

4 Marines Killed in Ambush at Peiping

By Tom Masterson
PEIPING—P—Three hundred Chinese, some wearing the bluish green uniforms of communists, killed at least four U. S. Marines and wounded 19 others with automatic weapons, rifles and grenades during a violent four-hour attack on a truck convoy of 100 Leathernecks, eyewitnesses related today.

A search is being made for other Marines, believed to be still missing.

The attackers, lying in ambush in cornfields 35 miles southeast of Peiping, would have wiped out the convoy had the marines not elected to jump back in the trucks and roar away under fire, the witnesses said.

(In Nanking, Chou En-lai, chief communist negotiator in efforts to settle China's fratricidal strife, expressed belief that the clash resulted from marine provocation, or communist forces during the past three weeks and added that "communists have absolutely no intention of unleashing a conflict.")

(He said communists have been provoked by marine intrusions into their areas.)

Major Fred J. Frees, of Sioux Falls, S. D., who was with the convoy of replacements bound for Peiping from Tientsin, said the attack erupted "like an explosion."

"They threw everything at us during the first hour of attack except the kitchen sink," chimed in Sgt. James West of Cincinnati.

Frees and West, both army men, were convoy passengers.

Major Frees, a special service officer for Peiping headquarters, told the Associated Press:

"At the marines had not reacted as efficiently and swiftly as they did, the convoy would have been taken in the first rush."

He declined to identify the attackers as communists, but said he saw two good Chinese on the road who wore "bluish green uniforms," the color of those worn by communists.

Some of the attackers were in uniform, others in farmer clothing and some wore only shorts.

"We could see them running through the corn rows and they looked like Indians on the war-path," Frees said.

"We had been told by the marines we were in a danger area. When we heard shooting, we leaped from our vehicle and dove into the fields."

"Three or four hand grenades exploded less than 20 feet from us. We scrambled into a depression in

the sand all the time we were there bullets plover into the bank or whistled over our head."

Firing from both sides was heaviest during the first hour. After a few minutes' fighting, the marine defenders drove off assaults, and the attackers never again approached within hand grenade range although the Chinese several times attempted to close in.

"There is no doubt the attackers were really out to get the convoy," Frees said.

"The ambush was very well timed, very well prepared" and was made from both sides of the highway under cover of cornfields reaching to the road.

The ambush occurred at noon yesterday. About 1:30 p. m., a marine was sent through the encirclement to obtain aid.

"No help came," Frees said, "but we planned our escape."

Trucks pulled out of the fighting area at full speed. Drivers held their gas pedals down to the floorboards.

Sergeant West said the trucks left the area at five to 10-second intervals.

Gray Voters 'Follow Suit,' Generally, With the State

City Commission Discusses Need For Fifth Well

Preliminary discussions of a new city water well, which may be drilled before next summer, were held during city commission meeting this morning.

City Manager Garland Franks told the commissioners that, considering Peiping's normal growth in the next year, the present four wells would be inadequate to meet the demand for water.

He added that, in a case of a serious fire, the supply would reach the danger point.

The commission did not discuss any immediate steps to curtail the normal use of water at the present time, although it was requested several days ago that residents refrain from overuse of water.

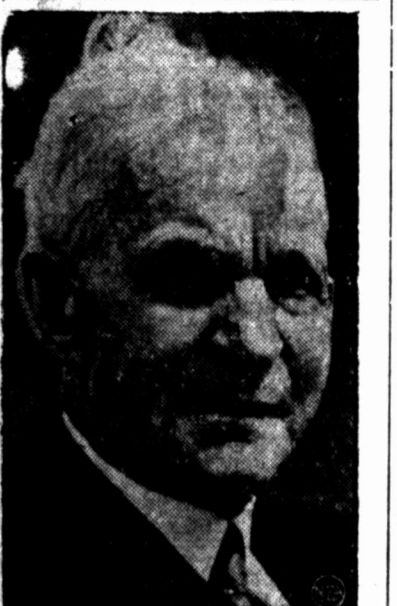

The city is now constructing a 200,000-gallon tank on the South Hobart street city property, which will provide additional storage space there. In the past, the well at that location had to be shut off several hours during the day because the pipelines to the other storage tanks in the north part of the city would not carry the load of water pumped from the well.

Franks said he would probably present a complete plan for additional water supply to the commission next week.

36 Civil Suits Ask Total \$400,000

DALLAS—(P)—Thirty-six civil suits totaling approximately \$400,000 in treble damages for alleged black market sales of lumber by dealers doing business in this six-state OPA region has been filed here.

A. A. White, regional enforcement executive, said criminal charges also are expected to be filed today or tomorrow against several lumber operators for conspiracy and over-ceiling sales.

Formal Confession Is Made by Heirns

CHICAGO—(P)—William Heirns, 17-year-old University of Chicago student, today formally confessed the kidnap-killing and slaying of a 61-year-old Frances Brown, 33-year-old former Waco, and Mrs. Josephine Ross, 43-year-old widow.

Heirns made the confession voluntarily in Tuohy's office, the prosecutor said, immediately after he was granted a 15-day continuance on murder charges in the Brown and Ross cases.

Tough, Uphill Work, But Progressing, We Hope

U.S. Will Go Along

PARIS—(P)—U. S. Secretary of State Byrnes told the Paris conference today the United States would stand by the major recommendations in an event it opposes by a two-thirds majority any of the peace treaties drafted by the foreign ministers' council.

Byrnes spoke in the general assembly of the conference shortly after the rules committee had proposed unanimously that all committee meetings and general conference sessions be thrown open to the press of the world—a step toward the Wilsonian ideal of a generation ago of "open covenants openly arrived at."

Soviet Foreign Minister Molotov was not present in the hall when Byrnes made his speech, in answer to French President Bidault's inaugural address of yesterday. The Russian delegation, which has insisted upon unanimity of the four princi-

pal powers on recommendations to the peace conference, was headed by the vice foreign minister, Andrei Vishinsky, at the moment.

"The United States will stand by its agreements in the council of foreign ministers," Byrnes said. "But if the conference should, by a two-thirds vote of the governments here represented, make a contrary recommendation, the United States will use its influence to secure the adoption of that recommendation by the council."

Beginning his short speech with an object lesson on democracy,

Hemphill County Resident Dies

CANADIAN—(Special)—Mrs. J. E. Wright, 74, long a resident of Hemphill county, died Monday morning at her home in Glazier. Mrs. Wright is survived by eight sons and five daughters. One of the daughters is Mrs. T. L. Peterman of Pampa.

Funeral services, tentatively set for Thursday, will be held in the First Baptist church in Canadian with Rev. Fern Miller officiating. Two sons, Lewis and Bill, who reside in California and Oregon, respectively, had not been informed of the death early today.

Mrs. Wright died slightly more than two years ago. The Wright family moved to Hemphill county in 1918. Mrs. Wright was born March 14, 1872, in Crockett.

Surviving are her daughters, Mrs. I. Canfield and Mrs. Rave McCutlin of Glazier, Mrs. Ernest Greenhill of Gladstone, N. M., Mrs. Peterman of Pampa and Mrs. W. W. Atwood of Lubbock. Her sons include Earl of Anton, Frank of Channing, Henry of Amarillo, Dick of Mobeetie, Lewis of California, Clint of Glazier, Edward of Britch and Bill of Oregon.

Interment will be in Canadian cemetery. Stuckley Funeral home of Canadian will have charge of arrangements.

Five Persons Are Killed in Crash

WEST, Miss.—(P)—At least five persons were killed in the crash of a two-engine airplane about five miles northeast of here.

Walter Howell, resident of West who viewed the wreckage, said he saw five badly burned bodies.

Spectators told him it was an army B-25. He said he had heard of no survivors.

Kid Pony Performance First Day of Show Here

The Kid Pony show, held annually in conjunction with the Top of Texas Rodeo, Horse Show and Fair Association, Inc., will be staged Thursday, Aug. 15, the first day of the 1946 show, rodeo officials said today.

The riders, from five to 16 years, will be divided into three classes: children 5, 6, 7 and 8 years; children 9, 10, 11 and 12 years; and children 13, 14, 15 and 16 years.

Ribbons will be awarded along with cash prizes. First, second and third place winners will receive \$5, \$3 and \$2 in each class, it was announced.

Riders will be judged 50 percent for their horse and action, 25 percent for riding ability and 25 percent for riding tops.

Officials said that speed will be taken into consideration in judging, but will not be the full measure of riding.

Barrels will be used for riding the figure 8. Each rider will be required to mount his horse, ride around the barrels and dismount at the end of the ride. The first age group, from 5 to 8, will not be required to mount or dismount, officials said.

Rodeo officials point out that girls who are entered in the sponsor's contest are barred from the Kid Pony show. Winners in last year's show will not be eligible in the same class this year, but may compete in the next class age group.

Meet me at Central Baptist church August 4.

'War Councils' Being Held, No Statements Yet

By The Associated Press
There has been much political maneuvering behind closed doors the past two days among Texas politicians for next month's run-off campaign.

Neither Beauford Jester nor Homer P. Rainey, who placed first and second in last Saturday's race for governor, have announced run-off plans although both have been conferring constantly with advisers and supporters.

Nor have details of planned campaigns in three other state run-offs been revealed. Allan Shivers meets Boyce House for lieutenant governor, J. E. McDonald and R. E. McDonald for commissioner of agriculture and Tom L. Beaucamp and Jesse Owens for judge of the court of criminal appeals.

In Dallas the Texas election bureau released its final tabulation based on returns from 248 out of 254 counties, with 44 competitors. A total of 1,018,795 votes have been counted in the governor's race.

Latest election bureau returns:

Governor—Floyd Brinkley 4,094, William V. Brown 3,919, A. J. Burks 4,614, Charles B. Hutchinson 3,092, Beauford Jester 3,947, Casa March 17,420, Walter Scott McNutt 3,809, W. J. Minson 2,220, Homer P. Rainey 2,513, Jerry Sadler 94,025, Grover Selers 135,283, C. R. Shaw 8,456, John Lee Smith 89,073, Reese Turner 4,789.

Lieutenant governor—Boyce House 3,044, Lorry Mills 92,975, Allan Shivers 385,057, Turner Walker 53,522, Jo Ed Wintfree 123,876.

Agriculture general—Price Daniel 523,964, Pat Neff, Jr. 473,338.

Supreme court (Place 2)—Graham B. Stuedley 434,858, James R. Hubbard 422,263.

Criminal appeals—Weaver Baker 176,897, Tom L. Beaucamp 298,596.

Texaco Raises Wholesale Price

DALLAS—(P)—The 25-cent per barrel increase in the price of crude oil made by buyers throughout the nation last week had its effect on Texas gasoline prices today as the Texas company, a market leader in the state, announced higher wholesale prices effective immediately.

The Dallas-Fort Worth and Lubbock-Abilene areas, sub-normal districts in the state, received an increase of 2 cents per gallon while the rest of the state was raised one cent per gallon. Prices in the sub-normal areas had been one cent below the rest of the state.

Average price throughout the state with the new increase will be posted at 18 cents per gallon for regular and 20 cents for premium grade.

The Texaco raise is expected to be met by other marketing companies throughout the state during the day. Higher prices had previously been announced during the week-end on the east coast, middle west and Oklahoma and New Mexico.

The gasoline price hike is the first made since about 1940 and had been expected to follow the crude price increase to absorb the higher posting now paid by refiners.

Frisco Fire Takes Lives Four Firemen

SAN FRANCISCO—(P)—A fire which swept through a downtown hotel early today killed four firemen before it was brought under control in a three-hour battle by a large concentration of equipment and men.

About 200 guests were warned before the flames shot upward from the Herbert hotel basement, and all were reported to have escaped. Most of them clad in night dress, some were treated for smoke effects.

Acting Fire Chief Martin Kearns through his office announced one fatality and that three others were missing in the raging blaze.

Charles Lynch, 29-year-old fireman, was dragged lacerated and unconscious from his post and died in an ambulance on the way to an emergency hospital.

Radior Will Be Used In Search For Oil

NEW YORK—(P)—Men in two-ton diving chambers soon will start searching the ocean bottom off West Palm Beach, Fla., for oil—and using radior to mark their finds.

Standard Oil company (New Jersey) announced yesterday that the search will be conducted by a subsidiary, the Standard Oil company (Bahamas) Ltd.

The area of the hunt is separated from the Florida mainland by the comparatively deep Florida straits, but some of the area to be prospected is only 20 feet deep.

BUY OR LEASE WASHINGTON

WASHINGTON—(P)—War assets administration officials said today that proposals to buy or lease the "big inch" and "little inch" pipelines, running from Texas to the New York area, will be opened here tomorrow morning.

JUST EIGHT TODAY

The George Eastman, expected at San Francisco from Okinawa with eight army servicemen, is the only troopship scheduled to arrive today in the United States.

Solon Gets Money From Contractor

WASHINGTON—(P)—Eivind Anderson, Tacoma, Wash., contractor, testified today that he gave \$2,500 in 1941 to the secretary of Rep. John Coffee (D-WASH) "because of the service I expected to get" from Coffee in the capital.

Anderson denied at the same time that he had paid for "influence" or had any thought of making a campaign contribution. Coffee has called the \$2,500 a campaign contribution.

Anderson told the Senate War Investigating Committee that he did not know whether Coffee received any of the money and had not interested himself in that question.

"Didn't you know," asked Senator Connally (D-Tex) of the committee, "that it was a violation of law to give him a check for services of that character?"

Anderson replied in the negative.

Anderson said the first time that he knew there was anything "irregular" about the transaction was late in 1944 when he was told that it was "against public policy to pay such money."

"I did not know it was a crime to do what I did," he told the committee.

Connally, labeling as "influence" the services which Anderson said he sought to pay for, declared that "if you did that you were violating a criminal law."

"You could be indicted," he told Anderson.

Elimination of Price Controls On Bread Probed

WASHINGTON—(P)—OPA may decide today whether to eliminate price controls on all bread and bakery products.

A request of the baking industry for a one-cent loaf increase in bread prices and 25 per cent boost in biscuit and cracker prices precipitated the issue, said an official who asked anonymity.

Under the new OPA revival law, the bread price ceilings and restrictions on cracker prices were precipitated the issue, said an official who asked anonymity.

FBI Working On Georgia Lynching Case

WASHINGTON—(P)—Attorney General Tom Clark said today that President Truman has asked the justice department "to proceed with all its resources in investigating the slaying of four Negroes near Monroe, Ga., last Thursday."

"I have talked with the President regarding this case, and he has expressed to me his horror at the crime and his sympathy for the families of the victims," Clark said in a formal statement.

"He has asked that the department report its progress in the investigation and proceed with all its resources in investigating this and any other crimes of oppression so as to ascertain if any federal statute can be applied to the apprehension and prosecution of these criminals."

Earlier in the day, Clark said in another statement that "I hope for an early solution of the recent shocking murders" in Monroe.

He called upon "all our citizens to repudiate mob rule and to assist the authorities to bring these criminals to justice."

"I have asked that the department report its progress in the investigation and proceed with all its resources in investigating this and any other crimes of oppression so as to ascertain if any federal statute can be applied to the apprehension and prosecution of these criminals."

Clark said in a statement that "the lives and liberties of none of us are safe when forces of terror operate outside the laws of God and man."

The justice department, he continued, "has received hundreds of telegrams and letters from public spirited citizens and civic, religious, labor and veterans organizations from all sections of the nation denouncing and protesting the recent mass murders in Monroe."

"These communications are too numerous to be answered at once by the office I am, therefore, making public through the press the progress of the immediate and complete federal investigation which began, at my direction, last Friday, July 26, as soon as the news of the crime reached Washington."

"The federal bureau of investigation has a sufficient force of agents on hand to provide a fair probe and the civil rights section of the department of justice is examining the legal and jurisdictional aspects of the case. The probe is being carried on in the tradition of the F.B.I.—with all its facilities."

"I hope for an early solution of these shocking murders. The entire record of our investigation will be made available to the governor of Georgia, if necessary for proper action of Georgia civil authorities."

Search Increased For Terrorists

JERUSALEM—(P)—British troops placed the 200,000 residents of the all-Jewish city of Tel Aviv under virtual house arrest at dawn today as they opened a prolonged and deliberate round-up aimed at finding the persons who bombed the King David hotel in Jerusalem last week.

The entire city was placed under a 22-hour-a-day curfew, with residents forbidden, under pain of being shot on sight, to leave their homes except during an authorized two-hour period for purchasing food and other supplies.

The woman, originally entered a plea of guilty, but the law states that the accused may not plead guilty to a charge of murder with malice. The state recommended that the charge should read "without malice," which carries a penalty not to exceed five years.

District Judge W. R. Swing imposed sentence yesterday afternoon.

Woman Gets 5 Years In Death of Husband

After entering a plea of guilty to a charge of murder without malice, Charley Mae Fisher, Negro woman, waived jury trial and was sentenced by the court yesterday to five years in prison for the killing of her husband, Cleveland Fisher, last June 3.

Fisher was shot twice at his home and died in a local hospital a few hours later.

The woman, originally entered a plea of guilty, but the law states that the accused may not plead guilty to a charge of murder with malice. The state recommended that the charge should read "without malice," which carries a penalty not to exceed five years.

District Judge W. R. Swing imposed sentence yesterday afternoon.

Committee Approves Nurse Appointment

WASHINGTON—(P)—The senate banking committee unanimously approved today President Truman's nomination of Edwin E. Nourse as head of the economic advisory council.

In his new job, Nourse will try to keep the country's economy free of depression and inflation.

Jews Flee Polish Terror

Bringing continuing stories of anti-Semitic oppression in Poland, thousands of Jews are fleeing that country into Czechoslovakia. Above, under the eye of a Czech security policeman, refugee Jews line up to register at Nachod, Czechoslovakia, on the Polish border. Cared for by the Czech government and American Jewish welfare groups, they will be trained for U. S. occupational zones in Austria and Germany.

War Profits

(Continued From Page 1) The witness, "and in my opinion you ought to be indicted." Anderson told the committee that the purpose of giving this money was not to influence anyone in the war department or anyone in the government to give me something that the government was not obligated to give me under this contract. This reference was to the award of a \$36,517 war department hospital contract. Anderson testified that arrangements for turning over the \$2,500 check were made in a "boneseo corridor" on the home side of the Capitol building. He related his version of a conversation, which occurred, he said, after a lunch which followed a visit which he and Paul A. Olson, then Coffee's secretary, had made to the state department. He said he received "encourage, etc." there that he would be awarded the contract he later received. The conversation was "very short," Anderson said. He quoted Coffee as saying that "I understand from Paul that you will pay \$2,500 for us to represent you in Washington." "Yes," Anderson testified he agreed, "I will be willing to pay \$2,500 to have representation in Washington. That will be all right with me." Anderson said his answer appeared "gratifying to John," and quoted Coffee as saying "If you do that,

Another Amber

Dark-haired Linda Darnell, above, has replaced British screen star Peggy Cummins in the coveted name-role of the film version of "Forever Amber," Thirty-nine days' filming, costing \$350,000, was scrapped to effect the switch.

You can depend upon us to look after your interests. High officials of the war and justice department and a former senator were listed among prospective witnesses as the committee turned temporarily from its probe into the Garson munitions combine. As it entered the new field of inquiry, the committee learned that President Truman had granted its request for authority to inspect income, excess profit and other tax returns. The body did not disclose whose returns are to be examined, beyond a statement by Chairman Mead (D-NY) that they would be persons associated with the Garson enterprises. That inquiry has been temporarily sidetracked due to the illness of Rep. May (D-Ky), whom the committee is waiting to question regarding his relations with the combine and its promoters, including Henry and Murray Garson. May's physician has reported him suffering from a chronic heart condition, recently aggravated.

Voters

(Continued From Page 1) county vote for supreme court justice. Place 2 polling 1,937 votes to 1,630 for Hubbard. The Gray county vote also helped send Tom Beauchamp into a run-off with Jesse Owens for judge of the court of criminal appeals. Beauchamp received 1,355 votes here, while Owens polled 1,786.

Ernie Worsley, unopposed in his race for re-election to congress, amassed 4,602 votes in the county while William Boyce, Amarillo, also received the entire Gray county vote for judge of the Seventh district court of civil appeals. R. L. Templeton was also unopposed in his race for state representative. The tablelands of Tibet, in central Asia, average more than 16,000 feet of altitude. Peter the Great of Russia could not read nor write until he had been czar for five years.

Questions Are Answered About United Nations

Do you have any questions on the United Nations? To help the people of this country better understand the charter and their responsibilities to world organization, the American Association for the United Nations is answering questions received reflecting the tremendous interest today and always for lasting peace.

Question: How many nations have accepted the world court's jurisdiction? Answer: Twenty-eight nations have accepted the compulsory jurisdiction of the court, including two of the Big Five — Great Britain and France. Our congress is now considering this for the United States. A nation automatically becomes a member of the court when it ratifies the United Nations charter, but this does not confer upon the court automatic jurisdiction over the nation's legal disputes. A nation must accept the "optional clause" of the court's constitution, agreeing to accept the court's jurisdiction, before the court has automatic jurisdiction over its legal disputes. It is logical that the United States accept the court's jurisdiction over legal disputes, as we have accepted the security council's jurisdiction over political disputes.

Question: When the United Nations general assembly meets in New York on September 23, will that be its second meeting or only continuation of its opening session? Answer: Only a continuation of its opening session. The New York meeting is Part II of its first session.

Question: How can the charter be amended? Answer: Amendments must first be adopted by a two-thirds vote of the general assembly and then ratified by two thirds of the member states, including the Big Five.

Question: What specialized agencies of the United Nations have been established? Answer: The International Labor Organization; Food and Agricultural Organization; International Monetary Fund; World Bank for Reconstruction and Development; the Provisional International Civilian Aviation Organization. The United Nations Educational, Scientific and Cultural Organization will come into existence as soon as 20 nations accept its constitution; in the meantime, a Provisional Commission of UNESCO is at work. Plans are underway to set up a Health Organization, an International Trade Organization, and an International Relief Organization.

Note: Send your questions to Question Box, American Co. American Association for the United Nations, 45 East 65th Street, New York, 21, New York.

Marines

(Continued From Page 1) vals, then regrouped after getting out of the danger area. "The attackers kept firing as we pulled out," Fries said. "During the ride to Peiping, everybody kept busy giving first aid to the wounded. A jeep was sent ahead for an ambulance which met the convoy outside the city wall. Several of the men suffered from heat prostration. That was the worst part of the fight—intense heat." The two army men acknowledged they took an active part in the fighting.

Laughton, Back to Broadway, Scared

By HOWARD C. HEYN HOLLYWOOD — (AP) — Charles Laughton, who leaves Hollywood this week to return to Broadway, says quite frankly that he's scared. The heavy-jowled actor's latest appearance on the Great White Way was in 1936, with the Old Vic company. His reason for returning is to do "Galileo."

Charlie hasn't succumbed to stage fright, nor has he lost the knack of long speeches. He has a very fine reputation out here for hospital visits, on which he has been known to deliver lengthy excerpts from plays, completely without script. He is also being helped back into the groove by his present screen role. In "A Miracle Can Happen," Laughton portrays a clergyman and is given plenty of opportunities to make with the words.

"I'll encounter the same difficulties on returning to the stage that I met when I switched to the movies," he said. "At first I couldn't get used to arising at 6:30 a.m., walking through the bright sunlight into a darkened studio stage, and starting to act."

"Now I'm resigned to it. It's going to be difficult to wait all day, then go to work at night."

The only way astronomers have of knowing what any of the heavenly bodies are made of is by studying the light that comes from them.

'Big Lizzie' Gets Dolled Up Like any WAC, WAVE or SPAR, the first thing "Big Lizzie" wanted after her honorable discharge from war service was a nice outfit of bright-hued "civvies" to replace her drab wartime garb. "Big Lizzie," being the Queen Elizabeth, world's largest passenger ship. Above, she's pictured at Liverpool, England, with her new coat of black, red and white, traditional Cunard-White Star colors. Note after part is still in gray war paint.

Company Points to Rising Death Toll On Nation's Roads

NEW YORK, N. J.—A shocking increase in motor vehicle fatalities is reported by the statisticians of the Metropolitan Life Insurance company, who point out that for the first six months of the year the death toll was 24 per cent higher this year than last among the company's industrial policyholders.

The rise has been particularly large at ages 20 to 24, where it was 65 per cent among men and even more among women. The use of dilapidated cars by young people, the lack of recent driving experience, and the greater desire for motorizing following the lifting of driving restrictions, are held by the statisticians as contributing factors to the increasing motor vehicle deaths.

The one bright spot in the report is the reduction in motor vehicle deaths among school children, particularly at ages 10 to 14. At these ages, the decrease from the first half of last year was about one quarter among boys and two thirds among girls.

Death Toll in Bus Crash Reaches Five

VERNON—(AP)—The toll in a crash of a bus into the Peace river near here reached five today with the death of George A. Conley of Tulsa, Okla.

The bus, careening wildly out of control, crashed through steel guard rails and hurtled 20 feet into the river yesterday.

Mrs. W. M. Green, Broken Bow, Okla., Cynthia Ann Clark, infant daughter of Mr. and Mrs. James R. Clark of Amarillo, and Mrs. Mary Wolfenberger of St. Jo, Texas, were killed and Green died last night. Twenty-six survivors are hospitalized here, several in serious condition.

Skellytown Man Dies

In Local Hospital

Richard A. Hogsett, 57, of Skellytown, died in a local hospital last night after a 10-day illness. Hogsett, a pumper for the Northern Natural Gas Co., has lived in Skellytown for the past 10 years. Funeral services will be held Thursday at 2 p. m. in the Dunkel-Carmichael funeral home chapel. Rev. B. A. Norris, pastor of the First Christian church here, will have charge.

Hogsett is survived by his wife, Mrs. Georgia Hogsett, and one son, R. L. Hogsett, of Richmond, Calif. Burial will be in the Fairview cemetery.

Local Man Makes Contact by Plane

When L. P. Fort, manager of the local United States employment service office, told an employee to get "a flying start" and intensify employer contacts at Canadian and Miami, the employee took him literally.

W. J. Ragsdale was given two days to contact Canadian and Miami employees regarding unemployment. He left Pampa yesterday morning and returned by mid-afternoon with the necessary information from Roberts and Hemphill counties.

Ragsdale, veteran pilot of a B-17, made his contacts by plane, cutting the two-day venture into a few hours. He told of landing in a farmer's field at Miami, making his contacts, and flying on to Canadian. He reported that conditions appear good in Canadian with little unemployment.

Fort expects the "July slump" to pass when the period of vacations is over. Employers are asked to contact the USES office when they have openings for housekeepers, yardmen, garage mechanics and filling station workers, semi-skilled and skilled.

Another veteran, Vernon Wilkins, an ex-staff sergeant in the infantry, is working in Pampa and surrounding area this week. He reported today that the employer contacts in downtown Pampa were unsuccessful.

Plans for more intensive employer contacts are underway. Fort said this morning. Ragsdale and Wilkins will contact employers in Wheeler, Roberts, Hemphill and Gray counties in the forthcoming survey.

Politics

(Continued From Page 1) Joseph Dickson 126,715. Jesse Owens 250,878. No figures were given for railroad commissioner, won by Olin Culbertson; comptroller, won by George H. Sheppard; state treasurer, won by Jesse James, and U. S. Senator, won by Senator Tom Connally.

Jester, accompanied by his campaign manager, Colonel Paul Brown, was in Dallas yesterday to discuss run-off strategy but said he did not know what his campaign plans would be. Rainey, in Austin, held similar conferences.

Frice Daniel, apparently a certain winner in the close race for attorney general, said yesterday at Liberty that he had no statement to make in that he preferred to wait until all votes had been counted. He spent the day with his parents and in the afternoon took his wife and three children on a picnic.

R. E. McDonald, who will face incumbent J. E. McDonald in the August campaign for commissioner of agriculture, said yesterday in Austin that there was no confusion at the polls Saturday over names.

"The distinction between my name and that of incumbent J. E. McDonald was clearly set out by advertising and publicity, and the people well knew for whom they were voting when the cast their votes for me," he said.

If the sun were made of coal mixed with enough oxygen to make it burn, it would last only 1,600 years, if it burned fast enough to give out as much heat as it does.

Players Convene, Draw Up Program

By JACK HAND
NEW YORK (AP)—Baseball players are mulling over player requests for a minimum wage, pension fund and extensive contract reforms today in one of the most revolutionary steps in modern diamond history.

Asked by the magnates to give their views on the controversial player-owner problems that ordinarily are decided solely by the franchise operators, the athletes yesterday in two separate sessions drew up a reform program to be presented to the Majors' policy committee next Monday.

National league players, meeting in New York, were more specific, outlining a \$5,500 minimum wage scale, a pension fund and a 60 day severance pay stipulation as the most important recommendations of a five-point platform.

An eight-point American league program drawn up in Chicago was highlighted by a request for fulfillment of player contracts as a condition of formation of a permanent "grievance" committee as well as an undetermined minimum and pension fund.

Each of the player meetings lasted four hours with the National delegates adjourning until Friday for further discussion after naming Dixie Walker of Brooklyn, Marty Marion of St. Louis and Billy Herman of Boston to represent them. The National favors in eight-man player committee, instead of three as requested by Commissioner A. B. Chandler, and will discuss that matter Friday, Johnny Murphy of New York, Joe Kuhel of Chicago and Mel Harder of Cleveland were the American representatives.

After the six players meet with Presidents Ford Frick of the National and Will Hodge of the American and their respective committees next Monday, the Majors will hear the committee's recommendations in a special joint meeting to be held "sometime before Labor day."

For the most part the players appeared disposed to put their trust in direct negotiations with the owners and made no direct move toward unionization. Most baseball men agreed that the Majors probably would go along with the requests.

Both player groups spent considerable time on the pension problem. The National heard reports from the National League players that ranged from \$50 to \$150 per month.

Although the players represented only the big leagues, they endorsed extension of the pension to the minor leagues with a player's full service and organized baseball counting in his eligibility for the fund.

What Is Wrong When Prayer Fails?

Thirty years ago, in Forbidden Tibet, behind the highest mountains in the world, a young Englishman named Edwin J. Dingle found the answer to this question. A great mystic opened his eyes. A great change came over him. He realized the strange Power that Knowledge gives.

That Power, he says, can transform the life of anyone. Questions, whatever they are, can be answered. The problems of health, death, poverty and wrong, can be solved.

In his own case, he was brought back to splendid health. He acquired wealth, too, as well as worldwide professional recognition. Thirty years ago, he was sick as a man could be and live. Once his coffin was bought. Years of almost continuous tropical fevers, broken bones, near blindness, privation and danger had made a human wreck of him, physically and mentally.

He was about to be sent back to England to die, when a strange message came—"They are waiting for you in Tibet." He wants to tell the whole world what he learned there, under the guidance of the

greatest mystic he ever encountered during his twenty-one years in the Far East. He wants everyone to experience the greater health and the Power, which there came to him.

Within ten years, he was able to retire to this country with a fortune. He had been honored by fellowships in the World's leading geographical societies, for his work as a geographer. And today, 30 years later, he is still so athletic, capable of so much work, so young in appearance, it is hard to believe he has lived so long.

As a first step in their progress toward the Power that Knowledge gives, Mr. Dingle wants to send to readers of this paper a 9,000-word treatise. He says the time has come for it to be released to the Western World, and offers to send it, free of cost or obligation, to sincere readers of this notice. For your free copy, address The Institute of Mentalphysics, 213 South Hobart Blvd., Dept. 508-A, Los Angeles 4, Calif. Readers are urged to write promptly, as only a limited number of the free books have been printed.

Wild Bill Evans Notches No. 20, Limits Oilers to 4 Hits

By SCOTT RAFFERTY
News Sports Editor
Although he fanned 15 batsmen, walked only two and was touched for only eight hits, Pampa's Lefty Bill Garland bowed to Amarillo's Wild Bill Evans in a tight pitching duel here last night, 4-1, in the opener of a three-game series.

The Gold Sox scored two in the second and two in the ninth and that was all they needed. A Pampa rally in the ninth netted only one run.

Evans notched his 20th win of the season in limiting Pampa to four hits, walking two and striking out six. Last night was one of the few games in which Evans has chalked up less than 10 strikeouts.

Extra-base blows—seven of them—proved Garland's downfall as he sought his 17th win.

Al Duarte, Soaker left fielder, blasted three doubles in four trips to the plate, batting in two runs and conducting himself in the left fielder should. Stu Williams and George Sutch also collected a two-bagger each while Bill Moran and Harry Lamprich hit successive homers in the ninth.

In the first inning, Garland walked Duarte, the first man up. Wilson then struck out. Williams doubled to left and little Joe Bauman, Amarillo's homerun specialist, took a 2-2 count for a strikeout. Crues grounded out, third to first, to end the inning.

Oilers failed to get a man on base in the first and fell behind when the Sox scored two in the second. Sutch led off with a double, Moran and Lamprich struck out. Evans walked and Duarte doubled to score Sutch and Evans. Wilson struck out.

Joe Fortin, Oiler outfielder, dropped Bauman's fly to right after Will Williams had struck out in the first half of the third. Garland, however, bore down to fan Crues and Sutch grounded out, leaving Bauman stranded at first.

In the fourth, after Moran flied out, Lamprich and Evans went down swinging to bring Garland's total to nine strikeouts in four innings. Amarillo threatened again in the fifth when Duarte doubled to left and took third when Wilson grounded out. Garland, trying to keep the Oilers in the ball game, sent Williams at bat. Bauman hit a short fly to the air-gleaming method for a total of eleven breeze-outs in five innings.

For the third consecutive inning, the Oilers got a man on base in the seventh but failed to bring him in. Bauman singled for the Soakers in the eighth after Williams grounded out, but the Amarillo first sacker died on base when Crues struck out and Sutch grounded out.

In the ninth, Moran stepped up and rapped the second ball pitched over the left field fence. Lamprich, batting right after Moran, followed with another four-bagger over the same spot.

Earl Harriman led off the last of the ninth with a fly to first base that Bauman caught when he returned over the foul line fence. After Range flied out, the crowd began to disperse but settled back when Riley walked and Richardson reached first on a dropped fly ball to short center field. The Soaker shortstop, second baseman and centerfielder all went after the ball with Sutch, the shortstop, letting it go through his legs. Fortin then rapped a sharp single that scored Riley. The rally was nipped in the bud when Al Johnston flied out to left field, with Duarte making a great catch.

Foster White will seek his 14th win of the season when he takes the mound for the Oilers when the same two teams meet here tonight at 8:30. Frank Mekules, winner of his last three starts, will probably start for the Gold Sox.

Sports Shots

By HAROLD V. RATLIFF
Associated Press Sports Editor
DALLAS (AP)—Drawing Jess Neely will be starting his seventh season as head coach of the Rice Owls in September. He was plucked from the Cotton Bowl in 1940 when his Clemson team beat burly Boston college.

Neely hasn't won a Southwest conference championship at Rice but he has produced some fine teams that invariably were as good or better than the best in the league in October and November. He did such a fine job Rice won the Cotton Bowl in 1940 when his Clemson team beat burly Boston college.

This may be the year when Neely brings home the bacon—the first title for Rice since 1937. At least, the critics say the Owls have a great chance to come through. They rank Rice, Texas and A. & M. about on par.

There is justification for such a rating. Rice, if all the fellows come back as expected, will have one of the greatest lines in the country. We hear a great end like Froggie Williams, Waco high's all-star of last fall, will have plenty of trouble breaking regularly into the line-up.

Reyson: Rice will have Windell Williams, Ted Scruggs and Jack McBride. Windell Williams was the conference's best in 1942 and Scruggs, who played last year, was as good as his line-up. McBride was stand-out last year.

Weldon Humble, H. J. Nichols (all-America in 1944), Charles Malmberg and others who attained all-conference give Rice its brightest line prospects in history.

Neely, a very conservative fellow, listened to a group of sports writers listing the stars who would be back in Rice at war's end, dryly remarked, "I don't know what he thought he could do with that gang. 'Well, I'd say we will beat heck out of somebody.'"

About Rice he says: "We will use the T formation with possibly the single-wing if as many of our old boys return as we expect. We are expecting our service men to carry their part of the load and have a good football team and I am certain that our ex-service men will be able to help us. We will have a hard time playing out our schedule."

Jinx Tucker, Waco sports writer, says Temple is due to have its best team since 1941 when it went to the state schoolboy finals. He got his information from the fact that Temple, other than Les Cranfill, the Temple coach of 1941 and through last season, Cranfill now is at Denison. That's the most optimistic report we've ever heard of. Less making about Temple. He certainly wouldn't talk that way to us when he was at Temple.

If Temple is that good you can figure on the Wildcat at least in the semi-finals next fall.

Meaning all home games of Harbin-Simmons, McMurry, Abilene Christian college and Abilene high school will be played in one central stadium instead of being scattered over town.

The four schools got together on a project for enlarging the Fair Park stadium to 10,000 permanent seats and with temporary bleachers to be used when needed, can take care of approximately 13,000.

There will be 18 games at the stadium this fall over a period of 12 weeks. On six of the week-ends there will be two games.

Vets May Learn To Fly Under GI Bill

Veterans who wish to learn to fly may now do so under the GI bill of rights, operators of the Pampa Flying service located at Osborne field, said yesterday.

The local school is one of the three in the Lubbock veterans administration district approved as a school to train these veterans.

The school is now training 15 veterans and has applications from 50 more.

Although only training for private licenses is being given now, the school will probably begin training applicants to receive commercial licenses in the near future.

To receive a private license, the applicant must have 45 hours, including a minimum of eight hours, or maximum of 12 hours solo time.

The school is also offering ground school courses under the training act. The courses include navigation, meteorology and civil air regulations.

Schafer Wins 24-13 Game From McWilliams

Skelly Schafer blasted McWilliams and Heiskell's battle to an 8-8 tie with Montgomery Ward in Industrial league softball games last night.

The Heiskell-Wards game was called at the end of six innings because of darkness. The Skelly-McWilliams game was played under the lights at the Skelly diamond.

Tonight the All-Stars meet Phillips in a 6:30 game and Alpaco plays Stanolind at 8 o'clock.

Former Cardinal Players Are Giving Red Birds Headaches

By RALPH RODEN
Former St. Louis Cardinal players and graduates of their farm system have been responsible for a number of defeats suffered by the Red Birds this season and the aspirants for the National league pennant will run into some of their former mates when they open a crucial three-game series with the pace-setting Brooklyn Dodgers at Ebbets field tonight.

Leo Durocher, manager of the Brooks and a member of the St. Louis' famous 1934 "gas house gang," has nominated Rube Melton, who hurried in the Cards' chain system to start for the Dodgers.

Pilot Eddie Dyer of the Cards, who trail the Dodgers by two-and-one-half games, has selected Southpaw Howie Pollet, who holds three straight victories over the Brooks, to oppose Melton.

Brooklyn's Pistol Pete Reiser, another ex-St. Louis farmhand, and who since has been a fixture in Durocher's outfield, figured prominently in the victory scored by the leaders over Cincinnati yesterday.

Reiser smacked an inside-the-park three-run homer in the fifth inning to overcome a 3-1 Cincinnati lead, and the Dodgers went on to win 4-3.

Pitcher Mort Cooper and Outfielder Carden Gillenwater, former Cardinals now performing with the Boston Braves, played important roles in the Braves' 2-1 win over St. Louis under the lights at Boston.

Chicago's third place Cubs scored the New York Giants, 5-4, in 11 innings.

In the American league, the New York Yankees led 11 1/2 games back of the idle Boston Red Sox by losing 12 innings to the Chicago White Sox, 4-2.

The Washington Senators trimmed the Cleveland Indians in a double header, taking the opener 2-1 in ten innings and the nightcap, 3-4.

Detroit's third place Tigers climbed to within two games of the Yanks as Freddie Hutchinson scattered seven hits in beating the Philadelphia Athletics, 4-1.

The Pittsburgh Pirates, Philadel-

Cats Score Five In 8th Inning to Defeat Houston

By The Associated Press
A five-run eighth inning scoring spree enabled the Fort Worth Cats to defeat the Houston Buffs last night, 9-6, and maintain their three-game lead over the second place San Antonio Missions who turned back Dallas, 1-0.

At Tulsa, the Beaumont Exporters trimmed the Oilers' fourth spot advantage to three games by winning, 3-2, after hitting two late Tulsa rally threats.

The Shreveport Sports jumped on the Oklahoma City Indians twice, taking an abbreviated first game, 3-1, and then scoring late to take the second, 6-2.

Before the Cats counted their five runs in the eighth, Houston had pushed across three scores in their half of the inning to tie the game, 4-4. The Buffs tried again in the ninth with an uprising that produced two runs and required Pitcher Al Zachary's services to make the Cats' game to be played.

Methodist Girls End Losing Ways

Only two games were scheduled in the Kiwanis softball league last night, but both girls games, and only one was played.

The First Methodist girls ended their slump as they won their second consecutive game after losing six straight.

Central Baptist fell before them 3-5. The other girls' game, First Baptist vs. Presbyterian, was postponed.

Six games will be played under the lights at the new field west of the high school tonight.

In the junior boys' loop First Methodist will meet Central Baptist and McCullough Methodist will battle First Baptist.

First Methodist and First Christian will open play in the senior boys' circuit with the First Presbyterians and Central Baptists meeting in the second game. First Baptist vs. Central Baptist is the only girls' game to be played.

FISHING TIP
OCONOMOWOC, Wis.—(AP)—Here's a tip to the fishermen who carry all the necessary equipment to land the big ones.

Three girl campers on upper Neshota lake were rowing in shallow water when they spied a large fish. One of the girls delivered a knock-out blow with an oar.

Her companions squeamish about slipper fish, slipped a bath towel beneath it and lifted it—a Northern Pike—into the boat.

The catch measured 44 3/4 inches and weighed 20 pounds.
