

Molotov Reportedly Armed in 'Word From Moscow'

News Security Lid Very Tight

PARIS—P—Armed with what French sources said were up-to-the-minute instructions from Moscow, Soviet Foreign Minister V. M. Molotov tardily joined his British and French colleagues in the aid-to-Europe conference for a session of nearly three hours last night.

What would he had to take to British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault was not likely to leak out for a day or two in view of the official lid on news of the sessions.

But pessimism and bickering already had settled down upon the conference, and one source close to the chiefs of the French delegate said he already had gained the impression that the Russians were bent upon a course that would slowly strangle U. S. Secretary of State Marshall's program of U. S. aid to Europe if Europeans will cooperate among themselves.

Brothers Make Identification of Amnesia Victim

CANADIAN—(Special)—Definite identity of the underwear clad amnesia victim, found late last week about 10 miles west of Canadiana, was established last night by two brothers, Herman and Noble Cox of Comanche, Texas, and a brother-in-law, R. L. Hawkins, when they arrived in Canadiana around 6 p. m.

The man, who gave Sheriff F. R. Cloyd his name as Virgil Cox, at first related vague stories of working with a harvest crew and that he lived in Comanche, Brownwood and Coleman, Texas.

As the temporary haze in Virgil Cox's mind, caused from thirst and fear of near death, began to clear, he told of leaving his brother-in-law's home Friday night a week ago and starting to hitch hike to Comanche. He was going from there to Perryton for the wheat harvest. Cox got as far as Miami where he met an "old man" who walked eastward with him towards Canadiana to a point where the highway ran close to the Santa Fe Railroad tracks. Here the "old man" told Cox to follow the tracks to Canadiana because that was the shorter route.

Shortly afterwards Cox decided to head back toward the highway and lost his directions, winding up in the desolate and lonely hills. He stated that he wandered around for about two days and almost died from thirst causing him to "lose his head for a time." The second night he made his way to Red Deer creek and was later found hiding in the bushes west of Canadiana on the Isaacs Ranch. He had been seen the day before wandering around Canadiana clad only in underwear and without shoes. He was unable to explain where he had lost them.

Cox was held by Hemphill County authorities while they attempted to locate his relatives. Cox, a middle aged man about 5 feet, 8 inches tall, and weighing about 150 pounds, recognized his brothers and brother-in-law.

Winners' Prize

Six smartly styled tie clasps like the one shown here, both practical and ornamental, will be given to the winners in each local Soap Box Derby race by the Chevrolet Motor Division, co-sponsor of the race. They will be awarded to the first, second and third place winners in both classes A and B. These beautiful prizes will be of gold for first-place winners, silver for second-place, and bronze for third-place.

Pampa News

VOL. 46, NO. 74 (32 Pages) PAMPA, TEXAS, SUNDAY, JUNE 29, 1947 Price 5 Cents AP Leased Wire

REPRESENTATIVE — Vic Joyner, assistant Gray County Farm Agent, pictured above, is looking over wheat that is ready for harvest on the John Urbanzick farm, south of Pampa, and wondering where Gray County farmers are going to get the needed 125 combines, to cut the estimated 125,000 acres of wheat in the county. At an estimated average of 40 bushels per acre there is an expected harvest of 5,000,000 bushels.

125 Combines Still Needed in County

There is still an immediate need for at least 125 combines to cut what is hoped to be the largest wheat crop in Gray County history, announced Ralph Thomas, Gray County agriculture agent, Saturday. He said that at the present 50 percent of the wheat in the county is ready and that by the end of the week all of the wheat should be ready for cutting.

Thomas explained that there are approximately 125 combines now in use in the county. However, it will take, at a minimum, 125 more combines to cut the record-breaking crop, before it becomes overripe, or is lost due to heavy winds, rain, or hail, that may come.

An Associated Press bulletin from Dallas stated that the War Assets Administration office at Grand Prairie has ordered 102 120 type ammunition storage units converted by the Pantex Ordnance plant, 14 miles east of Amarillo, for wheat storage.

The wheat harvest in the Dumas area during the two-day period June 26-27 showed all fields running at least 30 bushels an acre with some running as high as 40 to 50 bushels. Tests show the grain weighing 61 to 64 pounds per bushel, reporter the Associated Press.

Nearly Half-Million Miners Take Vacation

By the Associated Press

With an estimated 31-day national coal supply on hand, the nation's nearly half-million soft and hard coal miners began a momentous vacation yesterday.

The vacations were officially listed for only 10 days, but these factors clouded the coal production outlook.

1. The government is scheduled to return the seized mines to the owners July 1 but John L. Lewis has reached no agreement with the operators and his miners traditionally refuse to work without a contract.

2. Reports spread among the coal industry and mine union officials that the United States Steel Company and the Pittsburgh Consolidated Coal Company have recommended meeting Lewis' demands in full.

3. Aides of Secretary of Labor Schweitzer reported he would try to bring Lewis and the operators, together for negotiations Tuesday—the day after federal controls of the mines is ended.

4. A United Mine Workers Union spokesman said in Washington that wages and hours alone wouldn't settle the miners' demands, that "there are many other issues including some questions raised by the new Taft-Hartley Act."

As the miners started their vacations, thousands of workers in coal-dependent industries already had been laid off. Employers blamed the situation on wild cat coal strikes earlier in the week.

A federal transportation official predicted railroad passenger traffic would be curtailed by government order if the miners do not go back on July 8.

The Carnegie-Illinois Steel Corp., top producer of U. S. Steel, furnished 10,000 workers in the Pittsburgh-Youngstown, O., district. District operations of the firm will be reduced 50 percent from a theoretical 104 percent capacity to about 45 percent.

Other steel concerns cut back operations and coal-carrying railroads started feeling the shortage. Among affected steel firms are Republic Steel, Sharon Steel, Wheeling Steel and others. The Norfolk and Western and the Virginia Railway laid off 975 workers because of the mine shutdowns.

Both industry and union officials evaded direct comment on the reported U. S. Steel Corp. recommendation. The reported proposal was \$13.95 for an eight-hour day, including postal-to-postal time, instead of the present \$11.35 for nine hours.

Lewis' demands include a 10-cent welfare fund levy on each ton of coal mined, instead of the present five cents; six paid holidays and additional overtime.

Persons close to the soft coal negotiations said Benjamin Fairless, U. S. Steel president, and George M. Humphrey, chairman of the Pittsburgh Consolidated Coal Company, conferred privately with Lewis Friday and later made their recommendation to other industry representatives.

'Made to Order' Texas' Weather Benefits Farmers

HOUSTON—P—Texas' weather of the past seven days "was made to order," E. A. Farrell, chief of the Texas section of the U. S. Weather Bureau, said yesterday.

"With the exception of a small area between San Antonio and Austin every section of the state received just what the farmer needed," Farrell said.

Thundershowers fell or failed to fall according to the needs of crops, reports from the section's 81 Texas stations show.

"In the Panhandle, where the wheat harvest is under way, and in the Lower Rio Grande Valley, where the cotton season has begun, there was very little rain, just what the farmers wanted," Farrell pointed out. "But elsewhere we had good rains that halted a temporary drought that in some areas had started to cause alarm."

A few small showers were reported in the San Antonio-Austin area, but not sufficient to bring an end to drought fears.

"We did have a bit too much rain on the upper coast but it is drying out very rapidly and there have been no reports of crop damage," Farrell stated.

On the 81 weather stations only eight, El Paso, Albany, Dilley, Encinal, Falfurrias, Mission, San Angelo, and Seymour, reported no rain for the seven-day period ending Friday.

Dallas led the state in precipitation, reporting rain on four days totaling 5.05 inches.

Kerrville followed with 5 inches (all within a 24-hour period reported Tuesday). Kaufman has a total of 4.86.

Other points recording two inches or more rainfall totals were Kaufman, Waxahatchie, Port Arthur, Carrizo Springs, Palestine, Brenham, Hondo, Henrietta, Fort Worth, Uvalde, Greenville, Sherman and Bronson.

The state's high temperature average was 84.5.

Pampa Masons to Lay Corner Stone of New Building

R. Bruce Brannon

Pampa Masons at 2:30 p. m. Tuesday, will celebrate the laying of the corner stone, with traditional Masonic ceremonies, on their new building now under construction on W. Kingsmill.

Grand Master M. W. R. Bruce Brannon of Commerce representing the Grand Lodge of Texas, A. F. & A. M., will be in charge of the ceremonies. Assisting him will be R. W. Hugh M. Craig, Fort Worth, grand senior warden; R. W. George

See MASONS, Page 8

White Deer Citizens to Vote on School Taxes

Qualified voters of the White Deer Independent School District will go to the polls on July 15, to decide whether the district will raise the maximum tax rate from 80 cents per \$100 valuation to \$1.25 per \$100.

Announcement of the coming election, called on the strength of a petition signed by required number of qualified voters, is made in today's issue of The News.

The White Deer polling place, it was said, will be in the school board office, R. A. Thompson will be in charge there.

The Skellytown polling place will be in the Skellytown Grade School, Bert Castiberry will be election manager.

Qualified voters are identified as persons who rendered property this year for taxation.

TWO INTOXICATIONS

Two men were assessed fines of \$10 each on charges of being intoxicated Saturday in Corporation Court by Judge Clifford Brasly. The trial of one man, who pleaded guilty on charges of reckless driving, was set for July 2.

Prices Are Higher but Goods Easier to Get

CHICAGO—P—A year after OPA encountered sudden death amid an uproar of accusations and defenses, the American people today find prices higher and goods more plentiful.

That is the conclusion drawn from an Associated Press survey of what has happened since the government price-fixing agency expired June 3, 1946, after President Truman vetoed as inadequate a congressional bill extending the agency's life.

Subsequently the OPA was revived, but it stalked the land only as a ghost of its former robust self. It was interred by degrees as ceilings were removed from one commodity after another, and final burial came in December when its remaining powers were transferred to other agencies.

Looking at the results, the nation found today:

1. Prices are very much higher than former OPA ceilings, and there has been only a modest decline since the peak was reached in March this year. Some commodities seem destined to rise even higher.

2. More goods are available, eliminating the block long nylon stocking line, the under-the-counter deals for hard to get items and the extraordinary popularity of butchers with anyone who wanted a hunk of beef.

3. Stocks of some food items have been built up, but for the most part cold storage holdings remain very low. This is particularly true of meat and eggs, in both of which the country is living on a hand-to-mouth basis.

Paul Porter, last of the OPA administrators, would not comment on the agency yesterday, stating "let's let that gallant wartime agency rest in peace."

Porter, now practicing law in Washington, added, "there is need for a program in which the government will organize its own buying in such a way as to minimize speculative commodity price increases while at the same time fulfilling our obligations abroad."

"Consumer credit controls should be tightened, not abandoned. A mechanism for the exposure of profiteering should be considered by Congress, and a renewed campaign for anti-trust enforcement should be undertaken."

In Chicago Porter's old-time adversary in the publicity release field, the American Meat Institute, said, "the difference between the meat situation a year ago and today is the difference between 'no meat' at mythical 'controlled prices' and meat available anywhere at prices determined by competition."

Measuring the price increase are the various government and private indices. The Associated Press daily wholesale price index of 35 basic commodities closed Friday at 175.64, up 43.6 percent from the 122.28 figure of June 30, 1946. The peak was 184.32 in March.

The cost-of-living index of the Bureau of Labor Statistics on May 15, See PRICES, Page 8

Jim Thomas Will Face Murder Trial For Fourth Time

AUSTIN—P—Jim Thomas, 51-year-old paroled convict, must face trial a fourth time on a charge of murder in the slaying of Dr. Roy E. Hunt at Littlefield.

Judgment was reversed and his case remanded for the fourth trial yesterday by the Court of Criminal Appeals on a ruling that evidence was insufficient to sustain the last previous conviction which had carried a life imprisonment sentence.

Two previous convictions on the same charge had carried death sentences. New trials had also been ordered in both previous convictions, one on jury irregularities and the second on insufficient evidence.

The ruling came shortly before the appeal court adjourned for the summer until Oct. 6. Other rulings handed down in the closing minutes of business Saturday included the denial of a rehearing after the court's earlier reversal of judgment in the Buster Northern case, in which the indictment had failed to allege that "feet" had been the exact means by which a 70-year-old woman had been "kicked and stomped" to death.

The Thomas case has been in court since shortly after Thomas' arrest Oct. 26, 1943, one day after Dr. and Mrs. Hunt were found slain, slashed and bound in their bedroom.

Thomas, an parolee to Galveston County, was arrested in Galveston after it was found that he had left the county in violation of his parole requirements, court records showed. The trial subsequently brought out records that he had visited in the S. L. Veazey home in Amarillo and was seen in Littlefield on the night of the crime.

"It will be noted," that appeal court said.

See THOMAS, Page 8

Wheat Field Fire Reported Near Groom

What was reported to be the first wheat fire in the area occurred yesterday afternoon on the Den Gill farm operated by Pete Fields and located nine miles northeast of Groom.

The fire covered 30 acres of the Gill farm but only a small strip of wheat was lost as parts of the field had already been cut.

Reports state that the wheat was averaging between 45 and 50 bushels to the acre.

Newspaper Editor, Chamber Manager Join Battle Over 'Breadbasket' Title

So far as Bill Miller (self-styled "country editor" of the Spearman Reporter) is concerned, the battle between Hansford (his) County and Ochiltree County is joined.

In this past week's edition of the Reporter, Miller says Ochiltree may be the "breadbasket of the world," as citizens of that county are contending, but that it is because there's

no room for the basket in Hansford County since that is really where the wheat is grown.

In fact, Miller and Spearman Chamber of Commerce Manager Harry Kelley, et al., transcribed a radio program to prove their point.

Communist Paper Runs Cartoon Aimed At Gen. Eisenhower

MOSCOW—(AP)—The Communist Party organ Pravda ran a four-column cartoon depicting Gen. Eisenhower leading United Military forces in defense of a North Pole where the only foes shown were an Eskimo woman, her two children, a pair of penguins, polar bears, reindeer and an Arctic fox.

The U. S. Chief of staff was pictured atop a jeep armed with a sub-machine gun, two revolvers, charts, a periscope, telescope, radar and a telephone.

Behind the general was pictured a host of tanks, artillery and bombers. The cartoon was captioned "Eisenhower is defending."

Behind the general was shown a man described as an "average American" who was asking "what's the matter, general. Where is there such combat activity in this unpopulated region?"

Eisenhower was quoted as replying "what do you mean? Can't you see the forces of the enemy concentrated here? This is exactly the spot where the threat to American freedom comes."

Two Teen-Agers Given Suspended Sentences

Suspended sentences of five years each were handed down Friday to two teen-agers by District Judge Lewis M. Goodrich in 31st District Court here.

First to hear the sentence of the Court was Owen Wilson Long, indicted with three other boys of a burglary ring here. Long took the stand in his own behalf and told the court that he and Max Brown had met at the skating rink on the night of May 23 and decided to break into the Pampa Motor Freight Company because they "needed some money." Failing to knock the knob off the company's safe they then stole several items of clothing including a pair of shoes which they later hid.

A. C. Long, the boy's father, told the court that Owen had quit school sometime ago, but that he would help him return to school and finish his high school education. Long also told the court he intended to return to school if given the chance.

Upon the recommendation of District Attorney Tom Braly, Judge Goodrich assessed the penalty at a

five years suspended sentence.

Changing his story from last week, William Homer Terry, Shamrock, pleaded guilty to the June 10 theft of an automobile belonging to J. D. Alexander. Terry admitted on the stand Friday that he broke the window of the Alexander car and knew what he was doing at the time. He also admitted to taking another car from Shamrock and took the Alexander car after the other one became overheated.

Last week Terry told the court he was drunk and a man, he identified as Mr. McClellan, told him to take the Alexander car.

After passing the five year sentence, Judge Goodrich warned Terry

about taking advice in court testimony from "cross bars attorneys." Terry had been held in the county jail since his arrest—several weeks ago.

John A. Marsheli, graduate of Sydney University, will lead a group of eight or nine undergraduates—all ex-servicemen.

KANSAS CITY LIVESTOCK

KANSAS CITY, June 28—(AP)—(US-DA)—Cattle—salable 100; calves salable 50; compared with Friday last week average, good and choice slaughter steers and heifers steady; bulk good and choice steers 25.50-27.50; moderate number average medium and good steers 21.00-25.00; 4 loads common and nearly 8500 lb Southwest grass steers 18.00-20.00; medium and good grain fed heifers and mixed yearlings largely 20.00-25.00; top medium and good cows 15.00-19.00; most common and medium 12.00-15.00; medium and good bulls over 1100 lb 15.75-17.00; good and choice vealers 30.00-24.00; few good meaty 300-550 lb feeder steers 23.00-26.00; strictly good and choice 650-800 lb 22.00-25.00; most medium and good stock steers in load lots 18.00-21.75; load lots medium to choice heifers 18.00-21.00; medium and good stock cows 11.00-14.00.

Hogs—salable 50; compared with Friday last week uneven; 230 lb down mostly steady; 240-280 lb 25.50 high; heavier weights 50-75 higher; closing top 24.75; cows 25 to mostly 50 higher at 19.25 down.

CHICAGO GRAIN

CHICAGO, June 28—(AP)—Selling interest in the corn pit in expanded volume on the board of trade today and prices broke several cents. Wheat and oats were lower most of the session, although deferred wheat contracts displayed a firm undertone.

Improved weather over the corn belt, coupled with reports from parts of Iowa that the grain was making a good recovery from recent wet weather in unflooded areas, caused the selling of corn contracts.

Wheat closed unchanged to 1/8 higher, July \$2.16 1/2-2.17; corn was 1/8-1/2 lower, July \$1.94 1/2-1.95; and oats were 1/2-3/4 lower, July 95 1/2-96.

FORT WORTH LIVESTOCK

FORT WORTH, June 27—(AP)—(US-DA)—Cattle—compared week ago; beef steers and yearlings and stocker cattle strong to 1.00 higher; beef cows weak to 1.00 lower; bull steady. Week's tops: Beef steers and yearlings 25.00; cows 18.00 with practical to plate 16.50; bulls 16.00; feeder yearlings 21.25. Week's results: medium and good slaughter steers and yearlings 17.50-23.50; common 12.00-16.00; good cows at the close 15.50-16.50; common and medium 12.00-15.00; weighty sausage bulls 13.50-15.50; medium and good stocker cows 10.50-13.50.

FORT WORTH GRAIN

FORT WORTH, June 28—(AP)—Wheat No. 1 hard 2.22-2.27. Oats No. 2 red 92-95. Corn No. 2 white 2.61 1/2-2.63 1/2. Sorghums No. 2 yellow milo per 100 pounds 2.14-2.20.

Workers Want to Work Longer Week

HOUSTON—(AP)—Employees of Port Houston have voted unanimously against adoption of a 40-hour week. Port Director J. Russell Wait said yesterday.

Wait said such work schedules as recommended by Harris County Auditor Harry L. Washburn would result in a 10 percent increase in the port's operations costs and that employees favor continuing on a 44-hour basis instead of taking pay reductions.

The Girl Scout camp, Camp Sullivan, has been a popular place for Girl Scouts and leaders during the past month.

During that time 95 girls and 27 leaders have spent from two to three days enjoying troop camps. In addition to these the camp has also been enjoyed by a group of 30 Brownie Scouts and the seven adults who accompanied them for a day's outing there recently.

Camp Sullivan is an ideal place for the troop type of camp in which the girls and leaders within the troop make all the arrangements and plans for their camp. They plan the meals, buy the food, plan camp activities and the length of their camp, as well as the cost. At the camp the girls cook and serve the meals, do all camp papers and keep the camp in order. They plan and carry out hikes, games, wading parties, picnics, cook-outs, crafts camp fire programs, Scout's Owns and all other camp recreational activities.

The camp includes 5.5 acres of land bordered on one side by the North fork of the Red River and on another a branch of the Ft. Worth and Denver City Railway. Large cotton trees grow along the banks of the river and on other parts of the campsite.

Camp improvements consist of a large cement block building made of cement blocks, containing a recreation and craft room with fire place and a sleeping room with steel cots and facilities for 20 campers—additional cots can be set up in recreation room when needed. Joined to the building with a "breeze-way" is the kitchen which contains a six-place stove, cabinets, ice boxes, tables and benches to accommodate 24 campers.

A deep well with windmill and a storage tank provide pure water which is piped to the buildings and shower. Shade trees have been planted near the buildings. Wild flowers, sage and native grass grow in abundance over the camp.

The sandy river bottom with shallow water offers a fine place for wading and sunning as well as observation of fresh water life.

Girls who have enjoyed troop camping there so far this season are:

Lou Ann Brooks, Marilyn Fitzgerald, June Guill, Katherine Mathieu, Nisha Morrison, Joyce Newman, Dorothy Roberts, Sue Ann Toepfer, Nan Watkins, Kay Wilson, Lwlyn Young of Troop 16; Janice Baker, Mary Martha Burns, Phoebe Carter, Carletta Dalton, Carolyn Dial, Phyllis Goldfine, Kay Gene Meyers, Linda Goldfine, Ann Miller, Greta Miller, Fatsy Jo Shelton, Adelaide Skelly, Janyth Wallace, Donna Cayler and Wynell Weathered of Troop 2.

Paula Browning, Charlotte Call, Angeline Clay, Judith Fallowell, Del Janice Groves, Carolyn Maples, Virginia Gay Marlow, Shirley McVay, Judith Nance, Christine Pierce, Sunny Rae Pierce, May Lou Prescott, Norma Lee Qualls, Kay Stone and Marilyn Weiss of Troop 7; Doris June Qualls, Anita Davey, Aveline Hogsett, Ann Underwood, Joan Smith, Rosella Matlock, Odessa Wilson, Jacqueline Robinson, Price, Nancie Buntin, Avis Marie Cross, and Ruby Lee Varn of Troop 29.

Myra Jean Adamson, Patsy Carlie, Shirley Cook, Charlotte Hendricks, Amalie Hopkins, Joan Lunsford, Mary Ann McCool, Phyllis Ann Nenstiel, Jan Prichard, Jan Roby, Barbara Weidler, Adelaide Williams, Doris Welch and Rochelle Smith of Troop 20; Vivian Brake, Betty Evans, Doreen Forde, Lee Ann Isley, Patricia Johnston, Sue Lynn McFall, Wilma Prewitt, Ann Polard, Barbara Southard, Janet Weathered, Ina Webber and Ouida Williams of Troop 13.

Betty Brown, Marjorie Dittmyer, Janet Gill, Jo Ann Marrow, Marlene Martin and Ann Owen of Troop 18; Mary Kretzinger, Mary Keough, Bell Steward, and Ann McNamara of the Senior Troop; and Mary Ann Dillman, Margaret Kretzinger, Doloris Blymiller, Dorothy Gilleland, Lou Nell Waggoner, and Wanda Lee Fordyce of Troop 3.

The leaders who attended camp with these groups were: Mesdames

J. M. Fitzgerald, J. V. Young, Noel Dalton, Morris Goldfine, Frank Carter, Carl Stone, R. P. Bowerman, A. E. Marlow, Ed Weiss, Jr., Roy Underwood, G. W. Varnon, B. A. Derryberry, M. D. Dwight, R. H. Nenstiel, Quentin Williams, Leon Cook, Watson Welch, W. O. Prewitt, R. W. Polhard, Johnnie Cinelli, C. M. Blymiller, Miss Marie Stedje, executive director, and program aids, Donna Nenstiel and Senior Scouts.

Pampa News

Published daily except Saturday by The Pampa News, 321 W. Foster Ave. Pampa, Texas. Phone 658. All departments of THE ASSOCIATED PRESS (Full Leased Wire). The Associated Press is entitled exclusively to the use for publication of all the local news printed in this newspaper, as well as all AP news dispatches. Entered as second class matter at the post office at Pampa, Texas, under the Act of March 3rd, 1879.

UNIFORM TRAFFIC CODE
Texas takes its place among 32 other sister states which have seen the evolution of one of the country's greatest domestic problems... highway traffic control. Gov. Jester endorsed the work of the 50th Legislature, signing the uniform traffic code bill.

It is our opinion that, in coping with a problem so great as traffic regulation in the United States, this action by the several states is a logical step.

As a problem of any sort develops and grows, it behooves a people to take drastic steps to curb it. Hence, violations of most of the provisions of the new code will result in fines ranging from \$1 to \$200 upon conviction. The penalty for hit-and-run driving is imprisonment up to five years and/or fines up to \$5,000.

There are many other provisions, and it now becomes necessary for the people to be educated to observing them.

It is a good thing to see this cooperative spirit among the states. It is matter which they themselves are fully capable of meeting.

SPEAKING OF TRAFFIC
Speaking of traffic, a few months ago Pampa city officials made a rather detailed study of hazardous conditions along our streets. They made recommendations for changes in positions of stop signs, addition of others.

We hope the Commission can see fit to have these plans put into effect. There are a number of dangerous arrangements in our street system.

For instance, since the center plot was removed more than a year ago from West Francis, the traffic has grown faster. But the streets running north and south do not have stop signs where they cross West Francis. At least three wrecks have occurred in the last six months because there were no stop signs there.

Moreover, there is a stop sign on West Francis where that street meets North Frost St. We understand the Commission and the City Police some time ago agreed that the stop sign should be on Frost—and it should be. But it is still on West Francis, a more or less through street.

These corrections should be made, inasmuch as we know exists.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
MARE ISLAND, Calif.—(AP)—Three giggling little native girls from Guam walked back and forth in the amputee training center in the U. S. Navy yard here.

"They were casualties of the Pacific War, about to graduate from this rehabilitation hospital where Navy doctors are refitting combat victims who lost limbs in battle.

"Can you tell anything about them?" asked Commander Thomas J. Canty, officer in charge.

"The teo-heeing girls liked the contest. After they had paraded from one end of the room to the other twice, I could figure from an almost imperceptible rictus in stride that two had artificial legs.

"But I can't see anything unusual about the third," I said.

"Look at her arms," said Canty, pleased.

I had to go up close and inspect both hands before I could tell which one the Japanese bomb had separated her—and which one was new. The artificial hand had a slightly flushed look.

"Rose is so proud of it that she colored it up a little herself," laughed the commander.

She didn't want any of her friends back in Guam to miss seeing her pretty plastic prosthetic from Uncle Sam.

Canty and other Navy doctors here feel the medical miracles performed for war victims like the Guam girls should be made available to civilian amputees.

Urging such a rehabilitation center, Canty said.

"Some 20,000 American soldiers and Marines lost arms or legs during the war—but during the same period there were 120,000 civilian amputees.

The center here has restored to active life ninety percent of the 2,000 military amputees who have passed through its hospital. Attended by its phenomenal record of civilians from all parts of the world have come seeking aid.

Navy medical specialists have the heart-breaking task of tugging each cripple all they can do is advise him.

"We cannot help them, because we can only take American combat victims and servicemen," said Commander Canty.

NATIONAL WHIRLIGIG

news behind the news

WASHINGTON
By RAY TUCKER
TAX—A tax reduction measure even more unpalatable to President Truman than the recently vetoed program seems in prospect for next year, in view of the opposition and known revenue attitudes of the outside advisory group which House fiscal leaders have picked to assist the Ways and Means Committee in its preparation.

The prospect of another deflation of the Chief Executive appears likely because the selection of civilian advisers was a bipartisan act. Representative Robert L. Doughton, North Carolina octogenarian and former head of the committee, joined with Chairman Harold L. Knutson in naming it, and from past associations he knew of the viewpoint of the collaborationists.

DOUGHTON—The fact is that Mr. Doughton, a conservative at heart, still exerts a powerful influence on Ways and Means. He voted for the original passage of the Knutson measure, but felt he owed it to party loyalty to uphold Mr. Truman's disapproving message.

Had he chosen to override, it is probable that the House would not have sustained Mr. Truman. He carried all but one Democrat on the committee with him, the exception being Representative Milton H. West of Texas. A Doughton deflection would have meant a defeat for the White House, which was upheld by the narrow margin of two votes.

The head of the new civilian committee is Roswell Magill of New York City. He was assistant to the Secretary of the Treasury during the Coolidge Administration, and is known to share the late Andrew W. Mellon's tax theories. He was Under Secretary of the Treasury during the first two years of the New Deal.

CUTS—W-and-M advisers favor steep cuts in individual surtaxes and corporation payments. They also provide incentive and stimulate big and small business. They also favor reductions in the smaller brackets, but they urge extreme caution in this field.

In order to make up the revenue lost in the upper and corporation levels, they advocate a system of excess duties so extended and elaborated that it will amount to a general nationwide sales tax. They think it should be levied on goods of an everyday nature as against singling out of luxuries like cigarettes and liquor.

ECONOMY—Two novel proposals will be the elimination of double taxation and establishment of the community property tax on a nationwide basis. The latter system enables a husband and wife to make separate returns on either's sole income, and will amount to a sizable reduction all around the line.

As against the Truman, 1945 budget of \$37,500,000,000, they advocated a figure of only \$31,000,000,000 on the basis of present national income. From its long-range standpoint, they think the government should reduce its annual expenditures to approximately 20 to 25 billion dollars.

To achieve this economy, they recommend drastic cuts in appropriations for the armed forces, veterans, social welfare, agriculture, natural resources, transportation and communications. The merchant marine and routine operation of the government.

DOUBTFUL—Their reasons for going slow in raising exemption or reducing tax burdens on "the little fellows" are two.

First, they point out the large amount which Uncle Sam collects from this group, especially in years when the more wealthy and the corporations are undergoing bad times. Secondly, they believe that the great mass of citizens should contribute in order to make them so tax-conscious that they will operate as a brake against public waste and extravagance.

It is doubtful whether their recommendations on this score will be accepted by Republicans or Democrats on Capitol Hill in the presidential and Congressional re-election year of 1948. Like all revenue measures, the 1948 model will be designed as a vote-collector as well as a money-raising program.

TICKET—Thomas E. Dewey is having vice-presidential difficulties assuming, of course, that he should be the Republican presidential nominee in 1948. And most of his friends make that assumption as a result of his victory in the unofficial vote on prospective candidates by G.O.P. delegates to the recent state convention in Wisconsin.

Although the New York executive would like Governor Earl Warren as his running-mate if he gets the nod, it is understood that the man

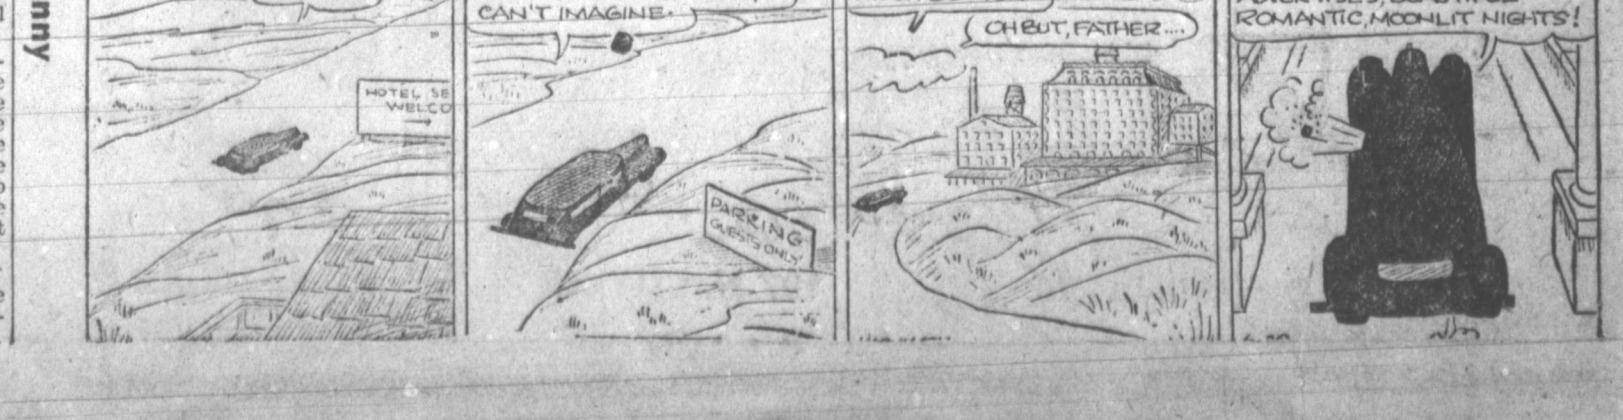

needed in selection of pilots. For they must combine qualities of character, high skill and responsibility.

HEALTH REGULATIONS
Air transportation develops new health problems. Our health regulations cannot be too strict. Just one new, house or mosquito can carry such diseases as yellow fever, or typhus. We have heard in the past of the traveler to China returning with a rare Oriental disease. Today we are all open to foreign plagues.

The Mexican importer who this Spring brought smelly N. Y. traveled by U. S. health authorities as he came into the country.

Infections in the very early stages are not easily recognized. Our health regulations and inspections must be especially strict in the future. For men and women on business or pleasure going from one country to another by rapid air travel can well be the carriers of infection.

CONCLUSION
So much development in transportation brings with it not only its technical problems of operation, but problems of human safety and health. In the small developments and in the million dollar researches it becomes our responsibility to see that scientific and commercial progress be directed more and more to the end of truly serving human health and happiness. The time is approaching when certain airplane securities should be an attractive purchase.

AIR TRAVEL

Copyright—1947—Publishers Financial Bureau, Incorporated

Babson Park, Mass.—In these days of helicopter taxis it is hard to believe that seventy-five years ago we could count on taking twelve to fifteen minutes for going a mile by horse and buggy. Unless we could afford to spend four hours "commuting" each day, we did not live even ten miles away from our work; twenty miles was out of the question. Today, with modern transportation, it is not uncommon to live in one state and work each day in another.

OLD AND THE NEW
The automobile, now with us over half a century and still furnishing speedy transportation on the country highways, has already become slow and ineffective in many ways. For example, to get from the heart of Boston to its Logan Airport is now such an uncertain proposition by automobile that a helicopter has been making flights direct to the airport from a roof at the Boston Bus Center. The time involved has been between one and two minutes. A suburban delivery service by helicopter was started by one of Boston's department stores some months ago. Now, a fleet of airplanes is being predicted.

We are appearing to develop air transportation, useful in peace or

By Roger W. Babson

war, on an immense scale. A new troop transport plane is planned to carry fifty tons of cargo or 100 troops. Without refueling, it will fly more than 3,000 miles. The future promises enormous planes which will "go through" in any weather, flying high above the storms because of their pressurized cabins.

SAFETY INCREASING
The four recent severe plane crashes have dimmed the safety record of the airlines but remember that as of December 1946, seven airlines in this country had a record of no deaths from accidents in the past decade. Our airlines know that their very existence depends on constantly reducing risk of accident. The National Safety Council announced in May of this year that not a single death occurred in 1946 during the scheduled flights of sixteen U. S. airlines.

They are on the way to better safety records with radar devices as an aid to landing and in preventing collisions. Recently, Howard Hughes of Trans World Airlines, offered to put his new anti-collision safety device at the disposal of other companies as well as his own. A new type propeller will permit fast emergency stops. General Electric puts out a recorder which automatically records a flight. This will help to find out the cause of accident. It will reveal actions of the pilot and the plane. It is said that most recent plane crashes have stemmed from errors in human judgement. This means even greater care is

needed in selection of pilots. For they must combine qualities of character, high skill and responsibility.

CONCLUSION
So much development in transportation brings with it not only its technical problems of operation, but problems of human safety and health. In the small developments and in the million dollar researches it becomes our responsibility to see that scientific and commercial progress be directed more and more to the end of truly serving human health and happiness. The time is approaching when certain airplane securities should be an attractive purchase.

from Sacramento is not interested in second spot. He turned down a similar nomination in 1944, and there is no reason to assume that he would want it now. He is still a comparatively young man.

The Dewey-Stassen clash in the Wisconsin test has improved relations between them, and they were never close friends, possibly because they are too much alike. And yet, if Mr. Warren will not run, many G.O.P.-ers think that a ticket consisting of the two young-lion men from Albany and St. Paul would be their best bet.

President Truman is also suffering from the same trouble. There is as yet no likely prospect on the Democratic side. And, in view of the manner in which he entered the White House, the delegates and voters may give more thought to the identity of the second-place runner than they have in recent years.

Flint-tipped arrowheads more than 30,000 years old have been discovered by archeologists.

6 Found Dead in Plane Wreckage

MANILA—(AP)—Wreckage of a U. S. Army C-47 transport plane was found 150 yards from the top of 2,960-foot Mt. Makiling, 30 miles southeast of Manila Saturday, and a search party reported that all six officers aboard apparently were killed outright.

The two-engine plane took off in bad weather Wednesday night and evidently struck the peak while letting down on instruments for a landing at Nichols Field.

Names of the dead, all captains and lieutenants, were withheld until next of kin are notified.

UNRRA Turns Down Philippine Aid

MANILA—(AP)—UNRRA was understood yesterday to have turned down the Philippine's final request for \$24,000,000 in aid, mainly for the agricultural, fishing and stock raising industries.

Derby Seen As Builder Of Youth

By T. H. KEATING
General Sales Manager
Chevrolet Motor Division

Two phases of the All-American Soap Box Derby program have won widespread comment and approval. They are "boy building" and "boys building."

By those two similar phrases, I mean to point up two major aims of this activity which Chevrolet and America's leading newspapers have sponsored since 1924.

Character development is inherent in the whole Derby program. "Boy building" is an inevitable outgrowth of participation in an event which is based on good sportsmanship, fair play and spirited competition.

And "boys building" . . . boys at work constructively with their hands and their minds, building as best they can to compete against the products of their equals . . . contributes to youthful developments in a laudable fashion.

Ingenuous designs have developed over the years as Derby participants strove to build ever better cars. The emphasis placed on building a better racer, driving a straighter course competing fairly but keenly—all these are factors that build champions.

Yet the important aspect of the Soap Box Derby is not that it produces new champions year after year, but that it results in providing for thousands of youngsters an outlet for creative talent, encouragement to their native ingenuity, endorsement of their inherent spirit of clean competition.

It has been repeatedly said that "no boy loses in the Soap Box Derby." This is even more correct in a spiritual sense than it is materially. No youth can channel as much effort into an activity as boys expend on the Derby without profiting in character development.

We who have watched the Derby develop over the years are proud of its success.

And, with good reason, we are even prouder of the boys the Derby develops.

Statehood for Hawaii has been discussed since 1854.

Mr. Keating

Cold-Water Pike Slated for Trial At Eagle Mountain

(By The Associated Press)
Whether pike can survive in Texas' warm lake waters will be determined in an experiment slated this fall at Eagle Mountain Lake.

The Fort Worth Anglers Club is going to transplant some of the cold-water fish from Norris Dam, Tenn. in an effort to introduce a new type target for anglers.

Charles H. Kahn, president of the club, said it was believed the fish could adjust themselves to Texas' hot spring and summer months after a conditioning period during the winter.

The pike has long been a favorite fish with sportsmen in mountain and northern states, and Kahn said there was reason to believe the fish would eventually take to Texas.

According to Kahn, pike normally survive in waters of 63-degree temperature. But he said the waters of Eagle Mountain Lake would approximate this during the late fall and winter. The experiment will be based on the theory that as the temperature changes, so will the pike's aversion of warm water.

Should the test prove successful, it will mean that bass are no longer prime objectives at Eagle Mountain. Recently, 1,000,000 young bass were dumped there and in Lake Worth.

Cooperating with the Anglers Club in the pike experiment is the

State Game and Fish department. Kahn said.

Real reason behind the move to bring pike to Texas is to further interest in fishing, Kahn disclosed. So far, the Fort Worth group has sponsored a number of events to further this cause.

Biggest project undertaken by the club is the current "fish rodeo," which has increased membership to 17,000.

A total of \$65,000 in merchandise goes to the angler, who bag 300 tagged fish. One hundred and three have been taken thus far, with prizes amounting to \$20,000. The rodeo closes Dec. 1. Still to be caught is tag No. 1,999. The fisherman-club member who takes this one will net approximately \$1,500 in prizes.

Kahn said it was his belief the Fort Worth fish rodeo was the biggest ever staged in this part of the country.

Weekends at Eagle Mountain and Lake Worth seem to prove he's right.

Tomato Market Dips Slightly in Texas

PARIS—(AP)—A slight slow-down in tomato marketing was noted yesterday in this area, although recent rains have extended the producing season. The four-cent per pound price of the last several days continued to prevail Friday.

A continued market for all of the crop was assured by the announcement by the Whitten Brothers Cannery Company here that it would buy ripe tomatoes.

ON SALE MONDAY

Prices

(Continued From Page 1)
released last week, was 155.8. Last June it was 133.3. Since June fats and oils have risen 88.6 percent, meat 52.2 percent, beverages 50.6 percent and sugar and sweets 31.6 percent.

Trade groups criticize the various indices as unrealistic because, they say, the indices compute prices during the OPA period on the basis of ceilings when real prices in "black markets" were above ceilings.

Because whenever illegal prices were paid they were not recorded, there is no way of telling how present prices compared with "black market" prices. However, prices of some commodities which were not controlled a year ago are higher now than then.

Meat was the core of the OPA battle a year ago. The word, but not the taste was on everybody's tongue. In New York, hamburger which was 29 cents a pound, when available, a year ago is now 47 per cent. Loin of pork which sold at 47 cents now brings 62 cents.

Down the retail level, newspaper advertisements today contrast sharply with a year ago. Then, when the meat shortage was at its height, chain stores were endeavoring to entice customers with poultry and fish. Meat was offered mostly in tins.

One year ago a popular brand of soap sold at three bars for 18 cents, but the advertisement carried the words "when available." Today the soap is 10 cents a bar with no remarks about availability.

Are conditions "better" or "worse" today than under the OPA?
Advocates of OPA argue that prices in legitimate markets had risen spectacularly, that only in certain items have they shown signs of declining, and that supply increases in these latter goods would have developed just as quickly under OPA.

Opponents of OPA argue that goods are more easily available, that the crooked and sinister "black market" has been eliminated and that the OPA was unenforceable in peace time because it lacked the backing of war time patriotism.

Body lice have lived on and with human beings since long before the beginnings of recorded history.

Amarillo Chief of Santa Fe Retires

Retirement of J. W. Mode, superintendent for Fort Worth and Denver City Railway, Amarillo, effective July 1, after 46 years of "loyal and efficient service" has been announced by C. D. Peckenpaugh, vice-president and general manager for Burlington Lines, Fort Worth.

M. G. Managhan, trainmaster, Amarillo Division, is appointed assistant superintendent with headquarters at Amarillo, succeeding Mode.

Peckenpaugh pointed out that the jurisdiction of W. O. Frame, superintendent for Fort Worth and Denver City Railway and the Wichita Valley Railway, headquarters at Wichita Falls, is being extended to include the Amarillo Division also, from then.

Amnesia

(Continued From Page 1)
law as soon as he saw them yesterday.

He is married and has four children. He told authorities when first found that the children were dead. Deputy Sheriff Clint Word said last night that Cox appeared to be in much better shape, but is badly sunburned and covered with mosquito and chigger bites, and scratches.

Cox was taken home by automobile to Comanche with his brothers and brother-in-law last night immediately after they had eaten supper in Canadian.

Miners

(Continued From Page 1)
scenarios.

Other developments on the labor scene:
CIO leaders adopted the same strategy as officials of the American Federation of Labor in opposing the Taft-Hartley Act. Both groups vetoed suggestions for a general protest strike in favor of attacking the law's constitutionality in law suits and in opposing supporters of the bill when they come up for reelection.

CIO President Philip Murray invited leaders of the AFL and the railroad brotherhood to attend a war council on the act.

Leaders of 40,000 striking CIO shipyard workers in 19 eastern yards reiterated predictions that the work stoppage would spread to 120,000 workers in east and gulf yards Tuesday, unless a settlement is reached on union demands for a 13 cents hourly wage hike and other benefits.

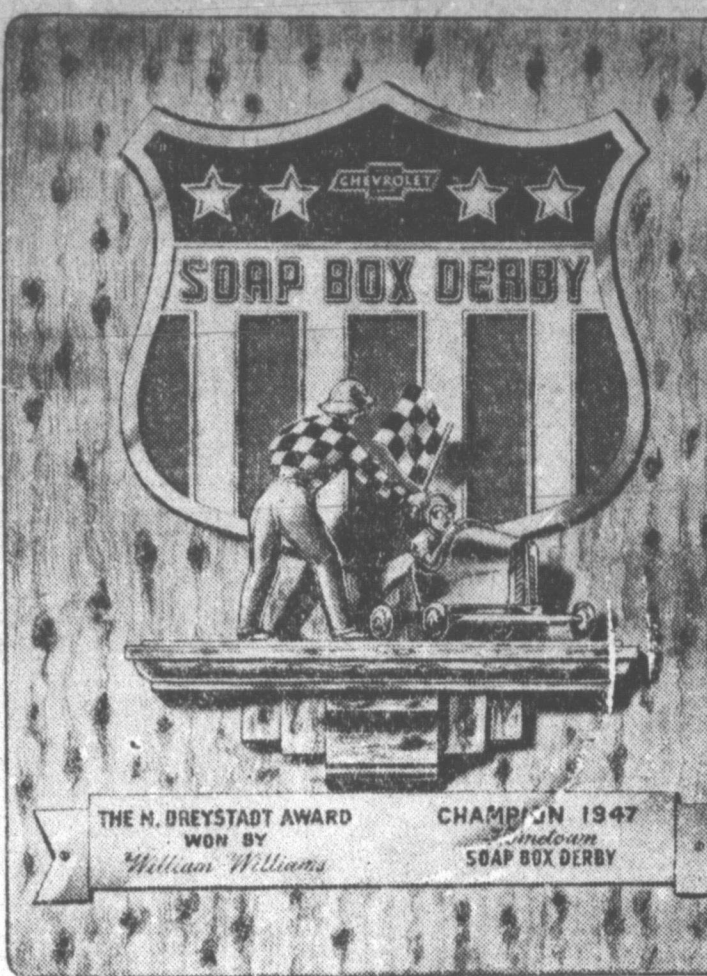

Ratification of a contract granting wage increases of seven to 17 cents an hour ended a five day old strike of 425 CIO livestock handlers at the Omaha stockyards.

Negro Indicted By Grand Jury

CORSICANA—(P)—The Navarro County grand jury has indicted Eugene Mayfield, Negro bellhop, on a charge of assault with intent to rape. His bond was set at \$7,500.

The charge was filed against Mayfield after a 19-year-old white girl reported she was attacked in a Corsicana hotel, where she was a guest.

Award for Local Derby Champs

The N. Dreystadt Award, a handsome three-dimensional plaque, will be presented to the winner of each of the 133 local races of the All-American Soap Box Derby in 1947. It is given by Nicholas Dreystadt, general manager of the Chevrolet Motor Division, which co-sponsors the race with America's leading newspapers. The background of the plaque is highly polished birch, the shield is in red, white and blue, and the miniature racing car, driver and finish-line flag man are enameled in colors and rest on a platform that extends out from the background.

Upsets Are Prominent In NCAA Golf Meet

ANN ARBOR, June 28—(P)—Sloping 6,800-yard golf course and a couple of determined underdog competitors who refused to give up wrecked hopes of favorites in the 1946 National Collegiate Golf Championship yesterday as bespectacled Jack Coyle, 21-year-old Louisiana State University ace, and strong Dave Barclay, captain of the University of Michigan team, stormed into the final round.

Coyle upset the tournament's prime favorite, skinny Charley Cox of Oklahoma. 1-up in a 19-hole semi-final battle and Barclay kayoed Oregon's Louis Stalora, runner-up in the 1946 National Public Links championship, 2 and 1.

Cox and Stafford were heavy favorites to collide in the finals after the slim Oklahoman had bested Charles (Babe) Lind of Denver University, 1-up, in morning quarter-finals and Stafford knocked out the Eastern hope, hard-hitting Bill Campbell of Princeton, 2 and 1, but both were badly beaten down in the grueling 36-holes-a-day grind to fall in astonishing upsets this afternoon.

Defendant Accepts Prison Sentence

BROWNWOOD—(P)—Alvin H. Kennedy, 47, Waldrip stockman, has accepted a 25-year sentence in prison assessed by a district court jury in the Oct. 16, 1945, rifle slaying of his brother-in-law, Rice Willey.

Kennedy, who sobbed as he thanked District Court Judge A. W. Newman for the sentence in court Friday, asked the judge to remember him in his prayers.
By accepting the term he cancelled a previous defense motion for a new trial.

NOTICE OF ELECTION

STATE OF TEXAS, COUNTY OF CARSON.
WHEREAS: A petition praying for an election to determine whether or not the district school trustees of White Deer Independent School District shall have power to levy and collect an additional tax not to exceed 1/2 cent on the \$100.00 valuation of taxable property of said district, signed by more than twenty (20) of the qualified property tax paying voters of said district has been presented to the board of trustees of said school district, and WHEREAS: Said board of Trustees has determined that said petition meets the requirements of the laws of the State of Texas, and it is the duty of the board to order said election.

THEREFORE, it is ORDERED BY THE BOARD OF TRUSTEES OF THE WHITE DEER INDEPENDENT SCHOOL DISTRICT, that an election shall be held on July 14, 1947, at which election the following proposition shall be submitted for election: "Shall the District school trustees of White Deer Independent School District have power to levy and collect an additional tax not to exceed 1/2 cent on the hundred (100.00) valuation of taxable property of said District."

SAID ELECTION: shall be held in the School House, White Deer, Texas, and at the school building in Skellytown, and Mr. R. A. Thompson is hereby appointed as manager of the White Deer election box, and Bert Castleberry is hereby appointed manager of the Skellytown election box.

Said election shall be held under the provision of the constitution and laws of the State of Texas, and only qualified voters who are property taxpayers of said district, and who have duly rendered their property for taxation, shall be allowed to vote.

ALL VOTERS: Who favor the proposition to levy and collect such tax, shall have written or printed upon their ballots the words, "FOR MAIN-TENANCE TAX" and those opposing shall have written or printed upon their ballots "AGAINST MAIN-TENANCE TAX."

A Copy of this order signed by the president of the Board of Trustees of White Deer Independent School District, and attested to by the Secretary of said board shall serve as a proper notice of said election.

The secretary is further authorized and directed to have said notice of election, published in the Pampa News, (there being no newspaper of general circulation published in said district at this time), the date of first publication to be not less than ten (10) full days prior to the date of said election.

PASSED AND APPROVED this 15th day of June, 1947.
HIGGS HORN,
President of Board of Trustees,
White Deer Independent School District.
SEAL: ATTEST
A. W. WELLS,
Secretary.

Thomas

(Continued From Page 1)
lani's connection with the horrible crime depends entirely on circumstances," Judge Charles G. Krueger wrote in the Appeal Court's opinion. The State had relied for conviction principally on foot prints at the scene of the crime made by shoes to which Thomas had access. A piece of string which "almost" fit with a piece found at the scene of the crime, car tracks similar to those of a car borrowed by Thomas, and damage to the car which could have occurred at the scene of the crime.

"It is not sufficient that the circumstances coincide with, account for and therefore render probable the guilt of the defendant; there must exclude every other reasonable hypothesis except that of the defendant's guilt, and unless they do so beyond reasonable doubt, the evidence is not sufficient to warrant a conviction," the opinion held.

The Appeal Court Saturday also denied rehearing for Dr. W. R. Newton of Cameron, given a two-year conviction on a charge of assault to murder Dr. Hunt a year before the slaying.

Dr. Newton's name had frequently come up during the Thomas trials, but court records showed him to be at home on the night of the slaying.

Molotov

(Continued From Page 1)
on the European suggestions for aiding Europe.

He wanted to know how much money the United States proposed to put up and what the terms would be. He indicated he wanted the program to be handled by the United Nations Economic Commission for Europe, which has 18 members, a number of them in the Soviet bloc. Molotov cited Bevin's conversations in London with William L. Clayton, U. S. Under Secretary of State for economic affairs, as his reason for asking for such details.

Bevin gave some answers he said he thought it best to sidestep the U. N. Economic Commission because neither Germany nor allied military governments in Germany belong to the commission.

Molotov, it was reported, then asked for time to consult the Kremlin.

The meeting was delayed an hour at Molotov's request. French sources put up with the delay for 10 minutes late.

Simple Table Decorations Are Found Most Effective

Double ring wedding cake with pink rose petals is set off against an exquisite background of silver, linen damask and white roses.

By GAYNOR MADDOX
NEA Staff Writer

A home wedding reception, without benefit of caterer, will have a professional finish and smoothness if just two points are born in mind: the simplest table is often the most beautiful and familiar, easy-to-prepare food is often the most appealing.

For a truly beautiful table, begin with a gleaming white Irish linen cloth in rich damask pattern. Decorate with a generous bowl of flowers and the wedding cake itself. A "double ring" wedding cake has an imaginative charm and it's both simple to bake and easy to decorate. The two "rings"—one for the bride, one for the groom—are placed beside each other on a gleaming silver tray.

Double Ring Wedding Cake
Two and three-quarter cups sifted cake flour, 2 teaspoons double-acting baking powder, 1 1/2 teaspoons salt, 1 3/4 cup shortening, milk (see below for amount), 3/4 teaspoon orange extract, 3/4 teaspoon almond extract, 3 eggs and 1 egg yolk, unbeaten.

With butter, margarine, or lard, use 1/2 cup milk. With vegetable or any other shortening, use 3/4 cup milk.

Sift flour once; measure into sifter with baking powder, salt and sugar. Have shortening at room temperature; mix or stir just to soften. Sift in dry ingredients. Add milk and flavorings and mix until all flour is dampened. Then beat 2 minutes. Add eggs and beat 1 minute longer.

Mix cake by hand or at low speed of electric mixer. Count only actual beating time. Or count beating strokes. Allow about 150 strokes per minute. Scrape bowl and spoon or tine while mixing.

Turn 1/2 of batter into 9-inch ring mold which has been greased and lightly floured, filling 1/2 full. Bake in moderate oven (375 deg. F.) 20 minutes, or until done. Store remaining batter in refrigerator until first cake is done, then bake in same mold. Spread cakes with snow frosting and decorate with crystallized rose petals.

Snow Frosting. Combine 1 1/2 cups sugar, dash of salt, 1/2 teaspoon light corn syrup, and 2 1/2 cup boiling water. Bring quickly to a boil, stirring only until sugar is dissolved. Boil rapidly, without stirring, until small amount of syrup forms a soft ball in cold water, or spins in a long thread when dropped from tip of spoon (240 deg. F.).

Beat 2 egg whites until stiff enough to hold up in moist peaks. Pour syrup in fine stream over egg whites, beating constantly. Add 1 teaspoon vanilla. Continue beating with rotary egg beater 10 to 15 minutes or until frosting is cool and of right consistency to spread. Use wooden spoon when too stiff for beater.

Crystallized Rose Petals. Select highly scented fresh roses, dark red preferably, and wash well. Remove petals and drain. Remove white pulp by using a sharp knife. Egg white with foamy. Brush both sides of petals with egg white. Shake granulated sugar on both sides and place in refrigerator overnight to dry.

GLASS CLOSET BAGS
New closet accessories—garment, blanket and shoe bags—are made of plastic-coated glass fibers woven into cloth. The bags will not shrink, rot, stretch or mildew. Also take the heavy cloth cleaning these new accessories offer protection against moths when zipper shut.

WE, THE WOMEN

Wives Erupt a Little Conversation

By RUTH MILLETT
NEA Staff Writer

Ask a little boy what he has been doing all day, and he will probably answer, "Oh, nothing." But ask a girl the same question and you'll get the full story.

That difference in boys and girls is amusing when they are still children. But when they are grown-up, it's sometimes pretty tragic.

I repeatedly receive letters from wives complaining that their husbands won't talk to them. At night these women are eager to talk over the day because they have been limited all day to the conversation of small children or no conversation at all.

Sometimes they are genuinely interested in their husbands' business

Miss Marceline Adams, Bride-Elect Of Earl Bullick, Is Shower Honoree

Miss Marceline Adams, bride-elect of Earl Bullick, was complimented at a lovely tea and miscellaneous shower Thursday afternoon, June 12, when Mrs. Clay Bullick and Mrs. W. M. Elliott entertained in the home of Mrs. Bullick, 904 Schneider.

A blue and white color scheme was effectively carried out in the floral decorations in the entertaining rooms and the table appointments. Roses and larkspur were featured.

Guests were greeted by Mrs. Bullick and Miss Adams and Mrs. Elliott presided at the register.

Mrs. R. T. McCallip, assisted by Mrs. J. P. Spinks, served the punch and cake from the tea table which was overlaid with lace cloth. Streamers, in bower effect, descended to the table which was centered by a low arrangement of cut flowers in a large blue bowl. Pink and white mints were served. The table appointments were in crystal and silver.

Tiny umbrellas, filled with candies, were served as favors. Each one bore a card reading "Marceline and Earl, July 7." The wedding has been planned for 7 o'clock Monday evening, July 7, in the home of the bride-elect, 1241 S. Clark, with Rev. E. M. Dunworth, pastor of the First Baptist Church of Stannett, officiating.

Those attending or sending gifts included Mesdames C. G. Shelton, H. H. Nichols, S. L. Lowe, W. A. York, B. T. McCallip, J. P. Spinks, Weldon Bullard, Lonnie Williams, F. A. Hukill, E. M. Swindle, B. L. Shoulters, R. O. Clements.

Mesdames Orban Epperson, Clyde Prince, D. A. Adams, Collins Webb, R. Hamm, E. Eckroat, J. W. Heflin, W. H. Porter, Jr., D. M. Walker, C. H. Graham and Bob Johnson of Dallas, sister of the honoree; and Misses Wanda Adams, Clydene Swindle, and Maurine Jones.

Mrs. Charles Duenkel Is City Champion in Ladies' Tournament

In the City Golf Tournament championship flight Mrs. Charles Duenkel won over Mrs. Carl Leuders, making her city champion of the Ladies Golf Association.

In the consolation division Mrs. O. Prigmore won with Mrs. R. M. Bellamy runner-up. The first flight winner was Mrs. Frank Baker and Mrs. Clyde M. Whittle was runner-up.

Frances Bechtol Has Slumber Party

SHAMROCK—(Special)—Frances Bechtol was complimented with a slumber party and breakfast by her mother, Mrs. E. K. Bechtol, Wednesday night and Thursday morning.

The girls played games and told stories until late bedtime, then arose early for a walk and had an out-door breakfast on the back lawn of the Bechtol home.

Miss Jeanne Franks registered the guests as they arrived, and Mrs. Carl Leuders directed the guests to the gift room where many gifts were displayed.

Mrs. Clay Honoree at Pink and Blue Shower

SHAMROCK—(Special)—Mrs. L. G. Clay was complimented with a pink and blue shower Thursday afternoon at the home of Mrs. W. D. Frazier.

Hostesses were Mesmes: Walter Neville, Carl Wagner and Clarence Parrish. A pink and blue color motif was carried out in decorations, with spring flowers and roses.

Mrs. Lafferty Installs Officers For Borger Club

Mrs. Marguerite Benson was re-installed as president of the Borger Business and Professional Women's Club in an impressive rainbow ceremony conducted by Mrs. Mildred Lafferty, president of the Pampa Club, Thursday night in the Federal Club Rooms at Borger. Other officers installed were vice-president, Grace Klein; treasurer, Lola Moore, recording secretary, Wanda Wortham; parliamentarian, Gladys Anderson.

The Borger Club was organized by the Pampa Club and presented their charter in October 1946. A large number of Pampa members attended the installation banquet served by the Borger Club. Other guest clubs for the evening were Dumas and Amarillo. Margaret Fletcher, District Director, of Amarillo, was present and made a short talk.

Mrs. Corrine Elliott was toastmistress and gave the welcome address. Special music was furnished by Mrs. Grace Klein and a male quartet composed of Roger Klein, Jack Scott, Tommie and Paul Moore. Following the installation of officers the address of the evening was given by Mrs. Benson. Mrs. Ellis discussed the meaning of membership in the B & P W Club.

The tables were decorated with cut flowers and the flags of the nation's. Cut flowers were also used throughout the entertaining rooms. Programs carried out the club colors of green and gold.

Attending from Pampa were Mesdames Lucille Turner, Katherine Martin, Roy Cusum, Mildred Lafferty, Rex Barton, Sara Lee Moore, Paul Hill, Frank Lard, Laura Belle Cornelius, Alpha Bradley, Evora Crawford, Gladys Jaynes, and Mae Etta Powers; Misses Charlie Neal, Yvonne Haggie Hollis, and Ruby Williams.

Double Ring Ceremony On Thursday Morning For Panhandle Couple

PANHANDLE (Special) In an impressive double-ring ceremony on Thursday morning at 8:30, Miss Madeline Keulher, daughter of Mr. and Mrs. Pete Keulher, became the bride of Clement P. Labus, son of Mr. and Mrs. Jerome Labus.

The service was read by Father Joseph Walker in St. Theresa's Church, Natchitoches, La. The bride's maid, Miss Madeline Keulher, was assisted by Mrs. Jack Powell, Rose and Cecilia Hadduk, with Mrs. Ed Preusser at the organ.

The altar was decorated with an arrangement of roses, larkspur and blue hydrangeas.

Attending her sister as maid of honor, Miss Bernice Keulher, was attired in a gown of soft blue. The bridesmaids, Miss Rose Marie Keulher, cousin of the bride, and Miss Anne Labus, sister of the groom, wore identical dresses of pink and blue net over taffeta. All wore halos of pink daisies.

San Labus was his brother's best man. Groomsman were Peter Egan, Johnnie Reynolds, R. E. Jones, and Albert Andrae, Jr., cousin of the bride. Ushers were Leon Hadduk and Eddie Homen.

The bride, who was given in marriage by her father, was attractive in a gown of white lace and net over satin. Her fingertip veil fell from a halo of seed pearls. For something borrowed, she wore a necklace of pearls belonging to Mrs. J. A. Davis. Her bridal bouquet was of pink carnations.

Mrs. Labus is a graduate of Panhandle High School with the class of 1945, where she was a member of the volleyball team and the Home-making Club, as co-hostess.

Mr. Labus also attended Panhandle High School and served four and one-half years in the Armed Forces. He is now engaged in farming, northwest of Panhandle.

Following the ceremony, the bridal party was honored with a breakfast in the home of the bride's parents. In the evening a reception was held in the Conway schoolhouse with Mrs. Mary Ann Britten, cousin of the bride, and Mesdames J. B. Walker, Otis Walker and M. F. Cahill as hostesses. Seventy-five guests were present.

Out of town guests at the wedding were Mrs. Alfred Andrae, Jr., Wilfred Bellinghausen, Mr. and Mrs. Joe Keulher and daughter, Rose Marie and Adelaide of Groon; Mrs. K. W. Homer and daughter, Mrs. Henry Clay, Baxter Purcell and Scott McCall.

Mmes. Frazier, Parker Ladies Day Hostesses

Members of the Ladies Golf Association held their regular meeting at the Country Club Wednesday morning at 9:30. Luncheon hostesses were Mesdames William Frazier and D. L. Parker.

Mrs. Carl Leuders won low net score in the "low net, low gross" play. Balls were given as prizes.

Mrs. Clay Honoree at Pink and Blue Shower

SHAMROCK—(Special)—Mrs. L. G. Clay was complimented with a pink and blue shower Thursday afternoon at the home of Mrs. W. D. Frazier.

Hostesses were Mesmes: Walter Neville, Carl Wagner and Clarence Parrish. A pink and blue color motif was carried out in decorations, with spring flowers and roses.

Miss Jeanne Franks registered the guests as they arrived, and Mrs. Carl Leuders directed the guests to the gift room where many gifts were displayed.

Miss Jo Anne Perry Exchanges Vows With Henry Lee Kinnison, III, In Alamogordo, N. M., Rites June 25

St. John's Episcopal Church in Alamogordo, N. Mex., was the setting for a beautiful ceremony at 10:30 o'clock Wednesday morning, June 25, when Miss Jo Anne Perry became the bride of Henry Lee Kinnison, III, in a single wedding ring rite, the Rev. Laurence D. Stueland reading the marriage service.

Heads Panhandle Rebekah Circle

Sprays of "Baby's Breath" decorated the altar and baskets of white carnations, snapdragons and shasta daisies formed the floral background. White tapers provided the illumination.

Mrs. S. M. Storrs played "Clair de Lune," "Ave Maria," and "O Perfect Love" while the guests assembled, followed by the traditional wedding marches.

The bride, lovely in street-length poudre blue crepe with white accessories and carrying a bouquet of white roses, was given in marriage by her grandfather, Dr. F. B. Evans, Alamogordo. For the traditional "something old" she chose a lace handkerchief, brought from France by Dr. Evans on his return from World War I; for something "borrowed," her mother's pink pearls.

Mrs. T. G. Morris, Albuquerque, the former Miss Corrine Stevens, commate and sorority sister of the bride's mother, was the bridesmaid. A special invitation was given a street-length frock of beige crepe with matching accessories and carried Tullman roses.

Mrs. Morris, a Sigma Chi Fraternity brother of the bridegroom, was the groom's best man, Charles Lee, cousin of the bridegroom, acted as usher.

Mrs. Ralph Thomas, Pampa, mother of the bride, wore an afternoon dress of black with gladioli print. Milan hat and white orchid, gift of the bridegroom. The bridegroom's mother, Mrs. James L. Lake, Camp Hood, Texas, was given in marriage by her father, Mr. Lake, who wore a corsage of Tullman roses.

Mrs. Evans, the bride's grandmother, wore aqua blue jersey embroidered in white, and a pink hat.

Following the ceremony a wedding breakfast was served at the home of Dr. and Mrs. F. B. Evans, with only the wedding party and the immediate families attending. The table covering was of beautiful white cloth, sent to his mother by Capt. Fred Evans from the Philippines.

The three-tiered wedding cake, topped with miniature bride and bridegroom, formed the centerpiece, flanked with two seven-branched candelabra with white tapers for illumination.

The bride is the daughter of Mrs. Ralph Thomas, Pampa, and General F. Perry, Dallas. She received her education in the schools of El Paso and Panhandle and was graduated with a Bachelor of Science degree on June 7 from the New Mexico University in Albuquerque. She is a member of the Chi Omega Sorority.

The bridegroom is the son of Mrs. James L. Lake, Camp Hood, and the late Col. Henry L. Kinnison, II, who died in service in Burma during World War II. He is a graduate of the late Mr. and Mrs. Oliver M. Lee, Oketo County pioneers, and his paternal grandparents were the late Col. and Mrs. Henry Kinnison. I well known in Army circles. He is a graduate of the New Mexico Military Institute, attended the Military School at Washington, D. C. and has been a student at the New Mexico University the past three years. He served in the Navy during the recent war, and is a member of the Naval Reserve.

Mr. and Mrs. Kinnison left Wednesday for a several weeks honeymoon to points in South Texas and on their return will be at home in Alamogordo.

Out-of-town guests for the wedding included Mr. and Mrs. Ralph Thomas, Pampa; Mrs. James L. Lake and Miss Barbara Lake, Camp Hood; and Capt. Fred Evans, uncle of the bride, from Fort Riley, Kans.

Refreshments were served at the close of the games to five guests Mrs. Harrison Hall of Wheeler, Mrs. Bedford Harrison, Mrs. William Buschardt, Houston, Miss Gloria Holmes, and Mrs. Theo Nichols, Dallas, and to the following members Mrs. Henry Clay, Baxter Purcell and Scott McCall.

Mrs. Jones Honored At Pink, Blue Shower

Mrs. Milford Jones was complimented with a pink and blue shower recently in the home of Mrs. Arthur Heflin, 200 N. Ward, with Mrs. Clyde Martin as co-hostess.

A corsage of pink and blue sweet-peas was presented to the honoree by the hostesses. After the gifts were opened several games were played.

Refreshments of ice cream and angel food cake were served to Mesdames Maynard Virden, Doyce Jones, Johnnie Reynolds, R. E. Jones, Cora Corrig, C. N. Ellis, and J. N. Vardeman, of Memphis.

Sending gifts were Mesdames H. P. Doshier, J. N. Holt, Rupert Orr, Hugh Ellis, Owen Johnson, Leonard Reames, of Memphis; Leslie Bruce of Parnell; and Jack House of Weatherly.

Mrs. Fox Hostess To Thursday Club

SHAMROCK—(Special)—Mrs. Wayne Fox was hostess to a group of guests and members of the Thursday Bridge Club at her home Thursday afternoon.

The bride, Mrs. Byron DeMoss, won high score prize and second high award went to Mrs. Bedford Harrison.

Refreshments were served at the close of the games to five guests Mrs. Harrison Hall of Wheeler, Mrs. Bedford Harrison, Mrs. William Buschardt, Houston, Miss Gloria Holmes, and Mrs. Theo Nichols, Dallas, and to the following members Mrs. Henry Clay, Baxter Purcell and Scott McCall.

Tips for Teens

By ELMOR WILLIAMS

Here's the problem of the puzzling date—now you see him and now you don't. When you do see him you have fun together, he seems to be thinking you're super-special and everything's fine. Then you don't see him or hear from him again, perhaps for weeks. What's the answer? "A boy I've dated has me guessing," writes a high school girl, "I met him through a friend's a few months ago and we've had several dates. We went to the movies and once we just went for a walk, so our dates haven't always been expensive. Lack of money can't be the reason for his behavior.

"What puzzles me is this. We have lots of fun together. He seems to enjoy himself as much as I do and seems to like me. But when he says 'goodnight' he never mentions another date, as most boys do when they've enjoyed themselves and want to see the girl again. He just says it was fun. Then I don't hear

Engagement Announced by Parents

Mr. and Mrs. D. B. Hutchens, 721 North Hobart, announce the engagement and approaching marriage of their daughter, Joy, to Eugene Turner, son of Mr. and Mrs. A. B. Turner, Cabot Kingsmill Camp.

The wedding has been planned for Sunday morning, August 24, in the home of the bride-elect's parents.

Miss Joy Hutchens

Mr. and Mrs. D. B. Hutchens, 721 North Hobart, announce the engagement and approaching marriage of their daughter, Joy, to Eugene Turner, son of Mr. and Mrs. A. B. Turner, Cabot Kingsmill Camp.

The wedding has been planned for Sunday morning, August 24, in the home of the bride-elect's parents.

Singing Meeting Continues Today Hopkins HD Club Meets Tuesday For Sanitation Program

The Fifth Sunday, Four-County Singing Convention which got underway here at 8 o'clock last night in Ward's New Cabinet Shop, 324 S. Starkweather, will continue through this afternoon. Vice President Bristo of Borger will be in charge.

The general public is invited by those in charge to come out and enjoy a day of good singing and fellowship. A special invitation has been issued to all barber shop quartets. Visitors from Oklahoma, New Mexico and Arkansas are expected in addition to those from surrounding counties.

The meeting was called to order by the president, Mrs. R. A. Irwin, members answered roll call by giving helpful hints to parents.

The reporter read a report pertaining to the past six months work done by the club and Mrs. T. D. Phillips, special committee chairman, reported on the sale of cold drinks at the park.

Mrs. P. H. Rice, who spoke on "The Texas Dish Sterilization Law," said, "No person, firm or association conducting an eating or drinking establishment shall serve food or drinks from dishes or utensils unless they have been properly washed in warm water containing soap or alkali cleanser." She also spoke briefly on community sanitation.

In her report on children's diseases, Mrs. Phillips noted that a city can be crippled by a dengue fever epidemic. She told of the epidemic that occurred in Texas in 1922 in which over a million cases reported. This fever is carried by a mosquito or else is imported by human beings, she said.

Mrs. Phillips also spoke on other diseases common to children which included small pox, chicken pox, colds, sore throat, diphtheria, measles, mumps and whooping cough. She urged that when suspicious symptoms occur the family doctor should be called immediately.

Mrs. Vern Savage spoke on "The Septic Tank and Small Water Supplies." She stated that loss of life in the rural areas due to typhoid, dysentery and diarrhea could be decreased by proper sewage disposal. The three best methods for this disposal that are accepted by the Texas State Health Department, are the city sewerage system, the septic tank and the sanitary tank methods, she said.

Mrs. W. E. Melton concluded the program when she stated that mosquito control is a problem for every Texas citizen and urged Texas folk to engage in a mosquito control program.

Next meeting will be July 8 with Mrs. C. H. Bricker.

Those attending were Mr. and Mrs. Eugene Turner, Mrs. Marie Conner, Mrs. D. L. Vinyard was a guest.

Mrs. Jewell Daberry Is Presented Gifts

SHAMROCK—(Special)—Mrs. Jewell Daberry was hostess to the Bethel Friendly Neighbor Club at her home Thursday afternoon.

The hostess was presented with a shower of gifts made from cotton material.

For entertainment the group quilted and worked on a candlewick bedspread. Refreshments were served during the social hour.

The next meeting will be held July 3, in the home of Mrs. Marie Conner.

Mrs. D. L. Vinyard was a guest.

Worthwhile Home Demonstration Club a Very Active Organization

By MRS. ALLEN VANDOVER
(Reporter for Worthwhile Home Demonstration Club)

As reporter for the Worthwhile Home Demonstration Club I am excited to write a feature story about some outstanding person or project sometime during the year. I just can't seem to narrow down to any one member or project, as we have several outstanding members, and have had at least two outstanding projects already this year. I think after thoughtful consideration I have decided to mention several of these.

First take the club itself. It is the oldest organized home demonstration club in Gray County, being organized in 1921 and first called the Kingsmill Club. After most of the members moved from Kingsmill or the surrounding territory into Pampa, the name was changed to the Worthwhile Club.

One of the club members described Mrs. Smith to me as being the "backbone" of the club. When any of the members need help or advice they can depend on "Maggie," as she is affectionately known, for she always cheerfully gives her best.

Miss Helen Nickell Honoree at Shower

PANHANDLE (Special) Honoring Miss Helen Nickell, bride-elect of Walter Dittberner, Miss Elizabeth Schuler and Miss Ann Lanning entertained with a miscellaneous shower in the home of the former, recently.

The entertaining rooms were decorated with garden flowers in the bride-elect's chosen colors of orchid and white.

Refreshments were served from a lace-covered table centered with

Shamrock Women Are Gavel Club Hostesses

SHAMROCK (Special) Mrs. J. R. Benson, Mrs. Wade Atkinson and Mrs. Euell Bradley were co-hostesses to members of the Gavel Club Thursday evening.

The meeting was held in the Benson home which was decorated for the occasion with colorful garden flowers.

During the business session, Mrs. Euell Bradley was elected as president to succeed Mrs. Jack Montgomery; Mrs. J. B. Clark, secretary, to take the place of Mrs. Milt Williams, and Mrs. Wade Atkinson replaces Mrs. Jack Kersh as reporter.

Games of "42" provided entertainment during the evening with high score prize being awarded to Mrs. Milt Williams.

Refreshments were served at the close of the games to one guest, Mrs. A. Monroe of Elk City, Okla., and Mrs. Jack Montgomery, C. L. Reavis, E. E. DePew, O. T. Nicholson, M. E. Risk, and Milt Williams.

RAIN SOAKED HATS
When a man's hat has been rain-soaked, don't wipe it off or brush it until it has dried. Instead, press out creases in crown, turn down band and set hat away from heat until dry. Then reshape crown and brush gently.

Paul Revere, Revolutionary War hero in the United States, was a silversmith whose specialty was fine silver beer tankards.

Low Calorie Foods for Hot Weather

Jane ("Cheyenne") Harker gets a double dose of vitamins by sunbathing while she lunches.

BY ALICIA HART
NEA Staff Writer
Do slimming menus bore you? Yet you'd like to shave off some pounds now that the beach parade is under way.

For example, settle for one-half part of butter instead of a whole part. Drink only one cup of creamed-and-sugared coffee. Be satisfied with one slice of bread at a meal instead of two; with a smaller helping of pie.

A few judicious switches, of course, from high-calorie to low-calorie desserts will enable you to wriggle into a smaller-size bathing suit more quickly.

For example, let's compare the calorie count of two popular summer desserts. A half cup of lemon or orange ice contains 110 calories. An average helping of strawberry shortcake, topped with whipped cream, contains 500.

You can also make a steady cut in calories without feeling any pain by switching from starchy to leafy vegetables. There are also high-and-low-calorie fruits which a woman who wants to slim down the easy way should learn to distinguish.

Mrs. A. B. Haynes to Direct Bible School

Mrs. A. B. Haynes, Canyon, will be the director of the Daily Vacation Bible School which will be held in the Presbyterian Church for one week, beginning Monday, June 30. Classes for boys and girls from four to twelve years old will be held each morning from 9 to 11:30. Bible stories, creative work, music, and handicraft will be taught.

Girl Scout Activities

Girl Scout Troop 20 made preparations for and carried out an effective "work evening" and picnic at the Girl Scout Camp Sullivan recently.

The group did many jobs such as mowing the grass, pulling weeds, sawing wood, and cleaning yard before the picnic supper served to the following: Mr. and Mrs. R. H. Nestel, Donna and Phyllis; Mr. and Mrs. E. N. Davis and Bert; Mr. and Mrs. Quentin Williams and Adelaide; Mr. and Mrs. Canon Nance, Judy and Raymond; Miss Marie Stedje, executive director of Pampa Girl Scouts; Ann McNamara and Juanell Shelton.

The Girl Scout Association is grateful to H. A. Yoder for having the exterior of the Girl Scout House, 720 E. Kinmill, painted. This is indeed a great improvement and appreciated by all.

Mrs. Quentin Williams and Mrs. R. H. Nestel recently assisted the girls of Troop 20 in completing their Star Finder Badge. The group has learned many interesting facts about the universe. They have learned to recognize 20 of the summer constellations and the planets now visible as well as the signs of the zodiac and have observed the phases of the moon and studied the movement of earth and its effect upon days and seasons. The group who completed the study enjoyed a Star Party Friday night when they completed activities for the Star Finder Badge.

Another group has learned songs and dances for a Minstrel Badge under the direction of Miss Stedje. This group will have a campfire and party July 7 to complete the Minstrel Badge activities. Girls taking part in this activity are Judith Nance, Gay Stone, Dorothy Gilliland, Adelaide Skelly, Delores Blymiller, Betty Simonton, Mary Ann Dillman, Paul Browning, Marilyn Fitzgerald, Sue Ann Toepfer, Lily Young, Rochelle Smith, Shirley Cook, Joan Lunsford, Mary McCool, and Adelaide Williams.

Worthwhile

(Continued from Page 9)
held the office of president and secretary and has been on various committees. It would seem these occupations would more than keep her busy, but "Flossie" is never too busy to help out where and when she is needed.

Following the Higgins tornado Mrs. Anderson gave a great deal of assistance to an unfortunate family which had lost its mother and one of four children. She spent many hours at the hospital with three of the children. Afterward she was responsible for the club "adopting" this family.

The "adoption" of this family is, in my opinion, the club's most worthwhile project of the year. First the members donated \$15 to this family. Later they contributed various household articles such as dishes and bath towels, wash cloths, dishes, odds and ends of furniture, and yard goods to help the family make a new start. The club members will continue to help them throughout the year as their needs demand.

Mrs. A. French has only been a member of the club for two years, but already she has shown herself to be a good leader. When she was elected president for 1947 the club was badly in need of funds, but it didn't take her long to do something about it.

In March Mrs. French, with the assistance of Mrs. Smith and Mrs. Anderson and the other members, a St. Patrick's Day dinner was given in the Palm Room and tickets sold to the public at \$1 each. All the food was donated by the members except the chicken which was paid for out of the proceeds.

The club realized a \$91 profit from the dinner and was asked to serve another club at a later date, clearing \$51.

Mrs. French was elected a delegate to the district meeting held in Hereford during May, and another

Mothers Class Joint Hostesses for Party

The party Wednesday honoring Mrs. T. S. Ragdale, 833 W. Foster, on her 81st birthday was given by the Mothers Class and the Susannah Wesley Class of the First Methodist Church and other friends.

The Mothers Class was omitted through error in Friday's paper.

member, Mrs. O. A. Wagner, was elected a representative to the Council of Clubs. Mrs. Wagner served the club very capably as president during 1946.

The most outstanding article made so far this year, in my estimation, is the shoe box hassock. It was made with half a barrel, a yard or two of material, depending on width and size of the barrel, a few sacks, a little work and a lot of fun.

I wish time and space would permit mentioning each member as all are outstanding in some way, and there is no end to the interesting and worthwhile things we do.

HORSE SHOW DIRECTORS—Three top hands are shown above mapping plans for this year's horse shows and cutting horse contests, to be held in connection with the Top of Texas Rodeo, August 5-9. Left to right, they are: Dr. E. M. Brown, Supt. of the Palomino Show; W. D. Fries, Supt. of the Cutting Horse contest; Quentin Williams, general Supt. of both the American and National Quarter Horse Shows.

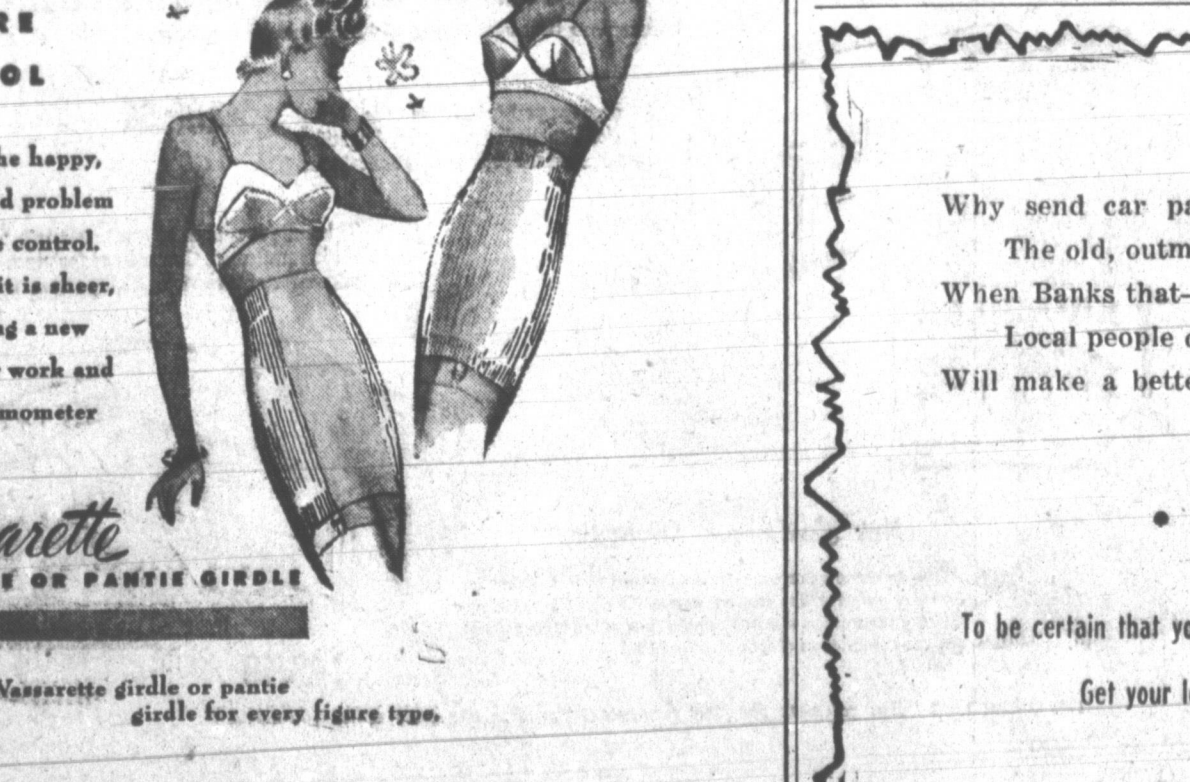

reading the single ring ceremony. Preceding the exchange of vows, Mrs. W. Lane sang, "I Love You Truly." The traditional wedding marches were used. Miss Betty Edwards was maid of honor and wore a sheer print with white accessories. Rev. Walter Lane, Wellington, served the bridegroom as best man. The bride was attired in a tailored suit of white gabardine, accented with black accessories. She carried a white Bible showered with red and white carnations. Mrs. Franks chose for her daughter's wedding a dress of white and brown sheer, and the mother of the bridegroom wore a rose mesh crepe. Mrs. Williams attended Shamrock High School and the bridegroom attended Huntington High School, Huntington Park, Calif. Immediately following the wedding the couple left for a short wedding trip to Amarillo. They will make their home in Shamrock, 307 South Austin Street. Mr. Williams is associated with Hub Cleaners. About 50 relatives and friends attended the wedding.

Mrs. Smith Hostess to White Deer HD Club
WHITE DEER—Mrs. J. E. Smith was hostess Friday afternoon to members of the White Deer Home Demonstration Club and guests. Plans were made for a social on the next regular meeting date, July 11, at which time work will be done on the friendship quilts. The hostess will be announced later. A program for the remainder of the summer was discussed and will be reported to the County Council. Iced tea and home-made cookies were served to Mesdames J. R. Brooks, Jessie M. Pearson, and little grandson, David Pearson of Skellytown, Mrs. B. F. Parker and baby daughter, and Mrs. Perry G. Franklin and daughters, Janice and Jean, of Pampa, guests; and the following members: Mesdames P. W. Birdsell, W. G. Eller, Jack Williams, Eugenia Bertrane, P. J. Boyd, H. G. Hynds, and O. C. Williams. The temperature on Neptune is estimated to be about 400 degrees below zero.

Warm Bath Is Best For Cooling Comfort
Be brave enough to take a hot bath during hot weather. Well, make it a warm one. If you must cheer you on is Hazel ("Body and Soul") Brooks. She says such courage pays off in more after-bath comfort and more lasting freshness. So that her hot bath yields the illusion of sea-foam coolness, Hazel uses a trick. She sprinkles in bath oil that explodes into mountains of bubbles. To make her bath more stimulating, this movie star uses a bath brush. A brush does a better job of flushing out pores and sloughing off dead skin, she says. If you'll sprinkle bristles with a granular soap or water-softening grains.

Presbyterian Women Hear Program on Home
SHAMROCK (Special) — The Presbyterian Auxiliary met Monday afternoon in the home of Mrs. Wilbur Jordan. Mrs. Bill Doty presided and opened the meeting with prayer repeated in unison. A short business session was held, after which Mrs. T. H. Sonnenburg gave the devotional from Scripture verses that applied to the home. The lesson was given by Mrs. Rufus Dodgen. Her subject was "Antiques of the Modern Home," which dealt with harmony, love, Christianity and patience.

T. D. West Honored On 66th Birthday

SHAMROCK (Special) Mr. and Mrs. T. D. West entertained at a family reunion Sunday, the occasion being the 66th birthday of Mr. West. Those present were Rev. and Mrs. A. A. Daly and children, Joe Ralph and Margaret; Mr. and Mrs. Bill Winford and daughters, Nora Faye and Nancy; Mr. and Mrs. Frank McCrary and daughter, Evon; Mr. and Mrs. Hubert West and daughters, Janice Dean and Maxine, and Miss Maxine Evans, all of Amarillo. Mr. and Mrs. J. O. West and children, Bud, Janie, Mary Frances and Farris, of Chillicothe; and Mr. and Mrs. Carl Wagner and children, Charles and Delores.

Speaker Sees Similarity of Club, Church

The civic club, like religion, should give people chance to laugh and be happy, the Rev. Clyde Smith, pastor of the First Methodist Church, told members of the Kiwanis Club here Friday. Kiwanian Smith, speaking to the group in connection with the international club's convention week (at Chicago), said Kiwanis is more interested in spiritual than material things, as it and all other clubs should be. He was introduced by Kiwanian Frank Wilson. During the program Joe Wells conducted a number game, in which members were asked to identify fellow members and tell their trade or business. In the absence of A. C. Troop, president of the club who is attending the Chicago convention, along with P. B. Wright, Leih Langston, vice president, presided. It was announced that there will be no regular luncheon next Friday, since Independence Day is that date. The board of directors will hold a noon meeting at the White Way, it was said.

Sweet Cherry Season Is Here

By GAYNOR MADDOX
NEA Staff Writer
The season for sweet cherries is short, so make the most of it. Include cherry pie and cherry jam in your "season of good eating."
Sweet Cherry Pie
Two cups pitted whole sweet Bing or Lambert cherries, 1/3 cup cherry juice of water, 1/8 teaspoon almond extract, 1/3 cup white sugar, 1/3 cup brown sugar, 4 tablespoons flour, standard pastry, based on 2 cups flour, 1 tablespoon butter or fortified margarine.
Combine cherries, juice flavoring, sugar and flour. Let stand while making pastry. Line 9-inch pie plate with pastry. Fill with cherry mixture. Dot with butter. Top with lattice strips of pastry. Bake at 425 degrees F. from 35 to 40 minutes.
Spiced Sweet Bing or Lambert Cherry Jam
(Makes about seven 8-ounce glasses of jam)
Two and one-half pounds cherries (about 7 1/2 cups), 1 tablespoon lemon juice, 4 cups sugar, 1 box powdered fruit pectin, 1/2 teaspoon cinnamon, 1/4 teaspoon cloves, 1/4 teaspoon allspice.
Wash and pit fully ripe cherries; crush thoroughly or grind. There should be about 3 1/2 cups of the prepared fruit. Add lemon juice and spices. Measure sugar into a dry bowl and set aside until needed. Measure the prepared fruit into a 6 to 8-quart kettle, filling the last cup or fraction with water if necessary. Place over high heat. Add fruit pectin, mix well, and continue stirring until mixture comes to a full boil. Four in the sugar, stirring constantly. Continue stirring and bring to full rolling boil. Boil hard for 1 minute. Remove from heat, skim, pour quickly into sterilized glasses. Pour paraffin over jam while hot.
Kent Peterson, Cincinnati south-paw, rang up eight no-hitters while hurling for an Army team in the Philippines but his greatest thrill was striking out Ted Williams on three pitches this spring.

Cities Service Reports Six New Tests Completed

Four gas wells with a total open flow of 82,100,000 cubic feet of gas daily, two oil wells with a daily potential of 3,890 barrels were completed by Cities Service Oil Company recently.

Cities Service Oil Co. announced yesterday that the Owen B. No. 1, Crockett County, Tex., wildcat strike, had been completed for an initial potential of 577 barrels of oil daily through a one-half inch tubing choke. The test was drilled to a total depth of 3,238 feet in the Ellenburger, but was plugged back and perforated in the Wolfcamp lime from 5,670 to 5,675 feet. Pay was logged from approximately 5,520 to 5,590 feet. The well is located in the center SW NW Section 6, Block GG, II & OB Survey and is a partnership with Cities Service, Plymouth Oil and Humble Oil and Refining.

Kansas accounted for three of the gas wells and one oil well. The gas wells were the Hedge No. 1 and Reese C. No. 1 in Kearney County, with daily open flows of 15,100,000 cubic feet and 8,700,000 cubic feet of gas respectively, and the Gardner City B. No. 1 in Finney County, with a daily open flow of 5,220,000 cubic feet of gas. The oil well completed in Kansas was the Higgins No. 1 in the prolific Paradise Creek Pool, Rooks County, for a daily potential of 3,000 barrels of oil.

In Texas a 66,000,000 cubic foot factor was brought in at Wohlford D. No. 1 in Sherman County.

In Oklahoma the Meyers B. No. 4 in Cotton County, was completed for a potential of 30 barrels of oil daily.

Continued drilling activity by Cities Service Oil Company was indicated by the announcement this week of intentions to drill wells in five more new locations. Four of these locations are in Kansas, one each in Finney, Phillips, Seward and Stafford Counties. The fifth location is in Crockett County, Texas.

Cities Service Drilling Report TEXAS

Crockett County—Hoover No. 4, C NE SW SE Sec. 14, Blk. CG, 8 5/8" at 979'. WOC, Hobbs No. 1, C SE NE Sec. 7, Blk. CG, H&OB, drilling at 5670'. Owens B-1 (wildcat, partnership) C SW NW Sec. 6, Blk. GG, H&OB, completed for 24 hour official potential of 577 bbls. oil.

COLORADO
Moffatt County—Government No. 1 (wildcat) C SE SE NW Sec. 27-12n-96w, to set pipe at 365'.

Inquiry Requested On Oil Situation

WASHINGTON—(AP)—Senator Brewster (R-Me) today called for a "full inquiry" into why the Navy must import millions of barrels of oil from Arabia while Russian tankers are carrying U. S. petroleum away from West Coast ports.

Meanwhile Chairman Weichel (R-Ohio) of the House Merchant Marine Committee introduced a bill which would make curbs on oil exports mandatory in time of shortage. Under existing legislation, the controls are at the President's discretion.

Brewster said he would follow up with a resolution to authorize an investigation of the whole oil shortage question by the Senate Commerce Committee.

John L. Sullivan, Undersecretary of the Navy, wrote the Senate War Investigating Committee that the Navy has had to arrange to import 500,000 barrels of fuel oil a month for the next six months from the Persian Gulf area.

Man Killed, Another Hurt in Rig Accident

MERKEL—(AP)—One man was killed and one was seriously injured last night when a steel rotary rig pulled in on an oil well two and a half miles west of here.

Jeff Davis, about 35, Stamford oil tool pusher, was killed instantly when a crown block fell on him. T. W. Havens, 26, of Abilene, a member of the rig crew, was gravely injured in the accident. He is in a local hospital.

The accident occurred as the crew was attempting to pull a bit on which a fishing job had been in progress for two days at the S. B. Roberts No. 1 Doscher well.

News of Interest To Oil Men

Pampa News, Sunday, June 29, 1947 Page 13

Eleven Notices of Intent to Drill Filed During Past Week

Eleven notices of intent to drill were filed at the local oil and gas division office of the State Railroad Commission during the past week. A gas well was announced completed in Wheeler County, the Champlin Refining Company gave notice of its intentions to deepen the No. 10 Cook-Faulkner and the No. 1 Ingerton located in Hutchinson County, was plugged.

Of the eleven notices of intent to drill, four were for tests in Hutchinson County, three in Sherman County and one in each: Gray, Hale, Moore, and Wheeler Counties.

The following notices of intention to drill have been filed:

Gray County—D. E. Tripplehorn, L. H. Webb No. 13, H & GN Survey, 1650' from E and 330' from S lines of S 1/2 of Sec. 12, Blk. A-9, 3 miles NE of Deworth.

Hale County—Stanford Oil & Gas Co., C. A. Rice No. 1, EL & RR Survey, 660' from N and 660' from east lines of Sec. 19, Blk. DT, 8 miles NE of Adams.

Hutchinson County—J. E. Crosbie, Inc. Pitts No. 59, TC RR Survey, 1700' from E and 1650' from S lines of Sec. 7, Blk. M-21, 9 miles NE of Borger. J. E. Crosbie, Inc. Pitts No. 60, TC RR Survey, 2350' from south and 1700' from E lines of Sec. 7, Blk. M-21, 9 miles NE of Borger.

Hutchinson County—M. M. Travis, Whittensburg No. 1, H & TC RR Survey, 410' from N and 330' from E lines of SE 1/4 Sec. 18, Blk. 47, 4 miles NE of Borger. Earl E. Wherry, Harvey Sisters No. 4, HE & WT Survey, 990' from S and 330' from E lines of W 1/2 of SW 1/4 Sec. 74, Blk. Z, 12 miles E of Borger.

Moore County—Phillips Petroleum Company, Lanz No. 1, H & TC Survey, 2449' from N and 2403' from W lines of Sec. 33, Blk. 44, 12 miles SW of Dumas.

Sherman County—Hagy, Harrington & Marsh, Alma K. Groves No. 1, T & NI Survey, 2310' from S and W lines of Sec. 337, Blk. 1-T, 9 miles SE of Stratford. Hagy, Harrington & Marsh, Pronger Bros. No. 2, T & NO Survey, 660' from N and E lines of S 1/2 of Sec. 367, Blk. 1-T, 9 miles SE of Stratford.

Wheeler County—The Texas Company, R. F. Douglas No. 1, H & GN RR CO. Survey, 330' from N and 990' from W lines of Sec. 36, Blk. 13, 9 miles E of Shamrock.

NEW GAS WELLS
Wheeler County—Texwell Oil Corp., C. A. Morgan No. 1, Sec. 68, Blk. 17, H & GN Survey, Potential 922 MCF. Rock pressure 143.

The following notices of intention to deepen have been filed:

Gray County—Champlin Refining Company, Cook-Faulkner No. 10, H & GN Survey, Sec. 20, Blk. B-2, 3 miles NW of Letors.

The following well has been plugged:

Hutchinson County—J. M. Huber Corporation, Ingerton No. 1, J. W. White, Survey, 12 miles SW of Stinnett. Well was plugged June 13, 1947.

Geography Company Gets New Manager

H. Travis Brown has resigned as division geologist for Cities Service Oil Company, Bartlesville, Oklahoma, effective July 1, 1947 to become general manager of the Geograph Company, Inc., of Oklahoma City.

Brown entered the oil industry in 1930 when he joined the Indian Territory Illuminating Oil Company geological department at Oklahoma City and in 1941 went to the Cities Service Oil Company. During the past 17 1/2 years he has held various positions in the geological and engineering departments of the two companies. Early assignments were in the Oklahoma City field and other Oklahoma areas. In 1945 he went to Bartlesville as division geologist in charge of the companies development in the Mid-Continent area.

Brown will make his home in Oklahoma City, with headquarters for the Geograph mechanical well logging service.

HEARING POSTPONED
(AP Special Washington Service)
WASHINGTON—(AP)—A hearing on rates of the Tennessee Gas and Transmission Company, Houston, Tex., scheduled to start here next Monday, has been postponed until further order by the Federal Power Commission.

The U. S. produces annually some 60 billion pounds of skim milk, of which about 50 billion is fed to animals and poultry.

Snowden Concern Purchases Wells In 4 Texas Fields

DALLAS—(AP)—Purchase contracts covering the transfer of 32 producing oil and gas wells in four South Texas fields with total consideration involved about \$2,000,000 were signed Friday.

Homer W. Snowden, Dallas independent operator, and associates were the agreed purchaser. The seller was H. H. Howell, South Texas oilman with headquarters at Alice, Jim Wells County.

With consummation of the purchase, Snowden and associates will acquire all the producing properties owned by Howell, who is retiring from the producing end of the oil business and moving his residence to San Diego, Calif. Howell, however, will remain in the well contracting business.

Of the 32 wells, 29 are oil producers with a total daily production around 2,300 barrels. Twenty-three of the wells are in the Piedras Pintas field of Duval County; three are in the Alice field in Jim Wells; and three are in the Willman field in San Patricio County.

Total acreage involved in the three areas is approximately 2,500 acres. The purchase agreement calls for 12 wells to be drilled immediately, nine at Piedras Pintas and three at Willman.

The three gas wells are on the Panangana Dome in Duval County. Howell has been given contract to

Railroad Commission Gives Notice of Five Hearings in July-Aug.

AUSTIN—(AP)—The railroad commission today gave notice of the following hearings:

July 17—Application of the Texas Company to use for salt water injection purposes its H. D. Shine Well No. 1 Ringgold field, Clay County.

July 22—Application of Fulwiler and Hughes for a new field designation; field rules and the establishment of the maximum efficient rate for the reservoir from which its Templeton Well No. 1 is producing in the Coleman County regular field, Coleman County.

Aug. 8—Application of the Renwar Oil Corporation for a dual completion permit; discovery allowable and new field designation for their W. H. Kaiser Well No. 1, Nueces County.

Aug. 8—Application of H. R. Smith and W. C. McBride, Inc., for a discovery allowable and new field designation for their W. H. Kaiser Well No. 1, Nueces County.

Aug. 8—Application of the Humble Oil and Refining Company for a discovery allowable and new field designation for its E. C. Hankamer Well No. 2, South Call field, Newton County.

drill two additional wells on the Dome. Included with the gas wells were about 1,200 acres of leases.

New Appliance Store Opens in Shamrock

SHAMROCK—(Special)—A new appliance store opened in Shamrock Saturday bringing a home-owned and operated Western Auto Associate Store with Paul B. Scoggins as owner.

The new store is located at 206

North Main Street and Scoggins is a disabled veteran who was born at Clarendon and has lived in Wellington and Claude the greater part of his life. He served as a pilot of the U. S. Air Corps four years, and recently as assistant manager of the Southwestern Investment Company of Borger.

Scoggins is married and has two

children, Sharon Ann, six years old, and Patricia Lynn, one-year-old. Manager of the store will be Harry L. Thompson, formerly of the Western Auto Associate Store of Borger.

There are about 200,000 physicians in the United States; about three-quarters of whom are in active practice.

Date Set to Consider

WT Allowable Increase

AUSTIN—(AP)—The Railroad Commission said today it will set a special hearing at the capitol hearing room July 9 to consider the telegraphic request of the Texas Humble and Standard of Indiana Oil Companies for increased oil allowances for West Texas. The commission said the hearing would also be held at that time for all wells under which new maximum efficiency rates allowed increased productions. No hearings will be held where lower rates are found.

Precautions As to Swimming Are Given Texas Vacationists

AUSTIN—Some timely advice to vacationists concerning the proper precautions to be used in water sports now that swimming pools are open, was released from the State Health Department today by Dr. Geo. W. Cox, state health officer.

Vacation days are apt to include excursions and picnics at nearby lakes, rivers, and ponds of unfamiliar depths and currents, and sometimes without the usual lifeguard supervision associated with bathing beaches and commercial swimming pools.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The State Health Officer outlined the following simple rules for bathing and swimming in safety: when swimming, be alert and careful of unknown depths and currents; at least one hour should elapse after a meal before entering the water; upon the first indication of fatigue, come ashore and call it a day; if you become chilled, leave the water immediately; do not enter the water when overheated; learn to float, this is most important; never attempt to rock a boat in a spirit of fun; never swim in water that may be polluted. Swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring disease.

"Excursions, picnics, and swimming parties contribute much to a healthy, happy, normal life, which is always desirable," Dr. Cox said.

THERE IS NO MAGIC FORMULA

There is nothing mysterious about the treatment of disease. It is a sound practical procedure. The physician deliberates each individual case, prescribes the remedy indicated. Despite the wild propaganda of the patent medicine vendors, there is no magic formula. In many instances indiscriminate self-medication results in serious harm. Even a minor illness should not be neglected. When you feel "out of sorts" consult a competent physician. Receive the benefits of his years of study. Be sure that he is a licensed M.D. Then bring his prescriptions to us to be filled. If yours is an illness that yields to treatment, prompt recovery will be your reward.
