GRAIN HARVEST IS IN JAM IN MIDWEST AREA

FARMERS ARE RACING AGAINST SUN FOR 1935 CROP

CHICAGO, July 29. (AP) — Farmers of the midwest and all the hired hands they could get, raced against the sun today for the 1935 wheat crop.

In hot, stifling, dazzling-bright daylight hours they bent every effort to cutting the grain before high temperatures ripened it too much. At night flickering lights picked out the shadows of men and women and machines working "straight through."

Unusual weather conditions, a long period of dampness followed by extremely hot weather, brought on a jam which called for all the power the farm belt could muster, in both men and fessne. The grain ripened suddenly, and continued hot weather meant the crop would "shatter"—the heads of the wheat would sprout and the bare kernels tumble to the ground unless it was harvested quickly.

Men were needed and without delay. The annual transient harvest gangs of experienced men weren't sufficient. Relief officials responded by shutting down relief projects with an ultimatum of "no work, no food."

The flow of men to the fields began immediately. In one south Dakota county 400 of 500 men out from relief work joined harvest crews. In instances where farmers lacked money to pay the hands, the federal emergency administration lent funds.

Even with this help, however, the shortage today was still acute in some places. In Iowa, where enough help couldn't be found, women went to the fields to help their husbands. Children old enough to be of use were enlisted. Younger ones took over many of their mothers' duties cooking huge quantities of food for the workers.

In South Dakota the demand for hands continued with additional requests for women to cook for the laborers.

In Missouri and Kansas farmers, fighting wet muddy fields, were forced to modify standard binder equipment in some instances to get wheat in shock.

In Nebraska the battle was almost over. Cutting and threshing was completed in the east and central sections and combines were moving in the west end. The supply of help was adequate, state relief chiefs reported with the rolls well cleaned up by the harvest demand.

Minnesota's sons of the soil were pressing ahead and appeared to be conquering the jam with the aid of labor released from projects. Authorities said relief clients were generally agreeable to the decree of help or lose their relief status.

In the Dakotas the rush was coming to a head. South Dakota farmers were taking all the help they could get at \$2 to \$2.50 a day, plus board and room. These rates were about the same as for the rest of the northwest wheat territory although in some places the wages ranged down to \$1.

In North Dakota relief rolls won't be trimmed until August 2, when the heavy harvest band demand is expected, but officials said today they expected the shutdown to provide sufficient labor to harvest the crop.

DOCTOR CHARGED

SAN ANGELO, July 29. (AP)—A complaint charging illegal sale of 13 grains of morphine on May 14 last was filed in federal court here today against Dr. B. Henry, pioneer dentist of Eden. He was brought here and bond was set by U. S. Commissioner Jesse Couch at \$1,000. He did not make bail immediately and was transferred to the Abilene jail.

I Heard . . .

A local man who is in the market for a car, telling about giving the "wolves" a bum steer at his office and sneaking out to the swimming pool every afternoon. The salesman, in some unknown manner, found out about the ruse and every afternoon sit on the banks of the pool waiting for him to get out of the water.

Grunts and groans from City Manager C. L. Bitts who played 18 holes of golf Saturday and 36 holes yesterday (and didn't win a thing). He wore blisters on his heels, toes and the soles of his feet as well as developing a couple of charlie horses.

Honesty Paid

\$1,500 in bonds in his possession—but not even money enough to buy a three-cent stamp to notify authorities about what he had found! That was the plight of Daniel Fisher, Jr. (above), who had to wait until his impoverished family received its weekly relief check before he could start the lost bonds on their way back to their proper owner. Newark, N. J., plans to honor his honesty by a sizable reward.

ELECTION FOR WHEAT BODY TO BE ON TUESDAY

7 Communities Will Vote Tomorrow Night

Tuesday, July 30, has been set as the date for the election of local committees of the Wheat Production Control association in Gray county. Elections for the seven community will be held at 8:30 p. m. in the following places: Farrington at Farrington school house; Bell at Bell school house; Hopkins at Hopkins school house; Grandview at Grandview school house; Schaffer at Schaffer school house; Laketon at Laketon school house; and Pampa community at the county court room. A chairman and two other committeemen will be elected for each community.

The present committeemen for each district are: Farrington, Clyde L. Carruth, chairman, George Phillips and O. H. Ingram; Bell, Casper McKnight, chairman, Roland Deuer and John Bell Jr.; Hopkins, W. E. Ginn, chairman, Ernest Vanderburg and John R. Davis; Grandview, Edwin Nelson, chairman, R. G. Lehnick and Alfred C. Adams; Schaffer, Phil Farley, chairman, O. P. Blackwell and Morris Knapp; Laketon, Clarence Bowers, chairman, Charles Talley and Walter Jones; Pampa, Irvin Cole, chairman, Chris Baer and W. J. Carruth.

Every contract signer is urged to be present. Both landlords and tenants will be eligible voters, each person being allowed only one vote, regardless of the number of contracts they have.

Newsman To Face Contempt Charges

ANGLETON, July 29. (AP)—Three Houston editors and their reporters were formally cited for contempt today by District Judge M. S. Munson.

The order, filed shortly before noon, is an outgrowth of Judge Munson's order to the reporters last Tuesday that they must not print any of the testimony in the murder trial of Clyde Thompson, the Eastland "thrill slayer." He issued the order on the ground that if the testimony were printed in the Thompson case it would be virtually impossible to obtain juries in two companion cases.

The three reporters and their respective editors are: Frank White and Max Jacobs, managing editor of the Post; Harry McCormack

COMMUNISM IS FLOURISHING IN UNITED STATES

SO SECRETARY BROWDER TELLS REDS IN MOSCOW

MOSCOW, July 29. (AP)—Earl Browder, general secretary of the communist party in the United States, told the seventh communist international today that the American communist party is carrying on the traditions of the United States in its war for independence.

"We have assimilated the revolutionary traditions of 1776," he said. "We are heirs to the revolutionary movements from which the United States originated."

He said the native American membership of the party had increased from 10 per cent in 1930 to 40 per cent at the present time and that the total membership is now 30,000.

Browder declared agents of the communist party had reached more than 1,000,000 factory workers and that the sphere of the party's influence was growing among students, farmers, and white collar workers in the cities.

Browder, American delegate to the congress, reported that the number of negro communists in America has been greatly increased and that "right wing opportunists are being eliminated from the party."

Browder, in his address yesterday, attributed what he called frequency of strikes in the United States to growing discontent among the workers.

WASHINGTON, July 29. (AP)—Comment was declined at the state department today on dispatches from Moscow asserting the third international had specifically directed the American communist party to "bore from within" labor unions in this country.

The department has received a full report of the resolutions adopted from the American embassy in Moscow. Pending an examination, however, officials would not discuss them.

Newspapermen asked Acting Secretary Phillips if such action as that reported would constitute a violation of the agreement reached between President Roosevelt and Maxim Litvinov, Russian commissar for foreign affairs, at the time the Soviet Union was recognized by this country.

Litvinov promised then that the Soviet Union would restrain all persons and organizations under its direct or indirect control from any act designed to bring about any change in the American system of government or social order.

Flood Sweeps A Valley In Ohio

LOGAN, Ohio, July 29. (AP)—Muddy waters of destruction raged through the Hocking valley today in its worst flood in 22 years. The continual rising water already had caused one death and property damage estimated at more than \$1,000,000.

Logansport counted 300 families homeless and Logan prepared for an emergency should the Hocking river overflow. Washington headquarters of the Red Cross telegraphed chapters in the flood district to start work of relief immediately.

Already six feet above flood stage, the Hocking rose approximately six inches an hour.

Mrs. J. F. McClard underwent a major operation at Worley hospital this morning.

Halt Relief, Send Idle To Fields

With 25,000 men on relief rolls, while farmers, short of help in their harvest, clamored for workers, South Dakota officials took drastic action. By order of the state director, relief was discontinued to force the jobless to work. The picture above shows employees of the Hughes county relief force in Pierre as they put up the "closed" sign.

England Takes Doubles Match And Davis Cup

Allison And Van Ryn Beat In Surprising Upset In Series At Wimbledon.

WIMBLEDON, Eng., July 29. (AP)—England won the coveted Davis cup—emblematic of the world's tennis supremacy—by the third straight time today when the new doubles combination of George Patrick Hughes and C. R. D. Tuckey defeated the American pair of Wilmer Allison and Johnny Van Ryn, 6-2, 1-6, 6-8, 6-3, 6-3, in the challenge round doubles match. The victory gave England the necessary third win in the five match series.

The Britons' victory was the final crushing blow to America's hopes of recapturing the cup lost to France in 1927. The first blow was delivered Saturday when H. W. (Bunny) Austin pulled out a five set victory over Allison in a singles match in which the veteran Texan was favored.

England men went two up as the celebrated Fred J. Perry conquered the young and formidable Don Budge of Oakland, Calif., in four sets, which saw the Pacific coast star force the world's amateur champion to play his best game at times.

The veteran team of Allison and Van Ryn, winners of the all-England doubles title in the past, was highly favored to take Hughes and Tuckey mainly because the Britons had never played together before in cup competition.

Instead they found out quickly they were up against a formidable pair. Tuckey, the newcomer to international warfare, displayed a booming serve that proved a perfect complement to his partner's fine forecourt game and they raced through the first set as Van Ryn weakly hit many easy shots into the net.

After the shaky display, the Americans settled down and played brilliant tennis in the second and third sets, serving and volleying beautifully.

Trailing 0-3 and then 3-5, the Americans broke Hughes in the deuced ninth game of the third set and then Allison held his delivery in the tenth to square the match. The next two games were virtually dog fights which saw both sides hold service and then the Americans tore through their rivals' defense to win the set, sweeping the next two games.

The first six games of the fourth set followed service and then the Britons ran through the next three games with the loss of only three points to win the set. Almost every one of the Britons' shots in the fifth set was loaded with dynamite.

The citation orders the six newspapermen to appear before Judge Munson Thursday at 9 a. m. to show cause why they should not be found guilty of contempt.

Thompson, a convict with two life terms, was given a third life term by the Brazoria county jury here Thursday night for the murder on May 29 on the Retrieve prison farm of a fellow convict, Everett Melvin.

Mrs. J. F. McClard underwent a major operation at Worley hospital this morning.

PROTESTS HIS INNOCENCE TO JUDGE VAUGHT

DENVER ATTORNEY IS SENTENCED FOR KIDNAPING

OKLAHOMA CITY, July 29. (AP)—Ben B. Laska, Denver attorney convicted of conspiracy in the \$200,000 Charles F. Urschel kidnaping, today was sentenced to ten years by Federal Judge Edgar S. Vaught.

Judge Vaught sentenced Laska after overruling a motion for a new trial.

Attorneys for the Denver lawyer indicated they would appeal immediately to the U. S. circuit court of appeals at Denver.

"The court is of the opinion that the evidence was sufficient to support the verdict of the jury," Judge Vaught had said. "The question of whether the jury should believe certain witnesses was a matter for the jury and not the court."

Asked if he had anything to say, the weeping defendant struck his arms-outstretched attitude and said: "Judge, all I can say is—be reasonable. An innocent man is going to be sentenced. That's all I can say. I'm innocent. This is a terrible thing for me after 27 years in this business. Please, judge, be reasonable."

Judge Vaught replied: "There are always a great many embarrassing functions the court must perform. One of these is passing sentence. On the other hand, an offense has been committed."

He then pronounced the brief formality of the sentence and Laska retired with his attorneys. He remained free on a \$10,000 bond to see LASKA, Page 6.

Gerald Thompson's Mother To Testify

PEORIA, Ill., July 29. (AP)—Gerald Thompson's mother will be chief defense witness, it was announced today, in his trial for ravishing and murdering pretty Mildred Hallmark, 19. Defense Attorney Ren Thurman said he would "lay bare her soul" to prove Thompson "sexually insane."

That such a story of mental distortion would be the defense was announced by Thurman in a brief opening statement as the state rested its case.

Court was adjourned then until tomorrow when Thurman asserted, he did not have his witnesses at hand.

The girl's semi-nude body was found half submerged in a cemetery ditch on the morning of June 17. A diary chronicling 16 other attacks, along with 64 unsuccessful attempts, aided in Thompson's apprehension.

Profits Of Missing Utility Czar Aired In Senate Probe

Carl Estes Denies He Received Pay For Speeches

WASHINGTON, July 29. (AP)—Evidence that H. C. Hopson, dominant figure in the Associated Gas and Electric system, took profits of \$2,995,000 during the depression while many of the dividends were unpaid was received today by the senate lobby committee.

It also heard from a number of officials of the Associated system and affiliated companies that they did not know where to locate Hopson.

Even officials of his personal companies said they had not seen the stock utility magnate for ten days or two weeks.

Committee members quickly pointed out that was about the time the lobby inquiry started.

"Is he in the custom of disappearing like this?" asked Senator Schwellenbach (D-Wash.).

"It is not unusual," replied one of the witnesses, H. A. Stix, accountant for Hopson companies. Department of justice aid may be enlisted in the search for the official whose testimony is desired by the committee.

Carl Estes, Texas newspaper publisher, today denied he had been paid for speaking against the Wheeler Rayburn utility bill. The committee refused to permit See POWER, Page 6.

NATIVES LEAVE ITALIAN LAND FOR ETHIOPIA

Black Army En Route To Italy's Colony On East

ADDIS ABABA, July 29. (AP)—It was reported without confirmation, today that a number of native Somalis had rebelled in Italian Somaliland and had started for Ethiopia in the region of Ualul.

It was at Ualul, last December, that both Italians and Ethiopians were slain in a frontier incident. Rumors were current that Ethiopian troops were headed for the frontier of Eritrea, the Italian colony on the east, but the war office did not confirm this statement.

The movement of troops created a profound impression on the population of the capital. The people See NATIVES, Page 6.

Land Committee Visiting Plots

Several members of a committee appointed to purchase land for the holding of the 1936 Centennial, Oil Show and Pioneer Roundup, and future celebrations in this section of the Panhandle, started visiting ground for same this morning. They were accompanied by City Manager C. L. Stine and George W. Briggs, manager of the Board of City Development.

The committee opened bids at a meeting last week but rejected all offers for the time being because of the exorbitant prices set by the owners. It is the committee's intention to visit the land, and set a price which it believes fair for the particular piece of land.

A committee meeting will be held on Thursday night in the B. C. D. rooms in the city hall when others may submit offers or those who have already placed bids can file supplementary prices.

Alaskan Pioneers Become Irritated

SCHMIDT IN TEXAS

FORT WORTH, Texas, (AP)—Southwest conference football is just about as good as any in the land, declared Coach Francis A. Schmidt of Ohio State university Monday morning as he renewed acquaintances made while at T. O. U. from 1929 through 1933. Accompanied by his wife, the Buckeye coach who created such a sensation in national football circles last fall, arrived in Fort Worth Sunday night from Dallas where he spent Saturday.

The report that roused the colonists was that Irwin would return to his old post as head of the experimental farm of the government and the Alaska university. Anchorage officials were awaiting word today from project officials on their offer to accommodate the colonists' 50 high school children in the modern Anchorage high school this winter.

SENATE MOVE TO ADJOURN IS BADLY BEATEN

REPUBLICANS FAIL IN VOTE AS DEMOCRATS UNITED

WASHINGTON, July 29. (AP)—Proposed new tax rates, tapping incomes as low as \$50,000 and taking away three-quarters of that portion of an income over \$50,000-000 were made public today by the house ways and means committee. The new schedule has been tentatively approved by committee democrats who previously had agreed not to levy additional taxes on incomes under \$150,000 and to apply the maximum 75 per cent rate only to incomes over \$10,000,000.

At present the tax on a \$50,000 income is \$9,500. The proposed new schedule would make it \$9,560.

The present levy on \$1,000,000, however, is \$53,000 whereas the new tax would amount to \$64,000.

The proposed new individual income tax schedule was made public as Chairman Doughton (D., N. C.) called the first meeting of the full committee to consider the bill drafted to carry out President Roosevelt's idea of wealth distribution.

The measure, tentatively approved by committee democrats, puts new taxes on inheritances and gifts in addition to those already imposed on estates and gifts; steps up the levies on corporation profits and assesses corporations from 13 1-4 to 14 1-4 per cent on their net income. It is reported that by a strict party vote of 16 democrats to 7 republicans the committee had obtained in the tentative bill the graduated corporation income tax schedule.

Under present law all corporation net income is subject to a flat tax of 13 1/2 per cent. President Roosevelt had suggested that be replaced with a graduated tax ranging from 10% to 18% per cent.

Committee democrats, however, balked, finally accepting the 13 1/2 to 14 1/4 graduation which some termed a "face saver." As the bill now stands, any corporation which had a net income of under \$15,000 a year would pay a 13 1/2 per cent tax; an income above that amount would be taxed 14 1/4 per cent.

WASHINGTON, July 29. (AP)—The senate today smothered a republican proposal that congress adjourn August 10.

A motion by Senator McNary, the minority leader, that the senate take up a resolution by Senator Hastings (R., Del.) for the August 10 adjournment was tabled at the request of Senator Robinson, the democratic leader.

The vote to table was 52 to 10. All ten voting against the tabling motion, which automatically shut off debate, were republicans—Austin, Dickinson, Gibson, Hale, Hastings, Johnson, McNary, Steiwer, Vandenberg and Barbour. Four republicans—Casper, Frasier, Nye, Beck and Nye, and the progressive, LaFollette, joined 47 democrats for the Robinson motion.

Although many democrats favor an early adjournment, they did not want to be placed in the position of having one forced by the opposition.

The house voted down a similar proposal.

Negro Woman Is Burned On Face; Another Sought

City and county officers are searching for two negro women, wanted in connection with the disappearance of another negro woman early yesterday morning in the "flats."

The woman, Elsie Eagins, was horribly burned about the face and eyes when a strong solution of lye was thrown in her face. She is at her home in the negro section under medical care.

The incident occurred just before dawn yesterday. Witnesses said they saw two women chasing the negro down a street, beating her. Police say she was beaten over the head before the lye was thrown in her face.

DICTATORSHIPS DEPEND ON CONSTANT ACTIVITY

Whatever its faults may be, America remains at peace and offers to its citizens about as wide a range of individual liberties as any country on the globe. For that reason it is hard for Americans to understand just why certain things are happening in countries like Italy and Germany.

In Italy, for instance, Mussolini continues to prepare for war which, unless the economists are completely mistaken, cannot possibly give his country any prize worth the money and risk involved.

In Germany, the Nazis break loose with a new reign of terror for the Jews, and add to their own troubles by extending their drive to cover Catholics as well—including a number of Protestant religious leaders, also, just to make sure that no one is overlooked.

To an American, the actions of these two dictatorships do not make sense. It is hard to understand why talented and intelligent men—and the rulers of Italy and Germany are all of that—will go out of their way to seek trouble; why they will embark on actions which cannot fail to multiply the problems that assail them.

What we overlook is the fact that such actions are what you let yourself in for when you establish a dictatorship.

A dictatorship comes into being because the people generally are tired of debate, division and delay. They demand action—action of any kind, so long as it be directed and unequivocal.

The dictatorial clique takes office under that compulsion. Whatever happens, it must act. It cannot mark time, it cannot compromise. The one supreme law of its being is that it must do things, and do them with drastic quickness and thoroughness.

In some ways this is an excellent prescription. It enabled Mussolini to restore order to a chaotic industry, for instance, and enabled Hitler to bring his country out from under some of the worst injustices of the Versailles treaty.

But as time goes on, and the problems susceptible of speedy solution are cleared up, the necessity for action remains. The dictatorship may face—as it does, in both Italy and Germany—economic problems of infinite complexity, which cannot possibly be cleared up in a month or a year; no matter, it must act, it must do something, it must convince its constituents that it is performing the functions for which it was given power.

And so Italy, whose government is carrying a staggering deficit, must prepare for a war that will immensely increase that deficit; and Germany must push ahead with the one phase of Nazi policy that is calculated to increase its troubles rather than diminish them.

That is the law under which dictatorships operate. In the long run it is the best of all arguments for continuing to put up with the waste and inefficiency of democracy.

Ethiopia Makes Big Concession In League Deal

GENEVA, July 29. (AP)—League of Nations circles said today Ethiopia made a major concession in its dispute with Italy by refraining from insisting that the council dig to the bottom of the controversy.

Emperor Haile Selassie, in his latest communication to the league, contented himself with getting back to the arbitration attempts. He asked at its session three days hence that the league council define the powers of the deadlocked conciliation commission.

In answer to the Italian contention that the commission should restrict discussion to frontier incidents, however, Ethiopia demanded that no such limitation be imposed.

The "king of kings" had the right to call for a council investigation of the East African crisis under article 15 of the league covenant, under which the council eventually would make recommendations for a settlement.

If the council approved such recommendations unanimously, any nation defying them would be pronounced an aggressor.

Geneva realized that even a settlement of frontier incidents by arbitration would not liquidate the underlying problem created by Il Duce's ambition for a virtual protectorate over Ethiopia.

Red Cross Set Up In Ethiopia

ADDIS ABABA, July 29. (AP)—An imperial decree establishing an Ethiopian Red Cross was announced today.

Ethiopian women took an active part in organizing the Red Cross after a patriotic meeting yesterday of a throng of women leaders wearing gilt caps and bearing parasols.

With Princess Shoragga presiding, ten members of the nobility explained the assistance that European women lend in war time and urged the Ethiopian women to perform similar services. A number of European women born in Ethiopia offered their cooperation.

Foreign Minister Belisten Gueeta Herup, meanwhile, handed a note to the Italian minister replying to the Italian's recent request for a reconvening of the conciliation commission in the Italo-Ethiopian controversy.

The note, following the lines of that sent to the League of Nations, rejected any resumption of arbitration for a partial discussion of the dispute and asserted that it was the league's duty to decide if the

THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER
NEA Service Staff Correspondent

WASHINGTON.—If a certain bi-partisan group of determined senators can be counted on to go through with their private assurances, this heated session of Congress will feature an outstanding battle for "war insurance."

Members of the Senate Munitions Committee, with a unanimity seldom found in such a congressional group, are getting set to tack their neutrality bills onto the big tax measure if they can't get the program reported out by an apparently hostile Foreign Relations committee.

Similar action is likely on their bill to tax the profits out of war, now buried with the Finance committee. Various other groups—conspicuously the inflationists—intend to urge pet plans as riders to the tax bill when it reaches the Senate floor. If Senator Borah had known about the Munitions committee plan, he might have predicted adjournment in December instead of November.

The neutrality program, introduced in three resolutions by Senators Nye and Clark, would prohibit loans or credits to warring nations, restrict trips by Americans into war zones, prohibit export of munitions to belligerents, and cause all shipments of commodities to belligerents to be made at the buyers' risk.

State, War, and Navy departments—and even the White House—seem to be cold to these measures at this session. Hence their bottled-up status in committee.

The House of Morgan has one of the most efficient cross-filing and indexing systems in the world. The Munitions committee investigators, who have been searching the Morgan files for evidence showing how we got into the last war to protect American loans and exports to the Allies, have found occasion for great glee in that.

Original fear that important documents might have been mysteriously mislaid before or after arrival of the investigators has diminished considerably. Through a numerical and alphabetical code, it appears, practically every paper is linked up with other papers and it would be very difficult to hold anything out.

Private letters received by this writer indicate the extent to which everyone over there is thinking in terms of war. One hears:

Nothing but war talk in Germany—"of the most acute and apprehensive and hell-quivering sort," with most of the German people in a "white heat of fear."

Common belief in England that Italy will have a bad time in Ethiopia, whereupon Germany will walk into Austria and all hands probably will be drawn in. . . . England re-establishing sphere of influence in Greece since marriage of Princess Marina to the Duke of Kent and probably backing restoration of the Greek monarchy as well as increased armaments in a nation strategically important when Italy invades Ethiopia. . . . German ships, under naval agreement with Britain, to be largely of the shallow draft type which could operate in the Gulf of Finland and bombard Leningrad. . . . Of a "silent airplane" finally developed by Germany to a point where it can balk aerial sound detectors.

Those poor families that found themselves heirs to a diamond fortune will now begin to take notice of the New Deal—or the tax collector will call to their attention.

In a new one-way ocean telephone service, one person can talk to another, but the other can't talk back. Judging from the number of married men in the country, it should be a success.

SERMONS, DRAMA, AND SONGS BRING MESSAGES TO CHURCH CROWDS LARGE FOR SUMMER

ALL-DAY SERVICES BID FAREWELL TO PASTOR

Large vacation audiences heard sermons at Pampa churches yesterday, by regular ministers except at Francis Avenue Church of Christ, where Roy Ruckman is filling the pulpit while the minister is on an evangelistic campaign.

All-day services were conducted at Central Church of Christ, honoring E. M. Borden, who has resigned as minister and will leave soon for California, where he hopes to recover his health. Singing, sermons, and a basket lunch at noon marked the day.

Outdoor evening services were conducted at First Methodist and Presbyterian churches. Dramas presented the messages at McCullough Methodist, where the Missionary society sponsored a play set in Korea, acted at First Methodist church, where a group from the Summer Theater gave a religious drama.

At First Baptist church it was announced that the mid-week supper for Sunday school officials will be omitted, but the meeting will be held at 7:30, followed by prayer service at 8:15.

Sunday school attendance reports show 57 present at First Baptist, 90 at Amara Baptist, 113 at First Presbyterian, 174 at Francis Avenue church, 438 at First Methodist. Two additions to church membership were reported from First Baptist church.

Youngsters Will Picnic Tomorrow Evening at Park

Girls and boys from the junior-intermediate department of First Presbyterian Sunday school will be entertained with a picnic Tuesday evening. They will meet at the church at 6 and go to Central park. Each is to bring a lunch.

Parents may call for their children at the church at 8:15, and transportation will be furnished to homes for those who are not called for, it was announced. Mrs. R. F. Dirksen, superintendent of the department, and the teachers will be in charge.

Braswell Sells Clarendon News

CLARENDON, July 29 (AP)—The Clarendon News, said to be the oldest publication in the Texas Panhandle, has been sold to Fred L. Williams, former publisher of the Taft Tribune.

Announcement of the sale was made by Sam Braswell, editor and publisher of the weekly newspaper for the last 18 years. He is a former president of the Texas and Panhandle Press associations and the Panhandle-Plains chamber of commerce, director and publicity chairman of the West Texas chamber of commerce, and vice-president of Panhandle-Plains, Inc. Williams has been associated with newspapers at San Angelo, Big Spring, San Antonio, Corpus Christi and Taft. Mrs. Williams will assist him in the business here.

Braswell did not announce his plans for the future.

Mussolini Is 52 But Ignores It

ROME, July 29 (AP)—Premier Benito Mussolini put aside all celebration of his fifty-second birthday anniversary today to draft Italy's stand before the League of Nations council in the Ethiopian dispute.

While Il Duce worked at his country retreat at Rocca delle Carmine, authorities said Italian delegates were certain to attend the council session Wednesday. Ethiopia's refusal to concur in an Italian proposal that the conciliation commission be confined to discussion of frontier incidents, however, was viewed as jeopardizing hopes for a peaceful settlement.

In the light of the Ethiopian attitude that the conciliation commission should have unlimited scope, Italian sources said there was little hope that the league council session would justify its convocation.

Premier Mussolini's newspaper, Popolo d'Italia of Milan, said Italy's historic hour has come, bringing with it "life or death, now or never" for the nation.

FERA Increases Aid To Canyon Students

CANYON, July 29.—FERA will employ 103 students at the West Texas State Teachers college during the coming year, according to information received by President J. A. Hill from L. E. Alderman, director of the educational division of the National Youth Administration. Employment will be based on 12 per cent of the total enrollment as of October 15, 1934. This means an increase of 12 students who will benefit from the employment made possible by the government.

Mrs. C. H. Dunaway and son were to leave Pampa-Jarratt hospital this afternoon.

Chief Of 'Blood Purge' Is Due To Replace Frick

BERLIN, July 29 (AP)—Persistent rumors circulated today that Heinrich Himmler, chief of the secret police and dominant figure during the 1934 Nazi "blood purge," would replace Wilhelm Frick as minister of the interior.

It was generally considered that such an appointment would mean a definite liquidation of the Nazi conflict with Jews, "political Catholicism" and "reactionary" war veterans in a radical way.

Himmler has been secret police chief since April 20, 1934, and is also leader of the Schutz staffel (picked Nazi guards), Bavarian police commissioner and a member of the reichstag.

Other developments in nazism's drive on its "enemies" were: 1. Vicars in several parts of the country, defying government orders against reference to politics, ordered daily prayers for "freedom of conscience."

2. Officials announced that "several Jews and Aryan girls were sent to concentration camps at Dachau for alleged "racial violation."

3. Munich police announced that they discovered "extensive communist propaganda."

4. Mayor Laguardia of New York and the Washington administration continued under fire of the German press.

Republicans Push For Adjournment

WASHINGTON, July 29 (AP)—Facing a renewed republican attempt to get congress to adjourn August 10 without acting on the Roosevelt tax proposals, democrats pushed their work on the bill today and expressed confidence it would be enacted this session.

Two men prominent in republican councils led the drive for a quick adjournment. One was Senator Vandenberg (R., Mich.), who called the plan "a grim hoax as ever was perpetrated on the country" and demanded that consideration of taxes be postponed until next winter when they can be studied in connection with the budget for the next fiscal year.

"Our bills for the next fiscal year should be courageously reduced to the minimum permitted by our unavoidable necessities," he said. "Their taxes, if possible, should balance this budget."

Meantime Senator Hastings (R., Del.) sought to call up for consideration today his resolution to adjourn congress August 10, before the tax measure can be passed.

Democratic chiefs freely predicted that his resolution would fail, and even some republicans privately agreed.

Democrats insisted that the tax bill should be passed now for two reasons: First, they said it would show the president was sincere when he advocated the taxes; second, they argued that business is picking up and the time has come to think about a movement toward paying off the piled-up debt.

Flattery Of Line—Larger Figures

Fresh Daintiness for Warm Days

Most matrons—and others too, will love this cool smart cotton print dress. It is tailored, yet so utterly feminine looking. Its likable frilled trim banded collar merges into a waistline, so flattering and length-giving. The frill is finished with picot-edge (done professionally).

Lilac batiste, yellow and white dotted voile, pale blue eyelid batiste, etc., are other nice mediums.

Style No. 853 is designed for sizes 36, 38, 40, 42, 44, 46 and 48 inches bust. Size 36 requires 3 1/4 yards of 39-inch material with 1/4 yard of 39-inch contrasting.

AND NO WONDER LONDON CABARET GIRLS COULDN'T TAKE IT!

SISTER MARY'S KITCHEN

BY MARY E. DAGUE, NEA Service Writer.

An amusing poem pops into my mind at the moment. It starts: "On some days I'm domestic. I love my pantry shelf," and finishes understandingly "On other days—domestic? Not if I know myself!" It is those "other days" that we're concerned about today.

If you plan foods that can be prepared early in the day you will find hours of freedom from cooking. And, of course, if you use your time economically, that helps, too.

One of the nicest hot weather dinners I know begins with hot bouillon and goes on to a jellied veal loaf served with salad of mixed greens and assorted rolls and finishes up with peach mousse and date and nut bars.

Right now I want to give you the recipe for date and nut bars.

Date and Nut Bars.
One cup light brown sugar, 2 eggs, 1 cup flour, 1-4 teaspoon salt, 1 teaspoon baking powder, 4 tablespoons milk, 1 cup chopped dates, 1 cup nut meats, 1 teaspoon vanilla, powdered sugar.

Beat the eggs until light, then add sugar and beat until it is dissolved. Add remaining ingredients with the exception of powdered sugar. Beat well and pour into 8 square pan lined with heavy waxed paper. Bake in a moderate oven (350 degrees F.) for 25 minutes. Cut in bars and roll in powdered sugar.

Use Variety of Greens.
I'm taking it for granted you'll be buying your rolls and then you can choose the assortment the family likes best.

Don't forget to get as fine a variety of greens as the market affords for your salad. Escarole, romaine, watercress and chicory are

British chorus girls can't stand the competition of American cuties, so they've called on John Bull to do something about it. Result: Yankee chorines dancing in London cabaret floor shows were told by the Ministry of Labor that they must leave the country when their contracts expire. From these pictures you can get an idea of what London night clubbers will miss, for Nancy Lewis (above) and Louise DeForest (left), beauties from Nils Granlund's Paradise Restaurant show in New York, are among those falling under the ban.

Ligon Smith To Play For Dance Tuesday Night

Dance lovers of Pampa will be treated to unusual music Tuesday night when Ligon Smith and his orchestra comes to the Plam-Mor for a one-night engagement.

The orchestra will be remembered as the one which furnished the tuneful melodies with "Heads Up," the musical fashion show which appeared in Pampa under the sponsorship of the local merchants about two years ago.

It is one of the most widely known orchestras in the entire southwest, playing important dances and broadcasting over most of the radio stations in Texas.

Headlined with the band are Louise Tobin, C. I. A. beauty, who sings and dances; Jimmy McManus, one of Texas' most popular young tenors; and Jimmy Stewart, widely known as the south's foremost hillbilly.

The dance will be one of the most important social functions of the vacation season.

CELEBRATES BIRTHDAY

JAPS DENOUNCED

MOSCOW, July 29 (AP)—"Japanese imperialism and fascism shared alike in denunciation at today's session of the seventh communist international, which heard Wilhelm Pieck of Germany predict "great class battles are approaching." Delegates of fifty nations cheered loudly as Chow Ho-Sing, who said he was an emissary of the red army in China, assailed "Japanese imperialism" which he asserted was trying to divide the world.

PAPER CLAIMS ENGLAND WILL RE-BUILD NAVY

SECRET PLANS CALL FOR NEW FLEET BY 1942

LONDON, July 29 (AP)—The Daily Herald publishing what it described as "the admiralty's famous 'hush-hush' plan," said today Great Britain intended to build a virtually new battle fleet costing \$750,000,000 by 1942.

The newspaper asserted that the admiralty had developed a secret 7-year plan, calling for the construction of 12 new capital ships and 33 new cruisers.

The addition, the laborite newspaper said, there would be 63 new flotilla leader destroyers, 21 new submarines and three new aircraft carriers.

Sir Bolton Eyres-Monsell, first lord of the admiralty, had told the house of commons that publication of the program would "be against the interests of the public and the peace of the world."

The Herald, however, said it was disclosing "the admiralty's famous 'hush-hush' plan which already has been communicated to the admiralties of the United States, France, Germany, Italy, and Japan."

The first lord of the admiralty informed the house of commons July 22 that England was abandoning the principle of naval ratios in the Washington treaty, considering other means of accomplishing naval limitation under a system of programs providing adequate defensive navies.

Gulf Company Loses Gasoline And Likes It!

It has been a regular service of the News to restore lost dogs, watches, wallets and whatnots to anxious owners. But recently News advertising has helped find something which the owners did not know they had lost.

"Thanks to the News," says John Haynes, local representative of the Gulf Refining company, "a multitude of motorists have found that they have been losing gallons of gas without realizing it—just as surely as if there were a leak in the gasoline tank!"

Mr. Haynes refers to the result of a series of advertisements recently placed in the News by his company, offering all motorists the new free booklet, "15 Ways to Save Gasoline Money."

"Soon after the offer appeared in your paper, motorists began to flock to our filling-stations to claim their copies of the booklet, and the original supply had to be renewed. An enthusiastic demand for them continues."

Among the 15 simple, money-saving hints illustrated in the booklet is a pertinent pointer on parking. It explains, to the surprise of most motorists, that a car figuratively "burns up gas" even when it is parked, depending upon where and how you park it. Other hints in the booklet that materially increase mileage-per-gallon deal with proper use of the self-starter, accelerator, gear shifting and other ordinary operations in driving, any one of which wastes quantities of gasoline, if carelessly done.

New York Begins Relentless War On Vice, Crime

NEW YORK, July 29 (AP)—The nation's metropolis became today a battlefield for a relentless war on vice and crime.

The start of a far-reaching anti-crime drive expected to last more than two years was signaled by the convening of a special term of the state supreme court to name a special grand jury.

Thomas E. Dewey, named commander-in-chief of the crime-fighting campaign by Governor Herbert H. Lehman, has been organizing his forces for several weeks. He is a former United States district attorney.

He has been promised support by Governor Lehman, Mayor Fiorello LaGuardia and various federal officials and a pledge of active assistance from Police Commissioner Lewis J. Valentine.

Dewey, who will be aided by more than a score of lawyers, together with a large staff of investigators, is expected to turn his guns on all phases of organized vice and crime in New York, including racketeering and traffic in women.

Merten Club to Enter Exhibits In Coming Fairs

Too much protein in the diet leads to Bright's disease and too much sugar to diabetes. Butter is a preventative of granulated eyelids and other eye troubles. These were some of the facts presented to Merton Home Demonstration club in a program last week.

Miss Ruby M. Adams, county home demonstration agent, conducted the demonstration on balanced diets and foods for disease prevention. The meeting was at the home of Mrs. W. A. Pickering.

In the business session, the county and Tri-State fairs were discussed and plans made for entries in them. The next club meeting will be on August 14 at the home of Mrs. Alva Phillips.

Mrs. D. K. Uzzell was a visitor, and members present were Mmes. H. B. Knapp, C. O. Bridges, J. C. Browning, R. W. Taylor, Frank Badley, Marvel Rake, I. A. Wilson, C. E. Henry, Frank Meers, and the hostess.

Chinese Speaker To Give Lecture Series at Canyon

CANYON, July 29.—Dr. No-Yong Park, interpreter of Far Eastern relations, will lecture at the West Texas State Teachers college on Aug. 1, 2, and 3. The first two lectures will be given at night. The third lecture will be given in assembly Saturday morning. Dr. Park will devote his time during the day to group conferences.

Dr. Park, a Chinese, is a graduate of the University of Minnesota and holds M. A. and Ph. D. degrees from Harvard university.

While in college he was one of the winners of the International Essay Contest, the Harris Political Science Contest, and the Pillsbury Oratorical Contest, in which he competed with American students in their own language.

At Harvard, while studying history and political science, he majored in international relations, writing his doctor's dissertation on "China and the League of Nations." Dr. Park has written several books, latest being "Retreat of the West," in which he explained the Western retreat from Eastern Asia.

No-Yong Park (Pao) is well acquainted with Oriental affairs, having been born and reared in Manchuria and having traveled and studied much in China, Japan, Europe, and America.

The accomplished lecturer spoke to Canyon college students last year. He is remembered by students here for his wealth of information, gift of clever expression, and splendid sense of humor.

Legal Notice

It appearing to the court that the order canvassing the returns and holding the result of the election held in justice precinct No. 4 on the 1st day of June, 1935, has been omitted from the minutes of this court, the clerk of this court is hereby directed to enter the order heretofore set out in the minutes of this court.

ORDER CANVASSING THE RETURNS AND DECLARING THE RESULT OF ELECTION.

On this the 8th day of July, A. D. 1935, came on to be considered by the Commissioners' Court of Gray County, Texas, at its regular meeting held on this day, the returns of an election held on the 1st day of June, A. D. 1935, in justice precinct No. 4 in Gray County, Texas, upon the question to determine whether or not the sale of beer containing not more than three and two-tenths (3.2 per cent) per centum of alcohol by weight should be prohibited or permitted in said justice court precinct No. 4 in Gray County, Texas.

And it appearing that said election in said justice court precinct No. 4 was in all respects legally held and that the returns of said election were duly and legally made by proper officers appointed to hold the same, and it further appearing from a canvass of the returns of said election held in justice court precinct No. 4 in said county, there were cast 3 votes "For the sale of beer containing not more than three and two-tenths (3.2 per cent) per centum of alcohol by weight"; and 55 votes "Against the sale of beer containing not more than three and two-tenths (3.2 per cent) per centum of alcohol by weight"; and

It appearing to the court that a majority of the votes cast at the election, held as aforesaid were against the sale of beer containing not more than three and two-tenths (3.2 per cent) per centum of alcohol by weight.

JUDGMENT, AND DECREE OF THE COURT

That the above is a true and correct copy of a certain order duly passed by the Commissioners' Court and entered in the minutes of said court in volume 4, page 296.

Witness my hand and seal of office, this the 8th day of July, A. D. 1935.

CHARLIE THUT, County Clerk, Gray County, Texas. By OLA GREGORY, Deputy.

I, Charlie Thut, county clerk of Gray County, Texas, and ex-officio clerk of the Commissioners' Court of said county, do hereby certify that the above is a true and correct copy of a certain order duly passed by the Commissioners' Court and entered in the minutes of said court in volume 4, page 296.

Witness my hand and seal of office, this the 8th day of July, A. D. 1935.

FDR Entertains New Deal Thorn On Bay Cruise

ANNAPOLIS, Md., July 29. (AP)—President Roosevelt's guest on a week-end cruise down Chesapeake Bay was Comptroller-General McCarr, one of the new deals sharpest thorns.

Long a personal friend of the executive, McCarr nevertheless has blocked more than one administration project, squabbled with cabinet members over expenditures. Further, McCarr recently has been boomed for the republican presidential nomination next year.

As he fished and talked with the watchdog of the federal treasury, Mr. Roosevelt had with him another guest whose business relations with the comptroller general may have been none too friendly.

The third prominent member of the presidential party was Henry Roosevelt, assistant secretary of the navy, which has been battling with the comptroller-general over dollars and cents ever since the office was established 14 years ago.

The executive made no announcement of his week-end plans as the government yacht Sequoia steamed away today except to say he hoped to get in some fishing, and be back in the White House Sunday night.

SCHOOL BELLS

FOSSON, Minn. (AP)—Utterly peaceful of the school bell sent neighbors hurrying to the building here, not knowing what to expect.

Opening a door warily they found Bob, a shepherd dog, standing on the teacher's desk, leaping into the air to reach the bell rope. The dog had been locked in the building by accident and had chosen this method of getting out.

NOTE AGAINST REPEAL URGES REV. WAINESS

WASHINGTON, July 29 (AP)—Secretary Ickes announced today that nearly \$1,800,000,000 of PWA projects are under construction and "will furnish employment in the interim before the \$4,000,000,000 work relief program reaches its peak."

BOOTLEGGING, CRIME SHOW INCREASE, SAYS HE

"If on August 24th Texas votes to legalize liquor, and on August 25th each citizen in Texas should begin to drink liquor and drink it daily for five years, Texas Democracy would degenerate into a drunken Mobocracy. Drunkenness and Democracy do not go hand in hand," according to Rev. E. A. Maness, Panhandle District Chairman of the Texas League Against Whiskey, who is leading in a vigorous campaign against repeal in Texas on August 24th.

Mr. Maness says: "The Call of the House is a call to vote against repeal because repeal has failed. Three years ago the wets said vote for national repeal, and that national repeal would decrease taxes. But Congress is now voting to raise taxes higher than at any time since the close of the World war."

"The wets said vote for repeal and the 18th amendment in order to decrease our national indebtedness. But in three years after the national repeal the national debt has been increased to the amount of \$14,000,000,000."

"The wets said vote for repeal and bring about real temperance and decrease drunkenness. But drinking and drunkenness has doubled since we voted to repeal the 18th amendment."

"The wets said vote for repeal and decrease bootlegging. We voted for repeal all right but the treasury department of the U. S. says that bootlegging has increased. A statement was recently given to the Federal Government that more bootleg liquor is being sold in America at this time than legal liquor. More than half of the liquor being drunk in America today is being illegally sold, according to the report of the Federal Government. Just to the extent that a state licenses the sale of liquor it increases bootlegging, because where liquor is legally sold it is well nigh impossible to catch and convict a bootlegger for selling it."

"Do not be misled by the pleas of the wets, like that made by C. L. Wakefield, chairman of the Dallas county repeal forces, in the Dallas News of Sunday, July 21st. He says: 'Revenue to be gained from the millions of dollars worth of liquor now being sold in the state would enable us to have our tax burdens eased.' National repeal has made any body's tax burden. Any man or woman who bootlegged liquor in Texas today, will bootleg it after the election."

If Texas votes for repeal and raises 10,000,000 in taxes to enforce the repeal law and pay for the added increase in the crime bill of the state, and for the accidental loss of life and property. Repeal means to increase taxes in place of decreasing them. An illustration of this is seen in the states of New York and Kansas. New York collects more liquor tax than any state in the nation and yet it has at this time a \$90,000,000 deficit. Kansas, a dry state, the wisest in the union, has balanced its state budget and lowered its taxes.

"Vote against repeal, for repeal has failed to decrease automobile accidents, 5000 more people are now dead annually in automobile accidents than when we had the 18th amendment," said Maness.

Scions Fined For Illegal Cigarettes

WARS AW (AP)—Aristocratic Bay was Comptroller-General McCarr, one of the new deals sharpest thorns.

Ickes Says \$1,800,000,000 PWA Program Is Under Way

To Furnish Jobs In 'Interim Before' Peak

WASHINGTON, July 29 (AP)—Secretary Ickes announced today that nearly \$1,800,000,000 of PWA projects are under construction and "will furnish employment in the interim before the \$4,000,000,000 work relief program reaches its peak."

These projects are being carried on with funds appropriated prior to the \$4,000,000,000 with which the administration says it plans to pay 3,500,000 persons to work. The men employed on them will not be counted toward the 3,500,000 total officials said.

There are other public works funds in the \$4,000,000,000 and Ickes urged states and communities today to rush their applications for them.

In addition to the 4,514 projects now under construction, 13,238, involving expenditure of \$685,421,893, have been approved and forwarded to Washington for approval by the two years of PWA. Ickes said. Construction has not been begun on 1,426 others which are to cost \$321,026,295.

Reporting a "sharp acceleration" in the number of applications for PWA allotments, Ickes said 2,130, totaling \$801,114,240 had been received at state PWA headquarters. Of these, 269, totaling \$58,262,762, have been approved and forwarded to Washington for approval by the work allotment committee and the president.

"The number of PWA applications received in Washington daily," Ickes said, "has shown a marked increase in the past week as the state offices, under the recently decentralized PWA examination procedure, act upon the increasing flow of requests of communities desiring funds for permanent public works improvements and are ready to cooperate with the federal program by sharing the cost and making a 55 per cent contribution as long as the government is ready to make an outright grant of 45 per cent."

Ickes said \$485,000,000 had been paid by PWA for construction site labor—during 1934, but a month during 1935, but he claimed in recent months—while PWA provided other employment by buying \$1,000,000,000 worth of materials.

Ickes' announcement followed one by Harry L. Hopkins, works progress administrator, concerning expenditure of work relief funds to provide aid for students and teachers.

He said summer schools will be set up for 1,200 needy teachers who will conduct classes for grownups during the coming year. Hopkins said I was Rex Moore's widow, I said I was crazy, but it saved me and my sister from all sorts of things."

"The man, looking at her intently, did not show that he knew she was not telling all the truth. She was not. There were things she would not tell him.

"This man, I suppose, was Mr. Albery's friend, who looked after you and sent you to England?" asked Moore.

"Yes."

"And they made no inquiries about you?"

"No; they took my word. I should never have thought of it but for them."

"But how did you manage it? How could you play the part of the widow of a man you had never set eyes on?"

"I knew Belle Mason very well. She was always talking about it. I remembered everything she had told me. She came from Warraballo."

"I mind this much, as I happen to be alive. You've made a fool of me in Albery's eyes. I didn't tell him just now that I hadn't a wife at all. I wanted to come along and have a look at the girl who had played this trick on a dead man. So he is under the impression that we are indulging in a happy reunion."

"His grim chuckle made her wince. 'I'm broke myself now,' he went on. 'I have to look to Albery for the future. I owe him everything in the past. I'm not going to let him know how he's been fooled by you, and that I stood for it just now. Do you get me?'"

"No," gasped Laurie. "What do you mean?"

"That you've just got to keep up the farce and go on pretending to be my wife."

"Oh no!"

Laurie stared at Rex Moore. The misery and shame in her eyes were replaced by a glitter of indignity fury.

"You're just wanting to insult me, to be odious to me. You wouldn't want me to do that!"

"It's the last thing in the world I want to do," the man said. (Copyright, 1935, Coralie Stanton)

Chapter Seven EXPLANATION

"You are Rex Moore?" Laurie whispered. "You are alive?"

She collapsed, and buried her face in her arms on the table. The shame that this particular man of all men should be Rex Moore was too much for her.

He stood in silence, gazing at her bent russet head. In the nape of her neck was a little hollow and round it grew downy ringlets of red gold. His eyes lingered on them.

Laurie raised her head. She was not a coward, whatever she was. She would show him that.

"I thought you were dead," she said. "That's obvious." His retort was accompanied by another of those mocking smiles. "Just as you never thought the railway carriage door was open the other day? You don't seem to be a sound thinker. By the way, what is your name?"

"Moore."

"Ah, then you

Grover Austin Shoots 63 To Conquer Watts

72 Golfers Play In City Open Tournament; Par Given Bad Shellacking.

Old man par was battered and buffeted yesterday when the City Open golf tournament got under way over the Country club course. Close matches, with sensational scores, featured the opening day of the event. Practically every one of the 72 golfers on the course shot up to their par or better. Finals will be played next Sunday.

Not content with setting a new course record over the Country club yesterday morning when he shot a 65 to defeat Gentry Kidd with a 66, Grover Austin, Jr., yesterday afternoon went out and shot a 63 to win from Spud Watts who helped himself to a sensational 65.

More honors went to the Austin family when little Johnny Austin carded a 67 and won his match from Buck Talley, who won the low qualifying score prize with a 66. Austin was unable to stand the gaff of an afternoon round and went down fighting to Bill Plenniken, who will meet Grover Austin next Sunday in the championship flight.

Par didn't lick a player in the championship flight. Every player shot under 71, with the closest to par being a 69.

Matches in other flights were keenly contested. J. M. Hatfield had to go 20 holes to win from Tom Darby in the second flight and Jeff Bearden won from Hatfield over the same distance in the afternoon. Lynn Boyd took the measure of Russ Allen on 19 holes in flight three. Homer Sprinkle won his match in the fifth flight after 20 long holes with Harry Phelps.

Semi-final and final rounds of play will be held next Sunday.

Road Runners Come From Behind To Win Game

A Road Runner isn't built for flying, but Pampa's baseball team of that name proved itself a high-flying outfit by coming from behind for the second time in two games to defeat the Amarillo Shamrocks, yesterday afternoon in Metro park before 1,600 fans, howling for Pampa's tall feathers. The score was 8 to 5, with Pampa winning in the last three innings.

Pitcher Lee Daney of the Road Runners just about won his own game after nearly losing it in the fourth inning when the Shamrocks scored three runs on five hits. Daney opened the seventh inning with a scorching double over the third sack. Three runs followed and put the Road Runners in the game again. Daney just about clinched things in the next inning, when, with one man down and two on base, he doubled over third base and two more counters were added to the total.

Jack "Goofy" Dean pitched almost six-light ball for Amarillo for six innings, during which allowed the Road Runners only four scattered hits. He started to weaken in the seventh and retired in favor of Lefty Dorman in the eighth.

Although three umpires worked the game, there were arguments and clinches galore. The work of Glad Allen, behind the plate, was pretty good. Leo Flynn called a good game at first and second. It was Ogle, a veteran of veterans, who "pulled the prize" out of the bag. With three men on base and one out in the seventh, Evans hit a long fly to Brickell in left field. "Goofy" Dean, who was on third, was all ready to head for home after the catch, but Umpire Ogle wasn't taking any chances. The Amarillo pitcher "jumping the gun," so he grabbed him by the collar, and held him on the sack until after the catch.

The same "ump" was in hot water earlier in the inning when, on a force play, Neil to Scaling, he called the runner safe. Amarillo pitcher had several squawks, especially in the eighth inning when Al Summers jarred Wilson, Amarillo catcher, loose from the ball and almost into the grandstand with some pretty footwork. Earlier in the game Gather made a perfect throw to the plate to get Setz, but Wilson made the mistake of blocking the base. He took both Summers' feet to the chest and the ball went in one direction and he went in the other. Umpire Allen called Summers safe.

Amarillo jumped into the lead in the fifth when Daney's first pitch started cutting the plate and Amarillo batters started cutting at the ball. Although Amarillo collected five bingles, a double and four singles, they could score only three runs. A nice play, Patton to Summers to Horton cut off a run at the plate and Dean fanned for the last out.

The Road Runners scored twice on a single hit in the fifth, and went into the lead in the seventh on three hits, one Daney's double. Amarillo showed lots of fight to take the lead in the next inning. The prettiest play of the game was pulled when Corbett bunted to score Bailey and made first when the ball curved away from Daney. Three runs on three hits, including doubles by Daney and Patton, sent the visitors into the lead in the next inning and they put the game on ice in the ninth with a run.

Bailey, former Road Runner, was again the hitter of the day. The little second baseman collected three singles in four times at bat to duplicate his hitting on Friday night here. Daney, with his two doubles, led the Road Runner attack. Summers and Patton followed with a single and double each. Horton and Scaling connected for two singles each.

Judge Asked to Determine Which Dog Began Fight

DAVENPORT, Ia., July 29 (AP)—Police Judge John A. Hornby listens to a lot of human quarrels, but he draws the line at deciding dog fights.

Mrs. Pearl Sneed complained that James Pierce was keeping a vicious dog and the judge listened patiently. Mrs. Sneed asked him to determine whether Pierce's dog or her own poodle had started a fight.

"Nothing doing," hastily demurred the judge. "I draw the line at dispensing justice for dogs. Case dismissed."

CHICAGO CUBS TRAIL GIANTS 1 1-2 GAMES

DETROIT HIKES LEAD OVER YANKEES 3 FULL GAMES

The Chicago Cubs were considered "dark horses" in the National pennant race even when in fifth place, but now they have come out in the open as dangerous contenders for the flag.

In a spectacular home stand which began just after the all-star game early this month, they won 20 out of 23 games. They displaced the Cardinals as chief challengers for New York's top place and cut the Giant lead to 1 1/2 games.

Chicago extended its latest winning streak to nine consecutive triumphs yesterday by beating over the Reds 11 to 7 in the last home game before a week's road tour.

The Giants, however, did just a trifle better against Brooklyn, winning two shutout games, 6 to 0 and 1 to 0, on superb pitching performances by Carl Hubbell and Clyde Castelman and a half game to their slender margin.

Hubbell pitched five hit ball, Castelman, out since July 6 with a cracked hand, followed with a four-hit whitewash and won when Mel Ott belted his 23rd home run of the season off Dutch Leonard.

The third place Cardinals cracked Pittsburgh's nine-game winning streak by taking the first game of the first Sunday doubleheader in Pittsburgh history, 4 to 3, giving Dizzy Dean his 16th victory of the season.

The Cubs took the afterpiece 5 to 4 when Paul Dean walked in the winning run in the ninth. That left the Cards three games behind the Cubs.

The mighty Detroit Tigers increased their American league lead to three full games over the Yankees when they pounded out a 14 to 6 triumph over Cleveland, scoring enough runs in the early innings to resist a five-run rally that drove Schoolboy Rowe to cover in the second.

The drooping Yanks could get no better than an even break with Washington. They resisted late attacks to take the opener 7-5 but faded in the second clash after Jake Powell rapped Lefty Gomez for a homer which loaded bases and went down 7 to 1.

Like Detroit, the Chicago White Sox pounded out 20 hits and a 14 to 6 victory. That came in the first game of their double bill against St. Louis when they scored ten runs in the second inning. The Browns took the afterpiece 4 to 3 on a ninth-inning rally started by Julius Solters' circuit swat.

The Red Sox continued their fourth place Philadelphia lead when they attacked four Philadelphia pitchers, starting with a rookie, Wedo Martini, for 15 blows and won 11 to 3.

The Phillies and Braves split a doubleheader. Philadelphia took the opener 4 to 1 behind Sylvester Johnson, and the Braves pulled out an 11 to 10 decision when the last two of six Philadelphia errors supplied the winning run in the ninth.

CHICAGO (AP)—Desk Sergeant John Barton has no sympathy for those funsters who think up smart cracks like "may all your troubles be little ones."

The sergeant's troubles began a year ago when the new city police station mascot, a buxom cat named Mae West, chose a cigar box above his desk for her sleeping quarters.

It annoyed the "sarge" that Mae gave Barton five more reasons for being annoyed when, after pattering nervously past him, she climbed into the box and became a mother as well as a mascot.

TO PROTEST DAM

AUSTIN, July 29 (AP)—Governor Allred today designated Major Richard F. Burgess of El Paso to assist in presentation of Texas' protest to the federal government against construction of a dam in the Pecos river in New Mexico.

Scott Gaines, first assistant Attorney general, will represent the state.

Catcher LEFORS BEATS HUBER 10-9 IN TENTH INNING

BACCUS CRACKS OUT 2 SINGLES AND A DOUBLE

Coltoso of LeFors went 10 innings under a blistering sun to defeat the Huber Blackfests of Berger, 10 to 9, yesterday afternoon at Shaw park in LeFors.

Parker, just acquired by Coltoso from the Kansas City Blues, started the game but was taken from the mound in the fourth and Gene Ledford sent to work. Braley relieved the portlander before the end of the game. Parker apparently had not rested enough after a 1,200 mile drive and played out under the terrific heat and change of altitude.

Smith, former Coltoso and Amarillo pitcher, went the route for Huber and pitched good ball until the last inning. His teammates gave him a two-run lead in the tenth, but he saw it disappear when Coltoso cracked three runs to win the game.

Jack Baccus, brother of Whitey Faccus, former Road Runner star, joined the Coltoso team last week and was in center field, replacing Shinsaki who reported to Sioux City. Baccus made his debut in a Coltoso uniform by cracking out two singles and a double. Huffman drew a single and triple and Dingman hit for three bases.

Huber outhit the home club with Moore leading the way with a single, double, and triple. Brown got three singles and Smith hit a single and double.

Scores by innings: R H E. Huber . . . 200 012 000 2-9 18 5. Coltoso . . . 113 020 000 3-10 15 2. Batteries: Huber—Smith and Sullivan. Coltoso—Parker, Ledford, Braley and Polvort.

PEEWEEES PLAY TEXAS ELF NINE ON TOMORROW

The Peewees, their baseball appetite temporarily satiated with a 28 to 3 victory over the Longhorns yesterday, will meet the Texas Elf nine tomorrow afternoon at 4 o'clock at Magnolia park.

The Peewees will play a game at the same place and hour every day this week until Friday when they will enter a junior baseball tournament at the tournament by expensing the hat among spectators at the games each afternoon. No admission will be charged. A large crowd saw the game Sunday.

Amos Reed, ace hurler for the Peewees, was on the mound yesterday after an absence of several weeks from the city. He struck out 8 Longhorn batters and his variety of curves saw to it that 23 out of 35 at bat never got to first base. Dovie Auld was behind the bat and delivered when necessary.

The Peewees got 29 hits, 9 walks and one was struck out. Reed held the Longhorns to 8 hits and four walks. Gene Dull and Mage Keyser got a hit every time each went to bat. Turner got four hits for the Longhorns. Keyser knocked three homers and a single. Dull smacked two doubles and three singles. Morrow hit a homer and two doubles. Each of the other Peewees got several hits.

For the Longhorns, Turner banged out a single and a double to lead the batting.

Liquor Raids Net Huge Haul

PONCA CITY, Okla., July 29 (AP)—Using the estate of Governor E. W. Marland as a base of operations, federal and state officers swooped down on Okla. courts today, staging the largest wholesale liquor raid northern Oklahoma has ever seen.

Names of the approximately 35 persons arrested were withheld by the officers. In two raids alone the raiders seized 6,500 pints of liquor, some of it federal tax paid, and along with it large quantities of gambling and other household equipment.

The state men were led by Col. Charles W. Daley, chief of the state crime bureau, and the federal men by W. I. Gilles and Bill Nash, the latter a liquor enforcement agent of the Indian department.

Most of the confiscated gambling equipment and liquor were brought into Ponca City for safekeeping.

Raids were general over the county, much of the activity centering in Blackwell, but seizures also being made near Newkirk, Ponca City, Kaw City and in rural districts.

EDEN AGAIN WILL TRY TO ALTER IL DUCE'S ETHIOPIAN ATTITUDE

LONDON, July 29 (AP)—An authoritative source said today that Anthony Eden minister for League of Nations affairs, has been instructed to make a personal appeal to Baron Pompeo Aloisi, the Italian delegate to the league, for an alteration of Italy's attitude toward Ethiopia.

His discussion with Baron Aloisi is expected to take place before the league council session opens Wednesday in Geneva, and is also expected to precede a private three-power discussion between Eden, Aloisi, and Premier Pierre Laval of France.

In this three-power discussion, the British government is represented as hoping that a satisfactory program for the council session will be amicably determined.

A large group of foreign office experts will accompany Eden to Geneva. They will include Geoffrey Thompson, the expert on Ethiopian affairs, and Sir William Malkin as legal adviser.

The British delegation will prepare for the fullest discussions of all problems connected with the dispute including the bans of all various countries on arms shipments to Ethiopia and the slave trade discussion which the Italians may raise.

British government sources said they were not advised of any clash at Walkut between Italians and Ethiopians as reported in the London press.

Near Death

The last and greatest South American dictator, General Juan Vicente Gomez of Venezuela, above, is critically ill and fear grows of a violent upheaval if death takes his firm hand from the helm. Millions of American and British money are invested in the land over which the 77-year-old president has ruled for 26 years, freeing it from all foreign debts during his regime.

DAVIS CUP

(Continued from page 1)

—the too-hot-to-handle kind—and the Americans had considerable difficulty in getting their racquets on them, much less making returns.

Two singles matches remain to complete the series. They will be played tomorrow with Budge opposing Austin and Perry going against Allison. As the result of England's victory today, however, these matches are reduced to an exhibition status for the only effect they'll have on the series will be determining the size of England's winning margin.

The Britons, who played together for the first time only a few months ago, outplayed their veteran rivals roundly in the last two sets. Allison tired badly and looked almost out on his feet in the concluding games.

Except in rare instances the Americans never seemed to be organized. They were continually caught out of position and many times tried to patch the ball together. Their lob for crucial points usually went many feet out of bounds as did their drives from back court.

Officials Rattle Pair

The break that might have decided the match came in the fourth set with the Britons leading 4-3. Van Ryn, serving, slammed a fine ace past Tuckey for what would have deuced the game but a foot-fault gave the Britons a 5-3 lead.

This obviously rattled the Americans as officials had called only about one foot-fault before that vital point. Thereafter all they seemed able to do was try to slam the ball through the Britons who stood at the net and revelled in it, especially Tuckey.

The crowd went hog wild after Allison's final abortive serve in the last game of the fifth set. Many of them tossed cushions into the air and yelled like Indians.

Allison and Van Ryn paused long enough only to shake hands with their victors and then walked off the court slowly and dejectedly followed by the equally downcast non-playing Captain Joseph Wear of Philadelphia.

cheered the soldiers vehemently.

Troops under the command of Dedjazmach Haptemikael, former cabinet minister, came in from the Lake Rudolf area.

Martial preparations reached a high pitch as an Ethiopian army estimated at 10,000 arrived from Gamu province. They were outfitted with new rifles, modern khaki uniforms, machine guns and artillery, they departed in high spirits for an unannounced destination.

Government officials in general denied any knowledge of a clash at Walkut, as reported in the London press.

British To Build New Battle Fleet

WASHINGTON, July 29 (AP)—Navy quarters today expressed interest in a London Daily Herald article which said Britain plans to build almost a complete new battle fleet by 1942 at a cost of \$750,000,000.

Some naval men said they were reluctant to believe the British admiralty planned such a move. It was said that it would mean the danger of a world-wide building race would be increased.

MARKET BRIEFS

NEW YORK, July 29 (AP)—The rails led the stock market on another upward push today, and the steel, communications and scattered specialties joined in the celebration.

Numerous issues registered new highs for the year or longer with the majority of gains ranging from 1 to 2 or more points. The close was strong. Transfers, approximated 1,750,000 shares.

NEW ORLEANS COTTON

NEW ORLEANS, July 29 (AP)—Holding in a narrow range, a few points of the previous closing levels, the cotton market here today was dull and unimpaired.

First call prices were lower on easier cables from abroad and early declines had not been recovered in late trading.

July opened 5 points lower, dipped to 11.42 and then recovered to 11.47 as trading went into the final hour, while Dec. at 11.35, Jan. at 11.38 and March at 11.34 were off less than 25 cents a bale.

The latest estimate on the Chinese cotton crop arrived today and placed the expected yield at 600,000 bales under a year ago.

This bright spot was more than outweighed, however, by a consumption estimate for the past year made by the New York cotton exchange service. A total of 11,314,000 bales of American cotton was used in the past year, according to this authority, compared with 13,680,000 in the 1933-34 period.

Exports today were 13,333 bales.

CHICAGO GRAIN

CHICAGO, July 29 (AP)—Tumbles of wheat values became the rule late today after a series of nervous wide fluctuations.

Offerings of wheat were largely in the nature of profit-taking for recent buyers, and met with a lack of sustained general speculative buying. Much notice was taken of statements that the delayed movement of domestic winter wheat this year may mean a joint simultaneous movement of spring and winter wheat later on, an unusual situation.

Wheat closed unsettled, 1/2-1/4 under Saturday's finish, Sept. 92 1/2, corn 1/2-1/4 down, Sept. 76 1/2-77, oats 1/4 off to 1/2 up, and provisions showing 5 to 22 cents gain.

POWER

(Continued from page 1)

him to read a prepared statement accusing it of "mud-slinging."

He testified that the Texas Power and Light company paid \$225 a month for advertisements in his magazine "East Texas Oil," but indignantly denied that he was influenced by his advertisers.

F. S. Burroughs, vice president of F. G. E., said he saw Hopson a week ago yesterday.

He said he had been trying since to locate him through his family.

"I have no doubt he will show up," Burroughs said, "as soon as he learns the committee wants him—in fact I'm surprised you haven't heard from him."

Testimony on his profits was given by S. C. Ross, accountant for the New York state utility investigation, Senator Schwelienbach (D-Wash.) also placed in the record a statement that between 1924 and 1929 Hopson got half of a profit of \$1,357,000 in one of the companies in which he had invested only \$45,000.

Profitable in Depression

Ross testified the operating companies had paid about \$8,000,000 during the depression years to Hopson's companies for services and had no discretion about the amount.

He presented much testimony of the private companies charging several times what the services cost them.

They charged two and half times what they paid their men, he said, with one exception.

It was through this system, Ross said, that Hopson controlled the system.

Many of the officers of the private companies, drawing big salaries from them, were also elected officials of the holding and operating companies, he said.

"It is a fair inference," Ross added, "that the primary allegiance of these men was to the companies from which they received their income; rather than to the stockholders who elected them officials of the operating and holding companies," he said.

Estes Denies

In a militant manner, Carl Estes, Texas newspaper publisher, denied to the committee that he had been paid to speak against the utility bill.

The Longview, Texas, publisher was not permitted to read a prepared statement accusing the committee of "mud-slinging" which he carried to the stand with him.

Chairman Black told him he would be permitted to answer questions but not read the statement.

"Did Carpenter (John W. Carpenter, president of the Texas Power & Light company) pay you any money in connection with the Wheeler-Rayburn bill?" Black asked.

"Not a penny," Estes replied.

"Did anybody else?"

"No one; not one penny."

Though the private companies

actually control the association system, Ross said, they contend they are not utility companies and therefore not subject to regulation.

Next the committee called Joseph P. McCarthy, a committee investigator, to tell of his efforts to find Hopson.

McCarthy said he had been looking for him since a week ago Friday.

The last evidence of Hopson's presence at the company office, he said, was July 8, when he sent a telegram to William Randolph Hearst, newspaper publisher, at San Simeon, Calif., asking his cooperation to block the holding company bill.

Hearst Got \$23,000.

The telegram, as placed in the record, follows:

"Have just been advised that there is great likelihood that house holding company bill will pass tomorrow, completely disregarding its probable unconstitutionality. Stop. Hope your people will use every influence they have to prevent this breaking down of the prestige of the constitution."

"How much has the company paid to the papers in connection with advertising against the holding company bill?" Schwelienbach said.

McCarthy replied that the companies had spent \$23,311 for advertising in 23 Hearst papers from March 4 to July 24.

Questioned by Chairman Black, Estes said he was the owner of the East Texas Oil Magazine.

He said the Texas Power and Light company paid \$225 a month for a color advertisement on the back page of the magazine.

Estes handed copies of the magazine to the committee together with a copy of the Longview News-Journal of 380 pages, which he said was the biggest issue of a paper ever published in this country.

Defiantly, Estes said the newspaper carried ads from power companies, utilities and others and asserted he would accept advertising from anyone.

In his prepared statement, he said he thought it was "blistering shame for either this committee or any other investigating body to insinuate that when a man in a legitimate publishing business accepts advertising that the advertiser has any further claim on him."

The statement also said he had made "a speech" against the utility bill "because I am opposed to all legislation of similar character." He added that "it simply substitutes the principle of leveling for Americanism."

"I want to say that I will eat with, walk with, talk to, fight with, speak on radio about or argue with anyone I want to about anything, anytime I please, regardless of how much mud is thrown at me or by whom," he said.

Calles' Son Is Beat For Nuevo Leon Governorship

MEXICO CITY, July 29 (AP)—Plutarco Elias Calles, Jr., son of the former president and "strong man of Mexico," was declared the loser today in his contest for the governorship of the state of Nuevo Leon.

General Fortunato Zuazua carried the election by a margin estimated at 10 to 1 and observers interpreted it to mean the loss of nominal control of another state for General Calles who withdrew from the political scene recently after a dispute with President Lázaro Cardenas.

Some sources expressed a belief that it was the final blow to the power which the former president wielded over Mexico for more than 8 years.

Federal troops patrolled the streets yesterday during the election which was carried out quietly.

Zuazua is a revolutionary general, an associate of President Cardenas, who declared himself openly to General Calles and ran independently for the governorship after losing the nomination of the national revolutionary party to young Calles.

remain in force until determination of the appeal.

Before court opened, Laska had protested his innocence to reporters, and said the charge against him was "an outrage."

Gene Brietstein, former assistant United States attorney at Denver, announced that he and Ralph Carr, former United States attorney at Denver, had been retained to assist Dave Tant of Oklahoma City in preparing the appeal.

Tant and Laska indicated before court today they expected the new trial motion would be overruled, and they were prepared to hear the sen-

A good cigarette, too needs Balance

And that's why the tobaccos in Chesterfield are carefully balanced one against the other . . . not too much of one—not too little of another.

We take the right amounts of the right kinds of four types of tobacco—Bright, Burley, Maryland and Turkish.

It is this balancing of tobaccos that makes Chesterfields milder and makes them taste better.
