## **Nearly Million** Workers Called Off by Union

-Most of Bavaria was paralyzed today by a general strike of up to 1,000,000 workers. They were called out by union leaders to protest food shortages.

The strike started at midnight and was to last 24 hours. Indications in many areas were that it would continue through Saturday and Sunday. It was the largest mass labor walkout in Germany since the war.

No violence was reported by early afternoon in any major cities Munich, Nuernberg, Wuerz-Augsburg, Passau, Coburg or Hof. Strikers occasionally were with small stores which stayed open in two areas, but generally the Bavarians used the strike as a day of rest.

### LOOKING FOR GOOD LAND?

Well folks, here's one closer to home. 320 acres of good Wheeler County land, well fenced, good windmill. No chinnery or sage brush. 200 acres wheat, 1-3 goes. Wheat's in good shape. This place is in the recent leasing campaign, part of the minerals go. The rent on 180 acres paid the owner over \$2200 last year. This old boy's got ramblin' fever and wants to get on the move. Price \$40

I have 2400 acres up in southeast Wyoming and northeast Colorado and I sure would like for some Texas folks to go

This is a dandy - - 540 acres about as level as a floor. This is a well improved place, has three irrigation wells each with 900 gallons per minute capacity, two equipped with electricity and in operation. All you baye to do is flip a switch and here comes the water. There is 300 acres of irrigated wheat, and 65 acres of alfaira. All in cultivation and only four miles from sown. All crops go. Price is \$100 per acre. Wheat on land nearby made 52 bushels per acre last year.

Also nave an 1100 acre valley farm, well improved. It has some irrigation A 1500 gallon well was brought in about a half mile up the valley from this place last week. All of this farm is good land, Price is \$37.50 per acre. Eight miles from town. Reason for selling, the owner is too old to continue farming. I have looked these two places over and I think they are worth the money.

The annual average rainfall in this locality for the past 17 years is 17.76 inches.
