

MCDONALD IS EXONERATED OF MISCONDUCT

Senator Nye Says Third Party Organization Now Certain SENATE COMMITTEE WOULD HIKE ALL INCOME TAXES

ROOSEVELT'S IDEAS JUNKED FOR NEW ONES

SMALLEST TAX PAYER IS HIT AND OTHERS ADDED

WASHINGTON, Aug. 10 (AP)—A progressive-conservative coalition took command of the senate finance committee today and voted to boost income taxes on even the smallest taxpayers, beginning at a new low level of \$800 a year.

In swift and startling ballots which ripped out major features of President Roosevelt's "wealth tax" plan and raised some doubts of the whole bill's future, the senators cut the income tax exemption for a single person from \$1,000 to \$800 and for a married person from \$2,500 to \$2,000.

This change was calculated to bring new income groups into the federal tax field, though experts were unable to estimate at once how many.

Get More Income. Also they substituted higher estate taxes for Mr. Roosevelt's requested inheritance taxes and made other changes estimated to increase the bill's revenue-raising power from the house's \$250,000,000 to more than \$400,000,000.

A bitter fight was waged when the measure reaches the senate floor next week. Chairman Harrison (D. Miss.) said the revised bill "falls to carry out the president's suggestions although it is a gesture in that direction."

Some democratic senators said privately the incorporation of higher taxes on the little taxpayer, unless they are stricken out by the senate, would mean no tax bill. They argued that the house, especially with a general election on the horizon, would never agree to tax schedule increasing the number of voters affected from a few thousands to many hundreds of thousands.

An important house leader likewise said senate insistence on boosting taxes on the lower brackets would raise the possibility of dropping the bill. Another party spokesman, who did not wish to be quoted by name, said:

Avoids FDR's Principles. "The senate's changes might be designed for the simple purpose of killing the bill. Some members of that committee don't want the bill passed anyway."

President Roosevelt confined his recent tax message to proposals for "wider distribution of wealth" by higher taxes on big income, big corporations and large inheritances.

But with those senators in control who believe huge government emergency expenditures must be met by taxpayers all along the line, the finance committee approved an amendment by Senator LaFollette (Prog., Wis.) to break into the lowest brackets by reducing exemptions.

As a partial offset for the lower exemption to the married, it permitted an exemption of \$400 each for children up to 20 instead of 18 years as now.

The LaFollette amendment also raised income surtaxes, starting the scale at a per cent on the first \$1,000 above \$2,000 net income and running it to 75 per cent on the excess over \$5,000,000.

The normal tax of 4 per cent which begins at the exemption level and goes through all brackets was left unchanged.

The present surtax rates start at 4 per cent on the first bracket above \$4,000 and amount to 59 per cent on that over \$1,000,000. The house boosted surtaxes only on incomes over \$50,000.

ART SHIRES ARRESTED

HARRISBURG, Pa., Aug. 10 (AP)—Art Shires, manager and first baseman of the Harrisburg club of the New York-Pennsylvania league, and Jimmy Chandler, another member of the team, were arrested today on a charge of attacking James Peters, attendant of a refreshment stand.

I Heard . . .

Jimmy Hulme singing "Somebody Stole My Gal."

R. A. Smith declaring that he bought three bushels and got 36 gallons out of the three bushels. The boys in the sheriff's department wouldn't believe the tale although R. A. stuck to his guns. Can it be done, housewives?

Boy Scouts To Be In Mountain Camp 10 Days

Boy Scouts of the Adobe Walls council, denied their trip to the National Jamboree by reason of the prevalence of infantile paralysis, will have a 10-day mountain camp beginning within about a week.

Cost of the camp, including transportation in school buses, will not exceed \$15 per day. Fifty boys will be needed to make the camp a success.

Funds forwarded to Washington as Jamboree fees will be returned, as well as money given to buy films for the movie record of the Washington trip.

Decision to hold the mountain camp, at a site to be selected immediately, was made by the boys scheduled to go to Washington, and who were at Camp Kivanski when word of the cancellation was received. Later, the boys' action was approved by a council committee

composed of L. L. McCollin, F. E. Leach, Phillip Pond, C. H. Schulze, Chris B. Martin, George Briggs, C. V. Edwards, J. G. Schultz, Arthur M. Teed, Roger McConnell, R. A. Selby, Lee Bowden, and C. A. Clark. The site of the camp is expected to be near Taos, N. M.

All registered Scouts and Scouters will be eligible to attend the camp. Substitutes for the Jamboree trips are being arranged all over the country. Scouting's national officials require that trips be under full and approved leadership, which a definite objective, and approved by the regional office. Unauthorized trips for Scouts are forbidden by James P. Fitch, Dallas, regional Scout executive.

Parents, troop sponsors, and scoutmasters must notify the headquarters office here by Tuesday as to how many boys they will send to camp.

HIGHWAY WORK ON 88 STOPPED ON FERA PLAN

Topping by Contract Is Started on 5.85 Miles

Placing of caliche on highway 88 from Pampa's south topped yesterday. The base was provided for 5.85 miles of asphalt surfacing. The length is somewhat longer, inasmuch as a lake was not touched at this time.

The contracting firm of Cooke & Braden began shaping the road bed Monday for topping. It is a state contract.

Bruce Pratt was the state engineer in charge of the FERA project, in which relief labor was used.

Stopping of work resulted from the wide changes being made in handling of relief labor. FERA is being discontinued except in those cases where no WPA projects are available to afford work opportunities.

Whether work is resumed on highway 88 depends upon how many WPA projects are started and what their labor demands are. If some large project, like an underpass here, is launched, the relief office may be obliged to use highway 88 as a work project.

Construction of five double tennis courts, the only WPA project so far perfected as to local application, will not require a great many workers, the number of whom will be limited according to the cost of the courts.

Roosevelt Puts Influence Behind N. Y. Wage Scale

NEW YORK, Aug. 10 (AP)—Both sides dug in tonight for a showdown Monday in the wage dispute between labor unions and the federal government.

Taking their cue from President Roosevelt, works relief officials refused to recognize the existence of a "strike" and prepared to hire replacements as rapidly as men walked out.

A large scale walkout—aimed at enforcing payment of the union scale on work relief jobs—was promised by George Meany, president of the state federation of labor.

By Monday, Meany said, the city's 36 building trade unions will have stopped their workers on "all the jobs we haven't yet reached."

They were determined to hold their ground, he declared, despite President Roosevelt's warning that those who turned down relief jobs would be cut off the dole.

WELL FIRE FATAL

OLNEY, Aug. 10 (AP)—Cleveland, 23, died today from burns received during an oil well fire near here this morning. Three other persons received burns which were not considered serious. The fire was extinguished by pumping mud down the casing. The blaze began when flowing oil was ignited by a spark as a casing nipple was blown loose.

MORE PUPILS ARE TO ENROL FOR CLASSES

County Schools Will Start Terms on Sept. 2

There are 5,656 pupils of school age in Gray county now, compared with a total of 5,077 for last year, according to figures compiled by W. B. Weathered, county superintendent.

This increase of 579 scholastics reflects the steady development of the county. County schools will open September 2.

Enrollment by districts follows: County common school districts—Last year 578, this year 534. This includes an increase had not the McClelland No. 2 district and Eldridge No. 13 not been combined with the Alamed schools.

McLean independent district—Last year 619, this year 657.

Pampa independent district—Last year 3,156, this year 3,229. This increase of 473 scholastics will further increase the over-crowded condition in several local schools and add to the demand for teachers.

Alamed district—Last year 129, this year 190.

LeFors independent district—Last year 646, this year 646.

There are 11 schools left in the county system, with about two dozen teachers. Terms will range from 7 to 9 months.

School buildings are being conditioned for the opening of the coming term.

More Centennial Officials Named

DALLAS, Aug. 10 (AP)—Cullen F. Thomas, commissioner general for the Texas Centennial, today announced appointment of three assistant commissioners, J. Percival Rice, Dallas attorney; Paul Wakefield, Austin, and E. J. Altgelt, San Antonio business man.

The appointments are subject to approval by the United States Texas Centennial commission when it meets in Washington Tuesday.

Thomas said O. C. (Red) Christie, Quanah, secretary of the national organization committee of the Young Democrats of Texas, was named secretary to the commission.

Each of the assistant commissioners will receive \$7,500 yearly.

The federal commission has invited representatives of the central exposition at Dallas and members of the state commission of control and of the historical board to offer their views on allocation of the federal \$3,000,000 appropriation at the Washington meeting.

Walter D. Cline, managing director of the central exposition, said he would ask for \$2,000,000 for the Dallas exposition.

The federal commission, in charge of the government allocation is expected to name Vice-President Garner as its chairman. Besides Garner, members include Secretaries Roper, Hull and Wallace.

Turkey will use above-sea-level lakes in an electrification program in Asia Minor.

RHODE ISLAND LOSS BY NEW DEAL IS KEY

BUT UNCERTAINTY HAS CONTINUED IN ALL GROUPS

WASHINGTON, Aug. 10 (AP)—Third party talk has revived following the new deal defeat in Rhode Island this week and the questions it raised about future administration policy.

Senator Nye (R., N. D.) brought it into the open today with a flat declaration "there will be a third party next year."

Some leading republican regulars, too, mentioned for presidential nomination indicated in private conversations they had by no means dismissed the possibility. They seemingly hoped it would happen, evidently on the theory that the Roosevelt ticket would be the sufferer.

Diverse reactions in both major parties to the Rhode Island results accounted for part of the speculation. Where some conservative democrats interpreted the overturn of a house seat as a demand that the administration shift "right," republicans from farm areas showed little sympathy with colleagues who hailed it as a harbinger of death for the AAA—and its financial heart, the processing taxes.

One thing is certain: the administration course from now on will be examined in the light of this New England election for any approach to the conservative viewpoint.

Roosevelt policy has been criticized in shuttling between "left" and "right." Considering this, and attacks on the pending tax bill as radical, some legislative quarters look for more emphasis on "recovery" than "reform" in months ahead.

Neither party is expected to let the election with its great block of electoral votes, go by default fifteen months hence.

Mexican State Dictator Leaves

VILLA HERMOSA, Mexico, Aug. 10 (AP)—Tabasco's radical dictator for 15 years, Tomas Garrido y Canabal, left by plane for Guatemala today, asserting he would return within six months.

Authoritative quarters, however, expressed doubt he would return to rebuild his political organization here.

Only a few persons saw Garrido's party leave the airport. A heavy guard of federal troops surrounded the field.

In the one-time dictator's party, which departed from this city in two airplanes, were his wife and three children, and two federal officials.

Garrido's sudden decline followed upon the killing of five students here July 15 in a demonstration against his rule. Prior to that time he had dictated activities of the state government and was prominent in the radical "red shirt" organization.

As a result of widespread public demonstrations, President Lazaro Cardenas sent a provisional governor to Tabasco to replace the official reportedly under the domination of Garrido, who for a time was secretary of agriculture in the president's cabinet.

TEXAS ATTORNEY DIES

HOUSTON, Aug. 10 (AP)—Claude McAleeb, well known Houston attorney, died Saturday in Rochester, Minn., following a prolonged illness.

FIVE MEN ARRESTED IN PURPORTED PLOT TO ASSASSINATE PRESIDENT CARDENAS, MEXICO

Jiuilpan, state of Michoacan, which is Cardenas' home town, was carrying a revolver and 11 cartridges when seized.

The military sources said Prado confessed he intended to kill the president and that "they sent me here to kill Cardenas." Belief was expressed he was an old enemy of Cardenas.

The identity of the four others held was not learned.

Semi-official sources said tonight the five men were being held incommunicado and asserted Prado had been arrested in Uruapan after having followed the president there. Cardenas is at present in Patzcuaro, Michoacan. His trip to western states of Mexico, originally scheduled to last a week or 10 days, has been prolonged more than a month, but he is expected to return to the capital next week.

Police continued to deny tonight that they had arrested Prado or anyone else in connection with the reported assassination, and details of the purported plot could not be learned.

RECORD HEAT WAVE BLAZES OVER STATE

Two Cities Record 112 Degrees—One Death Reported and Many Collapse

(By The Associated Press.) A scorching Texas sun, which fired the mercury to a new summer state-wide high of 112 degrees, recorded in two cities, brought cries for relief Saturday from farmers whose crops may be ruined by the withering heat.

In South and Central Texas and the Panhandle crops were reported suffering from the continued assault of the sun, and in many parts of the state no relief was in sight.

One person, David Huerta, 40, died in Dallas of heat prostration, and two negro women collapsed in Waco.

At the municipal airport in Lubbock, the season's top mark was recorded when the mercury climbed to 112 degrees. The figure was one degree above the earlier high.

Athens reported the thermometer read 112 degrees for the highest mark of the day. The mercury there hovered between 108 and 112 degrees through most of the afternoon.

The Athens and Lubbock territories were reported concerned over crops, which show the ill effects of the latest heat spell.

For the second time in two days, an all-time record was established at Athens. High mark of the day was 109 degrees, one more than yesterday's top.

Temple's 108-degree reading was a seasonal record figure, as was the 107 marked at Sherman. The Sherman mark was two degrees below the five-year record.

Paris reported its 107 Friday was not enough to set the seasonal record. The mark had not been bettered Saturday.

Corsicans felt a 106-degree day's peak and the heat record at Abilene furnished the year's heat record book a new high figure.

Dallas sizzled under the all-time record for August, 106 degrees. Fort Worth reported 104.7, Beaumont, 102; Austin, 102; and San Antonio, 101, two under the seasonal high.

San Antonio's heat wave was broken when the temperature, which reached 100 degrees at 3 p. m., dropped 29 degrees in 25 minutes when a breeze and ordered an autopsy, a press dispatch said.

Mr. Bourland is survived by his wife and eight children, who are: Roy S. Pampa, and A. D. of Pampa; Mrs. W. W. McClelland of Youngstown, Ohio; Mrs. J. Davis Thompson of Vernon; W. R. and W. S. Jr. of Wichita Falls; J. B. of Vernon; and George of California.

Mr. Bourland was a prominent cotton farmer near Vernon for many years, but with Mrs. Bourland moved to Wichita Falls a few years ago.

The funeral was expected to be held in Vernon.

Father of Local Men Found Dead

Mr. and Mrs. Roy Bourland were called to Wichita Falls Saturday morning by the death of Mr. Bourland's father, W. S. Bourland.

The body of the Wichita Falls man was found in his car at Lake and Barwise streets about 6 a. m. Saturday.

At the inquest, the coroner withheld his verdict and ordered an autopsy, a press dispatch said.

Mr. Bourland is survived by his wife and eight children, who are: Roy S. Pampa, and A. D. of Pampa; Mrs. W. W. McClelland of Youngstown, Ohio; Mrs. J. Davis Thompson of Vernon; W. R. and W. S. Jr. of Wichita Falls; J. B. of Vernon; and George of California.

Mr. Bourland was a prominent cotton farmer near Vernon for many years, but with Mrs. Bourland moved to Wichita Falls a few years ago.

The funeral was expected to be held in Vernon.

CHAIRMAN IS OUSTED THEN VOTE POLLED

AGRICULTURE HEAD TO SEEK RE-ELECTION NEXT YEAR

AUSTIN, Aug. 10 (AP)—J. E. McDonald, state commissioner of agriculture, today was exonerated of charges of official misconduct by a majority of a legislative committee as an investigation collapsed amid confusion.

Three of five members suddenly brought the inquiry to an end by taking the chairmanship away from Rep. E. E. Hunter of Cleburne in order to put to a vote a motion by Rep. Leonard Westfall of Aspermont.

Rep. Pat Dwyer of San Antonio appealed from Hunter's ruling that Westfall's motion to acquit McDonald and terminate the inquiry was out of order. Then Dwyer arose and began a poll of the committee.

Rep. R. H. Good of Cooper voted with Dwyer and Westfall. Hunter opposed the action and Rep. C. C. Canon of Honey Grove said "I guess it's no use for me to vote."

"Not Surprised." McDonald, who said "I'm not surprised at any indignation," immediately announced he would seek re-election next summer for his fourth consecutive term.

A first fight preceding the final vote ended questioning of the last witness, C. E. McCormick, chief of the markets and warehouse division of the department of agriculture. The other combatant was C. L. West, assistant state auditor, who was assigned to the committee.

McCormick, in answering a question, said "That's not true; in fact, it is a lie." West immediately challenged it and the two husky men struck several blows.

To Report Evidence. Hunter announced that "regardless of what the committee has done," he would prepare a minority report for submission to the legislature "giving all the facts and evidence to the members."

The interim inquiry was ordered as an outgrowth of a resolution fired by Hunter, Westfall and two others proposing removal of McDonald by address. The resolution was based on an auditor's report and testimony received by a preceding house investigating committee.

Nine charges were preferred by the resolution, which proposed a joint legislative committee to hear evidence for determination of McDonald's guilt or innocence.

Several Charges. Charges included: "His admitted violations of the nepotism act," "lack of good faith" in certain transactions involving his administration of the "jack and stallion fund," into which is paid a portion of the state tax on parturient horses of Hunter, Westfall and two others accepting of two Percheron mares from a horse dealer; "wilful neglect of duty and general incompetence" in connection with handling certain fees, and the lending of his official office without sanction of law to promote the interest of milk, cream, and baby chick organizations.

Appeared in Person. McDonald strongly asserted his innocence and defended himself in a voluntary appearance before the house on the night of adjournment.

After the vindication, he said "my conscience has been clear, for I have ever been honest, upright, and diligent in the discharge of my office; the records showing that during my administration the department of agriculture has rendered the greatest service in its history."

Ethiopian Amazons Grid for Battle

Ethiopia echoes the adage, "The female of the species is more deadly than the male," as it prepares for war with Italy. Emperor Haile Selassie says their womenfolk will follow his soldiers to battle to carry water, prepare food, and care for the wounded, as members of the amazon legion. And, if they follow the tradition of ferocity, these camp followers will rove the battle field looting and mutilating bodies of fallen foes.

NEARLY TWO THOUSAND MEN ARE ON RELIEF

This Number Eligible In District, Haile Finds

Having established his quarters and those of his assistants in various parts of the city hall, S. H. Haile, district relief administrator for the Texas Relief commission, is beginning the organization of his area in the northeast Panhandle.

A survey made recently showed 1,905 persons to be eligible for relief in the district. These were distributed as follows: Collingsworth 422, Donley 183, Gray 340, Hansford, 92, Hemphill 123, Hutchinson 181, Lipscomb 132, Ochiltree 94, Roberts 55, Wheeler 283.

Money allotted to the various counties are made in Austin but the appropriation for each month is to be sent here in a lump sum and distributed by the case workers in the several counties. There will be a case worker for each 125 clients.

Where necessary, clerks will be furnished in the county headquarters. Mrs. W. H. Davis, former Gray county relief administrator, is now district case supervisor. County allotments cannot be transferred in whole or in part to any other county.

The purpose of the district set-up, according to Mr. Haile, is to reduce administrative expenses over the state. Close cooperation with WPA project supervisors will result in a reduction of the case loads in the counties. A work supervisor for the district will be appointed soon. Relief projects will be set up only when no WPA work is available. Work camps may be established near big projects if deemed advisable, but these will be avoided if possible.

Many applications have been received for case work positions in the counties. The list of appointees for the district will be released early this week.

TWISTER HITS BUILDINGS

WACO, Aug. 10 (AP)—A twister of small proportions struck Ocee, 15 miles west of Waco, late today, unroofing a number of buildings, mostly barns. One store building was blown from its foundation, and two persons were injured slightly.

BOY IS DROWNED

VERNON, Aug. 10 (AP)—Funeral services were held here today for L. M. Linton, 15, who was drowned in the Red river near here yesterday.

FOUR KILLED, MANY HURT IN COACH CRASH

Interurban and Work Car Telescoped On Curve

SPRINGFIELD, O., Aug. 10 (AP)—Fiercely trampled in a telescoped interurban passenger car, four persons were killed today and a score injured, several critically.

A northbound work car of the Cincinnati & Lake Erie Traction company collided head-on with the southbound passenger coach near here with a crash that was heard over the countryside and brought thousands of persons to the scene.

The two cars came together on a curve during a rain storm. The old-fashioned, high-built work car was telescoped, enveloping the passenger coach a third of its length.

Charles Murrya of Urbana, Roy Zimmerman of Springfield, metorman of the passenger car, Miss Ruth Gibson, 25, of Westerville, identified by a teacher's certificate.

An unidentified woman.

Permit Total of Month Is \$20,900

Pampa moving and building permits totaled \$20,900 in July, according to the report of J. R. McKinley, city building inspector. This brought the total for the year up to about \$162,900.

So far this year, 105 houses have been moved to Pampa from other towns, ten of them in July.

Most of last month's permits were small. The largest was the M. F. Roche 24-49-foot residence in the Cook-Adams addition, listed for \$5,200.

I Saw . . .

A panorama view of Pampa, taken from the top of the old Santa Fe coal chute, away back when Pampa was a town of about 900 persons. Rufus Walker, former Harvester football star, found the picture while looking through an old trunk yesterday. There was snow on the ground; not much, however, and the now thriving city was a dreary looking place.

GAS STRIPPING CONTROVERSY

WILDCATS OF GRAY COUNTY ARE WATCHED

HADWICK GASSER IS SURPRISE—FLOWS MUCH OIL

By George L. Guthrie, Consulting Geologist, Combs-Worley Inc.

While the Railroad commission, stripping plant operators, and others are wrangling with injunctions and counter-injunctions, the rest of the Pampa field activities are going ahead at a normal pace.

Facy, Harrington and Marsh No. Chadwick in section 210, block 2, I&CN survey, Gray county, spraying oil—more or less a surprise to most operators here. It is surrounded by test wells and in general considered only as good gas territory. It was drilling in the early part of about 3,000 feet in about 15,000,000 cubic feet of gas when it began spraying oil. It has been estimated all the way from 300 to 500 barrels daily by those who saw it flowing. It is shut down waiting orders.

Two wildcats are getting interest in this area. One is the Rogers No. 1 Timberlake north of Shamrock is reported to have shown by the operators. Drillers below 3,500 feet, and have shut down. This test may open a new oil in that area.

The Railroad commission has been to take one-day tests, which will replace the old method of testing for five days. This should remove some of the confusion in getting the oil out of new pools where wells are practically monopolized.

GASOLINE PLANTS INSPECTED AND TYPE OF GAS USED SEEN

Three Railroad commission employees Saturday began a thorough check of the gasoline plants in the Pampa field, 47 in number.

The purpose of the survey is to determine whether sweet gas being used, to check the hydrogen sulphide content of sour gas being used, and to note the gas intakes of the plants.

Hizing the pipeline facilities when taking tests.

There were 13 completions during the week. Part of the pick-up was due to the taking off of the wells which started testing. They represent most of the field, with Hutchinson county in the lead. The Elena Oil company had the largest well, its No. 10 Keller in the Wheeler county hot spot.

There were 6 new starts set for this week, with Moore county stepping into the picture with two. It is rumored that Moore county will see quite a play in the near future. Other localities represented all but Gray county, which failed to score.

COMPLETIONS, Carson County.

The Magnolia Petroleum company No. 10 field No. 224 in section 90, block 4, I&CN survey, made 408 barrels on a Railroad commission one-day test. It was bottomed at 3,093 feet with the pay topped at 3,099 feet and continuing to the total depth.

The Continental Oil company No. 11 Wright in section 12, block 3, I&CN survey, averaged 322 barrels on test with the pay from 2,855 to 2,909 feet.

The Phillips Petroleum company No. 1 Saunders in section 3, block 1, BS&F survey, made 395 barrels daily on a Railroad commission test after it was bottomed at 2,918 feet, with the pay from 2,819 to the total depth.

The Sun Oil company No. 3 "B" Combs-Worley in section 34, block 3, I&CN survey, averaged 228 barrels on the pump with the pay topped at 2,870 feet. It was drilled to 3,030 feet and plugged back to 2,980 feet, then treated with 300 gallons of acid.

The Valium Petroleum company No. 1-A Kinnard in section 41, block 25, H&CN survey, made 279 barrels on test. It was bottomed at 2,338 feet. First pay was topped at 2,312 feet. The hole was shot with 900 quarts from 2,254 to 2,259 feet.

Hutchinson County. International Petroleum corporation completed two wells on its Lewis properties. No. 13 in section 8, block 23, TCRR survey, made 438 barrels on test. It was bottomed at 2,965 feet, with the pay from 2,902 to the total depth. No. 17 Lewis in the same section made 516 barrels with the hole bottomed at 3,045 feet and the pay topped at 3,025 feet.

Watson Trustee No. 8 Watkins in section 13, block M-21, TCRR survey, made 776 barrels on a commission test. It was bottomed at 3,016 feet with the oil pay from 2,919 to 3,015 feet.

Stekoll No. 10-C Canadian in section 2, H. Prewitt survey, made 329 barrels on test with the pay from 2,900 to 3,020 feet, and the hole was bottomed at 3,022 feet.

Wheeler County. The Helena Oil company completed two more wells in its stock on its Keller lease in section 48, block 24. No. 9 made 679 barrels on test with the hole bottomed at 2,541 feet.

Tomorrow four other employees will begin testing oil wells having a ratio of more than 100,000 cubic feet of gas per barrel of crude oil. There are about 115 such wells in the field. The gas-oil ratios will be tested.

Operators have received notices telling them to be ready for making of the tests.

Its No. 10, made 3,164 barrels on the one-day test with the pay topped at 2,456 feet.

Dyke Oil company No. 2 Sitter in section 33, block 24, made 298 barrels on test with the hole bottomed at 2,501 feet and the pay from 2,465 to 2,487 feet. It was shot with 150 quarts.

Smith Bros. No. 1-B Sitter in section 33, block 24, made 265 barrels on test with oil pay from 2,530 to 2,537 feet.

NEW LOCATIONS, Carson County.

The Red River Gas company No. 1-B D-sh Estate is 1,310 feet from the north line and 1,320 feet from the west line of section 7, block 5, BS&F survey.

Gray County.

Magnolia Petroleum company No. 10 field No. 224 in section 90, block 4, I&CN survey, made 408 barrels on a Railroad commission one-day test. It was bottomed at 3,093 feet with the pay topped at 3,099 feet and continuing to the total depth.

The Continental Oil company No. 11 Wright in section 12, block 3, I&CN survey, averaged 322 barrels on test with the pay from 2,855 to 2,909 feet.

The Phillips Petroleum company No. 1 Saunders in section 3, block 1, BS&F survey, made 395 barrels daily on a Railroad commission test after it was bottomed at 2,918 feet, with the pay from 2,819 to the total depth.

The Sun Oil company No. 3 "B" Combs-Worley in section 34, block 3, I&CN survey, averaged 228 barrels on the pump with the pay topped at 2,870 feet. It was drilled to 3,030 feet and plugged back to 2,980 feet, then treated with 300 gallons of acid.

The Valium Petroleum company No. 1-A Kinnard in section 41, block 25, H&CN survey, made 279 barrels on test. It was bottomed at 2,338 feet. First pay was topped at 2,312 feet. The hole was shot with 900 quarts from 2,254 to 2,259 feet.

Hutchinson County. International Petroleum corporation completed two wells on its Lewis properties. No. 13 in section 8, block 23, TCRR survey, made 438 barrels on test. It was bottomed at 2,965 feet, with the pay from 2,902 to the total depth. No. 17 Lewis in the same section made 516 barrels with the hole bottomed at 3,045 feet and the pay topped at 3,025 feet.

Watson Trustee No. 8 Watkins in section 13, block M-21, TCRR survey, made 776 barrels on a commission test. It was bottomed at 3,016 feet with the oil pay from 2,919 to 3,015 feet.

Stekoll No. 10-C Canadian in section 2, H. Prewitt survey, made 329 barrels on test with the pay from 2,900 to 3,020 feet, and the hole was bottomed at 3,022 feet.

Wheeler County. The Helena Oil company completed two more wells in its stock on its Keller lease in section 48, block 24. No. 9 made 679 barrels on test with the hole bottomed at 2,541 feet.

COMMISSIONER'S OFFICE OPENS AT SHAMROCK

J. C. DAY TAKES FORMS THERE TO SERVE FIELD

SHAMROCK, Aug. 10.—Through the combined efforts of the Shamrock chamber of commerce, State Senator Clint Small and Representative Eugene Worley and the operators in the Wheeler oil and gas field, the Railroad commission has established its office in Shamrock. It is situated over the Corner drug store and was opened last week.

J. C. Day, for the past two years connected with the Pampa office of the Railroad commission, was assigned to the Shamrock office at the request of many friends of Mr. Day in this territory. As inspector working out of Pampa he has handled the work of the Wheeler county and east Gray county field.

Mr. Day's duties will include both protection and conservation, and his office will be able to handle most of the work that has been handled at Pampa in the past. The office will be a great convenience to the many operators in the Wheeler county and east Gray county field.

He will keep a supply of all blanks and forms at all times and asks operators needing them to call at his office. "If I'm not there just line and 330 feet from the west line of the north half of the southwest quarter of section 21, block M-21, TCRR survey.

Moore County.

Anderson & Kerr No. 1 McDowell is 660 feet from the north line and 660 feet from the east line of the southwest quarter of section 196, block 3-T, T&NO survey.

Wheeler County.

Smith Bros. No. 1 J. A. Belew is 330 feet from the north line and 330 feet from the east line of the east half of the southwest quarter of section 50, block 24.

He goes to Pampa frequently in his work.

CHICAGO GRAIN

CHICAGO, Aug. 10. (AP)—Wide open breaks in corn prices today became the outstanding feature of grain trading and tumbled values of all cereals downhill at the finish.

Hog cholera reports acted in the corn market as a last straw on camel's back, adding to current fear of acute curtailment of feeding demand for corn.

Corn and wheat both closed unsteady at about the day's bottom level, each 1 cent to 1 1/2 bushels lower, corn Sept. 75-75 1/2, wheat Sept. 89 1/2, oats 74 1/2, and provisions unchanged to 15 cents higher.

But the corn took the grain market leadership today, wheat displayed notable strength and temporarily lifted corn prices. The rise of wheat at this stage amounted to about 20 cents overnight.

On the general downward swings of grain markets as the day drew to an end, December and May corn reached new low price records for the season. Oats dropped to fresh bottom figures.

Opinions reflected a dearth of offerings and there was more or less buying of lard against simultaneous sales of corn.

KANSAS CITY LIVESTOCK

KANSAS CITY, Aug. 10. (AP)—U. S. D. A.—Continued light receipts of best cattle at all markets, coupled with an improved dressed beef demand, was responsible for an active trade in most killing classes of both steers and the stock with values 25 to 50 over the close of the previous week. Steers reached 12.25 at Chicago for the week's top, while numerous sales of choice grades of all weights at river markets ranged from 11.00-11.50. Fleshy feeders reached 9.00 at Kansas City. Total arrivals at the 11 markets for the week were 170,650, an increase of around 30,000 over a week ago, but approximately 62,000 less than arrived the corresponding week last year.

A further reduction in the week's supply of hogs stimulated the demand and all points reported sharply higher prices. Choice around 200 lb. weights brought 12.05 in Chicago at mid-week for the week's high mark. Receipts around the circuit totaled 131,100 against 159,100 last week and 339,861 a year ago.

A stronger undertone developed late in the week on fat hams and values were quoted strong to 25 higher with the week's top reaching 9.00 at Chicago on both natives and range offerings. Yearlings grew strong to 25 higher, while little change was made in aged stock. Arrivals during the week totaled 222,100 against 239,709 last week and 232,691 a year ago.

READY MADE WIFE

Chapter 18
A CALLER

Albery released her; she stared at him like a person in a dream.

"I am sorry," he said, and in a miraculous way he was himself again, and the incredible scene was blotted out, and he was smiling at her, a rather sad little smile.

"It was unparadise, Mrs. Moore. Do please forgive me, and forget about it! To show my feelings like that was taking a shameful advantage of you."

Laurie was nonplussed. He had suddenly brought an atmosphere of tragedy into what might have been a sordid episode.

"I'm sure you didn't mean it," she murmured.

"That's the sad part of it," he replied gravely. "I did mean it. As I said, you came too late into my life. I am no longer young, and you are the woman I have dreamed of always. The woman I could have loved. But I ought not to have told you so."

"Oh, Mr. Albery!" It sounded almost stupid, that whispered exclamation. But Laurie was both horrified and in a way flattered.

"The woman I could have loved. But I ought not to have told you so." He sounded almost stupid, that whispered exclamation. But Laurie was both horrified and in a way flattered.

Mr. Albery, watching the changing lights and shadows of emotion in her face, knew that he must hide his time. She might be unhappy, but she was loyal.

And Laurie, as she typed the letters in her office, made so many mistakes that she had to do several of them over again.

This was destined to be a memorable day for Laurie.

When she got back to the flat, she found that Gladys had gone out to dinner, leaving a message with Mrs. Budd that a friend had called for her.

"Was it a gentleman?" Laurie asked.

"No, mum, a lady."

Laurie felt a fool, but she was not quite herself after that extraordinary scene with her employer.

About a quarter of an hour afterwards, Mrs. Budd came in to say that a gentleman wanted to see her, and handed her a card. "Mr. Gavin Drake" was the name on it.

Laurie knew nobody of that name. It must be some friend of Rex Moore's.

She decided to see him.

A slim young man under medium height was shown in. Her first reaction was one of sympathy, because she saw that he had only one arm.

He had yellow hair and a small, neat moustache, and wore heavy-lensed spectacles. He greeted her with a bow and a long smile that expressed deferential admiration.

"It is so kind of you to see me, Mrs. Moore."

He had a pleasant voice, with a marked accent, and a confidential, friendly manner that was rather appealing. His accent she recognized with a certain misgiving.

"I expect it is Mr. Moore—my husband, whom you want to see?" she suggested.

"No, I am aware that Mr. Moore is away in his native element, and has just accomplished another wonderful flying feat," he answered.

"Mr. Drake took out a little note book and a pencil. Through her confusion Laurie noticed how nice he was in his movements with only one arm. "I know Warraballo County a little myself. Was it in

Clarendon and Memphis To Be Here August 18

Golf teams from Clarendon and Memphis will be in Pampa one week from today for a friendly game with the Pampa Country club team. Play will be over 18 holes, beginning at 1 p. m.

In order to select a team to represent Pampa, Del. Love, professional at the Country club, has issued a call for all players in and around Pampa who can play next Sunday, and who can play a return game with the clubs sometime in September, to play 18 holes over the Country club course, turning their scores in at the clubhouse.

The two visiting clubs will bring about 40 players, it is believed. Mr. Love will select the best 40 scores of local players and match them with the visitors.

Clarendon and Memphis boast some of the best golfers in the Panhandle, as Pampa players discovered in the past. Local golfers, however, have improved considerably and should be able to give the visitors plenty of competition.

The guests for the afternoon will not find the local course as easy as in other years. The lengthened holes have made things more difficult for the unwary player and even worse for the player who has not been over the layout several times.

Several former University of Southern California football players are employed in technical or directorial jobs at Hollywood movie studios.

COTTON IS DULL

NEW ORLEANS, Aug. 10. (AP)—The cotton market was back in the dull, uninspiring trading rut that characterized pre-bureau sessions today and at the finish price changes were but nominal.

The advance was short-lived and active months began to slip off from early highs to finish 2 to 4 points higher. October at 11.19, December at 11.05, January at 11.02, and March at 11.97, all showed little change from Friday's final prices.

The trade was heartening today by the government announcement from Washington that a more definite statement on the government's loan policy might be imminent.

Trade statistics offered little to work on today. The weather was about the same as earlier in the week, hot and dry in most localities.

Port receipt 8,297; week 8,297; season 82,166; last season 77,719. Exports 100; week 100; season 54,209; last season 103,657. Stocks at ports 1,085,471. Stocks on shipboard at New Orleans, Galveston, and Houston were 23,425; last year 44,383. Spot sales at southern markets were 3,666; last year 6,460.

READY MADE WIFE

Chapter 18
A CALLER

Warraballo township itself that you were married, Mrs. Moore?"

"Why hadn't Rex Moore here? Why hadn't they discussed this hideous possibility when he was here?"

"No, in a little outpost near where I was staying, not far from my old home."

"What was it called, Mrs. Moore?"

"I had no name that I know of."

"Church, chapel, or registrar, please?" The young journalist was devastatingly business-like.

"There was a Minister visiting," she said. "He carried us. I've forgotten his name."

"Was there a church?"

"No, a little tin hall where they held services."

"What date was it?"

"Do you know, I've forgotten, exactly. It was all such a rush, and we hurried back to Sydney. But it was somewhere about three weeks before my husband left Sydney on his flight."

"The date of his departure was March 17, two years ago," the young man reminded her. "So it would have been three weeks before that—about the end of February."

(Copyright, 1935, Coralie Stanton)

Laurie gets an unexpected week-end invitation tomorrow.

Laurie felt a fool, but she was not quite herself after that extraordinary scene with her employer.

About a quarter of an hour afterwards, Mrs. Budd came in to say that a gentleman wanted to see her, and handed her a card. "Mr. Gavin Drake" was the name on it.

Laurie knew nobody of that name. It must be some friend of Rex Moore's.

She decided to see him.

MARKET BRIEFS

STOCKS GO HIGHER

NEW YORK, Aug. 10. (AP)—The stock market again leaped to profit taking barriers in today's brief session and penetrated new high ground for 1935.

It was the liveliest Saturday trading since February 24, 1934, transfers totaling 1,210,770 shares. The Associated Press average of 60 advanced 4 of a point at 48.6, an early 1935 peak.

Bullish sentiment predominated from the start. Scattered news developments with a bearish tinge were ignored as the commission house customers piled up orders. "Blue chip" stocks still attracted wide followings, but a few low-priced stocks came to life for the first time in several weeks. Gains, however, were generally restricted to around a point or less.

Washington happenings intended to be overshadowed by bright hopes for fall and winter trade improvement. At the same time, Wall Street seemed pleased with reports from the capital that the senate finance committee late yesterday had recommended the administration's recommendation for a steeply graduated tax on corporation incomes, turned down the house inheritance rates and altered the excess profits tax.

A further reduction in the week's supply of hogs stimulated the demand and all points reported sharply higher prices. Choice around 200 lb. weights brought 12.05 in Chicago at mid-week for the week's high mark. Receipts around the circuit totaled 131,100 against 159,100 last week and 339,861 a year ago.

A stronger undertone developed late in the week on fat hams and values were quoted strong to 25 higher with the week's top reaching 9.00 at Chicago on both natives and range offerings. BUSINESS TO INCREASE THIS FALL--CLAIM

DEPARTMENT OF COMMERCE HAS CHEERING REPORTS

WASHINGTON, Aug. 10 (AP)—In one of the first official government business predictions, the commerce department today said reports from 33 cities indicated "expectations of a considerable increase in fall business."

"While these reports express optimism in many segments of trade and industry as to the immediate future," the department said in its weekly business survey, "they do not indicate how far the upswing may carry beyond the seasonal bounds."

"Present expectations are based on a background of continually mounting retail business, unmistakable improvement in the heavy industries and an upward trend in most wholesale markets."

"In Pittsburgh it is reported that while there may ensue a brief lull in the rising tendencies in steel production it is generally felt that a long, substantial upturn will start possibly by the early part of September."

"A survey of 100 firms in Cleveland shows that 15 expect to increase employment this month, four plan layoffs and the balance contemplate no change."

"While wholesale markets in New York reported business on the upgrade, manufacturers in apparel lines were said to be awaiting a wider response to initial offerings before engaging in large production."

Hauptmann to See Last March of Another Man

TRENTON, N. J., Aug. 10 (AP)—Death will kneel again next week near the cell door of Bruno Richard Hauptmann.

That will be John Favorito, who killed a man for a miserable four dollars, shuffling his way to the electric chair.

Hauptmann has seen four men disappear down the corridor into the death room. Favorito will be the fifth. He asked last week for clemency. The answer was no.

Like Favorito, so mad that he would kill a man in a holdup for a paltry four dollars, men come to the death row, remain a little while, then go. Hauptmann has been here since February.

He is a man of iron in a cell of steel. He says little. Always it is the same: "I did not kill the Lindbergh baby. I do not know who killed him or who extorted the ransom money from his father."

MANY APPLICATIONS FILED FOR WORTH, Aug. 10 (AP)—Twenty-three Texas PWA applicants totaling approximately \$3,500,000 were sent to Washington last week, Julian Montgomery, acting state PWA director announced today.

Noted Educator Bishop of Omaha

A leading figure in Roman Catholic educational circles for 25 years, the Most Rev. James H. Ryan, Catholic University rector above has been named bishop of Omaha. Scholastic societies and foreign governments have honored the bishop on many occasions and he holds decorations from France, Italy, and Yugo-Slavia. He is 49.

Roosevelt Gets Utility Challenge

WASHINGTON, Aug. 10 (AP)—The power industry tonight challenged President Roosevelt to make a 1936 campaign issue of the utilities bill and holding company abolition.

"We'd welcome it," said Philip H. Gadsden, who as chairman of the committee of public utility executives directed the recent intensive campaign against such legislation.

Companies represented by his organization, he told newsmen, have 5,000,000 stockholders and "each one has two or more votes in his house for an average." That, he added, "would give us some ten million votes on that issue alone."

Gadsden, asserting his organization came to Washington prepared to spend whatever amount might be needed to defeat the utilities legislation by legal methods, said the first undertaking was tabulation of 2,000,000 stockholders by congressional districts.

SEES SNAKE—DIES SANDSTONE, Minn., Aug. 10 (AP)—The sight of a snake on her pantry shelf when she reached for the baby's milk bottle proved fatal to Mrs. Albert Van Der Werf, 28, here yesterday. Discovering the reptile wrapped around the bottle she ran to a neighbor's house terror-stricken. She recovered slightly after spells of hysterics but, due to a heart weakness, lapsed into convulsions that ended in death.

About New York

By GEORGE TUCKER NEW YORK—If one were seeking grounds for debate, a lively argument against the theory that opposites make better husbands and wives could be coined from the many successful marriages where both parties are writers.

Charles G. Norris and his wife Kathleen are both famous in their own names, although it was the success of the one that gave final impetus to the other. There is a story told that Norris turned to writing novels so that he might escape the dread fate of being known as Mister Kathleen Norris.

Stephen Vincent Benet and his wife often collaborate, their latest being a highly successful book of verse. Both are now complying with assignments for short fiction. Then there is Sinclair Lewis, whose wife, Dorothy Thompson, is almost as well known as he. One of Miss Thompson's books, a treatise on Russia, was the cause of a general flurry in fistcuffs from which Lewis emerged with his famous black eye. The novelist accused a contemporary of "lifting" material from his wife's book and that brought on the altercation, a melee, incidentally, which editors everywhere gave page-one attention.

The police reporter came into the office, slipped three packages of my nonogrammed cigarettes into his pocket, and collapsed in the nearest seat.

"I just heard a funny definition for a lion," he said, unperturbed by my disapproving stare. "It was like this: Drifting through the park I encountered a family of East-siders and the Papa was attempting to instruct his progeny in the status of the lion. Barely able to speak English, he tried to point out that this was the boss, the big shot of the zoo."

Suddenly his countenance brightened. "See, Ollie," he cried, "he's the Dictator like we got back home in the old country. He don't take nuttin' from nobody."

Hazel Flynn, who is up on such matters, informs me that George LeVine has just completed one of the smallest curiosities in the world. He has engraved five times the whole English alphabet upon the head of a pin, and it is to be added to the Jules Charbaineu collection of "finest objects in the world" and which will be placed upon exhibition in the lounge of Radio Music hall.

Charbaineu, who for 35 years has devoted himself to gathering the world's tiniest objects, has been compelled to circle the globe five times. No place seems too remote so long as some desired prize awaits him upon arrival. His collection includes the smallest article in the world ever made by man. It is a biblical verse of 294 letters inscribed upon a space no larger than the point of a needle. At this rate, Charbaineu believes, the whole Bible could be transposed to a space just twice the size of a pin's head.

He also has a sewing machine the size of a thumbnail, which really sews; the smallest jug in the world (it won't even hold one drop of water); a hickory nutshell silver plate case which holds 3,000 silver spoons; the world's smallest compass set in a sea beetle; the smallest book, the smallest fountain pen; and an airplane so small that its landing field is a grain of rice.

Miss Govednik, then not quite 16, swam the 100-yard breast stroke. Her time was 1:18 9-10. The gallery thought that was very good.

Thorpe didn't know women's swimming records offhand. He thought the 19-year-old co-ed who until a few days ago was the national women's 220-yard champion breast stroke swimmer.

Three years ago Anne was just one of the swimmers on the Chisholm High girls' team. On April 23, 1932, a historic date for Chisholm, its high school squad had a dual meet with one of a neighboring town. Neils Thorpe, Minnesota swimming coach, was the official.

As Kingfish Rested on Ropes— Never to Continue Fight

Mumbling in a confused manner to Referee Norm McGarrity, Kingfish Levinsky, changed from the boaster who said he'd knock out Louis in five rounds to a gibbering hulk by the fists of the Brown Bomber, decided to call it a day after being floored four times in the first round of their Chicago fight. Here he is shown on the ropes in a corner, while the stolid, stalking Louis stands away waiting for the fight to end.

DISCOUNT RATES LOWEST FOR MONTHS DESPITE BIG DEFICIT

AUSTIN, Aug. 10 (AP)—Although the state's general revenue fund is more than \$5,000,000 in the red and official estimates of income are not encouraging, state employees are enjoying the lowest discount rates on state warrants in months.

The current discount is one per cent compared to three to five per cent during times when treasury prospects were brighter, by far, than at present. The reason is a "move" war between investors who had idle funds.

Employees report bidding for their warrants is very brisk. Several banks in the smaller towns adjacent to Austin have representatives who call regularly at state departments. They carry little black bags filled with cash and all the employes have to do is sign the warrant and take the money—less the one per cent.

One dealer in warrants constructed a small office building in the rear of the capital to facilitate the business.

Employees are gratified at the happy turn of events but are wondering how long their good fortune will last, especially in view of the recent statement of the automatic tax board when it set the state tax deficit at the end of the next fiscal year was calculated at a few thousand dollars short of \$13,000,000.

They fear that despite the competition among the warrant dealers the discount rate will automatically increase as the deficit rises toward the expected peak.

In several sessions of the legislature there was some agitation for the state to make provision for employes forced to discount their warrants. The idea was not pursued.

DOGGY MAYFAIR PARTY FOR ARISTOCRATIC CANINES LONDON (AP)—Hundreds of canine pets attended a party given by a dog's club in select Mayfair.

Callers wearing the right colors were received from 11 a. m. till 6 p. m. and a butler assisted each doggy visitor into its special party dress—a tie-on coat emblazoned with the club colors.

The guests barked their way through some rollicking games, including "hunt the slipper" and "biting the cat's tail." The hostess presented each with a fancy box of biscuits labeled "Not for human consumption" and a couple of sausages. The souvenir gift was a juicy bone tied with ribbon.

Many celebrated dogs belong to the club, including two Scotch terriers owned by the Duke and Duchess of Kent, Princess Eliza-

CONGRESS TO TRY TO CLOSE BY SATURDAY

BUT MANY HURDLES MUST STILL BE PASSED

WASHINGTON, Aug. 10 (AP)—A weary congress turned down the home stretch today hoping to reach the adjournment goal next Saturday, but more optimistic over the prospect of ending the grueling session the following week.

With the social security bill out of the way, and the revised tax program expected to reach the senate Monday, leaders believed they could at last sight the long-awaited adjournment.

A few predicted the session would end Saturday night, unless unforeseen obstacles arose, but most of the seasoned campaigners believed it would be impossible to finish in a single week.

There were a few unpopular voices warning that congress could not even finish in two weeks and would still be grinding away on the gigantic program laid down by President Roosevelt when labor day arrives.

Several possible hurdles in the way of an early adjournment confronted leaders. More than 80 members of the house had signed a petition urging that congress stay in session until the inflationary Fraser-Lemke \$3,000,000,000 farm refinancing bill and rail pension measures had been acted upon.

Chief threat in the senate was Senator Long (D-La.), who will offer his "share-the-wealth" program as an amendment to the tax bill.

Leaders declared themselves ready to hold night sessions if the Louisiana should try any filibustering tactics.

ERRORS BEAT LONGVIEW LONGVIEW, Aug. 10 (AP)—Taking advantage of costly infield errors, Gladewater defeated Longview 10 to 2, here tonight to open a three game series. The same teams meet here Sunday.

CAN YOU QUALIFY

Are you between 25 and 50?

Are you reasonably successful in your present business, but not amply paid for your efforts or not contented in your present occupation? Have you ever had experience selling securities or insurance?

Are you in a mental condition to devote eight hours of honest effort each day?

Are you a resident of GRAY COUNTY?

Have you at least a common school education? If you can qualify, then write THE LINCOLN NATIONAL LIFE INSURANCE COMPANY, Fort Wayne, Indiana.

We have a large volume of business in force in Gray County. A District Agency Contract is available if you can qualify.

ARE YOU A SAFE DRIVER?

... ask yourself these questions

1. Which requires greater caution — a curve to the right or a curve to the left — and why?
2. What is the safest way to handle your car on a highway curve — when do you use the brakes — when do you throw out the clutch — when do you accelerate?
3. In rounding a curve at high speed, is it safer to hold the steering wheel steady or "jiggle" it?
4. In passing another car on the road, is it safer to make a short, quick swing around, or a longer, more gradual one — and why?
5. On a slippery or icy road, your rear wheels suddenly start skidding. What is the way to bring the car out of the skid?
6. When is it safe to pass another car on a hill?

ROAD RUNNERS DEFEAT CALIFORNIANS TO STAY IN BIG TOURNAMENT

MUST BATTLE AGAIN TODAY WITH BLACKS

CAME IS TO BEGIN AT 2 P. M., PAMPA'S TIME

The fence around Five Point park in Denver was battered and torn yesterday after the Pampa Road Runners and the McVittie Californians had finished a titanic struggle which saw the Pampa aggregation winning, 13 to 8, and the Californians going back to their home on the Pacific coast.

Although the Road Runners played the second game yesterday afternoon, the Post tournament committee decided to return them back to the fight at 2 o'clock this afternoon, Pampa time, matching them with the White Elephants, Denver's great negro team. A telegraphic report will be shown on the electric light board in the Pampa city auditorium.

Vic George, Road Runner shortstop, redeemed himself yesterday by smacking out a triple, two doubles, and a single, in six trips to the plate. Up to that time, George had gone hitless and made eight errors in three games. Mrs. Frank Brickett, wife of the Road Runner manager, received a letter yesterday stating that George had been informed his arrival in Denver and that he should not have been in a uniform this morning.

Berry is still hard on their feet, a hit enough to offset 18 singles made off Joe Berry. They came through with a home run, four triples, eight doubles and line singles. The extra base blows went to George with his triple, two doubles; Brickett with a triple and double; Sealing with a home run and two doubles; Nell and Berry with triples; Horton, Surface and Patton with doubles.

Phipps was the big noise in the McVittie attack with a home run, two singles, and a double. Former Cleveland star, gathered a double and single.

McVittie's sent Manager Crowley to the mound but he was batted to the showers in the fifth. Dill followed his manager in the sixth and home run finished Berry went the route for the Road Runners, although hit hard and often.

Secured Early

The Road Runners started their scoring early when Brickett tripled and scored on George's three-base blow. George made home on Scalling's out to end the run getting to the inning.

McVittie's connected for two singles in their half of the opening inning but failed to score.

The Road Runners went out in order in the second and McVittie's followed.

Two more Road Runner scores were made in the third. George doubled with two down. Scalling doubled to score George. Nell hit a screaming triple, sending Scalling across the plate. Patton went out.

McVittie's got to Berry for four singles and tied the score in the fourth. Layne singled and James was safe when Summers failed to cover second. Lunetti doubled to score Layne. Phipps doubled scoring James and Lupetti. Allington doubled to score Phipps. Crowley singled but Allington was caught at home. Hatch singled before another out was made to retire the side.

Horton Thrown Out

Pampa failed to register in the fourth. Horton got the only hit, a single, but was caught trying to make second.

Faber tripled to open McVittie's half but he was caught trying to make home on a hit to Nell, who got the ball to Horton in time to make the out.

Three more Pampa runs were registered in the fifth. With Berry pitching, Berry tripled and scored on Brickett's long fly. George doubled for the second time and went home on Scalling's double. Nell singled Scalling to third, from where he scored on Patton's double. Nell and Patton died on base.

Phipps doubled after a man was out and then scored on Hatch's single.

The Road Runners went out in front in the sixth with a five-run spurge. Horton opened with a double and Berry sacrificed him to third. Brickett came through with a scoring single. George then singled

New City Golf Champion

GROVER AUSTIN JR. Grover Austin Jr. Is Caddy Who Has Made Good

A graceful, easy swing which gets him straight, long tee shots, a good eye for approaching, and a deadly putter—that tells the story of Grover Austin Jr. and his phenomenal success as a golfer.

Austin is the new city champion, crowned last Sunday at the close of the 1935 Country club open tournament. Austin is only 20 years old. He moved to Pampa in 1927 with his parents, Mr. and Mrs. Grover Austin Sr., from St. Louis. The boy immediately started caddying at local courses. He watched players for whom he caddied, and then started playing. When Walter Sikes first came to Pampa to give lessons, young Austin was a constant observer. His game began improving until he was beating older men. He was runner-up in several tournaments and later won several prizes. He tied the course record of 66, then tied it at 65 after Dale Lott had shot a new low score.

Two weeks ago in the first round of play in the city tournament, Austin came in with a sensational 63 to set a record that is expected to stand for some time. The new champion is 6 feet tall and weighs about 130 pounds. He comes from a golfing family. His father is a steady player and his younger brother, John Austin, has developed until he also played in the championship flight of the 1935 tournament, defeating Buck Talley, one of the favorites, in the opening round, and losing his second match to the runner-up in the event.

and Scalling doubled to score Brickett and send George to third. Nell filed out but George scored. Scalling making third on the play. Patton singled through with a double and Patton went home. Summers was safe on an infield hit. Horton, up for the second time, fielded out.

Rally Is Halted

With one down, Faber doubled, and was scored by Summa, who singled. A fast double play, Scalling to Summers to Nell, ended the rally. The Road Runners went out in order in the seventh.

Another double by Phipps and a single by Allington sent Phipps across the plate. This time a double play, George to Nell ended the inning.

Scalling came through with a long home run over the right field fence in the eighth after time was called in the last half of the seventh to revive him from a heat attack. The next three batters went out.

McVittie's got two singles in their half of the eighth but failed to score.

Horton singled and Brickett doubled but no runs resulted in the ninth.

McVittie's ended the game after Phipps had hit a home run inside the park.

Great Team Of Youngsters Will Play Coltexo

FORT WORTH BOY REACHES GOLF FINALS

ROWE HART TO FACE ROGERS, SOONER PLAYER

COLORADO SPRINGS, Colo., Aug. 10 (AP)—E. J. Rogers of Oklahoma City and 17-year-old Rowe Hart of Fort Worth, Texas, reached the final round of the fifteenth annual Broadmoor Invitation golf tournament with victories in the semi-finals today.

Rogers, the tournament medalist, defeated M. L. Massingill, runner-up in 1934, 4 and 3, while Hart eliminated Frank English of Denver, 2 and 1.

Picked Teams in Fine Display Of Baseball Here

Baseball of the good old type was played at Road Runner park on Friday night when two picked teams from the Two-I league battled 11 innings before a decision was reached. There were plenty of base hits, several errors, great plays, and some excellent pitching.

The team selected by C. O. Busby and Clyde Austin and captained by Jake Leggett defeated the team named by John Fletcher and C. J. Jones and captained by Lucian Bryant, 5 to 4.

"The wolver" had a big evening, giving their "favorite" ball players the old type of razing. Thirty-eight players participated in the game, some of them showing up like veterans. Others lightened under the strain and made bobbles.

As a result of the game, a team to enter the Pampa Junior chamber of commerce tournament Aug. 23 to Sept. 2, will be selected. Most of the teams in the Two-I league played at the park during the past week. Able to play for these teams, and the others, that the two teams were picked.

A Coltexo Black Cat battery of Ables and Leggett started for the winning team. Terry and Bryant, the Stanolind battery, began the game for the team which eventually lost. Haley and Keeling did mound work and Anderson went behind the bat for the visitors before the game ended. The losers used Porter and Bones on the mound, with Pulliam and Williams receiving.

Ables showed plenty of promise the three innings he was on the mound. He fanned six batters, didn't walk a man, and allowed only one run and two hits. Haley of the Advertisers was nicked for three runs and four hits during his three innings on the mound. Keeling of Shell finished the game, pitching sensational ball. In the 10th inning, errors filled the bases, but he got out of the hole without being scored upon.

Terry allowed only three hits and no runs the first three innings. He weakened in the fourth to allow two runs on three consecutive hits. Porter of the Indians fanned three in a row in the fifth and had only 10 batters face him through the seventh. Bofor of Kingsmill finished the game, allowing two runs in the eighth and then pitching great ball until the 11th when the winning run was scored.

Anderson opened the 11th by flying out. Newsom and Weathered drew walks. Then Jake Leggett ended the game with a double.

Several good plays were pulled during the long game with honors probably going to Blanton, Coltexo; Pinnell, Hopkins; Newsome, Phillips; Weathered; Shell; Sorenson, Skellytown; May, Magic City; Halbig, Coltexo; White, Indians.

"See the World" Is Army Slogan That's Still Good

"Join the army and see the world," Sergeant Robert E. Forsythe, Amarillo recruiting officer maintains, "is still a mighty good slogan. Good pay; plenty to eat."

To prove his point the veteran army man launched into a verbal harangue which yesterday had induced 9 youths from Panhandle towns to sign on the dotted line.

The office accepted 25 enlistments during the month of July. Heretofore app'ts have been accepted for the 1st and 2nd Engineers at Denver only, but at this time there are vacancies to be filled in the U. S. Infantry at Fort Francis E. Warren, Cheyenne, Wyo.

Anyone interested in further information may write to Sgt. Forsythe, U. S. Army Recruiting Station, Amarillo.

Californians' Best Pitcher to Hurl Today

A team of youngsters who have played together until they look like a well-oiled machine, will meet the Coltexos of LeFors at Road Runner park this afternoon at 4 o'clock. They come from Lompoc, Calif. Admission will be 25 and 40 cents.

The team comes to Pampa after beating Albuquerque, leading team in the New Mexico State league, 14 to 3. The previous day they downed the fast Gallup, N. M., team 6 to 1. Terry, ace of the Lompoc team, held Gallup to two hits. He is slated to be on the mound this afternoon.

The visitors will stop here en route to the Wichita, Kan., tournament where they are pre-tournament favorites to place in the money. The team will be invited to return via Pampa and enter the Pampa Junior chamber of commerce tournament here.

Coltexo will in all likelihood send Jim Parker, formerly of the Kansas City Blues, to the mound this afternoon. Parker's stride last week in defeating the Amish ball club of Argentina, S. A. Coltexo's new hurler has a nice assortment of curves, a fast ball and a nice change of pace. He has been a "little wild" in previous games. Manager Sammy Hale will be in uniform today. He has been confined to his home by illness and was unable to play the last game. One or two new players may be seen in Coltexo uniform this afternoon.

Girls' Baseball Team in Victory

By continuing to hit the ball at a terrific pace, the Pampa Sluggers, girls' playground ball team, defeated the Skellytown Reds 35 to 11 in a game played at Skellytown Friday evening. It made six victories for the Pampa lassies in as many attempts at the game.

The girls have issued a call for more players. Anyone interested in trying out with the team is asked to call De Ann Heiskell at 1089. The team, consisting of only 10 players, is badly in need of reserve strength.

The Pampa girls went out on a scoring spree in the first inning and continued the assault until the last inning when only one run crossed the plate. Skellytown scored three in the fourth and four in the seventh for their two big innings.

Home runs were hit by Lillie Mae Redman, and Avis Heiskell while De Ann Heiskell hit two for the circuit. Eula De Long of Skellytown also hit two home runs.

Sylvia Lee Weatherford pitched for the Sluggers with "Marty" Martin her battery mate. "Boots" Bacon and Jewel Beagle was the batter for the losers.

DOUBLE MAIN EVENT DRAWS FAN ATTENTION

CUMMINGS AND DOMAR ARE PERFORMERS OF NOTE

Don Hill, fascinating gentleman of the mat, will return to Pampa on Tuesday night to meet Jack Van Beber in the main event of Promoter G. B. Garrison's wrestling card at Road Runner park.

The Hill-Van Beber meeting will not be the only main event attraction in the Olympic games, winning the middleweight championship for this country. Taking to professional wrestling like a natural, Van Beber is the match for anyone in scientific grappling.

The semi-finalists, Domar and Cummings will probably give the fans a good exhibition. Domar was to have tangled with Walter O'Connor but that worthy received three broken ribs from Sailor Otis Clingman's flying tackles last Thursday in Amarillo and will be unable to wrestle. Domar is rough and Cummings is no weakling when it comes to giving and taking.

With Cummings being transferred from the preliminary to the semi-final, Doc Mueller was matched to tangle with Pat Garrison in the opener. Mueller is the "sleep-hold" specialist of the mat.

INJURED IN WRECK

LITTLE ROCK, Ark., Aug. 10 (AP)—Mr. and Mrs. F. S. Gee of Loneview, Tex., and their small son, F. S. Gee, Jr., were injured today when their car collided with another driven by Mrs. O. Lewellen of Newport, on Highway 67 east of here.

Pain from a three-year-old bullet wound has caused "Husky" Velasco, California lightweight, to hang up his gloves.

Pacific Coast league baseball clubs won every exhibition game they played against semi-pros in the Pacific Northwest up to the end of July.

Joe Paglia, new football coach at St. Martin's college, Lacey, Wash., was noted for his "coffin corner" punting as a player at the University of Santa Clara, Calif.

VANDERBILT'S "DISCOVERY" RUNS TO ANOTHER VICTORY-- 2-YEAR-OLDS SHARE HONORS

RED SOX WIN

BOSTON, Aug. 10 (AP)—The Boston Red Sox triumphed over Washington 9-8 today. Walberg, who pitched the last two innings, was the winning moundman.

Washington ... 000 210 221-8 14 1
Boston ... 103 111 023-9 14 2
Newsom, Pettit, Hayes and Bolton; Ostermueller, Walberg and R. Ferrell.

BRIDGES BEAT INDIANS

DETROIT, Aug. 10 (AP)—Tommy Bridges held the White Sox to three hits today to win his 17th victory of the season for the Detroit Tigers, 4 to 0. It was the eighth straight victory for Detroit. Gehring got a homer with none on in the sixth inning.

Chicago ... 000 000 000-0 3 1
Detroit ... 001 011 004-7 0
Tietje, Salverson and Shea; Bridges and Cochrane.

BROWNS BEAT INDIANS

ST. LOUIS, Aug. 10 (AP)—A single in the tenth inning by Ray Pepper scored Julius Solters and gave the Browns a 6 to 5 victory today over the Cleveland Indians. Harland Clifford the game in the ninth with a home run scoring Ration Hensley.

Cleveland ... 200 000 030 0-5 9 1
St. Louis ... 000 200 012-6 11 0
Pearson, Stewart, Brown, Winegarner and Phillips; Andrews and Hensley.

YANKS MAKE GAIN

NEW YORK, Aug. 10 (AP)—The New York Yankees gained a half-game on the Detroit Tigers today by sweeping a doubleheader with the Athletics, winning the second 7 to 2 after blasting out an 18 to 7 decision in the first with George Selkirk and Lou Gehrig driving in 13 runs, the former hitting two homers and latter one.

First game:
Philadelphia ... 030 020 002-7 12 5
New York ... 005 040 338-18 19 2
Biaholder, Benton and Berry; Allen and Jorgens.

Second game:
Philadelphia ... 000 000 020-2 8 1
New York ... 200 020 218-7 10 3
Dietrich and Richards; Bronca and Dickey.

Joe Paglia, new football coach at St. Martin's college, Lacey, Wash., was noted for his "coffin corner" punting as a player at the University of Santa Clara, Calif.

Red Rain and Cold Stream In Dead Heat of Saratoga Special Sweepstakes

SARATOGA SPRINGS, N. Y., Aug. 10 (AP)—Alfred Gwynne Vanderbilt's Discovery, fighting a tight rein and carrying the heavy impost of 139 pounds, came through with his eighth straight victory in taking the Merchants and Citizens handicapping today but was forced to share honors with a pair of 2-year-olds as C. V. Whitney's Red Rain and E. D. Shaffer's Cold Stream ran a dead heat in the Saratoga special sweepstakes.

The one and three-sixteenth mile race figured to be Discovery's severest test of the season. He was packing the heaviest weight of his career and giving five worthy opponents plenty of weight. Despite the fact he was made the 3 to 5 choice to win the purse of \$8,250 and increase his earnings for the year to \$75,990.

Stand Pat was two lengths back at the finish while A. A. Baron's Top Row, the 6 to 1 second choice which was slow getting underway, was another three lengths to the rear.

Cold Stream, guided by Eddie Arcaro, headed into the stretch in third place a length in front of Red Rain, winner of the flash stakes which had Sonny Workman in the saddle.

The pair staged a bitter duel through the stretch but neither could gain an advantage. They sped past the judges taking stride for stride, two lengths in front of E. R. Braley's Bien Jolie. Delphinus weakened in the final drive but managed to defeat Miss shall Field's Tintagel, the 16 to 5 choice as the result of finishing second in the Arlington Futurity.

Both Red Rain and Cold Stream were held at 5 to 1 while the purse of \$7,250 was split and two gold cups awarded.

Sooner Is Head Of Warehouse Men

GALVESTON, Aug. 10 (AP)—Southwestern Warehouse and Transfer men concluded their convention here today by electing W. W. Warren of Oklahoma City president to succeed J. P. Tarry of Wichita Falls.

Other officers: First vice president, Lonnie Riddell, Houston; second vice president, Hugh McCall, Shreveport, La.; state vice president, James Porter, Little Rock, Ark.; Starr Brim, Oklahoma City; L. A. Falk, Monroe, La.; and R. E. Moss, Austin.

Directors elected were Fred Leach, Oklahoma City; W. B. Allen, Amarillo; W. T. Harrell, El Paso; Miss May Crocker, Corpus Christi, and Clint Hollady, Houston.

Jacobs to Decide Bout Site Soon
NEW YORK, Aug. 10 (AP)—Mike Jacobs, New York promoter, is going to decide this week where he will stage the Max Baer-Joe Louis fight in September.
Returning to New York today from Chicago where Louis defeated King Levinsky Wednesday night, Jacobs began conferences with representatives of Mrs. W. R. Hearst's milk fund which wants to bring the fight here. Tuesday he will fly back to Chicago for a final meeting with Chicago promoters.
Western interests, headed by Governor Homer of Illinois, are active in seeking the plum for Chicago.
Detroit, St. Louis, Philadelphia, and Montreal also are bidding.

TEXAS COTTON PROSPECTS ARE BEST IN NORTH CENTRAL AREA

AUSTIN, Aug. 10 (AP)—Prospects for the cotton crop are best in the northwest and north central plains, the United States department of agriculture reported in a Texas supplement to its national cotton forecast.

"The prospects in Southeast Texas are for a yield below average," the report said. "Rains in May and June were detrimental to the proper growth of the crop, and insect damage is heavy."

"In East Texas and in the north blacklands where considerable cotton acreage was replanted, the present prospects are generally good, but continued showers during July have hindered the fight against boll weevils and other insects."

"In the northwest and north central plains the crop is late, but the present outlook is for a good to excellent crop. This area was most severely affected by the drought of 1934."

The production forecast, previously announced, as of August 1 was 3,851,000 bales, compared with 2,406,000 bales in 1934, 4,428,000 in 1933, and a 10-year average of 4,642,000. Condition was reported to be 74 per cent of normal, indicating a yield of 168 pounds per acre. Acreage planted was estimated at 11,357,000 acres.

"Assuming an abandonment equal to the 10-year average of 3.2 per cent, the area harvested will be 10,994,000 acres," the report continued. "The forecast of yield and production is based upon the present condition of the crop, and the final outcome of cotton will depend upon whether the various influences affecting the crop during the remainder of the season are more or less favorable than usual."

Upsets New Deal In Rhode Island

Charles F. Risk (above), Republican running on a platform of opposition to the New Deal "lock, stock and barrel," was hailed as the bell-wether of Roosevelt foes as a result of his smashing victory in the first Rhode Island congressional special election, in which he overcame a 1934 Democratic majority of 21,000.

PAMPA TOPICS OF OUR CITY

Association to Meet.
A second general meeting of the new Pampa Credit association will be held in the city auditorium Monday at 8 p. m., according to Walter J. Daugherty, secretary. Travis C. Lively, president, will have charge of the session. Visitors, as well as members, will be welcomed.

License Issued.
A license to marry has been issued here to A. E. Carter and Georgia Brooks.

No One Injured.
No one was injured when a car and a large oil truck crashed on West Brown street Friday night. According to police, the car made a left turn in front of the approaching truck. Both vehicles were damaged with the truck getting the worst of the crash.

Band to Practice.
The Sam Eouston Kid band will practice at the school at 9:30 o'clock Tuesday morning. Director Cox is anxious to have all members present. The band will attend the Confederate celebration in Amarillo.

Personals.
Ralph Thomas made a business trip to McLean Tuesday.

Russell Middleton of Amarillo was here on business Saturday.

Mrs. Abbie E. Merten and son, Walter, of Clay Center, Kan., are expected to arrive here this afternoon to look after business interests in and around Pampa. Mrs. Merten, a former resident, is known by many here.

Warren Finley and Wilkes Chapman returned yesterday from Manitou and Colorado Springs, Colo., where they spent a week. Mrs. B. E. Finley and daughter, Miss Flora Dean, and Miss Nellie Warren remained in Colorado for a longer vacation.

Miss Jewel Motley was to leave early today for Big Spring, to start a three-week vacation by visiting her mother several days. She plans other trips before returning.

Miss Betty Jo Turman left last week for Missouri, to visit relatives. She will join an aunt for a trip to Chicago, to be gone until time for school to begin.

Mrs. Philip Wolfe, who has been ill of a throat infection at her home here, is able to be out.

Mr. and Mrs. Walter Stein are expected home today from a vacation trip to Colorado.

Rose LaNeil Williams returned Thursday from Lubbock, where she was the house guest of Miss Pauline Stafford for 10 days, and enjoyed several entertainments given by the Sub-Debs club.

Mrs. J. W. Rose of Abilene is visiting her sons, Tom, Bonnie, and Bob Rose, and her daughter, Mrs. Bob Williams.

Mr. and Mrs. G. L. Holmes and son, Russell, of Kingsmill and Mrs. Fred Parrent and sons, Lawrence and Edgar, of Pampa, have returned from Ava, Mo., where they visited Mrs. W. R. Shelton, mother of the two women. They also visited other relatives in their native state.

Mr. and Mrs. Everett Westbrook and children have returned from a visit to Vernon. Miss Wanda Gall Cooper of that city accompanied them home and will spend several days here.

Frank Foster underwent a tonsillectomy yesterday.

Mr. and Mrs. W. W. Russell have returned from Kosse, where they visited his parents, Mr. and Mrs. J. W. Russell, and had excellent fishing.

Youth Is Killed Officer Wounded

HARLINGEN, Aug. 10 (AP)—George Dunlap, 18, was dead and Mackey Chaudoin, about 45, a Cameron county highway patrolman, was wounded critically in an exchange of gunfire today.

Two other men were arrested. Officers said they made statements admitting they had participated in several robberies here. Chaudoin early today saw a car and flashed a light upon it, whereupon three men in the car opened fire. Chaudoin shot back, hitting Dunlap in the chest.

The youth died a short time later at a hospital. He was the son of a farmer, Arthur Dunlap, living east of here.

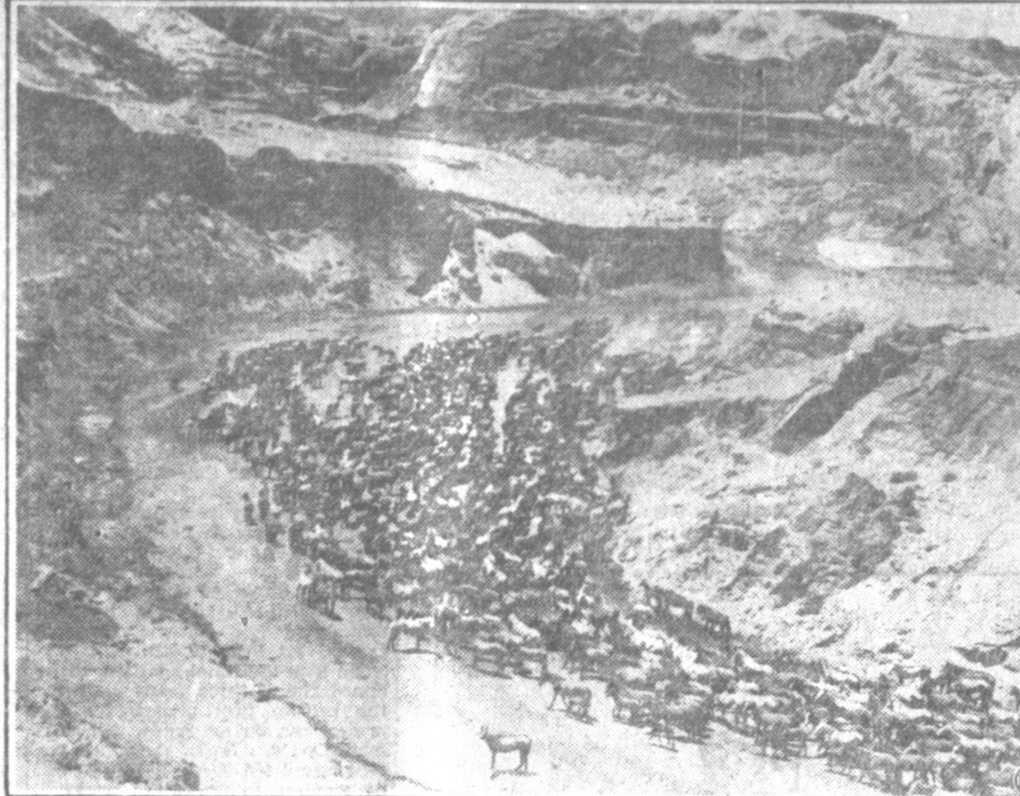

Physicians said they feared one of two bullets which struck Chaudoin had punctured his intestine and possibly shattered a hip bone.

Amarillo Newsmen Hit by Lightning

DEL NORTE, Colo., Aug. 10 (AP)—Alex Jackson, member of the advertising staff of the Amarillo, Tex., News-Globe, recovered today from shock suffered yesterday when a lightning bolt struck near him, hurling him into a mountain stream.

Jackson was slightly injured. The bolt struck the spot where he was fishing on the Rio Grande in an isolated section of southwestern Colorado's resort area.

A Thrilling Stampede—Especially at \$3 a Head

The thunder of pounding hooves echoed in Blue canyon as these 1500 wild horses raced frantically through the narrow cut in spine-tinching stampede. A realistic thriller at the Old West it was—but at \$3 a head for the horses all the romance was lost for the movie moguls who staged the rush in filming a western near Tuba City, Ariz. Only after strenuous efforts were the movie men able to find the horses. Then the tribe of Indians who owned them took advantage of the monopoly to charge a steep price for the steeds and an added fee for roundup services.

Another "Insult" Is Given Mikado

WASHINGTON, Aug. 10 (AP)—The Japanese embassy called the attention of the state department late today to a reported "fox hunt" burlesque in Seattle in which a "Mikado" was described as pulling an "Ethiopian emperor" in a jinkisha.

Whether Japan will make a formal protest of the incident, S. Yoshizawa, charge d'affaires of the embassy, said tonight, depends on a report the mayor of Seattle has been asked by the Japanese to make.

Southpaw Beats Houston Buffs With Side-Arm

HOUSTON, Aug. 10 (AP)—Frank Coleman, slender southpaw from Toronto of the International league, had the Buffs will high helpless with a side arm delivery that featured a fast ball and sweeping curve here tonight and the Fort Worth Cats grabbed the opening game of a series, 4 to 0.

With cpe man retired in the ninth inning, Coleman had a no-hit, no run game all but sewed up, then Lynn King, Houston's sensational center fielder, spelled everything by plugging a curve to left for a single.

The score by innings: R H E
Fort Worth... 200 000-4 9 0
Houston... 000 000-0 1 3
Coleman and McCurdy; Phippen and Wise.

TULSA IS BEATEN

BEAUMONT, Aug. 10 (AP)—Al Vincent's long fly to Howell against the left field fence in the ninth scored Pat McLaughlin from third to give the Exporters a 4 to 3 win over the Tulsa Oilers here Saturday afternoon, left Herman Wars shading Art Jones and Pop Griffin in a thrill-cramped scuffle.

Score by innings: R H E
Tulsa... 200 000-3 10 1
Beaumont... 010 110 00-4 13 2
A. Jones, Griffin and Brittain; Ware and Lorbeer.

Okla. City at San Antonio Tomorrow Night

Okla. City at San Antonio postponed; wet grounds. Two games tomorrow night.

Sunday's Games

Dallas at Houston.
Okla. City at San Antonio (two night games).
Tulsa at Beaumont (two night games).

Musical Groups Are to Practice

Two musical practices were announced last night by Mrs. May Foreman Carr.

Another Balloon To Be Sent High

SAN ANTONIO, Aug. 10 (AP)—A fourth stratosphere balloon will be sent up from Fort Sam Houston Monday, weather permitting. It has been decided by Dr. Victor Neher, California Institute of Technology physicist, and army meteorological scientists who are aiding him in a stratosphere experiment.

Instruments from a balloon sent up Wednesday have been returned from Mountain Home where they were lowered to earth by a parachute when the balloon carrying them burst.

Clipper Plane Is in Honolulu

HONOLULU, Aug. 10 (AP)—The Pan-America clipper plane sailed into Honolulu today to set a new flight record from California and moved Postmaster General James A. Farley, who witnessed the arrival, to predict establishment of a Pacific air mail route soon.

Alighting at 5:42 a. m. (10:12 a. m. Central Standard Time), the big air liner, negotiated the 2,408 miles in 17 hours and 12 minutes—33 minutes under her previous best time.

It was her third flight westward from Alameda and was the first leg of a 5,400-mile journey to Tiny Wake Island, third stopping point on the projected air line from the United States to the Orient.

"As soon as the deficiency bill is passed (by congress), we will advertise for air mail service," Farley said, "and I am sure it will be established within a reasonable time."

The postmaster general explained 60 days would be required in advertising for bids. He said it would be possible to start flying mail across the Pacific 30 days after that time, if the company, receiving the contract was prepared to start. The deficiency bill includes an appropriation for the Pacific air mail.

COLTEXO WINS FIRST TUSSLE WITH VISITORS

Same Teams To Be Seen in Action Today at Road Runner Park.

Getting away to a bad start in the first inning, the Lompoc Merchants of Lompoc, Calif., were unable to overcome the handicap and fell before Coltexo of LeFors, 12 to 8, at Road Runner park last night.

The same two teams will meet at 4 o'clock this afternoon, also at Road Runner park here.

The winners collected eight runs off the Merchants before going out in the first inning. They added two in the second and one in the third before the California youngsters tightened-up and began to play ball.

The kids from the Pacific showed that they are a much better club than the score indicated.

Bralay went the distance for the winners and his baffling delivery was not solved by the visitors until late in the game, and then errors assisted materially. Bralay gave up 12 hits while his teammates were getting to Earl Critchfield for 15 hits, including a homer by Polycet in the sixth with nobody on base.

The Coltexo catcher, playing third base for Manager Sammy Hale, who was in uniform but not in the game, led the Coltexo hitters with a home run, double, and single. Pitcher Belah connected for two singles. Goodchild, with a double and two singles, was the visitor's leading hitter. Deboux got a single and double and Critchfield hit for two bases.

Jim Parker, newcomer to the Coltexo pitching staff, will probably oppose Elbert Terry, ace of the Merchants, this afternoon.

Score by innings: R H E
Merchants... 001 201 121-8 12 2
Coltexo... 221 001 01x-12 15 3
Batteries—Merchants, Critchfield and Kallin. Coltexo, Bralay and Poindexter.

PREDICTS PAYMENT

DOVER, N. H., Aug. 10 (AP)—U. S. Representative Wright Patman (D., Texas), tonight predicted that the "remainder of cash due three and a half million World War veterans will be made available by congress 90 days after it meets January 3, 1935."

Addressing 4,000 Veterans of Foreign Wars at their state convention, Patman said that administration leaders in the senate have agreed to take the bill up and pass it in January.

BOB RYAN TO PLAY BAXTER IN NET FINAL

Harold Fickett of Galveston Is New Champion of Singles Among Juniors.

WACO, Aug. 10 (AP)—Bob Ryan of Fort Worth and Bruce Baxter of Austin will meet in the finals of the state tennis tournament here Sunday. Both came through their semi-finals matches of Saturday in easy fashion, Ryan defeating Harold Folks, San Antonio, 6-0, 6-0.

Harold Fickett, Galveston, won the junior singles championship by defeating John Wood, San Antonio, in the finals, 6-2, 7-9, 6-3. Wood had previously upset Tommy Glenn, Waco, seeded No. 2, in a grueling match earlier in the day by scores of 9-11, 8-6, 6-4. Fickett had trounced Dan Carr, Fort Worth, 6-4, 6-3.

Bob Curtis, Houston, won the boys title by defeating Rea Tenney, Austin, 4-6, 6-0. Tenney was seized with cramps in the second set and forfeited the third.

Finals in junior doubles, women's singles and doubles and men's doubles will also be staged Sunday as will semi-finals in boys' doubles veterans' singles and doubles.

Results Saturday: Men's singles—Bob Ryan, Fort Worth, defeated Harold Folks, San Antonio, 6-0, 6-0. Bruce Baxter, Austin, defeated Gordon Reeder, Dallas, 6-2, 6-0.

Junior singles: Semi-finals: Harold Fickett, Galveston, defeated Dan Carr, Fort Worth, 6-4, 6-3. John Wood, San Antonio, defeated Tommy Glenn, Waco, 9-11, 8-6, 6-4.

Junior doubles: Kivild Jones and Maurice Fincher, Abilene, defeated Walter Fischer and Joe Bowles, Austin, 7-5, 6-2. Higginbotham and Campbell, Dallas, defeated Shiraz and Renker, Temple, 6-0, 6-1. Hickey and Hickey, San Antonio, defeated Chilton and Denard, Marlin, 6-2, 6-0.

Boys' singles: Rea Tenney, Austin, won from Herby Fowler, Temple, 6-3, 6-1. Phillip Baird, Dallas, defeated defeated Hickman, San Antonio, 4-8, 6-4, 9-7.

Joe Adams, Waco, defeated Dick Vickery, Fort Worth, 6-4, 6-2. Bobby Curtis, Houston, defeated Joe Adams, Waco, 6-0, 6-3.

Rea Tenney, Austin, defeated Phillip Baird, Dallas, 6-0, 6-1. Bobby Curtis, Houston, defeated Rea Tenney, 4-6, 6-0 (Tenney forfeited last set).

Boys' doubles: Joe Adams and Eddie Brown, Waco, defeated Chickey and Berry, Fort Worth, 6-1, 6-2.

Girls' singles: Pauline Chilton, Marlin, defeated Ruth Marshall, Dallas, 7-5, 6-2.

Girls' doubles: Evelyn Harper and Ann Evans, San Antonio, defeated Joyce Burdette and Elva Baker, Austin, 6-2, 6-2.

Men's doubles: McCarty and Bebb of Wichita Falls defeated Charles and Marshall McCleary of Waco, 2-6, 6-4, 6-4.

Bruce Baxter and Albert Love of Austin, defeated Bebb and McCarty of Wichita Falls, 6-4, 6-4.

Gordon Reeder and S. J. Mansfield, Dallas, defeated Harold Folks and Jimmy Challis, San Antonio, 6-3, 6-3.

Women's singles: Mrs. Ted Griesenbeck, Groesbeck, defeated Miss Lily Beth Lewis, Austin, 6-1, 6-0.

Miss Sidney Campbell, San Antonio, defeated Miss Doris Ames, Houston, 6-0, 6-2.

Miss Sidney Lunt, Fort Worth, forfeited to Miss Mildred Reddick, Dallas.

Miss Sidney Campbell, San Antonio, defeated Mrs. Ted Griesenbeck, Groesbeck, 6-4, 12-10.

STUDY IN EXPRESSIONS

DOOR TO SUITS FOR RECOVERY OF PROCESSING TAXES WIDER

WASHINGTON, Aug. 10 (AP)—Senate and house conference committee members gestured for peaceful congressional acceptance of the farm adjustment bill today by opening wider the doors of the courts to suits for recovery of processing taxes.

With removal of this major obstacle to acceptance by congress of the conference report on the AAA amendments, the measure will be put before the house Tuesday and speed to the senate later.

The agreement was reached as processing tax collections were cut sharply by the 899 pending injunction suits in federal courts. The situation caused some farm officials to repeat their belief of the necessity for an early decision on constitutionality of the AAA.

Some taxes, collected in July, dropped more than \$11,000,000 from the May total, and daily treasury receipts indicated in even greater decline for July taxes being collected this month. For June, 1935, collections were \$30,850,375 for June, 1934.

The capital bill conference committee, warned in advance to senate objection to their first draft of the tax suit provision, worked out a revision even after announcing a formal agreement on the bill. As before, the bill would permit processors to file claims with the internal revenue commissioner for tax refunds in event the processing taxes are held invalid, but no longer would the commissioner's findings be binding on the courts.

Funds Available For Colorado Dam Under PWA Grant

SAN ANTONIO, Aug. 10 (AP)—The \$20,000,000 Colorado river project, comprising completion of the Hamilton dam and construction of three other dams downstream has been finally approved and the first \$7,000,000 in PWA funds was made available through the Alamo National bank, it was learned from reliable sources today. The San Antonio Express says.

The project will be handled by the reclamation bureau of the department of the interior and will involve water conservation for irrigation purposes, for power production, and for flood control. Henry T. Hunt, chief counsel for the PWA, has been in San Antonio for the past week conferring with A. J. Wirtz, Austin, former state senator and now attorney for the Colorado river authority.

The Express says approval of the project will end a two and a half year fight and will mean a saving in electric rates estimated at from \$5,000,000 to \$8,000,000 annually within the central Texas area bounded roughly by San Antonio, Houston, Dallas and Fort Worth.

Work on the Hamilton dam, abandoned almost three years ago when the private firm undertaking the project ran out of funds, will start immediately. It is about 42 per cent completed. About \$4,500,000 will be required to finish the work.

When construction on the other three dams is started, and work is at its height, between 4,000 and 5,000 men will be employed. The sites for the other dams have not yet been selected.

Senators Morris Sheppard and Tom Connally and Congressmen Sam Rayburn and J. P. Buchanan have led the movement to establish the CRA, which in general plan is similar to TVA.

R. W. Morrison, San Antonio capitalist, who was active in support of the project, declined to make any statement Saturday, but admitted that Hunt had been here for several days on PWA business.

Italian Troops Jeer African Foe

Their banners flaunting ridicule of the emperor of Ethiopia, Black-shirt troopers of the February division, commanded by General Teruzzi, are shown here massed beside troop trains in Rome, prepared to board them for the trip to the seaport and then on to Africa. Despite strenuous efforts by European statesmen to avert conflict between Italy and Ethiopia, thousands of soldiers have been dispatched to Eritrea, bordering Ethiopia, by Dictator Mussolini, and thousands more are expected to follow in the next month.

Man Volunteers To Be "Frozen"

HOLLYWOOD, Aug. 10 (AP)—If the Ernie Science of Biochemistry is able to recall Stephen Slichovitch, 34, from the refrigerated death he has volunteered he will be married, he said today.

And if not—

"Well, I don't come back, I'll at least have contributed something to the sum of human knowledge—and that's more than I can say for myself so far."

Slichovitch, husky Hollywood writer, has offered to become a "human icicle."

Several days ago, he walked into the dingy, cluttered little laboratory where Dr. Ralph Willard, a Russian scientist, has been performing experiments in freezing guinea pigs, and more recently, monkeys. Dr. Willard said he was working out a theory that certain malignant growths and dangerous germs can be killed by freezing.

Willard said he recently revived a monkey that had been rendered unconscious with ether, then placed in an electric refrigerator for three days, during which it lay dead physically, a grayish mass of frozen matter.

The handsome young scientist believes that by his process human beings can be put on "cold storage," so to speak, and then thawed out and revived long afterward—years, perhaps.

Houston Is Still Leader in Building

HOUSTON, Aug. 10 (AP)—Houston again led Texas cities the past week in volume of building. The port city's permits for the week amounted to \$228,235, which brought its total for the year so far to \$3,822,596.

Other cities: Fort Worth, \$1,670,890; Dallas, \$1,212,459; Beaumont, \$62,291; Austin, \$64,116; Tyler, \$20,951; Wichita Falls, \$11,275; Corsicana, \$4,250; Amarillo, \$2,150.

NARCOTICS SEIZED
TYLER, Aug. 10 (AP)—Mr. and Mrs. John Hinton and Dr. E. B. Spillman, all of Kilgore, were charged with violation of the Harrison narcotic act today after federal agents and city police seized five cans of narcotics in a raid here.

Bill Murray Is Artist's "Model"

BROKEN BOW, Okla., Aug. 10 (AP)—A famed French artist who has painted portraits of scores of celebrities in the Americas and Europe says that former Governor W. W. Alfalfa (Bill) Murray is one of the most interesting characters and patient posers he has known.

The artist, Pierre Tartoue, who has just put the finishing touches upon the Murray portrait down on the Oklahoma territory acquired farm on Yazoo creek near Broken Bow, could not get a verbal approval from the lanky man who recently retired from the governor's office but Murray's expressive eyes disclosed satisfaction.

Tartoue had previously disclosed that "Mr. Murray is all mind and sense; he cares nothing for material things."

Old Men Favored In Automotive Work

NEW YORK, Aug. 10 (AP)—Unskilled and semi-skilled workers who hope to grow old in their jobs might well choose the automotive industry, on the basis of a report issued tonight by the automobile manufacturers association.

Automobile manufacturing, the report said, is one of the few expanding industries that has increased production rather than decreased the proportion of older employees as it grew.

Three States in Legion Tourney

FORT SMITH, Ark., Aug. 10 (AP)—It was learned definitely tonight that only three states will be represented in the American Legion regional baseball tournament here Tuesday and Wednesday.

John G. Pipkin of Little Rock, department athletic officer, confirmed reports that at least two El Dorado players are ineligible, and at the same time said no Arkansas team could participate in the tourney since the time for certifying teams ended tonight.

Oklahoma, Louisiana and Texas will fight it out for the championship of the sixth region and a chance to compete in the western finals at Stockton, Calif.

Galli-Curci Has Throat Operation

CHICAGO, Aug. 10 (AP)—The golden voice of Amelita Galli-Curci, world famous operatic soprano, thrilled through the operating room of Henrotin hospital today as surgeons successfully removed a six and a quarter ounce goitre.

Carefully, cautiously, as she sang, Dr. Arnold Kegel, former city health commissioner, cut away the "potato."

Nearly, an anatomical artist sketched the various stages of the operation so each may be studied later.

While Drs. Kegel and G. Raphael Dunley would hazard no definite comment on the final outcome of the operation, they indicated they felt little doubt but that the superb quality of her tones would be unimpaired.

Three Teams in Loop Strengthened

DALLAS, Aug. 10 (AP)—Milton Price, secretary of the Texas league, said today three Texas league clubs look advantage of the last chance, prior to today's games, to add playing strength that would be eligible to participate in the Shaughnessy plan pennant play-off.

The Tulsa Oilers have signed Pitcher Doljack; Houston has signed Shortstop Carl Line formerly of the Cleveland Indians, who has been playing semi-pro baseball around New Orleans, La., and Galveston has added Pitcher Jim Moore.

These players will be eligible for any post-season engagements in which their clubs may be involved. Players signed between now and the end of the season will not.

Too Many Firemen So House Burns

RIVERDALE, Md., Aug. 10 (AP)—Eighteen fire companies attended a blaze at the home of Mr. and Mrs. R. L. Murray near here tonight.

The companies were among the 26 present at the annual convention of the Prince George's volunteer firemen's association. They were engaged in contests when the alarm sounded.

There was a virtual parade of apparatus to the Murray home immediately. Firemen swung into action upon arrival.

The home burned to the ground.

YEAR IS CLOSED BY GARDEN CLUB MEMBERS WITH REPORTS AND PROGRAM FRIDAY MORNING

GARDEN MAGAZINES PRESENTED TO THE LIBRARY

Annual reports were read by Garden club officers at the meeting Friday morning, and filed for permanent record. A club year closed with the meeting. New officers will be installed at the next session, with Mrs. Glen Pool succeeding Mrs. J. P. Wehrung as president.

Issues of Better Homes and Gardens magazine for the past two years have been bound and presented by the Garden club to the Pampa library. A similar volume will be bound each year and placed on a library shelf presented by the club, to be used for garden books and magazines.

Mrs. A. E. Shackleton was leader of the program Friday. Mrs. Tom Clayton spoke of perennials for year-round bloom. She named the following to be planted in August or September for early spring blooms: Achilla, whose small white flowers make attractive fillers for bouquets; allysium, which is pretty planted with pansies; Columbia, which blooms very early; English daisy, which makes a colorful border; butterfly bush, which is lovely with deep pink snapdragon; candytuft, delphinium, with belladonna and bellanosa as the best varieties; peonies, of which there are 3,000 varieties to choose from; and perennial phlox, which should be transplanted in October.

Mrs. Shackleton discussed Dianthus, or The Pink Family, saying that seed should be planted in a sunny spot from May to August, and the soil fertilized when blossoming begins. These plants are profuse bloomers, both in single and double varieties.

Misses Vineyard and Kelley were club guests. Members presented Mrs. Wehrung, Emmett Dwyer, R. F. Dirksen, Charles Thut, W. C. Mitchell, Lee Waggoner, P. C. Ledrick, K. W. Bunch, Jim White, Henry Thut, Ewing Leech, Sherman White, Edward Dampier, Clyde Pathee, Arthur Peay, J. M. McDonald, Lynn Boyd, B. E. Finley, Pool, Shackleton, Clayton, Willeson, Patterson, Roach, and Charlie Duenkel.

"Tool-Kit" of P-TA is Ready For Next Year

By MRS. J. M. GRAIN, Claude, Texas Congress of Parents and Teachers State Publicity Director

The local unit package of congress publications is termed "the parent-teacher kit of tools" which contains some 50 leaflets of congress material incident to carrying on the work of the local association. This package has recently been forwarded by the State Office to the presidents of 2000 units, 56 city councils, 105 county councils, 59 state board members, and 105 district officers. It belongs to the local association or the council and is the state and national messenger bringing authentic guidance and helpful suggestions. The organization guided by these principles and procedures is an asset to a school and an influence in local, city, county, district, state, and national work.

Presidents, officers, committee chairmen, and potential leaders are to study "The Local Unit Package in Action" for: Content and authoritative information; the latest suggestions for programs for the ensuing year; suggested guidance for committee activities; and actual parent-teacher work which will be given to the community to fit local needs. Every attendant at these meetings is to participate in the roundtables, conferences, and study activities so as to be an informed active participant in all phases of the local association. Such enclosures as the president's message, the State Office information sheet, the parent-teacher manual, local unit package in action, general information, and publications are quite helpful.

Program suggestions, home play in rural areas, "The Modern Parent Knows the School" the rural parent-teacher association, 1935 resolutions of the National Congress of Parents and Teachers, topics for programs; lative to mental hygiene, schools of instruction, and installation ceremony are special leaflets replete with much valuable information for material and presentation of various types of programs. Demonstration of school work, assembly singing, informal discussion of each topic, excerpts from the monthly messages of the district, state, and national presidents add variety and zest to the local unit meetings.

Mrs. Otto Knudson and son are visiting in Meridian.

New Teacher

Mrs. Lilly Hartsfield, pictured above, will take charge of the piano classes in Pampa Conservatory that have been taught by Samuel Pendleton, below, who is taking a year's leave of absence to study in the University of Minneapolis. Mrs. Hartsfield is a teacher with many years of training and experience.

Entre Nous Club Has Last Summer Meeting Thursday

Mrs. Dallas Culwell entertained Entre Nous bridge club with a delightful party at her home Thursday evening. A table of guests was also present.

Delicious sandwiches, cake, and lemonade were served at a table laid in yellow and green with a bowl of yellow flowers as a centerpiece.

Mrs. Don Saurbury won high score for guests. Other guests were Mrs. Baburn Burke, Mrs. Noble Brown, and Miss Verna Fox. Mrs. Frank Roach was high for members and Mrs. Tommie Robinson second high. Other members playing were Mrs. Jake Bass and Mrs. Dallas Culwell.

Members agreed to disband for a few weeks. Mrs. Gb Frasier will be hostess when meetings are resumed.

ONE-PIECE JUMPER SUITS

LONDON (AP)—Popular jumper suits are made in "one-piece," the jumper being joined to the skirt.

ANNUAL BIRTHDAY REUNION AT WHEELER IS ATTENDED BY 400

WHEELER, Aug. 10.—Approximately 400 persons were present at the William Pendleton home Thursday, attending the celebration of Mr. Pendleton's seventieth birthday. String music was played the entire day, with many out-of-town flatters participating. At the noon hour a picnic dinner was enjoyed.

The out-of-town guests for the occasion were W. O. Townsend of Granite, Okla.; Miss Sue Martin, Apache, Okla.; Mr. and Mrs. R. D. Binkhaler of Throckmorton, Tex.; Mr. and Mrs. G. H. Knight, Stillwell, Okla.; Joe Boyd, Boyd, Texas; J. D. Keilim, Bonham, Texas; Mr. and Mrs. John Olin, Perryton; Mr. and Mrs. H. J. Mansel and family of Erick, Okla.; and Mr. and Mrs. D. V. Hill and family of Los Angeles, Calif.

Piddlers from out-of-town were R. O. Binkhaler of Throckmorton, Texas; M. L. Franklin, Collingsworth county; H. J. Mansel, Erick, Okla.; George Cockell, Canadian; Dick Shaffer, Jericho; Miss Helton, Zibach, and Miss Masell, Erick, Okla.

Friends and relatives of Mr.

UNION CHURCH RALLY TONIGHT IS ARRANGED

All Congregations Invited to Hear Visitor

All plans have been completed for a prohibition rally tonight at the First Baptist church at 8:15 o'clock, at which time all Pampa churches have been invited to cooperate in the service.

Dr. E. A. Maness, chairman of the dry forces of the 31st senatorial district, will arrive in Pampa late this afternoon and will be the principal speaker at the rally tonight. Preceding his message, H. D. Tucker, chairman for the youth movement for the 31st senatorial district, will speak briefly of the youth movement in the campaign. James Todd, chairman of Gray county will preside at the meeting.

O. W. Stapleton of Tulsa, Okla., will lead congregational singing and the choir composed of singers from all the churches of Pampa, and a male quartet will render special numbers. The offertory will be a violin solo by B. C. Wallace.

The committee in charge of arrangements is extending a special invitation to everybody to join in this rally.

The Social CALENDAR

MONDAY
Central Baptist Y. W. A. will meet with Miss Herma Beckham. Calvary Baptist W. M. S. will meet at 2:30 at the home of Mrs. Bill Napier.

TUESDAY
Mrs. E. F. Vandenburg will be hostess to Hopkins Home Demonstration club. Kingsmill Home Demonstration club will meet with Mrs. Chris Baer. Intermediate and junior girls' Auxiliaries of Central Baptist church will meet at the church, 2:30. Mrs. Tony Balch will entertain Merry Mixers club at her home, 700 E. Francis at 2 p. m.

A business meeting of Business and Professional Women's club is scheduled at the club rooms, 7:30.

WEDNESDAY
Mrs. Ruey Morgan will be hostess to Eight Hearts Contract club. Merten Home Demonstration club will meet with Mrs. Alva Phillips. Central Baptist W. M. U. will have a business meeting and Royal Service program at the church, 2:30.

THURSDAY
Miss Anna Laura Burleson will be hostess to Junior Civic Culture club.

FRIDAY
Priscilla Home Demonstration club will meet with Mrs. C. A. Tignor, 2:30.

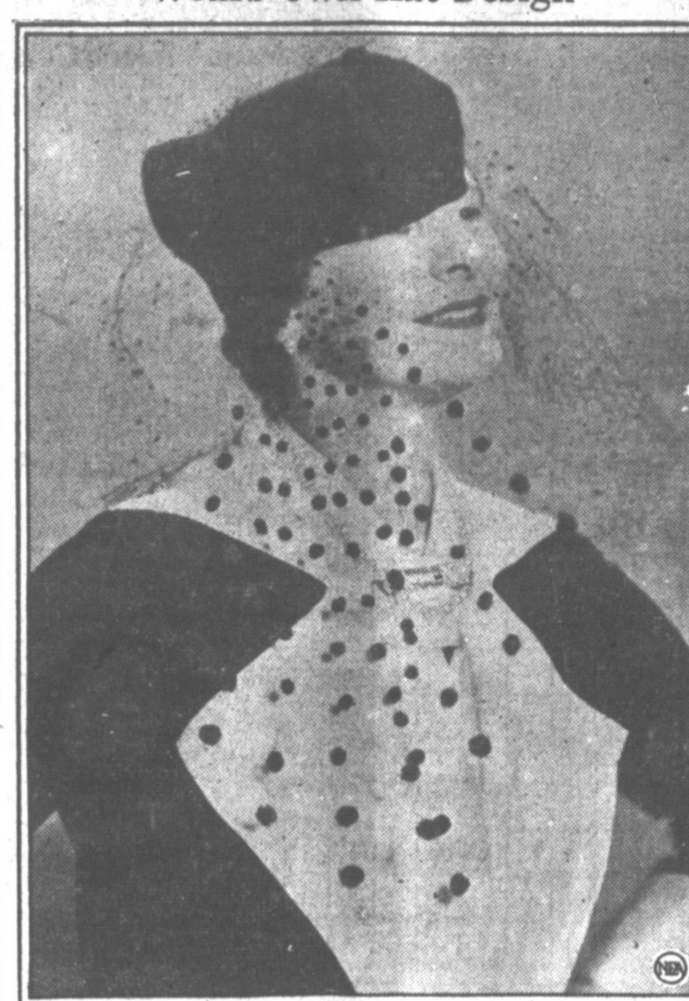

Men Are Invited To Hear Visitor

At a combined meeting of the Builders and Brotherhood classes of First Methodist church, Rev. O. W. Stapleton of Tulsa, Okla., will deliver the message at the Sunday school hour at 9:45 o'clock.

Mr. Stapleton, who is church director of the First Methodist church at Tulsa is a man of wide experience in public addresses and an invitation is extended to all men to hear him.

Dr. Thomas S. Barcus, presiding elder of the Glendon district, will preach at First church at 10:50 o'clock and at the evening hour, 8:15, the congregation will join with other churches at a prohibition rally at the First Baptist church.

Wears Own Hat Design

Fresh from Paris where she viewed the collections of other countries, Madame Nicole, famous designer of smart hats, wears one of her own creations. It's a velour tricorne with chenille veil that parts in the center and swoops downward the waistline on both sides.

MRS. CARR TO HEAD COLLEGE MUSIC STAFF

Will Leave Numerous Music Activities Here

Mrs. May Foreman Carr, for several years a leader among Pampa musicians, has been elected head of the music department in Martin College for girls in Pulaski, Tenn., and will leave the last of this month.

Her duties there will include teaching piano and theory and directing the glee club. She is also to give programs over radio station WSM at Nashville, and direct college programs for broadcasting. She will have charge of the organ and choir at the First Methodist church of Pulaski.

Takes Position

Coming to Pampa in the fall of 1930 as dean of the Pampa branch of the Amarillo college of Music, Mrs. Carr took her place as one of the musicians who have made the city known over the Panhandle as a musical center.

She has directed her own school of music here for three years, and for the past several months has been director of music in the high school. She has served the First Methodist church as organist during her residence here.

Mrs. Carr had a leading part in the formation of most of Pampa's musical organizations. She led in launching music week observance here in the spring of 1931, was a charter member and organizer of the Treble Clef club, organizer of the Philharmonic Chorus and the new Little Symphony orchestra.

Mother of Three
Her daughter and two sons are also well known for musical ability. Margaret May, pianist who has won honors in Panhandle contests, will be with her mother and will continue her high school studies.

The younger son, Norman, who has been with the Postal Telegraph company here the past three years, will enter Morgan school for boys at Petersburg, Tenn. His brother, Malcolm, will arrive in Pampa next week for a short visit before re-entering Iowa State University for the fall term. He won honors in music and oratory while here, and has been music critic and editorial writer for the Daily Iowan the past year. He is majoring in journalism and has acted as secretary to the dean of the English department.

Norman has been heard here often as a baritone soloist, and received high rating in sectional music contests.

Mrs. Carr plans a farewell recital, playing favorites on both the piano and organ at First Methodist church during the evening service of August 25, her last Sunday here.

Miss Wasson and Mr. Sayles Marry

Miss Thora Wasson, daughter of Mr. and Mrs. Carl Wasson, and E. D. Sayles were married in Amarillo Thursday. The Rev. F. W. O'Malley, former minister of the First Christian church here, read the ceremony.

The couple will make their home here. Mr. Sayles is with the Moran drilling company.

Laughing exercise is a regular part of each day's recreation program at a Pacific Grove, Calif., playground.

SPORT VIVID HUES
LONDON (AP)—Vivid colored men's ties in stripe and check designs are being favored for travel wear. A sports tie in flame is one of a group bearing the label: "One hundred per cent pure silk, washable, fadeless, crease resisting, English hand printed, procurable in 150 different patterns."

NEW NIGHTIE HAS RUFF
LONDON (AP)—The newest nightgown has an Elizabethan ruff of stiffened printed nixon.

MRS. BIERY IS HOSTESS WITH BRIDGE PARTY

Congenial Club and Guests Attend Event

A group of young women who organized to play bridge just as most bridge clubs were ceasing activities for the summer, was entertained yesterday afternoon at the home of Mrs. Walter Biery.

After the games, in which members of the Congenial club and one guest participated, the hostess served a cool jellied salad and iced tea.

Miss Fern Hughey was the guest. Other players at the two tables were Misses J. J. Corrigan and Ray Will; Misses Jean Daly, Melba Graham, Loma Willis, Frances Finley, and Mrs. Biery.

Contest Starts For Ladies Aid Group in Skelly

SKELLYTOWN, Aug. 10.—A contest has been started by the Ladies Aid, with Mrs. Patchett and Mrs. Lott leaders of the two divisions. Enrolment of new members and attendance will give points, and the losing side must entertain the winners when the contest closes.

A "capsure friend" plan is also in progress in the organization. Members met at the church last week.

Personals.
Mr. and Mrs. W. A. Ward and Mrs. Joe Miller were Amarillo visitors Wednesday.

Mr. and Mrs. Arthur Johnson and family have returned from their vacation, part of which was spent at Hot Springs, Ark.

Mrs. M. N. Osborne of LeFors visited friends in Skelly camp last week.

Mrs. Hawkins is visiting her parents in Waynesville, Mo., this week.

Mr. and Mrs. Bill Price and family left last Thursday for Denver, Colo., and Albuquerque, N. M., to spend two weeks.

Mr. and Mrs. J. C. Jarvis and Miss Goldie Jacobs spent Sunday night with Mrs. Jarvis' mother, Mrs. McCracken, at Wheeler.

Mr. and Mrs. Ward of near Berger visited Mr. and Mrs. Berry Barnes Wednesday evening.

The P. H. Sewing club will meet with Mrs. M. Stafford Friday afternoon.

Tucker to Speak At Church Rally

H. D. Tucker, educational director of First Methodist church, and chairman of the youth movement of the 31st senatorial district for the prohibition forces, will be the speaker Monday evening at the Central Presbyterian church in Amarillo at a prohibition rally being sponsored by all Amarillo churches.

Mr. Tucker spoke last night at Groom at an outdoor rally in the interest of the prohibition cause.

Night motorcycle races have drawn large crowds in California during the 1935 season.

MRS. HUDGINS, GREAT-GRANDSON OBSERVE BIRTHDAYS TOGETHER

MCLEAN, Aug. 10.—Two birthday cakes, one holding seven candles and the other eight with 82 candles were placed on the table by Mrs. Lewis Shockley when she helped Grandmother Hudgins and her great-grandson celebrate their birthdays Thursday, Aug. 8.

Mrs. E. E. Hudgins, "Grandmother" as she is known by her many friends, has lived in Gray county for 33 years and in McLean for the last 20 years. She is confined to her home, but is able to go from room to room in her wheel chair.

As a special treat, grandmother had her great-grandson, Billie Shockley of Santa Fe and his brother, Junior, with her on this birthday. Billie's birthday is on the 8th of Aug. too.

Mrs. Massey Has Guest
Mr. and Mrs. T. A. Massey have as their guest their daughter, Mrs. Jack Bohanan of Gainesville, Fla. While here, Mrs. Bohanan has been the recipient of several social affairs.

A lovely bridge party was given the visitor on Wednesday afternoon at the home of Mrs. T. J. Coffey with Mrs. Alyah Alexander assisting the hostess in entertaining.

Those present were the honoree, Mrs. T. A. Massey, Mrs. C. O. Greene, Mrs. Dana Shebourne, Mrs. and Ray Davis, Mrs. W. Boyd, Mrs. Will return for the coming year.

COMMITTEES ARE FINISHING OUTLINES THAT PROMISE AN INTERESTING YEAR'S STUDY

Programs that will occupy the minds of Pampa club women next fall and winter are nearing completion now, with busy committees putting final touches to yearbook outlines. Only one club, El Progresso, has its books off the press yet, but others are to be printed soon. Interest in the Texas Centennial is reflected in the programs of three clubs, which will stress subjects pertaining to the state.

August Bride

Mrs. Tom Simms, above, who was married in Oklahoma City last week-end, was Miss Virginia Leah Fullington before the wedding. Mr. and Mrs. Simms are at home here. She will resume her duties as art teacher in the Panhandle schools in September.

Breakfast Scheduled.
The three Twentieth Century clubs will open their year jointly, according to custom, with a breakfast on the fourth Tuesday in September. Programs for all three clubs are being drafted now.

Mrs. J. M. Fitzgerald, Mrs. Byard Low, and Mrs. I. B. Hughey are completing a miscellaneous program for Twentieth Century club, to include book reviews, travel, psychology, and the usual federation topics.

Programs of both Twentieth Century Culture club and Twentieth Century Forum are awaiting approval of committee chairmen, who are away on vacation. Mrs. Carl Boston, now in California, is the assistance of Mrs. Olin E. Hinkle and Mrs. R. S. Lawrence in preparing the Culture club's yearbook. Current magazines and late books will be the program basis, following a plan that proved successful last season.

Study is Broadened

Mrs. Arthur Swanson is chairman of the Forum committee, with Mrs. Arthur Teed and T. R. Martin as members. Choice of several tentative outlines is to be made by the group shortly, and the books will be ready by the date of the breakfast.

A wider scope of programs will enter the Child Study club's plans for the season, in an outline being finished by Mrs. Roy Tinsley, Horace McBee, and C. E. Hulchins. Former programs have been entirely on child training and child psychology, but this year the program will be miscellaneous in nature, although centered around topics pertaining to the child.

Yearbooks for the Business and Professional Women's club are to be issued shortly, by a committee headed by Mrs. Frances Sturgeon.

The Garden club, which ended a year at its meeting Friday, will start next month with a program that will be principally devoted to discussion of yard beautification and garden methods adapted to this climate.

El Progresso club, whose program has already been announced, will vary its studies to include Panhandle art and music, but will stress programs on Texas.

Pendleton Will Take Leave for A Year to Study

Samuel Pendleton, teacher of piano in the Pampa Conservatory, has been granted a year's leave of absence and will leave soon to continue studying music in the University of Minneapolis.

Mrs. Lilly Hartsfield of Hillsboro, a former piano teacher of Mr. Pendleton, will take his place in the conservatory during his absence.

Mrs. Hartsfield is a sister of C. O. Malone, and is known to some Panhandleans. She is a piano teacher of 18 years experience. She has studied at Baylor University, in special summer classes with Cahlois Buhler of Europe, at the American Conservatory at Chicago with Kurt Wanzel and Roy David Brown, and has had beginners' courses under Louise Robyn and W. Otto Miesner of Chicago.

ONE LONG RUFFLE RIPPLES ROUND FROCK
VICHY, France (AP)—Mrs. Serge Voronoff, pretty young wife of the Vichy specialist, includes among the frocks she is wearing at this smart spa a ruffled blue and white polka dotted crepe de chine. It is designed with a continuous ruffle running around the neck, down the front and around the hem.

BIG RED HAT CHOSEN
PARIS (AP)—Countess Elizabeth de Guany is wearing a wide-brimmed, red straw hat with her summer frocks. Recently she wore it with a black crepe frock splashed with red flowers and topped by a white veil.

Hot-Weather Menus Revive the Appetite
Frozen Dishes and Beverages Vary Meals

DETON, Aug. 10.—As the thermometer climbs with summer weather, the appetite needs to be coaxed. Dressing the old favorites up in new ways is usually much easier for the busy housewife than to hunt up new recipes. Iced drinks and frozen desserts add a refreshing touch to the meal. Now that electric ice boxes are so plentiful, the extras are not so hard to prepare.

A sprig of mint frozen in the ice cubes gives a piquancy when served with the iced tea, and there is usually an abundance of fruit juices left from canned fruits which may be served as punch. These are welcome additions to any menu and may be served with the dessert.

Menus
BREAKFAST: Date muffins, butter, ham omelet, cocoa.

See MENUS, Page 10.

EDITORIAL

GOD NEVER WILL: Psalm 71:18.
 Now also when I am old and gray-headed, O God, forsake me not: until I have showed my strength unto this generation, and thy power to every one that is to come.

As Others See Us

International understanding and good will, upon which peace must be based, cannot become effective until nations, as well as individuals, cultivate the knack of seeing themselves as they are seen by foreigners.

What passes lightly over the heads of Americans may appear serious indeed in other countries. And what seems trivial elsewhere is taken seriously here.

For instance: Little attention was given by Americans to the stories of the Dallas women-strikers who tore the clothing from strike-breakers, also female, and administered spankings. Yet in Germany there were such headlines as: "Women Turned Into Hyenas; Cultural Disgrace to Texas." While we may see no justification of such a headline, so does the average German fail to understand how we can feel so indignant about certain things happening in Germany.

Thousands of Rotarians and Lions were afraid to go to Mexico City for the international conventions. Memories of Americans held for ransom in Mexico were too vivid. Yet the Mexican citizen knows that banditry is crushed in that country more effectively than in our own. True, Americans have been held for ransom in Mexico. BUT ALSO HAVE AMERICANS BEEN HELD FOR RANSOM IN AMERICA! The Lindbergh case has made a lasting impression—and in some respects an erroneous one—on the peoples of the world. Our gangsters, strikes, kidnappings, and floods create the idea that America is a hazardous place in which to live.

Newspaper dispatches can be blamed for many international misunderstandings, but the movies are the greatest offenders. Orientals, for example, rarely get a favorable showing in our films. Englishmen are uppish and a bit foolish. Germans guzzle beer and are mean husbands. The French are dissolute. Italians are crude individuals usually cast in comedy roles.

But it is well to remember that if other countries are to be judged by their worst elements, America can be examined with the same standard and found sadly wanting. Human nature is remarkably similar the world over, and human nature seems to be as unchanging as gravitation, despite our "civilizing" progress.

THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent.

WASHINGTON.—Father Coughlin's Washington lobby is closing shop.

From the very beginning it was one of the most over-confident and ineffective of the thousands of lobbies which have operated in this city of milk and honey, and its zeal, which was tremendous, failed to overcome its lacks.

If one is to believe some of the radio priest's old friends, Father Coughlin began to build up an exaggerated idea of his power in Washington last February just after the Senate, partly driven by the flood of adverse telegrams he had inspired, rejected the World Court.

The idea that Coughlin was more influential than the president, who had urged American membership in the court, began to percolate among his followers and was reflected in the attitude of the two earnest young men who subsequently opened headquarters in the Willard Hotel and undertook to lobby the Coughlin program through Congress.

Those two were Louis B. Ward, a Detroit attorney of approximately equal length and breadth, but with no previous legislative experience; and a chubby, bespectacled Mr. Collins whose physical resemblance to Father Coughlin was obviously a source of great joy to Mr. Collins.

Fail on Three Objectives

The Coughlin program they pushed was: 1. Central Bank. 2. Bonus. 3. The Wheeler-Rayburn public utility bill.

No two boys were ever more on the job. They haunted the offices of senators and representatives. Unfortunately, no one could disturb their conviction that Congress would leap to do Coughlin's bidding as soon as the message had been made clear.

But Congress paid very little attention. The bonus was pronounced dead by well-informed persons months ago. What the House did to the utility bill was just too bad.

The big test came on Coughlin's central bank proposal, advanced as an amendment to the banking bill.

"Father," as his friends call him, wrote it himself and it was what is known technically as a honey. Providing that each state should elect by popular vote a member to a Federal Reserve Bank board, which would then select an executive board to exercise supreme control over all money and banking, it would have thrown the whole works 100 per cent into politics.

Coughlin offered the bill to Senator Elmer Thomas of Oklahoma, his old pal and a foremost inflationist. Thomas threw up his hands in despair. Relations have been cool between the two ever since.

But Senator Nye of North Dakota didn't mind introducing it. And it got 10 votes out of 69 cast. Some of the 10 senators admitted later that they were voting for something pretty awful just because they favored the general principle of a central bank.

That broke the heart of the Coughlin lobby. The boys at the Willard, after communicating with Detroit, began to pack.

The result had indicated the fact, it may be said, that although there are men in Congress who admire Father Coughlin and believe he has made some valuable contributions in molding popular thought, there is hardly any one in either house who is willing to follow him through any old swamp or over any old barricade.

The little nations are being left out in the behind-the-scenes League of Nations talks over the Italo-Ethiopia dispute. Little nations are not even to be seen, let alone heard.

"Give us utilities or give us death," has been the cry in Washington, and Congress seems to prefer the utilities.

Business is getting to be so good that many of us have already forgotten about the forgotten man.

CAPITOL CHATTER

BY CHARLES E. SIMONS

AUSTIN, Aug. 10 (AP)—Recent hearings of the house of representatives committee investigating the oil industry, and the railroad commission's enforcement of the conservation laws, attracted an array of spectators, many of whom regarded the sessions as a prelude to more important events.

Crowded about the hearing room were men long identified with the oil industry and the extensive legislation that has marked the state's efforts to control this natural resource. They were the whined horses who have been active in the heavy strife attending oil proration.

The secrecy with which the committee worked for several weeks preceding its first open sessions added to the interest. The committee held numerous closed sessions in the East Texas field, seat of most of the disturbances in the oil world, and interrogated commission employes and oil operators.

The committee, ostensibly, was created to investigate rumors of irregularities in oil conservation and determine their truth or falsity. Observers who sought to ascertain if there were other motives met a blank wall. Members of the committee were noncommittal. Other sources merely had speculative information.

Some of those attending the sessions believe they observed in the line of questioning a reason for the committee's existence that others may have overlooked. It was the establishment of a natural resources board to relieve the railroad commission of its oil and gas conservation duties.

One committeeman admitted privately that he believed this plan would be recommended to the legislature in a formal report. Should such prove to be the case it would bring on a situation that would be complex and undoubtedly bitter.

The last attempt to take oil and gas conservation from the commission brought on one of the sharpest clashes in recent legislative history. Both houses divided sharply, there was much harsh talk, a fist fight or two and wounds inflicted that were long in healing.

The commission stoutly contested any attempt at removal. The bill passed the house by two or three votes and failed in the senate by one vote.

Should another serious campaign be started to oust the commission a sharp fight is in prospect. Commissioners testifying before the committee expressed confidence in their qualifications and ability to handle the situation and indicated they would resist strongly any move aimed at divesting them of their authority.

GILLETTE PATTERSON and Some "Whatnots"

Pampa Boy's Shop Is Netting Pleasure And Profit

BY ARCHER FULLINGIM.

THE AVERAGE boy's yearning to make things—just any old thing!—has been developed into a profitable hobby by Gillette Vance ("Pat") Patterson, 13, son of Mr. and Mrs. H. V. Patterson, 416 Rose street. Thus far, those two impressive first names he has superfluous, because everybody calls him "Pat."

Almost any day in the week, residents may encounter him at their front doors with an armful of what "Pat" calls "what-nots"; that is, door stops, door knobs, knick-knacks—all handmade by Pat. He has a special for the occasion that seldom results in a rebuff, and being a champion declaimer, he knows how to deliver that speech. The "what-nots" thus far have sold like pancakes.

Bobby Helps, Too.

"Pat" uses to collect stamps, and that was all right, he said, but he decided he wanted to make things. There was an electric jig-saw in the rear of his father's place of business at 810 West Foster, also several complete sets of tools. Pat conceived the idea of making the "what-nots." He obtained patterns, drew them off on three-ply wood, cut them out with the jig-saw, used planes, files, sandpaper, glue and nails to finish them. Then he painted them. The doorstops are in the form of kittens, dogs, rabbits, painted in various colors. More than that, emphasized Pat, they work besides being attractive. Sometimes he makes 30 a day; then he goes out and sells them. Little Bobby, his five-year-old brother, sometimes "helps" him—anyway, he helps as best as he can!

"Pat", at the age of 13 is almost an expert in handling that jig-saw, which is operated by electricity and cuts boards with a sureness that even scissors could not achieve.

Champion Declaimer.

"Pat" has made all of his and Bobby's spending money this summer. He is in the eighth grade in school. He won the county declamation contest in the district here and in the district at Anadarko, Okla., where he spent last spring after attending the first part of school here. He used different declamations at each place. He belonged to the Methodist church, Scout troop, and attends Sunday school there.

Somehow "Pat", although he is modest and retiring, has the knack of doing things that get in the news. One time when he lived at Dallas, his goat wandered away and the Dallas News almost wrote the city apart, brick by brick, figuratively speaking, to find and return his goat.

Few Just Like "Lindy."

Before that when he lived in Omaha, Neb., and was five years old, his father built him a toy plane, which was not so much of a toy as after all—that would fly from a platform to a tree, a distance of 200 yards. That was about the time that Lindbergh flew across the ocean, and the Omaha papers splashed "Pat" all over the front page, something "Pat" does not like to show his friends now because he does not like to appear too publicly-minded.

Like most boys of his age, "Pat's" biggest interest lies in swimming. He is a champion swimmer at Detroit and in Oklahoma where "Pat" and Bobby were born, taught him how to swim.

Proration Basis Slightly Altered

AUSTIN, Aug. 10 (AP)—A proration basis in which acreage and potential would share equally was prescribed by the railroad commission in permanent rules effective September 1 for the Cuyaga oil field in Anderson and Henderson counties.

The potential-acreage method would replace a straight pro well basis by which allowed production of 4,000 barrels has been distributed among the approximately 60 producers in the new field.

Twenty-acre units were set by the commission as the basis for division of the 50 per cent assigned to acreage. Potentials on flowing wells were ordered taken through one-quarter inch positive chokes for 24-hour periods, and those on flowing wells through tubing not more than one-half inch in diameter with a maximum of 20 strokes a minute.

The last unit drilled on a lease would be allowed credit for a maximum of 25 acres, while tracts of more than 20 acres but less than 25 acres otherwise would be handed on the basis of actual acreage.

Tracts of more than 25 acres were required drilled to obtain credit for more than four acres remaining after all full units were credited. In the latter, the full well potential would be credited, but the acreage allowance determined upon the actual fractional part of the unit.

In their first 100 games of the season the New York Giants were shut out only twice, by Bob Smith of the Braves and Paul Derringer of the Reds.

Kim Whitehead, Yale backfield star, underwent a late-summer appendectomy and it is not certain he will be able to play in some of Eli's early games this fall.

Former McLean Resident Dies

Word was received in McLean Thursday of the death of S. H. Bundy at Bethany, Okla. Mr. Bundy formerly lived in McLean where he was joint manager of the Bundy-Jodges Mercantile company. He has many friends here who will mourn his passing. The deceased was a brother of Mrs. S. R. Jones and a brother-in-law of Sam Hodges both living in McLean at present. He was 73 years of age.

PROF. LESTER WILL MAKE STUDY OF "SKILLS" SOON

Prof. J. L. Lester, teacher of vocational agriculture here, will attend a "skills" conference in Lubbock August 12-17.

All vocational teachers of the north and south plains are required to attend this conference. Skills such as testing cows for disease, making of cream and milk tests of all kinds, culling dairy herds, judging dairy cattle, and other farm problems will be studied from the standpoint of developing skill in solving them. These skills will be passed on to the pupils in the coming year.

Culling of hens for egg production, caponizing, killing and dressing poultry, preparing poultry for shipping, candling and classifying market eggs, and similar work will be demonstrated by experts. Bees will be killed and the carcasses cut into retail cuts. Cattle will be dehorned, castrated, culled, and judged. Hogs, sheep, and other farm animals used for human food will be similarly studied.

In the study will be such topics as care of horses' shoulders, adjusting harness for comfort and efficiency, care and feeding, diseases, and similar studies.

Study of soil erosion and its prevention will require much time. Farm mechanics will be illustrated.

First Triplets in Hereford "Arrive"

HEREFORD, Aug. 10.—Although Hereford is nearly 40 years old, the first set of triplets ever born here arrived this week. Mr. and Mrs. R. C. Valentine are parents of the lusty trio, two girls and a boy.

Not only were they the city's first group of three babies, but also the first triplets Dr. C. F. LeGrand ever ushered into the world, and he was practicing before Hereford was here.

The boy, Jimmy L., was the biggest, weighing five pounds and 10 ounces. The girls, Joan and Jacqueline, weighed five and one-half pounds each. They and the mother are getting along fine.

Read the classifieds today.

Try An ELECTRIC WASHER

The summer vacation is nearly gone. School days always mean big wash days. But with an electric washer, you will find it easy to wash twice a week—as many times as necessary to keep clean, fresh clothing for all members of the family.

When you ask your dealer to let you try an electric washer, inquire about the new electric ironer. It is also a time and labor saver that deserves a place in every home where laundry work is done.

Electric washers and ironers are more economically priced than today. It is now

'CURLY TOP' IS HAPPIEST OF TEMPLE FILMS

TOT CAPTURES HEART OF LONELY BACHELOR FRIEND

The happiest picture of Shirley Temple's career, "Curly Top," comes today to the screen of the LaNora theater.

In "Curly Top," a charming story of a little girl who captures the heart of a lonely bachelor and makes both their dreams come true, Shirley has two new songs to sing and several new and intricate dance routines for audience approval.

In this Fox Film comedy-drama, John Boles is cast as a bachelor who adopts Shirley and her big sister, Rochelle Hudson. His generosity takes them from the drab and dreary atmosphere of an orphanage to the sunny summer surroundings of a palatial home in Southampton. There the romance of Boles and Rochelle Hudson flourishes under the childish guidance of little Shirley who sings, dances, and laughs her way into their hearts.

Shirley is really happy in this picture, for she has the opportunity of displaying her full talents when she sings "Animal Crackers in My Soup" and "When I Grow Up."

Shirley is not the only one to sing in this joyful film. John Boles sings "It's All So New To Me" and "Curly Top," while Rochelle Hudson surprises by singing for the first time, "The Simple Things of Life."

Class Meets With Mrs. McKee for Business-Social

Mrs. O. J. McKee was hostess to the Bethany class of First Baptist church at her home last week. After a prayer by Mrs. John McKamey, reports of officers were heard and class business transacted.

During a social period, a handkerchief shower was presented to Mrs. George Nix, who plans to leave Pampa soon. Mrs. F. E. Leech gave the closing prayer.

Food drinks and wafers were served to Mrs. A. A. Steele, D. W. Slaton, T. B. Rogers, L. A. Baxter, L. H. Davis, T. L. Anderson, H. L. Watt, Nix, McKamey, and Leech. Gifts were sent by Mrs. J. B. Pafford, P. O. Anderson, W. E. Towe, John Peacock, and E. Stidham with best wishes to Mrs. Nix.

CENTRAL CHURCH OF CHRIST
Brother H. V. Hendry of Wellington, Texas, will be with the Central congregation Sunday morning and evening. Come to hear him if possible. He delivered two wonderful addresses the past Sunday.

Don't forget the Bible study Sunday morning, young folks meeting Sunday evening. Ladies Bible class Wednesday evening and prayer meeting Wednesday night. You are invited to attend all of these.

In "Shanghai," Love Story

Charles Boyer and Loretta Young are starred in Walter Wanger's production for Paramount, "Shanghai," in picture now showing at the Rex theater. The drama tells the story of the fateful meet-

ing of China's great financier and a worshipping girl from New York's smart set. "Shanghai" gives Boyer his second role for Wanger, the first being in "Private Worlds," with Claudette Colbert.

LOCAL THEATER PROGRAMS

The Pampa theater program for this week follows:

LA NORA.
Preview, Sunday, Monday, and Tuesday, and Wednesday—Shirley Temple in "Curly Top"; comedy, "Spring Time Serenade," "Sky Scrapers," and Paramount News.

Thursday—Gail Patrick and Ida Lupino in "Smart Girl"; comedy, "Chas. Davis and Orchestra"; and "Friendly Spirits."

Friday and Saturday—W. C. Fields and Mary Brian in "Man on the Flying Trapeze"; comedy, "Better than Gold," and Paramount News.

REX THEATER.
Sunday, Monday, and Tuesday—Loretta Young and Charles Boyer in "Shanghai"; comedy, "High Wide and Handsome," and Paramount News.

Wednesday and Thursday—Boris Karloff and Bela Lugosi in "The Raven"; comedy, "Personality of Pen," and "Light Fantastic."

Friday and Saturday—Tim McCoy in "Law Beyond the Range"; comedy, "Broncho Buster"; "Rainbow Canyon"; and "Rustlers of Red Dog" No. 2.

STATE THEATER.
Sunday, Monday, and Tuesday—Claudette Colbert in "Private Worlds"; comedy, "Fictorial" No. 8, and "Social Splash."

Wednesday and Thursday—Warren William in "Case of the Howling Dog"; comedy, "Eggs Mark the Spot," and "Mr. and Mrs. Melody."

Friday and Saturday—Buck Jones in "Rocky Ford"; comedy, "Buddy's Lost World," and "Old Gray Mayor."

Guy Cheng, Chinese Davis cup player who attended Shanghai university two years, hopes to remain in this country to finish his collegiate schooling possibly at Tulane.

Lighting was staged "thing" a three-day

Miss Cleo Boyer of Abilene, who has been visiting in the C. J. Meek home, returned to her home Monday. She was accompanied by Mr. and Mrs. C. J. Meek and son, Wandell, who returned to Wheeler Tuesday.

Mr. and Mrs. V. E. St. Clair left Monday for a two weeks visit in Dallas.

The Wheeler business men were defeated by the Canadian business men in a soft ball game Wednesday afternoon. The game was played at the Wheeler ball court.

News Of Interest From Nearby Towns

WELLINGTON, Aug. 10.—W. G. Hite, local farmer, has sold 100 bushels of plums to the U. S. Forest service. The fruit was bought for the seed, which will be used in shelterbelt planting in this and other counties.

HIGGINS, Aug. 10.—When James Pinger had occasion to climb into the loft above a shoe shop, he found a number of old records pertaining to the Higgins post office. Some of them went as far back as 1893. A page from the Ladies Home Journal extolled the virtues of Pears soap.

DALHART, Aug. 10.—O. V. Beck and his drilling crew are drilling below 2,100 feet in the oil test 10 miles west of Channing. Beck has a 30,000-acre block. Geologists selected the location for the test.

HEREFORD, Aug. 10.—An erosion control demonstration project similar to the one near Dalhart has been approved for Deaf Smith county. The supervisor for the project has not been named. Labor will be taken from relief rolls.

MIAMI, Aug. 10.—R. W. Curry of Crosbyton, newly elected football coach, will arrive August 25 to take up his duties. He is attending the coaching school at Lubbock. He was graduated by McMurry college of Abilene in 1934. Last year he was assistant coach at Snyder.

FLOYDADA, Aug. 10.—Contract for 8,000 No. 3 cans of blackeye peas, the entire requirement of A. & M. college of Texas for the coming school year, has been awarded Mrs. W. E. Miller of the Sand Hill community of Floyd county. Within 60 days of that date, Mrs. Miller will have the order filled, she said. She has 6 acres of irrigated land producing the peas.

CLARENDON, Aug. 10.—Sons of the American Legion drum and bugle corps will sponsor presentation of "Fingers," a 4-act play, Aug. 22 and 23. It will be directed by Miss Lorraine Patrick. Proceeds will be used to buy uniforms for the drum corps.

PANHANDLE, Aug. 10.—Continued interest is evident in the Southwest Race Meet and Agricultural fair to be held here August 31 to September 7. Entries will begin arriving here within a short time.

L'FORS, Aug. 10.—Coach Ersson will take his football prospects to Ruidoso, N. M., August 18 for their annual training camp. Many lads are eagerly looking forward to opening of the camp.

SPEARMAN, Aug. 10.—An election to create a soil erosion district out of Hansford county will be called soon. It will enable Hansford county to retain half the state taxes collected in the county, to be used in fighting soil erosion.

PERRYTON, Aug. 10.—Perryton will hold her 16th birthday party August 22. A celebration is being planned with C. E. Whippo as chairman.

make over 4 cups before freezing; or if the egg whites are not used, about 3 cups.

HAM MOUSSE: (six servings) 1 T. gelatine, 1-4 c. cold water, 1/2 c. hot water, seasonings, 1 tsp. mustard, 2 c. minced boiled ham, 1/2 c. cream. Method: Soak gelatine in cold water and dissolve in hot water. Cool and add to minced ham. Add mustard, seasonings, and whipped cream. Turn into tray of mechanical refrigerator and mould.

APRICOT SHERBET: 1 can apricots, 1 c. sugar, 2 c. orange juice, 1 T. lemon juice. Method: Press apricots through a sieve, add sugar and fruit juices. Pour into tray of mechanical refrigerator and freeze. In order to have a dessert of fine even texture, the mixture should be stirred two or three times during the freezing.
