

W. H. Geiger Dies After Long Illness

Funeral services will be conducted tomorrow afternoon at 2:30 at the First Presbyterian Church for William Henry Geiger, 52, who died at the family home near here yesterday.

Mr. Geiger had been ill about two years. He had been a pumper for the Skelly Oil Company in the Pampa area for the past 14 years and with the company for the past 19 years.

He was a member of the First Presbyterian Church, the Veterans of Foreign Wars, the Masonic Lodge at Burger and the Pampa Odd Fellows lodge. Mr. Geiger was a veteran of World War I.

Hoover

The United States and Britain through relief are paying Russian and French reparations, Hoover said, adding that the Russian government has acquired a large part of the key operating industries in the Russian zone.

A constructive peace with Germany "may be long delayed," Hoover wrote. "In the meantime, we are faced with the feeding of the people in the Anglo-American zone on a level just above starvation until we can develop enough export goods from these zones so that the Germans may pay for their food."

Notice is hereby given that original letters testamentary upon the Estate of Della McClelland Loftin, deceased, were granted to me, the undersigned, on the 9th day of January, 1947, by the County Court of Gray County, Texas.

Ten Deaths

Another plane crash victim was a man identified as James Clark, Jr., of Houston, who was killed Saturday night when his small plane crashed between Spring and Conroe and burned.

Chief Issues Warning On Burning of Trash

Another fire caused by a burning trash barrel in the alley of the 406 block Yeager St., ignited a portion of a fence early last night, Fire Chief Ben White reported today. While said the fire was reported and extinguished before it gained any headway and damages was slight.

The Chief publicly asked everyone to have their trash removed instead of burning it especially when high winds are blowing causing sparks to fly in any direction and causing a more serious blaze.

Occupation

Americans and Britons privately expressed the belief that Russia was seeking a system by which the big powers virtually could handpick the first group of German authorities, in the hope that she thereby could attain a greater representation of Communist personalities and influence.

Big Four

They insist that measures for self sufficiency take precedence over all else. This applies particularly to any agreement they may be forced to make for continuing reparations out of current production.

Mainly About Pampa and Her Neighbor Towns

Akers-Strain Nuptial Rites Occurred Jan. 25

SHAMROCK—(Special)—Announcement has been made of the marriage of Miss Letta Maye Akers, daughter of Mr. and Mrs. Victor Akers, former Shamrock residents, who now reside in Plainview, and Theo Strain, Jr., son of Mr. and Mrs. Theo Strain of Plainview, January 25.

Nuptial vows were exchanged at the Beth Ward Baptist Church of Plainview before an altar decorated with roses and fern and an arrangement of lighted candles.

The bride was attired in a street-length dress of white wool accented with black accessories. Her corsage was of pink gardenias. She carried out the tradition of wearing something old, new, borrowed and blue.

Increased Water Supply Plans Set

The City Commission meeting at 8:30 a. m. tomorrow will face the important problem of increasing the local water supply by summer and discuss the final preliminary work on the 20-block paving project to be started sometime in May.

City Manager Garland Franks this morning said most of the paper and legal work is completed and that contracts for the work will be let as early as possible in May.

Legal work in acquiring new water rights and drilling for new water wells is another problem requiring more detailed work.

As the supply now stands city officials expect the water demands this summer to be higher than ever because of steady increases in population and a larger demand for water in summer months than in winter.

with the U. S. Navy, and is now connected with the Panhandle Refining Company.

Immediate members of the family and a few close friends attended the wedding.

Wainwright Speaks In Behalf of Jews

SAN ANTONIO—(P)—Clen Jonathan M. Wainwright yesterday urged that "American humanitarian principles" be applied in leading the destitute Jews of Europe "out of their hopeless surroundings."

He spoke at the Southwest Regional Conference of the United Jewish appeal drive to raise \$170,000 for rebuilding shattered Jewish life abroad.

More than 600 delegates from Texas, Oklahoma, Louisiana and Arkansas attended the conference, which adopted a minimum goal of \$5,000,000 as its share of the drive.

Sen Owen E. Brewster, of Maine, called on the British to "make an end to a previous mistake and embark on an enlightened policy of facilitating the establishment of the Jewish state" so that Europe's Jewish survivors could find new lives of hope and freedom.

Budget Cut

(Continued From Page 5) ren's defense, and House Democratic Floor Leader Rayburn of as called the committee's action "un-

terly unjustified." The committee cut \$3,950,300 from the board's \$7,984,000 budget and said some commitments "believe that the board should be abolished and its functions re-created under new law."

Rep. Keefe (R-Wis.) who headed the subcommittee which wrote the bill, predicted its passage without major change.

Corn cobs contain 7,980 BTU (units of heat) per ton compared with 13,000 BTU for a ton of coal.

U. N. to Hear From U. S. on Greek, Turkish Situations

Bullitt Says Reds Would Conquer US

WASHINGTON—P—Testimony by former Ambassador William C. Bullitt that "time is running short" because Russia definitely intends to "assault" and "conquer" the United States stirred the House Committee on Un-American Activities today.

Reds Ready to Let China Run Port of Dairen

WASHINGTON—P—Russia has notified the United States that it is ready to take "appropriate steps" to carry out an agreement to give China the control of the Manchurian Port of Dairen, the State Department announced today.

The Russian notification was in response to an American note to Moscow and Nanking expressing hope that the "current unsatisfactory situation" at Dairen will be settled soon.

The Russian reply was dated Feb. 27. Press Officer Lincoln White said that the United States in the last few days had expressed hope that Russia and China would complete necessary arrangements for the transfer "in the near future."

Dairen has been under Soviet military control since the Russians moved into Manchuria in the closing days of the war with Japan.

The Chinese and Soviet governments agreed August 14, 1945, that control should be turned over to Chinese administration and the port opened to international commerce. The agreement never has been executed.

Concert Tonight Concludes All-City Clinic for Bands

Raymond Bynum, professor of Music at McMurry College in Abilene, is conducting a two day band clinic in the Pampa Public Schools.

Bullitt appeared before the committee yesterday at hearings on bills to outlaw the Communist Party. He said the time is not ripe for that.

He said Americans are not yet sufficiently aware of "the danger to them in the existence of the party and the determination of the Soviet Union to conquer us" to support the heavy penalties which would be necessary to enforce such a ban.

Following under oath, Bullitt declared that if Russia had the atomic bomb, "it would already have been dropped on the United States."

Bullitt called the Communist party a "Soviet agency designed to weaken America for the ultimate assault Russia intends to make on the United States."

He said it is composed of "potential traitors." And he said it is "a conspiracy to commit murder on a mass scale."

The former diplomat—this country's first ambassador to Moscow after the United States recognized the Soviet Union in 1933—agreed "emphatically" with Rankin on keeping plenty of a-bombs, planes and pilots ready for an emergency.

He said America should "run our own show" on a "strictly national basis of reciprocity" so far as possible.

Enlarging on this point after the committee session, Thomas told a reporter "there must be a showdown."

Retail Committee Will Set Hours

Members of the Chamber of Commerce Retail Trade Committee will make plans for 1947 work program at a meeting to begin at 2:30 tomorrow afternoon, according to R. M. Samples, committee chairman.

The regular meeting of the City Commission, scheduled for 10 a. m. today was postponed until Thursday at the same time. City Manager Garland Franks reported this morning.

Bowling Alley to Be Birthday Gift to HST

WASHINGTON—P—A bowling alley is being set up in the White House basement as a birthday present for President Truman who will be 63 May 8.

House Demos Blast Away at Tax Bill

WASHINGTON—P—Nine Democratic members of the House Ways and Means Committee today assailed the Republican-backed income tax slashing bill as "a discriminatory patchwork of political expediency."

The minority on the Ways and Means committee today assailed the Republican-backed income tax slashing bill as "a discriminatory patchwork of political expediency."

However, leading Democratic congressmen believe that President Truman will veto the bill if it reaches the White House in its present form.

The minority on the Ways and Means committee today assailed the Republican-backed income tax slashing bill as "a discriminatory patchwork of political expediency."

Damage Extensive In Auto Collision

There were no injuries, but extensive damage was caused to a 1947 Studebaker in a three car crash late yesterday afternoon at the intersection of S. Cuyler and Brown Sts.

Triple Murder Mystery Hinted

AMBULANCE attendants cover the body of Harold H. Conant, Jr., 26, found dead in blaring home in Springfield, Mo., with his father, 55-year-old former business agent of a Springfield Sheet Metal Workers Union, and his mother, Mrs. Clara Conant, 52. A coroner's report indicates that the son, a Navy veteran, and the mother had been clubbed to death and the father had been shot in the head before the home, which burned to the ground, was set afire.

Attitude Toward Russia Toughens

WASHINGTON—P—Warren R. Austin, American representative to the United Nations, disclosed after a conference today with President Truman that he will make a statement to the U. N. Security Council Friday on the Greek and Turkish situations.

Leaving the President's office, the former Republican senator told reporters: "I am going to make a statement in the first meeting that the Security Council holds after my return to New York."

"I can only say that it will deal thoroughly with the item in our Security Council business which relates to disturbances on the northern border of Greece."

Austin nodded affirmatively when asked whether he would include the Turkish problem.

WASHINGTON—P—Amid signs of a progressively toughening official attitude toward Russia, Senator Taft (R-Ohio), said today he may support President Truman's proposal to spend \$400,000,000 to keep Greece and Turkey out of Communist hands.

U. S. Ready to Make Draft on Atom Control

LAKE SUCCESS, N. Y.—P—The United States delegation to the United Nations Atomic Energy Commission wants to start work now on drafting a treaty for atomic controls, an informed source said today.

Commission Sets Hearings on Gas Flaring in State

WE, THE WOMEN

Don'ts for Those Nearing 'Middle-Age'

By RUTH MILLETT
If you want to go through the middle years without having the term "middle-aged" frequently used to describe you, here's a list of ten "don'ts" for you to follow:

Don't talk too much about your household problems, your children, your pet peevish, your health. Don't talk about your age. Don't become a "club woman." Don't stop studying your mirror frequently to try to figure out ways of making the most of what the years have given you—or what they have left you.

WATCH YOUR GOSSIP
Don't shy away from active sports. Don't gossip maliciously. Limit your gossiping to the kind that is amusing and harmless.

Don't read just to pass time. Read to limit your social life to any particular "crowd," and don't "play bridge with the girls" more than once a month.

Twenty-six new members were chosen for the National Honor Society. They are the top five percent of the Junior Class and 10 percent of the seniors; 16 of which are Seniors and the remaining 10 are Juniors.

Band Members Have Past, Future Events

For the past few weeks Harvester band members have really been on the go. In the second of a series of assembly trips, Unit 1 of the band journeyed to Canadian on February 21.

Coming Events

Next Monday and Tuesday a clinic will be conducted solely for the bands of Pampa. The elementary, Junior High and high school bands will take part in this clinic which is to be under the direction of Philip Byrum from McMurray College at Abilene.

Also on the list for future trips is a trip to Phillips High School where the band will play for their assembly. This trip will be on April 2.

A few days before the band goes to Enid for the Tri-State Festival. A joint concert is to be given by the band and choir. It will be on April 14.

Then on April 16 all soloists and participants in ensembles leave for Enid. The rest of the band leaves for Enid on the 17th. At Enid besides the soloists and ensembles contests the band will participate in marching and concert playing.

Members Honored Several members of the Harvester band have been accepted to participate in the Tri-State Festival. Those who will be in this band from Pampa are: Orlin Allen, Dorothy Dixon, Ruthie Franks, Mona Cox, Martha Lou Hogan, Bobby Houchin, Jan Ehrhard, Bobbie Young, Bobby Tucker, Barbara Stephens, David Plank, Billy McArthur and Cornelia Cornelius.

Girls' Sports

Panhandle's volleyball team triumphed in two out of three games when they played Pampa's team here Tuesday afternoon. Pampa lost the first game 16-14, but won the second with a 15-13 count, and then lost the last game 15-9.

Patsy Pierson, co-captain, was taken out after the first game to this yennie. Pierson was then replaced by Robinson who began to heat Pagan, played doubles against Panhandle's doubles team. They came out the winner in two sets 6-1 and 6-2.

Alice Jean Robinson has shown during all the games played thus far the best poise and has proved to be the most steady player. She is one that you can always depend on to be in there doing her very best.

Along super... Winnie Allen sings all her dreams songs to Zeke Griffin. Boy, is our steady wagon getting crowded... two couples who belong on the softest hay are Danny Williams and Pat Thornhill, and Pat Brannon and Ivan Martin.

Well, down to the dirt at foot! Who cares if Van-you-know who married his best friend's wife. Betty Barrett can still dream about Bill Gettings.

Richard Scheig says it's confounding Angela Duncan thinks it's a moon! Wonder what Hansel Kennedy thinks?

'Strictly Formal' To Be Given By Junior Cast March 27-28

Nicki Fraser, Ida Ruth Taylor, Tommie Chisholm and Max Hukill received the leading roles in "Strictly Formal", a comedy in three acts, which is to be presented by the Junior class March 27 and 28 at eight o'clock in the High School Auditorium.

Football Awards Given In Monday's Assembly

Special awards for the most valuable blocker and player on the 1946-47 Harvester football squad were awarded to Bill Bain and Maurice Lockhart, respectively, in the special award assembly last Monday, March 25.

The master of ceremonies was Dobin, who was seen in nearly Adams and Nella Mayberry. Leon McClendon wrote the script and made most of the stage props and arranged the lighting. The voice behind the curtain was Joan Neel.

The complete program is given as follows: Miss Hoyt's Classes: 1. Old Mac, The Mobeete; Farmers: Polly Sanders; Patsy Wright; Billie Smith; Jimmy Swearingen; Harriet Nichols.

2. Scotch Highlanders: Reba Killion; Harriet Nichols; Billy Russell; Jimmie Swearingen, Polly Sanders.

3. South American Samba: Harriet Nichols; Julia Dawes. 4. Indian People: Patsy Wright, Norma Killian, Vivian LeFever, Jimmie Swearingen.

5. Russia: Vivian LeFever, Harriet Nichols, Norma Killian, Julia Dawes, Reba Killion. 6. Japanese Ritual: Reba Killion, Vivian LeFever, Julia Dawes, Polly Sanders, Norma Killian.

7. Hawaii Calls: Julia Dawes. 8. Wooden Shoes: Reba Killion, Harriet Nichols, Wood Shirley. 9. The Waltz: Entire Class. 10. The Devil Jive: Norma Killian.

Tap Program, Miss Hoyt's Classes: 1. Polk Dances: "Soloman Levi"; "Turkey in the Straw"; "Schottische"; Dancers: Needa Dykes, Patsy Higginbotham, Flo Ann Hodges, June Morrow, Faye Trader, Joane Hogsett, Gene Shaw, Robert O'Bryan, Bill Larsen, Billy Russell.

2. Tumbling: Cecelia McLaughlin, Joe Dell Bell, Lillian Stark, Virginia Claunch, Virginia Wylie, Jimmie Swearingen, Mariene Swafford, Verlene Farmer, Joan Gurley, June McGinnis, Marcelline, Wanda Adams, Joyce Killion, Harriet Nichols, Wood Shirley Sackett, Anita Lane, Fleur Etia Russell, Betty Randolph, Lahonda Edwards.

Joan Sawyer came dressed in a green jacket with a St. Patrick's pin. Joan has a definite reason for remembering the day as she mother is a native of Ireland.

The Rev. R. W. West sported a green tie and Mrs. Hart came to school decked out in a lovely green dress.

Barbara Carruth wore a striking green wool suit. A wide green belt and a green plaid skirt with white blouse was worn by Edith Morrow.

There are several students who possess Irish names. Among them are Robert O'Brien, Alene O'Rear, Billy O'Neal and Pat O'Rourke; these students do not have a chance to forget Ireland and they probably will not want to.

Another attractive one in the line of cotton dresses was Ann Spencer's which had a huge black, aqua and white plaid design. Ann's light complexion and dark hair were set off wonderfully by the dress.

Boy ties, both large and small, which have been all the rage are still very much in evidence. Frankie Ann Studer looked very smart when she wore a powder blue skirt with a smart white blouse and used for her only accent, a tiny blue bow at the neck.

Jeans, both large and small, which have been all the rage are still very much in evidence. Frankie Ann Studer looked very smart when she wore a powder blue skirt with a smart white blouse and used for her only accent, a tiny blue bow at the neck.

Checks were evidently very fashionable last week. Hilda Burden was one who decked out in them. Hilda's dress was red and white and first car and handed it in.

Osborne and Yoder Chosen As PHS Honor Students for 1947

Lyman Osborne was announced valedictorian of the Senior class of 1947 with an average of 95.2 for his four years of high school work. Lois Yoder is the salutatorian with a 95.9 average for her four years.

FHA Has Hobby Night; To Attend Area Meet

Mrs. Leslie Hart was the principal speaker when "Hobby Night" was presented Thursday by the Future Homemakers of America in the living room of the Home Economic Laboratory.

Mrs. Hart, one of the club sponsors, displayed her hobbies which included pictures, demitasse cups and saucers, and poem collecting.

A business meeting was held before the program and was presided over by Ruthie Lee Franks, president.

Last Wednesday during home room a business meeting was conducted to elect delegates and candidates to the area meeting at Chillicothe. Mary Jo Steward was elected for an area-officer candidate and Naneen Campbell was chosen to be a state-officer candidate.

Ruthie Lee Franks will be the voting delegate. The girls, including Mrs. Hart and Miss Edith Kruger, will go to Chillicothe on March 29. This is the annual spring area business meeting.

Those present at the Thursday meeting were La Verle Caldwell, Naneen Campbell, Jane Chambers, Joyce Davis, Ruthie Lee Franks, Ava Gord, Theresa Key, Lillian Martin, Nora Parks, Patsy Rutherford, Lillian Stark, Atha Belle Steward, Mary Jo Steward, Mary Beth Wells, Gwendolyn Willis, Mrs. Leslie Hart, and Miss Edith Kruger.

First Period Crowned As Volleyball Champs

The first period boys P. E. class was crowned undisputed champion of the volleyball intramurals, with the season with ten victories and no defeats.

Beginning at seven o'clock last Wednesday night, Coach Livingston's P. E. classes met in the high school gymnasium and played off the volleyball intramurals, with the first period coming out on top, with a string of victories and no defeats.

The games lasted until nine-thirty at each class playing two out of three games with every other class until each class had played each other. As a result of this method, twenty-four games were played and the first period team was crowned undisputed champion as they defeated the fourth period team two consecutive games, both by the score of 16-14. Leading all the way, until last night, the third period met their match, as they wound up in fourth place after receiving defeats from the first period, the fourth period and the second period. The fifth period met difficulty all the way as they ended the season with two defeats and no victories.

The season's standings are: First place—first period; second place—fourth period; third place—second period; fourth place—third period; and fifth place—fifth period.

Peppertons Defeated By Panhandle Six

The Panhandle six hit the Pampa Peppertons Tuesday, March 18, for a hard fought victory in the volleyball games played that afternoon.

Three teams played three games of which the Panhandle team capped the first and the last with scores coming out as follows: 14-16 in favor of Panhandle, 13-15 in favor of Pampa, and 15-9 back to the Panhandle team.

Pierson and Kelley were the outstanding Pampa players; and Armstrong, Christmas and Dowler were the stars of the Panhandle team. Members of the Panhandle team are: Dowler, Armstrong, Christmas, Iyles, Robinson, Broadway and Evans. The Pampa players were: Fryor, Jones, MacGuire, Parker, White, Matheny, MacNamara, Hawthorne, Duff, Kretzmeier and Higginbotham.

won the local volleyball playoff—Bill Speer and Carl Mayes enter for Fort Worth Thursday for the Fort Worth Fst Stock show and Track Meet.

When the Epson salts sure feels Briefly—the track team is in full swing—the first period P. E. class good.

what do you think . . . ?

Deep down inside of us we must admit that teachers are pretty good people. It really doesn't matter whether they're men or women. On the whole we like them both equally! Sex is not the quality that makes a good teacher.

Therefore, if two people have the same number of years of schooling and the same degrees, and the same experience, why should one receive higher wages for doing the same amount of work.

The simple truth is they shouldn't! Yet, this very thing is flourishing in P.H.S. under the form of increment. Increment is that raise which is given each year that a teacher remains at a school. Women teachers start at base pay without increment, while men start with an increment for a year that they have not worked.

Do you think that is fair? Schools are the hope and faith of the future. From their portals pass the people . . . who will make that tomorrow what it is. Is this a worthy example for future citizens to follow. P. E.

EDITORIAL You don't like the new system of getting to the cafeteria at noon? You don't think we should have to be escorted to lunch? Only mere children line up behind a teacher and file orderly from their room? What does that make us?

No, I don't like this either. I do not think we SHOULD have to do this, and neither does Mr. Wilson nor Mr. Edmondson. But the administration is determined to curb this menace that raises the probability of injury, and makes visitors think they were witnessing the Santa Anita Handicap.

But there is no doubt as to who is to blame—a girl named Sally, a boy called Bill, and Freddy, and Gladys and, oh, yes, me too. —R. H.

Irish Wear Green On Their Special Day

Monday, March 17, was the day for "the wearing of the green." It was the day for the students to show their Irish blood. It was St. Patrick's Day and Irishmen everywhere were celebrating the day in honor of Ireland's patron saint, St. Patrick.

Joan Sawyer came dressed in a green jacket with a St. Patrick's pin. Joan has a definite reason for remembering the day as she mother is a native of Ireland.

The Rev. R. W. West sported a green tie and Mrs. Hart came to school decked out in a lovely green dress.

Barbara Carruth wore a striking green wool suit. A wide green belt and a green plaid skirt with white blouse was worn by Edith Morrow.

There are several students who possess Irish names. Among them are Robert O'Brien, Alene O'Rear, Billy O'Neal and Pat O'Rourke; these students do not have a chance to forget Ireland and they probably will not want to.

Behind the Eight Ball

By TOMMY CHISHOLM King rain reigned supreme this week as it slowed Harvester tracksters down to a trot. The local tracksters were greatly disappointed when the triangular meet, scheduled here Wednesday with Berger and Shamrock was postponed.

The meet Wednesday would have given everybody a pretty good idea of what kind of cinder squad to expect this year. Even at that we are making a pre-season prediction of a second place finish in the Panhandle City. Dr. Furby discussed "Educational Implications of this Air-Ward."

While on the subject we hear Jim Winslow, local Gil Dobbs, is pocketing (if there is such a word) for a local office on the track team. He was rumored to be running for vice-captain among his campaign promises were shorter hours and higher pay (?). "Big Jim" also mentioned 16 inch trophies for all men placing, and bigger and better trophies for the women.

But we "best" leave rumors and on to facts.

Bob Nash, Charlie Lafoon, Ramon Hernandez, Malcolm Fagan, George Gambin and other baseball lovers fairly beam when anything is said about the American Legion sponsoring a Junior Oler club this year. There are definite plans being made for a league here in the Panhandle. It's a great idea and shows that the "king of sports" is not dead here in Pampa.

When the Epson salts sure feels Briefly—the track team is in full swing—the first period P. E. class good.

glimpses of glamour

Spring is sprung! Or so it would seem. However, it's a trifle confusing to have spring one day and a blizzard the next.

Lots of attractive print dresses were brought out by the sudden burst of nice weather. Dorothy Dixon was sporting a darling blue and white check gingham. Bonnie Shelton was seen with a two-piece gingham dress which had a black skirt combined with a lime green top. The top had perky bows of black down the front.

The people who know better than to trust the fabulous weather of Texas stuck to that style always good—blouses and skirts. In one of those combinations and looking very smart was Jeanne Hollis, leans combined with lovely yellow silk blouse with a black skirt. The combination was set off by a black kid belt.

Carl Culberson was looking as attractive as ever when she wore a green, brown and white check taffeta skirt with a white blouse and a brown linen bolero. She accented her costume with one of those huge bows which matched her skirt.

Patsy Rutherford looked like a model in her lovely dress of aqua gabardine. Patsy's dress had a high neck and three quarter length sleeves. It was decorated with gold nailheads in the shape of stars around the buttons and with a bright red belt.

Another attractive one in the line of cotton dresses was Ann Spencer's which had a huge black, aqua and white plaid design. Ann's light complexion and dark hair were set off wonderfully by the dress.

Boy ties, both large and small, which have been all the rage are still very much in evidence. Frankie Ann Studer looked very smart when she wore a powder blue skirt with a smart white blouse and used for her only accent, a tiny blue bow at the neck.

Jeans, both large and small, which have been all the rage are still very much in evidence. Frankie Ann Studer looked very smart when she wore a powder blue skirt with a smart white blouse and used for her only accent, a tiny blue bow at the neck.

Checks were evidently very fashionable last week. Hilda Burden was one who decked out in them. Hilda's dress was red and white and first car and handed it in.

# Leaves From a Correspondent's Life Note Book

By HAL BOYLE  
SANIBEL ISLAND —(AP)— A fourteen-mile stretch of dazzling white beach on this small island off Florida's West coast is mecca of American shell collectors. And they come here by the hundreds each year—birds, retired millionaires, fat dignified old ladies, army generals and tincan tourists. But there is no rank or distinction among shell collectors. Like so many seagulls or pelicans they skim along the beach, looking for choice, slabs of shell thrown up by the sea. Because it lies athwart the Northward push of the Gulf of Mexico, Sanibel is one of the three best shell beaches in the world. Each receding tide leaves literally tons of shell-dwelling marine life stranded on the sands.

Before dawn commercial shell men go out to harvest the overnight crop. They get \$2.25 a bushel for the shells, sold in dime stores and gift shops as ash trays and souvenirs.

The hobbyists look offended if you ask what the shells are worth. But more than one elderly lady has gone into an island gift shop and furtively forked over \$5 to \$15 for a pretty spotted Junonia shell to match the one her three boys had on the beach. Rarest shell is the "Glory of the Sea," worth \$1,000 up. Since many shells contain living organisms, they must first be boiled, then cleaned with muriatic acid to remove any lime deposits. An oil burr brings out the sea-fresh colors.

Winter residents seeking rarties among the 360 types of shell washed up here reach each other to the beach after early breakfasts. Eyes down on their search, dowers who have known each other for a quarter of a century pass without appearing. Some wade out into the receding surf to gather a prize.

Visitors who like the isolated island's simple charm hope it will remain out of the main stream of tourist traffic.

Sanibel now has a permanent population of only 77-mostly guides, fishermen and lighthouse keepers. Half a century ago 200 families created a profitable tomato growing industry here but hurricanes washed their fields with ruinous salt. Most families returned to the mainland.

### Convicted Slayer Appeals Sentence

AUSTIN —(P)— Application of Gailor Lovelady for commutation of his death sentence and life imprisonment has been denied by the State Board of Pardons and Poles. Lovelady was convicted on a murder charge in Lee County.

Expenditures for jewelry in the United States reached a record \$1,300,000,000 for 1946.

## In Hollywood

By ERSKINE JOHNSON  
NEA Staff Correspondent  
(Johnson on KPBN Monday thru Friday, 2 P. M.)

HOLLYWOOD—We wish we had time to sit down and figure out how many motion pictures—and press agents have been effected by the song, "Open the Door, Richard". Latest is about the movie, "The Long Night." A very dramatic highlight of the film finds Henry Fonda barricaded in a house and refusing to give himself up to the police. Outside stands Barbara Bel Geddes, worked up to a dramatic dither, pleading with Henry to open the door. The climax is no place for a laugh. Unfortunately, one comes with Barbara's line.

"Open the door, Joe."  
I read on film but may be cut before the film's release.

Inevitable Department: Esther Howard and her partner will be with one of those new fountain pens for a comedy scene in "On An Island With You."

Gene Kelly will do an intricate dance number atop a cargo crate as it's swung by a huge crane from ship to wharf in "The Pirate." This should stop those rumors that Kelly might never dance again after his recent accident. He still sprained his ankle.

JUDY GET YOUR GUN!  
Judy Garland, they say, will have the inside track on the Ethel Mermaid role when M-G-M films "Annie Get Your Gun." Judy is getting ready to make her debut as giving Margaret O'Brien the lead in a film version of Mae West's "Come On Up." What's wrong with Ethel herself?

Ronald Reagan, a captain during the war, will play a sergeant every nation with two major proposals before them. They are:  
1. The United States plan, which the American delegation now wants to be called the "Commission Plan."  
2. The Russian plan, which would be an international atomic development authority, with full control over atomic matters everywhere, and would waive the veto on atomic punishments.

Howard Hughes is spending half a million dollars to sell his film colony the advertising budget on the Harold Lloyd movie, "The Sin of Harold Diddlebock." And I'll predict right now that the film will bring Harold back as one of the screen's leading comedians.

Producer Mike Todd played gin rummy and quick in the morning, took a quick shower, and rushed to his office. By noon Mike was fading fast. "What's wrong?" asked his secretary, "Said Mike: 'I've got a rummy ache.'"

A MUSICAL OSCAR  
By 1946, you can expect to see the musicians in the film colony (the ambition to have a separate Oscar for the best musical film of the year. For some reason, a musical never has won the award.)

Ed "Archie" Gardner is Hollywood's most unpredictable character. His right a couple of baseball pals telephoned him just before his air show. Ed invited them to the broadcast. Half an hour after the start of the show, Gardner called them the next day Ed was on a plane en route to Phoenix to watch the boys in spring training.

Says Ed: "I have an understanding wife."

## New Policy

Senator Pepper (D-Fla.), made it plain that he is opposed to the diplomatic course the President has chosen. Pepper, who has contended that the United States can get along with Russia if it makes sufficient effort, contended to reporters that government officials had not been "fully frank with us when they say this is merely an isolated incident of giving aid to two distressed governments."

"Why don't they say that this is a strategic area of the world that we don't want Russia to dominate?" Pepper demanded. "If we are doing is using Greece in a single power struggle with Russia, the American people may want to have a part in making that decision."

## Local Law

That arrangement has already been taken care of, informed the judge that he had previously made the same arrangements with his son.

Throughout the evening trade housewives living around "Thrill Hill" called city police complaining about teen-agers using the place as a race track and said this wasn't the first time they had seen them on N. Frost St. was the scene of youths trying to outrun others. Even Judge Brady this morning received a personal call from one man in that section saying the condition is more than serious and asking that strong measures be taken to stop the dangerous driving of teen-agers around that section.

## Aggie Cadets

Officers to be voted out at will by the senior class.

They were always willing to discuss problems with any individual or group. Meloy declared.

The rest of the A. and M. campus was quiet, and other students seemed to be taking little interest in the latest development of dissatisfaction among Cadet officers, who have protested the elimination of having any other traditional privileges granted upper classes.

## Traffic Violation Is Heard by Court

Corporation Court Judge Clifford Brady this morning fined one woman \$2 for failing to stop at a stop sign, fined one man \$10 on charges of intoxication and dismissed another man charged with disturbance of the peace. One teen-age youth, involved in a fracas at a local cafe several weeks ago, had his case held over.

## Still 'The Best of Friends'

Movie stars Richard Ney, left, and Greer Garson announced to their friends from June to November, 1946, were estimated at approximately \$50,000 by Assistant U. S. District Attorney Clyde G. Hood.

## Atom Control

Russian troops withdrew from Iran. The Security Council was called to meet today (10 a. m. CST) to try to dispose of the Albanian case. Great Britain has charged Albania with responsibility for mine damage to two British destroyers and the deaths of 44 British sailors in Corfu Channel last Oct. 22.

The delegates renewed their search for controls acceptable to every nation with two major proposals before them. They are:  
1. The United States plan, which the American delegation now wants to be called the "Commission Plan."  
2. The Russian plan, which would be an international atomic development authority, with full control over atomic matters everywhere, and would waive the veto on atomic punishments.

The Russian plan, which would be an international atomic development authority, with full control over atomic matters everywhere, and would waive the veto on atomic punishments.

The Russian plan, which would be an international atomic development authority, with full control over atomic matters everywhere, and would waive the veto on atomic punishments.

## Accident Victim Identified as Texas

FRESNO, Calif.—(P)—A transient killed under the wheels of a Southern Pacific train Sunday has been identified as Governor A. M. Yost, John Bonner, 39, of Fort Worth, Texas. He is survived by his father, Richard Bonner, of Fort Worth.

Yost related that witnesses had told him Bonner was killed when he attempted to board the freight train and slipped beneath the wheels.

LOCKPORT, N. Y.—(P)—Niagara County, a major tomato-growing center, received a surplus commodities corporation shipment from Sacramento, Calif., for its school lunch program. It has 6,900 gallons of tomato juice.

## Conspiracy in Sugar Charged

FORT WORTH—(P)—A federal grand jury yesterday indicted three men for alleged illegal sale of ration stamps equal to 400,000 pounds of sugar to Oklahoma and Texas soft drink dealers.

Named in the indictment were Edward A. Miller, Fort Worth, a salesman, and Charles A. Kolls and Willard Mney, both of Chicago, Ill.

The two Chicago men are under arrest there for return to Fort Worth. Miller is free on \$1,000 bond posted before U. S. Commissioner Egan. Federal Judge Davidson set the date for trial at April 7.

The indictment alleges a conspiracy to violate General Rationing Order No. 8, Section 2.5, which makes handling of sugar stamps contrary to the law, unlawful. The transactions from June to November, 1946, were estimated at approximately \$50,000 by Assistant U. S. District Attorney Clyde G. Hood.

The charge states "as conspirators on or about some date in June, 1946, and continuously from that date until November, 1946, in Tarrant County the defendants did unlawfully, wilfully, and knowingly conspire, combine and confederate with other persons to violate certain provisions of the Second War Powers Act to acquire sugar rationing stamps, coupons and documents for large amounts of sugar."

It further alleges that part of the conspiracy was to sell, transfer and deliver the sugar stamps to purchasers. Named as receiving some of the stamps were 18 persons in Texas and Oklahoma towns.

## Texas U. Students Are Granted Charter

AUSTIN—(P)—A charter for a University of Texas chapter of the National Association for the Advancement of Colored People has been granted 200 University of Texas students, Marion C. Ladwig, N.Y. student from Grandview, announced yesterday.

Ladwig said the 200 students represent several religious groups and other campus organizations active in interracial work. He said that many of the students believed that their religious ideals could best be put into practice by joint action of various groups interested in Negro welfare.

## Tax Bill

The Republican majority countered that "the stultifying effect of the existing individual income tax rates makes tax reduction imperative."

One Democratic lawmaker told reporters he is sure Mr. Truman never will accept the bill. A two-thirds vote of both House and Senate is required to override a veto.

## 475 Unemployment Claims Are Filed Here During Month

There are approximately 475 claims for complete or partial unemployment made by veterans in Gray County each month according to figures in the Texas State Employment Office.

Taking the five-day claim period from March 15 to 19, as an example, 118 veterans asked for unemployment benefits. Under the present employment situation local TSES officers estimate that the number of claims filed in this period were slightly less than other like periods during the past several months.

Figuring this below par claim period to be comparable with the claims activity in Gray County this month, it would mean that unemployed veterans here will receive almost \$10,000, during March.

## Magnolia Plans to Construct Pipeline

PATOKA, Ill.—(P)—Plans for construction of a 650-mile, 20-inch crude pipeline between Corsicana, Texas, and Patoka in Southern Illinois, were announced yesterday by J. F. Matcchett, chief engineer at the Magnolia Pipeline Company station here. Company headquarters are at Dallas, Texas.

Matcchett said the plan calls for construction of eleven 60,000 barrel storage tanks at the Patoka terminus.

**LET'S SEE SOME LETTERS ON IMPORTANT SUBJECTS!**

"Will-you-help-us..." form letters come in stacks to our editorial desks each day. These letters all contain a little flattery for the editors' vanity, in order that the desired result may be attained. It usually reads "your wonderful newspaper," or "your prestige and power as a member of the press," and then proceeds to get down to selling the oats.

For instance, one comes in from a strong organization. It's against the President's proposal to Congress to send money and men to help pull Greece and Turkey out of the communistic mire.

"We must stop this!" it shouts. "You must stop this. Tell your representatives in Congress that you approve of money for food only, not for military intervention!"

We don't mind this sort of letter once in a while—especially, if they were measured by the gallon instead of by the bushel. But as it is we can't find enough waste baskets.

That's just one kind of letter; there are many more, and some of them grind—or seek to grind—private axes. We can see at least some excuse for the one mentioned above, for after all it merely concerns things like the atomic bomb, which is dangerous even at a safe distance.

Here, specifically, is what we're getting at today: We would like to see letters from the people of this community. We would like to see in print some of the good thoughts the people undoubtedly have on such important subjects as aid to Greece and Turkey. Now—not after the call to arms has been sounded—is the time for the people to speak their desires. Are we, or are we not, taking a step toward war?

There is little doubt in our minds that the President put the matter of aid to those Mediterranean countries before the people, so that the congressmen and the administration could get some idea of how the people were thinking. This organization, which we mentioned indirectly above, got to work; but we'd like to see more "work" by the individual citizens of this, and every other, community.

We earnestly invite letters, and they will be printed on all subjects if possible. They will not only be seen by the readers here, but also in other parts of the country—and even overseas. Our paper goes to Washington, where it will be seen by the people who do the voting.

Letters should be about 300 words, but longer ones would be considered. They must be signed, but the name will be withheld from publication on request by the writer. Let's see some letters!

**MACKENZIE'S Column**

By **DEWITT MACKENZIE**

**All Foreign Affairs Analyst**

There's nothing surprising in Undersecretary of State Acheson's statement that the United States must invest funds into putting Southern Korea on a sound economic basis—thus adding a third country to Greece and Turkey as needing aid to resist the advance of aggressive communism.

The point is, of course, that Russia occupies the northern half of Korea and this area contains virtually all the industrial resources of the little country. The Reds have dropped an iron curtain along the dividing line, leaving the agricultural south without access to essentials in the north. The only reason the Soviet forces haven't occupied the southern half is because Chuck Egan's troops are there. Acheson told the Senate Foreign Relations Committee yesterday that the Russians have blocked any agreement for unifying the country. Hence the need of help for the south.

Strategically Korea is the Greece of Eastern Asia. In Russian hands it might be the key to control of most of the west Far East. As a bulwark for the western democracies it might halt the Communist offensive.

Acheson drew a startling picture of what it would mean to lose Turkey and Greece to communism

**★ THOUGHTS**

Achie, O God, plead thine own cause; remember thy covenant with man, and reprove these daily.—Psalms 74:22

Ahi how unjust to nature, and himself, thoughtless, inconsistent man.—Edward Young

**ANTI-RED PLAN**

"Get Out—Yet Keep Communism Out!"

Stalled for many months in post-war diplomatic and economic hick-ups, the world suddenly moves so fast we are dizzy!

Now comes MacArthur's proposal that we quickly sign a peace treaty over Japan and turn that country back to the Japanese, under United Nations supervision. I think it is an astute move, perfectly timed, revealing once more that the military strategist likewise has a masterful grasp of the world political and economic situation.

As long as Stalin was having his own way in the United Nations, through the timidity or active cynicism of our own administration, MacArthur did not suggest turning the Japanese islands over to UN supervision. We could not legally keep Soviet agents, money and organizational activity out of the strategic archipelago under a United Nations which tolerated—even patronized—Communist expansion.

Truman's declaration against communism (in all countries save our own) applies to Japan, of course. It served notice, in effect, that we would not stand for communism inside Japan—regardless of the United Nations. For the moment the UN has been blown away by Truman's speech like a house of cards in a storm. It was always a phony, because the Soviets were bent on conquest of the member nations. It was a case of the lion and the lamb.

It appears likely that what will survive is a western "United Nations" sitting around the table. This group, it is no doubt, under

when he declared that should there be a "failure of the constitutional system" in these two states "the effect throughout the whole area from the Dardanelles to the China Sea, would be immediate and I think, profound." He added that repercussions would be felt in Iraq, Palestine, Saudi Arabia, India, Burma, Indonesia, French Indo-China, and—to the west, in Europe—in Hungary, Austria, Italy and France.

Naturally we aren't likely to stop with aid to Greece, Turkey and Korea. The Chinese Nationalist Government in grave economic straits and will need material aid for rehabilitation while it presses its campaign against the Chinese Communist armies. The Chinese Reds long maintained that they had no relation to Moscow but were a special breed of Communists. Signs have multiplied, however, that there is a pipe-line between them and Soviet capital. A communized China would be a mighty addition to the Red Russian empire.

As to the cost of American aid to countries threatened by Communist aggression, proponents of the program believe that action now may prevent another world war. The insurance costs only money. Budget reductions have a decided show-down might take is terrible to contemplate.

Why should we insist on Chiang embracing Communists in China at the same time we finance King George in fighting Communists in Greece?—Sen. Owen Brewster (R) of Maine.

I think Communists should be excluded from any type of public activity, including the right to run for office, sit in chambers of Commerce, or to hold office in trade unions.—Labor Secretary Schwelb.

Sugar is composed of carbon oxygen with hydrogen and oxygen in the same proportion as the latter two exist in water.

**By Upton Close**

which MacArthur would place Japan under "the United Nations." Why not Germany, too? Both the Republican Congress and the Democratic administration have MacArthur to thank for showing the way to budget reduction without defeating our post-war obligations of democratizing and rehabilitating Japan, and holding her as an ally.

The readers may recall that three weeks earlier I proposed a plan for occupying Germany and Austria, similar in some respects to the MacArthur-Japanese plan. It was that we tell Germany and Austria what we expect of them, then actually get out, placing them on their own responsibility (theoretically under the United Nations) to get the job done. We would have to leave only a handful of soldiers, observers and inspectors there to see that our policies were carried out.

Our army now "holding" those zones certainly is not keeping Russia out. The best machine could roll over them without stopping to gas up. It is only our backing which keeps the Russians out today.

The German and Austrian people are among the most intelligent, industrious and resourceful anywhere. They are not children. They have sense enough to understand policies when we submit them. We can put them on notice that if the program goes badly we shall have to saddle them again with an occupation army.

Former President Hoover's report now indicates that he must have some such ideas himself. In reply to a question, he was told by top U. S. officials in Germany that

**NATIONAL WHIRLIGIG**  
*is running behind*

PUT ON A LID

If you aren't a deadbeat and you expect to stay out of bankruptcy and you want a decent credit record, the chances are that you pay your expenses pretty much as you go. When emergencies arise, you watch your budget so that you spend as little as possible. It's a good old American custom to live within income. That's a practice that makes for sturdy citizenship and for community stability.

But here we are all of us together as a nation, and we're much wanting to cut our taxes but very leery about reducing budget expenditures. The national budget, you know, represents what we do with our tax money. It is in fact, about hourly when taxes are cut, but it will make more sense if we first learn to whittle down our alarming budget without frowning. A good strong lid on government spending is the only sane route to tax reductions.

**A HALT TO SPENDING**

The President has proposed a budget of \$37,500,000,000 which Congress is currently reviewing. Sentiment exists in Congress for a ceiling on federal spending much lower than the budget recommended by the President. Congress, as soon as possible, should place a limit of \$30,000,000,000 above which federal spending may not go. Ultimately, a budget of \$20,000,000,000 ought to be adequate to run our federal machinery.

**GET TAXES DOWN**

Burdens on the nation's economy from federal taxation are estimated to be ten times as high as they were ten years ago. Tax relief is desperately needed now as a stimulant to the whole economy. But in the face of our huge war debt which calls for the earliest possible retirement, the only way we can have tax relief and debt relief is to limit federal spending.

**YOU'RE PAYING SALARIES**

Senator Byrd says there has been very little reduction in war-expanded personnel of government. Not counting the various war agencies, Senator Byrd points to constantly increasing personnel totals. These jumped nearly 300,000 since V-J Day. Moreover, this tendency is graphically shown by the request of the Department of Commerce for \$261,000,000 in 1948. This is an increase of 600 per cent over the \$39,000,000 this department spent in 1932.

Budget reductions reviewed by Congressional committees have suggested elimination of about one-half million federal payrollers. This is all too few. To bring the number of civilian employees of the government down to the swollen figure of 1939 we must lay off 1,500,000. (We'd still have 900,000 eating from the public breadbasket.) That would be the most logical way to avoid an annual expenditure of more than five billion dollars. This could be money saved. It's out of your pockets and mine.

Sptsbergen is about 400 miles north of Norway and 700 miles from the North Pole.

WASHINGTON (Ray Tucker)

**BREAK**—Although the Kremlin has not reacted publicly to the sudden crescendo of anti-Communist feeling in the United States, as reflected in our new foreign and domestic acts and policies, State Department experts forecast Moscow will virtually break off diplomatic relations with Washington. They believe that Ambassador Nikolai Novikov will resume his duties here after his scheduled talks with Stalin.

The official Muscovite family which headquarters in their elaborate embassy on lower Sixteenth Street, near Fulton-Lowden residence, has been shocked and grieved by official and unofficial demonstration of their unpopularity in the United States. There has been a series of snubbing which are sometimes more irritating than signs of Congressional or White House hostility.

**LIBEL**—However, now that two U. S. District Courts have held it libelous to call a person a "Communist," the Supreme Court has ruled that even mere fellow-travelers and "frontiers" can be fired from their government jobs, they begin to sense that far more worry about their welfare. In commenting on the "libel" decision, an embassy attache put it this way: "What would you Americans think if a Russian tribunal found that it was a matter for libel to refer to a person as a 'Republican' or a 'Democrat'?"

**SULPHUROUS**—The reports which Ambassador Novikov's aides have forwarded to Moscow are understood to make sulphurous reading for Foreign Minister Molotov's. Indeed, it is doubtful if peace-time relations between two supposedly friendly nations have ever been so strained.

Even during the day when Hitler, Mussolini and Tojo were heading for a war that would probably embroil the United States, our official attitude toward their representatives here was far more cordial than it is to the Soviet agents.

And President Truman's denunciation of Soviet aggression in his recent address to Congress was more specific and positive than F.D.R.'s 1937 "quarantine the aggressor" suggestion, especially as he never did anything about it until years later.

**LOP-SIDED**—The fact is that under existing circumstances the United States might benefit from a serious study of the present diplomatic arrangements, especially as no respected diplomat, army-navy expert or economist believes that it would lead to conflict. The set-back is extremely lopsided in favor of Russia.

Moscow has approximately 1,100 official representatives in the United States and in addition to her well-staffed embassy here, she has consulates at New York, San Francisco and Los Angeles.

The personnel includes military and naval attaches, engineers, purchasing agents, economists, UNRRA and United Nations delegates, typists, students, and cooks and school-boys for their 340 wives and children.

**FREE**—The members of this Soviet bureau that free run of the United States. They can go anywhere an American citizen can go, visiting steel, automobile, airplane plants, coal mines, harbors, etc. They can—and do—take photographs of key bridges, utility facilities, transportation systems. In addition, they obtain valuable data from fellow travelers throughout the country.

On the other hand, the U. S. has only about 175 representatives in sprawling Russia, and these include medical help. Even our Moscow embassy has only a skeleton staff. At Vladivostok there is a consul with four typists and stenographers. At Odessa we have one naval attache and four clerks. That is all.

**"TAILED"**—It is almost impossible even for our Ambassadors to obtain the right to leave Moscow for

**Gracie Reports**

By **GRACIE ALLEN**

Ever since Margaret Truman made her successful debut with the Detroit Symphony Orchestra, the Republicans have been scrambling madly about lining up a new musical talent in their party.

The country's pleaded reaction to the casting of Margaret's singing has started a whole new trend in winning voters and influencing public opinion—musical campaigns. You look for the rival political parties to search out every man, woman and child who toot on a flute or twiddle on a fiddle, or best of all, croon.

Leading forward to the coming presidential election, it would seem that Mr. Truman has an edge with his piano virtuosity, but look out for those Republicans! They come up with some musical dark, like "Jivin' John" Bricker, "Hep-Cat" Harold Stassen or "Vouty" Vandenberg.

Anyway, Margaret, we think you've had a wonderful new trend. Thanks, and good luck.

**ONICKIES** By **Ken Reynolds**

And if Russian agents moved in, we could and should serve an ultimatum on Moscow—not that we would pour dollars down a Greek rat-hole, but that we would pour atomic bombs on the palace of the Soviets!

I never knew of an occupation army that made friends among the subjugated peoples. I do believe such a skeleton occupation as this proposal would accomplish its objectives.

And we could apply the financial savings to the national debt or to rebuilding our declining air force.

an "inspection" trip or survey. When permission is not refused outright, it is delayed for weeks and months.

Even when he gets it, he is taken on a carefully arranged excursion. And American diplomats, as well as American newspapermen, are "tailed" and spied upon by Stalin's agents every moment of their day.

Under existing conditions, however, it is believed that the activities of Russian representatives within the U. S. will be more circumscribed than they have been in the past.

**FRANK**—Although Capitol Hill Republicans—and some Democrats—realize that President Truman has forced a cruel and embarrassing choice on them with his request for

financial and military aid to Mediterranean and Middle East countries, they admire his frank and realistic presentation of the problem and the alternatives.

"I'll take my hat off to him," said a ranking G.O.P. member of the House Foreign Relations Committee. "He isn't devious or mysterious. Before, when we were asked to approve the draft, enact lend-lease and wink at the sale or gift of arms to European belligerents, we were told that these policies were designed to 'keep us out of war.' I felt differently, and I fought them."

But Truman has laid it on the line, and so have the State, Army, Navy men who appeared before our

**So They Say**

The labor movement under communism is an instrument for dislocating our economic and social structure. Communists do not seek genuine betterment of conditions. Rather they thrive upon strife for its own sake.—U. S. Chamber of Commerce report.

What price victory . . . when the four freedoms, so far as Europe is concerned, mean freedom from safety, freedom from decent living, freedom from decent living, freedom from decent living.

committee. We are going into this thing with our eyes open, but I don't see what else we can do."

freedom from happiness, freedom restrained from the worship of God.—New York Secretary of State Thomas J. Curran.

We are never going to be big-time in athletics at Harvard. We want students who are incidentally taking part in athletics rather than athletes who are incidentally going to college.—William J. Binham, Harvard director of athletics.

Ancient residents of the Aleutian Islands killed whales by using poisoned stone tipped lances.

Shark hides make leather of fair quality, but manufacturers have difficulty maintaining an assured supply.

Take the Laughter by Karen DeWolf

THE STORY: Sherry and the boys celebrate her new assignment as a reporter...

“POOR Orville,” Mrs. Drood said. “But it’s a lousy break for you.”

“Ten past twelve. We’re bringing you lunch over.” Sherry said, “Thank you. I’ll leave the door open, and hung up...”

THE boys tried to amuse her while she ate, but they did it a little worriedly, watching for...

OUR BOARDING HOUSE with MAJOR HOOPLE

“We tried to make an appointment with that doctor Barton spoke of, but he isn't in his office Saturday afternoons. Will you go Monday surely? We've got to do something about that cough.”

Sherry was quiet and let the boys do the talking. For the first time she really noticed Peter. His hair was a little darker than hers and his gray eyes were kind. She thought him to be about thirty and nice-looking in a clean, healthy way.

Panhandle News
PANHANDLE (Special)—Mr. and Mrs. Floyd Ketchum and Neta accompanied by Mr. and Mrs. Wayne Driskill and Larry visited at Lakewood Farm near White Deer Sunday.

process was used to cover guns and exposed mechanism with an air-proof net of flexible plastic. A small glass window allowed inspectors to glance at blue cylinders and intricate thermometer-like instruments.

Slightly over a dozen more ships are due, after the present group is fully processed. It will take about 900 men to handle them then.

The first ship sailed into Orange in December, 1945. They're still coming, and before the operation is completed, about 133 vessels will be docked.

Officially it is known as the Ready Reserve Fleet. This is what has happened at Orange, Texas: First, Orange is officially known as the Texas Group of the Atlantic Reserve Fleet. It was selected for various reasons—one Mothball Fleet is located in each naval division, and one had to be on the Gulf. Orange is on the Sabine River, which is fresh water and eliminates the barnacle hazard. It is clear a major shipyard—four, in fact, the climate is mild. It is far from the next port, which is at Green Cove Spring, Florida. Dockage is cheap. Housing, built during the war when shipyards were going full blast, is adequate for the 2,500 men at work. It is protected from hurricanes.
