### War And The Top O' Texas

#### Vital Information

Application of priority, price control and other wartime regulations brings up perplexing questions. Answers to the following are from official sources, supplied by the Region News Bureau, Office of War Information.

Q. My laundry is charging what I think is more than was charged in March, 1942. How can I find out what its maximum prices were in March?

A. Each laundry operator is supposed to have on file in his place of business a statement of his March highest prices, and, under the CPA regulations, it is available for public inspection during ordinary business hours. The service charge of laundries is governed by Maximum Price Regulation No. 165.

Q. Are all services controlled by price regulation No. 165?

A. All services which are rendered in connection with a commodity are covered—such as bicycle repairs, hat cleaning and blocking, laundering, motorcycle and typewriter repairs, parking lots, watch repairing, safe deposit rental. Purely personal services are exempt—including lawyer fees, services of accountants and notary publics, beauty and barber shop services and others.

Q. I have a typewriter which is too

### I HEARD . . .

That parked cars at the football game at Harvester park tonight will be watched by special guards who will work under Police Chief Ray Dudley. If you leave something in your car that you don't want to lose while you are watching the game, you had better notify a guard about it, Chief Dudley said today.

That two of Gray county's pioneers celebrated their birthday yesterday. W. S. Wilson of Pampa was 95 years old. At Alabreed, F. R. McCracken celebrated his 93rd birthday. Mr. and Mrs. W. E. James and daughter Vesta Grace of Pampa attended the birthday dinner at Alabreed.

OTTAWA, Sept. 18 (AP)—The Canadian government disclosed today that two-thirds of the Canadian armed force used in the Dieppe raid Aug. 19 was lost, dead, wounded or missing, and said that "a very high price was paid" considering what was gained.

The government announced that 5,000 Canadian troops were used in the attack. Canadian casualties, which had been announced earlier, totaled 3,350.

A 4,000-word review issued by Defense Minister J. L. Ralston, the first comprehensive official statement on the operation, summed up the raid as follows:

"For reasons learned and the advantages gained, the forces, and particularly the land forces, paid a very heavy price."

The Canadian army furnished all but part of the land force, and suffered 3,350 casualties—170 killed, 633 wounded and 2,547 missing—in the costliest Canadian military operation of the war.

"These losses, the statement said, "were probably due in part to the misfortune" of a chance encounter with an escorted German tanker in the English Channel.

"Such small circumstances are often important in operations of this kind," the statement said, "for that mishap marred 'complete achievement of surprise.'"

"Out of the convoy, one armed enemy trawler was sunk and another probably was destroyed, but the incident had two results on the later land operation:

1. The British No. 3 Commando force which had the task of attacking and destroying a battery at Berneval, six miles east of Dieppe, was unable to complete its assignment.

2. The Royal regiment of Canada was 20 minutes late reaching the beach at Pulis, a mile east of Dieppe, and had to land in broad daylight instead of semi-darkness.

"In consequence, the Royal regiment came under fire before landing and under very intense fire at the moment of touching the beach. Although the troops rushed

## \$1,200 Raised In Advanced Gifts

Pampa's effort to raise \$5,000 for the Salvation Army to carry on its work here for the next year was moving ahead nicely today. General Chairman Arthur M. Teed said, and approximately \$1,200 had been raised by noon.

Solicitations this week have been taken in the advanced gifts drive under the direction of County Judge Sherman White.

Individual solicitations among citizens will be made next week, starting at a kick-off breakfast of 35 fund workers to be held in Schneider hotel Wednesday morning.

## Revocation Of Naturalization Papers Requested

HOUSTON, Sept. 18 (AP)—The revocation of a naturalization certificate issued to Henric Carl Ernst Martin Meyer, professor of German at Rice institute, was requested in a government petition filed in federal district court yesterday.

The petition, filed with Hal V. Watts, federal district court clerk, asked that Meyer "be forever restrained and enjoined from claiming any right, privilege, benefit or advantage whatsoever" as a citizen.

Meyer was declared in the petition to have procured the naturalization certificate "fraudulently and illegally, and for the purpose of obtaining the rights and privileges and protection of American citizenship without intending to assume the duties thereof."

Meyer came to the United States from Bremen, Germany, and became a Houston resident in 1930. He was employed by Rice institute the same year.

## Divorce Granted To Husband Of Hepburn

HARTFORD, Conn., Sept. 18 (AP)—Katharine Hepburn, stage and screen actress, was divorced today by her husband, Ogden Ludlow, of Alexandria, Va., in superior court here. Judge Patrick B. O'Sullivan rendered judgment for the plaintiff on the grounds of desertion.

## City Reduces 1943 Budget By \$21,666

A decrease in operating expenses of the city of Pampa for 1943 of \$21,666.80 is contained in the annual budget which was approved this week by the city commission.

Last year the operating expense figure was \$212,213.21; this year, it will be \$190,546.41, or \$21,666.80 less.

Out of 15 city departments, there is a decrease in the expenses of eight, slight increase in five, while there are two new departments, airport, and city shop and garage, that are new to the budget.

City tax rate is set at \$1.60. Difference in the budget figures went last year into permanent improvements; this year, the difference will go into the interest and sinking fund, at the rate of \$5 instead of the former 75 cents.

Reflects War Needs. Reductions in total expenditures, as proposed under the budget, will be obtained because the city does not need to purchase equipment now, even if such was available.

In some cases, salaries have been raised, as in the fire department, as the city is seeking to maintain a trained crew. There have been numerous changes and opportunities for better paying jobs have opened up and caused men to leave.

Pampa has fallen in line with other cities in making retrenchment in civilian expenses in time of war. A survey by the International City Managers association, shows a significant trend toward greater economy in municipal government to adjust declining revenues in war time and as a counter-balance to additional expenses caused by the war.

Savings are being effected through eliminating public works, reducing street maintenance, and doubling up on jobs left vacant by employees called to the armed forces.

New York City reduced its number of teachers, West Palm Beach, Fla., expects to save on street lighting through all-weather dim-out. Other municipalities cutting down on expenses includes Yorkers and Water-town, N. Y.; Mason City, Iowa; Knoxville, Tenn.; Winnetka, Ill.; Rumford, Me.; Asheville, N. C.; Sterling, Mo.; Pasadena, Calif.

## Allred Hangs Out Shingle As Lawyer

AUSTIN, Sept. 18 (AP)—James V. Allred hung out his shingle as a lawyer here today, but he insisted it was just temporary.

Allred, who was nosed out in the recent senatorial run-off primary by W. Lee O'Daniel, resigned his South Texas federal judgeship to run.

He said he was here to help out a few days in the law office of Clark and Looney, pinch-hitting for his one-time secretary, Edward Clark, who is ill. Clark served Allred as secretary when he was governor.

Allred has not announced what his permanent future plans are.

## American Parachute Troops In England

By WES GALLAGHER. LONDON, Sept. 18 (AP)—Lean, wiry American parachute troops are swelling the striking power of the United States armed forces for a blow against Hitler with invasion exercises above the green hills of this island.

Although these troops have been in England for some time and their booted uniforms have become a familiar sight in London streets, their presence was kept secret abroad until it was announced officially today from the headquarters of Lieut.-Gen. Dwight D. Eisenhower, commander-in-chief of the A. E. F. in the European theater.

They are commanded by Lieut.-Col. Edson D. Raff of New York City, and joined forces with British parachute troops for training here after a preliminary course in Georgia.

They form one of the United States army's veteran units specialized in air-borne warfare.

Most of them are from the south and their accents are so thick that even the British liaison officer now says, "You all."

A good proportion are college men even though they are trained by association with a preponderance of southerners. Sergeant Alain Joseph of New York, for instance, answers, "Me? Why sho, mah home is ova on Rivulside Drive."

Most of the men joined the battalion shortly after Pearl Harbor. Some already in the army, took demotions to get to be parachute fighters.

## Jap Supply Bases At Rabaul, Buna Raided

(By The Associated Press) Gen. Douglas MacArthur's headquarters reported today that American fighter planes sent 35,000 rounds of cannon and machine-gun fire crashing into the Japanese supply base at Buna, New Guinea, while United Nations heavy bomb-

ers set fires visible 30 miles in an assault on Rabaul, New Britain. Buna is the main base of supplies for Japanese troops driving across the towering Owen Stanley mountains toward Port Moresby, a key Allied outpost for the defense of Australia.

In still another attack, Allied fliers bombed the enemy base at Gasmata, New Britain, with unobserved results.

A United Nations communique said the attack on Buna destroyed or damaged 15 enemy landing barges and left supply dumps in flames.

Coupled with these aerial blows at Japan's striking power, the navy in Washington announced that U. S. submarines had destroyed four more ships and registered torpedo hits on four others in the campaign against Japan's far-drawn supply lines in the western Pacific.

The new attacks raised to 107 the total of Japanese ships sunk or damaged by American undersea craft since Pearl Harbor, and made a grand total of 258 Japanese ships destroyed or damaged by all action, compared with 53 United States ships lost or damaged.

The scene of the U. S. submarines' latest successes was not disclosed, but presumably centered around Japan's home waters. The navy said the operations were unrelated to the continuing campaigns in the Solomon and Aleutian islands.

On the New Guinea fighting front, dispatches said both sides were locally maneuvering for position, with the Japanese still stalled along a 3,000-foot ridge at Port Moresby, 32 miles afloat from Tor Moresby.

An Allied spokesman said the lull was expected to be short-lived, and Australian troops were reported countering Japanese tactics which See SUPPLY BASES, Page 6

## Bad Weather Keeps RAF Bombers Home

LONDON, Sept. 18 (AP)—While the weather shielded Germany proper from air attack last night, planes of the RAF's constant command bombed docks at Bordeaux, German-held port and submarine base of Southern France on the Bay of Biscay.

Preceding the assault Beaufortiers of the same command, on patrol over the Bay of Biscay yesterday, destroyed three enemy bombers and lost one of their own number, the air ministry's communique said.

## Siberian Troops At Stalingrad

By HENRY W. CASSIDY. MOSCOW, Sept. 18 (AP)—Taking a stand with the precipitous banks of the Volga at their very backs, the defenders of Stalingrad have counter-attacked and wiped out two enemy wedges within the city in a supreme, last-ditch effort to save the great manufacturing center from the Germans, the Russians said today.

The Germans precipitated this bitter and thus far successful Russian counter-action by rushing into the city proper from the northwestern outskirts, and pushing almost to the cliffs overhanging the west bank of the Volga.

With no choice between counter-attack and surrender, the Russians took their stand.

A terrible battle flamed along the tree-lined avenues leading to the riverfront. The first German units which had speared through the city, pointed by tanks, were forced back. The struggle continued in mounting violence with the enemy trying to fortify himself in the northwestern fringe of Stalingrad.

Two successive German efforts to take Stalingrad by storm were reported repulsed in the last 24 hours.

The first penetration into the city's streets, announced in last night's Russian communique, has been repulsed. The mid-day bulletin said that two battalions of enemy infantry again rushed into one of the streets but were forced to retreat after severe hand-to-hand fighting.

Meanwhile the Red army was credited with a new offensive in the Voronezh area, about 300 miles northwest of Stalingrad.

Red Star, the Russian army newspaper, said that an artillery, mortar and aerial bombardment to soften the German positions and plough paths through the enemy minefields, barbed wire systems and firepoints was followed by an infantry advance in several sectors.

On the central front where the Russians have been on the offensive for some time they were said to be pressing the foe still further away from Moscow. (This evidently is a reference to the Rzhev front, northwest of the Russian capital.) Red Star said that another fortified line had been occupied, 10 German dugouts captured and 900 enemy officers and soldiers killed.

Significantly, Hitler's field headquarters made only the broad general claim that Nazi troops had scored "further successes" in the battle for Stalingrad and again emphasized the "embittered nature of the fighting."

There was no repetition of previous Berlin claims that German troops were thrusting deeper into the city's streets.

Advices from Moscow said Russian tanks and infantry had gone over to the United States, Britain and China were attempting to force Russia against Japan, and he noted that the U. S. S. R. "still maintains an army several scores of thousands strong in Siberia" and has mined Siberian coastal waters.

At Hanking, new capital of the puppet state, a spokesman for the Kwangtung army which garrisons Manchukuo, facing Siberia, attempted to allay reports of worsening relations between Japan and Russia.

The spokesman, Colonel Hasegawa, was quoted in Axis broadcasts as underlining the "incorrectness" of such "rumors" and at the same time, it was said, "he also pointed to the presence of the powerful Kwangtung army."

WHISTLE WHILE YOU WORK. ALBUQUERQUE, N. M., Sept. 18 (AP)—Complaints poured in to police that persistent whistling during early morning hours was disturbing sleep. Investigators found a cop directing traffic while a painting crew touched up street markings.

### Red Cross Chapter Presents Record Breaking Report

MIAMI, Sept. 18—The executive committee of Miami chapter of the American Red Cross held a meeting this week and gave a record breaking report on activities for the year ending Sept. 15, 1942.

246 members were enrolled this year, exceeding the past year by 147. Because of this accomplishment an honor certificate was awarded the chapter. A junior Red Cross was organized in high school for the first time and fitted medicine kits were given to the high school in 1941-1942.

A first aid class was held and 33 certificates were issued. This class was taught by Dr. S. J. Montgomery.

The War Relief quota was oversubscribed by \$51.12. The amount asked for was \$300. A home nursing course is under consideration and will probably begin at an early date.

Production work was started in January, 1942, with knitting beginning in January and the sewing room opening in March. To date sewed garments completed and most of them shipped are 778, representing 5,572 working hours.

Knitted garments 203, of 90 afghan squares, representing a total of 3,714 knitting hours. Most of those have been completed and shipped. Total cutting hours 300, total checking and packing and instructions, 320 hours.

Special mention is made of the following women: Mrs. John Newman for working button holes in garments; Mrs. Harry Hardin for making 83 garments, the largest number made by an individual; Mrs. Jack McLaren for making 80 garments; Mrs. W. O. Russell for making 72 garments; Mrs. C. T. Locke for knitting 40 garments, total 621 working hours; Mrs. T. R. Saxon for knitting 30 garments, total 608 knitting hours; Mrs. H. E. Baird for knitting 30 garments, totaling 359 hours; Mrs. Joe Kent for work room hours; Mrs. Clark Mathers for cutting garments and Mother Dunliven for making a quilt which netted \$30.15 for the chapter, and the junior Red Cross for button drive.

Mrs. H. H. Hardin is chairman now, replacing Mrs. Scott Corbin whose efficient and untiring leadership helped to make possible this successful report.

Well sir, that's my baby parked at the curb. Clean as a whistle and bright as a new silver dollar. And sweet-running? Why, she's really just getting broken in.

I used to trade 'em in every year for the fun of having a new one, but no car I ever owned has given me as much downright pleasure and service as my thirty-niner.

With the help of the Phillips 66 man at the Service Station three blocks down from where I live, I have given the car mighty good care. And it certainly has paid me back for every effort and every penny I have spent on it.

Just as regular as clock work, every thousand miles I have the oil drained and put in fresh Phillips 66 Motor Oil. Same time, I always have the Phillips man grease 'er good from stem to stern.

And nothing short of a catastrophe could ever make me fill up the tank any place except the Orange and Black 66 Shield. I like that Phillips 66 Poly Gas. It's great stuff for power and mileage.

Some folks have been complainin' that their gas ain't as good as it used to be. But I'm sure from the amount of pep I get with Phillips 66, that it's everything anybody can expect in times like these... considering that the needs of Uncle Sam's fighting forces naturally come first. So by a tankful, and don't forget: Drive under 40!

### "Matter" Will Be Subject Of Sermon

"Matter" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 20.

The Golden Text is: "What agreement hath the temple of God with idols?" (1 Corinthians 6:16).

Among the citations which comprise the lesson-sermon is the following from the Bible: "That which is born of the flesh is flesh; and that which is born of the spirit is spirit" (John 3:6).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Human birth, growth, maturity, and decay are as the grass springing from the soil with its beautiful green blades, afterwards to wither and return to its native nothingness. This mortal seeming is temporal; it never merges into immortal being, but finally disappears and immortal man, spiritual and eternal, is found to be the real 'man' (page 190).

"The Beauty of Baptism will be the sermon subject at 8 o'clock Sunday evening. At this hour the service of baptism will be observed. We will preach on the place that baptism has in the church and will magnify it in the scriptural truth that Jesus placed it. There is no service more beautiful than baptism in the light of scripture humbly and sincerely performed. One and all are invited to attend this service," the pastor added.

## GUARD THEIR HEALTH

Good Health Means Good Grades

School brings many problems to the home today! Balanced diets, regularity and fresh foods. In your electric refrigerator you have the key to better living for the entire family. With foods kept at the proper temperature there is no danger of contamination or bacteria. Your refrigerator has special compartments to keep each kind of food. There is the moist cold, dry and freezing cold compartments that figure in on the economical operation of your electric refrigerator. You save on foods and the operating cost is still low. Use your electric refrigerator wisely and you will protect the health and well-being of your whole family.

Don't lose the use of your electric refrigerator thru lack of attention to mechanical upkeep. Have your refrigerator checked by a service man if you are in doubt as to its mechanical condition.

## Market Briefs

NEW YORK, Sept. 18 (AP)—Stocks, metals and other industrial stalwarts today took over stock market leadership from the lately speedy low-price issues and favorites moved up fractions to a point or so.

The ability of the list to keep its feet on the ground during the next several sessions in the face of growing tax and anti-inflation confusion and uncertainty was news led to renewed buying.

Lively performers included Eureka Vaseline, at a new top since 1940; International Telephone and American and Foreign Power, both earlier market leaders; Canadian Pacific and Consolidated Oil.

Supported were U. S. Steel, Bethlehem, Republic, Montgomery Ward, Chrysler, General Motors, Yellow Truck, Goodrich, Goodyear, Sears Roebuck, Montgomery Ward, Cigna, Martin, Cerra de Pasa, American Telephone, American Can, John-Manville, Standard Oil (N. J.), and Philip Morris.

### Aid of U. S. E. S. Asked By Shamrock

SHAMROCK, Sept. 18—An attempt to off-set a farm labor shortage this fall, the Shamrock Chamber of Commerce has asked the U. S. Employment service to furnish this area with a farm placement man to assist producers in securing farm labor to harvest the anticipated large crop.

"The service has tentatively agreed to furnish a man to work in Wheeler county and part of Collingsworth county," Claud Holley, secretary-manager of the local chamber of commerce stated.

Shamrock has agreed to furnish office space for the officials, and if necessary, furnish camping facilities for migratory laborers who might be brought here under the plan.

### October 2 Date Of Annual Kelton Fair

SHAMROCK, Sept. 18—The annual Kelton Community fair in Wheeler county will be held on Friday, October 2, according to announcement made by county agent Jake Tartar.

Community leaders again selected Henry Hink as chairman of the event, and named the same committee who served last year in making arrangements for the current show.

Those who will assist Hink are: Floyd Carver, Fred Harris, Aubrey Pond, White Whitley, Ira Rivers, Tom Clay, John Dabery, Walter Davidson, Leonard Rathjen, J. A. Tucker, Bailey Whitley, Leonard Mills, Joe Henderson, Dee Vines, Irvin Hank, Henry Pitcock, John Lister, Curley Watson and Charley Whitley.

Arrangements for women's department will be made by Mrs. Henry Hink, Mrs. Barney Stansell, and Mrs. Lewis Bledsoe.

The fair promises to be the best ever held in the Kelton community and exhibits will encourage better crops in "Feed and Food for Victory."

### Shorthand, Typing Available For Adults

In response to a public request, classes in shorthand and typing will again be available to adult Pampans through the Pampa High school this session, Principal Doyle F. Osborne said today.

Adults interested in taking these courses are asked to meet in rooms 203 and 205 at the high school at 8 o'clock Monday night, when classes will be organized and the schedule decided.

The classes are private with Flo Marie Robison, secretary to County Judge Sherman White, as instructor in Shorthand, and Mrs. Joe Fisher, Pampa school teacher, as typing instructor.

Although exact schedule of the classes is pending Monday night's meeting, Principal Osborne said the class in typing would be taught at the same time as the class in shorthand; class periods would probably be two hours, three nights a week; and courses would continue throughout the school year.

FLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Another Price Squeeze

Milk distributors in the St. Louis area provide an easily understood illustration of the squeeze to which merchants are subjected by price ceilings fixed overhead, while the floor, uncontrolled, rises underneath.

The Nation's Press

Mr. Roosevelt's message to congress and the radio address which accompanied it can be understood only in relation to the November election.

On top of all these complaints was the growing realization throughout the country that the administration lacked the courage to resist the demands of the pressure groups to which the New Deal had toiled for a decade.

The President had seen his own party in New York and Texas reject his leadership. He had seen his attempt to purge the ranks of the party defeated. He became convinced that he had been following the wrong line.

It is significant that he didn't announce any administrative reforms, that they are greatly needed. He did, however, emphasize the selfish role which the pressure groups have played.

Common Ground

"I speak the pass-word principle, I stir the sign of democracy. God I will accept nothing which all cannot have their counterpart of on the same terms."

ROOSEVELT'S DEMAGOGIC PROPOSALS

Roosevelt made two demagogic statements in his fireside talk aiming at popularity.

One was limiting every man's income to \$25,000. The other was a floor under farm prices after the war.

Many people have not thought through the final or end results of limiting incomes to \$25,000 a year.

Roosevelt does not explain how production would be reduced and, thus, the workers' wages lowered by putting a \$25,000 ceiling on income.

But since many people have not thought this through, Roosevelt uses this as a bait to make the workers think it will be to their advantage to take all the rewards above \$25,000, no matter how much more this private individual was able to benefit mankind.

Roosevelt has lost none of his demagoguery, since he has been in office. To carry out Roosevelt's plan of ceilings on prices and rationing, means only one thing: that the war will last longer and we will lose more lives than if we followed an impersonal, higher rule, known as the American system, or free enterprise.

June to mid-July as a result of higher prices for fresh milk, beverages and certain meats.

These are the figures which Mr. Roosevelt says justify him in threatening a coup d'etat.

Let him try to usurp the constitutional powers of congress and he will find congress able and willing to protect itself and the people will be with congress, just as certainly as they were when he tried to hogtie the Supreme Court.

Neither will they be satisfied with Mr. Roosevelt's promise, his "solemn assurance" as he calls it, to restore the Constitution after the war.

They are the figures which Mr. Roosevelt says justify him in threatening a coup d'etat.

ON THE HOME FRONT

Around Hollywood

By PAUL HARRISON HOLLYWOOD, Sept. 18.—At this writing, Miss Frances Gifford is still up a tree, and there's no telling when she may be able to come down.

It all began when the slightly and long-haired young actress, under contract to Paramount, was borrowed by Republic to provide the feminine interest in a serial.

The studio was very pleased with its forest cutie and began making plans to star her in a whole series of jungle-queen serials.

By this time Producer Sol Lesser had bought the rights to the Tarzan movies, together with the services of Johnny Weissmuller.

England had different objectives from Germany in handling this vital matter. She was obliged to telegraphically inform the British government in order to obtain greater storage space and more managerial personnel.

By RAY TUCKER COSTS: Concentration of industrial setups in the United States has moved forward more rapidly than the public knows.

By W. P. B. will probably combine the most workable features of the German and British systems, but it is recognized that the problems confronting this country are far more difficult than those which England or the Reich encountered.

Whereas four organizations ordinarily account for ninety-five per cent of writing machines used in the U. S., soon only one small shop will be operating.

U. S. Wheels Are Clogged Up By Labor Shortage

(Peter Edson is on vacation, during which time his column is being written by Robert Ruark.)

By ROBERT RUARK The largest single switchboard in the world—a private exchange big enough to service a city of 125,000—has been hooked up in the new Army Pentagon Building in Arlington, Va., thus providing opportunity for enough wrong numbers to make Alexander Graham Bell toss in his tomb.

There's never been anything quite like Army's new call board. It is the child of months of research by the Bell Co. and the finished product will occupy some 32,000 square feet of space.

The exchange will require some 300 operators and supervisors, and will serve upwards of 16,000 main telephone stations. A hundred and twenty-five operators will be plugging in calls simultaneously, and the 145 switchboard positions will require 370 incoming trunk lines, 200 outgoing lines, 340 direct tie lines to other government departments.

It takes a hardy girl to hold down any governmental switchboard these days, and Army's about the toughest.

Today's War Analysis

By DeWITT MacKENZIE Wide World War Analyst

Special Ambassador Wendell Willkie, who is now in Russia, would like to see the situation in the United States.

What I'm getting at is that the Russians in many instances are maintaining such a close-mouthed attitude about details of their war effort that Uncle Sam and John Bull often find difficulty in figuring just what the situation is.

Now such a lack of information makes it difficult for Russia's allies to know exactly what cooperation is needed in specific cases.

Of course, the Russians are by nature people of action and not too much given to further back to the basic reason why the Muscovites play their cards so close to their chests that even their friends can't kibitz.

So the Reds hoed their own row, and nothing was more natural than that they should build a mighty barrier about themselves to the exclusion of a world which was fearful of bolshevism.

It is understandable that under such circumstances Moscow should still be reticent in disclosing its affairs to the world.

Proof of this lies in Hitler's misjudgment of the Soviet military strength. That wasn't strange, however, for as I have mentioned before in this column, when I toured eastern Europe just after Munich, I was told in every capital that Russia was impotent militarily, and couldn't wage war.

It is understandable that under such circumstances Moscow should still be reticent in disclosing its affairs to the world.

Proof of the Russian willingness to die for the cause is before us in the magnificent defense of Stalingrad. Proof of the barrier of secrecy also is seen in this same historic event, for Russia's allies don't know even in this crisis just what reserve power the Red army may be able to produce.

So there, Mr. Willkie, is a grand opportunity for you.

They May Be Aging, Nearsighted, Heavy But They're Ready

KANSAS CITY, Sept. 18.—A hundred thousand trained men, all aging, some sadly overweight, some nearsighted, are clamoring at the army's gate.

And how to get them into the ranks once more will be a major problem before the American Legion national convention opening Saturday, says Warren H. Atherton, Stockton, Calif., chairman of the Legion's national defense committee.

"For years, the Legion has been asking that America be prepared," he said. "Well, all we're asking now is a chance to serve."

"We'll pull doorbells and haul scrap iron if they want us to. It's high time we were getting the lead out of where it sits and putting it where it hits."

First Japs Arrive At Rohwer Center

McGEHEE, Ark., Sept. 18.—(AP)—Japanese-Americans, 249 of them, set up housekeeping today at the nearby Rohwer relocation center.

The advance contingent, all volunteers for the task of rearing the big center for other west coast evacuees, arrived last night.

The Japanese will produce long-staple cotton, alfalfa, soybeans, small grains, fruit and truck crops there.

The 4,500 will leave California in groups of about 500, starting Sunday, and continuing on alternate days, the army said.

Higher Farm Parity To Be Junked In Bill

WASHINGTON, Sept. 18.—A majority of the house banking committee was reported today to favor scrapping the controversial higher farm price parity provision in the economic control bill drawn by the committee chairman, Rep. Steagall (D-Ala.).

This could mean an end to an effort, supported by some farm organizations, toward a redefinition of parity to raise the level by including a computation of all farm labor costs.

A group of committee members met informally last night, and it was said they decided to attempt far-reaching revisions of the Steagall bill. Some favored substituting a new bill.

Those wanting sharp revisions of a new bill, while declining to be quoted directly, expressed confidence that a majority of the committee also would favor a bill embracing definite stipulations for the regulation of wages and salaries.

Republicans Have To Virginia Nominee

CHARLESTON, W. Va., Sept. 18.—Forty-six days have passed since West Virginia's primary election, but the name of the Republican U. S. senate nominee today remained hidden in a mass of reports and legal controversies.

Outcome of the contest became more of a question this week with a recount of the August 4 vote in Kanawha county—the state's most populous—narrowing to 83 votes the lead of Chapman Revercomb, of Charleston, over Raymond J. Funkhouser, of Shepherdstown.

Subject to additional recounts, the contest may not be decided for weeks.

New WPB Group To Supply Armed Forces

WASHINGTON, Sept. 18.—(AP)—The task of assembling the jig-saw pieces of the war production picture for a twice-a-week scrutiny of armed services' needs fell today to a newly created production committee headed by Charles E. Wilson, president of the General Electric company.

The committee was created by the war production board last night and charged, Chairman Donald M. Nelson said, with "seeing to it that programs and schedules for all phases of our war effort are met."

In effect, another WPB source explained, the new unit obtains a position from which the entire war production picture can be surveyed continually to perceive the diversified needs of the army, the air force, navy and the maritime commission.

Twice each week, the committee will bring together the military agencies, the maritime commission and WPB for a check-up of war production. Extra sessions may be called when necessary.

# PAMPA HARVESTERS TO OPEN FOOTBALL SEASON TONIGHT

## Burkburnett To Provide Opposition

It's here—the 1942 football season. Every year Pampa football fans wait impatiently for the football season to begin and despite the war this year's attitude is no different than in past years. The 1942 season will get under way tonight at 8:30 o'clock at Harvester park where the Pampa Harvesters meet the Burkburnett Bulldogs.

Coaches Buck Frejman and George Scott, new backfield coach, have put their Harvesters prospects through 16 days of rough and tough workouts and they are in hopes that they have an up and coming team. They can't tell yet, but after tonight's game they'll have a pretty fair idea.

"We'll make mistakes tonight and we'll make mistakes next week, but that is to be expected with inexperienced boys in the lineup," Coach Frejman remarked today. "But there's one thing we won't do and that is quit trying every minute on the field. The boys are in fine spirits. They are working like one and it's every boy for the team and not for himself."

Not a single boy who started the game against the Bulldogs one year ago tonight will be in uniform tonight. All are gone. However, 10 of the 11 boys scheduled to start played as reserves in last year's game. Burkburnett, on the other hand, will have four starting lettermen available and they will be out to avenge the 19 to 7 defeat they suffered here last year.

The lights at Harvester park were turned on and focused last night while the Harvesters went through a light tapering-off workout, which followed a long skull practice in the dressing rooms.

Although coaches have not definitely named a starting lineup for tonight, they said the 11 boys would probably be Kenneth Lard and Basil Arnold, ends; Flint Berlin and Bob Edson, tackles; Jimmy Berry and Jerry Kerbow, guards; Earl Snyder, center; Bill Arthur, tailback; Bob Dunham and Glen Stafford, halfbacks; Charlie Boyles, fullback.

Nearly every one of the 25 boys in uniform is scheduled to see service. Burkburnett's lineup is unknown. A list of names was received here but positions were lacking.

Officials for tonight's game will be J. H. Duncan of LeFors and Bob Curry and Bill Anderson of Pampa. General admission tickets are on sale at downtown drug stores. Season reserve seat tickets are available at the office of the school business manager or at the ticket office tonight. No single game reserve seat tickets will be available.

## It Looks Like St. Louis For 1942 World Series

**By HAROLD V. RATLIFF**  
AUSTIN, Sept. 18 (AP)—Dana X. Bible parades his sixth edition of Texas Longhorns before Southwest conference fanfare tomorrow and it should answer just about every question.

For, if ever a club looked like it folding up, the Dodgers from Flatbush did just that yesterday in dropping a 3-2 decision to the Pittsburgh Pirates for their sixth setback in seven games.

What made the Bums seem all the more pathetic was the way the Cards kept right on fighting in Boston and finally got out 5-4 with a five-run blast in the ninth, to go three games in front in the pennant parade.

At the same instant as the guys from St. Louis were finally getting going, the Yankees were being muffled with five hits for eight frames—three Dodgers were walking meekly up to the plate at Ebbsfield for their ninth-inning "licks" and being retired in order with no more fight than you'll find in a slightly dead chicken.

What's more, needing only one run to tie, Leo the Lip Durocher hardly looked the part of the great master mind in letting Pitcher Max Macon bat for himself to start the inning. Up to that point, Macon hadn't hit a ball out of the infield all afternoon, and he kept his record intact by popping to the catcher.

The net result of these proceedings was to put the Cards in a spot where only a major catastrophe like the fall of the Bank of England or if Joe Louis should lose his appetite for fried chicken, can keep the Cardinals from winning the senior circuit championship.

At the moment, as the Cards headed west to pick up against the Cubs Saturday and the Dodgers tangled with the Phillies today, here was the picture:

W	L	To Play	
Cardinals	99	47	8
Dodgers	94	49	10

With the hot National league shindig still just about the whole thing, the chief supporting feature of the day saw the New York Yankees win their 100th ball game and Tex Hughson join the select "20-game-winners" pitching set.

Joe DiMaggio's 20th homer of the season, good for three runs, was the big blow for the Yanks as they knocked off the Detroit Tigers.

Hughson became the first 20-game winner for the Boston Red Sox since 1914. He pitched a 1-0 game over the Cincinnati Reds; and the Chicago Cubs flailed the Phillies 8-0 behind Hank Wyse's eight-hit whitewashing job.

The pitching job of the afternoon came out of the Philadelphia Athletics. Young Roger Wolff had Jimmy Dykes moaning in agony as he handcuffed the Chicago White Sox with just two safeties for a 1-0 victory.

Out in Cleveland, Sid Hudson arrived on the scene in the 11th inning for the Senators just in time to walk home the winning run that gave the Indians a 6 to 5 ball game.

The New York Giants won 11-0 over the Cincinnati Reds; and the Chicago Cubs flailed the Phillies 8-0 behind Hank Wyse's eight-hit whitewashing job.

## Lakeview To Play Shamrock Tonight

**By HAROLD V. RATLIFF**  
SHAMROCK, Sept. 18 (NS)—The Shamrock Irishmen will play their first conference foe of the 1942 football season tonight when the Lakeview Eagles come to Shamrock. The Irish have one win under their belts, 19 to 0 victory over the White Deer Bucks last Friday night.

Montgomery, who was the chief ground gainer against the Bucks, and Pepper, flashy guard who led a charge that kept the Bucks on the defensive most of the night, may miss tonight's game because of injuries.

However, Coach Bob Clark will have his passing ace, Gilford Nolan, ready and also his two top receivers "Big" Lister and Dallas Clynch who scored a touchdown each against White Deer last week.

Lakeview is reported to have another surprise team in the making.

## Beaumont Wins First Game Of Texas Playoff

SHREVEPORT, La., Sept. 18 (AP)—With plenty of the power that has kept them at the top of the Texas league all season, the Beaumont Exporters were one up on the Shreveport Sports today by virtue of a 7-6 victory in the first of the seven-game final playoff.

The winner of the series will meet the victors in the Little Rock-Nashville play-off in the Southern association.

Before a comparatively small crowd of 5,000 last night, the Sports unleashed a desperate ninth-inning attack on the Beaumonters, who led 7-4. The Sports pushed over two runs. Then Bronkhurst, sent in to bat for Theo Hoeman with the bases filled, struck out to end the game.

The Shreveport offensive netted a total of 16 blows to 13 for Beaumont, but the Sports made seven bobbles. The Shippers hit when they needed to, and their attack was helped by Wakefield, who got two doubles; Westing and Tubachek, who each annexed a double, and Evers, who batted out a three-bagger.

Vernon Washington did everything he could to win the contest single-handed for Shreveport, getting a home run, a double and a single, batting in four runs and scoring once.

The loss was chalked up to southern pitcher Benson Brillheart. Bill Clark, sent in for Earl Cook, was the winning moundman.

## Phils-Dodgers Feud Crops Up Once More

PHILADELPHIA, Sept. 18 (AP)—That feud between the cellar-dwelling Phils and the almost-mighty Dodgers is cropping up again—and don't be surprised if the lowly fellows blast the Bums' last glimmering hopes for the National league pennant in the series opening in Brooklyn today.

They're not talking about it publicly, but it's common knowledge here that Manager Hans Lobert's much-smearred losers are still ranked by the "light," as they called it, which they suffered at the hands of Larry MacPhail last spring. MacPhail called off a Phils-Dodger exhibition game, presumably because the Phils mightn't bring in much cash. The Phils had their day, later, of course, when Lobert refused to let the Bums near his spring training diamond for another exhibition fray.

But the fullest and sweetest revenge would be a Phils' sweep in the closing series, squelching the Dodgers in their losing battle for a crack at World Series money.

They might do it, too. Don't laugh yet—the cellar-dwellers have a habit of reviving in the closing days of a season long enough to whip clubs in reach of the pennant. They did it with the Giants a few years back, and won the nickname, "The Giant Killers." And they did it with the St. Louis Cardinals here this week. "Who knows?" Lobert said yesterday, eager for the Brooklyn game. "Maybe we'll clean their clocks."

"Sure we're 57 games off pace, but the boys are really getting mad now."

"We've taken a kicking around all season, from fans, newspapers and opponents, and I guess my boys

## Farmer-City Folk Gulf Disappearing

BOISE, Idaho, Sept. 18 (AP)—The war, believes Idaho agriculture commissioner James B. Newport, "has just about removed the yawning gulf that always heretofore separated farmers and townfolks."

That has resulted, Newport said in an interview, from the action of business men in supplying the farmer with much-needed labor to harvest his crops.

"The mere fact that city people have been willing to go into the fields this year to help, has given the farmer's morale a boost that has proved almost as valuable as the actual harvest work they have done," he explained.

## Navy Grid Players 'Don't Wind Clock'

JACKSONVILLE, Fla., Sept. 18 (AP)—Those stories about football players who don't do much off the field, except wind the clock in the Dean's office don't go for navy teams.

In the navy, football is strictly an extra-curricular activity. Lieut. John H. (Hobbs) Adams, coach of the Jacksonville naval air station eleven observed today.

"We have officers, aviation cadets, chief specialists, marines and sailors on our squad, and every one of them gets in at least an eight-hour day before reporting for practice at four o'clock," said Adams.

The marines on Adams' team are the earliest risers. They hit the deck at 4:30 a. m. (ouch) to get ready for their classes in the aviation service school at 6 a. m.

SERIAL STORY OF BRIGHTNESS GONE

BY HOLLY WATTERSON

Copyright, 1942, NEA Service, Inc.

THE STORY: Peter Frazier arrives at an upstate New York hospital for a summer's study...

he had given up the New York apartment temporarily in order to curtail expenses...

She left the fireplace, returned to her old place. "I didn't order him out, if that's what you're thinking..."

BAD NEWS AT HOME

CHAPTER VIII

THE rounds and the discussion afterward lasted several hours and when they were over Peter felt whipped, beaten...

He meant him to be reassured, but Peter was not to look like a tough summer ahead...

But after a bit even that hope dwindled. He had never worked harder. He worked morning in the laboratory until time for rounds...

He had been becoming increasingly uneasy about his father. Early in the summer Bruce had written a brief and apologetic note...

Having to identify himself irked Peter. He gave his name shortly. "I will see Mrs. Frazier," he ordered.

IT seemed to him that Belle kept him waiting unnecessarily long, and that neither relieved his anxiety nor improved his temper.

Belle raised disapproving eyebrows. "Just what—?" Peter father not at Tuckaways, the man said; he did not believe he knew Mr. Frazier's present whereabouts...

Dr. Morrison came up to him afterward. "It's not always as bad as that, you know," he said. "I'm sorry you were let in for it. It's just that—well, the Chief got the idea from last year's group that you summer fellows treat this place as a resort..."

Belle rose, as though she felt at a disadvantage with his young length towering over her, and went to stand at the flower-filled fireplace. "Your father left me," she said.

"Impossible!" Peter said. "What—Why?" Belle herself showed signs of impatience. "Hasn't he told you anything?" she demanded.

Belle laughed sharply. "Poor!" she repeated. Her tone was hard. "His business is gone," she said.

Peter repeated stupidly, "Gone? Everything? But—Tuckaways?" Belle flushed. "Tuckaways," she said defiantly, "is mine."

Johnny Doughboy On Cash Basis

WASHINGTON, Sept. 18 (AP)—After a preliminary test, the war department decreed today a strictly cash policy for all soldiers at army posts in the Continental United States.

Secretary Stimson announced the new order which abolishes credit privileges for personal purchases enjoyed by soldiers for decades. The department said the new policy would save bookkeeping, further efforts to reduce credit buying and expressed belief also it would "inculcate the habits of thrift in the soldier."

The order becomes effective November 1 at all army posts in the United States except Alaska. Local commanders will decide whether to apply it at posts abroad. The preliminary test has been in progress at Fort Bragg, N. C., since August 1.

Stimson also announced at his press conference: Men between 45 and 50 who are experienced mechanics now will be accepted for enlistment as technicians with the army air forces. Minor physical defects will not disqualify applicants.

Capacity of the medical administrative corps officer candidate school at Camp Barkeley, Tex., has been ordered doubled.

Army trucks and personnel will assist civilian agencies in the collection of scrap metal, when such activity will not seriously interfere with normal military duties. The assistance will be limited in general to communities in the vicinity of army posts.

The two army football teams—the Eastern All Stars and the Western All Stars—will not meet each other. As soon as their present schedules with non-army teams have been completed, the teams will be disbanded and the men will return to their military duty.

Bowen Funeral Held At Shamrock Church

SHAMROCK, Sept. 18—Funeral services for Mrs. Louisa Ellen Ackley Bowen, were held at the First Baptist church at 11 a. m. Tuesday with Rev. E. C. Dent pastor, in charge of the last rites.

Mrs. Bowen passed away at 8:20 o'clock Saturday night at the Shamrock Clinic hospital after having been confined to her bed for the past three months. She had been in ill health for about a year.

She was born in Vernon, Nov. 8, 1898, and moved to Wheeler county at an early age and on February 25, 1916 she was married to Jessie Ivanson Bowen at Lela, Texas.

To this union were born nine children, five sons and four daughters, all of whom along with her husband survive her.

Hundreds of friends gathered to pay last respects, and burial was made by Clay Funeral home in the Shamrock cemetery.

Survivors are, Jessie Lewis Bowen, of Seward, Alaska, Troy Lester Bowen, of Kelton, Ernie Lee Bowen of Shamrock, Floyd Conrad Bowen of Amarillo, and Glen Curtis Bowen of Shamrock, sons; Lavena Mae Bowen, Shamrock, Mrs. Elsie Newson, of Allison, June Irene Bowen, Shamrock, and Artie Louise Bowen of Shamrock, daughters.

She is also survived by three brothers, Clarence Ackley, of Shamrock, Preston Ackley, of Smithfield, Utah, and Russell Ackley, of Monahans, Texas.

Two sisters surviving Mrs. Bowen are, Mrs. Frances Daniels of Marietta, Okla., and Mrs. Lona Harvey, of Shamrock.

Officers Chosen By LeFors Classes

SPECIAL TO THE NEWS LEFORS, Sept. 18—LeFors High school students gathered in the auditorium Wednesday morning for an assembly. Mr. J. D. Fomburg, principal, spoke to the group, after which each class went to its home room for a class meeting.

Officers and sponsors were elected for the coming year with the following results for the seniors: C. M. Brown and Mrs. Joe Clark, sponsors; Junior Ammons, president; Clifton Ray, vice-president; Evelyn Blackwell, secretary; Betty Jean Seals, treasurer; and Wanda Jo Henry, reporter.

The juniors discussed a few ways in which to raise funds for expenses and elected the following officers: Joe D. Hamrick, president; Neal Hughes, vice-president; Carl Ferguson, secretary; Patsy Neal, treasurer; and Juanita Stoker, reporter.

Miss Drusilla Jones is the sophomore sponsor with the following officers: Don Clements, president; Carl Taylor, vice-president; Mary Sue Upham, secretary; Vivian Turner, treasurer; and Allen Krouse, reporter.

Mrs. Ogden Stroud was chosen as sponsor for the freshmen with officers as follows: Patsy Jennings, president; Joyce Bagley, vice-president; Lu Ella Ayers, secretary; Lovell Hughes, treasurer; and Noel Clements, reporter.

The sophomores and freshmen have not chosen their second sponsors, but this will be done in their next class meeting.

Jaycees To Broadcast On KPND Tonight

Six members of the Pampa Junior Chamber of Commerce will hold a regular business meeting over KPND's Town Forum of the Air at 7:15 o'clock tonight with Bob Miller, president of the organization, conducting the unusual affair. Regular roll call of the group will be made and other business of the board will be transacted right over the air, all for the benefit of KPND listeners.

Hal Blyemiller of the station staff will interview the Jaycees during this program and some interesting information about coming events will be revealed.

Reno Benson, chairman of the Gray County Navy Relief society, will appear on the Forum Thursday night, speaking in behalf of the Victory Harvest Garden show, which will be held in Pampa September 25-26, with all proceeds of the two-day event being turned over to Army-Navy relief.

New American Troops Arrive In England

LONDON, Sept. 18 (AP)—Thousands of American troops arrived in Britain recently to swell the ranks of the rapidly expanding United States army in this country waiting for the opening of a second front.

While they have been whisked away to camps already, announcement of their arrival was not permitted until today.

The arrivals consisted mainly of fighting men and anti-aircraft and transport units. There were also hundreds of army technical experts and some army air force personnel.

Long Illness Fatal To Loyd Dilbeck

LOS ANGELES, Sept. 18 (AP)—A long illness was fatal yesterday to Loyd Dilbeck, 39, former Associated Press writer in Dallas, Fort Worth and Austin, Tex., and in Los Angeles.

He had been in a coma for three days. Dilbeck, native of Parker county, Texas, worked on newspapers in Weatherford and Waxahachie, Tex., and Texarkana, Ark., before joining the Associated Press in 1925. Surviving are his widow, Betty, and three children.

2,000-Bale Gain In Wheeler Cotton Crop, Agent Says

SPECIAL TO THE NEWS SHAMROCK, Sept. 18—"Good prospects in Wheeler county, this fall for a bumper crop," Agricultural Agent, Jack Tartar, told the members of the Booster club at their weekly meeting in Shamrock.

"Wheeler county has more acres in row crop and grain than in the past several years, and should produce one of the largest crops in history."

Although excessive rains, leaf worms and grasshoppers have damaged the cotton crop, the county should gain 2,000 bales more than last year," said Tartar.

There is a serious situation facing farmers in this area on the lack of housing space for this year's crop.

**WPA Trucks Collect Large Amounts Of Metal And Rubber**

SAN ANTONIO, Sept. 18 (AP)—WPA trucks have collected 4,215,950 pounds of scrap metal and 47,444 pounds of scrap rubber for the war plants of the nation from agricultural areas in Texas. W. H. Beazley, state director of operations, reported here today.

Largest WPA collections have been in rural areas of Brown, Childress, Fannin, Karnes, Kaufman, Taylor and Wilson counties, of which have yielded more than 200,000 pounds of metal, the report said.

**Guardsmen Arrange For Evacuation As Rio Grande Recedes**

BROWNSVILLE, Sept. 18 (AP)—As the Rio Grande receded almost imperceptibly today, coast guardsmen arranged to evacuate 20 women and children from the flooded community of Southmost south of Brownsville.

Nineteen persons—five women and 14 children—were removed from the flood area by coast guardsmen yesterday. The men elected to remain on their farms to care for the animals. The Red Cross provided for the evacuation.

Capt. C. L. Johansen, coast guard commander, described flood conditions as dangerous but not critical. The river receded four inches to 19.7 feet last night. It was theorized that the drop was due to a levee break on the Mexican side farther upstream.

It was estimated that 2,000 additional acres were inundated yesterday.

About 200 persons were believed stranded in the flood area.

**'Phony', Just Like Everything Japanese**

NEW YORK, Sept. 18 (AP)—For 35 years (until Pearl Harbor) James J. (Jimmy) Hare, 86-year-old news photographer and correspondent in five wars, cherished a medal he received from the emperor of Japan.

It was about the size of a half dollar, but three times as thick, and Hare said he "banked on that piece of gold to pull me through a tight spot."

He presented it to the Overseas Press club, asking that it be recast and presented to the first American to bomb the imperial palace in Tokyo.

It was taken to a jeweler to be assayed.

"100 per cent brass," said his report. "Low quality."

Commented Hare:

"It took me 35 years to discover that the medal, like everything else Japanese, was phony."

**Commander At Air School Gets Plane**

Col. Daniel S. Campbell, new commanding officer at the Pampa air school east of the city, has a plane to fly now. It is a sleek basic combat low wing monoplane.

The ship was flown to Pampa yesterday by Col. N. T. Perkins, director of pilot training at Brooks field, San Antonio.

Col. Campbell will have to keep the plane at the municipal airport until laying of runways has been completed at the air school. And there's a hitch in that—he doesn't have a car.

"They said they're sending me a car right away," the young commander smilingly remarked.

Gray's county scrap metal campaign will open up its second front tomorrow when a meeting of the salvage committee is held at 2 p. m. in the county court room.

The meeting has been called by C. K. Trease and will include both the industrial section and the entire salvage campaign personnel.

Nearly 50 tons were collected on the "first front" in the preliminary drive in August, but this was only the beginning of a campaign to keep the scrap metal flowing to the mills to make tanks, guns, and planes, "from now on."
