## WE'VE JUST BEGUN TO FIGHT!

This is a picture, just released by the Navy Department, showing the battleship Maryland as she strove to fight back when, a year ago tomorrow morning, the Japanese struck in their

infamous sneak attack upon Pearl Harbor. Beside the stricken Maryland may be seen the hull of the capsized Oklahoma. Today the giant Maryland, re-

covered from the blows dealt her that Sunday morning, is back in the front line. Perhaps already the little men of Nippon know well the fury of her vengeance.

BERN, Switzerland, Dec. 5 (AP)—About 12,000 Russian prisoners of war died in Finland in the year ended last July, the Finnish legation said today in a statement reflecting the hardships of war in that Northern country.

### War Diary To Be Daily Feature Of The Pampa News

The Pampa News, in cooperation with officials of the Pampa Flying school, has arranged for daily publication of a War Diary compiled by the War and Navy Departments of the United States, in which, day-by-day, some event deemed noteworthy in the conduct of the war, will be published.

### I SAW

A letter from Zeke Marchant, a private in the U. S. Air Corps stationed at Philadelphia, and he says reports that he is married are exaggerated. "In fact," he writes, "I'm still very much single and enjoying life in Uncle Sam's Army." Marchant formerly was a checker in a downtown market.

## Sneak Attack Left U. S. Navy Knocked Out

By WILLIAM T. PEACOCK WASHINGTON, Dec. 5 (AP)—The Navy, in the first full report of Pearl Harbor losses, revealed today the Japanese blow sank or damaged every American battleship—eight in all—in the Hawaiian area, 10 other ships and a large floating drydock.

Yet the job of raising and repairing these ships has been rushed at such a furious and successful pace that over half have rejoined the fleet and only one, the torpedoed, bombed and burned battleship Arizona, is accounted a total loss.

The Navy's Pearl Harbor anniversary summary divided the ships hit into two classes:

Damaged but soon repaired and which rejoined the fleet "months ago."

Battleships Pennsylvania, Maryland and Tennessee.

Cruisers Helena, Honolulu and Raleigh.

Seaplane tender Curtiss.

Repair ship Vestal.

Sunk or damaged "so severely that they would serve no military purposes for some time."

Battleships Arizona, Oklahoma, California, Nevada and West Virginia.

Destroyers Shaw, Cassin and Downes.

Minelayer Oglala.

Target ship Utah.

A large floating drydock.

A number of these vessels, the Navy said, "are now in full service but certain others x x x are not yet ready for battle action."

"Preparations for the righting of the Oklahoma are now in process, although final decision as to the wisdom of accomplishing this work at this time has not been made," the Navy said.

The eight battleships represented almost half the Navy's strength in that category.

Besides ships, losses were given as 105 Naval and 97 Army airplanes and the following personnel casualties:

2,117 officers and enlisted men of the Navy and Marine Corps killed, 960 missing and 871 wounded who survived. "The Navy lists as dead only those whose bodies are recovered."

226 Army officers and enlisted men killed; 396 wounded "most of whom have now recovered and have returned to duty."

All these terrible losses, the Navy estimated, were inflicted by 105 Japanese planes which, winging from carriers at sea, slipped under the easy peacetime American guard to make their treacherous and deadly attack at 7:55 a. m., Hawaii time—just as the watches were changing on the fleet units and while many of the personnel were at Sabbath services.

Thirty-eight Naval planes got into the air, including 18 which took off from a carrier which arrived off Pearl Harbor while the attack was in progress. Four were shot down.

## Cruiser Sunk By Army Liberators

CAIRO, Dec. 5 (AP)—Photographs taken today by Allied reconnaissance aircraft show an Italian cruiser definitely was sunk by United States Army Liberator bombers in the raid on Naples yesterday.

A battleship and another cruiser were badly crippled by direct hits and harbor and railway installations were battered beyond recognition, said experts who studied the photographs.

## 50 Miles Of Pipe Line Incomplete

WASHINGTON, Dec. 5 (AP)—Petroleum Administrator Ickes reported today that less than 50 miles of main-line pipe remained to be laid on the Texas-Illinois leg of the 24-inch war emergency pipeline. He said 473 1/2 miles had been laid by the end of November.

Some construction crews already are moving equipment to sites along the 875-mile extension from Norris City, Ill., to the New York-Philadelphia refining areas.

## War Production In 1942 Nears Goals Set By President

## McNutt Gets Full Labor Controls

WASHINGTON, Dec. 5 (AP)—President Roosevelt today suspended voluntary enlistments in the Army and Navy, transferred Selective Service to the Manpower Commission, and authorized priorities over civilian employment.

Under an executive order, the President forbade the armed services from accepting voluntary enlistments of men in the 18 to 38 age group, forcing the services to take all future men through the Selective Service system. The order is effective immediately.

# Allies' Line Holds

## Rush Support For Troops On Tunisia Front

By The Associated Press LONDON, Dec. 5 (AP)—Allied reinforcements of guns, tanks, men and planes were reported rushing through the twisting defiles of the Atlas mountains tonight to the aid of a British and American force battling fiercely to hold the still unbroken Mateur-Tebourba-Djedida horseshoe line in northeastern Tunisia.

Reliable quarters in London said there was every reason to believe that sufficient forces for a crushing blow were moving up.

The Germans had failed to crack the Allied positions despite almost incessant counter-attacks with tanks and dive bombers. Allied headquarters said.

Lieut. Gen. Dwight D. Eisenhower was reported to be massing tanks and artillery for a new drive against Djedida, 12 miles northwest of Tunis, which the Germans had recaptured at heavy cost.

Three furious German counter-attacks by infantry and tanks in the last five days have failed to break the Allies' hold on vital road and communication, a headquarters spokesman said. It was acknowledged, however, that the Germans had succeeded in recapturing the disputed village of Djedida.

Naples Hit Hard Reuters' London tank attacks were accompanied by thunderous bombardments from Stuka dive-bombers, but doubted that the Germans had either sufficient men or tanks to maintain their present scale of counter-attacks long.

The official American account of the attack said that "excellent results were accomplished with direct hits by heavy caliber bombs on all objectives."

In order to reach Naples, principal seaport for Rome on the lower shore of the Italian boot, it was necessary for the Liberators to make the long trip across the Mediterranean and elude the powerful Axis air fleet based on Sicily; yet

## WE'VE JUST BEGUN TO FIGHT!

Midland Radio school, Kansas City, Mo. She is Miss Carol Hanson, of Grinnell, Iowa, now installed as operator at the line's Dallas base.

The order expanded powers of Chairman Paul V. McNutt of the War Manpower commission to have authority to determine not only who goes into the armed services but what civilian jobs the stay-at-homes can take.

The order was so broad that McNutt also will have power to limit the types of women that the armed services can take into their auxiliaries.

Worker Priority While application of the civilian job priority power may depend on what use McNutt makes of his new authority, the President prescribed: "No employer shall retain in his employ any worker whose services are more urgently needed in any

establishment, plant, facility, occupation or area designated as more essential by the chairman pursuant to this section."

In transferring administration of the Selective Service act to McNutt, the President continued the office of "Director of Selective Service," now held by Major General Lewis B. Hershey, but made Hershey subject to McNutt's authority. All local draft boards were directed to continue functioning as in the past, except that they get their future directives from the War Manpower commission.

"The ban on voluntary enlistments does not apply, however, to anyone who has already on file a bona fide application for enlistment, if his

## 13 Points Set Forth In FDR Order Naming McNutt Manpower Czar

WASHINGTON, Dec. 5 (AP)—President Roosevelt's executive order on manpower today contained 13 points, as follows:

1. The War Manpower commission shall consist of a chairman and one representative each of various government departments.
2. The "functions, powers, duties, personnel, records, property and funds" of the Selective Service system are transferred to the Manpower commission.
3. The Secretaries of War and the Navy, consulting with the commission chairman, Paul V. McNutt, shall determine each month the manpower requirements of the armed forces and McNutt shall furnish the men through selective service.
4. Voluntary enlistments by men 18 to 38 are halted.
5. Insofar as prosecution of the war requires it, all war workers shall be hired through the United States Employment service, and no employer shall retain a worker who may be needed more urgently in a more essential occupation.

## Ohio Governor In Presidential Boom

ST. LOUIS, Dec. 5 (AP)—Launching of a 1944 Presidential boom for Gov. John W. Bricker of Ohio by Senator Robert A. Taft overshadowed other interests today among Republicans gathering for a meeting Monday to pick a new national committee chairman.

Taft, a prominent candidate for the Presidential nomination in 1940, announced in Washington, before leaving to attend the meeting here, that he preferred to run again for the senate in 1944 and would support his fellow Ohioan for the Presidency.

## Freak Storm Hurts Several; 200 FHA Buildings Damaged

BEAUMONT, Dec. 5 (AP)—Several persons were injured, none seriously, in a freak tornado which destroyed or damaged 200 of the 500 homes of a federal housing project under construction near the Neches-Bu-tane Products company plant at Port Neches at noon today.

Traveling toward the northeast in a path said to have not been more than 75 feet wide, the tornado swept down two main power lines furnishing the city of Port Arthur, and cut telephone communication. Telephone service was quickly restored and power routed into Port Arthur over alternate lines.

The tornado accompanied a rainfall measuring more than two inches which fell during the morning. Neither of the two nearby cities of Port Neches and Nederland were hit. The homes damaged were being built for Negro employes of a synthetic rubber plant under construction.

## WE'VE JUST BEGUN TO FIGHT!

Leaders of the Axis powers have scoffed at the capacity of Democracy to wage modern war. Muddlers and weaklings, they have cried in the derision of braggarts. The first months of war saw many costly setbacks to the American arms. This chart, however, shows that Americans are in stride today; that after a year all signs indicate them on the march to victory.

## Handy Men Get V.F.W. Work Call

Bring your saw and hammer and report at 208 N. Cuyler at 2 o'clock this afternoon, Fred Fender, commander of Pampa Post 1657, Veterans of Foreign Wars, asked V.F.W. members and others today who will volunteer.

Reason is bases must be built for Christmas trees on sale by the auxiliary at the N. Cuyler location. Some of the trees already have been sold, although they were not on bases.

A number of the trees were moved yesterday from the storage place to the market. Break-down of a truck that was bringing in the bases, however, delayed the work and everything is not complete for the sale as had been expected.

The season for the sale is now at hand, and the V.F.W. is anxious that the tree market be ready without delay.

Proceeds from the sale go to charitable causes. The sale this year, as last, is being handled by the V.F.W. auxiliary, with Mrs. Al Lawson as chairman of the Christmas tree sale committee.

## War And The Top O' Texas

Vital Information

After a recent tour of the north and east, W. L. Stangel, head of the animal husbandry department at Texas Technological college, said he found general concern over a possible meat shortage. Prior to the war, he said, the government purchased 10 per cent of meat available for consumption, but it is now purchasing 30 per cent.

He points out the recent government order limiting the amount of meat for domestic use. No concern can slaughter during the last three months of 1942 more than 95 per cent of the number of hogs, 75 per cent of the number of hogs and 70 per cent of the number of cattle slaughtered during the corresponding period of 1941.

A proposed order to strengthen federal control over food was also expected soon, and high administration officials, speaking anonymously, said Secretary of Agriculture Wickard would be given the job of food administrator.

The department said the action was taken "as a result of experience gained during the past three years which indicates that men 38 years of age and over are generally physically less able to withstand the rigors of present-day combat activities and that many of these men can make a more effective contribution to the war effort in industry rather than in the Army."

### SNEAK

Continued from Page 1

was not stated except that they were "few" but shot down "more than 20 Japanese planes."

By Navy action, the enemy lost 28 planes and three small, two-man bombers. The Japanese also took part in the surprise attack but are believed not to have inflicted any damage on the fleet.

(The Army issued no separate statement on its Pearl Harbor losses, damage to the enemy, etc., and did not amplify on the Navy's references to it.)

Until today's summary, the only official statement on the extent of the losses at Pearl Harbor was that made by Secretary of the Navy Knox last Dec. 15—eight days after the disaster.

Knox said we had "lost" the battleship Arizona, the destroyers Shaw, Cassin and Downes, the target ship Utah, and the minelayer Ogilava with some other ships damaged. The Oklahoma, he said, had capsized. As for the extent of the damage to other ships, he said this information must be withheld as it was of value to the enemy.

How valuable that information might have been was made crystal clear by today's report. Hawaii, its air defenses riddled, lay virtually helpless. The Pacific fleet, without a battle line, was badly outweighed by the Japanese main fleet and, had it been engaged, might have been destroyed.

Carriers Absent

Happily, there were some aspects that were not so bad as they might have been. When the Japanese attacked, there were 86 ships of the fleet moored in Pearl Harbor. Two task forces were carrying out missions at sea.

None of the vessels in Pearl Harbor was an aircraft carrier, and these ships, it has developed, are essential to present day naval operations.

Losses of cruisers and destroyers were light, and these categories were most needed for the immense convoying job the war forced on the Navy.

Personnel responded to the challenge magnificently.

"Torpedo planes, assisted effectively by dive bombers, constituted the major threat of the first phase of the Japanese attack, lasting approximately a half-hour," the summary said. "Twenty-one torpedo planes made four attacks, and 30 dive bombers came in in eight waves. Fifteen horizontal bombers also participated in this phase of the raid.

"Although the Japanese launched their initial attack as a surprise, battleship ready machine guns opened fire at once and were progressively augmented by the remaining anti-aircraft batteries as all hands promptly were called to general quarters. Machine guns brought down two and damaged others of the first wave of torpedo planes. Practically all battleship anti-aircraft batteries were firing within five minutes, cruisers within an average time of four minutes, and destroyers, opening up machine guns almost immediately, averaged seven minutes in bringing all anti-aircraft guns into action."

Along with its statement, the Navy made available to the press some photographs of damaged ships which were more revealing as to the nature of the damage suffered.

From these pictures, it was apparent that many of the big ships had been heavily damaged below the water line and had settled to the bottom. Because the anchorage is relatively shallow, their superstructures remained above the water and it was possible to repair the below water damage and raise them.

### PRODUCTION

Continued from Page 1

such a pace that this country alone is outproducing the Axis.

Revealing some figures carefully kept secret heretofore, OWI said in a review of the war's first year that production for the calendar year 1942 would total:

49,000 planes  
32,000 tanks and self-propelled artillery  
17,000 anti-aircraft guns larger than 20 millimeter  
8,200,000 tons of merchant shipping

The goals which Mr. Roosevelt set last January were 60,000 planes, 45,000 tanks, 20,000 anti-aircraft guns and 8,000,000 tons of merchant shipping.

At that time the figures were considered breath-taking in this country. The Axis radio scoffed at them as fantastic and absurd.

OWI, in its review, called the record "impressive" and observed that there were some compensating factors in the categories where goals were not met.

"An increasing proportion of our planes are heavy bombers," it pointed out. "In addition to tanks and self-propelled artillery, many thousands of scout cars and half and full-track carriers have been produced which are as essential to a well-rounded mechanized force as are tanks themselves. Many, many thousands of anti-aircraft machine guns have been turned out."

But, OWI admonished, there should be no cause for contentment in the figures themselves "or in the fact that we are now outproducing the Axis in armaments."

"The production tasks of 1942 seem easy compared to those which lie ahead," it continued. "In 1942 we were still living off our peacetime fat. We are now close to the bare muscle and we can only produce by toughening and increasing that muscle.

"In the next year our program calls for so great an increase in munitions production that we shall have to produce two-thirds again as much as we did in 1942."

every plane in the attacking fleet returned safely.

Accompanying news of the blow to Naples came the announcement that Maj.-Gen. Carl Spaatz, commander-in-chief of American aerial forces in the European war theatre, had reached North Africa to take personal charge of the air warfare in Tunisia.

Though reported greatly outnumbered over the actual fighting front

by swarms of Axis planes, American and RAF fighters were in continuous sweeps over the battle area. Great sky battles were raging over the struggling ground forces, but uncertain communications afforded only a fragmentary picture.

Late reports revealed Americans and French under Col. Edson Raff, chief of American parachute troops in North Africa, had captured a town in central Tunisia yesterday "by direct assaults in which French-manned 75s played a decisive part."

BRADFORD, England, Dec. 5 (AP)—Prime Minister Churchill told an audience in this North England industrial center today "very hard fighting" faces the Allies before they will be able to kick the Axis out of the last 20 miles in Tunisia.

Reminding his hearers to be on their guard against over-confidence as a result of recent good fortune for United Nations' arms, he also warned that "the hard core of Nazi resistance and villainy is not yet broken in upon" in Europe, and that the most tense part of the struggle is only approaching.

### U. S. Armored Body Achieves Rescue

WITH THE ALLIED ARMIES WEST OF TEBOURBA, Dec. 2 (Delayed)—Timely arrival of United States armored forces, plus the expert night maneuvering of a long motor convoy over open country, today snatched a large body of British troops from an Axis pocket in the Tebourba area and gave promise of completely felling a Nazi attempt to cut off the Anglo-American spearhead pointed at Tunis through Djedeida.

For this correspondent who had resigned himself to the probability of capture and the possibility of death when German tanks and infantry surrounded the Allied advance positions, the appearance of reinforcements approximated a miracle.

# Nazis Fail To Break Cordon, Allies Report

By GAYLE TALBOT  
Associated Press War Editor

Although German armored forces have launched three heavy counter-attacks in the last four days and have thrown Anglo-American troops back out of two hotly-contested Tunisian towns, they have failed to break the Allied cordon being drawn around them, Allied headquarters announced Saturday.

Heavy Allied reinforcements reported rushing into the battle to bring an overwhelming weight of tanks, planes and guns against the comparatively small but fiercely resisting Axis force defending Tunis and Bizerte.

In at least three furious German attempts to break out of the Allied cordon in the last four days they lost 23 of their dwindling supply of tanks and an Allied spokesman said Lieut.-Gen. K. A. N. Anderson's invading forces still held all vital roads and communications in the fluid battle zone between Tunis and Bizerte.

Pushing out desperately behind a barrage laid down by Stuka dive-bombers, Nazi infantry and tank columns were acknowledged to have thrown the Allies back out of Djedeida, 12 miles from Tunis, and to have re-entered Tebourba, another hotly-contested town, but the importance of this hard-won gain was discounted by Allied headquarters.

In such tank battles as are raging along the mountainous front between Djedeida and Mateur, 25 miles south of Bizerte, the occupation of a few villages was said to be of slight importance. The fact that the Allies still controlled the heights above Tebourba and had thrown back the Axis counter-thrusts after comparatively brief gains was the significant thing, a spokesman declared.

Heavy Allied reinforcements were reported being rushed into the battle as fast as the Tunisian trails would permit, and reliable military quarters felt there was little doubt that Lieut. Gen. Dwight D. Eisenhower soon would be able to bring a crushing weight of men, tanks, guns and planes against the comparatively small Axis force opposing him.

## Oil Industry Hits

### Low Price Level

OKLAHOMA CITY, Dec. 5 (AP)—Manpower and governmental red tape are two major obstacles to continued normal operation of the oil industry, witnesses told the Truman senate investigating here today.

The hearing, which opened yesterday, was handled by Sen. Carl Hatch (D-NM). Other members of the committee returned to Washington from Kansas City earlier in the week.

Throughout the sessions here witnesses stressed the need for a higher price for crude oil, preferably 50 cents a barrel more; general opposition to a subsidy to the industry was expressed and a few complimented the office of petroleum coordination and Harold Ickes, coordinator.

Leon Henderson, price administrator, was almost universally condemned for failure to grant price increases on crude.

## Packing Plant Fire

### Just Won't Give Up; Five Calls To Date

Pampa firemen are getting pretty well accustomed to the route between the fire station and the Panhandle Packing company at 1700 Alcock.

For the fifth time in six days the firemen made a run to the packing company at 8 o'clock yesterday morning where cottonseed hulls and wool used between the walls for insulation continues to burn, hanging on with the persistence of an unsatisfied A gasoline ration card holder.

Reason is not the lack of efficiency on the part of firemen. "Ever see a cotton bale on fire?" Fire Chief Ben White said last night. "Well, it is like that—you think you have it out, but somehow it keeps breaking out. We think we have it under control this time, for they're tearing out the material now."

Firemen made their first run at 3:25 a. m. Monday; second at 8:50 Friday morning; the others, late Friday night at midnight, and the last run at 8 a. m. yesterday.

## Dallas Recruiter Gets

### Two Hero Awards

DALLAS, Dec. 5 (AP)—Double honors came today to L. H. Ridout Jr., commanding officer of the Dallas District Navy Recruiting office. He was presented with the Navy and Marine Corps medal for heroism of military personnel in non-combatant zones, and at the same time his promotion from rank of lieutenant to that of lieutenant commander was announced.

Last July 4, while on a recruiting inspection trip at Amarillo, the Naval officer swam to the rescue of Mrs. John Leland, one of four persons spilled into Lake McClellan when a small motor boat overturned. He brought her to shore.

The other three occupants of the overturned boat were rescued by persons in another boat.

PLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

The Pattern Takes Shape

Bureaucracy can make hash out of individual rights. It is doing so right now in many of our states, by trying to force some form of socialism down the throats of the people.

Cause For Pride

One of the most fantastic stories of the war has not been told and will not be told until the guns are still. That is the story of air transport. Much of the fighting now taking place in far-away corners of the globe, in steaming jungles and on minute islands, primarily is to determine who shall control the strategic air routes of the future.

Coffee Rationing

Government explanations of coffee rationing still do not satisfy doubts of a large sector of the public. Undoubtedly they are true, but they are not adequate.

The Nation's Press

The New Dealers have already dismantled eight American industrial plants and sent them to Latin America. It cannot be pretended that all these installations are of no value in the war effort.

Common Ground

"I speak the plain-word primer. I give the sign of democracy. By God I will accept nothing which all cannot have their counterpart of on the same terms."

WILL OUR MISGUIDED SYMPATHY FOR THE POOR WRECK US?

Few people realize that most of the laws that we have passed in the last 30 years have been motivated with the belief that they will help the poor.

Now, since some of the greatest historians of the ages have pointed out that these kinds of laws, instead of helping the poor, make it harder for them and even destroy civilization, it becomes our duty to carefully analyze our laws and see if they, in reality, are beneficial or harmful.

Another great observer of history, Gustav LeBon, says, "Philanthropists, whether social, religious or political, all belong to the same family. They regard themselves in all good faith as friends of humanity and have always been its most pernicious enemies. They are more dangerous than wild beasts."

Most of the banking laws were for the purpose of helping the man whose judgment was not good when he borrowed money.

Changing the gold content of the dollar and going off the gold standard was to help those that got themselves into obligations they could not pay.

All the price ceiling laws were for the purpose of helping the "under-privileged".

All rationing laws are for the purpose of helping the "under-privileged". Even the rationing of tires and gasoline is not to win the war, as is usually believed, but to make it so that people with smaller means can have tires.

When it's all over, this country will have lost factories get into production months and years will have passed and the war can be over. Meanwhile the country will have lost the services of scores of its engineers and factory executives, who will have to be sent along to supervise the transfer and train the South Americans to run the machines.

MANY HAPPY RETURNS OF THE DAY

News Behind The News

The National Whirligig

PEACE: A point was brought into the open by Prime Minister Churchill in his radio speech which went unnoticed by the public but has recently been the anxious concern of realistic diplomats.

Soon, however, he was "smeared" by inspired reports that his "two per cent club" and his income tax payments were under investigation by the Internal Revenue Bureau.

RIVALRY: In such an event there would arise the lament that American boys were used chiefly to make the world safe for Communism.

IDEALISTS: Idealists hope that if we save the Muscovites from starvation they will pay their debt to us by attacking Japan. Realists expect a similar outcome for entirely different reasons.

RETROGRADE: Prospective "elevation" of Paul V. McNutt as Secretary of the Interior marks the last act in a fine drama of political assassination as this base Capital has witnessed in many years.

What's Behind Aircraft Fight In Washington

By PETER EDSON The Pampa News Washington Correspondent

Shooting strictly from the hip and without careful aim, it is possible to cut loose with a couple of rounds of random, ricocheting opinion that there is a darn sight more than meets the eye to the Washington battle over aircraft production control between the War Production Board and the Army-Navy brass hats.

Each side accuses the other of being selfish, of being obstructionist, of not wanting to win the war. Thus they cancel out and you have to look elsewhere for the motives.

Some of the WPB braintrusts, those bright page boys who hang around on the planning committees of the War Production Board, would have you believe that this is a battle to determine the future of America, something like Lexington or Bull Run. They will tell you in all seriousness that the Army represents fascism and dictatorship.

It actually becomes funny. Yet some of these young economists whose counsel is at least listened to by the chiefs of war production believe that the Army and Navy procurement officers in their grasp for power have ambitions "to take over the government," lock, stock and barrel—not only war production and war economy, but the manpower as well. This is deadpan earnest.

Well, maybe it wasn't so good, but well—Aircraft Annie was so mad she could have torn a P-38 roost turkey. She screamed and yelled at her agent, and started

ANNIE'S OWN ANTHEM Well, of course, this sent Aircraft Annie into a tallsip. Wasn't her song just as good?

"All day long Aircraft Annie has not time for play. "She works in an aircraft factory. "She works all day and she welds away. "Aircraft Annie—the patriot. "She gives her country everything she's got."

Today's War Analysis

By KIRKE L. SIMPSON

In commemoration of the first anniversary of the Japanese surprise attack at Pearl Harbor which hurled this nation into the war, Washington has torn aside the curtain of secrecy to reveal in detail what happened on that "Day of Infamy."

It is an appalling picture. Within minutes "every battleship and most of the aircraft in the Hawaiian area" had been put out of action.

How overwhelming that demand stands, how effective it must eventually be in visiting vengeance upon not Japan alone but upon the whole Axis fellowship, the events of the 12 months since that tragic day sufficiently reveal. Even Tokyo's war lords and their Nazi masters were dumbfounded.

# TEXAS AGGIES CLINCH SECOND SPOT OVER SMU

## Texas Aggies Blast Cougars By 21 To 0

**DALLAS, Dec. 5 (AP)—**Sunset's Texas Aggies blasted the Cougars in the second straight season with a 21-0 victory over Amn Carter Riverside of Fort Worth here today.

The Aggies made two touchdowns in the first period and another in the third before the Fort Worth team could marshal its offense. Then with James Ford leading the way Carter got a touchdown. The payoff was a 23-yard sprint through the line by Ford. Bobby Johnson added the point.

The first Sunset counter came on a three-yard plunge through tackle by New Welch, smashing fullback who stood out for the victors. Arthur Burch, who divided offensive honors with Welch, scored the touchdown when he went over from the one-foot line.

The next Bison counter was scored on a lateral which Welch at left half, was awarded the title of the "Ladies' Man" of the squad. In a more serious vein, the T. C. U. players voted Capt. Bruce Alford, stellar end from Fort Worth, as "Most Valuable," and John Bond, right half, from McLean, as "Most Consistent."

The final Sunset touchdown was on a pass which Lester Crockett gathered in from the Amn Carter Riverside 13-yard line.

A crowd of 5,000 saw the game.

## Anna Sophomore Named TCU Best Disposer Of Food

**SPECIAL TO THE NEWS.**—PORT WORTH, Dec. 5 (AP)—J. C. Oneal, sophomore reserve tackle from Anna, Tex., didn't play much for T. C. U. this season (he was behind All-American Derrell Palmer), but he carried off leading honors in one department at least. He has been awarded the title of "Biggest Eater on the Squad" by vote of his teammates. The prize was a luscious, juicy pie!

Don Ezell, junior from Wink, who played quite a game for the Frogs last year, was awarded the title of "Ladies' Man" of the squad.

In a more serious vein, the T. C. U. players voted Capt. Bruce Alford, stellar end from Fort Worth, as "Most Valuable," and John Bond, right half, from McLean, as "Most Consistent."

## Southern California Beats Montana, 38-0

**LOS ANGELES, Dec. 5 (AP)—**Southern California's Trojans overpowered Montana University by a score of 38 to 0 today in the second half of gridded football. The Trojans relied almost entirely on their ground game to smother the Grizzlies, who have not won a game this season nor scored a point in their last contests.

## Goose Greek Star Veteran Of Jap 'Day Of Infamy'

**GOOSE CREEK, Dec. 5 (AP)—**J. G. Cotton, Milner finished the football season today as wingback on the Robert E. Lee High school team—just two days short of that eventful morning when he was wounded at Pearl Harbor.

Milner is the only World War II veteran in schoolboy football ranks of Texas.

He was wounded while at his post on the U.S.S. Arizona Dec. 7, 1941. Given an honorable discharge from the Navy and a foreign service bar he returned to classes in Robert E. Lee High school here at the start of the second semester.

When Milner asked for a chance to play on the football team, Coach Dan Stallworth demurred, but finally issued the 17-year-old veteran a uniform when Dr. Herbert Duke, team physician, gave the request his official approval.

Milner was an important factor in Lee High school winning the district championship. Today the team led by John Reagan of Houston in the first round of the state play-off.

## Golf Association Picks Bing Director

**CHICAGO, Dec. 5 (AP)—**Bing Crosby, radio crooner and movie star, was elected to the board of directors of the Western Golf association as the group closed its annual business meeting today by shelving any decision on tournaments until spring.

Other directors included Ben Ames, Oklahoma City.

## Sports Roundup

**BY HUGH FULLERTON, JR.**  
**NEW YORK, Dec. 5 (AP)—**There isn't much point in criticizing the New York State Athletic Commission as that august body has been worked over pretty thoroughly by expert critics, but its handling of the lightweight title situation was nothing less than noteworthy.

Looks as if the commissioners might have decided they won't be in office after the new administration takes over and wanted to leave at least one good headache for their successors. . . . Or maybe they were reminded that keeping the "titles" under their control is one way of keeping the big game here and thus providing more tax money for the state. . . . At any rate, you can expect Beau Jack or Tippy Larkin to trip over his long, grey beard some day when he's told that the 13-man elimination finally has ended and he's due to defend his championship against the survivor.

## Angott Retirement Muddies Anew Nation's Boxing Title Situation

**BY HARRY GRAYSON**  
**NEW YORK, Dec. 5 (AP)—**It seems that Sammy Angott's abdication is going to lead us into another one of those long elimination tournaments which in the past have resulted in all hands eliminated themselves.

Angott vacated the lightweight championship because he could no longer make 135 pounds and his hands would not stand further campaigning. . . . Seymour grabbed a shotgun and bagged the deer. The morning after the game he went hunting again and returned with a six-point buck. . . . Longhorns finished us off in one day and I finished my deer season off in two days," Sam explained.

## ONE-MINUTE SPORTS PAGE

L. H. Gregory, Portland Oregonian, "Arnold Scott, Montana halfback, stands second in the nation on football kickoff returns. We'll say for him that he couldn't be on a better team to make such a record; that's what Montana has done most of in football this year—return kickoffs."

## Frogs Rate Rice Best Team Met In Past Season

**SPECIAL TO THE NEWS.**—PORT WORTH, Dec. 5 (AP)—Rice has the best football team that Texas Christian played this year. . . . That's the all but unanimous opinion of the Horned Frogs voters (themselves). Two players voted for Texas; the rest gave Rice the nod. Stan Maguire, University of Texas tackle, romped off with individual honors among Frog opponents. He was named by the Frogs as the "most valuable lineman," and he was the only player to be named unanimously on their all-opponent team.

## William And Mary Trims Sooners, 14-7

**NORMAN, Okla., Dec. 5 (AP)—**William and Mary showed for three quarters today the stuff that made it king of the Southern conference, but Oklahoma threatened regime in the final period before the Virginians finally won, 14-7. . . . At the finish, after the Sooners had cut loose with a strong ground attack, the invaders were holding on desperately, battling down passes aimed at the end zone from the William and Mary 20.

## Missouri Victor Over Iowa Pre-Flight Men

**KANSAS CITY, Mo., Dec. 5 (AP)—**Husky Bob Steuber wound up his collegiate football career today by leading Missouri to a 7 to 0 victory over Bennie Bierman's Iowa pre-flight service team. A crowd of about 7600 watched the Big Six champions upset their rival.

## Notre Dame Ties Great Lakes, 13-13

**CHICAGO, Dec. 5 (AP)—**Notre Dame needed only two offensive chances to score two touchdowns in three minutes and 45 seconds today—on runs of 82 and 68 yards by Corwin Clait and Creighton Miller and tied favored Great Lakes, 13 to 13. . . . The spirited Irish rally came at the start of the third period and enabled Notre Dame to overtake the vaunted Sailors, who had piled up a 13 to 0 half-time lead in a first period touchdown by Bruce Smith today to the eighth service command in Dallas.

## Tech Director Called To Army

**SPECIAL TO THE NEWS.**—LUBBOCK, Dec. 5—Spencer A. Wells, Lubbock, member of the board of directors of Texas Technological college since 1936, and present chairman, has been commissioned as captain in the United States Army and was to report today to the eighth service command in Dallas.

## Texans Buy Shoes

Shoes are apparently the most urgent necessity for Texans, as sales of independents shoe stores gained 85 per cent in October over October, 1941, the University of Texas Bureau of Business Research reveals. Next largest gain was reported by fancy clothing stores—whose sales were up 61 per cent.

## Wichita Coyotes Fall 6-0 Before Sandies

**SAN ANGELO, Dec. 5 (AP)—**Amarillo won the toss this afternoon and San Angelo will meet the Sandies there at 2:30 p. m. Saturday, it was announced.

## Score Twice In First Half To 13-7 Triumph

**HOUSTON, Dec. 5 (AP)—**The Rice Owls nailed down second place in the Southwest Conference race with a 13-7 victory over Southern Methodist today.

The Owls scored twice just before the end of the first half. After a drive downfield, Dick Dwellle passed to Virgil Eikenberg for a touchdown. A few minutes later Eikenberg hurried a 30-yard beauty to Windell Williams for a score, and Lindley Bowen converted.

The Mustangs were tough all day. They presented a baffling 5-3-2-1 defense that checked Rice's running game. . . . Then at the opening of the second half the Methodists, sensing a chance for a victory, scored like lightning.

(Reddy) Shaw, their left-handed passer, cut through the line for 25 yards, then hurled an aerial to Abe Croft that carried to the Owl 4-yard line. In two attempts Fullback Red Maley went over. Ed Green converted.

The Owls also threatened in the first period after the Mustang drive. The feathered flock went to the Methodist six and had first down, goal to go. Then Eikenberg hit inside left tackle for five yards, but fumbled and SMU recovered on their own one.

## There'll Be New Schoolboy Champ; Sandies Look Good

**BY THE ASSOCIATED PRESS**  
There will be a new champion of Texas schoolboy football this year and it looks like Amarillo. . . . The unbeaten Sandies knocked Wichita Falls out of the race Saturday, beating the defending titleholders 6-0 to snap a winning streak that had reached 23 games.

Seven other teams remain in the battle for the twenty-third annual championship, however, and the Sandies must hurdle three more opponents before returning to the throne they occupied in 1940.

Three other games were played Saturday to complete the quarter-final round with San Angelo defeating Bowie 20-6, Sunset (Dallas) downing Amn Carter Riverside (Port Worth) 26-7 and John Reagan (Houston) smashing Goose Creek 32-0.

Friday Highland Park (Dallas) had beaten Denison on penetrations in a scoreless tie. Breckenridge had downed Waco 27-21. Lufkin had crushed Longview 33-0 and Austin had defeated San Benito 32-0.

In the quarter-finals they pair like this: Amarillo vs San Angelo. Highland Park vs Sunset. Breckenridge vs Lufkin. John Reagan vs Austin. Sites and dates for two of the quarter-final games were set soon after the opponents were determined.

Highland Park and Sunset will battle at Del-Hi field, Dallas, Saturday at 2:30 p. m. Breckenridge and Lufkin will play at Breckenridge Saturday at 2 p. m. Later Amarillo will play San Angelo in Amarillo Saturday at 2:30 p. m.

## Philadelphia Golfer Takes Over Lead In Miami Open

**MIAMI, Fla., Dec. 5 (AP)—**The players' choice, Harold McSpaden of Philadelphia, moved into first place at the three-quarter mark of the \$5,000 Miami Open golf tournament today as five other professionals grouped within a four-stroke range to challenge him in the dash down the stretch.

Cool and confident, McSpaden took the lead away from Johnny Revolta of Evanston, Ill., by posting a one-under-par 69 to finish at 167.

Revolta, who "couldn't do anything right," needed a 73 today and wound up in a tie for third place at 208 with a new content, Herman Barron of White Plains, N. Y., the third round's scoring leader at 67.

## Houston's Reagan Smothers R. E. Lee

**HOUSTON, Dec. 5 (AP)—**John Reagan lost the toss and will go to Austin to play there Friday at 8 p. m.

GOOSE CREEK, Dec. 5 (AP)—John Reagan of Houston, qualified handsomely for the state quarter-finals by overwhelming Robert E. Lee of Goose Creek 32-0, in the first bi-district game ever played here. About 5,000 fans, a near-capacity crowd, saw the game.

Wilton Ferrell, Reagan's 195 pound All-State backfield candidate, scored in the first period on a 69 yard run and again in the second period on a 75 yard run with an intercepted pass.

Bobby Reed's 56 yard gallop on a fake handoff made it 20-0 just before half time. Intercepted passes provided the last two touchdowns. Buddy Carlson, center, ran back one for 38, and James Mayes, substitute guard, returned 20 for the final score with less than a minute to play.

George Walmsley, gander triple-threat, suffered a concussion in the second period and was removed from the game. Reagan was leading 6-0 at the time.

## U. C. L. Bruins Take Idaho; 40-13 Score

**LOS ANGELES, Dec. 5 (AP)—**The Bruins of UCLA, floored a game, but outclassed University of Idaho football team today, 40 to 13.

A crowd of 25,000 saw UCLA score almost at will with Quarterback Bob Waterfield's sharpshooting responsible for all the Bruins' six touchdowns.

Coach Francis Schmidt, one-time Ohio State mentor, fielded a heavy and fast team that at least kept UCLA on its toes with lots of tricky forwards, laterals, hidden ball plays and runs from fake punts.

You see, it wasn't just the song, "Rosie B-r-r-r the Riveter" that sent Aircraft Annie into a tallspin. "Rosie B-r-r-r the Riveter" was a coast to coast sensation. There would be all kinds of tie-ups—movies, radio, comic strips, label gadgets for the ladies and whatnot.

As we said, Aircraft Annie, who is no dummy, is a cute little ex-vaudeville hooper named Edna Harris. A few years back she was a school teacher in New York—she's a graduate of Hunter College. Then she clicked in vaudeville and went on into radio.

A year and a half ago she came to Hollywood to crash the picture. She'd had minor success, playing comedy roles in a Pete Smith Short, in "The Pay-Off" and "A Night for Crime." And she's really a very funny gal.

gic sense. It served neither to drive American power out into the Western Pacific, and coop it up in home waters for defensive employment, nor prevented formidable and effective American action in the European war theater. Every war bulletin from North Africa, from the Solomons, from New Guinea, from England, from China and from India testifies to that. They all tell of American manhood and American weapons dealing Axis foes stinging blows in fellowship with United Nation comrades around the world. The Axis conception of throwing this country into the war, but in a purely defensive role, has badly backfired. That was the key to the surprise attack on Pearl Harbor. Its success was great; but not great enough.

COMMENT

Continued from Page 6  
the question of the personality of Mr. Wilson, who gave up his \$175,000-a-year job as president of General Electric to come down to Washington and be shoved around by a bunch of \$8000-a-year generals or \$9000-a-year administrators. What is to be controlled? Airplanes. Who has the most to gain or lose? Why not the companies that manufacture airplanes?

**ISSUE IS CONTRACTS**  
If you look on the list of the 100 companies holding the greatest dollar value of war contracts, you will find that these 100 companies have 83 per cent of all the war contracts, and of these 100 companies more than a fifth are building aircraft or aircraft engines. Of the 10 largest war contractors, seven are building aircraft, the other three being a steel company and two shipyards. The issue here is billions of dollars worth of contracts already let, billions of dollars worth of contracts to be let from now till the end of the war and after that the aircraft business of the future, the business of the air age of peace. It would take a congressional investigating committee staff of lawyers from three to six months to sift out all the business relation-

ships of all the companies involved and the tie-ups of the big businessmen now in Washington who will award them contracts. All this is shooting strictly from the hip but it may present in brief form the idea that there is something more at stake in one of these bureaucratic battles of Washington than just deciding who is to be Mr. Big in any particular bureau.

British Fleet Able Aids Desert Force

ALEXANDRIA, Egypt, Dec. 5 (AP)—Britain's hard-fighting warships in the Mediterranean, keeping pace with the Eighth Army's advance across the western desert, have sunk or damaged 48 Axis ships since the westward offensive began two months ago. The Navy has been so successful in crippling Axis sea lanes and in supplying the Eighth Army that A. V. Alexander, First Lord of the Admiralty, sent thanks to Rear Admiral Sir Henry Harwood, commander of the British Mediterranean fleet, for the "magnificent work" in the campaign. During the first four weeks of the offensive, submarines alone torpedoed 24 Axis ships, collecting a bag of 12 in one single night, including 10 supply ships, a destroyer, and a cruiser. Six of these ships were listed as definitely sunk. There are seven national forests in the state of New Mexico.

Mr. and Mrs. Alfred Gilliland, of Dallas, formerly of Pampa, are parents of a daughter weighing eight pounds, six ounces, born November 30, at Dallas. She has been named Jen Anne.

Red Offensive In New Gains, Claim

MOSCOW, Sunday, Dec. 6 (AP)—Methodically pressing its winter offensive in seven different sectors of the vast front from the Caucasus to Leningrad, the Red Army wiped out a nest of Germans in Stalingrad, seized three strongholds and smashed a center of resistance northwest of Moscow, captured numerous blockhouses and killed 5,350 of the enemy yesterday, the Russians announced today. A fiery contest for possession of

another elaborate stronghold was in full swing northwest of Stalingrad, with the Germans' front line trenches breached in places. But relatively little progress was reported in this sector and to the southwest of the city where the Russians were using the frozen Don as a roadway to tighten their grip on the big army stalled between that river and the Volga.

Farming is the principal activity of the prison system of Texas, with more than 45,000 acres in cultivation. It also includes cotton mills, brick plant, canning and other foodstuff factories, print chop and a plant which manufactures all auto license plates distributed by the State Highway Department.

**Hunt For Missing Girl Called Off**  
McALLEN, Dec. 5 (AP)—Hidalgo County Sheriff Bob Daniel said today that a 500-man posse search for Virginia Espenlaub, 12, missing from her home near here since Wednesday night, had been called off. The search disclosed no clue as to the girl's whereabouts. Several trained men were still searching the brush near the Rio Grande.

## JUST BETWEEN US GIRLS

(By JOHNNIE DAVIS)

### Winter Evening

Here it is night . . . the dusk is quickly dead. A round moon lights the clear, cold winter sky. Ten thousand opals inland over head. Look down upon the same street that I know. And I, who thought that beauty could not stay. When leaves are gone and limbs turned ebony, Behold an etching where gaunt trees have spread. A loveliness of rare tranquility. I watch . . . hold to my heart and catch my breath. At beauty in a night as calm as death.

—Clara Hood Rugel

Tomorrow marks the anniversary which none of us will forget—the attack on Pearl Harbor . . . In this year that we have been at war, the expansion of Red Cross services to armed forces at home and abroad has been tremendous . . . Hundreds of Pampa women have been among this cross-section of American womanhood which has contributed hours of volunteer work toward victory . . . Few of us realize the accomplishments of Pampans who have given their time to Red Cross knitting and sewing, filling comfort kits for men in service, rolling bandages in the surgical dressings group, training in the home nursing, nutrition and first aid classes and canteen and staff assistance corps . . . Local women now have another assignment—that of providing cookies, magazines, coat hangers and paper bags for soldiers here and serving as hostesses for the local U. S. O. center . . . Even though the time may be close when many young women will be conscripted for another kind of service, those who will be exempted because of age, physical limitations or family obligations will be sure to redouble their efforts to take the places of those leaving the ranks of Red Cross volunteer workers.

Highlighting Pampa's holiday season will be the pre-Christmas semi-formal ball to be given by the Pampa Kiwanis club in the gymnasium ballroom of the new high school Thursday night, December 17 . . . The affair will be in honor of officers at the army air base . . . A committee headed by Jim Nation of the civic club is in charge of arrangements for the ball which will be invitational . . . The dance is the outstanding social event of the Kiwanis club year.

Congratulations to Ruth and Roy Johnson, who observed their second wedding anniversary last Monday . . . Last Sunday marked the second anniversary of Jeanne and C. T. Hightower . . . Also two years ago that day, Mr. and Mrs. Blair Patton of Monahans were married. She is the former Mary Crocker . . . Today Lieut. and Mrs. William K. Britton of Boise, Idaho, will celebrate their first anniversary. She is the former Iris Gillis of Pampa.

Most fixed opinions can still stand a lot of fixing.

A family of singers is composed of Neely Joe Ellis and his mother, Mrs. N. E. Ellis; his cousin, Willdean Ellis; and her parents, Mr. and Mrs. Hugh Ellis . . . Solos, duets, trios, and quartets often feature these vocalists.

A reader sends this story about an attorney who was drafted. First day in camp the attorney demanded special attention, pointing out his many important cases his judicial knowledge, his brilliant briefs . . . Finally, a sergeant stopped him, saying, "Look here, fellow. We're going to fight the Japs. Not sue them."

Among those leaving Pampa to make their homes elsewhere, this writer will miss most of all Josephine and John Lawler and their children, Louise and David . . . Mr. and Mrs. Lawler will leave this week for California . . . From our initial day in the first grade to the day of the commencement ceremony, this writer and Mrs. Lawler were classmates . . . Throughout all that time and since graduation, we've maintained one opinion that Mrs. Lawler and her mother, Mrs. Joe Lewis, are the finest cooks in the country . . . In their neighborhood and in the First Church of Christ, Scientist, this dependable couple will be missed as well as by everyone else who knew them.

What every woman knows and men are rapidly learning is that woman's interest in trivia is but a single phase of her personality. As evidence the following reports of men working with women's units in Britain is given . . . An ambulance superintendent contributes this story: "When I first saw a group of girls sitting in the station powdering their noses, I thought: A lot of you'll be! Well, a heavy rain came; out they went, and did the sticky job, and came back, and the next time I saw them they were back in the station powdering their noses again."

And this from a fireman: "We've got a New Zealand girl. She came along as pleased as punch the other day. 'Do you know what?' she said. 'They've given me the petrol supply wagon to drive.' There she was laughing all over her face because she was going to drive a wagon load of explosives around."

Twins in dress are the Hodge sisters, Mrs. W. B. Weathered and Mrs. W. G. Gaskins . . . Both are wearing brown wool suits with yellow blouses . . . Mrs. Weathered commented that since her daughter, Wynell, has a yellow blouse, and her son, Jackie, already had a yellow shirt, she is hunting a yellow shirt for her husband, "Red" . . . Maybe Santa Claus will solve the problem.

Even a light conversation often has plenty of scandal power.

Since his last visit in Pampa Carl Camp has been advanced to the rank of sergeant . . . Sgt. Camp, who is stationed at Camp Maxey at Paris, recently underwent an operation on his foot but he is back on the job now . . . Before going to Camp Marey, Carl was stationed at Camp Wolters . . . Another Pampian who is advancing is Sergeant Jimmy Weir, who is stationed at Fort Riley, Kansas, with the photography division of the Army Air Corps . . . Sgt. Weir was one of two service men in the entire division to receive his silver wings.

Less than 23 per cent of the total female population of the United States are gainfully employed, according to a report issued by the Office of War Information . . . By December, 1943, there will be 18,000,000 women, or about 29 per cent, in paid employment, and about 6,000,000 of these will be working in war industries.

Thanks to Mrs. May Foreman Carr for a box of delicious chocolate candy.

Only two classes of people fall for flattery—male and female.

Young Betty Ann Dennard has the general idea, anyway . . . After hearing her mother, Mrs. H. K. Dennard, mention that Dr. M. C. Overton, Jr., now in the United States Navy, was stationed in New California, Betty Ann asked her father if he knew that Dr. Overton was in California (pronounced with a southern accent).

While most women like to have a "good black" dress in reserve for social occasions when they won't quite know how formal or informal the event will be, jewel tones are the stylist's choice for war-time wear. Colors lift us out of our doldrums and help us to feel courageous when we have most need for bravery and faith.

"My Only Plea" is the name of a poem composed by an American soldier in New Guinea . . . Mrs. Clyde Sanders of Lubbock received from her son a copy of the selection which follows: "Still 'neath," he said, "when I'm away and gather all the flowers of May: Still keep my room, the pictures all that I have loved upon the wall; For I shall want them everyone the moment the war is won. Still play the records, dance and sing; and spread no fears by sorrowing; Be happy every time you can; for victory work and play and plan; For I shall want you looking well when we have fired the final shell. Still bake the pies as it might be that I were coming home to tea; Still plant the garden round about; still grub the sturdy thistles out; And stake the blue delphinium as if this war had never come. For this struggle shall be long; at home there must be mirth and song; Since these are what we fight to keep; so hide away when you must weep; And be as brave at home, as we who fight in sky, on land and sea."

### Miss Shearer And Cadet Underwood Wed In Louisiana

In an impressive double ring ceremony solemnized Friday evening November 27, at 8 o'clock, Miss Edythe Shearer, daughter of Mr. and Mrs. C. L. Shearer of Pampa, became the bride of Cadet James A. Underwood, son of Mr. and Mrs. G. C. Underwood of Waukomis, Oklahoma.

The Rev. B. A. Norris, pastor of First Christian church of Pampa, officiated at the service which was solemnized in the First Christian church at Lake Charles, Louisiana. Preceding the ceremony, Mrs. B. A. Norris, sister of the bridegroom, of Pampa sang the wedding solo, "I Love You Truly." Mrs. J. L. Guth of Lake Charles played appropriate wedding music on the organ throughout the service.

The bride, who was given in marriage by her father, was dressed in a brown wool suit with brown and white accessories. Her corsage was of white roses and orange blossoms and she carried a white Bible. Attending the bride, as maid of honor, was Miss Elizabeth Wood of Borger, a girlhood friend and schoolmate. Miss Wood was dressed in a golden brown suit with brown and white accessories. Her corsage was of tallman roses.

The Rev. Marshall S. Burns of Lake Charles attended Cadet Underwood as best man.

The wedding dinner, which followed the ceremony, was served in the dining room of the Majestic hotel at Lake Charles.

Mrs. Underwood received her preparatory education in the Pampa schools where she was a leader in many activities, being valedictorian of her class in high school. She also belonged to National Honor society and the pep squad. She later attended West Texas State college at Canyon and was named in Who's Who among students in American Universities and Colleges.

Mrs. Underwood is teaching Spanish in Wilmore High school at Wilmore, Kansas, the place of her birth. She plans to continue her work.

Cadet Underwood was graduated from high school at Douglas, Okla. He later attended Phillips University at Enid, where he sang with the male quartette and played in the college and National Guard bands. He was mobilized with the National Guard in the fall of 1940 and was a member of the 189th Field Artillery band. He has since been transferred to the Air Corps and is now in the basic flying school at Lakes, Kansas.

### Christmas Party Will Entertain Viernes Members

Viernes Sewing club members met in the home of Mrs. S. C. Hanks Friday when the afternoon was spent in sewing.

A gift was presented to the hostess by the group.

The next meeting will be a Christmas party and turkey dinner in the home of Mrs. Emmett Forrester, 1021 Twiford street.

Refreshments were served to Mrs. Bill Robinson, Mrs. Emmett Forrester, Mrs. Homer Doggett, Mrs. W. B. Clayton, Mrs. W. E. Jordan, Mrs. A. C. Crawford, and Mrs. S. C. Hanks.

### Civic Culture Club To Study Christmas Customs Of Americas

Mrs. E. A. Shackleton will be hostess to Civic Culture club Tuesday afternoon at 2:30 o'clock when "Christmas Customs of the Americas" will be the topic of the program.

Original ideas for making Christmas decorations will be given in answer to roll call.

The hostess will be leader of the program.

### Twentieth Century Progressive Club To Meet Tuesday

Twentieth Century Progressive club will meet in the home of Mrs. A. M. Hunt, Jr., 1101 Charles street, Tuesday evening at 7 o'clock.

### Mrs. Foreman To Speak To Council Of Church Women

Mrs. A. D. Foreman, Jr. of Amarillo will be guest speaker at the regular meeting of the Pampa Council of Church Women at the Church of the Brethren on Monday afternoon at 2:30 o'clock.

The program on "The Christian Home" will also include violin selections by Miss Evelyn Thoma and a special Christmas meditation to be given by Mrs. W. Purviance.

Everyone is invited to attend this meeting and especially parents because it is true that the strongest influence in determining a child's personality and character is not the public school, not the church, not the Sunday School, not the movies, not the radio, but the home and the family.

An executive board meeting will be held preceding the meeting at 2 o'clock.

### Essay Contest To Be Sponsored By Venado Blanco Club

WHITE DEER, Dec. 5—To encourage the students of the local high school to crystallize their thinking in regard to their part in the nation in the war, Venado Blanco club voted to sponsor an essay contest on some phase of democracy and the war.

The contest, which is open to all high school students, will close Dec. 15. Subjects suggested were "What Democracy Means to Me," "America—The Hope of the World," "The American Way of Life," and "This is My War."

If as many as 25 students enter the contest, the first prize will be \$5 in defense stamps, and the second prize, \$2. If less than 25 enter, the first prize will be \$3 in defense stamps, and the second prize \$1.

Topic of study for the meeting, at which Mrs. H. A. Freeman and Mrs. Glenn F. Davis were hostesses at the home of the latter, was "These Are Our Leaders." Roll call was answered with "A modern American hero and his heroic deed."

Mrs. Ray Vineyard discussed President Roosevelt and Winston Churchill; Miss Odessie Howell, Mussolini and Hitler; and Mrs. B. R. Weakis, Chiang Kai-shek and Stalin.

Present were Mesdames Ronald Davis, Elton Beene, E. C. Morris, Ray Vineyard, Bill Watson, and B. R. Weakis; Meses Almaegre Alkinson, Mary Lee Davis, Claudia Everly, Gladys Holley, Mildred Hogland, Odessie Howell, Virginia Martin, Ola Mae Roberts, and Dorothy Withitt.

### Christmas Will Be Theme Of Twentieth Century Culture

"Christmas Thoughts" is the theme of the program to be presented at the meeting of Twentieth Century Culture club in the home of Mrs. Henry Ellis Tuesday afternoon at 3 o'clock.

Included on the program will be "Women in the Bible" by Mrs. Rufe Jordan.

Another topic, "The Good Shepherd," is to be given by Mrs. F. E. Leech.

### Marriage Of Miss Camp And Private Jordan Revealed

Miss Jean Camp, daughter of Mr. and Mrs. L. L. Camp of Pampa, became the bride of Private First Class Raymond A. Jordan of Camp Carson in a simple ceremony solemnized Saturday evening, Nov. 28, at 6 o'clock in Colorado Springs, Colorado.

The Rev. Howard E. Hansen officiated at the service which was read in the study of the First Presbyterian church.

The bride wore a dress of Royal blue wool with an earl neckline. Attending the couple were the bride's brother-in-law, and sister, Mr. and Mrs. Carl Sharpe of Pampa.

Mrs. Jordan, who was graduated from Pampa High school and St. Anthony Nurses school in Amarillo, was employed at the Worley hospital until July. Since that time she has had charge of first aid at the Army Air Forces Advanced Flying school here.

Mr. Jordan, son of Mr. and Mrs. C. E. Jordan of Konowa, Oklahoma, was a rotary driller for the Warren and Bradshaw Drilling company here before being inducted into the United States Army on June 28 of this year. He is in the engineer corps at Camp Carson.

The gift exchange from the Christmas tree will complete the holiday meeting.

### Elsie Harbison Becomes Bride Of Samuel Stennis

The marriage of Miss Elsie Harbison of Amarillo and Samuel Y. Stennis was solemnized at 5 o'clock Tuesday afternoon at the home of the bridegroom's parents, Judge and Mrs. S. D. Stennis, 419 North Somerville street.

The Rev. Robert Boshen of First Presbyterian church officiated at the single ring ceremony as the couple stood before the fireplace which was banked with white chrysanthemums. Candles illuminated the setting.

The bride wore a gold wool two-piece suit with red fox trim and turtan accessories. Her corsage was of red roses.

After the ceremony, wedding cake and punch were served to the relatives and a few close friends who attended the service.

Mr. and Mrs. Stennis left on a trip to Denver, the bride traveling in a beige wool dress with Kelly green accessories. On their return they will be at home at 1401-B Fillmore street, in Amarillo.

The bride, a daughter of Mr. and Mrs. Tom Franklin of Enid, Oklahoma, is employed as secretary in the sundry department of the Southwestern Drug corporation. She is a member of the Amarillo chapter of Epsilon Sigma Alpha sorority and of the Panhandle Junior Speech Arts association. She attended a business college in Springfield, Mo., and the Amarillo Business college.

Mr. Stennis, a graduate in metallurgical engineering from the Colorado School of Mines, is employed as assistant superintendent of the Amarillo plant of the American Smelting and Refining company. He was a member of Beta Theta Pi fraternity in college. Also he was graduated from Pampa High school.

Closets are usually crammed with combustibles, ready to work for the 7th Column—the carelessness that causes accidents and loss of lives and property. Never enter a closet with a cigarette in your hand. Use a flashlight, never a match, when searching for something in dark corner or closet.

RED CROSS VOLUNTEERS

**By MRS. FRED ROBERTS**  
The following teaching letter, written by a mother to her son reported missing in action, was sent to the COURIER by the St. Clair County, Michigan, Chapter:

This letter you will never see, it I must pretend myself that I am talking with you tonight, on Bataan or wherever you are. Things are about the same here home. The war comes closer to the people every day. Many are helping all they can; some seem to go along untouched. Sometimes someone says something that is hard to hear, but I know it is just as they have not understood, that they would feel differently if they had a wire from the War Department beginning, "We regret to inform you..."

Tonight I went down to the Red Cross headquarters and made dresses for two hours. Somehow I am happier there. We cut and lined the gauze dressings, and as a neat white pile mounted in a member the little wounds you and the others used to have—the red, the shyness, the pain—now I can make dressings, and pack them one away with a prayer that when they have gone their long journey, they will help nurses and doctors I have never seen to bind the wounds this dreadful war has brought.

Under the bright Red Cross banner of mercy, women are working make these dressings. Some of them have sons and husbands in service, and some are just beautifully kind women who want to do of help. Some of them are giving up a bridge game, and gladly lend their soft white hands to the work. Some of them have hands that show they always had to work hard and are probably giving hours from the very few leisure ones life gives them. But they are all working together for the same purpose, getting to know and understand and like each other, just as you boys do when you work and fight together.

I hope that some way the boys who need these dressings—the sponges, the 4x4's, the rolled bandages, the abdominals—sense just a little the love that goes into their making, the yearning to be of service to you men that the people felt who gave the money to pay for them. It is just another way of saying love you.

Goodnight, my darling, wherever you are... my love to you, Mom.

On Monday of this week the Pampa chapter will again begin making surgical dressings in its room on the third floor of the Court House. Mrs. C. P. Buckler, chairman, says that the quota this time is much larger than we've had before and she urges that all women who worked before report this week. If anyone else would like to get started, let us simply come up to the surgical dressings room whenever you can. It will not be necessary to call anyone ahead of time. The hour is 9 to 11 every morning and 2 to 5 every afternoon Monday through Friday.

### News Of Pampa Parent-Teacher Units' Activity

**City Council**  
City Council of Parents and Teachers met Thursday at 3 o'clock in the Junior High school where W. E. James, president of the Gray County Tuberculosis Association, presented the plan for the annual sale of bangles to be held on Saturday, December 16. Districts to be worked were assigned to the various P. T. A. units. Presidents may call Mrs. Tom O'Rourke for the location of their district. All bangle sale workers will meet Wednesday, December 9, at 4:30 o'clock on the Junior High steps to have a picture made for publicity.

Mrs. Lottie Ochiltree, U. S. O. chairman, spoke in behalf of the U. S. O. and asked for volunteers to act as hostesses at the center. Supt. L. L. Some explained the milk program in the schools where by any school child can buy 1/2 pint of milk in the cafeteria for 1 cent, the government paying the remainder of the cost. This plan is being introduced in communities the size of Pampa and smaller with the idea that improvement in health will be worth the cost to the government.

Reports were given by delegates to the 34th annual convention of the Texas Congress of Parents and Teachers held in Houston Nov. 18 and 19: Mrs. W. A. Sporenberg, president of Horace Mann P. T. A.; Mrs. E. L. Anderson, president of the Junior High school P. T. A.

### Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. If a hostess has friends in to play bridge, should she supply cigarettes?
2. Is it necessary to refrain from smoking because the person you are with does not smoke?
3. If you are playing bridge with strangers, should you say at the start that you don't like to mix conversation and bridge?
4. Is it necessary that a maid wear a cap?
5. If you receive a gift from a friend, is it correct to send a printed card of thanks?

What would you do if—  
You are a young man answering a much older man—  
(a) Say, "Yes, sir?"  
(b) Say, "Sure?"  
(c) Say, "Yes?"

**Answers**

1. Yes.
2. No. Though it is courteous to ask "Do you mind if I smoke?"
3. No. The others may not feel that way about it.
4. No.
5. No. Write a personal note. Best "What Would You Do" solution—(a). Though (c) would not be incorrect.

### News Of Pampa Parent-Teacher Units' Activity

**City Council**  
City Council of Parents and Teachers met Thursday at 3 o'clock in the Junior High school where W. E. James, president of the Gray County Tuberculosis Association, presented the plan for the annual sale of bangles to be held on Saturday, December 16. Districts to be worked were assigned to the various P. T. A. units. Presidents may call Mrs. Tom O'Rourke for the location of their district. All bangle sale workers will meet Wednesday, December 9, at 4:30 o'clock on the Junior High steps to have a picture made for publicity.

Mrs. Lottie Ochiltree, U. S. O. chairman, spoke in behalf of the U. S. O. and asked for volunteers to act as hostesses at the center. Supt. L. L. Some explained the milk program in the schools where by any school child can buy 1/2 pint of milk in the cafeteria for 1 cent, the government paying the remainder of the cost. This plan is being introduced in communities the size of Pampa and smaller with the idea that improvement in health will be worth the cost to the government.

Reports were given by delegates to the 34th annual convention of the Texas Congress of Parents and Teachers held in Houston Nov. 18 and 19: Mrs. W. A. Sporenberg, president of Horace Mann P. T. A.; Mrs. E. L. Anderson, president of the Junior High school P. T. A.

A Safe, Sound Tire—First Quality Construction in Every Detail—But Built of Reclaim Rubber Instead of New

The new Government mileage-program provides that every responsible car-owner who observes rationing regulations will be eligible to apply for recaps or replacement tires. Most car-owners will only be eligible for re-capping service, re-capped tires, used tires or new ALL-RECLAIM RUBBER TIRES! The Government has specified that passenger tires now being built must all be made of reclaim rubber. Wards All-Reclaim Tire, like every other brand, must be operated in accordance with Government regulations. HOWEVER, ALL RECLAIM TIRES ARE NOT ALIKE! Wards War Quality Tire is first quality in every construction-detail! It has 3 "plus" features! (1) Its cords are stronger than Government specifications. (2) Its cords are dipped in safety bonding solution to minimize separation! (3) Its sidewalls are specially-compounded to resist checking and cracking! Compare Wards lower prices!

**U Of T Xmas Respite Scheduled Dec. 17**

Special to The News. AUSTIN, Dec. 5.—Christmas vacation will begin at University of Texas Dec. 17, and classes will resume Tuesday, Jan. 5, according to a new ruling by the administrative council.

This is the second change in dates in recent weeks, the first in response to an Office of Defense Transportation recommendation, the latest to permit students to attend the Cotton Bowl football game Jan. 1, in which the Longhorns, Southwest Champions, meet Georgia Tech. The new ruling also abolishes the two-day Easter vacation.

**Shamrock Chairman Named For County Nutrition Board**

Special to The News. SHAMROCK, Dec. 5.—Mrs. Charles Perry has been appointed as Sham-

rock chairman of the county nutrition board. Mrs. Bettie Sue Bounds of Wheeler is general county chairman of food rationing. Wheeler county has the following plan: Each town of any size has been laid off in blocks and rural communities in neighborhoods. Shamrock is divided into six blocks. Each block has a block chairman. These chairmen are being trained this week by Mrs. Perry on the subject of meat rationing, since the first communicable is on meat. Next week individuals working under each of the block chairmen will personally contact every home

in Shamrock explaining the plan. If the public will cooperate in using meats that are not to be rationed in a whole-hearted way it is possible that meat rationing may be avoided.

# DON'T LET GAS-WASTERS SABOTAGE YOUR MOTOR CAR

## CHECK THESE 9 IMPORTANT WORKING PARTS CAREFULLY!

### LEAKY WORN-OUT MOTORS SMUGGLE AWAY POWER

Remember what loyal cooperation in gas-economy you got from your motor when it was new? If it's turned into a traitorous "gas-burner", trade it in for "new-car" pep and economy-performance!  
Ford V-8 '35-'36 model . . . \$2,95 (Exchange Price)

### CRACKED SPARK PLUGS CAN STEAL 10% OF MILEAGE

It's highway robbery! What a crime to let six or eight enemy agents get by with so much, when what you save on gas will soon pay the low replacement cost. For every make car or truck.  
Wards Best Spark Plug . . . . . 45c

### PITTED IGNITION POINTS MAKE STARTING HARD, WASTE GAS

Every time worn-out points conspire to give you a tough time starting, they're throwing away just so much gas. Eliminate this source of sabotage by installing a set of new Ward points now.  
Ford '28-'31 . . . . . 25c

### DEFECTIVE CONDENSERS MEAN THERE'S TROUBLE AHEAD

Rain, fog, even mist can "short" a defective condenser. If yours needs replacing, get one at Wards now, before trouble strikes. Wards have complete stocks of parts for all popular-model cars.

### Rites For J. W. Short Held At Perryton

Funeral services were held at Perryton Thursday for John William Short, 78, brother of J. C. Short, of LeFors, and Rice Short, of Buffalo, Okla., who died Tuesday following an illness of 10 days.

Rites were conducted at Perryton Baptist church by the Rev. S. R. McClung, pastor, with Masons in charge of cemetery services.

Mr. Short served as deacon of the Baptist church for many years.

and fellow deacons served as pallbearers.

He was born in Rutledge, Mo., July 26, 1864, came to Texas 59 years ago. Before his marriage in Liberal, Kas. on June 14, 1905, to Miss Ella J. Kelley, he spent much time in LeFors with his brother, J. C. Short, and family.

Survivors are his brothers and widow, and a sister, Mrs. W. F. Taylor, of Perryton.

### 18-Year-Olds Will Begin Registration On Friday, Dec. 11

Listing of 18-year-old men of Gray county in the sixth R-day will be done at one place only, 301 Court House, the Gray County Selective Service board announced today.

Hours will be from 9 a. m. to 5 p. m., with the 18-year-olds asked to note the following schedule: Those born on or after July 1, 1924, but not after August 31, 1928, the week beginning Friday, December 11, ending Thursday, December 17.

Born on or after September 1, 1924, but not after October 31, 1924, week beginning Friday, December 18, ending Thursday, December 24.

Born on or after November 1, 1924, but not after December 31, 1924, week beginning Saturday, December 26, ending Thursday, December 31.

Registration of 18-year-olds will continue through the war for those born on or after January 1, 1925. They shall register the day they attain 18. If that day is a legal holiday or Sunday, registration is the day following.

Over Texas, December registration of 18-year-olds will total 28,000. No figures are available locally, but it is estimated at 100. In the July 1, 1941 nose-count, of men who had become 21 years old since October 16, 1940, the total was 102.

### Gas Hoarding Is Warned Against

If you've been "hoarding" gasoline, prepare to surrender gas coupons for the amount you have stored.

That was the advice today of J. G. Calloway, Missouri OPA director. No similar statement has been made by Mark McGee, Texas OPA chief, but the "must-not" evidently is applicable nationally.

At the office of the Gray County War Price and Rationing board it was stated that barrels, dishpans, buckets, and jugs filled with gasoline for automobiles, constituted hoarding and the law is "agin" it.

It's all right, of course, if you give up those precious coupons for the amount stored; otherwise, a two-year period behind the bars or a \$10,000 fine.

Just how the federal government expects to check on all the jugs, buckets, and dishpans in the nation is a question the local board can't answer, but it points out hoarding is unpatriotic.

Inventory Day

One year ago tomorrow the Japs made their sneak attack on Pearl Harbor. One whole year we have been at war fighting to overcome the surprise attack that threatened our democratic way of life. For one year our fighting forces had been giving 100% to retain that system of government and the four freedoms that these United States was founded on. December 7 is inventory day of one year at war... What have you done to help the war effort? Our fighting men are giving all... Why don't you give 100% of your salary December 7th? One day's salary will show that you appreciate what our fighting men are doing for us.

MAKE HIM REMEMBER PEARL HARBOR

Our men are fighting on every front opposing Hitler, Mussolini and Hirohito and they will keep on blasting the Axis at every point... Fighting for peace and the freedom we love. In this year of war we have made great strides towards equipping a war machine to fight the Axis and all they stand for. But, we have to keep right on sacrificing more and working harder to make large numbers of fighting machines to obliterate all our enemies from the world. In this year of war we have showed our mettle as a courageous fighting machine and we will keep on fighting harder and harder until we and our allies are victorious.

## Pythian Lodge To Hold Installation

New officers of Pampa lodge 480, Knights of Pythias, elected Thursday, will be installed at a meeting early in January. Exact date has not been set.

Annual roll call of the order now being taken. This is the yearly contribution made by Pythians for the benefit of children and the aged at the Pythian home at Weatherford, Texas, to provide gifts for Thanksgiving and Christmas.

Since all members were not present at the last meeting, Pampa lodge will hold the roll call open until next Thursday, December 10, and Pythians desiring to have theirs included should notify B. B. Altman, Jr., telephone 2100, or mail checks to Box 1581.

New officers will serve a six-month period. Trustees elected include Odie B. Cox, one year, to fill the unexpired term of Jack Back, now in the Army, and stationed at Ft. Sill, Okla.

Tracy Cary is the new chancellor-commander of Pampa lodge 480. Other officers are: Russell Kennedy, vice-chancellor; Fred Tinsley, prelate; Bob Cecil, master of work; Tony Smith, master of arms; Dr. L. J. Zachry, keeper of records and seal, and master of finance; B. B. Altman Jr., master of exchequer; A. L. Weathered, inner guard; Ralph Mangel, outer guard; Sam W. Turner, lodge deputy.

Besides Mr. Cox, another trustee was elected, Ray Barnard, whose tenure is for three years.

Retiring officers: Sam Turner, acting chancellor-commander; Frank Morris, vice-chancellor; Vernon Woods, prelate; Fred Tinsley, master of arms; Sam Turner, master of work; Charles Boyd, keeper of records and seal and master of finance; B. B. Altman Jr., master of exchequer; Tony Smith, inner guard; F. D. Mackey, outer guard.

Other business at the lodge's regular meeting last week included the conferring of the rank of esquire on Henry Stephens and Leo Tilley, pages.

## Gray County Boys Home From Meet

They ought to know better in Kansas City, Mo., so close to the Southwest, but evidently they don't; or perhaps the woman traveler was from the East.

As Drew Word, 16-year-old son of Mr. and Mrs. A. B. Word, of Alanreed, was walking toward his train at the Kansas City station, he overheard a woman say:

"Look at that guy with the winged shoes."

Drew was wearing a pair of cowboy boots. He returned Friday afternoon from Chicago, a trip he won as an outstanding 4-H club member to the National 4-H Club congress, an award of the Santa Fe.

Also making the trip to the congress from Gray county was Johnny Baggerman, 15, son of Mr. and Mrs. John Baggerman of Grandview. Johnny won a Rock Island award. He also returned Friday.

Drew was interviewed in a radio program over Station KPDM, Pampa, at noon yesterday.

The six-foot-two-inch Gray county boy is typically Texas. He made a splendid record in 4-H club work, with net profits last year from his herd of Hereford cattle of \$2,000.

Black-haired and blue-eyed Drew had an experience in Chicago that proves the gangster spirit lives on there.

He wanted to go from the Morrison hotel to the LaSalle, only two blocks distant, but because his feet hurt, decided to take a taxi.

The driver took him eight blocks on the trip, charged him \$1.80, or 90 cents for each of the two blocks separating the two hotels.

## Halford Funeral Held At Shamrock

SPECIAL TO THE NEWS.  
SHAMROCK, Dec. 5.—Funeral services for Mrs. Margaret Patterson Halford, 79, were conducted at the Shamrock cemetery Tuesday afternoon at 3 o'clock by Rev. L. J. Crawford, pastor of the Missionary Baptist church.

Mrs. Halford died Monday afternoon at the home of her son, William Patterson, in Lela. She had been in ill health for the past 19 years and bed-ridden for four years.

Pallbearers were: John Healey, Henry Wegner, Aubrey Higdon and W. L. Martin. Interment was made by the Clay Funeral home.

Mrs. Halford has made her home near Shamrock for the past 24 years, moving here from Ardmore, Okla.

She was born in Van Zandt county July 31, 1863. She was married to William Patterson in 1881 and to this union were born two sons, one of whom died in infancy. Mr. Patterson preceded her in death 58 years ago. She was later married to W. W. Halford and to this union were born five sons and one daughter, all of them succumbing in infancy except Robert Marion, who gave his life in defense of his country in World War I, in the battle of Argonne Wood.

She is survived by only one son, William Patterson of Lela, and two brothers, Joe Birchfield of Wellington and Marion Birchfield of Hopkins county, Texas.

## Methodists Name Kellerville Pastor Pampa Soldier

SPECIAL TO THE NEWS.  
SHAMROCK, Dec. 5.—Rev. Frank W. Drew of Magic City has been named supply pastor of the Plainview-Kellerville Methodist charge.

Rev. Drew who was recently ordained as a Methodist minister, is well-known in Shamrock and is a graduate of the local high school. He recently filled the pulpit of the First Methodist church in Shamrock.

## MAYOR PROCLAIMS Many Taxes Paid; Discount Is Reward

Mayor Fred Thompson of Pampa, above, today called on all Pampans to observe Saturday, December 19, as Bangle day and for every man, woman, and child to contribute as generously as possible to the bangle sale to the end that the so-far victorious campaign against tuberculosis may continue unabated throughout this area.

In his proclamation the mayor said that the United States, for the first time since 1917, is facing a wartime rise in tuberculosis, greatest disease enemy of persons 15 to 45, and one of the greatest saboteurs in this country.

Sale of the bangles is being conducted by the parent-teacher associations in conjunction with the Gray County Tuberculosis association, of which W. E. James of Pampa, county treasurer, is president. The bangles are the double-barred crosses of the national organization, made in red celluloid, and sell at 10 cents each. Proceeds go to aid in the prevention and cure of tuberculosis in Gray county.

## Full Program At First Baptist Church

Promises to be a full day for members and friends of the First Baptist church. The program for the day, aside from Sunday school at 9:45 a. m., and worship at 10:55 a. m. and 8 p. m., includes Training Union at 7 p. m., a baptismal service and playlet during the evening hour, and a fellowship hour following the evening service.

The Rev. E. Douglas Carver, pastor, will speak at the morning service on, "Refusing to be Pulled Off the Job." The sermon will be broadcast over KPDM, First Baptist pastor's topic for the evening will be "A City That Lost Its Opportunity." The Rev. Carver requests all awaiting baptism be present for the evening service.

Special music will be provided by the choir at both hours of worship. H. Paul Briggs, director of music, announced.

The weekly fellowship hour, held at the close of Sunday evening service, is an added feature to the Sunday activities. The new service is primarily a social period sponsored by the young people for the men in service stationed at the Pampa Advanced Flying school. Initial fellowship hour was held last Sunday, with a large number of service men and young people attending.

and Mrs. A. A. Proctor, vice-president of the City Council Parent-Teacher association.

Mrs. Anderson included in her report the following statement made by Dr. Rob Sutherland of the Hogg Foundation: "We must deal with young people as individuals. Because they have hearts with which to love, heads with which to think, and hands with which to serve, we can't keep them in cold storage but we must help them to help themselves."

Mrs. Proctor spoke of the "Youth Panel" as an outstanding feature of the convention. She brought the following from this panel discussion: "There is a 'back to religion' movement today in which the youth must have parental backing. A moral vital youth program in the church is needed to develop initiative."

Morale is the secret weapon which is going to win the war. Morale is personal integrity and a

Mother's First Duty Is To Her Children

SUN VALLEY, Idaho, Dec. 5 (AP)—The duty of mothers with small children still is to those children despite wartime manpower needs, a regional child welfare conference of the American Legion was told.

Such women, said Margaret Reeves of Washington, D. C., field secretary of the child welfare league of America, Inc., should not feel it is more patriotic to go into war work than it is to stay at home to care for their children.

# MAKE HIM REMEMBER PEARL HARBOR

It was a monstrous thing that was visited upon the United States of America that Sunday of December 7, 1941. The sun had risen to light up a day of peaceful beauty and quiet . . . but from the "Land of the Rising Sun" there spewed the horror of life-taking, land destroying bombs dropped from a murderer infested sky! We can answer by making that blood-red sun set forever . . . for all it can mean to the world is treachery, viciousness, and fascism in its most rabid form! Oh, yes: the enemy shall pay in kind for the attack without warning on men going about their work . . . women at their household chores . . . children at play. 134,-000,000 Americans are going to wipe clean the debt NOW! And in 1943! 134,000,000 FIGHTING AMERICANS ANSWER THE AXIS on the war front and the homefront!

Already our men have blasted successfully at the Japs. And let us not forget that though our little yellow enemies hat at Pearl Harbor they are just part of the hideous machine that has Hitler and Mussolini at the controls along with Hirohito! So we've got to keep right on blasting at every point where the Axis has reached out to strangle peace and freedom! We've got to keep right on making fighting machines in such large numbers that every last fascist can be exterminated from the world! We Americans love peace, and security, and are not a war-making peoples at all. But you stabbed us in the back, Japan — and since 'way back, when there's a just fight on our hands we Americans know how to make all hell cut loose until Victory is ours, and our Allies! Remember Pearl Harbor? And how!
