## Bus Schedules and Highway Traffic Hindered as Heavy Snow Continues

### Road Travel Slow, Unsafe In Panhandle

Bus schedules and highway traffic were impaired today as a blanket of snow covered the entire Top of Texas area, reportedly up to five and six inches in depth in some areas.

Rail and bus officials said here today that no drifting snow had been reported from the Pampa area but all buses were running late, although passenger trains were on time.

At mid-morning, five and three-tenths inches of snow had fallen here and the forecast was for continued snow throughout the day.

Snow was also heavy at Borger, the News-Herald reported this morning. It began falling there shortly after dark last night and continued steadily there today.

No report on highway conditions are available except through bus lines serving Pampa. Buses from Amarillo were running at least an hour late this morning, while Oklahoma City buses were four to five hours late, indicating heavy snow between here and the Sooner metropolis.

Schedules south of Childress may have to be cancelled, local bus officials said today.

### Threat of New Violence Hangs Over Holy Land

JERUSALEM—(AP)—The threat of new violence hung over the Holy Land today as Irgun Zvai Leumi, rejecting an American congressman's plea for a truce, pronounced its intention to "achieve its goal of a free Palestine."

Irgun's action coincided with the verdict of a military court condemning a member of the Jewish underground organization to death for participating in an armed attack on a police station in which two police officers were killed last April 23.

The promise of continued fighting was contained in a note transmitted to newspapers by Irgun leaders in reply to a message from U. S. Rep. Joseph Clark, Baldwin, (R-N.Y.), which was published last Saturday in the Palestine post. Baldwin, administrative chairman of the political action committee for Palestine, asked Irgun to "halt operations in the Holy Land until I have acquainted the American government and people with your fight and the fight of Jewish labor."

Irgun thanked Baldwin for his "help in the campaign to free Palestine," but declared that "nothing must stop our fight."

(Dispatches from London yesterday reported increasing indications that official British opinion was inclining to the view that the only feasible way to settle the Palestine problem was to partition the Holy Land into separate Jewish and Arab states.)

These advices quoted an official British source as saying that the government would give "full consideration" to such a partition proposal should the matter be broached by Arabs and Jews at the London conference on Palestine, which is scheduled to resume Jan. 21. British experts on Palestine were said to have advised the government that the situation cannot be allowed to go on indefinitely as it is at present.

The Irgun message sent yesterday to die by hanging was Dov Gruner, a 33-year-old Hungarian Jew who came to Palestine six years ago and who was discharged from the Jewish brigade of the British army only 10 days before the attack on the police station.

### Dutch Repel New Indonesian Thrust

BATAVIA, Java—(AP)—A Netherlands military spokesman announced today that artillery-supported Dutch infantry overcame a stiff Indonesian resistance Monday to occupy the southeastern section of Medan, pre-war capital of Sumatra.

### Truman's Order Ending War Is Explained in Full

By The Associated Press  
President Truman's declaration that hostilities ended at noon Tuesday means in brief:  
Twenty major wartime powers ended immediately and 33 others will come to an end in six months or soon thereafter.  
Immediately:  
The government's power to seize strike-bound plants and mines is surrendered.  
Farm laborers, such as the Mexicans and Jamaicans who came and helped produce bumper war crops, can enter only under regular immigration laws.  
After six months:  
The government must return to private owners the seized properties, such as the coal mines, that it now holds.  
Many wartime taxes will drop to lower levels (unless Congress acts to prevent the fall). Examples: liquor tax from \$9 to \$6 a gallon; Furs from 20 to 10 percent. Long distance telephone levies, from 25 to 20 percent; on local telephone charges, from 15 to 10 percent.  
The proclamation has the effect of setting Dec. 31, 1946, for windup of the wartime government program of price supports for farm produce. Some 500 other emergency laws still remain on the books.  
"End of hostilities" in this case is just technical legal language and effects the laws which contain that phrase. Others won't go out until there are also proclamations of "end of the war" and "end of the emergency."  
The United States Army built the first railroad in America.

**Pampans Dominate List Of Surplus Purchasers**  
McLEAN—Pampans buyers dominated the list of purchasers who obtained equipment and lumber from demolished buildings at the dismantled McLean Prisoner of War camp in a sale which opened here Monday to continue through Friday.

Figures released by John McGee, War Assets Administration field chief, revealed that nine Pampans purchased equipment during the first day of the sale.

They were:  
Roy A. Webb, Jr., furnaces and a laundry tub for \$903.50; George Mirak, 845 E. Craven, lumber for \$37.83 and heaters, furnaces and doors for \$1,032.42; Box 1582, furnaces and heaters for \$410; E. H. Cameron, 704 N. Somerville, heaters, insulation materials, lumber and hardware for \$325.81; Ralph W. Prock, 1320 Duncan, 10 furnaces for \$990; Ted Evans, 123 N. Ward, 10 furnaces for \$900; L. E. Kotara, 632 Beryl, lumber, doors and plumbing equipment for \$93.65; B. W. Jones, 535 S. Cuyler, furnace and pipe for \$129.59, and Transmix Concrete and Metal Co., lumber, plumbing, heating and electrical equipment for \$2,421.58.

**Joint Services Held For Three Who Died Result of Gas Fumes**  
Joint funeral services were held in Portales, N. M., yesterday for three members of a Portales family, relatives of two Pampa residents.

They died as the result of being overcome by gas fumes in their home Sunday.  
The dead are:  
Mr. and Mrs. Harold Jones, sister and brother-in-law of Mrs. Hugh Layne, Cabot camp, and Mrs. T. C. Carter, 1137 Starweather, Pampa, and Mrs. James Ellison, mother of the two Pampans.

Survivors were Mrs. Jones and Mrs. Carter's brother, Bobby, and Mrs. Jones' brother-in-law, Lloyd Jones.

Another sister of the two Pampans, Mrs. Windell W. Russell, lives in Stephenville, Texas.

## Canadian School Class of 1946 Holds Reunion

CANADIAN, (Special)—The first reunion of the class of '46 of the Canadian High School was held last Saturday evening in the high school home economics room. The class had a grand time telling each other about new jobs and college experiences along with tales of the Army, Navy, and Marine.

Class President Jimmy Hodges presided. Mrs. Marion Karr, Senior Class sponsor, gave an address of welcome. Big Sister, Barbara Steele, offered encouragement, and Big Brother, Edward Abraham, assured all that diplomas were not being called in.

Room sponsors, Mrs. Frank McMorris and Mrs. Albert Bernson, assisted with refreshments. The table was decorated with lighted tapers and cakes bearing the inscription "Graduating Class of 1946." Punch and ice cream added extra smiles.

Class members present were Claribel Sipes, Glenna Hutton, Norma Watson, Carrie Lou Morris, Betty Hodges, Carol Sprague, Billy Mathews, Jimmy Hodges, G. L. Bernson, Frieda Zybach, J. C. Bernson, Rose Marie Tepe, Martha Lu Johnson, Junior Morris, Dickie Barton, Boyd

Class members present were Claribel Sipes, Glenna Hutton, Norma Watson, Carrie Lou Morris, Betty Hodges, Carol Sprague, Billy Mathews, Jimmy Hodges, G. L. Bernson, Frieda Zybach, J. C. Bernson, Rose Marie Tepe, Martha Lu Johnson, Junior Morris, Dickie Barton, Boyd

## Annual Turkey Dinner Is Given by Members of the Civic Culture Club

The Civic Culture Club members held their annual turkey dinner at the City Club Rooms on New Year's Eve, Tuesday. Husbands of the members were guests.

The dinner was served buffet style from a table decorated in the traditional holiday theme. Lighted tapers decorated the small tables also. Bridge and 42 were played by members and guests. High score in 42 went to Mrs. J. B. Townsend, and high score in bridge went to F. W. Showell.

Mrs. Townsend led the group in singing, accompanied at the piano by Mrs. Irvin Cole. The program was closed with the singing of the perennial Auld Lang Syne.

Mrs. H. W. Waters and Mrs. John Brandt headed the committee on arrangements.

Guests were Mr. and Mrs. Bill Bell, of Norman, Okla.; and Harold Rheaugh. Present were Mesdames and Mesdames E. A. Shackleton, J. B. Townsend, H. W. Waters, John Brandt, F. W. Showell, Lloyd Rheaugh, C. Wilson, and Mrs. Katie Vincent.

Refreshments were served to Mrs. Ben Graham, Evelyn and Nancy Gramam; Mrs. Leonard Rathjen, Doris and Betty Rathjen; Mrs. Fred Rathjen, Claude Davis, L. T. Davis, Jr., Henry Carmen, George Henderson, John Dabery and Norma Jean Dabery.

My country, right or wrong, may have a glorious ring in wartime, but how low it sounds in a civilian society, and what an invitation to chaos it would constitute if adopted universally.—Arthur Sweetser, Washington UN office chief.

## Mainly About Pampa and Her Neighbor Towns

Joyce Brake, 11-year-old daughter of Mr. and Mrs. Stanley Brake, 806 North Sumner, is reported quite ill at the family home.

Pampa Business College has moved to 408 E. Kingsmill, 1947 enrollment is now being received.

A. C. Shandler of Pampa is to undergo an operation at Temple, it was reported today. He will be accompanied to Temple by his daughters, Mrs. Allen Say and Mrs. B. E. Warren, Jr.

For Peg's Cab, call 94. Dance at the Southern Club Saturday night, Jan. 4th, to Vic Diaz orchestra. Make your table reservations early.

Guests in the home of Mr. and Mrs. L. A. Lavery during the holidays were Mr. and Mrs. Bill Allen and son of Clinton, Okla.; Mr. and Mrs. Lloyd Sharp of Wichita, Kan.; Cpl. and Mrs. Troy Berrel, Mr. and Mrs. Charles Boren of Pampa; and Mr. Lavery's parents, Mr. and Mrs. Less Lavery of Liberal, Kan.

Pampa Dry Cleaners, Pick up and delivery service, Phone 38. Start the New Year with a clean wardrobe. We'll do the work for you.

A. C. Carlisle, Oklahoma, who is home on a 30-day furlough from William Beaumont Hospital in El Paso, is visiting his wife here.

Clegg's instant cleaning service. We guarantee perfect satisfaction. Master Cleaners.

Mr. and Mrs. W. B. Mitchell, 633 North Faulkner, have had their guests this week Mr. and Mrs. B. F. Taylor and daughter, Peggy, all of Los Angeles; and their nephew, Dorman Williamson, of Childress. Mrs. Taylor and Mrs. Mitchell are sisters.

For Sale—Extra nice duplex completely furnished income \$90 per month. New building addition. Phone 2334 after 6 p.m. 414 W. Browning.

Mr. and Mrs. E. A. Shelton, formerly of Pampa but now of Battle Creek, Mich., have been visiting here with their daughter and family, Mr. and Mrs. Cecil Colburn; and with Mr. and Mrs. T. J. Watt and family, Skellytown. The Sheltons left yesterday for Wichita Falls.

Protect your new bicycle by bicycle padlock at Roy and Bob's Bike Shop, 414 W. Browning.

City of Pampa and Grand Franks left yesterday for a business trip to Sweetwater.

Breakfast Is Given Honor Ex-Resident

A breakfast in honor of a former resident, Mrs. E. A. Shelton of Battle Creek, Mich., was given Tuesday at the home of Mrs. E. L. Anderson, 1002 E. Francis Ave.

Coffee and doughnuts were served to the following: Mesdames A. L. Primmore, N. B. Ellis, E. V. Davis, E. M. Stokes, Joe E. Foster, Bob Allford, Rupert Orr, Hugh Ellis, D. B. Jameson, Ruf. Jordan, Tom Duval, H. A. Gilliland, C. A. Scott, John Haggard, J. P. Wehrung, Emory McMillan, Cecil Colburn and E. L. Anderson.

CAT TRAPPED

CHICAGO—(AP)—Herbert Carnes, an emergency man for the Anti-Cruelty Society, left a sick bed yesterday to rescue a tomcat which for five days had perched in the upper branches of a 65-foot tree in Aldine Avenue.

## Work of Home Demonstration Clubs in County During Year Is Reported

A report of Home Demonstration work in this county during the past year, submitted by the agent, Ann Hastings, in behalf of her effort and that of her predecessor, Millicent Schaub, now Mrs. R. L. Lang, of LaJunta, Colo., has been made.

The report shows that during the year as a result of their foods work the seven county clubs have earned over 13,000 quarts of meats and vegetables, besides the 65,000 pounds of meat cured and frozen, that they have made up a hundred pounds of cheese and have planned meals for their families using the Texas Food Standard as a pattern.

As interior decorators the club women were given demonstration in color and arrangements for living rooms, and individual demonstrators were given help in making improvements in other rooms of the house. Thirty kitchens, 43 living rooms, 43 bedrooms and 14 bathrooms have been materially improved.

Resulting from the yard improvement demonstrations, 15,000 trees, shrubs and other plantings were made.

The women have been sewing and making 2,175 garments, while 4-5 Club girls have made 248. Club women have renovated 389 garments and 4-5 club girls 689 garments. They've made purses, other accessories, curtains and linens.

Even though club women have been busy with the skills of home making, they've had time for family and community recreation.

In October the home demonstration council sent a representative to Dallas to receive a week's training in conducting recreation. She in turn trains chairmen of the clubs. At each club meeting these chairmen have charge of a ten minute period of recreation. Many of these games can later be used for family groups.

IMPROMPTU DEMONSTRATION

OLYMPIA, Wash.—(AP)—Delegates to a waterfront safety hearing had an unscheduled workout.

One of the delegates, safety supervisor Dan Adair reported, slipped a cigarette butt into a makeshift spittoon filled with saw dust and a liquid to keep the sawdust from plowing away.

The liquid was inflammable.

## Gracie Reports

BY GRACIE ALLEN

Dear Diary: Many tears have been shed over the passing of the old year, but personally I'm glad to see it go. It's been a rugged year—strikes, housing shortage, no cars, no washing just one year ago. Sad things, no refrigerators.

Ah! But wait, Dear Diary. In this new year the strikes will settle, everyone will have a place to live, there'll be a new car in every garage and washing machines and refrigerators will be easier to get than wet feet in California. Yes, Dear Diary, this year everything will be just fine.

I wrote the foregoing paragraph in my diary just one year ago. The best way I can wish you all a Happy New Year is to hope that I won't be able to quote it again a year from now.

Ballinger Theatre Destroyed by Fire

BALLINGER—(AP)—A spectacular fire destroyed the Ballinger Theatre here Monday night. The theatre was partially filled when the fire broke out at 8:45 p.m. but patrons fled out in an orderly manner. There were no injuries. Damage was estimated at between \$25,000 and \$30,000.

Do you suffer MONTHLY FEMALE PAIN?

This great medicine is famous to relieve pain, nervous distress and weak, crampy, "dragged out" feelings, of such days—when due to female functional monthly disturbances. Also fine stomachic tonic!

## Services Held for Former Miami Lady

MIAMI—(Special)—Funeral services were held Tuesday afternoon at the Methodist Church for W. I. Gum, 80, a former citizen of Roberts county, who died Dec. 27 at Laredo, Texas. The Rev. Roscoe Trotter, pastor of the Methodist Church at Follette, officiated, and Rev. C. A. Holcomb, Jr., pastor of the Methodist Church at Miami, assisted.

Burial was at Windom, Kans., on Wednesday.

He left four daughters: Mrs. Twila Daugherty, of Hoover; Mrs. W. D. Allen, of Miami; Mrs. Lily McCarthy, of Hayward, Calif.; and Mrs. Zenith Rasmussen, of San Francisco; and one son, John Um, of Amarillo; one sister, Mrs. Myrtle Rightner, of Oakland, Calif., and several grandchildren.

Funeral services were held at Windom, Kansas, on Wednesday.

REMOSE, ILL. LONDON—(AP)—"What would your mother think?"

That, said Housekeeper Nora Clark, five feet tall, was what she asked an armed burglar about to leave her employer's house with an armload of furs.

"He looked at me and said something like, 'all right,' and put them down and left," Mrs. Clark related to police.

The shame, however, police said, did not stop the thief from getting away with about \$4,000 worth of other valuables.

All the successive five-year plans of the Russians were attempts to approach the production achievements of free enterprise.—Robert R. Watson, former president National Association of Manufacturers.

Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach, Acid, Heartburn, Sleeplessness, etc. due to Excess Acid. Sold on 15 days' trial. Ask for "Willard's Message" which fully explains this treatment.—free at

Postponement of Meeting Announced

A meeting of the Pampa Council of Churches, originally scheduled tomorrow, has been postponed until Friday, January 10, at 2:30 at the Church of the Brethren.

Mrs. Murray Elson, Amarillo, is to give a report on the recent meeting of the United Council at Grand Rapids, Michigan.

"My country, right or wrong, may have a glorious ring in wartime, but how low it sounds in a civilian society, and what an invitation to chaos it would constitute if adopted universally.—Arthur Sweetser, Washington UN office chief.

"My country, right or wrong, may have a glorious ring in wartime, but how low it sounds in a civilian society, and what an invitation to chaos it would constitute if adopted universally.—Arthur Sweetser, Washington UN office chief.

Worthwhile HD Club Will Meet Friday

The Worthwhile Home Demonstration Club will hold its first meeting of the year at the home of Mrs. G. L. Lunsford, 206 West Albert St., on Friday afternoon, beginning at 2:30. It was announced today.

Mrs. T. V. Lane will present a model business meeting as the main feature of the program. Officials said that all members are urged to be present.

# INTRODUCING GRAY COUNTY'S FIRST BABY OF 1947

**SHERRYLN ANN LENNOX**

Born 9:39 p. m. Jan. 1st Dr. Webb & Dr. McDaniel Clinic  
Weight 5 lbs. and 5 ozs.

PARENTS:  
Mr. and Mrs. A. W. Lennox  
222 W. Brown St.

ATTENDING PHYSICIAN  
Dr. M. McDaniel

## RULES AND REGULATIONS

1. Baby must be born in Gray County.
2. Parents must be residents of Gray County.
3. Date, hour, and minute of birth must be certified by attending physician.
4. Report birth to New Year Baby Contest Editor of News as soon as possible.
5. Prizes awarded to first white baby born in 1947 according to time decision of the editor.
6. Name of baby and parents to be published in The News as soon as information is available.

We welcome the First Baby of 1947 and present it with a case of 48 cans of Gerber's Assorted Baby Food

Shop Ideal during 1947 for all Baby Food Needs . . . All popular brands.

### WAA Report

(Continued from Page 1)  
 more efficient manner than was the case when the committee began its deliberations. "For this, the group gave credit to Robert M. Ladd, John, War Assets Administrator.  
 2. The regional WAA offices have been in a state of "complete disorganization and in many instances favoritism, if not downright corruption, was apparent in their operation."  
 3. The entire program for sale of electronics equipment has been "a costly, outrageous series of ineffectual, if not fraudulent, bungling."  
 4. "Stodgy business methods" have resulted in "a lack of confidence on the part of the public and a reluctance on the part of many sound business concerns to deal with the War Assets Administration."  
 5. There has been "a catastrophic failure" to have any inventory, and the property records are "in an abysmal state of chaos."

### Bilbo Probe

(Continued from Page 1)  
 means decided to act at tomorrow's opening, they will draw enough democratic votes for the majority which he said could bar Bilbo from starting his third term.  
 The policy committee called a morning meeting to decide its recommendations on procedure. The Republican Senate membership meeting later for final approval.  
 Throwing down the gage of battle when Bilbo steps up to take the oath would put the decision in the hands of the holdover senators—before the new Republican majority can take control.  
 It also would risk a filibuster which might tie the new Senate in knots and block indefinitely the procedure of "swearing in the remainder of the members. The Republicans couldn't take control unless they had their seats.  
 But the Republican leadership apparently wasn't frightened by this prospect. "But said he doesn't put much stock in a filibuster."  
 The investigating committee's report made no recommendation whether Bilbo should be permitted

to serve in the Senate. It was approved by six of the nine members: Kilgore, Mead (D-N.Y.), Brewster (R-Me), Ball (D-Minn), Ferguson (R-Mich), and Knowland (R-Calif).  
 Senators Connally (D-Texas) disapproved the report, while Tunnell (D-Del) and Briggs (D-Mo) did not approve or disapprove.  
 The committee declared it was all right for Bilbo to help his constituents to get war contracts, but the "impropriety" of his actions "consists in the acceptance of gifts, services and political contributions from these same contractors whom he had aided."  
 "The committee is unable to accept the theory that Senator Bilbo's aid to those dealing in government contracts and the benefits he received were unrelated."

### New Orleans Belles

#### Plan Mardi Gras

BY BARBARA JACKSON  
 NEW ORLEANS, La.—French costumers will soon be furnishing again the fabulously extravagant gowns worn by Mardi Gras queens.  
 Until the war, Paris couturiers were employed each year to provide the satins, brocades and ribbons and to design the court jewels and mantles in France. Planning was begun as soon as the current season closed.  
 Artists were engaged to make costume plates for a cast of one hundred or more masks and tableau scenes for twenty floats. Contracts passed down in the family, from father to son for decades.  
 However, during the war, the carnival was interrupted and what few costumes were made were designed and finished by local talent with little loss of the usual pomp and distinction.  
 "All France knows New Orleans is one of its best buyers of luxury and quality goods such as fine laces, rhinestones and textiles for carnival dresses. Soon these materials will be shipped here in quantities," says Raymond Dreux, commercial counselor for the French embassy in Washington.  
 The thrill of anticipation for next year's carousel is already being felt. Gowns are being fitted, court jewels reset in new brilliance and invitation lists planned for the spectacle which is the pinnacle of society's season here.

### Hunting

(Continued from Page 1)  
 jail. In the chase that followed Deputy Sheriff C. M. Tucker toppled and fell in a snow bank. Chief Deputy Guthrie also fell in the snow and almost fractured a hip.  
 This morning Kyle issued a tirade against dotting parents whose boys "wouldn't do such a thing."  
 Reports have continued to come into the sheriff's office for several weeks about boys along the highway shooting at tin cans, towards private homes and even the windows of Kyle's own home have been broken by boys shooting rifles.  
 "We don't want to be mean to these kids, but they have the people scared to death," Kyle continued, "and if their parents don't think their boys did it let them ask their sons were all the shells they are shooting are going to."  
 Authorities are at a loss on charges to be preferred against these boys as Texas state law leaves little room for prosecuting criminals. If the boys would have used a pistol instead of a .22 rifle they could be charged with a felony, as it is now boys are permitted the use of .22 rifles.  
 Kyle said this morning if parents don't soon put a check on their sons someone is going to be accidentally killed or seriously injured.

### Committees

(Continued from Page 1)  
 most of this week deciding who went on what committee and who became chairmen.  
 The Republicans in the House will probably finish divvying up the committee jobs among themselves next week.  
 The Democrats, who now will be in a minority on each committee, were deciding among themselves, in turn, who went on what committee.  
 Deciding on committee jobs was particularly tough this year and for this reason:  
 The old Congress cut down the number of committees.  
 They cut down by merging or abolishing the Senate committees from 33 to 15 and the House committees from 48 to 19.  
 So that meant a huge scramble by Democrats and Republicans to get on the reorganized committees of their choice.  
 This is how the committees work: When a bill is introduced in Congress it goes to the committee which handles that kind of bill. For example:  
 A bill dealing with the Army would go to the Military Affairs Committee.  
 The committees make or break any bill referred to them. If they don't want to touch a bill they pigeonhole it. If they do touch it, but if a committee wants to act on a bill, it holds hearings, calling in as witnesses people who are for or against it.  
 Then the committee members vote on whether to approve the bill or reject it. If they reject it, it generally stays dead.  
 If they approve it, it goes to the floor of House or Senate for a vote by the full membership.  
 The House and Senate committees also pretty well decide how much money the government can have to operate every year.  
 What the committees decide about money for the government generally is approved by full House and Senate.  
 The Trans-Siberian railroad, which connects Leningrad with Vladivostok, is more than 5500 miles long.

**Congress**

(Continued from Page 1)  
 the-union message to a joint Senate-House session next Monday.  
 However, party heads in the House have leaned strongly toward a law which would prevent strikes in industries affecting the public health or welfare. Some of them advocate compulsory arbitration.  
 Both parties scheduled caucuses today to select candidates for organization of the Senate and the House when they convene tomorrow.  
 Most differences that had threat-

ened to rupture harmonious intra-party relations already have been removed.  
 Barring an upset of the plans of their leaders, House Republicans expected to designate Rep. Charles A. Halleck of Indiana as majority leader, Rep. Joseph W. Martin, Jr. of Massachusetts as speaker, and Rep. Leslie Arends of Illinois as party whip.  
 Martin and Arends were unopposed and Halleck had only nominal opposition since the withdrawal of Rep. Clarence J. Brown of Ohio from the race.  
 Halleck's position was further strengthened when Rep. Dirksen (R-Ill.) stepped out of the contest, leaving only Rep. Jenkins (R-Ohio) still opposing the Indianan.  
 "Party strife, unseemly selfishness and the spirit of contest would not inspire confidence nor enlarge the common faith as we begin a new chapter in our national life," Dirksen said.  
 He added in a statement that "personal ambition must never give way to the country's need and to the obligation which our party now assumes, and hence I am withdrawing."  
 Martin, becoming the first Republican speaker of the House since Nicholas Longworth of Ohio wielded the gavel in 1931, succeeds Sam Rayburn of Texas.  
 Leadership differences among House Democrats apparently were ended by a successful movement to "draft" Rayburn for the post of minority leader.  
 The Texan had insisted that when he relinquished the speaker's role

he wished to play only the part of "elder statesman," leaving the floor leadership to Rep. John W. McCormack of Massachusetts, now majority leader.  
 But Southerners cold to McCormack, an ardent New Dealer, demanded that Rayburn accept the job in the interest of party harmony.  
 A high-ranking Democrat told newsmen last night Rayburn would be elected at the caucus and "he has no choice but to yield to the demands of his party."

**Weather**

(Continued from Page 1)  
 Denver stations reported this morning that freight and passenger schedules were "on time", but the picture could change if snow started drifting across the tracks.  
 Police and highway officials warned motorists to stay off highways unless absolutely necessary while cars were reported stalled all over the city this morning, forcing many to walk to work. No accidents had been reported late this morning.  
 Stock warnings were general, with emphasis on keeping cattle from herding together against fences. Shelter was, of course, recommended, although it is not possible in many cases.  
 Elsewhere, according to the Associated Press, transportation, communication and even education remained erratic as the blanket covered practically all the state.  
 Many schools failed to re-open or were dismissed while bus and rail traffic was "spotty".  
 Practically all airline schedules

"The jokes are getting better since we installed the trap-door for unfunny comedians!"

**Girls at Texas Tech Learning About Football**

By JACK RUTLEDGE  
 AP Staff Writer  
 Just between us girls:  
 A lot of girls don't know the difference between a first down and a touchdown, and the women's physical education department at Texas Tech is doing something about it.  
 They're sponsoring a women's auxiliary quarterly club. Members meet each week to hear Coach Dell Morgan explain technical points of the game.  
 One year ago all but one of five major student body officers on the Texas Christian University campus were held by girls. This year, only one co-ed won a major office.  
 She was Miss Sammy Morrow of Grafado, president of the junior class. One male student said maliciously that the only way she won was "because the name Sammy fooled the voters."  
 Ed Brimberry, former army chaplain who is now a graduate ministerial student at TCU, may marry the boys and girls but his wife does most of the work.  
 One day he married seven newly commissioned second lieutenants and their brides. The strain was not too bad on him, but his wife became

**Woman Is Named To Daniels' Staff**

AUSTIN (AP)—A woman's name has been added to the list of assistant attorneys general appointed by Price Daniel, attorney general-elect.  
 The latest appointee is Mrs. Marietta McGregor Payne, Austin attorney, war widow and mother-of-one child.  
 Mrs. Payne's husband was Col. John H. Payne of Austin, killed over Naples during World War II. Payne Field in Cairo was named in his honor.  
 She will serve in the taxation division.  
 Mrs. Payne received arts and law degrees with highest honors at the University of Texas and a master of arts degree from Columbia university. From a family of lawyers, she is the sister of Douglas McGregor, first assistant attorney general of the United States, and the daughter of T. H. McGregor, Austin attorney.  
 Then take perfume. Down in McAllen, Constable Tom Bryan was authorized to sell 26 cartons containing 700 bottles of perfume. There was just one bid—a man offered \$350 for the lot. He got it.  
 Perfume is potent in more ways than one. Don E. Benson of Paris found out. He dropped a large bottle on the bathroom floor, and it caught fire from a gas burner. He said it was a sweet fire while it lasted.  
 The Valley Morning Star listed as a gift-we-hope-no-one-gives-our-friends a bubble bath for men kit, containing, among other things, an ingredient labeled "gold cup."

**EARLY NIGHT BALL GAME**  
 Night baseball is not a new idea. A night game was played in Fort Wayne, Ind., in 1883. The diamond was lighted by 17 lamps suspended on masts. The game lasted only seven innings, but a total of 30 runs had been scored.

**Beware Coughs That Hang On**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## 'International Love Story' Is Planned by Movie Makers

By BOB THOMAS  
HOLLYWOOD — (P) — Producer Seymour Nebenzal is planning a film which will be truly international in scope. "International Love Story," written by Rowland Lee in eight episodes, will be made in eight countries. Each country will supply a native cast to carry on the thread of the story. The picture will require a year to film and will start in late 1947. It will probably take that long to line up passports.

Twentieth-Fox is more than slightly worried to learn that Betty Grable's baby is due in April, not June, as first believed. The studio has over two million sunk in "Mother Wore Tights" and Betty still has two dance numbers to do. The story of Monte Stratton will be ready for Van Johnson when he returns from Sun Valley. Van will get his most dramatic role as the one-legged baseball player. And how about more pictures about sports? Remember "Pride of the Yankees?"

Clark Gable cut short his Palm Springs vacation to test with Marilyn Burford, "Miss America," for the sitre role in "The Hucksters." . . . Joan Fontaine has the inside track for "The Snake Pit" with, perhaps, Rex Harrison co-starring. . . . Tyrone Power didn't make his bosses happy by living over Far-outin Volcano near the "Captain From Castle" location.

Jerome Courtland, who made a hit in "Kiss and Tell," is back from Korea and was given a 20th

birthday party at Atwater Kent's. The Humphrey Bogart are New Year's evening aboard their yacht at Newport. . . . Note to the Academy nominators: Don't forget Ingrid Bergman's fine job in "Sarabade Tring," which wasn't released soon enough for consideration last year.

Columbia wants Vera Vague to sign for a series of feature films. She has been making shorts there. . . . Greer Garson is leaving for a two-month spree in New York. She'll return to do her first comedy, "Speak to Me of Love." . . . Sight of the week: Cornel Wilde reading the Encyclopaedia Britannica on the "Forever Amber" set.

Happy 11th wedding anniversary to Paul Henreids, and happy first to Paul Brickman and Jeanne Crain. . . . Bob Walker, who has played Jerome Kern and Brahms on the screen, is shopping for a piano. . . . Dane Clark brought his Great Dane, "Lady," to the "Deep Valley" set but he won't do it again. "Lady" was no lady.

### Legal Records

**Marriage Licenses**  
Last marriage license to be issued in 1946 in the offices of County Clerk Charlie Thut was to: James L. Carpenter and Anna L. Beasley.

**Realty Transfers**  
Western Supply Co., Delaware corporation, to Edwards H. Mazey; all of Lot number 17 situated in Block 4 of the County Club addition of the city of Pampa. H. C. Rippy and wife, Lorene Rippy, to Guy Beasley; all of Section 25 situated in Block R of the A. Rowe survey of Gray County. R. S. Jordan and wife, Callie Jordan, to Guy Beasley; all of the southwest quarter of Section 24 situated in Block R of the A. Rowe survey of Gray County. C. E. Farmer and wife, Trudie Farmer, to Clarence A. Arnold; all of Lot number 1 situated in Block 3 of the Tulsa addition of the city of Pampa. J. Wade Duncan and wife, Fern Duncan, to Jeta Duncan; all of the north one-half of Lot number 10 situated in Block 33 of the original town of Pampa.

### Carloadings Show Increase in Week

Santa Fe System carloadings for week ending Dec. 28, 1946, were 23,204 compared with 16,988 for same week in 1945. Cars received from connections totaled 10,003 compared with 7,986 for same week in 1945. Total cars moved were 33,207 compared with 24,034 for same week in 1945. Santa Fe handled a total of 40,523 cars in preceding week of this year.

Smuggling of drugs and their transportation around England has been carried on by means of carrier pigeon.

## Santa Fe ..that's the System!

One shipper tells another: the way to get better on-time delivery of freight shipments to and from the West and Southwest is to ship Santa Fe.

Here are some of the reasons Santa Fe keeps freight service "on the advertised" (which is railroad language for "on-time performance"):

- !!! world's largest fleet of freight diesel locomotives.
- !!! more miles of double track than any other western road.
- !!! more miles of Centralized Traffic Control, which enables freight trains to meet and pass non-stop.
- !!! world's largest private telephone system, to keep shipments moving more swiftly.
- !!! increased yard capacity, and improvements along the line, such as curve straightening, new bridges, longer sidings.

It all adds up to getting what you want where and when you want it, when you ship Santa Fe.

Ship Santa Fe all the way  
For freight and passenger information see your local Santa Fe Agent

# Illinois' Upset 45-14 Victory Over Bruins Tops New Years Tactics

## Sunny Santone's Sleet Postpones Alamo Bowl Tilt

By WILBUR MARTIN

SAN FRANCISCO (AP)—Texas hasn't quite finished up its unprecedented list of bowl games. There'll be one more—the Alamo Bowl—which was postponed yesterday because of the weather.

Declaring he would be a fool to let his team play an Alamo stadium's ice-packed gridiron, Hardin-Stimmons Coach Warren Woodson joined Denver University in calling off the game until Saturday.

Frozen from a hard two-day sleet, the field was termed "dangerous" by Woodson and San Antonio police officials said the same about it.

"In twenty years of coaching I've never seen anything like it," exclaimed the coach of the undefeated Cowboys. "Only a fool would have played on that field. Why it would be simple for a boy to break a leg or arm and that ice would cut a fellow to pieces."

"There just wasn't even a slight chance of playing," Denver Coach Clyde Hubbard said.

Shortly before the charity game, sponsored by the Elks club, was scheduled to start, City Police Traffic Safety Chief George Bichel ordered no fans admitted to the stadium because of ice-coated ramps and seats.

The freeze was reported to be the worst congested for San Antonio since 1938. Sleet which began falling Monday caused cancellation of final workouts for each team.

Woodson hoped to find an indoor spot for the Cowboys to practice, indicating he would ask Negro Army Airfield field officers if an old hangar would be available.

"We've got to work out some where," Hubbard said, adding that he would camp in two-a-day if a spot could be found.

Prospects are that the nation's final bowl game will be played under favorable weather conditions. The forecast was that temperatures would rise and the weather bureau indicated a quick thaw.

## Texas Bowl Football Games Are Played in Year's Worst Weather

DALLAS (AP)—The Lone Star State furnished football bowl enthusiasts everything yesterday but good gridiron weather.

At San Antonio, the Alamo Bowl was postponed until Saturday when sleet and sub-freezing temperatures coated the stadium and a playing field with a layer of ice.

At Dallas, 28,000 Cotton Bowl spectators shivered under a barrage of sleet, rain, and a 29-degree thermometer.

At Houston, 23,000 Oil Bowl fans braved freezing temperatures and a cold rain.

At Fort Worth, less than 1,000 Cattle Bowl fans appeared in a freezing rain.

At Houston about 1,500 saw the Prairie View Bowl game.

The "strange as it seems" angle: Rice University, only Texas team to fill an out-of-state bowl date, won the Orange Bowl classic in Miami, Fla., in (quote) "bright sodapop weather" (unquote).

Plumes of the snowy egret, before the days of bird protection, fold for four times their weight in gold.

## Class AA Schools Total 104, Four Added by League

By JOE REICHLER

NEW YORK—Sports talk today centered around Illinois' almost incredible feat of knocking off a luthero unbeaten UCLA eleven 45-14 before 92,000 stunned onlookers at Pasadena's Rose Bowl.

It was by far the largest single game turnout of 20 bowl battles—the largest number ever—which treated a total turnout of 440,000 fans to 77 touchdown runs and passes.

The victorious Georgia, Rice, Georgia Tech, Oklahoma, Hawaii and Delaware teams all counter of gridiron fireworks, but the game that will be remembered longer than any of the others is the 33rd edition of the Tournament of Roses.

Inaugurating the Big Nine-Pacific Coast conference five-year plan, the underdog Illinois scored in every period except the third to register as victory points against the bewildered Bruins as the Californians had suffered from their last seven opponents combined.

In only one other Rose Bowl game have teams scored more points. Michigan, in the classic inaugural in 1932, scored 49 points in blanking Stanford, and Southern California registered 47 points against Pittsburgh in 1930.

The Big Nine champions' one-sided victory gave the visiting eleven two straight. It was the first time that had happened since Columbia and Alabama collaborated to defeat the Pacific coast teams in 1934 and '35. Alabama whipped USC last year 34-7.

Coach Ray Eliot's "Little Boys" piled up 245 yards via land and air with Buddy Young, speedy Negro star, scoring two touchdowns, and Julie Rykovich, Paul Patterson, Perry Moss, Russ Johnson and Stan Green tallying the others.

The big thrill, however, was provided by UCLA's 143-pound tailback, Al Hirsch, who raced a kickoff back 483 yards for a touchdown, the longest ever on an indoor kickoff in Rose Bowl competition.

A capacity crowd of 73,000, which came to watch a scoring duel between Georgia's All-America Charley Trippi and North Carolina's freshman Charlie Justice saw the undefeated Bulldogs come from behind to hand the Tarheels a 20-10 lacing in the Sugar Bowl. Georgia scored all its points in the second half.

The duel between Trippi and Justice never materialized since Trippi gained but 54 yards in 14 rushes and Justice only 31 in 17 attempts. Trippi completed two passes in seven attempts, netting 70 yards. One of his tosses brought a score, but another was intercepted to set up Carolina's score. Justice threw only one pass, completing it behind the line for a five-yard loss.

An 83-yard drive, climaxed by halfback Carl Russ's 25-yard run and lateral to Hugh Keeney, who ran another 25 yards for a touchdown, and a safety, all in the first period enabled Rice to blank a rugged Tennessee team 8-0 before 36,000 Orange Bowl spectators at Miami.

Arkansas, outmanned 271 yards to 56, balked three drives inside its own 10-yard line to gain a scoreless tie with power laden Louisiana State in the 11th annual Cotton Bowl game at Dallas before 38,000 fans. The Razorbacks once halted the Tigers on the two-yard line, another time they threw Louisiana back from the four and still another time they wriggled out after being pushed back to the eight.

With fullback Ed Davis scoring three touchdowns and Bill Wallace one, Oklahoma overwhelmed North Carolina State 54-13 before 17,000 in the second annual Gator Bowl game at Jacksonville, Fla.

Clyde Lefore, quarterback from Tulsa University, threw two touchdowns passes and paced an extra point to give the Western College All-Stars a 13-0 victory over their eastern rivals in the 22nd annual East-West charity game played in San Francisco for the benefit of the Shriners' crippled children's hospital before an overflow crowd of 62,000.

Setting up four touchdowns on pass interceptions and another on an opponent fumble, Georgia Tech defeated a scrappy St. Mary's eleven 41-19 before 22,000 in the third annual Oil Bowl at Houston.

Utah, expected to pass out Utah University of Utah, pulled in the second round to nose out Utah University 19-16 before 20,000 to win the Pineapple Bowl at Honolulu.

In other bowl tilts, Cincinnati triumphed over Virginia Tech 18-6 in the 12th annual Sun Bowl game at El Paso. Delaware increased its victory string to 25 straight with a 2-7 win over Rollins College of Winter Park, Fla., in the Clear Bowl; Catawba overpowered previously unbeaten Maryville College in the inaugural Tangerine Bowl at Orlando, Fla.; and New Mexico and Montana State battled to a 13-12 tie in the first San Diego Harbor Bowl.

Tennessee State Tigers won their third straight Negro Vulcan Bowl

## Tigers Gallop All Over Field But Can't Win

By HAROLD V. RATLIFF

DALLAS (AP)—When does 54 yards equal 271? The Arkansas Razorbacks can answer that one—or rather they did in the Cotton Bowl yesterday as they battled favored Louisiana State to a 0-0 tie.

LSUuffed and snorted for almost three times the length of the gridiron yet couldn't score although reaching as far as the Razorback line and line once and on other occasions rolling to the six, seven and eight-yard stripes respectively. And not only that but they penetrated to the 18 on still another surge.

Battering to 285 yards on the ground and passing for 16, the Tigers did everything except reach the last Arkansas white stripe but the Razorbacks won more glory with their great defensive efforts than LSU with its high-powered offense.

Each team got a trophy out of the second tie game to be played in eleven years of Cotton Bowl battles and line once will receive approximately \$50,000 from what is expected to be the largest gross gate in the gridiron classic's history.

It is due to eclipse \$150,000. An accurate check-up would be completed before the end of the week.

Last night as some 200 players, Cotton Bowl and city officials and guests looked on, Coach John Barnhill of Arkansas won a coin toss and the Razorbacks departed for Fayetteville with the trophy that was to have gone to the winner.

The Cotton Bowl then put in an order for another trophy just like it for Louisiana State which also went home last night.

The game was a sell-out of 45,507 but some 7,000 ticket-holders didn't brave rain, sleet and sub-freezing temperatures to see Arkansas make only four first downs while LSU was surging to 15 and to watch some of the most gallant stands a team ever waged as the tough Porkers sat on their haunches and grimly threw the Tigers back from drive after drive.

Ray Coates of LSU alone made more yards than did Arkansas as he romped for 61 on seven runs. Dan Sandifer of the Tigers also beat all the Razorbacks with 56 yards on nine carries.

The nearest Arkansas ever got to the LSU goal line was the 29-yard stripe and that in the first period. The rest of the game found the Porkers too busy warding off Tiger thrusts to even think about putting on a drive.

## Wreck, Gaels Stage Merry Scoring Duel

By MAX SKELTON

HOUSTON (AP)—Icicle weather apparently means nothing to St. Mary's and Georgia Tech.

The Gaels of California and the Engineers of Georgia, in clashing here yesterday in the Oil Bowl, ignored rain, sleet and low-30 temperatures to stage one of the wildest tilts ever seen in this Southwestern area where grid teams are noted for rattle-dazzle.

Tech smothered St. Mary's 41-19, but the 23,000 teeth-chattering fans were pleased to see the teams fulfill the predictions that the tilt would be a high-scoring, ball-tossing affair.

St. Mary's spotted the Engineers four touchdowns before settling down and putting the slippery ball to work for themselves.

Speedy Paul Crowe took a Tech kickoff and ran 84 yards for the first Gael score and in the second half the Californians matched the Georgians touchdown for touchdowns. All-America Herman Wedemeyer scored twice on lone bucs, one at the end of a 35-yard drive and the other shortly after a fumble was recovered deep in Tech territory.

Tech's final markers came on a 63-yard drive, longest scoring march of the game, and through capitalizing on another pass interception, this one grabbed in by All-America Center Paul Duke.

Statically, the teams reversed pre-game publicity, the Gaels outgaining the Engineers on the ground and the Tech eleven holding an edge in the air.

The deciding factor, however, was the alert Tech pass defense. The Engineers grabbed eight out of 23 St. Mary's forward attempts and returned them for a total of 169 yards.

Jim Phelan, the Gael coach, liked the way Bobby Dodd's Georgia eleven operated with the "T" formation under muddy conditions. Phelan declared Tech "had the most precise T formation attack with a wet ball I have ever seen."

## Owls Stop Vols In Sugar Bowl

By JOE REICHLER

MIAMI, Fla. (AP)—Tennessee's vaunted precision blocking and tackling meant nothing to the powerful Rice Owls, who struck like a Texas twister early in the 13th annual Orange Bowl football game here and then held the befuddled Vols to win, 8-0, before a capacity crowd of 28,000.

Coach Jess Neely's eleven rolled to a touchdown and a safety in the first 12 minutes of play yesterday and the repulsed every Tennessee thrust to win a bruising battle of stalwart lines by the lowest score since Auburn defeated Michigan State 6-0 in the same event nine years ago.

The Owls scored the second time they got the ball in a march that carried 82 yards in six plays. Carl Russ, a star all afternoon, broke over right guard for 25 yards, then lateral to Huey Keeney, who ran the remaining 27 yards to score. Weldon Humble's try for the extra point was blocked.

Five minutes later, with the Vols on their own 17, Jim Williams blocked Billy Joe Rowan's attempted kick and the Vols recovered on their one. Again Rowan tried to send the ball away but Ray Murphy broke through to block it and send the ball spinning into the end zone to give the Texans two more points.

The scoring ended there as the great Rice line turned back every Tennessee thrust.

## Van Johnson May Get Money Stratton Role

By JOE REICHLER

SHERMAN (AP)—Money Stratton, one-legged pitcher for the Sherman Twins baseball squad says he thinks Movie Actor Van Johnson can do as good a film portrayal of Money Stratton as Money Stratton could.

Johnson is reported to be the star of a film on Stratton's life.

Art Willingham, owner of the Twins, said he would give Stratton leave of absence to act as technical advisor.

Animal tracks showing the front feet paired behind the hind feet indicate that their maker climbs trees.

gamb, easily defeating the lighter Louisville (Ky.) Municipal College eleven 32-0 at Birmingham, Ala. Fullback John Watson plunged from the two-yard line to score a third quarter touchdown giving a 7-0 win to Arkansas. A and M. over Late College of Jackson, Tenn., in the first annual Cattle Bowl for Negro colleges.

Gilbert Jackson's placement in the third quarter enabled Delaware State College to beat Florida Normal 7-6 in the annual Flower Bowl at Jacksonville, Fla. Richmond and Norfolk battled to a 0-0 tie in the second annual Cotton-Tobacco Bowl at Greensboro, N. C.

San Jose State defeated Utah State 20-0 in the second annual Rain Bowl game at Fresno, Calif.; Pepperdine College of Los Angeles came from behind to whip Nebraska Wesleyan 33-13 in the first Will Rogers Bowl at Oklahoma City.

Bethene-Cookman of Daytona Beach, Fla., topped the Columbus (S. C.) Athletic Clubsoallegians 19-0 in the Coconut Bowl at Miami; the Prairie View (Tex.) University Panthers ponced out a 14-0 victory over Lincoln U. of Jefferson City, Mo., in the annual Prairie View Bowl at Houston.

## Arkansas Team Is Cattle Bowl Victor

By JOE REICHLER

PORT WORTH (AP)—Less than 1,000 fans braved a freezing rain here yesterday to watch a heavier Arkansas Agricultural, Mechanical and Normal College team 7-0 over Lane College of Jackson, Tenn., in the first annual Cattle Bowl game for Negro colleges.

The Pine Bluff, Ark., squad scored in the third quarter when Henry Pennington tossed a 25-yard pass to Right End Earl Sells to set up the Arkansas touchdown on the two-yard line. Fullback John Watson plunged over for the tally. Watson scored the conversion point from scrimmage.

## Emerson Is Named Alice Grid Mentor

By JOE REICHLER

ALICE, Texas (AP)—Lt. Comdr. G. Cox Emerson, coach of Corpus Christi Naval Air Station, has been named head football coach of Alice High School. Dr. John A. Quinn, superintendent, announced.

The former Texas University star guard succeeds L. V. Dugan Hiltower, who resigned, effective the end of this school year.

You can fly from South America to Europe and never be more than 15 miles from land.

The deciding factor, however, was the alert Tech pass defense. The Engineers grabbed eight out of 23 St. Mary's forward attempts and returned them for a total of 169 yards.

Jim Phelan, the Gael coach, liked the way Bobby Dodd's Georgia eleven operated with the "T" formation under muddy conditions. Phelan declared Tech "had the most precise T formation attack with a wet ball I have ever seen."

## Those EYES — Worth a Million

By JOE REICHLER

HOUSTON (AP)—Icicle weather apparently means nothing to St. Mary's and Georgia Tech.

The Gaels of California and the Engineers of Georgia, in clashing here yesterday in the Oil Bowl, ignored rain, sleet and low-30 temperatures to stage one of the wildest tilts ever seen in this Southwestern area where grid teams are noted for rattle-dazzle.

Tech smothered St. Mary's 41-19, but the 23,000 teeth-chattering fans were pleased to see the teams fulfill the predictions that the tilt would be a high-scoring, ball-tossing affair.

St. Mary's spotted the Engineers four touchdowns before settling down and putting the slippery ball to work for themselves.

Speedy Paul Crowe took a Tech kickoff and ran 84 yards for the first Gael score and in the second half the Californians matched the Georgians touchdown for touchdowns. All-America Herman Wedemeyer scored twice on lone bucs, one at the end of a 35-yard drive and the other shortly after a fumble was recovered deep in Tech territory.

Tech's final markers came on a 63-yard drive, longest scoring march of the game, and through capitalizing on another pass interception, this one grabbed in by All-America Center Paul Duke.

Statically, the teams reversed pre-game publicity, the Gaels outgaining the Engineers on the ground and the Tech eleven holding an edge in the air.

The deciding factor, however, was the alert Tech pass defense. The Engineers grabbed eight out of 23 St. Mary's forward attempts and returned them for a total of 169 yards.

Jim Phelan, the Gael coach, liked the way Bobby Dodd's Georgia eleven operated with the "T" formation under muddy conditions. Phelan declared Tech "had the most precise T formation attack with a wet ball I have ever seen."

## Protect Them with BETTER LIGHT

By JOE REICHLER

DALLAS (AP)—The Lone Star State furnished football bowl enthusiasts everything yesterday but good gridiron weather.

At San Antonio, the Alamo Bowl was postponed until Saturday when sleet and sub-freezing temperatures coated the stadium and a playing field with a layer of ice.

At Dallas, 28,000 Cotton Bowl spectators shivered under a barrage of sleet, rain, and a 29-degree thermometer.

At Houston, 23,000 Oil Bowl fans braved freezing temperatures and a cold rain.

At Fort Worth, less than 1,000 Cattle Bowl fans appeared in a freezing rain.

At Houston about 1,500 saw the Prairie View Bowl game.

The "strange as it seems" angle: Rice University, only Texas team to fill an out-of-state bowl date, won the Orange Bowl classic in Miami, Fla., in (quote) "bright sodapop weather" (unquote).

Plumes of the snowy egret, before the days of bird protection, fold for four times their weight in gold.

## Van Johnson May Get Money Stratton Role

By JOE REICHLER

SHERMAN (AP)—Money Stratton, one-legged pitcher for the Sherman Twins baseball squad says he thinks Movie Actor Van Johnson can do as good a film portrayal of Money Stratton as Money Stratton could.

Johnson is reported to be the star of a film on Stratton's life.

Art Willingham, owner of the Twins, said he would give Stratton leave of absence to act as technical advisor.

Animal tracks showing the front feet paired behind the hind feet indicate that their maker climbs trees.

gamb, easily defeating the lighter Louisville (Ky.) Municipal College eleven 32-0 at Birmingham, Ala. Fullback John Watson plunged from the two-yard line to score a third quarter touchdown giving a 7-0 win to Arkansas. A and M. over Late College of Jackson, Tenn., in the first annual Cattle Bowl for Negro colleges.

Gilbert Jackson's placement in the third quarter enabled Delaware State College to beat Florida Normal 7-6 in the annual Flower Bowl at Jacksonville, Fla. Richmond and Norfolk battled to a 0-0 tie in the second annual Cotton-Tobacco Bowl at Greensboro, N. C.

San Jose State defeated Utah State 20-0 in the second annual Rain Bowl game at Fresno, Calif.; Pepperdine College of Los Angeles came from behind to whip Nebraska Wesleyan 33-13 in the first Will Rogers Bowl at Oklahoma City.

Bethene-Cookman of Daytona Beach, Fla., topped the Columbus (S. C.) Athletic Clubsoallegians 19-0 in the Coconut Bowl at Miami; the Prairie View (Tex.) University Panthers ponced out a 14-0 victory over Lincoln U. of Jefferson City, Mo., in the annual Prairie View Bowl at Houston.

## Arkansas Team Is Cattle Bowl Victor

By JOE REICHLER

PORT WORTH (AP)—Less than 1,000 fans braved a freezing rain here yesterday to watch a heavier Arkansas Agricultural, Mechanical and Normal College team 7-0 over Lane College of Jackson, Tenn., in the first annual Cattle Bowl game for Negro colleges.

The Pine Bluff, Ark., squad scored in the third quarter when Henry Pennington tossed a 25-yard pass to Right End Earl Sells to set up the Arkansas touchdown on the two-yard line. Fullback John Watson plunged over for the tally. Watson scored the conversion point from scrimmage.

## Emerson Is Named Alice Grid Mentor

By JOE REICHLER

ALICE, Texas (AP)—Lt. Comdr. G. Cox Emerson, coach of Corpus Christi Naval Air Station, has been named head football coach of Alice High School. Dr. John A. Quinn, superintendent, announced.

The former Texas University star guard succeeds L. V. Dugan Hiltower, who resigned, effective the end of this school year.

You can fly from South America to Europe and never be more than 15 miles from land.

## GENERAL FROM PUBLIC SERVANTS

General Dwight Eisenhower has revived a theory of government which has undeniably fallen into disuse the past few years. To a New York reporter in Miami the other day he expressed his belief that "Public figures have certain public responsibilities and obligations. . . . It is a shame sometimes to see the beating decent American men and women take from their public servants."

The general thinks, in other words, that in a democracy the government serves the people, not the people the government, and that the people are, therefore, entitled to that respect from governmental officials which employees owe the boss. Public servants, he says, are committed to public service.

This idea is by no means revolutionary. American democracy is founded on it, and American textbooks are full of it. But as government has become a bigger and bigger business, it has been honored more and more in the breach rather than in the observance. And it's definitely due for a revival.

Take the case General "Ike" particularly cited, that of the police. Certainly there can be no disputing the fact that police were established for the protection of the public. And they are paid from funds supplied by the taxpayers. The people, then, undeniably are justified in expecting from the police courteous, efficient, and respectful service.

Many policemen fill that bill. But many others do not—so many, in fact, that General Eisenhower finds it necessary to admonish civilian police, as he has his own MPs: "A police officer is a servant. He should act like a servant, too. He is not an Indian potentate or an Aztec god who is untouchable and not to be disturbed by the rabble."

For this deplorable condition individual uniformed offenders are not actually to blame, of course. The state of mind which produces it has drifted down from above. Policemen take their cue from holders of public office. And many officeholders have come to regard a position of public trust as a personal possession, carrying with it no responsibility to the people which need be recognized in day-to-day dealings with individual citizens.

As the years have passed, governmental officials have seemed to become further removed, mentally as well as physically, from the taxpayers who elect and support them. Rare indeed is the officeholder who is not almost always "too busy" to see a private individual who has a complaint or suggestion to make.

It is true, of course, that government is now much more complex and demanding than once it was. But additional work has brought with it additional employees, so that surely even the busiest official must have some free time he could devote to consultation with the people whose interest supposedly is his interest.

In any event, the people would certainly gain from a more general application in government circles of the down-to-earth philosophy which makes "Ike" Eisenhower refer to himself, Army Chief of Staff, "as a glorified desk sergeant." If more capitalized Executives thought of themselves in less sanctimonious terms, we would have a government that would more often provide us with public service from public servants.

## MACKENZIE'S Column

An AP Newsfeature By GLENN BABB (Subbing for Mackenzie)

To millions of Japanese who still believe in the old ways this is the year of the boar, symbol of turbulence and unrelenting. The ancient tradition, which groups the years in cycles of 12 and assigned to each an animal of the Oriental Zodiac, was that the character of the New Year was likely to resemble that of its symbol. Nineteen forty-six was the year of the dog, faithful and docile. Believers therefore will expect of 1947 something different from the comparative tranquility of Japan's first full year of peace under American occupation and tutelage.

In his New Year message to the 75,000,000 Japanese over whom he exercises the conquerors' authority, General MacArthur said the nation's progress in 1947 would determine "whether or not it will be brought to fruition those great reforms now being charted."

"It is my prayer," the Allied commander concluded, "indeed, my firm anticipation, that the Japanese people will understand and grasp this opportunity and rise resolutely to meet its challenge. Therein lies Japan's salvation. . . . and therein lies the hope of all the peoples of the East for a better civilization."

## NEW-MODEL CONGRESS

WASHINGTON (NEA)—For the first time in its history, the U. S. Congress starting work on Jan. 3, will be organized to look at the national problem as a whole.

Heretofore the approach has been piecemeal. If something needed a little fixing, a patch was applied in the way of a new law. Tax bills were considered separately from appropriation bills. Even the appropriation bills were not considered in their relation to each other. Whatever national planning there was had to be done by the executive departments. And Congress thereafter looked with too much favor on any national planning.

In the next Congress all this will be changed. Congress now has new model machinery to do its own national planning. It got this new equipment through the Congressional Reorganization Act passed by the last Congress.

Two devices in particular are expected to modernize the legislative assembly lines—if they work as designed.

First is the new Joint Committee on the Economic Report. This act created the President's three-man Council of Economic Advisers. The council assists the President in preparation of an annual economic report. It will consider not only government problems, but the needs of the entire national economy. Recommendations will be made on what Congress might do to help

keep the country running at high levels of production and employment.

The President will send this economic report to Congress as a special message. Shortly after his State of the Union message in Congress this report will be referred to the new joint committee of 14 members—seven senators and seven representatives.

The committee will have until Feb. 1 to study this report. Then it must make a report of its own to the two houses of Congress, presenting the committee's own findings on each of the recommendations made by the President. The committee may accept, reject or change the President's ideas. But the net effect will be a combined Presidential and Congressional directive on what should be done to keep the country prosperous, on an even keel, out of depressions.

A somewhat similar assignment will be given the new combined Committee on the Legislative Budget. It will be a big committee—102 members. It will be 49 members of the House Appropriations committee, 25 members of the House Ways and Means committee, 21 members of the Senate Appropriations committee and 1 member of the Senate Finance committee.

It remains to be seen whether a committee of this size can work efficiently. But its job is important. For the first time it authorizes the four committees dealing with government spending and receipts to act together.

## CONGRESSIONAL 'BUDGET MESSAGE'

The President's annual budget message dealing with government expenses will be referred to this new combined committee on the Legislative Budget. The committee will have until Feb. 15 to make its report to Congress. That deadline will give time for consideration of the findings of the joint committee on the economic report, submitted Feb. 1.

After their six weeks of study, the combined committees must submit to Congress a budget "message" of their own. It must be accompanied by a concurring resolution to fix the government budget for the fiscal year beginning the following July 1. Receipts must be estimated and expenses limited for all government operations. If income exceeds outgo, the difference must go to the public debt. If vice versa, there must be specific authorization that the public debt is to be increased by so many dollars.

This done, it will be up to the Ways and Means and Finance committees to write tax bills to raise the necessary money. And the Appropriations committees must divide up the total to be spent among all government agencies. For the first time, the government budget is going to mean something. It will no longer be a loose framework subject to change. And Congress will set its own limits.

All this is going to be hard on pork barrel and "give" congressmen who are constantly on the prowl for loose government millions for farmers, bridges, dams, courthouses and gray. But it is high time this type of larding out of the public till be ended. The new-model congressional machinery may do the trick.

## Common Ground

By E. C. HOLES

### Why I Oppose Collective Bargaining

(Continued)

This is a continuation of the discussion on the article, "What Raises Wages," by Dr. Willford I. King, professor of economics, New York University and former president of the American Statistical Association.

The former article closed with pointing out that the increase in percentage of the number of people belonging to unions had nothing to do with increasing the percentage of the total production that the wage-earner and salary group received. The percentages for the 26 years follow:

Year	1920	1921	1922	1923	1924	1925	1926	1927	1928	1929	1930	1931	1932	1933	1934	1935	1936	1937	1938	1939	1940	1941	1942		
Unions	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	17%	
Net Spending Power	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%	62.8%

From the above figures it will be noted that in 1932 the percentage of employees unionized was 17 per cent while the percentage of net spending power going to wages and salaries was 62.8 per cent. In 1942 36 per cent were unionized, while 62.5 per cent of the net new spending power was going to wages and salaries.

### Two Important Truths

Now listen to Dr. King's conclusions. They are exactly what this column has been saying repeatedly. I quote:

"The reason why they have been unable to increase the workers' percentage in the product are two in number:

"1. The labor involved in producing tools, machines, and raw and partly finished materials and transportation charges must be paid, and higher levels mean higher pay for this outside and past labor as well as for present labor.

"2. People simply will not save and invest in the needed tools, machines and equipment unless they are paid for so doing, nor can taxes and other fixed charges be reduced by collective bargaining.

"Exploitation" a Myth  
The conclusion to be drawn from the evidence presented in all these columns is that the widespread belief that the working class has been, in the past, "exploited" by employers has no foundation in fact.

"A hundred years ago, workers were undoubtedly ill paid. Why? Because the output per man hour was, as compared to economic standards, very small. Since then production has increased and apparently can get, only a definite and relatively fixed share of the industry's production, when his production is small, his pay is inevitably low.

During the last century, the production per man hour has increased tremendously. This great increase in output has been brought about primarily by the fact that the American people have saved, that their savings have been protected and transformed into capital, and that the capital has improved the economic lot of the American wage worker.

"Experience indicates that the only known way to improve the economic welfare of the working class is to increase output per man-hour.

Years Have Not Helped Labor  
"Unionization has significantly failed to improve the economic lot of the American wage worker. What it has done is to lower seriously his average annual earnings. Had there been unions, average production per hour would today be decidedly higher than it actually is and the average working man would have an income materially larger than he now receives.

Moreover, the ordinary citizens of the United States could escape the turmoil, worry, and loss brought about by the present dominance of the nation by labor monopolies. "Were the citizens of the nation to realize this fact, their tolerance of the lawless rule of the labor monopolies would quickly disappear."

The above article, of course, gives only a summary of the pamphlet. Each individual would be a better citizen and more useful to himself and to others if he drop a card to the Committee for Constitutional Government, 205 East 42nd St., New York 17, N.Y., and ask for six copies of "What Raises Wages" by Dr. Willford I. King. The committee will send six copies free.

After you have received the copies and read the article, make yourself a committee of one to explain to other people that labor unions cannot raise wage levels but instead greatly reduce wage levels. Our economic problems will be solved only by more people coming to understand what causes the standard of living to improve.

PINK ELEPHANT DEPT.  
LEICESTER, England (UP)—Those sorry morning-after reporters who saw the pink elephant around the Leicester clock tower yesterday morning will be happy to know that it was real.

The elephant's trainer brought it out for the New Year's Day celebration all decked out in pink tappings.

America's largest brewery produces a half million barrels of ale annually in normal times.

We buy Good Used Furniture

THIS HOME REDUCED TO \$5250

Here's a nice 7-room home that must be sold in the next 2 days, as the owner is leaving town. Hardwood floors, floor furnace, large rooms, well arranged, nice fenced-in back yard, garage, concrete walks, nice shrubbery, on the pavement, just a few blocks from town in the north-west part. Owner told me to use my own judgment but sell it. I told her it ought to bring \$6000, but if you want to buy it will take off \$3000 real quick and it's all yours then on. Of course I don't aim to get it away, but somebody's going to get a bargain, as I'm going to sell it.

J. WADE DUNCAN
