'Conshie' Sips Orange Juice, Drinks Toast To Mahatma Gandhi

WEST CAMPTON, N. H., March 4 (AP)—Breaking his 21-day fast in sympathy with Mohandas K. Gandhi, Corbett Bishop, 37, a selective service conscientious objector, drank a toast of orange juice today to the "freedom of India," the health and happiness of Gandhi, and all those who take part in the great struggle for freedom.

NEW DELHI, March 4 (AP)—Mohandas K. Gandhi, who ended a 21-day hunger strike yesterday at Panna, spent a restful night and awoke in good spirits this morning, a government bulletin announced today.

Two Russian Offensives Gain Ground

By The Associated Press
American Troops were reported within three miles of Faid Pass today where they began their recent 6-mile retreat, as the Germans concentrated their striking forces on the northern and southern sectors of Tunisia.

Near the sea in the north, an Allied communique announced, Allied forces fell back four miles before the attack of Gen. Jurgen von Arnim. Marshal Erwin Rommel in the south was concentrating at least a part of his armor in the Mareth line whence he struck out with small infantry forces against the British Eighth army, the announcement said.

The change of emphasis from the central to the southern Tunisian front by the German chief of staff was further indicated by field reports received at Allied headquarters that American and British forces, retracing the path of their recent defeat, had occupied Sidi Bouzid, only about 10 miles from Faid Pass, without meeting opposition.

The destruction of seven Axis vessels and the damaging of nine others by British submarines in the continuous war of the supply lines in the Mediterranean was announced meanwhile by the admiralty in London.

Two Red army offensives northwest and south of Moscow gained momentum as the Russians smashed southwestward from the fallen fortress of Rzhev, capturing 11 towns and villages, and raised an increasing threat to Orel to the south, in evident determination to wipe out once and for all the German menace to the Soviet capital.

Southeast of Kharkov in the Ukraine, however, the Germans claimed a further success in their offensive that is menacing the Russian flank, and declared that Sliaviansk, a vital Donets valley railway hub about midway between Rostov and Kharkov, had been recaptured.

Papers Hailed As Vital to Victory

WASHINGTON, March 4 (AP)—The nation's newspapers were hailed today by Representative Halleck (R-Ind.) as "one of the most essential and vital factors in the winning of the war."

In a speech in the house, the Indiana assailed "bureaucratic" critics of the press, asserting that "they are self-anointed, but if I were to choose between the bureaucrats and the newspapers for a guardian of the rights of men, I would unhesitatingly choose the newspapers."

Halleck called on congress not to tolerate any "carelessness and groundless opinions" on the part of those who drafted regulations restricting the use of newsprint.

"If there are some whose animosity leads them to attempt to destroy the newspapers which stand between them and their goal, let us seek them out and render them harmless," he added. "For when you destroy the newspapers, you destroy one of the most effective internal implements of war and of peace which this nation possesses."

Meat, Butter Rationing May Be Delayed Until About April 15

WASHINGTON, March 4 (AP)—The government plans to ration meats, butter, margarine, cheese, lard, and other cooking fats and oils under a single set of coupons in Ration Book No. 2.

This was learned today from informed authorities, who withheld use of their names and it coincided with the raising of the question of what has happened to the nation's meat supply in view of unneeded reports that civilians will get an average of only about 1 1/2 pounds of meat weekly under rationing.

Each of the meat, butter, cheese, and fat products is to be assigned point values, as in the case of canned and processed fruits and vegetables. The points will be interchangeable. That is, a consumer

FDR Observes His Tenth Year In White House

WASHINGTON, March 4 (AP)—Speculation over strategic import of a major Japanese setback in the South Pacific today tied for capital draft, food and other war time problems as President Roosevelt noted his tenth anniversary in the White House.

The war stepped slightly into the home political scene as Mr. Roosevelt's tenth anniversary in the historic house on Pennsylvania avenue brought scattered fourth term talk from Democratic ranks—apparently without encouragement from him.

It was disclosed that during a conference yesterday with Chairman Frank C. Walker and members of the Democratic National committee, the President was told that he "should" or would "have to be" a candidate next year if the war is still on. But if the President noted the opening, he ignored it, according to Walker who said "I don't think he heard it as he was doing most of the talking."

The war labor board found itself caught between the criticism of its own members and that of aircraft unions as the result of a new wage order, while congressmen probed the possibility of drafting men and women for war work.

Although senate strength seemed to be on the side of some form of draft deferment for farm workers, Chairman Truman (D-Mo) of the war investigating committee said passage of Senator Bankhead's (D-Ala.) measure to provide such deferment would mean "we might as well repeal the selective service act," and served notice he would oppose it on the floor.

Increased action on the manpower draft issue came after the senate military committee was informed—in a summary of its own inquiries—that government agencies lack authority to take "really effective action" in solving labor problems.

Senate Confirms Knickerbocker

AUSTIN, March 4 (AP)—The senate today confirmed the nomination of Arthur B. Knickerbocker of Odessa to be adjutant general for a two-year term. Gov. Coke R. Stevenson appointed Knickerbocker only yesterday.

SOLDIER BILL SIGNED
AUSTIN, March 4 (AP)—Gov. Coke Stevenson has signed a bill permitting Texas soldiers in foreign service to acknowledge instruments for record before commissioned officers.

More Than Half of Red Cross Fund Collected

The mercury was climbing in two thermometers today. One belonged to the official weatherman and the other to the Gray county Red Cross war fund.

At noon today Chairman Frank Smith of the Red Cross fund campaign reported that \$6,800 had been raised on the way to the county's \$12,950 goal.

Out at the Pampa air base cadets in the classes of 43-C and 43-D contributed \$732 to boost the field's total contributions to \$2,800.

Two hundred and fifty women, members of Pampa Parent-Teacher associations, began a city-wide

house-to-house canvass. They, too, got a break from the weatherman after postponing their drive for two days because of frigid temperatures.

More than 30 firms and organizations were reported 100 per cent in the downtown solicitation. From the rural section, headed by W. B. Weathered, came first reports amounting to nearly \$500 with two contributions of \$100 each.

R. B. Saxe, chairman of the industrial division, said today his workers still are going ahead in the oil field and factory districts. See RED CROSS, Page 8

Gray County Livestock Show Most Successful in History

Bidders paid \$3,762.14 for 14 calves and 28 pigs at Recreation park to make the fifth annual Gray County Junior Livestock show and sale the biggest success in its history.

The American Red Cross fund was boosted \$193.76 in the resale of several pigs, purchased and donated to the organization and the Girl Scout organization benefitted \$124.60 by the resale of one of the best calves in the lot.

Little Vernon Baggerman, 4-H club exhibitor of an 880-pound calf named Buster, took grand champion honors and a \$26.50 prize and a \$256.20 check from Jet Brunley Food Store. Brunley has bought three of the five grand champions in the local sale. Brunley paid 30 cents per pound for the calf.

Eugene Smart, of McLean, who exhibited the grand champion calf last year, volunteered for the navy a short time ago and his step-father and brother finished out his two calves, one of which took reserve championship honors, winning \$16.50, and selling the calf at 21 cents to Ideal Food Stores for \$150.78.

Bill Reeves, McLean FFA student, exhibited the grand champion fat pig, which sold to the Panhandle Packing company at 25 cents per

News To Publish Air Base Souvenir Edition Sunday

The Pampa News will publish a souvenir edition next Sunday morning to mark the U. S. Army Air Forces formal dedication of Pampa Field.

This special edition of The News will be filled with detailed information about the officers, enlisted men and cadets at the air base. It will contain information about the various sections of the field and how they operate. There will be photographs, too.

Stevenson Agrees Not To Interfere

AUSTIN, March 4 (AP)—Governor Coke R. Stevenson and representatives of organized labor in Texas have signed an agreement outlawing strikes, slow-downs, lock-outs or work stoppages for the war's duration and pledging that the governor will not interfere with industry or labor in any manner.

The agreement was signed March 2, the 10th anniversary of Texas independence.

Signing were Harry W. Acreman, secretary of the Texas State Federation of Labor; Rocky L. Davis of the Congress of Industrial Organizations; Charles M. Fenderson of the Texas Joint Council of Teamsters of the American Federation of Labor; James A. Shields, vice chairman of the Transportation Brotherhood; I. E. Gross, general and treasurer of the Order of Railroad Telegraphers; Victor B. Connolly, American Federation of Labor Carpenters Union; W. M. Conway, Brotherhood of Locomotive Engineers; and Stevenson.

In announcing the agreement at his press conference, Stevenson said he believed Texas was the first state in which labor and the chief executive had entered an agreement to insure uninterrupted war production.

The labor representatives pledged to Stevenson that they will not "strike or permit any interference on the part of labor that will in any way impede the maximum and full production for the war effort in Texas."

They agreed that if unauthorized or unauthorized strikes, lockouts, slow-downs or work stoppages occur.

See STEVENSON, Page 4

All Panhandle Invited to Base

All of the Panhandle has been invited to attend the open house to be held by the army air forces advanced flying school here Sunday.

On the suggestion of Lieut. Col. Daniel S. Campbell, commanding officer of Pampa field, the chamber of commerce yesterday mailed 150 letters to mayors, county judges, newspaper publishers, and chamber of commerce secretaries, inviting them to come to the event.

"Colonel Campbell," states the letter, "has asked that you extend to your fellow townsmen and their families a cordial invitation to attend."

"If you have not yet had the privilege of visiting the airport, we feel that you will be amazed at the \$10,000,000 project that has been constructed in less than six months from a wheat field.

"Speaking for the entire citizenry of Pampa, we wish to join Colonel Campbell in this invitation to be our guests Sunday. We hope to see you and a large number of your fellow citizens at the Pampa army flying school next Sunday."

The letter was signed by Carl Benefield, president, and Garnet Reeves, manager, of the chamber of commerce.

Fortresses Raid Nazi Rail Center

LONDON, March 4 (AP)—U. S. Flying Fortresses bombed docks and warehouses of Rotterdam and freight yards at the German city of Hamm by daylight today following a heavy RAF attack last night on Hamburg in the round-the-clock air offensive.

A communique announcing the operations against the Netherlands port and Hamm, 146 miles to the east, mentioned no losses. Dispatches from the Allied base from which the Rotterdam raid was sprung said that all those bombers returned with but negligible damage and it described German fighter defenses as weak.

Planes Kill as Many Japs in Two Days As Troops in 6 Months

By The Associated Press
Allied bombers with their deadly blasting of a Japanese convoy this week killed in just two days as many enemy soldiers as were wiped out in six months of bitter fighting in the Papuan jungles of New Guinea.

The Japs landed at Buna in July of last year and opened the Papuan campaign which did not end until last January. General Tomotari Horii lost an army estimated at 15,000 in that defeat—the same number of troops as perished in two days time under the assault of Gen. Douglas MacArthur's bombers.

The labor representatives pledged to Stevenson that they will not "strike or permit any interference on the part of labor that will in any way impede the maximum and full production for the war effort in Texas."

They agreed that if unauthorized or unauthorized strikes, lockouts, slow-downs or work stoppages occur.

See STEVENSON, Page 4

Nippon Disaster Indicates Allied Air Superiority

By GLENN BARR
Associated Press Writer
The Japanese disaster in the battle of the Bismarck sea has loosened the enemy grip on the whole southwestern Pacific area. It is a setback of strategic significance comparable to that of the failure to prevent the American lodgement in the Solomons. It shows that a new phase of the Pacific war is well under way, marked by such tremendous Allied superiority in the air as virtually to deny the seas to any major Japanese convoy attempting to move far south of the main enemy bases.

The annihilation of the armada of 10 warships and 12 transports, recorded so vividly in General MacArthur's communique, virtually neutralizes the great Japanese base at Rabaul for offensive purposes. It is the third time in less than four months that a big Japanese convoy has set out from Rabaul or nearby concentration points to deliver reinforcements to garrisons sorely beset by the Allied comeback.

The first attempt was wrecked in the mid-November air and naval battles off Guadalcanal; the second paid a terrific toll to get a few ships into Lae, New Guinea, early in November. But the Bismarck sea fight was a more complete enemy disaster than the other two.

The battle of the Bismarck sea may take first rank in the length.—See DISASTER, Page 8

Non-Highway Users Of Fuel Get Break

Non-highway users of gasoline in Gray county get a break under a new office of price administration order that allows applications to be renewed on a six-months basis.

Formerly, it was necessary to renew the applications every three months.

Notice of the change was contained in a telegram received here today by Roy McKernan, board chairman, from the Lubbock district office, and the change is under Amendment 25 to Rationing Order 50.

McArthur's Air Forces Totally Shatter Convoy

By The Associated Press
ALLIED HEADQUARTERS IN AUSTRALIA, March 4—An entire convoy of 22 Japanese ships, including 10 cruisers or destroyers, has been virtually annihilated in the Bismarck Sea and 15,000 Japanese warriors bound for the battlefields of New Guinea have been wiped out "almost to a man" by airmen of the southwest Pacific command, an Allied communique announced proudly today.

The amazing victory was achieved at the cost of only three Allied fighters and one bomber, while 55 Japanese planes protecting the powerful Aramada were shot out of the fight and many others damaged. Thirty-three of the 55 were listed as certainly destroyed and 22 as "probables."

In addition to the 15,000 ground troops killed or drowned in the furious Allied onslaught several thousand Japanese naval personnel probably lost their lives, a spokesman said.

The daring and persistent two-day aerial attack—one of the great plane-versus-ship battles of the war—completely dislocated "the Japanese command," the communique said. It obviously reduced the threat to Australia.

"We achieved a victory of such completeness as to assume the proportions of a major disaster to the enemy," the communique said, and General Douglas MacArthur added that "merciful providence must have guarded us in this great victory."

First Lieut. Phil Hawkins of Panhandle, Texas, was among the Mitchell bomber pilots who scored hits on the convoy by skip-bombing at masthead level.

The enemy transports and warships represented an estimated tonnage of 90,000 tons.

The action was executed brilliantly under extreme weather hazards and extended from the Vitiaz straits, between the Bismarck archipelago and the New Guinea coast, south to Huon Gulf on which the Japanese bases of Lae and Salamaua are situated. The convoy started from Rabaul, New Britain, and originally consisted of 14 ships. Eight more vessels joined it yesterday.

45 DAYS SINCE—
Two trapped American infantry companies in Tunisia, supported by artillery, fought way with 75 prisoners through ring of 2 enemy battalions and broke up plans for Axis counter-attack.

day shortly before the final, concentrated Allied attack.

The convoy was first attacked Tuesday. Yesterday, when the last of the 22 ships was turned into a burning, listing hulk, more than 100 tons of bombs had been dropped by the Allied airmen, and, as the communique said, "the entire force was practically destroyed."

While formation after formation hammered the convoy yesterday, attack units kept up a constant assault on the enemy armada at Lae, divebombing and strafing the

Panhandle Faces New Cold Wave

By The Associated Press
Texas thawed out today from one of the coldest March sessions of winter on record only to face another.

The tag end of the cold wave which struck the Panhandle late Monday played out along the coast and Rio Grande valley last night but the weather bureau forecast another wintry blast for the Panhandle and South Plains tomorrow.

Snow was predicted and a livestock protective warning was issued. The forecast was for somewhat colder weather tonight in both East and West Texas.

Millions of dollars worth of Valley vegetables escaped damage this morning when the temperature failed to drop below 38 degrees. A minimum of 29 had been predicted.

I SAW

A swanky postcard from Lieut. (J. G.) Steve Matthews, former city manager, whose present address is Compartment 13, Bldg. 944, N. T. St., Fort Schuyler, Bronx, N. Y. "The drill is just a breeze. They have given me a lot of breaks due to my experience in the Texas Defense Guard," Lieutenant Matthews wrote. Steve was a private in the first platoon of the local company.

Minute Interview

At Pampa's Army Air Base
Each day the roving reporter at Pampa's Army Air Forces Advanced Flying school asks a soldier, "What did you do before you entered the air forces?" "What are you doing now?" and "What do you intend to do after the war?" Today's interview is with:

PVT JAMES WILLIAMSON, MARIETTA, OKLA.: "I was a student of physical education at Oklahoma University before I joined the army four months ago. I'm a mechanic on the flight line now. When the war is over, I plan on going back to school, finishing my course, and becoming a coach. I think army life will help me toward this end."

Shorts About Shamrock

Special to The News.
SHAMROCK, March 4—Announcement has been made of the marriage of Mrs. Myrtle Killingsworth and R. O. Wilson of Amarillo. The wedding took place at Clovis, N. M., on February 22. Attending the couple were Mr. and Mrs. R. B. Killingsworth of Amarillo. Mrs. Wilson is a former resident of Shamrock. The couple will make their home in Amarillo.

On Thursday evening a "get-together" and fellowship meeting was held for the membership of the Presbyterian church. The group met at the church for a covered dish luncheon and enjoyed a social hour together.

It was announced that on Sunday evening all the young people are invited to come to the church for a "recreation hour."

Mrs. Nathan Lumms was hostess to the Thursday Fine Arts club Thursday evening. Bowls of jonquils and sweet peas offered a touch of spring for the occasion. Mrs. Elaine Puckett gave the program on "Stories of the Orient in China and India."

Refreshments were served to Miss Irene Bogle, Mrs. Guy Crawford, Mrs. Robert A. Grady, Mrs. Ernest Hood, Miss Mary Smith, Mrs. Blaine Puckett, Mrs. Ted Rogers, Mrs. Joel

Wynonne Tubbs, L.I. Osburn Married

Miss Wynonne Imogene Tubbs, daughter of Mr. and Mrs. Marvin C. Tubbs of LeFors, became the bride of Lieut. William Carly Osburn, formerly of LeFors. Tuesday morning at the Holy Souls rectory. The ceremony was performed by Father William J. Stack, pastor of the Holy Souls church. Following the ceremony, the couple left for Camp Crowder, Mo., where they will make their home.

Zeigler, and Mrs. Walter Pendleton, Jr.

"Texas Day" was the topic for discussion when the Thursday Literary club met at the home of Mrs. L. E. Davis Thursday afternoon. Mrs. Ben Skidmore led the program. Mrs. H. B. Hill discussed the "Educational Situation in Texas."

Mrs. Nathan Lumms was hostess to the Thursday Fine Arts club Thursday evening. Bowls of jonquils and sweet peas offered a touch of spring for the occasion. Mrs. Elaine Puckett gave the program on "Stories of the Orient in China and India."

Refreshments were served to Miss Irene Bogle, Mrs. Guy Crawford, Mrs. Robert A. Grady, Mrs. Ernest Hood, Miss Mary Smith, Mrs. Blaine Puckett, Mrs. Ted Rogers, Mrs. Joel

Mrs. P. T. Boston discussed "Treasure Islands of Australia," and Mrs. J. A. Ebeling, "Life of the Dauntless Darwin." Mrs. Charles Palmer closed the program with the topic, "The Making of an Anzac."

Refreshments were served to Mmes. T. H. Sonnenburg, Fred Holmes, Tom Brown, C. T. Palmer, J. A. Ebeling, P. T. Boston, Tom Clay, Ode Cain, A. C. Hallmark, Glenn White, Jack Montgomery, and M. A. Leith.

The Social Calendar

FRIDAY
The Women's Society of Christian Service of the First Methodist church will convene at 2:30 in the following homes: Circle one, Mrs. T. J. Weisse, 606 N. Nelson; two, Mrs. J. G. Carline, 609 N. Somerville; three, at the church parlor; four, Mrs. Carlton Nason, 721 E. Kingsmill; five, Mrs. Walter Dauberly, 1212 Mary Ellen.

MONDAY
Pupils of the Holy Souls school will present an entertainment Monday evening at 8 o'clock in the school hall at 610 W. Browning.

TUESDAY
Twentieth Century club will meet with Mrs. James B. Massa at 1110 Christie. Order of Eastern Star will hold a joint initiatory work and social meeting at 8 o'clock in the Masonic hall. Members of the White Deer chapter will be guests. Entre Nous club will meet at the home of Mrs. George Dyer, 725 N. Banks.

WEDNESDAY
Loyal Women's class of the First Baptist church will meet at 8 p. m. Women's Missionary society of the First Baptist church will meet at 8 p. m. Women's Society of Christian Service of the First Methodist church will meet at 2:30.

Holy Souls Pupils To Present Plays

Pupils of the Holy Souls school will present an entertainment Monday evening at 8 o'clock in the school hall at 610 W. Browning. The program will be directed by the sisters of the Incarnate Word.

Boys of the seventh and eighth grades will offer a one-act comedy, "A Grain of Salt," and "My Cousin from Sweden" will be presented by the seventh and eighth grade girls.

Gray County Hotels, Restaurants Rationed

Gray county restaurants, hotels, and other eating establishments that are registering with the county rationing board this week are rationed on a basis designed to restrict consumption by their patrons on approximately the same basis that the individual is restricted in his meals at home.

Allotments of processed foods to the eating establishments will be based on maximum allowance of six-tenths of a ration point for each person served during December, 1942.

The first ration period for the institutional users will cover March and April rather than the single month of March, as in the case of home consumers.

Ration Board to Get Three More Members

Gray county's rationing board will be increased by three members when the Pampa Civilian Defense council selects three men to serve on the price control panel, Roy McKernan, board chairman, said this morning.

The council, of which County Judge Sherman Wfrite is county coordinator, is to meet sometime today and make the selection of the three new members.

This will make a total of 15 men in all, serving on the four panels into which the board is divided, tire, sugar, gasoline, and price.

The number, of course, does not include the paid employees, both men and women. Members of the four panels serve without pay.

Ruth Murphee Weds Ommo L. Behrends

Miss Ruth Murphee and Ommo L. Behrends were united in marriage Monday evening. The ceremony was performed by the Rev. E. M. Dunsworth, pastor of the Calvary Baptist church, in the pastor's home.

Mrs. Behrends, a niece of Mrs. E. M. Culberson of Pampa, is a resident of Keensburg, Ill. The bridegroom is the son of Louis Behrends of Pampa and received his education here. Formerly affiliated with the City Service Cooperator plant, he is now a member of the army air force stationed at Oklahoma City.

Election to Be Held By Beta Sigma Phi

When Upsilon chapter of Beta Sigma Phi sorority met in the home of Mrs. Oscar Hinger this week, a report from the nominating committee was given by Mrs. Robert Murray, chairman. At the next meeting of the group will be the election of officers for the annual meeting.

In the business session presided over by Mrs. E. E. Ehelhamer, president, additional arrangements were made for the spring formal dance to be held later this month.

Miss Zena Gierhart was leader of the program which included "From A to Zygote," by Mrs. C. W. Henry, and "We Have With Us This Evening," by Miss Dorothy Jo Taylor.

Following the program refreshments were served by the hostesses to Mmes. James B. Massa, director; Robert Curry, C. A. Vaughn, W. G. Gaskins, E. E. Shelhamer, C. W. Henry, and Misses Zena Gierhart, Ernestine Francis, Dorothy Jo Taylor, Margaret Stockstill, Margaret Tignor, and Johnnie Davis.

Miss Carolyn Keyes Is Rainbow Initiate

Miss Carolyn Keyes was initiated into the Order of Rainbow for Girls at a meeting of that organization Tuesday in the Masonic hall. Plans were made for inviting the Masons and Eastern Stars of Pampa and the Rainbow Girls of Borger to the next regular meeting, when initiation will be held.

Members present were Peggy Murphy, Phyllis Parker, Wardell Gordon, Frances Crocker, Phyllis Casey, Mary Jane Davis, Orma Jean McCarty, Betty Louise Davis, Elsie Ruth Graham, Maxine Bell, Ruth Marie Castka, Delores Conway, Betty Jean Beynon, Beverly Sue Baker, Barbara Norris, Sharilyn Pocock, Margaret Ellen Parker, Carolyn Keyes; Eastern Stars attending were Mmes. Hazel Parker, mother advisor; Ruth Casey, Lillian Murphy, Phyllis Pocock, Jewell Hale, and Elva Graham.

Mrs. Fahy Hostess To Local H. D. Club

Mrs. B. C. Fahy was hostess to the Worthwhile Home Demonstration club Tuesday. The program on one day's emergency menu for 100 people, cold hungry, was given by Mrs. H. H. Heskell, and Mrs. D. L. Lunsford conducted the business session. A well balanced menu was selected in the round table discussion which followed.

Mrs. C. C. Capps, 625 N. Nelson, will entertain the club on Friday, when the club will meet at 11 o'clock to sew for the Red Cross. Each member will bring a covered dish.

Like Twins

Big sister and little sister will just love having twin jumpers like this. So will a young mother and her daughter, for the style is a darling and equally well suited to size 6 or 16. The front closing is a favorite and the surplice top and smart midriff are popular with girls of all ages. The simple tailored blouse is ideal.

Pattern No. 8232-C is in sizes 6, 7, 8, 9 and 10 years. Size 6 jumper takes 1 3/4 yards 39-inch material; blouse with short sleeves, 1 1/4 yards.

Pattern No. 8232 is in sizes 12, 14, 16, 18, 20 and 40. Size 14 jumper takes 2 1/4 yards 39-inch material; blouse with short sleeves, 1 1/4 yards.

For these attractive patterns send 15c plus 1c for postage for each in collars, your name, address, pattern numbers and sizes wanted to "The Pampa News Today," Pampa, Texas, Box 200 South Wells St., Chicago, Ill.

Save fabric! See a dozen new ways to re-make old garments into useful new fashions in our enlarged spring pattern book and sewing guide, FASHION, just published. It contains 98 new patterns—has 82 pages. The price is 25c.

35 New Cars To Be Sold Here Under New Rule

Easing up on new automobile sales, Uncle Sam going to "un-freeze" new cars held in storage by hundreds of West Texas automobile dealers under an order becoming effective Saturday.

Automobiles for sale will be those in the B pool, which means vehicles built between January 15, 1942, and February 15, 1942. There is one other government pool, the A, comprised of automobiles manufactured prior to January 15, 1942.

In Pampa, this means 35 vehicles were available to prospective buyers, provided customers can obtain the necessary permits from the county rationing board.

Details from Lubbock Yesterday, the board had no information on the release of the cars but the story on the relaxed automobile buying order was leaked by the district information division at the office of price administration at Lubbock, dated March 2.

Since December, the local rationing board has been granting an average of one permit a week for the purchase of automobiles through the board's office said Wednesday.

One of the provisions of the rewritten and simplified automobile rationing order broadens the list of persons eligible for any new car to include anyone whose present car is no longer serviceable and who comes under the preferred mileage group in mileage regulations—such as essential war workers and physicians.

Even an eligible person is required to show need to buy a 1942 car, OPA officials said. "In deciding whether an applicant needs an automobile the local war price and rationing board will consider first whether or not he has a car that is adequate for his purpose."

"Unless the facts show otherwise, the board may decide that a 1938 or older car is not serviceable. It also may decide that any car driven over 40,000 miles, regardless of its age, is inadequate. If the applicant is found not to have a serviceable car, the board then will judge his need on the basis of distance he must travel in his eligible activity, the adequacy of public transportation, the amount of time he could save by using a car, and other relevant factors."

The new order also will liberalize rules governing granting of convertibles, 1941 models driven less than 1,000 miles and cars in the higher price brackets.

The changes, OPA officials said, "are consistent with automobile rationing aims, since the billage rationing program has recently introduced strict controls over the use of cars after they go into consumers' hands."

Bell Service Pins Awarded 6 at McLean

Celebrating its 25th anniversary, the Bell Oil & Gas company of Tulsa presented service pins to 83 employees who had served the company for five or more years at ceremonies held Saturday night.

In Gray county a banquet was held at McLean, with Creed Bogan, president of the McLean Lions club, as the guest of honor and the man who presented the awards.

Those from the production department of the company in Gray receiving the service pins were J. H. Flesher, production superintendent, R. L. McDonald, Vester Dowell, and Kenneth Myers, 10 years; Frank Babcock and C. B. Peabody, five years.

The service pins are gold filled and made in the shape of a tiny bell with the number of years of service inscribed on each pin, as is the name of the company. A small gem has been set in the clapper of the bell in the pins presented to employees with 10 to 25 years of service. Rubies are set in the 10-year pin.

County headquarters of the company is 15 miles east of LeFors.

STEVENSON

Continued from Page 1
Stevenson "has our approval to do anything and everything within his power to stop or prevent such interference with the war effort."

Industry was called upon to produce "at a full and maximum capacity for the war effort."

The document explained that one purpose of the agreement was "to serve notice upon the world that no individual or group of individuals, no industry or group of industries, has any right whatsoever to interfere with production for the war effort."

Stevenson disclosed that one year ago he had concluded a similar verbal agreement with Acreman.

"Organized labor in Texas has fully lived up to this agreement in the last year," he told his press conference. "I have no complaints on this score."

Meanwhile, apparently headed for final house approval today, was a bill—passed to third reading by a vote of 84 to 44—compelling labor unions to report their financial conditions and activities to the state.

One of the most controversial subjects of the general session of the legislature, the bill, by Rep. Darwood Mansford of Smiley and W. W. Bridges of El Paso, split opinion of members into these opposing themes:

Labor guaranteed protection under state and federal law, should accept reasonable regulation and responsibility to the public welfare.

Unions in Texas, big enough to protect themselves from outside racketeers, should not be penalized and robbed of rights for labor abuses committed outside of Texas.

Among other things the bill requires that: Written working agreements with employers shall be filed with the state and be available to the general public; state labor commissioner, grand juries, judicial and quasi-judicial bodies.

Financial reports, including income from fees, assessments and other charges—as well as expenditures—must be filed.

Officials, agents and organizers of unions operating wholly in Texas must be residents of Texas for at least two years. (The wording of this provision exempts railroad brotherhoods which are interstate in character.)

Unions can not demand a fee for a work permit or as a condition for the privilege to work from any person not a member of the union, except that initiation fees may be charged by new members.

DUTCH SINK JAP SHIP LONDON, March 3 (AP)—A Netherlands submarine operating with the British navy in the Orient has sunk a fully-laden 4,000-ton Japanese supply ship with gunfire in the enemy-controlled waters of the Strait of Malacca, Netherlands admiralty announcement received from Anets said today.

OUR WOMEN IN SERVICE

Members of Pampa women's clubs represented in the Pampa council of clubs are going to help the army in recruiting for the Women's Army Auxiliary corps.

At a meeting of the council held Thursday morning in the city club rooms, the council agreed to sponsor a WAAC recruiting campaign.

While the West Texas Recruiting and Induction district, of which Gray county is an important part, has consistently rated high in army enlistments, women of the district have lacked interest in the WAACs.

Goal in the district campaign is the enlistment of 584 women in the period ending March 31. To date only 157 have signed up. Locally, seven women have enlisted from the Pampa army recruiting station.

Third Officer Rose L. Smothers, WAAC district recruiter, wants to end the campaign on March 12, or 19 days before the date set for the conclusion of the drive.

It is planned to form a second WAAC platoon from the Panhandle, to be inducted at Lubbock, district recruiting headquarters, on Saturday, March 13. These recruits would then be sent back to their homes on Sunday, March 14, to await their call to service, expected within two to four weeks after they complete their examinations at Lubbock.

The first Panhandle WAAC platoon was inducted on December 6, 1942, at Lubbock. It consisted of 47 women, including three from Pampa, Mary Johnson, Pauline Cable, and Lillian Hipps, and was called the "Rangerettes."

In charge of the council meeting today was Mrs. Earl Schlegel, president. Third Officer Smothers, Second Lieut. L. B. Curry, Lubbock, and Sgt. Robert D. Short, Pampa army recruiter.

Officer Smothers went to Perryton today, at the end of the meeting here. From 10 a. m. to 1 p. m. tomorrow she will be in Higgins, from 2 to 4 p. m. Friday in Canadian, then return here tomorrow night.

Feeding Pigeon Gets Collared

ST. LOUIS, Mo. (AP)—Feeding in a St. Louis backyard, a pigeon pecked at a slice of pressed ham and a slice of bread. The ham and bread, with holes in their centers, flipped into the air and came down around the bird's neck. With this heavy collar around him Mr. Pigeon was unable to take off and the humane society finally was called to his rescue.

Jackson Mystified, But Texas Sailor Will Receive Clock

JACKSON, Miss., March 4 (AP)—Stanley A. Wallace, San Angelo, Tex., navy first class cook now stationed at Norfolk, Va., probably will get the alarm clock for which his mother asked the Jackson chamber of commerce.

Chamber officials can't imagine where she got the idea, but Mrs. O. D. Wallace of San Angelo wrote:

"I was told to write you and you would send my son an alarm clock as he is a first class cook in the navy and has to have an alarm clock in his work."

"I wired this town over yesterday but there is not one for any price. If you can get him one send it C. O. D."

When—and if—they find a clock, the Jackson men said, they'll skip the "C. O. D." part of the request.

5th Texas Senator Gets Commission

AUSTIN, March 4 (AP)—The fifth member of the senate donned khaki for war duty Wednesday. Sen. Clem Fain of Livingston left for Washington, D. C., to take the oath as a lieutenant in the marines.

Narrow Escapes Are Plentiful During Raid on Jap Convoy
By TOM YARBROUGH
AT AN ALLIED AIR BASE IN NEW GUINEA, March 2 (Delayed) (AP) — There was whooping and back-slapping among the bomber crewmen at this station tonight following their return from the smashing attack which broke up a major Japanese convoy headed for the Japanese base at Lae.
Narrow escapes were plentiful but all but one of the bombers returned and it was believed that one might have landed safely in an area where communication with the base would be difficult.
The narrowest squeak of all was reported for the plane piloted by First Lieut. James G. Diefenderfer, of Logan, W. Va.
Jumped by Zeros at medium altitude, he dived his four-motored craft to within a few hundred feet of the water and in pulling out rip-

ped the fabric off both his elevators.
By superior manipulation of the controls he was able to bring the big ship home by using the tiny trim tabs as elevators.
Capt. Raymond E. Holsey of Altus, Okla., piloted a plane set afire by anti-aircraft shells while the crew fought the blaze for 20 minutes and finally put it out. Technical Sgt. J. B. Young of Romayor, Texas, and Technical Sgt. John W. Rosenberger of Bakersfield, Texas, helped beat out the blaze with their heavy winter flying clothes.
PLANT EATS MEAT
If kept in a room where it cannot catch flies, the Darlingtonia plant may be kept healthy by a diet of raw meat. This plant lures insects and absorbs them in its digestive fluid.
FIRST AUTO RACE WINNER
Charles Duryea won America's first automobile race. He covered the distance from Chicago to Evanston, Ill., and return, in seven and one-half hours, in 1895.

Pvt. and Mrs. Gordon M. Gaston of White Deer are the parents of a daughter weighing 8 pounds 5 1/2 ounces born Sunday at Pampa hospital. The baby has been named Charleen and is the granddaughter of Mr. and Mrs. Charlie Staats, Skellytown, and Elbert Gaston, White Deer, Private Gordon, who is now at home on furlough, is stationed at Ft. Knox, Ky.

BUY VICTORY STAMPS

DISASTER

(Continued From Page 1) ening list of air power's successes against surface vessels. The Germans have claimed larger tonnages sunk out of convoys on the northern route to Russia but their figures cannot be considered dependable. For their effects on the strategic picture the Japanese attack on Pearl Harbor and the sinking of the Prince of Wales and Repulse off Malaya demand consideration, but they perhaps belong in another category. And the strategic effects of the Bismarck sea battle have yet to be fully worked out.

BUY VICTORY STAMPS

MacARTHUR

(Continued From Page 1) field and engaging in combat with any Japanese fliers able to leave the ground. Seven of these Japanese planes were shot out of the fight, bringing to 62 the number of enemy aircraft destroyed or probably destroyed in the battle against the convoy and connected actions.

Australia Fights COUGHS

Due to Colds or Bronchial Irritations—With Buckley's "Canadiol" It's extra fast for Dad—yet gentle and mild for Mother and the Kids—this means that those nasty irritating coughs—due to colds or bronchial irritations—that so often disturb a man's sleep—get amazing fast relief.

At Your Grocer's Now! LOVELY TABLEWARE

MOTHER'S OATS. Think of it Smart, lovely tableware at a bargain that's truly amazing! So stunning, you'll be proud to show it off at your gayest parties!

MEAT

(Continued From Page 1) slaughtering normally declines, inasmuch as no large reserves beyond military and lend-lease needs have been accumulated it will be necessary, officials explained, to make the meat allowance smaller at the start than later in the year, when slaughtering increases again. It was said that the per capita supply for the full year might easily average two pounds or more.

No official estimates have been made as to how much butter, cheese, cooking fats and oils will be made available for civilians under rationing. The agriculture department has estimated, however, that the per capita supply of butter this year would be about 12.8 pounds compared with 16 last year. The per capita supply of lard and cooking compounds and oils has been estimated at 23 pounds, compared with 24 of last year.

RED CROSS

(Continued From Page 1) ports from this section have not been filed. "It looks now," Chairman Smith said, "that the women solicitors in the house-to-house drive are going to be the ones who finally put us over the top."

Mr. Smith expressed gratification that the half way mark had been passed but likewise stated that there still is quite a distance to go before the goal is reached.

"There must be no let up on the part of any of the workers," he said. "We still are a long way from finishing the job."

Here is the list of 100 per cent firms reported up to noon today:

James-Roberts Shoe Store, Parisian Beauty Shop, Faulkner Men's Wear, Texas Co. Office, Derrick Club, Hill's Beauty Shop, Turf Club, K. C. Waffle House, Zale's, Diamond Shop, Lively's.

Brumley's, Behrman's, Crystal Palace, Tarpley's, Murfee's, Pampa Furniture Co., Fraser & Co., Panhandle Insurance Co., Levine's, Sam Houston School, Harris Food Store, White's Auto Stores, M. E. Moses, The Pampa News, Baker school teachers, Southwestern Public Service, Alpacco Construction Co., Coca-Cola Bottling Co., Blossom Shop, Eyrd Grocery, National Farm Loan Association, and F. W. Woolworth Co.

lots and the breaks—plus thorough preparation.

The convoy started out behind a thick weather front rolling southward upon New Guinea, but it was sighted by air scouts and Allied squadrons were prepared.

American and Australian pilots look off in some of the most fearful storms seen in the New Guinea area since the war began, crossed the treacherous mountains of New Guinea to find the convoy and return safely. The weather lifted somewhat Wednesday, permitting the final, concentrated assault in the Bismarck Sea.

Observation of some phases of the battle was so difficult that detailed reports are still confused, but it was indicated that five ships were sunk or badly damaged Tuesday and 15 enemy planes destroyed or probably destroyed.

BUY VICTORY STAMPS—STUDENTS COLD

EAST LIVERPOOL, O., March 4 (AP)—Thirty-three hundred pupils in 17 public elementary schools here were sent home Tuesday after lanterns failed to report for work, leaving the building unheated, Supt. H. G. Means announced.

Mainly About Pampa And Her Neighbor Towns

Word was received here today that Lieut. and Mrs. William L. Browne, of Albany, N. Y., are the parents of a daughter born at Albany on Feb. 1. Lieutenant Browne, former radio sports announcer at KPDR, now is with the U. S. navy recruiting service at Albany.

Income Tax correctly prepared. Room 13, 1st National Bank Bldg. Ph. 388.

Pampa Knights of Pythias will hold their regular meeting at tonight in the castle hall at the Wynne-Merten building. The rank of page, in full ritualistic form, will be conferred on Glenn L. Sheehan, Bob Cecil, master of work, will be in charge of the rank team.

Condition of Bobby Joe Dunham, 17, 1942 Harvester football captain, was improved today at a local hospital. He was able to sit up for a while. Saturday his condition was critical. Bobby Joe had a third blood transfusion Monday. He has been in the hospital now for two weeks.

Spring meeting of the mid-continent district division of production, American Petroleum Institute, will be held on May 20 and 21 at Hotel Mayo, Tulsa, API members of the Panhandle chapter, of which H. V. Anderson is chairman, have been notified. Herbert Goodpaster, of Great Bend, Kas., is district chairman and C. A. Young of Dallas is district secretary.

Gray county has two new deputy sheriffs, Cleo Emerson and C. C. Alexander. Emerson has been a Gray county resident for 12 years, was formerly employed on a ranch, and is a native Texan. Alexander has been a Pampa resident for 16 years, was formerly in the local police department.

One lost and one found war ration book was reported today by the county rationing board. Robert Lee Hickman, general delivery, Pampa, has lost his War Ration Book 1. Found at a Pampa school was War Ration Book 2 belonging to Mrs. Randall Eugene Clark, 400 S. Starkweather.

A marriage license was issued here yesterday to Quentin D. Brown and Arlie Lee.

Six men and one woman were fined a total of \$95 on charges of intoxication in corporation court today. There were five fines of \$15 each, two for \$10 each.

Condition of Henry Atchison, 25-year-old son of Mr. and Mrs. L. N. Atchison of Pampa, was much improved today at Northwest Texas hospital, Amarillo, where the baby has been a patient for the past three weeks.

Mr. and Mrs. L. L. Quarles entertained with a dinner recently at their home near Denworth in honor of their son and daughter-in-law, Pfc. and Mrs. H. P. Quarles of Columbus, Ohio. Pfc. Quarles is home on a ten day furlough from Lockbourne army air base at Columbus.

Advertisement—BUY VICTORY BONDS—LIVESTOCK

(Continued From Page 1) \$36.90 and the Red Cross \$110.70 on this pig.

The Pampa Kiwanis club paid Johnnie Chilton, McLean FFA student, 19 cents per pound or a total of \$36.90 and donated the pig back to the Red Cross, who received \$37.81 from Irvin Cole for the pig. Other pigs donated to the Red Cross were two exhibited by Johnnie Baggerman, one sold at \$15.50 per hundred to H. H. Cooper, resold for the Red Cross to Bush Haggard for \$27.13; and one purchased by John Baggerman, father of the boy, at 17 cents and resold for the Red Cross to Frank Carter for \$28.80.

Much credit for the sale and show goes to the agriculture committee of the Pampa Chamber of commerce, especially Tom Cox, chairman, who likewise served as auctioneer, and to Arthur Rankin, member of the committee and clerk of the sale, and to Roy W. Snyder, meats specialist of the Texas Extension Service, College Station.

Members of the committee include Mel Davis, Floyd Inel, Mack Graham, Roger McConnell, G. T. Hackney, Hood Willis, Sam G. Dunn, Irvin Cole, D. F. Eaton, Jr., O. W. Hampton, Clarence Barrett, and Clyde Carruth.

Other sales, the exhibitors, prices paid, prizes won, and buyers at the sale follow:

Johnnie Baggerman, 4-H club boy, second senior calf, \$12.50 prize, sold to Harris Food, \$17.50 per hundred for \$131.80; Don Montgomery, McLean FFA student, second junior calf, \$12.50 prize, sold to Brumley Food store, 20 cents per pound \$132.80; John Spearman, 4-H club boy, third senior, \$9 prize, sold to First National Bank, 18 cents, \$157.50.

Jack Dunham, Pampa FFA student, third junior, \$9 prize, sold to Panhandle Packing Co., \$17.50 per hundred, \$124.78; Donald Wilks Vincent, LeFors 4-H club boy, fourth senior, \$8.25 prize, sold to Ideal Food stores, \$18.50 per hundred, \$156.14; Don Montgomery, McLean FFA student, fourth junior calf, \$6.25 prize, sold to Hughes-Pitts, for \$23.50 per hundred, \$139.75; Eugene Smart, McLean FFA student, now in the navy, sold to William T. Fraser Insurance company and J. E. Carlson, at \$21 per hundred, \$169.05.

John Spearman, Pampa 4-H club boy, sold to Southwestern Public Service Co., at 19 cents, \$162.94; Glenn McConnell, Pampa FFA student, to McConnell Implement, at 21 cents, \$132.30; Gayle Montgomery, McLean FFA student, to Citizens National Bank at 19 cents, \$177.27; and Archie Manges, Pampa FFA student, to Dr. Calvin Jones and Barre's Frozen Foods, at 22 cents, \$143.00.

YANKS

(Continued From Page 1) tively weak German efforts at retaliation for the destructive assault on Berlin Monday night, renewed its hammer blows at vital Reich targets last night with a heavy four-motored bombing raid on Hamburg which it was indicated was almost as severe as the attacks on Cologne, St. Nazaire and Berlin during the past week.

It was the eighth consecutive night assault by the RAF, and indications that the round-the-clock offensive was continuing today were seen in the silence of the Danish radio. The raid cost the British 10 planes, the British announced.

The Allied North African commander said the British Eighth army had repulsed Axis infantry attacking eastward from the Mareth line and added, "The enemy has reinforced his infantry with tanks in this area."

Dispatches from the northern front said the German direct-clock offensive was continuing today were seen in the silence of the Danish radio. The raid cost the British 10 planes, the British announced.

Dispatches from the northern front said the German direct-clock offensive was continuing today were seen in the silence of the Danish radio. The raid cost the British 10 planes, the British announced.

Tunis. Gabes and objectives near Gabes were bombed by Allied North African airplanes, while bombers from the Middle East command attacked Messina in Sicily. The Italians claimed 16 Allied planes had been shot down. The Allies said they had lost three.

Throwing back stubborn German counterattacks and overriding desperate enemy efforts to establish a new defense line, the Russians announced in their mid-day communique today that they had captured 11 more villages as they moved in a southwesterly direction. This thrust evidently was aimed at squeezing the Germans out of Vyazma and Zhatsk, where the Nazi garrisons had stood within 100 miles west of Moscow since the abortive Adolf Hitler offensives of October and November, 1941.

Stockholm dispatches reported that the Germans were getting ready to abandon Orel, a stronghold on the Moscow-Kharkov railway, and only remaining point in the southern winter defense line of the Germans in 1941-42.

Describing the fall of Rzhev, announced in a special Moscow communique last night after its evacuation had been acknowledged by the Germans, the Russians said the Red Army forces stormed through a formidable ring of fortifications and killed 2,000 German soldiers fighting in the ruined town. The Russians said they captured 112 tanks.

The Germans sent between 30 and 40 bombers in the first of two stabs across the British coast to knock London and vicinity last night in a week's respite from the huge RAF raid on Berlin Monday night.

The German raiders crossed paths with another strong force of British four-motored bombers which picked Hamburg for their target.

BUY VICTORY BONDS—Drafting of Fathers

Is Ordered Delayed WASHINGTON, March 4 (AP)—Correcting an earlier statement, Chairman Paul V. McNutt of the war manpower commission today said local draft boards are still under orders not to draft men with dependent children until they receive authorization from national selective service headquarters.

McNutt said he knew of no restriction on the local board and declared "quite a number" of fathers of children were being taken. In a clarifying statement issued today, McNutt said the only men with children now being inducted are those whose dependency was acquired after Dec. 8, 1941, or at a time when draft selection was imminent.

Those registrants having wives and children, or children only, with whom they maintain a bona fide home, and who were married before Dec. 8, 1941, and at a time when selection was not imminent, may not be inducted through selective service until there is a direct authorization by national headquarters," McNutt's statement said.

BUY VICTORY STAMPS—OSTEOPATH ACQUITTED

KEYTESVILLE, Mo., March 4 (AP)—Dr. William F. Lamance, Laclede osteopath, was acquitted by a circuit court jury Tuesday night of the state's charge that he murdered his wife in August, 1938.

the second pen of three and second litter for a total of \$6 prizes. In addition to his pig which sold four times for the Red Cross other sales included:

Motor Inn, 16 cents, \$32.64; Mel Davis, 16 cents, \$41.92; Mitchell's Grocery, 15 1/2 cents, \$34; Suttle's Grocery, two pigs, 15 cents and 16 cents, \$80.52; Mitchell's grocery, 15.75 cents, \$38.12; Suttle's Grocery again, 15 cents, \$33.45; and Panhandle Packing Co., 15 cents, \$30.80.

Merle McCracken, Pampa FFA student, exhibitor of the third pen of three, prize \$2, sold to Edmondson's Dry Cleaners, 16 1/2 cents, \$33.66. National Farm Loan association, 17 1/2 cents, \$25.52; and Mel Davis, 18 cents, \$40.14.

Johnnie Baggerman's other pigs sold to: Tex Evans, 15 1/4 cents, \$31.62; Mel Davis, 16 cents, \$34.07; Panhandle Insurance agency, 16 1/2 cents, \$32.83; Suttle's Grocery, 16 1/2 cents, \$38.78; and Bill Coombes, 15 1/2 cents, \$30.85.

The Junior High Reaper

VOL. 6 THURSDAY, MARCH 4, 1943 NO. 21

- The Reaper
- Official organ of Pampa Junior High School.
- Published every week in The Pampa News.
- Written by members of the Journalism Clubs.

GENTILITY WINS OUT

Courtesy attracts courtesy. Do not wear Your Courtesy Card like a watch to take out now and then when you wish to impress people.

Be courteous always - on the street, in the car, in the shops, at the theatre, with everybody.

Radiate cheerfulness wherever you go. "Those who bring sunshine to the lives of others cannot keep it from themselves."

Make people feel at ease. Do little kindnesses; express little courtesies; overlook the little rudeness of other people. Never make another person appear ridiculous, and rather hurt yourself than injure the feelings of another.

Be gentle; be kind; be simple in your taste and sincere in your actions; let everything you do and say be governed by a desire to please others.

These are the qualities that distinguish a fine character.

Frances White.

DON'T COMPLAIN

Most people are willing to do whatever is best for the safety of the boys who represent us at the fighting fronts over the world.

Very few persons argue about and deplore the ration system. If you hear one saying anything about the present setup, you may decide that he is not represented in the armed forces overseas yet.

Boys are in extreme heat and cold, some are captive, others wounded, many dead. Food rationing is nothing compared to this.

If you are a griper, think again.

Billy Parker.

SOME DON'TS

A good sport—makes no excuses for losing the game plays his best at all times

never cheats
never loses his temper
never fails to carry his end of the load
plays for the fun and success of the team
plays fairly
and cooperates loyally for the teammates.

Leon Simpkins.

AVOID LOSSES

Missing last week was a twelve-dollar coat and a ten dollar bill with other small items which amounted to \$30.

Of course out of 1200 students we should not expect to find everybody honest. But with the honest ones on the lookout for the dishonest ones, such losses as the coat and money should be prevented.

Many of the students who suffer from losses should not be so haphazard with their supplies and wraps. Be definite with your locker arrangements. Never use supplies which belong to your friends. Know where yours are. Have a place for everything. Keep it in order. Let your friends know you are particular about your supplies. This will help.

But for outright thievery, very little can be done after it takes place.

Everybody turn all lost articles to the Lost and found on first floor in the east hall. This would make the department really be worthwhile.

Jack Dunham.

SOLDIERS FIRST

Rationing is nothing. It will not hurt us to sit at home instead of riding around in a new automobile every few months. It will not be too bad to miss a few summer vacations. But it would be bad to be captured by the Japs or Germans. It would mean losing our freedoms.

Food rationing will mean a little trouble, a little gardening on our parts, but it is nothing compared to dangers which our boys are going through. We should feel ashamed to wish for the canned goods which will go to their camps faraway.

Harold Tumbo.

STEPHEN F. AUSTIN
The Father of Texas

March 2 Is Texas Independence Day; But Other Days Just as Important To 105 Students With Birthdays

Sports Static

The Reaper basketball squad lost their third game to the Sophomores from Senior High lately with a score of 24 to 19. A few evenings later a fourth loss came with the score of 30 to 9.

After the boxing bouts in the gym at Boys Club last week, Charlie Beard remarked that his jaw was so sore and numb that Doris Flood had to help him eat lunch at Father's.

Room 211 and Room 214 have up a challenge in baseball which will be played Friday at noon. Room 211 has five players who were on the Eighth grade championship team of last year who won over the Freshman team 9 to 1.

Mr. Robert Carter, Ensign, who has just completed officer training in New York, gave a speech to Boys Club last week preceding the five bouts which were fought.

The featured bout of the day was between Jerry Nash and Dee Griffin. The decision was a draw although Jerry went to the mat twice.

Joe Cree from the Sophomore team was highpoint man with 6 points. Randall Clay and Dee Griffin led the Reaper by 4 points each.

One of the highlights lately in the Junior High gym was the Carver-Amarillo basketball game. The boys seemed in good shape, for after throwing hard balls at each other, shooting balls from mid-court, they were going strong at the close of the game. One Pampa boy five feet two guarded an Amarillo boy 6 feet five. Amarillo won over the Pampa boys 53 to 14.

—BUY VICTORY STAMPS—

Chatter

BY JIMMIE TERRELL
Many remarks come from the boys that they would like to be in the Navy since they heard Mr. Robert Carter, Ensign, talk.

Basil Reichuber is recovering from a long cut across his hand which he received when trying to help Billy Gehling pick up the glass in the library case two weeks ago.

Jimmy McTaggart was the only injured member of the fireman brigade which responded from the history and English classes next to the court last week when the grass caught on fire. Jimmie burned his leg when he jumped out the window into the burning plane wings.

The newest mystery is "Who broke the window panes in Room 211 and Room 214?"

If you see somebody come to corner and peep around, he is probably out in the hall without a permit. Junior Council has placed students as hosts to see that all students have permits to be in the halls. These same boys and girls are help visitors who happen into the building without knowing the way around.

—BUY VICTORY STAMPS—

Kernels

Mrs. Tom Simmons left for Dallas for her brother's funeral. Room 101 won first in the Sixth basketball tournament for girls; Room 102, second; and Room 103 third.

Six weeks exams are on this week. Everyone has a serious look. Spellers and other texts are in evidence more than usual. Some of the "every night out-ers" might miss a change in the show; then again they may not. They had rather flunk the test.

Miss Violet Durrett ends in these names as the best students in her four classes: second hour, John Lee Walls, B. J. Gillis, Bill Payne, Beth Trullinger, and Jean Talley; fourth hour, Billy Gene Davis, Beverly Crall, and Betty Marie Desern; fifth

March 2 is Texas Independence Day. On this day the declaration of independence was signed. Then, almost two months later, on April 21, San Jacinto battle terminated the war, and Texas made good her declaration.

Caesar was stabbed on the Ides of March.

Wild as a March hare. All these important happenings come to our minds. These dates stand out. To the Junior High students below there is yet one date more important than those above. That is the birthday.

Sixth grade:
James Belser, 18; Maxine Bierbaum, 18; Reta Fern Boren, 6; Billy Brewer, 11; Billy Calloway, 13; Sharon Chapman, 30; Jack Davis, 20; Jerry Davis, 31; Bill Franke, 1; LaNelle Pugete, 19; Mary Carolyn, 5; Joyce Kinard, 15; Betty Jo Kyle, 3; Wayne McCallip, 29; Frank Martin, 34; Willie Morgan, 19; Bobby Payne, 17; Eugene Robbins, 24; Letia Leah Surrat, 27; Bobby June Simpson, 24; Billy Bob Southard, 18; Charrell Sparks, 3; Walter Spone, 7; Ross Gene Tackett, 2; Lloyd Taylor, 24; Donald Thui, 8; Paty Trawick, 26; Donald West, 3; Lela Yeldell, 7; Rose Yokely, 17.

Seventh grade:
Anna Laura Allen, 5; Mary Jane Chambers, 18; Tommie Rue Chambers, 10; Odell Christie, 14; Lena Faye Costlow, 5; Grace Davis, 13; Neida Joyce Davis, 13; Jodell Elliott, 22; Clinton Eubanks, 19; Billy Hawkins, 16; Frances Hunt, 31; Mary June Hunter, 9; Lawrence McGhee, 6; Nina Lea McVey, 28; Billy Ann Moseley, 17; Joyce Naege, 18; Alene O'Rear, 6; Norma Faye Parks, 25; Edgar Lee Paronto, 15; Norma Anne Pirtle, 20; Betty Jean Prigmore, 4; Cecil Roenfeldt, 17; Jack Rose, 24; Gene Sidwell, 24; Leon Simpkins, 6; Texas Slaughter, 12; Joyce Smith, 26; Sue Smith, 13; Bill Spear, 22; Marieta Trader, 14; Mary Alice Warden, 30; Arthur Wilson, 6.

Eighth grade:
Charles Broxson, 31; Kenneth Clemmons, 8; O'Neil Cook, 21; Jimmie Dodson, 11; Jo Ann Hight, 17; Martha Lou Hogan, 31; Charley Huffine, 14; Wanda Jackson, 13; Richard Kysar, 29; Kenneth McKinney, 4; Ellen Ann Prahrer, 13; Delva Shedy, 23; Wanda Shelton, 31; Leon Simpkins, 6; Texas Slaughter, 12; Joyce Smith, 26; Sue Smith, 13; Bill Spear, 22; Marieta Trader, 14; Mary Alice Warden, 30; Arthur Wilson, 6.

Ninth grade:
Gene Bain, 7; Gerald Bedenben, 13; Leon Simpson, 13; James Carpenter, 17; Fern Bullard, 17; James Carpen, 5; Billy Carter, 4; Beverly Crall, 16; Louise De Moss, 29; Lucille Duvall, 18; Nadine Kelley, 14; John Lee Lindsey, 3; Norma Lowrey, 28; Mary Jean Meader, 5; Mary Myatt, 13; Imogene Owens, 15; Bobby Parkerson, 16; Irvin Parnell, 3; William Payne, 1; Joyce Pratt, 15; Joyce Rhoten, 14; Vera Slusher, 12; Frank Stallings, 13.

Two Spelling Contests Feature English Drill

Under the direction of Miss Ruth Barton who teaches the English in both 206 and 209, the students enjoyed a spelling contest last week. Room 206 won by a few points. The rolls show 34 students in Miss Barton's homeroom, room 206, and 33 in Mr. Joe Chrysler's homeroom, which now has a substitute teacher since he left for a war job.

A second contest followed with 18 of the students from each with the highest spelling grades participating. No mention was made of that score.

—BUY VICTORY STAMPS—

British Empire Is Newest Study

Ninth grade history students have been studying the British Empire. History teachers are pleased to give mention to their A students who turn in work on time and in good form.

Miss Violet Durrett ends in these names as the best students in her four classes: second hour, John Lee Walls, B. J. Gillis, Bill Payne, Beth Trullinger, and Jean Talley; fourth hour, Billy Gene Davis, Beverly Crall, and Betty Marie Desern; fifth

hour, Marguerite Jones, Tracy Carey, Jackie Rains, Vera Slusher, and Mary Rutherford; sixth hour, Breck Combs.

Mrs. Dan Busch gives these as her "tops": first hour, Margaret and Marjorie Wilson, Mary Frances Jones, Anna Merle Cox, Jimmie Terrell, and James Hurrall; fourth hour, Mildred McClendon and Billy Jack Davis; sixth hour, Deane Harzls, Jimmy McLaughlin, and Jerome Hill.

Miss Madge Rusk is the third teacher of freshman history. She sends this list as her best students: first hour, Randall Clay, Jerry Nash, and Mary Louise Burge; second hour, Elva Jean Anderson, Florence Saunders, and Mary Myatt; fourth hour, Don Lecher, Frank Perry, Shaftyn Rose Pockob, Beverly Candler, Ronald Rice, Dorothy Cuberson, Joyce Pratt, and Flora Alexander; fifth hour, Doris Barrett.

Ensign Pinch Hits in Junior High, Lectures on Life of Midshipman

Each time Mr. Robert Carter, Ensign, has had a furlough in Pampa, the principal puts him to work.

This time he arrived in Pampa just as Mr. Joe Chrysler left for duty with the War department in an arsenal in Arkansas. That gave Mr. Carter physical education for six periods in the day and journalism development for several days.

At one of the development periods Mr. Carter gave the journalists these facts about his new career in the Navy.

Mary McMurrey tells it this way: "The journalism class received a happy surprise when Ensign Robert S. Carter of the U. S. Naval Reserve, announced that he would talk to us on the life of a midshipman.

"First he explained his own rank of ensign. Mr. Carter explained DVG stands for Deck Volunteer for general service. This man is supposed to know something about everything on board ship. DVG(S) means the same except for the "S" which stands for specialist. This man is only supposed to know everything about one particular job. Only DVG(S) finish mid school.

"The largest class to receive commissions at once was the class at Columbia. Mr. Carter was one of

Robert Carter, Ensign
the 1270 who received this honor.

"Mr. Carter explained that an enlisted man has a "rate," but a commissioned officer has a "rank."

Don Rowe, Freshman March Editor, Leads Group in Column Inches

Give To The Red Cross This Week

Give to the Red Cross this week!

This is the final campaign which was begun last week when Junior High boys and girls who held Courtesy Cards carried literature to the homes in Pampa.

The goal is \$125,000. Double your usual donation this year.

Fire Sweeps Court Burns Little Except Grass and Discards

The crackle of a fire just outside your window is a strange sound.

One day last week when classes had already been out short to allow for Parent-Teacher meeting, a grass fire caught to the wings of a discarded airplane and caused a commotion which disrupted classes facing the court at Junior High and culminated with the usual fire alarm for the entire building.

How the fire started is a secret to most people, but several ninth grade boys know how they put it out: by using old cardboard boxes and planks.

A second scare came about dark when the caretakers decided to finish the grass fire and have the trouble over. A few minutes after the remaining grass had been burned off, somebody reported a fire at the school, and the firemen broke open the west door to investigate.

No soap!

Girls See Skit on "Date Manners"; Enjoy Numbers on Amateur Program

Outstanding event in the girls club last week was a skit presented by the home economics girls with two boys as part of the cast.

The theme of the play was centered around the various one-sided conversations which girls might engage in, leaving out the boys with whom they came. The boys attempted a comeback by using the shaving materials they had bought for their fathers and staged an act which convinced the girls that making-up in public was not the best manner.

Characters in the play were Vesta Grace James, Orlean Allen, Bill Reedus, and Jack Perry.

An amateur program completed the program with the following numbers winning first and second places: Phyllis Ann Parker, character reading; Norma Dee Hall, piano solo, "St. Louis Blues."

Others participating in the program followed: quartet, "Fair Lord Jesus," Patsy Miller, Flora Alexander, and Jack Perry.

A long applause followed the short speech.

"When a curious student asked if he ever used his sword, Mr. Carter laughed. Then at our bewildered glance, he told us a sword was for dress only.

"The class was enthusiastic about the guns. He said that only two makes of guns are carried by Navy officers. Springfield 03 and the 45-caliber pistol.

"Men must be appointed to Midshipmen school by their congressmen, the President, or some other important person. Mr. Carter had his appointment from the President. After receiving the commissions much is yet to be done.

"Mr. Carter with a look that bespoke experience said that shoes in order to pass inspection must be shined five or 10 times a day. He added that there is a place for everything, and everything had better be in its place, or else—demerits!

"The only free time given the trainees was from 3:15 Saturday afternoon to 5:45 Sunday night. If any demerits had been received during the week, that liberty was taken away.

"We, the journalism class, are grateful to Mr. Carter for all the interesting facts which we pass on to our readers."

Students Sign Sheet To Enter Office

Office girls from the attendance office and the main office met with the principal one day lately to learn the correct steps in signing up the students who wish to consult the principal.

This will give the girls more duties but will prevent students waiting in the outer office and missing class when they wait to confer with Mr. Savage.

Cafeteria Habits Simple Manners All Should Know

Some cafeteria hints which might improve manners:

1. Keep in line and follow quietly in your turn.

2. Make up your mind when your chance finally comes for deciding whether to take a chance on the wash or stick to the saurkraut and weiners.

3. Watch your manners. One hand at a time above the table is correct. Never drink when food is in your mouth. Break bread in small bites before eating. Scoop soup away from you. Cut one bite of meat at a time. Do not mix foods. Take time to eat—don't bolt your food like Rover.

4. Rise when someone stops to speak with you, young men. Ask to be excused when you leave your comrades at the table if you wish to leave before they do. (This applies to both boys and girls.)

Your Locker—How Is It?

What does your locker look like? Patsy Dixon: It's clean.

Leon Simpkins: Sometimes it is clean; and sometimes it is not.

Frances White: Usually it's clean.

Beverly Baker: I'd hate to clean.

Kathryn Rose: Looks like a cyclone hit it.

Maxine Bell: It looks like it shouldn't.

Sammy Glidewell: Just like Fibber McGee.

Elva Henson: Like a trash barrel.

Jackie Rains: Messy. Not sure which one of three lockers was issued to me.

Doris Barrett: Clean at the present.

Betty Bruner: Messy all the time.

Norma Dewey: Usually dirty.

Bobby Parkinson: Not very neat.

Basil Reichuber: Gosh, I wouldn't know.

Aviation News

TIDWELL AND NICHOLS
Fledgling crews must accomplish countless bombing training missions at home before they are ready to take their places in America's far-flung armada of bombers.

"Constant take-offs and landings by bombing trainees test the mettle of tires and plane parts as much as the crew's ability to artfully land the heavy bombers themselves."

A large percentage of young men seeking enlistment today express first preference for service in the Air Corps; consequently, this branch of the service is seldom in need of replacements, and waiting lists have been a long time in the making.

Just as civilian industries today are stressing specialization in some particular trade rather than jobs of the knockabout, "jack-of-all-trades," so is the army air corps keeping step with these advanced ideas of specialization.

Priority is usually given these applicants who have specialized background of mechanical training, for air corps soldiers are highly specialized and technical men, with the emphasis on airplane maintenance.

Today the air corps soldier is not merely a man who can handle a gun and perform required military duties, but he is, in addition, a trained technician or a specialist with a rating comparable to apprentice, journeyman, or expert, according to his ability in his individual kind of work.

Glider Girl

By OREN ARNOLD

Copyright, 1943
NEA Service, Inc.

THE STORY: Pat Friday has been employed by Jimmy Carr, to learn soaring while she works. Fat Suda herself, together with Jimmy and Lorraine Stuart, his fiancée, as well as Elmer, the nation's glider capital. Fat has given her efficiency by taking care of all the travel details. On board the train, Jimmy Carr, ex-captain of a flying school, and Lorraine Stuart, his fiancée, and Elmer, who has been engaged to her, "Don't bother wasting your time and talents," she blazes.

SOLO FLIGHT

CHAPTER IV
PAT FRIDAY nursed a kind of zero-hour feeling. It had begun to grow on her six days ago, when she piloted a salplane two consecutive hours without her instructor once touching the controls. She had even landed the ship without his help, and he had walked away with that matter-of-fact air.

"You're doing fine, Patsy," kindly Mrs. Anderson told her. Mrs. Anderson was head file clerk in the headquarters of Elmer's new Double Eagle Soaring Field.

"I can face what's coming," Pat admitted, "but I'll be petrified!" "Scared of what, dear? You're good! You've had 16 days of training. I heard the officers talking. They said you could have done solo days ago. They'll be turning you loose any time now."

"I know it!" said Pat, ominously. "That's what created the zero-hour jitters inside her. Solo! In a salplane! Well, she could do it, if Jimmy Carr expected her to. Funny, how Jimmy's wishes and trust in her gave her a strange determination."

"Jimmy Carr put you under the best instructors," Mrs. Anderson went on. "He gave me Miss Stuart at first," Pat said. "We didn't get along so well, though."

"You wouldn't. It's hard for anybody to get along with Lorraine."

"I was touchy, Mrs. Anderson. The older woman smiled. "No. You're pretty, Pat. Very pretty. That's where the trouble lay. But you learned to soar in 10 days, and that's better than Lorraine did at the start. And you've had six more days of hard training now. You must have confidence!"

Pat sighed. "It seems impossible. It takes long months to learn even the groundwork of motor ship flight, but this—"

"This is soaring. Gliding. It's very different. This is easier, and safer all around. Even a boy or girl, a high school senior, can

learn to soar in three to six weeks. Not many people realize that, Patsy."

"People ought to be told more about it. The public doesn't realize how important salplanes can be!"

"It's your Jimmy that's telling them, honey."

Mrs. Anderson's "your" was benevolent, motherly; but Pat glanced at her self-consciously. "It's all so wonderful," she mused. "And when my Big Moment comes—"

It came as unexpectedly as any anticipated something can. ONE day when nothing had happened, when no portent clouded the world, when no talk of rumor suggested excitement, the door burst open ahead of a whirlwind. "Hi, Friday!" the whirlwind called. "Your number's up! Get going! Solo!"

"Jimmy!" She was wide-eyed, appalled. Emeline heads all around looked up, including Lorraine Stuart's.

"Hurry! Don't just stare. Want me to court-martial you? Squi-l-i-ki! He gestured as if choking somebody and made a horrid sound with his tongue. "That was like him; eternally teasing, happy, gay."

They moved fast. She had learned soaring in 19 days, and now she was to prove it in nine minutes! Her pulse was thumping as they motored out to the hangars in a peep.

Jimmy helped her into her ship, a new Laister-Kaufman trainer. It was like a delicate bird, wings already spread. Then he roared off in the same peep to his air-plant, 600 yards distant. A wire ran from his ship to Patsy's motorless one.

A signal was given. The wire tightened. Patsy, thus towed, held her breath.

"Smooth as satin, Patsy!" Jimmy radioed. "We're 2000 now. I'm gonna take you to 5000."

"Oh, Jimmy!" It was all she could say! The ecstasy of soaring gripped her. Soaring, alone. Literally towed like a kite, then turned loose as free as the wild birds around her.

She watched the altimeter, and at 5000 feet pulled the release lever that cut her loose from the tow line. She and Jimmy talked

no more. There was no shock to this solo job. No fright. Instead, there was beauty. A whole universe of beauty in silver and blue. Jimmy dipped his plane in salute, then went back to earth again.

"THAT'S when Pat breathed, quite forgetting her radio. Downstairs, they heard it, and Jimmy Carr's fellow officers grinned openly at him when he landed. Lucky devil, having a cute pupil sold on him personally that way!

By rigid if unspoken agreement, however, nobody made any big fanfare or "to-do" when Pat landed safely. The Army can't afford to compliment and pamper every little raw recruit. Patsy was told she did well, and if her eyes looked around for Jimmy and showed disappointment, she at least didn't say anything. She reflected that girls were kind of extra-curricular here anyway. Not officially in the Army, and yet striving to help the Army air program, by learning to be instructors where instructors were sadly needed. Women could teach; men could go abroad and fight. Dutifully Pat trudged back to headquarters, to await orders again.

In the rush of office work there, too, nobody questioned her. This was all business, all speed, all routine. First solo flights, however thrilling to the individual, were common to the field as a whole. But—on her desk was a note from Jimmy asking her to wait in the front reception room for him after 5 o'clock.

When she closed her typewriter for the day and went to the reception room, Lorraine Stuart was already there, smoking and looking coolly perfect.

"Oh," said Pat, surprise. "Oh?" Lorraine lifted her lovely eyebrows. She gave Pat that half-amused, half-disdainful smile.

Pat didn't finish, because she heard Jimmy's rapid walk outside and knew it was he, prompt to the minute. Like the virile young animal he was, he swung through the door and came striding forward. Then he saw both girls and stopped. His smile seemed to weaken, as if in surprise or indecision.

Under white tissue and green ribbon was an unmistakable box of candy, and the ribbon also held the daintiest possible corsage made of defense stamps. They loomed conspicuously, there in Jimmy's hands.

(To Be Continued)

Navy to Lose Tenth of Men

WASHINGTON, March 4 (AP)—A grim warning to expect a 10 per cent casualty rate in navy personnel was laid before congress and the nation today as Secretary of the Navy Knox disclosed an operational force plan calling for a navy "big enough to dominate all seas over the world."

The solemn navy estimate that it would lose, and have to replace, one man out of each 10—killed or wounded—came as Knox's and ranking naval officials unfolded their program for building up personnel strength to 2,250,000 by July 1944.

Knox's outline of the navy's "operating force" plan and his figures on potential crisis of the sea warfare were made public by the house sub-committee on naval appropriations as it completed work on a new \$4,000,000,000 supplemental naval spending bill.

Small Fare Forecast At Restaurants, Hotels

NEW YORK, March 4 (AP)—Restaurant and hotel men today forecast:

Diners out will find only one roll on the table for each person and only one pat of butter. Those who dash out for quick noon lunches are apt to find only substitutes for their favorite sandwiches, with the choice dwindling daily.

Those who like to give or attend banquets will find hotel men on all sides trying to discourage them. If they do go to a banquet, they will find no longer the elaborate menu, the bottomless coffee-pot, the gratuitous cigars.

Hotel men and restaurant owners find themselves pleading with party givers to cut down the number of guests.

Gone from the Astor, for the duration, are the banquet room meals containing both meat and fish dishes. Banqueters must choose.

At many of Gotham's hotels the demi-tasse is with dinners for the duration—and that means just one serving. In many cases the lump of sugar will melt to half a lump, and that amount will be given only if requested.

Here, hotel men say, is a composite picture of what will be the typical banquet meal: sliced orange or half-grapefruit, meat or fowl or fish, potatoes, one fresh vegetable, demi-tasse and plain cake—or, if the diners are lucky, ice cream.

Rancher Kills Four, Falls to Death While Hiding Wife's Body

AUBURN, Calif., March 4 (AP)—Officers were on the lookout today for an 18-year-old hoodlum for questioning in connection with the strange ranch slaying of four persons and the death of a fifth.

Sheriff Charles H. Silva requested authorities throughout the state to watch for a man named Latschaw, 38, by a former marriage. Amos was one of the five found dead on the Latschaw ranch near here Monday.

Sheriff Silva has theorized that Amos, former radiohouse operator, killed his second wife, Ollie, 39; his father, Charley Latschaw, 57; his mother, Bertha, 55, and his son, Charles, 6, then accidentally fell to his death in a well while throwing in his wife's body.

Woman Breaks Both Arms of Infant

SEATTLE, March 4 (AP)—Mrs. Wallace J. Clairmont, wife of a shipyard worker, confronted Mrs. Ardis Parmenter, 23, formerly of Roundup, Mont., who Monday signed a confession she broke both arms of Mrs. Clairmont's infant daughter in a fit of anger. The baby died Sunday.

The woman was immediately separated when Mrs. Clairmont told policemen: "I'm not sure I can keep my hands off her. I don't think I should be with her too long."

The 19-year-old mother said she left the baby, Mary Jean, and an older boy, Marvin, with Mrs. Parmenter, and Andrew Farrington, 45, while looking for living quarters.

Detective Capt. Marshall Scafford quoted Mrs. Parmenter as saying two of her own babies died while under her care and a third was taken from her by Montana authorities. Two of them suffered broken arms, she said. The third fell out of bed.

Wheat Injunction Hearing Is Set.
DALLAS, March 4 (AP)—The plea of the Tex-O-Kan Mills company for an injunction to restrain the federal government from interfering in the rail shipment of 2,000,000 bushels of wheat from Canada to Mexico has been set for hearing March 15 before a three-man federal court.

SHIP LOSSES LIGHT
PHILADELPHIA, March 4 (AP)—The toll of convoyed United Nations ships lost in submarine warfare in the Atlantic is only one in 200, Admiral Sir Percy Noble, head of the admiralty delegation at the British embassy in Washington, said this week.

Lend-Lease Aid Won't Be Repaid In Gold, Goods

WASHINGTON, March 4 (AP)—The House Foreign Affairs committee, recalling the international debt problems arising from World War I, cautioned the nation today against expecting repayment in gold or goods for lend-lease aid.

In a formal report to congress on the necessity for continuing the Lend-Lease act for another year, the committee declared that "the method of settlement by payment in gold or in goods has in the past proved self-defeating and destructive."

Moreover, it argued that such a balancing of accounts among nations after this war would seriously interfere with the achievement of the "world economic order on which the prosperity of this country largely depends."

The committee reviewed the part which this nation's lend-lease, amounting already to more than \$9,000,000,000 has contributed to the cause of the United Nations.

But the committee emphasized that lend-lease was a two-way proposition, operating in reverse to bring benefits to American troops and some material to this nation's factories.

"Under lend lease in reverse," the report said, "the other United Nations are in turn making available a constantly growing amount of aid to the armed forces of the United States. The spirit of cooperation evidenced by the Lend-Lease act has been reciprocated in full by the countries providing aid to the United States."

Into the report the committee wrote a plea for increased aid to China.

The report declared, however, that the committee has been assured that measures are being undertaken to improve the transportation system and make possible increased aid to China.

In answer to demands from some members of the committee, chiefly on the Republican side of the aisle, that lend-lease be used now to secure postwar economic benefits, the report had this to say:

"In the field of security and political relationships, there is a vast and complicated area which involves considerations going far beyond the Lend-Lease act alone.

"The problem of air and naval bases as they bear on the security of the United States, to take one example, or of air rights generally, are problems which in their ramifications can be taken up only as the general development of our foreign policy permits."

Ickes Urges Building Of New Texas Pipeline

WASHINGTON, March 4 (AP)—Petroleum Administrator Ickes passed along to a senate committee today a report of his staff recommending that construction of the Texas-Illinois link of a gasoline pipeline from Texas to the east coast be started at once.

Those who signed the report, including W. C. Kinsolving, assistant director of transportation, recommended rejection of a proposal for initial construction of a link from the Chicago area to the Atlantic seaboard.

Construction of this link first had been demanded by mid-continent refiners who contended that building of the line from Texas to the Chicago area would place the major oil companies in the Southwest in an advantageous competitive position after the war.

450,000 Negroes Are in Army

WASHINGTON, March 4 (AP)—Negro personnel in the army now totals more than 450,000, with men in every arm and branch of the service, the War department reported today.

Of the total more than 60,000 are serving outside the United States. They include more than 25,000 in the Pacific and about 10,000 in North Africa.

In addition, the department said, "a completely organized and well-trained army air force pursuit squadron composed of Negro personnel will be committed to combat soon."

Husband of Shamrock Girl Gets Two Awards for Pacific Heroism

Special To The NEWS

SHAMROCK, March 4 (AP)—Lieut. Austin Wiggins, dive bomber pilot in the United States Marine Corps, has been awarded the Distinguished Flying Cross and the Navy Cross for his heroic, death-dealing blows in the Southwest Pacific.

Lieutenant Wiggins, husband of the former Miss Gloria Stanley of Shamrock, received the Distinguished Flying Cross for his part in helping sink a Japanese submarine in an attack on a Japanese destroyer.

In the latter affair, Lieutenant Wiggins, along with his gunner, was shot down by anti-aircraft fire from one of the Japanese ships and spent six hours on the water in a small rubber boat before being picked up by a PBY, a large flying boat.

The following excerpt from a recent letter describes the latter episode, and other action in the U. S. marines:

"A great deal has happened since I have written you—mostly to me. I went on an attack on some Japanese destroyers and was shot down by anti-aircraft of one of the ships. I got about 10 miles from the fleet when my plane petered out on me. I had to make a water landing, and in the landing I was cut up pretty bad but not seriously.

"It was a pretty close call for my gunner and me, but he was not hurt in the least and I will be back in the saddle for more in another week.

"We spent six hours in the water in our little rubber boat. I was going all I could to row to land as I was about 100 miles from the base and about 30 miles from land. While I was in the water there was a dogfight between our fighters and the Zeros and we had a good seat right under them.

"Our boys got eight but lost five planes and four pilots. One pilot bailed out and was picked up close to the shore. It was a pretty rough day all day long. The Japs came out on the short end, though, by the loss of 20 planes to our five.

"I was picked up after my boat was a PBY, a large flying boat; boy, was I glad to see that baby come out that way! We got in, had a nice cup of hot coffee and felt much better.

"I got back OK and then went on in to the hospital and had 12 stitches in my chin and eight in my head. I now have my head shaved—a wonderful sight to behold.

"I'll get to leave this 'hell-hole' before long, I hope, and think we will soon be everywhere.

"We just had a mid-air collision on the field. One gunner jumped but his chute didn't have time to open, so you can imagine what happened. The pilot jumped at 300 feet; his chute opened and he hit the ground, so you can see there is never a dull moment here.

"Don't worry about me—I will last as long as the war goes on."

Lieutenant Wiggins is 24 years old and has been overseas since October of last year. He is the son of Mr. and Mrs. Austin Wiggins of Amberst, Texas, and grandson of Mr. and Mrs. W. L. Ricks of Crowell, Texas.

Lieutenant Wiggins is a graduate of West Texas State college at Canyon and was a member of the college football team.

Stockman Blamed For Forest Fires

By The Associated Press

The recent series of disastrous East Texas forest fires probably was caused by stockmen burning rangelands in an effort to improve their forage qualities, in the opinion of Allen F. Miller, national forest supervisor for Texas.

Miller said yesterday at Houston that three persons believed to have set fires in national forests of East Texas probably would be arrested and charged in the federal court at Beaumont.

General rains have brought under control blazes in East Texas forests, but the embers remain as a threat when timberlands dry out, Chief W. E. White of the Texas Forest service, said.

Does England Want to Settle India Problem?

By DEWITT MACKENZIE

Does England really desire a settlement of the Indian crisis or is she playing the factions against each other in the hope of postponing the granting of independence and thereby retaining her hold on this vast subcontinent?

It's a matter of constant comment among both Indian and neutral observers. One generally hears it in the form of a flat accusation rather than a query.

What's the answer? India maintains that British Premier Churchill himself gave the reply in a speech at the London lord mayor's banquet last November when he declared:

"I have not become the king's first minister in order to preside over liquidation of the British empire."

That has become one of the most quoted statements in current history. But when you make it apply specifically to India you are trying to read Churchill's mind, for he didn't mention India at all. It's circumstantial evidence.

Yet can hang a man on circumstantial evidence and the Indians produce a lot of it to substantiate their claim that England has been pursuing a policy of "divide and rule."

It's important to note that we are not concerned with whether the government pursued a divide and rule policy in years past, but what its present policy is. The position was this when I left India just before Mahatma Gandhi began his hunger strike:

The government of India had no intention whatever of reopening the question of Indian independence during the war. The grounds given for this stand include these:

1. The various Indian political factions were so embroiled among themselves that there was no responsible body to which power could be transferred.

2. The country was being plagued by destruction of property and bloodshed, which the government attributed to the influence of Indian leaders, then in prison.

3. Some Indian leaders had been denouncing the Indian independence agencies vital to the direction of the war, despite their total inexperience in such things.

4. It would be dangerous to the Allied war effort to attempt to transfer power under such circumstances.

The government was wholly unimpressed by an apparent change of heart on the part of the Indian leaders. The Indians were ready to join the war effort and leave its direction in the hands of the experienced British and Allied command.

Repentance has come pretty late. The government was so thoroughly fed up with the political position that it was decided to let the whole matter rock until after the war. Observers even expressed the fear to me that England might get disgusted and pull out altogether.

I found nothing to support this idea of withdrawal, however. Most Indians with whom I talked would consider it a disaster if England withdrew her support and guidance before a new constitution had been drawn up and accepted by the government was functioning properly.

England, whatever may have been her inclinations, actually has given her bond to grant full independence to India. I accept her bond, and the meaning of that bond has been described by me thus:

British intends to go forward and hand over the government to the Indians at the earliest possible moment.

Obviously the "earliest possible moment" is indefinite, since it must be the time when England considers feasible for the transfer.

While it would take a lot of sound argument to persuade her to change her mind and reopen the negotiations immediately, my understanding is that her mind is not closed to persuasion. I am told that she will me immediately an opportune opening appears.
