

The Weather
West Texas—Occasional rains with a few thundershowers tonight. Moderate temperatures tonight.

THE PAMPA NEWS

(VOL. 40, NO. 176) * 8 PAGES TODAY FRIDAY, OCTOBER 16, 1942 PAMPA, TEXAS Wide World News—AP Leased Wire (PRICE FIVE CENTS)

Good Evening
A man of courage is also full of faith.—Cicero.

JAPS SHELLING AMERICAN POSITIONS IN SOLOMONS

BRING ON YOUR TANKS

Crouched in a slit trench, Sgt. William Day awaits for an approaching tank during maneuvers in Tennessee. A tank may pass directly over him, but if it does his Tommy gun will be spitting hot lead after it when it has gone by.

Texas Oil Producers Facing Twin Problems

By BRACK CURRY
AUSTIN, Oct. 16 (AP)—Texas oil producers, convening Monday to submit nominations for the November oil allowance, will be primed to attack the twin problems of manpower and equipment shortages and to discuss proposals to maintain the flow of essential petroleum products to the armed forces and war factories.

New Draft Bill Ready For House Action Tomorrow

WASHINGTON, Oct. 16 (AP)—The Senate Military committee recommended the drafting of 18 and 19-year olds today shortly after the house arranged for final action tomorrow on similar legislation.

Pepper Asks For Contract Shifts

WASHINGTON, Oct. 16 (AP)—A shift of war contracts to areas of labor surplus and establishment of a national migration policy were proposed today by Senator Pepper, subcommittee investigating manpower.

Cabot Builds New Plant At Guymon

Construction is in progress on the ninth Southwestern plant of the Cabot Carbon company at Guymon, Okla. for which the Oklahoma Corporation commission today granted permission.

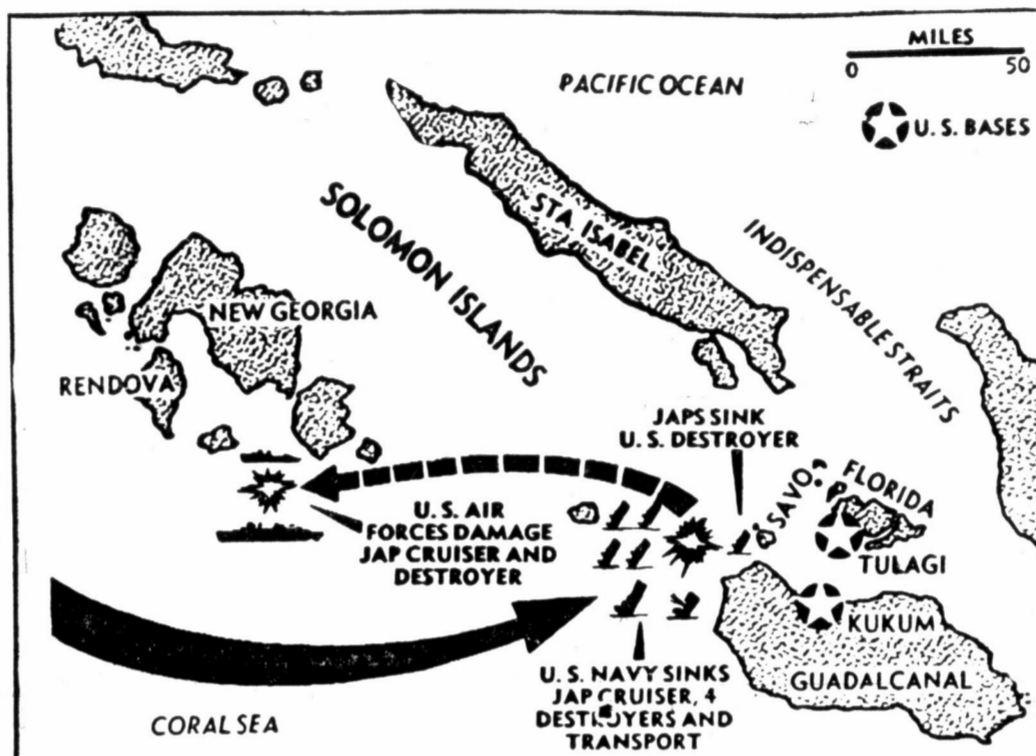

I HEARD

Area Rent Director W. L. Boyles hurriedly explaining the setup on rent registration which is to start tomorrow.

Unrest Grows In Countries Held By Nazis

(By The Associated Press)
Europe's conquered nations seethed with mounting bitterness against the Nazi yoke today and dispatches told of a wave of violent disorders sweeping unoccupied France, German firing-squads dealing out ruthless reprisal for outcroppings of revolt in Yugoslavia, and continuing unrest in Norway.

SCENE OF RENEWED BATTLE FOR SOLOMONS

Here you see the scene of important war news developments which are rapidly taking shape in the southwest Pacific today. A powerful armada of Japanese battleships, destroyers and cruisers is reported maneuvering immediately north of Guadalcanal island, while Japanese bombers furiously continue their attempt to knock out the key Guadalcanal airbase. This telemap shows clearly where the U. S. fleet first defeated the Jap forces in the Solomons and the area where the Japs now are trying to regain their lost territory.

A Moscow broadcast reported that a big fire—presumably set by Norwegian patriots—had put the Nazi submarine-building yards at Trondheim, on Norway's Atlantic coast, out of operation for a long time.

The broadcast said that Nazi Commissioner Josef Terboven had flown to the scene of the trouble and then on to Berlin, and a higher member of Himmler's gestapo had arrived in Oslo in connection with spreading omens of revolt.

Germany Renews Fury of 53-Day-Old Assault on Soviets in Stalingrad

(By The Associated Press)
Adolf Hitler's siege armies, suddenly renewing the fury of their 53-day-old assault on Stalingrad, reported today they had broken through to the Volga in a violent night attack, occupied half of the city and captured the big Dzerzhinsky tractor factory in the northwest section.

Pupils Turn In 370,000 Pounds of Scrap Metal In Pampa

Pampa public schools, with the exception of the high school, had a half-holiday this afternoon, in recognition of the students bringing in their weight in scrap metal.

Nazis Renew Fury of 53-Day-Old Assault on Soviets in Stalingrad

Nevertheless, German military quarters admitted that the Red army was "continuing to fight as if nothing had happened."

North-South Battle Ends In Divorce

ATLANTA, Oct. 16 (AP)—In domestic relations court it was listed as the case of Jennings vs. Jennings, but the plaintiff who accused his wife of cruelty and running him into debt, contended it really was a case of the North vs. the South.

Registration Of Landlords Will Begin Tomorrow

Registration of landlords owning rental property used as dwellings in Gray, Hutchinson, and Carson counties will be started tomorrow morning.

An automobile stuck in the mud right at the entrance to a downtown filling station.

All Southwest Pacific at Stake

LATE BULLETIN
WASHINGTON, Oct. 16 (AP)—The Japanese have landed large reinforcements with equipment, including artillery, on Guadalcanal island and are now shelling American positions on the island, the navy reported this afternoon.

A large concentration of enemy ships also has been discovered near Shortland island, about 35 miles northwest of Guadalcanal, a navy communique said, in addition to the enemy naval units in the Southeastern Solomon islands.

By ROGER D. GREENE
Associated Press War Editor
American and Japanese forces were believed locked in a series of deadly hide-and-seek battles on land, at sea and in the air in the Lower Solomon islands late today, with the fate of perhaps the whole Southwest Pacific hanging in the balance.

U. S. Troops Take Another Island In The Aleutians

BULLETIN
WASHINGTON, Oct. 16 (AP)—An air attack on the Japanese camp at Kiska in the Aleutian islands started many large fires and destroyed three enemy seaplanes on the water, the navy reported today.

While Emperor Hirohito worshipped at the innermost sanctuary of the Yasukuni Shrine in Tokyo, seeking the "peace repose of 15,021 newly defied heroes," the Mikado's warriors on Guadalcanal faced the guns of U. S. marines reinforced by regular American army troops and planes.

Even the Jap will agree that we have both the men and the tools for the task," was the confident expression voiced by Admiral Chester W. Nimitz, commander-in-chief of the Pacific fleet.

The navy announced on Oct. 3 that army troops and air forces, supported by naval units, had moved into advanced bases in the mid-Aleutian islands, bringing Japanese-held Kiska island within easier bombing range.

Mrs. Browning Named Honoree At Layette Shower On Thursday

Mrs. Jerry Browning was honored with a layette shower Thursday afternoon in the home of Mrs. Charles Madeira. Books registered in an attractive baby book which was presented to the honoree.

Paul Briggs Guest Speaker At B. M. Baker PTA Meeting

At the monthly meeting of B. M. Baker Parent-Teacher Association, Mrs. Cecil Lunsford, president, presided over the session which was opened with the entire group singing "America" led by Miss Evelyn Thoma.

Mrs. Roberts Speaks On 'Cooperation' At Parochial School PTA

Mrs. Fred Roberts was guest speaker at the meeting of Holy Souls parochial school Parent-Teacher association Wednesday in the school hall. Her subject was "Cooperation in War Work."

Mrs. Smalling Has Pretty Party For Contract Bridge

In rooms prettily decorated with arrangements of dahlias, Mrs. T. F. Smalling entertained members of Contract Bridge club Thursday afternoon.

Mrs. Savage Named President Of Hopkins H. D. Club For Year

A game conducted by Mrs. R. W. Orr opened the meeting of Hopkins Home Demonstration club in the home of Mrs. Cleve Blalock this week when roll call was answered by each member telling her favorite fall dessert.

Bernice Roby And Lt. Osborne Wed In Pennsylvania

Word has been received here of the marriage of Mrs. Bernice Roby and Lieut. John V. Osborne, which was solemnized October 9, at Harrisburg, Pennsylvania, where the bridegroom is stationed.

First Baptist WMS Meets In Circles For Bible Study

Woman's Missionary Society of First Baptist church met in circles for Bible study Wednesday afternoon with 36 members present.

To Help Prevent COLDS from developing. Put a few drops of Vicks Vapo-rinol up each nostril at the very first sniffle, sneeze or sign of nasal irritation.

Methodist WSCS Of LeFors Has Program On Latin America

LEFORS, Oct. 16 — Members of Women's Society of Christian Service of LeFors Methodist church met recently in the home of Mrs. Ray Jordan for a study of Latin American women and what they are doing for the church.

Study Of Latin America Continued By Methodist WSCS

Circles of Women's Society of Christian Service of First Methodist church met in the church basement Wednesday to continue their study of Latin America.

Shower Given For Former Skellytown Couple Recently

A pink and white motif was carried out in decorations, refreshments and gift wrappings. Autumn flowers in attractive vases were placed about the entertaining rooms, where an informal evening was spent in visiting and playing games.

The Social Calendar

SATURDAY: First Methodist W. S. C. S. will sponsor a rummage sale to be held in the building just south of Wilson Drug store.

Baptist Women Of Canadian Attend District Meeting

SPECIAL TO THE NEWS: CANADIAN, Oct. 16 Eight members of WMU of the local Baptist church and Mrs. Walter G. Welch, president of the recently organized Women's Missionary Union of the church at Gem, attended the annual meeting of district 10 held Tuesday in Perryton.

Wayside HD Club Has Program On Fall Desserts

"Dried fruit may serve as fresh fruit for the same food value if sugar is not added in excess to change the food value," pointed out Mrs. Harold Osborne at a recent meeting of the Wayside Home Demonstration club in the home of Mrs. W. E. Boudreau.

Relief From Stomach Ulcers Due To Excess Acid

Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc., due to Excess Acid. Sold on 15 days' trial. Ask for "Willard's Message" which fully explains this treatment—free—at

How To Relieve Bronchitis

Cremulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding that you will pay if it quickly allays the cough or you are to have your money back.

Texas Principal Contributor Of Oil For Armies And Navies

With the date set for rubber conservation measure, here is the larger and mightier picture of Texas oil for the war machines of the United Nations.

Down the gullet of oil-ravenous armies and navies now being shuttled to battlefronts all over the world must flow an increasing torrent of petroleum products, and the principal contribution will come from Texas, producing 23 per cent of the world's petroleum.

Already oil from the wells of Texas is sending American-made General Grant and General Stuart tanks spinning over the scorched sands of Libya against viceroy General Erwin Rommel; it is fueling planes piloted by American fliers defending Chungking against marauding Japanese bombers; it is flowing into the lumbering tanks and sleek planes with which Russia is swapping blows with invading Nazi hordes.

As the world's No. 1 oil producer, the United States must contribute increasingly large supplies of petroleum to its Allies in addition to meeting the needs of its throbbing industrial machine and blossoming fighting forces.

Texas has over 11,000,000,000 (billion) barrels of crude oil reserves—more than one-third of the world supply. From Texas comes 40 per cent of the United States crude oil products, asserts Chairman Ernest O. Thompson of the Texas Railroad Commission.

Texas' production exceeds the combined output of Soviet Russia and Venezuela—ranking second and third in the world as oil producing nations.

Petroleum production in Texas is six times that of Iran—jealously guarded by Anglo-Russian forces for its precious oil supplies and coveted by the Germans and five times that of the Netherlands East Indies, temporarily occupied by oil-hungry Japan.

Thompson points to Texas' sprawling steel forests of oil wells and to its tremendous underground reserves as one of the nation's greatest war assets.

Texas, he predicts, will fill much of the deficit between current production and anticipated future demands occasioned by intensified war.

To maintain the cascade of oil to American armies on four continents and to the nation's war industries, war-time petroleum sleuths must puncture the terrain of Texas for new fields to supplement and replace depleted or exhausted fields, declares the head of the state's oil regulatory agency.

Planes, tanks, at a prodigious rate from wells in Texas and other southwestern states—where the nation's oil production is concentrated—are dependent upon current exploration for their petroleum requirements in future years.

Front-line soldiers in the search for petroleum are the wild-catters—the independents who have discovered a major portion of the nation's oil reserves, says Thompson.

Wildcatters who have checked Texas' landscape with over 100,000 producing wells must probe the state's soil for virgin reserves to meet the nation's demands in 1945 and subsequent years.

Warning that the plight of independent operators threatens the flow of vital crude for the war effort, Thompson maintains that the capping price imposed on crude should be lifted and the price hiked to 25 cents a barrel to encourage wildcatters to seek new reserves.

"The little and big independent oil producers of Texas are NOT making any money drilling and producing oil at the present low price of crude," he asserts.

"The present price is not getting the job done since the incentive is not sufficient to cause producers to venture out and prospect for new discoveries.

"The fact that the number of dry holes required for the discovery of each new major field has risen in recent years from 300 to 700 indicates that oil is getting harder and harder to find."

Declaring that the oil discovery rate three years hence depends on the present price of oil, Thompson said in an interview: "Raise the

price of crude and you'll get explorations and a free play of economics and we will retain our reserves."

"If the government wants new reserves three years from now," he stated, "it must now allow the price of crude oil to increase to a point where it will attract the wildcatters and cause them to go about hunting for oil and getting acreage together and drilling the 700 dry holes it takes to find a new field of major size."

Warning that "we are going to be needing the oil before three years come around," Thompson asserted "it is better to have plenty in reserve than to be caught short by too little and too late drilling for these new discoveries that must be made to keep our oil reserves on the upgrade."

Terming oil "the most essential thing in this mechanized warfare," the chairman said that minimum of two gallons of gasoline is required daily for each fighting soldier and 4,500,000 men mean 9,000,000 gallons of gasoline must be delivered each day.

"Texas has 522 oil fields and the chairman said that minimum of two gallons of gasoline is required daily for each fighting soldier and 4,500,000 men mean 9,000,000 gallons of gasoline must be delivered each day.

"Texas has 522 oil fields and the chairman said that minimum of two gallons of gasoline is required daily for each fighting soldier and 4,500,000 men mean 9,000,000 gallons of gasoline must be delivered each day.

"Texas has 522 oil fields and the chairman said that minimum of two gallons of gasoline is required daily for each fighting soldier and 4,500,000 men mean 9,000,000 gallons of gasoline must be delivered each day.

The chairman of the regulatory agency for the state's multibillion dollar oil industry questioned why the price of crude oil has been frozen while labor and material costs have increased.

"All this," he asserted, "requires more and more expenditure of money on the part of the operator and means that the operator must either absorb the difference or go broke or quit the business."

Texas possesses in excess of 58 per cent of the nation's reserves and it produces not more than 40 per cent of the total daily production, Thompson said.

"In 1941," he stated, "the petroleum industry experienced the greatest demand for Texas products in all history and the figures for the first half of 1942 together with the anticipated war and civilian need for the last half would indicate that for 1942 the petroleum industry will be called upon to supply in ever-increasing quantities more products."

The chairman declared that the increase in the nation's crude reserves made last year and the first six months of this year was due almost entirely to new discoveries and extensions made by the industry in the southwestern states and particularly in Texas.

Influenza Showing Increase In Texas

AUSTIN, Oct. 16 (AP)—A big gain in the incidence of influenza in Texas today prompted the State Department of Health to warn that the approach of winter gives it and related conditions "special importance."

The department's weekly report shows an increase above the seven-year median of "practically all the reportable diseases."

The report noted 458 cases of influenza as compared with 170 for the seven-year median.

British Subs Sink Three Axis Ships

LONDON, Oct. 16 (AP)—Two British submarines have sunk three Axis supply ships and damaged four others in the Mediterranean, the admiralty announced today.

This disclosure, coupled with the Axis aerial siege of Malta, strengthened allied suspicions that the attacks on Britain's island air base Athwart the supply route from Europe to North Africa were to cover new shipments of reinforcements and material for enemy armies in Egypt.

Six Syracuse Passers

SYRACUSE—In addition to hold-over passers, Tommy Maines, Bunky Morris and Dick Whitesell, Syracuse may use Norm Micheal, Larry Ellis or Nick Giambattista.

SIDE GLANCES

OPINION BY THE EDITOR. "When Dad bawls me out for this bad report card, I'm gonna remind him he's been wrong about every bit of war strategy he has mapped out!"

More Helium Is Needed By U. S.

WASHINGTON, Oct. 16 (AP)—The helium plant at Amarillo, Tex., and a second plant under construction near there will not furnish enough helium to meet the demands of the navy's new blimp program, it was revealed in testimony before the senate appropriations committee, made public today.

Dr. R. R. Sayers, director of the bureau of mines, told the senators an \$11,000,000 item in the second supplemental defense appropriations bill was for the construction of more plants.

He said the estimated demands of the navy would require about 2 1/2 times the combined capacity of the Amarillo plant and the new one being built. About \$5,575,000 was appropriated previously for those plants.

He did not reveal where the new plants would be located but said the two principal states where helium is found are Texas and Kansas with some additional helium in New Mexico, Colorado, Utah, Wyoming, Montana and Oklahoma.

Americans Hasten Russian Supplies

WASHINGTON, Oct. 16 (AP)—American supply troops at the head of the Persian gulf, Secretary of War Stimson said today, are now hastening the flow of equipment to the Russians in the Caucasus.

The secretary noted this in a round-the-world discussion at his press conference which also touched on these points:

Occupation of the Andeanof islands in the Aleutians by army forces under naval command in an advance which "chaged the entire picture in the Aleutians."

The mounting activities of American airmen in cooperation with their British Allies in Europe, North Africa and over the Mediterranean.

American Army operations in patrolling of the continental United States, in China, and India.

The army's big supply base in Eritrea where tanks and motor vehicles are assembled and sent forward to the British armies in North Africa. Through the heart of central Africa is a series of landing fields for planes enroute to India, Egypt, China and Russia.

Air-Power Key To Success In Far-Flung Pacific Zone

By WALTER B. CLAUSEN

PEARL HARBOR, Oct. 16 (AP)—Air power is playing a leading role in the war in the Pacific—a statement amply supported by the record of action in the Coral sea battle, at Midway and in the Solomon.

Those directing American military operations agree that sky forces have been Japan's key to success, and that her chief failures have been recorded when she encountered superior American air power.

These leaders, however, emphasize that air power is not the whole story—that aviation must have the support of other branches of the armed forces to prove effective.

The current operations in the Solomons, centering around American efforts to hold and consolidate an air base at Guadalcanal, present a clear illustration of the point in question. American army and navy air forces there are receiving the active cooperation of all the services—the fighting ships and transports of the navy, the marines, the army and crews trained in the work of construction and repair.

In these operations the most difficult problem is one of supply—a problem that will be met again and again in the scattered islands of the Pacific on which the war may be fought for months, or years.

Holding what we already have won requires considerable land

Chile Guards German Consul

SANTIAGO, Chile, Oct. 16 (AP)—Chilean police were reported mounting guard today over Dr. Hans Borchers, former German consul general in New York and former consul in Cleveland, who arrived in this country last March without diplomatic or consular credentials.

It was understood that Borchers, who was ousted from the United States in 1941 following the closing of German consulates by federal order, had been placed under surveillance at Zapallar, seaside resort north of Valparaiso.

Police were said to be taking three other men, arrested last week as German spies and refused permission to enter Argentina, to the same resort. They were identified as Alfred Kleiber, Ludwig Ross and Wilhelm Dorbach.

No official statement was forthcoming.

The reported action, however, came as political circles seethed with denunciation provoked last week when Sumner Welles, United States acting secretary of state, said in a speech at Boston that both Chile and Argentina were being used as bases by Axis agents.

Leaders of the Socialist and Communist parties called for an immediate break in relations with the Minister Ernest Barros Jarpa and demanded his resignation.

Pampa Pythians To Meet With Borger

Members of the Pampa lodge Knights of Pythias have been invited to meet on Tuesday night with the Borger lodge at Borger. The invitation was given by W. E. Reno, Borger chancellor commander, at a joint meeting of the Pythians of the two cities, held last night in Pampa.

Chancellor Commander Bob Cecil has asked all Pythians to meet at 7 o'clock Tuesday night at the castle hall, ready to make the trip.

There were eight members of the Borger lodge present at the joint meeting last night when the rank of knight was conferred on members: Herman Dees, Dr. L. J. Zachry, A. M. Edmiston, A. L. Weathered, and Ralph Mangel, all of Pampa; and J. C. Bell of Borger.

Attending last night's meeting were Al Libbe, J. V. Colwell, Judge C. D. Workers, L. P. Chapman, Frank Harrington, Joe Haldy, W. E. Reno, A. Ferguson, all of Borger; Bob Cecil, Ray Barnard, Harvey Downes, John McFall, Fred Tinley, Sam Turner, C. D. Newell, Tracy Cary, Russell Kennedy, Tony Smith, Vernon Woods, Moose Johnson, Roy Dyson, Ivan Reeder, Odie B. Cox, J. E. Yoder, Fred Radcliff, and B. B. Altman Jr., all of Pampa.

MEN 18 AND 19

CHOOSE your branch of the Army and get into the FIGHT FOR FREEDOM!

YOU have an outstanding opportunity today. The choice of any one of 13 branches of Army service is open to you. Only men of your own age group enjoy this privilege. You've got what it takes to make great fighting men. The ability to learn, the quick-acting alertness and the physical stamina that win battles and hold down losses.

Here are three things for you to think about—and act on—right now:

1. Your country faces the greatest danger in all its history. Everything you hold dear is under cruel and treacherous attack. To bring nearer the day when the boastful forces of our enemies are finally humbled, we've got to hit them first—they hit them hard—keep on hitting them until we've won! Do you want to miss your chance to have a glorious share in that victory?
2. The sooner you are in the Army, the better you'll be prepared. You'll get thorough training, good pay—a chance for rapid promotion. If you're qualified, you'll be encouraged to enter an Officer Candidate School. Many men of your age have already won commissions.
3. Read carefully the list of Army services at the right. Before you're 20, you can make your own choice. Pick the one that appeals to you most, and that you're best fitted for. In every one you'll find thrilling action and adventure, along with sound training for a future career.

Call today at the nearest Army Recruiting and Induction Station and get full information about the branches of service that interest you. Talk it over with your family. And when you've made your choice, enlist with the knowledge that you're serving your country where you feel you can serve the best.

MAKE YOUR CHOICE OF U. S. ARMY BRANCHES

AIR FORCES—Learn to fly and fight and keep 'em flying in one of more than 26 Air Force jobs. Bombardiers, navigators, pilots, gunners, radio men are needed in the air—mechanics on the ground. Train for a career in this fighting service.

ARMORED FORCE—Smash the enemy with a fast-moving, powerful team of tanks, combat cars, trucks, "jeeps," motorcycles. There's thrilling action for gunners, drivers, radio men and mechanics in the Army's tough armored divisions.

CAVALRY—Whether you like to ride a good horse or handle a fast armored car, motorcycle or truck, there's a place for you in the Cavalry's mobile striking force. The rougher the going the better the Cavalry likes it.

CHEMICAL WARFARE SERVICE—Here's your chance to be a combat soldier, firing chemical munitions. The 4.2-inch mortar, used for smoke screens to cover the advance of troops, will be one of your principal weapons.

COAST ARTILLERY—Want to aim an antiaircraft gun at a Jap—or help load and fire a giant coast defense gun? Service with the Coast Artillery will give you experience in gunnery, mechanics, electrical and radio work.

CORPS OF ENGINEERS—In the forefront of the fighting much of the time, you'll see a lot of action with the Engineers. Building bridges, roads, air-fields and tank-traps—planning camouflage—destroying enemy installations—are all in the day's work.

CORPS OF MILITARY POLICE—Reliable, clear-thinking men who know how to shoulder responsibility, the Military Police speed troop movements, guard the front and behind the lines, guard prisoners, enforce order. They're trained fighting men.

FIELD ARTILLERY—Here's the outfit that softens up the foe with a barrage of shells, smashes his supply lines, rains fire on his reserves. The guns roll fast behind speedy trucks and tractors. Plenty of action for daring drivers, gunners and mechanics.

INFANTRY—Moving 40 miles an hour in big trucks, skiing in snowy mountains, dropping by parachute or flying into enemy territory in transport planes, today's infantry is streamlined. Eleven different weapons give deadly fire-power. Upon enlistment you may request assignment for tank destroyer training.

MEDICAL DEPARTMENT—Wherever the fighting is toughest the Medical units are on the job, saving lives. Ambulance drivers, laboratory technicians and able young men for many other duties are needed now in this vital service.

ORDNANCE DEPARTMENT—The supply and maintenance of all weapons are in charge of the Ordnance Department. Repairing tanks and guns under fire is a job for tough men. There's lots of room for daring drivers and good mechanics.

QUARTERMASTER CORPS—Battle smoke and bursting shells can't stop the movement of food and supplies. Men in the front lines have to be fed. The Quartermaster Corps takes care of the troops wherever they are. The service develops resourcefulness.

SIGNAL CORPS—In the nerve center of the Army, Signal Corps men "get the message through." Radio, telephone and other means of swift communication are their tools. They work with "secret agents" and other secret weapons, and get front-line action and experience.

U.S. ARMY

RECRUITING AND INDUCTION SERVICE

ROOM - 10 - 12 POST OFFICE BUILDING PAMPA, TEXAS

Published daily except Saturday by The Pampa News, 322 W. Foster Ave., Pampa, Texas. Phone 666 - All departments.

MEMBER OF THE ASSOCIATED PRESS (Full Leased Wire). The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or otherwise.

Subscription Rates: BY CARRIER in Pampa, 25c per week, \$8c per month. Paid in advance, \$2.50 per three months, \$8.00 per six months, \$15.00 per year.

FLEDGE OF ALLEGIANCE - I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all.

Rationing Curbs Chiseling: Already, although meat rationing is some weeks in the future, there is an informal campaign to substitute meatless days for the proposed 40 ounces-per-person restriction.

Meat rationing is unfortunate. We have grave doubts whether the shortage that makes meat rationing necessary did not result from mishandling in Washington.

Wallflower Moses: In recapitulating the management errors, being made in Washington, don't forget that New York's ineffectual Bob Moses - this generation's prime specimen of the executive for whom nothing is impossible - still languishes in innocuous desuetude while war production stalls for lack of his type of talents.

The Nation's Press: The columnist is mistaken when he says that a recently published book is the first book that ever separated the recorded sayings of Jesus from the rest of the New Testament and presented those sayings in condensed form.

THAT "NO STRIKE" PLEDGE: A jurisdictional squabble between two AFL unions has been holding up all outside plumbing work on the \$0 million dollar Republic Steel corporation rolling mill on the south side for five weeks.

Common Ground: I speak the pass-word primeval. I give the sign of democracy. By God! I will accept nothing which all cannot have their counterpart of on the same terms.

Common Ground

By R. G. MOILES

Will Rent Freezing Benefit Renters? Most renters think that the new rent freezing order will benefit them. The reason they think so is that they cannot see what will eventually happen to them.

Again, the demand for houses probably will cause the government to build houses and when the government builds houses it always cost a great deal more than when they are built privately.

These extra taxes will also dishearten the renter's employer and leave him less means by which to expand his factory and thus enable the workers to have better tools and earn more and buy for less.

Poverty Resulting From Collective Bargaining: The amount of unnecessary poverty in the country, as a result of collective bargaining, is hard to estimate. Instead of labor unions reducing the poverty, as is claimed by those who are temporarily benefited, they are the main cause of most of our poverty.

Today's War Analysis: The story: Blythe Miller, 19, is in love with Duane Hogan, big, girl-shy star of the Lincoln Field Cadet football team, which he had coached. But Duane doesn't know it. Neither does Nancy Hale, Nancy is a widow of a soldier, and has been given work and a place to live at the field after she and her son have been rescued from an auto wreck by Duane.

Serial Story: That could mean only one thing, Blythe knew; Duane Hogan had come from fullback honors at A. M. every year, and last year had given him All-America rating.

Play by Play: Norman was obviously pleased about life in general, this noon. "See what Summers wrote?" "I read it."

All's Confusion Again On The Rubber Front

By PETER EDSON Pampa News Washington Correspondent

Just as everything was getting quieted down on the rubber front, along comes an Army major by name of Wendell Dove, sporting some testimony before the Senate.

Ever since the Baruch report, "rubber" has been a word that was mentioned in polite society only after approval had been obtained from not only Bill Jeffers, the new rubber director, but from Office of War Information, State Department, Board of Economic Warfare, Office of the Co-ordinator for Inter-American Affairs, Defense Supplies Corporation, Rubber Reserve Corporation and maybe a few others.

Major Dove's main argument was that if the U. S. would just offer \$1 a pound for native rubber in South America, all the natives would immediately leap into the jungle and then jump right out of the bramble bush again with 1.5 million tons of rubber, each like that.

To see what there is to this claim, take a look at the present Board of Economic Warfare-Rubber Reserve Corporation combined program to get the rubber out of the Amazon valley. This area is bigger than the United States. It is practically uninhabited, except for Indians and a few frontier cities and inland capitals.

AN UNKNOWN LAND The regions aren't known and the location of the trees in the regions aren't known. Hunters have to be flown in or be sent up streams in canoes to locate the trees, then build camps and tap the trees, waiting patiently for the latex to flow.

operations against the Middle East and Eastern Mediterranean. However, while fighting can continue through the winter in this southern zone, Hitler will think himself lucky if he is able to secure the line of mountains between the two seas.

Actually the way the Russians have been holding he has before him a task so great that the danger of his breaking through into the Southern Caucasus thus far is rather remote.

One can go even further and say the Nazi all-highiest is a badly worried, desperate man. The offensives which he now is flinging at Stalingrad and the Caucasus line represent his final all-out efforts before the snows and ice come.

HARVESTERS TO FACE SUPERIOR WEIGHT IN TONIGHT'S GAME

Texas-Temple Game Feature In Southwest

By HAROLD V. RATLIFF
Associated Press Sports Editor
Southern Methodist, still trying to get back on the main line after being rudely sidetracked twice, meets Temple at Dallas tonight to start the week's play in the Southwest conference.

It's the lone intersectional game of an abbreviated schedule that has Texas clashing with Arkansas and Texas A. and M. tackling Texas Christian in championship battles and Baylor playing Texas Tech of the Border conference.

Tonight:
Southern Methodist vs. Temple at Dallas, 8 p. m. We've picked S. M. U. to win all three thus far and the Mustangs have won one so we're taking them again tonight. A person has to be consistent.

Tomorrow:
Texas Christian vs. Texas A. and M. at College Station, 2:30 p. m. A vote for the Frogs but no big upset if it goes the other way.

Texas vs. Arkansas at Little Rock, 2:30 p. m. Too much reserve strength for the Razorbacks to handle.

Baylor vs. Texas Tech at Lubbock, 8 p. m. Baylor is really moving now. A lusty vote for the Bears.

Grand Old Man Of Golf In Texas Dies

DALLAS, Oct. 15 (AP)—Funeral services will be held tomorrow at Houston for Bryan Heard, 83, prominent Texas cotton man and one of the state's best known golfers.

Heard, a native of Florida who was reared in the vicinity of Bryan, Texas, died yesterday at his home here following a two-year illness.

He entered the cotton business in Austin, after leaving Bryan, and remained in that business until his death.

He took up golf after he was 50 years old and his enthusiasm for the game earned him the title of "grand old man of golf in Texas."

Thousands Say TAKE SWAMP ROOT TO AVOID GETTING UP AT NIGHT

Kidney ailments find fast relief with famous Doctor's tonic that helps wash away painful acid sediment. Feel better... sleep like a top!

Thousands get fast, wonderful relief from backache or getting up nights due to sluggish kidneys with the remarkable stomachic and intestinal liquid tonic called Swamp Root. For Swamp Root acts to flush out acid sediment from your kidneys. This soothing, irritating bladder membranes.

Originally created by a well-known practicing physician, Dr. Kilmer, Swamp Root is a combination of 16 herbs, roots, vegetables, balsams and other natural ingredients. No harsh chemicals or habit-forming drugs. Just good ingredients that quickly relieve bladder pain, backache, run-down feeling due to tired kidneys. And you can't miss its marvelous tonic effect!

Try Swamp Root free! Thousands have found relief with only a sample bottle. So send your name and address to Kilmer & Co., Inc., Stamford, Conn., for a sample bottle free and postpaid. Offer limited. Send at once! All druggists sell Dr. Kilmer's Swamp Root.

Pampans To Match Power With Speed

Pampa's Harvesters will need all the speed they possess tonight to overcome the powerful, unbeaten El Paso High school team, when the two elevens meet in an intersectional game at 8 o'clock tonight at Harvester park.

The lighter Pampa team will be up against a tricky team as well as a powerful one, for the Tigers have their own version of T-formation play—something the Harvesters haven't been up against in a long time.

Although the Tigers were due in last night they had not arrived in Pampa early this afternoon. With recollection of the bruising game with the Tigers companion school, the El Paso Bowie Bears, the Harvesters will be set to give the Tigers a determined battle that will further impress Panhandle football prowess in the minds of the Southwest Texans.

Coach J. C. Prejesh, as non-committal as a statement from a congressional committee, today was as confident, nevertheless, as he was just before the team left Pampa for the game with Bowie.

Despite the loss of Boyles from the lineup, the changes have been working smoothly and the Harvesters have quickly adapted themselves to the new set-up. Boyles, husky Pampa back, who suffered a broken arm in the Bowie game, has been a pillar of Harvester strength, however, and his being out of the game, is going to be a handicap.

Starting lineup:
Pampa: Lard and Berry, ends; Byrum and Berlin, tackles; Edson and Casey, guards; Bridges, center; Dunham and Arthur, halfbacks; Enloe, quarterback; Arnold, fullback.

El Paso: Calderon and Ward, ends; Miller and Simpson, tackles; Ramon Samaniego and Henry Samanigo, guards; Arnett, center; Diaz and Flores, halfbacks; Rechy, quarterback; Browne, fullback.

TODAY'S GUEST STAR

Ed Ray, Tampa (Fla.) Times: "The war has done one good thing for sports—eliminated the 'let's fire the coach' clubs throughout the nation."
Monday conversation among the quarterbacks sounds about like this: "Gee, I hope we didn't lose our coach before the end of the season. I don't know where we'd get another."

ONE-MINUTE SPORTS PAGE

Princeton's 150-pound football squad had a turnout of 151 players this fall so they were split up into eleven teams for intra-mural competition. The Tiger lightweight has had four undefeated seasons in five years... Golfer Ben Hogan hasn't joined the army yet, but he'd like to get into either the army or navy aviation branch. He has had some flying experience... The Norfolk Shamrocks and Richmond Rockets, Virginia's only major pro football teams, will play their second game for the state title Sunday at Greensboro, North Carolina... It didn't help Frank Leahy's health much when he tried to listen to the Notre Dame-Stanford broadcast last Saturday. Another station kept breaking in with Minnesota-Illinois just when the Irish got into scoring position, and Frank was almost a wreck before he learned the result.

PAR-A-GRAF
Ken Alyta of the Waterbury (Conn) Republican tells one about a golfer who sliced his tee shot into newly-mown rough. He played a provisional ball and decided to go on with it when he found it nicely set up on the cut grass while the first ball couldn't be located... When he swung, two balls popped out of the grass... his second shot had landed exactly on top of the first... We don't doubt Ken's word, but it seems that those slices could be used for sandwich filling.

Sports Roundup

By HUGH FULLETON Jr.
Wide World Sports Columnist
NEW YORK Oct. 16—On reason why Ohio state is rated the No. 1 football team so far is that Paulbrown tells his boys to take a chance with running the ball instead of kicking when they have a foot or two to go on fourth down... and so far they've been getting away with it... And Bernie Bierman, whose Minnesota team seldom passed, has become alarmed since he shifted to the navy's Tows-pre-flight school... The Seahawks have thrown 50 passes and completed 28 in four games... Essar D. Charles, the Cincinnati High school kid who is rated one of the best middleweight fighters in the business, will take on heavyweight Joey Maxim at Pittsburgh Oct. 27... When Little Pizien Lloyd Waner got back to Oklahoma, his father took him out golfing, and pop was so happy over a 103 score that he made Lloyd play an extra nine holes.

Pirates Aiming To Repeat McLean Win

SPECIAL TO THE NEWS
LEFORS, Oct. 16—The LeFors Pirates, encouraged by their smashing victory over McLean last Friday night to the tune of 20-7, have been working with renewed vigor this week preparing for their second conference tilt tonight with the strong Wellington eleven. The Wellington team has been defeated only once this season, that being by the strong Phillips Blackhawks by a score of 12-7.

The only hope the Pirates have for Friday night is plenty of hard running, blocking, tackling, and fight, the latter which they have never been without in any contest this year.

The Pirates may take the field Friday night without the assistance of Charles Nipper and Charles Vandandingham because of injuries received in practice Tuesday afternoon.

All local people are asked to come out and see the fighting Pirates play their second home and second conference game at Shaw Park tonight. Game time will be 8:30 o'clock.

Wellington's starting line-up is as follows: Scott, c. 160 lbs.; Hester, t. 175; Benson, g. 148; Roy, c. 150; Sacke, g. 150; Sisk, t. 148; Brewer, c. 154; Melton (Capt.), qb. 154; Thompson (Co-C), fb. 164; Covey, hb. 165; Kendrick, hb. 140.

LeFors' starting line-up is as follows: Vandandingham, le. 150; Hest, t. 170; Nipper, le. 170; McCullick, c. 160; Ray, rg. 150; Browning, rt. 160; Hamrick, re. 165; Huggs, c. 140; W. L. Hughes, lb. 140; Don Clemmons, rh. 160; Jackie London, rh. 150.

Officials for the game will be Barber and Davis from White Deer and Hinger from Pampa.

Barker Picks Army, Seahawks As Winners

By HERB BARKER
NEW YORK, Oct. 16 (AP)—Taking the weekly buggy ride along the football guessing trail:
Iowa Naval-Notre Dame: Maybe there's some place along their tough schedule that Bernie Bierman's pre-flighters are going to tumble. This corner declines to even try to figure out when that's going to be. These naval outfits, with their wealth of manpower, apparently are not so susceptible to slumps as are ordinary college teams. Iowa Naval.
Tulane-Georgia Sinkwich and Trippe give Georgia a terrific scoring punch, enough, it seems here, to give the Bulldogs what edge there may be in this game. Georgia.
Princeton-Penn: The Tigers furnished a big surprise last week in the upset of Navy. It would be a much bigger one if they win this one. Penn.
Army-Columbia: With due respect for the passing prowess of Columbia's Paul Governal, this vote goes to Army.
Tennessee-Alabama: As usual this is a crucial Southeastern conference clash. Two bitter rivals, each with plenty of football talent. After due consideration and with not a little repudiation, Alabama.
Texas Christian-Texas A. & M.: The Cadets seem to have fallen upon evil football days. T. C. U.
Washington State-Southern California: State has won three in a row; the Trojans haven't beaten anybody. Which makes it hard to justify this hunch that Southern California is due to start moving. U. S. C. L. A.-California: This corner herewith gets off the tottering California band-wagon, probably at precisely the wrong moment. U. C. L. A.
Duke-North Carolina: Close enough. Duke seems to be the East's best team and gets this shaky ballot.
North Carolina Naval-Boston College: This guesser has found nothing but trouble in any prediction that one of the pre-flight outfits will lose. Nevertheless, just to be stubborn, Boston College.
Dartmouth-Harvard: The Crimson has ten to show any scoring punch of which Dartmouth has plenty. Therefore, Dartmouth.
Yale-Navy: Might develop into one of the day's most interesting duels. Out of the hat, Navy.
Lafayette-Brown: Looks safe (or does it?) for Brown.
Penn State-Cornell: No upset either way. On the toss of the coin, Penn State.
Duke-Colgate: Stringing along with Colgate in what may be an exceptionally close match.
West Virginia-Fordham: You pay your money and takes your choice. Fordham.
Auburn-Georgetown: Consistency is a jewel about which, it seems, Auburn knows nothing. For no other reason. Georgetown.
Syracuse-Holy Cross: On the records, no reason to look beyond Syracuse.
Indiana-Pitt: Since that opening disaster at Minneapolis, the Panthers have been tough. They'll be tough again but this guesser takes Indiana.
Northwestern-Michigan: Plenty of fireworks here. Michigan.
Purdue-Ohio State: The boiler-makers knocked off Northwestern last week and are ripe for more mischief. Still, Ohio State.
Wisconsin-Georgetown Lakes: Staying with Wisconsin.
Minnesota-Nebraska: Both twice-beaten which, in itself, must be something of a record for these two. Minnesota.
Illinois-Iowa: On the strength of its unexpected victory over Minnesota, Illinois must be picked but beware of the Hawkeyes on a dry field when Tommy Farmer starts passing.
Southern Methodist-Temple: The long trip won't do the Owls any good. S. M. U.
Florida-Villanova: A fair-hearted

Tigers Banking On Speed Over Panthers

SPECIAL TO THE NEWS
McLEAN, Oct. 16—The McLean Tigers will take to their field tonight before a home town crowd with but one thought, to beat Panhandle.

With only one win to show for four starts, and one of them the conference defeat by LeFors last week, the Tigers will be out for a win for themselves and the home folks.

Coach Cox will undoubtedly try for more speed from his aggregation, as this was their besetting sin in the LeFors game. A line-up entirely different from the one that has been working heretofore may result from a week of intensive workouts.

A passing combination would be a lifesaver for the squad. The boys aren't bashful about heaving plenty of them, but those that connect have been all too few.

If the Tigers stick to line plans, they may show the Panhandlers a thing or two, as they have proven themselves pretty adept in this department. In the LeFors game they chalked up 18 first downs to half that number for the Panthers. If they are forced to the air however, the ball game may be claimed by just anybody.

Boat Club Ball Set For Tonight

Boaters from all over the Panhandle are expected to fill the Southern club to capacity tonight when the McClellan Boat Club holds its annual ball and presentation of trophies to the winners of the series of motorboat races held during the summer.

Music will be by the Sons of the West orchestra and dancing will begin at 9 o'clock.

W. A. Noland is commodore of the club.

Help him to help you "SAVE THE WHEELS THAT SERVE AMERICA" by getting a skilled service check-up regularly

Take the word of millions: MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE than to any other dealer organization

Just how important the automotive mechanic's work is to the nation will be clear to all who consider the following facts:

- 54,000 communities depend entirely on motor vehicles.
- Six out of every ten farms use one car or more; 67% of farm car mileage is necessity driving.
- More than 65.2% of all war plants reporting in Michigan (a typical war production state) depend on trucks to haul their incoming and outgoing freight.
- Trucks haul nearly 100% of the milk supply of most large cities—and 58% of all livestock marketed in the U. S.
- Trucks are the sole transportation system serving our 54,000 communities not reached by railroads.

The automotive mechanic—the trained Chevrolet Victory Service Man—is the lifeguard of America's millions of cars and trucks. Help him to help you and America by getting a skilled service check-up at regular intervals.

Rev. Carver Will Conduct Services At First Baptist
The Rev. Douglas Carver, pastor of First Baptist church, will conduct both services at the church Sunday.
At 10:55 o'clock Rev. Carver will speak on "Victory and Why I Believe We Will Win." At the 8 o'clock service his subject will be "Lessons Learned From Life or a Veteran's Valedictory."
Special music will include an anthem, "Glad Thy Burden on the Lord" (Sudds), by the choir under the direction of H. Paul Briggs.
The morning service will be broadcast over Radio Station KPND for those who are unable to attend church.
Rev. Carver will teach Everyman's Bible class in the city club rooms in the city hall Sunday morning at 10 o'clock.
The pastor returned this week from Memphis where he conducted an eight-day revival meeting.

MONTHLY ROYAL SERVICE PROGRAM
Presented At WMS
CANADIAN, Oct. 16 — Mrs. George B. Mathers was hostess Thursday afternoon at the monthly Royal Service program of the Woman's Missionary Union of the local Baptist church.
Mrs. R. B. Wiggins's circle prepared the program which was in charge of Mrs. H. S. Wilbur.
Mrs. A. B. McPherson's circle was in charge of the refreshment period.

Uncle Sam Carries the BAL
In this battle for existence, for our own democratic way of life, Uncle Sam has taken the offensive. He has become determined to ferrit out all the slant-eyed and goose stepping mongrels. He is going to smother them with the great offensive power that only he can muster. But Uncle Sam is only as big as you and I. He can go only as far as we want him to. To show that we are really behind him and this great land of ours, it is our duty to buy all the War Bonds and Stamps we can. Buy them every week, never letting up until this world menace has been licked. It's square up to us, it is our part in this gigantic struggle. Don't let our fighting forces down, buy your share of Bonds and Stamps every week.

Uncle Sam Carries the BAL
What You Buy With WAR BONDS
U. S. Bluejackets and Marines are now issued self-inflating belts to add to their protection on the high seas. These belts wrap comfortably about the waist and during less dangerous periods can be worn deflated. It only takes a second to insert a small gas cartridge which inflates the belt.
These cartridges look much like the "sparklets" which we use in a seltzer bottle. The same carbon dioxide gas is used for inflating the life belts. Your purchase of War Bonds will aid in providing this new measure of safety for our Sailors and Marines and for the boys who go across on our convoy ships. INVEST AT LEAST TEN PERCENT of your income every day.

Atonement To Be Subject Of Sermon
"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 18.
The Golden Text is: "John seeth Jesus coming unto him, and saith, Behold the Lamb of God, which taketh away the sins of the world" (John 1:29).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For other foundation can no man lay than that is laid, which is Jesus Christ" (I Corinthians 3:11).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The supremacy of Spirit was the foundation on which Jesus built. His sublime summary points to the religion of Love" (page 138).

SUNDAY SCHOOL LESSON
Text: Luke 2:40, 52; II Peter 1:1-8
By WILLIAM E. GILROY, D. D., Editor of Advance
"Growth in Christ" is the title of this lesson, but the topic for intermediate and senior students is "How We Grow as Christians." It is well to bear in mind both titles, for the lesson is in two related parts, reminding us that we grow as Christians as the child Christ grew, increasing in wisdom and stature and in favor with God and man.
It was a good thought that led the framers of this lesson to associate these two parts, the one concerning Jesus and the other concerning ourselves; the one, Luke's record of the normal growth of Jesus, and the other, the wise and incisive words of the Apostle Peter, now grown old in Christian experience, with all the richness of his youth melted in the intensity of Christian love.
Another portion of Scripture might very well have been attached to these two parts, namely, Paul's definition and summary of the normal growth of a Christian, and the wise and incisive words of the Apostle Peter, now grown old in Christian experience, with all the richness of his youth melted in the intensity of Christian love.
Perhaps it is not quite right to say that these things should be added to one another and all built upon a foundation of faith, but more proper to say that they are closely related qualities of the Christian life which cannot be separated from one another.
It may be instructive to compare, with this list of Peter's, Paul's description or catalog of the fruits of the spirit, as they are found in Galatians 5:22-23, "The fruit of the Spirit, Paul says, 'to love, joy, peace, long-suffering, kindness, goodness, faithfulness, meekness, self-control.' Against these things, Paul says, there is no law—a comment that is very much like that of Peter in our lesson, that if the things that he has listed are possessed by disciples who abound in them, their lives will not be idle or unfruitful unto the knowledge of our Lord Jesus Christ."
The things that both Paul and Peter emphasize are so specific, so understandable, and so practicable, that the only question is concerning the insight and the will that we have to make them manifest in our own lives through faith in Christ and the knowledge of Him.

Market Briefs

NEW YORK, Oct. 16 (AP) - Leading stocks continued to bank water to today's market but it was a case of suspended buying rather than pressure of real liquidation.

The best news of the session was the Southern Pacific \$1 dividend, first since 1932, although this issue, as well as other carriers failed to do much in the way of rallying.

A little encouragement was derived from the slowness of dealings on the downturn when it was recalled that volume expanded substantially on the recent recovery push.

Table with columns for stock names and prices. Includes items like Cont Oil, Phillips 66, and various other market indicators.

Shepherding a plane to the deck of the USS Charger, former merchantman converted into an aircraft carrier, a landing officer signals the pilot that he is too low and should climb slightly.

House To Have At Least 64 New Faces

WASHINGTON, Oct. 16 (AP)-The house of representatives in the new congress starting in January is certain to have at least 64 new faces without waiting for the Nov. 3 election returns.

With the congressional primary run-offs in Louisiana completed, an associated press survey today showed that this was bound to occur because 31 incumbent members were not candidates for reelection, 22 were defeated in the primaries, and seven vacant seats are to be filled in next month's balloting.

In addition, one member has died and three others have resigned to enter the armed forces since their renomination and new nominees have been named.

pounds, expires at midnight Oct. 31. OPA announced allotments for industrial and institutional users for November and December.

Institutional users, including hotels, restaurants and similar institutions, will receive 90 per cent of the sugar base established by them. An allotment of 85 per cent has been established for hospitals treating patients suffering from acute illness and temporarily residing in the hospital. OPA said, however, that it was expected the greater part of the sugar would be for patients and that doctors, nurses, and hospital employees would be served the same as persons eating in other institutions.

Industrial users of sugar will receive 70 per cent of the sugar base established by them. The ration period for industrial and institutional users begins November 1, but applications for allotments may be made any time up to November 5.

NAZIS

(Continued from Page 1) lered the streets and more than 36 Nazi tanks were smashed as the Russians beat off seven attacks in the city yesterday, the Soviet command said, but despite their losses the invaders pressed forward in a climactic attempt to fulfill Hitler's boast that Stalingrad was doomed.

The Berlin radio asserted that the siege armies had "broken the cornerstone of the Russian defense system in the northern sector" and occupied the west bank of the Volga along a two-mile front.

"Soviet resistance now is concentrating mainly at the 'red barricade' gun factory and at the 'red October' iron works" south of the captured Dzerzhinsky tractor factory, the German Transocean News agency reported.

"This small triangle of defense is located northwest of the German

offensive wedge in the debris of the Spartakovka Rynok settlement."

A Nazi broadcast admitted that the Russians still held the downtown sector of the city, however, while the Soviet command declared the new outburst had cost the invaders more than 1,500 dead.

At the same time, the Russians were officially reported to have gained fresh ground in local attacks against the German flank north and south of Stalingrad, and maintained their defenses in the mountain passes deep in the Caucasus, where the Nazis are driving toward the Gronzy oil fields.

DRAFT BILL

(Continued from page 1) tomorrow. Under house rules it could not be taken up today except by unanimous consent, a procedure leaders decided to forego in order to permit debate.

Driving ahead with a similar bill the senate military committee near an end of hearings amid indications of a final vote early next week.

As approved by the house committee, the legislation assured high school and college students of deferment long enough to complete their current academic year, provided it does not run beyond June 30, 1943, and revised the set-up under which local draft boards have been meeting monthly quotas intended to build the army to a strength of 7,500,000 by the end of next year.

tion of Representative Kilday (D-Tex.), grants a delay only to students requesting it. Kilday conceded it could result in the wholesale deferment of every 18 or 19-year-old student until next July 1.

Of the estimated 2,500,000 additional men the legislation would be liable to the draft, the committee was told that some 1,000,000 would be cancelled out because of enlistments or rejections.

The great majority of the estimated 450,000 men to be inducted in December of this year, Selective Service Director Lewis B. Hershey had explained, would come from the teen-age group if the law were passed. The rest, he said, probably would be used up by April, at which time it would be necessary to call married men without children and single men with dependents.

PRODUCERS

(Continued from Page 1) accommodate production of the lease to fit his manpower.

Thompson advanced lease allowances as the answer to the shortage of steel for pumping equipment, proposing that the allowable of the well for which no pumping equipment can be obtained be assigned to the equipped well.

The East Texas field averages one well to each five acres but the War Production board will grant critical materials for only one well to each 10 acres. Since the commission under present rules fixed allowances on a per well basis, operators with two non-flowing wells lose the allowable of one well as equipment can be obtained to make only one pumper.

Thompson indicated that operators might request the commission to close down all wells in the East

Texas field making considerable water and allocate their production to other wells not making water.

Approximately 1,000 wells would be involved if this proposal were adopted. Since water requires as much lifting energy as oil, more could be produced with the same expenditure of energy if all water production were cut off.

TEXAS COAST

(Continued from Page 1) lian defense director; Mayor Neal Pickett, law enforcement agents of the city and county, the coast guard, the state highway patrol, representatives of business, the oil industry, utilities and hospitals.

The dim-out regulations go into effect at sunset Monday, October 26. Night football and baseball games will be permitted, provided the lights can be extinguished within five minutes following an alarm.

UNREST

(Continued from Page 1) An RAF communique listed 18 planes as missing—indicating a force of perhaps 250 to 400 aircraft took part in the raid—while the Germans said 22 planes were shot down.

An armada of 1,130 RAF bombers carried out the pulverizing attack on Cologne last May.

Battle of Malta—British defend-

ers of Malta were officially credited with shooting down 14 more Axis planes over the Mediterranean island citadel yesterday, making a five-day total of 95 enemy planes destroyed since the Germans and Italians began their intensive pounding of the stronghold Sunday.

SOUTHWEST

(Continued from page 1) munike announced, perhaps significantly.

Previously, all British forces were reported to have withdrawn into India after the disastrous Burma campaign last spring.

Reliable but unofficial sources in New Delhi said Gen. Wavell gave a "suggestion" that an attack on Burma could be expected.

In this connection, observers pointed out that American and Allied bombers in recent weeks have stepped up their assaults on the Japanese base at Akaba, on the bay of Bengal just below the Indian frontier, and other targets in Burma.

Lieut. Gen. Joseph W. Stilwell's headquarters announced this morning that U. S. bombers and fighters again pounded the enemy base at Lashio, Northern Burma, yesterday, starting fires visible 40 miles.

Other developments in the Far Pacific struggle: Madagascar—British troops pressing their occupation of 1,000-mile-

long French Madagascar Island off the coast of Southeast Africa, were officially reported to have captured Ambohitra, 142 miles below the fallen capital city of Tananarive.

A British communique said the Vichy French defenders offered stiff opposition four miles north of the town but were overwhelmed.

New Guinea front—Australian troops driving toward the Japanese base at Kokoda were reported exerting strong pressure on the enemy on the summit of the mile-high Owen mountains, while American havocs and alracobras bombed and

machine-gunned enemy troop columns.

Front line dispatches said the Allied advance was being "delayed more than halted" by the suddenly encountered Japanese resistance after 10 days of steady retreat by the enemy.
