Happily you can do something about keeping up your health. It is the simplest and easiest way to keep any resolution you can possibly make. Resolve this year to consult your physician regularly. We resolve to help by always having in stock the medicines he will pre-

EVER STRIVING FOR THE TEXAS PANHANDLE TO BE AN EVEN BETTER PLACE TO LIVE

Let Peace Begin With Me!

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands freedom and is free to control himself and all he produces can he develop his utmost capabilities.

We believe that all men are equally endowed by their Creator, and not by a government, with the right to take moral action to preserve their life and property and secure more freedom and keep it for themselves and others.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guide expressed in the Coveting Commandment.
