# AXIS' YANK DRIVES FAIL

## Germany Fleeing Victorious Reds

### Four Divisions Said Routed In Caucasus

By EDDY GILMORE  
MOSCOW, Nov. 20 (AP)—Red army units pressed hard after fleeing Germans in the deep Caucasus today, following a major victory that eased Nazi pressure on the great Grozny oil fields near the Caspian sea and on the military road leading south into the rich Transcaucasus.

Latest front line reports bore out the earlier impression that a major Fascist force—possibly four divisions of 45,000 men—was routed in a battle of several days on the approaches to Ordzhonikidze. A special communique brought first news of the triumph last night, reporting 5,000 of the enemy killed, several times that many wounded and vast military booty captured. Today's added details confirmed or revised upward all these figures and spread joy among the Russian people whose hope and confidence have been rising as temperatures

### Youths Confess Brutal Slaying

SALT LAKE CITY, Nov. 20 (AP)—Hammer blows that crushed out the life of a California woman who shared her automobile with two strangers were touched off by the singing of a popular love ballad.

Agent Jay C. Newman of the F. B. I. related that Mrs. Abigail Agnes Williams of San Leandro was beaten to death on an eastern Utah Indian reservation after one of her two attackers began to sing a snatch of the song, "Love Letters in the Sand," as a pre-arranged signal for the assault.

Heid in the county jail here on first degree murder charges for action by a grand jury in March are Roy Edward Ritchey, 24, of Gowrie, Iowa, and James Roedel, 26, Oklahoma City. Newman said both have signed confessions of their part in the killing Oct. 12 which netted them Mrs. Williams' car and \$6 from her purse. Ritchey signed his confession here yesterday, Roedel his in Seattle.

### WERE THEY HAPPY!

Wildly cheering crowds greet the American troops as they arrive in Algiers, with both children and grownups giving the "V" sign as Yanks try to restrain the crowd. (Radioed London-N. Y., Passed by censors, NEA Radio-Telephoto.)

### Rayburn Joins Advocates Of Ration Delay

DALLAS, Nov. 20 (AP)—A decision on whether gasoline rationing shall be stayed was awaited from Washington today—perhaps from the White House itself—as the move to postpone it enlisted the aid of Speaker Sam Rayburn.

Rep. Wright Patman of Texas announced last night Rayburn, from Bonham, would ask the President to postpone rationing of gasoline on a nationwide basis at least until Jan. 1.

Rationing has met powerful opposition in the Southwest and Texas. Opponents assert undue hardships would result because of great distances to be covered. Patman, chairman of the house small-business committee which has held hearings in Houston and here, said he told Rayburn: "The Bureau report is not sufficient to convince the people of Texas that gasoline rationing as proposed is necessary."

See RAYBURN, Page 5

## Berlin Admits Loss Of Bengazi; Last East Escape Port

By ROGER D. GREENE (Associated Press War Editor)

Allied headquarters announced today that American and British troops, locked in the first heavy fighting in Tunisia, had driven back every German attempt to thrust out from their newly-formed lines around Tunis and Bizerte, while pro-Allied French soldiers captured small Nazi forces in Eastern Tunisia.

At the same time, Adolf Hitler's High Command acknowledged that fleeing Axis columns in Libya had abandoned Bengazi, the last escape port in North Africa east of Tripoli.

United Nations headquarters said Allied troops, including American mobile artillery units, drubbed the Axis in three sharp clashes yesterday, destroying about one-third of a German armored column and driving two other Nazi columns into retreat.

Even as France's old Marshal Petain appealed to Frenchmen in North Africa to "resist the Anglo-Saxon aggression," French colonial troops were officially reported to have bagged a group of Nazis attempting to push south along the Gulf of Gabes in eastern Tunisia.

Dispatches said the opening battle for control of the strategic North African buffer state developed between 30 and 40 miles from Bizerte, big Axis-held naval stronghold, with the Germans using their best medium tanks and dive bombers.

Allied losses were described as "minor." American and British mechanized troops now have driven 30 miles eastward from the Algerian frontier and were reported moving toward climactic assaults on Bizerte and Tunis, the capital.

German headquarters gave a noncommittal version of the initial clash, declaring: "The German fighters attacked enemy advanced units and De Gaulle's Fighting French units which attempted to stop our advance."

More Rationing To Come—Henderson

BOSTON, Nov. 20 (AP)—Price Administrator Leon Henderson said today that the government will next year increase in Victory models, or standardized and simplified civilian goods, as well as an extension of rationing. Henderson spoke to the first New England war conference which received a message from President Roosevelt expressing approval of the "free exchange of ideas through regional discussions" throughout the nation as an aid to conduct of the war and formation of a better post war world.

### I HEARD . . .

Homer Doggett saying he was a "full-fledged" fireman now, in keeping with the maxim that a fireman isn't really a fireman until he has taken a cat off a telephone pole. Homer performed this service recently. The cat had been on top of the pole all night and the grateful owner gave Doggett a \$1 bill for the fireman's special fund.

### Tobruk Now Truly Harbor Of Wrecked Ships, Reporter Discovers

By EDWARD H. CROCKETT  
ABOARD A BRITISH MINE-SWEEPER IN TOBRUK HARBOR, Nov. 18 (Delayed) (AP)—We have only been in this bomb-splattered harbor a few minutes and will leave very soon—but during the past two days this flotilla has been plenty busy.

The job of these ships is to clear the sea lanes for merchant traffic, to make sure no mines are left to damage the cargo vessels. Thus they are paving the way for eventual juncture with American and British forces in the Western Mediterranean, establishing complete mastery of this sea. Ours were the first vessels to enter Tobruk harbor since the re-opening of the harbor. The town looks much the same as it did when I came here with the Army early last June—just a few more now couldn't make any difference. But the harbor is even more the harbor of wrecked ships. There were 53 wrecks, ranging from a former Italian liner and a major Italian cruiser to tugboats, when I last saw the port. Now there are many more. Some are partly out of the water. Most of them are on the bottom, but visible on a clear day, and they include Italian merchant ships, destroyers, Axis submarines and other vessels, some of them sunk by American aircraft. But now this vital harbor is being used to supply the forces pushing Marshal Rommel toward the Allied armies in the west.

### Government Officials Fearful Food Rationing Hornets Nest

WASHINGTON, Nov. 20 (AP)—To ration or not to ration. That is a question government food officials are afraid may stir up a debate more heated than that being waged over limitations on gasoline.

For weeks the Department of Agriculture and its spokesmen have been warning that the nation faces shortages in many important foods. Some of those shortages, they say, are beginning to show up now.

Yet only sugar and coffee have been rationed. The War Production Board has instructed the Office of Price Administration, the government's civilian rationing agency, to work out plans for meat rationing.

But even more critical shortages are said by the Agriculture Department to be developing in the case of butter, cheese, fluid and evaporated milk, and other classes of dairy products. Supplies of cooking and vegetable oils are said by the same agency to be insufficient to provide civilians with all they would buy.

Further, the department is not so sure that farmers will be able to meet civilians demands for potatoes, fresh and canned vegetables, and fruits.

The question of rationing is raised as farmers complete the harvest of the largest production of crops on record. The output of milk will top all previous marks. So will livestock slaughter. Why, then, should there be shortages? The answer is this: The demand for food has outstripped production, the Agriculture Department says. Requirements of the nation's armed forces and its Allies receiving lend-lease aid took about 13 per cent of this year's food supply. Next year those requirements may take from 20 to 25 per cent.

The demand of civilians has been increasing, too. The agriculture department estimates that consumers had 20 per cent more spendable income this year than last. It expects a further increase next year.

Now It's Tireless Motorists Who'll Be The Nuisance

LOS ANGELES, Nov. 20 (AP)—The board of public works asked the city council to pass an ordinance to forbid driving cars without tires. There has been an increase of motoring on the bare rims. It's tearing up the city's streets.

### BULLETINS

ALLIED HEADQUARTERS IN NORTH AFRICA, Nov. 20 (AP)—American and British combat teams have destroyed about one-third of a German armored column in the first heavy fighting in Tunisia, forcing it and two other Nazi columns to retreat, it was disclosed today.

CAIRO, Nov. 20 (AP)—The Allies already have begun the aerial bottleneck, next possible stopping place in the retreat of Marshal Erwin Rommel, while closing in on Bengazi.

WASHINGTON, Nov. 20 (AP)—"The poll tax is on the way out," says Senator Russell (D-Ga.), who has carried a big share of the fight against the anti-poll tax bill. He says the federal government is "trying to ram this down our throats."

AUSTIN, Nov. 20 (AP)—The Texas Railroad commission today issued a statewide rationing order for December authorizing daily average crude production of 1,470,658 barrels.

### Registration Centers Here Open Until 10 P. M.; Ends Saturday

Registration centers for gasoline rationing in McLean and LePore and at the Lamar school building in Pampa will remain open until 10 o'clock tonight to accommodate persons unable to register during the day.

This is the only time and these places named are the only centers where the late hour of closing will be observed. Saturday will mark the end of applications for the basic A gasoline cards, and Saturday's schedule for registration will be the same as Thursday's, centers opening at 9 a. m. and closing at 5 p. m. Persons who were unable to obtain cards due to the fact that their vehicle for which application was made was owned by a relative and it was not possible to get the owner's signature in time, are to meet with members of the gasoline rationing panel of the Gray County War Price and Rationing board at 1:30 Tuesday afternoon in the city commission room at the city hall.

### WERE THEY UNHAPPY!

These five members of the Italo-German Armistice commission under guard of American soldiers were surprised and captured while eating breakfast when the AEP swooped down on Fedala, French Morocco in huge Nov. 7 invasion of Africa. (Radio London-N. Y. Passed by censors, NEA Radio-Telephoto.)

### Price Control Is Successful, Claim

BOSTON, Nov. 20 (AP)—Leon Henderson, federal price administrator, asserts the cost of living has increased only a little more than 1 1/2 per cent since May under the restraining influence of OPA price management.

He told a citizens' anti-inflation rally last night that the price of sugar during World War I was 27 cents a pound, but "today you're paying seven cents a pound."

The public, rather than the OPA, is responsible in the final analysis for the success or failure of rationing and price control, Henderson said.

### No Xmas Tree This Year; No Poor Kids

TOPEKA, Kas., Nov. 20 (AP)—The Community Christmas Tree committee decided there would be no community tree for underprivileged children this Christmas.

There aren't enough underprivileged children.

### \$150,000 Fire In Fort Worth Plant

FORT WORTH, Nov. 20 (AP)—Fire which started near the boiler room of Globe laboratories early today destroyed the plant's main building with damage estimated at \$150,000.

Two city pumper companies answered the alarm but were handicapped because of no city water supply was available and the plant's supply failed to provide sufficient pressure.

### Gas Ration Foes Assert Outlook Not Too Bright

WASHINGTON, Nov. 20 (AP)—A bi-partisan congressional bloc, fighting to postpone nationwide gasoline rationing, was confronted today with the likelihood that it would have to base its case on persuasion rather than compulsion to obtain action before the December 1 deadline.

Rep. Hope (R-Kas) member of a special committee formed to gain a delay in the order through legislation, expressed belief that a further study would prove helpful, but conceded that "I don't think there is much that can be done."

Last night, after 75 house members at a caucus had unanimously voted to demand a 90-day postponement of nationwide rationing, Speaker Rayburn disclosed he was seeking to get high officials to postpone the program at least until January 1.

From Rep. Boren (D-Okla.), another member of the committee set up by the caucus, came the assertion that "many" Oklahomans were refusing to register for the rationing in the belief that "it is unjust and unfair" in areas where there is a surplus of gasoline.

The pessimism about the chances of obtaining action through legislation was developing in some quarters because, as Hope explained, only 10 days remain before the effective date of the order, and it would be difficult to obtain a quorum if the measure was challenged.

### Manpower Board To Decide Draft Deferments Proposed

WASHINGTON, Nov. 20 (AP)—President Roosevelt said today that a manpower program to be announced soon would provide machinery for draft deferment of essential workers in munitions plants.

The President told a press conference he did not know whether the manpower problem would be handled through administrative action, but he said probably little legislation would be required.

He said, too, that he had written the War and Navy secretaries directing that they accept no enlistments and grant no commissions, effective as of last Monday, to governmental employees.

This followed his instructions to heads of all governmental agencies and departments to cancel draft deferments for federal workers and to ask for no deferments save in exceptional cases.

Mr. Roosevelt said there had been a rush Tuesday by men who thought they were likely to be drafted, to obtain commissions.

The President said restrictions would apply both to enlistments and commissions, and that when the manpower setup is perfected the government also would prevent the drafting of men out of munitions plant operations where they are needed.

Possibly management will be asked to certify more frequently to draft boards whether prospective draftees really are irreplaceable. There is not enough consultation now with factories, the President asserted.

### Texas Packers Now Face Ruin, Report

WASHINGTON, Nov. 20 (AP)—Three Texas congressmen and former Governor James V. Allred have asked the office of price administration, to ease regulations on packing houses so they may process more meat for civilian consumption.

Unless some action is taken soon, Allred said, many small packers not having contracts to supply military and lend-lease orders face ruin. He spoke specifically for plants in the Houston area, but added that the same situation prevailed in other localities.

With Allred in talking with John E. Hamm, senior deputy OPA administrator, were Representatives Thomas, Foage and Mahon, all Democrats.

He suggested a solution might be relaxation by the bureau of animal industry, agriculture department, in regulations requiring that plants have federal inspection. E. P. Shaw, Houston packer here with Allred, said in the present situation there was no question of sanitation involved in the securing of federal meat inspection. He contended it was a matter of meeting expensive building specifications which many small packing plants found prohibitive.

### Water-Oil Ratio Plan Proposed

By The Associated Press  
AUSTIN, Nov. 20—Texas crude oil purchasers and the state railroad commission today considered testimony advocating adoption of a water-oil production ratio to check the downward trend of bottomhole pressure in the giant East Texas field.

Commission engineers asserted at the statewide rationing hearing yesterday that the water-oil plan was the best conservation measure based on physical waste and that transferring the allowances of salt water wells would cause unequal withdrawals from leases.

Chairman Ernest O. Thompson proposed a water-oil ratio to combat declines in the field's pressure. He termed the ratio "a logical conservation move."

The chairman explained that displacement of water as well as displacement of gas affects pressure, and that the state already has adopted a gas-oil ratio.

Commissioner Olin Culbertson said he favored "any measure that will get the job done."

### Allies Battle Japs At Buna

GENERAL MACARTHUR'S HEADQUARTERS, Australia, Nov. 20 (AP)—American and Australian jungle fighters pinned the Japanese into a narrow corridor along the Papuan coast between Buna and Gona today after Allied airmen had smashed an enemy sea and air relief thrust, sinking a cruiser and destroyer and downing three planes.

Today's noon communique said that Allied ground forces were fighting in the outskirts of Buna, main enemy base in the battle area, and Gona, the settlement about 30 miles northwest along the coast where the Japanese made their initial landing in this region last July 22.

After days of withdrawal with little or no resistance, the Japanese apparently were making a stand on Buna and Gona in a last effort to prevent expulsion from the sector from which they launched the drive that menaced Port Moresby, on the Australian side of New Guinea, only last September.

### Six U. S. Workers Are Discharged As Subversives

WASHINGTON, Nov. 20 (AP)—Attorney General Biddle reported to congress today that since August 22 six federal employes had been discharged and one had been disciplined for membership in subversive organizations.

This brings to 56 the total of federal employes thus dealt with since that type of investigation was begun at the behest of the house committee on un-American activities.

### I SAW . . .

One of those seemingly endless trains pulling rough Panzars the other night, loaded its length with jeeps, trucks and other equipment for military use. Among the scores who stood watching it roar its way were several of the Air Cadets here for training. The crowd watching said nothing. All seemed deep in thought.

# Market Briefs

**NEW YORK, Nov. 19 (AP)**—Stocks generally were grounded in today's market as the continuation of heartening war news from virtually all sectors.

While modest advances were scored by selected issues at the start, there were subsequent let-downs here and there and trends near the close were moderately mixed.

Encouragement was found in the lack of insistent offerings, dealings being even more sluggish than in yesterday's session. Transfers for the full proceedings were around 500,000 shares.

# Cattle Feeding Situation Now Is Promising

**By The Associated Press**

**AUSTIN, Nov. 20 (AP)**—The United States Department of Agriculture reported today that despite a scarcity of labor for harvesting feed crops, the cattle feeding situation in Texas as of Nov. 1 was promising, with indications that sheep feeding on the northwest plains would be increased.

Cattle and calves in large numbers were moved into the plains counties during September and October, the department said, and most of them were pastured on wheat. Some may be put on full feed if the outlook appears favorable later in the season.

Sheep were grazing on abundant wheat pastures, and if weather is favorable for continued growth, a large percentage of the pastured lambs may move direct to market without further finishing.

The report set forth further: "Developments in the lamb feeding situation for the United States during October did not change the earlier indications of a decrease in the total volume of lamb feeding during the 1942-1943 season from the record volume of the 1941-1942 season. It seems probable that lamb feeding in the corn belt states will be little different from last season, but there will be a substantial decrease in the Western states.

"The most important development in the cattle feeding situation for the United States during October was the record movement of stocker and feeder cattle into the corn belt states. This record movement reflected the large supplies of feed grains and other concentrates and roughage available and the steady advance in fat cattle prices to new peak levels for the year.

"Shipments of stocker and feeder cattle into the 11 corn belt states in October this year were nearly 20 per cent larger than last year, and probably exceeded the previous record for the month in October, 1940.

"There has been a heavy movement of cattle this fall to wheat pastures in Kansas and Texas. Some of these cattle will be marketed directly from these pastures if the weather continues favorable, and others will be finished on grain sorghum and other feeds that are in abundant supply."

**CHICAGO GRAIN**

**CHICAGO, Nov. 19 (AP)**—Gains up to about 1 cent were posted on the grain futures market today as prices displayed a general but slow recovery tendency.

Improved shipping demand for corn, stimulated by the recent slight price decline, opening of Senate Agricultural committee consideration of Federal Price Stabilization operations, and delay in announcement of the government plan to release loans wheat to flour mills accounted for most of the market's strength, brokers said.

Wheat closed unchanged to 1/2 higher compared with yesterday, December \$1.24 1/2, May \$1.28 1/2; corn 3/4 up, December 92 1/2, May 88; oats 1/2 up; soybeans 1/2 higher; rice 1/2 higher.

**CHICAGO GRAIN TABLE**

Wheat	Open	High	Low	Close
Dec	1.24 1/2	1.24 1/2	1.24 1/2	1.24 1/2
May	1.28 1/2	1.28 1/2	1.27 1/2	1.28 1/2
Jan	1.29 1/2	1.29 1/2	1.29 1/2	1.29 1/2

**CHICAGO LIVESTOCK**

**CHICAGO, Nov. 20 (AP)**—(USDA)—Hogs 21,000; calves 15,200; steers 13,700; lambs 10,000; sheep 13,200; sows 25,350; pigs 300,500; general market steady; cows predominated in crop, fairly active; cutter cows 9.00; most beef cows 9.00-11.00 with a few good grades 11.00-12.25; not enough heifers offered to make a market; bulk steers 13.00-15.00; choice bulk steers 15.00-16.00; heifers 11.00-12.25; day's top; dull trade on heavy sausage bulls 12.25; vealers unchanged at 15.50 down. Stock cattle a little more active at 11.25-14.00.

Sheep 5.00; late Thursday; strong to 15 higher; top woolled lambs 15.25; choice heavy lambs 15.00; yearlings 13.00-25; slaughter ewes strong to 10 higher; bulk common to good grades 6.25-20; today's trade; fat lambs opening about steady; few loads of good fed western and natives available; good to choice lambs bid 15.25; yearlings firm around two doubles and odd lots 13.00-50; package of good to choice slaughter ewes 7.00.

**KANSAS CITY LIVESTOCK**

**KANSAS CITY, Nov. 20 (AP)**—(USDA)—Hogs 10,000; calves 15,200 lower than Thursday's average; top 13.40; feeders' small to choice 17.00; top 17.00; sows 13.25-50; pigs 13.15-25.

Cattle 600; calves 200. Killing classes cattle slow, steady to weak in a clean-up trade; supply consisting mostly of odd lots, she stock; vealers little changed; feeder and feeder classes slow, steady to weak; moderate carry-over in dealers pens; few head good to choice calf cut yearlings 15.00; odd lots medium heifers downward from 12.00; canner and cutter cows 7.50-50; common to medium cows 6.25-10.25; good to choice vealers 12.50-14.50.

Sheep 2,000; opening sales killing classes steady; good to choice trucked in native lambs 14.50; slaughter ewes 6.00.

## Laval Granted Total Powers

**By The Associated Press**

**LONDON, Nov. 20**—Backed by German bayonets, Pierre Laval held powers of life and death over the people of unhappy France today through the Vichy government's latest gesture toward the Nazi conquerors.

It was disclosed last night that Marshal Petain at a Tuesday cabinet meeting designated the swart little Germanophile his heir as Chief of State, and gave him full powers to write his own laws and decrees.

British political observers were quick to declare that extended powers for Laval—whose fortunes and very life are pinned to his often affirmed belief in an ultimate Axis triumph—were a "logical development." They said it showed definitely that the Octogenarian Petain "is completely in the hands of the Germans and they put Laval in."

In the official Vichy announcement, the 86-year-old marshal praised Laval for "patriotism and foresight," explained that the chief of government was being given extended power so that he may "speedily deal at any hour and in all places with France's problems."

## Reverend Fite Ends 8 Years At Canadian

**By The Associated Press**

**CANADIAN, Nov. 20**—Rev. W. A. Fite, pastor of the First Baptist church, Canadian, since the spring of 1934, and Mrs. Fite left Monday afternoon for San Angelo where they expect to spend the winter before assuming another pastorate.

An electric organ was installed in the local church and a commodious educational building erected during Rev. Fite's pastorate here.

He was an active member of the Canadian Rotary club, a Mason, and the past year, served as worthy patron of the Order of Eastern Star.

Mrs. Fite was active in P. T. A., W. O. T. U., Woman's Club, and Girl Scout work. In addition to her church work—directing the choir, oftentimes organist, superintendent of the adult department of the Baptist Sunday school, directed the Baptist Training Union for young people. She also served for eight years as president of the Woman's Missionary Union Association of district 10.

Mrs. Fite sang "The Holy City" at the Sunday morning service the solo she always sang for her church at the holiday season.

Rev. Fite preached his farewell sermon Sunday night and performed the rite of baptism for Dorothy and Norma Bernson, the not quite nine-year-old daughters of Mr. and Mrs. Maurice Bernson who have lived all their lives next door to the Baptist parsonage.

Numerous social courtesies were extended Rev. and Mrs. Fite during the weeks since his resignation was accepted by the church. A covered dish supper at the ODS banquet room where he was presented with the past patron's pin and she

# Kill Japs-- And More Of Them, Advice

(This is the first dispatch from J. Norman Lodge, Associated Press war correspondent, since he arrived in Guadalcanal. The veteran writer fought in the First World War and in this war has watched the action in Norway, London and on North Atlantic convoys in this war.)

Thursday at the regular meeting of the Women's Missionary Union in the home of Mrs. H. S. Wilburn, following the usual program, Mrs. Fite was presented a two-piece luggage set of dark blue leather with white trim and initials in gold lettering. Mrs. A. B. Curtice made the presentation speech. This was the gift of the individual members of the W.M.U. They also presented her with a leather-bound book in which each one present wrote a toast. The Thanksgiving motif was carried out in room decorations and the food service. Mrs. Paul Bryant is president of the W.M.U.

## British Army Now Nearing Bengasi

**CAIRO, Nov. 19 (AP)**—Vanguards of Britain's eighth army have reached a point about 50 miles south of Bengasi and 15 miles from the eastern shore of the Gulf of Sirte, overlooking the main coastal road between Bengasi and Agadabia, it was disclosed today.

These forces apparently were the southern wing of the British pursuers of Marshal Rommel's broken Axis army.

The Soviet Union has the largest Arctic frontier of any country in the world.

# Former Miamian Takes Position At Abilene Church

**MIAMI, Nov. 20**—Miss Jennie Severson, formerly of Miami, but for several years a director of religious education in several of the large churches in Oklahoma, has transferred to St. Paul's church, Abilene, where she will be employed as director of education.

The change is an outstanding promotion in that field.

Miss Severson spent her childhood in Miami, moving here from Kansas. She is the daughter of Mrs. Gus Severson, and a sister of Mrs. C. A. Gunn, of Miami, and of Misses Murtie and Jessie Severson of San Antonio, and Mrs. Walter Koons of Canton, Kan. After graduating from Miami High school, she attended college in Kansas, and later received her A. B. and M. A. degrees from Southern Methodist university, Dallas, where she was assistant dean of women.

Her first position in her chosen field was at First Methodist church at Ada, Okla., and later she was at Shawnee and then at Oklahoma City.

**BUY VICTORY BONDS**

Turning to the naval situation, the commander of the southwest Pacific termed it fine "from our point of view."

He said his recipe for victory on the sea was similar to his advice to the troops on land—"sink ships sink ships and sink more ships, adding that "maybe after all the carriers are gone, our battleships will be there to beat them."

"Battleships," he said, "will have

States' Rights And The Draft

Selective Service—the military draft—is one of the few topics on which we venture censorious criticism only with the greatest of reluctance.

Common Ground

"I speak the pass-word primal. I give the sign of democracy. By God! I will accept nothing which cannot have their counterpart on the same terms."

The Chicago Tribune, in commenting on the election, made this statement: "The victory on Tuesday was a victory of religion over atheism, of morality over licentiousness."

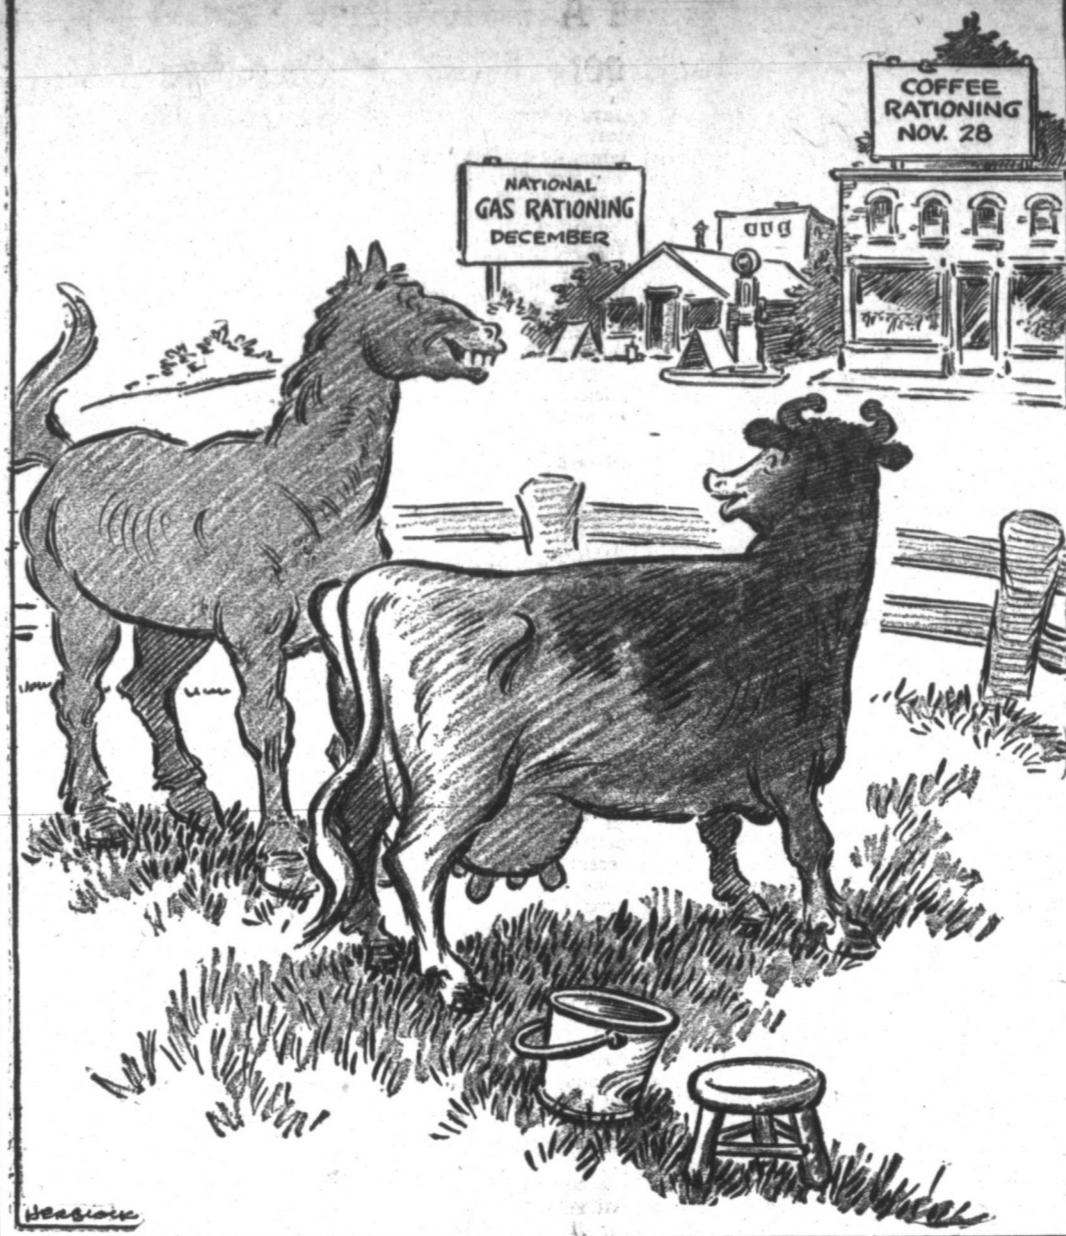

It does mean, however, that people are beginning to realize the lack of principle back of the New Deal. And anything that is not operated by principle or impersonal rules, or laws, is a sort of atheism, a sort of anarchy.

Atheism is a form of force. The New Deal knew no laws but the laws of force. They reserved the right to compel by force other people to work as they wanted them to work.

Yes, if Atheism means no law but force, the election was a repudiation of Atheism. Let us hope at least that it is a return to the religious principles taught by Jesus that all men, not just part of the men, or a bare majority, have inherent rights that must be respected by the government.

PLENTY OF EDUCATIONAL WORK TO DO When the State of California will vote 900,000 strong to keep Secondary Boycott and Hot Cargo as a law of the land, it is evidence that we have plenty of educational work to do in order to get voters to understand the eventual results of such beliefs.

"BROTHER, I'M GETTING A LAUGH OUT OF THIS, TOO"

News Behind The News

By RAY TUCKER BURDENS: Economic Stabilizer James Francis Byrnes will exercise power second only to the President if F. D. R. carries through his contemplated plan for lodging all authority over the various war agencies in the former Supreme Court Justice.

Around Hollywood

By ERSKINE JOHNSON NEA Service Staff Correspondent Give a man a horse he can ride, and what do you have? A knight in armor, maybe, or perhaps the winner of the Kentucky Derby.

Labor Battle Is Seen Behind Ship Loading Charges

By PETER EDSON Washington Correspondent The Pampa News Joe Curran, two-listed president of the National Maritime union, has just recently repeated his charges that ships carrying war supplies from U. S. east coast ports to the battle fronts were being lost because they were badly loaded, and that brings up a few bits of background on this situation which aren't too well known, but should be.

Today's War Analysis

(This column, conducted as a daily feature by DeWitt MacKenzie, war analyst, is written today by Glenn Baber, Mr. MacKenzie, now in the Middle East War zone, is expected to resume tomorrow.) The Japanese are taking punishing, costly defeats at the farthest fingerholds of their zone of conquest.

War Homes

A recent announcement gives the number of living units constructed for war workers since the middle of 1940 as roughly half a million.

Private industry built 355,000. Government financed 142,000, of which more than 10,300 were stopgap trailers. The cost per unit of homes supplied by private enterprise averaged \$4,540, without adjustment for the fact that this figure covers also 470,000 non-war residences, of which at least some are excluded for the very reason that they were not in the ultra low cost field.

America Goes Places

(Tulsa Tribune) The typewriter strategists were the object of one of the President's most recent diatribes against the press.

So we give you the current issue of the American Legion magazine which comes up with something sardonic in the way of anniversaries. Forty-one years ago this month, it recounts, an American army board examined the automobile and decided it had no future in warfare.

The Nation's Press

Mr. Roosevelt has asked congress for authority to suspend laws regulating the movement of goods, persons, and information in and out of the country. The message was singularly vague. No one reading it can say with any degree of certainty what laws he wishes to suspend or why.

SERIAL STORY THE EDGE OF DARKNESS

THE STORY: An Norway is preparing for revolt against Nazi rule. Gunnar Broege, who has gone to Lars Malker's store to meet Soling, the brave thing. The electric lines, you know, outside the city. They are very important, it seems, and he cut them so the Germans could have no lights.

Curran's union is a union of seamen—the men who actually sail the ships and to whom all credit is due for having done an heroic job. Curran's union is affiliated with the C. I. O. The men who load the ships which Curran's sailors operate, however, belong to the International Longshoremen's Union headed by Joseph P. Ryan.

(Continued on page 7)

WERE EXPERIMENTAL

For one thing, the Japanese battleships sunk or damaged are said to be of the Kongo class, a group of remade battle cruisers which composed the least formidable unit of the Japanese first line. Nearly 30 years old, they represented an early, experimental stage of Japanese naval architecture.

WERE EXPERIMENTAL

In the Solomons Japanese fortunes have been even worse, if possible. Our Navy now adds more ships to the already formidable list of losses, suggesting that what Secretary Knox calls round two of the Solomons slugging match has cost the Mikado's fleet two battleships, eight cruisers and some 18 lesser craft.

WERE EXPERIMENTAL

(To Be Continued)

### Men In Service To Be Honored By Pampa Baptists

The seventy-six young men who have gone out of the First Baptist church into the armed forces of the nation will be honored in a special service at the church Sunday evening at 8 o'clock when the Rev. E. Douglas Carver will speak on "The Choice Young Men of a Nation." A service plaque bearing the names of the men in service will be unveiled and dedicated during the evening's procedure.

Guests of honor at the service will be the relatives of the men in the nation's armed forces. The name of each man will be called, and his relatives will be publicly recognized, it was announced.

Special music in keeping with the theme of the hour will be presented under the direction of H. Paul Briggs. A feature of the musical program will be a choir number, "God of Our Fathers, Whose Almighty Hand."

### Rites For Mrs. Seitz Held This Afternoon

Funeral services for Mrs. Jonas (Beth) Seitz, 33, who died early yesterday morning at the family residence on N. Russell street, were conducted at 2 o'clock this afternoon at the chapel of Duenkel-Carmichael funeral home by the Rev. Douglas Carver, pastor of First Baptist church. Burial was in Fairview cemetery.

She is survived by her husband, Jonas Seitz, Pampa; father, S. F. Saunders, Duncan, Okla.; brothers, Hugh, Seminole, and Foster, Duncan, Okla.

Sisters Lucille Saunders, Pampa; Mrs. Claude Wilkerson, Mrs. Claude Paul, Mrs. Robert Green, all of Duncan, Okla.; Mrs. Alex Boatman, Priona; Mrs. R. R. Ruyke, Ft. Worth.

Pallbearers were B. F. Bulls, Bob Couch, H. S. Ayres, Earl Seitz, Truman Hobdy, and H. L. Ledrick, Sr.

Cists will be the First Baptist pastor's sermon subject at the morning worship hour. Music in keeping with the Thanksgiving spirit will be featured at this service.

Those unable to attend the morning worship service are invited to hear the service broadcast over Radio Station KPND beginning at 10:55 a. m.

### RAYBURN

(Continued from page 1)  
The Baruch report in effect said that the critical rubber supply situation demanded that travel be cut to essentials.

"If a fair investigation is conducted, if a house or a senate committee, or a joint committee of the two houses, look into the situation and make a report, the people will have confidence in the findings and comply with the recommendations," Patman said.

OPA Director Leon Henderson said on a recent visit here that rationing registration would not be postponed, as it was once, because every delay meant that millions of tires miles "were getting away from us each day."

Patman left today for Texas. He will stop in Sulphur Springs en route. He said before departing he had had no further word on the rationing situation since his talk by telephone with Rayburn in Washington.

He commented, however, that "the speaker is a very powerful figure and if anybody can get something done, he can."

case on which advice was sought. While "swamped" under an avalanche of inquiries, employees and members of the board say that Pampans are taking registration in a fair-minded spirit.

Over the state registration has resulted in aches for both vehicle operators and the OPA. An example:  
S. A. Grever of Dallas has a motorcycle driven by electricity. He uses rubber tires, and the gasoline rationing is supposed to save rubber. But he uses no gasoline.

Or take the case of Arthur Moore, operator of a combination livestock and field crop farm near Dallas. He tells his own story:  
"I have a couple of two-wheel rubber tired trailers and one with four wheels which I use about the farm. I went to the office of defense transportation and told them that I use these trailers to load crops out of the field and to haul stock to market. When I told them that sometimes I hook these trailers onto my passenger car and at other times onto a pickup truck, they said I couldn't do that."

"Then I went over to the office of the administration and continued to explain. When I told them that at times it is necessary to pull a trailer with a tractor they said I couldn't do that. Then when I said that when the field is muddy I hitch up the mules to the trailers, they were puzzled. They didn't know the answer to this one, so they told me they would have to take it up with Washington. That means I'm probably tangled up in red tape for six months."

Meanwhile, State OPA Director Mark McGee, after a conference in Austin with Gov. Coke Stevenson, appealed to county war price and rationing boards to add temporary members to their fuel panels to aid in coping with the rush of applicants.  
School teachers were serving as registrars.

**BUY VICTORY STAMPS**  
**Old Rags Wanted At New Air Base**  
A rush appeal for clean cotton rags to be used in washing windows and general cleaning up the buildings at the Pampa Air Base has been made by Second Lieut. Jay M. Dickinson, mess officer.  
The lieutenant has asked and obtained the cooperation of the local chapter of the American National Red Cross and the Red Cross of Ice in the city hall will be the collection depot for rags Pampans are asked to donate.  
Lieutenant Dickinson is asking Pampans to bring in rags in a hurry so that the air base buildings can be thoroughly cleaned when a contingent of soldiers arrives here shortly.  
There are no limitations on the kind of rags wanted, other than they be clean cotton rags.  
A truck will carry the rags from the city hall to the air base.

### Many More Books Are Needed For Flyers' Library

Books and magazines by the hundreds still are needed for the barracks library at the Advanced Flying School. A large number of men arrived today, whose regular schedule of work will not begin for some time. Therefore, Lieutenant Willis D. Cowan has made a special request for reading material for these soldiers.

Some organizations and individuals have responded to the appeal made to citizens of Pampa and Gray county by the Education committee of the American Association of University women, of which Miss Pearl Spough, 1318 Mary Ellen, is chairman. Magazine subscriptions have been given by the Lions club, Parent Education club, Twentieth Century, Garden Club, and Parish Council of Holy Souls, Holy Souls Parent-Teacher, City Council of Parent-Teacher, Horace Mann Parent-Teacher, and Sam Houston Parent-Teacher. Delta Kappa Gamma donated five subscriptions, and the A. A. U. W. is using \$25.00 to purchase magazines. Individuals who have given magazine subscriptions are Mr. and Mrs. G. F. Priau, Mr. and Mrs. R. H. Sanford, Mrs. Ivy Duncan, Mrs. E. O. Sidwell, Mrs. Dan Busch, and Miss Loraine Bruce, Clara Brown, Helen Martin, Margaret Jones, and Pearl Spough. Further subscriptions may be telephoned to Miss Spough at 1795 and Mrs. G. F. Priau at 2465.

Mrs. James Todd, city librarian, has suggested that Pampans who subscribe to weekly and monthly magazines might like to bring these periodicals to the library immediately upon their finishing with them. If these are brought regularly, they will be up-to-date and can be enjoyed by the flyers.

Thousands of idle books in Pampa could be used at the barracks library. Look through your books and those that you are willing to give to the Flying School may be sent or taken to any one of the public school libraries or to the city library. They will be collected from these centers.

**BUY VICTORY STAMPS**  
**Pampa Jaycees Will Be Paid Tribute**  
Members of the Pampa Junior Chamber of Commerce and of Junior Chamber of Commerce over the state will be saluted by Boyce House, Texas newspaper and radio columnist, in his radio program, "I Give You Texas and the Great Southwest," to be heard at 12:45 p. m. Sunday over KGKO, Dallas-Fort Worth; KTSA, San Antonio; and KXYZ, Houston.

On Sunday, November 29, the program will be repeated over KGKC, Amarillo.  
Not all the Texas clubs will be specifically mentioned in House's broadcast but several will be. Work done by the state organization will be the theme of the program.

### American Flyer Sacrificed Life To Save Others

LONDON, Nov. 20 (AP)—The Morocco radio reported today that the pilot of an American plane in distress this morning over Rabat sacrificed himself in order to crash his craft away from a built-up area. It said the pilot could have taken to his parachute but for his thought to insure that his plane land on cleared ground.

### Negro Prowler Is Sought By Police

A Negro prowler who attempted to enter two Pampa residences early this morning was being hunted by police today.  
The Negro, almost captured at 6 a. m., eluded police in the darkness of an alley in the 200 block on N. Cuyler.  
At one of the places the Negro was reported to have talked to persons inside the house, demanding that he be admitted.  
The Negro was reported to have attempted entry at a house in the 400 block on N. Somerville, and at 814 N. Somerville.

**GOOD LIGHTING is a War-Time Necessity!**

Here's how to get the most efficiency from the Electricity you use

Keep shades, reflector bowls and especially bulbs clean. They gather more dust and dirt than most people realize. Dusting or washing them with a damp rag every month will give you approximately 25% more light. Silk shades should be brushed weekly.

Use light-colored shades: also light colors on walls and ceiling, when decorating. Dark shades, walls and ceilings absorb as much as 50% of the light. Dark shades or shades turned dark yellow should be replaced. When redecorating, select an especially light color for the ceiling.

Use the right size bulb and proper kind of light. Wrong sizes may mean eyestrain for you or someone in your family. When you read, sew or study, be sure you have enough of the proper kind of light.

**Additional things to remember:**  
Shade every light to eliminate glare.  
Use indirect reflector lamps wherever possible.  
Place lamps in positions where they will give you the most light.  
Avoid sharp contrasts between brightly lighted surfaces and dark backgrounds.  
Guard against light reflected into the eyes from shiny surfaces.  
For close eye-work, do not work in your own shadow. Rest your eyes by closing them occasionally.  
If your eyes feel strained or unduly tired, see a competent eyesight specialist.

Masonic Home Beats Amon Carter 19-0

Midwest May Take Honors In Kick Returns
CHICAGO, Nov. 20 (AP)—The South and the East, which perennially produce football's leaders in punt returns, may have to yield honors to the Midwest this year if Indiana's Billy Hillenbrand keeps leading.

Pirates, Ponies Clash Tonight
Special To The NEWS.
LEFORS, Nov. 20.—Coach John Rankin's LeFors Pirates will take the field Friday night against the Wheeler Mustangs, a team which according to the "dope-sheet" is about equal with the Pirates.

Some Throats May Be Slashed In Conference Tilts Tomorrow
By HAROLD V. RATLIFF Associated Press Sports Editor
The muddled Southwest conference football race won't be cleared up tomorrow but there may be some more throat-cutting.

Russell Lads Now Pointed On Grid Crown
By The Associated Press
Masonic Home's Mighty Mites were back in the battle for the Texas Schoolboy Football championship today as the possibility grew that Rusty Russell might have two teams in the state play-off the first week in December.

Set Second Record
At combined punts and kickoffs, Hillenbrand again sets the pace with a 21.5 yard average, although Buddy Luper, of Duke, has the most yards—494 in 23 returns. Hillenbrand has 480 in 22, Deehan 479 in 48 and Strzykalski 473 in 25.

Cage Teams In Pre-Season Work
By The Associated Press
Nobody is paying much attention to them, what with this football race in such a muddle, but all the Southwest conference camps are in the midst of basketball training.

Contrary Opinions
On the same page in the Boston Globe there recently appeared a story that Ralph W. Ellis, Springfield, Mass., banker, would miss his first Harvard-Yale football game in 87 years tomorrow because he doesn't think college football teams should be playing when there's a war on.

Shamrock Irish Meeting Tigers
Special To The NEWS.
SHAMROCK, Nov. 20.—The Shamrock Irishmen are preparing for the McLean Tigers' invasion of Denver field tonight for what will probably be the final grid game of the season for both clubs. The tilt will start at 8:15 o'clock.

Halt Induction Of Farmers Is Demand Of Meet

OKLAHOMA CITY, Nov. 20 (AP)—A parity price floor for farm products and immediate stoppage of induction of farmers into the armed forces pending a survey of the nation's agricultural situation were demanded in a proposed program offered the National Farmers Union convention here.

The program was presented by Glenn Talbot, North Dakota delegate, chairman of the special committee designated to map the organization's objectives for 1943. It promised on behalf of the farmers that they could and would produce sufficient food to win the war and called for "total mobilization of all resources" toward that goal.

The union was asked to urge elimination of the \$1-a-year men must be stopped now. Every day's delay means more thousands of lives sacrificed on profit's altar.

The program declared the family type farm could produce food in volume ample to provide war needs, and asked regulation of agricultural labor through a farm committee responsible to the Secretary of Agriculture, similar to the current AAA program.

The committee declined to present a request for Oklahoma members urging postponement for 90 days of enforcement of gasoline rationing in the state.

It recommended immediate elimination of the poll tax, now being fought by Southern senators, and declared the United States could never return to isolationism.

Other proposals were expected from the floor of the convention during the afternoon discussion of the program.

Horse Meat Will Be Offered Patrons

LOS ANGELES, Nov. 20 (AP)—Horse meat soon is to make its appearance in meat markets here—for those who want it.

Packer A. Gianni has announced plans for building a plant for slaughtering horses from Western states and marketing the meat for human consumption.

"There are thousands of people here who have eaten horse meat," says Gianni. "The sale or consumption of horse meat to those who care to eat it will help solve the shortage of beef, pork and lamb."

Health authorities say there is no legislation extant here prohibiting sale of such meat.

CERAMICS STEPPED UP

Producers of brick and clay products have been urged to increase production to meet anticipated increased demand for use of these materials in place of lumber on both permanent and temporary structures.

BUY VICTORY BONDS

AND SO IT WENT

When the public went to see Leslie Howard in "The Petrified Forest," they came out of theatres raving about Humphrey Bogart.

When they went to see the Lane sisters in "Four Daughters," they went away shouting about John Garfield.

When they saw the first of the Andy Hardy pictures, they asked for more, and the little lad who played the title role, Mickey Rooney, was rewarded with stardom.

That's the way it goes. Give the public something it likes in the way of entertainment, whether it be a story, a personality or a team, and the public will show its appreciation by buying tickets.

It's just a matter of dollars and sense.

BUY VICTORY BONDS

Bendix Named In Anti-Trust Action

NEWARK, N. J., Nov. 20 (AP)—The anti-trust division of the department of justice filed suit in federal district court today charging the Bendix aviation corporation of South Bend, Ind., with violating anti-trust and tariff laws through illegal international agreements in the manufacture and sale of aviation equipment.

The 55-page complaint contained seven counts charging that the Bendix corporation conspired to divide world sales territory, exact non-competitive prices, restrict competition and restrain trade in aerophotographic apparatus, rate-of-climb indicators, carburetors, superchargers and "other various aircraft devices."

HOLLYWOOD

(Continued from page 4)

who come back time and again when certain actors and actresses are on the screen. They're the final judges of who rates stardom.

There were a couple of comers not many years ago who were on the verge of losing their options. One was Clark Gable; the other, Claudette Colbert. Both had refused roles in "It Happened One Night" at Columbia, but their respective studios insisted. Nobody was very excited about the comedy—nobody, that is, except a few million theatregoers who decided it was just about the funniest picture they'd seen in years. They demanded more of Gable and a similar amount of Colbert. Simply because the public judged them as top-notch comedians, these two got a load of stardust in their eyes.

ON THE OTHER HAND

Sometimes, however, the star is already set in the movie firmament, and it remains for the public to determine a new use for that particular established actor or actress. It's happening now for Loretta Young and Brian Aherne.

Until they were cast in comedy roles in a new Columbia picture, "A Night to Remember," no one in Hollywood thought much about their abilities to make people laugh. But by the time the picture made the round of previews, the studio knew it had a new comedy team.

A girl can be around a long time before the public recognizes her ability and clamors for more of her. Rita Hayworth did all right for herself as an ingenue. What she could do best, however, was dance, and it was not until she joined Fred Astaire in "You'll Never Get Rich" and again in "You Were Never Lovelier" that the public acclaimed her as a big star.

TODAY'S WAR

(Continued from page 4) ship construction. The best authorities, however, believe that she must have at least four new battleships either in commission or nearly ready, some or perhaps all of them of 40,000 tons or more and armed with mighty rifles of at least 16 inches. None of these has been reported yet in action, nor is it likely that they would be risked on the outermost fringe of Japan's defense lines unless the need became desperate.

The Japanese high command sorely needs a victory to present to a public which must have been stirred and depressed by its latest news from the Pacific, which includes the admission of one battleship lost. The Army's record these last six months, since the conquest of Burma, has been no better than the Navy's. Its one major campaign, that against the Chinese in Chekiang and Kiangsi provinces, was a costly failure.

All this suggests that the Japanese must try a new thrust soon. Waning prestige and the probable lowering of their armed forces' morale call for it as much as the strategic necessity of striking back at the growing concentrations of Allied power at many points on the periphery of their "greater East Asia." Naturally they are trying not to telegraph the next punch but signs increase that it will come in Southeastern Asia, from Burma or French Indo-China.

The Chinese report Japanese reinforcements moving into Burma and into the small occupied patch of China's southwestern province of Yunnan. An attempt to conquer all Yunnan would seem to be a logical next step for the Tokyo high command.

CURRENT COMMENT

(Continued from page 4) longshoremen in Harry Bridges' International Longshoremen's and Warehousemen's Union, load the ships, while A. F. of L. sailors in the Seafarers' International Union of North America man the ships. It is to break up the A. F. of L. domination of the eastern ports' waterfront that the C. I. O. National Maritime Union might be genuinely interested in spreading dirt about the way ships are loaded. From a strictly impartial point of view, there probably isn't anything which the Joe Curran Maritime Union men could say about the Joe Ryan Longshoremen's Association which wouldn't be true. The Ryan union has been the rascal racket by experts and in many languages. The record is long, but in all this talk there is a good bit of the pot calling the kettle black and you can cast the characters either way you want to.

TECHNICALITIES INVOLVED

There are a lot of technicalities involved, including the dispute as to whether the C. I. O. hiring hall system is better than the A. F. of L. labor gang "shape-up" hiring system, the claim of Curran that the east coast should have a government labor-management board, the Industrial Board to increase efficiency, the claim of the east coast that its longshoremen load more cargo per man hour by working larger sling loads, and the counter claim that the east coast now operates on only a basic one-shift, eight-hour day, making the coast ports much longer than on the west coast.

When the War Shipping Administration first took over the supreme command of ship loading there was some belief that the government should step into this situation. Now official policy seems to be to let the situation alone till after the war. In other words, why stir up a labor war on the waterfront right now, of all times, when there's a real war on?

Warlike Christmas live in the memory long after the happy, care-free ones are forgotten. For the shadow that war casts over every home, is intensified at this season. We must not let the radiance of Christmas be dimmed. Joyous occasions like this are part of our way of life. And Christmas is one of the things we're fighting for. There must be giving, generous giving, but no gift should be extravagant. For the Gift of Gifts, for all of us, is the Victory we are working for. To achieve it, we're going to have to buy lots of War Bonds, however much we must sacrifice to buy them!

**Bible Business In Considerable Boom**  
CHICAGO, Nov. 20 (AP)—There's a boom in the Bible business—quite convincing proof that a nation at war is seeking solace in prayer.

But the mothers, wives and sweethearts of the men in the armed forces aren't the only buyers of the Bibles, says an authority on the distribution of the Testaments and Gospels. They're being sold to all classes of people, and sales this year, he said, probably would be 25 per cent more than in 1941.

Dr. Robert Taylor, executive secretary of the Chicago Bible society and representative of the American Bible society, termed the condition "an amazing Bible revival."

**Lesson Sunday School**  
By WILLIAM E. GILROY, D. D., Editor

From the last lesson on things that mar family life it is with much satisfaction that one turns to this lesson on activities that strengthen family life. It is far more pleasant and perhaps more effective to deal with fine and constructive things than to talk about shortcomings and sins.

The motives that strengthen family life are the motives that strengthen personal and social life. But, just as we are out there, there are particular problems and difficulties of family life that are more conducive to shortening family relationships, because of their intimacy, are also more conducive to good and true motives when once they have been recognized. There is something about family life that invites one to be at his best, in which one has the right attitude toward the home and toward the family.

The Scriptures of this lesson are drawn from wide and suggestive sources. The first passage tells of the birth of Moses and his consequent loss through the love and care. The second passage from the Book of Joshua tells of a crucial time in the life of Joshua, the successor of Moses, when the Israelites whom he led were being disheartened and almost ready to return to the fleshpots of Egypt. Out of that crisis comes a mighty revelation of the meaning to have particular meaning for us in these days, when our country is at war.

When Joshua heard the murmuring among the people, he met it realistically and courageously. "If it seem evil unto you," he said to the people, "to serve Jehovah, choose you this day whom ye will serve."

If it was their decision to go back to Egypt or to choose to worship the heathen gods of the Amorites, their neighbors, there was nothing he could do to prevent it, but his declaration, so far as he himself was concerned, was plain and unmistakable: "As for me and my house, we will serve Jehovah."

A profound danger for many of us today is that we shall allow our motives and our conduct to be determined by what others are doing or by what others are failing to do. In a time when some are called upon to make the greatest sacrifices and to accept the greatest dangers, and when a mild measure of sacrifice or self-discipline is demanded from us all, there is a great danger that, as we see others who are displaying no spirit of sacrifice, we may resent the fact that they are having more or having it easier than we are.

The motorist who has an A card may be annoyed by the fact that his neighbor, whose situation is very much the same, has a B card or a C card, and he may be tempted to say, "Why should I not have the same?" The one who is scrupulous and saving while he sees others making large wages in wartime may easily become dissatisfied with his situation.

These are minor illustrations of temptations toward something other than our best, that may be on a fairly large scale. In the presence of all such temptations to let our conduct be influenced by the weakness or thoughtlessness of others, it is a good time to remember Joshua and to say, "As for me and my house, we will serve the Lord." That is the right way for good personal life and for the things that strengthen family life.

**BUY VICTORY STAMPS**

**German General Now London Prisoner**  
LONDON, Nov. 20 (AP)—General Ritter von Thoma, Nazi Africa corps commander under Marshal Rommel, was in London today, the first captive Axis general to be brought to the British capital.

On Thoma, captured by British advance troops on the North African desert Nov. 4, was brought here by special train yesterday from the British airport where he had been landed as a prisoner of war. He was flown here by Canadian airmen.

**BUY VICTORY STAMPS**

**VITAMASTER**  
FORTIFIED HIGH POTENCY VITAMIN B COMPLEX  
100 Caps \$3.95

**LEXTRON**  
LIVER CONCENTRATE With Iron and Vitamin B Complex  
100 Caps 2.95

VITAMINS A B D G With Iron  
2 Months Supply \$3.49

**Both for \$1**

**Vida-Ray Cream**  
**Vida-Ray Powder**

Not often such a 2-for-1 as this! You'll love Vida-Ray Powder so smoothly textured, so artfully blended in shade. Lasts for hours.

Vida-Ray Cream, you surely know, is the all-in-one Cream that cleanses, softens, and conditions for make-up. Makes you look as if you'd used several special creams!

**Men's FINE SUITS 24<sup>75</sup>**  
Exclusive All Wool Fabrics!  
Outfit yourself NOW for the holidays ahead—and own an all wool worsted (rare commodities these days)! Make it a Town-Clad for supremacy in style and distinctive beauty! Single and double breasted models, expertly tailored!

**Men's Leather OPERAS 2.25**  
Soft kid leather in burgundy, blue with soft leather lining.

**Girls' Gay Little DRESSES 1.19**  
Prints, stripes, checks or solid color in Basque, tailored or princess styles.

**Men's Smart Comfort GIFT For His Leisure Hours! 4<sup>98</sup>**  
Finest rayon fabrics, patterned with sleek rayon satin stripes and satin trim on the collar, cuffs, pockets and sash. Note the handsome results of Penney's expert designing—wide shawl collar, extra length, wide tasseled sash and pockets!

**Make Sure She's Warm This Winter! GIRLS' ROBES 1.98**  
Let her see Christmas AFTER she's wrapped in her warm quilted cotton robe! These are made in the popular wrap-around style, with smart notched collar that will make her feel grown-up!

**TOYLAND**  
FUN FOR CHILDREN OF ALL AGES!

**FIBRE DOLL CART 5.95**  
If she's about 2 years old, this is just the thing for her!

**"THE CHIEF" ROLLER SKATES 2.79**  
For the Lad of Action!  
You won't be able to hold them back once they're on these strong steel, light metal skates.
