

# U.S. Robots Beat Speed Of Sound

By ROBERT S. BALL  
(Staff Correspondent of the Detroit News)  
(Copyright, 1947, by The Detroit News)

CLEVELAND—(AP)—American robot rocket planes have crashed the sonic barrier at blistering speeds in the neighborhood of 1,700 miles an hour, a high government official revealed today. The flights have been carried on for months from a lonely island off the Virginia coast, where the National Advisory Committee for Aeronautics (NACA) has a small experimental station.

This disclosure of American progress in the field of supersonic flight—which is flight faster than the speed of sound—was prompted by publication Wednesday of accounts from England of the 900-mile-an-hour flight of pilotless rocket craft.

As in the English experiments, the American rocket ships are launched at high altitude from a flying bomber. Their controls are pre-set to send them diving into the sea after a flight of 20 to 30 miles.

Telemetering devices installed in the robot automatically transmit pertinent data to observers aloft and on the ground. Radar also is used to track the rocket plane throughout its brief but sensational flight.

"It will not be many months before we have a piloted aircraft break through the sonic barrier (750 miles an hour at 30,000 feet), although he will be flying a turbo-jet plane with a rocket boost," the government spokesman said.

It was revealed that great progress had been made in recent months in perfecting controls for the supersonic aircraft, whose wings are so sharply swept back that they resemble a "V."

Today's disclosures coincided with, but were not a part of, the first annual inspection by military and civilian engineers of the NACA's flight propulsion research laboratory at the edge of the Cleveland Municipal Airport.

This \$50,000,000 government research plant, which Detroit sought in 1940, has been operating at a constantly accelerating pace for five years. It now has a staff of more than 2,000 technicians.

Among the 270 civilian engineers who toured the vast laboratories Wednesday was Charles A. Lindbergh, who headed the NACA committee which originally planned the facility in 1940. It was his first visit.

Both Lindbergh and Dr. George Lewis, who recently retired as NACA research director, had visited German jet and rocket propulsion research facilities shortly before the war and had first-hand knowledge of the great strides made in them by German scientists in this field.

**SHORTENING SHORTED**—M. N. Halperin, proprietor of the "Cut Price" grocery in St. Paul, Minn., is charged with violating a state law requiring an eight percent mark up on grocery items. He sold shortening for 35 cents; the state says he should have priced it at 37 cents.

## Program Calls for No Poultry, Eggs On Tables Today

Millions of Americans who are joining in support of President Truman's food conservation program scratched poultry and eggs off their menus today.

Today was the first eggless and poultryless Thursday since the beginning of the campaign to save food and although surveys indicated that the nation's first meatless Tuesday received only token observance, more widespread cooperation was predicted today.

Most restaurants as well as many households said the notice for a meatless Tuesday was too short and their menus had been planned.

Leaders in three major farm organizations—the National Grange, the American Farm Bureau Federation, and the National Council of Farm Cooperatives—have promised Mr. Truman "100 percent cooperation" in the campaign to conserve grain supplies.

In Washington there were predictions that the nation's distillers would shut down for 60 days, beginning about Oct. 25 as requested by President Truman in a move to save some 10,000,000 bushels of grain for Europe.

Charles Luckman, chairman of the Citizens' Food Committee, who presided over the shutdown after conferring with officials of the liquor industry, said the food conservation program was "getting the wholehearted support of the overwhelming majority of Americans."

Secretary of Agriculture Anderson said the nation's distillers had agreed to make available for export all grain they hold or have contracted to purchase.

Meanwhile, there was no encouraging news for consumers as prices climbed at most of the country's primary food markets yesterday. There were advances in live hogs at most of the major markets, including Chicago, St. Paul, Omaha, Indianapolis and Sioux City, Ia.

There also were gains in prices in grains at Chicago, Kansas City and Minneapolis; in butter and egg whites at Chicago; wholesale eggs in Chicago, and wheat flour in the New York metropolitan area. Small declines were reported in wholesale butter and poultry at Chicago and wholesale butter in Seattle.

# Balkan 'Watchdog' Plan Wins in U.N.; Chile Expels Two Yugoslav Diplomats

## Pair Accused Of Fomenting Red Campaign

SANTIAGO, Chile—(AP)—Two Yugoslav diplomats, accused by the Chilean government of fomenting, on orders from home, a Communist campaign against the United States and Hemisphere solidarity, were expelled from Chile last night.

An official statement said the two men—Andrej Cunja, Yugoslav charge d'affaires, and Dalibor Jakasa, secretary of the Yugoslav Legation in Buenos Aires, a visitor in Santiago—were acting for the new Communist International headquarters in Belgrade and had received instructions to:

"A. Intensify and coordinate a campaign against the United States of America in order to induce the greater democratic elements to join Soviet strategy against the Western Democracies.

"B. Attack the policy of continental defense.

"C. Develop a plan of sabotage of production, either by means of slowing work or causing strikes and conflicts in industries producing raw materials."

Cunja and Jakasa were taken by automobile to Mendoza, Argentina, just across the border.

It was announced officially just before midnight that President Gabriel Gonzalez Videla had notified President Juan D. Peron of Argentina of his action to "counterbalance the energetically revolutionary plan of the Communist Party" and that Peron had informed Gonzalez Videla that he would take the necessary steps to "defend Argentine sovereignty."

Officials said Foreign Minister Vergara Donoso told the Yugoslavs they had "seriously infringed the hospitality of our country and acted against its independence with subversive aims."

Officials said authorities earlier had attributed a strike of 16,000 Chilean coal miners, now entering its fifth day, to a "Communist revolutionary plot" instigated by a Russian satellite. The miners say they are working for money. One group of the miners rejected last night a government offer of 30 to 40 percent increases.

## Mother of Minister In Revival Here Dies

Dr. E. S. James of Vernon, who is preaching at the First Baptist Church in a revival, has received word of the death of his mother, Wednesday night in Wesley Hospital in Oklahoma City. Dr. James will attend services in Butler, Okla., on Friday. The meeting will continue here and Dr. James will be back to complete services over the weekend.

## Shamrock Subscribers Have New Carrier

Pampa News subscribers in Shamrock are instructed to call telephone 174 if their paper is missed.

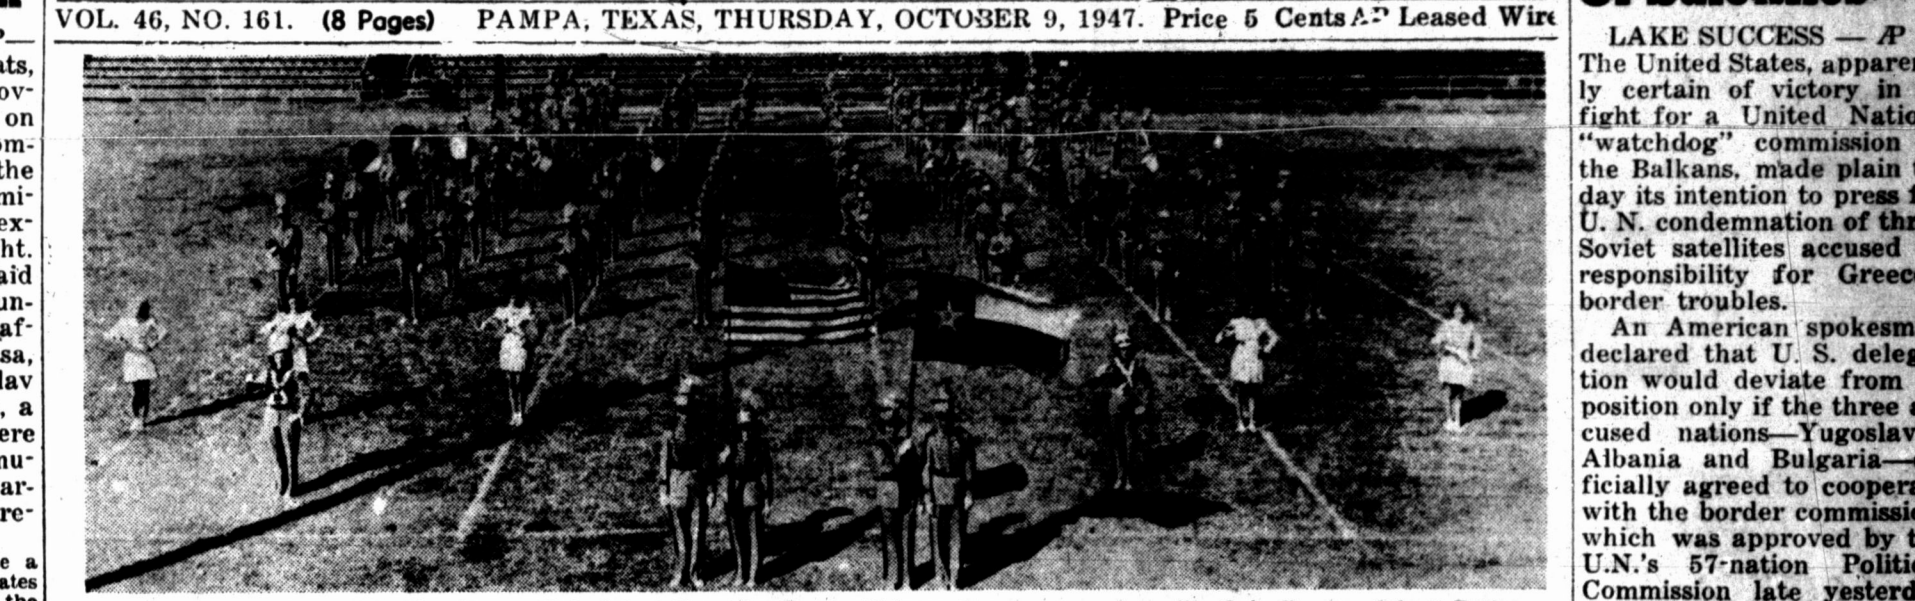

## \$10 Turtle Brings Owner \$50 Prize

SHAMROCK—(Special)—When William (Bill) Allison recently purchased a turtle in the Charity Fund Turtle Derby sponsored by the Variety Club of Oklahoma, he intended the transaction as a \$10 donation. He was pleasantly surprised when he received a check for \$50 along with a letter telling him that his turtle, Veta, had won second place in the fifth annual turtle races held in Oklahoma recently.

All proceeds of the races go to charity, and \$100,000 was turned over to the medical research as a result of the event.

CLASSY HARVESTER BAND—The Pampa High School Harvester Band will leave tomorrow morning with their director, Orland Butler, and faculty sponsors for Wichita Falls where the Harvester gridders will tangle with the Wichita eleven tomorrow night. The band is made up of 110 members.

## Slick Pavement Seen as Cause of 3 Wrecks on 66

Rain and slick pavement contributed to the causes of three wrecks yesterday.

A 1946 Chevrolet coach, driven by George Henry Yoder, Jr., 32, of Jenkintown, Pa. going east, collided with an army truck driven by Sgt. Autry C. Love of the AAF at Almagordo, N. M. going west, about 8 miles west of Aahred on Highway 66 yesterday at 12:20 p. m.

According to Yoder, the truck, which was in convoy, applied its brakes and skidded out of line and over the center of the highway.

Highway patrolmen said the accident happened on a steep grade, and that wreckers estimated around \$400 damage to the Chevrolet. The car carried two other passengers, Mr. and Mrs. George Edward Williams of Southampton, Pa. Williams, owner of the car, was cut and bruised, and a passing motorist, M. C. O'Hara of Dayton, Ohio, carried him to McLean where he was treated by Dr. H. W. Finley. Mrs. Della Williams, 52, was also slightly injured.

The second accident occurred at the same site at 12:55 as a 1946 Ford ambulance belonging to Harry G. Womack, and driven by John Cecil Claborn of McLean, stopped to see if anyone was injured. The driver left the vehicle on the pavement because of muddy shoulders. The ambulance was parked heading west, down grade, when a 1941 Buick, also going west, came over a hill and plowed in the back of the ambulance. Clement Henry Maquet, 25, of Springfield, Ill., was driving the Buick. No one was injured.

Highway patrolmen said damage estimates were about \$200 to the ambulance and \$700 to the Buick. A third accident occurred at 2 p. m. 2 1/2 miles west of McLean as a 1941 Chevrolet convertible coupe, owned and driven by James William McGabe, 22, went out of control on a heavy sea of oil.

At Tokyo, U. S. Navy headquarters said the landing ship was a commercial vessel known as "Coast-guard Jima" said the craft had ridden into 30-foot waves and 140-mile winds, losing its top-side gear.

## 'Wheat for Europe' Meeting Is Tonight

Edwin Sauer, district field man for Church World Service, will be guest speaker at the First Christian Church tonight at 7:30 as he outlines the "Wheat For Europe" drive plans and sows a film, "Seeds of Destiny."

## White Deer to Hear Wayland President

WHITE DEER, (Special)—Dr. J. W. Marshall, president of Wayland Baptist College, Plainview, will speak at the First Baptist Church here at both the morning and evening worship hours next Sunday, in the absence of the pastor, Rev. M. G. Upton, who is conducting a revival meeting at Summerfield.

## White Deer to Hear Wayland President

## Distillers to Take 2-Month Holiday

WASHINGTON—(AP)—A two-month holiday from the distilling of liquor to save upwards of 10,000,000 bushels of grain for Europe was in prospect today, beginning about Oct. 25.

Joseph A. Engelhard of Louisville, president of the Distilled Spirits Institute, said "it is just a question of mechanics" to work out the date for the shutdown asked by President Truman and his Citizens Food Committee.

Engelhard told a reporter the switches cannot be pulled overnight in two or three weeks.

"My guess would be around the 25th," he said.

Charles Luckman, Food Committee chairman, turns his attention next to the beer and ale makers.

Brewing industry representatives will meet in Chicago tomorrow to discuss possible savings and will give Luckman their answer probably early next week.

Luckman said he has no doubt that the liquor industry will get together on the shutdown—despite some uncertainty which developed at a conference on the plan yesterday. A number of industry officials concurred.

This was what happened at the conference:

Thirty-nine companies were represented. After a two and one-half hour session, it voted in favor of the shutdown. The remaining 21 firms abstained from voting, saying they wanted to confer further with their directors or stockholders.

Luckman said all the major distilleries were represented, but he declined to say how any individual company voted.

The companies, he told newsmen, were asked to (1) close down for 60 days and (2) relate immediately all stocks of grain they on hand or on order.

## Texas Application For Television Filed

HOUSTON—(AP)—On file in Washington today was what was believed to be the first application for a television broadcasting station in the South.

It was filed with the Federal Communications Commission by attorneys representing W. Albert Lee, Houston hotel owner.

## Local Firemen Hold Regular Drills Twice Monthly, Special Work Daily

The Pampa Fire Department pumper drill team took first place in the contests at Memphis held recently by the Panhandle Firemen's Association, but the department here has been taking first, second and high ratings for drill work at every convention for many years.

## Near \$100,000 Oil Is Lost In Tank Blaze

Fired by a stroke of lightning at 11:30 p. m. yesterday, the 55,000 barrel storage tank of the Standish Pipeline Company at Kingsmill was still burning savagely at 11:30 this morning shooting orange and red flames as high as 250 feet inside dense clouds of black odorous smoke.

Viewed from the air, the fire today that caused the death of at least two head of cattle and an unestimated number of turkeys yesterday resembled the oven vent of Satan's main furnace with the blower wide open.

W. J. Nolan, district engineer for the pipeline company reported this morning to The News that he had lost, as a result of the fire, one 20 by 100-foot turkey house containing 500 turkeys. He said that some of the turkeys burned to death when the building caught fire from the tank. Nolan did not have any accurate count this morning how many of the birds removed from the building died later. Nolan also lost a 12 by 12 grain storage house containing at least \$1,000 worth of wheat.

At 10 p. m. last night a portion of the large tank collapsed shooting flames at least 1,000 feet in the air and were visible as far south-east as Wellington, according to Homer Doggett who was coming home from Abilene at the time. Assistant Fire Chief Newton Stokes, traveling west from Amarillo with his family about the same time saw the flames about three miles west of Panhandle. He told The News late last night he first thought it was a gas flare, or butane truck burning along the highway and started to take his family across country. Later he came on in to help fight the blaze.

Estimates of the damage made later this morning ran the figure up to at least \$100,000 worth of oil lost.

Farther dikes were thrown around the burning tanks by asbestos clad bulldozer drivers yesterday, but these too proved inefficient to hold all of the fire back. Two 10,000 barrel storage tanks near the burning tanks so far are safe from damage. One rumor spread around the area was that the tanks were filled with gasoline, but had been drained. This rumor was spiked this morning by Nolan who said they also contained oil.

Workers from the Southwestern Public Service Company working on the ground and on poles yesterday about 300 feet from the doomed tank were shocked by static electricity when the bolt struck. As the fire in the tank broke out in earnest the men were forced feverishly to restore power to aid men in draining.

## Latest Rumor PAAF Reopening—False

Persistent rumors concerning the re-opening of the Panhandle Army Field again came into the limelight this morning when The News was asked if it was true that 700 GI's moved onto the base either yesterday or this morning.

Upon receipt of the call, two members of The News staff rushed to the field and were unable to observe anyone on the base. Both gates were locked and unattended at the time.

It is believed that the rumor sprang from the appearance of an army truck convoy sighted in the area, yesterday. The convoy was on Highway 66 moving west.

## Coyotes Reported In McLean Area

McLEAN—(Special)—An infestation of coyotes in this area is being reported again. A number of the animals have attacked fowls on various farms.

## U.S. Presses For Rebuke Of Satellites

LAKE SUCCESS—(AP)—The United States, apparently by certain of victory in its fight for a United Nations "watchdog" commission in the Balkans, made plain today its intention to press for U. N. condemnation of three Soviet satellites accused of responsibility for Greece's border troubles.

An American spokesman declared that U. S. delegation would deviate from its position only if the three accused nations—Yugoslavia, Albania and Bulgaria—officially agreed to cooperate with the border commission, which was approved by the U. N.'s 57-nation Political Commission late yesterday by a 34 to 6 vote.

The spokesman added that the three nations had made it evident they had no intention of complying—an assertion to which Bulgarian Delegate Boris Athanasov gave weight by telling interviewers:

"They (the U. S.) have the majority and can keep voting resolutions. They can decide this wall is black, if they want to. This is a maneuver. It is railroading a proposal. It is a horse trade and we refuse to take part in it."

The veto on Greek border watch came as the Political Committee balked clause by clause on United States' proposals for preserving peace in the Balkans. The committee's decision will go to the Assembly for final approval after it completes action on the U. S. proposal, but this was generally regarded as little more than a formality inasmuch as the committee is composed of representatives of the same 57 nations which make up the Assembly, which has demanded that the U. N. find Greece to blame for the border conflict, cannot veto the proposals in the Assembly because the veto applies only in the 11-nation Security Council.

In yesterday's vote on the Border Watch Commission, Russia was supported in the opposition only by White Russia, the Soviet Ukraine, Yugoslavia, Poland, and Czechoslovakia.

## Perryton Hiway Progress Reported

Wade Thomasson, Gray County commissioner, and several men of the Highway Committee of the local Chamber of Commerce in conjunction with District Highway Engineer Guy Lott, in Amarillo, this week, were assured by Lott that plans and specifications on State Highway 18 in Roberts County will be ready for letting in December or January.

All of the field survey work has been completed, and the plans and specifications are being rushed to finish in order that work on this stretch of the highway may begin immediately. Lott reassured the

The State Highway Commission, several months ago, ordered the plans and specifications for the construction of a 20 mile stretch in this highway between Pampa and Perryton this year.

## Craft Workshop Slated Tomorrow

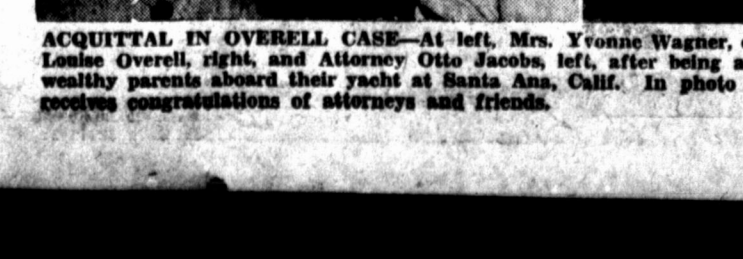

Girl Scout Craft Workshop for leaders, troop committee members and anyone else interested will meet in the City Club Rooms from 9 to 11 Friday morning.

Those wishing to work longer may stay till 1 p. m. Mrs. C. B. Ausmus will assist Miss Marie Stedje in presenting the crafts.

## Military Court Sentences 3 Men

JERUSALEM—(AP)—A Jerusalem military court today sentenced three Jewish men, including two brothers, to serve seven years in prison for printing leaflets used by the Jewish underground organization, Irgun Zvai Leumi.

A fourth defendant, father of the two brothers, was acquitted.

In photo at right, co-defendant Bud Gollum receives congratulations of attorneys and friends.

# FBI Reports on Texas' Crimes During First Six Months of '47

By TEX EASLEY.  
AP Special Washington Service.  
WASHINGTON — (AP) — Crimes were committed in Texas during the first six months of 1947 at about the same rate as in the corresponding period of last year, although there was a drop in the number of murders and nonnegligent manslaughters.

A report by the Federal Bureau of Investigation shows that there were 6.69 murders and nonnegligent manslaughters for each 100,000 population in the January-June period, compared with 8.77 during the first six months of 1946.

Slight declines also were recorded in the numbers of robberies and thefts, including automobile thefts. The number of aggravated assaults and burglaries increased.

The rate of each of these for each 100,000 persons with the rate for the first six months of 1946 shown in parentheses, follows: Robberies, 28.7 (29.2); aggravated assaults, 67.8 (61.7); burglary—breaking or entering, 335.2 (317.3); larceny-theft, 779 (857.9); auto theft, 145.2 (167.8).

The rates of these crimes in the four Southwestern states of Texas, Oklahoma, Arkansas and Louisiana as a group were: Murder and nonnegligent manslaughter, 6.31 (7.53); robbery, 31 (30); aggravated assault, 57 (64.6); burglary—breaking or entering, 276.6 (262.2); larceny-theft, 636.8 (675.4); auto theft, 123.7 (151.9).

The actual number, not the rate.

of offenses for the corresponding periods in the four largest Texas cities also are shown:

Dallas—Murder and nonnegligent manslaughter, 39 (40); robbery, 29 (45); aggravated assault, 322 (404); burglary—breaking or entering, 1,721 (1,849); larceny-theft, \$50 and over, 388 (328); larceny-theft under \$50, 3,483 (3,405); auto theft, 586 (593).

Fort Worth — Murder and nonnegligent manslaughter, 14 (15); robbery, 29 (45); aggravated assault, 114 (88); burglary, breaking or entering, 465 (430); larceny-theft, \$50 and over, 157 (160); larceny-theft under \$50, 1,865 (1,478); auto theft, 242 (303).

Houston—Murder and nonnegligent manslaughter, 37 (48); robbery, 121 (168); aggravated assault, 19 (124); burglary—breaking or entering, 1,976 (1,828); larceny-theft, \$50 and over, 548 (508); larceny-theft under \$50, 2,911 (5,694); auto theft, 488 (672).

San Antonio—Murder and nonnegligent manslaughter, 13 (14); robbery, 153 (107); burglary, breaking or entering, 944 (979); larceny-theft, \$50 and over, 370 (299); larceny-theft under \$50, 1,652 (1,151); auto theft, 681 (595).

Around the Capital: Senator Tom Connally returned from the Rio de Janeiro Inter-American Conference looking better than he has appeared in years.

The senior Texas senator and Mrs. Connally enjoyed a 10-day voyage on a Navy transport ship which docked at Norfolk, Va. They came to Washington in a State Department automobile.

Greeting newspapermen at a press conference on getting back to his office, he playfully took up a long Japanese saber from the fireplace mantel and meant to flail it toward the correspondents. The blade stuck in the wall, however, so he piked up a nearby bolo knife and playfully poked it against the ribs of the newest newsmen.

The Association of American Railroads denies there has been any discrimination against railroads in the Southwest in the matter of supplying gondola cars.

Here are some excerpts from a report on the situation by William A. Farley, AAR president, to Senator Connally:

"On Aug. 15 the railroads in the Southwest and Central West reported an ownership of 71,388 gondolas, with a total of 82,981 of this type on their lines. On the other hand, the roads in the eastern and Allegheny districts of the county own a total of 156,570 gondolas and had on line 128,313. A very substantial number of the gondolas on the roads in the Southwest and Central West are of eastern and Allegheny lines' ownership.

"It is hardly true, as the company put it, that gondolas in that territory are 'in fact next to the vanishing point,' as the figures I have given you above will indicate.

"Despite the arbitrary orders to which reference is made that Southwestern lines shall return a certain of Eastern-Allegheny cars daily, the number of gondolas on line in the Southwest and Central West has decreased by 2,178 cars out of a total of over 80,000 during the past two months.

"You may be interested in knowing that roads in the Southwest and Central West during the four latest weeks for which data are available report the loading of over 6,000 more gondola cars than in the corresponding period of 1946, indicating that, despite their reported shortages they are still loading a very substantial amount of cars of this type.

"For the period Jan. 4 to Aug. 30, 1947, inclusive, the Southwestern roads have loaded 19.5 percent more gondola cars than in the corresponding period of 1946."

## Ten Are Injured in Three-Way Accident

HILLSBORO — A three-way traffic accident 12 miles from here last night left ten persons injured, none critically.

Six of the injured were Hillsboro school boys returning to their homes after a day at the State Fair of Texas in Dallas.

They were Joseph Dossert, 18; Robert Hunt, 16; Charles Arnold, 15; Kenneth Jacobs, 16; Billy Vaughn, 16, and Billy Siddons, 17.

Sheriff Ralph Allen of Hillsboro said an oil transport truck was in collision with two cars, the first crash causing the second.

The driver of the truck was listed as R. E. Slosson of Dallas. Three Negroes, occupants of the cars, were injured. They were Albert Carter, 18, and G. C. Gengard, 16, both of Milford, and Mathalie Wallace, 15, of Italy, Texas.

There are about 12 different species of walnuts, eight or nine of which are cultivated.

From where I sit... by Joe Marsh  
How to Tell You're Getting Old

Doc Walters gave me this formula: It's a sure-fire sign you're getting old when you resent other people having a good time.

And the Doc means it hasn't much to do with age. There are old folks in our town who get a big kick out of seeing other people enjoy themselves—seems to keep them young in spirit, with a twinkle in their eyes!

And there are some others who resent the young folks going fishing; who feel that community games and dances are just a waste

of time; or who criticize temperate people for enjoying a mellow glass of beer with friends.

They're often well-intentioned folks, too. But from where I sit, the minute we criticize our neighbors for enjoying wholesome pleasures—like a game of horseshoes, a glass of beer, or an afternoon's fishing—it's a sure sign we're growing old (in spirit anyway) no matter what our age is.

Joe Marsh

This Is Happy

By PEGGY DERN

THE STORY: Happy Brandon has just gotten to Steve Lander's hard-boiled war correspondent and reporter of doom. Steve is working in Happy's one-room apartment to his own office.

GEORGE was just as she remembered him, she told herself contentedly when they sat opposite each other at the restaurant table; not spectacularly good-looking, but—nice! Clean-cut, bronzed, healthy; alert; interested and admiring, with the manner that makes a girl feel cherished and sheltered.

It was a memorable evening, and after he had taken her home, she sat for a long time, curled up in her chair, Timmy on her knees, a bewildered look in her eyes. She liked him a lot—a whole lot! But she must be very, very careful, because it couldn't possibly come to anything serious. She must face that and make it a part of her daily living and her daily thought, so that she wouldn't be hurt later.

Death of Woman at Vernon Investigated

VERNON—(AP)—Authorities today continued to investigate the death of a woman whose body was found in a tourist cabin here.

Trinity River Dam Work to Begin Soon

WYLLIE—(AP)—Col. Bernard L. Robinson of Galveston, district Army engineer, said that contracts would be awarded Nov. 7 for construction of the initial earthen embankment of the \$12,000,000 Lavon reservoir on the East Fork of the Trinity River.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membrane.

Oil Fire

Fire units from Borger, Phillips and Pampa stayed on guard all night to protect nearby homes of oil workers. The fire fortunately was confined to a little bit beyond the tank and failed to ignite any of them. Some families were preparing to move their belongings elsewhere if the need arose.

Up until noon today no firemen or workmen were reported injured by the fire. Officials estimated yesterday the cost of the oil inside the tank ran about 85 cents a barrel.

# Wichita Falls Rated as Heavy Favorites Over Green & Gold

## Locals First String to See Lot New Faces

In an effort to combat the highly rated Wichita Falls Coyotes, and to iron out weaknesses shown in last Friday's game with the Vernon Lions, Coach Tom Tipps has announced six changes in the starting lineup that will start against the Coyotes in Wichita Falls tomorrow night. These changes are all different from the way the Green and Gold lined up in Vernon last week.

Strating at left end will be Kelly Anderson, who is being shifted over from the center position; at left tackle will be Bobby Jack Phillips, 162-pound sophomore, at center will be Hansel Kennedy.

Filling the man-under spot, left vacant by Charlie Lafoon, who will be out of tomorrow night's game due to an injury sustained in the Monday practice sessions, will be Lamar Lively, 155-pound Junior. Carl Mayes, leading local scorer, has been shifted to fullback. Vernon Heiler and Jack Williams will be running from the halfback slots. Jimmy Wilson, who saw limited action against the Lions last week, will again be out of the starting lineup. Reports state that Wilson is still having trouble with his ankle which was broken in a pre-season scrimmage.

Harvesters' probable starting lineup will be Anderson, left end, 168; Phillips, left tackle, 122; Thorpe, right guard, 185; Kennedy, center, 160; Scheig, right guard, 165; Hutsel, right tackle, 176; Davis, right end, 156; Lively, quarterback, 155; Heiler, left halfback, 150; Williams, right halfback, 155; and Mayes, fullback, 175.

## Coyotes to Start Minus Lawrence

By LARRY MOORE  
Sports Editor Wichita Falls Record News

WICHITA FALLS—Without unexpected mishap, the Wichita Falls Coyotes are expected to take the field against the Pampa Harvesters tomorrow night minus the services of only one man. Back Jimmy Lawrence, Lawrence a starter, has been out of action the major part of the season.

Dissatisfied with the Pack's performance with the Sweetwater Mustangs, Coach Joe Golding has held his stiffest practice sessions of the year this past week, in an attempt to devise an offensive which will go against the big Pampa line for all through early season game has drawn the Coyotes as state titlists, their offense has not been an impressive one. In gaining easy victories over Denison, Breckenridge and Sweetwater by scores of 28-0, 21-0 and 39-7, the Coyotes have done well from the standpoint of score, but a statistical breakdown gives them little edge over any of their opponents.

The fact that a sturdy line has carried the load may be shown by the following: The Coyotes have made only 414 total yards from scrimmage in three games against 252 by the opposition. They have lost 41 yards while opponents have been nailed for losses amounting to 122 yards, giving a net yardage of 373 to 122, or an average gain of only 124 to a meager 31.

With Triple-threat Bubby Wood on the throwing end, the Coyotes have been dangerous in the air, either scoring or setting up tallies with their passes. Wood has completed 16 of 37 attempts for 305 yards, an average of 19 yards per pass completion. The pass defense has been so-so, with the 13 of 28 aerials completed by the opposition for 168 yards.

The value of Wood as a passer is accentuated by the fact that he has had only one of his losses intercepted. The Coyotes have stolen six. Although they knocked the Sweetwater Mustangs off by a five touchdown margin, the Coyotes were played to a draw on paper. The first downs were even at 12 apiece, yards gained rushing were 107 to 103 with a slight advantage for the Coyotes, and the Mustangs had a similar margin passing with 78 yards to 70 chalked up. The difference in the back took advantage of the breaks, and were dangerous from far out, using punt and kickoff returns to a big advantage. They have completed few sustained drives during the year.

This "Paper Analysis" is not given to lull Pampa fans into the idea that Wichita Falls does not have a dangerous eleven. For such an inference would be 100 yards south of erroneous. It probably has more possibilities than the Coyote club which won the state championship in 1941. Its play is featured by vicious tackling and sometimes outstanding blocking but both have been too spasmodic to make it the irresistible force that statewide publicity has indicated.

Probable starters: Freddie Sim-

## National Pro-Football Loop Expects to Break Attendance Records

CHICAGO—(AP)—The two-year-old All-America football conference appears to be a husky, vigorous youngster and the venerable National League also is robust in its 28th season if attendance figures to date are any criterion.

An unofficial survey shows that the All-America circuit, nearing the halfway point in its 1947 schedule, may welcome its 1,000,000th customer Sunday. The National League, with play only two weeks old, appears heading toward an all-time attendance record.

Before the 1947 season opened both of the league's commissioners, Bert Bell of the National Football League and Jonas H. Ingram of the All-America, announced 2,000,000 spectators as the goal.

In 22 games, the All-America is swinging along at 40,776 average with 85,064 in attendance.

In 11 games this season the National League has attracted 346,341 clients, an average of 21,476.

**NFL'S NEW MENTORS**  
BOSTON—(AP)—Two coaches are making their National Football League debuts this season. Maurice J. (Clipper) Smith is handling the reins of the Boston Yanks and Bob Snyder, former pro star, is the new chief of the Los Angeles Rams.

There are few, if any of the local football prognosticators who believe that the Harvesters will down the much favored Coyotes. In fact, very few of the bettors are taking Pampa without at least an 18 or 20 point handicap.

Whether or not the Harvesters win tomorrow night's game should be of little importance. However, the showing that the team makes as a unit should mean a great deal. If the Harvesters play the same type of ball that they played against Dent against a team that it will affect the crowds that will attend their future games both at home and away. If the boys go on the field Friday night and play the hustling, aggressive type of game that they have shown they are capable of, then we are sure they will get the credit and following they rightfully deserve.

The pressure is off. The Green and Gold gridsters are no longer undefeated. They are no longer ranked among the top twenty teams in the state. There should be no reason, despite injuries why they shouldn't make a promising showing against the highly-favored Wichita Falls Coyotes tomorrow night.

Some historians claim that the (sea) industry in Japan dates back to 1565.  
About 26,400 miles of 205 U. S. rivers are navigable.

Its stuff for the Lion.  
Texas vs. Oklahoma  
The Sooners just won't roll  
Against Texas in Cotton Bowl.

## SPORTS BEFORE YOUR EYES

Before the World Series Larry MacPhail wrote the Secretaries of War and Navy suggesting that, since the Yankees would win in four games, he'd like to have the four service bands—Navy, Marine, Army and A. A. F.—to play on the four days—Larry changed his mind when he heard about the expense items, plus the difficulty of obtaining clearances.

Dud De Groot, Los Angeles Dons coach, is one step ahead of the march of progress in football coaching. . . . In addition to the usual press box spotter, Dud has installed a television receiver on the sidelines so he can spot the strong and weak points of the two teams from the equivalent of an elevated observation post.

## Camp Bowie Area Being Sought for Game Region

SAN ANGELO, Tex.—(AP)—The Wildlife Federation said in policies to associated clubs today that several groups are interested in buying 55,000 acres of the 116,000-acre surplus Camp Bowie Military Manoeuvres Area for a game restoration and demonstration area.

Grady Hill of San Angelo, president of the federation, said he was informed by Howard Dodge, executive secretary of the State Game Commission that the Brownwood Chamber of Commerce was among those asking the Game Commission to drop its proposal to buy the land.

The question will be discussed in Austin Monday at a meeting of the commission.

Hill said that the federation was calling the attention of 80 clubs to the Brownwood request.

"The federation did this at the request of Brownwood sportsmen and after determining that many people at Brownwood wish to have the public project," Hill said.

The federation notices dealt primarily with the organization's regular semi-annual directors' meeting to be held in Mineral Wells Sunday, Oct. 19.

"Camp Bowie offers the perfect set-up for establishment of the state demonstration project which 1,250,000 Texas sportsmen wish to see carried eventually to the various sections of the state to give the public places on which they can hunt and fish," Hill said.

"Texas," Hill added, "is one of few western states with no actual public lands. Today Johnny Public is lucky to find a place where he can hunt and fish."

## White Deer to Tangle Claude Tomorrow Nite

WHITE DEER (Special) The White Deer Bucks will tangle with the Claude Mustangs in the first meeting of the two teams since 1939, tomorrow night in White Deer.

The Mustangs have good material this year both in the backfield and in the line. Luke Bagwell is their main ball-carrier and is also a shifty runner. Joel Wilson, passing artist, shifts from quarterback to halfback on both offense and defense.

A good passing attack and James Weatherall's accurate kicking have been the Bucks' outstanding features throughout the season.

The Bucks have a very slight advantage in weight, averaging 157 to the Mustangs' 154.

# Chances of Regaining His Old Job Are Good, Says Durocher

## Babe Leads Parade Into Quarterfinals

PORT WORTH—(AP)—Mildred (Babe) Dinkins Zaharias led a parade of favorites into the quarterfinals of the Texas Women's Open here but she was forged to the 20th green for her 1-up decision over scrappy Kay Pearson of Houston.

She faces tiny Bettye Mims White of Dallas in today's match. Mrs. White advanced with a 3 and 1 victory over Mrs. M. B. Killian of San Antonio.

Miss Pearson, making the most of her frequent opportunities, held a 2-up advantage over the Babe at the end of nine holes yesterday. The usually accurate Mrs. Zaharias had sprayed shots all over the course in a round which found her three over women's par.

But she struck back after the turn, and the match apparently ended when 17 was halved, but Babe slapped her tee shot into a flower bed on the final hole and Miss Pearson gained a reprieve.

Babe dropped out of the difficult 18 and played it safely for what was called a par five until a rules committee ruled that she had lost a stroke by moving her ball. The match went to extra holes.

Fort Worth's Polly Riley meets Carol Dyringer of Triffin, O., today. Miss Riley advanced over Mary Agnes Wall, Menominee, Mich., 6 and 5, and Miss Dyringer ousted Mrs. J. W. Ross, Amarillo, 4 and 2.

Patty Berg of Minneapolis, who beat Mrs. H. R. Staats of Davenport 3 and 3, meets Peggy Kirk of Findlay, O., victor 1-up over Mrs. Ernie Blanton of Enid, Okla.

Betty Jameson of San Antonio plays Betsy Rawls of Austin. Mrs. Jameson defeated Mrs. H. Willford of Sherman 3 and 2, and Miss Rawls downed Mrs. Frank Goldthwaite of Fort Worth by the same score.

Wool today is cleaned primarily with the use of a specially prepared potash soap.

# For Two Seasons Layne Has Proved Poison to Sooners

## DALLAS—(AP)—Don't look now

Sooners but here's that man again. Yes, Bobby Layne, who has been the vinegar in your ice cream, will be on deck Saturday when Oklahoma plays Texas in the Cotton Bowl.

Oklahoma fans may start wondering if Bobby isn't making a career out of beating their football team; he's been around such a long time—or at least it seems that way.

As far back as 1944 Bobby layne was putting the Indian sign on the Sooners. That year he was only 17 but he passed the Longhorns to a 20-0 victory.

Layne wasn't present in 1945 although most of the Oklahoma fans may think so because Texas won again 12-7. Bobby didn't get out of the Merchant Marine until November of that season. The Texas-Oklahoma game always is in October.

But bounding Bobby was around last fall when Texas again licked the Sooners, this time 20-13. Bobby's passing broke Oklahoma's heart.

And so they come up to the forty-first Oklahoma-Texas game and expect to see a lot of Mr. Layne—probably too much. Blond Bobby has become a T man since last fall—he's the quarterback under Blair Cherry's terrific T formation. All kinds of praise has come to him for his work. Arnold Tucker, who knows considerable about the T formation since he guided mighty Army when Glen Davis and Doc Blanchard were leading the way to one of football's greatest days in streaks, had this observation after watching Layne pilot Texas to a 34-0 decision over North Carolina:

"He is one of the real top-flight T quarterbacks in football today. His choice of plays kept the North Carolina team in the hole constantly."

Bobby hasn't done much ball-carrying or punting this year. In fact, he has done no kicking at all, since he is in the lineup only on offense. But he has been throwing that ball high, wide and handsome. He has pitched 28 times, completing 17 for 362 yards. This puts him ahead of last year when for the same period he had thrown 18 and connected on 11 for 229 yards. And Layne, last season, was the nation's leading passer.

If it's any consolation to Oklahoma, this is Bobby's last year. Next season everybody can start all over—with Oklahoma having an even break.

**WE ALL PLAY — FOR ICE CREAM**  
HASTINGS, Neb.—(AP)—The performance of the Hastings High School football team has a lot to do with the cost of living for Hastings teenagers.

If the team wins on Friday night, the price of ice cream sundae in one Hastings drug store on Saturday drops five cents (to 20 cents). For each touchdown made by the home team another penny comes off the price.

**HARDSCRAMBLE TOURNEY OPENS TODAY**  
FORT SMITH, Ark.—(AP)—With Bud Ward and Frank Stranahan occupying the favorite roles, amateur golfers today shot qualifying rounds for the Hardscramble Invitation tournament.

Match play on the par 71 Hardscramble Country Club course will begin tomorrow. Two 18-hole matches will be played daily until Sunday when the title will be decided by a 36-hole match.

**CLEMSON BACK LEADING GROUND GAINER**  
NEW YORK—(AP)—Although his team has lost two of its first three games, Bobby Gage of Clemson is the individual ground gaining leader among all the college football players of the country at this early stage in the 1947 season.

Statistics released today by the National Collegiate Athletic Bureau show that Gage has accounted for a total of 646 yards in 81 plays against Presbyterian, Boston College and Wake Forest.

# Gladewater Entry In Lone Star Loop

## TYLER—(AP)—Gladewater will

replace Jacksonville in the Lone Star League next year, it was indicated here today, after Jacksonville had forfeited its opportunity to retain its franchise.

Pat Wilson, owner of the Jacksonville club, said he would move to Gladewater next week to begin preparations for the 1948 season.

He said Gladewater had promised to build a new ball park and had taken a 10-day option on the franchise.

**HARDWOOD TUNESMITH**  
BOSTON—(AP)—Saul Mariachin, last year's Harvard basketball captain who is a rookie with the Boston Celtics of the Basketball Association of America, had his first song published recently. Republic Records also made a recording of "The More I Do."

# Texas Today

## By JACK RUTLEDGE Associated Press Staff

Remember the depression? I. J. C. (Chase) Holland of San Angelo does, and with a great deal of appreciation and gratitude. It took him a long time to get on a unique and profitable industry.

Mr. Holland is owner of the Holland Jewelry Co., and in 1936 "things were terribly bad."

Some friends had extended credit and enabled the business to continue, and as a gesture of appreciation he wanted to send them a little token to show his thankfulness and gratitude.

The handle of an old umbrella gave him an idea. From it, he made miniature spurs, complete with rowel. He meant to attach the little spurs to cards, and send them to his 57 friends and creditors.

Then he decided to attach the spurs to a chain, and use them as tie clips. He wore one such clip to a service club meeting, and before the luncheon was over, he had received an order for five more just like it.

The San Angelo man who ordered them sent them—the first of the now famous spur-clips—to President Franklin D. Roosevelt, John N. Garner, then vice-president; Sen. Tom Connally; Jesse Jones, then head of the Reconstruction Finance Corp.; and Amos G. Carter, Fort Worth publisher.

Others saw the clips, and wanted them. Soon Holland had to hire another jeweler to help make them.

Today he hires 44, of which 26 are ex-servicemen. He also has six traveling salesmen touring the country.

He advertises in national magazines, the slick paper publications. His spur-clips have improved. He works in cattle brands—"cattle brands are the coats of arms of
