## Pampa, Trade Area Students Graduate This Week

### Baccalaureate at Pampa High Today

Those old tag rhymes of "No more school, No more books, No more Teacher's sassy looks," will echo once again around the playgrounds of the Pampa, Gray County, and Top of Texas schools this week.

### Ohio Veteran Chosen Texas Hater No. 1

MADISONVILLE, Tex. (AP)—The growls of an Ohio war veteran Saturday won him the title of Texas Hater No. 1 and the privilege of being killed by kindness in the Lone Star State.

Wichita Falls, stewing because the Ohioan said it had a terrible climate, no scenery and no pretty girls, is straining at the tether to get at this guy.

Single and 26, Halloran grouched that he endured training at Wichita Falls, San Antonio, Hondo, and a hurrled at Houston, in every "Conditions were uniformly lousy—I often wondered why the Army selected such a miserable place as a training ground."

He parachuted to earth in weather 65 degrees below zero, was kicked, beaten and stoned by civilians and was placed in solitary confinement and starved by the military.

"It was then I realized the purpose of Texas. It instilled confidence in me. I continually wondered myself with the thought that if I had survived the terrors of Texas, I could certainly carry on."

Some time between 10 a. m. Friday and 7 a. m. yesterday, vandals entered the home of Hubert Sims, 203 E. Tuke and played havoc with the furnishings.

Then they broke into a shed in the back yard and stole several pieces of machinery.

As closely as can be determined so far, nothing was stolen from the house.

A lock on the rear shed was smashed and several items of mechanical equipment, including some gate valves, were stolen, investigating officers said.

No estimate of the damage was available.

## ISRAEL INVADED AND BOMBED FROM AIR

GUARD NEW JEWISH STATE.—Two Haganah soldiers stand guard beside the colors of Israel that were raised over Haifa, Jerusalem, after the Jews captured it. Departure of British rule in Palestine and the formal birth of the State of Israel.

TEL AVIV, Israel—(AP)—The Army of Israel said its new-born state was invaded yesterday from the north and south, shelled from the east and bombed and machine-gunned from the air.

Haganah, now the army of a new nation already recognized by the United States, said the Lebanese Army attacked across the border from the north, the Egyptian Army speared into the Negev Desert, and Trans-Jordan's Arab Legion shelled four settlements of the Jordan Valley frontier.

(The Egyptian Army said two columns of troops invaded Southern Palestine and one destroyed the Jewish settlement of Al Dajir, 13 miles southeast of Gaza. This would be in the territory of Israel, as defined in the United Nations decision on partition.)

(The Cairo newspaper Al Assas said Gaza, Arab city 20 miles inland, Palestine on the coast, had fallen to the Egyptians.)

Dispatch from Beirut said Lebanese troops had captured Ma'liha, a town a mile inside Israeli on the northern frontier.

Advance patrols of the Syrian Army grabbed a small bridge over the Jordan River and knifed into the area south of the Sea of Galilee, also inside Israeli territory on the east, a dispatch from Damascus said.

King Abdullah's Trans-Jordan Arab Legion crossed the Allenby bridge, occupied Jericho, and took military control of a large area in the Judean hills 20 miles northeast of Jerusalem, advices from Jericho said.

TEL AVIV, temporary capital of Israel, underwent its third air attack this afternoon and Haganah, who defended the entire city blacked out last night.

All attacks, including the first by three to six light planes, were on the outskirts. They did not interfere much with Jews celebrating the first Sabbath in almost 2,000 years, they claimed as their very own.

Israel received its first immigrants since becoming a state, 300 European Jews who arrived in Haifa and Genoa. They held British visas, but were given Israeli entry permits in their stead.

Two bombing and strafing attacks Saturday morning killed one person and injured six in Tel Aviv, Haganah said. One of the attacking planes was a Spitfire "fell into our hands and we captured its Egyptian pilot."

A half dozen "Arab" fighters at the edge of the Tel Aviv Airport near the power and light building.

Foreign planes, not officially identified, also attacked the northern and southern sections of the Jewish state, Haganah said.

Spitfires hit settlements in the Samakh district on the southeast, near of Lake Tiberias (Galilee) near the junction of the Syrian and Trans-Jordan borders, Haganah said.

## 500 Strikers Call On State Governor

SOUTH ST. PAUL, Minn.—(AP)—Massed pickets and sympathizers in the packing house workers strike, driven from streets here Saturday by National Guard bayonets, were told by Gov. Luther Youngdahl that "you can't win a strike by anarchy."

Five hundred persons swarmed at the state capitol after National Guardsmen, called out Friday by the Governor, cleared the way for entry of more than a score of workers' automobiles to the strikebound Swift and Company plant.

Several skirmishes developed during the morning as an estimated 500 persons collected at Concord St. and Grand Ave., the town's main intersection. Guardsmen battled three men, one of whom attempted to seize a Guardsman's rifle.

Standing on a stool in his jammed into the reception room of Governor Luther Youngdahl, who previously was cajoled with a committee of strikers.

Standing on a stool in his reception room the Governor told the group "you can't win a strike by anarchy—you cannot win a strike by violence."

The governor referred to the strike at the Cuddy plant at Newport late Thursday.

About 200 men, most of them carrying clubs, swarmed into the plant, slugged a number of workmen housed in the plant and damaged the interior.

"As long as I am Governor I will not permit anything like that to happen," Youngdahl said.

"No self-respecting man sitting in the Governor's chair would permit law and order to break down."

"The National Guard is out for only one purpose to preserve law and order and prevent anarchy."

"You people haven't got the public on the side of violence," the Governor said, adding "keep your shirts on—keep your feet on the ground. You cannot win a strike by anarchy."

The Governor told the group he had called out the Guard in the CIO United Packing House Workers strike at South St. Paul and neighboring Newport as a "last resort."

The group applauded the Governor which he finished.

Then one woman in the group, Jean Padlock, a Swift Company worker, shouted:

"If you shut the plants down, there won't be any violence. We don't like to have our people in jail and we don't like to have them beat up either."

A request by the Governor that the delegation leave the capitol and its grounds quietly was obeyed. The crowd dwindled away in a few minutes.

### Six Traffic Teams Are Organized

Six traffic control teams were formed and captains were elected at an organization meeting of the Kiwanis-sponsored Traffic Patrol in the Commission Room of the City Hall yesterday morning.

Captains elected by the boys themselves are Kenneth Coffey, Carl Martin, Danny King, Gene Dorgelt, Jimmy Holland and C. L. Ennis, who will head their respective squads.

These patrolmen were chosen from among the 10-to-12-year-old group in the Pampa schools on the basis of their character and holistic standing.

For the remainder of the baseball season, these teams will direct and control traffic and parking at Old Park, and will also help to control youngsters their own age inside the park.

All the patrolmen have passed so that, while one team is working, the members of the other five can see the game free.

A schedule, covering the games from now through June, was set up so that each team will work only one evening out of every six.

### Rites Today for Mrs. Beiderwell

PANHANDLE (Special)—Funeral services for Mrs. Dora May Beiderwell, 69, will be held at the First Methodist Church in Panhandle today at 2 p. m., with the Rev. W. E. Fisher, pastor, officiating. Burial will be in Panhandle Cemetery under the direction of Boxwell Bros. of Amarillo.

Mrs. Beiderwell died Wednesday afternoon in St. Anthony's Hospital, Amarillo, following an operation. She had been ill a week.

### Sailor Needs Help In Locating Orders

The Navy is in trouble. One of its men is stranded here in Pampa and has asked the help of The Pampa News in locating his Navy orders.

Ralph Leeper, Aviation Machinist's Mate, 2nd Class, was hitchhiking his way from California to the East Coast, where he is supposed to report for duty.

He was picked up in Tucuman, N. M., by a Pampa truck driver, who took him as far as Amarillo.

After he left the truck in Amarillo, Leeper discovered that he had left his rancanot, with his Navy orders in one of the pockets, on the seat of the truck.

Leeper does not know the name of his Pampa benefactor, but he can be found, if anyone has the rancanot, or knows where it is, he is asked to leave the coat at the Pampa Police Station, or call 1666-W.

### War Dead to Be Returned

Next of kin were notified here yesterday that the bodies of two more war dead will arrive in Pampa for reburial within two or three weeks.

Marine Pfc. Cecil Ezra Walker was killed in action on Tuman Island on Aug. 2, 1941, while serving with the 6th Marine Division. He was born in Byrnes, Tex., Jan. 14, 1923, and was 21 years old at the time of his death.

Capt. Newton V. Craig, commander of a 31st Quartermaster pack troop, was killed in a jeep accident in Burma on Sept. 17, 1944. He was on his way to rejoin his unit after convalescing from fever when a British truck sideswiped and overturned the jeep in which he was riding.

### Contract Let for Construction Work

Cooper and Woodruff, Dallas contractors, were awarded a \$2,895,000 construction contract by the State Highway Commission for two Gray and Carson County road projects.

Both roads, Farm Highways 292 and 293 will be graded, given stabilization, base and one coat of asphalt work covering 4.9 miles.

The Gray County project includes grading, surfacing, structure and asphalt treatment, from State Highway 70, six miles south of Pampa west to the rural school, and a 2.4 mile stretch running north from Groom.

There was no statement from the commission as to when work would get underway.

### Opinionnaires as to Texas Public Schools Are Circulated

Three opinionnaires are being circulated in Gray County, sponsored by the Gilmer-Aikin Committee, to study questions relating to the improvement of the public school system of Texas.

The Gilmer-Aikin Committee is composed of 18 members: six professional educators, six members of the Legislature and six lay members of the entire county.

The third opinionnaire is a questionnaire about questions on the teaching profession in Texas and the caliber of Pampa teachers, an outline of work for the new program. She asked for suggestions in choosing vice-chairmen to aid in the Red Cross peace-time work. At present peace-time work consists of such services as aid to the Veterans' Hospital, Home Service and Gray Ladies work and production.

The public is invited to attend the June meeting to hear the Nominating Committee's report, the results of the Red Cross Fund Drive, and to make suggestions for Red Cross peace-time work.

### Highway 60 Improvement Is Planned

Most of the Oklahoma gaps in U. S. Highway 60 are expected to be paved by the end of this summer, E. O. Wedgeworth, manager of the Pampa Chamber of Commerce, reported to a joint meeting of the Highway Committees of the Pampa and Amarillo Chambers in Amarillo Friday noon.

The latest Rand McNally Road Guide says the highway from Amarillo to Riverside, Calif., is one of the most scenic and best travelled of the major Western routes.

A few gaps in the highway in New Mexico and Arizona, now gravel, are expected to be paved this summer.

Most of the gravelled and graded sections of the road are in Oklahoma, but the Oklahoma Highway Department is now letting contracts for paving a considerable section this summer, according to a report from the Highway Association convention in Lexington, Ky., earlier this month.

The Amarillo committee agreed Friday to cooperate with the national highway association in promoting use of Highway 60. The committee will also sponsor a meeting of cafe, hotel, tourist court, and filling station operators in Amarillo in the near future, when Harry O. Glasser, Enid, Okla., president of the U. S. Highway 60 Association, will be available as a speaker.

### Explorer Post Has 19 Members

Nineteen boys from 15 to 18 years of age are the charter members of the new Senior Scout Explorer Post, which has been organized recently at the First Baptist Church, Adobe Walls.

The Senior unit of scouting will be the second one organized in Pampa. The first one was started at the First Methodist Church.

The Senior Scouts will not only study outdoor exploration, but also they will work on vocations and vocations for their future. They will also provide a service program for the church and the community. However, the main activities coming up to the post will be adventure camping this summer.

### 3 Sentenced For Robbery Of Store Here

The shortlived career of robbery and attempted robbery came to a temporary close Friday noon for the three men who committed the daylight hijacking of the Simmons Grocery and Market here April 25, when District Judge Lewis M. Goodrich sentenced them to prison for terms of five and six years.

Robert Corrado, 28, of Brookton, Mass., was given a six-year term at Huntsville for his part in the robbery. Corrado had already served one year as an Army deserter and six months in his native state for abandonment and larceny.

His accomplices, William Lemans, 29, of Detroit and Richard Miller, 29, of San Francisco were each given five-year sentences.

All three were employed by the Periodical Sales Company, Chicago, prior to their abbreviated criminal careers.

District Attorney Tom Braly pointed out the future of the men isn't nearly as bright as their past or present since they have to answer to the state of Missouri for an attempted jewelry store stickup and to the federal government for a stickup of a stolen automobile across a state line.

Sheriff Hugh Anderson of Berger captured the trio between Panhandle and Berger one hour after the Simmons robbery, and they were brought immediately to the Gray County Jail.

The men, committed to the robbery April 27, and have been held in the County Jail, since home of them could meet the \$2,500 bond set on each of them by Justice of the Peace C. L. Hughes.

H. C. Simmons, owner of the grocery robbed, was alone when the holdups entered the store and told him the names of the men. Simmons stalled the men momentarily and stood on the bell connected to the Simmons residence, in hopes his father or mother, Mr. and Mrs. W. H. Simmons, would get a look at the men as they fled.

Immediately after the robbery the Sheriff's Department telephoned eight neighboring counties to be on the lookout for the holdups. Pampa Police Department also joined in the search and telephoned the descriptions of the men and car. The State Highway Patrol and State Ranger Department made road blocks in the surrounding counties, so the men were soon caught and in jail.

Plans for the annual Pampa Chapter meeting of the American Red Cross were made at the Executive Board meeting Monday. The annual event will take place in the City Commission Room at 8 p. m. July 14, rather than May 14 as was announced in Friday's News.

Helen Laycock, chairman, suggested three board members for the coming year. They are Jimmie McInnis, chairman, Vera Hagaman and O. K. Gaylor. The Nominating committee will consider the suggested board members at the annual meeting.

Mrs. Rufe Jordan and Mrs. Knox Kinard were appointed as the Constitution and By-Laws Committee.

Mrs. M. F. Eoble, chairman of Volunteer Special Services, gave an outline of work for the new program. She asked for suggestions in choosing vice-chairmen to aid in the Red Cross peace-time work. At present peace-time work consists of such services as aid to the Veterans' Hospital, Home Service and Gray Ladies work and production.

The public is invited to attend the June meeting to hear the Nominating Committee's report, the results of the Red Cross Fund Drive, and to make suggestions for Red Cross peace-time work.

Two men were fined \$10 each in Corporation Court yesterday after pleading guilty to charges of being intoxicated. A third man was dismissed.

Enroute out-board motors (Sales and Service, Pampa Auto Mach. Shop, 119 N. Ward, Ph. 152—adv.) offer their questionnaires, to do so intended.

### Former Executive Boy Scouts Dies

NEW ROCHELLE, N. Y. (AP)—Dr. James E. West, former chief executive of the Boy Scouts of America, died Saturday night. He would have been 72 today.

Dr. West died at New Rochelle Hospital which he entered Friday night.

The local authorities said he had been ill for a number of years with an intestinal ailment and took a turn for the worse Friday.

Members of the Gray County Advisory Committee on Education from Pampa are: Huston Laycock, county superintendent; W. R. Weatherford, postmaster; Gene E. Knox, Cabot Carbon Company; Knox Kinard, school superintendent; Margaret Jones, teacher; B. C. Nickols, grade-school principal; and Roy Scott, WGRK and a school district organization.

Out-of-town members on the committee are: Arlie Carpenter, Lefors stockman; Pete Fields, Groom farmer; Jake Hess, McLean rancher and banker; E. R. Reeves, Lefors school superintendent; and Gene Cummings, McLean superintendent. Laycock, county superintendent, urges residents that have not yet filled out their questionnaires, to do so intended.

### Officials Cracking Down on Practice Of Junk Dealers Purchasing Illegally

A small boy, about seven years old, evoked a warning to all local junk dealers yesterday from County Attorney Bruce Parker against buying scrap iron or other junk from children.

Parker reported that the youngster in question carted a wagon load of metal parts from a ditching machine to a local junk yard where he sold them for a small amount, probably enough to go to the movies and buy some candy. The parts taken were estimated to have a total value of over \$100.

The county prosecutor added that all junk dealers are required by state law to have vendors signs a register. Children are not legally qualified to sign such orders, he said, and when they are given this opportunity to pick up junk any place and sell it, the action only tends to make thieves out of them later.

This practice has been going on for some time, Parker added, and "we are going to crack down beginning now—and not next week of next month."

The present situation has been placed in the hands of Juvenile Officer Paul Hill.

### Franklin Infant Dies in Hospital

Larry Ross Franklin, 2 years old, died at 2:30 p. m. yesterday in a local hospital following a tonsillectomy.

He is survived by his parents, Mr. and Mrs. W. O. Franklin, 517 N. Faulkner, and by a sister and brother, Anita Sue and Darrell Kent, both of the home.

Funeral services will be held at 3 p. m. tomorrow at the First Baptist Church in Groom, with the Rev. Carl Stringer, pastor of the church, officiating, assisted by the Rev. C. T. Jackson, pastor of the McCullough Methodist Church of Pampa.

Burial will be in the Groom cemetery under the direction of Duengel-Carmichael Funeral Home.

If it comes from a hardware store—We have H. Lewis Hardware Co. adv.

### Murder Trial Set Tomorrow

Archie Edwards, Shamrock, will go on trial for his life at 10 a. m. tomorrow in 31st District Court in Wheeler County, charged with the fatal shooting of Elzie Glen, also Shamrock, on January 29 in The Flats at Shamrock.

District Attorney Tom Braly said an indictment charging Edwards with murder with malice aforethought had been returned by the Wheeler County Grand Jury in connection with the 45 calibre pistol death of Glen.

Glen was shot to death following a game in The Flats at Shamrock. Edwards is being represented by Judge Marion Reynolds, Shamrock attorney.

Selection of the jury is expected to take up the first day of trial before Judge Lewis M. Goodrich, born Saturday to the 76-year-old Braly added.

### Four Fined on Traffic Charges

Justice of the Peace D. R. Henry over the weekend assessed a fine and costs of \$10 on one man charged with driving without an operator's license. Another man paid two fines and costs totaling \$20 on charges of speeding and failure to appear.

In the court of Justice of the Peace Charles I. Hughes one man paid a fine and costs of \$14 for speeding and another person paid a similar amount for passing a school bus on the highway while it was discharging passengers.

TWO INTOXICATIONS.—Two men were fined \$10 each in Corporation Court yesterday after pleading guilty to charges of being intoxicated. A third man was dismissed.

Enroute out-board motors (Sales and Service, Pampa Auto Mach. Shop, 119 N. Ward, Ph. 152—adv.) offer their questionnaires, to do so intended.

### Freedom Train Due In Amarillo May 27

A last minute change of schedule of the Freedom Train has postponed the document held-up trains' making its way from May 18 to the 27th.

May 27, when it is slated to arrive on Tract 1 of the Fort Worth and Denver Railroad station, Amarillo.

The original route of the train had been changed in Washington, several months ago following an overflow of requests to Rep. Eugene Worley from civic bodies and school children of the Panhandle area.

The Freedom Train will roll into Amarillo laden with the original originals of the Declaration of Independence, The Bill of Rights, The Constitution and other valuable documents from the founding of the Thirteen Original States on through the 172 years of the nation's life.

E. O'Loughlin, presentation of awards; Mr. Gordon.  
 Those receiving diplomas are Juanita Hubbard, Donna Kitchen, Earl Hardin, Charles Loper and Milton Smith.

**Chicago Grads Are Still Winning at Roulette Wheel**  
**LAS VEGAS**—(P)—Three indefatigable gamblers counted winnings of \$1,000 Thursday in their latest marathon assault on the roulette wheels.  
 The trio have been taking turns at the gaming tables continuously since Monday. They are Albert Higgs, Chillicothe, Ohio, 23; Roy Walford, San Diego, Calif., also 23; and Jack Cortez, 32, of New York.  
 Higgs and Walford, University of Chicago graduates, made new last year when they hit Reno roulette wheels for \$8,000 by continuously playing number 9 under a secret system they devised.  
 The pair switched to Las Vegas recently.

**Does Stomach Gas and Bloat Make You Feel Miserable?**  
 If so here is how you may get blessed relief in treating your stomach from this nervous distress. It works this way: Excessive food enters the stomach a vital gastric juice must flow normally to break up certain food particles; else the food may ferment, sour, food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.  
 To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have positively proved that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.  
 Also, SSS Tonic helps build-up non-organic weak water, blood, nutritional anemia, so with a good flow of this gastric digestive juice, plus rich food, you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis which counteract use and bloating when what you so greatly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

**Veterans Allowed Only One Payment**  
**AUSTIN**—(P)—Don't try to draw GI subsistence allowances and \$20 weekly unemployment at the same time this summer, Texas veterans in college are warned.  
 The GI Bill of Rights forbids veterans drawing the \$20-a-week for periods covered by schools or training subsistence pay, Chairman Harry Crozier of the Texas Employment Commission said.  
 "The veterans seeking temporary work between school terms should be sure his subsistence allowance payments have stopped before he claims the GI unemployment aid," Crozier explained.

**50 Present at Birthday Party**  
 More than 50 guests were present at the surprise birthday party given for Mrs. Rule C. Wylie Davis at her home, 101 N. Dwight Wednesday evening. Friends came from as far away as Wilson and Tahoka, Tex.  
 This was the first birthday party Mrs. Davis had in all her 55 years.  
 Hostesses were Mrs. Byron Vermillion and Mrs. Adona McClane of Amarillo, Mrs. B. Douglas, Mrs. E. Savage, Mrs. Roy Robertson and Mrs. C. R. Scarberry, daughter of Mrs. Davis, all of Pampa.  
 First annual fair in America was held in 1628 at Duxbury, Mass. just 18 years after the landing of the Pilgrims.

**Tabernacle Organ Being Rebuilt**  
**SALT LAKE CITY**—(P)—One of the world's most famous musical instruments, the Mormon tabernacle organ, is being rebuilt. The 81 year old organ, which has been heard by thousands of visitors to Temple square and millions of radio listeners in the past quarter century, will have seven new sections of pipes installed before the next general conference of the Latter-day Saints (Mormon) church in October. The total number of pipes will be 10,000, instead of the present 7,000.  
 Thorpe B. Isaacson, directing the remodeling, says that the exterior appearance of the massive organ will not be altered. Original pipes forming the imposing front of the organ will be retained. Some of the wooden interior pipes built in pioneer days also will be continued in use.  
 The organ was built on order of Brigham Young, pioneer president of the church, by Joseph H. Ridges, an English convert, who had lived for some years in Australia and according to legend built the first organ in that country.  
 The "typical" American church is a small one, spending about \$3,000 a year.

**Lefors Sets Graduation Thursday**

**LEFORS**—(Special)—The 2nd largest graduating class in history will take part in the Lefors High School Commencement Exercises, Thursday, May 20, in the High School Auditorium.  
 Thirty-four seniors will hear the commencement address, "The Time for Decision," given by Dr. Douglas Nelson, pastor of the First Presbyterian Church, Pampa.  
 Special musical numbers will be the High School Girls' Chorus singing "The Lost Chord" and John D. Fonburg, Jr., Senior soloist, singing "My Task."  
 All music is under the direction of Miss Loyce Elliott.  
 Invocation will be given by the Rev. N. S. Daniels of the First Baptist Church, and benediction by Dr. Nelson.  
 J. D. Fonburg, high school principal, will present the honor awards of popularity, sportsmanship, personality, best-all-around and citizenship and scholarships to the Seniors and other high school students.  
 E. R. Reeves, school superintendent, will present diplomas to Sara Alirington, Berryman Breining, Bobby Bratcher, Lorrain Bloomer, W. T. **GIANT MUSHROOM**

**GIANT MUSHROOM**—(P)—A mushroom gathered recently at Mullengandra (New South Wales) in the Riverina, that big expanse of Australian sheep country enclosed between the Murray and Darling Rivers, measured 18 inches in diameter. Its trunk was four inches thick.  
 Good mushrooms, though not of course of this size, invariably are found in sheep country. The animals not only manure the ground in which the mushroom spore thrives, but their sharp hooves cultivate it.  
 The average church member contributes little more than 20 cents a week to his church.

## White Deer Girls Stage Style Show

**WHITE DEER**—(Special)—Laraine Bednorz, Dorothy Broome, and Betty Jane Powers won first places in their respective divisions at a style show presented by the homemaking classes of the White Deer High School, Tuesday evening, in the Grade School Auditorium.

Gaynor Simmons, master of ceremonies, introduced each girl and told of what material each garment was made and what it cost. Sammy Milligan played the background music.

Laraine Bednorz, winner in the third-year class, modeled a dress of white butcher's linen with red accessories. Barbara Tucker, second-place winner, wore a blue bomber shear dress; and Evelyn Kalka, third-place winner, wore a white rayon gabardine bolero suit.

In the second-year class, the winners were Dorothy Broome, wearing a brown butcher's linen dress trimmed with pink; Janice Marlar, wearing a yellow jacket dress of butcher's linen; and Ramona Hightower, wearing a white butcher's linen dress.

Winners in the first-year class were Betty Jane Powers, Mary Lee Bednorz, and Billy Joyce Adams.

The first-year girls also modeled blouses; and the second and third-year girls presented preschool children modeling the children's garments which they had made.

Judges were Mrs. Emmitt Smith, Mrs. Eva Golladay, and Mrs. Comer O'Neal. Miss Mary Green, home economics instructor, was in charge of the program.

After the style show, the High School Chorus, directed by C. A. Jensen and accompanied by Leona Cannon, sang "Stouthearted Men," "Fireflies," "Annie Laurie," "Now the Day Is Over," and "Oh Ye That Loveth the Lord."

## Reception Held For Senior Class

**MOBEETIE**—(Special)—The faculty of the Mobettie High School entertained members of the Senior Class at a reception at the school May 7.

Those attending besides the class were the local ministers and their wives, members of the school board and their wives, and parents of the Seniors.

A short program was presented, consisting of a trio by Lon Beck, Irvine Ruff and Peggy Williams; reading, by Patay Eberhart; solo, by Madge Patterson; talk, by R. L. Cooksey. Refreshments were served by the Home Economics Department.

## Baccalaureate At Mobettie Held Today

**MOBEETIE**—(Special)—Today marks the beginning of a week of activities which will close the school year here. Baccalaureate services will be held at the Methodist Church this morning at 11 o'clock. The Rev. S. H. Salley, pastor of the church, will be the speaker for the occasion.

The Grade School graduating exercises will be held May 18, 8 p.m. There are 20 students in this class. The Rev. Salley will also deliver the address.

Commencement activities will be held on Thursday, 8:30 p.m. Allen Kavenagh, Wheeler County school superintendent, will deliver the address.

Senior valedictorian is Ovie Sims, salutatorian is Joyce McCauley.

Eighth Grade Valedictorian is France Totty, salutatorian is Patricia Trimble.

Members of the Senior Class are: Vernie Nixon, president; Tom Laman, Jr., vice president; Sidney Lancaster, secretary; Betty Jean Patton, reporter; Nancy Ware, editor of the school paper; Nellie Davis, Joyce McCauley, Doris Barton, Mary Louise Matthews, Bonnie Brock, Virginia Henderson, Hugh Jeffers, Doyle Greenhouse, Dolton Burke, Marion Reed, David Abbott, L. J. Seitz, and Ovie Sims.

The Senior Class, accompanied by the sponsors, will spend a week at Colorado Springs, Colo., immediately after school is out.

## Progressive Dinner Held for Seniors

**WHITE DEER**—(Special)—The Seniors of White Deer High School were entertained with a "progressive dinner" Tuesday evening.

The cocktail was served at the home of Mr. and Mrs. F. J. Travis; the salad, at the home of Mr. and Mrs. H. T. Dickens; the main course of fried chicken, potatoes, green beans, gravy and hot biscuits, at the home of Mr. and Mrs. W. C. Powers; and the dessert of angel food cake and ice cream was served by Mr. and Mrs. J. P. Weatherall at the Cargray Recreation Hall.

Twenty seniors and their sponsors attended.

## Seniors to Tour Colorado State

**McLEAN**—(Special)—The Senior Class baccalaureate will be held at 8 o'clock tonight at the First Baptist Church. The Rev. Karl Ernst, pastor of the First Presbyterian Church, will deliver the annual address.

The Senior Class will leave on the annual Senior trip on May 23. They will make a tour of the state of Colorado.

## Dorothy Barnett Is Declamation Winner

**WHITE DEER**—(Special)—Dorothy Barnett won first place in the annual declamation contest sponsored by the White Deer Lions Club, and her name will be engraved on the plaque which hangs in the High School Trophy Case.

Mary Lou Skaggs placed second; Lora Dale Wells, third; and Jane Powers, fourth. Others entering were Claudine Coffey, Mary Ellen Barker, and Clara Meaker.

Most of these girls entered the contest last year; and, according to their instructor, Wendell Cain, their work this year showed marked improvement over that of last year.

The declamations were presented at the Lions Club meeting and were judged by the members of the club, each one rating each contestant and a composite score being taken.

Others: Dick Andrews, Bill Shelton, Bill Eudey, Bobby Massey, Ted Simmons, Scotty McDonald, Kenneth Hambricht, Bill Kalka, Arvin Smith, Jimmie Don Morris, Wayne Stafford, Bobby Myatt, Charles McCurley and Richard Hall.

Thales, one of the seven wisemen of Greece, who discovered electricity 2500 years ago, was the first physicist.

The ancient Greek name for Greece was Hellas.

**McLEAN**—(Special)—The Grade School commencement will be held on Monday night at 8 at the High-School Auditorium.

Other school notes: Friday the Press Club went on a weiner roast at the F. P. Wilson Ranch. On May 24, the Freshman Class will go to Lake McClellan for a picnic.

A music recital by pupils of Mrs. Willie Boyett's Music Class will be given on Tuesday night at 7:30 at the High School Auditorium.

PAWTUCKET, R. I.—(AP)—Experts used to believe photo prints on fabric were impossible—but Laine Rose Stewart has done the impossible. Her photo process is used in a commercial laboratory she has established here to produce pictures on garments, wall decorations and other cloth.

During the war her process was used to produce camouflage for airplanes. Her prints are reported to be fast and the process is said to cost less than silk screen printing and more than

roller printing. Mrs. Stewart was a portrait painter before the depression and turned to experiments with photography when business declined.

## McLean Students Have Full Week Photo Fabrics Prove Effective

**McLEAN**—(Special)—The Grade School commencement will be held on Monday night at 8 at the High-School Auditorium.

Other school notes: Friday the Press Club went on a weiner roast at the F. P. Wilson Ranch. On May 24, the Freshman Class will go to Lake McClellan for a picnic.

A music recital by pupils of Mrs. Willie Boyett's Music Class will be given on Tuesday night at 7:30 at the High School Auditorium.

PAWTUCKET, R. I.—(AP)—Experts used to believe photo prints on fabric were impossible—but Laine Rose Stewart has done the impossible. Her photo process is used in a commercial laboratory she has established here to produce pictures on garments, wall decorations and other cloth.

During the war her process was used to produce camouflage for airplanes. Her prints are reported to be fast and the process is said to cost less than silk screen printing and more than

roller printing. Mrs. Stewart was a portrait painter before the depression and turned to experiments with photography when business declined.

## Army Offers New Program

The Army and Air Force now offer unprecedented inducements to high school graduates, M-Sgt. Davis A. Brown, local recruiting officer, said yesterday.

The Army needs intelligent young men capable of staffing the new scientific fields of electronics, radar, guided missiles, jet propulsion, television, and many other highly skilled jobs.

The Army Technical School Plan makes it possible for qualified young men to continue their education in the specialist school of their choice. A similar plan in the Air Force is called the Aviation Career Plan.

High school graduates who show leadership ability are eligible for assignment to Officer Candidate School with assurance of a commission as second lieutenant and active duty as an officer upon completion of the one year course, Brown said.

## Regular Commissions Are Offered Cadets

The United States Air Force announced that certain distinguished cadets of each aviation cadet graduating class will be selected for appointment as second lieutenants in the Regular Air Force, M-Sgt. Davis A. Brown, local recruiting officer, said Saturday.

Aviation cadet graduates are regularly commissioned second lieutenants in the Air Force Reserve, and may qualify for regular commissions while on extended active duty, he said.

The distinguished graduates to be selected are those who possess outstanding qualities of leadership and a definite aptitude for the service, who show high academic ability, and who are in the upper third of their classes.

Up to five percent of each graduating class will be offered Regular Air Force commissions. Approximately 440 cadets will graduate from pilot training during the remainder of 1948.

## Drought Takes Heavy Game Toll

PRETORIA, South Africa — (AP) — Heavy slaughter of game and large drought losses are likely to bring cancellation of the 1948 open season in the Transvaal.

Dr. T. G. Nel, conservator of game, reports large numbers of animals are wandering from game preserves because of the drought. On unprotected areas they are slaughtered by hunters and the most frequently sold commercially.

In addition the drought has so weakened many of the animals that they are being pulled down by wild dogs, hyenas and other predators.

# Oley's Hitting Paces League; Leads in Number of Triples

K. C. Oley, veteran Oiler second baseman, continued to lead Pampa's hitting attack through the third week of play with a neat average of .466. Oley's .474 on May 10 was the highest average among the West Texas-New Mexico League regulars. His six triples on that date also was tops in the Class C circuit.

Oley is leading the Oilers in runs batted in, with 29, and is tied with Jack Riley in runs scored, both accounting for 26 runs.

Joe Forth and Earl Harriman have each clouted 10 doubles to lead in this department.

Through May 10, Avon Driggers, the Oilers' ace southpaw, was leading the league with five wins; and allowing but 11 earned runs. Clayton Pries of Morger has also won five games, but has given up 13 earned runs.

Since May 10, Driggers has added one more win to his string, defeating Abilene 17 to 10, Friday night.

# Penalties to Be Enforced for Violation of SWC Purity Code

HOUSTON —(AP)— Expansion of the Southwest Conference to include Texas Tech was indicated yesterday at the spring meeting of the conference faculty committee. There now are seven members.

The conference's governing body also adopted stiff penalties to be assessed for violation of the NCAA "purity code" and moved to limit bowl game participation by whacking at the amount of money such a participant would receive.

A committee to study possible expansion of the conference was named to report next December. Texas Tech, which has had an application on file for a number of years, was not represented officially at the meeting but a delegation of Lubbock citizens appeared and after talking with the committee, the special committee was named.

Conference officials said this move was the most definite action ever taken toward acceptance of the big technological school into the circuit. Previously the matter always had been tabled although several other delegations have appeared in the interest of Tech.

Indirect action was taken to curb bowl participation. Last January four members of the conference played in post-season games. It brought a demand from some quarters for a limitation. The faculty committee didn't say any school could not participate in a bowl game but decided that any school so doing in the future would have to pay the conference 25 percent of all net receipts or \$10,000 — whichever is greater. Members of the conference still have to ask permission to play in any bowl game other than the Cotton Bowl to which the conference champion is pledged. The new receipts rule also applies to the Cotton Bowl.

The conference would have received from \$40,000 to \$45,000 last year from bowl games had the rule been in effect then.

James H. Stewart, conference executive secretary, made his recommendations as to penalties for violation of the rules on recruiting and financial aid to athletes. Adopted were penalties that range from probation of conference schools to expulsion and provide that individual athletes may be suspended a year with loss of athletic eligibility for that time or could receive permanent loss of eligibility.

Specific penalties listed are: Against schools — probation for a year for initial violation; suspension for a year with playing

**BY HUGH FULLERTON, JR.**  
NEW YORK —(AP)— Jimmy Conzelmann, a carefree sort of guy when he had a losing team is exercising the winning coach's privilege of weeping about football prospects for 1948.

The way Jimmy sees it, virtually every National Football League club except his own Chicago Cardinals will be improved next fall.

The Bears says Jimmy "have things bottled up with additions like Lutjack, Connors, Layne, Baumgartner and Canady, who by themselves should launch a team on a successful season."

The Giants "watch a boy on the

## Baylor Defeats SMU, 9 to 4

WACO —(AP)— Baylor staged a five-run rally off Budd Napier in the sixth inning to turn the Southern Methodist Mustangs, 9 to 4, in their final Southwest Conference baseball game of the season Saturday.

The victory clinched third place for Baylor behind Texas and Texas A.M. with nine triumphs against five losses. Baylor had a perfect loop record at home, winning all of its games here.

Rickey Rowe did a seven-hit performance for Baylor. Five of these came in the fifth when SMU tied the score with a three-run outburst. Rowe didn't walk a batter and fanned six.

## SPORTSPOURRI

The 20th Century Sporting Club ticket dept. already is predicting a million dollar gate for the Louis-Walcott fight. Herman Hickman has lost 25 pounds in five weeks — dieting, not worrying about his Yale footballers.

When the Butler U. track team beat Western Michigan by two thirds of a point the other day, Earl Boor, Western sprinter, had the winning points just about sewed up in the 220-yard dash when he saw the post at the 200-yard mark and pulled up.

And when one of the pro basketball clubs, dickering with its star player on next year's contract, took the line of "we discovered you and made you famous," the athlete merely replied: "Columbus discovered America, too. And how long did he keep it?"

## RUBE BY RUSS

When Russ Christopher won his first game for the Cleveland Indians recently, he was engaged in a tough extra-inning tussle against the White Sox when Aaron Robinson slammed a line drive right into his stomach.

Russ retrieved the ball and tossed it to first for the putout then collapsed on the mound.

Trainer Letty Weisman administered first aid and Manager Lou Boudreau suggested Christopher should try a few throws to make sure he was able to continue playing.

"I'd better not waste any," Russ replied. "I'm too weak." So all he did was pitch four more scoreless innings.

## Weslaco Youth Marble Titled

WACO —(AP)— Rafael Alvarez, 15-year old Weslaco wizard, thumped his way to the state marble championship in the second annual tournament completed here Saturday.

He defeated Bill Gromer, 14, of Fort Worth, two straight games to get the title after fighting his way through the losers' bracket.

Eddie Amaro, 14, of Austin, who beat Alvarez in an earlier contest, finished third. Alvarez came back to eliminate him. Joe Martinez, 14, of Waco, was fourth.

It's lubrication made to measure for your Buick by the engineers who built the car—with lubricants carefully chosen for just one reason: they are best for your Buick.

Men who know Buicks thoroughly see that all the different points that need it are properly supplied with exactly the right kind and right amount of lubricant.

You're away knowing your car is protected and set to roll smoothly and dependably with lubrication that has been matched to the mileage you have driven.

**SEE YOUR BUICK DEALER REGULARLY FOR LUBRICARE**

No wonder you grin! There's that zoom again — that go — that flashing spirit that you know is built in Buicks. There's that split-second answer to your call for power, the feather-light response to your finger that makes your two-ton honey handle like a baby buggy.

This is what happens when a Buick is cared for by men who know Buicks best — men who know the height of spirit a Buick can reach and how to bring it out.

Buick men have a way with Buicks no one else can have. That's only natural. Whatever they do, they do as the designers and builders of Buick say it should be done. They use Buick-approved checks and tools. And when time and miles finally take their toll in wear, they have right at hand a stock of Buick-engineered replacement parts.

## New Blood Drugs Will Help With Control of Coronary Thrombosis

CHICAGO —(AP)—Deaths from coronary thrombosis—one of the most common and fatal forms of heart disease—can be cut from one third to one half with new blood-controlling drugs, a 20 months nationwide study shows.

The investigation was sponsored by the American Heart Association with the financial support of the U. S. Public Health Service. It involved 1,000 patients in 17 United States hospitals.

The drugs used principally are the anticoagulants dicoumerol and heparin. They tend to prevent blood from clotting. Coronary thrombosis is the formation of a blood clot in an artery leading directly to the heart. If the clot becomes big enough to shut off all or most of the blood to the heart, the sufferer dies.

Dr. Irving S. Wright, associate professor of clinical medicine at Cornell University, described the study in a paper read before Illinois State Medical Society's annual meeting.

Patients admitted on even-days of the month, he said, received conventional treatment for the disease. Those admitted on odd days received conventional treatment plus anticoagulant treatment.

"The results to date (preliminary data on 800 alternate cases) indicate that the incidence of deaths from coronary thrombosis can be reduced from approximately 28 percent to 13 percent, or between one-third and one-half, of the incidence of thrombo-embolic complications (other blood clots in the lungs or elsewhere) can be reduced from approximately 19 percent to 9 percent, or one half,

## Tells Tall Tale

Frederick Von Angeltli Mackensen, 26, former German SS major of Munich, claims he escorted a plane carrying Hitler and Eva Braun to Denmark the day before the war ended and that they went on to Spain.

By the proper use of anti-coagulant treatment.

"This means in reality that by the intelligent use of this new approach, one person in three who would be expected to die from a specific attack of coronary will survive that attack."

Dr. Wright said the drugs also showed promise in treatment of rheumatic heart disease with multiple blood clot episodes.

## Blasting Aids Puddle Ducks

WASHINGTON —(AP)—Blast the milfoil and bladderwort, the goose-foot and spatterdock out of your marshes and make the puddle-ducks happy. This is the sober advice of the Fish and Wildlife Service — even if it does sound like double-talk.

Breeding populations of waterfowl, says the agency, have been increased by experimental dynamiting of potholes in vegetation-logged swamps of Iowa and Maine.

The artificially-established open water proved especially attractive to the puddle-ducks — mallards, shovellers and the like. Diving ducks such as the redheads, canvasbacks, ruddy ducks and ring-necked ducks, showed some interest but in general still preferred to make their nests near deeper water.

Dr. Maurice W. Provost has provided the Fish and Wildlife Service with detailed reports on the blasting of Iowa marshes.

"Throughout the prairie regions of the United States and Canada there are many small, shallow kettle-holes," says Provost. "At their best these small ponds can support tremendous concentrations of nesting birds. Unfortunately, they often remain choked with vegetation."

Usually the grasses creep in while the muskrats, nature's pool-vegetation eradicator, are killed off. In addition to making marshes attractive for nesting ducks, dynamiting improves the living conditions for muskrats and invites them to return.

"The added catch of muskrats alone," said Provost, "may defray the expense of blasting."

## Things in Texas Are Much Bigger

HOLLYWOOD —(AP)—Guy N. (Tiny) Cherry yearned for his home state of Texas where things in general and phone booths in particular are bigger.

When the 640-pound self acknowledged "world's largest cowboy and disc jockey" stepped into a phone booth Thursday things were a bit cramped.

Tiny Cherry got stuck. He inhaled enough to reach for a nickel, then called the operator.

"If you don't want me to wear this phone booth home, you'd better send somebody quick," he exhorted the operator.

Police arrived. They removed

20 minutes. "I never had this trouble back home in Texas," sighed 26-year-old Tiny Cherry who hails from Tolar, (Hood County) Tex. "Phone booths and everything else are bigger back there."

Tiny had one other non-Texas beef. "I didn't get my nickel back," he moaned.

The cattlemen's association, a rip-snorting organization of 4,000 organized in 1929 to regulate the wearing of cowboy boots, searched for the vet with the worst opinion of Texas because:

"We want to bring him back and let him see Texas without the burden of training camp life."

Letters poured in by the hundreds.

"It was downright depressing to read them," said Dr. J. B. Heath, lanky veteran of the Pacific fighting and president of the association. Heath, native and one of the 2,000 inhabitants of this tree-shaded, mouse-quiet southeastern county seat, added softly: "Texas can't be as bad as these foreigners think."

"We'll make this boy Halloran holler calf-ropes," he surrendered.

WARMING UP:— Kindness is like the showers of spring, falling gently on buried things; An encouraging whisper, a soft caress, Opening the door to life's treasure chest.

OVERHEARD:—With that famous dry wit of the Rev. Clyde Smith — the difference between an optimist and a pessimist is that an optimist wakes up early in the morning, goes to the window and says "Good Morning, God"; a pessimist wakes up early in the morning, goes to the window and says, "Good God, Morning."

ANONYMOUS AND I SEE EYE TO EYE:—They leave us because they want to tell risqué stories? No ma'am! It's ten to one the men want to talk about really important things or have a bang-up discussion on politics. I've never yet listened in on a man's gabfest without learning something interesting, for most of them know their stuff (or seem to)—whether it be sports or science, travel or adventure, politics or business. But can I join the men? Never, unless I want to be branded as a husband-chaser, and treated with suspicion thereafter. I must remain in the parlor with the girls, whose conversation I could have mapped out two days beforehand. First, and always with them is the obsequious department. Next in importance as a topic for discussion is the shortage and inefficiency of help. Then the discussion of houses, and they approach you with "Have you any problem corners?" (Whenever asked about the style of my house, I'm severely tempted to say "Tobacco Road." Our sofa bears here and rises there—to confuse unwary victims. At least the children can sit on our sofa, and though I may be a social flop, I'm a wow with the kids.) Then, of course, an endless conversation on clothes.

HATS-OFF DEPARTMENT:—Congrats seem to be in order for Lillian Jordan and Ann Williams, new presidents of the National Secretaries of Association and Business and Professional Women's Clubs, respectively—there are two of the best!... And our hat is off to Mrs. Huelyn Laycock, 'cause she was tops all last year—and is Pampa's First Lady!

PAMPA PANORAMA:—Youngest son of the J. C. McWilliams is really a little husky—and mama papa has a right to be proud of that fellow. PERILS OF PEG:—I'd been hearing a lot about how effective these penicillin mist treatments were for sinusitis, so I made a trip to my family doctor the other day. Anything—just to whip this crazy nasty thing that's been eating at my brain. How you ever had a penicillin mist treatment? . . . The doctor and a pretty nurse led me off into a small room and seated me beside what appeared to be a torpedo, that had seen better days. It was painted a bilious green and was bedecked with all sorts of "gadgets". . . . Ominous looking things at the least. . . . They informed me that it was nothing but a tank of oxygen. Well. . . . from this "tank" extended a long rubber hose which I might as well have called a "penicillin mist" half way down the hose was a tiny spur. . . . With me? My impulse was to run, but before I could obey it, the nurse lifted by head back and pumped a charge of lethal something up my nose. . . . I grabbed the top of my head to keep it anchored, at about the same time the family doctor poked the forked glass tubes at me and said "Put one in each nostril." . . . No alternative—I put one tube in one nostril (that was easy) and then I tried the other nostril (that was easy) but when I had achieved that—the first one popped out. Graciously as possible, I replaced the first tube only to have the same thing occur. . . . I looked up and four eyes were staring at me. . . . So I struggled to retain my dignity and carry out instructions. After several attempts I succeeded but by now my heart was pounding like a trip-hammer and again I had the impulse to jump and run. But you can't jump when you are for all practical purposes dead. So I reconciled myself to that seemed at first slow and tortuous death. The doctor (the family doctor) grabbed my thumb and placed it over the little spur on the rubber hose and mumbled something that sounded like "when renhaling, brass you sump nown. . . . when raxhaling, lift your sump ub." Then immediately they walked out, closed the door and left me to my fate and enterprises. I decided that I couldn't hold my breath any longer, so I roared, while praying my mind was not there, then, feeling my eyes were about to pop, I raxhaled, lifting my sump ub. This was it—sure death—for from my mouth were coming puffs of smoke. . . . no steam. . . . or was it gas? My life passed in cycles before me! . . . However, at the crucial moment when I was wincing I had paid off the bet I owed Bill Fraser, I found I was alive, breathing. . . . Made an appointment for another treatment. . . . decided to wait until next month to pay Bill. I've been so-o wrong for so-o long.

So long, PEG O' PAMPA.

## Holy Souls Parish Council Gives Annual Tea on Mother's Day

The annual tea of the Holy Souls Parish Council was held Sunday afternoon, May 9, in the home of Mrs. J. W. Garman. Co-hostesses were Mrs. Frank Walker and Mrs. Lynn Boyd. In the receiving line were Mrs. H. F. Martin, council president, Mrs. R. E. McKernan, vice president, and the hostesses, fifty members of the parish and their guests were present.

Red and white roses carried out the Mother's Day theme in the receiving rooms. The table was all white with an Irish linen outwork cloth and a centerpiece of white gladioli, snapdragons and carnations. Mrs. Dick Sullins, president of the Altar Society, presided at the tea service.

Mrs. J. F. Hayes, of Riverside, Calif., mother of Mrs. John Ellis, was honored as the oldest mother present. Other outstanding guests were Mrs. Kellher, of South Dakota, mother of Mrs. Roy Rossman; Mrs. Tom Anderwald and Mrs. Charles Warminski, of White Deer.

Mrs. J. F. Hayes gave the welcome address, in which she pointed out the functions of the parish council and pointed out that its program was Catholic Action. She then presented Mrs. McKernan, program chairman.

Mrs. W. J. Haley gave a paper on family life, in which she pointed out the functions of the parish council and pointed out that its program was Catholic Action. She then presented Mrs. McKernan, program chairman.

## Three Young Women to Be Heard in Piano Recitals

### Helen Kay Wilson To Be Presented at Church of Brethren

Miss Earnestine Holmes will present Helen Kay Wilson in piano recital on Monday evening, May 17, at the Church of the Brethren at eight o'clock. The varied program will include the "Fantasia" from the "Fantasia and Sonata in C Minor" by Mozart. Miss Holmes will play the second piano part by Edward Grieg whose admiration for the Mozart sonatas led him to compose second piano arrangements for four of them.

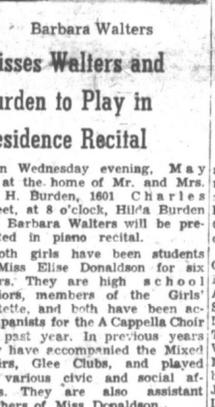

Among the numbers in the program will be "The Lark" by Balakirev, "The Flight of the Bumble Bee" by Rimsky-Korsakov and "Royal Blue" by the American composer, Peter de Rose. Kay will also play the Chopin waltz "Faisla" from the "Fantasia and Sonata in C Minor" by Mozart, popularized by Jose Hurbi.

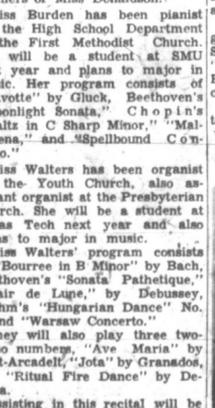

### Miss Steuder Is Shower Honoree

Mrs. Newton Steuder entertained with a morning coffee and kitchen shower, Wednesday, May 12, in Mrs. Buckingham's home, 1030 Mary Ellen, in honor of Miss Frankie Ann Steuder, bride-elect of Mr. Larry K. Fuller, whose wedding will be June 6.

Assisting in the recital are Mrs. Beauford Norris, mezzo-soprano, and Miss Dorothy Meers, violinist. The public is cordially invited to attend.

### Misses Walters and Burden to Play in Residence Recital

On Wednesday evening, May 19, at the home of Mr. and Mrs. W. H. Burden, 1601 Charles Street, at 8 o'clock, Hilda Burden and Barbara Walters will be presented in piano recital.

Both girls have been students of Miss Elise Donaldson for six years. They are high school seniors, members of the Girls' Scribble, and both have been accompanists of the A Cappella Choir the past year. In previous years they have accompanied the Mixed Chorus, Glee Clubs, and played for various civic and social affairs. They are also assistant teachers of Miss Donaldson.

Miss Walters has been organist for the Youth Church, also assistant organist at the Presbyterian Church. She will be a student at Texas Tech next year and also plans to major in music.

### Bob Reynolds Weds N. Y. Girl in Cathedral Rites

Miss Grace Reuter, daughter of Mrs. S. Yancey Belknap, Morningside Heights, New York City, became the bride of Robert B. Reynolds, son of Mr. and Mrs. Frank E. Reynolds, 434 North Starkweather, Pampa, on May first in New York City.

Miss Betty Jeanne Reynolds of Pampa, sister of the groom, and Miss Ruth Elizabeth Kern of New York, were the bridesmaids. They wore blue floorlength dresses, and white brimmed hats with pink and blue flowers and carried bouquets of pink roses and sweet peas. Mr. F. Courtney Stone of New York was the bestman.

The wedding will be an event of June sixth in the First Nazareth Church of Pampa, with the Rev. Elbert Labenski officiating. Miss Colson was graduated from the Lefors High School and attended Bethany Baptist College at Bethany, Okla., where she studied piano and business. She is now employed in the Civilian Department at Montgomery Ward and Company in Pampa.

Mr. Romines attended school in Pampa and served in the U. S. Army. He is with Eddie Fratch, the first day of their wedding.

## Mary Beth Bates To Be Sent to Girls' State

At their regular meeting Thursday evening in the Club Rooms, members of Epsilon Sigma Alpha Sorority elected officers for the coming season. Mrs. T. L. Lindsey, president, conducted the business.

Those elected to offices were Mrs. O. J. Payne, president; Mrs. Guy LeMond, vice president; Mrs. Bill Ragdale, recording secretary; Mrs. J. M. Nutting, corresponding secretary; and Mrs. H. D. Foster, treasurer.

Final plans were made for the Founder's Day Breakfast which is being held in the Palm Room this morning. Mrs. Maye Halbert, national representative of Epsilon Sigma Alpha will be the guest speaker.

### 20th Century Club Holds Spring Luncheon

The Twentieth Century Club held its spring luncheon last Tuesday in the home of Mrs. C. E. Paul, who was co-hostess.

The luncheon table was centered with potted ivy and low bowls of pansies. Each place was marked with a pastel handkerchief bearing the embroidered name of the guest, gift from the president.

After the luncheon a short business session was held during which perfect attendance recognition was made to Mrs. W. R. Campbell for three years, Mrs. Lloyd Stallings for two years, Mrs. Roy McKernan and Mrs. Fred Nease for one year, and Mrs. H. R. Thompson and Mrs. Bill McCarty for part of year since becoming members.

Officers for the new club year were installed by the outgoing president. They are Mrs. J. W. Garman, president; Mrs. Guilford Brown, vice president; Mrs. George W. Scott, secretary; Mrs. Raymond Harrah, treasurer; Mrs. Lloyd M. Hicks, parliamentarian; Mrs. Robert Sanford, reporter; and Mrs. Paul Kasahke, critic.

### Friendship Class Entertained by Group Three

Group 3 of the Friendship Class of the First Methodist Church met last Thursday in the home of Mrs. Roger McCannell of the city.

The home was decorated for the affair with beautiful bouquets of roses and yellow and purple iris. The refreshment table was covered with a blue damask cloth and centered with a crystal bowl of roses.

### 20th Century Forum Installs New Officers

Members of the Twentieth Century Forum held their final meeting of the year last Tuesday in the home of Mrs. Roy Bourland, 1134 Christie.

Assisting Mrs. Bourland as co-hostesses were Mrs. Dick Hughes and Mrs. Biggs Horn.

The serving table was covered with a white linen cloth and the decorations featured an arrangement of pink roses and columbines.

### Lena Lair YWA Gives Mothers' Day Tea

The Lena Lair YWA of the Calvary Baptist Church entertained with a formal tea in honor of their mothers last Sunday evening. The room was attractively decorated in colors of red and white.

As each mother was ushered in she was presented with a corsage of red roses tied with a white ribbon.

Refreshments of punch and open-faced sandwiches and mints were served from a lace covered table which was centered with a bouquet of carnations.

A program, entitled "Mother," provided the entertainment. Each member presented a part before a background of an artificial trellis adorned with red and white roses.

Mrs. Melvin Hill was the guest speaker. To close the program all joined in singing, "Faith of Our Mothers."

Mothers present included Mesdames Collins Webb, Clyde Prince, Bert Mitchell, Buster Willis, E. M. Swindle, and O. A. Epperson.

YWA meets each Wednesday evening at 7:15. Girls in the church between the ages of 16 and 24 inclusive are urged to attend.

### Women in the Church

By MARY FOWLER

Despite a plea made by Professor Georgia Harkness, of Evanston, Ill., and by a number of other women leaders of the Methodist Church, the General Conference of the denomination, meeting in Boston, voted down by a close margin the proposal to admit women as members of the annual conferences and appoint them to the "traveling ministry." At the present time, women may be ordained to the ministry and appointed as "supply pastors" to Methodist churches, and hundreds of them do so. Prof. Harkness, theologian and author, is in the peculiar position of being a member of a faculty which trains men for a position which she herself cannot occupy. She is a staff member of Garrett Biblical Institute.

Because so many young women and young men, particularly college students, crowd into Atlantic City, N. ### See-Dawson Betrothal Is Revealed at Tea

SHAMROCK (Special)—To announce the engagement and approaching marriage of her daughter, Media Mae, to Bob Dawson of Borger, Mrs. Loran See entertained with a tea at her home on East First Street, last Sunday afternoon.

The bride-elect's chosen colors of blue and white were carried out in artistic decorations. The tea table was laid with a cloth of Mexican drawnwork and centered with a bowl of white snapdragons and fern. Blue satin streamers extended from the central arrangement, which revealed the announcement. "Media and Bob - May 28."

In the receiving line were Mrs. See, the honoree, Mrs. Mary Dawson of Ardmore, Okla., mother of the bridegroom-elect and his sisters, Mrs. William Escote and Mrs. Dick Hudson, both of Borger.

Miss Wanda Fern See, sister of the bride-elect, registered the guests as they arrived. Miss Martha Richardson of Canyon directed the guests to the dining room, and Miss Margie Bauer of Canyon, poured. Mrs. Avery Miller, assisted with the serving.

Guests called during the receiving hours from Borger, Canadian, Twitty, Wheelock, and Lubbock.

religious needs. The Council has been formed by the Y.W.C.A., the Y.M.C.A., the New Jersey State Council of Churches, the Atlantic City Hotel Association, and the Home Missions Council.

## How to End Washday Blues

WASHING machines have taken most of the drudgery out of washday. But the time and steps involved in preparation for the job still make it the longest and heaviest day of the week for many homemakers.

Before they even start the laundry, obstacles loom in the day's work schedule. Among them are the breakfast dishes and a half-dozen trips—with full pack—to the basement laundry.

Recent developments in household equipment have shortened and lightened washday by bringing the laundry operation into the kitchen with a combination dishwasher and clothes washer. Thor's combination machine makes it possible to do both the dishes and family wash quickly—without leaving the kitchen.

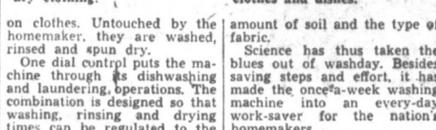

Completely separate drums perform each operation in one machine. Not a drop of dish water touches clothes, nor can a dish come in contact with water in which clothes are washed.

1 Breakfast dishes are washed in only five minutes and left to dry in the racks for several minutes before being removed to make way for the family wash.

2 To convert from dishwasher to clothes washer, the dish drum is merely lifted out and replaced by the clothes tub. The lightweight units are easily transferred.

3 Clothes should be rolled gently into balls when placed in the tub. The agitator-type combination washer takes a full load—eight pounds of dry clothing.

4 Clothes are washed, rinsed and spun dried without leaving the tub. One handy dial controls the machine through all its operations of washing clothes and dishes.

### Worthwhile HD Club Has Canning Program

The Worthwhile Home Demonstration Club met in the home of Mrs. D. L. Lunsford last Friday with Mrs. G. H. Anderson, president, in charge of business. The club collect was given in union, and roll call was answered by naming "something new, I'm going to freeze."

The council report was given by Mrs. D. E. Bump, in which she stated that each club should adopt a 4-H club to help it in various ways. The club voted to give \$4 for 4-H club prizes.

Mrs. O. G. Smith presented the program on "canning with the pressure saucepan." She said, "The pressure saucepan can become a valuable addition to your canning equipment, especially for small jobs of home canning, if it meets the correct requirements. It must be tall enough to hold pint jars on a rack with the cover locked in place, and a gauge which allows pressure to be controlled accurately at 10 pounds. Processing time in saucepan at 10 lbs. must be 20 minutes longer than the time recommended for a pressure canner, because it heats quickly and exhausts the air and cools

rapidly. As a result, the heat necessary for the safe sterilization of food must be obtained during the processing time."

Mrs. D. E. Bump, who is moving from Pampa, resigned as council delegate. She was presented with a gift from the club.

Others attending were Mesdames A. French, N. B. Cude, Ora Wagner, W. E. Hinton, and a new member, Mrs. Roy Tinsley.

After the meeting the group attended a frozen food exhibit sponsored by the Wayside and Lefors Clubs.

INDIA'S FOOD NEEDS

NEW DELHI (AP)—"It is a shame that India where 75 percent of her 325,000,000 people are agriculturists could not produce sufficient to meet her needs," says Industry and Supply Minister Dr. Shyamprasad Mookherjee.

Even to meet the present low standard of nutrition, Mookherjee says India is importing at the rate of 2,000,000 tons per year costing her about \$300,000,000.

"Ten percent increase in the present production in India will cover the margin," he says.

In cooking macaroni, spaghetti or noodles use plenty of rapidly boiling water—at least eight times the amount of the product.

### TWO TIMING CEREALS

Children enjoy two kinds of crisp, ready-to-eat cereals sprinkled over bananas and milk as a breakfast or after-school dish. The same type of cereal served with applesauce and milk makes a good dish, too.

In cooking, one half cup of tomato paste plus one-half cup of water can equal one cup of strained tomatoes.

Boiled smoked tongue should be allowed to cool in the liquid in which it is cooked for at least one hour after its cooking time. Then it may be removed and skinned.

Campaigns conducted by 419 community chests in 1941 raised nearly \$96 million.

### Easy to Convert

Seven days a week the automatic machine is a dishwasher. On washdays a simple exchange of drums converts it to a washing machine for clothes.

In this new laundry plan the breakfast dishes fit smoothly into the washday schedule. When breakfast is over the dishes go into their racks in the dish drum and are washed and rinsed in only five minutes.

Complete service for six is washed and rinsed in only six quarts of water and a small quantity of detergent. Since the dishwasher uses water hotter than hands can stand, dish sanitation is assured.

While the dishes are drying in the machine, the laundry is sorted out for washing. The dry dishes are then returned to the cupboard and the dish drum replaced by the clothes tub. Both lightweight units are easily handled.

Now converted to a washing machine, the unit goes to work

### When Buying Dresses Take Hubby Along, Advises Designer

Ladies, if you want to dress better, take hubby along with you when you go shopping for that new dress or evening gown.

That's the advice of Edith Head, chief fashion designer for Paramount Studio, who contends in a May American Magazine article that "one reason so many women dress badly is that they don't listen to their husband's advice."

Furthermore, Miss Head believes husbands should demand that their wives look almost as well as they do at breakfast as they do at a night party. "If they don't need to doll up in their Sunday best, nevertheless she feels that

the Mrs. should wear a becoming house dress and take pains not to look like a mess at the breakfast table. Carelessness about dress is an easily acquired habit and the first letdown, says Miss Head, is like the first shot of dope.

According to her, the secret of better dressing for young and old on a moderate income is planned shopping. Before a woman buys a dress she should know exactly where and when she expects to wear it and shouldn't look at anything that doesn't fit that need.

The less a woman has to spend, the more simple should be her dresses which always can be brightened with colorful accessories. Any woman can be well dressed the year round, Miss Head believes, with these three dresses, plus accessories including a coat, as a basic wardrobe:

1—A suit or two-piece dress;

2—A day dress, one- or two-piece;

3—an afternoon, dinner, or evening combination.

"By changing accessories they can be used for everyday or dress-up in spring, summer, or fall," she asserts. "For winter, warmer accessories will be used and perhaps a lining for the long coat."

"Like all other accessories, shoes should be bought after the dress and suit are selected, to be sure they will match."

Too many women are afraid of the word suit, relates Miss Head, who regards a suit as any ensemble of a jacket and a skirt. For most women a suit is the most practical and becoming costume ever invented, she feels, and it's easy to change in appearance by the addition of sweaters, blouses and other accessories.

### Cool Salads Are Treat in Spring

In the spring our thoughts turn to crisp, cool salads, delicate and appealing as the first bright day. Peach Cottage Cheese Salad calls for either sliced peaches or peach halves. Simply place the fruit around a mound of cottage cheese on a bed of lettuce. Top with a spoonful of currant jelly or strawberry or red raspberry preserves.

Pineapple Cottage Cheese Salad uses the taste combination of pineapple preserves and cottage cheese which appeals to so many families. All you do is combine the pineapple preserves with cottage cheese, place on a bed of lettuce and add a few walnuts or almonds to the top, or combine them with the cheese if you prefer.

Remember this combination of preserves and cottage cheese. You'll find it about the quickest way possible to whip up a delicious salad in no time at all and you'll find both preserves and cottage cheese are very economical at your grocery store.

### Know Your STUFF

About Stockings. Before you libel good nylons as bad, know your stuff about stockings. Examine the brand on those stockings that spring runs after a couple of wearings.

Among the thousands of stocking brands, those which have stood the test of years and widespread use have become a synonym of quality. Mills with a reputation to defend zealously cull imperfect stockings from the flawless crop on which brands of highest quality go.

Every manufacturer who makes stockings makes "throw-outs." These are "seconds" or "thirds," classified according to the kind of imperfections that occur in the process of manufacturing, and marked accordingly by reputable makers.

Sure, there may be bargains in "seconds" or "thirds," if the prices are low. But the woman who pays top prices for culls has a right to be indignant.

### Fluffy Dessert Tempts Appetites

Coffee Nesselrode pie for a festive spring dinner.

By GAYNOR MADDOX NEA Staff Writer April dinners call for delicate desserts to brighten up the meal. A chilled nesselrode pie, easy to make, is a luscious answer.

**Coffee Nesselrode Pie**  
One envelope (1 tablespoon) unflavored gelatin, 1-2 cups strong cold coffee, 1-2 tablespoons cornstarch, 1-4 teaspoon salt, 3-4 cup sugar, 3 eggs, separated, 1 cup heavy cream, whipped, 2 tablespoons brandy flavoring, 1-2 cup chopped maraschino cherries.

Sprinkle gelatin on 1-4 cup coffee. Combine cornstarch, salt and 1-2 cup sugar; add remaining coffee. Cook over boiling water, stirring constantly until thickened. Cover; cook 10 minutes. Add gelatin mixture; stir until dissolved. Beat egg yolks; add hot coffee mixture. Cook over hot water 3 minutes. Chill until slightly thickened. Beat egg whites stiff; add remaining sugar slowly while beating. Fold into whipped cream with brandy flavoring and cherries. Spoon into chocolate cookie pie shell. Chill until set.

**Chocolate Cookie Pie Shell**  
Place scalloped-edged chocolate cookies in bottom of 9-inch pie pan. Fill spaces between cookies with cookie crumbs. Pour 1-3 cup strong coffee evenly over cookies and crumbs. Bake in moderate oven (350 degrees F.) 10 minutes. Cool. Cut more cookies in halves and set them scalloped edge up, around edge of pie pan. Fill pan with nesselrode mixture.

Use one of the new pie crust mixes for this lemon pie. Easy and good.

**Easy Lemon Meringue Pie**  
Seven tablespoons cornstarch, 1 1/2 cups sugar, 1/4 teaspoon salt, 2 cups boiling water, 3 egg yolks, 1-4 cup lemon juice, 2 tablespoons butter, 1 tablespoon grated lemon peel.

Combine cornstarch with sugar and salt. Add boiling water and cook until thick, stirring constantly. Add egg yolks slightly beaten, into which a little of the hot mixture has been blended; simmer for 2 minutes, stirring

### A GOOD SPORT

Is willing to fall in with what the majority wishes to do, and not in a "well, if that's what the rest of you want to do" manner, either.

Isn't heavy. No matter how good her ideas or her intentions are, the bossy woman is hard to put up with.

Isn't a cock watcher. The person who wants everything to run according to schedule is forever trying to hurry others and push them along faster than they want to go.

Hasn't a long list of violent dislikes. That kind of woman has to be catered to constantly.

Has a good sense of humor and knows how to use it.

Isn't temperamental. The woman who has emotional flare-ups on a moment's notice isn't the hit of any crowd.

To get the full benefits of their vitamin C content serve turnips raw. Diced or shredded, they are excellent in a salad or a relish.

### \* WE, THE WOMEN

BY RUTH MILLETT NEA Staff Writer

One of the most likeable qualities in a woman is often summed up by "She's easy to have around."

The woman who fills that bill: Doesn't talk too much. A woman who talks constantly isn't easy for anyone to have around.

Is not a perfectionist. Most people aren't, so the perfectionist is too hard to please. She's too much trouble to try to live up to.

Is calm, rather than jittery. A little of the companionship of a nervous, hilly woman goes a long, long way.

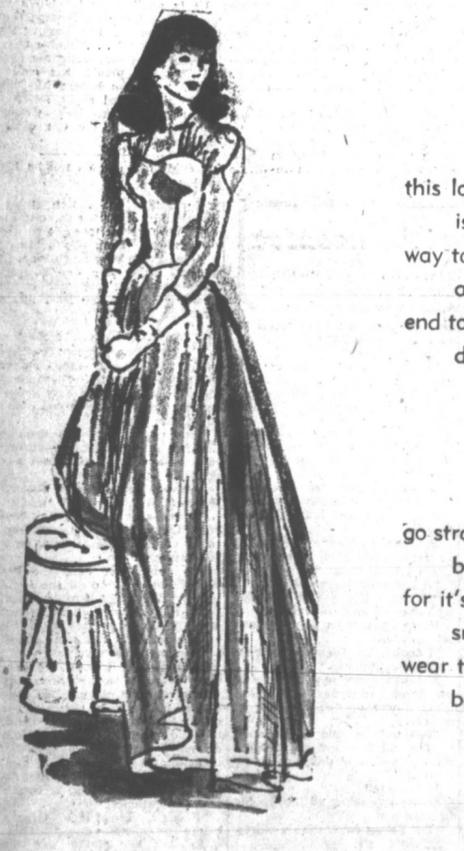

Takes things as they come. The person who gets upset over trifles or gets in a dither when plans have to be changed complicates things wherever she goes.

### BEFORE AND AFTER STORY

SHE could not believe there was a method of reducing in which she would not have to take vigorous exercise, change, manage or drastically to take off extra pounds. But, according to her own story, she became interested in the Souffler System, investigated it, and then started her "exercise-without-exercise" treatment, and found much to her joy that she was not only losing weight, but felt uplifted and more energetic, too. Shows above (at left) before a series of Souffler treatments were started, and (at right) after she had taken the treatment and found herself surrounded with a figure of more symmetrical proportions. Psychiatrists to Cure the Jitters?

The UN's World Health Organization has announced that it will summon the pick of the world's psychiatrists of London this summer and try to find the cause and cure of mankind's case of jitters.

Already, WHO officials say, organizations in this country are gathering data on the subject. And the London conference will be only the first in a series of international meetings to study global nervousness.

It is frequently said that there are not enough qualified psychiatrists in the country to care for those in dire need of treatment. This state of affairs is probably general. At the same time, we feel safe in saying, despite our limited knowledge of the subject, that to the psychiatrist there is scarcely such a thing as a "normal" human being.

So how will the psychiatrists get about starting to cure the individuals? And what individuals—all of us, or just those who are "nervous and a little afraid"? How will they cure the patients from the thin ranks of the calm and courageous?

It would hardly be feasible to try to set up enough psychiatric clinics even to care for those who need treatment and know it. Centers in New York, London, Moscow and other great cities would not be enough, for nervousness and fear are not exclusively big-city afflictions.

So, if there aren't enough psychiatrists to analyze the world, then what? Will the international conferences wind up writing a set of rules or a book that is required reading? Probably not, for the world's collective psychosis would require a more radical treatment for hundreds of millions of people. Curing anxiety and fear complexes is not a mass-production job.

Doctors can diagnose something like malaria or pellagra pretty accurately. And they are reasonably sure that if they give the malaria victims quinine, and the pellagra victims vitamins and a more diversified diet, and give the treatment long enough and in sufficient doses, they can control most of the cases. But psychoses can't be controlled by such general treatment.

So what will WHO do to whom? Perhaps the international psychiatrists' meeting will discover that people are nervous and fearful because there is the possibility of war—atomic biological war in which no one is safe. Maybe they are nervous because their jobs pay poorly, and their living costs are high, and their food is skimpy, and the prospects of improvement don't seem too good.

The cure for the last type of jitters would seem to be up to us as members of a society beset with many complexities. And in solving our problems we must first admit the presence of a fainting of jitters, and proceed from there.

Now, if the world's top psychiatrists could only get J. Stalin, V. M. Molotov and a few others to lie down on the doctor's couch and just start talking freely about what bothers them...

I am as much opposed to a world super-state as I am in favor of a sound association of nations because I feel that it would defeat the very purpose of all foreign policy—the freedom of our own people. -Sen. Robert A. Taft (R) of Ohio.

Fair Enough... by Westbrook Pegler

This year it is raining soup and the Republicans in the state of Arizona are out with a fork.

The Democratic Party of Arizona must be the luckiest Democratic Party of them all. The Democrats flaunt their depravity. People laugh about it. What are they going to do about it? Nothing, because there is no Republican organization. Even without an organization enough to plot the election of new people on the lot, eligible to vote and thus far unregistered and uncommitted, nobody is showing any interest in them. There isn't a gump or an organization enough to plot the election of new people on the lot, eligible to vote and thus far unregistered and uncommitted, nobody is showing any interest in them.

John L. Sullivan, formerly attorney general, was registered for a cheap political job. It is an elective job, which means that it is also political. This, when a constitutional amendment was proposed on the ballot forbidding the closing of a shop in Arizona, Sullivan announced in a language right out of the union book. That meant that after it passed, the amendment would rely for its legal defense on a state official with a political commitment to frustrate this foul revival of slavery.

However, providentially, it didn't come to that. Sullivan sent a collector out to pick up the draft or jug from a chain of desert clip joints strung along the big highways. They are mostly dreary little shacks, miles from nowhere. Gas. Oil. Soft drinks. Beer. Wine. Water.

Some of these plants had playrooms out back, offering roulette, craps, or poker, or an adaptation of the old Boardwalk roll-the-ball game, which was known in Arizona as the ancient Indian ball game. They laid for tourists and vagrant trailer families. The grind was paltry by comparison with the business in any open town, but these were small-time days.

Sullivan's collector, a fellow named H. S. Hendricks, had credentials as an "special agent" of the attorney general. He tried to bribe a highway patrolman to ignore these traps and Sullivan testified for him. He said he had sent Hendricks out to test the honesty of public officials. There was a flurry about jury-fixing but Sullivan and Hendricks were convicted and sentenced to prison. They probably won't stay long.

Not long after his indictment, Mr. Tippetts was seen at the Superior Court of Navajo County, was convicted of accepting a bribe from Herman Lewkowitz, a lawyer, who was indicted as a briber. They don't use grand juries much in Arizona, leaving the functions of the grand jury to the county attorney, so the county attorney is the conscience and the wrath of the county most of the time. He has a position of great trust.

Not long after his indictment, Mr. Tippetts was seen at the Superior Court of Navajo County, was convicted of accepting a bribe from Herman Lewkowitz, a lawyer, who was indicted as a briber. They don't use grand juries much in Arizona, leaving the functions of the grand jury to the county attorney, so the county attorney is the conscience and the wrath of the county most of the time. He has a position of great trust.

Recently, a grand jury, a rare institution in this state, investigated a mysterious loss of between \$7,000 and \$8,000 out of the office of the treasurer of Gila County. Mice were suspected. And an investigation was proceeding in Pinal County of a shortage in one of the county's treasurers.

Ralph Billy, of Tucson, the president of the State Bar, and Clarence Bunting Kelland, the Eastern financier, Republicans both, got into an awful fight last winter. Mr. Billy, who is a native, and Hy Corbett, also a native, saved Kelland's job as Republican national committee-man four years ago. Billy and Corbett alleged that Kelland worked eternal gratitude and promised to support Mr. Billy this year. Mr. Kelland says he didn't promise. Mr. Billy's people then plastered the state with charges that he was a weicher and a carpetbagger from Long Island who didn't even have a home in Arizona or take the trouble to vote here. Nevertheless, Mr. Kelland was elected. The next day he went back to New York.

The Democrats have an eminent carpetbagger themselves, Mr. A. Anna Roosevelt Boettiger, who runs in Phoenix a wool-hat daily supported to date largely by the louch system. Barney Baruch stood a touch for \$10,000 and an old convict with a record in narcotics threw \$50,000 on the blanket. He got his pardon from Anna's father.

Fumble John Boettiger left town a few months ago. He stopped in Chicago for a private interview with Col. R. R. McCormick, the publisher of the Tribune, who employed him years ago but was fearfully denounced by Fumble John that time he was parking his dogs beneath the table at 1600 Pennsylvania Ave., Washington, D. C. No announcement has yet ensued of the re-employment of Mr. B. by Col. McC. Mr. B. has since proceeded to Europe.

The fight between Billy and Kelland is not frivolous. It is a fight between the two halves of the Republican Party and it is more ferocious than the fight on the Democrats in a year when it would seem to call for political genius of a high order to lose to them.

In Tucson, Republican headquarters is up a dusty little alley back of an old pioneer store. It is a practice shop, known as Doc of the winter quality, a clientele of little sign points up the alley. "Republican Headquarters."

My goodness, what's happening to the tender emotion in beautiful Ohio? Last week, there was certainly no love lost between Senator Taft and candidate Stassen in the primary there, and now professor at Ohio State University says that marriages based on romantic love don't usually work out. He criticizes what he calls the "free-choice system of mate selection." I guess he means the "boy-meets-girl" approach. The professor also says that under that system a lot of people get married when they don't have common backgrounds. Of course, George and I had common background and I was a seventeen-dollar, gold-painted backdrop with silver western trees against which we worked during our vaudeville days, and I think our marriage turned out nicely.

Common Ground

The Meek and Prosperity

"Government can only be police force as a commission of police force as a committee. Police force can only stop, arrest, restrain, restrict, prevent, destroy; it cannot bring a beneficial law in the field, stopping fraud, violence, prevention, monopolistic abuse and the breeding of contracts. Government or police force, is good only in the sense that two negatives make a positive." -Leonard E. Read

The Jewish and the Christian religions were both based on the meekness of man. It will be remembered that David said, "The meek shall inherit the earth and shall delight themselves in the abundance of peace." Jesus repeated the same thing when He said in the Gospels, "Blessed are the meek, for they shall inherit the earth."

Now how have the people of the United States lost most of their meekness? What is a meek person? Webster gives one definition as "Mild of temper; not easily provoked or irritated; patient under injuries; not vain or haughty; free from evincing or characterized by mildness of temper or patience as a meek answer." Webster also gives "In an unfavorable sense, as spiritless and submissive; mild, moderate in manner; free from pompousness; as 'long suffering, yielding, pacific; and synonyms as 'Domineering, blustering; fretful, impatient.'"

From the above one would realize that a meek person would not initiate force to make others comply with his will. He would join with the majority and compel other people to submit to their will. Examples of Lack of Meekness. Now let's look at some examples of what we collectively are doing that is making us lose our meekness. We in each community are by way of the boards of education sending the police to make people comply with the majority's idea of what is right. When men themselves are unwilling to influence or make other people help carry out their ideas of goodness, they are exhibiting no practicing meekness.

It is little wonder we are complaining in state and national affairs when in each community we are denying the very fundamental principles of meekness—one of the cardinal principles of the Jewish and Christian religions. The result of this lack of meekness in each community is that people come to believe that the majority has a right to limit immigrants who dare enter this country; that the majority has a right, by tariffs, to keep wealth from entering the country; that the majority has a right to have agents take from each individual part of the fruits of his labor or even all of his labor to give to those the majority desires to have the wealth. We even come to believe that the majority has a right to seize the youth of the land for two or three years and train them how to kill other people. Is there anything meek about that?

In fact all the New Deal or socialist laws are a violation of the principles of meekness. If we want to delight in the abundance of peace we had better come to realize that we must practice meekness in truth. When this country was formed the people were meeker than they are today. They didn't think they were so smart they had a right to initiate force to make other people comply with the will of the majority. They were afraid of the will of the majority or the will of any man. They respected human initiative. The reason the United States has been more prosperous than any other country in the world in the past is that it has been meeker. Because of this meekness we learned from our errors and corrected them. So long as we did that we prospered.

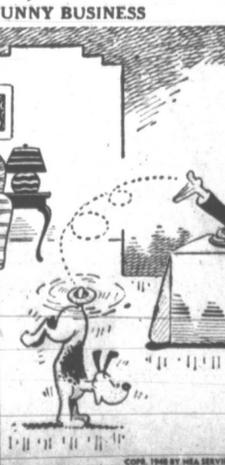

But we are losing this meekness and that's the reason we have dishonored and dishonored money; that's the reason we have booms and busts; that's the reason we pile up debts for our children to pay; that's the reason we have one war after another.

Yes, "The meek shall inherit the earth and delight themselves in the abundance of peace." And "Blessed are the meek for they shall inherit the earth."

A general increase in wages at this time is unwarranted by either cost-of-living increase or profits. We need decreased costs today, not another round of wage increases. -E. G. Grace, chairman, Bethlehem Steel Corp.

NATIONAL WHIRLIGIG

news behind the news

WASHINGTON — Russia's hostile pressures against the United States have had a reactionary and repressive effect in this country that is regarded as a more dangerous threat to the Western way of life than the eventually ruinous expenditures for foreign aid and national defense which the prospect of World War III has forced upon us.

The fear of Communist fifth columns in peace or wartime has generated a witch-burning campaign that carries a distinct menace to the very civil liberties the U. S. seeks to preserve in its all-out resistance to the spread of Marx-Stalin ideas.

It is reminiscent of the "Red" raids, secret arrests and summary deportations inspired by former Attorney General A. Mitchell Palmer in 1919-1920, and of the Adams Allen and Sedition Laws of the early nineteenth century.

It is also true that we give them an excuse to distort the proposed weakening of civil liberties guarantees over here.

Russian newspapers, magazines and orators delight in highlighting recent attempts to restrict the liberties of religion, our political system, the press, education and organized labor. It is true that they misrepresent many of these seeming or real infringements. But it is also true that we give them an excuse to distort the proposed weakening of civil liberties guarantees over here.

SUPPRESSION — Frightened leaders of both major parties have been equally active in promoting these movements. And in view of President Truman's civil rights campaign, it is ironic that the administration has taken the lead in the parade.

Although the administration originally pooh-poohed charges that many Communists had infiltrated its ranks during the New Deal regime, Mr. Truman quickly switched to what he considered the popular side. He sponsored a loyalty order which does not permit the accused to enter any defense against him, to enter any defense or to appeal to the courts. It has been slightly modified but it is still weighted against the legal rights of the individual.

He approved a proposed directive under which almost all news of executive activities could be withheld from the public. Under it a minor departmental official could label any documents as "top secret" and anybody who revealed its contents thereafter could be discharged and otherwise punished.

Both these efforts at suppression of information, which would have enabled the government to operate in the dark with respect to questions involving the national

She thought of Paul and her determination to do all she could to put things right between them. "I don't know. Can't we sort of leave things as they are? I'm running into you some time."

"You certainly will!"

They passed through the barrier. Patience looked anxiously at the crowded carriages as they walked up the train, searching for a seat. Paul wasn't in any of them. But the blonde was hanging out of her berth, suddenly warming to her, and looking over his shoulder. And it was in a carriage next to hers that Roger found a corner seat for Patience.

"Here's a piece of luck. Grab it before someone else does."

She put her gloves, and the hat, and her bag, and her shoes on it, and stepped out again onto the platform. She looked up at the clock to see that in another moment now the train would be leaving. She thought: "Paul isn't going to be on it. I shan't see him. He's probably able to try to explain about last night."

And then at that moment she saw him walking through the barrier and burying quickly along the platform. And at that moment, too, Roger suddenly swept her into his arms and kissed her, hard and long, full on the lips. (To Be Continued)

## Trip Ends Events Of Senior Class

By WILMA TUBBS

The annual trip to Carlsbad highlighted the year for the seniors of 1948.

They also were given a banquet by the First Baptist church, a Western party by the First Methodist church, had a Kid Day, the Junior-Senior banquet and a masquerade party.

With a whole year to plan their journey to Carlsbad, the seniors were all ready to go, May 7, except for the usual last minute rush. They left at 6 a. m. Friday and arrived that afternoon.

The school gave a picnic Friday for the group. Saturday was spent going through the Caverns and Sunday was the day to return.

Kid Day, April 1, was a big day for the seniors, too. Though they did get a late start because of some confusion about the weather, everyone seemed to enjoy it as much as all the past seniors have, and they had as much fun at Lake McClellan as they had anticipated.

The banquet honoring the seniors at the First Baptist church, was a thing to remember. The theme "Hit Your Wagon to a Star," was carried out beautifully with stars covering the ceiling. The Baptist church is becoming a tradition and something for all seniors to look forward to.

The First Methodist Church honored the seniors with a Western party, also an annual event, April 29. Everyone dressed in Western attire, and the party added to the events for the seniors to remember.

The traditional Junior-Senior banquet by which the juniors honor the seniors, was held April 10. The banquet this year used the theme of the Gay Nineties.

The first semester's masquerade party brought out pirates, "Sewery" kids, the hunchback of Notre Dame and other gruesome spectacles.

And for the senior girls, the Pampa Branch of the American Association of University Women gave a party in the Palm Room May 14.

The officers for the school year 1947-48 of the senior class were Don Lane, president; Frank Green, vice president; and Pat O'Rourke, secretary. The class favorites were Nelda Davis and Ramon Heinandez.

Miss Margaret Jones was head sponsor.

DON THUT

## Hughes Gives Address; Awards Made Tuesday

The installation of the new officers for the coming year was the highlight of the annual award assembly held last Tuesday.

Don Thut was inaugurated to succeed Richard Hughes as Student Council president and Gene Garrison to succeed Richard Hughes as Student Council vice president.

A very impressive speech outlining this year's progress and next year's plans was made by outgoing President Richard Hughes as he presented the duties of his office to newly elected Don Thut.

Don announced his pleasure in succeeding Richard and in his intention of making next year a progressive one.

The award for valedictorian was presented to Don Lane and that of salutatorian to Adele Roberts.

Miss Virginia Vaughan, head of the language department, presented medals for outstanding Spanish students to Rachel Garcia, first year, and Twila Smith, second year.

In turn, Miss Vaughan was given a corsage of red roses by her French students.

Richard Hughes, Don Lane, Gene Garrison, Naneen Campbell, Bob McPherson, and C. L. Farmer received letters for their work on the newspaper this year.

These awards were given by Miss Clara Glick, sponsor of the Little Harvester.

Mrs. Bertha Chism of the Business and Professional Women's Club presented a plaque to Wanda Morrison for being outstanding in the commercial department.

Miss Dorothy Hoyle presented Alma Davis with an award for the golf championship, and Mrs. Peggy McNamara was also given an award by Mr. Wilson for work in this subject.

## AAUW Tea Given To Honor Seniors

A style show was the entertainment for senior girls and their mothers Friday night when they were honored by the A. A. U. W. with a tea in the Palm Room.

The affair was formal for the girls and semi-formal for the mothers.

The centerpiece consisted of a large orchid, but mistletoe, baby and maline. Pink flowers and candles were used in the decorations.

Favors were small pink hats. The style show was held in the Palm Room and the tea was in the club rooms.

Girls in the style show were Sammie Frierson, Janet Walters, Donna Nenslet, Jo Ann Clay, Betty Joyce Scott, Virginia McNaughton, Bertie McDowell, Donna Ruth Beagle, Naneen Campbell, Dorothy Dixon, Rachel Garcia, Maxine King, Marie Davis, Marie Mize, Betty Caldwell, Beth Allen, Geraldine Gilbert, Jewel Beckman, Barbara Anderson, Peggy Bogard, Norma Listey, Olga Arnold, Gwendolyn Fryor, and Dianne Crawford.

Miss Margaret Jones presided at the guest register. In the receiving line were Miss Inez Clubb, Mrs. Lou Roberts, Mrs. E. L. Norman, and Miss Ruth Huff.

Mrs. Dudley Steele had charge of the program.

Serving on the tea committee were Mrs. H. Sanford, Mrs. Lee Harrah, Mrs. George Friauf, Mrs. Charles Lynch, Mrs. Pearl Spangh and Mrs. Alma Wilson.

Mrs. Ray Salmon, and Miss Helene Huff poured the tea.

## Society Initiates 28 New Members

Initiation of twenty seniors and eight juniors climaxed another year of the National Honor Society in PHS.

Richard Scheig was elected President in the fall with Bob McPherson, vice president and Adele Roberts, secretary.

Miss Margaret Jones served as sponsor.

Remaining members chosen from the junior class of last year are Margery Dixon, Richard Hughes, Don Lane, Ann McNamara, and Belle Stearns.

Each year members of this organization are selected by the faculty for merits in scholarship, leadership, and dependability.

A candle light service was held before the entire student body in initiating the new twenty-eight members.

The traditional processionals began the ceremony. The NHS pin and a corsage or boutonniere were presented to the incoming member and the purposes and ideals explained by the old members.

## Carl Mayes Wins State In 220; Second In 100

Carl "Red" Mayes, Pampa trackster, captured the state championship in the 220 and second in the 100 yard dash at the State Meet of the Inter-scholastic League held May 6, 7, and 8 in Austin.

Other contestants with Harold Cox, Derrin Davis, Wesley Kiehl, and Marvin Harvel who made up the relay team. The relay however, was disqualified because of the substitution of Harford for Jim Wilson without notifying the league. Coaches were not aware of the rule which provides that all changes must be reported to the judges ten days before the contest.

Literary contestants to the state meet were Patty Bolin and Nicki Fraser, who won region in girl's debate. The debate team lost their first round to Sweetwater who went on to win state championship.

Maye's time on the 220 was 2:15. Sponsors for the trip were Coach Aubra Nooncaster for the boys and Miss Thelma Henstle, director of the speech department, Miss Martha Thomason, city editor of the Pampa News and Miss Nancy Sullivan, advisor for the debate team, for the girls.

## New Fish Total 296 After Final Register

Two hundred and ninety-six students at Junior High have registered for final school classes for next year.

The students started enrolling April 28 and completed enrollment May 2 after having an opportunity to discuss the classes with their parents and teachers.

Mr. Frank Wilson, high school principal, was in charge of enrollment.

## Editors Named For Publications

Naneen Campbell, Junice Ann Fahle, Katherine Talley, Gene Garrison, and Doris Mitchell have been selected to fill the executive positions of the Little Harvester and Harvester publications for next year.

Naneen will be editor of the Little Harvester. She served as co-editor this year. As prospects look now, Naneen will be charge of the first separate paper that PHS has ever had. Tentative plans are now being considered for a four-page weekly. Naneen has been a member of the paper staff for three years. She has also been active in F.H.A. Cappella Choir and the junior class play.

Gene will step into the sports editor's position left vacant by Richard Hughes. He served as assistant editor this year and has worked for the Pampa News during the summers.

Junice was selected to be co-editor of the annual. She worked on the annual this year and is in the upper bracket scholastically in her class.

Katherine Talley will serve as the other co-editor. She also has had one year's experience as a member of the annual staff.

Doris will fill the job of business manager, having worked on the staff this year, also.

Both of these publications are sponsored by Miss Clara Glick.

## Pirtle, Green Elected To May Civic Honors

Norma Pirtle was elected Lion's Club sweetheart and Frank Green Junior Rotarian for this month in the last meeting of the student council.

Norma, a math major, has been president of the Latin club, a member of student council, and vice-president of her home room. She was in glee club and at present in the A Cappella choir.

Frank is also majoring in math. He is sophomore class president, vice-president of his home room in '44, '45, '46, senior vice-president, president Spanish club, choir sweetheart, and a member of student council.

Norma and Frank are the eighth couple to be elected for these honors. Other sweethearts this year have been: Pat O'Rourke, June Myatt, Margery Dixon, Ida Ruth Taylor, Barbara Carruth, Carol Culberson and Nancy Thomson.

Other Rotarians have been: Hansel Kennedy, Richard Scheig, Richard Hughes, Don Lane, Tommy Chisholm, Bob McPherson, and Jim Wilson.

## Jr. High Girls Fêted By Home Ec Students

Junior high graduating girls were entertained by the home-ec department with a tea held Tuesday afternoon in the home economics living room.

where they saw various high school groups working on their projects. Hostesses for the afternoon were Frankie Jean Berry, Helen Chamberlain, Norma Lister, Eleanor Smith, and Betty Wilson. The junior high girls were accompanied by Miss Eloise Lane, Miss Inez Clubb, Mrs. Opal Belton, and Miss Eva Fay Hutton.

Times have changed since your parents went to school. Today's swift competition demands that you be prepared.

Congratulations are in order, and we're mighty proud and happy to extend them!

(Ed Note: The seniors are indebted to the class of 1944 for the following poem)

To the junior class we seniors leave  
Our bright remarks and plans.  
They'll get over with a bang.  
And to that class that follows us  
We do hereby bequeath  
Our carved initials on the desks,  
The gum beneath the seats,  
And to the teachers we leave  
with pleasure  
Our ink spotted papers and tests,  
Which we know they will always  
keep and treasure  
In their own treasure chests.  
And orchids to the teachers  
Who let us in class  
When we were late with an  
excuse  
You could see through just like  
glass  
And scullions to the teachers  
Who made you feel like a fool  
Inquiring about  
That two hour absence from  
school.  
Being sound of mind (we hope),  
Hereby and hereto draw our will.  
Listen — This is the 'dope':  
**Brains To Fable . . . At Last**  
Adell Roberts leaves her brains  
to Junice Ann Fahle.  
Hobie Fathesee leaves his ability  
to "nose" things out to Don Thut.  
A. Y. Griffin will leave his  
habit of towering over everybody  
in the hall to Derral Davis.  
Aurenia White leaves her sense  
ability to Betty Fern Wilson.  
Nicki Frazer will present her  
talent in debate (a nice word for  
arguing) to Patty Bolin.  
Mary Lou Mazy will give her  
twirling ability to Iva Libby and  
Margie McPhillips.  
Richard Hughes gives his "Poor  
Richard" column to Poor Gene  
Garrison.  
The temper and red hair of  
Barbara Carruth will go to Betty  
Joyce Scott.  
Charlie Thornbrow's blockhead  
will be given to Leon Taylor.  
Betty Prigmore couldn't leave  
Gary Cooper behind, but she will  
leave her pleasing ways to Donna  
Beagle.  
Mardell Hawkins leaves her  
feminine ways to Vina Dittburner.  
Hansel Kennedy leaves an inch  
off of his broad shoulders to Dan  
Stallings.  
C. L. Farmer leaves his automobiles  
to Joe Glaxson with the  
hope that they will have the same  
appeal to girls that they have  
had in the past.  
Kelley Anderson's stupidity and  
good looks will be left to Harbord  
Cox.  
**Who Gets Virginia?**  
Wonder if Malcolm Fagan will  
leave Virginia McNaughton to  
anyone?  
Margaret Price will give LeRoy  
Troop to anyone who will take  
as good of care of him as she  
did.  
June Sanders leaves her modesty  
and quiet ways to Joan Clay.  
Elda June Wyatt will leave her love  
of endless talking to Johny Sue  
Hart.  
To Betty McCracken, Ariene  
Gillmore will give her captivating  
eyes.  
Jane Chambers leaves, to any-  
body who wishes the advice, the  
determination to always be a  
manhater (so she says).  
June Myatt leaves her seat in  
assembly to anyone who is dumb  
enough to go.  
Verda Elkins leaves her new  
"crew cut" to Norma Menatt.  
Maigie Dixon leaves her shy  
ways to Pat Abernathy.  
Jim Gilbert, James Gray,  
Rodney Barron, Nelson Gee, Bobby  
Beird, Jimmy Hunter, Frank  
Bonner, Gerald Adamson, Monty  
Allison, Richard Dillman, and Bill  
MacArthur leave anything they  
have to anyone who wants it.  
Pat O'Rourke leaves all her  
wines to Barbara Connor.  
Arkie and Dale Miller leave  
their place as brothers to any  
brothers who will come forward  
to take it.  
Jimmy Savage, Larry Rhodes,  
Jack Davis, Emmett Forrester and  
Ray Wells will leave their hand  
uniforms to anyone they will fit.  
Mary Kretzmeir leaves her ath-

letic ability to Bob Morris.  
Bob Houchin will leave Mona  
Cox to anyone who thinks he can  
handle her.  
Laddie Mayes will his superior

to the lower classman to whom  
they will be issued next year.  
Neida Davis wills her popularity  
to the upcoming junior girl who  
will succeed her as senior favorite.  
Patsy Brannon wills her last  
period in Mr. Edmondson's of-  
fice to Catherine McNamara.  
Grace Davis leaves her accom-  
plishments in baking birthday  
cakes for her friends to Euanell  
Johnson.  
Lanora Cobb, Barbara Stockton,  
and Glenda Hogsett will just be  
glad to leave.  
**Change for Jerry Davis**  
Leon Taylor will leave his red  
hair to Jerry Davis.  
Buster Kelly leaves his boxing  
gloves to Roy Bailey.  
Bob Nash will will a married  
life to anyone who wishes to  
follow in his footsteps.  
Cecil Roenfeldt leaves his ability  
to argue with Miss Jones to  
anyone else who can get by  
with it.  
Cecil Anderson, George Cross-  
man, Eddie Isaacs and Don Daw-  
son will leave behind the strains  
of "Dear Old Pampa High School"  
to the freshmen who will be hear-  
ing it for three more years.  
To the coming fullback for  
the Harvesters, Derral Conklin  
leaves his hope that he will sur-  
vive the second football game  
next year without a broken leg.  
Bud Sawyer leaves to any ju-  
nior who can fill the position as  
well as he does the name of  
"Slitsy".  
Wadean Thomas leaves her  
"happy though married" position  
to some bright junior who has  
"ideas."  
Nancy Thomason leaves her  
blooming youth to Barbara Ward.  
Carol Culbertson and Max Hubili  
give their happy companionship  
to Mary Ellen Hawkins and Wel-  
don Mithcher.  
Tommy Chisholm leaves that  
boundless "pep" which enables  
him to have such a sunny dis-  
position to Louis Stallings.  
Don Lane bestows his professor-

like air to John High.  
Barbara Stephens reluctantly  
leaves her flirting ways to Beverly  
Brant.  
**This Won't Help Byars!**  
Bob McPherson leaves his spell-  
ing ability to Don Byars.  
Carl Mayes leaves the success  
his flaming red hair has brought  
him with the opposite sex to the  
coming senior redheads.  
Mary Jean Hoover wills her  
ways to please the stronger sex  
to Naneen Campbell, but she  
may withdraw her will for she  
hears that she needs it worse as  
a freshman in college that Naneen  
needs it for seniors in high school.  
Elmo Hargis and Kathryn Crow-  
ley will their dark corners and  
park benches to Jim Bill Wind-  
sor and Betty Jo Noel.  
Richard Scheig leaves his "past"  
to someone whom he can trust to  
bury it properly.  
Bobby Joe Boyles inflicts his  
four w-a-world's worst worry wart  
to Leon English.  
A very "timid" voice is being  
left to Jean Cornelius by Ida  
Ruth Taylor.  
Jim Wilson leaves his title of  
hero of the girls to James Gal-  
more.  
T. W. Perkins, Ramon Barrett,  
and Jimmy Crownover leave all  
the rattle and knocks in their  
cars to Bill Duncan.  
Thus we seniors close our will;  
we leave our beloved sponsors  
Miss Claris Glick, Mr. Aubra  
Nooncaster, Mr. B. G. Gordon, Miss  
Margaret Jones, Miss Virginia  
Vaughan, Mrs. Lois Turner, Mrs.  
J. C. Pattillo, Mr. Clifford Mc-  
Neely, Mr. Oriand Butler and Mr.  
Tom Tipps to the junior class  
with hopes that they appreciate  
them half as much as we do.  
In witness hereof, we have sub-  
scribed our name and affixed our  
seal this sixteenth day of May,  
in the year of our Lord one  
thousand nine hundred and forty  
eight.

## Numerous Social Activities Completed by Junior Class To End Successful Year

By PATTY BOLIN  
With the junior ambition party of Oct. 19, the Junior-Senior banquet of May 10, and the Junior Play of May 3 highlighting a happy and successful school year, the juniors of 1948 became the seniors of '49.

Under the leadership of President Donald Thut, vice president Louis Stallings and Secretary Donna Beagle, the juniors were able to put on the Junior-Senior banquet. What a time that was! Everyone worked themselves down for the seniors. There was turkey to eat and Dr. Douglas Nelson to listen to as well as Thut, who gave the welcome and Don Lane, who gave the response.

Scrubwoman Catherine McNamara and gray nineties gentleman Malcom Douglass took the pos-

time honors at the junior ambition party. Cakes were raffled and eaten, but most fun of all was watching Mrs. Mable Torvie, Mrs. Ruby Capps, and Mr. Erwin Buehl in the pie-eating contest. Winnie Allen and Pat Price sang. Fun was provided at the expense of the Tri-Hi-Y pledges, Paty Groninger, Bobby Tucker, Donna Beagle, Betty McCracken, and Pat Bolin who called themselves "The Happy Old Maids" and sang.

With the junior play came the day of days. Breathes there a junior with soul so dead who never to himself hath said, "Gosh, if I could just get the lead or even a part, or even be property manager. Just anything!" Gene Garrison and Naneen Campbell proved themselves good actors and walked off with the leads. They

were ably supported by Harbord Cox, Donald Thut, Nadine Pierce, Virginia McNaughton, Gloria Ward, Johnny Sue Hart, and David Plank in their three act comedy called "Professor, How Could You?"

Junior favorites were Leon English and Donna Ruth Beagle. Donna Ruth has been secretary of the class all three high school years.

Donald Thut, president, walked off with honors at the end of the year by being elected president of the student council. Gene Garrison was elected vice president, thus setting the pace for the next year.

### Perkins Lists Three As High School Majors

Irma Lee Perkins has to her credit the title of "Outstanding Commercial Student (46-47)". She was in the orchestra for three years and Latin club one year. English, math, science, and business are her majors and horseback riding is her hobby. She plans to attend Abilene Christian College.

Collecting miniature dogs and vases seems to be the main interest of Ellen Ann Frather. Ellen Ann was born in Borger on March 13, 1930, and has attended schools here and in Borger. She has majored in home ec.

Other than the fact that "he has five toes on each foot" T. W. Perkins reveals that he was born October 22, 1929, in Shawnee, Okla., and has attended schools here and in San Antonio. "Perk" was elected all-school favorite this year and played Harvester football. He will attend Texas A. & M.

Emily Phoebe Reynolds plans to be a secretary and "somebody's housewife." She has not decided which business college she will attend, but in preparation she has majored in home ec and secretarial training. Born in Mobeetie, Tex., she has also attended schools in Attawa and Fairchild, Illinois.

Art and collecting football programs are the hobbies of Pampa's Fleur Etia Russell. She was born on November 17, 1930, and has attended schools here and in Bowie.

Larry Neil Rhodes was born at Brice, Texas, on August 24, 1930, and has attended school in both Pampa and Amarillo. He has been in the PHS band for four years and has a major in math and English. He plans to attend Amarillo Junior College and his hobbies are reading, art, listening to the radio, and going to the movies.

Practicing medicine and surgery are the ambitions of Billy Duane Russell who plans to attend Baylor university. Bill was born in Pampa on July 13, 1929, and has attended only Pampa schools where he has majored in science and history. Eating and dancing are his hobbies.

Painting and collecting records are the hobbies of Darrell Eugene Ramsey who was born on December 26, 1929, in Moreland, Okla., and has attended high school there and in PHS. He has a major in history and science.

Volleyball captain, 1947, co-captain, 1946, tennis club captain, '47, co-captain, '46, Science Who's Who, '47, and girls P.E. Who's Who, '48 and '46 are a few of

ADELL ROBERTS, left above, is highest ranking girl of the senior class and salutatorian. Don Lane, right, is valedictorian. Both received awards in assembly Tuesday.

## Local Y Organizations Play Host To Annual West Texas Area Meeting

### Steward Elected Prexy Of Future Homemakers

Mary Jo Steward was elected president for 1948-49 to climax a successful club year of the local chapter of the Future Homemakers of America.

At the beginning of the year the various programs were scheduled and recorded in the annual yearbook.

The election of Lillith Martin as delegate to the Fall Area I Council meeting began the year. The prospective members were honored with a reception Oct. 8. A candlelight service was held for the initiation. One of the main social events of the year was the Christmas Party where gifts were exchanged.

"The American Teen-Ager In Germany" was the talk presented by Miss Claris Glick, former teacher in the American zone, Germany, at one meeting.

Retiring officers are: Naneen Campbell, president; Mary Jo Steward, vice president; Lillith Martin, secretary; Jewell Beckham, parliamentarian; Theresa Key, historian; Jean Cornelius, reporter; and Jane Chambers, song leader.

The honorary members selected for this year is Erma Lee Kennedy, past president, and a student at TSCW, Denton.

Incoming officers are: Mary Jo Steward, president; Mary Jo Coffman, vice president; Geraldine Perkins, secretary; Erwina McDowell, treasurer; Jewell Beckham, song leader; Naneen Campbell, reporter; Betty Nelson, parliamentarian; and Freddie Conner, historian. Mrs. J. C. Steward and Mrs. W. L. Campbell were elected as club mothers.

The local club was represented at the area spring meeting by 26 girls. The state meeting in Galveston was attended by Lillith Martin, Naneen Campbell, and Mrs. Leslie Hart.

Tentative plans have been made for the National Convention to be held in Kansas City, July 5-10, which Naneen Campbell, representative from Texas, Mrs. Leslie Hart, and three other members of the club will attend.

The honors held by Alice Jean Robinson who was born in Pampa on January 16, 1930, and has attended only Pampa schools. She has majored in science and math. Her hobbies are sports and she intends to attend TSCW.

Salutatorian and secretary of the PHS chapter of the National Honor Society are the honors held by Adell Roberts. Adell was born in Mobeetie, Texas, on May 31, 1929, but has attended only Pampa schools. She is a member of the Latin club and has majored in math, science, and English. She plans to be a nurse.

Cecil Roenfeldt was born in Skellytown, on March 17, 1930, but has attended only Pampa schools. He has majored in English, math and science. When asked about personal information, Cecil remarked, "One ear on each side of head, and five toes on each foot."

## 10 Members Initiated Into Quill and Scroll

Two formal initiations and a social for the two publications staff highlighted the 1947-48 year of the Quill and Scroll, honorary society for high school journalists.

Naneen Campbell, Patty Bolin, Barbara Stephens and Patty Williams were installed into the chapter in a ceremony in the home of Don Lane on Nov. 4.

Mary Lou Masey, Reba Killian, Julia Dawes, Barbara Carruth, Bob McPherson and Gene Garrison were initiated on March 2; immediately after the ceremony, a social was held for the staffs of the annual and paper.

The local Quill and Scroll was headed by June Sanders. June Myatt was vice president and Wilma Tubbs was secretary. Richard Hughes and Don Lane were the other members.

The Quill and Scroll is for the recognition of those students who are deserving for their work on some form of publication. The local chapter was founded in 1931 and is called the Dorothy Parker Chapter of Quill and Scroll.

Fifty million people a year visit United States museums.

#### Enid Contest Climaxes Successful Band Year

The Tri-State music contest and the regional contest climaxed an active year for the Harvester band. During the football season the band traveled to the out-of-town games in Wichita Falls, Lubbock, Plainview, and Borger. It performed with a stunt at the half of each game.

The band marched in parades opening the Oiler baseball season, welcoming a booster delegation from Wichita, Kansas, for the American Legion and others.

It presented a concert in collaboration with the Junior High and all the city grade school bands following a clinic conducted by Winston Lynes. It also presented an assembly to the student body prior to its trip to Enid. The music presented in both these programs included the music the band played in the contest. This was "On the Alert," a march by Goldman; "Andante" and march from the "Sixth Symphony" by Tchaikovsky, and "Richard III Overture" by German.

At the Tri-State festival the band was awarded second division rating in concert playing, sight-reading and marching. However, it won first place in its class in the Million Dollar Parade. Soloists and ensembles made very good showings in their respective contests.

At the regional meet in Canyon the band was rated third division in concert playing and sight-reading and second division in the marching. In this contest two student conductors, several solos and ensembles were entered. The band had as its officers:

Six PHS cagers were awarded basketball jackets last week and eight sweaters were received by the reserve lettermen. Derral Davis was eligible for a jacket but could not get one since he had received a football award previously. Bill Bond and Jimmy Parker were eligible for sweaters but they too had received football awards.

Those receiving jackets were: George Gamblin, Malcolm Fagan, Charlie Laffoon, Ramon Hernandez, Jimmy King and J. A. Miller.

Reserve lettermen were: Malcolm Douglas, Jimmy Howard, James Gallemore, Jimmy Cline, Hobart Fatheree, Frank Green, Don Dawson, and Frank Bonner. Both the jackets and the sweaters are green, with gold letters.

#### Gethings Lake Will Be Scene of Band Picnic

The Pampa High band will have its annual picnic Friday at Gethings lake.

The recreation committee, headed by President Emmett Forrester, is to plan games and provide refreshments. Swimming will also be possible.

The members will leave the high school at 10 a. m. in automobiles and will stay all day at the lake. Each will carry his own lunch and pop and ice cream will be served.

Emmett Forrester, president; Lowell Stark, vice-president; Bobby Tucker, secretary-treasurer; and Barbara Stephens was elected band sweetheart.

The band has been under the direction of Mr. Orland Butler during the past year.

## Poor Richard Names Top 1947-48 Athletes

By RICHARD HUGHES

The school year of 1947-48 has been a good year for athletics in Pampa high school. In some respects we haven't accomplished the things we set out to accomplish, but Poor Richard has no regrets.

We finished second behind the Sandies from Amarillo in football, basketball and track. In the track sport, we undoubtedly had more outstanding stars than anyone in the district. The basketball team had a 25-2 win-loss record which was probably unequalled in the state. There is still some question as to whether Pampa or Amarillo had the outstanding cage five in IAA.

A great deal has been written about the combined efforts of our athletes, but P.R. devotes a column to lauding the individuals who, in his opinion, have come nearest the zenith of athletic endeavor. We pick three athletes who have helped to heap fame on PHS and who possessed the greatest versatility and potentiality. All three of these could very easily carve a niche in the sports world in the years to come.

There is no doubt that one red-headed gentleman brought PHS its greatest recognition. This is Mayes was unquestionably the greatest Pampa football player of this year and would possibly merit a position on an all-time All-Harvester eleven.

Red practically won the district track meet by himself. He topped first in the state track meet in the 220 yard dash and placed second in the 100 yard dash.

But yet, Carl Mayes differs from many high schoolers in that he is a long way from his peak as an athlete. He is big, fast and has the proper athletic attitude which should make him improve year after year. It is this great potential future that has caused the aversion of bids from outstanding universities.

The other day one fellow summed it up by saying, "Some day we'll be glad we know Red Mayes." So watch for his name in tomorrow's headline.

And now for athlete Number Two. This athlete exceeds Mayes in versatility. Derral Davis was an outstanding end in football, the leading scorer and outstanding star of the basketball team, one of the track team's best, and the six-foot skyscraper should be the districts' best athlete next year. Derral has made long strides in developing a self-confidence, something he needed last year, and he is learning to control a bad temper. So Poor Richard picks Derral Davis behind Red Mayes as an outstanding athlete.

The third choice is also very versatile. He has been first string quarterback on the grid team for two seasons, and first string guard in basketball for the same number of years. He has represented PHS in tennis and is the shortstop on the baseball team.

His name—you guessed it—Charlie Laffoon. Charlie is giving the professional baseball business a serious thought. In the meantime, he plans to continue playing all four sports at Casco Junior College.

Perhaps you would make some changes, but I select Carl Mayes, Derral Davis, and Charlie Laffoon the outstanding athletes of Pampa high school for this year. As this is my "column fins," I would like to thank the readers of the Almanac (both of them), and I must thank the entire student body for supporting PHS's representatives on the fields, gymnasiums, courts, and diamonds. Gene Garrison takes over the sports editorship next fall and plans some fine projects along the sports line.

So from Poor Richard, its goodbye, good luck, and good sports.

### Sandies Drop Harvesters; Locals Win 6 of 10 Games

By RICHARD HUGHES

The Pampa Harvester football team fell before their arch-rival, the Amarillo Sandies, by a score of 20-6 in the most important game of the 1947 season.

After Carl Mayes had put the locals ahead with a 70-yard sideline sprint during the first half, the Sandies' defense held and Amarillo was able to push over three tallies.

Despite this loss, Pampa won six games of a very tough schedule. They started the season with victories over Elecirra, Riverside (Fort Worth), and Sweetwater. Then came two losses at the hands of Vernon and Wichita Falls to end the non-conference season.

Starting IAA Competition, the Plainview Bulldogs came from behind to score three touchdowns in the last quarter to win 20-19.

The locals rebounded into the win column once again as they played host to Brownfield and tromped the Cubs 41-12. Jimmy Wilson, who had been hurt during the early season, hit his stride to score three touchdowns.

Preparing for the Amarillo clash, the Harvesters ripped through Lubbock to win 27-0. In this game Carl Mayes ran wild with long runs.

In the final game of the season that was somewhat of an anticlimax after the Amarillo game, Borger was outscored 20-12.

Carl "Red" Mayes led Pampa and the district with 96 points

and was the outstanding threat of the year. Extra-point specialist Kelly Anderson scored 28 points on 22 kicks and touchdowns. End Derral Davis kicked one extra point and caught four touchdown passes for 25 points. Jim Wilson scored 24 points, Jack Williams 18, and Bob Boyles 12 points.

Besides scoring one touchdown against Borger, Charlie Laffoon tossed six touchdown passes during the course of the season's play.

Coach Tom Tipps and Aubra Noonster substituted, for freely during the season, so it is difficult to designate eleven starters.

Laffoon, Wilson, Mayes and Williams started in the backfield, Davis and Boyles were ends, with Tommy Chisholm, the most used reserve, Roscoe Russell, Zeke Griffin, Ralph Hutzel, and Bob Phillips provided the necessary size for the tackle positions. Richard Scheig and Charles Thornborrow saw service as guards. Kelly Anderson shared the center position with Hansel Kennedy and T. W. Perkins.

Mayes and Thornborrow were selected by coaches and sports writers on the first All-District I AA team. Laffoon, Griffin, and Davis merited second team mention and honorable mention was given to Boyles, Scheig, Anderson, Russell, and Wilson.

### PHS Quintet Sets Win-Loss Record

By GENE GARRISON

It was a record breaking Harvester basketball quintet that represented Pampa high school on the hardwoods throughout the 47-48 schedule as the green and gold basketballers ran up an enviable season's record of 23 victories and only two losses.

The Harvesters crossed the finish line only a hairs breadth behind the district champs, the Amarillo Golden Sandies. The local hoopsters split their two-game series with the Sandies. In the first meeting of these two teams, the Sandies caused many heart attacks and much heart breaking as they came from behind, with only 40 seconds to play and edged the locals 40-39. With grim determination, the Harvesters met the Sandies in the Amarillo Armory and, after leading all the closing game of the season, finished 40-33.

After Coach Dick Livingston had resigned as basketball mentor during the Christmas holidays, Clifton McNeely took over the coaching chores. McNeely, leading collegiate scorer in 1946 while playing for the Texas Wesleyan Rams, changed Livingston's complete style of coaching, and so began a new phase of coaching in PHS.

After Livingston's charges had already racked up eight straight wins, McNeely took over as coach on his debut, the Harvesters walked off with top honors in the rugged Spearman tournament. During the season, they also breezed past the top teams in Districts I and II-AA to cop first place in the annual Childrens tourney.

At this meet, Derral Davis and Raymond Hernandez were selected on the all-tournament team as Davis walked off with high scoring laurels. He also was high pointer in the Spearman affair with 76 points, although no all-tournament team was selected.

Versatile Derral Davis led the Harvester point parade with 377 points out of their total 1324 counters. The Harvesters allowed their opponents only 820 points. G. W. "Dub" Gamblin captained this years Harvester quintet while playing at the guard or forward slot.

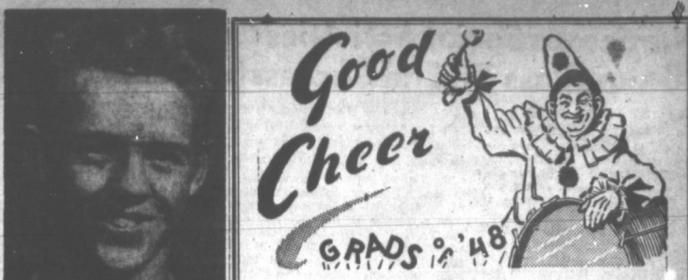

Lanky Jimmy King worked at the pivot slot for the Harvesters, while J. A. "Arkie" Miller occupied the other forward position. Raymond Hernandez and Charlie Laffoon held down the first string guard positions. Both boys were fairly short and exceptionally fast and played heads-up ball all season.

Other seniors on the squad were guards Frank Green and Don Dawson; and forwards Frank Bonner and Hobie Fatheree.

The Harvester "B" team also had an impressive record, although their win-loss record was not quite as "up to par" as the regulars.

"B" team members were Jimmy Cline, Malcolm Douglas, e. a. p. l., Bill Bond, Jimmy Parker, James Gallemore; and Jimmy Parker.

### Gorillas Finish 1947-48 Basketball Year With 7 Wins

By JIMMY BAINES  
Under the direction of Coach John Bond, the PHS Gorillas ended their 1947-48 basketball campaign on Feb. 3 with a record of seven wins as compared with six losses.

Although unsuccessful in their four tournament appearances, they reached the finals in the consolation bracket of the meet. They opened the season in Samnorwood where they fell before the attack of a towering Samnorwood five, 42-24, in the first round of play. Going into the consolation round of this tourney, they nudged the Clarendon quintet 20-18 and then returned home where history repeated itself and the locals came out on the long end of a 42-18 score with the same Clarendon team.

Entering the class A Shamrock tourney, the locals dropped a 34-33 headbreaker to the Shamrock Irishmen. After drawing a bye, they entered the consolation finals where they again fell before the McLean Tigers, 27-20.

A band of "Okies" from Reydon, Okla., ruined the Gorillas' hopes in their third tourney appearance at Wheeler with a 42-32 victory to account for their fourth loss. It was again the Shamrock Irishmen that dropped the locals in the consolation bracket 36-34 in an overtime period.

The Gorillas then entered into a new week of play looking like an entirely new team as they chalked up a 34-27 win over Clarendon for their third victory and then went on to score an upset 34-31 victory over the Berger Bulldog B's. Going into the first round of play in the Canadian Tournament, the Gorillas downed Lefors 39-31 to raise their average to 500. The locals were then eliminated from this affair when they dropped a 34-30 decision to the McLean Tigers.

Coming in the stretch with one more loss than win, the Gorillas quintet swept two victories from the Wheeler Mustangs 41-25 in Wheeler and 35-19 in the local gym.

Gorilla forward Tommy Allison led the gold and white hoopers in points with 85 points in 10 games. Duayne Reno was next in scoring honors with 59 points. Aside from being the captain of this year's Gorilla squad, Reno was a very reliable pivot man. The Bond-coached hoopers scored 402 points altogether and allowed their opponents 284 points.

"A" string Gorillas were Leon Taylor, Jack Sutton, Jimmy Hyatt, Don Thut, Dan Roche, Tommy Allison, and Duayne Reno.

The "B" team was composed of John Friauf, Edward Engle, Bob Hinkley, Bob McPherson, John McAfee, Ronald Beard, and Carroll Smith.

#### PATTY WILLIAMS

Co-editor of the annual Student Council two years, Little Harvest, and Quill and Scroll are some activities of Patty Williams. Born August 17, 1930, in Barnsdall, Okla., Patty was a property manager for the senior play and was on the interscholastic tennis team. She was a member of the Spanish club. Collecting snaps and eating potato chips are her hobbies. Her ambition is to attend the University of Oklahoma and major in sociology.

PICTURED ABOVE is the Harvester baseball aggregation that is at the present time standing in third place in District 1-AA competition. Making up the team which was organized for the first time this year are: front row, left to right, Howard Wells, pitcher; Jimmy Howard, pitcher; Jimmy Hyatt, outfielder; George Gamblin, pitcher; Ramon Hernandez, second base, and Jimmy Cook, outfielder. Back row, left to right, are Jimmy Cox, third base; Jimmy Parker, first base; John Nolan, catcher; Coach Clifton McNeely, Bob Nash, outfielder; Don Thut, outfielder; Charlie Laffoon, shortstop, and Don Lane, third baseman. Derral Davis, varsity catcher, is not pictured.

### Senior Athletes Remember Girls Sports Activities

By ANN McNAMARA

As the seniors clean out their P. E. lockers and give the dressing room and gym a last look, a choking lump comes to their throats and a sentimental feeling makes them sit down and think over the past—their last year in Pampa High.

Their thoughts take them back to September when Miss Dorothy Hoyle and Mrs. Mary Mingle opened classes with the majority of girls enrolled in tennis and volleyball. In no time at all the P. E. department began taking steps toward making P. E. the happiest subject if not the most profitable in high school. It isn't so much the subject but the association with girls and good sportsmanship that marks up the good points for this class.

All the seniors' thoughts run in the same line. As the graduate sits there on the bench, her mind wanders back to the month of November when the Hockey club was able to give White Deer an exhibition hockey game between halves at White Deer. Who knows, this may begin another competitive sport between schools for girls.

The minutes tick by, but the "thinker" pays no heed but remembers the good times in that sixth period golf class and the fun she had with Alma Davis, Betty Noel or Betty West. What a wonderful time they had when they won district this spring and how disappointed when there was no competition entered against them at Regional. What a reputation that golf class has. People are beginning to look up at them and say about each, "There is a girl from PHS who will some day be a good golfer."

When people begin recognizing such student activities, then civic cooperation plays an important part. The lone contemplator can see through her mind's eyes the tennis club starting off with more members than it has ever had before. After fun and work, Fiddle Pryor and Dorothy Jones take second in doubles at district and after a hard fought battle, Alice Robison falls to the Amarillo entry and takes second place in singles. This was only the beginning. Next year girls will fill these seniors' shoes and tennis will never be a forgotten sport.

The noise in the hall doesn't move a muscle in the body of our ex-student. She sees mats in the gym and hears laughing as the tumbling class goes into rolls, dives, and other tumbling stunts.

The noise of taps hitting the dressing room floor changes the attention to the Tap club with the girls in it tapping, swinging, and swaying. My! What a lovely assembly program they gave this year. That Reba Killian and Julia Dawes could tap all night and the audience still would not get tired. Oh, how those tappers will be missed.

The bell rings but silence still prevails in the gym. That last glance into the dressing room reveals another improvement. Painted benches, cabinets, barrels, and black boards. What a change a little paint will produce. That dressing-up didn't stop there. See those curtains. They are new. How happy we were to see them go up. How proud we felt when other teams came to visit us.

Parties. What fun we had at that routin, tootin' Western party. All the cowgirls, food, dancing, and the rodeo provided an evening of excitement. That evening should have never needed. But that wasn't the only party. The best yet was the "slumberless" party. Games, fun, food, noise, and excitement. How we shall always remember that night—pillows that were never found, shoes tied in knots, and our guests, the eighth graders, the future members of this department.

Our senior gets up and starts to leave the gym but the noise of the girls bringing out the volley ball net makes her pause, sit down, and watch. She watches the class play but she sees not them, but the 1947-48 Peppettes. All of them with their new volley ball suits—green and gold satin. We were so proud to get those suits that we didn't want to turn them in. Wherever we went we thought we looked the nicest. How well we remember the Pampa volley ball tournament. We practiced, we prepared, we hoped to win. We met new girls and saw some good games. Sure, we were disappointed when our pals White Deer won first, and the Sandies second. We knew then that the consolation prize was ours but somehow we were beaten by Canyon.

Our hopes then turned to a return engagement with these teams at Amarillo. With are hearts in every contact with the ball, we reach the semi-finals. We were stopped again by White Deer. This hurt, but we had tried and lost. We seniors now place our hopes with next year's team. We know that you have the goods if you can just make it work.

## PHS Machine Shop Is Least Expensive of Subjects Offered to Students in Pampa High

Machine shop is one of the least expensive of the subjects offered to students in Pampa High. Mr. O. L. Brummett, instructor of the machine shop, stated that approximately 60 cents in extra work for the school as fixing

equipment for the football field, track, and equipment for the cafeteria. There have been 25 boys enrolled in the two classes held during the day. In the morning class were: Bob Barnhill; Mark Buzzard, Kenneth Cummings, Charlie Gist, Bill Gray, Jackie Gray, Refugio Hernandez, Junior MacPeak, R. F. MacDonald, Gerald Schitz, and Joe Garcia.

In the afternoon class are: Jimmy Crouch, Jerry Harris, Don Baddy, Jerry Coley, Billy Daniels, Roy Fezzel, Billy Marshall, Gerald Mayo, O. J. Miller, Troy Ray, Bill Richardson, Bill Van Huss, Darrell Conklin, and Doyle Martin.

These students have made several projects including gears, screw jacks, wheel pullers, drill drifts, welding tables, punches of all kinds, anvils, projects on threading and drilling, rod holders and machinists squares. These projects take the students from three days to three weeks work to complete.

The machines they work with are: three electric welding machines, one acetylene welding machine, two stationary grinding machines, sheet metal cutter, roller and binding machines, steel band saw, five lathes powered by 110 to 220 volts of electricity, two power hack saws, two milling machines, two shapers, two drill presses, one hydraulic press, one air compressor, nine four-inch vices, four work benches and one pipe bender.

All the work is done from blueprints made by the Starrett Tool company and require precision work to accomplish.

The members of the machine shops from several cities have started a club known as the Vocational Industrial Club. They met in Amarillo and have held one convention. Mark Buzzard of Pampa was elected president of the district and Charlie Gist was elected sergeant-at-arms. There are over 200 in this organization.

**BARBARA WALTERS**  
Reading and music are the hobbies of talented Barbara Walters. Born August 8, 1930 at Alva, Okla., she attended school there before coming to Pampa. She has majored in history and English, with office assistant and Girls Glee Club her activities. She is a member of the high school sextet and has served as vice president of the Boy's Glee Club for which she is accompanist. She has been a member of the A Cappella choir and Spanish club. She was in the senior play. Two years she had a poem published in the "National Anthology of Poetry."

### Light Team Marks '47 Gorilla Season

By GENE GARRISON  
One of the lightest teams in Gorilla football history was fielded this year under the guidance of Coach John Bond. This feather-weight Gorilla aggregation ended its season with a record of one win and five losses.

The line averaged approximately 175 pounds, the backfield only 135.

The locals opened the season with a 19-6 loss to the Plainview Bullpups and followed this with a surprising 33-0 upset of the Berger team of the same name. A heartbreaking 6-0 loss to the same Plainview Bullpup team that provided first competition for the locals was the next contest on the Gorilla schedule and a 19-0 loss to the Perron Rangers was the next Gorilla defeat.

A surprisingly strong corral full of Wheeler Mustangs was next invaded by the future Harvesters and the result was a 26-13 defeat.

In the final game of the season, the Gorillas invaded the lair of their arch-rivals, the Amarillo Yarnigans. On a mud-soaked field, the Gorillas ended their season with a sickening 20-0 loss.

Tiny Max Robbins captained the Gorilla outfit, calling signals from the quarterback slot. He was assisted by co-captains Leon Taylor, hefty guard, and Pete Cooper, left half back.

Gorillas receiving sweaters were: Max Robbins, Leon Taylor, Pete Cooper, Bill Runyon, Carlton Bohannon, Paul Boswell, Dwayne Blanton, Dale Richardson, Dan Roche, Corky Tennant, Marvin Harvel, Bill Chapman, Bob McPherson, Tommy Allison, Jim Bill Windsor, Gail Smith, Leon English, Ed Turner, Weldon Witcher, and Paul Musgrove.

A. G. Garcia, Robert Braly, Gerald Beatty, Weymore Osborne, Richard Cook, Jo Keel, R. D. Tally, Dale Gantz, Jimmy Hyatt, and managers Hoke Ward and Jimmy Baldrige.

**TEXAN JIM WILSON**  
Born on the Texas-Oklahoma state line October 10, 1929 is the interesting beginning of Jim Wilson. He states that he is definitely from Texas. Lefors, Post, Fort Neches, and Hobart, Okla., are the schools Jim has attended. He has been a member of Student Council for three years and was parliamentarian one year. Stamp collecting is listed as his hobby and he has been a member of the Harvesters football and track team for three years.

Another one of our "bachelor-teachers" will tie the matrimonial knot as soon as this term ends. Mr. Charles W. Bowen, PHS mathematics teacher, will marry Gwendolyn Lou Lane on Tuesday, June 1, just two days after history teacher Erwin Buell's wedding.

Mr. Bowen received his Bachelor of Science degree from North Texas State college. He served in the Naval Air corps and Medical corps. While in service, he attended Southwestern University of Louisiana and the University of the faculty of PHS.

The bride-elect attended TCU at Fort Worth for two years and receives her B. A. degree from TSCW this year. She is the daughter of Mr. and Mrs. Burns Lane of San Saba.

The couple will be married in the Little Chapel in the Woods—Texas State College for Women. After a short honeymoon, they will be in Denton for the summer where Mr. Bowen will attend North Texas State Teacher's college.

## Council Gives Prom To End Busy Year

The sponsoring of the all-school party and prom headed the list of achievements of the student council this year.

Under the guidance of Richard Hughes, president, Mrs. Ruby Capps, and Mr. J. I. Edmondson, sponsors, the student council inaugurated the year by sponsoring the sale of football programs and were in charge of the seating arrangements at the games.

The organization also carried out the selection of Junior Rotarian and Lions Club Sweetheart each month of the school year.

Plans were made to send delegates to the Texas association of Student Councils in San Antonio, but snow prevented the trip from being made.

The year was brought to a close with the sponsoring of elections for association officers and head cheer leaders. The student council also sponsored the elections for class officers.

Other council officers besides the president were Richard Scheig, vice president; Kathryn Crowley, secretary; Don Lane, treasurer; Don Thut, parliamentarian; and Carol Culberson, historian.

A lack of sufficient funds prevented the student council from carrying out the good will parties that were started by last year's organization.

Skellytown is the birthplace of Doris Taylor who was born November 26, 1929. She has majored in homemaking and her hobby is sports. She plans to attend a business college this summer.

## Senior Boys Bid For College Teams

Many of this year's seniors will be making their bids for positions in college athletic teams next year, according to a poll conducted by the sports staff.

The highly-coveted Carl Mayes will be competing for a backfield slot and track team position at Rice or Texas next September and two other members of the 1947 Harvesters backfield will be playing in college. Charlie Laffoon will play football, basketball, and baseball at Chico junior college, and Jim Wilson is considering West Texas State. Reserve back Paul Simpson states that he may play football at Northwest Oklahoma A. and M. and Dennis Taylor may try out at some junior college.

Big Bob Boyles will be issued his letters for the Texas A. and M. frosh team and Richard Scheig will compete with the Rice freshmen. Charlie Thorndorow, all-district guard, will play football next year, but he can't decide whether it will be Baylor, Kansas State, or one of the other colleges that seeks his services.

Raymond Hernandez is undecided about future baseball and basketball plans, and G. W. Gamblin is in the same position regarding a pitching future in some college.

## Comic Party Heads List Of Fish Social Events

Karl Stephenson, president, Carl Kennedy, vice president, and Janet Walters, secretary, were the officers for the 47-48 freshman class.

A comic strip party was the main social event of the first semester. A picnic is now under discussion for the second class party.

Mr. Sam Begert, head sponsor, Miss Edith Kral, Mr. Charles Bowen, Mr. J. C. Pattillo, Miss Mary Doster, Mrs. Lorraine Powell, Mr. O. L. Brummett, Mr. Wayne Thomas, Miss Madge Rusk, Mrs. Edith Rankin, and Mrs. Peggy McNeely and Miss Lyndell Smith served the freshman class as sponsors.

Among the freshman who did special activities was Harold Corner, who won first place at Canyon and second place at Lubbock in the junior boys' declamation contest.

Freshman favorites were Elmer Wilson and Tyke Noel.

## Sophs Stage Two In Social Activities

A western party and a picnic were the main events of the sophomore class this year. The Western party was held in the cafeteria Dec. 5, and the picnic May 6 in the city park.

Officers elected for the 47-48 school year were James Gallemore, president; John High, vice president, and Martha Parks, secretary. Favorites were Peggy Hukill and Leon Taylor.

The sophomore class was the second largest class with approximately 250 students. It ranked third place on the honor roll throughout the year.

Faculty sponsors are Mr. J. L. Spencer, head sponsor, and Mrs. Lula Owen, Miss Olive Carter, Mrs. Nellie Norman, Mr. Kenneth Walters, Miss Mary Winston, Mrs. Leah Lamb, Mr. O. L. Brummett, and Mr. Miles Morgan, other sponsors.

# Who's Who

As the 1948 school term draws to a close, the athletically inclined minds of Pampa high school turn towards the 1949 sports season with much enthusiasm but an uncertain outlook.

Since district 1-AAA is always regarded highly in the athletic circles of the Lone Star State, it would be a drastic mistake to underestimate the prowess of any team in this district.

As far as the annals of District 1-AAA can be traced, the green and gold clad schoolboys have always been tabbed as one of the top contenders and it appears that 1949 will be no exception.

The purpose of this so called column is not to establish a state of overconfidence in the PHS student body, but rather to do away with the thought that the coming season will be a weak year for Pampa High in the field of athletics.

With a well rounded coaching staff and a group of veteran boys, the Harvesters can be expected to make trouble in all four sports in which they will participate.

Under the guidance of Coaches Tom Tipps and Aubra Nooncaster, the Harvester gridiron eleven will undertake one of the roughest schedules in their history. Opening September 10 with North Dallas in Harvester park, the locals will then engage three teams from District 2-AA in rapid succession. The Graham Steers, the Vernon Lions and Wichita Falls Coyotes will be the three Harvester 2-AA foes, with the Lions being the only home game. Plainview, Borger, and Lubbock will be the three home conference games, while the Amarillo Sables and the Broken Bow Bulldogs will be the three away-from-home engagements.

A club of veterans will fill the green and gold uniforms come this August, although this years team will be considerably lighter than last years aggregation.

First stringers Derral Davis, Ralph Hutsell and Jack Williams will offer a good nucleus to build around with boys like Bo Phillips, Harbord Cox, Jimmy Hill, Le Roy Troop, Bill Bond, Lamar Lively, Wes Kiehl, and Phillip Payne present to round out the team.

No position on this Harvester team could really be considered as cinched, with a wealth of material up from the Gorillas. With Coach Clifton McNeely in the driver's seat, next years Harvester basketball team will be one to watch with boys like Malcolm Douglas, Derral Davis, James Gallemore, Jack Sutton, Bill Bond, and Leon Taylor roaming the hardwoods. Pivotal man Derral Davis, who placed on the All-District quintet last season, will probably be the headman of next years team. Davis was by far the outstanding hooper in the district last year, as he copped high point for his rugged type of defensive play.

Davis will again probably sparkle in the track season as one of the top hurdlers in the state and as one of the members of the 440-yard sprint relay team. Filling the shoes of Carl Mayes will probably fall to Wesley Kiehl, who will specialize in the 100 and 440 yard relay. Harbord Cox, Jack Williams, Lamar Lively, Marvin Harvel, Leon English and Richard King are five other boys who will add strength to the track team come next spring.

Participating for the second year in baseball, Coaches McNeely and Tipps will field a team with nine

## CARLSBAD TRIP

(Continued from Page 15) Mayo had played innumerable card games, Coach Clifton McNeely had taught Alice Jean Robinson and Ann McNamara how to play hearts, and all passengers were hot, tired, and begrimed.

After being checked in their cabins and changing into summer togs, the seniors were again loaded on buses and were transported to a spring-fed swimming pool. As it was near sun-down, it didn't take long for the students to find out the best place for them was on dry land.

Thus, they got out of the water, dressed, ate, and returned to their cabins to prepare for the dance.

After the dance, the seniors returned to their cabins and hit the sack.

At the end of a very short period of sleep, they arose, dressed, ate breakfast, and made ready to go to the caverns.

The trip through the caverns invoked the use of an overworked verb and a tired adjective.

"Look at the funny jigger on the ceiling; isn't it pretty?"

Dinner found the party eating their lunch 750 feet underground. They then completed their trip through the caverns and began the walk-out trip. As the walk to get in had been long and tiring, many students chose to ride the elevator out. Before the others reached the top, they found they should have taken the elevator, also.

There was a sudden rush on the soda fountain and souvenir concession as soon as the groups emerged from the "big hole." Then came the return trip to Carlsbad.

That night the seniors were absorbed by Carlsbad's amusement park and numerous movie theaters.

The next morning sun found the pride and joy of PHS, the senior class, on the return trip to Pampa.

A tired, but happy clan of students arrived in Pampa a host of 7:30 p.m. Sunday to end one of the most enjoyable of the senior activities. (Anyone wanna buy a stalactite?)

returning lettermen. These men all saw action in several games this year and are expected to bolster next years team. Catcher and clean-up man Derral Davis will return as will pitchers Howard Wells and Harbord Cox. First sacker Jim Parker will again don the Harvester uniforms and fielders Jimmy Hyatt, Richard Cook, Don Thut and utility man Thurman Weathered will return to the PHS nine.

One Pampa High athlete that will be missed next year is Jimmy Howard. Howard was a mainstay of last seasons "B" basketball team and was also a member of the Harvester basketball team. Howard is only a sophomore but is moving to Texas City this summer.

Well, with this little bit of information, I hope that I have given you a vague idea of how the athletic picture will look for dear old PHS next year. Beginning next September, all past records will be forgotten and only the future will lie in waiting...so, let's wait for next year and then...

## Sanders Is Active In Two Publications

Business manager of the Little Harvester, Harvester Football team attendant and Quill and Scroll president are the activities in which June Sanders has participated. She was born June 9, 1930 in Shamrock. She has majored in English, history, math and science and attended schools in Shamrock, Kennel, Mo., and Pampa.

With a major in math and science, Jimmie Savage has not decided what college to attend. Jim was born on August 29, 1947, in Paducah and has been in the band for four years. She has attended only PHS.

With plans to attend Texas University, Buddy Sawyer is completing his final year in Pampa High with majors in English, history, and math. Buddy has attended only Pampa schools and lists as his hobbies, boxing and racing cars. He was born in this city November 30, 1929.

Texas Tech will be the college Bill Largent will attend after graduation. He was born September 18, 1929, at Hereford. He has attended schools in California and Pampa. Besides majoring in math, English, and science, his activities include football, basketball, and dancing class. Bill's likes are hunting, fishing, and cars.

Spearman was the birthplace of Shirley Leflet. She has majored in math and likes sports of all types. The college of Shirley's choice is Amarillo Business College.

Billy McArthur was born in Pampa on September 15, 1929. Math and science are his major. His activities include band and Georgia basketball. He plans to attend Texas Tech.

A career in professional scouting and physical education are the plans of Ann McNamara who was born in Amarillo on November 27, 1929. Ann is a member of the National Honor society and her hobbies are photography, writing letters, and sports of all kinds. She plans to attend Our Lady of Xavier in Leavenworth, Kansas.

George Parks, Jr. lists Phillips as the place and December 24, 1907, the date of his beginning. Seniors, Okla., and Pampa and will attend Oklahoma University. George has majored in English, science, and math. His hobbies are wood work and mechanical drawing.

Letter writing and swimming are the hobbies of blonda Norma Parks. Born in Bartlesville, Okla., March 25, 1930, she has attended schools in Pampa only. Her activities are: Latin Club, FHA reporter, Prairie Gold staff '47, tennis and basketball. She plans to attend Draughton's Business College in preparation for a career in stenography.

## Dallas' Festival Leads Year's Choir Activities

The A Cappella choir has had a year of busy activities and trips. Its main trip was to Dallas to the Highlander festival April 22-24.

Another trip the choir made was to Canyon to attend the annual music contest. It received a second division rating.

The choir has sung for the Lions, Rotary and Kiwanis clubs. It has also performed for one school assembly program and participated in the Spring Festival held annually. Its last performance for this year will be for Vesper services tonight.

Singing, sometimes separately and sometimes with the choir, were the boys' quartet, composed of Don Lane, Frank Green, Jack McPeak and Don Thut, and the girls' sextet, made up of Carol Culberson, Betty Prigmore, Barbara Carlson, Hilda Burden, Barbara Walters and Margaret Price. Accompanists for the choir were Hilda Burden and Barbara Walter. Miss Hart Anderson was the director.

### THE DRILLER'S LOG

By KEN BENNETT

A news release from the Texas Company announces the appointment of A. E. Willig to the newly appointed post of superintendent of gas and gasoline plants, West Texas Division, Producing Department, of the Texas Company.

Mr. Willig, formerly a division engineer, has supervision of all gas operations in the vast area of West Texas, North Texas, the Panhandle and New Mexico. His headquarters will be in Fort Worth.

The Cities Service Oil Company Public Relations Department informs us that service awards were awarded on Friday evening, May 14, in Pampa in recognition of long-time service with that company.

Recognized were two employees having 25 years continuous service, one having 20 years service, one with 15 years service, and one having completed 10 years service. Arrangements for the local celebration were made by C. F. Conover and C. E. Powell, Frank Perry of Bartlesville, Okla., was the featured speaker and also made the presentation awards. Receivers of the 25-year award were Kerby Regan and W. M. Murphy; C. E. Powell received the 20-year green-barred service award; O. E. Hussa was awarded the 15-year white bar; Nelson B. Potter was presented the 10-year blue bar award.

cerned. No less authority than Judge Olin Culberston, of the Texas State Railroad Commission, expressed the prediction that the tests going on east and north of Pampa would result in a new field eventually. Judge Culberston made this statement at an informal meeting of oil men in the Palm Room during the past week. Gene Howe, president-publisher of the Amarillo News Globe, better known as "Die Truck" in one of his columns this week also expressed an opinion of things to come in this area. He suggested that young men would find Pampa a good place to start in a business career. I am also informed that no less a personage than Anton Carter, the Fort Worth publisher, has an immense interest in this part of the country and is investing heavily in royalty.

**CABOT Carbon Copy:** R. A. Baker, shop manager, and O. M. Prigmore, purchasing agent and office manager, went to Chicago to attend American Managers Association meeting the 13th and 14th. R. A. Baker will go from there to Tulsa to spend the week at the Oil Exposition. The big Beechcraft took six of Cabot's shop supervisors yesterday to the Exposition. Cabot, by-the-way, has an exhibit of pumping equipment at the exposition. This new product has been in the experimental field for some time and consists of rubber bearing on the beam instead of the old type metal bearing. This new Cabot development will be on the market in the near future. Incidentally, another load of Cabot men will fly to Tulsa in the middle of the week. Included will be Gene Green, Hugh Burdette, and Louis Cabot. Louis Cabot has as his guest John Bradley, of Baton Rouge, La., son of Ralph Bradley, Cabot vice president.

**SHELLINGS:** J. A. Nichols, superintendent of Plant 15, and Reuel Casey, chemical engineer of Plant 17, left Friday for the oil show. Other Shell men to go

## Nineteen Notices of Intent to Drill Filed With Commission

Nineteen new notices of intent to drill were filed at the local Oil and Gas Office of the State Railroad Commission during the past week, officials reported yesterday.

Hutchinson County again dominated new activity having listed twelve of the new locations: Gray County listed three new filings, Sherman County two, and Carson and Moore County each listed one.

One well was reported to be deepened in Hutchinson County.

### INTENTION TO DRILL:

**Carson County** — Hagy, Harrington & Marsh, Frank Burgin No. 1, I & GN Survey, 2310' from N and E lines Sec. 122, Blk. 7, 9 miles S of White Deer.

**Gray County** — Magnolia Petroleum Company, J. B. Morse from E 990' from S lines Sec. 67, Blk. 25, 12 miles N of McLean.

**Phillips Petroleum Company**, Phillips No. 1, H & GN Survey, 1632' from S and 330' from E lines Sec. 85, Blk. 3-2, 9 1/2 miles SE of Pampa. The Texas Company, J. B. Barrett No. 8, I & GN Survey, 1050' from S and 990' from E lines NW-4 Sec. 130, Blk. 3, 4 1/2 miles SW of Pampa.

**Moore County** — Kerr-McGee Oil Industries, Inc., Elgin No. 1, H. E. Ashbrook Survey, 1320' from N and E lines Sec. 16, Blk. M-2, 1-4 mile S of Etter.

**Hutchinson County** — Crealene Oil Company, R. C. Kay No. 7, TWNG Survey, 330' from E and 2870' from N lines of lease in Saturday included Ray Johnson, district engineer; R. H. Miller, field foreman; J. W. Swygart, district superintendent. All will return Wednesday. G. M. Walker, clerk-chemist of the Gasoline Department, and H. L. Dulaney, chief clerk of production office, spent Wednesday, Thursday, and Friday in Wichita Falls attending a conference of chief clerks. J. M. Cochran, who spent several days in this area inspecting Shell automotive equipment, has returned to Wichita Falls.

Not sleek but HUMBLE news. Phil Harvey, district chief clerk, is spending a week of his vacation time at home redecorating. David Reigel, Humble mechanic, is also spending a few vacation days in house repairing.

**SINCLAIR** airings. Construction has begun on the new tool and warehouse at the Merten Camp to replace the ones recently destroyed by fire. George Hendrix, pumper of the Cooper Lease of Skelly, is on a three-weeks vacation. Samuel LeBaron, roustabout of the Pampa Camp, is on a two-weeks vacation. He will visit in Tylet, Texas, his former home.

**PLAYTHING TO INVENTION** Sir William Crookes, British physicist, produced the first electron tube in 1878. The so-called Crookes, or cathode ray, tube was looked upon only as a "scientific plaything" then, but it led to the invention of the X-ray machine 1895 and still later, became the "eye" of television.

## Skelton Reports Texas Oil News

By MAX B. SKELTON  
HOUSTON —(AP)— Natural gas is a booming postwar business.

New areas are rapidly being introduced to natural gas and the Federal Power Commission is flooded with requests for extension of pipe line facilities.

Immediately after the war, when the government-constructed Big and Little Inch pipe lines were in the process of being converted to natural gas lines, there was much opposition, particularly in Pennsylvania, to expansion of the natural gas industry.

Expansion plans, however, have received support from a variety of sources in recent weeks, including a House armed services sub-committee and the president of the American Gas Association.

The subcommittee, investigating the relationship between war and national defense, reported last week that increased use of natural gas "is the quickest and cheapest method immediately available to reduce domestic consumption of petroleum."

Internationally, P. M. ex. the Mexican government petroleum monopoly, has reported discovery of a new gas and distillate field in Northeast Mexico. A test well near Reynosa reportedly showed a 42-foot gas-impregnated sand layer at a depth of 8,940 feet.

In London, labor members of the House of Commons warned that the "Middle East is a political oil volcano which can start World War III in five to 15 years if matters continue to drift."

The Labor Party spokesman said "the United States wastes more oil than any other country in the world" and "it is incredible that a country which owns some 80 percent of the world's oil resources is, owing to wasteful production and wasteful methods, becoming a net importer of oil and had to go to the Middle East."

They called for a joint Anglo-American oil policy for the Middle East to replace "the present jungle law of oil companies."

**State Notes:** Stockholders of Texon Oil and Land Company, Group No. 1 Oil Corp., and Group No. 2 Oil Corp., have approved an agreement of merger of the three companies into the Continental Oil Company.

Texas & Pacific Railway reports that its tank car loadings for crude oil from new West Texas fields have increased by 114,081 cars since the movement began in April last year.

Sinclair Oil Corp., and the Oil Workers International Union, CIO, have agreed to a 17 1/2 cent hourly increase in wages for 9000 employees. Industry officials were noncommittal on the agreement becoming a pattern, but a Houston official of the union predicted such would be the case although other oil companies reportedly are well under the 17 1/2 cent figure.

The New Mexico state land

commissioner has announced plans for recommending a 800 barrel daily allowance for Mid-Continent Petroleum's new wildcat well in northeastern Lea County, near the Texas border. The well, drilled to 12,215 tested 4,000 barrels a day on a six-hour test.

BATHS, FISHING TRIPS, CROWING ROOSTERS
FINALLY WORE HIM DOWN-BUT HE'S TAKING A LAST STRUGGLE FOR A COME BACK. HE'S TRYING TO SELL PROPERTY TODAY - - -

"Pops I'm tired-in fact I'm so tired I'm going to let Mrs. Stroup and Mrs. Coffin at the newspaper figure out the heading for this ad-I don't see why I have to work as hard as I do-seems like they ought to be something else that I could make a living at, and not work 24 hours every day-just to show you how busy I am, take my hair as an instance-I try to get a haircut about once a month, and I also have my shoes shined at the same time-have you noticed my hair lately-and my shoes-it's disgraceful-I'm two weeks overtime right now, and it may be another week more before I can get in John Tate's chair-I can remember when I had time enough, to get one every 2 weeks, but that was before they started charging 15 cents-as far as I'm concerned though, I get about as much out of a 75 center, as I used to get out of a 40 center-I just have them cut off extra short-about the only inconvenience I can tell is the way my hat fits-I bought a brand new hat year before last and I timed myself to buy it just before I had a haircut, and I bought it 2 sizes too big-I'm not sure when I put it on my little wife just made the remark that my head was either getting bigger, or I needed a haircut-Oh well-people of mind is worth something-15 cents is still 75 cents in my books.

Do you need a larger home-I have the beautiful Claude Lawrence home for sale-its located at 421 North Gray, and you know what a good location this is-people on this street just don't sell out-this 8 room home and basement is located on a 100 foot corner lot-we want 16,800 for this home with the full 100 ft., or Claude will make a deal with you to reserve about 22 ft. and pay 3000 for it-this is one of the best buys in Pampa the way real estate is selling now-the only reason Claude is even offering it for sale is an account they would like to have a smaller home-its just too big for them now.

Have you seen the beautiful antique desk Harold Miller has for sale down at the Pampa Office Supply-this is a beautiful piece of furniture, it is made of rose wood and the price is very reasonable, as he is offering it, for the balance of this month, for only \$175.00.
Who is this Pex of Pampa, and why don't she sign what she writes-is she on the pay-roll, or does she have to spend her own money like you-when you go to do something about the society here in Pampa-I always did like to read the social page.

I guess you hear Harry Kelley every morning over the Duncan Radio Station trading program at 7:30-he's getting so corny that I'm about half ashamed to turn my radio on-if he insults any of you people, pay no attention to him-I've got to where I hate to walk down the street anymore-I guess he's making plenty of money though-I got to figuring up the other day, and it would be cheaper to buy some of the lost articles new, rather than have him announce it over the radio-they charge me by the minute now.

It looks like we're getting bigger and bigger every day-we've added a retail merchandise department to our office-if this goes over with a bang we may enlarge it considerably and add something else in the department-what we have now is a card with 11 Handy Hangers on it-we sold one to George Inman and from the last report he's very well satisfied with his purchase-this handy little Handy Hanger is a contraption made of pure aluminum, and its made to fit in any car-its made especially to hang clothes on-for instance if you are riding along in your car, and the weather is hot and you want to pull off your coat, all you've got to do is pull it off and hang it up instead of throwing it in the back seat-this keeps it from getting wrinkled-I think its one of the biggest inventions since the telephone-and it's installed-in fact its just what the name implies-if interested in this latest of modern conveniences better be down early Monday morning, as its just like I say-we only have 31 left.

And now I have an important announcement to make in regard to a change of policy in my business-I am going to handle exclusive listings only-and the reason for this is, that I think I can do a better job in selling your property for you-it is my honest opinion, gained from the experience that I have learned, since opening my office here in Pampa, that an exclusive listing, in the hands of a reputable Real Estate broker, is better for the owner-better for the buyer, and better for the broker that is handling your property-say your name is Mr. Jones, and you've been thinking of selling your property-and we'll say a friend has recommended that you talk to me in regard to selling this property-you give me a ring and I came out-and we go over the property that you are fixing to sell-we talk it over, even to agreeing on a price that we think it will sell for-in fact we take everything into consideration-even to advertising or not advertising-then you decide that you want me to handle the deal-I then take a listing on it for one day, 30 or 60 days, or whatever we agree on-I start to work-if at the end of say 10 days I'm not having any luck in moving this property, if its agreeable with you I call in some more brokers to help me out-if its not sold by the time my contract runs out, we've either got it too high, or its unsalable-anyway I'm going to try it out, as I think its the only way an up-to-date and coming Real Estate business should be run.

When you read this to Church-you'll feel better the rest of the day.
