Jewish Group Makes Ban Removal Demand

LAKE SUCCESS, N. Y.—The Jewish Agency for Palestine today called on the United Nations—and specifically Britain—for "immediate relaxation" of Holy Land immigration restrictions.

The Agency said removal of the ban should be the "decisive contribution" from the mandatory power leading to establishment of a Jewish national home and peace in Palestine.

It then called on U. N. to take a first-hand view of the "human tragedy" in Europe's displaced person camps through the proposed U. N. inquiry commission which also may go to Palestine itself.

Union Member Issues 'Back To Work' Plea

A girl office worker of the Phillips Petroleum Co., and a paid up member of Local 101, International Union of Operating Engineers, asserted last night in a radio broadcast from Station KHUZ, Borger, she did not know the terms of the company's offer and said she believed that many of the striking union members were also uninformed of the terms. She called for an early settlement of the strike and a "majority rule" in taking a new strike vote.

Climaxing its long fight for a hearing in the General Assembly's extraordinary session on Palestine, the Agency put forth Rabbi Abba Hillel Silver of Cleveland, American section chairman of the Agency's executive, for its lead-off statement to the 55-nation U. N. Political Committee.

It was the first official appearance of a non-government organization in the Holy Land debates here. After Rabbi Silver's speech, Committee Chairman Lester Pearson, Canada, opened the meeting to questions and said agency representatives would be recalled later to submit replies.

The Political Committee debate then swung back into the makeup of the inquiry commission with Britain and the United States, which oppose membership for the Big Five, announcing they would naturally serve if called upon by the U. N.

The Arab higher committee meanwhile continued its boycott of the U. N. pending a decision from Cairo. There the exiled Grand Mufti was reported considering the Assembly's invitation of yesterday according to the Arab group equal status with the Jewish agency in committee hearings.

Rabbi Silver, reading carefully from a 10-page prepared manuscript, continued: "The mandatory government which was entrusted with the obligation to safeguard the opportunity for the continuous growth and development of the Jewish national home has unfortunately in recent years, gravely interfered and discriminated it. That opportunity must now be fully restored."

Rabbi Silver said the Jewish people "belong in this society of nations" and expressed hope that "people, now rebuilding again its life, will be able to share in the progress of the world."

Building West Texas Promoted

Leaders of the West Texas Chamber of Commerce and the officials of the Santa Fe Railroad joined in pledging cooperation for the industrialization of the West Texas area last week at their meeting held in Sweetwater.

E. W. Buelow, chairman of the WTCC industrial committee expressed great hope for the development of one of the most undeveloped and yet one of the most fertile areas of the nation.

A seven man committee was appointed by Buelow to furnish detailed reports and data on West Texas to the railroad officials and to work with them in advertising campaigns and the industrial development along the Santa Fe lines.

Included on the committee are: E. O. Wedgeworth, Pampa; Jack D. Brown, Cleburne; B. P. Blodworth, Brownwood; E. W. Hardin, Amarillo; Tom Garrard, Tohoka; A. B. Davis, Lubbock; and Claude Simpson, Roswell, New Mexico.

Plea Made for Reinstatement Of Oil Funds

WASHINGTON—(AP)—Walter S. Hallinan, chairman of the National Petroleum Council, protested to Senators today against the House's vote to cut off funds for the Interior Department's oil and gas division.

Hallinan, who also is Republican National Committeeman for West Virginia, told the Republican-controlled Senate Appropriations Committee he knows "frivolous and extravagant spending of public money must be stopped."

But he said the House rejected a \$245,000 appropriation for the oil and gas division under a "wholly false conception" that it serves only the petroleum industry.

It is an agency which deals with "critical shortages in petroleum products that threaten our essential military requirements," he said, adding: "We should think primarily of our responsibility in protecting the security of the American people."

The House in an economy drive cut nearly in half the funds asked by the Interior Department and is slashing appropriations for other agencies heavily.

The cuts have brought loud protests from agency officials and reply accusations at the Capitol that cabinet officers are trying to embarrass the House Appropriations Committee.

There still was no indication of the size of the cash offer the union spokesmen declared the STWU was standing by its demand for a \$6 average weekly wage for a \$6 increase in base pay for the Long Distance Operators' rate from \$2 to \$4 a week everywhere except Buffalo and Boston. In these cities some workers will receive pay hikes of \$5 weekly, if the agreement is ratified.

While terms of the settlement are not subject to approval of the NFWA 49-member Policy Committee, which was adjourned indefinitely Tuesday night, Moran told a tentative conference that the part would be submitted to his fellow officers on the Federation Executive Board for their informal approval.

The government had concentrated on getting a long lines settlement because of its strategic position in the Bell System. NFWA affiliates still have 28 other disputes with Bell Companies, but negotiators knew they had to settle the long distance strike before peace was possible in the score of other branches.

President Joseph A. Beirne of the NFWA, who led the nation's first nationwide telephone strike, said that if the long lines settlement were approved it would "have an important influence on the wage levels established by the operating companies in the respective area."

At the negotiations both the company and union will be represented by seven-man panels. George C. Gephart, vice president of the company, and D. L. McCowan, president of the STWU, will head the respective panels. Johnson will serve as chairman.

The union committee is authorized to accept or reject any company wage increase offered or ratification.

City Approves Building Permit

J. R. Manning yesterday afternoon was given permission by the City Commission to go ahead with repairs to his building after a board of three men valued the controversial structure at \$3,250.

The evaluation board, picked at random by the interested parties and the Commission agreed the building would cost approximately \$6,500 to rebuild. This permitted Manning, according to the ordinance, to spend only \$1,600 for repairs excluding rat proofing and foundation costs. The rat proofing had already been requested.

The Commission deliberated more than an hour after the board returned its estimate of the value of the building.

Both Clayton Dudley and Manning said the Commission they had spoken to neighboring property owners about the intended improvements and received approval from every one.

This informed the Commission that Charles Knight, who made the complaint, did not live in the immediate locality nor owned any property along that portion of Cuyler St. The city engineer, Dudley, is residing at 321 E. Brown Ave.—several blocks away from the Manning building. Knight was not present at the afternoon session.

The evaluation board, selected to appraise the building, was composed of Vic Burnette, Jack Sullivan and R. W. Lane.

Local Men Attend Lions Convention

The delegation representing the Pampa Lions Club returned yesterday from a convention in El Paso lasting from Sunday until Tuesday of this week.

The convention elected John McClain, Hereford, as the first governor of the new district, winning over his opponent Max Boyer of Perryton, W. F. Woolam, Andrews, was elected governor of the other district, 272.

Pampans attending the convention were: Dr. R. A. Webb, Ham Luna, Roy McMillen, Ken Bennett and wife, Dan Stuber and wife, and the Squeaky Door Four composed of Red Wedgeworth, A. E. Hichman, Bunny Schultz and Dade Balthrop.

EXPENSIVE FARE PUEBLO, Colo.—(AP)—Colorado's honey-bungry bears are going to cost the state money. An arbitration board created by District Judge Harry Leddy recommended the state pay \$750 of a \$850 claim for damage done to bears in several bear raids. A statute makes the state liable for damage done by protected wild animals.

Sooner Lawmaker Lands in Jail Following Affray

OKLAHOMA CITY—(AP)—A tall veteran of the Southwest Pacific war ended his freshman term as an Oklahoma lawmaker in the county jail today, accused of trying to kill a fellow legislator in a wild shooting affray on the floor of the State Senate.

State Rep. Jimmie Scott, 35, was booked on a technical charge of assault with intent to kill after he pumped a bullet into 64-year-old driver's Henry Waller, said his Senate Chamber yesterday, fired a second shot that went wild and then fled, only to be captured and disarmed in the Senate washroom.

Both men are from Holdenville. The prisoner told police the shooting stemmed from a recent divorce obtained from his former wife in Holdenville and her subsequent move to enforce a property settlement. Anglin's law firm represented the woman.

Scott insisted he fired only after Anglin threatened to kill him and started to draw a gun.

Anglin, prominent in state politics for more than 30 years and acting Governor of Oklahoma on several occasions, suffered a deep flesh wound in his left hip but physicians at Drivey's Hospital said his condition was not serious.

The wounded man denied he had threatened Scott or was even aware of any animosity between them. He expressed a conviction that his assailant was mentally deranged because "he has told me he thought the whole world was mad at him."

At Holdenville, Scott's former wife, who has taken back her maiden name of Irene Tucker, likewise declared she was unaware of any antagonism between the two men. She said she intended to come to Oklahoma City to "stick by" Scott because she still loved him and had never desired the divorce.

Jester Will Miss Wallace's Speech

AUSTIN—(AP)—Gov. Beauford Jester said today he would be "among the missing" at Gregory Gymnasium May 17 when Henry Wallace speaks there.

Jester declined to make further comment on the record.

PLEASANT DISCOVERY SALINA, Kas.—(AP)—A letter with four cents postage due arrived at Kansas Wesleyan University.

School officials, busy conducting a drive for \$110,000 to help build a memorial library in honor of war dead, opened it to find \$270 in cash—the gift of an anonymous donor.

Mexico's Test Well Reported Nearing Oil

MEXICO CITY—(AP)—Pemex, the Government Oil Monopoly, said today test wells in the northern border state of Chihuahua has reached a depth of 3,900 feet.

Pemex said drillers had found a 1,800-foot salt cap which indicated the wells were nearing oil.

Texas City Death Toll Set at 489

TEXAS CITY—(AP)—The American Red Cross has announced that the verified death toll in the Texas City disaster has risen to 489.

Of this total, 366 have been identified and 12 remain to be identified at the Camp Wallace morgue.

Destruction Public Building Threatened

JERUSALEM—(AP)—Officials received a telephoned warning today that the public information building in the all-Jewish city of Tel Aviv had been mined and immediately ordered it evacuated.

THEIR HOPE PUT IN 'FAITH HEALER'—Avak Hagopian, 26, Armenian "faith healer," rested today after brief, initial contacts with three patients he hopes to cure. He was Vaughn Arakelian, 37, (right above) epileptic son of Kirkor Arakelian, (left) weakly, vintner who brought Avak from Iran; Mrs. Alverna Arakelian, virtuous wife of Vaughn's brother, Dhiram, and Mrs. Zeza Naraslian, partially paralyzed friend of the family. Avak predicted Vaughn, an invalid since he was nine, would be well within two weeks.

Long Distance Pay Hike \$4.40 a Week

WASHINGTON—(AP)—Company and union officials agreed to settle the strike of long distance operators for a pay hike averaging \$4.40 a week and the government predicted a quick end to the whole coast-to-coast telephone tieup.

John J. Moran, president of the American Union of Telephone Workers, said the long distance walkout would end as soon as his nine-member board okayed the settlement, possibly late today in New York.

He said his 20,000 members still might refuse to cross the picket lines of other unions in the National Federation of Telephone Workers who have been off the job since April 7.

But John W. Gibson, assistant secretary of labor, and Edgar L. Warren, director of the U. S. Conciliation Service, declared: "With the settlement of this most important case, the other strikes between the Bell Associated Companies and their unions should be quickly settled."

A. T. & T. is the parent corporation of the Bell System. An official of the NFWA estimated that 20,000 of the 27,000 members of Federation Unions who struck at 31 drove for the Long Distance Operators' rate from \$2 to \$4 a week after steel auto and other big industry unions settled for that amount without strikes.

Like other unions in the National Federation of Telephone Workers struck April 7 for a 12 weekly increase. They dropped this demand to \$6 a week after steel auto and other big industry unions settled for that amount without strikes.

Under agreement hammered out in a 7 1/2 hour session with government conciliators, which ended at 2:35 o'clock (CST) this morning, the increase in base pay for the Long Distance Operators' rate from \$2 to \$4 a week everywhere except Buffalo and Boston. In these cities some workers will receive pay hikes of \$5 weekly, if the agreement is ratified.

While terms of the settlement are not subject to approval of the NFWA 49-member Policy Committee, which was adjourned indefinitely Tuesday night, Moran told a tentative conference that the part would be submitted to his fellow officers on the Federation Executive Board for their informal approval.

The government had concentrated on getting a long lines settlement because of its strategic position in the Bell System. NFWA affiliates still have 28 other disputes with Bell Companies, but negotiators knew they had to settle the long distance strike before peace was possible in the score of other branches.

President Joseph A. Beirne of the NFWA, who led the nation's first nationwide telephone strike, said that if the long lines settlement were approved it would "have an important influence on the wage levels established by the operating companies in the respective area."

At the negotiations both the company and union will be represented by seven-man panels. George C. Gephart, vice president of the company, and D. L. McCowan, president of the STWU, will head the respective panels. Johnson will serve as chairman.

The union committee is authorized to accept or reject any company wage increase offered or ratification.

World Eventually To Have Lasting Peace—Truman

WASHINGTON—(AP)—President Truman told a birthday news conference today that he is certain the world eventually will achieve a lasting peace.

Summing up the two years since he announced that chairman of the May 8, 1945, Mr. Truman said the country has surmounted many obstacles and that he is confident of its ability to survive others.

His political philosophy, the President said, is unchanged and he is still an optimist. As sure as he was speaking, there, before the correspondents, he said, he was sure that we will get a lasting peace and a vital United Nations.

The President, who is 63 today, made it clear that until peace is consummated, he has no intention of withdrawing Myron C. Taylor as his personal envoy to the Vatican.

Mr. Truman was told that the president of the Southern Baptist convention had complained that Taylor has not been withdrawn and that the minister said he had been promised that Taylor would be withdrawn when the peace treaties were ready.

The President said he thought he had told the delegation of Protestant clergymen, who called on him last week, that he had been promised that Taylor would be withdrawn when the peace treaties were ready.

Peace, he said, has by no means been consummated. As he passed another birthday, Mr. Truman said he is "feeling better" and that he had called in the correspondents to let them see how he is faring after more than two years in the White House.

Scout Council to Hold Meet Tonight

The second quarterly executive board meeting of the Adobe Walls Area Council, Boy Scouts of America, will be held tonight in the City Commissioners' room of the City Hall at 8 o'clock.

Main topics of discussion will be future finance plans for the council and recent camp developments. W. B. Wethered, chairman of the executive board, will be in charge of the meeting.

Mexico's Test Well Reported Nearing Oil

MEXICO CITY—(AP)—Pemex, the Government Oil Monopoly, said today test wells in the northern border state of Chihuahua has reached a depth of 3,900 feet.

Settlement in Southwest Is Seen This Week

ST. LOUIS—(AP)—Hope that the 32-day old strike of 42,000 Southwest Telephone Company employees might be settled before the weekend was expressed today by Federal Conciliator A. E. Johnson.

Negotiations between the Southwestern Telephone Workers Union and the largest operating subsidiary of the nationwide Bell System were being resumed today following transfer of the talks here from Washington. The first meeting was scheduled at 2 p. m. CDT.

"There is a possibility that we have a settlement sometime this week," Johnson said. "Both sides have assured me they are going to get down to business. The company has promised to lay a cash offer on the table before the end of the week."

Johnson added: "I may be wrong, but I think this thing will move by Saturday or Sunday."

There still was no indication of the size of the cash offer the union spokesmen declared the STWU was standing by its demand for a \$6 average weekly wage for a \$6 increase in base pay for the Long Distance Operators' rate from \$2 to \$4 a week everywhere except Buffalo and Boston. In these cities some workers will receive pay hikes of \$5 weekly, if the agreement is ratified.

While terms of the settlement are not subject to approval of the NFWA 49-member Policy Committee, which was adjourned indefinitely Tuesday night, Moran told a tentative conference that the part would be submitted to his fellow officers on the Federation Executive Board for their informal approval.

The government had concentrated on getting a long lines settlement because of its strategic position in the Bell System. NFWA affiliates still have 28 other disputes with Bell Companies, but negotiators knew they had to settle the long distance strike before peace was possible in the score of other branches.

President Joseph A. Beirne of the NFWA, who led the nation's first nationwide telephone strike, said that if the long lines settlement were approved it would "have an important influence on the wage levels established by the operating companies in the respective area."

The union committee is authorized to accept or reject any company wage increase offered or ratification.

City Approves Building Permit

J. R. Manning yesterday afternoon was given permission by the City Commission to go ahead with repairs to his building after a board of three men valued the controversial structure at \$3,250.

The evaluation board, picked at random by the interested parties and the Commission agreed the building would cost approximately \$6,500 to rebuild. This permitted Manning, according to the ordinance, to spend only \$1,600 for repairs excluding rat proofing and foundation costs. The rat proofing had already been requested.

The Commission deliberated more than an hour after the board returned its estimate of the value of the building.

Both Clayton Dudley and Manning said the Commission they had spoken to neighboring property owners about the intended improvements and received approval from every one.

This informed the Commission that Charles Knight, who made the complaint, did not live in the immediate locality nor owned any property along that portion of Cuyler St. The city engineer, Dudley, is residing at 321 E. Brown Ave.—several blocks away from the Manning building. Knight was not present at the afternoon session.

The evaluation board, selected to appraise the building, was composed of Vic Burnette, Jack Sullivan and R. W. Lane.

Local Men Attend Lions Convention

The delegation representing the Pampa Lions Club returned yesterday from a convention in El Paso lasting from Sunday until Tuesday of this week.

The convention elected John McClain, Hereford, as the first governor of the new district, winning over his opponent Max Boyer of Perryton, W. F. Woolam, Andrews, was elected governor of the other district, 272.

Pampans attending the convention were: Dr. R. A. Webb, Ham Luna, Roy McMillen, Ken Bennett and wife, Dan Stuber and wife, and the Squeaky Door Four composed of Red Wedgeworth, A. E. Hichman, Bunny Schultz and Dade Balthrop.

EXPENSIVE FARE PUEBLO, Colo.—(AP)—Colorado's honey-bungry bears are going to cost the state money. An arbitration board created by District Judge Harry Leddy recommended the state pay \$750 of a \$850 claim for damage done to bears in several bear raids. A statute makes the state liable for damage done by protected wild animals.

TIED UP—Weegee Jimmy McDonald didn't know what the telephone strike was all about and apparently didn't care. His mother and he have been tethered on "long lines" while she votes in a New York hotel on whether or not to accept the \$4 wage increase offered by the telephone company.

Senate Votes Ban on Union Health Funds

WASHINGTON—(AP)—The Senate voted today a ban on union controlled health and welfare funds and the involuntary check-off on union dues.

The vote was 48 to 40. Adoption of the ban as an amendment to pending general labor legislation was a victory for Senator Taft (R-Ohio) after a sharp reversal yesterday when the Senate killed 44 to 43, a Taft-backed proposal to forbid industry-wide bargaining.

Today's amendment also outlaws extortion and attempts by unions to "shake down" employers. It prohibits all health and welfare funds which are administered solely by unions. The Hartley bill already passed by the House has a similar provision.

The Senate amendment, sponsored by Senators Ball (R-Minn.), Ford, D. (Ia.), Smith (R-N.J.) and George (D-C) permits welfare funds in cases where "employers and employees are equally represented" in the handling of them, together with "such neutral persons" as both sides may agree upon. The maximum penalty for violation of the ban on union-controlled funds is a \$10,000 fine and a year in jail.

This also would apply where union dues are deducted from wages by an employer without the written consent of his workers. This is known as the involuntary check-off.

In a brisk argument before the vote, Taft contended that unless Congress bans union-controlled health and welfare funds they may become a "racket" but Senator Ives (R-N.Y.) called the proposal "extremely ill-conceived."

Senator Morse (R-Ore.) said the amendment would make illegal a vacation fund created by the Government Workers Union to which he said employers now contribute without the right to influence its administration.

Tests on other amendments are ahead but the Senate comes to a final vote on the measure.

Carnival Opens Here Tomorrow With Big Parade

The Jaycee sponsored Top o' Texas carnival will be officially opened tomorrow at the corner of West Adams and 10th streets. The parade, headed by the Pampa High School band in their new green and gold uniforms, members of the civic club will also parade in their uniforms, carrying a large blue and yellow and blue scarf.

Units of the parade will march South down Cuyler Street from the Junior High School to the carnival grounds on the Santa Fe right-of-way, and corner of West Adams and south Cuyler, at which time the carnival will open for the two days of festivities.

The carnival will feature 25 contestants, and a big tent show. The tent will feature two complete different types of entertainment during the two day shows. Seymour Davis, and his group of 11 new star-spangled entertainment from Oklahoma City, and boxing matches featuring the champions in each weight class of the city boxing tournament held April 24-26.

Davis, magician, accordionist, ventriloquist, humorist, and master of ceremonies, will be accompanied to Pampa by the American Swing Girls, Prof. Ignatz Baderwisky, a comedy piano virtuoso, and the Lee Sisters. (See Page 2)

Advance reports state of Davis, "Davis" coming with chapeauography, with playing the piano-accordion and the music. With his acting, humor, mystification and magic, Seymour Davis presents a well rounded and delightfully amusing entertainment.

Tips to neighboring cities are being made today by the Jaycees to publicize the carnival. They were accompanied by a sound true dedication to the Jaycees for use at the carnival by the Griffith Amusement Corp. of Oklahoma City.

Proceeds of the carnival will be added to the Jaycee fund, that will be used to "kick-off" a drive to build a community center in Pampa.

Rites Slated Today For Gunshot Victim

PERRYTON, (Special)—Funeral services were to be held this afternoon at 3 at the Primitive Baptist Church here for James F. Hardy, 57-year-old farmer and rancher, who died of self-inflicted pistol shots Tuesday about noon.

A coroner's verdict of "death by self-inflicted gunshot wounds" was requested yesterday by Coroner Pearl Wade after completion of an inquest and autopsy.

His family was unable to advance any reason for the man's act beyond the fact that he appeared despondent at breakfast the day of his death. He was reported to be in good health.

U. S. WEATHER BUREAU WEST TEXAS Partly cloudy to cloudy, scattered thunder showers and slightly warmer in Panhandle. South Plains and upper portions of Pecos Valley eastward this afternoon; partly cloudy tonight and Friday; warmer Friday.

OKLAHOMA — Partly cloudy tonight and Friday with scattered showers and Friday. Warm and clear tonight and Friday. Normal to slightly above normal temperature tonight and Friday. (adv)

Rayburn Speaks Out in Support Of Greek Aid Bill

WASHINGTON—(AP)—An approaching administration plea for perhaps \$75,000,000 to reinforce Southern Korea confronted Congress today as the House entered general discussion of the \$400,000,000 Greek-Turkish aid bill, the House turned to specific proposals for restricting the program and changing its terms. Chief among the amendments likely to be put to a showdown test before midnight is one to shift the burden to the United Nations.

To a hushed House near the close of yesterday's debate Democratic Leader Rayburn of Texas cried out against a test before midnight to shift the burden to the United Nations.

In impassioned tones, he declared: "God help us, God help this world, if we do not accept our responsibility to help countries that do not want to be smothered by communism."

From across the aisle, where the Republicans have been divided on the issue since it first was posed by President Truman nearly two months ago, Rep. Wadsworth (R-N.Y.) voiced the answer of those in GOP ranks who have lined up behind the Administration's expanding foreign policy.

"I am convinced," Wadsworth said, "that when we defend liberty the world over we are defending our own liberty. This measure is a forthright declaration in the support of righteousness. The struggle for liberty is not finished. We must stand up on our feet and support liberty."

Several opponents of the measure protested what Rep. Lawrence Smith said was "a bill of aid."

Aleman Receives Welcome Home

MEXICO CITY—(AP)—President Miguel Aleman was back in his own land today, conveyed by his nine-day visit in the United States and President Truman's visit to Mexico.

Some in the crowd even burst through double lines of troops greeting the President and slapped him on the back.

Church bells rang, rockets flared in the sky, booming cannons sounded a 15-min salute and bands—almost all in the air—blared out the National Anthem.

Aleman came as he went, in President Truman's personal plane. "The Sacred Cow" stepping down from the plane at 10:55 p. m. (CST) with three members of his cabinet and his son, Miguelito, 14.

He struggled through the crowd at the airport entrance and mounted a tribune, where Fernando Casas Aleman, Governor of the Federal District, gave him a gold medal for "Patriotic Merit" and for his "Signal Achievement" in cementing relations between Mexico and the United States.

Extremist groups touched by the crowd's enthusiasm, the President said he felt the demonstration to be a representation of Mexico's will to march and fight together for democracy.

'Check Your Guns' At Texas Legislature

AUSTIN—(AP)—The Texas House of Representatives today took facetious notice of yesterday's gunplay on the floor of the Oklahoma Senate.

A sign in the office of Sergeant-at-Arms Ernest Boyett, posted under a newspaper headline of the Oklahoma shooting, read: "Check Your Guns Here."

Rep. William George Richards of Lockhart took the floor microphone to urge that members take full cognizance of the notice.

"Let us not have any Oklahoma struggles today," quipped Speaker W. O. Reed of Dallas.

At mid-morning, Boyett said no pistols had been checked.

From where I sit... by Joe Marsh

Where's the Argument?

You should have heard Ed Carey and Spike Miller debating the merits of Guernsey's versus Holsteins. Ed's our firechief, and Spike handles hardware—but to hear them argue you'd have thought that they'd been dairying for life. Finally they put it up to Sam Carter, who breeds dairy cows! Sam hems and haws... and concludes there's a lot to be said for Holsteins, and about as much for Guernseys... take your pick! Actually, Ed and Spike were like people arguing about—say, beer versus buttermilk. Folks who've never tasted beer will sometimes get mighty vehement about their choice of beverages. And folks who've never tasted buttermilk will be equally pig-headed. From where I sit, it's in things we know nothing about that we get bigoted and stubborn. But when it comes to things we know a lot about, we're able to see both sides... be tolerant and reasonable... and above all, understanding.

Joe Marsh

First Baptist YWA Plans Mother's Day Tea Tonight at 8

At a meeting held Monday night in the home of Mrs. C. W. Hill, the YWA of the First Baptist Church made plans for a Mother's Day tea to be held from 8 till 9 o'clock this evening in the home of Mrs. L. H. Greene, 510 N. Somerville.

A talk on Baptist hospitals in Texas was made by Alene Morris. Refreshments were served to Patsey Groninger, Beverly Johnson, Bobby Robinson, Betty Greene, Alene Morris, and Merdella Roberts, a visitor.

The next meeting will be held Monday night, May 19, at 7:30, the place to be announced later.

Cowgirls Meet Tonite

All girls interested in forming an organization of cowgirls for this section are urged to meet at Recreation Park this evening at 8 o'clock and bring their horses.

A business meeting will be held in the near future to complete plans for the club.

ESA Meeting Tonite

All members of Epsilon Sigma Alpha Sorority are urged to attend the regular meeting at 8 o'clock tonight in the City Club Rooms as officers for the coming year will be elected.

Mrs. H. D. Foster will be in charge of the program.

Mother-Daughter Tea Will Be Held Sunday By the Kit Kat Klub

At their regular business meeting held Tuesday evening in the home of Miss Beverly Baker, 906 N. Gray, members of the Kit Kat Klub completed plans for their Mother-Daughter tea to be held from 3 to 5 o'clock Sunday afternoon in the home of Miss Donna Nenstiel, 620 N. Frost.

During the evening the members worked on invitations and lapel pins for the graduation dance to be held May 22.

It was announced that the members would meet next week with Miss Beverly Brandt, 404 E. Ford.

Refreshments of banana nut bread, cake and tea were served to Misses Judy Smith, Naneen Campbell, Betty Wilson, Eunell Johnson, Arvilla Patterson, Gloria Ward, Gloria Jay, Pat O'Rourke, Anne Mosley, Hilda Burden, Barbara Stephens, Zita Kennedy, Helen Kliser, Barbara Walters, Joan Sawyer, Laura Nell Berry, Norma Manatt, Martha Parks, Barbara Amery, Virginia McNaughton, Frances Gilbert, Beverly Brandt, and Jean Chisholm, sponsor.

Monthly Business and Social Meeting Held By Wesley Bible Class

PANHANDLE (Special) — Mrs. Troy Dowlen and Mrs. Edwin Carroll were hostesses to the Wesley Bible Class of the Methodist Church when they met at church Monday for their monthly business and social meeting.

The meeting was opened with the singing of "Close to Thee" with Mrs. Carroll at the piano.

The devotional, taken from John 14:1-7, was given by Mrs. F. J. Hollcroft, who stressed in her talk the need for a definite prayer time every day.

The Medlin Sisters Trio sang, "Among My Souvenirs," "Alice Blue Gown," "Mother," and "My Head in the Clouds."

The business session was in charge of Mrs. F. J. Hollcroft, president, who also conducted a Bible Quiz to close the afternoon's program.

Mother's Day Tea

A Mother's Day tea will be held Friday afternoon at 3 o'clock at the First Baptist Church by members of the Faithful Workers Class.

All class members and members-in-service are urged to attend and bring their mothers or a guest.

ESA Meeting Tonite

All members of Epsilon Sigma Alpha Sorority are urged to attend the regular meeting at 8 o'clock tonight in the City Club Rooms as officers for the coming year will be elected.

Mrs. H. D. Foster will be in charge of the program.

County Council Banquet Friday

Members of the County Council of Home Demonstration Clubs will entertain their husbands and other guests at a banquet to be held in the Palm Room at 7:30 Friday evening.

Mrs. O. G. Smith and her recreation committee is in charge of arrangements for the affair.

Dance Revue Tonite

"Stars of Tomorrow," annual dance revue of the McMurry Studio of Dancing, will be presented at 8 o'clock tonight under the sponsorship of the American Legion Auxiliary.

Around 75 dancing pupils from Pampa and surrounding towns will appear in the revue which will be given in the auditorium of the Pampa Senior High School.

Plans Completed for Senior Girl Scout Conference Here Saturday

At the regular meeting of the Senior Girl Scouts Wednesday afternoon final plans were made for the Senior conference to be held here Saturday, May 10. Reservations for 77 have been made.

The conference will open at 9:30 a. m. in the City Club Rooms. The program will open with group singing and introductions. A panel discussion will be featured at the morning session.

A luncheon will be served at noon in the Palm Room and the afternoon program will include talks on "Personality, the Key to Future Happiness" and "The Question Box" will be opened and the "Board of Experts" will discuss each question.

Recreation of folk dancing, games and singing will be included in the day's program.

A visit to the Pampa High School will be made after the closing session.

The visitors, Senior High School girls, will come from Borger, Panhandle, Dumas, Amarillo and Springer, N. Mex.

This is the first Senior conference held in this area and the eight girls of the Pampa Senior Scout Troop who are serving as hostesses are Betty Nelson, Altha Bell Steward, Marie Davis, Ann McNamara, Barbara Payne Blair, Sue Young and Verlene Farmer.

Junior Guild

The Junior Guild of the First Methodist Church will meet in the home of Mrs. Lee Harrah, 605 N. Frost, Monday evening at 8 o'clock instead of with Mrs. E. E. Seitz as previously announced.

Skellytown Rebekahs Receive New Members

Three new members were taken in by transfer at the regular meeting Monday night of the Skellytown Rebekah Lodge. They were Mrs. Lucille Mostello, James Mostello, and Miss Vanece McAllister. There were 26 members in attendance.

Highlights of the Panhandle Association meeting held in Wellington April 27-29 were discussed. Members of the Skellytown team which participated in the competitive degree work, taking third place, were Mesdames Maggie Webb, Leona Yell, Ruth Groberg, Florence Sullivan, Marjorie Peckam, Jewel Ray Hand, Irene Kries, Yvonne Wade, Nina Page, Louise Morgan, Pauline Denham, Edith Noble, Dorothy Palmerton, Edith Guin, Glenna Anderson, and Ethel Austin; and Miss Addie Fern Lick.

Others from Skellytown attending the association meeting were Mrs. Panny Coleman and E. Crawford. Mr. Crawford was elected to the association's board of directors.

Three new members received at a recent meeting of the lodge were B. P. Palmerton, Chester Yell, and Floyd Hand.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unguilty weight and helping back ailing curves and graceful slender lines. Just get from your druggist, four ounces of liquid Barcostrate (formerly called Barcol Concentrate). Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. You don't realize you may be obtaining results. How you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

RETURN ENGAGEMENT

By Gwen Davenport

Copyright by Gwen Davenport; Distributed by NEA SERVICE, INC.

THE STORY: Sir Charles happens upon Godfrey making a love to Bridget, the maid. Furious, he tells Godfrey to be thankful Sophie has given him a home without humiliating her again by his cheap behavior, as he had in the past.

XIX

SOPHIE had been waiting several days for a chance to talk to Vicky. Since the Bagot boy had gone back to his near-by base, getting home only for week ends, Vicky had thrown herself into Red Cross work with the zeal of a fanatic.

Sophie was worried at her lack of appetite and at a loss to account for it, since a fat letter arrived for Vicky almost daily and Salty came back for the week end twice in the month of July. The child could not think he was neglecting her.

It was not Vicky's affairs that were on her grandmother's mind today. Sophie's return to her birthplace and the scenes of her youth had led to thoughts of her demise. Her conscience, having provided now for all to whom she was indebted, should have been clear. Being at bottom a good, sound, incorruptible Maine conscience, it was not.

While she was slowly drying up in the hot Riviera sun, Sophie had given no thought to the possibility of her predeceasing Marcel or Sir Charles and leaving them unprovided for. But now that she had assumed responsibility for Basil and Godfrey also, she began to consider the possibility of her own death. The odds were against her outliving all of them; indeed, she thought, she would very much dislike surviving her contemporaries. She pictured herself lonely and growing helpless, losing her vigor, attended by only hired hands here and there, the isolation which she took as regularly as her morning coffee. She could not imagine her funeral without mourners other

than Vicky. It would not do at all. Yet, if she left them unprovided for, the mourning of Godfrey, Marcel, Sir Charles and Basil might well contain a note of panic.

"DARLING," Sophie said, "I want to ask you something. You know, I can't live forever—not in the flesh, that is—"

"Don't, Granny!" Vicky cried in real terror. The world without Madame van Eyck was something she could not bear to think about. How dreadful to be without family, without a home! "Granny," she wanted to add, "please don't die till I'm married and settled and have some kind of a life of my own—"

"It's a thing we must face," said Sophie firmly, not really believing in it herself. "Of course you know I am leaving everything to you. You will be very rich. I have no one else I wish to remember in my will. However—that does not mean I intend to leave everyone unprovided for."

"Oh, you'll outlive them all!" Vicky said, hoping devoutly this would prove to be the case.

"Perhaps," said Sophie, "although Sir Charles is younger than I." That Marcel, Godfrey and Basil were also her juniors she refused to acknowledge. "Sir Charles must be taken care of, always."

"Madame van Eyck is survived by a granddaughter and a butler," Vicky murmured. Sophie looked at her coldly. "I'm sorry," said Vicky. "All right, dear. Now, it would be foolish for me to name in my will people who are only too likely to predecease me. I have, therefore, I say, left everything to you. On condition that you always take care of Marcel, Sir Charles, Godfrey and Basil."

Vicky was silent.

"Well?" said Sophie.

"Yes, Grandmother," Vicky

pressed her hands together between her knees. She told herself, I mustn't say anything. I must never let her know. Granny is so good and kind. . . .

"BESIDES, I'd hate to feel I was leaving you all alone," Sophie went on. "And having someone else for whom you are responsible is just as good as the other way round."

Vicky was thinking how deadly it was, living with a lot of old people. If they have a train to catch, they always go to a station an hour early and sit in the waiting room for fear they'll miss the train. If they walk around the garden once and read the paper they've had a busy day. They hate not to have meals on schedule. They don't like noise, and they call dance music noise. They've been left behind by one generation and are never really comfortable with the next.

"Of course," said Sophie. "It's hard on older people to have to live with young ones. Young people have no sense of time, they hate to do anything when it should be done and they have no respect any more. I don't mean to say you need actually have Marcel or Sir Charles to live with you. They wouldn't like that at all."

Vicky could not help smiling as she heard the opposite point of view. She was too young to realize that, in one of nature's most merciful examples of compensation, loss of desire to be active accompanies the loss of ability.

"Oh, Granny, you know I wouldn't let them starve! You don't need to talk about it."

"That's a dear child. Godfrey and Basil too, of course. Promise."

"Dear child!" Victoria pictured Salty propping and being informed that four old men went along with his bride. She must get married before Granny died! She had to! And suppose Salty never did propose at all! Supposing he stayed in the Navy and went to sea for years and years and Granny died and they never came back to Goose Neck any more and she never saw him again.

(To Be Continued)

Services Set Today For Reeves Infant

Charles Reeves, infant son of Mr. and Mrs. Roy Reeves, died in a local hospital a few hours after birth, yesterday.

Graveside services were to be held at 2 p. m. today. The Rev. Charles T. Jackson, pastor of McCollough Memorial Methodist Church, was to conduct the services.

The baby is survived by his mother and father, a sister, Carolyn, and a brother, Thomas Henry.

Arrangements were under the direction of Duenkel-Carmichael Funeral Home.

TWO INTOXICATIONS—2

Two men were fined \$15 each on charges of intoxication by Judge Clifford Braly this morning in Corporation Court, and another person was fined \$5 for running a stop sign. No other cases were heard.

After reaching an altitude of 25,000 feet, climbers on Mount Everest must lie down for 10 minutes after every six steps.

CLEAN-UP

WEEK
MAY
11-18

Pampa's Annual Clean-Up Week Starts Sunday

DO YOUR PART

Cut all tree limbs and lumber in four-foot lengths or less. Place all trash and rubbish in alley, ten feet from water meter boxes.

Clean up all fire hazards, cut weeds in alleys and fences and place in boxes. Trucks will make their regular routes with extra help.

Realty Transfers

O. J. Cash and wife, Lavada Cash, to W. A. Gauss: All of Lots numbered 8 to 15 inclusive situated in Block 27 of the original town of McLean.

John R. Biggers and wife, Verna Biggers, to Cleo Harcrow: All of Lot number 2 situated in Block H of the original town of McLean.

F. E. Shyrook and wife, Gertrude Shyrook, to B. Baldrige: All of Lot

number 4 and the northerly one half of Lot number 5 both situated in Block 3 of the Cook Adams addition of the city of Pampa.

John I. Bradley and wife, Deane Bradley, to H. E. Zahn: All of Lot number 4 situated in Block 4 of the Gordon addition of the city of Pampa.

Co-operation between nations is not an easy task and the building of a system of collective security is a stupendous undertaking.

—Dr. V. K. Wellington Koo, Chinese UN delegate.

young look for over thirty skin with estrogenic hormone cream

by helena rubinstein

Over thirty? This is the cream that Helena Rubinstein blends specifically, and superbly, for you. It contains an active, natural hormone ingredient which the skin absorbs. It's the equivalent of a substance rich in young skins, but decreasing with the years. Use it faithfully, each night for a month. You'll be more than ready for your second jar when you see the rewarding, younger look you've achieved!

ESTROGENIC HORMONE CREAM, 30-night supply 3.50
ESTROGENIC HORMONE OIL (so rapidly absorbed you can use it on face and throat by day and night for an "invisible" treatment) 5.00 plus tax

Committee from Page 1)
 Committee and Justice Department. It was echoed by Rep. Taber (R-N.Y.), chairman of the full committee which upheld Stefan's group.
 Stefan and Taber lashed out at the departments after Secretary of State Marshall and Secretary of Commerce Harrison criticized the committee's action in separate statements yesterday. Previously Secretary of the Interior Krig and Secretary of Labor Schwelb had complained of economy-axe blows to their departments.
 Referring to Marshall's claim that the committee action posed serious

problems for the State Department, and to Harrison's assertion that it would "return us to the dark ages of business knowledge," Stefan told reporters:
 "It makes no difference whether the cut are five cents or a million dollars, the screams are just as loud."
 "This is only part of the tremendous bombardment I've been suffering from all departments during the last several weeks whenever we have requested departments to cut expenditures and help balance the budget."
 "It is only another example of the show these department heads are putting up to embarrass the Appropriations Committee in trying to carry out President Truman's (budget) requests."
 "These people were fighting the Appropriations Committee before we even made the appropriations."
 "They had their program ready and it started an hour after we had completed the bill and before the totals were made public. A prepared program of smearing the Appropriations Committee was set in motion all the way from Prague, Czechoslovakia, to the grass roots of Nebraska."
 "The State Department budget was cut \$60,409,565 to \$219,128,058 while the Commerce Department drew a \$35,092,000 reduction to \$191,057,000."

Jewish
 (Continued From Page 1)
 national life in its ancient homeland, will be welcomed before long by you to this noble fellowship of the United Nations.
 The Jewish agency's appearance climaxed more than a week of bitter debate over how and where the group should be heard. The agency had asked to speak before the full Assembly but opposition led by the United States resulted in reference to the political body, which has the same delegates but meets under a different chairman here rather than at the Assembly Hall in Washington.
 Rabbi Silver, measuring his words, called upon Britain to refer to the Palestine mandate to a proposed U. N. inquiry commission rather than wait until the Assembly meets for decision on the whole problem in September.
 He said also that the inquiry group should visit principal displaced person camps in Europe.

Greek Aid
 (Continued From Page 1)
 (R-Wis) called the "sag" imposed by supporters of the measure in limiting general debate to nine hours.
 Rayburn had pictured for his colleagues the possibility that Russia—once it had attained control over Greece and Turkey—would move on to other lands around the Mediterranean and in Europe and Asia.
 "If \$400,000,000 will help us stop that thing, I for one am willing to appropriate it," he said.

Phillips
 (Continued From Page 1)
 from the union during that period. The term of the contract to be six, eight, 12 or 24 months at the option of the union. Provisions to be made rendering the "no strike-no lockout clause" inoperative during wage negotiations, the contract subject to cancellation in event of strike or lockout at option of the union.
 If agreement is not reached a provision giving the party opening the contract for wages the right to cancel.
 Negotiations to continue upon resumption of work on "matters heretofore discussed in departmental meetings as applying only to the respective departments."
 It was learned this morning that Herbert Wood, of the Washington office of the union, was to land in Amarillo to confer with the union at Berger. Meanwhile a called union meeting was set for 8 p. m. Friday in the union hall. Woods is expected to appear at this meeting.
 Berger sources today advised Miss Garrett has won a substantial number of followers in her plea for an early end to the strike. The source added that the plucky office worker has also won a few enemies among the professional union officials.
 Meanwhile the popularity and po-

OUR BOARDING HOUSE... with... MAJOR HOOPLE

sition of Joe Rigdon, business agent of the local, was teetering until this morning when his entire attitude was reported changed practically overnight. Rigdon was described today as a smiling, affable man. At the same time the Berger Chamber of Commerce made a plea with the strikers to make an early settlement and return to work bringing the community back to normal.
 The B. P. Goodrich plan, also affected by the strike, was still closed because of lack of materials. Approximately 600 workers in that plant have been idle due to suspension of operations.
 Miss Garrett, the heroine of the hour in Berger, told newsmen she went to the office of Phillips and on the air on her own initiative because she wanted to know just what was going on.
 All negotiating was stopped abruptly when union men stormed out of the last meeting and U. S. Conciliator Ray Majure returned to Dallas.
 Rigdon's precarious position in the

strike came when Ivan J. Tietz, production department representative said "any future statements will come from the union committee."
 A general trend of opinion among union members was reported as being highly in favor of placing Rigdon in the background and dealing with the company without him since they felt the company was taking its bad feeling for Rigdon on the union in general. This feeling is believed to have led to Rigdon's reported change in attitude.

Drivers Demand More Money; May Not Race

INDIANAPOLIS (AP)—The 28 race drivers who withheld their entries in the 500-mile Indianapolis Motor Speedway race when their demands for a \$150,000 purse instead of \$75,000 were rejected, probably will not compete in the Memorial Day Classic.
 The American Automobile Association's contest-board has refused to reopen the Speedway Race entry list and also has refused to approve a 200-mile National Championship Race in Milwaukee May 30.

Name Two VMI Aides
 LEXINGTON, Va.—(AP)—Virginia Military Institute has named Clarence (Pop) Strange, former assistant coach at Louisiana State, as football line mentor, and Louis E. (Lou) Brownson, former head coach at Holy Cross High School at New Orleans, La., as grid coach. They will serve as assistants to Arthur (Slick) Morton, the Keydets' new head coach.
 Raw sugar, before it is whitened in refineries, is yellow.

Vetch Yield Is Reported High

BROWNWOOD—R. H. Nelson, district production and market-

ing field agent, said here yesterday that there were over 100,000 acres of vetch in the favored producing area of the west cross timbers this year. He predicted that the seed, selling for about 20 cents a pound, might drop below the 13 cents government support price if the acreage

yield is high. Nelson spoke at a meeting of seed dealers from Oregon, Arizona, Louisiana and Texas to discuss price support and insect control of vetch seed. Wilson Westbrook of the Production and Marketing Administration grain division, Washington, said that the west cross timbers vetch growing area from Brownwood north is free of weevil.

He added that Arkansas is the only state that has set up controls requiring fumigation and sealing of containers of imported vetch seed. A. E. Ruhmann, Waco seed man, proposed the initiation of steps to prevent weevil-infected seed distribution in Texas. Charles V. Griffin, Brown County agent, said that experimental dusting on two farms showed no positive results.

WALL STREET STOCKS

NEW YORK, May 7.—Stocks moved uncertainly today and finished with only narrow price changes after one of the slowest sessions of the past year.

Pivotal issues failed to provide leadership as many stayed nearly motionless, some above and some below previous levels. Steels softened in the trading, but grains and losses were nearly balanced in the list was whole at the close. The highest first-hour for any full session since last July 5 contributed only 100,000 shares to a total volume that approached 600,000.

Record sales reports prompted Montgomery Ward and Sears Roebuck Radio Corp. gained on a favorable earnings showing. Other issues ahead were American Tobacco, P. Phelps Dodge (on dividend news), Kennecott, General Electric, Southern Railway, Great Northern Preferred, Texas Co., Standard Oil (N. J.), and Westinghouse Electric. Omnia common and preferred made wide dips to new 52-week lows.

Fe. Atlantic Coast line, U. S. Gypsum, International Harvester, Glenn Martin, C. Penney and Johnson-McDonald earnings and dividend reports were virtually ignored as quiet as the market.

At 10:30 a. m. bonds made some progress.

CHICAGO PRODUCE

CHICAGO, May 7.—(USDA)—Patatoes dull with slightly weaker undertone. Idaho Russet Burbanks \$1.60 unwashed; Wisconsin White Yarieties \$1.90; Minnesota-North Dakota Red River Valley Cobblers \$2.75 unwashed; new stocks; California 100 lb sacks long whites \$3.85-3.95. (All U. S. No. 1).

NEW ORLEANS FUTURES
NEW ORLEANS, May 7.—(AP)—Cotton futures advanced here today on heavy price-fixing and short covering. Closing prices were very steady \$2.10 to \$2.55 a bale higher.

Gracie Reports

By GRACIE ALLEN

Well, I see that some of the biggest business firms in New York are on the verge of collapsing because they can't find stenographers and typist who know grammar and spelling. The employers blame the public schools, but personally I think part of the blame lies elsewhere.

The movies did their share by investing in some and making it possible for young people to enjoy themselves without learning how to read. When pictures had titles instead of dialogue you had to be literate or at least sit next to somebody who was—even audiences at

cowboy epics had to be able to spell out great big words like desperate and vengeance.

Shortages did their share, too, for years. All that typists had to put down was "your order of the 16th isn't received and will say there is none of it in stock." You can't expect people to develop on that kind of training, can you?

NEW ORLEANS SPOT COTTON
NEW ORLEANS, May 7.—Spot cotton closed steady, at a bale higher. Sales 1,788. Low middling 22.25; middling 26.50; good middling 27.10. Receipts 2,515. Stock 188,777.

WATCH FOR STRIKES IN TELEPHONE RESULTS NOW

The announcement Tuesday night that the striking telephone workers have abandoned their hopes of successful negotiation on a national basis, and will return to their respective regions to talk terms, is heartening. One might say, in fact, "Now, we're getting somewhere!"

Actually, we could see from the beginning no good that could come out of a meeting in Washington, in which people from all parts of the country were sitting at the same table trying to form a uniform pattern to fit all their cases.

If the union should become so powerful that it could force the Bell System, or any other concern, to settle disputes on a national basis, both management and union workers would be the object of dictatorship.

Economic and social differences exist in one community as against the next, and to try to dissolve those differences is to disregard the welfare of the most important principal, the individual.

The union leaders were wise in abandoning such ambitious and ill-conceived idea. We can now reasonably look for good results.

POOR CLEM!

Again we say, poor Mr. Attlee! He and his government decided that they would raise the tax on tobacco to bring in some desperately needed revenue. Cigarettes went up from 48 to 68 cents a pack. Whereupon Britons swore off smoking by the thousands and nullified the tax rise by that now familiar device, a buyers' strike.

But that wasn't the worst of it. Reports from London tell us that housewives have a new complaint. Swearing off smokes has had the not uncommon effect on the old man of wakening his appetite to new and alarming proportions. And you know the food situation in Britain—even with tobacco-dusted palates.

It's like we said—poor Mr. Attlee, he just can't win.

In Hollywood

By ERSKINE JOHNSON NEA Staff Correspondent (Johnson on KP2N Monday thru Friday, 2 p. m.)

HOLLYWOOD EXCLUSIVE: VERY QUIETLY ORSON Welles has placed under personal contract the French actress, Barbara Laage. Orson had her standing by, we hear, during filming of "The Lady From Shanghai"—just in case Rita Hayworth had walked out on the picture as well as on him.

Richard Ney just turned down a Broadway play offer pending the reconciliation with Greer Garson. . . Glenn Ford and Eleanor Powell are cooking up a deal to do a movie together. . . Jack LaRue would like to do the film biography of Valentino.

Bette Davis' first movie, after she has her baby, will be "African Queen," story of the Congo after World War I. The queen is a riverboat, not Bette. . . Doug Fairbanks, Jr.'s two leading ladies, Maria Montez and Paule Godet, are feuding, but deliciously, on the set of "The Exile."

LARINE AND WAR Now that Laraine Day is back in the headlines, here's a story about her agent who had never heard before. His name is Marty Martyn. For almost six years Marty devoted practically 24 hours a day

trying to further the career of Laraine. He stated when she was just another actress at MGM and fought for her all the way to stardom. Marty never met a producer or a director without immediately talking about Laraine, selling her for this role or that role.

One day Marty rushed into the executive dining room at MGM with big news—he had just heard "Russia" be announced as the roomful of executives, "has just declared war on Japan."

Mervyn Leroy turned around in his chair, looked at Marty and said simply, "Tell me, Marty, is that good for Laraine Day?"

Talking about a certain Hollywood character who got married, Ed Gardner said: "He didn't know he was doing it. She caught him when he was cold sober." Peggy Lee, blonde thrush at the Bogaie, will make her film debut in "Midnight Serenade."

PROVINCIAL ON LOVE The censors are frowning on those love scenes between Susan Hayward and Bob Cummings in "Lost Moment." . . Lou Busch is writing a Broadway musical to star his wife, Janet Blair. . . Mary Martin will go to London for a stage version of "Diamond Lil."

Olivia de Havilland is planning to make only one picture a year now that she has a story about her agent who had never heard before. His name is Marty Martyn. For almost six years Marty devoted practically 24 hours a day

Promised but not hoped for: Wallace Beery dancing a rumba for "Alias a Gentleman." Methinks it will be alias a rumba!

Our job is to try to make of every nation a friend, regardless of how hard the problem might be. —General Eisenhower.

The responsibility of preserving our free enterprise system will continue to rest upon the joint efforts of business, labor, the farmers, and government. —President Truman.

THOUGHTS

Have mercy on me, O Lord, thou son of David. Matthew 15:22. Teach me to feel another's woe; Under the fruit I see. That mercy, I to others, show. That mercy show to me. —Alexander Pope.

FRENZIED FINANCE

By Peter Edson

EDITOR'S NOTE: This is the second of two columns by Peter Edson revealing how the U.S. may take a big loss because of careless handling of occupation money during the war.

WASHINGTON—(NEA)—One of the biggest financial boners of the war was the U. S. government decision to turn over to the Russian military government the plates from which billions of German paper marks were printed as occupation currency for use of troops and civilians in Germany. The Russians have never made an accounting of how much of this stuff they turned out or what they did with it.

The general belief is that much of this lumpy money, which had nothing to back it up, was used for legalized loot of the Russian zone in occupied Germany. All the Russians had to do was take a fistful, a basket, or a trunkful of whatever they wanted. If it was a factory, okay. Food, farm products, jewelry, junk—also okay.

The defeated Germans in the Russian zone had no choice. If they hadn't sold, the Russians might have taken the stuff anyway. What- ever the Russians "bought" was not counted as reparations.

The Russians paid their troops in it. The marks were no good in Russia, however, so all the Russian soldiers could do was buy what- ever there was to be bought and ship their purchases home.

This Russian buying slopped over into the American and British zones. Yanks and Tommies who found the Russians would pay out- handish prices for wrist watches,

NATIONAL WHIRLIGIG

news behind the news

WASHINGTON By RAY TUCKER SLICE—Although Congress has not completed its overhaul of the 1948 budget, reliable information leaking out from subcommittee executive sessions guesses that the House will slice approximately \$4,300,000,000 from President Truman's budgetary requests. The economiz- ers are cutting to the bone, but it will be difficult to effect a larger saving.

On this basis, it will require a sur- plus of approximately \$2,000,000,000 to permit the across-the-board tax reduction in the Knutson Bill. Mr. Truman's budget estimates the prospective surplus at \$1,250,000,000 as against a previous guess of a \$2,300,000,000 difference—a difference of \$2,500,000,000. The current Knutson contention is that if he could be wrong the first time, his more recent forecast might also be erroneous.

The results so far seem to support the viewpoint of Senate Republicans that the maximum reduction of Mr. Truman's budget requests cannot be more than \$4,500,000,000. The Martin-Halleck group in the House originally framed their budget-tax- appropriation program in the expectation that they could top off approxi- mately \$6,000,000,000.

House penny-punchers, a nickname they gladly accept, still aim to cur- tail the budget by at least \$5,000,000,000. They are confident that they have already scraped almost to the bottom of the barrel.

BACKFIRE—The most sensa- tional reductions effected by the sub- committee in their behind-the- doors sessions consist of a \$1,000,000,000 slash in the Army appropria- tion and a \$750,000,000 cut in Navy funds. Together with almost \$1,000,000,000 topped off the request for possible Treasury refunds of taxes, these three economies consti- tute the major portion of the G. O. P. program.

The reducing squad has not yet published the Army-Navy figures for fear of provoking a backfire in which prominent Republicans associ- ated with military and naval orga- nizations (or lobbies) would help set off. But they maintain privately that they have not jeopardized the national defense system. They em- phasize that they have been gener- ous in allocating funds for research and experimentation in an age when the mechanics of warfare changes daily.

The Republicans concede that they acted somewhat precipitately in their operation on the Navy budget. Origini- ally, they hammered out a com- promise of \$500,000,000 with Secretary Forrestal, who admitted that he could accept that figure. Then, to their surprise, President Truman summoned his Army-Navy advisers to the White House, and instructed them to resist any cuts at all.

His order, which was construed on Capitol Hill as a declaration of war, angered the Republicans. Forthwith they increased the tap on Mr. For- restal's appropriation to the larger amount.

PROPAGANDA—The most spec- tacular sidewise in the field of for- eign affairs was the absolute aboli- tion of the controversial agency known as the Office of International Information and Cultural Affairs—the State Department's so-called propaganda bureau.

When a subcommittee members voiced a point of order against the \$31,000,000 appropriation for this executive unit, Chairman Karl Stef- an of Nebraska responded without taking a vote:

"The point of order is well founded." Thus William Benton's high-powered sales agency was wiped out without a single Democratic dissent, although it had been praised by President Truman and Secretary Marshall as giving foreign peoples a true picture of American life in an attempt to counteract communis- tic infiltration and ideologies.

G. O. P. members deny that the destruction of the Benton bureau signified that the Republicans plan to repudiate their agreement to handle foreign problems in a non- partisan manner. They insist that they abolished the agency for hard, practical reasons after a thorough study of its operations.

OYSTERS—Their survey of the propaganda unit's newspaper, maga- zine and radio activities, the axes- swingers say, convinced them that they were so puerile as to be totally ineffective. They loved, rather than exalted, American prestige across the water, in the subcom- mittee's opinion.

The members, for instance, took a look at a few paintings in the exhibit which Assistant Secretary

German currency stabilized. The prewar Reichsmark was worth about 40 cents. At the end of the war it was 30 cents. Six months later it was worth a dime. Today it is 4 cents.

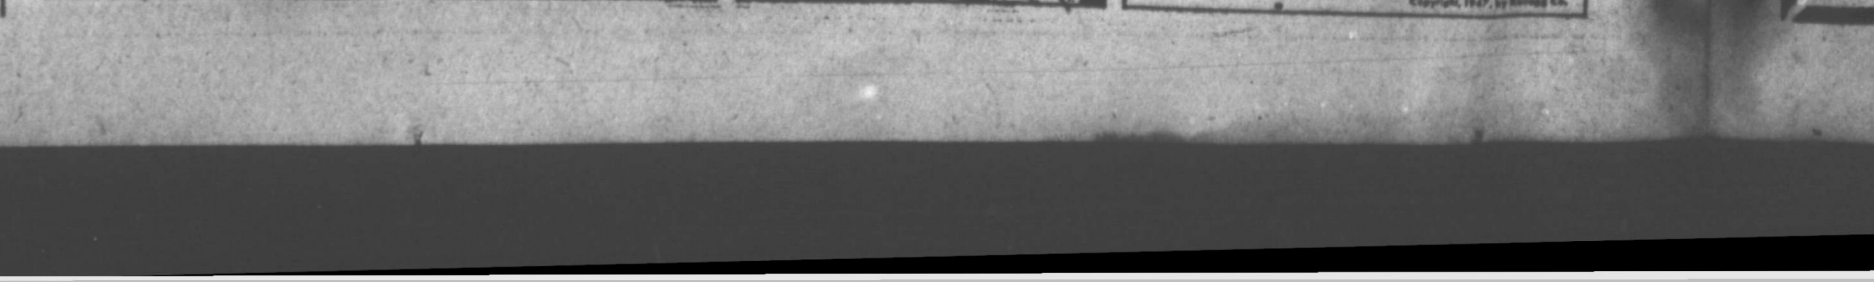

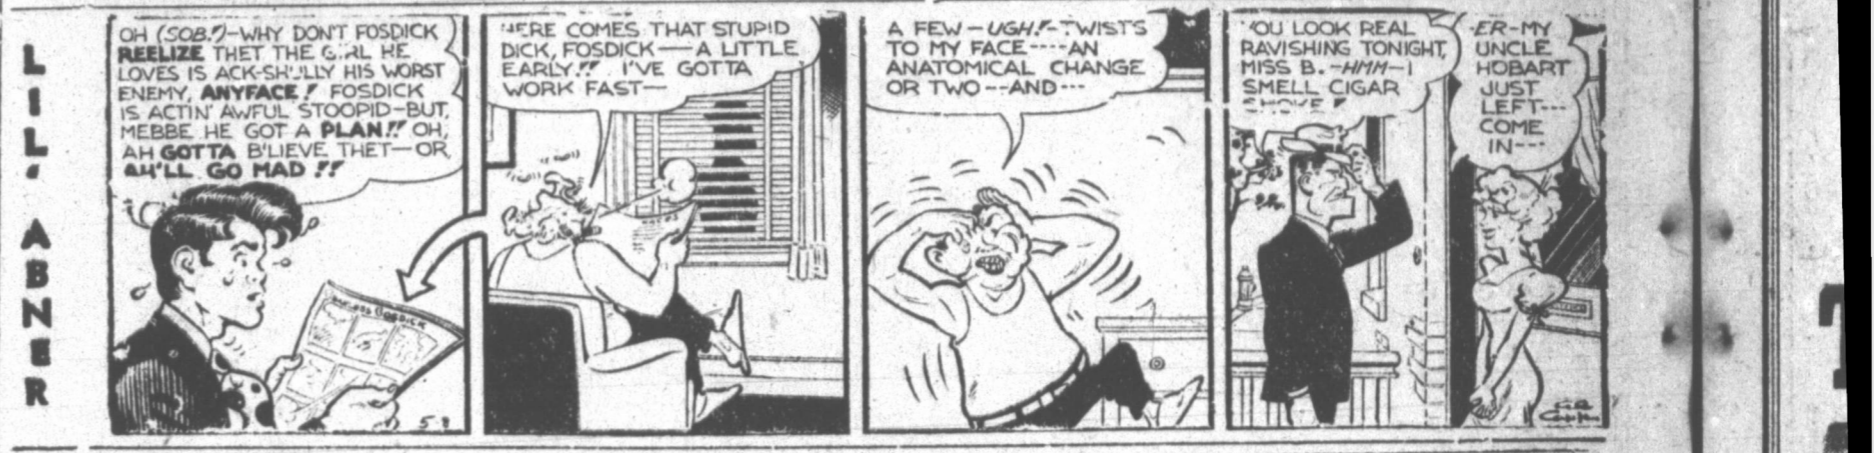

BIG HITCH IN NEW PLAN For six months the Big Four finance directors of the Allied Control Council have been wrestling with the problem of pegging the mark and getting the German finan- cial structure in such shape that Germany can do business in inter- national trade.

Recently these financial directors agreed to issue a new Deutsche mark, which will be worth 10 of the old Reichsmarks. Anyone holding the old marks will be asked to turn them in at this 10-for-1 rate. This action has to be confirmed by the Control Council. It will probably take six months to get the new currency printed and put in circulation.

There is one big hitch in the plan. American military government authorities are now insisting that the new Deutsche mark be printed in Berlin, under four-power con- trol. The Russians want to print the new money in Leipzig, which is where they have been printing occupation currency for their zone.

Having been burned on the deal once, American officials are appar- ently determined not to be burned again. They still run the risk of having the taxpayers pay through the nose for mistakes of the past. For the minor extravagances and natural wastes of war that cost mere millions it is easy to forgive. But it would have been wise if, in throwing the tens of millions and the hundreds of millions around, they had been just a little more careful.

The Oriental mind is hard to fa- thom. Mercy is not in it. —Maj.-Gen. Edward R. King, com- mander of U. S. forces which sur- rendered on Bataan.

Braves Win

(Continued from page 11)
son drove out an eighth inning home run to break a 2-2 tie. It was the second homer in two nights and fourth of the season for the Norwegian-American youngster from Snohomish, Wash., the town that produced Earl Averill who starred

for Years in the American League.

The victory enabled the Braves to break a second place deadlock with the Chicago Cubs. They now trail the National League leading Dodgers by one game.
The nasty weather which stopped all other scheduled day games almost hurt the chances of the world champion St. Louis Cardinals. But the rain let up long enough for the

Redbirds to defeat the Dodgers 2-1

in a thrilling battle at Ebbetts Field.
A home run by Terry Moore with one on in the seventh provided the margin of victory for Howie Pollet. The slender Southpaw walked eight and gave up nine hits, but four double plays, two of which he started himself saved him. Vic Lombardi gave up only three of the Cards' four hits and deserved a better fate.
Dick Fowler's tight pitching and a two-run homer by Hank Majeski helped the Philadelphia Athletics dispose of last place to the St. Louis Browns as the A's whipped the Browns 6-1 in the American League's first night game of the season.

Loop Leaders

(Continued from page 11)
first loss against four wins.
Sherman turned to blasting home runs to trim Gainesville's Owls 7-0 with Bill McClaren, Willie Reyes and Larry Drake hitting for the circuit, Reyes twice.
Waco's Dons sank farther into the cellar as the Paris Red Peppers cracked 17 hits to kick the last-placed 9-7. Jim Howell blanked Waco for three and a third innings after Jim Scott was slugged hard and gave up all the Don runs.
The clubs play the same tonight with Greenville at Wichita Falls, Texarkana at Austin, Paris at Waco and Sherman at Gainesville.

Get it today! Just spray on WEED-NO-MORE. **Panhandle Lumber Co., Inc.** 420 W. Foster Phone 1000

Specialists Estimate Farmer's Need of Fertilizer Products

The amount of fertilizer farmers would buy if they could get it, and if present price levels continue, has been estimated by the U. S. Department of Agriculture, with the help of state AAA committees, agricultural college agronomists, and fertilizer control officials. In terms of plant food, farmers would use 1,160,889 tons of nitrogen; 2,863,296 tons of phosphoric acid; and 1,359,813 tons of potash. This is the equivalent of nearly 27 million tons of mixed fertilizer containing an average of 20 percent plant food. Actual production during the present season is between 14 and 15 million tons.

ODE TO THE MILK MAN

By FRANK TRIPP

Gather 'round, ye weary housewives, ye whose work is never done—I would have words with you. Also with the milk man. For I've just made a great discovery. We have things in common you and me and the milk man.

The discovery I've made is that the number of quarts of milk and the number of newspapers that are delivered to U. S. homes and dealers every day is the same: 50 million quarts of milk and 50 million newspapers every day in the year. With all that food for brain and brain you'd think the country would be more sane. I don't know like newspapers and the milk man are up against the same problem. No matter how he tries, he can't get enough milk down puny throats and the newspapers can't get enough puny minds past the funny page.

That's likely all the newspaper ballyhoo you'll want for now but I did want to get over the idea that two basic household necessities are running neck and neck and getting over in a big way in spite of the shortage of newsprint and cows.

The main idea today is to talk about the milk man since they put me part way on the wagon—just on the tailboard—since then, I've worked up sort of a fondness for milk men. I gather from the milk man's bulletin that a lot of folks got sore when the government cut out the two cents a quart subsidy and they had to pay it direct. The saps would rather pay the two cents in taxes and two cents more for a mob of questionaire-getter-outers, Bronx lawyers, investigators and ivory tower experts who still marvel how a cow can sit down on a milk bottle. I'm a bit up on the lactical fluid. I used to milk the cows once—just about once. It takes nine quarts of milk to make a pound of butter. The government says that, not the milk man, but it's one point on which they agree. I don't know what you pay for milk or butter but I'd hate to do my own churnin' on that basis, much as I like buttermilk.

A quart of milk weighs 2.15

pounds. The way it works out, it takes eight and a third pounds of milk (almost four quarts) to yield a pound of cream, and two and a half pounds of cream (about a quart) to make a pound of butter.

That's about right, I figure. Our Anna tried to cheat 'em with a Mixmaster. We ran about a pound of butter to a quart of cream. But it was farmer's cream, thick as shaving cream. So thick that we had to put the Mixmaster in low and stand by with a wet chain.

It seems to me, from the figures, that somebody ought to go to bat for the calves. Although they get their milk at the source, and do a lot of their own milkin', they only get 2.5 percent of all the milk. Humans get more than that just in ice cream, four percent—better than three gallons a year per person. That's a whiff of a lot of butter. Nine percent goes into cheese and 27 percent into butter. Almost half of the total of 58 billion quarts a year, 47 percent, is used just as milk. The other 11 percent gets into condensed milk, malted, evaporated and dry milk.

The by-products from skim milk make all sorts of things, including glue. The only one that interested me was cottage cheese—restaurant butter, that and marmalade. The chart doesn't show any skim milk going into paint but I'm sure that's what I got in the last can of outdoor-white.

Some folks just love to push the milk man around. He's sort of like the electric, gas and telephone guys. Anybody who furnishes things that people can't get along without is bound to get in the dog house with those who prefer to get their own. Gettin' sore at the milk man—and the newspaper boy—who serves every house, come hell or high water, won't make cows give more milk nor forests produce more paper.

'Royal' Holstein Cattle Purchased By Sooner Farmer

Special to the News

Royalty has come to Washington County, Oklahoma. Twenty-two queens of the Holstein breed were recently added to the Ken-Ada herd, north of Bartlesville. K. S. Adams, president of Phillips Petroleum Company, focused the attention of the nation's dairy industry to this section by his purchases, and is all set to further identify the Southwest with future Holstein progress. Ten of these blue bloods were bought last week at the dispersal of the famous North Star herd in Minnesota. W. S. Moscrip, the "grand old man" of Holsteins, spent 42 years developing this outstanding herd. His stock was sought by breeders in many countries. Unusual circumstances enabled Ken-Ada Farms to acquire animals which would have been priceless except for the sacrifices compelled by Mr. Moscrip's advanced years.

The pedigrees of Mr. Adams' North Star heifers are studied with those of the proudest names of the breed. Such individuals as Lashbrook, Pearl Ormsby and other cows with butterfat records exceeding 1,000 pounds in a year, as well as such illustrious sires as Dunloggin Woodmaster (four 1,000 pound daughters), and his great son, Dunloggin Victor, appear on the male side. The female side is almost equally impressive, boasting such standouts as North Star Winifred Wilkie and Connie Waynette. Eight of the heifers were sired by Dunloggin Victor, whose six near-dams average 933 pounds of butterfat a year. Two of these Ken-Ada beauties are daughters, and one a full sister of the sensational North Star Wilkie, acknowledged and bred by Mr. Moscrip to be one of the three greatest cows in North Star's 42 year history.

Mr. Moscrip bred for working royalty and his herd led in official herd production tests. Herd uniformly in high production and show records reflects the work of a near breeder whose counsel is assured, and will be greatly prized by the new owner, Mr. Adams.

Twelve additional purebred Holstein heifers were purchased in Northern Kansas for Ken-Ada's breeding herd. Ten of these carry rich Carnation breeding traces to such renowned animals as Governor of Carnation who sired outstanding show animals as well as 1,000 pound daughters.

The bloodlines of Mr. Adams' heifers are related to those of his present herd sire, Jonabell Kingston. Thus, Ken-Ada is proceeding with a program of line-breeding which has produced some of the best in Holsteins. Jonabell Kingston is a three-year-old son of the popular Dunloggin Deubler, who in turn is a son of the previously mentioned Dunloggin Woodmaster. Kingston is out of an Indiana State Champion cow, and is developing into a praiseworthy individual.

Mr. Adams' success with his grade herd fired his determination to enter the high breeding picture with the best blood obtainable. The selection of each newly purchased heifer was based upon her individual excellence as well as the production records of several generations of her ancestors. Breeding factors of special importance to the Southwest were used as the final yardstick of selection.

Mr. Adams emphasizes that his aim is to breed a strain of Holsteins which will excel under Southwestern conditions. He is confident that the future of this part of the country will be linked closely with dairying. Accordingly, he hopes to help answer this section's needs for more profitable production. Official testing and production records will be assured rapid but permanent breeding progress.

Both Mr. Adams and Mr. R. C. Gilliland, the Ken-Ada manager, have invited lovers of good dairy cattle to visit the Washington County herd.

GOT WRONG CALL-ADOR NEW YORK (AP)—Several calls for "Colador Tostado" at a magazine's hearing on an OPA rent case produce no results until Manuel Casiano arose, told the court maybe he was the man wanted, and suggested:

"Whoever copied down my name from the sign on the front of my store doesn't know Spanish. Colador Tostado isn't my name. It means I sell all sorts of roast coffee."

The life of a hair from a human head is estimated at from six to ten years.

New Approach to Weather Problem Gaining Support

Special to the News

A new approach to the farmer's problem of weather is rapidly gaining headway among the experts. Weather, it has been discovered, is a small-package deal. It has a microscopic dimension, and there are highly important variations of temperature on a single parcel of land. The United States Weather Bureau has found that instead of coming in large chunks, 25 or more miles square, weather varies tremendously at points only a few hundred feet apart.

The answer to the problem, then, is individual weather studies for each farm. Such investigations have been conducted on farms in Kittitas County, Washington; the Imperial Valley, California; and the Columbia River Basin, Washington, according to the lead article in the May issue of Country Gentleman.

The Weather Bureau findings in Kittitas County tell the story. The Bureau set up recording stations at 35 points in an area of 32,000 acres. Temperature readings were taken through April and May for five successive years. Within that 32,000 acres there were two places (where the Bureau had set up recording stations) where the last killing frost came on April eighteenth; there were eleven and fifteen and thirteen places where the last killing frost came as late as May sixteenth to twenty-fourth.

What the Weather Bureau hopes to do is to help the individual farmer know how each parcel of his land will behave under any weather situation important to his crops. It would provide a weather calendar for his farm so that he can adjust planting dates, or pick such crops that his weather risk would be cut to a minimum.

At present, the men, equipped and funds for an effective nation-wide microscopic service to farmers are lacking. To bring it about, the farmer must request agricultural weather service along these lines, first through his county, then in the Bureau itself, and finally in Congress.

Mineral Deficiency In Soils May Cause Human Ailments

Medical scientists believe that many human ailments, like many animal diseases, can be traced to deficiency of minerals in the soil. Agriculturalists have found wide variation in the mineral content of grasses grown on different soils; grasses on soils deficient in minerals contain much less phosphorus and calcium than those in mineral-rich soils. Mineral deficiency has been found to be the cause of certain types of lameness in cattle in the United States and in many other countries.

In the Falkland Islands, the grad-

ual exhaustion of minerals in the soil made it much more difficult to breed sheep than it had been 40 years earlier; the native cattle averaged only about 500 pounds when mature and fat; and horses became mere ponies in size.

Uncle Sam's forest service crews fight an average of 28 fires daily during the summer months.

Building Given to Shamrock to Become Farm Show Center

SHAMROCK (Special)—A group of Shamrock business men, whose cash donations made possible the recent purchase of the A. J. Laycock building on West Second Street for a farm-ivestock building, met at the Texas Theatre on Thursday morning of last week and voted to deed the property to the City of Shamrock. Although the building will become the property of the City, a governing board, set up through the Shamrock Chamber of Commerce, will have charge of activities involving the huge structure.

A committee composed of E. K. Caperton, J. H. Caperton, Glynn Bell and Hubert Tindall was appointed to make arrangements for repairing the building. With the building paid for, approximately \$2,400.00 remains in the fund to be used for repairs. Those attending the meeting signified the desire that the remaining funds be used to render the building safe and water proof. Officers in the building will also be placed in usable repair and if the money hasn't been exhausted two public rest rooms will be constructed.

Plans are already being formulated to put the building to its first major use. The Wagner-Collingsworth Counties Dairy Show will be held there on Thursday, May 29. The Wheeler County Junior Livestock Show was held in the building last February when the drive for donations was underway. The building will be used for industrial shows, dairy and poultry shows, quarter horse shows, county fairs, Hereford shows and others.

Chemical Treatment Kills Garden Pests

LUBBOCK—Gardeners should watch for aphids, commonly known as plant lice, and for flea beetles, two very destructive garden pests, according to George W. Elie, assistant professor of plant industry at Texas Technological College. A teaspoon of Black Leaf 40 in a gallon of water and water solution is excellent to kill aphids when sprayed on vegetables, thoroughly covering leaves and stalks. Flea beetles may be destroyed by dusting on a powder composed of one part fresh calcium arsenate to 10 parts sulphur, or one part barium fluosulfate to one part sulphur. The spray is most effective if applied during the warmest part of the day, while dust should be used early in the morning since dew helps make it adhere to leaves.

Pending Soil Bill To Help Preserve Nation's Fertility
 The National Soil Fertility Bill (H. R. 2484) now before Congress is aimed at doing "the other half" of the job of preserving the nation's soil. Controlling erosion is the first half of the task, and some \$42,000,000 a year is appropriated out of Federal funds to aid in this part of the job. Even though all the soil were kept in place, it still would be depleted of its minerals, if farmers continued to remove more plant food through crops harvested and grazed than they returned.
 A nation-wide series of test demonstration farms, operated by the farmers themselves, provided for in the Bill, would enable farmers in every community to study various types of soil treatment and systems of management, to determine for themselves which fertilizers and farming systems were most profitable for their particular conditions.

FARM FACTS WORTH KNOWING

Q. What can be done to prevent sows from mashing their pigs?

A. All farrowing houses of every type should have a guard rail around the sides and back of the individual pen used by each sow and her litter. This rail should be 8 to 10 inches from the floor and 8 to 10 inches from the wall. Guard rails are of great value in keeping sows from rolling on their pigs.

Q. Is it possible to control the color of egg yolks?

A. Yes, research work conducted at the Research Farm of the Ralston Purina Company has shown the effect of the feed on the color of the yolks of the eggs produced by the laying flock. The results of this research work have provided information on the relationship between alfalfa meal and yellow corn in respect to variability in yolk color. With this information, the amount of alfalfa meal and of yellow corn can be controlled to provide the color of yolk desired. By the use of special ingredients, Purina research workers have been able to produce eggs with bright green and bright red yolks, showing that what the hen eats influences the color of the egg yolks.

Q. Approximately how many broilers can be raised in a pen that is 16x20 feet?

A. Broilers should have one square foot of floor space per bird for the best results. This means that 320 chicks may be started in a pen that measures 16x20 feet. Broiler raisers have found that it pays to give the birds plenty of room. Where the chicks are crowded, mortality and vices increase, and growth decreases.

Q. I have a young Jersey cow that sucks herself. Is there any preventive?

A. The question of cows sucking themselves is a serious problem but so unusual that not many animals are affected. The best plan would be to keep the animal tied or send her to the butcher. If the cow is valuable, you might try a harness, made somewhat as follows. Fasten a rope or strap back of the front legs, around the body, and tie the light. Then put a halter on the cow, and from each side of the halter fasten a light rope or strap back to the strap on her body. The ropes should be adjusted so that she can move her head sideways but not clear around to her body.

Send your questions about livestock or poultry problems to FARM FACTS, 817 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

IF THE SHOE PINCHES—
 PORTLAND, Ore.—(AP)—A sharp pain in the toe may mean good luck. Mrs. J. J. Parker told police she put a \$2000 diamond bar pin in the toe of a shoe for safe-keeping—then gave the shoe away in a charity drive.

More than 100 times the present amount expended for mental health research is spent to maintain people in mental institutions.
 —Sen. Claude Pepper (D) of Florida.
