64 Head Livestock Are Sold

Gray and Roberts county 4-H and FFA boys were given sturdy support in the Top of Texas Junior Livestock show held this morning by high prices bid by Panhandle livestock and business men, with Col. Earl Gartin of Greensburg, Ind., "working for the boys."

The 892-pound grand champion fat calf owned by Brent Carruth, Pampa, sold for \$892 to Longchamps cafe, Amarillo. The 752-pound reserve champion calf owned by J. D. Mize, Pampa, was purchased by the Panhandle Packing Co. for \$676.80.

Average price per pound of the five highest calves was \$1.71, with a total average of \$540.94 per calf. Average price of the 30 head of calves auctioned was \$297.32 per head.

The 204 pound grand champion pig owned by Pat Reeves of McLean, was purchased for \$306 by the Purley Motor Co. The reserve champion also owned by Pat Reeves was sold to the Motor Inn Oil Supply, Pampa, for \$194 at one dollar a pound and was given to the Red Cross, reselling for \$40.74 to Longchamps cafe.

Average price per pound of the five highest pigs was 63 cents, with a total average of \$164.61 per pig. Average price of the 19 head of pigs auctioned was \$76.42.

Grand champion lamb, 192 pounds, owned by Wayne Parr, Pampa, was sold for \$102 to Longchamps cafe. The reserve champion owned by Ruben Baggerman, Groom, was purchased by the Motor Inn Supply for \$81.90 at 55 cents a pound.

Average price per pound of the five highest lambs was 67 cents, with a total average of \$66.91 per lamb. See LIVESTOCK SHOW, Page 8

Breeders Elect L. A. Maddox as New President

L. A. Maddox, Miami, was unanimously elected 1946 president of the Top of Texas Hereford Breeders Assn. at a short meeting of the association members yesterday afternoon following the Hereford show.

All officers and directors nominated by a committee headed by J. P. Ross, Goodlet, were likewise unanimously elected.

Frank Carter, former treasurer, was elected vice-president; E. O. Wedgworth was re-elected secretary, and C. L. Thomas, former director, was elected treasurer.

Directors for 1946 will be A. B. Carruth, former president; Paul Caylor, Clyde Gilbert, H. H. Reeves, Jake Hess, J. P. Smith, Carson county agent; O. W. Hampton, F. T. Alexander, Cliff Thomas, Irvn Cole, T. H. Hine, W. L. Williams, Wheeler; Ralph Thomas, Gray county agent, and E. J. Hanna.

Texas Trainmen Schedule Strike

HOUSTON, Feb. 26.—(AP)—William E. B. Croshaw, representative of Railroad Brotherhoods, announced here today that 3,500 engineers and trainmen employed on the Southern Pacific lines in Texas and Louisiana will strike at 6 a. m. Saturday.

Chase is grand lodge representative of the Brotherhood of Railway Signalmen of America, and deputy president of the trainmen.

Chase said that the unions have complied with all provisions of the railway labor act.

He said the strike decision came as the result of failure to settle differences with the railroad on grievances and awards that have been outstanding for many years.

Pampa Policemen Get New Uniforms

A complete set of uniforms for members of the Pampa police department were received yesterday, Chief Louie Allen said today.

Eleven uniforms, each with three shirts and two pairs of trousers were purchased. The shirts are 12 ounce weight and the trousers are 16 ounce.

Only 10 patrolmen are employed by the department but another man will probably be added to the force when installation of parking meters is completed.

Danison Prepares For Eisenhower

DENISON, Texas, Feb. 26.—(AP)—Danison began preparations in earnest today for the visit of Gen. Dwight D. Eisenhower.

Pvt. Jack Spivey, 13, of Albany, Ga., pensive a note in the barracks at Sheppard Field, Wichita Falls, between drill periods. Officers at the army air base said an application for Spivey's discharge had been filed.

G.O.P. Divided Over Choice of New Party Leader

WASHINGTON, Feb. 26.—(AP)—A fight between old line and other elements of the republican party appeared developing today over a successor to Herbert Brownell, Jr., as G. O. P. national chairman.

Brownell's call for a committee meeting here April 1 to act on his resignation prompted immediate suggestions from republican legislators that, for the time, well-paid successor be chosen.

A division of opinion developed immediately over whether the new party chairman should come from the west, where republicans showed most of their strength in the 1944 election, or from the east.

The committee is composed of members from each of the 48 states. Such wheel horses of the regular organization as Senator Hallanan of West Virginia, Werner S. Broder of Illinois, Rep. Carroll Reece of Tennessee and former Chairman Harrison Spangler of Iowa are being suggested by the so-called conservative elements of the party.

From others less bound by G. O. P. traditions, such as Senator Morse of Oregon, came the proposal that Ralph C. Calkins be chosen by the committee. Calkins was one of Wendell L. Willkie's 1940 campaign managers. Younger committee members may be expected to throw some support to Barak T. Mattingly of Missouri.

House Minority Leader Joseph W. Martin, Jr., is reported to be backing his fellow Massachusetts republican Senator Henry Cabot Lodge. Lodge would satisfy some of the younger elements and would be acceptable to internat onally-minded republicans. Colleagues note, however, that he played a lone hand in the senate, and some expressed doubt that he would work in party harness.

O'Daniel Considers Race for Governor

DALLAS, Feb. 26.—(AP)—Senator W. Lee O'Daniel (D-Texas) said here last night that he was giving consideration to suggestions that he become a candidate for governor.

He said in an interview that he had received a great amount of mail urging him to enter the race and that several persons had visited him in Washington to urge him to campaign.

O'Daniel, visiting his daughter, Mrs. Molly O'Daniel Wrethor, said he would return to Washington in a few days.

LONDON, Feb. 26.—(AP)—The Hilversum radio said today dock workers at Rotterdam voted at a mass meeting last night not to load any more ships bound for Spain.

HOPING FOR PRICE BOOST: RETAILERS SAY MEN'S SUITS BEING HELD BACK

WASHINGTON, Feb. 26.—(AP)—A spokesman for retail clothing merchants contended today that manufacturers are holding at least 700,000 men's suits from the market pending OPA price adjustments.

Louis Rothchild, executive director of the National Association of Retail Clothiers and Furnishers, told a reporter "this is a conservative estimate."

He added that manufacturers will continue to hold suits from the market until OPA announces a scheduled revision of price regulations covering men's and boys' tailored clothing.

OPA officials said that a series of See RETAILERS, Page 8

10 Wounded as Negroes Riot At Columbia

COLUMBIA, Tenn., Feb. 26.—(AP)—One hundred state highway patrolmen, backed up by four hundred state guardsmen, moved swiftly into the Negro populated district of Columbia at dawn today after a night of riotous disorders and by midmorning more than three score arrests had been made.

At least ten persons were wounded in the disturbances which developed from the shooting of four Columbia policemen fired upon early last night in the section known as "Mink Slide" where the disorders centered.

ATTEMPTED MURDER

The shooting followed an altercation yesterday afternoon in which Sheriff J. J. Underwood said William Fleming, 28-year-old radio repairman, was pushed through a plate glass window of his shop by a Negro woman and her son.

Lynn Bomar, state safety commissioner, said that among the sixty five persons under arrest were a number who were believed to have been the ringleaders.

Twelve of the suspects were charged with attempted murder. He added that in their possession were found four shotguns, two .22 rifles, and a

New Wage-Price Policy Opposed By Labor Head

WASHINGTON, Feb. 26.—(AP)—Labor threw a stumbling block in the path of President Truman's new wage-price policy today by solidly opposing pay increase controls.

CIO president Philip Murray, declaring that any return to wartime wage restraints would be "catastrophic," added his protest to that of AFL president William Green, who earlier termed the program "unacceptable and unworkable."

The next move in labor's fight against the re-instituted controls is expected to take place within the wage stabilization board itself, the agency assigned by Mr. Truman to act on pay raises granted under the new formula.

The two AFL and CIO members of the board joined hands yesterday in opposing a policy declaration favored by the two industry and two public members.

On Capitol Hill, meanwhile, several senators agreed that the administration's entire policy on prices, wages and anti-inflation controls will be aired on the senate floor, possibly today.

This showdown was precipitated by the senate appropriation committee's action in voting 11 to 9 to halve emergency deficiency funds for OPA and the civilian production administration—key agencies in enforcement and administration of the reconversion policy.

Wherry criticized what he termed "gestapo methods" of OPA price policemen and said the agency should not be allowed to increase its staff "to near war peak levels."

AN ACCIDENT, MEN?

RIVERSIDE, Calif., Feb. 26.—(AP)—Note to men who complain about women drivers: The army announced today release of four of its women drivers of heavy duty military trucks at March field.

Each of the women, said the army, had exceeded 300,000 miles without an accident.

Pauley Demands Tobey's Apology

WASHINGTON, Feb. 26.—(AP)—Edwin W. Pauley demanded today a public apology from Senator Tobey for an "unjustifiable smear" said Pauley in a letter to Tobey regarding recent sales of his company's oil to Japan.

Pauley, a California oil man, told the senate naval committee that Tobey had "come as close as he dares to charging me with treason" and "asked me to stop any sales that might give Japan oil."

Tobey sat silently as Pauley read from a prepared statement a quotation in which the New Hampshire senator had said that the appointee was "aiding a potential enemy" when he permitted his company to sell oil that later was resold to Japan.

In contrast, the witness said he had ordered his firm in June, 1938, or 42 months before the attack on Pearl Harbor, to stop any sales that might give Japan oil.

Gas Franchise Agreement Is Reached Here

Final agreement between representatives of the Texas Gas and Power corporation and the city commission on the proposed new gas franchise was reached in commission meeting this morning.

20-YEAR FRANCHISE

Today's meeting concluded a discussion of several weeks on the new 20-year franchise.

The company asked for the new 20-year franchise, although their old franchise still had nearly four years to go, on the basis of possible future expansion.

FUTURE EXPANSION

J. W. Garman, president of the company told the commission a few weeks ago that the company will feel free to spend large sums of money on future expansion if "we have the assurance of a 20-year contract."

CONSUMER RATE SAME

The city is at present paying between 16 and 17 cents per thousand cubic feet. The new franchise will leave the consumer rate at 30 cents a thousand cubic feet. The minimum will be \$1 per month.

Under the old franchise, the city was paid only two per cent of the company's yearly gross receipts. The total paid to the city in 1945 was \$3,500 under the rental levy of two per cent.

The company originally made three proposals to the city for a new franchise. They were:

1—The first 1,000 cubic feet of gas would cost the consumer \$1. The next 29,000 cubic feet would be charged at a rate of 24 cents per thousand and the city would receive three per cent of the gross receipts.

2—The second proposal would reduce from 30 cents to 28 1/2 cents that gas rate on the first 30,000 cubic feet of gas used. The company would pay the city an amount equal to three per cent of gross receipts.

The third proposal was the one finally agreed upon. The new franchise will be read for three consecutive commission meetings, and if approved it will be brought up for adoption and publication. The old franchise will then become void.

Slow Payments to GI's Investigated

AUSTIN, Feb. 26.—(AP)—Robert W. Evans, vocational adviser from the veterans administration regional office at Waco, will be at the University of Texas for the next 20 days to discuss the causes of slow payments to veterans at ending the university under the GI bill of rights.

Evans said many times the slowness or absence of payments can be traced to the veterans' failure to sign the certificate of eligibility; failure to notify the veterans' administration of a change of address, or because he did not serve in the armed forces at least 90 days.

French Order Frontier With Spain Closed

PARIS, Feb. 26.—(AP)—The French government today ordered the frontier with Franco Spain closed, effective at midnight, March 1, declaring the present situation in Spain constitutes a "danger for international security."

TENSION IS GROWING

The French cabinet's action was taken after a lengthy explanation of the situation by foreign minister Georges Bidault. The tension between the two countries has been growing for a week.

Last Friday the consultative assembly overwhelmingly voted a protest over the execution of 10 Spanish republicans by the Spanish government.

SECURITY ENDANGERED

The communique issued after today's cabinet meeting said the ministers had "decided to again inform the governments of the United States and Great Britain that the present situation in Spain constitutes a danger for international security."

Bidault conferred on the matter with both British foreign secretary Ernest Bevin and U. S. Secretary of State James E. Byrnes while heading the French delegation to the first United Nations assembly in London.

Results of these conversations have not yet been announced and French discontent over the continuance in power of the Franco government has been increasing.

The French general confederation of labor yesterday directed its adherents to refuse to handle the shipment of any freight to Spain, and the world federation of trade unions called on its member federations to take similar action.

Oil Production in Texas Increases

TUSLA, Okla., Feb. 26.—(AP)—Minor gains in most petroleum states sent daily average crude oil production up 10,180 barrels to 4,704,520 in the week ending February 22. The Oil and Gas Journal reported today.

The only losers of note were Kansas, which dropped 6,000 barrels to 233,650, and Wyoming, where production slipped 230 to 91,100. Arkansas output was unchanged at 77,500.

California came up 2,800 to 845,100, the eastern area 2,550 to 63,800, Illinois 4,550 to 211,700, Louisiana 2,900 to 370,800, New Mexico 50 to 98,300, Oklahoma 600 to 390,050 and Texas 200 to 2,110,000.

The Rocky Mountain area of Colorado, Montana and Wyoming increased 640 barrels to 136,230. Mississippi's daily average production for the week ending Feb. 23 was 52,850 barrels, compared with 55,100 for the previous week.

No Immediate Signs Of Strike Settlement

(By The Associated Press) There wasn't much to cheer about on the nation's labor front today. As the ranks of the idle because of labor disputes inched toward the million mark, New York stoppages threatened and there were no immediate signs of settlement of major strikes. The only note of cheer in the industrial strife was the week's postponement of a threatened power strike in Pittsburgh.

DOZENS OF DISPUTES Although labor controversies were reported in dozen of industries in scores of cities, threatened or current strikes which caused immediate concern were in New York, Houston, Texas, Philadelphia, Pittsburgh, Detroit, Portland, Ore., Scranton, Pa., Cincinnati and St. Louis.

In New York City, where business and industry was tied up for several days earlier this month by a strike of tugboat workers, the nation's biggest city awaited developments in a threatened strike on the transit system.

NEW YORK SITUATION The CIO transport workers union, which claims 20,000 of the 32,000 transit workers, has issued a strike call for after midnight in support of demands for a \$2 a day wage increase and sole collective bargaining rights for all New York City transportation workers.

Red Army, Navy, Airforce Under Single Command

MOSCOW, Feb. 26.—(AP)—The Russian army, navy and airforce were unified today in a single commissariat—the armed forces of the U. S. S. R.—under the command of Generalissimo Stalin.

The three Soviet fighting forces were consolidated by decree of the presidium of the supreme Soviet, which designated Stalin "people's" commissar of the armed forces and supreme commander-in-chief of the armed forces.

"Under the leadership of Generalissimo Stalin, the armed forces of the U. S. S. R. will henceforth x x improve and develop to the dread of the enemies of Soviet power for the welfare of our people and the cause of peace in the entire world," the government newspaper Izvestia said in a three-column front-page editorial.

The 66-year-old generalissimo, who had been defense commissar since July 19, 1941, also is premier and secretary-general of the central committee of the communist party.

The navy commissariat was abolished in the new organization and the defense commissariat was transformed into the new unified commissariat.

Other than the centralization, the merger means that the red navy no longer will operate under a separate commissariat.

During the war, Stalin had command of the army and airforce but the navy remained under Admiral N. G. Kuznetsov's direction, although it was subject to orders of the defense committee, of which Stalin was head.

Mayor Seeking City Approval Of Agreement

HOUSTON, Feb. 26.—(AP)—The seven-day-old strike of 700 Houston city employees was ended at 11 a. m. today.

Mayor Massey called a meeting of city council for 1:30 p. m. today to approve his agreement with organized labor leaders.

Under the agreement the city employees will return to their jobs tomorrow morning with full seniority rights and civil service rights unimpaired.

AGREEMENT REACHED

After the agreement was reached, City Attorney Lewis Cullum said he would ask for a postponement of this afternoon's scheduled injunction hearing to restrain workers from striking or picketing.

Cullum said if the city workers are back on the jobs tomorrow as contemplated, then "of course" he would ask that the city's petition for the injunction be dismissed.

CITY WAGE SCALES

The civil service commission will begin an immediate study of city wage scales, comparing them with pay for comparable work in private industry in the Houston area, rather than matching them against the pay scales of other cities.

"I'll promise you" the mayor told I. W. Maxwell, secretary of the Houston building trades council, "that if this analysis (of pay scales) shows any deficiencies or inequities

Two Hospitalized Result Accidents Along Highways

Two people were hospitalized here today as result of highway accidents.

Mrs. Tom L. Graham, wife of a hotel proprietor at Miami, was in the Parkway hospital, the victim of a hit-run driver at Miami about 7:40 last night. She was suffering bruises, but her condition was not considered critical. The accident occurred in Miami's main street, and the dust was so dense that witnesses said they could not give an accurate description of the car.

Roberts county's Sheriff W. L. Lard and his staff worked until last midnight seeking some trace of the driver, and resumed work today. State Highway Patrolman Preston Wynne was also working on the case.

W. T. Stinson of Paducah, Texas, was confined to the Worley with head and back injuries following a collision yesterday at 4:30 p. m. with a car driven by Harry Roll, of Berger. The accident, which occurred as Stinson, 64, was returning alone to Paducah from Pampa, took place on the Phillips camp highway south about five miles from Pampa. Roll is reported to be from Phillips, at Berger. He was slightly injured.

Roll was driving a 1941 Ford coupe going west, and Stinson was going north. The accident occurred at intersection of two dirt roads.

Most Yanks Sympathize With China's Resentment Over Yalta Agreement

By JAMES D. WHITE
AP Staff Writer
SAN FRANCISCO, Feb. 26.—(AP)—Most Americans sympathize with China's resentment over the Yalta agreement, which—without consulting China—promised Russia concessions in Manchuria.

The Chinese complain increasingly that the agreement was secret, and that the Russians now are going beyond it to demand further concessions.

What no Chinese has done thus far is to balance the present situation against what it might be if there had been no Yalta agreement. What that might be none can say with certainty, but it may be doubted if China would like it any better.

At the same time the Chinese say officially they full intended to live up to their treaties with Russia. As these are based on the Yalta agreement and do not, as published, go beyond it, the Chinese really are complaining not about the scope of the Yalta agreement but only the manner in which it was reached.

This was secret. It had to be to avoid inviting a Japanese invasion of Eastern Siberia and a blockade of Russia's Pacific coast, both of which very well could have come off at the time and would have made Japan still harder to beat.

One apparently legitimate Chinese complaint is that the Russians are

overstaying their leave in Manchuria. But in making this complaint, the Chinese don't mention that they twice asked the Russians to stay on beyond the agreed-upon date of departure. They asked this because even with American help they were not able to get their own nationalist armies into Manchuria past the dissident communists who blocked their way and with whom they had not yet reached a working agreement as national unity.

In effect, they were asking the Russians to hang around and save Manchuria for them from the communists.

Comes now the ticklish question—have the Russians been carrying off industrial and other equipment from Manchuria? The Chinese hint strongly that they have, but until they make official charges, their hints can have no more force than hints.

In any case it's obvious that the Russians took their last-minute swipe at the powerful Japanese Kwangtung army in Manchuria with the greatest gusto. They had a grudge against Japan complete with its own motivation dating back to the 1901 sneak attack on Port Arthur.

Some don't need to defend the Yalta agreement if he asks the Chinese just to round out the picture, these questions:

Yalta agreement or no could the Russians—who have the same

interest in their Pacific frontier toward warm water which brings them up against the status quo in the Mediterranean—have been kept out of the last stages of the war against Japan?

Without the Chinese sacrifices made at Yalta, would Chinese troops be in Mukden today, even as "guests" of the Red army?

Shamrock Men Change Plans for New Legion Home

SHAMROCK, Feb. 26.—(Special)—At a called meeting of the American Legion building committee on Tuesday night of last week, it was unanimously decided to abandon a plan to purchase the South Ward school building for the purpose of converting it into an American Legion home.

"The decision to abandon the plan was due entirely to the opposition evidenced by personal contact of those solicited for funds for the purpose of either erecting a new building or purchasing the South Ward building," a spokesman of the building committee stated.

"This statement is made to clarify our position in making solicitations for funds in Shamrock and vicinity," the Legionnaire said.

"Our only consideration of this proposition was due to our desire to obtain a building with sufficient capacity to take care of the actual needs of the DeShazo-George Post No. 68. That is the only thing we are interested in at this time."

"We had considered the purchase of the South Ward building, but, of course, transaction could have been made only after the matter had been submitted to the voters of the Shamrock Independent School district to determine the desires of the public."

"We do not desire to be the means of causing any friction or adverse feeling whatever between the citizens of our community, and, therefore, want to announce our decision to abandon the idea of considering the purchase of this school building."

Legionnaires launched a campaign to raise \$25,000 for the purpose of acquiring a new and larger meeting place three weeks ago when veterans returning from World War II begin to swell the membership rolls of the DeShazo-George Post until the present was too small to accommodate them.

Man Is Held in Murphy Slaying

AUSTIN, Feb. 26.—(AP)—Gov. Coke Stevenson today signed a requisition calling on the state of Missouri for extradition of Hardin Charles Hubert Simmons, charged at New Braunfels with murder in the slaying of Sgt. John W. Murphy.

Stevenson said he had been informed Simmons has waived extradition, but that he issued the requisition against the possibility Simmons might change his mind.

Sheriff W. A. Scholl of Comal county and Texas Ranger Truman Stone of Austin expected to have some time today for Chillicothe, Mo., where Simmons is held, with the extradition papers.

Murphy's body was found in a pasture 14 miles southwest of New Braunfels Nov. 17. He had been missing since Nov. 5. Murphy, whose home was in Boston, Mass., was a guard at Dodd field, San Antonio.

Rotary Governor Says Friends Are Greatest Wealth

SHAMROCK, Feb. 26 (Special)—"The wealthiest person in the world, is the person who has the most friends," declared Charles S. Peyton, District Governor, of Cleburne, when he addressed the local Rotarians at their meeting held at the U-Drop Inn Friday evening.

"Why I Like Rotary," was the subject stressed by the speaker as he brought out the theme of service above self, saying, "We should render the type of service to our fellowman that cannot be measured by a yardstick."

"A quitter never did much but quit. He is never at the head of a business, school, army or anything, but always at the bottom where there is no effort required," stated

He compared the oyster, with his readymade house and prepared food who is required to make no effort, to the eagle who soars to the highest crag in the mountains in search of his very existence—the eagle—the emblem of America.

In closing the speaker admonished the group to do their individual best in any undertaking and to remember that, "He profits most who serves most."

Special guests were Richard Harvey and Glenn Truax of Canyon. Bill Walker presided over the business session.

A Message from President Truman

It is of the utmost importance that the American people understand the status and significance of our new Regular Army. It will be the duty of this volunteer Army to help protect the freedoms and maintain the peace we have won at so great a cost.

Atomic power has increased rather than decreased the necessity for our preparation, both in manpower and material. In the coming atomic age, the United States must maintain its military strength—to insure our national security and to promote world order.

Such grave responsibilities obviously cannot be met by anything less than the highest caliber of men. For this reason, I asked Congress for legislation to increase the opportunities of the soldier in the Regular Army. This legislation has been passed and signed by me, and is now in effect.

In serving his country, a man can now get good pay, education, travel and security with family allowances for his dependents and a new 20-year retirement plan that compares with or excels anything in American

industry. These, and the many other advantages of the new Regular Army, should be made known to all our service men and their families.

The Army has embarked upon a worldwide campaign to enlist enough men so that, in demobilizing, we shall not strip our services below the peacetime need. It is imperative that public support be given to this program. We must replace as soon as possible men who have served long and arduously, and who wish to return to civil life. We must also build an Army of volunteers adequate to all our requirements—at home and abroad—until the long-range peace terms and military policies are worked out.

I hope that every individual and group will give earnest and enthusiastic co-operation to this great effort to rebuild our Regular Army. The success of this campaign is vital to the performance of our tremendous task of securing the peace.

Harry Truman
PRESIDENT

Congress authorizes most attractive Enlistment Opportunities in our History

- Enlistments for 1, 2 or 3 years. (One year enlistments permitted for men who have been in the Army six months.)
- Enlistment age from 17 to 34 years inclusive, except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
- The best pay scale, medical care, food, quarters and clothing in Army history.
- An increase in the reenlistment bonus to \$50 for each year of active service since such bonus was last paid, or since last entry into service.
- Up to 90 days' paid furlough, depending on length of service, with furlough paid to home and return, for men now in the Army who reenlist.
- A 30-day furlough every year at full pay.
- Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 36 years' service. (Retirement income in grade of Master or First Sergeant up to \$155.25 per month for life.) All previous active federal military service counts toward retirement.
- Benefits under the GI Bill of Rights.
- Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.
- Opportunity to learn one or more of 200 skills and trades taught in Army schools in U. S. or occupied countries.
- Choice of branch of service and overseas theater in the Air, Ground or Service Forces on 3-year enlistments.
- Reserve and A. U. S. commissioned officers released from active duty may be enlisted in Grade 1 (Master Sergeant) and still retain their reserve commissions.

IT'S THE FIRST MUST ON MY LIST

... and I'll tell you why:

Almost any post-war electrical appliance can well be the first must on my list. It's hard to decide which of them I'll want as a keystone of my electrical home of the future.

Take the gleaming new washers for instance. There's a real time and labor saver for any housewife. It's so economical, so efficient and yet such a beauty that I can keep it right in my own kitchen... ready in a jiffy for all the family wash. Yes, I can fly through my other household tasks while my new washer safely swishes the most delicate clothing to spotless cleanliness.

With electricity so cheap, a new refrigerator, range, electric dishwasher and lots of other appliances are included on my list.

SOPHISTICATED SIPPING

Movie stars know the value of taking time out during a busy day on the set for an energy replenishing snack. The use of individually wrapped drinking straws not only makes sipping more sanitary and enjoyable, but also straws eliminate the necessity of having to re-touch lip make-up. The lovely starlet is Martha Vickers, who appears in the Warner Bros. film, "The Man I Love".

Sharing a party-line telephone!
If you're sharing a telephone party line, you're helping someone else here have telephone service now. Otherwise he'd likely be waiting his turn for service. Party-line service is one way of stretching the telephone system here—to serve as many people as possible now instead of asking some to wait until we've had time to put in the wires and cables and switching equipment needed to serve everybody who is waiting. It's a big job—catching up with four years of backed-up demand. But we're hard at it. As soon as possible, we'll bring service to everybody who is waiting for it. And, after that, we expect to be able to furnish one-family telephone service to those who want it.

"GOOD NEIGHBOR" SUGGESTIONS for party-liners
Before calling, please listen to see whether the line is in use. If it is, hang up gently and try your call again a little later. When talking, remember your party-line neighbor—he may want to make a call—so please be reasonably brief. Between calls, try to allow a little time so the other people on the line may have the opportunity to use it. Ask the children to follow these good neighbor suggestions, too. Thanks a lot.

State School for Handicapped Set

AUSTIN, Feb. 26—(AP)—A state school for mentally handicapped children, who may be educated in vocations and trades has been made possible through the acquisition by the board of control of the prisoner of war camp near Mexia.

Weaver Baker, chairman of the state board of control, said the 800 acres of land and hundreds of items of merchandise included in the transfer is estimated at one and a quarter million dollars.

Baker said 100 applicants now seeking admittance to the overcrowded Austin state school will be rapidly admitted with the early activation of the new eleemosynary service.

While original admission will continue to be processed through the Austin state school, said Baker, students will be moved to the Mexia institution as they prove capable of being trained in the vocations and trades.

New Willys Jeep—Like the One Which Rolled Around World—Is on Display Here in Pampa

Those Jeep enthusiasts—and there are a lot of them since it was announced by the army that the little Jeep would go almost anywhere and under any kind of conditions—will be interested to know that it is now on display at the McWilliams Motor company building at 413 South Cuyler street.

McWilliams is a new addition to the former Pampa Safety Lane, which is located at 417 South Cuyler. The new building for the motor company is made of brick and tile and was just recently completed. It was announced by the owners, J. C. McWilliams and F. M. Oulhier.

Also on display at the McWilliams Motor company is the new Hudson. More of the new models are expected within a short time.

Parts and service both for the Willys Jeep and the Hudson are also being offered.

Pampa Safety Lane was established here June 1, 1944, and since that time has grown into quite a business. Services offered are front wheel correction, wheel balance brake service, and frame straightening. The phone is 101.

Veterans' Needs Will Come First At Pampa Supply

Veterans' needs are to be taken care of first under a priority system, so far as plumbing equipment and supplies are concerned, it was announced today by H. D. Keys, co-owner and operator of the Pampa Supply company, 216 North Cuyler street.

Mr. Keys, who two weeks ago returned from a buying trip to the East, said that there was very little plumbing equipment available anywhere at this time. He added, however, that he is expecting a carload of bath tubs here some time next month.

"We are in a good position to take care of the veterans' needs with the priority rating," he said.

Four tubs were installed yesterday for veterans.

Pampa Supply was established here Jan. 23, 1945, and since that time the concern has the added feature of being plumbing contractors. That business is expected to increase considerably within a short time—that is, when supplies become more available.

Pampa Supply also sells paint, picture framing, glass and wallpaper. There is plenty of those materials he said.

The other owner and operator of the concern is Neil A. Garrett.

OPERATIONS SLATED

SEQUEL, Feb. 25—(AP)—Fourteen Baltic type American vessels will begin operations on the Korean coastal run March 20, carrying coal, rice and fertilizer, it was announced today.

Allen's Jayhawks Blast Iowa State To Capture Title

By SKIPPER PATRICK LAWRENCE, Kans., Feb. 26—(AP)—Dr. Forrest C. (Phog) Allen's University of Kansas Jayhawks had their twelfth big six basketball title in eighteen years of conference feuding today because three war veterans had turned the clocks back three years.

The veterans—ex-army officers Charlie Black, Otto Schnellbacher and Ray Evans—had been the good doctor bubbling with the enthusiasm of a college freshman after the Jayhawks annexed their ninth conference victory in blasting Iowa State, 69-41, here last night.

The Kansas victory erased Oklahoma's chances of gaining a tie for the crown when the teams clash at Norman, Okla., Thursday night.

The new title was the eighth undisputed championship for Allen-coach Kansas teams since the big six's birth in 1928-29, and extended his Missouri Valley-Big Six championship totals to 20 in twenty-nine years.

Four Jayhawk teams have shared the big six honors. Black boosted his scoring total for the season to 159 points by sinking eight field goals and three charity tosses against retiring champion Iowa State.

Schnellbacher, second man in the Jayhawk scoring machine with 84 points, and Evans, who has played in only three games, served Uncle Sam's army as lieutenants.

The Jayhawks lost their only game of the season to Oklahoma A. & M. last December, but Allen says his team has just started rolling.

Application Made For New Pipeline

WASHINGTON, Feb. 26—(AP)—The Tennessee Gas and Electric Transmission company, Houston, Texas, has asked authority from the federal power commission for a \$25,500,000 construction program to increase delivery capacity of its Texas-West Virginia pipeline.

Asserting additional facilities are necessary to meet increased demands of customers companies, the applicant proposed three new compressor stations in Victoria, Montgomery counties, Texas, and Natchitoches parish, La., with total capacity of 25,000 horsepower.

Also proposed were 410 miles of main line loop at intervals along the existing 24-inch main pipeline, which extends from Hidalgo county, Texas, to Clay county, W. Va., and 18 new compressor units totaling 19,000 horsepower in existing compressor stations.

Cartoon Depicts Climb of Phillies From National Pit

By GAYLE TALBOT MIAMI BEACH, Fla., Feb. 26—(AP)—Tacked on the wall of the Philadelphia Nationals' club house here is a large cartoon of a ball player with a "P" on his shirt coming blinking out of an old-fashioned cellar, a bat over his shoulder and bemused expression on his face.

It was drawn especially for the cartoonist, Willard Mullin, and it will be reproduced on the face of every score card sold in the club's home park this season. It not only is about the first instance on record of a ball club poking fun at its own infirmities, but it also sums up graphically what Manager Ben Chapman has to say.

"We're a-coming up out of that cellar," declared the old Yankee outfielder, who wound up his playing career last year as a pitcher of parts. "I hope everybody picks us for last again, just so we can make them look bad. We've got a real infield now and we've got power. If we get pitching and find a good catcher, we'll be up there somewhere."

"The way I get it, St. Louis and Brooklyn will fight it out for the flag, and after that anything can happen. With a little luck we can be right up in the race. We can hope to get a couple of those St. Louis pitchers, and owner Cam Bredon has promised to let us know the minute he and his manager make up their minds who they will sell. Meantime, we're going to watch the waiver lists mighty close."

Chapman expects Frank McCormick, his new first baseman from Cincinnati, to clout around 20 home runs. He figures that Jim Tabor, his third baseman from the Boston Red Sox, will be good for another 15, and that Ron Northey, his right fielder, and Vince Di Maggio, in center, should spank somewhere between 15 and 20 round-trippers apiece.

The club might get still more power in left field, whose occupant is likely to be either Lou Novkoff, the highly-publicized failure of the Chicago Cubs, or John Wrosteck, a recent purchase from the Cardinals, who hit 358 for Columbus. Novkoff was banished last year to Los Angeles, where he hit .310 in 101 games.

At least, it can be put down that the Phil's new owner is in trying and spending his dollars until he can get his farm system working.

Training Camp

CLEARWATER, Fla., Feb. 26—(AP)—The Cleveland Indians will hold a shorter drill today to allow some of the players to watch Byron Nelson, Jug McSpaden, Sammy Sngad and Ben Hogan perform in a golf exhibition at nearby Dundan.

AVALON, Calif., Feb. 26—(AP)—The remainder of the Chicago Cubs squad, with the exception of hold-out Bill Nicholson, is expected to arrive today.

PASADENA, Calif., Feb. 26—(AP)—Infielders and outfielders were due at the Chicago White Sox base today and intra-camp games are slated to start Thursday or Friday.

SANFORD, Fla., Feb. 26—(AP)—A surprise candidate for the Brooklyn Dodgers' first base berth has bobbed up in veteran Billy Herman, for years rated one of the best second basemen in the business.

ST. PETERSBURG, Fla., Feb. 26—(AP)—When the New York Yankees turn to the U. S. next week they will find an old hand awaiting them. He is the veteran Catcher Bill Dickey, who has been quietly getting in shape here for a week with intentions of winning his old job back.

MIAMI, Fla., Feb. 26—(AP)—After four fruitless years with the New York Giants, during which time he never lived up to the promise he showed as a raw rookie, Lanky Rube Fischer is finally demonstrating some of the stuff which made him an outstanding minor league pitcher.

ANAHEIM, Calif., Feb. 26—(AP)—Dennis Galehouse, 34, one of the St. Louis Browns' first string pitchers who was recently discharged from the navy, arrived at the training camp yesterday and indulged in a light workout.

Five Southwest Teams To Compete in Border Olympics at Laredo

LAREDO, Tex., Feb. 26—(AP)—Five members of the southwest conference will compete in the fourteenth annual border olympics here May 8-9. Director R. W. Parker announced today.

Texas, defending champion; Baylor, Texas A. & M., Rice and Texas Christian have filed their entries, along with Howard Payne, Hardin-Simmons, McMurry, Oklahoma A. & M., Southwest Texas State, Texas Tech, Abilene Christian college and Sam Houston State in the college division.

Sixteen high schools have entered as follows: Alamo Heights, South San Jacinto and Thomas Jefferson of San Antonio; Allene, Brownsville, Corpus Christi, Falfurrias, Kingsville, Laredo, Pearsall, Pharr, San Juan-Alamo, San Diego Bryan, Freer, Brownwood and Sundown.

Money in circulation in the United States rose from seven billion in July, 1939, to 26 billion in April, 1945.

Baylor To Participate In NCAA Regional

WACO, Tex., Feb. 26—(AP)—Baylor's rickety Bears, winners of the southwest conference basketball championship and now cutting capers on an eastern tour, will play in the National Collegiate Athletic association regional tournament at Kansas City March 23-25.

The Bears, who have taken 25 decisions in 27 starts, will represent the sixth district at the NCAA where four teams will compete to determine the quietest to meet the eastern regional winner for the national title.

Eugene Lambert, coach of the Arkansas Razorbacks and chairman of the district selection committee, announced from Bryan yesterday that the invitation to play at Kansas City had been accepted by Athletic Director Ralph Wolf and Coach Bill Henderson of Baylor. Lambert was at Bryan with his team for a series against Texas A. & M.

D. X. Bible of the University of Texas and Hub McQuillin of Texas Christian university are other members of the committee for the sixth district which takes in Texas, Arizona and Arkansas.

Baylor tomorrow night plays New York university in Madison Square Garden then goes to Baltimore, Md., to wind up the regular season against Baltimore naval air station. The Bears beat Canisus Saturday night in the first game of their eastern tour.

Sports Round-Up

By HUGH FULLERTON, JR. NEW YORK, Feb. 26—(AP)—It's beginning to look as though Uncle Sam may have to grow a new crop of track and field athletes before 1948 if he wants to keep those Olympic laurels on his high hat. . . . So far this winter the runners haven't done anything to get excited about and a look at the best performances of 1945, listed in the current "Amateur Athlete" only makes them look worse.

OBSERVATION POST Among the 3,117 boxers' records in Nat Fleischer's new ring record book, which will be off the presses in about three weeks, you'll find a guy who had something like 21 fights and was knocked out 19 times. . . . Explaining the inclusion of such an unimpressive record, Nat observes: "You gotta put him in; he's the University of Chicago of boxing."

QUOTE, UNQUOTE Jinx Tucker, veteran Waco, Texas, sports writer, here to cover tomorrow's Baylor-N. Y. U. game: "I never thought I'd see the day when I made a trip with a considerable team. A few years ago basketball was where you went when you didn't have any place to go."

Today's Schedule Of Redeployment

(By The Associated Press) Twenty vessels, carrying more than 12,904 returning service personnel are scheduled to arrive today at two east coast and three west coast ports.

William and Mary Victory from Antwerp, 381st engineer combat battalion; 348th engineer combat battalion.

Stevens Victory from Bremerhaven, 283rd and 243rd engineer battalions.

Miscellaneous on James Turner from Bremen, Frank H. Evers from Tunis, Waterbury Victory from Bremen, E. W. Gaughman from Panama.

Cristobal from Southampton, 202 war brides and children.

At Norfolk—Miscellaneous on Cape Pillar, E. A. Peden from Naples, S. S. Virginia.

San Diego—Miscellaneous on Escort Carrier Prince William, transport Effingham.

At Seattle—Miscellaneous on Maryville Victory from Korea, Desboro from Kodiak.

At San Francisco—Miscellaneous on Adria from Guam, Medea from Semar, Matsonia from Pearl Harbor, Munsee from Pearl Harbor, Seakunk from Pearl Harbor, subsacer 1,323 from Pearl Harbor.

Sports Shots

By HAROLD V. RATLIFF Associated Press Sports Editor DALLAS, Feb. 26—(AP)—There will be no relaxing of a rule which forbids boys who became 18 years of age after May 1, 1945, to compete in the state track and field meet although they have been eligible for all other athletics of the school year.

The rule has been amended to correct this situation but it won't be effective until 1947. Changes by referendum always must wait a year under the Texas interscholastic league constitution.

It means that a school with a star track man who became 18 after May 1, 1945, will have use of him in all meets except the state. In other words he may help the school win the district and regional championships but can't do anything when the team starts shooting for the state title.

Some of the schools have tried to do something about it this year. Athletic Director E. J. Kidd of the Interscholastic league received wires from 15 schools asking that the 18-year rule be disregarded for this year's state meet. But Kidd has advised each that nothing can be done under the rules toward making a change this year.

Kidd said schools all had been on notice that this rule would apply to the state meet May 2 and 3 this year. It will even forbid a boy who became 18 on May 1, 1946, competing in the meet.

Some team will be hard hit. At Adamson (Dallas) for instance, Rhea Nichols, the great half-mile and hurdler, won't be able to compete at Austin. This was the season Adamson had high hopes of a state title until it ran across this rule. Nichols would have been favored to win the half mile and possibly the low hurdles. And Adamson has a flock of other good boys.

We had to get the information second-hand but anyway colorful little Prairie Lea will probably be back for the state schoolboy basketball tournament at Austin next week.

This town of 275 souls comes near 100 per cent of backing its basketball team that any year correspondent ever saw. Last year when Prairie Lea was sweeping its way to a second state Class A championship, one of the citizens informed me everybody had come to the tournament except one. That person was too ill to be moved.

Each year it takes considerable time to find out from here if Prairie Lea has won its district title. The Luling operator said, however, if that was all I wanted to know he could tell me that and Prairie Lea, emphatically, had again won the championship.

Now the Prairie Lea boys need to win the regional tournament at San Marcos to again make the trip to the state meet. They should do so. I was probably wrong, probably a better team than last year.

The Pampa News comments editorially on the fact that in the district basketball race there it was necessary for one team to play three games in 24 hours and another two games—all of them tough, conference affairs—in order to meet the deadline on deciding championship contenders.

The paper thinks this is too much basketball for teen-age boys.

The interscholastic league limits the number of games a boy may play during football seasons also prohibits a boy from playing in more than one game in a five-day period. In basketball the only limitation is that a school can participate in only three invitation tournaments but there appears to be no limit on conference or practice games, either number or time.

Ortiz Successfully Defends Bantamweight Title for 13th Time

SAN FRANCISCO, Feb. 26—(AP)—Fiery-eyed Manuel Ortiz, defending his bantamweight championship of the world for the 13th time, knocked out Louis Castillo, Mexican challenger, in the 13th round last night after punishing him mercilessly most of the way.

The plucky 24-year-old challenger, who did most of his fighting in the third and fourth rounds and then took the champion's fusillade of punches with only occasional retaliation, took the count on one knee. Ortiz weighed 117 1/2, Castillo 117 1/4.

Ray Mangrum Shoots 68 To Take Playoff Of Pensacola Meet

PENSACOLA, Fla., Feb. 26—(AP)—Ray Mangrum, the steel-headed pro from Los Angeles, today headed for St. Petersburg and the ninth tournament of golf's winter tour \$1,500 richer after beating Ben Hogan of Berkeley, Pa., in an 18-hole playoff yesterday for the Pensacola open title.

Mangrum shot the front nine in an even par 36, and came in with a four-under 32 for a 68, as Hogan had a one-under par 71 on the 180-yard playoff, club course. He was out in 38 and came in with 53.

I cannot say and I will not say that he is dead. He is just away with a cheery smile and a wave of the hand.
He has wandered into an unknown land. And left us dreaming how very fair it needs must be since he lingers there. And you—O you, who the wildest yearn for the old time step and glad return.
Think of him as faring on, as dear. In the love of those as the love of here. Think of him still as the actor. I say: He is not dead—He is just away.
I will not leave you comfortless. I will come to you, John 14:8.

We wish to express to all those who so kindly assisted us in any way during the past hour of our sorrow in the untimely and tragic death of our darling son and brother, Clyde Martin, Jr., who passed away at home hospital, Treasure Island, Calif., following an accident February 16. The lovely flowers, the comforting words of the ministers and our friends, neighbors, Red Cross, American Legion, Cities Service, employees and families, the Mary Class, Faithful Workers, the Fellowship Classes of First Baptist Church, all these loving kindnesses did so much to help us bear our grief. We and Mrs. S. I. Martin and family.

Texas Today

By JACK RUTLEDGE, AP Staff Writer

An epidemic of construction has hit Houston, Texas' largest city.

A skyscraper is well underway. Business fronts are being remodelled. Interiors are being worked over. Homes are going up like toadstools dotting subdivisions.

But Houstonians are proudest of a 37-story office building that is planned. They resent the fact that Dallas has the state's tallest skyscraper now.

Houston policemen on downtown corners scorn the siren wail of a whistle that officers in most cities blow to call attention to a change in stop-and-go lights.

In Houston, they blow a little tune, which varies with the originality and artistry of individual cops.

Dallas is famous for its lovely women, is known throughout the country as being the home of women of class, distinction and beauty.

Houston, too, is the home of honies.

Houston says—all it needs is a good publicity agent—it has women as pretty as those in big D.

San Antonio, Dallas and Fort Worth have unpredictable streets that often go off on confusing tan-

partments alerted for an immediate call to duty. In Philadelphia, acting Sheriff William J. Morrow said there would be no attempt by police to interfere in event of continued mass picketing of the strikebound General Electric Co., plant, following yesterday's demonstration by about 1,400 CIO pickets who defied a common pleas court injunction outlawing mass picketing. Morrow said the "whole issue" of court-banned mass picketing at the plant will be settled at meetings today.

Morrow said spokesmen for the CIO united electrical, radio and machine workers and the company agreed to temporary concessions at a conference with Mayor Bernard Samuel but details were not disclosed.

The walkout by 3,400 employees of the Duquesne Light company in Pittsburgh, which threatened a blackout in the Pennsylvania metropolis and surrounding area, was averted shortly before the strike deadline at midnight. The union membership will decide at a meeting on Friday whether its wage dispute with the company is to be finally settled by arbitration or a strike.

The union is demanding a wage increase of 21 cents an hour for common labor and 25 cents an hour for other employees.

Detroit continued to get small supplies of bread and milk because of strikes but an early end to the bread industry tieup was predicted by company and AFL teamsters union spokesmen. Thirteen of the city's bakeries closed yesterday after a strike against the Purity Baking Co. in wage dispute.

There appeared no immediate end of the six-day strike by some 1,000 CIO dairy workers but union and management officials planned meetings with state and federal commissioners in efforts to settle the wage controversy.

Also in Detroit, General Motors and CIO united auto workers negotiators met to continue discussion of issues in the 98-day old strike by 100,000 employees at General Motors plants.

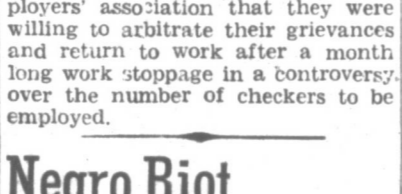

Seventeen independent meat wholesalers in Cincinnati voted last night to close their packing plants Friday in protest against what their members described as "harassing restrictions and complicated regulations imposed by the office of price administration."

In St. Louis the Missouri-Illinois small slaughterers' association indicted small packers in 15 midwest states to a conference Friday in protest against OPA regulations. Attorney Max W. Kramer said plans were going ahead for a voluntary shut-down by 34 small packers serving St. Louis.

In Scranton, Pa., some 300 public works employees, on strike since last Thursday in a wage dispute, agreed to return to work today.

The CIO cargo checkers told the Portland (Ore.) waterfront employers' association that they were willing to arbitrate their grievances and return to work after a month long work stoppage in a controversy, over the number of checkers to be employed.

LANDING CRAFT FOR IMPENDING INVASION

Customs Inspector Ellis Fountain of Brownsville, Texas stands with "landing craft" of the type which will be used in the impending invasion of Texas by Wetbacks, Latin-Americans who cross

Illegally to the U. S. side of the Rio Grande during harvest season to help with crops.

The framework is a river sled, a raft-like boat in which one or two men can cross. The officer holds a paddle which was used by wetbacks. (AP Photo.)

Livestock Show

Competition in bidding was hottest on the final animal in the show, the 87 pound lamb owned by James Taylor, Pampa, which was sold to Casper McKnight for 75 cents. It was given back to the Red Cross, resold to L. C. O'Neal for 20 cents, re-given to the Red Cross, with the final bid given by Longchamps cafe for 20 cents.

Last animals in each division consistently brought higher prices than the greater number.

Show total not including numerous Red Cross resale was approximately \$10,371.53.

American uses half of its annual lumber supply for construction, the rest for furniture and other manufactured articles.

Mayor Seeking

In our city employes pay, I, for one will set about some way to correct them."

DEMONSTRATORS LEAVE

Maxwell announced the outcome of the conference in city hall to an estimated 5,000 persons assembled outside. He asked them to disband quietly.

Within a few minutes, most of the demonstrators had left the place.

Maxwell asked the business representatives of the unions which had participated in the demonstration to attend a meeting in the labor temple immediately.

When Mayor Massey announced willingness to negotiate, Maxwell said:

"Mr. Mayor, I ought to hug your neck."

He did, while photographers' flash bulbs snapped.

The mayor set 1:30 p. m. as the hour for the council meeting.

Meanwhile, Oscar Lee Duncan, 40, president of the city-county employes union, and eight others, were indicted by the Harris county grand jury for alleged violation of the O'Daniel strike act.

Seven were indicted in connection with an incident alleged to have taken place Thursday when, the indictments say, they prevented three persons from engaging in their lawful violation. The incident grew out of the city employes strike.

Two were indicted in connection with the steelworkers strike.

Maxwell asked the city officials to try to get charges "or indictments" against union men, growing out of the city strike, dismissed, but City Attorney Lewis Cutrer advised him such attempt might put the officials in the position of compounding a felony.

Maxwell then asked if workers under charges or indictments will be permitted to return to their jobs.

Maxwell arrived before the crowd and took the microphone. He thanked the crowd for coming to the city hall for the demonstration.

"I'm very happy to announce to you," he said, "that a tentative agreement has been reached between our committee and the mayor, and we are about to take steps to clear up this situation. Will all the business agents meet right away at the labor temple. Thanks again for coming and now let's all disperse."

A cheer went up from the crowd and it began breaking up, its members streaming back toward town.

An ancient Coptic bindings reveal that the craft of bookbinding was well understood in Egypt in the sixth century. Sheets of papyrus were folded into quires and sewed on bands attached to the back with animal glue.

HEAR W. LEON GODSHALL

Famous Authority of World Affairs of the Institute of International Understanding Tomorrow Night at 7:30 P. M. JUNIOR HIGH SCHOOL AUDITORIUM ADMISSION IS FREE!

W. Leon Godshall became interested in international affairs while an undergraduate student at the University of Pennsylvania and while serving in the United States Navy during World War I. He was born in Lansdale, Pennsylvania, and attended high school in Philadelphia. Immediately upon graduation from the University of Pennsylvania, he received an appointment to its faculty.

He continued his studies in international law and diplomacy in the graduate school of that institution which awarded him the degrees of master of arts and doctor of philosophy, made it possible for him to undertake research abroad by granting him two traveling scholarships to investigate Japanese activities and aspirations in Asia, and invited him to return there to teach in 1924, 1929 and 1931. In 1942 he served as Orientation Lecturer for the U. S. Army, in 70 different Army posts, explaining why Japan attacked the United States.

Other Visiting Professorships have been at St. John's University, Shanghai; Lingnan University, Canton; University of The Philippines, Manila; University of Washington, Seattle; University of Maine; Pennsylvania State College, and Miami University, Oxford, Ohio. At present Dr. Godshall is on leave of absence from Lehigh University, Bethlehem, Pa., where he holds the chair of Diplomatic History and International Relations.

At intervals Dr. Godshall has lived in Japan, China, the Philippines, and has traveled across Russia and Siberia, through the Dutch East Indies and along Britain's "life line," Hongkong-Singapore-Suez-Gibraltar. These experiences have qualified him to speak for the Carnegie Endowment for International Peace, the Foreign Policy Association, and Rotary International, in addition to numerous other organizations throughout the United States.

His writings include American Foreign Policy, Contemporary Europe (co-author), Introduction to Politics (co-author), Map Studies in European History and International Relations, Tsingtau Under Three Flags, and many magazine articles on the Orient and on international affairs.

Mr. Godshall will address the Pampa High School Students in the afternoon.
