## Hope for Settlement of Transit Strike Based on Conference This Afternoon

### Philadelphians Crowd Aboard Trains, Autos

PHILADELPHIA, Feb. 12.—(AP)—Hope of settlement of the citywide transit strike was fanned today with announcement that all disputing parties will meet at 3 p. m. (EST) in the office of Mayor Bernard Samuel.

It was the first time since negotiations broke down late Sunday night that a meeting of all parties was arranged.

**LIFE DISRUPTED**  
Earlier today, federal conciliators had held out hope for settlement of the transit strike that has disrupted life and business in the nation's third largest city and deprived 3,000,000 daily riders of all bus, trolley, subway and elevated train service.

Howard F. Colvin, assistant director of the U. S. conciliation service, said he was optimistic that spokesmen for the Philadelphia Transportation company and the 9,900 striking members of local 234, Transport Workers union (CIO) could be brought together in a joint conference.

**PTC ACCEPTANCE**  
The union, which struck at 12:01 See **TRANSIT STRIKE**, Page 8

### Price Ceilings on Present Houses Slashed From Bill

WASHINGTON, Feb. 12.—(AP)—Despite the pleas of Housing Boss Wilson W. Wyatt, the homes-for-veterans bill will go to the house floor next week minus the price ceilings President Truman wants on old houses.

A fight on party lines is probable on this issue, but Wyatt last night got republican and democratic leaders to agree to another key portion of Mr. Truman's two-year program of 2,700,000 new homes.

This calls for \$600,000,000 worth of federal subsidies — Wyatt calls them "premium payments" — to stimulate the output of scarce building materials.

Wyatt contends the premium payments have two advantages over higher prices as a production spur: They do not bring about higher prices for finished houses, and they can be reduced or eliminated more easily when no longer needed.

Leaders of the house banking committee agreed to present this among other jointly-sponsored amendments. The leaders thus reversed the committee's decision of last week in approving a watered-down version of the measure introduced by Rep. Patman (D-Tex.).

The agreement came out of a conference attended by Wyatt, Patman, Committee Chairman Spence (R-Key) and Rep. Wolcott (Mich.), the ranking committee republican.

Republicans declined to give similar support to Mr. Truman's plans for ceilings on the nation's 40,000,000 existing dwellings.

The bill does contain a formula for ceilings on newly built houses based on a "reasonable" cost for land, labor and materials, but republicans are expected to challenge this on the floor also.

Besides the subsidies, the bill would provide preference for veterans in obtaining new homes and would continue for one year beyond June 30 the government's power to allocate scarce building materials.

**LICENSES ISSUED**  
Five marriage licenses were issued yesterday by County Clerk Charlie Thut. They were given to James Monroe Combs, Jr., and Anna Gertrude Mahon; W. A. Holloway and Adell Murray; Johnnie D. Taylor and Carol Jaye Smith; Charles Edward Schell, Jr., and Lillie Mae Gooding; and W. L. Pannell and Mrs. Lela Gracie Eggers.

VOL. 43, No. 224. (8 Pages) PAMPA, TEXAS, TUESDAY, FEBRUARY 12, 1946. AP Leased Wire Price 5 Cents

## U. S., Britain Sign Aviation Pact

HAMILTON, Bermuda, Feb. 12.—(AP)—Commercial aviation in the United States and Great Britain was linked today by an agreement authorizing an unlimited number of flights between the two countries at "economic rates" to be fixed by intergovernmental action.

**COMMERCIAL AVIATION**  
The agreement, signed here last night, allows the commercial planes of each country to use the airports of the other as stepping stones on global flights.

Each country is given a free hand in determining the number of such flights to be made by its airlines.

**'FIFTH FREEDOM'**  
So-called "fifth freedom" traffic is authorized. This will allow an airliner en route between the two countries to pick up passengers and traffic bound for a third country, and will allow economic operation of the long-line services with which both Britain and the United States are planning to encircle the world.

**'MOST FAVORED NATION'**  
A second agreement was reached opening to commercial traffic many of the military air bases built by the United States on territory leased from the British in Newfoundland, Bermuda and Caribbean areas. U. S. commercial planes will receive "most favored nation" treatment at these bases.

The United States will continue to maintain such fields.

The bases originally were leased with the understanding they would not be used by commercial planes, the agreement said, but there are now "obvious advantages" in opening to commercial traffic fields "in territories in which no other satisfactory civil airfields are available."

Leased bases in Bermuda, Antigua, St. Lucia and British Guiana thus were opened to airliners, and fields in Trinidad and Jamaica will be available as alternates in case of bad weather.

Opening of four bases in Newfoundland and Labrador—Gander, Harmon, Argentia and Goose Bay—are contingent upon approval by the Canadian and Newfoundland governments.

**Oil Production Cut Is Predicted**  
AUSTIN, Feb. 12.—(AP)—A reduction in the railroad commission's allowable crude production for March by approximately 300,000 barrels per day below present February production has been predicted by Commissioner Ernest O. Thompson.

Thompson said gasoline stocks are now in excess of 100 million barrels.

High demand for crude seemed to be real and firm when presented at the railroad commission's state-wide hearings the past three months, he said. Closer examination reveals that the real demand was for heating oils, kerosene and fuel oils.

OPA's "belated" increase in the price of kerosene and heating oils now makes it economically possible for refiners to produce more kerosene and heating oils and less gasoline out of each barrel of oil refined, he said, now making it unnecessary to create stocks of gasoline in order to meet demand for fuel oils.

He predicted the commission will reduce the March allowable by "something in the order of 300,000 barrels of oil per day below the allowable production of the present month."

Quick Battery Charger, 30 minute service, Pampa Lubricating Co., 114 E. Francis.

**Simultaneous Weather: Rain, Snow, Sunshine**  
LOS ANGELES, Feb. 12.—(AP)—Here's one for that bulky "unusual weather" file:  
Simultaneously yesterday—with in the city's rambling limits: It snowed, rained, the sun shone brightly and an icy wind blew. It didn't last long—but that was all right with everybody, too.

H. B. Hill says: A laxy fisherman seldom makes a good catch.

**SUPERVISION AND SELLING: MERCHANTS ARE OFFERED STATE TRAINING SERVICE**

Last night the first of a series of classes in personnel supervision for persons engaged in supervisory work in retail and wholesale establishments and service occupations was held at the chamber of commerce office.

The course, one of several of a like nature being offered in Pampa for the first time in five years by the Extension Division of the University of Texas, is for the purpose of increasing job efficiency through better employer-employee relationships, said W. J. Adkins, assistant state supervisor of distributive education, who has been in Pampa for

### BOTH HAVE SAME HUSBAND

Mrs. Gertrude Prisco and her 11-day-old baby (left) and Mrs. Anna Prisco and her 14-month-old daughter, Nancy Carol, are said to have been found by sheriff's living together in a Pittsburgh, Calif., three-room apartment with the same husband, Mike Prisco. Charged with bigamy, Prisco says he is a victim of the housing shortage — if there had been more houses he could have kept his wives apart.

## Auxiliary Field May Be Obtained by City

The city of Pampa may obtain without cost one of the two auxiliary air fields used by flying personnel of Pampa army air field, it was learned today.

J. B. Hamilton, representing the Paragon engineering firm of San Antonio, told the commissioners today that he had definite information that Pampa army air field was to be declared surplus and that the city should act immediately.

The commission expressed a desire to obtain information on how the city could take over either Thompson or Reeves auxiliary fields, both of which are close to town.

Hamilton told the commission that officials of the Eighth service command could be contacted so that more information could be had.

City Manager Garland Franks said he was leaving for Fort Worth tomorrow on other business and that he would contract officers in Dallas to see what could be done on obtaining one of the fields.

If one of the fields was taken over by the city, the facilities at the present municipal airport would probably be moved to the new location to give Pampa much better airport facilities.

The two auxiliary fields, one located at Pampa, Tex., and the other at Pampa, Tex., are owned by the War Relocation Authority.

See **PAAF FIELD**, Page 8

**Simultaneous Weather: Rain, Snow, Sunshine**  
LOS ANGELES, Feb. 12.—(AP)—Here's one for that bulky "unusual weather" file:  
Simultaneously yesterday—with in the city's rambling limits: It snowed, rained, the sun shone brightly and an icy wind blew. It didn't last long—but that was all right with everybody, too.

H. B. Hill says: A laxy fisherman seldom makes a good catch.

**SUPERVISION AND SELLING: MERCHANTS ARE OFFERED STATE TRAINING SERVICE**

Last night the first of a series of classes in personnel supervision for persons engaged in supervisory work in retail and wholesale establishments and service occupations was held at the chamber of commerce office.

The course, one of several of a like nature being offered in Pampa for the first time in five years by the Extension Division of the University of Texas, is for the purpose of increasing job efficiency through better employer-employee relationships, said W. J. Adkins, assistant state supervisor of distributive education, who has been in Pampa for

the past several days arranging for the classes.  
Cost of the entire 12-hour course is \$1.50, with classes conducted every Monday and Wednesday from 6:15 to 7:15 p. m. at the chamber of commerce office.

The course of study includes: (1) meaning and scope of supervision, (2) induction of employees, (3) building morale, (4) handling corrections, (5) handling annoyances and grievances, (6) follow up interviews, (7) the yard-stick of a supervisor.

Additional classes other than the above are being held at the chamber of commerce office. See **STATE TRAINING**, Page 8

## UNO Permanent Headquarters Is Still Undecided

LONDON, Feb. 12.—(AP)—The permanent headquarters committee adjourned today without taking a vote on an interim site for the United Nations after last ditch campaigns were launched for San Francisco and Atlantic City, N. J.

When it reconvenes tomorrow the committee will consider a motion proposing San Francisco, a French recommendation by Vincent Brostra that the decision be left to the secretary-general and the site inspecting group's nomination of New York City.

The committee voted last night 22-17 that the permanent home of the United Nations should be located in the region of Westchester county, N. Y., and Fairfield county, Conn., proposed by the site inspecting group.

Anti-New York area delegates indicated that if the committee would agree on San Francisco as a temporary site they would not oppose the Westchester-Fairfield area as a permanent headquarters when the recommendation goes to the general assembly, where a two-thirds majority vote is required.

The motion for San Francisco was made by W. R. Hodgson of Australia and Carlos Salmeron, a Bolivian, and was supported by Dr. Victor Chi-Tsai Hoo of China.

The United Kingdom and New Zealand supported the interim recommendation for New York City.

The site inspection committee, which originally recommended the latter region for the permanent home of the peace agency, proposed New York City as temporary headquarters. It also submitted reports on Atlantic City, N. J., and Boston.

France, supported by Iraq and Saudi Arabia and some Latin American delegates, led yesterday's opposition to a motion by the Netherlands to accept the site inspection committee's recommendation that the UNO make its permanent home in the New York-Connecticut area.

Last night's action by the general headquarters committee included a recommendation that a planning commission make an exhaustive study of this area and propose the exact location and size of the site to the next general assembly meeting in the United States in September.

**Rock-Wool Insulation Not Damaged by Blaze**

Contrary to popular opinion, rock-wool stored in the Edcliff warehouse which was destroyed by fire last Thursday night, was not damaged, it was reported yesterday by Glenn Cooper, manager of the Cooper Insulation Co., who had approximately \$300 worth of rock wool stored in the razed building.

Not even the paper around sacks of insulation material, said Cooper, was burned on those sacks surrounded by other sacks of rock wool.

All of his stock which was stored in the warehouse will be usable when dried out, reported Cooper.

Services — Removal of controls on laundering, dry cleaning and similar services, originally scheduled for late spring of this year, now indefinitely postponed. Control of restaurants, expected to continue "at least until autumn" instead of being removed early this year.

Industrial — No major de-controls in prospect during the present fiscal year in the field of construction and building materials; no removal of restrictions on automobiles and automotive parts in sight before July 1, 1947.

**Executive Committee Of Red Cross To Meet**

The executive committee of the Pampa Red Cross chapter will meet at the Hilton banquet room at noon tomorrow.

Evelyn Laycock, chapter chairman and committee president, will preside at the first meeting of the newly elected members of the executive committee.

**TRASH TRUCK FIRE**  
Fire in a trash barrel which was dumped into a city trash truck caused the latter on fire. The truck was in the 300 block on N. Frost at the time, and the fire was extinguished by the local fire department before it caused any damage.

## Tugboat Operators Consider Proposal

NEW YORK, Feb. 12.—(AP)—New York City was paralyzed today as a fuel emergency induced by the nine-day strike of 3,500 tugboat men caused an unprecedented business and amusement shutdown.

Police Commissioner Arthur W. Wallander said a disaster control board of 22 city department heads now was "the governing body of the city as much as if we were in military circumstances and we were being governed by martial law."

In a drastic proclamation, Mayor William O'Dwyer ordered. All industrial, business and amusement activities closed.

Operation of only essential services such as hospitals, transit, newspaper, news services, radio stations, communication services and restaurants — deemed vital to the city's health and general welfare.

**FORCED HOLIDAY**  
The restrictions gave hundreds of thousands of residents a forced holiday.

Persons entering the city were told by police that all stores and offices were closed.

The crippled city looked hopefully to a meeting today of tugboat operators to consider further a proposal to arbitrate the dispute.

As the operators' meeting got underway James D. McAllister, head of the group, told reporters "I don't see any sign of a break" in the dispute.

**WAGE INCREASES**  
At the earlier meeting, he had said operators were not opposed "in principle" to the arbitration proposal but that "the industry as a whole cannot accept substantial wage increases and other costs without adequate price increases."

At police headquarters, Wallander said "the main problem confronting the city is the wage increase."

## Barkley To Lead Drive for Okay Of British Loan

WASHINGTON, Feb. 12.—(AP)—Democratic Leader Barkley (Ky) will take personal command of the administration's drive to win Senate approval of the proposed \$3,750,000,000 loan to Britain.

With opponents already lining up against the proposal, Barkley told a reporter hearings probably will begin before the senate banking committee next week.

The loan authorization was among legislation discussed by leaders at a White House conference yesterday. While Barkley would not comment directly, it was indicated that President Truman was told there is a "difficult" road ahead before the bill can clear both houses.

Republicans generally have been insisting that any credit granted the British must be on "a business basis."

In this connection, Senator Moore (R-Okla) told a reporter the favors extension of some immediate credit to England but wants the whole field of possible loans to war allies studied before any large scale commitments are made.

Some democrats also have indicated they will be chary of approving a substantial loan to Britain until this country finds out exactly how much Russia, France and other countries want and need to put their economies on a sound basis.

Chairman George (D-Ga) of the senate finance committee has called for such a survey.

Some senators have suggested that any British loan be financed by sale of British bonds in this country. These lawmakers contend that those who want to make such a loan ought to be willing to back up their desire with cash investments.

**Teen Canteen President Bob 'Porky' Parkinson Conducts First Council Meeting; Six Permanent Committee Chairmen Named**

Six permanent committee chairmen to assist in organizing the future activities of the Teen Canteen were appointed at the first meeting of the Canteen council held yesterday afternoon, headed by Bob 'Porky' Parkinson, president.

The Canteen Valentine party, scheduled to be held Friday night, was cancelled following announcements made concerning a conflict of orchestra and other party dates.

Council members decided to wait to put on their first party until they were completely organized so "we can put out the best we can get out."

Committees and chairmen, as appointed by Porky are: Finance, Gloria Jay, secretary — treasurer; Refreshments and Decorations, Georgianna Grogan (representative of district 2); Entertainment and Music, Betty Guthrie (district 1); House, Clean-Up and Repair, Lawrence Baines, vice-president; Publicity, John Lindsey (district 3); and Membership, Warren Jones (district 1).

A council member suggested that the loads of certain committees

## Power Strike Is Under Way In Pittsburgh

PITTSBURGH, Feb. 12.—(AP)—A strike of power company employees started in this industrial center today, but electrical current was still flowing several hours later to thousands of homes and buildings in the strike area in which 1,500,000 persons reside.

**RAILWAY SERVICE**  
Street railway service was halted shortly before the strike began, but a spokesman for the struck Duquesne Light company said it was still supplying current on an emergency basis.

He expressed belief that, despite the strike the company could continue to provide service to institutions and homes — but only if householders limited their consumption to vital needs.

**STEEL MILLS CLOSED**  
Steel mills and fabricating plants in the great industrial area around Pittsburgh, which ordinarily consume great quantities of electricity, were already closed by the general steel strike. The spokesman said all other industrial users were "cooperating 100 per cent in conservation of the available supply so householders and hospitals might have

## ARTIST'S CONCEPTION OF HOSPITAL

Shown above is the artist's conception of the general hospital for this city. The building at the far right would be the nurses' quarters, while the 150-bed, modern structure is in the foreground. Under this proposed arrangement, there would be parking space for about 300 cars within a block of the building. The drawing is merely tentative. Voters of Gray county are expected soon to have the opportunity to vote as to whether they will support a bond issue for such institution.

### American War Dads President Visits Shamrock Organization

SHAMROCK, Feb. 12 (Special)—These are days when men dare to do something big, dare to tackle jobs that have never been done before, a day when the world is aflame with hatred, selfishness and greed, and a day in which we should begin to look some things square in the face," declared Arch Stafford, national president of American War Dads, as he spoke to the local chapter and Rotarians, at a luncheon Friday at 12 o'clock noon, at the First Methodist church.

Flake George, president of the local chapter of American War Dads, presided, and the speaker was introduced by J. B. Clark.

"When World War I was fought, we sent our boys to the battle lines and they brought victory, fought a war to end all wars. How stupid we were to believe that. Men who saw their buddies shot, left long rows of white crosses over after World War I, knew there would be another war. I pay tribute to those men who tried to warn us that war would come again."

"Twenty-five years went by and a far greater army, navy and marine corps went out on far-flung places, many of which we had never heard. Back home they are coming in countless numbers, and I want to remind you today, that for the Gold Star mothers and fathers, this war will never end," emphasized the distinguished speaker.

"We have lived in luxury while these American kids have flown planes around the world, lived in foxholes, and brought victory to our nation. What are we going to do? Sit idly by and watch it happen again? As I have gone the length and breadth of this nation, I have found complacency seeping into our thinking. We must face facts. Our American boys, whether soldier, sailor or marine, are entitled to fair treatment," stressed Stafford, and I am pledging myself as a War Dad to do down the road together with the Veterans of Foreign Wars and the American Legion, who did a magnificent job. We cannot sidestep the issue, and challenge you as red-blooded Americans, not to let these boys down—if we do God bless America."

The able speaker discussed the veterans hospitals and the GI Bill of Rights at length.

Stafford, who is a teacher of a men's Bible class in Omaha, Neb., struck a deeply religious note in closing as he admonished the group

to bow to their knees and pray for our world leaders today.

"I would like to lay on the bottom of your hearts, that Christ came into a world that was upside down. We were made in God's image, His heirs, and joint heirs with His Son. That places human life on a mighty high plane. These returning boys are human being, and let us stand shoulder to shoulder to give them a square deal.

"Peace is a long way off. Let us raise our voices and stand together to correct the evils in this war-torn world today, until there is peace for these 15 million fellows who fought to keep America, American."

About 115 attended the luncheon.

### 64 Ward School Students Make 'A' Honor Roll

SHAMROCK, Feb. 12 (Special)—The following 64 students of the North Ward school, have merited all 'A's in the third six weeks of school, and have been placed on the honor roll, according to a report from the principal, Mrs. Lucile Zeigler.

First grade—Gary Hill, Margaret Ellen Grogan, Sandra Graham, Glendene Walraven, Betty Louise Vermillion, Barbara Sue Bell, Charles Cadenhead, Barbara Ann Schaffner, Jerry Carman, Curtis Wyatt, William Guy Wilkinson.

Second grade—Marjorie Hartman, Julia Beth Holmes, Joyce Jennings, Leney Pierce, R. E. Risinger, Linda Skidmore, Marsha Thompson, Joyce Campbell, Betty Jo Penno, Allen Lodgen, Morris Pillers, Jaunell Bradley, Mary Hembree, Connie Kay Lewis, Joy Beth Parks, Jena Kay Pursell, Alberta Reeves, Mabel Sims, M'fred Slemmer.

Third grade—Gayle Patrick, Dale Strickland, Molly Kay Mayfield, Keith Brothers, Clifford O'Neal, Rose Carolyn Dodgen, Mary Ann Hall.

Fourth grade—Rose Lee Ramsey, Mary Kay Holmes, Jay Neil Burkhalter, Rodney Scags, Bruce Barkley, Tommy Holmes, Myrtle Derr, Willard, Helen Jo Wray.

Fifth grade—Jimmie Dell Campbell, Carol Jane Slemmer, Barbara Goslon, Reita Boston, Betty Jo Tinsley, Gladys Marie Pierce.

Sixth grade—Robert Scags, Benjie Parks, Sandra Burden, Pats Brown, Shelah Stephens, Junells Sims, Alice Wilkinson, Patricia Reeves, Lee Bettie Morgan, Barbara Isaacs, Betty Carver.

### KILGORE—LITTLE CITY OF OIL WELLS

### Texas Today

By JACK KUTLEDGE AP Staff Writer

Everyone knows the vast East Texas oil field has 24,000 wells, and the little city of Kilgore has over 500 within its city limits.

That's like saying a battle is horrible. You can't visualize either until you've been there.

Kilgore is fantastic. Derricks bristle all over town like quills on a porcupine's back. But that's meaningless, too. Few have been porcupines.

Close your eyes and picture your own town. Take your home first. If you were in Kilgore, you'd have a derrick in the front yard, another in the backyard. You'd have your washline tied to your back porch and the derrick.

If you ran a service station, you'd be selling gasoline out front—and pumping oil from a well in the little back lot.

The bank itself is surrounded by derricks. So is the hospital. So is the fire department. So is your old man.

Group 500 wells within the confines of a small city and you've got something like a hairbrush, with little stores and homes wedged in between the bristles.

When we first hit town, we were awed by it all. Further, we were afraid to light a cigarette for fear of sending the whole works up in a disastrous blaze.

But residents of Kilgore take it all for granted. They smoke, and build fires, and move around quite casually. Once they had a big oil well fire in midtown. That was just before the war. But the very efficient fire department put it out promptly.

### United Removes Restrictions on Airline Travels

United Air Lines announced today that all wartime restrictions on airline passenger reservations are being removed, effective February 15.

Airline officials were notified that the office of defense transportation on that date will lift its order setting aside 70 per cent of all east-bound transcontinental airplane space for returning servicemen.

Army air travel priorities were removed October 15, 1945.

Since the army and navy began taking over space on United's east-bound flights from Pacific coast ports to speed servicemen home, it is estimated that by February 15 at least 10,000 men will have been transported on the company's Mainliners to Atlantic seaboard destinations.

With reservations again being accepted on a prewar basis, United expects the civilian air travel rush soon to begin in earnest, according to Harold Crary, vice president traffic.

Stating that United is preparing to meet the demands of all those who wish to fly, Crary said: "United's fleet of 21-passenger Douglas DC-3's is being expanded; new, fast inter-city services are being added, and high speed four-engine Mainliners shortly will go into service on our coast-to-coast and Pacific coast system. In addition, air fares are down to the lowest point in their history, generally less than one-way rail plus Pullman costs."

Inflation has no place in this country—business and prices go in accordance with wages, and we will probably have a small inflationary spiral, but this will eventually level itself out—Robert G. Lee, vice president Moore-McCormack Lines.

### Gracie Reports

By GRACIE ALLEN My goodness, what aren't governments up to now! I just read where the house of commons was upset because the British treasury had allowed the transfer of \$1,600,000 New York to pay a motion-picture producer's bill for getting his teeth fixed there.

A government financial official said the producer had been warned to be more economical in the future, and I think that the British government was very lenient, considering. My goodness, suppose they'd have passed a law making him send new teeth back to America?

But I guess that producer learned his lesson all right. Next time he has a toothache, he'll hurry right down to the house of commons and open wide. And he'd better take an ice pack along if he had so sit through a debate there on how much he can spend.

### Ranch House Plan Article Appears In New Magazine

AUSTIN, Feb. 12—A ranch house plan designed for the climate of the Southwest by Walter T. Rolfe, professor of architecture at the University of Texas, appears in the February issue of Country Gentleman.

A farm boy himself, Mr. Rolfe knows what it takes to make a comfortable "home on the range" and his drawings dovetail with charm. Ideal for the economy of any family, the house is planned by having only one room, which can be expanded to three.

The utility area provides for laundry, sewing, canning, home freezing and food preparation. The flexibility of the plan makes possible heating by either oil or gas, and the discomfort of summer is overcome by attic fans.

Living room and bedrooms open out on a garden, which is well removed from the dust of the driveway. A large service porch can be used for a variety of purposes, from barbecues to ping pong matches. Even the fireplace in the living room has a double function, featuring a cupboard above for storage.

Knowing the demands of a family of four or five, Mr. Rolfe has allowed for ample closet space throughout the house.

Other special attractions in this sprawling, many-windowed ranch home which will appeal to the housewife are the washroom in the garage for the men to clean up in before entering the house, and the clever arrangement to by-pass traffic to the barns and corals by means of an outer drive.

Further sympathy for the feminine soul is revealed in the location of the kitchen and utility room to permit the housewife to enjoy a pleasant view of the grounds and see what's going on.

### George Laycock Dies At Wellington Home

SHAMROCK, Feb. 12 (Special)—Funeral services were conducted from the First Methodist church in Wellington Wednesday morning at 10:30 o'clock for George Washington Laycock, brother of A. J. Laycock and Mrs. P. L. Smith of Shamrock.

Mr. Laycock, pioneer resident of this vicinity, passed away at his home in Wellington at 7:30 o'clock Sunday morning after having suffered a stroke a month ago. A resident of Dozier for 45 years, he moved to Wellington to make his home a year ago.

Rev. Vernon Willard, pastor of the Shamrock Circuit, was in charge of the last rites, assisted by Rev. H. H. Kinkeade, pastor of the First Baptist church of Wellington.

Interment was in the Wellington cemetery with W. C. Moore, funeral home of that city in charge.

Mr. Laycock, a prominent retired farmer, was born in Tennessee on June 20, 1873.

Survivors include his widow, two sons, and two daughters, Carroll and Harold Laycock, both of Dozier.

Mrs. Bob Westbrook of Pampa, Calif., and Mrs. Vernia Isenberg Amarillo. Other survivors are three brothers and two sisters: A. J. Laycock, Shamrock; Joy and Wayne Laycock, both of Abra; Mrs. P. L. Smith, Shamrock, and Mrs. Mitt Voyte, Vega; 15 grandchildren and two great-children.

### 65 Vets Taking Law Refresher Course

AUSTIN, Feb. 12—Sixty-five ex-servicemen, most of whom are law graduates, returned to the classroom yesterday for a refresher course offered by the school of law at the University of Texas.

The course is planned to give a review of legislation, laws and statutes of the past five years. A. W. Walker, professor of law and recently discharged from the navy, is in charge of the course.

### THEY USED TO CALL HER FATTY

Almost unbelievable loss of weight is possible for most overweight people through a pleasant, absolutely harmless reducing method. While eating plenty, it is possible to take off as much as three to five unightly pounds a week. No exercise, no starvation diet, no reducing drugs or cathartics are necessary for those who seek to regain a graceful, youthful figure. In fact, the Tremont Way is so confidently recommended that you may try Tremont without risking a penny! You and your friends must marvel at the exciting improvement in your appearance; you must get the results you seek in 30 days, or your money will be refunded in full. Easy-to-follow directions with every package.

Imagine me! giving myself a permanent!

You can do it, too, in 2 to 3 hours at home

Hair is softer, lovelier and easy to manage with a Toni permanent, for this is a *creme cold wave*—with a *creme waving lotion* that imparts luxurious beauty to the hair.

Complete Toni Kit contains everything you need for a glorious wave! Preparations, like those used in beauty salon-type permanents, are laboratory-tested. Wonderful for children's hair, too. Money back guaranteed!

### Placements of Veterans Gain

Nearly 2,000 veteran placements were made in the federal service within the State of Texas during last December, according to Paul H. Figg, director of the 14th U. S. civil service region.

Of the 55,000 veteran placements, including placements of wives of disabled veterans and widows of veterans who are entitled to preference—made throughout the nation during December, 1945—1,871 were made in Texas. The nationwide placement figure is the largest total reported to date. The increase over other months is due in part to the large number of temporary placements made.

A total of 285,172 veteran placements were made during the year 1945, of which 97.4 per cent were made in federal field establishments outside the District of Columbia. The total since January, 1943 is 564,000.

Veteran placements in the District of Columbia rose to 1,446 during December. By states, New York assumed the lead with 14,396 placements; California was next with 5,951; Massachusetts with 5,300; New Jersey with 2,316; and the State of Washington with 2,214.

By agencies, the post office department took the lead for the first time with the war department, navy department, veterans' administration, and the treasury department following in the order named.

Approximately 4 per cent of all veterans placed in field establishments were reported as physically impaired, while 18,743 former federal employees were restored to positions in the federal service after military service in accordance with provisions of the selective service and training act during November.

Most insects never know their parents, and never see their offspring.

### Card Written in '42 Reaches Dallas in '46

DALLAS, Feb. 12—(AP)—While a prisoner at Stalag Luft III, Germany, July 1, 1942, Sgt. Jarvis Burman, July 1, 1942, Sgt. Jarvis Burman addressed a post card to "His Worship the Mayor" of Dallas. He said that his bomber had been shot down over Germany and asked the mayor's help in getting some Red Cross food parcels.

The card arrived at City hall yesterday and across its face was stamped "held by British censor, released January, 1946."

IN THE NEWS

### Valentine's Day Banquet Is Planned For High School Seniors Thursday

One of the outstanding social events being planned for this week is the Valentine's day banquet for members of the senior class at Pampa Senior high school. The seniors are to be the guests of the Women's Missionary society of the First Baptist church at a banquet in the church basement Thursday evening at 8 o'clock. Mrs. Rufe Jordan is in charge of arrangements for the dinner.

An interesting program has been arranged for the event with the main address of the evening to be delivered by Dr. Truett Walton, assistant to the president at Hardin Simmons university in Abilene, Texas. Dr. Walton has not announced his subject. Three musicians will accompany him from the university to take part in the program.

Mr. Calvin Whitley will be toastmaster for the banquet and Mrs. Jordan will give the address of welcome. Dick McCune will respond for the seniors. A trumpet solo will be presented by Dr. Malcolm Brown, accompanied by Mrs. Brown. Committees arranging the dinner include: food, Mrs. Claud Wilson, Mrs. Hugh Ellis, Mrs. Rupert Orr, Mrs. L. H. Anderson, Mrs. C. B. Tillstrom, and Mrs. Vestal Mosley; decorations, Mrs. Joe R. Foster, Mrs. R. L. Edmondson, Mrs. Jack Morris, and Mrs. T. J. Worrell; table setting, Mrs. D. A. Caldwell, Mrs. Park Brown, Mrs. Maud Schulky, Mrs. Joseph, Mrs. A. C. Troop, Mrs. Paul Simpson, Mrs. Homer Doggett will be assisted by junior class girls from the high school in serving the dinner.

**THURSDAY**  
Rebekah lodge meets at 7:30 o'clock. Woodrow Wilson P-T.A. meets. Horace Mann P-T.A. meets. Sam Houston P-T.A. meets. B. M. Baker P-T.A. meets. Hopkins Ladies Bible Study club meets in Community hall.  
**FRIDAY**  
Eastern Star meets in Masonic hall at 8 o'clock for initiatory work. Entire Nous club meets with Mrs. Joe H. Lewis at 2 o'clock. Virgins club meets in Humble camp with Mrs. W. E. Abernathy. La Rosa presentation dance in Palm room.

**MONDAY**  
Builders B. T. U. of First Baptist church social with Mrs. E. V. Davis, 638 N. Banks, at 7:30 o'clock. W. A. of American Legion auxiliary meets in City club rooms at 8 o'clock. Beta Sigma Phi meets with Mrs. Ray Robbins, 1429 Terrace at 8 o'clock.

### Democratic Attitude Is B. and P. W. Topic

Business and program meeting of the Business and Professional Women's club will be held in the city club rooms Tuesday evening at 7:30. President Mrs. Connie Stone, urges all members to be present. Mrs. Laura Belle Cornelius, publications chairman, will be in charge of the program entitled "What is our Democratic Attitude?" Roll call will be answered by interesting items concerning Abraham Lincoln.

There are approximately 3,000 anti-friction ball and roller bearings of all types in the modern commercial coast-to-coast passenger and freight airplanes.

### La Rosa Arranges for Presentation Dance

Preparations were made for the La Rosa presentation dance Friday evening at a special meeting of the sorority last night, when members of the group met to address invitations and make decorations. The group had completed plans for the dance at the regular meeting last Thursday.

### Sunday School Class Organizes New Groups

New groups were organized by Mrs. O. B. Schiffman, enrollment chairman, at the meeting of the Faithful Workers Sunday school class of the First Baptist church Friday afternoon. Mrs. Earl H. Eaton was hostess to the class at a covered dish luncheon in her home. Mrs. E. B. Joseph led the opening prayer and Mrs. Rupert Orr, president, conducted the meeting. Mrs. Schiffman revised the groups and assigned new groups to each captain. Mrs. H. L. Dulaney closed the meeting with prayer.

### Ester Club Guests At Dinner Meeting

Members of the Ester club of the Rebekah lodge were entertained at a dinner meeting Monday night by Mrs. Roy Hollman and Mrs. M. V. Watkins at the former's home. Plans were made at the meeting following the dinner for a lodge banquet to be given March 7 in honor of the new Rebekah officers.

Cover were laid for Mrs. J. W. Crisler, Mrs. J. E. Killian, Mrs. J. L. Wilson, Mrs. Henry Lane, Mrs. Ewell Mote, Mrs. John Mitchell, Mrs. C. R. Followell, Mrs. P. L. Rowe, Mrs. T. A. Masten, Mrs. Morris, Mrs. Eva Howard, Mrs. John Beverly, Mrs. James L. King, Mrs. O. E. Wylie.

### W.M.S. Circles Will Meet for Bible Study

The circles of the Women's Missionary Society of the First Baptist church will meet for Bible study Wednesday afternoon at 2:30 o'clock. Members of circle one will be the guests of circle two at a meeting in the church. Circle three will also meet in the church, using the primary room. Mrs. R. L. Edmondson will be hostess to circle four at her home, 912 N. Gray. Circle five will meet with Mrs. Bo Barrett, 923 Mary Ellen, and circle six is to be entertained at the home of Mrs. Chuck Hogan, 219 N. Starkweather.

### P-T.A. MEETING WEDNESDAY

Knox Kinard, superintendent of schools, will be the principal speaker at the Wednesday afternoon meeting of the Holy Soul's Parochial school P.T.A. Mr. Kinard's subject will be "When and How to Say No." The group will observe the Parent-Teacher's association's founders day. The meeting is set for 3 o'clock in the parochial school.

### PLAN PROGRAM

A special program has been arranged for the Wednesday afternoon meeting of the Central Baptist Women's Missionary Union when that group meets at the church at 2 o'clock. The program will be under the direction of Mrs. J. B. Hillman, periodical chairman.

### Sophistication for Teen-agers

By EPSIE KINARD  
NEA Staff Writer

NEW YORK—New teen-age clothes have a smart sophisticated styling which will certainly relegate to the back of the closet those hoydenish duds which mothers deplore.

Just as much designing skill has gone into these new jive set styles as into the ones the teen-ager's fashion-wise mother will be wearing. Especially flattering to the young figure is the new curvy silhouette which is carried out in bright colored crepes and crisp taffeta suits.

Typical of the wolder trend in duds are the two examples shown. Hinting at maturity are the deeply cut dolman sleeves of the rayon crepe aquamarine blouse, left, which tops a wrap-around black skirt with plenty of pocket fullness to round out the hips.

Reminiscent of the Gay 90's is the tulle suit, right. Rounded at shoulders, with leg o' mutton sleeves, and at hips with a rippling peplum it still has a streamlined look. A couple of jumps ahead of the first crocus is the yellow and gray striped print of this crown-topped rayon, which can step out now with a fur coat and continue on its bright way into spring or summer.

when WINTER WINDS cut lips MENTHOLATUM  
Lydia E. Pinkham's Vegetable Compound does more than relieve monthly pain when due to female functional periodic disturbances. It also relieves accompanying weak, tired, nervous, cranky feelings—of such nature. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great stomachic tonic!

### Junior High 4-H Club Plans Party

By EPSIE KINARD  
NEA Staff Writer

The party has been set for Monday afternoon, March 18, at 2:45 o'clock, and each Junior High 4-H club member is invited to come and bring a guest. Anyone not wearing something green will be fined 10c.

The program has been planned as follows: a talk, "History and Meaning of St. Patrick's Day" by Clara Belle Darling; a reading by Betty Boswell; Irish songs by Helen Cary and Vera Hughes; and St. Patrick's day games under the leadership of Nan Gossett and Bonnie Lee Gray.

Named on committees to make arrangements for the party are: invitations, Carol Jean Lindsay and Bonnie Lee Gray; refreshments, Nan Gossett, Bonnie Lee Gray, Clara Belle Darling, Betty Boswell, Jell Chapman.

### Theta Rho Girls Hear Plans for Waco Rally

Plans for the Theta Rho rally to be held March 16, at Waco, Texas, were discussed at the regular meeting of the local club last Tuesday evening when the Theta Rho girls met in the L. O. O. F. hall. Mrs. Ethel Wilson, state advisor, was present to describe the rally. Re-

ONCE AGAIN PRESENTS FREE! A SERIES OF FOUR GREAT LECTURES!  
of the Institute of International Understanding.  
By Four Great Speakers  
BEGINNING TOMORROW, FEB. 13th, AT 7:30 P. M. AT THE JR. HIGH SCHOOL AUDITORIUM  
The lectures will begin with Mr. Morris H. Coers, Indianapolis, Indiana. Mr. Coers has recently returned to the United States after 18 months of service as an American Red Cross Field Director with the Marines and the Army in Africa, Sicily and Italy.  
To the lecture platform Mr. Coers brings an unusually interesting background which has been packed into little more than 30 years. Prior to World War II, he was Chaplain of the Indiana Boys' Reformatory School, a member of the Indiana House of Representatives, and pastor of a Baptist church of 1,200 members. He has traveled extensively in the United States, Europe and the Near East, and for ten years has presented frequent radio programs on various phases of international affairs.  
Mr. Coers will address the Pampa High School students, on Feb. 13, in the afternoon.

**Every-Other-Day Delivery Offered**

Offering every-other-day delivery to Pampa residents, Plains Creamery, Inc., has operated in Pampa and Borger for the past three and one half years.  
The concern buys milk from 97 approved farmer producers living in six Texas counties and one county in Oklahoma. The Pampa plant processes and bottles all products offered for sale by a branch plant in Borger. A modern milk cooling and receiving station is located in Arnett, Okla.  
All Plains products are pasteurized. Products for sale are homogenized milk, pasteurized milk, butter, milk, coffee cream, whipping cream, cottage cheese, ice cream.  
O. E. McDowell, member of Pampa Lions club, is stockholder in the concern and local manager. J. Lindsey Nunn is president.  
Plains' Pampa plant is located at 315 East Achison Ave., and the telephone number is 2204.

**SANDY POLASKI LEARNS TO BLOW THE BAGPIPE**  
EDINBURGH, Scotland — (AP) — Even soldiers of the Polish army learned to skirl the bagpipes during the war.  
Pipe Major William Ross, M. B. E., noted Scotch bagpipe instructor, reports that he taught 713 pipers from British Dominions and other countries. The courses were sponsored by the Piobaireachd Society at Edinburgh Castle. Ninety-three Canadians learned to pipe.

The membership of the Academie Francaise is limited to 40.

**INTERIOR VIEW OF MODERN EQUIPMENT CONCERN**

Pictured above is Z. R. Osborn, owner of Osborn Machinery Co., amid equipment of one of Pampa's most modern business concerns. Remodeled in 1945, physical aspects of the business are the most modern possible as is the equipment offered for sale. Mr. Osborn offers products of some of the most important and well known equipment corporations of the country—Allis-Chalmers tractors, all crop harvesters, Dempster drills, Avery plows, Wetmore feed grinders. Parts and good repair service has also been added. Farmers are invited to see what Osborn Machinery Co., 810 West Foster, has to offer when new equipment and service are needed. Telephone 494.

**There Is a Big Day Coming for Camera Fans When Smith's Gets New-Equipment**

Smith Studio, 122 West Foster, will soon become "headquarters" for amateur camera fans.  
Irl M. Smith, operator of Smith Studio since 1939, is striving to obtain a full assortment of cameras, accessories, equipment and amateur supplies; items are being added as fast as they become available.  
Besides the supply phase of the business, Smith's specializes in portrait and commercial photography. With 18 years experience in the photography business, Mr. and Mrs. Smith, co-workers in the studio, offer the best possible in portraiture and coloring, commercial shots including business, oil field, and sport pictures, weddings, receptions and banquets—or any other occasion calling for photography.  
Mr. Smith is a member of the Lions club, chamber of commerce, and the First Methodist church. Telephone 1510 for first class photography work.  
The discovery that coal could be used to produce high temperatures

**Brace That Old Iron With Renovating Job By Ralph Bradshaw**

A relatively new business in Pampa is Bradshaw Washing Machine Shop, located at 438 N. Carr St., telephone 2072.  
Moving to Borger six years ago from Manhattan, Kans., and setting up a business, Ralph Bradshaw established his shop here quite by accident in October, 1945. Mr. Bradshaw sold out his business in Borger and started for California, but misfortune came his way and he chose Pampa and his new home.  
Offering pick up and delivery service to Pampans, Mr. Bradshaw is equipped to overhaul any make of washer, electric irons and any and all electric motors. He has on hand at the present time parts for all makes of washers.  
The praying mantis can turn its head like a man.

**Service Always Better at Pete's**

The individually-owned business of Pete's Body Works was established in December, 1938, by L. J. McCarty and has continued to give increasingly good service during these seven years.  
Located at 806 West Foster, Pete's renders the following services: Automobile body repair work, painting, welding, upholstery, glass installation, wheel alignment, frame straightening, and fenders and bodies rebuilt.  
Improvement totaling \$3,000 were made last summer at which time more room was added and the entire shop remodeled.  
An experienced staff of six men, including four ex-service men, are on hand at Pete's to handle your car jobs for you.  
Telephone 1802.

**Dallas Streetcar Men Negotiate Contract**

DALLAS, Feb. 12 — (AP) — Dallas streetcar workers will open negotiations today for a new contract with the Dallas Railway and Terminal company, E. R. Thompson, secretary and business manager. Local 1338, Amalgamated Association of Street, Electric Railway and Motor Coach Employees of American (AFL) announced. The present contract expires Feb. 28.  
Wage increases, sick leave and change in working hours will be sought by the union he said.  
The company employs approximately 1,100 workers.

This year U. S. soybeans production will total more than 190,000,000 bushels.

**Offers of Help as Fire Strikes Are Appreciated by Mr. and Mrs. Tyler**

Mr. and Mrs. R. D. Tyler, who lost all their household furnishings and their clothes when their apartment burned, along with two supply houses, last week, have a very kind word for the people who offered their help.  
Commenting on the kindness shown them by the people of Pampa, Mrs. Tyler, who is known as Irene by her friends, said:  
"We didn't know there were that many nice people in the whole world."  
Mr. and Mrs. Tyler operate the Rex Coffee Shop, 318 1/2 W. Foster street. The Tylers have been residents of this city for the past year, having come here from Amarillo.  
Mrs. Tyler said they were offered help by people whom they did not even know. One lady called to say that her little girl—about the age of the Tyler's Melva Jean—had lost her little cocker spaniel, and she wanted to sympathize with the Tylers in the loss of their cocker spaniel.  
Melva Jean was asked to share the wardrobe of her daughter's. Such gestures, Mrs. Tyler said, are appreciated. They show the spirit of the people. The people did not call with charity in mind, but rather with the knowledge that many things lost in a fire cannot be replaced at this time.

Swing on Skates

Bob Fitzgerald comes down stretch after fashion of jilted-but to be second in five-mile Minneapolis flash's victories in all sprints gave him senior men's title in National Speed Skating Championships in St. Paul.

Bolden Goes Out In Second Round

By SID FEDER PHILADELPHIA, Feb. 12—(AP)—Light-heavyweight champion Gus Lesenevich was considering seriously today a fancy financial offer to defend his crown against belting Billy Fox, while the Pennsylvania state athletic commission accused Billy's 37th—and latest—straight knockout victim of "quitting cold" to the young kayo specialist.

Bob Hope Shoots 4 Under Par Round

PALM SPRINGS, Calif., Feb. 12—(AP)—His friends may think it sounds like another of his jokes, but Bob Hope shot a four under par 66 in practice.

The feat was vouched for by George Howard, pro at the Palm Springs golf course where the comedian had entered a 36-hole event Saturday and Sunday.

Shortage of Gas Evident in Greco, Jack Friday Bout

By WHITNEY MARTIN NEW YORK, Feb. 11—(AP)—The gas shortage seemed to be acute at Madison Square Garden the other night. Both Beau Jack and Johnny Greco ran out of it about half way along their 10-round route with the result that what had been, until then, a 10-2 'em and sock 'em affair developed into a game of tag, which would have been all right except that nobody got tagged.

One thing about the fight fans. They'll whoop it up during a round that seems 10 knockdowns then boisterously if the rival warriors are too exhausted in the next round to do anything but go through the motions.

When the Beau and Greco began to slow up after five or six rounds the crowd quickly forgot the earlier action. There were boos of all descriptions, ranging from the deep-angushed 200 boos of the ringiders to the shrill, plaintive boos rippling down from up near the rafters.

Frankly, it wasn't a \$20 fight, as for \$20 a man might expect to see two fighters able to go 10 rounds no matter what the pace. What he saw the last three or four rounds last Friday night, as far as action went, he could see for two-bits in a wax museum.

Beau Jack was little like the animated little bundle of ring ferocity who came out of Georgia a few years ago to captivate the fans with his bouncing, perpetual motion style, and many a spectator went home Friday night with the idea the willing youngster's best fights were behind him. The spirit was there, but you just can't pile up points with a good, stout spirit to the chin.

It is granted that Greco's tactics might have had something to do with Beau's showing in the later rounds. The Canadian fighter left his corner at the opening bell and walked over to Beau and boomed him one, and thereafter kept pretty well on top of him with short, heavy body blows which leave no outward mark but are very discouraging.

Greco is a strong, rugged lad, and he at times handed Jack in close with ease, a favorite trick being to shove the Beau briskly into the ropes and paste him as he bounced back, much as a man would boff a handball springing back from a wall.

Jack used his pet blow, a sort of swirling right uppercut thrown much as a man would swing a rock on the end of a string, effectively early in the fight. It is a sharp, stinging blow rather than a deadening one, and until Greco figured out a defense for it his head was kept bobbing like a yes man's.

On their showing last week we doubt very much that Marty Servo will have much trouble with either Jack or Greco, unless Servo also marked up 66 points and Leon has 56.

The "sixth" man on the Harvester cage team is little Charlie Laffoon, shortest player on the team Laffoon, whose field goal saved the Harvester's first year on the Harvester. A natural athlete, Laffoon also played in 90 per cent of the "B" team's games, besides his first-string duties.

Coach T. G. Hull of Amarillo whose cagers have won 14 out of 18 games, will probably start Guards Boone Pickens and Paul Carroll Forward Jack Seake and Jimmy Carter and Center Pat Sasser.

Admission for tonight's game will be 75 cents for adults and 25 cents for students and children. Lone Star Conference Basketball Race Is In Three-Way Tie

By The Associated Press The first half of the Lone Star conference basketball race over North Texas state, Sam Houston state and East Texas state are tied for first place with four wins and one loss each.

When the season opened Puny Wilson's Sam Houston Bearcats were picked to win conference laurels: North Texas state, defending champion of the league, was expected to remain in the top bracket; and the East Texas Lion were supposed to represent the dark horse of the circuit. With five games remaining for each team's schedule before the season ends March 4, the chances for either of the teams to take the conference throne remain the same.

TENSLEEP IS WIDE-AWAKE TENSLEEP, Wyo. — (AP) — The wide-awake basketball team of Tensleep high school won seven of its eight league games this season—even though its squad of 12 represents half the boys in school. School Superintendent S. D. Reser doubles as the coach and as a teacher.

DICKMAN RETIRES NEW YORK, — (AP) — Emerson Dickman, former pitcher for the Boston Red Sox, has retired from organized baseball to devote most of his time to his own manufacturing business in Jersey City, N. J. Dickman, however, plans to confine his playing to semi-pro ball in the east. During the war Dickman was stationed at the U. S. Merchant Marine academy.

Pampa, Amarillo To Clash Here Tonight

Whether it's football, basketball, track, tennis or ping-pong, a Pampa-Amarillo game is going to draw a cheering throng of delirious fans from both sides and tonight's basketball game will be no exception.

The two teams, battling it out in a Northern division, District AAA game, meet tonight at 8 o'clock at the Junior high gymnasium. A win for Amarillo—and it's all over for the Harvesters. A win for Pampa—and the Harvesters will be right back in the thick of the battle.

Here's the situation. Amarillo holds two conference wins—19-14 over Pampa and 36-26 over Berger. Pampa and Berger split their games, leaving both with one win and two losses in conference play.

Therefore, if Pampa is to have a shot at the Northern division crown, the Harvesters must beat Amarillo, and Berger will also have to win from the Sandies Friday night at Berger.

In that case, all three teams will have two wins and an equal number of losses, which will leave everybody right back where they started.

She tie will probably be played off like this. One of the three teams will draw a bye, the other two will play one game and the winner will meet the team that drew a bye for the title. Simple, isn't it?

The importance of tonight's game clearly means that Mr. and Mrs. Joe Fan should get to gym by at least 7 o'clock, one hour before game time, if they expect to get a seat.

The Junior high gym is small—too small to accommodate the number of fans whom the school officials would like to see at the game.

Looking over the line-ups, Coach Otis Coffey of Pampa will probably start the five that has carried the Harvesters through 19 games—12 of them victories.

At forwards will be Randall Clay and Leon Gooch. Both are 5 feet tall and are the two leading scorers for the season. Clay, playing his second year as a regular has scored 223 points. Gooch, a first year man, has rapidly developed into a fine forward and has 116 points to his credit.

Lanky Bill Speer, who measures 6'2", will be at his regular center position. Speer, who played reserve last year, is one of the best center prospects ever to take to the local hardwoods. He has scored 84 points this year and is expected to be more than double that figure next year.

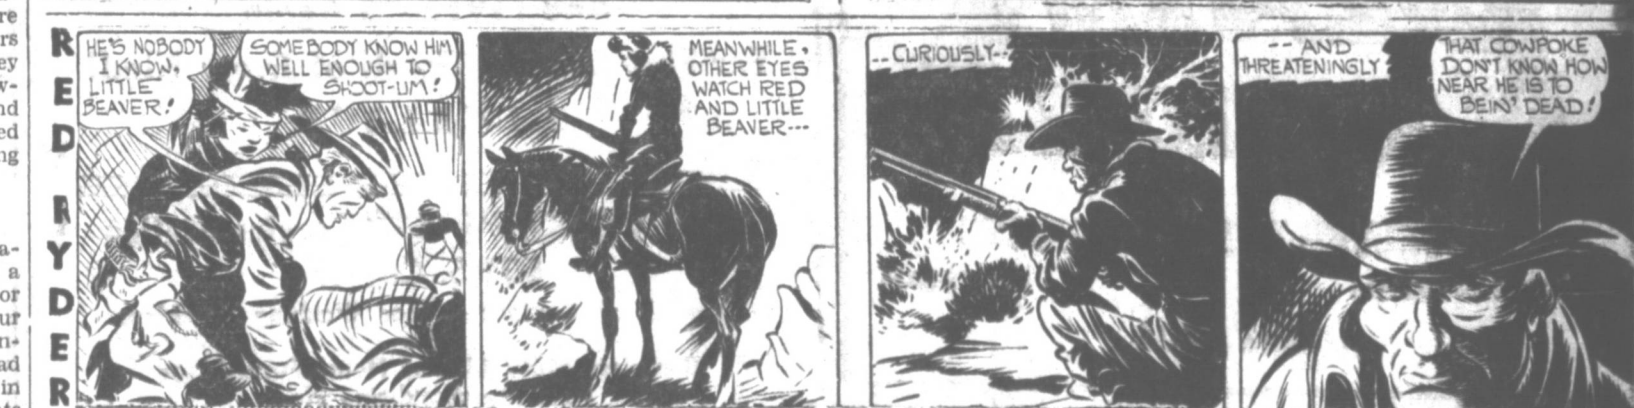

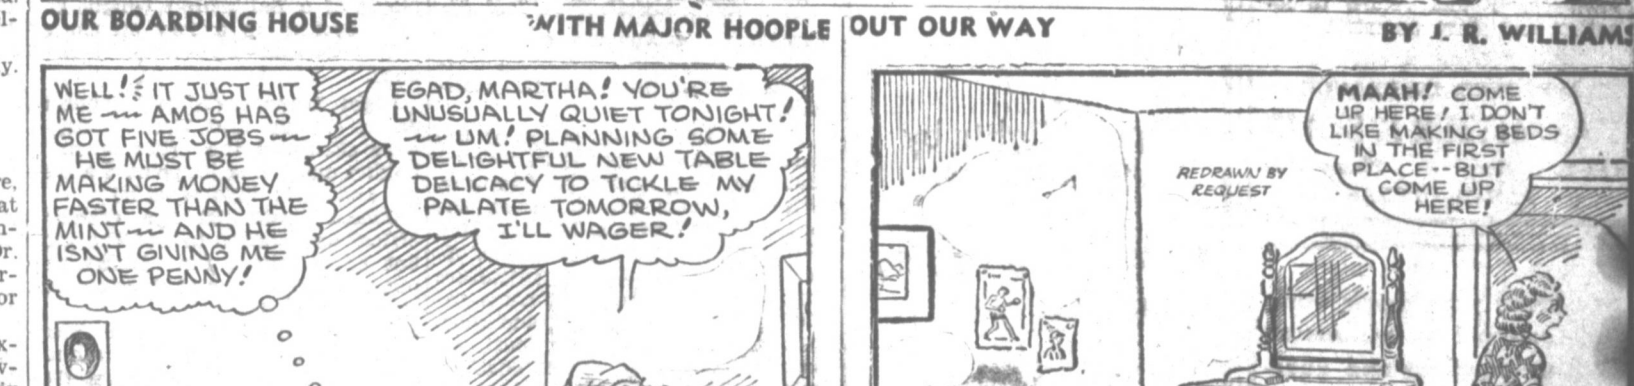

Bernie Brown, shortest man on the starting five, and Leon Crump who beats Clay and Gooch by one inch, will be at their regular guard positions. Although their position don't favor scoring, Brown has marked up 66 points and Leon has 56.

The "sixth" man on the Harvester cage team is little Charlie Laffoon, shortest player on the team Laffoon, whose field goal saved the Harvester's first year on the Harvester. A natural athlete, Laffoon also played in 90 per cent of the "B" team's games, besides his first-string duties.

Coach T. G. Hull of Amarillo whose cagers have won 14 out of 18 games, will probably start Guards Boone Pickens and Paul Carroll Forward Jack Seake and Jimmy Carter and Center Pat Sasser.

Admission for tonight's game will be 75 cents for adults and 25 cents for students and children. Lone Star Conference Basketball Race Is In Three-Way Tie

By The Associated Press The first half of the Lone Star conference basketball race over North Texas state, Sam Houston state and East Texas state are tied for first place with four wins and one loss each.

Mammoth Garden Shuts Doors as New York Slows

NEW YORK, Feb. 12—(AP)—Mammoth Madison Square Garden and other booming sports arenas in New York City shut their doors today as Mayor William O'Dwyer ordered the closing of all amusement places until further notice because of the fuel famine resulting from the tugboat tie-up.

The first big sporting event to be hit by the directive was dogdom's premier event—the Westminster Kennel club's 70th annual dog show scheduled to be held today and tomorrow in the garden.

A total of 2,599 canine aristocrats had been brought here from all over the country and Canada to compete for coveted cups and trophies.

Ned Irish, the garden's executive vice-president, said early today that the dog show arena would be closed "during the present emergency."

'Discovery' of Blanchard Made In Home Theater

NORFOLK, Va.—Doc Blanchard, the great All-American backfield star at Army, got his gridiron start because he was an usher in a small theater at Bishopville, S. C.

Larry Weldon, substitute quarterback of the Washington Redskins who has been named backfield coach next year for the Eastern District National League pro champs, tells this story about Blanchard:

When Weldon was coaching the Bishopville high school team several years back, he dropped into the movies one afternoon and was shown to his seat by a lanky kid.

"What's your name?" asked Weldon. "Felix Blanchard" was the reply. "How old?" "Fourteen, sir." "How much you weigh?" "About 160."

Weldon let the matter rest there, but when he returned home that evening he made inquiries and finally called on the boy's father, Dr. Felix Blanchard, to get his permission for Junior to come out for the school team.

Dr. Blanchard, himself an ex-player, was enthusiastic. So, several afternoons later young Felix showed up reported for his first football practice.

Weldon said, "I thought he was a good prospect from the start, but I never thought he'd be as good as he is."

Dr. Blanchard, himself an ex-player, was enthusiastic. So, several afternoons later young Felix showed up reported for his first football practice.

Weldon said, "I thought he was a good prospect from the start, but I never thought he'd be as good as he is."

Sports Round-Up

By HUGH FULLERTON, JR. NEW YORK, Feb. 12—(AP)—Barney Ross is leaving Chicago and will move to New York after he does a refereeing chore in Seattle. Barney hopes to land a radio broadcasting job or to open a liquor store.

It's going to cost the Tigers plenty of dough this year if they pay Hank Greenberg and Hal Newhouse what they're asking—and the fact that Dick Wakefield signed for \$45,000 won't make the dickering any easier.

NOT JET BUT SOON Hal Self, quarterback of the Alabama football team last fall, is a resident of Decatur, Ala., and Editor Ben Bloodworth of the Decatur Daily comments: "We like to point out the fact that Alabama had the only self-propelled attack in the country. No wonder opponents found it baffling."

ONE-MINUTE SPORTS PAGE When Elmer Ripley, Notre Dame coach, got a letter from four wounded marines asking how they could buy tickets to last Saturday's Notre Dame-NYU basketball game, Rip not only located them at considerable effort, but paid for them himself and invited the boys to be his guests.

Featherweight Champ Willie Pep was slightly confused on meeting Howie Odell and Red Boyer-Faie coaches, recently when they asked almost simultaneously: "Do you study movies of your opponents?"

The Eli film addicts were equally amazed when Willie said "No."

CLEANING THE CUFF Marcel Hansenne, the French miler, suffered a pair of badly blistered feet during his early workouts after reaching the United States but didn't say anything because he didn't want to alibi. Earl Brown, merchant marine academy coach, is reported to be dickering with Gansus about basketball but he'd prefer to spot where he can have football, too.

COUNT FLEET'S FIRST PARIS, Ky.—(AP)—The first foal by Count Fleet, outstanding performer of 1942 and 1943 and winner of the Kentucky Derby, the latter year in a chestnut filly out of E. E. Benjamin's mare Predestined. The youngster got a very critical going over and was pronounced good.

REAL OLD TIMERS

SAN FRANCISCO — (AP) — The Olympic club of San Francisco has an Old Timers club which meets twice a year. The oldest member is Harry Germain, 90, and a champion 60 years ago. J. Scott Leary, former national swimming champion, is club president.

Pin-up Project LOS ANGELES — (AP) — Del E. Hebb, co-owner of the New York Yankees and one of the nation's leading construction cars, has a new sideline.

He recently completed a local plant and is now manufacturing aluminum clothespins known as "Hollywood pin-ups."

Before World War II, the average American bought about three pairs of leather shoes annually.

### County Court Is In Session Today

County court was recessed at noon today until 1:30 p. m. when the case of W. A. Spoonmore, charged with driving while under the influence of intoxicating liquor, was to be resumed.

The case was filed against Spoonmore on Feb. 20, 1945. Spoonmore pleaded not guilty.

Frank Rickert, now city highway patrolman who was with Patrolman Preston C. Wynne at the time Spoonmore was arrested last February, was the only witness in the session held this morning.

Rickert gave evidence as to why he believed Spoonmore was intoxicated at the time of the arrest.

Douglas Curtis is the attorney for the defense. County Attorney Bruce Parker for the state. Judge Sherman White presides at the bench.

### Power Strike

(Continued from page one) the entire supply of current available.

City officials had feared the power shutdown would quickly affect power supplies to most of the inhabitants in the district.

Meanwhile, the school remained in a state of confusion and Mayor David L. Lawrence declared a state of emergency. Many residents curtailed their use of electricity.

Public schools were closed under plans announced in advance that they would not open if the strike were called. Most of the district colleges were closed, including the University of Pittsburgh.

There still was the threat that the strike could spread to home users, of whom there are 330,000 in the district.

A walkout of 3400 employees of the light company began at 4 o'clock this morning to enforce demands for a wage increase.

The strike quickly reflected in business life in Pittsburgh, "workshop of the world." Downtown department stores closed their doors "until further notice." Activities in large office buildings were reduced to a minimum.

### Springfield Observes Lincoln's Birthday

SPRINGFIELD, Ill., Feb. 12.—(AP)—Abraham Lincoln's home city observed his 137th birthday anniversary with exercises at his tomb in Oak Ridge cemetery.

The American Legion made its 12th annual pilgrimage to the tomb, John Stele, American Legion commander, led a parade from downtown Springfield to the cemetery.

Other observances also were planned in honor of Springfield's most illustrious citizen. Gov. Dwight H. Green will speak at a Legion dinner tonight and the Abraham Lincoln association is sponsoring another meeting at which Dr. Edgar Curtis Taylor of St. Louis will speak on "Lincoln, the Internationalist."

### ARRIVES HOME

Floyd M. Hatcher, CM2/c, 23, above, son of Mr. and Mrs. Wilson Hatcher, arrived home Sunday upon being honorably discharged from the navy at San Pedro, Calif., last Wednesday after 42 months of service.

He returned to the States on Jan. 31, landing at San Francisco aboard the USS Belleau Wood.

During 17 months of service in the Asiatic-Pacific theater of operations Hatcher was stationed on the Philippines, the Mariana's, Marshall and Solomon Islands and served in combat duty with the Seabees on the Caroline Islands.

The former carpenter's mate, who entered the service shortly after graduating from Pampa high school in '42, will be connected with his father in the carpenter business.

### State Training

(Continued from Page One) Monday-Wednesday class will be established if there are a sufficient number of requests to justify another course, said Adkins.

A second course also being offered by the Extension Division called "Professional Development in Retail Selling" will meet Wednesday at 6:15 p. m., at which time persons interested may register for the course with Miss Prince at the chamber of commerce office. A fee of one dollar will be charged.

This course will be adapted to the individual need of salesclerks and Pampa stores, covering: (1) the meaning and significance of professional selling, (2) the professional attitudes toward selling, (3) merchandising information, (4) fashion makes figures, (5) positive selling techniques, (6) closing the sale, (7) telephone selling, (8) selling to retail stores, and (9) building a clientele.

Classes will be held regularly every Tuesday and Thursday from 6:15 to 7:15 p. m. after the initial registration tomorrow night.

Persons desiring further information may contact the chamber of commerce office.

### County Board of Commissioners Meets

At a regular meeting of the county board of commissioners which met yesterday the general fund budget was amended to include repairs of the school superintendent's office and office stationary supplies, the quarterly treasurer's report was approved and an allowance was ordered for the assisting of a county resident.

All commissioners were present.

### Mainly About Pampa and Her Neighbor Towns

Zonolite home insulation warmer in winter, cooler in summer. Fire proof and rot proof. See it demonstrated before you buy. It pays for itself. Call Home Builders Supply. Zonolite is cheaper. (Adv.)

### CONSTELLATION SETS NEW RECORD FLIGHT

Shown above is TWA's Lockheed Constellation, which last week flew from Los Angeles to New York in seven hours, 27 minutes, 48 seconds, setting a new transcontinental record for airliners with 38 passengers and a crew of seven aboard. It soon will be crossing the North Atlantic in about 14 hours.

### Scouts Honored With Banquets

Last night three Boy Scout troops in Pampa were given banquets by their sponsoring organizations in recognition of National Boy Scout week. Scouts and their fathers were invited to the banquets.

Principal speaker at the meeting of Troop 4, sponsored by the First Christian church, was Paul Hill; Troop 14, sponsored by the First Presbyterian church; Ray Evans, former scout master before entering the navy in 1942, and Troop 22, sponsored by the First Baptist church, Calvin Whately.

All speakers spoke on the topic of the cooperation of youth and parents.

Tomorrow at 6:15 p.m., in connection with Boy Scout Week, L. G. Langston, Pampa businessman and former Eagle Scout, will give a KEDN broadcast on "What Scouting Has Meant to Me in the Business World."

Last evening at the same time, W. O. Pruett, scout master of Troop 4, talked on the meaning of scouting in the community.

### Transit Strike

(Continued from page 1) a. m. yesterday, demanded PTC acceptance of a union shop and a liberalized pension plan before submitting to arbitration 26 other disputed points, including a requested 25-cent-an-hour wage increase.

PTC offered an immediate 12-cent-an-hour boost with arbitration of "all other demands."

Meantime, the company's 3,268 trolleys, buses, trackless trolleys and subway-elevated cars stood idle in 52 car barns and garages under the watchful eyes of pickets—and Philadelphia's resort to shoe leather, automobiles, railroads, taxis and hitchhiking to get from one place to another.

The work hour rush today brought another avalanche of packed automobiles and trucks, jammed trains and long distance walkers but the stampee was a bit less serious than yesterday's worst traffic snarl in Quaker city history.

Police were at every Central city intersection and rigorous enforcement of a ban on parking except for temporary stops and pick-up trips kept a stream of traffic on the move.

Officials said 95 per cent of the city's 800,000 workers—most of them normally transit lines riders—managed to reach their jobs in factories, stores and offices during the first day of the walkout.

Police working 12-hour shifts, fought to control an estimated 225,000 automobiles—lined bumper to bumper along all downtown streets.

Between 7:30 and 10 a. m. (work-bound) and 4:30 to 7 p. m. (home-bound), jams were frequent, accidents common, and hitchhikers crowded every corner.

### PAAF Field

(Continued from page 1) cated five miles and one three miles from the city, have paved runways and taxi-ways, which the municipal field does not have.

Very little discussion centered on the possibility of the city getting the main field, as it is too far from town and would therefore be of little value.

Hamilton told the commission that his interest in the question was based on the fact that his company does airport engineering work and the firm would like to compete in any open bidding for contracts.

### White Service Set For 1 P. M. Tomorrow

Services for Ernest White, 31, who was instantly killed Sunday when he fell from a rig on which he was working near Dunns, will be held at 1 p. m. tomorrow in the chapel of Duenkel-Carmichael funeral home. Burial will be in Hollis, Okla.

### TOP SCOUTER

James A. McCune, above assistant industrial relations director with the Cabot Co., was presented the highest possible award obtainable in Scouting, the Beaver medal, at the annual Adobe-Walls Council meeting held recently.

McCune, scoutmaster of Troop 14 since 1943, has spent 15 years in Scouting. The award given by national headquarters of the Boy Scout of America for "distinguished service to boyhood," was presented by W. J. Hiatt, scout executive of the Llano Estacado council with headquarters at Amarillo.

Scouter McCune first joined a Boy Scout troop at Wichita, Kansas, at the age of 12 and was a member of the troop from 1915 to 1919. For the next four years he served as assistant of his troop.

In 1922 he moved to Staten Island, N. Y., where he served on the troop committee of his neighborhood troop during 1938 and 1939.

The next year he moved to Pampa, and continuing his scout work, served as assistant scoutmaster of troop 14 during 1940-43.

It was then that McCune took over the job as scoutmaster, when the former scoutmaster was called into the navy.

The McCune family is an all-Scout family. Mrs. McCune is active in the Girl Scout program. A daughter is a Girl Scout, and a son is an Eagle Scout and a senior in Pampa high school.

Troop 14, of which McCune is the scoutmaster, has an outstanding record with three to four Scouts becoming Eagles each year and with 85 percent of the Scouts above the rank of first class. The troop is a sure winner of honors at Camporees and other Scouting activities.

Three other Pampans hold the Beaver award. They are Dr. H. L. Wilder, W. B. Weathered, and Raymond Harrah. The former two men received awards in 1945, the latter in 1944.

### Services for White Infant Held Today

Gravestone services were to be held at 3:30 p. m. today in the Baby Garden of Fairview cemetery for Georgia Gean White, infant daughter of Mr. and Mrs. Ted White, who died yesterday in Amarillo.

Georgia Gean was born Jan. 31, 1946, in Pampa. Besides the parents, also surviving are a sister, Mary Jo, and brother, Tommie Lee. Services were to be conducted by Dr. Douglas Nelson, pastor of the First Presbyterian church, and burial under direction of Duenkel-Carmichael funeral home.

### Tugboat Halt

(Continued from page one) ing the (disaster) board is to get fuel into the city.

SHORTAGE OF OIL

His references to the coal supply were of the most outspoken to date. A shortage of fuel oil has been emphasized in most previous estimates of the situation.

The announcement came a few hours after O'Dwyer had ordered all non-essential business establishments and places of amusement closed until further notice to conserve a perilously low fuel supply.

The union in the dispute—the AFL International Longshoremen's association's united marine division—agreed yesterday to arbitration.

McAllister said the employers committee of 50 would meet again today to discuss the deadlock. He declared:

"The industry is most anxious to alleviate the conditions in which the city finds itself and has proposed that industry appoint a committee and the union appoint a committee with full authority to agree upon the points to be arbitrated and to agree upon the arbitrator or arbitrators."

"We have been in session all of yesterday (Monday) last evening and until early today, and have met with representatives of the union. There are some points not yet determined, and the meeting has been adjourned until later today."

### Service for Higgins Set for Tomorrow

Funeral service will be held at 3 p. m. tomorrow in the First Baptist church at Higgins for Mrs. Ivie J. Turner, who died at her home there yesterday. The Rev. A. L. Hicks will officiate and burial will be in Higgins cemetery under the direction of Duenkel-Carmichael funeral home.

### Texas Leads Nation In Oil Production

TULSA, Okla., Feb. 12.—(AP)—Texas, the country's most productive petroleum state, led the parade in a nationwide 119,680-barrel increase to 4,623,000 in daily average crude oil output for the week ending Feb. 9.

Texas production, the Oil and Gas Journal reported today, climbed 98,450 daily to 2,169,250. California came up 9,000 to 946,350, Illinois 4,800 to 212,600, the Eastern area, 3,550 to 63,500, Oklahoma 1,700 to 389,100 and Arkansas 250 to 77,900.

New Mexico dropped 2,350 to 98,000, Kansas 1,900 to 236,700 and Louisiana 350 to 568,300. The Rocky Mountain area of Colorado, Montana and Wyoming slumped 650 barrels to 133,120. Mississippi's production was 55,200 compared with 56,750 the previous week.

### NOTICE

THE STATE OF TEXAS, County of Gray,

To those indebted to, or holding claims against the Estate of J. Crutchfield, Deceased:

The undersigned having been duly appointed independent executor of the Estate of J. Crutchfield, Deceased, late of Gray County, Texas, by Sherman White, Judge of the County Court of said County on the 4th day of February, A. D. 1946, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them for filing within the time prescribed by law at her residence, Pampa, Gray County, Texas, where she receives her mail, this 4th day of February, A. D. 1946.

MATTIE CRUTCHFIELD, Independent Executor of the Estate of J. Crutchfield, Deceased, Feb. 5, 12, 19 & 26.
