers at Logan International Airport in East Boston, reports Engineering News-Record.

"Ice and snow would be melted from the surface of the runway by a sub-surface network of coils installed carrying water heated to 350 to 400 degrees F., piped from the airport's central boiler plant. Engineers claim the device would have prevented the recent airplane wreck at the port.

"Designers of the system claim it will permit uninterrupted use of the runways at all times. Based on the use of heat from the central boiler plant, the estimated cost of equipping a 4,000 by 150-ft. runway is \$225,000, and the cost of operation over a normal winter is placed at about \$6,800. If a separate boiler plant is required, the cost was estimated at about \$400,000."

Beaumont Slayer Sentenced to Die

BEAUMONT — (AP)—Riley Brown McCain was sentenced by District Judge Owen M. Lord to die in the electric chair on June 21 for the slaying of Miss Elmore Collins.

The nude and scarred body of the attractive clerical worker was found on a secluded roadside near Beaumont on Oct. 4, 1945, five days after she had disappeared from Houston.

On April 9, 1946, McCain was arrested in Seattle and returned here to answer a charge of murdering Miss Collins.

U.N. Facts and Faces YUGOSLAVIA

Because of its strategic position and resources, the territory of Yugoslavia for centuries suffered various foreign invasions. With about 100,000 square miles and 15,000,000 people, Yugoslavia, embracing Serb, Croat, Slovenian, Macedonian and Montenegrin lands, was created as a monarchy after World War I. In World War II, she suffered heavily from German occupation, and after liberation, the monarchy was replaced by a Federated People's Republic. Predominantly agricultural, Yugoslavia is nevertheless the principal mineral producer of the Balkans, and has a Five Year Industrialization Plan. Her U.N. Representative is Dr. Jozef Vilfan. Her flag is blue, white and red with a red star.

Man is Fined on Assault Charge

Orville Lance, 608 S. Cuyler, this morning pleaded guilty to charges of aggravated assault on Mrs. Martha Jenkins after she ordered him to move from the apartment he rented from her, in the Jenkins Apartments, and was assessed a fine and costs totaling \$47.50.

Witnesses told Judge Sherman that Lance had been given sufficient notice to find other quarters and that when he was ordered to vacate yesterday he started a fight.

Lance was apprehended last night by Deputy Sheriff Neil Gilchrist and was held by the Sheriff's Department this morning pending payment of the fine and costs.

\$200 Taken From Apartment House

Ed Walters, owner and manager of the Brown Derby Restaurant, was robbed of more than \$200 from his apartment at 617 W. Garland sometime last night.

Between 3 and 7 a. m. today, a thief entered Walters' second floor apartment by way of an unlocked front door and took two brown money bags from a chair in the bedroom.

No other property was disturbed, Walters reported to investigating officers. Only the bags, which contained several rolls of coins and some currency amounting to more than \$200, were taken. One of the bags is stenciled with the initials B. A. R. in gold letters.

Frankie, Johnnie Are Back Again

OKLAHOMA CITY —(AP)—Some quick program will love this one, or maybe they can use it in the final exams for a law school.

Mrs. Bill Tucker walked into the neighborhood bootlegger's house and said she found her Bill with his arms around blonde Winnie Barnhill — the bootlegger's telephone girl.

She drew her little .22 and took a pot-shot at Winnie.

Maybe emotion spoiled her aim, or maybe somebody jumped. Anyway, she missed Winnie a mile and plugged poor Bill in the side — not too seriously. She swore she aimed at Winnie. She swore she aimed at Winnie. She swore she aimed at Winnie.

They carted Bill off to the hospital and the sheriff came around for a look-see.

They had the trial Monday. The judge handed out a \$50 fine and 30 days in jail.

And who got it?
Not Winnie — that ain't no crime anywhere.

Not Bill — he was just an bystander.

And not Mrs. Tucker. Bill, gentleman that he is, used his Anglo-Saxon legal privileges even from his hospital bed and refused to appear against his wife.

Give up?
Okay — it was the bootlegger, Hugh Nott.

While checking up, the sheriff's men found three quarts of wine, seven fifths and 28 pints of whisky. And Oklahoma has prohibition.

Additional Fine Assessed Violator

Charles Raymond Gyton, McLean, yesterday afternoon pleaded guilty in County Court to driving an automobile while under license suspension and was fined \$25 and costs by Judge Sherman White.

Gyton was under a six months suspension arising out of a previous conviction of driving while intoxicated. An additional six months suspension of his driver's license was imposed by the court.

Injured Child Taken to Home

Michael Don Rinehart, two and a half year old son of Mr. and Mrs. Lloyd Rinehart, 950 S. Hobart St., was dismissed today from Worley Hospital where he had been a patient since last Saturday afternoon.

The child had tumbled from his parents' automobile while the family was enroute home from a visit with friends near McLean. He suffered a brain concussion and was unconscious for over 48 hours. Michael Don recovered sufficiently to be taken home this morning, hospital attendants reported.

Property Taken At Oiler Park

While the Oilers were playing Amarillo last night, they lost more than just a ball game.

Someone broke into the club house at Oiler Park and stole eight baseballs and a lawn mower, R. L. Edmondson, owner of the club, said today.

The theft was discovered when the players returned home about midnight.

The balls, part of a gross bought just a week ago, are stamped with the name of the West Texas-New Mexico League, and also with the name of Milton Price, president of the league.

NOTICE TO BIDDERS
The Robert C. Wright Right-of-Way Committee is calling for bids on labor for the construction of approximately 1.4 miles of five strand barbed wire fence, more or less as determined by the measurer, beginning at the north line of Gray County and following both sides of the Pampa-Ferryton Highway north approximately 4.4 miles.

The fence is to be strung on cedar posts set 20 feet apart and 15 to 24 inches in diameter, required by each individual tract. It is to have 24 corners, one cattle guard, and four gates. Labor will include taking down present fences along said portion of highway, and salvaging material for new fence.

All construction materials will be furnished by the undersigned contractor, however, will furnish all construction equipment needed. Posts, wire and other materials will be within the building area by the undersigned, but distribution is to be made by contractor. Construction contract must be signed by the undersigned.

Sealed bids should be sent to: Robert C. Wright Right-of-Way Committee, c/o Pampa Chamber of Commerce, Box 1911, Pampa, Texas by May 22, 1948. Committee reserves the right to reject any or all bids.

RIGHT-OF-WAY COMMITTEE
FRANK CARLSON, Chairman
PAMPA CHAMBER OF COMMERCE, PAMPA, TEXAS

Girl Breaks Arm At Baker School

Doris Jean Rowe, 11-year-old daughter of Mr. and Mrs. W. H. Rowe, 524 PHHS, broke her arm in a light fall yesterday at Baker School.

Doris Jean's arm had been broken recently at home and the arm cast had been removed only for a short time. She was immediately taken to the Pampa Hospital for treatment.

W. H. Rowe is an employee of the Gray County Engineering Department.

Fire Hits Twice In the Same Place

At 2:45 a. m. May 5 firemen were called to 104 N. Wynne to extinguish a blaze in an automobile owned then by Don Tate, who later sold the burned-out vehicle.

Since then no fire calls were made to Central Fire Station until yesterday. Firemen received a call from the 900 block Brunway to quell another automobile blaze. When the flames subsided firemen noticed it was the same 1935 Ford coach that burned on May 5.

Fire Chief Ernest Winborne didn't have the full identification of the car's new owner, but added that the motor and tires were still in good condition. Origin of both fires in the car were undetermined.

PANHANDLE BILL

WASH. (D-Texas) —(AP)—Rep. Worley (D-Texas) has introduced a bill to authorize construction and operation of the Canadian River reclamation project in the Texas Panhandle.

Mexican Reds To Hold Meetings

MEXICO CITY —(AP)—Mexican Communists will begin holding meetings next week in hopes of rounding up 30,000 members which they must have to become a government-recognized political party. By their own count the Communists had 10,000 members at the time of the 1946 elections.

NEGOTIATIONS

(Continued from Page 1)
never sat in on the negotiations, but Edward R. Burke, former Nebraska senator and Moody's predecessor, was a regular member of the industry-wide negotiating committee.

However last July, Lewis was sore at the Southern Association for trying to get a separate contract and he would not permit the association officers to sign the present contract as such.

Instead, he forced the individual groups making up the SPA to sign separately.

That is why Lewis fought against letting Moody take part in the wage talks as president of the association.

Geneva Delegates Termed Communists

NEW YORK —(AP)—GOP Rep. Dan Reed is winding up to charge that one in every ten of the U. S. negotiators at the Geneva reciprocal-trade conference was a Communist, asserts Business Week.

"This is the sort of attack you'll read a lot of before Congress attends the Hill reciprocal-trade agreements act for another year," the magazine says.

The real danger of the world is that the leaders of the Kremlin may make a mad move toward war.

—Harold E. Blasen.

When you buy Barcontra, you buy a preparation for taking off weight. You do not put on any printed diet nor for vitamins and you do not need a doctor's prescription. You need never know a hungry moment while taking Barcontra. Barcontra is the original grapefruit juice recipe to take off ugly fat. Just go to your druggist and ask for four ounces of liquid Barcontra. Pour this into a glass bottle and add also grapefruit juice to fill the bottle. Then take two to three glasses a day. That's all there is to it.

If the very first bottle doesn't show you the steps to take off ugly fat, return the empty bottle for your money back.

Lost 30 Pounds
"I wish to state that I lost 30 pounds taking Barcontra. I didn't starve myself and I feel better than I have in years. I am sure that the only safe way to lose weight is by taking Barcontra."—Mrs. Florence Chadwell, Route 1, Box 650, San Antonio, Texas.

25 Pounds Lost
"When I started taking Barcontra, I weighed 195 pounds. I now weigh 170. I certainly praise Barcontra."—G. W. Miller, Weatherford, Texas.

It's Fishing Time and Here's a Little Advice

By JIM McCLUSKEY

Are you fish hungry, men? What say let's go fishin'. But first, what do we know about the fishing laws?

Few states can compare with Texas in fishing laws. How many states other than Texas have no closed season or such an abundant limit? Very few, to say the least.

In Texas we can fish for fresh water fish by hook and line at any old time. Further, we can even use an artificial lure, on the fish that is.

Were you fishermen aware there is no size limit on white bass? And 25 of them is the limit. But after all, who can eat more than 25 at one sitting anyway? Even after an all-day fishing trip, we find it hard to consume any more than 25.

If you're hungry for black or spotted bass, you'll find it hard to eat more than 15 of them a day, especially since you've just eaten so many white bass. However, in picking your black and spotted bass, be sure to remember that only ten of them can be black. A little variety is good for us anyhow. And don't forget, you fishermen, that the spotted bass are one of the gamest of the basses, so even catching the limit of them may prove difficult. Most of the spotted bass can be found as far west as Central Texas.

Now, if you're cat eaters, feel free to catch 25 blue or yellow catfish, and channel fish too. There are eleven or possibly more species of catfish in Texas. Don't be too surprised or proud if you land a 25 or 35 pound blue cat. After all, real fishermen do that all the time along the coast.

Twenty-five of the crappie-better known to us Texans as white perch, can be hooked, and still we keep within the law.

Fishing sounds as if it should be simple for us Texans, doesn't it? Well, in spite of its apparent easiness, there are still special restrictions on the use of live lines, set lines, seines and nets—so men let's get started, but with our hooks and lines.

Sodium chloride is the chemical name for salt.

Do You Know

THAT FISHING can be fun, BUT EXPENSIVE, too. Especially when your hook lands in somebody's face, or when your outboard motor cuts a swimmer. An accident can cost you all your pay for years to come. Get our protection for only \$10.00 a year. Our complete liability insurance.

Portable Refinery Would Produce 'Back Yard' Gas

TULSA, Okla. —(AP)— "Back yard" gasoline, to be made by a portable refinery, is promised at the International Petroleum Exposition here.

An oil refinery on wheels will let the small oil producers convert their petroleum directly into gasoline. This has been a dream of the oil industry for many years.

The first such plant is designed for men who produce from 50 to 1000 barrels of oil a day. There are thousands of them. In fact, they produce about 75 percent of the nation's oil.

These men never have been able to make gasoline. That requires a refinery, and these plants cost from a million to fifteen million dollars each, besides being of huge sizes. Only big industry could do the refining.

The portable, a plant to be carried on a few trucks, and to be set up in a week, is the work of George E. Failing, one of the most famous oil men of the Southwest. His concern, the George E. Failing Supply Company of Enid, Oklahoma, is one of the big exhibitors at this exposition.

Failing has finished the pilot plant stage with his portable refinery. He says the details are a secret, but that the small refinery is made possible by the use of high pressures. He says it has essentially the same parts as a big refinery unit. These are compressed into smaller space.

Failing says that his portable will produce auto grades of gasoline, including the common high test. It will not, he says, produce aviation gasoline.

2 Medalists Lead Qualifying in Women's Open

SAN ANTONIO —(AP)— A pair of medalists leads the qualifying field into match play of the Women's Texas Golf Association Tournament here today.

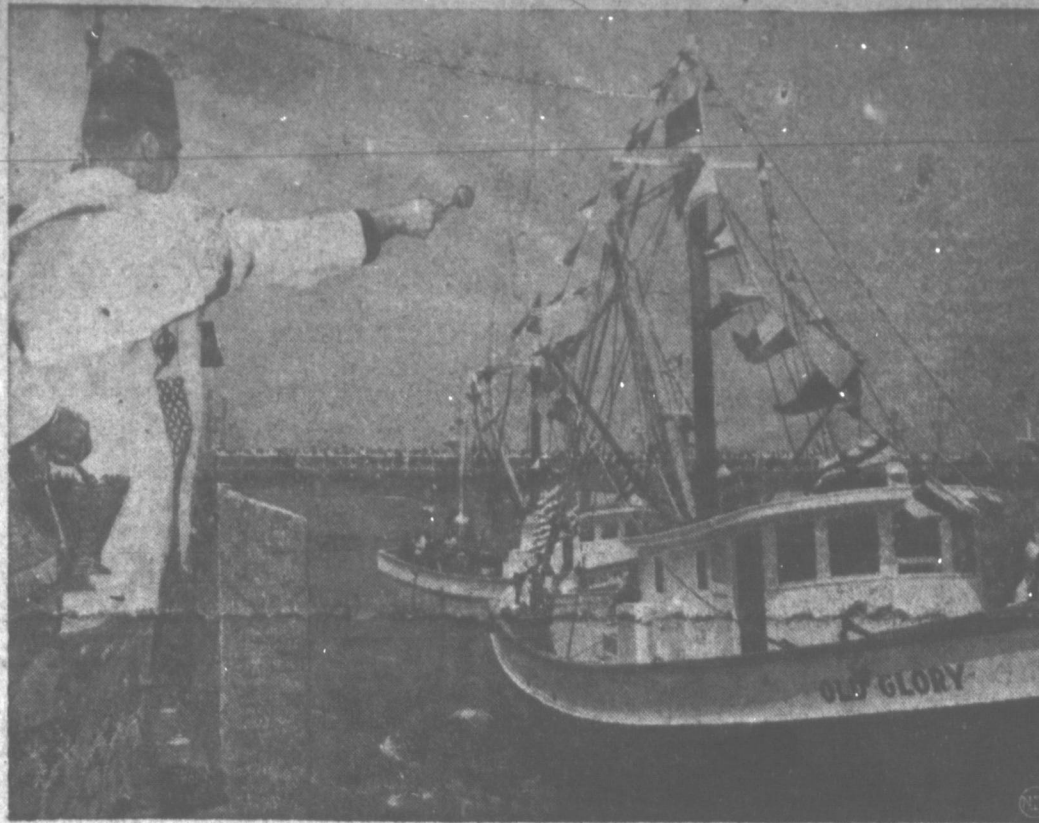

Mrs. Betty Mims White of Dallas, the tiny Texas Women's Open champion, and 18-year-old Betsy Rawls, Austin city champion, each fired a two-over par 76 yesterday. Both went two over on the par-36 first nine and broke even on the par-38 back stretch.

Mrs. George Nobel of Dallas was two strokes back with a 78. One stroke behind her were Mrs. Harold Weilbacher, former San Antonio city champion and Mrs. Mack Willford of Sherman.

San Antonio's present city champion, Mrs. Alta Lever, was next with 80, one stroke ahead of Mrs. Frank Goldthwaite of Fort Worth.

The defending tournament champion, Mrs. Leonard Keating, the former Kay Pearson of Houston, needed 88 strokes to qualify.

Church Blesses Florida Shrimp Fleet

Heading back to the shrimp grounds, approximately 100 boats of Florida's shrimp fleet pass before the Rev. Father John W. Love to receive the blessing of the Catholic Church. Father Love is pastor of the St. Augustine, Fla., Cathedral.

Colleges Plan Leadership Conference

AUSTIN — Provision of adequate supervisory leadership for small schools in Texas — called the state's No. 1 educational problem by leading educators — will be a step nearer realization as result of a plan announced at the University of Texas.

The university, State Department of Education, Texas A&M College, state teachers colleges and the Texas Association of County Superintendents have announced a work conference on supervisory leadership for small schools, to be held August 3-20 at Southwest Texas State Teachers College, San Marcos.

Participation in the conference will be by invitation and a cross-section of educational leaders in the state will be in attendance, University Education Dean L. D. Haske announced.

Two objectives are cited for the conference: to improve supervisory techniques of those now engaged in supervision, and to form a platform, both legislative and financial, that will give Texas the future development it needs in the supervisory field.

The University of Texas College of Education will furnish consultants for the work conference, in addition to staff members.

Colds cost about a billion dollars a year in the United States.

State Health Officer Suggests Polio Precautions

AUSTIN — Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is now occurring in some sections of the state.

Strict sanitary measures should be observed in all communities. Eliminate rats, mosquitoes, and houseflies, and destroy their breeding places. Every effort should be made to secure approved garbage collection systems and safe water supplies. Where adequate municipal sewage disposal systems are not in operation, it is vitally important to maintain sanitary septic tanks and outdoor privies.

All swimming pools should maintain standards approved by the State Department of Health, which includes maintenance of proper chlorine level.

Only approved milk should be used, and raw foods and vegetables should be washed thoroughly before use, and protected from flies, filth, and insects. All food-handling establishments should adopt strictly to the state law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining cleanliness.

Over-exertion in children should be avoided, and they should not visit in homes where there is illness. It is advisable to reduce to a minimum all human contacts, especially in children during a "spike" in this disease. It is not advocated that schools, churches, and theaters be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

Bryan Airfield Reactivation Sought

WASHINGTON —(AP)— Reactivation of the Bryan, Tex., Air Base under the new defense program was sought Tuesday by Travis B. Bryan, president of the Bryan First National Bank, and Harry Logan, the city's Chamber of Commerce manager.

They met with Rep. Teague (D-Tex) shortly after their arrival here and will confer later with Assistant Air Secretary E. M. Zuckert and Maj. Gen. William F. McKee, vice deputy chief of staff for air.

The field, built during the war and operated by the Army as an air instrument training school, is now on a stand-by basis. Some of its facilities are being used by commercial air lines and its barracks are serving as homes for some Texas A. and M. College students.

Syria is regarded as the original home of the olive.

King George V bestowed the title of knight upon Harry Lauder, a comedian.

Governor to Be Busy Before Convention

AUSTIN —(AP)— Gov. Beauford H. Jester Tuesday announced a crowded weekend schedule prior to next week's State Democratic Convention in Brownwood.

He said he will attend the East Texas water conference and a traffic safety conference Friday in Tyler. Saturday and Sunday he will spend at home in Corsicana, visiting with his mother and inspecting his farm properties.

Monday he plans to address the Texas Bankers' Association in San Antonio before flying to Brownwood for a night meeting with the County Chairmen's Association. Tuesday he will attend the State Democratic Convention.

SUCCESSOR NAMED

BATON ROUGE, La. —(AP)— Governor Earl K. Long today named William C. Feazel, independent oil and gas producer of Monroe and Shreveport, United States senator from Louisiana to succeed the late Senator John H. Overton.

Dodging Bullets to Get Pictures

David S. Boyer, left, NEA-Acme staff correspondent in Palestine, talks with Abu Seif, an officer in the Arab Liberation Army in Jerusalem. Boyer's camera has recorded some of the best photographs of the fighting to come out of Palestine.

Texas Water Flow Shows Deficiency

AUSTIN —(AP)— Stream flow in all parts of Texas except the Panhandle and the extreme southeast corner was among the lowest 25 percent of record in April.

Reviewing water resources of the country, the United States Geological Survey described Texas water flow as "generally deficient" and said storage reserves were unsatisfactory at Red Bluff reservoir and Medina reservoir.

Flow of the Delaware River near Red Bluff, N. M., averaged only 1.83 cubic feet per second, the lowest April flow since the record began in 1937.

"Red Bluff reservoir on Pecos River (just below the mouth of the Delaware River) was practically dry at the month-end, with only 12,000 acre feet of usable storage remaining, a loss in contents of 21,600 acre feet during April," the U.S.G.S. said.

The agency anticipated that since April is the first month of the irrigation season, water supplies of the Red Bluff reservoir will be inadequate for the 20,000 irrigable acres below the dam unless runoff increases considerably.

Medina reservoir near San Antonio remained dry during the entire month, and supplies in other Texas reservoirs decreased.

WHY FEEL OLD AT 40, 60 OR MORE

Why be the victim of the older years? If you apparently have lost your zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and zest, there is a method that may change your whole outlook on life. Why not try and regain the pleasure of living you once enjoyed? Why be discouraged—why not regain the vigor and zest of a much younger man? Many men are obtaining amazing results with Caltron Tablets. Women too, find Caltron helpful.

The tremendous demand for this formula has warranted a drastic price reduction. Get Caltron stimulating tablets today from your druggist at the new REDUCED price.

Seasonal Advice Being Offered To Vacationists

AUSTIN — Seasonal advice to vacationists concerning the proper precautions to be used in water sports was released from the State Health Department today by Dr. George W. Cox, state health officer.

Lakes and ponds of unknown depth, and streams of unfamiliar currents are often the site of picnics and excursions, and the usual lifeguard supervision associated with bathing beaches and commercial swimming pools is, of course, not available in such places.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted. "Nevertheless, they possess dangerous possibilities if the rules of safety are disregarded through carelessness or thoughtlessness."

The State Health Officer outlined the following simple rules for bathing and swimming safety: at least one hour should elapse after a meal before entering the water; upon the first indication of fatigue, come ashore, and don't re-enter the water; if chilled, leave the water immediately; do not enter the water when overheated; learn to float—this is important; never attempt to rock a boat in a spirit of fun; never swim in water that may be polluted.

"Outdoor excursions, picnics, and swimming parties contribute much to a healthy, happy, normal life," Dr. Cox said. "It is by no means advisable to eliminate these pleasures from our summer program, but it is important that they prove beneficial and not disastrous."

Anyone who promises peace, but never explains how you are going to make good on your promise, will get a large vote. All the world waits peace. —Mrs. Eleanor Roosevelt, predicting a substantial vote for Wallace.

PHILADELPHIA —(AP)—Barbara Ann Scott, world's amateur figure skating champion, will be crowned Queen of the 28th annual convention of the United States Junior Chamber of Commerce here June 2.

Convention Chairmen Clark Hopkins, Philadelphia, and John Ben Sheppard, Gladwater, Tex., president of the Jaycees, announced the coronation of the 19-year-old Canadian girl will highlight the largest Jaycee national convention in history of the organization.

Dress Alike for Breakfast and Morning

Matching plaid cotton breakfast frocks with set-in midriffs for mother and daughter.

Actually she may not be the prettiest mother in the world, but she expects her family to think she is. That's why she wants to look her best in a new dress. Maybe, if today's mother is young enough, she will want to dress herself and her small daughter just alike at least for breakfast and the morning. The identical summer cottons pictured today are typical of a series shown by New York designers for mothers who have Junior figures, and their little girls who wear sizes three to six. Other styles are done in plain color cotton with white embroidery, and in pastel

Photo courtesy New York Dress Institute

linens. However many birthdays Mother has celebrated, or whatever her size may be, she'll find lots of attractive summer fashions to choose from this season. She might well pick a New York dress in a pink-black carnation print, the hip-length jacket fitted over a soft skirt with pleats just in front. Or, if she's always preferred black for dress-up purposes, she could choose a simple one-piece dress with a young, high neckline, short sleeves and side skirt drapery, with both the bodice and drapery decorated with rows of fagoting.

Mrs. Don Patton Is Shower Honoree

Mrs. Conner O'Neal was hostess at a wedding shower in her home southwest of town last Thursday when she honored Mrs. Don Patton, daughter of Mr. and Mrs. Carl O. Smith.

Mrs. Patton is the daughter of Mr. and Mrs. J. M. Keel, D. W. Swain, J. B. Jones and Grace Morris were assistant hostesses. The honoree and her mother were each presented with a corsage of pink and white carnations. Mrs. Morris presided at the table which was decorated with a centerpiece of orchid flags. Forty-six ladies participated in the shower.

Rome is known as the eternal city.

Girls Everywhere Are Praising 2-Way Help

Want to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUX 2-way help. You see, CARDUX may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUX is scientifically prepared and scientifically tested. If you suffer "at those certain times", get CARDUX today.

Varietas Study Club Closes Year's Work

The Varietas Study Club held a noon luncheon and installation service on Tuesday, May 11. Members gathered at the Schneller Hotel where the luncheon table was decorated with a centerpiece of iris and roses and places were appointed with individual corsages of white daisies tied with vari-colored ribbon. After the luncheon the group went to the home of Mrs. J. G. Argyle, 606 N. Somerville, for

The Woman's Page

Pampa News, Wednesday, May 19, 1948 PAGE

B. M. Baker P-TA Installs Officers

B. M. Baker Parent-Teacher Association met May 14 with Mrs. Clifford Jones welcoming the mothers who will have children in school next year. The entertainment for the afternoon was furnished by the third grade pupils. Miss Winnie Carnahan's pupils gave a little health play, Mrs. Aubrey Jones pupils presented a skit, "A Train Ride," and Mrs. W. L. Parker's pupils gave a little play, "Vacation From School."

Mrs. Joe Stephens gave helpful hints to the mothers about the Pre-School Round-Up. Procedure course pins were presented to Messdames M. D. Dwight, Collins Webb, Clifford Jones, J. W. Bullard, J. L. Mulanax, D. L. Brown.

Mrs. Webb was presented with a past president's pin. Mr. E. R. Nuckols, principal, was presented with a life membership certificate.

Members of the Executive Board gave Mrs. Webb a surprise handkerchief shower in appreciation of her faithful work as president. Mrs. Mulanax installed new officers for the coming year.

The officers are Mrs. Clifford Jones, president; Mrs. J. F. Kurtzwell, vice president; Mrs. J. W. Bullard, secretary; Mrs. Jim Goff, historian; Mrs. Roy Holt, parliamentarian; and Mrs. Jim Coffey, treasurer.

The Executive Board planned a luncheon for the teachers to be held Thursday, May 20.

business and the installation of new officers of the organization.

The president, Mrs. F. E. Imel, opened the meeting by leading the members in repeating the Club Collect in unison. The treasurer's report was given and a letter of resignation from Mrs. Paul Bowers was read and her resignation from the club was respectfully accepted.

Mrs. Henry Butler was elected to fill the membership vacancy. Mrs. Imel gave a report from the Council of Clubs and announced the new officers.

Mrs. J. G. Doggett, Varietas Club's delegate to the Texas Federation of Women's Club District convention held in Pampa, last week, gave a report of business covered at the convention. She summarized briefly what other clubs are doing and reported on their aims and courses of study for the coming year.

Mrs. Felix Stalls gave an announcement pertaining to art and told of a visit she had had with the artist, Ida Staker Baker, in Amarillo.

Mrs. Luther Pierson conducted the installation service for Mrs. Doggett, president; Mrs. J. C. Vollmert, vice president; Mrs. Ralph Thomas, secretary; Mrs. J. C. McWilliams, treasurer; Mrs. C. W. Andrews, historian; and Loyce Caldwell, parliamentarian.

The club will hold no more meetings until next September.

Mrs. James Is Hostess to Class

LEOPORS — (Special) — Mrs. W. E. James was hostess to the Winsome Class of the First Baptist Church and their families at a pot luck supper last Tuesday evening, May 11. After supper games and contests were enjoyed by Messrs. and Messdames Rex Lee Jones, Tommy Redus and Sand a, Paul Umphres and Paulette, E. b Caughron and Bobby; Vestal Barker and Melinda Jean, Ed Bloomer, and Wesley Vanlandingham; Messdames B. I. Carter and Beah Kurtis, and Mr. James and as special guests, the teacher of the young married men's class, Buford Minter, Mrs. Minter and Kenneth.

Wayland Students Honored at Dinner

About fifty persons in the Hopkins Community Phillips Camp attended a basket dinner last Sunday following the church services. The purpose of the dinner was to honor students from Wayland College who have been conducting services in the Community Church. They were Jack Litton, Glen Harris, Buddy Williams, Curtis King, and Rev. Noel George. The Rev. George, assisted by Litton and Harris as song leaders, will begin a revival on May 30. Services will be held out of doors on the tennis court and a public address system will be used.

Graduate Writes Thanks for Gift

By ALICIA HART
NEA Staff Writer

Gifts sent to the sweet girl graduate deserve "thank-you" notes written promptly by the young recipient.

In the whirl of the end-of-school festivities, there may be a temptation to delay writing your "thank-you" notes or to ask Mom to include your "thanks" in her letter to grandmother or Aunt Helen.

Good manners, however, require that you express your pleasure in a personal note. A good rule of the thumb to follow if you want to impress donors that you know your etiquette is to write within 24 hours after receiving a present.

You'll be less likely to delay writing if you keep a supply of notepaper, envelopes, stamps and a pen or your study table. Clipping the return addresses from packages as you open them and spiking them on a spindle near your writing folio will also help to encourage a prompt reply.

Gifts sent by persons living in your city should be as promptly acknowledged either by note or by a telephone call as gifts received from out of town. Don't wait until you meet donors on the street to thank them for their gifts.

India Plans Fleet

NEW DELHI —(AP)—India expects to have a 2,000,000-ton merchant fleet plying the oceans of the world by 1965. P. R. Subramanian, Commerce Ministry official, says India hopes to attain it by purchasing ships from foreign governments and by building some of its own.

FAMOUS FRUIT CANNING FREEZING BOOK FREE!

1948 EDITION OF "FINER CANNED AND FROZEN FRUITS"

You Can't Win By Anarchy!

Front and center, Henry Agard Wallace, ripping his britches to be president, told striking auto workers outside the Dodge plant at Detroit last week...

That couldn't have been better said if it had come from the Politburo, the Kremlin, Moscow, USSR. Not only does it show the flames of labor-management strife, not only does it throw oil upon the fires of human misunderstanding and hate...

When Wallace declares the profits "rightfully belong to you," the workers, he is advocating an overthrow of the capitalist system. The Communist International advocates overthrow of the capitalist system — by whatever means it can not be done by peaceful means...

Otherwise, they are wrong. They are wrong by every principle in the American book of fair play. And they can't win — not as long as people are aware of what they are trying to do...

SO THEY SAY

The Communists have established benches in our own land. They have placed key men and women in leadership positions in government, some labor unions, schools, some segments of the press, radio and movies...

CRIPPLING AMENDMENTS

WASHINGTON —(NEA)—The United States has "reciprocal trade agreements" with 42 of the 75 nations in the world. The way these trade agreements work is that the U. S. lowers tariffs against the exports of these 42 countries, if they lower tariffs against U. S. exports to them...

California Republican Rep. Bertrand W. Gearhart's House Ways and Means subcommittee, having considered this same matter in secret hearings, seems to agree. The full Ways and Means Committee will soon report out to the House its recommendations on how long to extend and what amendments to slap on to cripple the act as it is now administered.

Fair Enough by Westbrook Pegler

To date in my revelations of political influences at work behind the blind, Republican front of the New York Herald Tribune I have stayed up on my toes, boxed them fancy and used the ring.

Now we stand flat-footed. This is not reparation. This is serious. Last Tuesday night in Madison Square Garden a preliminary speaker, warming up the Communist crowd for Henry Wallace, incited a riot at the Roxy Theatre, which, where a film was showing called "The Iron Curtain."

The preliminary speaker at the Garden was a notorious thief and slacker, a nimble opportunist in religious circles and a preacher of the Communist policies and program. He is known by the alias of William S. Gallmor. His original name was William Margolis. He changed to Gallmor after he had been caught stealing automobiles in New York. He has a record in the FBI which appends to his criminal history.

When Wallace declares the profits "rightfully belong to you," the workers, he is advocating an overthrow of the capitalist system. The Communist International advocates overthrow of the capitalist system — by whatever means it can not be done by peaceful means...

Otherwise, they are wrong. They are wrong by every principle in the American book of fair play. And they can't win — not as long as people are aware of what they are trying to do...

When Henry Wallace set out on his northwestern tour last winter Gallmor bobbed up in the troupe in the role of money-raiser. He discoursed a patter to loosen up the suckers and he and his assistants were using a large milk can to carry off the collections.

WASHINGTON —(NEA)—The United States has "reciprocal trade agreements" with 42 of the 75 nations in the world. The way these trade agreements work is that the U. S. lowers tariffs against the exports of these 42 countries, if they lower tariffs against U. S. exports to them...

California Republican Rep. Bertrand W. Gearhart's House Ways and Means subcommittee, having considered this same matter in secret hearings, seems to agree. The full Ways and Means Committee will soon report out to the House its recommendations on how long to extend and what amendments to slap on to cripple the act as it is now administered.

Common Ground

Who's Left of Our Constitution? I have just been reading a rather tedious but informative book "Total War and the Constitution" by Edward S. Corwin, McCormick Professor of Jurisprudence, Emeritus, Princeton University.

The author goes on to say how we even by way of Congress give the President more and more power to take away from individuals certain of their natural rights. Then after the war is over we never go back to the same conditions which existed in peacetime.

WASHINGTON —(NEA)—The Ohio figures are based on the number of votes given to the front-running delegate-at-large on the Stassen ticket, former Ohio Chief Justice Carrington T. Marshall, and the total obtained by the highest man on the Taft delegate-at-large slate, Senator John W. Bricker.

Gracie Reports

I see that Secretary of State Marshall advised budding American diplomats to spend less time with the ruling classes, and more time with peasants and workers. Nowadays when peasants suddenly become rulers and most kings are looking for work, this is pretty good advice.

WASHINGTON —(NEA)—The United States has "reciprocal trade agreements" with 42 of the 75 nations in the world. The way these trade agreements work is that the U. S. lowers tariffs against the exports of these 42 countries, if they lower tariffs against U. S. exports to them...

California Republican Rep. Bertrand W. Gearhart's House Ways and Means subcommittee, having considered this same matter in secret hearings, seems to agree. The full Ways and Means Committee will soon report out to the House its recommendations on how long to extend and what amendments to slap on to cripple the act as it is now administered.

TOP TEXAS NEWS

Shamrock

SHAMROCK —(Special)—The Lela Baptist W.M.U. met with Mrs. Ralph Wells Monday evening. The meeting opened with group singing of "Jesus Shall Reign."

Refreshments were served at the close of the lesson. The meeting next week will be held at the home of Mrs. John Anderson.

Refreshments were served at the close of the program to the following members: Mmes. Joe Glover, A. N. Motes, J. C. Nix, G. M. Seago, J. W. Stauffer, Cecil Seago, W. P. Seago, Levi Bumpers, and Miss May Ruth Stauffer.

Glenda Kay Purcell was complimented with a birthday party Saturday afternoon at her home.

Guests were Glendene Walraven, Gary Mercer, Marilyn Greenhall, Curtis Wyatt, Mary Henderson, Joy Heffley, Edus Ann Shipley, Joe Dick Glover, Carol Kay Harrison, Claud Sessions, Jim Tom Nun, Phyllis O'Gorman, Yvonne Nun, Nancy, Charlotte Faye Seag, Patricia Carolyn Ronald, Lee and Sandra Kay Moore.

Mrs. Tom Brown and Mrs. T. H. Sonnenburg were cohostesses to members of the Needlecraft Club at the Brown home Thursday afternoon.

The W.S.C.S. of the Lela Methodist Church held a meeting at the church Monday afternoon. The program subject was "The Watchword in Advance," and was presented by a playlet by four members of the society.

The young women's class of the First Baptist Sunday school here entertained the corresponding men's class at a banquet Friday evening in the church basement.

In Hollywood

HOLLYWOOD —(NEA)—As the screen's most polished portrayer of suave gentlemen, Melvyn Douglas, I decided, should name Hollywood's most sophisticated woman-hip with Madeline Carroll in "An Innocent Affair."

David O. Selznick must be going ahead with plans to film "Tomoe and Juliet" in color come winter. He has Louis Jordan studying with a Shakespearean coach between scenes of "No Minor Vices." Jordan says the plan is for him and Jennifer Jones to do the play on the stage first, probably at La Jolla this summer.

Maureen O'Hara gets songwriter as well as star credit for "Long Denial." She wrote a new set of English lyrics to an old French tune she warbles in the picture.

Playwright John Wesley is burning over London banning of his play, "The Last Mile." The London production was called off by the Lord Chamberlain's codd which forbids stage presentation of prison scenes.

White Deer

WHITE DEER —(Special)—Rev. Jimmie Hardin, former pastor of the White Deer Baptist church, will return for both services next Sunday, while the pastor, Rev. M. G. Upton, and family are attending the Southern Baptist Convention in Nashville, Tenn.

Rev. Hardin served for about two years as a chaplain with the Army in Japan, and while there conducted a Japanese mission. He will preach at the morning service Sunday and at the evening service will show pictures of his work in the Orient. He and Mrs. Hardin are now students at the Southwestern Seminary, Fort Worth.

Supr. and Mrs. Emmitt Smith honored the graduating class of White Deer High School, the faculty, and the school board at a formal tea, Saturday evening in Sunbeam Hall.

In the receiving line were Mrs. and Mr. Smith, James West, all, president of the Senior Class, Jane Powers, secretary, and Principal and Mrs. Fred Mullinga.

Several members of the Aeolian Choir from Amarillo High School, directed by Miss Tessie Thompson, entertained throughout the evening, with music numbers and a humorous skit.

Mrs. B. R. Weeks, Mrs. Dalton Ford, Mrs. R. Y. Corder, and Mrs. Ray Vineyard served the punch, and assisting with the refreshments were Mrs. S. D. Bruce, Miss Claudia Eversly, and Mrs. Dennis Lowery. Mrs. Kittie Allison registered the guests.

Quentin Williams of Pampa, director of soil conservation in this area, was the main speaker at the annual shareholders dinner given by the White Deer Supply Company, Saturday at noon, in the High School Cafeteria.

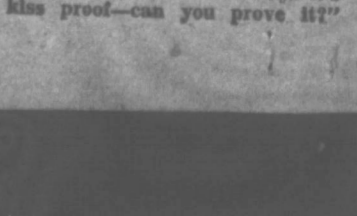

Music was furnished by the High School Chorus, directed by C. A. Jensen.

In the business session, G. A. Stahl of Amarillo, auditor, reported the year's business. The firm had totaled more than \$100,000.

Only one new director was elected, L. C. O'Neal to replace H. C. McDowell, who has moved to Amarillo. L. M. Bichel and W. H. Howard were re-elected. Other directors are A. J. Dauer, Biggs Horn, J. R. Nicholson, and George Coffee.

The dinner was served by the members of the Eastern Star.

Watch Dog Group Is
Formed in Dallas
DALLAS - (AP) - Dallas County
government yesterday had a large
body of citizens planning to check
its efficiency and weed out its
faults.
The Dallas County Citizens As-
sociation was organized here Wed-
nesday.
The new group has representa-
tives from 15 incorporated towns
outside the city of Dallas, from
Dallas and from two incorporated
towns within Dallas' boundaries,
Highland and University Parks.
An embargo is a stoppage of
ships or merchandise by sovereign
authority.
Political Calendar
The Pampa News has been autho-
rized to publish the names of the fol-
lowing citizens as Candidates for of-
fices to be filled by the action of the
Democratic voters in their primary
election on Saturday, July 24, 1948.
