

# United Nations General Assembly Clears Decks for Adjournment

## Security Council Remains

LONDON, Feb. 14 (AP)—The United Nations general assembly, moving swiftly toward the close of its first session, was expected to clear the way for adjournment today by quick approval of New York City and the nearby New York-Connecticut area as the temporary and permanent homes of the UNO.

**EASY APPROVAL**  
As the 51-nation assembly was called for what may be its final meeting of the session, informed persons predicted the sites as approved by the headquarters committee would easily get the necessary two-thirds vote required for adoption.

**WORLDWIDE PLAN**  
Other questions before the assembly were expected to be disposed of without difficulty. These included a five-power resolution calling for worldwide conservation and equitable distribution of foods and a proposal linking the world federation of trade unions with the American federation of labor with the economic and social council in an advisory capacity.

**SECURITY COUNCIL**  
The 11-nation security council, which last night disposed of the controversial Indonesian case, was expected to remain in session after the adjournment of the assembly. Officials said it might not finish its business before Friday night, or even later.

The council still was faced with Syrian-Lebanese demands for withdrawal of British and French troops from the Levant, a "constant menace to peace and security." The Lebanese delegate said direct negotiations with the French were virtually deadlocked.

**'MENACE TO PEACE'**  
The French have demanded deletion from the Syrian-Lebanese complaint of a statement that French troops in the Levant constitute a "constant menace to peace and security." The Lebanese delegate said direct negotiations with the French were virtually deadlocked.

The council cleared its agenda of all other issues except the Levant dispute last night by voting against intervening in Indonesia, and by deferring action on an Albanian application for UNO membership.

## Vet's Priorities To Improve With Law Overhauled

WASHINGTON, Feb. 14 (AP)—The house expenditures committee went to bat today for veterans seeking surplus war goods.

Chairman Manasco (D-Ala.) described this as one of the chief aims of the group as it opened hearings on legislation to overhaul completely the surplus property disposal act.

The committee also will investigate thoroughly, he said, reports of hoarding or destruction of war supplies by the army and navy.

Manasco told newsmen he thought the group would approve a change in the law to give veterans a higher priority position than they now have.

He also expressed hope that legislation would be written making it unnecessary for veterans to have priority certificates to obtain surplus purchases.

In overhauling the disposal act, Manasco also said he would seek a change to permit exchange of excess war supplies abroad for trade and aviation concessions.

"Under the present law the state department must get either goods or foreign exchange for surpluses," he asserted.

## Comptroller Sets New Gas Tax Plan

AUSTIN, Feb. 14 (AP)—Cross receipts less processing cost will be the formula to be applied by the comptroller in determining the value of national gas for tax purposes under terms of the law passed by the 49th legislature.

This was announced by Comptroller George Sheppard in applying it to the value of sour gas produced in Moore and Hutchinson counties. Sheppard, after considering testimony taken at a hearing here Sept. 27, placed the value of the sour gas, for tax purposes, at \$0.17 per thousand cubic feet for the gas produced in June, 1945.

## One of Leading Educators Dies

NORTHAMPTON, Mass., Feb. 14 (AP)—William Allen Neilson, 76, former president of Smith college, died last night a few days after completing a history of the institution.

## CO-ORDINATOR

Under a new sort of super-war college now planned, the state department will know what the military services are up to, and vice versa, and they'll work together as a team, integrating military and foreign policy. Head of the new school, which will be composed of high ranking service officers and state department officials, will be Vice-Adm. Harry W. Hill, above.

## Tugboat Men Resume Work; To Arbitrate

NEW YORK, Feb. 14 (AP)—New York City's staggering tugboat strike, felt by millions because of disrupted fuel lifelines, ended officially at 7 a. m. (CST) today but the city was snapping back to normalcy even before that hour.

**ARBITRATION SET**  
Union officials last night ordered the 3,500 men who run the harbor's tugs back to work following agreement with their 91 employers to arbitrate a wage dispute which precipitated the 10-day, city-paralyzing strike.

**CONTROLS REMAIN**  
There were some lingering effects of the strike, however. Fuel oil rationing controls were left in force until adequate stocks could be built up, and other emergency regulations were continued until activities generally could be restored to a pre-strike basis.

**THREE-MAN BOARD**  
Mayor William O'Dwyer announced the end of the tugboat tieup at 6:15 p. m. (CST) last night. Emerging from his city hall office, where representatives of union and management were conferring, O'Dwyer told a crowd of reporters:

O'Dwyer announced that differences in the dispute would be arbitrated by a three-man board headed by Edward F. McGrady, former assistant secretary of labor.

## General Krueger Welcomed Home

SAN ANTONIO, Feb. 14 (AP)—General Walter Krueger, who commanded the U. S. Sixth army from Australia to Japan, returned home yesterday and San Antonio accorded him a warm welcome with military honors, a colorful parade and banquet.

At the conclusion of the festivities, a group of businessmen presented the general with a 1946 Pontiac automobile.

At a press conference preceding the reception and banquet, Krueger expressed sympathy with the eagerness of servicemen to return home, but warned:

"Merely winning the war is not enough. We must make certain this catastrophe will not happen again. The people should not put themselves on the back. Rather they should take care to assure that the peace will be won as well as the fighting. You must work at it to keep the freedoms of our democracy."

Gen. Krueger and his party of Sixth army veterans were greeted by their families on their arrival at the Alamo airport.

After Governor Stevenson, Gen. Jonathan Wainwright, commander of the Fourth U. S. army, and city officials had extended the official welcome, Gen. Krueger reviewed the honor guard from the Second division.

The colorful parade through the city's streets, a reception and banquet followed.

## Cooke County Votes Bond Issue for Road

GAINESVILLE, Feb. 14 (AP)—Cooke county yesterday voted an \$85,000 bond issue for purchase of the right of way for U. S. interregional highway through the county. Three months ago Gainesville voted a \$28,000 bond issue to finance the right of way through the city.

**SERVICES DISRUPTED**  
ATHENS, Feb. 14 (AP)—Traffic, communications and power service were disrupted in Athens and Piraeus today by a two-hour general strike in protest against recent wage increases which the strikers said were unacceptably low.

There's nothing finer than a Stromberg-Carlson. Coming soon. Lewis Hardware Co. (Adv.)

## Ships in A-Bomb Test To Be Patched at Sea

WASHINGTON, Feb. 14 (AP)—The navy will assign its crack salvage crews to rush repairs on target ships damaged in the first atomic bomb test so they can be blasted again in the second.

Heading the repair units will be Commodore William A. Sullivan, whose salvage feats made possible the prompt use of demolition-wrecked harbors in Africa and Europe during World War II.

Test officials said today the joint task force will be prepared to carry on 20 major repair operations simultaneously at Bikini Atoll, making it virtually unnecessary to bring bomb-damaged ships back to Pearl Harbor in order to ready them for the second test.

Acting under specific orders from the joint chiefs of staff, the task force has arranged what it hopes will be a program of graded destruction, ranging up from negligible damage to destruction. Here is how the task force gauges the pattern of damage may shape:

**1st test—Bomb exploded a few hundred feet above the anchored**

**2nd test—Bomb exploded in the water, 100 to 200 feet from the ship.**

**3rd test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**4th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**5th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**6th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**7th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**8th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**9th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**10th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**11th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**12th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

**13th test—Bomb exploded on the ship, 100 to 200 feet from the ship.**

## Scoreboard on Nation's Idle

By The Associated Press  
Continuing labor disputes keep idle approximately 1,430,000. Major developments:

**Shipping**—Union orders 3,500 striking AFL tugboat workers back to jobs in New York harbor after paralyzing 10-day work stoppage operated by union in agreement to arbitrate wage-hour dispute.

**Automobiles**—Federal mediator hopeful of resumption of wage negotiations between General Motors and CIO-United Auto workers as CIO-UAW President Thomas predicts settlement of 86-day old strike "in the not too distant future."

**Steel**—President Truman's economic staff plans new meetings in efforts to reach agreement on new wage-policy designed to halt strikes; announcement of proposed steel price increase, aimed at ending 25-day walkout of 750,000 steelworkers delayed pending issuance of new formula and CIO contention it should apply only to carbon steel, not to alloy.

## Peron Denounces Blue Book Aimed At Argentines

BUENOS AIRES, Feb. 14 (AP)—Col. Juan Peron denounced in an interview today the United States blue book which named him and other leaders of the Argentine military government as friends of the Germans.

"It is part of the well known Braden plan which disturbs not only the good relations between the two countries but the tranquility of American republics which see their dignity and sovereignty threatened by untimely interference," the former vice president told El Laborista, official publication of Peron's labor party, which is supporting him in the Feb. 24 presidential election.

Peron's preference was to Spruille Braden, former U. S. ambassador to Argentina and now assistant secretary of state.

**Police Checking Local Break-Ins**  
A belief that the burglary of two stores here Tuesday night was connected with a series of break-ins in Amarillo and towns south of here was voiced by Chief of Police Louie Allen today.

The thieves entered the Harvester drug early yesterday morning and escaped with a few fountain pens and pencil sets, a box of cigars and \$34 in cash.

A small amount of whiskey was taken from the Modern Pharmacy, which is located about one-half a block from the Harvester drug store. Allen said he was planning to place two men on night patrol on foot, in addition to the radio-equipped car patrol.

He said the two would work in shifts and would police every alley downtown in an effort to keep the number of burglaries from rising.

## FIRE LEVELS TWO SUPPLY HOUSES HERE

Upper photo shows flames about that was left as flames swept through two oil field supply houses here last week. The results of the fire, which is believed to have started from grass, are shown in another photo, elsewhere in this section, taken after the flames had died down. Photo, above, was snapped by R. M. Barrett, 216 W. Brown.

## Last-Minute Hitch Halts Settlement

WASHINGTON, Feb. 14 (AP)—Chances of a quick end to the industry-strangling steel strike hinged today on desperate government efforts to untangle a new price boost snarl.

**MODIFIED WAGE-PRICE POLICY**  
The development came in the midst of attempts to patch up and announce a modified wage-price policy designed to halt other walkouts.

Until last night, the steel price boost—a prerequisite to settling the 25-day strike of 750,000 steel workers—had been generally regarded as settled at \$5 a ton. The last-minute hitch reportedly centered around whether the increase should apply to carbon steel alone or to alloy steel as well.

Carbon steel represents about three-fourths of the steel industry's output. OPA has maintained consistently that the price hike should apply only to carbon steel, that alloy prices do not need bolstering.

**STABILIZATION CHIEF**  
Officials in a position to know indicated that the new row involved the OPA and Stabilization Chief John C. Collet. The latter is due to quit his job this week and be succeeded by Chester Bowles, present OPA boss. How it developed, after apparent agreement earlier, was not made clear.

**'HOLD-THE-LINE'**  
In any event, the setback came on the heels of another and more complicated disagreement among White House advisers on the wage controls, if any, which should go with revision of the government's "hold-the-line" price policy.

Despite both obstacles, President Truman said he would sign the bill.

**See WAGE-PRICE, Page 4**

## Committee Ready To Reject Demand For Rapido Probe

WASHINGTON, Feb. 14 (AP)—Members indicated today the house military committee will reject a demand of the 36th Division association for a congressional investigation of the Rapido river battle in Italy.

There was general agreement with the statement of Chairman May (D-Ky.) that no good would be accomplished by a committee inquiry in view of the formal war department report already made public.

The investigation was demanded at a recent meeting of the 36th Division association at Brownwood, Texas. The association in a resolution questioned the judgment of Gen. Mark Clark, who directed the engagement.

The war department report to the committee defended Clark's judgment in ordering the Rapido river engagement as a diversionary maneuver to protect the Anzio beachhead.

May said there was no evidence of willful neglect or lack of proper precautions on the part of General Clark or his command.

Any investigation, May added, would have to be based on information supplied by the war department, since the committee itself did not witness the battle. That information, he added, already has been provided.

However, H. Miller Ainsworth, Austin, Texas, president of the 36th Division association, insisted that the committee hear "citizen soldiers who participated in this tragic engagement."

Meanwhile, Rep. Lytle (D-Texas), a veteran of the Anzio campaign, **See RAPIDO PROBE, Page 4**

## Monk Watson 'Will Move Some Gas' Here

Monk Watson, who does card tricks and other types of slight-of-hand, will appear free to the public at the Junior high school auditorium Friday night, under the auspices of the Motor Inn Auto Supply here.

The show will begin at 8 o'clock. Watson, who has traveled throughout the world, is reported to have a winning smile, as well as good clean stories to tell.

As ace salesman for the Casite corporation, he has a definite line of his own. For instance, when asked why he placed such high importance on the filling station attendant, Monk replied: "Well those boys have to move a tremendous amount of gas every day—and I've had the same sort of job for 25 years. That's how I learned so many jokes. Nothing like a good laugh to move a tankful of gas."

## 998 U. S. Soldiers Heading for Home

FRANKFURT, Feb. 14 (AP)—A total of 998 American soldiers sailed for home Tuesday from Bremen.

Departing on the American ship Victory were the 15th tank battalion and the 647th quartermaster truck company. The 322nd engineering battalion sailed aboard the Woodbury Victory.

**Five-One Garage, Ph. 51. (Adv.)**

## Personal Rights Emphasized by Rotary Speaker

Speaking before an audience smaller than was expected and hoped for last night at the Junior high school auditorium, Morris H. Coers, world traveler and former Indiana legislator, said "When the people give away their rights to the government, they will never get them back."

Observing that he had seen the efficiency of the dictatorial government of Italy and of other fascist and communistic countries, and did not underrate it, he explained that efficiency was achieved through the people's giving up their freedom to a centralized form of government.

But, he added, "I hope it is true tonight that we are masters of our own government."

Mr. Coers is the first in a series of four speakers to appear here in the ensuing weeks, sponsored by the Rotary club of Pampa. This series, continued from year to year, is free to the public and has its objective the promotion of international understanding.

The subject last night was "Making International Organization Effective." The speaker was introduced by Travis Lively, member of the local club. His general conclusions in answering the question was that in making the organization effective, which he said is all-important, or "we will all go back to atomic dust, we must all take a part in finding out what is right with Russia; not what is wrong with England, but what is right."

"It's a job of yours," he explained, speaking of everyone as a citizen. **See ROTARY SPEAKER, Page 4**

## Missions Question Will Be Decided

WASHINGTON, Feb. 14 (AP)—Congress soon will decide whether the once aloof United States should maintain peacetime military missions in such countries as Iran, Syria and Saudi Arabia.

President Truman would get authority to send such missions on invitation—to any country in the world under a bill introduced in the house with state, war and navy department backing.

The missions would help countries to which they were assigned to modernize their armies and police forces. The President also could send naval missions, where requested.

At present, the chief executive in peacetime has authority to send such missions only to countries of the Western Hemisphere and to the Philippines.

State department officials say passage of the bill would help remove the "sphere of influence" concept that has, would remove favored treatment for hemisphere nations and permit the United States to treat all countries alike, so far as missions are concerned.

## FOREIGN OWNERSHIP

LONDON, Feb. 14 (AP)—The Belgrade radio reported today that the Albanian government had ordered the expropriation of all foreign-owned companies and enterprises in Albania.

# United Nations General Assembly Clears Decks for Adjournment

## Security Council Remains

LONDON, Feb. 14—(AP)—The United Nations general assembly, moving swiftly toward the close of its first session, was expected to clear the way for adjournment today by quick approval of New York City and the nearby New York-Connecticut area as the temporary and permanent homes of the UNO.

As the 51-nation assembly was called for what may be its final meeting of the session informed persons predicted the sites as approved by the headquarters committee would easily get the necessary two-thirds vote required for adoption.

Other questions before the assembly were expected to be disposed of without difficulty. These included a five-power resolution calling for worldwide conservation and equitable distribution of foods and a proposal linking the world federation of trade unions and the American federation of labor with the economic and social council in an advisory capacity.

The French has demanded deletion from the Syrian-Lebanese complaint of a statement that French troops in the Levant constitute a "constant menace to peace and security." The Lebanese delegate said direct negotiations with the French were virtually deadlocked.

The council cleared its agenda of all other issues except the Levant dispute last night by voting against intervening in Indonesia and by deferring action on an Albanian application for UNO membership.

The committee also will investigate thoroughly, he said, reports of hoarding or destruction of war supplies by the army and navy.

Manasco told newsmen he thought the group would approve a change in the law to give veterans a higher priority position than they now have.

He also expressed hope that legislation would be written making it unnecessary for veterans to have priority certificates to obtain surplus purchases.

In overhauling the disposal act, Manasco also said he would seek a change to permit exchange of excess war supplies abroad for trade and aviation concessions.

"Under the present law the state department must get either goods or foreign exchange for surpluses," he asserted.

Comproller Sets New Gas Tax Plan

AUSTIN, Feb. 14—(AP)—Cross receipts less processing cost will be the formula to be applied by the comptroller in determining the value of national gas for tax purposes under terms of the law passed by the 49th legislature.

This was announced by Comptroller George Sheppard in applying to the value of sour gas produced in Moore and Hutchinson counties. Sheppard, after considering testimony taken at a hearing here Sept. 27, placed the value of the sour gas for tax purposes at \$617 per thousand cubic feet for the gas produced in June, 1945.

One of Leading Educators Dies

NORTHAMPTON, Mass., Feb. 14—(AP)—William Allen Neilson, 76, former president of Smith college, died last night a few days after completing a history of the institution.

He was a native of Bourne, Scotland, and began his teaching career at Upper Canada college in Toronto. He later taught at Bryn Mawr and also at Columbia and Harvard.

## CO-ORDINATOR

Under a new sort of super-war college now planned, the state department will know what the military services are up to, and vice versa, and they'll work together as a team, integrating military and foreign policy. Head of the new school, which will be composed of high ranking service officers and state department officials, will be Vice-Adm. Harry W. Hill, above.

WORLDWIDE PLAN

Other questions before the assembly were expected to be disposed of without difficulty. These included a five-power resolution calling for worldwide conservation and equitable distribution of foods and a proposal linking the world federation of trade unions and the American federation of labor with the economic and social council in an advisory capacity.

SECURITY COUNCIL

The 11-nation security council, which last night disposed of the controversial Indonesian case, was expected to remain in session after the adjournment of the assembly. Officials said it might not finish its business before Friday night, or even later.

THE COUNCIL STILL WAS FACED WITH SYRIAN-LEBANESE DEMANDS FOR WITHDRAWAL OF BRITISH AND FRENCH TROOPS FROM THE LEVANT.

The French has demanded deletion from the Syrian-Lebanese complaint of a statement that French troops in the Levant constitute a "constant menace to peace and security." The Lebanese delegate said direct negotiations with the French were virtually deadlocked.

THE COUNCIL CLEARED ITS AGENDA OF ALL OTHER ISSUES EXCEPT THE LEVANT DISPUTE LAST NIGHT BY VOTING AGAINST INTERVENING IN INDONESIA AND BY DEFERRING ACTION ON AN ALBANIAN APPLICATION FOR UNO MEMBERSHIP.

THE COMMITTEE ALSO WILL INVESTIGATE THOROUGHLY, HE SAID, REPORTS OF HOARDING OR DESTRUCTION OF WAR SUPPLIES BY THE ARMY AND NAVY.

MANASCO TOLD NEWSMEN HE THOUGHT THE GROUP WOULD APPROVE A CHANGE IN THE LAW TO GIVE VETERANS A HIGHER PRIORITY POSITION THAN THEY NOW HAVE.

HE ALSO EXPRESSED HOPE THAT LEGISLATION WOULD BE WRITTEN MAKING IT UNNECESSARY FOR VETERANS TO HAVE PRIORITY CERTIFICATES TO OBTAIN SURPLUS PURCHASES.

IN OVERHAULING THE DISPOSAL ACT, MANASCO ALSO SAID HE WOULD SEEK A CHANGE TO PERMIT EXCHANGE OF EXCESS WAR SUPPLIES ABROAD FOR TRADE AND AVIATION CONCESSIONS.

"UNDER THE PRESENT LAW THE STATE DEPARTMENT MUST GET EITHER GOODS OR FOREIGN EXCHANGE FOR SURPLUSES," HE ASSERTED.

COMPTROLLER SETS NEW GAS TAX PLAN

AUSTIN, Feb. 14—(AP)—Cross receipts less processing cost will be the formula to be applied by the comptroller in determining the value of national gas for tax purposes under terms of the law passed by the 49th legislature.

THIS WAS ANNOUNCED BY COMPTROLLER GEORGE SHEPPARD IN APPLYING TO THE VALUE OF SOUR GAS PRODUCED IN MOORE AND HUTCHINSON COUNTIES. SHEPPARD, AFTER CONSIDERING TESTIMONY TAKEN AT A HEARING HERE SEPT. 27, PLACED THE VALUE OF THE SOUR GAS FOR TAX PURPOSES AT \$617 PER THOUSAND CUBIC FEET FOR THE GAS PRODUCED IN JUNE, 1945.

ONE OF LEADING EDUCATORS DIES

NORTHAMPTON, Mass., Feb. 14—(AP)—William Allen Neilson, 76, former president of Smith college, died last night a few days after completing a history of the institution.

HE WAS A NATIVE OF BOURNE, SCOTLAND, AND BEGAN HIS TEACHING CAREER AT UPPER CANADA COLLEGE IN TORONTO. HE LATER TAUGHT AT BRYN MAWR AND ALSO AT COLUMBIA AND HARVARD.

## Fire Insurance Credit Rating in Pampa Increases

Fire insurance credit rating in Pampa has increased to 15 per cent over the 10 per cent credit rating held during the past two years. It was announced today in an Associated Press release of fire insurance penalty and credit ratings of Texas cities and towns to become effective March 1, as given by State Fire Insurance Commissioner Marvin Hall.

The key rating of zero is determined by the state board and community ratings range from 25 per cent above to 15 per cent below the key rating, depending upon the ratio of fire losses to fire insurance premiums in the individual communities, explained Joe Fischer, insurance manager of the Hughes Pitts agency.

Therefore in Pampa, Fischer said, which will hold a 15 per cent credit rating after March 1, fire insurance premiums will be 5 per cent cheaper than last year.

Thus after March 1, on each \$100 normal premium the credit will be \$15, whereas last year the credit was \$10.

In a town with a 10 per cent rating, such as Abilene, insurance premiums would be 10 per cent higher than a zero-rated town.

In the following list, figures enclosed in parenthesis indicate penalty.

See INSURANCE, Page 4

## Rebuilding Plans Made at Ardmore

ARDMORE, Okla., Feb. 14—(AP)—Civic leaders and relief agencies pushed plans for rebuilding today in the wake of a tornado which swept the east part of Ardmore yesterday, fatally injuring one person and leaving 200 others homeless.

Mrs. Zella Orr, 65, one of the 15 injured by the roaring tornado, died early today.

One other person was in critical condition. Hospital attendants said Frank Bell, 65, a carpenter, still was unconscious and had not rallied from severe internal injuries and shock.

Other injured were reported recovering.

Ray Colvert, president of the chamber of commerce, called a meeting of contractors, building material dealers and insurance men for 2 p.m. today.

An estimate of the damage and materials available for reconstruction will be made at the meeting.

Six Oil Strikes Settled by Navy

WASHINGTON, Feb. 14—(AP)—The navy has announced settlement of strikes at six oil refineries and two pipeline installations which had been taken over by the navy as the result of strikes.

Included in the six was the Texas company refinery at Port Neches, Texas, which the navy announced would be returned to private management on Feb. 15. The other properties will be returned as soon as final notice of ratification of the agreements has been received by the navy.

## Scoreboard on Nation's Idle

By The Associated Press

Continuing labor disputes keep idle approximately 1,430,000. Major developments:

Shipping — Union orders 3,500 striking AFL tugboat workers back to jobs in New York harbor after paralyzing 10-day work stoppage; operators join union in agreeing to arbitrate wage-hour dispute.

Automobiles — Federal mediator hopeful of resumption of wage negotiations between General Motors and CIO-United Auto workers as CIO-UAW President Thomas predicts settlement of 86-day old strike "in the not too distant future."

Steel — President Truman's economic staff plans new meetings in efforts to reach agreement on new wage policy designed to halt strikes; announcement of proposed steel price increase, aimed at ending 25-day walkout of 750,000 steelworkers delayed pending issuance of new formula and OPA contention it should apply only to carbon steel, not to alloy.

## Ickes Takes Strong Pokes At President

WASHINGTON, Feb. 14—(AP)—Secretary Ickes, resigning from the cabinet, took pokes at President Truman.

They were not intended to help Mr. Truman's political future. Time will show what damage, if any, they did.

There may be a lesson in democracy in Ickes' manner of going: The freedom of any man to get up and speak his piece about the President.

But his statements provided ammunition for Mr. Truman's critics.

They added more woe to Mr. Truman's other woes of which, at the moment, he has plenty.

Ickes' going in one less link—it was a big link—between Mr. Truman and the people with whom President Roosevelt surrounded himself.

Ickes was an original member of the Roosevelt cabinet. Henry Wallace, now secretary of commerce, is the only member of that original Roosevelt cabinet of 1933 left now.

But Mr. Truman's didn't try to delay breaking this link.

Ickes, writing his letter of resignation, Feb. 12, said he'd stick around until March 31 to clear up odds and ends, if Mr. Truman wished.

Mr. Truman told him to quit tomorrow, Feb. 15.

Wallace probably can stay, if he wishes. He has had the strong support of the CIO political action committee and other so-called liberal forces.

These forces cannot be ignored easily by the Truman administration.

## Peron Denounces Blue Book Aimed At Argentines

BUENOS AIRES, Feb. 14—(AP)—Col. Juan Peron denounced in an interview today the United States blue book which named him and other leaders of the Argentine military government as friends of the Germans.

"It is part of the well known Braden plan which disturbs not only the good relations between the two countries but the tranquility of American republics which see their dignity and sovereignty threatened by untimely interference," the former vice president told El Laborista, official publication of Peron's labor party, which is supporting him in the Feb. 24 presidential election.

Peron's preference was to Spruille Braden, former U. S. ambassador to Argentina and now assistant secretary of state.

## City Officials Study Tax System

Fort Worth's city tax office, judged the most efficiently operated city tax office in the state, will be the subject of study by City Manager Garland Franks and City Tax Assessor A. L. Jones.

Jones and Franks left for Fort Worth yesterday afternoon for a two or three-day visit in Fort Worth and Dallas.

Modern methods of tax assessing and collecting and office routine will be studied by Franks and Jones in order to increase the efficiency of the local office.

Franks also plans to contact the Eighth service command in Dallas to see what steps might be taken in order for the city to take over one of the auxiliary landing fields used here by fliers at Pampa army air field, now on inactive status.

J. B. Hamilton, a representative of the Paragon engineering company of San Antonio, told the city commission Tuesday that he had definite information the field and the two auxiliary fields would be declared surplus.

He urged the city, if it wanted to obtain any of the facilities, to act immediately.

Franks declined to state yesterday whether the city would be willing to take over one of the fields, but said that such a move "is not without its advantages."

## Dewey Tries To Narrow Issues In GM Strike

DETROIT, Feb. 14—(AP)—The CIO united automobile workers strike against General Motors corporation went into its 86th day today with special federal mediator James F. Lewey back again at his self-proclaimed missionary work "trying to narrow the issues."

Heather said the union would not resume negotiations "until Dewey convinces us General Motors is ready to bargain in good faith."

UAW vice-president Walter P. Reuther said the union would not resume negotiations "until Dewey convinces us General Motors is ready to bargain in good faith."

No statement came from GM officials after Dewey had conferred with them earlier in the day.

Meanwhile, trial examiner Gerard D. Reilly of the national labor relations board resumed the NLRB's hearing (10 a. m. EST) on UAW charges that GM failed to bargain in good faith.

Jester Enters Governor's Race

CORSICANA, Feb. 14—(AP)—Beauford H. Jester, a member of the Texas railroad commission, today announced as a candidate for governor of Texas.

Jester, a native of Corsicana, is a former chairman of the board of regents of the University of Texas.

He said he was announcing "in response to numerous requests from every section of Texas and to remove all uncertainty."

"I shall base my candidacy on a determination that the welfare of Texas must come first, as I have shown during my four years on the Texas railroad commission," Jester stated.

"I want to assure the many Texans who have urged that I become a candidate that I shall conduct a vigorous campaign on a platform for the building of a greater Texas," he declared. "I shall present that platform to the people of Texas on March 2—Texas Independence day."

Jester is a graduate of the University of Texas. He served during World War I as a captain in the 90th division.

Gov. Dan Moody appointed Jester to the board of regents of the University of Texas in 1929.

Jester said that his platform "will clearly state my position on the principal issues confronting the people of Texas."

## Police Checking Local Break-Ins

A belief that the burglary of two stores here Tuesday night was connected with a series of break-ins in Amarillo and towns south of here was voiced by Chief of Police Louie Allen today.

The thieves entered the Harvester drug early yesterday morning and escaped with a few fountain pen and pencil sets, a box of cigars and \$34 in cash.

A small amount of whiskey was taken from the Modern Pharmacy, which is located about one-half a block from the Harvester drug store.

Allen said he was planning to place two men on night patrol on foot, in addition to the radio-equipped car patrol.

He said the two would work in shifts and would police every alley downtown in an effort to keep the number of burglaries from rising.

## FIRE LEVELS TWO SUPPLY HOUSES HERE

Upper photo silhouettes about all that was left as flames swept through two oil field supply houses here last week. The results

of the fire, which is believed to have started from grass, are shown in another photo, elsewhere in this section, taken after the flames had died down. Photo, above, was snapped by R. M. Barrett, 216 W. Brown.

## Personal Rights Emphasized by Rotary Speaker

Speaking before an audience smaller than was expected and hoped for last night at the Junior high school auditorium, Morris H. Coers, world traveler and former Indiana legislator, said "When the people give away their rights to the government, they will never get them back."

Observing that he had seen the efficiency of the dictatorial government of Italy and of other fascist and communistic countries, and did not underestimate it, he explained that efficiency was achieved through the people's giving up their freedom to a centralized form of government.

But, he added, "I hope it is true tonight that we are masters of our own government."

Mr. Coers is the first in a series of four speakers to appear here in the ensuing weeks, sponsored by the Rotary club of Pampa. This series, continued from year to year, is free to the public and has its objective "the promotion of international understanding."

The subject last night was "Making International Organization Effective." The speaker was introduced by Travis Lively, member of the local club. His general conclusions in answering the question was that in making the organization effective, which he said is all-important, or "we will all go back to atomic dust," we must all take a part in finding out "what is right with Russia; not what is wrong with Russia; not what is wrong with England, but what is right."

"It's a job of yours," he explained, speaking of everyone as a citizen.

See ROTARY SPEAKER, Page 4

## Missions Question Will Be Decided

WASHINGTON, Feb. 14—(AP)—Congress soon will decide whether the once allied United States should maintain peace-time military missions in such countries as Iran, Syria and Saudi Arabia.

President Truman has authorized to send such missions on invitation—to any country in the world under a bill introduced in the house with state, war and navy department backing.

The missions would help countries to which they were assigned to modernize their armies and police forces. The President also could send naval missions, where requested.

At present, the chief executive in peacetime has authority to send such missions only to countries of the Western Hemisphere and to the Philippines.

State department officials say passage of the bill would help remove the "sphere of influence" concept—that is, would remove favored treatment for hemisphere nations and permit the United States to treat all countries alike, so far as missions are concerned.

FOREIGN-OWNERSHIP

LONDON, Feb. 14—(AP)—The Belgrade radio reported today that the Albanian government had ordered the expropriation of all foreign-owned companies and enterprises in Albania.

THE WEATHER

U. S. WEATHER BUREAU

WEST TEXAS: Fair, rising temperature this afternoon, tonight, and Friday; lowest temperatures: 28-32. Panhandle, South Plains, and upper Pecos valley tonight.

OKLAHOMA: Fair tonight and Friday; slightly warmer today and tonight in east half Friday; low tonight near 20.

Tuneup, brake service and overhauling motors. Pampa Lubricating Co., 114 E. Francis. (Adv.)

### Directors of Red Cross Plan 1946 Campaign

Outlining his plans for the approaching 1946 Red Cross fund-raising campaign, Chairman Joe Fischer stressed the importance of a well-organized speedy drive at a meeting of the executive committee of the board of directors of the local chapter, held yesterday at the Hillson office shop.

Huey Laycock, chapter chairman, presided at the meeting.

In the line of Red Cross production work, Mrs. J. B. White, executive secretary, mentioned that more cutters are needed in the production room.

Frank Smith, who recently returned from serving with the armed forces overseas in both the European and Pacific theaters, stated that the Red Cross production room would no doubt be filled with volunteer workers each afternoon if they could realize the need for clothing among the children of liberated countries, as he had seen it.

The first 1946 meeting of the new board of directors will be held in March, it was announced, with all service chairmen and members of the executive committee included.

Those present at the executive committee meeting yesterday were Mrs. C. P. Buckler, Audrey Steele, Frank Smith, Joe Fischer, Mrs. George Pfäuf, Lieb Langston, Huey Laycock and Mrs. J. B. White.

### Tech Faculty Is Bolstered by Vets

LUBBOCK, Feb. 14.—Faculty and staff of Texas Technological college are resuming normal strength with the return of former members from the armed services and a few additional appointments, according to Dr. M. M. Whyburn, Tech president.

Two former faculty members returning to Tech from the armed forces are N. Casey, first associate professor of animal husbandry, and C. George Decker, professor of civil engineering.

Three new additions to the faculty include Frank Kelley, instructor of mechanical in the department of textile engineering, Joe Egan and Sam Leiferts, both part-time instructors in government.

Robert M. Smith, graduate of South Dakota college and veteran of four years in the navy, has been appointed superintendent of the Tech Press.

Two army discharges have been added to the department of military science as instructors. They are James D. Davenport, Jr., and Joe P. Sewell, both veterans of the European theatre.

### Home Economists Are Needed Badly

LUBBOCK, Feb. 14.—The demand for trained home economists far exceeds the number of college graduates available for jobs as home-making teachers, home demonstration agents and other home economic workers, according to Miss Margaret Weeks, dean of Home Economics at Texas Technological college.

"Each day the calls for home economists to fill various jobs increase. The total number of opportunities for positions in the field has reached 27 since the first of January. Institutions in Louisiana, New Mexico and Arizona as well as Texas have contacted the Tech department for recommendations.

"We do not have anyone to recommend for all our graduates are placed before they receive their degrees. January home economics graduates received jobs as demonstrators in a Texas university and in high schools teaching home making," says Dean Weeks.

The children's bureau of the department of labor was established in 1912.

### Nu-Way Cleaners Changes Ownership

New Panhandle business owners in Pampa are Glen T. Tindle and W. G. Teague, brothers-in-law, who purchased the Nu-Way Cleaners, oldest cleaning establishment in Pampa, from Mr. and Mrs. Ernie Forducey the first of February.

Mr. and Mrs. Ford Forducey operated the Nu-Way cleaners for 14 years. They will be in Pampa until their daughter, Wanda Lee, completes this year's term at the Holy Soul's Parochial school where she is a student in the sixth grade.

Mr. and Mrs. Teague and two children, age seven and three, are of Perryton where Teague was connected with the Texas Cleaners for ten years. They are members of the First Methodist church.

Mr. and Mrs. Tindle and two daughters, age three and one, are of Pritch where Tindle was associated with the Texhoma Natural Gas Co. for six and one-half years. They are members of the Church of Christ. Teague is a member of the Masonic lodge.

### Attainment of World Security Is Discussed

Speaking on the attainment of world security, Charles Peyton, district governor of Rotary, addressed the local Rotary club at its noon luncheon yesterday.

Peyton said attainment of security is the basic element in our way of life and he stressed that Rotary both the club and the individual could do much toward attainment of security for all peoples.

He added that Rotary can and should wield a powerful influence in the solving of problems which directly concern our fellow man.

"Our country has come to the realization of a need for security," he continued, "and it is a constant challenge to Rotary to help obtain this security through fellowship and by putting to practice our motto, 'Service Above Self.'"

Peyton concluded by saying that peace in the world must come first in the mind of those who make it. He stressed that documents he added can be torn up, but a man's love of peace will never be taken from him.

### Lions Minstrel Tickets on Sale

Tickets to the Lions Minstrel show to be held February 21-22 were to be placed on sale today on distributing tickets to Lions at the noon luncheon. Ticket Manager Charlie Thut said.

Reservations, in charge of F. L. Stallings, may be secured next Monday at the Harvester drug store.

Eighty colored material to be made up into costumes for the all-darker 60-member chorus was to be issued chorus members today.

The next rehearsal of the show is scheduled for 7 o'clock tomorrow night at the San Houston school auditorium Sunday at 3:30 p. m. The entire show will be given from beginning to end for the first time. All participants are urged to be present.

### Two-Wheel Hand Trucks on Sale

Availability, as surplus government property, of much sought after two-wheel hand trucks was announced today by A. C. Elmendorf, deputy regional director of War Assets corporation, consumer goods division in Fort Worth.

More than 25,000 steel wheel hand trucks are now being offered at fixed prices to priority claimants, including veterans of World War II, and dealers through the consumer goods regional offices maintained by War Assets corporation in eleven cities throughout the country. Industrial users are also eligible to purchase.

Industrial plants, wholesale grocery and drug concerns, freight, warehouses and stevedoring firms and car loading companies are among the business activities to whom this important truck sale will be welcome news.

The hand trucks, especially built for the army to handle heavy freight, have wood side rails, steam bent wood handles and are ironed with four cross bars. Sizes range from 62x24 inches to 60x24 inches. Both new and used trucks are included in the sale.

Inquiries of prospective purchasers in Texas, Arkansas, Oklahoma and Louisiana should be addressed to the War Assets corporation, Neil P. Anderson Building, P. O. Box 1407, Fort Worth 1, Texas.

### Regular Meeting of Brotherhood Is Held

The Men's Brotherhood of Central Baptist church met Tuesday evening, February 13, with nineteen men present. The pastor, Rudolph Q. Harvey, brought the message on "The Things a Live Brotherhood Should Do." President Erick Edwards was in charge of the meeting and at the close of the pastor's message the men had a testimony meeting. The men all stated that it was one of the most spiritual meetings that they had ever attended in a brotherhood meeting. Refreshments of pie, ice cream, and coffee were served to the men. We want to invite all men to come and be with us on second and fourth Tuesday nights.

### Two Years For Death

EDINBURG, Feb. 14.—Gerardo Juarez, 25, citizen of Mexico, was sentenced yesterday by District Judge Bryce Ferguson to two years in state prison when he pleaded guilty to a charge of murder without malice in connection with the traffic death of Nicolas Ortiz near Alamo, Dec. 1, 1945.

### Mainly About Pampa and Her Neighbor Towns

Rev. and Mrs. Rudolph Q. Harvey have signed the final papers necessary in the adoption of their daughter, 2 1/2-year-old Mildred Ann, whom they accented when she was 18 months old at Houston. Reverend Harvey, pastor of the Central Baptist church, was pastor at Houston Magnolia Park Baptist church at that time. They have no other children.

### Steel, Tin Shortage Affects Texas Cannery

WESTLACO, Feb. 14.—(AP)—Because of the steel and tin shortage Valley citrus fruit canneries have turned out approximately a million cans less this year than in 1945 at this time, the South Texas Canners Association announced.

J. Overby Smith, association secretary said almost all canneries are operating, but they are far below their combined capacity of a half million cases weekly.

**A Vital Message to Men Who Feel Old**  
Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Just ask your druggist for CANELA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 50 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CANELA tablets and regain the vim and zest of a youth gone long ago? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about the formula.

## Uses for Aviation Told at Meeting

The Progress club met at the home of Mrs. B. E. Finley Tuesday afternoon. After roll call and a short business session Mrs. D. V. Burton, president, introduced the guest speaker, L. W. Jolly.

Mr. Jolly of the Pampa Municipal airport spoke on "Aviation and What It Means to Us." His discussion, concerning aviation for business rather than for pleasure, brought out that airplanes are used to spot forest fires, then to drop paratroopers into the fire areas to put out these fires. Lakes and streams are being restocked with fish, planted from airplanes. Also airplanes are used to dust cotton, fruit, wheat, potatoes, and in some areas to plant rice.

He pointed out that since time is such an important factor in our life today, executives of many business concerns travel by air for business trips.

Many of the famous "Flying Tigers" have organized cargo service, thus stimulating some major airlines to take larger cargoes.

Mr. Jolly foresaw landing strips along highways and more towns marked for the benefit of amateur pilots.

The hostess, Mrs. Finley, served a salad and dessert plate to the following: Mrs. S. L. Lewis, a visitor and former member, Mrs. W. C. Jones, Mrs. George Briggs, Mrs. S. E. Shemis, Mrs. C. P. Buckler, Mrs. D. V. Burton, Mrs. W. E. Ewing, Mrs. H. L. Ledrick, Mrs. James Todd, Mrs. Knox Kinaard, Mrs. Jenette Hutchinson, and Mrs. Dave Pope.

## Society and Clubs

IN THE NEWS

### Homemaking Theme of Twentieth Century Culture Club Meeting

"Homemaking" was the theme for the Tuesday afternoon meeting of the Twentieth Century Culture club, when the members were entertained at the home of Mrs. Douglass Nelson.

Mrs. L. N. Atchison, vice president, presided in the absence of Mrs. W. B. Weathered who was ill. Roll call was answered with a "homemaking hint."

Mrs. V. L. Hobbs discussed "Co-operation in the Home," stating that "in order to have every member of the family feel that he is a part of the home, let each have a share in the duties of the home." Sometimes, she added, "it takes longer to let the 'small fry' do the household chores, but in later years it will pay dividends, when mother can step out for an afternoon and know that her home is taken care of by other members of the family."

Mrs. Kester Juno emphasized the importance of arrangement in her talk on "Tips on Time Saving." "We may have modern equipment," she said, "but unless it is conveniently arranged, we will use more time getting it assembled than if we had gone ahead with the old fashioned equipment. Place things near the spot where they will be used to save minutes." Another time saver she described was to keep woodwork surfaces waxed, so that dust may easily be wiped off.

The hostess served heart shaped cakes, sandwiches, Pittsburg candies and hot tea to Mrs. M. K. Griffith, a new member; the following members: Mrs. L. N. Atchison, Mrs. G. L. Craddock, Mrs. M. P. Downs, Mrs. V. L. Hobbs, Mrs. E. L. Henderson, Mrs. Rufe Jordan, Mrs. Kester Juno, Mrs. Joe Key, Mrs. Hue-lyn Laycock, Mrs. R. C. Mason, Mrs. Jack Merchant, Mrs. Fred Ratcliff, Mrs. E. O. Wedgeworth, and Mrs. Julian Key, and one guest, Miss Mary Ann Wright of Coffeyville, Kansas, who is visiting with Mrs. E. L. Henderson.

Refreshments, served from a table set with white candles in silver candelabra and an old fashioned bouquet in a silver bowl, carried out the traditional theme with heart and pinwheel sandwiches, cup cakes, flower and low-knoted cookies, and red heart-shaped mints which had been hand decorated.

Mrs. George Hepner greeted the guests as they arrived and Mrs. Roger McConnell kept the guest book. Mrs. F. L. Stallings and Mrs. Roy McKernan presided at the tea service.

The speaker for the afternoon, Mrs. Grace Hodge, was introduced by Mrs. Joe Gordon, program chairman. Mrs. Hodge's topic was "Youth Conservation."

The meeting closed with the club custom, a prayer by a member of the American home committee, Mrs. C. E. Branson who honours at this time.

The guest list follows: Mrs. J. M. Fitzgerald, Mrs. Paul Kasahke, Mrs. John Skelly, Mrs. J. G. Doggett, Mrs. J. P. Wehrung, Mrs. Farris C. Caden, Mrs. H. N. Nield, Mrs. R. S. McConnell, Mrs. Roy Chisum, Mrs. Albert Doucette, Mrs. I. B. Hughey, Mrs. J. F. Allen, Mrs. M. S. Lamb, Mrs. T. Price, Mrs. R. C. O'Keefe, Miss Jane Hicks, Mrs. Walter Roberts, Mrs. E. A. Ellis, Mrs. Diana Wood, Mrs. F. L. Stallings, Mrs. Glenn Radcliff, Mrs. Loyse Caldwell, Mrs. Harold Weider, Mrs. Ray Martin, Mrs. Lee Moore, Mrs. W. R. Campbell, Mrs. Hana Davis, Mrs. M. F. Roche, Mrs. D. C. Kennedy, Mrs. R. E. McKernan, Mrs. Robert Sanford, Mrs. Charlie Thut, Mrs. James Massa, Miss Marie Stedje, Mrs. Edwin Vicars, Mrs. Garland Francis, Mrs. C. N. Davis, Mrs. Grace Hodge, Mrs. James McCune, Mrs. W. S. Dixon, Mrs. Earl O'Brien, Mrs. Carl Wright.

Mrs. Chester Thompson, Mrs. C. C. Drew, Mrs. R. J. Hagan, Mrs. H. W. Waddell, Mrs. Walter Dean, Mrs. J. M. Hopper, Mrs. J. W. Gorman, Jr., Mrs. Joe Hodge, Mrs. Alex Schneider, Mrs. John O. Miller, Mrs. Clifford Braly, Sr., Mrs. Charlie Russell, Mrs. G. A. Branson, Mrs. Marvin Cooper, and Mrs. Herman Van Sickle.

### Surprise Birthday Party Given Friday

Guy Savage was entertained at a surprise birthday party last Friday, when his mother Mrs. E. Savage, was hostess to a group of his friends at her home, 417 N. Davis. Games were played during the afternoon and Mrs. Savage served

cake, ice cream, pop and popcorn decorated in pink and white, were served to Betty and John Atchley, David Dean, Lewis, Barbara, Tillman, Sonny Roberts, Laverne Lamb, Hershel Wayne Bogle, Glen Elms, Larry Blair, Bobbie Hulsey, Freddie Smith, Dickie Spence, Daria Gean Hammer, and Patricia Martin.

Mothers present were: Mrs. Chester Hulsey, Mrs. Boyd Smith, Mrs. Stanley Hulsey, and Mrs. Edwin Cates. Winfred Ray also received gifts from Barbara Halley, Preston Thompson, Carl Wayne Knoll and Mrs. Estel Cates.

Those attending the party included: Jack Lanford, Arthur Martin, Druette Sargent, Jimmie Savage, Bobbie Burns, Jewel Moore, Ray Dean Noland, Billy Leudecke, Thurman Weathered, James Lewis, Kenneth Savage, Aurenia White, Donald Max Noel, Wanda Leudecke, Julia Dames, Jonnie Amen, Darrell Cocklin, Jane Chambers, Patsy Groninger, Mr. and Mrs. Bo Barrett and Mr. E. Savage.

## High Style Fabric Gloves

Fabric gloves, once famed chiefly for their practicality, have emerged as serious rivals of delicate doeskin and fine French suede for style and beauty. Hand-forged seams and dainty French knot embroidery on the Wear-Kright gloves, pictured right, are typical high style features of modern fabric gloves.

The velvety soft suedelike finishes make them suitable for wear with smartest costumes, but budget-minded gals still appreciate their practical "wash like a hanky" quality.

Every ship has a painted mark on its hull showing how low in the water she can be permitted to sink safely when loaded.

### Chitter Chat Members Given Valentines

Each member of the Chitter Chat club received a small Valentine remembrance from Mrs. L. E. Willis at the Tuesday evening meeting of the club at the home of Mrs. C. W. Coffin.

After the business meeting, plate refreshments were served, cleverly carrying out the Valentine motif with heart shaped sandwiches and pale pink cake topped with whipped cream. The plate favors were small red hearts with a Valentine message and the name of each member.

Those attending the meeting were: Mrs. Glenn Waggoner, Mrs. J. A. Grundy, Mrs. J. E. Harrison, Mrs. A. B. Whitten, Mrs. L. E. West, Mrs. Vi Wells, Mrs. Howard Archer, Mrs. W. L. Harrison, Miss Mary Francis Kiefer and Miss Dorothy Barrett.

The next meeting will be in the home of Mrs. W. L. Harrison, with Mrs. Howard Archer as hostess.

### Tailored Lingerie

Particularly nice is this crisply tailored slip and pantie ensemble for the larger figure. Built-up shoulders are cut in with the slip, give more support and stay in place. Make the set of white rayon satin or fine cotton, or in dark shades, if you like.

Pattern No. 8002 is designed for sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38 slip, requires 2 3/4 yards of 35 or 39-inch fabric; pantie, 1 1/8 yards; 3 1/2 yards lace trimming.

For this pattern, send 20 cents, in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett (Pampa News) 1150 Ave. Americas, New York 19, N. Y.

Just off the press! The new SPRING AND SUMMER issue of FASHION Colorful, smart—and a FREE PATTERN, 15 cents.

## Harrah W. S. C. S. Give Stork Shower

Harrah Methodist Women's Society of Christian Service entertained at a stork shower Tuesday afternoon, honoring Mrs. Johnny Giddings. The party was given at the home of Mrs. D. S. Buckner, 701 E. Albert Ave. Mrs. Giddings' husband went into the service three weeks ago.

Refreshments were served by the hostesses, Mrs. Buckner and Mrs. Charles Pryor to fourteen ladies present. Mrs. Grady Adcock was in charge of the games.

## RELIEVE THAT TORMENTING PIN-WORM ITCH

It is no longer necessary to put up with the trouble caused by Pin-Worms! A highly effective way to deal with this ugly infection has been established. Ask your druggist for P-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son.

The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. So don't take chances with the embarrassing rectal itch and other distress caused by these creatures that live inside the human body. If you suspect Pin-Worms, get JAYNE'S P-W and follow the directions. Your druggist knows: P-W for Pin-Worms!

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcinate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

**NOTHING LEFT BUT RACK AND RUIN**

Photo shows devastation following last week's fire which razed two local supply company buildings, which also housed two fam-

ily homes. The picture was taken by Irl Smith, commercial photographer.

**Chinese Resent Yalta Agreement**

CHUNGKING, Feb. 14.—(AP)—Chinese newspapers today expressed dissatisfaction with terms of the Sino-Soviet agreement virtually decided by the Big Three at Yalta a year ago.

They charged that China virtually was forced to conclude the Sino-Soviet treaty under duress. The treaty provided for joint Russian-Chinese administration of the Chinese-Eastern and South-Manchurian railways, outlets from Dairen, internationalization of the port of Dairen, and restoration of the Russian lease on Port Arthur.

The World Daily News said that Russia's entry into the war against Japan was conditioned upon rewards, mainly at China's expense. In an indirect reference to the continued stay of Soviet forces in Manchuria, the paper declared that the Yalta agreement provided for the restoration of China's sovereignty over Manchuria.

Ta Kung Pao, a Chinese language newspaper, also took an indirect shot at the Russians for remaining in Manchuria beyond the Feb. 1 deadline for their withdrawal.

It asserted that the Big Three decided matters affecting China without consulting Chungking.

**Rotary Speaker**

(Continued from page 1)

zen of America, England and Russia were merely picked as examples. The whole world is involved.

He touched on many important questions: It is a mistaken idea that we are the most unselfish people in the world, he said. There is still much we can do to help other peoples. Of the return of the Jews to Palestine, he said that they would go back, for: "The Jew stands on the side of progress, and you can't stop him." Conversely, the Arab lives with resignation to the past. He asserted it was outside influence which was causing the trouble between the Arabs and Jews.

France, he declared, was weak from within. But—she had the greatest army in the world. "It was not a great army that made our (America) it was our inner fighting spirit." He rapped the army for moving its men so many times. In this war, he said, our men were moved six times—only three during the first war.

"Touching lightly on racial tolerance by implication, he said: "It takes the black and white keys to play the Star-Spangled Banner."

He does not believe that compulsory military training should go beyond the colleges and high schools. Boys 18, 19, 20 need the environment of home. "Home as an institution must remain, x x x I will loan my boy to the state (for training) but I want him to be mine."

On the subject of world community, he said: "Everyone of you tonight is a world citizen whether you want to be or not."

He pleaded for leadership to step forward in every community, as one of the prices we must pay for our continued freedom. Russia, he said, has had initiative. When she uses it, we are peaced.

In response to questions from the audience, he said:

Secretary of State James F. Byrnes has the background for the job he is assuming; the respect of both parties. He said he would like to have seen the two great characters, Roosevelt and Churchill, still in power to solve the problems of the English-speaking people.

He believed the newspaper stories and editorials exaggerated the degree of failure of our occupation troops in Germany.

The next lecture will be on air transport—Feb. 20.

**Wage-Price**

(Continued from page 1)

Truman's economic staff headed for new meetings this morning, hopeful of whipping some sort of a settlement into shape today.

Last night, the President himself reportedly was faced with a decision on the wage question. One informed official said Mr. Truman "apparently has rejected" a return to wartime wage controls similar to those of the old war labor board.

**IMMIGRATION SET**  
JERUSALEM, Feb. 14.—(AP)—The Palestine government fixed at 3,450 today the maximum number of immigration certificates to be honored for the period from Dec. 15, 1945, to March 14, of which 300 are for Arabs and the remainder for Jews.

**Argentina**

(Continued from page one)

tary of state in charge of Latin American affairs.

El Laborista quoted Peron as asserting the blue book "reveals an extraordinary imagination of its author and a disturbing lack of proofs."

"The Braden plan," Peron said, was "well developed foreign espionage in prejudice of the sovereignty of all American republics and has a great resemblance to the justly criticized Nazi espionage."

Informants at the foreign office said foreign minister Juan I. Cooke would refer to the blue book in a radio speech on foreign policy scheduled for tonight.

Cooke declined comment when he left the foreign office last night. Other government sources said they considered the U. S. charges directed at Peron, rather than against the present government which took office after Peron resigned as vice president.

Peron himself has not yet commented on the blue book, although in a campaign speech Tuesday night he accused U. S. under Secretary of State Spruille Braden of "insolent intervention" in Argentine affairs.

The pro-Peron newspaper La Esposa said the blue book was "concocted for political reasons" and was "a combination of lies and open contradictions." It quoted Peron as describing the contents of the book as "crude lies."

Meanwhile, some of the other prominent Argentines mentioned in the U. S. document quickly issued denials of pro-Nazi activities.

The newspaper La Nacion, commenting editorially, said the rest of the world in assessing the Argentine people's responsibility for the affairs detailed in the blue book should remember that "there has been a clear line of separation between the government and the people for several years."

**Atom Test**

(Continued from page 1)

target ship in the Atoll. Topside damage to superstructure and above-water portions of hulls from blast, pressure and heat waves emitted by the bomb.

2nd test—Bomb exploded at surface level. Worst damage expected to come from a huge tidal wave, possibly as high as 100 feet.

3rd and final test—Bomb exploded at another site and in several thousand feet of water. The object is to plant the explosion deep under the target fleet so that water-transmitted pressure will drive in the hulls of ships.

Task force officials say this experiment would not be tried first. The reason: All the target ships might be destroyed, leaving no chance to assess damage results.

**Ickes Fight**

(Continued from page one)

tion which already must be thinking of the 1948 elections.

The group closest to Mr. Truman is almost strictly a Missouri group, friends of his from his own state of Missouri. The list of his Missouri appointments includes:

Reconversion Director Snyder; Stabilization Director Collet; Surplus Property Administrator Symington; Charles G. Ross, his press secretary; Chester Davis, a member of Snyder's advisory board; Brigadier General Vaughan, his military aide; Commodore Verdaman, his naval aide.

Mr. Truman appointed his old senate mate from Missouri, Bennett Clark, who was defeated for reelection, to the federal court of appeals. He named Gen. Omar Bradley, another Missourian, as veterans administrator.

Robert Hannegan, postmaster general and chairman of the democratic national committee, is also a Missourian, and one of the men most responsible for Mr. Truman's nomination to the vice presidency. Hannegan was named postmaster general by Mr. Roosevelt.

## Saving Bank Deposits Increased By Two Billion Dollars in 1945

Record totals in amounts of deposits and number of depositors are shown in the annual reports of the national association of mutual savings banks. As of January 1, 1946 total deposits in the mutual savings banks of the country reached \$15,332,202,146, representing an increase of \$2,000,391,516 over a year ago. This is the greatest increase in deposits in any single year in 130 years of operation.

Total assets kept pace with deposits and now amount to \$17,013,451,176, an increase during 1945 of \$2,200,790,979.

The number of mutual depositors increased by 52,333 during the year, making a record total of 16,902,762 accounts.

A breakdown of deposits showed

that at the year-end mutual savings banks had \$15,287,257,925 in "regular accounts." This balance excluded all "special purpose accounts" such as Christmas clubs, school savings, and similar accounts. The average deposit in "regular accounts" amounted to \$1,104.96 and the average deposit for all types of accounts was \$907.06.

Combined surplus of mutual savings banks reached the peak figure of \$1,628,857,713, an increase of \$174,119,405 over the total for 1944. This establishes a ratio of surplus to deposits of 10.6 percent, one of the most substantial ever afforded any large sum of small capital.

Interest-dividends paid to depositors remain stable, emphasizing continued limited investment possibilities, the average rate paid upon deposits being 1.58 percent.

## IS HUSBAND'S COLDNESS YOUR FAULT?

WHY TAKE CHANCES with your happiness? Thousands of women who suffered the torment of marital uncertainty are grateful for their discovery of CERTANE Douche Powder. This refreshing, delightfully fragrant powder effectively cleanses, deodorizes, soothes sensitive tissues, and increases vaginal odor. CERTANE cleanses and soothes sensitized tissues, and increases vaginal odor. CERTANE cleanses and soothes sensitized tissues, and increases vaginal odor. CERTANE cleanses and soothes sensitized tissues, and increases vaginal odor.

Commenting on these record gains, Isaac W. Roberts, president of the Philadelphia saving fund society and president of the national association said:

"The fact that such a large segment of the American public is entrusting its savings to our mutual savings banks is an indication of the determination of the people to build up reserves against the uncertainties of the future in peacetime as well as in war. It is apparent that a nation-wide orgy of spending now would accelerate current inflationary trends. To guard against this contingency, mutual savings banks are exerting all their influence. Much

## Iturbi Offers Good Music for War Neurosis

By BOB THOMAS HOLLYWOOD, Feb. 14—(P)—Treatment of war neurosis with Chopin, Debussy and Gerashwin—that's Jose Iturbi's contribution to the postwar effort.

The beneficial effects of music on neurotic combat veterans is not to be overestimated, but Iturbi said doctors have told him that his piano playing often has a soothing and sometimes remedial effect on his aut-nerve listeners. Moods, tones and tempos of the music often release restrained emotions of the boys, he explained, and in some cases that is all that is needed.

"After one concert before a group of neurotic cases," he related, "I noticed that one of the boys was weeping violently. The doctor, however, seemed pleased. 'Don't worry,' he said to me 'that boy will be well in a few days'."

He is spending much of his free time in the service hospitals. He sometimes plays for seven hours straight.

Joe's most requested numbers are the Polonaise, Rhapsody in Blue and Claire De Lune. Despite his acrobatic, he has no requests for Boogie Woogie.

Latest Hollywood organization is a group of 20th Century-Fox actresses who call themselves "The Bachelor Girls." President of the sorority, Jim told, is June Haver, and members include Faye Marlowe, Cathy Downs, Nancy Guild and Evelyn Haver, June's sister. Peggy Cummins is one of the new pledges.

By-laws of the group call for less night clubs and more moonlight rides, fewer elopements and more church weddings. Their motto is Kipling's, "He travels fastest who travels alone." I'll bet the members will show no remorse when they resign from the organization.

Four and a half years ago stirring Hayden left Paramount, saying he was through with movies. Now he has signed a new contract and will be back at the studio April 1.

When Clark Gable gets back from a Florida vacation, he'll have a reunion with a war hero. The vet is Lance, Clark's doberman, who has been released from the coast guard with a commendation for overseas service.

Twentieth-Fox deleted a line in "Anna and the King of Siam." Linda Darnell was to say "Texas?" "I've never heard of Texas." Betty Grable had a similar remark about the Lone Star state some years ago and the studio hasn't heard the last of it yet.

The broad objectives of peaceful living cannot be accomplished by diplomatic and governmental contracts working alone. They must be supported by the establishment of relationships among individuals and among their cultural and commercial organizations which must provide the means of reconstruction, economic security, and improvement in the material standard of life. — Beardsley Ruml, chairman Federal Reserve Bank of New York.

is being accomplished by a definite program of public education through advertising, public addresses and every-day customer contacts. By constantly preaching the philosophy of thrift and careful spending, mutual savings banks are making a vital contribution to the welfare of our country and helping to maintain the stability and integrity of our economic system."

## Organization of Naval Reserve To Move Swiftly, District Head Says

NEW ORLEANS, Feb. 14—Organization of the various components of the naval reserve in the Eighth Naval District will move swiftly, Captain Arthur A. Ageton, USN, district director of naval reserve said today as he made plans for an early tour of key cities in the district to select locations for the organization of the ready reserve.

The naval reserve will consist of surface, air and specialist components and a merchant marine reserve.

It is expected that the total reserve throughout the United States will consist of 10,575 officers and 136,000 men in ready reserve. No limit has been placed on the size of the standby reserve.

Captain Ageton said the naval reserve will be stronger than ever before. By V-J Day naval reserve officers, comprising 87 per cent of the total officers in the navy, had

written an impressive record of accomplishment in the most extensive war in history.

"Members of the naval reserve did a splendid job during the war," Captain Ageton said, "as evidenced by the very responsible positions they were given on aircraft carriers, battleships, cruisers, and in command of destroyer types ships and landing craft in the amphibious forces."

At the time of the Japanese surrender there were 41 reserve officers in command of destroyers, 11 in command of combat submarines, and 22 of training submarines, 302 destroyer escort commanders, 33

on seaplane tenders while 473 reserve officers commanded minesweepers and four other types of minecraft. Forty-three reserve officers commanded divisions of destroyer escorts, 27 motor torpedo boat squadrons, while in the amphibious forces, 37 commanded landing craft flotillas, and 113 commanded landing craft groups.

By August, 1945, 701 reserve officers were in command of submarine chasers, patrol craft and similar vessels, Captain Ageton said.

Orleans, handles only surface components of the naval reserve. Officers and others interested in naval aviation should contact the commanding officer of the nearest naval air station for information concerning naval aviation reserve.

Hunger makes for ill will among men and is an enemy of peace. Our youth of today, with their minds on peace, may like to prove that the plow is yet more powerful than the atomic bomb.—Wheeler McMillen, editor The Farm Journal.

## CUT THE COST OF LIVING

**Market Briefs**

**WALL STREET**

NEW YORK, Feb. 13.—(AP)—Prices fell fractions to 3 points and more in today's stock market with losses especially pronounced in the steel, motor, rail, chemical and motion picture groups.

Failure of the government to come through with its long-awaited new wage-price policy accounted for pessimism among investors concerning cut-out favor difficulties.

Contributing to the downturn were some reduced earnings reports coupled with the idea that production stoppages, a lack of materials and other factors stemming from industrial strife would be bound to be reflected in first quarter profit summaries when they come out.

Volume approximated 1,700,000 shares against 1,400,000 Monday—last proceedings before yesterday's Lincoln day closing.

Losses were U. S. Steel, Bethlehem, General Motors, Chrysler, Goodrich, Sears, Roebuck, Westinghouse, International Harvester, United Aircraft, American Can, Westinghouse, Du Pont, Union Carbide, Allied Chemical, Eastman Kodak, Santa Fe, Great Northern, Union Pacific, Stan-

ard Oil (N. J.), Loew's and Paramount. American Telephone, Western Union "A" and American Radiator retained the lower trend. Equities were in demand in late trading.

Bonds were easy.

**Government Seeks To Avoid Repeat On Down Swing**

WASHINGTON, Feb. 14.—(AP)—Here is an ABC explanation of why the government's new housing program is aimed at keeping down costs and prices on new homes.

Briefly, it's this: There was a building boom after the last war, with soaring prices. Then there was a bust. A lot of people lost their homes and the money they invested in them.

The government wants to avoid a repetition of that now.

Yet the need and demand for new homes now are greater than after the last war. So the government fears the danger of soaring prices—if price controls are relaxed—is just what much it fears.

In this way, the government had—and still has—control over the prices of scarce building materials. Some makers of these materials protest they can't produce at present prices.

Yet the government wants the materials produced. How then to encourage production but keep down the prices of the materials which, if allowed to increase, would mean higher prices in new homes.

The government proposes to do this: Pay the makers of the materials a subsidy. Wilson W. Wyatt, housing expert, thinks these subsidies may cost the government \$600,000,000—money the government would never get back.

They'd work like this: The government would pay the maker of the materials the difference between the price of the OPA allows him to charge and the price he needs to make a normal profit.

In that way—although it's costing the government money—the price would be kept down. Congress still has to approve spending \$600,000,000 that way.

The government doesn't have actual price control of new houses but it's trying to keep down the prices this way.

Since many building materials are scarce, the government can allow them to be used only by builders of low-priced houses.

**Chicks May Be Deprived Wheat**

WASHINGTON, Feb. 14.—(AP)—Drastic government steps may be taken soon to force a sharp cut in poultry flocks as one means of helping feed hungry people abroad.

One of the reasons the United States suddenly discovered that its stocks of wheat are too low to keep up present domestic consumption and still meet export commitments is large amounts of the grain have been diverted into poultry feeds.

In addition to the possible poultry feed order, the agriculture department also is considering steps to limit the commercial output of baby chicks.

With poultry flocks larger than government estimates of need, the department late last year urged farmers to reduce their flocks by at least 13 per cent by January 1 by culling the less productive egg producers. It also recommended that poultrymen raise 17 per cent fewer chickens and 10 per cent fewer turkeys this year.

Preliminary surveys indicate, officials say, that poultry flocks were not reduced by the amount urged.

The ring of Helen of Troy, according to legend, had a star gem taken from the head of a mysterious fish called pan.

**Early Purchase of '46 License Plates Urged**

AUSTIN, Feb. 14.—(AP)—Early purchase of 1946 license plates for motor vehicles is being urged by the state highway department to avoid congesting tax collectors' offices during the last week in March, State Highway Engineer D. C. Greer has announced.

Greer especially urged owners who have acquired used vehicles and have been assigned titles from previous owners to apply at once for their titles.

**Sonja Henie Is Granted Divorce**

CHICAGO, Feb. 14.—(AP)—Sonja Henie, ice skating motion picture star, who testified her husband told her to "go your way and I'll go mine," was granted a divorce today from Dan Topping, wealthy New York sportsman.

They were married here July 4, 1940, and she testified they separated Jan. 11, 1945. They had no children. Miss Henie said a property settlement had been arranged and she waived all other rights, asking restoration of her maiden name.

**How To Hold FALSE TEETH More Firmly In Place**

Do your false teeth annoy and embarrass you by slipping, dropping and wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No mummy, sticky, pasty taste or feeling. Does not sour. Checks "white color" (denture breath). Get FASTEETH at any drug store. (Adv.)

**Chicks May Be Deprived Wheat**

WASHINGTON, Feb. 14.—(AP)—Drastic government steps may be taken soon to force a sharp cut in poultry flocks as one means of helping feed hungry people abroad.

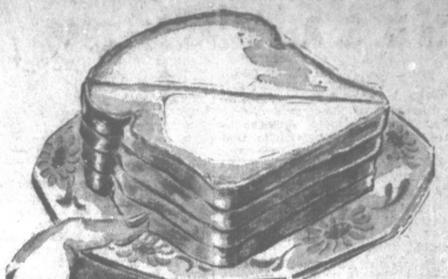

One of the reasons the United States suddenly discovered that its stocks of wheat are too low to keep up present domestic consumption and still meet export commitments is large amounts of the grain have been diverted into poultry feeds.

In addition to the possible poultry feed order, the agriculture department also is considering steps to limit the commercial output of baby chicks.

With poultry flocks larger than government estimates of need, the department late last year urged farmers to reduce their flocks by at least 13 per cent by January 1 by culling the less productive egg producers. It also recommended that poultrymen raise 17 per cent fewer chickens and 10 per cent fewer turkeys this year.

Preliminary surveys indicate, officials say, that poultry flocks were not reduced by the amount urged.

The ring of Helen of Troy, according to legend, had a star gem taken from the head of a mysterious fish called pan.

**Public Cordially Invited**

Monk Watson served on five fronts with the famous 32nd Division, 125th Infantry, A. E. F., as a stretcher-bearer. It was in France that he met the peerless Elsie Janis, who is still remembered with deep affection and honor by the doughboys whose lives she helped to make cheerful. Miss Janis encountered Monk and was impressed by his genial human personality, and told him to look her up if he ever got back to the U. S. A.

Later, while fooling the public with a show of his own in this country, Monk and Miss Janis crossed paths—and Monk joined her troupe. (He was the only monk!) Monk played with "Elsie Janis and Her Gang" for about two years, and then appeared on the Keith and Orpheum Circuits with his own band until 1926.

About that time, the movies were in the process of murdering vaudeville—so Monk, seeing the hand-writing on the wall, became one of the nation's first Master of Ceremonies. He played at the Riviera Theater in Detroit for MORE THAN 5,000 PERFORMANCES.

Among the stars of screen and radio with whom Monk has been associated, and to many of whom he gave the first helping hand up the ladder of fame, were the Boswell Sisters, Wally Vernon, Edgar Bergen, Bob Hope, Gene Austin, Martha Raye, "Rochester," and the late lamented, much-loved Joe Penner.

## 327 Panhandle Men Enlist In U. S. Army During 1946

The total number of men enlisted this year at the Amarillo army enlisting station is 327, according to Capt. Safford. Of this number 198 are from Amarillo and vicinity. During the first five days of February, 53 men have been enlisted in the regular army at Amarillo, 29 men from Amarillo and vicinity.

The drive for enlistments in the regular army has a two-fold purpose for the national welfare, Lt. Antonio Dabov, newly-appointed public relations officer for the Amarillo-Lubbock recruiting area explained. First, the U. S. army recruiting service seeks to secure volunteers to release men who have long and arduous war service and who desire to return to civilian life, and secondly, to build up the regular army to a strength which will be adequate for insuring the protection of our hard-won peace. In both instances, Lt. Dabov stated, the army encourages the enlistment of young men of 17 to 34 who may avail themselves of the educational benefits of the service through travel, the United States armed forces institute and on-the-job training, and afterward the college education offered under the GI Bill of Rights.

To secure the necessary experienced soldiers for supervision and instructors, the war department has

recently extended the time for re-enlistment in grade held at discharge for former army men, to three months. However, in order to secure the re-enlistment furlough of up to 90 days and the generous travel allowance of five cents per mile to their homes and back, former servicemen should re-enlist within 30 days after their discharge. Lt. Dabov reminded all veterans, "The advantages of ROTC training with the opportunity for a reserve commission after two years training are important but little known benefits of the GI Bill. Lt. Dabov brought out. Eligibility for the ROTC courses at senior colleges is open to the former servicemen under the GI Bill and those with at least one year previous service are exempt from the basic two-year course. They may apply for the advanced course in ROTC training. Enrollment in ROTC training includes a 66c per day ration allowance, with increase the subsistence allowance of \$65 per month for single men (90 for men with dependents) under the GI Bill by \$19.80 for a 30-day month—making a total of \$84.90 per month (\$109.80 for married men, etc) while attending college. Lt. Dabov stated. In other words, the young men, or veteran gets a college education, gets paid for it, and secures a reserve commission in the officer reserve corps.

## State Health Department in Need Of Research Library for Study

AUSTIN, Feb. 14—The Texas state department of health is in need of a library of its own so that all those interested in giving Texans the best possible health service may keep abreast of the advanced ideas in their line of work. Many of the problems encountered in dealing with public health require a great deal of research and information. These books are also needed for use by those interested in health questions and by students.

No money has been appropriated for a library and Dr. Geo. W. Cox, state health officer, believes that public spirited citizens, industry and organizations in the state will donate enough books so that the state department of health may have a first class library without spending tax money.

Books are needed on the following subjects: public health, medicine, laboratory technics, nutrition, pediatrics, sanitary engineering, nursing and all subjects allied to those mentioned.

The Texas society for crippled children has made the first donation

of one hundred dollars worth of books dealing with the crippled child. Some books are needed more than others so anyone wishing to buy books to donate should ask for a list from Dr. Geo. W. Cox, state health officer, of those needed most urgently. Books should be sent to the state department of health, Austin.

Competitive examinations for positions in the state department of health have just been announced by the Merit System Council for the Texas state department of health. Examinations are for professional and technical positions, and will be of the unassisted type consisting of an evaluation of training and experience. Veterans preference will be allowed applicants who have been honorably discharged from the United States armed forces and who make a passing score on the examination.

All applications must be mailed before midnight, March 1, 1946. Positions for which examinations will be held, and their salary ranges are as follows:

Director, maternal and child health; field consultant, M. and CH; field consultant, local health services; field consultant, venereal disease; the foregoing must be graduate physicians; public health dentist; engineer; health education consultant; public health nursing consultant; sanitation consultant; field sanitation supervisor; nutrition consultant; administrative assistant; bacteriologists; chemists; entomologists; immunologists; serologists; pharmacists.

Application blanks may be obtained from Russell E. Shander, Merit System Supervisor, Littlefield building, Austin, Texas.

## Vets May Choose Alternate Schools

WASHINGTON, Feb. 14—(AP)—The veterans administration is going to ferret out alternate schools for the veterans who can't find room in the colleges of their choice.

A unit in each of the agency's 54 regional offices will compile information about 1,500 to 2,000 junior colleges and four-year schools an administration official said today.

The official suggested the veteran might consider spending his first two years in junior college. Then he could have his application on file with a four-year school far in advance.

The number of veterans studying under the G. I. Bill of Rights increased sharply in January—from 91,176 at the first of the month to 186,383 at month's end, administration records showed today.

However, 1,200 colleges still had room for 400,000 more students.

## Wool Freight Rates Hearing in Session

CHICAGO, Feb. 14—(AP)—The first hearing in an investigation of wool freight rates was held yesterday by the Interstate Commerce Commission, nearly four years after the war-delayed investigation was ordered by the ICC.

The ICC ordered the probe on July 31, 1942, after the national wool growers' association, 25 state public utility commissions and the Texas sheep and goat raisers' association requested it. Hearings were set for August, 1943, in Chicago, to be followed by hearings in Salt Lake City, San Francisco, Port Worth and Boston.

The war delayed the hearings and in August, 1943, the proceedings were discontinued by order of the ICC. On July 20, 1945, by request of the original petitioners, the proceedings were restricted by the ICC.

Charles D. Bowling, transportation official for the department of agriculture, testified "the department believes that a reduction in the level of wool freight rates, if required, will react to the benefit of many thousands of wool producers in this country."

## Pampan To Take Part In Coronation Ball

CANYON, Feb. 14—One of West Texas State's top social occasions of the year will be the college yearbook's annual coronation ball Saturday evening, February 16.

Miss Key Ledrick of Pampa and Martha Hanna of Stinnett will be crowned Personality King and Personality Queen in a brilliant ceremony. Their beauty court will consist of the fourteen college girls whose pictures will grace the beauty section of Le Mirage, the college yearbook. The identity of these beauties will not be known until they are presented.

Editor Mollie Nann Ziegler of Canyon and Business Manager Homer Jackson of Dalhart are directing preparations for the yearbook's coronation ball. The event will be broadcast from an Amarillo station.

## Texas Today

By JACK RUTLEDGE  
AP Staff Writer

The Granger News has a good linotype machine, a good press, a good linotype operator, a good editor and ad seller, two fairly good publishers—but no bath tub.

And unless they get a bath tub pretty soon, publisher H. B. Fox says the paper will have to quit publishing.

In a page one plea for a bath tub Mr. Fox says this is probably the first time in the history of American journalism that a bath tub has had a vital role in the publication of a newspaper.

This is the story: Joe Dickens, a skilled linotype operator, gave up a good job in San Antonio to take one on the Granger News. He wanted to live in a small town, and he near Mrs. Dickens' parents, Mr. and Mrs. Tom Teague.

To get him to move to Granger, the News promised him a place to live.

But finding a place was as difficult as it is in Austin or Dallas or New York.

The News finally got Mrs. J. S. Fox to build an apartment and rent it to Mr. Dickens. So far, everything has gone well except a few odds and ends have

been located, with the major exception of a bath tub.

There are, says Mr. Fox, no bath tubs.

The News is ready to settle for a second hand bath tub, and is even contemplating, says Mr. Fox, contacting Sen. W. Lee O'Daniel to see if he can spare a bath tub from his 14-apartment home which he is converting into a private residence for himself and family in Washington.

Yesterday Mr. Fox wired Frank King of the Associated Press, and said the situation was desperate. Fourteen farmers have stopped plowing, he said, to hunt a bath tub. The chamber of commerce is combing the county. The sheriff is searching.

Mr. Fox wanted to know if Mr. King had any influence with O'Daniel.

The Granger News, he says, is fighting for its life.

POSTAL RESTRICTIONS  
BERLIN, Feb. 14—(AP)—Restricted international postal service between Germany and the rest of the world will be re-established by April 1.

Pull benefits of the GI bill of rights have been extended to young men who enlist prior to October of 1946.

## New Natural Gas Sources Needed

WASHINGTON, Feb. 14—(AP)—Counsel for three natural gas companies told the federal power commission yesterday that new sources of natural gas are urgently needed to supply increasing demands in southern California.

The commission, with Examiner Glen R. Law presiding, is considering an application of the El Paso Natural Gas company to construct and operate a 1,000-mile pipeline from Moore county, in the Texas Panhandle, to Blythe, Calif., near the Arizona-California state line.

The southern California Gas company and the Southern Counties Gas company of California are applying for permits to construct a 214-mile pipeline from Blythe to connect near Santa Fe to Springs, Calif., with a line servicing the Los Angeles area.

Carl I. Wheat, attorney representing the three companies, told the examiner that the two California companies are now tapping virtually all the oil and gas fields in California. The companies serve more than a million consumers and the demand is increasing constantly, he said, but there is a decline in available gas and new discoveries in California are running behind.

Wheat said the 1,000-mile pipeline would cost more than \$50,000,000 and the 214-mile pipeline \$13,700,000.

It is economically feasible, he added, because the supply of gas in the Hughton and Texas Panhandle gas fields is sufficient to "assure for this project a 30-year economic life."

## Roosevelt Estate Claims Exemption

ALBANY, N. Y., Feb. 14—(AP)—An authoritative source said today President Roosevelt's estate has filed a claim for exemption of his 1944 New York state personal income tax on the ground he was a member of the armed forces when he died last April.

The state tax department declined to comment, saying that under the secrecy provisions of the income tax law it could not reveal whether such a claim was filed.

The federal income tax law grants a year's tax exemption to service men who died while in service.

The Roosevelt estate claim will go through routine processing. This ordinarily takes several weeks.

## Now She Shops "Cash and Carry" Without Painful Backache

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause aching backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Bronchial COUGHS

Due to Colds  
Spend 45 cents today at any good drug store for a bottle of Buckley's CANADIOL Mixture. Take a couple of sips at bedtime. Feel its instant power. Effective action spread thru throat, head and bronchial tubes—starts at once to loosen up thick, choking phlegm, soothe raw membranes—make breathing easier. Sufferers from those persistent, nasty irritating coughs or bronchial irritations due to colds find Buckley's brings quick and effective relief. Don't wait—get Buckley's Canadiol today. You get relief instantly.

Leaves From a Correspondent's Life Notebook

By HAL BOYLE

BOMBAY, Feb. 14—(AP)—Two types of Britons serve under the imperial banner in India—those who come only to earn enough to retire again to England and those who learn to love this vast troubled land and make it their adopted home.

I've met both since I settled down in a small hotel along the Bombay water front near a building which once served as American army headquarters here.

Each of the two men had spent 20 years in India.

One was a small, active, middle-aged Londoner who just returned from England after six months leave, and he was still homesick for the fogs of his mother country.

His ambition was to save up \$20,000 so he and his wife could return to England and open a small business of their own.

The other side of the Englishman in India was represented by my roommate—Bombay is so crowded it almost is impossible to rent a single hotel room. Walter R. Rudd, 32-year-old electrical and mechanical engineer.

Rudd is a cheerful man, ruddy and plump, who has fought for Britain in eleven countries in two world wars. This service has cost him 13 years of his life and four battle wounds—two in each war.

He speaks Hindustani and several Indian dialects fluently and has absorbed many Hindu beliefs.

He thinks Britain has sent too many selfish opportunists to India and feels that wives of the "Burra Sahibs" or "big shots" have given a particularly bad impression.

Rudd feels that any kind of imperialism—British, American or Russian—is old fashioned and out of date.

"We have governed India for 150 years and we've made a bad show of it because we have never given the people freedom from want," he says.

"I have wanted to see two things in my life—labor government in England and India politically free. I have lived to see one and expect now to live to see the other."

Rudd hopes to retire in three years "and dig my garden" by a small cottage on a five-acre tea plantation he owns in the Nilgiri hills—the Blue mountains.

"I never want to leave India," he said. "If this country is worth living in it is worth dying in."

### 3 Corpus Christi Newsmen Lose in 'Freedom' Fight

AUSTIN, Feb. 14—(AP)—Three Corpus Christi newsmen who had pleaded their constitutional rights to freedom of the press must go to jail for publication of news stories and editorial comment that the court of criminal appeals today held was in contempt of the Neuces county court.

Judge Tom L. Beauchamp dissented from the majority opinion in the split decision, written by Judge Lloyd W. Davidson.

Before the court was the newsmen's application for a writ of habeas corpus to void a judgment of the Neuces county court, which held them in contempt for publication of news stories and editorial comment on a forcible detainer suit.

They were Coway Craig, publisher of the *Call-Times*; Bob McCracken, managing editor; Tom Mulvaney, reporter who covered the trial. They were sentenced to serve three days in jail by County Judge Joe D. Browning on grounds that the news stories and comment published in the newspaper reflected on the integrity of the court "to affect the course of justice and the rights of litigants x x x and to compel judgment contrary to law and evidence."

Counsel for the newsmen argued that the accounts published during the trial were accurate and fair, that the editorial comment was designed to bring out judicial reform, and the unusual circumstances of the case compelled prominent display. They pleaded their constitutional rights to freedom of the press and freedom of speech.

The court denied the application of Craig, McCracken and Mulvaney for the writ of habeas corpus and remanded them to the custody of the Neuces county sheriff.

"When the several publications in the instant case are considered together and their chronological order of appearance, there is no escape from the conclusion and it was the purpose and intent of the publishers thereof to force, compel and coerce Judge Browning to grant Mayes a new trial," said the majority opinion.

The forcible detainer suit from which the contempt action sprung was styled Bush M. Jackson et versus Joe L. Mayes et al. It was being heard by the county judge on appeal from justice court.

In his dissenting opinion, Judge Beauchamp said:

"I have searched in vain to find a case in this or any other jurisdiction, where a party has been held in contempt of court for publishing the truth; for attempting to induce the court to decide a case according to law; for a judgment nisi which has been held valid in a case of constructive contempt. I have examined all the cases cited by all parties, and most of those upon which such cases rely as well as many others. There is no parallel to this case to be found."

There is a special obligation on the part of American industry to pay such wages as will enable workers to live in decency and comfort and at the same time have sufficient purchasing power to keep our economic system going.—Sen. James E. Murray (D) of Montana.

The year 1946 will sow the seeds of our future prosperity or future depression.—Reconversion Director John W. Snyder.

Well, I see Lady Astor has been having a lot of fun on her visit to dear old America, the land of her birth. The best hope for world peace is British and American cooperation, she told a conference in Washington, waving a nail-studded olive branch. The trouble with the world, said she, is that we've been having too many arguments, and she'll start a beauty with anyone who says she's wrong.

Lady Astor also said women should play a larger part in international affairs, because they don't start wars. But goodness how some of them can start arguments!

However, I do think all of us girls should admire Lady Astor for what she has done for our morale. No man ever thinks of women as the weaker sex when she's around.

Industrial peace between management and labor will have to be achieved—through the process of collective bargaining—with government assistance but not government compulsion.—President Truman.

Allied aid is insufficient. The black market thrives and there is too much disorder in the country to control it.—Ferruccio Parri, former premier of Italy.

### Mining Engineers To Meet in Windy City, Program Set

AUSTIN—Education in the mineral industry will be stressed in the first annual peacetime meeting of the mineral industry education division of the American Institute of Mining Engineers in Chicago Feb. 24, according to H. H. Power, University of Texas petroleum engineer who is chairman of the petroleum engineering section of the meeting.

He will discuss "Petroleum Engineering Education and the Quantitative Approach."

Other outstanding petroleum engineering professors scheduled to speak and their topics are: Lester C. Uren, University of California, "Petroleum Economics;" Dr. R. E. Sherrill, University of Pittsburgh, "The Role of Geology in the Petroleum Engineering Curricula;" Dr. Santiago Vera, Central University, Caracas, Venezuela, "Petroleum Engineering Education in Venezuela;" Dr. L. D. Katz, University of Michigan, "Application of Thermodynamics to Petroleum Engineering."

"The significance of this meeting of the mineral industry division, which includes petroleum engineering," Mr. Power explained, "is that we are analyzing petroleum engineering and at last are presenting a united front. Considerable progress has been made by the petroleum engineering department at the University of Texas and other universities during the past five years toward standardizing, unifying and defining the field. This session will emphasize the educational aims of petroleum engineers."

There is a special obligation on the part of American industry to pay such wages as will enable workers to live in decency and comfort and at the same time have sufficient purchasing power to keep our economic system going.—Sen. James E. Murray (D) of Montana.

The year 1946 will sow the seeds of our future prosperity or future depression.—Reconversion Director John W. Snyder.

### Portuguese Colony of Macao Is 'Monte Carlo of Far East'

By HAL BOYLE

MACAO, Feb. 14—(AP)—This tiny Portuguese colony, the "Monte Carlo of the Far East" can hardly be called a thorn in the side of the Chinese government.

It is too small for that. But it is annoying to the Chinese, who resent even having this little five-square-mile area of their country under foreign domination, just as they still resent British control of Hong Kong.

For China it would be a simple matter to throw out the Portuguese, who have dominated Macao since 1557. It is lightly garrisoned and the only Portuguese naval strength there consists of two sloops.

In the full pride of their rising nationalism, Chinese officers swagger about the streets carrying needless sidearms. And for a short period they even instituted an unofficial blockade, refusing to permit Chinese farmers to carry food into the area from the South China mainland.

This blockade was lifted after Chinese guerrilla officers learned they were hurting their own people far more than the Portuguese. There are fewer than 5,000 full-blooded Portuguese among the colony's normal peacetime population of 200,000. Most of the rest are Chinese, although there are representatives from almost every nation in the world.

This is one of the Orient's true melting pots.

The inhabitants even speak a special dialect called "Macanese," made up of bits of language from all the trading peoples who have called there through the centuries.

War gave this tranquil, sleepy community, whose only lure is to visiting gamblers and white and oriental playboys, an importance out of all relation to its size. It was the only neutral territory in the Far East and refugees swelled its population to 450,000.

Japanese military elements moved

middle age, and John Reeves, bearded young British con- Gambling became a considerable vice among refugees with no substantial work to do and Reeves finally had to adopt a rule that no further subsidies would be granted to anyone patronizing games of chance.

"One day shortly afterward I came into the clinic and found the staff gambling with sulphathiazole tablets," he smiled.

Macao is slowly drifting back to normal and prices are falling with the evacuation of refugees.

The Philippine islands were named after Philip II of Spain.

It will be possible for passengers at Brownsville to leave at 7 a. m. and arrive in Dallas at 12:58 p. m. and on the return flight leave Dallas at 11:55 and arrive in Brownsville at 5:50 p. m., officials said.

"We have found that service is required by people coming up from Brownsville and Laredo and this additional service is an outgrowth of our experience in operating the runs from Brownsville and Laredo," C. P. Erwin, Texas Air Lines president, said.

Our country is well stocked with raw materials awaiting development and the United States is best suited to undertake that.—Foreign Minister Oswaldo Aranha of Brazil.

Texas Air Lines Service Announced

HOUSTON, Feb. 14—(AP)—Texas Air Lines has announced that on Feb. 15 service between Houston, Dallas, Fort Worth and Waco, with intermediate stops at Bryan, Temple, Palestine and Corsicana will be inaugurated.

It will be possible for passengers at Brownsville to leave at 7 a. m. and arrive in Dallas at 12:58 p. m. and on the return flight leave Dallas at 11:55 and arrive in Brownsville at 5:50 p. m., officials said.

"We have found that service is required by people coming up from Brownsville and Laredo and this additional service is an outgrowth of our experience in operating the runs from Brownsville and Laredo," C. P. Erwin, Texas Air Lines president, said.
