

COLOMBIA REVOLT BREAKS UP CONFERENCE

From start to finish, the All American Soap Box Derby at Akron, to be held this year Aug. 15, is one of the most thrilling spectacles in the country. Top picture shows start of a typical heat; center, three contestants run neck and neck, midway down the track; bottom, the exciting finish of the 1947 championship heat.

DERBY WILL BE HELD JULY 25

The All-American Soap Box Derby will be held here July 25 and an open invitation is being extended to boys between the ages of 10 to 16 to register and get their rules books at Culberson Chevrolet Company.

The event, the sixth time to be held here, is sponsored by the Pampa Daily News, the Lions Club and Chevrolet Division of General Motors.

Clean-Up Week Slated

The week of April 26 to 30 has been set aside as "Clean-Up Week" in Pampa, according to plans formulated by five civic and service clubs at a joint meeting in the Chamber of Commerce rooms in the City Hall yesterday morning.

Four of the groups divided the four wards of the city among them, and each club will have charge of the campaign in its ward. The Rotary Club has ward one; the Junior Chamber of Commerce, ward two; the Kiwanis Club, ward three; and the Lions, ward four. The senior chamber of commerce will help whenever needed.

In addition to a beautifying measure, the campaign will also serve as a health and sanitation program. Immediately after the clean-up drive is over, the city will use its new DDT fog applicator in all the streets and alleys of the city to eliminate flies and mosquitoes.

The new street sweeper delivered to the city this week will begin operation tomorrow, and, by the end of the month, all the streets of Pampa should be well cleaned and orderly.

Private trucks and drivers will be used to collect the trash and the city will donate the necessary helpers on the trucks for the labor. Plans will be worked out later on the best places to leave trash to be picked up.

Three bins will not be picked up as part of this campaign because of the additional time required to haul away such large loads.

Another meeting will be held tomorrow at 5 p. m. in the Chamber of Commerce room, and committees will be named and the next stages in the campaign will be definitely planned.

It was suggested that an advisory committee be appointed to plan a uniform garbage disposal ordinance for the city.

Today

102nd Day of the Year
The American statesman and orator, Henry Clay, was born on this day in 1797.
Kingsley, American lawyer and Supreme Court Justice, was born on this day in 1824.
50th anniversary of Quentin Reynolds, noted editor and author of "Look for the Day."
Billie for today: "We know that we have passed from death into life because we love the brethren."

Martin Calls Coal Strike Peace Parley

WASHINGTON (AP)—House Speaker Martin yesterday predicted quick settlement of the coal strike, perhaps by Tuesday, after arranging a peace parley between John L. Lewis and a mine operators' representative.

Attorney General Clark announced, nevertheless, that the government will proceed with its contempt case against Lewis Monday, even if the strike is settled then.

Plans for Rodeo Made By Directors

The board of directors of the Top of Texas Rodeo, Horse Show, and Fair Association met in the Chamber of Commerce rooms in the City Hall Thursday night to perfect plans for the rodeo and horse show to be held at the rodeo grounds August 4 to 7 inclusive.

A contract was made with Goal Mayo, Petrolia, Tex., for the rodeo stock to be used. Mayo has supplied the stock for the past three shows.

Prize money and entrance fees for the rodeo events were set up as follows: entrance fee for the calf roping contest is \$15, with prizes of \$25, \$35, \$45, and \$15 for the first four places.

Prizes for the saddle bronc contest are \$50, \$35, \$20, and \$10, with a \$10 entrance fee. The entrance fees for the bareback bronc and bull riding contest are also \$10 with prizes of \$40, \$30, \$20, and \$10 each.

Five for entering the bull dogging contest with prizes of \$50, \$40, \$30, and \$10.

The double midget contest requires an entrance fee of \$15, and the prizes set up are \$75, \$55, \$35, and \$15 for the first four places.

One half of these entrance fees will be added back as prize money.

The details of the cutting horse contest have not yet been fully worked out, but it was suggested that an entrance fee of \$15 be charged, and all entrance fees will be divided on the basis of 1st place, 40 percent, 2nd, 30 percent, 3rd, 20 percent, and 4th, 10 percent of total entrance fees.

The final details of this event will be worked out later.

Both the American and National Quarter Horse associations will hold shows of their breeds during the fair. The American show will be held on Aug. 4 and 5, and the National show on the 6th and 7th.

The Palomino and kid pony shows will be held the evening of Aug. 3. Dr. E. M. Brown is chairman of the Palomino and Quarter horse shows; Quentin Williams is in charge of the American quarter horse show, and Leo Eby, secretary of the Pampa Roping Club, has charge of the kid pony show.

E. O. Wedgeworth, chairman of the special attractions committee, announced that the Hardin-Simmons University Cowboy Band will play for the whole show.

Another attraction will be a sheep dog demonstration by Dewey M. Jontz and his Working Border Collies, showing how a sheep dog can cut out and corral a given number of sheep.

Man Injured in Fall From Car

Lawrence Gilleland, of White Deer, was injured when he fell from an automobile in front of the Magnolia Service Station in White Deer Friday night.

Apparently Gilleland was either hanging to the side of the car, or was seated next to the door, and he lost his hold as it went around the corner.

He was taken to White Deer Hospital in a Clegg Funeral Home ambulance. His physician said he suffered a large laceration beneath the right eye, bruises and abrasions of the face and scalp, and a mild concussion. His general condition was described as satisfactory.

Robbery Victim Sister of Pampan

Mrs. Vance Swann, the Paducah, Ky., sister of Pampan, was bound and gagged Wednesday night and robbed of an estimated \$1,000 in diamond rings, a sister of Mrs. Henry Butler of this city, it was learned yesterday.

Mrs. Butler, who at Paducah is a sister of a man who was known to be in the house where the robbery occurred, said in a letter to The News that she would return to Pampa within a few days, accompanied by her sister, who will visit here with her.

The robbers have not been apprehended, according to the latest press reports.

Reports Made on City Departments

A total of \$316.65 was collected during March for gas, plumbing, electrical, and building inspections.

W. H. Brook, inspector of the city engineering department, said that there were 162 permits issued, of which 37 were for sewer and water tap inspections, for which no charge was made.

Ten gas and 20 plumbing inspections were made, and \$12 and \$74.80 was collected in fees, respectively. The fees for the 92 electrical inspections totaled \$179.25, and the fees for the 43 building inspections came to \$150.

Beag front end alignment, complete brake service, Pampa Safety Lane, 511 S. Chuyler, Ph. 101-adv.

Third Pampan Entering Race For Judgeship

E. E. Ferrell, Pampa real estate man, today announced his candidacy for the office of county judge, bringing to three the number of contestants for that office.

Already in the race are Bruce Parker and John Pitts.

James A. Hopkins' announcement for reelection to the office of county commissioner, Precinct 1, and Carl Boston's withdrawal from the commissioner's race in Precinct 2 were the developments in an otherwise dull week of politics.

Mr. Ferrell, in his paid announcement in The News, said he was running for his own office and qualifications and sponsored by any organization of his kind, and because I believe I am qualified to fill the place and because I need the money.

A resident of the county for 22 years, he has a wife and one granddaughter. He has had 20 years' experience in the lumber and construction business, he said.

He sets forth in detail the planks of his platform.

Inherent Commissioner Hopkins said in a paid ad that if he were elected, "I shall continue a policy of efficiency and economy in our county government. I submit to the voters of this county my record vote as a commissioner in support of these principles."

Mr. Boston's withdrawal from the race was reported in POLITICS, Page 12.

Oil Well Cable Breaks, Takes Worker's Life

Russell R. Mackie, 37, a resident of Pampa for the past 28 years, died at 8:15 last night from injuries received while working on his first four on the Johnny Valmore Lease west of town.

The accident occurred about 7 p. m. on the lease operated by the R. B. Ringle Oil Company. Mackie was employed by Lester Jones, contractor.

Apparently a drilling cable either broke or became slackened, throwing Mackie against an oil well jack behind him.

Mackie was born March 2, 1911, in Catawba, N. C. He is survived by his mother, Mrs. Mary J. Mackie; Pampa, by four brothers, Hazel, John, Ed and Buck, all of Pampa; and by two sisters, Mrs. Daisy Lee of Hereford, Texas, and Mrs. Bertha Husted, Pampa.

Funeral services will be held at 2 p. m. tomorrow at Duendel-Carmichael Funeral Chapel, and burial will be in Fairview Cemetery.

Wind, Dust Plague Panhandle Area

Heavy gusts of wind yesterday reached velocities of 40 miles per hour at times, and the dust in the air kept visibility to less than five miles most of the day.

The general direction of the wind was westerly, but a change in speed was 30 miles per hour and the dust storm was fairly well localized in this section of the Panhandle. There was some wind and dust as far west as north as Loswell, N. M., and Pueblo, Colo.

Toward evening the wind died down to around 15 to 20 miles per hour and cleared toward the southwest, with almost no dust.

Many farmers in this area expressed concern. Several of them said that their needed rain badly, and that the wind was drying the surface and blowing it away.

The Weather Bureau reported last night that there was no prospect of rain in the immediate future.

Weimhold Heads Press Association

At the conclusion of the 29th annual convention of the Panhandle Press Association in Amarillo yesterday, new officers for the coming year were elected.

Forest Weimhold, of the Hackberry County Herald, former vice president, succeeded J. C. Phillips, publisher of the Forger News-Herald, as president of the association.

Allegretto, general manager of the Amarillo Globe News, was elected vice president, and Clyde Wasonok, publisher of the Canyon News, was re-elected secretary and treasurer.

There were 408 Panhandle journalists registered for the convention at the Herring Hotel this year.

City Development Board Will Meet

The regular monthly meeting of the Board of Directors of the Board of City Development will meet in the banquet room of the Court House Cafe tomorrow noon.

Joe Key, president of the Chamber of Commerce, urges all members to be present, since there are many problems to be discussed, he said.

Four Communist Leaders Arrested

Latin American diplomats in Bogota reported Saturday night that President Mariano Ospina Perez remained in control of revolt-torn Colombia.

Ospina Perez proclaimed martial law to smash a revolution that caused bloody rioting in Bogota and forced the 21-nation Inter-American Conference there into recess.

500 Persons Expected at 2-Day Meet

Under the protecting guns of the Colombian Army 100 Americans, including delegates to the conference, were removed to safety from the embassy offices in the downtown area of the Capital.

The revolt had apparent repercussions in other South American countries.

Paraguay police at Asuncion said they searched a Communist coup with the arrest of four Communist leaders having rifles and grenades in their possession.

The Paraguayan police said the coup was linked with similar moves in other countries aimed at interfering with the Inter-American Conference. Strong condemnations of communism have come from conference delegates, and it was expected to adopt some kind of anti-Communist action.

Colombian police announced a roundup of Communists who were suspected of complicity in alleged plans for a May Day coup against the government. Ten persons, including women, were reported under arrest.

Direct press communications were lacking with the Colombian capital throughout Saturday. American newspaper correspondents were filing reports on the situation over facilities of the State Department in Washington. Other advisers were picked up in government-controlled radio broadcasts from Colombia, and in dispatches from South American capitals able to get through a rare telephone call to the Colombian capital.

American correspondents in Bogota reported through State Department facilities that shortly after the American coup was announced the embassy was being shelled by a new firing boom out in the area.

But there were indications this did not prevent a renewal of violence similar to that of Friday night in which at least 35 buildings were sacked and burned and 10 persons, according to the newspaper El Tiempo were killed.

The assassination of liberal opposition leader Jorge Eliecer Gaitan at all the slaying. The American correspondents said an air of uncertainty prevailed in Bogota.

Drive Set For Concert Membership

The fifth annual membership campaign of the Pampa Community Concert Association will begin tomorrow evening with a dinner in the Palm Room of the City Hall when members will receive their supplies and instructions.

Donovan Witham, of Chicago, representing the Community Concert Service, will speak. He will also remain in Pampa until the drive closes at noon next Saturday, April 17, then prospective members will be audited and artists for the season will be selected at a meeting of the officers in the City Commission rooms.

Under the rules of the organization at least three concerts must be guaranteed. The association has four outstanding artists to be featured in a concert by the Dallas Symphony Orchestra, it was announced today.

The Pampa association is one of 800 similar organizations in the United States and Canada, which bring outstanding artists to the smaller communities at a fraction of the cost necessary in the metropolitan areas.

This plan performs a twofold service for audiences and artists. It guarantees performances by persons of exceptional skill and makes the risk of poor attendance and inadequate income from the artists by guaranteeing a fixed fee in advance.

It also does away with continuous ticket-selling. Since all local officers and workers donate their services, expenses of the organization are at a minimum. Season tickets for adults can thus be sold at \$6, and at \$3 for students.

Last year the membership of the Pampa association, including members from nearby towns, was 1,052. Since the seating capacity of the Junior High School Auditorium is only 1,197, Mrs. Carl I. Wright, secretary of the association, suggests that members buy their tickets early to avoid disappointment.

This year's series of concerts will begin sometime in late October or early November. Headquarters for the membership campaign will be in the Southwestern Public Service building, 321 N. Ballard. Representatives of the association will be there from 9 to 5 daily, Tuesday through Friday, and until noon Saturdays.

Mrs. E. E. McKernan, president of the association, is general chairman of the drive, and Mrs. Wright has charge of the campaign headquarters.

Russia Uses Veto Again

LAKE SUCCESS (AP)—Russia used the veto for the 23rd time yesterday to block a new western power attempt to get Italy into the United Nations.

Five additional Soviet vetoes were averted, when the Security Council decided it would be useless to continue voting at this time on the other applicants.

All these applicants had been rejected previously, five by Soviet vetoes and five by failure to get the necessary seven affirmative votes.

The council agreed to report to the General Assembly that the applications had been reconsidered but that none of the 11 delegates had changed his position since last year.

The 10 applicants are Ireland, Portugal, Trinidad, Finland, and Austria, all previously vetoed either once or twice. Hungary, Romania, Bulgaria, Albania and Outer Mongolia.

The council opened its morning session by approving the application of Hungary by vote of 10 to 4, with Argentina abstaining. Britain's confirmation by the General Assembly as the 58th member of the U. N. appeared assured.

The vote on Italy was 9 to 2, Russia and the Soviet Ukraine cast the negative votes.

Band Inspection Today Cancelled

A scheduled inspection and rehearsal of the Senior High School Band, to be this afternoon, has been cancelled.

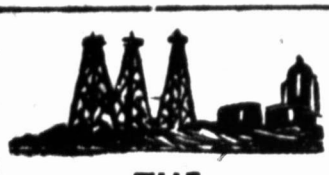

The inspection and rehearsal was announced by school officials, will be held Monday afternoon instead.

THE DRILLER'S LOG

By Ken Bennett

The Jenkie is dead! Long live the Jenkie! Born amid lots of excitement and speculation the Jenkie lived to experience many a trial and test. Her endurance seemed bent toward making her a product of history, but when she came in contact with a granite wall she was forced to cease further aggression and withdrew into her reclusion.

Only a few persons were acquainted with her for her life was crowded with secrecy. There were many rumors about her, many of which were well founded, but in the end death came quietly and unheralded. Not that her spirit would live for it seems that Jenkie gave evidence of many an interesting new career.

It will probably be a long time before a full history about her past will be recorded, and it must be said, in her favor, that many people who followed her life while she was the talk of the county will be interested in hearing factual news from her diary. Strangely enough, there was no evident mourning at her passing.

Closest relatives, the Phillips Petroleum Company, and Bob Campbell, upon whose land the Jenkie was silently laid to rest, had little to say about the final ceremony. Mr. Campbell was heard to say that her passing came as no surprise to him and that he felt the experience which she had gone through would mean a lot to the rest of the world if all the facts were known. He also had no regrets for he felt that the water well left in place to the Jenkie would keep forever green the April with once was felt throughout the area.

The only living relative of the Jenkie, a stepmother, Mrs. A. B. Caruth, No. 1, had no comment to make other than to say that she hoped to make more of her life than the Jenkie had been able to. And so as the men said as they poured the concrete into the Jenkie's final resting place. The Jenkie is dead! Long live the Jenkie!

Inscribed on her last will and testament left with the Railroad Commission are these words: "Plugged and abandoned at 31780 feet."

The oil industry has been well known for its products recently it learned of a new laurel. Larry Snyder, of Shell Oil, was nominated as the model husband in a recent contest held in a local theatre. For this award, his wife was given a \$12.50 gift. Larry said he felt very proud of the credit given him until he found out in the dictionary that a model was only a small imitation of the real thing.

Incidentally there was a meeting of the Pampa Head-Quarters of Shell superintendents of the North Texas Division which began last Tuesday at an Anna Hotel. The meeting con-

tinued through Wednesday. In attendance at the meeting were J. W. Roche, division manager; E. F. McGeehan, division chief clerk; S. B. Deal, drilling foreman; H. O. Riark, district superintendent of Wichita Falls; E. R. Sherry, district superintendent of Graham, Texas; J. W. Swygart, district superintendent of the Pampa area, was the host.

Beginning tomorrow night and continuing through the 14th Shell will be conducting first and second meetings for production men in the Pampa Junior High Auditorium. J. B. Hynal, of the U. S. Bureau of Mines, will conduct the meetings, assisted by E. J. Laidler, Shell district engineer.

Starting Shell gas tester returned yesterday from a three-day business trip to Wichita Falls.

Humble offices were pretty well deserted this past week, with Phil Harvey, chief clerk. Benjamin gang puncher, W. E. Jordan, gang puncher, R. W. Moore, assistant chief clerk, W. E. Dean, district superintendent, and W. E. Coop, team boss, attending a meeting in Wichita Falls. The meeting began Wednesday and ended Friday.

We were promised a complete story from Fletcher Kennedy, of Standard, on the Standard party held Friday night. Until since nothing was turned in to us, we hope to have it by next Sunday so as to be able to bring you the story. I would also like to urge the other companies to be sure and turn in what local news they can for this column. I would appreciate it very much and I'm sure the people who do read this column would, too.

Humble Oil Plans Building Projects

HOUSTON, Tex.—The Humble Oil and Refining Company yesterday announced a direct proposal to boost its capital stock to \$147,000,000 and to spend \$14,000,000 for new facilities this year. Capital stock now is \$300,000,000.

The company said it is not planned to increase the number of shares of common stock.

A major portion of the investments will be in new wells and in plant facilities to conserve natural gas, the company announced.

Humble's policy of reinvesting a substantial part of its earnings, the prepared statement said, has increased its net book investment in fixed assets to more than \$480,000,000.

The plan to increase capital stock was decided by the board of directors in order that the total may represent more nearly the net book investment in fixed assets.

The directors will make their recommendation for increasing the stock at a May 10 stockholders meeting.

Everyone is beginning to wonder whether the mechanized farmer, when the crash comes, will stand the smash as well as the farmer of earlier days who used hogan last Tuesday at an Anna Hotel. The meeting con-

Oil News

Pampa News, Sunday, April 11, 1948

Fifteen Notices of Intent to Drill Filed With Commission

Fifteen notices of intent to drill were filed at the local oil and gas office of the State Railroad Commission during the past week. The notices were filed as follows:

Hutchinson County and Gray County. Sherman County reported two, and Dawson County one.

Notices to deepen (wells were reported on one well in Hutchinson County and one well was reported plugged in Collinsworth County.

Notices of Intent to Drill

Hutchinson County. Baker and Co. No. 2, W. E. Survey, 330 feet from N and E lines SW 4, Block 2, 1/2 mile W of White Deer, 1/2 mile S of Pampa.

Hutchinson County. Apache Oil & Gas Company, No. 1, Whittensburg Survey, 330 feet from N and E lines SW 4, Block 2, 1/2 mile S of Pampa.

Hutchinson County. Phillips Petroleum Company, No. 1, W. E. Survey, 330 feet from N and E lines SW 4, Block 2, 1/2 mile W of White Deer, 1/2 mile S of Pampa.

Hutchinson County. Phillips Petroleum Company, No. 1, W. E. Survey, 330 feet from N and E lines SW 4, Block 2, 1/2 mile W of White Deer, 1/2 mile S of Pampa.

Hutchinson County. Phillips Petroleum Company, No. 1, W. E. Survey, 330 feet from N and E lines SW 4, Block 2, 1/2 mile W of White Deer, 1/2 mile S of Pampa.

Hutchinson County. Phillips Petroleum Company, No. 1, W. E. Survey, 330 feet from N and E lines SW 4, Block 2, 1/2 mile W of White Deer, 1/2 mile S of Pampa.

Area Reports Completions

Six new oil wells were completed in this area during the past week according to a report from the local office of the Railroad Commission.

Gray County led in completions this past week having reported four of the six completions. The other two completions listed were in Hutchinson County.

Three new gas completions were reported, one in Pottawatomie County and two in Sherman County.

Gray County

Crete Production Co., No. 1, Merten, located 330 feet from N and 990 feet from east lines of SW 4 of Section 87, Block 3, 1/2 mile W of Pampa. Survey tested 31 barrels of oil in a 24 hour test. Top of pay 3985 feet. Total depth 3225 feet.

Crete Production Co., No. 2, C. W. Saunders, located 330 feet from W and 255 feet from S line of S 20 acres of W-2 SE 4 of Section 81, Block 3, 1/2 mile W of Pampa. Survey tested 30 barrels of oil in a 24 hour test. Top of pay 3220 feet. Total depth 3225 feet.

Bell Oil and Gas Co., No. 5, Bell O., located 330 feet from N and 330 feet from E lines of NE 4 of Section 75, Block 2, 1/2 mile W of Pampa. Survey tested 30 barrels of oil in a 24 hour test. Top of pay 2265 feet. Total depth 2542 feet.

R. L. Hoover, No. 2, J. B. Barrett, located 990 feet from W and 330 feet from S line of N 2 of NE 4 of Section 130, Block 2, 1/2 mile W of Pampa. Survey tested 74 barrels of oil in a 24 hour test. Top of pay not listed. Total depth 3265 feet.

Hutchinson County

Phillips Petroleum Co., No. 2, P. Stevens, located 2310 feet from N and 990 feet from S 2 of Section 72, Block 46, H & TC Survey, tested 74 barrels of oil in a 24 hour test. Top of pay 2720 feet. Total depth 2845 feet.

Crete Production Co., and F. W. Dye, No. 14, Harvey Sisters, located 330 feet from E lines and 800 feet from S lines of SW 4 of Section 71, Block 2, HE & WT Survey, tested 24 hours, results not listed. Top of pay 2993 feet. Total depth 3045 feet.

New Gas Completions

Pottawatomie County—Canadian River Gas Company, Masterson No. A-9, Section 38, Block 47, H & TC Survey, Potential 48,000 MCF. Rock Pressure 321.

Sherman County—Magnolia Petroleum Company, Mattie Crowe No. 1, Section 373, Block 1-T, T & NO Survey, Potential 20,000 MCF. Rock Pressure 415.

Sherman County—Phillips Petroleum Company, Louise No. 1, Section 250, Block 1-T, T & NO Survey, Potential 38,000 MCF. Rock Pressure 424.

U. S. Asks for More Latin American Oil

BOGOTA, Colombia (AP)—The United States officials said today that they were asking Latin America to help overcome a critical shortage.

She is interested in reaching a sound economic agreement in the current Ninth Pan American Conference here in an effort to make Latin America suppliers, they said.

The U. S. now depends heavily upon middle eastern countries for oil. Informants said, however, that political difficulties in that area and the lack of economical transportation facilities, work against boosting Middle East production.

The U. S. Government was reported to have advised Latin American of this situation and asked that exploration be made for new petroleum sources.

Mexico, Venezuela and Colombia now are the leading Latin American oil producers. U. S. Officials believe other American Republics offer good possibilities.

"The Mexican Government has informed the U. S. that if machinery is made available, the oil output there will be raised considerably."

I still believe we can get world peace. We must have it because we can't afford to destroy the whole world in another war.

President Truman.

Letter Will Be Published

A letter Bob Oden wrote to the Daily Oklahoman has been requested for publication in "The Yearbook—The Yearbook of Public Opinion," New York, it was learned from his parents, Mr. and Mrs. Farris Oden, of this city.

The letter, which appeared in the Daily Oklahoman on Feb. 8, is desired for reprint. "The Yearbook" officials said, "because we believe your opinion on this topic is stimulating and worthy of a larger audience."

The letter, entitled "No Co-operation," reads:

"The reason that leaders of this country are making very little progress today is because they are fighting with words. When President Truman tries to tell Congress of world conditions, especially European, and what he thinks should be done, instead of taking his ideas into consideration of them only on a political basis, as good material for a political campaign. Instead of trying to agree, and accomplish something for the good of humanity, they disagree, because they are of different political parties."

"I do not think that we go in for more democracy; we have what used to be a democracy, and it has lost its true meaning to the nation as a whole. With a democratic form of government, the people have control. Today the people could exercise control, but are too apathetic. Therefore, a group of men in Washington tell us what to do when we, the people, should be telling them what to do. No nation can progress without cooperation and action. Neither the people nor the leaders are cooperating or taking action, and we will not advance until we do."

Bob Oden, a Freshman at the University of Oklahoma, is 13 years old.

On Canadian and U. S. railroads, a freight train and a passenger train start their run every five seconds of the day.

Skelton Reviews Texas Oil News

By MAX B. SKELTON
HOUSTON, Tex. (AP)—Hot summer months just ahead present no problem but the oil industry is wondering just how well the nation is going to keep warm next winter.

There is a great difference of opinion.

R. S. Bohn, president of the Oil Heat Institute, predicts 350,000 additional oil-burning furnaces can be installed for next winter without overtaxing oil supplies.

William J. Murray, member of the Texas Railroad Commission, warns that home owners installing new oil heating facilities "will be running the risk of staying cold, because the oil won't be available to burn."

Bohn estimates 800,000 burner units and 1,800,000 space heaters were installed last year.

Russel D. Brown, general council for the Independent Petroleum Association of America, says, however, the postwar surge in buying oil burning heaters has subsided to a normal rate.

W. T. Holliday, president of Standard Oil Company of Ohio,

would solve the matter by having recently installed oil burning facilities converted back to other fuels.

"He believes petroleum products should be used wholly for internal combustion units and not for heat. The oil industry's becoming a 'two-fuel' industry," he says, "is one of the primary factors leading to current shortages."

"The industry could have met the demand for gasoline after the war with ease," he stated, "but the rapid conversion to oil heaters was made without heating unit manufacturers looking back to see where the supply of fuel could be obtained."

Both the American Petroleum Institute and the Oil and Gas Journal list increases in daily crude oil production averages for the week ending April 3, but warnings of trouble ahead came from other sources.

Secretary of Interior Julius Krug warned the Senate Small Business Committee that present drains on oil wells in some areas is so high it endangers future production.

Murray, speaking before the Western Petroleum Refiners Association convention, predicted Texas proration allowances

will be reduced shortly.

"The Texas Commissioner said evidence collected so far in commission hearings designed to establish new maximum efficiency ratios for all of the state's oil fields indicates a 'downward trend.'"

The hearings are to continue until late this month.

API's latest daily crude production report for the nation totals 5,588,700 barrels, an increase of 11,450 daily over the week ending March 27 and comparable to 4,891,600 a year earlier.

The Oil and Gas Journal estimates of 5,402,985 daily, represents an increase of only 4495 barrels daily.

Gasoline production was estimated by API at 15,850,000 barrels daily, as compared to 15,783,000 the previous week and 14,342,000 the same week last year.

Prospects appear brighter on the international picture for the return of American oil companies to Mexico.

At least four companies are reported to be negotiating to accept a recent Mexican Government offer to prospect for oil there and develop any new fields under government lease.

The offer was made after a 10-year ban on American operations in Mexico.

From Singapore comes a report that oil production in the Shell group of the Netherlands East Indies and British Borneo has been restored to approximately one-half of the prewar output of 7,000,000 metric tons.

State notes: New wells drilled in California during the first three months of the year totaled 150 more than the same period last year. Production tests are underway at Stanolind's Number 1 Briscoe Well, Grady County, Okla., which tested 66.12 barrels of oil in five hours from a sand zone tentatively set at 13,573 to 14,192 feet, with total depth at 15,184, a new Oklahoma depth record. Congress has approved legislation authorizing Montana, North and South Dakota and Washington full control over leasing of state lands for oil and gas production. Long expected explorations in Western Tennessee is about to begin, with geophysical work already underway.

German Reich In West Seen As Necessity

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

The idea of creating a new German Reich out of the three western zones of Allied occupation gathers momentum as it becomes increasingly clear that Russia has sealed off and assumed permanent control of Eastern Germany.

Further striking indication of this trend comes from a speech delivered before the German State Legislature in the British Zone by General Sir Brian Robertson, the military governor. Speaking with the personal approval of British Foreign Secretary Bevin, we are authoritatively informed, Sir Brian said:

"Come forward determined to make the best of that larger part of your country which is on the right side of the iron curtain. Make up your minds to stand against those gentlemen who, with democracy on their lips and truncheons behind their backs, would filch your German freedom from you."

Well, that's plain talk. The general didn't mean Communists specifically but there's no doubt that he was talking about them and was advising the Germans to reconcile themselves to losing Russian-occupied Eastern Germany, together with their capital, at least for the time being. And so I pointed out in a previous column, the inability to reconstitute the country with Berlin as the capital is a major tragedy to the people, not only for sentimental reasons but because it is one of the world's greatest cities and is the hub of European rail transport.

While Sir Brian was making this significant declaration, Aurice Couve de Murville, distinguished French negotiator for German affairs, arrived in Berlin to be the guest of General Lucius Clay, commander of the American Zone. Weis Gallagher, AP chief of bureau in Berlin, tells us that De Murville's trip is interpreted in authoritative quarters as a move to remove the difficulties in way of a merger of the French with the British and American Zones. The latter two already have established politico-economic cooperation.

If the western Allies decide to combine their three zones, the new Reich will have a population of about 43,800,000 as against some 20,732,000 in the Russian Zone. And because of the split, there will have to be a sweeping and arduous readjustment of the economy of both sections.

Before World War II, only the United States and Russia had more railway mileage than Canada.

Judge Grants Four Divorces

Four divorces, and one suit for removal of disability were granted by Judge Lewis M. Goodrich in District Court Friday.

Mary Virginia Newberry was granted her divorce from Clifton F. Newberry on charges of cruelty. They were married in Nov. 1944 and separated Mar., 1945.

Robert C. Ward, who was married to Muri Ward in April, 1945 and separated in June of the same year, was granted a divorce on charges of cruelty.

Billy J. Lightfoot was granted a divorce from Lee Lightfoot on

charges of cruelty. They were married in Nov., 1947, and separated in Jan., 1948.

Dwinnna Hamrick Sallee was granted a divorce from E. M. Sallee on charges of cruelty. They were married in January and separated in Sept., 1947.

Pampa News, Sunday, April 11, 1948 PAGE 9

A suit, asking removal of disability in the case of N. L. "Buddy" Roland, was granted.

Greeks to Study Radar in Britain

ATHENS (AP)—Within the next two months the Greek navy plans to send a maximum of 20 naval officers to study radar, gunnery, torpedo and electronics in Great Britain.

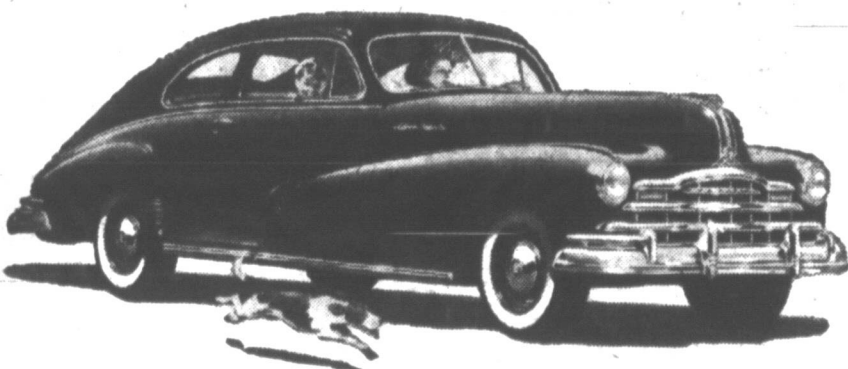

Capt. George L. Shane of Cornell, N. Y., chief staff officer of the Navy group of the American Mission for Aid to Greece, says the applicants will be selected with the advice of the British naval mission.

The trainees will be dispatched to Great Britain rather than to the U. S., because most ships in the Greek fleet are British.

PONTIAC

A FINE CAR
MADE EVEN FINER

For all "one-car" families

For the family which has but one motor car—Pontiac is an extremely wise choice.

First, it is big and beautiful. You can drive it anywhere, any time, with the certain knowledge that it will be admired.

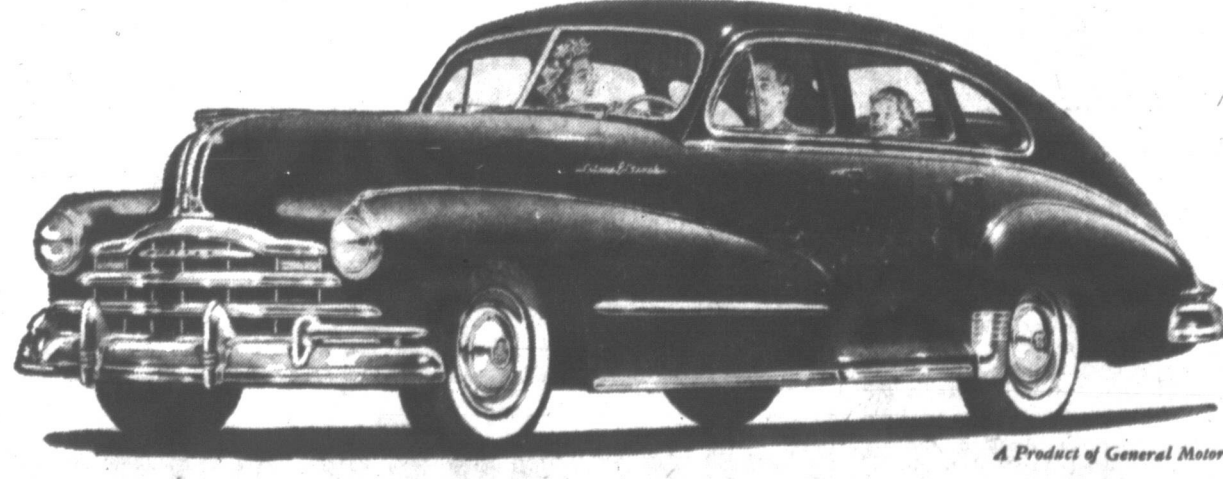

It also gives you the comfort you want, and need. It is safe, too—because it has big, sturdy brakes—and remarkable balance on turns and curves. It provides the performance luxury of General Motors

Hydra-Matic Drive*. It is quick and nimble, easy to steer and park—a feature especially appreciated by women. And it is very economical—just as economical, in fact, as any car you can buy.

It is a rare car, indeed, which can offer all these qualities—every one of which is so necessary if a car is to meet the needs of an entire family. Because Pontiac does offer them, it is becoming the choice of more and more people every day.

ONLY PONTIAC HAS ALL THESE FAMOUS FEATURES

New Silver Streak Design • Uniflex Body by Fisher • No-Draft Ventilation • Shockproof Knee-Action • Triple-Cushioned Ride • Smooth and Economical Six and Eight Cylinder L-Head Engines • Scotch-Mist Quick Warm-Up • Manifold • Gaselector • Vacuum Spark Control • Full-Pressure Metered-Flow Lubrication • Multi-Seal Hydraulic Brakes • True-Arc Safety Steering

Kiwanians Are Unwilling Hosts to Local Lions Club

The Kiwanis Club was the unwilling host to the Pampa Lions Club at noon Friday. A Kiwanian investigation of un-American activities was heard by a reliable witness to say that was not their name, but rather what they were doing, when they said they won a recent attendance contest between the two clubs.

With a good deal of levity interspersing, the meeting was conducted jointly by Kiwanis Pres. Lieb Langston and Acting Pres. Jimmie McCune. Pres. Clarence Kennedy was not present. Kiwanians wondered why.

K. C. Watkins, Kiwanian tried at first to lead the Kiwanis members in singing "Smiles," but the Lions wouldn't be quiet; then he tried to lead the entire group but with no success because the Lions could not carry a tune.

The only quiet moments during the program came during the prayer (by Kiwanian Clyde Smith) and the pledge to the flag. (It was said the Lions were quiet then only because they had been

week, in which a boy was injured near Baker school, just serves to point out, Jones said, the great need for more efficient safety habits and control measures for both adults and school children.

Before the meeting was over, each member of both clubs pledged himself to a more careful observance of traffic rules and speed limits.

Jones, who has been the spearhead of the organization, said if citizens would talk safety, it would not be long before motorists would automatically slow when they came within the restricted zones.

(City Editor's Note: This was written by Kiwanian J. L. Swindle who has seen and read the journalist's creed against slanted stories.)

PAINT JOB INCREASES TEACHERS' WORK

CHICAGO — (AP) — The St. Louis school in suburban Wilmette is bright and so, it seems, are the children.

The place has a new paint job. Walls are pale yellow, baby blue and other pastel hues. The black-board is dark green and the chalk is yellow.

There's an entirely different attitude now," says Gordon Walker, an instructor. "There's no late afternoon left-down. The kids stay awake and always are ready for something. Of course, that makes the teacher's job a little harder."

Infant Dies in Local Hospital

Gerry Lynn Hall, infant daughter of Mr. and Mrs. Chester C. Hall, 1317 E. Frederic, died at 6:45 p. m. yesterday at a local hospital. The child had been afflicted with intestinal obstruction.

Surviving besides the parents is one brother, Lanny Ray. Gerry Lynn was born Sept. 15, 1947, at Yates Center, Kans., where funeral rites will be held Monday afternoon at 2. The child will be buried there.

Duenkel-Carmichael service.

Ten More Street Lights Installed

Ten more street lights were installed in Pampa during March, according to an agreement and contract with the Southwestern Public Service Company.

A total of 70 lights have been set up since the program began last September.

The lights installed in March were on Duncan at Harvester, Kentucky, Pennsylvania, and Louisiana; on Garland at Louisiana and Kentucky; on Starkweather at Louisiana, Kentucky, and Terrace; and on Kentucky and Terrace.

California Leads In Hunting Accidents

SACRAMENTO — (AP) — California broke its own record and led all states in 1947 with 18 killed and 32 wounded in hunting accidents.

Director Emil Ott, Jr., says hunting casualties for 1948 may be even higher unless hunters are more careful.

He says education is the answer. He notes only one veteran of World War II was on the 1947 list.

There is one mile of railroad in Canada for every 290 persons, and one mile for every 990 persons in the United States.

James A. Hopkins Seeks Re-election to Commissioner Post

James A. Hopkins has authorized The Pampa News to announce his candidacy for re-election to the office of County Commissioner, Precinct 3, subject to the Democratic Primary.

Mr. Hopkins said:

"If re-elected for a second term I shall continue a policy of efficiency and economy in our County government. I submit to the voters of this County my record as a commissioner in support of these principles. I hope to have the opportunity of seeing every voter in my Precinct before election day, and I certainly wish to express to all of the citizens of Gray County my appreciation for the courtesy and favor they have shown me in the past."

Ferrell Announces For County Judge

B. E. Ferrell today authorized The Pampa News to announce his candidacy for the office of County Judge, subject to the Democratic Primary election.

Mr. Ferrell said:

"I am making this race solely on my own merit and qualifications, and am not sponsored by any organization of any kind. I am asking for the office because I believe I am qualified to fill the place and because I need the income. I have been a citizen of Gray County twelve years. I have a wife and one granddaughter. I have had more than twenty years experience in the lumber and construction business.

"If the people see fit to elect me it will be my policy to cooperate with the county commissioners in all matters brought before the court in a manner that will promote progress and at the same time guard the interests of the taxpayers. To cooperate with all officers of the county, and the different cities of the county, to the fullest of my ability to the end that we may make of Gray County a better place to live and raise a family; to give to each and every person who comes into the office courteous treatment and due consideration regardless of the merit of their problem, or their color or station in life to the end that the affairs of the office may be conducted for the benefit of all the people of Gray County; to cooperate with our juvenile officer to the fullest of my ability to the end that Gray County may not have to send a single youth to the reform school or any other penal institution; to go into office free from any obligations to any one, except an obligation to the entire population of Gray County, to use my best efforts to further the welfare of all the people, and last but not least to devote my time to the affairs of the office.

"I submit this, my platform, and candidacy to the will of the people in the Democratic Primary.

Jester to Give Views on Texas Delegates at Fort Worth Feed

By BO BYERS
 AUSTIN —(P)— Gov. Beauford H. Jester has promised to make clear his views on what it would mean if Texas sends an un-instructed delegation to the National Democratic Convention.
 Jester and officials of the State Executive Committee, the Young Democrats of Texas and the Association of County Democratic Chairmen have been urging an un-instructed delegation.
 "I'll make my position clear when they hold the big barbecue at Fort Worth," Jester said at a press conference. He said the Executive Committee should also clarify.
 The barbecue costing \$5 per plate will be held April 20. Truman Democrats will compete by offering a free barbecue at Waco the same day.
 Reporters tried to pin the Governor down to an immediate explanation.
 "Do you think Texas will support Truman if he is nominated?" a reporter asked.
 "That's the sixty-four dollar question," Jester replied.
 Would the Texas delegation bolt the convention if the nomination

went to Truman?
 "Where would they bolt to?" parried the Governor.
 The possibility of a continued boom for Eisenhower was mentioned, but Jester's only comment was:
 "I think Eisenhower is doing the wise thing for a man in his position."
 Jester said an un-instructed delegation should pick out a presidential nominee "who best conforms to the philosophy of the State Democratic Party as expressed at the state convention."
 The Governor was asked this specific question by The Associated Press after the press conference:
 "Did you mean you will clarify your position on what an un-instructed delegation should do, or did you mean you will clarify whether Texas should bolt the party or support Truman if he is nominated?"
 "I meant I will clarify what I expect of an un-instructed delegation. I'll leave it to others to speculate on what I might say. That's all I'm going to say now," Jester replied.
 "A majority of the people in Texas favor an un-instructed delegation," he told reporters, basing his remark on what people have told him or written him.
 "Most of the people who write in don't like the idea of this federal civil rights program," he commented.
 Jester said he had rejected the request of a 39-man legislators delegation for a seven-day special session to enact a presidential preference primary law. Such law would permit Texas voters to indicate their preference for the presidential nomination prior to the national convention.
 Precinct, county and state conventions—usually attended by only a small percentage of the voting public—determine the state's presidential favorite when there is an un-instructed delegation.
 Whether this would hold true with an un-instructed delegation is one of the hot points of debate between Democratic factions in Texas.
 Jester killed the special session

Personalized With Polka Dots

Here's Polka Dot Queen Chill Williams in her new foreign-made polka-dotted roadster in Hollywood. Chill, a sports car enthusiast, requested that the British automobile be personalized and this is what she got.

idea presented by Rep. Frank Oltorf of Marlin and others after polling opinion of the 64-man state Democratic Executive Committee. Chairman Robert W. Calvert told him 23 of 26 members who have replied, were against the session.
 Two were for and three were undecided. Jester said in a letter to Oltorf. The Governor said he did not know the names of the two who favored a special session.
 Opponents to calling the Legislature to Austin for seven days said there would not be enough time to analyze and consider such a change in party policy. Jester wrote to Oltorf. They also raised the objection there would not be time for county committees to raise funds to hold preference primaries.
 "May I suggest to those who signed the petition, and who will return to the Legislature at the 21st session next January, that this might be a proper subject for legislation at that session," Jester wrote.
 Commenting on the Governor's letter, Oltorf said later:
 "I'm sorry the Governor and the Executive Committee feel this way. I believe the job could be done in two days. But I'm glad to know the Governor thinks the preference primary is a good idea. We will certainly work on a bill for the regular session."

CASTLE OF SARGANS TO BE RESTORED
 SARGANS, Switzerland —(P)— The Swiss Castle Society is planning the restoration of the rear section of the Castle of Sargans. This section collapsed some 80 years ago. The castle belonged to the counts of Toggenburg about 500 years ago.

A Weak, Run-Down Feeling Is Often A Warning That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and off color?
 Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.
 To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special potent activating ingredients.
 Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—Blue gelatin with gas, bloating and give off that sour food taste.
 Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

GM GENERAL MOTORS HYDRA-MATIC DRIVE

THE FUTURAMIC WAY TO DRIVE!

JUST STEP ON THE GAS... AND Whirlaway!

It's tomorrow's kind of driving... in tomorrow's kind of car!

There's no clutch pushing, no gear shifting, when you go the Futuramic, Hydra-Matic way. For an extra burst of pick-up, just step all the way down on the accelerator. WHIRLAWAY does the rest... shooting you ahead with an instant flood of power. It's perfect for passing... ideal for hills... vital for emergencies!

The Oldsmobile "98" is far ahead of the times in ultra-modern design, too. It's new! It's different! It's FUTURAMIC!

TOWLE STERLING

The signature of Distinction in Sterling

TOWLE is the precious *solid* silver that is true to craft traditions begun back in 1690 by the old master silversmiths! Come see this traditional artistry reflected in every graceful pattern, every shining piece. Yet for all its noble heritage, you'll find that Towle Sterling is not expensive.

All patterns can be purchased on a complete **OPEN STOCK** basis.

HEREWITH
twelve beautiful reasons why we are proud to add distinctive Towle Sterling to our long line of world-famous names:

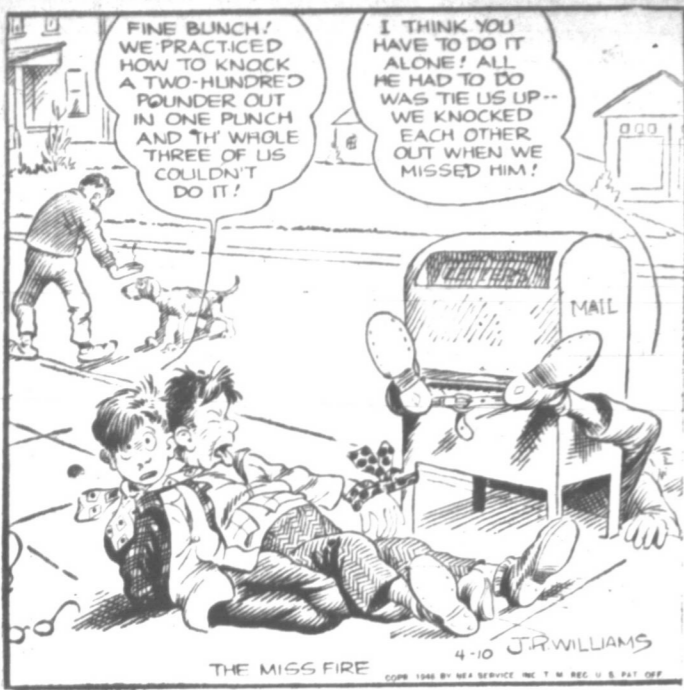

- | | |
|---|---|
| CANDLELIGHT — delicately formal, a pattern to make every meal a festive occasion 22.50 | OLD MIRROR — lovely reflection of a gracious manner of living, a perfect frame for your monogram 22.50 |
| CRAFTSMAN — for the woman whose taste is swift and sure, the almost hand-crafted look of clean-cut <i>solid</i> silver . . . 23.50 | CHIPPENDALE — traditional charm with the studied simplicity that is completely modern 22.50 |
| OLD MASTER — graceful curves, exquisite detail, a pattern of Renaissance richness for a modern table 23.50 | RAMBLER ROSE — for the young in heart, exquisitely modeled rose pattern, bordered with gleaming panels . . . 22.50 |
| SILVER FLUTES — just one long graceful series of light-reflecting planes and curves, a dinner table's Magic Touch . . . 22.50 | CASCADE — the rippling beauty of a waterfall edging a shaft as shining and calm as a mountain pool 22.50 |
| OLD LACE — dainty as a lace-lavished hanky, for the woman who will be eternally feminine 22.50 | LOUIS XIV — utter magnificence for formal or informal entertaining, with a unique contrasting lustre 22.50 |
| OLD COLONIAL — reminiscent of days of the minuet, but with the depth that only modern craftsmen could achieve . . . 23.50 | ROYAL WINDSOR — a pattern in royal tradition, fanning out to a design of the crown of the Royal House of Windsor . . . 22.50 |

Prices shown are for six-piece place settings (each consisting of knife, fork, teaspoon, salad fork, cream soup spoon, butter spreader) and include Federal Tax.

MORE THAN \$500,000 PAID FOR DALLAS BASEBALL CLUB

Yorker Grabs Lead, Harbert 2 Under Total

DALLAS—(AP)—Richard W. Burnett, wealthy Gladeview, Texas, oil man, has bought the Dallas Baseball Club at the largest price ever paid for a franchise in the Class AA Texas League.

The deal will be completed Tuesday and will make Burnett the operator of more baseball holdings than any other person in Texas. Specific figures were withheld, but Burnett paid more than \$500,000 for the Dallas properties. The purchase has been in the process of negotiation for more than 10 days.

Announcement of the transaction was made jointly by Burnett and George Schepps, president of the Dallas club who will remain for an indefinite period, but without contract at present, as business manager.

Burnett acquires full title, debt-free, to the franchise to operate a baseball team in Dallas and the territory protected by the laws of organized baseball; ownership of all players that now are the property of the Dallas club here, at Austin in the Big State League, at Lubbock of the West Texas-New Mexico League and at Odessa of the Longhorn League under working agreements, which Burnett will continue and the lease on Rebel Stadium in Dallas, which has eight seasons to run.

The Gladeview man already owns the Texarkana Club of the Big State League. His son-in-law, Ralph Weiser, is business manager at Texarkana.

The deal, transferring the Dallas franchise to Burnett, will become official on the very eve of the opening of the Texas League race. At midnight Tuesday, Burnett steps in as Dallas' new owner.

Wednesday night Burnett will see his ball club open the season against Tulsa. The Rebels will be managed by Jimmy Adair, who is under a one-year contract and will be retained as skipper.

Prentice Wilson, attorney for Burnett, explained the transaction to newsmen, stating that only minor details remained to be worked out. He would not reveal the money involved but said it was a very substantial sum.

Schepps asserted that it would break all records for sale price in this league by a wide margin.

The entire amount is to be paid at the time the transaction is completed Tuesday.

George Schepps owned 805 of the total of 1,500 shares in the Dallas Baseball Club, Inc., bought lock, stock and barrel by the new owner, who retained a percentage at several millions. Others whose interest he acquired in the blanket purchase, were R. J. O'Donnell, vice-president; Julius Schepps, secretary-treasurer, and Dan Rogers, Harry Moran, Hyman Donosky, Mrs. Carl Metzger, Carl Metzger, George Schepps, Jr., H. Nathanson, Jake Goldman, Mrs. Julius Goldman, James K. Wilson, R. H. Majors, Lank Majors, the estate of the late Ralph Thompson, Albert Sumner, John Thorswald, C. Andrade III, Leonard Bradford, Robert Jones and Lawrence Mangold.

They comprised the organization formed for the purchase of the local club from the Dreyfus for an estimated \$200,000 on Oct. 10, 1938.

For Burnett, 80-year-old native of Mineral Wells, Tex., acquisition of the Dallas club marks the realization of an ambition he has harbored several years.

He long has been an enthusiastic lover of baseball and has wanted to own a Texas League franchise. He attempted to buy the San Antonio Club and recently made an offer for purchase of the Shreveport franchise. His offer was not accepted in either instance.

PGA Names Tournery Body For Harlingen

AUGUSTA, Ga.—(AP)—Appointment of a new tournament committee to replace the committee which resigned recently at Harlingen, Tex., was announced Saturday by Ed Dudley, president of the Professional Golfers' Association.

George Schneider, tournament committee chairman since last November, retains the chairmanship, with Dudley, PGA Secretary Joe Novak and Treasurer William W. Witherspoon the other members.

The former committee, made up of players, consisted of Ben Hogan, Jimmy Demaret, Ellisworth Vines, Jimmy Thomson, Lloyd Mangrum and Sam Snead.

Dudley Saturday announced naming of the committee, by letter to the players competing in the Master's Tournament here. Dudley stressed that, as previously announced, the rules of the PGA would prevail except as modified by permissible local rules necessitated by course conditions, that Schneider, as chairman, has complete authority and the backing of the committee and PGA, and that penalties prescribed in the USGA rules and the PGA tournament regulations will be imposed for infractions.

Dudley also said that the new arrangement was discussed with members of the old committee and that PGA officers and that the new plan was approved by that group.

In his letter Dudley said that there was no desire to penalize anyone and that the forming of the new committee did not mean that any players had been guilty of infractions of rules and regulations.

"Nevertheless," he added, "there are several players, whose names are known, whose statements to outsiders have resulted in considerable harm to the association and to the tournament program, and certain other conditions have prevailed during the past several months which have been equally harmful."

It is his duty to decide on his own without perceiving it, as it is difficult to deceive others without their finding it out.

—Roche Foucauld

Oilers in San Angelo for Exhibition, Back April 19

The Pampa Oilers were in San Angelo today, the first stop on a sojourn through the Plains for a series of exhibition games, before they open the regular season here April 21, against the Borger Gassers.

They will also be meeting the Gassers this afternoon at San Angelo. Tomorrow afternoon they will play the San Angelo club.

The Oilers left Pampa Saturday with their first home game tucked away as a victory. They belted out 17 hits in an exhibition game Thursday at the local park, to defeat the Clovis Pioneers, 13 to 2.

After the Monday engagement at San Angelo, Grover Seitz will put his boys up for local approval at Abilene on Tuesday night.

The Oilers will play the Amarillo Gold Sox' fair on April 18 for an afternoon game; the Sox will come to Pampa for the final pre-season warm up game on Monday night, April 19.

Phillips Takes Lead in First Day White Deer Meet

WHITE DEER.—(Special)—Inter-scholastic League contests here Friday in volleyball, tennis, playground ball, and junior track and field events for Class 2A showed Phillips out in front with 38 points.

Perryton scored 20, Canadian 15, Lefort 10, and McLean five.

In Class 3B, White Deer scored 98 points, Panhandle 59, Mobeetie 45, Claude 26, and Groom 20. Because of reclassification of schools according to enrollment, White Deer is competing in Class 3B this year, but was permitted to continue this year in Class 2A in literary events.

In volleyball Class 3B, White Deer defeated Panhandle, 15-6, 15-4, in the finals, after having previously won over Lella Lake, 15-6 and 15-10, in the first round, and over Groom, 15-0 and 15-6, in the second round. Panhandle defeated Groom, 15-13 and 15-2, for third place. Claude had won over Mobeetie, 15-1 and 15-14, in the preliminary round.

Phillips won the title in Class 2A volleyball by defeating Lefors, 15-6 and 15-9, after Lefors had eliminated Perryton, 15-2 and 15-6.

Canadian took the junior track and field meet for Class 2A; and 3B, the rankings were Skellytown, White Deer, Panhandle.

In 3B playground ball were: Senior boys in high school, Claude; Senior girls in high school, Groom; Junior boys in high school, Mobeetie; Junior girls in high school, Mobeetie; town; Junior boys in ward school, Junior boys in ward school, Skelly, Mobeetie.

The 2A tennis winners—David Hummer, Perryton, over James Brook, Phillips, 6-2, 6-3.

Senior boys' doubles—Tommy Pletcher and Jerry Word, Perryton, over James Tipps and Jack Risher, Phillips, 6-2, 6-4.

Senior girls' singles—Annetta Innman, Phillips, over Christine Records, Perryton, 6-2, 6-2.

Senior girls' doubles, Dorothy Faye Young and Charlotte James, Phillips, over Colleen Smith and Donna Clark, Perryton, 6-1, 6-3.

Junior boys' singles—James Reddick, Phillips, over Houston Atwell, McLean, 3-6, 6-1, 6-0.

Junior boys' doubles—McLean won by default.

Winners in 3B tennis were: Senior boys' singles—Joel Wilson, Claude, over Bobby Joe Harbinson, Panhandle, 6-1, 6-4, 6-1. Wilson had defeated Leonard Carnes, Hedley, 6-1; and Harbinson, Harry Buchanan, White Deer, 3-2.

Senior girls' singles—Shirley Davison, White Deer, over Marlene Brown, Panhandle, 6-0. Davison defeated Rita Johnson, Hedley, 6-2; and Brown won her first round by default from Groom.

Senior boys' doubles—Skellon and Farlow, Panhandle, over West and Terry, White Deer, 6-3, 6-4.

West and Terry eliminated Wynn and Procter, Hedley, 6-0; and Skellon and Farlow won by default from Groom.

Senior girls' doubles—Betty Naylor and Edabeth Broadway, Panhandle, over one Powers and Maryann Moot, White Deer, 6-1, 6-2. Naylor and Broadway had won over Bobbie Hall and Anita Bain, Hedley, 6-0; and Powers and Moot won by default from Groom.

Tigers, Yanks Braves Win

MEMPHIS, Tenn.—(AP)—Let down with three scattered hits by Billy Briggs, the Detroit Tigers eked out a 10th inning run Saturday to top the Memphis Chicks of the Southern Association 1 to 0.

Detroit (A) .000 000 000 1-1 3 2
Memphis (SA) .000 000 000 0-0 5 1
10 innings

Trout, Gray (10) and Swift; Briggs and Stephenson.

NEW ORLEANS.—(AP)—Cutting six homers—four of them in a seven-run session, in the second inning of the New York Yankees yesterday beat the Southern Association New Orleans Pelicans, 14 to 1.

N. Y. (A) .070 400 300-14 14 0
N. Olns (SA) .001 000 000-1 6 3
Lopat and Berra; Dietz, Patton (5), Yochim (9) and Dantonio.

COLUMBIA, S. C.—(AP)—Eddie Stanky connected for a pinch single in the last of the tenth inning Saturday to score Danny Litwhiler from third and give the Boston Braves a 3-2 victory over the Cincinnati Reds.

Cincy (N) .200 000 000-2 4 1 0
Boston (N) .001 100 000-1 4 1 0 (10 innings)

Vander Meer, Raffensberger (8) and Mueller; Voiselle, Wright (7), Prendergast (10) and Kerr.

TEXAS LEAGUE PLAY OPENING APRIL 14, RECORD GATE SEEN

8 All-Staters to Play in Big Game at Abilene Aug. 6

DALLAS.—(AP)—The same clubs, the same umpires and the same managers except one will open their season here when the Texas League opens its fifty-third campaign—and the season is expected to follow the same trend of the past two, with record attendance.

President J. Alvin Gardner Saturday forecast more than 2,000,000 paid admissions would be recorded when the 1944 game schedule was played out. The all-time high is 1,948,181, set last year.

Beaumont, as usual, gets the privilege of the first game. The exporters will open with Houston in a day tilt at home. Wednesday night Oklahoma City will be at Fort Worth, Shreveport at San Antonio, and Tulsa at Dallas.

Fort Worth's blustering c-ets have been made favorites in most quarters to lead the season race giving top ratings.

San Antonio will be opening a new park—a park many claim is the finest in the minors. The other clubs will have improved layouts and several have been enlarged.

Fort Worth has increased to 12,500, Houston to 11,500. These two places appear to have the best chance of beating the opening day attendance record of 16,018 set by Fort Worth 18 years ago.

"Fort Worth and San Antonio are rated the strongest clubs at this time," Gardner commented, "but several others, like Houston, Tulsa and Beaumont, will get help from their major league connections and soon they all look good with what they have and what they are bound to get."

Gardner reported that Fort Worth, which has enlarged its park to 12,500 capacity—the largest in the league—was confident it would hit the 400,000 home attendance mark, which would be the record of 382,278 set last year by Houston, which won the pennant and the Dixie series.

Aggies to Seek Their Third Win

COLLEGE STATION.—(AP)—The Texas A & M College golfers will meet the University of Texas team next Friday at the Bryan Country Club.

The Aggies have won their first two matches. Texas Christian fell Friday 4-2, and last week Southern Methodist was blanked, 6-0.

Junior girls' singles—Doris can Winn, Panhandle, over Ernestine Phillips, White Deer, 6-2; Winn had defeated Mary Alice Hunsacker, Hedley, 6-1.

Junior girls' singles—Doris Jean Harbinson and Abene Stovall, Panhandle, over Guyda Batton and Barbara Lewis, White Deer, 6-4; Panhandle had won over Dolores Gunn and Joyce Hill, Hedley, 6-1.

Junior boys' singles—Guy Thornburg, White Deer, over Kirk, Panhandle, 6-2.

Junior boys' doubles—Jackie Freeman and Floyd Travis, White Deer, over Naylor and Martin, Panhandle, 6-2.

Teams Will Play Today

Local Foursome Defeats Amarillo

Four City Softball League teams will test their mettle this afternoon at the Lions Club Park, provided the wind is not too high. Furr Food's team will meet the Jaycees in a practice game at 2 o'clock.

Master Cleaners and Pampa Bus will tangle at 3:30. Games will not be played if the wind is high.

A member of the league said that if there are persons interested in playing on one of the 12 teams in the league, they should contact the team of their choice. There will be a meeting of managers of the teams Wednesday night (7:30) in the City Police Corporation Court Room, City Hall.

It was reported that the field is in good shape, and that workers are preparing to put up lights. Season play will begin May 2.

A Pampa High School foursome eliminated an Amarillo foursome at the Country Club there, in Inter-scholastic League golf yesterday afternoon.

The local four shot 261, against 285 for the host team. The local group will play at Lubbock next Saturday provided there is competition, it was said.

Miss Dorothy Hoyle, physical education instructor at the high school, was instructor for the group, composed of Lois Briscoe, Alma Davis, Betty Noel, and Betty West.

Crayfish eyes are dark at night and light in the daytime.

Rice Sweeps Both Divisions of Meet

HOUSTON.—(AP)—Rice Institute swept both divisions of a Varsity-Freshman Triangular Track and Field Meet here Saturday with Baylor and Southern Methodist.

The Owls, placing first in eight of the 15 events, collected 75 1/2 points to 41 1/2 for Baylor and 35 for Southern Methodist.

Rice's Blue Bolts swept 11 of the 15 events for 69 points in the Freshman Division. Southern Methodist, led by Cleburne Price, was second with 59, followed by Baylor with 22.

Gorin Hurls Texas To 6-1 Victory

AUSTIN.—(AP)—Young Charley Gorin, rapidly becoming the ace of Coach Bibb Falk's mound staff at the University of Texas, made an impressive Southwest Conference pitching debut Saturday in holding TCU to three hits as the Longhorns triumphed, 6-1.

Gorin, willowy sophomore left-hander from Austin, permitted a single to Paul Koch and a double to Billy Beck in the fifth inning for the Frog's lone run. Last year he pitched a no-hitter in the ninth, Brown Chiles singling.

Six bases on balls hurt Gorin, four of them coming at the start of the game, but he settled down in the fourth and gave up only two the rest of the way.

SMU Puts Blinkers On Baylor Bears

DALLAS.—(AP)—Southern Methodist virtually eliminated Baylor from the Southwest Conference Baseball race Saturday by edging the Bears 6-5 on an 11-hit attack.

The Methodists won in the tenth inning when Ernie Hughes slugged a single with Jack Maroney on third. Hughes then made up for three errors he had turned in at second base.

Irwin Kay held Baylor to seven hits.

It was the third straight defeat for the Bears in the conference race.

Houston Succumbs To Card Attack

HOUSTON.—(AP)—Clarence Beers and Al Pappal, who between them won 46 games and pitched Houston to a Texas League championship last year, led the St. Louis Cardinals to a 4-1 victory over their former teammates Saturday.

St. Louis (N) 200 101 000-4 10 1
Houston (TL) 000 100 000-1 4 1

Beers, Pappal (7) and Garagiola, Lehn (7); Bryant, Grimsley (7) and Burmeister.

BOWLING

CABOT WOMEN'S LEAGUE

Spheon won two of three games from Carbolac in Cabot Women's League play at the Pampa Bowl Friday night. Sterling won two of three from the Gastex quint.

In the beginners' class, Stephens had high single game score of 134, and Bednors had the series high, 327.

Cabot won three games against Southwestern Public Service in a makeup game that had been postponed. Bill Loving had the high single score, 221, and May had the series high, 668, which is the high of the season.

The "Stop-at-Nothing" Vehicle the Whole Country Needed—

4-WHEEL-DRIVE UNIVERSAL 'Jeep'

THE UNIVERSAL 'JEEP' is the kind of vehicle this country has needed for forty years. It is a tough, rugged vehicle that can always be depended on to take men and supplies where they are needed.

With selective 2- and 4-wheel drive, the Universal "Jeep" gives speed on hard roads and ability to get over bad roads or travel cross-country. With all four wheels pulling, you go through mud, sand and snow that stops ordinary vehicles. The "Jeep" will climb a 60-per-cent grade and maneuver its way through dense growth.

For every kind of work—on or off the road, in any weather—the Universal "Jeep" measures up to every need. We invite you to drive the "Jeep" fifty miles and see for yourself.

Amarillo First, Harvesters Second in Canyon Contest

CANYON—The Amarillo High School team won first place in the District 1-AA invitation track meet yesterday by racking up a total of 87 1/2 points, while the Pampa Harvesters team came in close behind with 54 1/2 points, for the second place honors.

The two teams were tied until the mile run when Amarillo turned in a time of 3 minutes 45 seconds, to take the lead and win by three points.

Children's came in for third place, with a total of 25 1/2 points, and the Borger Bulldogs ran last with 15 1/2 points.

Pampa's Carl Mayes was once more the man of the day, personally accounting for 20 1/2 points. The reheaded Harvester went to first place in four events—establishing two of the four new records set. Mayes broke the 100 yard dash record of 10.8 with a 10.2. Entering the high jump for the first time, he bettered Randall Clay's 5 feet 8 inches of 1946, with 5 feet 11 inches. Mayes placed first in the 220 dash, and in the broad jump.

Amarillo thinclads accounted for the other new records. James Heffer pole vaulted to the 11 foot mark, the former record being 10 feet 3 inches set by Children's Kitchens in 1945. William Sieber outdistanced the hitherto unbeaten shot put record of 44 feet, 3 inches, turned in by Pampa's Zeke Griffin, with a toss of 46 feet and 11 inches.

The Harvesters brought home a total of eight first places, while the Sandies were able to amass only three blue ribbon winnings. Darrell Davis accounted for top honors in the 120 yard high hurdles, and in the 200 yard low hurdles. A. Z. Griffin exchanged his usual first place in the shot put for the district discus crown. Dan Roche accounted for the eighth and last five points by striding away with an ironman mile. Roche was responsible for the points that brought Pampa into neck-and-neck stretch with the over-loaded Sandies.

Results: 100 yard dash—1st Mayes, Pampa, 10.2; 2nd Murphy, Borger, 3rd, Al-Harrison, Children's, 4th, Newby, Amarillo. (Record: 11.2, 1946.)

200 yard dash—1st Mayes, Pampa, 23.3; 2nd Murphy, Borger, 3rd, Rodgers, Children's, 4th, Kiehl, Pampa. (Record: 22.2, 1946.)

400 yard dash—1st Phillips, Borger, 55.0; 2nd Seiber, Amarillo, 3rd, Cox, Pampa, 4th, Williams, Pampa. (Record: 52.8, 1946.)

800 yard dash—1st T. Rogers, Children's, 2:28; 2nd Bob Phillips, Amarillo, 3rd, McCormick, Amarillo, 4th, Ward, Borger. (Record: 2:26, 1947.)

Mile—1st Roche, Pampa, 5:10; 2nd McCormick, Amarillo, 3rd, Sparksman, Amarillo, 4th, Hatcher, Amarillo. (Record: 5:15, 1945.)

1 1/2 mile relay—1st Children's, 16:5; 2nd Pampa, 3rd, Amarillo, 4th, Borger. (Record: 16:4, 1944.)

3 mile relay—1st Amarillo, 5:41; 2nd Children's, 3rd, Pampa, 4th, Borger. (Record: 5:37, 1946.)

500 yard low hurdles—1st Davis, Pampa, 25.5; 2nd Garner, Amarillo, 3rd, Stockton, Amarillo, 4th, Hoffer, Amarillo. (Record: 24.1, 1943.)

120 yard high hurdles—1st Davis, Pampa, 17; 2nd Garner, Amarillo, 3rd, Farrell, Amarillo, 4th, Hinkle, Pampa. (Record: 16:3, 1946.)

High jump—1st Mayes, Pampa, 5'11"; 2nd Newby, Amarillo, 3rd, Hinkle, Pampa, 4th, Glass, Borger. (Record: 5'8", 1946.)

Pole vault—1st Heffer, Amarillo, 11'0"; 2nd Jones, Children's, 3rd, Kennedy, Pampa, 4th, Glass, Borger. (Record: 10'3", 1946.)

Broad jump—1st Mayes, Pampa, 22'9"; 2nd Clifton, Amarillo, 3rd, Fox, Amarillo, 4th, Jones, Children's. (Record: 21'4", 1943.)

Discus—1st Griffin, Pampa, 120' 2"; 2nd Sparks, Amarillo, 3rd, Seiber, Amarillo, 4th, Kennedy, Pampa. (Record: 112', 1946.)

Shotput—1st Seiber, Amarillo, 41' 7"; 2nd Whitten, Amarillo, 3rd, Cliff, Pampa, 4th, Hood, Children's. (Record: 41'3", 1947.)

Phillies Yet In Market For Hurlers

VALDOSTA, Ga. —(AP)—Ben Chapman still seeks pitching strength as he heads north with the best Philadelphia Phillies club he has managed. They figure to finish anywhere from sixth to eighth in the well-balanced National League.

"I suppose everybody is picking us last again," Chapman said, "and that's all right by me. They'll have to be a lot better than last year to put us in the cellar. This is my best team. Our infield is stronger and we have more speed."

"We didn't finish our trading when we got Dick Sleser from St. Louis to play first base. We're ready to talk business with any club, especially any club that can give us some pitching."

"We ought to have a real race this year. Of course, St. Louis is the team to beat."

Chapman's pitching staff ranges from experienced has-beens to boys just out of college.

Schoolboy Rowe and Dutch Leonard anchor the staff. Young Curt Simmons, the \$65,000 bonus player who won 13 and lost 5 for Wilmington last year, is a definite starter. The speedy southpaw is undertaking a tough job with limited experience but the Phils think he can do it.

Blix Donnelly, the ex-Cardinal who has relieved in Philadelphia, gets a starting chance. So does Walt Dubiel, a former Yankee who was drafted from Seattle after he won 15 in 1947. Robin Roberts, a young right-hander from Michigan State with no pro experience, has a chance.

Oscar Judd and Ken Heintzelman, veteran left handers, will be kept for spot duty with Ed Heuser working in the bullpen.

Non-Swim Suit

But don't get near the water! That warning applies to the case of Mrs. Elaine McLaughlan, wife of a Hollywood, Calif., airline executive, whose \$250 leopard skin bathing suit is non-swimmable. Designed by E. H. Tamarkin, its sole purpose is to permit ample exposure to the sun.

Big Charlie Tatom Earns Superlatives With Speed

AUSTIN —(AP)—In the current flood of superlatives describing athletes in every sport, the University of Texas' Charlie Tatom stands out like a 6-foot-8 sprinter that weighs 208 pounds.

Big Charlie is just that, and because of his speed, no one has ever questioned his title as "the fastest tackle in the United States." With the "fastest" and "best" and "most versatile" titles that are handed out generously today, it's rare to find an undisputed description.

But certainly no rarer than finding a hulking giant of a tackle who's speedy enough to hold his own among Clyde Littlefield's piteous crop of sprinters—the best gathered at one school in a decade.

In the coming Kansas and Drake Relays, Midwesterners will have a chance to see Tatom operate with the Longhorn sprint relay foursomes, both of which have gone unbeaten for two seasons now. Charlie is an alternate on the 460 group and Kansas and Drake.

regular on the 680 team. Last year, he was a starter on both, while the Longhorns raced to victories every time they competed.

Besides alternating at right tackle, Charlie was always in when Texas kicked off, and always in when the Longhorns punted from within their own territory. Amazed halfbacks simply couldn't believe a tackle could get down field so fast.

Tatom was a track and football star at Woodrow Wilson High in Dallas, and came to Texas in 1944. He played end in 1944 and 1945, using his big frame and speed for pass receiving duties. In those wartime days, he anchored Texas' sprint teams.

He went into the Navy briefly (he had been an ROTC trainee here) in 1946, and returned in the Spring of 1947. He showed his speed last Spring, running regularly while Texas took sprint relay championships at Texas, terminate on the 460 group and Kansas and Drake.

Today's Business Mirror

By SAM DAWSON

NEW YORK —(AP)—Business men could see Saturday the rearmament plan taking tangible shape at last in terms of dollars, plants and goods.

Washington moved on four fronts.

It blocked for 30 days the sale of all surplus war plants and machine tools, involving millions of dollars in assets. If the plants are found to have future value to the defense program, they may be sold later but must be kept ready for return to war duty.

Congress is asked to put up \$2,376,100,000 for military aircraft. The plane makers have been counting on just such a proposal to lift them out of the red. The President wants \$725 million of

the amount to be handed over at once, so that the aircraft industry can start swinging into low gear, at least on its climb back.

The shipbuilding industry, also among the ailing, is cheered by word that the President wants \$80 million for new ship construction in 1948. He had asked first for less than \$30 million. The \$80 million will be only a beginning, the administration says, to revive the Merchant Marine—just in case.

Stockpiling and good will share the honors in the fourth move. The President asked Congress for a half billion dollars to lend for industrialization and development of essential war materials in which the United States is running short.

When Secretary of State Marshall had the loan request read in Spanish at the Bogota conference, the delegates from all the other American republics sat on their hands. The stony silence led observers to wonder if the Latins, who have been critical of being left out of ERP, didn't think a mere half billion pretty small of

Halifax for Better Salaries for Clergy

LONDON —(AP)—Lord Halifax has appealed to the membership of the Church of England for larger contributions to boost clergy salaries to a living wage.

In a message sent to the House of Commons, Lord Halifax, in a message sent to the House of Lords, the wartime ambassador to Washington, a lay leader, said postwar living costs "had accentuated the inadequacy of clergy stipends to the point of crisis."

A church spokesman said purpose of Lord Halifax's message was to insure enough funds to raise all ministers' salaries to a minimum of 800 pounds (\$2,000) per year.

LICENSE VIOLATION

One man was fined \$10 for driving an unregistered vehicle, and another was fined the same amount on speeding charges in Justice of the Peace D. R. Henry's court Friday.

In the Navajo Indian tribe, it is impolite to ask a stranger his name because that is his private possession.

Inhale! Exhale! Hep! It's Basic Training

PARRIS ISLAND, S. C. —(AP)—Marine Staff Sgt. Charles C. Allen, drill instructor, is wondering when he'll be hearing from his Congressman.

Sgt. Allen had been accustomed to giving his platoon smoking periods at regular intervals.

All recruits are issued cigarettes in the Post Exchange. After the break for the third such period, one of Allen's recruits came into the drill instructor's room.

"Sir, I smoked two cigarettes, but I just can't smoke this third one."

"Don't you smoke, lad?" the drill instructor asked.

"No sir, but I thought we had to, so I tried them a couple of times."

They call it basic training.

During World War II, traffic on the Great Lakes was about doubled.

Three Men Fined

Three men were fined \$10 each yesterday morning in Corporation Court after pleading guilty to charges of being intoxicated.

Move Over Men; Women Want to Share Your Job

By DOUGLAS LARSEN
NEA Staff Correspondent
WASHINGTON (NEA)—Let's sneak a look at the American woman's future in life.

Just as many women as men will be holding public office, May 15 more.

There will be just as many women as men in business and industry. But all jobs will be divided into two or more parts so the women can share them on a part-time basis. This will be written into union contracts along with the guarantee that a woman will get her job back after she has taken time off to have a baby.

Of course, there will be equal pay for equal work.

All factories and big office buildings will have laundries for the women to wash their clothes during off hours. And there will be miniature department stores available for shopping.

The government will provide nurseries where a mother can file her child while she holds a part-time job.

Public schools will offer courses to men on the responsibilities of marriage, fatherhood, and family life.

Planned parenthood will be the accepted order of the day.

The question of whether a married woman needs a job will never be raised when she looks for work.

Her home will have no kitchen. Food will come in pre-cooked, or it will come up a dumbwaiter from a commercial kitchen in the basement of an apartment building.

There will be no housework for her to do. Squads of specialists, one who only dusts, one who washes windows, one who makes beds, and so on, will come in and do the work in a few minutes.

If she chooses not to handle the mental aspects of raising her children there will be nurseries.

Does that sound a little fantastic? Don't be so sure, brother. One hundred years ago a bunch of determined females got together at Seneca Falls, N. Y., and decided they wanted the right to vote, to hold property, to make contracts, to hold public office and a lot of other things. The naive males of that time said they were fantastic. Well, but the women got what they wanted after. An ditherer no person to believe they're after now.

The new female tools came out of a conference sponsored by the Women's Bureau of the Department of Labor to celebrate the 100th anniversary of the Seneca Falls meeting.

While the Seneca Falls meeting a century ago featured women's struggle for political freedom, today it appears that the American female is more interested in economic freedom.

Delegates from trade unions dominated the celebration conference. They were in dead earnest about wanting rights to part-time work, tax-supported day nurseries, and maternity rights, among other things. The biggest stumbling block, they claim, is the reluctance of male union officials to bargain for such gains.

Mrs. Hugh Butler, wife of a former congressman, and Mrs. Edith M. Stern, a writer, presented the case for streamlined home-making. Mrs. Stern describes her domestic revolution this way:

"We need fewer kitchen gadgets and more services. And 10,000,000 women making 10,000,000 baked potatoes is absurd. The endless procession of household chores is utterly distracting and unnecessary. The mechanical gadget is just the old-fashioned spinning wheel in modern dress."

One delegate was bold enough to suggest that some women get creative satisfaction out of cooking. Mrs. Stern replied:

"Baloney. The worst cooking done in this country is so-called home cooking. The fiction of home cooking being the best came about merely because the food is eaten in the comfort and privacy of the home."

Unlike at the Seneca Falls meeting, no formal declaration of goals was prepared by the delegates to the Washington conference. The idea is for the women to carry back all these ideas to the "grass roots" so all American women would know where they are headed.

This important final suggestion was tossed at the conference:

"If we really get behind these things, it won't be long before the government will be needing a Men's Bureau to fight for their rights."

She may have something there, brother.

About 400 Attend Memorial Services

HIGGINS—About 400 persons were present Friday at the High School Building here for memorial services, conducted by the Salvation Army in memory of those who died here and at Glazier in the tornado a year ago.

Around 85 persons died here and at Glazier in the twister which struck a year ago on Friday.

Following the schoolhouse services, most of the assemblage went to the Higgins Cemetery, where Charles E. Boyd, local Salvation Army Board chairman, laid a wreath on the graves of the local victims.

Cigarette Causes Automobile Fire

The Fire Department was called to 718 N. Frost Friday to put out an automobile fire that was caused by a lighted cigarette butt thrown into the parked car.

No estimate of the damage was available, but the whole front seat will have to be reupholstered.

Fire Chief Ernest Winborne cautions everyone to use care in discarding cigarette and cigar butts. Very serious damage could result from a carelessly tossed cigarette, especially in this region where high winds prevail.

RED SHIP LEAVES WITHOUT MAIL—Sacks of mail, awaiting shipment to Odessa, Russia, stand on a New York pier after longshoremen refused to load cargo aboard the Soviet liner Rossia. The ship was forced to sail without 5,000 sacks of mail and 1,500 tons of industrial machinery originally earmarked for her hold.

Mission of Mad Modelers Is Members; Public Is Invited to Have Look-In

Texas Today
By WILLIAM C. BARNARD
Associated Press Staff

Harold V. Ratliff, hard-writing, cigar-chewing, sports editor for The Associated Press in Texas dove into the Metropolitan Opera social swim in Dallas last night—fully dressed in a snappy tan coat with brown pants.

It was opera opening night, the biggest culture night of the Dallas year—the night all the minks meet at the tables and talk about the emeralds, diamonds and orchid night.

Sure, Harold was there. There on a dare. We picked him up at a bowling alley where he was a member of an International Women's Bowling Contest.

"Maybe I should have worn my tux," Harold said comfortably "but I'd have been out of place wearing a darned tux at a bowling alley. I'd have been embarrassed."

He found his seat in a bower of orchids, the funeral perfume wafted to his nostrils—and he stared straight ahead at the ears of the woman in front of him—each ear toted a four-carat diamond.

"Carries her own landing lights," Harold whispered.

He looked at the program of the opera—The Masked Ball by Verdi—and studied the story.

"This is a lousy plot," he commented. "Only Disney could do anything with corn like this."

We told him that Met singers wouldn't need microphones and amplifiers.

"That's what I was afraid of," he replied.

The performance began. Harold fanned himself with the program through the first act and made no comment. As the second act began, we took him backstage. He was chewing his cigar, and the man at the stage door told him: "If you value your life, hide that cigar when you go in."

Ratliff put the cigar in his pocket. Singers look businesslike and a little bored in the wings. Harold noted a fellow who sat near the lighting switches with music on a stand before him, giving directions to the electricians while the orchestra played out front.

"What's he doing?" Ratliff asked Herbert Graf, the stage manager.

"He watches the score and keeps the electricians in line," Graf whispered.

"Oh, I get it," Ratliff roared. "He's the scorekeeper."

Screams of "quiet!" came from all sides and Harold for a moment was the center of attention.

He walked over to a performer in a red soldier's uniform.

"What kind of cigar do you have, buddy?" Harold asked interestedly.

"I don't sing much," said the man.

"You're in the Metropolitan, aren't you?"

"No," the fellow replied. "I'm a Dallas bank clerk. I came out here tonight to take tickets at the door and they put me in this uniform because they need someone in the second act to walk out on the stage and carry off a chair."

"Are you nervous?"

"Well, it's a pretty quiet place," Harold wandered out the rear of the stage, lit his cigar and sauntered up to a couple of women in hoopskirts, members of the Met chorus.

One was Maria Avellis, native of Berlin, and the other was Olga Shalit, once of London.

"Are those false eyelashes you're wearing?" Harold asked Miss Avellis.

"Yes," she said, picking off one of the eyelashes. "do you want one?"

"Put it back or take the other one off," he said. "You look lopsided." Miss Avellis quickly replaced the eyelash.

"This opera is about Sweden and they're singing in Italian in front of an American audience," Harold said. "Why don't they sing English?"

"You wouldn't understand it anyway."

"Are you temperamental people?" Harold asked.

"No," said Miss Shalit. "Just normal people with voices."

Ratliff learned that Miss Avellis had never seen a football game. She learned that he had never seen a soccer game.

Harold said he liked the last act, "especially those fine costumes."

After it was over, he said: "When they make a movie of that, I want to see it."

Wheat is grown in all 48 American states.

Mad Modelers, an organization of model aircraft designers, will hold a meeting at the City Commission Room Wednesday night at 7:30 to take in more members.

The organization, composed of six members at this time, hopes to expand its ranks, it was announced yesterday.

A spokesman said the group, members of which are licensed by the National Aeronautics Association, is primarily interested in control line modelers, but it was said other modelers are invited to attend, as are persons merely interested in model-building.

Members of Mad Modelers work at their homes during the week, but usually on Saturday night they assemble at the workshop at the home of Pascal Massey, 420 Pitts.

Although individuals may be members of NAA, they cannot become affiliated as a chapter, or club, until a minimum number of members is attained. That is the aim at this time, it was said.

Warning Issued on Trash Barrel Fires

Fire Chief Ernest Winborne said yesterday that many persons have begun the habit of burning trash in barrels or drums in the alleys behind their houses.

This practice represents a very serious fire hazard, he said, particularly in this season of high winds. The Fire Department has been making as many as a half dozen runs a day just to extinguish grass fires that were started by burning trash.

According to Navajo Indian beliefs, a person who lives in a house where another person has died will himself die.

April Cancer Control Month

The month of April has been designated as Cancer Control Month in Pampa by a proclamation signed by Mayor C. A. Huff.

According to the proclamation, both President Truman and Governor Beauford H. Jester have designated this month for this purpose.

One out of every three persons who now die from cancer could have been saved through early detection, and it has been demonstrated that the death rate from this disease could be reduced by an informed public and existing medical skill, the proclamation reads.

The American Cancer Society, Texas division, is the recognized organization in this state primarily devoted to research in cancer.

"Therefore," the proclamation reads, "it is requested that all individuals, businesses, and organizations in this city support fully the American Cancer Society's program of cancer research, education, and service."

POLITICS

(Continued from page 1)

The Precinct 2 commissioner's post still leaves a full field. Seeking the office now held by Wade Thomasson, not a candidate, are Nat Lunsford, Z. H. (Pop) Mundy, Clyde Organ, E. C. Schaffner, W. A. Noland, J. W. (Bull) Graham, Bertie Vaughn, and Irvin Cole.

Ice closes major Great Lakes traffic about four months a year.

DERBY

(Continued from Page 9)

price of the wheels and axles will be \$10.95.

After the rules are learned, the next step in signing the car is a good idea to draw a working diagram of the car on paper, so that you will have something to follow when you start the work.

Visit lumber yards to find used woods which can be used for your racer. Explain your problems to the lumber dealers and they will, in most cases, help you find just what you need.

Your big brother can give you some advice and a few pointers on how to build your car, but his help must be advice only. This goes for dad, too, or for grown-up friends. They may not help build the car.

Mother might help, too, by donating some material and stuffing for upholstering the car. Upholstering is an important job, because a special award is given for the best-upholstered car.

A grand prize locally for the winner is the handsome N. Dreystadt Trophy, the gift of Chevrolet. But perhaps even more important, this city's representative in the national championship races of the All-American Soap Box Derby in Akron, Aug. 15. He will be given an all expense trip to Akron by this newspaper.

At the championship race, he will compete against 149 other champions from towns and cities all over the United States, Canada and Alaska, for the grand award, a four-year college scholarship, donated by Chevrolet. The second prize is a Chevrolet automobile, and other prizes and trophies go to winners of the first four places.

In Akron the champions will be entertained royally all weekend, and will have plenty of time to test their cars on Derby Downs, the championship race course. The boys will live at "Derbytown," a camp outside the city, where plenty of healthy, outdoor recreation is in store under supervision of trained counselors. The 150 champs will be leading performers in a big parade before the race, and will be the stars in the race itself, which is expected to be witnessed by 100,000 people.

REVOLT

(Continued from page 1)

due to fear that his funeral might be the signal for new violence. No date for the funeral was announced.

Most of the Americans had been marooned in U. S. Embassy offices that occupy two buildings on opposite sides of the streets in downtown Bogota. They had spent a night of peril as shooting occurred in the street and fires flared in buildings.

The Army was reported gaining control slowly of the downtown area, with vandalism and looting halted. Occasionally soldiers fired to scatter looters.

No morning newspapers were published in the capital. Transportation was halted and business was at a standstill.

The newspaper El Comercio in Lima, Peru, said it was informed delegates to the Inter-American Conference would meet during the day to decide whether to resume the conference at Havana or Lima.

El Comercio quoted the Peruvian representative, Chancellor Revoredo, as saying it appeared the revolt had a "Communist tendency."

During the war, Canada more than doubled her steel production.

COAL STRIKE

(Continued from Page 1)

be worked out.

Then, Lewis said, "I think it is a reasonable assumption the men will return to work."

Operator spokesmen were not that positive.

Van Horn was asked whether he anticipated any difficulty in reaching an understanding on the pension issue.

"We will have to take that up when we get to it," he said. President Truman has said he will follow the Taft-Hartley Law to the letter. The court action is part of the procedure laid down by this law, which Congress enacted over a presidential veto.

In addition to the 400,000 striking soft coal miners, approximately 271,000 were idle in allied industries, including 22,000 UMW anthracite miners who were out on sympathy strikes. Jobs totaling 70,000 on the railroads with more big layoffs to come next week if the strike continues.

Coal burning railroad service already has been cut 25 percent by government order, and another 25 percent slash will take effect next Thursday midnight if the strike goes on.

The coalsteel situation will cost the production of at least two weeks' output of cars and trucks—about 215,000 units—even if the walkout should be settled by Monday, Ward's automobile reports said at Detroit.

The Canadian pulp and paper industries supply 30 percent of all newsprint for U. S. newspapers.

Palaver de Pampa
The happiest girls in the States
Are those who married mates
Who are mentally inferior—
But have a nice exterior!

AS FOR STYLES—Well, I have stuck my neck out and made predictions, have quoted eminent authorities on style and fashion, and for what? Why, I can't even get my foot up on a curb with my long narrow skirt. . . . I've walked half a block many a time this week hunting for a drive-way to walk up. . . . And I've decided that Helen Brown Norden was right when she wrote "Fashion is a Fairy" way back in '39 or '40. . . .

WOMEN IN POLITICS—There are more women voters for the 1948 election than men by about 1,800. . . . Way back in 1940 men held a slight advantage. . . . (Frances Perkins says, however, we are not yet ready to run a woman for president—Thanks. . . .)

STOLEN FROM HERE AND THERE—The person who is able to "set the world on fire" isn't always able to keep the home fires burning. . . . System is to housework what oil is to machinery. . . .

DID YOU KNOW THAT?—In Pampa in 1922 at the present site of the City Hall was located the city drinking fountain and water well. . . . the first tree in Pampa was brought in about 1880 from a point four miles or so out on the road to Hoover? . . .

PAMPA PANORAMA—Wedding tunes for Agatha Lowrance and Al Sherman. . . . personality pins in Max Prnell, Paul Crossman's righthand man. . . . the Wilcox Oil Co. . . . the first oil well (about seven miles south of Pampa, in 1924)? . . . that in 1926 the first pavement was laid? . . . in 1928 an election was held to move the courthouse to Pampa from Letors?

STRIKING LIKENESS—I'm just like one of those leftover Easter Eggs, little old, painted on the outside and hard-boiled on the inside. . . . That is all. That is all. . . .

Mr. and Mrs. Donald Ross Crocker

Alice Billy Corts Becomes Bride of Donald R. Crocker in Church Rites

McLEAN—(Special)—Alice Billy Corts, daughter of Mr. and Mrs. C. E. Corts, of McLean, and Donald Ross Crocker, son of Mr. and Mrs. John Ross Crocker of Tulsa were married at 4 o'clock on Easter Sunday. . . . The ceremony was read in the First Presbyterian Church of McLean before a candlelit altar banked with ferns and palms. . . .

Mr. and Mrs. James L. Hobson

Hensley-Hobson Rites Solemnized in Home of Bridegroom's Parents

McLEAN—Nuptial rites were solemnized Sunday, April 4, for Miss Barbara Ann Horton, daughter of Mr. and Mrs. R. F. Burton of McLean and Mr. Robert Dean Grigsby, son of Mrs. Mildred Grigsby of McLean. . . . The bride wore a pink ensemble with grey accessories and wore a corsage of pink carnations. . . .

Venado Blanco Club Hears Pampa Teacher

WHITE DEER—(Special)—A relation of her experiences and observations in Germany and other countries of Western Europe by Miss Claris Glick, journalist and instructor in the Pampa High School, provided an unusually interesting and informative program for the Venado Blanco Club at its meeting, Tuesday evening, in the home of Mrs. E. E. Minter. . . .

Former Shamrock Girl Weds in Double Rites

SHAMROCK—(Special)—In a double wedding ceremony Friday evening at the San Luis Obispo Baptist Church in California, Miss Patsy Nell Wright, daughter of Mr. and Mrs. Tom Wright, formerly of Shamrock, who now reside in Santa Maria, Calif., became the bride of Oliver Lovelady. . . .

Dinner-Bridge Club Meets With Purcells

SHAMROCK—(Special)—Members of the Dinner-Bridge Club met with Mr. and Mrs. Baxter Purcell at their home Wednesday evening. . . . Following the delectable meal bridge provided entertainment during the evening. . . .

Marriage Announced

McLEAN—(Special)—Mr. and Mrs. C. O. Goodman announce the marriage of their daughter, Maurine, to Milton Skipper, son of Mr. and Mrs. M. M. Skipper. . . .

NEW YORK—(NEA)—
A gal can peel off her suit in public this spring without causing a single pair of eyes to pop. Underneath many suits which can be sloughed off with perfect modesty above were have Ashley, Jean Meyer, pastor of Holy Souls Church, Pampa, and Mrs. R. J. Kiser, Pampa, who is president of the Diocesan Council of Catholic Women. . . .

China Flat HD Club Has All-Day Meeting

SHAMROCK (Special)—The China Flat Home Demonstration Club met in the home of Mrs.

Hallet Williams Wednesday for an all-day meeting. A luncheon was served at the noon hour. A business session was held in the afternoon and the guests made quilt blocks of silk for the hostess. Those present were: Meses J.

A. Nix and Nell Vanpool, guests; and the following members: Meses J. A. Dunlap, J. A. Humphrey, A. B. Sims, Evelyn Grubbs, E. E. Sheegon, W. M. Hutton, T. H. Morgan, W. L. Morrison, C. D. Evans, Knox Walraven, J. P. Hall and Roy Burcham.

Rhubarb Is Sure Sign of Spring

Rhubarb parfait with chilled soft custard sauce will add sweet-tart sparkle to a spring dinner.

By HELEN HOLMES, Staff Writer
Scarcely before the last snow melts, long, pinkish stalks of rhubarb with their spring-like green leaves, appear on the market. Now that sugar's back again

in plentiful supply, you can use the sweet-tart flavor of rhubarb parfait to add zest to a spring dinner.
As spring advances into summer, the flavor of rhubarb changes. Your family may be pleasantly surprised if during early-rhubarb time you add high-flavored preserves from your jam and jelly shelf, or try using grated orange rind in rhubarb recipes. Grated orange rind is particularly good sprinkled over the top of an open lattice-top rhubarb pie. Toward summer, fresh strawberries can be combined with your rhubarb. By summer, then, your family will welcome the natural tart flavor of the rhubarb itself.

Just one easy change in the canning and freezing syrups you prepare, and you'll get the finest fruit you ever put up. Finer for flavor, color, texture—better in every respect.

FREE Book Gives Details
Thousands upon thousands of women have tried and proved this amazingly better way—fully explained in the 1948 Edition of the famous book, "Finer Canned and Frozen Fruits." Also in this big, FREE book you'll find page after page of recipes, tips on relishes, pickles, preserves. It's a handbook of valuable canning and freezing information for beginners, experts, everybody.

TOMORROW'S MENU
BREAKFAST: Orange juice, ready-to-eat cereal, soft-cooked eggs, hot cross buns, coffee, milk.
LUNCHEON: Baked beans, green pepper, onion ring salad, french dressing, rye bread, butter.

Weddings

(Continued from Page 13)
also served as a guest registry. Mrs. H. E. Hembree presided at the punch bowl and Mrs. Don Alexander served the cake after the bridal couple had cut the traditional first slice of cake.
The young couple left immediately for a wedding trip to Rudoso, N. M., with short trips throughout the Southwest.
The bride traveled in a black suit with palm-leaf and aqua accessories. They are now at home at 310 Germania, San Antonio, where they have resumed their studies in Trinity University.

Mrs. Crocker was graduated from McLean High School in 1944. She was a member of the music club and choral club and was school pianist. She was sweetheart of McLean's Lions Club before her graduation. She had previously attended high school at Lefors. Prior to entering Trinity University she was a student at West Texas State College where she was a member of Pi Omega sorority.

Mr. Crocker graduated from Tullia High School in 1941, and prior to entering the Marine Air Corps, he attended North Texas Agriculture College.
Prior to her marriage the bride was honored with a pre-nuptial shower in the First Presbyterian Church basement when the hostesses for the occasion were Mesdames John Lowe, Vester Dowell, Fred Browning, J. B. Hembree, Don Alexander, C. O. Goodman, J. R. Glass, John B. Rise, H. E. Franks, F. H. Bourland, and W. W. Shaddid.
Ninety-two relatives and friends participated in the shower.

THE BETTER WAY
Whatever is unjust is contrary to the Divine will; and from this it follows that no true and abiding happiness can be gained by those who are unjust.

—Stretch
Of the record 1947 U. S. wheat crop of 1.3 billions bushels, Kansas produced more than one-fifth, or fortified margarine, cup custard, sweet crackers, tea, milk.
DINNER: Casserole of baked fillet of haddock or cod with mashed potato top, broiled tomato halves, Pascal celery, whole-wheat bread, butter or fortified margarine, rhubarb parfait, sauce, coffee, milk.

Tuesday Club Meets With Mrs. Draper

SHAMROCK (Special)—Mrs. S. L. Draper was hostess to a group of guests and members of the Tuesday Club at her home Tuesday afternoon.
Games of bridge provided entertainment with high score award for guests going to Mrs. Seibert Worley, and high score prize for members, going to Mrs. Hubert Tindall. The bingo prize was awarded to Mrs. R. M. Barkley. Refreshments were served following the games.

Many Skilled Men Are in DP Camps

GENEVA (AP)—A survey of displaced persons in European camps showed recently that one-third of the male refugees of working age are skilled workers, classified in approximately 60 occupations.
Officials of the International Refugee organization said this relatively high proportion of skilled workers was due to the emphasis on individual handling in European manufacturing processes.

Study Club Program Features Style Show

tooth entertained members of the Progressive Study Club with a spring style show in her home on Thursday, March 23. Mrs. Ruth Hindman assisted with the hostess duties.

Spring styles were furnished by Corrine's Style Shop and modeled by Misses Lynna Mantooh, La Wanda Shadid, Billie Thacker, Bonnie Willis, Barbara Burton, and Ethel Hugg.

Miss Marsalee Windom played "Easter Parade," and "The several piano selections included "Walk You Saved For Me." Miss Christa Carol Rodgers gave a reading entitled, "I Am All Dressed Up."

Refreshments of cake and line sherbet were served. Thirteen members were present. Mrs. Martha Lambert was a guest.

Tribal custom decrees that all Navajo Indian hogans (houses) must face east.

Short and Sweet

Keep it short and sweet, say hair stylists. And American girls from coast-to-coast are taking up the cry and the scissors to keep their hair just that way.

Have your stylist cut your hair for shape and contour once, says the April issue of CHARM, the magazine for the business girl, and keep it looking light and fluffy by trimming it yourself when a new crop begins to appear. There's an easy way to do this, too. With a little patience and ambition, you can save countless lunch hours—and your budget.

To begin, dig up a cutting shears. Section off your hair into forelock, and side and back locks. Then begin to trim one section at a time until your hair is short and fluffy, the perfect length for face flattery. The trimming done, shampoo your hair; and just before it is completely dry, take a brush to it for gleam and curl. If your hair is of the straighter variety, pincurl it to give it a more buoyant and springy look. CHARM says limp locks will not linger on the bright heads of business girls this summer.

Spitsbergen is about halfway between Norway's North Cape and the North Pole.

Color and Clothes

Are Discussed at Jaycee-Elite Meeting

The Jaycee-Elites held their regular meeting at the City Club Rooms on Wednesday, April 7. Mrs. Erle F. Ellis of the Ellis Hat Shop gave a talk on color and clothes.

About seven Jaycee-Elites are planning to go to El Paso with their husbands to attend the state Jaycee convention there next Thursday, Friday and Saturday. They will return home Sunday.

The hostesses were Mesdames Jack Nimmo; John Garman and Floyd Watson. Refreshments of cake and coffee were served. Present in addition to those already mentioned were Mesdames Erwin Thompson, Joe Fischer, William R. Ballard, Jim Arndt.

Gerald Mole, Rusty Ward, Lee Cisneros, Z. R. Osborn, Don Foster, Bill Fannon, Frank Fala, E. A. Johnson, Herman Dixon, Travis Lively, Artie Aftergut, Elmer Francis, Jack Vaughn, Paul Appleton, and one guest, Mrs. Burnett.

The Jaycee-Elites have announced to The News that they are most grateful to everyone who helped make their dance a success, especially to the Pampa Furniture Company and the Terrace Grill. They have stated that a check is being sent to the Community Center.

The next meeting will be in the Terrace Grill April 21.

THE BETTER WAY
Let us serve instead of rule-knock instead of push at the door of human hearts, and allow to each and every one the same rights and privileges that we claim for ourselves.
—Mary Baker Eddy

New Look Dolls Made By Needlecraft Club

SHAMROCK (Special)—Mrs. A. R. Hugg entertained the Needlecraft Club Thursday afternoon. Fruit blossoms and jonquils made attractive decorations for the occasion.

guest with various types of material out of which she fashioned a doll with the "new look." Aside from providing entertainment for the group, much talent was shown in the art of making dolls. Tasty refreshments were served by the hostess to three guests: Mmes. Forrest Kline of Lufkin, B. C. Bartlett, and W. R. Attaway, and ten members.

Because you mean so much to me

and because he doesn't know quite how to put his feelings in words—he sends her the medium of love—flowers. On anniversaries, birthdays, holiday occasions—or just when you're thinking of her a great deal—send her beautiful flowers. We deliver everywhere. Our fragrantly-lovely flowers so magnificently arranged. Call us today.

BUSY BEES MEET

McLEAN (Special)—The Busy Bees met in the basement of the Methodist Church Monday afternoon, March 29. The group sang two songs and Shirley Allison read the Scripture. Others on the program were Virginia Beck, a story; Donna Ruth Magee, a poem; Rodney Cunn, a prayer; Sue Glass, a piano solo; James Dale Andrews, a story; and Mrs. Odell Mantooh, a prayer. Eleven members were present.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drugist and ask for 4 ounces of liquid Barcenate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 47 Pounds
"When I commenced to take Barcenate, I weighed 212 pounds. I now weigh 165. I lost 25 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barcenate."—Mrs. George Greig, Chalmers Courts 4, Apt. 1, Austin, Texas.

Lost 20 Pounds
"I lost 20 pounds taking four bottles of Barcenate and I feel fine."—H. M. Gates, 212 21st Street, Corpus Christi, Texas.

Delicate Pink Nail Polish Gives Hands a Fashionably Fragile Look

The fashion-wise girl, above, applies fingernail polish in the same delicate shade of pink as the ribbon she wears around her neck.

NEA Staff Writer
 The woman who has had to apologize for the too-crimson look of her nail polish can switch to pink now and please her man. Joining the fashion band wagon which whoops it up this spring for pastel colors is a delicate new shade designed to make pretty pinkies of all 10 nails.
 Called "pink ribbon," this nail polish shade is as dainty in color as its name implies.
 The glamor girl who takes pride in her porcelain pallor will especially like this pink polish for the fragile effects that she can achieve with it. To clinch this effect, the makers of the new polish also introduce a lipstick in the same delicate shade of pink.
 This duo will also answer the cosmetic needs of the woman who

Rainbow Girls to Present Style Show

SHAMROCK (Special)—The Rainbow Revue, which will be a trail of styles down through the years from 1890 to 1948, sponsored by the Rainbow Girls will be presented at the Liberty Theatre Wednesday evening, April 14.
 The production, which will include musical selections, dancing, and community singing will provide entertainment for everyone.
 Mrs. Patrick Boddy is directing the colorful revue.
 The proceeds will go toward paying expenses of the local chapter to the Grand Assembly which convenes in El Paso this summer.

DAY OF RECOLLECTION
 The Holy Souls Parish Council will hold its annual "Day of Recollection" Friday, April 16. The program will begin at 8 a. m. with all members attending mass, followed by coffee at the rectory. Included in the program will be a conference conducted by the Rev. William Brennan, C. M., of St. Louis, Mo.

About six-sevenths of the ore used in the U. S. iron and steel industry is delivered via the Great Lakes.

Wheat covers more of the world's farm lands than any other crop.

Mrs. Walker Is Hostess to Club

SHAMROCK (Special)—The Papan Home Demonstration Club met Thursday in the home of Mrs. W. L. Walker, who presided over the program which was on the subject of "Poultry."
 W. K. Frey, county agent from Wheeler, gave an instructive talk on the "Care of Poultry." He also discussed brooder houses and various diseases of chickens.
 At the close of the program refreshments were served by the hostess.

Those present were: Mrs. Emma Hastings, home demonstration agent of Wheeler, Carl Phillips and Robinson, guests; Mmes. W. A. Allen, John Hrncliar, Sr., Dusan Papan, Orla Parrish, Paul Macina, and Misses May Ruth Stauffer and Louise Risian.

TAXI TALK PUT INTO WORK CONTRACT
 PITTSBURG (AP)—The 1,100 AFL drivers of the Yellow Cab Co. have a new contract in cabbies' language. Legal wording is translated into "taximan's talk." For example there's "lost calls" persons who phone for a cab and then fail to show up. "Gas line" means the line of cabs waiting to have gas tanks refilled. "Hit the boxes" means that cabbies stop and call their stations.
 "It's just plain taximan's talk," a cab official said. "We wanted all the drivers to be able to understand their new agreement."

Many Wall Street Careers Offer Promising Future for Young Women

By KAY SHERWOOD
NEW YORK (NEA)—Wall Street's future financiers may be women.

For the first time, a few corporations in the austere and almost solidly masculine domain of high finance are inviting young women to train for executive careers as bankers and brokers.

The door was opened to the ladies when Charles B. Harding, senior partner of Smith, Barney and Co., investment bankers, recently okayed the admission of 22-year-old Ellen Van Deusen to his company's junior executive training course.

Harding's move was made because he says, "A woman can do a job as well as a man." In addition, he points out, Wall Street needs young blood. Average age of present executives is 55 and companies are in real need of young people to train to fill the top jobs in the future.

The slim, blonde banker-to-be only girl in a training class of 18 and the first girl to be admitted to the Junior Investment Bankers

Ellen Van Deusen... looks to Wall Street for a career.

and Brokers Club—is aware of her responsibility as a pioneer. She is friendly but reserved and dresses in neatly tailored clothes, many of which she whips up herself.

On the daily commuting trips from her Boonton, N. J., home, she reads the financial pages in the newspapers with thoughtful attention.

The 18-month course gives her intensive training in various phases of investment banking. When the course is finished, Ellen will take over a junior executive's desk in the research department or in the departments which buy and sell securities.

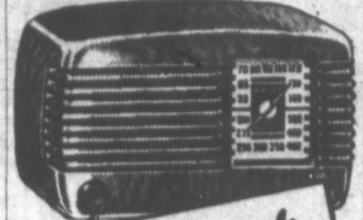

Her present \$200 monthly salary will be raised after her "graduation" to \$300 a month. From then on, salary possibilities are "unlimited," says the gentleman who is opening the door to the girls. Mathematics and economics

were Ellen's major at Wellesley College, from which she was graduated last year. As winner of the college hoop race, she should, according to tradition, be the first girl in her class to marry.

"I'm going all out for a career now. Marriage will come later," she says. "If there is any masculine resistance to career girls down here, I haven't seen it," she adds tactfully.

Only disadvantage of a career in Wall Street, she says, is that "my dates keep asking me for inside tips on the stock market."

The sport of falconry was once limited to kings and nobles.

NAME MAKES NEWS
MOSCOW — (AP) — Trud, the trade-union newspaper, recently published an article criticizing the Riga Circus organization. One administrator, the paper says, was willing to hire a performer only on condition that he change from a Russian name, "Zherebtsov" to a foreign-sounding appellation.

"No protests of Zherebtsov availed against this zealous worshiper of foreign names," commented the paper.

The sport of falconry is believed to have started in ancient Egypt and has been continued to the present day, still being practiced by small but enthusiastic groups.

Dr. Douglas Nelson Speaks At Junior-Senior Banquet

The high school cafeteria was the scene of much festivity last night when the annual Junior-Senior banquet was held with Dr. Douglas Nelson, pastor of the First Presbyterian Church, as guest speaker.

Council Elects 2 Civic Club Guests

Ida Ruth Taylor and Tommy Chisholm were selected Tuesday in student council meeting as Civic Club guests for the year. Ida Ruth has been a member of the A Cappella choir for the past two years. This year she is head cheerleader and was junior cheerleader last year. She has been a member of the Tri-Hi-Y for two years and is now the president of the organization. She had the lead in the junior play basketball queen attendant last year and has recently become member of the National Honor society.

Tom Chisholm is a member of the A Cappella choir, and played lead for the 1947 Harvesters. He is a member of the Quill and Scroll and is an ex-reporter for the Little Harvester. He was on the annual staff in his sophomore and junior years.

Nickie Fraser was appointed to head all committees dealing with the all-school program April 30. All committees will function under her guidance.

The entertainment committee announced that they had obtained the West Texas State Collegians and their floor show for the event.

The high school cafeteria was the scene of much festivity last night when the Annual Junior-Senior banquet was held with Dr. Douglas Nelson, pastor of the First Presbyterian Church, as guest speaker.

The banquet, which was carried out in a Gay Nineties theme, was attended by approximately 360 formally attired Juniors and Seniors. A menu of turkey, potato salad, peas, corn, gravy, hot rolls, fruit cocktail, ice cream, and coffee was served by 21 Sophomore girls, properly dressed for the Gay Nineties occasion.

Donald Thut, junior class president, gave the welcome and introduced the speaker, while the response was given by Don Lane, senior class president. Bob McPherson gave the invocation.

A teachers' quartet, consisting of Miss Mary Dean Dozier, Miss Hart Anderson, Mrs. Clifton McNeely, and Miss Lyndell Smith, sang four numbers. Mrs. Lorraine Powell was their accompanist as they sang, "Hello My Baby," "My Sweetheart Is the Man in the Moon," "The Curse of an Aching Heart," and "When Francis Dances With Me."

Trumpeter Lowell Stark gave his rendition of "The Man on the Flying Trapeze," and "Alexander's Rag Time Band."

Red and white crepe paper hung from the lights in long streamers and the dance floor was surrounded by these streamers. The ceiling was festooned with the ceiling. The entrance to the dance floor was a large red derby hat separated from the remainder of the cafeteria by long streamers.

Sophomores serving were: Laura Nell Berry, John Stroup, Donna Robinson, Barbara Ward, Martha Parks, Martha Hopkins, Vendell Willingham, Betty Wilson, Dorothy Dixon, Norma Mannatt, Peggy Hickell, Joan Cornelius, Pat Price, Theola Reim, Mary Jean Patton, Cheryl Mae Daniel, Eva Louise Libby, Odeven Spencer, Elaine Henderson, Marjorie McPhillips, and Barbara Amery.

Quiz Program Staged On Radio Programs

The Radio Speech class will present a quiz program Monday between the boys of the sophomore class and the girls. This is a series of programs which have been presented every Monday for the last three weeks.

On Monday, March 29, the senior boys won by five points. Contestants were girls, Nicki Fraser, Adell Roberts, and Margie Dixon; boys, Don Lane, Tommy Chisholm, and Jim Wilson.

Last Monday the junior girls won by a total of 10 points. The junior contestants were, Joyce Vaneen Campbell, Betty Joyce Scott, and Junice Ann Fakin; boys, Mickey McCray, John Allen, and Malcolm Douglas.

The sophomore contestants have not been chosen. Gene Garrison is Master of Ceremonies.

On the radio program Friday the regular features of sports, nations, and gossip were given, as was a special report by Lenora Lobb on the Speech department and its activities in the Inter-scholastic League contest.

Students Try Classes After Other Activities

Last week's April Fool announcement that school was out proving to be correct for some students. With all the many outdoor activities, the only solution reached by some foresighted students is that they must quit school in order to keep up with their extracurricular work.

Last week was second six weeks exam. Saturday ended the annual inter-scholastic league which was attended by more than 60 Pampa high students. This included all literary, track, math, and tennis events.

Now that the Tri-Hi-Y convention is over, some students are settling down while the rest are ready to attend the annual mid band trip April 14-16. There will be a mid band trip to Dallas April 22-24. Wedged in between will be the choir contests Canyon April 16.

The junior play will be presented May 24, followed by a trip on by the senior Carlsbad trip, the all-school prom and their "doings" take up the remainder of school with a commencement and the grand finale.

Somewhere in the middle of the year still in session. Ask any sophomore or freshman, but don't approach a junior or senior! You wouldn't prove it by them!

Kids Are Juveniles When April 1 Comes

Kids will be kids! Those dignified seniors proved old age when the "big" and "littler" donned short pants and skirts for celebration of April 1, Kid Day.

The high spot of the day was a picnic at Lake McDaniel. The food was most of the afternoon was consumed by the "nauseating." Of course the landing commodore manned their "kale" and "took to the high seas" to fight it out in the meticulously planned water fights. The teachers also "let their hair down" and joined into the activities. A few brave souls ventured near the battle scene to take, that is, and up to see time zones are reported being.

Happy, hilarious and sunburned seniors "buried" in the afternoon to again cheer the 1,013 of leading citizens of PHS.

Beagle Elected Prexy of Tri-Hi-Y Thursday

Donna Ruth Beagle, secretary of the junior class, was elected president of the Pampa chapter of the Tri-Hi-Y for 1948 and 1949 Saturday afternoon.

Lola Ward was elected vice president. Mary Lou Hanks, secretary, and Patricia Sue Hart, treasurer.

The officers and new members will be installed formally on April 19.

Annual Arrival Date Set

A recent letter from the Steck company stated that the Harvesters' PHS annual will be shipped by the 14th.

The last section of the annual will be in the Steck Publishing company March 24.

The books will be given out as soon as this year.

Sixty-two Pampa Students Enter League Of Literary, Track and Tennis Events

Pampa High was represented in the district interscholastic league meet at Canyon Saturday by 62 students.

Nineteen of these were on the PHS track team.

Jimmy Howard, Malcolm Fagan, Robert E. Luff, Charles Laffoon, James Gallemore, Ann McNamara, Alice Jean Robinson, Dorothy Jones, and Edelyn Pryor were the entrants in the senior tennis meet from Pampa.

In Debate I, Bill Loving and David Lamb were the PHS debaters with Kelvin Neil as their alternate. Patty Bolin and Nicki Fraser were our representatives in Debate II.

Beverly Brandt, Elaine Henderson, Bill Russell, and Harold Cooper were the PHS speakers. Arlene Gilmore and Tommie Bigman as alternates.

Those entering the typing contest were Barbara Carruth, Maxine Crossan, Margie Dixon, Martha Parks, Jean Cornelius, Dorothy Dixon, Vaucelle Moore, and Pat Price.

Patty Bolin entered the ready writers contest with Arlin Givens as her alternate.

Extemporaneous speakers were Bob Epps and Adell Roberts. Kelvin Neil, Emmett Forrester, and John Nolan entered the slide rule contest for PHS.

Pampa students entering the number science contest were Kelvin Neil and Paty Silliman. The alternates were Evelyn Forbeau and John Allen.

The one-act play members were Don Lane, Theola Reims, Emmett Forrester, and Gene Garrison. They presented "Dust of the Road."

The sponsors and instructors for each event were as follows: track, Coach Tom Tipps and Aubra Noonan; slide rule, John Wilsner; typing, Miss Gwyn Johnson; ready writers, Mrs. Mabel Torvin; number science, Mrs. Nellie Norman; debate, declamation, extemporaneous speaking, and one act play, Miss Theima Henslee.

Timely Tidbits

By DON LANE

The 1948 West-Texas H-Y convention drew to a close Sunday morning. Since I was an outsider looking in, I feel that I may say that it was a very successful convention. Richard Scheig, the president, and the H-Y and Tri-Hi-Y should feel proud after executing such a helpful and successful meeting.

The biggest vote of thanks, perhaps, should go to the business men of Pampa. Their support, both financially and actively, went a long way in helping this worthwhile organization. A convention of this sort is a good way to help put Pampa on the map.

Pampa has been sadly lacking in holding conventions because of the housing shortage. But the people of this city opened their home to these delegates, enabling this convention to be held here. Again I would like to congratulate the H-Y, Tri-Hi-Y, and Ned Kemp, and thank the businessmen of Pampa for having and aiding such a beneficial convention.

With these good days, the gleam in the students' eyes is beginning to be blinding. The seniors in particular are counting the days left until they get that piece of parchment.

If you don't want to take the time to count the days, the Little Harvester has a calendar numbered just for that purpose. No charge for dropping in.

Timely Tidbits

By ANN McNAMARA

The highlight of the volleyball season took place last Saturday, April 3, when Pampa made the long desired trip to Amarillo for the annual tournament.

Eighteen teams were entered and Pampa started the day off right by defeating Plainview the first two games 15-0 and 15-5. Pampa's next step was the defeat of Vega in two games, 15-4 and 15-6.

Grover was the next team to fall under the sway of the Pampa team. This defeat brought the final game, the scores being 15-4 and 15-11. The win made Pampa one of the four teams playing for first place: White Deer, Amarillo, and Phillips the other three.

Anyone who didn't get to see this next game really missed some outstanding volleyball of the day. Pampa's next opponent was none other than those White Deer Does. Pampa took the first set 15-10.

It was to be stopped. With added enthusiasm they took the next game away from us by a score of 15-4. This made a game piece and the last game was a fight to the finish with White Deer going into the finals by winning 15-10.

One thing we all noticed was how Amarillo backed their GIRLS. Adults as well as AHS boys were cheering their girls on to victory. Are the AHS students just more interested and better backers than PHS students?

The trophies were beautiful and given by the Amarillo Globe News for the tournament.

Helen Chamberlain of the Peppettes was selected for one of the all-around girls.

April 8 Pampa played hostess to the Claude volleyballers. The Pampa A team won 15-6; 15-12 in the first two out of three, 15-10 in the last match, the scores again favored the Peppettes 15-11 and 15-9.

The B team fell under the Claude's squad's influence with the scores 15-7, 4-15 and the final game 14-16.

April 8 Panhandle paid us a visit and went home defeated by the Pampa A squad 15-4 and 15-13. The B did just as well, giving only two points in two games to Panhandle. The scores were 15-9 and 15-2.

In about four weeks a new look will be seen around the hall of PHS. Keep your eyes open. If you will be the first to discover it.

The careers have all changed their activities to something "springy" so they could get outside. The activities in ice baseball, golf, tennis, and archery.

ATTENTION, GIRLS!

Keep April 23 open: Big date coming up for all in the P. E. Department. Lots of fun for everyone.

SOUNDS OF THE AIR

Allens To Give Assembly Titled 'Sounds of the Air'

Alice and Harold Allen of Hollywood, Calif., will present a program, "Sounds of the Air," in a paid assembly Tuesday at 9:45.

In the midst of microphones, musical voice, and other radio equipment, thunderstorms will rage, bombers will roar and horses will wildly gallop as the Allens reveal the mysteries of Radioland.

Alice Allen, pianist and accordionist, has been a featured radio artist. She was a student at the Minneapolis Conservatory of Music where she became an associate instructor. Later, she taught music at the Conservatory of Music in Seattle.

Harold Allen has "doubled" for many famous stars such as Melvyn Douglas, Fredric March, the

PHS Students Disagree Over V. M. T. Question

Opinions differ sharply in PHS on the question of universal military training, according to a survey made of 18 students and two teachers.

Ten people answered yes to the question, "Do you want military training?" Eight people answered no, and two were undecided.

Miss Mary Winston stated, "There is a great necessity for military force; but I believe it can be accomplished more easily." "It would hamper the boys' education," was the opinion of Nell Brummett.

Adell Roberts thinks the plan is no good, because, it has no educational value.

Paul Boswell defended those for it, when he expressed his belief that we need to be prepared.

Those for the issue were: Bernice Homer, Harold Smith, Bobby Hulsey, Mr. J. L. Spencer, Paul Boswell, Greta Sue Robertson, Howard Musgrave, Leroy Brown, Richard Summers, and Charles Adamson.

Those against it were: Jimmy Tucker, Adell Roberts, Elaine Henderson, Nell Brummett, Roger Long, Joan Stoeberg, Darrell Ramey, and Elmer Wilson.

Miss Winston and Robert Braly were undecided.

Steward Is President Of Local Homemakers

Mary Jo Steward was elected 1948-49 president of the Pampa chapter of the Future Homemakers of America at their regular business meeting Thursday afternoon.

Other officers are: Mary Jo Coffman, vice president; Geraldine Perkins, secretary; Erwina McDowell, treasurer; Jewel Beckham, number science; Naneen Campbell, reporter; Betty Nelson, parliamentarian; and Freddie Conner, historian.

Mrs. J. C. Steward and Mrs. W. L. Campbell were elected as club mothers.

The officers will be installed in May. The next meeting will be the annual Swing-Out honoring the senior members in the form of a skating party, April 28.

Preference Tests Give Answers to Problems

Which would you rather do, play checkers, work a mathematics problem, or work a mechanical problem? Your preference of these three alternatives combined with the others on the preference test which approximately 200 students have taken this far may be the answer to your vocational problems.

These tests, which can be obtained at Mr. Jack Edmondson's, are simple and easy to take. Their purpose is to show the student wherein his interests lie; thus they show the vocation in life in which the student is likely to be most successful.

The test required for the test is about two hours. The test should be taken slowly and seriously, otherwise their purpose is ruined. One must be completely honest with himself in answering the questions.

If a student isn't quite certain about what vocation he wants to take up, or if people keep saying, "Oh, you wouldn't like that!" take one of these tests and find out for certain whether you'd make a better doctor or lawyer than a pickle pusher.

Some of the teachers who have taken the tests have discovered that all along their secret ambition was to be a teacher.

Butler Presents Band In Second Assembly

The PHS band presented its second assembly program of the year Friday.

The band, directed by Mr. Orland Butler, played the two selections they will present in Enid. They were "On the Alert" and two excerpts from the "Pathetic Symphony" by Tschalkowsky.

They also played "Pavanne" by Morton Gould, "The Desert Song" by Sigmund Romberg, "Tea for Two" by Vincent Youmans, and the "Bandjive."

A solo, "The Gay Caballero" was played on the bass horn by David Plank.

"Dance of the Reeds" was played on the flutes by Betty Howard, Mona Cox, and Jo Dee Hardin.

Laffoon Spends Time With Sports Activities

Sports and "lots of loatin'" occupy most of Charlie Laffoon's time. Chuck was born, Aug. 30, 1930, at Crane and has English and history as his majors. He was elected sophomore favorite and has been active in football and basketball. He plans to attend Claco Junior College.

To attend Texas Tech is Bill Largent's present ambition. Born at Hereford Sept. 18, 1929, Bill has attended schools in California and Pampa. His activities include Gorilla football and basketball, cars, and hunting. He has majored in math, English, and science.

Dallas and Jan. 9, 1930, are the birthplace and date of Martha Maguire. Her activities include the Peppettes and French club. She has majored in P. E., English, and math. California business college is the college she plans to attend.

Skating and dancing are the main hobbies of Margaret Maiden, who was born May 8, 1930, at Erick, Okla. Margaret has attended school in Erick, Bulo, and Sweetwater, Okla. She was a member of the girls' basketball team at Sweetwater and served as a library assistant this year. Her administration, in a t.h.h. and English are her majors, and she plans to attend Hill's business college in Oklahoma City.

Breakfasts Served By Foods I Classes

After studying breakfasts, table setting, and serving, the Foods I classes gave a series of breakfasts each morning last week.

Guests for the occasion were Mrs. Leah Lamb, Miss Dorothy Hoyle, Mr. L. P. Fort, Mr. Jack Edmondson, Miss Genevieve Adams, Miss Gwyn Johnson and Mrs. J. L. Rankin.

Hostesses were Betty Nelson, Mary Jo Coffman, Frankie Jean Berry Spence, June Brown, Senora Mayo, Barbara Copenhagen, and June Myatt.

PHS Choir Performs For Lady Convention

The Pampa A Cappella choir under the direction of Miss Hart Anderson sang for the American Federation of Women's Club convention Tuesday night in the high school auditorium.

The five numbers presented by this group were: "Ride the Comet," "Christ Walks Into the Hills," "How Lovely is Thy Dwelling Place," "Begin the Beguine," and "Open Thy Gates."

This group will attend the Dallas Choral Convention April 22-25.

Play Directors Named

Betty Joyce Scott and Catherine McNamara have been chosen as assistant directors for the forthcoming junior play, "Professor How Could you?" The play will be presented May 3 and 4.

Other members of the stage crew will be selected next week. Miss Theima Henslee, director, said.

All three acts of the play are being rehearsed every night.

Pampa Harvester Band Goes to Enid To Attend Festival

The Pampa Harvester Band will leave on April 14 to attend the largest band festival in the world, the Tri-State Festival at Enid, Okla.

Besides solo and ensemble entries the band will compete in marching, concert playing and the Million Dollar Parade. Also, eight members of the band have been chosen to play in the Tri-State band which is composed of more than 400 pieces. This band plays in the Festival Grand Concert Saturday, April 17, in both a matinee and evening performance.

Approximately 128 bands, 6000 students, will compete in the festival. Ten outstanding conductors and composers of America will judge the competition. These men will also conduct the rehearsals and concerts of the Tri-State Band and Chorus.

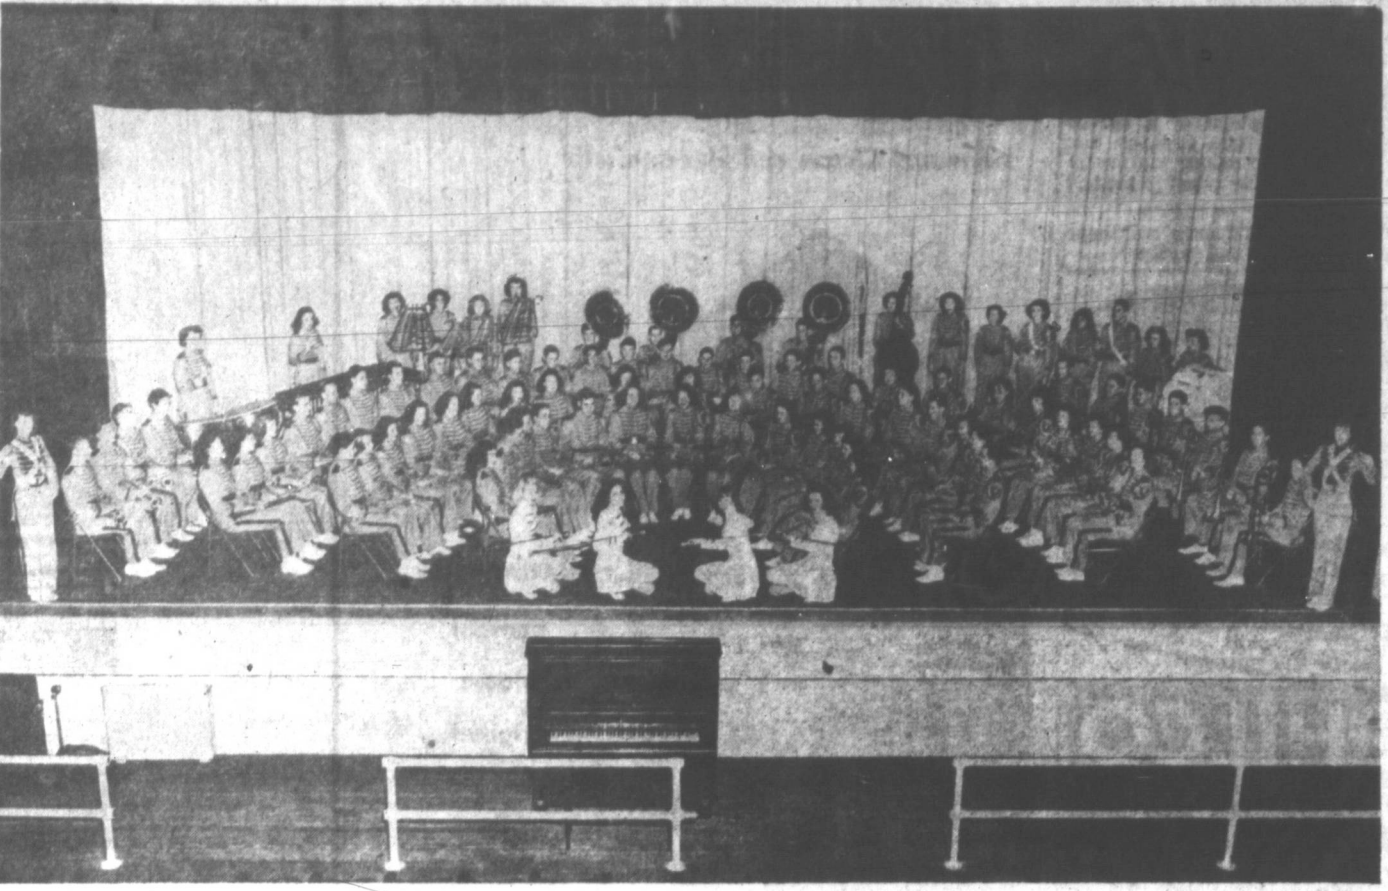

In the ensemble division the Pampa high band has entered two brass sextets and one flute trio. There are fifteen solo entries including the twirlers. They are: Lowell Stark, James Gray, Robert McDonald; flute, Betty Howard; bass horn, David Plank; drums, Bertie McDowell; twirlers, Mary Loy Maze, Barbara Carruth, Betty Anne Wells, Ivy Louise Libby, Marjorie McPhillips, Virginia McNaughton, Janet Walters, Janice Mayes, and Irma Jean McWright.

Those of the band that will participate in the Tri-State band are Dorothy Dixon, Mona Cox, John Frauf, David Plank, Larry Rhodes, Robert McDonald, J. N. Ehrhard, Jack Davis, Janice Doggett, Dan Stallings, Bob Houchins, Joyce Adams, David Lewis, Emmett Riggs, Emmett Forrester, Ray Wells, Martha Parks, and Jo Dee Hardin.

In concert playing the band will play "On the Alert, March" by Goldman and two movements from Tschalkowsky's "Sixth Symphony." In the marching contest the band will do a dividing maneuver.

Soloists and ensemble members will leave Wednesday morning on the first bus. Other band members will leave on Thursday morning. An instrument truck will be taken to transport the larger instruments. Faculty members will travel with the band as sponsors. The band will return on Sunday, leaving Enid at 8:45 a. m.

A dress rehearsal of the band will be held on the afternoon of April 11 at 2 p. m. This will be the final rehearsal of the contest music and inspection of uniforms and instruments will also be held.

The Pampa High Band, pictured above, under the direction of Orland Butler, will perform at the Tri-State Band Clinic in Enid, Okla., April 14-16.

Tracksters Enter Third Field Meet

Nineteen members of the Pampa Harvester track squad entered their third track meet of the year Saturday at the annual district meet held in Canyon.

The local tracksters earlier announced top honors in six-team invitational meet held in Panhandle a few weeks ago and finished in fifth position in the talent-laden Fort Worth Recreation Track and Field Meet, March 19-20.

In these two meets, Carl "Red" Mayes established an enviable record when he won first place in the 100-yard dash in both contests. He won first in the 220-yard dash in Panhandle and third in this event in the "Cow Town" meet. His time for the shorter dash was to seconds flat in Fort Worth and an incredible 9 and 8 tenths seconds in Panhandle. Mayes also copied top honors in the broad jump in Panhandle and third in this event in Fort Worth.

The local entries in the 100-yard dash in the district contest were Mayes, Wesley Kieth, and Jimmy Wilson. The 220-yard dash participants were also Mayes, Kieth, and Wilson.

Harbord Cox attempted to better his 440-yard dash mark when he entered this event along with Eddie Marlow and Gail Smith. Jim Wilson, Marlow, Kieth, and Mayes represented Pampa in the 440-yard sprint relay event.

After running the half mile in the surprising time of 2:18.7 in Panhandle, Richard King entered this event yesterday along with Pete Cooper and Carroll Smith.

Derral Davis and Bob Hinkley represented Pampa in the 120-yard high hurdles, while Davis, Hinkley, and Jimmy Cox entered the 200-yard low hurdles, since the regular participant in this event, Jack Williams, was out, due to injuries.

Dan Roche was the lone PHS entrant in the grueling mile run after making favorable showings in both the Fort Worth and Panhandle meets. The mile relay team consisted of Williams, Marlow, Lamar Lively, and Harbord Cox.

"Red" Mayes, Jim Cox, and Derral Davis entered the broad jump and Davis, Frank Bonner, and Kelly Anderson participated in the high jump.

Last year's PHS pole vaulters, Hansel Kennedy and Kelly Anderson, entered district competition in this same event and these same two athletes, along with A. Z. Griffen, entered the discus. Griffen, Williams, and Lively represented PHS in the heavy task of shot put tossing.

Richard's Almanac

By RICHARD HUGHES

George Gambin looms as the main pitching hope for the Harvester baseball team. George has gained that necessary quality of experience in American Legion and sandlot games. Harbord Cox, Jimmy Howard, Charlie Gist and others are reported as possibilities for mound chores. Since they haven't yet been tried under the fire of opposition, we shall run this ad:

Wanted: One pitcher, left hander preferred but not necessary, with experience, if possible, who possesses blinding (or semi-fast) speed, sharp breaking in-curve and sweeping out-curve (not compulsory), screwball (most pitchers are) of the Hubbell variety, slider, and a tantalizing change of pace. See Poor Richard any time, preferably during Civic class.

P. S. If you possess all the above-mentioned qualities and still don't make the grade on our test, you can still join the team without having to worry about a breach of contract suit.

Some baseball men maintained that the middle is hard to beat. PHS looks good in this respect. We possess a depth of catching ability in Derral Davis, Bob Nash, and John Nolan, and it is possible that one or even two of these will be switched to other positions.

Gambin looks like the starting pitcher, with Charlie Laffoon and Ramon "Rookie" Hernandez adding experience on the keystone. Just who will play in centerfield is a question. Don Thut is reported to have the edge at this writing.

Besides being interested in high school baseball, Pampa High awaits impatiently the opening of the other baseball season. PHS students have been among the most ardent supporters of professional baseball in Pampa.

Term research themes written: Inquire, Charlie Laffoon or Carl Mayes.

CASH TERMS ONLY.

Thut Elected WT Hi-Y President To Climax Three-Day Convention

Pampa High School won the presidency of the West Texas District Hi-Y conference for the second straight year when Don Thut defeated Norman Bant of Lubbock to climax the three-day "Government," "The Boy-Girl Relationship," and other problems that must be met by today's young people.

In the very close race, Thut was elected to succeed Pampa's Richard Scheig. Don Williams of Wichita Falls was elected first vice-president; Jerry Wilson of Abilene, second vice-president, and Patsy Hodges of Borger, secretary.

Sue Kerr of Borger bested all opposition to win the student speech contest. She was given a Tri-Hi-Y insignia bracelet for gaining first place in this event.

Two prominent citizens of West Texas served as platform speaker during the conference. They were Dr. Francis W. Pritchard, minister from Amarillo, and Dr. J. W. Marshall, president of Wayland College of Plainview. Ned Kemp of the Southwest Area Council of YMCA's in Dallas acted as director of the conference. A group of many of the perplexing problems of the day, they discussed "Youth and Alcohol,"

Universities Apparently Replete With Communists

By UPTON CLOSE Public supported universities in many states have been infiltrated by Marxists who have found ways to make use of tax money to attack mercenaries or promote the world revolution.

Texans threw out a Red university president during the war and several other schools appear to be working quietly to replace him with a more radical one.

The University of Colorado, in the high-altitude atmosphere which traditionally has been a symbol of militant liberalism, has been infiltrated by Communist agents.

There are about 30 churches in this community enough to provide for all the people that live here. The job is to get them all to attend.

Most of our lives are directed by habit. We fall into good habits or bad habits, some of us fall into some of both.

Gracie Reports

By GRACIE ALLEN Here I've been around worrying about the shortage of men in this country and now the Census Bureau presents statistics proving that in the south alone, there are a million more single men than single women.

We ought to put our Army, Navy and Marine Corps in condition with one distinct purpose in view, that if Russia takes over another nation we will take the lead in defending that nation and all the other free nations in Europe.

Common Ground

By R. C. HOILES

Figures Showing Rent Control Causes Scarcity

The testimony of John Usher of Chicago before the Senate Banking and Currency Committee certainly shows the harm that rent control has done to not only the renters, but everyone.

Mr. Usher is a larger builder and owner of apartment houses in Chicago. He testified before the committee on January 31, 1948. This testimony tells how the Joint Congressional Housing Committee authorized the Department of Commerce to make a special survey of housing and population in 1947.

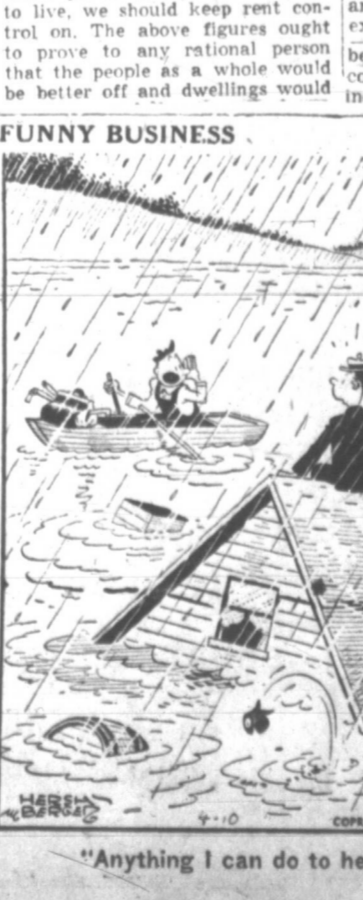

In 1940, we find that with people free to occupy as much housing space as they were willing to pay for, we had approximately 40,000 vacant white dwelling units.

PLANES — They credit Russia with having at least 4,000,000 men under arms within her borders, and with another million of reinforcements in her satellite countries.

SUBMARINE — Russia's surface navy is regarded as negligible, consisting of a few old battleships, cruisers, destroyers and submarines allotted her from the remnants of the Italian and German fleets.

FUNNY BUSINESS

BY HERSHBERGER

The Danger of Greediness

NATIONAL WHIRLIGIG

news behind the news

WASHINGTON — Most questions sent me by readers this week arose from recent explosive incidents in Berlin and growing talk of a possible conflict with the Soviet.

Answer: It is obviously impossible to give detailed information on the current state of Russia's military establishment. Even during the war the Russians refused to furnish their western allies with complete data on their operations.

ABILITY — "I understand," writes M. A. of Los Angeles, that there are about 1,000 newspaper, magazine and radio people — writers or commentators — at or around Washington.

WAR — That may be unfair to out-of-town candidates like Governor Dewey, Governor Earl Warren of California and Harold E. Stassen of Minnesota.

Miami

MIAMI — (Special) — At Tuesday's city election in Miami L. A. Maddox, Jr., Mark Arrington and W. H. Carr were reelected.

The trustee election in the Miami Independent School District held Saturday, Orval Christopher and Dale Low were elected as new trustees.

Mrs. E. M. Ballengee and Mrs. Garrett Allen of Spearman visited friends in Miami Tuesday and Wednesday.

Mrs. Edna Newman and Mrs. J. K. McKenney were Pampa shoppers Tuesday.

W. M. Byers is erecting a new residence on north side of Commercial Street just east of Conoco service station on Highway 90.

Mr. and Mrs. Mark Arrington returned home from Temple the first of the week, where they went for medical attention.

R. W. Beck has purchased a small house which he will move to a new location in the south part of town and remodel and enlarge same, for his home.

Knox Parr, district head of 4-H Club work in this territory, of Amarillo, was the guest speaker at the Men's Service Club Tuesday evening at 6:30.

SPENDING — Russia's annual war budget has been fixed at about \$20,000,000,000 in official reports emanating from Moscow.

Businessmen generally tend to be too lethargic about their representation. But never forget that it's up to you, as a businessman, to fight to keep in Congress men who are not inimical to business.

A third party can only promote minority rule and tend to denigrate the country the prey of demagogues and malcontents.

possibilities, I have received many letters, asking whether the danger of war accounts for the advancement of General MacArthur and Eisenhower as the ideal type for the White House.

SECURITY — "What Administration was responsible for the Social Security Act and who was the author?" asks J. W. D. of Los Angeles.

A raccoon washes its food before eating it, and the name raccoon is derived from the Indian name "arathoon" meaning "the washer."

Shamrock

have been completed for Shamrock's No. 1 project — the Clean-Up. Fix-Up Campaign scheduled for this week, April 11-17.

For the past two months various Chamber of Commerce committees have been making preparations for the extensive drive, using the slogan "Let's Clean Up Shamrock and Keep It Clean."

Guy Hill, secretary-manager of the Chamber of Commerce, stated Wednesday that advance publicity of the drive was already getting results.

Every property owner is urged to clean up his own premises and to care for any nearby lot, the owner of which does not live here.

Paul Roper won first place for senior boys, in the declamation contest which was held at Clark Auditorium Wednesday evening.

Rita Price placed first for senior girls, and Jollette Hood, second.

In the High School junior division, cleanup boys won prizes and place for junior boys, and Kenneth Thompson, second place.

Barbara Goff was placed high for junior girls, and Katherine Smith, received second place.

Judges were Meses. Maude Wyche, Thurman Atkins, and Rufus Dodgen.

Professor D. G. Liu, who is a former teacher in West China University, and now attending Southern Methodist University at Dallas, will be the speaker at the First Methodist Church this morning at the 11 o'clock service.

Mrs. Everette Smith will present a group of speech students in a recital at Clark Auditorium on the evening of Thursday, April 16, at 7:45 o'clock.

Students appearing will be from the first five grades and the program will be made up of readings, dancing, musical and novelty numbers.

W. A. Dorman, former resident of Shamrock and step-father of W. R. Wooten of this city, died of a heart attack in a hospital in Shreveport, La., at 5 o'clock Saturday afternoon.

Funeral services were conducted at 2 o'clock Monday afternoon from the First Baptist Church in Carthage, with the pastor in charge. Interment was in the Antioch Cemetery near Carthage.

Mrs. Dorman, about 70 years old, resided here from 1925 until 1930, and returned here to make his home in 1945 and 1946.

W. J. (Bill) Fowler of Amarillo, and Leslie Tucker of Shamrock, have announced purchase of the Shamrock Steam Laundry from Wilbur W. Wooten.

Fowler has been associated with the Amarillo Laundry and Troy Laundry at Amarillo for the past 12 years with the exception of a few years while he was in military service.

Tucker has resided at Shamrock and Kellon most of his life, has had years of experience in the cleaning business. He was associated with Claude Montgomery in a Shamrock laundry a few years ago, and was also employed in Amarillo and Troy Laundries at Amarillo and Berger for several years.

PRIDE, the most dangerous of all faults, proceeds from want of sense, or want of thought.

toothbrush?" He was holding a leather case in his hands, the dresser drawer was open.

"No but I will. I don't want to bother with this," He pulled the case back in the drawer. "All it does is take up a lot of room. You have a zipper bag you can put your razor and stuff in, haven't you? That's all I need. And for Pete's sake, don't forget the toothbrush!"

She laughed. "As though I ever did. All right. You go tell the others now. Go on. Get started."

"She found her bathing suits — two of them — and a pair of long shorts. A couple of sport shirts, nightgowns, and a set of dressing gown, quilted suit, took her no room at all, play shoes.

"She got shorts for Rush, changes of underwear, pajamas, a cotton bathrobe, slippers.

Then the razor. And toothbrush. And paste. She was humming softly as she looked at the messy case, found his razor, the toothpaste and the shaving cream, her toothbrush.

Where was Rush? She couldn't find it. Not in the guest bathroom either. She came back to their room, frowning slightly, trying to think what might be. And then her face cleared. There would be a spare in that case of his, she'd get that.

"She opened the dresser drawer, took out the leather kit Rush had just held in his hands. It was snapped shut, and was also employed she remembered later that she was still humming a silly little tune as she pressed the catch and opened it.

The tune stopped even as time stopped and the earth stopped and every eye in the room was moved stopped. Because she snapped shut — the case Rush had just tossed casually back into the drawer — the case he'd said so blandly they wouldn't take — held not only the usual equipment of a man's toilet case but, tucked to one side, the letter from Mr. Stark in Cheyenne, the note she had scribbled to Enos about the can of wax and the bent and twisted lock to the grandfather clock.

"I know." She came out of the closet and kissed his cheek. "Did you get your shaving stuff and

Stills Are Still In Still Forests

PIERRE, S. D. —(P)— South Dakota timber survey is under way along the Missouri River. The head of the survey, T. R. Cochran, says they've run onto numerous remains of what appear to have been illicit whisky stills abandoned at the close of Prohibition.

In Hollywood

BY ERSKING JOHNSON
NEA Staff Correspondent
HOLLYWOOD —(NEA)— Fredrick Wakeman, who wrote "The Hucksters," lampooning radio, will impale Hollywood in his next book. That's the reason for his recent visit to movietown. Charles Boyer is plotting a trip to Paris to bring back his art objects. "Fraid the Communists will take over and confiscate?"

Hollywood's product shortage resulted in this situation in San Francisco the other day. Only one new picture, "The Bishop's Wife," was playing a first run theater. The seven other houses were balancing re-issues.

M-G-M is talking a deal with Andrea King to join June Allyson in the cast of "Little Women." . . . Sonny Tufts to an

interviewer: "My tastes are very simple. I am easily satisfied with the best of everything."
George Tobias. He once played tennis ball and can't get it out of his system. . . . Hillary Brooke is the star to watch in '48. The gal is getting long-term offers from 20th Century-Fox and RKO as a result of her performance in "Let's Live Again."

LADIES' DAY
Arline Judge and Pat Dane, the ex-Mrs. Tommy Dorsey, almost had their own version of the Louis-Wolcott scrap in a New York night club. . . . Xavier Cugat has his two new Rhythma features in two new M-G-M films.

NO MINOR LOANOUT
Bonita Granville will dye her hair red for her starring role in Jack Warner's "Strike It Rich." The picture is being made in color. . . . Enterprise paid Producer Milton Sperling, who owns, her contract, \$100,000 to borrow Lill Palmer for "No Minor Vices."

Broadway producer Joe Fields has signed contracts with Martha Raye and Marilyn Maxwell for his next New York musical. Isn't anyone staying in Hollywood? . . . Joan Crawford's new contract with Warner Bros. and Greer Garson's ditto with M-G-M were both worked out by Greg Bautzer, the lawyer who was a boy friend to both.

Eve Arden gets full co-star billing for the first time on "One Touch of Venus." It's her reward for stealing most of the scenes.

If after the large feathers have been picked from waterfowl or game birds, the bird is soaked in well salted water for a short time, the pin feathers will come out easily.

The eastern puma or panther, long considered extinct, has been discovered in New Brunswick.

Swiss Protest Alcohol Gasoline
BERN, Switzerland —(P)— Swiss motorists are raising protest against the compulsory admixture of wood-alcohol in gasoline.
During the war, the Swiss government contracted for 11,000 tons of wood-alcohol per year, until 1946, to supplement limited gasoline imports. Although a large proportion of this substitute fuel is now consumed by the Swiss Army and post office, the government insists that the remainder shall be mixed with all imported fuels until termination of the contract. The mixture is less economical and of poorer quality than pure gasoline, but is sold without rationing restrictions for approximately 60 cents a gallon.

Moscow Driving Wolf From Door
MOSCOW —(P)— Large Russian wolves which during the war multiplied in the Moscow area to the extent that they became a danger to livestock, are now on the run.
Hunting teams have been out on the trail after the grayhieves, who in one day alone and in one county of the Moscow region, killed 20 sheep.
The Moscow Hunting Club has sent out 54 hunters as constant observers and set up 19 wolf-hunting teams with 97 huntmen. The Evening Moscow reports that the huntmen brought in 37 wolves to date. One team got four in one day.

Expedition on to Find Fallen Star
MOSCOW —(P)— An Academy of Sciences committee on meteors is starting a search for a large meteor that fell in the Ryazan region last December 5.
Witnesses said a huge ball of fire was observed for three to five seconds. It illuminated the surrounding countryside and all who saw it agreed that it must have been quite large.

The Most Unusual Offer Ever Made In The Tire Business!!

YOUR MONEY BACK IF Super-Cushion TIRES DON'T GIVE YOU THE SOFTEST RIDE YOU'VE EVER HAD! YOU RIDE . . . THEN YOU DECIDE!

Due to the demand for Super-Cushion tires we are able to make this unusual offer for only these few more days. Come in—we'll put a set of Super-Cushion tires and tubes on your car. Drive it for one week. Then, if you don't agree they give you a softer ride than any tire you've ever owned, we'll replace your old tires and tubes and give you money back. The Super-Cushion is a remarkable new kind of tire. It is bigger and softer than conventional tires and runs on only 24 pounds of air pressure. It is so superior that we can afford to make this amazing offer.

Super-Cushion TIRES BY GOODYEAR

SUPER-CUSHIONS give you a remarkable new ease in car handling. Your car hugs the road, seems to float through traffic, to flow around curves.

SUPER-CUSHIONS soak up crosswise jolts, soak up vibration. Results: less driving fatigue, less wear and tear on your car, fewer rattles, fewer repair bills.

SUPER-CUSHIONS consistently average more mileage than the best standard tires. More—they make small cars ride like big ones . . . make big cars ride better.

SUPER-CUSHIONS run cooler; and because they're softer they "roll with the punch", are harder to cut, bruise or blow out.

Arrange for a Super-Cushion trial on your car today.

MILLIONS OF SUPER-CUSHIONS ARE NOW IN USE ON NEW AND OLDER CARS

THE FEUDS OVER FOLKS

You can quit taking the Amarillo Paper—I canceled my subscription yesterday—You can read about Pampa's own ball club right here in this paper—Ed and Ralph has made up.

Well I've finally figured out who the Panhandle man is—I don't suppose I've got a ghost of a chance of having my name drawn—but in case whoever gets their name drawn that night, and you are in doubt of who it is, if you will see me before you go up on the stage, I'll give you the correct name if you will split the pot with me—I will give out this much information though, and that's that his name starts with a J, as in Jay or Judge—Now don't be a bothering me on this subject, as its just like I say—I absolutely won't give out any information unless I think I will profit some on the deal—I have my overhead expenses just the same as you do.

I think some people kind of doubt my veracity sometimes—especially what I have to say in my Sunday ads—Anytime I print something in this newspaper, its the truth—Ivy and I was in Mobeetie Friday, and we were talking to Joe Thompson, Ed Johnson, Frank Lee, Aubry Greenhouse, and others, and I saw Joe call Ivy off and talk to him—before I left Joe begged my pardon—he said he was kind of doubting the truthfulness of what I had to say in last Sunday's paper, so he just called Ivy off to one side and ask him about it—Ivy must have straightened him, out on it, as Joe seemed to be, plum satisfied—said from now on he'd believe anything I wrote.

The Pampa Lions Club are needing some shrubby and trees for their new park that they are building—they want to beautify it—if you can spare a few shrubs out of your yards, or even would like to buy them a few and give them, they would sure appreciate it—they're really doing something big for Pampa in building this fine playground—lets help them out on this.

Here's a thing that I would like to mention while I've got it on my mind—It's our street markers—I believe we have one of the sorriest street marking set-ups that I've ever seen anywhere—It's pitiful—as well as I know the town there's some streets that I can't locate without a map—I don't see how a stranger ever finds where he is going—Our markings are on the curb, and I don't care if they pointed them every night they would be blotted out by the next night—One small rain does away with all our street markers fifteen minutes after it falls—all a car has to do is splash a little mud, and its gone—It'll cost some money to put them up in the air where we can read them, but it will be worth it—I'd even be in favor of taking up a donation to get the job done—we'll never know what street we're looking for as long as we continue painting them on the curb.

Nobody's asked me to do this, but I would like to see it go over, as I think it is needed—and that's to help those Negro Kids over in the Flats get that moving picture machine—They're not asking for any donations, but I believe we ought to help them out—they may be able to raise enough money, with their debates to buy it, but I don't know—I think they ought to have it, and some of us may have to help them out—If you think you would like to help those Negro Kids out on this, I'd be glad to take any donations that you'd like to give, no matter how small—I think a good machine will run them around four or five hundred dollars.

This Curly Boyd who has been doing a little moving for me—you'd think he would appreciate the business that I'm giving him, but instead of that he tries to make you think I'm trying to get something for nothing—I called him up the other day and wanted him to move a desk from my house up to the Pampa Office Supply—The agreed price was fifty cents, and I explained that he would have to take 4 screws out of the top, as it would have to come off in order to get it out of the door—He not only took the screws out of the top—he took all the handles off—now he wants \$3.00 more—that's the first time I ever saw anyone move a desk and take all the handles off the drawers—this world is sure getting technical.

And now just to show you people what a fine business we are doing down here, I'd like to mention some of the sales that we have made since the first of this month—Mrs. Jim Coffee from Miami has purchased a fine 5 room home out on Zimmer Street—Mr. and Mrs. Eubanks from Mobeetie now own a dandy little home on Davis—Dr. and Mrs. Kelley really bought a dandy when they became the owners of the Jack Nimmo home out in the Fraser Addition—Carl Cady and family are fixed up with a nice one out on Brunon—Mr. and Mrs. Johnson who recently moved here from Clovis, New Mexico are the owners of a home located on Browning—Joe Wells and family will be located on South Russell, having made a good buy from Mr. Baxter—J. Wade bought one, but he went out any moving—Another Mr. Johnson who was stationed here during the war, and liked the town so well that he came back, has purchased the Hudson Drug and Liquor Store, and last but not least, we sold Roy Tinsleys Cypress overhead storage tank, and also his wore out oil storage tank—and O yes, I forgot to mention Baxters Milk Cow—we sold her, and Baxter finally came in and paid the commission.—This makes a total of \$3,900.00—not a bad sales record for the first nine days of April (this is being written Friday nite)—Kirk and Ray say they're really doing an insurance business, Jim is head over heels in loans, and Ivy's busy with his dominoes—Anyway we're sure busy—It's making or old man out of me fast, but anytime you say sell, then we're going to sell—I only hope my health don't just give completely out, as I've got to make an honest living—my overhead is something terrible

When you read this to Church—You'll feel better the rest of the day.

lately whether that faithful old car needs some medical attention?

Are those front tires wearing even? Is she squeaking and groaning for a wash and grease job? Are the fenders drooping and waving?

Why don't you bring it in?

LET PURSLEY MOTOR CO.'s
 trained men administer the proper medicine? If it's too lame to limp in, call 113 for wrecker service.

Kandahar Marcher Dies in England

LONDON — (AP) — Joseph Hipkin, one of the last survivors of the epic forced march from Kabul to Kandahar, Afghanistan, has died at Sutton, England, aged 92.

The marchers covered 313 miles in 20 days to relieve the British garrison in Kandahar, beleaguered by forces of Ayub Khan, pretender to the Afghan throne. That was in August 1880.

The 20,000 British and Indian troops marched across difficult mountain country with negligible water supplies.

The march was led by Lord Roberts. Hipkin was his personal signaller.

Ayub Khan's bid to oust a ruler friendly to Britain was foiled by the action.

Texas to Show Her Appreciation for 'Lady of Liberty'

DALLAS — Schools, churches, civic clubs and organizations will express their appreciation to France for the "Statue of Liberty" during the week April 11-18. The week has been proclaimed "Appreciation Week" by Governor Beauford Jester.

The State Department of Education of which Nell Parmley is musical director has selected a playlet "The Story of the Lady of Liberty," as the most effective means of celebrating the event. The playlet was written by Vernelle Stinson, coordinator of elementary music in the Highland Park Schools of Dallas. The musical theme for the playlet is a song written by John W. Miller and Paul Weibum of Dallas, titled "Lady of Liberty." Miss Parmley has mailed copies of the playlet and the song to 1750 Texas schools, together with the Governor's proclamation.

The song was featured on Bedloe's Island at the foot of the Statue of Liberty on her 60th birthday. Miller has a letter of thanks from General de Gaulle for a recording of the song sent him.

It has been more than sixty years since the people of France raised funds with which to purchase the Statue of Liberty and present it to the people of the United States in appreciation of their efforts for freedom of all peoples.

CIO Planning House-to-House Campaign for Political Votes

By DAVE CHEAVENS
AUSTIN — (AP) — A house-to-house drive for votes is the key point in the Congress of Industrial Organization's Texas political action program this Spring and Summer.

This plan was announced in the current issue of the CIO News Notes, published here. The publication said that the list of Texas cities and towns where CIO workers are building up a precinct-by-precinct and block-by-block organization "reads like the postal guide to Texas."

Chairman J. J. Hickman of the Texas State Political Action Committee and Mrs. Pauline Kibbe, the new Texas director of PAC, have just completed a statewide tour in the interests of getting out the vote.

On their itinerary were San Antonio, Waco, Odessa, El Paso, Laredo, lower Rio Grande Valley cities, Corpus Christi, Houston, Galveston, Port Arthur, Beaumont, Kilgore, Dallas and points in between.

"From this tour comes one conclusion: Our members are busy getting ready for a showdown at the ballot box," they said. "With poll tax payments that broke all records, we have the means to do it."

The CIO news letter indicated three objectives in getting out the vote: To defeat Texas legislators who voted for anti-labor legislation at the last session, the same for members of Congress and to assure a big turnout friendly to labor at precinct conventions.

A record attendance of voters of all sorts is expected at the precinct conventions because of the unusual interest in the May 25 presidential elector convention at Brownwood. Several factions of the Democratic Party have let it be known they are putting time, money and work into the task of digging up partisans on a house-to-house basis over Texas.

These precinct conventions will be held May 1. Delegates will be selected at them for the county conventions. They sometimes are bound by instructions, both on candidacies and issues, depending on the temper of the local meetings.

The county conventions in turn pick delegates for the state convention, but the ultimate makeup of the state convention actually is decided in the precinct meetings.

To Be Happy But Married Read Here

SALEM, Ill. — (AP) — A southern Illinois couple married 72 year has been flooded with inquiries on how to stay wedded happily that long.

Noting a news story on the unusual anniversary of J. W. (Bill) Arnold, nearing 90, and his wife, Sarah, 88, a Boston lawyer wrote: "I would appreciate your writing to me such suggestions that you may have for young people who desire to make their marriage permanent and successful."

Too abashed at first to assume roles of marriage counselors, they finally answered. Arnold, the more talkative of the two, said: "There would be fewer divorces among young people if they would stay out of taverns and not stay up late drinking and carousing; if wives stopped looking at other men, and husbands wouldn't look at other women.

"And if wives would go to bed early, then get up and get a good breakfast for their husbands to work on instead of staying in bed.

"My wife always has meals ready when I come home. She stays home and tends to her knitting. We share in handling the money. Young couples should be careful in this spending wave; they shouldn't spend beyond their incomes. Debt always causes arguments.

"If we get to quarreling, I just walk away. It takes two to make an argument."

Mrs. Arnold chimed in: "Everything he says is all right. I agree."

She added: "Young couples should do everything possible to keep their love light glowing. Real love has nothing to do with age. I think we are as much in love as we have always been." (They eloped to St. Louis when he was 18 and she was 14.)

Arnold said: "We always had the same tastes and liked the same things. We share in the house work, washing dishes and such.

"My motto on getting along is — Always pay your debts and tell the truth at all times, even to your wife."

Out of Prison, He's Headed for Jail

GREAT FALLS, Mont. — (AP) — Tom War Bonnet escaped from the state prison, where he was serving a term for burglary, and a prison bulletin suggested that peace officers watch for him to contact his wife, Agnes, at "326 Third Avenue north."

That's the address of the county jail where Agnes served some time. Sheriff D. J. Leeper says he is expecting Tom to knock at the door any day now.
