NATION'S PHONE STRIKES SPREAD

Two Janitors Are Held in Connection with Chicago Kidnap-Slaying

'Death Room' Is Found Near Victim's Home

CHICAGO, Jan. 9.—(AP)—Police, possessing evidence they said was found in an apartment basement in which the tiny body of Suzanne Degnan was dismembered, pressed relentlessly today for a show-down in their uninterrupted 48-hour hunt for the sadistic killer.

Two janitors, both employed in apartment buildings in the district where the Degnan family lives, were seized for questioning in connection with the kidnaping and killing of the six-year-old girl.

SECOND ARRESTED

Early this morning, police went to the vicinity of the crime and seized the second janitor, whom they described as about 35 years old, also a native of Belgium and a close friend of the janitor picked up yesterday.

It was in the basement, police disclosed, that they found blood stains and parts of the girl's internal organs in the laundry tub drain, as well as several small bones in a furnace. All parts of the child's body except the arms were found.

Fake Credentials And Disturbances Get Boy Involved

A non-similarity of names and description and the mistake of applying for a job at the local police department landed Richard Frank Nowak, 17, in the hands of the Federal Bureau of Investigation today.

Jim Collins, speaking the name of charge of the Amarillo FBI office, was in Pampa to take Nowak into custody after he had been arrested by local officers.

Chief of Police Louis Allen said that Nowak, a native of Milwaukee, Wisconsin, arrived in Pampa Monday night and applied for a job at the police station yesterday, posing as a discharged marine.

Allen said he told the youth there was no positions open at the time, although he took the application.

Allen noticed, however, that his discharge papers, showing the name of Lively Earl Crawford, said the youth was six feet tall, while Nowak is only 5 feet 7 inches tall.

In the meantime, Nowak persuaded the local Red Cross to obtain him a room at the American Legion hall at the corner of Foster and Russell streets.

He then went to the Junior high school building where police received a report that he had been bothering some of the girl students.

Later yesterday evening, police were notified that Nowak was bothering some of the girls at the Teen Canteen, which is downstairs in the

Provost Marshal Says GI Protest Will Affect Japs

WASHINGTON, Jan. 9.—(AP)—Gen. Dwight D. Eisenhower reported to President Truman today that there was no need for disciplinary action against troops who demonstrated at Manila in protest against a slowdown in demobilization.

YOKOHAMA, Jan. 9.—(AP)—American occupation forces were warned today that "subversive forces will take their cue for sabotage plans from our future actions" after a provost marshal reported he had broken up a "bothead demonstration" of soldiers protesting a demobilization slowdown.

LI Gen. Charles P. Hall, acting commander of the Eighth army, sent this message to his troops through the army newspaper Stars and Stripes.

"The Japanese people watch with interest the first indication of a general breakdown of morale and discipline beginning to show up in occupation troops.

"Subversive forces quick to sense disaffection in the ranks, will take their cue for sabotage plans from our future actions."

Col. Charles A. Mahoney, provost marshal of the U. S. army service command who said he had scattered protesting soldiers on the arrival of Secretary of War Patterson, was quoted by a mimeographed paper as saying:

"If you want lace panties, I'll get them for you."

General Hall's message added: "Protest mass meetings at the headquarters of Powell Echelon's accomplish nothing because all policy matters on demobilization come direct from the war department."

It came as soldiers in this area called for a mass demonstration to

Witness to Hitler's Will May Be Arrested

LONDON, Jan. 9.—(AP)—A Reuters dispatch from Bad Godesberg, Germany, said today British security officers had arrested Gen. Nicholas von Below, "probably the only surviving witness of Adolf Hitler's private will."

Other witnesses to the testament were Martin Bormann, Hitler's deputy and Propaganda Minister Paul Joseph Goebbels. Both are believed dead.

It was in this document, dated April 29, 1945, that Hitler told of his plans for marriage to Eva Braun, his 35-year-old mistress, and his subsequent decision to commit suicide.

It also directed establishment of an art museum in Hitler's "home town of Linz on the Danube" and ordered that most of Hitler's property should go to the Nazi party or to the state.

Two Years To Go—He Calls It Quits

LAS VEGAS, Nev., Jan. 9.—(AP)—Within two years of their golden wedding anniversary, Frank E. Russell, 44, who wed Lena Russell Nov. 24, 1907—has filed suit for divorce, on grounds of three years' separation.

China Truce Efforts Fail

Parley, with Marshall, To Be Reconvened

CHUNGKING, Jan. 9.—(AP)—Efforts to achieve a truce in China's civil strife failed again today and the communist representative charged that a hitch developed because of government demands for exception of Jehol and Chahar provinces from the armistice terms.

"The communists find these demands unacceptable and cannot tolerate them as prerequisites for a cease fire order," said Gen. Chou En-lai, communist representative at the truce talks with a government member and General Marshall.

The parley was adjourned until late tomorrow. Its failure to achieve prompt agreement blasted hopes of a truce being effected before tomorrow's opening of the political union conference.

Chou asserted the government wanted to proceed with the occupation of the two Inner Mongolian provinces under an armistice.

Tonight's meeting was the fourth in the series between Gen. Chang Chun, the government representative, and Gen. Chou En-lai, the communist member, with Marshall as the third member of the truce committee. It lasted an hour and 40 minutes.

Chang told correspondents that details were not yet settled and that the discussions therefore would continue.

"Prospects are not bad but the problems are difficult," he stated, adding that with the committee's business unfinished no news could be released.

Asked if the conference would end with tomorrow's session, Hsu Me, ambassador to Turkey who is assisting Chang in the negotiations, replied: "That remains to be seen."

TOASTMASTERS IS CHARTERED CLUB

What heretofore has been the Pampa Toastmasters club last night was officially admitted into the circle of clubs known as Toastmasters International.

The club's charter was presented by Homer Gibson, member of the Berger Toastmasters club, at a banquet program held in the Palm Room at the city hall. Several Berger Toastmasters and their wives were present, in addition to wives and friends of local members.

The charter was signed by the president of the International, which has headquarters in the city where the organization originated, Santa Ana, Calif.

The International president, Franklin McCullis, sent the following congratulatory message via telegram to the president of the local club, Grover Heard:

"Another milestone has been reached with the issuance of Charter No. 345 to our newest club. Although I cannot be with you for this important occasion, please accept my very best wishes for success through speech and leadership training. I join with eight thousand members in offering the hand of

HOW STEEL STRIKE WOULD AFFECT THE NATION

Figures on the pie-chart above indicate the tremendous effect that a strike of the United Steel workers of the CIO would have

on the national economy. A steel price increase of about \$4 a ton was reported under consideration today—\$1.50 more than the limit

previously set by OPA. The nationwide steel strike has been set for Jan. 14.

Parking Meters To Be Installed In Traffic Area

Pampa will definitely have parking meters—500 of them—City Manager Garland Franks revealed today, in announcing a complete new plan for control of downtown traffic.

The M-C-O Meter company of Kentucky, from whom the meters were ordered, has promised delivery between February 15 and March 1, and they will be installed as soon as they are received.

Franks said the meters would cost the city \$47.50 each plus an installation charge of \$2 per meter, all of which will be paid out of meter revenues.

The total cost of the 500 meters, fully installed, will be \$25,075.

In addition to the parking meters, Franks said traffic lights would probably be installed in the near future at the corner of South Cuyler and Craven streets, Foster and Russell, Russell and Kingsmill, Ballard and Foster and possibly Ballard and Francis.

He also announced that there would be parallel parking only on Kingsmill street, probably from the intersection of Frost and Kingsmill to the Ballard street intersection.

This section of Kingsmill has long been one of the most congested traffic areas in the downtown district, Franks said.

In addition, bus zones, by an agreement with the Pampa Bus company, are being moved to the near side of each corner and are being reduced from 60 to 30 feet.

The new parking meters will be of the manually operated one-cent or five-cent variety, Franks said.

For the motorist who wants to park his car for only a few minutes, he may deposit one cent for 12 minutes, two cents for 24 minutes, three cents for 36 minutes, four for 48 minutes or five for an hour.

The meters will be in operation from 9 a. m. to 6 p. m. on week

Big 3 Agree That Secret Of Bomb Should Be Kept

LONDON, Jan. 9.—(AP)—Secretary of State Byrnes said today that the United States, Russia, Britain and Canada were agreed on safeguards for atomic energy secrets under whatever control plan was devised by the United Nations organization.

Aged Lady Stranded Here—She Requires Help of Kind Hand

Is there someone in or near Pampa who could provide a home and good care of an elderly person in need of both?

At this time little and white-haired 84-year-old Mrs. Martha Ann Burton is in the Pampa hospital, in the southwest basement room, where she was taken on county recommendation last Friday.

Mrs. Burton said yesterday that she had never known such kind people as the strangers she had recently met.

Friday she came from Duncan, Okla., with "strangers" from Berger, she had been staying with her daughter and family in Duncan. Her daughter knew the Berger party and arranged for Mrs. Burton to ride as far as Pampa with them.

After the 200-mile drive to Pampa the Bergerites stopped at the home of a daughter of Mrs. Burton's in Pampa, but the daughter was not at home and has not been contacted.

Because there was no place for Mrs. Burton to go, being without funds and paralyzed from her left shoulder down to her left foot, she asked to be left at the police station where, she thought, the police could do with her as they wished.

Paul Hill of the local old-age assistance office was immediately notified. He saw to it that Mr. Bur-

Solon's Condition Is Reported Improved

SAN ANGELO, Jan. 9.—(AP)—Congressman C. C. Fisher (D-Tex.) of San Angelo was reported improved but still in a critical condition today from injuries received in an automobile accident near Ballinger.

Dr. C. F. Bailey, Ballinger physician, said Fisher suffered numerous fractures of the pelvic bone and severe internal injuries when his automobile overturned on slick pavement. He had delivered an address at a luncheon club in Winters and was returning home.

NEW STEP IN MOVING MAIL TO BE STUDIED

WASHINGTON, Jan. 9.—(AP)—Post office department and air transport officials meet here today to discuss the possibility of moving all first class mail and parcel post by air.

Reduction in air mail rates also will be considered.

There's nothing finer than a Stromberg-Carlson. Coming soon, Lewis Hardware Co. (Adv.)

New Steel Prices Being Considered

SYMPATHY TIE-UPS ARE COMING

WASHINGTON, Jan. 9.—(AP)—A steel price increase of about \$4 a ton—\$1.50 more than the limit previously set by OPA—was reported under consideration by the government today.

Officials said they understood reconversion director John W. Snyder and Stabilization Administrator John C. Collett had decided the higher price should be allowed, despite sharp protest by price administrator Chester Bowles.

The steel industry, facing a strike next Monday, has been holding out for an increase of \$7 a ton as a condition to resuming collective bargaining on the demand of the CIO Steel Workers' union for a \$2 a day wage boost.

Meanwhile, telephone equipment workers started a strike against the Western Electric company, threatening a complete tie-up of the nation's communications systems.

At first, however, the Association of Communications Equipment Workers (Independent) did not establish pickets. Other telephone unions have said they would not "cross" picket lines.

Officials said that while no firm decision had been reached on the amount of a steel price increase they expected one at almost any time now.

Bowles is reported to have taken the stand in steel conversations with President Truman that \$2.50 a ton is the maximum increase that could be allowed within the framework of the administration's wage-price policy.

The White House declined comment today on reports of the contemplated \$4 increase.

The new telephone workers strike started before the scheduled hour of 11 a. m. The union is a sister one to the striking Western Electric Employees association, also an independent.

Top CIO leaders summoned here by CIO President Philip Murray, including R. J. Thomas, president of the CIO Automobile Workers, and Albert Fitzgerald, president of the CIO United Electrical Workers, resumed strategy conferences this morning.

Murray, Thomas and Fitzgerald comprise the "big three" in the CIO's drive for 30 per cent wage increases in the steel, automobile, electrical and meatpacking industries.

They have been in constant personal or telephonic touch with each other for weeks as the strike situation progressed, and the union has made it clear that no major settlement will be affected in current

Plans Proceed For Perryton, Pampa Road

Plans for the Pampa-Perryton highway, were forwarded another step yesterday when deeds for right-of-way through Roberts county were delivered to the Pampa chamber of commerce by the Roberts county judge, J. A. Mead.

This development was announced during the regular monthly meeting of the chamber board of directors. The directors had previously lunched with the Junior Chamber of Commerce in the Palm Room, city hall.

The deeds, which designate the Roberts county land through which the proposed highway to Othello county would be laid, will now be turned over to a committee, which will be charged to secure the signatures of the landowners to purchase right-of-way. This special committee will be named by the president in a few days, it was announced.

ACTION RECOMMENDED
The highway committee of the chamber of commerce last week recommended to the board of directors that plans be inaugurated at once to secure the right-of-way. Yesterday's action was predicated

Bus Goes Amuk, 13 Persons Hurt

FORT WORTH, Jan. 9.—(AP)—Ten persons were injured, four probably seriously, when an eastbound Greyhound bus crashed through a traffic circle on Highway 80 just west of the city early this morning.

Falling to make the turn, the bus plunged through several guard posts and a steel rail run up a four-foot embankment and catapulted 40 feet through the air before landing upright and bouncing to a stop near the far end of the circle.

H. S. Short, Abilene, driver of the bus, who blamed a mechanical failure for the accident, was thrown through the open door and suffered a possible neck injury and shock.

Also hospitalized with possible internal injuries were E. B. Jobe, Fort Worth; Seaman First Class Ralph Sanclito, Waco; and W. C. Oatman, Weatherford. Others were treated and released.

U. S. Would Get Trusteeship of Pacific Islands

Do you have any questions on the United Nations Charter? To help the people of this country better understand the charter and their responsibilities to world organization, the American Association for the United Nations is answering questions received reflecting the tremendous interest today and always for lasting peace.

Q. If the Pacific Islands bases occupied by the United States are placed under the UNO trusteeship system, who would actually administer them?

A. Trusteeship for strategic bases under the security council as provided for in the Charter would leave the administration of the bases in the hands of the United States, while at the same time upholding a principle which is more than any other people contributed to the Charter. A declaration that we would place strategic bases under the trusteeship system would put us in a position to urge our allies to place their mandates under trusteeship and to extend the principles to other colonial areas.

Q. Some people say that the loan to Great Britain places Uncle Sam in the role of Santa Claus. Is that true?

A. No. The agreement benefits both countries. The United States is charging interest at the rate of 2 per cent on the loan, more than it is paying on its loans. The arrangements make possible liberal trade policies and envisage the establishment of an international trade organization as proposed by this country. The pledge of the British to abolish within a year the "dollar pool" of the sterling area countries will be of special benefit to this country. The agreement also made possible ratification of Bretton Woods by the British without which the fund and the bank would not have come into being.

Q. Does the international bank and fund, planned by Bretton Woods, go into effect January first?

A. The Bretton Woods agreements were formally signed by representatives of 28 countries on December 27th, thus bringing into effect the international bank and monetary fund. According to boards of

CARNIVAL

"Would you page my husband, H. P. Adams? And you'll find that he answers quicker if you just scream the whole name—Hiram Percy Adams!"

By Dick Turner

Overtures by the signatory countries is the next step in setting up the two institutions as going concerns. The United States will then sell portions of the two boards of trustees.

Q. Does the selection of the United States as headquarters for the UNO mean that the specialized agencies, such as food and agricultural organization and the international bank and fund will also be located in New York?

A. Not necessarily. Some agencies may find it advantageous to be located in the same place as the headquarters of UNO, others may find other locations more suitable.

Q. Do you have any questions to ask the United Nations?

A. The United Nations is a new organization. It is up to you to ask the questions that interest you.

Q. Do you have any questions to ask the United Nations?

A. The United Nations is a new organization. It is up to you to ask the questions that interest you.

Q. Do you have any questions to ask the United Nations?

Market Briefs

WALL STREET

NEW YORK, Jan. 8.—The stock market today enjoyed its best rally in several weeks as bullish forces turned to the buying side and pushed up leading stocks, motors, rails and specialties 10 to more than 3 points, many to peaks for a year or longer.

Heaviest dealings on the big board and curb were in the forenoon when customers, apparently rushed to the market to beat the timing of the New York Western Union strike. While the curb was restricted to some extent, when work stoppage actually eventuated, the major exchange, with its own operating facilities, did business as usual.

Continues on the bulge were U. S. Steel, Bethlehem, Youngstown Sheet, General Motors, Chrysler, Studebaker, Willamette Industries, Southern Railway, Pacific, N. Y. Central, Canadian Pacific, Southern Railway, Kennecott, Montgomery Ward, National Amusement, Schenley, American Woolen, Eastern Air Lines, U. S. Rubber, Western Union "A," and American Water Works.

Consensus on the bulge were U. S. Steel, Bethlehem, Youngstown Sheet, General Motors, Chrysler, Studebaker, Willamette Industries, Southern Railway, Pacific, N. Y. Central, Canadian Pacific, Southern Railway, Kennecott, Montgomery Ward, National Amusement, Schenley, American Woolen, Eastern Air Lines, U. S. Rubber, Western Union "A," and American Water Works.

Texas Today

By JACK RUTLEDGE AP Staff Writer

Sheriff Ted Andrews admits he was plum groggy. He had arrested a Negro ex-convict as a burglary suspect. The man was retrieving certain articles. He stood on a table to reach a niche in the ceiling. Then it happened.

A well-aimed half-gallon jar of canned plum preserves hit sheriff Andrews square on the head. It knocked him to his knees. The Negro escaped.

"Shattered glass flew all over the room and plum goo ran off my face down my collar," said the sheriff disgruntledly. "It was all sticky and I thought for sure my head must be almost severed. And my hat! My best hat! It looks like a plum pie turned wrong side out."

George Saunders of the U. S. wildlife department was puzzled for a while down in Brownsville. It was night. He saw two legs plainly, but no body. It made him suspicious. He advanced cautiously. It was a discarded two-legged cast.

You read a lot about amateur detectives in mystery-murder books. But you rarely see one. Meet W. O. Bankston of Dallas. His hobby is crime detection. He is so handy that Dallas officials gladly welcome his aid.

Sheriff Smoot Schmid gave him a deputy's commission back in 1939. His car is equipped with siren and police radio. He is Johnny-on-the-spot in most big cases in Dallas. He is handy with his fists, is a good pistol and rifle shot. Detective work, he says, has become an obsession with him.

In real life he is a 31-year-old automobile dealer.

MEEKER, Okla., Jan. 9.—A. L. Marak resigned as city marshal, night watchman and water superintendent to devote more time to his other work.

Marak is an electrician, does plumbing and tinning and serves as pressman and emergency typewriter for the Meeker Herald.

In his "spare" time he helps out as waiter in a cafe operated by his wife.

SALT LAKE CITY, Jan. 9.—(AP)—Mrs. George S. Perkins told her six-year-old son, Sherry, to take a bath before dinner.

A few moments later she heard him call to her and went into the bathroom, but the youngster couldn't be seen.

A fire department emergency crew worked 45 minutes and had to remove all the pipes leading to the bathtub before the child could crawl out from his "hiding place" between the bathtub and the wall.

OVER 100 MILLION BOTTLES SOLD! SIMPLY GREAT FOR MONTHLY PAIN

Lydia E. Pinkham's Vegetable Compound does more than relieve monthly pain when due to female functional periodic disturbances. It also relieves accompanying weak, tired, nervous, cranky feelings—of such nature. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great stomachic tonic.

Court Rules in Favor Religion

WASHINGTON, Jan. 9.—(AP)

The supreme court holds that freedom of religion under the constitution takes precedence over the rights of private property. The court divided 5 to 3 in making this pronouncement. It was handed down Monday in a review of the convictions of two members of the Jehovah's Witnesses for distributing religious literature in company-owned towns.

Justice Black, in the majority opinion, ruled: "When we balance the constitutional right of owners of property against those of the people to enjoy freedom of religion, as we must here, we remain mindful of the fact that the latter occupy a preferred position."

The majority opinion also held that residents of company towns are free citizens and hence entitled to uncensored information.

DOUBLE REWARD HINSDALE, N. H., Jan. 9.—(AP)—This fish story is told by John Royce. When he was fishing through the ice of Pisgah pond one of his flags went up, indicating a fish was on the line.

He hauled in a 13-inch pickerel and hangers onto its tail was another 21-inch.

Six fellow fishermen vouched for the truth of the account.

Sheep 3.00; killing classes fairly active; all weights; good and choice, high up \$14.65, ceiling. Sows mostly \$13.00; medium and good \$10.15-15 lb. pigs to feeders and killers \$10.00-11.50.

NEW ORLEANS COTTON NEW ORLEANS, Jan. 8.—(AP)—Spot cotton closed steady and unchanged today. Sales 1,210; low middling 19.75; middling 14.50; good middling 24.70. Receipts 1,736; stock 298,076.

Mexican Government Will Open Office

MEXICO CITY, Jan. 9.—(AP)—The government will open an office at El Paso, Texas, to assist Mexican workers being repatriated through Ciudad Juarez across the Rio Grande.

Workers who entered the United States under contract to do work here are being sent back to Mexico as fast as transportation facilities will permit.

The secretary of labor said the office would be similar to one already in operation at Laredo, Texas. The department said it hoped to have 35,000 back in Mexico by May 31.

Deer Kill Increases 25 Percent in Llano

LLANO, Texas, Jan. 9.—(AP)—Reports from Llano county show the 1945 deer season, which ended on Jan. 1 to have been the best in recent years, with a record number of bucks killed in all sections of the county.

Rainbow Girls Have Installation At McLean

Mrs. Edyth England of Amarillo instituted a Rainbow Assembly for Girls in McLean Monday evening. Twenty-four candidates were initiated and four came in by demit from Pampa. Public installation ceremonies were conducted by the White Deer assembly. Miss Dorothy Mintner, who is grand love in the grand assembly of the state of Texas, was the grand installing officer, with Miss Dorothy Marie Poe, grand marshal; Miss Donna Wilkerson, grand secretary; and Miss Betty June Price, grand chaplain. Mrs. Pith Hawkins is mother advisor of the White Deer group. About 150 visitors witnessed the ceremony. The Pampa assembly had planned to take part in the service, but was unable to attend. The following officers for the local assembly were installed: Lota Mae Hughes, worthy adviser; Dorothy Clark, worthy associate; Patsy Alexander, hope; Imogene Peabody, faith; Bobby Jean Headrick, recorder; Monna Coldwell, treasurer; Glenda Joyce Smith, chaplain; Sara Debra, drill leader; Mary Beth D'Spain, love; Margorie West, religion; Jimmie Lee Davis, nature; Jerry Evans, immortalist; Faith Hancock, fidelity; Cecil Hildon, patriotism; Marsalee Windom, service; Ernestine Dickerson, confidential observer; Frances Owen, outer observer; LaWanda Shadid, organist; Melba Miller, choir director; and Barbara Marshall, reporter. The paraphernalia committee and members of the choir are: Carole Smith, Effie Lou Carpenter, LaVeta Gunn, Sue Davis, Margaret D'Spain, Jay Browning and Ethel Hugg. Mrs. Charlotte Wade was installed as mother adviser and the following Eastern Star members were installed as members of the advisory board: Mrs. Debra Butner, chairman; Mrs. Clara Hupp, treasurer; Mr. and Mrs. Ed Rallsback, Anna Bell Fletcher, Ollie Headrick, Gladys Smith, Marv Eustice, Daphne Morris, J. N. Clark and W. W. Hughes. The assembly will meet on the first and third Monday of each month. The next meeting will be Jan. 21 and will be a business meeting.

Shamrock Girl Wins 4-H Gold Star Award

SHAMROCK, Jan. 9.—(Special)—Miss Rosera Helton, 16-year-old daughter of Mr. and Mrs. Virgil Helton of Briscoe has been named Wheeler county 4-H Gold Star girl for 1945, according to an announcement made by the assistant home demonstration agent. To be eligible for the Gold Star award, a girl must have been in 4-H club work for at least three years and must have kept a complete record of her work. Rosera, a sophomore in Shamrock high school, has been in 4-H work for seven years, having enrolled at the age of ten. In addition to the 4-H Gold Star pin, awarded by Texas A. and M. college, she will receive a free trip to the Panhandle Plains historical museum at Canyon. She has raised chickens, learned to dress them, baked cakes, made many pieces of crocheted and handwork, including a tufted bed spread and pillow cases. She won 12 ribbons at the Tri-State fair, varying from first to third. She has shown gardens, canned many varieties of vegetables, made many articles of clothing for herself, raised pigs, and helped with farm chores. In 1945 she was chosen the most outstanding member of her club. Last year she helped her mother in raising 250 chickens, from which they had plenty of fryers, sold forty dollars of chickens and kept 97 pullets. At harvest time she drove a pick-up and helped with other farm work. During the time she has been a 4-H club girl she has owned approximately 500 quarts of fruit and vegetables, and estimated the value of handmade articles and clothing at above \$100.

Rip Van Winkle Play To Be Presented For Junior High Students

Rip Van Winkle, delightful and legendary figure of Washington Irving's famous story, will play his way through fabulous adventures among the Kaatskill Mountains on the stage of the Junior high auditorium when the Clare Tree Major Children's Theatre of New York presents "Rip Van Winkle" here under the sponsorship of the American Association of University women. As a popular play in her organization's repertoire, Mrs. Major tells us he had adapted a tale that has been a favorite of children and grown-ups for years. Easy-going, lovable Rip much prefers hunting and fishing to digging in the fields. And Dame Winkle, really not a shrew, but merely a distracted mother who wants her family provided for, has to drive him, with sharp tongue, away from unproductive pleasure. Meanwhile, momentous changes are taking place in the great world outside the little mountain village. Franklin has just given the English Parliament an ultimatum on the colonies stand against the Stamp tax. And even the loungers around the King George Inn can gather that important events are in the making. So as Rip sleeps twenty years away, high up in the Kaatskill Mountains, the United States are born. Small wonder that he rubs his eyes on returning to the town he had left restive under British rule, to find its politicians ranting against a congress of which he had never heard. Miss Lillian Mullinax, chairman of the committee says that tickets for this entertaining comedy can be purchased at Junior high and the grade schools. It will be presented in the Junior high auditorium on January 16. Because of limited space, only Junior high students and students in the fifth grade may attend.

Cub Scout Pack 14 Win Honor Awards

Pack 14 Cub Scouts met last week in the Presbyterian church, basement. Dudley Steele, cub master, and Jack McCreery, assistant cub master, were present. Each den was represented with stunts, exhibits, and achievements. Two new Bobcats were named: John Teed and Doyle King. Wolf rank was awarded to George DePee, Sammy Dunn, Jerry Doggett, Bob Schofield, and Lonnie Jones. Wolf gold arrow point awards went to Ray Dudley, Jr., and Scottie Davy, received the rank of bear. Prizes for stunts went to den one, first, with Mrs. Henry Ellis, den two, second, and den four, with Mrs. J. D. Schroeder, den mother. Den 2 won the honor award for the third consecutive time and will keep it permanently. Mrs. John Schofield is den mother.

Mary Class Meets Tuesday Afternoon

Mrs. Bill Money entertained the Mary class Tuesday afternoon at a business and social meeting at her home. Club members had first gathered at the church to spend an hour visiting ill and absent members. Mrs. Louisa Tarpley presided at the business meeting, which was opened with a prayer, led by Mrs. Charles Miller. Mrs. J. V. Young gave the devotional, speaking on "Prayer." Refreshments were served to Mrs. W. C. Saulsbury, Mrs. S. E. Waters, Mrs. S. W. Byard, Mrs. Minor Langford, Mrs. Owen Johnson, Mrs. G. E. Anderson, Mrs. L. B. Studebaker, Mrs. Tarpley, Mrs. Don Humphrey, Mrs. G. H. Studebaker, Mrs. Young, Mrs. Spencer Matlock, Mrs. Miller, and the hostess, Mrs. Money.

Sam Houston P-T. A. To Study "Religion"

"Religion and Our Children" will be the topic for study at the regular meeting of the Sam Houston P-T. A. Thursday afternoon at 2:30 o'clock. Mrs. Noel Dalton will lead the discussion and Mrs. S. E. Waters will have charge of the devotional. Guest speaker will be Mrs. G. L. Craddock.

B. M. Baker P-T. A. Meeting Thursday

B. M. Baker P-T. A. meeting will be held Thursday afternoon at 2:30 o'clock in the school. Mrs. J. Arroy-McCoy will read the devotional, and the second grade students will provide the entertainment. A nursery will be provided for small children. An executive session will be held before the meeting in the office of the principal, Mr. B. R. Nuckols, at 1:45 o'clock.

Mrs. John Cantrell Honored at Surprise Party Saturday

MIAMI, Jan. 8.—(Special)—Mrs. Dale Low and Mrs. Paul Sullivan honored Mrs. John Cantrell, with a surprise birthday party Saturday afternoon at the home of Mrs. Dale Low. The gifts were displayed on small tables which also held two large birthday cakes, beautifully decorated. The group was entertained by Joel Low who sang cowboy songs. The honoree was presented a red rose corsage by Mrs. Low. The hostesses served angel food cake and coffee. Attending from Pampa were Mrs. W. M. Daughette, Mrs. Georgia Springer, Mrs. Joe Carlton, Mrs. J. L. Spencer and Miss Edna Daughette. Others present were Mrs. Rom Corpe, Mrs. J. M. Allen, Mrs. Dan Kirshen, Mrs. C. C. Carr, Mrs. C. C. Shield, Mrs. Lulu Johnston, Mrs. Maggie Gill, Mrs. Edna Newman, Mrs. J. K. McKenzie, Mrs. M. M. Craig, Jr., Mrs. Avis Edwards, Mrs. M. W. O'Loughlin, Mrs. Van Webb, Mrs. W. H. Craig, Miss Ertha Pulasaki, Miss Jean Carol, Miss Ennetta Low and Joel Low. Several sent gifts who could not be present.

2 Marriage Licenses Issued by Clerk

Marriage licenses were issued yesterday by Charles C. Henley and Mrs. Alma Truman and to T. C. Kitchens and Doris Marie McCord at the office of the county clerk.

SOCIETY

America's Part in Securing World Peace Studied by B. and P. W. Group

The Pampa Business and Professional Women's club program and business meeting was held Tuesday evening in the City club rooms. Mrs. Jessye Stroup, international relations chairman, presented the program. Preceding the speakers of the evening, Ken Bennett, well-known Pampa musician recently returned from the European theater of war, presented a short musical program. He described how both Germany and Japan had used music for propaganda purposes unsuccessfully. Mr. Bennett was attached to a special services unit which went into the Normandy invasion. His orchestra, made up of three pieces, clarinet drums and accordion, entertained at a replacement center and war-fatigue hospital. He said that sentimental songs were often requested by the GI, especially those of Jerome Kern and Cole Porter. Mr. Bennett sang "This Is a Lovely Day to Spend an Evening" and "I Get a Kick Out of You." Tom Braly spoke on the subject, "Our Stake in World Affairs." He stated that the problems which are to be solved by the world come in two phases—economic and social well-being. Our economic problem is tied up with our foreign policy. Following Pearl Harbor, the United States departed from a policy of isolation and moved toward international cooperation. According to Walter Lippman, he said, our only foreign policy before Pearl Harbor was the Monroe Doctrine. But now we must push every facility we have toward leadership in world affairs. The American people have had one of the highest standards of living in the world, Mr. Braly pointed out. Foreign trade will determine our standard of living in the future. America will have to furnish the world market with the majority of goods in the next few years and, therefore, the United States will have to watch its trade barriers. We must strive for peace and peace requires economic security, the former lieutenant-colonel said. We must help the peoples of the world have the necessities of life. The American people can not afford for the other nations not to have freedom from want, freedom from fear, freedom of religion and freedom of expression. We, as individuals, should study languages, customs and geography in order to be better citizens of the world. Most of all, he emphasized, we should use our democratic institutions for free opinion to influence our government's policies. Mr. Sun, graduate of the University of Chungking who was sent to the U. S. to study natural gas production, described the position of women in China. Under Chinese law, women have equal property rights with men. During the war women of China have left jobs as household servants and gone into industry. With education financed by the Chinese government, many women attended schools of higher education. Before the war 80 percent of the Chinese people were engaged in farming. Now China is expanding industrially. In China there is a national women's association, headed by Madame Chiang Kai-shek, which helps women in securing employment. The program concluded with a short summary by Miss Elma Vandenberg. Approximately 50 members and guests were served refreshments following the program. Mrs. Tommie Stone, president, stated that the national federation is requesting the local clubs to prepare and mail packages of clothing and food to B&PW club members overseas. International Federation of B&PW clubs has organizations in most European nations and their members need our help now.

Miss Ruby Kyle Marries Marine Sergeant Here

The marriage of Miss Ruby Kyle, daughter of Mr. and Mrs. G. H. Kyle, of Pampa, to Sgt. A. J. Organ, son of the late Mr. and Mrs. S. C. Organ, was solemnized December 31 in the First Baptist church. The Reverend Douglas E. Carver officiated. The bride wore a street length dress of gray with black accessories. Her corsage was of gardenias. The bride's sister, Miss Evaughn Kyle, was her only attendant. She was dressed in a black suit and wore a corsage of red roses. Mr. Clyde Organ was best man for his brother. Mrs. Organ is a graduate of Pampa high school. Sgt. Organ is a member of the United States Marine Corps Reserve and has served overseas for three years. He is a graduate of Salmon, Ill., high school. Sgt. and Mrs. Organ left Thursday for a short wedding trip to Oregon after which they will go to San Diego, Calif., where Sgt. Organ will be discharged in April. They plan to make their future home in Pampa.

La Rosa Sorority Plans February Presentation Dance

The La Rosa sorority met in the City club rooms Thursday, Jan. 3. Plans were made for the presentation dance to be held in February. The committee appointed to select the music includes Miss Alberta Williams, Miss Rosamond Allen, and Miss Joyce Stone. Decorations were discussed and it was decided to have pictures taken at the dance. Orders for club overalls were taken and plans for club pins discussed. Members attending were: Miss Pat Kelley, Miss Oma Kees, Miss Betty Henderson, Miss Betty Dillman, Miss Betty Davis, Miss June Dalton, Miss Lois Crawford, Miss Mickey Canada, Miss Beba Bain, Miss Rosamond Allen, Miss Alberta Williams, Miss Jean Talley, Miss Katherine Talley, Miss Joyce Stone, Miss Mary Myatt, Miss Betty Myatt, Miss Betty Moseley, Miss Edith Marrow, Miss Mildred McClelland, and Miss Bobbie McClelland. The next meeting will be held Thursday, Jan. 10, at 7 o'clock.

B. M. Baker P-T. A. Meeting Thursday

B. M. Baker P-T. A. meeting will be held Thursday afternoon at 2:30 o'clock in the school. Mrs. J. Arroy-McCoy will read the devotional, and the second grade students will provide the entertainment. A nursery will be provided for small children. An executive session will be held before the meeting in the office of the principal, Mr. B. R. Nuckols, at 1:45 o'clock.

Social Calendar

Walter Hautzig Hailed at Town Hall Concerts

The Pampa Community Concert association will present Walter Hautzig, outstanding young pianist, at the Junior high school auditorium this Friday evening at 8:30. This is the third of the present series of concerts. Walter Hautzig was introduced to New York in recital at Town Hall in the fall of 1943 without preliminary fanfare. The polish maturity, and finish of his playing took his audience and critics by surprise—and won from them unanimous acclaim. "A brilliant new keyboard talent whipped up warm response," wrote the critic of the New York World-Telegram. The Herald Tribune spoke of "performance commanding the highest admiration." Born in Vienna, he studied at the Vienna Academy of Music. In this country he won a competitive scholarship at Curtis Institute of Music in Philadelphia. There he worked with Harry Kaufman and Mieczyslaw Muzary, particularly the latter. This season, too, the artist has punctuated his extensive concert itinerary with a return to New York for his third Town Hall recital. Once again his story was hailed: Said the New York Herald Tribune: "His technical equipment remains excellent and his interpretations were those of a studious musically player." While there is still a fourth concert to be presented in February plans are already under way for the next season of the association. The membership campaign will be held the week of April 8th with headquarters in the Southwestern Public Service building on North Cuyler. Letters will be sent present members early in February regarding renewals of memberships. Persons interested in becoming members next year may contact Mrs. Carl J. Wright, secretary, 1229 Christine Street, to have their names placed on the waiting list in case vacancies occur.

20th Century Culture Elects New Officers

New officers were elected by acclamation at the Tuesday afternoon meeting of the Twentieth Century Culture. Mrs. Merchan, president; Mrs. Rufe Jordan, vice president; Mrs. M. P. Downs, secretary; Mrs. Huelyn Laycock, treasurer; Mrs. Jack Merchan, parliamentarian; Mrs. Julian Key, news reporter, and Mrs. W. B. Weathered, representative to council of clubs. Meeting at the home of Mrs. H. Hahn, club members studied "Insurance." Mrs. Downs read a paper, "What is Life Insurance?" prepared by Mrs. Frank Mitchell, who was unable to attend because of illness. Mrs. Atchison lead a discussion, "Are You Insured?" Mrs. Hahn served a salad plate and coffee. Members present were: Mrs. Atchison, Mrs. Downs, Mrs. Joe Key, Mrs. V. L. Hobbs, Mrs. Weathered, Mrs. A. A. Sturgeon, Mrs. Jordan, Mrs. Merchan, Mrs. Douglas Nelson, Mrs. Laycock, Mrs. Clyde Mason. The next meeting will be Tuesday, January 22, in the home of Mrs. Key, 1234 N. Russell.

Blue Ribbon 4-H Club Elects New Officers

Newly elected officers of the Blue Ribbon 4-H club took over their duties at the meeting of the club this week at the home of the sponsor, Mrs. J. C. Steward. Miss Millicent Schaub, county home

Pinafore Frock

By Mrs. ANNE CABOT
The tiny frilled sleeve apron dress with darts applique is just the sort little girls like and mothers find no trouble at all to launder. Make it in a small flowered print or a candy-stripe cotton. Trim with ric-rac and self-fabric ties.

To obtain complete pattern, finishing instructions for the Pinafore Frock (Pattern No. 5084) sizes 2, 3, 4 years included, send 15 cents in COIN plus 3 cent postage. YOUR NAME, ADDRESS and the PATTERNS NUMBER to Anne Cabot, Pampa News, 1150 Ave. America, New York 19, N. Y. You'll want to crochet, knit, embroider or sew dozens of the warm, winter accessories and garments in the new Anne Cabot ALBUM. Send for your copy of the 99-page ALBUM. Price 15 cents.

Varied Menus Make Breakfast Gay

Just take a quick look at these and think how good they would taste for breakfast! There are hot biscuits, quick coffee cake, orange muffins, apricot upside-down muffins, and current turns. They're all easy to make with a simple biscuit mix of flour, baking powder, salt and lard.

- BREAKFAST MENU**
Half Grapefruit
Prepared Cereal with Milk and Brown Sugar
Panbaked Pork Luncheon Loaf
Quick Orange Muffins
Butter or Margarine
Hot Coffee
Cocoa for the children
- How are the breakfast appetites at your house these dark, chilly mornings? Are you catering to them by serving substantial breakfasts and varying the menu from day to day? If your answer to either of these questions is negative or somewhat noncommittal — perhaps a New Year's resolution is in order. "Bigger and better breakfasts for the family" is a resolution that deserves a hearty endorsement in a great many homes. Do you ever serve hot biscuits and honey for breakfast, Or hot muffins with raisins or dates in them, Or waffles, pancakes, coffee cake, and other such tempting waker-uppers? If the answer to these questions is negative — then you'll certainly want to try this homemade biscuit mix. It's a sure and easy way to give your breakfast-reputation a boost.
- Versatile Time Saver**
Perhaps the idea of making your own quick biscuit mix is a new one to you. It's a simple one, too. demonstration agent, discussed various articles which the girls might use to make housecleaning simpler. Among them was an apron with pockets large enough to carry brushes, dust cloths and other articles. Answering roll call were: Berdene Laycock, La Rue Whipple, Emma Mae Sing, Mary Jo and Altha Belle Steward and Louise Whipple. The group discussed rules for the club. Fertilize the soil regularly.
- Quick Orange Muffins**
2 cups homemade biscuit mix
1/2 cup sugar
2 tablespoons grated orange rind
1 egg
1/2 cup orange juice
Add sugar and grated orange rind to biscuit mix. Beat egg, add and to orange juice. Add liquid to biscuit mix, stirring only until flour disappears. Fill greased muffin pans two-thirds full. Bake in moderately hot oven (425 degrees F.) for 15 to 20 minutes. Makes 12 medium-size muffins.
- Quick Coffee Cake**
2 cups homemade biscuit mix
1/2 cup sugar
1 egg, well beaten
1/4 cup milk
Topping:
1 1/2 tablespoons butter or margarine
1 tablespoon flour
1/4 cup sugar
1 teaspoon cinnamon
Grease a 9-inch round layer cake pan. Mix flour, sugar and cinnamon for topping, and melt the butter or margarine. Measure biscuit mix and add 1/3 cup sugar, beaten egg and milk. Spread in greased pan. Pour melted fat over the top, and sprinkle with sugar and cinnamon mixture. Bake in moderately hot oven (400 degrees F.) for 35 to 40 minutes. Cut in wedges, remove from pan and serve.
- Homemade Biscuit Mix**
8 cups sifted flour
1 1/2 cups baking powder
4 teaspoons salt
1 1/2 cups lard (or 1 cup, if soft wheat flour is used)
Sift flour, baking powder and salt. Cut in lard until the mixture has a fine, even crumb. Place in closed container and keep in refrigerator, using as desired.
- Quick Muffins**
2 cups homemade biscuit mix
1/2 cup sugar
2 eggs, beaten
1/2 cup milk
Add sugar to biscuit mix. Add eggs and milk, stirring only until flour disappears. Fill greased muffin pans two-thirds full. Bake in moderately hot oven (425 degrees F.) for 15 to 20 minutes. Makes 12 medium-size muffins.

Time Saving Hints Given Hopkins Club

"Tips on Saving Time" given by Miss Schaub, home demonstration agent, to the members of the Hopkins home demonstration club was the highlight of the meeting Tuesday afternoon in the home of Mrs. C. F. Jones. During the business session the following demonstrators were appointed: food, Mrs. C. H. Brickey; yard improvement, Mrs. W. E. Melton; clothing, Mrs. A. L. Kube; and repairs, Mrs. George Howe. Plans were made for the next meeting to be in the home of Mrs. A. L. Montgomery, January 22 at 2 o'clock. Roll call was answered with parliamentary rules which were discussed later. A summary of the year's work by officers and committees was given. Refreshments were served to Mrs. Schaub; two new members, Mrs. George Howe and Mrs. A. B. Jones; and the following members: Mrs. C. H. Brickey, Mrs. W. E. Melton, Mrs. George Reeves, Mrs. John Lott, Mrs. A. L. Montgomery, Mrs. Edna Eaton, Mrs. Robert Orr, Mrs. C. F. Jones, and Mrs. A. L. Kube.

How women and girls may get wanted relief from functional periodic pain. CARDUI. Careful, many women say, has brought relief from the cramp-like aches and pains of functional periodic distress. Thanks to a new, mild, stomachic action, CARDUI is a new, safe, and effective relief. It's a relief that's new and different. It's a relief that's new and different. It's a relief that's new and different.

ONE STEP FORWARD

There is constant discouragement in the power that a few all-too-mortal men have over the destinies of civilization. Sometimes it becomes overpoweringly depressing. Then something like the Moscow meeting of the Big Three foreign ministers takes place, and we believe again—at least until the next disillusionment—that democracy is an active force as well as a favorite subject for debate.

We don't know exactly what took place at the recent meeting in Russia's snowy capital. Nowadays the heads of state and their chief ministers travel in clouds of secrecy when they go calling on one another. And the clouds are never thicker than when they get together in Moscow.

But whatever took place, the results are encouraging, though not startling or consistently admirable. The chief reason for tossing hats in the air is that the December meeting in Moscow succeeded where the October meeting in London failed. And nothing important seems to have changed meanwhile except the attitude of the principal characters.

Last October the atomic bomb was as much a cosmic hot potato as it is now. Tito was head man in Yugoslavia and Russia dominated the Balkans. America and Britain didn't like that particularly. The British were in Greece and the Americans were running Japan all by themselves. The Russians didn't like that particularly either. None of the three could quite agree how Germany should be run.

The situation hadn't changed in December. In fact, it seemed even a little more muddled, what with trouble in China, Java and Iran, and with Russia and Turkey flexing their muscles at one another. But in essentially the same atmosphere the foreign ministers agreed on the same problems which, in October, had precipitated a brawl that was no less bitter because it was politely formal.

We don't know whether the differences were ironed out in the interim, or whether the settlement occurred in Moscow. It really doesn't matter. What does matter is that responsibility and urgency seem to have spurred the big powers over at least one set of hurdles.

The October meeting's failure brought forth some bitter complaints from the American and British press and public. How much of this discontent was reflected in tightly controlled Russian press we do not know. But we rather fancy that its pressure was felt by Mr. Molotov as it was by Mr. Bevin and Mr. Byrnes.

It is quite possible that an aroused public opinion was needed to make these statesmen realize how greatly the narrow, nationalistic views that they expressed were holding back a genuine peace. It is possible that they realized (to paraphrase Mr. Churchill) that never had so few owed so much to so many.

The latest Moscow decisions are only a step, and a hesitant, somewhat unsatisfactory step at that, toward solving the world's problems. But at least the step is forward. Thus only shall we progress. And for that reason this show of agreement, after the London fiasco, is a genuinely cheering sight.

Common Ground

By R. C. HOILES
What's the French Franc Really Worth?

As we see money devaluated throughout the world we should consider whether the American dollar is taking the same road as money in other countries is taking.

This is especially brought to our attention since the French Assembly has just taken steps to devalue the franc. Before World War I, the franc was worth about 24 cents based on American dollars payable in gold. Now the franc has been devaluated so that it is worth only .84 of a cent measured in the present paper dollars.

It must be remembered that the dollar was devaluated by 40 per cent in 1933 and was raised to take 40 per cent of the .84 cent, which would make the French franc worth approximately one-half cent measured in the original American dollar.

We must also remember that now even the American dollar is not convertible into gold. So we really do not know what the French franc is worth in gold. It makes little difference, since the published price of a thing is if it cannot be secured. It would make little difference if butter were quoted at two cents a pound if no one could buy any at that price.

So the French franc has been reduced at least to 1/50 of its former value in gold before the first World War.

This devaluation of the French franc should be especially interesting to Americans because in America are so closely following the practices France followed that made their money worth less than 1/50 of its former value.

There is no question that if America continues along the present interpretation of the Constitution that the Congress has a right to tax for the "general welfare" rather than for the "only to protect men's life and property, the American dollar will eventually become as worthless as the French franc. Any student of money or any man who can write an impersonal rule of conduct knows this to be true.

Are People Really Getting Out of Debt?
One often hears the statement made that times are getting better and that people are getting out of debt.

On the surface this might look to be a true statement. When the whole picture is taken into consideration, however, individuals or businesses are getting out of debt. They are getting deeper and deeper into debt.

good. So when people think that the New Deal has enabled them to get out of debt and that they have been making a lot of money the last few years, they simply have not been using good accounting methods. Their system of book-keeping does not take in all their expenses. They do not save up to serve to take care of the increased taxes they will have to pay.

Businesses or individuals cannot segregate themselves from the State and become a vacuum. The State is part of their obligations. If the government has not collected the taxes so far, the debt is a lien against their assets.

Government debt is a nice way of fooling people and making them think they are prosperous. They will not think so when the stimulus of inflated dollars comes to an end. They will know that they have the biggest debt hanging over their heads they have ever had.

Could Eleanor Attend?
One wonders whether Eleanor Roosevelt could attend the meetings of the United Nations Organization, from which she is to receive \$12,000 a year salary.

There is a listing of the known items: Lend-lease cancellation, \$42,000,000; British loan, \$2,750,000,000; UNRRA, \$2,700,000,000; army relief outlay in Europe, \$349,000,000.

If there ever was a mockery and a delusion in the attempt to promote peace, it is the appointment of people like Mrs. Roosevelt as delegates.

Nation's Press
CONSISTENCY
The Memphis Commercial Appeal Evaluations of consistency have ranged all the way from the "idea that it is a jewel on down to the charge that it is the curse of weak minds. There is general agreement, however, that it is a rare commodity, whether judged a good one or a bad. Going the rounds at the moment is the story of an aviator who offered to take Mahatma Gandhi up for a flight.

"I have wings if I were meant to fly." The flier, knowing that Gandhi went motorizing, came back with, "Where are your wings?" This tendency to employ a principle against what we do not like and disregard it when it comes to something in the same category that we do not like, has been responsible for a great deal of the always popular effort to legislate morality.

POCKET CHANGE
MILWAUKEE, Jan. 9.—(P)—Mary Fletcher, an employe at a laundry and cleaning firm, was making a routine search through a pair of trousers which were headed for the cleaners.

NATIONAL WHIRLIGIG

news behind the news

By RAY TUCKER
EXPENDITURES—President Truman's diplomatic and economic aides have urged him to authorize the compilation of an authentic and final report on the vast amount of money and supplies which the United States has contributed to the winning of the war, and the relief of victims in Europe and other areas, and to the general rehabilitation of world conditions.

Although the spending agencies have never coordinated their accounts, a preliminary survey puts the grand total at approximately a hundred billion dollars. The items range from the forty-two billion dollars in lend-lease weapons and goods which will eventually be canceled, to the shipment of a hundred million dollars' worth of cotton to almost every country on the continent.

The itemization would not include sums which the U. S. paid out in building the army, navy and air forces which delivered the crushing blow to the Axis, and especially Japan. It would take into consideration only the funds which we expended and are expending with hardly any expectation of repayment.

INDICTMENTS—It is not idle curiosity that impels Administration advisers to suggest this stroke. In their opinion, such a listing would constitute an effective answer to the charges of the world responsible for criticism directed at Washington.

Numerous European spokesmen have recently written and said that the United States, as in 1919-1920, has sloughed its world responsibilities and seeks only material gains and comforts.

In their syndicated articles such distinguished Britishers as Harold Laski, chairman of the labor party's executive committee, and Bertrand Russell have charged that we have turned our back on the struggling universe, while we enjoy an era of plenty and think only of getting more food and lower income taxes.

Unless checked, Mr. Truman's friends fear that these indictments "will give Uncle Sam a black eye—blacker than he has already sustained because of our apparent tolerance of Russo-British imperialism around the globe—and lessen our prestige in international circles.

SCORE—Few American taxpayers appreciate how generous their government has been to the world's needy. The aid program has been kept from them. It requires almost a day's search through the files of a score of different establishments to obtain even a rough estimate of our gifts, grants, loans and foreign expenditures of all kinds.

Here is a listing of the known items: Lend-lease cancellation, \$42,000,000,000; British loan, \$2,750,000,000; UNRRA, \$2,700,000,000; army relief outlay in Europe, \$349,000,000.

Peter Edson's Column:
RELIGION ONE OF FUNDAMENTAL CONFLICTS
By PETER EDSON
NEA Washington Correspondent
WASHINGTON.—Freedom of religion is one of the Four Freedoms but it was inadvertently left out of the statement of principles in the Atlantic Charter. Later when President Roosevelt sent the charge to congress he included in his message the statement that the declaration of principles includes of necessity the world need for freedom of religion. It is an impossible thing to define. It leads into endless theological bickering which proves nothing and gets no place.

Since people can be rational about almost anything except other people's religion, it is usually a subject to avoid unless you want to get into a fight. That is true whether you are dealing with mixed company in one room or nations of people in a big wide world. If that is not enough, if you look at many of the world's trouble spots today you will see that they are fundamentally outgrowth of religious conflicts and that they have the makings of holy wars.

General MacArthur has just decreed that the Japanese must abolish Shintoism, separating church and state. Is that freedom of religion?

The American opposition to recognition of new governments in Poland and Yugoslavia is as much religious as it is nationalist in inspiration. Emigrants and the descendants of emigrants from those and other border states of Europe

fear the suppression of their church through Soviet domination. The pope in his Christmas message to the cardinals called for an end of all totalitarianism.

PALESTINE CONFLICT PITS JEW AGAINST ARAB
A conference of British and American statesmen are meeting in Washington and in London this month to decide what can be done about Palestine. The conflict there is Jew against Arab. So loud and so insistent is the Jewish claque in the United States and in Europe that the Moslem side of the argument seldom gets a hearing. Yet it is entirely conceivable that in yielding to Jewish pressures, more is being done to cement the Moslem world against the Christian and the Jewish worlds than could be done in any other way.

A further contribution to this religious enmity may be found in the pressures exerted by the southern states of the Soviet Union against the Moslems of northeastern Turkey and northwestern Iran. Turkish and Iranian protests are admirable patriotism but futile as military threats. The weakness of the Arab world is that it is not heavily armed. Yet it can fight as the British and Dutch have discovered in Indonesia.

The independence movement in the East Indies is primarily political but it has its Hindu and Moslem factions in opposition to the Christian British and Dutch. This

is also a racial war, brown against white. And while the horrors of a racial war at some future date are greatly to be feared, still they would be mild in comparison to a full fledged holy war stretching through Indonesia, India, the Middle East and across North Africa.

UPTON CLOSE:

'If You and I Were Japs of Better Sort'

(The second of two articles)
Along about 1936 we would be convinced that the western powers were going to fight again, and this time completely destroy one another. We would watch while our diplomats tried to find out where our country's advantage would lie, while our brass militarists proceeded to grab off as much of China and South Asia as they could get their fingers on. We would proudly deplore brutalities against our Asiatic neighbors, but our own government censorship would keep us from knowing the worst. And our propaganda services would convince us it was Japanese who were being mutilated.

And then would come the shock of finding that we had been thrown into war with the one nation we never had any serious thought of fighting under any circumstances—namely, the United States of America. And after that there would be nothing to do but fight. At times when we would hear the cleverness of our officers in surprise-attacking and destroying the main United States navy and the amazing speed with which we occupied the island world and the astounding weakness of the forces we were fighting, we would even persuade ourselves that there was a chance to win—or at least draw, and of course we had to fight so long as the Emperor said so.

And then came instruments of destruction such as we had never dreamed of, destroying our capital city and slaughtering more people in it than the great earthquake and fire of 1923. Perhaps we began to understand what our destroyers had meant to our relatively unarmed neighbors several years earlier. Through the thick screen of censorship, we finally learned that our vaunting army and navy and air force could not stop the destroyer from reaching us, until finally he began to wipe out whole cities with single bombs of power first Hiroshima, known for its beauty, and then Nagasaki, known for its history and its factories.

And then Russia pounced upon our back. As Japanese, we were ready to die as the invader should come ashore, taking as many as possible of his men to death with us when our Tenno said we must give ourselves into our enemy's hands.

You or I as Japanese of the better sort would say: "Perhaps you are guilty of a crime—you have all the say about that now. You are the aggressor, you are our gods. We know we are guilty of worse than a crime, (as this world goes) namely, of a mistake." We Japanese look out on the world and still see that might makes right and that the struggle for power is the only law from here. But we are glad, for now that rivalry is over for us. We face, now, just misery. Still, we come of a race that is always ready to work, and to obey authority.

And that, I think, would be our mentality if we were Japanese of the better sort, surviving and facing a very empty future right now. It is well for us to take into consideration, because the Japs are in our laps—unless we give them to Russia.

OFFICE CAT

Young Harry—Dad, what's the difference between a gun and a machine gun?
Dad—There is a big difference. It is just as if I spoke, and then your mother spoke.

A wise guy stopped a Street bus the other morning and said to the driver, "Wise Guy—Well, Noah, you've got here at last. Is the ark full?"
The Driver—No, we need one more monkey. Come on in.

forgetting past favors, assails H. S. T. as an enemy of labor. Jesse H. Brown and Bernard M. Baruch, two Rooseveltian cranks, have periodically joined the chorus of critics.

So, Mr. Truman intends to have a peaceful family even if it becomes known as a made-in-Missouri product.

MACKENZIE'S Column

AP World Traveler

PARIS, Jan. 9.—No conclave in history has meant so much to world peace as does the meeting of the United Nations organization assembly in London.

It might have a salutary effect if the members of the assembly could come here to Versailles and spend a few moments in silent contemplation of the mess made by the League of Nations. Your columnist watched the drafting of the league covenant here, and finally saw the signing of the peace treaty which DEWITT MACKENZIE brought the organization to being.

That was a great day for humanity—or so it seemed. After the signatures of the conquerors and the vanquished had been affixed to the treaty, the crowd which jammed the palace gardens sent up a mighty cry for the "Big Three"—Wilson, Clemenceau and Lloyd George. These statesmen came to one of the balconies and acknowledged the acclaim. But this didn't satisfy the throng, which insisted that the Big Three come down.

Then followed an amazing scene. The three who had dominated the framing of the peace descended to the gardens, and arm-in-arm walked across the grounds while the widely cheering mass reached out eager hands in an effort to touch the great personalities. Francis de Tonn sent in the first wireless to get the milling throng away.

There were various reasons for the failure of the league, but in essence it was due to the fact that a lot of member nations weren't prepared to go all-out to ensure peace.

Now we are beginning a new effort to outlaw war, and the situation is far more dangerous than it was at the end of the last conflict. The whole world is looking to the UNO. Dispatches from London make it clear that the atomic bomb is leading the agenda. All rights in the atomic bomb controlled, but I venture the thought that probably they fear the distrust and suspicions which have been created by the existence of the bomb more than they do the terrible explosive power itself.

Opposition Rises To Oil Dealings

AUSTIN, Jan. 9.—(P)—Texas public schools' benefit from oil taxes is rallying school opposition to the proposed British-American oil compact, Dan Hovey, chairman of the statewide committee of oil operators opposing the treaty, said today.

Hovey said school funds would be penalized if huge quantities of cheap middle eastern oil are permitted into the United States to replace Texas production.

He said petitions urging the senate not to ratify the treaty have been sent by Needville, Fort Bend county; Victoria teachers council; Rotary and Lions clubs, Perryton; Orchard independent school district; Clint Parent-Teachers association; public schools of Center, Athens, Jewett, Atascosa county, Tracy, Electra, Sabine county; Big Lake, Whitney, Pannin county; Kountze, Polk county; Brown county school board, Limestone county; Kendall county, Tatum Parent-Teachers association.

In Hollywood

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD.—A Hollywood casting office can expect wild orders from producers for anything from talking bird to a dancing worm, but casting director Menieffe Johnstone of Monogram Studio did a double take when Producer Jeffrey Bernard said:

"Menieffe, what have you done about my corpse?"
"The prop department has a big selection of dummies," replied Menieffe.

"But the dead man is the title role of my picture, 'Face of Marble,'" said Producer Bernard. "I want something special. I want a real live corpse."

So Menieffe auditioned six actors for the role of the corpse. A fellow named Clark Kunev got the part. The studio was so pleased with his quiet performance that he was even given a bonus.

A CHART FOR HEDY
Hedy LaMarr may be a rapturous eye-fall to the boys in America but she has found out that to the natives of Chittagong, India, her name means a lot of hard work. Hedy let out an amused whoop while reading a magazine story. In an article about India, she read that a group of GIs from Denver supervising a labor job in Chittagong have taught their native help a new work chant which seems to have increased efficiency. Construction goes on there to the chant of "Hed-dy-la-Marr. Hedy-dy-la-Marr."

Men have the advantage over the ladies in the current clothing shortage. A scene in a movie the other day proved that men's clothes are interchangeable with those of 1928. An all sheet party scene in "The Jolson Story," the instructions read: "Women: Go to studio wardrobe department for period

costs. Men: Bring own coats from home."

DRAMA IN TECHNICOLOR
Chester Morris' wife, Hilli, tells this one on her husband. "Chester was working day and night to complete a new film and began to have vivid nightmares. A physician told him that his dreams came from overwork and not to worry. The dreams persisted, however, and one morning Chester awoke in great agitation. "Now, look, Chester," his wife said firmly, "this has gone on long enough. I'm going to call a psychiatrist right away."
"No, no," said Chester. "This dream was in technicolor. You'd better call Natalie Kalmus."

Gabe Ward, the clarinet player of the Hoosier Hot Shots, tells of an amusing experience in Naples, which the boys visited on a recent USO tour. Someone had tipped Gabe off to a little shop where he could take his laundry. The Italian behind the counter was very friendly and accepted the bundle. A few days later, Gabe dropped around to pick up his clean shirts and stuff only to find the same soiled bundle he had left with gestures, Gabe off to a little shop where he could take his laundry. Number of Births in 1945 Is Above Normal Prewar Average

NEW YORK, N. Y.—The number of babies born in the United States in 1945 was about 2,900,000, according to an estimate made by the statisticians of the Metropolitan Life Insurance company. This is somewhat less than in 1944, and eight percent less than in the banner year of 1943 when births ran to well over 3,000,000.

The number of births in 1945 was still far above the annual average in the prewar decade, and in fact greater than in any year prior to the war, with the exception of 1921. The year 1945 was the fifth in succession in which the country's birth rate exceeded 20 per 1,000 population.

Health conditions in 1945 were exceptionally good. The statisticians estimate that the death rate in continental United States was 16.5 per 1,000 resident population, or slightly below the rate of the two preceding years, and below the peacetime average.

More Pampans Receive Honorable Discharges. Bill Densmore arrived in Pampa Saturday having received an honorable discharge from the army Dec. 29 at Fort MacArthur.

Former private first class in the 31st division of the 167th infantry, Bill was in the front lines on Mindanao when fighting ceased. He was in the Philippines and New Guinea for 19 months.

He is visiting the home of Mrs. Martha Walker, where he lived while attending Pampa schools.

T-5 Roy L. Jones is back in civilian life after reaching the States with the 36th infantry, with which he served in the European theater for over a year. Having received his discharge at Camp Panning, he and his wife are living at 123 W. Tuke.

His brother, Cecil R. Jones, received his discharge yesterday at Norman, Okla.

FUNNY BUSINESS BY HERSHBERGER

"The laundry made a mistake—they returned sheets instead of shirts!"

Two Fridays the 13th This Year; Most of Holidays Come on Thursdays

Looking ahead on the 1946 calendar it is found that the first eight months of the new year will be relatively smooth for Friday the 13th's, with only two such dates appearing in 1946, during September and December.

Majority of holidays and days of special events occur during the latter part of the week, particularly on Thursdays.

Ground hog day, first day of "consequence," depending on your faith, comes on a Saturday. St. Valentine's day falls on a Thursday, a rather unromantic day considering its prominence as "soup day."

Lincoln's birthday comes on a Tuesday, Washington's on Thursday. St. Patrick's day will be on Sunday; the first day of spring will come on another Thursday.

Easter will be late, April 21. Memorial day will be on a Thursday, Flag day on a Friday, followed one week later by the first day of summer.

July the 4th, Independence day, will be on a Thursday. Labor day will cut tourists' business early this year as well as initiate fall styles and school days a few days early, occurring on the second day of September.

Columbus day falls on a Friday, Armistice day on a Monday. Christmas day will upset schedules even longer this year, being on a Wednesday, and of course New Year's day of 1947, likewise.

No leap year until 1948, ladies.

Monthly Carloadings Compare Favorably

Santa Fe System carloadings for week ended January 5, were 20,901 compared with 20,866 for same week last year. Cars received from connections totaled 7,343 compared with 11,136 for same week last year.

Total cars moved were 28,744 compared with 32,002 for same week last year. Santa Fe handled a total of 24,930 cars in preceding week.

Today's Schedule Of Redeployment

(By The Associated Press) Forty-three troop carriers, with more than 28,000 American servicemen, are scheduled to arrive today at two east coast and three west coast ports.

No arrivals are anticipated at Portland, Ore., Seattle, Wash., or Tacoma, Wash.

Ships and units arriving: At Newport News—Marion M. Board, 35th quartermaster fumigating and bath company, and detachment A of 753rd tank battalion.

Raod Amundson. At Los Angeles—Miscellaneous personnel of San Juan from Tutuila, Talledega from Okinawa, Lew Wallace from Hollandia, Brock from Pearl Harbor; From Pearl Harbor: Ruddertow, Hodges, Holt, and Job.

LST 18 from San Francisco, Ganter from San Diego, and Caballero from San Diego. At San Diego—Miscellaneous personnel of Corry, Pensacola, Culebra Island, LCI's 69, 84, 85, 88, 94, 326, 338, 1080 and 1089.

At San Francisco—Miscellaneous personnel of President Monroe from Leyte, Kingsbury from Manila, Okinawa from Okinawa, Robert Mills from Manila, Sheldon Jackson from Manila, Sherman O. Houghton from Manila, Santa Fe from Guam.

At New York—General Muir from Calcutta, 55th signal warning battalion; fifth liaison squad; 178th station hospital; 94th station hospital; 1007th engineer special ser-

R. L. Templeton Enters Race for Legislature

R. L. Templeton of Wellington announced his candidacy for Representative of the 122nd Legislative District this week. Templeton, who is a veteran of the early air battles in Europe, set forth his views in the following straightforward statement:

Most of the people of this district will remember my race for the office of Representative two years ago when I was defeated by a very narrow margin after being compelled to make the race on a "write-in" in two counties. I made a valiant effort to win that race in spite of such a discouraging handicap because I felt that I had been unjustly handled and because I felt that this District needed an ex-serviceman in Austin. My feelings in this regard have not changed in the two years that have elapsed. We need a capable ex-serviceman for Representative because many of our greatest problems in these times concern ex-servicemen. We need a man who has been through the trials of war and who has made the adjustment to civilian life so that he will be able to understand and cope with problems of this nature.

I believe that I will be able to understand the problems and attend to the Legislative needs of your sons, brothers, and husbands who have returned from the war because I have been through similar experience. After the U. S. Army Air Corps discharged me in 1940 I enlisted in the RCAF as pilot and flew in the early part of the war until I was injured in a crash in England. After some time in the hospital I was sent home in 1942 and was given a medical discharge. The Canadian Government granted me a disability pension and later gave me the distinction of being the first American sent to College under the Canadian "G. I." Bill, which is very similar to the American "G. I." Bill. I am a member of the American Legion Frank King Post at Wellington.

During the present war I had two brothers killed in action with the Air Forces. My younger brother, Pat Templeton, was killed in the Royal Air Force on September 7, 1942, while trying to land a crippled bomber at night in England, and my older brother, John Templeton, was killed on March 18, 1945, while flying as a gunner in a bomber over France.

At this point I would like to have it understood that I am not seeking this office on the strength of a military record. Instead, I am seeking this office because I feel that I am qualified to hold it. For several years I have studied law at the University of Texas in order to prepare myself for such an office. I come from a family of lawyers and legislators. My father, the late Judge R. H. Templeton, practiced law in this District for 35 years. My Uncle and namesake, the late Judge R. L. Templeton, was the first Representative from this District. He served in the Legislature for four years, and was District Judge at the time of his death in 1927. My grandfather, Newton Gresham, a well-known newspaper editor at the turn of the century, was better known as the founder of the Farmers Union of America.

My platform remains the same as it was two years ago. Namely, if elected I will do my best to be a good Representative. Because I was born in this District and have made my home here during the 25 years of my life, I feel that I will be able to understand and handle the Legislative needs of any and every person in this District who calls on me.

I am married and have a son 18 months old. Before the election comes off I will have graduated from the University of Texas Law School and will be engaged in the practice of law in Wellington. My office will be open in the latter part of June—everyone who calls will find a "Welcome" mat spread before my door.

Plant Operation Is Authorized

AUSTIN, Jan. 9.—The Gasoline Production corporation has been issued a railroad commission permit to operate a plant for processing gas from wells in the west Tuleta, Ray and Mineral fields, Bee county, for its liquid hydrocarbon content and for returning the residue to the producing horizons.

Other commission orders: Adopted special regulations for the Welch field, Dawson county including: A spacing pattern of 933 feet between wells, with 40 acre proration units; a gas-oil ration of 2,000 cubic feet of gas per barrel of oil produced.

Except the Coke field in Wood county, from shutdown days required in the January order.

Set 26 producing days for January for the Risch field in Jack county.

Feller Might Get \$50,000 in '46

Cleveland Signs Hurler on 1-Year Contract Tuesday

CLEVELAND, Jan. 9.—(AP)—The Cleveland Indians today had fire-baller Bob Feller under contract as the highest salaried pitcher in the history of baseball.

The 27-year-old right-hander signed a one-year contract which he termed "the best" of his career after a brief conference here yesterday with Indian Vice President Rogers Peckinpaugh.

No official estimates were disclosed, but it was believed the former Iowa farm lad will receive approximately \$50,000 in 1946.

Bob last affixed his name to a one-year contract in 1941, his final full season before entering naval service. At that time he signed for a reported \$40,000, including a \$10,000 bonus based on attendance. The strikeout artist said no bonus clause was attached to this season's contract.

Although there are no official figures on the subject, old time diamond followers recalled that the previous top for pitchers was between \$20,000 and \$25,000, reputedly paid to such flingers as Dazzy Vance, Dizzy Dean, Charley Ruffing and Carl Hubbell. Bobo Newsum claimed to have drawn around \$40,000 with the Detroit Tigers during 1941.

NCAA Studying Professionalism In College Ball

ST. LOUIS, Jan. 9.—(AP)—Leaders of the National Collegiate Athletic Association said it appeared unlikely today that the question of whether the organization should become a regulatory instead of an advisory body, mentioned as a likely issue, would be brought up at the current convention.

A report from a committee headed by Hugh C. Willet of the University of Southern California, named several months ago to investigate collegiate athletics in various conferences, has not been completed.

The subject of professionalism in college athletics, particularly football, was brought up by Chancellor Arthur H. Compton of Washington University last night in an address before the NCAA council.

Advocating a program of intramural and intercollegiate athletics as a part of the educational program, rather than as an answer to "sports spectacles demanded by the public," Dr. Compton declared.

"The financial pressure to win games has made many a coach and college executive strain his conscience in employing athletes."

Corpus Christi Is Without Council

CORPUS CHRISTI, Jan. 9.—(AP)—Mayor Roy Self and Commissioner N. C. Beck yesterday resigned, leaving Corpus Christi without a city council.

Three other commissioners already had resigned. They were B. G. Moffett, Neal Marriott and Raymond Narbo.

Recall elections for all five had been scheduled for this month.

Attorneys said that under a general Texas statute the vacancies could be filled by the county commissioners court upon application of at least 26 citizens.

The Better Government League which sponsored the recall movement announced it would present such a petition.

The league also is sponsoring a ticket of five business and professional men headed by Robert T. Wilson, president of La Gloria corporation, an oil and gas concern.

The league's recall petitions had charged the outgoing administration with "incompetency and inefficiency."

These five players have been taking the floor as the starters in most of the games played by Coach Hub McQuillan's Horned Frogs. They are, from left to right: Leroy Pasco, all-conference guard; Clyde Christner, guard; Robert Young, forward; Bob Hendricks, center; and Frank Kudratty, forward. All are freshmen.

Tulsa University Position Goes To Frnka's Assistant

TULSA, Okla., Jan. 9.—(AP)—J. O. (Buddy) Brothers, who was "startled but happy" over his new job today prepared to take over duties of head football coach of Tulsa university, succeeding Henry Frnka, of five-bowl fame, who moves to Tulane university and a similar position.

Surprise announcement of Brothers' selection came last night from Elmo Thompson, chairman of the athletic committee of the T. U. board of trustees. Previously the committee had planned to "go slow" on the choice.

Awarding of a two-year contract to Brothers comes almost two decades after he was a long-punting protege of the man he succeeds.

It highlights a trail of brilliant field generalship beginning in 1926 when Brothers' strategy on the scholastic gridiron brought him to the attention of young Frnka, holding his first coaching assignment at Lubbock, Texas. Frnka then was 22 years old, Brothers 16.

Frnka kept tab on Brothers' college playing and through coaching jobs at Texas high schools.

In the winter of 1940-41, after Frnka had assisted Ray Morrison at Vanderbilt, he came to Tulsa and sent for Brothers who had piled up a neat high school record.

Bill Cummins To Attempt 'Comeback' in AAU Meet

EL PASO, Texas, Jan. 9.—(AP)—Three years ago Bill Cummins was one of the nation's top track men. Then came Okinawa and wounds that put him in a hospital for months. Today he wonders if he'll ever again race with the cinder path great.

But he's going to try. The big test will come June 28-29 when bounding Bill enters the high and low hurdles in the National AAU meet at San Antonio.

The six-foot El Paso athlete who carried on at Rice institute in the footsteps of the great Fred Wolcott is most concerned about fragments of a mortar shell lodged in his right foot.

So far, he says, his foot hasn't bothered him. But he doesn't know how it will hold up when he starts training for track again.

Cummins has recovered from the wounds received fighting with the marines on Okinawa. He now weighs 185 pounds—about the same poundage he carried while winning national hurdles championships for Rice.

Bill will return to Rice in March for a four-months refresher course but won't take part in varsity athletics this year, saving his last season of college eligibility for 1947. Until he goes back to Rice he plans to remain in El Paso helping his father, Dr. J. W. Cummins, train a stable of show horses.

As a platoon sergeant of the 29th regiment of the Sixth marines, he was in the first wave of troops to hit the Okinawa beaches last spring. Forty-five days later, while his job was relieving another marine regiment at Sugar Loaf Hill, some of the bitterest fighting on the island, Cummins was struck by a Japanese mortar fire. His jaw was broken and fragments of shell penetrated flesh over his body. It was three months before his jaw healed and he spent three more months in the hospital recovering from the other wounds.

In 1943 Cummins won the high and low hurdles in both the National Collegiate and National AAU meets.

Lumber Reported In Black Market

DALLAS, Jan. 9.—(AP)—Congressman Hutton W. Summers said Tuesday that "according to the best information I can get" between 50 and 65 percent of the lumber produced in East Texas mills is going into the black market.

Summers made a tour of the East Texas mills and said he found most of them failing to produce to capacity and with "some but not much" chance for bringing this production up.

He added that he had no chance to check the information given in East Texas but would do so.

The congressman was unable, he declared, to find any effective enforcement of OPA controls in the area. The OPA, he added, has informed him that they are prosecuting cases but that often when they obtain convictions the black marketer can afford to pay the fine assessed him without much suffering because of his large black market earnings.

"The whole question," he said, "is just how valuable is OPA control? It's a difficult question to determine. If we take the lid off, prices will go sky high, yet the legitimate producer is being penalized."

Former Athletics Pitcher in New Job

BATON ROUGE, La., Jan. 9.—(AP)—Irvin Stein of Madisonville, former pitcher for the Philadelphia Athletics, has been hired as manager of the Baton Rouge team in the reorganized Evangeline baseball league, it was announced here today.

Stein formerly played with Beaumont and Tulsa.

Lord Byron Arrives In Frisco for Meet

SAN FRANCISCO, Jan. 9.—(AP)—Byron Nelson is in town for the \$25,000 San Francisco open tournament, which starts tomorrow.

While the exempted sharp-shooters among the 120 golfers who contend for the first money of \$3,000 bonds were arriving, qualifiers continued to tour the Harding park course.

Cobalt blue, made of an oxide of cobalt metal, is the most expensive color on most artists' palettes.

Wakefield Arrives To 'Talk Contract'

DETROIT, Jan. 8.—(AP)—Dick Wakefield, slugging Detroit Tiger outfielder whose 1945 performance helped bring the Bengals within one game of a pennant, was in Detroit today to discuss a 1946 contract after receiving his honorable discharge from the navy Monday.

Tom Attra Looking For Training Job

AUSTIN, Jan. 8.—(AP)—Tom Attra, twice national Golden Gloves light-heavyweight champion, is back in civilian clothes looking for a physical training job in Austin. He says he has no desire to continue his career in boxing.

Attra has been in the army air forces since April, 1942.

In 1943 Cummins won the high and low hurdles in both the National Collegiate and National AAU meets.

Bill Cummins To Attempt 'Comeback' in AAU Meet

EL PASO, Texas, Jan. 9.—(AP)—Three years ago Bill Cummins was one of the nation's top track men. Then came Okinawa and wounds that put him in a hospital for months. Today he wonders if he'll ever again race with the cinder path great.

But he's going to try. The big test will come June 28-29 when bounding Bill enters the high and low hurdles in the National AAU meet at San Antonio.

The six-foot El Paso athlete who carried on at Rice institute in the footsteps of the great Fred Wolcott is most concerned about fragments of a mortar shell lodged in his right foot.

So far, he says, his foot hasn't bothered him. But he doesn't know how it will hold up when he starts training for track again.

Cummins has recovered from the wounds received fighting with the marines on Okinawa. He now weighs 185 pounds—about the same poundage he carried while winning national hurdles championships for Rice.

Bill will return to Rice in March for a four-months refresher course but won't take part in varsity athletics this year, saving his last season of college eligibility for 1947. Until he goes back to Rice he plans to remain in El Paso helping his father, Dr. J. W. Cummins, train a stable of show horses.

As a platoon sergeant of the 29th regiment of the Sixth marines, he was in the first wave of troops to hit the Okinawa beaches last spring. Forty-five days later, while his job was relieving another marine regiment at Sugar Loaf Hill, some of the bitterest fighting on the island, Cummins was struck by a Japanese mortar fire. His jaw was broken and fragments of shell penetrated flesh over his body. It was three months before his jaw healed and he spent three more months in the hospital recovering from the other wounds.

In 1943 Cummins won the high and low hurdles in both the National Collegiate and National AAU meets.

Barnhill Starts Arkansas Chore

FAYETTEVILLE, Ark., Jan. 9.—(AP)—Drawing John Barnhill took over his new duties as head football coach at the University of Arkansas today with but one promise—to do "the best we can" to pull the Razorbacks out of the pigskin doldrums.

The former Tennessee mentor plans to spend some time getting the feel of the Arkansas setup and checking on the scholastic standing of currently enrolled athletes. After that he and his staff members will concentrate on scouring Arkansas and neighboring states for material. The \$10,000 a year grid boss has

Indians Sell Three Men to Okla. City

CLEVELAND, O., Jan. 9.—(AP)—The Cleveland Indians baseball team today announced the sale of three players to Oklahoma City of the Texas league, a new Cleveland farm. They are Earl Henry, pitcher, infielder Elmer Weingartner and Catcher Jim Devlin.

The first balloon ascension in the United States was made by a Frenchman, Jean Pierre Blanchard, on January 9, 1793.

Bonehead Club Makes Suggestion to Truman
WASHINGTON, Jan. 9.—(AP)—A suggestion for solution of the presidential succession problem was received by President Truman.
He read at his new conference the following telegram from Dallas, Texas:
"With a total membership of 57, this organization has 56 vice-presidents. They are hereby tendered your support to solve the matter of presidential succession for all time. When necessary to act as a board, meetings can be held at the branch White House at Truman, Texas."
The message was signed "Bonehead Club of Texas."

OUT OUR WAY BY J. R. WILLIAMS

KPDN 1340 on Your Dial

Conservation Is To Be Reported

Farmers who have carried out conservation practices during 1945 in cooperation with the Agricultural Conservation Assn. program must report their practices to the local office by Jan. 15 in order to receive payment.

Approximately 800 Gray county farmers are eligible to receive payment according to the plan; about 600 have reported to the office.

Types of conservation practices followed in Gray county include primarily those of leaving feed stalks, contour farming and building dams and wells.

Payments start the first of February, said Mrs. Evelyn J. Mason, secretary of the local ACA office. They are made by the Dallas office and mailed directly to the producers.

Parking Meters

(Continued from page one)

days, 9 a. m. to 9 p. m. on Saturdays and will be off all day Sunday and on all closing holidays, including Christmas, Thanksgiving, July 4th, Labor Day and Memorial day.

Only manual operation by the motorists will be the twisting of the handle after the coin or coins are deposited.

The parking meters will be about 30 inches high, included in the actual meter part. They will be set

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.

What you want for real relief is not soda or an alkalizer—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again.

Get Carter's Pills at any drugstore—25¢. "Unblock" your intestinal tract for real relief from indigestion.

Mother... here's a fast-acting chest rub

that will not irritate child's tender skin. Remember, your child's skin is thinner, more delicate than yours. He needs a chest rub that's good and gentle. Get the genuine, really effective results you want the soothing, modern way... just rub on

Mentholatum. With no irritation to delicate normal skin, Mentholatum soaks away soreness and tightness from cough-wracked aching chest muscles... vapors rise high into nasal passages, down into irritated, bronchial tubes. Coughing spasms quiet down—your child rests better. Get gentle Mentholatum today. Jars, tubes 30¢.

Get MENTHOLATUM!

down in the concrete on the sidewalk and thoroughly braced underneath.

The illustrated folder published by the meter company shows the meter to be painted green with a bright red violation signal that covers the face of the clock when the allotted time has elapsed.

A motorcycle patrolman will be on duty at all times to check violations on the meter. The violation signal is such that a patrolman may watch meters on both sides of the street at the same time.

The city manager stated that the parking meters are not being installed to especially "make money" but are being placed so that shoppers may park downtown at any time to do their shopping.

Franks added that many local store employees parked their cars on busy downtown streets all day and prevented many shoppers from parking at all.

The meters are being accepted on a nine-month trial basis with no obligation on the part of the city to buy before that time has elapsed.

Revenue from the meters will go into a special fund to be used for traffic purposes only. It will be used in no other way, Franks said.

Provost Marshal

(Continued from page 1)

morrow before Eighth army headquarters.

General Hall said the redeployment of 191,383 men from Japan as of Dec. 31 far overshadowed the 52,973 replacements received in the same period "and if this unequal percentage continues, our forces in the occupied countries will be left in a precarious position."

MaHoney disclosed he told the demonstrators "We want to go home" that "you are insulting a man who was a soldier before you were born."

"I told them to stop or I would take steps to break it up immediately," MaHoney said. "I asked them if they were soldiers or Boy Scouts."

A mimeographed paper, "Discharge," circulated among soldiers, quoted MaHoney additionally:

"If you want to go home I'll take you home. I'll see that you get to my Yokohama prison. You're insulting a man who's a better GI than any of you."

"If you want to go home I'll take them for you. Just let me hear you sing 'I Want To Go Home' again and I'll pick out two or three singers and personally take them over to my Yokohama prison."

MaHoney denied telling the men "you are acting like a lot of G—d—b—l—e—s" as stated in the paper.

The colonel asserted that soldiers who gathered in front of the adju-

tant were being stirred up by "a lot of communists and hot-heads."

The paper said the secretary did not leave General MacArthur's side.

MaHoney, however, said Patterson let the car and went into the building where soldiers made him an "honorary GI."

The colonel described the demonstration as a "near mutiny."

"At Honolulu last night, 1,500 soldiers staged a noisy protest against the demobilization program in front of post headquarters of Lt. Gen. Robert C. Richardson, Jr., who in the afternoon had urged that no "mob action demonstration" be staged in Hawaii.

Aged Lady

(Continued from page one)

tion and her week-end size piece of baggage were taken to a hotel, and then called an ambulance to take Mrs. Burton to the Pampa hospital where she could receive proper care.

Mrs. Burton needs several hours a day to pass the time, most of which is spent sitting in a chair. She cannot walk without assistance. Yesterday she mentioned that she would like to get out to see the sunshine.

Mrs. Burton chuckled when she said that no count she would have been placed in a poor house if soap and water were provided for her. She said she was interested in what is said and happening. She said although she was old, President Truman's 93-year-old mother had her bent. She added that although she was as helpless as a baby she didn't like to "sponge" on anyone.

The elderly lady has five children other than the two mentioned.

A daughter in Amarillo has been reached, but no definite plans for the care of Mrs. Burton have been made. Other children have been out of contact for a number of years.

Seven years ago Mr. Burton died. She was a farmer just outside Amarillo. He died suddenly of a heart attack while working in the field. The cause of death was not ascertained.

His widow kept house in Amarillo for two years and was persuaded by her daughters to live with them because they did not want her to live alone, said Mrs. Burton. Since then she has been moving from one place to another, seldom knowing when she would be moved.

Three years ago she became partially paralyzed as the result of a stroke.

Now she would like to stay in one place. Persons who could provide a home, care or assistance for Mrs. Burton are urged to phone 774.

The Academie Franchise was founded by Cardinal Richelieu in 1635.

Highway

(Continued from page 1)

on the action of the high committee.

The land to be secured with the signing of the descriptive deeds stretches across Roberts county—a distance of 1.3 miles. Within that area lie 488.9 acres of land. A total of 64 2-3 miles of fencing will have to be erected to define the right-of-way.

TOTAL 62.8 MILES

The highway from Pampa to a point six miles south of Perryton—where it would connect with the highway which thrusts north toward Canadian—would be 62.8 miles in length. There would be a total of 24.1 miles of highway in Ochiltree county—from the Roberts county line to a point south of Perryton. And there would be about six miles of road in Gray county.

Plans for the Pampa-Perryton highway have been in formation for some time. The last official action on the project, as taken by the highway commission, was in May, 1943, when the department ordered a location survey. The results of that survey, as made by the highway state highway department, were reported back to the commission about two months ago. The next logical step will be securing the signature of the persons who own land in Roberts county along the proposed road. The commission turned the deeds over for action to the three counties involved—Gray, Roberts, and Ochiltree.

It was officially announced yesterday that the chamber of commerce will enter into a campaign for speedy completion of the project.

Members of the chamber board of directors who were present at the meeting yesterday were:

"Doc" Pursley, Floyd Iniel, D. V. Burton, W. B. Weatherred, Reno Stinson, A. A. Schuneman, Judge H. H. Whit, Bill Frazier, Carl Berfield, James McCune, C. A. Huff, Arthur Teed, and E. O. Wedgeworth.

Mr. and Mrs. Albert Allen and children of Brownfield, Texas, were overnight visitors with Mr. and Mrs. Don Robinson, 434 N. Craft. The Allens are former Pampa residents.

Dance to string band music at Belvedere Club Wednesday night.

Wanted by permanent employee of Pampa News, an ex-serviceman, a three or four room furnished or unfurnished house or apartment. For reference call Mrs. Stroup, at 821W after office hours or 666 during day.

Mr. and Mrs. W. W. Bell arrived yesterday from Amarillo where their baby daughter, Leslie Jeannette, was born December 29. Mrs. Bell will visit several weeks at the home of her parents, Mr. and Mrs. L. J. McCarty, before joining her husband in Norman, Okla. Mr. Bell leaves tonight to resume his studies at the University of Oklahoma.

MAM 3/c and Mrs. Buri Chesher and children, Phil and Jan, have been visiting his sister, Mrs. Charles Miller, and other relatives over the weekend. Mailman Chesher has just returned from overseas where he served in a Navy V-mail station. He expects to receive his discharge January 15, when he will return to their home in Amarillo. Mrs. Chesher has been living in Wheeler while Buri was overseas.

For Sale: Boy's bicycle at 108 W. Browning, Phone 734.

Strikes

(Continued from page 1)

CIO disputes without the full approval of the strategy board.

A CIO spokesman described today's meeting as "nothing special" and said he did not know whether any announcement would be issued when it broke up.

The telephone strike affected widely scattered parts of the country.

By The Associated Press

Texas felt repercussions of the national communications tieup for the first time today when members of the Independent Communications Equipment Union failed to show up for work.

Work stoppages were reported in Dallas, Waco, Austin and San Antonio.

A. A. French, general chairman for the seven San Antonio locals, said about 50 members of the Association of Communications Equipment Workers went on strike at 7 a. m. today.

Nolan Mays, chairman of plant local, Waco, said about 20 workers were out there, and Ray Hackney, president of plant workers unions in Dallas, said workers of the ACEW did not report for work in Dallas.

Picketing of Southwestern Bell Telephone Exchanges in these cities is expected tomorrow and Friday, these same sources said. Picketing will be by members of the ACEW union.

If picketing starts, Bell workers probably will not cross picket lines. Areas with dial systems will feel only curtailment of long distance, operator-assistance calls, and maintenance service.

Meanwhile, reports began to trickle in on results of voting of Texas Southwestern Bell workers on whether or not they would join a sympathy strike of Western Electric employees.

Miss Kathryn Gill, Junior Red Cross field representative of the mid-western area office of St. Louis, Mo., left Pampa last night after spending several days with the Pampa chapter on a routine visit. While in Pampa, Miss Gill discussed Junior Red Cross work with Mrs. Jessie T. White, executive secretary of the local chapter, and met with the Junior Red Cross committee. 24 Hour Service, City Cab, Ph. 444.

Fashions

(Continued from Page One)

one of the country's better known models.

"Anita is not only the most beautiful woman in America, she is one of the most intelligent," he said.

"In her present job as advisor to David Selznick, Hollywood producer, she is exploiting her brains as well as her looks, which is unusual for a woman as beautiful as she."

Conover selected Ingrid Bergman as the "prettiest woman in the screen because of her inner glow," and called Maureen O'Hara the "perfect feature girl."

Based on his experience of interviewing 75 girls a day from all over the country for jobs as models, Conover said he considers Cleveland, Ohio, Dallas, Texas, and Atlanta, Ga., as the "feminine beauty capitals of the nation."

Conover is in Memphis as the head of panel of judges which chose Miss Gwin Darnwell of New York City as "1946 Maid of Cotton."

Big Three

(Continued from Page One)

any information it did not want to.

Working out atomic controls through the United Nations overshadowed all other issues, but was by no means the only one. Other top issues:

1. Election of six small nation members to the United Nations security council on which the United States, Britain, Russia, China and France hold permanent seats.
2. Election of a general secretary and other officers.
3. Whether to set up a trusteeship council to supervise the administration of World War I mandates.
4. Whether the United Nations should take up immediately the problem of finding places for refugees from war-ravaged areas of the world.
5. The question of where in the United States to locate permanent headquarters of the new world organization.

Mainly About Pampa and Her Neighbor Towns

Monday night in sewers near her home. The gruesome discoveries came more than 18 hours after Suzanne had been kidnaped from her bedroom by a man who left a note demanding a \$20,000 ransom.

Also in the murder room, police said they found a hack saw which they said probably was the instrument used by the killer in dissecting the body of the blond, blue-eyed Suzanne, daughter of James E. Legman, 36, an office of private administration official.

Hanrahan asserted that samples of wiring by the eldest junior disclosed similarities in some letters printed and written on the ransom note.

The 65 year old janitor, police said, has no record as a criminal. He was described by many tenants in buildings he tended as mild mannered. He is the father of two married daughters, and stepfather of four sons and daughters and grandfather of seven children, some near Suzanne's age.

Police quoted him as saying he could not account for the blood-stains and bits of human flesh found in the laundry tub or the bones taken from the furnace.

Nine other men seized by police in their city-wide hunt for the brutal slayer, were given so-called "lie detector" tests. All apparently cleared themselves, although one, unidentified, received a prolonged examination of two hours.

Prior to the inquest, coroner's physicians disclosed that Suzanne had died of asphyxiation by strangulation and that the body was dismembered after death. They said there was evidence of sexual abuse, but the child had not been assaulted.

fellowship to the men of the Pampa Toastmasters club. Like thinking men stand by your side to build the right kind of future. Every Toastmaster accepts the responsibility of putting democracy into action formally.

Last night's program was conducted as all such Toastmaster club meetings are—with an oral and written critic keeping tab on the various speakers, and later constructively criticizing them. The critics in that order were Quentin Williams and C. A. Huff. Bill Kelly served as timekeeper.

Ten-minute speeches were given by Joe Fischer, who spoke on "What Is a Toastmasters Club?" and Dr. F. A. Webb, who dealt with the subject, "People Are Funny."

Dinner music was furnished by the local artist, Miss Irma Francis. She accompanied Bunny Schulze, local business man, in two vocal numbers, "My Wonderful One" and "An Irish Lullaby." Red Wedgeworth led the group in singing "America" and other songs. Invocation was given by H. P. Dosier.

Ed Weiss served as toastmaster.

Pampan's Father Dies at Dalhart

Funeral services for Daniel Crawford Atkinson, who died at 5:45 p. m. yesterday at his home in Dalhart, will be held at 2:30 tomorrow afternoon at the Dalhart Methodist church.

Mr. Atkinson is the father of Crawford Atkinson of Pampa, an uncle of Luke and Henry McClelland, all of Pampa.

Daniel Atkinson was born Oct. 14, 1876 at Jacksboro, Texas. He lived in Dalhart since 1907 except for four years when he resided in Pampa. He was ill for three months before his death.

Survivors other than the three mentioned above are 3 daughters, Mrs. G. T. Morris, Mrs. Harry Cannon and Mrs. Bob Baker, all of Dalhart.

MAN FINED \$18

Charles Andrew Rhea was fined \$100 and costs of \$18.05 yesterday for driving while intoxicated.

The first newspaper in the Netherlands, De Haarlemmer Courant, appeared Jan. 8, 1656.

Two simple steps to an amazing NEW VITALITY ... better looks!

THESE TWO STEPS may help you. So if you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or focal infection, SSS Tonic may be just what you need. It is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient. These are two important results. Thus you get fresh vitality... pep... do your work better... become animated... more attractive! SSS Tonic has helped millions... you can start today... at drug stores in 10 and 20 oz. sizes. © S.S.S. Co.

BUILD STURDY HEALTH and keep STALWART • STEADY • STRONG

SSS. TONIC helps build STURDY HEALTH

ROLL DOWN THE ROAD LIKE A- Whiz!

Your engine will purr like a kitten full of cream when that new Phillips 66 goes to work in it!*

Want new power, new pep and pick-up—then let a tankful of the new Phillips 66 open your eyes!

It's a high volatility gasoline made with many of the elements that formerly went into combat aviation fuels—it ought to be good!

Just pull in where you see the orange and black "66" sign and say "O.K., I want to be shown!" In city traffic or on the broad highway, you'll say there never was a gasoline like this one!

* PHILLIPS' CONTROLLED VOLATILITY MEANS THE MOST EFFICIENT GASOLINE IN YOUR MOTOR, NO MATTER HOW HOT OR COLD IT GETS.

Phillips 66 GASOLINE
