Here's Brand-New Power for your Buick

Our men do a master job of keep-ing Buicks right up to Buick high standards. They can get everything out of them that there is to get.

But maybe you'd like the thrill of a brand-new engine in your car.

If so, we're ready to do that job too -ready to put a straight-from-thefactory engine in any Buick built since 1937.

You get an entirely new engine. It has a new carburetor and air cleaner. It has a new distributor with both vacuum and centrifugal spark control. It has new wiring and spark plugs even a new smooth clutch that eases every start and makes driving fun.

On top of all that, this engine brings you the latest Buick features you read about - features like precision cylinder boring and Flex-Fit oil rings, Stratoflow cooling and all the rest.

We have these engines for you right now because Buick engine production is running ahead of complete car output.

So, in less time than a good overhaul would take-and frequently at less cost-you can have a car with everything a brand-new Buick engine can give you, and a car worth much more when you're ready to turn

Good deal, isn't it? Worth looking into? Drop around and let us give you all the facts and figures.

RUSHING THE SEASON:-There are days which occur in this climate, at almost any season of the year, wherein the world reaches its perfection; when the air, the heavenly bodies and the earth, make a harmony, as if nature would indulge her offspring; when, in these bleak upper sides of the planet, nothing is to desire that we have heard of the happiest latitudes, and we bask in the shining hours of Florida and Cuba; when everything that has life gives sign of satisfaction, and the cattle that lie on the ground seem to have great and

BUT WHY SHOULD we not rush the season, as Easter is but a month away and "Easter Parade," with Bing Crosby, can already be heard on selective occasions . . . as a matter of fact, much of the apparel we'll see, come Easter, will have been bought tomorrow—

FASHION NOTE:-(This may be considered treason, but, girls, make the most of it; for it's too good to keep): checks, we hear, will be popular this spring—and we can guess who'll wear 'em and who'll 'em! . . . but what husband will mind the checks (either of them), because who would be stingy? You know, about the only thing a stingy person gives away is himself!

In a couple of months or so it will be the ambition of all of us not to have any . . . but there's plenty of activity now, if that proves ambition. The kids are digging well into the final round of the school year—how well I know that! What are you teachers doing to the kids up there? One kid I know actually HAS to work — there were so many banquets and suppers and dances the past 10 days I can't list all of them. In fact, I'm too tired, and my feet hurt . . . then there's all the campaigning for this and that (not counting Wallace's for president). Women are so silly—making almost as much fuss over a bridge prize as men do over a golf cup.

KEYHOLE EAVESDROPPING:-Jean Parker (of Texas Furniture Co.) between consulting the library and studying the stars, has finally decided who "The Walking Man" is . . . Dell Lamka, but recently a resident of the fair city (for the second time), has a part in the Lions minstrel—something about the "atomic mama." "Usually reliable sources" say she practically stops the show.

BRUSHING UP ON HISTORY:—the Pope declared Luther's writings to be hereditary... the French Revolution was caused by overcharging taxies... the government of England is a limited mockery... the Constitution of the United States was adopted to secure domestic hostility . . . Magna Charta said the King was not to order taxis without the consent of the Parliament . . . Raleigh died in James I's reign and started smoking . . . the Battle of Trafalgar was fought on sea, therefore it is sometimes called Waterloo. . in 1658 the Pilgrims crossed the ocean and this was known as

Love Notes on

For That Sluggish, **Down-and-Out** Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, feit happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of, your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength, Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with

with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood, Start on SSS Tonic now, As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. ### 72-Wanted to Buy (cont.) FOR THE LAST TIME . . . I'M MOVED WILL buy used electric refrigerators, also have refrigerators for sale. Joe Hawkins, Phone 554.

I've been down in my new location a week now, and I actually run into people who want to know when I'm going to move - - even Bill Castleberry ask me - - - I don't want to hear no more about it. Scrap iron, Junk batteries, aluminum, copper, radiators and brass. If you have junk of any kind, call 1851. We will pick it up.

I have 75 boiler flues 14 ft. long at 250 per foot.

C. C. Motheny, Tire & Solvage

Was talking to a pretty big oil man the other day, and he give me something to think about on the Jenkie well - - - he seems to think that Phillips would be foolich to make a weil out of it - - says they can take a million dollars off their income tax on this well - - and can move over and off-set it with another well for 75,000 - - so don't be surprised if they plug it up any day now - - after all strictly a test of the formations.

Does Gray County want a fair - - - I think we ought to have one - - - I attended a meeting in the City Hall the other day on this, and it seems that every one was in favor of it - - - we have the land so why not some buildings where we can have one - - - we could even have the Big Hereford show in one big building - - some discussion took place as to purchasing one of the big hangers out at the air base and moving it in. That's something that we might give some thought on - - or we could build one - - I'm in favor of naything if we can have a fair - - - You'll hear lots about this in the next few months.

Anybody know of anyone who wants to loan me about thirty five dollars to rup me over the end of this month - 4 - my business has been rotten this week - - 1 made one good sale but it didn't go through - - - 1 did manage to seil Mr. Sandford out at the Texas Liquor Store a small lot if it goes through, but my commission on it will only be 25 dollars - - 1 expect I'il owe that much to the Newspaper for my advertising this month - - 1 if it wasn't for the paper I'd get along pretty good - - I've give some pretty good thought to selling my office desk - - it's a good desk - - fiat top, perfect shape - - well-built - - light color - - I'll take 50.00 for it cash and I'm loosing plenty money - - will give possession of it in about a week.

Raymond Benneyt wants me to sell his house out on 513 North Cuyler - it's four rooms modern - ean give possession March 7th - this is in a good location and will probably sell for lots of money in the next year or so on account of its being so close in.

5 acres of perfect land, with 2 bed-room modern house - - - double garage, good location, just outside of the City Limits - - - take 8250

Good 3 bed-room home in the west part for \$500 - . - will carry good loan - - - garage, and fenced in back yard, with this good home. I have a good buy in a large house - - ideally located for roomers - - - this house priced way below present bullding costs -- - take 9000 - - - has double garage, and it's on a large lot.

Another good buy in a large home - - - close in - - - has Beauty shop in connection that would go with the place - - - also a garage apt. that would bring in good rent - - - would try to sell you this. Need a beauty shop in Groom? 4 - - I've had one listed with me - enough equipment for two operators - - - the rent is 20 per mon - - - take 1250.00 - - - and if your interested might take less. HERE'S ANOTHER AD FROM MY NEPHEWS - - -

If anyone is planning to build a house, we have an awfully good loan setup here. We have two large books of FHA approved blueprints which you can look at anytime. If you find one you like, you can order a set for only \$25.00. Most blueprints would cost you about \$150.00. If you build your house by these plans, we can make you a 20 percent FHA loan. Because the interest rates are so low, not many loan out-fits can make this type of loan anymore. We don't know how much longer we will be able to make them either, so drop in and let us take your application right away.

See us for insurance and loans -Kirk Duncan
