

SIDE GLANCES BY GALBRAITH

"It's been a trying day for me, too—something dreadful happening on every one of my favorite programs!"

**Russia and Allies Need to Cooperate Or Stop Talking**

By DEWITT MACKENZIE, AP Foreign Affairs Analyst

If your columnist could be given two wishes in connection with the British-French-Russian conference in Paris regarding the Marshall economic program, with the assurance that one of them would come true, they would be these:

1. That the Soviet Union and the western allies might compose their grave differences and join hands not only in the Marshall plan but in rehabilitation of the whole war-plagued world.

2. That they quit shadow-boxing, agree to disagree and go their ways. This would mean consolidating the division of Europe into eastern and western blocs, but it would at least enable the western allies to get ahead with rehabilitation in as wide a sphere as they could reach, not excluding even the so-called Soviet sphere of influence.

Now of course he would be a super-optimist who expected wish No. One to be granted. Moscow already has turned thumbs down on the Marshall project, and charges America with having ulterior purposes in making the suggestion—an accusation which Marshall yesterday termed "fantastic" and "malicious."

However, that should clear the way for the granting of wish No. Two. Russia has given her answer—in effect that she doesn't want to participate in a unified effort. She has her own row of beans to hoe, which is to bring Europe under Moscow's domination.

The western allies long had feared this was the situation, but they had hesitated to force the issue with their World War ally. They hoped against hope that something would happen to make things come right.

Then out of the blue came General Marshall's proposal for European rehabilitation. It was a proposition which called for a direct response—cooperation or non-cooperation.

The world's observers recognized that this answer would apply not only to European recovery but would

reflect the Soviet policy for general cooperation with the western allies. As was widely anticipated, Russia has come through with a blunt refusal to cooperate. Thus is only remains for the western democracies to act accordingly—to start energetically to take their own line in dealing with world affairs.

**50,000,000 FRENCHMEN**

(Chicago Journal of Commerce)

Not all of the dampness is the fault of the late Spring weather. Some of it stems from the copious tears shed over the demise of the OPA. Loud are the wailings of folk who assure you that today's high prices are the fruit of de-control. We wish that some of these Jeremiah might have been present at a luncheon given by the French consul-general for Paul Bastid, former French minister of commerce. A Chicago Journal of Commerce representative asked M. Bastid, "What is the present status of the food situation in France?"

M. Bastid shrugged Gallically. "In the provinces it is much better," he said, "but in Paris it is bad—very bad. One cannot subsist on the rationed foods alone, and the marche noire—the black market—prices are enormous for both food and wine."

"You mean the peasants hold back their produce and sell it to the black marketeers?"

"Exactly."

"But how would you cure this condition, monsieur?"

"There is only one way. Get rid of regulation. If prices existed on a free market, they would seek their own proper level, somewhat above the fixed price but below the black market prices."

M. Bastid added that, oddly enough, the Communists in France are less zealous in opposing de-control than are the Socialists. The "Commies" are more skilled in gauging popular feeling, he said. It is their orientation toward the Kremlin more than their domestic economic philosophy which has caused their exclusion from the government.

American tourists, paying fancy prices for restaurant food, are compensated by the surprisingly low tariffs for hotel rooms, taxi fares, theater tickets and travel in France. But the French native has no such compensation—nor has he the American standard of income.

And so Jacques Bonhomme, the man on the Paris street, tightens his belt another notch, muttering the French equivalent for "Price control? Bah!"

About 5,000 kinds of dinosaurs are known to have lived in the age of reptiles.

Herando de Soto, in search of the Golden City, discovered the Mississippi river in 1541.

### Members of Rebekah To Receive Degrees

Mrs. Eulalia Bradnox and Mrs. Farley were elected to receive the Rebekah degree when the Skellytown Rebekah Lodge met Monday night. They will be initiated into the organization on the next meeting night, July 7. Mrs. Hanna and Mrs. Bernice Hoskins, who were previously elected, will also be initiated at this meeting.

Friday night 24 members of the Lodge were guests of the Amarillo San Jacinto Lodge in Amarillo. Skellytown was awarded third place in the degree work for the past six months.

There will be a formal installation of officers next Monday night, July 7.

A sandwich plate and iced drink were served to Mrs. Ethel Austin, Vanice McAllister, Clara Fogin-span, Ida Shubling, Muriel Nichols, Ruby Carpenter, Eddie Beck, Gertrude Hopkins, Mary Cowart, Dorothy Palmerston, Maggie Webb, Bernice Veal, George Hoff, Jewel Ray Hand, Ysleta Wait, Marjorie Pecham, Dona Crawford, Ruth Grogan, Clarice Wrinkle, Louise Morgan, Irene McCoy, Leona, Leona, Yell, Florence Sullivan, Miss Eddie Fern Lick and Everett Crawford and Fred Genett.

### Afternoon of Sewing Enjoyed by HD Club

Mrs. B. D. Vaughn was hostess to the Ladies Home Demonstration Club when they met recently for an afternoon of sewing.

Plans were made for a radio program to be given Saturday morning over KFDN.

Refreshments of punch and cake were served. The next meeting will be in the home of Mrs. L. R. Spense, July 10 at 2 o'clock.

### BUTTERCOOKIES OPEN A PASTRY SHOP

LONG BEACH, N. Y.—(AP)—Following in the footsteps of four generations of Buttercooks, Paul and his wife, Jeanette, have opened a pastry shop in this Long Island seaside resort.

Paul says his name started in Warsaw. Poland His ancestors were noted for their cookies and pastries, all succulently sizzling in dairy rich butter.

Rubber fish, cast in plastic- or-crisp molds of fresh specimens, have replaced mounted one in some museum exhibits.

### Married In Alamogordo on June 25

Mr. and Mrs. Henry Lee Kinnison, III, who were married June 25 in Alamogordo, N. Mex. Mrs. Kinnison is the former Miss Jo Anne Perry, daughter of Mrs. Ralph Thomas, Pampa, and Gerald F. Perry, Dallas.

### WE, THE WOMEN

#### Girls Go to College for Husband's Degree

By RUTH MULLETT  
NEA Staff Writer

A psychology professor estimates that only one girl in 10 goes to college for the intellectual life. The other nine are more interested in getting a husband.

Well, you can't discredit the girls for that. Getting a husband is just as serious a business to a girl as getting an education that will equip him to earn a living is to a young man.

#### Baptist Training Union Has Ranch-Style Meal

Mr. and Mrs. H. A. Hanks were hosts to members and guests of the First Baptist Church Training Union Monday evening when they entertained at their home with an out-door ranch style supper.

Following the benediction by Rev. Douglas Carver, guests were served plates of Mexican food, hot dogs, coffee, iced drinks and cookies.

Following supper the group gathered around a bonfire for a sing-song.

Signing the guest register were Billy Baird, Bill Tarpley, Pat O'Rourke, Bobby Tucker, Mary Lou Henke, E. L. Brown, Betty Mosley, Lou Ellen Gillet, June Hanks, Bonnie Dell Tucker, Carlos Grissom, R. B. Burnett, Norma Tunnell, Donald Bill Bain, Robert O'Brien, James Silver, C. A. Scott, Margaret Scott, Billy Gene Davis, Clinton Hughes, Dan Wilde, Doris Stull, Juanita Cox, Jeannine Lindsay, Inez French, George Pardue, Raymond Matheny, Charles Roberts, Jackie Hanks, Eva McGee, Garnie Wilde, Rev. Douglas Carver and family, Mr. and Mrs. Virgil Mott and family, Mr. and Mrs. John R. Wilde and daughter, Mr. and Mrs. Mage Keyser and son, Mr. and Mrs. Pat Burnett, Mrs. C. A. Scott, Mr. and Mrs. Floyd Barrett and Mr. and Mrs. Paul Barrett.

#### Doris Louise Taylor Is Birthday Honoree

Doris Louise Taylor celebrated the occasion of her fourth birthday with a party Sunday afternoon at the home of her parents, Mr. and Mrs. C. R. Taylor. The Taylor family resided at the Gulf Worley Lease.

Those attending or sending gifts were Mr. and Mrs. John B. Ayres and children, Jimmy, Dorothy Ann, Johnny and Mary Helen, Mrs. Frank Scott and children, Joan, Bob and Max, Mrs. E. E. Lindsey and children, Patsy, Don and Buddy Neil and Mr. and Mrs. D. W. Decker.

#### Announcement

Rebekahs are urged to attend the formal installation of officers at the IOOF Hall tonight at 8 o'clock. Mrs. Francis Hall, district deputy, will be in charge of the service.

#### Play Dress 8991

By SUE BURNETT

Mr. and Mrs. Pierson returned with her and visited another daughter, Ethel, at Southern Methodist University. On the return trip they visited with relatives in Ranger and Lueders.

Fireworks for sale on LeFors Highway—just outside the city limits. King's Stand.

Mr. and Mrs. Don Jones and daughter, Linda, have returned from a two week vacation in Galveston, Louisiana, and the Ozarks.

Mrs. Lela Ward, daughter of Mr. and Mrs. Floyd Ward, 715 N. Front, will leave Friday for Pasadena, Calif. for a two week visit with relatives there.

We will be closed all day Friday and Saturday—Have your car needs taken care of early this week. Coffee Pontiac Co.

A mining camp in Chile is said to be the highest habitation in the world. It lies 18,480 feet above sea level.

The loganberry was given to the world by bees which produced it by cross-fertilizing raspberries and blackberries.

### Mrs. Coon Honored At Recent Shower

Mrs. Charles Coon, daughter of Mr. and Mrs. Charles Weiss, was recently complimented with a pink and white shower in the home of Mrs. C. C. Woodard, 519 N. Starkweather. Assisting with hostess duties were Mrs. F. H. Smith and Mrs. Vida Shelton.

Roses and spring flowers were used in the receiving rooms. The tea table was laid with a white Damask cloth and centered with a bowl of pink roses.

Guests were directed in the gift room where many lovely gift packages were displayed. The gifts were later returned to the living room and placed on a coffee table where they were opened by Mrs. Coon and her small son, Charles Eugene.

The hostesses presented Mrs. Coon a corsage of baby rose buds. Similar corsages were worn by other members of the house party.

Home made ice cream and cake iced in pink and white were served at the refreshment hour. Favors were plastic miniature baby shoes filled with pink and white nuts.

Registering in the guest book were Mmes. A. C. Sanders, W. E. Posey, Birdie Derrick, H. E. Saunders, J. M. Brooks, W. A. Keith, Melvin Turner, H. C. Fisher, R. D. Nice, Jr., M. N. Weir, J. E. Wellford, J. M. Hill, Doyle, Biosan, Rosenbalm, O. L. Derrick, and P. H. Ford. Several persons, unable to attend the shower, sent gifts.

"OH, MY FRIENDS, AND AH, MY FOES!"

New DELHI, India.—(AP)—The following "personals" advertisement appeared recently in the New Delhi Statesman:

"Brigadier Came leaving for the United Kingdom desired to thank his British and Indian friends for many kindnesses. He further desires that his enemies should not indulge in wishful thinking! He is returning!!"

### Walter Cranmer Is Feted on Birthday

PANHANDLE (Special)—Walter Cranmer entertained his friends Monday in honor of his eighth birthday. Games were played and musical numbers were given by Dorothy Lee Cranmer, Doris Nell and Patty Sue Berg.

Refreshments of ice cream, cake and an iced drink were served to Sandra Kay, Freddie and Bernard Klinke, Dorothy Lee, Sharon Ann and Edgar Cranmer, Doris Nell and Patty Sue Berg, Raymond and Joseph Dutton and Ted Stansbury.

Gifts were sent by Amelia Neusch, Leon and Buster Simpson.

Although India is only a little more than one-half as large as the United States, it contains three times as many people.

### Contract to Supply Tractor Is Completed

The Plains Machine Co. yesterday was awarded a contract to supply Gray County one International four-wheel tractor for road work at a cost of \$3,737.13. There were two other bidders, both higher, but apparently less desirable.

County Clerk Charlie Thut was ordered by the Court to add the approved Some-McCoy addition of the city of Pampa to the plat of Gray County. The plat, drawn up by the Some-McCoy's engineer, was approved last week by the City Commission.

The next meeting of the Board of Equalization for the county was scheduled for July 14 in the County Court Room.

Monthly bills were approved and other routine business taken up.

### Why Newspapers Are Like Women

Because they are thinner than they used to be.  
Because they have farms.  
Because they are well worth looking over.  
Because they are bold face type.  
Because they carry the news wherever they go.  
Because they have a great deal of influence.  
Because they are not afraid to speak their minds.  
Because if they know anything they usually tell it.  
Because they always have the last word.  
Because back numbers are not in demand.  
Because every man should have one of his own and not run after his neighbor's.

"How will you like your eggs?" asked a waitress in a restaurant.  
"As well as could be expected under the circumstances," replied the absent-minded doctor.

The seven ages of women are: The infant, the little girl, the miss, the young woman, the young woman, the young woman.

A very well satisfied man arrived at the gates of Heaven and asked for admission.  
"Where are you from?" asked the attendant.  
"California."  
"What you can come in... but you won't like it."

### Pin-Worms Now Can Be Beaten

The miseries of Pin-Worms have been known for centuries, and millions of victims have sought a way to deal with this pest that lives inside the human body.

Today, thanks to a special, medically formulated drug, a highly effective treatment has been made possible. This drug is the vital ingredient in P-W, the Pin-Worm tablet developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. So they can't suffer with the embarrassing rectal itching caused by this ugly pest. Ask your druggist for JAYNE'S P-W and follow the directions.

P-W means Pin-Worm relief!

"What you can come in... but you won't like it."

### Pin-Worms Now Can Be Beaten

The miseries of Pin-Worms have been known for centuries, and millions of victims have sought a way to deal with this pest that lives inside the human body.

Today, thanks to a special, medically formulated drug, a highly effective treatment has been made possible. This drug is the vital ingredient in P-W, the Pin-Worm tablet developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. So they can't suffer with the embarrassing rectal itching caused by this ugly pest. Ask your druggist for JAYNE'S P-W and follow the directions.

P-W means Pin-Worm relief!

### Letors MYF Officers Installed Sunday Night

LEFORS (Special)—The Methodist Youth Fellowship of the Letors Methodist Church held an informal installation of officers Sunday night in the Regio Theater.

The stage was lit by candles with a picture of Christ praying in the garden on the altar. Each outgoing officer held a cross which was presented to the respective incoming officer.

The ceremony, which was led by Wesley Daniel, was opened with the singing of the hymn, "We May Not Climb the Heavenly Steeps," which has been chosen as the group song. The leader gave a reading, after which he led the group in prayer. He then gave a short inspirational speech to the incoming officers.

Barbara McCullick, outgoing president, presented her cross to Sam Daniel as the symbol of his new office. Other officers taking oath were vice-president, Barbara McCullick; secretary-treasurer, Pat Johnson; worship and evangelism, Connie Garber; missions and world friendship, Delbert Patterson; community service, LeVaughn Mullins; and recreation, Jimmie Davis.

The meeting was closed with a prayer by Sam Daniel.

South Africa, Australia, India, and Canada are Great Britain's four best customers in the iron and steel industry.

It is possible to purchase molasses on the market in powdered form.

### Dog 'Kitnaps' Four Kittens

When their real mother broke a leg, Tiny, this two-year-old fox terrier, snatched her four kittens and has been feeding them ever since. Here she carries one of her charges back to her box-bed in the home of Mrs. Carl Hamric, Brookpark Village, Ohio. The mother cat put up a howl for a week, but now is reconciled to the adoption and sits back while Tiny does all the work.

CARNIVAL BY DICK TURNER

"You don't have to look daggers at them when they only give a dime, Deacon—we get them at the Friday night bingo parties!"

### Paris Story

(Continued From Page 1)  
 Ign Minister Bidault accompanied him to the door of the foreign ministry, shook hands, and went back upstairs to confer with Bevin.  
 The French and British ministers, preceded by a Scotland Yard man, came down together from the Hall of Parrots, where the conference had been held. It was reported that a joint French-British announcement would be issued.  
 Molotov, opening today's session, made a five-page statement criticizing the proposals as a threat to the economic independence and sovereignty of the small European nations.  
 "Under these conditions," Molotov said, "how would the small countries and in general the less powerful states be able to safeguard their national economies and their independence?"  
 "The Soviet government certainly cannot venture along this path and continue to support its proposals put forward at this conference on June 30."  
 "The Soviet government, while favoring the development of international collaboration on the basis of equal rights and mutual respect for the interests of the contracting parties, cannot lend its assistance to anyone in arranging his affairs at the expense of other countries of less strength or size. This has nothing in common with normal cooperation between states."  
 "The Soviet government considers that the Anglo-French plan to set up a special organization for the coordination of the economies of European states would lead to interference in the internal affairs of European countries."  
 "The Soviet government rejects this plan of yielding any positive results."  
 The compromise under discussion was offered yesterday by Bidault in an effort to keep the conference alive. The conference was called after U. S. Secretary of State Marshall had suggested that European nations should agree among themselves on a plan for European reconstruction for which the United States would consider granting aid.

**Jester**  
 (Continued From Page 1)  
 Jester said that while there had been these instances of disagreement, the Governor and Legislature, nevertheless, were "usually... in essential agreement."  
 He recalled that of his 27 specific suggestions for legislation in his first message to the Legislature, 21 had become law. He also re-

### Shell Oil People Enjoy an Outing At Lake McClellan

A chowd of 300 representing employees in Shell Oil Company's production and gasoline departments with their wives and children, and visiting officials of both departments attended a picnic yesterday afternoon at Lake McClellan.  
 The festivities with entertainment: volley ball; bingo; archery; softball, music played over a public address system furnished by T. H. Humphrey, Shell director of education and safety, Tulsa, Oklahoma. H. L. Dulaney and G. W. Walker composed the committee for food and refreshments, with W. F. Adams and R. P. Bergeron handling the entertainment for children, and R. H. Miller, Earl Thaes, and J. C. Nichols acting as a committee for adult amusement.  
 Immediately following the 6 o'clock dinner, special recognition was given to the following employees who have received or will receive from the company, service awards: 25 years service—C. C. Staats and J. E. Bartlett; 20 years service—T. W. Swartz, T. S. Marlin, M. H. McClain, F. D. Harvey, Bert Stewart, A. R. Givens, and E. C. Bonner; 10 years service—Rolla Sparks, Bert Castleberry, E. R. Stephens, H. W. LeMarr, J. N. Forbes, C. P. Mercer, and W. Kyle.  
 Special quartet music was provided by members of Pampa Chapter of the Barber Shop groups known as the "Melody Menders," which is composed of A. D. Eastham, lead; C. R. Scott, tenor; Curly Mannear, baritone; and Dr. Calvin Jones, bass.  
 Noly B. Cooper, Shell pensioner who was retired April 1 as a pumpman on the Hazard lease south of Pampa, accompanied by his wife and children attended the picnic as a special guest of the company. Out-of-town visiting company officials were as follows: PRODUCTION DEPARTMENT, W. H. Burke, Production Manager, Tulsa; W. H. Collins, North Texas Division Manager, Wichita Falls; E. F. McGeehon, Division Chief Clerk, Wichita Falls; L. H. Humphrey, Director of Education and Safety, Tulsa; R. J. Lauder and Frank Hall, Safety Engineers, Tulsa, and Newman Wadlow, Chief Pilot for Shell, Tulsa—GASOLINE DEPARTMENT, L. E. Rinker, Assistant Division Manager, Tulsa, and E. W. Hirsch, chemist, Tulsa.

viewed that the Senate had confirmed all of his nominees to public office.  
 The Governor said he plans another radio report in the near future, dealing with the state's highway program, under which he said 100 million dollars will be spent this year on public roads.

### O'Daniel

(Continued From Page 1)  
 the speech. He had let Chairman Wiley (R-Wisc) of the Senate Judiciary Committee make the opening address for confirmation.  
 Dooley with his wife and two other women sat in the spectators gallery. He listened closely to catch the occasional undertone exchange of questions between O'Daniel and other senators, and to hear O'Daniel tell the Senate:

"This is not a patronage fight between the two Texas senators so far as I'm concerned.  
 "I have gotten along without patronage for six years. I can get reelected without patronage. I have four times...  
 "This appointment of Dooley is just a diabolical plot of the New Deal gang to try to purge me."  
 Wiley told the Senate the committee vote had been 8 to 4 in favor of confirmation and Dooley "met the test" applied by the committee as to integrity, character and ability.  
 Senator Saltonstall (R-Mass) attempted to get O'Daniel to elaborate on his reasons for calling Dooley "personally obnoxious" but the Texan said he did not think he was called upon to discuss that in detail. O'Daniel had said during committee hearings that he had never met Dooley until they faced each other there in the committee room.  
 O'Daniel's remarks criticizing the administration were challenged by Senator Lucas (D-Ill.) who asked the Texan why he didn't introduce legislation to repeal laws he doesn't like.  
 In reply, O'Daniel said he had introduced several bills but they are still in committees "hidden under the rugs."  
 O'Daniel was asked directly by

At a music merchants' convention in Chicago, Mary Ann Dues demonstrates a new invention that promises to make confining illness or long convalescence more bearable. It's a small, lightweight fibre-glass piano designed for bed-ridden patients.

Lucas if he intended to seek reelection next year. He replied that that was a "matter that's going to be announced later," and added: "That is a momentous question. I have been asked that question before."  
 Coast Guard cutters operated with the U. S. Navy for the first time in an undeclared war with France, 1797 to 1801.

**Haifa Bank Robbers Make Clean Getaway**  
 JERUSALEM—(AP)—Seven men robbed a bank in Haifa today and made a getaway in a black automobile. They were believed to have taken several hundred dollars. Brandishing weapons, the men entered the Kupat Mivneh Bank in the Hadar Macarmel district half-

### Music in Bed

### Expansion of US Information Program Urged

WASHINGTON—(AP)—Secretary of State Marshall urged Senators today to approve in this session of Congress legislation to expand a foreign information program which he termed "vital to the success of our foreign policy."  
 Marshall told a Senate Foreign Relations subcommittee that unless the Senate acts on legislation authorizing such a program, the State Department will face "serious handicaps" abroad.  
 Rep. Mundt (R-SD), author of the House-passed measure now before the committee, also urged speedy action. He told the Senators that "Russians and others are spreading malicious lies about us every day."  
 Republican leaders have indicated they may pigeonhole the Mundt bill until next January and rely on a \$13,470,000 appropriation passed by the Senate to carry on the cultural program, including the short-wave radio "Voice of America" broadcasts.  
 Without mentioning any foreign country, Marshall complained that the policies and actions of the United States are "often misunderstood and misrepresented abroad."  
 Earlier police blamed the nervousness of an Arab laborer, who mistook a stick of wood for a bomb, for a general alarm, which created intense excitement in Jerusalem shortly before midnight last night.

MURDERED—Pictured above is Mrs. Folly Kohler Eubanks, 27-year-old Kansas City hotel coffee shop waitress, whose beaten body was found in an abandoned Kansas City dump.

**Weighting In at Derby Finals**  
Every contestant in local races and every champion in the finals race at Akron in the All-American Soap Box Derby must be weighed in, and his racing car also must pass the weight test. Here Frank Paige, 1946 champion from Tacoma, Wash., warily watches the hand of the scale as it registers his weight. The weight rule has been changed for 1947. Though the total limit of 250 pounds for car and driver remains the same, the weight limit on the car alone has been raised from 135 pounds to 150 pounds. This change was made by the National Newspaper Advisory Committee to give lightweight boy contestants a chance to build heavier cars so they can approach the maximum weight limit.

**Top Pros Still Refuse To Enter Tam o' Shanter**

CHICAGO—(AP)—Now that the women and amateurs have their rideshow act all set for Thursday's opening of the seventh annual Tam O'Shanter three-ring golfing circus, the professionals take over today to pick the cast for the \$30,000 main attraction.

Although 109 play-for-pay stars are exempt from qualifying, at least 109 others were due to tour the 18-hole layout today in an attempt to get into the act. Only 34 of them can make it, promoter George S. May having limited the

**Field to 135, which includes the 100 exempt players and the home pro.**

However, it was almost a certainty that about 25 of the exempt players would not take advantage of their free pass into goldfrenzy's biggest money match. In the group were such big names as Johnny Bulla, Billy Burke, Harry Cooper, Jimmy Demaret, Vic Ghezzi, Claude Harmon, Ben Hogan, "Jug" McSpaden, Henry Picard, Gene Sarazen, Denny Shute, the Turners, brothers, Joe and Mike, Craig Wood and National Open champion Lew Worsham.

While he might wind up a bit shy on talent, due to a dispute over having the players wear numbers and a slightly more bitter fight over non-payment of "appearance" money to home professionals, May moved to have plenty of customers at his dollar-a-day attraction.

It also appeared that Babe Didrickson Zaharias would not be present, despite May's word that, "she promised me she would come and I think she will."

Babe was scheduled to arrive in Denver at midnight tonight and the city was ready for an all-day celebration tomorrow in her honor after her triumph in Britain.

**Special Salary Bill Not Constitutional**

AUSTIN—(AP)—An Attorney General's opinion has held unconstitutional the 60th Legislature's bill which would have increased county treasurers' salaries to \$3,600 in four Texas communities.

The bill was written to apply to

counties in population brackets between 90,000 and 112,000. Populations of Travis, Hidalgo, McClellan and Nueces Counties fall within the brackets.

The Attorney General's opinion said the population bracket classification, however, is "unreasonable and not real," making the law a local or special one, which is not constitutional.

Travis County attorney Perry L. Jones requested the legal ruling.

Dunkerkque on the English channel was fortified by the Count of Flanders in the 10th Century.

**Baylor Dean to Head West Texas State, Canyon**

CANYON—Dr. James P. Cornette dean of Baylor University, will become president of West Texas State College to succeed Dr. J. A. Hill according to an announcement by the Board of Regents of Texas State Teachers College. He will take office as president August 31, 1946, but will arrive in Canyon next January, to serve as executive vice-president until September.

Retirement for Dr. Hill will close 30 years of service in building West Texas State College from a one-building, 16-teacher to his present prestige as one of the leading institutions of higher education in Texas. When he leaves the presidency, Dr. Hill will sever a career which embraces the entire history of his college, since he is the sole remaining member in service of the original staff formed when the college was founded in 1910. He came here then as head of the history department.

**President's 4th Itinerary Set**

WASHINGTON—(AP)—President Truman has decided to extend his Independence Day visit to Charlottesville, Va., to a three-night stay beginning tomorrow night, the White House announced today. He will return to Washington Sunday instead of Saturday.

The president will leave here by automobile at noon (CST) tomorrow and will stay the three nights at the home of Stanley Woodward, chief of the state department's public relations division, about a mile from Charlottesville.

Mr. Truman will speak at 11:30 p. m. (CST) Friday from a specially constructed platform on the west portico of Thomas Jefferson's home "Monticello."

The speech, which will require about 20 minutes, will be broadcast. The subject matter was not announced.

**Help Sought to Keep Battleship Texas**

HOUSTON—(AP)—Texas school children, civic clubs and veterans organizations will be asked to cooperate in raising the \$50,000 needed annually to maintain the U. S. S. Texas as a state shrine, the Battleship Texas Commission has announced.

The battleship is to be anchored at the San Jacinto battleground.

Lloyd Gregory, commission chairman and vice president of the fund manager of the Houston Post, said yesterday that a board of three would make decisions for the commission while handling the fund campaign. He said the board would be composed of himself, J. Russell Walls, director of Fort Houston and Joseph E. Hutchinson, Houston architect.

At the commission's first meeting yesterday, Gregory estimated it will cost from \$150,000 to \$175,000 to bring the battleship here from Norfolk, Va., and berth it on the Houston Ship Channel.

The estimate includes dredging of Peggy's Lake, proposed site, Gregory said.

**Farmer's Union Holds Meeting**

BAMHANDLE (Special)—The quarterly meeting of the St. Francis Farmer's Union was held recently in the Highland Park Auditorium, with the song "Men of the Soil" opening the meeting. The Junior Reserve presented two playlets, "Tom Thumb's Wedding" and "Our Father's Day."

A message to the local was read by Virginia Detten.

Talks were given by Father Walters and Herman Neusch stressing the need for education, after which recognition was given this year's graduates.

A report was given of the woman's school held recently at Lake McClellan.

Refreshments were served by Mr. and Mrs. Ed Dalton.

**Permission to Make Seismic Test Asked**

HOUSTON—(AP)—The Texas Company has applied to the war department for permission to conduct seismic surveys along the Texas coast in the Sabine Lake area and near LaGunda Madre east of Brownsville, according to the Army district engineer here.

Territory to be explored includes Sabine Lake, Trinity, Galveston, West, Bastrop, Oyster, Chocolate, Matagorda, Tres Palacios, Caranaco, Keller, Lavaca, Ertis, Santa Fe, San Antonio, Haynes, Mesquite Aransas, Capano, St. Charles, Mission, Fort, Red Fish, Nueces, Baffin and Alazan Bays, and the southern section of Lagunda Madre.

# Houston's Stomping Buffs Beat Cellar-Dwelling San Antonio 8-2

## Doctors to Check Feller's Injury

CLEVELAND.—(AP)—Rapid Robert Feller, Cleveland Indians fireball ace, was scheduled to undergo X-ray examinations by local physicians today to determine whether he will be able to perform in baseball's all-star game at Chicago next Tuesday.

Feller's participation in the diamond classic became doubtful last night when the fireballer was forced to withdraw during the second inning of the Tribe's 9-3 victory over St. Louis Browns at the Mound City because of severe back pains.

Tribe Manager Lou Boudreau asserted he believed Feller would not be ready for pitching duty until July 10—two days after the Chicago all-star tilt.

The major league's strikeout king said he first felt a sharp pain in the right side of his back last night while warming up for the game with St. Louis, but decided to start the contest.

After yielding a double to St. Louis leadoff man Bob Dillinger, the husky towner with the fireball delivery struck out three Browns in succession. He asked to be released in the second after two straight hits and a long fly.

"I had good stuff in the first inning tonight, but felt knife-like pains," Feller declared in the dressing room after the game's 9-3 victory.

Bob said he believed he had suffered an injury to his back in a losing contest with the Boston Red Sox at Beantown June 21.

The fireballer said he thought a strain on his side developed after he fell off the Shibe Park mound at Philadelphia and injured his left knee. In a brilliant start Feller had fanned nine batters in the first four innings when the accident occurred.

In subsequent mound duties, Feller said he probably "favored" his injured knee.

So there is a slump in patronage of cocktail bars? Well, that's fine! People are a lot better off buying shirts.—Mrs. D. Leigh Colvin, president, WCTU.

(By The Associated Press)

Houston's Buffs can wrap up the honors of acting as host team in the Texas League's all-star game July 9 by sweeping its series with San Antonio.

The Buffs need just two more victories to gain a mathematical edge over second place Fort Worth. They started off light by handing the cellar-dwelling San Antonio nine an 8-2 licking last night.

In other games, the red hot Tulsa Oilers defeated Fort Worth, 3-1; Beaumont beat Shreveport, 8-2, and Oklahoma City edged Dallas, 3-2.

Houston has four games left to play, holds a three-game advantage over Fort Worth. The Cats have five games before the deadline. The team on top after July 4th is host for the all-star tilt.

By winning all of its remaining five games, Fort Worth would come up with an average of .600. Houston can drop two of its games and finish with .607. A single defeat for Fort Worth would give the Cats .588.

Clarence Beers gained his 14th victory of the season as Houston came from behind to edge San Antonio, 3-1. The Buffs pushed over five runs in the seventh, added two more in the eighth.

Jack Cassini set a new record for Tulsa, stalling his 33rd base in the Oilers' win over Fort Worth. Henry Schenz set the old mark of 32 last year. It was the 17th victory out of the last 21 games for the Oilers in their current home stand.

Big Tulsa center fielder Oklahoma City took the decision. Johnny Ward scored the winning run in the seventh on a wild pitch.

Nashua's National Guard triple with the bases loaded in the fifth inning enabled Beaumont to force to the front over Shreveport. The same lineup took the field tonight, with Fort Worth and Tulsa engaging in a double header. San Antonio tries again at Houston, Dallas does the same at Fort Worth, and Beaumont tackles Shreveport.

## Longview Named Host At Loop All-Star Tilt

JACKSONVILLE.—(AP)—A flip of a coin yesterday gave Longview's Texans the right to play host at the Lone Star League's annual all-star game July 19.

Longview and Lufkin—tied for the lead after Monday night's games—flipped for the right to meet the picked team of all-star players. The top team of the league on July 1 was to have been host, but no provision had been made for a tie.

In a lengthy session of club directors, it was decided to continue with the same schedule, instead of revising second half play. A challenge was also issued to the class B big state league for a seven-game post-season series.

Beneath the beautiful words of American brotherhood, we continue to find social injustice, misery and oppression.—Dr. Ezequiel Padilla, former Mexican Foreign Minister.

## Oiler Rally Falls Short as Gold Sox Sweep Series, 9-6

AMARILLO.—(Special)—The Pampa Oilers broke loose in the last two innings here tonight to challenge the commanding lead of league-leading Amarillo, but the Gold Sox won a 9-6 decision for a series sweep.

During the first seven innings, Bob Bailey's fourth-inning single had been the only hit allowed by Jimmie Heller, tiny Amarillo right-hander.

The Oilers struck for five runs in the eighth, helped by a pair of walks and two costly Gold Sox bobbles.

With one out O'Connell doubled off the centerfield fence. Tony Range got life on a grounder to first base when Heller failed to touch the bag on Bauman's throw. Bailey's long fly to Duncie pushed in the run. Ray Bauer walked and Al Johnston singled in Range. Lloyd Summers kept the rally alive with another single, scoring Bauer. Julianne trapped Johnson off first and the throw was wild and two runs counted. After Chambers had walked, Heller got pinchhitter Mike Notte on a ground ball to center.

The visitors clipped Heller for three hits and one run in the ninth to close the scoring.

Al Matos surrendered the Pampa hurling show to Manager Grover Setz while trailing 5-0 in the second. Grover got the side out and allowed only one hit and two runs in four rounds until he pulled himself for a pinchhitter in the seventh. Wick Hewitt worked the seventh for Pampa, allowing two blows, then turned job over to Bailey who finished.

Bobby Decker and Vincent Liberto hit homers for the Gold Sox. Joe Bauman, Amarillo first sacker, walked five consecutive times.

Earl who is now 19 years old, was offered a contract by Earl Grimes when the Yanks wound up their try-out camp at Fredricksburg, recently. Earl worked out at the Memphis camp a few weeks back and was to get a chance to pitch some during the game they had planned, but the session was rained out.

Not to be stopped, Earl followed Grimes and Dutch Loberer to the scene of their next camp and proved himself a very capable twirler, according to statements by Grimes.

Earl is left handed. He is six feet and three inches tall and weighs 210 pounds. Those who have seen him pitch say he has a very fast ball and can toss a wicked curve.

Since he is still in the Army Air Corps, Earl could not sign up immediately, but Grimes has assured him that he will have his contract waiting as soon as he is out of the service.

Earl is the son of Mr. and Mrs. E. B. Davis, who reside a few miles west of town.

We speak of the "everlasting hills," but actually the mountains of the earth are of short duration, in geological time.

## Presbyterian Nine Upsets Touted First Methodists 18 to 11

Three Jr. Boys games were played last night in the Kean's Sunday School Softball League, as the First Presbyterians upset the highly touted First Methodists, 18-11.

The Methodists were tied for place until the defeat last night. The Presbyterians jumped to an early 6 run lead in the first inning and they were never in serious trouble.

The losers tried hard to stage a rally in the last frame and succeeded in pushing 7 runs across, but the fire was soon put out.

In another Jr. Boys game, Jimmy Bennett led his Central Baptists to a high scoring massacre as they romped over the Harrah Methodists 31-9.

Following this high scoring contest, the First Baptist Jr. Boys followed suite as they trounced the Calvary Baptists 30-9. Bill McPherson hurried for the First Baptists as Odie Qualls could do nothing with the winners.

In the Senior Girls League, the first slot First Baptists continued their effort to form as they blasted the Calvary Baptist Girls 19-4. Robbie Hawkins was the mofest for the winners and kept the losers well in hand throughout the six innings played.

The First Methodist Junior Girls had the First Baptist Jr. Girls hopelessly outclassed from the very start of their 3-inning contest last night, as they swept through them 42-18.

The Methodists' hard hitting was the downfall of the Baptists.

There were no Senior Boys games as the Calvary Baptists won a forfeit over the First Christians, who did not show up.

Fred Thompson, George Thompson and L. N. Atchinson called last night's games while Mose Johnson and Jim Naton umpired the girls games.

# Powerful New York Giants Blast Boston Braves 15-3 in 7 Innings

(By The Associated Press)

You simply had to see it to believe it.

It was a case of mayhem on the diamond New York fans, even those with long memories, will tell you that there was another National League team that packed the punch these Giants of 1947 do.

And if you happened to be a spectator at last night's teeing off party at the Polo Grounds against the Boston Braves, you would be inclined to agree with them. Training their siege guns at four Boston pitchers, the relentless Giants blasted away for 16 hits including five home runs, a triple and a double to vanquish the Braves 15-3.

Bobby Thomson slammed a home run, Buddy Kerr hit one. And of course, the dumpling trio of Johnny Mize, Willard Marshall and Walker Cooper hit one apiece. Thomson also connected for a three-bagger.

Along about the fourth inning with the Giants in front 12-3, it began to rain. The Giants obligingly went out in order in the fourth and fifth innings in their haste to beat the downpour, but once the game became official, they resumed their furious attack, collecting a couple of more needless runs in the sixth.

It was in that inning that Mize, the majors' home run leader, slamed his 21st circuit clout, a terrific wallop high and far over the right field roof. The rain came down in earnest and a wag suggested that Mize's blow must have hit a cloud and burst it.

The teams got in one more inning, but finally the umpires called a

halt saving the two nines as well as the 36,923 thoroughly delighted fans a drenching. It came too late, however, to save the Braves the worst drubbing they have suffered this season. The only solace for Boston was Tommy Holmes two homers and a triple off winning pitcher Larry Jensen.

Despite the victory, the Giants remained in third place, but they cut the Braves first place margin to a mere half game. Boston retained its first place hold over the Brooklyn Dodgers by two percentage points. The Brooks lost an opportunity to take over the league lead when they blew a 5-3 game to the Phils in Philadelphia earlier in the day.

In the only other National League game, the steadily rising St. Louis Cardinals moved within three and a half games of the top by winning a close 2-1 game from the Pirates at night in Pittsburgh. The Cards increased their fourth place lead

over the idle Chicago Cubs to a full game.

Cleveland took sole possession of third place in the American League by nipping the White Sox in Chicago 2-1. The Tigers now are a half game in front of Philadelphia and Cleveland who are tied for fourth.

The Indians moved in on the A's when they defeated the Browns in a night game at St. Louis 9-3.

The Indians' victory over the Browns was clouded by an injury to their great pitching star, Bobby Feller. The fireball ace was forced to withdraw in the second inning with severe back pains. After leaving the game in which he fanned three in one and one-third innings, Feller said he felt aches in the right side of his back while warming up, but decided to start.

Feller expressed belief that strain was caused by favoring his left knee, which was injured in a fall off the mound in Philadelphia, June 1.

### Market Briefs

**WALL STREET**  
NEW YORK, July 1.—(AP)—One of the widest recovery swings in the past month today lifted leading stocks 1 to 3 or more points—there being a few much broader jumps by "blue-chips" with oil and associated markets touching high for the year in the wake of persistent short covering and in estimate demand.

The advance got under way after early trading. Steels, motors, rails and oil stocks attracted bidding. Intervals were plentiful. A little selling, however, was seen in the final hour, then prices stiffened toward the close and many pivots closed at or around the day's high season. Transfers stepped up around 1,000,000 shares for the full stretch.

At best levels for 1947 were Chrysler, Nickel Plate Preferred (up about 14 points), Socony Standard Oil (NI), Texas Co., Standard Oil, Standard Oil of Cal., Texas Gulf Producing, Columbia and Joy, Mfg.

In front and in Steel, Bethlehem, Youngstown Sheet, General Motors, U. S. Rubber, Santa Fe, Southern Pacific, Southern Railway, Baltimore & Ohio, Chesapeake & Ohio, Nickel Plate Common, American Woodmen, Atlantic Refining, Montgomery Ward, International Harvester, Kennecott, American Smelting, Westinghouse, Dow Chemical, Harbortrade, Johns-Manville, J. C. Penney and U. S. Gypsum.

Railway bonds improved.

### Legal Records

**Marriage Licenses**  
Licenses to wed were granted the following couples yesterday in the offices of County Clerk Charlie Thut:  
Roy L. McDaniel and Mrs. Faye Hale.  
William R. Brady and Mrs. Edith M. Owen.  
Max L. Jones and Delma Richmond.  
Emmett E. Routh and Marcel Spots.  
**Realty Transfers**  
Nancy Ann Holmes to Ernest Luther Holmes; A part of the eastern one half of the north east one quarter of Section 104 located in Block 3 of the I. & G. N. Railroad Company surveys of Gray County.  
J. D. Hughes and wife, Meta Hughes to A. C. Newberry and wife, Grace Newberry; A part of Plot number 42 situated in the suburbs of Pampa.

**Divorce Suit Filed**  
The divorce suit of Carl W. Walker versus Victoria Walker was filed yesterday in the offices of District Clerk Dee Patterson.

### Service Officer Is Named by Governor

AUSTIN—(AP)—Col. James C. Jones today had been named veteran's service officer to succeed A. O. Willman whose term expired on Aug. 31, 1945.  
Gov. Beauford H. Jester announced.

### Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older

How do you feel at the end of a day? Is that old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now reaping glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.  
Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.  
To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof, shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.  
Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or absent. Thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.  
Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength show by which you eat better, sleep better, feel better, work better, play better, have a healthy color glow to your skin—firm flesh all out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

announced yesterday shortly after the Attorney General's department held in an opinion that the veterans' state service office may continue its duties until the newly authorized Veterans Affairs Commission takes over.  
The 50th Legislature enacted legislation whereby the service office was to be "absorbed" by the new commission. The bill became law June 12.

### PRISCILLA'S POP

### Battle of the Johnson Grass Is a County Issue, Antagonists Agree to Meet on Neutral Ground

By JACK REVELL  
Associated Press Staff  
One of these days you may feel the earth heave slightly, but don't be alarmed. It won't be an earthquake. It'll probably be Clint Pace of the Austin American jerking away at Johnson grass.  
It all started when Pace wrote: "There is no way to kill Johnson grass except to grab it and yank it out by the roots."  
That was too much for H. B. Fox of the Granger News, who said bitingly: "I don't believe Mr. Pace has ever tried to pull up any Johnson grass by the roots. He must be confused with pulling straws out of ice cream sodas, but if he insists on his story, I'll send after him if he'll come and we'll have a public demonstration of an Austin man pulling up Johnson grass by the roots."  
Pace accepted. Further, he even bet a dollar that Mrs. Pace could out pull Fox five to three.  
"As for our alleged lack of experience in pulling Johnson grass," he wrote indignantly, "we would inform H. B. F. that when he says such a thing, he obviously does not know his grass from third base. We have pulled so much of the loathsome weed that we can see it in our sleep."  
(The little woman says this is caused by the fact that it is now growing through the bedroom window.)  
There was, however, a catch that Fox termed a "city slicker maneuver." Pace wants to pull the grass

### By Al Vermeer

In his own back yard.  
Fox promptly rejected the offer on two counts: He said he wouldn't want to enter a contest that would help Pace get rid of his Johnson grass, and second, Travis County soil was so sorry it maybe doesn't grow healthy Johnson grass like the type they have in Williamson County.  
He offered to meet him half way—in Circleville.  
"If Mr. Pace sticks by his story and will go through with the demonstration, I'll be glad to send after him and also pick up Neal Douglas, the Austin American staff photographer, to record the Johnson grass uprooting, although I will also have a photographer on hand to record Mr. Douglas recording Mr. Pace as the two work on the same paper and this thing has got to be accurate, without any tricks, if it's going to be of any historic worth."  
He said 3,000 Williamson County farmers are waiting, and if Pace can produce, they'll allot every tenth bale of Johnson grass hay this year to a fund to erect a statue of the Austin man to be inherited.  
"In honor of Mr. Clint Pace, who pulls Johnson grass up by the roots." That's where the matter rests. But not indefinitely. After tossing challenges around like that, somebody's got to do something.  
The Solomons are estimated to include more than 10,000 islands and islets.

# Pampa News

Published daily except Saturday by The Pampa News, 221 W. Foster Ave. Pampa, Texas. All departments MEMBERS OF THE ASSOCIATED PRESS (Full Leased Wire). The Associated Press is entitled exclusively to the use of all news material appearing in this newspaper, as well as all AP news dispatches. Entered as second class matter at the post office at Pampa, Texas, under the Act of March 3rd, 1879.

**PERFECTING DEMOCRACY**  
In an editorial on America's position in the world, The New York Times recently said: "Our strength is not in our wealth, manpower or technology alone, or chiefly. It is in perfecting democracy at home and helping to make it possible elsewhere."

It has often been observed that this country does not possess anything resembling a monopoly of the world's material wealth. Other nations have natural resources and an industrial potential which are comparable to ours. They, too, have the riches which would make possible a high standard of living for their people. But the United States has been almost alone among the powers of the world in developing these resources for the benefit of the ordinary man and woman. The very essence of democratic capitalism, as we know it, has been to make our material wealth work for the benefit of us all—and to equitably share the rewards among all producers.

We have not reached perfection. But nowhere else on earth does the ordinary man or woman receive so much in return for his or her labors. Nowhere else on earth does opportunity to go ahead exist on so great a scale. The leaders of American industry today were the clerks of yesterday. It is perfectly possible that the American president in 1952 or 1956 will be someone who is unknown to the country at present. That is the heart and soul of what we term the American system. Opportunity to go to the top is open to all—and a man's rewards are commensurate with his contribution to our society.

That is what American freedom stands for. Free enterprise, upon which all the other freedoms rest, is not a vague thing, without significance to the masses of the people. It is a living, breathing principle with stands squarely between us and dictatorship, statism, or some other form of oppression. The idea that government is the servant, not the master of the people, was an almost unique conception when this country was founded—and the power of this vast nation is its monument. The perpetuation of our democracy, and its defense against all enemies within and without, is the greatest contribution America can make to a troubled world in which whole nations have sunk to totalitarian slavery.

## In Hollywood

**By ERSKINE JOHNSON**  
NEA Staff Correspondent  
(Johnson on LEAD Monday thru Friday, 2 p.m.)  
**HOLLYWOOD**—If courage and talent pay off, plucky Susan Peters will claim an oscar next year.  
Susan, injured on a hunting trip 2½ years ago, is still unable to walk but she insists on living as normal a life as possible and refuses to be dominated by her wheel chair.  
The other weekend she went on a hunting trip with husband Dick Quine to the Mohave desert. She drove the car, designed for crippled veterans. Shooting from the car's seat, Susan bagged three rabbits.  
She's planning to adopt two more children. She already has a 14-month-old adopted son. She has taken up swimming again. Dick carries her to the surf, but once in the water she insists being on her own.  
Meanwhile she's studying dialog for the movie "Sign of the Ram" in which she'll play her role in a wheelchair.

to congratulate her.  
"The girl wasn't too impressed," she said. "Whether I'll ever get anywhere, I'm not very attractive."

But the other day at MIMIG director and the girl met again for the first time and she sent him a note saying: "I want to thank you personally for something nice you said to me 10 years ago."

It was signed "Greer Garson." You'll have to get accustomed to a flock of foreign stars in Hollywood films late this summer and fall. David O. Selznick will introduce Frenchman Louis Jourdan in "The Paradine Case." Warner Bros. will turn the publicity heat on Viveca Lindfors.

Michael Redgrave, the Englishman, co-stars with Joan Bennett in "The Secret Beyond the Door" and with Rosalind Russell in "Mourning Becomes Electra." Paramount has the French cutie Corinne Calvey. Rainier is coming over on every boat and a few in a hurry by plane. It's D-Day on the Hollywood beach-head!

**"RECOGNITION?"**  
Hollywood is chuckling over the casting of Gloria Grahame and Bob Sterling as lovers in RKO's "Roughly Grown." Gloria is a teenage dead-ringer for Bob's estranged wife, Ann Sothern.

Gloria sat for two years doing the "Gloria" bit for M-G-M after scoring on Broadway in "Goodnight, Ladies," and then clicked big with Jimmy Stewart in "It's a Wonderful Life." Now she has three unreleased movies in the pipeline by M-G-M. "Cross Fire," and "Merton of the Movies." RKO just bought her contract from M-G-M and will give her a star buildup.

Dick Haymes' new contract with U. I. for two pictures a year gives him freedom to do any outside film he wishes. He has been deluged with offers since getting his Fox release.

Export shipments of meat are now so small that they should have no significant effect on domestic meat prices, either at wholesale or retail levels—Clinton P. Anderson, Secretary of Agriculture.

While 788 full-time lobbyists are registered with Congress there is probably more lobbying going on in nearby country clubs than in the corridors of the Capitol—Sen. Harry P. Cain (R) of Washington.

## QUICKIES

"It was very cleverly tricked into this—the News Want Ad said it was a musical toy!"

## HARRY'S BLUNDER

Seldom in peace time has a President taken such risks with the national welfare as when Truman vetoed the union regulating bill and at the same time challenged organized labor to make the measure unworkable.  
When Truman labeled the bill "unworkable," said it would "create more strikes, not fewer" and would "sow seeds of discord which would plague this nation for years to come," using the same argument as the notorious pro-Communism CIO lawyer, Lee Pressman, political heir to the late Sidney Hillman, the President was clearly talking to and for the union chiefs.  
They did not miss the invitation. A rash of dangerous strikes broke out in 24 hours after the Senate introduced the veto.  
While it is certain that millions of union and non-union workers have joined other consumers and management in demanding union curbs, it also is true that the coal mines and the steel mills are largely under the guns of a total of about half a dozen men—ruthless men who have shown over and over their scorn to the public welfare and their preference for a class society in America.  
These little dictators, with the aid, either active or passive, of the powerful President of the United States, certainly are in position to throw a monkey wrench into our economic machinery. A long coal or steel strike might very well precipitate the heralded "Truman Depression."

## NATIONAL WHIRLIGIG

By RAY TUCKER  
WINSTON Churchill, the winner of the first session of the Supreme Court that was conducted under the direction of Chief Justice Fred Vinson has touched off a flood of extraordinary judicial criticism against the old-fashioned procedure under which the high tribunal operates.

Another reason that there have not been public complaints in the past is that the victims preferred to wait until Mr. Vinson had served his apprenticeship as Chief Justice.  
REFORMS—It is probable that a delegation representing the legal profession, Congress and the press will wait upon him again at the opening of the fall term, and try to obtain his cooperation for the proposed changes.  
Another reason for the delay in seeking reforms is that it was feared of the recent C. J.—Charles Evans Hughes and Harlan F. Stone—would not cooperate as the more practical Kentuckian.

There was also some hesitancy in approaching Mr. Vinson because of the fact that they were preeminently judges rather than administrators. Indeed, that was one of the principal weaknesses of their service to the nation's most illustrious judicial officers.  
PRESS—For the sake of convenience, it is more practicable to list the scores of complaints under three headings, giving their source, their significance and the recommended reforms.

The press: Under the present system, Monday opinions are not handed to newspapermen covering the court until they are read from the bench from 12 o'clock to noon until about 3 p.m. Many of these decisions are long and involved. It frequently takes able lawyers several days of study before they realize their legal and practical significance.

Yet reporters untrained in the law are expected to digest these decisions and report them immediately for the guidance and information of the public. In several notable instances, this shoo-f-from-the-shed system cannot be distinguished several hours in advance with a hold-until-delivered warning, as is done with presidential messages of far greater import to the public and Court edicts.

It is also suggested that, when the jurists hand down a decision of unusual far-reaching importance, the particular judge handling the question hold an off-the-record press conference for briefing newspapermen and the meaning of that particular opinion.

In recent years there have been several occasions, notably in the Kaituma case, in which the question of state or federal jurisdiction, which had a tremendous practical effect, but which was not properly interpreted for months.  
Simplification of the court's procedure along this line would not be simply a help to newspapermen. It would be of tremendous advantage to the law-makers, lawyers, large and small corporations, and to litigants similarly affected, including manufacturers, middlemen, farmers and consumers.

LAW—The law profession: The present procedure for admitting members of the bar to practice before the Supreme Court is cumbersome, wasteful of time and wholly unnecessary.  
Under the present method, applicants and their sponsors must languish in the small, stuffy chamber for several hours while the jurists read their long and involved opinions. The number of important men and women kept waiting around while the nine men say their pieces often totals two or three hundred, including Senators and Representatives, business men and prominent lawyers and other sponsors who could be doing more good elsewhere.

The proposed reform would permit them either to take the oath before the reading of decisions, or to be sworn in by the Clerk of the Court.  
Lawyers believe they would also benefit if, instead of reciting their short synopsis of the law, the interested parties could then obtain access to the full opinion.

Every law that interferes with a free market economy, every law that interferes with the rule of law, let us repeal. Let's discard the arbitrary laws of man and adopt a rule of law where all men are equal before the law.

If we would do these things, our problem would be solved. Then our population would grow, then we would become so strong and virile and have so much initiative that no nation in all the world would dare attack us. Then there would be no reason for any nation attacking us if they could freely trade with us and if their citizens could come to our aid if they could sneak out of their own land. Then the nations that had to prevent their own people from leaving the country would have such little loyalty that they wouldn't have the strength or the virility or the power to attack us.

Let's go back to the principles set forth in the Declaration of Independence that governments derive their just powers from the consent of the governed and that means we will have a very definite limited government so that we can get the consent of all people who want life and property protected. Then we would have so much of our productive energy left to produce wealth, that our character and our standard of living would rise and rise and we would be teaching by example rather than by the sword. We would then be so strong and powerful that no nation will dare attack us.

Still another alteration finding favor is that the court announce several days in advance the matters on which it will pass judgment on the next decision day, instead of creating dramatic but needless suspense.

PUBLIC—The public: The Supreme Court chamber is one of the showplaces at the Capital. Hundreds of visitors file in and out, making noise which disturbs the court proceedings. In view of the poor acoustics and the jurists' low tones, they are unable to hear members of the bench or bar.

Recommended for the tourists is the construction of a glass-enclosed chamber at the rear of the courtroom and a loud-speaking system.

What Will We Do if We Lack Russia?  
Some people are advocating that the United States should go in now and conquer Russia. That we should stop her expanding, aggressive policy.

But what would we do with Russia and Europe if we lacked them? Would we try to police the whole world?  
Twice we have entered into world wars. What did we do after World War I? What are we doing after World War II? Is Europe any better off today because we entered the first or the last war? Sure, we crushed Hitler, but we strengthened another dictator. Have we improved the European and Asiatic situation?

The Chicago Tribune says that the United States is in a tougher spot than it has been for 100 years on this Russian question. As the Tribune points out, we stand alone.

It would not, however, be so bad if we stood alone in unity for freedom, but we are not united on what kind of a government we want in our own country. They have departed from a definite limited government as planned by our founding fathers in the Declaration of Independence.

The Chicago Tribune contends that we could destroy the Stalin government within 48 hours with terrifying results. Then the Tribune asks, "Have we not the stomach for it?" I hope not. Then the Tribune asks, "Should we withdraw our hands, withdraw to hemispheric frontiers, let the chance that time will effect a cure?" Then the Tribune remarks: "The man who has the courage and intelligence to make these questions will be one of the greatest statesmen the world has ever known. His name might be Cromwell or Lincoln."

They fail to mention the really great leader of all ages, Jesus Christ. Let us remember that Jesus said, "Resist not evil." What he meant by that is don't resist the effects of evil deeds, of errors, of correct errors that bring on the evil deeds, the wars. The United States is far from being guiltless. The United States has helped bring on wars. Let us correct our own errors. Let's pull the beam out of our own eyes, before we try to pull the beams out of other people's eyes. And the rest of the world has been taught their eyes, too. Let's teach the rest of the world by example instead of by force. Let's tell the rest of the world that we believe in freedom of the individual and by freedom we mean self-control, no more or less.

Let's repeal the laws that interfere with the development of character and the rights of every citizen in the world. Let's repeal every tariff law and every immigration restriction, not the laws that keep out criminals and disease carriers. Then let's start in our own country and repeal the laws in our own country that interfere with the initiative and the talents God gave each man. Let's establish an American system of taxation where all people pay in proportion to their ability to pay, not the government to protect their lives and property—that is, where all people pay in proportion as they consume wealth. Let's repeal every law that makes it difficult for the slow and inefficient man to get a job—such laws as minimum wages, such laws that permit labor unions to combine to establish a caste system and keep the slow and inefficient from learning. Let's repeal all laws that attempt to take by way of taxation from one to give to another; such laws as public education, "social security," price controls and compulsory military training.

Every law that interferes with a free market economy, every law that interferes with the rule of law, let us repeal. Let's discard the arbitrary laws of man and adopt a rule of law where all men are equal before the law.

If we would do these things, our problem would be solved. Then our population would grow, then we would become so strong and virile and have so much initiative that no nation in all the world would dare attack us. Then there would be no reason for any nation attacking us if they could freely trade with us and if their citizens could come to our aid if they could sneak out of their own land. Then the nations that had to prevent their own people from leaving the country would have such little loyalty that they wouldn't have the strength or the virility or the power to attack us.

Let's go back to the principles set forth in the Declaration of Independence that governments derive their just powers from the consent of the governed and that means we will have a very definite limited government so that we can get the consent of all people who want life and property protected. Then we would have so much of our productive energy left to produce wealth, that our character and our standard of living would rise and rise and we would be teaching by example rather than by the sword. We would then be so strong and powerful that no nation will dare attack us.

Still another alteration finding favor is that the court announce several days in advance the matters on which it will pass judgment on the next decision day, instead of creating dramatic but needless suspense.

## Common Ground

By R. C. HOLES  
What Will We Do if We Lack Russia?  
Some people are advocating that the United States should go in now and conquer Russia. That we should stop her expanding, aggressive policy.

But what would we do with Russia and Europe if we lacked them? Would we try to police the whole world?  
Twice we have entered into world wars. What did we do after World War I? What are we doing after World War II? Is Europe any better off today because we entered the first or the last war? Sure, we crushed Hitler, but we strengthened another dictator. Have we improved the European and Asiatic situation?

The Chicago Tribune says that the United States is in a tougher spot than it has been for 100 years on this Russian question. As the Tribune points out, we stand alone.

It would not, however, be so bad if we stood alone in unity for freedom, but we are not united on what kind of a government we want in our own country. They have departed from a definite limited government as planned by our founding fathers in the Declaration of Independence.

The Chicago Tribune contends that we could destroy the Stalin government within 48 hours with terrifying results. Then the Tribune asks, "Have we not the stomach for it?" I hope not. Then the Tribune asks, "Should we withdraw our hands, withdraw to hemispheric frontiers, let the chance that time will effect a cure?" Then the Tribune remarks: "The man who has the courage and intelligence to make these questions will be one of the greatest statesmen the world has ever known. His name might be Cromwell or Lincoln."

They fail to mention the really great leader of all ages, Jesus Christ. Let us remember that Jesus said, "Resist not evil." What he meant by that is don't resist the effects of evil deeds, of errors, of correct errors that bring on the evil deeds, the wars. The United States is far from being guiltless. The United States has helped bring on wars. Let us correct our own errors. Let's pull the beam out of our own eyes, before we try to pull the beams out of other people's eyes. And the rest of the world has been taught their eyes, too. Let's teach the rest of the world by example instead of by force. Let's tell the rest of the world that we believe in freedom of the individual and by freedom we mean self-control, no more or less.

Let's repeal the laws that interfere with the development of character and the rights of every citizen in the world. Let's repeal every tariff law and every immigration restriction, not the laws that keep out criminals and disease carriers. Then let's start in our own country and repeal the laws in our own country that interfere with the initiative and the talents God gave each man. Let's establish an American system of taxation where all people pay in proportion to their ability to pay, not the government to protect their lives and property—that is, where all people pay in proportion as they consume wealth. Let's repeal every law that makes it difficult for the slow and inefficient man to get a job—such laws as minimum wages, such laws that permit labor unions to combine to establish a caste system and keep the slow and inefficient from learning. Let's repeal all laws that attempt to take by way of taxation from one to give to another; such laws as public education, "social security," price controls and compulsory military training.

Every law that interferes with a free market economy, every law that interferes with the rule of law, let us repeal. Let's discard the arbitrary laws of man and adopt a rule of law where all men are equal before the law.

If we would do these things, our problem would be solved. Then our population would grow, then we would become so strong and virile and have so much initiative that no nation in all the world would dare attack us. Then there would be no reason for any nation attacking us if they could freely trade with us and if their citizens could come to our aid if they could sneak out of their own land. Then the nations that had to prevent their own people from leaving the country would have such little loyalty that they wouldn't have the strength or the virility or the power to attack us.

Let's go back to the principles set forth in the Declaration of Independence that governments derive their just powers from the consent of the governed and that means we will have a very definite limited government so that we can get the consent of all people who want life and property protected. Then we would have so much of our productive energy left to produce wealth, that our character and our standard of living would rise and rise and we would be teaching by example rather than by the sword. We would then be so strong and powerful that no nation will dare attack us.

Still another alteration finding favor is that the court announce several days in advance the matters on which it will pass judgment on the next decision day, instead of creating dramatic but needless suspense.

PUBLIC—The public: The Supreme Court chamber is one of the showplaces at the Capital. Hundreds of visitors file in and out, making noise which disturbs the court proceedings. In view of the poor acoustics and the jurists' low tones, they are unable to hear members of the bench or bar.

Recommended for the tourists is the construction of a glass-enclosed chamber at the rear of the courtroom and a loud-speaking system.

What Will We Do if We Lack Russia?  
Some people are advocating that the United States should go in now and conquer Russia. That we should stop her expanding, aggressive policy.

But what would we do with Russia and Europe if we lacked them? Would we try to police the whole world?

## CHICAGO!

IT SAYS HERE, WOMEN ARE GOING TO WEAR THEIR DRESSES LONGER.  
THAT'S RIGHT.  
OH, BOY THAT'S THE BEST NEWS FOR HUSBANDS SHE'LL WEAR IT TWO OR THREE YEARS!  
INSTEAD OF A WIFE WEARING A DRESS ONE SEASON SHE'LL WEAR IT TWO OR THREE YEARS!  
IT MEANS SKIRTS ARE TO BE THREE INCHES LONGER AND THAT WIVES WILL NEED ENTIRE NEW WARDROBES.

WHAT IF I BID ARRIVE IN A HUMILIATING WAY?—I'M HAPPY TO BE BACK IN CHICAGO! IT'S MY TOWN, AND LOVE IT!  
PALEFACE?—IS YOURS? WE HEAR YOU SO DON'T DENY IT! I WANNA SELL UP!  
CHICAGO?—A KIDDER AS YOU'RE?—ER-ALRIGHT! YOU GO AS HIGH AS A HUNDRED DOLLARS?  
HON?—HANDFULS OF MONEY IS THAT?  
THEE BOMBY OH, ABOUT TWENTY-FIVE OR SIX. SWEET, PRETTY AS A PICTURE!

SOME GILIE HERE'S ASKIN' ABOUT TH' FINN' ROMANS, MR. OCHS. I TOLD HIM YOU' KNEW 'EM.  
YEP, FINE PEOPLE LAD. CIRCUS ARISTOCRATS, KNOWN 'EM OVER TWENTY YEARS!  
I'M TRYING TO LOCATE THEM, SUH, AND TO—  
WITH SANGER'S CIRCUS THIS SEASON, I RETIRED FROM AERIAL WORK, THO, BUT TH' DAUGHTER IS CARVIN' ON— ON THE HIGH TRICKS!  
THEE BOMBY OH, ABOUT TWENTY-FIVE OR SIX. SWEET, PRETTY AS A PICTURE!

OH, YEAH! NOW I REMEMBER. TH' ON A NICE, QUIET, PEACEFUL, DESERT ISLAND!  
SOUNDS LIKE A THREE-ALARM FIRE!  
OH, WELL, FORTUNE FAVORS SOON—HERE I BETTER GO SLEEPIN' ABOUT BREAKFAST.

IF DOLLAR TELLS HOW WE TRIED TO DRUG RIVERS HERE, I'LL BE RUINED!  
WHAT GOT INTO RIVERS, SHE? HE SHOT AT SOMETHING!  
AND A TEAM RAN AWAY, RED HORN DON'T SCARE HORSES WITHOUT A REASON!  
WE'LL FIND OUT NAKK'S WIFONS SOON—HERE THEY COME DOWN THE STRECH, SHERIFF!

BUT CURRA, NO BAIT, BOOTS I BAKED THE CAVE FOR DAVE'S SIX-AND-I BAKE IT FOR HIS FIRST YEARS! SEE YOU LATER!  
DAVE'S BIRTHDAY CAKE, AND DON'T BOUNCE AROUND OR IT WILL FALL!  
REMEMBER THE CAVE YOU BAKED ONLY SIX MONTHS AGO, CLAIR? WHEN WE HAD A COOK, A MAID AND A PAULSER? HUH! SMART! A DIFFERENT FEW MONTHS CAN MAKE!  
OH, WELL, BETTER RICH FOR A FEW DAYS THAN NEVER RICH AT ALL, I SAY!  
YEAH, BISHAMME ME SOMETIME TO TELL YOU THINK YOU OKAY, MRS. BUSH.

GOSH, MR. LIGHTHEART, HOW ARE WE GOING TO UNDERSTAND WHAT THE DRUM BEATS MEAN?  
IT'S JUST A LOT OF NOISE TO ME!  
IN AFRICA, EACH TRIBE HAS ITS OWN LANGUAGE, VERY SECRET, THEN WE HAD TO LEARN!  
NOT AT ALL! YOUR TRIBES SECRET LANGUAGE IS THE MORSE CODE!  
ARE WE DUMB! SURE—IT'S IN THE SCOUT MANUAL!

WE GOT THERE RIGHT AFTER THE POLICE AMBULANCE. IT WAS FELIX, ALL RIGHT.  
WHAT WAS THE CAUSE OF DEATH, DOCTOR?  
NOW TELL ME JUST WHAT HAPPENED, DRIVER.  
I THINK NOTHING OF IT, I'VE DONE IT OFTEN, BUT WHEN I GET HERE, THE DRINKS DEAD.

WELL, HE'S ABOUT BOUND AND I BOOK-BEATING FOR FALL ENTRANCE EXAMS—THE WHOLE THING'S GREEN, I THOUGHT YOU'D HEAR THE DETAILS!  
WELL, I KNOW ABOUT IT, MATCH!

WELL, HE'S A SOLID HUNK OF JACKSON AND SHE'S AN ABLE GRABLE SO THEY GET COV-EY-TIS—  
SO THERE FEW ARE SNAKE-BIT! BUT HER PARENTS ARE CURFEW KEEPING SADS AND THEY SHOOT THEM DOWN IN FLAMES!  
NOW HE'S ABOUT BOUND AND I BOOK-BEATING FOR FALL ENTRANCE EXAMS—THE WHOLE THING'S GREEN, I THOUGHT YOU'D HEAR THE DETAILS!  
WELL, I KNOW ABOUT IT, MATCH!

GOLLY! UNCLE FELY, OUR TRAILERS GONE INTO TH' LAKE, NAPOLEON AND TH' TRAMP'LL DROWN.

WELL, HE'S A SOLID HUNK OF JACKSON AND SHE'S AN ABLE GRABLE SO THEY GET COV-EY-TIS—

## Tax Co Fund S By Pre!

WASHINGTON—(AP)—Truman has signed 671 Treasury-Pensions bill but termed the "tax funds provided."

### Tax Collection Fund Slash Rued By Pres. Truman

WASHINGTON—(AP)—President Truman has signed the \$12,462,485, 671 Treasury-Post Office appropriations bill but criticized what he termed the "gross inadequacy" of funds provided for tax collection.

"The administration of the taxing statutes should never be influenced by political considerations," Mr. Truman said in a statement, adding:

"People of all political faiths are called upon to support their government through the payment of taxes and are entitled to adequate administrative controls to insure that the dishonest do not shift their share to the honest."

The total for the two departments is about \$883,000,000 less than Mr. Truman asked for operations in the fiscal year beginning today. But he objected specifically to a \$20,000,000 cut which he said was made in funds for the Treasury's Internal Revenue Bureau.

Mr. Truman did not elaborate on the reference to "political considerations."

In his statement announcing signing of the bill, the President said the reduction in internal revenue bureau funds will mean laying off 4,000 to 5,000 employees "and will result in a direct loss of revenue of not less than \$400,000,000 in the fiscal year 1948."

"There is at the present time, with present personnel, a backlog of 30,000 'leads' on tax evasions awaiting investigation."

"It will take years to restore the damage done by the failure of the Congress to support the current efforts of our tax collection agency."

### Passage of Law On Labor Rapped

DALLAS—(AP)—Labor unions in Texas are doomed to a state of ineffective chaos if the current state labor legislation and the Tait-Hartley act remain in effect, Sewell Myer, attorney for the Texas State Federation of Labor, told 1,000 AFL union members here.

Myer added that the labor laws passed by the 50th Texas Legislature are "many times more drastic than labor laws in any other state, and their severity will force all unions into oblivion."

The attorney addressed a session of the State Federation of Labor on the second day of its annual convention here.

Myer's talk continued a stream of criticism against new labor laws which have marked the convention since its opening.

Monday Wallace C. Reilly, AFL leader in Dallas, urged delegates to "see to it that Gov. Beauford Jester and Senators Tom Connally and W. Lee O'Daniel do not get into office again," because, he said, of their assistance in getting the legislation passed.

It is estimated that more than a half million people in Europe were put to death as witches between the 15th and 18th centuries.

Two brothers, Mike and Bob Garbark, American league baseball catchers, had identical batting averages in 1944.

Fire is holy thing for many peoples.

### Big Change in Conception of American Army Embedded in Proposals Now Up to the Senate

WASHINGTON—(AP)—The War Department wants a new army. It has assembled a bundle of plans and projects which, if all carried out, will drastically alter the appearance of the military establishment which fought in World War II—its men, its fighting units, its weapons.

Here are some of the changes: Promotion through the ranks by competitive examination instead of by edict of a commanding officer (and some commanding officers may not like the top kick sergeants they get).

This "career plan," which includes provisions for specialized education and a chance for trying for officers' training, will make it possible—in theory, at least—for a GI to finish up his military as a four-star general.

(A bill to do this has just cleared its first hurdle in Congress with House passage a few days ago. The Senate may or may not act before adjournment next month.)

Eventually (a June 30, 1948, deadline now has been moved to 1949) both officers and men will be ordered to wear identical uniforms. Battle jackets and trousers will be of the same olive drab, with difference in rank indicated only by insignia. Gone will be the "pink" trousers and unmatching blouses of the officers.

The army lets it be known it will do something about the enlisted man's food, too. It has received a critique on army chow methods, the report prepared by a civilian committee—in theory, at least—who claim to know how and what folks eat.

Foxholes will be out of the army housing picture unless another war comes.

The GI of World War II walked to battle; in World War II he rode in trucks; if there is a World War III he will fly. The idea is to make all infantry units "air transportable."

Infantry and armored divisions are being "squeezed up" in size, firepower and shock action.

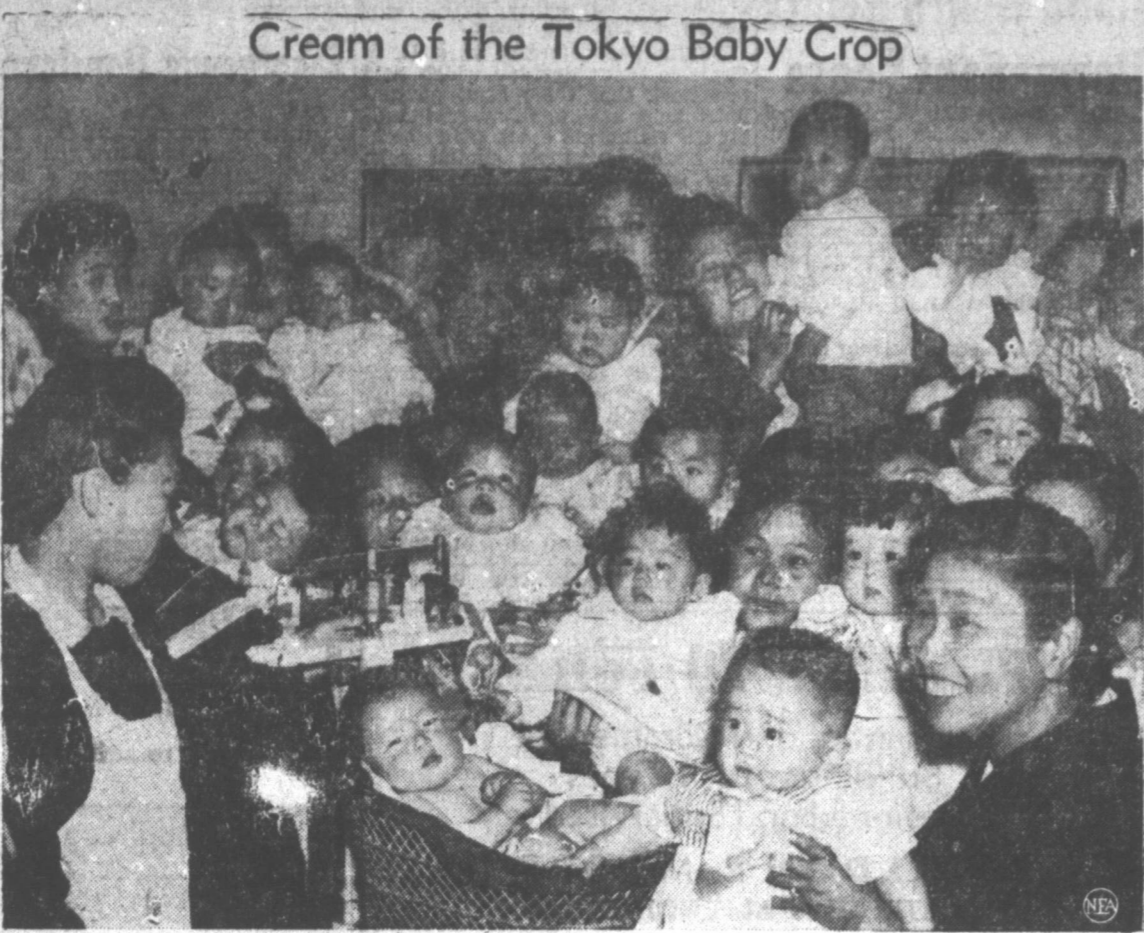

Eventually the infantry division will number about 18,000 men, more than 3,000 greater than the divisional strength in World War II. The division will have more tanks, more artillery, more anti-aircraft gun protection.

The armored division, which in the last war, operated at an authorized strength of 10,000, will have 15,000 men.

New modes of warfare have pushed some historic elements of the army out of the picture. Horse cavalry is gone, replaced by armored cavalry. The fixed seasonal artillery defenses are being abandoned in favor of highly mobile artillery units, some of them to be rocket firing outfits.

Highly specialized technical units are to be organized for the use of guided missiles, as those weapons are developed. The use of those weapons, as well as the requirements for detection of approaching aircraft attack, is putting increased values on special corps of Radar men.

The army air forces, which emerged from World War II as the world's most modern and largest air fleet, is changing. The fighters and bombers it used are no longer adequate for atomic age missions. Subject to limitations of production and the size of Congressional appropriations, the AAF fleet is being rebuilt around jet fighters and ultra-long range bombers. Jet-powered bombers are in prospect, but still in the experimental stage.

These robust Japanese youngsters are part of the group of 25 recently picked as the healthiest babies in Tokyo. Mothers pose proudly with their sturdy offspring, who regard the cameraman with questioning "shoe button" eyes and would rather go to work on their prizes—sugar candy.

### Heart Victim Is Man From Wichita, Kas.

AUSTIN—(AP)—E. Naugle, 53, of Wichita, Kansas, has been identified as the victim of a fatal heart attack at the University of Texas yesterday.

There had been no identifying papers on Naugle's body when he was found on a bench in the university's main building and rushed to a hospital.

Identification was made late yesterday by Naugle's wife after local detectives traced a car key found in the dead man's pocket to the car it fit, found parked near the campus.

Running 100 yards in 10 seconds requires as much oxygen as walking a mile in a half hour.

### Commercial Tortoise Shell Consists of a Portion of the Shell of the Hawkbill Turtle, the Smallest of the Sea Turtles.

The Senate Appropriations Committee is going over the army's budget for next year to see whether some of the \$435,000,000 cut by the House should be restored. General Eisenhower told the senators that the House reductions "take us well into the danger zone."

### Call for Condition of Banks Is Issued

WASHINGTON—(AP)—The Comptroller of the Currency today issued a call for a statement of the condition of all national banks at the close of business Monday, June 30.

The Federal Reserve Board issued a similar call for state banks that are members of its system, and the Federal Deposit Insurance Corporation issued another for all other banks that it insures.

### Funeral Services Held for 7-Year-Old

PANHANDLE—(Special)—Funeral services for Jimmy Whitney, 7, son of Mr. and Mrs. Knox Whitney of Amarillo, were held at three p. m. Tuesday from the Blackburn Shaw Funeral Home, Amarillo with burial in Llano Cemetery. Dr. A. D. Foreman, pastor of the First Baptist Church of Amarillo, conducted the services assisted by Rev. Herbert Brown, minister of the First Baptist Church of Panhandle. Jimmy had been in John Hopkins Hospital in Baltimore, Md., for three weeks, being treated for a heart ailment. He died while undergoing surgery for the same ailment. With his were his parents and an aunt, Mrs. J. E. Southwood, of Panhandle.

Survivors included the parents, one sister, Neida; the maternal grandmother, Mrs. S. G. Bobbitt, Panhandle; uncles, Glenur and Frederick Bobbitt of Carlsbad, N. M.; aunts, Mesdames Elmer Moss, Carlsbad, N. M.; John Nunn, Amarillo; Gaines Welsh, Panhandle, L. F. Cleck, Panhandle and Mrs. Southwood.

### Gracie Reports

By GRACIE ALLEN

I see that a Kentucky court upheld the right of a movie theater to put out a patron who wouldn't surrender his popcorn when politely asked to stop thumping and an Indianapolis theater now requires customers carrying food to check it during the performance.

Well, I'm afraid the theater people may be making a mistake by discouraging the feeders. Lots of dreary dialogue has been drowned out by the cheery sound of a neighbor crunching crackerjack and many a poor picture has been saved by a strong supporting cast of peanuts, popcorn and candy bars.

What's more, food at a movie is a good safety device for women like my sister Hazel, who gets terribly excited when she sees Gregory Peck. If she had a hot dog along at a recent performance of "Duel in the Sun," she wouldn't have bitten the man in front of her!

Garlic, used as a base in certain germ-killing solutions, will destroy some germs that even penicillin cannot check.

Boston is the largest American fishing port on the Atlantic.

### Cream of the Tokyo Baby Crop

These robust Japanese youngsters are part of the group of 25 recently picked as the healthiest babies in Tokyo. Mothers pose proudly with their sturdy offspring, who regard the cameraman with questioning "shoe button" eyes and would rather go to work on their prizes—sugar candy.

### Heart Victim Is Man From Wichita, Kas.

AUSTIN—(AP)—E. Naugle, 53, of Wichita, Kansas, has been identified as the victim of a fatal heart attack at the University of Texas yesterday.

There had been no identifying papers on Naugle's body when he was found on a bench in the university's main building and rushed to a hospital.

Identification was made late yesterday by Naugle's wife after local detectives traced a car key found in the dead man's pocket to the car it fit, found parked near the campus.

Running 100 yards in 10 seconds requires as much oxygen as walking a mile in a half hour.

### Commercial Tortoise Shell Consists of a Portion of the Shell of the Hawkbill Turtle, the Smallest of the Sea Turtles.

The Senate Appropriations Committee is going over the army's budget for next year to see whether some of the \$435,000,000 cut by the House should be restored. General Eisenhower told the senators that the House reductions "take us well into the danger zone."

### Call for Condition of Banks Is Issued

WASHINGTON—(AP)—The Comptroller of the Currency today issued a call for a statement of the condition of all national banks at the close of business Monday, June 30.

The Federal Reserve Board issued a similar call for state banks that are members of its system, and the Federal Deposit Insurance Corporation issued another for all other banks that it insures.

### Telegraph Editor Proves He Can Sew, And Impressed Wife Offers to Mow!

BY HAL BOYLE  
 JOPLIN, MO. (AP)—Everette Smart always held the theory a man could do anything a woman could and better.

A year ago he got the opportunity to prove his point. Shirts were expensive and scarce. One day he casually asked his wife, Juel, whether she wouldn't make him a few shirts if he bought her the material.

"Oh, honey, they're too hard to make," she replied.

"Hmphh," grumbled Smart, unconvinced. "I could make a shirt with the sewing machine stuck up my sleeve."

"I'd like to see you do it, and you leave the sewing machine on the floor," said friend wife.

The matter would have ended there except that at dinner that evening Mrs. Smart announced to their two daughters, Jean Ann, 14, and Mary Jane, 12: "Girls your father is going to make a shirt. Tee hee."

His ego offended, the essential male in him challenged. Smart boldly announced, "I will make a shirt, too."

His excited daughters spread the word around and the neighborhood kids began dropping in to see if it

### OUT OUR WAY BY J. R. WILLIAMS

were really true. Smart had to produce.

He was 42 years old and telegraph editor of the Joplin News Herald. He had written poetry and fiction and worked simultaneously on two novels. But he had never used a needle for anything but digging out a splinter.

"I got out my mother-in-law's sewing machine that had been gathering dust," he said. "Then I put the male reasoning mind to work. For two days I studied the book of instructions that come with sewing machines. That is something women never do. That is why few women ever learn to use all the attachments."

"I brought a 20 cent shirt pattern and studied it as carefully as a contractor handed the architect's blue prints of the empire state building. Then I went to work on the shirt. It took me two weeks to finish it."

"My daughter Jean Ann liked it and said, 'daddy, I want you to make me a formal dress.'"

"I cut a hole in a newspaper and put it over her head. I clipped the paper to the shape of the body and used it for a pattern. It worked fine. She was the belle of the ball and got lots of compliments."

Somewhat amazed at his own success, Smart really went to work in his spare time sewing. He began to create his own designs. He made suits for both his daughters. Two more shirts for himself, coats for the girls and is now completing a suit for himself.

His fame spread.

Neighborhood women came to ask him just how he set in sleeves or fashioned shoulders. They had seen

### Land Board Seeks Permanent Lease

AUSTIN—(P)—The State School Land Board has taken the first step toward future permanent leasing of submerged school lands.

A bitterly-contested bill passed by the 50th Legislature and signed by the governor allows all companies now holding 25-year leases in submerged lands off the Texas coast to extend the leases on a permanent basis.

Bascom Giles, commissioner of the General Land Office and member of the School Land Board, indicated that extension of many of those leases might be accomplished at a school land auction tentatively scheduled for Nov. 4.

Attorney General Price Daniel, a second board member, told Giles and Gov. Jester, the third member, "you may find some companies in a hurry to get permanent leases be-

### Doctor Is Granted Emergency Reprieve

AUSTIN—(P)—The State Board of Pardons and Paroles and Gov. Beauford H. Jester have granted Dr. W. R. Newton of Cameron a 30-day emergency reprieve from his two-year assault to murder sentence on grounds the lives of some of his patients may be jeopardized if he goes to the penitentiary now.

Dr. Newton, convicted of assault to murder on Dr. Roy Hunt of Littlefield, was scheduled to have started serving his term immediately. His application for rehearing of his

### PIONEER DEAD

LAREDO—(P)—Mrs. Kate Ussery, 88, who came to Laredo with her husband in a covered wagon in 1878, died at her home here early today.

Mrs. Ussery was the daughter of Mr. and Mrs. Brian Gallagher, members of the Irish colony that settled in San Patricio County in 1850. Her husband died in 1903.

appeal was refused Saturday by the Court of Criminal Appeals. His conviction had been affirmed June 28.

The request for the 30-day emergency reprieve was also for the purpose of permitting Dr. Newton to get his medical practice in such condition that his patients may secure adequate attention elsewhere, as well as arrange his personal affairs," the governor said in acting favorably on the board's recommendation.

Foster parents deserve no special thanks for taking another woman's child. The baby does more for them than they can do for him.—Juvenile Court Judge Philip Gilliam of Denver, Colo.

### Dean Field Loses His Separate Distinction

AUSTIN—(P)—Dean Field in Cochran County has lost its designation as a separate field and become part of the Slaughter Field in Cochran, Hockley and Terry Counties.

The Railroad Commission ordered the change Monday following a hearing June 5 which produced evidence indicating that the two fields were producing from a common source of supply.

Under such circumstances, the commission held, there was no logical reason for separate identities of the two fields.

When the first well in the Dean Field was brought into production in March, 1938, the nearest production was in the Slaughter Field five miles to the east. Subsequent drillings between fields, however, have indicated a common reservoir underlying both designated fields.
