Local Delegation To Attend Meet On Highway 60

A delegation of some 25 people from Pampa is expected to leave by special bus Sunday to attend the meeting of the Highway 60 Association in Enid, Okla., June 2 and 3, at the Youngblood Hotel, Travis Lively, chairman of the Highway Committee announced today.

Harry O. Glasser, Enid, president of the Association, has prepared an extensive 54-page report on the conditions of Highway 60 which extends east-west through 10 states from Riverside, Calif., to New Port News, Va.

Glasser recently received a letter from a Chicago resident praising the highway and the courtesies shown him by the Association.

"I wish I could tell you how much my wife and I enjoyed our recent trip from here (Chicago) to Phoenix—most of the way by scenic Highway 60, which is one of the finest, most interesting roads we have traveled," the letter stated.

"I thought we had seen some great scenery in Rocky Mountain National Park, the Red Lodge highway, Yellowstone, Tigua Pass across Yosemite and a lot of other spots but the scenery from Showlow to Globe and part way into Phoenix, through parts of New Mexico and Arizona is without equal," the letter concluded.

The author of the letter, K. C. Richmond, editor of Coal-Heat, The Stoker Magazine, also wrote a letter to the Chicago Motor Club protesting "against ignoring one of our finest highways."

Battleship Texas

War Memorial Planned

AUSTIN—The Veterans of Foreign Wars has announced a new policy in connection with their drive to bring the Battleship Texas to Houston as a permanent war memorial.

An honor roll will be placed on board the Texas at her permanent moorings. This roll will contain the names of Texans who have contributed one dollar each to the drive.

Contributors write their name and address on a slip of paper, mail it with one dollar to: Battleship Texas, Austin, Texas, it was said. The Veterans of Foreign Wars are attempting to raise one hundred thousand dollars using this honor roll, the announcement said.

Writer Sees Serious Reflection in Hoover Stand Against Soviet

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Former President Herbert Hoover opens up a wide avenue for serious reflection when he charges that Moscow is delaying rehabilitation of the former Axis nations, and adds that "the reasons for continuous obstruction by Russia to every effort which would restore production have at least some expression in the Russian press as a method by which the United States can be bled white by relief measures."

Mr. Hoover made this accusation in a letter to the Appropriations Committee of the House of Representatives. He suggested methods of restoring the German and Japanese economies to ease the American tax payer's burden and a monished: "We should wait no longer. Russia will not make war about it."

Well, why should Russia want to bleed the United States white—if that is indeed the desire of the Muscovites? Mr. Hoover doesn't dilate on the subject, perhaps for the reason that the answer is fairly obvious. If that is what the Soviets have in mind, the purposes clearly must be one or both of these:

1. To reduce America from her position as the world's greatest power to one of such economic weakness that she no longer would be dominant in global affairs. In this connection we must note Moscow's repeated allegations that the United States has imperialistic designs and is trying to encircle the Soviet Union.
2. To create a condition of economic chaos in the United States calculated to permit Communism to take over the government and establish a Soviet.

Hoover called for rehabilitation of the enemy countries and, in order to achieve this, urged that the United States make an immediate peace with Japan, and that the present plan of a temporary centralized German government in the American and British zones of Germany be carried out immediately, subject to our military direction. In a subsequent press conference the former president said he wouldn't regard a separate peace with Germany and Japan as a violation of any international agreement.

Many observers will agree that much could be achieved in the way of rehabilitation if, say, America and Britain should make an early

peace with Germany and Japan. However, it's clear that nothing like complete recovery could be accomplished without the cooperation of Russia. The question of France's attitude also arises, and in this connection Mr. Hoover expresses the belief that if Moscow and Paris would cooperate, world economic recovery could come in two or three years.

Gracie Reports

As if the world weren't confused enough now, along comes a well-known East Indian writer and says the Irish race is really descended from the Hindus. Come to think of it there may be something in it at that. Both races certainly enjoy beleviling the English and I have a couple of favorite old Irish uncles who saw a lot of Bengal tigers and East Indian jungle pythons every time they'd had a few too many.

Be that as it may, the two nationalities may derive from the same source but it would certainly be difficult to get them together today. Can you imagine people having names like Mahatma O'Brien and Sahib McGuinness! Some of the old Irish tunes might look a little strange too, with titles like "When Tibetan Eyes Are Smilin'," "The Wearing of the Sheets" and "My Mother Came From Rajput."

WE, THE WOMEN

Contend Man is The Weaker Sex

By RUTH MILLETT

NEA Staff Writer

Look out, you big, husky American he-man, or the "experts" are going to make sissies out of you. Just have a look at what they're saying about you.

Dr. James F. Bender of the National Institute of Human Relations: "Many husbands-to-be, just can't stand the gaff any longer. The good Lord doesn't make them as durable as women. Poor husbands just can't stand the strain of keeping up with the Joneses."

Dr. Robert S. Berghoff, heart specialist: "Too much card-playing, especially for cash stakes, is a major contributing factor to coronary attacks. You come home from a poker game elated and excited because you have won. In reality you have lost, for when you go to bed you are restless, your sleep is broken. Next day you are exhausted. Excitement of that poker game threw a heavy load on your heart."

Dr. George Lawton, psychologist and author of "Aging successfully," has this to say: "The woman who glares at a man who doesn't give her a seat in the subway is all wet. As a matter of fact, she should give her seat to him. Women should give up but, train, and subway seats to men and otherwise do everything they can to help a man live longer."

A little more of that kind of propaganda and we'll be referring to the male of the species as the "weaker sex."

HONORED ON BIRTHDAY—McLEAN, (Special)—Vernon Luther Kennedy of Beech Street, Alilene, was honored recently on his thirtieth birthday by his mother, Mrs. Zora Kennedy. He is the only grandson of Mr. and Mrs. Luther Petty. Eighteen were present.

Overskirt Returns

Black crepe combined with black and white print for an overskirted one-piece dress.

The woman who is fashion-and budget conscious will like such dresses as the one pictured above for more than one reason. First of all, it is typical of modestly-priced New York dresses showing a leading trend of the season—in this case, the newly-returned and feminine overskirt. Again, the dress combines the practicality of the basic black crepe and the prettiness of print, making it an all-purpose costume. As for coolness, the neckline speaks for itself, the sleeves are brief, and the overskirt eliminates the need for anything more than a chemise beneath.

A "hot check" for \$30 east W. E. Phillips of Handley, 30 days in jail after he was unable to pay a \$30 fine and cost this morning before Judge Sherman White.

Phillips pleaded guilty to the charge of swindling with a worthless check made after he passed the check on a local garage last week for work done on automobile owned by a Handley auto agency. The unidentified agency told County

Attorney Bruce Parker by telephone, to place the car in storage until they came to claim it. As yet they have made no appearance here to claim the car.

Mother Truman Is 'Much Improved'

GRANDVIEW, Mo.—(AP)—President Truman is planning an early return to Washington in view of the amazing improvement of his mother in the past few days.

Presidential Press Secretary Charles G. Ross said Mrs. Martha E. Truman's improvement has reached such a point that if there is no setback today, "the President may safely consider an early return, to the White House."

Ross made his observation at a news conference at 9:45 a. m., a few hours after the President said his mother had "the best night" last night since he flew here May 17.

Brig. Gen. Wallace H. Graham, the President's physician, said that the 94-year-old patient's temperature "is now normal," that her respiration "excellent" and her pulse "is good."

The amazing progress of the elderly woman from a severe setback last Saturday night is regarded by White House aides "as almost miraculous."

Virtually every one around temporary White House Headquarters had abandoned hope for her when her condition reached a low point Saturday night.

Mrs. Truman fractured her hip in a fall at her home here in mid-February. She was doing nicely until a relapse sent the President flying out from Washington.

If the President goes home in the next day or two, he plans to fly back out here next week for the reunion of the 35th Division with which he served in World War One.

PANHANDLE.—(Special)—Judge Jack Allen announced here this week the rearrangement of the judicial district courts which will take Carson County out of the 84th Judicial District and place it in the 100th Judicial District over which Judge Luther Gribble of Wellington presides and in which District Attorney Leonard King of Memphis serves.

Judge Allen expressed his appreciation of the "very fine spirit of the people of Carson County and their cooperation during the time I have been serving the district as your judge. If over I can serve you and Judge Gribble, the road will never be too long or the night too dark."

Krichell Knew Shea Was Speedy; McGrew Went Wild Over Torgeson Does About Face

By HARRY GRAYSON
NEA Sports Editor
NEW YORK—(NEA)—Nobody bulges with pride like the baseball scout who has lobbed up with a standout performer.

Baseball empires are built with sharp scouting. If a scout finds one good player he is made for life. Scouts are measured by the performances of their finds. It doesn't do for them to recommend too many huts. Their job is to separate the better equipped from the run-of-the-mine at an early age, before they have had an opportunity to reveal their potentialities to less-trained eyes.

Krichell fairly popped at the seams at Yankee Stadium the other night as big Frank Shea pitched through five games with Tulsa, straight victory, shutting out the great Hal Newhouse and the Tigers with four hits. His only loss was his first start, when, at Huntington of the Red Sox, he blanked the erstwhile Bronx Bombers, 1-0.

"I saw a great deal of Shea in the Coast League last summer," remarked Del Webb, one of the New York owners. "I suspected that he might not be fast enough, but Casey Stengel, who had him in Oakland kept telling me he would do."

"I knew he had it all the time," said Krichell, perhaps responsible for more good ballplayers than any other scout in the game. "But what I liked most about him was his courage. He'll never be beaten by choking up."

Krichell started camping on the six-foot one-inch Shea's trail in 1939, while the youngster was still in Naugatuck, Conn. High.

"I could get his coach to pitch Shea enough to obtain a fair line on him," he recalled. "He's a good all-around ballplayer, anything but an All-American out. The coach would bring him in from the outfield when the pitcher got in trouble, and put him back out there when he pitched his team out of it. I had to arrange for him to pitch a game in Bridgeport in order to get a good look at him."

After signing Shea as an 18-year-old in 1940, Krichell was picked up at Westport, Conn., by state policemen who mistook his car for one that sidestepped a truck in a driving tournament.

"The cops had the wrong man, but I had the right one," he smiled.

In his final high school game, Shea, the son of a semi-professional player, struck out 22 batters only to lose 3-2. As a semi-pro he twice pitched no-hitters. Following three years in the Army, much of it spent in Europe, he shut out the Yankees with four hits in a Waterbury exhibition in 1945. He underwent an emergency appendectomy in Panama the morning of the Yankees' first exhibition game there a year ago. That sent him to Oakland.

Shea, a personable Irishman, was ranked no better than sixth among Yankee pitchers this spring. Now he's the top man.

Frank Shea patterned himself after Charley Ruffing, pitcher with the same easy grace, easily could be the replacement for Rufus the Red.

Baseball's foxy foragers get around. A note from Ted McGrew, written on the stationery of a Salisbury, N. C. hotel, enclosed in the envelope of a San Diego inn and mailed in Hamilton, O.

"Well, I just picked up a paper after coming out of the deep south," writes McGrew, "and I see where the bimbo Torgeson we talked about in the Milwaukee airport last summer has turned out to be the real McCoy. Thus far, at least, thirty runs batted in. In a month is a fair assessment, especially when eight of them are homers by a rather inexperienced kid."

"I had a lot of fellows feeling sorry for me when I went overboard on Torgeson. They obviously were looking at his record, could not see his real ability."

"That is why record prices are paid for talent. They wait until everybody who comes to the ball park can tell the ball is a star, and then, of course, Gus Zich and Joe Blow get in the bidding and up goes the price."

"While I have not been with the Braves since Frank McKinney bought the Pirates, I am still rooting for the fast-running kid from Seattle."

Tiger Pitchers Tough On American Batters

By The Associated Press
American League batsmen were moaning "Tiger stay away from my door," today—and with good reason.

The Detroit Tigers' pitching has simply been poison to enemy batsmen this season. Rival managers were hopeful that once they got by the big four consisting of Hal Newhouse, Dizzy Trout, Virgil Trucks and Freddy Hutchinson, they might face a breather in one of the so-called second line hurlers. But the "second stringers" have proven to be tougher to beat than the regulars.

With the big four working as smooth as silk during the first month of the campaign, Manager Steve O'Neill did not even bother to call upon his secondary. But when Trucks took sick and Newhouse showed that he needed more rest, Hal White, Al Benton and Stubby Overmire were beckoned.

The Chicago Cubs took over first place in the National League last night when they inflicted the first defeat of the season on the St. Louis Cardinals, 10-3. The New York Giants were bowing to Brooklyn at the Polo Grounds, 7-3. The Cub victory, together with the Giant defeat, put Chicago a half game up on the New Yorkers to lead the third place Dodgers by four percentage points.

Ralph Branca, a native New Yorker, had one of his good nights, holding the Giants to seven hits and striking out 10, before a crowd of 51,780 fans, largest ever to witness a National League night game.

The big blow of the game was Fee Wee Reese's three-run homer. Johnny Mize hit his 13th home run. After three failures, Johnny Sain finally gained his fourth victory of the season for Boston as the Braves took a 7-3 decision from the Philadelphia Phillies in a night game at Boston.

Clayton Kershaw's first home run of the season with two bases aboard enabled the Boston Red Sox to snap a four game losing streak and stop the Philadelphia Athletics' run of night game victories at seven.

The homer gave the Sox a 4-2 triumph at Philadelphia and virtually tied them with the Yankees for second place.

Washington ended a five-game winning streak, overcoming a 4-0 Yankee lead to defeat the New Yorkers in a night game at Washington, 5-4.

Lanky Ewell Blackwell gave Pittsburgh four hits as Cincinnati romped to a 6-1 victory over the Pirates.

Young Cliff Fannin shut out the Chicago White Sox with three hits as the Chicago Browns split with the Chicagoans. After Bob Gillespie pitched the White Sox to a 5-2 win over Jackie Kramer and the Browns, Fannin came back to shut out the White Sox 2-0.

Greenville Majors Score 10th Straight

By The Associated Press
Greenville's Majors rocked today, still one game behind Big State—League Leader—Texarkana, but with a winning streak now measuring ten straight games.

The Majors dumped Sherman, 12-4, last night to make it ten in a row, collecting ten hits while Phipps chalked up his fifth pitching victory of the season.

In other games, Waco nosed out Austin, 4-3. Texarkana beat Paris, 12-10 and Wichita Falls squeaked by Greenville, 9-8.

A home run by Woody Head sparked a big fifth inning, for Greenville—one in which five runs came home.

Waco picked up three runs in the first inning and Bob Heinz scattered eight hits to protect the slender margin.

An error and a triple by Lawrence gave the Dons their final run in the seventh. Austin's runs came in the first, fifth and ninth innings.

A six run-sixth inning enabled Texarkana to erase a Paris lead and go on to win the slugfest.

Wichita Falls staged a three-run rally in the ninth inning that spelled another win over Gainesville.

Wildcat Coach Has Resigned

CANADIAN (Special)—The Canadian Wildcats will have a new coach next fall, Foster Watkins who was coach here during the past season was tendered an extension of his contract with the board of the Canadian Independent Schools. He declined with the statement that he was leaving the teaching and coaching profession to engage in farming near Memphis.

Grimes, who is from Comanche, Okla., played halfback opposite Fenimore in '45 when the well-mounted cowboys rode roughshod to the sugar-bowl crown. During the season he made three particularly impressive touchdowns in the last two of which were against Southern Methodist University's Mustangs and the third was the big, first touchdown against Tulsa in the Aggies 12-6 victory over the Hurricane.

Recently returned from Japan, Grimes is not yet in shape for top competition, but has been building his wind by track workouts. Not completely for the sake of getting in shape, however, since he was also an all-state high school track star, having called near the 25-foot mark in the broad jump and taken top honors in the other events.

Heavy Hitting Breaks Texas League Jumble

By The Associated Press
Base hits broke the jumbled Texas League wide open, with single occupants for every position today.

Dallas' Rebels continued their red-hot race for the lead, walloping Oklahoma City twice, 11-4, 10-6, to take over third place and move within just two percentage points of second place Fort Worth.

Fort Worth split a pair with Tulsa, winning the opener, 2-1, and dropping the nightcap, 10-1. Shreveport bowed to San Antonio, 3-1, and skidded from a tie for third to fourth place. Houston had a game chopped from its comfortable margin, going down before Beaumont, 7-6.

Dallas pushed over four runs in the first inning, added four more in the second to turn the opening game into a rout. In the second tilt, Oklahoma City started the same way—scoring five runs in the first on two triples, two doubles and a single.

The score was tied 7-7 in the fourth when Dallas tallied five times. Two runs on four hits in the fifth gave Dallas a lead enlarged through the remainder of the game.

Ned Garver's four-hit pitching sent Shreveport tumbling down the standings. The only Shreveport run came in the seventh when Jimmy Kirby parked one over the left field fence.

The Missions bunched four of their six hits in the third inning and scored all of their runs.

A five-run ninth inning rally by Beaumont spoiled the night for 7-

600 fans at Houston, trailing going into the final inning, the Shippers used three hits and a pair of Houston errors for a one-run winning margin.

A Fort Worth jinx—that lasted through five games with Tulsa—went by the wayside when the Oilers found 12 base hits could hop any hex. Two-run home runs by Jim Shilling and Barney White aided considerably.

Tonight's schedule is the same. Dallas is at Oklahoma City; Fort Worth at Tulsa; Beaumont at Houston, and Shreveport at San Antonio.
